

TRANSPORTATION COMMITTEE — A newly appointed committee to help find a solution to the town transportation problems was formed recently. Being sworn-in at the home of Commissioner Vincent T. Strumolo.

Transportation Committee Is Formed In Belleville

A move to provide a more progressive transportation system in Belleville was inaugurated recently with the creation of an official transportation committee.

The group, organized on recommendation of Commissioner Vincent T. Strumolo, was formed to repair a number of practical transportation problems in the community, to form a bond with surrounding municipalities to handle area wide transportation complaints, and to undertake a series of noble and far reaching tasks which would provide more fluid circulation throughout Belleville.

First on the agenda was formation of the new board. Strumolo appointed his committee of workers: Michael Del Russo, chairman; Dominic Palangio, the vice chairman; Mrs. Ida Cordi, secretary and Fiore Strumolo and Eugene Harvey.

Will Handle Complaints — The new members were sworn into office at Strumolo's home. Eugene Barnett, town clerk was on hand for the ceremonies. Strumolo said that towns in N.J. have been creating transportation agencies to handle complaints from residents and to investigate the facilities provided by bus, cab and train companies. In Belleville, for example, the committee might become an effective liaison between residents and, say, Public Service.

Once the committee becomes further entrenched in Belleville transportation problems, it may prepare legislation for the local government to adopt which would allow a smoother, safer and more satisfying flow of transportation in town. The committee may also serve as a body of inspectors. Strumolo gave the new members badges and identification cards which are registered with the police department.

Investigations and Laws — Such investigations and proposed new laws might be the prohibition of buses and other diesel engine vehicles to park with their motors running. This particular move, which is being taken in Bloomfield hopefully would become a further control over air pollution.

Another thought which is being given only the loftiest consideration by the young committee is the creation of a circular bus route around Belleville.

The route might possibly include frequent bus trips from the Bloomfield line at Belmont Avenue

into the Silver Lakes district, through Somo, around the valley, toward the Nutley line to Franklin Avenue past the shopping centers.

The committee said it realizes that transportation is lacking between the Silver Lakes district and the downtown shopping districts of Belleville. The situation not only interferes with community unity, it also causes Silver Lake residents to shop and bank elsewhere.

Silver Lake Shoppers — One Silver Lake resident theorized that a large percentage of

citizens in that area of town shops and banks in Bloomfield where there is an excellent bus connection rather than attempt to get to the center of Belleville.

The committee was quick to add that these proposals are still very much in the ether and that it may take years to completely formulate a satisfactory transportation pattern in Belleville.

In the meantime, the committee plans to ask for the aid of the Chamber of Commerce and other civic groups, not to mention the Town Commission.

Reform Republicans Down In Belleville

In light polling during the primary elections here, Vincent Capetta and Tim Keferdort defeated their opponents J. McManis and J. Izzo 2-1 in a local contest for Democratic chairmanship in the first ward's third district.

In the second ward, first district Thomas Devine lost out in an attempt to win chairmanship of the Democratic organization. He was defeated by F. Pulidore and A. Camerson.

On other levels the Reform Republican suffered at the polls as local GOP forces favored the Organization Republican candidates for Clean Government.

For State Senate the tally was (Reform Republicans) Walworth, 371; Maturri, 390; Dowd, 338; Del-Tufo, 402; Walder 332 and Remington, 330. Organization Republican candidates: Bate, 529; Kimmelman, 533; Guiliano, 603; Boyle 519; Smith, 511 and Soriano, 565.

In the assembly, (Reform Republicans) Davis, 333; Molinaro, 356 (Organization Republicans) Caputo, 578, and Fiore, 566.

For Sheriff, Organization Republican candidates Deubel defeated Reform Republican contender D'Ambola with a vote of 523 to 389 respectively.

For freeholder (Reform Republicans) Corrado, 351; Augenblick, 313; and Reuter, 301. (Organization Republican Genova, 571; McDonald, 567 and Clark, 537.

Belleville-Nutley Alumni Game This Saturday

The Belleville - Nutley Alumni Football game will be held Saturday at 8:15 p.m. in the Municipal Stadium in Belleville.

Tom Appicelli is coach for the Belleville unit. Tickets for the annual gridiron spectacle are still available.

SPONSOR — Vincent T. Strumolo, director of committee which he created to handle transportation difficulties in Belleville.

LOCAL SCHOOLS BEGIN TRAFFIC SAFETY PROJECT

Police, Administrators Endorse New Program

A student-centered traffic safety program was launched last week in the Belleville elementary schools, according to Anthony J. Greco, superintendent of schools, and Donald Smith, Belleville police chief.

Called the Green Pennant Safety Program, the effort is aimed at making every student of every school conscious of the vital need for traffic safety. At the same time, it provides recognition to those schools with outstanding traffic safety performances.

The program, in effect 24 hours a day, seven days a week, is sponsored by the Chevrolet plant in Bloomfield.

Large Green Safety Pennants, embossed with the image of a school safety patrol boy, are given to each school to signify accident-free periods of participation in the program. Each school must earn the right to fly its pennant on the school flag-staff by completing 30 consecutive days without a student-related traffic accident. The Belleville police Department will determine when a school should lower its pennant.

Safety Pennant — If a school records a student-related accident, the Green Pennant must be lowered and displayed inside the building to dramatize the need for safety. The affected school then must complete another 30 consecutive accident-free days before the pennant can be raised again.

Harry D. Clark, manager of the Chevrolet plant, said, "The Green Pennant does focus attention on safe walking, bicycling, and driving habits. The program has helped to reduce accidents in other cities, and it can do the same here in Belleville if every one will be just a little more safety conscious."

A school which completes the entire school year without an accident is eligible to receive a "Perfect Safety Award" certificate from General Motors. Nationally, the Green Pennant Program operates under General Motors sponsorship in over 580 cities in 42 states, with more than 2½ million students in over 5,000 schools participating.

All Belleville public elementary schools are taking part in the Green Pennant Program. In addition, the principals of the two primary parochial schools, Sister Filomena DiCarlo, M.P.F. of St. Anthony's and Sister Mary Lois of St. Peter's, have announced that their schools will also participate in the safety program.

Ladies Send Gifts To Boys In War Zone — The Belleville Fire Department Ladies Auxiliary is continuing an interesting service for local families with boys in Vietnam.

The women's organization is sending packages of food, candy and other items which are difficult to get in Southeast Asia in the middle of a war, to Belleville servicemen.

The auxiliary does have one problem. So far the ladies do not have a complete list of Belleville boys in Vietnam. Since they do not want to miss one Belleville in Vietnam, they have requested that parents with sons in the war zone offer the names and service addresses so that packages can be speedily sent to them.

More than 160 packages were mailed last year on an average of about 20 per month.

Auxiliary Meets Tonight — The ladies auxiliary will meet tonight at the Belleville Recreation House. Parents may contact the overseas chairlady, Mrs. Joseph Thalheimer there, or at her home at 416 DeWitt Avenue.

The women in the overseas committee include Peggy Reed, Betty Shaffer, Ruth Hundertfund, Helen Vicari, Nancy Cancelliere and Madeline Thalheimer.

The "packages to Vietnam program" began last September. It is completely financed by the ladies in the auxiliary. They pay for both the contents in the packages and the postage.

Names and service addresses may also be left at the town fire houses.

Officer Ryan noticed an 18-year-old youth running on the street in the vicinity of his home at approximately 2:30 a.m. His suspicions aroused, he stopped the youth to question him and at the same time noted a large screw driver in the boy's pocket.

Not satisfied with the answers he received, he placed the boy in his own car and brought him to Belleville Police Headquarters for further questioning.

"Subsequent investigation showed the youth had forcibly entered a motor vehicle which had been parked in the proximity of Ryan's home and fled when he thought he had been detected.

The youth was charged with "tampering with a motor vehicle," needless to say that without Officer Ryan's intervention this might well have been a stolen motor vehicle.

"You might justly be proud to have men of Officer Ryan's caliber on your staff. Please extend my personal thanks of Officer Ryan as well as those of Kenneth D. Smith, director of public safety and Donald Smith, chief of police," Haight said.

Warden Rush wrote back to Haight:

"Thank you for the letter wherein you expressed the appreciation of the Belleville Police Department."

(Continued On Page 12)

SAFETY SYMBOL — Holding the green pennant, symbol of the no accident record in Belleville elementary schools are (left to right) Anthony J. Greco, superintendent; Mayor Kenneth D. Smith, Herman Wische, director of athletics and Harry D. Clark, director—Lieutenant Robert Russomano, Michael T. Rosamilia, assistant superintendent of schools; export operations at the Chevrolet Motor Division's Bloomfield plant.

Workers Exonerated

Building Inspector's Office Investigation Has Climaxed

The long and complicated investigation of the Belleville Building Inspector's Office has come to an end.

Leonard D. Ronco, assistant Essex County Prosecutor, advised the Commissioners, "Prosecutor Brendon T. Byrne has directed me to write to you concerning your recent inquiry as to the status of the investigation of alleged building code violations."

Ronco said, "The prosecutors investigation revealed no substantiation of the allegations. Investigation closed."

The commission then, as the committee of the whole, succeeded in the investigation of the building inspection Department also decided to consider the investigation closed.

Department Exonerated — The commissioners also determined that the employees involved in the investigation are completely exonerated. It is regrettable that dedicated employees were placed in so untenable a position and subjected to unnecessary publicity as the result of the charges alleged against them.

Also, that the investigation has been thoroughly studied by the Essex County Prosecutor's Office and found to be without substantiation is, of course, to the credit of the employees, the commission said.

Although no specific charges were made, the Belleville Town Council had requested the Essex County Prosecutor's office to initiate an investigation into the Town Building Inspector's office. Acting in a series of secret conclaves termed actions of the Committee In Full, the council has spent about seven months and about \$2,000 on the investigation.

Much of the council's concern was based on the recent Lehr Report which was compiled last November and never released to the public.

Although the 113-page report had still not been released by the council, Times-News staffers had obtained details from municipal sources.

The extensively detailed report consists of a review of twenty specific properties whose developers, the council majority apparently felt should not have received building and/or occupancy permits.

The investigation review was made to determine compliance with the zoning requirements. "The building plans were first studied and a field inspection was made to determine conditions of the 'as built' site," according to Frank H. Lehr, head of Rank H. Lehr Associates, consulting engineers.

Particular attention was paid (Continued On Page 12)

Local Chamber Thanks Hospital For Class Use

The Chamber of Commerce commended Clara Maass Hospital officials for allowing the chamber to use a room in the hospital conduct the Dale Carnegie course.

The second session in a series of 14 Dale Carnegie meetings will be held tonight at Clara Maass. More than 30 businessmen and local industrialists are taking the chamber sponsored course.

Harry French, chamber of commerce director said the studies are tailored to the individual and would accomplish wonders towards providing Belleville with a high calibre of leadership.

"Aimed primarily at the businessman and industrialist, the program is designed to improve customer relationships, to strengthen skills, and attitudes of personnel, and to create a more powerful supervisory force."

PACKAGES TO VIETNAM — Members of the Belleville Fire Department Ladies Auxiliary wrap packages bound for American servicemen in Vietnam. From left to right are Peggy Reed, Betty Shaffer, Ruth Hundertfund, Helen Vicari, Nancy Cancelliere and Madeline Thalheimer.

Mount St. Mary's Graduates Charles Connolly of Belleville

Charles S. Connolly, son of Mr. and Mrs. Sylvester Connolly, 128 Carpenter Street, was

A great story—but in two words... "Edward's Shoes"

graduated from Mount St. Mary's College, Emmitsburg, Md., with a BS degree in chemistry.

Assistant chief engineer of WMSM, the college radio station, Connolly was also conductor-director of the college band and a member of the Strength and

Health Club, Metropolitan Club, Paradise Club, Science Club, American Chemical Society and Rifle Club.

A graduate of Belleville High School, Connolly will enter the US Navy as an aviation officer candidate this month.

Miss Cerrato Gets Degree, Teaches Spanish

Miss Josephine Cerrato, daughter of Mrs. Vita Cerrato, 420 Joralemon Street, received an MS degree at recent State University College commencement ceremonies on the college's New Paltz, N.Y., campus. Miss Cerrato majored in Spanish.

A teacher of Spanish at New

Milford High School, she also holds a degree from Montclair State College, Upper Montclair. Miss Cerrato attended an NDEA institute for Spanish teachers at the New Paltz college in 1965, and has also studied at the University of Valencia in Spain. She is a graduate of Belleville High School.

Joseph Hatch Is DeWitt Contest Winner

Joseph Hatch of 129 Joralemon Street, Belleville, is the lucky winner of the August "Win-A-Bond" contest conducted by DeWitt Savings and Loan Association. Mr. Hatch won a \$25.00 Series E U.S. Government Bond.

Donald Bowden, President of the Belleville Lions Club, drew Hatch's name from the "Win-A-Bond" Box in the DeWitt lobby. The drawing was held on Friday, September 1. Mr. Hatch is with the Sisco Dairy of Clifton.

The "Win-A-Bond" contest is being conducted to help celebrate the 25th Anniversary of DeWitt Savings and Loan Association.

Each month one lucky winner will receive a \$25 Series E U. S. Government Bond. Everyone is eligible to participate, according to DeWitt, and there are no jingles to write, nothing to buy and nothing to send. It's not even necessary to be a depositor.

The rules for entering the contest are simple. Just ask any DeWitt teller for a DeWitt "Win-A-Bond" entry blank certificate and fill in name, address and phone number on the stub. Drop the stub in the DeWitt Bond Box and retain the certificate.

On the first business day of each month a drawing will be held at DeWitt and the lucky winner will be notified by mail. A new contest will start on the first of each month.

BOND WINNER -- Donald Bowden, Lion's Club president (right), presents the name of the lucky winner of the DeWitt Savings and Loan win-a-bond contest to Robert M. Williams, DeWitt's executive vice president. The winner was Joseph Hatch.

Canada's Expo 67 Includes Unusual Sculpture Pieces

Massive pieces of sculpture from all over the world dot the plaza and parks of the Expo 67 site in Montreal, but three of the most unusual pieces are strictly Canadian.

Alongside the Atlantic Provinces Pavilion lies a puzzling pile of bones. Or is it a pile of bones?

This sort of speculation delights John Schreiber and Witold Kurylowicz, two architects who journeyed to the little fishing village of Conception Bay, Newfoundland to gather 250,000 pounds of whalebones for what in artist's jargon is called a "found" sculpture.

"Actually it's a curiosity, a puzzle, and most of the artistic credit goes to Mr. Kurylowicz," says John Schreiber. "He has the sort of funny mind that it takes to make a monster or a Viking ship out of whalebone. We don't care what people think it is. That's for them to decide."

A 65-foot totem pole, painted red, black and white and topped with the distinctive hook-beaked Thunderbird, towers over visitors entering the Indians of Canada Pavilion. Carved by Henry Hunt and his son Tony, Kwakiutl Indians of Vancouver Island, the big cedar pole represents the unique art form of the West Coast Indians.

Totem poles were raised as a form of graphic biography, and were erected by a family to commemorate one of its dead. The figures carved one on top of the other were stylized symbols of the legends in the family history. At the top of the pole was the spirit symbol, rather like a family coat-of-arms, and at the very bottom, the figure of an old man, the founder of the family line, bearing his heritage on his shoulders.

The very modern sculpture sandwiched between the Ontario Pavilion and the north shore of Ile Notre-Dame is a striking contrast to a traditional totem pole, but it represents Canadian tradition nonetheless.

Yosef Gertrudis Drenthens, a young Belgian who came to Canada with his parents in 1951, chose to celebrate the pioneer tradition of Ontario with an extraordinary sculpture of a pioneer family and their house. The realistic frame of the house was built with timbers salvaged from real pioneer farmhouses in rural Ontario. Mounted on the frame are four gigantic futuristic human figures, masses of copper sheets and pipes and wheels.

Each of the figures holds a symbol. The father has a plow and harrow; the mother, a spinning wheel; the little girl, a doll; and the boy, a toy horse on wheels.

TESTIMONIAL PLANNERS—Belleville educators and town leaders plan a testimonial dinner for assistant school superintendent Michael Rosamilia. The event has been scheduled for October 11 at the Fountain Restaurant in Belleville. Lou Bruno and Alma

Faruquee Resigns Library Position

Ataur Faruquee, principal librarian with the Belleville Public Library for the past year, has resigned his post to become director of the Carteret Public Library.

In Belleville Faruquee served as assistant to the library director and head of adult services. He initiated and led the library's

lecture-discussion programs and also was the initiator and editor of the "Belleville Community Calendar of Events" which is published monthly by the library. Faruquee assumes his new duties in Carteret in October. No successor has yet been appointed.

Fire Chief Hundertpfund Attends Talks

Chief Carl Hundertpfund of the Belleville Fire Department is attending the 94th Annual Conference of the International Association of Fire Chiefs, and will take part in major discussions on the fireman's role during a civil disturbance, and proposed resolution which calls for outlawing untreated wood shingle and shake roofing materials.

All attending fire chiefs will take part in the discussions on civil disorder, since so many smaller fire departments have reciprocal agreements with metropolitan departments to aid each other where major fires cannot be contained.

The resolution on untreated wood roofing materials was introduced because a growing number of fire chiefs have viewed with alarm the increased use of this material. Many cities and counties throughout the country have outlawed wood roofs because they consider them to be a fire hazard.

On Wednesday afternoon, the chiefs will have an opportunity to see a demonstration which compares the fire retardant qualities of fire rated asphalt roofing with the more combustible untreated wood materials.

