## 3 INDICTMENTS STILL FACED BY BOARD

### Purchase of Fire Gear Faces Block by Golden

The \$110,000 ordinance for the purchase of three new fire trucks and a secondary ambulance slipped past the Town Council, but a 3-1 split in the approval indicates that the plan is either doomed or headed for a bitter fight in late November.

The measure was introduced with all members in favor, except Councilman James R. Golden, who termed the expenditure of funds for the new firefighting equipment "wasteful and unnecessary."

Golden's opposition vote will

### Smith Backs Purchase of 3 Fire Trucks

A plea for all councilmen to stop playing politics and give the people of Belleville the fire protection they want and need by voting for the \$110,000 proposal to purchase new firefighting equipment was made yesterday by former Commissioner Kenneth D. Smith.

Smith said: "Playing politics with firefighting equipment is a foolish business. Who knows your home may be next on the list — then you would be forever sorry."

"The fire chief is the man selected by the appointing authority to the expert on both fire fighting and firefighting equipment. The Fire Chief along with the fire underwriters both agree Belleville needs new equipment. The only remaining question should be A. What make of equipment? B. What size? C. How should it be purchased?"

"The only man that can answer A and B is the fire chief. C will be answered by the Town Manager. "Our present equipment is over 20 years old. So it would be safe to say new equipment would last at the least 15 years. Now we must look into the foreseeable future. All about us is being built high-rise apartments and with urban renewal we can feel sure Belleville will have many new and high buildings. It would be foolish to buy any other than an 85-foot ladder and a pump unit with the necessary capacity to fit the ladder because of the higher lifts. Don't spend money only for today's needs, look ahead."

"So I say to all the members of the Board of Councilmen: Stop playing politics with Belleville's safety. Do the job you are elected to do. If you have five horses on a team and one drops out, the remaining four must pull a little harder, but all in the same direction."

### Bellboys Face Bloomfield In Home Opener Saturday

By RUDY NEUMAN  
Coach Tom Testa's Bellboys didn't exactly perform a Rogers and Hammerstein smash hit on the gridiron Saturday afternoon against East Orange. But the game Belleville football team showed it's destined for higher acclaim in the weeks ahead.

"The game was just a minute and 16 seconds too long," Testa jokingly said while he glanced at the junior varsity run off a series of offensive plays in a contest against East Orange's JV Monday.

What the successful mentor was referring to was the fact that Belleville stumbled before the final gun. With the score tied at 6 all in the last minute and a half the Bellboys line failed to block the charging Panthers and as a result partly-blocked a Tom Greco punt.

The pigskin landed on the Bellboys 25-yard line, which setup the decisive touchdown for East Orange.

kill the ordinance at its next reading since four votes or a two-thirds majority of the Council is required to pass the matter. Since former Councilman Thomas P. Greco resigned his seat and it has remained unfilled, a solid 4-0 vote is required for approval.

The ordinance, introduced by Councilman G. George Addonizio called for the purchase of an 85-foot aerial ladder and two pumps as well as a secondary ambulance. The new gear would replace old, worn equipment presently being held together with baling wire and the efforts of the department's mechanics.

Town Manager John R. Burnett noted that the funds are available to purchase the new equipment without any increase in town taxes through a bonding plan.

Golden, however, challenged the specifications for the new equipment, asking if they were not designed to limit the number of manufacturing companies who would be able to enter into competitive bidding on the equipment.

He then noted that he had a respected expert on fire equipment repairs look over the present equipment and had been told that the equipment was not in too bad a condition and could be made fully serviceable.

Fire Chief Carl Hunderpfund, who is also one of the mechanics holding the equipment together, admitted that the trucks were at present serviceable. However, he noted that the equipment is worn and unreliable and that in his judgement new equipment is needed.

Golden questioned the Fire Chief on some length, during the session, and criticized the chief for allowing a representative of the Seagraves Co. one of the prospective bidders, to prepare the preliminary specifications.

When the vote was taken, Mayor Robert Lanza, Councilman Addonizio and Councilman Vincent Sturmoletto voted in favor. Councilman Golden voted against the proposal.

Unless Golden should change his mind about the necessity of the firefighting equipment, the remaining members of the council have three alternatives. They could allow Golden to kill the ordinance and wait until after the November 5 election when a full councilman will be elected and then reintroduce the measure, hoping to receive the extra vote for a two-thirds majority.

They could move for a postponement of the issue until the fifth session on the council is filled at the election, or a motion could be made to seek a referendum on the proposal.

No decision has been made as to the next step, however.

an appearance in the second. The flashy runner ran out of gas in the blistering heat wave that encircled the East Orange Stadium before an overflow crowd of 7,000.

This was much the case of the entire Bellboy starting unit. "Lack of depth put us in hot water. East Orange's punter kept us inside our own 15-yard line the entire second half," Testa said.

Despite the one costly break that changed the complexion of the evenly fought battle, the Bellboys have to forget about their opener and concentrate on this week's encounter with Bloomfield.

"I was reviewing a couple of last year's Bloomfield games, and I must admit they have to be respected like everyone else," Testa said.

Now the only thing is to get the boys up for the Bloomfield game. It shouldn't be hard because Testa isn't used to losing.

### Hanlon & Goodman President Receives National Citation

Philip H. Thayer, right, president of the Hanlon & Goodman Co. of Belleville, and Victor F. Miller, president of the American Brush Manufacturers' Association, study scroll

outlining Thayer's outstanding contributions to the brush industry and to the nation. Scroll and silver tray were presented at a national association meeting held in New York's Americana Hotel.

### Golden Asks Public Works Study by State

A request for a job classification study of the Belleville Department of Public Works was made to the State Civil Service last week by Councilman James R. Golden.

Golden said he asked Civil Service officials to determine if he had the authority as a councilman to make such a request and if they ruled he had, asked that such a study be made in the near future. If he does not have the authority to initiate such a study, Golden asked for information on how to get such a move started.

"There apparently exists within the Public Works Department a community considerable dissatisfaction and demoralization over administrative policy and job classification as well as disciplinary practices," Golden said in a letter to A. R. Magione, director of municipal classification.

Golden said suspensions of workers in job classification disputes, and a general lowering of workers' morale led to his request of municipal classification study.

### Hanlon & Goodman Head Receives National Award

New York — The Distinguished Service Award of the American Brush Manufacturers Association was awarded recently to Philip H. Thayer, president of the Hanlon & Goodman Co., Belleville, N.J., leading manufacturer of paint brushes and rollers.

The award, given at a luncheon at the Americana Hotel, New York, is in recognition of dedicated and effective leadership brought to the American brush manufacturing industry by the recipient during his lifetime. The Distinguished Service Award is the association's most coveted award and is given only when it is felt that one's contributions and service to the industry warrant extraordinary recognition.

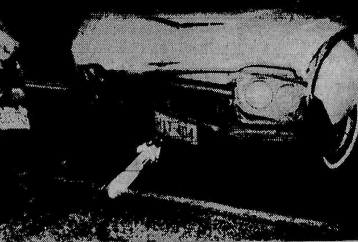

Previous recipients of the award were: Avard Fuller, president, Fuller Brush Company and Isadore Rubin, prominent technical authority.

Thayer entered the industry in 1913, when he affiliated with V.C. Pushee and Sons Brush Company. Ten years later, Thayer became owner and manager of the But-ton Brush Company. On October 26, 1932, he joined the Hanlon & Goodman Company as its treasurer, and later, as its president.

During World War II, Thayer was the Chief Executive of the War Production Board Office, responsible for the Brush Industry. His broad background of experience and leadership in the brush industry and to the nation. Scroll and silver tray were presented at a national association meeting held in New York's Americana Hotel.

### Asked For It?

The license plate number said "HIT" (note arrow) and the car was involved in a head-on crash on Main Street, Belleville, September 21. Three persons were treated at Clara Mass Memorial Hospital after the crash. Mr. and Mrs. Ralph Reyer of Newark were treated for concussion and cuts and bruises. Frederick Tuerck of 53 King Street, Belleville, was admitted for observation before being released the following day.

### Action by Prosecutor On Dismissal Awaited

Three indictments against past and present members of the Belleville Board of Education are still hanging over the members despite the fact that Supreme Court Judge Robert A. Matthews last Friday dismissed an indictment charging seven members of the 1961 Board with misconduct.

Defense attorneys are awaiting a decision from Essex County Prosecutor Brendan T. Byrne as to whether he will appeal the dismissal of the major indictment on which Judge Matthews had been asked to rule before applying for dismissal of all counts. Prosecutor Byrne was unavailable for comment on his decision at press time.

Judge Matthews, in granting a motion for dismissal on the misconduct count, cleared Nicholas S. Juliano, current board president, Ernest S. Arvidson, current board vice president, and Richard H. Drake, Dr. Frank D. DiRuggiero and Arthur M. Pico; all members of the present board; and Dominic A. Lally and Michael V. Albertine, former board members.

Charges of aiding and abetting misconduct were dismissed against Felix J. McCormick of Glen Ridge, school board consultant, and Alfonso Alvarez of Upper Montclair, architect for the high school presently under construction.

Everyone seems up in the air on the three remaining indictments. A clerk in Judge Matthews' office said yesterday that the indictments are being handled by the Essex County Court. The Essex County court clerk said he was "waiting" official word from Judge Matthews that he had upped the three indictments before scheduling them for trial. However, Judge Matthews' office said he was not asked to rule on the remaining indictments, but only on the one on which he handed down his ruling.

Prosecutor Byrne holds the key to future action. If he appeals the dismissal verdict, all of the indictments could be reactivated. If he does not, defense attorneys will ask dismissal of all counts, citing the first dismissal as proof that none of the indictments had substantiated charges.

The three remaining indictments include: "One for misconduct by Mrs. Violet M. Rochau, school board president until February 1961, accusing her of withholding from the board a letter sent to her by the Institute of Architects concerning Alvarez's fee. The same indictment charges McCormick with abetting the alleged misconduct.

A second indictment for misconduct charges that Drake, Arvidson, DiRuggiero, Juliano, Albertine and Lally influenced Pico to change his vote on the school construction by offering Pico a position in the school system. In the same indictment Pico is accused of misconduct for changing his vote because of the alleged offer.

The third outstanding indictment charges Pico with false swearing before a grand jury on September 26, 1962, dealing with an alleged discussion of charges made by the Citizens Tax Council of Belleville.

In granting the dismissal, Judge Matthews said that no inference can be drawn from the allegations in the indictment that the board members were involved in a widespread invasion of the bidding laws or bribery.

The dinner was attended by committee members from Newark, Irvington, Montclair, Roseland, Bloomfield, Belleville, West Orange, Nutley, Glen Ridge, Millburn, Maplewood and South Orange.

Chairman Edward Simand stated that his organization would go immediately into high gear via telephone and block by block canvass in Newark and the suburbs to elect the endorsed candidates.

"We have the remaining weeks of the campaign blueprint," he said, "and are in full operation at this moment."

Ralph D'Amboia, of Newark and Edward Barry, of Irvington, served as co-chairmen of the event. James Palmieri, of Orange, David Lawrie, of East Orange and Samuel Sachs, of Newark, comprised the general committee.

### Golden Vetoes Street Lights For Christmas

The Belleville Chamber of Commerce has at least temporarily dropped plans for the lighting of Washington Avenue business center this Christmas.

Harry T. French, director of the Chamber, said Monday that the rejection of the request for \$500 toward the expenses by the Town Council has caused the chamber to discontinue its plans for the Christmas decorations.

"We simply cannot ask the little stores along the avenue that are struggling to survive to cough up any more money," said French. The Chamber director noted that the merchants already giving \$1,200 of the total \$1,700 required to erect and maintain the lights.

The appropriation, which was omitted from this year's budget by oversight, was rejected when Councilman James R. Golden vetoed the measure as all four votes of the Council is required since the fifth seat is now vacant.

Also voted down by Golden was a \$300 appropriation requested by Mayor Robert Lanza for the lighting of Town Hall during the Christmas season.

"Christmas is a wonderful thing," said Golden. "But let the merchants pay for the lights themselves, not the taxpayers."

French mailed out several hundred letters to town and friends for 16 years the town has cooperated with the Chamber with a contribution toward the cost of the overcost decorative Christmas Lights. The letter said: "Please advise your customers, business and friends that the Chamber of Commerce stood ready and willing to do as it has done in the past three years."

"One man — Councilman Golden prevented us from doing so, and has elicited one of the most interesting and pleasing aspects of the Christmas celebration with a probable resultant loss to our merchants as shoppers go elsewhere to buy their gifts, in addition to a diminution in the Christmas spirit which the lights always seem to generate."

### Veterans Committee Backs Sarcone for State Senator

Essex County's Republican senatorial candidate C. Robert Sarcone won the support of the Essex County Veterans Ticket Committee Monday night at its endorsement dinner at Biase's Restaurant in Newark.

Sarcone defeated Elmer Matthews, his Democratic opponent, by a vote of 138 to 22.

The Veterans group also endorsed Earl Harris; Miss Inez Stanziale and Emanuel S. Lowinger, all Republicans, for holders of the Essex County Veterans Ticket. Miss Stanziale, a Newark attorney, led the Republican victory with 127 votes to 22 polled for incumbent Democrat Jeanne Moss. Harris topped Albert Salducci, 122-41, and Lowinger defeated James L. McKenna, 119-34.

It was an all Republican sweep as Arthur N. Skeels topped Democrat Weldon R. Sheets, 114-41, in the race for county supervisor.

Governor Hughes' \$750,000 bond proposal took a beating with only 29 votes in favor and 136 opposition votes cast. The winning GOP Assembly

**Hanlon and Goodman**

ence and business acumen did much to further the war effort, and for this noteworthy service to his country, Thayer was presented with a special award by the War Production Board. The book "Bristles and Brushes" published in 1949 covers the brush industry's contribution to the war effort and documents Thayer's part in the activity.

The Hanlon & Goodman Company, under Thayer's leadership, has continuously led the industry in technological breakthroughs and painting tool improvements. H&G, as it is known in the industry, has secured more patents for paint brush engineering and construction than any other manufacturer in the field. In recent years the company acquired the Wolf Brush Company, Pittsburgh, and the Ed-ward E. Robinson Co., Inc. of Newark, brush and roller manufacturing firms respectively, as wholly-owned subsidiaries.

Thayer, a Glen Ridge resident, lives at 84 Ridgewood Avenue with his wife, Jeanne P. Thayer and has been active regularly in Glen Ridge civic and church affairs. As a member of the Congregational Church of Glen Ridge, he was president of its Board of Trustees in 1957 and has been a Deacon since 1960. He is also a member of the Advisory Board of the Fidelity Union Trust Company of Newark.

## Department of Public Works Honored

Ralph A. Vara, (center) director of the Public Works Department, accepts a plaque in behalf of the Town's DPW from Thomas J. McLaughlin (right) vice-president of the Belleville Kiwanis Club at a recent dinner meeting of the club at the Galaxy Restaurant. C. B. Tedesco, Town Deputy Manager is at left. The Kiwanis International pays tribute during the month of September to the local agency and men of Public Works for their contribution to the community.

## Casale Named Manager Of Campaign by Pico

Ralph A. Casale, Sr., an active member of many civic and sports programs throughout the Town for many years, has assumed the responsibility of campaign manager for Nuncio R. Pico.

Casale has issued the following statement:

"I am very happy to again associate myself with such a dedicated and capable man. It's a fact, in Belleville, we do not encourage a sufficient number of capable men to seek public office. Not until a short time ago was I, and a group of prominent citizens of this Town able to convince Mr. Pico to again put himself up for public office. I consider Mr. Pico one of the most competent men in our Town. I am certain he will give us the kind of Government we have been striving for. I am equally certain that when the people of

## Girls' Dance Show Boosts Red Cross

Two girls representing a girl's club from Mitchell Street and Austin St. came into chapter Headquarters Tuesday with a small box containing \$2.48, the profit their group made from a Song and Dance show they had given for the benefit of Belleville Chapter, American Red Cross.

The girls were all members of the Eagle Club - Anita Masi, Carol Ann Masi, Ellen Morgenthau, Ariene Piereth and Gail Nicoletti.

## Altar Boys Contribute To Holy Family Fund Campaign

Entering into the spirit of the Holy Family Building Fund Campaign for a new church, the Altar Boys of Holy Family Roman Catholic Church in Nutley have contributed \$2,000 toward the drive which has a minimum goal of \$40,000, and have reserved, as their memorial, the Altar Boys Society in the new church.

