Chamber of Commerce Joins Times In Belleville Geographic Skill Game

Beginning this week some lucky readers of the Belleville Times will win as much as \$1,000.00 playing the new "Big Win" skill game.

The contest is the second step in a year-long, town-wide comprehensive plan to help Bellevillites fight the rising cost of living by cutting prices through constant sales specials.

The plan is a joint venture of the Chamber of Commerce, its individual members and the Belleville Times. The first step of the plan was the newspaper's move to 10,000 weekly circulation last week.

The big money game is simple to play and is open to any resident of Belleville. It works like this:

Each week, beginning with this issue of the Times, Belleville Merchants will run tremendous money-saving weekly specials in a special section of the paper.

Big Clues

Directly under the price in each advertisement there will appear one word. When the reader assembles them in the proper order, they will provide a clue to where \$100 in "spending money" is located in a downtown store. Find it and it's yours.

The entire clue will appear each week. If the spending money is not found that week, another \$100 will be added to the treasure trove — and so on for ten weeks.

The \$100 spending money will be hidden in the form of twenty \$5 certificates good for any purchase in any participating store. It's as good as money and is guaranteed by the Belleville Times.

The Belleville Times will redeem them from the merchant at face value on demand.

Another joint effort of the Chamber of Commerce and the Belleville Times and other civic groups will be a many pronged effort to assist town government officials in the drive to obtain public parking.

New Parking Places

Both the Chamber and the Times have long been concerned with the problems facing local shoppers in finding parking places in downtown Belleville.

Because public parking is not readily available, despite a more than year long town

wide effort to obtain it, many Bellevillites are forced to suffer the heavy loss of time, gas expense and general aggravation hunting for parking spaces.

In order to overcome this problem, the Chamber and Times are cooperating in a major year long two pronged effort.

Both efforts will be effected at the same time. They are: A continuing and detailed dissection and study of Belleville's parking problem and presentation of ways and means used by nearby cities to cure similar problems. It is expected that hardly an issue of the Times will pass without a major in-depth story on the critical issue.

Specialist Leads Study

The Times has hired a specialist in civic analysis and investigative reporting to handle the continuing series. The reporter's sole assignment will be digging into and writing the facts behind and possible cures of the parking situation.

The reporter, Miss Ann Dyer, has specialized in such reporting in the Chicago area, and has received top awards in investigative reporting into civic problems and affairs in that area.

The second and equally important Chamber of Commerce - Belleville Times effort is in the area of helping Bellevillites fight the rising cost of living by providing authentic and honest weekly specials in every store in town. The feeling of the chamber is that area merchants can lower prices and still make a fair profit by building a larger volume.

"If you have an item that makes you a profit of \$2 you can make the same amount of money by cutting the profit margin in half and selling two items, and that's what we intend to experiment with this week," said one leading shoe merchant in explaining the plan.

Belleville Health Office Continues Severe Dispute

For reasons of economy, Belleville's Health Officer may not become a full-time employee of the city, it developed at the meeting of the Board of Commissioners.

Dr. Richard Benivetto, recently appointed by Vincent T. Strumolo, commissioner of Public Affairs, has an uncertain future with the city, as the Board rejected on first hearing "an ordinance creating permanent positions and adopting reclassifications and compensation plans promulgated by the New Jersey State Department of Civil Service."

In adopting the full-time post, Belleville stood to gain \$40,000 in state aid, Strumolo said.

Dr. Benivetto has so far served the town without salary. He replaced Dr. Gerson Ram, fired by Commissioner Strumolo for failing to keep hours required by the job.

Commissioner William H. Cullen questioned the ordinance, saying that he hoped it would not lead to many acquisitions of personnel by the health department. Commissioner Strumolo remarked that the ordinance was drawn for the purpose of settling the post of health officer only.

Passaic Valley Sewerage Commissioners have advised the Board that the proportionate cost for Belleville during 1968 is estimated at \$85,532.05.

Re-appointed to membership of the local Assistance Board were Strumolo and the Most Rev. Joseph A. Costello, 155 William Street, Belleville.

Theodore Ribortella Associates, Inc., obtained a transfer into their hands of Plenary Retail Consumption License No. C-21, from the Estate of

Belleville Off-Street Parking Facility Set To Open Near Business Center in March

BIANCARDI DONATION — Former Assemblyman Joseph G. Biancardi turns over check for \$1,000 to Mayor Kenneth D. Smith, who is seen standing on the right. The Biancardi Civic Association donated the money

for 36 families who lost all their belongings in the fire that destroyed three buildings at 102 Washington Avenue on January 12. Biancardi was named chairman of the committee for fire victims.

Psychology Study Team Discusses Belleville's Problem School Children

BELLEVILLE PSYCHIATRIST — Dr. Anthony Velez, consulting psychiatrist for the Child Study team stresses that more sophisticated methods of detection has led to the discovery of better ways to motivate the various students. All discussions of individual cases were confidential with only the team members permitted to participate.

"The drop-out is a serious problem, but what about the psychological drop-in, the student who is physically present, but mentally absent."

This is one of the questions that initiated the monthly meeting of Belleville's Child Study Team at School Three. The team gathers once a month to confidentially discuss individual cases and to channel Belleville's resources towards seeking a solution for the problem. A division of the Department of Special Services, which is under the directorship of Michael Nardiello, the child study team deals with cases that require a wider range of experience than that of the teacher.

Asking the above question was Dr. Norman Pomerantz, psychologist for the entire school population of Belleville. He is technically responsible for more than 5,400 children.

According to Pomerantz, "the problems that we deal with are not all serious. Sometimes it is a slight reading difficulty that will disappear with training. When it is serious, we have to help the child and the

Municipal Controlled Lot Will Contain 90 Meters

Municipal parking for Belleville will be a reality soon, after more than three decades of merchants' pleas, protests, and the principle of "One step forward and four steps backward."

According to Mayor Kenneth D. Smith, a parking lot under town auspices will be in operation in early March. He did not release the location of the lot, for the Town has more than one location in mind, and he is dickering over the price of the leasing arrangement. Rumor from City Hall indicates that the lot will be near Washington and Belleville avenues.

