#### Making Improvements At Lake Hopatcong

Expanded recreational opportunities will be provided for boaters and other water sports enthusiasts during the 1966 summer season as the result of navigation improvement projects underway at Lake Hopatcong, Jersey Department of Conservation and Economic Development said today.

## John Bass Pledges Efforts Aimed At Taxes, Apartments, Harmony

John Bass, Independent candidate for Councilman-at-large on the Homeowner's ticket, yesterday issued a seven-point platform that called for reduced taxes, a moratorium on all apartment building, increased public parking and the rejuvenation of Washington Avenue at the Town's business center.

Bass, who is the only untested candidate in the six-way race for three seats, urged the voters to "Give me a chance to show you what I can do," as a representative of all of the homeowners.

His platform included the following points:

1. **REDUCE TAXES** — The tax burden on the homeowners is already too great with signs of only getting higher in the future unless some economic-minded representatives are elected to the Council. I propose to reduce taxes by consolidating several departments in Town Government, which are now performing duplicate tasks, thereby wasting taxpayer funds.

I also promise to investigate the cost of sewage disposal, now being born by the Town, on all public owned wells which are tied into the local sewage system. I understand that at present the wells are costing taxpayers thousands of dollars each year while the user is not contributing one cent toward the cost.

2. **IMPROVE PLANNING** — By hiring or appointing special Planning Task Forces to go into

each area of the town to find out just how the present makeup of the area will allow it to best fit into a master plan that will make Belleville a progressive community this year as well as many years into the future.

3. **WORK FOR A MORATORIUM ON APARTMENT CONSTRUCTION** — Call a halt to all apartment construction in the Town in an effort to preserve its suburban nature and conduct a private survey of other area towns where apartments are and have been constructed to see if they are a benefit to the Town or rather a get-rich-quick scheme

which benefits only the developer and leaves the Town with a blighted slum area after the 10-year financial obligation is eliminated.

4. **IMPROVE FIRE AND POLICE PROTECTION** — By working for the construction of a central fire and police headquarters and making better use of available manpower to get more protection per dollar for the taxpayers.

5. **PARKING** — Work for establishments of public parking lots, beginning with one on each end of the Washington Avenue business district, thereby insuring that Washington Avenue will continue to be the business hub of the Town. This will encourage new stores to establish on the street and will encourage present store owners to invest funds in improving their buildings and establishments.

6. **IMPROVE COUNCIL-SCHOOL RELATIONS** — I will work to establish relations with Board of Education members that will allow both governmental bodies to understand the problems of each body and thereby allow both to work in harmony for the better of the taxpayers, instead of fighting each other as they have in the past.

7. **INFORM THE PUBLIC** — Work to allow all taxpayers to know what is going on in Town Hall at all times; Refuse to conduct any town business except at an open meeting to which the public is invited.

## Neither Rain, Nor Cold Nor Dark Of Night Kept BHS Nine From Victory

By STEVE CHAREN

"Go out there and make a quick out."

"Sure coach," said the batter.

Then the batter swung at a pitch three-feet over his head. Miraculously he connected and the ball bloomed safely into the outfield. "Got 'em!" went the cry and off he sped. The ball beat the Bellboy to second by five feet, but was dropped where it trickled out toward centerfield.

They were beating Lincoln by 8-2 on their own field.

Chugging toward third, the runner was again passed by the ball this time an overthrow. At home plate, the relay was dropped as still another run scored and it grew darker and darker, each minute threatening a postponement.

It was that kind of day.

The Bellboys could do nothing wrong, even when they wanted to. The main opposition seemed to be provided by the elements as an 8-2 decision over Lincoln was finally squeezed in before the chilly damp night fell.

Last Thursday's dank visit to Jersey City had started in a light drizzle that grew heavier as the game got underway. Dave Rothwell and Sam Calabria had started it off with singles. Then the

rain came down in buckets and the game had to be halted again.

Finally the rain slowed and the hometowners were coaxed out of their dry little clubhouse. From here, singles by Rich San Filippo and Frank Mineo along with a sacrifice fly by George DeBrowski followed as four runs zipped across the plate.

Then came the mad rush against darkness.

Meanwhile, Sat Taibi was coming along in the second start with a no-hitter for three innings while striking out six. Three scratch singles in the fourth brought across two Lincoln tallies, but Taibi weathered that storm and went five innings striking out ten all together.

Junior southpaw Joel Pisano then wrapped it up for the rain-soaked 2-0 hurler, with two no-hit innings, while notching three more whiffs.

Enroute to win number four, the undefeated Bellboys launched a 13 hit attack and began firing on five cylinders. San Filippo had DeBrowski both had perfect days at the plate to continue their onslaught.

Rothwell and Jim Serritella also had perfect days while Mineo went 2-for-3 with 2 RBI.

And the rain?

It just kept on coming down.

against the consistent efforts to saturate Belleville with apartment complexes. Instead, the councilman urged adoption of an intensive campaign to provide recreational facilities for the young and elderly in town.

Golden promised a solution to a return of local government, to local officials who would be dedicated to the needs of Belleville citizens only.

In his faith point, the incumbent pointed to a tax increase of 23 points over last year, court fees for appealing unfavorable decisions, a pay-raise for the Town Manager and none for 34 other employees, and massive spending programs - all of which, he contended, plagued the town's economy.

The councilman said his proposal would attempt to reverse the trend that stigmatizes Belleville as a town with an ugly reputation.

Rodino Bill Would Help Aliens Fighting for U.S. in Vietnam

Representative Peter W. Rodino (D., 10th District) has introduced legislation which would give aliens who have served honorably in the United States Armed Forces a chance for early citizenship.

Congressman Rodino, long a champion of veterans' benefits and immigration reform, said "I strongly feel that a man or woman who has worn the American uniform and engaged in the defense of this great country should have the opportunity of immediately becoming an American citizen if that is his desire."

The bill proposed by Rodino would provide means for the expeditious naturalization of aliens who have lawfully been admitted to the United States as immigrants or who subsequently have become permanent residents, and have served honorably in the Armed Forces of the United States during the period beginning January 1, 1963.

The New Jersey Democrat pointed out that there has been special legislation in the past to bestow naturalization benefits on servicemen who served during World War II and the Korean conflict, but the law is silent regarding those servicemen who have, or are now serving, during this period of the Vietnam hostilities.

Before introducing this legislation, Rodino continued, "I carefully weighed the appropriateness of the commencing date and considered the date that the first military assistance group went to Vietnam, the date President Kennedy pledged increased aid to that country, the date the first air strikes were levied against North Vietnam and the date that the United States began a buildup of ground combat units. I concluded that January 1963 was the most feasible. Since every United States military unit potentially could be sent to the war areas, I drafted my bill so that all aliens who entered the military service after January 1, 1963 would be covered by this legislation."

The Rodino bill is an amendment to the Immigration and Nationality Act and covers all aliens who enlist or are inducted into the military services in the United States and who are or become United States permanent residents.

Rodino, dean of the New Jersey Congressional delegation, emphasized "although no specific length of service is required, aliens who have been separated from the military service on account of alienage or as conscientious objectors, or who perform no military, air or naval duty whatsoever, or refuse to wear the uniform, shall not be regarded as having served honorably. Additionally, this legislation does not waive the basic requirements of the law which require good moral character and attachment to the principles of the Constitution before naturalization."

Rodino stressed the timeliness and worthiness of his bill and said he would press for early consideration.

Smart drivers will watch traffic as far up the road as possible, in addition to the car ahead. Spotting hazards at a distance gives more time to stop or steer clear of an accident.

**ITT Data Service Plans Giant Network**

ITT Data Services, a recently formed division of International Telephone and Telegraph Corporation, has announced plans for the establishment of a giant data processing service network on the nation's West Coast.

Headquartered in El Segundo, California, the new computer and data communications network will offer a full range of data processing services to business, scientific, and government organizations throughout the Western part of the country.

# Mrs. Joseph Dimick And Rose Spencer Join The Times Bingo Winners List

Four area residents captured top prizes in The Times, News paper Bingo last week and all four join most other winners competing for a free trip to sunny Florida.

Today, another group of News paper Bingo numbers is published in The Times and readers are invited to play along by matching the list against the corresponding brown playing card which are being distributed this week by participating stores.