On Sunday, September 22, the Rt. Rev. Msgr. Anthony Di Luca, pastor of Holy Family Parish, announced the inauguration of a Building Fund Campaign to raise the needed funds for the new church, costing one million dollars. Hearing of this, the group of boys decided to make their gift immediately. The spokesman for the boys, Rev. Henry M. Nadeau, said, "They want this for themselves as well as all the future Altar Boys of Holy Family Church."

When the workers for the campaign were told of this gift at one of their meetings, the news was met with an enthusiastic round of applause, and they left their meeting feeling as though this was, truly, a pace setting gift for the campaign.

The boys intend to fulfill their pledge through the sale of cookies, which has become one of their yearly projects.

## Failure To Show Costs Driver \$15

Magistrate Edward J. Abramson slapped an additional \$15 fine on a Clifton man for failing to show up at Thursday night's court hearing on time. Roland Deners was charged with contempt of court in addition to a speeding charge.

Magistrate Abramson fined Deners \$15 for speeding 40 miles per hour in a 15-mile zone and \$5 court costs.

50 Broad Street  
October 3, 1963

Dear folks —

"A Funny Thing Happened on my Way to Lipton's" today!

Crossing the parking lot, I spied Mr. Sprang sitting in his car, sorting through papers like mad! It seems he lost his office in the general upheaval of rebuilding, so he calmly set up "headquarters" in his car!

Mighty glad I stopped at his "office" though — he gave me a really choice tid-bit of News!

Did you know that Mr. and Mrs. Lipton are off "globetrotting" again, seeking out the New and Different merchandise that will soon enhance the New Store?

Mr. Sprang showed me a cable from Argentina which said (and I quote) — "Completed purchase most outstanding selection Paris-styled genuine Alligator Hand-Bags and Accessories, delivery about October 25." Isn't that exciting?

Another quote (this is "guest-writer-day" for Letty, thanks to that dear Mr. Lipton!) — "Believe I have located a unique market in leathers, vicuna, llama, guanaco and alligator products. Spending several days in Buenos Aires buying fashion merchandise in these categories."

A "good neighbor" our Mr. Lipton!

Won't it be thrilling when those foreign packages come sliding down that conveyor belt at the New Lipton's?

Sincerely  
*Letty*

"Letters from Letty" bring you "news" from Lipton's every week.

## Council Eyes Policy on Conventions

Town Manager John R. Burnett is drawing up a policy for town employees at the direction of the Town Council in relation to the attendance of the League of Municipalities convention.

The subject of a policy was raised by Councilman Vincent Strumolo at the last council meeting, when he noted that more than \$1,000 was spent last year during the 4 - day parley.

The convention is designed as a meeting place where town employees can meet with employees of other towns in similar positions to discuss mutual problems and solutions.

Burnett said that no policy had been set as yet, but suggested that all town employees be limited to attending only the one day when specific meetings are conducted dealing directly with their departments. He estimated the cost of this new policy at about \$500, with the saving of \$300 to the town.

## Torre Completes Assessing Courses

Tax Assessor Peter Torre recently received a certificate from Rutgers University, New Brunswick, after completing two courses in the "Principles of Municipal Assessing."

In order to assist tax assessors and other municipal officials the Bureau of Government Research and the University Extension Division of Rutgers University sponsored the 16 - week courses.

Upon satisfactory completion the first course, the assessor is permitted to enroll for the final 16 - week evening course or enroll for the course at the annual conference for assessors held on the Rutgers' campus. The conference course is an accelerated course covering the 16 weeks work in one week.

Each participant in the course is required to pass a written examination in order to qualify for a certificate awarded by the university.

## Dr. Durkee Named To Study Team

President Nat. B. Burbank, American Association of School Administrators, this week announced his selection of Dr. Frank M. Durkee, Superintendent of Schools, Belleville, to serve on a conference evaluation team at the national meeting, Atlantic City, February 18, 1964.

Dr. Durkee will be an evaluator of the discussion group dealing with "The Changing Role of the Teacher." Having been public school teacher, college professor, supervisor, assistant superintendent for curriculum, and superintendent of schools, he is especially well qualified for this assignment, commented President Burbank.

## Conference on Lending Set October 24 by N.J. Bankers

PRINCETON — Roy Wenzlick, head of Roy Wenzlick & Company, St. Louis, Missouri, will address the Joint Mortgage Lending Conference of the New Jersey Bankers Association and the Mortgage Bankers Association of New Jersey to be held at Nassau Inn, Princeton, October 24, 1963.

Wenzlick heads the oldest and largest real estate research organization interested in urban real estate problems in the United States. His company devotes its entire time to the collection of material, the making of surveys and appraisals on problems involving real estate.

In an unusual departure from the format of previous conferences, the 1963 Mortgage Lending Conference will include three panel discussions running concurrently at 10 a.m., and the same panel discussions conducted again at 11:15 a.m. to enable the mortgage bankers in attendance to sit in on two of the three discussions.

Paul M. Brady, co-chairman of the Conference Committee and vice president, Peoples Trust Company of Bergen County, Hackensack, will preside over a discussion on "Mortgage Warehousing - All Forms." Panel members will be: Freddie S. Barlow, NJBA vice president and executive vice president, Garden State National Bank, Teaneck; Albert A. Hirsch, financial vice president, United States Realty Investment Company, Newark; Adrian N. Longfield, assistant treasurer, Fidelity Union Trust Company, Newark; and James F. Schneider, vice president, Marine Midland Trust Company, New York.

## MORTGAGE MONEY WAITING...

## DeWitt Savings

FEATURES LOW-COST HOME LOANS TO MEET EVERY NEED

Whether you're planning to buy or build — or even re-finance your present loan — it will pay you to see DeWitt first!

With more than \$20 million in assets, DeWitt has ample funds available and at terms that can help ease the job of home ownership. Our service is prompt — with quick appraisals and speedy reports, and you get the commitment in good time to "button up" the transaction.

REMODEL, REPAIR OR IMPROVE YOUR PRESENT HOME with the help of an easy-to-handle Home Improvement Loan from DeWitt. You can borrow up to \$3,500, with repayments spread over 60 months if needed.

Member: Federal Home Loan Bank System

# O'Connor Raps Golden On Lights, Fire Votes

Bernard O'Connor, candidate for the three year unexpired At-Large Council seat held by former Councilman Thomas P. Greco this week, rapped Councilman James R. Golden for opposing the \$500 expenditure to provide Christmas lighting decorations on Washington Avenue.

"I want the records to show that I will continue to endorse the fire chief's request for more modern fire fighting equipment. Here again I differ with Councilman James R. Golden. Golden opposes purchase of new fire equipment on the basis that he, Mr. Golden, believes the present equipment should be repaired. 'This is the first time that I have learned that Mr. Golden is an expert on fire equipment. As between his expert opinion and the opinion of the able Fire Chief, I would accept Mr. Hunderplund's opinion anytime over Mr. Golden's.'"

"If I am elected as Councilman on November 5th I pledge to the people of Belleville that I will energetically support (1) aid to emotionally disturbed children (2) replacement of old fire equipment with new fire equipment to protect the lives of our dear ones and to provide our fire fighters with a 50-50 chance of survival in fighting fires (3) assure town cooperation with our merchants and citizens to see to it that Washington Avenue is not dark this Christmas or any other Christmas."

O'Connor, a former Civil Defense Director of Belleville, is married to the former Dorothy Sholly of Belleville and is the father of four children. He was the first candidate for the Council vacancy to apply for nomination. In his appearance at various house parties last week O'Connor emphasized he is "an independent candidate with out backing from any person or group."

"When I assume my seat on the Town Council after November 5th I will accept my responsibilities without any promise to any person or group except to promise the people of Belleville that I will always act in their best interests."

"As a taxpayer I am aware of the heavy taxation burden. As a father of four children I well understand the financial problems of a growing family and young couples trying to pay high real estate taxes at the same time attempting to meet the monthly mortgage payments and provide for the education of our children."

O'Connor, age 32, said the young people's problems are my problems. The homeowners' problems are my problems. As a businessman I am also aware of the problems confronting the small businessman in our community. For all these reasons I should like to invite our voters to consider my candidacy when visiting the polls on November 5th."

O'Connor owns the Suburban Plumbing and Heating Company which he organized several years ago.

ROBERT L. DICKSON

## R. L. Dickson, President Of Kidde Company, Dies

Robert L. Dickson, president and director of Walter Kidde & Company, Inc., Belleville, N.J., died September 24 at Mount Sinai Hospital, Montclair, N.J.

Mr. Dickson resided at 60 Prospect Avenue, Montclair, N.J. He was the husband of Ruth Morrow Dickson and father of David M., Susan M. and Deborah M. Dickson.

He is also survived by his parents, Mr. and Mrs. W.P. Dickson of Maplewood, N.J., a brother, Paul W. Dickson of Buffalo, N.Y., and a sister, Mrs. John Tebbets of Bethel, Maine.

Mr. Dickson was born September 29, 1911, at Maplewood, N.J. He graduated from Dartmouth College in 1933 and received his Masters Degree from the Amos Tuck School of Business in 1934. He was associated with Lybrand, Ross Bros. & Montgomery until 1941 when he joined Walter Kidde & Company as assistant controller. Mr. Dickson became controller in 1943, vice president in 1953, administrative vice president and a member of the board of directors in 1958, and executive vice president in 1959. He was elected president in June 1961.

Mr. Dickson was a member of the Central Presbyterian Church of Montclair, a member and former trustee of the Montclair Golf Club, and a member of Sea-view Country Club. He was a certified public accountant, a member of the Financial Executive Institute and a past president of the Newark control of this institute. He was also a former president of the Financial Executives Research Foundation. Mr. Dickson was a member of the American Institute of Certified Public Accountants, the Amer-

## Shoppers Urged to Endorse Parking Authority Petitions

All Belleville shoppers are urged to sign petitions which have been placed in Belleville stores requesting the Town Council to establish a parking authority.

Michael A. Pariso, chairman of the Retail Division of the Chamber of Commerce, which is pushing the parking authority proposal, said the Chamber believes that through a parking authority better parking facilities will be made available to the public.

Pariso urged all shoppers to cooperate with the merchants and sign the petitions for the authority, which he believes will be of mutual benefit for all concerned.

"Such parking facilities are long overdue. Due to too much complacency on the part of past officials, merchants and shoppers in Belleville, said Pariso.

Harry T. French, director of the Town Chamber of Commerce, said the response to the petitions from shoppers want better parking in Belleville.

French said the merchants were running out of petitions and the Chamber had to reorder the forms.

He said the comment: "It's about time" summed up the shoppers comments.

French noted that the petitions only ask the Town Council to establish a parking authority "a move which has proved to be so effective in many communities in this and other states."

"The parking authority, if and when established would then con-

## Fire Proposal Wins Backing Of Colatrella

Thomas R. Colatrella, a candidate for the council vacancy the November 5th election praised the recent action to purchase new fire fighting equipment.

"With newer and more modern equipment the people of Belleville will be afforded adequate protection for their homes," said Colatrella.

"I know that many industries will be more secure and feel better because of new equipment. Belleville's firemen will have the proper tools to do a better job. This alone will put our Fire Department on a higher level. Also the Fire Underwriters should cast a more favorable eye toward the fire rates in town."

"In the final analysis the safety of our town is the paramount item to consider. Anything less than this would be wrong. Also to consider is the safety of the firemen. The Belleville Fire Department has many fine dedicated men on the job. Training with new equipment gives them and their families a feeling of security," Colatrella said.

## Apple Festival Opens

Monday at Orange

New Jersey's annual Apple Harvest Festival gets underway Monday at the Orange Savings Bank, Main Street at Day, Orange, N. J., with a bumper crop of activities and competitions to help celebrate another banner year for the state's apple growers.

The annual festival, co-sponsored by the bank and the New Jersey Department of Agriculture's Apple Industry Council, this year offers something for everyone in the family. Prizes in the various contests include cash scholarships, complete wardrobes, weekends in New York, U. S. savings bonds and many other exciting awards.

### Councilman Golden Says, "No"

At the last meeting of the Town Council, Councilman James R. Golden voted against the purchase of new fire equipment which Fire Chief Carl Hundertpfund says the town cannot do without.

The equipment which Fire Chief Hundertpfund and his department want replaced is more than 20 years old. One piece of equipment which Fire Chief Hundertpfund wants replaced is a 65 ft. hook and ladder. This fire truck was purchased in 1941.

In the last 22 years Belleville has come a long way. In the next 22 years we expect Belleville to make more progress than in the past two decades. Because vacant land prices are sky rocketing construction in this space age is for more and more high-rise buildings.

Today there exist buildings in our community whose roof cannot be reached with our 65 ft. ladder. The hook and ladder engine broke down at the recent roller skating rink fire and we all know what happened. Newark and Nutley Fire Departments were obliged to bring their equipment to the fire to help our very competent firemen.

A few months ago we were disposed to oppose any further municipal expenditures for equipment acquisition. However in view of the recent roller rink fire experience and a long discussion with our Fire Chief involving personal inspection of our present equipment the Belleville Times-News believes the new fire equipment is needed for the protection and safety of Belleville citizens and for the protection of out-of-town employ-

ees working in the commercial and industrial enterprises located in our community.

Mr. Golden performs a disservice to our people when he opposes the purchase of new fire equipment.

The proposed purchase of new fire equipment involves the authorization of a bond issue. Bond indebtedness requires four votes of the Town Council. With an existing vacancy on the Council arising by reason of the July 1st resignation of former Town Councilman Thomas P. Greco the affirmative votes of the remaining four members are required.

Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio, and First Ward Councilman Vincent T. Strumolo have accepted Fire Chief Hundertpfund's recommendation to purchase new equipment. They voted for the bonding ordinance which was introduced at the September 24th Council meeting. By their votes on this issue Laterza, Addonizio and Strumolo are acting as responsible public officials should.

Golden's "NO" vote is continuing evidence of his constant, irresponsible behavior as a member of the Town Council. We urge Belleville citizens to contact Councilman Golden and let him know how they feel about his vote against the purchase of new fire equipment. Golden's home telephone is paid for by the taxpayers of Belleville, hence taxpayers should not hesitate to phone him.

Golden's personal phone number at home paid for by Belleville taxpayers is Plymouth 9-4975.

### Fire Trucks Meet Roadblock in Golden

#### AN OPEN LETTER TO RECALL COMMITTEE

To the Editor, Times-News:  
Today I received a questionnaire from your organization requesting certain information in order to obtain your possible endorsement. Please be informed that I am not seeking the endorsement of any political group and believe that at the present time the voters of the town should be allowed to make their own choice.

I am running uncommitted, unendorsed, and independent of all pressure groups and individuals. The best service that you can give to our town at the present time is to allow each candidate to run on his own merits and background, free of commitments and free of obligations.

I thank you for your interest and if you care to know of my qualifications and background, and have not already read of them in the newspapers, I shall be glad to send you a copy of my brochure when it is completed.

Peter J. Paglia  
Councilman at Large  
Candidate

#### TOWN LEADERSHIP LAUDED BY READER

To the Editor, Times-News:  
Since the resignation of Thomas Greco it appears to me that the town is finally being run in a smooth forwarding manner. Under the leadership of our very much liked and capable town manager John Burnett and the four remaining councilmen, Belleville is once again on the road to being the finest community in the county of Essex.

August DeFranza  
158 Belmont Ave.

#### READER RAPS LEADERS OF RECALL COMMITTEE

To the Editor, Times-News:  
Now that the Recall is in progress, and headed by the obstructionists Wespy, Calabro, and Touch and a few defeated commission candidates, I believe it to be in order that these so-called "leaders" who claim to be acting in the best interest of the town, name the slate of candidates which is to replace the present councilmen if and when enough signatures are obtained.

If my memory serves me right isn't this the same Calabro, past president of the Citizen's Tax Council who was successful in changing the commission form of Government to a Government by councilman, James R. Golden said "Stinks"? Didn't Calabro, during that campaign state to the press that he would not be a candidate for the council and made an about face and became a councilman and was defeated by the people at the polls. These are the type of men that once again are selling the de-

cent people of our community down the river.  
Mr. Nicholas De Benedetto  
58 Lake St. Belleville.

#### Urges Establishment of Wildlife Refuge

To the Editor, Times-News:  
I have read publicity about a proposed shooting preserve in South Jersey—a tract enclosed in a high fence in which animals may be killed with no chance of their escaping. The proprietor will receive a fee for each one killed.

