TA Mothers Picket School Board

BULLETIN

The Belleville Board of Education was today ordered by Commissioner of Education Frederick W. Raubinger to "show cause why Dr. Frank M. Durkee should not be restored to office."

Representatives of the two factions will appear in Raubinger's office in Trenton next Wednesday at 10 A.M. to present their cases.

Five Belleville Students Named To Dean's List

Pine Mountain State College underclassmen from Belleville have been named to the Dean's List for the past spring term.

Listed are Phyllis C. Cernero of 90 Emmet Street, a freshman French major; Mary E. Lillio of 614 Belleville Avenue, a sophomore Spanish major; Sandra D. Rygiel of 86 Nollon Street, a freshman French major; Elizabeth A. Scheibel of 45 Forest Street, a junior English major; and Virginia J. Uzolova of 15 Magnolia Street, a junior social studies major.

The Dean's List honor is granted to those students who attain an average of 3.5 or better for full-time work in the regular undergraduate division.

Parent-Son Night Set For 8 P.M.

The Annual Gridiron Parent-Son Night for parents of senior football players will be held Thursday at 8 p.m. in the BHS auditorium. All players and their parents are invited to attend.

The Bellows coaching staff of head coach Tom Testa, assistant coaches Vince Harris and Pat Faria, and sophomore coach Mario Cocchiola will get a chance to meet the ball players' parents and discuss football procedures.

Parents will be shown uniform parts and introduced to safety factors that help to protect their sons.

Belleville's philosophy of coaching is ways in which the parents can help will be mentioned at what has always proved to be an entertaining and informative evening.

Red Cross Session Set For Tonight

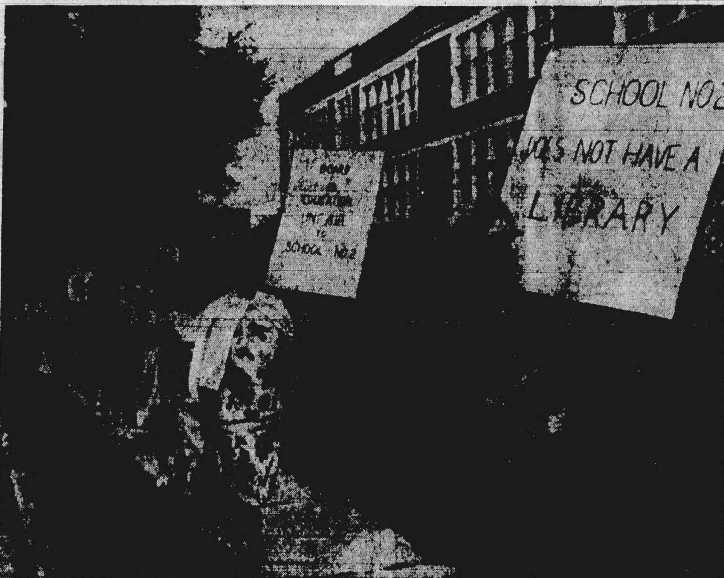

The annual meeting of the Belleville Chapter of the American Red Cross will be held tonight at Branch Brook Manor, 13 Washington Avenue.

Guest speaker will be Dr. Adrian M. Sabety, a heart surgeon on the staff of Orange Memorial Hospital. He will discuss the blood program and open heart surgery.

Purpose of tonight's meeting is to report on the Red Cross service during the past year, to give awards, to elect new members to the board of directors and to choose new officers for the chapter.

Don't Miss The Fair!

31 DAYS 'TIL CLOSING

THE MILITANT MOTHERS — Marching slowly along Union Ave. in front of School No. 8 are members of the Parent-Teachers Association of School No. 2 who are seeking redress from the Board of Education who, the mothers claim, have ignored their petitions for more space at the school and a consolidation of classrooms.

Resident Charges Cops With Cruel Treatment To Animal

Councilmen called for an investigation into alleged cruelty to an animal Monday night after they heard Miss Annette Mowrey, 311 Washington Ave., describe the action taken by two Belleville patrolmen who had been called to check an injured cat lying in the street.

Miss Mowrey charged Patrolmen Cornelius Berrigan and John Drop had refused to call the pound to handle the injured animal and had given her the alternative.

"I'll give you a choice," Drop said, when asked what he intended to do. "I'll take it to the valley and either shoot it or beat it to death."

In her written statement, Miss Mowrey said Drop looked at the cat and remarked, "I'll see if it's worth saving," and then stepped on the animal's head.

When Drop was notified that a veterinarian was on the way, she continued, he became very angry at her complaints.

"Go take a ride," he said. "Get the hell out of here."

Miss Mowrey said she had become so upset by the episode her doctor had placed her under sedation. The ASPCA had also been appraised of the situation, she told councilmen.

Police Chief Charles McGinnis, who was present at the meeting, said he would have to study the report after it had been submitted to the council for action.

Miss Mowrey's four-page report has been mimeographed and notarized for submission to the council.

Council OK's Test For Deputy Chief

Busy Belleville firefighters came a step nearer to adding a much-needed fourth deputy fire chief Monday night when councilmen backed the fire captains who had been pressing for the new post.

Town manager John R. Burnett has been authorized to ask the State Civil Service Department to conduct an examination for the position.

Last Thursday the council had been leery of recommending the new command post until fire captains explained that closer supervision was needed by firefighters during an emergency.

Councilman James Golden, who called the proposed resolution a political move, went down to defeat when other councilmen agreed that the town's first line of fire defense did indeed need another deputy fire chief.

Joining Golden in the veto was Councilman William R. Gullen. The vote was 3-2.

Firemen attending the meeting scoffed at Golden's charge.

The new ordinance, drawn up at the request of Councilman Ralph A. Casale by town attorney Jack Soriano, will be presented at the next council meeting.

BHS Bandsmen To Make Trip To The State Fair

As a result of the Belleville High School band making such a good showing at the World's Fair May 25 at the New Jersey Pavilion, they have been invited to spend the day of Sept. 28th at the New Jersey State Fair and to perform, said bandmaster Robert A. Wing Friday afternoon.

The band received a commendation from Gov. Richard J. Hughes Aug. 23 in which he said "Please accept my thanks for your fine services to the State of New Jersey."

In addition to the band, the twirlers and members of the 9th grade made the trip to Flushing Meadows.

Town Clerk Warns Our Town Voters

If you plan to vote during the General Election Nov. 2 you'd better make sure you're properly registered for the great event, warns Eugene G. Barnett, town clerk.

His office will be open every day except Friday and Saturday, from 8:30 A.M. to 4:30 P.M. Evening hours are:

Tuesday, Sept. 7, 7 P.M. to 9 P.M.; Wednesday, Sept. 13, 8:30 A.M. to 9 P.M.; Monday, Sept. 20, 8:30 A.M. to 9 P.M.; Tuesday, Sept. 21, 8:30 A.M. to 9 P.M.; Wednesday, Sept. 22, 8:30 A.M. to 9 P.M.; Thursday, Sept. 23, 8:30 A.M. to 9 P.M.

Last day for registrations and transfers will be Thursday, Sept. 23.

New Sewer Line OK'd For BHS

Ralph A. Vara, superintendent of public works, called for the intermediate installation of sanitary sewer from Davidson Ave. northeast to Stadium Road adjoining the new high school.

Councilman James Golden had claimed it would be "too expensive" to replace the sewers, suggested that they be repaired, and called for an estimate of the cost.

Vara described the sewer line as a "camel's back with two humps," and explained that the present lines worked by gravity flow "which might fail at any time." He said some 250 families might be dispossessed if this happened. "It's been laid three times already," he declared, glaring at Golden.

"We're running the risk of dispossessing 250 families," added Councilman Robert T. Westpy. Clinging stubbornly to a losing proposition, Golden voted "aye" with the other four councilmen agreeing a need existed.

The ordinance would appropriate some \$20,000 from the capital budget to construct the sewer. It will come up for final adoption Sept. 20.

Fire Destroys A Barn On Thursday Afternoon

Belleville firemen were out in force Thursday afternoon when a two-story barn at the Newark reservoir property of Joramelon St. was destroyed in a fire which held up household traffic for more than an hour.

Msgr. Owens Is Interred At St. Mary's

More than 1,500 persons attended the 11 o'clock services for the Right Reverend Monsignor James J. Owens, L.L.D., P.A., Tuesday at St. Mary's Church. The Monsignor, who was 85 on July 17, died of cancer Friday morning at St. Mary's Hospital, Passaic.

Among the mourners at Tuesday's Solemn High Mass of Requiem was a large representation by the clergy, including more than 200 priests, 65 monsignors and 10 sisters.

The 11 o'clock funeral mass was offered by Bishop John Dougherty of Seton Hall University. Assisting were the Rev. Columba Murphy, OFM, cousin of Monsignor Owens, and the Rev. John Golding of St. Mary's Church.

The Rev. Gerard Walsh of St. Mary's, in delivering the eulogy, told of the Monsignor's final hours. He recalled a session of parishioners, the Monsignor's presence last week.

