## Essex Vocational School Will Open New Addition

An addition to the Essex County Vocational and Technical School at 300 North 13th Street, Newark, is to be ready in time for September term. Applications are still being accepted from those who desire to enter this fall. High school diploma courses are available to students who will complete the eighth or ninth grade this month.

Adult technical day school programs are open to qualified high school graduates and other adults. All courses are tuition free to Essex County residents.

Qualified applicants who have completed the eighth grade will enter the ninth year program which gives them opportunities to explore in a number of shops and laboratories. They try their hands at the work required in several of the occupational fields for which training is offered. These are beauty culture, business machine operation, commercial art, dressmaking, food service and technical secretarial work. When they are ready for grade 10, they enter into the department most suited to their abilities and interests.

Those who complete grade nine in local schools enter directly into a field of training. At the present time additional students may be admitted into grade nine and al-

most all programs in grade 10. The high school program is approved by the State Board of Education and all graduates receive the standard high school diploma.</

# Medicare Will Dramatize Shortage of Medical Facilities

William J. Arnold, Social Security district manager in Newark, commented today on the impact of Medicare on the nation's health resources.

"As the Medicare program goes into effect July 1, it will not create shortages of medical facilities and professional personnel; but it will, however, dramatize shortages that already exist," Arnold said.

Of particular concern in some large cities is hospital obsolescence and inadequate bed capacity. Throughout the country, there are too few nursing homes and in many communities, agencies that provide home-based health care are inadequate or unavailable. Everywhere, trained professional health personnel and technicians are in short supply and, in some rural areas it is

still necessary to travel many miles to a doctor or hospital. "Generally speaking," Arnold said, "people over age 65 account for about 15 percent of all hospital admissions. Because of their usually longer stay in the hospital, however, they account for about 25 percent of the total hospital beds in use at any one time. Nevertheless, even if the rate at which older people

use hospital services were to rise as much as 20 percent, the overall increase would still be only 5 percent. "Because Medicare only helps pay for health services and does not provide services, it is not expected to produce any direct solution to the long-standing problems of inadequate health facilities and scarce professional manpower. The program should,

however, serve as a stimulus for improving and extending the availability of health services." Moreover, with the advent of Medicare, hospitals will have less need for "charity wards." Money that hospitals now spend for this purpose can be used to expand and improve facilities and services. In addition, by paying for post-hospital care by home health agencies, Medicare will

help free hospital beds for acutely ill patients.

In conclusion, Arnold said that there exists today a vast network of Federal-State programs operating simultaneously and comprehensively to help make possible high quality health care for all Americans.

**Tax Dollar**  
Nuttley's 1966 tax dollar includes 41 cents for schools, 32 cents for the county, 24 cents for municipal expenses and 3 cents for veteran and senior-citizen benefits.

## Raniszewski Is Promoted

Joseph R. Raniszewski of 25 Sargent Street has been promoted to assistant planning consultant by the Prudential Insurance Co. Raniszewski joined the company in 1957 as a computer operator. He was promoted the next year to a senior operator and to an advanced operator in 1961. In 1964, he became a technical operator and then a methods examiner, both promotions. Before his latest advancement he was a systems reviewer. He was graduated by East High School in Newark in 1952 and obtained a bachelor's degree in economics from Upsala College in 1955. Raniszewski is married to former Ann Marchio of Jess Pa. They have a daughter.

## Belleville TRAVEL SERVICE

BELLEVILLE TRAVEL SERVICE, 118 Washington Ave., Belleville, under the guidance of Joseph, Michael, and James Dasaro has grown into one of New Jersey's most progressive travel agencies. All of the Dasaro brothers have an airline background. The business has grown by leaps and bounds since coming under the supervision of the Dasaro brothers. They attribute their success to a thorough knowledge of the business, and a sincere effort toward providing the best of service to their clients. As a matter of fact, they say that the people who have traveled through Belleville Travel Service have become their best salesmen. Why not drop in and discuss that trip you have been planning? Take advantage of one of the only things in life you can have for free; the service of your travel agent.

Joseph A. Dasaro, president of Belleville Travel Service appeared as a guest speaker before the Newark Rotary on May 31, 1966. The luncheon meeting was held at the Robert Treat Hotel. The topic of Mr. Dasaro's discussion was "The Exciting New World of Travel". Mr. Dasaro provided his audience with an interesting background on the services of the travel agent, pointing out that he is one of the few members of the business world that offers his services free to the public. Mr. Dasaro also treated his audience to a history of aviation ranging from the first scheduled passenger flight to the new supersonic airliners of tomorrow. Aiding Mr. Dasaro were the local sales managers of Eastern, Braniff, and British Overseas Airways. A great many of the audience were amazed to learn of bargains now available in the exciting new world of travel.

# Mrs. Streeter's Part Of Library Now

**BOOK AWARD:** For over 30-years Mrs. Dwight N. Streeter, center, has served as a member of the Belleville Women's Club. Last week the membership gave the library a book in honor of her long service with the club. At left is Library Director Bea Grimm, Mrs. Streeter, and Mrs. William R. Kropp, president of the Women's Club of Belleville.

The Literature Department of the Woman's Club of Belleville has presented a book to the Belleville Public Library in honor of Mrs. Dwight N. Streeter of Jorammon St. Mrs. Streeter, who was president of the Woman's Club in 1957-1959, has been active in PTA work as well as the Woman's Club for the past 30 years. She has served both as president of School 3 PTA, 1944-45, and on the Essex County Board of PTAs 1945-52. The book chosen to honor her is eminently appropriate. It is "Between Parent and Child" by H.G. Ginott. This excellent volume offers concrete suggestions in dealing with daily situations and problems faced by all parents. Presentation of the book was made by the library in the presence of Mrs. Streeter, by Mrs. William R. Kropp, President of the Woman's Club of Belleville.

**SHE'S A CUTIE:** One of the finalists during the Miss Essex County Pageant in Newark last weekend was 19-year-old Ann Morrison of 11 Cleveland St., who is a student at Bloomfield College. She's a 1964 graduate of BHS and is majoring in French and English. Her parents are Mr. and Mrs. Raymond Morrison.

**RIDER COLLEGE:** Awarded Bachelor of Arts degree in social science June 5 was Teresa A. Sawtell, 417 Joralemon St. She was one of 490 students getting her degree at the Lawrence Township campus.

**NYU GRAD:** That's Arnold C. George, who was graduated with a bachelor of arts degree from New York University last week. His major course was business administration. He is the son of Mr. and Mrs. Louis George, 38 Smallwood Ave.

**ANOTHER GRAD:** Alexander Iacullo, was graduated May 30 from Susquehanna University where he majored in marketing. He was a member of the varsity football team for four years, and is the son of Mr. and Mrs. Alexander Iacullo, 123 Brighton Ave.

**RUTGERS U:** Carl De Jura, son of Mrs. Mary De Jura, 102 Franklin St., graduated from the university with a bachelor of arts degree June 1. He is a BHS graduate who was on the student council. His major was history.

## B. Thomas Aitken Named A Member Of Co. Red Cross

One of the 20-at-large members of the Board of Directors of the newly chartered Essex Chapter of American Red Cross is B. Thomas Aitken, president and chairman of the board of the Peoples National Bank & Trust Company of Belleville.

The Essex Chapter, a consolidation of chapters in Newark, Maplewood, Bloomfield and Belleville will serve 17 of the county's 22 communities, 88 per cent of the population and 80 per cent of its Red Cross volunteers. Robert S. Puder is the chapter's first chairman. Other board members from Belleville are Edward S. Albrechtsen, Peter G. Wendel and Mrs. Herbert Tucker. The latter serves as secretary of the board.

The five chapters involved in the consolidation will continue to serve their communities with existing and new services possible through standardization of methods and administration.

## Peanut Leaguers Red Hot And Nearing Half Season

Having reached the half-way mark the Recreation Peanut Leagues both remain red hot and wide open.

In the Monday Division the Dodgers, coached by Joe Foranarotto, are tied with Robert Haug's Indians. Each team has won three and lost one and they actually tied each other when they met in a game that was finally called for darkness.

Next in line, — and very close — are the Aces coached by Walt Mogelesky with their 3-2 standing and boasting a win over the Indians. Another tie exists between the Giants and the Cardinals with two-three standings and the Bombers have beaten only the Aces.

From all of this, it is apparent that anything can happen and that every team is very much in the picture.

In the Tuesday Division the Clippers coached by Bill Gagnon have batted their way to a five win perfect record to take the lead. The White Sox coached by Arthur Katz have second place with three wins and two losses. Charles Fanelli's Pirates and Al Napoliello's Cubs are tied at two-

three and the Braves and Yankees are tied one-three.

All of those who have watched these teams from the beginning have marveled at the way these youngsters have responded to the excellent coaching they have received. These eight and nine year olds are showing a lot of baseball know-how, and whether their team is on the top or the bottom, they are having a lot of fun and learning a lot of baseball.

Coaches in this league, although they surely play to win,

take their greatest pride in the knowledge their boys pick up rather than the games they win.

Coaches not mentioned before in this article are Giants; Gerald Jewell; Cardinals, Dave McCarthy; Bombers; Elmer Haug; Braves; Tom Maher, and Yankees, Lou Schreiber.

Probably the real unsung heroes of the league are the wives of the coaches who make many of the phone calls for practices and keep team records, and often help at the games by either scoring or coaching.

Joseph A. Schibelli

A first child, a son, Joseph Anthony was born to Mrs. and Mrs. John Schibelli of 11 Jefferson Avenue, Bloomfield, May 29 at Clara Maass Memorial Hospital, Belleville. Birth weight was seven pounds, two ounces. Mrs. Schibelli is the former Lucille Domenick, daughter of Mr. and Mrs. Anthony Domenick of 27 Mt. Pleasant Avenue. Mr. Schibelli, son of Mr. and Mrs. Joseph Schibelli of Bloomfield is a technician with Hoffmann-La Roche, Nutley.

