FRIENDLY HANDOUT-- Clancy, an English bulldog owned by Mrs. Joseph Spears, 181 River Road, Nutley, eagerly gobbles a "dog yummy" from the hand of a dog lover Marie Spillane, secretary to Frank McFadden, vice president of Fidelity Union Trust Co., and manager of the bank's Belleville branch office. Clancy recognizes the bank from the outside, Mrs. Spears says, "and won't go by without stopping in for a hand-out."

Local Bank Has Gone to the Dogs

There's a rumor going around Belleville that manager Frank McFadden of the Fidelity Union Trust Company office at the corner of Washington and Belleville Avenues has developed a "secret weapon."

Other banks in the area are crying "unfair, unfair," and the genial McFadden is attracting customers like crazy.

What's it all about? We asked McFadden recently after following a customer with a small terrier on leash, who seemed jet-propelled towards the portals of Fidelity. Frank took time off from his duties to explain the mystery.

"It's no secret, but it may be a world-wide first in banking history," McFadden said with a smile. "We give free 'dog yummys' to customers' pets. Some pups have become so fond of them that they won't let their owners pass us by without stopping in for a snack."

Disclaiming all credit for this innovation in ways to win friends and influence customers, McFadden pointed out three employees of the bank who had started the custom for a lark.

"Marie Spillane, Mildred Mangas and Sadie Challella are dog-lovers at heart. When we passed out lollipops to the children who came in with their parents, these girls thought our canine customers should be let in on the treat. So," McFadden said,

"they started bringing in the doggy treats on their own."

Clancy, an English bulldog of illustrious lineage (he is descended from a long line of pedigreed ancestors, and both his parents were champions) entered with his mistress, Mrs. Joseph Spears of 181 River Road, Nutley, in tow. Like a homing pigeon, Clancy headed for the "yummy station" manned by Marie Spillane.

"You'd think he was working for Fidelity, he's so anxious to get me in here," said Mrs. Spears. "Of course, he loves the hand-outs, but he's also enough of a 'ham' to enjoy all the attention he gets."

How does McFadden feel about all this "dog-foolery" in his bright, business-like bank?

"I continue to enjoying it as much as our customers do," the Belleville manager, a vice president of Fidelity and a member of the Belleville Chamber of Commerce, admitted.

"I think the girls have a real thing going for us in the way of customer relations. It happens that there are an unusual number of extremely beautiful dogs owned by our customers in this area."

"It's a real case of 'love me, love my dog,' and I think our affection is reciprocated."

Interior of Town Hall Undergoes New Look

\$35,000

Buys New Office Units

As residents poured into the municipal chambers this week for the town Commission meeting they caught a glimpse of the new look for Belleville's upper floor of offices at Town Hall.

Shortly after the meeting, Commissioner William Cullen, who is in charge of the \$35,000 reconstruction project gave several townfolk a preview of the six new offices.

New Ceilings

What they saw was not the final product, just a forecast of what is to come. The high lofty ceilings of the upper level at Town Hall have been lowered to provide for yet another floor of additional working and storage space.

Some of the offices which are near completion are tastefully paneled with wood and are carpeted.

But the bulk of the work remains an interesting melange of new partitions, recently installed beams, metal frames, insulation, wood, fresh paint and plaster.

During the commission meeting the governing body introduced an ordinance which establishes a five-cent minimum on all parking meters in the community.

Health Office Controversy

The town recently purchased some 50 new meters which will accept only nickels. Belleville's current meters take pennies.

Also at the meeting, an ordinance which would give Belleville a full-time health officer was tabled last night by the Commission until it receives an answer from the primary candidate.

Director of Public Affairs Vincent T. Strumolo, in charge of the department, was the only commission member who wanted a decision on the ordinance.

The other four, who had unanimously passed the measure on its first reading, would not pass the measure.

If passed, the ordinance would have done away with the part-time health officer position and created a full-time job. No one has been designated for the job yet.