Next week's game will be played on rose-colored cards. Distribution will begin tomorrow afternoon. A listing of stores where Newspaper Bingo cards may be obtained appears in the special advertising pages inside today's Belleville Times.

MISS ROSE SPENCER  
Belleville

MRS. JOSEPH PEPE  
Nutley

MRS. JOSEPH DIMICK  
Belleville

**Winners Circle**  
Winners announced today and the spot where the lucky playing cards was obtained are as follows:

Mrs. Joseph Pepe, 280 Harrison Street, The Nutley Sun office; Miss Rose Spencer, 105 Ralph Street, Belleville, Grants Department Store; Mrs. Joseph Dimick, 58 Belleville Avenue, Belleville, Lords Stationery, and Miss Mary Pera, 123 Franklin Avenue, Nutley, Gerard Hairdressers.

Just in case you haven't been playing The Times Newspaper Bingo, here's a brief rundown on how the game works:

**The Process**  
Playing cards are distributed. Winning numbers are published in The Times every Thursday. At 2 p.m. Fridays, persons who have completely covered the playing card report to The Nutley Sun office at 386 Franklin Ave., Nutley, to collect their prize. At about the same time, participating stores begin distributing a new color playing card for the following week's game.

It is not necessary to make any purchase or even pass through a checkout lane when picking up Newspaper Bingo playing cards from the participating stores.

A list of the winning numbers is displayed weekly in the lobby of The Times in addition to being published in the special Newspaper Bingo advertising which appears weekly in the newspaper.

Newspaper Bingo is absolutely free. You may play as many cards as you wish. (Although this is an extreme, one of this week's winners said she was playing about 80 cards. Another winner was playing only two.)

Each week, The Times puts up \$100 in cash for Newspaper Bingo. Winners are also competing for an all-expense trip to Florida.

## Accordianist Donald Hulme Plans Busy Schedule Throughout Nation

One of the busiest and most famous traveling young musicians today is Donald Hulme of Belleville, who is described as the world's youngest accordion champion.

Now on a national tour with Paul Lavalle and his Cities Service Band, Hulme recently returned from a Caribbean cruise engagement on the SS. Staten

Accordian Association of Greater Washington, D.C., May 16. June through August, the young accordion virtuoso will star at leading supper clubs and hotels in Sweden. In September, he will embark on an eight-month school assembly tour doing a one-man show in high schools and colleges throughout the north-eastern states.

Hulme, three times United States accordion champion, captured the world title in Italy at the age of 21.

## PLACES TO DINE

# San Fillipo, Debrowski Lead Teamates Against Orange In 12-3 Win

## Bellboys Now 3-0 In Big Ten Group Battle For Champ

Rich. San Fillipo and George Debrowski, Belleville's veteran Keystone duo erupted at the plate last week to add another asset to the defense minded Bellboys' tricks. Using their new found scoring punch to good advantage, Nick Pettit's Blue and Gold nine routed Orange 12-3 and moved into a two way tie with neighboring rival Nutley for first place in the Big Ten Conference.

Going into the game, five teams had been tied for the league honors, but several ties, which count in the standings this year thinned the field. The defending champion Bellboys are now 2-0 in the Conference.

San Fillipo, who is returning to the shortstop berth he held as a sophomore was hitting a respectable 2 for 6 before the official at bats while scoring two singles and a triple in three contests. He came with a perfect day at the plate, notching three runs and being hit by a pitch.

This potency brought to life All-County second baseman Debrowski, who racked a base clearing triple in the decisive six run third inning and also singled enroute to a four RBI (runs batted in) day.

Picking up a run in the second round on singles by juniors Charley Cuomo and Jim Serritella along with an outfield error, the Bellboys fell back into a tie in the top of the next round when the Tornadoes managed three singles off of Bellboy starter Rich Pucciarello.

Then came the onslaught. It started innocently when Sam Calabria reached an error, and Tornado pitcher John Mohs hit San Fillipo and walked Frank Mineo to load the bases. Debrowski then unloaded his drive to right center to make it 4-1. An infield out by Pucciarello scored the Bellboy slugger before two more runs scored on a throwing error.

Pucciarello then hurled another round before returning with an 8-1 lead and five hits. Senior off speed man Bruce Sincos then ran into control trouble, walking the bases full and had to be bailed out by lefty relief ace Mike Welsh, who went the final round in one-hit style.

An amusing sidelight developed in the sixth inning after Calabria had walked and San Fillipo had tripled. At the point Mineo beat out a roller to short only to have Tornado Lon Gregory fire the ball over the head of first baseman DeVincento. Not knowing if the ball was in play, DeVincento raced after the ball as Mineo took off around the bases.

Reaching the errant throw, DeVincento, who is already established as a colorful character with his base running antics, picked up the ball and fired it to third only to have it bounce off the nearby football score board.

Still trying, the big first socker hurled again this time toward home, only to have the ball — believe it or not — hit the narrow flag pole and rebound to-

ward the outfield.

At this point, DeVincento gave in and came slamming across the field complaining all the way. Slamming his glove down, he made it all the way to the third base foul line and might have gone all the way if it hadn't been discovered that the ball was out of play and Mineo was going back to second. So it went.

## Here's One Belleville Boy Who Made Good!

## Varsity Crew Is Ready For Season On The Hudson

BY DANNY GROSSMAN  
The Belleville High Varsity crew looks in fairly good shape

ward the outfield.

after three weeks of rowing practice. In those three weeks of practice, the Bellboys have rowed almost 175 miles, quite a respectable log for a high school crew. Newark Bay has been seeing a lot of our oarsmen in the "Queen Bee," the new (10 year-old) varsity shell. The "Bellboy," JV shell is about 15 years old. Ours is a high stroking, smooth water crew which could go places if injuries do not continue to plague it.

The big weakness of the crew is injuries. Bob Depass and Mike Mozeika will not be rowing until April 15 and not rowing respectively. Varsity stalwarts Stroke Frank Simeone and co-captain John Ciampi have also been injured and it is doubtful as to whether or not they will row in

the first race, which will be held today on the Hudson River at Poughkeepsie, N.Y.

Kurt Betchick has been handling the stroking duties. The other seats (at this writing) are taken up by what is basically a young group.

Only seniors are Betchick, co-captain-coxswain George Lupinacci, Fred Burbank, Pete Vasquez, and either Paul Calabro or Jim Cancelosi. The other four seats are occupied by juniors

Bob Andrews, Walt Beresford, Frank Esposito, and sophomore Jim Bernaducci. Burbank and Lupinacci are the only returning letterman, along with Simeone and Ciampi.

The BHS crew is used to the calm (although far from beautiful) waters of the Passaic River,

and may have trouble at Poughkeepsie, since the Hudson is very much rougher than our good-old Passaic.

## JV's Lose First Game After Winning Streak

Tom Iannella, a fast-balling right hander from Irvington has started the Junior Varsity's drive to better last year's JV mark of 15-3 by handing Charley Travers Junior Bellboys a 1-0 set back. The loss came after three straight wins including a 3-1 effort with Orange.

Iannella struck out 12 Bellboys in their first failure while allowing just two hits; those to Tony Cerdasio and Don Boyce. Andy Ippolito hurled a five-hitter in the losing cause, Saturday.

Earlier in the week, Rich Del Guercio and Joel Pisano had to three hit Orange while Bob the attack.

Irvington.

**DEPTH AVAILABLE:** Sal Taibi (2-0) has provided strong pitching in his two outings, striking out 17 batters and walking only one in 10 2/3 innings. As the weather warms, Taibi should be a Big Ten dominator. Rich Pucciarello (1-0) also looked strong in his one outing, hurling four scoreless rounds.

The surprise of the depth laden staff has been junior southpaw Mike Welsh, who is yet unscored upon in three relief appearances totaling seven innings. His development is a big asset to the Bellboys.

**SHOWDOWN LOOMING:** Meanwhile in neighboring Nutley, the Maroon are enjoying much the same success as the Bellboys. Boasting a veteran team and an over-publicized hurler in Ken Inglis, the Raiders are currently tied for first in the Big Ten with the local entry.

With an unchallenging early schedule ahead of their momentum streak, Nutley could remain there for a while, setting up a showdown battle for April 26. At that time with the league season seven games old, the Marauders will visit Belleville, all eyes will be on this outing.

Until then both teams will have to keep taking things a game at a time. The way the Bellboys are playing that can be mighty painful for the opposition.

