Town Departments Ask Salary Boosts for '64

Belleville Policemen and Firemen last week led the parade of Town departments seeking increases in salaries as Town Manager John R. Burnett held meetings in preparation for his January budget recommendations to the Town Council.

The firemen are seeking a \$700 salary hike divided over a two-year period, plus regular increases from two to 10 percent for longevity.

The policemen asked either a \$200 wage increase beginning in July or a longevity raise from one to nine per cent.

Burnett said the firemen's demands would cost almost \$40,000 if put into effect, and the policemen's request would cost about \$8,300 if effective next year.

Actually all departments but the finance department asked for more funds for salaries. The total increases requested amount to \$129,683.22 over the 1963 budget appropriation of \$1,709,141. The 1964 request by department heads totaled \$1,814,802.62.

The Finance Department which had a salary appropriation of \$119,483 in 1963 is asking \$627 less for 1964, however, the salary figures will cover two less persons in the department.

The Health and Welfare Department asked for an increase of \$9,944 or a 1964 appropriation of \$68,153 against a 1963 appropriation of \$64,209.

The governing body, manager and clerk asked for an increase of \$11,828 or a total of \$80,617 for 1964 against an appropriation of \$68,789 in 1963.

The Fire Department requested the biggest general salary budget, asking for \$320,867 for 1964 or an increase of \$41,567 over 1963 in addition to the requested general raise.

The Department of Public Works turned in a proposed 1964 budget of \$462,338.62 against the 1963 budget appropriation of \$444,300, an increase of \$21,238.62.

The Police Department is asking a boost of \$28,326 in its 1964 appropriation, seeking \$519,951 against the \$482,625 received in 1963.

The library boosted its salary requests \$6,385 to \$52,820 for 1964. Its 1963 appropriation was \$46,435.

Other expenses of the Health and Welfare Department, the Department of Public Works and the Police Department also require more funds in 1964.

The Health and Welfare Department is asking \$38,553.50 for 1964, a gain of \$3,597.90 over the 1963 appropriation of \$34,956.

The Public Works Department is seeking \$35,209.25 for 1964 against \$31,614.25 in 1963.

The police are asking for \$4,805.45 more in other expenses for 1964 than in 1963. The 1964 request is \$21,736.81 against \$16,931.36 in 1963.

The Finance Department also cut its other expenses by \$427 from \$54,047 to \$54,490.

It's Now Official — Town Needs Three Pumps

Town Manager John R. Burnett received official notification from the Fire Insurance Rating Organization of New Jersey last week that three of the four Fire Department pumps tested by the organization needed either major overhaul or replacement.

Six Pump OK

A fifth pump, the 1958 American LaFrance engine, was tested by the local department and passed a test similar to the 40-minute service test administered by the rating organization.

In a letter to Burnett, Luther S. Clark, Jr., superintendent of the organization's Municipal Fire Protection Department said:

"As you requested on October 25th, we have undertaken service tests on four of the pumps in your fire department. Reports of the results of those four tests are enclosed and I am sending copies to the Fire Chief, Mack Passes.

"The results of the test of the 1938 Mack Pump were satisfactory.

"As you will see from the remarks at the end of the test results of the 1946 Seagrave, that machine was not able to deliver at the rated 150 p.s.i. pump pressure, the great pressure obtainable being 130 p.s.i. with a delivery of only 589 g.p.m.

"Although the first portion of the tests of the 1942 Seagrave was to have been for twenty minutes duration, the test was stopped after seven minutes due to oil leaks and the inability of the machine to pump at 150 p.s.i.

"The complete tests were conducted on the 1939 Ahrens - Fox and the results were satisfactory, but I must point out that by the end of those tests, as indicated in the general remarks under the test results, the oil gauge showed no pressure and serious oil leaks were observed.

"With the exception of the Mack pump, the tests show that the machines are not in suitable operating condition and should either be subjected to major overhaul or replaced by modern apparatus. As I have indicated in previous correspondence and conversation, it is our general recommendation that apparatus fifteen and twenty years of age should be considered for replacement.

The individual general remarks as to performance and condition of the pumps are shown on the sheets submitted with the letter included the following:

1938 Mack—Tests satisfactory.

1946 Seagrave — Unit failed to pump capacity at 150 p.s.i.; 150 p.s.i. was maximum pressure obtained. (Only 15 minutes of first test of 20 minute duration was run before test discontinued.)

1942 Seagrave — Unit failed to deliver capacity at 150 p.s.i. Test was discontinued due to oil leaks at head gasket. Oil pressure down to 6 p.s.i. (Test stopped after seven minutes of first test of 20 minute duration)

1939 Ahrens-Fox — Tests satisfactory. However at the end of the tests the oil pressure gauge registered zero and oil was leaking from all six pistons and head gasket.

The tests by the Fire Insurance Rating Organization were made after Fire Chief Clark had recommended to the Town Council that two new pumps, an aerial ladder and a secondary ambulance be purchased to replace worn, outdated equipment.

Burnett prepared a \$110,000 bonding ordinance and submitted it to the Town Council, where the proposal ran into opposition from Councilman James R. Golden, who requested that the equipment be tested by the rating organization.

Christmas Lights Erected in Town

Fire Bell Monument Dedicated at Town Hall

A wreath of remembrance was placed beside the Belleville Fire Bell monument Saturday morning which stands between two erected brick columns in front of the Municipal Building on Washington Avenue.

Leading heads of the municipality were on hand for the formal dedication as the Reverend Francis Ignacino of the Catholic Church of Belleville gave a word of prayer to start the 45 minute ceremony.

The bell was purchased by the Town of Belleville's Fire Commissioners in 1898. The 2,500 pounds of bronze was originally hung at the firehouse in William St., where Fire Volunteer Company No. 2, then known as the Eastwood Company had its headquarters.

Taken down in 1935, it was placed on cement blocks in the rear of the William St. firehouse. Public Safety Director Clark presented the bell to the Belleville Exempt Firemen's Association in 1935, who custody it remained until World War II.

During this time, the Association donated the bell to the salvage drive for scrap metal to help beat the Axis, but the bell wasn't scrapped, and was left standing in the same spot.

It has been hung many times after the death of a Belleville fireman, the last time for the funeral of the late Michael Carr in 1960.

It was agreed upon to erect the bell as a memorial in 1962. All work on the memorial structure was done by firemen on their off-duty time. Saturday, deceased men who served as members of the Town Council, members of the Belleville Fire Department, and by the sumner of 1963, work had begun on the memorial, and by the summer of 1963, work had begun on the memorial, and by the summer of 1963, work had begun on the memorial.

The memorial is intended as a remembrance and tribute to all men Edward Hollweg Jr., Robert Shafer and Captain Ralph Castellano worked out plans for Town Manager John R. Burnett.

Westpy Requests Court To Order Manager to Set Date for Election

The For Recall Committee filed a civil action Friday afternoon in Superior Court, Newark, seeking a court order to force Town Manager and Town Clerk John R. Burnett to set a date for a recall election of Mayor Robert M. Laterza, Deputy Mayor George Addonizio and Councilman Vincent T. Strumolo.

Committee Attorney Emil M. Wulster of Hackensack, filed the action with accompanying writ in the name of Robert Westpy, committee chairman, naming Burnett as defendant.

Burnett must appear before Superior Court Judge Alexander Waugh Monday, December 2, at 11 a.m. in the Essex County Courthouse, Newark.

JOHN R. BURNETT

Burnett refused to comment on the legal action Friday, saying: "Any comment by me would be improper pending hearing in court."

The For Recall Committee had said last week, it would seek a court order, after Burnett refused to accept additional signatures to the recall petitions and rejected the petitions as insufficient as they did not include the necessary number of legal signatures.

Acting on advice of Town Attorney Thomas C. D'Avella, Burnett refused to allow new signatures to be added to the petitions which had been found from four to 45 names short of the amount required to initiate a recall election.

Town Attorney D'Avella interpreted the Faulkner Act section to mean that only corrections to names on the original petitions could be amended, not new names added.

Signatures Noted

In the original petitions submitted by the committee, 4,148 of 4,637 signatures submitted for the recall of Mayor Laterza were accepted. This was 45 names short of the required 25 per cent of the registered voters or 4,193.