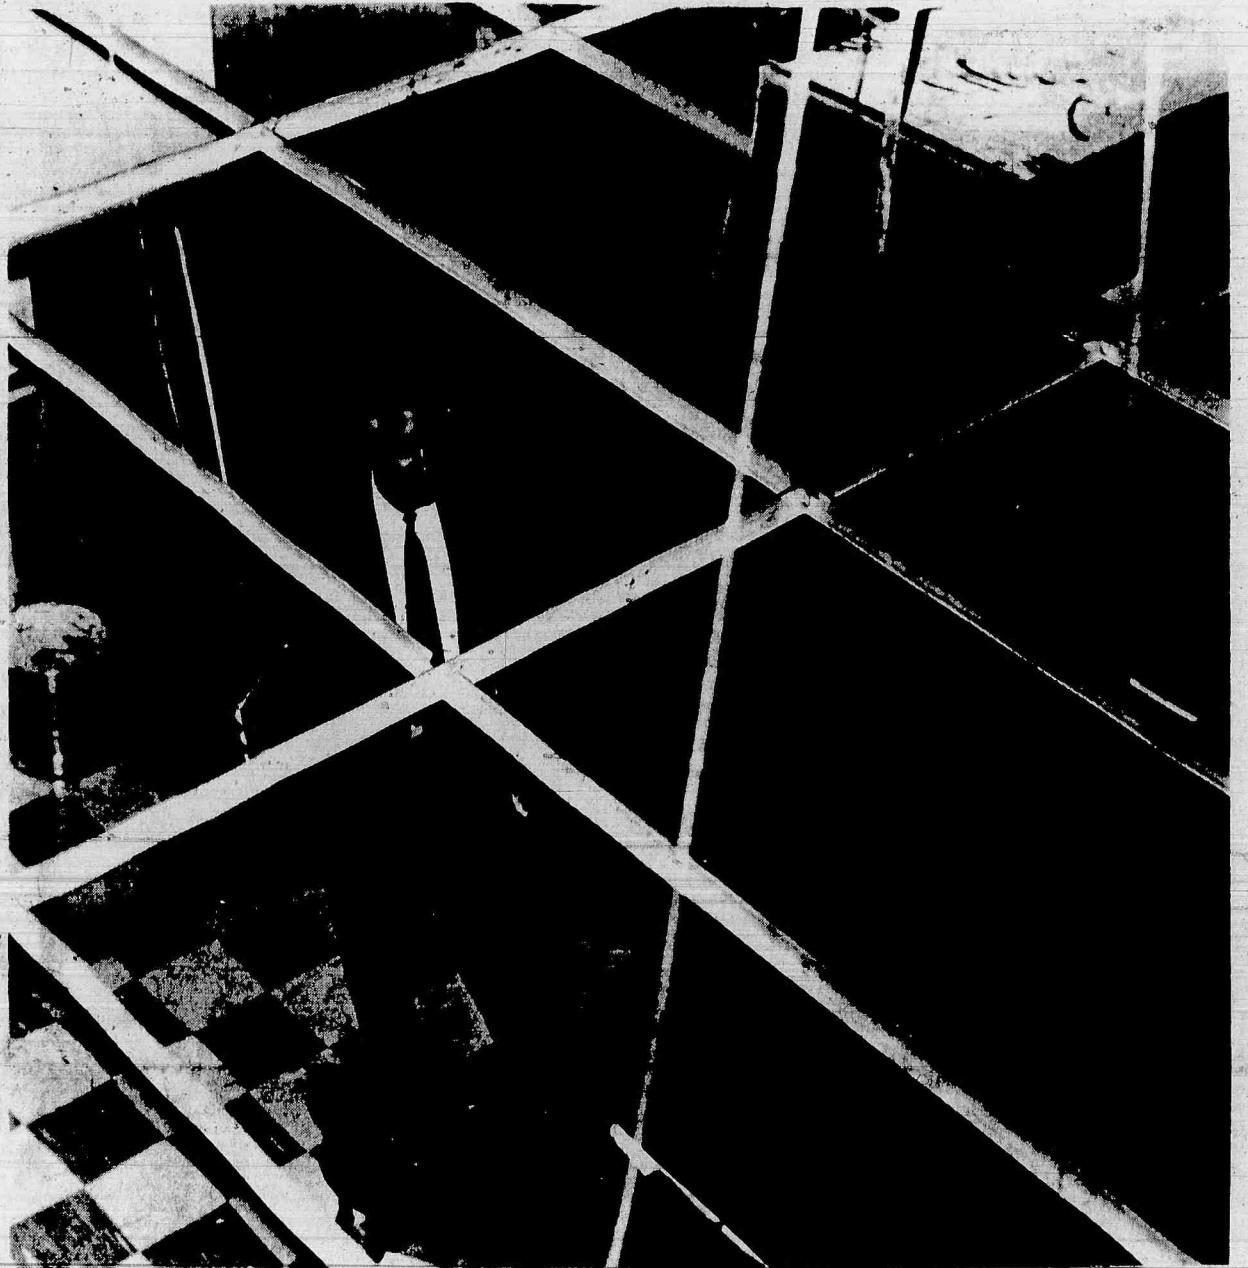

Mayor Kenneth Smith said that if the measure were passed and the current part-time health officer, Dr. Gerson L. Ram, doesn't accept the position, "the town's 40,000 citizens will be without a health officer."

The full-time position will have a salary range of \$11,500 to \$13,500.

If Dr. Ram does not accept, the State Civil Service Commission will hold a competitive examination and within 45 days the town would have a permanent health officer.

Dr. Ram is associated with Newark College of Engineering.

Also tabled was a resolution which would have granted a variance to the Central Uniform Service, 137 Ralph St., to build a parking lot at 129 Ralph St. Attorney Hugh H. Welsh, representing 30 residents of the Ralph Street section, complained that the parking lot would create a lot of noise while residents tried to sleep.

RECONSTRUCTION---Commissioner William Cullen studies the new transformed the upper level of the Municipal Building into offices look on the second floor at Town Hall. Construction workers have for some of the commissioners and their secretaries.

Belleville Group Seeking Help for Working Moms

A proposal to assist employed mothers by providing after school care for children in the elementary grades in Belleville was presented at a meeting of the Belleville Community Council by the chairman of a study committee, Mrs. Patricia Diana.

Other members of the Committee are Thomas Cassels, Irvin Folk, and Mrs. Lenora Keeney.

Mrs. Diana's plan suggested the possibility of creating centers located strategically in elementary schools. Each center would be in the charge of a mature adult with a senior high student as assistant. It would be on a fee basis sufficient to defray actual expenses. "Its basic purpose would be to eliminate the emotional hazard and danger to children left alone while parents are at work," Mrs. Diana said.

The Council responded enthusiastically

to the idea and commended Mrs. Diana and her committee for their work. It was suggested that further details be explored. These include arrangements with the Board of Education and consideration of insurance requirements. The matter would then be brought back to the Council for further discussion and possible action.

Seymour Grossman, principal of the Junior High School and chairman of the town residential division of the United Community Fund Campaign, reported that he had secured all but two area chairmen. He asked for suggestions for these positions and for the names of possible solicitors.

Grossman's division has been assigned a goal of \$8,000 in the campaign designed to raise \$4,000,000, in the 13 towns embraced by the drive.

High School To Present Li'l Abner

The famous and colorful characters of Dogpatch, USA will be coming to Belleville High School, when the Broadway musical comedy hit "Li'l Abner" opens Thursday, Nov. 16 at the BHS Auditorium for three evenings. Tall and rugged Vince Godleski will have the title role of the hill-billy hero who fears only honest work and marriage.

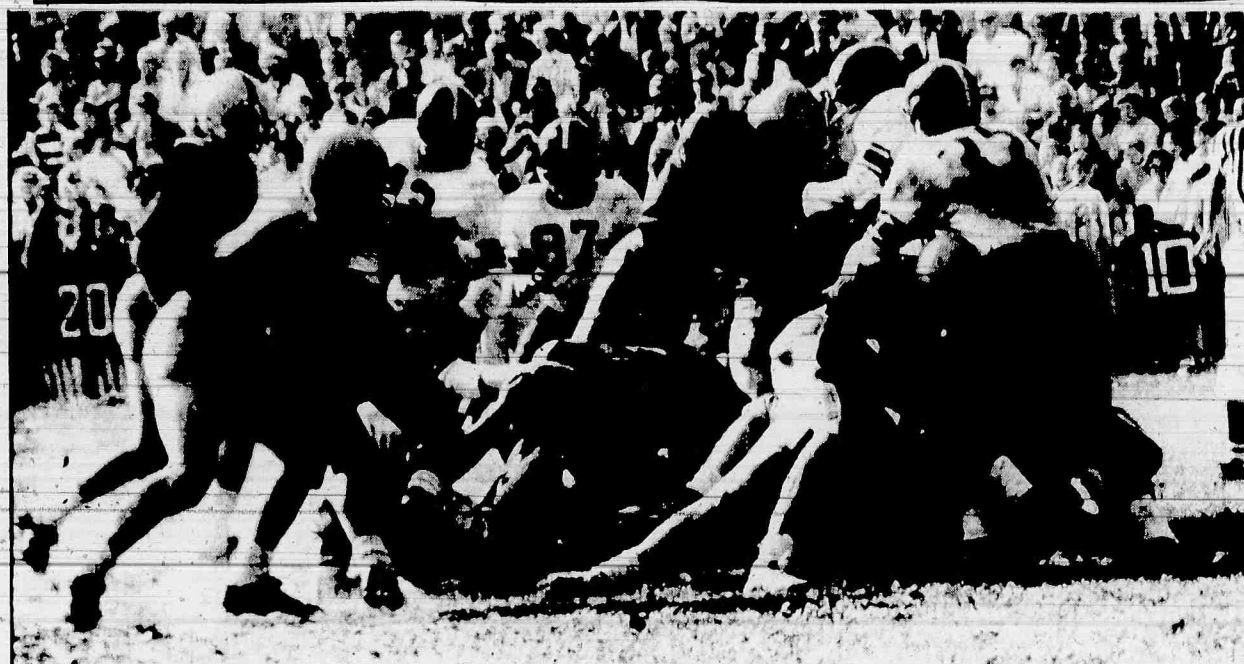

In addition to Godleski as Li'l Abner, the amiable but simple-minded hero, the familiar characters from the cartoon include Sue Dougher as Daisy Mae, the winsome damsel whose fervent wish is to catch Abner on next Sadie Hawkins Day, Tom Melchione as Marryin' Sam, the affable

AIR-CONDITIONING---The new offices for Belleville Commissioners will be air-conditioned as will the municipal chambers where court and commission meetings are held.

Belleville-West Side Contest Saturday, Nope... They Haven't Given Up Quite Yet

A TOUCHDOWN---With only inches to go Belleville carries the ball for its first and only touchdown during their current season

in a game against Nutley at the Park Oval in Nutley.

The World Series failed to keep a standing room crowd away as they watched a speedy Nutley eleven crush a sluggish Belleville squad, 38-7, Saturday afternoon at the Park Oval. A quick 3 touchdown first quarter demoralized the winless Bellboys who failed to generate any serious threat in the first half.

