Getting Chewed Out:

Head Football Coach John Amabile, obviously upset midpoint during Saturday's football fiasco against East Orange, talks to members of the football team. Meanwhile East Orange had swept along a victory path leaving Belleville with a bitter opening game defeat. The final score was 32-0.

Bellboys Try to Rebuild Morale After Shattering Gridiron Defeat

Head football coach John Amabile has been working his men this week to meet Bloomfield's Bengals at the Municipal Stadium in Belleville Saturday. With the devastating 32-0 defeat, which the Bellboys suffered last week-end bitterly but securely in the back of their minds, Amabile has been rebuilding some last morale hopefully in time for Saturday's gridiron show.

Perhaps a rebirth of team confidence may produce a success story for the Belleville varsity unit this week. The Bengals, according to Bloomfield coach Sam Cavallaro maintains that his team is confident. A sweeping 34-6 win over Seton Hall last week may have been a contributing factor.

In any case this year's Bengal team is listening to the words

of its coach because it has shown more contact and is responding better so far this year.

Coach Amabile admitted that his team had the usual strong and weak points. He added that the team's strength lies principally in the line.

"We've got a good tough bunch of kids up front, and our defensive players love to hit," he said.

Cavallaro seems to hold the same strategy: "You can't play tag football. In order to have a good football team the boys must hit hard and not be afraid. We are out to hit instead of being hit."

Obviously with both teams following the same aggressive path, this week's game should be a bruiser.

It was a sad day for Belleville last Saturday, as East

Orange, led by quarterback Rhett Sherman, had a field day, scoring five touchdowns while holding the gallant Bellboys to not a single score.

From the beginning East Orange displayed championship form. On its first series of downs, the mighty East Orange offensive machine marched 68 yards, scoring on a five-yard end sweep by Panther quarterback Rhett Sherman.

On East Orange's very next play from scrimmage, the fine Panther line opened a hole for halfback Steve Cowan, and he promptly went the next 58 yards for another East Orange score.

During the middle two periods, the ball was repeatedly exchanged, as the Belleville defense, led by lineman George D'Amico finally got down to business. However quarterback

Richard DelGuercio was unable to get his Bellboy offense to jail.

The game was finally put out of reach for Belleville in the fourth quarter, as the Panthers scored three more times on drives highlighted by passes from Sherman and sub-quarterback Clarence Ricks to receivers Gilbert Taylor, Holman Wiley and Bruce Hinton.

Rutan Protest

Vehicular Bridge Plans Assailed

A protest movement is underway to halt construction of a vehicular bridge which is proposed to traverse the Third River linking as access of Franklin Avenue to Rutan Estates.

Frank Patetta, 123 Plenge Drive, appeared before the Town Commission recently demanding that a vehicular bridge not be erected. He said not only would the bridge become a hazard to traffic safety but it would also create congestion problems for Rutan Estate residents.

Patetta reminded the commissioners that some 150 residents from the 250-home Rutan Estates development had petitioned the local governing body for a walking bridge to link Carolyn Road to Plenge Drive: the barrier being the Third River. This accomplished, residents would be able to have free access to Franklin Avenue and Joralemon Street--both active main thoroughfares.

The commission, in its zeal to both satisfy the residents' requests as well as safety recommendations from the police and fire department, asked the county to construct a vehicular bridge.

This, according to Mayor Kenneth D. Smith, would provide swift access to Rutan Estates for police and fire vehicles. He asserted that for the safety of the residents there, a vehicular bridge would be far more satisfactory.

The county, meanwhile, has placed the bridge construction program on list of projects for the near future.

Mrs. Mildred Benagusta, also a Rutan Estate homeowner, told the commission that she was in favor of the bridge.

Not willing to accept the bridge as something foreseeable, Patetta warned Mayor Smith, "You better not start that bridge." He implied that he would find some way to keep workmen from building the structure.

"I'm going to go door to door in my neighborhood and tell them what you're about to do. We don't want a vehicular bridge. We don't want traffic in that area. We want a walking bridge. Why weren't we recognized?"

Smith said there were residents in the area who want a vehicular bridge. He also insisted that for very fundamental safety reasons, the bridge was a necessity.

"We're up there nine years," Patetta said. He added that ambulance and fire trucks have had no trouble getting to Rutan Estates.

Patetta again warned, "I wouldn't start that bridge. We'll get women out there with baby carriages to block the way."

In another matter, the commission voted to buy 50 vandal-proof parking meters for use by the department of public safety. The meters are being purchased from a

Hackensack concern.

Replacement of defective parking meters has been a long-standing request by the local Chamber of Commerce among its suggestions for improving the community's business health.

Schoolmen Stage Chair Argument

A 20-year guarantee on tablet arm chairs for the school system was requested by Board of Education members at a meeting this week.

Trustees at the board meeting, apparently concerned that the chairs might become obsolete after a few years, thought the American Seating Company should attach a 20-year guarantee to the school board's purchase of 30 chairs for \$530.

The chairs are to be used in the junior high school. The current purchase does not carry the 20-year warranty.

It was then Trustee John Di Rienzo went on record saying he would not like to see the chairs (especially at the present purchase price) be stacked up in some obsolete corner of the school after a period of time.

Trustee Ernest Arnyach then implied that each and every seat should be dated at the time of purchase.

Trustee Di Rienzo asked that a vote be put before the board which would provide for an amendment to the resolution stating that a guarantee for each tablet arm-chair for a period of 20-years be obtained.

President Rocco Saletta then asked the members to cast their votes towards the amendment to the resolution stating that a guarantee for each tablet arm-chair for a period of 20-years be obtained.

President Rocco Saletta then asked the members to cast their votes towards the amendment, not before he himself voiced his disapproval by saying that if the board resolves the present recommendation it would then have to be revised for all present and future equipment.