Of the 4,664 names submitted for the recall of Councilman Strumolo, 4,189 were accepted but 4,193 were required. Deputy Mayor or Addonizio missed being recalled by 28 names as the signatures of 4,638 submitted, were accepted and 4,193 were required.

The For Recall Committee was informed of the shortages and had 10 days to resubmit the petitions with amendments to the names. The committee made no attempt to correct the names on the petitions but submitted 276 additional names for the recall of Mayor Laterza, 280 for the recall of Deputy Mayor Addonizio and 270 for the recall of Councilman Strumolo.

The additional names set the stage for Monday's legal battle as Town Attorney D'Avella ruled the names were inadmissible, basing his ruling on the state election laws, since no defining ruling has ever been made to the section of the Faulkner Act dealing with amendments to recall petitions.

Charges Lodged

In his plea for a favorable court judgment Attorney Wulster charged Burnett improperly (stating in part):

"Used the services of the Mayor and councilmen whose recall was sought and their wives, in ascertaining whether or not the petitions were sufficient, and thereupon rejected the same, this after the Commissioner of Registration and Superintendent of Elections of Essex County, who officially checked the petitions for the Town Clerk and certified there were qualified signatures in excess of the required number of 4,193 to recall Addonizio and Strumolo, and only 44 short of the number required to recall Mayor Laterza. 4,202 signatures were accepted; nine more than required for the recall of Strumolo and Addonizio.

"Was required to complete his examination in 10 days and failed to do so, however on Nov. 12 (the 11th day) he ruled the petitions insufficient for recall.

"On Nov. 14, 276 additional signatures for the recall of Mayor Laterza, 280 additional for the recall of Addonizio and 270 additional for the recall of Strumolo were submitted, this eliminating any question as to sufficiency in number of signatures of the voters for recall."

"Asking judgment of the court to order Town Clerk Burnett to notify Mayor Laterza, Deputy Mayor Addonizio and Councilman Strumolo to resign by reason of petition, and if they do not resign, or if their resignations be not accepted, that he order and fix a day for holding a recall election as provided by State statute."

Burnett has admitted allowing the Mayor and councilmen to look over the petitions, but only after he had checked them personally and found them insufficient. He also admitted that 11 days elapsed before he notified the committee their petitions were insufficient, but noted that November 11 was Veterans Day an official holiday and therefore not countable as the 10th day.

Committee Warned

In his letter of rejection of the petitions to the For Recall Committee, Burnett noted that he had informed Westpy and his aides that under a ruling of the Town Attorney, no new names could be added but that they were free to bring in any work force to check over the petitions and see what names were ruled invalid and make corrections to them.

He noted that the committee made no attempt to correct the names ruled invalid, but submitted the new names which he was forced to reject.

Now the first legal action in the fight to unseat the Mayor and two councilmen has been taken. However, no matter what the results, it is hardly the last legal ruling which will be taken before the recall gets to the voters, if they ever do.

Councilman Addonizio and Strumolo have on three separate occasions formally requested that the Town Manager reject the recall petitions on a lack of cause as required by the Faulkner Act, and other errors they claimed in the petitions. All three requests were rejected by the Town Manager.

Honorary Science Award Presented to JoAnn Torre

Principal Raymond Smith of Belleville High School said, in announcing Miss JoAnn Torre as the 1964 winner "These awards are especially significant. Today, everyone realizes the importance of the study of science in our secondary schools. The Baush & Lomb Honorary Science Award provides recognition to senior students with the highest scholastic standing in science subjects."

The Science Award — a handsome bronze medal — is presented at graduation in more than 3,500 schools. Since its introduction in 1933, there have been 170,000 winners. Surveys have indicated that more than 30 per cent of the winners have been encouraged by the award to follow scientific careers.

Winners of the Honorary Science Award are eligible to compete for Science Scholarships, at the University of Rochester. Three or more scholarships are awarded by Baush & Lomb; the University provides an even greater number. Stipends are based on need and have a total combined four-year value of about \$50,000. The award winner is usually selected in November or December, so that her application for the Scholarship Competition, can be filled out and returned to the University before the February 1 deadline.

The Baush & Lomb Science Award and Scholarship Programs have been officially approved by the National Association of Secondary School Principals. In addition to establishing a "straight A" average, Miss Torre has participated in: National Honor Society, Editor of "Math-Lite," Assistant Editor of the "School" newspaper, "The Spot Light."

Miss Torre is the daughter of Mr. and Mrs. Peter Torre of 4 Moore Place.

Kiss attended Belleville schools and also Fairleigh Dickinson and Upsala Colleges.

He joined Seiber & McIntyre in 1960. He is married to the former Evelyn Wood of Nutley. The couple have a son, Scott Marshall, three years old and a daughter, Kimberly Ann, eight months.

Kiss is the son of Mrs. Ethel E. Kiss of 222 New St. and the late George Kiss.

Judge Duffy To Address Scout Unit

The North End - Branch Brook District of the Robert Treat Boy Scout Council will feature Judge Neil G. Duffy of the Essex County Juvenile and Domestic Relations Court as main speaker at the Council's annual dinner meeting, December 5 at the For-Hills Restaurant, Newark.

Duffy, a Maplewood resident, is a former three-time Essex County Sheriff and served in the State Assembly. Prior to his appointment to the County Court, he was a member of the State Division of Tax Appeals.

The North End - Branch Brook District of the Robert Treat Council has an enrollment of over 1,000 boys representing scout, cub and explorer units. The annual dinner meeting is attended by District members, including scout masters, committee members and their wives.

Baby Care Class To Open Dec. 10

Because there has been a good response to the article announcing a course for expectant parents called "Mother and Baby Care" the Red Cross has decided to start the course Tuesday evening, December 10 at the Chapin, 557 Washington Avenue.

There are still a few openings so if you are expecting and want to know how to bathe and care for your baby, call the Red Cross Chapter.

Miss Joan Albrecht of 78 Newark Avenue, Belleville, clinical instructor at the Clara Maass Memorial School of Nursing, is shown with Student Nurse Carolyn Lewis of 27 Tiona Avenue, Belleville, as they prepare their new closed circuit TV unit for the viewing of an actual operation at the hospital by the student body. Thomas Mowen, financial director, looks on with interest as this innovation promises to be of valuable assistance to the student body.

Closed-Circuit TV Assists Students at Clara Maass

Television is now an integral part in the lives of the student nurses at Clara Maass Memorial Hospital — not as an entertainment feature but as an educational medium.

Within a few weeks the student nurses, as part of their educational program, will watch an actual operation performed at the hospital while sitting as a class in the School of Nursing building via closed-circuit TV.

A sealed-unit television camera has been mounted in the Operating Room of the hospital complete with a variety of lenses which will enable the technician to pick up a close shot through a telephoto lens or wide-angle for an overall picture. No additional illumination is necessary as the intensity of light from the overhead surgical lamps will permit ample lighting for clear, sharp pictures. This unit meets all the requirements for safe operating room procedures.

Through closed circuits the use of TV is of great importance as a visual teaching aid to those who augment their theory with actual observation and where direct viewing is inherently limited to a small number of observers who can witness an operation at one time.

Other uses for the closed circuit TV are being explored by the Medical Staff for possible viewing of an unusual operation, etc.

OXYGEN THIEVES

Flammable liquid space heaters are oxygen thieves. The Institute for Safer Living warns that death or injury from suffocation may occur in rooms where space heaters are operating without sufficient ventilation. Chief danger results from falling asleep, or from heaters left on after retiring. Be sure that such heaters are equipped with proper vents and a supply of outside air.

Santa Gets ZIP Code

Everybody is getting into the act of "ZIP Code" numbers, even Santa Claus with his merry little helpers and Rudolph the Red Nose Reindeer in the North Pole have been numbered by the Post Office Department's ZIP Code experts. Newark's Acting Postmaster, Joseph J. Benucci, said youngsters writing to Santa Claus this year, will reach his North Pole home more rapidly if they use his ZIP Code number.

Santa will not only receive his Christmas messages faster but will be able to answer all correspondence if the North Pole is given its correct ZIP Code number 9701. Santa will answer each child, with a card from his North Pole home, said the Acting Postmaster and urges children to know and use ZIP Code on all their mail to Santa Claus.

Santa has agreed to take part in the promotion of the ZIP Code system in an attempt to have people recognize the potential of a more rapid mail service when the program is fully installed. A more expeditious mail service, even to Santa's remote home, will result, said Mr. Benucci, if mailers will use ZIP Code numbers on all mailings, and children remember Santa's ZIP Code is 9701.

