## Mayor-Council Form Eyed Change of Government Proposed for Town

A call to arms to change the form of municipal government from the present Manager-Council form to a strong Mayor-Council form of government was made by John Bass, civic leader.

Bass said:

"The time to begin considering a change of government is now if we are going to save the taxpayer's money. I believe the proposed change can be placed on the November ballot in a referendum.

"It is quite obvious that the present form of government is too costly for local taxpayers," Bass said.

"By changing to the mayor-council form of government we would gain two major advantages. One, we would have a Belleville resident running the Town for the benefit of the local people. Two, since he would be much more aware of what our problems are and what the residents desire he would need less supervisory personnel and the taxpayers would get more work accomplished for their tax dollars."

Bass said that he has watched the present Manager-Council form of government since it was introduced in Town and he believes the taxpayer would have

JOHN BASS

The Mayor would vote only in the event of a 3-3 tie.

"I believe the full-time Mayor, who would be selected by the people at the polls, would also have veto power," said Bass.

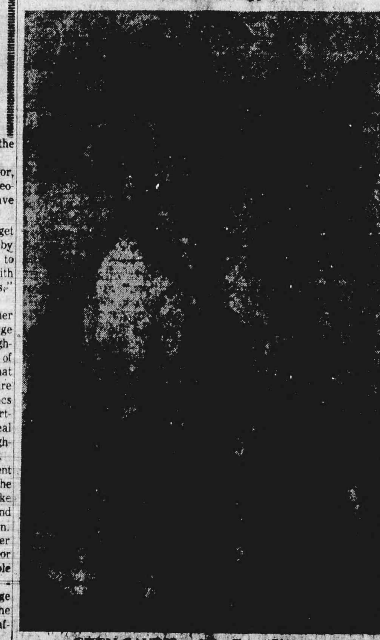

"I believe the people would get much better representation by shifting the ward setup back to four, instead of remaining with the present system of two wards," said Bass.

Bass said he believes another benefit of his proposed change would be to have men of high-caliber standing for the office of mayor. At present he feels that many men capable of serving are reluctant to enter local politics because at present it is a part-time job and there is no real compensation to induce a high-caliber man to seek the office.

Bass said "the way the present government is running is that the manager has the power to make appointments of authority and has full say in running the Town. He doesn't even have to answer to the people. An elected mayor would have to face the people at the polls."

Bass said his proposed change of government would return the operation of our municipal affairs back to the voters.

## Ban Filling of All Pools

A state of emergency was declared Saturday in the Counties of Essex, Bergen, Hudson and Passaic and the City of Elizabeth by Governor Richard J. Hughes in relation to the area water shortage.

Speaking at a meeting of area mayors and Town officials in Newark, the Governor proclaimed the state of emergency and requested the cooperation of every citizen and official in stressing the need for the conservation of water.

The Governor's proclamation noted that the consumption of water in Northeastern New Jersey must be reduced by an average of 100 million gallons a day in order to preserve a dependable supply of water for the area.

Commissioner of Conservation and Economic Development Robert A. Roe was authorized to take any action as may be necessary to insure the maximum conservation of the remaining available water supply, to augment such supply wherever possible through diversions from any available water resources, and to provide for an equitable distribution of existing water supplies to consumers in the emergency area.

Commissioner Roe immediately issued an order which curtailed the nonessential use of water.

  5. Do not use dishwasher to do a few dishes, wash by hand or wait for a full load.
  6. Do not leave faucets or showers open when not in use.
  7. For shaving, use sink stopper rather than let water run.
  8. Keep a bottle of water in the refrigerator instead of letting water run.

## Rosamilia Named Schools Head While Dr. Durkee on Suspension

The Belleville Board of Education, by majority vote Monday night, approved a resolution designating Assistant Superintendent of Schools for Instruction, Curriculum Michael T. Rosamilia as head of the school system during the period in which Superintendent of Schools Dr. Frank M. Durkee is relieved of his duties.

The resolution empowers Rosamilia to attend to the day-to-day operation of the school system and to sign all official reports and such reports which may be required by the County Superintendent of Schools, the Commissioner of Education and the State Dept. of Education.

Mrs. Norma McCool termed the move "completely illegal" and stated the measure as "an attempt by a majority bloc to circumvent the law" since Dr. Durkee is "not in a legal state of suspension."

Dr. Durkee was relieved of his duties May 25 with full pay pending the outcome of an investigation into the "efficiency and effectiveness" of Dr. Durkee and the entire school system.

Mrs. McCool expressed opposition Monday night to the Board's authorization of Rosamilia because she stated that the Board hasn't even heard the outcome of the hearing of the Commissioner of Education regarding the suspension of Durkee.

Mrs. McCool lashed Board President Ernest S. Arvidson, saying that the proposed investigation was "a waste of money."

## Crisp Slams Saletta On Denying Hasty Acts

Allan Crisp, co-chairman of the Fair Play Committee, took issue with Board of Education member Rocco Saletta's denial that he had acted hastily in the matter of dual control of the school system and Dr. Frank M. Durkee's suspension at Monday's special meeting of the Board of Education.

Crisp, quoting from Saletta's press releases during his election campaign, said:

"At last Tuesday's meeting, Mr. Saletta said that it was 'a lie' to say that he acted hastily and had not given proper consideration to vital board decisions."

Dr. Durkee, suspended Superintendent of Schools, was barred from taking part in the Belleville High School graduation exercises scheduled June 21 at the Stadium Monday night, when the Board of Education defeated a motion to allow him to attend.

The Board split 3-3 on granting approval, with Rocco Saletta abstaining at a Post Meeting Conference.

Dr. Durkee said, "I'm naturally unhappy that I will be unable to be a part of the first graduation from the new High School." He did not comment on the Board's action.

Voting against the motion were Ernest Arvidson, Board President, Nicholas Juliano and Dr. Frank Durkee.

## Miss Gaudio Makes Bid For New Jersey Title

Miss Gwen Gaudio, Miss Cherry Blossom of 1965, will represent New Jersey in the Miss America Pageant.

Gwen will be chaperoned by Dolores Brockbridge, wife of Belleville Jaycee treasurer, Harry Brockbridge, at the pageant which is sponsored by the Wildwood Jaycees. Many other members of the local Jaycee unit will attend the weekend program.

The gown which Gwen will wear in the competition has been donated by Brides Beautiful.

## Library Sets Summer Hours

The Belleville Public Library will be closed on Saturdays beginning this Saturday, June 19th, and continuing through Saturday, September 3rd.

Effective Monday, June 21st, the summer schedule of hours will be:

Mah Library (Washington Ave. at Academy St.): Monday, 10:00 A.M. - 9:00 P.M.; Tuesday-Friday 10:00 A.M. - 5:30 P.M.

Summer hours for the Silver Lake Branch, 30 Magnolia Street, will go into effect the week of June 28th. Branch summer hours will be: Tuesday, 6:00 P.M. - 9:30 P.M.; Wednesday, 10:00 A.M. - 1:00 P.M.; Thursday, 3:00 P.M. - 5:00 P.M.

## Stars Stated At Baseball Fete Monday

Singing star and former Belleville High School student Connie Francis, Champion, according to Donald Hume and the Four Seasons are expected to attend the dinner Monday night honoring Belleville High Schools Big Ten and Section IV baseball championships.

The dinner, scheduled at the Fountain, is headed by chairman Jackie Rega, who said no tickets would be sold at the door.

"We are limited to about 650 persons," Rega explained, "and we have that many tickets out already. If they are all sold, and it looks like they will be, then it would be impossible to sell any more tickets at the door." He urged all who wished to attend to purchase tickets from one of the many residents presently selling them.

The dinner will honor the baseball team and coaches. All players and coaches will receive championship jackets.

Several stars from the sports world are expected to attend the affair.

## Joralemon St. Paving Voted by Council, 4-1

Gold Baseballs, Water and the work load of the Town Engineer dominated the Town Council meeting Monday night before a small and silent handful of spectators in the Council chambers.

Only about 15 persons attended the session, which normally is a standing-room only affair.

The discussion of the Gold baseballs followed the passing of a resolution commending the Belleville High School baseball team on its championship season. Councilman Ralph Casale offered a motion whereby the Town would purchase gold baseballs to give to each member of the team.