However, it seems definite that the lot will be located within easy distance of Washington Avenue, where at present more than sixty shops and businesses are competing for business and good will, many of whom have a store frontage which is no more than the length of the average car.

This step may not cure the town's problems, according to local officials, but it will go a long way toward re-attracting trade now lost to shopping centers and suburban areas, and to easing the tension among Belleville's embattled merchants.

The financing will be arranged from city funds now in existence in Capital Improvements. No special arrangements will be necessary in order to raise funds, such as a bond issue, or new taxes, though both have been widely discussed over a period of time.

According to one retailer, "It's more fair to authorize a bond issue for the lot, rather than casting the burden on the public. That way, those who stand to use it the most would have the full benefit."

Funds from parking meters have frequently been used to retire bond issues authorized for the purpose of building parking, and a pay-as-you-go basis has been convenient for other localities.

Almost every other municipality in the area already has some form of public parking, including Bloomfield, Nutley, Paterson, Clifton, Passaic, the Oranges, and Newark. The arrangement in Paterson for multi-level garage-type parking has been given the credit for saving the business life of the city, which was serendipitous, some of whom tend to be seriously threatened by the near-

by erection of two of the largest shopping centers in the U.S.

In Passaic, the City began to negotiate for the lots of the present system in 1948. So far, Passaic has three lots; however, they are serviced by attendants, not meters.

Arrangements are already being made to purchase extra meters for the town. The Parking Meter Company of New Jersey, Hackensack, is the manufacturer of meters now in use on Washington Avenue, which have proved very satisfactory according to the Police Department. They are burglar-proof, made of case-hardened steel, and have unbreakable plexiglass window-fronts. Those to be placed on the lot will be of the double-headed type already very familiar to shoppers.

Hours of the lot will probably be the same as those now existing for Belleville's meters: 9 a.m. to 6 p.m. daily; 8 a.m. to 8 p.m. Fridays; and 8 a.m. to 6 p.m. on Saturdays and holidays.

Parking in town is free on Sundays. Collections are by a meter maid.

No improvements are expected. (Continued On Page 17)

Meter Maid Falls on Ice

Issuing summonses to traffic violators is not always as safe as it seems, in spite of the prevailing picture of the policeman (or woman) lounging at ease, and apparently in perfect comfort, completely unruffled as he writes up that \$15 tab.

Belleville's meter maid, Sarah Ann Tirone, 503 Jorammon Street, found out that the job can be dangerous, recently, when she slipped on the icy sidewalk, and fell, breaking several bones in her hand. According to physicians who set the hand, Mrs. Tirone will be laid up for about ten weeks.

The injured hand in fact is the one she uses to write the summons with. However, Belleville's violators didn't get an extra break because of the accident. Her duties were quickly re-assigned to another member of the department. Mrs. Tirone, one of only three women on the force, has status as a Special Officer.

Fire Fund At \$5,000 This Week

Mayor Kenneth D. Smith of Belleville has named former Essex County Assemblyman Joseph G. Biancardi to head up a committee to help raise \$50,000 for the needy 36 families who were left homeless in a blaze that destroyed three buildings at 102 Washington Avenue, Belleville, last Friday morning. Twenty-two of the 36 families lost all their belongings in the fire. Among those left homeless were 107 persons, including 46 children.

Joseph G. Biancardi, chairman of the Belleville citizens for fire victims, has announced that \$4,917.60 has been raised so far to buy clothes. (Continued On Page 20)

School Board President Supports '68-69 Budget

Rocco H. Saletta, president of the Belleville Board of Education, said "Expanded educational program, art - music and physical educational supervisors in the elementary schools; intra-mural sports programs; much needed addition at school 2; including an all-purpose room and two classrooms; beautification inside and out at the James G. Shawger School are just a few of the improvements that can be had when the citizens of our community support their school board and work for the passage of a budget as they did last year.

"The budget this year is as sound, complete, creative and is one of the lowest in percentage increase of any budget in Essex County. With this in mind, the board has been

able to accomplish the following: raise teacher's salaries so that Belleville is competitive with other communities in Essex County; have teacher aides in the elementary schools to help with lunchroom duty and supervise the playgrounds during the lunch period; \$20,000 will be spent for new textbooks and six additional teachers will be employed to carry out our expanded educational program, along with numerous other items.

"The budget demands many hours of work from the board members, the superintendent of schools and staff. I feel this budget reflects our continuing aim to provide quality education for our children. Realistically, it covers our most pressing needs and also

John Vreeland Named New Town Engineer

John J. Vreeland has been appointed Belleville's new town engineer.

Formerly Assistant Town Engineer of West Orange, Vreeland was employed in the engineering department for the past 16 years.

Licensed in New Jersey as a Professional Engineer Vreeland is a land surveyor and a professional planner.

Age 36, he was born in Bloomfield, raised in West Orange, attended West Orange School system and Newark College of Engineering, majoring in Civil Engineering. He had advanced courses in municipal engineering and public works administration at Rutgers University and New York University.

He resides at 50 Manger Road, West Orange, with his

wife, Ludora, and three children: Cheryl Ann, age 6; John age 3; and Lisa Ann, age 1.

Vreeland is a member of New Jersey Society of Municipal Engineers and the American Public Works Association.

Aliens Should
File Address
Reports Now

The United States Immigration and Naturalization Service reminded all aliens in New Jersey today that only a little over two weeks remain in which non-citizens must file their annual address reports as required by law.