## DeWitt Savings Ad Wins Prize

### And Citation

A newspaper advertisement prepared by Healy Advertising Agency of Montclair, for DeWitt Savings and Loan Association of Belleville, was judged a winner in the financial advertising awards competition at the New Jersey Savings and Loan Association at Atlantic City.

"Join the DeWitt Key-Club" was the caption of the ad which received an award certificate in the "loans" category of the contest. Citations were awarded to three other Savings and Loan Associations in separate categories. Judges of the contest included Calvin Louderback, editor, N. J. Business Magazine; Awards Committee Chairman, Frank Dunn, Advertising Manager, The Newark Evening News; John Soloway, Financial Editor, Newark Star Ledger; William Litvany, President, Weekly Newspaper Publishers Association; and A. William Martin, Public Relations Consultant.

## Risk Factors In Heart Condition Are Illustrated

Want the inside information, but tired of dull facts and figures?

The Essex County Heart Association is offering a brand-new booklet of cartoons called "One to a Customer." It's all about your heart and what you can do to recognize and eliminate the "risk factors" in heart attack; and it's free!

The six risk factors - lack of regular exercise, overweight, high blood pressure, improper diet, disregard of medical check-ups, and smoking - are illustrated in an easy, eye-catching style. Each cartoon is accompanied by a simple, one sentence explanation.

"One to a Customer" can be obtained, upon request, by any individual, industry, or organization. For a copy, or quantity of copies, contact the Essex County Heart Association at 70 East Park St. in East Orange, or by calling 667-0880.

## Well-Digging, Anyone? Here It Is

### The Mobilio's Are Busy Amateurs In The Drilling Area

By PATRICIA M. DIANA

Eerie sounds along 64 Smallwood Ave. on a quiet Saturday morning are indicative of a new type of do-it-yourselfer hobby—that of drilling a well in your own backyard!

Tony Mobilio, 48, has discarded his golf clubs temporarily, in favor of a new type of physical fitness venture. Remembering the drought of last summer, Mobilio inquired of the National Well Driller in Newington, Conn., about the intricacies of excavating his own well.

The company referred him to an individual in near-by Elizabeth, who was just completing his own well. It seems that the drills involved in wells can be used many times over.

Fun, Fun, Fun

Mobilio purchased his drill from the Elizabeth owner and from that time to this, Saturday mornings at the Mobilio home have been filled with helpful neighbors, problems of drilling through stone many feet beneath the earth... and fun!

It has taken just two weekends for Mobilio to reach depth of 40 feet. He now has 4 feet of water and is shooting for ten. Sometimes — when a rock is hit — the drill goes through too fast. Then cement must be poured down to cover the hole in the rock, and drilling begins again.

The drill, approximately five feet long, is raised and dropped some 30 to 36 inches per minute. With the drill rising and falling through a 4 inch casing the full weight (about 125 pounds) is utilized to drill through whatever material must be passed through to reach water. A base area of operations necessary is only 5 feet by 6 feet and a height of 10 feet.

Attention Getter

The water obtained will be pumped to a storage tank available for utilization by hose, or perhaps stored in glass jars or tanks for consumption this summer.

Mrs. Carmella Mobilio is an enthusiastic side line rooster. The Mobilio's have approximately 300 feet of acreage and a garden flourishes at the back.

THUMP! THUMP! THUMP! That's the sound "Rocky" Ceres, at left, and Tony Mobilio are listening to while drilling for water in their backyard at 64 Smallwood Ave. during their spare time each weekend. With any luck water conservation will be no problem this summer.

Mrs. Mobilio is often called upon to be hostess to the neighborhood families who gather to offer advice as Mobilio digs, digs, digs.

Perhaps a few of their neighbors will follow suit and dig their own wells. When he reaches the desired water level for his needs, Mobilio will offer his drill for sale — as experience is the best teacher — will no doubt be available for assisting those interested in pursuing their own well-digging venture.

The children who are constantly on the scene and most inter-

ested in the progress, might be entertaining ideas of a swimming pool. Whether water for consumption, gardening, or just plain enjoyment, the Mobilio's are enjoying every minute of being pioneers in their neighborhood.

Well-digging, anyone?

## Town Kiwanis Set Lecture

Members of the Branch Brook-Belleville Kiwanis will be briefed on plans for a World Trade Center in Lower Manhattan at 6:30 p. m. Tuesday, June 21 at the Parrillo Restaurant, Mill and Harrison Streets. Donald R. Lee of The Port of New York Authority will be the speaker.

Lee will present a dramatic color slide story of the \$25 million dollar Trade Center to be constructed on a sixteen acre site. Featuring twin 110-story buildings, the tallest in the world, the Trade Center will consolidate in one location the services of government agencies and private firms essential to the handling of America's expanding foreign trade.

The Center will be served by a unique concentration of transportation facilities including a spacious new Manhattan Terminal for the Port Authority Trans-Hudson (PATH) System.

Lee, Senior Supervising Auditor in the Comptroller's Department, Audit Division, performs supervisory duties in planning and overseeing the execution of audits of several major categories of operations and accounts affecting Port Authority revenues, expenditures and assets.

W. Pirik, Program Chairman for Branch Brook-Belleville Kiwanis scheduled this presentation through the Port Authority Speakers Bureau, 111 Eighth Avenue, New York, City, New York 10011.

## Tower Lighting Installed For Parkway Traffic

The first installation of tower lighting on the Garden State Parkway has been completed to intensify illumination of traffic-stopping areas, the New Jersey Highway Authority reported today.

Fourteen 80-foot-high pole towers surmounted by 1000-watt mercury vapor lamps have been erected at the Raritan Toll Plaza in the Sayreville-South Amboy section as the possible forerunner of such increased illumination units along the Parkway.

Authority Chairman Sylvester C. Smith, Jr., said the installation is designed to floodlight the pavement of an area where traffic must come to a stop along the road. The lamps are glare-free to avoid light-blinding of drivers approaching or leaving the area.

In order to provide an easy transition for motorists' eyes from the designed illumination level of over 2 foot candles at the plaza to the unlighted section

**THE LINEUP** — Nutley police estimate the crowd at more than 1,000 although Cousin Brucie told his East Coast audience Friday night "I think I kissed 3,000 girls out in Nutley this afternoon." Bruce Morrow of WABC appeared here under

the sponsorship of h.i.s. Sportswear. The nation's most-listened-to disc jockey signed autographs, posed for pictures and talked about surfing and music with his fans. Police, fire and first aid units stood by during his visit.

## Bellboy Nine

(Continued From Page 11)

torini got a welcome break when third baseman Gary Aygis cracked his glasses in an abortive pick off attempt. The repair took almost ten minutes and Santorini was revived.

Resuming action, Mineo took a drop that kicked the inside corner. Then Santorini rared back to throw one with all he had. Mineo replied by swinging with all he had — but Santorini won. With two down, this brought up San Fillippo, the only Bellboy who had consistently connected.

Two runners took off from scoring position at the crack of the bat as San Fillippo met a 2-1 pitch. So did Elliot Maddox a fast All-State shortstop. Maddox won the key exchange with a first scoop of the ball from deep short and a bullet throw to first that beat the Bellboy by a step.

Union breathed a sigh of relief.

Al Santorini walked confidently from the mound, for all intent and purposes the game was over.

### Bad Luck

Lanky catcher Bill Bozin had opened the day's mayhem by lofting Taibi's third toss out to right. Jim Serritella, a junior defensive and hitting whiz, took off after a high looping drive, only to be felled by a near-by hole. Hobbling after the shot on a somewhat sprained ankle, Serritella managed to strong throw to hold Bozin on third.

An infield out followed before Maddox drew a walk and promptly stole second. This brought up clean up man Jack Goldberg and Taibi. The fastballing senior responded with a brilliant strike-out. Hefly Al Kessler then threatened the situation. The huge first baseman was finally overcome when his shot to the hole was snared by second sacker George Debrovski who whirled and fired to first in time to save two runs.

Two Bellboy infielders out slowed Santorini's effort before San Fillippo singled with an infield roller to show Belleville the opposite.

### Debrovski Rescues

A walk and a misguided force stay had Taibi on the ropes once again in the second. But again Debrovski came to the rescue by starting a snappy inning ending double play.

The trouble continued for the usually sharp right-hander in the third when Bozin led off with a single to right. A sacrifice to second followed before Maddox unloaded for a long three base blast to right center on a 2-2 pitch and a 1-0 Union lead. A return to Taibi's usual form followed as the little fire-baller bore down to work his way out of the inning.

A leadoff single by Taibi in the home third was wasted before the Farmers went on the attack again. With one down, Dropkin bounced a double off of third base to start the trouble. A buffed single by Augis followed to put men on second and third.

### 'Flip' Leaps

Santorini added the crowning touch with what proved to be the decisive blow in his 12th victory in 13 decisions — a line single to right that scored Dropkin.

The uprising was over though as Bozin came up with one out, two on, and Union winning 2-0.

The blond back stop swung strongly at Taibi's second pitch

and appeared to have pulled it to the opposite field for his third hit, but San Fillippo retreated to deep short and leaped high in the air to snare the liner in the webbing of his glove. Augis was then easily doubled off third, and the battered Taibi was through for the day.

### Another Drive

Mineo started Belleville along what might have been the comeback trail in the home fourth when he led off with a single to left. Moving to second on an infield out by San Fillippo, the senior firstsacker held his ground as Debrovski went down swinging.

Serritella came up to top a roller out towards the mound. Santorini recovered it and fired to first, only to have the throw dropped, while three Farmers converged on the ball. Mineo tried to catch them all sleeping as he rounded third and kept coming toward home.

He almost made it too but Goldberg saw what was happening and fired a perfect strike to Bozin who put on the tag in a real close play.

