A HALLOWEEN TREAT: Johnny Frade, age 4 1/2, son of Mr. and Mrs. John Frade of 448 Joralemon St., Belleville, takes a bite into a doughnut freshly made at the Belle Maid on 460 Joralemon St. The proprietor of the Belle Maid is Edmund Strat, who expects to sell an estimated 1,500 dozen doughnuts during the holiday.

Debate Issue Flares

Pico Afraid Will Debate - Addonizio Candidates

Deputy Mayor G. George Addonizio yesterday accused council candidate Nuncio Pico of being afraid to face him in a debate. Pico, a former commissioner who lost in a bid for election to the town council in July 1962, opened up his campaign for the At-Large Council seat by asking for the Recall of Deputy Mayor G. George Addonizio and Mayor Robert M. Laterza and First Ward Councilman Vincent T. Strumolo. Last week Deputy Mayor Addonizio challenged Pico to a public debate. Addonizio wants to debate the reasons why Pico believes Addonizio, Laterza and Strumolo should be ousted from office. Addonizio has offered to debate Pico any time, any place and at Pico's convenience. Last Friday Pico mailed a letter to Addonizio in which he stated, "I am a candidate for Councilman-at-Large on November 5, 1963. In view of this, I challenge any or all the candidates running for this office to debate the town issues any time, any place. Although I support the right of the people to have a Recall movement, this question is not on the ballot and since you are not a candidate, the request to debate the Recall movement has been turned over to the chairman of the Recall Committee who will contact you to make any arrangements you may desire. In a letter to the Editor of the Times-News, he said: "It is with extreme pleasure to reply to Deputy Mayor George Addonizio's front page article of the Belleville Times dated October 28, 1963, requesting me to tell the voters of Belleville about (Continued On Page 4)

State Group Seen Testing Fire Gear

Snow Ban Passes 1st Test, 3-1

40-Minute Test Drill Expected

Town Fire Department equipment will probably be tested by the State Fire Underwriters organization early in November, Town Manager John R. Burnett said early this week. Burnett had requested that a special test be made by the rating group of town equipment as he believed that the 40-minute service test provided by the group was not sufficient to prove that town equipment could perform for any great length of time at a major fire.

Burnett had asked the group to test the equipment, but was informed by Luther Clark, head of the state group, that he deemed the tests unnecessary since the Town department conducted similar tests annually. Burnett, however, is expected to request the 40-minute tests since the annual check by the town department has not been made this year, and the state group provides no other test.

Horace Biehek, engineer for the State rating organization, explained that the service test is usually given to equipment that is run down, has undergone a major repair, or is over 15 years old, to see if the equipment can meet performance standards. Biehek, explained when questioned as to the value of the tests, that the test is the type used by the National Board of Fire Underwriters across the nation as a measuring rule of the serviceability of fire equipment.

"The test will prove what shape the pump and engine are in," said Biehek. "We go out and test the equipment when it comes into the state and the results of this acceptance test is filed in our file. We then go out and run a service test for 40 minutes and check the performance figures against the original acceptance figures and can then tell what shape the engine and pump are in."

"We pump for 20 minutes at capacity, 10 minutes at 200-pounds pressure at 75 per cent capacity and 10 minutes at 250-pounds pressure at 50 per cent capacity."

"By comparing the service test results with the original tests we can determine whether the equipment is capable of doing its job." The question of the tests by the state rating group came up after an ordinance was introduced in Town Council to purchase three new engines and an ambulance for \$110,000.

Receives Best Newspaper Award

The award naming The Belleville Times-News as the second best weekly newspaper in its class in the State, is accepted by Rita Dacey, social editor of The Times-News, by Frank A. Orechio, publisher. Making the presentation is Richard N. Sheble, general manager of the New Brunswick Daily Home News, and treasurer of the New Jersey Press Association.

EDITORIAL

Tuesday's Election

Eight Belleville citizens are contesting for the three year unexpired At-Large Council seat made vacant by the resignation of former Councilman Thomas P. Greco. For Belleville the Council-campaign has been extremely mild. No major issues have been developed.

Of the eight candidates only one has had previous service in town hall. He is former Commissioner Nuncio Pico. In his initial statement of candidacy Pico called for the ouster from office of Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio and Councilman Vincent T. Strumolo. Pico believes these three public officials should be thrown out of office via the Recall route.

We believe Pico's injection of a Recall issue in this Council Campaign is unfortunate. Maybe he was obliged to take this action in order to obtain the endorsement of a faction of the Recall group. Whatever the motivation, Pico's action leads us to wonder how he could serve the people of Belleville as a member of the town council on which there are three individuals who Pico says must be thrown out of office.

It is our belief that the citizens of Belleville have been subjected for too long to public ridicule by controversial behavior of public officials.

In his four years as a town commissioner we believe Nuncio Pico demonstrated that he was an honest public official.

In rejecting Deputy Mayor G. George Addonizio's challenge for public debate Pico has denied Belleville voters the opportunity of listening to the real reasons why he seeks the ouster of Laterza, Strumolo and Addonizio.

Since Pico was responsible for injecting this issue into the campaign it would appear that he assumed an obligation to explain this position. For reasons best known to himself Pico made a decision to avoid a debate with Addonizio. Aside from the foregoing embroilment, Pico (Continued on Page 4)

Board Votes Dual-Control Amendment

The Belleville Board of Education Monday night passed the controversial dual-control amendment over the objections of Dr. Frank Durkee, superintendent of schools and Board members Richard Drake and Mrs. Norma McCool. The amendment passed by a 4-2 vote.

The passing of the amendment allowed the Board to pass over the disapproval of a request to establish the position of school business administrator by the County Superintendent of Schools.

A letter to the Board from the County Superintendent said "After consultation, I have decided to disapprove the request of the Belleville Board of Education to establish the position of School Business Administrator."

"It is my belief that since you already have established an assistant superintendent in charge of business affairs that there is no necessity to establish the position of school administrator."

The amendment, which removed the business administration powers of the Superintendent of Schools and transferred them to the assistant superintendent in charge of business, was bitterly attacked by Dr. Durkee who charged that all it did was to remove the post from the supervision of the Superintendent of Schools.

He went on to state that he has never been for dual-control because it is illogical. He maintained that the present structure was most efficient. He called upon Board members to look past petty differences so that they might provide the best education for every boy and girl in our school.

Charging that the amendment removed the purchase of text books from the Superintendent Drake said:

"I don't believe that the Superintendent in his role of final authority is qualified to make a time in the administrative end." He further charged that those involved favored the change. He said "I cannot be certain that what has been proposed has been proposed for the reasons given."

Mrs. McCool stated her case on the fact that the Board had not proven that it has more experience than Dr. Durkee.

Board President Nicholas Juliano said "This is a corrective measure," that the Superintendent has consistently refused to use proper procedure and that it is the Board's responsibility to confirm him to its ability to pay. He went on to explain, however, that no statutes have been violated.

Ernest Arvidson, who proposed the amendment, stated that his purpose was to improve the education of the children and not to improve the business. (Continued On Page 19)

Times-News Rated Second In State Test

The Belleville Times-News was judged second best weekly newspaper in the State, among weeklies with circulations between 3,000 and 6,000 in the 1963 Best Newspaper Contest conducted by the New Jersey Press Association. First - place winner was The Hammonton-News.

Awards were made at the N.J.P.A.'s 42nd annual Newspaper Institute held Thursday, Friday and Saturday, October 17 through 19, at Cherry Hill Inn, Cherry Hill.

A consistent winner in the Association's annual State-wide competitions, The Times-News has won top awards during the past four years for general excellence in its social, sports and classified advertising pages.

This year's award, called the "Best Newspaper Sweepstakes Award", was based on the overall content of the paper, combining the usual criteria for outstanding achievement in the various categories into one general excellence award.

Members of The Times staff attended the various workshops at the institute, including Suburban News Coverage, Presentation and Coverage of Women's News and Sports Coverage, as well as the News Typographic Clinic conducted by Edmund G. Arnold, typographic consultant and professor at Syracuse University. The awards were made at the Institute dinner that evening.

Fire Chief Says New Trucks Needed, Sees Tests Useless

Fire Chief Carl Hundertpfund agreed last week with Luther S. Clark Jr., State Fire Insurance Rating Organization official, that routine tests of Town fire equipment would serve no useful purpose since a similar test is conducted annually by the department.

CHIEF HUNDERTPFUND said: "In My Opinion the proposed test will not prove anything as I have no doubt each piece of equipment in town will pass their test, as it has since I instituted the system of conducting our own similar test 10 years ago when I was a captain under the direction of Chief William Dunleavy.

"Actually, I would feel that I was not doing my job as a chief and mechanic if any of the engines failed to pass the service test.

"This test does not put any undue strain on the engine because of its short duration. However, it does prove that the engine is still capable of delivering its full capacity for a short duration. But, I feel that in any prolonged pumping situation these two engines (1939 Arens-Fox and 1941 Seagraves) would not hold up.

"I DO BELIEVE these tests are important as many times a malfunction or operational defect will show up that would go unnoticed during the regular routine maintenance checks.

"It is my honest judgement that the Town of Belleville is in dire need of new equipment. The men who must operate this equipment have told me on many occasions that they have lost confidence in the

equipment. "The men go into burning buildings with a hose. They depend on the water from the hose to protect their lives. If a malfunction of a pumper should suddenly cut off the water, these men would be in danger of losing their lives.

"OUR AERIAL IS worn out and is dangerous for the men who must climb it and also for the people who must depend on it to be rescued from burning buildings. When it is fully extended it whips even in a light breeze. I don't feel like sending men up on this ladder, although I must as they are firemen and it's their job and they do it without question.

"It's my opinion that for the protection of lives and property in Belleville we must have two new pump-

pers and a new aerial truck. "Many people are now setting themselves up as fire department and fire equipment experts. I'd like some of these people to come down to fire headquarters and tell me and my staff how to remedy my problems. Both my staff and myself are continuously fighting to keep this old equipment operational and we could use some of the knowledge that these so-called experts claim to have.

"I'VE BEEN TRAINED over the past 23 years as a professional fireman. I've passed every Civil Service test at the top of the list and I know the fire business.

"We need this new equipment to protect Belleville."

2. Life long resident of Belleville
3. Educated in Belleville School System
4. Married to Rose and have seven children
5. President of Greco Construction Co. Inc. with his 3 sons; Patrick Jr., Frank and William
6. Builder of Belleville Shopping Center on Washington Avenue opposite Town Hall and many industrial and office buildings in Belleville
7. Appointed to the new Building Code Study Committee by our town manager
8. Substantial taxpayer to the Town of Belleville

If Elected

I will serve ALL the people of Belleville to the best of my ability, and with a clear conscience in all my undertakings. Thus we may have a good and sound government.

B. Thomas Aitken, president and chairman of the Board of Peoples National Bank and Trust Company, Belleville, poses at the new office, named in his honor, at Franklin Avenue and Joralemon. Below Aitken (right) is shown with Frank J. Bolen, cashier and trust officer (center) and Albert P. Luscombe, executive vice-president.

New Office Opened by Local Bank

The Aitken office of the Peoples National Bank and Trust Company of Belleville was open to public inspection Saturday and many area residents took advantage of the invitation to visit the newly-erected building, at Franklin Avenue and Joralemon Street.

The office is named in honor of B. Thomas Aitken, president and chairman of the board of the banking establishment. Aitken has been associated with the bank for more than 20 years.

The office is a full-service bank, offering the full list of services including: savings accounts, checking accounts, safe deposit vaults, drive-in banking service, installment loans, mortgages, car financing and loans for other purposes.

The office will be open daily from 9 a.m. to 3 p.m. and Monday evenings from 6:30 to 8 p.m.

Mayor Robert Laterza cut the ribbon opening the bank to inspection Saturday morning. Friday afternoon the Mayor and Town Manager John R. Burnett took part in the cornerstone laying ceremonies, along with other banking officials.

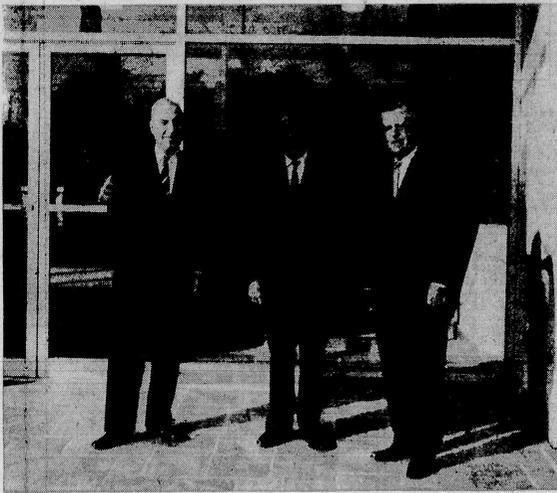

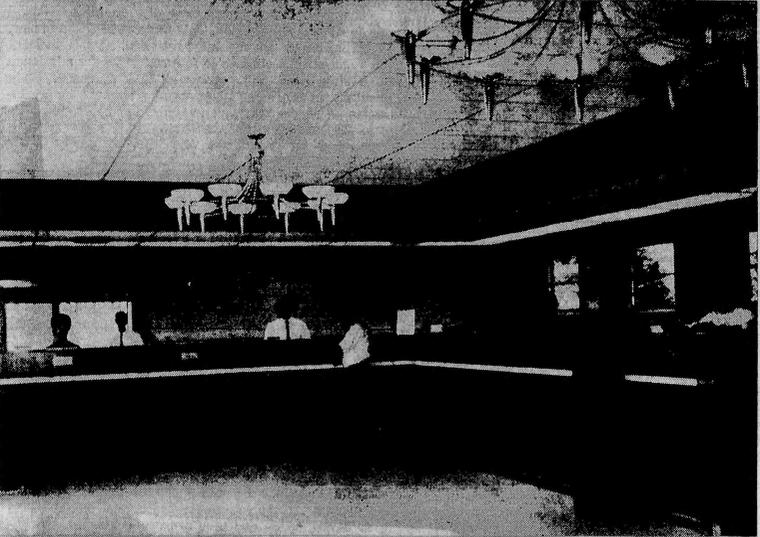

Light refreshments were served.

Belleville's newest banking facility, the Aitken Office of the Peoples National Bank and Trust Company, is shown in the upper right photo. In the bottom photo at right is shown the interior of the modern full-service bank located at Franklin Avenue and Joralemon Street.

Dr. Fischer Takes Part in Symposium

Doctor Seymour F. Fischer, of 500 Washington Ave., Belleville, N. J. participated in an all day Symposium on Visual Problems of Children, at Lincoln Center on Sunday, October 20th.

The program, sponsored by the Optometric Center of New York, was held in the Lecture Auditorium of the new American Red Cross Pavilion.

*HUGHES' BOND REFERENDUM

We've Heard The Lies Let's Read The Truth

Much truth and many lies have been fed to our voters by some supporters and opponents of Governor Richard Hughes' bond referendums.

After sifting through hundreds of booklets, mimeographed releases and circulars received from both sides almost daily we conclude that the bond program presented by Governor Hughes makes sense and we therefore urge the voters of our community to vote YES on referendums 1 and 2.

The opponents of the bond issue lie when they claim the proposed \$50 million annual increase in state aid to local boards of education will cease after five years. The truth is that if the bond referendums are adopted next Tuesday, beginning with next year, taxpayers at the local level across the State of New Jersey will collectively save \$50 million annually toward the costs of operating their school systems.

