Grande, Ceruasio HR's Spark 13-Hit Assault

Belleville High right fielder Nick Grande began a long, hard afternoon for the Nutley nine Tuesday when he pulled Maroon ace Jeff Janasy's second pitch into Franklin Avenue some ten feet north of the right field foul pole.

By the time centerfielder Joe Cervasio ended the day with a bases-loaded homer in the seventh off the fourth Nutley pitcher, Ken Inglis, the Bellboys had blasted the entire Maroon pitching staff for 18 runs, and 13 hits and maintained their tie for the Big Ten Conference lead with a 4-1 record.

George Debrovski scattered eight hits for only two runs over five innings for the victory before Art Sheridan came in from third to finish the game. Debrovski struck out five while walking only one, and Sheridan pitched two scoreless frames in relief, yielding two hits while showing sharp control (three strikeouts, no walks).

Besides the two round-trippers, the big hits were Tony Magistro's two-run double in the third and Jim Connell's two-run single in the opening inning.

Cervasio had another run-producing single in the fourth for a total of five RBIs. Catcher Lenzy Luongo also had two hits in three at-bats.

Nutley's Park Oval field got revenge of a sort for Grande's game-opening round tripper. Nick had to leave the game in the bottom of the fourth when he scratched his eye while chasing a ground-rule double.

The game was put out of reach with five more in the third. Mingo was hit by a pitch. Cervasio reached on an error. Connell singled and Grande drew a walk to force in a run. Then Magistro doubled, scoring two, and Sheridan reached on a two-out base error to score two more.

Town Claims \$9,200 Posted by Seagraves On Fire Truck Pact

The Town of Belleville claimed the \$9,200 performance guarantee posted by the Seagraves Fire Apparatus Company when it received a contract for three new pieces of equipment last year.

Town Treasurer Francis McCoy said he deposited the \$9,200 check to the Town of Belleville in a new account opened at the Broadway Mutual Savings and Loan Association in Newark on April 15. The Town received six months interest on the money, McCoy said.

McCoy said he acted on the advice of Town Attorney Charles B. Tedesco and the Town Council.

Councilman James R. Golden led the campaign to invoke the clause in the contract to take possession of the \$9,200 when the company failed to deliver the 85-foot aerial ladder by March 31, the date on which the 180-working days expired according to local officials.

Tedesco reported to the Council on April 1 that in his opinion the company had defaulted on the contract as far as delivery was concerned and the Council

Camp Carragher Area Eyed As Picnic, Nature Study Site

Town Councilman William H. Cullen has proposed that the Hill Street, Camp Carragher area be developed by the Town as a picnic site for the use of Town residents.

Cullen made his proposal at the last Town-Council meeting.

At the same time the public affairs department of the woman's club of Belleville, made an oral petition to set aside and establish a nature study site in the Camp Carragher area to be used by supervised youth groups.

The Town Council is considering both proposals.

The woman's club proposal was presented by Mrs. William Brownie, newly-elected chairman, and supported by Mrs. William Baker, immediate past chairman, who with Mrs. Edward Rochan, past president, last year selected this program as the club's community civic improvement project.

Bass' attorneys, Heller and Laiks, went before Superior Court Judge James R. Guiliano in Newark, Monday and was granted the restraining order.

Chief Brands Golden's Statements 'Untrue'

Fire Chief Carl F. Hunderfund said in a statement issued in reply to Councilman James R. Golden's charges last week in relation to the old fire trucks, branding the statements as untrue.

Chief Hunderfund said: "Despite Councilman Golden's contention that I should not have been concerned with his remarks regarding Fire Department equipment, remarks which incidentally were untrue, I must remind the Councilman or advise him in case he does not know, that no one is or should be more concerned, or in fact, responsible for Fire Department operation and conduct than the Fire Chief, whether he be a member of a volunteer or a paid department. Furthermore, Golden's remarks were directed not only at the fire trucks but at the personnel for it was I who asked for the new fire trucks were being sent. I reserve the right as a citizen and as Fire Chief of the Town of Belleville to protect my Fire Department from being used as a political football.

"Councilman Golden suggests in his latest story that I am a 'patron' for someone else. Golden knows better. He realizes I am a 'patron' for no one else. My comments were my own and not known to anyone until the paper reached the street and I charge Councilman Golden to prove otherwise.

"The Councilman asks 'Is it pride in my department that inspired my remarks?' Yes, Mister Councilman it is pride in my department which motivates all my waking hours. I have a department which merits pride. I have a group of dedicated men who are doing an outstanding job under almost impossible conditions which you, Councilman Golden, seem to take a great delight in attempting to keep impossible to make them even worse.

"Councilman Golden states 'That I should keep my nose out of the argument and let the Town Hall take care of the problem.' Golden's memory is very short. If it was not he would recall that it was he who dragged me into the controversy and tried to make a 'donkey' of me at public meetings. I might remind the

1,200 Children Take Part In Town Easter Egg Hunt

More than 1,200 youngsters and a large number of parents took part in the annual Easter Egg Hunt held Saturday at the Municipal Recreation Department.

The children were divided into two groups according to age. Actually the youths looked for cards rather than eggs, according to Recreation Superintendent Robert Cook.

He said after the hunt the children were reassembled in the Stadium stands and a drawing was held to determine the winners of the large prizes. The gifts included stuffed rabbits and ducks. Six prizes were supplied by the Town Recreation Department, a seventh was donated by the Belle Maid Donut Shop.

Winners included Eileen Shafer of 73 Belmont Street, Joseph Vecchione of 18 Overlook Avenue, Scott Mackson of 12 Maple Street, Debbie Cardone of 67 Forest Street, Carol Ann Neri of 35 Carmer Avenue, Jeffrey Schenke of 38 Oak Street, and Edward Kulek of 20 Nolton Street.

Serving on the Hunt committee were Miss Maria Contino, Miss Barbara Meola, Miss Bonnie Clairelook, John Gruivert and Michael Lilibio.

DeWitt Savings Dinner Marks High In Assets

The DeWitt Savings and Loan Association, 463 Washington Avenue, Belleville, reports this week that it has broken all records in its 23-year history by attaining a total assets figure in excess of \$25,000,000.

John P. Dailey, President of the Association, points out that this record-breaking amount exceeds by \$23,832 the total figure published in DeWitt's December, 1964, financial statement.

