FIRE TRUCK PURCHASES VETOED

Snow Ban Proposal Fades Out

The Town Council voted down the proposed \$110,000 bond ordinance for the purchase of new fire engines and allowed the controversial snow removal proposal to melt away last night at Town Hall.

In a lengthy, fiery meeting newly seated Councilman Vincent R. Pico, joined forces to vote down the purchase of three new fire engines and a secondary ambulance by a 3-2 vote. Voting for the measure were Mayor Robert M. Laterza, Councilman Vincent T. Strumolo and Deputy Mayor G. George Addonizio.

The rejection of the proposal took place seconds after it was removed from the table and came on the heels of an 8-minute recess called after a lengthy, noisy public hearing on the snow removal ban.

The snow ban proposal failed to receive a motion for a vote after the lengthy hearing and was hammered dead by Mayor Laterza.

Councilman Golden, who had opposed the motion from its introduction because it failed to include a rate table for charges for work performed by city employees when homeowners failed to clear the snow and ice from walks on their properties, spoke at length against the proposal.

Several other residents found fault with the motion and when Mayor Laterza asked for the motion, after closing the public hearing, he failed to draw response.

The proposal was introduced by Councilman Strumolo who felt "that they had not spoken and that they did not favor the passage of the ordinance."

The Council did approve by a 5-0 vote on first reading an ordinance to authorize the improvement of a portion of Montgomery Place from the existing pavement to a distance of approximately 175 feet in the Town of Belleville, to appropriate the sum of \$4,500, to pay the cost thereof, to make a down payment and authorize the issuance of bonds to finance such expenditure, and to provide for the issuance of bond anticipation notes in anticipation of the issuance of such bonds.

Also approved by a 4-1 vote was an ordinance approving the purchase of a sewer cleaning machine and power stump cutter for use of the Department of public Works and Affairs and appropriating the sum of \$9,300 out of the Town's Capital Improvement Fund to pay the cost. Councilman Golden opposed the measure, explaining that he was in favor of purchasing the machine but felt it should be financed by a budget appropriation.

An ordinance authorizing the leasing of lands owned by the Town at 51-53 Valley Street, to be used as a parking lot, was approved 3-2, with Councilmen Golden and Pico rejecting the proposal.

Mayor Laterza launched the fireworks after the meeting began when he read a prepared statement lauding Golden and urging the cooperation of newly-elected Councilman Pico.

Councilman Pico questioned the Mayor on his statement and seconds later called upon the Mayor to rescind the resignation of three members of the Board of Adjustment, charging that since their actions of the last weeks they would not offer fair and just appraisals to all people of the town. He called for the resignation of Mayor Senator Thomas Colafarina and Chester Floropos.

Veterans Day Parade Viewed by Thousands

More than 10,000 spectators lined Washington Avenue Sunday to pay tribute to the nation's veterans and watch the giant Veterans Day Parade. Above, left photo, one of the many units participating in the review struts past the cameraman.

In the right photo, Miss Janet Adams, Miss New Jersey of 1963, of Hopatcong, smiles as she is greeted by cheers from the crowd. See other photos, page 12.

Prosecutor Awaits Permission To Dismiss School Indictments

Essex County Prosecutor Brendan T. Byrne is awaiting word from the State Attorney General before dismissing the three remaining indictments against present and former members of the Belleville Board of Education.

Prosecutor Byrne said Tuesday that "I must have written consent from the Attorney General to dismiss the indictments."

The three indictments still outstanding include:

1. One for misconduct by Mrs. Violet M. Rochat, school board president until February 1961, accusing her of withholding from the board a letter sent to her by the American Institute of Architects concerning Alfonso Alvarez's fee.

2. One for misconduct charges that Richard H. Drake, Ernest S. Arvidson, Dr. Frank D. DiRuggiero, Nicholas Juliano, Michael V. Albertine and Dominic A. Lally influenced Pico to change his vote on the new high school construction by offering him a position in the school system. In the same indictment Arthur M. Pico is accused of misconduct for changing his vote because of the alleged offer.

3. One charges Pico with false swearing before a Grand Jury on September 25, 1962, dealing with an alleged discussion of charges made by the Citizens Tax Council of Belleville.

Mayor Urges Unity Among Councilmen

Mayor Robert M. Laterza made a personal plea to his Councilmates Tuesday night during the regular council meeting asking that petty politics be put aside and urged the members to stick together for a better Belleville.

In a prepared statement the Mayor said: "The public can't wait. Belleville must move forward. Forget the petty politics!"

"The town must not suffer for any one person's selfishness. We accept public office as a civic duty - not for personal gain."

"Positive thinking members of the Council have worked hard and diligently to achieve this."

"You - Mr. Golden - what constructive ideas have you offered the Council?"

"Mr. Pico - I wish to congratulate you upon being elected as a member of this Council. However - the brass statements attributed to you in the papers will not move Belleville forward."

"Eliminate the petty politics - the fiscal recklessness and the community irresponsibility. Stop the fire that makes the image of Belleville burn. Let us keep a good image that will prevail long after petty politicians leave."

Cheering Crowd of 10,000 Views Veterans Day Parade

More than 10,000 area and town residents turned out to pay tribute to veterans and view the giant Veterans Day parade Sunday afternoon.

Grand Marshal James LaMotta termed the parade "Very successful!" He said: "We felt the parade was very successful for being held for the first time on a Sunday."

The parade marked the 45th anniversary of the ending of World War I.

An estimated 3,000 parade floats marched along Washington Avenue, keeping in step to the beat supplied by nine bands, one in each division.

LaMotta extended special thanks to the Lions Club, Kiwanis Club, the Polyn Club and the American Legion for the floats which dressed up the parade.

Police Captain Harry Tepel estimated the crowd at over 10,000. "They were standing three deep all along the avenue," he said. "It was a wonderful turnout."

Drawing special cheers from the viewers was Miss Janet Adams.

Word Awaited On Accreditation

Word is expected next week on the bid for accreditation for Belleville High School, according to School Superintendent Dr. Dr. Frank M. Durkee.

Dr. Durkee said the committee of the Middle States Association of Colleges and Secondary Schools is expected to meet Friday on the local school's bid to regain accreditation. He said he expects to be informed of the committee's decision early next week.

turn and scored another from in close.

The upcoming contest against Kearny cannot be taken lightly. As Testa revealed after scouting the boys from across the Passaic River, Kearny has plenty of speed to burn.

Last week, Kearny played highly - touted Columbia to a tie. Defense did the job, and Testa knows what his boys have to do to maintain their streak.

Physically, everyone is in good shape except kicker Joe Del Guercio, who sprained an ankle.

Movement to Remove Mayor, 2 Councilmen Falls Short of Goals

Petitions calling for the recall of Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio and Councilman Vincent T. Strumolo were ruled insufficient late Tuesday afternoon by Town Clerk John R. Burnett.

However the victory for the three Council incumbents was narrow and seemed temporary as under the Faulkner Act, which provides for the recall of government officials by the voters, the For Recall Committee, headed by Robert Westly has 10 days or until Friday, November 22, to resubmit the petitions with sufficient names for a recall election.

Legal Fight Seen

However, the three incumbents are expected to initiate a court battle over the addition of new names to the petitions. It is their opinion that names may be changed to match the voting registration records, but no new names may be submitted.

In the three separate petitions those calling for recall of Mayor Laterza fell short by 45 of the required 4,193 names. Those calling for the recall of Councilman Strumolo missed by only four names, and those seeking the ouster of Councilman Addonizio missed by 28 names.

In a formal letter to the committee, Burnett said:

"I have examined the petitions presented to me on November 1, 1963, by your committee and certify the results of that examination as follows:

1. For the recall of Mayor Robert M. Laterza - 243 separate petitions presented showing 4,637 names submitted. 4,198 names accepted as qualified voters. These petitions are therefore insufficient by 45 names as 4,193 are required (25 per cent of 16,770 registered voters in the Town of Belleville).

2. For the recall of Councilman Vincent T. Strumolo - 244 separate petitions showing 4,684 names submitted. 4,189 names accepted as qualified voters. These petitions are therefore insufficient by 4 names as 4,193 names are required.

3. For the recall of Councilman G. George Addonizio - 2,456 separate petitions presented showing 4,638 names submitted. 4,195 names accepted as qualified voters. These petitions are therefore insufficient by 28 names as 4,193 names are required.

Battle Predicted

The legal battle expected over the addition of names to the petitions by the For Recall Committee is seen as only the first step in a bitter battle to oust the three incumbents.

When the petitions were filed last week, Mayor Laterza and Councilman Addonizio charged that some of the signatures were collected by false pretenses. Strumolo's terms expire in May 1964. Councilman Addonizio's term continues until 1966.

ROBERT M. LATERZA Missed by 45 Names

G. GEORGE ADDONIZIO Missed by 28 Names

VINCENT T. STRUMOLO Missed by 4 Names

BEHIND THE SCENES

Youth Loses License on Speed Count

A Belleville youth had his drivers license suspended for 90 days after pleading guilty to a speeding violation on Route 21. Magistrate Edward Abramson found Nicholas Candura of 136 Washington St. guilty and fined him an additional \$5 and \$5 costs. Charles Zarrillo of 758 DeGraw Ave., Newark, was picked up by Belleville police while driving on the revoked list. Magistrate Abramson fined him \$100 and \$5 costs for the infraction.

Three persons were caught in the radar trap setup on Franklin Ave. last week:

Terry M. Wright of 208 Franklin Ave., Nutley, was speeding in excess of 45 miles per hour in a 25 mile zone. He was fined \$17 and \$5 court costs.

Anthony Cullari of 54 Glen View Dr., was slapped a fine of \$35 and \$5 costs for speeding 45 miles per hour in a 25 mile zone.

Also Frederick Scheffler of 204 Passaic Ave., was caught for speeding 40 miles per hour in the 25-mile zone. He had to pocket out \$25 and \$5 for the charge.

Mrs. Greta Kinnealy Brickell

(The Times-News will publish a series of articles on the men and women who work behind the scenes keeping the wheels of Town Government moving smoothly without fanfare or headlines.)