DeJonge are dinner co-chairmen. Others on the committee include Larry Schwartz, Mary Saletta, Viola Spray, Bob Cooke, Bill Lopastrada, Ed Lerner, Seymour Grossman, Raymond Smith and Herbert Wische.

Prudential Hired 3 Belleville Girls

Three Belleville girls, all 1967 graduates of Belleville High School, have joined the Prudential Insurance Co. at its Newark headquarters.

They are: Carol Ukson, 62 Fairview Place; Helen Memoli,

20 Cedar Hill Ave.; and Patricia Sheridan, 434 DeWitt Avenue. Miss Ukson and Miss Memoli have been assigned to the office services division. Miss Sheridan has been assigned to the group annuity department.

Varsity Club Begins Drive for Members

The Varsity Club of Belleville has announced plans for a drive to secure new members. This organization is a non-political and non-profit organization which is incorporated and dedicated to encourage and support high school athletics in Belleville.

The club sponsors the annual football dinner and all-sports dinner to honor the young people of the town.

The club is open to all men of Belleville and meetings are held on the second Thursday of each month at the Little League Clubhouse on Montgomery Place in Belleville at 8:30 p.m.

All High School and Junior High School coaches are honorary members of the club. New football head coach John Amabile and his staff have been invited to tonight's meeting. It should afford an excellent opportunity for the men of town to become acquainted. This meeting should be of particular interest to fathers of boys out for football for the first time.

Michael Luongo is chairman of the program assisted by John Shelesky, Anthony Cervasio, Ralph Casale and William Ellis. Refreshments will be served.

The universe would be a mistake if there was no hell for selfish people.

Belleville Resident At NIT

Henry Woodward, son of Mr. and Mrs. Bertrand Woodward, 64 Franklin Street, is now attending Northrop Institute of Technology in Inglewood, California.

Studying Airframe and Powerplant Maintenance at Northrop Tech, Woodward is preparing for a career as an aviation maintenance technician. According to school officials, increased air travel, air freight and air express in recent years have resulted in a shortage of qualified aviation technicians. Upon completion of this program he will be qualified to take the examinations for his Airframe and Powerplant Certificate issued by the Federal Aviation Agency. In addition, he may be accepted by the College of Engineering at Northrop Tech to study for the bachelor of science degree in Aircraft Maintenance Engineering.

Northrop Tech, often called "the college of the space age" because it has graduated almost 10,000 young men for careers in the aerospace and electronics fields, is a privately-endowed institution. It is accredited by Western Association of Schools and Colleges (Western College Association).

Before he began his studies in Inglewood at Northrop Institute, Woodward was graduated from Belleville High School.

Peter Palmadesso With Telephone Firm 25 Years

Peter P. Palmadesso of 14 Oak Street, Belleville, marked his 25th service anniversary with the New Jersey Bell Telephone Company recently.

Palmadesso is an operations clerk for New Jersey Bell's supply department at the Western Electric distributing house in Union. He is a member of Paterson - Passaic - Ridgewood Council, H. G. McCully Chapter Telephone Pioneers of America.

Palmadesso is married and the father of three children.

Local Veterans Plan Big Parade

The Belleville Veterans Council announced that this year's Veterans parade date has been set for November 12 at 3 p.m. Rain date will be November 13th at 8 p.m.

At the present time the committee members are contacting bugle and drum corps, local organizations and many others to make "this one of Belleville's

best parades." Any local organization wishing to participate can write, Joseph Fornaratto, Belleville Town Hall, Belleville, N.J., for details.

Members of the Council who attended include, Post 299, the American Legion, Post 275, Veterans of Foreign Wars, Barbone - Mosco Post 7, Italian American Veterans, Post 105

The New Cars

Most Americans enjoy new automobiles and the latest shapes and styles and reading the claims of manufacturers. In fact, the changing of models each year, which is to occur next month, has developed all the aspects of a national automobile fashion show.

The 1968 models will soon be hailed in the newspapers, in magazines and on television. To read the ads, one would think life pretty dull without one. Certainly if one believes the ads, he feels slightly outdated.

Our idea of the normal life span of an automobile is quite different from that in Europe, where cars are bought and kept ten or fifteen years. The average European isn't as interested in new style lines on the outside

as much as his American counterpart, and he is inclined to care for his car better. In some European countries garages have legal authority to order owners to buy or retread tires.

Models capable of high speeds are required to have six-ply tires (many new American cars have changed over from four-ply to two-ply tires as standard new-car equipment). Inspections are required in practically all countries.

There is little doubt that, dollar for dollar, U.S. automobiles are comparative bargains. But whether we place the emphasis on the right things in our rush for the newest, the latest, and to keep up with the Jones, is another question.

The Sun Will Last

One of the mysteries which intrigues the mind of man is the source of energy from the sun. Scientists, developing their theories in the light of new discoveries, believe the sun's light and heat can be explained by the conversion of the sun's mass into energy. They estimate the process can continue indefinitely.

The size of the sun's mass can be somewhat appreciated when we learn that even though it loses weight at the rate of 4,600,000 tons a second, there is enough mass to keep the sun shining for billions of years. One expert estimates the pro-

cess of the carbon cycle requires five million years to complete, but that it is so slow only one per cent of the hydrogen in the sun is transformed into helium in a billion years.

We make no attempt to explain the technical details but they involve temperatures, deep in the sun, that reach fifteen million to twenty million degrees. Such figures are beyond the comprehension of ordinary individuals. About all one can get out of the information is renewed respect for the wonder and magnitude of creation.

Queen Mary Survives

When Cunard announced earlier this year the famous Queen Mary would be taken off the blue-ribbon North Atlantic run this fall there was talk she would be scrapped.

The Queens, the Elizabeth and Mary, are the biggest passenger ships in the world, so big, in fact, they are no longer economical to operate. Thus the Queen Elizabeth, too, will be taken off the North Atlantic and replaced by a new, more modern Cunard vessel next year.

Cunard asked for bids on the Queen Mary, which makes her last run in September, and no one knew if there would be much of a market for such a great ship. Yet some sixteen offers had been received when the day for consid-

ering them arrived. The highest was made by the city of Long Beach, California - \$3,450,000. The next highest made by New York City - \$2,400,000.

Long Beach will use the Queen, of more than 80,000 tons, for a maritime museum, as a hotel, for restaurants and a trade exhibit center. It will be docked in the Long Beach harbor. Thus proud Queen Mary escapes the wreckers, as she escaped the U-boats in World War II, when she carried many Americans to and from Europe. In those days she carried 20,000 passengers on a crossing.

And fortunately one of the two largest passenger ships ever constructed will remain afloat for many to see in the years to come.

Babson's Point of View

Higher Income Taxes

Chairman Mills of the House Ways and Means Committee is now working day and night on President Johnson's proposed 10% surtax. Mr. Mills is a man of great intelligence, boundless energy -- and is a skilled parliamentarian. Prodding here, delving there, he probes witness after witness ... to satisfy his own mind and the minds of his Committee members. You can be sure there will be no tax jump unless Chairman Mills is convinced it is in the best interests of the United States.

Back in July we told you in this column that the great tax battle would soon begin. Then there was growing belief that both the President and the Congress were going to pass up a new tax. But Mr. Johnson was just waiting until his economic advisors told him that a business upturn was reasonably well assured. When they did, he fired off his 10%-tax-hike message forthwith.

Just as the long lull in any tax action prior to August led many to think that there might be no Presidential insistence on higher levies ... so the din and smoke of battle in the Ways and

Means Committee obscures the final outcome of the big tax set-to. Listening to the sharp questioning directed at top Presidential witnesses one might conclude that the Administration is losing. That Congress would vote no tax. But the opposite may well be the case.

Two major points are at issue: (1) Is the federal budget deficit going to be big enough to require raising additional revenue? (2) Is the national economy strong enough to stand a tax boost without being thrown into a tailspin?

In grandpa's day, horse trading was a necessary art. The first rule for success was: He who names his last price first is lost! There is a lot of the horse trader in all politicians. That is why we feel that the President's first-named budget deficit of \$29 billion may not be his last. But even if he comes down to \$24 or \$25 billion, an awful lot more tax revenue will be needed. We doubt if he or the Congress can slice it thinner. And, as for the health of the business patient, our staff is convinced that the worst of the 1966-1967 business slowdown is now over.

LETTERS

Richard Blanch

Is Remembered
To the Editor:

The following poem was written in remembrance of Richard Blanch a resident of Belleville who was killed in an automobile accident in June, I attended Cumberland College with him in Lebanon, Tennessee and wrote this poem following his death.

I am sitting at the foot of a tall, gleaming flagpole.

The flag is flying at half mast. I realize with agony the symbolism behind this expression of respect and vainly attempt not to remember that he is gone.

As I gaze at the blowing flag with self pity, I also reprimand my stricken soul for being less than perceptive.

Afflicted with the knowledge that he will no longer be close enough to converse with me or to touch, my thoughts have become tear-stained so that I may not recognize the importance and ultimate meaning of his departure.

I fear that my insight has become distorted and my values misplaced.

My sustaining consolation, rather, should lie in the belief that he has passed into an abstract realm void of time and space where he must certainly be finding strength and finally escape.

But I am not consoled. For these are merely figments of my own naive conjecture.

I am bewildered and am left only to seasons of impatient waiting -- a mortal bound to the suddenly insipid earth.

Beneath the carefully cultivated facade so earnestly maintained he truly dwelt.

There, inside his secure light-house he was safe for awhile from the waves of reality ... as one in a glass house by the sea views the rugged beauty of the ocean, but is saved by a fraction from its angry power.

I only imagined seeing him briskly striding across a roaring New Jersey street.

His was not the face I recognized as he efficiently performed his "rational world" tasks which enhanced his attractive self.

For his face was masked to shield him against inevitable, insidious involvement.

I saw him rather, alone, on an immense solitary rock surrounded by torrent lashing waves. It was dusk and the sky was dark.

County Tech School Registration Is Set

The Essex County Vocational and Technical Schools evening classes will hold registration for the fall term on Monday and Tuesday, September 18 and 19 from 7 to 9 at all schools in the system. Classes beginning during the week of September 25.

The courses are tuition free for those who work or live in the county and are designed to improve job skills. Most courses are conducted two evenings each week and the program regularly attracts several thousand adult applicants. A registration fee of one dollar is charged for each course.

Those seeking to enroll in air conditioning, oil burner service, school custodial engineering, sheet metal work, private aircraft pilot ground school training, auto body repair, auto repair, blueprint reading, carpentry, electrical work, electronics, machine shop, tool and die making, mathematics, mechanical drafting, or radio and television repair, should apply at the Essex County Vocational and Technical School, 1 University Place, Irvington.

The program offered at the 209 Franklin Street, Bloomfield, school includes: arc welding, air-frame mechanics, including gas welding, aircraft power plant mechanics, electronics, heliarc welding, inspection practices, landscaping, metallurgy, building construction technology (including plan reading, estimating and architectural drafting), and radio and television service. Other courses offered include blueprint reading, carpentry, electrical work, machine shop and tool and die making, mathematics and mechanical drafting.

The courses offered at the school located at Sussex Avenue and First Street, Newark, are: acetylene welding, commercial art, commercial photography, cabinetmaking, printing, offset presswork, and power plant engineering. Also included in the offerings at this school are auto repair, blueprint reading, carpentry, electrical work, inspection practices, machine shop, tool and die making, mathematics, and mechanical drafting.

Automatic transmission service and Diesel engine repair are offered at the Morris Avenue, Newark, school. Auto service and auto body repair are also part of the program. This school is located between South Orange and Thirteenth Avenues.

At the school located at 300 North 13th Street, Newark, the program of offerings includes the following courses: bookkeeping, business English, calculating machine operation, data processing (card punching, sorting, collating, accounting, etc.), dental assistant, legal secretary, machine bookkeeping, medical assistant, power machine sewing, typing and stenography. Classes may also be arranged at this school for licensed beauticians or licensed practical nurses who are looking for advanced training.

For further information the administrative offices of the Essex County Vocational and Technical Schools, 90 Washington Street, East Orange, may be contacted at telephone 642-7800, extension 343.

Real Estate Board Offers A Program

The New Jersey Association of Real Estate Boards and the Franklin Capital Corporation, Inc. of Newark, will co-sponsor for the 13th consecutive year the annual Realtor Community Service Award Program, according to Nicholas Friday, President of the 2900-member State Realtor Association.

The Community Service Awards program was established in 1955 by Franklin Capital and NJAREB to recognize the outstanding efforts rendered by Realtors to their community which too often goes unheralded.

Friday stated that as a former State-wide winner of the award, he is aware of the significance of the Community Service Program which over the past decade has been instrumental in calling attention to the activities of Realtors who serve their communities in a number of ways.

How you benefit from your Realtor's® Multiple Listing Service when you sell a house.

When you sell your house through a Realtor, you save time, energy, and headaches. Because a Realtor is a professional in the real estate business who will introduce you to truly interested people. People who want to buy what you want to sell.

And through Multiple Listing, a number of Realtors work hand in hand so that you have a wide range of prospective buyers. All of whom do business through a Realtor because they know he handles the kind of property they're interested in. Fairly and squarely.

When you're selling your house, do it the simple way.

Get in touch with your Realtor, a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards.

BECK'S COLUMN

By MAX BECK

One TV manufacturer an-
nounced with great fanfare
that he will have a new color
TV set which uses transistors
instead of tubes. The price
is high at this time yet. There
is only one tube used in the
whole set.

To begin with, we are always
skeptical about any radically
new design. Although tran-
sistors have been used for
quite a while for black and
white TV sets, this is the
first color TV with tran-
sistors. It should be mentioned
that the UHF tuners in b/w
and color sets have tran-
sistors for a long time, while
other circuits use tubes for
color TV.

It is almost inevitable that
anything new, whether it is
a washing machine using a
new principle, an automobile
with radical changes or any
other piece of machinery of
different design than the con-
ventional, has "bugs". Over
the years we have found this
to be true as far as TV sets
are concerned. Regardless
how carefully an item has been
designed and the length of time
it has been tested, the public
is the final testing ground. We
suggest to stay away from this
new transistorized color TV
set for a while, until it has
been proven to be better in
performance, more reliable
than sets using tubes and until
the price comes down.

There is no doubt about it,
as we have pointed out many
times in this column, over
the years, that more and more
electronic products are going
to use transistors instead of
tubes. It is expected that tran-
sistors in the long run are
more reliable and don't need
replacement, as tubes do,
since tubes gradually wear
out. Another advantage of
transistors is that they use far
less current than tubes and
do not generate heat, which
is destructive to delicate
parts. But it takes time and
experience to find the best
and most efficient use for new
things.

We service what we sell.

follow. Make checks payable to Recreation Athletic Ass'n.
and mail or bring to Belleville Recreation Dept., 407 Jorale-
mon St. or Town Clerk's Office, Town Hall no later than
September 29, 1967.

WHEN TO SEE A DOCTOR IF WOUNDED

It is most important to know when to see
a physician for first aid.

If there is real spurting bleeding, this is
an emergency. If slow bleeding continues be-
yond four to ten minutes, medical attention
is needed. If there is foreign material in the
wound which does not clean out easily, if it
is a deep puncture wound or is long or wide
so that stitches may be required, a physician is
needed.

Also, if the wound has been in contact with
soil or manure, or if signs of infection such as
pain, redness, or swelling develop, don't wait.
Expert attention quickly will prevent hours of
pain and possible infection.

YOUR DOCTOR CAN PHONE US when
you need a medicine. Pick up your prescription
if shopping nearby, or we will deliver promptly
without extra charge. A great many people
entrust us with their prescriptions. May we
compound and dispense yours?

MRS. JOSEPH G. OESE JR.
Former Miss Theresa D. Grigliak

Mr. and Mrs. Joseph Oese Honeymooning in Poconos

Wedding vows were exchanged Saturday in St. Cecilia's Church, Kearny, by Miss Theresa Dorothy Grigliak, daughter of Mr. and Mrs. Joseph A. Grigliak of Windsor Street, Kearny, and Joseph George Oese Jr., son of Mr. and Mrs. Oese Sr. of 270 DeWitt Avenue.

The Rev. John Burns performed the morning ceremony. A reception followed at the Lithuanian Club, Kearny.

Escorted by her father, the bride wore a traditional gown of white silk organza accented by a portrait neckline and short kabuki sleeves of Venice lace. The A-line skirt fell into a chapel train.

An imported illusion veil was attached to a headpiece of organza rosebuds and applique roses. She carried a bouquet of white roses and stephanotis with an orchid center.

Miss Rosemary Grigliak of Kearny was maid of honor for her sister, Mrs. Janet Oese of Belleville and Miss MaryAnn Lancaster of Kearny were bridesmaids.

The attendants were in gowns of jubilee pink linen fashioned with a jewel neckline, A-line skirt and train. Floral headpieces with short veils and bouquets of pink carnations and red American Beauty roses completed their outfits.

Charles Oese of Belleville served his brother as best man. Ushers included another brother, James Oese and Al Koelsch of Belleville.

New Art Director At Newark Museum

Greater community involvement in art and its creation is the aim of Donald T. Perdue, newly appointed Supervisor of the Newark Museum's Arts Workshop for adults. He succeeds Mary E. Mitchell, long-time Arts Workshop Supervisor, who retired in August.

Perdue graduated cum laude from Montclair State College. He also attended the Newark School of Fine and Industrial Arts, the Art Students League in New York, and the Kokoschka International Art Academy in Salzburg, Austria.