## Milk Consumption Here Above Nation's Average

Above Nation's average

Consumption of Class I milk for family table use in Northern New Jersey is 25 percent above the national average, according to a study of milk consumption in the state by a well known milk authority.

Pete Sandfort of Garden State Farms reports that Class I milk utilization was 724,392,000 pounds, or 82.5 percent of the total production of 878,247,000 pounds in Northern New Jersey. This is in contrast to the national average of 2 percent Class I usage in 1964.

## Petroleum Big Business For N.J. Residents

Petroleum refining has been a vital current in the stream of New Jersey's economy for nearly a century and is one of the State's major growth industries. According to statistics issued

today by the New Jersey Department of Conservation and Economic Development, the combined annual payrolls of refineries throughout the State total approximately \$48 million with employment of about 5,800 persons.

## City's Garden Museum Now Open for Season

The Newark Museum Garden has opened for the season. Popular with the public, especially officeworkers who visit it on their lunch hour, the Museum Garden will be open Mondays through Saturdays from 12 noon to 5:15 p.m. and Sundays and holidays from 2 to 5:45 p.m.

The Old Stone Schoolhouse, built in 1784 and moved to the Museum Garden in 1938, was opened at the same time. The Schoolhouse contains furnishings and equipment representative of the early 19th century, including a dunce's stool and hornbooks.

## Tri-Town Tours Newark Airport

Members of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley, will tour Newark Airport Thursday, April 14 at 7 p.m. to see from behind-the-scenes how the air terminal operates. Joseph M. Calahan of The Port of New York Authority will conduct the inspection.

Among the buildings which the group will see are the Passenger Terminal, the new ultra-modern Control Tower and the Air Cargo Center.

During 1965 Newark Airport served 4,887,000 passengers, and handled almost 99,000 tons of air cargo. The airport provided employment for 5,093 persons with an estimated \$43,000,000 payroll. By the end of the year the Port Authority had invested approximately \$60,851,000 in the facility since assuming responsibility for its development and operation in 1948 under a lease with the City of Newark.

## NEIGHBORHOOD NEWS

**Visit Las Vegas**  
Mr. and Mrs. R. Jack Watts of 180 Birchwood Drive, have just returned from a trip to Las Vegas, where they stayed at the Flamingo for a week. The flight to Las Vegas was in celebration of their 37th wedding anniversary which was April 13. Congratulations!

It's nice to know that Mrs. Joseph Wolff of 6 Center Street is home from St. Michael's Hospital and well on the way to recovery from a recent operation. Her family just couldn't do without her!

**Winning Bowlers**  
It was a very profitable evening for Mrs. Frank Verian, Jr. of 57 Smallwood Avenue and Robert Mallack of 37 Fairway Avenue when they entered the Kings and Queens Bowling Tournament. Both entered as substitutes and both came home with trophies as well as cash prizes when they became winners for the high series — Pat for the women and Bob for the men. Terrific!

Congratulations to Mr. and Mrs. Ralph Cueman of DeWitt Avenue upon their 18th wedding anniversary on April 3. They spent the day at the shore with their two sons, Robert, a student at Essex Catholic and Harry, a seventh

grader at St. Peter's.

**Show Off Tan**  
Mr. and Mrs. Gerald Bianchi of 22 Mertz Avenue have just returned from a weeks vacation in San Juan, Puerto Rico, where they stayed at the Holiday Inn. Rose, who has been recuperating from an operation, came home from San Juan with a beautiful tan and looking wonderful.

"Dude," a beautiful, smoky grey, seven month old Weimaraner, owned by Frank Bianchi of 13 Maier Street, won second prize in his first show for puppies held on Saturday, March 26 in Brick Township. On Sunday, March 27, he won the Blue Ribbon at the show held in the Teaneck Armory. Congratulations!

**Gone Fishin'**  
Sam Panasky of 21 Mertz Avenue and Don Tuchman of 219 New Street opened the New York State Fishing Season on Easter Sunday. Their "lucky fishing hole" is located in the Harriman State Park.

Friends will be glad to hear that former Belleville, Mrs. Ralph Palumbo, now of Passaic Avenue, Nutley, is home from St. Michael's Hospital and recovering nicely.

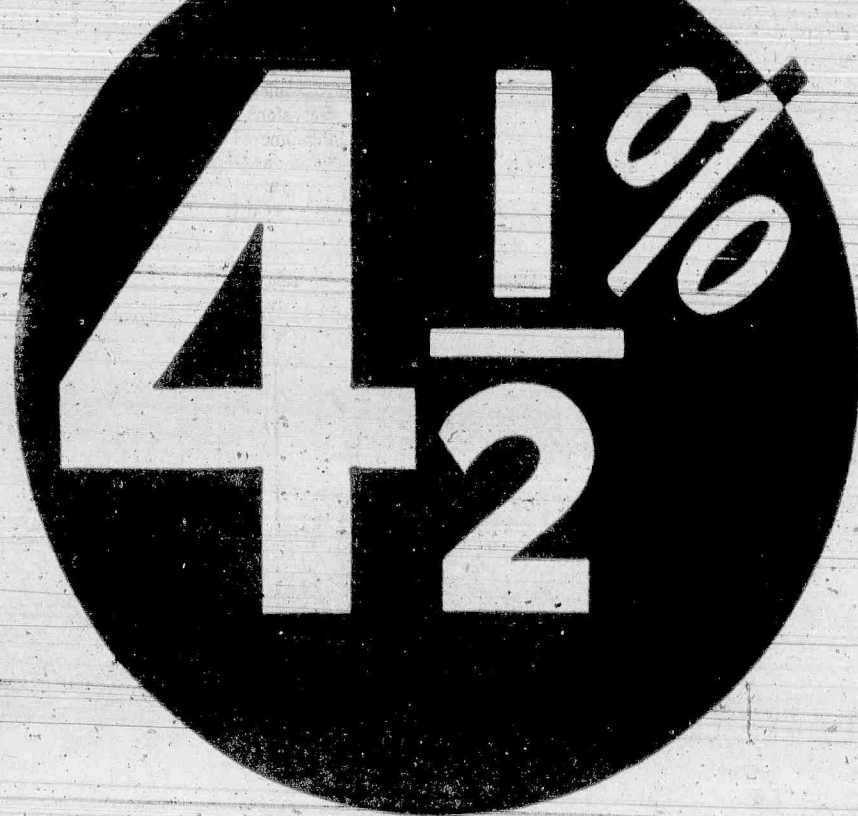

**Enlists in Air Force**  
Congratulations to Dennis Greaves of Carolyn Road. Dennis enlisted in the U.S. Air Force and will leave on April 29 for his basic training in Texas. Dennis who is a graduate of Bloomfield Technical High School will attend Electronics School in Mississippi after completing basic training. He was also a drummer with a Belleville band called "The Marvels." Good luck to you!

Mr. and Mrs. Joseph Janiec of Washington Avenue with their two daughters, Marilyn and Kathleen, enjoyed a family dinner at home, followed by attending Radio City Music Hall to see The Glory of Easter and taking in the ice flower displays in New York City.

**Easter Dinner**  
Town Manager and Mrs. Rod Burnett entertained at home on Easter Sunday. Joining them for dinner was their son Michael and his date Miss Dianne Flood, also Mrs. Burnett's mother, Mrs. Mae Harlow of Newark. They all had a very festive dinner and dessert including colored eggs.

Louis and Ann Siderman have returned from an extensive stay in Tucson, Arizona, which they enjoyed very much.

# BHS Leads Unbeaten 4 In Big Ten With 12-1 Win Over Irvington

Steve Choren

## Sideline Byline

### Two-Run Homer By Debrowski Leads Teammates To Win

Continuing their slugging antics, the Bellboys ripped through their third foe of the week Saturday by routing Irvington, 12-1 in their most impressive performance to date. While annexing win number five, the hometown squad launched a 13 hit attack and received a combined three-hit mound effort.

Nick Petti's well-balanced Bellboys never left any doubt in this contest as they rolled to a 12-1 lead before the Campdowners could manage their only tally from Art Sheridan, Belleville's pitching ace, and then erupted for five more runs in the sixth inning to tie it. Six extra base knocks including two doubles by the Big Ten Conference hottest hitter Rich San Filippo, a triple by Charley Cuomo and the season's first Belleville home run by George Debrowski highlighted the contest.