And this could not be, he said, because the equipment is purchased from different companies and each separate classification of equipment has a different warranty.

The request for the amendment was defeated by a six to one vote. It was further stated that the current order has gone through and the next future purchase will read with a guarantee.

At the conclusion of the voting Trustee Mrs. Norma McCool said "I don't think there would be any problem in obtaining the guarantee."

Cavalcade of Progress Today

Mayor Kenneth D. Smith and the Board of Commissioners will appear at the opening of Belleville's Cavalcade of Progress this afternoon at the Elks Club at 2:30.

Mayor Smith will cut a ribbon officially opening the three day Chamber of Commerce sponsored exposition of what Belleville offers in the line of business and industry.

So far booths at the cavalcade have been rented to the Belleville Times, Public Service, Sun-Glo Shuffleboard Co., Robert D'Uva Realtor, Clara Maass Hospital, Belleville Travel Service, Wallace & Tiernan Co., Malta Press, Kondreck Photographers, De Witt Savings & Loan, Belleville Public Library, People's National Bank, Jolly Dry Cleaners, Cerebral Palsy Center, Mayflower Security Co., Walter Kidde & Co., N. J. Bell Telephone, United Community Fund and the Robert Treat Council of the Boy Scouts of America.

There will be a total of 29 booths. Harry French, chamber director said, "The community can be proud of its homes, its schools, its recreational and cultural activities in addition to fine spirit of cooperation between its various religious and ethnic groups."

LOCAL EXPOSITION--The doors of the Elks Club will open wide for residents who would like a glimpse of Belleville's industrial and business assets and potential. The event will run through Saturday.

A STEP TOWARDS HEAVEN---The Joseph Biancardi benefit dinner dance scheduled for tomorrow evening at the Fountain Restaurant features the theme: "Every act of charity is a step toward heaven." Proceeds go to the Orphans and Disabled Children's Christmas party. Discussing plans for the event with Assemblyman Biancardi above are the very Rev. Monsignor Edward Fleming and Father Vincent Monella, both of Seton Hall University.

Big \$10,000 Golf Classic Now Set for Mid October

The quest for places on the three all-pro teams which will compete in the Ballantine Inter-sectional Golf Championship moves into its last month of competition with spirited jockeying in the offing for places on the eight-man teams. The eighth annual \$10,000 fall golf classic will be played at New Jersey's Forsgate Country Club, October 13 and 14, with teams from Long Island, Westchester and New Jersey competing.

Long Island will be the defending champion in the tournament sponsored by P. Ballantine and Sons of Newark. The event will be open to the public and admission will be free.

The intersectional clash again will serve as a showcase for the finest pro golfers from the three areas, competing as teams, with a unique Ballantine Performance Point system serving as a yardstick for their selection. BPP are being awarded players for outstanding performances in all open tournaments during the long golf season.

The Metropolitan PGA championship to be played at the Nassau Country Club in Glen Cove, N. Y., October 2-4, will serve as the final tournament in which BPP will be kept. The Met PGA is restricted to participation by Long Island and Westchester pros.

Among the major tournaments yet to be played which will have a definite bearing on the selections, in addition to the Met PGA are: The Thunderbird Classic Invitational at the Upper Montclair Country Club, September 21-24, and qualifications for that event which were held Wednesday at the Westhampton Country Club, Westhampton, N. Y., for

Long Island and Westchester pros and Thursday at the Deal Golf and Country Club, Deal, N. J., for New Jersey shotmakers; the twice-postponed New Jersey PGA championship at the Essex Fells Country Club, September 11-13; the Metropolitan Open Championship at the Winged Foot Golf Club, Mamaroneck, N. Y., September 26-28, and a host of one-day pro-amateurs in each of the three areas.

Winners of the three major championships yet to be contested will be automatic starters on their respective teams for the Ballantine event. They will join five other pro titleholders who have already annexed certain starting places on their teams. They include: Jerry Pittman of the Creek Club, winner of the Long Island PGA; unattached pro Pete Mazur, who took the Long Island Open last May; Paul Kelly of the Sleep Hollow Country Club and Roy Pace of the Wee Burn Country Club, respective winners of the Westchester PGA and Open titles, and Pat Schwab of the Crestmont Country Club, the New Jersey Open titleholder.

To maintain the competitive incentive in the BPP chase, Ballantine again will award a \$250 bonus to the player realizing the greatest number of BPP for the season. The winner customarily is designated as "Player of the Year" by his PGA organization.

Westchester and New Jersey pros still are in the thick of a fight for the bonus, but Pittman would appear to have a lock on it in Long Island. Jerry has a commanding 98 BPP to his credit, which represents a 34 BPP bulge over Tom Nieporte of the Piping Rock Club.

Oct. 5, 1967 Happy birthday, world!

The first day of Tishri. This day the world was called into being, says the Hebrew liturgy. And it also is the first day of Rosh Hashanah when every man passes before his creator, his past actions are evaluated and his future judged.

This year why not plan to spend that Holy Day with us at Temple Menorah. Since it is the 'Day of Judgement', what else more important do you have to do?

Belleville Community Groups Will Help Organize Bazaar

More than 500 volunteer and Twig members, together with members of the Nutley Garden Club and Woman's Club, will join on October 10 and 11 to stage their 12th Annual Bazaar at the Women's Arts & Crafts Building at Greystone Park.

Taking their cue from Expo '67, this year's affair will be titled GPA '67 - Grand Parade of Attractions. These attractions promise to be abundant. From colorful stalls displaying hand-knits for children, Christmas decorations, costume jewelry, novelties, potted plants, etc., to a hoard of antiques and a treasure chest of surprise grabbag items. In addition, there will be a variety of home-baked cakes, pies and casseroles that volunteers from the counties have worked on painstakingly these past few weeks and frozen.