Omar Swift, of Bridgeton, owner of the 450 acres, is making roads for easy access to his woodland, stocked with wild animals. There must be something better than this, and there is. Why not a wildlife refuge where people could pay admission to enter?

#### BECK'S COLUMN

by MAX BECK

The Hurricane Season is with us again.

It is a good policy at this time of the year to have your outside antenna checked. There are thousands of installations in use which have never been looked after since they have been put up.

If you would see some of the rusted straps and nuts and bolts, you would have them repaired quickly, before the fall storms start. If this is done now, you may save yourself much greater expense later. In this case "a stitch in time saves nine" is as true as it ever was.

Some of these old outside antennas could be replaced with a modern, far more effective antenna in the attic. You won't lose any signal strength with the exception of the lead-in wire which as a rule is brought down through a louvre or attic window, and none of the antenna material will have to be replaced in the future.

There are cases of course, like on Bloomsfield Avenue, for instance, which is low and in between 2 ridges, where an outside antenna still is best. There are other spots in town where reception is ghostly and poor. In all of these locations an outside antenna still will make a great difference.

"We service what we sell"

NO 7-2275

interested in good government I is to build the new super highway 85, which will run the Belleville and all over the state for the defeat of Governor Hughes' \$750 Million dollar bond issue.

This issue is being pushed by a powerful political propaganda machine and will create a crisis and put the state in hock for the next 50 years. It also calls for \$500 million dollars in interest for a total debt of \$1.2 billion dollars. Some educators are also against the plan because it lacks merit. If approved it is only good for five years. Additional school aid will be lost.

Surplus money from the turnpike to repay the bond won't start for years and may never be available.

Some of the money in this plan

is considering floating bonds of their own which will require large sums of money to make other improvements and more feeder lanes to meet the increased traffic.

The bond appears to me to be a wasteful spending of your money and will create a hardship on most of the people since it will create 1,200 new jobs at fat wages. Those new jobs, new roads, buildings, institutions must be maintained and the interest must be met.

Albert Guglielmini,

### Destroy Our School System?

On Monday, September 23rd the Board of Education met and in a 4-3 vote decided to strip Dr. Frank Durkee, School Superintendent of a substantial part of his duties, responsibilities, and authority. Board President Nicholas Juliano with the support of Ernest Arvidson, Arthur Pico and Dr. Frank Di Ruggerio voted to create the position of Business Administrator and remove from Dr. Durkee's authority the business administration of our school system.

The creation of this new post establishes "dual control", as a result of which our school system will have two heads, one for the teaching side and the other for the business side.

On April 6, 1954, an Essex County Grand Jury returned a presentment against the Board of Education of Belleville in Essex County, New Jersey. In its criticism of the 1954 School Board the Grand Jury had the following comment to make about dual control which was then in effect:

"Another feature detrimental to good and harmonious relations between the Board of Education members and those in charge of the school administration in Belleville is what is commonly known as the "dual system" of control. Under this system the Superintendent and the Business Manager operate independently and each is responsible directly to the Board, as contrasted with the single system of control where the Superintendent is the chief administrative officer.

"Testimony before the Grand Jury indicated that the "dual system" as it operated in Belleville has resulted in the division of the Board of Education into two factions; those who favored the Superintendent's recommendations and those who sided with the Business Manager. This split is reflected by the fact that in the new school project, now under way in Belleville, the business manager has not even been invited to attend discussions at which his presence would normally be considered essential."

"As the result of the Grand Jury's comment our school administrative functions were reorganized and the "dual system" was replaced with the "unit control" system placing under the school superintendent all the responsibility for the administration of the entire school system.

Ever since its conception eight years ago the "unit control" system has worked very well. The unit control system placed the day to day administration of our school system beyond the reach of scheming politicians. The superintendent who installed the change was the late Evan

Thomas. His good work is being continued by his successor, Dr. Frank Durkee.

Dr. Durkee is not a perfect man but everyone must admit he is an excellent educator and administrator. His weakness is in the field of humanization and diplomacy. As between the smooth-talker type and the competent performer we prefer the competent performer anytime.

The alliance among board members was indeed a strange one. For the first time the people of Belleville saw Dr. Frank Di Ruggerio and Arthur Pico join two members whose policies they consistently opposed.

Students of Board of Education politics are wondering what the accommodation is, if any, that gave birth to the Arvidson-Juliano-Pico-Di Ruggerio bloc.

For our part we do not think there was any deal involved. We believe these four School Board members simply exercised poor judgment.

Fighting vigorously against the proposal introduced by Ernest Arvidson were School Board members Mrs. Norma McCool, Richard Drake, and George Brown. This is the first time that Mrs. McCool voted with Brown and Drake on a major issue before the board. We compliment Mrs. McCool, Richard Drake and George Brown for opposing the stripping of Dr. Durkee.

Much of the 1954 Grand Jury presentment addressed itself to the operation of the Business Administrator's office.

We believe it to be in the public interest to refresh the voters recollection of that 1954 presentment by printing the document in full. The first installment of the 1954 presentment will appear in next week's issue of the Times-News.

In the meantime, we urge all citizens interested in the maintenance of a good school system to let the school board members know how they feel about the stripping action against Dr. Durkee. The hard-won battles to provide Belleville with a better school system and a new high school, will all go down the drain if the people of Belleville permit the Juliano-Arvidson-Pico-Di Ruggerio measure to succeed.

If their action is finalized and the Belleville School System comes under "dual control" there is a likelihood that another Essex County Grand Jury may reach into Belleville to find out the reason why the majority of our present board is turning its back on recommendations contained in the 1954 Grand Jury presentment.

## PERSONAL AND SOCIAL HIGHLIGHTS OF THE WEEK

## Kathleen M. Strain Marries Edward Mann At Nuptial Mass

In a ceremony preceding an 11 o'clock nuptial Mass, the marriage of Miss Kathleen Mary Strain and Edward R. Mann was solemnized Saturday, September 13, in St. Mary's R. C. Church, Nuddy. The Rev. Gerard

Walsh officiated. A reception followed at the Friar Truck Inn, Cedar Grove.

The bride is the daughter of Mr. and Mrs. Bernard V. Strain of 369 DeWitt Avenue, Belleville. Mr. Mann is the son of Mr. and

MRS. EDWARD R. MANN  
Former Kathleen Strain

Miss Mary Carse of Belleville, cousin of the bride, was maid of honor. She wore a gold sheath dress of satin peau de soie with detachable floor length overskirt. The dress featured a round neckline, three-quarter sleeves and a bow at the waist. She wore a matching bow hat and carried a cascade of bronze Fuji mums.

The bridesmaids were Miss Karen Conahan and Mrs. John Weeks, both of Belleville. Miss Joanne Strain of Belleville, sister of the bride, was junior bridesmaid. They wore dresses similar to the maid of honor in emerald green and carried cascades of yellow Fuji mums.

Thomas Mann, Jr. of Wayne, brother of the bridegroom, was best man. David Mann of Wayne, another brother, Robert Wilson of Clifton and Joseph Carse of Belleville, cousin of the bride ushered.

The bride's mother wore a beige silk organza sheath with embroidered Alencon lace bodice. The bridegroom's mother chose blue rayon crepe. They had matching accessories and orchid corsages.

The bride was graduated from Belleville High School and is a secretary with The Mutual Benefit Life Insurance Company, Newark. Mr. Mann was graduated from Nutley High School and is with Hoffmann-La Roche, Nutley.

The couple will reside in Nutley after a motor trip to Florida.

MRS. JAMES CLEFFI, JR.  
Former Vivian Torre

## Vivian C. Torre Is Bride In Double-Ring Ceremony

In a Sunday afternoon ceremony, the wedding of Miss Vivian C. Torre, daughter of Mr. and Mrs. Joseph Torre of 4 Smith Street, Belleville, to James Cleffi, Jr., son of Mr. and Mrs. James Cleffi, 62 Union Avenue, Belleville, took place September 29 in St. Peter's R.C. Church, Belleville.

The Rev. Joseph Granada of St. Lucy's Church, Newark, performed the double-ring ceremony. The reception was held at Thomas's Restaurant, Newark.

Given in marriage by her father, the bride wore a gown in heirloom rosepoint lace trimmed with aurora borealis and fashioned with scoop neckline, long sleeves and bouffant skirt with cathedral train. She wore a mandilla of rosepoint lace and carried a white Bible with white orchids.

The bride's cousin, Miss Frances Gigione of Belleville, was maid of honor. Her dress was a full length semi-sheath of honey gold satin peau de soie with scoop neckline, short sleeves and flowing train. Her headpiece was a cluster of honey-gold flowers with a veil, and she carried a bouquet of matching Fuji mums.

The bridesmaids, the Misses Annette and Karen Cleffi of Belleville, sisters of the bridegroom, wore similar gowns in shell pink. The flower girl, Diana Walters of West Long Branch, and the shepherd girl, Dora Gail Torre, sister of the bride, were dressed in white peau de soie full-length gowns beaded with white crystals. They wore several crowns and carried white and pink Fuji mums.

John Raimo of Belleville was best man for Mr. Cleffi, and ushers included Ralph Meoca of Newark and Frank Genovese of Lyndhurst. Ronald Cavagliano of Linden acted as ring bearer.

A graduate of Essex County Vocational High School, Newark, the bride was, before her marriage, employed at Public Service, Newark. Her husband was graduated from Belleville High School and Fairleigh Dickinson University and is associated with Lischitz-Fast-Freight-Co., Newark.

Mr. and Mrs. Cleffi will reside at 106 Sanford Avenue, when they return from a motor trip to Canada and the Thousand Islands.

## Wedding Trip To New Orleans For Mr., Mrs. David Smith

Miss Mary Geluso, daughter of Mrs. Vivian Geluso of 171 Franklin Street, Belleville, and David L. Smith son of Mr. and Mrs. LeRoy F. Smith, 64 Tyson Place, Bergenfield, exchanged vows Sunday afternoon, September 29, in St. Anthony R. C. Church, Belleville.

The ceremony was performed by the Rev. Edward J. Scandone. A reception was held at the Friar Truck Inn, Cedar Grove.

Mr. Geluso gave his daughter in marriage. She wore a bell-skirted gown of peau de soie fashioned with Alencon lace and seed pearl applique on the scoop neckline, fitted bodice and scalloped train. A crystal and pearl crown held her scalloped bouffant veil and she carried a bouquet of glanellas.

The bride's sister, Mrs. Paul Placenti of Belleville, the former Rosalie Geluso, was matron of honor, and bridesmaids were Mrs. Peter Senecivsky of Dover, cousin of the bride, the Misses Theresa Montrossa of Nutley and Ann Simini of Belleville.

Best man for Mr. Smith was Peter Marchbank of Belleville. Ushers were James Tepper of Butler, Walter Mueller of Bergenfield and Dennis Mosher of Fair Lawn.

Mrs. Geluso was gowned in green peau de soie with beaded bodice and Mrs. Smith chose beige and gold brocade. They had matching accessories and white orchid corsages.

Miss Geluso was graduated from Belleville High School and is employed by General Motors, Export Division, Bloomfield. The bridegroom was graduated from Bergenfield High School and Stevens Institute of Technology. He is also with General Motors, Bloomfield.

Mr. and Mrs. Smith will make their home in West Orange after a wedding trip to New Orleans.

MRS. DAVID L. SMITH  
Former Mary Geluso

## Civic Leadership Stressed At Woman's Club Institute

The membership of the Women's Club of Belleville was represented at the first annual Leadership Institute of the Eighth District of the State Federation of Women's Clubs held at the Passaic YWCA.

Some 120 members of the 25 Women's Clubs in the 8th District which embraces parts of Essex, Passaic, Hudson and Bergen Counties, attended the Institute, including the presidents of 17 of these clubs. The Belleville delegation was comprised by Mrs. Edward Rochau, president; Mrs. David Parry, past president; Mrs. Floyd M. Haring, 8th District art chairman; Mrs. Charles R. Haught, music chairman, and Mrs. Richard A. Shafter, publicity chairman. Miss Roba Eaten of Passaic, District vice president, presided at the gathering.

Miss Grace M. Freeman, president of the Montclair Woman's Club, was the guest speaker. In keeping with the purpose of the Institute to develop latent civic leadership among Women's Clubs' members, she addressed herself to the question, "What image does your club project to your community? What is the role of a Woman's Club for betterment of social conditions?"

Prominent as an educator and for her vast interest in community welfare work, Miss Freeman is being honored this year when a

## Sam Levinson To Speak Here

Sam Levinson, noted humorist and TV and night club entertainer, will be guest speaker at the School Eight PTA Thursday evening, October 10, at the school, 183 Union Avenue.

Mrs. Lawrence Fitzhenry, program chairman, has announced that no children be permitted to attend. Mrs. Leonard Apper, president, will preside at the meeting which is scheduled for 8 o'clock.

Sodality Board Meets

The executive board of the St. Lucy Sodality of Holy Family Church will meet Wednesday, October 9 at 8 p.m. in the C.Y.O. building. Officers, board members and committee chairmen will attend.

Calendar party tickets for Oct. 10 are still available at the school. It was announced this week. Mrs. Michael Santarelli is moderator of the Sodality.

## Will Marry

MISS ELIZABETH FORGIORE

## Local Teachers Are Betrothed

Mr. and Mrs. Anthony Forgiore of Belleville announce the engagement of their daughter, Miss Elizabeth Forgiore, to Pat J. Forte, Jr., son of Mr. and Mrs. Pat J. Forte of Newark.

Both Miss Forgiore and Mr. Forte are on the faculty at Belleville School Seven. Mr. Forte is a member also of the Belleville High School football and track coaching staffs.

The bride-elect is a graduate of Newark State College and Rutgers University. Her fiancé attended Syracuse University, Newark State and Jersey City State Colleges. He is presently a graduate student at Seton Hall University.

PLEASE NOTE

Material submitted for publication in the Social Section of this paper must be in our office on the Thursday preceding date of publication. Material must be typed or written legibly, and the name, address and telephone number of the person submitting the article must be indicated.

Weddings and engagements, together with pictures, should be in our office at the earliest possible time, as there is often a backlog of this type of material, and it is customarily published in the order in which it is received.

Leftover Starch

To save having to make starch every time you wash just one shirt, for example, store leftover starch in a covered glass jar in the refrigerator. When you need it, it can be diluted with hot water.

## Clubwomen's Evening Dept Changes Card Party Date

Mrs. Frank D'Ambola, ways and means chairman of the Evening Department of the Women's Club of Belleville, has announced a change in the date of the club's October card party. The party will be held at Parillo's Restaurant Tuesday evening, October 29 at 8 p.m. instead of on October 23 as previously announced.

The party will feature a hat show by Betty Claire. Proceeds will be given to the South Jersey Medical Research Foundation, a non-profit research organization.

Tickets may be obtained from any member of the club, or from the following members of Mrs. D'Ambola's committee: Mrs. Walter Sincot, Miss Claire Boland, Mrs. Robert L. Osborne, Mrs. Salvatore J. Olivieri, Mrs. Warren Sheppard, Mrs. John W. Noonan, Mrs. Eugene O'Neill, Mrs. Robert Joiner, Miss Viola Weisloel, Mrs. Paul Zehr, Mrs. Richard Drice, Mrs. Howard Beresford, Mrs. Merrill Hoover, Mrs. William Gertel, Mrs. Peter Primamore, Mrs. William Lapham and Mrs. Arthur Bayard.

Rosary Confraternity  
Will Meet On Monday

St. Peter's Church Rosary Confraternity will hold its opening meeting of the season Monday evening, October 7, at 8:30 o'clock in the school cafeteria.

Mrs. James Murray, the hostess, will be assisted by Mrs. Jane Barnett, Mrs. Robert Fanning, Mrs. J. G. Fredericks, Mrs. William Friel, Mrs. Robert Patumbo, Mrs. Willis McDonald, Mrs. Joseph Weiss, Mrs. C. A. Taylor, Mrs. William Dould and Mrs. Ralph Cuemmi.

Don't cover those green peas until several minutes after they have started boiling for the best preservation of their green color.

## Engaged

PRISCILLA INGUAGGIATO

## Belleville Girl Is Affianced

Mr. and Mrs. John Inguaggiato of 28 Pleasant Avenue, Belleville, announce the engagement of their daughter, Miss Priscilla Irene Inguaggiato, to John Matrazzo, son of Mr. and Mrs. Joseph Greco of Brooklyn, N.Y.