For nearly twenty years Mrs. Greta Kinnealy Brickell has been behind the scenes of Town government, serving as a trusted aide and secretary for high town officials.

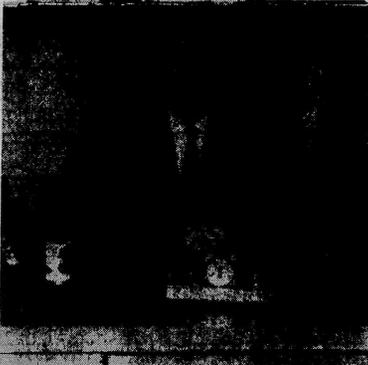

Presently serving as secretary to Town Manager John R. Burnett, Mrs. Brickell doubles as secretary for Mayor Robert M. Laterza and the Alcoholic Beverage Control Board.

Now familiar with all the workings of town government, Greta entered the field of government in 1944. She will observe her 20th anniversary on April 1, 1964. Her first assignment was as deputy director of the Department of Parks and Public Property.

In 1946 she moved into the Mayor's office, serving as secretary to former Mayor Jim Tully until 1954, when she moved to the Department of Public Works where she served as a secretary to Director Robert C. Grubin.

In 1962 she moved into her present position as secretary to acting Town Manager Charles B. Tedesco and remained in the post when Town Manager Burnett took office.

When not smiling around Town Hall, Mrs. Brickell, who resides with her husband and mother at 27 Maier Street, is busy in activities of St. Peter's R. C. Church and civic work, aiding the March of Dimes, Cancer Fund and the Heart Fund.

Thomas J. McLaughlin

McLaughlin Elected Head Of Kiwanis Club for '64

Thomas J. McLaughlin, town purchasing agent, was elected president of the Kiwanis Club of Belleville for the year 1964 at the annual meeting of the local service club.

Also elected were John McKeon, first vice - president, William Bing, second vice - president and Louis Diaz, treasurer. The new trustees are Herman DeJonge, Eugene Reilly, John DeJonge and Robert Pascale.

Tom McLaughlin is a career governmental purchasing agent of the Town of Belleville and was helpful in starting the New Jersey Governmental Purchasing Agent Association. Veteran of World War II, he is a charter member and one of the founders of the local Kiwanis Club and is a member of several local civic and fraternal organizations and active in many charity drives throughout the Town of Belleville.

John McKeon is the owner of printing business in Belleville while William Bing is the owner of the B & M Machine Co. Both men have been associated with various charitable drives within the town. McLaughlin said that he is looking forward to being at the helm of his club and to steer it in the same direction as the previous presidents and is also hopeful of instituting a Juvenile Delinquency Award to deserving youths each month. Further details of this award will be released later.

Skyron Corp. Relocates In Belleville

Maro E. Chaff, president of Skyron Corporation with headquarters at 106-20 Atlantic Ave., Ozone Park, N. Y., last week announced the relocation of the corporation's general offices to 120 Little Street, Belleville.

In addition to the general offices, Skyron's production facilities at 62 Lawrence Street, Newark, have also been relocated to the same Belleville address. They expect to provide employment for 75 to 100 persons.

Skyron Corporation manufactures springs, formed wire forms, formed strip parts, cold headed pins and leads for the electrical and electronic industries, metal stampings, welded and mechanical assemblies.

Mask Contest Winners Listed

On Halloween afternoon Belleville children competed in the Recreation Department's costume contest.

At the Friendly House the contest was directed by Mrs. Phyllis Serritella and Superintendent of Recreation Robert E. Cook. Recreational Benedict Pascale led the volunteer judges.

There were rabbits, mummies, beatniks, monsters and many other original costumes. Four winners were selected from the many contestants. The winners were: Sandra Salvatorella, 12 years old, who was dressed as a mummy; Gina Dandoune, 9 months old, dressed as a pumpkin; Nicky Ann Strumolo, 4 years old, dressed as a Black Cat; and the remaining prize went to Laura, 5 years old and Jerry Luciano, 3 years old, who had matching clown costumes.

At the Municipal Stadium the contest was directed by Peter Spera and the winners were Freddie Devlin as a Cat, Cynthia Westpy as Fairy Queen, Mark D'Amico as Clown and Warren Miller as a Hobo.

WON PAINTING AWARD

Individually omitted from the list of second - place winners in the Chamber of Commerce and Recreation Department Halloween window painting contest was Kathleen Hinton, 32 Bayard St. from School 1, whose artistic work was done at Pariso Brothers Furniture Co., Washington Ave. and Mill St. The Chamber of Commerce regrets the error.

Next Step for World Peace To Be Discussed by SANE

Now that nuclear tests in the atmosphere and under - water have been banned, what is the next step we could take toward world peace?

This question, which has concerned many thoughtful people since the partial test ban treaty was signed recently, will be discussed in depth on Friday, November 15th, at a public meeting sponsored by the Belleville Tri-County Committee for a Sane Nuclear Policy.

Victor Besson, a high school teacher by profession, chairman of the Union County SANE Committee by avocation, and a delegate to the recently held SANE National Conference, will be the featured speaker. Mr. Besson will discuss what steps SANE thinks should be taken now on a national and international level to lessen tensions and bring world disarmament closer to realization.

Baby Care Course Offered

A twelve-hour course designed to teach prospective parents what to do before the baby comes, after the baby arrives and as the baby grows is being offered by the Belleville Chapter, American Red Cross. There is no charge for this course.

Mrs. Robert Gaschke, RN and authorized Red Cross instructor will conduct the evening course entitled "Mother & Baby Care". The course will start next month and will be given in six, two hour sessions at the Belleville Chapter House, 557 Washington Avenue.

Interested persons should call the Chapter, PL 9-4610 to register for this free course.

The meeting on Friday, November 15th will be held at the home of Mr. and Mrs. Jerome Frank, 43 Rossmore Place, Belleville, at 8:30 p.m. The local SANE committee hopes that people of every shade of political opinion will attend this meeting so that a spirited exchange of opinion may result.

Belleville Tri - County SANE, which includes Nutley, Bloomfield, parts of Hudson and Bergen County, is chartered with the National Committee for a Sane Nuclear Policy, an organization which is working for simultaneous, phased and inspected disarmament of all nations of the world.

Interested persons should call the Chapter, PL 9-4610 to register for this free course.

Pvt. Snyder Serves On NATO Maneuver

FORT HOOD, TEX (AHTNC)—Army Pvt. Edward N. Snyder, whose wife, Charlotte, lives at 124 E. Second St., Bloomfield, N.J., is participating in the second phase of Operation BIG LIFT in Germany, a NATO field training maneuver which is slated to end Nov. 5.

Snyder and other members of the 2nd Armored Division were airlifted to Germany prior to the NATO maneuver, Operation BIG

LIFT is scheduled to end in late December.

The 24-year-old soldier is an aidman in the division's 48th Medical Battalion regularly stationed at Fort Hood, Tex.

He entered the Army in May 1963, completed basic training at Fort Dix, N. J., and was stationed at Fort Sam Houston, Tex., before his assignment at Fort Hood.

Winfield Begins Basic Training

GREAT LAKES, ILL., (FHP-NC)—Herbert A. Winfield, 18, son of Mr. and Mrs. Harry W. Winfield of 238 Ralph St., Belleville, is attending recruit training at the Naval Training Center, Great Lakes, Ill.

The nine-week training includes naval orientation, history and organization, seamanship, ordnance and gunnery, military drill, first aid and survival.

During the training recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical training or to ship and shore stations for on-the-job training in a Navy rating specialty. Naval training produces the power in seapower by supplying qualified personnel to man the ships, aircraft and shore stations of today's Navy.

6,600 Participate in Rec Programs

6,600 individual Town residents have been registered in programs of the Belleville Recreation Department during the past year and thousands more have been reached indirectly as through attendance at functions at the Recreation House, where alone an attendance of 11,000 was recorded. Eighty-five activities serving preschool children, school children, teenagers, adults and senior citizens are sponsored by the Department according to its Director, Robert E. Cook.

Cook included these facts in an address to Community Welfare Council on November 4th at the De Witt Savings and Loan Association. The meeting was conducted by Alan Bernstein, Community Council Chairman, and was attended by members of the Recreation Commission in addition to today's Navy.

According to Cook, the Recreation Department conducts playground activities for children during the summer vacation; it sponsors boys and girls basketball, baseball and football for boys only and softball for girls as well as social activities for teen agers and adults. Thanks to cooperation of the Board of Education many school facilities such as playgrounds and Clearman field have been made available for Department programs. The Municipal Stadium and the Recreation house are heavily used.

Cook, who has been with the Department since 1952, pointed out that Belleville's Department of Recreation is one of the oldest in the State. It was established more than 35 years ago, in 1926. Its activities are numerous, and its programs are enthusiastically received by the community. But present physical facilities are inadequate to serve Belleville's expanding needs.

Testimonial Scheduled For Marotti

A testimonial dinner will be held in honor of Michael Marotti on November 30 at the Amvets Hall on Newark Ave. This affair is given in the highest show of appreciation by his many friends acknowledging the successful milestones in the career and life of Marotti.

Marotti has been the past commander of the Amvet Post in Belleville and while at this post displayed a true sense of leadership and was able to inject a wholesome social and civic spirit in this organization. His contribution to the P.A.L. was and still is of complete cooperation for the betterment and advancement of this well-known and respected organization.

The many hours which he has given to the Athletic Council of The Belleville School System is also a fine example of youth interest and sportsmanship contribution. It can be stated that without the sincere driving force of Marotti and his committee, the Little League Field in Belleville would not have become a present reality.

At the present time Marotti is the Juvenile Officer with the Belleville Police Department once again serving with the know-how, understanding and humility of a fine citizen interested in the advancement of education, civic affairs and the youth of our community.

Belleville needs a regular program of investment in public recreation facilities. Playgrounds require major improvement and expansion. Belleville needs an outdoor swimming pool and a larger, more modern recreation house. The present staff of the Department of Recreation should be expanded in order that it may offer an even wider range of activities. Standards of property maintenance should be improved by increasing the size of the present custodial staff.

