## Local Church Service Listing

### Religious Observances Highlight Holiday Format

And it came to pass, when the angels had departed from them into heaven, that the shepherds were saying to one another, "Let us go over to Bethlehem and see this thing that has come to pass, which the Lord has made known to us." So they went with haste and they found Mary and Joseph, and the babe lying in the manger. Luke 2:15-16.

As the peace and glory of

Christmas descends upon the town of Belleville as it once did upon Bethlehem centuries ago, the town churches are planning special events in commemoration of Christ's nativity.

Candlelight masses, family worship services, traditional hymns and Christmas music are scheduled to be a part of the ritual at all of Belleville's churches.

The schedule of events is as follows:

#### BELLEVILLE ASSEMBLY OF GOD

A combined Christmas service will commence at 10 a.m. Sunday morning. Several of the younger classes of the Sunday school will be participating and they will give a Christmas play, directed by Marie Tippenreiter and Mrs. Nancy Gesualdo.

The youth and adult choirs, directed by Mrs. DiQuattro, will be presenting a Christmas cantata "Wonderful" by John J. Lillie. Rev. Anthony DiQuattro will bring the Christmas message.

#### BELLEVILLE REFORMED CHURCH

The Reform Youth Fellowships of the church will go carolling in the evening at 6 o'clock. A party will follow.

Christmas eve morning will be celebrated by a service at 11 a.m. with music by the church choir, who will sing "Behold I Bring You Good Tidings," by Clare. Mrs. Andrew Verhagen, soprano soloist, will sing a medley of Christmas carols.

Earlier a church school Christmas program will be presented by all the parish young people at 9:30 a.m.

This afternoon the Ladies Aid of the Reform Church will meet at Soho Hospital.

#### BETHANY LUTHERAN CHURCH

The children of the Sunday school will be in charge of a special Christmas eve service for the entire family at 7 p.m. Special instrumental and vocal music will be presented at the service, and a sermon will be delivered by the Rev. Albert E. Alspach.

At 11 p.m. of the same night, a candlelight communion service will be held with the adult choir presenting "Gentle Mary and Her Child" by Matthew Lundquist.

Earlier in the day, regular

## Health Office Court Fight May Occur

The health department controversy may soon find itself in the courts should it progress much further, qualified sources said today.

Belleville Mayor Kenneth D. Spitta and Commissioner Joseph McGreevy, director of finance, to keep Dr. Richard Benivento, newly appointed health officer (replacing Dr. Gerson L. Ram) off the town payroll. The two governing officials asked Charles Tedesco, town attorney, to decide whether the town has to pay Dr. Benivento.

"As far as we're concerned

## Alumni Game Will Aid Band

The Annual Belleville-Nutley Alumni Basketball game will be played Wednesday evening at Nutley High School at 8 p.m.

Any Belleville Alumni player wishing to participate should contact Michael Marotti at police headquarters.

To date the following players will be in the lineup for Belleville: Dom Klein, Nick Pettit, Bob Byers, Jim Brown, Sal LoCoco, Pat Grosso, Jack Cullen, Art Sheridan, Rich Pucciarelli, Nick Pizzuto, Richard Longo, Richard San Fillipo, Jim Catalano.

Belleville's share of the proceeds will go towards the Belleville High School band to make their spring trip to Virginia, also towards the Belleville Rowing Fund.

## Belleville Police Seek Another Wage Increase

Mayor Kenneth Smith is expected to be confronted this week with demands from the Belleville police and firemen for 1968 across-the-board pay hikes.

Detectives Michael Marotti, president of the Belleville Patrolmen's Benevolent Association, stated that although Belleville police and firemen received pay raises last year, "it's not enough." Marotti added that "Belleville is still on the bottom of the list when compared with other departments."

Mayor Smith, who also serves as Public Safety Commissioner, would have to include the proposed raise in his departmental budget.

"I have no idea what they're asking for yet," Smith stated. He concluded that "after we sit down over the matter and I see some figures I'll know just how far we can go."

Marotti declined to reveal

the details of the proposed pay demands until he had conferred with Harry Scott, president of the Firemen's Mutual Benevolent Association in Belleville.

Scott, also refused to discuss the matter until the additional details had been worked out between representatives of his organization and Marotti's organization. The meeting with the mayor, however, is to take place later on this week.

Several police departments throughout the state have already demanded a \$10,000 minimum annual salary.

The Belleville police has approximately 71 men on the force and they are paid considerably under the \$10,000 that the other departments in the state are asking.

According to one area resident, who wishes to remain unidentified, this is not commensurate with the "fine job" they are doing for the town,

## Santa Claus, Belleville's Misunderstood Visitor Explains Why He Is Nervous At Christmas

With two smiling children propped on his lap, Santa Claus turned to an interviewer and said, "You know, I've been wanting to get rid of my beard for a long time. It's become such a nuisance."

Santa, who has been the congenial host at his recently established headquarters at 122 Washington Avenue, near Town Hall explained the somewhat shocking revelation.

"My headquarters here is very much like my office up at the North Pole. What with modern heating systems it's really ridiculous having to continue wearing such a long white beard. In fact, I'm always uncomfortably warm and itchy. And Mrs. Claus would just as soon see me shave it off."

"But I've got my image to consider. And that's important. Children expect to see me with a copious beard. So what can I do. I suppose that is the price I must pay for fame."

Santa will be in Belleville until Saturday from 12 to 6 p.m. giving away gifts and supervising the Woman's Club of Belleville who takes pictures of Saint Nick with children who come to visit him.

Then it's back to the North Pole to take care of those last minute details before his midnight flight December 24.

#### Modernization

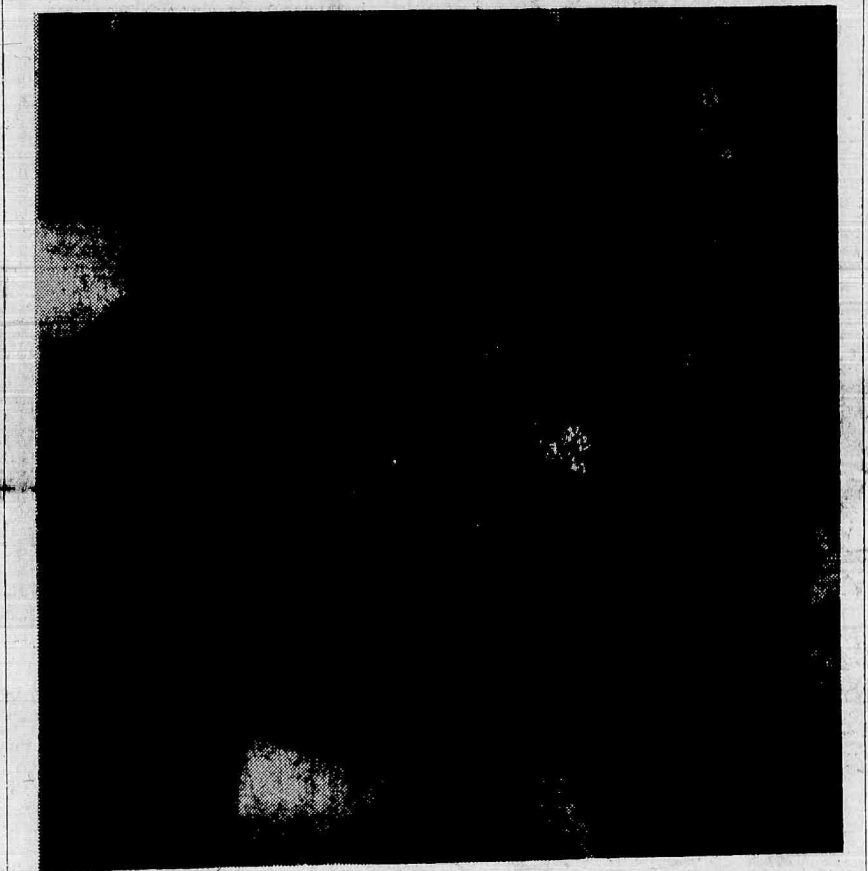

"Up north they've been trying to convince me to modernize and abandon my reindeer

and sleigh. Heaven knows, it would be less of a hassle for Donner and Blitzen and the rest of the boys if I did. I've had to install larger sleighs each year. By next year, I'm sure I'll have to recruit some more reindeer to make the trip."

But Santa said he is currently interested in maintaining the traditions of Christmas.

Regarding the rest of his uniform, he added, "To keep up with the fashion of the day I've replaced my leather belt and boots with vinyl replacements. But that's the only major changes."

Santa lifted two more children to his community lap and woofed a "ho-ho-ho" and what is your name... have you been a good girl... you want a WHAT for Christmas."

SANTA AT WORK — Kondreck Photographers and the Belleville Camera Shop have been helping the local Woman's Club to take color photos of children as they talk to Santa. He will appear through Saturday afternoon.

### 6 Month Report:

## Mary Senatore Says A Woman's Touch Important to Administer Public Works

Mary Senatore likes to philosophize about her job as Public Works Commissioner. Busy Mary, Belleville's distaff and best dressed official with her hand glued to the pulse of the community, ends her first six months in office, laughs, works, jokes and, yes, philosophizes.

When Mrs. Senatore (my friends call me "Mary") strode into her tastefully decorated cubicle at Town Hall this week to begin her six-hour a day employment for the town she was greeted by employees, minor officials, her secretary and a newspaperman. Mary beamed with approval to find everybody enthusiastic and busy. She walked into her office, followed by her entourage, plopped her pocketbook down upon a chair, removed her coat and said, "Turn up the heat. It's cold in here."

Mary, Belleville's own legend, the town's first female commissioner, a mother, the powerhouse organizer whose effect on the local political scene has left some strong men weak. Mary, the shrewd businesswoman, who got in trouble with the health department trying to save money storing leaves during the week in town rather than hauling them off to Kearny everyday. And, Mary, the lady dynamo who shook up her department by getting more work out of her men during the day while trying to make amends for "years of neglect" in her department as she calls it.