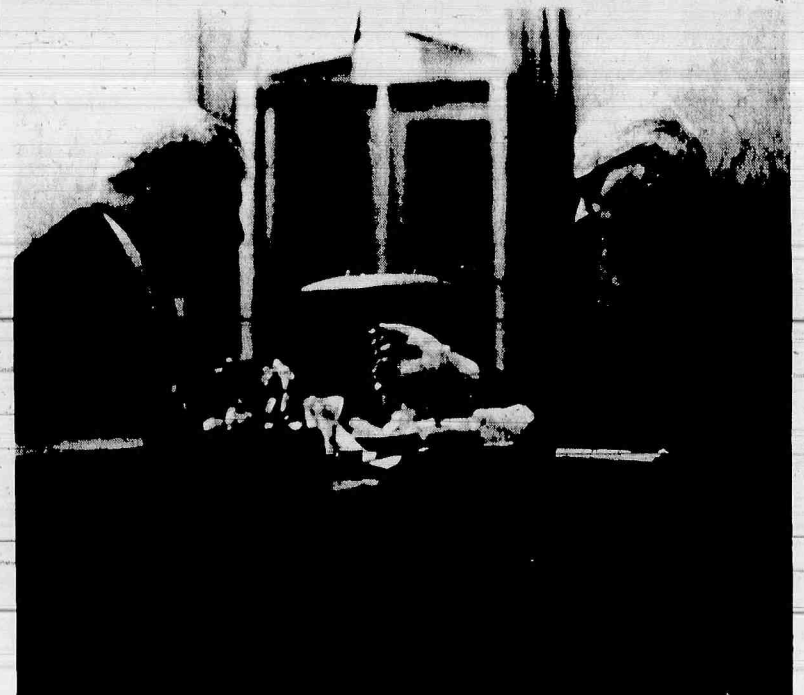

Nutley's offensive power was led by Mike Welch who scored 3 touchdowns and quarterback Bob Miesieski who threw 3 touchdown passes. Assisting in the Maroon attack was junior Richie LaMonica who picked up valuable yardage in his first start as a varsity runner.

Belleville kicked off to Nutley and Tony Mendes returned the pigskin to the Nutley 32. Mendez quickly picked up 16 for a first down on the 48. Miesieski passed deep to Nolan but it fell incomplete.

With only 52 seconds gone Welch took a hand-off and scampered around his left side. The Maroon speedster found daylight around the Bellboy 40 and easily outdistanced his pursuers to score the opening touchdown of the game for Nutley. Wilk was wide with his extra point try and it was 6-0, Nutley.

Belleville failed to get past their 18 yard line on the next series of downs and punted to Mendez who made a fine runback of 27 yards to the Bellboy 23. Mendez and Welch skirted the ends for

Hospital Begins \$2 Million Drive

A \$2 million Newark Beth Israel Hospital Drive in support of the Greater Newark Hospital Development Fund will be conducted by the institution's board of trustees from October 1 through December 31, it has been announced by Alan Sagner, president of the hospital's board of trustees.

Newark Beth Israel is one of five major local hospitals participating in the Greater Newark Hospital Development Fund. The four other institutions are Columbus Hospital, St. James Hospital, St. Michael Hospital and United Hospitals of Newark.

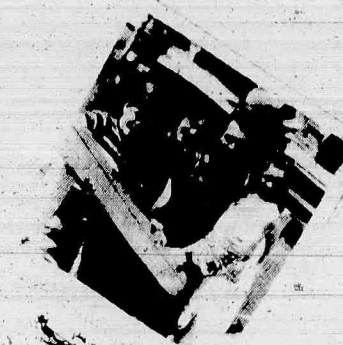

Sagner said the \$2 million goal represents 20 percent of the \$10 million Newark Beth Israel estimates will be needed to complete its four-phase program of modernization and expansion that is now underway.

One reason the average citizen is so confused about the strategic military situation all over the world is that the nation's leaders seem to be confused also.

ITT Gets \$1 Million Contract

A division of International Telephone and Telegraph Corporation has announced receipt of an approximately \$1 million additional contract from the U.S. Navy for transportable aircraft navigation ground beacons designed to guide U. S. Marine Corps planes in tactical areas.

Leon Himmel, president of ITT Avionics Division, said the contract for AN/TRN-14 Tacan (tactical air navigation) ground beacons was awarded by the U. S. Naval Electronics Systems Command, Washington, D. C.

The Tacan ground transmitters, in production at the division's Nutley, N. J., manufacturing facility, are designed to furnish up to 100 aircraft within a 200-mile line-of-sight radius with precise distance and bearing data.

Mary Southard Is a Win-a-Bond Recipient

Miss Mary Southard, 15 Hornblower Avenue, Belleville, is the fortunate winner of the September "Win-A-Bond" contest conducted by DeWitt Savings and Loan Association.

Miss Southard won a \$25.00 Series E U. S. Government Bond. John N. Amabile, Football Coach at Belleville High School, drew Miss Southard's name from the "Win-A-Bond" Box in the DeWitt lobby. The drawing was held on Monday, October 2nd.

Miss Southard is a school teacher at No. 1 School in Belleville.

Each month one lucky winner will receive a \$25.00 Series E U. S. Government Bond. Everyone is eligible to participate, according to DeWitt, and there are no jingles to write, nothing to buy and nothing to send. It's not even necessary to be a depositor.

The rules for entering the contest are simple. Just ask any DeWitt teller for a DeWitt "Win-A-Bond" entry blank certificate

1967 BEAUTY— WHEN THERE'S A LOT OF FASHION TO LIVE WITH

A Whole New
Concept in Fashion

From sportswear to spacewear, all fashions have been caught up in the current of change during the last 50 years or so. In particular, the entire philosophy of feminine fashions has changed radically in this span of time as evidenced by these lovelies—designed in rain ensembles designed in the early '20s and right now by Uniroyal, Inc. (new name of U.S. Rubber). Uniroyal was prompted to take this old-vs.-new look at its fashions throughout the years on the occasion of its 75th anniversary, March 30, 1967.

From an age of fashion refinement, the vintage raincoat and chapeau stepped out of a page in U.S. Rubber's "Rainster" catalogue of 1923. The 47-inch length of the coat, along with all

its accessories, is authentic down to the last detail—reflecting the rather sturdy, practical, but simple elegance of the times. Even milady's rubber footwear, with its extremely pointed toe and low heel, was produced by U.S. Rubber about the same time as the raincoat in Naugatuck, Conn.—birthplace of the rubber company and cradle of the rubber industry in America.

Now contrast this old "new look" of the '20s with the whole new concept in all-weather feminine apparel of 1967. The "Total Look" . . . was conceived and

executed by Uniroyal to reflect the mad, mod 'this minute' fashion expression of today's swingers—the hep set of young fashionables.

This hat-raincoat-boot-and-umbrella ensemble, all designed in "wet-look" vinyl helps to brighten the fashion outlook of those rainy day blues. Theyoung stripes (violet, turquoise, shocking pink, green, orange, yellow) on the tent-shaped Royal Topper, floppy Garbo-style hat, square-toed Eskilooes, (rimmed with Roy-alon patent), and bamboo-handle umbrella are all done in an exclusive hand screened print that has been coated with vinyl for water-proofing.

Fashion
Points

"Let it Rain"

If the weatherman's forecast of rain doesn't cast a grey cloud over your day, chances are it's because of a bright new raincoat waiting in your closet.