"Belleville has to learn to emphasize the positive, to emphasize action and growth," concluded Cook. "The Town has to learn to do more than one thing at a

time if it wishes to say alive and grow."

Jacob W. Feldman, Director of the Group Work and Recreation Division of the Council of Social Agencies of Newark, Belleville, Irvington and West Hudson enthusiastically seconded Cook's concluding remarks. He pointed out that, while the Department was doing an excellent job, there was insufficient awareness and appreciation of its activities within the general community. People should be informed that recreation means more than athletics and of the many varied programs that the Department is sponsoring.

Good park and playground maintenance is essential, Feldman pointed out that usually property values rise in the vicinity of well maintained facilities.

Good maintenance makes recreation activities more desirable and enjoyable. Above all, poor maintenance produces serious hazards to health and safety.

The Belleville Community Welfare Council enthusiastically received the remarks of Cook and Feldman. The Council encouraged the Recreation Commission to continue to work toward a strengthening of Belleville's recreation programs.

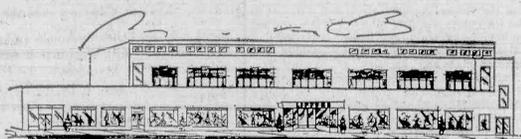

At the conclusion of the meeting it was agreed to plan the December Council meeting on private recreation and character building activities including the Boy Scouts and the Girl Scouts.

HOW DO YOU MEASURE A BANK?

People select a bank for a number of reasons. Some want convenience. Others look for a bank which offers every banking and trust service. Still others look for one which has pleasant surroundings . . . or experienced, trained personnel.

Choose the **one** bank which offers all these and more . . . Peoples National. There are two offices to serve you: the Main Office at Washington Avenue and Van Houten, and the brand new Aitken Office at the corner of Franklin Avenue and Joralemon. Stop by for complete information. We'll look forward to your visit.

Principal Smith Deserves Thanks

Win, lose or draw, High School Principal Raymond O. Smith deserves the thanks and applause of all Town residents for his work toward meeting the requirements for the High School to regain accreditation from the Middle States Association of Colleges and Secondary Schools.

The decision is expected from the committee early next week. But, whatever the decision, no one who took the time to read the report (printed in last week's Times-News) submitted to the committee can do anything but cheer Smith's effort to provide better education for the Town's young people in admittedly inadequate facilities.

The High School lost its accreditation in November 15, 1961 because of "inadequate physical facilities, serious overcrowding, and limited program."

Actually, again it took the combined efforts of the Board of Education, School Superintendent Dr. Frank M. Durkee and many members of the staff as well as Smith to accomplish the changes which have been made at the school, while awaiting the completion of the new High School building. However, Dr. Durkee is quick to point out that Principal Smith did

most of the planning, initiated the changes at the school and deserves most of the credit for the improvements.

Under Smith's direction the classrooms, administrative area, gyms, locker rooms and lavatories have been improved with structural changes as well as new equipment.

The staff has been improved, especially in the field of student guidance.

The curriculum has been advanced with the introduction of a Family Living Course for senior girls. Advanced math, general science, English, biology, physics and chemistry courses have been improved and physical education classes have been scheduled for all students with no exceptions.

Student activities have been increased and new equipment has been purchased. The administrative procedures have been modernized with the use of IBM equipment and microfilm.

All in all, Principal Smith spearheaded the effort to modernize the entire high school to better prepare the Town's young people to cope with the outside world. No matter what the decision of the accreditation committee is next week, we say Thanks Mr. Smith for a job well done.

Welcome Back Councilman Pico

Former Commissioner Nuncio R. Pico was returned to the Town's governing body in last Tuesday's election for the vacant At-Large Council seat. With his return he brings a wealth of experience in Town government that can only be an asset to the Council and the community.

During his former term of office Pico proved that he was a clear-thinking, forward-looking official. During his campaign he noted several programs in his platform that will prove beneficial to the com-

munity when they become a reality.

In the past Pico demonstrated that he understands Town government as well as any man. His judgement in most matters has proven accurate. His interest in the Town's recreation program and plans for its improvement can only be commended.

Based on his past performance while serving as Commissioner, Pico's election to the Town Council indicates future service for the improvement and progress of Belleville.

Problems Of Twilight Driving

Drivers sometimes overlook the second major reason for having headlights — not to use for seeing, but so you can be seen by other drivers.

Several states already have laws requiring the use of headlights at dusk, or sunset, instead of parking lights so that cars can be seen more easily and more surely once dusk comes.

Drivers have long used a system of starting with parking lights and then switching over to full headlights later, saving the headlights until it was almost completely dark. Why? Some drivers probably thought it was more economical to use the parking lights as long as possible; some probably didn't consider the problems of being seen, rather than of seeing.

These new laws lead us to consider the possibility of headlights being used full-time whenever the car is in operation. In many areas, headlights are kept on during the daytime on holiday week-ends as a safety measure. If this works on holidays, why not on week-days? Even in full sunlight, a car is more easily seen if the headlights are on.

It may be because of this that some cars are being equipped with experimental running lights. Maybe you've seen some of the cars with a little, bright light mounted in the center of the grille? These lights are being used during day or night hours. Some safety experts like this idea, some don't, so it'll be a while before the running light idea is accepted or rejected.

The House Is Burning

There is an old saying among firemen to the effect that "all fires are the same size in the beginning." What happens to them — and you — depends on a number of things.

When a house is burning, the flames never touch many fire victims. Unseen killers get them first. Smelling smoke and realizing the house is on fire can be unnerving. The urge to throw open the door and rush out is strong. But that door could save your life.

Heat generated by flames rises to the highest level and becomes filled with deadly carbon monoxide and other gases if there is no outlet. Feel the door. If it is hot, there may be a killing dose of gas waiting for the unsuspecting victim to open the door. Look for another way out or stay at the window until help arrives.

A cool door means that it is safe to leave, but once out stay close to the floor and the stairs to avoid the rising gases. Crouch down and keep your face about three feet from the floor. If possible, apply a wet cloth to your face to block the fumes.

The family whose members know two routes to safety double their chances of escaping a fire. This is especially important when children or elderly people are present. Most children killed by fire are under five years old and nearly half of all victims are over 65.

If you wake up to find your dwelling in a fire, you at least have a fighting chance. Many victims never realize what is happening until it's too late. A home fire alarm will warn you but virtually no one gives himself that protection.

Even if a fire does break out, there is a chance you can do something about it. A home fire extinguisher can stop some blazes before they get out of control. Stand well away from the flames and make sure the type of extinguisher you use is right for the fire you are fighting.

Don't try to be a hero. Fire fighting is for the professionals, and if the fire spreads, get out. Make sure everyone else is out and close doors behind you. Don't try to go back in the burning structure after some precious belonging. It can probably be replaced, but even if it can't, it's not worth risking your life for.

TOWN TERMED FIRST CLASS DUMP

To the Editor, Times-News:

I have lived in the Town of Belleville for a good many years, and lately I am growing weary of the political hacks who describe the town as "Beautiful Belleville" when actually by degree the town of Belleville is becoming a first class dump, an extension of the slums of Newark. The following points make such a declaration true.

1. If a person does not drive, it takes two hours by bus to go to the shopping district on Washington Avenue. The number 37 Public Service Bus offers little help in the transportation problem, thus making Bloomfield a more accessible shopping center.

2. The shopping area opposite the Belleville Town Hall is a filthy mess. The sidewalks are always covered with litter and never seem to be swept.

3. There is supposedly an ordinance prohibiting overnight parking on the streets of Belleville, but it is never enforced. When the Sanitation Department cleans the streets of Belleville, it is forced to go around automobiles that are parked day and night making it impossible for this department to clean the streets properly. In addition, overnight parking invites all types of thieves, and if one has house guests, they are forced to park blocks away. During the winter season, the streets in my area are barely cleaned due to overnight parking. Jefferson Street and Harvard Place instead of being roadways are actual lanes.

4. The stupid fighting over the Fire Safety Equipment endangers every taxpayer in the Town of Belleville. If your home or my home catches on fire, what assurance have we that the Fire Equipment is capable of protecting our investment.

5. Juvenile hooligans are permitted to roam the streets of Belleville until midnight "hooning" in the streets.

6. The Town of Belleville maintains playgrounds in the various sections of Belleville, yet children are permitted to play in the streets, and offering a definite traffic menace, and endangering their own lives.

7. Elected officials act like children at Town Meetings with their silent innuendos (if Mr. Golden can be called silent) that each one is trying to steal the town books. The town of Belleville has become a New Jersey State laughing stock.

8. The ridiculous arguments, though just settled, about the Christmas Light Street Decorations, and the utter bad taste of placing a heathen Santa Claus head over the entrance to the Town Hall is another reflection of the bad taste of public officials.

9. Now after a new High School building is half completed, there is some doubt as to whether or not there are sufficient funds for the completion. This can hardly be called good planning.

10. The West End of the Town is not entitled to a Branch Public Library, and children have to go all the way to Washington Avenue for additional reading matter. The Town can't afford this expense. CORRECT ME IF I AM WRONG ON THIS ISSUE: The town can afford to pay Mayor Laterza rent for a Municipal Welfare Department for a store located at 307 Union Avenue, Belleville, when a desk for the same purpose could be installed in the Belleville Town Hall. Perhaps I am wrong on this issue, and perhaps the Mayor is donating the use of this store to the town.

11. If I parked overnight in front of the Mayor's home or one of the councilmen, I am willing to wager my car would be ticketed in the morning, but if I complain I am told that due to the building of so many apartment houses the parking problem is not solvable. How many apartments have been built in the last twenty years, 5 or 6?

