### Thieves Take \$72, Pin Attendant Down With Automobile Lift

Sadistic thieves robbed a service station attendant of \$72 Tuesday night, burned his hair with matches, and left him pinned down by the car lift as they escaped.

The attendant, Joseph Drum, 25, of Newark, told police that he was alone in Barney's Esso Station at 61 Washington Avenue, Belleville, at about 9:30 p.m. when a youth walked in with a ski mask on his face and asked if he was closed. He said he was and the youth slugged him, knocked him down, and threw a jacket over his head. The youth was joined by three other persons, Drum said.

The thieves took \$72 in station receipts from Drum's shirt pocket and \$7 from his wallet.

He told police he heard one of the thugs say, "Let's go to work on this guy." He said another replied, "Let's get out of here." However, the first thief pulled the jacket off of Drum's head and began burning the hair with matches.

Police said the thieves attempted to tie Drum with his belt, but the belt broke. Then they carried Drum into the lube room and laid him on the ground, letting the lift come down on top of him so that he could not get up after they left.

Deputy Chief Donald Smith said the thieves must have been familiar with garage operations, "because most people would not be able to operate the lift."

"It was lucky they let the lift down on the soft part of his stomach," said the Chief. "If it had come down on his chest he would have been crushed."

Chief Smith said Patrolman Harry Lanno was checking doors at about 9:45 p.m. and heard Drum's calls for help. Looking through a window he saw Drum pinned under the lift and thought there had been an accident. He reported to headquarters and an ambulance and additional police were sent to the station. By the time they arrived, Officer Lanno had kicked in the front door and freed Drum from under the lift.

Drum was taken to Clara Maass Memorial Hospital, where authorities said he is "resting and is still a little uncomfortable."

### Thieves Get \$2,000 in Rent Receipts

Two handbills stole \$2,000 in cash and checks Tuesday afternoon in an apartment house assault and theft.

George Paine, superintendent of the apartments at 31 Brighton Avenue, Belleville, told police that he was visited in his apartment by a young man, about 12:30 p.m., who asked if there was an apartment for rent. He said that an apartment was available and the man told Paine that he would return with his wife.

Paine said the man, 6 foot tall and about 210 pounds, returned about 1:10. When Paine opened the door the man hit him with a karate blow and knocked him down. A second man, also 6 feet tall and weighing about 230 pounds then entered the apartment.

Police said they told Paine: "OK where is it? (The rent receipts) If you don't tell us we'll kill you."

Paine said he told them the money was in a metal box in the kitchen. The men took the money and left.

Paine said the first man took Paine's belt off and tied together his feet. The man ripped a piece of television cable off the TV set and used it to tie Paine's hands.

### Auto Mishap Hurts Girl, 6

A six-year-old girl is in critical condition at Clara Maass Memorial Hospital after a freak automobile accident Monday afternoon.

Police said Kathy Parcella, 6, of 88 Mt. Prospect Avenue, and a brother, 8, were playing in the driveway at 105 New Street, when she was injured by an auto being backed down the driveway by Domenic Avallone.

Avallone told police he had taken the car from the garage and was backing down the driveway. He said he always backs slowly and blows his horn.

He said he suddenly heard a boy holler "Stop, Stop. My sister, My sister." He said he stopped the car to tell the boy to get out of the way.

A neighbor heard a scream and ran out of her house. She told Avallone not to move his car because there was a little girl under it. Avallone got out of the car and the woman picked up the girl.

He told police he didn't feel any bump. Doctors said they were sure that the car did not roll over the girl's head because it would have been crushed. Police believe the girl's head was squeezed between the auto's rear wheel and an 8-inch curb.

### Town Presented 'One Nation Under God' Banner

ONE NATION — Grand Knight Daniel J. Serpentelli of the Knights of Columbus, Belleville Council 835 recently presented a "One Nation Under God" flag to Mayor Nuncio R. Pico. From left to right, are Councilman Robert Westpy, Grand Knight Daniel J. Serpentelli, Councilman William Cullen, Councilman Ralph A. Casale, Deputy Grand Knight, Raymond Reilly, Mayor Nuncio Pico and Councilman James R. Golden.

### Golden Demands Info from Palmer On Vacating of Section of Rt. 21

Councilman James R. Golden demanded information from State Highway Commissioner Dwight Palmer on the vacating of a portion of Route 21 in a letter last week.

Golden wrote: "To Hon. Dwight Palmer, State Highway Commissioner, State House, Trenton, New Jersey."

"Mindful of adverse public criticism your department has recently been subjected to, it is not my intent to further scarify your agency, however, there are several questions which demand immediate clarification in view of the confusion and concern which seems mounting over the unreasonable cruel treatment this town received in the way of traffic flow accessibility to Route 21 for northbound traffic and for adequate police and fire patrol."

"Why was there no public hearing held to discuss the highway revision plan implemented? Why was not Belleville's Town Engineer consulted nor invited to participate in discussions regarding this? Who was notified by your department of the revision plan and when? Why was not the elected public officials of this affected community notified of the revision plans and their opinions sought?"

### Hart Named Town Auditor

Former municipal auditor A.M. Hart of East Orange was appointed at the Town Council meeting December 28, to conduct an annual audit of the Town of Belleville for a special term of two years at a salary of \$11,000. The measure was approved, 5-0.

Hart had been municipal auditor under the Commission form of government and was replaced by Vincent Indelicato when the change in government was put into effect.

### Yule Display Winners Announced

Winners in the 1964 Home Christmas Display contest were reported last week by Robert M. Cook, recreation superintendent. The contest was sponsored by the Town Recreation Department.

Winners were, Pierce, 131 Malone Avenue; Mrs. DeFeo, 31 Mt. Prospect Avenue; John Ariemma, 90 Mt. Prospect Avenue; Thomas Spino, 685 Mill Street and E. Benedetto, 60 Emmett Street.

Honorable mentions were displayed at the following addresses: 285 Ralph Street, 464 Cortlandt Street, 33 Watchung Avenue, 45 Honis Street, 67 Sanford Avenue, Plenge Drive, 33 Sycamore Drive, 22 Van Riper Place, and 287 Franklin Avenue.

Cook said the judges reported considerable difficulty again this year in selecting the winners from the many fine decorations in town. In some areas entire neighborhoods were nicely decorated and though no individual homes were chosen as winners, the areas conveyed a warm feeling of Christmas spirit. Cook said among the areas were Rutan, Silver Lake, Soho and the Hill areas.

### Council Urges Police To Halt Street Roaming

The Town Council approved by a 5-0 vote an ordinance to prevent loitering on the streets, in the parks, or in public places and passed a companion resolution instructing the police force to enforce the law with vigilance December 28.

