## It's Newspaper Week

with the exception of the Board of Education, two back-biting principals in the system, and a former councilman, everyone is saying nice things about us today.

We hate to sound immodest, but, after all, The Times does some commendable things. For instance we have given the school system more attention than ever before — and would like to give it even more in the future.

We are hampered, however, by the Boards understandable reluctance to allow their journalism students at Belleville High School to get some on-the-job practice with a real newspaper. Mr. John Klotz, a journalism teacher who had turned out a creditable "school page" for The Times displeasure if he does the same for the

present Times management.
Who loses? The journalism students who train under the never-never land of idealism which bears little relation to the practical aspects of the business.

For anyone in the school system to deal with The Times is to receive the kiss of death from the Board.

## Some Facts And Figures

For those who understand and enjoy perusing colums of figures, and for those who have reason to compare community budgets, tax revenues and school expenses, a booklet of such financial statistics makes good reading. The 1966 edition of Financial Statistics of N.J. Local Governments has just been published by the N.J. Taxpayers Association in Trenton. Many will find it useful.

The objective of this reference book is to provide significant basic data for the person who has use for local government statistics. The report covers municipal expenditures, assessed valuations, taxes levied, operating budgets and offer information for municipalities, school districts

The current publication is the 21st annual edition of this report on Financial Statistics. Once again the Taxpayers Association acknowledges the assistance of public officials and employees in local government who have helped in making available and compiling the vast amount of detailed information which is brought together in this 62-page booklet. ## 'Disability' Law **Broadened By The** Social Security

The Social Security Amendment 1965 made several important changes in the disability insurance provisions of the Social Security Law.

William . Arnold, District Ma nager of the Social Security Of fice in Newark, said that payments are no longer limited to people with "permanent" disabilities. Now a person may be cuts. Have your service station eligible for benefits if his disattendant put your car up on a ability is expected to last 12 calendar months. A new means of entertain ment is available while you drive your automobile. You can buy a car tape player (not a recorder). Of course it is stereo and uses 4 or more speakers. It is very easy to operate. One inserts a cartridge, and this, under favorable driving conditions, can even be done while driving.

The advantage of such a system is that you can select what you want to hear. At this time one can not choose the beginning of a program. If it was stopped in the middle one program, you may shift to another program, but the beginning will also be in the middle. You might have to listen to several programs until you arrive at the wanted

The first players had four tracks, that means the width of the tape accomodated 4 lines. Now there are 8 track tapes available. It is the same old story, instead of getting together and set up standards. one company makes one kind and another one the other kind of tape, the same as with picture tubes, which come in all sizes from 3" to 27" on black and white sets. One would think that this waste would have been eliminated when color TV began. But no, the same thing started all over. Now there is a 12" color tube, soon we will have a 15", then there is now a 19", 21", 23" and 25", to which soon will be added another 22" tube. Of course this is ridiculous and a great waste.

There are some improve nents due yet on car record players, which undoubtedly will be made soon. When the car is not running, there is some hissing sound from the tape. Once the car is in motion, the motor and road noises cover this hiss up.

## **COLOR TV!**

"It's fantastic! You have more color TV sets on display than department and highway stores." This is what a customer told us last week. He is right, we display at least twice as many, and only the best, like the Magnavox set shown above, for

That is one reason why we are the largest single, independent, self-servicing color TV dealer in the State. Another reason, of combe is that we have our own techniques with 12 years experience to install and service your color set. We also offer our own budget plan, no banks, finance companies, so-called "factory" service or hired truckers; everything is done by our own personnel. The more strange people involved, the greater the chance of a foul up. This cannot happen with us, there are no outsiders.

The Magnavox set shown above has 265 square inches (21" tube) of the sharpest and clearest picture. A color purifier (degausser) is built in. There is no long warm up time, the picture comes on quickly and the chromatone feature gives soft, pleasing colors. A 9" speaker and tone control give very good sound. This set is Authentic Colonial cabinet design in warm maple finish.

## 59-Yard Pass Play From Del Guercio To San Filippo Opens BHS Lead...

THE BEGINNING OF THE END: With less than a minute to play, Nutley's Tom Buel fired off an 18-yard pass to Doug Arnold in the end-zone, connected, and with a circus pass ended the game 13-7 with the Nutley Maroon Raiders ahead

six-points. Rich San Filippo (37) braces himself for the pass, but was floored by John Lucas (89) and two other Nutley musclemen. Here the ball sails southward and into the end-zone

WAITING FOR THE BALL was Doug Arnold (27) south of the goal-line in background and ready for the catch. Here he watches the ball spiraling through the air headed his way. On his back is Steve Figurrelli (27) who tripped while run-

ning backwards in a desperate effort to knock the ball down. San Filippo moves in to cover from left, but it was too late with too little. Seconds later Arnold had the ball in his hands to end the game.