Annual Boy Scout Dinner On Dec. 4

Thanksgiving Day

Dear the people coming home,
Dear glad faces long away,
Dear the merry cries, and dear
All the glad and happy play,
Dear the thanks, too, that we give
For all of this, Thanksgiving Day.

This simple verse was written many years ago by Harriet Prescott Spofford. It tells of the traditional Thanksgiving—the Thanksgiving our grandfathers knew, and that Currier and Ives immortalized in engravings. It was, of course, a day of rest and feasting. But it was more, much more—a day of prayer in which gratitude was offered for the good things of the past, and hope was held out for the future. And it was a day of affirmation in the existence of a higher power than man, and of faith in the workings of a divine providence.

We live now in an infinitely more complicated time. A sophistication of dubious quality has obscured many values. Materialistic advances of almost incredible dimension have dulled the needs and wants of the spirit. And we live, too, in a world so torn with dissension, covering every as-

pect of human affairs, that, to many, the real relevance of Thanksgiving has been largely lost—the eternal is buried under the pressures of the moment. We have the feast—without remembering and pondering the reason for the feast.

Perhaps this all may change. Perhaps this Thanksgiving Day, great numbers of us will observe it in the spirit of our forefathers. If so, it will truly be a day of thanks for the blessings of the past, broken with troubles as they may have been—and a day in which we will find new courage to meet whatever is to come. Then, above all it will be a day in which we realize deeply another thing our forefathers knew—that, under God, each individual human being owes an everlasting debt of duty and responsibility to his family and his neighbors, and that no institution and no government can discharge it for him.

Purpose of Recall Unclear

The goal of the Recall Committee is clear. The group is seeking the ouster of three members of the Town Council—Mayor Robert M. Laterza, Deputy Mayor G. George Addonizio, and Councilman Vincent T. Strumolo—but the methods and purpose of the action is still unclear.

Robert Westpy, chairman of the committee, says the ouster of the three and the recall movement's purpose is to provide better government for the Town of Belleville. However, he does not say how, by whom, or for whom he and his committee expect to provide better government than the Town is presently receiving.

In fact, the committee has still to clearly state what wrongs the three officials is seeking to recall have committed. We and many of the town's voters would be interested in hearing what the three men have done wrong. Could it be that the committee believes that if the three men vote for measures that are for the good of Belleville and its townspeople that they are committing a wrong by not joining the other members of the Council who may oppose a measure?

The only charge we have heard is that the three vote together in a "majority bloc." Since we are living in a nation that is ruled by the majority's wishes, we can not see where the voting as a majority is a wrongdoing, unless the majority votes for something against the betterment of the town and its people.

If this is the case, now is the time for the For Recall Committee to come forward and list the measures that the three Councilmen have voted for against the best interests of the people of Belleville.

Now that the committee has sought legal judgment in the Superior Court—asking that Town Clerk John R. Burnett be forced to set a date for a recall election, despite the fact that the recall petitions have been found insufficient—it makes one wonder if the purpose of the committee is not one of damaging the name of Belleville and seeing just how much confusion it can create in Town.

When you consider the fact that the committee leaders were warned additional

names would not be accepted, but corrections must be made in names ruled void on the original petitions and yet, the committee made no attempt to find even four names necessary to recall Councilman Strumolo which might have been corrected, its purpose and intent must be questioned.

When you consider that a leader of the committee said recently they would fight for a recall election as late as April 30 if necessary, when two of the three members of the Council can be voted out of office in May without the additional expense of thousands of dollars to the taxpayers, again the committee's intents and purpose must be questioned.

Certainly this willingness to spend the taxpayers' money for little or no purpose, which has been an attitude of the committee since it launched the recall movement, would rule out any of its members or leaders as suitable replacements for the three men the committee is attempting to oust from the Council.

Members of the committee boasted that the recall could have been on the ballot in November if the committee so desired. However, its leaders did not believe the saving of the costs of a special election were important to the taxpayers. They made no attempt to correct the petitions, but instead forced the Town into a costly legal action. Now, they are willing to accept a special election as late as April without considering the saving of the taxpayers' dollars by moving for the ouster of two of the three officials in the regular May election.

We think it is time Mr. Westpy comes forward and makes clear pointed charges against the three incumbents and explains to the public the need for a special election with its cost to the taxpayers.

Failure to do so can only be construed by the taxpayers to mean that the three incumbents did nothing wrong while in office and the entire recall movement is the action of a couple of discontent, would-be politicians and many uninformed voters who never took the time to look up the meaning of majority rule in our form of democracy.

A Source Of Community Pride

We note with special interest that our sister community of East Orange climaxed its one hundredth birthday celebration on Saturday with a parade through the city's business section and the dedication of a centennial memorial on the City Hall lawn.

The participation of the entire populace in this celebration demonstrates the pride that the citizenry have in their community. Of particular interest to the people of the Belleville-Nutley area is the fact that the memorial dedicated was a 100-year-old copper birch tree located on the front lawn at City Hall. This tree was dedicated to the memory of Nurse Clara Louise Maass, a native of East Orange, who gave her life in the experiments conducted in

Cuba to determine the cause of Yellow Fever.

The people of this area should throw out their chests in pride as they ponder their good fortune in having the Clara Maass Memorial Hospital serving this area. This hospital is not only a fitting memorial to a highly dedicated person but an institution dedicated to the health and welfare needs of our people.

As we point with community pride to Clara Louise Maass and this modern hospital, let us consider how we can personally participate in a memorial to this heroic nurse. A most proper tribute would be a contribution to the hospital at this time as it makes preparations for a 100-bed addition to better serve us.

TRANSPORTATION UNIT ASSKS COMPLAINTS

To the Editor, Times-News: Mayor Laterza has appointed a transportation committee for the Town of Belleville, whose purpose is to study ways and means of improving the transportation system as it now exists and to process any complaints that may arise about the service rendered.

Committee Chairman, John Bass, has instructed me to solicit your help to remind the people of Belleville of the existence of this committee.

We have been functioning for a year to date and in this time have studied several bus routes, endorsed the partial rerouting of one route and handled one minor complaint.

We earnestly request that anyone having a constructive criticism or complaint on the transportation routes or schedules in town, communicate with us.

BECK'S COLUMN

by MAX BECK

Here are a few pointers, if you intend to buy a stereo phonograph for Christmas.

Do not buy a set with an LP (long playing) sapphire stylus. This would be a sure indication that it is "cheap." Any phonograph has to have a diamond LP stylus. If the unit has 2 stylus (needles) there is hardly an objection if the second stylus for 78 revolution records is a sapphire. In the first place most of these old records are beaten up pretty badly by steel needles, and secondly, they will not be played too much. The tone quality on these old records was not too good to start with, even when they were new. As a matter of fact one reason why the phonograph record made such a phenomenal come back is the far superior tone quality of LP records. Of course, the duration of the playing time is much longer than on the old records.

So make sure the set has a diamond stylus for LP records. If you want real stereo, the speakers have to be either several feet apart or the speakers in the cabinet have to be arranged in such a manner that they radiate from the side and at an angle. If the two speaker systems are too close together, which unfortunately they are in most sets, the stereo effect will suffer.

Don't be confused by claims of a very low needle pressure. A weight of 4 or 5 grams will not do any harm to your records. The writer heard a record on which one portion only has been played with 4 grams pressure 2,000 (that is right, two thousand) times. Then the whole record, unplayed sections and the section that was played 2,000 times, was played before an audience of about 50 store owners who sell records and phonographs. A poll was taken and only 2 members of the audience thought that they seemed to have heard a difference. On questioning they even admitted that they guessed more than that they were sure. So don't be impressed by tone arm weights and tricky demonstrations with wobbling records and similar stunts. They don't mean much. Most important just sit down and listen. Make absolutely sure that you compare different sets, preferably by a switching system that makes it possible to switch instantly from one set to the other. If a record has to be taken off one set and then put on to the other, the time interval is too great to make an intelligent comparison.

DON'T SKID AROUND

It doesn't pay to skid around with sliding hazards on home floors. The Institute for Safety Living warns that slippery spots or objects on kitchen floors and linoleum often go unnoticed at night or on dark days. Family members should be alert to detect spilled water, grease or other liquids, and such objects as fruit and fruit and vegetable peels. They should be removed at once. On wet days, dry shoes before entering the house.