If the bond issue is adopted Belleville Board of Education will receive an additional \$78,735 annually in state aid. The present state aid of \$262,450 will be increased to \$341,185 annually, thus saving Belleville taxpayers substantial sums of money. Opponents of the bond issue tell us that this additional aid will cease after five years. This statement is absolutely false.

The increase in state aid will continue for, so long as the State of New Jersey has a budget and as long as our state legislators continue their policy of providing state aid to local boards of education.

There is nothing in the proposed bond issue that authorizes, limits, or prohibits additional state aid to education. We are told by some leading opposition senators and assemblymen that the proposed bond referendums are illegal. The same sources tell us that anticipated turnpike revenues will never be adequate to pay off the proposed indebtedness. If these campaign claims are true why then did they supply the necessary votes to place the referendum on Tuesday's ballot?

Other sources charge the proposed bond referendums represent a political trick by Governor Hughes to simplify the Governor's task of winning a second term in 1965. We think this is a false accusation. Of one thing we are certain — Governor Hughes is an honest man and we do not believe he would stoop to any trickery in dealing with the people of the state he loves.

We are told that the adoption of the bond referendums will lead to a sales and income tax. The only people that can authorize a sales or income tax for the people of the State of New Jersey are the legislators elected by our voters. As long as candidates campaign on a platform opposing sales and income taxes we will be free from these oppressive measures.

We are told that the State of New Jersey has \$426 million in unspent construction and land purchase funds stock-piled at Trenton. We are told that the bulk of the \$426 million represents uncommitted highway funds. This allegation is an outrageous lie and gutter politics at its worst.

Every penny of bond construction money authorized by past bond issues has been spent or committed. The land purchase funds which remain unspent represent monies under the Green Acres land purchase program. Green Acres was originally approved as a long range, ten year program. Moreover nobody is asking for additional Green Acres money and none is being requested in the new bond issue.

The opponents of the bond issue complain that raising funds through a bond issue requires the payment of interest. This is the weakest argument we have heard throughout this campaign of unprecedented deceit and misrepresentation.

The Garden State Parkway authority has raised \$370 million through bond issues and the estimated total interest requirements are \$294 millions. The New Jersey Turnpike authority raised \$466 millions through bond issues and will pay \$444 millions in interest. New Jersey's two toll roads have issued total bonds of \$836 millions and on this sum will pay \$738 million in interest. Progress is purchased with money, not talk.

Daily traffic jams and traffic congestion throughout

North Jersey give proof that our state must build more highways, more feeder roads, and build them fast.

In a few years we will be completely log jammed unless we finish the interstate highway system, free ways and feeder road projects in every county of the state. We need relief through additional and wider highways and feeder roads for New Jersey motorists whose destinations may include New York City, our North Jersey lakes area, the shore area and even for those citizens who choose to take a simple cross county ride.

Governor Hughes' bond issue will provide substantial aid to college construction. This we need badly—and now.

What about our mentally retarded. At this moment they must wait from five to fourteen years for admission to a state institution because of lack of space. Many mentally ill are being deprived of treatment today. Inmates in inadequate and overcrowded correctional institutions are often released too early in order to make room, thus threatening the very lives and safety of our community's citizens.

The bond issue as devised by Governor Hughes should be welcomed as a living memorial to a Governor who is making great personal sacrifices to serve honestly the people of our state. Instead we find isolated newspapers and ill-advised critics carrying on a personal vendetta against Hughes.

The Governor's only crime is trying to meet the needs of his people today through a sound fiscal proposal which avoids the imposition of a sales or income tax.

Governor Hughes is proposing that future Turnpike Revenues be used to pay off the bond indebtedness provided for in public referendums 1 and 2. With increasing crescendo we can expect our voters to be bombarded with free tactics from opponents of the bond issue as we draw closer to voting time. They will tell us that if the bond issue passes we will be guaranteed a sales and income tax. Don't you believe this tripe. Only our state legislators have the power to impose these onerous levies.

We will hear time and time again that future turnpike revenues will be inadequate to pay off the bond indebtedness. These self-proclaimed crystal ball hot shots were wrong before and they are wrong today.

We believe the adoption of Governor Hughes bond proposals will provide us with a five year period free from any fear of sales or income taxes. During this period of time state legislative and political leaders should get together and schedule a tax convention for the purpose of overhauling our complete state tax structure. Working under conditions which do not make time of the essence we are satisfied a future tax convention would recommend a tax revision acceptable to the majority of the state's voters.

If the bond issue fails what then?
Every opponent of the bond plan admits New Jersey must —

- A. Build more mental institutions.
- B. Provide funds for the construction of badly needed college construction.
- C. Increase state aid to local school boards.
- D. Build new highways, expand existing highways, construct feeder roads to eliminate the daily traffic jams—summer and winter—which aggravate our citizens.

The only trouble is that different pressure groups opposing the bond issue have pet schemes to raise the required funds. Some want a sales tax "yesterday". Others have been lobbying for years for a personal income tax. There are still others who want "small bond issues" and a sales or income tax.

These are the prospects that face the people of New Jersey if the referendums are voted down next Tuesday. Governor Hughes, elected in 1960 on a platform which permits him to recommend a sales or income tax is opposed to both levies.

Hughes says "I will oppose a sales or income tax as long as I can find other means of raising the funds to meet the just needs of our citizens. I believe the proposed bond issue is the answer to our present problem."

We believe the Governor is right, therefore we urge a YES vote on Public Questions No. 1 and 2.

Tuesday's Election

(Continued From Page 1)

has contented himself with conducting a relatively quiet campaign hoping that his prior service in office would command the attention of the majority of Belleville voters.

Thomas Colatrella, a member of the Belleville Board of Adjustment is also a candidate. Colatrella has been employed by the Prudential Insurance Company for 30 years as a supervisor in the Accounting Division. Colatrella is campaigning on a pledge to bring harmony to town hall. In a prior editorial we indicated that Colatrella was associated with the movement to recall Laterza, Addonizio and Strumolo. We have since learned that while Colatrella attended a meeting of the Recall group he is not in sympathy with its objective and in fact he opposes the Recall action. Colatrella's long tenure in the accounting division of the Prudential Insurance Company gives him a qualification which is desirable in a councilman.

Former Belleville Civil Defense Director, Bernard O'Connor, is another candidate who has formally opposed the Recall movement. O'Connor believes that dissatisfaction with public officials should be demonstrated at the

polls when the terms of the public officials expire and they are up for re-election. He doesn't believe the taxpayers should be subjected to the expense of a special election to satisfy the whims and personal axes of a handful of dissidents. O'Connor is a business man conducting his own plumbing and heating business locally. He has endorsed the competency of present Town Manager John R. Burnett. He approves tighter fiscal controls. As a successful business man his service on the Town Council could be most useful.

Patrick Greco, brother of former Councilman Thomas P. Greco has conducted a quiet, dignified campaign. We have known Pat Greco since infancy. Greco is one of the most successful local business men of our times. A majority of the large commercial buildings in Belleville have been constructed by Pat Greco. He constructed all of the buildings across from our city hall. There is no doubt that Pat Greco is one of the most successful business men who has run for public office in Belleville. Pat Greco is a man of few words but lots of sense. In common with Colatrella and O'Connor, Pat Greco believes the Recall movement is bad for Belleville and that every effort should be made to project Belleville as a harmonious community.

Peter Paglia is a Newark school teacher who has conducted a very aggressive campaign. Paglia is also against

UP SPEAK

The Tale Of Two Cities —

Nutley, Belleville

To the Editor The Times-News:

Today, October 28, I drove all the length of Franklin Ave. in the business area of Nutley. Not one I repeat not one business window was soaped or marked in any way. There was no sign of the unsightly mess that we find on the business streets of Belleville where practically every window not only has soap marks on it, but the most vile of obscenities. As a means of encouraging the young people of Belleville to direct their Halloween efforts toward constructive goals, the Belleville Chamber of Commerce and the Belleville Recreation Department joined forces in a program of store window decorating by our young people.

Belleville businessmen contributed funds for the paints brushes and prizes.

The judging will go on as scheduled and the prizes will be given, but the judges' task has been made difficult by the fact that young hoodlums have not only destroyed the paintings that took all day Saturday for some of the young artists to complete, but re-voting obscenities have been written or scratched on the paintings.

The tragedy of all this is not only what it will do to the young people who tried to contribute something worthwhile to Halloween but the revelation that in our midst there are those whose minds are such cess pools of filth, they must make public their depravity.

Then too why is our neighbor Nutley entirely free of such vandalism?

Harry T. French
Executive Director
Belleville Chamber of Commerce

Pico Afraid

(Continued From Page 1)
to make any arrangements you may desire."

In response to Pico's letter Addonizio made the following comment: "Nuncio Pico is afraid to face me in public debate because he knows the Council record is far superior to his four year dismal record as commissioner."

"Pico injected the Recall question in the council campaign in his opening statement in which he asked for the ouster from office of myself, Mayor Robert M. Laterza and Councilman Vincent T. Strumolo. The voters must remember it was Nuncio Pico who put the Recall question in the present council campaign. And since he asked for the ouster of Laterza, Strumolo and me, I believe the voters have a right to demand that Pico face me like a man in public to debate this question."

"Pico's basic reason for running as a council candidate is because he takes issue with my record in office. Last week I reminded him that I voted to aid the emotionally disturbed children. I voted for the Christmas tree lighting program. I voted for the merger and consolidation of town jobs. What Pico did in office is not my concern. The voters of Belleville already passed judgement on Pico's four year record when they threw

Recall. Paglia also believes the proper time to challenge the record of public officials is at a regularly scheduled election. Relatively new in town, Paglia is aggressive and ambitious. He is an incisive person whose presence on the town council would be a plus.

Michael Maglio was a candidate for the council last year and lost. He believes his prior campaign experience gives him a better opportunity to win this time. Maglio is an employee of the Curtis-Wright Aeronautical Company. Prior to his present employment he operated his own barber shop. Maglio is a nice fellow who we believe is not as well equipped as some other candidates for the office he seeks.

Frank Scarpelli, Jr. is anxious to win election to the council seat. Scarpelli enjoys a fine reputation but there is very little else known about his qualifications for office.

Joseph Sooy is making a second attempt for a council seat. Last year he was eliminated in the preliminary election for councilman of the first ward.

Sooy's principal backer is Councilman James R. Golden. Sooy conducts an automotive, electrical repair business with his father. In the current race he faces two great handicaps — Sooy advocates the recall of Addonizio, Strumolo and Laterza, and he is the hand-picked candidate of Councilman James R. Golden who has done more to destroy the image of Belleville than any other person in our community. Sooy enjoys an excellent reputation. He is a member of a fine Belleville family. Sooy's big problem is overcoming the two foregoing handicaps.

The Times-News believes our voters can make an intelligent appraisal of the relative qualifications of each candidate. We trust they will exercise their usual good judgment when going to the polls Tuesday. Belleville cannot afford continued disgraceful exhibitions at our Town Council meetings.

By their votes the people of our community should let the world know they are sick and tired of being held up to public ridicule.

him out of office last year.

"I also wish to remind the voters of Belleville that in view of Pico's public utterings a vote for Pico is another vote for more noise and controversy at town hall. I believe any candidate for the council who runs on the platform of wanting to throw out of office three present councilmen is offering the people of Belleville a platform of destruction and suicide.

"I also want to remind the voters of Belleville that it was the committee for the retention of commission government, in which Nuncio Pico played a major role, that predicted council-manager form of government would add \$90,000 of new jobs to the town payroll. Is this the kind of program Nuncio Pico has in mind if he is elected as a councilman? I don't know, but I believe the voters of Belleville have a right to an answer from Pico before election day. Pico

BECK'S COLUMN

by MAX BECK

Anybody who looks into "the works" of a TV set will agree that it is a complicated piece of equipment. If General Electric has its way, it will become more complicated.

GE has petitioned the Federal Communications Commission to adopt standards for compatible stereophonic sound transmission for TV. In plain words it means stereo sound on TV. It is supposed to give "dramatic opportunities to give more prospective and depth to TV programs, especially music, plays and sports programs." There are big words, pardner!

In this man's opinion, there is no need for an additional dimension — stereo — for TV. Sound is not the important part in TV, it is the picture that matters most. In addition, the TV sound is not the frequency width of FM broadcasts, it cuts off below 10,000 cycles, which means that the real high tones are missing anyway on TV sound. The circuitry for stereo have to be more complicated and one would need at least 2 speakers. Stereo makes really sense only when the 2 speakers are a certain distance apart, much more so than they could be placed in present day TV sets. One would either have to place an additional speaker some distance apart from the TV set or make the cabinet of the TV set much larger.

The serviceman has his hands full, what with the ever smaller and more jammed-together portable TV sets, color TV and the many other electronic gadgets used in today's home. We wouldn't mind if things would become simpler and easier to work on instead of becoming more complicated.

We service what we sell
Beck's Radio & TV, Nutley

record as Director of Public Affairs.

"Concerning emotionally disturbed children throughout my four years in office I proportionately increased the appropriation for the Child Guidance Center every year, and appointed John Hewitt, the Welfare Director as a trustee of that organization. In the last budget I also included a sum of money for "Family Service" for emotionally disturbed homes.

"Christmas tree lights I voted for Christmas tree lights for the four years I was in office.

"3. Parking lot on "Cardiac Hill." I voted against that resolution on the next to last Commission meeting.

"4. The \$350,000 Third River Project. This was thoroughly discussed many times, but no resolution was ever introduced by the former Director of Public Works.

"5. The use of the Telephone Building. This was briefly discussed at one of the caucuses but no resolution was ever introduced by the former Director of Public Parks. For your information, the building has since been sold.

"6. New or added employees. A check of the records will show that only the four retired employees were replaced during my term of office; no additional jobs were created.

"Inasmuch as Mr. Addonizio only attended two town meetings in four years and he represented a client in legal matters both times, he is quite uninformed as to my voting record while in office. I sincerely hope that this answers all your questions and will be glad to furnish any other information you may desire.

Mrs. Senatore Asks Votes for Matthews

Belleville Democratic Chairman Mrs. Mary Senatore, today called on all voters to cast a ballot for Elmer M. Matthews and all Democratic candidates appearing on Line "A" on the November 5th ballot because they have given "good, dedicated and efficient service to all citizens of Essex County."

The Democratic leader said that Matthews on the state level is "a proven and knowledgeable legislator who has successfully sponsored more than 50 legislative programs which have become part of the laws of the State of New Jersey."

"Contrast Speaker Matthews' record with that of his Republican opponent and you will find that Matthews has a record of full service, while his opponent has no record at all."

Matthews has provided New Jersey with the first tax assessment reform in more than 100 years, which has benefited Essex County by putting a stop to tax

deals in rural counties which had begun to siphon industry and employment away from Essex County," the Democratic official stated.

Matthews has been a principal sponsor of water legislation, transportation facilities, educational facilities, and community planning. His is a record of achievement, while the Republicans have offered nothing but promises.

"Voters must also keep in mind that the Republicans are pledged to the caucus system which allows a minority of Senators, representing in all only 250,000 persons to impose its will over a majority of Senators including Essex, whose Senator represents alone four times the number of people represented by the caucus group," the Democratic chairman said.

The Democratic Chairman also recommended a vote for the nine Democratic candidates for Assembly as well as for Weldon R.