Councilman James R. Golden, stating that he was all in favor of the boys receiving the baseballs as he still had one that had been presented to him in 1939, opposed the measure. He said he believed the action would offend the Board of Education as it was their boys and they should be the official body to award the players. The motion was passed after Casale explained that the Board gave the boys sweaters and letters and was controlled by state laws as to how much it could give to the players.

In a session that was unusually quiet the Council introduced an ordinance to authorize the improvement of a portion of Joralemon Street from New Street to the Bloomfield-Nutley line and to appropriate \$86,649 to pay the costs thereof to make a down payment and authorized the issuance of bonds to finance the project. The total cost was set by Town Manager John R. Burnett as \$116,649.

The ordinance was introduced, 4-1, with Golden voting no. He said he opposed the measure because about \$10,000 of the money was earmarked for outside engineering help. Golden claimed that the Town Engineer was being paid to do the work and no outside help should be needed. He said the outside help was needed because the Town Engineer, according to a report, had refused to do outside work.

Burnett and Mayor Nuncio Pion denied that the outside help was required because the Town Engineer would not work. They said

## Casale Eyes Town Wells In Bog Area

The Town Council will consider digging wells in the bog area of the Municipal Stadium.

Councilman Ralph Casale suggested Monday night that the Council check into the possibility of sinking shallow wells in the stadium area as a supplement to the area's shrinking water supply.

Casale noted that all of the members were aware of the water problem at the stadium and the new high school site and said it seemed likely that the many springs that feed into the area could be tapped to provide the Town with water suitable for watering Town and school property and trees.

Since the Town is taking test

## Fair Play Unit Meets Tonight

The Fair Play committee will meet tonight at the Recreation House, 407 Joralemon Street at 8 p.m.

This group formed as a result of action taken by the Belleville Board of Education is, as its name suggests, interested in fair play for the taxpayers of Belleville. They seek to have Dr. Durkee re-instated to his position as Superintendent of Schools and to see that the Board of Education does not expend funds allocated to educational purposes for other than education.

Any interested taxpayers are invited to attend this meeting. Allan Crisp and Mrs. Edward Rochau are the Co-Chairmen of the group.

In the right photo, a member of the department, gives the photographer a disgusted look as he begins painting out the yellow curb with gray paint which was rushed to the scene.

tion budget, as twice rejected by the voters, called for an expenditure of \$3,670,269.50.

"Deducting State and Federal contributions, Belleville taxpayers were required to raise the sum of \$3,177,739.00. \$2,874,102.00 of which was for current Operating Expenses for the school year beginning July 1, 1965 and ending June 30, 1966. There was an additional sum of \$116,300.00 for Capital Outlay and \$187,337.00 for Debt Service. Two years ago the 1963-1964 Budget required \$2,215,142.90 for Current Expense, \$5,000.00 for Capital Outlay and \$36,248.50 for Debt Service, at a total of \$2,318,390.40. Or, an increase in this two year period to the Belleville Taxpayers of \$859,367.60. This was a 37 per cent increase in cost as contrasted to a 2 per cent increase in pupil enrollment.

Burnett said he was releasing the following statement to the press in order to make "the citizens and taxpayers of Belleville aware of the actual facts in this matter so they can form a proper judgment."

He pointed out that the Town Council did not reduce the present budget under which the schools operated this year, but actually added an additional \$83,013 to the budget for next year.

His statement says:

"The Belleville Education Association has released a 'Newsletter,' dated June 1965, addressed to the parents of Belleville students. A copy of this unsigned statement was placed on my desk this morning. It is replete with mis-information, mis-statement of fact and accusation by innuendo. The citizens and taxpayers of Belleville must be made aware of the actual facts in this matter so they can form a proper judgment."

ing week. During that week individual council study as well as my own examination of the Budget continued.

"At a meeting that Thursday evening the Council met and arranged to conclude its studies prior to the expiration of the tenth day.

"The tenth day, Monday, was scheduled for the regular meeting of the Town Council at which the Public Hearing on the Town Budget would be held. It was a manifest impossibility to include hearings on the Town Budget and the School Budget on the same evening. Therefore the Council held its meeting on Sunday to finalize its decisions on the School Budget. There was no logical reason to make this an open meeting. It would have been a travesty on the legislative process to do so and the actions of the Belleville Education Association proved this point beyond a shadow of doubt with their ill-advised march of protest. Most certainly the Town Council had consulted with the educators unless the Belleville Education Association is denying that the members of the Board of Education, the Superintendent of Schools and the Business Administrator of the school system on Saturday, February 27th, in the Council Chambers. All members of the Town Council, our Town Clerk, our Town Counsel and myself, as Town Manager. A full and open discussion was held on the budget.

"At the conclusion of this meeting, additional budget and financial documents were requested from the Board of Education and the Board Secretary forwarded these the first part of the following

a total of \$83,013.00 more than the budget for the present school year. Obviously, our Town Council did not reduce the present budget by \$277,900 (as this association implies) instead they authorized an increase of \$83,013.00 more for the next school year than appropriated for this year.

"The statement that the attending school teachers were 'gagged' at the public meeting of the Town Council" is an absolute untruth. The members of this association packed the council chambers on the night of our regular meeting. There is an open Hearing of Citizens at every Council meeting during which every person is allowed to make any statements pertaining to town affairs and any and all questions projected by the members of this Belleville Education Association would have been answered. As a matter of fact, these teachers sat in regimented fashion, throughout the public hearing, without making a statement or asking a single question. Later during the meeting, at an obvious signal from the leader of the group, they all arose and filed out, again in a regimented fashion.

"They now, in this Newsletter, ask me certain questions. They state they would like to have asked me during the particular meeting in which they say they were 'gagged.' First they ask 'Have you ever dealt with a school budget before?' The answer is 'yes,' as Chief Analyst to the Newark City Council for the years 1954-1960. I analyzed and reported on every school budget presented by the Newark Board of Education, just as I did in this instance.

They inquire as to what standards I used in arriving at my conclusions - my answer is the various reports of the Superintendent of Schools and the fiscal facts appearing in the school Audit and school Budget requests.

"They ask: 'Did I consult with all administrators concerning the needs of their schools?' The answer is: 'Certainly not, the members of the Board of Education, the Superintendent and the Business Administrator of the schools had made their positions crystal clear at the Saturday meeting above referred to.'

answer is — I did not specifically visit the schools during this exceedingly short period of time but I had been in the schools for which repairs were requested during the previous year.

Again, they inquired: "Did I base my opinion as to the need for additional teachers on the entire student body instead of class size?" The answer is "Yes, I did because it is a matter of public knowledge, carried in local papers over the past year, that there is a serious doubt among the members of the Board of Education as to the need for even continuing two of our schools, School No. 2 and School No. 9 because of the small enrollment."

"They continue on in that fashion through ten questions one of which is: "Can repairs or existing structures be postponed indefinitely and still leave the building safe and sanitary for our children? My answer is "There is neither need nor reason and certainly no lack of cash to make any necessary repairs."

"They finally ask — "Are you certain that this drastic reduction would not effect education?" To this truly specious question I would reply that in my considered judgment I believe our Town Council approved a budget fully adequate to provide for the continuance of the splendid school system in Belleville.

## Father of Three Earns FD Degree

A young husband and father of three, who has just been graduated from the Fairleigh Dickinson University School of Dentistry, says "it was a long four years."

He is Dr. William H. McWalters of Belleville. He and his wife, the former Miss Helen Talliani of Belleville, are the parents of three daughters, Deborah, 4, Lynn, 2½, and Dawn, 5 months. Balancing time and budget as a graduate student, family man and part-time wage-earner was a little difficult, but worked out very satisfactorily, according to Dr. McWalters. He gives due credit to his wife, who, he states, had a full-time job at home, and to his mother (Mrs. Helen McWalters), with whom the family lived.

He was able to give his family "a fair amount of time," he says, but also had to work long hours, staying up until midnight or even 2 A.M. preparing wax patterns for crowns and inlays, setting up teeth for dentures, or polishing and finishing gold castings so as to be ready for clinic patients the following morning. A typical day included classes, which began at 8 A.M., many hours in the clinic, and laboratory work both in the school and at home.