The new ordinance spells out the term loitering in clear fashion. It states that loitering shall encompass the following:

1. Obstruction of the free unhindered passage of pedestrians or vehicles.
2. Obstruction, molesting or interfering with any person lawfully upon any street, park or other public place.
3. Remaining idle in essential by one location without being able to establish having a legitimate business or purpose in so remaining idle or by conduct exhibiting the absence of a lawful purpose in so remaining idle.
4. Refusing to move on when so requested by a peace officer provided that the peace officer has exercised his discretion reasonably under the circumstances in order to preserve or promote public peace and order.

The new law defines "public place" as including "Quasi-public area in front of or adjacent to any store, shop, restaurant, luncheonette or other place of business and shall include any parking lots or other vacant private property not owned or under the dominion of the person charged with a violation of this ordinance."

The law also provided that it will be unlawful for any parent, guardian or other adult person having the care and custody of any minor under the age of 18 knowingly permit such minor to remain idle or loiter in violation.

Violators will be punished by a fine not to exceed \$500 or by imprisonment for a term not exceeding 90 days.

In a companion resolution, instructing the police to enforce the anti-loitering ordinance with particular vigilance after the hour of 9:30 p.m. and particularly with minors idly roaming the streets at night, the Council adopted the following resolution:

Resolved by the Municipal Council of Belleville, N.J.,

WHEREAS, this Municipal Council recognizes its responsibility in the furtherance of the welfare of the youth of this community; and

WHEREAS, in pursuit of this objective, Council has on this date introduced and given its approval to an ordinance to prohibit loitering within the boundaries of this community; and

WHEREAS, this Municipal Council also recognizes its responsibility for the proper application of existing state statutes; and

WHEREAS, the pertinent statute of our state defining "juvenile delinquency" includes therein the act of a minor idly roaming the streets at night; and

WHEREAS, a strict interpretation and application of the said statute is considered desirable;

NOW, THEREFORE, BE IT RESOLVED, that the Municipal Council hereby states as a matter of policy that law enforcement officials of this municipality shall enforce N.J.S.A. 2A:414 with particular vigilance after the hour of 9:30 P.M., and particularly any minor under the age of 18 knowingly permit such minor to remain idle or loiter in violation of the streets at night."

### Juvenile Delinquency Down 17 Per Cent During 1964

Juvenile Delinquency has decreased more than 17 per cent in New Jersey, county prosecutor reports show that the latest annual report issued by the Police Department.

In 1963 there was 319 juvenile complaints filed. In 1964 there were only 264 complaints filed.

Police Chief Charles McGinnis and Town Manager John R. Burnett credits the decrease in juvenile crimes to the establishment of a separate juvenile division under the direction of Juvenile Officer Michael Marotti at the beginning of the year.

Manager Burnett said he believed the establishment of the separate division by Chief McGinnis was responsible for much of the decrease in JD, because it placed Detective Marotti working with the Town's juvenile problem full time for the first time. Prior to the establishment of the bureau, Marotti was used as a regular detective and only part-time on juvenile problems.

The drop in juvenile delinquency is just opposite to the big boom in crime that is sweeping the nation and state. Recent FBI Uniform Crime Reports note that the national crime rate has increased five times faster than the

### Temporary Budgets

The Town Council Monday night adopted a temporary municipal budget of \$646,886 and a water utility budget of \$87,200 by a 5-0 vote.

The budgets are to provide for the first three months of the year, or until the full year's budgets are approved.

The 1964 temporary budget was for a lesser amount, \$620,432.71 for municipal affairs and slightly higher for water at \$85,000.

### Ground Meat Ordinance Adopted by Council, 5-0

The long-awaited amendment to the Town's Sanitary Code controlling the type and quality of ground meat sold in local stores was adopted officially, 5-0, by the Town Council at its meeting December 28.

The Ordinance was prepared by a special committee, headed by Councilman Robert Westpy. It was a substitution for the controversial ordinance introduced several months ago that would have required the merchant to grind the meat in-view of each customer.

The entire ground meat hassle by agar plate method: or (B) has a count of coliform bacteria exceeding 100 per gram; or (C) contains an anti-staphylococcal agent; or any pathogenic organisms; then it shall be presumed in the absence of proof to the contrary that said meat is not fresh or of decomposed substance, unwholesome, unsafe for human food and may be injurious to health."

The recommendation of Dr. Ram was to have the merchants grind the meat in public view so each customer knew just what meat was going into the ground meat that he was purchasing.

Local super markets fought the measure, claiming that more germs would be in the meat, if the grinder was kept out in the open, instead of inside a cooler, where the bacteria is controlled to a degree by the coldness.

After several weeks of heated, supermarket representatives met with the Council and it was decided that a committee, headed by Westpy, would draft a new ordinance.

The new ordinance says: "If it be established that the meat product, including chopped meat, or meat patties, or any animal, fish, shell fish, bird or poultry: (A) has a total bacteria count exceeding 10,000 per gram; or (B) has a count of coliform bacteria exceeding 100 per gram; or (C) contains an anti-staphylococcal agent; or any pathogenic organisms; then it shall be presumed in the absence of proof to the contrary that said meat is not fresh or of decomposed substance, unwholesome, unsafe for human food and may be injurious to health."

The ordinance provides for a penalty not exceeding five hundred dollars or be imprisoned for a period not exceeding 90 days or both. Each day of violation constitutes a new and separate offense.

CHRISTMAS PROJECT — From left to right, are Charles Messina, Susan Domanski and Madeline Caparozzo, officers of the Junior Red Cross Town Council pack Christmas cookies, favors and toys for the hospitals and some less fortunate Belleville families.

CHILDREN FETED — Santa seems to be snowed under with children and Student Nurses during his visit to Clara Maass Memorial Hospital. The Student Nurses gave a Christmas Party for the children in the hospital's Pediatric Wing and asked Thomas McCool of 194 Fairway Avenue, Belleville, if he could arrange to have Santa distribute gifts that the students had purchased for the children.

# Town Firemen Busied By 10 Alarms, 2 False

A total of 10 fire alarms, including three vehicle blazes, busied Town firemen last week.

## Rabbi Cohen Resigns Post

David Robbins, president of Congregation Ahavath Achim, has announced that the Board of Trustees has accepted, with deep regret, the resignation of Rabbi Victor Cohen. The resignation will become effective as of August 31.

Rabbi Cohen assumed his Rabbinical duties in Belleville seven and one-half years ago. Since that time, in addition to these duties, he was principal of the Religious School, a teacher in that same school and head of the Adult Education program. Under his guidance, the United Synagogue Youth group was established in the Synagogue.