In winning his second straight outing, Sheridan didn't have his usual pinpoint control and went to 3.2 on a half dozen battles in his six innings. The Bellboy righty did manage to befuddle the Campers though, as he allowed just one unearned tally and two hits in lowering his ERA to an eye opening 0.47 after 15 innings.

#### Sheridan Back

With duty during the week in view, Sheridan returned after six rounds in favor of lefty reliever Mike Welsh, who further enhanced his standing with three more shut-outs on only one hit, the seven inning was mop up work.

Meanwhile, San Filippo walked in the first inning and doubled in the third to extend his batting streak to 6 for 6 over three games and his on base string to nine straight successes. In the fifth, "Flip" was retired via a roller to second as he failed to make a safety for the first time in ten tries. Later in the game another double and walk made the string 12 for 13 as the junior veteran's batting average climbed to .643.

BOYCE AT BAT: All ready for that hot horseshoe, Don Boyce, a JV seems to be looking over that baseball about waist high, and, sad to report, he fanned. But nevertheless he helped the Bellboy JV's win their game Saturday afternoon at the Stadium. (Photo by ADAMS)

joined the hitters clique as his average climbed to .555. Dave Rothwell, Frank Mineo, and Cuomo also had outstanding days at the plate.

What proved to be the winning rally came to break a scoreless tie in the third round. Sheridan started the inning with an infield safety. Rothwell then hit a low liner to right, the ball skipping past the fielder as Sheridan scored. An out later, San Filippo's first two bagger delivered Rothwell.

Later in the outing the Blue and Gold managed their second five run inning of the season while pounding two hurlers. Tom Krill had replaced Irvington starter Andy Milewski to start the round. Krill proceeded to walk Cuomo on a 3-2 pitch, he was greatest on a single by Serritella. After an out, Rothwell drew a 3-2 pass to fill the socks.

Outplayed Ridded of his lefty adversary, southpaw swinging Sam Calabria

then delivered a single for two runs. San Filippo's second double hit shot right to the third socker to slow the rally.

And so it went as the Bellboys combined light pitching and slugging to out-play yet another foe.

Plump John Rhodes then took the hill and was treated with a two-run double by Mineo. Debrowski then lived a wicked hard hit shot right to the third socker to slow the rally.

### Cpl. Tom Kimball Belleville Man Is Now In Cuba

Marine Lance Corporal Thomas J. Kimball, son of Mr. and Mrs. Joseph A. Kimball of 312 Washington Ave., is a member of the ground defense force at Guantanamo Bay, Cuba.

He is a member of the 2nd Battalion, 8th Marines, an infantry regiment of the 2nd Marine Division, homebased at Camp Lejeune, N.C. The battalion is about halfway through a four-month deployment to "Gitmo."

In addition to manning defense positions around the Naval Station fenceline, he participated in infantry training and weapons firing exercises.

#### Sibilia Honored

A testimonial dinner was held March 20 at St. Anthony's Parish for Thomas Sibilia, 51, of 153 Willard Ave., Bloomfield in recognition of his 20-years service to Scouting.

Over 25 parents and children attended the event held in the Blue Room at 6 p.m. Father T. Menegus praised the Scoutmaster for his work with the town's youth.

#### Get Those X-Rays Warns Health Man

Russell F. Hopkins of Belleville Representative Director for Essex County on the New Jersey TB and Health Association, calls the attention of all citizens of Belleville the necessity of a periodic medical examination, including a chest x-ray in view of the recent increase of T.B.

Belleville residents travel to work and shop in areas where this disease is on the increase in New Jersey.

Newark, Jersey City, Trenton are the trouble spots where it is passing on to residents in the surrounding suburbs, said Hopkins.

Pastor Ten Hoeve Preaches Farewell Sermon on May 1

The Rev. Thomas Ten Hoeve, pastor of the historic Dutch Reformed Church in Belleville announced to his congregation at the annual congregational meeting in January that he would retire from the active ministry April 30. At the recent meeting of the Classes of Newark it was resolved to dissolve the pastoral relationship of the minister and congregation effective on that date. He will preach his farewell sermon on May 1.

REV. THOMAS TEN HOEVE

Pastor Ten Hoeve has served churches in his denomination for 38 years. He had been minister of the Belleville church for the past 7½ years. Prior to that he was in Ridgefield, Brooklyn, and Rocky Hill.

He is a graduate of Hope College, New Brunswick Theological Seminary and did graduate work at Princeton Theological Seminary and New York University. In his denomination he has served as a member on the committee on the revision of the Constitution, on the Alliance of Reformed Churches Holding the Presbyterian System. For some years he was on the Board of Superintendents of the New Brunswick Theological Seminary. He was president of the Classes — Brooklyn, Palisades, Metropolitan New Jersey and Newark. When in Brooklyn he was very active with the Brooklyn Federation of Churches. During the World War he was a member of the board in Brooklyn of the Office of Price Administration. The Pastor served as charter chaplain of the Ridgefield Rotary Club.

## An Indian Sign On Pessimism

Once the bandwagon starts to roll ex-public officials who were "exiled" by the public for lack of accomplishment, come running out of the underbrush hoping to climb aboard.

An ex-mayor who runs a small political sheet (which he fills with self-praise) now modestly yelps that it was HE and not Mayor Nuncio R. Pico who thought up the idea of a parking authority.

He detailed his efforts last week, claiming all sorts of "firsts" but, like all good little politicians, he carefully neglected to mention that his poorly-laid plans laid an egg. And he didn't explain why, either.

Nevertheless, he attacked Mayor Pico's efforts, crying piteously that someone will have to pay. That a bond issue will fail. That councilmen and the Town Manager are shirking their duties when they appoint an authority (he only called a meeting), and that — well, you get the idea.

It was just such negative thinking that made him a has-been. It also accounts for

the reason why we still have no parking area.

Committees and authorities are both legitimate offsprings of government who are legally appointed by busy administrators who cannot possibly handle all the details any more than a general can supervise KP's in an army kitchen. They study and make recommendations, which the council can either accept or reject. It is a good thing. It is a wise thing.

And if detractors of Mayor Pico and his friends haven't learned the value of delegating authority, it is high time they did.

There's an election on the horizon and one of our "councilmen" tries to use this as a block to community progress. But Mayor Pico is on the right track and — with the help of thoughtful voters — we may yet acquire badly needed parking facilities here.

That is, if we can rid ourselves of these termites in our community structure who constantly cry Doom. G.F.A.

## The Sound And Fury

For the next month our readers will be bombarded by words of praise, condemnation, and invective by eager candidates running for a seat on the town council. Therefore we warn our readers not to become unduly alarmed as long as a dose of salt is handy.

What we're getting at is this: The Times neither pushes or pulls any of the candidates at this point. If we do back anyone, it will be through these columns on the editorial page.

Therefore any high praise or low condemnation you read herein will have been written by the candidates or their campaign managers. Don't attribute this flowery language to Times newsmen. It's a bit of leeway we allow our candidates, as long as they don't libel anyone.

A word of caution. During the Board of Education election there was some last minute bit of hanky-panky which was distributed by handbills on election eve — when it was too late for voters to check out the malicious charges for themselves.

So be warned, anything being handed out on election eve is probably crooked and our voters would be wise to treat the information as the trash it is. G.F.A.

## Where Has Reason Fled?

Doesn't anyone get mad any more? Are we becoming so blasé and sophisticated that things don't bother us? Is political and economic brainwashing taking over our intellect and blurring our normal instinct for justice?

One time, in the not too distant past, the public would have been aroused to a frenzied pitch over the present case of the Board of Education Vs. teacher and track coach Ronald Kulik. An overwhelming outburst of justifiable, indignant rage would have descended upon the Board, demanding — not asking — why fair play and decency was being ignored in this abominable situation.

Only a handful of citizens have openly come to grips with the Board in support

of Mr. KULIK, although it is believed he has the passive backing of most of Belleville's citizenry.

If the Board has evidence to substantiate its persistence in denying Mr. Kulik a contract, it should say so. This is not some animal under a microscope for impersonal vivisection. Mr. Kulik is a human being, whose entire future, career and ability to earn a livelihood for his family is standing in jeopardy.

Unless the Board can produce more than it has to date, Mr. Kulik should — no, he MUST — be the recipient of fair play and justice.

Doesn't ANYONE get mad anymore? W.A.K.