#### She Doesn't Quibble

She does not quibble with her men. She expects things to be done... and if it isn't... well, try and get that overtime voucher okayed.

She is a compulsive worker. Recently she went away for five days, her only vacation. And that was to a convention.

Mary, the astute politician, who placed her name on every new bench, trash can, sign and piece of road equipment in town. There is a joker in town who claims there is a sign on the Garden State Turnpike which says, "Belleville — next left — Mary V. Senatore, Commissioner of Public Works."

Under her directorship for the past six months, she has divided the town and placed a foreman in charge of each half. She sprinkled the community with benches for weary shoppers and litter baskets (suddenly she smiled, "I'm beginning a beautification program and everybody is going to help; the Shade Tree Committee, police and fire department, everybody").

She flushed out all the fire hydrants in Belleville. The first time that's happened in eight years and she got her Shade Tree Committee busy trimming trees and clipping 17 years of growth. She talked the state and county into cleaning catch basins and repairing roads and was instrumental in getting the Kiwanis Club to brighten up Washington Avenue with cherry blossoms.

## Master Plan Due For Inspection

A public hearing on the land use portion of the new master plan will be held early in 1968 it was announced by Edward G. Heibert, chairman of the Planning Board.

The board recently met with the Commissioners to present the results of a year's study to update portions of the master plan originally prepared in 1962. At a subsequent meeting the town planners discussed changes suggested by members of the Commission and agreed on the final draft of the land use plan.

Maps are now prepared for printing by the board's consultants, the Passaic Valley Citizens Planning Association. Prior to the public hearing, the proposed map will be published in local newspapers and colored copies of the map will be available for distribution at Town Hall.

Chairman Heibert stressed the fact that the land use plan is to serve as a guide for the future development of the community. It does not mean that changes in land use shown on the plan will be accomplished immediately. The plan is designed to be put into effect over the next 25 years. There are no immediate plans for urban renewal projects made in connection with the present proposal.

The land use plan which will be the subject of the public hearing is one of the key elements of the master plan. Later studies and hearings will deal with traffic and circulation plan and a community facilities plan. The major purpose of the land use plan is

to designate which areas of the community are to be developed in various land uses.

The master plan should not be confused with the zoning ordinance which is a much more specific and binding document. The zoning ordinance will prescribe the use of each lot as well as other controls such as lot size, setback requirements, off-street parking requirements, etc. The planning board will begin work on amending the zoning ordinance as soon as the land use plan is adopted. Additional public hearings will then be held before the planning board and the Commission.

The present proposal divides the town into nine land use categories. There are three types of residential use: single-family, two-family and multi-family. There are also three types of commercial use: office, general commercial and special commercial. There are industrial area and public and semi-public uses.

The plan also includes cer-

Joseph Rodriguez, 566 Union Ave., is currently a member of the 1967 - 68 junior varsity basketball team at the Newark Campus of Rutgers University.

Rodriguez, a 5 - 8 graduate of Belleville High School, is a freshman chemistry major. He plays at a guard position for the Rutgers Newark freshman team.

# Belleville Knights of Columbus Aid Blood Drive

**A HELPING HAND** — Father James Heavey of St. Peter's Church is aided for the moment by Mrs. Flo Smith, nurse with the Belleville Chapter of the American Red Cross. According to Father Heavey it was over in a matter of minutes.

**SIGN IN PLEASE** — Eugene Barnett, Belleville's Town Clerk can be seen standing between two receptionists, Mrs. Sophie Bade, left, assistant with the Belleville District of the Essex Chapter of the American Red

Cross and Mrs. Harriett Topping, staff aid. Barnett, chairman of the blood program of the Belleville Council, Knights of Columbus, remarked that he was very proud of the huge turnout of donors.

**A NERVOUS FATHER** — In this particular case the father in mention is not a father waiting nervously in a hospital waiting room for his wife to give birth, but it is Father James Heavey of St. Peter's Church, Belleville, waiting for Miss Albina Zamorski, registered nurse with the Essex County Blood Bank to extract from him the 1000th pint of blood in the history of the Belleville Knights of Columbus. Since 1956 when he first became a donor, Father Heavey has given 17 pints of blood. This, his 18th pint really made news.

## Vocational School Has Second Registration

The Essex County Vocational and Technical Schools evening classes will have second term registration on January 2 and 3 from 7 to 9 p.m. at all schools in the system.

The courses are tuition free for those who work or live in the county and are designed to improve job skills. Most courses are conducted two evenings each week and the program regularly attracts several thousand adult applicants. A registration fee of one dollar is charged for each course.

The courses conducted at the school located at Sussex Avenue and First Street, Newark, are: acetylene welding, auto repair, blueprint reading, com-

mercial photography, machine shop and tool and die making, presswork, power plant engineering and Printing.

Classes in auto body repair, auto repair, and diesel engines are being conducted at the school, 222 Morris Avenue, Newark.

The program at the 209 Franklin Street, Bloomfield, school includes arc, gas and helarc welding, air-

frame mechanics, school custodial engineering, auto repair, blueprint reading, carpentry, electrical work, electronics, inspection practices, machine shop and tool and die making, mathematics, mechanical drafting and radio and television service.

Those seeking to enroll in air conditioning and refrigeration, oil burner service, or sheet metal work should apply at 1 University Place, Irvington. Also included at this school are: auto repair, auto body repair, blueprint reading, carpentry, electrical work, machine shop and tool and die making, mechanical drafting, and radio and television repair.

At the school located at 300 North 13th Street, Newark, the program includes the following courses: Bookkeeping, business English, calculating machine operation, data processing, machine bookkeeping, power sewing machine, typing, and stenography.

For further information contact the supervisor of part-time instruction at the administrative offices of the Essex County Vocational and Technical Schools, 90 Washington Street, East Orange. He is also able to arrange for employers, labor organizations, or government agencies, additional courses not presently in the evening school program.

## Tells About A Cold Month

CRANFORD—November was a cold and dry month. Harold Dufflock, Meteorologist at the Union College Meteorological Station reported in his monthly report to the U.S. Weather Bureau.

The average temperature of 40.7 degrees was 4.5 degrees below the estimated normal, while the total precipitation of 2.40 inches was 1.46 inches below the estimated normal, according to Dufflock.

The highest temperature recorded in November was 65 degrees on the 3rd and the 12th, while the lowest mercury reading of 18 degrees was recorded on November 17 and 30. The average maximum temperature was 49.4 degrees, and the average minimum temperature was 32 degrees.

During the month, 722 degree days were recorded to bring the total for the heating season which began on September 1 to 1,133. A year ago 529 degree days were re-

corded to bring the total for the heating season to 969.

Snow was recorded on 6 days during the month. Last month's precipitation of 2.40 inches compares with 7.12 inches in 1963 — the greatest amount recorded in November since the Union College station was opened on January 1, 1960 — and with 1.68 inches in 1965 — which is the smallest amount recorded.

Precipitation so far this year totals 41.54 inches. The total during the same period a year ago was 39.22 inches.

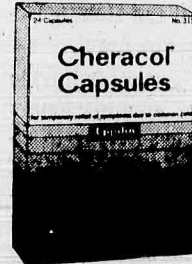

A three-inch snow fall was recorded on November 30, and thunder was reported on November 12 and 18.

There were five clear days, eight partly cloudy days, and 17 cloudy days. The prevailing wind direction was north-west.

## Judge Abromson Sends Mess To Essex County Penitentiary

George Mess, 21, of 60 Preston Street, Belleville was sentenced December 7 to six months in Essex County Penitentiary, Caldwell, and six months probation for violation of probation.

Mess, who had previously been brought to trial for the use of heroin, was at that time given the choice by Municipal Judge Edward J. Abromson of either entering a voluntary narcotic withdrawal treatment center in Lexington, New Jersey, for six months or face a jail sentence.

After ten days at the center, Mess left and returned to his home.

In court he testified that he had reported to his probation officer what he had done and that he wanted to get a job, return to school in January, and not return to Lexington. He said that he had not taken any drugs since he had left the center and that he was not going to take any more.

## Allen Ginsberg To Offer Poetry Readings Soon

Allen Ginsberg, referred to by many as the "poet laureate of the beat generation," will once again prove his talents when he will perform at the Rutgers - Newark Campus Center on Friday evening, January 19, 1968, at 8:00 P.M.

Ginsberg, who has been charged with many offenses that range from smoking marijuana at Passaic Falls last year to reading obscenities in his works of art last summer in Italy, has been widely published. His books *Howl* and *Kaddish* are among his better known works.

Allen Ginsberg will be performing with his father Louis, who is a Rutgers evening college lecturer and devotee, of nearly half a century, to making poetry more palatable to students and to the man in the street. He has also served the teaching staff of Paterson Central High School for the past 38 years and has taught English and poetry at the State University of Paterson and Newark Divisions for the past 12 years.

Eta Chapter of Rho Pi Phi Fraternity at Rutgers University College of Pharmacy will present the duo at the Campus Center located at 350 High Street, Newark, N.J. Allan Gaidemak, president of the organization, disclosed that advance sales are good and that tickets should be purchased as soon as possible due to limited seating arrangements. Tickets are \$2.50 apiece, and mail orders are being accepted by Alan Gaidemak, 1 Lincoln Avenue, Newark, N.J. 07104. Special price arrangements are available for groups.

## Legion Auxiliary Plan Holiday Party

Ladies of American Legion Auxiliary, Belleville Unit 105, met for their December business meeting on Thursday, Mrs. James LaMotta conducted the meeting in the absence of President Mrs. Patrick Lee.

Mrs. Walter Weiss, a Past President of Unit 105, who has been chairman of the Dawn-O-Day sales program for several years, announced that once again Belleville residents are being contacted by phone for help our Auxiliary's rehabilitation work by purchasing a useful household item from Dawn-O-Day.

Mrs. Weiss wishes to thank all who have been so generous in the past. This project has always been a big success; and without the support of loyal friends we could not carry on the hospital parties and donations to the needy.

## A Christmas Prayer

Father, give us to comprehend  
That all the world has one true friend  
In whose hands we may be sure  
Our destiny remains secure.