Actually, though, there's no need any longer to "save it for a rainy day." Many of them are so beautifully designed they look equally great in the sun or as a coverup at night.

The rain-suit is one of the smartest new ideas, available in bright colors with matching or contrasting pants and a skirt. Big pockets and the sturdy industrial zipper are sported by others, and the belted trench-coat remains important. Cotton poplin, duck and canvas are among the favored fabrics.

Vinyls are helping to brighten

rainy days too. Designers have made them in solids and in brighter, bolder patterns with matching hats that shed rain like nothing else can.

It's a great gift idea and children love them too. If you'd like a "Givers' Guide"—a handy purse-size booklet to record the sizes and birthdays of friends and relatives, the Consumer Service Division of the ILGWU will send you one free. Address your request to: Union Label Department, RL2, 275 Seventh Avenue, New York, N.Y.

"Double Exposure" Wools— Fashion's Candid Favorites

NEW YORK (CFN)—With current emphasis on psychedelic sights and optical illusions, wool turns its talents toward fashions with "Double Exposure"—two ways of being well-dressed for any singular occasion.

Fabrics lead the way with softened focus on smooth, supple, lightweight gabardines, twill weaves, shetlands, novelty checked and striped double-knits, and sheer, lattice-woven pure "Naked Wools" in a color-rush of eye-dazzling prints on serpentine crinkled crepe or chiffon light challs.

Silhouettes reflect a candid elegance ideal for any time of the day whether traveling to foreign festivals or socializing close to shore.

Just as noted actor-photographer, Roddy McDowall catches the essence of human character in his photographs of well-known personalities . . . so the flashbulb-essence of fashion can be caught in a camera's eye when attention is paid to deft handling of fabric and silhouette, each with its own meticulous detailing and artful seam treatments . . . all captured in a simple design.

Fashion
Swings to
the London
Look

THE LONG AND THE SHORT OF IT . . .

Originator of the London Look Award, Mr. Donald Burr, Executive Vice President of Yardley, poses with models of mini-maxi designs by 1967 Award nominee, Janice Wainwright. Left, is a yellow gabardine Cossack dress, right, an art nouveau print pants suit.

NEW YORK (CFN)—No one can carry on about the glories of Swinging London today, without including raves for the wealth of bright young design talent there. Not only are hundreds of manufacturers and boutiques turning out marvelous looking clothes, often at reasonable prices, but a large part of the creativity is generated by designers under thirty.

The London Look Award was established three years ago by Yardley to draw attention to the range and scope of this young group's present achievements, as well as their potential in the future. Members of the English fashion press make nominations, and this year, the jury is to be a panel of the American Fashion Press.

Six candidates have been selected and will be flown to New York this summer to compete for the honour awarded to Roger Nelson in 1965, and John Bates in 1966.

The winner will receive an elegant gold and silver medallion and \$1,000. Second and third prizes are cash awards. The con-

tenders include:

Hylan Booker, 28, is the only candidate born in America, but thoroughly British in his superb tailoring. He has been in business for only two years, but has been recognized by top fashion magazines. He studied at the Royal College of Art.

Vanessa Clarke, 23, is a post debutante. Her designing skills have taken her in a theatrical direction, although she insists her clothes are primarily practical. She's designed for the B.B.C. and Chichester Theatres and has created the costumes for three films, including Jean Shrimpton's new film "Privilege."

Franka, 27, is a Yugoslavian born young woman, whose clothes are seen on the livelier members of British Royalty. From her 1951 British beginnings as a seamstress in Normal Hartnell's

workrooms, she's risen to the giddy heights of clothing Princess Alexandra, and is working on her wardrobe for the Princess's forthcoming Canadian trip at the moment.

Bill Gibbs, 24, a bearded Scotsman is the romantic of the group. He uses lush materials in rich colour for fitted bodices and delicate silhouettes. His Kensington boutique has attracted such diverse types as Hayley Mills and Mrs. J. Arthur Rank.

Alan Hughes, 26, is best known for his "Avenger" television series clothes for Diana Rigg. He believes in a total look, and creates hats, handbags and shoes to accompany his designs.

Janice Wainwright, 26, has three Art School's courses to her credit, and began her design studies at the age of 16. She likes understated clothes with a structured technique that suits a variety of figure types.

The winner will be announced immediately after the secret balloting.

PEEK-A-BOO — Bloomers replace the skirt in this stylish walking outfit of Wamsutta's bonded cotton knit. The Nehru jacket in rust and gold pin stripes is slit on the side and buttoned in brass. Gold bloomers, elasticized at waist and leg, complete the outfit designed by Giordani of Fun City Fashions.

SNAPPY—The pants suit takes a vest and the result is a snappy sports ensemble. Tailored in gold-colored cotton twill, the jacket is lined in the same cotton challis print as the blouse and vest back. It's a Junior Pantie design by Figure Mate.

Bright college years await two youngsters— please help us find them.

It's almost time again—for two bright and diligent Essex County young people to be selected for National Newark & Essex Anniversary Scholarships. These awards are given each year. Each award totals \$4,000, provides \$1,000 a year for four years of college study. Perhaps you recall that this Scholarship Program was started in 1954—to mark National Newark & Essex's 150th Anniversary. We're proud of the fact that, up to now, twenty-eight graduates of Essex County high or other secondary schools have attended various colleges with the aid of

these awards.

Competition for the 1968 awards is beginning now. A distinguished, impartial committee of educators will review all applications and select the winners. They will consider four factors in particular:

- Student's scholastic ability and promise
- Activities at school and in the home community
- Citizenship and leadership as evidenced at school
- The need for financial aid

Application blanks and other informa-

tion are now available at all Essex County high or other secondary schools, and at every office of National Newark & Essex Bank.

May we ask for your help and cooperation in this year's search for winners? All you need to do is tell Essex County secondary school seniors and their parents about the National Newark & Essex Scholarship Program. A word from you might well lead to "bright college years" for some deserving boy or girl . . . and, of course, good consequences for our community.

BECK'S COLUMN

By MAX BECK

This is the 13th year of color TV in the U.S. They are just beginning color broadcasts in Europe now. Germany, France and Russia started within the last couple of months with color T.V.

The prices for these European sets are very high, triple or more than we pay here. There are only a few hours of color broadcasts per week. Chances are that Germany will progress faster than the other countries. Russia seems to be pre-occupied with other things. France has two broadcast systems which does not exactly further the spread of color, while conditions in Germany are more favorable. The technical system used in France and Russia is different than that used in Germany or in the U.S. All systems show a good picture. If you happen to have been in Montreal for the Expo, you may have seen in the French Pavilion a closed circuit color TV system in operation.

Considering what they have and what we have, one can rightly say: we never had it so good, as far as TV is concerned. We may gripe about the quality of the programs, but it looks as if there are some very fine performances in store for this fall season. One has to realize that it is extremely difficult to produce top notch programs day after day. There just is not enough talent for that much entertainment. The program material would have to include the facets of life. So far, our broadcast system has been primarily geared to entertainment, shows, so-called soap operas and extensive news coverage. In all probability we are going to see more educational programs in the near future.

So, next time you are about to complain about the programs on T.V., just think about the abundance we have in comparison with hers.

We service what we sell.

Mr. And Mrs. Joseph A. Nucci Honeymooning In Puerto Rico

MRS. JOSEPH A. NUCCI
Former Miss Kathleen Joscak

St. Peter's Church was the setting Saturday for the wedding of Miss Kathleen Marie Joscak, daughter of Mr. and Mrs. Ralston F. Joscak of 117 Cedar Hill Avenue and Joseph Anthony Nucci, son of Mr. and Mrs. Alexander F. Nucci of 25 Parkview Avenue.