"At one point, the Monsignor opened his eyes and looked at each of us closely," Father Walsh began. "Later, when the prayers were over and the priests were leaving, he called to me and addressed them each by name. What a beautiful way to die. He died the way he lived."

(A recording of the eulogy delivered by Father Walsh is being transcribed into written form by The Times and will be published next Thursday.)

10-Man Police 'Flying Squad' Reducing Crime

A special 10-man "Flying Squad" made up of volunteer members of the Belleville Police Department have been reducing the number of complaints made by residents annoyed by idle teenagers who roam the streets looking for trouble.

The men, said Police Chief Charles McGinnis, Tuesday, were organized Sept. 2 to cope with the complaints of residents. All the men, explained Chief McGinnis, work on their own time, usually during the peak hours of vandalism and loitering.

Appearing in Municipal Court before Magistrate Edward J. Abramson were six teenagers who received fines up to \$25 as a result of the squad who operate under Detective Mike Marotti. Two others have cases pending.

When the juveniles were taken into custody and released to the custody of parents pending court, an appearance in juvenile court.

Although it's too early for definite results to appear, said McGinnis, there have been fewer complaints. His men have not yet beat, but patrol the most troublesome spots, usually on weekends and holidays.

The group were formed as a direct outgrowth of the anti-loitering ordinance which drew praise from throughout the state and was studied by adjoining municipalities.

Central School Not Planned By The School Board

The possibility of constructing a central school to replace Schools 2 and 4 "is not being considered at this time," said Ernest S. Arvidson, Board President.

The decision against the central school idea was by nearly unanimous vote of the school board at a closed meeting Sept. 7, with one member reserving judgement until more information is gathered.

Further discussion of a solution to School 2's problems were scheduled for a closed meeting last night. Board members appear to be leaning toward construction of a multi-purpose gym-auditorium-classroom addition.

At the start of Monday's meeting, board vice-president, Mrs. Thomas F. McCool, publicly supported School 2 parents who complained the third-floor auditorium is a safety hazard.

Her comment provoked a brief controversy with board president Ernest S. Arvidson, who charged she had never indicated her support in official polls of membership at closed meetings.

McCool denied the charge.

She said if the board had given School 2 parents a "more accurate, complete answer, sooner, they wouldn't have to resort to picketing."

Arvidson said that Mrs. McCool had not completed a committee assignment to gather data on the School 2 problem.

In reply to a question from Miss Evelyn Hannon, an unsuccessful board candidate last winter, School Business Administrator Harold A. Dufford said he had not received "any written recommendation not to use the auditorium" from the Belleville Fire Department. He added that the state education department, which has sole power to condemn a school building as unsafe, has never condemned the third-floor auditorium.

School 2 Auditorium Is 'Unsafe' Parents Claim

'Central School' Not Planned By The School Board

The kindergarten is now housed in the Presbyterian Church a block east of School 2. The makeshift classroom, leased by the board of education at an annual rental is satisfactory, but it isn't in the same building as the rest of the classrooms.

Mrs. Rosalie Bernardo, 110 Brighton Ave., added that the school needs an "auditorium." "They (the children) don't have a proper place for physical education training," she said.

"Not only that," declared Mrs. Francis Pensabene, 34 Belleville Ave., "but what's the delay after three-and-a-half years?" The mothers had never gotten a firm commitment from the board despite repeated requests for improvements at the school, the oldest of the town's eleven schools.

Mrs. Alfred De Lucio, president of the PTA, four year efforts to have additional construction made at the school, but she said, they had received nothing but assurances that improvements were being studied.

Belleville Man Is Held In Shooting

An unpaid debt, a hot temper, and a .38 caliber bullet combined to land Emelio Gugliacello, 58, in the Belleville Town Jail Sunday night after he fired his revolver at an acquaintance who wouldn't pay a \$24 debt.

In the police docket it came out this way:

Gugliacello, who lives at 144 Heckerl St., got into a quarrel with Odell Sherin, 28, of 82 N. 6th St., North Newark over money.

As Sherin drove off Gugliacello hurried into the house and emerged with a .38 caliber revolver, which he aimed at the departing car, and fired one shot. The rear window was shattered and a passenger, Elmer Artis, 46, of 778 N. 6th St., North Newark, was slightly nicked by flying glass.

Sherin complained to police and patrolman Harry Lanno and the "New York Times" was called to the scene where they arrested Gugliacello, who offered no resistance.

He was charged with atrocious assault and battery with a deadly weapon and held under \$1,500 bail.

Traffic Code Stalled Again By Council

After 18 months in the works, the revised omnibus traffic ordinance was tabled again Monday night when several citizens spoke against the proposed measure.

The ordinance, introduced Feb. 1, had undergone several modifications at the behest of disgruntled residents during six neighborhood conferences.

The revised ordinance, in which Signal Superintendent Frank Rosavelli's recommendations had been closely followed, was planned to regulate traffic flow and restrict parking in Belleville, as well as clear the books of many obsolete regulations now cluttering up the municipal code.

The council adopted two amendments which gave more liberal parking on Little Street, Washington Ave. and the railroad, and on the east side of Linden Ave. between Joramelon St. and Greylock Park.

After a 45-minute discussion, the Council voted to table the ordinance to allow more residents to be heard.

The vote was 3-2 with Councilman Robert E. Westpy and Casale opposing.

Firefighter Cut When Chemical Mixture Ignites

A chemical reaction set off a minor fire at L. Sonneborn and Sons Inc., 65 Hancock Avenue, Belleville last Wednesday.

The fire was limited to the 50-gallon drum in which peroxides were being mixed in the company's lab. Both Belleville and Nutley Fire Departments responded.

Nutley Fireman Theodore H. Clary Jr. suffered a cut left hand while breaking a window to clear out dense smoke which filled the lab.

Ike To Attend An Essex Club Meet Set For Monday

Former President Eisenhower has accepted an invitation, extended by John H. Ewing, chairman of the New Jersey Republican Finance Committee, to attend a leadership meeting Sept. 20 at the Essex Club, 52 Park Pl., Newark.

Eisenhower and National GOP chairman Ray C. Elias will attend in the hope of strengthening the party in New Jersey.

Mr. Ewing said the party has begun to lose support in the state. It is hoped that senator Wayne Dumont, Republican candidate for governor of New Jersey, will be able to join in the discussion.

State finance chairman Ewing said a major goal of the meeting will be to develop a long-range fund-raising plan in the state.

Registration Drive Planned

In addition to the drive now being made by Democratic headquarters for registration in the coming election, Anthony Suriano, secretary to Cong. Peter W. In-School Job Training Gets Unofficial OK From Falcone

Unofficial approval of Belleville's request for federal funds for the Neighborhood Youth Corps in-school job training program was received Monday.

Paul S. Falcone program director for the County Youth and Rehabilitation Commission, which coordinates anti-poverty programs for all municipalities except Newark, received the verbal OK from Neighborhood Youth Corps district director Miss Marilyn Charles in New York.

He expects formal approval within 10 days.

Belleville's anti-poverty coordinator, Assistant Superintendent of Schools Michael Rosamilia, says he can get the after-school and summer employment program for teenagers started within 10 days of approval.

Belleville's allotment of the Youth Corps jobs was cut to 20 when the County Youth Commission had to cut its total request for the county as a whole. Rosamilia says there is a possibility nearby Irvington may not be able to provide ten of the Youth Corps jobs it requested funds for, and

may agree to let Belleville use the funds for the extra ten positions.

How the 20 or 30 jobs for Belleville will be allocated among town agencies hasn't yet been worked out. The school system requested over 60 jobs and the library board asked for three.

Town Hall had not worked out a program when the application was submitted, but some of the Youth Corps jobs may still be located there.

Rosamilia anticipates "a real problem" in selecting applicants for the jobs.

"We'll have many more applications from deserving high school students than we'll have jobs," he said.

Dr. Frank M. Durkee Outlines His Background For Public's Scrutiny

Dr. Frank M. Durkee, who has been suspended from the office of superintendent of schools, a position he has held for four years in addition to nine years as assistant superintendent, forwarded the following letter, written in third-person, for use in clarifying his position in a case he accurately describes as "a fight for his professional life."

It is in the public interest to hear a first-person account from the superintendent regarding his background, his aspirations, and his philosophy — Editor.

Dr. Frank M. Durkee, Superintendent of Schools, is in a fight for his professional life. The facts presented here are known by many people in our town, but all need to be aware of them.

Our superintendent of schools is no "fly-by-night" educator. He has given his whole life to education — 35 years as an educator, 13 of these years to Belleville. Coming to Belleville in 1952, Dr. Durkee has served our schools as general supervisor and assistant superintendent for nine years and as superintendent for four years.

His previous professional experience included public school teaching, department head, coach of debating, and college teaching; six years at Newark College of Engineering, serving as assistant professor, associate professor, assistant executive associate, secretary of the faculty, publications committee, and guidance counselor; at Rutgers University, lecturer in three divisions — College of Arts and Sciences, University College, and School of Education; and at Paterson State College.

