The 'Little Bellboys' Manage To Capture 18 Football Prizes

George H. Mead Ford, Inc. and the Belleville Jaycees, co-sponsors of the 1965 Punt, Pass and Kick competition held October 16, today released the names of 18 winners.

In the eight-year-old group, Steven Gerard of 34 Cedar Hill Avenue won top honors. Nick de Philipps, 234 Holmes Street was best-of-all in the nine-year-old group, and ten-year-old Gary Plunkett, 116 Cortlandt Street won the 13-year-old boy's trophy.

Other winners were: Michael Dondarski, Mark Cosenza, Barry Dunleavy, Robert Barnes, Allen De Masi, G. Ernest Beck, Brian DeMuley, Mario W. Maifitano, Douglas Brown, Charles Ziegler, John Tague Jr., and Robert Garthwaite Jr.

Congratulations went to the talented winners from the Belleville Jaycees and George H. Mead Ford, Inc., and managers of the Punt, Pass and Kick district competition.

BHS May Win A Close One Against Irvington Camptowners Saturday

After scouting last week's miserable pass defense performance, Irvington is sure to have its ace quarterback Bill Kulikowski fill the air at Municipal Stadium with flying footballs next Saturday.

Even without Saturday's BHS letdown, the Camptowners would have been relying heavily upon the pass with Gary Reiter and Mark Gardetsky running occasionally to break the monotony.

After starting like world-beaters, with a 4-0 routing of West Orange, the Camptowners have slowed down considerably for their present 1-2-1 record. The Kulikowski-

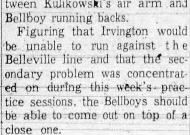

led team will be hungry to get back on the winning track, especially after three years of drubbing by the Bellboys.

Against East Orange last week in falling, 27-0, Irvington had trouble containing Frank La Bruto. Since the Belleville attack is geared to the ground, this is a good omen for the Bellboys.

Unless the Bellboys can find a "third man" to replace injured Richie San Filippo and tighten up the secondary, the Camptowners may miraculously develop a defense to halt the Bellboy running trip that has been averaging 175-yards plus 17-points per game.

Saturday's contest may shape up as a free-scoring battle between Kulikowski's air arm and Bellboy running backs.

Figuring that Irvington would be unable to run against the Belleville line and that the secondary problem was concentrated on during this week's practice sessions, the Bellboys should be able to come out on top of a close one.

Tavern Owners Seek Ordinance Limiting Sales

Disgruntled tavern owners want a new ordinance added to the books that will prohibit the sale of alcoholic beverages to the public anywhere but at licensed taverns and some ten Belleville service organizations.

Thursday night before the Council's bi-weekly caucus, President of the Belleville Tavern Association, Charles Rossi, will confer with members on the proposed ordinance.

The association wants the town council to stop issuing "club licenses." There are ten licenses now held by, among others, the American Legion and Veterans of Foreign Wars here.

The association hints darkly that these clubs are selling liquor to other than their members.

"That's against the law," said Mayor Nuncio R. Pico, "and, anyway, we haven't issued any new ones in years." Nor does the council plan to, he added.

"But, they want a law," he said.

Risoli Gains Disputed Post

Ralph M. Risoli, in-again, out-again Town Hall employee was named by State Civil Service as a temporary registrar of vital statistics Oct. 13, pending an open competitive examination for the post.

Risoli, frequently embroiled in jurisdictional disputes over the post, is now a senior clerk in the Belleville Registrar's office at an annual salary of \$4,800 with an additional \$100 salary, as acting registrar.

He won some \$4,050 in back fees last March from marriage, birth, and death certificates he had filed between Nov. 1, 1961, and Dec. 1, 1964.

Town Manager John R. Burnett said last week he would request a Civil Service promotional examination for the registrar's post, but not the open competitive examination.

He explained the Council had already authorized a senior clerk for the duties of a registrar at an additional fee.

"A competitive examination," said Burnett, "would be open to any resident, but a promotional one would restrict it to clerks in the department."

The opinion, signed by A. R. Mangione, director of classification of the State Civil Service, told Burnett the duties being performed by Risoli "have been classified under the title of Registrar of Vital Statistics in the competitive division . . .

Rotary Club To Hear Writer On Port Operation

Members of the Belleville Rotary will be briefed on the current and future development of land, sea and air facilities in the Port of New Jersey-New York at its 6:30 p.m. meeting Thursday, October 21 at the Fountain Restaurant, Watessing Avenue, Belleville. Thomas D. Carver of The Port of New York Authority will speak.

Carver will explain the Port Authority's role in developing and operating 23 terminal and transportation facilities in the Port District. He will illustrate with colored slides recent advances at such facilities as Port Newark, John F. Kennedy International Airport and the George Washington Bridge.

Carver will also point out the dependence of the entire bi-state port region on the flow of traffic and commerce in the Port. He will describe Port Authority efforts to develop trade and to protect the Port District from discriminatory tariff rates and cargo handling practices.

Carver is an aviation writer and joined the Port Authority staff in 1961 after working as a reporter for the Record in Bergen County. A graduate of St. Peter's College in Jersey City, he also attended Georgetown University in Washington.

He is a life-long resident of Bergen County and he now lives in Hackensack.

Thomas J. McLaughlin, program chairman for the Belleville Rotary, scheduled this presentation.

Hughes, Carey To Attend Sunday's Breakfast Rally

Members of the County Democratic Committee will sponsor a "Campaign Breakfast" Sunday morning at 10 a.m. Oct. 24 at The Fountain.

Attending the eat and chat gathering will be Gov. Richard J. Hughes and Essex County Chairman Dennis Carey, as well as many local and county dignitaries.

A special entertainment program has been planned for the morning session, said Mary V. Senatore, Belleville Democratic chairman. Carol Cobianna, accordionist will perform and Governor Hughes Girls will add color.

Due to limited seating capacity, said Miss Senatore, it is advisable to make sure your tickets are paid today.

Tickets are available at Democratic Headquarters, 122 Washington Avenue, Belleville.

Belleville Frosh Flood Seton Hall

Seton Hall University is off to a good start this year.

Some 16 students began four years of study there, said an announcement from the registrar today.

Among the 825 freshmen were John J. Giordano of 75 Malone Avenue; Anthony DiBiase of 79 Cedar Hill Avenue; Anthony Colatrella of 299 Fairway Avenue; Russell Gomes of 23 Harrison Street; John Leslie Baldwin of 3 Hoover Avenue; Michael Stelato of 44 Linden Avenue; Joseph Gomes of 20 Hornblower Avenue.

And Robert John Madara of 24 Parkview Avenue; Michael John Averna of 94 Belmont Avenue; Robert Iaccone of 457 Franklin Avenue; Charles Femicola of 11 Moore Place; Philip DeNoia of 143 Forest Street; Robert G. Tommasone of 257 William Street; William Karatz of 46 Dawson Street; Raymond Fratella of 86 Chestnut Street; Larry Scanzillo of 30 Frederick Street.

Town Manager Takes Day Off

Town Manager John R. Burnett was absent from his post at Town Hall—October 14. He was attending a testimonial dinner for a friend and couldn't attend, he said.

Burnett said he had notified the council of his proposed absence last week.

'Smoke Signals' For Our Readers

On page two of today's Belleville Times you will find another new feature — "Smoke Signals," a weekly column by editor Gordon F. Adams.

It's nothing new, he's written them for other newspapers. Smoke signals, as every child knows, are used by one Indian to send a message to another. If your name makes the column, you become a member of the tribe.

Type will range from the sublime to the ridiculous; from sports to society; and from politics to Boy Scouts. Scattered about among the columns you'll find deflated pomposity, pat-on-the-back or deeds well done, and observations on everything.

Mayor Pico Backs Community Fund's Annual Campaign

Mayor Nuncio R. Pico called for public backing of the forthcoming United Community Fund drive today.

"The needs are properly yours and mine," Pico said, "as private citizens and part of a community wherein the misfortunes of some are the obligations of all."

In backing the drive, Pico said. (Continued On Page 11)

McGreevy Asks For Tax Stricker

Tavern owner Joseph F. McGreevy bowed to the majesty of the law Tuesday when he made formal application for a \$5 license for cigarette vending machines in his tavern at 15 Cleveland Street.

McGreevy had been threatened with jail and a heavy fine for his negligence in not getting the required license, which Tax Collector William J. Friel said should have been purchased seven months ago.

McGreevy's woes aren't over yet.

He is scheduled for an appearance before Magistrate Edward J. Abramson Thursday during which he will explain why he hadn't bought the tax stamp.

Theoretically McGreevy could be fined upwards of \$135,000 and sentenced to over 66 years in jail, as each day he is alleged to have been without the tax sticker constituted a separate violation.

NARCOTICS KILLS GIRL, ANOTHER HOSPITALIZED

Police Say Victim Died of Overdose

The three day search for the identity of a pretty, 19-year-old girl found dead on a Passaic park bench ended in tragedy early Sunday morning for a Belleville family when a distraught father told police the victim was his daughter who had been missing since last Friday.

Police said Elaine Vinci, who lived with her parents at 461 Franklin Avenue, Belleville, was believed to have died from an overdose of narcotics. A preliminary autopsy revealed no marks of violence, Passaic police said, but it did disclose two small puncture marks on her right arm. A toxicological examination will be made to determine the exact cause of death.

BHS Barely Beats West Side 25-20

After struggling to fit their swelled heads into smaller helmets, the Bellboys confidently pranced onto the field last Saturday, wondering whether they would win by three or four touchdowns.

Belleville then played its worst game to date, barely beating a fired-up West Side squad, 25-20. Only brilliant runs by the Blue and Gold Charleys, Godieski and Reed, and a pair of interceptions saved the Bellboys from a humiliating upset and allowed them to pick up their seventh straight win over the Rough Riders.

Besides the tremendous letdown after the heralded Nutley game, the loss of triple-threat junior Richie San Filippo was a major reason for the Bellboys' troubles. Offensively, San Filippo was missed particularly by Tomaszewski taking over at end, and Reed starting at Tomaszewski's flanker spot. But here, the depth in replacements ended.

At the defensive halfback position, San Filippo would have come in very handy with the Newkirk's Gary Ventura throwing everything but the kitchen sink in 33 attempts.

Jim Corino, with two interceptions, and Tomaszewski, with one, did do an outstanding job in the secondary, but with the third veteran safely missing, Ventura had a field day amassing 185 yards and two touchdowns via the air route.