Sheets, the Democratic nominee for County Supervisor; and the three Democratic Freeholders, James L. McKenna, Mrs. Jeanne Moss and Albert Saldutti.

In a detailed statement of the accomplishments of the Democratic candidates on the County level, the Democratic Chairman listed a five point record of "solid achievement."

The points are:

1. Democrats have ended the wasteful system of the use of temporary employees as a political tool. When the people of Essex chose to transfer the majority on the Board of Freeholders to the Democratic Freeholders five years ago, there were 1,000 temporary employees in Essex County Government. They were in that temporary state of limbo until the Board of Freeholders wanted to use their employment as a political slush pool in which they could hold a sword over heads, if they wouldn't come through politically. Their employment was a haven of political reward. Uncertainty of employment produced inefficiency on the job. In the five years that the Democrats have taken over control of Essex County Government, there have been more civil service examinations in which employees were given a permanent appointment on the basis of their ability than there were in the total of twenty years previous of Republican rule. From Democratic actions of the past, there is assurance that they will continue civil service type of employment, which respects ability, not political loyalty.
2. When the Democrats took over control of the County, they initiated the first general inventory of equipment, materials and buildings undertaken in fifty years. For fifty years the Republicans operated under a system in which they had not the faintest idea of what facilities the County actually owned or could use in day to day operations. Democrats found materials in warehouses long since forgotten, lying there in waste. This does not happen. Democrats have instituted strict accounting, cost control, inventory controls by which the County has been restored to a business-like operation with consequent efficiency. This has been the Democratic way and will continue to be the Democratic way in the future operation of our County.
3. Democrats have substituted bulk buying for piece-meal buying. On just one item alone, the buying of salt for County highways, Democrats have taken

over the operation of a defunct coal yard in South Orange and from there they bring in our sand and salt in train cars for storage and easy distribution. Democrats have saved the County through this one operation alone, \$350,000 in the past five years. This is the system Democrats will continue to use in the future.

4. No one can hide or disguise the solid Democratic achievement of cutting the County tax rate by 5 1/2 points this year. Expenditures have gone up with added services — in our county, in hospitals, in health and welfare operations, but the point of this matter is that with the confidence that people and industry have in our County, Essex rates have gone up and up; and when rates go up and up, it is because there is a measure of confidence in the integrity of the people who are running the government — a Democratic run government.

5. Only this spring, the Democratic Freeholders had thirteen of the leading financial institutions in this country making spirited bidding to buy up the \$3 million dollars in public improvement bonds of Essex County.

Sarcone Says Signs Point To Loss of Demos in Essex

Republican Senatorial Candidate G. Robert Sarcone, campaigning yesterday in suburban Essex, predicted that "the signpost of his own." Sarcone continued, "Everywhere I hear voters asking, 'What price did Matthews pay to get the nomination from the Democrat machine.'"

"My opponent's unwillingness to answer my questions has aroused the anger of Republican voters," Sarcone declared. In my appearances during the last two weeks, I have become more and more aware that a massive political revolt is in the making."

"Voters of Essex resent the cynically cruel act on the part

of Democrat Boss Dennis I run didate G. Robert Sarcone, campaigning yesterday in suburban Essex, predicted that "the signpost of his own." Sarcone continued, "Everywhere I hear voters asking, 'What price did Matthews pay to get the nomination from the Democrat machine.'"

"The Republican Assembly Minority Leader added: 'Just nine weeks ago, The Democrat bosses laughed scornfully at the election Nov. 5. They forgot that the voters of Essex County would represent utterly being treated like sheep, and that they would resent having their questions go unanswered.'"

RODINO ENDORSES LYNCH

DICK LYNCH PETER W. RODINO

Dick Lynch is a man of high purpose and deep dedication. His sense of public service was clearly demonstrated during his term of office as an Assemblyman. It is in the interest of the people and of representative government to return this able and dedicated legislator to the State Assembly to speak for Essex County.

You Vote For Yourself, Your Children, Your Grandchildren When You Vote Republican

THE DEMOCRATS' \$1,259,000,000 bond issues must be defeated. This unbelievably unsound financing scheme must be rejected by the people to save New Jersey from a staggering debt, the burden of which will fall on you, your children, your children's children.

The bond proposals open the doors wide to a spending spree such as this state never saw before.

In five years of Democrat spending, the cost of county government has increased nearly 50 percent; in 10 years of state government costs has increased by 210 percent.

New Jersey at the present time has \$428 Million in unspent construction and land purchase funds. Unless the people vote NO on November 5th, the politicians in Trenton will have \$1,176,000,000 for a crash spending program.

Vote against state financial suicide. Vote against the bond issues.

THE GOVERNOR says the bond issues will help business. Yet the State Chamber of Commerce, N. J. Junior Chamber of Commerce, N. J. Manufacturers Assn., N. J. Small Business and Professional Assn. oppose it.

The Governor claims home owners will benefit. Yet the N. J. Assn. of Real Estate Boards opposes it.

The Governor says taxpayers will be helped. Yet the N. J. Taxpayers Association opposes it.

The Governor affirms the bonds will help motorists. Yet the N. J. Automobile Association and other automobile associations oppose it.

The Governor contends the bonds will help our children. Yet the League of Women Voters, composed largely of interested mothers, opposes it. So do the N. J. Council of Jewish Women, N. J. Federation of Women's Clubs and the N. J. Division of University Women.

THE REPUBLICAN PARTY pledges:

A realistic revision of existing labor laws dealing with unemployment compensation and temporary disability;

Equal civil rights for all citizens, including fair employment practices, equal education and non-discrimination;

Stiff mandatory prison terms for narcotics peddlers, and the establishment of treatment centers for addicts;

The establishment of a two-year Community College, the expansion of vocational high school facilities, the establishment of trade schools for high school drop-outs;

The creation of a non-salaried Little Hoover Commission to study county government;

Legislation to relieve Essex taxpayers of millions of dollars of welfare costs;

Better transportation facilities, particularly to provide better access to Newark's great meadowlands.

Civic-minded, non-partisan organizations are not being hoodwinked. They know the bond issues are unsound financing. They want financial integrity in our state and county affairs.

The Belleville Times News, Thursday, Oct. 31, 1963—5

Civil Defense Rated Satisfactory

Under close scrutiny by Raymond E. Mertz Jr., local Civil Defense director, 45 key personnel participated in the statewide Civil Defense exercise on October 22, the first anniversary of the Cuban Crisis.

The group checked in at the Control Center at the Recreation Building in the evening. Fire, Police, Medical and Health, Radio fixed and mobile stations, First Aid and Rescue, Red Cross and Radiological personnel participated. This year, Belleville was not involved with any bomb

or fallout simulated incidents, however two major problems were sent to the local center from the State and County Departments which called for prompt action.

The first simulated problem was to the effect that large numbers of people were heading this way from an adjoining county, which Belleville was to evaluate as to how many and what could be done.

This problem was turned over to Peter Wendel and W. Karatz, of the Red Cross who were asked to reply as to housing and feeding. Their solution was relayed to Essex County Control at Livingston and was accepted as satisfactory. As to the numbers, that was satisfactorily handled by

Deputy Police Chief E. Bush and Deputy Chief of Auxiliary Police, Norbert Bertl.

The second problem came from Clara Maass Hospital asking for 20 blood donors. Dr. Gersten Ram, local public Health officer, was able to solve this one by calling on the local Industrial blood banks.

The third incident also involved the Health Department, when Belleville was advised that the usual water supply had become contaminated. Dr. Ram issued theoretical warnings to all householders to shut off their water at the water valve, and to ration the use of water in hot water storage tanks and furnaces and to boil the water before using it. Dr. Ram and Charles Aughen-

baugh of the first aid and rescue squad, found that nearly 400,000 gallons of water could be found in several of the large industries in Belleville. This quantity of water would actually provide Belleville's population of approximately 35,000 people with 11 gallons each to be spread over perhaps fourteen days. This with the water in their own tanks would nearly meet the criteria as set forth by State and County Civil Defense standards.

All the above problems are not always caused by an enemy attack. A natural disaster of such great magnitude could cause similar situations.

Earlier in the afternoon, at 2 p.m. sirens were sounded, but the general public were not asked to seek shelter and traffic was not halted. This was a 15-minute exercise in order to give those buildings who have a shelter area, to make a brief test as to how best those shelters would be utilized. Mostly schools and hospitals were invited to participate in this phase.

Dr. Frank Durkes, Belleville superintendent of schools, asked all school principals to participate although at present, the only school in Belleville which has been approved by the Federal Government and has been marked with signs and stocked with food and medical along with first aid and radiological testing equipment is the Belleville High School.

The schools were to participate, not to alarm the children as a few pickets who appeared at School 3 claimed, but just as fire drills are held — a plan, by which the children may be guided to safety instead of trying to flee in panic and chaos. Opinion was expressed that it was regrettable that these uninformed pickets know little of the steps that are being taken by the Civil Defense toward the protection of as many people as is humanly possible.

It was disclosed by Director Mertz that of the school population of Belleville which numbers 5,335 pupils, only 735 of the High School alone, which enrollment is over \$500 are presently provided for. Food, medical and water, plus sanitary utilities and radiological testing equipment, has been furnished to the High School free, by the Federal Government and is now stored there. However that is only about one half of the requirements of the High School needs.

Director Mertz hopes that this figure of 735, now having been provided for out of 5,335 will be considerably improved in the next two or three years.

The United States Senate has recently passed a bill and it is now before the house for \$176 million dollars for an incentive program speeding up shelter program for schools, hospitals and public buildings.

Hi-Fi Show Opens Today In Lyndhurst

In the Town of Lyndhurst, N.J., occurs this week an extravaganza as Custom Stereo Center, a retail audio and high fidelity outlet is having its grand opening. Joseph Banks, of New Frontier Associates, Kearny, public relations director for Custom Stereo Center says, "This will probably be the biggest event for any audio dealer in the entire state. The Governor and State Senate have been invited. The Mayor will attend. Charles Duval of Radio Station WTEF will be on hand to greet guests.

Joseph Grado, president of Grado Laboratories, one of the leading high fidelity manufacturers will personally provide demonstrations of equipment. All members of the press have been invited. The entire plan of this celebration is to give the citizens of North Jersey an opportunity to see a local version of the Hi-Fi show held in New York last month. They will be able to speak to engineers, radio celebrities and executives, from 10 leading manufacturers in Hi fidelity as well as Hi-Fi enthusiasts, learning about stereo, multiplex etc."

Banks later indicated that he had hopes of the Governor or State Senator showing up. Ten thousand invitations have been sent to the residents in the North Jersey area.

ADDONIZIO EXPLAINS Role of Civil Rights Commission

G. GEORGE ADDONIZIO Spearheading the drive for the creation of the Belleville-Civil Rights Commission is Deputy Mayor G. George Addonizio. The councilman explained his reasons for proposing the establishment of the commission and the role he expected it to play in Town affairs in a recent statement.

Councilman Addonizio said, "Mindful of the social upheaval, also mindful of the situation below the Mason-Dixon line where these people (Negroes) have been second and third-class citizens for years and have been deprived of the rights granted to them by the Constitution of the United States, and the recent flareup in Elizabeth, I was aware that some solution to the problem was necessary.

"Rather than have these things burst forth unannounced in Belleville, I thought it best to create this commission, under our laws, so that there would be a legal body to which persons could bring complaints on housing, employment and so on.

"I thought it best to have a legal entity look into the complaints and, if they are well founded, do something about them.

"These people have had complaints for years and years. Rather than riots, sitdowns and arrests, where there is such a situation where people are denied their proper place in a society because of their color, I believe

it is best to have a legal body to take care of the situation."

"I do believe there have been acts of discrimination in Belleville. There is no use in closing our eyes to these things.

"The appointment of a commission is in the Mayor's hands. I want to move as fast as possible. I do hope that persons put on the commission are the finest and of the highest quality of all ethnic groups. I will consult with the Mayor to see that members are the best qualified to handle any complaints that may come in.

"I hope the people on the commission are in a position to make their decisions as the time the complaint is presented. Each member should be of such caliber and standing in his ethnic group that there is complete faith in the decisions made by the commission. I hope it will go back to their groups to find out what decision should be made, on each complaint. We must have complaints handled as quickly as possible.

"I have always been for equal rights and I have lived in this country of ours for 64 years and as a boy I could see discrimination against groups which to a great extent has dissipated today.

"I believe our present situation will be solved best by legal means and the creation of the civil rights commission will provide the legal means in Belleville."

Candidates Reply to Times-News Quiz

Four of the eight candidates for the vacant at-large seat on the Town Council replied to The Times-News questionnaire. The candidates are: Frank A. Scarpelli Jr., Nuncio Pico and Thomas R. Colatrella. Their answers are printed below.

Peter J. Maglio, returned his questionnaire unanswered, saying "I will use my common sense and my sincere desire to help provide what is needed to run a good and decent town, and to use my good administrative experience to the best of my ability."

Candidates Patrick Greco, Joseph Sooy and Michael A. Maglio did not reply to the questionnaire. Maglio said he had already offered his platform to the citizens of Belleville.

Scarpelli

Q. 1 - Do you favor the continuation of John R. Burnett as Town Manager - Town Clerk?
A: Yes.

Q. 2 - As a member of the Town Council what compensation will you vote to establish for Town Manager?
A - I favor continuing the present amount of compensation.

Q. 3 - As a member of the Town Council during your term of office what compensation do you favor for councilmen?
A - I favor continuing the present amount of compensation.

Q. 4 - Do you believe Belleville shoppers need off-street parking? If so, what are your plans for providing facilities and what are the areas of town that would receive top priority?
A - Yes, establishment of a Parking Authority which would study and propose to the council various sites for the erection of such facilities and the means and methods to finance same in order that the town will receive the benefits from revenues received from these parking facilities. The areas which should receive top priority is the Washington Avenue shopping center. Parking facilities there will assist shoppers and also provide parking for the area residents.

Q. 5 - Do you favor the creation of a parking authority?
A - Yes.

Q. 6 - What plans if any do you have to effect economies in the operations of our municipal government?
A: At present I feel a thorough study of municipal expenditures should be made and if such study reveals unwarranted spending then this spending should be curtailed.

Q. 7 - Did you oppose the

Chief Carl Hunderpfund?

A: - Presently, I do not feel qualified to answer this question, since all the necessary information concerning same is not at my disposal and the equipment has not yet been tested to determine its value. However, if after a study of all the information concerning this subject, I conclude that the equipment is necessary then for the safety of our citizens I would strongly favor its purchase.

Q. 16 - What changes would you recommend in the present administration of our municipal government?
A - While it may not be considered a change, I would strongly recommend that the administration become more cognizant of the feeling and problems of the citizens of Belleville. I most strongly advocate that officials be constantly in contact with the citizens and attuned to their problems. If elected, I would strive to bring the people of Belleville closer to their government.

Pico

Q. 1: Do you favor the continuation of John R. Burnett as Town Manager - Town Clerk?
A: This would depend entirely upon Mr. Burnett's future performance. As an employee, of the council, like any employee, he cannot expect a promise of perpetuity of employment.

As a suggestion, Mr. Burnett would be well advised to stay out of politics. This type of activity is not condoned by the International City Managers Association and is the most certain road to insecurity of employment.

Q. 2 & 3: These questions concern compensation.
A: These questions are ambiguous and apparently confusing a question asked in the May 2, 1962 election (Question 2) with the current situation. In general, however, I would say that compensation is not a primary factor since although not wealthy, I have always held a good position with the Bell System.