Mrs. McWalters worked as a service representative for the telephone company during their first year of marriage. Dr. McWalters managed the long financial haul with loans; working the first two summers as a Pepsi-Cola truck driver; and during the last two summers and academic years, as a bartender — jobs far removed from the field of dentistry.

The new D.D.S., who was motivated to enter the dental profession by a natural interest in the medical field, a desire to be of service to the public and the appeal of independence in his work, will open a private general practice somewhere in northern New Jersey, he says.

Dr. McWalters was a graduate of Belleville High School and of Rutgers, the State University, before coming to the Fairleigh Dickinson University School of Dentistry.

## Lack of Flags Hit by Golden

Councilman James R. Golden expressed disappointment over citizens of the importance of displaying the flag from private homes throughout town on Flag Day, June 14th.

Explaining his bringing this matter to public attention was not intended as criticism, but rather a reminder of the grim fact that American boys are again fighting and dying on foreign shores to preserve our Democratic way of life and to prevent the spread of inimical ideologies, Golden commented that he felt public display of the colors Flag Day would inspire a renewed respect for "Old Glory" and reassure the fighting men of our Country of our high regard for their incalculable contribution.

## Senator Sarcone Hampers Judiciary

Republican Senator C. Robert Sarcone has blocked action on judicial appointments made by Democrat Governor Richard J. Hughes. Among the names of lawyers Hughes wants to place in the state's judiciary system is Leon Milmed, Newark attorney, personal counsel to former Governor Alfred Driscoll.

Milmed is a brilliant attorney, highly respected by fellow members of the N.J. bar. Even Sarcone thinks Milmed is well qualified to serve as a member of our judicial system. Sarcone's opposition stems from some nonsense about wanting to revamp our method of judicial appointments by introducing a seniority system although, in one instance, when it involved a friend, for some unexplained reason, Sarcone gave his enthusiastic endorsement although the appointment violated Sarcone's appointment rules.

Milmed is a fine lawyer and would make an exceptionally capable judge. He should be endorsed by Sarcone. We fear that Sarcone is playing politics in blocking fine judicial appointments. If Sarcone continues his opposition the voters can do something about the matter this November.

Sarcone is running for reelection. His name will appear on the November ballot. If voters object to Sarcone's meddlesome handling of judicial appointments they can retire him so that he will no longer be in the position of exercising senatorial prerogatives. PAO

## National Flag Week

National Flag Week is being observed from June 13 through 19. This is an important event at any time; it is vitally so today.

The purpose of Flag Week is formally defined as "The inculcation of the meaning of true Americanism into the minds and hearts of our citizens." True Americanism lies in devotion to country and to those eternal principles of freedom upon which it was founded and greatness is the source of its strength and greatness.

In some circles nowadays, patriotism seems to be regarded with contempt. Highly vocal groups of young people, within and without the colleges, pay lip service to our enemies, overt and covert alike, and violently denounce the efforts of the government to honor our commitments and to halt the forces of slavery.

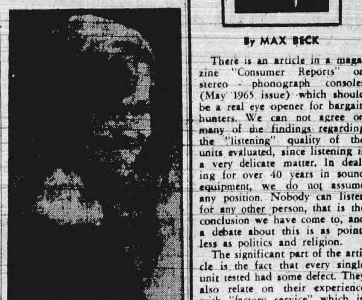

Let the flag fly high during this week — and let all know that the overwhelming majority of Americans, differ as they do on problems and issues, revere it, and reverse all that it stands for.

## Miss Lapham Valedictorian

Miss Terry A. Lapham of Palmy Avenue, Belleville, is being graduated from Jersey Preparatory School this month as Valedictorian of her class.

Her parents, Mr. and Mrs. William N. Lapham have been notified by the school that their daughter attained the highest average ever attained by a Jersey Preparatory graduate.

Miss Lapham, who is 16 years old, has been accepted by Ursula College in East Orange, N. J., where she hopes to continue her studies in her chosen field of mathematics.

McCool alluded the present situation to Communistic action, stating that it is a method of mysteriously removing an official from office and then denouncing him in public.

Durkee supporter Richard Drake abstained in the ballot. He asserted that he "cannot, in good conscience, vote for the resolution" since he does not feel that the board's action was "proper." However, he could not vote against the move "since we do require someone to attend to the duties of the Superintendent."

Saletta, before the Feb. 9 school election, denied reports that he was committed to dual control. "To take a stand on this issue," he then said, "one must be thoroughly familiar with the problems first hand. Casting of his pivotal vote came at the Board's first regular business meeting of the year, 15 days after the school election." (end of report)

"If Mr. Saletta's vote on dual control is an example of what he learned after fifteen days of board membership, I can only say, 'God help Dr. Durkee', when Saletta voted against him once more on May 24, eighty-nine days later."

"I now return to the major point which I made last week.

"This proposed investigation is not the work of seven board members working harmoniously together for the betterment of the school system. It is a ploy vote by a trio whose vendetta with Dr. Durkee goes back far beyond his appointment in 1961, aided and abetted by the pivotal vote of a man who promised a fair investigation when he was running for office and then cast one of two key votes in favor of the bloc within fifteen days after his election."

"In the name of fair play, I say that they are gambling with Dr. Durkee's good name and reputation and using loaded dice."

the Town Engineer was overloaded with work and the project had a deadline of September because of the bridge being constructed by the County. Burnett listed several projects presently being conducted by the Town Engineer.

Golden said he believed that if outside engineering help was desired by the Council that he would be in favor of abolishing the Town Engineering department.

A resolution appointing John W. Noonan of Nutley as Town Counsel was withdrawn by Councilman William Cullen to allow other members more time to consider the proposal. Present Town Counsel Charles B. Tedesco has stated that he did not want to continue in position until his present appointment expired at the end of the month.

A meeting to air the Town Attorney's replacement was set for Tuesday night at 7:30 p.m.

A spokesman close to City Hall said Tedesco may be asked to continue in the post until September of this year while the Council conducts a detailed search for a local attorney.

In other action the Council approved, 3-2, an ordinance that prohibited building permit fees. The measure was opposed by Golden and Cullen. Golden said he did

not believe the Board of Adjustment was designed to bring additional revenue into the Town treasury.

The ordinance on final reading relating to the zoning on the West Side of Washington Avenue from Garner Avenue to the Nutley Town line was approved 5-0.

Town Manager Burnett was quizzed on the meeting with Governor Hughes last Saturday in Newark on water emergency measures. He said no new Town ordinance was required as the state law was in effect to enforce the restrictions.

Councilman Cullen asked about the Round Valley water project and was told that the Town can probably purchase its water at a lesser rate from the City of Newark, despite the fact that Newark is scheduled to buy some water from the project.

Burnett also lauded the Jergens Company, which is allowing the Town to use water from one of its wells to conduct its tree-spraying operation, and Aircro Plastics, which is allowing the Town to use its facilities to pump water from the Passaic River to use in the street sweepers.

## TEEN-OF-THE-WEEK

### Giordano Mixes Studies With Sports, Activities

Today's society wants a mixture of brains, brawn, activity, popularity, and character from its young people. These demands lead us to one BHS senior, Thomas Giordano.

Scholastically, Tom has worked hard during his four years at BHS to maintain a high 'B' average and is in the top 15 per cent of the Class of '65.

In the area of sports, Tom has played Junior varsity football; he was a part of Belleville's dual-crown baseball team.

But he has also had time to take an active part in student government and clubs. He has been active in Key Club; he was on Junior Senate last year and participated on the Student Council this past year. As a junior, he took part in the Radio and Electronics Club, as he prepared for his future and college career.

Tom has been a popular senior, and he has also been one of character. When it came time for the Class of '65 to choose its outstanding members, it chose Tom as the boy who was easiest to get along with. The class was wise in its choice, for Tom,

THOMAS GIORDANO

though quiet, is a gregarious person of high character.

Tom has all the assets society wants from its young people, all fitted together to make a valuable member of tomorrow's society. When it came time for the faculty of Belleville High to vote for these students who had all it was considered an accomplish-

## Prospects of My Generation

The prospects of my generation are based on two small words. These two little words are "if" and "then." If certain things happen, then other occurrences will take place.

There is much potential in the youth of today. Statistics show that the child of today is more educated and is subjected to a better means of learning than the child in previous years. However, our country is not the only one in which these methods are being developed. The children all over the world are being educated. What will this lead to? No one really knows.