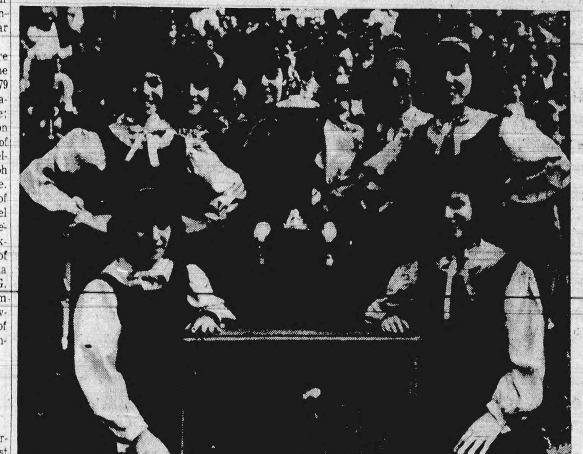

San Filippo, who is sidelined indefinitely, was also badly missed as punter. Lewis Trovbridge was pressed into service here and filled in adequately averaging 24 yards in three boots (San Filippo was averaging 38 yards a try) despite a wind-blown five-yarder.

This switch moved Trovbridge away from his center spot and forced junior Sam Calabaria into (Continued On Page 11)

Garden Clinic Offered by Extension Service

Wednesday, Oct. 27, the Essex County Agricultural Extension Service will hold a monthly "Garden Clinic" in their office at 900 Bloomfield Avenue, Essex County Public Works Building, Verona.

The clinic is open to the public and will start at 8 p.m.

County Agricultural Agents William F. Munk and John J. Koppich will acquaint those attend-

ing with timely garden problems and answer questions about them at any samples of lawns, shrubs, etc. brought to the meeting.

These clinics are held to help those who find it difficult to get to the Extension Office during their regular office hours, as well as for those people who are interested in learning more about gardening.

To meet the high cost of living the imagination isn't the only thing that has to work.

BUSINESS AS USUAL — Councilman James R. Golden, at left, and Councilman Ralph A. Casale listen to Charles Rossi (thumping through papers), president of the Belleville Tavern Owners Association, when he tried to have an ordinance banning liquor sales at private clubs to the general public. Mayor Nuncio R. Pico interrupted Rossi to tell him the Council was already considering the ordinance.

Councilman Golden Cries 'Discrimination' As Firemen Declare Him Persona Non Grata

By JAMES R. GOLDEN
Belleville Councilman Golden, who is engaged in a flaming

feud with local firemen over the need of a tough deputy Fire Chief for their department, today assailed the capricious whims displayed by the fire lads when it comes to staging their annual Firemen's Ball.

Pointing out that since the inception of the Manager-Council government, the firemen have blown hot and cold in their estimation of the elected officials of the community. The first year of the new form of government, Golden noted, the

firemen ignored the public officials and invited none to their annual whiffling because the newly elected Councilmen rebuffed their excessive demands in the way of more money and men.

In the following years their affection for the Councilmen varied with the degree of support they might muster from the respective members of the Council. Those who "leaned" in the direction of their desires became their "boys", while those who flouted their ever present urgings for more and more of every-

thing, incurred their wrath and if invited at all, through sheer courtesy, to attend their yearly event, they were so seated by prearrangement as to give the impression of being "left out."

Golden who consistently contends the needs of the Vampas while essential in providing vital firefighting equipment and manpower, should not, however, be over-indulged to the extent of providing "frills" and unnecessary supervisory personnel. The taxpayer's pocketbook must be protected too, the Councilman argues, even if it means "burning up" the firemen.

The firm stand Golden has taken in his fight to prevent another Deputy Chief being created and his insistence that the Chief assume the responsibility of supervising his department during his tour of duty, rather than asking that another deputy chief be designated to do this for him, has evidently really set a fire under the firemen.

GORDON F. ADAMS

BELLEVILLE WILL SOON get another chance to put its best foot forward, and Pal, those Chamber of Commerce members aren't going to flub the opportunity. "This will give Belleville some favorable publicity," said the members, "AND BOY, DO WE NEED IT!"

And boy, are they going to get it! — publicity, that is — from The Belleville Times. This is one group of men who really promote the town. They were speaking about a "Little Miss Belleville" who will be selected from among the town's schools and sent to Atlantic City for an all-expense paid weekend next June, during which she will compete against other children from throughout the state for a more glorious title. Details, later.

After touring the schools, I'd say we have a goodly selection of cuties from which to choose. And if it's publicity the Chamber is after, all they have to do is pick up the phone and dial NO 7-2100. They'll get it.

Ugh! I have spoke!

I ATTENDED THE MET the other evening. (It's a major vice of mine.) Lovely performance of Pique Dame. Stratas was a beautiful, full-voiced Lisa; Ellas a lovely Pauline; and Vickers, with his trumpet-like tenor, a strong Germann. But I was struck by something in act I, scene II which verifies a recent Bible verse published here, which read "... there is nothing new under the sun."

The soprano and mezzo sang a delightful duet with the harpsichord tinkling a gentle, sedate, and rather bouncy accompaniment. Amplified, this charming melody could easily become the raucous, banging beat BHS teenagers describe as music. (Giggle, giggle.)

WHAT-PRICE PROSPERITY? A note was in the morning mail which asked some interesting questions. Grant's on Washington Avenue has to pay an extra \$100 per week for a traffic cop during rush hours. How come? Isn't traffic control a municipal problem which the town pays its cops to perform? Who gets the money? And which cops are selected for the job?

Any preferential treatment in the selection? Are businessmen to be penalized for bringing business into town? Why should a merchant, who is already paying taxes, be saddled with paying town police an extra stipend for a public duty?

I already have my headache for today, so will you explain to the public, Mr. Burnett? That's your department.

MOTHERS, BLESS JEM. The ink was hardly dry on last week's newspaper before a bright-eyed mother, who was obviously well up on her Biblical passages, telephoned to say that the word "canst" in the Bible verse at upper right, page one, had come out "can't."

"It changes the whole meaning," she said gently. "It's always nice to know our better half are here to keep the moral record straight. She said she would send in a verse. I'll bet it will be a good one, too."

WHILE KNOCKING OUT today's editorial on the situation in Viet Nam, I suddenly remembered a bit of grim humor which came from a quotation by Major General Lewis Walt, USMC commander in South Viet Nam, who said that the extensive civilian casualties were "an unfortunate product" of the war.

He was understandably reluctant to admit that they were also the ONLY product of the war.

IT WAS DIFFICULT keeping a straight face last week while reading Councilman James R. Golden's letter in which he naively said Publisher Frank A. Orechio didn't even know what went into his own newspaper. It was a rather comical insult, among many others.

Jim is a bellicose Bertie Wooster without a Jeeves to restrain him. He is intoxicated by the exuberance of his own verbosity, as his letter demonstrates. But I enjoy these journalistic jousts with detractors (every editor has 'em) who make occasional spirited appearances on the editorial page of The Belleville Times.

BECK'S COLUMN

By MAX BECK

It is a strange quirk of human nature that people want most what is difficult to get. We are talking about color TV, of course. Just about "everybody" wants one, since CBS started to transmit color.

It was inevitable that some sharp operators would try to take advantage of the situation. Many of them take orders and a deposit for certain sets which they have no intention to deliver. After the customers waited for a while, these dealers try to sell the customer something else. We heard of cases where they even tried to switch people from color to black and white sets.

Here are the facts of this unpleasant situation. There is a definite shortage of color TV sets. It is the old story of either feast or famine. By far the largest number of color tubes are manufactured by RCA. Some are made by Sylvania and some by one or two small manufacturers. This limits this year's total production of color tubes to about 2.2 million. Consequently, there won't be any more sets than this to sell. It is understandable that RCA keeps the bulk of the production of color tubes for its own sets. Nobody can blame RCA for doing this. They developed color practically single-handed and spent about 170 million dollars doing so. They have to get it back, this is an economic necessity. One can not blame them either if they do not produce any or only very few of the lowest priced sets which sell below \$100, if they can sell all they can make in the higher price ranges.

The factories allocate their production on the basis of the previous year's purchases and the length of time dealers sold color TV. On both counts we are in a very fortunate position. We have sold color TV for 11 years, which puts us in a high priority situation. In addition, we have sold quantities of color sets when hardly any other stores sold any. Our allocation, naturally, is far larger than the Johnny come latelies. We have a good selection of color sets in stock and the factory assures us, that we will continue to get good supplies. Our color sets will be sold in our long established trading area, which is about 10 to 15 minutes ride from our store. Last week we could have sold all our stock in one day to people who came here from Hackensack, Morristown, Newark, Garfield and Heaven knows where else. Even if we had the merchandise, we would not be able to service our sales at such distances, since

Freedom Of Information Now On The Statutes, Says Sen. Long

Senator Edward V. Long (D-Mo.) today expressed his great pleasure upon passage by the Senate of his Freedom of Information bill (S. 1160).

"I am particularly pleased that we were able to get it through the Senate without having to water it down in any respect," said Long. "We shall make every possible effort to get the bill through the House next year."

"The American people have the right to know what their government is doing.

"We will get more effective government when government servants cannot hide behind a veil of secrecy."

The bill would make available to the public and the press all government information except that which is specifically exempted. The exemptions would cover such areas as national defense, foreign policy, trade secrets, personnel and medical files, and investigatory files compiled for law enforcement purposes.

One new feature of the bill is a provision for court remedy for a member of the public or the press who believes that the Federal Government is wrongfully withholding information from him.

The bill is a bipartisan effort and is cosponsored by Senators Anderson, Bartlett, Bayh, Boggs, Burdick, Case, Dirksen, Ervin, Fong, Hart, McCall, Morse, Moss, Nelson, Neuberger, Proxmire, Ribicoff, Smathers, Symington, Tydings and Yarborough.

Biancardi Testimonial Dinner Set, Entire Demo Ticket Will Attend

Plans for the testimonial dinner honoring one of Belleville's citizens, Joseph Biancardi, candidate for State Assembly on the Democratic ticket, is in its final stages, announced the committee members who are sponsoring "Belleville Night" Wednesday evening, Oct. 27 at The Fountain.

Phil Brito, radio and TV star along with Patty Mann, vocalist, will entertain. Stars of stage, screen, radio and television have promised to attend if they are in the New York area.

Invited guests for "Belleville Night" honoring Biancardi are Gov. Richard Hughes, Cong. Pe-

ter W. Rodino Jr., Joseph Minich and Paul Krebs; County Democratic chairman Dennis Carey, Rita McDonald, vice chairlady Essex County; Harry Lerner State Democratic committeeman, Mae Mead Mazza, State Democratic committeewomen and Town Democratic chairman Mrs. Mary Senatore.

Master of ceremonies will be Thomas D'Avella former town attorney, and toastmaster Harry J. Sullivan, Undersheriff Essex County. The entire County Democratic ticket will also be in attendance for this gala occasion. The committee is comprised of Independent, Republican and

Democratic citizens, who anticipate a sell-out of this affair.