The Rev. James Heavey performed the ceremony. A reception followed at Casino de Chariz, Totowa.

Escorted by her father, the bride wore a gown of silk peau de sole trimmed with Alencon lace and featuring a scooped neck, long sleeves, A-line skirt and cathedral train. Her fingertip veil fell from a crown of seed pearls.

Miss Eileen Joscak of Belleville was her sister's maid of honor. Bridesmaids included the groom's sister, Miss Maryann Nucci of Belleville, the bride's cousin, Miss Maureen Kane of Belleville, Mrs. Tomas Lukowiak of Lake Hiawatha, Miss Darlene Dressler of Middletown and Miss Michele Johnson of Belleville.

The attendants' gowns were fashioned with shocking pink bodices and shell pink crepe skirts. Shocking pink panels fell from a bow at the back neckline. Headpieces were matching flocked daisies with a nosegay veil.

Louis Bruno of Nutley served as best man. Ushers included the groom's cousin, Alexander Lucullo of Belleville, Richard Bombardieri and John DeLuca of Nutley, Arthur Petito of Kearny and William Forlenza of Newark.

Mrs. Joscak chose an olive gown with matching accessories while the groom's mother was in a turquoise gown with matching accessories.

Mrs. Nucci, a graduate of Our Lady of Good Counsel High School, Newark, is with Peerless Insurance Company, East Orange.

Mr. Nucci, an alumnus of Belleville High School and Bloomfield College, is a sales representative for R. T. French Company of Rochester, New York.

After a honeymoon in Puerto Rico, the couple will live in Nutley.

State Bank To Declare Big Dividend

The board of directors of First National State Bank of New Jersey today declared a regular quarterly dividend of 40 cents per share. It is payable October 2, 1967 to stockholders of record September 20, 1967.

This is the 268th consecutive dividend paid by First National State since its establishment in 1812.

Two Clara Maass Pre-Clinic Students Are Belleville Girls

Miss Mary Ann Buckland

The new class of 42 Pre-Clinical students entered the Clara Maass Memorial Hospital School of Nursing as members of the Class of 1970.

Among those embarking on this 33-month program were Miss Mary Ann Buckland, daughter of Mr. Mrs. Robert H. Buckland of 197 Joram Avenue, Belleville, and Miss Barbara Roth, 90 Bell Street, daughter of Mr. and Mrs. Donald Peter Roth.

The new students were honored at an Orientation Tea given for them and their parents in the school Auditorium.

In his welcoming remarks, executive director Albin H. Oberg assured the parents that these new students would receive the best training in the State of New Jersey. Despite the fact that the school is one of the most modern in the State, it is celebrating its 75th Anniversary of founding this year and is one of the oldest in the State.

Under the direction of Miss

Miss Barbara Roth

Evelyn H. Hamilton, director of the School of Nursing, almost 100 students are in training each year.

During one of the shortest court sessions in the history of the municipality of Belleville, Acting Magistrate Harold Brown imposed a total of \$325 in fines against 15 persons ticketed for moving traffic violations.

Magistrate Brown was hearing the 15 cases in place of Magistrate Edward Abramson who was absent because of the Jewish holidays.

Those persons fined were: Hilbert Headon of 538 Bergen Street, Newark, \$25 for careless driving; Pasquale DeSposito, 274 Brighton Avenue, East Orange, \$15 for delinquent inspection; John S. James, 133 Oraton Street, Newark, \$10 for failing to halt at a stop sign; Kristine Lee of 417 Gorge Road, Cliffside Park, Candido Perze, 122 3rd Avenue, Newark, George Kruse of 601 6th Street, Carlstadt, Robert Matrobert of 30 Washington Avenue, East Paterson and Martin Reilly of 132 Lincoln Street, Montclair, were fined \$20 apiece for speeding 59 miles per hour in a 50 mile zone.

Belleville Library Begins Pre-School Class Schedule

Each Morning, Teacher was once again the familiar ring in the Children's Room of the Belleville Public Library as pre-school classes began their sixth year in the library last Tuesday and Thursday morning.

Under the direction of Mrs. Rose Marie Librizzi, Children's Librarian, the thematic programs which are progressive in nature, are constructed to include stories, group games, songs, dramatic play, nursery rhymes, routine and time exercises as well as other learning activities which tend to prepare the children for their kindergarten experiences.

Participation in the twelve week program is open without charge to all Belleville children aged 4-5. Advanced registration is required as each class is limited to thirty preschoolers. Interested parents are invited to call the Children's Department.

College Enrolls Nicholas Fagioli As Freshman

Nicholas Albert Fagioli, the son of Mr. and Mrs. J. W. Fagioli, of 56 Mount Prospect Avenue, has entered Western New England College this fall as a freshman to major in liberal arts.

Western New England College, founded in 1919 as a branch of Northeastern University, received its official charter and name in 1951. Six years later the college opened the doors to a day division which this year has a record enrollment of over 925 students and a 90-acre campus.

Bellboys Still Slide On Downhill Slope

KICK OFF RETURN---170-pound senior Mike Eisenhard, a Belleville back runs the ball to the Belleville 37 yard line during the Belleville-Nutley game Saturday. Eisenhard gained 14-yards before he was brought down. The final score was 38-7, Nutley winning.

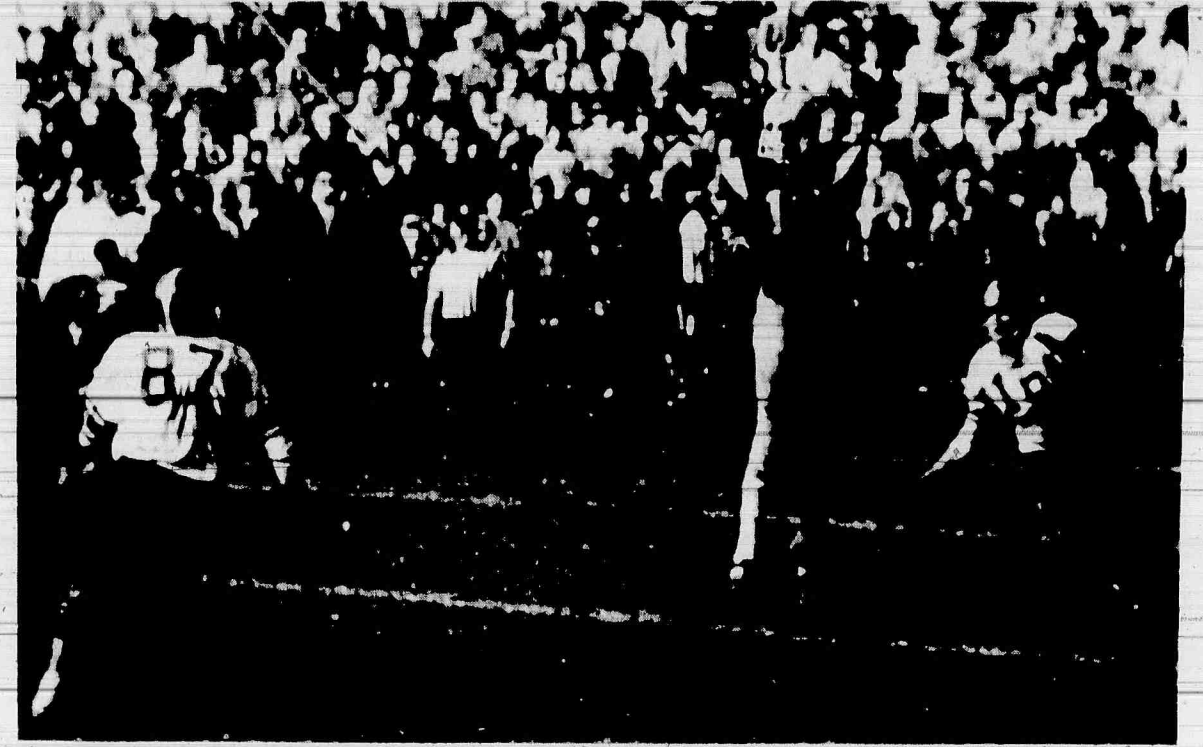

LONG PASS---Belleville's Rich Del Guercio tosses to Greg Kostowicz during the Belleville Nutley game. The pass, however, was incomplete. The ball was at the 40 yard line.