Our superintendent has the highest educational qualifications. He has a bachelor of arts degree from Dickinson College, Carlisle, Pa.; a master of arts degree in English from Rutgers University, and a doctorate in education from Rutgers University, the highest possible degree in this field. (All the superintendents in Essex County now have a doctor's degree; it is a necessary requirement.) He holds the Permanent School Administrators Certificate.

He has tenure of office and cannot be removed except for incompetency, inefficiency, or unbecoming conduct, proven before the State Commissioner of Education by the preponderance of

articles, three of the more outstanding are: "Why Johnny Reads," "Organizing for In-Service Growth in Education," and "No Substitute for the Principal as Instructional Leader."

No reclusive, our superintendent has taken seriously the motto of the Rotary Club of Belleville, to which he belongs, "Service Above Self." He has been secretary, vice president, acting treasurer, and president of Rotary. He has worked in all phases of the American Red Cross and served as Chapter Chairman 1955-56 and eleven years on the board of directors. In Belleville Family Service organization, he served as member of the board of trustees, personnel committee, and vice-president.

He promoted the work that led to the formation of the Belleville Child Guidance Association and the North Essex Guidance Clinic, serving as its first president. He has been a Community Chest Campaign Division Leader, chairman of the Residential Campaign for the United Fund, and member of the United Fund of Belleville Board of Trustees. He is a member of the Belleville Community Welfare Council and the Belleville Foundation.

Durkee has served in various capacities with the Boy Scouts. Member of a local church, he has served on the commission on education and the official board and as Sunday school superintendent. He is a member of the Belleville-Nutley Tuberculosis Association.

Taxpayer and home owner, our superintendent, Dr. Frank M. Durkee and his wife, Marjorie, live at 45 Van Houten Place. Their three children, Joan, Frank Jr., and Linda, graduated from Belleville High School. Joan and Frank Jr. are married and have four children, with whom Dr. Durkee and his wife have many happy experiences. Linda is a sophomore in Cedar Crest College.

Our superintendent is a scholar who has versatility. He is at home in the world of work as well as that of scholarship. He knows the in's and out's of most common machines and does much of his own work on them, such as the automobile. He is

acquainted with carpentry, plumbing, electrical work, and painting and takes care of many of the repairs in his home. He follows all sports, particularly football, basketball, and baseball. He has worked in industry as well as education.

One superintendent has said: "We live in a moral world; no other kind can survive. The Commandment, 'Thou shalt not bear false witness against thy neighbor,' becomes increasingly important in this world of many media of communication. Of course all villainy, slander, libel, vicious acts flow from calculated self-advantage and hate. Shakespeare reminds all that. He who steals my purse steals trash; he who steals my good name steals that which will in

WILL YOU HELP THE REPUBLICAN PARTY?

The Republican organization in Essex County needs your help. The coming campaign is a vital one for there is much at stake—much.

For years the Democrats, under the domination of Boss Dennis Carey, have been able to gather campaign funds, almost without limit; and over the years that the Democrats have controlled Essex County, millions have been collected.

Carey's ruthless machine has left no source of campaign contribution untouched. Practically every county employee has been "requested" to contribute to the party and there is none willing to risk the reprisal that would follow inevitably if he failed to contribute part of his salary to the machine. These "contributions" take various forms—from the purchase of tickets to functions to bringing in the cash to Mr. Carey personally.

Practically all the firms doing business with the county—and there are hundreds of them—find it business wisdom to support the Democrat machine. For if they don't they quickly find out they are no longer doing business with the county. It's the old, rotten Tammany Hall system. And it smells.

Recently, at a Democrat function, advertising in a few hundred programs printed for the occasion was sold at \$2,500 a page. Practically every firm of consulting engineers doing business with the Democrat administration bought a page ad, despite the fact that the charge was so grossly exorbitant as to be ludicrous. It was a plain shakedown which brought in \$90,000 to the Democrats' coffers.

On September 3, the Newark News said:

"Gov. Hughes re-election campaign treasury will be the beneficiary of a \$250 reception and lunch Sept. 22... another illustration of the advantage the Democrats have in fund-raising attractions... At a \$250 dinner last February the party netted \$250,000. Last week a State Democratic outing in Sea Girt produced a profit of nearly \$300,000 from the sale of \$75 tickets and ads in a souvenir program."

And here in Essex County—never in the history of New Jersey, not even in the palmy days of Mayor Hague in Hudson, have there been so many millions of the people's money wasted, just to make soft jobs at fat salaries in order to maintain a county Democrat machine.

The per capita cost of government in Essex County is by far the highest in the state; the population growth in Essex County is by far the lowest in the state. And business and industry have been driven and kept out of the county to an alarming degree, with the resulting loss of jobs. Why? Because of our excessive tax rate.

THE UNFORTUNATE HOME OWNER

You won't find one home owner in the entire county who does not bitterly complain of the crushing tax burden, a burden that grows and grows and grows each year.

Yes, there's something rotten in the County of Essex. It will become worse unless those big, fat, high salaried,

useless jobs are eliminated and there is a return to fiscal sanity. Those Democrat spenders must go. There must be a return to decent government. How?

THE COMING CAMPAIGN

Needless to say, campaigns cost money. And the Republican Committee of Essex County is broke—flat broke.

Here we are with the best ticket of candidates we ever had. The men and women comprising the Republican slate are—all of them—dedicated to serving the people conscientiously and well. Indeed we have reason to be proud of them, very proud of them.

This is the Republican ticket:

For Governor—
WAYNE DUMONT, Jr.
For State Senators—
C. ROBERT SARCONE
WILLIAM F. TOMPKINS
IRWIN I. KIMMELMAN
JAMES E. CHURCHMAN, Jr.
For Assemblymen—
WILLIAM H. EVERETT
JAMES H. WALLWORK
JEROME U. BURKE
MARIO A. GENOVA
HELEN M. SLOWINSKI
MICHAEL A. GIULIANO
MARY F. EDMOND
ROBERT B. YUDIN
GERALD J. DE LANE, Jr.

For County Clerk—
ROBERT A. LETT
For Register—
ROBERT J. ONTELL
For Freeholders—
VITO A. MIELE
GEORGE R. DANCY
ANTHONY PETRUZZELLI

Now we need your help—need it ever so urgently. Will you send us your contribution to help in this fight for clean government? If you can only spare a dollar send it in please. And, of course, if you can spare a hundred dollars that will be a hundred times more helpful. But will you do it today? We know how easy it is to put things off. When that happens, we usually forget the matter at hand altogether. We need your help NOW.

HELP WANTED

We need your help—need it ever so urgently. Will you send us your contribution to help in this fight for clean government? If you can only spare a dollar send it in please. And, of course, if you can spare a hundred dollars that will be a hundred times more helpful. But will you do it today? We know how easy it is to put things off. When that happens, we usually forget the matter at hand altogether. We need your help NOW.

The two party system must continue as the American way of political life. One party domination inevitably leads to evils, and never have such evils been more flagrant than those existing in the Essex County courthouse.

The time remaining to plan our campaign is short. And there can be little or no planning without campaign funds. We believe the civic-minded citizens of Essex County will not let this appeal go unheeded. Your response will give us heart; indeed it will be the difference between victory at the polls with the restoration of good government and defeat with the same old gang remaining in power.

Monsignor James J. Owens

The sadness of respect which spread over all of Nutley and Belleville as the news of Monsignor Owens' death was passed from friend to friend, was also a sadness of solitude, emanating from deep within many individual hearts and souls. The fact that so few had known of the Monsignor's serious illness only hardened the impact of the sorrowful news last Friday afternoon.

The Right Reverend Monsignor James J. Owens was inseparable from the guiding spirit behind the development of Saint Mary's Parish for 43 years. He was, in fact, that guiding spirit himself. And as Saint Mary's Parish grew and expanded, the towns of Nutley and Belleville grew and expanded too, not only in a physical sense, but in their spiritual and charitable character.

Monsignor Owens came to Nutley 43 years ago to a town of less than 9,000 people. The Saint Mary's Church that the Monsignor found on Columbus Day in 1922 served a parish of 600 families. The Saint Mary's Church that the Monsignor left now serves nearly 4,000 families in the neighboring communities of Nutley and Belleville.

Saint Mary's School had just begun its second fall term when Monsignor Owens settled in Nutley. The 1922 school year opened with an enrollment of 83 pupils and a teaching staff of three Sisters of Charity; classes were held in "the little red school house" known as Saint Mary's Lyceum; the Sisters lived in a small convent adjacent to the school.

Forty-three years of foresight, planning, zeal and the prayerful labor of a man, brought vast changes in the Parish of Saint Mary. The physical structure of the parish underwent a remarkable transformation in 1926 with the completion of a combination church and school. Next, a new rectory was finished with the old building being enlarged and renovated to become the convent of today. In 1952, a beautiful new church opened with a seating capacity of more than a thousand. Six years later, a third addition to the school, including a gymnasium-auditorium, was finished in time for the celebration which marked the Monsignor's 50th year as a parish priest.