In celebration of this achievement, DeWitt was host at a gala dinner, Tuesday evening, April 13th, at the Forest Hill Field Club on Belleville Avenue in Bloomfield. Among the guests were the Association's Officers, directors, attorneys and executives of the New Jersey Savings and Loan League, and members of the New Jersey State Banking Commission. The DeWitt organization was founded under its present name in 1942 and was formed by the merger of a group of men previously associated with similar type financial institutions.

Its first president was Joseph King, a familiar figure in Belleville financial and civic activities. Its first office was at 269 Washington Avenue. The present colonial structure was built in 1854 and is a familiar landmark on Belleville Avenue in Bloomfield. Among the guests were the Association's Officers, directors, attorneys and executives of the New Jersey Savings and Loan League, and members of the New Jersey State Banking Commission.

For the next fourteen minutes he's going to be captivated by The Ride through the long history of man's efforts to communicate — from tom-toms to the Telstar communications satellite.

One of the most exciting things at the Pavilion is the new Picturephone Service. And he knows it. He'll make his own Picturephone call and see as well as talk to the person on the other end of the line.

He'll discover the Phone Fun Fair — one of the many new exhibits for 1965. There, he'll find the Voice Mirror and hear how his voice sounds on the telephone. He'll use a "Weatherphone" and dial cities around the country to listen to the weather forecasts. And, at the Phone Fun Fair's Kiddie Telephone Center, he's going to dial his favorite Walt Disney character and hear a recorded message.

Then there's the physical sciences exhibit, where he'll be spending a lot of time. He'll be intrigued with the achievements of Bell System research: the transistor, solar battery, maser and laser.

A THOUGHT FOR TODAY

By: SAMUEL W. (Father) & JOHN F. (Son) BROWN

"BLESS'D IS HE WHO EXPECTS NOTHING, FOR HE SHALL NEVER BE DISAPPOINTED."

Although at first glance this saying preaches a rather hard-headed practical philosophy, it is, upon closer inspection, a dash of cold water on the dreamer's qualities which to varying degrees are common to most of us.

It is inaccurate, of course, to state that most of us "expect" a profusion of good things to come our way, but it is very likely that the majority hope — rather wishfully, perhaps — that fortune, recognition, or any of a hundred welcome visitors find their way to our doorstep. Needless to say, when the substance of the dreams tumbled far away in the dim recesses of our minds fail to materialize, we are — whether we admit it or not — disappointed.

There is another half to this adage... "Expect the best; but prepare for the worst." Faith without works availeth nothing... the work is the human footstep that are taken to prepare for inevitable occurrences. Let SAMUEL W. Citizens Committee Raps Arvidson, Juliano On Dual Control of Local School System

Mrs. Anthony C. Izzo, chairman of the Citizens Committee Against Dual Control, blasted Board of Education President, Ernest S. Arvidson, and former Board president Nicholas Juliano in a statement issued yesterday. She said:

"Much is being made of the 1964 Grand Jury Presentment for very good reasons. The eleven points cited as loose and careless practices by the Grand Jury are not to be taken lightly. Citizens Against Dual Control state purpose is to remind and re-charge all Local, County and State Authorities with their responsibility to the Taxpayers of Belleville who usually wind up being the goats.

"The facts are that Mr. Arvidson and Mr. Juliano are completely ignoring the possibility of the return to unsavory and corrupt practices which cause waste of hard earned tax dollars for the benefit of selfish and incompetent officials.

"Mr. Arvidson is so right when he says, 'Belleville has come to realize however that it is not entirely the form of government but the individual official that determines whether government functions well or not.' If Mr. Arvidson finds it so difficult to serve under Unit Control, Citizens Against Dual Control, would welcome his resignation.

"How did the school system fare under this type of 'unit control'?

"Very smoothly," says Mr. Arvidson. Right and during that smooth period Dr. Frank Durkee served as Assistant Superintendent and Acting Superintendent of Schools while Mr. Thomas was ill. The trouble began when Arvidson and Juliano were elected to the Board of Education and ever since they have pursued a divisive policy of hate, suspicion, intrigue and controversy which has resulted in a number of deplorable situations:

"1 - A seesaw battle for control of a power bloc which erupts after every election.

"2 - Principals and teachers involve themselves in election campaigns reflecting serious conflict of interest.

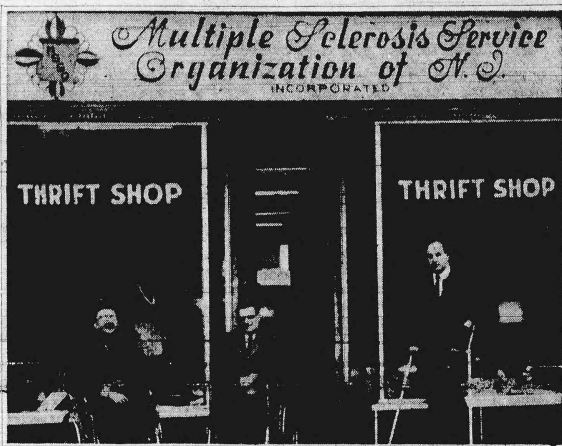

"3 - A Principal letting the cat out of the bag by announcing to school children prior to the teacher's walkout that it was all right for them to take a holiday because school would end on June 24 this year instead of June 24.

"4 - The on again off again policy to dock or not to dock the teachers winning their point and their pay. The implication of how that deal came about has not yet been absorbed by the taxpayers.

"In this climate of suspicion Mr. Arvidson and Mr. Juliano try to justify a move to return to a discredited system of dual control.

"To the claim that Dual Control works well in our neighboring Town of Nutley, Citizens Against Dual Control would like to dispose of the notion that what is good for Nutley is good for Belleville. A brief glance into the history of both these Towns shows that while Nutley has maintained a status quo on both it's main bodies, Belleville has had to change the school system and the Town Government, changes that came as the aftermath of loose and careless business practices in operation. There can be no mistake in the intent of the Grand Jury's recommendation of Unit Control for Belleville's school system.

"The Town Government was changed from a set up similar to Dual Control under five heads to Unit Control under Council Manager which corresponds to Board (Continued On Page 15)

Parents to Aid School Libraries

Elementary schools have or are forming committees of parents to assist in management of newly formed central libraries. These committees, as well as teacher assistants, will receive instruction from the Town Library staff.

Central libraries as being organized in Schools Five, Nine and Ten. The library committee, when it completes its instructional program, will, under guidance of the Assistant Director of the Town Library, organize and catalog the library books.

With the help of Mrs. Helen H. Lauer, now the Junior High School Librarian, a parents committee organized and now oper-

ates the central library in School Eight. A parents committee operates the School Three Central Library, and Schools, One, Four, and Seven will be forming library committees.