Sheridan came to the mound and Union's attacks were ended as the last 13 in a row were retired, five on strike outs.

For Belleville, San Fillippo's homer, a tremendous drive to right by Sheridan for an out, and the eight inning effort were all that remained.

For Nick Pettit it was the last hurrah.

It all came to a close last week.

(Continued From Page 11)

Woishak doubled to center and Tom Keogh singled sharply for the RBI. Belleville came back in the sixth when a walk to Gabriel, two infield outs, and an error on San Fillippo's roller to short produced a tally.

With time marching on and many of the Bellboys already late for the Varsity Club's Annual Dinner (the Cowboys had refused to grant a postponement), the stage was set for the last of the seventh finale.

Centerfielder Mike Dunham started the round with safety and was sacrificed to second by Billotti. A single by Paul Caffrey then moved the potential tie breaker to third.

George Debrovski then came in for second to relieve. His second offering was then hit to second and bobbled as the decisive run scored.

# Bellboy Nine End a 23-5 Season With A Close One To Union's Santorini

## Sideline Byline

Steve Choren

## 2-1 Tab Leaves BHS In Second Place In GNT; Petti Ends His Career

It all came to a close last week. The most successful season in BHS history, the bid for Belleville's first Greater Newark Tournament final, and most of all the end of Nick Petti's reign as Bellboy head coach. After four years as diamond mentor leading his teams to the best record in school history three years in a row, Petti broke the news of his planned resignation in an emotion filled ride home from the final outing.

Union's big right hander Al Santorini, first-round draft choice of the Atlanta Braves, had been the deciding factor in the tight semi-final 2-1 game that thrilled over 1,500 fans at Montclair's Woodman Field.

Striking out eleven, Bellboys with a blazing fast ball plus an equally effective drop pitch, the potential \$100,000 bonus baby was touched for a homerun by Ricky San Filippo while stranding six Bellboys and having another out at the plate.

And so it was as the most publicized pitcher of scholastic baseball, who led his team to the GNT crown over Parsippany, beat the Bellboys for the tourney championship for the second consecutive season and brought to a close the Petti-era.

### Happy End

It was a fitting end for a coaching career that had seen the young strategist lead Belleville from obscurity to a top position in the state. Compiling a 78-30 record over four seasons while going 55-10 in the last two, Petti had already been voted "Coach of the Year" by his colleagues.

In failing, the Bellboys finished with a 23-5 mark—better than last year's 22-5 effort. Having completed most of their success with a 7 and 14 game win streak, only a 1-0, 1-2, 2-1 loss kept at the end marred the year.

Using a careful, three-quarter swing strategy, the Bellboy stood up against scholastic baseball's best like real pros. Santorini had been average two hits and 14

strike outs per game, but with their revised order Petti's Blue and Gold managed five safeties, only five "K's" in the final three rounds allowed the final whiff total of eleven.

### Taibi Stars Slow

Sal Taibi had started on the mound for Belleville and was in trouble from the start thanks to a mis played triple. The little senior pitched out of that jam but still seemed to lack his best control. Three walks, five hits, and two runs were to follow, and only a pair of double plays saved further damage. Departing after four rounds, Taibi was destined to pick up his first defeat in nine starting decisions.

This set the stage for the entrance of Art Sheridan, who made the long walk in from centerfield to the mound to start the fifth. From here, Santorini was matched almost pitch-for-pitch as Sheridan out-played the Union ace while allowing but one foul line hit and retiring 15 of the 16 men he faced.

While the Bellboy ace was holding Gordon Le Mat's Farmers in check, one of the runs was chopped from Union's lead but the final chance for victory died with the failure of an eight inning rally.

### Last Hurrah

San Filippo, the golden gloved junior shortstop, had brought in the BHS hit with his second hit off of Santorini. A line two-bagger to left in the sixth took a bad hop and skipped past Jeff Dunham.

Final Instructions By Coach Petti . . .

kin to become a homerun. Then there was that eight inning last hurrah.

Charley Cuomo had started by striking his bat out and punching a single up the middle. A wild pitch by Santorini issued before Dave Rothwell sacrificed the big catcher to third just being caught at first by a step.

This brought up rich Pucciarello, lead off man in a newly

revised batting order. The senior co-captain worked the count to 3-2 and then fouled off four pitches before drawing a walk. He stole second to set the stage for the games dramatic highlight.

### Those Busted Glasses

After getting one strike and two balls on Frank Mineo, who has been touted all year as Belleville's best fast-ball hitter, Santorini lead off man in a newly

## Legionaires Drop Game In W. Orange Opener; Bilotti Has 1-Hitter

Opening the American Legion Baseball season at West Orange last Thursday, the Bellboys continued the slump they had closed the season with by falling 2-1 on a one hitter by Bruce Bilotti.

Rich San Filippo had the only hit off of the Cowboy southpaw with a first inning single as All-City hurler Dan Gabriel rejoined Belleville from St. Benedict's to suffer the loss.

Expanding to twelve teams this year the Essex County Legion League is divided into two six-club divisions. With players of 19 and under most of the groups are fairly representative of their high school squads as six Big Ten and two City League groups are in evidence along with Livingston, Cedar Grove, Caldwell, and an East Orange group composed mainly of Clifford Scott players.

Allowed 16 men by the league rules, Belleville Post 105 representative has 12 players from the BHS Varsity plus two of the most outstanding JV graduates, Benedict's Gabriel, 1965 BHS grad fly hawk Tony Magistro, and journeyman infielder Jim Catalano. Another pair of '66 Belleville Varsity starters had been slated for action but were found to be too old for the league limit.

Joining coach Tony Pratola's Pinstrippers in the county's rugged Eastern Division are such teams as Nutley, Irvington, Vailsburg, East Orange, and Newark (East Side). The Bellboys will face each of these rivals twice while taking on the Western Division opposition once.

Getting back to the ill-fated opener, Bilotti, a '66 West Orange grad, was superb. Having been pounded soundly in his last outing against Belleville, yielding 18 runs and 20 hits for the record 23rd win, the little lefty fast-baller looked like an entirely different hurler.

After allowing San Filippo's hit and a walk in the first, the Cowboy then straightened out and had only two free passes and three errors mar his effort as eight Pinstrippers fell on strikes.

Meanwhile, Gabriel was making a creditable account of himself in his debut in a Belleville uniform. The big rubber-armed lefty displayed pin point control in whiffing seven and walking none. He was touched for eight hits in the Colgate Field hitters haven. Gabriel was his best in the clutch as he stranded seven runners before finally succumbing in an unearned tally.

After a prolonged duel, West Orange had managed first blood in the home fourth when Ray

### NICK PETTI: The end of an era . . .

#### COACH OF YEAR RESIGNS:

While 1500 fans were watching the Bellboys fall valiantly before Union's Al Santorini last week, little did they realize that they were witnessing a far more significant event.

They were seeing the end of an era of unprecedented success for Nick Petti's last game as head coach.

Having led his team to the best season in BHS history for the third straight year, the young mentor told the Bellboys—the first to know—of his painful decision to resign. Tears flowing from coach and players alike, it was a bus ride that will never be forgotten. It was the end of the amazing four year span of success that had come to be called "The Petti Dynasty."

Starting from scratch with nary a field nor a team nucleus, Petti had built the Bellboys into one of the most respected teams in the state. With a 78-30 won loss record, the First Two Big Ten Conference crowns ever for BHS, the town's first trip to the State Tournament finals, and unprecedented success in the Greater Newark Tournament, the cycle ended on a high note after 55 victories in 65 tries over two record shattering seasons. The era was fittingly climaxed with Petti's selection by his Essex peers as "Coach of the Year."

ERA ENDS: Nick Petti was a man well suited for the role he was to play in state diamond annals. Having started out as a Little Leaguer at the age of 12, the baseball knowledge so necessary as a coach became part of his blood.

From that beginning the fleet little peppertop went on to exhibit his skills in an All-County and All-State manner as BHS shortstop. Gaining notice as "Most Valuable Player" in his freshman year at Montclair State, Petti had a year of pro ball with the class B Red Sox farm ahead of him. With an All-Rookie Team award in hand, he returned to his Belleville.

Two years passed and the rising young educator's athletic potential was meteoric. He was awarded the head coaching job for what was then a diamondless team. The year was 1963.

Getting off to a slow start that first year, Petti stuck with a group of underclassmen ball-players. Finally, with the first closing season in the teachers life staring them in the face, the Bellboys started to move.

One opponent fell, then another, and before the having yagabonds knew what had happened a game win streak had been fashioned for the first winning season in almost a decade at 9-8.

WINNINGEST EVER: Continuing the drills long into the summer, Petti appeared even more ready for his second round. The rebuilding was still taking place with only four seniors dotting the team, but good results were evident.

Through assorted pins and defense errors the season progressed. Midway a heartfield was added to even the rivals status quo.

As the year drew to a close, the Bellboys started to mesh as world beaters. With Petti raising their experience and physiological levels constantly, the State Group IV Section 2, Tourney was

#### undertaken.

Rolling over rival after rival the school win high of 13 was surpassed and the tourney final ascertained. The season ebbed slightly there to 14-12, but Petti's rebuilding was complete. 1965 would be Belleville's year.

YEAR OF YEARS: Rated as pre-season dark horses, the Petti team was underestimated by its foes. Using a stingy defense and self-styled control pitching, the third year mentor proved this by jumping off to an early lead in the Big Ten. With Montclair and Columbia pouring on pressure the Blue and Gold never cracked and success was theirs. So was a new school win high as 15 opponents fell in the Big Ten alone.

Then, of course, there was the most successful tournament fling Belleville has ever engaged when Petti led this troops to an IAA sectional crown after a State finals win over Kearny and a second seeding in the GNT. Along the way the win total grew to 22 before Parsippany ended it all with loss number five in the semi finals.