When Monsignor Owens was honored on his golden anniversary in the priest-hood, his close friend, Monsignor John J. Clark of Ridgely, came to Nutley to preach the jubilee sermon at a Solemn Mass of Thanksgiving. Monsignor Clark echoed the sentiments of those who knew our beloved priest best when he told the

Saint Mary parishioners in 1958:

If I should be asked to sum up in one word the character of Monsignor Owens, I would use the word "charity." A kind man, a zealous man with the flame of love burning deep in his heart for his God and his people. His disposition has made him many friends, his heart has kept those friends.

Monsignor Owens truly became the symbol of all that is good in our town. His saintly qualities were recognized long ago when through his example many townspeople found a common bond of friendship in the words Monsignor Owens set out to fulfill, "Love the Lord thy God and thy neighbor as thyself."

Born in the village of Strokestown, County Roscommon, Ireland, the Monsignor spent his boyhood and youth there. While a student at Summerhill College in Ireland, he came to America and completed his academic studies at Seton Hall College, South Orange, where he was graduated in 1902. He attended the Seminary of the Immaculate Conception at South Orange and was ordained to the priesthood on June 13, 1908.

Before coming to Nutley in 1922, Monsignor Owens served as a curate in St. Patrick's, St. Michael's and St. Joseph's, all in Jersey City.

In 1948, in recognition of his accomplishments throughout the Archdiocese of Newark, he was elevated by the Pope to the rank of Domestic Prelate with the title of Right Reverend Monsignor. During these past 43 years, Nutley and Saint Mary's Parish have grown together, and during these years, the strength and compassion of Monsignor Owens had grown too. This man of God, man of the people, never permitted need or sickness, sorrow or sin, to go unnoticed. His gentle words, "God love you," became familiar to everyone. His great impatience with sin and evil seemed to attract his parishioners because they recognized in his impatience, his compassion for the weak.

The passing of Monsignor Owens has left a saddened community. Some consolation can be found through the conscious realization that his influence in teaching the love of God and the love of all people will continue to guide the lives of the many his life inspired. Monsignor Owens will be remembered as "the kind and zealous man" he was, and as the parish priest with "the flame of love burning deep within his heart, for his God and his people."

Gentlemen:

I have heard many comments about the "Town Meetings" here in Belleville and thought most of the talk was exaggerated. So being a citizen of Belleville I attended one of these meetings on Monday night, August 23, 1965, and I was shocked to see what a disgrace it was.

You, Mayor Pico, have no control of your meetings. As the

The phonograph industry has almost completely abandoned tubes for transistors. TV has quite a ways to go yet before we see many sets equipped with transistors. The high frequencies and the much larger number of transistors required for a TV compared with a phonograph runs the prices way out of line compared with tube TV sets. Ironically, there is really not much advantage using transistors instead of tubes for larger phonographs. One of the main objections to the use of tubes is the greater heat given off by tubes. In the large cabinets necessary for phonographs the heat really does not present a problem. As far as the tone quality is concerned, it does not make any difference whether a set uses tubes or transistors. Contrary to what some manufacturers want to tell you, it was more the constant quest for something "new" that prompted the use of transistors for phonographs. Another reason was the fact that the technical difficulties encountered with phonograph are much less than with TV. Of course, transistors are a must if there is no electricity available or when a set powered by the line voltage has to be compact. Such a set would develop a considerable amount of heat if tubes would be used. Some people in the industry predicted some years ago that the tube would be obsolete in a few years. Experience has shown that this won't be the case. So far the production of tubes has increased every year, in spite of the ever greater use of transistors. The whole electronic industry is in a fantastic growth cycle and will continue to be so for many years.

head of the council, you should give the townspeople of Belleville more respect and listen to their grievances, as these are the people who vote you into office. I can see why this is not done, you show little respect for one another by insulting, yelling and not acting in a manner becoming a public official.

Before I became a homeowner of Belleville, I always heard the government of Belleville was a joke, and a disgrace to the State of New Jersey, now I know it is true after attending one meeting. In my opinion, you do not qualify as councilman to govern a town.

More townspeople should attend these meetings and see and hear the childlike manner in which these meetings are conducted. In my opinion, it appeared that Councilman Golden is the only one who sees to it that a citizen is given the right to speak, and be heard. What is the matter with the others? If they as councilmen, do not know their obligations to the public let them resign, as we need men of high caliber in this day and age to govern any town.

Respectfully Yours

That Puzzling Problem Of 'The Investigation'

To the Editor, Times-News:
(The following letter was forwarded to The Belleville Times by Allan H. Crisp, who backs Dr. Frank M. Durkee's position against the Board of Education. In it he expresses his sentiments regarding the case to Dr. Frederick M. Raubinger,

State Commissioner of Education. — Editor)
Dr. Raubinger:
I am puzzled and dismayed by your ruling.

Unless you know of a prompt investigation which is about to take place, I do not understand how you can sanction a school system of 5,400 children limping along without the services of its superintendent, awaiting an investigation which may never take place or, at best, may be long drawn out.

The majority may not have deprived Dr. Durkee of pay during the suspension, but the damage to his professional reputation is irreparable, to say nothing of the embarrassment and humiliation to which a man of his standing has been subjected.

The most puzzling aspect is the fact that educators fought long and hard for the passage of the law which requires Boards to file itemized charges against school

districts under leave. By permitting its provision of the law to be circumvented by launching an investigation, are you not opening a Pandora's box which will make a mockery of the law and result in similar evasions and abuses of the tenure laws throughout the state?

Sincerely,
Allan H. Crisp

An Advance Course In Moderation

In Gilbert and Sullivan's "Mikado" the object all sublime is to make the punishment fit the crime. So — in Dr. Frank M. Durkee's sad case — what, exactly, is the crime? What is the punishment to be extracted? And worse yet, from in a very sensitive position demonstrably worth his \$19,100 per year salary, or he wouldn't have been kept for nearly 14 years as a school administrator in a town where fiscal watchdogs abound. That he has never won a popularity poll is beyond the point.

Durkee's explanation (which is to be believed until proven otherwise) is that he made the unfortunate choice of using an anti-dual-control petition to make test runs on a new business machine he was planning to buy for the school system. (It didn't work.)

When asked by his leading detractor whether or not he had used the machine, Durkee, fully aware of the personal hostility of several Board members, answered with a cautious "NO". He had been in an automobile accident the previous afternoon, he said, and wasn't up to the mental mettle required in such exchanges. Later

he did admit using the machine.

Outraged, Board President Ernest S. Arvidson describes this as flagrant insubordination and morally unworthy of a man in Durkee's educational, social, and professional position. Now that this comparatively trivial defect has developed into a cause celebre, Arvidson says he is considering up to 30 other items which he may, or may not, level against Durkee.

Since the wheels of justice, in addition to grinding exceedingly fine, also grind exceedingly slow, this "investigation" could go on for many months before a decision is made one way or another.

MEANWHILE back at the ranch...

Who's paying the tab for a vacant seat in the superintendent's office? You are, Mr. and Mrs. Taxpayer. Who's paying for the confusion perhaps besetting the minds of our students? Our children.

And who will pay for the sad example of Belleville embroiled in another still another mud-slinging contest by our elected officials who swore to maintain the peace, to uphold good education and to give the kids of our town a target of moral excellence at which to set their sights?

You will Mr. and Mrs. Belleville. G.P.A.

How To Keep Out Of Trouble

If children were taught in the home by their parents and in the schools and Sunday schools by their teachers, one simple little rule of action, think of the sorrow and suffering it would save, not to mention the countless millions of dollars.

This rule of action wouldn't require any new laws, it wouldn't cost a dime of taxpayers money, and it would reduce the cost of law enforcement and court trials. Respect for the rule would eventually become automatic with most children as they grew up.

4—The Belleville Times-News, Thursday, Sept. 16, 1965

There wouldn't be so many news reports of murder, robbery, kidnapping, rape, purse snatching, automobile stealing, etc., etc.

And what is the rule of action that would reduce our vicious crime record, if it became part of the thinking of children when it was taught to them daily by their parents and schools, along with suitable illustrations of what it meant?

Rule — "Keep your hands off other people and other people's property." It's that simple to keep out of trouble.

Happy Birthday to Michael Sessa, son of Mr. and Mrs. Patrick Sessa of 204 Joralemon Street, who celebrated his 18th birthday on September 5.

When the two hours had passed, Patty and Barbara Nardone, Ramona, Seratelli, Ronald, Rizzolo, Tony DiGiacomo and Johanna Melillo found they had netted \$77.00.

Both door prizes (an apple pie and \$5.00) were won by Mrs. Nicholas Nardone of Nutley.

The money from the carnival has been contributed to the Muscular Dystrophy Foundation through the TV personality, Sandy Becker.

For the first time in Belleville, the fathers of Little Leaguers played the managers and coaches of the Little League Teams in a nine inning softball game at the Stadium on Sunday, August 29.

With the Mothers cheering wild from the stands (for the Fathers naturally), the overly-confident Managers were soundly beaten by the Fathers 8-4.

Among the stars on the Fathers' team, were Pat Dunn and F. Cieneghan and home runs were hit by Ernie Zoppi and Frank Papsidero.

After the game, the players and their families held a victory party in the Knights of Columbus Clubhouse. Next year, the Managers promise it will be their victory. Want to make a bet???