Friendly crowds are flocking to friendly Giant-Killer Headquarters to see the 4 new lines of '66 cars that challenge the "Big 3" with quality built in, not added on. And they come out smiling every time.

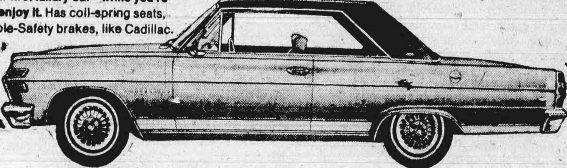

Meet the Rogue.
New razzle-dazzle Rambler (yes, Rambler!) outperforms every other car in its class.
("Do Rogues really come with rally stripes?" "No, but with the big new engine they drive that way.") More standard horsepower than Corvair! Valiant! Falcon! And you, too, Mustang! See the Rogue and the eight other Rambler Americans.

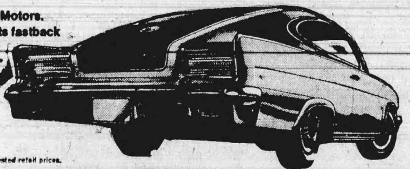

This is Rebel.
New zippy, roomy Rambler doesn't cramp your style, or your legs, or your family, or your pocketbook. Has surprises you won't find in Fairlane, Chevelle, Belvedere, Coronet! And wait till you see the seven other '66 Rambler Classics at your friendly Giant-Killer.

The DPL by American Motors.
Now you can have your first luxury car—while you're still young enough to enjoy it. Has coil-spring seats, like Cadillac. Double-Safety brakes, like Cadillac.
And the price?
Like Impala.
Fury, Galaxie! Or take your pick from seven other new '66 Ambassadors.

Martin '66 by American Motors.

Take Trip To Mexico Via Public Library Film Lectures

It's Part Of A Series On Travel

Pyramids, volcanoes and picturesque Indian villages will be among scenes shown in "Down Mexico Way," opening program of this season's World around Us, color film-lecture series sponsored by the YMYWCA of Newark and vicinity.

Edward M. Brigham Jr., director of the Kingman Museum at Battle Creek, Mich., will be present on Wednesday, Oct. 27 to narrate the film which he produced. The program is scheduled for 8 p.m. in the Mutual Benefit Life Insurance Building, 520 Broad St., Newark.

The expedition takes the viewer south along the Pan American Highway through Mexico's northern deserts and rich farming country down to the towns and villages of the south. En route the audience has an opportunity to observe the people of Mexico and their ways of life; Indian villages and towns with standards of living that are steadily improving; Acapulco, paradise of the Pacific shore.

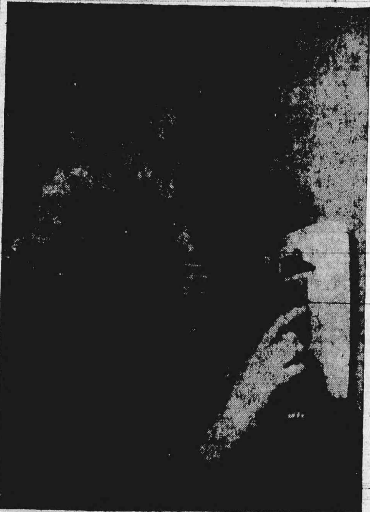

Mexican Pyramids

Also portrayed in the color film are sequences of Mexico City, second largest city in the Americas; the remarkable new University of Mexico; the floating gardens at Xochimilco; snow-capped volcanoes; and the pyramids of Teotihuacan. These pyramids and other archaeological treasures bear testimony to the genius of the native Mexicans who had attained highly developed skills in construction and amazing levels of civilization long before the arrival of the Spaniards. Indications of this heritage are still to be found in the artistry and skills of the Mexican people.

For two decades Brigham has directed a film-speaker series at Battle Creek with average attendance of 3,500 per program. He has produced several films on the area south of the border. Subsequent programs this season will deal with Holland, the Holy Land, and Switzerland, concluding with a film on a trier from Singapore to Lisbon.

Tickets for all programs are available from the Adult Program office of the Y's Downtown Branch, 600 Broad St., Newark.

The order said the public is entitled to every reasonable protection government can afford against such practices and that the most effective remedy is like the "removal of the mask which serves Belleville residents."

A NEW GADGET — Judy Trunk, a Bell Telephone personnel clerk, carefully punches out a number on the new telephones soon to become part of the conversational scene in Belleville. The telephone will go to residents with prefix numbers 751 and 759.

Mrs. DiRuggiero Re-Elected As School 8 Head

The Consolidated PTA of Belleville held its first meeting of the 1966-67 school year at School 8 Wednesday, Sept. 29.

Mrs. Frank DiRuggiero president of School 8 was re-elected president, and Mrs. Angelo N. Marone, president of the Senior High School was elected secretary.

Bell Telephone Bares 'Pre-recorded' Owners
The State Board of Public Utility Commissioners today authorized New Jersey Bell Telephone Company to disclose the identity of sponsors of pre-recorded telephone messages.

William F. Hyland, board president, said the improper use of announcement service "has opened the door to an abuse of important public utility services in the fostering of campaigns of hate, vilification or smear."

Belleville Lions See Convention

In July seven members of the Belleville Lions Club attended the Lions International Convention in Los Angeles, and were welcomed to California by Governor Pat Brown, of that state.

Some of the highlights of the convention were the introduction of International President, Dr. Walter H. Campbell of Florida, and the presentation of a plaque of Greer Garson for her outstanding work with CARE, she was chairman of a group of movie personalities.

A scroll was given to the Lions by actress Janet Wyatt for their work on behalf of the March of Dimes.

Main speaker was former Vice President Richard M. Nixon, who, according to those present, gave an enlightening speech on the world situation in general and Viet Nam in particular.

Today May Be Best Chance, And Also Last, to See Comet

Comet Ikeya-Seki, named for the two amateur Japanese astronomers who discovered it on September 28, will be at its brightest today when it approaches the sun at a million miles an hour, facing an uncertain fate.

Lewis C. Thomas of North Plainfield, staff lecturer at the Hayden Planetarium, New York City, and a member of the Joint Committee of the William Miller Sperry Observatory of Union Junior College, said the comet can be observed in the North and Central New Jersey area today after 7:30 a.m. with the naked eye. He said residents of this area can view the comet best near dawn in the southeastern sky about 10 degrees above the horizon.

"It should be quite prominent in the dawn sky today," Thomas said.

He said Comet Ikeya-Seki should be visible to the naked eye during the daylight hours today. He advised individuals looking for the comet to shield the sun from their eyes with a piece of cardboard and not to use binoculars because they will blind them.

"There is a great probability that Comet Ikeya-Seki will be broken up as it passes near the sun today," Thomas predicted.

He added that there is "a reasonable probability that nothing will come out the other side" after the comet reaches the sun today.

An opportunist uses his stumbling blocks as stepping stones.

FORD'S NEW MAGIC DOOR-GATE...

SWINGS OPEN FOR PEOPLE AND

SWINGS DOWN FOR CARGO

New Magic Door-gate swings both ways—open for people and down for cargo. An exclusive from Ford, it is standard on Ford and Fairlane wagons, a low-cost option on Falcon.

The Magic Door-gate has unique advantages. Use it as a door—and you can step into

the rear with ease. No climbing, no crawling. For cargo, simply lower it like a tailgate.

5 New Ford Wagons—with a ride so smooth and quiet, you'd think you were in a '66 Ford sedan! You get more luxury than ever!

3 New Fairlane Wagons—including new richly paneled Squire. 934-cu. in. loadspace.

2 New Falcon Wagons—The economy champ goes sporty. Roomiest (11% more loadspace). Most luxurious interiors yet. Optional 200-hp V-8.

Introducing three new Volkswagens.

The rumors you've heard about a couple of new Volkswagens are true. There they are, on the right.

The rumors you've heard about the beetle biting the dust are false.

There it is, at the bottom of it all. We're calling the Volkswagen on top the Fastback Sedan because the roof has kind of a nice slope to it. It holds five in style.

We're calling the Volkswagen in the middle the Squareback Sedan because its roof has no slope at all. It holds five, too. With less style, maybe, but with more extra space than most sedans, even great big ones.

Looks aside, the Fastback and the Squareback are identical cars, and as Volkswagen they are as one.

Their engines are a touch more powerful than the beetle's, but still in back and still air-cooled.

And they have a few advanced features of their own, like disc brakes in front, which most cars don't have yet.

The Fastback and the Squareback offer a little more room and a little more power for a little more money.

The Fastback will set you back \$2,140.* Squareback \$2,295.*

So if you want a Volkswagen that doesn't look like a Volkswagen, it will cost you a little more.

The Volkswagen that does look like a Volkswagen will still sell for about the same old price: \$1,585.*

And it will still have the same old look.

But it's actually the newest car of the lot, there are 23 changes for 1966, all inside.

The biggest change is that the engine is 25% more powerful than last year. It makes a surprising difference in pickup with no surprising difference in mileage; you can still count on about 29 miles per gallon.

The other 22 changes do what Volkswagen changes have always done: they make the car work even better and last even longer.

And they don't do what VW changes have never done: they never make it go out of style.

We know that this system works for the beetle; it is the 6th best-selling car model in America this year.

We hope that it will work out just as well for the Fastback and the Squareback, too. Because we don't intend to change their looks every year, either.

We went to a lot of trouble to make all the new Volkswagens as good as they are.

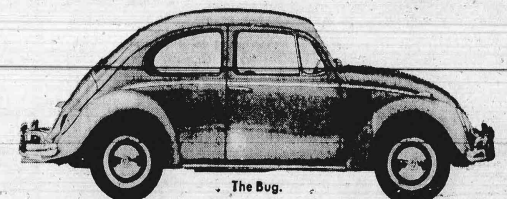

We hope you'll have a lot of trouble deciding which one to buy.

The Fastback.

The Squareback.

The Bug.

Alfred Wright, Belleville Man, Weds Miss Ida Andreano in Lodi Ceremony

MRS. ALFRED WRIGHT
Former Ida Andreano

The marriage of Miss Ida Andreano, daughter of Mr. and Mrs. Anthony Andreano, of 88 Chestnut Street, Lodi, to Alfred S. Wright son of Mrs. Alfred S. Wright of 50 Mt. Prospect Avenue, Belleville and the late Mr. Wright took place last Saturday, October 16. The Rev. Hector Di Nardo, pastor of St. Joseph's R.C. Church, Lodi performed the ceremony; the Villanova Restaurant, Garfield, was the setting for the reception.