As people become more experienced and scholarly, they invent and discover many objects. Science discovery led to the development of nuclear weapons. Now, the entire world is in the midst of an armament race. The United States has enough nuclear weapons to kill all the people of the world ten times.

No one really cares how many times the weapons of the United States could kill the people of the world. After we are all dead once, who cares how many more times we could have been killed. If tensions were too strained, the mere pushing of a button could cause a nuclear war.

When my father was in school, it was considered an accomplish-

DIANE WISNESKI

ment if one finished high school. A college education was not necessary in order to achieve an adequate position in life. Now, it is necessary to have a college education. When my children are in school, it will be essential to have more than just a college education.

The exploration of space continues to play an important role in our lives. A recent survey was made in regard to the interests of science students in Monmouth County. Many of these students

want to be astronauts. They feel that this is what our generation will be noted for. If the future leads to continued space exploration, we may soon be living in outer space.

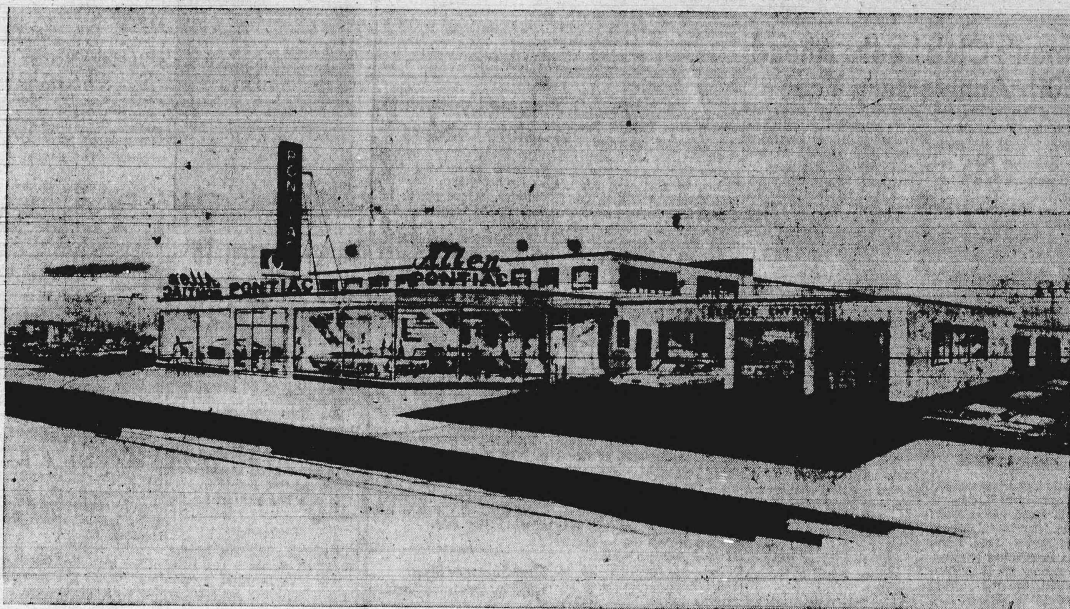

Now, let's look at the possibilities of expansion in the other direction. (Continued On Page 15)

## About the only thing newer than the '65 Pontiac is the place you buy them.

We figure that if we're going into the automobile business, we'd better bet on a couple of Wide-Track winners, Pontiac and Tempest.

And we figure that if you're going to buy a medium-priced car or low-priced car, you'd better bet on a Wide-Track, too—a Pontiac or Tempest from us.

We've got the sales organization, the

service and parts departments, and everything else you'd expect with the best car deal you ever had.

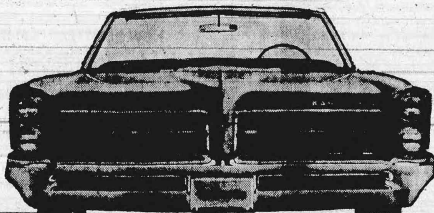

If you won't tell anybody (except maybe a few friends who're planning to buy cars themselves), here's a trade secret: As a new Pontiac dealer, we've got to do better than the competition to get customers. Come on down and see if we don't.

## St. Peter's Scene of Nuptials For Barbara Mousaw; On Bermuda Trip

MRS. HAROLD HUMPHRY  
Former Barbara Mousaw

Miss Barbara Louise Mousaw, daughter of Mr. Clement G. Mousaw of 190 Jerusalem Street, Belleville, and the late Mrs. Mousaw, was united in marriage to Harold Robert Humphry son of Mr. and Mrs. Harold T. Humphry of Warren Place, Montclair, last Saturday, June 5, in St. Peter's R. C. Church, Belleville. The Rev. James Heavey officiated; a reception followed the ceremony at the Friar Tuck Inn, Cedar Grove.

Given in marriage by her father, the bride was gowned in silk faced peau with a scalloped scoop neckline and elbow length sleeves featuring three dimensional beaded alcon lace applique with an overlay of French net. The bell shaped skirt ended in a scalloped chapel train. A rose headpiece held a three tiered elbow length silk illusion veil. Her bouquet was of carnations and orchids.

Mrs. Roy Ingalls, sister of the bride, was matron of honor. Bridesmaids included Miss Janet Ferencak, cousin of the bride of Jermyn, Pa., and Miss Barbara Donlan of Belleville. Miss Carol Ann D'Amato, the bridegroom's cousin of Cortland, N.Y. was a junior bridesmaid. All the attendants were dressed in sleeveless floor length sheaths of pink chiffon with scoop neck lines. The sheaths had vari-colored overskirts that were held by a rose at the belted waistline. Short pink veils were fastened by rose headpieces and they carried bouquets of mums tinted to match.

The best man was Ted Demetris of Dover; ushers were Raymond D'Amato, the bridegroom's cousin of Livingston and Richard Telson of Bloomfield.

The bride, a graduate of Belleville High School, is a secretary with Western Electric, Newark. Mr. Humphry graduated from Montclair High School and is attending Fairleigh Dickinson University. He is a sales engineer with Thomas A. Edison Co. in West Orange.

After a wedding trip to Bermuda the Humphrys will make their home in Springfield.

At the 17th Annual State Convention of the Amvets Auxiliary of the Department of New Jersey held at the Berkeley Cartier Hotel, Asbury Park, Mrs. John A. Ugliarolo of 8 Hickory Road, Nutley, was elected to the office of president.

MRS. JOHN UGLIAROLO

Previously, Mrs. Ugliarolo served as senior vice president and as President for the Department of New Jersey during 1962-63.

On the local level she has held the offices of president, senior vice president, secretary, treasurer and hospital chairman. Mrs. Ugliarolo is also active in Scout Troop No. 148 of Lincoln School. Mrs. Ugliarolo is employed by the Blonder - Tongue Laboratories, Inc. in Newark; her husband is with the Park Barber Shop, Nutley. They have one son.

## Miss Jo Ann Matraxia Exchanges Vows With Alexander Cacciarelli

The marriage of Miss Jo Ann Matraxia to Alexander Anthony Cacciarelli was solemnized last Saturday, June 12 in Holy Family R. C. Church, Nutley. The bride is the daughter of Mr. and Mrs. Guy Matraxia of 45 Berkeley Ave., Belleville; the bridegroom is the son of Mr. and Mrs. Anthony Cacciarelli of 41 Berkeley Avenue, Belleville. The Rev. Matthew Pesaniello performed the ceremony and a reception followed at the Glaxay in Belleville.

The bride escorted by her father, wore a gown of light ivory peau de sole with a scoop neck and Dior sleeves. The empire bodice enhanced an A line skirt with a detachable chapel train. Her headpiece was a band beaded to match her gown holding a full length silk illusion veil. She carried a cascade of white roses and stephanotis.

The bride's cousin, Miss Mary Francene Biviano of Jersey City was maid of honor. The bridegroom's sister, Miss Elaine Cacciarelli, Miss Diane Mattiola, another cousin of the bride of Jersey City and Miss Suzanne Paparazzo of Belleville served as bridesmaids. They were attired in empire styled gowns featuring scoop neck and elbow length sleeves with A line skirts. Detachable panels matched the blue bodice while the skirts were a contrasting champagne hue. Their bouquets were balls of blue carnations with white roses held by a wicker clip handle.