August 29 was the last day of camp at the Westmount Country Club and the campers had made big plans for a water show to give their parents an idea of how much they had learned during the summer. However, August 29 turned out to be the coldest day on record but the parents were there anyway to see the campers receive their awards. Among those from Belleville to receive their intermediate badges were Mark and Allen Weiss, sons of Mr. and Mrs. Jerome Weiss of 33 Bernice Road. Congratulations boys!

Mr. and Mrs. Frances DeCroce of 2 Cedar Hill Avenue, a friend and co-worker of Mrs. R. Robertson, has been helping the Robertson family by collecting contributions of clothing and money. The Robertsons lost their home in a fire on August 13.

Carol Sosin, daughter of Mr. and Mrs. George Sosin of 409 DeWitt Avenue, came home from camp proudly displaying a red ribbon for second place that she won when she put her horse "Robin" through all of the paces at the camp horse show. This is Carol's favorite sport and she looks forward to this event each year. Congratulations Carol!

M-D CARNIVAL
On August 24, the back yard of Mr. and Mrs. Ralph Rizzolo of 73 Baldwin Place was hectic with activity. In only two hours (with nothing priced over ten cents), 75 people consumed all of the hot dogs available washed down by plenty of lemonade, played games, attended a Chinese Auction (held especially for the mothers) and won among other things, three dozen stuffed toy animals.

Mr. and Mrs. Thomas Candura of 15 Washington Street and their daughter, Sandy, have returned from a vacation in sunny Florida. It was their first plane trip to Miami Beach and they report it's a most enjoyable way to travel.

Belleville Man Marries Staff Nurse In Oradell; On Honeymoon in Poconos

MRS. RALPH CALDERONE Former Judith Ryan

St. Joseph's R. C. Church, Oradell was the setting for the marriage of Miss Judith Ann Ryan and Ralph Calderone Jr. on September 11. Miss Ryan is the daughter of Mr. and Mrs. Daniel Ryan of 19 Harrison Street, New Milford; the bridegroom is the son of Mr. and Mrs. Ralph Calderone Sr. of 22 Ligham Street, Belleville. A reception was held at Old Hook Inn, Westwood.

Given in marriage by her father, the bride selected a scooped neckline, elbow length sleeved gown of organza, appliqued with lace and beading. A seed pearl circlet held a shoulder length veil.

Miss Mary Bechmann of Irvington was maid of honor. Bridesmaids were Miss Marion Sperduta of North Arlington, Miss Pat Jackson of New Milford and Miss Beverly Urban of Nutley.

Andrew Strutz of Belleville served as best man. Ushers were Steven Ryan, of New Milford, brother of the bride, James Calderone of Belleville, brother of the groom, and Frank Calabria of Belleville.

Mrs. Calderone is a graduate of Immaculate Conception High School, Lodi and Clara Maass Hospital School of Nursing, Belleville, where she is a staff nurse. Her husband, a graduate of Belleville High School and Seton Hall University, is a teacher at Irvington Technical and Vocational High School.

After a trip to the Poconos, the couple will live in Irvington.

A family reunion was held in Wrightsville Beach, North Carolina at the Broadland Apartments owned by former Belleville James A. MacDonald. The reunion lasted for a wonderful two weeks. Attending from Belleville were Mr. and Mrs. Willis MacDonald of 126 Academy Street and their sons Gregory, John and Raymond. Another brother, Roderick MacDonald of Smithtown, Long Island, and his family were also there.

While part of the family was in North Carolina, Joan MacDonald, daughter of Mr. and Mrs. Willis MacDonald, flew to Fort Leonardwood, Missouri to spend a week with her brother Paul and his wife Janet.

With everyone back home again, there is lots of chatter giving each other the latest news.

Three year old Stephen Lukacs, son of Mr. and Mrs. Stephen Lukacs of 498 Franklin Avenue, is recuperating in Clara Maass Hospital with a broken leg. Stephen broke his leg while playing and will be in traction for six weeks. Hurry up Stephen and get well!

Carol Fredericks, Belleville Girl, Becomes Bride Of New York City Man

Miss Carol Fredericks became the bride of Martin Kobak of New York City on Sunday, September 12 in an evening ceremony at Richfield Caterers, Verona. The Rabbi Sidney Bogner of Congregation B'nai Israel, Kearny officiated and a reception followed. The bride is the daughter of Mrs. Rose Fredericks of 18 Bell Street, Belleville; the bridegroom is the son of Mr. and Mrs. Samuel Kobak of 1901 Lexington Avenue, Lakewood.

Robert Fredericks gave his sister in marriage. Her plan de sole gown featured a bodice of Venice lace forming a scalloped scoop neckline and ended in a bell skirt with appliques of lace. A bustle back flowed into a Watteau train. A shoulder veil of French illusion was attached to a crown of orange blossoms and she carried an old fashioned bouquet of gardenias.

Matron of honor for her sister was Mrs. Michael Sharra of Belleville and bridesmaid was Mrs. Robert Buck of Clark. Each wore a floor length sky blue sheath with a matching Dior bow and carried contrasting pink carnations.

Stephan Levine of New York City was best man and Edward Epstein also of New York ushered.

The bride was graduated from Belleville High School and is with the City Association, New York City. Her husband a graduate of Lakewood High School and the Wharton School of the University is an account executive with Bache and Co., Newark.

The couple plan to reside in West Orange following a wedding trip to Bermuda.

CARD PARTY SET

Mrs. Edward Carr, president of St. Peter's Rosary Confraternity has announced that the parish card party will be held on Wednesday, November 17, at 8 P.M. in the school hall.

The next regular meeting of the confraternity will be held on Monday, October 4, in the school cafeteria after devotions.

Evergreens and other shrubs should be planted at least three feet from the wall of a house or other building. This is necessary to prevent the inside of these plantings from being "cooked" by heat and sunlight reflected from bright walls. This is particularly true of plants on a southern or southwestern exposure.

With nine days, and a pair of scrimmages to go before the season's opener at East Orange, Belleville's opening day line-up is still a big question mark thanks to erratic performances in the initial two scrimmages.

In both exhibitions, the Bellboys have made a fairly good showing for themselves only to allow the opposition to strike for two touchdowns in the last series of plays (each team takes a turn running 12-straight offense plays) to turn the tide. While freely substituting throughout both contests, Belleville has been unpredictable both offensively and defensively.

The main objective has been accomplished although the Bellboys have been losing scrimmages, they have been winning valuable experience.

In past season's under fourth year mentor Tom Tesia, the Bellboys have been known for their outstanding defensive teams. So far in '65, the offensive has far outshined the erratic defense.

The offense has been sparked mainly by a pair of experienced senior quarterback who are battling each other for the starting assignment. Co-captain Jim Corino and Frank Mineo have been outstanding in the first two scrimmages, both in their play selection and their passing.

In the opener against Hoboken, Mineo and Corino left little to choose between their performances. Both worked two series of 24 plays while leaving the final series to junior Rich Del Guercio, who appears destined for the Junior Varsity job.

Saturday against Seton Hall, Corino started and saw the majority of the action early in the game. Jim was unimpressive, completing only two of eight passes with two interceptions and gaining only 38 over-all yards in the first 24 plays. Then Mineo came in for the next two series. In the first, Frank was remarkable, completing three of four passes and driving the Bellboys down the field to a pair of fast touchdowns.

In his next 12 plays, Frank completed 24 and had a pass intercepted, but still managed to drive the Bellboys most of the way down the field.

This seemed to revive Corino who came back in to lead a 60-yard touchdown march in the next series. Mineo worked the next five plays before giving way to Del Guercio, who went 19 plays. Corino then finished the day's activities by completing three of five passes and driving the Bellboy's half-way down the field.

When the long scrimmage was over, Corino had worked 48 plays, completed six of 15 passes for 54 yards, gained 151 yards overall and made 12 first downs and completed six of 10 passes for one TD. Mineo had run 22 plays, Corino started and saw the majority of the action early in the game. Jim was unimpressive, completing only two of eight passes with two interceptions and gaining only 38 over-all yards in the first 24 plays. Then Mineo came in for the next two series. In the first, Frank was remarkable, completing three of four passes and driving the Bellboys down the field to a pair of fast touchdowns.

TD's: Del Guercio went 12 plays, completed two of three passes for 15 yards, gained 37 yards overall with four first downs.

This all adds up to a highly impressive offense showing against a Seton Hall defense that has seven starters returning.

In 46 plays the Bellboys amassed 23 first downs, 364 yards, three touchdowns, and completes 14 of 28 passes for 130 yards which comes out to an average of 3.7 yards per play.

Leading the ground attack in both scrimmages has been full-back Charley Godleski who has been averaging close to five yards a thrust. Godleski has been driving hard, and blocking well enough to establish the only definite backfield job.

At the halfback spots, Curtis Smith, Ron Tomaszewski, and Charley Reed have been seeing the majority of the action. All three have been running well for an average of over four yards a try.

The battle at this spot should be complicated when Rich Del Russo, who is presently sidelined with a knee injury, returns to action.