The affair will run from 10:00 a. m. to 4:00 p. m. on both days. Luncheon will be served from 11:30 a. m. to 1:30 p. m., but a snack bar will be available throughout the day.

The grand prize, among the many prizes being offered, will be a TV set donated through Warner Lambert Pharmaceuticals.

There is no charge for admission and the general public is invited to attend. Proceeds help the Greystone Park Association provide many extras for some 4,500 patients at the New Jersey State Hospital for the mentally ill, which are needed in recreation and rehabilitation programs. Fund-raising projects, such as this, in addition help purchase wheelchairs and walkers for the geriatric patients and special equipment for the recently-completed Children's Ward.

Without commuter railroads, these towns would experience a decline in population, in retailing, in everything that makes a town live. The Democratic Legislature kept these commuter services running with a state subsidy, and with imaginative improvement programs. And it means to keep them running. This is no special-interest give-away, either. The alternative is a sharp increase in highway congestion, highway costs, air pollution. Democratic action saved the commuter service... and a lot more for the taxpayers of New Jersey.

Applications For Summer Head Start Available

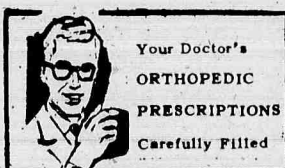

Applications for 1968 Summer Head Start Programs have been sent to sponsoring agencies in Belleville, Montclair, Orange, and South Orange-Maplewood by the Essex County Youth and Economic Rehabilitation Commission.

The Commission has been designated by the Board of Freeholders as the Community Action Agency for all programs funded by the U. S. Office of Economic Opportunity and located outside of Newark.

Dr. Herbert E. Scuzzo, Commission Head Start Consultant, has urged local community groups, whether governmental, school, church, or non-profit, to investigate the possibility of conducting Head Start programs during 1968. He stated that communities with as few as 15 economically deprived eligible pre-school youngsters could establish a head start class.

GOP Election Upset

This century has never seen an election upset as was achieved Tuesday by the Reform Republicans for Party Integrity. Most politicians go back to 1934 when the late Arthur T. Vanderbilt successfully challenged the rotten leadership of that day for a comparison of a reform-type upset.

In 1934 Arthur T. Vanderbilt had going for him the most important Republican names in the Essex suburban communities. Last week the Reform Republicans had none. Arthur T. Vanderbilt enjoyed the all out support of the Newark News at a time when the Newark News was the single, dominant political newspaper in the county and state. In the recent campaign the Newark News opposed the Reform Republicans.

In 1934 Vanderbilt had going for him almost 40% of the municipal Republican County Committee leaders. Last week the Reform Republicans had none. In 1934 Vanderbilt enjoyed the total support of the most politically important Republican families in Newark led by the three Giuliano brothers, the late Joe, present at Large Councilman Anthony, and Superior Court Judge James.

This election not only saw the Giuliano family completely behind the Yeomans leadership but more than that, a nephew, Michael was a candidate on the Yeomans ticket. Last week every Republican Newark Councilman including the very popular North Ward Councilman Joseph Melillo, issued statements supporting the Yeomans ticket. And to top it all off in 1934 Arthur T. Vanderbilt had in his corner the William Jennings Bryan of the Essex County Republican party, the late Doctor Lester H. Clee.

Last Tuesday the REFORM REPUBLICANS for PARTY INTEGRITY were led by a young, serious, but politically inexperienced business executive, Walter W. Weller Jr., administrative vice president of the Nutley-based international pharmaceutical firm, Hoffmann-La Roche, Inc.

REFORM REPUBLICANS also had with them a couple of "outcasts" from the Yeomans organization like Mrs. Ruth Stevenson of Glen Ridge, Robert Citrino of Nutley, Mickey Waldor of West Orange, and James Wallwork of Short Hills.

For the REFORM REPUBLICANS their most important asset was its slate of candidates -- by far the finest slate ever assembled by Republicans for voter consideration.

The second most important asset of the REFORM REPUBLICANS was the cause which impelled them to do battle in the first instance -- the restoration of party integrity.

Arrayed against the REFORM REPUBLICANS was the most formidable opposition ever encountered by a political challenger.

Even old, tired, rejects like former County GOP leader Andrew Axtell, and former Congressman Robert Kean issued statements defending the decadent Yeomans leadership and attacking the REFORM REPUBLICANS.

Seventy year old former Attorney General Walter D. VanRiper came out of political retirement long enough to endorse the Yeomans crowd. Former Congressman George Wallhauser, after telling REFORM REPUBLICANS that he would not participate in any way in the Primary Election contest became the Yeomans-slate Campaign Manager.

U.S. Senator Clifford P. Case, after promising Walter Weller that he would not participate in the Primary Election contest, took a breather from his statements on the Vietnam War long enough to muddy up his political reputation by public endorsements of the Yeomans leadership, a move which was alien to Case's past record of opposition to the Yeomans group.

Even 70 year old Leslie Blau, a Case spokesman and Essex GOP state committeeman energetically condemned the REFORM REPUBLICANS with public statements issued in his name by phantom writers.

There is no past election upset that can compare with the REFORM REPUBLICAN performance of last Tuesday.

The message came through loud and clear. Republican voters in Essex County want a change of leadership.

It is sad to note as a historical fact that the local GOP leadership was in the back pocket of the Yeomans crowd and opposed the REPUBLICANS FOR PARTY INTEGRITY. FAO

School Dropout Rate In America Is Too High

More than ever, this country needs trained, educated people to continue the progress America has made and to take their rightful places in the society that is developing.

Much of the poverty and unemployment that exists today is directly related to the lack of education and preparation by previous generations.