Mr. Andreano gave his daughter in marriage. Her empire gown of peau de soie featured a long sleeved V-necked bodice with an overlay of beaded Chantilly lace. A Watteau train was cathedral in length and her fingertip veil was attached to a crown of crystals and pearls. She carried roses on a prayer book.

The bride's cousin, Miss Beverly Amtman of Lodi was maid of honor. She was groomed in a light green sheath of peau de soie with a Watteau train. The empire waistline was accented with beading.

Other bridal attendants included Miss Concetta Burgo, another cousin of the bride of Brooklyn. Miss Linda Calitree of Maywood, Miss Marlene Stickle of Cliffside Park and the bridegroom's niece, Maureen Wright of West Orange. They were attired in gowns similar to the maid of honor in emerald green.

The bride's mother chose a pink floor length sheath made of peau de soie and wore a white orchid; the mother of the bridegroom selected turquoise peau de soie with a floor length A-line skirt and had a corsage of roses.

David McDermott of Belleville acted as best man. Ushering were the bride's brother, Nicholas Andreano, of Lodi, Alex Freda of Belleville and Robert Russell of Newark. The bridegroom's nephews, Michael Hanley of West Orange was ring bearer.

Mrs. Wright was graduated from Lodi High School and is a secretary at the Bendix Corp., Teterboro. Her husband was graduated from Belleville High School and served three years in the U. S. Navy. He is with Westinghouse Corp., Newark.

Following a Florida honeymoon the Wrights will make their home in Belleville.

Flag Awarded to St. Lucy's For Record-Breaking Win

LOOK WHAT WE WON! The St. Lucy's Cadets Drum and Bugle Corps. of Newark proudly won their newly acquired banner, the "Penn-Jersey Flag" after winning the championship of the Penn-Jersey Circuit for three consecutive years, breaking all previous records.

St. Lucy's Cadets Drum and Bugle Corps. of Newark finished their season Sunday, October 3 as champions of the Penn-Jersey Circuit for the third consecutive year.

This is the first time in the history of the Penn-Jersey Circuit that a corps won three years in a row, and as a result, the cadets were awarded the "Penn-Jersey Flag" as a permanent possession.

On Wednesday, October 6, the Rev. Joseph Nativio, Moderator of St. Lucy's Cadets, rewarded the 70 members of the corps with a trip to Madison Square Garden to see "The Royal Marines Tattoo". Upon their return to Jersey, a celebration was held in the Community Center of St. Lucy's Parish.

Among those from Belleville who belong to the St. Lucy's Cadets are Thomas White, son of Mr. and Mrs. Clifford White of 557 Washington Avenue, a rifle in the American Section of the guard; Edward Clemente, son of Mr. and Mrs. E. Clemente of 28 Florence Avenue; Frank Andreola, son of Mr. and Mrs. F. Andreola of 83 Magnolia Street and Thomas Rosamella, son of Mr. and Mrs. Rosamella of 73 Lake Street, all buglers.

His guests included his mother, Mrs. Vicki Berg of New York City, his wife's parents, Mr. and Mrs. Harry Berman of Long Island and friends from West Orange, Paramus, Bay Side, Long Island and Far Rockaway, Long Island. Members of the "One Forty Club" gave him a solid gold watch. Among those from Belleville who attended were Mr. and Mrs. Bud Bromberg, Mr. and Mrs. Martin Silver, Mr. and Mrs. Sam Panasky, Mr. and Mrs. Dave Schreier, Mr. and Mrs. George Zevator, Mr. and Mrs. John Meenan, Mr. and Mrs. Ben Walker and Mr. and Mrs. Sydney Lane. Happy Birthday, Frank!!!

The students of 6B, Mrs. Robert Slavator's class in St. Peter's School, are anxious for everyone to know just their class officers are. Elected by their classmates, are president, Timmy O'Neill; vice-president, Patricia Lister and treasurer, Patty Lynch. Congratulations kids!

Mr. and Mrs. James Ryan of 35 Clinton Street have just returned from a three week vacation in Nashville, Tennessee. They flew on American Air Lines to Nashville to see their son and daughter-in-law, Mr. and Mrs. Gene "Pete" Ryan and their three grandchildren. "Pete" is a former Belleville resident.

On arriving home at Kennedy International Airport, they proudly reported that they expect a return visit from "Pete" and his family next summer.

WELCOMES RABBI
On Saturday evening, the Congregation of Anshav Achim of Belleville formally welcomed their new Rabbi David Prince and his wife, Lillian, with a dance held in his honor. Among the one hundred twenty-five guests who were there to greet them were: Mr. and Mrs. Jo-

seph Karsman, Mr. and Mrs. J. Giniger, Mr. and Mrs. Jerome Weiss, Dr. and Mrs. William Tafet, Mr. and Mrs. Robert Grabin, Mr. and Mrs. Joseph Shils, Mr. and Mrs. Seymour Perko, Mr. and Mrs. William Abramson, Mr. and Mrs. Clifford Wolff, Dr. and Mrs. Sy Fischer, Dr. and Mrs. George Kapnick, Mr. and Mrs. Morris Berkowitz, Mr. and Mrs. Henry Creditor, Mr. and Mrs. David Robbins, Dr. and Mrs. Robert Underwood, Mr. and Mrs. Leo Tabin and Mr. and Mrs. Wilfred Yudin.

Monday, October 4, was the first day of pre-school which is held in the Recreation House for four year old girls and boys. The pre-school is under the direction of Mrs. Anthony Verhagen and this fall marks the beginning of the ninth year.

Among those who were delighted to be in the fall session were James Mulholland, Lisa Gibbons, Joseph Zicarelli and Joanne Matt.

AT PAPAL MASS
October 4, was a historic day for all of the people of the United States. Everyone wished he could have been in New York City for the occasion. The following are just a few from Belleville who managed to be there in person and live the history being made: Raymond Wolf, son of Mr. and Mrs. Joseph Wolf of 6 Center Street, had the honor of attending the Mass celebrated by Pope Paul VI at Yankee Stadium.

A surprise bridal shower was held for Miss Carol Turano of Chestnut Street, Belleville, at Betty's on Verona Avenue, Newark. Approximately 150 guests attended.

Essex County Commission Slates Book Drive Aimed At Helping Underprivileged Children

A campaign to collect thousands of books to help underprivileged children will be held this fall by the Essex County Youth and Economic Rehabilitation Commission, it was announced today.

Martin Lordi, Director of the anti-poverty agency, said the drive will be climaxed Nov. 20, when volunteers will collect the books. He said the books will be classified by educators so that they can be distributed through selected schools in the county to children who cannot afford such books.

School officials already have been contacted and told about the book drive, which Lordi described as a "kind of pre-Thanksgiving gift" for the underprivileged children.

Lordi said that the campaign is an extension of "Project Head Start," the summer program initiated on a nationwide scale by Mrs. Lyndon B. Johnson with marked success. In a letter to Mrs. Johnson outlining the local program, Lordi expressed the hope that it may develop into a nationwide appeal.

Residents in Essex County will be called upon during the commission's campaign to donate books from their home libraries that could be of value to children between the ages of two and ten.

"We hope by this plan to place hundreds of thousands of good

books in the hands of those who cannot afford to buy them," Lordi said. One aim of the drive to bring the younger children in to contact with the books is to encourage them to develop reading skills that are now dormant or undeveloped.

Another goal is to cultivate reading tastes on a sound educational level that will help during formal schooling and will help serve as a curb against delinquency.

Bullfights Coming Weekly on WNJU

Residents of North Jersey who love action, pagentry or the element of danger, will soon be able to partake of all three simultaneously when Bullfights from Mexico makes its debut as a regular weekly television event. Channel 47, WNJU-TV, Newark, will telecast Mexican bullfights through the Spanish International Network every Saturday from 8 to 10 p.m. beginning November 13. Commentary, which will be in English, will be provided by former matador Sydney Franklin who won fame a few decades ago as the "Bullfighter from Brooklyn."

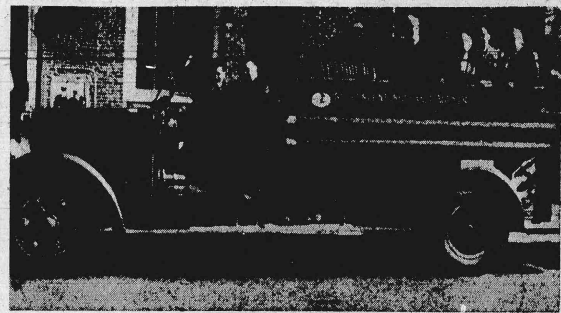

Bloomfield Bank Ubs Interest Rate

A rate of four and a half percent will be paid on all savings accounts retroactive to October 1 by the Bloomfield Savings Bank, according to an announcement by M. Harold Higgins, president.

The new interest rate will be credited quarterly on all accounts up to \$50,000 and will give depositors an added \$30,000 savings during the next year. The first quarterly dividend at the new rate will be credited and payable December 31.

The institution is a mutual savings bank which observed its 94th anniversary July 24. The bank has paid 274 consecutive dividends to depositors since 1871. Savings are insured by the Federal Deposit Insurance Corporation.

Better Get Your Moral Batteries Recharged, Warns Church Group

The Church has been described in many ways so that the people might know what it is... what it strives to do... and what its place is in human lives. And now it has been called a SERVICE STATION... God's Service Station to help each and every one of us.

A Service Station distributes power... fuel for your car... power for appliances. But God's power comes through His Word and by His Spirit. There are hills you never could climb with your car without stopping for fuel. There are clouds that the airplane could not soar above were it not fueled on the ground. And how necessary fuel was for the space ships that circled the earth not too many days ago. The House of God in your community is God's Service Station to help you climb hills and soar above the clouds and circle around the mountains of difficulties... but you do need fuel... to climb, to live, yes to die... to live eternally.

A New Lease
Here is the place to get the battery of life recharged with God's power. Here you will find

lubrication service which makes for efficiency and usefulness and harmony in daily living. You will be able to take the bumps in the road smoothly. All the parts of your being will respond and react in fine precision. Your mouth will not contradict your heart. Your hands will not embarrass your soul. Your mind will not strive against your spirit. You will work in perfect order... God's order. Friction will be eliminated. Smoothness will prevail. Wear will be reduced. You would never neglect worship in God's House if you really knew how important the oil of the Spirit is for safety, comfort and progress.

You go to Service Stations too for adjustments... minor ones and sometimes major ones. And they are so important. We need safety checks on the tongue, the mind, the heart... for "as a man thinketh in his heart, so is he." The safety checks can save many a life and the life you will prevail. Wear will be re-save may be your own.

New Scout Handbook Makes Local Appearance

Scout Executive James Killough Jr., of the Robert Treat Boy Scout Council, has received an advance copy of the new 40th edition of the Boy Scout Handbook which the movement is publishing.