Mrs. Grigliak chose a dress of turquoise crepe with a lace coat and accessories to match. Her corsage was a blue tipped orchid. The groom's mother was in a dress of pale pink crepe.

Miss Barbara Kowalski

Miss Kowalski Plans Wedding For November

Mr. and Mrs. Walter Kowalski of 74 Rutan Road announce the engagement of their daughter, Barbara Rose to Robert Robe, son of Mr. and Mrs. Otto Robe of Kenilworth.

Miss Kowalski, a graduate of Belleville High School, is a legal secretary at a Newark law firm.

Mr. Robe, an alumnus of Jonathon Dayton Regional High School, is in the United States Air Force stationed at Dyess AFB, Texas.

A November wedding is planned.

Teenage Eating

How many parents have you heard crying, "My kids never stop eating!" It may seem this way, but in reality, teenagers are very poorly fed. The problem is not getting enough to eat, but getting enough of the right things to eat.

Teen-age girls have poorer diets than boys in the same age bracket. About six of every ten girls and four of every ten boys have poor diets during their teen years.

The situation of many obese children is due in part to the lack of exercise now so popular. We ride in cars instead of walk; we do fewer manual chores around the house; we are content to watch a sport instead of participating in it.

Good physical health is dependent upon many things. Proper diet and enough exercise are of major importance. Notice the stress being placed on physical fitness by our federal government.

Whether or not a teenager will be obese depends partly on the family background. If both parents are overweight, eight chances in ten the child will be overweight. If only one parent is overweight, 4.5 chances in ten the child will be too heavy. If neither parent is overweight there are only 1.5 chances in ten that the child will be heavy.

Nutrition during the teen years becomes even more important as the teenager takes on adult roles. One of every four mothers bearing her first child is under 20 years old. Babies born to mothers who are undernourished are likely to be premature and have some defects.

Athletes need a good diet also. They must consume more foods to compensate for the extra energy expended during an active sport.

Homemakers can help to strengthen youth by impressing on them the need for a proper diet and by seeing that their own teens eat proper types and amounts of food.

Autumn Hunting

Opportunities Near

New Jersey fall hunting opportunities and international marine fisheries research were major topics of last week's meeting of the State Fish and Game Council, according to Commissioner Robert A. Roe of the Department of Conservation and Economic Development.

New public hunting areas, acquired through the Green Acres Program, are being assigned to Fish and Game management "almost daily," according to the Bureau of Wildlife Management.

Miss Lenore Carney

Betrothal Told Miss Carney To R.C. Ferris

Mr. and Mrs. Edward Carney of 17 Marion Court announce the engagement of their daughter, Lenore to Richard C. Ferris, son of Mr. and Mrs. John Ferris of Jamaica, New York.

A February wedding is planned. Miss Carney was graduated from Merrimack College and Hackensack Hospital School of Medical Technology. She is a medical technologist at Hackensack Hospital.

Her fiancé, a graduate of Rochester Institute of Technology, is an account executive with Vail-Ballou Press, Inc., New York. He is studying for a master's degree in business administration at City College of New York.

School Has Begun Vacation Is Over

The vacation season is over. With the opening of school your family life will return to regular hours.

The end of carefree summer days may seem like regimentation to your child.

You can help him adjust by talking about school, especially the pleasant experiences. Make school days a time he will anticipate with pleasure.

Many parents consider only the material things that are necessary. But there is much more to preparation for school than getting new clothes, paper, notebooks, and pencils.

Most important is the emotional readiness. Your child will have a new teacher. He may move into a different school room, possibly even into a different school building.

N.J. Garden Club

Schedules School

The 39th Flower Show School offered by The Garden Club of New Jersey will be held at the Civic Auditorium in The Monmouth Shopping Center, Eatontown, N.J. On Tuesday and Wednesday September 19th and 20th. Examination for those preparing to be flower show judges will be on the 21st. The sessions on the first two days, however, are open to the public; an opportunity of which many avail themselves.

The various lectures will cover besides correct procedure for running a flower show, a study of horticulture and flower arranging. The lecturers will be Mrs. Milton A. Hescocock of Connecticut, a recognized authority on flower show practice; Mrs. George J. Hirsch of New York, lecturer and author, who will specifically teach the art of flower arrangement as applies to table settings and Rudy J. Favretti, Associate Professor of Landscape Architecture at the University of Connecticut, whose subject will be horticulture.

Applications for the entire course or either day can be made to the Registrar, Mrs. Bertram J. King, 26 Tall Tree Rd., Middletown, N.J. 07748 before September 15th. Amount of fees available upon request.

The Committee for this school, which each time it is given attracts many, many students, is the following: Honorary Chairman, Mrs. James A. McBain of Mountain Lakes who is President of the Garden Club of New Jersey; State Chairman, Mrs. Nicholas F. Novak, Allenhurst; Local Chairman Mrs. Kenneth R. Doremus, Westfield; Secretary, Mrs. Francis Judge, Westfield; Assistant Secretary, Mrs. William Gilroy, Westfield.

State Treasurer, Miss Dorothy M. Schiek, Ringoes; State Finance, Mrs. Robert L. Green, Trenton and Deputy Assistant Treasurer, Mrs. Bertram J. King, Middletown. Other committee members are Mrs. John Ouderkerk, Verona; Mrs. James Smith, Middletown; Mrs. Emery Gebert, Westfield; Mrs. John C. Bayles, South Orange; Mrs. Arthur G. Huson, Atlantic Highlands; Mrs. Frank Dugan, Westfield; Mrs. John K. Lantz, Basking Ridge; Mrs. Charles Collins, Fanwood; Mrs. Robert J. Anderson, Point Pleasant; Mrs. Norman E. Praet, Oceanport; Mrs. Willard T. Somerville, Fair Haven; Mrs. Paul McCormack, Metuchen and Mrs. Richard Larsen, Caldwell.

In the interest of saving time, students will bring their lunch. Beverage and dessert will be available each day for a small fee.

Mrs. Samuel A. Fusco
Former Miss Gail M. Fontaine

Fusco-Fontaine Nuptials Held In Sacred Heart Cathedral

Miss Gail Marguerite Fontaine, daughter of Mr. and Mrs. Henri Fontaine of North 12th Street, Newark, formerly of Belleville, was married Saturday to Samuel Anthony Fusco, son of Mr. and Mrs. Samuel Fusco of Totowa Borough.

The ceremony was performed in Sacred Heart Cathedral, Newark. A reception followed at Thomm's Restaurant, Newark.

Miss Arlene Marchitto, cousin of the bride, was maid of honor. Another cousin, Miss Carol Marchitto and Miss Barbara Mensler were bridesmaids.

Union Junior College Will Hold Meeting

The annual meeting of the Union Junior College Alumni Association will be held September 20 at 8 p.m. in the faculty lounge of the Nomahegan Building.

A slate of officers and directors will be presented by Mrs. Elmer Wolf of Cranford, chairman of the nominating committee.

Andrew Fusco was best man for his brother, Mario Fusco and Robert Fontaine, brothers of the couple, ushered.

Mrs. Fusco attended Bloomfield College and Berkeley Secretarial School. She is a secretary to the Civil Engineering Department of Newark College of Engineering.

Mr. Fusco received his bachelor's and master's degrees in civil engineering from Newark College of Engineering and is assistant instructor in civil engineering at the college.

Nursing Program Begins This Fall

An expanded nursing program will be launched by Union Junior College with the opening of the fall semester with about 130 first-year student nurses from four hospitals enrolled.

The Schools of Nursing of Newark Beth Israel Hospital, and Somerset Hospital, Somerville, will join the program this year.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Dr. And Mrs. Domenic Grancagnola Will Make Home In Morris Plains

The marriage of Miss Jeanne Louise Smith, daughter of Mr. and Mrs. Raymond S. Smith of Danville, Ohio, to Dr. Domenic John Grancagnola, son of Mr. and Mrs. Nicholas W. Grancagnola of 715 Belleville Avenue, took place Saturday in St. Luke's Church, Danville.

The Rev. Clement F. Faist performed the ceremony. A reception followed at the YMCA, Mt. Vernon, Ohio.

The bride, escorted by her father, wore a gown of white, peau de soie trimmed with re-embroidered Alencon lace at the neckline, waist and on the edge of the three-quarter length sleeves. A chapel train was fastened at the waistline.

An elbow length veil of imported English illusion was held by a headpiece of lace and seed pearls. She carried a cascade of cymbidium orchids and stephanotis.

Mrs. George Travers of Milwaukee, Wisconsin, was matron of honor for her sister. Bridesmaids included the groom's sister, Miss Andrea Grancagnola of Belleville and Mrs. Conrad Nyhart of Danville.

The attendants were in textured silk linen gowns of antique gold styled with short sleeves, sabrina necklines and floor-length sashes tied in a large bow. Butterfly veils were fastened to small headpieces trimmed with seed pearls and they carried crysanthemums in autumn shades.

Thomas Grancagnola of Belleville served as best man for his brother. Ushering were another brother, Gerald Grancagnola and Thomas Foselli of Belleville.

Mrs. Smith chose a dress of Caribbean blue with matching accessories while the groom's mother was attired in a dress and coat of mint green with matching accessories. Corsages were white cymbidium orchids.

Mrs. Grancagnola, a graduate of Ohio State University, Columbus, taught during the past year

Mrs. Domenic J. Grancagnola
Former Miss Jeanne L. Smith

in the Department of Defense and Bloomfield respectively. He served two years as a captain with the Air Force in Brindisi, Italy.

Dr. Grancagnola, an alumnus of the University of Maryland, Fairleigh Dickinson University and Georgetown University of Dentistry, is in the dental offices of Drs. Peter Julo and Patrick Loverde of Lincoln Park

Luncheon, Bridge Planned To Open New Club Season

Activities for the new club year of the Woman's Club of Belleville get underway at the clubhouse, 51 Rossmore Place, this Monday at 12:30 p.m. when the American Home department will sponsor "Luncheon Is Served" with bridge following.

The luncheon open to the public and the membership features new food products and old ones in new uses. Under the chairmanship of Mrs. Arthur Towse the department inaugurates a busy schedule with the first meeting to be held at the clubhouse on Tuesday, September 19th at one p.m. All members of the club interested in the activities of the department are asked to come with their ideas for projects to be undertaken.

Several of the members have

already begun a course in rug hooking. For the American Red Cross Christmas project benefiting servicemen in Vietnam 150 ditty bags have been sewn. Over the summer two lap robes were made by Mrs. Arthur G. White and Mrs. William R. Kropp for the use of the veterans in the East Orange Veterans' Hospital. General plans for the department include a sale at Christmas time of holiday items and participation in the eighth district-New Jersey State Federation of Women's Clubs' achievement day to be held in April, 1968.

Mrs. Towse stated that the work of the Greystone Park Association for the 5,000 patients at that state home will again be supported by the department in the making of tray favors for major holidays.

Mayor Smith Nuptial Mass In St. Peter's Church Honors Guard With Banner For Julia Condon, Valentino Nucci

The Cadets, all girls color guard sponsored by American Legion Post 105, Belleville, were presented the town flag by Mayor Kenneth D. Smith during the installation program of the Post and its Auxiliary August 19.

Miss Shirley Kinsley, captain, received the flag and expressed her thanks to Mayor Smith.

Participating in the guard were Miss Kinsley, Sue Wiedekind, Patty LaMotta, Linda Vaccione, Lisa Tucci and Donna and Kathy Webber.

The Cadets presented the corps incorporation papers to outgoing Legion Commander, Patrick J. Lee.

Authors find it difficult to believe that there are persons who do not read books.

Transportation Board

Awards Big Contract

The Department of Transportation has awarded the highest road construction contract in the State's history.

Transportation Commissioner David J. Goldberg today announced acceptance of the \$11,887,906.59 bid by Schiavone Construction Company, Secaucus, for construction work in the vicinity of Newark Airport.

Schiavone was lowest of two bidders for the work Aug. 3. The only other bidder was S. J. Groves and Sons Company, Woodbridge, \$13,318,161.93.

The project will involve extensive excavation, backfill, construction of seven bridges and two culverts. It will lay the groundwork for construction of a series of road connections to U.S. Route 1 & 9, which is to be relocated at a future date; Interstate Route 78; and the airport, where facilities are to be relocated.

If children could name themselves, there would be some changes made.

Montessori Center Announces Opening

The Montessori Center of New Jersey announces the opening of a class for pre-school age children.

The school is based on the teachings of Dr. Maria Montessori, who was the first woman physician of Rome in the early 1900's. She devised a method of self-education for young children in a carefully prepared environment.

The school's new location will be at the Tremont Chapel, 227 Tremont Avenue, East Orange, New Jersey 07018. Classes begin on September 18, 1967 and run through June 13, 1968. The school will operate both a morning and afternoon session.

Applications are now being accepted for children between the ages of 2 1/2 and 5 years of age for the afternoon session.

St. Peter's Church was the setting Saturday for the wedding of Miss Julia Agnes Condon, daughter of Mr. and Mrs. James F. Condon Jr., of 129 Cedar Hill Avenue and Valentino Joseph Nucci, son of Mr. and Mrs. Joseph Nucci of 184 Cedar Hill Avenue.

The Rev. Francis Ignacino celebrated the Nuptial Mass. A reception followed at The Fountain, Belleville.

Escorted by her father, the bride had her sister, Mrs. Louis Hocker of Toledo, Ohio as matron of honor. Bridesmaids were Mrs. William McDermott of Belleville, also a sister of the bride, Miss Anne Marie Nickas of Maplewood and Miss Anna Forte of Belleville.

Joseph Nucci of Belleville, nephew of the groom, was best man. Ushering were James F. Condon III, brother of the bride, of Butler, Bill Paul of Camp Mohican and Danny Portella of Newark.

The couple are graduates of Belleville High School. Mrs. Nucci is with Cooperative Supply Services, East Orange.

Mr. Nucci, an Air Force veteran, is a carpenter with Bove Brothers.

Everybody is against inflation in general but anxious for a little of it personally.

Upsala College Attracts Students

Students from 125 colleges and universities from Washington University in Seattle to the University of Miami--attended the first semester of summer sessions at Upsala College in East Orange, according to registrar Gunnar P. Carlson.

Total enrollment for the two semesters was 967, with the majority of these Upsala students. Over 200 of the 530 students attending the first semester, however, were local residents who go to college elsewhere during the regular academic year.

The largest delegation from an out-of-state college, seven, came from both Boston University and the University of Miami, with six from the University of Bridgeport in Connecticut. There were five students each from Elmira College and New York University, four from the University of Cincinnati, and three each from Bradley University in Illinois, Colgate University, Murray State University in Kentucky, Parsons College, American University, University of Maryland, and the University of Pittsburgh. Other schools represented included Bucknell University, Duke University, Ohio State University, Skidmore College, Texas Western College, Temple University and Western New Mexico University.

New Jersey colleges were well represented also, with nine students from Bloomfield College, seven from Rutgers, four from Fairleigh Dickinson University and three from Drew University.

Infantry Training Now Completed

Two soldiers from Belleville, Army Privates Edward P. Gutknecht and Denis V. Rapadone R., completed nine weeks of advanced infantry training Aug. 18 at Ft. Jackson, S. C.

They received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher.

Gutknecht, 20, is the son of Mrs. Veronica B. Gutknecht, 86 Malone Ave.

Rapadone, 22, is the son of Mr. and Mrs. Lewis Rapadone, 167 New St.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Joan Ann Williams Wed Sunday In Madison To Peter M. Brindisi

Mrs. Peter M. Brindisi
Former Miss Joan Williams

Wedding vows were exchanged Sunday in the Church of St. Vincent Martyr, Madison, by Miss Joan Ann Williams, daughter of Mr. and Mrs. Wallace J. Collier of Madison and Peter Matthew Brindisi, son of Mr. and Mrs. Nicholas Brindisi of 72 Cedar Hill Avenue.

The Rev. Richard Messenlehner performed the afternoon ceremony. A reception followed at Royal Hawaiian Palms, Lyndhurst.

Escorted by her step-father, the bride wore a princess style gown of Saki linen fashioned with a scoop neckline and chapel train outlined with Venise lace.

A Venise lace headpiece held her silk illusion veil and she carried a bouquet of white roses.

Mrs. Gail Skinner of Gaffney, South Carolina, was her twin's matron of honor. Bridesmaids included Miss Edith Ann Isoldi of Westfield, Miss Diane Fuga of Summit, Miss Lynn Green of Elizabeth, Miss Betty VanNess of Livingston and Miss Maryann Brindisi of Belleville.

The matron of honor was in an azalea pink linen gown with a cowl collar and elbow length sleeves edged with Venise lace. She carried a bouquet of pink carnations. The bridesmaids were similarly attired in America Beauty and carried two tone bouquets of pink carnations.

Frank Annichiarico of Belleville was best man, Ron San-Fillippo, Nick DelGuercio, Joe Visco, Richard B. Puleo and Nick Brindisi, all of Belleville, were ushers.

Mrs. Collier was in a light green gown with a scoop jeweled neckline and the groom's mother wore a blue gown.

Mrs. Brindisi, a graduate of Columbia High School, South Orange, is with Fablok Mills, Murray Hill.

Mr. Brindisi, an alumnus of Belleville High School, attended George Washington University and Fairleigh Dickinson University. He is a field engineer for Federal Pacific Electric Company and a member of the National Guard.

Following a Puerto Rican honeymoon, the couple will live in Parsippany.