I've found this world is beautiful
No matter where I've been,
But the place I think "most" beautiful
Is the place that I am in.

It doesn't seem to matter
Just where that place may be,
But if I chance to be there
It's beautiful to me.

When skies flame up at sun-set
To warm the chilly fall,
I think I've found that magic spot,
Most beautiful of all.

Or when a summer shower's past
And the world is fresh and green,
The very essence of beauty
Can be felt as well as seen.

Beauty, though seen often,

When reaching us in melodies

youngsters in this country in the 16 to 21 age group who dropped out of school before earning their high school diploma. Nearly a fourth of them are unemployed. Most of the rest are stuck in dead-end jobs, without any real future.

Large gains have been made in the fight against ignorance, unemployment and poverty during the past several years. Secretary of Labor Willard Wirtz recently reported that two million more people are working and one million more are in high school and college than the population increase of the last three years accounts for.

The Education Campaign of the past two years has helped in this progress. It has paid big dividends by inspiring dropouts to return to the classrooms and encouraging the undecided to finish their education. In 1960 the dropout rate was 25 percent. Last year it had decreased to 18 percent.

But 18 percent is too high for a Nation to tolerate. The frightening fact remains that at the current dropout rate by 1975 there will be 32 million adults in the labor force without a high school education -- 32 million who will be unqualified for most of the jobs available then.

This newspaper supports the efforts being made to keep our youth in school and help them from becoming future victims of deprivation and poverty.

But it takes more than our support. It needs and commands the support and effort of every citizen.

Youngsters who have already dropped out of school need special help. They need to be counseled and guided into training that will help them develop skills for today's jobs.

You can serve your country best by helping to insure that tomorrow's leaders are educated today.

Speak Up

Warren H. Davis
Says Thank You

To the Editor;

Last week Essex County Republicans went to the polls and selected some of the finest and most capable candidates in GOP history.

Nutley and most other suburban communities showed, by their overwhelming pluralities for the Reform Republican ticket, that they now want new and vigorous blood in their party.

The successful senate, freeholder, sheriff and assembly Reform candidates who came through a 40 day "blitz" campaign with flying colors should now be wholeheartedly supported by all citizens who want honest, energetic and forceful office holders.

As Nutley's own candidate in the primary who was seeking nomination for the State Assembly from District 11C (Newark's North Ward, Belleville and Nutley), I am proud to have been associated with such dedicated and courageous candidates.

Although unsuccessful in my first bid for a political office, I learned much and met many fine people who worked especially hard for their losing candidate but who were instrumental in electing eight of our Reform Republicans.

(Our local Nutley plurality of about 300 votes couldn't offset the outstanding Regular Republican ticket vote in Belleville and Newark's North Ward which are both predominantly Democrat.)

To all of these very wonderful people who helped, a very sincere and grateful "thank you." And to the many Regular Republicans, the great number of Democrats who "have had enough" and changed their party affiliation "especially for this election," and to the independent voters, more heartfelt thanks.

A very low bow goes especially to Mrs. Ruth Williams and her gracious daughters, and to Larry Vitaletti and Hank Ludwig whose direction and help is gratefully appreciated. And to two new-found friends in Belleville, Harvey Kramer and his charming wife who worked so hard for us, a very, very special "thank you."

Very sincerely,

Warren H. Davis

The boy's and I from the 4th Pit, Co. A 3BN 21st Infantry, 196th Infantry BNE, would like to thank them for their time and effort. It helps the moral greatly when we know that people care and think about us.

Seems Only Yesterday

One Year Ago

Donald Smith, former deputy chief, stepped up to the position of Belleville Chief of Police, replacing the retiring Charles McGinnis. At the same time came the swearing in of Thurman Davis to the police force -- Belleville's first Negro police officer.

Town manager John R. Burnett revealed latest developments on several local recreation projects planned. Belleville was seeking funds from the state Green Acres program to create a three and one half acre recreation site in the Silver Lake section. Completion of definite plans was expected "before the year is out." Plans were also revealed for a half-million dollar public safety building at the corner of Franklin Avenue and Mill Street, to combine police department, fire department and court headquarters.

Court Gratia 751 Catholic Daughters of America, celebrated its 45th year. Selected as the theme for the anniversary commemoration was "A Time to Serve."

William A. Sommers, sworn in as new Belleville Town Manager by Judge Edward Abramson, stated that he would be "tough as hell when it came to fundamental principles." Sommers emphasized that no town employee would be permitted to hold any political office or engage in any political activity. "The Council-Manager form of government is a non-partisan operation," Sommers said. "Mixing politics into it creates an atmosphere contrary to its entire conception."

Ten Years Ago

Commissioner Elmer Hyde, director of parks and public property, took a strong position in opposition to the Passaic Valley Planning Association's proposal to incorporate 54 lots of the Rutan Estates into a 43 acre county park straddling the Belleville-Nutley line. Hyde stated that the main reason for the plan was to "save money for a builder who had made a bad business transaction" regarding the Rutan Estates.

Twenty Years Ago

At age 65, Mrs. Hannah Peterson, 196 Hornblower Avenue, was told by insurance company doctors that they could not approve a life insurance policy for her because of heart condition. "We can give her only 2 to 3 years to live," they declared. Mrs. Peterson did not take kindly to this advice, and did her best to disprove it. It appeared as though she succeeded -- because much of Belleville turned out to help her celebrate her 100th birthday in a gala party at her home.

Still in possession of her faculties to an amazing degree, Mrs. Peterson recognized many guests she had not seen in over 50 years. Over 100

Bellevillites and relatives were present to wish her well.

A member of one of Belleville's oldest families, Mrs. Peterson also celebrated her 88th year as a local resident. Her original home was the first building in all that section of Belleville.