Q. 4: Do you believe Belleville shoppers need off-street parking?
A: Yes - of course, off-street parking is a necessity. Other towns such as Nutley, Bloomfield, etc., have provided this service and we should not leave Belleville behind on the road to progress. In my opinion, the most congested areas should receive top priority. At first glance, the Washington Avenue area ap-

pears to be the most likely being mentioned. The matter of implementation, however, would be most carefully planned and studied to insure that income from parking meters, etc., would more than offset the costs and therefore no increase in taxes should result.

Q. 5: Do you favor the creation of a parking authority?
A: This would depend on the method utilized to create such an authority. If it involved additional personnel and expense, my answer would be "No" since in a town as small as Belleville, it would appear that this function could be implemented as an additional duty of the police department if the procedure was well developed and worked out jointly by the manager and police chief.

Q. 6: What plans, if any, do you have to effect economies in our municipal government?
A: This is a broad question which would require many pages to answer in detail. However, in an abridged style I would like to suggest firstly that under our form of government, it is the manager's job to effectuate economies within the frame work of the Administrative Code. As pertaining in the interests of economy, the first document which should be thoroughly reviewed is the Administrative Code. This should not be done by lawyers who, generally speaking, are not qualified in administrative matters. I intend, therefore, if elected, to propose the appointment of a "Little Hoover Commission" for the town of Belleville consisting of men whose current work embodies business administration, engineering, or related fields. Its job would be to develop an administrative code embodying good business principles. This is how economy will be effectuated.

Q. 7: Did you oppose the adoption of the Council-Manager form of government?
A: Yes - because I sincerely thought that Belleville was not ready for it and that the town would be open for grabs by politicians working through a manager of their own choosing. However, since the people have decided on this form of government, if elected, I will dedicate myself to making it work.

Q. 8: Do you favor expense accounts for councilmen?
A: No

Q. 9: Are you in favor of consolidating the positions of building inspector and administrative clerk of the department of Public Works, etc.?
A: Yes - because, in my opinion

manager's job and town clerk's job, etc.
-A: This has never actually been done. The present so-called economy measure is merely a subterfuge exploited for political reasons. It is well known that the town manager has delegated his clerical duties and that Eugene Barnett, although demoted salary wise, in conjunction with others, is actually performing the town clerk's job. Moreover, we now have in Mr. Tedesco a deputy manager who was not originally contemplated. Therefore, overall more waste and inefficiency has resulted. I do not care to be baited by questions such as these which have no basis in fact as purported measures of economy.

Q. 11: Do you favor the much discussed bridge across the third river to connect Rutan Estates with Franklin Avenue?
A: Yes - provided it will not result in any increase in taxes and I am certain this can be accomplished.

Q. 12: As a councilman, would you oppose bidding specifications that are written to favor pre-selected vendors?
A: Not as a general policy. However, in each case the

such practices. They are not only unbusinesslike, but are also immoral and unethical.

Q. 13: Do you favor Town Manager John R. Burnett's proposal to hold the line in next year's budget?
A: Definitely - and if elected, I shall assist in this endeavor to the best of my ability.

Q. 14: Do you favor the expenditure of taxpayer's funds for conventions, etc.?
A: Not as a general policy. However, in each case the

• 4-Speeds plus variable speed control
• 12" non-magnetic turntable • Famous LTD-12S tone arm with exclusive Thorens cueing device • Plus many other features.
FULL ONE YEAR WARRANTY

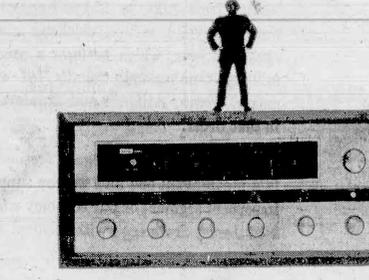

Does a great loudspeaker have to be loud?

Loudspeaker systems by EMI give you natural, undistorted reproduction of music at high and low listening levels.
Crank up the volume and the EMI sound bursts forth in full concert-hall glory. Turn the music down to a whisper and there is still a live, robust, thoroughly realistic quality to the sound.
Not many high fidelity speakers can accomplish that at any price. EMI manages to do it in four different models, of progressively greater complexity and sophistication, from \$69.75 to \$249.00.
Come in for a demonstration. You have nothing to lose except your illusions about other loudspeakers.

See and hear the ultimate in high-fidelity; famous names such as Emi and Thorens, plus the finest tuners, amplifiers, tape recorders, and consoles.
Meet Charles Duval of WTFM and international fame.
Meet some of the well known hi-fi manufacturers in person.
If you missed the Hi Fi Show in New York last month this is your chance to see it in New Jersey.

How you can own a superb 30 watt FM Stereo Receiver for only \$189.95

Build It!
This is the new Award FAS00K—world's first stereo receiver kit.
It's a fine FM Stereo tuner. A flexible stereo control center. A clean 30 watt stereo amplifier—all on one handsome, compact chassis. Yours for the incredibly low price of \$169.95.
It's also a joy to build. Components are on shelves or pull-out trays. Each is clearly marked and in proper building sequence. All the critical, time consuming elements are pre-assembled.
With this kit, you're just a few hours away from enjoying wonderful music in your home. See it today.

Good fit starts in our store and stays in our STRIDE RITE shoes until the day they are outgrown!

Pico
(Continued From Page 7)
fits which would accrue to the town must be weighed against the expenses involved. This is the industry or business approach. I am not in favor of junkies.
Q 15: Do you favor the purchase of additional fire equipment as recommended by the Fire Chief?
A: Only if it has been demonstrated to be absolutely essential to maintaining adequate fire protection. I do not believe in blanket approvals of all requests without the opportunity to study the facts.
Q 16: What changes would you recommend in the present administration of municipal government?
A: Refer to answer to question 6 which is also applicable as an answer to this one.

Colatrella
Q1: Do you favor the continuation of John R. Burnett as Town Manager-Town Clerk?
A1: John R. Burnett has demonstrated excellent administrative ability and I would want him to continue serving Belleville.
Q2: As a member of the Town Council what compensation will you vote to establish?
A2: A man's worth is measured by his accomplishments. After a year's service his compensation would be intelligently measured.
Q3: As a member of the Town Council during your term of office what compensation do you favor for councilman?
A3: I would vote to hold Councilman salaries at their present amount.
Q4: Do you believe Belleville shoppers need off-street parking? If so, what are your plans for providing facilities and what are the areas of the town that would receive top priority?
A4: To a greater degree it is the shopkeeper and the businessman rather than the shopper who needs off street parking. To a shopper it is a convenience. To a businessman it is a question of survival. This has been a vexing problem for sometime. Some solution within the financial ability of the town and merchants to finance parking facilities should be formed.
Q5: Do you favor the creation of a parking authority?
A5: Every community, sooner or later, is plagued with a parking problem. I favor the creation of a parking authority to keep pace with growing needs. The proverb "A stitch in time-saves nine" is apropos.
Q6: What plans if any do you have to effect economies in the operations of our municipal government?
A6: The number of employees and their salaries have been pretty well set. Any substantial economies will have to be effected from other expenses; for instance, all purchases should be made on a competitive basis, waste in all offices and departments must be cut to a minimum; where feasible, town work should be done by town employees rather than outside contractors and all future expenditures should be carefully analyzed and only necessary ones should be permitted. This is a broad question.
Q7: Did you oppose the adoption of the Council Manager form of government?
A7: No. In fact I was in favor to have our present form of government adopted.
Q8: Do you favor expense accounts for Councilman?
A8: I see no present need for expense accounts for Councilman.
Q9: Are you in favor of con-

solidating the positions of Building Clerk of the Department of Public Works as our Town Manager?
A9: The present set up seems to be working satisfactory. I would reserve my opinion until as a Councilman, I would be in a position to evaluate its efficiency rating in terms of service to the citizens of the community.
Q10: Do you favor the consolidation of the Town Clerk's duties with those of Town Manager as exists today or would you vote to separate the two jobs and employ two different people to perform the separate jobs?
A10: We have an especially talented man in John R. Burnett who seems to be having no difficulty in administering both departments. I have heard no complaints from any sources. Until he has admitted that his work load is too burdensome, I would continue the present setup.
Q11: Do you favor the construction of the much discussed bridge across the Third River to connect Rutan Estates with Franklin Avenue?
A11: This question is a vexing one. The crux of the question is adequate fire protection for the residents of Rutan. I would favor a study by competent persons to ascertain whether adequate protection exists without the bridge with trial runs made in good weather, snow and ice, rain and rush hour traffic. An answer might be the relocation of the Franklin Street fire house to a point nearby where fire trucks passage would be delayed or impeded by traffic, thus eliminating the need for a bridge.
Q12: As a councilman would you oppose bidding specifications that are written to favor pre-selected vendors?
A12: Yes, emphatically.
Q13: Do you favor Town Manager John R. Burnett's proposal to hold the line in next year's budget?
A13: This is a basic part of my platform. I will work shoulder to shoulder to achieve that result.
Q14: Do you favor the expenditure of taxpayer's funds to send municipal employees and councilmen to annual conventions of the New Jersey League of Municipalities?
A14: Only within strict limitations. The basic concept of the convention is that the convention work shops, if attended can provide excellent instructions on town management. The persons to attend should be selected with care, and the expense money allowed should be adequate but not lavish.
Q15: Do you favor the purchase of additional fire equipment as recommended by Fire Chief Carl Hundertpfund?
A15: The first consideration of a councilman should be the safety of persons and property in Belleville. I am persuaded that our fire department needs equipment replacements and possibly additional equipment. In this respect, the benefit of the doubt should be resolved in favor of new equipment. You can remedy other errors, but you cannot restore a life lost because of equipment breakdown.
Q16: What changes would you recommend in the present administration of our municipal government?
A16: No glaring or urgent need for emergent actions occur to me. Since no change in one respect can be made without affecting another, it is incumbent upon a responsible councilman to make an overall study before making a specific recommendation.

regulated by the Administration Code, Town of Belleville, An in change this well prepared code.
Q 3: As a member of the Town Council during your term of office what compensation do you favor for councilman?
A 3: As far as I am concerned compensation is of secondary importance to me as I derive my income from my business.
Q 4: Do you believe Belleville shoppers need off-street parking? If so, what are your plans for providing facilities and what are the areas of town that would receive top priority?
A 4: Yes. A comprehensive traffic code is essential to the well being of our community. Mr. John R. Burnett is a this time conducting a traffic survey that includes the much needed survey of off street parking for our citizens and merchants.
Q 5: Do you favor the creation of a parking authority?
A 5: The study survey I believe will show a need for a parking authority.
Q 6: What plans if any do you have to effect economies in the operations of our municipal government?
A 6: Fiscal reform and by elimination of the practice of transferring funds from one account to me. This has been a carry-over from the commission days. This bookkeeping trickery permits expenditures of tax payers money without the citizens knowing in advance where the money is going.
Q 7: Do you oppose the adoption of the Council Manager for formal government?
A 7: No.
Q 8: Do you favor expense accounts for Councilman?
A 8: No.
Q 9: Are you in favor of consolidating the positions of Building Inspector and Administrative Clerk of the Department of Public Works as our Town Manager has done?
A 9: No.
Q 10: Do you favor the consolidation of the Town Clerk's duties with those of Town Manager as exists today or would you vote to separate the two jobs and employ two different people to perform the separate jobs?
A 10: We are paying the Town Manager to perform the duties of Town Clerk. If this job isn't being done by him or if he can't properly perform both jobs, I am quite sure he, being an extremely conscientious man, would so state to the council. If this be the case, I would favor appointing Mr. Eugene Barnett to this job.
Q 11: Do you favor the construction of the much discussed bridge across the Third River to connect

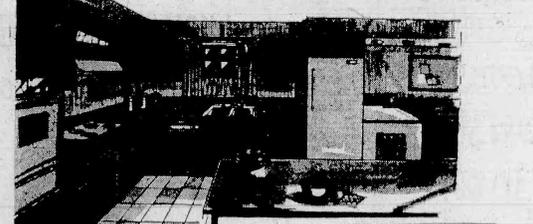

Rutan Estates with Franklin Avenue?
A 11: Yes.
Q 12: As a councilman would you oppose bidding specifications that are written to favor pre-selected vendors?
A 12: Yes.
Q 13: Do you favor Town Manager H John R. Burnett's proposal to hold the line in next year's budget?
A 13: Yes.
Q 14: Do you favor the expenditure of taxpayer's funds to send municipal employees and councilmen to annual conventions of the New Jersey League of Municipalities?
A 14: The annual convention of the New Jersey League is held for the purpose of bringing together the leaders of all the communities for the purpose of comparing and analyzing governmental operation in all forms. It's main purpose is to educate the leaders in a community on the best ways to serve the public and at the same time save money for tax payers.
An investment in knowledge always pays the best interest. Therefore department heads must be kept abreast if we are to move Belleville forward. A councilman should not seek public affairs office unless he intends to devote his energy towards the good of his fellow citizens of my annual vacation so that I too will be able to better represent the people of Belleville.
Q 15: Do you favor the purchase of additional fire equipment as recommended by Fire Chief Karl Hundertpfund?
A 15: Yes

DO YOU KNOW...

NEW JERSEY
... produces nearly 6 million eggs every day!

The poultry industry in New Jersey is the state's most important source of farm income. We can boast of having more than 3,000 commercial poultry farms ranging in "population" from 3,000 to 150,000 egg-producing chickens. Approximately 10 million chickens supplied nearly 2 billion eggs last year, which brought a gross income of over \$60 million. Cumberland County led all others with Monmouth, Ocean, Atlantic and Hunterdon Counties following in that order.

To New Jerseyans, the slogan "fresher by miles" is a meaningful one and we are supporting an important segment of our economy when buying New Jersey fresh eggs with the Seal of Quality.

TAX SALE

NOTICE OF SALE OF PROPERTY FOR NON-PAYMENT OF TAXES, ASSASSINATIONS AND OTHER MUNICIPAL LIENS.
PUBLIC NOTICE is hereby given that the undersigned, Collector of Taxes of the Town of Belleville, in the County of Essex, will sell at public auction in the Courtroom chambers in the Town Hall of said Town on **MONDAY, NOVEMBER 25, 1963** at 10 A.M. the following described lands:
 Said lands will be sold to make the amount of municipal liens chargeable against the same on the first day of July 1963, as computed in the following list together with interest on said amount from the first day of July to the date of sale and costs of sale.
 Said lands will be sold in fee to such persons as will purchase the same subject to redemption at the lowest rate of interest, but in no case in excess of eight percent per annum. The payment for the sale shall be made before the conclusion of the sale or the property shall be resold.
 Any parcel of real property in which there shall be no other purchaser will be struck off and sold to the Town of Belleville in fee for redemption at eight percent interest, and the municipality shall have the same remedies and rights as other purchasers including the right to bid or foreclose the right to redemption.
 The sale is made under the provision of an act of the Legislature entitled, "An act concerning public taxes, assessments and other municipal charges on real property and providing for the collection thereof by the creation and enforcement of liens thereon." R.S. (51-19 to 51-111).
 At any time before the sale the purchaser will receive payment of the amount due on any property with the interest and costs incurred up to the time of payment, in which case the purchaser will be bound to pay the amount in full. In the event of a duplicate, including the name of the owner as shown on the last tax duplicate, and the aggregate of taxes and assessments which were a lien thereon on the first day of July 1963, exclusive, however, of the lien for taxes for the year 1963, are as listed below:
 Given under my hand this 25th day of October 1963.