12. The people of Belleville are paying their good money in taxes for fire equipment that breaks down and offers no assurance of safety either to their lives or their property, for dirty streets, poor transportation (if you don't have a car, try to get out of the Town of Belleville on a Sun-

day, Talk about No Mans Land, is. There is no doubt in my mind that if this letter is published the people of the Dump of Belleville will read it in the papers, toss the paper in the garbage pail, and peacefully watch their TV sets after dinner, and in their apathy will forget the entire thing. Barnum was right there is one born every minute, so to the taxpayers of Belleville, I say, "Pay your hard Earned money for your Taxes. Suckers. Sincerely,

William J. Lennon
25 Harvard Place

POLICE EFFORTS ON HALLOWEEN

To the Editor, Times-News:

I read with interest and approval the letter written to your paper by Mr. Harry French, of the Belleville Chamber of Commerce. The vile epithets written on the windows and the senseless destruction of the paintings done by local talent was utterly inexcusable, but Mr. French did not look at the windows on the stores in Nutley after the so called "mischievous night" efforts.

Not only did I see the vilest of epithets scrawled on the windows; but also there were derogatory markings about the proprietor's race and creed as well. These were on Nutley store windows.

One incident which involved the humiliation and ridicule of the hoodlums whose warped sense of humor consisted of throwing eggs of doubtful age and ancestry at passing cars should be mentioned. A member of the police force in Nutley ought to be given a special citation and a raise in pay for his efforts.

Upon rounding up a gang of the usual black jacketed sneering individuals who thought the idea was funny; he proceeded to tap all their pockets with his night stick. The result was one of the most ludicrous sights ever witnessed. All the gang bravado vanished and they were reduced to sniveling babies with yellow stains running down their pants. Taunted and pursued by the

BECK'S COLUMN

by MAX BECK

It appears as if the size of television pictures is reverting back to the size it started with or even smaller. There is a rash of 7", 10" and 11" sets on the market, not to speak of the large number of 16" sets.

Some people in the industry claim that sizes below 16" will disappear soon again the same as the "compact" cars, which seem to get bigger and bigger every year, so that they are almost as large again as the so-called regular cars.

Some of these small sets are built so compact that it becomes a problem to get rid of the heat. Some are a nightmare to work on, and people will find out to their dismay, that repairs on these small sets are just as expensive as on larger sets, if not more so. Parts are jammed in so tightly that sometimes one has to remove a number of them in order to get at the defective one. This is time consuming and since labor is by far the major item of a repair, there will be many surprises.

It is understood that most of these small sets do not have the pulling power of larger sets. Several stages of amplifiers in different parts of the circuitry have been left out. The result is lower sensitivity. These sets are strong enough in this vicinity though, just a few miles distant from the transmitters. The performance is not nearly as good some distance away. Trade reports have it, that the interest in these small sets quickly has diminished after an initial rush. It is believed that the 16" set after a while will become the standard for a small set to tote around. They weigh around 20 pounds, which is a lot less than the 25" so-called "portables" which weigh between 40 and 50 pounds. Time will tell which size portable TV set the public will go for.

With this issue The Times-News introduces its newest feature, Neighborhood News, designed to furnish Times-News readers with interesting news items about their neighbors and acquaintances.

Our correspondents are well known in Belleville. Chris Ren, who has been a member of The Times-News staff for several months, is the former Chris Clacia, daughter of Mr. and Mrs. Philip Clacia of Nutley. The wife of the late Christie M. Ren of Nutley, she was employed as a special consultant by Dun & Bradstreet, Inc. for eight years prior to her marriage. She has a son, Michael, a pupil in St. Mary's School.

Mrs. Ren is second vice president in charge of publicity for the Nutley Woman's Club and is active in the Elks Auxiliary.

Patricia Murray resides with her husband, Kenneth, and their two daughters, Bronwyn, eight, and Kara, one, in Branch Brook Drive, Belleville. The daughter of Mr. and Mrs. Albert E. Beesley of Lincoln Park, she is active in St. Peter's School affairs. Her husband is a designer with Curtiss - Wright Corp., Woodbridge.

Readers having any news of a social nature - having just returned from a trip, are expecting guests, celebrating a birthday or an anniversary or having a baby - are asked to telephone Mrs. Ren or Mrs. Murray and she will be happy to include the news in a future column.

Lisa, born October 2 at Hackensack Hospital. The new Mommy is the former Lee Scilliti. From Papa is a lithographer with Sweeney's, Belleville.

A group of local women went to Poughkeepsie, N. Y. recently to visit former Belleville residents Mr. and Mrs. Frank Malkin. Making the trip were Mrs. Florence Leonard and Mrs. Kenneth Murray of Belleville; Mrs. Albert Beesley of Lincoln Park; Mrs. John Murray, Bloomfield; Mrs. Stewart Malkin, East Orange; Mrs. George Gera, among those who attended were Peggy Ventura, Ann Gravine, Betty Croce, toured the Vanderbilt mansion and Roosevelt estate and browsed in nearby antique shops.

Rowes Have Anniversary
 Mr. and Mrs. James Rowes of 363 Branch Brook Drive celebrated their fifth wedding anniversary last Friday, having dinner at Wally's Restaurant in Berkeley Heights. The Rowes, who have made Belleville their home for the past five years, will move to their new home in Lakewood December 1.

A farewell party will be given for Mrs. Rowe by a group of her friends and neighbors Tuesday evening, November 19, at Burns Country Inn. Wishing her a fond farewell will be Mrs. Dale Morris, Mrs. Robert Hight, Mrs. David Hesford, Mrs. Gerard Kennedy and Mrs. Kenneth Murray, residents of Branch Brook Drive. They plan to present their departing neighbor with a gift for her new home.

Edythe Woodman of 27 Hunkeler Street, district deputy of the 21st District of the Order of the Eastern Star, made her official visit to the Nutley Chapter last week.

Edward Lavayo of 4 Carpenter Terrace, who placed high on a recent Civil Service exam, has joined the postal workers at the Newark Post office.

Joanne and Helene Massa, Garden Avenue blond twins, are in their Senior year at Our Lady Queen of Peace High School, North Arlington. A graduation party is planned in June.

Mr. and Mrs. Frank Malizia of 66 Garden Avenue will become grandparents for the fourth time

in May.

Mrs. Betty Clento of 53 De Witt Avenue, is recuperating at home after a stay at Clara Mass Hospital. Mrs. Clento lives with her son-in-law and daughter, Mr. and Mrs. Louis Verrio.

Sweet Sixteen!
 Mary Margaret Gera of 381 Corlandt Street celebrated her 15th birthday recently. Several of Mary Margaret's friends helped her enjoy a surprise party given by her parents, Mr. and Mrs. George Gera. Among those who attended were Peggy Ventura, Ann Gravine, Betty Croce, Sandy Gocino and Laura Battaglia. Music from a new Hi-Fi, colorful decorations, gifts and refreshments helped make the party a huge success. Many happy returns, Mary Margaret!

One of Belleville's most talented artists, Mrs. Wilfred Yudin of 131 De Witt Avenue, is certainly making Belleville proud to have her as a resident. Mrs. Yudin recently won second prize for her oil painting, "Blue Balloon" at the sidewalk art show sponsored by The Rutherford Art Association of which she is a member.

Also active in the Clinton Art Association, Mrs. Yudin has taken part in one man shows in New York City and Shrewsbury, Conn. At present one of her paintings is on display at the Belleville Public Library. Feeling that stitching is once again becoming a very popular form of art, Mrs. Yudin is now taking a course in graphic art at Pratt Institute, New York City.

Mrs. Helen Morrell of 289 Ralph Street, celebrated her birthday Monday, at a family party.

Frank Paul of Ralph Street has returned from a tour of the United States, with stops in Florida, Minnesota, New York, Texas, California to visit relatives in California and Minnesota.

Mrs. James Fitzmaurice, the former Miss Rita Dunn of Belleville, entertained Friday night at a Canasta party at her home in Malawan. Attending from Belleville were Mrs. Norman Lauterette, Mrs. Justin M. Maguire and Mrs. William R. Brickhall.

THEIR HALOS SHINE: Members of the afternoon kindergarten class at St. Mary's School, Nutley, were photographed as they left school on Halloween, following the traditional observance there in keeping with the Eve of All Saints Day.

Kiddies Dress As Angels, Saints On Traditional Day

Children in the Kindergarten classes at St. Mary's School, Nutley, came to school on Halloween, as has long been the custom at the school, dressed as angels and saints in observance of the true meaning of the day, the Eve of All Saints Day.

The mini-sized youngsters were costumed in colorful robes representing angels with wings and halos, the Infant of Prague, the Blessed Mother and many saints including St. Patrick, St. Joseph, St. Stephen, St. Francis of Assisi and St. Theresa, the Little Flower.

Standing still just long enough to be photographed were members of the afternoon group and their teacher, Mrs. Phyllis Moran. Reading from left to right, in the photograph above, front row, are: Joanne Rasser, Eugene Huether, James Hartford, Nora Sweeney, Donna Steewicz, Robert Walters, Catherine Roemer, Theresa Huestis, Kevin Bruno, Joseph Bertuzzi, Michael Bruno.

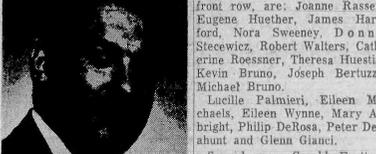

Lucille Palmieri, Eileen Michaels, Eileen Wynne, Mary Albricht, Philip DeRosa, Peter Delahant and Glenn Giandi.

Second row, Gerald Frothing, Robert Fedorczyk, James Musico, Irene Rizer, Robert Villacari, Joseph Stollar, James Spasato, Susan Malizia, Patricia Marie, Marie MacNee, Elizabeth O'Boyle, Joanna Lanna, Daniel Debold, William Bendorff and Ann Paroli.

Third row, Joy Gillis, Mary Cullinane, John Hegan, Kathleen Connolly, Thomas Hughes, Kenneth Kiviah, John Orefice, Paul Fasone, Debora Hannett, Linda Holler, Joanne Lee and Salvatore Sparacino.

Fourth row, Dianne DeMarco, Jane Clark, Deborah Capalbo, Nora Bottino, Marie Guerin, Lorraine Riquier and Kathy Relly.