Giorgio Tozzi Scheduled By Unity Concert

Giorgio Tozzi, magnificent bass-baritone of the Metropolitan Opera, will be presented on the Unity Concert Course Sunday afternoon, Dec. 8 at 3:30 in the Montclair High School auditorium.

An artist of great personal warmth and artistic integrity, Tozzi resides in a spacious home in Montclair.

Tozzi is in the forefront of a remarkable new generation of American singers, and in the 7 years since his debut at the Metropolitan he has come to be recognized as one of the leading vocal artists of our time. He has been praised by critics as a magnificent actor, a commanding presence on stage, a superb vocalist and one of today's great singers.

Born in Chicago of Italian parents, Giorgio Tozzi was brought up in a home that rang with music. He studied in Milan for 2 years and made his debut at La Scala in 1954. A year later he returned to the U. S. as a member of the Metropolitan Opera and since then he has been a favorite with critics and audiences not only at the "Met," but at the San Francisco Opera, the Salzburg Festival and in concert halls across America. He has appeared on television, notably in the NBC TV Opera production of "Boris Godunov," and has made a number of recordings for RCA Victor.

His program will include arias by Mozart, Verdi, and the great hallucination scene from "Boris Godunov."

Other events on the Unity Concert series are: Isaac Stern, viol-

linist, Jan. 10; New York Philharmonic, April 10; and Vronsky and Babini, duo - pianists, May 1. For tickets or information phone Miss Barbara Russell, director, Unity Institute, 67 Church St., Montclair, weekday mornings.

NEW JERSEY**
... was the birthplace of "Telstar"

New Jersey has the largest concentration of electronic research and manufacturing facilities in a square mile of any area in the world. It is appropriate that our state is called the "Cradle of Electronics." Beginning with Thomas A. Edison and his invention of the electric light bulb, New Jersey has been the home of many "firsts" in electric circuitry, providing the basis for the development in radio, television, telephone, telegraph, phonograph, computers and space age hardware. Now we can add Telstar, developed by Bell Telephone Laboratories in Murray Hill, to provide a dramatic communications link with the world.

There are approximately 600 firms in New Jersey engaged in electronics manufacture. It is an industry that will continue to grow in our state because the ingredients necessary to succeed are here in abundance.

Holiday 'Before Thoughts'

For easy entertaining, give some 'before thoughts' to your holiday table setting needs. If you have an extra - large or special tablecloth for the occasion, does it need laundering? Do you need to polish silverware or wash seldom-used dishes or stemware? What will you use for a centerpiece? Do you need extra serving dishes, a turkey-size platter, or perhaps carving equipment?

Guild Will Present Show At Rosary Christmas Social

Members of St. Mary's Theatre Guild, Nutley, are currently in the midst of workshop activities and rehearsals for a Christmas show to be presented Monday evening, December 9 at the annual holiday social of St. Mary's Rosary Society.

A 40-minute one-act, five-scene "flashback" scenario is being developed under the guidance of three directors and a technical manager, Edward Smith, musical director, has been rehearsing a choral group of 50 mixed voices plus several caroling ensembles for the presentation; Ray Cannon, choreographer, is teaching dance routines for solo and group specialties, and William J. Reeves, Guild president, is directing the speaking parts and production end of the show.

Joseph Lazar, the Guild's technical manager, and Harold McCallum, stage manager, are in charge of set construction, lighting and sound. Costuming, make-up, scenery design and property management are under the combined leadership of Peg Murray, Bern Lichenberg, Alice Burke, Beatrice Gaydos and Doris Reeves.

Jancovius To Conduct Orpheus Club Concert

The Orpheus Club will present its 76th annual concert at East Orange High School Auditorium, Walnut Street, north of Main Street, East Orange, Saturday, December 7, at 8:30 p.m.

Tenor soloist for the evening will be Fred Ransom, well known for his appearances with the New Jersey Symphony at concerts, oratorio and operas. William Jancovius of Nutley, the conductor, has a state-wide reputation for conducting choral and church groups. He will be assisted at the piano by Robert Pagano.

The Orpheus was organized 76 years ago by a group of business and laymen in the downtown section of Newark, and today maintains over 100 members.

The Choral Group will sing Christmas Hymns and carols together with other well known choral numbers.

PERSONAL AND SOCIAL HIGHLIGHTS OF THE WEEK

Neighborhood News

Having a party? Celebrating a birthday or an anniversary? Expecting guests? Just return from a trip? Give one of our Neighborhood News correspondents listed above a ring and she will be happy to report the news in a future column.

The Times' News' newest feature is designed to furnish its readers with interesting items about their neighbors, friends and acquaintances. Keep them "in the know" as to what you and your young people are doing through Neighborhood News.

Seventeen guests helped Vilva Alconzo of 11 Federal Street celebrate his 17th birthday on November 17. A party complete with birthday cake, refreshments and dancing was enjoyed by his friends, Eugene Sentele, Mary Ann Nucci, Otto De Franza, Ann Morgan and Linda Lenihan of Belleville, Billy Cavallini, Billy Czieslarsky, Elaine Benucci, Barbara Campbell, Donna Simons, Kenny Los, Larry Freda, Vic Rosomiglia, Anthony Nardello, Lorraine Agusto, Marcagliano, attended from the Newark area.

Mrs. William Dacey of 397 Union Avenue, accompanied by her sister-in-law, Mrs. Howard Cullen, has returned from a cruise to Mexico. The voyage on the S.S. Statendam included stops at Montego Bay, Curacao, Nassau and Paradise Beach.

MARRIED 17 YEARS. Anthony De George, Jr., 13, decided to surprise his parents, Mr. and Mrs. Anthony De George of 242 Washington Avenue, by calling in to the Neighborhood News column and giving information regarding their 17th wedding anniversary. They celebrated in New York on November 24 with dinner and a show. Aren't children thoughtful at times?

Friends and co-workers from American Tag Company are rooting for Mrs. Thomas Pallante of 350 Union Avenue, who is home recuperating after an operation. Hurry and get well, Carmel.

A family party was held on Sunday to celebrate the birthday of John A. Grande of 87 Charles Street. Guests included Mr. and Mrs. Harry J. Bennett of Mickleton, and Mr. and Mrs. A. Lambert.

Mrs. Kathryn Takash of 285 Ralph Street entertained her sister, Mrs. Minnie Stuber of Ledgerwood, for the weekend.

Mrs. Ida Bennett of 285 Ralph Street is busy making calls this week for her friends at Carbone's Inc. in Harrison. Seems as though

some hunting enthusiasts caught a few pheasants and put her to work.

Mr. and Mrs. Henry Creditor of 25 Wilber Street celebrated their 20th wedding anniversary on November 23, at the home of Mr. and Mrs. Patrick Pontrella, Branch Brook Drive neighbors. They will be leaving Belleville soon for their new home in Lakewood. Among those bidding them a fond farewell were Mr. and Mrs. Paul Jacobs, Mr. and Mrs. Robert Hight, Mr. and Mrs. Harry Merrick, Mr. and Mrs. Bernard Berger, Mr. and Mrs. Kenneth E. Murray. The groom presented them with a gift for their new home.

NEIGHBORS SAY GOODBYE. They will be leaving Belleville soon for their new home in Lakewood. Among those bidding them a fond farewell were Mr. and Mrs. Paul Jacobs, Mr. and Mrs. Robert Hight, Mr. and Mrs. Harry Merrick, Mr. and Mrs. Bernard Berger, Mr. and Mrs. Kenneth E. Murray. The groom presented them with a gift for their new home.

Mr. and Mrs. Paul Jacobs of 347 Branch Brook Drive are expecting a first visit from the baby in June. Mr. Jacobs is with Public Service.

Mr. and Mrs. Joseph Janice and two daughters of 368 Washington Avenue spent Thanksgiving Day with Mrs. Janice's sister and brother-in-law Dr. and Mrs. Stanley F. Obal of Ramapo Valley Road, Oakland.

Mr. and Mrs. Herman "Ed" Chel of 101 Continental Avenue, Mr. and Mrs. Peter Fitzpatrick, 57 Smith Street, and Mr. and Mrs. Stanley Akus, 20 Rossmore Place spent the November 15-16th weekend in Boston, Mass. They journeyed there to attend the Supreme Anchor Club Convention. Mr. Chel, president of the Public Service Anchor Club, was an official delegate. The Belleville couples stayed at the Statler-Hilton Hotel and visited many nearby historic places.