Miss Kathleen Pierson

Miss Pierson Will Be Wed To T.R. Hollar

Mr. and Mrs. David F. Pierson of Tiffany Boulevard, Newark, announce the engagement of their daughter Kathleen, to Thomas R. Hollar, son of Mr. and Mrs. Harold R. Hollar of Smith Street, Belleville.

Miss Pierson, a graduate of Our Lady Queen of Peace High School, is with United Hospitals of Newark.

Mr. Hollar, an alumnus of Immaculate Conception High School, is employed by General Motors Corporation, Bloomfield.

Miss Mary Goodenough

Goodenough Gideon Troth Told At a Party

The engagement of Miss Alice Goodenough, daughter of Mr. and Mrs. Horace E. Goodenough of 199 Holmes Street to John Comer Gideon, son of Mr. and Mrs. Martin K. Gideon of North Haledon was announced recently at a family party.

Miss Goodenough, an alumna of Belleville High School, is a senior at Glassboro State College.

Mr. Gideon is a graduate of Manchester Regional High School.

The wedding is planned for next summer.

Wedding Vows Exchanged Saturday By Lucille Chimento, Daniel Cerami

Miss Lucille Theresa Chimento, daughter of Mr. and Mrs. Natale P. Chimento of 525 Franklin Avenue, Belleville, was married Saturday to Daniel R. Cerami, son of Anthony Cerami of 234 Hancox Avenue, Nutley and the late Mrs. Theresa Cerami.

The Rev. Francis J. Blake performed the ceremony in Holy Family Church, Nutley. A reception followed at the Royal Hawaiian Palms, Lyndhurst.

Escorted by her father, the bride wore a gown of satin and Alencon lace beaded with pearls and crystals and featuring a chapel train. Her elbow length veil was held by a headpiece of satin petals trimmed with crystals and pearls.

Mrs. Frank Gingerelli of Nutley was her sister's matron of honor. Bridesmaids included Miss Carol Ann Buccell of Bloomfield, Miss Rosalie Cerami of Nutley and Miss Phyllis Chimento of Belleville. Natalie Chimento was flower girl.

The attendants were attired in gowns and jackets of yellow silk peau de soie, appliqued at the neckline with roses. Headpieces were of peau de soie and crystals and they carried bouquets of yellow, orange and gold roses.

Anthony Cerami 111 of Sunland, California, was best man for his brother. Ushering were Victor Viventi of Belleville and Walter Schubach and George Sendeck of Nutley, Anthony Cavallo of Nutley was ring bearer.

Mrs. Chimento chose a maize and gold Empire dress with gold brocade coat for her daughter's wedding. Her corsage was an orchid.

Mrs. Cerami, a graduate of Belleville High School, is with Hammond Contracting Company Inc., Bloomfield.

Mr. Cerami, also a Belleville alumnus, is with Canadian Fur and Fashions, Newark. He is a member of the National Guards in Orange.

After a honeymoon in Florida, the couple will live in Belleville.

Swimming Club

Tryouts Are Soon

Tryouts for the Y-Nymphs, Montclair YMCA synchronized swimming club for girls, will be held Monday evening, September 25 from 7:30 to 8:30 at the 25 Park Street pool.

According to coach, Mrs. Wilford Hill, aspirants must either have passed or be enrolled in the whole classification of the Y skill level or be able to execute the basic synchronized swimming stunts of surface dive, front pike, shark, and tub and be proficient in sculling. Applicants may be tested for the basic requirements the evening of the tryouts.

Belleville's Len Ronco Now Public Defender

Essex Assistant Prosecutor Leonard D. Ronco was named yesterday as state deputy public defender in charge of administering the program in Essex County.

Born in Belleville, he received his legal education at John Marshall College of Law and was admitted to the bar in 1951. Ronco is a member of the Essex County, New Jersey and the American Bar Associations as well as the American Judicature Society.

Announcement of Ronco to the \$17,000-a-year post was made by State Public Defender Peter Murray.

"We are indeed fortunate to have a lawyer with Mr. Ronco's experience to head our program in Essex County," said Murray.

Ronco's background includes posts as referee of the Belleville Juvenile Conference Committee, Secretary of the New Jersey State Board of Architects, confidential secretary to Essex County Superintendent of Elections John B. Keenan, and associate counsel of the Essex County Welfare Board. He served also for a year as an assemblyman.

Commenting on the Ronco appointment, Prosecutor Brendan T. Byrne said:

"He is the most colorful prosecutor ever to grace a courtroom. He is extremely thorough and we hope he will be an administrator and not an adversary."

Ronco, who spent three years as an assistant prosecutor, said he was "sorry about leaving my first love - the prosecutor's office."

"But I feel this is an advancement and I am certainly flattered by being asked to direct the program in the county."

Ronco will be sworn in by Superior Court Judge Joseph Lyons on Sept. 14.

As an assistant prosecutor, Ronco won a number of convictions in murder cases and his flamboyant style attracted the admiration of court buffs and defendants.

Ronco achieved what he called his "sweetest victory" last year when he obtained a conviction of a man and wife on conspiracy to commit arson and defraud several insurance companies.

Peace Corps Placement Tests Set

Belleville-Nutley area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, September 16, at Newark Room B-89 in the Federal Building. The Peace Corps uses the

Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test, which takes about one and one-half hours, requires no preparation and is non-competitive -- an applicant can neither pass nor fail.

A Peace Corps application, available from local post office or from the Peace Corps in Washington, D. C. 20525, should be filled out and presented to the tester before taking the test.

Local Merchant Begins Safety Campaign With Donation of 'Drive Carefully' Stickers

Sara Ann Tirone, 503 Joralemon Street, a school crossing guard at School 7 on Joralemon Street and Lieutenant Robert Russomano are shown placing an enlarged copy of a "Drive Carefully" bumper sticker on Belleville police car. Lou Tannen of Tannen's Shoes, 141 Washington Avenue is shown holding one of the thousands of bumper stickers which he has given away at no charge to his customers and to the general public in an effort to make drivers aware of the streets crowded with school age youngsters.

The bright yellow and blue stickers do not carry any advertising and are self-sticking. Yellow and blue label buttons bearing the inscription "Where my little feet cross the street - DRIVE CAREFULLY" are also available for the asking for adults and children at Tannen's Shoe Store.

DRIVE CAREFULLY -- Bumper stickers urging drivers to drive more cautiously now that schools are open, have been prepared by Tannen's Shoe store. Lou Tannen and Lieutenant Robert Russomano display one of the stickers as Sara Ann Tirone a school crossing guard looks on.

Belleville Library Holds Summer Reading Program

The Belleville Public Library's graduation party for children in the summer reading program was held Saturday at the Main Library, corner of Washington Avenue and Academy Street.

Diplomas were awarded to children who successfully completed the program, and there were prizes for the champion summer readers.

In addition, the winner of the library's annual merit award to

the Belleville school whose students accomplish most during the summer long reading program, was announced. Emblematic of this award is a handsome plaque inscribed each year with the date and winning school. Last year's winner was School 3.

The party included entertainment and refreshments. There was no charge, and all children who participated in the summer reading program were invited.

New Wives' Club President

Mrs. Earl Thomas

Mrs. Earl Thomas, of Knoxville, Tenn., a former Belleville resident, has been elected president of the University of Tennessee Law Wives Club, for summer and fall quarters.

Mrs. Thomas, a graduate of Boston University with a Bachelor of Science and a Masters Degree is now teaching science and mathematics at South High School.

Her husband is a senior at the law school where he has just been elected president of his gal fraternity, Phi Delta Phi. A former high school teacher and jet pilot in the U.S. Navy, Thomas served as vice president of Phi Delta Phi.

Mrs. Thomas' parents, Mr. and Mrs. A. J. Valente, live at 25 Overland Avenue, Belleville.

J. Wadsworth Receives BA Degree From Miami

James Douglas Wadsworth, son of Mrs. Helen H. Wadsworth, 524 Union Avenue, was graduated with a bachelor of arts degree from Miami University, Oxford, Ohio, at the university's 1967 commencement. Wadsworth majored in pre medicine.

A member of Phi Gamma Delta fraternity, Wadsworth is a 1963 graduate of Newark Academy, Livingston, where he played varsity baseball and basketball. He plans to attend the University of Cincinnati School of Medicine.

Opens New Branch

A fourth Union College will be added to the roster of the nation's institutions of higher learning when Union Junior College changes its name on September 1.

The others are Union College, Lincoln, Neb.; Union College, Barbourville, Ky.; and Union College and University, Schenectady, N.Y. The roster also includes Union University, Jackson, Tenn.; Union Theological Seminary, New York City; and Union Theological Seminary, Richmond, Va.

POOL CLOSING--Even before the slightest hint of autumn, the pool in the Friendly House at Frederick Street was closed for the summer season. The pool during the short season this year enjoyed extensive use by neighborhood youngsters.

Clara Maass Nursing School Has Graduation

At the graduation exercises held Friday, September 8, for the Clara Maass Memorial Hospital School of Nursing, Belleville, the following local girls received diplomas: Miss Carole Gromek of 62 Henshaw Avenue, Springfield; Miss Jeanne Iafate of 56 Pover-shon Road, Nutley; Miss Karen Krackenfels of 80 Forest Avenue, Verona; Miss Lowayne Nolan of 321 Forest Avenue, Lyndhurst; Miss Judy Shisko of 223 Halstead Road, Elizabeth; Miss Barbara Tomczyk of 204 Erie Street, Elizabeth; and Miss Nadia Toropiw of 51 Johnson Avenue, Kearny.

This colorful ceremony, marking the completion of three years of intensive study for the 22 members of the Class of 1967 and their emergence as full-fledged graduate nurses, was held in the St. Luke's Episcopal Church of Montclair. The commencement address was delivered by the Rev. Kenneth J. Stumpf, Pastor of the Holy Cross Lutheran Church, Springfield.

This year the Clara Maass School of Nursing celebrates its 75th Anniversary, making it one of the oldest schools in the State of New Jersey. During this period

of critical nursing shortages, the school has had the highest enrollment of students in its history.

The hospital was named for Clara Louise Maass, a graduate of the school in 1895 and one of America's great nursing heroines who gave her life in the experiments to conquer Yellow Fever.

Private Cucolo Finishes Course

Private Lawrence Cucolo, 20, son of Mr. and Mrs. Louis Cucolo, 99 Newark Avenue, Belleville, completed a fixed station transmitter repairman course July 14 at the Army Signal School, Fort Monmouth.

During the 21-week course, he was trained to install, operate and repair fixed station transmitting and associated equipment.

Mahoney And Mercurio On Aircraft War Vessel

Marine Lance Corporal Jeremiah F. Mahoney Jr., son of Mr. and Mrs. Jeremiah F. Mahoney Sr. of 38 Fairway Avenue and Marine Corporal Michael D. Mercurio, son of Mr. and Mrs. Herbert J. Mercurio of 34 Memphis Avenue both of Belleville were crewmembers aboard the anti-submarine warfare support aircraft carrier USS Intrepid when the ship went to the aid of the carrier USS Forrestal.

The Forrestal, operating "on station" in the Gulf of Tonkin,

was seriously damaged when a fuel tank on one of its aircraft preparing to take off, dropped from the plane, spewing burning gasoline along the entire flight and hangar decks.

The fire resulted in many

secondary explosions from burning bombs and missiles.

Upon arriving at the scene of the disaster, helicopters from the Intrepid began transporting men and supplies to the Forrestal to aid the stricken ship and her

crew in combating the fire. The Intrepid had just returned from a period of rest and recreation, her first since arriving in Southeast Asia last June. The Intrepid is homeported at Norfolk, Virginia.

Anderson Commissioned Lieutenant

Ronald E. Anderson, son of Mr. and Mrs. Uno Anderson of 33 Berkeley Avenue, Belleville, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officers Training School (OTS) at Lackland Air Force Base, Tex.

Lieutenant Anderson, selected for OTS through competitive examination, is being assigned to Topsham Air Force Station, Maine, for training and duty. He will be a member of the Air Defense Command which protects the U.S. against enemy aircraft.

A 1962 graduate of Belleville High School, the lieutenant received his BS degree in marketing in 1966 from Jacksonville (Fla.) University.

His wife, Mary, is the daughter of Mr. and Mrs. Harold Miller of 3320 Rowena, Sarasota, Fla.

Ballet Moves

Matt Mattox and Miss Carolyn Clark, directors of the New Jersey School of Ballet and the New Jersey Ballet Company, 327 Main Street, Orange, three blocks from the present location.

Registration for the fall season is now underway with classes beginning next Monday.

Courses are offered in ballet, modern jazz, toe, variations, and adagio for children and adults at beginning through professional levels.

Michael Hanly Ordained; Joins St. Peter's Parish

Rev. Michael A. Hanly

Michael A. Hanly, son of police sergeant and Mrs. Michael F. Hanly, 26 Bridge Street, was ordained a priest Saturday, May 27, at the Cathedral of Sacred Heart, Newark. The Most Rev. Thomas A. Boland, Archbishop of Newark, presided. Rev. Hanly celebrated his first mass the following morning at St. Peter's, Belleville, his own parish.

A native of Belleville, Rev. Hanly was graduated from Queen of Peace High School, North Arlington. He holds a degree from Seton Hall University, South Orange, and attended Immaculate Conception Seminary in Darlington.

Joining Rev. Hanly in celebrating his first mass were the Most Rev. Joseph A. Costello, pastor of St. Peter's; the Rev. Michael A. Salterelli of Holy Family; the Rev. Joseph M. Hanly of New York City, Rev. Hanly's uncle; and the Rev. Richard De-Crescenzo of Immaculate Conception.

Minor Ministers were Donald Wolff, Anthony Gambino, Gerald Caprio, Ronald Gienza, Vincent McMahon, Robert Farrell, Robert Griffen, James Eagar and Alex Robertson.

Rev. Hanly bestowed his first priestly blessing upon the people of his parish at a reception held in the church school the evening of his first mass.

Costly Repairs

Interstate Ferry Service to Stop

Transportation Commissioner David J. Goldberg has announced at a meeting of the State's Commuter Operating Agency that the Erie Lackawanna Railroad intends to discontinue its ferryboat service between Hoboken and New York City in approximately three months.

He said the railroad's action is being taken because of its estimated loss of over \$500,000 annually and the costly repairs to the boats which will soon be required.

The statement by the Commissioner was made as the agency approved a resolution authorizing state participation in changes to the Hoboken Terminal facilities to assist passengers in transferring between Erie Lackawanna and Port Authority Trans-Hudson (PATH) rapid transit trains when the ferries are eliminated.

These changes include a new stairway to the PATH station and are estimated to cost about \$104,000. PATH has agreed to share, equally in this expense. Commissioner Goldberg emphasized

that the ferry service would not be discontinued until this work is finished.

PATH Gets Passengers

PATH now carries about two-thirds of the railroad's passengers destined to downtown New York. As a part of an orderly absorption by PATH of the remainder now carried on the ferries, the Commissioner said the railroad will on September 18 institute minor revisions in train schedules designed to improve the distribution of passengers on PATH trains. At the same time the railroad will reduce the number of ferries in operation from three to two.

The Commissioner pointed out that the agency had no legal jurisdiction over ferry service nor had any funds been appropriated to contract for such service.

He said the program of schedule adjustments and station alterations represented the State's effort to ease the transition for the ferry passengers and with these actions ac-

complished, the Railroad, the State and the Port Authority are confident that the PATH system can provide an efficient and reliable service for the added passengers.

55 Ferry Trips

The Erie Lackawanna Railroad operates 55 ferryboat roundtrips between Hoboken and Barclay Street, New York, Monday through Friday, using three boats to perform this service. The Railroad has a total of five ferries in its fleet and of these four (the Binghamton, Elmira, Pocono and Scranton) are more than 60 years old, having been built between 1904 and 1906. The fifth boat, the Lackawanna, was built in 1891.

Erie Lackawanna Railroad, through its wholly-owned subsidiary, The Hoboken Ferry Company, has been operating a ferryboat service across the Hudson River for more than 150 years. Over these years almost a dozen different routes were served and more than 30 boats were used at one time or another. But as transportation innovations came about patronage declined from more than 100,000 a day to less than 8,000 in both directions today, and the service has diminished in proportion. The last remaining line, between Hoboken and Barclay Street, New York City, has been in continuous operation since August 14,

1819. This line presently operates between 7 a.m. and 7 p.m. Monday through Friday.

At the present time about 4500 passengers use the boats daily to

get to New York. Slightly more than half that number use the boats for the return trip. The total is about one-third of all passengers

Patient Learns to Play Organ During Long Hospital Stay

Ten years ago William Fischer of 73 Bridge Street, Belleville, helped transport patients from the old hospital in Newark to the new Clara Maass Memorial Hospital situated in the picturesque setting overlooking Branch Brook Park on the Newark-Belleville line.

Little did he realize that the new hospital would become his "home away from home" for over the past 10 years Fischer has been a patient on 14 different occasions. Some of these periods of confinement were quite extensive.

As time began to drag heavily upon his hands and he was

able to get up and walk around, he one day wandered into the hospital Chapel and became curious when he noticed the newly installed organ. It was love at first sight, and soon Fischer was spending hours at the organ learning chords and chord structure, practicing finger exercises and the like.

When he was discharged as a patient, he purchased his own organ and continued his self study.

He has become so proficient that he plays for the Sunday religious services and entertains patients who gather around the Conn organ nightly to hear him play

Fischer frankly admits that his many days as a patient at Clara Maass have helped him in a new hobby that not only he but many others can enjoy.