The first alarm was sounded at 5:13 a.m. on December 26 when a truck, owned by National Dairy Products Corp. of 205 Frelinghuysen Avenue, Newark, caught fire at William and Main Streets on Rt. 21's northbound lane. The fire was doused with a booster.

Three other alarms were sounded on the 26th. The first involved washing down gas from an overturned compressor at the dead end of Mill Street. The second was a false alarm from St. Anthony's at Seventh Street, and the last was a fire in an oven in the home of Herman Ritzdorf of 78 Perry Street. A Co2 extinguisher was used to put out the fire. Damage was confined to the stove and a wall.

On December 28 another false alarm was sounded, this time from the box at Jefferson and Liberty Streets.

A fire in a clothes dryer in the home of H. DeFrance at Celia and Riverside, was extinguished on December 29. The dryer was ruined by the fire and the home was filled with smoke.

Four fires besides the mention December 30. The first alarm was for a truck fire at Union Avenue, between Division and Joralemon.

The truck was owned by J. Gagliardi of 666 Union Avenue, Belleville. The fire was doused and damage was confined to the hand brake. The second came from the home of M. DePasquale at 544 Washington Avenue, involving an oilburner blowback. The fire was out on arrival.

The third fire of the day involved an automobile owned by Fletcher Swain of 209 N. Belmont Avenue at Cross and Belmont Avenue. Damage was confined to the brake line. The week's final alarm was turned in by John Pavlischak of 164 Academy Street, where a steam pipe had broken in his home. There was no fire.

## Fitzhenry Wins Best Speaker Nov

Lawrence Fitzhenry of Belleville, an Industrial Engineer in the Westinghouse Lamp Division, won the Best Speaker of the Week award at the last regular meeting of the Suburban Chapter of Toastmasters International held recently at the Lamp Division plant in Bloomfield.

He presented a speech entitled "What is Happening to our College Education?" In his speech he called attention to many of the radical changes in our colleges and college curriculum since the end of World War II. Toastmasters is an international organization dedicated to the self improvement of its members in the field of oral communication. Anyone desiring to join a local club or interested in starting their own club can get the necessary information by contacting the local Area Governor, Dr. Russell Atkinson, Westinghouse Lamp Division, Bloomfield, N.J.

## A Vote for Coach Testa

Belleville High School football coach Tom Testa is a dedicated man with a mission in life to teach our youth how to make the big step from the dream world of teen-agers to the reality of adulthood. Testa tries his best to make this step just a little easier for those he comes in contact with in the classroom or on the football field.

Testa's life is his school and his football team. In almost two decades of writing about high school football coaches and some college coaches, we have never seen any coach put more effort into his work than he does. From early in July until the football season ends in late November, Testa lives football. For the remainder of the year he just thinks about it most of his waking hours.

Prior to the last game of a not too successful season Testa was handed a problem that tested his personality and also his right to lead and teach our youth. We believe he passed it with flying colors and that the parents of our high school students and all residents can feel just a little prouder of their town and school system because of his action.

Anyone who has talked to Testa more than one minute knows that he is a football coach and, like all coaches, likes to see his team a winner. However, he also is aware of his obligation to his students and team members to help them grow up as useful citizens.

Testa notified all of his players that he expected them to be home in bed early, prior to ball games. He informed the team that they would be checked. Recently it seems that a few of the varsity regulars believed that their status on the team gave them special privileges.

Several of them ignored Testa's orders and put the coach into a battle with his own desires. He knew that if he tossed the boys off the team, his chances of winning were lessened by a great degree. He also knew that his obligation to the boys on his team was more than winning a football game. He had an obligation to help the members of his team prepare for adulthood.

Coach Testa didn't have too much of a problem making a decision, however, a difficult one it was to him. He called in the boys who had violated his team rules, and asked them to turn in their suits.

He played the game with some of his best men not even on the bench and lost. Yet, although his team lost the game, we can't help but feel that Testa, the boys on the team, the school system and the Town were all winners because of his action.

Naturally his decision of tossing several of his starters off the team prior

to the last game of Belleville High School didn't sit easily with the boys' parents and friends. It's always easy to look the other way when one's children and friends are in the wrong, excusing it by saying, "It was just a little error and he really is a good boy."

All too often we have seen this type of reasoning lead a boy from one little mistake, to another little mistake, to the police court.

We can understand the parents' feelings in this matter as it is hard to sit back and see your children hurt. However, when an incident such as this is blown up into a vendetta to "Get the Coach" as is currently creeping around Town we think it is downright silly.

We believe the boys, parents and friends involved in this matter should look past the football game, which is already history, and look at what effect the incident will have on the boys' future lives. We believe if they take a good, clear look at the incident they will be the first to thank Coach Testa for making the step into adulthood just a little easier for their boys.

We believe the boys have learned a valuable lesson early in life. That is that the ability to play a game well or make money easily doesn't put them one notch above society. The sooner all youths learn that they are just one person in our society and that they must follow the rules of society, the sooner they will accept the responsibility of adulthood.

As far as the incident hurting the boys involved, we doubt it. It seems that a few seasons ago there was a football player who was slated for stardom at Alabama University by the name of Joe Namath. Unfortunately, Joe didn't have a coach in high school who made him toe the mark, even the teachers and adults in his home town made the rules bend a little for Joe. Soon he thought his ability to toss a football gave him special rights to do as he pleased while the rest of society, not blessed with the football-tossing arm, had to obey. Joe learned his lesson in Alabama when his football coach tossed him off the team for violating rules.

Of course we all know that this story has a happy ending. Joe grew up better. He went to the coach and asked for another chance. He was welcomed back to the team and became an All-America quarterback who was just hired for something like \$400,000 to toss footballs for the New York Jets.

Joe was fortunate that he grew up, while still in college. We hope a lot of people in Town who are blowing up a Coach's action — which was dictated by his obligation to all of the team members — into something next to a crime, also grow up. Only their children will benefit.

### DEFENDER OF TESTA RAPPED BY PARENTS

To the Editor, Times-News:

In answer to Mr. Della Terra, the Public Defender of Mr. Testa:

Since we had considered this incident a closed matter and you have pursued it, we want you and the public to hear the true version of a few incidents.

We are the parents of boys who have played for the past three years and to our knowledge your son did not play under the present head coach. Therefore we feel that you are in no position to be judge and jury of the situation which arose in town. So Mr. Della Terra, where has your association been with this man?

The brand of football which you have seen in the past 3 years is no better than you have seen in the past 3 years. Mr. Ed Berinski, Mr. Berinski had a respectable record and was over 500 in his years at Belleville.