Reading Expert Will Speak Here

The Belleville Council of the International Reading Association has completed plans for the seventh annual dinner to be held Thursday, November 21, at 7 p.m. in the For-Hills Restaurant, Newark.

Dr. William D. Sheldon, Director of the Reading Center of Syracuse University and former president of the International Reading Association will talk on "Modern Trends in Reading."

Mrs. Dominic A. Lally, chairman of the dinner committee, will be assisted by Mrs. Joseph Gilroy, Mrs. Anthony Magistro, Mrs. Raymond Grasso and Mr. Leonard Marciano. Parents, teachers and administrators are welcome to attend. Any one interested is asked to contact Mrs. Gilroy at School One or any member of the committee.

PTA Will See Slides Of Israeli Pilgrimage

The P.T.A. of Congregation Ahavath Achim, will meet Thursday evening, November 21, with Mrs. Joseph Kursman, program vice-president, in charge.

Slides of the USY, Israeli Pilgrimage will be shown and Lee Robbins will relate what he, Gerald Novik, and Barbara Mann experienced in Israel this Summer as members of the pilgrimage.

The next Rosh Hodesh luncheon will be held on December 7. This monthly affair, sponsored by P.T.A., is held on the first Sabbath of the month and often the students celebrating their birthdays that month.

Racial Justice To Be Discussed At NCCW Session

Mrs. Joseph A. Reilly, of Nutley, president of the Essex-Montclair District Council of the Newark Archdiocesan Council of Catholic Women will preside at the open meeting to be held Monday, November 18, at 8:30 p.m. at St. Cassian's Auditorium, 184 Bellevue Avenue, Upper Montclair.

Mrs. Robert Herbert of Montclair will be the featured speaker. Committee chairman on Racial Justice, she will discuss the work of her group. Mrs. Herbert is a member of the faculty of Seton Hall University, Newark. In addition to her duties as registrar and counselor she also lectures in education.

The business meeting will feature reports of committee chairmen including those of Mrs. Frank Aires of Nutley on Social Action and Mrs. Edward Carr of Belleville on Organization and Development.

The Rev. Joseph A. Begans, assistant pastor of St. Aloysius Church, Caldwell, and moderator of the District Council, will also address the group. The officers and representatives from the 26 affiliated organizations will be welcomed by the Rev. John Brown, pastor of St. Cassian's, and the Rev. T. G. Madden, moderator of St. Cassian's Women's Auxiliary.

Mrs. Vincent Joyce, president of the Women's Auxiliary, and Mrs. C. M. Perkins, representative to the District Council, with their committees, will be hostesses for the evening and the tea hour which will follow the meeting.

De CAMP BUS LINES Clifton, N.J.

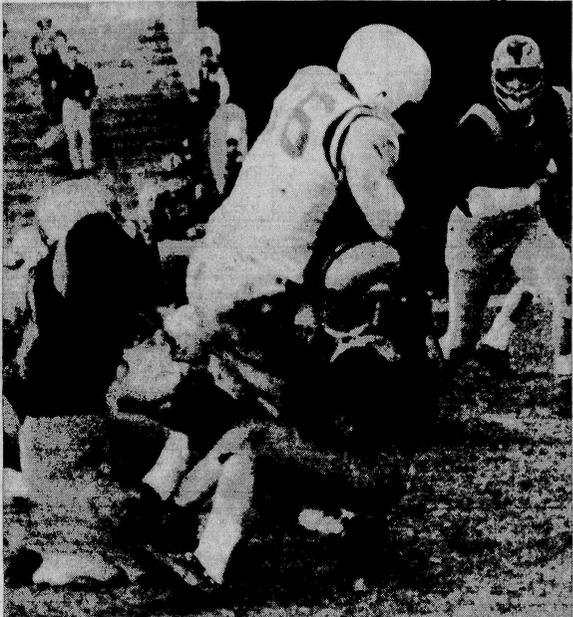

LEAD THE WAY: Joe Cervasio (27) signals to blocker Lou DiBella (37) to clear the way. Both Belleville players did the job in an 18-yard pickup against West Orange. Joe

Cuccolo (16) and John Spakowski (23) falling down failed to make the stop. Cervasio had a field day with over 100 yards on the ground.

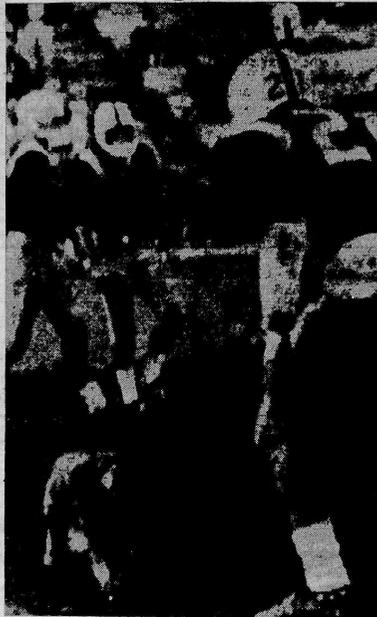

ACTING GENERAL: Fullback John Senesky (45) of Belleville gestures like a stout-hearted general as he rams off left tackle for six yards against West Orange Saturday. Defender

Jim Caboy (83) is about to close the gap left by the Bellboys charging line.

DOWN YOU GO: West Orange halfback Joe Cuccolo (16) is greeted by a couple of Belleville tacklers in Saturday's gridiron clash. The runner was halted after short yardage by Charlie Oese (43) and unidentified Bellboy. Harold Avallone (38) comes up to help for Belleville.

BELLBOYS MASCOT: Belleville John Visco (21) is about to tackle an unwanted intruder during third-period action against West Orange Saturday. The game was delayed until rover departed from the scene.

Bellboys Roll, 21-12, Over West Orange

BY RAY FERSCO

Led by the consistent kicking and playing of Joe Del Guercio, along with the fine running of Tom Greco and Joe Cervasio, the Bellboys won their fifth game out of seven starts Saturday. The victorious Bellboys scored 21 points while holding the West Orange Cowboys to 12.

The Cowboys drew first blood, when they drove 66 yards in nine plays for the tally. The drive was almost entirely through the air. On the first two plays from scrimmage the cowboys drove 40 yards as they sent Fortino back to pass to Manetti and put Bergen in motion. At this point the air attack was

alternated with a series of quick openers. The outstanding play of the drive was a 29-yard roll-out pass to Jim Caboy. Finally with 7:26 seconds left to the first period fullback Joe Cuccolo plunged the middle for six points. Cuccolo then attempted the conversion, but the strong defense sparked by Bennecki, Goglia, and Strumolo nulled the attack.

Raimo Scored Belleville's Rich Del Russo ran the next kickoff up to his own 25; however, after four downs the Blue and Gold exchanged possession. This went on for about 16 plays until the Cowboys were forced to kick from their own 40. On fourth down Lenny

Luongo broke through the West Orange offense and blocked the kick on the 33. Belleville's offense, led by improved signal caller Frank Pomaco, moved the ball for a first, when Rich Del Russo ran 10 yards off tackle. On the second down Cervasio rolled out to hit Frank Raimo but couldn't find him so he ran it up to the 19, where Pomaco faded to the left and hit Frank Raimo with a 14-yard aerial. Raimo then scampered five yards for the touchdown. Joe Del Guercio stepped back and booted the point giving Belleville 7-6 lead.

The teams exchanged possession until the Bellboys took (Continued on Page 8)

BIGGEST OCTOBER IN RAMBLER HISTORY!

Fastest Start Ever For Another All-Time Record-Breaking Sales Year

1 AMERICAN—All-new compact economy king. Lowest priced sedans, station wagon, hardtop and convertible.*

HUNTERS IN ACTION

New Jersey's Hunting season opened with a bang Saturday and Sunday. One man was dead and six others were wounded. Monday, a father and son and a companion went on a hunting trip near West Milford. Several hours later, both father and son were being rushed to the hospital after having been shot by their companion, who was shooting at a rabbit.

State hunters seem to have declared war on another with the opening of the small-game season, and seem determined to set another record for careless shooting.

It would seem to the uninitiated that it would be impossible to mistake a companion or another hunter for a rabbit or pheasant in the field. However, it is not a case of mistaken identity that is the cause of hunting accidents. Instead, it is the case of a novice gunman taking to the woods with too little training in gunmanship and too much enthusiasm to hurry home to wife and kiddies with a full game bag to prove that he really would have been a match for Daniel Boone and Davey Crockett if he hadn't been born too late.

GUNMANSHIP TRAINING LACKING

In this state most men have little opportunity to become real experienced hunters. All too often, it's a case of buying a shotgun, learning how to load it from the salesman and taking to the field. Once 10 feet inside the woodlot from the highway the novice hunter forgets that he is not alone. A scampering rabbit is target for his gun and he pays no attention to what lies behind the rabbit or in what direction he is shooting. A real hunter never fires until he is sure that his companions are not in the field of fire. It is better to go home with an empty game bag than to rush a companion to a hospital, as the result of a careless shot.

Hunting with the week-end or three-day-a-week hunter is something one doesn't forget in a hurry. If he lives to remember it at all.

Many hunters believe that once they are in the field, anything that moves is fair game. Once one has had shot sprayed around him or had a slug slam into a tree over his head, he realizes that he had either better stay home to hunt another day or start shooting back.

5 DEAD — 58 WOUNDED

Last season, according to figures just released by the State Safety Council, five deaths were caused by hunting accidents. Another 58 persons were wounded. All of the deaths occurred during the small game season, so don't believe it when someone tells you the BBs or shot can't kill you. The five deaths equalled the deaths in 1961 and the 58 wounded topped the 1961 total by 12. Again the survey shows that a hunter's greatest danger is in his own gun or the guns of other members of his own party.

The survey shows that most hunting accidents occur among hunters with poor visual acuity, color blindness or faulty depth perception. It is pointed out that 1 out of 12 hunters is color blind and bright red is as gray as the surrounding brush to him. It is recommended that fluorescent orange be used as a protection from the other hunter's possible color blindness.