As the Junior High School Librarian, Mrs. Helen H. Lauer has organized a library from grade 7-8 books moved from the elementary schools and grade 9 books left from the former High School library. Now she is in the process of ordering books to meet deficiencies in department subject areas.

Increasing cooperation between the Town Library and the schools is developing better and better library services for the students. "The library should be the heart of the curriculum especially in Junior and Senior High School," said Dr. Frank M. Dur-

kee, "and I am happy to see the progress being made in library services."

Hulme Starts 6-Month Spot As Soloist at World's Fair

Donald Hulme, the young Belleville accordionist, who became world champion of his instrument, has achieved one of the major triumphs of his career — a six-month engagement at the 1965 New York Worlds Fair as featured soloist with Paul Lavalie and his 50-piece Cities Service Worlds Fair Band of America.

The famous Lavalie Band of America is now in its second season as the official Worlds Fair band, performing during the day throughout the Fair as it proceeds on its band wagon from pavilion to pavilion and coming to its climax each evening with a grand concert at the Court of the Universe prior to the fountain and fireworks display. It is estimated that 85,000 to 90,000 hear and see the band daily.

His engagement as a spotlight artist with the Lavalie band tops the accomplishments of Donald Hulme since, a month before his 21st birthday, he won the international accordion competition in Italy, in 1961 and brought the world title home to America. He outplayed 32 champions from 29 nations in the world contest.

He has appeared on the Ed

Shabby Treatment for Sandman

Last week the New Jersey Republican Finance Committee Chairman, John H. Ewing, made it clear that at tonight's \$100 per plate GOP fund-raising dinner, Senate President Charles W. Sandman, Jr., candidate for the Republican gubernatorial nomination, will not be permitted to speak at the function although Senator Wayne Dumont, who is endorsed by Ewing for the nomination, will be introduced and will speak.

Ewing, in answer to a request from Senator Sandman that he, Sandman, be permitted the same privilege he extended to Senator Dumont, made it clear that the Republican State Finance Committee will "run the affair any way it chooses".

Perhaps the Republican Finance Committee has a right to run the affair "any way it chooses." We don't agree with Mr. Ewing. We believe the Republican Finance Committee has an obligation to the Republican voters and the Republican Party of New Jersey.

Political Bosses

Our friend, William H. Everett, one of Essex County's five Republican Assemblymen, last week accused the four-member Essex Democratic Assembly delegation of being lackeys for Essex County Democrat Chairman Dennis Carey.

Everett's statement was made in connection with the voting of the Essex Democratic delegation in favor of the temporary State Senate reapportionment plan recently adopted.

In a prepared statement for the press, Everett said:

"This malapportionment bill is the product of a deal made at a closed-door session in the governor's office. To it the Democrat assemblymen agreed without a protest because it was what the Democrat bosses wanted. Never mind the people of Essex who were sold down the river in the deal."

"The Essex Republican delegation will continue its fight against this unfairness to the people of our county, while the Democrats will continue to sit on their hands as they have done since the Legislature began consideration of reapportionment. They have offered nothing. They waited for the word from the bosses. Then they voted as they were told."

Would Everett accuse Bergen County Chairman Walter Jones of being a boss? Would he say the same about the distinguished Senator Frank Farley of Atlantic or Senate President Charles Sandman of Cape May — all Republicans?

No, we are convinced that both major parties need strong leaders at every level and we don't believe a strong political leader can or should be equated with bossism.

For some time we shared brother Everett's apprehension that various Democrat organizations were run by political bosses. Through a process of self-education, we have come to the conclusion that if there is such a being in existence, it can be found in both parties.

The Republican Finance Committee has no right, knowingly, to give one primary candidate benefits denied to the other. The New Jersey Republican Finance Committee is supposed to represent every faction of the Republican Party but on the way of Mr. Ewing, it will do what it pleases.

If the anti-Sandman people want to materially aid Sandman's candidacy for the G.O.P. nomination, all they have to do is to continue treating Sandman like a cast-off shoe.

When primary day comes to an end, Republicans will need both Dumont and Sandman on the firing line in November if the party hopes to make any kind of a showing against incumbent Governor Richard J. Hughes.

Senator Sandman's past services to the party are such that he is not deserving of the shabby treatment which is being accorded him by the likes of an arrogant Ewing.

F.A.O.

Republicans in Essex County should admit the fact that Dennis Carey is a strong political leader.

As on the football field, so, too, in the game of politics, to be successful there can only be one quarterback.

Everett also accuses Democrats of offering nothing, sitting on their hands and waiting for word from the bosses on the question of reapportionment.

The record indicates otherwise.

There have been Democrat reapportionment plans submitted to the legislature and every Democrat-sponsored reapportionment plan was buried by the Republican-controlled legislature.

When an Assemblyman says: "This malapportionment bill is the product of a deal made at a closed-door session in the governor's office" he must tell the people all the truth.

The chief architect of the apportionment bill, approved by the legislature and signed by Democrat Governor Richard Hughes, was none other than the chief spokesman of the Republican Party in New Jersey, Senate Majority Leader William Ozzard of Somerset County. If there was a deal behind closed doors as Assemblyman Everett alleges, it was Republican Ozzard's deal and most certainly not a Democrat deal.

Political campaign time is fast approaching and public office holders and candidates for office may be careless and reckless with the truth. But this is no excuse to mislead the public. We believe a public official serves his party best when he embraces the facts.

Assemblyman Everett has served well the people of Essex County. That he deserves re-nomination and re-election, there is no doubt — that he is qualified to be a candidate for State Senate is an accepted fact — but we hope his future public utterances reflect the facts and not fiction.

Senator Sarcone Runs Again

Essex County Republican C. Robert Sarcone, Republican of Newark, has accepted the GOP screening committee's invitation to seek re-election at the special legislative election to be held in November.

For three months, Senator Sarcone was seriously entertaining the idea of becoming a candidate for the GOP gubernatorial nomination.

Over the week-end, he withdrew from the field. Now he is running again for Senator in an election year which carries all the portent of a defeat for the GOP in Essex County and in the State of New Jersey.

Sarcone goes into this campaign with a heavy liability. He has blocked the promotion of Essex County Judge John Crane

to the Superior Court. Sarcone admits that Judge Crane is well qualified.

In the memory of old timers, Judge Crane is the only Nutley resident who ever served the New Jersey judicial system. Nutley residents, Republicans, Democrats, and independents are angry with Sarcone because he has successfully blocked the promotion of Judge Crane.