Mr. and Mrs. Dale Morris of 98 Branch Brook Drive and Mr. and Mrs. Al Burnham, 102 Branch Brook Drive, will spend the Thanksgiving weekend at the home of Mrs. Morris' parents, Mr. and Mrs. John M. Mac Kinon of Ventnor.

Mr. and Mrs. Grandison James, Jr. is recuperating at his Delaware Avenue home after a recent illness.

Glad to hear that Joseph Gatt is recuperating at his Delaware Avenue home after a recent illness.

Rabbi Cohen Will Attend Meeting On Racial Injustice

Rabbi Leon Yagor, president of the Essex County Board of Rabbis, has announced that on December 5, the Board of Rabbis will convene a special meeting with prominent laymen of the Jewish community to discuss jointly the struggle for racial justice in the local area. The Essex County Board of Rabbis is composed of Orthodox, Conservative, and Reform Rabbis of the community.

Rabbi Victor Cohen, a member of the Essex County Board, will represent the Conservative movement. He is joined by David Robbins, Jack Orlinsky, Mrs. George Kapnick and Donald Tuchman.

The Essex County Board committed to a religious tradition which recognizes racial injustice at any level, has adopted a code of practices designed to alleviate the many inequalities which presently plague the state of social justice. The purpose of the meeting is to explore means and methods of implementing the code of practices by synagogue and congregational members with a view to eliminating the many disabilities imposed upon the Negro citizen in education, housing, and employment.

Dr. Joachim Prinz, president of the American Jewish Congress, and Rabbi of Temple B'nai Abraham, Newark, will deliver the keynote address. Rabbi Samuel L. Cohen of Temple Beth Shalom, Livingston, chairman of the Social Action Committee, will preside at the meeting.

Homemakers Can Add Sparkle To Holiday Season

Give your bathroom an elegant holiday air, say the Singer sewing experts by having your towels and window shades brightly decorated with amusing Christmas motifs.

Christmas bells, holly leaves, candy canes or decorative candles are all easy to silhouette. Cut the appliques out of washable fabric in colors that lend a pretty contrast to your towels and applique with a zigzag stitch. Add several rows of decorative stitch patterns to design to give your towels a special, custom look. To complete your own scheme, paste one set of appliques on your window shade and cover a waste basket with towel and trim with ball fringe. Antique holly shade pulls will add still another imaginative filigree.

Singer sewing experts have worked out a colorful felt version of the medieval banner for use as a novel Christmas decoration. You can easily make one yourself to hang over the mantel, the front door - or on the wall like a picture.

Just select a favored Yuletide design, such as a pair of angels, a jolly Santa, a scroll of medieval music that features antique shaped musical notes on a white ground or a Christmas wreath. Make paper patterns of the component parts and trace these on gaily colored felt.

Sisters In Virgin Islands

SMILING SHAUGHNESSYS: Sisters Marion, left, and Dorothy, daughters of Mr. and Mrs. Thomas Shaughnessy of 120 Rutgers Street, Belleville, enjoy a shore trip in St. Thomas, Virgin Islands during their recent nine-day cruise to the West Indies aboard Swedish American Line's cruise liner Grisholm. Visits were also made in San Juan, Puerto Rico and St. Croix, Virgin Islands. The Misses Shaughnessy are employed by N. J. Belleville Telephone Co., Marion in the Elizabeth office and Dorothy in Newark.

St. Lucy Sodality Hears Father Hendry

The Rev. Owen Hendry of Our Lady of Mt. Carmel Church, Jersey City, was guest speaker at a meeting of the St. Lucy Sodality of Holy Family Church, Nutley, on Wednesday evening, November 24.

Court Gratia Plans Luncheon, Christmas Fair

Committee members under Mrs. John De Kenip, chairman, and Mrs. Joseph Gallagher, co-chairman, have been busy the past few months preparing for the Christmas Fair of Court Gratia, a Catholic organization in America, Nutley. The Fair will be held at the Knights of Columbus Hall, Nutley, on Monday, December 2.

Mrs. Robert Anderson and Mrs. Albert J. Inde will be in charge of the luncheon to be served on that day. Following luncheon there will be a sale of new and many handmade, articles, suitable for Christmas gifts.

Mrs. Fred J. Scott Jr., Grand Regent of Court Gratia, is honorary chairman of the luncheon and the sale. Members of the committee and their tables are: Mrs. John Mull, baby gifts; Mrs. Malcolm Condon and Mrs. Roger O'Connor, candles; Mrs. Joseph Butman and Mrs. Chester Murphy, ceramics; Mrs. Joseph Gallagher and Mrs. Joseph Kane, food; and Mrs. John E. Clayton Jr., hand knits.

Synchronized Swimming Group Seeks Members

Miss Dorothy Ulrich of Union, has become the coach of the Montclair YMCA synchronized swimming club for women. The aquatic staff of the Westfield YMCA is also an accomplished member of the Westfield Dolphin synchronized swimmers.

The Montclair "Y's" Ripples, organized a year ago, have grown rapidly from a group of six, to a group of 24 women. They would like a maximum of 30 members. Plans are being made now for an aquatic show, which they will produce in the spring at the "Y" pool. The club also does occasional demonstrations for groups in the vicinity.

Weekly practice sessions are held at the Park Street Branch YMCA Thursday afternoons from 1:30 until 3:00 p.m. Any women interested in synchronized swimming should contact the YMCA Women's Division for further information.

Rosarians Gather Gifts For Mt. Carmel Guild

St. Peter's Rosary Confraternity will meet Monday evening, December 2, at 8:30 o'clock in the school cafeteria. Members are asked to bring an unwrapped gift for the Mt. Carmel Guild gift project. Gifts should be for older women or boys or girls.

Mrs. Michael Dacey will be the hostess, assisted by Mrs. Joseph Reilly, Mrs. Walter Garvey, Mrs. Peter Fitzpatrick and Mrs. Robert Conway.

Religious Theme Will Highlight Art Exhibit Sponsored By Woman's Club

The December art exhibit of the Woman's Club of Belleville will be devoted to religious subjects and will feature the work of Miss Shirley Saunders of East Orange, in addition to that of seven local artists.

The exhibit, open to the public, will be held Sunday, December 8, from 8 to 5 p.m. at the clubhouse, 51 Rossmore Place.

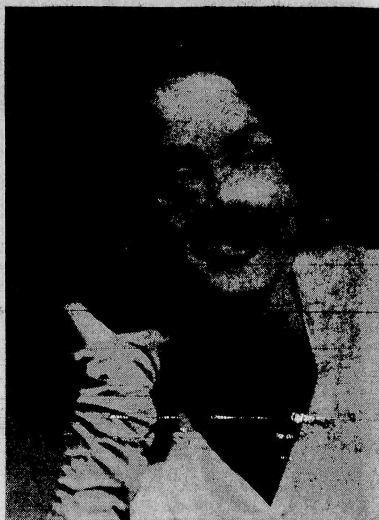

Mrs. Lorena Clark and Mrs. Jack S. Cross are co-chairmen of the exhibit, a joint function which brings to a fitting fruition a teacher-pupil relationship of several years' standing. Mrs. Clark, who is drama chairman of the local club as well as of the 8th District of the State Federation of Women's Clubs, is devoting a great deal of her time to acting and the coaching of other players. She is a well known artist and teaches art classes at the Belleville Adult School.

Mrs. Cross has been one of Mrs. Clark's most noted pupils. Both will show samples of their art work at the exhibit.

Other local talents to be included in the show are Mrs. Floyd M. Haring, Mrs. H. Irving Russell, Mrs. Maurice Welsh, Mrs. Arthur G. White and Mrs. John de Groat.

Miss Saunders, the young East Orange artist for whom the local exhibit is the first public showing of her work, is attempting to record an intense religious experience in her painting, a feat even more interesting because he has sought inspiration in other forms of art.

She won an Elizabeth Howell Scholarship for the Pratt Institute of New York while only 15 and a pupil at Lincoln High School, Jersey City. After graduation she

MISS SHIRLEY SAUNDERS

gave up art for a theatrical and singing career. She appeared on the Clifton Fadiman and Ed Sullivan shows on TV and did nightclub work until a severe illness while she was on tour prevented the turning point for her. Subsequently she attended the Newark Bible School, taught Sunday school for several years, and is an active member of the choir of Peddie Memorial First Baptist Church of Newark. While an employee of the R.C.A. Harrison, she still finds time to improve her painting technique by studying at the Newark Fine Arts School.