Petti had done the impossible in that season. He had over come the state's giants. The dynasty was here to stay.

LAST HURRAH: Going into the fourth campaign, Petti little expected that it was to be his last hurrah. But as pressures of a new job and assorted situations piled it, became obvious—something had to be done. As hinted over a month ago in this column, the shocker was on its way.

Meanwhile, the Bellboys were continuing their success, rolling up a 14 game winning streak the longest ever en route to their second Big Ten title and a 23-5 year. Through it all, decisions were being made. The founder of the era was to leave.

Some remembrances of the man who helped countless players to All-County and All-State berths while rewriting the record annals will remain in the form of a nine man senior nucleus. The memory of the admiration and respect he drew will also remain.

GUIDANCE FIRST: True to the form that has characterized his whole career, Petti will step down in an effort to help the youth he is entrusted to serve as BHS guidance counselor. As he put it: "I feel I must resign as coach because of my position as a full-time senior guidance counselor. In today's competitive and changing society, students need more guidance and direction than ever before."

It seems a shame for such a man to leave the athletic field. A man who could instill confidence and determination in his players by his mere presence while also carefully developing their experience and will to win.

## Dad Rates Praise, Honor On Sunday, His Big Day

Father's Day, which falls on Sunday, June 19 this year, gives America a welcome opportunity to honor its Dads and Granddads. Father's Day is an All-American observance. Conceived by an American daughter and mother, wholeheartedly endorsed by the American clergy of all faiths, lauded by American Presidents and statesmen, and subscribed to by millions of American sons and daughters, Father's Day is as American as the Fourth of July.

In few, if any, other lands does the father share to such a great extent in the responsibilities and the pleasures of the raising of his children, in the molding of their characters, in the sharing of both their joys and sorrows. The American Dad is his "kids' most ardent fan. He is foremost in the rooting section whether it is a Little League ball game, a school play, a high school or college endeavor or, later on in life, a business or

professional venture.

"The Kids Come First!" Self-sacrificing, relegating his personal wants and interests to those of his children, the average American father takes as his motto, "The Kids Come First!"

In the days of the earliest American settlers, the father was the one who taught his children the ways of survival. He was the protector, the guardian of the home.

In later years, fathers toiled to further the education of their children so that they could enjoy a greater portion of the benefits in the new land.

Today America has the greatest higher education population of any country in the world — a condition directly attributable to the efforts of American fathers since the founding of the country. It is no wonder then that the theme of Father's Day is, "Juvenile Integrity Starts in the Home."

His Dinner Is Special

Thus it is that Americans welcome this day set aside to express their gratitude to their fathers and grandfathers. How do they show their appreciation?

The Father's Day Council suggests an "official" dinner for the Big Day.

Give him presents he will enjoy, presents tuned to his tastes and interests.

## NEIGHBORHOOD NEWS

### First Grandchild

Mr. and Mrs. Wilfred Yudin have become grandparents for the first time! The new addition to the family was named Judith Harriet, and the proud parents are Mr. and Mrs. Robert Yudin. Congratulations and best wishes to you, all!!!

Attention, everybody! Mr. Joseph Liloia, one of Belleville's civic leaders is recuperating from a serious illness in Clara Maass Hospital... How 'bout dropping him a card? Get well, soon, Mr. L.

Mayor Nuncio Picp was seen spreading sunshine among his many Newark friends at Sal Caprio's 25th wedding anniversary. The event was held at Biase's Restaurant in Newark. Happy 25th, Mr. and Mrs. Caprio!

### At The Concord

Mr. and Mrs. August Preato of Belmoor Street have just concluded a vacation at the Concord, in N.Y. Highlight of their trip was when Mr. Preato allowed himself to be hypnotized... and I won't say anything more!

John Marotti, one of Belleville's "finest" was seen trying to "improve the breed" at Monmouth Park last week... we hope it was a profitable outing...

County Probation Officer, John Wiedman of Smallwood Avenue took his scout trip on a sojourn last week. He has devoted many years to the prevention of juvenile delinquency... we need more like him!

### 50th Wedding Anniversary

A surprise party was held at the Robin Hood last week to honor Mr. and Mrs. Garrett Vanderbilt of New Street on their 50th wedding anniversary. Many rela-

tives, friends and neighbors gathered to toast the happy couple. The Vanderbilts have lived in Belleville 42 years. They have a son, Gary, who lives with his wife, Ruth and their two children, Gary and Diane... also in Belleville. My very best wishes for a happy anniversary folks!

Sunny skies, a coolish temperature, many friends and relatives were the ingredients which, put together, made it a good day, indeed, for the wedding of Miss Rosemarie Ricca to Kenneth Johnson.

## Stork Club

William L. Padner III

A first child, a son, William Leonard, was born to Mr. and Mrs. William Padner Jr. of 2 Cedar Hill Avenue, May 23, at Clara Maass Memorial Hospital, Belleville. Birth weight was nine pounds, seven ounces. Mrs. Padner is the former Carolyn Lenkaitis, daughter of Mr. and Mrs. John Lenkaitis of 48 Celia Terrace. Mr. Padner son of Mr. and Mrs. William Padner of Newark is with Fiske Oil Refineries.

### Stacy A. Genzone

A third child, a daughter, Stacy Ann was born to Mr. and Mrs. Mario Genzone Jr. of 272 Verona Avenue, Newark, May 29 at Clara Maass Memorial Hospital, Belleville. Birth weight was six pounds, nine ounces. She joins Loren five, Collen, four and Johnny, three. Mrs. Genzone is the former Gail Young, daughter of Mr. and Mrs. Warren Young of Verona. Mr. Genzone, son of Mr. and Mrs. Mario Genzone of Newark, is a Postman with the Belleville Post Office.

The nuptials took place at Immaculate Conception Church in Newark with a reception at the Military Park Hotel. Six lovely ladies paved the way down the aisle for the resplendent bride-to-be. The little flower girl and ring bearer almost, but not quite, took all eyes away from the bride.

Mothers seem to be getting younger every year, as evidenced by the mothers of the groom and bride. C. Louis Ricca gave the bride in marriage and obtained a last kiss from his "little girl."

Haven't heard yet where the happy couple will be honeymooning, but wherever it is, our very best wishes for a long and happy life.

Congratulations to Mr. and Mrs. Howard Fisher on the birth of their son, Glenn Howard. Mrs. Fisher is the former Patricia Lane. Mr. Fisher is president of the Belleville Jaycees.

## Tri-Towners Win Six State Awards

Thirteen members from the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield, and Nutley, Inc., attended the annual convention of the state federation of BPW Clubs at the Dennis Hotel, in Atlantic City recently. Miss Helen Hunt, president of Tri-Town, led the delegation from her chapter.

Tri-Town was the recipient of six awards, for Equalization of Membership; Public Relations for local newspaper coverage of activities; Service to Youth; World Affairs Participation and meeting program criteria at the national level as well as at the state level.

**A WARNING TO ALL GARDENERS**

Whether you have a few flower pots, or a large garden you are exposed to some constant peril. Cuts, scratches and bruises happen to most gardeners. Usually they are not serious if you observe simple precautions: Wash with an antiseptic soap, apply a good germicide and bandage lightly if needed. We can help you select good products.

But, Tetanus, one of man's most dangerous killer germs, lurks in the soil and can quickly enter the blood stream through any wound or burn. The spores of tetanus bacillus are almost everywhere in both the city and country and in dust or rust. If you have not recently been immunized by tetanus toxoid, ask your physician about it. The protection it gives is positive.

## Dorothy Roselle Weds at Nuptial Mass; To Live in Union After Jamaica Trip

MRS. FRANK FIORE  
Former Dorothy Roselle

In a Nuptial Mass celebrated at St. Peter's R. C. Church on June 4, Miss Dorothy Roselle was married to Frank N. Fiore. The Rev. Francis A. Ignacinos celebrated the Mass, and the Friar Tuck Inn, Cedar Grove, was the setting for the reception.

The bride is the daughter of Mr. and Mrs. John A. Roselle of Columbus Avenue, Belleville. The bridegroom is the son of Mrs. Angelina De Angelis of Union and Salvatore Fiore of Long Branch.

The bride was given in marriage by her father. She wore a gown of silk organza and Alencon lace with long sleeves and applique of seed pearls. A triple tiered veil was caught by a silk organza pillbox and she carried white orchids on a prayer book.

Mrs. Donald Cece of Newark was the bride's only attendant. Her sheath gown was of blue crepe and she carried matching blue cascade bouquet.

Thomas Fiore of Long Branch was best man for his brother. The bride's brother, Louis T. Roselle of Belleville and Joseph Cernek, cousin of the bridegroom, ushered for the ceremony.

Following a wedding trip to Jamaica, the newlyweds will live in Union.

## Bride's Cousin Performs Ceremony at Local Church

Miss Patricia Mannion and best man for his brother, James W. Mannion of Belleville and Wayne Current of Belleville ushered.

The couple are Belleville High School graduates. Mrs. Noto is employed with the New Jersey Realty Co., Newark and her husband is with the J. L. Armitage Co., Newark.

The bride is the daughter of Mr. and Mrs. James P. Mannion of 106 Little Street, Belleville; the bridegroom is the son of Mr. and Mrs. Anthony Noto of 107 Roosevelt Avenue, also Belleville.

The bride was escorted by her father. She wore a gown of peau de soie featuring a Sabrina neckline and long sleeves appliqued with Alencon lace, seed pearls and crystals. The sheath skirt was accented by a full detachable chapel train. Her dome crown secured her double-tiered silk illusion veil and her modern cascade was of white roses surrounding an orchid.

Maid of honor was Miss Margaret Bradley of Belleville. Her gown of turquoise had a chiffon bodice and a contrasting crepe skirt. Carnations were dyed to match her gown.