Unless Sarcone moves to free Judge Crane's name from the Senate judiciary committee, he is headed for certain defeat in Nutley.

It is one thing for politicians to play politics with political appointments but it is an entirely different matter to play politics with judicial appointments.

Passaic County Is A GOP Neutral

The Passaic County organization met this week under the leadership of its aggressive and dynamic chairman, Stephen Dudiak.

Among the things the organization considered at its meeting was an endorsement of a GOP gubernatorial candidate.

An overwhelming majority of the committee's membership vigorously opposes sales and income taxes.

It likes Senator Charles W. Sandman, Jr. who is opposing Senator Wayne Dumont for the GOP nod.

Out of respect for the able leadership of Mr. Dudiak, the committee decided to re-

main neutral. If it was compelled to make a choice between Senator Dumont or Senator Sandman, there is no doubt in the minds of the politically sophisticated that the choice would have been Sandman.

Mr. Dudiak leads an organization in the coming primary which will be more united the day after primary day than any other county GOP organization in the metropolitan area.

Republican County Chairmen of neighboring Bergen, Hudson, and Essex could learn some hard-headed politics from Dudiak, who is among the most successful businessmen in North Jersey. —F.A.O.

DUAL CONTROL BACKED AGAIN BY JULIANO

To The Editor, Times - News:

Facts, like the truth, cannot be suppressed forever. Moreover, they have an uncanny habit of haunting those that attempt to alter them through mis-statements and half-truths. Apparently, you and the unidentified author of the April 8th editorial, "Dual Control: Board Irresponsible," are adherents of the old technique, "when you can't convince them, confuse them." Most knowledgeable readers, accurately suspect the identity of your anonymous writer as the motivator of these sadly mis-stated facts. Those who are looking for a ludicrous spectacle of them selves.

Another technique commonly employed by the fact-confusers to accuse those who disagree with them of the very actions they are guilty of themselves. This brings us to the gibberish charges of irresponsibility, invariably made by those who attempt to conceal their own irresponsibility. For example, when a newspaper fails to check all the facts, would this be "responsible" or "irresponsible" reporting? When a newspaper deliberately ignores facts or refuses to print opposite views, would this be "ethical" or "unethical"???

RESPONSIBLE, according to Webster, "applies to one who has been delegated some duty or responsibility by one in authority and who is subject to penalty in case of default."

ETHICAL, according to Webster, "is conforming to the standards of conduct of a given profession."

DO YOU KNOW THAT THE SUPERINTENDENT OF SCHOOLS ACTIVELY PARTICIPATED IN THE MARCH 17TH MEETING AT WHICH THE SCHOOL STAFF VOTED NOT TO REPORT TO THEIR CLASSROOMS???

DO YOU KNOW THAT THE SUPERINTENDENT VOTED FOR THE PROTEST ACTION???

He sanctimoniously called the staff action illegal in your paper, but failed to state that he VOTED for this "illegal action." Do you subscribe to this "Jekyll and Hyde" unethical and irresponsible conduct by the superintendent of schools???? Is he a loyal administrative leader of our school system? Did he conform to the standards of conduct of his own profession? Is the board of education, the community, the school system, and above all the student body, entitled to expect and require unqualified loyalty from the chief administrator????

Such unpardonable "Trojan Horse" conduct raises serious and grave doubts in the minds of responsible citizens as to whether the superintendent is equal to the responsibility, the loyalty and public trust his position requires and demands. When a chief administrator is incapable of determining to whom his loyalty and prime obligations belong, there can be little, if any, confidence placed in his judgment and decisions. Any clear thinking citizen cannot help but wonder whether the superintendent's effectiveness and value as the administrative leader of our school system ended with his active participation and VOTE for the very action he termed illegal???

Is this the kind of chief administrator we want for our schools, one who doesn't hesitate to violate the ethics of his own profession, one who encourages his staff to take "illegal" actions and violate their employment contracts???

You be the judge!!!

BOARD BLAMED FOR TEACHER WALKOUT

To The Editor, Times - News:

Belleville's Board of Education is getting to be quite a disappointment. In February they gave the town's people a high budget which was rejected at the polls. Then they again presented these same voters with the exact identical budget, thinking it would pass with flying colors. Congratulations to the voters who saw through this idiotic move!

Now, after the Town Council cut it so drastically they see fit to deprive our good teachers of a day's pay for their one day protest. If they would have studied the budget a little more carefully after the first rejection and made it more acceptable to the people this mess never would have oc-

curred.

Our teachers went out to protest this move but I believe they should have held their demonstration in front of the Board of Education office instead of the Town Hall. As far as I'm concerned they were held up to ridicule by the Board of Education and the board started the whole thing when they tried to make fools out of the voters. Our teachers protested for all the children in Belleville's Public School system who would be provided with whom they were promised and not for a higher salary as many people were led to believe.

The Belleville Times editorial in my opinion, was extremely harsh on our teachers. They were made to look like fools and on the front page, no less! I feel this was extremely unfair to those people who work long and hard to help our children. They needed a boost during this protest and The Times did just the opposite.

This issue never should have gotten as far as the Town Council! If The Belleville Times is such an authority on such matters it should have looked before it leaped, at our teachers!

Sincerely,

Mrs. Dorothy O'Connor
203 Franklin Avenue,
Belleville, N. J.

(Ed's Note: One hardly needs to be an authority to know that the teachers should have seen to their classrooms fulfilling their contracts not walking along the sidewalks with signs in their hands on a regularly scheduled school day. We hope that the teachers are still teaching the Bill of Rights to our children which gives all of us the right to protest against our government on local or national level by petition.

If the teachers looked foolish to you on our front page it was only because they were "engaged in a foolish action.")

PROTESTS ARGUMENTS FOR DUAL - CONTROL

To The Editor, Times - News:

In the name of fair play, I would like to register a protest against the arguments for dual control presented by Nicholas Juliano in last week's Times.

He claims that the 1954 Grand Jury recommended an appointive board rather than an elective board. This is true, but he fails to state that in addition to recommending an elective board (which we now have), the Grand Jury made an equally strong recommendation for unit control for the Belleville school system.

Then he quotes the Grand Jury of 1952, which indicted he and Ernest Arvidson and others, for support of his criticism of Dr. Durkee. If their judgment had prevailed, he and others would

have gone on trial. The hard, cold truth of the matter is that Messrs. Juliano and Arvidson were strong advocates of unit control as long as Evan Thomas was Superintendent of Schools, but their vendetta with Dr. Durkee has forced them to substitute personalities for principles.