Know Thou, this shall be our creed —  
We shall follow, Thou shalt lead,  
Help us never to forget

The golden rule is golden yet.

If in anger we would speak  
Remind us milder words to seek,  
Let Christmas bring us Peace and  
then —

"Everyday" — Good Will.

Amen.

## A Lesson in Dignity

Mayor Kenneth D. Smith and his Town Commission colleagues, Mrs. Mary Senatore and Joseph McGreevy, have expressed eagerness to show the community "how wrong" Public Affairs Director Vincent T. Strumolo has been by continuing the health office controversy. Strumolo would also delight in being the man who could overcome his opponents on this issue.

And once again Belleville's government has erupted into a chaotic condition that threatens the efficiency and harmony which good leadership requires. It is difficult to label any one person or "bloc" as belligerents since the entire Health Department problem has gone far out of hand.

The most unfortunate point of the squabble is the apparent fact that none of the officials is really eager to see an end to the controversy. They are simply concerned with proving the other to be the bad guy.

Mayor Smith spoke too hastily when he called Commissioner Strumolo's attitudes "childish." Because his public performance along with the displays by Mrs. Senatore and Commissioner McGreevy were equally reprehensible.

Mayor Smith allowed his meeting to become a pathetic exhibition of screaming and name calling. This was not a formula for departmental harmony and it did not help the strained image which Belleville government still carries. (As former Councilman James Golden said, interrupting the commission meeting, "the actors are

different... but the story is still the same." He followed that comment with a long throaty laugh.) But the situation is not amusing. Rather, it is sad, and shows how residents could easily misjudge the Commission's strenuous efforts toward making Belleville the enlightened community which was promised as an outcome of the new form of government.

Regarding the Health Department dispute, both factions claim to have the "sworn facts." But the Health Department is not at issue here.

The issue is simply that Belleville residents elected five commissioners to represent them. It was clear to citizens then that they were tired of boisterous vocal displays and bickering at meetings. And they expected the new Commissioners to conduct themselves with dignity.

Except for Commissioner William Cullen, they did not last week. Commissioner Strumolo shouted with such intensity that his voice seemed to rise several octaves. Mrs. Senatore also lost her usual composure. And Mayor Smith and Commissioner McGreevy were outrageous enough to insult a doctor of considerable experience because he is 65 years old. This was particularly silly for Mayor Smith who is pushing that age himself.

When will the Commissioners learn that the people want them to do their jobs with pride, efficiency, and dignity. Dramas and traumas can be seen on television. They do not belong in the Commission chambers. P.A.D.

## Misused Authority

Despite the fact the Belleville Times sent two photographers to the Belleville-Kearny basketball game Friday evening, there are no pictures of the Bellboy's second match in the Big Ten Conference series in today's paper.

The lack of photo coverage can be blamed entirely on the preposterous actions of two persons placed in positions of authority which, on grounds of recent irrationalities, they do not deserve to hold. We refer to Joseph Just, a custodian at Washington School in Kearny and Patrolman "Champ" Brown (as he identified himself), of the Kearny Police Department.

These men, for one unexplained

reason or another, refused to allow the Belleville photographers to enter the school. They only saw fit to make faces at the newsmen through the glass window of the door and peculiarly enough seemed to revel at the thought of interrupting the photographers. Nothing would sway either of the men from restraining the reporters. Press credentials and identification were scoffed. And every sort of appeal short of a bribe was put down.

It is regrettable that men placed in positions of "power" — even if it be as obscure as gatekeeper — should so grossly misuse their authority. In this instance hundreds of persons anxious to have had a photo record of the Belleville-Kearny game were deprived. P.A.D.

## The Spirit of Christmas

In churches and homes, in city streets and stores, across the countryside — the spirit of Christmas spreads its joy and its contentment. Soon now, the last-minute hustle and bustle will give way to the highest moments of holiday celebration. It's a time for fun and feasting, a time for light-hearted laughter and heartfelt prayer, a time when friendships are renewed and family ties are strengthened.

Throughout this community, and indeed throughout all the communities where Christmas is celebrated, the spirit of the season finds expression in innumerable ways — among them, the gladness of gift-giving, the merriment of parties, the happiness of hearth and home and, above all, the solemn hush of midnight, traditionally the symbolic time for heralding the Birth of Christ.

From the holly wreath on the door to the packages under the tree, from the gaily decorated windows of stores to the manger scenes in the churches,

the customs of Christmas contribute to the meaning of the Day — just as early Christian leaders meant that holiday customs should.

When Christmas first began to be observed on December 25th, churchmen welcomed the idea of incorporating ceremonies and traditions from earlier beliefs into the celebration. They thought that people would feel closer to the new religion if former ways and rituals were not abolished, but instead united with the new rites to honor the birth of Christ.

Today, nearly everyone celebrates Christmas because Christmas belongs to everyone.

For the Christian believer, Christmas is cherished as a religious holiday of paramount importance, and as a time meant for joy and festivity, too.

For people of many different faiths, Christmas is beloved as a happy holiday, a secular celebration that gives meaningful expression to universal good will and good cheer.

## Seems Only Yesterday

### ONE YEAR AGO

### Bus Drivers Turn on Lights To Signal Police of Trouble

To The EDITOR,  
The Times — News:

I wonder how many Bellevilleites have noticed the lights turned on on Public Service Buses and if so do they know why they are on and does it give them any concern?

For my own part, knowing that these lights are on so that the bus driver can signal to the police or citizens who may notify the police that he is being robbed, knifed or otherwise threatened or his passengers are in danger I believe that this is a good measure

for safety and to help thwart the would be criminal.

At the same time I am constantly reminded, and perhaps this is good, and I hope others feel the same way of the terrible conditions that make such measures necessary, of the ever increasing record of crime throughout the country and the fear that is ever increasing on the part of law abiding citizens, a fear that is so real that people are afraid to leave their homes at night.

This is supposed to be the land of the free, yet how free are we when free movement about our own land must be restricted in order to feel safe from bodily harm? It is time that we demanded at the national, state and local level more vigorous enforcement of the law, that we stop coddling the criminal, for in the last analysis, it is not better education, or removal of poverty, or any of these things that will knowledge on the part of the would be criminal that he will deter crime only the sure he is caught and if found guilty that he will be punished and not just given a slap on the wrist that will stop crime, nothing else.

## Scaup Season Opens Monday Christmas Day

A special scaup hunting season will open Monday, December 25, following the end of New Jersey's regular duck season this Saturday, according to Commissioner Robert A. Roe of the Department of Conservation and Economic Development.

The season will run through Saturday January 6. Hunting hours will be from half hour before sunrise to sunset. A generous daily bag limit of 5 scaup is permitted, with a possession limit of 10.

This will be New Jersey's first special scaup season. In the past, the Fish and Game Council has chosen the other option permitted by the U.S. Fish and Wildlife Service, a bonus bag of scaup during the later part of the regular duck season. The special season was selected this year to give sportsmen the maximum number of days of waterfowl hunting.

# Mother of Narcotics User And Judge Trade Views

The mother of a local narcotics user and Judge Edward Abramson each had their own theory for the presence of narcotics in this community.

The local user, Thomas Jones of Belleville, was convicted in Municipal Court of not having his narcotics registration card with him when he was picked up by police last week. Police said they arrested Jones "for no particular reason."

They did know that he was a narcotics user, however, and it was apparent a decade ago to get away from the hazards there. She complained that she had not really run far enough away from the sale of illegal drugs.

She said it was the fault of her on those grounds Jones was picked up.

Mrs. Jones told Abramson she moved out of Newark over

the police that Belleville has a narcotics problem. Judge Abramson scoffed that remark and said the parents were responsible.

"We can't be everywhere," Mrs. Jones said. She added that 10 years ago Belleville had a narcotic problem and that it still exists today. "Narcotics shouldn't be in the high school," Mrs. Jones protested.

Jones, who was represented by a lawyer, told Judge Abramson that he registered as a narcotics user over a month ago and that the police then told Jones he would be notified when his card had been

completely processed. The card, according to Jones, needed the signature of Police chief Donald Smith.

### Never Notified

Jones testified that the police never notified him. He said they neither called or wrote to say the card was ready.

"And you never inquired?" Abramson asked.

"No," Jones replied. Jones' lawyer said his client was guilty by a technicality but there was no intent to break the law.

He said Jones was working. Looking straight at Jones, Abramson asked, "Are you off the stuff?"

Jones shook his head "yes".

## Hnatew Will Loan 5 Foot Holiday Tree

John Hnatew, 75, of 21 Ogden Road has made a five foot Christmas tree and now wants to loan it to some worthy and needy club, organization or family who might normally not have a tree.

Hnatew reported last week that this has been an annual hobby for him for the last eight years.

Last year he set up his tree atop his garage and the children in the local school were brought down by their teachers to observe the display.

This year's tree which Hnatew said is fireproof, made from aluminum, and decorated with 1,000 colored lights, is made for indoors.

"I don't want anything. I just want it returned," Hnatew said. "Other people usually throw their decorations away, but this took me a lot of time."

Hnatew has lived in Belleville with his wife, for the last twenty-seven years. He retired from the Colgate Palmolive Company, Jersey City, after working there 49 years.

Requests to borrow his tree should be sent directly to his home. And his explanation for his work. "I just want to make somebody happy during the holidays."

Overwork, we understand, does not age the nerve cell upon which longevity depends.

## Christmas Tree Safety Rules Listed

Christmas tree fires can easily be avoided.

Joseph A. Ayares, local representative of the Allstate Safety Crusade, says, "Observe the following precautions in selection, preparation and decoration of your tree and unless something unforeseen develops, you'll have no tragic yule fire in your home."

If possible, buy a very recently cut tree. Saw the end off diagonally at least one inch above the original cut. Keep the tree outside in a bucket of water or in a mound of snow, until you're ready to bring it into the house for decorating.

When you bring the tree inside, support it firmly in a stand that holds water and be sure you add additional water daily. Don't place the tree near a fireplace, radiator, stove, television set or any other source of heat, and never place it where it would block exits.