SAFETY RULES LISTED

Four rules for the handling and storing of firearms to prevent accidents are:

1. Never point a gun at anything you do not want to shoot, whether at home or in the field.
2. Treat every gun with the respect due a loaded gun, which is the cardinal rule of gun safety.
3. Be sure of your target before you pull the trigger and always be sure the barrel and action are cleared of obstruction.
4. Never leave your gun unattended at home or in the field unless you unload it first, and carry only empty guns, taken down or with the action open, into the home, auto, camp or hunting areas.

Other rules we have found will help bring you home safely are:

- Keep an eye on your hunting companions. Make repeated checks of their location and do your share to stay out of their field of fire.
- Put your gun away and go home if one of your companions starts demonstrating his "Rifeman" technique of shooting from the hip or twirling the gun around by its trigger guard.
- Do not walk, but run to the nearest shelter if one of your companions starts referring to his shotgun as "Faithful Fanny", "Beautiful Betsy" or "Deadeye Dottie". He is a novice and a novice is danger. A real hunter knows that a shotgun has no family ties and will kill its owner as quickly as a rabbit if handled improperly.
- Hunting is a great sport, but each time you are ready to squeeze the trigger, remind yourself that there never is an open season on humans and check your field of fire. Happy Hunting.

Ziegler Blazes Trail

BHS Harriers Notch Winning Season, 7-5

Depth and the record-breaking performances of Richard Ziegler were the key to success for the Belleville High cross country team this season.

Ending with a respected 7-5 record, the Belloboy harriers finished sixth among the 15 leading competitive schools in the area. Coach Mario DiMaggio will lose four lettermen including the star runner, Ziegler. Others include D'Ambola, Dorner and Stelker.

The Belloboy wins came over Montclair, Nutley, Barringer, Kearny, West Orange, Irvington, South Side, Clifton and Bloomfield.

After the conclusion of the final meet, the team picked next year's captain and co-captain, Al Paganelli and Don Johnson, respectively.

League Lead Recaptured By Gantner's

Gantner's Hardware regained first place in the topsy-turvy Olympian Bowling League last week by copying 3 games from A & F Automotive. The losses left A & F with a 15½-11½ record, and a drop from previous first place down to fourth.

Home owners took a pair from White Oak Pharmacy to take over second position in the standings. Nutley Sun also took two from Barbone's to move up to third. Angie Maisio's 486 led the way despite a gallant try by Jo Sammaro's 511 score in a losing cause.

Costa's Delicatessen captured two from Mike's Cities Service and Carl Orechio Real Estate, with the aid of Marge Narucki's 511 series, took two from Rose Reilly Real Estate and Insurance. The latter holds down last place in the standings.

STANDINGS	W	L
Gantner's	18	9
Home Owners	16	11
Nutley Sun	15½	11½
A & F Auto	15½	11½
White Oak	14½	12½
Barbone's	13	14
Gosta's	13	14
Mike's Cities	11½	15½
Carl Orechio	9½	17½
Rose Reilly	8½	18½

Sgt. Brewer Serves With 'Big Lift'

FORT HOOD, TEX. (AHTN)—Army Sgt. Robert W. Brewer, son of Mrs. Ruth M. Russell, 115 Malone Ave., Belleville, is participating in the second phase of Operation BIG LIFT in Germany, a NATO field training maneuver, which ended Nov. 5.

Sergeant Brewer and other members of the 2nd Armored Division were airlifted to Germany prior to the NATO maneuver. Operation BIG LIFT is scheduled to end in late December.

Sergeant Brewer, a fire team leader in Company A, 2d Battalion of the division's 41st Infantry, entered the Army in July 1949.

Nick & Petes Tie LeFiar's In Pin Loop

Seven games separate the nip and tuck Suburban Bowling League.

Paced by Ann Dalton's 508 set, Petes' and Nick earned a first place tie with LeFiar Beauty Shop by copying two games from LeFiar.

A new series record was established by the Jelettes with Edie Ahrens, 538, and Shirley Keatley's 514 series. Combined they rolled 1981 over last-place Statmore's.

Other matches saw Mazza's Beauty Shop win the odd game from Prudential, and retain a grip on third place.

Kavanaugh's bested La Monica's for two games; Menick's took two from Brook Gift; Costa's Delicatessen won over Garlock Liquors 10 to 20.

Zinicola's Pace Ladies Pin League

Zinicola's Bakery continued to pace the Friday Nite Ladies Bowling League.

Pat Narucki of Zinicola's had a high series of 386 in leading her team to a pair of wins. The front-runner possess a 19-8 record.

Runnerup, Ferrara's T. V. (15-12) also won a pair to hold a slim margin over third place S. W. Brown and McGreevy's, with 14-13 records.

Marge Dikbeboom of McGreevy's is holding the highest individual average of 163 and third high game of 212 in the league.

ida Hovespian of S. W. Brown is in third place among the average leaders with 153 and a first place high game of 232.

Zinicola's Bakers Gain Lead in Business League

Zinicola's Bakers captured the odd game to take over first place in the Cardinal Business Bowling League.

The first place club won over Binky's Tavern, Orechio Agency, Rose Hardware, National Appliance, Tony's Pizzeria, Vester Trophies, Al's Market, Circle Bar, Cedar Hill Oil.

The Insurancemen were paced by Sal Lavanco's 247-845, and Jerry Naso's 243-617 total.

Rich Henninger came up with a 611 series, but it went by the boards as his mates dropped two and a half games to National Appliances.

Rose Hardware had the only sweep of the night defeating Al's Market. Sal Graziano won with a 619 series for the winners.

In the remaining match, Circle Bar won two over Cedar Hill Oil to move out of the cellar.

Ruth Struck Rolls 500

Ruth Struck, bowling for the Associated Trees team, gained second position in the Individual High Three Game Series race with a series high of 500.

Peg Locascio is currently in first place with 526 while Ann Coyle is third with 491.

Other high games were posted by Millie Steulet with 167, Ria Kendall 166, Carol Phoebus 162, Helen Feder 161 and Frances Graupper 160.

Littles Pharmacy retained first place with a two and a half game lead over Johnson Realty. Preston Phoebus Builders with a three game sweep win over Clifford Tool moved from sixth to third place.

Betchick Shines On Unbeaten Team

Jack Betchick, a former athlete at Belleville High School, has just completed the season as a member of the Delhi Tech undefeated Soccer Team.

The Delhi Broncos, playing their first year of intercollegiate soccer rolled over the Onondaga State JV's 5 to 1, Cobleskill Aggies 1 to 0, Keystone Junior College 3 to 0, and Bard College Varsity 3 to 2.

How to Choose College Detailed At Program for Pupils, Parents

By TONI PITERA
Belleville High School's audience was filled for the college information night for parents on Wednesday, October 23. Principal, Mr. Raymond O. Smith opened the program at 7:30 p.m. with a welcome to all. Mr. Samuel Elfkinn, guidance director, introduced the panel. They were Dean Daniel Bratton, dean of admissions at Adelphi University, Mr. Thomas Masden, associate director of admissions at Rutgers University, and Mr. Fred Lauter, representative of Fairleigh Dickinson University. The guidance department members were absent. They are: Mr. Herman Kuppel, Mrs. John Deginis,

Mr. Roland Worthington and Mr. John Westlake.
Dean Bratton spoke about attending an out of state college. He said that only mature, independent students should choose to go out of state to college. The Dean also pointed out the differences between the students that live on campus and those that commute from nearby.

Mr. Thomas Masden's talk was about attending a state university. He explained how it was easier for most students to go to state colleges because they are cheaper and easier to commute to and from.

Mr. Fred Lauter told of commuting to college.
Basically the panel told the parents how students should choose a college, and how a college chooses a student. The college of one's choice should carry the courses needed by him, it should meet with his needs and he should be able to afford it.
A college singles students out by studying their high school records, their high school's standing, their reputations, and by their S.A.T. score.
A question and answer period followed in which the parents directed their questions to the panel and the guidance department. It continued on for twice as long as scheduled which showed the interest and enthusiasm of the parents. At the end of the program the parents were given booklets and pamphlets of colleges and costs. The parents then left the auditorium well informed on every aspect of sending their children to college.

More Detailed Report Card Introduced for BHS Pupils

Aside from their marks, many students ability to be a contributing member of the school community.
Until this year only the home room teacher gave the students' citizenship marks. It was difficult for him to do so, for he usually saw the student for only a brief time during the day. This year, however, every student receives a citizenship grade from all of his teachers. In this way a fairer overall grade can be had.
This year everyone will be able to take mid-term and final exams. These grades will go on the report cards in their own separate column. The exam marks will be counted as a whole mark for the period, so that at the end of the year the average grade will be taken from 8 marks — 6 marking periods and two exams.

Credit Goes To Creditor

By LINDA ZOPPA
Gary Creditor, a sophomore at Belleville High School, has surprised the Belleville High School faculty and student body with his historical discovery. He has found a mistake in a history book. The incident is as follows.

Gary attends Miss Chichester's World History class, in which they were studying about the Semitic Tribes. One of these tribes was Hebrew. The book stated that the Jews immigrated from Egypt, and they went to the islands of Canaan. In Canaan, they had many civil wars among themselves. These wars caused them to split into two countries. The lands Israel and Judah were united by Saul, who was followed by the kings, David and Solomon.
After the death of Solomon they split again and re-established the Kingdom of Israel and Judah.

Gary from attending the Religious School of Congregation Ahava Achim, had learned that these two statements of when they had split up into two distinct countries were errors. He then brought his knowledge to Miss Chichester's attention. She suggested that he write to the publishing company, which is Holt, Rinehart and Winston, an incorporated, presenting this error. Gary did exactly that and has received the following letter from the Social Studies Editor:

Dear Mr. Creditor: Your letter concerning The Story of Nations has been forwarded to me for replying. I have checked on the issue you have raised and am inclined to agree you are correct. Israel and Judah were not established until after the death of Solomon. Apparently, the authors chronology is off here. In any event we shall re-write that section in the book so that the next printing will be perfectly clear and accurate. Signed, Harry Dahlheimer.