New Guest Linens For The Holidays

Attractive, well chosen guest linens extend a special greeting to your holiday guests. If a glance at your linen closet, reveals a shortage of guest towels, blankets or spreads, some especially colorful and practical new versions are available now.

For the home or apartment with limited storage space for blankets and spreads, you may want to consider an attractive new all-cotton cellular bedspread-blanket. Made with a fringed edge, this spread-blanket comes in 12 solid contemporary colors.

These lightweight bedspread-blankets combinations can be laundered easy in your washer. They simplify bedmaking, too, as they don't have to be removed at night and replaced with a blanket.

To bedeck the guest bed, you'll also discover some never-before color combinations in sheets and pillow cases. And there are towel that match the bed linens in dashing solid colors, polka dots, and stripes.

You can have your pick of mild or wild colors — even towels with roses strewn on a frosted field in a new soft-as-velvet weave.

Household Hints For Snowy Season

Snow time's a'coming! Perhaps that means extra floor care and rug cleaning to you. If so, you'll welcome some ideas for furnishings' entryways to resist slush and snow.

Snow-laden boots do cause extra soiling, but that's not all. Tracked-in snow and ice also may deposit salt and cinders on your rug or carpet. And your rugs can be badly damaged by these deposits and by the moisture from melting snow.

Furnishing and arranging the entryways of your house or apartment with a few simple "track-stoppers," may be the answer.

An outside door mat placed at each outside entrance is the first suggestion. Choose one that's sufficiently absorbent to soak up the dripping snow and ice from boot soles. And rough enough to remove cinders and dirt from footwear.

If outside door mat isn't resistant to your doorways, place a firm scatter rug on the floor or over the rug just inside the entrance to act as a "landing area. A plastic runner inside the door is another possibility. Plastic will shield the carpet from moisture. But it won't absorb moisture or dirt from boot soles.

An overshoe caddy or a plastic or plastic-lined wax basket, tray or basket is the next suggestion for entrance areas. Place it near the bench or door where drippy boots can be tossed in as they're removed. Then the whole thing can be carried away for storage without a dripping on the carpet.

Belleville Joins Nation In Mourning Death of President

Tragedy on the faces of parishioners at St. Peter's Church reflect the tragedy of the loss of the President.

A prayer is offered in memory of the loss of President Kennedy by members of a congregation in Belleville.

Black draped Town Hall signifies the spirit of mourning that dominated Belleville since the death of President Kennedy Friday afternoon.

The Shame of A Nation

The sudden death of President John F. Kennedy, victim of a sniper's bullet Friday afternoon in Dallas, Texas, brought a wave of shock and shame over Belleville as well as the rest of the nation.

A lady broke into tears in the editorial room of The Belleville Times-News. "I'm ashamed to be an American," she cried as tears fell from her eyes.

Two school girls walking down the street, tears streaming from their faces asked "Is it true? Did someone really shoot the President?"

The immediate shock by the tragic, senseless killing was followed by three days of mourning. Churches were filled as special eulogies to the late President were preached. People spoke on street corners, all ashamed and shocked that such an act could be performed in the United States.

Today the day of Thanksgiving the sense of loss covers the Town as a blanket... as one merchant said: "I never met President Kennedy but I feel like I lost a member of my family." No greater tribute could be spoken for any man.

Key Injuries Revamp Belleville's Offense

Scanning the SPORTS SCENE

ROZELLE MAKES SENSE: National Football League Commissioner Pete Rozelle stuck to his guns despite a wave of national criticism and the National Football League played its scheduled games Sunday. We can only applaud him on his decision.

The Commissioner said he believed it was not disrespectful to play the games despite the fact that the nation was mourning the loss of President Kennedy, who had been slain Friday by an assassin in Dallas.

We believe the President, who was an avid football fan, would have agreed with the Commissioner's decision.

Those who saw combat know that there are many ways for a man to pay respect to someone who has been killed. Sometimes a tear in a man's eye, a quick crossing of himself and a sudden quietness can show more respect for a fallen comrade than all the pomp and ceremony ever paraded before citizens in the World of Caesar.

It is certain that Rozelle, the players and the fans who packed the stadiums across the country all felt the sudden shock and loss which swept over the nation when the word was flashed that the President had been shot and killed. However, they had a job to do and they did it. We believe the President would have wanted it that way.

THREE-WAY TIE IN EASTERN DIVISION

The upstart St. Louis Cardinals provided the big excitement of the day's action by moving into a three-way tie for first place in the league's Eastern Division. All the tied-up Cardinals did was hand the New York Giants and quarterback Y. A. Little a 24-17 beating. At the same time the Cleveland Browns, who have been playing of late as though their minds were on investments instead of football, managed to whip the Dallas Cowboys, 27-17, to move into a three-way tie for the division's lead.

However the tie will be shortlived as the Browns and the Cardinals meet next Sunday at St. Louis while the Giants invade Dallas.

BEARS RETAIN EDGE IN WEST

The Chicago Bears, who have been playing all season as though they were the next champions, ran into a rugged Pittsburgh squad and managed to retain their division lead by walking off the field with a 17-1 tie on the strength of Roger LeClerc's 18-yard field goal late in the fourth quarter.

Run-ner-up and defending champions Green Bay kept the pressure on the Bears by rolling over San Francisco, 28-10. Green Bay will get a chance to at least tie for the lead today when it meets Detroit in a Thanksgiving Day special at Detroit: The Bears host Minnesota on Sunday.

In other league games Sunday, Los Angeles shocked the Baltimore Colts, 17-16, when the Colts' last minute rally fell short as Jim Martin, who had kicked three field goals, attempted one of 62-yards and it fell far short.

The Washington Redskins whipped the disorganized Philadelphia Eagles, 13-10 and Minnesota nipped Detroit, 34-31.

The Eagles which have been divided by personality clashes all season long, may have left a part of their game at the Saturday night pre-game meeting.

Two of the team's members defensive halfback Ben Scotti and tackle John Mellikas clashed after a verbal argument believed to have been sparked by comment on the slaying of President Kennedy, and both ended up in the hospital. Scotti reportedly received a broken hand and Mellikas is said to have received severe face cuts.

OFF-FLOOR CHORES
Many women habitually stage a balancing act in the home that would scare a circus performer right off his trapeze. The Institute for Saving Living states that no amount of caution will enable you to safely use a stool, rickety chair, wooden crate, or a stack of books as substitutes for an approved step ladder. Off-the-floor chores are both easier and safer to perform with sensible climbing equipment.

HILLTOP RIVIERA OIL CO. INC. PLYMOUTH 9-1907

Most likely anything can happen and it probably will when Belleville High's football team plays host to Orange in the wrap-up Thanksgiving Day special at Municipal Stadium.

With the country in a state of mourning, no one will feel like cheering. It'll be an even sadder occasion for a couple of senior fullbacks.

John Senesky and Louis DiBella, a couple of heartbroken players, will have to sit this one out after finding they both suffered fractured ankles last week.

"We found out Saturday night that Senesky and DiBella will not be available for Thursday's game," coach Tom Testa disclosed Monday.

This comes as a severe blow to the Bellboys' patchy defense unit. All season long the running game has been Coach Testa's means of moving the ball. The overland route has been quite successful of late as the Bellboys record shows, four wins and a tie in their last five outings.

The question now is who will replace the injury-riddled fullbacks.

"I'll go along with Joe LaFalce. He's a steady performer and has been an able replacement these last few weeks," Testa said.

This leaves a heavier burden for the defense-minded Bellboys. Currently, 5-2-1, Testa's outfit meets a respected foe in Orange. We viewed last year's game between the two as a tie, but pressed with their defense, Testa went on.

Defense was the story when Orange flew the whitewash buckles on Nutley three times. Incidentally, it was the only time in the season that Nutley was shut out.

Offensively, Orange has a couple of capable performers in quarterback Buster Jones and hard-driving fullback Bob Armstrong. Jones likes to rollout a lot. His deceptive speed has changed many opponents' defenses. Then there's Armstrong, who runs like a runaway bull.