One afternoon when hospital staffers heard strains of a familiar song coming from the Chapel, they peeked in and found William Fischer trying to teach two student nurses, Miss Karalee Lesko and Miss Deborah Collins, what he has learned during his 14 visits to Clara Maass.

R. Rizzolo Completes Maintenance Course

Aviation Maintenance Administrationman Airman Ralph J. Rizzolo, USN, son of Mr. and Mrs. Ralph J. Rizzolo Jr. of 73 Baldwin Place, Belleville, was graduated from the Aviation Maintenance Administrationman Course at the Naval Air Technical Training Center at Memphis.

The six-week course provides aviation commands with personnel trained to meet the increasing problems in aviation maintenance administrations. Students receive instruction in typing, publications and aircraft maintenance systems, aircraft accounting and operations.

Prior to attending this course, he was graduated from the two-week Aviation Familiarization Course at Memphis.

Our town is a delightful place to live in if you are a delightful person to live by.

You often see grown people act like children but it is rare to see a child act like an adult.

Some people give so much time to attending to the business of others that they forget to attend to their own.

Steve Charen

Sideline Byline

FARWELL: It was with many mixed emotions that I took pen in hand last Saturday night to write his last edition of Sideline Byline, or it was more than just a two and a half year old column or even a four year career as a Belleville Times News Sports writer that was drawing to a conclusion, in effect, it was more like the end of my high school days, an end of my current Belleville existence.

As of Sunday, Princeton University was to be my habitat for some four years of study. It is with this academic exodus in mind that the final regular story of my tenure appears today.

MEMORABLE: Writing about Belleville's sporting and high school events during these years has been a rewarding experience that will not be forgotten; the countless occurrences and people that I have encountered through my Times role form invaluable memories.

Ever since the October day in 1963 when a 14 year old freshman meekly inquired if the local paper would be interested in some stories about the high school Junior Varsity football team, this writing has been an almost weekly ritual.

Slowly that ritual evolved through a J.V. baseball season that saw this frosh writing weekly stories about the Junior Varsity as he covered the precedent setting Varsity nine for the Newark News and Star Ledger.

Times Sportswriter Leaves for Princeton

Steven C. Charen this week began his first term at Princeton University. Steve will be the second Belleville High School graduate ever to attend the Ivy League institution.

Scholastically ranking third in the BHS graduating class of 325 Charen has been a staff sports writer for the Belleville Times-News for three and one half years. He authored the feature column "Sideline Byline" for the past two, and a half years.

This has been far from Charen's only activity, however. Just as entering Princeton on the four-year scholarship will be far from his only first-award.

Best Sports Writer — Most notable among the other "firsts" Charen brought to Belleville High has been the award as the state's "Best Sports Writer of 1966" by the Scholastic Press Association of New Jersey.

Through all this diverse reporting, I seem to have retained a special place in my memory for the work that was done with the baseball team. Perhaps it is because of the first regular assignment that I undertook as a frosh that this bit of nostalgia remains.

Or perhaps it is the Scholastic Press Association of New Jersey's Award as the Best Sports Writer in the State for 1966 for the reporting of the 1966 baseball season that brings this point to mind.

Lastly, it may well be because baseball was the last high school event that I covered for the Times and American Legion baseball, the last fall season that I was to see during my Belleville tenure that this nostalgia remains.

END OF AN ERA: Perhaps it was coincidental or maybe just ironic that I was to arrive during what was to be an era on the Belleville sporting scene of unprecedented all around success. Five teams were to have the winningest seasons in school history during my four years while team and individual records were to fall by the dozen in what at times appeared to be almost wholesale lots.

(Continued On Page 12)

STEPHEN C. CHAREN

Charen's many activities and interests were written about earlier this year in a "Youth in the News" feature of the Newark Evening News.

His interests include the post of official statistician for all major BHS sports since entering the school as a freshman.

In this capacity, he has been commended as an "invaluable aide" to the coaches of football, basketball, and baseball.

Charen has also served as local staff correspondent for the Newark News, Newark Star Ledger, and New York Times.

His reporting and feature information has been cited by the Scholastic Sports Editors of both New Jersey dailies.

During the summers, Charen has continued the sports trend as statistician and publicist with the American Legion Baseball team. Last season, he also had a 3-0 record as a coach, youngest in league history, when late season difficulties deterred the regular team leader.

Sports have not completely dominated this active seniors high school years, however. During the past term, for example, Steve has served as president of the school's most prestigious organization, the National Honor Society; co-editor of the school newspaper, the Spotlight; vice-president of the Debating Society; secretary of the schools leading service organization.

COACH AMABILE — As Belleville High school football coach John Amabile (center) prepares his team for the upcoming battle.

Belleville-Nutley Alumni Football Saturday Night

An action packed gridiron spectacle is expected Saturday evening when Belleville and Nutley alumni play their annual football game. This year the event will be fought at Belleville's municipal stadium.

Both teams are reportedly ready for the game Saturday, which will begin at 8:15 p.m.

Belleville has been practicing every night at the Mike Marotti Little League Field under the direction of Coach Tom Appicelli.

Tickets for the game can be purchased at Vee Bee Esso Station and Guys and Dolls Players.

The Belleville team includes Frank Amichiarico, Roger Caluso, Phil Galioto, Nick Del Guercio, Bob Drutner, Pete Strumolo, Joe Veneziano, George Sheridan, John Visco, Nick Landolfi, Robert Landolfi, Richard Longo, Angelo Longo, John Andelora, Eugene Monterone, Jim DePaul, Thurman Davis, John DeFilippo, Joe DellaVolpe, James Seritella, Frank Sprella, John Ciarella, Ronald Orsini, Fred Sorrentino, Robert Walston, Ed Caruso, Anthony DeJura, Richard Barasus, Anthony Pravata, Mike Sabia, George Sheridan, Pat McCabe and Robert Paganelli.

FOOTBALL PRACTICE — Belleville High school's varsity football team prepares for its first scrimmage of the autumn season. The team has been practicing every day this week.

Belleville Mat Men Go to Camp

While other boys were fishing and swimming during their summer vacation, twelve of Belleville's mat men packed their bags and went to the Pocono Sports Camp in East Stroudsburg, Pa.

John Peraino and Barry Peirce (co-captains), Robert Rebo, Bob Bonfante, Joe Zarra, Harry Maroulakas, John Zoppi, John Egidio, Bill Gingerelli, Dana Nappi, Vinnie DiGiacomo and Rich Rinaldi spent a week of intensive instruction with some of the country's top coaches.

The coaches present at the clinic were Tom Evans, Head Coach Oklahoma University, who was named to coach the U. S. Olympic Team in Mexico; Jim Howard, Oswego State, N.Y.; John Johnston, Princeton University; Clyde Witman, East Stroudsburg State, Pa.; Fred Powell, NCAA Champ from Lock Haven, placed third as a member of the US team in the World Championships.

BELLEVILLE WRESTLERS — Bob Bonfante attended the Pocono Sports Camp in East Stroudsburg, Pa. as Fred Powell looks on. The Belleville boys

Building

(Continued From Page 1)

to the auto parking spaces provided for the dwelling units as to size, location and the areas for movement of vehicles within the lot. Accessibility to the street was also reviewed as were the density or use of land involved, the problem of individual apartment sizes, setbacks, side yard and other space requirements.

According to Lehr, "no attempt was made to review the plans or inspect the buildings as to construction standards and structural strength or adequacy."

The report brought to light a series of problems and unusual circumstances. In each of the twenty properties investigated, the report said that "no building permit should have been issued," and then detailed reasons. However, the critical analysis concerned more than the Building Inspector's office which may explain why the town government has not released the report.

"The study indicates that the entire zoning ordinance 'should be reviewed and updated to provide for specific requirements of a modern city.'"

It also recommends that the entire method by which plans and drawings are submitted and computed should be reviewed, and that any changes in parking plans should be resubmitted and approved "Prior" to construction.

It also states that, "The certificate of occupancy should not be issued until the parking facilities are completed or until assurance is received that the parking can and will be constructed in accordance with the filed and approved plan."

Mayor, Police

(Continued From Page 1)

partment to Correction Officer James Ryan for his intervention in the apprehension of an individual about to steal a motor vehicle.

"A week ago, Officer Ryan was commended by the authorities of the Newark City Hospital for exercising excellent judgment in the prevention of a suicide, while detailed to hospital duty. This indicates that Officer Ryan is an excellent officer and will assume responsibilities beyond the usual call of duty."

"I appreciate your thoughtfulness in taking the time to write such a complimentary letter for Officer Ryan," Rush replied.

In a personal letter directly to Ryan, Mayor Smith said, "Too many times we encounter stories in the newspapers regarding the laxity of our citizens in times of distress, emergencies and/or lawlessness."

"It is, apparently, the unwilling-

Steve Charen's Last Sideline Byline

(Continued From Page 11)

Everyone loves a winner, but at times the Belleville success went from the ridiculous to the sublime. Three times that aforementioned baseball team rewrote the existing school records as wins and titles flowed like water. Undaunted the cross country squad added its 12-1 contribution and the trackmen their 10-3 campaign to join the ultimate 23-4 diamond success in the era's record books.

The amazingly talented collection of athletes that was to grace Belleville's teams during this era was to be the key to this repeated success. Never has so much talent been centered at one time in the local school as was available for this success.

And yet despite this balance there were the inevitable stars who stood just slightly, or was it at times head and shoulders, above their peers. There were the Sib Sica's, Lew Trowbridge's and Steve Ferrughelli's of football; the Bob Bogione's of cross-country and track; the Bill Rush's and Rich Pucciarello's of basketball; the Dan Bivotta's, Mike Oliveri's, Nick DiDominico's and Joe Villano's of wrestling; the Mike Rowitz's of bowling; the John Senek's, Luongo's, Cervasio's, Ray D'Atorio's, George Debrovski's, Art Sheridan's, Jim Catalano's, and Charley Cuomo's of baseball; and the all around three sport stars like Rich San Filippo—football, basketball, baseball, Tony Sorrentino—football, wrestling, crew, Frank Mineo—football, basketball, baseball, and many other individual stars too numerous to mention.

It was an era when success was the name of the game at Belleville and anything else was scorned, when athletes produced or were replaced by striving reserves, when Steve Charen was there to document it all.

It is no idle contention that prompts the assumption that this era of unprecedented glory is at an end, for the men who saw it happen, who fashioned the success by the sweat of their brows and by the extension of their coaching knowledge are for the most part now departed.

Perhaps it is coincidental or maybe just ironic that in every case, but one, the men who began this era of success as coaches, the men that I worked with both as a reporter and statistician are no longer on the sidelines that this byline frequented.

Departed from those lines, this column has seen Tom Testa from football; Mario DiMaggio, Dom Klein, and Ron Kulik from cross-country; Al LoBallo from basketball; Stan Scheir and Sam Stellatiella from wrestling; Nick Pettit from baseball; Testa, Kulik, and Pat Forte from track; and Scheir from crew. Only Mike Salazarulo has remained of the old guard coaching bowling and golf as the last mentor remaining from Belleville's Golden Era.

END OF COLUMN: And now, I am about to follow these men along the path away from Belleville sports and school events.

I have always been fond of quoting a particular passage from Ecclesiastes which at this moment seems unusually apropos.

"To Everything There Is A Season, And A Time To Every Purpose Under the Heaven; A Time To Be Born, and A Time To Die; A Time To Plant, And A Time To Pluck Up That Which Is Planted; A Time To Kill, And A Time To Heal; A Time To Break Down, And A Time To Build Up; A Time To Weep, And A Time To Laugh; A Time To Mourn, And A Time To Dance; A Time To Cast Stones, And A Time To Gather Stones Together; A Time To Embrace, And A Time To Refrain From Embracing; A Time To Get, And A Time To Lose; A Time To Keep, And A Time To Cast Away; A Time To Rend, And A Time To Sew; A Time To Keep Silence, And A Time To Speak; A Time To Love, And A Time To Hate; A Time Of War, and A Time Of Peace."

And for me a time to depart, a time to study, a time to grope, and a time to learn - "To Everything There Is A Season, And A Time To Every Purpose Under The Heaven."

FUTURE: As I draw an era and a column of my own to a conclusion, I can not help looking forward to the future that it may lead to.

Less of people to become involved and it is refreshing to find that we do have people, like yourself, who will take the time and trouble to act with intelligence in any given situation.

"I refer, of course, to your quick thinking in apprehending the youth in Belleville who was tampering with a vehicle and also your good judgment in preventing a suicide while detailed to hospital duty."

"Your performance of duty is deserving of praise and commendation."

"We are proud to count you among our Belleville residents," Smith said.

Past are the many deadlines and high school subjects, the countless other activities that included Honor Society president and school newspaper editor, the statistics and scribbled notes of four years sporting events, and most of all the opportunity to work with so many of the wonderful people who have meant this era to me.

Before me is the multi-faceted path to the future. A path that I continued along Sunday with education in mind as the preparation for my journey farther along the path.

Much of this future lies unclear before me at this cross roads in my life. Varied hopes and dreams abound among the tentative plans that I have assembled.

At present journalism does not appear to be at the forefront of these plans as a potential career in law or government seems most likely.

To fall back upon an oft-used phrase - only time will tell what the future and destiny makes of these plans.

THANKS: Lastly, but most certainly not least, it has become time to thank the many people without whose help I never would have reached this moment.

My gratitude reaches back to

the grammar school teachers who first taught me to use these ABC's and then encouraged me to use them in a school newspaper. High school instructors then added their contribution as many doubled as advisors and coaches whose help will never be forgotten.

There were also the Times Editors under whom I served along with several daily writers who helped to mold my style of writing into what it is today. Much gratitude must go to these men. There have been countless others too numerous to mention who have helped to create the lasting memories of these past four years.

And most of all there has been my parents, standing by me through citations and criticism, offering moral support and reassurance.

Thank you once more.

As I conclude the thought flood my mind of a time gone by, a time of times.

And so it is that I say to the many people who have helped to make this memorable period in my life possible, thanks for the assistance and the guidance, the friendship and the experiences, and most of all, the memories.

OBITUARIES

Mrs. J. Moran Succumbs At 87

The funeral for Mrs. Anastasia Galvin Moran, 87, of 46 Mapes Avenue, who died Monday in the Hartwytch Nursing Home, Cedar Grove, was held yesterday from Gorny and Gorny's Parkside Memorial, 339 Hoover Avenue, Bloomfield.

A resident of Nutley for the past nine years she had lived in Long Island before moving here.

The widow of Joseph Moran, she leaves a daughter, Mrs. Martin Cullen of Nutley and two grandchildren.

Salvatore Pillitteri, 58, Succumbs In Hospital

Salvatore Pillitteri of 33 Brown Street, died September 8 at Clara Maass Memorial Hospital, Belleville. He was 58.

Born in Italy he resided in Nutley for the past 45 years and was employed as a chauffeur.

Survivors include his wife, Mrs. Mary Spirito Pillitteri and three sons; Edward of Detroit, Michigan, Raymond, who is stationed with the Air Force in Great Falls, Montana and Robert of Nutley.

The funeral was Monday from the S. W. Brown and Son Funeral Home, 267 Centre Street. A High Requiem Mass was offered at Holy Family Church. Interment followed at Immaculate Conception Cemetery, Montclair.

Mrs. James O'Brien Dies In Livingston

Mrs. Genevieve Travers O'Brien of Nutley, formerly of East Orange, wife of the late James J. O'Brien died Monday in St. Barnabas Hospital, Livingston. Mrs. O'Brien was a librarian with East Orange Catholic High School.

Her husband predeceased her 10 years ago.

She was a member of the Rosary Society of St. Thomas the Apostle Church, Bloomfield.

Surviving are three daughters, Mrs. Gordon B. Mersereau of Nutley, Mrs. James G. Hendrick of Lincoln, Mass., and Mrs. William Kenny of Florida; one son, Richard T. of Cinnaminson; 14 grandchildren and two great-grandchildren.

The funeral will be from the Colonial Home, 132 S. Harrison St., East Orange this morning with a High Mass following in St. Thomas the Apostle Church. Interment will follow in St. John's Cemetery, Orange.

Austin D. Gordon Former Resident

Austin DeWitt Gordon of 691 Cedar Street, Toms River, a former resident of Nutley, died at his home, September 1, at the age of 71.

Born in Newark, he had lived in Nutley before moving to Toms River in 1949 and had worked as a machinist at the Lakehurst Naval Air Station, retiring in 1951.

Mr. Gordon was an exempt fireman and a former member of the Nutley Elks.

He leaves his wife, Mrs. Helen Slawinski Gordon of Toms River; a daughter, Mrs. Dorothy Bennett of Nutley; three sons, Harold F. of Waldwick; Wilbur R. of Rockville, Md. and Austin DeWitt Jr., of Minneapolis, Minn.; and seven grandchildren.

Interment was at Chesthaven Memorial Park, Clifton.

Robert Palmer Dies, Company President

Robert N. Palmer, president of the Great Neck Motors, Great Neck, New York, formerly of Nutley, died in Boston, Massachusetts, September 2.

Mr. Palmer served with the 105 Machine Gun Battalion Squadron in France during the first World War. He was a post commander of the American Legion Post 70, a charter member and past exalted ruler of the Great Neck Elks and a member of the Shriners.

He is survived by his wife, Mrs. Anne Palmer; a son, Robert N. Jr.; two grandchildren, Raymond and Anne of Glen Cove, Long Island and a sister, Miss Marietta L. Palmer of Nutley.