WILLIAM J. FRIEL
 Collector of Taxes

LEGAL NOTICE

PUBLIC NOTICE is hereby given that the Board of Assessments for Local Improvements of the Town of Belleville, County of Essex, State of New Jersey at a meeting to be held in the Council Chambers at the Town Hall, Washington and Belleville Avenues, Belleville, New Jersey on Thursday, November 14, 1963, at 8:30 P.M. will hear all persons interested in, or whose land may be affected by the following improvements:

- ORDINANCE No. 1555 (adopted January 15, 1961)**
- (a) Princeton Terrace from Jorammon Street northwesterly approximately 215' improved by constructing a bituminous concrete surface pavement and modified drainage basins, and by constructing concrete sidewalks along both sides thereof and by grading such public street.
 - (b) Yale Terrace improved from Jorammon Street northwesterly approximately 140' by constructing thereon a pavement of bituminous surface pavement on modified foundation and by constructing concrete curbs and sidewalks along both sides thereof of said public street and by grading such portion of said public street.
 - (c) Princeton Terrace improved from approximately 215' north of Jorammon Street to its westerly terminus by resurfacing the existing pavement with bituminous concrete.

For the purpose of said meeting it is to be heard all persons interested in, or who may wish to be heard concerning the improvement of the cost of said improvement and the assessment thereon and the assessment levied thereon and the amount of the damages thereon.

JOHN R. BURNETT
 Town Clerk

 October 31, 1963

Dear folks —
 When husband dear sprung a surprise trip on me today I very nearly panicked — (You know that feeling — nothing "just right" to wear?)

Well, I dashed madly into Lipton's and desperately threw the whole problem on Mrs. Watenmaker's capable shoulders.

Bless her — in minutes she had me ready to leave, all serene (and if I must say it myself) looking very much the wife of a successful young executive — no relation at all to that harassed mother of six who barged in so breathlessly a short time before.

My traveling costume is perfect for this strange weather. It's by Etienne de Paris, knitted of course — the coat the very new "walking length". The overblouse has three quarter sleeves and high neck, so that with the slim skirt it's an outfit by itself. I bought it in a luscious gold color but Lipton's has it also in Oxford Grey that's mighty smart.

Just to be prepared for another heat wave — we added two sleeveless vests to wear with the skirt and jacket — one of fake leopard and one of Majestic diagonal weave in palest beige!

Mrs. Cassell pinned a stunning Weiss enameled autumn leaf on my blouse — looks for all the world as tho' it had just drifted down from a tree!

O — that Lipton's!
 Sincerely
 Letty

Cervasio Passes, Runs to Victory

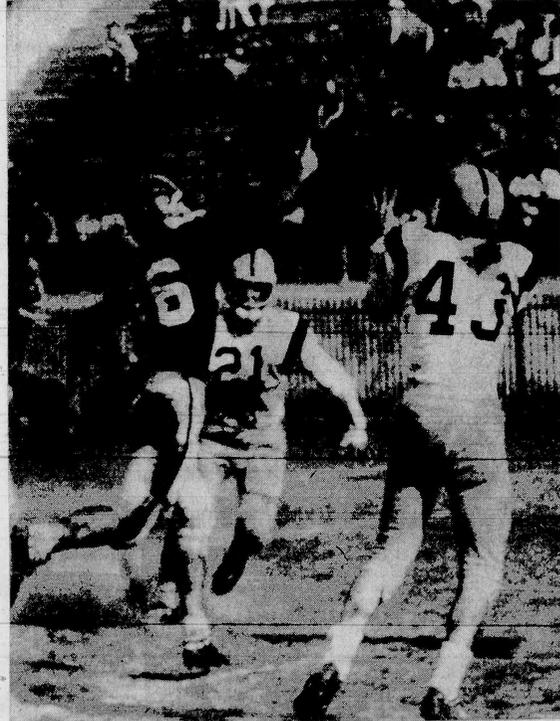

IRVINGTON THIRD VICTIM OF BELLBOYS

HEMMED IN: Halfback Joe Cervasio (27) is nailed after picking up a couple of yards. Both Irvington tacklers are unidentified. Cervasio later passed for one touchdown and ran for another to lead the Bellboys to their third win in five outings.

BOTH SIDES: Two unidentified Belleville defenders collaborate on stopping Irvington's Mike Lanzo (65) in Saturday's tilt. The Bellboys stingy defense held the opponent in check most of the way.

INTERCEPTION: Belleville's Charlie Oese (43) picks off an Irvington stray aerial deep in back territory Saturday. The intended pass was for Brad Patten (46) of Irvington. Bellboys John Vico (21) and unidentified defender watch Oese's robbery. Belleville won game, 14-7.

TD Pass Caught By Raimo

BY RAY FERSCO
An improved Bellboy offense sparked by Frank Pomaco and Joe Cervasio, along with the usual hard hitting defense, led Belleville to their third win of the season. The Bellboys stopped an early threat and then went on to beat the Irvington Campers by a 14-7 score.

Defense Impressive
Joe DelGuercio kicked off for Belleville and the Campers Larry Grecco ran it up to his own 40. On the first play from scrimmage the Campers gained 30 yards on an aerial from Dave Bitterman to Brad Patten. Two downs later, Irvington moved to another first on a combined ground and aerial attack.

This brought Irvington within a foot of the goal. However, on the fourth down the strong Belleville defense led by Lenny Luongo, Pete Strumolo, and Tony Giampietro held and Belleville took possession.

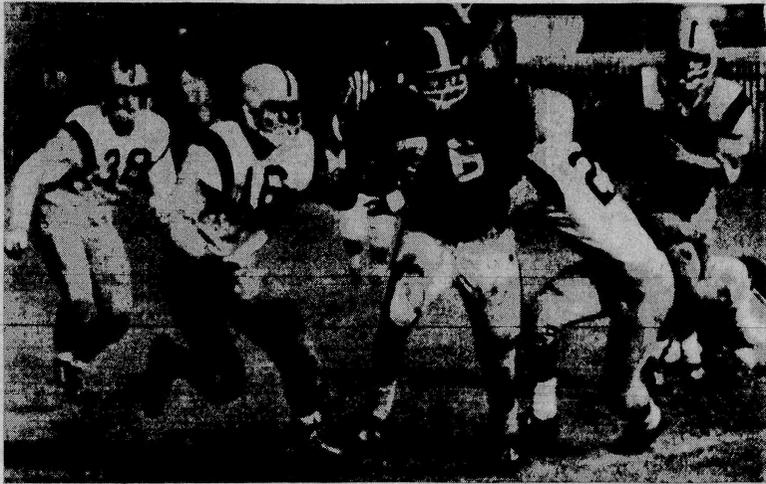

The Bellboys fumbled on the first play and the Camper's Joe Aeilio recovered on the Blue and Gold 10. After four plays, the defense finally got their bearings and forced Irvington to punt. The Bellboys then began their first drive on their own 21.

For 17 plays, Belleville continually racked up yardage. When the ground drive proved ineffective the Blue and Gold took to the air. Finally on third and seven, Frank Pomaco went back to pass, only to be squashed by the incoming defense. After one more play, the Campers took over on their own 31. Four plays later Irvington's offensive proved ineffective and Belleville took over on their 21.

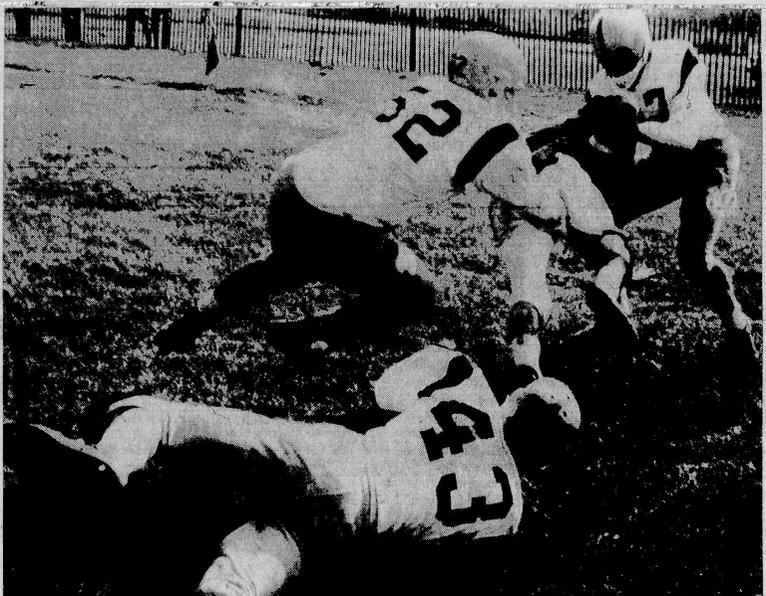

March 73 Yards
Previously unable to get rolling, the Bellboys began a 73-yard drive to paydirt. The 14 play procession was highlighted by a clinch jump pass from Pomaco to Frank Raimo and finally a 41-yard roll out T.D. pass. The precise aerial was thrown by Joe Cervasio and caught by Raimo. DelGuercio's kick was good.

Irvington took possession, but after two plays alert Charlie Oese slipped into the clear for his eighth interception of the season. Belleville took over at the midfield stripe only to lose possession. After four downs, Irvington began pass patterning towards the goal, but the first half soon closed.

Belleville's Richard Del Basso took the second half kickoff up to the Belleville 23. The Blue and Gold picked up a few yards, (Continued On Page 13)

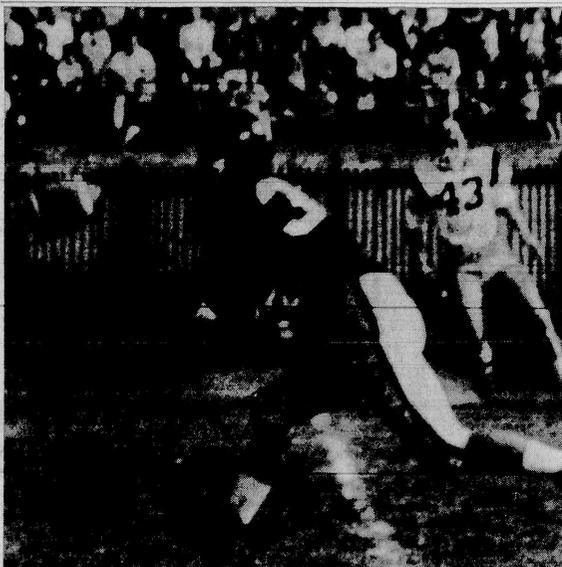

SPES-DAYLIGHT: Big Fred Gawlick (76) of Irvington — the stopper while Harold Avallone (38) and Lenny Luongo busts out into the clear after eluding two Belleville tacklers, Warren Ceres (15) and Bill DiBiase (23) fail to apply

RUDE RECEPTION: An unidentified Irvington back is brought down by two Belleville defenders in second period. Pete Strumolo (52) and Joe Cervasio (27) bring the runner

The Belleville Times

The Belleville Times-News, Thursday, Oct. 31, 1963—11

I GOT IT: Halfback Dave Bitterman (37) is about to catch a pass during third period action. Charlie Oese (43), who intercepted his eighth pass of the season, is the only Belleville defender to be found. The play went for nine yards and a first down.

RAZOR BLADES AND BOXING LESSONS

Hurricane Rubin Carter needed only two things Saturday morning when he woke up. One was a fresh supply of razor blades and the other was a boxing instructor.

Carter is the middleweight boxing sensation who will one day wear the purple of a ring champion. Last Friday he slipped a little in his hasty climb to the championship when he dropped a split decision to fancy-dan Joey Archer in Madison Square Garden. But it is only a small delay in his campaign to win the middleweight title of the world.

The reason we're so sure that he will be the champion one of these days is that although he has a 17-4 record, Carter never lost a fight in his life. This is quite an accomplishment when you consider the fact that he is earning his living with his fists and never learned how to box.

Carter is so rugged his muscles have muscles — that he is considered one of the top challengers for the title today and takes a punch so well that he never bothered to learn to duck them. Instead, Carter is a throwback to the caveman, who wades in and swings sledgehammer blows that no man in his class can take and keep standing. Each time he hits a man with his vicious, angry punches we wonder why the cops don't arrest him for assault with a deadly weapon.

When he fights no one wonders if he is going to be knocked out or whipped. The crowd keeps counting the rounds in surprise wondering why his opponent doesn't get out of the ring and go home to live and fight another day.

A POWERFUL PUNCHER

Blessed with a powerful punch, a body that puts Mr. Atlas to shame, and the fierce, killer instinct of a savage, Carter never learned to box. If he can't catch his man to club him down, he may lose a decision to the judges who give credit to the jabs that he never learned to duck, but hardly feels. This accounts for his marks in the loss column, but always surprises Carter and the fans as both he and the crowd know that he was the better man in the ring that night. He just never needed to learn to box.

Yet, until he does, it looks like he will have to go on buying razor blades. The Hurricane has found now that he has reached the top rungs of the ladder, that to be a champion takes more than a big punch and the ability to take a belt on the chin. Until Carter learns how to handle the fancy, jab-and-run type fighter the crown will rest uneasy on his head even if he does manage to win it with his wicked slugging.

Once he learns to box a little to go with his slugging he can forget the company that sponsors his television appearances and toss away his razor. Carter, who shaves his head wears a mustache that is a cross between a Chinaman and Dizzy Gillespie.

FIGHTS FOR A GOATEE?

When he first entered the pro ranks he wanted to wear a goatee. We recall the night his Manager Carmen Tedeschi lead him into the news office in Paterson. He wore a white T-shirt that only served to enlarge the mammoth muscles underneath. "What is it we quipped?" "The next middleweight champion of the world," said Tedeschi. "In fact he was just promised by the state boxing commissioner that he wouldn't have to shave off his goatee to fight as soon as he wins the championship."

The day will come when Carter dons the purple robe of a champion and tosses away the razor. If Tedeschi can find a man to teach him to duck a few punches instead of taking them to show his contempt for his opponent, the day will come a lot sooner.

Review Committee Named To Spearhead Boathouse

Construction plans of the new boathouse for the crews of the Belleville and Nutley High Schools in Kearny's Riverbank Park came a large step closer to realization with the appointment by President William Chapman of a Review Committee at a trustees' meeting of the Belleville - Nutley Rowing Association, Inc., at the Nutley Red Cross Tuesday night.

Everett Zabriskie, business manager of the Nutley Board of Education, and Carl Ohlson, a member of the school board; Ernest S. Arvidson, vice-chairman of the Belleville Board of Education, and Herman Wische, athletic director of Belleville High School, will serve on the Review Committee, with President Chapman as its ex-officio chairman.

Details of the construction will be ironed out by the committee jointly with James H. Beiley, Nutley architect and vice president of the Rowing Association, who developed the plans for the new boathouse. Accordingly, a joint meeting has been scheduled for the Committee members with the rowing coaches of the two towns, Edward Cummings, of Nutley, and Stanley Scher and Michael Lally, head and assistant coach, respectively, of the Belleville crew.

Time Element Stressed. Appointment of the Review Committee followed after Mr. Wische had stressed the great urgency of the boathouse building program. Crew practice would have to begin latest in March, he emphasized, for the crews of the two towns to have a chance to participate once again in scholastic competitions. Last spring, though qualifying in the inter-scholastic semi-finals, the Belleville and Nutley crews lost their opportunity to place first and second in the finals, due to a collision in the rough waters of the Hudson River off Poughkeepsie.

