### **RULES AND REGULATIONS**

1. Bingo numbers will be printed weekly in this Newspaper and posted each week at the Newspaper Office. There will be one game each week.
2. The game is cover-all which means that all 24 numbers on the bingo card MUST be matched by the numbers in this Newspaper. Purchase of the Newspaper is not required to play or claim a prize in **NEWSPAPER BINGO**. Numbers will be posted each week at this Newspaper. Newark Record will be posted at Nebb's Stationery, 672 Mt. Prospect Ave., Newark.
3. If you cover all of the numbers on the Bingo Sheet, you must bring your winning cards to this Newspaper Office, Friday, at 2 P.M. Only at this time will numbers be verified.

# Several Thousand Tax Returns Face Delays

Federal income tax refund checks have already been mailed to 1,125,003 New Jersey taxpayers. Joseph M. Shotz, New Jersey district director for the Internal Revenue Service, reported that the total amount refunded through Friday, April 22, was \$141,697,674.

Several thousand refunds, including some from early filers, have not been issued because of missing or incorrect social security numbers, lack of signatures, missing schedules and other errors or omissions made on income tax returns. These taxpayers are being mailed letters requesting the missing or corrected information as rapidly as possible.

Some taxpayers are also being notified that their returns will be audited before their refunds are issued.

Shotz said that refunds in these

two categories would be expedited if taxpayers read the notices sent to them carefully and followed the instructions exactly.

He explained that it would be impossible for his office to trace individual refunds until after June 1st and asked that inquiries be delayed until after that date.

Taxpayers expecting refunds who have not received them by

June may have them traced by writing to the District Director, 1060 Broad Street, Newark, N.J. 07102 or by visiting any local IRS office. If they write, they should include their name, address and social security number exactly as it was printed on their tax return. Taxpayers visiting IRS offices should bring their copy of their tax return with them.

If you expect a refund and have moved since filing your return, you should notify both Internal Revenue and your local post office. Address changes reported to IRS should include your social security number.

The Internal Revenue Service pays interest at the rate of 6 percent per year from April 15 until the date of the check, on all refunds which are not issued by May 31.

# Furnace Repair Racketeers Taking Advantage of Season

This is the time of the year when householders are doing their annual spring cleaning. However, some other persons are trying to clean up, too.

Reports have been received by Public Service Electric and Gas Company about unscrupulous business concerns whose salesmen tell customers that they have been referred by Public Service and then proceed to make recommendations for totally unnecessary repairs or cleaning of gas heating systems. Or

they actually say they are from Public Service.

Some people have been victimized by these "furnace repair racketeers."

Public Service reports that it cleans heaters at no charge, when needed, and periodically inspects central gas heating equipment, also without charge.

In addition, all servicemen working for Public Service carry identification cards and this procedure is designed to protect customers from being duped by unauthorized representatives.

This is the Rose Marie Variety store of today. What a change from the old united cigar store. Rose Marie Variety is now known all over the county for their custom blending tobaccos, cigars, and special pipes. By acquiring an interest in a pipe factory, they have by far the largest selection of pipes ever displayed. Proprietor Mr. Joseph Arias imports the most famous meerschaum pipes. At Rose Marie Variety you can buy from a greeting-card to a Timex watch. At the age of 15 Mr. Arias has worked in the tobacco depots, in the packing, curing, and grading, as to size, color, and thickness of the leaves, thus giving him a lifetime experience in the field. Here is Mr. Arias custom blending a tobacco formula for a client.

# Student Performers End Season On A Gay Note With Another Winner

**SHOTGUN MARRIAGE:** That bearded Oklahoma farmer is Andrew Carnes (Gregory Harper) who talks things over with Curley (Lewis Trowbridge) during the first act of the school play Saturday night. From left is Ado Annie (Gail

Cronauer) Fred (Bill McCarthy), Carnes, Curly, Aunt Eller (Beverly Golden) and under the white ten-gallon hat at right is Will (John Reilly).

## 'Oklahoma' Was Excursion Into Charming Gaiety And Grace By 84 BHS Students

By GORDON F. ADAMS  
(Photographs and text)

When "Oklahoma" first went on the boards of the St. James Theater in New York City back on April 1, 1943, none of the Belleville High School students who returned the Rogers and Hammerstein Pulitzer Prize winning musical to life had yet been born.

But Saturday night it was a return to infectious gaiety in a play of charming manner, beautiful songs, fine acting, and some sprightly dancing by nimble-footed students.

It was a warm-hearted saga of the Indian Territory at the turn of the century when a School Board was made up of neighbors who sold box suppers to raise building funds. The score never lacked grace. It had love songs, comic songs, and a title number which the State in question took steps to seize as its anthem.

"Oh, what a beautiful morning!", and "People will say we're in love," made the juke boxes throughout the nation, then in the first dread stages of a World War. The dirge "Pore Jud is daid," in which the hero of the fable (Curley) tries to persuade his rival (Jud) to hang himself was amazingly comical despite its somber overtone of tragedy.

"The surrey with the fringe on top" clearly approached musical perfection during the Broadway production, and only a fool would say that our youngsters did any the less for this jaunty number. There was an excellent collection of student talent on hand, with several of them giving near-professional performances. Nay, they DID give professional performances! And we mean David Bukunus, Gail Cronauer, Diane Peck, and William Idenden.

### They're Top Students

It was a fresh and engaging performance by our kids who are among the 98 per cent who quietly make the Honor Rolls, become student leaders, and are a credit to Belleville.

Curley was Lewis Trowbridge, a grid star turned actor who looked every inch the part of an Oklahoma cowboy: a trifle rowdy, a bit of a woman chaser, but beneath it all possessed of the naivete of a big, old country boy secretly delighted by the inexplicable anxiety of girls whose sole ambition in life was to land a man — any man. He acted well, but lacked the inner meanness, the streak of perhaps unconscious cruelty that causes — indirectly — Jud's death.

Musically, the role lay too high for his voice, causing him to yell in the upper register — but then that's musical comedy style these days and is not a valid criticism.

### Sweet Diane

Making her final appearance before a hometown audience was Diane Peck, an engaging heroine with just the right amount of corn-fed innocence and natural spirit. She was a young farm girl bluffing her way through a world peopled by rowdy men, but who manages to lasso the maverick of her choice — Curley — before the curtain falls.