Sincerely,
Allan H. Crisp.

BECK'S COLUMN

By MAX BECK

Everything you buy these days, whether it costs \$1. - or \$10,000, is "guaranteed." Obviously the reason is to induce people to "buy with confidence."

Often it is very easy to extend such a guarantee. If people buy an item for a few dollars, and it is not satisfactory, it is a rare case that somebody goes to the bother to pack it up, write a letter and send both to the factory. So, they just throw the item away and the manufacturer is out of his obligation.

Many customers have found out that a "guarantee" or "warranty" (which is the same, contrary to what you may think) does not give any protection at all, or if it does, it means expenses to get the benefit of this guarantee.

Now let's get down to cases, or rather one case, which, of course, could be multiplied thousands of times.

One customer complained bitterly about the purchase of a portable TV set which he bought at one of those "highway stores." He felt perfectly safe because it was "guaranteed." The set developed some trouble and he asked to send a serviceman to correct it. He was told that portables had to be brought to the service station. He took the set back to the store, where he was told that he had to take it to a service in Elizabeth. Although he did not like the idea, he took half a day off from work and lugged the set to Elizabeth. He had to leave it there, since they had about 30 sets to work on before it was his turn, and to come back after a week. When he went back, the set was not ready. Another half a day lost. To make a long story short, after several delays and telephone calls, he finally picked it up. It still did not work right. He did not want to go through all the trouble again, losing the expense of using the automobile, not having a TV set to use and the aggravation. So he gave it to a local repairman, who found a bad tube, for which the customer had to pay, of course, plus the labor charge. This is a typical case about an absolute worthless "guarantee." Such a thing can not happen, if you deal with us, because

MORE STATE AID
SOUGHT FOR EDUCATION

To The Editor, Times - News:
There has been much written and spoken on recent events in our Town, all stemming from a double defeat at the polls for a proposed School Budget, by a majority of 16 to 23 per cent of our total registered voters, who "stirred" themselves from lethargy to exercise their prerogative that millions of Americans have died to defend.

All this is now academic when viewed in the light of the overall future of public education in New Jersey. There is no room for halfway measures here. It is absolutely imperative that the State of New Jersey provide greater financial aid to local school districts. Irrefutable evidence to this fact was the defeat of 57 school budgets this year.

rate, in examining their consciences, actually consider the children of a community as "priceless assets" and "The Future of America" or whether they are instead a drain on the treasury of a municipality. Obviously, those that consider our children in the light of a priceless asset, for the most part, only give it up service, and refuse to take the action one step further, positive action at the polls.

There may well be something intrinsically wrong with the present system when so many communities refuse to provide the funds needed to operate their schools at the level recommended by the very officials they themselves elected. If more and more taxpayers at the local level, through ignorance or just plain apathy towards America's future, balk at providing the funds necessary to educate our children, then the need for state action mounts. Tomorrow may be too late. Therefore, I strongly urge you, my fellow taxpayers, if you are sincere in your belief that we have an obligation to provide the best in education for all our children, to take positive action, by petitioning your elected representatives in Trenton, to take the necessary legislative action.

Under New Jersey statutes on this subject, albeit somewhat archaic, education is still a state responsibility, but as of now remains a local expense for the most part.

The words mandatory and - or mandate have been loosely used and applied in the past few years in this community, but it takes only innate common sense and drastic increase in the state's share of financing public education. Either we do the job adequately or abandon entirely the Public School system, which evolved out of a sense of responsibility to educate all our citizens, if we were to be truly a Constitutional Republic operated by the consent of the governed. If we abandon it, we sow the seeds for the destruction of the American way of life, and the enslavement of free men, by despots universally.

Yours Very Truly,

ON RECREATION TALK

To The Editor, Times - News:
Your newspaper has always seemed fair and has published many P.T.A. and club articles for me in the past. Might you be kind enough to insert the following on your letters from citizens page. Thank you for your kind consideration.

To the Citizens of Belleville, (especially us mothers and housewives.)
Since elections are coming up again soon our Town Fathers are again tossing the old "recreation" ball in our faces. At the last Council Meeting I heard Councilman West's strongly "speak" about "doing something in the Silver Lake section" and Councilman Cullen submit his recommendations for the old Camp Carragher site. It sounds wonderful - just as wonderful as it did some time ago when those

Mr. and Mrs. Leonard Cowan, Mr. and Mrs. Anthony Moro and Mr. and Mrs. Alex Nucci drove to Atlantic City recently to attend the New Jersey Plumbing Contractors Convention. Staying at Haddon Hall, the ladies reported they lived like queens and enjoyed all of the activities.

With perfect weather, they fished, golfed, swam in the indoor pool, took in the flower show, and had tea at Smithville Inn but the greatest event of all was the cocktail party and President's Ball in honor of the newly elected president, Joseph Marasco of New York. Marasco is the brother-in-law of Mrs. Cowan and Mrs. Moro.

Mr. and Mrs. Henry Candura of 16 Howard Place will celebrate their tenth wedding anniversary on April 24 with a quiet dinner at home. Since Mrs. Candura is recuperating from a stay in the hospital.

A belated happy birthday to Joseph McGrath of 201 Branch Brook Drive who celebrated his birthday on April 9 by taking Mrs. McGrath to the Bow and Arrow for dinner.

WEDDED 62 YEARS
Anniversary congratulations to Mr. and Mrs. William "Doc" Hood of 159 Academy Street. It was their 62nd wedding anniversary on April 14 and they celebrated it together — just the way they wanted to.

Mr. and Mrs. Wilfred Yudof of 131 DuWitt Avenue took a week's vacation, flying first to Mexico City where they stayed at the Del Prado Hotel and managed to do a lot of sightseeing in a relatively short time. They then flew on to San Francisco for a brief visit.

Their daughter, Diane, went with them as far as Mexico City but then continued on to Acapulco where she reports she had a marvelous time.

Best wishes to Mr. and Mrs. Pat Orlando who have moved from Union Avenue to their new home on White Oak Terrace in Belleville.

Friends and family are hoping that Miss Mary Ann De Croce, daughter of Mr. and Mrs. Frank De Croce of 2 Cedar Hill Avenue, will hurry home from the Mount Sinai Hospital in Montclair very soon.

EASTER REVUE
Prior to the Easter vacation,

the students of class 6B, St. Peter's Grammar School, put on a revue for the entire school entitled, "It is Easter". Under the direction of Mrs. Robert Salvatore, the boys and girls did a delightful, as well as colorful, series of dance routines.