The prospective bride was graduated from Belleville High School and is employed by Continental Insurance Co. of Newark. Her fiancé, a graduate of Fort Hamilton High School, Brooklyn, is studying for a degree in Architecture at Pratt Institute, Brooklyn.

BE SAFE.

## 75th Birthday Dinner Party For Mrs. Hagan

Mr. and Mrs. Andrew Leyble, Jr. of 93 Malone Avenue, Belleville, were hosts Sunday, September 15, at a dinner party at Bow and Arrow Manor, West Orange, in honor of the 75th birthday of Mrs. Leyble's mother, Mrs. Frances Hagan of the Malone Avenue address.

Born in Jersey City, Mrs. Hagan has lived in Belleville for the past 40 years. She resided at 29 New Street until the death of her husband, Martin, in 1951, when she went to live with her son-in-law and daughter, Mr. Hagan was a retired plasterer for the Weston Co., Newark.

Mrs. Hagan is a charter member of the Belleville Golden Age Club and is active in the Women's Circle at Bethany Lutheran Church, Belleville.

Guests at the dinner included Mrs. Robert Lynch, Mrs. John Lubanski and Lynn Giles of Newark; Mr. and Mrs. Andrew Leyble, III of Nutley; Mr. and Mrs. Jesse Leyble, North Arlington; Mr. and Mrs. Robert McNinch, Verona; Mr. and Mrs. Michael Rinaldi of Manasquan.

Also Mr. and Mrs. August Beech, Sr. and Mrs. Jule Fullman of Irvington; Mr. and Mrs. August Beech, Jr., Lincoln; Andrew Leyble, Sr. of New York City and Mrs. Albert Lowack and Mrs. Mae Hollohan of Belleville.

## COLLEGE FRESHMAN

Miss Lenore V. Carney of Belleville is a member of the freshman class at Merrimack College, North Andover, Mass. The 482 members of the class include students from 12 states and three foreign countries.

## Engaged

MISS ANN P. MULLER

## Ann P. Muller Is Bride-Elect

The engagement of Miss Ann Patricia Muller to Richard F. Lang, III, son of Mrs. Kathryn Lang of 451 Prospect Street, Nutley, has been announced by Miss Muller's parents, Mr. and Mrs. Albert J. Muller of 67 Prospect Street, Belleville.

A graduate of Belleville High School and Newark State College, the bride-elect is a teacher in the Belleville school system. Mr. Lang was graduated from La Salle Military Academy and attended Seton Hall University. He served for three years in the U. S. Marine Corps and is presently associated with Public Service Electric & Gas Co.

## Parents Will Meet Teachers At School 3

School Three P.T.A. will hold its first meeting for the coming year Monday evening, October 7, at 8 p.m. in the school's all-purpose room.

Highlighting the evening will be a visit to the class-rooms where the parents will meet the teachers who will outline the course of studies for their particular grade level.

On the agenda of the business session will be the presentation of other P.T.A. activities for the year and the proposed budget. Mrs. Charles Haught, president, will introduce her officers and committee chairmen, and Robert Slack, principal, will introduce the faculty.

Music for the evening will be provided by the "Melodians" under the direction of Mrs. Robert Schulz, music chairman. At the conclusion of the program an informal reception for Mr. Slack will be hosted by fifth grade mothers and the hospitality chairman, Mrs. Raymond Boxer and Mrs. Alphonse Sirchio.

## Classes For Blind

## At Mt. Carmel Guild

The Mt. Carmel Guild Center for the Blind 99 Central Avenue, Newark, will conduct a series of classes for blind adults, the Rev. Richard M. McGuinness of the Center announced today. Carpentry classes will be held Wednesday evening at 8 o'clock, taught by John Wilkes, and shuffleboard classes will be held the same evening under the direction of Robert O'Hara, who is also blind.

Hobby classes in ceramics, jewelry, novelties and sewing will be held Saturday afternoons at 2:30 o'clock.

MRS. JAMES FRANCIS  
Former Margaret Gallagher

## Family Friend Officiates At Local Girl's Wedding

The marriage of Miss Margaret Rose Gallagher, daughter of Mrs. James Gallagher of 550 Washington Avenue, Belleville, and the late Mr. Gallagher, to James Francis of Rutherford, son of the late Mr. and Mrs. Theodore Francis of East Orange, was solemnized Saturday morning, September 28, in a ceremony preceding a Nuptial Mass in St. Mary's R.C. Church, Nutley.

A family friend, the Rev. Kilian O'Sullivan, SS.O.C. of Fair Haven, Mass., performed the ceremony and celebrated the Mass. Mrs. Henry Saduski, church organist, played.

The bride's brother-in-law, Patrick J. Cullinane of Roselle, gave her in marriage. She wore a gown of white peau de soie with sabrina neckline and long sleeves of Chantilly lace. The full bell-shaped skirt, appliqued with lace and seed pearls ended in a chapel train.

A three-tiered veil of illusion was held in place by a crown of matching lace trimmed with seed pearls. She carried white roses with an orchid.

Mrs. Cullinane was her sister's matron of honor, and bridesmaids were Mrs. John Russell of Nutley and Miss Patricia Dumbor of Newark. They were followed by a collection of their college friends.

The first young graduate from Bloomfield to receive a Tri-Town scholarship graduated from college, and again with the graduation of two other recipients of the Flora Loudon Scholarship, there are at present time nine young women in the course of completing their college studies, helped by Tri-Town scholarships. An annual card party enables the club to sponsor these girls, one from each town, studying a college of their choice. This year a new award was initiated and a bond given to a senior from each high school for outstanding ability in a business typing test.

## JWV Auxiliary Plans Annual Card Party

The North Essex Ladies Auxiliary 145, Jewish War Veterans, will hold its annual card party Wednesday evening, October 9 at the Bloomfield Civic Center.

Felice Zello, Greenwich Village entertainer, will highlight the evening with songs and guitar selections. Proceeds will go to the Veterans Hospital Fund. Mrs. Albert Cohen and Mrs. Seymour Weiss are chairmen of the fund raising affair.

## Coates Attending Bucknell University

Among the 700 freshmen who arrived at Bucknell University Saturday was Richard A. Coates, son of Mrs. Clara A. Coates, 38 Continental Avenue, Belleville. Coates attended Pine Crest Preparatory School, Ft. Lauderdale, Fla., where was a member of the varsity football, baseball and track teams.

At Bucknell he will study for the degree of bachelor of science in civil engineering.

## School Ten P.T.A. To See Sports Films

The Parent Teacher Association of School 10 will hold its annual father-son night tonight, Thursday, in the school auditorium. Films of the 1962 World Series and the 1962 NFL World Championship football game will be shown. Fathers will serve refreshments.

## Local Students Winners in TB Poster Contest

Diane DeGroot of Belleville and Charlotte DeFuria of Nutley were judged the winners of a poster contest sponsored recently by the Belleville - Nutley Tuberculosis Association under the direction of Seymour Grossman of Belleville, chairman. Thirty-five Belleville and Nutley High School students participated in the contest to select the most original posters to represent the Belleville-Nutley TB Association X-ray program.

Miss DeGroot, who resides at 128 Bremont Street, Belleville, and Miss DeFuria, of 725 Central Street, Nutley, were presented with \$25 Savings Bonds by Mrs. Albert L. Gaydos, president of the association. Their posters will be on display during the community chest X-ray program.

"Despite the new miracle drugs," Mrs. Gaydos said this week, "tuberculosis continues to be a serious health problem for all nations. You can do your part in guaranteeing the continuation of the Belleville - Nutley TB Association's health program by purchasing your town's Christmas Seals."

## Father Dennehy Guest Speaker At Breakfast

The Rev. Francis X. Dennehy of St. Joseph's Hospital, Paterson, will be the guest speaker at the 17th annual Communion Breakfast of the Rosary Altar Society of Holy Family R. C. Church, Nutley. The breakfast, which will be served by members of the Holy Name Society, will be held in the school auditorium Sunday morning, October 6, following the 8:15 o'clock Mass.

The Mass, which will be celebrated by the Rev. Henry Naddeo of Holy Trinity Church, will be offered for the living and deceased members of the Society. Mrs. Fred Ciarella is breakfast chairman. Mrs. Joseph Villio is president, and Father Naddeo, moderator.

## School One PTA To Meet Tonight

School One PTA will open the season with a meeting tonight, Tuesday, at 8 o'clock. Mrs. Viola H. Spry, school principal, will introduce the new faculty members.

Mrs. E. M. LeRitz has assumed the position of president because of the resignation of the elected president, Mrs. Othman Melchior. Members of the executive board include Mrs. Spry, vice president; Mrs. Ray Barnes, recording secretary; Mrs. August Klein, Treasurer, and Mrs. Arthur Dey, corresponding secretary.

Committee chairmen are Mrs. Clementine Lally, parent and family life; Mrs. James Sheehan, program; Walter Simcox, class room representatives; Mrs. Ruth Mitchell, hospitality; Mrs. Louise Brown, publications; Mrs. Theodore Wedekind, publicity, and Mrs. Melchior, budget and finance.

CDA Resumes Making Of Cancer Dressings  
Court Gratia 755, Catholic Daughters of America, Nutley, will meet Monday evening, October 7, at 7 o'clock for a business session. Mrs. Fred J. Scott Jr., Grand Regent, will preside.

Mrs. Albert J. Iide, chairman of the cancer dressing group, has announced the group will resume their preparation of dressings Wednesday afternoon, October 9, at the K. of C. Hall, from one until 3 o'clock. As many women as possible are urged to donate two hours of their time for this worthy cause.

Gaily printed paper butterflies are fall's newest beauty spots for the legs. They come in assorted sizes and are designed to be pasted anywhere on the legs, under stockings.

## The Gerard R. Nicolettes To Make Home in Newark

MRS. GERARD NICOLETTE  
Former Geraldine Ombalsky

St. Peter's R. C. Church, Belleville, was the setting for the wedding of Miss Geraldine D. Ombalsky to Gerard R. Nicolette Saturday afternoon, September 28, at 4 o'clock. The ceremony was performed by the Rev. James Heavey and the reception followed at Branch-Brook Manor, Belleville.

The bride is the daughter of Mr. and Mrs. Joseph Ombalsky of 25 Cedar Hill Avenue, Belleville. Mr. Nicolette is the son of Rocco Nicolette of 102 First St., Newark, and the late Mrs. Nicolette.

A gown of white peau de soie appliqued with seed pearls was worn by the bride, featuring a scoop neckline, long sleeves and bouffant skirt terminating in a chapel train. A lace pillow outlined with seed pearls held her fingertip veil, and she carried a cascade of white orchids and tea roses.

Mrs. Arthur Brizzi of Nutley was matron of honor. Bridesmaids included Mrs. Louis Martin of Newark; Miss Carole Capetta, Bloomfield, and Miss Dolores Orlandi of Elizabeth.

They wore teal blue crepe sheaths with V back necklines, satin-trimmed three-quarter length sleeves and full length white shapely skirts. They wore small satin pillow hats to match with veils, and carried teal and white pompons with white orchids.

Pasquale Martiniello of Newark served as Mr. Nicolette's best man, and ushers were Gerald H. Ombalsky of Newark; Joseph Ombalsky, Belleville, and Vito Nicolette, Orange.

The mother of the bride was dressed in pale blue chiffon over peau de soie. She had accessories to match and a white orchid corsage.

A graduate of Belleville High School, the bride attended Drake Business College, Newark, and is employed at Western Electric, Kearny. The bridegroom was graduated from Barringer High School, Newark, and served in the U. S. Army. He is employed by the Newark Board of Health.

The couple will reside in Newark when they return from a wedding trip to Florida.

Hadassah Chapter Has Membership Tea  
The Belleville-Nutley Chapter of Hadassah will hold a membership tea Monday evening, October 7, at 8:30 o'clock at the home of Mrs. Aaron Gordon, 494 Prospect Street, Nutley. Mrs. Herman Goldberg will be guest speaker. Ted Hirsh is membership chairman.

Mrs. Carl Morgenroth was installed as Chapter president at a meeting on September 25. Mrs. Daniel Stern acted as installing officer. A Hadassah version of "What's My Line" was the highlight of the evening's program.

DON'T RIVET EYES  
Drivers who rivet their eyes on the car ahead frequently wind up with bolts and bumpers in their lap. Vision and alertness should range far — to the front, side and rear — not to be fixed on a spot dead ahead.

## The Mayor Makes It Official

Mrs. Angelo Marone, left, and Mrs. Frank LaPala, right, Belleville members of Tri-Town Business and Professional Women's Club, are shown with Mayor Robert M. Laterza as he signs proclamation designating October 6 through 12 National Business Women's Week in Belleville. Each year this period is set aside to pay tribute to women in business and the professions.

## Women In The Business World Will Celebrate "Their" Week

Mayor Robert Laterza of Belleville, Mayor Ralph Conte of Bloomfield, and Mayor Harry Chenoweth of Nutley have signed proclamations for National Business Women's Week October 6 through 12, honoring the women who make up the one-third of the nation's working force.

This year Tri-Town Business and Professional Women's Club, Inc. of Belleville, Bloomfield and Nutley, along with its sister clubs across the country, is planning to celebrate the occasion with a display of "Achievements of Women," forerunner to the Equal Pay for Comparable Work Bill, to be seen in the three town libraries prepared by Miss Geraldine Sitton, chairwoman of the National Federation in 1960 to encourage the development of the capabilities of those women in the business and professional fields, to advance higher education and encourage women taking an active interest in the policy making of their homelands.

In the field of Federation activity, the high point came when President Kennedy recently signed into federal law the Equal Pay for Comparable Work Bill. The passing of the bill on Equal Legal Rights for men and women, a long time Federation aim, is hoped for in the near future.

Ten years ago Tri-Town Business and Professional Women's Club Inc. received its charter to the National Federation. Looking back over the years, Miss Sitton, president, recalls many of the projects undertaken by the club. She said, a feeling of accomplishment was felt when a nurse,

dards, promote mutual interests, develop co-operation and promote educational opportunities for all working women. There is always "Room At The Top," and education is the "golden means" that enables a woman to rise above the average, to achieve distinction and success in the working world, her community and her country. Through continued educational efforts business and professional women are accepting "The responsibility of Full Partnership."

International Group  
Prior to the time thought was given to the economic and political position of women in foreign countries, the B.P.W. Federation established the International Federation in 1920 to encourage the development of the capabilities of those women in the business and professional fields, to advance higher education and encourage women taking an active interest in the policy making of their homelands.

Keeping road safety in mind a reminder that the Christmas season is time for greater caution, one December the club put on a campaign to alert drivers to the hazards of winter driving. Business women realize all jobs need special training so a course was sponsored in Nutley with the combined assistance from the town safety agencies, to help young girls and boys more easily understand the responsibilities of baby sitting. This baby sitters' course was a factor in Tri-Town receiving the coveted Gold Incentive Trophy for first place in the 1961-1962 year.

Through the years Tri-Town has taken an interest in Clara Maass Memorial Hospital, Belleville, helping to furnish a semi-private room at the time of its construction, contributing financially to the nurses home and sponsoring a young girl to be of accomplishment was felt when a nurse,

JAMES A. SKIDMORE, JR.

## Orientation Program Held For New BHS Teachers

On September 23, and September 25, the new teachers in Belleville High School attended an orientation program held in the high school guidance office. The purpose of the program was to describe the functions of the guidance department to the new members of the faculty. The new faculty members met with the guidance staff and with members of the administration in small groups.

The following topics were discussed by the guidance staff and the administration:

1. The handling of discipline by the teachers and by the vice principal.
2. The use of high school developmental records.
3. The activities of the guidance department.

Members of the Guidance Staff who conducted the program are:

Samuel Slikin, Hermann Knuppel, Mrs. John Degnin, Roland Worthington and John Westlake. On September 24th, Belleville High School Juniors and Seniors interested in attending college, met in the auditorium with members of the Guidance Department. After a brief discussion by Austin J. Mac Arthur, vice principal of Belleville High School on the importance of a good high school record was given, Junior and senior Counselors discussed "College Application" and "College Board Entrance Examinations," and "Scholarship Program".

Speakers were Knuppel, senior counselor, Mrs. John Degnin, junior counselor and Samuel Slikin, guidance director.

A question-answer period followed the program.

## Silver Troy Corp. Purchases Heyer Building in Belleville

The David W. Settle Corporation of Newark, N.J., has sold the modern, one-story industrial building located at 500 Cortlandt Street, Belleville, to Silver Troy Corporation.

The building, which stands on a 17,000 sq. ft. lot, was purchased from Heyer Products Co.