With a voice sweet and lilting in the middle register, she sang delightfully, although she seemed to be fighting a cold Saturday night that cost her the loss of a few top notes. When

she was stamping a tiny foot in anger or pouting prettily, Peck was in her element. She was everything feminine. Next month she'll graduate from Belleville High School.

### Loud And Pretty

Ado Annie was Gail Cronauer, a brassy, voiced comedienne who confided in an anguished wail (Fortissimo!) to Laurey, some 250 persons in the audience, and possibly a few startled pedestrians along nearby Jorammon Street that she just "Can't say No", thereby providing one of the highlights of the evening.

When she takes the stage, she reveals whatever is left of the scene. She, too, like Miss Peck, was making her farewell appearances on the BHS stage before graduating next June. It's our loss.

### All Hakim

William Idenden was marvelous as the pornographic peddler Ali Hakim who ambled through the evening selling such salacious articles as passion red women's stockings; egg beaters (which didn't work); French post cards to eager cowboys (which did); and Far Eastern perfume which "cleared the mind" (Smelling salts) — all the while industriously avoiding (Yeehee!) matrimony and a hard-breathing Ado Annie.

Idenden has the ability, timing, and understanding of a first-class comedian, and we do not mean the baggy-pants burlesque clown. His act bears the mark of intelligence. His work is a joy to watch.

### A Serious Note

David Bukunus, who has heretofore confined himself to the comic repertoire, was assigned the only serio-comic role in "Oklahoma" — that of Jud, the slow thinking, yet perceptive "hired hand" cast unwittingly into the villain's part. With his death, the play touches reality for the first time. And Bukunus never missed a trick.

He played it straight is the neurosis-ridden Jud who only wanted to be a man like any other. He ruminates on the days that follow days in his life, no different from the days which have gone before and no different from the days that will come. Then he meets, and dates, Laurey. And therein lie the slow sure steps to tragedy which end in his death by accident. When Jud dies, one is somehow disturbed by the too-soon return to music and song.

He is a versatile actor who has now added another step upward in his amateur vocation. While his comic roles of the past have oftentimes been marred by poor timing, last week he gave a performance that will stand as a landmark in his career.

### She's A Comer

Another bright youngster was Carol Senesky, making a first ap-

**FINAL PERFORMANCE:** Clutching those hard-earned plaques awarded them by fellow students are, from left, Diane Peck (Laurey), David Bukunus (Jud), and Gail Cronauer (Ado Annie). It was a tearful finale for the three, who will be graduating this spring. For them it was good bye, BHS and all its happy memories.

**TOUCHING UP:** Linda Risoli, eyes closed, sits patiently as Denis Lepre, hair bound in a towel, prepares her make-up for the Saturday night performance. Everyone pitched in for the last play of the year.

**FRUSTRATED:** Laurey (Peck) fends off Jud (Bukunus) whose invitation she has accepted just to spite Curly (Trowbridge). Bukunus gave one of the best of his performances Saturday night. It was tops.

**SALESMAN:** Will Eludes Ali Hakim's pitch

**THE RIGHT TOUCH:** Leaning over her classmates is one of the many students who made up the actors and actresses. In background is Dave Lukowiak with new moustache, and Mary Dopart, studying mirror at right.

**REVENGE:** Ali Hakim (That hum!) prepares to sell a lethal girlie-gadget to Jud, who plans to give Curly a touch of rigor mortis for taking away his girl. At right, slightly aghast, is

**CREDO:** Alone in his barn-apartment, Jud (Bukunus) gives vent to his fears and frustrations. He wanted to be a man like any other. Bukunus gave a fine display of depth and understanding to a role many would play for laughs.

**GRAND FINALE:** Taking his bows was bandmaster Robert Wing, who was given a plaque by his students for guiding them through the sometimes formidable problems that face an amateur cast. At left is Diane Peck, who made the presentation at the end of the last performance of the year at BHS.

# Boglione, Grigonis, Lead Teammates To 3rd Place In Track's Big Ten

## Reed, Johnson In Winners Circle During Big Meet

By BILL MCCARTHY  
The Belleville High Track team went out to the Big Meet with the intention of showing that it's track squad was the high caliber it was reputed to be, and it did a good job proving it.

Highlights of the day were record-breaking times — mostly personal ones — but the thriller came in the mile run where Bob Boglione raced off with a long, hard stride and defeated Rich Furst of Nutley by a clear 80 yards.

It was a beautiful race with Bob keeping up a steady but fast pace throughout the match. His timing, 4:28.4, set track, school, meet, and conference records. Former holder of the school record was Jim Harvey, at 4:29.0. Greg Griffith was Big Ten holder with a 4:37 time in 1961.