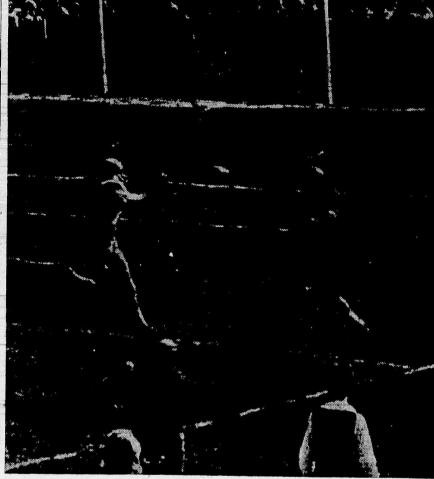

THEY COULDN'T BELIEVE IT: Slightly stunned by the sudden turn of events, these Belleville residents simply couldn't believe their eyes. The annual Bellboy-Maroon Raiders game is one the whole fown takes part in. It's a community effort and the result of the 13-7 game loss left them saddened but ready for next year.

AERIAL DUEL: A lot of the action took the form of passing which finally paid off for both teams and accounted for some of the most thrilling moments of the game Saturday afternoon at The Stadium, Here San Filippo (37)

and Nutley's Bob Miesieski (14) strain for a LATERAL PASS? No, it was just another long one that could have changed the tide of thrilling bit of football play. who could have added 5-yards - and possibly a TD - for the Maroon Raiders if he had

snagged the ball, which bounced ineffectively into the end-zone and counted for nothing during a game where every break counted heavily for both teams.

ANOTHER TRY: Quarterback Tom Buel (43) at left fired off eight passes, but only connected on one — the TD in the final minute! Reaching for the ball while trying to block it are Don Vizzone (52), Goerge Damico (28), Calabria (45,)

and Joe Della Volpe. They could have saved their energy, because the fall fell short. In background is part of the capacity crowd who watched the annual football classic between two great towns. Note spectators at fence.

THREE AGAINST ONE: Figurelli (27) heads south in the early moments of the game, lugging the pig skin for additional yardage during the Belleville-Nutley game Saturday afternoon before a full-house. Closing in fast are Nutley's Graig Hatch

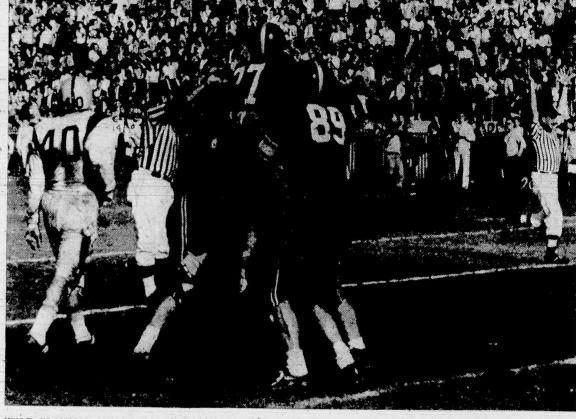

(45), Bob Miesieski (10), and a third Raider who prepares for the tackle. None of the Bellboys were around to give the Bellboys protection. The BHS squad was supposed to be "inexperienced" — but don't believe it.

## But Nutley's Tom Buel Fires 18-Yard Pass To Win Game In Last Minute

AND HE GETS IT! Hugging the ball with a death hug, Arnold (27) falls flat on his face clutching these six extra points. Still trying to grab the ball Figurelli, at right, reaches vainly for the decision-making pass as San Filippo

(37) rushes in for the kill. Ray Ritacco (40) hurried up too, WILD ELATION: Hoisting Arnold shoulder-high was Lucas just in time to help the elated Arnold to his feet after win(89) and team-mates who yelped with joy while winning a ning the game by a last minute, hairs-breadth catch of the

Choosing the lobster you'll enjoy for dinner from a large "lebster tank" is only one of the exciting prospects awaiting you at the San Carlo Restaurant, 620 Stuyvesant Avenue, Lyndhurst. Owned and operated by Rudy and Ray Melone and their wives for 17 years, the San Carlo has a delicious array of Italian-American specialties designed to give you the best of cuisine amid a relaxing atmosphere. Their wonderful Veal Scallopini, Sizzling Steak and Chicken or Veal Parmigiana are only samples of the tempting dishes offered each day of the week with the exception of Monday. Lunch is also served from 11:30-1:00 and until 2:00 on Saturdays. Beside the main dining room and the cocktail lounge, the San Carlo also has three banquet rooms which can accommodate from 10 to 300 people. For an evening of soft music and good eating drop in on Friday or Saturday to hear Estelle Martinique on the Hammond Organ.