Use only lights and electrical equipment that have the Underwriters' Laboratories (UL) label. Check for frayed wires, loose connections and broken sockets before wiring the tree. Never overload circuits or outlets and never use strings of lights on metal trees.

Don't smoke while trimming the tree or taking it down. Use a step ladder to reach upper branches. If children are to help trim it, reserve the lower branches for their decorations. Always turn off the tree lights before you leave the house and when no one is going to be within sight of the tree.

Take the tree down when the needles start to fall. Only noncombustible decorating materials should be used.

#### PARTY - GOERS

The other weekend, Bea Sheppard and Clare Hoover went over the border line to Nutley to attend a Tupperware party. Tupperware is, as every housewife knows, that plastic kitchenaid that keeps early fixings and leftovers as fresh as a daisy. Anyway both women were astounded to find a gathering that grew to a total of 25. Normally eight to twelve people are to be found in attendance. Bea and Clare enjoyed the demonstration and the coffee and chit-chat time that followed. Somehow though we get the message that the happiest person there was the Tupperware dealer.

#### WAC RECRUIT

Incidentally, it's not only the fellows who join the army. As far back as three-four years ago, Doris Hoover of Malone Avenue knew that the Army life was the life for her. So a week after graduating Belleville High School this past June, Doris was already being sworn into the WACs for a three year enlistment period. And now six months later, the word is still, she loves the Army life. Her first stop service-wise was Fort McClellan, Alabama where she underwent basic training and then spent an additional eight weeks there in clerical training.

### Golden Anniversary Celebrated by Gilroys

Mr. and Mrs. Thomas Gilroy of Barnegat, formerly long time Belleville residents, celebrated their 50th wedding anniversary November 25 with a surprise dinner party at Old Forked River House, Forked River.

The affair, hosted by their sons and daughters-in-law, Mr. and Mrs. James Gilroy, Mr. and Mrs. Thomas Gilroy Jr. Mr. and Mrs. Francis Gilroy and their daughter and son-in-law, Mr. and Mrs. Eugene (Helen) Halloran, was attended by 36 guests.

Mr. Gilroy and the former Helen, Swick were married in St. Mary's Church, Nutley, November 8, 1917.

The couple have 19 grandchildren and two great grandchildren.

#### SANTA'S HERE

Santa Claus now has special headquarters in our town. Daily from 10 a.m. to 5 p.m. and this Saturday from noon till six; he can be found at 122 Washington Avenue listening to all the dreams of our youngsters. And via the grapevine, we've heard that all of them and we mean all have promised to be on extra good behavior. Each child who visits with Santa will receive a token gift, thanks to our local merchants, and the Woman's Club representative is on hand to snap a colored photo for a nominal fee. And speaking of Santa, I believe in him, don't you?

#### SUNNY DAYS

A pre-winter vacation proved just the thing according to Russell and Jeanne Pearson of 25 Federal Street. Six days of sun and pleasure were spent the end of November and beginning of December down in Puerto Rico. The Pearsons flew down there with a plane-load of Elks from Hillside and the entire group stayed at the Puerto Rico Sheraton. It was the first time that either one had been in the air, but according to Jeanne "it was just like sitting in the living room."

And while we were here in Jersey in the midst of winter's first snow, the Pearsons were enjoying balmy weather of 65 degrees. Swimming, sightseeing and souvenir-hunting was the order of the day. Mealtimes were feasts. Evenings were paradise. Jeanne even managed to get over to the island of St. Thomas and

It wasn't much before midnight before Russ and Jeanne had unpacked and settled down for the dawn. And I do mean dawn, or rather pre-dawn. For a little more than four hours later, Russ was awake, hale and hearty, ready for the hunt. Deer season opened Monday morning and that is one day, Russ never misses. # WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

## Danielle McCarthy, Thomas Reid Wed In Naval Chapel, Norfolk., Va.

MRS. THOMAS H. REID  
Former Miss Danielle  
McCarthy

Miss Danielle Ellen McCarthy, daughter of Mr. and Mrs. Daniel A. McCarthy, 228 Ralph Street, was married October 21 to Ensign Thomas Howard Reid, son of Mrs. William J. Reid of Rumson and the late Mr. Reid.

Chaplain John Wright and Chaplain John Walker officiated at the double-ring military ceremony in Our Lady of Victory Chapel, U. S. Naval Station, Norfolk, Virginia. A reception followed at the Officers Club.

The bride, given in marriage by her father, wore an Empire gown of white crepe and Alencon lace with a chapel train of lace, bordered with crepe. A fingertip veil of French silk illusion was held by a crown of crystals and pearls. She carried a bouquet of white roses, stephanotis and ivy.

Mrs. Gerald F. Valenta, Jr., of Wyckoff, was matron of honor attired in a gold length A-line crepe gown. Bridesmaids were Miss Nancy McCarthy, sister of the bride, and Miss Margaret Reid, sister of the groom. They were similarly attired in gowns of moss green crepe and carried bouquets of gold and russet chrysanthemums and pom-pom daisies.

The mother of the bride chose a royal blue dress with matching accessories and wore a corsage of tea roses. The groom's mother wore a green and gold brocade suit with gold accessories and a corsage of yellow roses.

James Gillen of Rumson served as best man. Ushers were Midshipman William Reid, the groom's brother, Ensign Walter McDonough, Jr. of Rumson, Ensign Thomas Morgan and Ensign Henry Abernathy of the U.S.S. Furze, Norfolk, Virginia.

Mrs. Reid, a graduate of Belleville High School and Douglass College, New Brunswick, is with Eastern Air Lines, Inc., of New York. She is the great-granddaughter of Mrs. Gerald Jermond of London, England.

Ensign Reid was graduated from Red Bank Catholic High School and Holy Cross College, Boston and is aboard the U.S.S. Furze in Norfolk, Virginia.

The couple is residing in

## Airports Raising Flight Fees to Disperse Traffic

An effort by the Port of New York Authority to relieve congestion and minimize delays at the major airports in the New York - New Jersey Metropolitan Area is being made by increasing the minimum flight fees at Kennedy International, LaGuardia and Newark Airports during the daily peak operating periods beginning January 1, 1968.

Announcement of the planned increase in the minimum fees was made today by Austin J. Tobin, Executive Director of the bi-state agency. He noted that "general aviation traffic must be influenced to transfer its operations, whenever possible, away from runways and air traffic control patterns at John F. Kennedy International Airport, LaGuardia and Newark Airports during peak traffic periods."

The minimum take - off fee at present at the three airports is \$5. The proposed minimum fee of \$25 at Kennedy International, LaGuardia and Newark Airports will apply to each aircraft which either lands or takes off during the periods between 8 and 10 a.m. Monday through Friday, and from 3 to 8 p.m. every day. The minimum take - off fee at Teterboro Airport is \$1.50 for aircraft under 2,500 pounds and \$2.50 for all other aircraft.

The airline members of the Aviation Development Council operating at the three airports also support this plan as part of an urgent program to relieve congestion in peak periods and to make most effective use of available airspace and airport capacity. The Federal Aviation Administration has been informed of the plan.

The planned increase in fees will not apply to helicopters since they operate in patterns which do not contribute to air traffic congestion nor do they adversely affect airport capacity. Although the separation of general aviation and airline traffic during peak operating hours will provide some relief, it will not forestall the pressing need for a fourth major airport to serve the area. Tobin noted that the Port Authority's report "Airport Requirements and Sites to Serve the New Jersey - New York Metropolitan Region 1966" stated:

"To provide all possible capacity pending the availability of such an airport, the Port Authority has been working continuously to expand the existing airports to their maximum practical capacity, and has expended hundreds of millions of dollars to that end. The Port Authority will continue these efforts. It will continue to study and restudy every conceivable plan which can be devised and will implement without delay any such plans which are operationally and economically feasible and practicable. Only through the completion of a new airport can the region maintain its leadership in air transportation."

The operation of general aviation aircraft at the three major airports has increased substantially in recent years, with the greatest growth in peak periods when delays and congestion are most severe. In the busiest peak hour, 51 per cent of LaGuardia Airport's total traffic comprises general aviation movements, 33 per cent at Kennedy International.

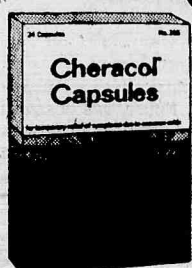

A major component of the general aviation movements during peak hours is by air taxi. In the busiest peak hour they constitute 70 per cent of general aviation movements at Kennedy, 48 per cent at Newark Airport and 36 per cent at LaGuardia. In total, air taxi movements during that peak hour constitute about one of every four plane movements.

Many of these air taxi and other general aviation movements are conducted in small aircraft which carry only one to four passengers, yet congest airspace and runway capacity as much or more than movements of larger aircraft carrying 100 or more passengers. In September, a program was undertaken by the Port Authority and the major airlines serving the area to provide additional facilities at general aviation airports to enable general aviation users to shift their operations away from the other overcrowded airports. This program includes a new scheduled airport coach service between Teterboro Airport and Manhattan; operation and continued development of Teterboro by Pan American World Airways under a 30 - year agreement with the Port Authority; and the development by Pan Am of Republic Airport in Farmingdale, Long Island.

## Kiwanis of Branch Brook - Belleville 'Adopt' Fatherless Vietnamese Boy

The Kiwanis Club of Belleville has financially "adopted" Huynh Huu Hanh, an eight-year-old Vietnamese boy through a New York based agency, Foster Parents Plan.

The boy's father was assassinated by the Communists on December 3, 1966, and his mother now peddles sweet bean soup, earning \$.86 a day, roaming the countryside. She has a debt of \$17.10 left from the costs of her husband's funeral.

Huynh has a brother Phuc, 5, and a sister Gia, 2. The family lives on the outskirts of Saigon, in the hut of an uncle, a war invalid. The hut is 11 by 30 feet, with a woven leaf roof and walls, and an earthen floor. In the hut are a bed, table, some stools and a food safe.