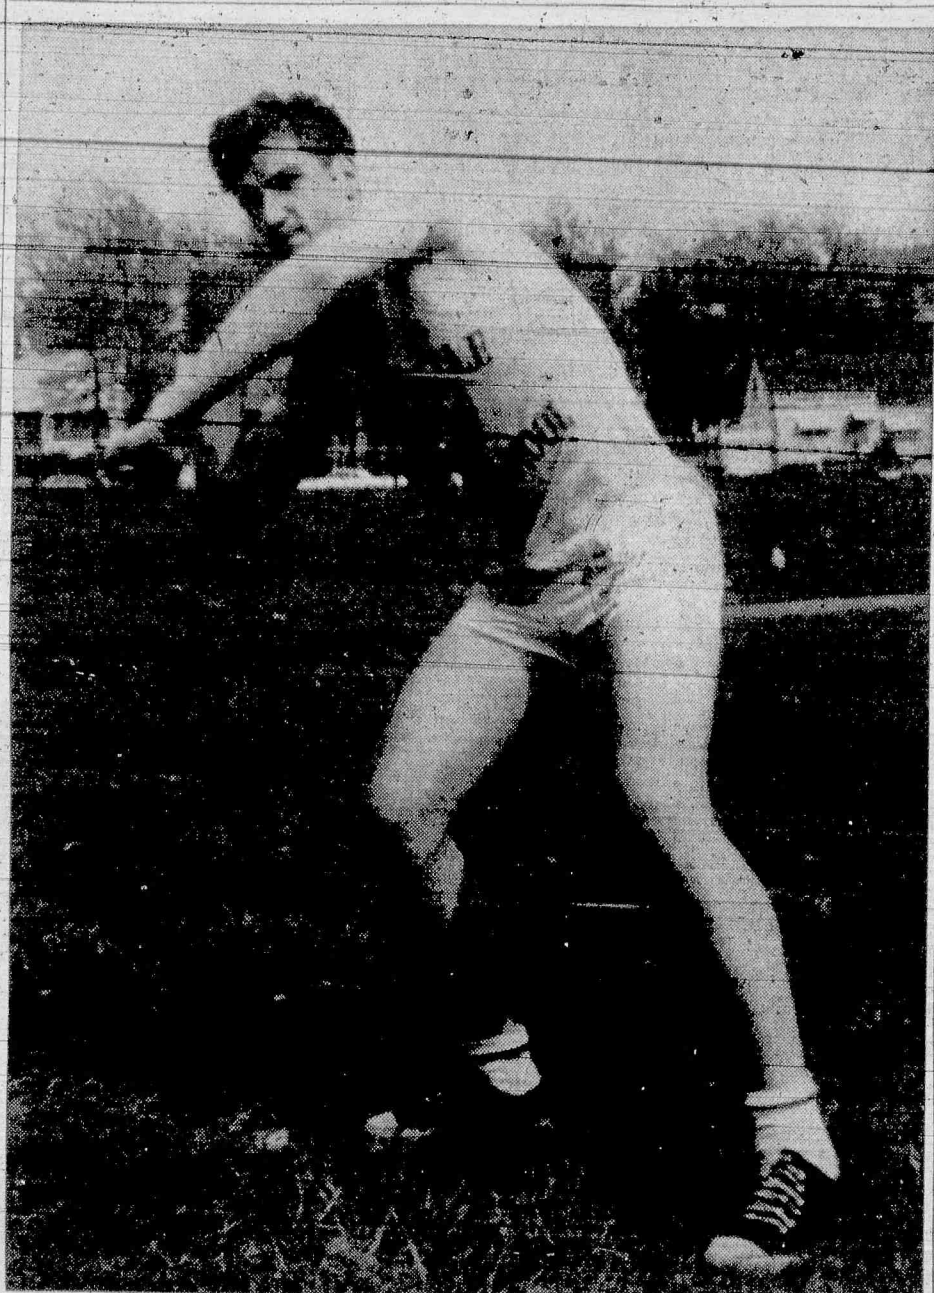

Other scorers were Dave Grigonis, second in the two-mile, Charles Reed, third in the 100-yard dash, Don Johnson, fifth in the 440-yard run, and Harry Baker in the 180-yard "lows" with another second.

Dave ran well, moving steadily from the pack of runners, up to second behind Dennis Malanga of Bloomfield. He was followed by two other Bellboys in the race, Bill McCarthy and Gerard Figuerelli who took seventh and tenth places respectively.

In the Half, Don Saunders was edged out of fifth place by one half second. He won in his heat, however, and pulled off his best personal time. Len Izzo and Larry Silver also ran.

Don Johnson and Eugene Harvey were our top 440 men, and Don beat Gene by just a few tenths of a second for the chance to run in the finals, where Don later captured a fifth.

Tom Greco was beaten by three tenths of a second in the 220-yarder, Charles Reed did his 100 fast enough to merit a try at the finals, where he whipped into a third, Pete's leg is starting to heal, so we'll be seeing more

**NJSIAA Today:** The second of the late season tournaments gets underway today at Belleville with the invasion of Central for the first round of the Interscholastic Athletic Association Tournament. As defending State sectional champs, the Bellboys will be favored to regain their crown.

Having already faced the Light Blue, in an opening 8-2 victory, Nick Petti's forces will be keeping an eye on Henry Drakeford as the Newarker's key. Momentum should be able to carry the

races going his way soon. Harry Baker wasn't too lucky as he missed the finals in the high hurdles, so he settled for a second place in the "lows" instead. He has proven to be just as good at the hurdles as he is in the pole vault — which he has been winning regularly in the meets.

This was only the track division of the Big Ten meet, as they were following the tradition of split meets. The field men will get their chances to do their part this week, and if they can do well, the team could easily take their best standing in the Conference in quite some time.

Again, the boys show that teamwork can win. Without the combined efforts of the boys, the team would never be as great as it is.

## Sideline Byline

could wrap it up.

**GNT Too:** On a third front, Belleville is involved in skirmishes for the elusive crown in the Greater Newark Tournament. Having been seeded third, as predicted, the Blue and Gold have already knocked off Newark City League power Wecquahic by an 8-2 count.

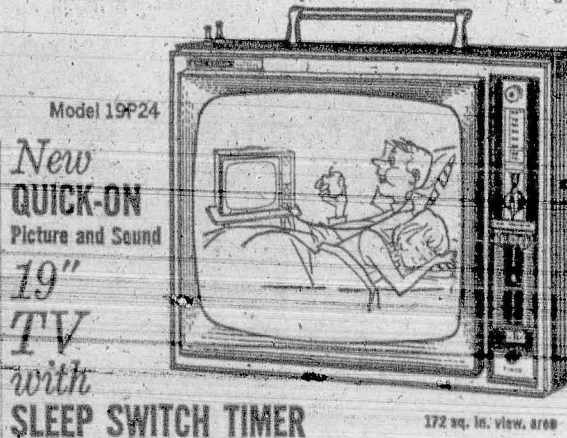

The winner of the Seton Hall-Garfield tilt will tangle next with the Bellboys, followed by second-seeded Union and first ranked and defending champs, Parsippany.

It is its 34th year, the GNT is recognized as the meeting ground for the state's best diamond teams. It is the roughest jewel to add to baseball's triple crown.

**Crazy Eights:** Scoring eight times in their last three games, while extending their winning streak to seven, the Bellboys have boosted their record to 16-2. Leading the present heavy hitting onslaught has been Rick Pucciarello, the first Bellboy eager to score over 400 points. He has a six for eight streak going including three extra base hits and four RBIs.

**Random Notes:** Having been disappointed at the Poughkeepsie Regatta, Mike Lally's crew will try again this weekend, going for the National Schoolboy championships.

The scene of Saturday's National Schoolboy Rowing Championships is less than a hour's drive from Belleville.