Andrew Cooper, 36 Overlook Avenue, was installed commander of the Belleville American Legion Post 105 in traditional installation ceremonies. A veteran of World War I, Cooper was assisted by Arthur S. Ackerman, senior vice commander; Harry P. Simon, junior vice commander; Richard D. Shannon, finance officer; Kermit B. Girward, sergeant at arms; Harry McCumber, chaplain; Charles Charrier, service officer; Allan P. Bonhoff, historian; Otto T. Breunlich, ritual officer and Arthur A. MacCready, adjutant.

Thirty Years Ago

What is the difference between a one and two family house? The Belleville Town Commission wasn't quite sure, when Director of Streets and Public Improvements Patrick A. Waters puzzled it after a difficult case has arisen. It appeared as though the Board had rejected an application by a DeWitt Avenue resident to make alterations, stating that they would set a precedent by making a one family house into a two family one. The builder, William Wilson, stated that his house was to remain a one family one, and that his addition of a sink for an elderly lady residing upstairs did not constitute the change.

The Town Commission also passed an ordinance resurrecting the old smoke abatement department. The salary of Fire Chief Alec Reid was increased from \$3,100 to \$3,500.

Two cases of infantile paralysis in Belleville were reported to town health officer Eugene Barry. Barry stated that the number was normal, and that the town had seen five cases two years before and one the year preceding.

Thirty-Five Years Ago

School No. 3 closed to allow students to attend funeral services for Mrs. Ruth F. Dolan, a fourteen year veteran of the School 3 faculty. Mrs. Dolan had been stricken two weeks previously and died despite several blood transfusions. She was a resident of Nutley.

Several hundred Belleville citizens were disappointed when Mayor Kenworthy announced that there would be no discussion of the proposal to call upon the State Municipal Finance Commission for assistance in solving Belleville's finance problems. They had come to the town Commission meeting in hopes of hearing further verbal fireworks on the subject, which had been occupying the attention of the town fathers for a considerable period of time.

Learning To Share Our Feelings Important For Happy Family Life

"I kiss mommy goodnight but mommy never kisses me."

The little child who said this was expressing a feeling. She felt she was giving but not receiving in return. She wanted to be "kissed back."

Possibly her mother was never aware of this.

Every person has feelings. Sometimes these are feelings of joy, but just as often they are of rejection, of being unwanted.

Within the family every member needs to be alert to the many expressions of feelings so that members can help one another.

One way to share feeling of course, is to talk. But it's not always easy to put into words how we feel. It's important to try, though, as this means of sharing our feelings becomes easier as time goes by.

Often we don't say exactly what we mean. We are apt to be careless in our speech. For example, a parent may say:

"You are a bad boy."

What he means to say is that the child has done a bad thing. When the child realizes that the action was wrong he will be likely to refrain from acting in such a way again.

Sometimes it's easier to talk -- and listen -- when people do things together. This kind of communication may take place while they wash the car or do the dishes or work at any of the tasks around the home.

Somehow, working and talking together makes it easier to understand why a person is mad or glad.

Gala Show At Luncheon For YMCA

Fall fashions by Evenson's of Verona, hand crafted Halloween, Thanksgiving and Christmas centerpieces; spicy jams, jellies and exotic casseroles for home use, and several hours of relaxation at cards will highlight the Montclair YMCA's October 11 benefit affair.

Sponsored by the women's program committee to raise \$1,000 for world service, the Y's private aid plan, the bridge-luncheon-fashion show will usher in the fall season.

Created by Mrs. William Stuart and on sale at the bazaar table will be Dellarobia wreaths, fruit and nut-filled cornucopias and other centerpieces appropriate for the coming Thanksgiving season. Black cats, witches, scarecrows perched on orange and black styrofoam can perk up a Halloween party. Christmas tree ornaments that sparkle and twinkle with reflected light will be available for the holidays. Mrs. Stuart and her imaginative crew will also sell individually made paper mache jewelry, gaily decorated gift boxes and party favors.

Chances to be sold at the gala on items donated by local concerns include a transistor radio, Stueben glassware, and dinner for two at the Mayfair Farms. There will be door prizes, and table prizes plus lipsticks, vitamins, facial ointments and soaps for all guests. Mrs. William H. Geyer Jr. is in charge of prizes.

Luncheon will be a chicken or turkey sandwich, date and nut bread plus dessert and coffee, and has been arranged by Mrs. Seymour Yunker.

DIABETICS ENDANGERED BY FOOT PROBLEMS

Infected corns, callouses, problem ingrown toenails, thickened toenails with ulcers at shoe pressure points, fungus and bacterial infections are the most common foot problems associated with diabetes.

To help overcome the lesser healing powers of most diabetics, strict cleanliness is a must. Strong antiseptics, and the usual patent corn and callous remedies should be used only with the approval of a physician or podiatrist. Ulcers and infections require immediate attention by a physician. We can cooperate with your physician and podiatrist by supplying any product they may prescribe or suggest.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Librarian Proclaims Summer Reading Program at Library 'Most Successful'

More than 130 children attended the Belleville Library's party to honor participants in the library's Summer Reading Program.

Mrs. Rose Marie LiBrizzi, Children's Librarian, who directed the summer long reading activity, declared this the most successful Summer Program to date. Two hundred and eighty youngsters participated and 101 completed the required reading and were awarded diplomas.

In addition to awards the party featured film stories and group singing and was topped off by soda, cookies and ice cream for all.

Summer Singing

Headlining the singing activities, the summer singing group, dressed in hobo costumes, rendered their version of "Side by Side". The program reached its climax with the announcement of the winners of the summer reading contest.