Their mother has been found to have tuberculosis and is under clinical treatment. Huynh and Phuc go to school paying \$.43 a month for tuition.

The Kiwanis "adoption" will assure school costs for him and for the family as well. Help to one child in need is help to the entire family. It provides a monthly cash grant of \$8.00, family medical and dental care and the encouragement and guidance of social workers.

Because of the war no clothing, household goods or school supplies can be shipped to Huynh, in lieu of which an added \$3.00 is sent to him each month, until conditions become stabilized enough to permit shipments.

Huynh is 3 feet 9 inches tall and weighs 42 pounds.

Although "adoption" is financial not legal it's truly personal. The \$15 a month contributed by the Foster Parent provides for an exchange of a letter a month (original and translation). Soon through the correspondence, there develops a warm relationship.

The same \$15 (for a minimum of one year) buys a monthly cash grant, new clothing, blankets and household goods, medical care, education and family guidance and counseling from the North American Director and a staff of trained local case workers.

The Foster Parent gets to know his child at once through a photograph and case history. The child in turn learns about his Foster Parent, his family, and his country through letters, postcards and photographs. These usually become a child's most cherished possession.

Foster Parents Plan stresses

help to the entire family as well as the child. In most of the countries where PLAN maintains Headquarters there is a Foster Parents Plan medical clinic with doctors, nurses and drugs. The doctors check, diagnose and treat the child's immediate family as part of the service. Experience has shown that it is impossible to keep a child healthy in a sick family. Since the average PLAN family unit consists of seven people, business at the clinics is always brisk and often booming. In some of the South American countries where poor teeth are common among the children, PLAN also operates a dental clinic. Every country's program is tailored to suit its individual needs.

In order to help a family to help itself PLAN also offers vocational training in some countries. Older relatives of the Foster Child as well as

Foster Children who have been graduated from PLAN care are taught marketable skills which enable them to support themselves and aid their families.

The Foster Parents Plan program has been working since 1937 and has graduated nearly 90,000 Foster Children. Some of them are professionals, others are factory workers. All are eternally grateful for the support of generous Americans who saved them from sickness, abject poverty, and ignorance and gave them health, education and hope.

A Foster Parent can be an individual, family, group, club or school. They range from people like Senators John G. Tower and Robert F. Kennedy, to a school in a slum area where each of 1500 students proudly contributes a penny a month for our "Foster Child." Currently Foster Parents Plan is operating in Greece, Hong Kong, Korea, the Philippines, Viet Nam, Colombia, Ecuador and Peru. A Child may be chosen according to country, sex, and age and PLAN will try hard to meet the specifications. Foster Parents Plan is a non-sectarian, non-profit, non-propaganda, independent, government approved organization. "Adoptions" and contributions are tax deductible.

## Every second counts this Christmas.

A not-so-funny thing happened on the way to Christmas last year.

We ran out of Accutron® timepieces. So the customers who came in at the last minute had to settle for a conventional watch.

Some didn't. And we know why. All conventional watches—wind, self-wind and electric—keep time by the gyrations of a balance wheel. It splits a second into 5 parts.

But Accutron is not a watch. It's a precise timepiece that keeps time through the vibrations of a tiny tuning fork. The tuning fork splits each second into 360 equal parts.

And keeps time so accurate, we guarantee monthly accuracy within 60 seconds\*—which averages out to about 2 seconds a day.

Every second counts during December days. Because what happened last year could happen again.

So run in before we run out!

## Waterfowl Population Now At High Level in N.J.

New Jersey's coastal waterfowl population was at a high level for the opening of the duck season on November 4.

An aerial survey conducted by the Division of Fish and Game on November 5 found an estimated 371,657 waterfowl along the Garden State coast. This indicates an influx of over 100,000 birds since October 22, and the total population almost equals the figure for October 30, 1966, which was the highest in years for early November.

A grateful Electric Glassheat user says:

**"IT'S A COMFORTABLE HEAT THAT GLASSHEAT GIVES Just like SUNSHINE in Spring!"**

**"...IT'S HEALTHFUL HEAT, TOO; WE HAD FEWER COLDS LAST**

**WINTER** and everyone felt fine" she continued. No wonder their health was improved. Electric Glassheat heats without flame, so there are no toxic fumes or vapor to pollute the air. The life-giving oxygen is not burned up and the humidity is kept at the most desirable and healthful level.

Money saving thermostats in every room make it easy to maintain exactly the temperature you want throughout the house. No drafty floors or cold corners, ever. And the rays that warm you are exactly like the rays of the sun. Imagine! Summer sunshine in every room all winter long. No wonder the Electric Glassheat house is a healthful as well as comfortable home.

**"SO CLEAN! NO SOOT, DUST OR SMOKE,**

so we save on cleaning bills," says another owner. "In all these years with Electric Glassheat we never needed to dry clean our drapes, or furniture. No need to repaint or even wash walls and ceiling. And our Venetian blinds still look fresh and new. Taking these facts into consideration lowers our cost of heating still more."

**"SAVE MONEY ON ELECTRIC BILLS, ALSO!"**

"We expected Glassheat to be inexpensive to operate but it amazed us by costing even less than estimated. And since we can now take advantage of the special low heating rate we save on our regular current, too. And of course there are no main-

tenance or service charges! still another saving." Another Glassheat owner says, "We added two rooms, but still my heating bill is \$175." Again and again people install Electric Glassheat because of its many outstanding advantages, and then are delighted to discover that this remarkable form of heat is an economy as well.

**IT'S SAFE AND SILENT!** Electric Glassheat can't overheat, and it is absolutely fire-safe. Even accidental contact can't cause blistering and there are no fumes or vapor to worry about.

Since there are no moving parts there is no sound. Electric Glassheat is as silent as sunshine, and as pleasant. Saves space, too, for the area usually occupied by radiators, boilers and flues is yours to use as extra living space and a better arrangement of furniture.

## WHY PAY MORE FOR LESS?

## Red Cross Offers Servicemen's Gift Insignia to Essex Families

A blue star emblem, familiar since World War I days as the symbol of a family in which there is a member serving with the armed forces, is beginning to reappear in the Essex county area. The six inch square, red, white and blue insignia is the gift of the Essex Chapter of the Red Cross to the parents or wife of a serviceman in this country or overseas.

According to Mrs. Guerdon J. Mayfield, Service To Military Families chairman, the pressure sensitive decals are suitable for use on a window.

They feature a large blue star on a white field surrounded by a red border.

On the back is the message: "You proudly say you have a family member in the Armed Forces when you put this Service Star in your window. American Red Cross proudly serves him, too, 24 hours a day. Let Red Cross help if problems arise. Call Service To Military Families, Essex Chapter. Listed on back of each decal are the telephone numbers of the five district offices. Belleville, 759-4610; Bloomfield, 743-0300;

Newark, 642-2888; Oranges and Maplewood, 674-4074; and West Essex, 226-0738.

Although the service star had its beginning in World War I, it wasn't officially recognized until World War II by U. S. Army regulations. Since that time, the families of more than one and a half million American service men and women have proudly displayed this symbol.

To obtain a Blue Star emblem, free of charge, wives and parents of service personnel may contact the Service To Military Families Department of any of the Essex Chapter offices. The name and military address of the serviceman as well as that of the person requesting the service star will be required.

# Junior High Harmonizes to Holiday Mood

**TUNEFUL TWO** — The young lady on the left is about to test the tonal quality of her instrument before selecting another. At a session shortly before the concert commenced, band members with the help of teachers carefully selected their instruments, and tried them to ascertain that they were functioning properly for the performance.

**YOUNG MAN WITH A FIDDLE** — Not as easily portable as some of the smaller instruments, this young man carried a bass fiddle to the performance. He and many of the other students had given up lunch periods, time after school and time before classes to practice on their instruments. They were rewarded not only by the response of the audience, but also by the good time that they enjoyed.

**FOLLOWING THE LEADER** — Frank S. Scelba, director of the school's music department, strains to squeeze the last inch of musical response from the earnest instrumentalists in the group. He was not disap-

pointed, as many of the numbers played at Tuesday's performance were greeted enthusiastically by the overflow audience of parents and friends.

**VIOLIN VIRTUOSOS** — Four members of the chorus and the band prepare with their teacher, Wendell Parr, to perform at Belleville Junior High's Winter Wonderland of Music. The show was given Tuesday at 8 p.m. with the participation of all divisions of the school's music department.

# Auto Club AAA Says Prepare Car for Winter

"PM" may save your life, says the New Jersey Auto Club - AAA.

"PM stands for preventive maintenance," explained general manager Rene Vialle, "and we estimate 70 percent of New Jersey motorists are driving cars that aren't ready for winter."

Vialle said the AA switchboard was flooded with calls last week, "and it was due to extreme dampness, not even cold weather."

He pointed out that with the advent of the interstate highway system, the tie-in between maintenance and safety is more important now than it ever has been.

"There are long stretches of high-speed roads, and if you break down late at night, you are in danger of being hit, molested, or freezing to death," said Vialle. He cited the case of a hunter whose car broke down near the Delaware Water Gap last winter at one a.m. in below zero weather; the hunter was in the vehicle until five a.m. with no blanket or protection and nearly froze to death.

"The number one breakdown factor throughout the country is still weak batteries," said Vialle. "A new major cause of engine failure is the purchase of less expensive batteries that don't have the capacity to turn over in cold weather."

1. Test the battery cells for proper strength, but if a new battery is needed, be sure it is one that has enough capacity for the motor.

2. Make sure spark plugs, points and carburetor are in proper condition.

3. Use motor oil with cold weather viscosity.

4. Check battery cables and ignition wires and possible short circuits.

5. Snow tires especially, should be carefully checked. Worn snow tires are more dangerous than regular tires on snow and ice.

# Freshmen Defeat Kearny Basketball Squad

BY JOHN MCCARTHY

Two freshmen defeats, one by Garfield on the eighth, the other by Nutley on the 12th, were offset by a 41-33 victory over Kearny last Friday.

After the Garfield and Nutley losses hopes for a perfect or even near perfect season, but for the Kearny game spirits were high, as this was Kearny's first game.