After Gary received the letter, he brought it to Miss Chichester, who took it to be uncommon and surprising. Gary has said, "I was surprised myself when I found that the error was given consideration."

For the past two years Gary has been a student in the Central Hebrew High School of the Jewish Education Association of Essex County. This year he is enrolled as a student at the Jewish Theological Seminary of America in New York.

Mayor Announces Contest For Design of Town Flag

It was announced recently by Mayor Robert Laterza that Belleville shall soon have a town flag. However, this is going to be a very special one for the town, as it is going to be designed by one of the young people in Belleville. Who is this person? It may be you.

A contest is being held sponsored by the town for the best flag design. All persons nineteen years of age and under and a resident of Belleville are eligible. The object is to draw a design which would appear best to be made into a flag representing the town. Application blanks can be obtained in the Belleville High School office, Mayor Laterza's office and Ekaterza's Drug Store on Union Avenue. All entries must be returned no later than December 1, 1963, and will then be judged. The prize offered is a \$50.00 War Bond.

After the winning design is determined the new flag will be presented to "Belleville High School and other local organizations."
Mayor Laterza has been trying to arrange for a flag since the time he took office. As to the purpose and benefits of this contest the Mayor has said, "I think it would create civic interest among students in Belleville and build pride for the town in which they live. Any project which will help the young people of today is one that I am for . . ."

Talk on Investments Scheduled Tuesday

Raymond B. Weatherly, vice-president of the Trust Department of Fidelity Investments, Trust Company of Newark, will address the Rutan Estates Homeowners Assn., Tuesday night at 8 in the remodelled Fidelity office on Washington Avenue, Belleville. Weatherly will speak on "Investment Programs."

Mayor Rinaldi Represents BHS At Princeton Caravan

By MYRA CERES
The Belleville Times School Page gives three cheers to Philip Rinaldi, son of Mr. and Mrs. Louis Rinaldi of 95 Liberty Avenue. Phil was chosen to represent Belleville High School as one of the two top chemistry students in Essex County to attend the Chemical Caravan held at Princeton University on October 22.

The trip was sponsored by the Pittsburg Plage Glass Company with Mr. Powell of its Technical Department acting as Chaperon. Arrival time at Princeton was 9:00 for breakfast in preparation for the full day ahead. The students were welcomed by the Chemical Caravan chairman, Dean of Engineering, and they heard a lecture on the role of Chemistry in the World of Tomorrow.

Following a luncheon at the historic Nassau Inn, the chairman of the Chemical Industry Council of New Jersey, Mr. Klipstein, gave an address entitled "Partners in Growth." The next day City College in New York. He was chosen for the Caravan on the basis of his attitude and ability in science and his grades in school and on college board exams.

Students Praise Halloween Program

The pupils at School 1 wish to thank the Belleville Chamber of Commerce and Belleville Recreation Department for giving them the opportunity of painting Halloween pictures on store windows along Washington Avenue.

The following people were assigned windows:
Grade 4, James Gill; Grade 5, Pat Hinton, Bernis Thomas, Judy Wells; Grade 6, Damien Hinton, James McCrea, John Rossi, Bruce Thomas, Dorothy Estelle, Bonnie Knowles, Claudette LeRitz, Lois Nolte, Agnes Richard and Doris Thomas; Grade 7, Paul Steigerwalt, Marlene Bocchino, Linda Charles, Julie Goon, Linda James, Thomas Dillon; Grade 8, William Butler, Raymond Sventon, Marlene Bogdon, Karen Bovo, Judith Estelle, Kathleen Hinton, Ellen LeRitz.

All children who participated enjoyed their assignments.

Vendor Machines Added at School

Two weeks ago Belleville High School students, while passing through the cafeteria noticed some changes. Aside from our machine containing a variety of fruits, three new machines were added.

Two candy machines and a hot chocolate vender are now in the cafeteria. They have been provided for by the Student Council. Other machines supplied within the last year are a soda machine, the fruit machine, and two new telephone booths. Belleville High has done a fine job in making school more enjoyable for all students.

Airman Estelle Serves in Cuba

GUANTANAMO BAY, CUBA (PHNOC) — Harold Estelle, Jr., airman apprentice, USN, son of Mr. and Mrs. H. Estelle of 74 Clinton St., Belleville, is serving with Fighter Squadron 103 at the Naval Air Station, Guantanamo Bay, Cuba.

While in Cuba the squadron will conduct training practice in aerial gunnery. It is normally based ashore at the Naval Air Station Oceana, Norfolk, Va., and when at sea operates aboard the aircraft carrier USS Forrestal.

Students Praise Halloween Program

The pupils at School 1 wish to thank the Belleville Chamber of Commerce and Belleville Recreation Department for giving them the opportunity of painting Halloween pictures on store windows along Washington Avenue.

The following people were assigned windows:

Grade 4, James Gill; Grade 5, Pat Hinton, Bernis Thomas, Judy Wells; Grade 6, Damien Hinton, James McCrea, John Rossi, Bruce Thomas, Dorothy Estelle, Bonnie Knowles, Claudette LeRitz, Lois Nolte, Agnes Richard and Doris Thomas; Grade 7, Paul Steigerwalt, Marlene Bocchino, Linda Charles, Julie Goon, Linda James, Thomas Dillon; Grade 8, William Butler, Raymond Sventon, Marlene Bogdon, Karen Bovo, Judith Estelle, Kathleen Hinton, Ellen LeRitz.

All children who participated enjoyed their assignments.

Other machines supplied within the last year are a soda machine, the fruit machine, and two new telephone booths. Belleville High has done a fine job in making school more enjoyable for all students.

Rinaldi Earns Fellowship In Geometry from C.C.N.Y.

City College of New York has just announced that Philip Rinaldi of 95 Liberty Avenue, Belleville, is the recipient of a special fellowship award. Philip, along with other selected students in the Metropolitan Area, will study advanced geometry at City College during the summer. The course will be taught by leading mathematicians and will meet on Saturday mornings in New York.

Get-Acquainted Tea Staged By Future Teachers at BHS

Members of this year's Future Teachers, under the direction of Mrs. McFarland, have a busy schedule for the next few weeks. The club held its annual get-acquainted tea for new teachers on Tuesday. Instead of taking place after school, as in previous years, the tea was held at night in Belleville High's cafeteria. All members of the F.T.A. and new faculty members were invited to enjoy a very interesting evening. Talks were given by

members of the faculty on such topics as college, problems of teaching, and the profession in general.

On November 18, 1963 members of this club will be guests of Paterson State College for talks on the college and a guided tour of the campus. This field trip is part of an expanding program to help familiarize potential teachers with the profession and colleges that offer courses in education.

Working with the Key Club the Future Teachers is organizing a tutoring program. This program's services will be available to both the high school and all the grammar schools in town. At the moment is the only grammar school actively taking a part in this program is School Number Nine, under the direction of Mr. Grouche, Principal. Student assistants are helping the school in such areas as intramurals, foreign languages, piano, and art.

Belleville High's chapter of the Future Teachers of America is not only a credit to our school but to the whole community.

Physics Club Visits Brookhaven Lab

Have you ever wondered if the scientific apparatus described in science fiction episodes is really as complicated as it seems? The members of the Belleville High School Physics Club can supply you with an authorized answer, since many of them had the opportunity to visit Brookhaven National Laboratory on Saturday, October 26. The group made the 105 mile trip out to Long Island by car, driven by William Hackett. Physics teachers and advisor to the club and Nova Bab, Head of the Science Department.

At Brookhaven the students toured the buildings, viewing experiments in biology, physics and chemistry, and speaking with the scientist and technical engineers involved in conducting them. Brookhaven National Laboratory, an outstanding center for nuclear research and development, is operated by the Associated Universities Inc. and under contract to the United States Atomic Energy Commission.

The Belleville High students were kept on the move throughout the excursion. After registering at the main reception center in the gymnasium they proceeded to the lecture hall and the exhibit hall. They were then free to enjoy the bus tour, including the use of several of the major research facilities, other exhibit buildings and even the Theatre, where movies on related subject matter were being shown throughout the day.

Some of the senior members of the club had attended the annual trip to Brookhaven last year, but admitted that with the completion of a course in physics and an introduction to chemistry, they appreciated the visit even more the second time around. A few of them seemed to act as "personal guides and tutors" to the less privileged junior members who were not familiar with some of the material presented.

Is your family's financial security program as up-to-date as your family? Find out with a FAMILY SECURITY CHECK-UP... Why not call me for this confidential service today? There is no obligation—except to those you love.

WHAT IT IS AND WHAT IT DOES FOR YOU. 1. You check the facts: your Social Security, your home, your life insurance, your pension plan, your savings and other assets. You may be surprised to learn how much you're worth!

2. You weigh your responsibilities: mortgage or rent payments, education, retirement, accident and sickness emergencies; how much it would cost your family to live without you.

3. You learn where you stand. You determine your weak and strong points... whether the provisions you have made for your family will do what you intend. You get the facts in front of you.

4. You plan for the future. Based on these facts, you decide what action, if any, may be needed to give you a family security plan, tailor-made to your own needs and ambitions—one which makes good sense for you.

Family Security Check-Up. Why not call me for this confidential service today? There is no obligation—except to those you love. DANIEL CARDELLICHO, REPRESENTATIVE. OFFICE: 234 WASHINGTON AVENUE, BELLEVILLE, N.J. 07003. RESIDENCE: 169 BALDWIN ST., BLOOMFIELD, N.J. 07003.

METROPOLITAN LIFE INSURANCE CO. NEW YORK 10, N.Y. The Belleville Times-News, Thursday, Nov. 14, 1963—11

Bellboys Romp

(Continued From Page 7)

Over on the 45. The Blue and Green successively sent Joe LaFalce up the middle and Greco around the ends. On the fifth play LaFalce went a yard off tackle, and then Pomaco threw an incomplete to Cervasio. Finally on fourth and about eight Belleville's Del Greco attempted a field goal, but it was wide.