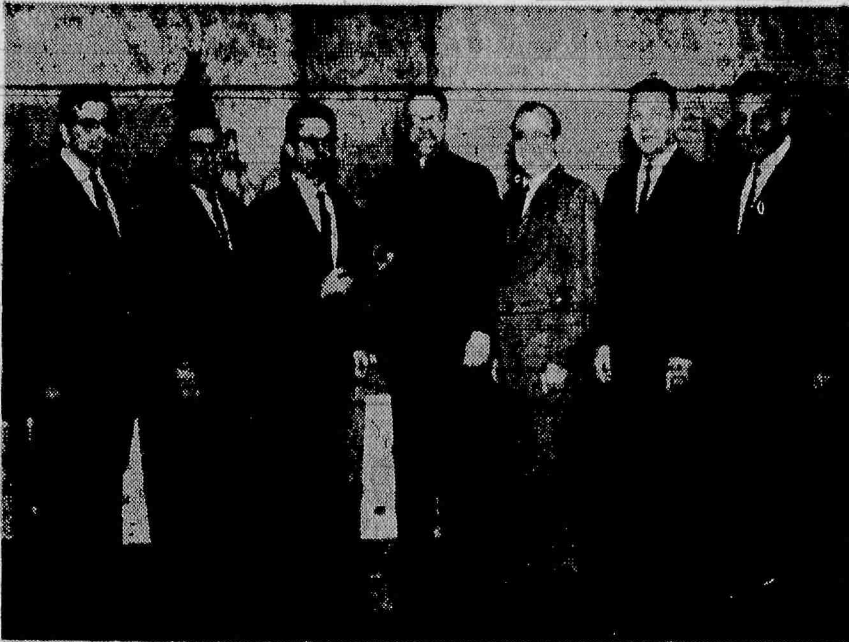

Dominick F. Rinaldi, district director of the Immigration and Naturalization Service in Newark pointed out that address report forms are available at all post offices for the convenience of non-citizens required to report their address.

Rinaldi urges all aliens to report their address before the end of January, as willful failure to do so may lead to serious penalties.

Rutgers Club of Essex
To Sponsor Theatre Party

The newly formed Rutgers Club of Essex County has announced its first event and has invited all State University alumni in the county to participate.

The Club will sponsor a theatre party Feb. 8 at 6 p.m. for the film "Camelot" at the Bellevue Theater, Montclair. Allan Maitlin said the affair would be the first of several

INCOMING OFFICERS — The Holy Name Society of Holy Family Church installed a new slate of officers on Saturday evening, January 6. Rev. Francis Blake, moderator of the society presided at the ceremony. The new officers from left to right are: Joseph

Riccardelli, corresponding secretary; Joseph Pellegrino, treasurer; Anthony Somma, president; Rev. Francis Blake, moderator; John Stampone, vice president; Andrew Seiler, recording secretary; and Frank Benemio, sergeant-at-arms.

Zilahy To Command
Squadron in Texas

First Lt. Walter A. Zilahy, son of Mr. and Mrs. Edward Zilahy of 57 Monsignor Owens Place, Nutley, has been promoted to commander of the 2051st Communications Squadron at Amarillo Air Force Base, Tex.

A native of Passaic, Lt. Zilahy was raised in Nutley and graduated from St. Benedict's Prep School, Newark, in 1960. He then attended St. Peter's College, Jersey City and received a BS degree in physics in 1964.

Upon graduation Lt. Zilahy entered the Air Force and attended Officer's Training School at Lackland Air Force Base in Texas. After attending communications officer school in Mississippi, Zilahy was assigned as communications officer at Amarillo. He held this position from August to April of 1965 when he became chief of maintenance.

Lt. Zilahy and his wife, Jean and their son, Michael, now live in Amarillo.

Pregnant 12-Year Old Girl Swears
Sister's Husband Did Her Wrong

A twelve-year-old sixth grader at Broadway School, Newark, has testified that she recently became pregnant by her brother-in-law, while staying at her sister's home in Belleville.

A preliminary hearing was conducted by Judge Edward J. Abramson in Municipal Court, Belleville on January 18, to find probable cause and determine whether the offense had actually been committed.

At the conclusion of the hearing, though Judge Abramson said of the defendant, a Dow Street, Belleville, man "I don't say that he is guilty," he fixed bail at \$1000, and referred the case to Grand Jury action.

The defendant's attorney, Joseph Melillo, told the judge that his client has lived a blameless life, and "has a perfect record" of conduct up to the present. The accused man's employer, Public Service of Newark, where he was

working as a driver suspended him pending the outcome of the hearing.

Tall for her age, and "Well-stacked," the sixth grader said that her brother-in-law "beat up on her" and threatened her constantly over a period of the last two years, was jealous and demanding, and would not permit her to have any boy friends or girlfriends.

Finally his attitude crystallized, usually during the nights when her sister was at a Bingo game, the girl said.

He has two small children, ages one and two. He, his wife, and the young girl formerly lived together in the McCarter Highway Development. The teenager's mother, separated from her husband for two years, testified that in December of the past year the girl seemed "More and more upset" and finally she explained to her what had happened.

"Did you ever confront him with this?" Attorney Melillo

asked, "Did you say anything whatsoever about it to him?"

The mother said, "No, I didn't think my little girl would lie about a thing like this." Glaring at her son-in-law, she seemed near tears and frequently stammered as she spoke to the Court.

The sixth-grader, who has been attending Broadway School "pretty often" in her own words, fell silent frequently and failed to find words as

Judge Abramson patiently inquired into the details.

He ordered Court to be cleared at one point while Town Attorney Nicholas Amato was pursuing his inquiries.

"And do you know what it means?" Amato asked, "Do you know what intercourse means?" The teenager, now facing a blighted life, said, "It means . . . you make love, or something . . . I guess . . ."

Belleville Legion to Honor
4 With Life Memberships

Commander Jack Gorman of Belleville Post 105, The American Legion announced at a recent meeting that four members of Post 105 will be honored with life membership cards. The four are John Dailey of 60 Reservoir Place, John McShane of 57 Tiona Avenue, James Travers of 120 Rutgers Street and George K. Mitchell of 149 Academy Street. The first three named are World War 1 Veterans while Mitchell is the first World War 11 veteran to be so honored.

John M. Daily is the president of the DeWitt Savings and Loan Association. A charter member of the legion he joined Bloomfield Post 20 in 1919 serving as a vice-commander. In 1923 Daily transferred to Belleville Post 105 and has maintained membership since.

John saw service in the U.S. Navy as a Yeoman 2-C aboard the USS President Grant. In this capacity he made many trips across the Atlantic Ocean.

John McShane, a retired Newark Star Ledger employee joined Post 18 in Westerville, R.I. in 1919. A charter member of the American Legion McShane has served Post 105 as chaplain, sergeant at arms and other committee assignments for the past 35 years. McShane enlisted in the U.S. Navy in 1917 and was in naval aviation in France. His assignment was plane repair ground crew.