Robert Cacciarelli of Belleville was his brother's best man. Ushers included Vincent Matraxia of Belleville, the bride's brother, Conrad Hummel of Philadelphia and George Vandervoren of Oxford.

Mr. and Mrs. Cacciarelli are both Belleville High School graduates. Mrs. Cacciarelli is also a graduate of Katherine Gibbs Secretarial School, Montclair, and is employed with Titanium Metals Corporation of America, W. 51 Caldwell. Her husband graduated from Gettysburg College, Gettysburg, Pa. and is in his senior year at New Jersey Medical School, Jersey City. The couple will reside in Belleville, following a week's trip to Bermuda.

## Store Owner Still Loves Trumpet

By BARBARA GAGNON

To the casual acquaintance, Mr. Nicholas de Hegara of 79 New Street is a pleasant, friendly, helpful hardware store owner; to his more intimate friends, Nick is also an accomplished musician and pistol expert; to this inquiring reporter, a man with a fascinating past — a young Navy musician on a world tour caught in Pearl Harbor during the attack on December 7, after being in the Pacific all during the war and never handling a gun, he comes back home to become a crack pistol shot with the Belleville Police Department; after 19 years of marriage, he gets his greatest thrill when the doctor says "it's a boy."

The seventh child in a family of eight, Nick was born to Mr. and Mrs. Andrew de Hegara in Newark but lived most of his life in Belleville on Ralph Street (his mother still lives on Ralph Street). He was educated in schools one and nine and graduated from Belleville High School in 1936.

While in his teens, his brother Joe, who was studying the saxophone, brought home a trumpet for Nick to look at. Nick liked the trumpet and after graduation, he joined the Navy and was sent to the Navy School of Music, where he graduated after a two-year course. With the Navy Band, he played at the New York World's Fair in 1939 and went on a world tour which took him to Pearl Harbor shortly before the United States entered the war.

By this time, Nick had married a New Jersey girl, the former Cecelia Palicia of Little Falls. She also arrived in Pearl Harbor to be with Nick for a second honeymoon. As it happened, the honeymoon in the islands lasted four years for on December 7, 1941, the Japanese started the world by attacking Pearl Harbor.

"No one was more surprised than we were," he said. "Cecelia and I had awakened shortly before eight o'clock that Sunday morning and were just taking it easy when we began to hear distant rumblings. We were living in Honolulu, and we were wondering what the noise was when the phone rang. I was told all military personnel were to report to the base. As I neared the main gate, we were strafed by a Japanese plane but somehow we escaped injury and continued running on. That particular plane was later shot down, one of the few that lost that day," he recalled. "I lost many buddies from the music school who were on board the 'Arizona,' the 'Oklahoma' and the 'Ogala' (a mine layer), he said.

Naturally, Nick's position as a musician was changed to a musician was transferred to another outfit, and Nick was assigned to the Submarine Task Force. He was the star attraction on weekends at the Royal Hawaiian Hotel, which had been appropriated for use by the Navy, playing for all the submarine personnel.

In 1945, with the war over, Nick and his wife returned to the States and were stationed in Bainbridge, Maryland, where he was the screening officer for the Navy School of Music.

Finally, he said goodbye to the Navy in 1947 and returned to Belleville, where he joined the Belleville Police Department. For the first time in his life he held a gun and laughingly adds that he really didn't know what to do with it. However, he learned in a hurry, and in a brief period of time became a pistol expert and the first man on the force to shoot a perfect score of 300.

He not only coached the Belleville Police Pistol Team to many victories (they competed against all of the 21 county police teams including the sheriff's office and the FBI) but he also became an expert at making target ammunition. As a result, he was in charge of making all of the ammunition being used by the police department.

At about the same time he left his job as patrolman to become the new owner of the Community Hardware Store at 327 Union Avenue, he became a proud father. After 19 years of marriage, a son, Donald George was born. Now 9½ and in kindergarten, his father tells with considerable pride how his son began playing the trumpet at three and a half.

Although the hardware store is his main occupation (he also repairs electrical appliances and does interior decorating), he continues in competition shooting as a member of the West Paterson Gun Club. He is also a rifle and pistol instructor with the Nation-

sonian's Union of Greater Newark, he is ready to play his trumpet any time. He has played with the Olympic Park Band in Olympic Park, the Nutley Symphony and is currently with the Newark Symphonic Band.

Recently, he played a one night stand in Elizabeth with the Clyde Beatty Circus Band at a benefit for the Patrolman's Benevolent Association. After the show, he was offered a steady job but had to turn it down as it meant being away from home almost all year.

"I've waited a long time for an offer like that but of course now I have the store," he commented.

On March 23, Nick and his wife celebrated their 25th wedding anniversary. If the next 25 years are anything like the past 25 years, Nick and his family can expect an exciting future.

## Belleville Classes To Attend Operas

Classes from Belleville Junior and Senior High Schools will attend performances next January of the Metropolitan Opera National Company at the Mosque Theater in Newark.

At student prices, the Belleville youngsters will see performances as guests of Symphony Hall, Inc., which is presenting the new Metropolitan company January 4-6 in productions of "Carmen," "Madame Butterfly," Rossini's hilarious "Cinderella" and Carlisle Floyd's prize-winning American opera, "Susannah." Three of the seven performances will be matinees for student audiences.

Rise Stevens, and Michael Manuel are co-managers of the new troupe.

### GRADUATION PARTY

After the graduation exercises at Bloomfield College on June 5, Joseph Nucci, who had earned his B.S. degree in business management, was the guest of honor at a celebration in his home.

Joseph, the son of Mr. and Mrs. Alex Nucci of 25 Parkview Avenue, will leave June 21 for a six month tour of duty in the National Guard. Congratulations and Good Luck!

Mr. and Mrs. Barton "Buddy" Howes of 4 Forrest Street in Bloomfield (Formerly of Belleville) held the "Buddy" party "friends since BHS days" at their home on Saturday, June 5. Rather than the usual family picnic, all decided that this year would be for grown-ups only and all agreed it was a social success. Those who attended were Mr. and Mrs. Thomas Mack and Mr. and Mrs. Ronald Thompson of Belleville, Mr. and Mrs. Pasquale Caruso now of Bloomfield, and Mr. and Mrs. Fred Engel now of East Hanover, and Mr. and Mrs. Joseph Sorrentino now of Elizabeth.

Mrs. William Antoucel, Miss Phyllis Lombardi, Miss Gingerelli and Mrs. Emil Sciaraffa of Belleville and Mrs. Herman Petucci of Bloomfield are all members of the Ladies Auxiliary of the St. Anthony's Field Club. In April, they were the committee for a fashion show and luncheon given for the benefit of the Rev. F. Eustace Peruzzi of Puerto Barrios, Guatemala, who is trying to build a school in his parish.

The ladies are overjoyed at a letter just received from Father Peruzzi telling them of the completion of the kindergarten classroom which has been named "St. Anthony's Field Club" in their honor. They will celebrate this good news on June 28 by having dinner at the Bow and Arrow Restaurant, West Orange. A job well done, ladies.

Mr. and Mrs. Harry Wagner of 129 Beach Street celebrated their 7th wedding anniversary with a family picnic at the home of their daughter, Mrs. Ashley Reynolds in Nutley. Long time residents of Belleville, they have five children, 10 grandchildren and five great-grandchildren. Congratulations.

**You and Your Insurance**  
(A public service column about all forms of insurance.)

**HOW MUCH MORE ARE YOU WORTH?**  
How much more are you worth based on property and possessions you've accumulated in just one year?

New clothes for the children. Dresses and a coat for the wife. A couple of new suits. An overcoat. New furniture for the living room. A new room added to the house. A bedroom set. Enhancing off the cellar. The new piano.

In family living, the list is a continuing, seemingly endless one — almost on a daily basis. That's why it's so easy to forget how much you may have added materially and increased the overall value of your property and possessions just in the space of one year.

That's why an inventory review with us can be so important to you. It not only permits you to check off those new possessions you've acquired but also provides an opportunity to determine how adequate your insurance is. If, for example, you put money into improving the value of your home, how about increasing the fire insurance in keeping with the home's new replacement value? What's the best way to do it? Should you have a homeowner's policy that will protect you against a variety of loss? Should you insure valuable antiques, furs, jewelry for full value under a separate policy? How do you get the best protection for the least cost?