President Chapman expressed the hope that a recent contribution of 8,000 bricks by the Cerami Construction Company of Belleville would elicit similar contributions "in kind" for the boathouse, so that the digging of foundations and other actual building operations could probably start as early as the end of November or the beginning of December.

The meeting also heard reports on the progress of the house-to-house campaign now being conducted under the slogan of "Keep Rowing Going" in both towns. Both Arvidson, chairman of the house-to-house drive in Belleville, and John Kaiser, general fund-raising chairman for Nutley, expressed their personal satisfaction with the progress of the drive so far. Inasmuch as most campaign workers only have the

Another "Century" was added last week to the Boathouse Building Fund of the Belleville-Nutley Rowing Association, Inc. by the Belleville Kiwanis Club. Victor Call, Kiwanis president (second from left) is shown turning his service club's donation to the "Keep Rowing Going" campaign over to these trustees of the Rowing Association (left to right): Ernest S. Arvidson, member of the Belleville Board of Education and chairman of the House-to-House drive for Belleville; John R. Kaiser, general fund raising chairman for Nutley, and John Peddieson, chairman of the Nutley Education Division of the campaign, which aims at construction of a new boathouse for the High School crews of the two neighboring towns.

weekends available to make their house-to-house appeals for funds, it was agreed to extend the drive until all residences in both towns had been visited. Recent contributions from service clubs and other civic organizations included \$300 from the Belleville Education Association, \$100 from the Belleville Kiwanis Club, and a \$100 from the Colony Club. Previous contributions included \$250 from the Bank of Nutley, and \$500 each from the Varsity Club of Belleville. Post

Bellboys Harriers Race Over Nutley, E. Orange

After losing two meets in a row to strong Bloomfield and South Side teams, the Belleville Harriers under the coaching of Mario DiMaggio went back on its usual winning ways by beating Nutley then East Orange. Beating a strong Nutley team their biggest arch rival on October 21, Belleville proved to be the strongest ever. The outstanding runners placing for the Bellboys were: Rich Ziegler, first; Harry Stelker fourth; Toby D'Amboia, fifth; John Dorer, seventh; and Albert Paganelli, ninth. The final score was 28 to 29 and this sent the Nutley team home in defeat. Two days later, the Bellboy harriers then stepped into West Side Park to meet a strong East Orange team, who has the country's best runner in Reggie Henry. The race proved to be a hard and close one with Belleville coming home with their second win in a row by a score of 27 to 28. Placing for Belleville were: Ziegler second, Stelker, fourth; Paganelli, fifth; D'Amboia, seventh and Dorer, ninth.

Friday the harriers were faced with one of the biggest meets in the season. This was the Big Ten Meet which took place at Branch Brook Park. The Bellboys, who had taken last place in this meet last year, came up with a big third place finish Ziegler taking a second, Stelker an 11th, Paganelli an 18th, with D'Amboia and Dorer not far behind but the harriers in third place.

Upset-Minded Garfield Hosts Bellboys Saturday

By RUDY NEUMAN
The letters "DD" mean daily double to most sports observers but to Belleville High's football opponent last Saturday, Irvington, they indicated "double danger". They stand for the Bellboys defense and double-threat half-back Joe Cervasio. The Bellboys stout-hearted defense is no surprise, but the name Cervasio is since he wasn't listed as a starter in their backfield for the first five games.

In a nutshell, Cervasio was the offensive scoring weapon that gained Belleville its third triumph, second in succession, in five gridiron tilts. After viewing the game films Monday, Tommy couldn't help but praise the entire squad for a fine effort.

"I figure the first two minutes of the game was the difference in winning," said the second-year mentor. "The defense got off to a slow start, but quickly regained composure to turn back a couple of Irvington scoring threats inside our five."

Garfield, Belleville's next opponent lacks the running speed to do much harm. They are big, as usual, and Belleville cannot take them lightly. Garfield hasn't won and the taste is getting more salty each Saturday. This would be a good time for an upset since the contest is at Garfield. Aside from a few minor injuries, Belleville is in fine physical shape. Tom Greco, the little scab-back, performed well in his brief duty as did fullback John Senesky.

Little's Rolls Over Bellas

Peggy Locascio paced Little's Pharmacy to a sweep of three games over Bellas Floor Covering last Tuesday by rolling scores of 223 and 163 for a net high of 525.

By virtue of the wins, Little's Pharmacy retained its two-and-one-half game lead over runner-up Johnson Realty in the scramble for top honors in the Brookdealers Bowling League.

International Coining and Stamping copied three wins from Preston Phoebe Builders, who are currently tied for third place with Clifffield Tool Specialties.

Other high games were recorded by Miriam Waltz with 182, Ann Coyle, 181 and 175, Helen Martin with 178 and 164, Dot Black with 176, Ria Kendall with 174 and Geri Hertzschuch with 167 and 162, Muriel Best and Marge Davey also got into the act with 162 and 161.

Gantner's A&F Pace Pin League

A & F Automotive remained in at first - pace tie with Gantner's Hardware by sweeping three games over Home Owners in the Olympian Bowling League this week.

Gantner's copped a pair of games from Reilly Agency despite a 519 series by leading - pointmaker Stella De Lasso. Barboni's Chevrum took two from Nutley Sun to remain one game off the pace.

Ted Murphy of White Oak rolled the highest game of the evening with a 203 score. This effort paced her mates to a couple of wins over Costa's Deli.

Mike's Clites Service won three

matches over Orechio Agency. By doing so, the Clites Service club ran up the highest team game and series to date with 531 and an overall 2305. This was aided by Sadie Cetulio's 520 series.

Touchdown Pass

(Continued From Page 11)

but they were unable to get right tackle for a touchdown. It drove 66 yards in 11 plays, started. Belleville retained possession on the 44. The offense to boot the P.T.A. At the end of the third quarter Belleville continually gained as they piled a first down on a 15-yard face mask penalty. Four plays later Joe Cervasio took a Pomac handoff and swept 37 yards of Irvington took the ball on its 27.

DelGuercio then stepped back to boot the P.T.A. At the end of the third quarter Belleville continually gained as they piled a first down on a 15-yard face mask penalty. Four plays later Joe Cervasio took a Pomac handoff and swept 37 yards of Irvington took the ball on its 27.

The highlights of the sustained drive were two long passes to Mike Lanzo, and a 13 yard run by Ted Bilensky. The score resulted from a one-yard plunge by fullback Fred Gawlick. Mike Lanzo kicked the extra point.

Late in the fourth quarter Irvington again posed a threat, but Charlie Oese intercepted a pass and Belleville held possession as time ran out.

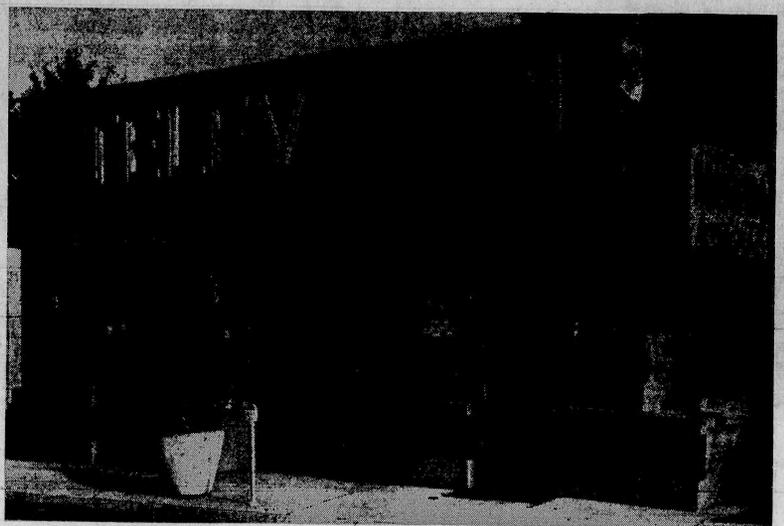

The Belboys are now 3-2 while Irvington is 1-5.

Irvington 0 0 0 7 - 7
Belleville 0 7 7 6 - 14

Belleville scoring: Raimo (40 yd. pass from Cervasio), Cervasio (37 yd. run), PAT - DelGuercio (placement) 2.

Irvington scoring: Gawlick (1 yd run), PAT - Lanzo (kick).

Women Aid Rowing Assn. Drive

The question "Won't You Help Us?" atop a publicity display in the entrance to the main office of the Bank of Nutley was answered by the Woman's Club of Belleville in a most effective manner when three club officers turned a \$100 check over to Richard LeCompte, cashier of the bank and treasurer of the Belleville-Nutley Rowing Association. The money, presented to Mr. LeCompte by (left to right) Mrs. William Baker, Mrs. Edward Rochau, club president, and Mrs. Charles Watson, Jr., was raised by the club at a dessert-bridge given for the benefit of the Rowing Association on its Boathouse Building Fund, which will make the construction of new facilities for the High School crews of the two towns possible.

Mrs. Kenneth Broo Named Head of School Ten PTA

Mrs. Kenneth Broo has been elected president of the School Ten PTA for 1963-64. Other officers are Mrs. Anthony Videko, vice-president; Henry Minasian, principal, honorary vice-president; Mrs. Joseph Cronauer, recording secretary; Mrs. Angelo Mostiello, corresponding secretary and Mrs. Anne B. James, treasurer.

The executive board will meet Monday evening, November 4, at the home of Mrs. Cronauer.

The following have been appointed committee chairmen on the board: ways and means, Mrs. Thomas Daley; program, Mrs. Anthony Videko; hospitality, Mrs. Patrick Rotondo; membership, Mrs. Ellen Angus and Mrs. George Ferro.

Room mothers representative, Mrs. Louis Pallante; legislation, Mrs. Richard Schaffer; publications, Mrs. Ralph Russek; teen canteen, Mrs. William Rosh and Mrs. John Tague.

Also, Civil Defense and Board of Education representatives, Thomas Holton and Matthew Miller; budget and finance, Henry Minasian; founders day chair-

Pamela Stinson Is "Sweet 16"

Miss Pamela Stinson, daughter of Mr. and Mrs. A. R. Stinson of 149 Crestwood Avenue, Nutley, was guest of honor Saturday evening, October 26, at a Sweet Sixteen party at her home. Guests were: Eileen Albers, Judith Anderson, Elizabeth Pagano, Suzanne Shorter, Malcolm Norstrom, Charles Forrester and Robert Foster, all of Nutley; also Linda Coeyman, Meredith Beschler, Richard Barton and Philip Durno of Belleville and Robert Lennon of Newark.

A sophomore at Nutley High School, Pamela is active in Belleville Rainbow for Girls, Assembly No. 5.

Sensible Storing
If limited closet space makes it necessary to store some of your winter clothing in the guest room closet or coat closet, here's a suggestion. Store party clothes, special sports clothes and less frequently worn garments in the less convenient location. You can save valuable minutes when you dress or put garments away by storing most worn garments in the more-accessible closet.

Mary Orlando Is Affianced

Mr. and Mrs. Patsy Orlando of 77 Union Avenue, Belleville, announced the engagement of their daughter, Miss Mary Ann Orlando, to Michael Hagarty, son of Mr. and Mrs. Michael Hegarty of 47 Rossmore Place, Belleville, at a recent party held at Lyle's Restaurant, Kearny.

A graduate of Belleville High School, the bride is employed by Blue Cross-Blue Shield, Newark. Also a Belleville High School graduate, the bridegroom served for three years with the U. S. Army and is employed as a laboratory technician at Radel Leather Manufacturing Co.

The wedding will take place May 9, 1964.

Breathes there a man with soul so dead,
Who never to himself hath said,
This is my own, my native land,
So—Lay of the Last Minstrel

Secretaries Plan Fall Fashion Show

The Newark Chapter of the National Secretaries Association (Internationally) will sponsor a fashion show and luncheon on Saturday, November 2 at Mayfair Farms, West Orange. The affair will benefit the Betty Bruen Memorial Scholarship Fund, which honors a late member of the Newark Chapter and provides educational aid for Berkeley School of Secretarial Training.

The Newark Chapter of the Association has 130 members many of whom are employed by Belleville and Nutley firms, and expects to have more than 550 guests at the November 2 luncheon. Chairman of the committee is Mrs. Joyce S. Kam, secretary to C. Malcolm Davis, president of Fidelity Union Trust Company.

Engaged

MISS MARY ANN ORLANDO

Mary Orlando Is Affianced

So—Lay of the Last Minstrel

MISS MARIANNE HUMMEL

Is Engaged To Raymond Boxer

The engagement of Miss Marianne Hummel to Raymond E. Boxer, Jr., son of Mr. and Mrs. Raymond E. Boxer of 35 Division Avenue, Belleville was announced by Miss Hummel's parents, Mr. and Mrs. Harry L. Hummel at their home, 448 Summer Avenue, Newark, Saturday evening, October 26.

The bride-to-be was graduated from Barringer High School, Newark, and is employed by Saul A. Cohn & Co. Mr. Boxer, a graduate of Belleville High School and Upsala College, is a psychometrist at Newark College of Engineering.

A Spring wedding is planned.

Betrothed

MISS TRUDIE B. HADDON

John Wanchow Will Wed Nurse

The engagement of Miss Trudie Beth Haddon of New York City, to John Joseph Wanchow, Jr. of 881 Belleville Avenue, Belleville, has been announced by Miss Haddon's parents, Mr. and Mrs. William P. Haddon of Parsippany. Mr. Wanchow is the son of Mr. and Mrs. John Wanchow, Sr. of St. Petersburg, Fla.

A graduate of East Orange General Hospital School of Nursing, the bride-elect is assistant night supervisor at Harkness Pavilion, New York City. She is presently attending Upsala College. Her fiancé, a graduate of Notre Dame University, South Bend, Ind., is a field engineer with R.C.A.

A January wedding is planned.

Panel to Feature JWV Joint Session

The Essex County Jewish Community Service will sponsor a panel discussion, "Open End" at a joint meeting of North Essex Post 146, Jewish War Veterans and its Auxiliary November 7 at the Bloomfield Civic Center.

Mrs. Mildred Salzman is in charge of the program. Ted Goodman is Post Commander and Mrs. Tess Zwiering, Auxiliary president.

WANT TO WRITE?

The Belleville Times is looking for neighborhood reporters to augment its reportorial staff.

If you're interested in writing social items about your neighbors, give us a ring at Plymouth 9-3200 and make an appointment for an interview.

We are especially interested in residents of the Valley, Rutan Estates, the Silver Lake district, Soho and Big Tree.

A man can't live a full and satisfying life until he is prepared to accept the unexpected as an opportunity instead of a possible source of trouble.

Miss Marie Strumolo Is Bride In St. Anthony's R.C. Church

The marriage of Miss Marie Strumolo to Anthony Gammara, Jr., was solemnized Saturday afternoon, October 26, at St. Anthony's R. C. Church, Belleville. The Rev. Anthony Monchio performed the ceremony, which was followed by a reception at Royal Hawaiian Palms, Lyndhurst.

The bride is the daughter of Mr. and Mrs. Fiore Strumolo of 89 Heckel Street, Belleville. The bridegroom is the son of Mrs. Anthony Gammara of 369 Lake Street, Belleville, and the late Mr. Gammara.