Performing as soloists were Harry Cusman on the organ, John Salvato on the electric guitar, and Mary Ellen Ward and Kathy McBride each in the recitation of a poem. At the end of the program, the children gave a basket of eggs (colored by the class) to each teacher to be distributed to each student.

It's nice to hear that Mrs. Hugh Welsh of 71 Van Houten Place is recuperating nicely in Clara Maass Hospital. We hope she will be feeling better very soon.

More Bellevillites to become participants will be Mr. and Mrs. Sheldon Pechman and Mrs. Steven, of Forest Street who will soon move into their new home at Lake Hawatha in Parsippany. Good Luck.

Mr. and Mrs. Sydney Lane of 37 Crescent Terrace have just returned from a nine day cruise aboard the SS United States to Nassau, Curacao and St. Thomas. While they had a marvelous time seeing everything in the islands, they found sailing on the United States very impressive. They report that the ship is five blocks long and a complete city in itself. Returning home, they were pleased to find that their daughter, Carol, had made the Dean's List at Montclair State for the second time. Carol is in her junior year as an art major.

A double celebration with dinner at Thom's Restaurant, Newark, was enjoyed by Mr. and Mrs. Thomas Candura of 16 Washington Street, who were celebrating their 16th wedding anniversary (which was on April 17) and also the birthday of their daughter Sandra (which is April 27). Happy anniversary and birthday to Sandra. Carol had taken the night off.

A NIGHT IN BIG CITY
A group of the Women's Monday Night Recreation Bowling League and their guests had a ball in New York City living like the "idle rich". They enjoyed the musical comedy "Faded Out Fade In" even though Carol Burnett had taken the night off. Before dining at the Hawaiian

Room in the Lexington Hotel, they investigated the Paul Revere Room, also in the Lexington Hotel. Having an evening long to be remembered were Mrs. Joseph Tremel and daughter Janie, Miss Linda Caruso, Mrs. Hugh Brady, Mrs. Rudolph Garbelly and daughter Marilyn, Mrs. Myron Baron, Mrs. S. Conolly and daughter, Mary, Miss Edith DeFeo, Mrs. Kenneth Miller, Mrs. Martin Cook, Mrs. Beverly Kane, Mrs. Josephine and Mrs. William Zimmerman, all of Belleville and Mrs. August Milnes of Bloomfield.

Teen Says Knowledge Sole Key to Success for Her Generation

(Ed's Note: Below is the second of a series of articles written by members of the Belleville High School Senior English Class in which they survey the world and the prospects it has to offer to their generation.)

BY SUSAN BENEZIANO

Education is the only preparation for the future, for it is certain that knowledge will be the only key to success. It is no longer possible to acquire wealth by physical labor, benefiting from the development of a strong body. Rather, rewards will come from developing a strong mind. Gen-erations of those with high school diplomas will get medicine jobs, while those who have been graduated from a college or university will get the preferred positions. Since the number of degrees still

school students work under pressure in an attempt to attain grades which colleges will accept, for colleges are so over-crowded that they can afford to select only the best. Once the student has been accepted, he must apply himself in order to maintain his status. He will be under constant pressure.

It is known that the colleges and universities are over-crowded because there are more students attending. What may not be apparent is that the number will constantly grow. The overwhelming enrollments are not only due to the increase in population. Students have come upon the realization that they must be educated in order to feel certain of obtaining a good job. One of the biggest national problems is unemployment — unemployment which seems to be man's own invention. The machine is now replacing man. It is worth noting the word "competition." That is all the generation will ever know. High

SUSAN BENEZIANO

With education, man can reach unfold heights. The standard of living can rise; and life can be made easier. Considering these prospects, there should be no question as to what will become of the adolescents of today. Why, then, is there so much controversy? Why, then, do the adults fear what will come of this generation?

Going back in history, one recalls the strict puritanical code of the nation's founders. Were there any problems with youth then? Probably, there were more. The woman's place was in the home. She was there to devote her time to raising her children. Between the father and the mother, the children received the guidance they needed. They respected their parents, who were excellent disciplinarians.

As time passed, there was a break-down in discipline. New religions looked down upon theatre going and prohibited dancing. What remarkable in-

light the church had! A fair portion have been touched. Eating as a smoke and drink while still very young. They date and get married. They are highly suggestive; they have been no need for vitamins, for often vitamins are used to replace the mind. Why is man hurrying? This may sound like a question in public with their shoes off. Considering the beach today, it is obvious that society's standards have changed considerably. Compared to the yards of material women used to don, the women's apparel of today is nothing. This illustration brings out a truth. This is an era of abbreviation. Clothes, language, traveling — all have been cut to the bare minimum. Some people do not even know the pleasure of reading a book, for they have been taught to read so quickly that they miss the beauty of certain details. It is true that ex-

perience is not beauty, but youth of today also. It is necessary to remember that this generation wants the opportunity to have life to its fullest. The question is whether they will be able to. Perhaps this accounts for the behavior of the many who friend or relative. Pressured with the thought of being able to give

Mazza Marches With Drill Team

Louis Mazza, son of Mr. and Mrs. Salvatore Mazza of 38 May Street, Belleville, marched with the Rutgers Air Force ROTC Drill Team, The Queens Guard, at the National Inter-Collegiate Drill Competition. The competition was held in Washington, D. C. on April 9. In conjunction with the Cherry Blossom Festival, Cadet Captain Mazza is the Information Officer and the Squadron II commander of the Queens Guard in addition to his marching status. Since 1969 the Queens Guard has been consistently rated as one of the top five drill teams in the nation. The "Guard" has the distinction of being the only drill team in the nation to finish first in both drill competition categories in Washington in 1961. "Guard" finished first in the trick drill competition category and in 1963 the "Guard" took first place in the competition category. The "Guard" also performed at the Presidential Inaugural Parade as well as New York Jets professional football team. In its most recent "prepping" for the national competition in Washington, the Queens Guard finished first in a sectional drill meet in Boston, Mass.

BELLBOYS TOP BENGALS, TIE FOR LEAD

Pucciarello Five-Hits Bloomfield For 5-1 Win; Luongo, Grande Star

By Steve Charen

Bloomfield was all alone on top of the well-balanced Big Ten Conference. The Bengals had romped to an 8-1 victory over West Orange to take the undisputed lead as the only undefeated Conference team.

But, Bloomfield then had the misfortune to run into Belleville. This win, the Bellboys third straight after dropping the opener, boosted Belleville into the league lead along with Columbia and the shell-shocked Tigers.