On that offensive line, which has been steadily improving, the right side, center, and end seem set. Co-captain Lew Trobridge will undoubtedly open September 25 as center. Flanking Lew on the right will be two of the Bellboys' most impressive linemen, veteran guard Jim Pignatelli and tackle Bob Drucker.

Russ Mattson will be returning at left end, and junior Richie San Filippo is the top prospect at right end.

The other two line positions are still question marks. At present guard Jim Loty and tackle Joe Venziano are leading the prospects, but Frank Sprella is giving both of them a battle. John Rempuski and a few others could also figure in the final decision at these posts.

That brings us to the highly erratic defense.

At times the Bellboy defense have been outstanding, throwing opponents for some big losses, under-intercepting four passes and recovering two fumbles. The only problem is that the same unit has allowed eight touchdowns, six on runs of 40 to 70 yards and two on 40 to 60 yard passes, and yielded 830 yards in two scrimmages (180 plays).

Of course, much of these negative statistics can be attributed to the Bellboys' free substitution of inexperienced players in these early scrimmages. Virtually all of the 55 boys available have been given a try on defense, so the incoherence is understandable.

Against a Hoboken team that had just returned from a solid week at a training camp, the defense started magnificently. In the first series of 12 plays, only two first downs were gained, then in the second series the Bellboys recovered a fumble and threw their opponents for losses totaling 25 yards.

Going into the third set the Bellboys led a 7-0 on an 80-yard TD drive capped by a Corino sneak and followed by a Mattson extra point. Before Hoboken could start to roll, junior Stephen Ferruggelli, who is out for his first year and making a big noise at both line-backer and safety, picked off a long pass.

Two plays later Hoboken scored on a 40 yard pass; no try for the point was made. The fourth and fifth series were relatively uneventful except for a 30 yard Mineo to Reed scoring pass for a 14-6 lead and an interception by junior Joel Pisano, who was outstanding as a fresh end, but didn't play football last year.

Belleville's offense called it a day after five series, but Hoboken was allowed to run the faithful sixth. Against a relatively inexperienced group of BHSers, Hoboken marched for four first downs before a 50 yard rollout netted six points (14-12). Then just to prove that wasn't a fluke, Hoboken did it again on the next play for an 18-14 victory.

Against Seton Hall it was again the long gain that tipped the Bellboys. This time Jim Reynolds, a second team All-Exeter quarterback a year ago, killed the Blue and Gold with his shifty rollouts and breakaway running. The Bellboys held in the first series, but two 40 yard sweeps-one including a lateral-in the second series brought Seton Hall a score.

One play later San Filippo picked off the first of two passes; this one he returned 60 yards to the 10 yard line. Mineo then put the Bellboys ahead 16-6 with his two TD drives in 12 plays.

A 70-yard Reynolds sweep cut the lead before Corino boosted the Bellboys ahead 24-12 with a 60-yard drive. Seton Hall seemed to forget how to count to 12 at this point as it ran about 34 plays against a strong group of Bellboy subs. The only score in the double series was on a 70-yard run.

Then in the final series, Reynolds added the coup-de-gras by sweeping 40 yards for one touchdown and passing 60 more to the clincher, 30-24.

Belleville's defenders have been victimized by long gainers throughout these two scrimmages because of their inexperience and lack of practice together as a single unit.

As this will have to be improved by next week: some phases more immediately than others if the 6-3-2 defensive alignment is to stay.

On the defensive unit every position is still up for grabs. At the ends, Lew Trobridge, Art Connolly, John Campi, junior Joel Pisano, and sophomore George D'Amico are fighting for the two starting berths. At tackle Bob Drucker is still a question mark.

New Styling for '66 Ramblers

Rambler Classic station wagons for 1966 have new roofs and tailgates, are longer, and provide more cargo space than in 1965. Overall length has been increased from 193 to 195 inches, and cargo space has been increased to 83 cubic feet, an increase of three cubic feet. The new tailgate is easier to open, while the exclusive side-hinged door is offered as an option and included with the three-seat option. All 1966 American Motors cars will go on public display October 7.

How the U.S. Royal Tiger Paw earned its name.

Tiger Paws have been tested for 125 miles an hour, sustained speed. They respond quickly and eagerly, rain or shine. They have so much guts, you can go over some of the meanest ground without worrying.

In case you didn't know, the Tiger Paw is that tire with the red stripe you've been hearing so much about. If you want a set for your car, you can pick them up right here. We're an official U.S. Royal Tiger Paw store.

On sharp curves and when you're passing, Tiger Paws give you a feel of the road that you just can't get with most tires. They corner beautifully with virtually no squeal at all (unless you're a dynamite!). They give you that real sports car feel. You know. As if the car is a part of you.

CREDIT TERMS ARRANGED

It had to pass some pretty grueling tests for safety, durability, and tests that only a beast of a tire could pass. The Tiger Paw had to prove that it combined the high-speed and handling characteristics of a sports car tire with the smooth, comfortable ride and the wear of a passenger tire. And it proved it, alright. Beyond a shadow of a doubt!

Belleville-Nutley Alumni Ready For The Big Game

Saturday's Game Pits Alumni In A Season Opener

Things are shaping up for the big showdown between ex-Belleville grid stars and former members of the Nutley Maroon Raiders in their second Annual Alumni game at Belleville Stadium Saturday afternoon, Sept. 18.

Belleville beat the Nutley Eleven last year before a record crowd, so next Saturday the Maroons will be out for Belleville blood.

Sandy Phillips, who led the Nutley squad last year and is doing the same this year, has assembled a strong first line by adding Lafayette's great passer and quarterback George Hosenlop; Lehigh's Joe Weiss, Denver's Fiore Puoci, Columbia's Jack Strauch, Mark Hallam, and other former Maroon Raiders.

Belleville's coach Pete Spera has been busy putting his men through their paces at the stadium every Monday, Tuesday, and Thursday evenings in preparation for the Big Game.

Leading the ex-Belleville will be Richie Luzzi, followed by Joe Goglia, Jim Orsini, Joe Cernero, Harold Avalone, the Castelli brothers, the McCabe brothers, Robert Paganelli, Joe Del Guercio, Phil Galotto, Chuck Oese, Phil Cerna, Skippy Squatrito, Richie Reagan, Frank Puleo, Bob Mayers, and other former Belleville boys.

The event, always an attraction, though only in its second year is expected to draw a large crowd in the opener of the 1965 football season.

Tickets are available from the Vee Bee Esso station for \$1. At the gate the prices increase to \$1.50.

Thick tomato slices on top of English muffin, topped with Shredded American cheese and a chopped olives make a nice sandwich when broiled.

A SEASON OPENER — Lined up before coach Pete Spera are former Belleville batters who will tackle the Nutley Maroon Raiders (Alumni Division) at Belleville Stadium next Saturday afternoon. From left are Spera, Rich-

and Luzzi, Frank D'Angelo, Roger Caruso, and Phil Galotto. The game is the Second Annual Alumni match between former students of Nutley and Belleville.

Temple Menorah Outlines Program For Sept. 17th

Rabbi Nathan H. Fish, will conduct Sabbath services at Temple Menorah, 936 Broad St., Bloomfield Friday, Sept. 17, and will have as his sermon topic, "Modern American Jew".

The services will be at 8:30 P.M. in the Temple sanctuary. The Temple choir, under the direction of Thomas Davis, organist and choir leader, will offer the traditional hymns, responses and musical numbers during the service.

Dr. and Mrs. Robert Sutton,

a sermonette being given by one of the members. The youth choir, also under the direction of Mr. Davis, will render the musical portion of the service.

Visitors are invited to attend Sabbath services at Temple Menorah. Unaffiliated Jewish families desiring to become members are invited to visit the Temple at Sabbath services and meet with the membership committee. Information regarding membership can be obtained by phoning the Temple office, 338-6482.

Board Names New Coaches

Two new Belleville High coaches were appointed by the school board Monday night.

Moving up from assistant wrestling coach to head coach is James Silvestri, replacing Sam Stelletta. He'll receive a \$300 salary. Salary for an assistant coach, not yet appointed was set at \$250.

Named cross-country coach is Ronald Kulik, who replaces Domemick Klein. Kulik has been track coach, and will retain that assignment. He will receive no compensation for his coaching duties, in order to keep his amateur status. Kulik has won many championships in AAU walking races throughout the Eastern seaboard.

Both Klein and Stelletta remain with the Belleville school system.

The board also approved purchases of \$500 worth of color movie film and miscellaneous visual aid supplies from the football season. Athletic director Herman Wischo told the board that color film for all games will cost only \$80 more than black and white, and is requested because it shows a sharper image of the action, and makes a more attractive program when game films are shown to local organizations after the season.

Two Residents Do Honor Study At Montclair St.

Two Belleville students at Montclair State College have been named to the dean's list.

Listed were Margaret A. Poole, of 239 Overlook Avenue, a senior mathematics major, and Gloria M. Spera of 123 Chestnut Street, also a senior math major.

The two students received the honor for attaining an average of 3.5 or better for full-time work in the regular undergraduate division for the spring semester.