Out of the starting five, two boys, Tom Jones and Rich Caravette, were both playing with similar hand injuries.

Rich did well as he grabbed rebounds, scored six points and played the entire game with only one foul. John Atherton again was the leading scorer as he totaled 11 points. Ron Muscara was the next high scorer with nine. Ron might have been able to outscore John, if it wasn't for the fact that he fouled out in the middle of the fourth period.

Short but sharp Jim McArdle led Kearny as he went 4-11 from the floor and 5-7

from the foul line, totaling 13 points. The freshmen Bellboys made up for a lack of speed and not taking enough shots as shown in previous games by varying their defense many times during the game and taking a total of 46 shots from the floor, of which 17 were good.

The teams main flaw in their new defense is the increased number of fouls called. They had only 14 against both Garfield and Nutley, but the total was 16 against Kearny with

the new plan.

# Montclair Crushes Belleville Varsity in Away Match, 63-36

Belleville remains on the bottom rung of Big Ten Conference competition after its bitter 63-36 loss at Montclair Tuesday.

Montclair previously had been 1-2. The win evens the Mounties' record in the conference line-up. They lost two games last week: a close 62-60 decision to Bloomfield, defending champions of the Big Ten crown, and a 77-52 loss to Columbia Friday night.

Belleville this year has won only a single game and that was a non-conference opening match at Garfield. Belleville's conference record is now 0-3.

## Disappointing Defeat

The defeat was a disappointment for Coach Paul Szem and his team.

High scorer at the event for Belleville was Bob Baker, a 6-foot, 2-inch forward. A junior at the high school, Baker was on the varsity squad last year.

Szem is quite excited about Baker and considers him one of his finest players. "He's a good hustler. And also my best rebounder."

Still apparently hampered by a lack of height within its ranks, Belleville relied on Baker and Bill Sherman for most of its scoring power. Sherman scored a total of 11 points and Baker, 11.

At 5' 10" Sherman has been called by Coach Szem Belleville's best all-around guard and a good defensive player.

He is a letter winner and captain of the varsity squad.

Other helpful players in the match were Richie Schulz and Greg Smith. Both are 6' 1". And they both plugged six baskets during the game.

Szem said if Smith, a transfer student from Essex Catholic High School who played on their JV team, "He is a strong player and a good rebounder. He is playing despite a bruised foot which has a broken blood vessel."

Szem forecasted that Schulz would continue to see a lot of

action on the court. The Belleville junior is a forward of the squad. And Szem is proud of his shooting ability.

## Lacks Experience

Vinnie Costantino, a 6' 1" sophomore bagged four baskets during the Montclair game. He is a guard and lacks experience.

Perhaps part of Belleville's problem on the court this year could be the fact that the town did not have a freshman basketball team until last year. Sophomore players do not carry the background that experience on a freshman team would have provided.

## OBITUARIES

### Paul E. Short 57; All-State Football Star

Paul E. Short of Hellertown, Pennsylvania, former all-state high school, died November 24 at St. Luke's Hospital, Bethlehem, Pennsylvania after a short illness. He was 57.

Born in Hurt, Virginia, Mr. Short was graduated from Belleville High School in 1930 after having started on the basketball and football teams. He attended Lehigh University where he won three varsity football letters, and letters for lacrosse and wrestling. He was made captain of the football team for the 1933 season.

Remaining at Lehigh, he served as backfield coach in 1955 and 1956, coached freshman football, baseball, wrestling and lacrosse. At the time of his death he was business

manager of the athletic department at Lehigh and was assistant director of athletics. A veteran of World War II, he served for more than four years with the Transportation Corps, saw service in the Pacific, and later retired from the Army Reserves in 1961 with the rank of lieutenant colonel.

Mr. Short leaves his wife, Mrs. Helen Leiss Short; a son, Austin of Poughkeepsie, N.Y.; two daughters, Mrs. Benjamin Wiley of Vineland and Mrs. James Tirjan of Kingston, N.Y.; his father, William Short of Hurt, Va., a sister, Mrs. William Dominick of Belleville and nine grandchildren. The funeral was held from the Pearson Funeral Home in Bethlehem.

#### Consumer's Education Program Is Planned

A consumer's education program for economically underprivileged residents of Essex County is being planned by the Essex County Youth and Economic Rehabilitation Commission, it was announced today.

The objective of the program

will be to give the county's poorer residents sufficient knowledge to increase their efficiency as consumers, Martin Lordi, director of the commission, said.

"As it is at the present time," Lordi said, "we find that the poor people, the ones least able to afford it, are paying more for the necessities of life than their affluent neighbors."

### W. McDonald, From England

William J. McDonald, 57, of 130 Nolton Street, died December 9 at West Hudson Hospital, Kearny.

Born in England, McDonald had resided in Belleville for the past 25 years, coming here from Camden, N.J. He was employed as a foreman by the Congoleum Nairn Company, Kearny.

# United Community Fund Is Trying to Reach Goal in Belleville

Belleville's United Community Fund Drive is still running far short of its very minimal \$8,000 goal set for the town by the Newark headquarters of the U.C.F. of Essex and West Hudson.

The branch office in Nutley is handling Belleville's campaign this year. The un-

ited drive combines those of nine former agencies' drives in the town; namely Girl Scouts, Boy Scouts, Red Cross, Family Service Bureau, Salvation Army Mental Health, Retarded Children's Association, Multiple Sclerosis, Community Council is associated with this also. In all,

over 100 services and agencies, such as the U.S.O. and Legal Aid Service, receive all or part of their annual budgetary needs through United Community Fund-raising.

Under the leadership of Seymour Grossman, principal of the Junior High School, it was decided to handle a door-to-

door campaign once more in Belleville, hoping for a more complete sharing in the support of these many services. Nine residents were appointed to head up teams of Captains and workers who would make the calls during October, Mrs. A. R. Peters, a spokesman said.

It has now been proven that it is an impossible task to find enough dedicated, or interested, persons to make this kind of a drive successful in Belleville. As the worker-kits began being returned, many unopened, others because doorbells were unanswered, it was realized that Belleville's

residents must be reached by other means, Mrs. Peters said.

Mrs. Anthony Verhagen, one of these Section Chairmen and Girl Scout District Chairman of Belleville, agreed to bring the problem before her leaders in Scouting. Typical of Girl Scout community service, these women and their troops packaged each returned residential card with literature, then delivered them up and down these streets throughout town. As more work came back unsuccessfully, Mrs. J. Grossman, Mrs. Anthony Biale, and Mrs. Pasquale Barbone, three of the Captains, prepared these for delivery by the Girl Scouts. Last week, a group of cards returned too late for this, were mailed out.

However, because of a printing technicality, the cards can not go through the regular mailing process this year, for the most part. There are still many more streets to be covered and the Nutley office plans to handle these with the help of the Boy Scouts, if possible, this time.

The Boy Scouts have al-

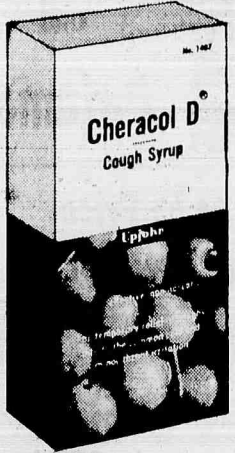

ready delivered most of the apartment cards for Belleville. The U.C.F. office is most grateful to Mrs. Verhagen and her leaders and Girl Scouts for the able assistance they have given in this drive, and to the Boy Scouts and their leaders for their assistance, Mrs. Peters said.

Residents are asked to mail their contributions with the pledge card to the Nutley UCF office, 169 Chesnut Street, or take it to the Belleville Red Cross, opposite the Food Fair, a temporary station for supplies. Any resident who wishes to give, but does not receive his Pledge Card is asked to include his name and address with his donation, Mrs. Peters said.

To date, only \$1,400 has been raised through this residential drive, or less than 1/4 of its goal. It isn't fair that the work done by these agencies in helping Belleville's residents, should be solely sup-

ported by the people in surrounding communities, or by a handful of towns people. We realize that many wage-earners are giving through payroll deduction, others as teachers or owners of businesses in town, or in the professional category; yet there are many, many others who are not giving their "fair share," and could easily donate to one or all of these services through UCF. Anyone may choose the agencies he prefers his gifts to go to, by indicating this on the card, she said.

ance counselors that visited the Military Academy last week, met with area cadets during the trip. The guidance counselors visited at the invitation of the Academy's Admissions office to view, in a first-hand basis, the educa-

tion and training of a cadet at the U.S. Military Academy. The program is designed to aid counselors in their guidance of students who are interested in the Military Academy and a service career.

## Recreation Department To Interview Students

The Recreation Department will conduct interviews for summer playground positions during the week from December 26 through 29.

In order to be eligible applicants shall have completed their first year of college. Pre-

ference is given to those majoring in physical education, art, social studies, psychology or, of course, recreation. Applicants should have skills that they can pass on to the playground children. These skills may be in sports or in arts and crafts.

Directors who were on the 1967 staff are reminded that they must re-apply to be considered for the 1968 staff. Of course those who performed well will be given preference in the selections.

Because of the number expected to return there will be only a limited number of openings.

Those who wish to be considered may apply by calling or writing the Superintendent of Recreation for an interview. Interviews are conducted during the Christmas week out of consideration for those who might be attending distant schools.

There will be an 11 a.m. Sunday family service with the Rev. Frederick Long speaking on the "Decree of Caesar Augustus." There will be no confessions unless requested.

### FEWSMITH MEMORIAL PRESBYTERIAN CHURCH

A Christmas eve service will be held at the church with special musical numbers by the choir. The congregation will join with the choir for various song selections, followed by a candlelighting ceremony.

Earlier in the day, the church school will present a Christmas pageant at 9:30 a.m. At 11 a.m. regular worship services are scheduled to start. The Rev. Alfred W. Stone Jr. will deliver a sermon entitled "Did You Get The Message."