He also produced many all county and all state ballplayers. Most of all he was respected by all his ballplayers and still is. Mr. Berinski was humiliated and lost his coaching position due to an internal pressure which you very well know about. This sincere man only asked for one more year of coaching and then would have retired with a respectable reputation. Was this ethical what had been done to this man? He pre-terminated in 1961 in the Star-Ledger. "This year we will be good and next year great." You can attribute the 81 season to Mr. Berinski.

Why were our boys expelled this late in the season and why? Was it because the next two games were against two of the best in the county? Or were the two ranked teams in the county and we would win without them? Why wasn't this curfew enforced in September?

As you have stated, a certain group contacted the Board of Education. What would you have done if this had happened to your son? Our sons will no longer be playing for this man, and we, as parents, are concerned with the future of our boys in our town.

As you have stated, the seasons have been 81, 82, 83, 84. As anyone can see, even to a spectator without any football knowledge, the seasons have been getting progressively worse under Mr. Testa's guidance.

If you had been following the football seasons in Belleville, you would not have made these remarks: for most of the boys that were expelled played on an undefeated freshman team in 1961 which beat Orange 40-0 and now, as seniors, lost to Orange 6-0. Is there something lacking in this man's coaching ability or is the Orange coach great?

In response to your statement of "pressure group"; any pressure brought forth has been due to his own shortcomings. When a squad of 45 boys who have played on a 6-21 team refuse to give a gift to the head coach then something is lacking in his guidance. Where is the so called team morale you talk about?

If this was personal as you have stated, why did the Orange High School coach pull his team off the field and didn't an article condemning the Belleville Head Coach appear in the Orange newspaper?

Isn't it also true that the Kearney High School Athletic Director demanded an apology from the Belleville Athletic Department for certain statements this coach had made?

We are not trying to tell this coach how to run his team or discipline the players.

Discipline is excellent if applied to all and not to just certain players. This only creates dissension among the players. Discipline should have begun in the season of 1962. There have been incidents involving star players in the past and no disciplinary action had been taken.

Speaking of discipline, this man can't even discipline himself. In the 1962 Sept. issue of the Belleville Times he stated "If one is not serious toward schoolwork, I sincerely believe that there is no place for him on the football team. He will be the first to let the team down when the going gets tough." It seems to us that he does not follow his own advice. He doesn't practice what he preaches. He played many boys with poor grades, some of whom quit school when the sea-

son was over. Our boys have played four years, the best they know how and with determination and self pride. They never let the team down but it seems that the coach did after the loss to Kearney by using these boys as an excuse.

The coach said he got rid of the "bad apples" on the team when they were not present at a meeting due to expulsion. The boys were then reinstated and attended the next meeting. One of our own boys asked the coach why they were called the "bad apples" of the team. The coach denied this until another boy spoke up and said "that's right coach, you did say this." Our coach then laughed it off and said that was only an expression he used. We don't think this was a joking matter and it's disgraceful to hear an educated person make remarks like this. Is this a truthful person and aren't our boys supposed to learn to be honest?

Our so-called coach stated at a meeting of parents and players that he would take the blame for all the losses and give credit to the boys for all the wins. Why then did he publicly blast a certain quarterback for his shortcomings of which was never corrected by the coaching staff?

A certain boy had to leave the team in his Senior year because of personal reasons. This boy's father stated, "The head coach called me three times and begged my son to play football." This boy then went out for the team and was thrown off with seven days remaining in the season and for no apparent reason. This boy did not receive any of his senior awards. Mr. Della Terra, do you think this is fair to a boy who has played four years? Would you say this is the action of a fair and just man?

We would like to know the names of the boys which he helped directly to get into college.

### BECK'S COLUMN

By MAX BECK

Some time ago a customer came to our store, all excited. He said that we sold him a 19" portable TV set. When he measured it, it was nowhere near 19". He wanted us to exchange the set for one that really measured 19".

The customer was right of course. The measurement is taken from the outside to outside diagonally, and even then you will find it to be a little less than 19". These measurements are a hold over from the days of the round tube, which had the same diameter any place across. If you look closely at the advertised size, you may find next to the stated picture tube size an asterisk, which means that you have to look for some sort of explanation elsewhere in the ad. You will read there "overall diagonal". Some advertised size 16" sets are 15" square inches. Nevertheless, the generally accepted sizes seem to be known to just about everybody. Customers never ask for sets with picture tubes of square inches, they invariably ask for the tube size.

Where does the 19" come in then? The measurement is taken from the outside to outside diagonally, and even then you will find it to be a little less than 19". The Federal Trade Commission recently started to hold hearings in an attempt to arrive at a clearer formula for the different picture tube sizes. The industry, generally, is of the opinion that the present designations are sufficient and that the differences between the size of picture tubes. So far the FTC has not come up with a different, descriptive, if it does, there will be widespread confusion, for a while at least. This is one case where matters might as well be left as they are.

We believe that education is primary and football is secondary. It seems to us that all you and the head coach are interested in is winning. We, as parents, are concerned with what a boy gets out of football, that is, character building, morality, honesty, sincerity, leadership, sportsmanship, self-confidence, a sense of pride and, most of all, enjoyment. Did the coach instill this in our boys?

We are respectful citizens with respectful children and calling us "gods" was out of order on your part. Don't you think so Mr. Della Terra?

In conclusion Mr. Della Terra, remember, to be respected as a coach, first you have to be respected as a man.

WANT LONG LIFE?

KICK SMOKING HABIT

To the Editor, Times-News:

I write now mainly to young Americans who have just become smokers and are having their doubts about smoking, also to those of this generation who are thinking about starting. Now look at how smoking makes you popular. It causes bad breath, discolors teeth, makes you nauseous at first, but if you're fortunate, will only leave a bad taste in your mouth.

If this doesn't interest you, think of the health benefits of smoking. Smoking causes four kinds of cancer, is linked with coronary heart disease, chronic bronchitis and emphysema and lowers resistance to other fatal diseases. If you're not lucky enough to contract these diseases, you are almost sure to get smoker's cough, shortness of breath and sluggish feelings. See what smoking can do for you? So, why give up a bad habit that takes away most of your money, just because doctors say it shortens your life span?

Next time someone offers you a cigarette, show how big you are and take one. If you do, I wish you luck because you'll need it. But if you decide to quit smoking, or not to start, welcome to the flock of those who decide they have something for which to live.

## Rodino Says State Demos To Work As Unit for LBJ

Rep. Peter W. Rodino Jr. (D-delegation, Rodino is now the 10th District) announced today party's assistant whip for New Jersey, Delaware and Maryland. The post carries with it a seat on the party's steering committee.