"A new colorful cover for the Boy Scout Handbook," said Mr. Killough, "gives the flavor of scouting and shows the intent of the movement to serve all boys whatever their race or religion." The Boy Scout Handbook, he added, is undoubtedly the single book with the largest circulation of any book produced for young people anywhere in the world. The initial print orders of the new edition is 750,000 copies, one of the largest book orders in (Continued On Page 9)

Physically Unfit? Now's The Time To Find Out How to Remedy Problem

The Physical Department of the Y.M.C.A. of Newark and Vicinity will hold a rerun of its physical fitness testing program on Wednesday, Oct. 20 and Thursday, Oct. 21 at the Downtown Branch, 600 Broad St., Newark.

Robert Rule, physical director, has announced that testing for adult men and women will take place from 11:30 a.m. to 2:30 p.m. on Wednesday and from 4 to 7 p.m. on Thursday. Following the Thursday session, Mr. Rule will conduct a discussion and question and answer period on physical fitness.

Equipment in the physical fitness laboratory will test fitness, endurance, strength, flexibility, agility, balance and fat. Tests will be given for lung capacity and for heart recovery after periods of exercise. Each test will take 15 minutes and will be followed by a consultation period when an individual program for fitness will be recommended to each person tested.

The women will have the use of bicycle, vibrator belt, sun deck, sun lamp, rollers, gymnasium and exercise rooms.

For men there will be basketball, volleyball, fitness classes, individual exercise, weight training and body building. Available to men are sun lamp, electric cabinet, massage, infra-red treatment, alcohol rub and whirlpool.

Coed activities will include fencing, gymnastics and trampolining, squash, padminton, judo, tennis, badminton and volleyball. There will be aquatics and swim periods as well as family swim and gym programs.

printing history. With the new edition the Boy Scout Handbook attains a total printing since 1910 of 21,175,000 copies.

The Boy Scout Handbook has introduced millions of boys to their first knowledge of nature, first aid, proper respect for the flag of the United States, and a wide range of know-how supplementing school courses.

It provides information which helps a boy prepare himself for advancement through the basic Boy Scout rank. It also serves as a guidebook for the adult volunteer leaders in the Boy Scout Program.

The role of the Boy Scout Handbook in helping boys "become good Scouts and good American citizens" is seen in the foreword by Joseph A. Brunton, Jr., the Chief Scout executive of the Boy Scouts of America, himself an Eagle Scout.

Senate Bill on Privacy Reported by Committee

Senator Edward V. Long (D-Mo.), chairman of the Senate Subcommittee which has been handling the Freedom of Information bill (S.1168), and chairman of the Senate Judiciary Committee investigating governmental invasion of individual privacy, today expressed pleasure the bill has been formally reported by the full Senate Judiciary Committee.

"This action will bring us much nearer realization of a strong Freedom of Information bill, as the Senate unanimously adopted a bill very similar to the present one last session," Long said. "The public has a right to know what its Government is doing."

The present bill would require that all Federal departments and agencies make their records available to the public and the press with certain specific and limited exceptions. The exceptions cover such areas as national defense, trade secrets and confidential business information, investigative files, etc.

BELLEVILLE OUTRUNS WEST SIDE BY 25 - 20

Interceptions Help, San Filippo Missed

(Continued From Page 1)

the hiker role. On one of the punt attempts the over-anxious rookie sent the ball sailing over Trowbridge's 6-foot-2 frame and into the end zone where Bill Anthony fell on it to account for West Side's other score.

The over-confident Bellboys started the game sluggishly, being held throughout the scoreless first quarter by the spirited Rough Riders. Meanwhile, West Side had twice started-marches that went 30-yards before the Belleville defenders could catch the scrambling Venturi to kill the drive.

Finally, after some five minutes in the second quarter, Belleville's Art Connolly led a defensive charge that started to harry Gary with some regularity. During the game, pass-happy Venturi failed to throw 35 times. Three times he fell over his own feet, and in seven others, lines putting Belleville in the Connolly, Bob Drutner, Mario Ponzio, Rich Bonkowski, and Joe Benenato not too greatly helped Venturi to the ground.

Moving Again

This scrambling and assorted mayhem totaled up to 43 yards in losses and one very crumpled quarterback. All this helps to account for West Side's bruising minus 18-yards rushes.

As the line hardened in the second quarter, the besiged pass-defenders finally had a chance to gather their wits. This gave co-captain Corino a chance to take matters, or rather a Venturi pass, into his own hands. Corino then proceeded to roll toward almost some 30-yards away.

After quarterback Frank Minoe had garnered half the distance with a sneak, Corino returned on the scene to rack up his first points of the year and put Belleville on the scoreboard with 7:30 remaining in the half. Russ Mattoon missed his first extra punt in seven entries to leave the score at 6-0.

Not to be out-done, Tomaszewski dove to intercept a Venturi pass at the 46 on the Rough Riders' next play from scrimmage. With Minoe's shoulder pads coming loose, Corino came back in for a guest shot at quarterback. For an encore, he hit Smith with screen pass to give the Bellboys a first-down on the 35.

Minoe, Mattoon Click

Minoe returned and two plays later he hit Mattoon for a 30-yard strike for the third straight game; this one accounting for Russ's first TD, and Belleville's second within three and a half minutes. Junior Joel Pitzano got a chance for the extra point and kicked it for a 13-0 score.

With things beginning to shape up to Bellboy plans, an enraged Venturi took his Rough Riders 70 yards in nine plays for a score. Fighting both the clock and on-rushing Bellboys, Venturi completed five straight tosses to spark the drive.

Halfback Dave Lee was the big receiver in this march, sneaking among short-backs Belleville defenders to haul in a 5-yard screen pass which he turned into a 24-yard gain, a 36-yard sideline pass, and a four-yard heave over the middle for the score with a meager 17-seconds remaining.

Ron Austin ran over for the extra point and a 13-7 half-time score.

Passing Attack

In the first half, Venturi had passed 15 times, completing seven for 103 yards with two interceptions. The West Side ground game was virtually non-existent, but

for the game an overall 13-7 first down edge was garnered in the air.

In the third quarter San Filippo's absence showed up again when Trowbridge lost an attempted punt to Anthony in the end zone. Venturi reared back and hit Bill Brown for extra point, then completed two straight passes for 30-yards. Belleville's 14-13.

The shock finally woke the Bellboys to the realization that this game was no push-over.

Godleski started the Bellboys off by returning the kick-off 20 yards to the Belleville 46.

Minoe, who was 3 for 4 on the day, then completed two straight passes for 30-yards. Belleville's bruising bread and butter back took matters into his own hands, and thanks to a key block by Bob Drutner, broke off tackle to rumble 40-yards down the sideline, lines putting Belleville in the lead. (Pisano missed the point for a 19-14 score).

This run accounted for half of Godleski's yardage equalling his total in ten other tries. It also booted his overall average to 4.4 yards a try, thanks to the 7.1 day.

West Side Offense

West Side then began to move again, going 50-yards to the Bellboy 23 before Connolly caught Venturi for a drive killing 16-yard rush. This caused a punt early in the final quarter to the 17.

Not to be outdone by his backfield mate, Reed took the hand-off on the second play, burst through the "two hole" between Pignelli and Drutner, and a thanks to a key-block by Tomaszewski rambled 85-yards for the score.

Lightening-quick Reed got past the Belleville 30, there wasn't a chance of catching him, as he pulled away from the fleet-footed Newark secondary.

This fifty-run gave Reed his second rushing day in as many tries. Overall he ate up a 101 yards in six tries for an amazing 16.8 average.

Reed A Gainer

Rapid Reed has now gone 167 yards in 20 tries for an 8.3 average. Disenchanted with their kick corp, the Bellboys attempted to pass for the point, but it was deflected for a 25-14 margin.

The game was far from over here though, although the Rough Riders were halted on their next series of downs. Following the punt with 4:28 remaining in the game, another promising junior, Steve Ferruggelli, made his appearance in the game. Ferruggelli first Varsity try wasn't too successful, as he fumbled going through the line. This gave Venturi the ball at his own 42.

One pass and a 15-yard penalty later, Venturi hit Bob Thomas with a 27-yard scoring aerial for the final 25-20 margin. A pass for the point failed.

West Side Moving

The first-up Newarkers then tried an on-side kick with great success. Just as Pignelli was about to pounce on the 15-yard roller, a Rough Rider literally dove under his 25 pounds for the all-important ball.

Although some 5,000 fans fanned at Belleville Municipal Stadium didn't realize it (because of a failure of the scoreboard clock) this gave the West Siders the ball with just about a minute and a half remaining and 45-yards between Venturi and a win.

After an incomplete pass, Corino apparently saved the Bellboy cause when he intercepted his second pass of the day, this one on the five-yard line.

All was not to be a bed of roses though; for the over-zealous Bellboy pass rubbers had placed Venturi on the stadium turf

YEAH, HE GOT HIM! — Bounding around right end James Corino (17), racks up additional yardage against West Side Saturday afternoon at Municipal Stadium, but a

Rutgers' Homecoming With Columbia Saturday

Tradition and honor will be well served Saturday when Rutgers and Columbia meet on the gridiron in Rutgers' Homecoming game in football's second oldest rivalry.

Since the first game in 1876, Columbia holds a slim margin, 17-15-5, in the 37 games played. Prior to the game, former Director of Athletics Harry J. Rockefeller will be honored by a group of his friends. They will present a bronze tablet of "Rocky" to Dr. Mason W. Gross, president, who will accept on behalf of the university.

Rockefeller, a player, coach and administrator, gave 36 years of distinguished service to the athletic department before his retirement in 1961. A 1916 graduate of Rutgers, he was twice Rutgers varsity football coach, (1927-1930 and 1942-1945) in addition to serving as athletic director from 1953 to 1961.

The Alumni Homecoming crowd will see the air filled with footballs if recent performances in this rivalry are repeated. For the causing a 15-yard penalty for roughing the passer.

A Late Try

Given a second life at the Bellboy 33 with a minute remaining, Venturi went in the air. On a pass Trowbridge batted down and another Thomas caught at the 25, West Side then drew its first penalty of the day, a five-yarder to stack up with Belleville 75-yards for naughtiness.

Venturi then fell while fading back to give West Side a fourth and 18 situation from the 4 with 30 seconds remaining. Venturi, as usual, faded back but this time he got good protection before he let the ball fly.

Ponzio came to the rescue with a leap to break up the play. Give Belleville the ball, save the Bellboys' third straight win, and avert a 25-25 loss to the 1-3 Rough Riders.

Columbia, meanwhile, was looking for its first win when it entertained Yale last Saturday.