TACKLED---Belleville's Ron Badalamente is about to be tackled by Nutley back James Giger. The play permitted a gain of some four-yards. Belleville lost the game with a final score of 38-7.

INCHES TO GO---After Nutley's Richard La Monica was tackled by Belleville left-end Greg Kostowicz Nutley had only two inches to go for a first down. During this play La Monica made a gain of six yards.

COMPLETED PASS---Belleville's Greg Kostowicz receives a completed pass from Rich Del Guercio, despite an attempted stop by Nutley's Mike Welsh. The play was good for 18 yards and a first down.

TOWN ORDINANCE

PUBLIC NOTICE is hereby given that the following proposed ordinance was introduced and passed on first reading at a meeting of the Board of Commissioners of the Town of Belleville held Monday evening, October 9, 1967, and further notice is hereby given that the second and final reading of said ordinance will be considered by said Board of Commissioners at a meeting to be held at the Town Hall, Washington Avenue and Belleville Avenue, Monday evening, October 23, 1967, at eight o'clock p.m., when all objections to the passing of the same will be heard and considered.

EUGENE G. BARNETT
Town Clerk

An Ordinance to Amend the Improvement of Laurel Court, in the Town of Belleville, in the County of Essex, New Jersey, for its Entire Length, As a Local Improvement, To Approve, The Sum of \$10,000 to pay the Cost Thereof, To Authorize the Issuance of Bonds and Make a Down Payment To Finance Said Approp, and to Provide for the Issuance of Bonds Anticip, Notes in Anticip, of the Issuance of Such Bonds.

Do Ordain as Follows:

Section 1. The entire length of the public street in the Town of Belleville, in the County of Essex, New Jersey, shall be improved by constructing therein concrete curbs along both sides of said public street and by constructing at least a "Class B" road (2" FABC bituminous concrete surface on 6" stone and penetration bituminous base), as defined in N.J.S. 40:2-22. Said improvement shall be undertaken at the locations and in accordance with the plan and profile entitled "Proposed Improvement of Laurel Court, Town of Belleville, Essex Co., N.J.", scales as shown, dated September 15, 1967, prepared by Tietman & Sandor, Civil Engineers and Land Surveyors, Ramsey, New Jersey, a copy of which is on file in the office of the Town Clerk and is open to public inspection.

Section 2. The sum of \$10,000 is hereby appropriated to the payment of the cost of constructing such improvement. Such appropriation shall be met from the proceeds of the sale of the bonds authorized, and the down payment appropriated, by this ordinance.

Section 3. Said improvement shall be undertaken as a local improvement and the cost thereof not borne by the Town shall be assessed upon the lands and real estate upon the line and in the vicinity of said improvement which may be benefited by said improvement, as provided in Chapter 56 of Title 40 of the Revised Statutes of New Jersey. All assessments levied for said improvement shall in each case be as nearly as may be in proportion to and not in excess of the peculiar benefit, advantage or increase in value which the respective lots and parcels of real estate shall be deemed to receive by reason of such improvement. The total amount of the assessments so levied shall not exceed the cost of said improvement. The portion of such cost which shall not be assessed shall be paid by the Town as in the case of a general improvement which is to be paid for by general taxation. Such portion of the cost shall be in addition to the contribution, if any, of the Town, hereinafter provided.

Section 4. It is hereby determined and stated that (1) the Town will contribute no part of the cost of said purpose and (2) the estimated maximum amount of the special assessments for said purpose is \$10,000 and (3) no special assessments for such purpose have been levied or confirmed and (4) such special assessments may be paid in annual installments.

Section 5. It is hereby determined and stated that (1) the making of such improvement (hereinafter referred to as "purpose"), is not a current expense of said Town, and (2) it is necessary to finance said purpose by the issuance of obligations of said Town pursuant to the Local Bond Law of New Jersey, and (3) the estimated cost of said purpose is \$10,000 and (4) \$500 of said sum is to be provided by the down payment hereinafter appropriated to finance said purpose, and (5) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is \$9,500 and (6) the cost of such purpose, as hereinafter stated, includes the aggregate amount of \$1,500 which is estimated to be necessary to finance the cost of such purpose, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including interest on such obligations to the extent permitted by Section 40A:2-20 of the Local Bond Law.

Section 6. It is hereby determined and stated that moneys exceeding \$500, appropriated for down payments on capital improvements or for the capital improvement fund in budgets heretofore adopted for said Town are now available to finance said purpose. The sum of \$500 is hereby appropriated from such moneys to the payment of the cost of said purpose.

Section 7. To Finance said purpose, bonds of said Town of an aggregate principal amount not exceeding \$9,500 are hereby authorized to be issued pursuant to said Local Bond Law. Said bonds shall bear interest at a rate which shall not exceed six per centum (6%) per annum. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted.

The good neighbor policy should be practiced by more people, as well as countries.

Laws are passed to be enforced but some people seem to have forgotten that theory—especially as it applies to them.

Section 8. To Finance said purpose, bond anticipation notes of said Town of an aggregate principal amount not exceeding \$9,500 are hereby authorized to be issued pursuant to said Local Bond Law in anticipation of the issuance of said bonds. Said notes shall bear interest at a rate which shall not exceed six per centum (6%) per annum, and may be renewed from time to time pursuant to said Law. All matters with respect to said notes not determined by this ordinance shall be determined by resolutions to be hereafter adopted. In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the moneys raised by the issuance of said bonds shall, not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 9. It is hereby determined and declared that the period of usefulness of said purpose, according to its reasonable life, is a period of ten years computed from the date of said bonds.

Section 10. It is hereby determined and declared that the Supplemental Debt Statement required by said Local Bond Law has been duly made and filed in the office of the Town Clerk of said Town, and that such statement so filed shows that the gross debt of said Town, as defined in Section 40A:2-43 of said Local Bond Law, is increased by this ordinance by \$9,500 and that the issuance of the bonds and notes authorized by this ordinance will be within all debt limitations prescribed by said Local Bond Law.

Section 11. This ordinance shall take effect twenty days after the first publication thereof after final passage.

WHEN TO SEE A DOCTOR IF WOUNDED

It is most important to know when to see a physician for first aid.

If there is real spurting bleeding, this is an emergency. If slow bleeding continues beyond four to ten minutes, medical attention is needed. If there is foreign material in the wound which does not clean out easily; if it is a deep puncture wound or is long or wide so that stitches may be required, a physician is needed.

Also, if the wound has been in contact with soil or manure, or if signs of infection such as redness or swelling develop, don't wait. Expert attention quickly will prevent hours of pain and possible infection.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Drunks Kill more Americans than the Viet Cong.