Rodino said the delegation, strengthened by the election of four new members last November, intended to be heard from during the re-1968 Congress. New Jersey Democrats will outnumber the Republicans 11 to 4, marking the first time since 1912 that the Democrats will have a majority of the state's congressional delegation.

"We Democrats," Rodino said, "agreed that New Jersey and the nation can be best served by our working together to insure passage of vitally needed legislation. In effect, we reaffirmed the time-tested truism, in unity there is strength."

Rodino said the Democrats decided to meet "at least twice a month while Congress is in session to discuss changing situations and determine strategy that will best assure passage of the measures we favor."

"We felt it of importance that we stand together on liberalizing the rules of the House," Rodino said, "so that legislation of particular importance to the country—like the Medicare bill—would not be impeded."

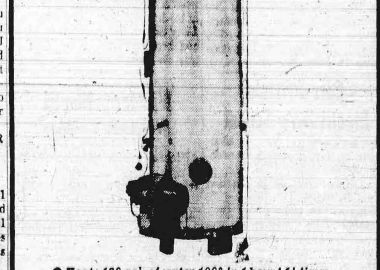

Rodino, dean of the New Jersey congressional delegation, said the Democratic lawmakers also agreed to give unanimous support to the effort to liberalize the rules of the House, and in particular to lessen the delay in passage of the House Rules Committee. The move was successful.

## Town Manager's Report

The Resolution on the current Agenda authorizing the signing of an agreement between the County of Essex and the Town of Belleville for the removal of the inadequate bridge structure, on Joramelon Street over the Third River, and the construction of a new bridge sufficient in size to discharge storm waters during periods of heavy rains, was discussed by the County Board of Supervisors at their meeting on January 14, 1965.

The construction of this bridge, which the County Engineer has indicated will begin as soon as the necessary easements obtained, is the beginning of a proper flood control program to protect the properties situated on the low lands in the Fairway Avenue area.

The money has already been appropriated by the Essex County Board of Freeholders for this bridge, and the only change we have requested in the plans submitted is the replacement of the present six inch water line being laid on the bridge structure with an eight inch line to better meet the needs of the property owners in the Rutan Estates area.

The easements that the Town must acquire are for the placing of two abutments on the southern portion of the bridge, one on each side of the bridge.

The holidays were especially exciting for the Harold Copita family of 568 Washington Avenue, as Sister M. Madonna, sister of Mrs. Copita, arrived home for her first visit in six years. Sister Madonna, formerly Joan Davis of Newark, is a member of the Sisters of St. Joseph of Newark and has been teaching fourth grade in Van Nuys, Calif. After spending the holidays in Belleville, she left for a tour of Washington, D. C. before returning to California.

Mr. and Mrs. Pat Orlando of 47 Union Avenue and their guests, Mr. and Mrs. Anthony Amato of 46 Cleveland Street journeyed to Chadwick Beach, the Orlando's summer home, to ring in the New Year.

Mr. and Mrs. Frank England of 298 Union Avenue were in Pompano Beach, Florida at the home of Mrs. England's sister. They spent all of their holidays in Florida.

Mr. and Mrs. Louis Diaz of Washington Avenue enjoyed a weekend houseparty at the home of Dr. and Mrs. Harold S. Cole in Rutherford.

Mr. and Mrs. Sam Panansky of 21 Merit Avenue rang in the new year at their home with friends from Belleville, Mr. and Mrs. Joseph Berkowitz, Mr. and Mrs. David Schreier, Mr. and Mrs. Bernice Zohn and from New Milford, Mr. and Mrs. Karl Manson.

Unable to keep his friends at the Knights of Columbus Hall was Michael Dacey of 37 Church Terrace. He spent the last of the year in bed after a narrow escape from pneumonia. We hope 1966 brings him a speedy recovery. - B.G.

**SILVER ANNIVERSARY**  
On December 27, after noon Mass at St. Peter's Church, which was said in honor of the 25th wedding anniversary of Mr. and Mrs. George Mahler of 10 Belle Terrace, friends and relatives gave a surprise party for them at the Knights of Columbus Hall. Everyone enjoyed the good food, many toasts, and lively music provided by the Merry Men.

Mr. and Mrs. Ralph Grigoris of 137 Brighton Avenue enjoyed a double celebration at the Robin Hood Restaurant recently. First, they toasted the 48th wedding anniversary of Mr. and Mrs. Richard Barrett of Bloomfield, parents of Mrs. Grigoris. Then, Mr. and Mrs. Elmer Barrett of Middletown announced the engagement of their daughter, Mary; to William Potter, Barrett is the brother of Mrs. Grigoris.

**WELCOME NEW YEAR**  
December 31 found many Bellevillians spending the last few hours of 1965 with friends. Among these:

Mr. and Mrs. Edward Johnson of 43 Prospect Place enjoyed the evening at the home of Mr. and Mrs. Howard Schlatte of Clifton.

Good luck to Mr. and Mrs. Stanley Strat who recently moved into their new home on Yale Terrace. They enjoyed New Year's Eve at the new address.

Those from Belleville who attended Mrs. Grigoris' party were: Maureen Laugel, Manuela Costa, Karen Lister, Jan Muller, Susan Drake, Linda Billik, Brownwyn and Kara Murray. Along with her sister Kathleen there were many cousins: Joann, Janet and Stanley Obal of Oakland; Audrey and Cynthia Steven of Clifton; Ann, Janice and Mark McDonald of Clifton; Joyce and Feodoty Tomczyk of Clifton.

### WHAT IS ITCHING?

Itching is often a symptom of an underlying disorder. It is very closely related to the sensation of pain and by following the natural reflex to scratch it will after a time initiate pain—which is temporarily more comfortable!

Itching can be caused by many conditions—local infection, allergy, fungus, nutrition, etc. Self-treatment could delay proper therapy. A persistent itching should be checked with a physician. He can find out the cause and advise the proper treatment.

**Spanish Still Lives In Museum Exhibit**  
A gallery tour and discussion of The Golden Age of Spanish Still-life Painting will be given by William H. Gerds, Curator of Painting, at the Newark Museum, 49 Washington Street, on Sunday, January 10, at 3:30 p.m.

Gerds will give a survey of the history of Spanish still-life painting from the late 16th through the early 19th centuries, referring to the paintings for illustration. The 45 paintings comprising the exhibition have been lent to the Museum by many dealers, collectors and museums throughout the United States.

The exhibition, the first of its kind held in the Western Hemisphere, will continue at the Museum through January 26.

## Young Carollers Aid Needy Family

A group of five teen-agers with their parents raised \$35.50 during the holidays for a needy family - and at the same time brought cheer and good will into many local homes.