One-third of the building has office space, and the rest is suitable for manufacturing.

Silver Troy Corporation is valuing 92 Look Street, Newark, and expects to be at full operation in Belleville sometime in December, according to Samuel Sobel, president. Silver Troy manufactures front surface mirrors and transparent one-way vision mirrors that are made electrically under a vacuum system.

Heyer Products has moved back to its home base of Bangor, Pa.

Attorneys in the transaction

were Lenik & Amoscatto, representing Silver Troy, and Charles Handler, Heyer Products. David W. Settle Corporation, a nationwide industrial realty firm, located at 1180 Raymond Boulevard, Newark, arranged for the erection of the Cortlandt Street building in 1959. At the same time the firm sold to Heyer the Heyer Hosiery building of 175,000 sq. ft. located in Bangor, Pa., and the existing Heyer plant of 50,000 sq. ft., also located in Belleville, to Mansol.

### STATE POLICE EXAMS

Colonel D. R. Capello, State Police Superintendent, has announced the dates for two remaining entrance examinations to be held this year. The written phase of the exam has been scheduled at five locations throughout the State, on October 29 and December 10.

THREE KINDS through calm or storm. They are usually masters of themselves, their surroundings, and their fate.

## Jaycees, Jaycee-Ettes Hear Talk by Skidmore at Fete

James A. Skidmore, Jr., former Belleville and now State President of the N.J. Jaycees, revisited his former friends as guest speaker at the First Annual Joint Jaycee - Jaycee-Ette Installation Dinner Dance, Saturday, Sept. 28th.

Skidmore a Belleville High School graduate (1951), and an ex-Marine captain, is a graduate of Muhlenberg College where he majored in economics and advertising.

He joined the Bell Telephone Co. after his discharge in 1957 as a customer sales representative.

## Seminar Set On Science

Belleville High School has been invited to participate in the Rutgers University - Union Junior College Science Seminar, which will be conducted this fall and winter at Union Junior College, Cranford.

The science seminar, aimed at challenging the high school students intellectually, will be conducted under a \$1,610 grant from the National Science Foundation. A series of eight lecture-discussions is planned from October through March.

Public, parochial and private secondary schools in Union, Essex, Middlesex, Morris and Somerset counties have been invited to participate. The high school will select the participants.

Rutgers University and Union Junior College sponsored a similar science seminar during the 1961-62 academic year. It attracted 151 students from 38 secondary schools in North and Central New Jersey.

The science seminar was developed by a joint committee from the faculties of Rutgers University and Union Junior College. Serving on the committee are: Dr. David D. Denker, assistant to the president, Dr. Elmer Easton, dean of the College of Engineering, and Dr. Albert E. Meder, Jr., vice provost and dean of administration, all of Rutgers, and Dr. Kenneth W. Iversen, dean, and Prof. Elmer Wolf, chairman of the engineering department, both of Union Junior College.

## 14 Local Boys Attending NA

Fourteen Belleville boys are among the 313 young men enrolled at Newark Academy this fall, as the state's oldest preparatory school for boys begins its 129th year. Of these, two are new to the school and twelve are re-enrolled.

The new boys are Kenneth A. Price, son of Mr. Arthur W. Price, 189 Adelaide Street; and Anthony P. Doleish, son of Mr. & Mrs. Frank J. Doleish, 131 Birch Street.

Returning students include Alan J. Gaeta, son of Mr. & Mrs. Albert Gaeta, 36 Clearman Place; Gordon R. Schwerzmann, son of Mr. & Mrs. Joseph Schwerzmann, 76 Smallwood Avenue; James A. Arvidson, son of Mr. & Mrs. Ernest Arvidson, 178 Floyd Street; Van S. Kostowicz, son of Mr. & Mrs. Steven Kostowicz, 507 Greylock Parkway; John and Stanley Janeczko, sons of Mr. & Mrs. John M. Janeczko, 42 Nolan St.; William H. Goodier, son of Mr. & Mrs. Ernest A. Goeckeler, 382 Washington Avenue; Robert S. Good, son of Mr. & Mrs. Harry A. Good, 112 White Oak Terrace; John T. Schuldt, son of Mrs. Arthur J. Schuldt, 101 Crest Drive; Keith Thompson, son of Mr. & Mrs. Norman H. Thompson, 189 Hornblower Avenue; John V. Bono, son of Mr. John J. Bono, 272 Forest Street; Edward A. Woodward, Jr., son of Mr. & Mrs. Edward A. Woodward, 228 Greylock Parkway.

He was treasurer, vice president and president in Point Pleasant; and as a state officer was a vice president and last year, a National Director. At the state convention, he received a plaque as outstanding National Director.

Among his tasks facing him as N.J. State Pres. is to visit the State's 175 chapters. He hopes to add 25 new chapters in the next year—boosting the membership from 7,000 to 9,000.

Other new programs planned are a study of community problems developing as a result of Metropolitan area growth; a training school in political activity offered to communities by Jaycees; a quarterly publication; and a study of high school drop-outs in the state and participation in a Nat'l. Jaycee program.

More than 500 essays, clinics, lectures, films and exhibits will be presented on the program. Designed to present latest developments in dentistry, the scientific program also offers refresher courses in a number of areas related to the profession.

Attendance of more than 18,000 dentists, dental educators, dental manufacturers and guests is expected. The Association last met in Atlantic City in 1956.

**MEETING MONDAY**  
Dr. E. DeAlon Partridge, president of Montclair State College, announced today that the annual meeting of the New Jersey Council on Economic Education would be held at Montclair State on Monday.

# State-Wide CD Alert Set Oct. 22 at 2 P.M.

Belleville will take part in a State-wide Civil Defense exercise October 22, according to Raymond E. Mertz Jr., director of the Belleville Civil Defense Department.

Mertz urged that all residents be ready to participate in this exercise in accordance with the plans announced by Thomas S. Dignan, State director of Civil Defense and Disaster Control.

Mertz said sirens will be sounded at 2 p.m. and the all clear will sound at 2:15 p.m. The public will not be asked to take cover and traffic will not be stopped.

Mertz asked that places which have been marked and stocked as fallout shelters and especially the schools and hospitals, proceed on a limited scale to follow Dignan's plan.

The local control center will be activated at the Recreation House and all Civil Defense personnel are asked to report by 7:30 a.m. Daylight Time.

According to Dignan he and members of his staff chose the anniversary date of the Cuban crisis for a statewide CD exercise. The exercise, added Dignan, is actually the second part of a drill which began in May.

At a meeting held in the Trenton Armory today, it was announced that the sirens are sounded throughout New Jersey beginning at 2 p.m. there will be no public participation other than in schools and industrial areas.

School students will take cover following the 2 o'clock alert and will return to their classes when the alert signal is sounded again fifteen minutes later. Dignan said it is hoped that business and industry will take part in this exercise.

"It is important to note," added Director Dignan, "that traffic will not be halted and pedestrians are not required to take shelter. We are excluding the stoppage of traffic and pedestrian participation to insure the protection of property of private shelter owners, since this is not an actual alert."

The day's activities, stated Dignan, will be divided into two phases. When the second Alert signal is sounded at 2:15 p.m. the first half of the drill will be concluded. The second phase, which will encompass participation by all CD units within the state will commence at 7:30 p.m.

"During this part of the drill, control centers at the local, county and state level will be activated, establishing an immediate communications network throughout the state," said Dignan.

Dignan added that it will be the job of each county coordinator to set up disaster problems for local units. The problems will consist of simulated nuclear bomb damage and radiation hazards.

"I think it is of the utmost importance," said Dignan, "that two main points of the upcoming exercise be stressed continually. First, that when the Alert is sounded at 2 p.m., October 22, traffic will not be halted and second, the public is not required to take shelter."

Firemen Respond To 16 Fire Runs

Six brush and rubbish fires caused more than one-third of the Belleville Fire Department calls last week in which the firemen responded to 16 fire runs and 18 ambulance runs.

In addition to the six brush fires, firemen were busy with two false alarms, one auto fire, one call to wash away gasoline, one oven fire, one electrical fire, one lock out, one overfilled boiler, one gas leak and one bomb scare.

## Plan Veteran's Day Parade

Mapping plans for a Veteran's Day parade, scheduled November 10 at 3 p.m. at a recent meeting of the Belleville Veterans Council were (standing, left to right) John Nagy, George Mitchell, Nicholas Raimo, Mike Marotti, John Freda, Pat DiAngelis (seated) Jim Leary, chairman James LaMotta, and Al Chiappinelli, representing the Veterans of Foreign Wars, Post 275; Belleville Post-105, American Legion; Barbone Mosco Post, Italian American Veterans, Post 6265; Veterans of Foreign Wars, Post 26; The Amvets; Post 299, American Legion; Absent when the photo was taken was the Belleville DAV.

## Post Office Offers Youths 'Junior Astronaut' Stamps

Newark's Acting Postmaster, Joseph J. Benucci, said all school children will become "Junior Astronauts" and receive a free certificate signed by America's seven "Mercury Astronauts" when they buy U. S. Savings Stamps from either their school or the post office.

A letter, received from William H. Neal, National Director of the U. S. Savings Bond Division, commended Acting Postmaster Benucci for successfully promoting the sales of U. S. Savings Stamps and also announced the "Junior Astronaut" plan.

Benucci is proud of his department's service in selling the stamps and recommends that not only children but everyone buy them for their security and the future of their Country. He said our young people can become acquainted with the workings of their government and their duties and privileges as citizens. "They can build for a better

## Welfare Council To Hear Oberg

Albin H. Oberg, executive director of the Clara Maass Memorial Hospital, will be the speaker at the meeting Monday night of the Belleville Community Welfare Council. His topic, according to Council Chairman, Alan Bernstein, will be "Belleville and the Clara Maass Hospital." The meeting will take place at 8:15 p.m. in the De Witt Savings and Loan Ass'n.

Oberg has a master's degree in hospital administration from Northwestern University. He is a fellow of the American College of Hospital Administrators and is Trustee of the N.J. Hospital Association.

During the business session, Dr. Jack Grundfest will give a progress report on the Public Health Services Section of the Belleville Community Survey. The public is invited.

## GOP Women To Act Against Bond Proposal

Mrs. Walter T. Margolis, Jr. of New Vernon, president of the New Jersey Federation of Republican Women, Inc. announced today that the eighteen thousand members of the group through their club presidents are mobilizing to defeat the \$750 million bond issue on the ballot November 5th.

Mrs. Margolis said, "I am sure that when the voters, especially the women of New Jersey, realize the unsoundness of the Governor's proposal that they will vote one hundred percent against it. They will refuse to accept the burden of this gigantic, impractical debt."

"The Governor's Propaganda amounts to tons of literature try-

ing to confuse the people of New Jersey on the true money needs of our state. He proclaims the need for additional institutions and care for the mentally retarded, while actually only \$60 million is earmarked for these needs. This amounts to 8 cents out of every dollar of the total bond issue. Yet the Governor would like us to believe that this real concern is the institutions. No one will deny that the need is there and must be met.

By Frank Walosin CLASS WILL TELL: YANKEES IN SIX

This is the time of the year when Americans forget their problems and instead of worrying about how to pay the rent or meet the next payment on the car, turn their attentions to only one thing: Who is going to win the World Series?

Everyone picks the winner and even the Communists and the war in Viet Nam take a conversational backseat to the possible physical condition of Mickey Mantle and Roger Maris, or, who is Walter Alston going to start on third base?

We decided to kick off this column by joining in the fun. After wipping off about eight years of dust from our crystal ball and remembering baseball consists of only three points—hitting, pitching and fielding—we see the Yankees sending the Dodgers back to Los Angeles with only the loser's share of the loot after the sixth game.

Try as we might, the only edge we could give to the Dodgers was in pitching and all of this advantage was wrapped up in one package—Sandy Koufax. Even this is razor thin when you look at more than this season's record. The Yankees' Whitey Ford is a pitcher who has to take a backseat to none when it comes to winning a game that puts a little extra green in his bank account.

Behind Koufax, the Dodgers will parade Johnny Podres and Don Drysdale of that "Greasy Kid Stuff" fame. Podres gave us our happiest moment in World Series memories back in 1955 when he beat the Yanks twice to give the Dodgers (then the Brooklyn variety) its first World Championship. However, Podres is an in-and-out-er and can be depended upon to let his followers down just as quickly as he became the hero with his two surprise victories in 1955. Drysdale is a big-winning, fast ball artist, who can be awfully tough when he is going well, but can look like a Class C pitcher in the majors against a good fast-ball hitting team, which the Yankees are.

The Yankees will counter Podres and Drysdale with Al Downing and Jim Bouton. Ralph Terry will be sitting in the bullpen awaiting a cry for help and can expect to see a lot of action in the series. The Dodgers will have Ron Perranoski of Fair Lawn, N.J., in their bullpen and he also appears to give the Dodgers a slight edge in this department. However, figuring that while Koufax can strike anyone out, he usually gets hit by someone and with the speed of his tosses added to the swing of a bat the hits count as runs awfully easy. Ford may be hit a bit more often, but in the clutch he would get most fans' votes over fireballing Sandy.

When it comes to hitting, fielding, teamplay and spirit, the Yankees have it all their way. With Mantle, Maris and Elston Howard swinging the big bats and Yogi Berra and Johnny Blanchard on the bench, its hard to even mention the likes of Frank Howard, Tommy and Willie Davis and Ron Fairly in the same breath. Counting last Friday's games the Yanks slugged a total of 187 home runs for the year against 109 for the Dodgers. In a short series the long bomb tells.

As far as fielding goes, the Yankees are gloves ahead of the Dodgers, making only 109 errors to 137 for the Dodgers. Take the positions man for man and, except for Koufax, it looks like all Yankees on the field.

The Dodgers do have an edge in speed, but only on the base paths. Look at the outfield speed and the Dodgers with either Frank Howard or Ron Fairly in the pasture has a big deficit, the kind of deficit that the Yankees always turn into defeat for their opponents.

The Yankees also have the habit of winning on their side. Playing in 27 series the Yankees have won 20 and lost only 7 for a winning percentage of .741. The Dodgers have been in 12 series and have won only two while losing 10 for a percentage of .167. In the seven times previous that the two teams have faced each other in the jack-pot of baseball the Yankees hold a 6-1 edge.

Taking a second look at the picture and adding in the blue-chip qualities that have made the wearers of the pin stripes champions for decades, the Dodgers will be lucky to get into the sixth game, one slip and the Yankees could take it in five.

MIDWEST CHAMPIONSHIP SHAPING UP IN NFL

Turning to the National Football League, as many TV and paying customers have done the past three weekends, it comes as a shock to all but the closest observers of the game that the title contest could easily be all mid-western in flavor with the Chicago Bears playing the Cleveland Browns.

While it's still early in the season, it is almost too late for some of the teams. Although anything can happen in pro football for this loss of one man can change a picture, the Chicago Bears, with victories over Green Bay and Detroit as well as Minnesota, can just about start figuring what relatives and friends they are going to give tickets to the championship game.

In the Eastern Conference it is a little tougher, but the Browns (Jimmy) going well, seem to have the edge. The Pittsburgh Steelers are a good rugged team and could have a say in the title picture. However the type of ground game they use can be depended upon to send several of their starters off the field with injuries. Once they lose a few of the regulars they will be just another team.

The New York Giants are also still in the title picture, but they will have to trade for another quarterback before they can really be given a good shot this year. Y.A. Tittle weaves a magic spell over the Giants when he is leading them and they look like world beaters. However, the league is tough and opponents know that by removing Tittle they can have things just about by their way. We don't think Lady Luck can spare that much of her charm to figure Tittle can escape without injury for the rest of the season. Griffing has too far to come.

Bad Punt Sets Stage For Loss

(Special To The Times)

EAST ORANGE—A depressed Tom Testa said lack of an effective offense led to the downfall of last Saturday, 13-6, at the hands of East Orange's football team here.

I thought we were ready for East Orange, but after this I guess we weren't," a dejected Testa said.

Oliver Hurts

A fellow by the name of Jim Oliver struck out like a thorn in the Bellboys defensive alignment. The slick running halfback virtually broke their backs by tallying twice on runs of two and three yards, but it was his in-between performance that broke a 9-6 tie in the fourth quarter.

With the score tied in the waning minutes of the hard-fought contest, Bob Cowan got off a booming 51-yard punt that landed on the Belleville six-yard stripe.

After the Bellboys failed to penetrate the East Orange line for a first down, they were forced to punt. The winners put on a good rush and kicker Tom Greco just did not get the punt off. It was on-side and partly blocked, landing on the Belleville 25.