To reach the New York Athletic Club course on Travis Island, Pelham, N.Y., cross the George Washington Bridge and continue east on the Cross-Bronx Expressway to the New England Thru-Way.

Take the Thru-Way north to Exit 7 near New Rochelle. Follow signs to Travis Island and then ask for the N.Y. Athletic Club.

More than 100 schools representing every state in the nation and some in Canada are entered in the competition.

The actual drive is about 55 minutes from here to the Athletic Club.

"How about one of those wonder drugs?"

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin fixed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when potent medication is required.

# Sheridan's Two-Hitter Tames Cougars 5-1; 11 Strike-Outs Did Trick

## Attack Is Paced By Rothwell And Cuomo's Effort

Art Sheridan hurled the Bell boys' third straight two-hitter, Charlie Cuomo and Dave Rothwell paced the attack, and Columbia fell in a wipid 5-1 battle last week.

While picking up his fifth win in seven decisions and dropping the Cougars to 6-6, Sheridan recorded Belleville's third straight one-run-two-hit-effort, the first being by Sal Taibi vs. Montclair and the second a combined effort against Vailsburg.

In the process, the Blue and Gold ace turned in one of his most impressive performances while striking out 11 and walking only one.

**Screwball Toss**  
Boasting a 2-0 lead, the vet-

eran righthander had a no-hitter for nearly six innings until pinch-hitter Bob Gernsa punched a double up the alley in right centerfield to win the attempt. Don De Janno then lined the next pitch into left for Columbia's only other hit and only run.

Using his elusive screwball to good effect, Sheridan managed to strike out five straight Cougars during one middle-inning stretch while lowering his ERA to 1.37 in almost 41 innings. Other than the two hits only two balls made it to the outfield all day for Columbia.

"Drawing first blood after two and a half scoreless rounds, the Bellboys pulled ahead with a lead they never relinquished. Sam Calabria opened the first onslaught by opening the third with a hard single to right. Rothwell followed this with a single and a steal of second to put two men in scoring position.

**Close Play**  
After an out, Sheridan topped a slow roller to third and beat it out as Calabria scored; after hesitating the Cougar fielder threw wildly to first as the second tally came in. Rich San Filippo then belted a long 350 foot blast into the wind to dead center.

Having all the appearances of a four bagger, the ball kept going all the way to the distant JV field where Cougar centerfielder Rich Coleman made a spectacular shoe-top high grab on a dead run with his back to the plate.

Sheridan was easily doubled off second following the unbelievable rob.

Any insurance tallies needed, the Blue and Gold pushed across in the sixth after Columbia had moved into a 2-1 challenging position. San-Phillipo and George Debrowski started this uprising by drawing walks from a tiring Tom Bernal. Frank Mineo then bunted perfectly to fill the sacks.

**Columbia Fourth**  
With an 1-0 count, Cuomo then lined his second single of the day into left to deliver two of the Bellboy runners. After a pair of outs, Rothwell brought in the final score by beating out an infield hit and drawing a wild throw.

Despite a superb effort by Bernal that saw him strike out seven foes while walking four, Columbia fell back into a tie for fourth place in the Big Ten Conference and apparently out of the current pennant chase. With the chase now shaping up as a two-

or three team battle between co-leaders Belleville (9-2) and Nutley (9-3) and possibly East Orange (7-4), the Cougars loom as the league's.

## The Voters' Choices

Last week about 53 percent of Belleville voters bothered to visit the polling places and cast votes that elected three citizens to four year At-Large Council terms.

Mayor Nuncio Pico was reelected. Councilman William Cullen topped the field, finishing ahead of second-place Pico by 600 votes. Squeezing through into third position was former Councilman Vincent Strumolo.

Ousted from the Council was James Reynolds Golden who ended up in fourth place, nine votes ahead of former Mayor Robert M. Laterza.

Civic leader John Bass trailed a poor sixth, 1,300 votes behind Laterza. We are pleased that Pico and Cullen were reelected. We are happy with the election of Strumolo.

We are disappointed that Laterza didn't finish in the winner's circle. But then, it is unfortunate that only three vacancies existed.

We are disappointed with the campaign staged by John Bass. He publicly characterized Laterza and Strumolo as fakers. This is unfortunate, and was unnecessary. Knowing John we believe the charge was the result of a ghostwriter's failing.

Bass' campaign contributed to the position of his run. Because his campaign got down to a name-calling level Bass lost much potential support. We hope he has learned his lesson — an expensive one at that.

Golden's run is the surprise of the campaign. He finished a strong fourth. Apparently he has been able to kid most of the people most of the time. Golden has been the most destructive force unleashed in our community in a long, long time.

The town is well rid of this character from the rolls of its public officials. By any measure Golden was a complete opportunist. At public meetings his pitch in-

variably was for the gallery, and the press.

Before Golden won a seat on the Council in 1962 he indicated Town Hall was afraid to let him take a peek at the records. Implying of course, the possibility that should Golden be given the chance to look at Town Hall records there was a probability that something wrong might be unearthed. Well, Golden had four years to do his spade work — and as of this hour we haven't heard or read any reports to support his original inference.

On the other side of the ledger let the record show that Golden, previous to his election in 1962 inferred that he would be willing to serve as a Councilman at \$1 per year. Did he? The record shows he was constantly up front demanding his salary be raised to \$3500 per year. This from the man who was willing to work for a \$1 per year — the great champion of the poor.

Like some of the other councilmen Golden is receiving money for his home phone despite the fact that his telephone is a personal, family phone. We intend to legally question the next such voucher, regardless of its source.

On balance we believe Golden's public record was a bad one. More than anyone else Golden contributed to Belleville's dubious reputation as a controversial community. We are happy this sad chapter in Belleville's life is at an end.

Laterza's very respectable showing makes him live politically to fight and serve another day.

We hope and pray the winners, Pico, Cullen, and Strumolo will join the incumbents to bring to our town domestic peace in our day.

We expect members of the Council will not act as rubber stamps. We expect to hear from time to time a responsible, respectable voice of dissent sans the showmanship which characterized so many of Golden's tirades. F.A.O.

## An Appointive School Board?

Several members of the Board of Education were actively engaged in the recent Council election. Motivating the interest and campaigning was the action of the Council on the school board budget.

The February school board budget was defeated twice by voters and as a result the law required the Council to establish a school budget figure — the sum total, not the manner in which the money is to be disbursed.