The former classmates at St. Mary's School, Nutley, now high school freshmen, went carolling in Nutley and Belleville the week before Christmas and appreciative families made contributions for the worthy cause.

In the group were Diane Male, Lucy Burroughs and Nancy Crowley of Nutley, and Kathy Burns and Anne Ellen Conley of Belleville.

Diana and Kathy, both of whom are Candy Strippers at St. Michael's Hospital, Newark, presented the money to the Sister Superior at the hospital, who suggested that it be turned over to a needy family.

Diana is a freshman at Our Lady of Good Counsel High School, Newark; Kathy, Lucy and Nancy attend Our Lady Queen of Peace High School, North Arlington, and Anne Ellen is a student at Belleville High School.

## Save Kitchen Steps By Planned Storage

Simple reorganization can often make your modern, well-planned kitchen even more usable, says Mrs. Cleo M. Cottrell, extension home management family economies specialist at the College of Agriculture, Rutgers University.

Mrs. Cottrell says, "Often kitchen storage just happens. The utensils and food preparation tools are stored without thought as to where they would be convenient for the cook."

"Take time to look over your kitchen storage. Where are the pots and pans? Are they near the sink or across the room? Cooking pans are most convenient when near the sink. This alone will save many steps for most cooking pans require water as the first step in their use."

Look at the rest of the kitchen equipment. Are the pieces you frequently use stored in a convenient place? Mrs. Cottrell encourages the homemaker who would like to save steps and time to question the present storage location of dishes, silverware, cookie jar, the often used toaster, and cutlery.

Take a few minutes and study where each is used first, experiment with a new location for a day or two, then decide on the final arrangement.

## Edward J. Szep Marries In Fords Church Ceremony

Miss Carol Ann Gelling, daughter of Mr. and Mrs. Henry G. Gelling, Sr. of 74 Dartmouth Street, Fords, and Edward Joseph Szep, son of Mrs. Edward Szep of 29 Berkeley Avenue, Belleville, and the late Mr. Szep, were united in marriage Saturday afternoon, December 26, in Our Lady of Peace R. C. Church, Fords.

The pastor, the Rev. Joseph R. Brzowski, performed the ceremony, and Mrs. J. A. Brzochy, church organist, played. The reception for members of the immediate families was held at Kenny Acres, Woodbridge.

Mrs. Gelling gave her daughter in marriage. Her bridal gown of delustered satin was styled with A-line skirt and chapel train.

George Sien of Belleville served as his brother's best man. Ushers were another brother, Donald of Belleville and Henry G. Gelling, Jr., of Fords, the bride's brother.

The bride was graduated from St. Mary's High School, Perth Amboy, and the bridegroom from Belleville High School. Both were graduated from Newark School of Fine and Industrial Art in the Class of '61.

The new Mrs. Szep is a secretary with Edison Electric Co., Fords. Mr. Szep, who was formerly employed as a commercial artist by Barbetta - Miller Advertising Agency, Upper Montclair, is currently completing National Guard Reserve Training in Louisiana.

When they return from a wedding trip to Pennsylvania, the couple will make their home in Belleville.

## FATHER'S PLAY TIME

"Daddy, play with me" is a familiar cry to most fathers—particularly when the new Christmas toys and games need to be tried out. Many fathers enjoy this for a short time but later become bored with the whole idea.

Fathers can make it easier on themselves and their children by remembering that it is the quality of the relationship rather than the quantity of time spent together that really matters to the youngsters. A hug and a few minutes of real attention will mean more to the child than an hour of gruffness and boredom. The same tactics don't apply to all fathers and all children. It sounds fine to tell a father to teach a son carpentry skills, but some fathers may not have these skills to teach. Others may be impatient, expecting a much higher degree of perfection than the child can attain.

It's a good idea for the child to follow along when the father is doing some thing in which father is really interested. The youngster will ask questions and learn. Many fathers find a real challenge and sense of accomplishment in explaining some thing complicated so that it is understandable to a child.

Jackets on sturdy wooden or padded hangers. See how much longer they keep their shape and look nice. Use garment bags or shoulder covers to keep little used clothing free from dust. Keep sweaters and knitted garments folded neatly in plastic bags to avoid stretching them out of shape.

## Now Is Ideal Time To Wear-Condition Clothes

Mrs. Florence G. Minifie, extension clothing specialist at the College of Agriculture, Rutgers University, offers some close tips that will keep your clothes looking their best in the new year ahead.

Keep belts in one area. They'll be easier to find, the specialist points out. A large hook placed on the wall or door of the closet will keep them ready for use. Or use a wooden coat hanger with small hooked screws placed at intervals, or purchase a special belt-ranger ring.

Brush your clothes before you put them away. See if there are loose buttons that need attention. Also, check if garment is in need of repair or spot cleaning.

Try hanging coats and suits

## Winterize Entryways To Protect Carpets

Carpets and rugs need extra care during winter. Tracked in slush, snow, salt and cinders can permanently damage your rugs, warns Miss Gena Thames, extension specialist in home furnishing at the College of Agriculture, Rutgers University.

Mud and dirt will soil the carpet and the melting snow and ice will weaken the fibers. To prevent your family from tracking snow, ice and salt onto the carpet, place mats outside all entrances. This door mat should be sufficiently absorbent to soak up the dripping snow and ice from the boots. Also, the mat should be rough enough to remove cinders and dirt from the boots. Open construction will permit the snow and ice as well as dirt to fall through to the underside.

If an outside door mat is not feasible for your entry, place a firm scatter rug on top of the carpet at the door, that is, if the door can open and close over it. Or use a plastic runner. But remember, plastic does not absorb dirt or moisture from boot soles; it only prevents the carpet from getting wet.

## Winteree Set For Explorers By Scout Unit

Members of the Explorer Posts of the Belleville Scout District will participate in the annual Winteree of Robert Treat Council, Boy Scouts of America on January 16 and 17.

The event, which will be held at the Council's Camp Mohican in the Kittatinny Mountains near Blairstown, New Jersey. The program will include: ice fishing, ice skating and races, sled races, wood sawing, log chopping, ceremonies, and a venison dinner.

The event was planned and will be conducted by the Exploring Cabinet, made up of young men and Advisors from each of the Council's seven Districts.

Representatives of the District will attend the Annual Meeting and dinner of Robert Treat Council and will participate in meetings of various functional groups at the Mutual Benefit Life Insurance Company, Newark, on Tuesday evening, January 26th.