This was the turning point. On the first play from scrimmage, Panther signal-caller Ryland Powell connected with end Bob Cowan. The Panther caught the strike at the 15 and ran it down to Belleville's seven before being stopped.

After a couple of running plays brought the ball inside the two, Powell then called upon Oliver to ball his way the remaining yards to paydirt. This was the deciding touchdown.

First Blood

The Bellboys drew first blood in the first quarter after an exchange of punts. With the piskin on their own 47-yard line, the losers struck fast. In three short sequences, Testa's aggressive lads went goalward.

The highlight of the drive was a 17-yard, pass-run play from quarterback Frank Pomaco to flanker C. back Greco. Pomaco stepped back and fired a bullet to Greco cutting across the middle. The fleet-runner grabbed the strike on the 16 and jitter-bugged his way past would-be tacklers to the goal.

Greco Scores

This particular maneuver had the 7,000 fans on their feet when Greco scampered the remaining 16 yards. The conversion attempt went wide of the uprights and Belleville was content with a 6-0 advantage.

Midway through the second stanza the Bellboys had another march brewing. For a moment it looked like another TD in the making, but a stout-hearted East Orange line held ground inside their own 10 to take over on downs.

The Bellboys moved 63 yards in eight plays only to have the opponent stall the scoring attempt. Pomaco mixed his perfectly until the last 10. Everything seemed to go wrong at this juncture. A mixup in the backfield and failure to open daylight for the runners proved to be a vital factor in their failure to push across.

Panthers Strike

After intermission, the Panthers struck with vengeance to deadlock the score.

Belleville wasn't able to move the piskin with consistency in the final period. It looked like both teams would end up in a tie until that fatal punt turned the tide.

The score:

Belleville 6 0 0 0—6  
East Orange 0 0 6 7—13  
Belleville scoring: Greco (47-yd. pass from Pomaco) (PAT failed)  
East Orange: Oliver 2 (3, 2 yd. plunges) (George placement)  
Officials: Cella, Schaible, Li-Brers, Stanzel.

Luzzi Scores

Lewisburg, Pa.,—Richard Luzzi, 167 lb. linbacker from Belleville, N.J., sparked the Greenbrier Military School offensive as the Fighting Cadets won their opener from Hargrave M. A., in a Virginia Military Schools League game here Saturday by the score of 14-12.

The Belleville youth took a Hargrave punt on his own 40, threaded his way carefully for 20 yards behind good blocking, broke into the clear, and went all the way for the opening TD. He then kicked a perfect placement for the point.

He leaped high to knock down a Hargrave pass which Dick Staten caught and converted into a 34-yard TD run for Greenbrier's second TD, and again Luzzi kicked the point.

His two kicks spelled the difference in a close game.

Cops Season Opener

John Nappitano of Newark East Side (20) battles two Nutley defenders for a pass which fell incomplete. Nutley started off the season by nipping East Side, 21-20.

Junior Bellboys Tumbled By East Orange, 14-12

By RAY FERSKO

The Belleville L.V.'s had their season opener on Monday and lost, 14-12 to a tough East Orange squad.

East Orange received the opening kick, but couldn't move against the blazing Blue and Gold defense. The Panthers punted and Belleville took over on their own 49. From here the Bellboys, sparked by a 44 yard run by Walt Phibbs, patterned down field for the rally. Phibbs scored the touchdown on an end sweep. The extra point failed.

In the second quarter Belleville again kicked off, but this time the defense was floating and East Orange continually hit the dive holes until they reached pay dirt. The score came on a fullback drive. A quarterback sweep off left end was successful and the conversion was good. This the Panthers took a 7-6 lead with two minutes left to the half.

Belleville received the kick in the second half. Phibbs took the kickoff 83 yards for a touchdown. Phibbs' run was a highlight of the game, as he swirled tipped down the middle, over to the right, and then across the goal for 6 points. The extra point, which was slightly wide, was attempted by Gus Mattoon.

For the remainder of the third period, both teams continually gained and lost possession of the ball.

In the fourth quarter the Blue and Gold kicked off and Jones ran the ball up to the 50 where East Orange continually marched to the goal post, by a quick series of trap plays off tackle.

Bernard E. O'Connor Salutes PETER STRUMOLO

Outstanding player

East Orange Game September 28, 1963

Pete Strumolo showed Belleville fans his exceptional defensive ability; a spark plug to his team mates.

Belleville Marine Captures International Rifle Crown

FORT BENNING, Ga.—On his way to becoming the United States' International three-position smallbore rifle champion, Sgt. David I. Boyd, II, of Belleville, N. J. shot through to four individual championships.

In winning his individual laurels he anchored his Marine Corps smallbore rifle team to a second place in the Interservice team championship during the Third Annual Armed Forces International Shooting Competition held at Fort Benning Sept. 9-23.

The smallbore rifleman whose parents, Mr. and Mrs. John D. Boyd, live at 16 Essex Street, in Belleville, blazed his way past a field of more than 50 of the nation's finest international-type riflemen to win the U. S. championship with 3,497 points out of a possible 3,600.

Other titles won during the competition were the Interservice three-position smallbore rifle championship, the U. S. standing position smallbore championship, and the Interservice kneeling and standing championships.

Assigned to the Marksmanship Training Unit at Quantico, Va., Sgt. Boyd is stationed at Fort Benning, as a member of the Marine Corps International Rifle Team.

While a member of the Fort Benning based unit, Boyd shot on the Gold Medal winning team at the Pan - American Games in Sao Paulo, Brazil, in the International three-position smallbore rifle match.

Another laurel to his credit was his win in the four-position scope match at Camp Perry, Ohio, this year during the National Rifle and Pistol Matches.

Upon entering the Marine Corps after being graduated from Belleville High School in 1958, Boyd had done some previous practicing with the rifle but had entered no competition.

David I. Boyd, II, — Rifle Champion

The Marine Corps got him gallery.

Boyd and his wife, the former Miss Judith Masters of Belleville, and their two-month-old shooting gallery firing and in that son, John David, II, are now resame year won the Virginia state siding in Columbus.

## Suburban Women's Race Looks Close

Another bowling season is underway, and as is typical of the Suburban Women's League, the teams are bunched together in what looks like another close race.

Kavanaugh's registered the only clean sweep of the evening as Ida Palenski (302) led her team in the victory over Betsy Ross Beauty Shop. Marie Hopper has 486 in a losing cause. Paced by Elaine Savino's 544, Menckies Market took 3½ games from Stalmores. Odd game victories were won by LeFlor over the Jeletes; Prudential from LaMonica's; Sawicki over Brookdale Beverages; and Gustin's bested Costa's Delicatessen.

Other nice series for the evening were: June Brickman, 474; Mary Chmura, 465; Vera Gustin, 466; Eve Sawicki, 466; Peg Ihde, 468; and Ann Dalton, 500.

## Texaco, Kondrecks Pace Pin League

The ball was hitting strike-village during Mayor Laterza's Twin Major League bowling action Monday night at the Olympic Bowl.

Nicks Texaco and Kondrecks Studio teams racked up the highest scores with 1076-2889 and 1033-2873, respectively. Andy's Sport Shop swept all its games while Parkview House, Kearny Lanes, Central Auto, Wilbur Diner and Duxco garnered the odd game.

Andy's Sport Shop and Nicks Texaco share the top rung with 7-2 records.

Tom Bishop and Lloyd George paced the individual scorers with 245-666 and 256-617, respectively. Karl Hertz (237-620), Martin Pero (212-617), B. Guerriero (225-616), G. Mornat (207-613) and B. Henwood (287-607) followed in that order.

## GUN SHOW SCHEDULED

A collection of rare firearms dating from the Revolutionary War through World War II will be displayed by the New Jersey Arms Collectors' Club at its annual two-day show on Saturday and Sunday, October 12 and 13. Many of the items from collectors and dealers' stocks will be offered for sale at the show, which will be held at the Veterans' Community Center, South 21st Street, Kenilworth, N. J. In addition to sales, trades will be permitted in the line of antique arms, armor, swords, flasks, uniforms, literature and other allied items.

## You and Your Insurance

(A public service column about all forms of insurance.)

### WHAT HAPPENS IF YOU DISAGREE WITH YOUR INSURANCE COMPANY?

All the property and casualty insurance companies that an independent insurance agent represents are honest and forthright in paying claims. But insurance is a complicated business. And, as in other phases of life, honest differences of opinion do arise.

If you should ever disagree with your insurance company, you would look after your interests? If you yourself are not a professional insurance man, you would certainly be at a disadvantage. If you deal directly with the company, you must be prepared to be your own spokesman.

This question need never arise. The solution: buy insurance only through an independent insurance agent. He represents not just one company, but several companies, which enables him to select the company and policy best suited to your needs. And if a difference of opinion ever arises between you and your insurance company — and such differences can add up to many thousands of dollars — he represents your interests to the best advantage.

This column will be glad to answer questions you may have about property and casualty insurance. Send them to:

## Bowling Champion

Kitty Vivona, center, of Belleville, one of Essex County's foremost lady bowlers, this week earned top honors for individual scoring in the New Jersey State Women's Bowling Association's State Championship tournament held at New Colonial Lanes, Trenton. She had high game of 257 and high series of 627 in the event, team honors of which were earned by the Bergen County squad. The competition pitted the five highest average lady bowlers of each of the state's counties against each other. Presenting her with her awards are Harold Kelly, left, and Peter Vandercliff, right, managers of the host bowling establishment.

## Olympians In Junior Pin 3-Way Tie For First

A three-way tie for first place developed in the Olympian Bowling League last Thursday.

Costa's Delicatessen jumped from 4th to 1st place by taking 3 games from Carl Orloff Real Estate & Insurance. Home Owners Lumber tied first place by taking 1 game from White Oaks Pharmacy. Also tying for 1st place was Gantner's Hardware by taking 2 games from Nutley Sun. Fifth place, Mike's Cities Service took 2 from Rose Reilly Real Estate Agency and Barbome's Chevron took 2 games from A & F which put them in 8th place.

## Hunters Successful, Report Shows

TRENTON — New Jersey hunters, with 64,805 hunters, a ton year high. The estimated bag dropped to 141,430, a ten year low.

The quail harvest rose sharply to 80,550 birds, a ten year high. The number of quail hunters dropped slightly to 35,510. A 23 per cent rise in the number of quail hunters over 1953 attests to the fact that more hunters are taking advantage of the Garden State's fine bobwhite hunting.

Postcards were mailed last spring near the end of the small game season to 7,173 randomly selected licensees. Better than 90 per cent of the sample responded. Hunters were asked whether they had hunted for pheasants, rabbits, quail, grouse, squirrels, ducks or brant during the 1962-63 seasons and how many they had bagged. They were also asked whether they had hunted deer and whether they had attempted to trap fur-bearing animals.

Using modern statistical methods, Biometric Analyst Charles Wright is able to protect the questionnaire responses to obtain a highly accurate estimate of the number of hunters for each species and their total harvest.

### GAME BAG DROPS

An estimated total of 143,698 hunters sought the seven small game species last fall. The bagged an estimated total of 883,750 birds and animals, a drop from 1961-62 when hunters bagged over a million birds and animals.

The greatest number of hunters, 12,385, sought deer. A report on the 8,197 deer legally killed during the 1963 fall season was compiled earlier.

Pheasants ranked first in popularity among small game species. An estimated 106,855 licensed nimrod hunters ringnecked, a ten-year high.

The total bag of pheasants is estimated at 246,815, about the same as in 1961-62. Nearly 75 per cent of the pheasant hunters reported getting one or more birds in each of the last two years. This may be expressed as odds of 3 to 1 in favor of hunter success.

Rabbits were first in total harvest with 327,965 and second in popularity, having 107,685 hunters. The bag was a ten-year low for cottontails.

Quail hunters were subject to sharp fluctuations in popularity. Squirrel hunting rose in popularity.

With to get into the activities to have a mid-year starting point. An added incentive for good attendance is offered in the form of weekly trophies for the high girl's and boy's league series. The Junior Bowlers are given reduced rates and free shoe rental by the lanes.

Teams desiring sponsors will be entirely on their own in getting them.

The Recreation - Kiwanis Junior Bowling Leagues were begun in 1958 at the Branch Brook Lanes, with the building of Olympic Bowl and the great increase in bowling the leagues soon grew to fill both of the Belleville establishments. Nearly a thousand youngsters, boys and girls have learned the very thrilling and very social sport of bowling through this program.

## Spirit of '76 Set Saturday At Freehold

FREEHOLD — Freehold Raceway is down to its last two big events of the third annual historical series.

The \$7,500 Spirit of '76 Pace will feature Saturday afternoon's (Oct. 5) card and the \$10,000 Molly Pitcher will be in the main event of getaway day Saturday, Oct. 12.

Designed to memorialize great battles of the Revolutionary War, the historical series runs each Saturday during Sept. and Oct. An immediate success after its introduction in 1961, the series has grown in stature with each succeeding year.

The Spirit of '76 carries a special interest. It was in the spirit of this event that Hal Sampson won it in record time of 2:00.3.5. Hal Sampson, however, no longer holds it alone. Fly Fly Byrd equaled the mark in winning the feature August 31.

Stanley Dancer, trained horses have been the biggest winners in the historical set. Vernon Dancer was in the sulky when Stanley's Adios Ronnie won the Lafayette Pace, which inaugurated the series. Stanley came back to win the second event, the Washington Pace, behind Egyptian Pride.

Other top reinmen who have competed in the series this meet are Bob Farrington, Jimmy Cruise, Buddy Gilmour, John Chapman, Harold Dancer, Jr., Anthony Abbatello, Billy Haughton and Bob Cherris. Farrington recently tied the record for wins in a single day when he went six for six to equal a mark set by Cruise in 1954. He also set a new mark of 47 victories in a single season at Freehold, breaking his old mark of 46 established in 1960.

Freehold will continue on a 2 p.m. first post through the hall of the meeting. Daily Double action closes at 1:45 and Twin Double windows open immediately after the second race is official.

## Pvt. Guancione Serves at Dix

RALPH S. GUANCIONE

PORT DIX, N. J. — Private Ralph S. Guancione, 19, has been assigned to K. Company of the 2D Training Regiment for eight weeks of basic training in conjunction with the 1955 Reserve Forces Act.

During his training Guancione will serve on active duty for two weeks of training and then be transferred to hometown duty with an Army Reserve on National Guard Unit.

After the initial eight weeks, he will receive a two week leave and then enter eight weeks of advanced individual training here: be enrolled in one of the specialist schools here or be sent to another Army post for advanced training.

## Class of 1928 Plans Reunion

Belleville High School's Class of 1928 will hold a thirty-first anniversary reunion dinner at the For-Hills Restaurant on Saturday evening.

Miss Minnie Kayhart, of Boonville, retired high school teacher, will be guest of honor.

Co-chairmen Allan Crisp and Dorothy Boyd Dunn have 52 reservations from class members, husbands and wives, representing six states and 21 communities.

LOTUS-FORD

From the ear-splitting roar of the speedways... comes Ford's solid, silent total performance '64

Beautiful new 1964 Super Torque Ford—one of 16 models

Crowning our triumphs in open competition, we Ford Dealers now invite you to test-drive our new line of born winners—the '64 Fords, Fairlanes and Falcons!

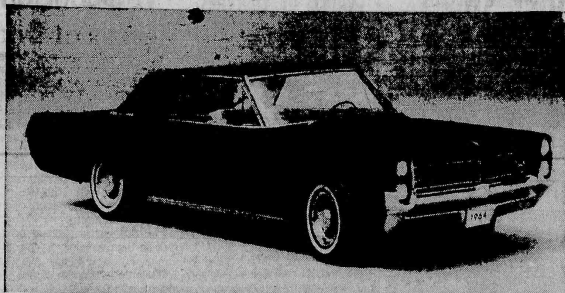

Speedways are tough ways to measure a car's total performance—not merely its speed alone but its ability to stand up and take it, mile after pounding mile. Ford's record in races, rallies and economy runs has bred into the '64 Fords a new kind of performance—total performance—to give you the winningest combination ever of ride, ruggedness and response! Come in soon and try one yourself!

TRY TOTAL PERFORMANCE AT YOUR FORD DEALER'S

GEORGE H. MEAD, INC.

515 WASHINGTON AVENUE

BELLEVILLE, N. J.