Last year, 1100 New Jerseyans died violently on our highways. And more than half were the victims of drunken drivers... a toll higher than New Jersey's casualties in Vietnam. To reduce this needless slaughter, the Democratic Legislature last year passed laws that give police a fighting chance to stop it. The new laws tightened drinking-and-driving standards and made drunkometer tests mandatory—whether the driver agrees or not. Getting tough with irresponsible drivers may lose votes. But it wins lives. And that was good enough reason for action.

The Democratic Legislature.
The courage to do what is right.

Belleville United Community Fund Establishes \$8,000 Local Goal

BELL TELEPHONE GIFT -- Robert D. Lilley, left, president of the New Jersey Bell Telephone Co., presents a check for \$80,250 to Theron L. Marsh, campaign chairman for the United Community Fund of Essex and West Hudson. "The need for additional funds," Marsh said, "was dramatized but not created by the civil disturbances of the past summer."

As a result of this publicity, a few more workers were signed up to help solicit, and several boys volunteered to help deliver apartment cards.

Seymour Grossman, Belleville Chairman for the Residential drive, reports that he has Section Chairmen in most parts of town now, who are busy obtaining door-to-door workers who will go out immediately and endeavor to meet the goal. Anyone wishing to do his bit in helping on the drive, or telephoning, is asked to call the Nutley office, 661-2766.

When the volunteer comes to your door, please give your Fair-Share to help support the work done by such agencies as Cerebral Palsy, Mental Health, Retarded Children's Association, Multiple Sclerosis of N.J., Red Cross, Family Service, Boy and Girl Scouts, the U. S. O., Legal Aid, to name but a few. And if you can't give cash, give on the installment plan, by pledging, ask your solicitor about it, or call the office.

The Residential goal, which includes apartments, is \$8,000, a very small part of the funds needed to keep the many agencies operating so that they may serve our people when most needed. Belleville residents get back many times more than they put into this Fund, which covers 112 agencies and services.

Belleville's United Community Fund had a very appropriate "Kick-off" as part of the Cavalcade of Progress this year. The Chamber of Commerce very kindly donated a booth to the U. C. F., where literature concerning the drive was available to the public. The booth was manned by Belleville Community Council Trustees, Women's Club members, and other interested citizens who donated their time, so that questions could be answered, and the story of U. C. F. giving could be told.

necessary to meet the increased Weber produces a variety of interior fixtures including passenger seats and galleys."

Who is to forgive you?

Yom Kippur marks the end of the period known as the 'Ten Days of Repentance.' This is the 'Sabbath of Sabbaths,' as it is called in the bible. It is the holiest of days because the thoughts are distinctive, different, with an aura of nobility about them. They come from the majestic themes of the service:

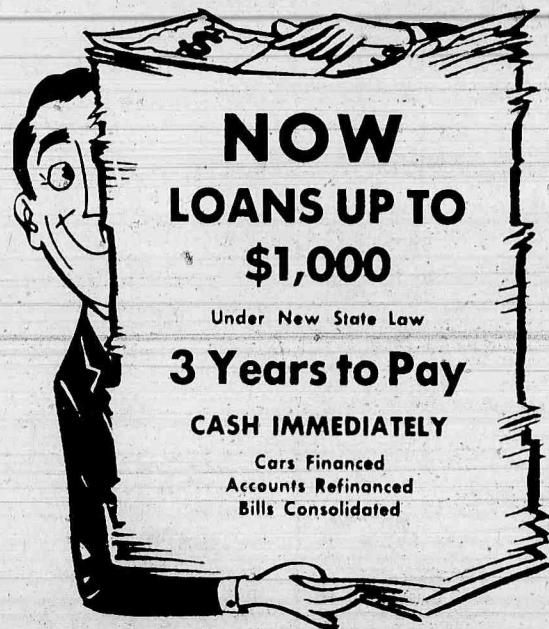

Penitence.
Sincerity of heart and purpose.
Reconciliation and harmony.

Underlying these themes is the basic idea of forgiveness. On Yom Kippur, we ask forgiveness of God and men for wrongs we may have committed.

Why not come to Temple Menorah and join us in prayer? When the world is ablaze with war, when evil runs rampant in our midst... what else is there more important, more immediate you can do?

YOU'LL BE GLAD

You switched to Electric Glassheat
BECAUSE...

(Letters from Glassheat users
TELL YOU WHY!)

"IT'S COMFORTABLE HEAT—

just like sunshine in spring," says one Glassheat owner. "You don't feel hot or cold; you are never aware of the temperature. You are just continuously comfortable, and there are no cold spots."

This is true because Glassheat is the only heating system that warms with Radiant Electric rays exactly like the Sun's own rays. A room heated by Glassheat feels like the sunny side of a barn in the spring sunshine. No wonder people enjoy it, and say so:

"JUST THE TEMPERATURE WE WANT IN EACH ROOM; that's one thing I like," says another owner.

True, because money saving thermostats throughout the house permit you to regulate the temperature in each room: 65° in one, 75° in another and 50° in a room not in use.

The temperature is uniform from floor to ceiling, causing a user to write, "Years of living with your Glassheat makes me a firm believer in this type of heat."

YOU'LL SAVE MONEY ON HEAT. A fact that surprises many Glassheat owners.

One writes "We were expecting that Glassheat would be somewhat more economical to operate but we were not prepared for our low annual heating bills. Of course we are also pleased with the savings on our regular current. We take advantage of the special low heating rate."

Another user says, "Though we added two additional rooms, my heating bill amounts to only \$175—and we have never been so comfortable."

Of course there are no maintenance or service charges. Another saving."

With Radiant Electric Glassheat so inexpensive to install and operate, why pay more for less than the best?

IT IS CLEAN—As one user writes, "Probably the most unique feature of Glassheat is its cleanliness. In 16 years with Glassheat the only room we have had to do over is the kitchen. No need to repaint the other rooms or even wash down the walls."

Says another customer, "No soot, no smoke, no grime. Have never seen anything so clean. And we are saving 30% on the cost of fuel compared to the old system."

IT IS SAFE! No flame, no fumes, no vapor and Glassheat can't overheat. Even accidental contact can't cause blistering. Since there is no flame it is fire-safe. Further it can't burn up the oxygen in the air or reduce the humidity. In fact it maintains a desirable humidity, so there are fewer colds in the Glassheat home and other bothersome ills are aided. No moving parts, so Glassheat is as silent as sunshine. Sound luxurious? It is—in every respect but price and the cost of operation.

How much would this ideal trouble-free heat cost? Send the coupon or call us in person and find out. No obligation.

17 yards and a first down on the 6. After 2 plays picked up 1 yard Miesieski passed incomplete and it was fourth and goal. Miesieski faded back and passed hard to Ron Wilk for 5 yards and Nutley's second touchdown with 5-1/2 minutes left in the first quarter. Again Wilk was wide and it was, 12-0.

Once again the Maroon defense spearheaded by Orlando, Wilk, Giger and Underwood stopped the frustrated Bellboys and Nutley was on the march again.

Starting at their 45 the Maroon hit pay dirt in 5 plays with Mendez, Welch and LaMonica ripping the Belleville defense to shreds. The payoff came on another end run by Welch who scored from the Belleville 26. Earl Malley came in to kick the extra point and it was 19-0, with still 3:22 left in the first quarter.

Mendez had to leave the game with an old knee injury and sat out the remainder of the game. LaMonica and Adamo drove deep into Belleville territory early in the second quarter and Miesieski passed 25 yards to end Tommy Nolan who made a miraculous one-handed catch on the 10 and ran like a halfback to score the Maroon's fourth touchdown. Malloy was wide with his placement and it was 25-0.