Regardless of past performances, however, the Rutgers-Columbia games have always been exciting. One of the best was in 1947, when Columbia led, 27-0, but Rutgers surged ahead, 28-27, only to have the Lions win out, 40-28. In 1963, Rutgers led, Columbia to 35-28 decision and only an outstanding performance by Roger Kainger enabled Rutgers to win 38-35 in last year's donnybrook.

Homecoming festivities, as usual, will feature the popular half-time parade of floats, constructed by the campus living groups. The theme of this year's competition is "Rutgers Au Go-Go," based on rock-and-roll songs.

Once again, the Alumni Federation will provide a nursery for alumni with young children, and pre-game picnics will be held by most of the alumni organizations.

Getting back to Rutgers and Columbia, neither team has sparked offensively thus far, but Coach John Bateman's holding of three Columbia degrees apparently does something to ignite the Scarlet attack. Prior to meeting Columbia last year, Rutgers had scored only 48 points in four games.

Just how well Rutgers will play this week, after meeting powerful Army last Saturday, remains to be seen. The Scarlet took a 2-1 record into the Army contest.

BHS Near Top Despite Sad Saturday West Side Game

By STEVE CHAREN

Due to repeated upsets, the battle for Group IV supremacy is becoming a real dog fight. The Bellboys can be in the thick of it if they would only stop looking ahead.

Since a 1-2 Nutley squad rose to tie undefeated Montclair, the Mounties hopes for another championship run - away have been dimmed considerably.

Although Montclair is still undefeated at 3-0-1, the Bulldogs record shouldn't remain that way throughout the last five games. Belleville's stock went up considerably thanks to the Maroon Raiders' tie, the Bellboys, as you may remember, triumphed Nutley, 14-7 two weeks ago.

Elsewhere in the Essex Group IV picture, East Orange (3-1) squeaked past the Bellboys and bombed Nutley before being killed by over-confidence by a winless St. Benedict's eleven.

The Panthers will face Montclair Saturday in what could be the game of the year since the Group IV winner are traditionally first in the state.

Columbia's record is at 1-2 and thanks to heavy injuries, shouldn't improve much. Seton Hall (3-1) has also lost its invincible touch lately to the bench.

Unless one of two unbeaten Unions amazes Jim Reynolds region County Group IV powers, Union (4-0) or Westfield (4-0) can emerge from their clash Saturday as a decisive winner and go on to take the perennially Essex title, the outlook for the Bellboys is a bright one.

At present only Montclair, East Orange, and possible Seton can put ahead of Belleville, and one of these powers must fall on the 23rd.

Mrs. Leo Connolly, 72

Services were held yesterday for Mrs. Mary J. Harding Connolly, 136 DeWitt Avenue, Belleville. The wife of Leo A. Connolly, she died Sunday at St. Mary's Hospital, Passaic, of a lengthy illness. She was 72.

A Solemn High Requiem Mass was offered yesterday at St. Mary's R.C. Church, Nutley, where Mrs. Connolly was active in the Rosary Society, Interment was at Immaculate Conception Cemetery, Montclair.

Born in New York City, Mrs. Connolly had resided in Newark before coming to Belleville 25 years ago.

She leaves, in addition to her husband, a son, Leo A. of Maplewood, two daughters, Miss Mary T. and Miss Winifred M., both of Belleville, and six grandchildren. Funeral arrangements were directed by Stanton Home, 661 Franklin Avenue, Nutley.

John H. Eikamp, 82; Resident Since 1913

John H. Eikamp, 82, of 28 Laura Avenue, Nutley, died October 14 at his daughter's home, 701 Main Street, Belleville. He was predeceased by his wife, Christine, who died on September 18.

Born in Serain, Belgium, he came to Newark 73 years ago and moved to Nutley in 1913. He was a self-employed baker and a laborer with the Federal Leather Company 15 years before retiring in 1954.

He leaves a daughter, Mrs. Michael (Cordelia) Cafone of Newark, two sons, Edward N. of Chicago and John A. of Newark; 10 grandchildren and 12 great grandchildren.

Services were held Saturday from the Stanton Funeral Home, 661 Franklin Avenue, Nutley, to St. Mary's R.C. Church where a Solemn High Mass of Requiem was offered. Interment was at St. Joseph's Cemetery, Mendham.

Giblin Asks for Crusade in Transportation Area
Former Essex County Freeholder John J. Giblin, Democratic candidate for the State Senate, called upon the editors of suburban Essex newspapers to crusade for immediate East-West transportation reforms.
"Such newspapers can light a fire under politicians who too often are unmoved except by the printed word," Giblin said.

Buying Clothing, Topic of Free Class

Home Economics Extension Service is offering free to all residents of Essex County, a class called "Buying Today's Clothing." This class will be held in Newark at 25 Thirteenth Avenue, from 9:30 to 11:30 a.m. on Thursday, October 21 and 28 and November 4. The class will contain information on styling, labeling and its many violations, and what to look for in buying good quality clothing. To register, please call the Home Economics Office at 642-7800, Extension 421. Miss Janet Whaley, County Home Economist, will teach the class.

Good Earnings Reflected By Better Interest Rate

Continued favorable earnings of some of our members reflects a desire to remain competitive with the savings banks. To share continued favorable earnings with the depositors, Sauer emphasized that those mutual savings banks which have granted the increase are doing so individually "as their specific situation dictates."
"You can be sure," he said, "that each decision will be made with the best interest of depositor-owners in mind."

Case Worker Job Offered By Civil Service In Essex

A Civil Service examination for the position of Case Worker in the Essex County Welfare Board is open.

Applications must be filed before November 12, 1965 at the New Jersey Department of Civil Service. Application forms are available at New Jersey State Employment Office, the New Jersey County Welfare Board Office, or the New Jersey Department of Civil Service Offices in Trenton. Anyone who is a resident of New Jersey and has a bachelor degree from an accredited college is eligible to compete in the examination. Case Workers in the County Welfare Department provide case work services to welfare clients and their families. Interviewing, counseling and preparing case

histories are some of the important aspects of the work. Those appointed to these positions must have a New Jersey Drivers' License, since a car is usually assigned to Case Workers in their field work. The examination for Case Worker is open to both men and women.

1966 January graduates will also be admitted to this examination.

Five Students Win BHS Tests

Belleville High School still manages to turn out some of the brightest students in the area, reported BHS principal Raymond O. Smith last week. Five of his students were awarded letters of commendation for their high performance during National Merit Scholarship qualifying tests given at the high school last spring. They were among the top two per cent of the nation's brain trust.

Named by Smith were Elizabeth Bordonaro, Robert J. DePase, Jeffrey Lane, William D. McCarthy and William Tauricello.

Fluoridation For N.J.? Commissioner Hopes So

Dr. Roscoe P. Kandle, New Jersey State Commissioner of Health, said today he hopes that inauguration of fluoridation in New York City, the nation's largest city, will spur similar action in cities of New Jersey which are not fluoridating but which could do so from an engineering standpoint. New York City began fluoridating in September.

"The officials of New York City acted only after exhaustive review of all the arguments that had been advanced for and against fluoridation," Dr. Kandle said. "Their judgment and action are in accordance with that of every responsible professional body that has taken a stand on the subject."

Going Hunting? Better Have A Gun License

Youths who wish to hunt in New Jersey this fall should be sure to get firearm safety training, said the Division of Fish and Game in the Department of Conservation and Economic Development.

By law, a New Jersey hunting license may not be issued to anyone between the ages of 14 and 21, unless the applicant can produce a previous license or a certificate from a gun safety course. Since this law took effect, the hunting fatality rate in the State has been cut approximately in half.

Chief Conservation Officer William P. Coffin points out that little more than a month remains before the small game season, opening November 6. During this period volunteer instructors are often swamped with applicants for the safety course.

The longer a youngster waits, the more chance there is that he will find courses filled. He must

then seek further for an open course or miss out on hunting. There is no fee for the safety course, other than the nominal cost of ammunition expended. All instructors are volunteers who have satisfied the requirements of the National Rifle Association and the State Division of Fish and Game.

Assemblyman J. Wallwork Wants Uniform Driver Intoxication Test

Assemblyman James H. Wallwork (R-Essex) yesterday urged creation of a special commission of physicians, lawyers and law enforcement officers to recommend a uniform driver intoxication test and the standards under which it would be administered.

Wallwork's remarks came in answer to a questionnaire by the New Jersey State Council asking the Assemblyman's stand on proposed legislation which would establish "implied consent" by every motor vehicle operator to an intoxication test if the driver were arrested and suspected of drunken driving.

"I favor stiff penalties for drunken driving," Wallwork said. "But for determining intoxication, we need a standardized

tests within the state," Wallwork declared. "But there implied consent to an intoxication test, without specifying the type of test, where and by whom it will be administered, and how examiners will be trained is not, in my judgement, sound legislation."

"It is for these reasons that I

favor a commission be established to recommend a uniform and comprehensive plan to the Legislature."

The Assemblyman stated that he would introduce a resolution in the next session of the Legislature to carry out this proposal.

Belleville Residents Will Get New Phones

Touch-Tone telephone service, which enables callers to tap out their numbers on push buttons instead of spinning a rotary dial, will be offered in the Belleville area starting Monday Nov. 2, New Jersey Bell Telephone Co. announced today.

On Touch-Tone telephones, 10 push buttons replace the dial. The buttons are arranged to three rows of three buttons each and an "Operator" button is centered beneath.

The modern push-button tele-

phones will be offered to residents whose telephone numbers begin with 751 and 753.

New Jersey Bell said Touch-Tone calling is being introduced gradually in other parts of the state. Extensive equipment changes must be made in central office equipment before the service can be offered, the company said.

Rates for Touch-Tone calling, which is optional, include a \$5 conversion charge for residence service. This charge provides Touch-Tone calling for all extensions in the home. The monthly residence charge for Touch-Tone service is \$1.50 a line, which also includes all extensions in the line. Business rates are somewhat higher.

The dial tone is changed to a lower pitch before Touch-Tone calling is introduced in an area. The change in tone which is due to equipment modifications in the central office will be heard for the first time in the Belleville area on Nov. 8.

put on their "slam list" and lambasted. "I was never invited to this affair, nor was I approached regarding the Ad-Had-I-been-I-would-have-participated."

If it is the price I must pay for protecting the already overburdened Belleville taxpayers against "pressure groups" that would gouge them to "feather their nest" with "tinsel and bauble," without any improvement in essential services to the public, then I am prepared to make this sacrifice. I should much prefer to have the respect and support of the public I have been elected to represent, than a handful of vocal servants paid by the taxpayers who seem never satisfied and always against any public official who won't give them everything they ask for.