**STYLE LEADER**—Heading Pontiac's parade of 1964 cars is this Grand Prix sports coupe above. With its "over and under" headlamps and new rectangular front parking and turn signal lamps, the Grand Prix commands immediate attention. From every angle the Grand Prix uses its clean lines to suggest a longer, lower, wider look. The profile is highlighted by a thin roof line and large concave rear window. Floor console, bucket seats and special instrument-panel treatment add a sports car flair. The 1964 Pontiac Catalina four-door sedan below is completely restyled while retaining a strong Pontiac identity. In addition to new styling, colors and interiors, the 1964 Pontiacs feature a wide range of high-performance V-8 engines, improved suspension system and a complete group of accessories for added safety and comfort. Other Catalina models are a two-door sedan, a two-door sports coupe, a four-door hardtop, a convertible and six and nine-passenger station wagons.

## Pontiac Shows Grand Prix at Dealers Today

Again this year the 1964 Grand Prix sports coupe is a leader in Pontiac's pacesetter parade of styling and engineering features.

The Grand Prix maintains its popularity by combining sports car flair with luxury overtones to provide a new exclusiveness in performance and prestige that is unmatched by other models.

E.M. Estes, General Motors vice president and general manager of Pontiac Motor Division, calls this year's Grand Prix "the result of a new concept in styling and engineering design that conveys a fresh, clean appearance."

Viewed from any angle, the Grand Prix sports coupe uses its clean lines to suggest the longer, lower, wider look.

The Grand Prix will go on display in Pontiac dealer showrooms today.

Marked by its twin grille, "over the top" conceals the tail lamps. Centered along the lower deck lid is the Grand Prix name in block letters.

Exterior acrylic lacquer finishes are offered in 15 colors with Pontiac's "thermal reflow" paint process used to insure a finer and more durable finish.

The 1964 Grand Prix interior is a style center in its own right. Eight interiors are offered along with completely new styling to bring out all the desirable fea-

## Eleven Models Offered By Cadillac for 1964

New standards of performance, comfort and convenience are coupled with unmistakable Cadillac styling in the 11 models that make up the 1964 line up.

The performance gains result from a new engine and a new transmission, while the comfort and convenience story for 1964 is highlighted by the first fully automatic year around conditioning system ever offered in an automobile.

Harold G. Warner, general manager of Cadillac and vice president of General Motors, in announcing the 1964 models said they would appear in dealers' showrooms on Thursday, October 3.

The 11 models, one less than last year, are realigned into three series: three models are in the Sixty-two series; four models, including the convertible, are in the de Ville series; and four models in the Fleetwood series. The short-deck sedan is discontinued.

Overall length is increased one-half inch to 223.5 inches on nine models and 243.8 inches for the Seventy-Five Sedan and Limousine. Other exterior and interior

features to an even greater degree. Bucket seats are standard equipment and bench seats are available on special order.

dimensions remain unchanged. One high performance V-8 engine is standard in all models. Displacement is 429 cubic inches, a boost of 10 per cent, and horsepower is up from 325 to 340.

Two automatic transmissions are offered in 1964—the Hydra-Matic and the new Turbo Hydra-Matic.

The Hydra-Matic is modified to adapt to the high performance engine and is offered in the Sixty-Two series and the Seventy-Five Sedan and Limousine.

The Turbo Hydra-Matic, introduced this year in the de Ville series, the Sixty Special Sedan and the Eldorado Convertible, is a Hydra-Matic transmission in which a torque converter replaces one of the geared ratios.

An industry first in the areas of comfort and convenience is Cadillac's new Comfort Control, a completely automatic heating and air conditioning system. The driver merely sets a dial thermostat on the instrument panel and Comfort Control does the rest, supplying cooling or warmed conditioned air at the temperature specified.

Front and rear styling changes reflect the appearance of greater size and breadth while the low profile, long and unbroken, is accentuated by lowered Cadillac tail fins.

## New Oldsmobile Models On Display Tomorrow

**LANSING:** With the availability of a V-6 engine in the F-85, and with the introduction of the new Jetstar 88, customers will be able to buy an Oldsmobile for less in both the low price and medium price fields, it was announced today by Oldsmobile's general manager and a vice president of General Motors, Jack E. Wolfram.

"And, too," Wolfram said, "for the sixth consecutive year, list prices for 1964 Dynamic 88's, Super 88's, Ninety-Eight's and Starfires remain constant."

"We have been able to hold our price levels," he said, "despite the many added product values built into every 1964 Oldsmobile in interior and exterior styling, performance, comfort and reliability."

"An excellent example of added product value," Wolfram continued, "is the totally new 1964 F-85 with slightly lower prices. It is a somewhat bigger car for utility, more leg-room, headroom and entrance room. With the V-6 or the new high performing Jetfire Rocket V-8 engine, it is more car for the money than ever before."

He said that Oldsmobile's 1964 list prices range from \$2126 for the F-85 Club Coupe (equipped with the V-6 engine) to \$4340 for the Starfire Convertible.

Wolfram also announced list prices for the new models Oldsmobile is introducing this year. The Cutlass Holiday Coupe, the top sports model in the F-85 line, lists at \$2534. The new medium-priced Jetstar 1, with bucket seats, console and Starfire engine as standard equipment, carries a list price of \$3280.

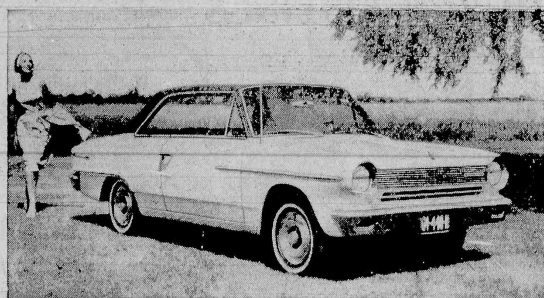

"Prices," Wolfram said, "begin at \$2864 for the Celebrity Sedan in the new Jetstar 88 series, lower-priced companion to the Dynamic 88 and Super 88."

"Jetstar 88 customers," he continued, "will also find the price of some major equipment items, such as the automatic transmission and power steering to be lower than on other full-size Oldsmobiles."

Oldsmobile's popular Tilt-Away steering wheel, which gives the driver a choice of seven different steering column positions, is available as an extra cost option for the first time on all F-85 models. Its list price is \$40.

The new Oldsmobiles will go on display in dealer showrooms tomorrow.

## 1964 Rambler Americans Unveiled

The all-new 1964 Rambler American series includes two hardtop models—the 440 and the 440-H—which are longer and lower than 1963 models and feature fastback rear pillars. A 138-horsepower six-cylinder engine is standard on

the 440-H models and optional on other Americans. Also available are convertibles, sedans and station wagons. The 1964 Rambler American models have full six-passenger room. They go on show-room display October 3 at Rambler dealerships.

**DETROIT**—American Motors recently announced its newest version of the original compact car that touched off major changes in the automobile industry. The 1964 Rambler American is wholly transformed in appearance, with its first complete body change since the series was introduced in 1950. Its overall length has been increased from 173 to 177 inches, with all of the added inches "going into greater passenger comfort and more usable space and none into overhanging sheet metal," according to Thomas A. Coupe, vice president of automotive sales.

"For example, hiproom in the rear seat has been increased 12 inches and cargo space in station wagons increased nearly 20 per cent," Coupe said. "The superior balance in the new design has also resulted in greatly improved riding qualities."

"While interior room has been greatly increased through important body changes, the American's common-sense balance in economy and performance continues to be emphasized in the new design," Coupe said. "The total American concept is a car specifically designed to meet the growing demand for personal transportation with more convenience and luxury features."

## Terzo Serves At Fort Dix

A special enlistment opportunity which makes it possible for former servicemen to get back their old NCO stripes will go into effect throughout the 50th Army Division and in all New Jersey Army National Guard Non-Divisional units, October 1. Announcements of this new policy was made by Major General Edward O. Wolf of Short Hills, Commanding General of the Jersey Blues.

The new program gives the former serviceman the unusual opportunity of getting back into military service on a "Try One" basis. The enlistment is for just one year.

"The idea," says General Wolf, "is to bring into the Guard former noncommissioned officers and specialists whose skills we can use. To introduce the New Jersey Army Guard to those who may not be familiar with the operations of the Guard, and therefore three or four years, we are offering a one year enlistment."

Authorized by the Department of the Army recently, "Try One" provides the means for enlisting men in the Army Guard in the highest grade previously held on active duty or in the reserve forces in any branch of the service. Men coming in under this program will get full credit for former service in the computation of drill and field training pay.

All Armories in the State have been given instructions on the details of this program and during the next nine months it is anticipated that NCO slots will be open for approximately 500 Garden State veterans volunteers.

**ENROLLMENTS TOP 14,000 AT SIX STATE COLLEGES**

TRENTON — Fall undergraduate enrollments at New Jersey's six state colleges reached a new high of 14,042. This is an increase of 1,382 students or 11 per cent over the 1962 totals. Montclair reported the highest enrollment of 2,787 including a record 1,005 freshmen, 61 sophomores, 563 juniors and 566 seniors. The largest freshman class in previous years was the 765 freshmen at Glassboro last year.

Institute, 67 Church St., Montclair, Pilgrim 4-6770. The office is open from 9 until 12 noon.

## Unity Concert Opening Show Slated Oct. 20

The remarkable success of the American Ballet Theatre will be revealed Sunday afternoon, October 20, at 3:30 in the Montclair High School Auditorium. This is the opening program on the Unity Concert Course for the 1963-64 season.

Under the co-direction of Lucia Chase and Arthur Smith, the company has won an international reputation for its quality of the country's foremost scenic designers, has created outstanding sets for all branches of the American Theatre. Some of its more noteworthy scenic attainments in various fields include "Fall River Legend" for the ballet, "Oklahoma" for motion pictures, "Auntie Mame" for the drama, "My Fair Lady" and "Camelot" for musical comedy, and "La Traviata" for opera at the Metropolitan. Mr. Smith has been co-director of the American Ballet Theatre since 1945.

The orchestra will be under the direction of Mr. Walter Hagen, formerly of the Metropolitan Opera orchestra.

The solo dancers include: Toni Lander, Royce Fernandez, John Kriza, Dianne Richards, Ruth Ann Koesen, Sallie Wilson, and Eleanor D'Antonio.

This combination of scintillating stars, lavish decor, and unrivalled corps de ballet will provide an exciting and unforgettable afternoon in the theatre of the dance.

Other events on the series include: Robert Casadesu, pianist, Nov. 1; Giorgio Tozzi, bass-baritone, Dec. 8; Isaac Stern, Violinist, Jan. 10; The Zurich Chamber Orchestra, Feb. 23; Houston Symphony Orchestra, Mar. 6; New York Pro Musica, April 10; and Vronsky and Babine, two-piano team, May 1. Series tickets are \$14, \$19, \$25 and \$35. For reservations and further information call Miss Barbara Russell, director, Unity.

## Jersey Blues Offer Vets Special Hitch

A special enlistment opportunity which makes it possible for former servicemen to get back their old NCO stripes will go into effect throughout the 50th Army Division and in all New Jersey Army National Guard Non-Divisional units, October 1. Announcements of this new policy was made by Major General Edward O. Wolf of Short Hills, Commanding General of the Jersey Blues.

The new program gives the former serviceman the unusual opportunity of getting back into military service on a "Try One" basis. The enlistment is for just one year.

"The idea," says General Wolf, "is to bring into the Guard former noncommissioned officers and specialists whose skills we can use. To introduce the New Jersey Army Guard to those who may not be familiar with the operations of the Guard, and therefore three or four years, we are offering a one year enlistment."

Authorized by the Department of the Army recently, "Try One" provides the means for enlisting men in the Army Guard in the highest grade previously held on active duty or in the reserve forces in any branch of the service. Men coming in under this program will get full credit for former service in the computation of drill and field training pay.

All Armories in the State have been given instructions on the details of this program and during the next nine months it is anticipated that NCO slots will be open for approximately 500 Garden State veterans volunteers.

## Lowack Begins Training at Dix

PORT DIX, N. J. — Private Richard R. Lowack, 22, has been assigned to E Company of the 4 Training Regiment for eight weeks of basic training in conjunction with the 1955 Reserve Forces Act.

During his training Lowack will serve on active duty for six months of training and then be transferred to hometown duty with an Army Reserve on National Guard Unit.

After the initial eight weeks, he will receive a two week leave and then enter eight weeks of advanced individual training here; be enrolled in one of the specialist schools here, or be sent to another Army post for advanced training.

Prior to his arrival at Fort Dix on Aug. 6, 30th Thomas P. Terzo, son of Mr. & Mrs. Anthony Terzo, 358 Jerusalem St. Belleville, N.J., graduated from Belleville High School.

Enrollments at New Jersey's six state colleges reached a new high of 14,042. This is an increase of 1,382 students or 11 per cent over the 1962 totals. Montclair reported the highest enrollment of 2,787 including a record 1,005 freshmen, 61 sophomores, 563 juniors and 566 seniors. The largest freshman class in previous years was the 765 freshmen at Glassboro last year.

Institute, 67 Church St., Montclair, Pilgrim 4-6770. The office is open from 9 until 12 noon.

## Council of Churches Backs Rights Program

The General Board of the New Jersey Council of Churches last week passed a resolution backing President Kennedy's civil rights program at a meeting at Baptist Headquarters, 231 Main Street, East Orange.

The resolution said: "Resolved that the General Board of the New Jersey Council of Churches records its shame and horror at the murder of six negro girls and boys in Birmingham, Alabama on September 15th and its conviction that in this critical area of civic rights a policy of leaderless drift is bound to be disastrous. We therefore, urge Congress to promptly enact the President's civil rights legislation, and state and local authorities everywhere to embark upon a strong positive policy of equal rights for all Americans. We urge our constituent Churches to communicate with their Congressmen and State Legislators in strong support of this policy; and that they make financial contributions to the rebuilding of the 16th Street Baptist Church of Birmingham."

## Belleville Seamen Back from Cruise

USS ENTERPRISE (PF-10) — Edward L. Digrolamo, seaman, USN, son of Mr. and Mrs. A. Digrolamo of 52 Baldwin Pl., and Peter M. Boniface, Jr., USN, son of Mr. and Mrs. Peter Boniface, Sr., of 105 Cedar Hill Ave., both of Belleville, N.J., returned to Norfolk, Va., early in September aboard the attack aircraft carrier USS Enterprise after spending seven months in the Mediterranean.

The Enterprise tied up in Norfolk on September 4, having been on deployment since February. While in the Mediterranean, she was the nucleus of the Sixth Fleet's fast carrier striking force. Aircraft flying from the carrier's deck provided air cover and potential long-range strike capability, extending the range and effectiveness of the Sixth Fleet as a deterrent to war. Enterprise crewmembers visited ports in Italy, France, Spain, Greece and Lebanon.

# Preparing Newspaper Material? These Rules Will Be Of Help

Each year many organizations, civic groups and clubs appoint a publicity chairman to submit material for newspaper publication. Generally, these chairmen are not trained in journalism and are uncertain of how to prepare their copy.

Quite often good stories must be rejected because the publicity chairman missed a deadline.

The editorial desks of this newspaper are jammed each week with copy. Unfortunately there is no time to patch up badly prepared copy and make it presentable for publication. Then feelings are hurt and the paper loses a good story.

**News or Publicity?**

That immediately suggests the question "What is News?" The simplest answer is "what people are interested in reading."

A story increases in news value in direct proportion to the number of persons interested in reading it.

A distinct difference should be recognized between "publicity" and "news." When a person says "how can we get more publicity for our club?" the answer is "by publishing leaflets and brochures, distributing posters, circulating letters, buying advertising space."

It should be recognized that a newspaper is not a publicity organ. A newspaper is just what it says it is — a NEWS paper and when there is a NEWS story, the paper prints it. The publicity organization gets from the story is a by-product.

Most newspapers have established certain rules which have been set up to help the publicity chairman present their stories in the most attractive manner.

Remember, others will be reading your stories besides your friends and members of your own group. Stories must be written so that even a stranger can understand the facts.

These rules may seem harsh at times—especially the deadline—but each and every one has an important meaning. In order to avoid misunderstanding and to make sure publicity chairmen are aware of requirements, we publish a summary of deadlines, tips on reporting and miscellaneous information.

**Type If Possible**

Leave two inches of space at the top of a story and one inch margins.

Typewrite, using double spacing.

Write on one side of paper only.

Write your name, address and telephone number at the top of the story so further information may be obtained if necessary.

Stories will not be accepted after deadline.

Very late news of events will be cut extensively or completely rejected.