There was little doubt of the outcome from the second inning on for Belleville scored single runs in the second, third, and fourth innings before adding two more runs as insurance in the sixth for a 5-0 lead.

Meanwhile, Pucciarello was breaking along. "Puch" allowed a bloop single in the first and then set the side down in order for the next three frames before being reached for a pair of singles in the fifth. Rich got out of this jam by picking a Bengal off first. In the sixth inning,

DETERMINED COACH — Nick Petri, coach of the Belleville High School baseball team, gives his boys support from the bench as they battled Bloomfield to post a 5-1 victory and move into a tie for first place in the Big Ten Conference.

Belleville's junior right-hander was reached for an unearned run on a single, balk, infield out, and on error.

Pucciarello now seems to be the ace of the seven-man Bellboy pitching staff. In his two starts against rough Big Ten opponents, Puch has allowed just six hits and no earned runs. "Puchie's" 13 innings of brilliant pitching within four days were responsible for the Bellboys jump from last to first place in the Big Ten.

As far as hitting goes, the Bellboys have finally found the range. Eight of the Blue and Gold starters banged out hits with Nick Grande, Tony Landolfi, Len Luongo, and Frank Mino leading the way with two apiece. George Debrovski remained the only Bellboy in a slump after this contest as Joe Cervasio, Art Sheridan, Mino, and Luongo injured themselves in the previous game.

Speaking of Luongo, he returned to action after being sidelined for only four days with a split finger on his throwing hand. The Bengals tested the accuracy of the heavily bandaged finger early, and Len responded by picking off a runner and fielding a bunt flawlessly in the initial inning. Len also had his best day at the plate as he singled in the first and blasted the Bellboys longest hit to date, a triple, in the fifth to raise his average to .333.

In the first inning, the Bellboys continued their show of poor base-running by blasting three hits and not being able to push across a run. A pair of pick-offs killed this potential rally.

In the next frame, Belleville again managed three hits, but this time a run resulted. Art Sheridan led off with an infield hit and a steal. Mino singled him to third before Cervasio delivered the run. This rally was also killed by the Bellboys daffy base running. Two Bengal runners were nailed stealing by receiver Stan Kulachi.

Belleville finally started to run in the second when Mino singled him to third before Cervasio delivered the run. This rally was also killed by the Bellboys daffy base running. Two Bengal runners were nailed stealing by receiver Stan Kulachi.

Errors Cost Bellboys 5-4 Loss

It was exactly 100 years after Abe Lincoln's assassination, so the Bellboys gave the school of the same name a break and handed them a 5-4 decision with a four-error, four-run sixth inning.

Going in to the top of the sixth, the Bellboys led the boys from Lincoln High (Jersey City) by a 4-1 count. Sal Taibi was the first to break the tie with a single. Then John Yselonia opened the Bellboys appeared headed for their fourth straight triumph.

Then John Yselonia opened the sixth with a single. The next batter Bill Gramacki grounded to third where senior utility man Jim Connell muffed it. Bob Rooney grounded one toward the hole, but Connell raced over in time to bobble the ball. Now the Bellboys were in trouble. The bases were loaded with no outs and the tying run on first base. This called for a change and George Debrovski, the Bellboys' unscathed ace reliever got to the call. Debrovski picked up where he had left off in his last outing when he whiffed the first batter for his fourth straight "K", victim and fifth in seven.

This brought up George Berry who had driven in the first Lincoln run in the second inning. Berry lofted Debrovski's second offering toward short center field as Tony Magistro, one of four Bellboy reserves who had started, raced in. Magistro tried for a shoestring catch, but got to the ball just a moment too late. Although he was running practically bent in two, "Dumpey" could only get the tip of his glove on the ball before it hit the ground.

Since he was going at full speed, Magistro had trouble stopping and he booted it as two runners scored. Tony then recovered and fired to third where Berry

newly-found pitching ace, fired a five-hitter Saturday as he became the first Bellboy to post in a nine-inning stint, and Belleville (4-2) ambushed West Orange (2-3), 8-2.

In his second straight five-hit route going Win, Pucciarello displayed excellent control, whiffing nine Cowboys and walking none. Early in the game, Puch's fast ball and curve did most of the work for him, but when he tired in the late innings, like a veteran, notably, a screwball.

So far this season, in three starts and one brief relief stint for a total of 23 1/3 innings, Pucciarello has not allowed an earned run for an unbelievable ERA of 0.00. Puch has only allowed 11 safeties while whiffing 17 and 30 first-pitch strikes.

In Saturday's Big Ten game, Pucciarello was reached for two unearned runs in the first inning before the Bellboys erupted for five runs in the second off.

All - Starter, Tony Auferio.

BHS Fourth in Big Ten Relays

By AL PAGANELLI

The Belleville High School Track Team, under new head coach Ron Kulick, placed fourth in the Big Ten Relays held at Foley Field, Bloomfield, on April 14. Belleville could well be on its way to becoming an Essex County power as the Bellboys broke two school records and one meet record.

The biggest upset of the day was recorded when Belleville's 1 1/4-mile medley relay team went on to win the event in school and meet record time. The meet record, set by Bloomfield in 1958, fell by 1.2 seconds.

Al Paganelli gave the Bellboys a 50-yard lead at the baton pass as he literally ran away from the field during the opening half-mile leg with a personal best time of 2:05.2. Don Johnson then ran his quarter-mile leg in 54.9 to maintain the lead, and Pete Greco (23.9) blasted off the boys' mile in a school record, only three seconds and ran their best against such giants as East Orange and Montclair.

The freshmen placed fourth in their relay to set a new BHS freshman relay record. Frank Miliano, Bob Baker, Aiello and Sofia ran 220 yards each.

time, the title, and a meet record of 8:07.6.

A BHS record was broken by Don Saunders (2:13.5), and Bob Moore (2:12.4), Bill McCarthy (2:13.5), and Bon Bogione (2:12.0) had a combined time of 8:48.2 to break the old school record by 12 seconds, a tremendous effort.

The 400-yard relay race, run by Joe Rodriguez, Harry Baker, Jim Barrett, and Charles Reed, ended in disappointment for our team. With a time of 47.2 seconds they were put in a very fast heat and did not make the finals. Their time, however, was faster than another team which had made the finals in a slower heat.

The shuttle (hurdle) relay was run by Art Odle (15.8), Andy Murnock (16.4), Ralph Seip (1.2), and Pete Ridgidge (15.0). Running out of their class, the Bellboys missed a school record by only three seconds and ran their best against such giants as East Orange and Montclair.