James A. Travers is a Charter Member of Belleville Post 105. A retired employee of ITT of Nutley, Travers enlisted in the U.S. Army in 1917 and served with distinction in the AEF in France with the second Cavalry. Travers helped organize Belleville Post in 1919 at a meeting held at the Belleville Town Hall. James Travers was commander of Post 105 in 1921 and 1922.

George K. Mitchell joined Post 105 in 1945 upon discharge from service with the U.S. Army

SBA Disaster Loan Office To Close

The Small Business Administration today gave formal notice that it will close its disaster loan office here on January 31.

Andrew P. Lynch, regional

director for Newark Regional Office said that loan applications had fallen off sharply in the last few months. Last month, he said, very few applications were filed, and only a small number of persons visited the office seeking information.

"Any person who for one reason or another has been unable to complete his loan application, should make an effort to do so as quickly as possible," Lynch said.

"Our office is now able to give better individual assistance where needed, and we will be glad to help with any unusual problems some persons may have regarding preparation of an application."

Lynch gave assurance that arrangements will be made with SBA's office in Newark to handle applications from a few persons who may not be able to file before the office is closed.

Lynch said he was highly gratified with the response of local citizens, businessmen,

School 7 to Set Candidates Night

School 7's auditorium will be the scene on February 5th for a "Candidates Night" at 8 p.m. The candidates are three incumbents seeking re-election: Rocco Saletta, presently board president, Dr. Frank Di Ruggiero, and Mrs. Norma McCool, and the following new incumbents, Michael Albertine, Joseph Casale, Carmen Castellano and Joseph D'Amola who have all been invited to attend and address the members of the PTA.

The budget prepared by the Board of Education will be presented. Anthony Greco, superintendent of schools and all Belleville PTA members have been invited to attend.

"This meeting should prove to be an interesting and informative one. Parents interested in their children's education and in the people who are responsible for directing that education are urged to attend this meeting," the PTA

said. Refreshments will be served by the third grade mothers.

A Time For Change

This evening residents will be reminded that Belleville is actually two communities — a visible menage of buildings, parks, business areas, residences and sidewalks where daily we live work and play. And, the invisible Belleville, the town of the near-future, already sketched on the planning maps, reflecting major transitions from what we've come to accept and understand.

All too often we are content to sleepily accept what we have out of the utter fear of change, completely disregarding whether changes may be beneficial to the over-all growth and prosperity of our way of life.

The Planning Board tonight will present a revision to the land use portion of the master plan, originally drafted in 1962, to save Belleville economically and aesthetically. These revisions mean that over the next two decades or more the character of Belleville will be earmarked for progressive changes.

The new plan, once adopted by the town planners, will be the first step toward establishing new zoning regulations; providing more areas for in-

dustrial expansion; solidification of our commercial areas (complete with off street parking); reinforcement of our residential zones, and allowing new complexes of multi-family dwellings, perhaps in the form of garden and high rise apartments. The plan would also lay the ground work for urban renewal projects.

The Planning Board and its consultants have approached the problems of community development intelligently and with full knowledge of the difficulties which Belleville currently faces and will continue to face in the years to come.

It is important for our citizens to attend tonight's public hearing at 8 p.m. in the high school auditorium so they will also fully understand Belleville's problems and realize what plans are being initiated to hopefully eliminate them.

Belleville residents should approach this new era in the town's development with an open mind. Old answers are no longer potent toward preventing new dilemmas. Times are changing. . . and so must the town if it is to grow properly. P.A.D.

Funeral Coupons?

One critic of the cigarette industry and of cigarette smoking in general, recently suggested that coupons to help defer funeral expenses be included in each pack of cigarettes sold.

While this proposal has little appeal to the cigarette companies, it is stimulating, for the doctor making the suggestion is saying, in effect, that heavy smoking is sending many to their graves.

Recent statements issued by The

Public Health Service dealing with extensive tests and studies of the smoking danger support the conclusion that there is no longer doubt about its effects on health.

Yet many continue to smoke heavily and a number will pay the price — sometimes a fatal one. Even funeral expense coupons might not stop these confirmed addicts. Only a growing realization of the facts, and will power, offer hope.

Common Sense and Speed

It is time state officials in many areas of the country take a realistic view toward speed limits on our super highways. In many areas limits of 60, or even 55, are still in effect.

The average driver is behind the wheel of a car built to travel as much as 100 or 120 miles an hour. Yet nowhere is he allowed to drive at such speeds. Even on a super highway at an hour when there is practically no traffic, he is supposed to keep his speed sixty.

There must eventually be some way for common sense to enter the picture. Obviously, on a crowded highway or in bad weather sixty might be too fast — and the law expects the driver to use good judgment in such a case. Cannot the law also allow the

driver to use his judgment in excellent weather?

Excessive speed is a cause of many accidents but on modern super highways safe automobiles, in the hands of good drivers, are not necessarily a danger at speeds in excess of sixty under certain conditions. A flexible way must be found to take this fact into account.

Otherwise, it is senseless to build cars, and sell them to the public, capable of going 100 m.p.h. In most countries of the world there is no final limit on speed on all highways under all conditions. One would hope more flexibility and common sense might eventually be employed in setting rigid limits, above which the lurking patrol officer sets off after his victim.

Kiwanis Club Lauds Members

This past week the Lieutenant and Governor Sam D'Amato, of the New Jersey District of Kiwanis International made a surprise presentation to five members of the Branch Brook Belleville club of the "International Citation of Service" plaque given to individuals for outstanding service rendered to the club and the community.

Of particular significance is

the fact that out of a membership of over 256,000 only 1,020 such awards have been given in 1967.

The recipients were: Kenneth D. Smith, Thomas J. Jameson Jr., Arthur Weber, Russell F. Hopkins, and Rev. Robert Tulenko.

Each member expressed their thanks for this "outstanding" recognition which was summed up by Mayor

Kenneth D. Smith, who stated: "I am particularly happy to accept this award from Kiwanis International having been a member of both clubs and helped bring Kiwanis to Belleville 13 years ago, and this new group which has done so much in the two short years it has been organized. The people of Belleville should be proud that it has such an active organization dedicated to community service."

open, the heating blower pumps an increased volume of this polluted air into the interior, producing the possibility of a carbon monoxide buildup.