### GRACE BAPTIST CHURCH

The prelude to the Christmas service at 11 a.m. will be "O Holy Night" by Adam. The junior and senior choir will prepare "Good Christian Men, Rejoice." The junior choir will sing "Keep Christ In Christmas." The postlude is the "Hallelujah Chorus" from Handel.

At the 11 a.m. worship service Rev. W. A. Mair's sermon will be entitled "The Best Of All Joy."

Starting at 7 p.m. there will be an evening candlelight ceremony with choirs and carols. Harriet Hammel, member of the senior choir, will solo.

### MONTGOMERY PRESBYTERIAN CHURCH

Christmas will be celebrated with three separate services at 9:30 a.m., 11 a.m. and 11 p.m. on December 24.

A trumpet trio will play special Christmas selections at all these services. The trio will be composed of David Lewis, Vincent Pulice and Peter Hoff.

The junior choir, with soloists Ruth Day and Kim Lancaster under the direction of Mrs. Howard Day, will sing for the congregation.

At the 11 p.m. service the traditional Christmas eve candlelighting ceremony will take place. Members of the Montgomery Presbyterian Church Youth will participate in the Christmas ritual. The Rev. Howard Day will speak at all the observances. The church organist and choir director is Mrs. Paul Lewis.

### SILVER LAKE BAPTIST CHURCH

Christmas will be observed at the church with a special Sunday service at 11 a.m.

The high school and senior choir will sing portions of the "Messiah" by Handel. Rose Gerace and Alva Brunetta will

be the soloists for the occasion, and the Rev. Anthony Pascale will have as his sermon topic "Good Will Among Men."

The same service will be held the following day at 11 a.m., with the Rev. Anthony Pascale speaking on "Emmanuel—God With Us." Rev. Elmo Pascale from Lincoln College will be the guest speaker.

### ST. ANTHONY'S CHURCH

The schedule of confessions for Christmas eve is from 3 p.m. to 5:30 p.m. Confessions will also be held on Thursday and Friday afternoons, a few evenings, and on Saturday afternoon and evenings.

A Christmas carol service at 11:30 p.m. sung by the church choir will precede the traditional midnight masses. A solemn high Mass will be celebrated in the church and low masses in the chapel. Children's choir will sing at the mass.

Christmas day mass will be celebrated at 7:30 a.m., 9 a.m., 10 a.m., 11 a.m., and noon in the church and at 9 a.m., 11:05 p.m. and 12 midnight in the chapel.

### ST. PETER'S CHURCH

Confessions will remain the same Saturday afternoon from 4 p.m. to 5:30, but there will be no confessions on Sunday. Confessions also will be heard every night from Monday to Saturday after 7 o'clock mass.

A carol service at 11:30 p.m. sung by the choir of the church, will precede midnight mass on Christmas eve. Midnight mass will be celebrated by the most Rev. Joseph A. Costello, pastor, and all the priests of the parish. No children will be allowed to attend.

Christmas morning masses will remain the same at 6, 7, 8 (High), 9:30, 10:45 and 12 a.m. in the church and at 9:30, 10:45 and 12 noon in the auditorium.

### WESLEY METHODIST CHURCH

On Christmas Eve members of the Methodist Youth Fellowship will be carolling for ill and shut-in members of the church.

The traditional Christmas eve candlelight communion service will take place at 11 p.m. with the Rev. Warren B. Sheen pastor, speaking about "Some Mysteries of Christmas." The chancel and jubilate choirs will prepare special music for the ceremony. The chancel choir will sing "O Lord, Where Now Is Bethlehem?", while the jubilate choir will sing "Christmas Prayer."

Church school classes will be held at the usual 9:30 a.m. with the regular worship at 11 a.m. Rev. Mary Lou Bedarbis is the assistant minister.

## Health

(Continued From Page 1)

Dr. Bevinetto is on the payroll. The time is going to come when this matter will find itself in the courts," a source said.

"The commissioners are going to have to learn that they cannot run this government as a Council Manager set-up. Apparently they didn't understand their oath of office or the Walsh Act under which the Commission form of government is based."

"Each commissioner was given a separate department to administer and has been assigned specific duties."

"For a mere figurehead chosen by the commissioner themselves, the mayor is asserting too much power," the source said.

Dr. Bevinetto this week was unruffled by the whole affair. He said simply, "I've been hired... I'm working... and I expect to be paid."

### Mary's Philosophy

Oh, we almost forgot Mary's philosophy regarding her job. "Well, it's the ideal job for a woman because running the department is like running a home. Women like to see things clean and orderly. That's the secret of operating this department."

Keeping things clean can be quite a task. But she tries to stay on the ball, with her spies out looking for trouble spots. (She answered the telephone, "yes, Rose, how are you... what... oh, well, we'll get a payloader right over there and clean it up.) and, of course, conducts her own personal inspection tours with her men (waving her finger frantically from a fast moving car she ordered, "All those dead branches and things must go."

Mary is now working on a four year capital improvement and equipment program. She has been very happy about the 58,000 in state aid funds she helped get to fix roads. And she is also satisfied that she has been able to run her department without filling 10 vacancies left after the Council-Manager form of government died.

Sometimes Grim She attempts to keep things well under control, especially her composure. But there are those moments when she re-

acts with black fury, focuses her dark eyes grimly at what ever bothers her and lets loose.

But most of the time she's cheerful. "The commission form of government, I believe has been a success," she said. "The workers seem to be happier, probably because they know for the first time they have a boss to come to. They have been very co-operative with me: not 100 per cent but maybe 99 per cent."

"Like Ivory Soap," someone in her office ventured.

Mary does worry about her job, occasionally, but it is usually about intangible things like "will it snow tonight, are the roads going to get icy and shall I send out the sand trucks."

"Things like that bother me. But, again, the female in me saves the day. In this case, I

am reminded of the days when my daughter was a baby. I was always afraid that she would wake up for a feeding in the middle of the night and I not awake to hear her. Well, last week, when we had that snow fall, I broke from my sleep every hour on the hour." The mother's instinct finally paid off when the roads became icy and she had to send out trucks to salt Belleville streets.

### New Year's Plans

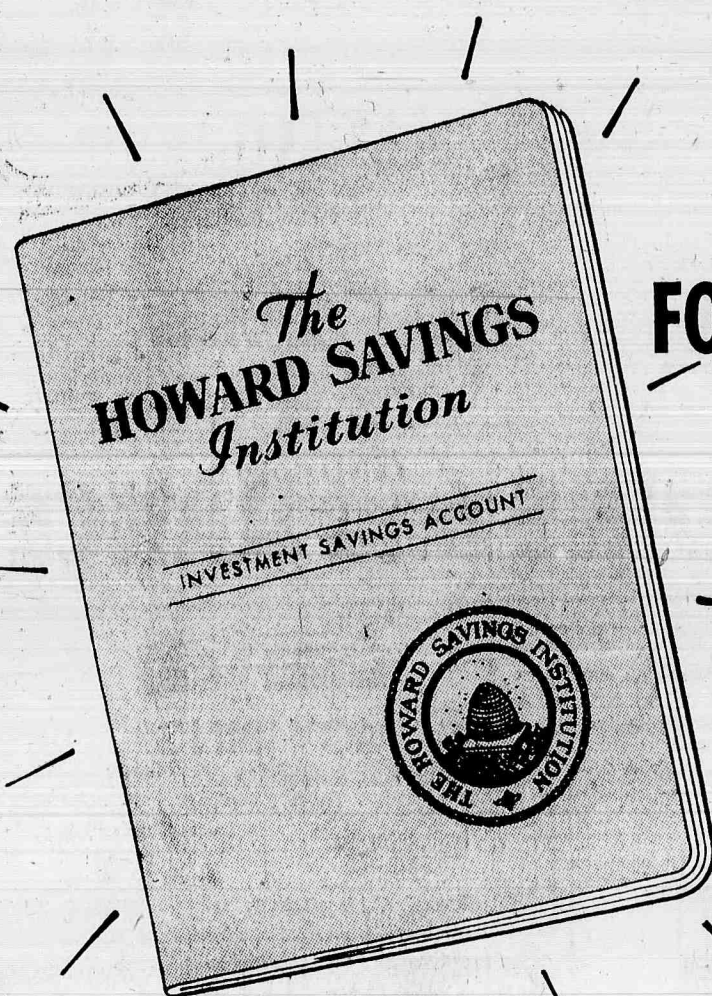

Well, what about the new year, Mary plans to resurface more streets; continue her beautification program; plan an alternate side of the street parking format to facilitate snow removal; renovate the town garage to store more equipment, but her prime challenge is to make Belleville more beautiful.

## D'Aloia Resumes Law Practice With Joseph Dunn Association

What does a career government official do when he has been an elections counsel, tax commissioner, judge, legislator, speaker of the assembly, acting Governor and sheriff of the state's largest county, over a 25-year span but suddenly finds himself out of office?

If he's a lawyer, he returns to the practice of law. And thus LeRoy J. D'Aloia, the "strong-boy" vote-getter of Essex Democrats, who went down with his party's ship in the overwhelming Republican tide last month, once more crosses paths with a long-time associate, John P. Dunn.

The latter, head of the Newark law firm of Dunn, Pykon and Corbin, which has offices at 24 Commerce Street and 15 North Morris Street, Dover, yesterday announced D'Aloia, once one of the busiest criminal practice barristers in the state, has joined his firm.

Dunn, president and board chairman of the Security National Bank, former assistant U.S. attorney and chairman of the Federal Home Loan Bank of New York, welcomed D'Aloia as "an able and respected practitioner." Dunn, who is general counsel also to the New Jersey Building and Construction Trades Council,

was D'Aloia's campaign manager when the latter went to the Assembly and when he was elected sheriff and served as parliamentarian to the House when D'Aloia was speaker.

Neither the head nor the junior partner of the firm cared to comment on their political futures, although November's balloting was the first loss suffered by D'Aloia in his career. "We'll see," said the latter, who also noted that Dunn has served as a delegate of Essex to the state constitutional convention, delegate to the Democratic national convention and on the Essex County Democratic committee.