Saton Hall Graduate

Born in Ireland, he came to the United States as a student and received bachelor and master's degrees at Seton Hall College in 1902. He completed his studies for the priesthood at the Seminary of the Immaculate Conception at Seton Hall and was ordained in St. Patrick's Cathedral, Newark, on June 13, 1908.

Monsignor Owens succeeded the Rt. Rev. Msgr. Edward Quinn as pastor of St. Mary's in Nutley on October 12, 1922. Under his direction, the parish has built not only a new church, but a school

and convent as well.

He was elevated to the rank of Monsignor in 1948 to the rank of Domestic Prelate with the title of Right Reverend Monsignor. He later was appointed by the Archdiocese as Judge for Marriage Tribunal, Consultant to the Archbishop and as a member of the Archdiocesan Building and Sites Committee.

Seton Hall University conferred an honorary doctor of laws degree in June 1952 when the Monsignor marked the 50th anniversary of his graduation from the South Orange college.

He was honored locally too. In 1957, Monsignor Owens was awarded the Catholic War Veterans Plaque. In May of 1957 he accepted the general chairmanship of the drive which re-

Feeling the first sting of the squad's effectiveness were Michael Barsky, 18, 87 Hornblower Ave., who was fined \$25 by Magistrate Abramson.

Kenneth Nakashian, 18, 500 Washington Ave., also drew a \$25 fine. Barbara Belverio, 18, of 62 Naples Ave., paid a \$25 fine.

Alexander Moraski, 20, and his brother William, 18, both of 245 Valley St., have had their case postponed. Alexander later paid a \$50 fine for possession of beer.

Gary Porcavage, 20, 120 Hornblower Ave., also paid a \$15 fine. Donald Mowrey, 19, 311 Washington Ave., will appear in court later on a charge of being in possession of beer. Michael Donnelly, 20, 12 Carpenter Ter., has a case pending against him for being in possession of beer.

Schools belong to people. They should serve the needs of every pupil regardless of his ability. In the self-contained classroom this requires much individualized instruction. In the Junior High

Failure in this area can contribute to school "drop-outs," disciplinary problems, and misfits in the world of work.

Night-time work for day-time service

Construction of a unique hydro-electric generating station at Yards Creek near the Delaware River is nearing completion. Designed to supply you with power during "peak" daytime periods, water is pumped up the mountain at night, and returned during the day to produce electric energy. This \$28 million project, carried out in cooperation with Jersey Central Power & Light Company, is another way that Public Service makes certain that you will have an adequate and dependable supply of electric power at all times.

State Fair Offers Preview Of Sporting Opportunities

Sporting opportunities afforded by purchase of New Jersey hunting licenses will be featured in the State Fair exhibit of the Division of Fish and Game.

The display will be located in the Fish and Game Building, directly across from the State Exhibit Building on the fairgrounds in Trenton. The building will be open from 10 A.M. to 10 P.M. daily between Sept. 18-25 and from 10 A.M. to 6 P.M. on Sept. 26.

Colored slides will illustrate hunting opportunities in New Jersey and wildlife management activities financed by license buyers. Large black and white pictures will supplement the slides.

Native wild animals will be displayed with informative captions. Live animals and birds will include quail, fox, raccoon, woodchuck, opossum, great horned owl, albino raccoon and albino woodchuck.

Live fish also will be on view, including trout and warmwater species. The trout will include colorful West Virginia golden rebble and unusually-marked tiger trout, as well as brooks, browns and rainbows. Some of the tools used in fisheries management will be shown.

The importance of preserving wetlands will be pointed up with a diorama of ducks descending on a New Jersey marsh. Wetlands are vital as spawning and nursery areas for fish, as well as waterfowl habitat, and New Jersey is a leader in public acquisition of marshes through the Green Acres Program.

Hunting and fishing licenses may be obtained at the Fish and Game building during the fair. Prospective firearm hunting license buyers under 21 and bow and arrow hunters of all ages are reminded that they must present a previous license or a certificate from a hunter safety class.

Two Pharmacy Students Given Rutgers Grants

Raymond J. Morrison of 11 Cleveland Street, and Robert H. Tutin of 2225 Branch Brook Drive, both students at the Rutgers University College of Pharmacy, have received scholarships for the academic year 1965-66.

Morrison, a member of the Class of 1968, received a \$200 Plains Pharmacy scholarship which is sponsored by the Plains Pharmacy in northern New Jersey and is awarded by the State University pharmacy faculty.

Tutin, Class of 1966, was awarded a \$100 Evelyn Carlin Tribute by the Women's Auxiliary of the New Jersey Pharmaceutical Association. This scholarship is presented annually by the Auxiliary to a student either in the first professional year or to a graduate student planning to enter hospital pharmacy.

Both scholarships go toward costs of tuition, fees and books.

Humphrey Will Be In County Oct. 14th

Vice President Hubert H. Humphrey will visit Northern New Jersey Oct. 14 said Robert J. Burkhardt, Democratic State Chairman.

Burkhardt said the Vice President will begin his tour in mid-morning in Union County and continue to Essex, Passaic and Bergen counties through the day.

"The specific itinerary of Vice President Humphrey will be announced later when arrangements are completed," Burkhardt said.

"The Vice President is a good friend of New Jersey and last visited us in February," Burkhardt said. "At that time Humphrey indicated his desire to return again this fall and his current travel plans offer an excellent opportunity to extend New Jersey's hospitality to the Vice President," he added.

This is a land of religious freedom, but many people make a little of it go a long way.

Arvidson: NEA Agreed To Probe Entire Belleville School System

Under orders from Commissioner of Education Frederick M. Raubinger, board president Ernest S. Arvidson last Thursday reported progress made in the board's investigation of superintendent Dr. Frank M. Durkee. But Mrs. Thomas F. McCool, board vice president isn't satisfied.

Mrs. McCool objected at Monday's meeting to Arvidson's submission of the report without consulting her, even though the board was ordered to make the report. She said she would submit her own report to Raubinger, but unlike Arvidson, would give all board members a chance to add their own comments.

Arvidson's letter to Raubinger said that on June 30 the National Commission on Professional Rights and Responsibilities of the National Education Association "had agreed to Raubinger's submission of the report to make an investigation of the school system in Belleville."

The report adds that on July 26-27, representatives of the NEA "commenced the investigation by preliminary, or orientation, meetings with the members of the board of education, the superintendent of schools and various members of the school staff."

On their visit in July NEA representatives Dr. Oscar Thompson and attorney Richard Mor-

gan said they were on a fact-finding mission to enable the Commission to decide whether or not it wished to conduct the investigation.

More often than not, said Dr. Thompson, the decision is not to investigate. Explaining his report to Raubinger, Arvidson admits the NEA Commission has not undertaken a full-scale investigation, "but I'm conveying to the Commission the fact that a committee from the NEA did make a preliminary investigation."

"It's a matter of interpretation of two letters," he said. Arvidson's report to Raubinger gave the following timetable of the board's attempts to get the probe underway:

—Requested the New Jersey Education Association to conduct the investigation the day after the resolution was passed.

—June 11, the NEA advised the board that the NEA Commission has been officially requested to undertake the probe.

—June 30, the NEA Commission agreed to conduct the probe.

—July 7, Arvidson requested the assistance of the NEA "in expediting the start of the investigation."

—On July 26-27, NEA "fact-finding team interviewed staff and board members."

"We have received no official notification from the NEA since the preliminary investigation," Arvidson's letter concludes.

In the citizens portion of the meeting, Allan H. risk a leader in the pro-Durkee "Fair Play" group, once more supported Durkee with the following statement:

"When Messrs. Arvidson and Juliano, along with others, were indicted for their activities in connection with the fight for the new high school—in spite of my opposition to their vendetta with Dr. Durkee and their support of dual control—I wrote the prosecutor that I wanted to appear before the Grand Jury, which I did, and spoke in their behalf."

"I feel very strongly that the same injustice is being imposed upon Superintendent of Schools Frank Durkee as was imposed upon Messrs. Arvidson and Juliano, but to a far greater degree. However, their reputations in their chosen professions have not been touched. Unfortunately, the damage to Dr. Durkee's professional reputation is irreparably damaged."

"I do not understand how the majority of this board, in spite of the personal animosity shown against Dr. Durkee, can permit a school system of 3,000 children to limp along without the services of its Superintendent."

'ESSEX Troop' Reunion Expects Large Crowds

From near and far former members of the 102d Essex Troop Cavalry Regiment of the New Jersey Army National Guard will gather in the West Orange Armory of the Regiment on October 8-9 for the 75th anniversary and reunion of the regiment which fought in two World Wars.

The combat veterans who are expected to attend will include the men who fought in Europe during World War II. They were members of the 102d Armored Cavalry Group, the 102d, 38th and 117th Cavalry Reconnaissance Squadrons. The group and the 102d and 38th Squadrons made the landings on Omaha Beach in Normandy while the 117th Squad-

ron fought in North Africa and Italy and spearheaded the invasion of Southern France.