To protect against this potential hazard, Aetna suggests these tips for cold weather driving in dense, stop-and-go traffic:

Keep two opposite windows open half an inch or more. This cross-ventilates your car. Set your heater blower at no higher than low. Better yet, turn the fan off and close the fan vents.

Try to stay a car length or more behind the car you're following, thus keeping out of its exhaust range.

Play it cool when you park with the motor idling, too. The same "ventilate - low heat" principle applies. Here, the carbon monoxide danger comes from your own car's exhaust system. A chunk of ice

or a rock can puncture even the soundest equipment.

When you escape to the open road, turn the heater back up but continue to ventilate by keeping two side windows open slightly.

Incidentally, in station wagons, never open only the tail-gate window. Air currents created by the vehicle's motion actually draw exhaust fumes in through a rear opening.

Aetna also points out that you may leave carbon monoxide danger behind you — and with your family — when you leave for work in the morning.

In urging you to stay alert to carbon monoxide dangers, Aetna reminds you of the three steps for treating a carbon monoxide victim: Get him into fresh air immediately. Apply artificial respiration. Call a physician. If you warm up your car, move it from the garage first.

Seems Only Yesterday

ONE YEAR AGO

Five Parent - Teacher's Associations and teachers presented Herman Wische, treasurer of the Belleville and Nutley Rowing Association with a check towards the building fund in memory of Bill Chapman.

Susan Long of Washington Avenue, Belleville, a 16-year-old junior at Belleville High School, won a \$25 dollar savings bond in the Lions Essay Contest.

FIVE YEARS AGO

Belleville firefighters were out in full force in near-zero weather when the two-story Permica Co. building at Mill street was gutted by fire.

Although there was snow on the ground, the Belleville Chamber of Commerce and its Junior Chamber of Commerce were already joining forces in planning the 1963 Cherry Blossom Festival slated for late April.

John B. Nilson of Park View Avenue, was promoted to assistant group pension consultant in the Prudential Insurance Company's group pension issue division.

TEN YEARS AGO

Nuncio R. Pico of Jorammon Street, announced that he was a candidate for the Board of Commissioners in the May election.

Mrs. Edward Rochau, candidate for election to the Board of Education said that she was quite concerned to find so many people who did not even know that a school election was to be held.

15 YEARS AGO

Residents of Belleville and vicinity were saving more money than ever before according to figures made public by De Witt Savings and Loan association at its annual meeting.

Two resolutions introduced by Commissioner Joseph King, providing for the demolition of old buildings received the approval of the Board of Commissioners.

20 YEARS AGO

The conclusion of the nationwide Marine Corps Reserve Drive for enrollments in the Citizen Marine Corps in Essex County was highlighted when Mayor James J. Tully of Belleville, a Marine Corps Reserve Officer and a Volunteer Recruiting Officer, swore five young men from Belleville into the Citizens Marine Corps.

Andrew Colaninno was elected president of the Belleville Political and Social Club at the annual meeting and election of officers.

30 YEARS AGO

Consultation of school officials, the director of recreation and parents resulted in permission being granted Public School No. 6 PTA to conduct a recreation center for children of grammar and high school age in the school playground.

Plans for a novel benefit Valentine Skating Jamboree at the Riviera Park Roller Rink were announced by the Infants Welfare League of New Jersey. Mrs. Milton Dreifus was chairman of the committee.

40 YEARS AGO

An ordinance to prohibit Sunday movies in Belleville was introduced by Commissioner James Gibson at a meeting of the Board of Commissioners. It was passed on first reading and a date for a public hearing for consideration of objections was set. There had been a great many complaints from local ministers and residents concerning opening of the Capitol Theatre on Sunday.

At meeting of the Ancient Order of Hibernians, Division 4, arrangements were made for the monster card party to be held at St. Peter's Auditorium.

45 YEARS AGO

Mrs. Louis Thomas of Baltimore was spending the winter with Mrs. B. F. Triebler of Essex Street.

Surprise party given for Del Reilly, was given at his home, on Washington Avenue. Sixteen guests attended the affair.

LITTLE ZION, UAME, 154 Stephens Street, Dr. Mary A. Farrar, pastor, Sunday — 11 a.m. worship service with the message by the Pastor.

Speak Up

People Should Clean Sidewalks, But Town Should Plow Streets

To the Editor, Times-News:

I got a real charge out of your article about "Residents clean your walks, pay a fine or Jail."

I am all for prevention of people falling, but I have taken a good look at our town's side streets.

Don't the officials know that snow and ice are hazardous in the streets too.

I think the town should do something about this. After all

we homeowners pay more than enough money to have the side streets cleared and some salt spread on the ice.

I am in favor of clean sidewalks.

I hope the town hall is equally concerned about the hazards of our side streets.

Thomas D'Fello
25 Prospect Street
Belleville, New Jersey

P.S. Enclosed is a picture of an ice-covered side street.

Handicapped Veteran Collecting Historic Calendars, Seeks Help

To the Editor, Times-News:

I am a handicapped veteran, living on a small pension. My vision and hearing are leaving me. The doctors tell me there is nothing they can do. Not wanting to worry about it, I have made projects to keep busy with, in an effort to forget my defects.

One of my projects is the history of the calendar. I am collecting real old calendars to use as illustrations and have four that are 1882, 1883, 1887 1896 and looking for others.

While I am collecting old post card, bookmarks and Reward of Merit cards, most of my projects concern histories of holidays like Easter, Halloween and St. Valentines Day. To make it interesting, I am collecting real old valentines to use as illustrations and plan to give them to a museum when I finish.

I have two valentines that are over 125 years old and four that are over 95 years old and a few dating back to 1880, but on my limited funds, I am having a hard time getting a better represented collection of real old valentines.

I was in hopes that perhaps a few of your readers may

have a few real old valentines they do not want, because I would be happy to have any they may care to send me, and be glad to get them.

Eventually, I hope to try writing a book about my projects, in an effort to earn enough from it to get off this small VA pension and have some medical care, which the VA is unable to afford me, so my projects have a dual purpose.

Thank you for your time and kind consideration in reading my letter. I hope I may be hearing from a few of your readers.

Respectfully yours,
Leon Thompson

Reveals Stock Rise for 1967

Earnings of Public Service Electric and Gas Company in 1967 increased 15 cents per share and rose to \$2.54 compared with \$2.39 in 1966.