Miss Carol Nucci of West Caldwell and Mrs. Robert Smith of Belleville were bridesmaids. Lorraine Dowd, the bride's cousin of Elizabeth acted as junior bridesmaid. Their gowns were similar to that of the maid of honor.

## Barbara Racioppi Weds at Holy Family Sunday; On Honeymoon to Bermuda

Holy Family R.C. Church was the scene for the marriage of Miss Barbara Lynn Racioppi, and Joseph Anthony Iavarone on June 12. The Rev. Robert F. Cozzini officiated and a reception followed the ceremony at the Bow and Arrow Manor, West Orange.

The bride is the daughter of Mr. and Mrs. Nicholas Racioppi of 126 Belmore Street, Belleville; the bridegroom is the son of Mr. and Mrs. Jerry Iavarone of 310 New Jersey Avenue, Point Pleasant Beach.

Given in marriage by her father, the bride was gowned in French reemboirered lace over peau de soie with appliques of velvet orange blossoms. The bodice was enhanced with a Batteau neckline and elbow length sleeves and the cathedral train was made of lace. Her shoulder length veil fell from a crown of crystals and her bouquet was of orchids and stephanotis accented with ivy.

The bridegroom's sister, Miss Gerry Iavarone was maid of honor. Bridesmaids included Miss Rose Cherichella of North Arlington and the bride's cousins, Miss Marilyn Gaccione and Miss Donna Magistro both of Belleville. Carolyn Magistro was flower girl.

All the attendants wore full length identical gowns of white organdy over Venetian pink fashioned empire lines. Wedding band headpieces matched the gowns and their bouquets were made of roses.

Robert Gaccione, cousin of the bride of Belleville served as best man. Ralph DeStefano of Rochester, the bridegroom's cousin, and Richard Donato, of Bayonne and Joseph Iavarone of Westfield ushered.

The bride was graduated from Belleville High School and is employed by Public Service Electric and Gas Co., Newark. Mr. Iavarone was graduated from Seton Hall University, South Orange, and has just completed a year of

## How to swallow a bitter pill

First, find a bitter pill. There are so few nowadays. It all started because children, bless 'em, are so good at resisting bad-tasting medicine. You can medicate their chins or hair, but getting the stuff in them is beyond the ken of science. Kids can spit a country mile. So pharmacists began sugar-coating pills, putting medication in capsules, or mixing with sweet syrup. And we soon found that adults, too, like medicine the easy way. So now, most of our prescriptions are quite pleasant to take. If you should run into one of the few bitter ones, however, there are good medical reasons for it.

# Belleville Girls To Participate In 1966 Pageant

The Miss Essex County Pageant of 1966, an official preliminary of the Miss America Pageant, will open this Saturday with preliminary judging at Barringer High School in Newark, starting at 9:30 a.m., and Sunday at 2:30 p.m.

Taking part in the event will be two Belleville beauties. They are Ann Morris, 11 Cleveland St., and Carolyn Sheldon, 500 Washington Ave.

A total of 19 entrants are expected to vie for the crown, which will be awarded to the winner at official ceremonies to take place at Barringer on the following day, Sunday.

The winner will be crowned by Miss Mary Manzo, the reigning Miss Essex County who won the 1965 pageant, held in East Orange. Miss Manzo is now a junior at Montclair State College.

The pageant is being brought this year to Newark for the first time in order to help celebrate the city's 300th anniversary.

Among the 19 contestants are representatives from eight Essex County towns as well as entrants from two Essex County colleges, Montclair State College and Bloomfield College.

## Raymond Wins Honey Of A Prize For Mom

Raymond Kozlupa, of 4 Hunkle St., has been named one of the top prize winners in the Loft Candy Corp., 1966 "Honey Bunny" Easter coloring contest.

Raymond will receive a wristwatch and his mother will be awarded a stainless steel food mixer by their Loft's dealer, Broad St. in Newark.

The wristwatch and food mixer were among 15 third prizes awarded in the 1966 "Honey Bunny" contest.

## Dr. Peck, Thanks!

To The Editor:  
On behalf of friends and relatives, I would like to thank Dr. Samuel Peck for a delightful performance given at the Junior High School Sunday, June 5.

The performers (including my sons, Angelo and Vito), did a beautiful job. This, of course, would not have been possible without the great effort of Dr. Peck and his staff.

A CHANGE OF SCENERY? The Town Council almost had a dignified change of surroundings Monday night. Town Manager asked councilmen for some \$4,000 in emergency funds for the incoming council on July 1st. "The idea was just to give them a nice looking place to be sworn in at," said Burnett.

Councilmen turned him down, however, explaining that it was one "emergency" request too much, although it was the first one acted upon. Above are the councilmen debating a few subjects in their old, familiar surroundings.

### She's Against Change

To the Editor: Times News:

Citizens are now being approached by a group seeking signatures to another petition. This one is bent on taking away the right of Belleville citizens to vote and elect members to the local Board of Education. The petitioners would also ask that you give up your right to vote on all future School Budgets, unfortunately, a privilege we voters do not share when it comes to our local municipal Town Budgets. The aim of this ambitious group is to have the voter's right abandoned, substituting in its place appointed school board members. Appointed by Town Hall officials.

Citizens should certainly think twice before permitting anything like this to happen here! What makes these petitioners believe that one group of appointed politicians would be any better than those elected by the citizens through their vote?

Before the February School Elections, a circular was distrib-

uted to the voters extolling the greatness of our right to vote. I can recall words in that circular especially reminding Belleville citizens of this great privilege. From that circular, let me quote, so that voters might realize that should they permit an appointed school board to become a reality they are discarding a great American privilege.

The words read something like this: "you, a year ago, braved the wintry February weather to march out and turn down a top-heavy school budget... what did the school board do?... do you remember?... they took that same budget... disregarded your wishes... and put it to a vote once more... without so much as cutting one cent from the original figures. Obviously, they thought you didn't know what you were doing, but you knew what you were doing. You knew how difficult it was becoming to meet the taxes in this town... and you knew how little you were getting in return for your tax dollar... so you went right out again and

defeated that budget."

How true! And now, Belleville citizens, the petitioners are asking you to abandon your right to vote and elect the members of the Belleville Board of Education. Asking you to substitute that voting privilege for an appointed school board. Appointed by the Town Councilmen, who themselves, may be out of office before their school board appointments have warmed the seats.

The Telegram on April 28th, 1961, published the sentiments of one of our citizens by reporting: "Mrs. Izzo speaks out in favor of Commissioners. Thoughts for an Ordinary Taxpayer." The statement that it is better to hire than to elect was not written anywhere into the Constitution of these United States. I am always skeptical when the words new and better are attached to any proposals.

The manager of any corporation or company has a great deal of power, because he alone gives the orders and makes sure that they are carried out. We should beware of those who are out to do "good" for everyone for nothing in return. The chances are, that not only will you wake up to find their hands in your pocket, but also the hand holding the knife in your back.

These are the best guideposts by which we can recognize the signs of those who have designs on us. I therefore urge my fellow taxpayers to think not just twice, but many times before a vote to make a change. It is better to keep what we have.

I agree with Mrs. Izzo. Let us continue, as she so wisely stated, "the practice of voting to elect the men who will serve us."

Signatures on a petition, or for that matter, the petition itself, are not at all necessary in the case of the question as to whether a referendum should be had relative to an appointed school board membership. Mayor Pico has already promised an appointed school board and he has the "Majority bloc" to back him! This can go to the citizens for a vote, because the "Majority bloc" need simply to pass the resolution to have the referendum placed on the ballot.

This can be done, even though the petitions do not have sufficient signatures, or if there were not petitions at all. However, apparently the Town Hall officials would desire to have it look "Good," a petition by the citizens, and so the, "what's-in-it-for-me" boys - and girls - will be ringing your door-bells for your unneeded signatures.

Remember, as Mrs. Izzo has stated, "It is truly better to keep what we have, than to gamble and risk losing" what might be good in what we do have. Think! Think twice, now and later! No signature now, no "Yes" vote later. Don't give up your American privilege, the right to elect your own school board members in Belleville.

MRS. SALLY HOOD  
66 Fairview Pl.

(Mrs. Hood defends a board majority who are up to their collective necks in litigation and controversy - the main reason for the present movement against them. She distinguishes between the board majority who are good guys - and the council majority, who are a "majority bloc," which explains her stand. It must be plain to even the most naive that the present board has deteriorated into an administrative fiasco. "We should be aware of those who were out to do 'good' for everyone," cries Mrs. Hood, while trying to do

just that in asking for the retention of a sick administration. — Editor)

### Another Teacher Gone

As a student presently attending Belleville High I am well aware of the recent occurrences that have taken place not only in school but in the town.

While the Kulik case was at its peak, another teacher, Mr. Sam Stellatella, was informed that he would no longer be needed in our school system come September. When Stellatella questioned actions taken against him and asked for a hearing he was flatly denied his right. School officials informed him that he was only an average teacher and could not discipline the students.

I and many others will wholeheartedly DISAGREE.

Last year I was fortunate enough to be in one of his World History classes. His teaching was FAR from average. For every subject we would study, Mr. S. would bring in many, many other things that would interest the class pertaining to that certain subject.

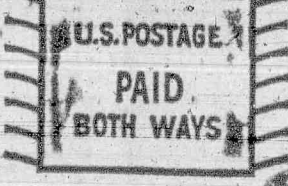

Books, magazines, films, slides, helped us to enjoy history, instead of dreading entering his class every day. Not one other teacher that I can recall would always be around to confide in or lend you a helping and understanding hand if you needed him.

As far as discipline is concerned, Mr. Stellatella is one of the "Hardest Guys to Fool." There hasn't been one day that he hasn't reprimanded a student for something that was done. Mr. S. is one of the few teachers that took so much time in order to try to improve the disciplinary problems of our school.