Test and scores of other answers make up the counsel that we can provide, to assure that you have an up-to-date insurance program that will protect the value of what you own.

This column will be glad to answer questions you may have about property or casualty insurance. Send them to:

The Cub Scouts, Pack No. 307, of number seven school, climaxed their season with an outing at the World's Fair on June 5. Among those who enjoyed the "hike" across the fair grounds investigating the various pavilions were Jerry Weiss, their scout-master, and their den mothers Mrs. James DeBona, Mrs. Russell Purdie, Mrs. Michael Miezka and Mrs. Mary Ross.

A miscellaneous shower was given for Miss Jackie Ornelino by her sister, Miss Bernice Ornelino on June 2 at Biase's in Newark. Seventy guests attended.

Jackie, daughter of Mrs. Dan Ornelino of 29 Bernice Road, will be married on September 4 in St. Peter's Church to Ralph Palumbo, son of Mr. and Mrs. Robert Palumbo of 38 Maier Street.

### NEW NURSE

Congratulations to Miss Toni Schieler, daughter of Mr. James H. Schieler of 73 Prospect Place, who graduated from St. Raphael's School of Nursing in New Haven, Conn. on June 14. Among those who drove to New Haven for the ceremony, were Mr. and Mrs. James Schieler of Van Houten Place and their children Barbara and Jimmy.

The weekends of Mr. and Mrs. Lawrence Earl of 48 Eugene Place have been very busy lately. They attended a combination open house and first Communion celebration (with 50 guests attending) at the home of their son and daughter-in-law Mr. and Mrs. L. Earl in Parsippany. The Earls have just moved from Belleville to their new home in Parsippany and were anxious for all of their friends to visit. Also, their son Larry, who made his first Communion wanted to celebrate.

Then over Memorial Day weekend, Mr. and Mrs. Carmine Earl visited their parents at 48 Eugene Place and enjoyed a family picnic. The six family dwelling will be called "The Hoti Apartments".

This is not the first attempt at designing for Sciaraffa (he also designed the barber shop). Making the most of his days off, he is now laying the Tennessee stone, a natural quarry stone, which will also be the outside covering of the six family unit.

On June 5, Joseph Yuono, son of Mr. and Mrs. Angie Yuono of 69 Berkeley Avenue, received his B.S. degree in Education from Monmouth College.

One of the highlights of the graduation exercises was the presence of Bob Hope who received an honorary degree from the college.

Joseph was chosen to Who's Who Among Students in American Colleges and Universities and

Nicholas Guarino of Belleville, a past commander of the Private Joseph C. Taibi Post 626 in Belleville, also presented a plaque to the winner.

A graduation celebration (attended by 30 friends and members of the family) was held at the home of Mr. and Mrs. Louis Candura of 16 Washington Avenue for their twin daughters, Sally and Sadie. The girls graduated from kindergarten in a white cap and gown ceremony held in the auditorium of St. Peter's School on June 6.

All of the neighbors, surrounding 635 Joramelon Street, are wondering why the "great wall" has been built. Mr. and Mrs. Emil Sciaraffa of 9 Hill Street and owner of the Pentagon Builders at 635 Joramelon Street, have designed and are building a split level penthouse apartment, complete with an oriental roof garden, for themselves. The wall is for the six family apartment house (construction to start in April) which will adjoin their

penthouse apartment.

The Sciaraffas, who plan to be in their apartment by Christmas, have made the designs along oriental lines. The interior decoration and their furnishings will be completely oriental, with a hot god as the focal point of interest upon entering the apartment. The six family dwelling will be called "The Hoti Apartments".

Pat DeAngelis of 29 Center Street, a past commander of the fourth district of the VFW, awarded a plaque to Miss Elaine Dovich of Caldwell, the winner of the annual "Voice of Democracy" contest sponsored by the VFW. The presentation ceremony was held on June 11 in the auditorium of Mount St. Dominic's School for Girls in Caldwell.

Miss Dovich, 17, was selected the winner over 40,000 Essex County students with her four minute essay entitled "What Citizenship Means To Me". DeAngelis was not only in charge of this year's contest but also a judge.

Nicholas Guarino of Belleville, a past commander of the Private Joseph C. Taibi Post 626 in Belleville, also presented a plaque to the winner.

On June 12, Ernest Zoppi, son of Mr. and Mrs. Ernest Zoppi of 45 Fairway Avenue, made his Confirmation at St. Peter's Church. To celebrate this important event, Ernest and his family and his sponsor, Mr. Michael Splendoria, had dinner at the Fountain. Later in the evening, there was a large family gathering in his home. Congratulations!

Congratulations to Robert Fersch, David Bukunus and Robert DePass for being selected to attend "Boys State" this year.

The American Legion Jersey Boys State, held at Rutgers State University from June 27 through July 3, is to develop good citizens in the United States by inspiring the youth of New Jersey to take a more active and intelligent interest in the operation of our State and Nation and in the privileges and responsibilities of citizenship.

Robert Fersch is the son of Mr. and Mrs. Robert Fersch of 40 Lincoln Terrace. David Bukunus is the son of Mr. and Mrs. Charles Bukunus of 101 Carpenter Street and Robert DePass is the son of Mr. and Mrs. D. A. DePass of 2 Marion Court. All of these boys attend Belleville Junior High School.

The Belleville Rotary Club and the Belleville Lions Club, together with the Belleville Post 105 of the American Legion sponsor this program each year.

The friends of Mr. Frank Verian of 57 Smallwood Avenue are glad to hear that he will be home soon from the Eye and Ear Infirmary in Newark. Frank was operated on June 8, and we hope to hear that Vincent Naylor of 11 Hornblower Avenue will be up again very soon. He is in Clara Maass Hospital; and it is nice to know that Mr. George Lynch of 123 Rutgers Street is home after a brief stay, from Clara Maass Hospital.

A second child, a son, Ronald Charles was born to Mr. and Mrs. Charles Terrieri of 42 Cedar Street, Nutley, on June 7 at St. Michael's Hospital, Newark. Birth weight was seven pounds. He joins a sister, Patricia, who is two years old.

Mrs. Terri is the former Patty Bianchi, daughter of Mr. and Mrs. Gerald Bianchi of 22 Mertz Avenue in Belleville.

Mr. Terrieri, son of Mr. and Mrs. James Terrieri of 273 Forrest Street in Belleville, is a computer operator for the Blue Cross in Newark.

### How to Save on Fees For All National Parks

If you plan to drive to national parks and other federal recreation areas where an entrance fee is required, you can save money by obtaining a U.S. Recreation Conservation bumper sticker at the nearest offices of the American Automobile Assn.

The green and white sticker, which costs \$7.00, is valid up to March 31, 1966.

# Bellboys End At 22-2 Mark

By STEVE CHAREN

Not even in their wildest dreams did anyone expect the 1965 Belleville High Varsity nine to achieve the success they did.

According to the "experts," the Bellboys were to have a mediocre season, and only a superlative effort by All-Star Len Luongo could bring on a winning campaign. Inexperience, especially on the mound, was to be the chief Belleville stumbling block.

"I only expected a little better than 50 season with about 13 or 14 wins," explained the Bellboys' third-year mentor Nick Pett.

Three pre-season estimates looked grimly true when Irvington claimed the opener 10-1. Belleville took the next three contests, but was 3-2 before starting to roll. Five straight victories, including an 18-2 shattering of Netherland, carried the Bellboys toward the top of the Big Ten Conference.

An eight-game winning streak followed and by now the pattern had been set, Belleville was by far, no mediocre team; this they proved decisively, breaking every school record in the process.

The fast maturing Bellboys shook scholastic circles by finishing with a 22-2 record plus their first Big Ten Conference and State Sectional crowns.

A BHS team had never before won more than 14 games, finished above fourth in the Big Ten, taken the State title, or won Greater Newark Tournament game (Belleville reached the semi-finals this year).

The key to the Blue and Gold success was a scintillating defense (which averaged less than two errors per game as compared to last years' four); and control pitching. Belleville's tight infield helped the pitchers and enabled the Bellboys to come through for the close decision.

Thanks to the defense, Belleville took six of seven one run decisions and twelve games by less than three tally. The amazing mound corps, which had a combined ERA of 1.80, walked only 37 and whiffed 126 in 209 innings (over a similar period, opposition hurlers walked 115 Bellboys while striking out 140).