Greco Goes For Two. In the second half, Belleville's Richard Del Russo received and ran it up to the 10. He then raced off right tackle followed by Tom Greco's 50-yard run around left end. Cervasio once more went off right tackle and then around right end. On the fifth play, John Syneski came in, but was stopped on the line. On another 4th down, Tomaszewski called the signals and rammed straight up the middle on a quarterback sneak.

Belleville, 15 yards from pay dirt, had it first down. On the fifth play, Syneski picked up a few yards on a drive. Cervasio followed suit with a bruising run off left guard. Syneski then got the first on a crossback off left guard. Again Pomaco fed Joe Cervasio the ball and he went a yard off right guard.

The sustain drive was completed when Pomaco pitched out to speedy Tom Greco, who raced five yards around left end for the first.

It is further stated, that this Ordinance be published in the Belleville Times-News, on November 14, 1963. It is also further ordered, that proposals be received by the Municipal Council of the Town of Belleville, New Jersey, at the Council Chambers, Town Hall, on Monday, November 25, 1963, at 3:30 P.M. for the leasing of premises known as Nos. 1038 Valley Street, Belleville, block 74, lot 27, and 233, in accordance with the terms and conditions set forth in this Ordinance. Nov. 14, 1963. Fee: \$24.00.

SERVICE NOTES

Airman Serves With 'Big Lift'

WITH EXERCISE BIG LIFT FORCES IN EUROPE — Airman Second Class Dominick Mancinelli of Belleville, is participating in Exercise Big Lift, the joint Department of Defense demonstration of U. S. capability for rapid massive reinforcement of NATO forces in Europe.

Airman Mancinelli, an Air Force flight operations specialist, is a member of a Composite Air Strike Force of 116 Tactical Air Command aircraft deployed to France and Germany. Combat air and ground forces for the exercise are being provided as elements of the U. S. Strike Command.

Raniszewski Serves

On Destroyer

USS FORREST ROYAL (PHTCN) — James R. Raniszewski, radarman third class, USN, son of Mr. and Mrs. Joseph Raniszewski of 30 Parkview Ave., Belleville, serving aboard the destroyer USS Forrest Royal, participated in a NATO exercise titled "South Tramp" Sept. 25-28, with the Sixth Fleet in the Mediterranean.

"South Tramp" included task force operations, anti-submarine warfare exercises and an amphibious assault landing in Turkish Thrace. Armed forces of the U.S., Greece, and Turkey participated in the exercise.

Seaman Cioffi

On Air Duty

NORFOLK, VA. (FHNTC) — Nicholas Cioffi, seaman, USN, son of Mr. and Mrs. Frank Cioffi of 428 Belleville Ave., Belleville, is serving with Patrol Squadron 56 at the Naval Air Station, Norfolk, Va.

The squadron recently celebrated its tenth anniversary. It is an all-weather anti-submarine warfare and aerial mine-laying patrol squadron.

Schaline Serves

With Sixth Fleet

USS STEINAKER (PHTCN) — Paul J. Schaline, radarman seaman, USN, son of Mr. and Mrs. Paul H. Schaline of 33 Adelaide St., Belleville, is serving aboard the radar picket destroyer USS Steinaker with the Sixth Fleet in the Mediterranean.

You and Your Insurance

(A public service column about all forms of insurance.)

DRIVER EDUCATION CAN SAVE LIVES AND MONEY

Suppose you could start out in your car tomorrow morning, and know that every driver on the road with you had been:

1. Trained to handle a vehicle properly.
2. Educated in how to deal with the many different situations that arise in traffic.
3. Taught to realize his personal responsibility as a driver.

Life would seem a lot safer, wouldn't it — not to mention the improved chances of avoiding a bashed bumper or crumpled fender?

Life can be like that if every youngster is required to pass an approved course in high school driver education before he can get a driver's license. An approved course means at least 30 hours of classroom instruction and at least six hours of behind-the-wheel training.

That's why the Insurance Institute for Highway Safety sponsors its annual National High School Driver Education Achievement Program. Its goal is the institution of approved driver education courses in all schools for all eligible students.

This will mean fewer accidents and, as a result, lower auto insurance premiums for everybody. Additionally, young men under 25 years of age are eligible for a 10 per cent premium reduction for their auto insurance if they have satisfactorily completed an approved driver education course.

This column will be glad to answer questions you may have about property and casualty insurance. Send them to:

Pfaff Begins Basic Training

FORT DIX, N. J. — Private Richard F. Pfaff, 23, has been assigned to G Company of the 4th Training Regiment for eight weeks of basic training in conjunction with the 1965 Reserve Forces Act.

During his training Pfaff will serve on active duty for six months of training and then be transferred to hometown duty with an Army Reserve or National Guard Unit.

After the initial eight weeks, he will receive a two week leave and then enter eight weeks of advanced individual training here. He is enrolled in one of the special-USM Muliphen which left Norfolk schools here; or be sent to

another Army post for advanced training.

Prior to his arrival at Fort Dix on September 27, 1963, Richard Pfaff, son of Mr. and Mrs. Fred J. Pfaff of 133 Malone Avenue, Belleville, N. J. graduated from Belleville High School and graduated from Fairleigh Dickinson University.

Seaman Eyre On Training Cruise

USS MULIPHEN (PHTCN) — Richard J. Eyre, III, seaman apprentice, USN, son of Mr. and Mrs. Richard J. Eyre, Jr. of 296 Union Ave., Belleville, is serving on a training cruise aboard the attack cargo ship USS Muliphen which left Norfolk, Va., Oct. 10, for a five-

week training cruise in the Caribbean.

As a member of the Atlantic Fleet amphibious forces, Muliphen will conduct refresher training to improve its battle efficiency. The ship expects to visit St. Thomas, Virgin Islands and Kingston, Jamaica before completing the training.

Two new Douglas College buildings, the Home Economics-Marie Hilson Katzenback Hall, a dormitory, were opened in September.

Student Nurse Doubles as Mechanic

Pretty Miss Bernadette Poirier, a student nurse at Clara Maass Memorial Hospital, Belleville, was one of the most popular students in Oakcrest High School during her senior year as she was not only a good student, feminine and petite, but an expert auto mechanic as well.

This did not come about by accident but rather by exposure to a mechanical family. Her brother, Roland, who is 6 years her senior, probably was the most deciding mechanical influence as he frequently exercised a big brother prerogative when dirty jobs were necessary around their dad's garage which was located at White Horse Pike, Egg Harbor, N. J.

Her fortitude and natural youthful inquisitiveness soon caused her dad, Danny, to assign her to motor tune-up jobs and later the more intricate major repair work. Even neighboring garages recognized her skill; and before long she abandoned her dance clubs, sports groups and the like in favor of the Auto Mechanics class in high school and the Future Auto Mechanics Club as her skills as a good auto mechanic were becoming more and more in demand.

All this attention to one of the few female mechanics in the area was pleasant; but it was not fulfilling her ambition to help people in need. Therefore, she decided to look for a more satisfying career; and where else could this be better accomplished than in a nursing career. The Nursing School at Clara Maass Memorial Hospital required intelligence, a goal in life, innate ability and personal habits equal to the heroine for whom the hospital was dedicated. Therefore, her friends and family urged Miss Poirier to apply. In September 1961 Miss Poirier was accepted as a Probie and will graduate as a nurse in 1964.

As Student Nurse Poirier is now in her final year of Clara Maass School of Nursing, she can find little time for her auto mechanics hobby as her career demands utmost precision and attention to the skills demanded by today's medical science.

In a personal interview with

MISS BERNADETTE POIRIER

Miss Poirier she commented to Harold Widman, director of personnel and public relations at the hospital, that the three-year course was most gratifying. "Without a doubt," she stated, "all girls who can't quality should seriously consider a nursing career before they choose their vocation." Upon graduation, Student Nurse Poirier will study for her registration and

continue her education in the field of nursing.

Widman noted that the Class of September '64 is being assembled and would like to invite any young ladies interested in a nursing career to contact Miss Evelyn Hamilton, Director of the School of Nursing, who will arrange for a personal interview and tour of the hospital.

Airman Reassigned

GEORGE L. MOROSHI JR.

PATRICK H. GRAFFEO

LACKLAND AFB, Tex. — Two Belleville men have received new assignments in the United States Air Force job specialties following completion of their basic military training here. Airman George L. Moroshi Jr., son of Mr. and Mrs. George L. Moroshi of 12 Memphis Ave., will attend the technical training

course for radar operators at Keesler AFB, Miss. Airman Patrick H. Graffeo, son of Philip Graffeo of 93 Emmet St., Belleville, will be assigned to Dow AFB, Maine, for training and duty as an air policeman. Both airmen are 1963 graduates of Bloomfield Vocational and Technical High School.

ANGELO, JOSEPHINE PATERNO

Angelo and Josephine Paterno of 227 Greylock Parkway, Belleville, died of heart seizures within an hour of each other.

Married for 45 years, Mr. Paterno suffered from a heart attack at his home. He was pronounced dead there. Shortly after, Mrs. Paterno, who had a heart attack a year ago, collapsed. She died on arrival to St. Mary's Hospital in Passaic, N. J.

Both were born in Italy, and had lived in Belleville for 39 years. Mr. Paterno was 77. His wife was 70.

Mr. Paterno was employed by the Public Service Electric & Gas Co. in Newark for many years. More recently he worked as a landscaper at the Benjamin Moore Paint Co., Newark.

They leave two sons, Michael and Salvatore, both of Belleville; four daughters, Mrs. Mary Paserini of Nutley, Mrs. Margaret Micciche, Misses Angelina and Dorothy, all of Belleville; and seven grandchildren.

Mr. Paterno also leaves a brother, Louis of Belleville. The funeral was Wednesday from the Samuel W. Brown and Son Funeral Home, 267 Centre St., Nutley, with a mass at 10 A.M. at Holy Family Church, Nutley.

'CURRENT' EVENT

Don't let an electrical fire become a current event in your home. The Institute for Safer Living points out that many such fires originate from broken switches, loose wiring connections, defective appliances, and frayed or bare cords. Also, painful burns and even fatal shocks often result. Regular electrical inspection and repair pays dividends in family safety.