Mrs. Anthony Gammara, Jr. Former Marie Strumolo

The bride's gown of silk peau de soie was styled with scalloped neckline, long sleeves and semi-bell shaped skirt, and accented with imported Ronzoni lace applique reembroidered with crystals and seed pearls. A crystal and seed pearl headpiece held tiered veil of illusion, and she carried two white orchids with Stephanotis on a prayer book.

Miss Dolores Calitri of Newark, the maid of honor, was gowned in a gold floor length dress of Peau de soie with candlelight overskirt. She carried a gold and rust pompon cascade.

The bridesmaids included Miss Grace Tedesco, Miss Carol Petretta and Miss Marie Strumolo of Newark, cousin of the bride; Miss Veronica Pribula, another cousin; Miss Michaelina Boechino, the bridegroom's cousin, and his sister, Miss Diane Gammara, all of Belleville.

Miss Lauren Mansueto of Newark, was her cousin's junior bridesmaid, and Valerie Strumolo of Newark, another cousin, acted as flower girls. Their gowns were in candlelight with gold overskirts.

Michael Cerza of Belleville served as Mr. Gammara's best man, and ushers were Gerald Strumolo, cousin of the bride, and Richard Savaro of Newark. Peter Strumolo, the bride's brother, Joseph Nardiello, Anthony Boechino of Belleville and Anthony Boechino of Nutley, the latter two cousins of the bridegroom, Charles Conte of Belleville, nephew of the bridegroom, was ring bearer.

Mrs. Strumolo wore a floor length gown of aqua peau de soie with sequin and seed pearl applique on the bodice; the bridegroom's mother chose black silk organza and lace. Each had matching accessories and a white orchid corsage.

A graduate of Central High School, Newark, the bride is a bookkeeper with New Jersey Association of Real Estate Boards. Mr. Gammara is employed at Michael Cerza, Jr. Trucking, Belleville. The newlyweds are honeymooning in Miami Beach, Fla.

Tercentennial Historian Will Speak at Woman's Club Nov. 13

John T. Cunningham, noted New Jersey author and lecturer, will be the guest speaker at the annual birthday luncheon of the Woman's Club of Belleville, Wednesday, November 13, at 12:30 p.m. at Wesley Methodist Church Hall.

Currently Mr. Cunningham is the N. J. Tercentennial Commission's historian. His column "Tercentenary Tales" has appeared in The Belleville Times-News and other papers throughout the state. A native of New Jersey, Mr. Cunningham attended Morristown High School and took his BA at Drew University. He is the author of "The Garden State," the story of agriculture in New Jersey; "Made in N. J.," the Industrial Story of a State; "The New Jersey Shore," "This is New Jersey," and other books, all published by Rutgers University Press and available at the Belleville Public Library.

Mrs. Edward Rochau, president, announced that Miss Marion C. Butterfield, Eighth District literature chairman, will be a guest at the luncheon.

The literature department under the chairmanship of Mrs. Charles R. Haught, is in charge of the program for the luncheon to celebrate the State Tercentenary. A table will be decorated with Mr. Cunningham's books. Other tables will be decorated to commemorate historical events of each of the 12 months. Mrs. Ernest Arvidson and Mrs. Karl Hiltnerhaus are chairman and co-chairman, respectively, of luncheon arrangements.

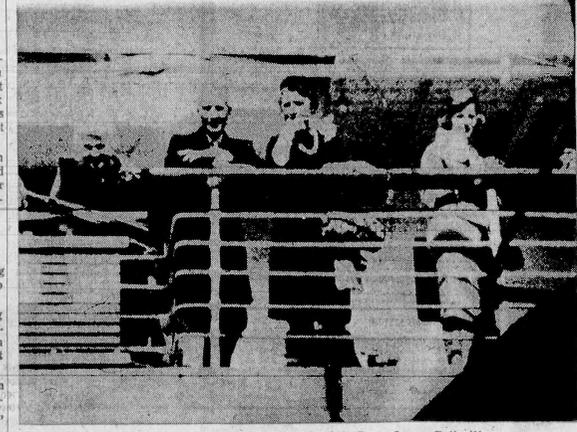

The monthly fund-raising luncheon-bridge will be held Monday, November 4 at the Clubhouse, 51 Rossmore Place. Miss Esther Adams, corresponding secretary, is chairman of the affair, assisted by Mrs. Henry Minasian, Mrs. Arthur C. White and Mrs. Ernest Wilcox.

The world is my country, all mankind are my brethren, and to do good is my religion.
—Thomas Paine-Rights of Man

Material submitted for publication in the Social Section of this paper must be in our office on the Thursday preceding date of publication. Material must be typed or written legibly, and the name, address and telephone number of the person submitting the article must be indicated.

Weddings and engagements, together with pictures, should be in our office at the earliest possible time as there is often a backlog of this type of material, and it is customarily published in the order in which it is received.

Bobacks Sail On Bermuda Holiday

Bermuda Bound: Mr. and Mrs. Michael Boback of 43 Perry Street, Belleville, center, were photographed as they sailed recently on a seven-day cruise aboard the Queen of Bermuda to Bermuda. There to see them off were their son-in-law and daughter, Mr. and Mrs. Andrew Ellmer of Metuchen; their son and daughter-in-law, Mr. and Mrs. Michael Boback of Bloomfield, and Mrs. Boback's sister, Miss Marguerite A. Golden of Newark. Mr. Boback is with the P. Lottillard Co., New York City.

The Nelson Morrells Feted By Children on Anniversary

Mr. and Mrs. Nelson Morrell of 269 Ralph Street, Belleville, were guests of honor Saturday evening, October 19, at a surprise party given at their home by their children in celebration of the 35th anniversary of their wedding.

Hosts were four of their six children, their three daughters, Mrs. Richard (Phyllis) Giber of Belleville, the Misses Nancy and Priscilla Morrell, and their son, Leslie Morrell at home. The Morrells have two other sons, Leon and Nelson of Miami Beach, Fla. and one granddaughter, Deborah Giber.

Party guests included Mrs. Leah Kaiser O'Dromic, Mr. and Mrs. Andrew Verhagen, Philip M. Paul, Robert Smith and Mr. and Mrs. Joseph A. Grande of Belleville; Mr. and Mrs. Melvin Garey of Kearny; Mr. and Mrs. A. Lamberti of North Arlington and Robert Marana of Wayne. Mr. and Mrs. Morrell were married in the Dutch Reformed Church, Belleville, Mrs. Morrell being the former Helen Wilhelm. Born in Steinbach, Hohenlimburg, Germany, she came to this country with her parents when she was seven months old. Her husband is a native of Newark.

The couple moved to Belleville from Beechwood 22 years ago. Mrs. Morrell is active in the Ladies Aid Society, is a member of the Avenue Chapter 73, Order of the Eastern Star, the Mothers' Club of Belleville and the Grandmothers' Club of the Suburban Area and is an assistant

ROSARY GROUP MEETS

St. Peter's Rosary Confraternity will meet Monday evening, November 4 at 8:30 o'clock, with Mrs. Nicholas Utracchi as hostess. She will be assisted by Mrs. Thomas Mack, Mrs. Gerald Bianchi, Mrs. Edward Di Marzio, Mrs. Orestes Savarie and Mrs. Angelo Mainero.

We have really everything in common with America nowadays, except, of course, language. —Oscar Wilde, English Author

Miss Doris Ann DeStefano Marries In Church Rites

Miss Doris Ann DeStefano, daughter of Mr. and Mrs. Michael DeStefano of 63 New Street, Belleville, and Richard Nisivoccia, son of Mr. and Mrs. Thomas Nisivoccia of 17 Springer Street, Belleville, were united in marriage Saturday afternoon, October 19, at St. Peter's R. C. Church, Belleville.

The ceremony was performed by the Rev. Francis Ignacius, and the reception followed at Royal Hawaiian Palms, Lyndhurst.

Mr. DeStefano gave his daughter in marriage. Her gown of white satinized organza featured a scoop neckline, fitted bodice and long sleeves with inverted pleats, and the bridegroom's mother wore a shocking pink crepe sheath with lace bodice. Both had matching accessories and white orchid corsages.

The couple were graduated from Belleville High School. The bride is employed at Maryland Casualty Co., Newark. Her husband served for four years in the U. S. Navy and is presently employed at Commercial Credit Corp., Newark.

Mr. and Mrs. Nisivoccia will reside at the New Street address when they return from a wedding trip to Miami, Fla.

Local High School Graduates Wed At Double-Ring Ceremony

In a Sunday afternoon ceremony, the wedding of Miss Mary Ann Catherine Mauncele, daughter of Mr. and Mrs. Nicholas Mauncele of 122 Garden Avenue, Belleville, to Anthony Michael Pratola, son of Mr. and Mrs. Anthony Pratola of 207 Holmes Street, Belleville, took place October 20 at St. Peter's R. C. Church, Belleville.

The Rev. Francis Ignacius performed the double-ring ceremony. The reception was held at The Coronet, Irvington.

Given in marriage by her father, the bride was gowned in white satin peau de soie with Alencon lace and fashioned with sabrina neckline, long sleeves and an overskirt ending in a chapel train.

Her four-tier bouffant veil fell from a tiara of aurora boralis crystals and seed pearls, and she carried a cascade of white tea roses and orchids.

Miss Lorraine Gilmartin of Harrison, the maid of honor, wore an emerald green floor length taffeta sheath with scoop neckline, short sleeves and detachable train. She wore a matching bow hat and carried a cascade of tiger lilies.

The bridesmaids included Miss Lorraine Bonanno of North Arlington, cousin of the bride, Miss Mary Ann Donofrio of Nutley and Miss Geraldine Faltraco and Miss Lucille Greco of Belleville. Their dresses were similar to that worn by the maid of honor, in mint green.

The bridegroom's niece, Sharon McAllister of Spotswood, acted as flower girl. She was dressed in an emerald green floor length gown with flowered crown, and carried a basket of tiger lilies.

Dr. Nathan Vaccaro of Belleville served as Mr. Pratola's best man, and ushers were Nicholas P. Mauncele, III of Belleville, brother of the bride; Joseph Surdi of Lakehurst; Paul Sandemano, Bloomfield, and William Glone, Belleville. The bride's brother, James, served as ring bearer.

MRS. ANTHONY M. PRATOLA
Former Mary A. Mauncele

The bride's mother wore a beaded pink crepe sheath and the bridegroom's mother chose blue peau de soie with beaded bodice. They had matching accessories and white orchid corsages.

A graduate of Belleville High School, the bride is employed by the General Motors Acceptance Corp.

Newark. The bridegroom, also an alumnus of Belleville High School, attended the University of Maryland and is associated with Home Insurance Co., East Orange.

Mr. and Mrs. Pratola will reside at the Garden Avenue address after a honeymoon in the Poconos.

Motor Trip To Southwest For The Raymond Comeaus

St. Anthony's R. C. Church, Belleville, was the setting for the marriage of Miss Nicolotta Marra, daughter of the late Mr. and Mrs. Generoso Marra, and sister of Alexander Marra of 46 Lake Street, Belleville, to Raymond Comeau, St. son of Mr. Joseph Comeau of Haverhill, Mass., and the late Mr. Comeau, Saturday, October 26.

The Rev. Anthony Manocchio performed the ceremony and Mrs. Mildred Rema sang. The reception was held at Ferraro's Hall, Newark.

Mr. Marra gave his sister in marriage. Her princess style gown of imported French silk was fashioned with scoop neckline, elbow length sleeves and beaded applique. She wore an imported French lace mantilla and carried a cascade of white roses with green ivy.

Mrs. Marra gave his sister in marriage. Her princess style gown of imported French silk was fashioned with scoop neckline, elbow length sleeves and beaded applique. She wore an imported French lace mantilla and carried a cascade of white roses with green ivy.

Mr. and Mrs. Thomas D'Antonio Have Honeymoon In The Poconos

MRS. THOMAS D'ANTONIO
Former Nancy Lee Fritts

The wedding of Miss Nancy Lee Fritts, daughter of Mr. and Mrs. George Fritts, Jr. of 234 Ralph Street, Belleville, to Thomas D'Antonio, son of Mr. and Mrs. John D'Antonio of 71 Little Street, Belleville, took place Saturday afternoon, October 26, at St. Peter's R.C. Church, Belleville.

The ceremony was performed by the Rev. Francis Ignacinos of St. Peter's Church, and the reception was held at the Star-Lite Room, North Arlington.

Mr. Fritts gave his daughter in marriage. Her bridal gown of white delustered satin was fashioned with scoop neckline, long sleeves and fitted bodice appliqued with re-embroidered Alencon lace, seed pearls and sequins. The applique was repeated on the bellshaped skirt with full chapel train, caught with a bustle bow at the back.

Her four-tier elbow length veil was attached to a pillbox trimmed with Alencon lace, seed pearls and sequins. She carried a cascade of carnations, white orchids and lilies of the valley.

Miss Barbara Fritts of Belleville was her sister's maid of honor. Bridesmaids included Mrs. John Webb of North Cape May, a cousin of the bride; the bridegroom's sister, Mrs. John Gino, and Miss Gail Lopez of Belleville. They were gowned in two-tone light and dark blue satin sheaths with matching peplums. The long overskirts of light blue satin featured a darker blue panel back with a double bow at the waist.

Their crowns of seed pearls and aurora borealis were trimmed with four tiers of blue veiling. They carried cascades of light blue and white pompons.

Patrick Mundy of Belleville served as Mr. D'Antonio's best man, and Frank D'Antonio, the bridegroom's brother, John Gino, and Michael Zanga his brothers-in-law, all of Belleville, ushered.

The mother of the bride wore a turquoise chiffon sheath with lace bodice, and the mother of the bridegroom chose a peacock blue chiffon sheath. Each had matching accessories and a corsage of white orchids.

A graduate of Belleville High School, the bride is employed at Broadway Mutual Savings & Loan Association, Newark. Her husband attended Bloomfield Technical High School and was graduated from Belleville High School. He is associated with General Baking Co., Allwood.

After a wedding trip to the Poconos, the couple will reside at Lake Hiawatha.

Peace Will Be The Theme Of World Community Day

Friday morning, November 1 at 8 o'clock the women of Belleville will join at Fewsmitth Memorial Presbyterian Church for a service to observe World Community Day. This year the theme will be "Nation Building a Challenge to Peace," which will climax a study action worship program for women of all churches.

The three steps set up for the day have been to study the work of the UN and Church World Service, to gather different supplies to be sent to World Service Centers, including friendship packets for small children, layettes, cotton yardage and boy's clothing, and through prayer and self dedication at the day of worship.

The offering will make possible an expanded program at the Church Center for the United Nations and continue UCV's program of international education and action.

Guest speaker will be the Rev. James Scott, minister of Bethany Baptist Church, Newark. Rev. Scott attended Lincoln and Temple University and Yale Divinity School. Many of his articles have appeared in interdenominational journals.

The Rev. George Van Leuven, Fewsmitth pastor, will welcome the women and will be the soloist accompanied by Mrs. E. W. Hulme, Chairman of the Day is Mrs. Edwin Johnson, and co-chairman, Mrs. James Dunne. Taking part in the program will be Mrs. Leona Clark, secretary of the council, Mrs. Eudora Parry, Mrs. Daniel McCarthy, Mrs. Mildred Ross, Mrs. J. A. Denner, Mrs. C. E. Lemp, Mrs. C. A. West, Mrs. D. J. Plunk, Mrs. Mrs. Elsie Kent and Mrs. A. Brunetto. Refreshments will be served by Mrs. Robert Metcalf and the women of Fewsmitth Church.