## Spotlight, Please, For Mr. Knuppel

One searches the record in vain for some indication to substantiate the euphoric (look it up) passages and extravagant claims to public service by enthusiastic town leaders, but right before your very eyes is one such individual whose weekly contribution to student welfare can have no serious detractors.

He's Herman Knuppel, Guidance director at Belleville High School who has been filling a column on educational matters for the past six months — and doing an excellent job, too.

Each week Guidance Notes, under Knuppel's by-line, has been providing students and the general public with many tidbits of handy information that might otherwise go un-noticed. He is fundamentally a good, big hearted fellow with the welfare of the trusting student body his primary concern.

So this week we doff the editorial hat to Mr. Herman Knuppel, one of the many teachers who shape the destiny of our students. G.F.A.

## Men Or Measures?

And how's the fight going on other Board of Education battlefronts? Well, the State Department of Education is hearing alleged charges of impropriety and misconduct in office against Dr. Frank M. Durkee. There is a reserved decision on two points.

The board has been trying to have the Town Council's budget cut overruled, but a Newark judge says they have no grounds.

Meanwhile another coach, Thomas Testa is slated for the axe. As one of our BHS students said rather sadly "It seems as if there's no room for an 'aver-

age' teacher on what's becoming a below-average school."

And the board, pleading poverty on the one hand, and adding to the payroll with the other, now has THREE attorneys holding the fort. All are being paid by town taxpayers. Max N. Schwartz, God bless him, is recuperating from a heat condition. His return to board business is problematical.

If all boils down to a simple fact: It's a costly matter to uphold the Board's questionable decisions and stubborn pride. Hmmm? G.F.A.

## What, Again?

One of our un-illustrious councilmen, who in four years of office has demonstrated a remarkable facility for churning out one point after another — none of them more than tepidly sized — now calls for an "investigation" of the Police Department. And why?

Last week a drunk climbed into a well-marked police car which had been parked behind police headquarters, turned on the switch and drove off. Nutley cops nabbed him a few hours later sleeping it off. It was one of those one-in-a-million esca-

pades a drunk is liable to indulge in while in his cups.

It is so unlikely that it could have happened, or will ever happen again, that it can be discounted. But not to our little councilman who tries to bring additional notoriety to the town by asking for an investigation in one of the state's largest newspapers.

What's to investigate?

One reason, of course, is that he is trying to get elected again. That's enough for an "investigation" right there. G.F.A.

## LETTERS TO THE EDITOR

### Mr. Saletta Explains His Action On Kulik

To the Editor: I would like to straighten a few things out — First of all with some of your comments (if that is possible), and secondly, to give some facts to some misinformed citizens for whom you've so graciously allotted more space than you usually do for far more important items of interest for our community.

I was told by the former editor of this newspaper that he would not print any letters to the editor unless they were signed. Yet, you were kind enough to give space to some citizens who follow your small, narrow, warped sense of journalism.

So to the person who signed his or her letter about Mr. Kulik, "a good citizen of America and a resident of Belleville," all I say in answer to one of your questions about where are our dedicated teachers to let this happen? Well, perhaps the reason they haven't come out to take a stand behind Mr. Kulik is because they are truly dedicated teachers.

Surprisingly, we still do have many good dedicated teachers in our school even though citizens like yourself: "The irate mother", and this local paper doesn't enhance this situation much.

Now Mr. Editor, in your article on Mr. Kulik in the March 31, 1966 Edition, you quoted me as saying "That students were poor judges of character and in no position to evaluate anyone, least of all Mr. Kulik". Perhaps Mr. Editor you should bring along a secretary who can take verbatim notes and not write what you feel or thought, I said. Maybe you'd like to listen to the tape recording of the meeting — on second thought, I doubt it because you wouldn't want to find out that you were wrong.

Getting back to the Kulik situation for which your newspaper (?) has found more than sufficient space, I'd like to give some facts. A teacher attains tenure after he or she has taught in an individual school system for three consecutive years. Mr. Kulik graduated Montclair State College in June 1960. He could not obtain a teaching position through September and October of that year. He filed an application to teach in Belleville in October of 1960 and was not considered. However, Montclair State did get him a replacement teaching position in Middlesex County in November 1960 to June 1961.

In September 1961, Mr. Kulik taught in the fifth grade in Nutley and remained there until June of 1963. Again in July 1963, Mr. Kulik was interviewed for a position in Belleville and again was not given a position and only substituted for three days in our school system. In October 1963, Mr. Kulik took an elementary school position in Livingston. For reasons best known to him, no contract was offered him the following year. In the spring of 1966, Mr. Kulik was again interviewed for a position in Belleville and this time was granted a position and started teaching in September 1964.

By the way Mr. Editor, for your information, you will note Mr. Kulik didn't teach secondary education in either Nutley or Livingston which were prior to coming to Belleville. You should also note that Mr. Kulik was never a track coach in any school prior to coming to Belleville. Regardless of how much money he would have been making if he remained in Livingston, the fact still remains that our superintendent wrote on Mr. Kulik's application that he was to receive \$400 for two years track experience. Now I don't care how you or the other misinformed citizens twist or turn the figures, the fact still remains that he was paid \$400 for performing a job he never before held.

I'm not trying to take away from the splendid job he has done (coaching) but I can't condone the misrepresentation he gives to our citizens that he is coaching for free.

The question does arise in my mind — as it should in yours — "Why did Mr. Kulik feel that it was essential to have a letter from our superintendent stating he was not receiving any pay for coaching, so as to protect his amateur status, only as he felt the two steps on the guide of \$400 given him was actually salary for coaching?"

Mr. Kulik has also very conveniently neglected to say that he has also had some problems in our school system of which he has been apprised of by our administrators. Teaching ability is not the only criteria for evaluating our teachers. There are other factors and perhaps this is where his shortcomings are.

By the way Mr. Editor, I'd also like to say just as a point of information, did Mr. Kulik tell anyone that on November 3, 1965, while in the employment of the Belleville school system, he took part in a picketing demonstration in Livingston while Mr. James Farmer of "CORE" was speaking at Livingston High School?

These are the true, upon which my considerations were made. Anyone's observation of this man's employment record reflecting an inability to retain employment in several school districts can only lead to one basic conclusion.

His misrepresentations of facts leave much to be desired for one who is entrusted with the responsibility to motivate leadership, fair play, and above all integrity in our children.

And now, Mr. Editor, I challenge you to dispute the veracity of the facts I stated above.

ROCCO H. SALETTA  
Vice President  
Belleville

(Challenge accepted. One thing at a time. What our predecessor had to say about editorial policy doesn't concern us. Our circulation has increased by leaps and bounds since Mr. Adams took over. He must be doing something right, right?)

Perhaps our "dedicated teachers" are fearful of Board reprisal as happened with several letter writers — and the board has not denied this sinister fact.

If Mr. Saletta didn't say students were poor judges of character and unfit to judge any-

#### BECK'S COLUMN

By MAX BECK

There is a new awareness on the part of consumers, triggered by a much publicized announcement by General Motors. You may have read that they recall 1,500,000 Chevrolet cars to correct a faulty throttle.

President Johnson declared recently: A new and progressive program is needed if we are to protect the American Consumer's rights in the marketplace — his right to be informed, to choose, to be protected from unsafe products and to be heard in the councils of Government.

There is no doubt about it, too much merchandise of all kinds has reached the market place that never should have. Cars with defects, drugs with harmful side effects, food stuff with too many chemicals, improperly designed washing machines and other appliances, etc., etc.

We had a prime example of this in the electronics industry just recently. All of a sudden last fall the demand for color TV sets became so great that the factories could not nearly satisfy the need. Quality control went completely to pieces. Sets and particularly picture tubes reached the market that were so poor that they never should have been sold. Under the pressure of the great demand, anything went. We refused to sell this kind of merchandise. In one case sets which we refused were taken to other dealers who sold them.

Our customers will never be stuck with a defective piece of merchandise. We carefully select what we want to sell and we check and adjust every set before it leaves the store. This is absolutely necessary with color TV's more so than with black and white sets.

We also have 50 adjustments to be made on a color set. It takes only one of these to throw a set off. The result is poor performance. The pictures are all green or purple or any color of the rainbow. This does not have to be, if a set is properly adjusted.

We service what we sell. Beck's Radio TV Hi Fi Nutley 667-2275

one, what DID you say? Our readers, some of whom were present, will dispute this statement. What did you say, Mr. Saletta?