Perhaps if they took the beds out of the firehouse, using the space for other town facilities, eliminating the paying of rents elsewhere, and put the firemen on an eight hour day, we would eliminate much of the objectionable "moonlighting" and get better performance from our personnel.

Golden contended much could be done to improve town services and eliminate waste, but that the present makeup of the town governing body and its Manager are not conducive, in his opinion, to this much sought after goal.

Boy Scouts Earn Promotions Here

One hundred and ten members of Robert Treat Council, Boy Scouts were promoted during the month of September, and 492 merit badges were earned by Boy Scouts and Explorers, announced Edward J. Dwyer, chairman of the Advancement Committee for the Council's Belleville District.

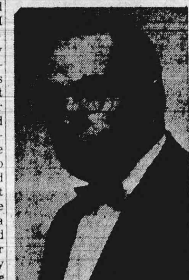

Dwyer said that the preparation and examination and review are handled by the Troop Committee.

The Troop committee's Board of Review maintains national and Robert Treat Council standards. When its report is made to the Council, the Council prepares and issues new certificates of rank or for each individual merit badge.

Badges and certificates are presented at a Troop Court of Honor.

During their activities at the Camporee being held Oct. 22-24 Scouts will be taking their tests for further advancement.

Six-Month Restoration of 1929 Packard Pays off with 3 Trophies in First Show

Six months of sanding, repainting, rebuilding and refurbishing on a 1929 Packard Phaeton paid off for two local men last week when their car won three trophies in its first competition.

The tan and brown touring car owned by Joseph N. Cofone of 28 Crastwood Avenue, Nutley, and restored at Nicolette's Body Works on Passaic Avenue, Belleville, was picked as best in show and winner in the classic division at the Kiwanis antique car show in East Brunswick.

The car was also picked as most popular by the antique auto enthusiasts who attended the show.

Cofone and the co-owner of the body shop, Salvatore Nicolette of 15 Duncan Place, Nutley, worked on the car nearly every night

and weekend since the car was first brought into the shop back on March 23.

The pair stripped the car down to the bare chassis, sandblasted the body, had new parts fashioned whenever necessary, and new upholstery leatherwork put in, then topped it off with a paint job which has made the car a favorite of show-goers.

Cofone and Nicolette enjoyed restoring the '29 Packard so much that they've started in again on a 1930 Packard convertible coupe. Nicolette owns this one, and Cofone will be helping him on the rebuilding.

Nicolette had done some bodywork on other old cars, but this was the first time he attempted a complete restoration. The two

agreed that the job "was quite a challenge."

The Cofone-Nicolette team entered their car in another competition in Staten Island this past weekend.

method that will protect the rights of citizens and stand up in court. At present we have people suggesting moving pictures, a breath test, a blood test, and the so-called standard test of walking a straight line and touching the nose with the forefinger.

"We need a qualified commission to recommend a uniform test for determining drunkenness that will have built-in safeguards to protect the constitutional rights of our citizens.

I would prefer a formal waiver by each driver stating that he would submit to an approved intoxication test as a condition for obtaining a license," the Assemblyman declared. "But I would support an 'implied consent' bill if accompanied by a standardized test, which is really the heart of the problem.

Cites Need for Crackdown

Fifty-seven percent of the drivers involved in fatal accidents are under the influence of alcohol," Wallwork pointed out. "We must crack down on drunkenness on the roads," he said. "But," he added, "we need safeguards such as the right of a suspect to be charged with a traffic violation before he is tested. In addition, there must be provisions for the location and maintenance of equipment used in determining intoxication. We must also be certain that people administering any test are thoroughly trained for the job. The law should include provisions for training candidates to operate the instruments used in testing intoxication and for each operator's periodic re-examination to insure high standards of competence."

"A trained operator administering an alcohol level test might detect other conditions such as diabetic shock or a mild stroke which give symptoms similar to intoxication but which require prompt medical attention," Wallwork added.

"I certainly believe there is a need for a coordinated approach to the proper control of chemical

NEA Ends Probe Of Witnesses In Durkee Case

The four-day investigation into the conduct of Dr. Frank M. Durkee by the National Education Association's five-member investigative committee on Rights and Responsibilities ended yesterday at noon after hearing some 13 scheduled witnesses plus the latest," said Dr. O. S. Thompson, associate executive secretary and coordinator of the committee.

The information he receives, he said, is confidential and cannot be made public until the investigation committee has been carefully studied and evaluated.

Report To Be Studied

The committee's report must be submitted to the NEA's commission who must then approve the report or submit recommendations to the committee.

After that, said Thompson, the committee will make a final report.

The investigation opened Sunday when it heard all board members, then the four members who voted for Durkee's removal as superintendent of schools.

The Board majority are Arvidson, Dr. Frank DiRuggiero, Nicholas Juliano, and Rocco A. Salata.

Defenders Named

Defending Dr. Durkee were Board Vice President Mrs. Thomas F. McCool, Richard H. Drake, and John B. DiRienzo.

Testifying Tuesday were Assistant Superintendent of Schools Michael Rossmore, Harold A. Durfee, assistant superintendent for business administration, Al Crisp, president, and members of the Fair Play Committee, and Publisher Frank A. Orzechio of The Belleville Times.

Also scheduled for appearances before the investigating committee were unidentified persons recommended by both the superintendent and the board.

Durkee had been suspended May 24 after Arvidson, speaking for the board majority, charged him with using a business duplicating machine for personal purposes when he is alleged to have duplicated anti-dual control petitions.

More Charges?

Durkee at first denied, and later admitted using the machine, but explained that he had been in an automobile accident the previous day and hadn't properly understood the questions asked by Arvidson.

Arvidson had said he has nearly half a dozen other charges of misconduct in office he plans to lodge against Durkee, but thus far none have been made public.

After Durkee was reinstated Sept. 24 — four months to the day after he was originally removed from office — Arvidson again attempted to block his return, charging undue influence would be exerted against teachers by Durkee, but he was overruled and Durkee was back at his desk last month.

OBITUARIES

Patrick Donaghy; Born in Ireland

A Solemn High Mass of Requiem was offered October 14 at St. Peter's R. C. Church, Belleville, by the Rev. Francis A. Ignacino for Patrick J. Donaghy, 66, of 280 Hombrow Avenue, Belleville. He died October 10 in Presbyterian Hospital, Newark. His wife is Mrs. Mary Mulvaney Donaghy.

His only other survivor is a brother, John Connelly of Newark.

Services were held from the McGee Home for Funerals, 325 Summer Avenue, North Newark, to St. Michael's R. C. Church, Newark, where a Solemn High Mass of Requiem was offered. Interment was at Holy Name Cemetery, Jersey City.

Nathan Miller, 61; Owned Liquor Store

Nathan Miller of 275 Prospect Street, East Orange, owner and operator of the Washington Liquor Store, Belleville, died October 17 at Beth Israel Hospital, Newark, after a long illness. Mr. Miller was 61.

Born in Russia he came to the United States at the age of six and lived in Belleville until two years ago when he moved to East Orange. He owned and operated the liquor store at 481 Washington Avenue, Belleville, for 20 years. Mr. Miller was a World War II Army veteran, a member of Congregation Ahavath Achim, Belleville, and an active member of the Kiwanis Club, Belleville.

His only survivor is a sister, Mrs. Rose Schaffer of West Orange.

Services were offered Tuesday by Rabbi David P. Prince at the Suburban Chapel of Philip Apter and Sons Funeral Home, Maplewood. Interment was at Beth Israel Cemetery, Woodridge.

Bernard J. Ford

Bernard J. Ford, proprietor of a paper store in Lyndhurst, died Saturday at Presbyterian Hospital, Newark. A resident of 217 at Greylock Parkway, Belleville, he was the husband of Mrs. Florence Ford.

Dominick Spinello, 61

Funeral services were held yesterday for Dominick Spinello, 61, of 81 Plunge Drive, Belleville, who died suddenly at his home on Saturday. His wife is the former Elizabeth Barry.

Living in Belleville for seven years, he came here from Jersey City. For many years Mr. Spinello was a designer for Wallace Paper Box, Maspeth, N.Y.

His survivors include a daughter, Miss Annamaria Spinello of Manalapan; two sons, James and Arthur, both of Manalapan; his mother, Mrs. Mary Reddy Spinello of Jersey City; two brothers, Frank and Edward, both of Jersey City, and four grandchildren.

A Solemn High Mass of Requiem was offered at Our Lady of Mount Carmel R. C. Church, Nutley, and interment followed at Holy Name Cemetery, Jersey City. Arrangements were made by the Leber Funeral Home, Union City.

Senior Citizens Advised To File Deduction Forms

Senior Citizens of the town were advised by the tax assessor that forms claiming Senior Citizen Deductions for 1966 must be filed no later than Nov. 1.

Total income during the year 1965 must not exceed \$5,000, he warned. Proof of age must also be submitted and may be filed anytime between Oct. 1 and Nov. 1.

Walter Chubin, 46

A Solemn High Mass of Requiem was offered yesterday at St. Casimir's R. C. Church, Newark, for Walter Chubin, a maintenance man with Stanley Tool Co. Mr. Chubin died Saturday at St. Vincent Hospital, Montclair, after a brief illness. He was 46.

A resident of 350 Belleville Avenue, Belleville, he was the husband of Mrs. W. Bertha Margulka Chubin. Born in Newark, he was a member of the Oilers and Firemen's Local 55.

He leaves, in addition to his wife, two daughters, Joan and Dolores; two brothers, Alexander and Peter, and four grandchildren.

Arrangements were completed by the Rucki Funeral Home, Newark. Interment was at Holy Cross Cemetery, North Arlington.

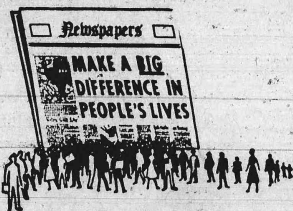

Colony Club Ladies Have Chinese Auction

The Belleville Colony Club Ladies Auxiliary sponsored its second annual "Chinese Auction Night" last month at the Belleville Elks Hall on Washington Avenue. Belleville Man Training

Michael McKimney, 86 Tappan Avenue, Belleville, has this week began an intensive six-week training course to obtain first hand information about Worthington Corporation products. Called the annual Primary Training Program, it is one of the oldest sales training programs in existence in the country, having had its beginning at Worthington about 1918.

McKimney, an Application Engineer, is one of 42 employees taking the course.

When the medical profession approves a new remedy, it is made public so that everybody may benefit from it. Polio-vaccine is a good example.

Should you read or hear about a "secret remedy" for the cure of some serious disease, be on guard. Shut it by all means, because its use could be disastrous.

Consult your physician. Ask his views on "mystery remedies." He will give you a candid evaluation.