Extraordinary items added 2 cents per share to net income in 1967 and 1 cent per share in 1966. Earnings, after the effect of these extraordinary items, were \$2.56 and \$2.40 per share in 1967 and 1966, respectively.

Cassels Stresses Importance of Family Service Bureau

Counselors Don't Decide It's Up To The Individual

Persons coming to a family service agency for counseling are faced with a number of critical decisions and feel so overwhelmed by their situation that they are unable to cope with it. The approach of the counselor is to help the individual, look at the choices before him and the consequences of each. This was the statement that Thomas P. Cassels, head counselor of the Belleville office of the Family Service Bureau, made to the Belleville Community Council on November 6th.

Cassels went on to point out that a family counselor does not presume to tell a client which decision to make but only to help him face realistically the various alternatives.

Cassels cited a case situation typical of those handled by his office. He pointed out that it was not an actual situation since this would violate the important tenet of confidentiality adhered to by the agency. It concerned a couple in which the wife kept nagging her husband to get a better paying job so that he could provide her with the level of income which she felt was due her. The husband resented this nagging, and, to show his displeasure, made no steps to effect a change. When the counselor pointed out to the wife the degree of resentment felt by the husband, she stopped the practice.

At this point, the husband took successful steps to better himself. The wife was then able to secure part-time employment herself during the time when her only child was in school. This also helped to improve the financial position of the family, and the feeling between the spouses.

One point which Cassels stressed was that family counseling aimed to increase the client's sensitivity to his relationships with his family and other persons with whom he had close contacts. Cassels stated that persons frequently had exact ideas about the roles of other individuals, but could not perceive their own part in the creation of problems in relationship.

In answer to a question about an aged woman who was completely overwhelmed by the emergency hospitalization of her husband, Cassels indicated the usual requirement of the agency that referrals come from the client himself rather than a third party. He stated that the rational for this was that it was difficult, if not impossible, to counsel successfully with a person who did not wish the service. This was illustrated by the difficulty of the agency in helping clients referred on a compulsory basis by the courts.

Cassels noted that another frequent misconception of the agency's policy was with respect to the granting of financial assistance. This is done only in special situations; the more likely procedure is the referral of a client in need to another agency such as the welfare department.

The question was asked as to whether the agency should give more attention to premarital counseling. Cassels agreed on the importance of this emphasis. He indicated that the agency would be glad to give this service, but that there were few persons requesting it. He felt that increasingly the churches were

doing a good job in this area. When asked about the agency's participation in the field of drug abuse and addiction, Cassels stated that Mrs. Mary Fawcett who used to head the Belleville office prior to the merger was participating in a joint project with the Mt. Carmel Guild in the group counseling of addicts. He also indicated that the Essex County Probation office was deeply involved with this problem.

Mayor Kenneth Smith expressed his opinion that a more promising approach to the growing narcotics problem was through education of children prior to their exposure to this great hazard. Mrs. Lenora Keeney observed that physical education departments in public schools were in fact performing this function.

Mrs. Keeney indicated her strong opinion that the merger between the Family Counseling Service of Belleville and the Family Service Bureau of Newark had been satisfactory to all concerned. This was accomplished for a three year trial period beginning in January, 1964. Now that the trial period has been concluded, there has been no disposition to revert to the previous situation. Mrs. Keeney was formerly a member of the board of the local agency and now serves in a similar capacity with the merged organization.

Samuel C. Calello Joins Belleville Barbetta Firm as Vice President

Vic Barbetta, president of the Belleville based Barbetta Agency, announced the appointment of Samuel C. Calello as vice president.

Calello, 31, brings to the real estate firm a wide diversity of

experience in management. Recently associated with the Henderson Real Estate Agency as sales manager, he has also served as a business and financial manager to a well known music arranger and producer. At one time he operated his own import business, buying from European and Far East manufacturers. As a communications staff

officer in Vietnam, Calello developed three new equipment configurations to meet the requirements of mobility for combat operations. His tour of duty also brought him the Bronze Star Medal.

A major in accounting, he graduated Seton Hall with a Bachelor of Science degree. Calello lives in Bloomfield with his wife and four children.

FATIGUED DRIVER NEEDS STIMULATION:

The fatigued driver needs greater stimulation to respond properly. Since such an increase is not possible with very small illumination (as compared with daylight), the fatigue increases and seeing becomes worse.

BECK'S COLUMN

By MAX BECK

The Far East is becoming more and more important for electronics manufacturers. Just about every one of our large TV factories now has a plant in the Far East, or in the process of building one.

It is well enough known that Japan is one of the world's largest producers of electronic equipment. If it would not be for Japan, you would see only a fraction of those small transistor radios in use. The irony of it is that Japan's prices today are too high. Korea and Hong Kong undersell the Japanese these days. Several new factories have been built in Formosa. The reason for all this is plain and simple: inexpensive labor. Within the next few years you will see all kinds of small electronic equipment with the best known brand names made in one of the above mentioned countries in the Far East.

Even today there is hardly a TV or phonograph that does not use one or several parts made in foreign countries, including Holland and Germany. Some salesmen who don't know what they are talking about, point this out to shoppers as undesirable. Other countries in the world know just as well as we do how to make quality electronic parts, only they make them at lower prices because they pay lower wages. Several of the best quality record changers, used in the highest priced phonographs, come from England and Germany. So if you shop for a TV set and a salesman tells you that the set has "parts made in Japan" just tell him that there is nothing wrong with that.

There are hardly any wholly U.S. owned factories in Japan. They do not want foreign controlled facilities, they only allow a certain amount of foreign capital in any enterprise. Several other Far East countries do not have this restriction. The factories in such countries are U.S. owned and controlled. In addition these countries allow tax and write off privileges to encourage foreign investment. The result for us will be lower prices on many products.

ITT Donates Teleprinters To Military Radio System

Messages from members of the Armed Forces overseas will reach New Jersey homes more quickly as the result of a gift of 25 surplus teleprinters to the Military Affiliate Radio System, known as MARS.

The teleprinters were donated by ITT World Communications Inc., a subsidiary of International Telephone and Telegraph Corp.