Under the leadership of Mayor Nuncio Pico a majority of the Council lopped off \$298,000 from the school budget. This action so incensed several members of the school board that Pico was marked for extinction.

Well, Pico took on the school board

crowd and gave it a sound thrashing.

As a result of the political activity by the school crowd and the voters' rejection of school budgets four times in two years numerous leading citizens of our community are asking if now is not the time for voters to consider a return to an appointive Board of Education. Such a board would place the prime responsibility for a school board budget in the hands of the officials who are responsible for raising all tax monies — the Town Council.

If you meet up soon with a canvasser who is asking you to sign a petition to place the question on the ballot let this little piece provoke your best thinking on a vital subject bothering a great number of our citizens. F.A.O.

## Will History Be Rewritten?

By a remarkable vote of 52-0, a bill passed the New Jersey State Assembly last week. The bill requires that material on the history of the Negro here in America be included in the present mandatory, two-year course on United States history in public high schools.

Assemblymen speaking for the bill made remarks such as "evidence of exclusion of Negro history from American history textbooks is overwhelming," and "history courses consistently, purposely and systematically have excluded the American Negro." Another contends the proposed courses would lead to serious study of the civil rights movement in high school classrooms.

Several Assemblymen offered arguments opposing the measure. One predicted it would bring a "flood of pressure from other minority groups which would want similar legislation" while another expressed the view that integration — living and working together — was the answer, and not forced teaching.

Where you begin and where you leave off in legislation or programs like this should stimulate the thinking of every citizen, regardless of color, race or creed. Has American history ignored, or bypassed, the Negro? If so, how do we know about the wondrous achievements and discoveries of men like Booker T. Washington and George Washington Carver? Or of the contributions of Thurgood Marshall,

Philip Randolph and Roy Wilkins?

Will the proposed course in history tell of the racial or color breakdown of the crews sailing with Columbus? Did Marco Polo have any Portuguese on board? How many Italians, Irish or Germans were on the Mayflower — and how many Negroes? If everyone came over on the Mayflower it would have swamped before it left the dock in England.

As for the reference one Assemblyman made to the study of the civil rights movement, whose version of civil rights would go into the history course? Would it be the moderates — or the militants?

This has all the ingredients for a Pandora's box. Why one ethnic group is singled out for special treatment is not clear. Is it the intent to rewrite history, with a few minor changes? What do we accomplish by turning up another divisive force in race relations, by making a big issue of the fact that there are people of different color who have contributed to history?

The Negro has nothing to be ashamed of for his role in American history. On the contrary, his rise to high places in every profession speaks for itself. If one group is singled out for special treatment, who is next?

And, speaking of races and colors — what ever happened to the American Indian? W.A.K.

## LETTERS TO THE EDITOR

### Parents Object To School's Treatment

To the Editor: This is in reference to an article that appeared in your paper last week. The heading was "Board of Education Drops Charge Against Durkee in 3-Day Hearing."

I was mostly interested in the one where Frank A. Spotts, principal at the James Shawyer School in Belleville is mentioned. I'm sure that this article is one concerning my daughter.

I would like to know why: It took Mr. Greer from the first week of Sept. 1964 until the middle part of Feb. 1965 to make up his mind if there was room for my child in a special class in Number 4 school. He tested her for two hours the week of the beginning of school and I will quote him as saying "yes! she will fit very nicely in our special classes at Number 4 school." I even signed a paper stating that if there was not enough room in our special classes, then maybe she could go to one of the special classes they have in Bloomfield, or Nutley.

Do you think maybe Mr. Spotts really didn't want her admitted? After all, he hasn't seen her since she was a small girl of about 8 or 9 years old.

Why do you think Mr. Spotts talked so angry over the phone to me about this in Feb. 1965? He sounded like a person who is trying to run from his past life. I had never met Mr. Spotts before my phone call but he sounded like he has known me all his life.

He practically yelled his head off when I called to tell him my child was to go to school. He said, "What! Not that I know anything about it. I am the one

### BECK'S COLUMN

By MAX BECK

Most likely you know that the N.Y. Yankees are owned now by the CBS network. As a direct result of the acquisition, baseball fans have the pleasure of being able to watch the Yankee home games in color on TV.

Baseball fans know, of course, that the Met's home games were transmitted in color already last year.

More and more sports events are being shown in color. This spring we saw the Masters golf tournament in color. Then there are the hockey games and in the fall there will be football again.

Right now such color transmissions are still the exception. A year from now everything will be transmitted in color and black and white will become the exception. At last color really has "taken off." The industry waited for this to happen for many a year. Most people don't realize that we have color TV for 12 years, but it was very slow to take hold.

Unfortunately, one rarely sees a properly functioning color set on display. The writer has not seen one yet in any store, although every once in a while we take time out and look at our competition. It is no wonder that we still hear quite frequently that people are not impressed by color TV. How can one, if the pictures show all vivid green or blue or red. But that does not have to be. The sets are not properly set up and adjusted. There is no such a thing that you can unpack a color set and hook it up and have a perfect picture. It is absolutely necessary to adjust it to local conditions. If this is not done, the set will not perform right. This is entirely different than with black and white sets, which do not require adjustment for local conditions.

If you want to see color the way it should be, please come in and look at a set in our store. We have heard hundreds of times from customers that they never saw a color set as clear as we show it.

We service what we sell. Beck's Radio-TV Hi-Fi Nutley 667-2275

who says who goes to this school or not.

How many years has Mr. Spotts been studying to be a psychiatrist?

I am sure that the head psychiatrist of Greystone Hospital could tell the difference between a retarded child and a mentally ill person.

Maybe Mr. Spotts is writing a TV show at night. His dialogue is really terrific. He knows how to make up things as he goes along and gets better and better until the climax, which is really breath-taking — that is, if you like monster movies. Take it from me he is really good.

Each time I hear it, it's better than the other letters I have at home.

There are seven people on the Board of Education and they all believe him. Maybe seven is an unlucky number.

It really is wonderful to own a school. I wish I did; maybe I could get an education for my child.

We were at a board meeting in March 1965, about this matter and are still waiting for a reply from the School Board.

I will not accept the phone call that I received from Mr. Greer as a reply from the board. "Go to a psychiatrist and ask him to sign a paper that your child cannot go to school, and you want her to have a tutor at home."