In the kindergarten to third grade section, St. Peter's third grade Margaret Ferns of 57 Prospect Pl. received the girl's reading award for reporting on 247 books. First grader Joseph Meglio of 61 Parkside Dr., a St. Peter's student also, won the reading award for the boys with 150 books to his credit.

For the second year in a row, number seven's 5th grader Donna Tsouhnikas of 231 Division Ave. topped the reading award for the girls in the fourth to sixth grade section for reporting on 115 books. Although the boys from grades 4 to 6th did not match the girls in numbers of books read, school three's fourth grader Thomas Coughlin managed to read 47 books to top all the boys in this category.

Receiving the School Merit Award for the second year in a row was School Three, followed closely by School Ten in second place and School Seven in third.

SUMMER READING AWARDS---Winning awards at a recent party in connection with the Belleville Library summer reading program are Thomas Coughlin, Joseph Meglio, Margaret Ferns and Donna Tsouhnikas. Mrs. Rose Marie LiBrizzi, children's librarian and other children at a party applaud the winners.

LIBRARY PARTY---More than 130 children attended a recent party at the Belleville Library to honor participants in the library's summer reading program.

**Stay
out of
my purse...**

why should I pay for your strike?

Repeal the Strikers Benefits Law

Somebody's always trying to get his hand into your purse these days. Another hand is ready to go in January 1. That's when New Jersey's new law (S-400) provides unemployment checks to strikers. The law sneaked through by a one-vote margin last April, and only after a lot of political pressure.

This means the unemployment taxes taken out of your paycheck every week will be used to subsidize strikes. It means more and longer strikes. It means fewer jobs and a weaker economy because companies already here are discouraged from expanding, and those outside the state won't come in. And it means that hand in your purse is going to take 20 per cent more in unemployment taxes.

What can we do about the strikers benefits law? We can demand that it be repealed, just like it was repealed in 14 other states. It's very unpopular in New Jersey; a recent poll showed that only 3.7 out of every ten voters are favorable to paying strikers unemployment benefits.

If you're for repeal, join us. Every seat in Trenton is up for election this year and all the candidates will be waiting to see how strong the resentment is against paying unemployment checks to strikers. We aim to tell them.

Fill in the form below, and send it to PUB headquarters. If you like, enclose a dollar or more. Then get your friends, neighbors and relatives to join also. Let's repeal the strikers benefits law.

GRIM OBSERVER---Tony Cervasio, a 170 pound senior, grimaces as East Orange scores a fifth touchdown over Belleville during Saturday's game.

Michael Spatola Freshman Cadet At Air Academy

Michael A. Spatola, son of Mr. and Mrs. Alfred D. Spatola of 125 Bell Street, Belleville, is among the more than 1,000 freshmen cadets who have entered the U.S. Air Force Academy class of 1971.

Cadet Spatola's acceptance into the cadet wing marked his successful completion of cadet basic training, which began in June.

About half of the basic training was conducted in a forested area on the academy site where the cadets lived in a tent camp simulating an American front-line air base in Vietnam. There they learned to use infantry weapons and defend the base against guerrilla attack.

Other training included such subjects as flight orientation, survival, military justice and physical education.

The cadet now begins a four-year course of study leading to a regular Air Force commission and a bachelor of science degree with an academic major in one of 27 fields of interest provided in the curriculum.

Cadet Spatola is a 1967 graduate of Essex Catholic High School, Newark, where he was a member of the National Honor Society. He lettered in fencing.

Dali Jewelry Art Exhibition Soon to Open

Special group rates have been announced by the Dali "Art-in-Jewels" Committee, a benefit group with a keen interest in art, putting all its efforts behind a spectacular event at the Mall in Short Hills.

Groups of 10 and more children accompanied by a teacher or adult will be admitted to the \$5 million exhibit of Salvador Dali jewelry at 35 cents each, and adult groups of 25 and more will receive a special rate of 75 cents per person.

Scheduled for the Short Hills Room at the Mall, September 24 through October 14, the exhibit is on loan from the Owen Cheatham Foundation of New York. Proceeds will benefit the Scholarship Fund of Kent Place School, Summit.

The collection features 33 jewels, the famed Spanish artist's interpretations of a series of religious, mythological, classical and surrealistic themes. The jewels, dramatically displayed in individually illuminated shadow boxes, form a fantastic parade of rare gems - sapphires, emeralds, rubies, pearls - set in gold, platinum and malachite. Some jewels add MOTION as a fourth dimension.

One religious Dali interpretation, the Angel Cross, features

OLDSMOBILE GALA---New model 1968 Oldsmobiles received special attention last week as Ladd Motors, Washington Avenue, Belleville unveiled their new line at a gala party held in their showroom. diamond and platinum nails, each moving in a rhythmic pattern via a hidden electrical motor. Electricity also explains a ruby heart that actually throbs, and a golden

flower with diamond petals that keep opening and closing.

Special store and restaurant arrangements and displays tie in with the exhibit will add a festive

note to the entire Short Hills Mall. Window displays will feature Dali books, ancient artifacts of all types on loan from Grace Line, Inc., colorful

posters, etc.; Spanish and American flags will fly side by side at the entrance; and vivid flower arrangements will give the "Fifth Avenue of New Jersey" a distinct fiesta look.

HAPPY ALLEN PONTIAC CUSTOMER, Dr. James M. Perel of Nutley (left) a member of the staff of Columbia Presbyterian Medical Center in New York City, happily accepts keys and congratulations from Norman Allen, President, Allen Pontiac, 645 Washington Avenue, Belleville. "I wanted a new Pontiac, good service and a good price, so I shopped around and finally chose Allen Pontiac in Belleville. They offered me substantial savings, the finest service and I was really treated well. It's easy for me to recommend Allen Pontiac to anyone looking for a better buy. YOU'LL BE GLAD You switched to Electric Glassheat BECAUSE...