## Convention Slated by Witnesses

Jehovah's Witnesses contacted interested persons in 197 different lands last year and conducted more than 740,000 free home Bible studies each week, according to information published in the 1965 "Yearbook" an official publication of the Watchtower Bible and Tract Society of Brooklyn, N. Y.

The publication describing the world-wide ministry of Jehovah's Witnesses, has just been released to more than 23,000 congregations throughout the world, according to Philip W. Dacko, presiding minister of the Nutley Congregation which regularly meets at 475 Franklin Avenue for five weekly meetings. More than a million Jehovah's Witnesses reported field activity in the ministry work to world headquarters this last year, he said.

The most outstanding event of 1964 for Jehovah's Witnesses in this country was a four-day Bible convention which was held in 36 different cities at various times during the summer said Dacko. The Nutley Congregation attended the Atlantic City convention. More than 4,000 persons were dedicated to the ministry of Jehovah's Witnesses by water baptism at these gatherings, while many others received personal Bible instruction preparatory to a missionary career.

Ministerial activities for the congregations of Jehovah's Witnesses in this area for the new year will be outlined at a Bible convention of New Jersey Circuit No. 2 at Snyder High School, Jersey City on January 29, 30 and 31 Dacko said. More than 40 delegates from the Nutley congregation will attend along with congregations of ministers located in Jersey City, Newark and other nearby communities.

Men of the Marine Corps Ceremonial Guard Company were assigned to guard the famous portrait of Mona Lisa when the painting was displayed in the United States.

# RUSH LEADS BELLBOYS' WIN OVER NUTLEY

## 67-49 Victory Places BHS Loop Mark at 3-3

By STEVE CHAREN

Bill Rush came up with 34 points and 18 rebounds Saturday to lead Belleville over Nutley, 67-49. The lead constantly changed until late in the second quarter when Rush tied it with a hook and then hit with a foul shot to put Belleville ahead 19-18. This was the beginning of a seven-point Belleville run. Nutley never recovered.

Belleville's 64½ center, Rush scored 13 points in the first half for a 23-20 score. Bill then poured in 11 points in the third quarter and ten in the fourth to make it a rout. While doing so, Rush connected on 14 of 21 or 66 per cent from the floor. He also had many rebounds as the whole Nutley team.

An "off-night" from the foul line was the only thing that kept Bill from breaking Dom Klein's school record of 36 points. Going into this game Bill had hit on 71 per cent of the free ones but Saturday he missed four in the first quarter before catching five and ended up with 6 of 14 or 42½ per cent.

Not to be overlooked was Ken Fulmore's performance. Fulmore hit on an unbelievable 70 per cent from the floor while scoring 15 points. Fulmore and Rush equaled the scoring output of the whole Nutley squad. The Maxson brothers, Steve and Mike, had double figures, though. Steve Hopkins had 12 in the second half for a total of 16. Greg Shaffer had 15, and Tom Pennett ten.

Rush and Fulmore led the way as Belleville hit on 59 per cent of their field goals to 43 for the Raiders. Nutley did lead with the free ones though; making 9

## Holy Family Keglers Second

Holy Family is just percentage points out of first place in the Essex County C.Y.O. Bowling League. Our Lady of Lourdes of West Orange is first.

Rich Pucciarello of Holy Family is the league's top individual scorer with a 170 average. Last week he rolled the week's high series of 558 and the high single game of 203. Teammates John Sweeder and Phil Federico are tied for team runner-up honors with 144 averages.

Holy Family's girls are holding down first place in the C.Y.O. Girls League by one game over St. Agatha's. Ruth Lardier is runner-up in the league's individual scoring with a 128 average. Kathy De Furia is 3rd with a 124 average. Pat Federico is 5th with a 117 average.

## Pinheads, Hazards Tied for Lead

After 42 games bowled in the Recreation Department Housewives Bowling League at Olympic Bowl the Pinheads and the Hazards are tied in the win-loss column, each with 29 wins and 13 losses. However, the Pinheads are actually the league leaders by virtue of the greater total pins. In this team of three league the Beatniks hold the high team average with 1515, while the Rookies 561 stands as a high team game, with handicap.

Mary Ross is holding the high average honors with a very high creditable 157. Emily Pollock holds both the high series and high game. Her high series is 557 and her high game is a formidable 237.

Housewives Bowling is a popular Recreation activity conducted at Olympic Bowl each Thursday afternoon. Competition is as lively keen in this league as the ladies set aside their mundane chores one afternoon a week. Twenty-five teams are doing battle for the various honors.

## Belleville Alumni Post 61-58 Win Over Nutley

The Belleville Alumni led by Dom Klein defeated the Nutley Alumni, 61-58, before 1,000 fans at the Belleville High School Gym on December 28.

Dom Klein scored 20 points for the winners, Hawkins and Wolfarth led the Nutley team with 8 points each. First half ended with each team scoring 30 points. Belleville went into the last quarter holding a two-point lead. With one minute to play Nutley tied the game at 58 all. Belleville came down court with the ball and held it for awhile. Dom Klein went in for a shot, making the basket and drawing a foul. He made the one shot to give Belleville the game, 61-58.

right ONE, point in the first 46-33 win. The J.V.'s started at 5 gave him the team lead with 80 per cent.

Pouls, 30 of them, proved to be a 9-1 lead. The Bellfast and led 11-5 after one quarter. Although the Bellboys were outscored in the second, they led 20-15, at the half for the first time since opening day. From here the lead piled-up as two Cowboys fouled out. The J.V.'s led from the floor (45 per cent to 28) and from the line (56 per cent to 39). Joel Pisano and Rich San Filippo shared scoring honors with 12 points apiece. Pisano hit on 4 of 7 from the floor and San Filippo led the rebounders. George Cocozza went 2 for 2 from the floor. In Turco's Varsity contest Rush broke a hundred points and brought his average up to 17.5 points per game. Two Bellboys doubled great night rebounding with 11. Bellboy Bouncers. Unless you their season foul total; Jimmy Nick Pizzuto, who went 5 for 9 haven't been following Belleville's from the floor, came through team, already know that the Bellboys won the ominous Junior Bellville man-to-man defense Varsity contest. The Junior Bell decided matters early by holding boys turned in one of their strong-missed the first of three to bring West Orange to only one, that's per performances and coasted to his percentage to 77. # Bellboys Squeeze Orange, 83-57, for 5th Win

By STEVE CHAREN

The Bellboys squeezed Orange, quarter, a late spurt by the Bell 9 to 11 free ones, for 27 points. 83-57. Tuesday afternoon for the boy subs broke the previous third straight Belleville victory, high total of 82 (which was set against Garfield on opening night, the best Bell Tornadoes (15) could do was hold on to 0-0 tie for 40 seconds. Then the Bellboys (5-3) erupted, piling up a 21-12 first quarter lead that grew to 42-26 by the half. The third quarter was Orange's

best ending at 61-33. In the final 56 per cent from the floor and 9 to 11 free ones, for 27 points. This spree brought Bill's average up to 20.25 points per game. Rush also had his best night under the boards, hauling in 28 rebounds which was nine more than the whole Orange team. Nick Pizzuto had his best scoring game by hitting on 62 per cent from the floor and 6 of 8 free ones, for 27 points. Rich

Pucciarello, with 15, and Ken Fulmore, with 11, also hit double figures in this season. Fulmore also brought down 14 rebounds as the Bellboys controlled the boards 41 rebounds to 19.