Belleville Is

(Continued From Page 1)
Druther and Larry Blase are leading the way but John Ruzewski, Joe Veniziano and sophomore Lou Dela Terra are also in the battle.

The only returnee from last year's line, Jim Pignelli, is a mainstay at one of the guard spots, which leaves Joe Bennett, Frank Spella, and Rich Bonkowski to wrangle over the other.

The line-backing is even more mixed-up than the line; here matters are complicated by having junior Mario Ponzio sidelined with a back injury; he was being counted on as a starter. In the all important middle guard (or line backer) spot, Tom Fullman and John Chialla have seen the majority of the action, but both seem more effective as cornermen. Meanwhile, at the corners (a regular line-backer spot), a spirited battle is being waged with Corino, Chialla, Mineo, Reed, Smith, Ferrughelli, and even San Filippo in the thick of it. Elsewhere in the back-field at the deep half-back a safety position San Filippo and Tomaszewski have varsity experience, but they are being pushed by Ferrughelli and Del Guercio. As is obvious by the repetition of names several boys are being tried at more than one spot.

Now the Bellboys are entering the week of decision, by next week we'll know who the starters are. Two more scrimmages will help with the decision; the score of these exhibitions doesn't matter, but the experience gained in them could well give the Bellboys a banner year.

Early returns indicate that the combat veterans will be coming from all parts of the United States, as far West as California and South as far as Florida and Texas. It will be the first major reunion since the units returned to the states in 1945.

While the wives attend a dinner party at the Meadowbrook in Cedar Grove the men will attend a stag party on opening night when old and new buddies will

The big day, however, will be Saturday when the veterans and their wives will witness a military review of the entire 102d Armored Cavalry Regiment and the Junior Essex Troop. The review will be in honor of Col. James G. Depew of Cranford, who recently retired as commander of the present active troop.

Following the review there will be a cocktail party followed by a dinner. Dancing will follow with two dance bands featuring Guy Lombardo. Although the Essex Troop is one of the best known cavalry organizations in the country it had men in its ranks from almost all states during the war years.

Members of the troop who married Southern girls while the reg-

iment was in training at Ft. Jackson, S.C. are expected to attend since after the war they formed a new organization in Columbia, S.C. named "The Essex Troop of the South."

Red, white, and blue arithmetic

If you're looking for safety in numbers, try these figures on United States Savings Bonds.

The value of Savings Bonds adds up at a safe, steady rate. When your Bonds are held to maturity, you get back \$4 for every \$3 that you invest. And that interest is guaranteed.

Furthermore, you don't pay any state or local income tax on E Bond interest. The federal income tax may be deferred until you cash them. When you need the cash, your Bonds convert in a jiffy.

But the best part of the Savings Bond equation doesn't show up on the tables—the pride you can feel that your money is put to work helping to strengthen freedom's cause throughout the world.

It all adds up to the fact that United States Savings Bonds are a mighty hard-working investment. Millions of Americans have found Bonds the star-spangled way to save.

That figures, doesn't it?

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Meteorologist Says Rainfall Scant (Just In Case You Haven't Noticed!)

Rainfall in August was 1.62 inches below the estimated normal precipitation of 5.10 inches, and the average temperature was 1.1 degrees below the estimated normal temperature of 73.6 degrees. Harold Dufloco, meteorologist of the Union Junior College Meteorological Station, Cranford, reported in his monthly report to the U.S. Weather Bureau.

Precipitation in August totaled 3.48 inches, while the average temperature was 72.5 degrees. Rainfall for the first eight months of 1965 totals 19.38 inches, which compares with 27.79 inches for the first eight months of 1964.

Measureable rainfall was recorded on 12 days during August with .95 inches on August 12 the greatest amount. The greatest August rainfall since the UJC Meteorological Station was opened January 1, 1960, was 6.16 inches in 1962, while the smallest August rainfall was .49 inches last year.

During the month, the average maximum temperature was 89.8 inches, while the average minimum temperature was 61.7 inches. The maximum temperature was 91 degrees on August 16, while the minimum temperature was 41 degrees on August 31—an all-time low in August at this station.

Advice often falls flat, but a kind word is long remembered.

SOS Group Sponsoring Session To Support Action in Viet Nam

Nutley and Belleville residents are invited to a public "SOS-Viet Nam" rally next Thursday at 8 p.m. in Verona High School. Sponsored by the Support Our Servicemen Committee of New Jersey (SOS), next week's session will feature Clarence W.

Brown, an expert on left-wing college activities, and My Luong, information officer attached to the Vietnamese Embassy in New York.

The joint invitation of local residents was issued today by Richard DeVany, 226 Vreeland Avenue, Nutley, and Ron Kulik, 194 Greylock Parkway, Belleville. Both are members of the SOS Committee.

Brown is expected to express his dissatisfaction with the Rutgers inquiry into the teaching of Eugene Genovese, self-declared

"Marxist" professor at the University. The non-partisan SOS Committee was formed to counteract the activities of those groups and individuals who espouse the Viet Cong cause and seek to undermine the morale of American troops stationed in Viet Nam.

OBITUARIES

Miss Julia Weir

Miss Julia Sanford Weir, 79, of Wilmington, Delaware, formerly of Belleville, died Sunday at Memorial Hospital, Wilmington, after suffering a heart attack. She was the wife of Stephen J. Weir and the sister of Roy Sanford of Rutherford.

The funeral was held at the Wadsworth Funeral Home, 524 Union Avenue, Belleville, on September 9. Services were offered by the Rev. William Dike of Wesley Methodist Church, Belleville. Burial followed at East Ridgeway Cemetery, Clifton.

Mrs. Maude Ruiz

Mrs. Remedios Ruiz, 60, of Mt. Prospect Avenue, Belleville, died suddenly September 8 at Clara Mass Memorial Hospital, Belleville. She was the wife of Maude Ruiz.

Born in Spain, she came to Belleville 32 years ago. Mrs. Ruiz was the mother of Mrs. Mattie (Marguerita) Pica of Belleville and Mrs. Pat (Carmen) Intindola of Nutley and the grandmother of four grandchildren.

A solemn High Mass of Requiem was offered Saturday at St. Peter's R.C. Church, Belleville. Arrangements were completed by The Landoli Home for Funerals, 503 Union Avenue, Belleville. Burial was at Holy Cross Cemetery, North Arlington.

Mrs. Robert Teschner

Funeral services for Mrs. Joan E. Wilcox Teschner of West Milford, formerly of Belleville, were held Sunday at the Kiwanis Club Funeral Home, 101 Union Avenue, Belleville. Pastor Eiker of the Lutheran Church, West Milford officiated. Burial was at Glendale Cemetery, Bloomfield.

Mrs. Teschner died September 5 at her home at the age of 35. In Brooklyn she lived in Belleville until three years ago when she moved to West Milford.

She is survived by her husband, Robert; her daughter, Cindy and her two sons, Robert Jr. and John, all living at home, and her mother, Mrs. Ethel Wilcox of Belleville.

Anthony Masiero, 70

Antonio Masiero of 174 Washington Avenue, Nutley, died Sunday in the East Orange Veterans Hospital. He was 70.

Born in Italy, he came to this country 50 years ago and lived in Newark before moving to Nutley in 1961.

Mr. Masiero was employed by the Verona Avenue Hardware Store in Newark prior to his retirement.

Surviving are three sons, Robert of Nutley, Anthony of Fosterham, N.Y., and Ernest of Hamilton, Ohio; three daughters, Mrs. Josephine Boes of Nutley, Mrs. Pauline Chiavaro of Kearny and Mrs. Eleanor Shackelford of Hamilton; a brother, Joseph of Belleville; a sister, Mrs. Mary Delanto of Wilkes-Barre, Pa.; 23 grandchildren and two great-grandchildren.

Mrs. S. DeMaria, 82

Funeral services for Mrs. Nunziata DeMaria of Nutley were held yesterday from the Fulcoi Home, 417 Franklin Avenue, Nutley.

A 10 o'clock Requiem Mass was said at Holy Family Church. Interment was at Holy Cross Cemetery, North Arlington.

Mrs. DeMaria died Sunday at Clara Mass Memorial Hospital, Belleville, following a short illness. She was the widow of Salvatore DeMaria. She resided in Nutley at 52 King Street.

Born in Italy 82 years ago, she spent most of her life in Nutley. Surviving are a daughter, Mrs. Rose Johnson of Belleville; two sons, Dominick and Angelo of Nutley, and four grandchildren.

Larry Stellato, 55

Larry Stellato, 55, died of a lengthy illness Sunday. He came to Belleville 22 years ago and resided at 54 Carner Avenue.

A Requiem Mass was offered yesterday morning at St. Mary's Church, Nutley. Interment was at Holy Cross Cemetery, North Arlington. Arrangements were completed by the Fulcoi Funeral Home, 417 Franklin Avenue, Nutley.

Born in New Jersey, he was the son of Mrs. Theresa Fungari and the late Mr. Louis Stellato.

Also surviving are three brothers, Michael, Louis and Arthur, and three sisters, Mrs. Angelo (Laura) Scudato of Nutley, Mrs. Angelina Calvano and Mrs. Jeanette Long.