Prospective CDA Members Feted at Traditional Tea

Mrs. Frank Aires of Nutley, District Deputy of the Catholic Daughters of America, Past Grand Regent and a member of Court Gratia 151, Catholic Daughters of America, was the speaker at a membership tea Monday evening at the Knights of Columbus Hall, Nutley.

Mrs. Aires gave a short summary of the history and of the extent of the charitable and religious programs sponsored by the Catholic Daughters, now celebrating its 60th year. Court Gratia was organized in Nutley over 41 years ago. The Catholic Daughters is the largest organized group of Catholic women in the United States, she said. There are 103 Courts in New Jersey.

Following Mrs. Aires' address there was a social evening under the chairmanship of Mrs. Stephen Reitano and Mrs. Raymond Wolf. Mrs. Fred Scott Jr., Grand Regent of the Court, her officers, and members welcomed the prospective members, whose reception will take place November 18.

Prospective members honored were: Mrs. Fred Amiano, Mrs. Frank Byrne, Mrs. Edward Camara, Mrs. Joseph Campanella, Mrs. Jerome J. Clark, Mrs. Ralph

Paula Casale

A fourth child, a daughter, Paula, was born to Mr. and Mrs. Emil G. Casale of 210 Brighton Avenue, Belleville, at Columbus Hospital, Newark on September 30. Birth weight: eight pounds, 10 ounces. She joins Carol Ann, 15; Marilyn, 13 and John Paul, 9. Mrs. Casale is the former Lee Carnicelli, daughter of Mr. and Mrs. Paul Carnicelli of Mason-town, Pa. Mr. Casale, son of Mr. and Mrs. John Casale of Newark, is an assembler with The Worthington Corp.

Festa, Mrs. Peter Fragos and Mrs. A. E. Fusaro, Mrs. James Fusaro Jr., Mrs. Michael Giblin, Mrs. N. A. Guarino, Mrs. John Hudzik, Mrs. Robert J. Koba, Mrs. Joseph Lazar, Mrs. Gilbert C. Lichtenberg and Mrs. John F. Little.

Mrs. William Lynch, Mrs. John Michaels, Mrs. Frank Morgan, Mrs. John Morozowski, Mrs. William Parducci, Mrs. George Polcastro, Mrs. Anthony Roselli and Mrs. Richard J. Scheibner.

Russell John Horn, Jr.

A first child, a son, Russell John, Jr., was born to Mr. and Mrs. Russell John Horn of 238 Mountain Avenue, Belleville, at Mountaineer Hospital, Montclair, on October 5. His birth weight was seven pounds 15 1/2 ounces. Mrs. Horn is the former Carol Ann Sutton, daughter of Mr. and Mrs. Thomas R. Sutton of New York City. Mr. Horn, son of Mr. and Mrs. Russell N. Horn of Toms River, N. J., is in the collection department at Fidelity Union Trust Company.

YOU can add living space to your home by subtracting space-takers that you aren't using. As you change to indoor living for the winter months, survey your rooms for items you might discard or relegate to the attic. Uncluttered surfaces and "open space" create a feeling of spaciousness in rooms.

Cynthia Ann Luciano

A first child, a daughter, Cynthia Ann, was born to Mr. and Mrs. Ernest J. Luciano of 55 Division Avenue, Belleville, at Mountaineer Hospital, Montclair, on October 5. Her birth weight was seven pounds 15 1/2 ounces. Mrs. Luciano is the former Lucille A. Monte, daughter of Victor Monte and the late Mrs. Mary Monte, 64 High Street, Nutley. Mr. Luciano, son of Mr. and Mrs. Joseph Luciano of 47 Passaic Avenue, Nutley, is employed by Pittsburgh Plate Glass Co.

Vote Line "A" It's The Democratic Way

Richard J. Hughes

"In our terms as Governor of New Jersey, we have found Elmer M. Matthews an able and dedicated member of the New Jersey Assembly with a solid record of achievement.

We feel he will make a diligent and effective member of the New Jersey Senate and that he will serve intelligently and will truly represent all the people of Essex County regardless of race, color or creed.

Elmer M. Matthews, to be truly effective in Trenton as the new Senator, needs the help of the nine Democratic Assembly Candidates from Essex County.

We recommend to the voters of Essex the full Democratic ticket in order to keep full representation in Trenton and in Essex County to support the rule of, by and for the people.

We also recommend for continued good government at the county level the re-election of Weldon R. Sheets as Supervisor and Albert Saldutti, Jeanne Moss and James L. McKenna as Freeholders."

Robert B. Meyner

FOR STATE SENATOR

ELMER M. MATTHEWS

★ FOR THE ASSEMBLY ★

OBITUARIES

Mrs. Helen Marsh DeGraw
Funeral services for Mrs. Helen Elene (Marsh) DeGraw, 88, of 35 Main Street, Fairhaven, Mass., formerly of Belleville, took place October 24 at the Wilson chapel, New Bedford, with the Rev. Zoltan Nagy, minister of the Unitarian Memorial Church, officiating. Burial was in Riverside cemetery. The widow of John DeGraw, she died Tuesday October 22nd at Sunny Knoll nursing home after an illness of 8 years.

She was born in Newark, N.J., June 22, 1875, daughter of Frank H. and Lesbia C. (Mase) Marsh. She spent her childhood in Newark, N.J., Westboro, Mass., and Nyack, N.Y.
She was graduated from the former Newark high school, now Barringer high school, and for several years was employed as a legal secretary in New York City. Later she accepted a position with the Prudential Insurance Co. in Newark, where she served as private secretary to the vice president until her marriage to Mr. DeGraw in 1906.

Mr. and Mrs. DeGraw lived in Belleville, N.J., from 1908 to 1930, when they moved to Montague, N.J. After her husband's death in 1931, she moved to Fairhaven. While they resided in Belleville, Mr. DeGraw maintained an office in that town and Newark, and served as Belleville town attorney and as a town commissioner for ten years. He was a candidate for the Republican nomination for Congress in 1927.

She was a former member of the Wesley Methodist Episcopal Church of Belleville and the Ladies' Aid Society of that church, which she served as treasurer for about 15 years; the Belleville Women's Club, the Tuesday Reading Club of that town, Nova Caesarea Chapter, Daughters of the American Revolution, Newark and Montague Change, Patrons of Husbandry.

Her affiliations in this area included former membership in the Fairhaven Colonial Club, the Garden Club of Greater New Bedford, the East Fairhaven Ladies' Benevolent Society, of which she was treasurer for several years, and the Allen Club.
She was a member of the Unitarian Memorial Church and an honorary member of the Women's Alliance of that church, which she served for several years as recording secretary. About ten years ago she was the Alliance's delegate to the Summer Star Island conferences.

She leaves a son, John B. DeGraw, 4 grandchildren, Mrs. Charles C. Canedy, and a great granddaughter, Lynne Gale Canedy, all of Fairhaven.
Benediction follows.
Friday - Masses at 7, 7:30 and 8 a.m. Saturday - 7, 7:30 and 8 a.m. Mass. 9:30 p.m. - Devotions 7:30-9 p.m.
Sunday - Masses in church at 6:30, 8, 9 and 11 a.m. and 12 noon. Masses in chapel at 8, 10:15 a.m. and 12 noon. Nine o'clock Mass in church is for children for movement of Baptism.
Monday - 7, 7:30 and 8 a.m. Mass. Tuesday - 7, 7:30 and 8 a.m. Mass. 7:30 p.m. Devotions: Perpetual Mass. Wednesday - 6:30, 7:30 and 8 a.m. Mass.

Temple B'nai Israel
192 Centre Street, Nutley
Rabbi Hyman Donsig
Morris Avrom, Cantor
At the Friday evening service tomorrow at 8:30 p.m. Rabbi Donsig, assisted by Cantor Avrom and the Temple Choir will conduct the service and take as his portion: "The Symbol of the Covenant."
New members of the congregation will be welcomed by the president, Harry N. Goldberger and other officers of the temple. Music will be furnished by the Memorial Tabernacle donated by Dr. and Mrs. Robert E. Miller.
Sabbath Morning Service, Saturday at 9:30 a.m. for adults; Junior Congregation at 10 a.m. in the Vestry.

Wesley Methodist Church
Washington Ave. at Academy St.
Rev. Rufus T. Woodward
Sunday, 9:30 a.m., Sunday School, 11 a.m., Morning Worship, 4:30 p.m., Jr. Intermediate Fellowship, 7:30 p.m., Methodist Youth Fellowship.

Baptist Church To Install New Pastor Nov. 10

The Rev. John Wesley Allen Mair will be installed as pastor of Grace Baptist Church, Belleville, Sunday evening, November 10, at 8 p.m., at the church. Edward Chesley, president of the board of deacons, and the Rev. Robert Slegal, president of the Belleville Ministerial Association, will officiate.
Mr. Mair will preach his first sermon here Sunday morning, November 3, at 11 a.m., when Communion will be observed. The trustees and other church officials were hosts at a reception - dinner in honor of Mr. Mair and his family last night.
Born in Toronto, Ont. September 30, 1920, Mr. Mair is a graduate of Toronto Bible College and McMaster University and Seminary, Hamilton, Ont. He was ordained in September, 1947, at Halliburton (Ont.) Baptist Church.
He has served churches in Thornton and Hamilton, Ontario, and came to the U.S. to serve at First Baptist Church, Rhineclander, Wis.

MARY ELLEN BASILE
Mary Ellen Basile of 84 Charles St., Belleville, died October 21 after a brief illness. The infant was five months old.
Baby Mary Ellen is survived by her parents, Mr. and Mrs. John L. Basile; a brother, John H. Basile and two granddaughters, Henry Basile of Belleville and Amedeo Consigli of Ridgewood, Queens, N.Y.
Funeral services were held last Thursday at Kiernan Funeral Home, 101 Union Ave., Belleville. This was followed by the Mass of Angels in Holy Family Church, Nutley at 10 A.M. Interment was at St. Mary's Cemetery in East Orange.

ALBIN H. HETSCH
Albin H. Hetsch, 9 Park View Ave., Belleville, died October 1 at St. Mary's Hospital, Passaic, after a short illness. He was 66.
Mr. Hetsch was employed as a cabinetmaker for the Essex Chair Co., Union, for the last eight years. Born in Germany, he was brought to the United States as a child. He lived in Belleville the last 17 years.
He leaves his wife, Mrs. Helen Guth Hetsch, and a daughter, Mrs. Helene Kusik of Caldwell Township.

Dr. Maria Tausz
Dr. Maria Tausz, a former resident of Belleville for over 20 years, died October 19 in her New York apartment of a heart attack. She was 72.
Dr. Tausz was born in Germany and emigrated to the United States in 1935, together with her husband, the late Dr. J.E. Tausz. She became associated with the Belleville Research Laboratory of Soneborn Chemical & Refining Corp., manufacturers of petroleum products, from which she was retired in 1955. In 1947, Dr. Tausz served as a consultant with the Department of Commerce in the investigation of war time industrial scientific developments in Germany.

Dr. Tausz was co-editor of the four - volume handbook for chemists, "Das Erdoel," and had been a collaborator with her husband since 1920. He had been Director of the Petroleum Research Laboratories of the University of Karlsruhe in Germany.
Dr. Tausz was a member of the American Chemical Society, the New York Academy of Sciences and a Fellow of the American Institute of Chemists. She is survived by a sister, Gertrude Peters, who resides in Germany.

ANTHONY J. MINAI
Mr. Anthony J. Minai of 27 Washington St., Belleville, died October 15 after a long illness at Passaic Nursing Home. He was 66.
Mr. Minai was born in Italy and leaves his wife, Mrs. Anna Raifa Minai, a daughter, Mrs. Marie Lillio, two sons, Angelo and Paul Minai, a brother, Joseph, and a sister, Mrs. Mary Opisso.
Funeral arrangements were made by Kiernan Funeral

His most recent post was as national and the Kiwanis. His hobby, attending Toronto Bible minister at United Church, Belleville are art, gardening and golf. The couple have four children, David, 16, Laurin, 14, Valerie, 11, and Daphne, six.

"Where You Save Does Make A Difference"

YOU OWE IT TO YOURSELF ...

If you can't decide between a new Ford or a Chevy, consider what Ford's extra weight does for your ride and your comfort

Our new '64 Super Torque Ford is over 200 pounds heavier than Chevy. For example, Ford has 64 pounds more steel in the body ... 69 pounds more steel in the frame ... 66 pounds more strength in the suspension than Chevy.

And Ford's weight advantage over Plymouth and Rambler is even greater. In fact, Ford's weight is almost up there with Pontiac!

What does this mean to you?
It means a more solid, road-hugging ride. And it helps give you a far more comfortable ride—as smooth and silent as cars costing hundreds of dollars more!

And when you consider that Ford puts almost 70 more pounds of steel frame under you, you'll certainly agree that Ford's greater weight means greater peace of mind.

But don't take our word for it. Test-drive a Super Torque Ford yourself. See how Ford's extra help contributes to Ford's total performance—and how it can add to your everyday driving pleasure. When you do, you're bound to agree—the weight of evidence certainly favors Ford this year!

YOU OWE IT TO YOURSELF ...

TRY TOTAL PERFORMANCE AT YOUR FORD DEALER'S

1993 CHEVROLET

DiGeronimo Appointed To ABC Board Term

Anthony DiGeronimo of 70 Latham Street, received a three-year appointment to the Belleville ABC Board, after serving a one-year term. At a recent regular meeting of the Town Council held at the Town Hall, DiGeronimo was unanimously approved by Mayor Robert Laterza and Councilmen Vincent T. Strumolo, G. George Addonizio and James Golden.

Swearing in ceremonies were held Monday afternoon at the Town Hall, with Town Manager John B. Burnett administering the oath. Among those on hand were former Newark Housing Commissioner Gerald J. Spatola, Attorney James DelMauro, former Freeholder Anthony Cecece, Anthony DeBenedictis and members of the Council.

DiGeronimo, very active in the town's social, civic and welfare endeavors, has drawn praise from many citizens. He is a member of the Vincent T. Strumolo Ass'n; president of the Circolo Caposole Club of Newark; Megaro-Cundari welfare Ass'n; Board of Trustees of St. Paul J. Spatola Civic Club; Deputy Sheriff, Fraternal Order of Police and GOP chairman of Belleville's Second Ward.

He is married to the former Mary Russomanno of Newark. The DiGeronimos have three children, Anthony Jr., Mrs. Margie Simi and Kathy. She graduated at School 7.

ANTHONY DI GERONIMO

proposed purchase of the fire equipment onto the floor, but each time was prevented by council procedures from making his statement, after much shouting, confusion and disorder.

During the public hearing on the establishment of the Civil Rights Commission, Mrs. Norma Hood, became involved with Councilman Addonizio and Golden in a stormy session in which she charged the issue was "a political football." Councilman Addonizio immediately denied the charge and pointed out that he introduced the measure.

When Mayor Laterza restored order, Mrs. R. Barnes explained that Mrs. Hood only wanted to know to whom complaints on discrimination were to be presented. She was advised that complaints should be taken directly to the commission, when it is established.

In other action the Council:

1. Approved A resolution au-

thorizing the payment of bills as

thorizing Mayor and Town Clerk

to enter into an agreement covering reimbursement for highway

lighting within the limits of the

Town of Belleville.

13. Approved A resolution au-

thorizing public sale of premises