Mrs. Frank Ciccone Sr. Dies In Nursing Home

Mrs. Maria Mariano Ciccone of 75 Newark Place, Belleville, died September 9 at the Murphy Nursing Home, Bloomfield. She was 88.

Her husband Frank Ciccone Sr. had died August 15 at the same nursing home.

Born in Castel Nuovo, Italy, she came to this country over 67 years ago.

Survivors include a son, Frank Ciccone Jr., of Newark; two daughters, Mrs. Mamie Scanzera of Newark and Mrs. Angela Migliarese of Belleville; two sisters, Mrs. Letizia Iannuzzelli of Newark and Mrs. Nicolina D'Auria of the Bronx; 11 grandchildren and 16 great-grandchildren.

The funeral was held yesterday from the Spadola Funeral Home, 240 Mount Prospect Avenue with a Mass at Immaculate Conception Church, Newark.

Summer Jobs Easier To Find This Year

Summer jobs apparently were somewhat easier to find this year for students attending Union Junior College's Summer Session.

A survey made at Union Junior College shows that 79 percent of the students are employed in fulltime or parttime positions, it was reported by Dr. Kenneth W. Iversen, dean. A similar survey a year ago showed that 75 percent of the students were employed fulltime or parttime.

The employment picture for college students this year, however, is not as bright as it was two years ago when 82 per cent of the students were employed fulltime or parttime.

Firemen's Day Parade Will Draw State Units

Entries for the annual Fireman's Day Parade competition to be held this year on Saturday evening, September 23rd at the New Jersey State Fair, are now being accepted. It was announced today by George A. Hamid, Jr., vice president and general manager.

The gigantic parade usually attracts fire companies from all sections of the state. The host for this year's parade is the Mercer County Firemen's Association.

Hamid said 30 trophies will be awarded this year including a new one honoring the memory of Robert G. Martin, deceased, who had been on the Firemen's Parade Committee since 1947. Mr. Martin was a member of the Enterprise Fire Company and Secretary for the New Jersey Exempt Firemen's Association.

Shirlee Kutzner's
KEGLER'S KORNER

Settlin' Down for the Season

If your not feeling frustrated and don't have that "wait until next week, and I settle down" feeling, then j's a cinch that your league has not gotten underway as yet.

Most bowlers get in a rut over the summer and it sometimes takes one or two weeks of serious league play before they get back that certain something in approach or delivery which makes each individual bowler a specialist. Averages take a nose-dive and in handicap leagues this hurts. The following week the team enjoys the fruits of a first week low average and a second week recovery. There are always those hateful characters who come in the first night raring to go and one would think they never laid the ball down all summer.

The Suburban Women's League had an example of this in its first session last week. League Secretary, Elaine Savino rolled a neat 211 game to open up everyone's eyes and start them hustling. Elaine, who has been a consistent average leader in this league, always can be relied on to bowl well, summer lay-off or not.

Beverly Sharp Takes Over

Ida Hovsepian resigned her post as president of this long established league due to a post-operative recovery period. For the first season in a decade, Ida will not be sanctioned and will not be able to bowl, by doctor's orders.

Beverly Sharp, vice-president of the league, will take over the president's chores and got right to work by attending the general meeting of the Essex County Women's Bowling Association Sunday at the Coronet.

It was disappointing to find that not all league secretaries or presidents make an appearance at this meeting. It was fun to hear the national delegates report and those who attended elected 12 delegates to represent the association this coming spring at San Antonio, Texas. Among the delegates elected were five local women, including this keglor nut. They were Marge Narucki, Peg Ihde, Penny Senchak and Ida Palenski.

Junior Clinic Successful

The excitement of the young Junior Bowlers about this week's clinic and start of the season makes one wonder if perhaps the league should have started back in August. The response, as usual, has been good. There are still some spots in some of the leagues. It's a certainty that when the actual league play starts next week, all leagues will be filled. Once again, the Boys bowl on Monday and Tuesday afternoons at 3:30 p.m., younger girls on Friday afternoon at 3:30 and a Girls' League on Saturday morning at 9.

If any youngster has not signed up and wishes to do so, he or she had better get a move on. If the leagues are filled, they can always be used as substitutes; and fill in sometime in the future as a regular. A big bouquet of thanks goes to Peggy Kudlach who has graciously volunteered to be secretary of the Friday Afternoon Girls League.

Parents who are interested in helping should not be bashful in offering assistance and showing up once in awhile. The coaches will be delighted and needless to say the kids love to show off their new-learned skills to their parents.

Hey! Where's the Men?

It is a fervent wish of this columnist that more of the men's leagues will make it a point to get their league news to me. It is very distressing to run into high scorers who wonder why their scores which were pretty great were not printed or why an interesting happening in a league was not reported. We like to spotlight all the leagues and we are blessed with such a keglor-loving population in Nutley that it's a real shame when a worthwhile news item never gets any publicity. Take heart men, perhaps this year, your secretary will take pen in hand and send me some love-letters . . . hope so . . .

We hear a lot about young bowlers who feel so great about their average that they are getting urged to join the Pro's. Before taking that big step many should take a good look at the averages the Pro's carry.

Wayne Zahn is the leader with a 213.509 average with Dick Weber in number two spot with a 212.673. After Weber comes Don Johnson 211.619, Les Schissler 211.548, Jim St. John 211.021, Dave Soutar 210.216 and dashing Carmen Salvino 209.124.

Among the Easterners on the Pro circuit the average race is being led by Jimmy Mack of Dover who carries a 208.995. With averages such as these one would think that these boys are the big tournament winners. Not so. Not one has won a tournament to date and not one is in the top 20 in the earnings department.

Two Nutley Men Headed For Softball World Series

PATERSON — Al Restaino and Tom Farewell of Nutley are two of the reasons why the Paterson Panthers softball club is headed for the World Championship games in Springfield, Mo.

Paterson captured doubleheader victories from the powerful Huntington, New York team on the Labor Day weekend in two contests before a standing-room-only crowd at Riverside Oval. The final game victory earned them the Middle Atlantic Regional Championship and one of the 25 qualifying berths in the World Tournament which begin on September 15. Paterson is the third New Jersey team to be represented in the tourney's 34-year old history.

In an afternoon game the Paterson club gained the finals by a last-inning 2-0 victory over Poughkeepsie, New York, who had previously knocked Paterson into the loser's bracket of the double elimination tournament. Catcher Al Restaino was called in from the bullpen by Manager Frank Chavanne and delivered a line-drive base hit to give pitcher Cal Miller his 25th victory of the season, and the Panthers their fifth win over the long weekend.

After the Panthers disposed of Huntington by a 3-0 score in the early evening games the clubs locked horns in the "game of no return."

Miller tripled with one out in the sixth inning and was brought home by Tom Farewell's fly ball to centerfield to put the Paterson team ahead 4-3. The Panther's John Mercurio, who captured the tournament batting title with a .592 average, swelled the margin to 5-3 with a home run for all practical purposes a sure victory. New York, however, wasn't about to quit even though Miller got the first two batters in the final inning. A base on balls and a tremendous homerun by Huntington's George Fowler tied the score at 5-5 as the Panthers batted in the bottom of the seventh inning. Third baseman Ron Fegan singled for Paterson, was bunted to second base and made third base on an infield ground out. With two outs Farewell drove a hit to right field to end one of the most exciting

Tom Perrotta's
SPORTS PARADE

Alumni Set for Belleville

The fourth annual Nutley-Belleville Alumni game will take place this Saturday evening under the lights at Belleville's Municipal Stadium. Coach Mario Cocchiola of the Nutley squad has been leading the former Maroon Raider Grid stars through some pretty stiff practice sessions at Boys Park.

Coach Cocchiola and his able assistant, former Utah State lineman, Joe Librizzi, have put together a bunch of young Nutley gridders who have relished the chance to bang each other around. Gone are most of the older boys who must feel that the younger men can do the job this Saturday evening against Belleville.

Biggest boost for Cocchiola and the Alumni chances came when former Arizona U's Tom Malloy joined the Nutley forces. Big Tom will be used as a defensive line-backer and also as a pass receiving end on offense.

"Malloy has a pair of sure hands," said coach Librizzi, "and surprises with his fine catching ability."

Joining Malloy on the receiving end will be another great aerial grabber, Johnny Lucas. The quiet unassuming Lucas caught most of the Maroon passing barrage last year and proved to be coach John Biviano's chief target in that department. Johnny is not a speedster but manages to be in the right spot at the right time.

Mike Geltrude will pilot the alumni from the quarterback spot with help from Brian Murphy. Anthony Pietoso, who has been hampered by a slight leg pull, should provide the greatest ground threat for coach Cocchiola's club. Rounding out backfield is Mike-Russoniello and Blasi DiGerolamo.

Most prominent on defense are such former Maroon Raider linemen as the Piro brothers, Jimmy and Charley, Joe McGuiness, Tom DiMarco, Ralph DePiro, Bob Dutcher and Nick DelGuercio. Russ Catanzarite, a speedy pass receiver will also be on hand.

Showing his wares with plenty of gusto was Rocco Della Luna, the little man with the big drive. The former Maroon Raider rough and tough linebacker can still stop the big boys with his 160 pound frame hurtling through the enemy line. Coach Cocchiola held a scrimmage session Sunday and Della Luna was a thorn in the offensive machine through most of the afternoon.

Nutley evened matters at the Park Oval last year in a thrilling encounter but remain one down at the Municipal Stadium. Coach Cocchiola, former Bellboy coaching staff aide, feels that the Nutley youngsters should even the count all the way around after Saturday's meeting.

Sports Round-Up

Nutley High will travel to Garfield for its 1967 grid opener, with the Boilemakers of Bergen County. The Maroon has played the part of visitor only a few times for its opener in the last 45 years.

Seems rather odd that the Maroon did battle many years ago with the likes of Toms River, Woodbridge, Leonardo, Park Ridge, Westwood, Newton, Boonton, Dover, Phillipsburg, Ridgewood, Rahway, Asbury Park, Cliffside Park, Dickinson, Ferris and Lambertville. Bring back the good old days for a change of pace.

Heart-breaking defeat for New York Jets in their season opener to Buffalo, 20-17. Jets enjoyed a 17-0 lead with less than a quarter to play. The Bills caught fire and the New Yorkers lost their momentum. Choice of running plays by the Jets in their attempt to move the ball in final minutes proved very costly. Snell and Boozar gained at will through middle of Buffalo line but Namath called costly end sweeps that were smothered by the home town Buffalo squad.

College football opens with most of the action on the coast and deep south this coming Saturday. Standout games are Nebraska at Washington, Washington State at Southern California, Tennessee at UCLA, North Carolina at N.C. State, Baylor at Colorado, SMU at Texas A&M. and Wyoming at Arizona.

New York Giants are in for another sad sack football season. Their defense is porous and the only bright note could be the colorful play of former Minnesota Viking Fran Tarkenton.

Freshman coach Mario Cocchiola reported that an overflow of first year candidates left some of the youngsters without a grid suit. Biggest turnout in the school's history. Cocchiola has finally come home to roost after six years of coaching at nearby schools.

Neil Bigelow, could turn out to be another Jimmy Gleason before he finishes his golfing career at Nutley High. The Maroon sophomore is a product of Branch Brook where he learned the necessary fundamentals hanging around Morrie O'Conner and Dick Dacey, Hendricks Field professionals. Golf coach Ed Nelson high on the Walnut Street youngster.

American League pennant chase should go all the way to the last few days with the team getting the breaks coming out on top. How can anyone give just reasons as to who will win with 4 teams having a crack at the pennant? Lots of lock, men.

Jack Nicklaus, color or not, has proven he is the king of present day golfers. The blond former Ohio State golfer has the shots and stamina to withstand the Palmers, Players and Beards.

and dramatic finishes in the 34-year history of the tourney, with a 6-5 Paterson victory.

Manager Chavanne and Mayor Lawrence Kramer of the City of Paterson, which sponsors the team, paid tribute to the two Nutley men at the victory celebration. Restaino, who lives at 23 Evergreen Avenue, and Farewell, Town Park and Recreation

children. Each had his oldest boy at the final game and they are presently circulating around town saying their fathers will bring the first world title to New Jersey. There are some people

The Panthers finished their regular season schedule with an impressive 41-9 win and lost record; the Middle Atlantic title, and a third place finish in the Atlantic Seaboard Conference, who believe them.

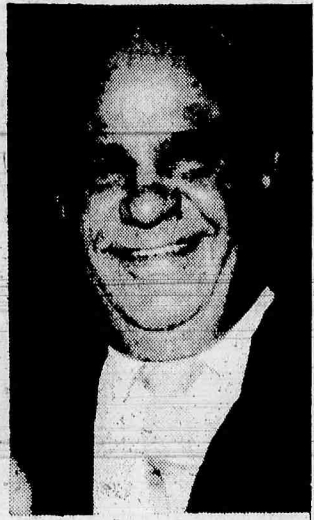

State Anglers Enjoy Outstanding Fishing

New Jersey anglers are enjoying outstanding fresh water fishing this summer, according to Commissioner Robert A. Roe of the Department of Conservation and Economic Development.

The best water conditions in years, coupled with generally cool weather have proved a boon to fishing. Although fishing pressure has, as usual, been below its spring peak, sportsmen have had good success in many lakes and streams.

Largemouth bass, pickerel and panfish have been the main fare in recent weeks. Patches of large trout in major northern lakes and streams have also been reported to the Division of Fish and Game.

Biancardi Association To Hold Benefit Dance

The Joseph G. Biancardi Civic Association will hold its annual dinner-dance on September 29, at 8, at The Fountain Restaurant in Belleville.

The theme for this charitable event will be Assemblyman Joseph G. Biancardi's favorite saying, "Every act of charity is a step toward heaven."

Proceeds from the dinner-dance will go to finance the annual Orphan's and Handicapped Children's Christmas Party.

While this has been one of the association's projects for the past year, Assemblyman Biancardi had personally sponsored these affairs for over five years. Orphans such as those from St. John the Baptist and the Sons of Italy, as well as children from

the Cerebral Palsy Center of Essex and West Hudson Counties, and the Essex County Children's Shelter, will be among those feted.

President of the association, E. Henry Garrod, said the children will number well over 300. Anthony Caruso, General Chairman of the affair is assisted by Co-Chairmen Mae Mead Mazza, Mildred Benequista, Commissioner Mary Senatore, and the Co-Ordinator, Louis Benucci.

Other Committee Chairmen are as follows: ticket committee, Anthony Agresta; arrangements committee, Ann Candilora; publicity committee, Norma McCool; entertainment committee, James Caputo, and reception committee, Janice Barra.

As there is a great demand for tickets and only a certain number can be accommodated be sure to purchase your tickets early.

Tickets may be obtained by calling Lorraine Grande at 623-9046 during the day, or in the evening, contact Norma McCool at 759-4155.

No tickets will be sold at the door and only tables of 10 may be reserved on a first paid, first seated basis.

Intellectuals are sometimes unhappy if they find a simple answer to the question of the day and refuse to accept the obvious.

Traffic Controls Sought

The New Jersey Highway Authority reported a staff task force study was underway to develop immediate remedies for the heavy traffic conditions on the Garden State Parkway at peak periods.

Authority Executive Director D. Louis Tonti said the search for short-term improvements, possibly including electronic traffic controls and "off-hour" incentives, is accentuated by the stalemate over plans to expand the Parkway capacity through added road construction.

"Even a prompt go-ahead on the already long-delayed program of construction under the Governor's proposed Central Jersey Expressway System would not make such improvements available for two or three years," he noted. "Meanwhile, Parkway traffic at peak periods is getting worse."

Director Tonti said that on the approval of Authority Chairman Sylvester C. Smith, Jr., a staff group has been named to explore every avenue for immediate traffic relief within the framework of the existing Parkway facility.

This task force is probing such possibilities as offering a reduced toll rate for travel during normally light traffic periods in order to level the peaks, and installing an electronic system of gauging vehicle volume loads towards shutting down some Parkway entrances in times of excess.

"We have substantially added patrols and personnel to cope with disabled vehicles, accidents and toll lane backups; State Police are strictly enforcing the laws against left-lane lingerers and other congesting and unsafe practices; but the traffic volume continues to soar," Tonti said.

Tonti stated that the staff study would also look into more extensive communications, with the traveling public at large towards promoting off-hour Parkway use and diversion from peak periods.

"We recognize all this might entail a need to change long-standing habits of drivers, but the Parkway or any other road cannot accommodate traffic with safety and service when everybody wants to use it at the same time," the director observed.

The Parkway has experienced all-time record traffic this year, running about 6 per cent above the 1966 level. Summer weekends have again produced the greatest volume crush as drivers en masse head for the Jersey seashore late Fridays and on Saturdays and back home north on Sundays.

Meanwhile, Tonti reported, the Authority is proceeding full-speed-ahead with planning for possible expansion of the mainline Parkway south of the Raritan River in event the Central Jersey Expressway System proposal is abandoned. But even that, he added, cannot come soon enough and cannot cure the constant traffic ailments in the Parkway's State-owned section of Middlesex and Union Counties.

Luminall Paints Names Friedmann Division Manager

Bernard L. Samson, president of Luminall Paints, Inc., appointed Theodore M. Friedmann Eastern Division Manager.

His responsibility will be for the administrative operations in the Newark office and factory, as well as the Atlanta warehouse and sales office. Friedmann will report to Mr. Samson at the company's corporate offices in Los Angeles.

Friedmann brings to his new post twenty-two years experience in the industry, commencing in December 1945 when he was employed by the 20th Century Paint and Varnish Corporation.