The freshmen placed fourth in their relay to set a new BHS freshman relay record. Frank Miliano, Bob Baker, Aiello and Sofia ran 220 yards each.

Olympic Park To Open Soon

It shouldn't surprise anyone that Olympic Park soon will open for another season, Robert A. Guenther said today. The Irvington-Maplewood amusement park has been starting up each spring

for 59 years now. Guenther, president of the park company, said he is disturbed that some reportedly believe apartment houses have taken over Olympic Park's 40 Essex County acres. There was talk last fall about sale of the property, one of the last large tracts in the Newark metropolitan area.

But the sale failed to materialize, he emphasized. Olympic will begin its golden jubilee season Saturday and Sunday, May 1-2, and will continue in operation weekends until the daily opening later in May.

UJA Speaker Specialist in International Law

Robert B. Yudin, 1965 Belleville United Jewish appeal chairman announced that Zimra Goodman, who was coordinator of the United States and United Nations aid programs to Israel from 1957-1960 and who is a specialist in international law, will speak at Congregation Ahavath Achim on April 25 at 9:30 a.m.

Now in the United States, Mrs. Goodman was consultant to the president of the State University of New York on Foreign Programs for two years. Until recently she was acting director of the Foreign Student Department at the Institute of International Education. Mrs. Goodman was employed in the Technical Assistance Department of the Prime Minister's Office in Israel from 1950. At the same time she was a member of the Executive Directors of the Fulbright Foundation in Israel which handles cultural exchanges between the United States and Israel.

Born in London, Mrs. Goodman was brought to Israel as a child and attended the Hebrew Gymnasium in Jerusalem until 1950. She studied at the Hebrew University, specializing in the fields of international relations and international law. She obtained her graduate degree in international law from Oxford University in 1956, the subject of her thesis being "The Principle of Self-Determination Since the Wilsonian Doctrine." After completing her work at Oxford she was assistant legal adviser with the London Daily Mirror and Sunday Pictorial.

Mrs. Goodman is presently in the United States with her husband who is a journalist on temporary assignment in this country.

The United Jewish Appeal is the major American agency aiding immigrants to Israel, and refugees and distressed Jews overseas. UJA aid programs are carried out by its three member agencies: the United Israel Appeal — Jewish Agency for Israel Inc., which helps to receive, settle and absorb immigrants to Israel; the Joint Distribution Committee, which aids Jews in 30 countries, including Israel, where it conducts a special welfare program for aged, chronically ill and handicapped immigrants; and the New York Association for New Americans, which assists Jewish refugees to the United States. The United Hatz Service, which provides for the resettlement of Jewish refugees to countries other than Israel, also benefits from the UJA campaign.

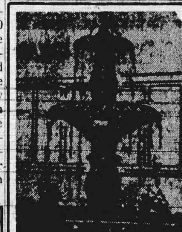

Talk Slated On Weaving At Library

"The Art of Weaving" is the title of the illustrated talk that Mrs. Floyd M. Haring of 22 Continental Avenue will present at the Belleville Public Library on May 4 at 10:00 A.M.

Mrs. Haring is well recognized in the field of hand weaving in the state, for she was an organizer and the first elected President of the New Jersey Handweavers Guild. She has spoken extensively on this subject, and has been made Honorary Member of the Essex County Extension Service. Mrs. Haring is also a Past President of the Belleville's Woman's Club, and despite a crowded schedule, she is currently conducting work shops in cake decorating and painting in the club.

The Staff and the Pre-School Mother's group of the Belleville Public Library invite the women of the community to join them for Mrs. Haring's talk on Tuesday, May 4th at 10:00 A.M.

Auto Repair Available at Essex Tech

The Essex County Vocational and Technical Schools offer courses in auto mechanics and auto body repair that are available tuition free to young men who live in Essex County who are 18 years old or older. Any one interested in this free training should visit the Essex County Adult Technical School, 222 Mor-

ris Avenue, Newark. The school is between South Orange and Thirteenth Avenues, Newark and may be reached by the No. 31 or No. 54 buses. Immediate enrollment is available. The courses are conducted from 8:30 a.m. to 3:00 p.m. five days a week and are usually completed in two years or less. Students are in shop for 30 periods each week. The remaining 10 periods are devoted to trade information classes known as related training. High school graduates, high school dropouts and many who have had only elementary school

education are presently enrolled. These are not high school diploma courses but a certificate or adult technical diploma is awarded to those who complete a course. More than 80 per cent of the graduates in the last school year entered jobs related to their training. In addition to immediate enrollment for the remainder of this school year students may arrange for classes that begin in September. For further information call 642-5261.

Taubin to Intern At NYC Hospital

Howard L. Taubin, son of Leo F. Taubin of 125 Washington Avenue, Belleville, will intern at Montefiore Hospital in New York City. He is one of 68 fourth-year students at the University of Virginia who have been appointed to internships at 34 hospitals in 20 states. The man who is found to be big enough to shoulder responsibility will be hunted out.

Parents who drive their children to and from school should let them off and pick them up on the same side of the street as the school is located. This eliminates the possibility of having children cross the street.

Cook of The Week

MRS. JERRY CUBELLIS

Prize-Winning 'Dream Dish' Adds Artichokes to Chicken

Today's recipe contest winner isn't a psychiatrist, but she has found that dreams can be profitable.

Mrs. Jerry Cubellis literally dreamed up the recipe for chicken with artichokes which wins this week's \$5 cooking award. In her dream two summers ago the Belleville housewife was preparing the unusual combination. Curiosity led her to actually try what has since become a favorite family recipe.

The chicken-artichoke dish pleases even her husband, who has always disliked fowl since his army days when chicken made monotonously regular appearances in the mess hall.

In addition to her husband, who is a carpenter, Mrs. Cubellis's family includes daughters Patricia, 18, and Linda, 15. In the kitchen Mrs. Cubellis specializes in baking and a few main course family favorites such as her cinnamon potatoes.

When her daughters were younger she enjoyed baking animal-shaped birthday cakes.

When she's not cooking, Mrs. Cubellis sews clothes for herself and her daughters and enjoys crossword puzzles.

This week's winner has lived in Belleville for eight years. The resident of 453 Franklin Avenue is a native of Newark.

The winning recipe, which she says is "wonderful for buffet, be-

2 artichokes - cut in quarters
3 cloves garlic
1 8 oz. can tomato sauce.
Salt to taste
Brown chicken. Add washed artichokes, garlic, salt and sauce. Cover and simmer one hour.