(Letters from Glassheat users
TELL YOU WHY!)

"IT'S COMFORTABLE HEAT—

just like sunshine in spring", says one Glassheat owner. "You don't feel hot or cold; you are never aware of the temperature. You are just continuously comfortable, and there are no cold spots."

This is true because Glassheat is the only heating system that warms with Radiant Electric rays exactly like the Sun's own rays. A room heated by Glassheat feels like the sunny side of a barn in the spring sunshine. No wonder people enjoy it, and say so:

"JUST THE TEMPERATURE WE WANT IN EACH ROOM; that's one

thing I like," says another owner. True, because money saving thermostats throughout the house permit you to regulate the temperature in each room; 65° in one, 75° in another and 50° in a room not in use. The temperature is uniform from floor to ceiling, causing a user to write, "Years of living with your Glassheat makes me a firm believer in this type of heat."

YOU'LL SAVE MONEY ON HEAT. A fact that surprises many Glassheat

owners. One writes "We were expecting that Glassheat would be somewhat more economical to operate but we were not prepared for our low annual heating bills. Of course we are also pleased with the savings on our regular current. We take advantage of the special low heating rate."

Another user says, "Though we added two additional rooms, my heating bill amounts to only \$175—and we have never been so comfortable. Of course there are no maintenance or service charges. Another saving."

With Radiant Electric Glassheat so inexpensive to install and operate, why pay more for less than the best?

IT IS CLEAN—As one user writes, "Probably the most unique feature of Glassheat is its cleanliness. In 16 years with Glassheat the only room we have had to do over is the kitchen. No need to repaint the other rooms or even wash down the walls."

Says another customer, "No soot, no smoke, no grime. Have never seen anything so clean. And we are saving 30% on the cost of fuel compared to the old system."

IT IS SAFE! No flame, no fumes, no vapor and Glassheat can't overheat. Even accidental contact can't cause blistering. Since there is no flame it is fire-safe. Further it can't burn up the oxygen in the air or reduce the humidity. In fact it maintains a desirable humidity, so there are fewer colds in the Glassheat home and other bothersome ills are averted. No moving parts, so Glassheat is as silent as sunshine. Sound luxurious? It is—in every respect but price and the cost of operation.

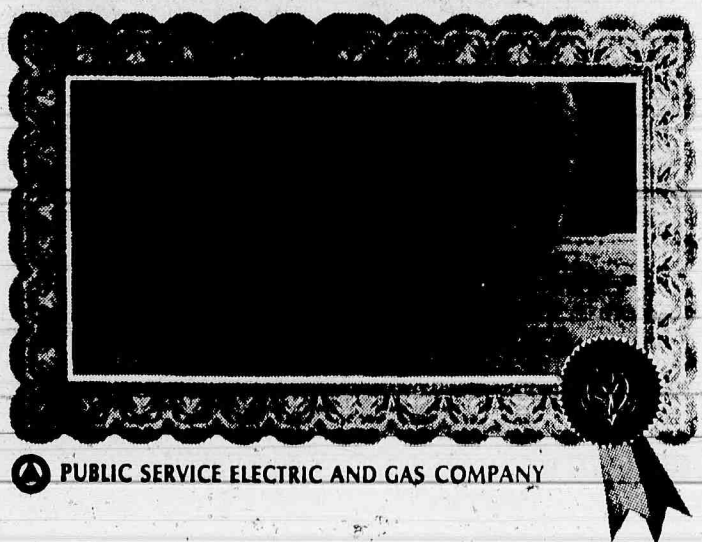

How much would this ideal trouble-free heat cost? Send the coupon or call us in person and find out. No obligation.

Roe Says: Train Now

New Jersey youths who wish to hunt this fall should arrange for hunter safety training now, Commissioner Robert A. Roe of the Department of Conservation and Economic Development urged this week.

Hunting license applicants between the ages of 14 and 21 are required to present either a previous license or a certificate from a gun safety course in order to obtain a license. The same provision holds for bow-and-arrow license applicants regardless of age.

Courses are now being scheduled by volunteer instructors throughout the state. Lists of qualified instructors are available from hunting license agents or Fish and Game Conservation officers.

Why are some drugs like "ecstasy sauce?"

If you read "L.I. Abner" you may recall how the Goumet's Club plotted to make "Ecstasy Sauce" from the Yokums' pet pig, Salomey. Recipe: Boil down one *haverus alabamas* (Salomey) until just one single, solitary delicious drop remains—and that is "Ecstasy Sauce." In terms of food, this is humorously ridiculous, but it's actually routine in the making of drugs. Often hundreds of pounds of raw materials must be processed and reprocessed to obtain one tiny pinch of the active medication. Which helps explain why modern drugs are so potent, and why we pharmacists dispense them only when your physician writes a prescription.

U. S. Begins Giant Talent Hunt

The federal government is about to embark on a massive talent-hunt to find 1,500 qualified civilians from this area to assist the pacification efforts in the villages and hamlets of Vietnam.

Carrying the slogan "Be Where The Need Is!" the search will run for one week, beginning September 11, and will cover an area within a 75-mile radius of New York City, taking in portions of New Jersey.

Officials of the U. S. Agency for International Development (AID), a unit of the Department of State, expect nearly 9,000 candidates to apply for the Vietnam posts which pay from \$5,000 to \$19,000 a year, plus a 25 percent hardship bonus, and offer housing, medical care, family allowances and other benefits.

A temporary headquarters will be set up in lower Manhattan at 346 Broadway where applicants may call for an appointment during the recruitment week on a special telephone line, (212) 264-1800. Out-of-town calls may be made collect.