After all, to do a thing like that, when it's not true, could become serious.

The worst thing any one could do in his life is live a lie and Mr. Spotts has been living one for eight years.

Want to know more, Mr. Editor, call me up.

Mrs. Scaperotta, Belleville, N. J.

### Frankly, Miss Ogden, We're In Disagreement

I understand there is a great controversy and discussion in my old home town of Belleville because some young men in local chapters of the John Birch Society entered a float in the annual cherry blossom parade which said "For God, Country and Family" and displayed a crepe

paper American flag, neatly done.

I happen to know that most of these young men are veterans of World War II or the Korean conflict. Would it have created this turmoil if Professor Genovese had entered a float with a Viet Cong flag and a Rutgers emblem draped over it? Perhaps if the good priests, nuns, ministers, Negroes, Jews and white Catholics and Protestants, all united against the atheistic conspiracy had marched alongside the float as proud members of the John Birch Society it might have at least made the spectators think and wonder.

This of course would be a novelty for most lethargic Americans today. In Lenin's doctrine of hate, he stated that Communism would be built with non-Communist hands and America would fall like ripe fruit from a tree. Please DON'T shake those branches. He certainly knew that the gullibility, apathy and materialism of the average American would prevail, thus helping to accomplish the sinister plan of world domination under the beast. This nation was founded as a Republic and people always thought for themselves, solved their own problems.

Since 1932 we have become a democracy and people have become so used to the government doing their thinking and planning for them that their minds have become stale to say nothing of their spirit. Belleville-ites who objected to this float are a fine example of the working psychology of Lenin's predictions. When Pres. Kennedy was assassinated, Earl Warren (who hands down court decisions favoring the U.S.A. Communists 92 per cent of the time and removed prayers from your schools) and Walter Reuther (who wrote home from Russia saying work for a Soviet America) spoke over radio and said right wing hatred killed the president. Immediately Birch Society headquarters in Phoenix and other cities were bombed, windows smashed, property maligned.

But, when it came to light that a Marxist murdered our President nothing was bombed, no iron curtain embassy was marched upon or attacked and there was no suggestion that the Communist U.S.A. party be outlawed. In fact since the assassination they have been given more power and freedom by the Supreme Court decisions. Hypocritically, we named air-

ports, boulevards, cities after the late martyred president. Americans had been conditioned, and brain-washed into hating the right but not the left and it is still going on. Belleville's opposition to the patriotic float is an example and acceptance of leftist propaganda as "Truth" is a stigma upon our nation and a threat to our security. People will awaken only when they take the trouble to find out the truth for themselves. It is less effort to listen to others who can be misinformed or to the actual enemy in disguise. Other cities throughout America have allowed floats in their local parades and have even presented them with prizes.

Must Belleville be known as the "City of Closed-minds?" The Birch Society is not a subversive organization, but an educational one. J. Edgar Hoover himself said that patriots were being smeared as "extremists." I believe it is unconstitutional for local authorities to deny the privilege and honor of placing a patriotic float before the public. However, in its fight against the Communist conspiracy, the Birch Society members not only must face the cruel enemy but its "dupes" as well, making the job more difficult. Naturally this

pleases the Communists. So if you want to really please them next year, try to outlaw the displaying of a float by the Society and then they won't have this job to do for themselves.

In the meantime a public presentation of the SECRET John Birch Society will appear soon in Belleville. How many people will have the morality and the guts to find out the truth for themselves stated in our Holy Bible? Seek the truth for the truth shall make ye free.

NOUMA OGDEN, 218 Highland Ave. Newark, N.J.

(Miss Ogden, your letter says more than you may have intended to say, and that is the main reason why the Birchers are looked upon with suspicion and distrust. As far as The Belleville Times is concerned, the John Birch Society is an extremist group who are non-representative of the mainstream of American life. This is further demonstrated by their presence in a non-political parade meant for enjoyment and not for political motives. — Editor.)

## Town Council

(Continued From Page 1)

erza, is also a soft-spoken councilman who has little to say during business meetings. He is the only member of the council who has an organization — the Vincent Strumolo Association — going for him.

With a small turn-out of voters and the absence of any major issues, the organization man can be counted on to emerge leading the field. Political observers had agreed that Strumolo and Pico would battle it out for low man on the municipal totem pole — but as we said earlier, such predictions are not yet a science.

Mayor Pico, by contrast, has the humanities going for him. Despite editorial scoldings charging him with running a loose ship, he lost his temper but once and threatened to ouster a hysterical councilman, but lost the opportunity when Cullen withheld his vote.

Earlier he had ignored cries of "politics" from a former councilman, and borrowed several thousands of dollars with which to pay some 34 town residents who would have had a payless Christmas after Councilman James R. Golden refused to approve a routine transfer of funds. People remember things like that. That goes for both men.

Three weeks ago Pico donated the funds raised at his Birthday Party Campaign Rally to the Kevin Roberts Fund which will allow a crippled boy to resume a near-normal life again. There are worse men than Pico around town.

If these new councilmen are sincere in their desire to serve Belleville, let them demonstrate it by leaving their trivial antagonisms behind and shaking hands all around before getting down to do the important job they were elected to — giving our residents a proud Town Council who will work for Belleville and not for self.

## The Board Says We Goofed; And We Apologize

Last week The Belleville Times published a story in which the Board of Education had claimed The Times was given a contract to print some 1,700 copies of a school handbook despite a lower bid had been made by a competitor.

The Board of Education said the amount paid was \$585.00, and listed that amount in one of its charges, on which State Department of Education is reserving its decision.

On The Times records is a payment for \$500.85 cents made about the same time. The Board, through its attorney J. Allen Provan, asked for a retraction after submitting photographs of a draft and voucher for \$585.00.

For this error The Belleville Times is happy to make a retraction and regrets that these two surprisingly similar figures were transposed.

THOUGHT FOR TODAY

Democracy is the recurrent  
suspicion that more than half  
the people are right more  
than half the time.