Testa's Bellboys have been especially strong through the middle of their defensive alignment. Such stalwarts as Pete Strumilo, Silo Sica, Lenny Longo and Joe Goglia have performed diligently this fall.

Orange comes into the finale with a 4-4 record. It's unquestionable that they'll be trying to come out above the 500 mark. Belleville knows what it's up against. Fifteen seniors will be wearing their last Bellboy jerseys.

Gets Promotion To Staff Sergeant

Paul Schott of Lake Ariel, Pa., has been promoted to staff sergeant in the United States Air Force.

Sergeant Schott is an airborne electronic equipment repairman in the 28th Armament and Electronics Maintenance Squadron here.

The sergeant is the son of Mr. and Mrs. John Schott Sr. of Lake Ariel, and is a graduate of Waymart (Pa.) High School.

His wife, Eugenia, is the daughter of Mr. and Mrs. Henry J. Schuren of 23 Princeton Street, Nutley.

JOHN N. HOOPER—Upsala Coach

Upsala College Coach Will Speak at Annual Grid Fete

John N. Hooper, head football coach of Upsala College, East Orange, N.J., will be this year's speaker at the annual Belleville High School Football Banquet.

Hooper, who has coached Upsala's football teams during the years of 1933 to 1955, has had a record of 230 wins and 103 losses in his seven years of coaching.

When he left the Upsala coaching post, he said his action was directed by a desire to "be free to explore other coaching opportunities." And the next three years saw him do just that, in addition to writing articles on the sport, the latter being a manual on scouting.

In 1953 Hooper directed the Wayne High School football team and the next year he became an assistant to Al Kelley at Colgate. John left that job in 1960 to coach at West Orange High. He gave up that task after one season, but remained on the faculty as a science teacher. In addition to being football coach at Upsala, Hooper also will be health education teacher.

In his two high school coaching jobs, Hooper did not approach the success of his five seasons at Upsala, where his teams won 34 games, lost 25 and tied one. This was done with squads that sometimes were not big enough to provide two full teams for a scrimmage.

His last team was the 1955 combine which won seven of nine games, lost one and tied one. The tie was with Moravian and the defeat came in the season finale, a 32-0 setback by Tufts. Victories that year were posted over Norwich, St. Lawrence, Bridgeport, Scranton, Hofstra, Kings Point, and Utica.

This past season, although not his best, has been a pleasant one. His team has not only had its first winning season since 1955

Sophomore Bellboys Gain Revenge, Blank Irvington

BY STEVE CHAREN

The Bellboy sophomore grid-ders overpowered Irvington 19-0 in what could be called a grudge battle. Last year's Belleville freshmen team won the league championship with a 4-1 record. The lone loss was to Irvington 12-0. Naturally this year's sophomore's is just about the same team as last year's freshmen team. A week ago, the Bellboys gained revenge.

Recover Fumble

Irvington won the toss and elected to receive. A strong Bellboy defense held, and Irvington was forced a punt. On Belleville's first play from scrimmage, Charlie Reed went around end for 50 yards to paydirt. The touchdown was called back due to a penalty. Two plays later, Irvington intercepted on their own five. The charging Belleville line caused a fumble and recovered as the first quarter ended. On fourth down Belleville scored. Jim Corino scored on a quarterback sneak from the two. A run for the point failed.

After the kick-off, the Belleville defense held again. Irvington punted out to mid-field where Ken Nakashien ran it back all the way to the nine yard line. Two plays later Belleville fumbled on the three and Irvington recovered on a disputed call. Again the Belleville defense held. Irvington was forced to punt.

Charlie Reed took the kick and raced 80 yards to paydirt. The touchdown was called back on another disputed call. The Irvington defense held, and Belleville gave up the ball on downs, when a fourth down pass was dropped. Irvington lost the ball on downs as the half ended. The Bellboys leading 6-0.

Nakashien Scores

Irvington kicked off to start the second half. Charlie Reed ran the kick back to Belleville's 30. He almost went all the way but the last man caught him. With a desperation tackle after a first down, halfback Ken Nakashien went up the middle and raced 60 yards to paydirt. A run for the extra point was stopped. Irvington returned the kick-off to the 25. After first down, Irvington gave up the ball on downs. After two first downs, Belleville fumbled on the Irvington 20 with Irvington recovering. A penalty nullified an Irvington first down. They were forced to punt.

Belleville got the ball on the Irvington 40 yard line. After a 10 yard loss on a pass attempt, plus a penalty, Reed went around end for 35 yards and a first down on the 20. Nakashien then zig-zagged up the middle for a touchdown. Fullback Vasques went over for the extra point making the score 19-0 with a minute left.

An Irvington pass was intercepted by Belleville on their own 40. The game ended with the Bellboys on the move.

The Bellboy defense deserves a lot of credit for holding Irvington to one first down. Russ Mattson did an excellent job at middle guard switching over from end due to injuries.

Congratulations to Coach John Jacone and his team.

Bowhunters' Deer Season to Reopen

TRENTON — Acting Governor William E. O'Zard announced that New Jersey bow hunters will regain the hunting days they lost when the woods and fields were closed because of the fire hazard in late October. This follows a Fish and Game Council recommendation approved by Robert A. Roe, Commissioner of the New Jersey Department of Conservation and Economic Development.

The Fish and Game Council of the Department of Conservation and Economic Development acted November 19 to re-open the Bow and Arrow deer and bear season from December 16 through December 28. The extension will provide 10 hunting days, the same number lost due to the fire ban.

The Council chose 10 days immediately following the Firearm Deer Season in the belief that there would be less conflict with small game hunting than would result from an extension during the first month of upland hunting. The U. S. Fish and Wildlife Service had earlier granted a one-week extension of the woodcock season from December 10 to December 17.

season throughout. New Jersey bucks and 18 does, Sussex, 15 bucks and 20 does, Monmouth, 8 bucks and 12 does, Cumberland, 11 bucks and 6 does, Middlesex, 7 bucks and 4 does, Salem, 5 bucks and 5 does, Camden, 3 bucks and 6 does, Cape May, 4 bucks and 4 does, Passaic, 3 bucks and 2 does, Gloucester, 1 buck and 2 does, and Essex, 1 buck.

More deer were shot this fall than in the entire 1962 Bow Season in five counties, Burlington, Camden, Cumberland, Ocean and Salem. In Cape May an equal number were bagged, and Atlantic and Monmouth fell just short of the 1962 total.

Fish and Game Director Lester G. MacNamara concluded, "The fine harvest achieved by the bow and arrow hunters is a good indication that deer are abundant. Archers who take advantage of the extension and fire-bucks and 39 does, Warren, 41 bucks and 39 does, Somerset, 46 bucks and 25 does, Mercer, 31 bucks and 33 does, Atlantic, 32 bucks and 29 does, Ocean, 28

BHS Pupils Jurors in Rutgers Court

A dozen Belleville High School students Monday will serve as jurors in a Rutgers School of Law moot court trial at the State University law school here. Other Belleville High students will be in the court audience.

The trial will take place in a simulated courtroom with a judge's bench, a witness chair and jury box like those in an actual court. A practicing attorney will act as the judge.

The trial presentation by Rutgers law seniors provides them with practice in planning and conducting a case in court. It follows systematic study of evidence gathering, jury selection, direct and cross examination and trial strategy, among other subjects. Participation by high school students enables them to see a court case and have an opportunity to secure better understanding of the jury process.

Presbyterian Synod Establishes Commission on Religion, Race

The Synod of New Jersey has established a state-wide commission on Religion and Race. The Synod, composed of over 400 Presbyterian churches in the state, voted to make the interracial group an independent arm of Synod, with the mandate to "be responsible for involving the witness of the Presbyterian Church in the Synod of New Jersey in a visible and continuing relationship in the area of race and religion through the existing structure of the Synod and to bring the reconciling work of the church to bear in the present crisis of race in our state."

Chaired by Elder John R. Yost, chemical engineer at Squibb and Co., the Commission is made up of 16 ministers and laymen from over the state. The vice-chairman is the Rev. Joseph L. Roberts, pastor of the Elmwood

Named Instructor In Firearms Safety

John Augustine Smith of 189 Walnut Street, Nutley, has been appointed a Home Firearms Safety instructor. It was announced by the National Rifle Association, sponsor of a new course designed to help reduce shooting accidents in the home.