This "tenure" bit, what does it have to do with why Mr. Kulik was not re-appointed? No one said he did have tenure.

For a teacher who has never been a coach, don't you think this indicates a superior ability in something? Did the letters have no effect on you, who are supposed to improve the educational system here?

On the agenda the sole item under discussion was the matter of re-appointing Kulik as a coach. Now the Board — and you, Mr. Saletta — finds itself in the sad position of trying to justify this unwarranted action.

Whether or not Kulik was overpaid is a matter for Dr. Frank M. Durkee to explain. It's too bad our Board members rubber stamp anything placed before them without investigation. The Board approved the payments. You are on the Board. So who's to blame? You are, Mr. Saletta.

Why was it "essential" for Kulik to have a letter from the Superintendent? Simple. It's a standard business practice; and in this case a wise decision in view of the Board's attack. What if he hadn't a letter clearing him on this matter? I'm sure the Board would have used it to the utmost. And the letter DOES clear him, Mr. Saletta.

If you are accusing Mr. Kulik of criminal action in taking school system funds, why don't you say so? But we suspect you'll pull in your horns in this matter.

So Mr. Kulik has "some problems" in the school system?

This seems to be the usual vague charges with characterize Board action. What "troubles" did he have that were so terrible? Unmentionable, Hmmm?

By the way, Mr. Saletta, did

ever tell you this is a free country and that Americans are allowed to picket for or against anything they care to? If you'll recall, some of our "dedicated" teachers struck against the board recently. They must have been wrong, though, eh? They were not paid for that unauthorized absence by the board.

Since you place such reliance on the negative side of this sad story brought about by the Board of Education, have you considered the positive side brought out by nearly 400 residents who signed that petition? In the face of all this misinformed public opinion, it seems that everyone's wrong but the Board of Education.

But frankly, Rocce, we think you're dead wrong. Editor)

### Will Forte Be Any Better Than Kulik?

To The Editor:

The Belleville Board of Education has announced that Mr. Ronald Kulik will not be reappointed as track coach of Belleville because they say he has only been a fair teacher and has not shown good judgement all the time.

How many Belleville teachers are perfect and never make any mistakes? Everyone is entitled to a few mistakes in their lifetime.

As a track coach, I believe as a person who honors Mr. Kulik and has been on the track team that he is one of the best coaches that Belleville can find. He is a candidate for an Olympic berth in walking and has proven his ability as a coach. Belleville has had one of their best seasons in track and cross country with him as their coach. Belleville has named Pat Forte as head coach of track to replace Mr. Kulik.

Do they believe he will be able to do a better job?

### Mayor Declares End To Town Water Emergency

In a brief proclamation last Monday Mayor Nuncio R. Pico declared an end to the water emergency in Belleville. But at the same time councilmen warned the public against too heavy usage of water, which had been in shortly supply over the past summer.

The councilmen unanimously concurred with a similar proclamation made by Gov. Richard J. Hughes, which ended the drought in Northern New Jersey.

## James R. Doe, USN, Serving In Caribbean

Communications Technician Third Class James R. Doe, USN, son of Mr. and Mrs. Ellsworth S. Doe of 53 Berkeley Ave., Belleville, is in Norfolk, Va., aboard the technical research ship USS Georgetown, after completing a three month research cruise to the Caribbean Sea and Equatorial Pacific Ocean earlier this month.

Georgetown is scheduled to deploy to the Caribbean in mid-May for another three months of electronics research operations.

This research will include testing CMR, or Communications - Moon Relay. This new concept in communications involves using a highly directional radio beam aimed at and bounced from the moon by a 16 foot parabolic antenna.

At the monthly meeting, March 16, the members of the Traffic Guard Association elected new officers. The Committee is Mrs. Joan White, Mrs. Edith Marshall, John Rehg and John Stillgear. The Secretary is Mrs. Gertrude Corner and the Treasurer is Mrs. Margaret Dolan. Congratulations.

# Westpy Calls Golden Opportunist In Broad Attacks On His Policies

Statement By Councilman  
ROBERT E. WESTPY

At the last meeting, I asked Councilman Golden to explain what he meant by his proposal that the Town acquire the Edison property on Belmont Avenue for recreation purposes. I questioned his sincerity because he has consistently opposed many Town improvements.

The proposal he now makes appears to be a deliberate attempt to deceive the people of Silver Lake, particularly when he says in his political release to the newspaper that the town should "immediately undertake negotiations to acquire the property at token cost, raze the building and convert the area into a massive recreation playground."

The property Mr. Golden refers to is assessed as two separate parcels — the first one in the name of the Electric Storage Battery Company containing 9.63 acres and assessed for \$651,400. The second parcel, assessed to McGraw-Edison Company contains 2.96 acres and is assessed at \$740,000.

Only two-thirds of the property owned by these companies is located in Belleville. The rear of Electric Storage Battery property contains 4.3 acres in Bloomfield and the rear of the McGraw-Edison property contains 2.25 acres in Bloomfield — the Bloomfield

property would be land-locked without the Belmont Avenue frontage.

Obviously, Belleville would have to buy the entire property which would add, using assessment valuations only, \$97,500 to the value of the Electric Storage Battery property and \$190,400 to the McGraw Edison valuation — which means that the total assessed valuations of the property Mr. Golden refers to would be \$1,679,700.

That isn't all. The Essex County Tax Board is insisting that our property valuations are too low in that we only assess at 80 percent of true valuation. Bloomfield assessed at 92 percent of true value. This would establish a true value of the Storage Battery Company at \$921,000 and the McGraw-Edison property at \$994,500.

Either way, Mr. Golden is referring to approximately a million dollars of true value for either of the properties and almost two million dollars in true valuation if he wants them both. From his publicity release, he obviously does because he says "convert the area into a massive recreation playground."

Of course Mr. Golden leaves himself an out by stating we should acquire this \$2 million dollars worth of property by a "token payment." I want Mr. Golden to tell the Council and

the taxpayers what he means by "token payment."

What right has he to assume that these giant corporations will give us this property for a token payment? If this improbable gift should come to pass, why is he now willing to eliminate \$1,391,800 of our ratables for this proposal when he so violently objected to the elimination of less than \$80,000 in ratables when the Jergens Company offered us three acres of land for public purposes?

Maybe I am wronging Mr. Golden, as he may have changed his entire political philosophy. If he has, then he will have no hesitancy in moving for the purchase of this property, by condemnation if necessary, in order to create this "massive recreation" playground which he wants but told the people he wants but even has come so far as to name as the "Anthony-Pascal Memorial Field."

Move that ordinance Mr. Golden, if you are sincere at the next meeting.

Until you do, I charge you with deliberate misrepresentation and a deliberate attempt to mislead the people.

Finally, if you have abandoned your deliberate policy of obstructionism and realize that the sums involved are too great, both as to high cost and loss of ratables, for this Town to bear, will you

endorse and vote for Mayor Pico's proposed to acquire three acres, which will cost far less than the total package and still give Silver Lake an adequate play field.

## OBITUARIES

### Simon A. Ameling

# Mayor Pico Leads The Council In New Bid For 5-Man Parking Authority

PRO AND CON: Councilman Ralph A. Casale, at left, wholeheartedly endorsed the Mayors proposal and later voted for the Parking Authority. Seated behind Casale is Councilman James R. Golden, who opposed the resolution on grounds it would cost too much, it would usurp council authority, and it would serve no useful purpose. (photo by ADAMS)

## The Need Is 'Imperative', Says Tough Talking Mayor

By MAYOR NUNCIO R. PICO  
Without off-street parking our business areas become stagnant and cannot grow. For years now, trade that rightfully should come to our business sections on Washington Avenue, Union Avenue and Franklin Street has gone elsewhere because of the lack of off-street parking.

### Master Plan Cited

When Urban Planning Associates presented the Comprehensive Master Plan of Belleville in 1961 they said "The Master Plan recommends that adequate off-street parking be provided in all three areas of the community—residential, commercial and industrial." They added: "The establishment of a coordinated parking program over the next 20 years is the only means through which the parking needs of Belleville can be realized. The essential element of such a program would be the creation of a parking authority to work and execute such a program."

There are at least 32 parking authorities in the State of New Jersey—in cities and towns of all sizes.