How can we, as students, respect the supervising authority "upstairs" (the office) if they refuse to accept and IGNORE the pleas of the people who have spent so many years in preparation to try to educate us, the children of today who will be the educators of tomorrow?

LINA TOURIAN

(Linda, your letter expresses but one of the many reasons why there is a movement afoot to dislodge an entrenched board of education. This is not the first time Mr. Stellatella's name has been brought to our attention. — Editor).

## Why Did The Dinosaurs Die?

A small but vociferous minority — and friends of the board majority, by the way — are understandably opposed to the movement now under way for an appointive board of education.

They base their opposition on three things, while ignoring several others: The good old American right to elect their public officials; the vote pro or con on the school budget; and their fear of "one man rule" by Mayor Nuncio R. Pico and his gang of conniving councilmen.

The present board was elected, and they are proving more each day that their election was a gross violation of the public trust. They are now up to their stiff white collars in controversy and litigation. Check the record. Disgraceful. Can an appointive board do worse? We think not.

Voter apathy reached near bottom recently when some 80 per cent of our registered voters abrogated their divine right to democratic action. Even those few who did vote defeated the budget twice in succession — only to have the board re-submit it unchanged to the council, whom they promptly castigated for carrying out the public will. The council acted correctly and at the public's bidding.

Mrs. Sally Hood, a familiar figure at

Town Hall, says she needs no crystal ball to predict who will be appointed by Pico if he is given this blank check. All, she said in naming them, are losers who would be granted political patronage by Hizzoner. If this should ever come to pass, The Times will say editorially that she called the shots correctly, and Mayor Pico is indeed a pay-off man. And we will name names.

We have plenty of top-flight men in Belleville who are politically neutral, just attend any meetings of the Lions club, the Kiwanis club, or the Jaycees, to mention but three of our many service organizations. Their caliber of brainpower is formidable. We hope their spines match.

Pico would do well to make a fibber out of Mrs. Hood, forsake the politically oriented, and examine the vast potential for public service among our town civic leaders. Or have we over-estimated our Lions, Kiwanis, and Jaycees?

The present board majority has demonstrated an inflexibility of power, an arrogant inability to change in the face of public opinion, and it has led them down the path of the dinosaurs to extinction.

## A Figure Of Speech

Is it any more? Not, we are happy to report, the First Family.

The other day while trying to think deep thoughts for the editorial page, the irreverent recording of "Washington is for the Byrds" came giggling over the airwaves — living proof that in the United States a cat may still look at a king.

The record is a parody of Shaw's Pigmalion, in which a backward pupil is taught the rudiments of the English language as she is spoke. And the Byrds — grammatically — are for the birds.

"Repeat after me," said the precise voice of a grammarian, "Empire."

"Empah," dutifully drawled the well-known voice of LBJ.

"I-am-a-human-being," said the teacher.

"Ah'm a hoomin bean," declared our Chief Executive.

Lady Bird (Such a CUTE name) also came in for her share of coaching in her native tongue. "Now repeat after me," said the voice, "Flower."

"Flow — wah," Mrs. LBJ answered. "Hometown," urged the voice. "Hometahn," she replied.

It is nice to be able to report that colloquialism is not in the exclusive domain of the high and the mighty. But are they any worse than the Kennedy family and their travesty of genteel speech?

## Supreme Court Deals Another Shocker

In one of the most emotional settings in modern Supreme Court history, the nation's highest legal authority this week dispensed a controversial 5-4 decision affecting police powers. This decision may one day be interpreted as the Court's "day of infamy", when the significance of its full impact is felt.

So wide was the split in the Court that both Chief Justice Earl Warren, submitting the majority opinion, and Justice John M. Harlan, writing the dissident view, shook with emotion when discussing the ruling.

For the criminal, the Court couldn't have picked a better time to hand down the edict. Crime in the country is at a shocking level. Police are hard put to carry out their basic function, protecting the public, which the Warren-oriented majority overlooks with consistent regularity. The concern for the rights of the murderer, rapist, drug peddler, hood and

assaulter would seem to have transcended the rights of the law-abiding citizen. Every police official in the nation will castigate the decision. Already, charges are erupting that hardened criminals, with a background of vicious crimes committed, will be turned loose on a hapless public, to repeat their assaults against organized society. Police are being placed in a legal straitjacket, their hands tied, as the Supreme Court seeks to protect individual liberties.

What about the liberties and collective freedoms of the law-abiding majority, Mr. Chief Justice? Will this persistent trend toward scuttling of police powers and the Court's concern with the scum of the criminal world finally abrogate all jurisprudence?

Just look at the crime statistics. Figures don't lie. One day, perhaps sooner than we think, crime will pay.

## Inflation of the Head

Inflation has made its presence felt in our stomachs — the market basket items will vouch for that. Now inflation is going to the heads of the men in the house — barbers are boosting the price of haircuts.

Contingents of males are going to oppose this — and we mean those who lack hirsute adornment — the baldies. It does

serve a purpose, though — the price increase will bring the men and women, closer together. This seems only right, for with the advent of the hot comb and long bob for males, you can't tell the guys from the gals, anyway. The barber now spends as much time on the boys as he does the girls — so, the new price is right.

It's still tough on the baldies. W.A.K.

### BECK'S COLUMN

By MAX BECK

You may have read that a highway store, last week during the hot weather, sold a record number of air conditioners. Needless to say that everybody in the business had the same experience. Certainly we started early and worked late hours to keep up with the pace.

Judging by the reports we receive, about half of the units sold by this highway store won't perform properly. This is not because of any faults of the units. We heard cases of blowing fuses. This, of course, is due to faulty wiring. Several other complaints we heard were about insufficient cooling. By the description of one man, he took for granted that the statement which was listed in the advertisement "cools up to xxx square feet" was correct. He did not take in consideration that this data applies to conditions which, practically never exist. His room was on the second floor, no insulation, 3 windows and large exposure to the sun. He needed a unit 3 times the size that he bought. Another complaint was that the unit "freezes me out". This man wanted to do what he thought was the right thing and he bought a unit much too large for the room. He thought that it is better that he buy a unit that is too big rather than too small. An air-conditioner has to be the right size for the job, otherwise it won't function properly. It is amazing that everybody becomes an expert when it comes to buying an air-conditioner, although they don't know the least thing about it. Most people know a little bit about heating, because they have been exposed to it all their lives. Still they call an expert if they plan changes in the heating system. Not so when it comes to air-conditioning. Partly this is due, of course, to misleading advertisements. One large mail order house recently sent a folder which showed the floor plan of a large living room, a kitchen and 2 bedrooms, and — believe it or not — one air conditioner to cool it all, even the arrows how the air would move, around the corners. The trouble is that cool air just does not move through a door opening around the corner into a room. And then there is the problem of getting the hot air out of the room through the same door.

If you want to buy an air conditioner, you are far better off to play it safe and call somebody who knows about it. We offer to make a free survey, and there is no obligation.

## Viewpoint:

By Warren A. Knight

Pennies, the most insignificant of our coin of the realm, come into their own July 1. On that day, citizens of the fair Garden State will start ponying up three cents on every dollar — in the name of a new law called the New Jersey Sales and Use Tax. It's a 3 percent levy on a wide list of items. There is some speculation on what the tax will do to Junior's penny bank — increase the flow of revenue as Mom and Dad collect coppers from stores in exchange for bills, or dip into Junior's treasure trove to pay for the 3 percent bite.

Watching public reaction, with bated breath, will be the legislators and politicians responsible for steering the bill through. Nearly thirty years ago, the late Governor Harold Hoffman wrote his political obituary with a sales tax. An irate and outraged citizenry raised such a hue and cry in angry opposition to the tax that it was repealed within a few months. However, times are different. Then, the nation was in the grip of the greatest depression in our history, thousands of Jerseyites were jobless and a penny was worth something.

This is a different era. Affluence is common, incomes are up and there are two cars in every garage plus a chicken in every pot. Further, the public has been conditioned to a tax-biting economy, so this is just another one to pay.

Besides, this is what the proponents of a broad-based tax have been advocating for years, and it finally got off the ground. A sales and use tax was the lesser of two evils, the other being a state income tax.

Full impact of the tax will take a while. Some exemptions have been written into the bill and if the form chart holds true, there will be pressures from special interest groups to get on the exemption bandwagon. Some are destined to make it, others won't.

Meanwhile, if there are any skeptics who believe this ill ole tax isn't complicated, weekly newspaper editors received a news release from Robert J. Costigan, state supervisor of the Sales Tax Bureau. The top man in the new bureau enclosed a list of 73 questions and answers, representing the queries posed most often in telephone calls and letters to the Sales Tax agency. Mr. Costigan advised the newsman to be on the lookout, in the near future, for a 24-page booklet — in attractive style — plus another 12-page publication, both covering basic information. Mind you, all this before a cent has been collected and all the lobbying for exemptions is still at the incomplete return stage.

Since the need for the tax was sold on the basis of increased demands for education, institutional requirements and other stat services for the benefit of the taxpayer, most of the public seems resigned to paying the bill. But not everyone.

Some retail merchants are vigorously opposing the tax, and circulating petitions. One group engaged in such activity is the N.J. Committee Against Sales Tax (CAST). Their petitions already are calling for repeal — before a cent has been collected. CAST particularly resents the

failure of the tax law to provide for reciprocal collection. Failure in this area means millions of Jersey dollars will be siphoned out of this state economy, as buyers go to neighboring states, make a purchase and have the item delivered to his or her home in Jersey. This buyer is obligated to voluntarily pay a "use tax" to Trenton. CAST predicts the commission of the reciprocity feature from the Sales and Use Tax will produce the greatest host of law violators since the days of Prohibition.

But don't hold your breath waiting for repeal. In fact, if taxpayers keep demanding all the services the politicians say they are demanding, within five years this state will have an income tax on top of the latest nibble.