William A. Platt, AID public affairs chief for Vietnam, just returned from a mission in that country, explained that the recent merger of civilian and military pacification efforts under a single chain of command has called for streamlining and stepping up the "shirtsleeves war" in the Vietnam countryside.

"But in too many places," he said, "we lack the skilled manpower to do the job. We need scores more of civilian advisors to work side by side with the Vietnamese, helping them to build schools, hospitals, roads, and housing; helping them to become better farmers, nurses, and teachers."

Platt said that several top U. S. AID officials will be flown in from Vietnam and Washington to assist the talent search for men and women here who can qualify for the following positions:

Area development officers, auditors, construction engineers, general services officers, diesel plant operators or mechanics, hospital administration advisors, management staff assistants,

personnel officers, provincial administrative assistants, provincial agriculture advisors, public administration advisors, public safety advisors, registered nurses, secretaries, supply specialists and vocational education advisors.

Candidates must be United States citizens for at least five years, it was pointed out. They must be willing to be separated from their families for at least 18 months, and may be assigned to remote and possibly hazardous areas of Vietnam.

Referring to the shortage of civilian skills in Vietnam, Platt said that the problem is compounded by the swelling number of refugees -- mostly women and children -- who have been forced to flee from their homes.

"These unfortunate victims of

the war," he asserted, "need to be rehoused, resettled, clothed, fed. Most of them require medical attention. We need the skilled hands and the skilled minds to help do the job."

He said that the AID program is helping to remove the root causes of the war such as the need to educate Vietnam's children, lack of medical care, farmer discontent over low rice prices, high land rent, exorbitant loan interest, rivalry among religious groups and distrust of the central government.

"These are some of the elements of discontent that the Viet Cong exploit in competing for the support of the rural people," Platt pointed out. "These are the elements that will likely determine whether our side can win the peace."

40 Years Old

Air Express Birthday

Atlantic Flight

It had only been a few months earlier, in May 1927, that Charles A. Lindbergh conquered the Atlantic by air. And when Air Express came into being he noted "I believe that the inauguration of Air Express is another great step forward in aeronautic progress."

During its first year of operation Air Express handled 5,160 shipments for a total revenue of \$38,176.

In 1967 Air Express will set an all-time record by handling almost 10,000,000 individual packages which will generate some \$92,000,000 in revenue.

Today's Air Express, is a partnership between R E A Express, with its 13,500 modern trucks and all 36 scheduled U.S. airlines, providing 24 hour service to almost every point in the U.S., Canada and Puerto Rico.

More Cargo Space

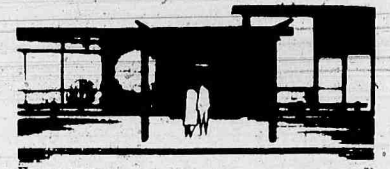

40 years ago the planes could carry just several hundred pounds of cargo -- at most. Today each of the 10,000 scheduled daily U.S. passenger flights can accommodate from 6,000 to 19,000 pounds of cargo, and the all-jet freighters are capable of whisking 92,000 pounds of cargo across the country at 600 mph.

Air Express shipments have priority aboard every flight -- even ahead of the airline's own freight.

Who knows, tomorrow Air Express might be delivering daily newspapers to Moon City!

Proposing Incinerator For Essex

Essex County Freeholder Benjamin W. Gordon said today that he will recommend that Essex County consider constructing and operating an incinerator project for the solid wastes disposal for the benefit of West-Essex municipalities.

Gordon, who is chairman of the Essex County Public Works Committee, said he will propose that a pilot incinerator project be established to ease the cost of garbage disposal, as well as overcoming the problems of obtaining sufficient areas for sanitary land-fill.

Gordon noted that West-Essex communities have been hampered because of the unavailability of dumping ground space, resulting in higher levies to taxpayers on municipal garbage contracts.

Gordon said that his proposal followed a meeting with a group of municipal officials in which the problems of community solid waste disposals were discussed.

"As we all know, the disposal of refuse and garbage is mounting in cost to the residents of Essex County each year. One of the principal reasons has been the cost of disposing of the materials collected," Gordon said.

"There are two existing basic methods of disposing of refuse, one of which is sanitary land-fill. But this method requires 250 acres of land each year and as the availability of land lessens, the higher is the cost exacted by private garbage collectors," Gordon explained.

"The next available method is by incineration, which requires for the residue only 10 acres of land area per year, as against the 250 required for the disposal in the form of sanitary land-fill," Gordon added.

Gordon said that he will ask the County's Planning Committee, headed by Freeholder Margaret Marucci-Kelly, to undertake a study of the costs involved, but he predicted that there would be considerable savings to municipalities who make use of the county - operated incinerator method for disposal, as opposed to the sanitary land-fill.

The students from Belleville are Robert Banoa of 182 Adelaide Street, Mark Fredericks of 34 Rensselaer Street, Robert E. Moro of 80 Watsessing Avenue and John Petro of 22 Cottage Street. Also from Belleville are Wayne Rudy of 24 Tiona Avenue, Anthony Schettino of 11 Gregory Terrace and Ralph A. Serio of 91 Tiona Avenue.

Seven Belleville residents are among the new freshmen recently enrolled at the Newark College of Engineering. The 750-member freshman class is the largest in NCE's history.

How you benefit from your Realtor's® Multiple Listing Service when you buy a home.

The wise house-hunter wouldn't think of buying without the help of a Realtor. A Realtor is a professional in real estate. He knows houses and neighborhoods the way an attorney knows laws and an accountant knows figures. And through Multiple Listing, a number of Realtors work hand in hand to bring you the widest possible selection of choice properties. Instead of selecting from a mere handful of houses, you have the finest values of many Realtors to choose from.

To remove the headaches from buying a home, try this prescription: see a Realtor, a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards.