Without a parking authority in Belleville, I am convinced that we can only continue the sorry spectacle of political do-nothingness of the past. The attempt to do it as a town government function would throw every proposal into a political hassle.

A parking authority with proper appointments will take the entire matter out of politics, make Belleville far more attractive as an area shopping center and start a new era in the commercial life of our town. That we, as a Council, have considered the creation of off-street parking is proved by the six-year Capital Improvement Program.

We allotted \$5,000 as the sum we intend to spend in 1966 and \$50,000 per year beginning in 1967 and continuing through 1971 for the total of \$255,000. It is the belief of this Council that it was a necessary and proper expenditure. We agreed that \$12,750 of this money should be taken from Capital Improvement and \$242,250 be issued in General Bonds.

Yet the record will show that each time the Manager, who first proposed a parking authority in 1963, has brought this up we have failed to reach any agreement for the future of a progressive program of off-street parking under town administration.

Mr. Golden, who has continually ranted and raved against the creation of a Parking Authority

has just as vigorously opposed any Capital Improvement during his term of office. He wouldn't even vote for an automatic sewer cleaning machine and a stump removing device, both of which cost only \$7,000.

He held the purchase of new fire engines up for eight months. He fought the purchase of a new ambulance. He even opposed the replacement of the 8" water line along Belleville Avenue with a 12" main to give proper water pressure and service to the areas west of Garden Avenue, in particular, the Sohio section, the Smallwood Avenue section and the Fairway Avenue section.

It is his kind of politics that has proven that we can never get off-street parking in Belleville on a Town government basis but must have a separate, distinct and autonomous body to give Belleville what it needs.

### Those Bonds

As to the "smoke screen" being raised to the effect that the town governing body delegates to the parking authority the right to issue bonds in the name of the Town of Belleville, he proves he is again seeking to confuse an issue by words—not facts.

The parking authority can issue its own bonds but those bonds must be revenue bond supported by receipts from the project undertaken. Unless—and this is important—a single large project that would require financing above and beyond the ability of the Parking Authority to guarantee, can be endorsed by the Town Council and the bonds guaranteed through town governing body action.

In each case, ordinances would have to be prepared, a public hearing held and the ordinances adopted in full view of the public and in the light of public opinion. The Town would obviously have to advance money to the Parking Authority for the necessary preparation of planning and administrative expense, but if there was any way the Town government could effectuate such a program it too would have to meet such expenses.

To me, the need for a Parking Authority is not only obvious but imperative.

The only thought this Council should have is the appointment of the five citizens who will become the members of the Parking Authority. That they must be of the highest caliber. That there is no political taint to their appointments is vital.

If this ordinance is adopted I will immediately propose that each Councilman submit two, three or more names of people they think qualified for the Parking Authority. I would also suggest that we, as a body, ask for public submission of names, then the Council as a body, would examine the list, consider the persons who in their judgment could do this job in an expert manner without fear, without favor and above all without political alliances. Then make the appointment as a body.

THE OUTLINE: Mayor Nuncio R. Pico illustrates a point with a wave of the hand as he tells councilmen of the imperative need for a parking facility in Belleville. He was backed

by two councilmen and the Chamber of Commerce in his fight for the first positive action towards establishing a Parking Authority. (Photo by ADAMS)

## O'Toole

(Continued From Page 1)

mandatory basis. He expressed his belief that the imposition of the death penalty for the conviction of a seller of narcotics to adults on the third offense, or to children on the first offense, "has had the salutary effect in nearly ridding the Buckeye State of the illegal drug traffic."

Locally, O'Toole and other members of the Belleville Police have carried out an intensive battle against narcotics. This has required much effort. One of the incidental benefits has been to alert police in neighboring municipalities to the fact that they also had a narcotics problem.

### The Pattern

O'Toole became involved with narcotics shortly after his assignment to the Detective Bureau in 1960. At that time, it became apparent that a large proportion of the "breaking and entering" cases were the work of addicts.

O'Toole's first experience was largely with users of "goofballs," technically amphetamines, taken in combination with barbiturates. The injection of heroin directly into an artery is now the choice of addicts.

He pointed out that this process is carried out by a group, and all present must participate or the hold-out will be suspected of being either an undercover officer or an informer. He exhibited the equipment used.

### They're Stuck

In O'Toole's experience most drug users are school drop-outs; almost no students regularly attending school have been implicated.

O'Toole expressed an interest in helping the narcotics user in the first stages, and he described one or two instances when persons, barely missing death from an overdose, were shocked into giving up dependency on narcotics.

In general, however, O'Toole was skeptical about the chance of redemption of the habitual user. He believes that such persons are ruined and have no hope for the future.

The meeting, held at the De Witt Savings and Loan Assn., was chaired by Horace Baldwin, Council vice-chairman.

Board of Education, and feeling as I did that the Council did not have an adequate opportunity in the 10 days allotted to determine the expenditures necessary for adequate education in the Town of Belleville, it was my thought that the citizens of the Town of Belleville would wish to have the budget determined by professional educators employed by the state who are aware of the educational requirements and the costs commensurate thereto."

## O'Toole Advocates The Toughest Penalties For The Dope Peddler

ADDICTION: Det. Hugh O'Toole, who handles the narcotics bureau of the Belleville Police Department, illustrates the ingenious methods addicts use to inject drugs into the bloodstream. He holds an eye-dropper capped with a hypodermic needle which had been taken from a suspect who carried the tin box.

### Detective Feels Rehabilitation Chances Slight

"We don't want to scare anyone," said Det. Hugh J. O'Toole Monday night, "we just want people to be aware of our problem." He was speaking of the narcotics trade which plagues communities throughout the state, and which has seeped into Belleville from nearby Newark.

"Most of our narcotics arrests," he said, "are made against people from outside Belleville."

He credits the effectiveness of the narcotics bureau here on its service training given Belleville police officers as part of their routine training. "They now have a knowledge of narcotics, and how to make arrests," he said.

He teams up with partner Det. Ermi Olivieri in his fight against narcotics.

**Tougher Laws Needed**

The seriousness of the narcotics problem calls for stern measures of suppression, said Detective Hugh J. O'Toole of the Belleville Police Force to the Belleville Community Welfare Council at its April 4 meeting.

O'Toole's recommendation was that New Jersey should follow the practice of Ohio in requiring the most severe penalties on a (Continued From Page 2)

## Parking Authority OK'd Monday; Town Councilmen's 3-2 Approval Was First Action In Twenty Years

### Cullen Calls For Use of Planning Board's Figures

**Mayor Pico Scores Two Councilmen for Delaying An 'Imperative' Need**

For the first time in over 20 years the Town Council, under the patient prodding of Mayor Nuncio R. Pico, took definite steps toward solving the traffic problem in Belleville by approving the 3-2 vote the proposed five-man parking authority Monday night at Town Hall.

In doing so the council scotched at Councilman James R. Golden's estimate of \$200,000 plus developments for the proposed parking area: heard Councilman William H. Cullen ask the council to utilize the result of studies made by the Town Planning Board; and listened as Mayor Pico described the parking problem as being "imperative."

"I'm in favor of it, Mayor," said Councilman Ralph A. Casale.

"Use the Master Plan and get it over with," declared Councilman William H. Cullen.

"It's an ordinance lacking in specifics," said Councilman Golden.

"I've signed my name to it; it's a good ordinance," said Town Attorney Jack Soriano.

"We've done nothing," said Councilman Robert E. Westpy. "To continue to do nothing is not the answer. It's a step forward."

Mayor Pico summed up the situation in a prepared statement.

**Obvious Need**

The need was not only obvious, he declared, but it was "imperative." He reminded Councilmen and the audience that the Master Plan devised by the Town Planning Board (and once killed by Councilman Golden) recommended three possible areas in town which could be made into a parking lot.

They had, he said, proposed a coordinated study over the next 20 years. Without starting toward a solution to the problem, he said, "I can only see political do-nothing action ahead."

Harry French, Executive Secretary of the Chamber of Commerce, told the council that leaving the problem of off-street parking to the governing body has never worked.

He explained that in November of 1943 he had presented the council with a petition bearing some 3,000 signatures asking for a parking lot, but squabbling councilmen had been the death of the petition. Nothing, he declared, had been done since.

**Progress Costs**

He explained that any kind of municipal progress costs money, and that the town has capital funds from which to draw. But Councilman Golden was of the opinion that it would be an impossibility to finance a lot without pledging the credit of the community, and that parking lots were not self-sustaining.