Sophomore lineman Sal Olivo, Jimmy Underwood, Lou Orlando and Tommy Giger stopped a Bell-boy threat that reached the Maroon 10.

La Monica, Adamo and Welch started a Maroon drive that was

aided by a roughing-the-passer penalty. The drive finally ended with Carmen Dentato barging into the Belleville end zone from the 1. There were only 15 seconds showing on the clock when Malloy missed his second extra point and left Nutley ahead, 32-0, at halftime.

A Maroon fumble by Miesieski gave the Bellboys their opportunity on the Nutley 35. Rich DelGuercio passed to Greg Kostowicz and Ron Badalamenti to reach the Nutley 3. In 3 attempts the Bellboys Joe Sheleski cracked the stubborn Maroon line for the initial touchdown of the season. Bob Ciallelo converted and the Bellboys trailed 31-7.

In the fourth quarter, the Maroon took over on the Belleville 41 and pushed for a first down on the Bellboy 27. Miesieski failed to connect on a pass to Wilk but faded back on the next play and looped a short pass to Welch who gathered the pigskin on the 30 and sped by a half dozen defenders into the end zone.

Malloy's kick was good and it ended, 38-7, with the Maroon a solid winner.

B.H.S. Presents Li'l Abner

(Continued from Page 1)

but calculating traveling preacher, Mary Ciali and Walt Weiss as Abner's pint-sized parents, Mammy and Pappy Yokum, Jim Soldo as Earthquake McGoon, Dave Halpern as General Bullmoose, Sue Simon as the voluptuous Appassionata Von Climax, Rosemarie Biondi as the statuesque Stupefying Jones, Larry Spinelli as her expeditious

brother, Available Jones, and Margaret Albertine as the pig-loving Moonbeam McSwine.

The tuneful hit based on Al Capp's famous cartoon characters, which ran for 693 performances on Broadway, recounts the adventures of the citizens of Dogpatch when the word is sent down from Washington that they must all evacuate their mountain homes.

It seems that the gambling enterprises in Las Vegas have been disturbed by the atom bomb testings in Nevada, and so, to preserve that sacred pastime, the powers that be have decided to move their nuclear tests elsewhere, Dogpatch has been selected as the most unnecessary town in the country, and therefore the perfect site for destruction.

Unless the Yokums, the Scraggs, Mayor Dawgmeat and the other denizens can prove that they produce something really useful, Dogpatch is doomed.

When Mammy produces her secret formula of Yokumberry Tonic, which makes muscle-men of weaklings instantaneously, it appears the situation is saved. But General Bullmoose, a sly and conniving politician, eager to enhance his already sizeable fortune at Dogpatch's expense, sets the sultry siren, Appassionata Von Climax, and the man with the double whammy, Evil Eye Fleagle, to work on Li'l Abner, hoping to wheedle Mammy's secret formula from him.

The citizens of Dogpatch, however, foil his plan, and everybody settles down for a peaceful life of rustic simplicity back in Dogpatch, U.S.A.

**Board of Adjustment
Approves Variances**

The Belleville Board of Adjustment, during an hour-long meeting earlier last week, granted approval to three variances which asked for the construction of additions to two private residences and the construction of a shelter to be built at a local car wash.

Appearing before the board were: Ralph Sorroche of 17 Preston Street, who appeared in place of his wife Carmella; Rocco Saletta Jr., of 115 Garden Avenue who appeared for his father Rocco Saletta Sr., of 36 Columbus Avenue and Nicholas Della Volpe of 485 Lake Street, Newark, the proprietor of the Foamy Car Wash, 9-11 Franklin Street.

Both Sorroche and Saletta came before the board on their own behalf. Representing Della Volpe was Cosmo C. Greco, an attorney with offices at 217 Bloomfield Avenue, Bloomfield.

Even though Sorroche waived legal representation he appeared at the meeting with Morton L. Brett, the contractor who will build the addition to his home.

Sorroche received permission to erect a kitchen extension to his existing one-family residence. He was granted approval by the board providing the kitchen is the only one in the one-family Cape Cod style home and it remain on the ground floor.

Saletta Jr., who appeared in his father's behalf, asked for permission to erect a bathroom on the second floor of the Columbus Avenue residence. The elder Saletta was absent from the meeting for he had just been released from Clara Maass Memorial Hospital and was recovering at home from an arthritic condition.

A letter was presented to the board by his son which came from the family physician stating that due to the arthritic condition, the erection of the second floor bathroom would not only enhance the beauty of the home but provided a quicker aid if ever his father was stricken while on the second floor.

Della Volpe was asking for the construction of an outside shelter to be built onto his car wash.

A letter of commendation honoring her for high performance on the 1967 National Merit Scholarship Qualifying Test (NMQST) have been awarded to a student at Belleville High School, principal Raymond O. Smith has announced.

The commended student is Linda J. Johnson. She is among 40,000 students in the United States who scored in the upper two percent of those who will graduate from high school in 1968. Linda ranks just below the 14,000 Semifinalists announced in September by the National Merit Scholarship Corporation (NMSC).

John M. Stainaker, president of NMSC, said: "Although Commended students advance no further in the Merit Scholarship competition, their outstanding record in a nationwide program deserves public recognition. Their significant academic attainment gives promise of continued success in college."

Linda should be encouraged to pursue her education since their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

Linda will be reported to other scholarship-granting agencies and to the colleges they named as their first and second choices at the time they took the NMQST. The reports also include Linda's home address, test scores, anticipated college majors and career intentions of the Commended students. NMSC encourages these students to make every effort to continue their education.

JADE FOUNTAIN - No. Arlington (991-5377) 602 Ridge Road (Rte. 17). Very much a chopstick or two above the norm in Chinese dining is this new restaurant under the care of Messrs. Gee, Tom and Chin. Food, decor, and extra serving touches make a meal here pleasurable to both eye and palate. The menu features Chinese-Polynesian food (and drink) such as Samoan steak (a fillet in a delicate tomato sauce over onion), lobster Kauai (prepared with three spices), butterfly shrimp wrapped in bacon, pork with oyster sauce, as well as the more unusual dishes. A good way to taste the very special is to have the House Dinner, \$5.25 per person. There are also Family Dinners for two or more, \$3.25 each. All this in a subdued, Chinese-modern setting. Special lunch 11:30 to 3, \$1.40 to \$2.50. Dinner all day to 9, Sat. and Sun. 10, \$3.25 to \$5, a la carte \$2.25 to \$5.75. Small bar and cocktail lounge area. Parties.

Recreation Football Underway

The Elks Club scored a 21-0 victory over the Kiwanis Club. A well drilled Elks Club team showed mid-season form in the opener. The Kiwanis Club still has the potential to get in the win column.

In a close thrill packed game the Devons clipped Airco 7-6. This game was declared a contest when the Recreation Department uncovered an ineligible player in the Devons line-up. Mr. Robert Valentino, Devons coach and Ralph Greco, Airco Coach, were not aware of the situation Sunday, but after the game the Recreation Department checked out on the boys eligi-

bility and he was declared ineligible. The Recreation Department ruling is a no contest game. This game will be played over at the end of the season if either Airco or the Devons Electric Clubs have a chance for the League Championship.

Games this Sunday at the Stadium are 1:30 p.m. Elks vs Varsity; 2 p.m. American Legion vs Airco, At Clearman Field; 1:30 p.m. Kiwanis vs Lions; 2 p.m. Jollys vs Devons.

The Recreation Department Football Leagues opened last Sunday at Clearman Field and the Belleville Stadium.