## Sounds Of Music Are Heard At Belleville School's Program

BY PAT FANELLI

The students were prepared for Belleville Junior High's concert at 8 p.m. on Tuesday, December 12. The parents were not.

Like most fathers, mothers and relatives they had showed up out of loyalty to lend moral support and applaud at the right times. They and others were in for a pleasant surprise, when it developed, as one father aptly stated: "Those kids are really good, and I mean it. They must have worked very hard."

That was the understatement of the evening. The students had spent many extra hours preparing for Belleville Junior High's "Winter Wonderland of Music."

Every day during the first period, the concert band, training band and orchestra rehearsed for a full forty minutes. The daily practice gave the young musicians experience and an opportunity to increase their musical ability.

A rotating schedule was utilized for small group instruction. Each student was classified alphabetically at the beginning of the term, enabling him to determine the time to arrive for practice. Not many students failed to appear as different periods were used by individual classes.

During lunch study periods, private lessons were given to those who requested them. The dance band itself met every day before homeroom period.

As for choral music, each of the male choruses, seventh, eighth, and ninth grade, gathered every day for 25 minutes during half of the lunch period. The ensemble and the Belleville choruses gave up time after 3 p.m. to practice for the program.

Parents and friends found themselves under the youngsters' musical power from the first pulsating strains of "Voodoo" by the concert band to the last notes of the Ensemble's "We Wish You the Merriest."

The professionalism with which the students operated,

even under the adverse conditions of having to shift the chairs and stands after each group trouped to the stage was noted by the superintendent of schools, Anthony J. Greco. Greco commented that "what the students do instrumentally will stay with them the rest of their lives." He added, with a laugh, that he for one was "ready to put the show on the road."

Agreeing with that statement were special guests Rocco Saletta, board president, and other members of the school administration and the board of education.

As a special treat, Santa Claus, apparently lured by the sounds of music arrived on the scene with a bag full of zany gifts. To one teacher, who was a volunteer fireman, he awarded an automatic fire-exting-

uisher, a bucket; and another by the name of Parr, received a golf ball with the comment that "this was parr for the course."

Participating groups included the Band, Orchestra, Dance Band, choruses of all the grades, and the ensemble. They performed a wide range of songs from the traditional Christmas carols to a version of the modern rock and roll classic "The Beat Goes On."

Frank S. Selba, director of the music department, was responsible for staging the show with the aid of music teachers Patrick J. Mazzillo, Wendell Parr, and Oliver J. James.

## Mrs. Norma McCool Receives Appointment

"One of the most significant commitments a woman can make today is to do her best to assure the birth of healthy children. Her own, first of all, and then the children of all mothers."

Mrs. Norma McCool, a member of the Belleville Board of Education, of 194 Fairway Avenue, made this comment following the announcement of her appointment as chairman of the 1968 thirtieth anniversary Mothers' March for the March of Dimes in Belleville.

### TERRIBLE TOLL

"Most people don't realize the terrible toll in human lives taken by birth defects. Only heart diseases cause more

deaths, and because birth defects claim their victims so early in life, they result in the loss of many more productive years," Mrs. McCool declared.

"Even more tragic," she said, "is the survival of large numbers of children suffering from defects which can doom them to lives of physical or mental disability."

The campaign leader pointed out that while the MARCH OF Dimes is expanding research into the causes of birth defects, many disabling conditions can be avoided if the defect is detected and treated early.

The March of Dimes supports a nationwide network of

treatment centers where early diagnosis and expert treatment is provided by teams of medical specialists. The local "Center," is located at Babies Hospital, Newark, where pa-

## Snow Force Is Readied By Transit

With the approach of winter the New Jersey Department of Transportation has marshaled its largest and best-equipped snow-fighting force in history.

More than 3,000 men and 2,000 pieces of equipment are ready to swing promptly into action to keep the more than 2,000 miles of state highway clear.

Nearly 40,000 tons of chemical materials and abrasives have been stockpiled throughout the state. Earlier this month the Department conducted "Operation Check Out" to evaluate the readiness of men and equipment which have been assigned to battle the elements. This also included a thorough inspection of equipment of private contractors, who are called into action if needed.

It cost the state about \$5-350,000 last year to keep highways open and safe for travel. The snow removal bill was the Department's second highest in history, surpassed only by the \$5,713,000 expenditure during the 1960-61 winter. Many areas of the state experienced record accumulations which extended to the early days of spring.

Commissioner David J. Goldberg had assumed control of the Department less than two weeks before the heaviest Christmas Eve snowstorm since 1912 struck. The department sent out 2,300 men and 1,200 pieces of equipment to battle the holiday storm at a cost of more than \$1 million.

With this experience in mind, Commissioner Goldberg authorized the purchase of 141 more pieces of equipment to bolster the snow-fighting arsenal for the coming season.

The new equipment includes what is now the largest and most powerful unit in the snow assault team. Specially designed for the Department it is a tandem drive "Snowfighter" with sidewing, snow plow and spreader — all on one vehicle which can be operated by two men in its cab. With load and all equipment it weighs 54 tons and cost \$37,712. It will be assigned to duty on interstate roadways in the northern part of the state.

Also purchased were three six-ton dump trucks with hopper spreader and plow, a large heavy duty front end loader, 89 hydraulic front end loaders, 41 heavy duty plows and six heavy duty power reversible plows.

For the first time, snow-fighting equipment will utilize a limited number of tungsten-carbide snowplow blades. The Department will be experimenting with six of these in each of its four maintenance dis-

tients throughout New Jersey are being given the best possible care.

Another important aspect of the March of Dimes fight against birth defects, adds Mrs. McCool is an educational program aimed at informing all prospective mothers of the importance of prenatal infant mortality and still births, proper medical supervision during pregnancy can minimize risks to the child and mother.

"When the Marching Mother says, please," Mrs. McCool appealed, "won't you give a child a chance?"

riets. Tungsten-carbide blades are reported to last about 30 times as long as steel ones.

The Department has had to postpone another planned experiment, use of colored rock salt in selected areas, when the lone supplier of the vegetable-dyes chemical was unable to deliver because of a strike. The colored salt had been sought to identify test areas for an all-chemical mixture to combat snow and ice.

The Department has performed limited testing in the past two years of an all-chemical mixture which has proved 15 to 20 percent more effective in melting ice and snow than conventional mixtures. Normally, the Department uses varying mixtures of rock salt and calcium chloride with sand, cinders, stone grits and crushed slag.

To minimize drifting, more than 180 miles of snow fences have been erected in most vulnerable highway areas. New plantings by the Department's Landscape section also help block snow from sweeping on to highways.

The Department keeps a very close watch on weather conditions from its "Snow Room" at its headquarters where a private weather service and the U.S. Weather Bureau furnish advisories.

When weather threatens an alert is sped swiftly around the state through the Department's communications network consisting of 435 two-way mobile radios, 11 base radio stations and a teletype system. Each maintenance district similarly keeps headquarters advised of local conditions.

The snow-fighting team includes more than 600 privately owned and manned trucks, loaders and graders. They are under contract to supplement the Department's crews when needed.

Despite all these elaborate preparations, snow removal and traffic is often unduly delayed by the ill prepared and careless motorist. Commissioner Goldberg noted.

He said drivers can help reduce traffic hazards by using extra caution and courtesy, and by seeing that his car is properly equipped and serviced for conditions.

To further this objective the Department offers advice on winter driving in its pamphlet, "Year Round Driving Hints." More than 1.2 million copies have been distributed and are available without charge by writing the New Jersey Department of Transportation, Trenton.

### Sportsmen's Schedules Announced

The Laurel Miss., girl made  
her debut in Pat's and won  
fame in concerts and TV in  
this country before making  
her Metropolitan debut in 1961.

Her first Met performance, as  
Leonora in Il Trovatore, touch-

ducted by George Szell, on  
Feb. 11.

1968 Hunting Seasons  
Now Scheduled By State

Opening dates for major  
New Jersey 1968 hunting sea-  
sons have been tentatively set  
by the State Fish and Game  
Council, according to Commis-  
sioner Robert A. Roe of the  
Department of Conservation  
and Economic Development.

Tentative dates include: bow  
and arrow deer season, Satur-  
day, October 12; small game  
season, Saturday November 9;  
and firearm deer season, Mon-  
day December 9. Final deter-  
mination of these dates must  
follow a public hearing next  
spring, at which the extent  
of seasons and other regula-  
tions will be set. The Council  
selects tentative opening dates  
before the new year as a ser-  
vice to hunters who desire to  
choose vacations to coincide  
with major seasons.

Hospital Uses Disposables  
To Check Patient Infection

St. Vincent's Hospital, a 119-  
bed voluntary facility here,  
prides itself on the fact that  
it throws away 25 percent of  
the surgical and nursing sup-  
plies used in patient care.

It hopes to increase the per-  
centage as suppliers make  
more disposables available  
that will increase sterile con-  
ditions for treatment and re-  
duce as much as possible the  
chances of patient infections.

If children had the wisdom  
of old people, then old people  
would have the innocence of  
children, which wouldn't be so  
good.

# Jack J. Zoppa Finishes Combat Army Training

Private Jack J. Zoppa, 19, son of Mr. and Mrs. John Zoppa, 267 Division Avenue, Belleville, was promoted to Army private pay grade E-2 upon completion of basic combat training at Ft. Dix, N.J.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees.

As many as half the trainees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

## F. Cancelliere Ends Marine Corps Training

Marine Private Frank A. Cancelliere son of Mr. F. Cancelliere of 84 Sanford Avenue and Mrs. F. Cancelliere of 23 Florence Avenue, all of Belleville, were graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

## Bob Williams, Naval Reservist

Airman Recruit Robert M. Williams, USNR, son of Mr. and Mrs. John Williams of 111 Belmont Street, Belleville, is serving with Naval Air Reserve Division 751 at the Naval Air Reserve Training Unit, Lakehurst.

As a member of the division he will be trained in basic Navy skills during his one weekend drill a month and two weeks active duty annually.

Naval Air Reserve Training Unit is one of 18 similar units located throughout the nation responsible for training more than 1,200 reservists.