— E. B. WHITE

OKLAHOMA! That was the gay, light-hearted musical we hope you didn't miss last week at Belleville High School. And here lined up for the finale was the cast belting out those last lustrous notes before the curtain fell on a fine student performance. From left is Aunt Eller (Beverly Golden); Laurey

(Diane Peck) who captured her man; Curly (Lewis Trowbridge) delivering a high note; and Slim (Eugene Harvey), a good-natured cowpoke. There's a picture page and story inside today's Times. (Photo by ADAMS)

## Board Of Ed Approves Referendum For School 2 Addition June 29th; Ask \$275,000 Bond Appropriation

### Parents Had Once Picketed The Board For Classrooms

After years of effort, a protest march against the Board of Education last September, and a defeat along with the budget three months ago, School 2 PTA members and parents seemed one step closer to acquiring \$275,000 in building funds for a three-room addition to the Mill Street school after Board members unanimously approved a resolution scheduling a referendum for June 29.

### Kevin Roberts Fund Building Up More Daily

#### Trustees Are Planning A Benefit Performance To Raise More Finance

"It is very gratifying to the trustees of the Kevin Roberts Fund," said a Trustee spokesman last week, "and a tribute to Belleville residents that with only press releases in use, the Kevin Roberts Fund continues to grow, reaching a total of \$2,400 as of May 16."

Roberts, 23, of 33 Essex St. was injured in an automobile accident last year when a car crashed into the one he had been a passenger in. He was crushed between the two cars, causing him the loss of both legs, and without the help of the fund—leaving him with a dark future.

Donations to the Fund have been generous. Many social functions, among them Mayor Nuncio R. Pico's donation of the income from one of his campaign dinners, have added more to the Fund.

Classmates, women's organizations, social clubs, and just plain John Q. Public have given unstintingly of their time and money, and to them go the thanks of the Trustees.

Rev. Frederick L. Long and Sanford Hertz are now planning a benefit performance in which well-known professional performers are being contacted for an appearance. Details will be announced at a later date.

Joining the list of contributors this week were:

The brothers of Nu Delta Pi; Frank and Nargo Crimshy; Ed Guttman; Connie and Hugh Murphy; Matthew and Helen Miller; Lodge 108 F&M; Belleville F&M Local 29 and the BHS Class of 1947; and Mr. and Mrs. Thomas Spillane.

Parents with children in the 65-year-old school (the oldest in town) were elated—but cautious—about the school board's action. They had been critical of the board's delay, and skeptical when Board President Ernest S. Arvidson expressed sympathy with their demands for more space at the school.

They told board members that kindergarten students had to walk a block east to the Presbyterian Church where the Board had rented the use of one room in the newly constructed church.

Fire Chief Carl Hundertpfund had, after making an inspection of the building, declared the third-floor auditorium a fire hazard because of its construction and location. The Board later, however, approved the use of the auditorium for a limited number of students.

#### A New School?

Critics of the newly proposed construction have pointed out that a new school, based on \$40,000 per classroom, could be built for some \$320,000. The proposed three-room addition is slated for \$275,000 in construction costs.

While structurally sound, the building does not measure up to modern school safety requirements. It's all wood. Heat, light, and ventilation also present obstacles. It is, as one observer said, "educationally out of date."

One of its advantages is the low number of students who get better classroom instruction. The school is served by Principal Henry Minasian, who is also principal of School 10.

#### Elementary Schools Set Festival May 25

Belleville Elementary Schools will present an All-Elementary Choral Festival Wednesday, May 25, at 8 p.m.

The festival includes 350 students from throughout the town. The combined chorus will be under the direction of Mrs. Joan Kroehler and Andrew Canfora, elementary vocal music supervisors. The program will be held at the Belleville Senior High School.

### Idle Municipal Property May Be Designated For Service Club Use

If State Assemblyman Joseph Biancardi has his way, state municipalities will soon be able to lease town-owned properties to Police Athletic Leagues and Patrolmen's Benevolent Association without charge.

A bill authorizing idle land for this purpose is scheduled to come up for final passage in the state Legislature, and it was introduced by Biancardi, who makes his home here in Belleville.

The measure, said the assemblyman, will allow municipalities of over 30,000 in first-class counties (meaning over 80,000 population) to make idle town property available to these service organizations. They may not, however, be used for commercial purposes, their use being restricted to the promotion of youth and recreation activities which PAL and the PBA sponsor.

The Belleville Town Council, was one step ahead of the assemblyman, though. For the past four years, Det. Mike Marotti, and other members of the PBA, of which Marotti is president, have been working away on the newly dedicated Mike Marotti

JOSEPH BIANCARDI

Little League Field on Montgomery Place with the tacit blessing of understanding councilmen.

The bill has the endorsement of the New Jersey State League of Municipalities, who declare they would open the gates even wider and make land use open to every town no matter what its size.

### Tomorrow Over 30 Of The Town's Brightest Students Get Awards

Shortly after 8:30 a.m. Friday morning, some 30 students at Belleville high school will be parading across the stage of the auditorium where they will accept well-earned scholarships from

many Belleville and out-of-town business firms for exceptional achievement while in the classroom.

The scholarships, ranging from \$500 downward, will go to surprised students during an hour-long assembly sponsored by the school administration.

Among them will be The Belleville Times-News annual award established for some student who best exemplifies the spirit of President John H. Kennedy.

Also making scholarship awards will be The Belleville Foundation Award of \$500; The Tri-Town Business and Professional Women's Club of Belleville-Nutley-Bloomfield, an award of \$300; The Unico Scholarship of \$250; The Belleville Education Association scholarship of \$150, which is used to maintain a previous winner at school every year; and the Bausch & Lomb Science Award, to be made by Nova

### Want To Vote? Deadline Friday

Unregistered voters wishing to cast ballots in the special school referendum June 29 have until tomorrow night, Friday May 20, to sign up at the Town Hall.

Town Clerk Eugene Barnett said today his office has been open days and evenings this week for the convenience of residents.

### Town Residents Contribute Over \$1,070 In Drive

Belleville residents contributed \$1,070 in the home-to-home Easter Seal Parade conducted here last month as part of the 1966 Appeal of the Essex County Easter Seal Committee for Crippled Children and Adults, Jeffrey P. Ruddy, county Easter Seal chairman, reported today. The total stands somewhat behind last year, he said, though the Easter Seal Parade event county-wide increased \$6,500 to a total of \$27,500.

The Easter Seal Parade figure for Belleville last year was \$1,200 Ruddy declared. A few parade kits still have not been turned in, he declared, and when these are received the total may equal or exceed the 1965 figure.