The walk situation (78 more runners) played a big role in these close games.

As predicted, the home field advantage played a big part. In games that the Bellboys were billed as the home club (this includes four tournament games played on neutral fields), a 15-1 record was compiled (with the lone loss being a 5-4 freak brought on by a muddy field). In the role of a visitor, Belleville only managed to take six of ten clashes.

Clearly, Belleville's having a home field for the first time in several seasons was a big boost. Making up the best team in Belleville High's history was a combination of rookies and veterans; the extremists were manned by seniors, with the infielders and pitchers being sophs or juniors.

Big Len Luongo anchored this team from behind the plate where he was playing his fourth Varsity season. Although a spit finger slowed Len's offense progress, he was impeccable defensively. Luongo called the pitches and was a big help in handling all the young pitchers. Not many base runners dared to steal off of Len, and 13 who tried didn't make it. Despite his injury, the Bellboys' captain batted around .346 and accounted for 24 runs with nine extra base hits.

First baseman Frank Mineo played a big role in the Bellboys' success. Defensively, he had plenty of range and the ability to dig low throws out of the dirt or haul down the high ones. As one of Belleville's best clutch hitters, Frank led in RBI, scored 20 runs himself and batted .339.

George Debrowski was the second baseman and relief ace; he also filled in at third when Art Sheridan hurried. At the keystone sack, George helped to execute 11 double plays while committing just two errors. Debrowski (.52) compiled a .944 earned run average in relief and batted .342.

A sophomore, Ricky San Filippo, deftly manned the important shortstop position to give Belleville a winning combination. "Flip" also batted close to .300 and had 15 RBI.

Art Sheridan rounded out the infield at third when he wasn't doubling as Belleville's ace pitcher. Art's quick reflexes helped him to compile a 44 record on the mound (one win short of the school record) while allowing 1.06 runs per game as a starter.

When Sheridan or Debrowski were hurled, Jimmy Connell (a senior) filled in at second base. Jimbo batted .320 and was especially dangerous with men on base (12 RBI).

In the outfield, injury struck hard and often. Early in the season leftfielder Tony Landolfi was sent off for eight games. Then after 11 contests captain Joe Cerasio injured his back, to end his season prematurely.

Belleville's strong bench, mainly by Tony Magistro, made it possible to compensate for these losses. Magistro led the team for reaching base with 36 hits and 14 walks. "Dumper" also stole 14 bases in 17 attempts and batted a .386 besides being the MVP of the Bellboys' first fielding fly-hawks.

Magistro's .386 was second only to Landolfi, who returned to action in mid-May. "Chopper" went on a hit streak during the last seven games to lead the team with a .421 mark.

Cerasio, who became a "play or coach" after his injury, was truly missed. Joe was Belleville's best fielder and his 10 RBI in 11 games indicate his batting ability. He finished his three years Varsity career working with infielders and occasionally flashing signs to the runners.

The only steady outfielder was hard hitting Nick Grande. Grande, who had the rough right field position mastered, was a big gun for the Bellboys. Nicky reached base 20 times, scored 21 runs, stole 11 bases, and batted .378.

Tommy Giordano, another senior, was Belleville's defensive outfielder. He played a big part in protecting those slim leads and appeared in 25 games.

Rounding out the pitching staff was Rich Pucciarello (.54), Sal Taibbi (.410), and Bruce Schneider (.040). Pucciarello was the Belleville ace while the cold weather prevailed and had an ERA of 1.10 as a starter. "Puchie" carried the staff through the beginning of the season and hurled just two innings less than Sheridan (94 2/3 to 66 2/3).

# BHS Track Season Big Success

By AL PAGANELLI

The 1965 track season has gone down as the most successful season in the history of Belleville High School. Records fell with surprising ease to coaches Ron Kulik and Pat Forte's squad of "animals". I will try to highlight some of these records broken during the past season.

Belleville made its presence felt in the Big Ten Relay held in April running as an underdog to East Orange and Irvington, the 1 1/2 mile medley relay team recorded a stunning upset in meet and school record time of 8:07.6. This broke an eight-year old record of 8:06.2 held by Bloomfield.

This same relay team traveled to Long Branch in May and ran second to Dickinson in a Group IV race. The School record was lowered to 8:06.2 and was set by the team.

Taibbi was the Bellboys' third starter and he filled in admirably. He also did a fine job in relief. Sal (.383) led the pitchers in hitting and will get a chance to double as an outfielder next year. Sincox only appeared twice, but should be more useful next season with a hot newly acquired knuckleball.

Rounding out the team was Jim Pigninelli (out-flied-333), Ken Trainor (utility), and Harry Brechtbill (utility).

This was the group of boys that Nick Pett had to work. The boys were molded into a well-balanced unit that went a long way without a "super-star."

Since Pett took the helm, the Bellboys have compiled a 55-25 mark with three straight winning seasons.

The success is far from over and appears that Belleville's young strategist is building a dynasty.

Next year, for instance, he sides having the infield and pitcher back. Pett will have the best junior Varsity team in the school's history to draw from.

Charley Traver's J.V.'s compiled a rough 15-3 against rough Big Ten competition. Their season was highlighted by an 11 game winning streak and a 23-0 victory over Kenmy.

From that Junior Bellboy squad, several players will rise to Varsity stardom. Charley Cuomo (.306) will probably take over behind the plate. Sam Calabrita, Steve Cerca, and Don Wedekind will be in the running for the starting outfield positions. Jim Puley, Sandy Share, and Dave Rothwell will battle it out for the all important infield utility job. Also coming up will be left handed pitching to supplement the four man right staff. One J.V. hurler, Joel Pisano (.71), had a .500 record.

Big things are in store for Belleville in the future. But, only time will tell how big. SC

Al Paganelli, Don Johnson, Pete Greco, and Bob Boglione.

The mile relay team continually broke its own school record all season. Beginning with a time of 3:46.2 set at Orange and ending with a clocking of 3:38.5 at Kenmy.

Don Saunders, Don Johnson, Frank Milano, and Al Paganelli proved that the Bellboys had speed to burn.

The last relay record broken was by the 2 mile relay team which showed the versatility annihilating West Side. Dave Grigoris, Bob Boglione, Don Saunders, and Al Paganelli blazed the way to a record clocking of 8:04.9.

Harry Baker, junior master of the pole vault, had a tremendous season. Running sprints and hurdles in the dual meets, Harry still found time to clear 11 feet in the pole vault for a BHS record. A great record by an athlete.

Bob Patterson is Belleville's answer to the high jump. Bob, only a junior, soared into orbit to become the only boy in BHS history to clear 6'1".

Charlie Reed wound up the records for the Bellboys. Charlie, an extremely powerful sprinter, switched to the 440-yard dash this season and ran 52.0 seconds flat for the distance.

All these fine records and an 84 won loss record could never have been had if not been for the expert coaching of Ron Kulik and Pat Forte. Both men, are dedicated to the same objective — bring home a Big Ten Championship to Belleville next year. With only six seniors graduating this dream could turn into reality.

# Belleville Legion Ties Montclair in Opener

By STEVE CHAREN

The American Legion season is now restricted to, pinch hitting finally underway after several duty with an arm injury, made postponements because of the it 40 with a second inning four-bagger.

The Belleville squad, which is composed of most of this year's Varsity players plus several bright J.V. hopefuls, started the season on the wrong foot, by piling a four run lead and being forced to settle for a 5-5 tie with Montclair.

Since the Essex Legion League, which has expanded to eleven teams this year, works on a point system (two for a win and one for a tie), the rain-soaked game will not be replayed.

The surprising Bellboys started the game with a power display. Len Luongo started the show with a two run homer in the first round after Frank Mineo had singled in Tony Magistro with the

first score. Rich Rizzolo, who is

As the rain started to fall, the Monties picked up an unearned run in the second. A third inning rally made it 4-3.

It was pouring in the fourth as the Bellboys picked up their final tally. Finally after four and a half innings, the umpires halted the contest.

Parents of school children in Belleville will receive today copies of a Recreation Survey being conducted at the direction of the Advisory Board on Recreation and by the Recreation Department. The survey is of utmost importance to citizens of our town in that it gives them a chance to express their views on Recreation activities and facilities. A complete return of all of the forms is hoped for and will weigh heavily in future Recreation planning.