Providing back-up communications for the military, government, and civil defense organizations, MARS operates a nationwide network of voice, teleprinter and Morse communications circuits for emergency use. Currently, the system, which employs amateur radio operators, is transmitting messages home from servicemen in Vietnam and other countries.

During the Alaskan earthquakes and devastation caused by Hurricane Beulah in Texas and Louisiana, MARS provided radio frequencies for coordination of rescue and evacuation crews, reassurance messages and civil defense communications. Many of their members have emergency power generators, which allow them to operate during a blackout.

Originally organized as the Army Amateur Radio System in 1925, MARS has over 6,000 members throughout the country, with 291 stations in New Jersey. The ITT Worldcom gift brings to 65 the number equipped for radio printer operation and allows many amateurs already trained in MARS instruction courses to go on the air.

In addition to benefits derived by the military and the community, the record communications industry is provided

with a back-up of available trained technicians and engineers when necessary. The press also obtains assistance from MARS in disaster areas when normal facilities through commercial channels are overloaded.

YMCA Group Taps Outlook Of Area Adults, Teeners

Teen-agers and adults combined talents at the Montclair YMCA in a comprehensive search through discussion for answers to problems that are rapidly broadening the gulf between generations. Organized and planned by young people working with adults, the "Dialogue with Youth" will discuss the dissatisfactions both hold with each other's outlook on life.

remember when you stopped knuckling down on washday?

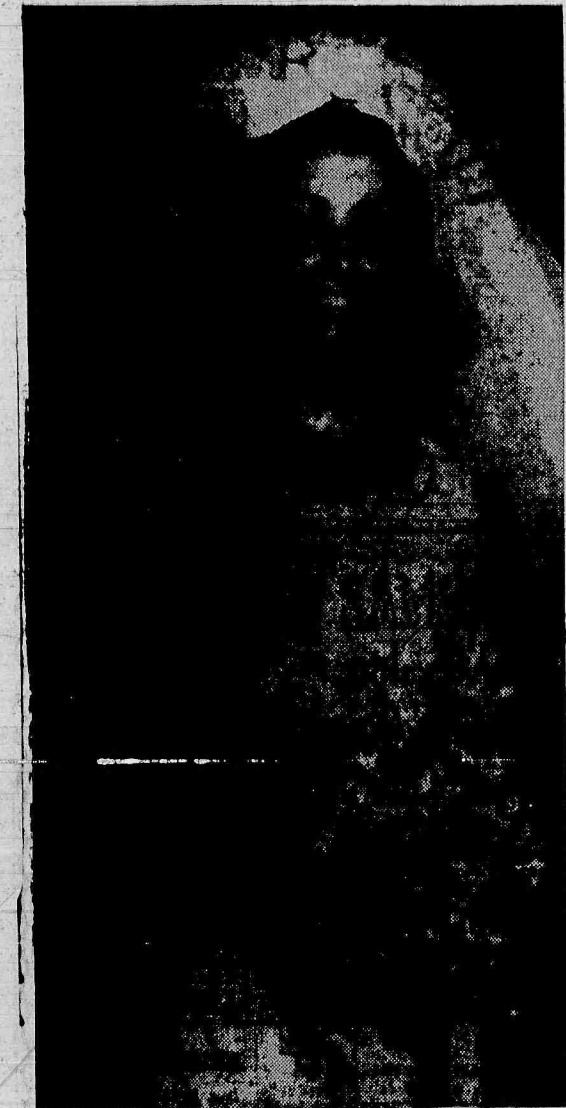

Of course, washing machines run on electricity and electricity costs money. But a lot less money than you might think. In fact, because of rate reductions and increased use, the average unit cost of electricity has gone down 45% in the last 25 years. If your electric bills are slightly higher today, consider the number of appliances you've added. Most homes now use more than four times the amount of electricity than a quarter century ago. Yes, electricity is still the best bargain in your home.

Electricity does more... for less

Mr. And Mrs. Patrick V. Ugaro Will Make Their Home In Newark

MRS. PATRICK V. UGARO
Former Miss Patricia Costa

St. Joseph's Church, Newton, was the setting Saturday for the marriage of Miss Patricia Lynn Costa, daughter of Mr. and Mrs. Joseph Costa of Newton, formerly of Belleville, to Patrick V. Ugaro, son of Mr. and Mrs. Ralph Ugaro of 92 Tiona Avenue.

The Rev. Franchino performed the double ring ceremony. A reception followed at DeMaio's Restaurant and Supper Club, Whippany.

Escorted by her father, the bride wore an A-line princess gown of white satin trimmed with Venice lace and featuring a detachable wattleu train of satin and lace. A bow of white satin held her silk illusion bouffant veil.

Miss Marie Spera of Belleville was maid of honor. Bridesmaids included Miss Joyce Costa of Newton, sister of the bride, Miss Jill Hooley of Branchville, Miss Susanne Ugaro of Belleville, sister of the groom and Miss Rosemary Hunt of Belleville.

The attendants were attired in sheaths of persimmon silk, worsted fashioned with lace bodices and floor length trains. Their veils were held by persimmon roses.

Richard Mancinelli of Belleville served as best man. Ushering were Thomas Greco, Richard Lovell and Ralph Saccomano, all of Belleville and Louis Terranova of Fredon.

Mrs. Ugaro, a graduate of Newton High School, is a legal secretary with Dolan and Dolan, Newton.

Following a honeymoon in Florida, the couple will make their home in Newark.