As it worked out, the Bellboys accurate foul shooting (29 of 33 for an eye-opening 83 per cent) was the difference. Orange led from the floor 28 to 27 on the strength of Ron Jennings' 12 field goals. Jennings, who finished with 25 points, poured in 19 in the second half. He and Rich Jones, who connected on eight field goals for 16 points before fouling out, hit 20 from the floor between them.

Although Orange led in total points from the floor, they didn't lead in per cent. The Bellboys were more accurate, hitting on 51 per cent to 47. The Tornadoes only made 1 of 5 from the line to 29 of 33 for Belleville.

Bellboy Bounces: For the first time this season, the Junior Varsity game wasn't before the Varsity affair: for the first time this

season the Junior Varsity didn't follow the Varsity. Tomorrow night the Bellboys battle the same thing as the Varsity. Montclair on the Mounties home ground; Tuesday afternoon the J.V.'s got swamped 73-32. Although it wasn't much of a game, at least some Belleville subs saw plenty of action. The 30 half time score wasn't too bad, but when the lead really started to pile-up early in the third quarter, the second team was brought in to finish the game. There were bright spots though, among them: Steve Cerca's nine points, Tom Gialanella's first eight and Mike Butkus's ball handling. Five young Tornadoes hit double figures: Crawford Cox came up with 12 points in the final quarter for a total of 17 that tied Cliff North's first half production, "Big Ben" Mitchell scored 13 in the second half for 15, and Greg Williams had ten points. On the varsity side, congratulations to Don Wedekind, who broke the scoring ice with his fourth quarter lay-up. Jim Corrie made his first appearance, following a slow 30 seconds to make it 42-26 at start with a broken nose. . . . To the half.

Summary: Bill Rush poured in his first points for a fast 3-0 lead. After Jerry De Angelis layed one in, the Bellboys ripped off five straight to make it 8-2 by 6:20. By 4:01, it was 10-6 so Pucciarello and Rush tapped in lay-ups to make it 14-6. Jones brought Orange back 14-10 before "Tiny" and "Puchie" made it 18-10 with another pair of lay-ups. After Frank Bell connected for Orange, Pucciarello and Rush (who else?) again combined for Belleville (to make it 21-12 at the quarter). The first 5:30 of the quarter followed a pattern of one score for Orange and two for Belleville. This was broken though when Pizzuto poured in six straight to make it 42-22. Moose Billingsley and Jones both scored in the last 30 seconds to make it 42-26 at the half.

## Bloomfield Tumbles Bellboys, 60-52

By STEVE CHAREN

A six point spree late in the third quarter gave Bloomfield a 45-38 lead and put the game out of Belleville's reach on December 26.

The first quarter produced a one saw battle that ended at 18 points apiece. The second quarter was more of the same, with Sophomore Ted Vastieniecki laying one in at 1:52 for a 31-29 Bengal half-time lead.

In the third quarter, after the Bellboys had tied it, Bloomfield pulled ahead by six points. The Bellboys had bounced back 39-38 tied by the Bengals jump shot by seven. Late jumpers by Nick Pizzuto and Len Luongo cut the margin to four points going into the final quarter. In the fourth quarter, the Bengals tested Bloomfield's Juniors (2-3) pulled ahead by 11 points before a Belleville run cut the margin to five at 57-52. From there, Vastieniecki added three for the 60-52 final.

The big difference between the

two teams was their percentage from the floor. There was little difference in rebounding, and both teams had identical 6 of 10 slates with the free ones. From the floor, the Bengals managed to connect on a remarkable 56 per cent of their shots to a commendable 49 per cent for the Bellboys.

Bloomfield's Bob Grant led the scorers with 18 points, followed closely by the Soph. Vastieniecki with 17. Bill Muse, with 10, also had double figures for the victors. On the other side of the coin, Pizzuto returned to form and tied by 15 points apiece.

Bellboy Bounces: As usual, the cut the margin to four points going into the final quarter. In the fourth quarter, the Bengals tested Bloomfield's Juniors (2-3) pulled ahead by 11 points before a Belleville run cut the margin to five at 57-52. From there, Vastieniecki added three for the 60-52 final.

On the Varsity side with one quarter of the regular season, over Ken Fulmore remained the only Bellboy to have appeared in all 20 quarters. Bill Rush and Jimmy Brown have seen action in 19 and Rich Pucciarello in 18. The other starter, Nick Pizzuto, missed a game with the flu, but played in 15 quarters. . . . Brown has the least personnel among the starters — three: Pucciarello has only four. . . . Nick Pizzuto's fourth quarter foul shot kept his perfect record intact. . . . After the first quarter of the season, the team's high scorer is Bill Rush with 80 points; followed by Pucciarello with 48, Pizzuto with 47, Brown with 34, and Fulmore with 33. . . . This was the first time the Bellboys lost in their new gym. SC

## Malarkey Appointed New Plant Manager

William P. Malarkey of Nutley has been named works manager of the Belleville Westinghouse lamp parts plant. The appointment was announced by James E. Woodall, manufacturing manager of the Westinghouse lamp division.

The Belleville plant produces some 800 million parts each year used in the lamp and electronic tube industries. Malarkey succeeds Eugene E. Greenley who has been named to a key manufacturing post at the company's large fluorescent plant in Fairmont, West Virginia.

Born in Belleville, Malarkey graduated from the local schools there. He studied business administration with the Alexander Hamilton Institute and pursued an engineering course at Fairleigh Dickinson University. During World War II, he served four years in the U. S. Navy and was assigned to submarine duty. He resides at 25 West Street in Nutley with his wife and three daughters.

Malarkey joined Westinghouse in 1942 as a draftsman at the Belleville works. He left the company briefly in 1960 but returned two years later as a methods engineer. In 1956 he was appointed a foreman and in 1960 he was promoted to general foreman.

Every man feels instinctively that all the beautiful sentiments in the world weigh less than a single lovely action.—James Russell Lowell