There is nothing hush-hush about medical research and its discoveries. Medicine is an open book — for all the world to see.

Clifton Man Arrested At Telephone Nuisance

Police Probe Cause For Telephone Calls

Trap obscene caller in telephone booth

Telephone Caller Fined For Harassing Actions

LAWD CALLER POLICE CHARGE

What to do about obscene or harassing phone calls

We are very concerned about these calls. Should you receive any, the following guidelines provide a very effective way for you to stop them:

- 1. Hang up** — If the caller does not say anything, — at the first obscene word, — if the caller does not identify himself to your satisfaction. Remember, you are in control of your phone. You can end any conversation simply by hanging up.
- 2. Don't keep talking to the caller** — what he really wants is an audience. Don't be that audience.

By keeping these hints in mind, you can usually discourage someone from continuing to call you. If the calls do persist, call your Telephone Business Office. We have representatives who are trained to investigate, identify, and help in the apprehension of these callers.

NOTE: New Jersey laws provide up to ONE YEAR IN PRISON AND A \$1000 FINE to anyone making lewd, lascivious, or disgusting remarks on the telephone, or who repeatedly telephones a person for the purpose of molesting or annoying that person.

May We Offer These 10 Friendly Tips On:

HOW TO READ A NEWSPAPER

1. Read your newspaper regularly, make it a habit, be informed.
2. Don't be headline happy, heads are just the menu.
3. Don't be Page-one happy, there is valuable information inside.
4. Don't read only one section, sticking only to sports, comics or crime news is like picking up pennies and leaving dollars.
5. Be a fact-seeker, get facts from news columns, then read the comments of columnists and editorial writers, broaden your knowledge.
6. Note qualifying words to find out who said what, don't confuse charge with conviction, rumor for fact, or plans with accomplishments.
7. Don't be a reading coward, don't be afraid to read opinions which differ from your own.
8. Get out of your reading rut, read something every day completely apart from your normal interest.
9. Do your shopping at home, look through the advertising columns of your newspaper for best buys, mark them, and take your newspaper with you when you shop.
10. Relax and enjoy the fun, there's a lighter side of life, your newspaper covers the humorous as well as the serious.

Pedagogy in the Park, A New Educational Idea

Parks used to be for playing. Now they're for schooling too. The idea of establishing complexes of schools in park-like surroundings serving the whole range of students from the kindergarten (or pre-kindergarten) group on up, perhaps as far as the junior college, is catching on in several parts of the country, according to the National Education Association.

Two examples of this new educational idea are: the South Florida Education Center, now in its second year of operation; and The University Schools in Bloomington, Indiana.

The Florida Center is near Fort Lauderdale in Broward County on some 500 acres of an abandoned military airport, and last year served students in grades 7 through junior college. An elementary school with kindergarten is opening this fall, and there are future plans for a technical university.

The NEA describes the joint project of Indiana University and the city of Bloomington as a complex of 13 buildings constructed for a variety of educational programs on a 43-acre campus. The University Schools include a nursery for three and four-year-olds, classes on up through senior high school, and special facilities for the education and planners of city school systems.

training of the mentally retarded. Pittsburgh, Pennsylvania, Cleveland, Ohio, and Portland, Oregon, are actively considering the creation of education parks, and East Orange, New Jersey, has a specific proposal for which plans have been drawn.

The East Orange idea for an educational park — they call it "plaza" — grew out of Board of Education discussions of plans for a new junior high school and the need for additions and renovations in 10 existing schools. The NEA quotes Board President William L. Hoffman's explanation that the problem "boiled down to a matter of plodding along in the same add-and-patch groove, or daring to think creatively in an effort to develop a plan that would meet the realities of educating our children for the complexities of life in the nuclear-space age."

Reinvigoration of the central city . . . reduction of de facto segregation . . . simplification of supervision . . . an atmosphere for innovation and progress attracting superior teachers . . . these are all reasons why the educational park is becoming more and more attractive to planners of city school systems.

Field, Streams Open for The Fall Season, Say Conservation Men

A New Jersey sportsmen's calendar for late 1965 and early 1966 was released this week by the Division of Fish and Game in the Department of Conservation and Economic Development.

Similar guides will be released periodically to news media as a service to hunters and fishermen, especially during the fall and winter when many seasons open and close.

Sportsmen should consult the current Compendiums of Game and Fish laws for detailed regulations. Dates are as follows:

Open now: fishing of all species except trout in the Delaware River, rail ad racoon hunting, bow and arrow hunting for deer and bear.

CYO Prepares Tour, Crusade

The Essex County CYO is accepting applications for its annual Communion Crusade and Pilgrim Statue programs.

These spiritual activities have been one of the highlights of the CYO program every year. The Crusade has two phases: a general Communion Sunday for all the youth of the Archdiocese on the Feast of Christ the King on October 31, and one week Crusades in parishes throughout the county. A Crusade banner will be installed in the church sanctuaries for the week requested.

The CYO Pilgrim Statue, which will be making its 18th tour of the county, will be available to promote devotion to the Blessed mother for one-week periods. Dates will be reserved on a first come first served basis.

Miss Chris Garmo, ten, of 6 Arthur Street, Belleville has had her tonsils removed at St. Michael's Hospital, and is now home doing fine. Chris attends School No. 7, and misses all her classmates very much. Get well soon Chris.

U.S. SAVINGS BONDS

Pays now

Pays later

Say when

Both of these U. S. Savings Bonds pay you the same rate of interest. The difference between them is just a matter of when you want it — now or later.

The one on top is a Series H Bond. Buy one for \$500 and the Treasury Dept. will mail you an interest check every 6 months. It's designed for people who want their Bonds to give them an income. Retired people, for instance.

The other Bond is a Series E.

The growing type. You pay \$375 for it and collect your interest when you cash it in for \$500 at maturity. It's designed for people who want their nest egg to get bigger.

Both types of Bonds come in several different denominations. Both help protect your country as they earn interest for you.

Buy the type that fits your needs and see if you don't feel pretty good about it.

Keep freedom in your future with

Wanted: One North Newark Girl For 'Miss Spanish TV'

A year-long search for a pretty and talented girl of Spanish origin, to represent Channel 47 (WNJU-TV) in the Metropolitan New York Area's Spanish-speaking community, continues this fall on the UHF station's live one-hour program, "Miss Spanish Television." Aired in prime time each Monday, from 9-10 p.m., it is hosted by Tito Alba. Producer is Sholom Rubinstein.

Each contestant is interviewed on the program and performs her specialty. Talent and intelligence count as much as beauty in determining the winner. Highlighting the winner's awards will be a contract to represent Channel 47 at various promotional, social or other events in Metropolitan New York's Spanish-speaking community. Other prizes will include: an all-expense-paid trip to Mexico City; a screen test with one of the leading motion picture companies in Mexico; appearances on a top TV program in Mexico City; a complete wardrobe for the trip, plus numerous miscellaneous gifts.

Photographs, with complete biographies, must be submitted to "Miss Spanish Television," c/o Sholom Rubinstein, Advertisers Broadcasting Co., 117 West 46th St., New York, N. Y. 10036.

A screening committee will select potential contestants for the program, with an in-person interview to determine actual contestants.

Alba said eight contestants are selected for each program, from which a special panel of judges — including a different name personality each week — chooses two winners on the air. Every fourth week the winners from the previous programs compete in the semi-finals. Further eliminations are held until three candidates remain.

At this point, the contest will now have to say — it'll give you a broader point of view.

The 'Old Masters' Go On Display At Museum

Old Masters of American Art, an exhibition of some of the most important 18th and 19th century works in the collection of the Newark Museum, has been installed in the Museum Court. The exhibition will continue through Nov. 7.

Within the group of 20 works on view something of the general development of American art can be seen. Colonial and federal portraiture is represented by works of John Wollaston, Charles Willson Peale, Ralph Earl, Gilbert Stuart, John Singleton Copley and John Neagle, all in contrast to the later impressionist treatment of Mary Cassatt's "Woman and Child." The development of landscape painting can be traced through the romanticism of Thomas Cole, the factual realism of Asher B. Durand, the grandiose effects of Albert Bierstadt, George Inness' more atmospheric painting, and the impressionism of John W. Twachtman.

Mass This Morning For Mrs. E. Rollieri; Was Rosary President

A Solemn High Mass of Requiem is being offered today at 10 a.m. in St. Francis Xavier R.C. Church for Mrs. Margaret Adessa Rollieri of 407 North Sixth Street, North Newark. Interment will follow at St. Mary's Cemetery, East Orange.

Mrs. Rollieri, 56, the wife of Edward J. Rollieri, died Saturday at Newark Eye and Ear Hospital after a brief illness. For many years she was clerical with Prudential Insurance Co. and served as past president of the Rosary Society of St. Francis Xavier Church.

Mrs. Rollieri is also survived by two sons, Edward J. Jr. and Paul, both of Newark; her mother, Mrs. Leon (Antonetta) Caruso, Adessa of Newark; three brothers, Leo and Patsy, both of Bloomfield, and Arthur; four sisters, Mrs. Theresa Rocco, Mrs. Mary Guarino, Mrs. Jennie Cerato and Mrs. Josephine Prosperi, all of Newark, and two grandchildren.

'Snow White' Appears Here Oct. 23-24

This coming weekend "Snow White" returns to Belleville's Capitol Theater on Washington Avenue for a special two-day appearance.

The childhood classic is an all-new production with live actors replacing the famous seven dwarfs and Snow White who gave the original motion picture such lasting fame.

The matinees are scheduled for Saturday and Sunday afternoons, Oct. 23-24.

TESTIMONIAL DINNER

140 men attended a testimonial dinner in honor of Mr. Mario Rinaldi of Jefferson Street held on October 13 at the K of C Clubhouse on Bridge Street. Rinaldi is the Past Faithful Navigator of the McGr. Doan Assembly Fourth Degree in Newark. He was presented a shield shaped plaque as a token of appreciation for his dedication to his office.

William Mroczek made all of the Belleville arrangements and music was provided by Ed Flynn. Past Grand Knights Nick DiGiovanni and Ed DeMartino, as well as T. William Sloan and Willis MacDonald were among the many members from K of C Belleville Council 835 who attended the dinner.

EGAD, WHAT A BEAUTY! Miss Gail Casale, 5-foot 4½ of pulchritudinous femininity (and from North Newark, too!) came in second during the 1965 Miss Columbus Day Beauty Pageant Oct. 4 at the Robert Treat Hotel. She is a fine arts teacher in the Montclair School system. The 20-year-old honey brown-haired and green-eyed, is the daughter of Mr. and Mrs. Michael Casale, 427 Third Avenue, North Newark.