The editors will write the headlines.

**Writing The Story**

The opening part of the story, called the "lead," ought to contain the most significant or interesting statements.

A report of a meeting should never begin with the fact that the meeting was held. This is the least interesting opening. State instead what plans were made at the meeting for future events, what the main theme of the speaker was, whether there was unusually large attendance or any other outstanding feature on the program.

Newspapers no longer use the informal style of many years ago. Comments on how delicious the refreshments were, how charming and informative the speaker was, and appeals to "come one, come all" are definitely out of date and no longer acceptable.

Learn to summarize and condense your facts. List persons who gave reports, excerpts of brief speeches, rather than make a separate paragraph or sentence for each one.

Do not try to cover a meeting by writing something that sounds like minutes. Deliberately avoid writing the events of a meeting in the sequence in which they occurred. Write them in the order of the importance of the events.

Try to include something of what the speaker said if he is the main feature of the program.

List of food and prices of tickets are not included, nor are telephone numbers.

COMPLETE names must be given, including full names, or TWO first initials. Do not give nicknames or abbreviations. For a married woman the husband's name should be given.

**First Name and Middle Initial**

The correct form.

Never precede a man's full name with Mr., but later in an account, when using only his last name, precede it with Mr.

When listing several married women, use Mrs. before each. Never group them with a preceding Mesdames.

List the names of the officers of an organization as follows: John Doe, president; Richard Roe, vice president; Samuel Smith, treasurer. (Note lower case for official titles when they follow a person's name.)

**Editing**

The newspaper reserves the right to edit, as the staff sees fit, any copy submitted in order to give greater variety and effectiveness to stories.

**Miscellaneous**

National postal laws prevent publishing the word "bingo," "lottery," "drawing," and so on, as well as lists of lottery winners of any kind. Thus we do not use dark horse prizes, door prizes or winners of merchandise clubs. Papers taking such information and using it may be taken from the mails by the government.

Information given must be new. Items will not be re-run, or facts repeated when planning advance publicity for an event. It is best to start about three weeks before the date, carefully dividing the information on hand for a series of stories.

Talk over your publicity plans, or any other news problems with the editors, who will be glad to assist. Publicity chairmen ought to report the news of all meetings.

**Personal News**

You are invited to submit news of your individual parties, vacations and entertainments.

This paper has some editorial policies which from time to time, may confuse or irritate contributors. These policies are not exclusively ours, but are in general those of all progressive and modern newspapers, weekly or daily.

The account of a meeting should be submitted the day following its occurrence, even though there may be several days before the paper is published.

All news that normally appears on our Women's Pages should be

## For '64... New showcase of stars from OLDSMOBILE

...WHERE THE ACTION IS!

**TWO NEW NEVER-BEFORE OLDSMOBILES!**

# Test Ban Treaty Ratification Lauded by Town SANE Unit

"The test ban treaty might just be one of those turns of history which can change the whole direction of world events," stated Mrs. Mary O'Connor, co-chairman of the Belleville Tri-County Committee for a Sane Nuclear Policy, upon ratification by the U. S. Senate of the test ban treaty. Sane was established in 1957 primarily of bringing nuclear testing to a halt.

"This is a very happy day for us," Mrs. O'Connor said, "imagine working for something so long, having everyone tell you you were crazy, and then finally seeing the U. S. Senate agree with you." She felt that the Sane debate "brought out clearly the enormity of nuclear war, the futility of military spending in an age of overkill, and the hypocrisy of those who allege that only the Russians break treaties."

SANE will now increase its efforts in working toward more substantial disarmament measures, according to Mrs. Gerry Lamer, who is the co-chairman of the local SANE chapter with Mrs. O'Connor. These could be negotiated, she said, "either as the first stage of a general disarmament agreement, or as individual measures." Among measures could be: 1 - prevention of surprise attack through the creation of observation posts, 2 - prevention of the further spread of nuclear weapons to other countries, 3 - creation of atom-free zones, 4 - cessation of underground nuclear testing with confessions, 5 - a cut-off in the production of fissionable materials for nuclear bombs, 6 - a cut-off in the production of missiles and

bombers including the scrapping of obsolete bombers, and 7 - a reduction in the number of nuclear delivery vehicles.

"Although we are all extremely gratified at the ratification of the test ban as an essential first step," Mrs. Lamer said, "we who are concerned with peace realize that it will do us no good to make peace with Russia only to make war with China." Expressing discouragement by the "increasing isolation of China" and predicting its impending development as a "hostile nuclear power," the two SANE co-chairmen believe that special attention should be given to establishing contacts with the Chinese Communists and bringing China into current disarmament negotiations and into the United Nations.

The Belleville Tri-County SANE Committee meets on the second Tuesday of the month at members home. A new membership meeting is planned in the very near future, which will serve to explain SANE's aims and purposes to any new people interested in working for peace. Details will be announced soon.

## DRIVER FINED \$200

A Newark man was found guilty on a misstatement of a car registration certificate at Thursday Night's court session. Magistrate Edward J. Abramson found John Marrone of 68 Garfield St., Newark, guilty of false application filling and fined him \$200 and \$5 court costs.

RECOMMENDATIONS

That the tax collector make a determined effort to collect business and household personal taxes outstanding for the year 1961 to 1962 inclusive.

That the unpaid business and household personal taxes found to be uncollectible be cancelled by appropriate resolution of the governing body pursuant to the provisions of R.S. 34:4-91.1 et seq.

That the Town ordinance prohibiting the removal of personal property until all taxes levied against such property are paid be strictly enforced by cooperative action between the tax collector's office and the Police Department.

That adequate procedures be instituted to effect proper internal control of tax overpayments to facilitate the reconciliation of outstanding tax receipts and title liens, and those found to be questionable referred to the Town Attorney for appropriate action to clear such liens of the records.

That diligence be exercised in the charging of all voucher claims to the appropriate budgetary appropriation account.

That separate bank accounts be established for the Current Fund, Trust Fund, General Capital Fund, Water Utility Operating and Water Utility Capital Fund in accordance with the provisions of N.J.S.A. 40A:3-12.

That special assessment improvement costs be assessed to the benefited properties without unwarranted delay in order to avoid unnecessary burdens upon the general taxpayers of the municipality.

That a determined effort be made to identify the source of unallocated receipts for the purpose of making proper application thereof and they remain unidentified, action be taken to clear these balances of the records by appropriate resolution of the governing body.

That adequate procedures be instituted to effect proper internal control of tax overpayments to facilitate the reconciliation of outstanding tax receipts and title liens, and those found to be questionable referred to the Town Attorney for appropriate action to clear such liens of the records.

That fees for building permits be charged in strict accordance with the related ordinance in order to avoid future loss of revenue.

That diligence be exercised in the recording of all Municipal Court activity in the docket.

That receipts of the Free Public Library be deposited by the close of the next succeeding business day in accordance with the provision of N.J.S.A. 40A:3-12.

The above summary or synopsis was prepared from the report of audit of the Town of Belleville, County of Essex, for the calendar year 1962. This report of audit, submitted by Vincent J. Indelicato, Registered Municipal Accountant, is on file at the Town Clerk's office and may be inspected by any interested person.

# State Salvation Army Directed by Barrett

Lt. Colonel Giles C. Barrett has been appointed State Commander for all Salvation Army service and activities in New Jersey effective last Tuesday, according to announcement by Commissioner Holland French, Eastern Territorial Commander.

The New Jersey Division comprises 125 Service Units in rural and suburban areas, which are operated by organized volunteer committees involving 700 businessmen and housewives, and 24 Corps, which have a building and functional facilities and are directed by a command officer.

With this kind of coverage, Lt. Colonel Barrett will be in charge of an administration that puts everyone in the State within easy access of a Salvation Army office or volunteer.

In his new command, Lt. Colonel Barrett will have supervision of 467 employees and responsibility for a budget exceeding \$3 million for the financing of the statewide Salvation Army services.

Centers of operation in the New Jersey Division, in addition to Service Units and Corps, include the Red Shield Service Men's Club at Wrightstown; five Men's Social Service Rehabilitation Centers at Atlantic City, Jersey City, Newark, Paterson and Trenton; Emergency Home for Women and Children in Newark; Door of Hope Home and Hospital for Unmarried Mothers in Jersey City; the Ironbound Red Shield Boys' Club in Newark; and Camp Tusumseh at Star Lake, Bloomingdale.

Under the new administration Mrs. Barrett will be director of all Salvation Army women's services in the State including the Home League at Corps centers and the League of Mercy which has as its major program visitations to homes for the aged, veterans' hospitals and other institutions for shut-ins and the sick.

Prior to October 1, central and northern New Jersey constituted one division under the command of Lt. Colonel Barrett, while southern New Jersey was part of a division with headquarters in Philadelphia, under the command of Lt. Colonel William E. Chamberlain.

There are approximately 2500 Salvationists in New Jersey, including Soldiers and Officers, affiliated with Corps located in the following cities: Kearny, Asbury Park, Atlantic City, Bayonne, Bridgeton, Camden, Dover, Elizabeth, Hackensack, Hoboken, Jersey City, Montclair, Morrisstown, New Brunswick, Orange, Passaic, Paterson, Perth Amboy, Plainfield, Red Bank, Trenton, Union City and in Newark at Newark Central and Newark Westside.

Lt. Colonel Barrett began his career as a Salvation Army Officer following graduation in 1925 from the School for Officers' Training in New York. He has served appointments in the New England Province, the Northeastern Ohio Division and was Divisional Secretary in Command of the Western New York Division prior to his appointment in 1958 as Northern New Jersey Divisional Commander.

During World War II, he was Regional Director for the Salvation Army USO in Washington, D.C., prior to his commission in 1943 as a Chaplain in the U.S. Army. He is one of the few Salvation Army Officers holding the rank of Lt. Colonel in two armies—U.S. Army Reserve Chaplains Corps and The Salvation Army.

Lt. Colonel Barrett is a member of the National Conference of Social Work and the Newark Rotary Club.

## Folk Singing Auditions Scheduled Sunday

Folk singing auditions to select talent for a grand-scale Hootenanny at Upsala College will be held Sunday, at 4 p.m., at 422 Broadway, Newark. It was announced today by Frank Hawkenson, Chairman of the charity event which is being sponsored by the North Newark Junior Chamber of Commerce.

Individual folk singers as well as groups are invited to try-out for a place on the program.

The Hootenanny will be held Saturday night, November 23, in the 2,500-seat capacity Upsala College gymnasium in East Orange. Proceeds of the affair go to the charity and youth programs of the North Newark Jaycees.

# State Fire Death Toll Drops to 166

Fires and explosions in New Jersey last year took the lives of 166 persons. While the toll was 31 less than recorded in 1961 still it was the second highest in the state in the past ten years, the New Jersey State Safety Council reports. Home fires took 156 lives, a decrease of 43 below the toll of the previous year and the third highest home fire toll in the past ten years.

Estimated cost of the fires, based on 41 fire departments in the state reporting, was approximately \$12,027,775, an increase of \$149,465 more than the estimated cost for the previous year, according to the Council. In a total of 31,303 fires reported, an increase of 3,101 more than the previous year, 10,329 were in buildings — a decrease of 864 less than in 1961. The total included upwards of 5,000 fires in dwellings.

In home fires 29 youngsters under five years lost their lives, a decrease of 10. In the 5-14 age group 11 deaths were recorded, a decrease of 16 less than the previous year. Five deaths were reported in the 15-24 age group, one more than in 1961, and in the 25-44 age group 29 lives were lost, an increase of one. Forty-four deaths were reported in the 45-64 age group, an increase of seven, and 38 deaths, 11 less than 1961, in the 65 years or more age group.

## CAUSES CITED

Causes of the fires cited by the State Safety Council were as follows: careless smoking or disposal of lighted matches; careless use of portable oil heating and cooking units, or use of defective units; mis-use of electricity through defective wiring in older occupancies, both business and residential, or overloading of electrical outlets with too many appliances and lamps; defective furnaces, flues and chimneys; smoking in bed; and use of flammable liquids for cleaning wearing apparel and home furnishings. It is estimated also that almost 60 per cent of all dwelling fires start in living rooms or kitchens.

The state's record of lives lost and losses in destroyed and damaged property and equipment shows, the Council emphasizes, the need for conducting fire prevention programs not only during Fire Prevention Week, observed this year starting next Sunday (Oct. 6-12), but for a continuous 52-week drive to educate the public on the dangers of fires and how to prevent them.

In the nation last year fires took the lives of 11,800 people,

with close to 5,000 occurring in home fires and 3,500 of the victims were under 14 years of age. Fire authorities estimate that approximately one-third of the children are alone when fire breaks out, which accounts for the high rate of child deaths.

Pointing up the full significance of the tragic toll of death and destruction by fire, the Council cited the following fire facts: each day in the United States it is estimated that fire takes 31 lives, damages or destroys 1,500 homes, 12 schools, 9 churches, 3 hospitals and nursing homes, 114 stores and 112 industrial plants.

## Acquire Returns From Mediterranean

USS ENTERPRISE (FHTN) — Alfred V. Acquire, Jr., boat swain's mate seaman, USN, son of Mr. and Mrs. John Landiak of 63 Bellavista Ave., Belleville, N.J., returned to Norfolk, Va., early in September aboard the attack aircraft carrier USS Enterprise after spending seven months in the Mediterranean.

The Enterprise tied up in Norfolk on Sept. 4, having been on deployment since February, while in the Mediterranean, she

## Gennell Heads Metropolitan In Rutherford

NEW YORK, N. Y. — Ralph J. Gennell has been appointed manager of Metropolitan Life Insurance Company's Rutherford district office. Emile P. Arnaud, superintendent of agencies for the company's metropolitan territory, has announced.

Gennell previously was manager of the Tyler Park office in Union City. He succeeds Andrew

Ralph J. Gennell.

J. Passananti who has retired. Gennell has a broad life insurance background. He joined Metropolitan as an agent in 1947, was promoted to assistant manager in 1949, to field training instructor in 1951, to field training supervisor in March 1953, to division supervisor, field training, in December of that year, and in 1955 he was appointed a manager. He is a graduate of the University of North Carolina.

As manager of the Rutherford office he has executive direction of a staff consisting of four assistant managers, 28 agents, and a clerical force of eight.

The office serves Carlstadt, East Rutherford, Hasbrouck Heights, Little Ferry, Lodi, Lyndhurst, Moonachie, Wallington, Woodbridge and other important centers as well as Rutherford.

Gennell has been a resident of Belleville for 20 years and lives at 116 Fairway Avenue.

He has four children, a daughter, Barbara (Mrs. Bruce Montgomery) who lives at 41A Dodd St., Nutley, and teaches in Lyndhurst; a son, Bruce, who is a teacher in the Nutley school system; a daughter, Patricia, who is a sophomore at Penn State, and a daughter, Kathy, who attends School 10 in Belleville.

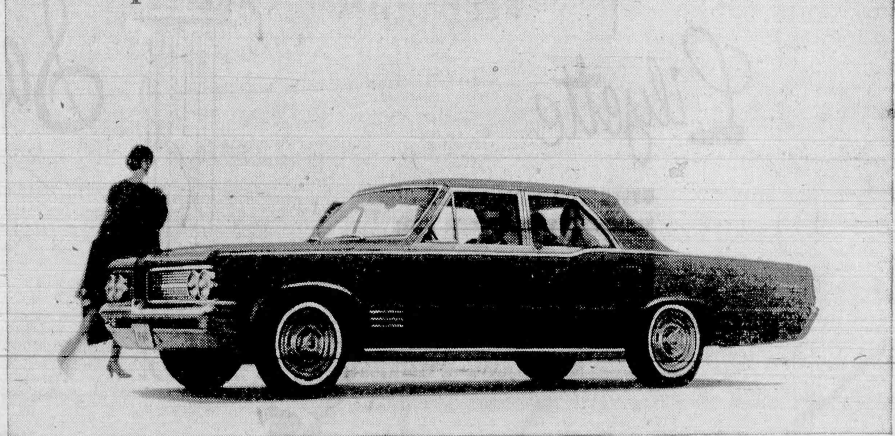

## Success car, '64 edition...

The car that answers the question, "After their '63 model, what in the world will Pontiac do for '64?"

It wasn't easy, topping our super-stability • 389-cu. in. Trophy V-8 power in every model • Isn't this what cars wish they looked and acted like and don't? '64 Pontiac Pontiac

## plus a whole new kind of Pontiac.

If you've been buying the same low-priced car time after time, get ready to break the habit.