When that happens, we'll have a pretty broad base, won't we?

## LETTERS TO THE EDITOR

### It IS a bit much

To the Editor, Times News:

I read with pleasure the articles in your last issue about the movement for an appointive Board of Education.

Elections of board members in Belleville has turned into a political circus.

When employees of the board are under suspicion of political contributions to elect their bosses, it is just too much.

When the Board asks the taxpayers to come up to \$571,000 in an annual budget increase as this year, it is just too much. When the town council field the school budget increase to \$200,000 and the board used it to give the biggest salary increases ever in our town, while cutting our special teachers in music, art, physical education, reduced school supplies and repairs, undercutting coaches salaries, eliminating school bus transportation, summer school, adult school, it is just too much.

When a Board of Education abuses its power by mistreating its employees when it is under suspicion of using reprisals and threats, it is just too much. When it rewards and promotes mediocrity when it is under suspicion of rewarding political workers, friends and relatives, it is just too much.

The only way to keep the school system from being a political machine, for election of board members is to have an appointive board. The appointive board member would be his best judge.

ment without reference to political elections. It is time for the principals to get back to the job of education. An appointive board will let them do it.

Our system of government makes use of the appointive process rather than elective when unusual independence and integrity are required. Judges and prosecutors are appointed, not elected. Members of the State Board of Education are appointed, not elected. All the state, county and local agencies are appointed, not elected.

The history of the elected Board of Education in Belleville is one of strife, dissension and politics. When the responsibility for appointive board members is placed on the top official in the community the appointments have to be good.

Congratulations to those who are rolling up their sleeves and moving for an appointive Board of Education.

EMIDIO ROCCO  
20 Nottan St.  
Belleville

(Rocco, you clarified the situation in a nutshell. Especially the part of your letter dealing with the matter of an elective board and voters suspicions that they would lose their right to vote. It is an office that requires unusual independence and integrity. There is no evil in an appointive board when proper appointments are made — and we are sure Mayor Pico would not violate the public trust. — Editor)

## How to Raise Delinquents:

The following "Twelve Rules for Raising Delinquent Children" were issued by the Houston, Texas Police Department

1. Begin with infancy to give the child everything he wants. In this way he will grow up to believe the world owes him a living.
2. When he picks up bad words, laugh at him. This will make him think he's cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.
3. Never give him any spiritual training. Wait until he is 21 and then let him decide for himself.
4. Avoid the use of the word "wrong." It may develop a guilt complex. This will condition him to believe later, when he is arrested for stealing a car, that society is against him and he is being persecuted.
5. Pick up everything he leaves lying around — books, shoes and clothing. Do everything for him, so that he will become experienced in throwing all responsibility on others.
6. Let him read any printed matter he can get his hands on. Be sure the silverware and drinking glasses are carefully sterilized, but let your child's mind feast on garbage.
7. Quarrel frequently in the presence of your children. It will keep them from being too shocked when the home breaks up.
8. Give to child all the spending money he wants. Never let him earn his own. Why should he have things as tough as you had them?
9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.
10. Take his part against neighbors, teachers and policemen. They are all prejudiced against your child.
11. When he gets into real trouble, apologize for yourself by saying "I never could do anything with him."
12. Prepare for a lifetime of grief. You'll probably have it.

## Mustaccio To Building Inspector; Det. Dunn To Retire, Says Burnett

By JOHN R. BURNETT  
Town Manager

I am presenting on this agenda an emergency appropriation in the amount of \$4000. to reconstruct the Town Council chambers by creating a dais to seat all five members of the Council; reconstruct the present railing and install a public address system.

I have notified Hugh W. Welsh, administrative clerk of the Department of Public Works and Affairs and Acting Building Inspector, that I am removing him from his assignment to Acting Building Inspector because of his long and continued illness and appointing Vincent Mustaccio as Acting Building Inspector as of July 1, 1966.

Under date of April 27, Anthony Cerami, owner of properties known as 555-563 Franklin Ave., is requesting that this Council consider the vacation of the unimproved Triton Street which runs at right angles from Franklin Avenue westerly to Third River for a distance of approximately 300 feet. The street is 50 feet in width and was established sometime prior to 1912. We have been unable to trace the reason for the creation of the street or the date on which it was dedicated.

Our examination of the records show only that it is on the official tax maps from 1912 to date. Cerami owns all of the property on the north side of the street and the Public Service right-of-way covers the south side. It apparently is a street that Belleville officials never believed necessary to develop because no attempt was made to cut the curb for access on the westerly side of Franklin Avenue. Abutting properties are assessed for approximately fifty (50) cents per sq. ft.

I see no reason for continuing this street on the Belleville Tax Maps and can visualize no use for which the street would be a necessary access road. If vacated and returned to the tax rolls it would return, at the present tax rate, approximately \$325 per year in taxes. This would be based on an approximate rateable of \$8000 for the land. I would recommend that the Council consider Cerami's recommendation for vacation favorably.

Patrolman-Detective Thomas F. Dunn has applied for retirement and will leave our service as of August 1, 1966.

The New Jersey Highway Department has rejected our request for State Aid monies to improve Smallwood Avenue, Cross Street and Laurel Court on the grounds that there is insufficient monies allotted to Essex County and Belleville has already had a large allotment of State funds still unused. They refer to the State allotment for the construction and reconstruction of Joralemon Street.

We believe that Joralemon Street plans and specifications will be ready within the next two weeks and we can then present the Local Improvement Ordinance to the Town Council for curbs and sidewalks which must be adopted before we advertise for bids for the physical development of the street. Town Engineer Raymond Daly will discuss our letter of rejection with the Resident Engineer of North Jersey and I will subsequently make further report to the Town Council.

Real estate and tax bills are now being processed and will be mailed to property owners during this week. The bills are late because of the delay when the State Legislature held up the determination as to amount of school monies to be allotted to the municipalities.

## James Pitrelli Appointed New Columbus Aide

Columbus Hospital recently announced the appointment of James Pitrelli as a member of the Board of Trustees.

Pitrelli is general manager of the Industrial Technology Division of the Lockheed Electronics Company.

Upon his graduation from St. Louis University where he received his degree in Aviation Operations Engineering, he joined the U.S. Government (OSI) as Chief, Counter Intelligence Division. In 1964, he joined the Curtiss-Wright Corp. as Assistant Division Manager in Methods Engineering and Technical Publications, and, in 1967, became sales manager of the Industrial and Scientific Products Division.

In 1959, he joined Gulton Industries in Metuchen, as corporate manager, industrial sales.

AMVETS ATTEND: Some 14 Amvet delegates of Post 26 here attended the 22nd Annual State Amvets Convention at Atlantic City June 3, 4, and 5. Two Belleville men were elected to office. They were Al Pico, elected vice commander, and Michael Marotti, elected for a three-year term as a trustee.

From left above are Marotti, who was awarded a Distinguished Service Award; Leonard Pico, Nutley, who is state commander; and John Zacone, Post 26 Commander, who accepted a plaque for the largest membership increase during the past year.

## William Geley Passes Exam For State IRS

Joseph M. Shotz, District Director of Internal Revenue for New Jersey, today released the names of New Jersey residents who passed the 1965 Special Enrollment Examination conducted by the United States Treasury Department.

Among those chosen was William Geley, of Belleville.

This annual examination presents an opportunity for tax practitioners who are neither attorneys nor Certified Public Accountants to qualify for Treasury Cards, which will enable them to represent their clients before the Internal Revenue Service. This examination is of particular interest to Public Accountants.

Director Shotz also announced that the two-day 1966 examination will be given in the Newark District Office on September 26 and 27.

Applications to take this examination may be obtained in Room 811 of the District IRS office at 1060 Broad St., in Newark.

Mail requests for applications

should be sent to P.O. Box 60, Newark, 07101 and the telephone number for information about the examination is 645-3876.

Completed applications must be mailed to the Director, Audit Division, IRS, 1111 Constitution Avenue, N.W., Washington, D. C. 20224 by Aug. 31. A check or money order for \$25 payable to the Internal Revenue Service must accompany each application.

### Four More Women Join The Bingo Winners List

Over the past eight weeks some 80 residents of Belleville, Nutley, and North Newark have played Newspaper Bingo — to their enjoyment if not financial gain. Of these 74 are eligible for the Florida vacation next week.

Monday the lucky person will be chosen, and the name announced in the June 23rd issue of the Times. Of winners three have won cash prizes twice, two have two chances each of being chosen to make the Florida trip, and three who declined to have their photograph taken lost their

### Sect. Freeman In Plea For Fight Against Famine

Orville L. Freeman, Secretary of Agriculture, said recently that, "The greatest challenge of our age is to meet and defeat the threat of famine in this world — to banish hunger from the earth in our time." He emphasized that if we fail, we will be met by "global catastrophe and another Dark Age."

Freeman addressed an audience of 7,000 people, at the Twenty-third annual Commencement of Fairleigh Dickinson University. Exercises were held outdoors on the Florham-Madison campus.

"I am here today to tell you that the greatest food crisis in the history of man will occur in less than 20 years — unless something is done about it in the here and now. By 1984, the crisis will be upon us."

"Under our Food for Peace program," he said, we have delivered 150 million tons of food, valued at more than \$15 billion to needy and disaster struck areas. Through this program we have saved millions from starvation, at the same time we were reducing our grain surpluses to manageable proportions, and at the same time we were stimulating world trade in agricultural commodities."

Mr. and Mrs. Garrett G. Vanderbilt, of 13 New St., are celebrating their 50th wedding anniversary.

### Two Town Residents Are Graduates From Fairleigh Dickinson College

Two area students are candidates for Graduate School degrees at Fairleigh Dickinson University. Commencement exercises will be held in the Madison campus on June 11.