His positions as Sales Manager for 20th Century Paint and President of Consolidated Chemical and Paint Corporation made him well known in the industry.

Martin Smolin has been named Supervisor - Sales Service. His responsibilities will include customer contact involving any expediting of customer problems.

Stanley Wojcik was appointed purchasing and inventory control manager. Edward Howard was named eastern divisional sales manager. Irving Singer, transferred from the Los Angeles office to Newark, is the Sales Coordinator for the Liquid Marble Division.

The product is a new concept in flooring, a one-coat, poured application giving lasting beauty with the true elegance of Marble.

Luminall Paints, Inc., a 35 year old national manufacturer of oil and latex paints, has office and factory facilities in Newark, Chicago and Los Angeles with branch offices in Atlanta, Dallas and Tacoma.

Stanley Luke Named ITT Exec
Election of Stanley Luke as a senior vice president of International Telephone and Telegraph Corporation was announced today by Harold S. Geneen, chairman and president.

A vice president since 1963, Luke will continue as director of the Corporate Development department, which he has headed for the past five years.

The Central Jersey Expressway proposal involves the Authority construction of a new toll route from the Edison-Woodbridge area in Middlesex to the Toms River section of the Parkway in Ocean County. Such an undertaking is contingent upon Authority purchase of the Parkway's State-owned sections for improvement and integration into its toll system. The latter move requires still-lacking Congressional approval for repayment of the \$14-million federal aid used by the State in building those sections.

At the same time, the Authority in coordination with the State Transportation Department is working towards a major improvement of the Parkway in the Woodbridge area north of the Raritan River—including the addition of four travel lanes to a two-mile six-lanes stretch.

New Jersey Site Sought for Jetport

For almost a decade efforts have been underway to find a New Jersey site for a fourth jet airport in the metropolitan area.

Study after study has been made with no result but continuing, often bitter, controversy.

The controversy began soon after the Port of New York Authority proposed in 1959 that the new jetport be located in the Great Swamp of Morris County, a unique natural area. Fortunately this proposal now seems dead. Over the years more than a score of other sites have been proposed and, in varying degrees, examined, but each seems to have one drawback or another.

The continuing delay has not been without cost. As the stalemate has increased, air traffic congestion has worsened and the danger to both the flying public and those who live beneath the crowded airways also has increased.

Washington Meeting
Mindful of these facts, New Jersey leaders in both public and private life have been working harder than ever to break the stalemate.

A few days ago we had a meeting in Washington with Transportation Secretary Boyd, Governor Hughes, an Air Force representative and others at which it was agreed that a fresh study of the jetport situation will be undertaken. The study will be privately financed.

Because of population trends, the study will focus on a site in South Central New Jersey. The study will include ways in which the jetport can be financed. The focusing of the study on South Central New Jersey is con-

sonant with my own long-held views on the most desirable location for a new jet terminal. For a number of years I have urged that consideration be given to joint use of McGuire Air Force Base by civilian and military air carriers, so long as this did not interfere with the defense of the nation.

Officials Cool
While Air Force officials are cool to the idea of sharing McGuire, two interesting facts that emerged from the Washington meeting strengthen my conviction that this air base may yet hold an answer to the riddle of a jetport site.

The first is that McGuire presently is operating below full capacity. While it can handle 175,000 landings and take-offs a year, in 1966, according to the Air Force, it handled 117,000, a difference of about 58,000 aircraft movements.

It does not take a great stretch of imagination to see how even this idle capacity might add a capacity - hungry air traffic system.

The second fact is that a relatively small percentage of McGuire aircraft movements is associated with military air transport -- the service the Air Force most often uses as justification for its planned high rate of use of McGuire. By far the larger number of McGuire's flights, according to the Air Force, involve flight training for the Air Reserve and the Air National Guard.

I have asked the Air Force to give me a detailed analysis of the facts and possibilities as soon as possible.

Mrs. Fulmer Loses 100 Pounds; Finds New Happiness In Life

Mrs. Harry Fulmer of 7 Memphis Avenue, Belleville, who lost 100 pounds in Weight Watchers, now finds so much joy in life that she wants to help others fight obesity.

Mrs. Fulmer, who is 39 but admits that she looked like 59 before she joined Weight Watchers 15 months ago, is now a sprightly 125 pounds.

She was welcomed into Weight Watchers' One Hundred Pound Club by state director Cecile Fein at recent ceremonies in Temple B'nai Israel, Nutley, where classes are held.

Mrs. Fein, who started the Jersey movement with seven persons in her Livingston home in early 1966 -- there are now some 10,000 persons in 100 classes throughout the state -- praised Mrs. Fulmer for her perseverance in losing weight under the tutelage of lecturer Louise Yeskel.

"A whole new world has opened for me," Mrs. Fulmer said. "Overweight makes the difference between shutting yourself off from the world and going out into it."

Swam at Night

"My husband, Harry, used to have to drag me to meetings. It was tough moving around, and I was embarrassed. Now I look forward to attending PTA and Scout auxiliary meetings. Before, I used to swim only in the dark when no one could see me. Now, I spend all summer in the pool, and it's a pleasure."

Mrs. Fulmer credits Mrs. Yeskel and her family physician for encouragement and direction they gave her.

"You can't do this alone," she said. "And now I'm going to devote myself in helping others find the path which worked so wonderfully for me."

Married 15 years, Mrs. Fulmer has two sons, Thomas, 14, and James, 10, who attend Belleville Junior High School and

WEIGHT WATCHERS ----- Director Cecile Fein of Livingston welcomes Mrs. Harry Fulmer of 7 Memphis Avenue, Belleville into the One Hundred Pound Club for losing that much weight during a 15-month period. The ceremony was held recently at Temple Israel, Nutley, where weight watcher classes are held.

School #7. Her husband works for Eastwood Neally and Co.

Weight Watchers classes are held in Temple B'nai Israel, Nutley, Tuesdays and Wednesdays at 8 p.m. and Thursdays at 10 a.m. State headquarters are in Livingston.

School Graduates J. King

Marine Staff Sergeant John R. King, son of Mrs. Marguerite J. King of 28 Malone Avenue, Belleville, was graduated from the Combat Correspondents Orientation Course at Camp Pendleton, Calif.

The two-week course, for news reporters and photographers bound for Vietnam, covers the history of Vietnam, the events leading up to the massive build up of American troops.

Planning Association To Meet

The annual Passaic Valley Conference will be held this year on October 17, it was announced by Arthur Rigolo, president of the Passaic Valley Citizens Planning Association. The theme will be: "Inter-Municipal Cooperation: A Second Look at Problems and Progress."

The Planning Association sponsors a conference each year as part of its citizen education program. More than 1200 public officials from Passaic Valley communities will be invited to attend. The conference will be held at the Rutherford campus of Fairleigh Dickinson University.

The conference will run from 3-9 p.m. The keynote address will be given by William L. Brach, City Counsel of East Orange and member of the County and Municipal Government Study Commission appointed by Governor Richard J. Hughes. Four concurrent panel sessions will follow Dr. Brach's speech.

The panel topics this year are designed to cover four specific areas of inter-municipal cooperation. Panel I will be devoted to The Meadowlands: An Inter-Municipal Problem -- Proposed Legislation for an Inter-Municipal Solution. Panel II will cover Air Pollution: At What Level Can This Problem Be Attacked -- Local, State, Regional, Federal.

Panel III will be on Planning Zoning and Urban Renewal: Planning Across Town Boundaries -- that Machinery Is There For Solutions on a Regional Basis. Panel IV will cover the topic "Computers and Data Processing: Applying Modern Business Techniques to Municipal Operations."

A cocktail hour and dinner will conclude the program.

Chairman of the PVPAC Conference Committee is Warren Weikner of Fairleigh Dickinson University. Other members of the Committee are: William McCrum, Nevins Division, Union Camp Corporation; J.I. Merritt, Bellemead Development Corporation; Robert Pfund, C. P. Forbes Oil Co.; Henry Puzio, Kordys and Puzio; David Templeton, First National Bank of Passaic County.

The Passaic Valley Citizens Planning Association is a private, non-profit organization devoted to the promotion of sound planning in the Passaic Valley and surrounding communities. Organized in 1948, the Planning Association carries out a program of citizen education on planning matters. The conference theme of inter-municipal cooperation is in keeping with the Association's goal of encouraging a regional approach to the solution of planning problems.

Construction Soon

On Bergen College

Construction will begin next year on the 167-acre Bergen Community College Paramus.

The first section, to be ready for the fall semester in 1970, will cost approximately \$17 million and provide facilities for 2,000 full-time and 4,000 part-time students.

The completed first phase will cover 400,000 square feet. When finished in all phases the new Bergen County College will expand to 900,000 square feet for 5,000 full-time and 10,000 part-time students.

Approval of the master plan for the college was given by the board of trustees, Eugene Jacobson, the chairman, announced.

Essex County CYO

Makes Charters

Available Again

Applications for charters to affiliate with the Essex County CYO's four-phase program are now being accepted in the CYO office, 425 Bloomfield Avenue, Montclair.

According to county director Rev. Vincent F. Affanoso, "the CYO's program is intended to augment the influence of the home and not supplant it."

A wide variety of cultural, social, and spiritual activities are conducted on the county level for parish youth groups that are affiliated. The usual popular athletic program is also continuing to expand.

The first major event is the annual March of Talent contest on October 16. This will be followed by the opening of bowling and basketball leagues for teenagers and young adults. The observance of National Catholic Youth week in late October and the commencement of the Communion Crusades highlight the first spiritual programs.

State College Awards Doctor's Degree To Robert R. Giacobbe

Robert R. Giacobbe, son of Mr. & Mrs. Anthony Giacobbe, 86 High Street, was awarded the degree of doctor of dental medicine by New Jersey College of Medicine and Dentistry June 3. Sixty-six graduates of the School of Medicine and 46 graduates of the School of Dentistry were presented diplomas at the commencement exercise.

Dr. Giacobbe, a graduate of St. Benedict's Prep, received his BS degree from Rutgers University in 1957. He was honored by induction in the national dental honor society, Omicron Kappa Upsilon, with the presentation of

a key. He was also honored by the Italian Dental Society of New York for showing "the greatest competence and interest in the correlation of clinical dentistry with the basic sciences." Other honors include being one of 17 students singled out for special honor at the eighth annual awards night of the college along with being the recipient of the Alpha Omega Freshman Award.

Dr. Giacobbe is married and has two children. He plans to go into general practice in the North Jersey area.

Ocean Engineering At Stevens Institute

A Department of Ocean Engineering has been organized at Stevens Institute of Technology, Dr. Jess H. Davis, president of the college has announced.

Dr. John P. Brestlin has been named to head the new department, which will offer a fundamental program this September leading to master's degrees. A doctoral program will be added by September, 1968.

"Finding an effective way for man to extract the many resources of the oceans is a challenging prospect," Dr. Davis said. "To meet this challenge, we will need engineers who understand the effects of the ocean environment."

The program offered will allow specialization in the fluid and rigid body dynamics of moving or sea-going vessels and floating structures, and in the elastic response of movable and fixed marine structures.

Don't worry too much about your boy or girl—just be sure their parents set them an example worth following.

No law enforcement officer should work at the violation of a law, regardless of who happens to violate it for what reason.

Two Banks Will Conduct Merger

Robert G. Cowan, Chairman of the Board of Directors of the National Newark & Essex Bank, and Frank D. Brewer, Chairman of the Board of Directors of the Glen Ridge Trust Company, has announced that the two banks will merge at the close of business on September 29. The merger has been awaiting the approval of the Comptroller of the Currency, which was given today. Stockholders of both banks approved the merger August 1.

The single office at the Glen Ridge Trust Company, 222 Ridgewood Avenue, will now become the Glen Ridge Office of the National Newark & Essex Bank. Cowan and Brewer emphasized that the present services and facilities of the Glen Ridge Trust Company will be continued and the complete staff will be retained. There will be no inconvenience to the customers of the Glen Ridge Trust Company. They may continue to use present passbooks, checks, and other forms while they last.

Ask her if addicts have the "right" to guns.

Despite thousands of deaths and injuries caused annually by the unrestricted possession of guns, Gun Control Laws have been defeated all over America because of powerful lobbies. But not in New Jersey. The Democratic Legislature passed the most far-reaching gun control act in the U.S. — denying convicted criminals, the insane, drug addicts, etc., the right to own guns. Sure the Gun Lobby threatened to defeat the Democrats. But they stood firm and passed the law nevertheless. Your safety came before political expediency.

The Democratic Legislature. The courage to do what is right.

Now! Comfort with a Guarantee...

that's modern Gas Heat!

Add another "plus value" to modern Gas Heat: a written unconditional guarantee from Public Service! Most people know that Gas Heat is the convenient, quiet, clean, trouble-free way to provide cold weather comfort.

But now you can convert to Gas Heat with the complete assurance that if you're not completely satisfied after using Gas Heat for one year Public Service will refund the entire cost of the gas heat installation. Furthermore, at no cost to you, Public Service will remove your Gas heating equipment.

Get comfort with confidence—switch now to modern Gas Heat. Call Public Service, your plumbing contractor or heating installer for a FREE heating survey of your home—plus complete details about Public Service's unconditional guarantee.

This Week's Especially for Indian Guides

HEAP BIG POW WOW! -- New Jersey Governor Richard J. Hughes recently signed a proclamation designating September 9-15 as Indian Guide Week. Representing the 7,000 members of the YMCA-sponsored national father and son organization at the signing were: left to right, Joseph Welsh, "Chief of the Seneca Tribe; Anthony Williamson, Seneca brave; Andrew Williamson, "Chief" of the Black Horse Nation, (to which the Seneca's belong) Andrew Williamson Jr., and Joseph Welsh Jr., also Seneca braves. All from Belmar.

Unity Institute Plans Concerts

Unity Institute, a non-profit organization, will celebrate its forty-eighth anniversary with the coming season. The Institute sponsors three series: Concert Course, Chamber Music Recitals and the Travel Course.

The eight concert events which will be held at the Montclair High School auditorium include: P.D.Q. Bach, a musical spoof on Thursday evening, October 12; The Philadelphia Chamber Symphony on Friday evening, October 27; Cesare Siepi, basso on Sunday afternoon, December 3; Vienna Choir Boys on Saturday afternoon, January 6; the Royal Philharmonic Orchestra of London on Sunday afternoon, January 21; the National Ballet on Friday evening, March 1; Mildred Miller, Mezzo-soprano on Friday evening, April 5; and Andre Watts, pianist on Friday evening, April 26. Tickets for the eight events are priced at: \$35, \$28.50, \$22, \$16.50 and \$13. There are also special prices for seven events or six events.

The Chamber Music Recitals are presented at the Montclair Art Museum on Friday mornings at 10:30. The Musical Arts Trio will present a concert on November 10, and Benno and Sylvian Rabinof, internationally famous violinist and pianist will present a concert on May 10.

The Travel Course will sponsor ten color travelogues on Thursday evenings at 8:15 at the Montclair High School. The places to be visited are: "Ireland...Then & Now" on October 5, "Provincial France" on Wednesday evening, November 1; "Incomparable Switzerland" on November 9, "Brazil" on November 30, "Our

Half Million Animals Used for Research

The average number of dogs, cats, monkeys, guinea pigs, hamsters and rabbits used annually in research laboratories by 86 schools of medicine in this country was reported to be 537,773.

The report was made by the National Society for Medical Research of Washington and was based on a three-year count.

Belleville Artist Nancy Crisp Holds Class

Nancy Crisp, Belleville artist, is accepting reservations for the fall season of lessons in her studio at 238 New Street.

Children's classes are held weekly. They started Friday at 3:30 and Saturday morning at 10:30. Each child receives individual instruction in painting, drawing or sculpting, as well as art appreciation.

Adult classes are held every Friday afternoon. They began Friday and Monday evening. Mrs. Crisp said that beginners are encouraged to learn to paint in a friendly, congenial atmosphere.

Because individual instruction is offered and accommodations necessarily limited, she urges those who are interested to call her at 759-2452 for reservations or further information.

Free Courses in Economics Start at Library September 25

Tuition-free courses in Economics and related subjects will be offered this fall for the 35th consecutive year in New Jersey communities. In Newark, a course in fundamental economics will be given at the Branch Brook Public Library Mondays at 7:00 p.m., starting September 25.

The courses offered as a public service in the interest of a more enlightened citizenry, are open to all men and women, however, enrollment is limited. John T.

Tetley, director of the school suggests reservations be made in advance.

*Previous knowledge of the subject is not required, but the

presentation will be of interest also to those who have studied in this field" states Tetley. The school is a non-profit, independent, educational organization

supported by voluntary contributions. It is international in scope.

HERES WHERE TO DINE

IT'S MAKING US FAMOUS! THE 99¢ TEXAS BREAKFAST...JUICE, TWO EGGS, STEAK, FRENCH FRIES, TOAST and COFFEE.

Good food, generous portions, cleanest grills and serving equipment and fast friendly service, are making a great reputation for this restaurant at 715 Washington Avenue, Belleville (across from the Public Service Garage). Many home made Italian dishes are served throughout the day: stuffed shells, baked macaroni, veal or sausage with peppers and veal parmigiana. And the coffee is truly exceptional, it is the pride and joy of City Line Lunch. It is made by a new and remarkable "Pour-Omatic" process. An

exclusive blend of coffee is used and it yields a mellow, full bodied cup with never a bitter taste. Many customers prefer it black with no sugar and that's the test of a real good cup of coffee.