The NRA course promotes safety among those who normally do not use firearms for recreation but have them in their home. It emphasizes the recognition of unsafe practices and conditions and points out how to correct them.

Mr. Smith was awarded an NRA instructor's certificate following successful completion of a written examination. He is now qualified to conduct the course locally. It runs about four hours and requires no shooting range since actual firing is not included. The NRA's 13-year-old Hunter Safety Course, which has been instrumental in helping to reduce accidents in the field. Nearly two-million students have completed this course; in this time, the total number of hunting accidents has declined, while the number of hunters has increased.

For further information concerning either course, contact Program Division, National Rifle Association, 1600 Rhode Island Avenue, N. W., Washington, D.C. Founded in 1871, the NRA is a non-profit organization supported entirely by individual and club membership fees.

Four Belleville residents were honored for their service to Clara Mass Memorial Hospital recently at the Hotel Essex House. A. H. Oberg, executive director, presented a 5-year service award to Mrs. Edna Malley of 15 Smallwood Avenue, a 10-year award to Miss Evelyn Hamilton, Director of Nursing Education, and a 5-year award to John Fitzgerald of 263 Little Street. Mrs. Sarah Haines of 36 Newark Avenue who also received a 5-year award was not present when the picture was taken. 134 employees totaling 289 years of service to the hospital were on hand to receive recognition and to take part in the ceremonies.

**Experience To Be Keynote
Of Career Guidance Night**

Against a background of overburdened teachers, automation, the need for high schoolers to select a career family, and school drop-outs, a local Nutley group is planning a new, roots approach to help its own. The men of the Holy Name Society of Holy Family Church are planning a Career Guidance Night in conjunction with the high school members of the parish CCD and CVO groups.

There was quite a shake-up in the Suburban Women's Bowling League last Thursday evening as the top two teams absorbed defeats.

Brookdale Beverage swept three games from Pete and Nick's, currently in second place while last-place Statmore's knocked off the league-leaders Le Fior Beauty Shop for two wins.

Elaine Savino paced her Menck's Market teammates to a sweep over Mazza's with scores of 179, 192 and 210. Martha Laird, also of Menck's rolled a 207. Betty Ross Beauty bested the Prudential for a pair, and moved into a three-way tie for fifth place.

In other matches, the Jetettes won the old game from La Monica's; Brook Gift bested Kavanaghs and Garlock Liquors outlasted Costa's Delicatessen.

Serving in Viet Nam

First Lieutenant Henry S. Woodruff III of Nutley is now on duty with a United States Air Force advisory unit assisting the armed forces of Viet Nam in their fight against Communist aggression.

Lieutenant Woodruff, a pilot, and other USAF personnel train and assist Vietnamese Air Force personnel in mastering various technical specialties necessary for maintaining modern military units.

Paid Fire Chiefs Rap Mutual Aid as Unfair

At the last meeting of the New Jersey Paid Fire Chiefs' Organization, after a discussion on the subject of man-power shortages throughout New Jersey, the paid chiefs of New Jersey unanimously agreed that a dangerous situation is developing in almost all paid Fire Departments, especially where a 42-hour work week has been adopted. Mutual aid in the Fire Service is a term born of necessity, and it goes back about two hundred years. It could be impractical from many angles for any fire department to be geared on a day-to-day basis, for the conflagration that occurs at infrequent periods during a given year. Thus, mutual assistance among fire departments of adjoining communities came into being. Such aid consisted of men apparatus and equipment, and the agreement was legal and reciprocal.

Where participating departments were of similar size and makeup, the plan worked best as the pact operated to the mutual advantage of the participants. In many instances however, where cities adjoined several smaller communities, the city was at a certain disadvantage in that it was self-sustaining to a much greater degree and rarely if ever, found it necessary to request assistance from its smaller neighbors. However, this variation of mutual aid continued without question or interruption.

In several municipalities throughout the country, rising operational costs, accelerated by spiraling national economy, reveals a trend in drastic reductions in operating budgets of their fire departments. Such curtailment extended into every facet of operation. Unfortunately, the thought of mutual aid becomes stretched beyond reality with fire departments antcipating that assistance from an adjoining department will be available in greater frequency because of certain budgetary limitations in their own departments. The city administrators who deliberately eliminate man power, new apparatus and equipment on the premise that this void will be filled by calling outside assistance, places the lives and property of the community in serious peril.

Where a city is involved in mutual aid, the matter becomes of more serious concern particularly to the taxpayers who find that the assistance rendered to the smaller neighbors has, in a year, doubled in volume or trim-

pled, with little or no recourse towards mutuality. This is an unfair aspect, and fire chiefs of smaller towns are apprehensive to request assistance, having a knowledge of the subterfuge perpetrated under the guise of economy of operations.

The fire chief of the larger city, while he is aware of the drain on his department, has been reluctant to take any positive action to correct this unfair condition which is costly to the taxpayer of his municipality, who is already burdened with cost of necessary services of his own community.

The solution of the problem is relatively simple. Fire departments must be given a businesslike operating budget. For any community to deliberately rely on the generosity of its neighbors to provide fire service in greater volume because of its limited-by-design budget is inviting a condition of chaos and disaster. The tax paying public of any municipality, while insisting on full measure for their tax dollar, should rigidly scrutinize a proposed budget to ascertain if a tax reduction includes a reduction of emergency services in their community.

For expert advice on fine watches
come to *Corbo Jewelers*

Ask about our **TRADE-IN
POLICY . . . Your Old Watch
is Valuable!**

*Choose an Omega and you may never
need another watch
for the rest of your life!*

GRAVITY-POWERED
AUTOMATIC MOVEMENT

In the 115 years that Omega has been making fine watches, many thousands of proud owners have attested to the fact that even after decades of use, their Omegas still tell time faithfully. Unlike ordinary watches, every Omega is crafted of the finest materials with meticulous care, for a lifetime of proud possession.

From the designer's sketches and production blueprints to the final assembly, an Omega undergoes exactly 1497 separate inspections. One out of every four Omega employees is a quality-control supervisor. It takes four times longer to make an Omega than an ordinary watch. Omega precision is so great that it has won important accuracy awards at leading observatories and has been chosen to time many Olympic Games, where a difference of 1/10th of a second can mean a new world record.

You get maximum dependability and accuracy in every Omega. The balance wheel oscillates 1000 to 3000 times more per hour than ordinary watches. This is similar to automobile horse-power. A 300-horse-power engine

cruises easily at 60 miles an hour. The same speed in a 150-horse-power engine can be a strain. The faster beat of the Omega movement counteracts the stress and pull of forceful wrist motions and jars and jolts which often affect the performance of the average watch.

Many Omega watches have self-winding movements, completely eliminating the daily nuisance of hand winding. While you wear it, the Omega automatic stores up its own winding power, thanks to the ingenious, gravity-powered 360° rotor which turns to and fro with everyday natural wrist motions . . . keeping the movement always at peak tension for greater accuracy. Just set it and forget it.

With an Omega date-telling calendar watch, you have the convenience of seeing the exact date as well as the exact second . . . in one glance. Every midnight, automatically, the next date-numeral moves into place. Only 3 times per year (in the months with less than 31 days) need you re-set the date manually. An Omega calendar-dial watch is a businessman's "must."

WHY WE RECOMMEND OMEGA

Our expert watchmakers, who know the "inside" facts about thousands of timepieces, have the highest respect for Omega craftsmanship. Every Omega also carries a double guarantee . . . the factory guarantee and our store guarantee.

Get these traditional Bayberry-scented Candles—free—just for joining our Christmas Club now.

Two beautiful Bayberry-scented Candles for everyone
who joins the Bank of Nutley 1964 Christmas Club Now!

Yes, we'd like to give you both of these lovely Bayberry-scented Candles just for joining Bank of Nutley's Christmas Club now. Bayberry candles, as you know, are as traditional at Christmas as a tree. They add the crowning touch to many holiday settings.

Here's all you do to get them.

Today, tomorrow, or just as soon as you can, stop in at any

Bank of Nutley office and say, "I'd like to join your Christmas Club now." That's all there is to it. Before you leave the Bank you'll receive your pair of Bayberry-scented Christmas candles, handsomely boxed, as our gift to you for joining.

But don't put it off because our supply of these candles is bound to run out. Come in today if you can, and enjoy this Christmas even more knowing that you've started to save for next year.