Jay Ludwig of 310 Branch Brook Drive, is a candidate for the Master of Business Administration degree, majoring in business management. He is a graduate of Brooklyn College and is a staff accountant with Schering Corp.

Nicholas Vana of 6 Hornblower Avenue, completed his Master of Science degree requirements, majoring in mathematics, in February.

### Car Accident Injures Youth Wednesday Eve

#### Police Charge Joseph Cerrato With Careless Driving After Accident

Belleville police officers charged 17-year-old Joseph R. Cerrato of 12 Magnolia St. with careless driving June 8 after he lost control of his car and struck a tree.

He told investigating officers the accelerator stuck while going north on Carpenter St. He was taken to Clara Maass Memorial Hospital where he was treated for a cut over his left eye which required five sutures to close.

He was held overnight where he was listed as being in fair condition. He explained that his car went out of control, crossed an intersection, jumped a curb and over the lawn of a home at 78 Continental Ave. before striking a tree.

### Three Named Top Color Photogs By Kiwanis Club Men

Five winners of the Belleville Branch - Brook Kiwanis Club color photo contest were announced last week by Russell F. Hopkins, secretary of the group.

First prize of a \$50 savings bond went to Clinton H. Weeks, 103 Belleville Ave. who was chosen by a Montclair Art Museum photographer and Mrs. Lillian Bristol of the public relations department of the museum making the decision.

In second place was Arnis W. Burricelli, Bloomfield, who was awarded a \$25 savings bond by the Kiwanis.

Third place photographer was D. Tompkins, of North Newark who won \$10 in cash. All three will be guests during the Kiwanis weekly meeting where they will be photographed with their award winning photographs for the Times.

Weeks and William Gerold of Bloomfield also won honorable mention. The subject — and purpose of the contest sponsored by the Kiwanis Club — was to illustrate the Cherry Blossoms for which Belleville names its annual pageant.

### Cubmobile And Barbecue Planned For Next Sunday By Cub Pack 309

Gravity-propelled racers — better known as soap-boxes — will race down the steep incline between Cortlandt and Stephens Streets next Sunday afternoon at 1 p.m. in the first "Cubmobile" of the summer season, said Cubmaster Robert W. Reed today.

Some 14 Cub Scouts from Pack 309 will race two cars in two lanes down the incline under the supervision of Cub Scout officials. Also planning to attend was Mayor Nuncio R. Pico, Town Manager John R. Burnett, and councilman-elect Vincent Strumolo.

TAKING CENTER STAGE yesterday was Betty Bordonaro, 17, of 269 Union Ave., who made her parents prouder than she will ever know as she addressed her fellow students, parents, and school faculty members during the annual graduation ceremonies at the Stadium. Betty is a straight-A student who was chosen valedictorian. Her parents are Mr. and Mrs. Peter Bordonaro.

## Now That Classes Are Over For The Summer, What Do The Teachers Do During Vacation?

### Summer Hours Begin June 25 For Library

Summer hours for the Belleville Public Library will go into effect next week. Both the Main Library and the Silver Lake Branch will be closed on Saturday, June 25, and will be closed on Saturdays throughout the summer.

Beginning Monday, June 27, summer library hours will be:  
MAIN LIBRARY  
(Washington Avenue)  
Monday, 10 a.m. - 9 p.m.  
Tuesday - Friday 10 a.m. - 5:30 p.m. Closed Saturday and Sunday.

Emerson advised his fellow townsmen to manufacture school teachers and make them the best in the world. One has but to check the list of distinguished students who were graduated from Belleville High School the other day to see that we have some of the worlds

And as related students were heading for the doors last week after final examinations, weary teachers were heading for the quiet of their homes to correct the papers of their students. Teachers work, you see, is never done.

With the exception of vice principal John Westlake and several others in the school system, who are year-round employees, most of the teachers were planning for ways in which to improve themselves professionally, financially, or esthetically.

Take Barbara Tobia, a French teacher who lives in Madison for instance. She's heading for Middlebury College in Vermont where she plans to study for her masters in French. She's just ending her first job teaching here and will return in the fall, all yours plait.

Ernest Musmanno, another hometown boy, will forsake the business machines and their operation — which he teaches — and take a summer job at Clara Maass Memorial Hospital in the records department. His usual summer job as a director in summer school went down the drain with the budget cut.

Martin W. Lang, a mathematics teacher, will be attending Stephens Institute on a National Science Foundation Scholarship.

where he will work on modern algebra and computers. He's been with the school system for eight years.

Mrs. Muriel Cerami, a business teacher, plans to stay home and recuperate from the hectic school year, then she and her husband are going to the shore for a few weeks.

Tom Testa, one of the systems top coaches and director of the Adult School, which has also been eliminated by the budget cut, will be preparing for the football season next fall. "Can't start too early," he said. He's planning on trips to the beach with his wife and their three children. Testa teaches science at BHS.

Leonard P. Marciano, an English 4 teacher, will return to his summer job at Sears Roebuck in Newark — an annual part-time job he has held for the past 11 years. He's always in charge of the catalogue department there.

Miss Helen Hollberg, who teaches German, and heads the foreign language department at BHS, says her summer plans "haven't jelled" yet. She's been with the school system for the past 39 years, and is a BHS graduate herself.

Joan Davis, a business teacher

### School 2 PTA Urges An Affirmative Vote

The PTA of School 2 has planned an extensive campaign for their forthcoming Referendum June 29, which proposes a multi-purpose room and two classrooms at a cost of \$275,000.

At the present time School 2 does not have a kindergarten classroom, an auditorium or gymnasium.

This proposed referendum will provide the following much needed facilities: a kindergarten classroom, a physical fitness program and assembly programs.

The PTA of School 2 appeals to the public to recognize these needs and to vote favorably for the referendum's passage.

### Lions Name 11 to New Posts In Organization

Past district governor Henry Lewis installed new officers in the Belleville Lions club during their business meeting at Christian's last week.

They were Mike Trotta, director; Bob Williams, treasurer; Don Ross, secretary; Joe Sysol, 2nd vice president; Jim Schliefer, Tail Twister; Fred Weber, 3rd vice president; Joe Caruso, Lion Yamer; Irving Wolman, director; Joe Grosch, immediate past president; Les Demler, president; and Don Bowden, first vice president.

## School 2 Referendum Is Set For June 29 Ballot; \$275,000 Funds Sought

### Critics Say A New School Go Up For A Little More

The Belleville Board of Education approved a School 2 Referendum for June 29 that would add a utility room to the school, and supply furniture and necessary equipment plus alterations. The Board also placed on the referendum a school district bond issue for \$275,000 for the construction.

### Rec Department Opens Doors For Summer Season

Well, Summer's officially here.

Next Monday planned recreation will be provided the children of Belleville residents at nine different sites throughout the town under the guidance of the Recreation Department.

They will open at the Recreation House at 407 Jorammon St. and at other well-known playgrounds, including Municipal Stadium, the scene of many high scholastic sporting skirmishes; Planson Playground; Msgr. Kelly Playground; Fairway Playground; Clearman Field (already the scene of little league baseball practice by the small fry); and at Schools 1, 2, and 4.

There should be something for every taste and inclination, said Robert Cook, director. For all children between the ages of six to 14 there is handicraft, games, league baseball and allied sports, special events, swimming, and teen activities, all under expert supervision.

School 2 PTA members have been asking the board for a utility room for many years but have had little success. While the school is in an excellent state of repair, Fire Chief Carl Hundertpfund declared the upper floors a fire hazard and restricted the use of the auditorium, although the board permitted its use anyway.

Kindergarten students are now housed in the nearby Montgomery Presbyterian Church — a sore point with mothers whose children attend the school. The 65-year-old school does have an advantage over its fellows, the small number of students allows closer supervision by teachers.

However opponents of the proposed construction say that at some \$40,000 per room — and three are needed — with a real fund drive a new school could be built. But educationally, said one educator, the school has outlived its usefulness.

Polls will be located in all schools June 29, and will be open from 2 p.m. to 9 p.m. (The legal announcement is in today's Times).

MICHAEL MAROTTI

### Michael Marotti Re-Elected Head Of PBA 9th Year

The Belleville PBA, Local 28, held its annual election for officers and again elected Michael V. Marotti as their president for the coming year.

This will be Marotti's ninth year as head of the organization. At a recent get together members of the local presented Marotti with a Gold Life Membership card for Local 28. It was the first card given out in the history of the local.

Also elected were: Richard Sutton, Vice President; Anthony Fantacone, Delegate; Nick Berigan, secretary; David Martin, Treasurer; Charles Hood, Sergeant-at-arms; and Ermin Oliveri, Trustee.

## Movement For An Appointive Board Is Gaining Support, Reports BAC Leader

The Belleville Action Committee under the direction of Chairman Jim Ceres, 60 Smallwood Ave., reported his movement was gaining supporters as his action to replace the present elected board of education with an appointive board grew.

Two weeks ago Ceres, incensed by the board's involvement in controversy, litigation, and unpopular administration decisions, enlisted the help of his neighbor Frank Verian of 57 Smallwood Ave. and established the present action to unseat the board of education.

They now have some 4,000 petitions circulating throughout the town asking for the town council to submit a referendum to the people in November that would allow an appointive board to be named by Mayor Nuncio R. Pico.

"The trail ahead is one of conviction and concern," he said. "We are determined to emerge successfully in our movement for an appointive board of education." He cautioned the public against belief in unfounded rumors being circulated by opponents of the BAC.

"We are asking citizens to keep an open mind," he declared, and reaffirmed his organizations

pledge not to promote, recommend, or in any way interfere with the selection of an appointed board.

The BAC's purpose, he said, were to better the public image of the school system and increase its efficiency while removing political motives from board actions. "The convenants of school law statutes will be honored by our committee," he said today.

Board President Ernest S. Arvidson had said he would not oppose the groups action "if that is what the people want," but had