All the dishes prepared by Tony and Andy, the new owners of City Line Lunch, can be "taken out". They are packed in special heat-retaining re-usable aluminum containers. City Line has the most convenient hours, daily from 5 in the morning to 6 in the evening and Sunday's from 8 a.m. to 12 noon. Sam (The Hawk) Russo of Nutley, a local celebrity, says "I've eaten in many restaurants in my time and since Andy and Tony have taken over City Line Lunch I eat there everyday, including Sunday's and I'm not even a free loading relative".

1968 Truck Line Offers New Styles

Designed to meet current trends, the 1968 Chevrolet truck line features continued functional styling, more powerful V8 engines, more attractive cab interiors, a redesigned city delivery series, a wider variety of optional equipment, and a long list of other improvements.

The clean angular styling is continued on light-duty conventional cab models, with new paint treatment to give a more massive effect to the front end. Rear visibility is improved with a standard rear window nearly twice as large as in previous models, and one of the largest in the industry. The forward line-of-sight visibility to the road directly ahead of the front wheels also is among the best in the field.

New standard equipment features of the 1968 truck line include extension of backup lights to all light- and medium-duty cab models, nylon cord tires on all but 1/2-ton models and Chevys and Sportvans; side marker lamps or reflectors, clearance and identification lights on all conventional models over 80 inches wide, and exhaust emission control systems on gasoline engines used in 1/2-ton and dual-purpose models.

New Options

Included among interesting new options are a dual-master cylinder self-adjusting brake system for the medium-duty line; a full line of wide-base nylon cord tires for light-duty models; rear leaf springs for 1/2- and 3/4-ton light-duty conventional models, and a wider choice of engines, transmissions, and axles. Conventional cab models feature many significant improvements for 1968. They include standard equipment such items as rounded edge window cranks, dual padded sunshades, yielding shank window control handles, deflecting door lock remote handles, pushbutton seat belt buckles, larger low profile control knobs, and recessed ignition switch and cigar lighter. Anti-skid strips are used on door sill plates of panels and carryalls.

Interiors are brighter and more attractive, with high gloss paint, satin finished chrome horn button, two-tone door paint treatment, new seat trims with welted seams, and many other improvements. Seating comfort and leg room both are improved through modifications to the seat.

More Power

More power is offered in light-duty conventional models with two V8s not previously available. One is a new 307 cu. in. engine developing 200 hp., and the other is a new 310 hp. version of the 396 cu. in. V8. The 307 replaces the former 283 cu. in. engine as the standard V8 in light-duty models.

The improvement in cab interiors and comfort, larger V8 engines, improved transmissions and other chassis advances in the light-duty line are of special importance in the expanding truck camper market. The dual-purpose Suburban with capacity for eight persons and excellent for trailer towing because of its durable chassis, has the same interior and chassis improvements as the light truck line. More interior colors are offered and a bucket seat option with center console and front compartment carpeting is new for 1968.

In the medium-duty line, the 366 cu. in. V8 is increased to 235 hp. A new 427 cu. in. V8 with 260 hp., the highest powered gasoline engine ever offered in Chevrolet trucks, is available as an option in the light-heavy series.

All engines used in 1/2-ton trucks and in light-duty dual-purpose vehicles will be equipped with exhaust emission control systems of either the air injection reactor or controlled combustion type. Closed positive crankcase ventilation will be standard equipment across the line on gasoline engines.

Despite the increased power available, all Chevrolet truck gasoline engines still operate on regular grade fuel.

Of special interest to city-delivery operators is the new 3/4- and 1-ton forward control Step-Van line. Completely redesigned with a new chassis and front body extension it brings to the Step-Van line for the first time such features as independent front suspension with coil springs, power steering, and V8 engines.

The extended front design permits placing the engine farther forward and provides a full-width hood for easy access to the engine for routine daily maintenance from outside the vehicle, so that the cargo compartment can remain locked for security during servicing.

Transmission availability and design also have been improved for the 1968 line.

Jersey Symphony To Hold Auditions For Choral Parts

Auditions for candidates to sing with the New Jersey Symphony Chorus in two performances during the 1967-68 season will be held at Symphony Hall on Wednesday, and Saturday.

The auditions were announced by James R. McCarthy, choral director of the New Jersey Symphony. They will be held Wednesday, from 7 p.m. to 9 p.m., and on Saturday, from 10 a.m. to 1 p.m.

Symphony Hall is located at 1020 Broad Street, Newark. The chorus will sing next March with the New Jersey Symphony Orchestra in a performance of Beethoven's 9th ("Choral") Symphony. In addition, the chorus is to sing with the Chamber Orchestra of the New Jersey Symphony in a concert that will include Mozart's Coronation Mass, J. S. Bach's G Minor Magnificat and Psalm Konzert by Zimmerman, a contemporary German composer. The date for that concert is to be announced later.

Besides the New Jersey Symphony Chorus, the Symphony sponsors the New Jersey Symphony Boys Chorus, an ensemble of about 60 specially selected and trained boys. Auditions for openings in that chorus are to be held later.

Further information on the chorus auditions may be obtained by telephoning the New Jersey Symphony offices at 624-8203.

Rene Vialle New Auto Club Head

Rene Vialle of Orange has been appointed acting general manager of the New Jersey Auto Club-AAA, it was announced by Albert W. Stender, president of the board of trustees.

Vialle, 58, was operations manager. He replaces F. Kenneth Schultze of Florham Park, who had been general manager for 26 years.

A new four-speed manual is quieter, more durable, and easier to shift. It is standard in most 1-ton through 2-ton models and optional in 1/2- and 3/4-ton conventional and Step-Van models.

The three-speed Turbo Hydramatic transmission option now has been extended to 1-ton models.

Mint Medals

Many collectors are unaware of the fact that a series of medals portraying our presidents, from Washington through Johnson is available from the Philadelphia mint. These medals have been seen in many exhibits and displays. They are three inch bronze medals and cost \$3.00 each from the mint.

Many people have gone to coin shows, and coin conventions and have seen offered what is purported to be a contemporary medal struck during the last century to honor a battle on Lake Michigan or some other historical occasion. Chances were that that particular medal was one from the current series now being offered to collectors.

There are a total of 189 different medals offered by the United States Mint and range in price from forty-five cents to \$35.00 each. They are divided into six categories: the presidential series offering thirty-seven medals, 20 different secretaries of the Treasury, 18 directors of the mint. The two latter groups are also three inches in diameter and sell for \$3.00 each. Twenty-seven medals are offered in the army series of battle commemorations. Various fights from the Revolutionary War through the Mexican American War. Prices on their series range from \$3.50 to \$8.75, and are made in various sizes.

Special Naval Series

Also available is the navy series offering 32 different medals ranging in price from \$1.25 to \$15.00 for a four inch medallion designed by Cross and Longacre and honoring a Captain Ingraham. The latest of the naval series is a copy of medal presented to Vice Admiral Hyman George Rickover in appreciation.

The human body will stand so much and no more; young people should learn not to abuse their strength if they want to live long.

of his signal achievement in the practical use of atomic energy. Fifty six different miscellaneous medals ranging from restrikes of Indian Peace medals to last years centennial medal of the U.S. Secret Service are offered. The price on these medals range from forty-five cents to \$10.75. For those that are interested in this very interesting faze of numismatics, a complete list of medals is available upon request by writing: Superintendent United States Mint, Philadelphia, Pa. 19130. Most medals are struck from the original dies.

Question: I know matte proof coins are minted from 1908 to 1916, is there any specific way of telling if you have a matte proof coin.

Answer: First, for those who don't know, a proof is a coin with a mirror like surface struck with polished dies on a polished blank. A matte proof is one having a dull frosted surface. The matte proof coin can be identified the same as regular proofs, by their high rims, and distinct sand blast surface instead of the mirror like surface.

Plumbing Regulations

Will Be Taught

A course in plumbing regulation and inspection to qualify registrants for admission to the first and second grade plumbing inspector license examination administered by the Bureau of Examination and Licensing of the State Department of Health will be offered by the College of Agriculture and Environmental Science at Rutgers - the State University on Tuesdays this fall.

Nutley Adult School To Begin; Local Students Are Welcome

Belleville residents are invited to attend the adult courses during Nutley adult school's fall term which will held registration this Monday.

Beginning with those who may never had had the chance or time to finish their high school education, to those who now have the time or desire to partake of new subjects or hobbies, or who wish to relearn or review past skills, the courses given cover a large and varied field.

Board Endorsement

With the approval and endorsement of the Nutley Board of Education and David Broffman, principal of Nutley High School, the Adult School courses in English, Social Studies, Mathematics and Science will provide special training related to taking the General Educational Development Tests that are given periodically

throughout the year in New Jersey. When satisfactorily completed, this will lead to receiving the equivalent of a high school diploma. More information may be obtained from the High School guidance office or from Harry Reddington, Nutley Adult School Director.

In addition to these courses the Adult School offers 50 other courses, ranging from arm chair travel, through artistry with flowers, ballroom dancing, bookkeeping, bridge, ceramics, chess, discover your aptitudes, driver education, electronic data processing, english for new americans, estate and financial planning, everyday auto mechanics, folk dancing, french, german, golf, gourmet cooking, guitar for beginners, history as fiction, interior decorating, investment club way to intelligent investing, in-

vestment club workshop, italian, know the stock market, make-up, poise and grooming, modern jazz, office machine practice, oil painting, public speaking, psychology for everyday living, rapid reading, sewing, shorthand, slim-nastics for women, spanish, tailoring, tennis, typewriting and water color painting and pencil sketching.

Class Registration

Registration for classes may be made at the Nutley High School on Monday, September 18 and Thursday, September 21, from 7 to 9 P.M., as well as on the first evenings of classes, which are Monday, September 25 and Thursday, September 28.

Registration by mail may also be made on the coupon supplied on the Nutley Adult School Advertisement in this copy of the Nutley Sun and The Belleville Times.

Mosquito Division In Crisis

The Passaic River in West Essex, which had been almost at critical flood level a number of times during July, finally spilled over its banks, flooding all the meadows in the Passaic River Valley nourishing the dormant eggs of vexan mosquitoes, a flood water species which mature rapidly and vigorously make their way to residential areas in search of blood.

The Essex County Mosquito Extermination Commission has embarked on a two pronged assault to exterminate millions of this type of mosquito in the flooded meadows with three amphibious spray vehicles and by airplane. Airplane applications will cover 5,000 acres in Essex County. Morris County's Mosquito Extermination Commission on the west side of the Passaic River carried on a similar program.

There will be a noticeable increase in mosquitoes at dawn and dusk for the vexan mosquitoes, unlike the household mosquitoes, are not attracted indoors by light, nor do they travel in swarms in the dark, but prefer the early evening hours.

Worst Mosquito Season

Employees with many years of service with the Essex County Mosquito Extermination Commission have referred to this mosquito breeding season as the worst they have ever experienced. The temperature, persistent high humidity, cloudiness and almost non-existent winds have compounded the saturated conditions producing a most ideal atmosphere for mosquito breeding not only in the natural swamps and meadows but also in man-made conditions causing accumulations of water throughout the rest of the county.

Extensive mosquito breeding has been found in the non-suspecting grass of golf course fairways and in parks wherever depressions allow water to accumulate. All types of construction, highways, industrial and home developments with their ruts and pools caused by earth moving equipment, plus the unfinished cellars, cement block voids and various types of receptacles which hold water are prolific breeding places for mosquitoes.

Other man-caused breeding was found in barrels, ponds, steel drums, puddles of water around homes, humus barrels, pails, tin cans, garbage cans, sand boxes, unused, abandoned and poorly maintained swimming pools, tree wells, discarded automobile and truck tires, sewage disposal plants, containers used to root privet hedges and other plants and many other various types of containers, receptacles, depressions and areas which hold water. Breeding in areas of high water table and many ditches is compounded by sewage effluent emanating from septic tanks.

Heavy July Precipitation

Precipitation was almost constant, keeping the ground saturated. There was an accumulation of more than 7 1/2 inches of rainfall during July making it one of the wettest Julys on record exceeded only by 7.96 inches in 1938 and 7.95 in 1961. It was 3.86 inches above normal, 61/2 inches more than July, 1966 and the total accumulation to July 31, 1967 was 27.26 inches compared to 17.07 inches in 1966; an increase of over 10 inches. But worst of all, almost 9/10 of the 10 inches fell during July and in the last two weeks in June in a very erratic pattern.

Mosquito trap counts averaged 5.7 in June, 1966 and .9 in June, 1967, but averaged 17.2 per trap per night in July, 1967 against 5.2 in July, 1966.

There were 15 requests to investigate mosquito breeding in June 1966, 29 in June 1967, 19 in July 1966 and 134 in July 1967. To provide the necessary service all machine operations have been closed, 18 vehicles, 2 amphibious spray vehicles, 45 men, and 9 catch basin crews to emergency larviciding programs: finding and exterminating mosquitoes at the source of breeding.

How much longer these men can endure this rigorous steady grind of the last six weeks is questionable, however, and it therefore has become necessary for the Commission to acquire a third tracked vehicle costing \$9,000.25 to take the place of additional labor which is not available. This machine is also necessary to pick up the labor slack as college men gradually return to school during the ensuing weeks and the regular men must carry the entire load until October 1, when the mosquito breeding season may end.

Helicopter Considered

Helicopter service used for inspection and application of materials during the last four years in areas inaccessible to ground crews was not available during this emergency which was a ser-

Archery Season Nearing

--Archery enthusiasts were urged this week to start getting ready for New Jersey's bow and arrow deer season by Commissioner Robert A. Roe of the Department of Conservation and Economic Development.

The season will open on Monday October 2, less than a month away. It will run through Thursday November 9, several days longer than the usual five weeks.

State Fish and Game Director Lester G. MacNamara noted that most deer are bagged by sportsmen who have devoted time to preparation before the season. This is especially true of bow-hunting, which involves highly specialized techniques.

Checking equipment is the first major step. Worn bowstrings and cracked arrows should be replaced, and feathers, nock, crest and serving should be restored to tip top condition. Hunting points should be kept razor sharp to insure a clean hit.

Practice is vital. Archers should use arrows of the same length, weight and spine as their hunting shafts. Accuracy should be sought from a variety of angles and positions, simulating field conditions.

Finding a place to hunt should not be left until the eve of opening day. Hunters should seek areas where there are indications that deer pass by, and concealment is possible without hampering vision or movement.

The owner of the chosen hunting spot should be approached before the season for permission. He is likely to grant it, especially if he knows the sportsman is someone who will respect his property. On the other hand, the opening day invader is likely to be chased away.

ious handicap. Consideration is being given to the procurement of a helicopter which would be available to the Commission when required.

Business Briefs

By Joe Sticco and Jack Gurewitz

Thunderbird Bonus

There will be an added bonus for 20 New Jersey and New York pro's in the \$150,000 Thunderbird Golf Classic at the Upper Montclair Country Club next week.

A special prize of a Ford Mustang car will go to the winner of an 18th hole preliminary Monday. Michael C. Nappa, general chairman for the sponsoring Newark Ford Dealers Association, tells us all proceeds will go to United Cerebral Palsy and Affiliated Charities.

Ballet Offers Scholarships

Matt Mattox and Carolyn Clark, directors of the New Jersey School of Ballet and the New Jersey Ballet Company, now conveniently located at new and spacious studios at 174 Main Street, Orange, are pleased to announce the holding of auditions for full and partial study scholarships for girls age 8-17 and boys age eight and up.

Ford Foundation Ballet Scholarships to study at the New Jersey School of Ballet are also available. The Ford program, administered by the School of American Ballet, official school of the New York City Ballet Company, is set up to search for gifted students and to encourage them toward developing into professional dancers.

The New Jersey School of Ballet is now accepting registrations for the fall season. Classes will begin next Monday with courses offered in ballet, modern jazz, toe, variations and adagio for children, and adults at beginning through professional levels.

Grand Union Promotion

The Grand Union Company today announced the promotion of Donald Stern to the position of

FIRST CUSTOMER -- No sooner had the ribbon been cut at Jerry's than in walked young Carol Kennedy, 9, who will be entering fourth grade at St. Mary's School next month. After looking around the store several minutes, Carol selected some handkerchiefs which she said would be a present for a special friend. Carol is the daughter of Mrs. Kathleen Kennedy, 334 Centre Street. She is being assisted here by Jerry Tasio, proprietor of the men's shop.

non-foods sales manager for the food chain's more than 500 supermarkets in 11 states, Washington, D. C., and Puerto Rico.

Reporting to George D. Hamilton, non-foods merchandise manager, Stern will have his office at Grand Union headquarters in East Paterson.

Succeeding Stern as non-food merchandise manager for the New York region is John J. Groh, formerly non-foods sales man-

ager for the company's suburban division, which operates 83 stores in New Jersey, Rockland and Orange Counties in New York State and Pike County in Pennsylvania.

A native of New York City, Stern holds a bachelor's degree from New York University. In 1966, he completed an executive development course sponsored by Grand Union.

Theron L. Marsh United Fund Head

Theron L. Marsh, general chairman of the 1968 United Community Fund campaign of Essex and West Hudson, last Wednesday called on "the community as a whole, both businesses and individuals" for at least a 25 percent increase in UCF contributions to help deal with social problems under-scored by the recent rioting in Newark.

At a meeting of the UCF Campaign Advisory Committee in the Robert Treat Hotel, Marsh said that the 112 agencies supported by the UCF offered "corporate and private citizens a place to start" toward "eliminating the social and economic ills which engender lawlessness and encourage crime in our streets."