Under the heading "Facility Coleman, if 5 2 2 0 0 Survey" residents are asked to indicate those facilities they would like to see made available in the first column, those which they or their immediate family would use in the second column, and those in which they have no interest in the third column. If the answer is that they would make use of a facility they are asked to place in this column the number in their immediate family who would actually use the facility. In the other two columns only a check mark is necessary. Residents are strongly urged to use the additional space to write in any facility they would like which is not among those listed.

**Operator Lorraine T. Cross:** tracer of missing persons

Mr. H. W. Haldeman wrote us:

"On Thursday morning of this past week I was in Camden on business and received a call from my secretary advising me that my sister out in San Francisco had called me at the office to say she was rushing to the hospital—her husband had just been involved in a very serious accident. Unfortunately in her distraught condition, she failed to give my secretary the name of the hospital before she hung up, so I had very little information to go on. "I called the local operator and told her my problem, saying I could give her nothing but my brother-in-law's name and that he must be in an emergency ward somewhere in San Francisco. She was most cooperative, and assured me she would do everything possible. To make a long story short, this remarkable young lady of yours, had me connected to the doctor in the particular hospital who was in charge of the case in no more than 20 minutes. Armed with such meager information as she was, I think this was an outstanding example of efficiency and service! "I trust that you will be able to... see that she receives a 'well done' for her excellent detective work over the long line. I am always appreciative of special service—this I believe was a most outstanding example."

At New Jersey Bell, all our operators know we believe in giving that extra bit of special service. After all, the best possible phone service—that's our job.

## OBITUARIES

**Mrs. Walter Nemethy**  
Mrs. Theresa V. Rodgers Nemethy, 78, of 223 Malone Avenue, Belleville, died Thursday, June 10, in St. Vincent's Hospital, Montclair, after a short illness.

Mrs. Nemethy was born in Newark and moved to Belleville from that city 45 years ago. She was the widow of Walter L. Nemethy. Surviving are two daughters, Mrs. Vincent J. (Helen) Sharkey of Nutley and Mrs. Robert (Florence) Nelson of Belleville, and five grandchildren.

Funeral services were held Saturday, June 12, from the Kiernan Funeral Home, 101 Union Avenue, Belleville, in St. Peter's R.C. Church where a Solemn High Requiem Mass was offered. Burial was in Immaculate Conception Cemetery, Montclair.

### Miss Rose Wilson

A Requiem Mass was offered for Miss Rose E. Wilson of 279 Greylock Parkway, Belleville, Thursday, June 10, in St. Mary's R.C. Church, Nutley.

Miss Wilson died Monday, June 7, at her home. Born in Newark, she came to Belleville 42 years ago. She was a retired bookkeeper for General Electric Co.

Surviving are two sisters, the Misses Frances and Elizabeth Wilson, both at home.

## Pick DePass President Of Key Club

Belleville High School Key Club affiliated with the Belleville Kiwanis Club, and under the supervision of Herman Knuppel, senior counselor, held its annual buffet supper in the high school cafeteria.

Over 50 boys were in attendance and the following officers were installed for 1955-56 by Thomas Jameson, vice president of the Kiwanis Club: President, Robert De Pass; vice president, Bob Persch; recording secretary, Joseph McGuire; senior board member, James Corino; junior board member, David Jones.

## Olympic's Pool Has Own Water

These days of depleted reservoirs, the hundreds beating the heat, daily in Olympic Park's swimming pool have no misgivings about its four million gallons of clear sparkling water.

Harold Scott, pool manager, pointed out today that the water does not come from public sources. The supply bubbles from deep artesian wells drilled on the Irvington - Maplewood amusement park property 40 years ago. The water's purity is exceptional, he claimed.

A new, free circus will start at Olympic Monday, succeeding the show which currently features the Aerial Winters troupe, Jeanne Pivoteau, French aerialist, heads the new bill, which will include Pete Ivanov & Co., comedy gymnasts, and Allen's bears, three monstrous bruins from Alaska.

## Cook of The Week

MRS. MOLLIE TAYLOR

## Pennsylvania Dutch Recipe Wins Next-to-Last Contest

A Pennsylvania Dutch favorite, six-layer casserole, makes a two-time winner in the Belleville Times - News cooking contest of Mrs. Mollie Taylor of 41 Garden Avenue.

Mrs. Taylor was the winner of the first weekly recipe contest last fall for her inexpensive fruit-cake. The Times - News contest ends with next week's edition.

Today's winning recipe came from Mrs. Taylor's niece, who lives on a farm in the heart of the Amish area near Latta, Pennsylvania.

**CONTEST RULES**  
Favorite recipes should be submitted in contest. They may be for hors d'oeuvres, soups, salads, meat or fish dishes, vegetables, casseroles, desserts, foreign or American delicacies.

Recipes that do not win the week they are submitted will be considered in subsequent weeks' contests.

A contestant may submit more than one entry.

If the same recipe is sent by more than one contestant, the one with the earliest postmark will be the winner. In the case of entries submitted in person at the Times-News Office the date and hour will be noted on recipe when it is received.

One winner will be chosen each week and will receive a check for \$5. The winning recipe will be published each week in the Times-News.

Entries must be typewritten or written legibly and mailed or brought to the Belleville Times-News Recipe Contest Editor, 246 Washington Avenue, Belleville, N. J.

Members of The Times-News staff or members of their immediate families are not eligible.

## Carmen J. Jannarone, 64, Dies; Vice President of Savings & Loan

Carmen J. Jannarone, 64, of 66 Ravine Avenue, Nutley, vice president and director of the Nutley Savings & Loan Association and former Superintendent of Roads and Sewers in Nutley, died in St. Mary's Hospital, Passaic, on Friday, June 11, of a kidney ailment.

Mr. Jannarone was born in Newark. His father, the late Philip Jannarone, brought his family to the Nutley - Belleville area 62 years ago and settled on 40 acres of land known as the Moore farm along Passaic Avenue, which extended into sections of both towns.

Carmen's father operated his own construction company, the Jannarone Construction Co., and when the family moved to Harrison Street, Nutley, in 1918, Carmen and his brother, Frank, joined their father in the company which then became Philip Jannarone & Sons.

The company was engaged in heavy construction work and was responsible for the building of bridges, highways, water and sewer systems all over the State. Many roads in Nutley, Belleville, Bloomfield and this entire area were constructed by the Jannarone company, which was in existence until the death of Philip Jannarone in 1939.

Through the years, Carmen was active in Building and Loan affairs. He became associated with the Intrepid Building & Loan Association of Nutley shortly after its organization in the late 1920's, and became vice president and later president of the Association which was located at the corner of Newark and Passaic.

Up until the time of his death, he was in charge of all appraisal work at the Nutley Savings. During World War II he was an appraiser for the Veterans Administration and FIAA. He served also as co-chairman with Howard Sargent of the town's Salvage Committee.

Mr. Jannarone went with the town of Nutley as Superintendent of Road Maintenance and Deputy Building Inspector in May, 1934, positions he held until

CARMEN J. JANNARONE

he resigned in 1953. He was associated with construction companies in Jersey City and Clifton after leaving his town position, and later entered the construction business on his own. His last building project was the erection of the professional building and apartments at 441-447 Franklin Avenue, Nutley, which were completed in 1961.

Surviving are his wife, Mrs. Rosamund Santomassimo Jannarone; a son, Philip A. of Montvale; a daughter, Mrs. Jocelyn Herbert of Cranford; five brothers, Frank and August of Nutley; Thomas of Raritan; Peter of Neptune and Ludwig of Key Biscayne.

Fla.; three sisters, Mrs. Grace Sozio and Mrs. Clara O'Neil of Newark, and Mrs. Angelica Sumi of Walpole, Mass., and five grandchildren.

Mr. Jannarone was a first cousin to Brigadier General John Jannarone, USA, newly appointed Dean of the U. S. Military Academy at West Point.

A Solemn High Requiem Mass was offered Tuesday morning, June 15, at Holy Family R.C. Church. Interment was in Holy Cross Cemetery, North Arlington. Funeral arrangements were made by the Samuel W. Brown & Son Funeral Home, 287 Centre Street, Nutley.

To prevent mild cases of basement dampness, paint the walls and floors with a rubber base compound.