Easter Seal mail returns still are being received, he said, and have not yet been tabulated community by community. Mail contributions are running somewhat behind last year's figures, he said.

### Over 1,000 At Dedication Of New Clara Maass Facilities

More than 1,000 visitors from North Newark, Belleville and Nutley were conducted on guided tours of the new facilities dedicated at Clara Maass Memorial Hospital last Sunday. Municipal officials from the three areas, along with a number of guests, the hospital's Board of Trustees and Congressman Joseph Minish from the 11th Congressional District were on hand to participate in the ceremonies.

Executive director Albin H. Oberg of Clara Maass revealed that the hospital had been approved by the Department of Health, Education and Welfare to accept Medicare patients July 1.

He said it was one of the first approvals granted in the country.

The large crowd was shown the physical medicine and rehabilitation department, which has increased ten times its original size. Activities in the speech and occupational therapy departments were described by Oberg. The tour also included seeing the patients' rooms, spacious in size and with mounted-on-the-wall, remote-controlled television, along with electrically-operated beds.

A special care section for temporarily, emotionally-disturbed patients was shown. One of the tour's highlights was the new 21-bed intensive care section. Here, the latest electronic monitoring devices enable one nurse to observe and care for five patients at one time, through the use of electrodes attached to the patient which record important body conditions.

Further changes at the hospital are under way, Oberg said. By September or October, the staff will employ nearly 800 compared to 650 at present. Eventually, the hospital plans to have 420 beds available.

#### Town Mgr. Announces A Drop In The Tax Rate

The Essex County Board of Taxation had some good news for Belleville last week. The tax rate fell six points on real estate, and eight points for personal taxes, reported Town Manager John R. Burnett.

\$113,357 will be received by the town to reduce the tax rate. The Board of Education came in for a \$56,678.50 share—or one-third of the amount.

### Durkee Trial Date Set For May 23, 24, 25

Following yesterday's resumption of the Board of Education's case against suspended superintendent of Schools Dr. Frank M. Durkee, the State Department of Education has scheduled three consecutive days for the hearing May 23, 24, and 25 at East Orange High School beginning at 10 a.m.

So far the Board of Education has completed its case in four charges, dropped one, and is awaiting decision on two others, which Durkee's defense contends are without merit. Sixteen charges remain to be heard.

Durkee had asked for a stepping up in the procedures because of the fast-approaching new school year. By September Durkee will either resume his duties at his School 8 office, or seek duties elsewhere if the charges are supported by the State Department of Education.

Durkee was suspended without pay by a 4-3 vote of the Board Nov. 25, 1965 pending completion of the hearings. If found guilty, he could be dismissed. If innocent, he could be reinstated.

## Now That The Dust Has Settled, What Are Prospects For A Good Town Council In Belleville

By GORDON F. ADAMS

Perhaps—the insinuations of the political world permitting—Belleville will be allowed to watch a newly-elected business-like team of men pull together for the public interest freed from the parade of personal aberrations that have marked past council meetings.

But political predictions are at best an inexact and frustrating science, as quite a few of our governmental leaders will not testify.

Who would have placed incumbent Councilman William H. Cullen at the top of a list of six candidates? Or who would have said Mayor Nuncio R. Pico—already relegated to the base

ment—would rank second? Or that Vincent Strumolo, who has announced his opposition to the present form of government, would be elected, would be given a position he says—in effect—he thinks is inferior?

Will Strumolo, who opposed Mayor Pico during the campaign for office and who later refused to pose for a post-election photograph with Pico, carry his antagonism into office?

It does not bode well for the future of Belleville when our new representatives head for the council chambers with preconceived notions of legislature which they cannot yet envision. Or who, for instance, could have disputed Councilman James

R. Golden's modest statement that he was an "ambitious high runner" who thought that the high man (himself) should be mayor? Only the voters and they carefully kept their secret while examining the record behind the extravagant claims of great public service.

If Strumolo forgets his personal animosity and works for the public interest, the voters will have come up with a winning combination for the first time in four years. For once we have experience on all levels ranging from Mayor Nuncio R. Pico, who can be reasonably expected to take the reins of government for another four years because of the support of Councilmen Robert

### Already Dissension Raises Its Ugly Head Once More

Westby and Ralph A. Casale, and perhaps the uncertain vote of Councilman William H. Cullen, Strumolo can be counted upon

not to back Pico, although not to do so would be throwing his first vote out the window in a gesture of useless protest.

With Councilman Cullen's maddening caution—after others are ready to vote—plus Strumolo's antagonism, both men could be easily relegated to an ineffectual minority membership whose de-

liberations count for naught. They would become mere figureheads in government.

What of a "majority bloc?" That's an unimaginative and overworked phrase used by a former councilman to conceal his lack of talent which led to his ouster by the electorate.

American democracy is based on majority rule, just as the new council membership was elected by the majority of the voters. A "bloc" only becomes one when

its membership is composed of men who are demonstrably unqualified; are guilty of corruption or unwise action, and who still vote as a unit.

These charges would never stand up against any of the new town officials. The town now enjoys its highest surplus in years, a feat impossible under corrupt or unwise officials. Barring the

advised Chamber of Commerce lawsuit, the Town Council has a good batting average, but who—barring no one—has a perfect record? With the many legislative matters the council must handle during one session, it is a miracle they don't make more errors.

The town has a bright and ex-

perienced Town Attorney in Jack Soriano. When asked for an opinion he has it ready and it's usually a sound one gained through practice. At the risk of offending, we must say he is the best Belleville has had in four years.

In John Burnett, the town has a capable Town Manager who brings years of experience to Belleville from Newark, where the ins and outs of political maneuvering are legend. He has advised Belleville well, despite the countless unfounded charges of a former councilman who has never dared to level any official charges against him.

Councilman Cullen, in spite of his well-earned popularity, is not

a glittering light in the field of municipal government. He lacks the quick and ready grasp of council pressure. Cullen seems to wait for a business meeting before asking the Town Attorney, the Town Manager, or fellow councilmen what the proposed ordinances entail. There is a caucus to allow time for this question-and-answer period.

To wait until the council as a body is prepared to vote before going into detailed debate on the proposal leaves one's preparedness in question.

Strumolo, who has been on the council and escaped the stigma of recall which politically damaged former mayor Robert Lat-