"If the Authority does the job, presumably by the bond issue, the council does not have to pledge the credit of the community," said French. "But what if they did? It's the same money," he declared.

He also said that finding five good citizens in Belleville would not be as difficult a matter to resolve as politically-minded councilmen might think. The Authority would also relieve busy councilmen of one more problem, he said. He doubted, he added, that the present council could get anything done because of pressure used against most proposals (Continued On Page 15)

### Kiwanis Club Plan Photo Contest For Branch Brook Park

**Color Photo Of Cherry Blossoms Will Win Some Resident That \$25 Bond**

The Branch Brook-Belleville Kiwanis club announced a Cherry Blossom Color Photo Contest today to all residents in the Branch Brook area and throughout the town.

Three prizes are being offered by the club, one of the newest in town, for the best 3X5 color photo taken of the cherry blossoms in the park. A \$50 Savings Bond will go to the top winner followed by a \$25 Savings Bond and a \$10 cash prize. Contest dates are April through 30.

Tenatively set for judging the photo contest will be Curator of the Montclair Art Museum, the president of the Belleville Women's Club, and president of the Belleville Chamber of Commerce. Two others may also join the judging staff.

The best five entries will be submitted to the Newark Sunday News for printing in the color section, said Thomas J. Jameson, Jr. President.

Meanwhile tickets went on sale for the Cherry Blossom Pageant scheduled for Sunday, April 24 at 8 p.m. at Belleville High School.

Next week photographs of the entrants will be printed in The Belleville Times. But there is always room for more entries, said hard-working Kiwanians.

## Board Of Education Announces Major Cuts In School Sports, Transportation, Staff

Belleville's school system will have to operate the next fiscal year under restrictions imposed by a severe cutback in educational services, said Board President Ernest S. Arvidson Tuesday afternoon.

Following the substantial parking March 14 by the Town Council — the Council sliced \$286,281 from the School Board's budget — a wide variety of programs will be eliminated or curtailed, according to an announcement by Arvidson.

The budget had twice been rejected by the voters at the polls and the council had sent it back to the school board once. Thus, it was mandatory for the Council to make cuts and send a budget to school officials which the Council felt would be acceptable to the citizens.

**Explanation Due**

A brochure will soon be released by the School Board, explaining the cutbacks. Present plans, Arvidson said, call for the elimination of the following:

— Elimination of the school bus transportation program for students in the elimination or cutting back, according to Arvidson.

A hospitalization program for teachers. The Board had planned to pay for the single subscriber contract and those teachers using the family plan would have made a contribution making up the difference between the two plans. This was eliminated.

School bus transportation will continue to be provided for seventh and eighth graders but 9th graders and high school students living inside a 2½-mile perimeter will have to hoof it to school. About 170 youngsters will have to walk.

Parochial and vocational school students — who presently are reimbursed for transportation costs if they live in town — will have to pay their own way next school year. Nearly 300 students are affected.

Sports programs will be hit, too. Five or six coaching posts — mostly assistant jobs — will be out and four other major sports, football, baseball, basketball and wrestling will be hit. In addition, the intra-mural program will be eliminated and there will be a 20 per cent cut in coaching salaries. The crew gets no new shell and an official wrestling mat does down the drain.

Summer school and adult school programs are out. Neither, said Arvidson, are self-sustaining. In summer school, only courses classified as "enrichment" courses were paid for by students. The adult school expenses include a director, brochures and operating and custodial services, all paid for by the school board.

Instruction specialists in elementary school self-contained classes will be dropped. This includes vocal music, physical education and art, with five teachers involved. Remedial reading and speech specialists along with instrumental music courses will be retained.

Driver education will be hit. Classroom theory will be continued but behind-the-wheel instruction is slated for abandonment. Funds for a teacher cannot be found.

A new guidance teacher, assigned to the junior high school, has been a victim of the retrenchment.

There will be some combination of elementary classes, where enrollment seems necessary. This will probably up a teacher's class load by about 25 per cent.

Teachers not under tenure next year will be absorbed, where feasible, into the system, otherwise they will not be rehired. There would be a requirement to cut back further, but normal attrition is expected to offset this factor.

Additional personnel scheduled for jobs next year — five teachers, two custodians and one maintenance man — have been eliminated. Textbooks and supplies have also been subjected to some slicing.

The teacher salary guide, which called for \$400 to \$1,400 in annual pay increases, will remain intact.

In reply to a question on the possibility of a referendum for more funds, Arvidson said the Board, up to this time, had not given official consideration to a June referendum, which would seek additional operating capital.

### Councilman Cullen Suggests Debate On Council-Manager

(Statement by Candidate)

Over the weekend Councilman William H. Cullen said he seriously questioned the operation of the Council-Manager form of government in Belleville to date.

He indicated that in his opinion all of the Council should meet and discuss the proposals of the Manager in detail before an agenda for a particular meeting was discussed. He stated that it was his belief policy should be formulated by the Council first and that thereafter the Manager should act to implement the policy and stated that if Council-Manager form of government operated in this fashion it could work out to the advantage of the town.

He stated, however, that in his opinion, what Belleville has been subjected to in the past two years was not Council-Manager form of government but Mayor-Manager form of government and that on many occasions ordinances and resolutions had been presented to the Council which had been approved by the majority but had never been called to his attention by all of the councilmen.

Councilman Cullen said further he had been asked why on a number of occasions he had voted in opposition to the majority on a proposition which might have been to the advantage of the town. He said that the answer was fairly obvious, that he could not determine the manner to vote on an issue until he had heard it in full and that on most occasions the issues were put before the Council without giving him full information in advance.

The Councilmen also stated that on the few and inadequate conferences the Council had before adopting the local tax budget he had asked several questions — which still remain unanswered — of the Mayor and his colleagues who voted for the budget. The Councilman stated that he wanted the citizens of Belleville to know that he did not object to any of the salary proposals set forth in the budget, that in fact he felt that the employees of the Town of Belleville were doing an excellent job, but that his objection to the budget was to expenditures which were not explained to him before the vote and which still have not been explained to him to date.

When asked by a constituent why he advocated that the Board of Education budget be determined by the State, Councilman Cullen said, "In view of the fact that the citizens of the Town of Belleville had twice rejected the budget proposed by the local (Continued On Page 2)

## Warren Knight Is Named To Assistant Publisher Post

Warren A. Knight, who served 14 years as public relations director for Public Service Electric & Gas Co., today was named assistant publisher and general manager of The Belleville Times-News, The Nutley Sun and Newark Record.

Knight was welcomed to the organization by Frank A. Orchio, publisher, and a high school classmate of the new administrator. Both Knight and Orchio are 1934 graduates of Nutley High School.

During the past two years, Knight has been vice president and assistant secretary of Eastern Properties Improvement Corp. a realty company with extensive holdings in Venice, Fla., and Mays Landing. He also served as public relations consultant for the Florida Gas Co., Winter Park, Fla.

Knight is no stranger to the Nutley-Belleville-Newark area. He graduated from Ridge Street School in Newark and attended Belleville High School as an underclassman before transferring to Nutley. Knight earned All-State sports editor of The Sun and played football at Nutley High. He is a former manager of Nutley's entry in the Essex County League and played semi-pro baseball in New York, New Jersey and Connecticut.

Prior to joining Public Service Electric & Gas, Knight was editor of The Belleville Times and sports editor of The Sun. (Continued On Page 2)

INTER-CLUB: Making their annual bus trip to neighboring clubs last week were members of the Belleville Kiwanis Club who went to Farmingdale for a dinner meeting and also to collect a pig for their card party for April 13 — which was one of the prizes. From left was Sam Pearl, Arnold Larsen, Lew Bruno, Nicholas S. Juliano, Vincenz Vitti, C. C. C. Vandenawen, Joe Fiorito, Tom McLaughlin, Jim De Jonge, Andy Provence, Frank Di Ruggiero, Rocco Saletta, Jim Dasaro, and Norman Allen. Kneeling is John Zepka.

### BITING SARCASTIC

"It was sarcasm disguised in praising the Nutley Police," said Councilman Ralph A. Casale Monday night after reading of Councilman James R. Golden's call for an investigation because a drunk had stolen a police car. "I believe you betrayed the very confidence you were sworn to uphold," he said of Golden.