Gail Rogazzo Is Engaged To Nicholas J. Gonnella

MISS GAIL ROGAZZO

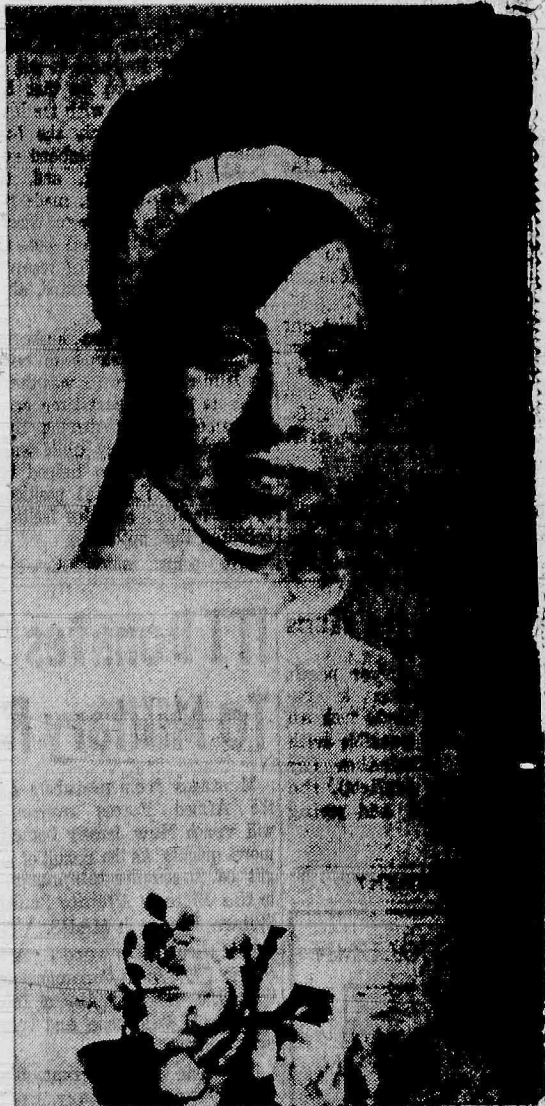

Mr. and Mrs. Albert Rogazzo of 34 Belmont Avenue, Belleville, announce the engagement of their daughter, Gail Ann to Nicholas J. Gonnella, son of Mr. and Mrs. Michael Gonnella of Woodside Avenue, Newark.

Miss Rogazzo, a graduate of Wilfred Academy, is a beautician in Bloomfield.

Mr. Gonnella was graduated from Rets Electronic School, Kearny and is employed by Cheston Company, Newark.

The couple plan an October wedding.

Barbara R. Carbone, Jon G. Bullen Wed In Holy Family Church, Nutley

MRS. JON G. BULLEN
Former Miss Barbara Carbone

Miss Barbara Rose Carbone, daughter of Mr. and Mrs. Anthony Iannello of 52 Princeton Terrace became the bride Sunday of John Garrant Bullen of New York City and Fort Pierce, Florida, son of Mrs. Marielle Glover and Frances Bullen of Plattsburgh, New York.

The Rev. Robert Cozzini performed the ceremony in Holy Family Church. A reception followed at The Fountain, Belleville.

Escorted by her stepfather, the bride wore a sheath gown of silk and worsted, fashioned with a beaded mandarin collar and cuffs and a cathedral train. Her illusion net veil, attached to a beaded band, was floor length. She carried carnations and orchids.

Mrs. Virginia Worley of Belleville was matron of honor. Bridesmaids included Mrs. Meredith Breault of Lincoln Park, Mrs. Marie Virag of Carteret and Miss Cynthia DeBonis of Belleville. Jean Fannelli of Belleville was flower girl.

The attendants were attired in gowns of shantung gold with beaded collars and hems. Short veils were attached to beaded headpieces and they carried gold carnations.

John Simays of New York City and Plattsburgh served as best man. Ushering were Mr. Breault, Mr. Virag and Frank and James DeBonis of Belleville.

Mrs. Bullen, an alumna of Belleville High School and Essex College of Business, Newark, is a secretary with General Cable Corporation, New York City.

Mrs. Bullen, a graduate of Dan McCarty High School, Fort Pierce, attends Bernard Baruch College, New York City. He is collection manager with Grosset and Dunlap Publishers, New York City. He is an army veteran and served in Korea.

Following a honeymoon in the Poconos, the couple will live in Nutley.

Local Residents Honored At Scholarship Banquet

Mr. and Mrs. Warren J. Norton, 374 Main Street, Belleville, were honored at the second annual Charter Day Scholarship Banquet at Christian College, two-year college for women in Columbia, Mo., Saturday, Jan. 20.

The event will commemorate the 117th anniversary of Christian College, founded in 1851 as the first college for women west of the Mississippi River to be chartered by a state legislature. Proceeds from the banquet will be used for scholarships for new students with special talent and ability in art, music and - or drama.

The Nortons will be among

the 22 members of the Christian College Medallion Club, a club composed of those who have contributed \$1,000 or more to the college during the period from January 20, 1967, through January 19, 1968, who will be recognized at the banquet. Norton is on the board of trustees of the college.

FULL CLUB PRIVILEGES FOR YOU AT FORT LAUDERDALE'S
beach club
HOTEL
Directly on the OCEAN...

The Spacious Beach Club Hotel combines all the facilities of a resort hotel with the seclusion of a private club. Its acres of beautifully landscaped grounds are away from the crowds, yet golf, fishing, sailing, jet skis, horse and dog riding are all within easy reach. The large club-size guest rooms—the Carousel Bar, center of Lobster Roasts, Supper on the Grass—and Barbecue Steak Parties, the exciting fun in the Lulu Belle Night Club, all combine to make the Beach Club Hotel one of Florida's finest winter resorts.

Apartments and One-Bedroom Apartments equipped with kitchens available.

R
MUMPS VACCINE IS NOW VERY EFFECTIVE
Many people who rightly fear the effects of mumps, evidently do not know how easily it can be avoided. Mumps are more dangerous than people thought in past years. If a man of reproductive age gets this disease, the possibility exists that it can settle in the reproductive organs and cause sterility.
Many adults have forgotten whether or not they had mumps as a child. There is now a positive action skin test which will tell your physician. For, if you have not had mumps then the mumps vaccine is a "Must." It can prevent much potential harm.
YOUR DOCTOR CAN PHONE US when you need a vaccine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Belleville Teenaged Gang Charged With Dozens of Mischief Incidents

A group of juveniles and a 19-year-old Belleville man have been arrested for malicious mischief. The group is charged with using a sling shot to shoot marbles and pellets through more than 20 win-

Association of Independent Colleges Have Enrollment

The 15-member institutions of the Association of Independent Colleges and Universities in New Jersey have enrolled this semester nearly half of all the men and women attending institutions of higher education in New Jersey, it was announced by Dr. William H. McLean, president. These institutions have enrolled 59,280 students this semester, while 10 years ago their combined enrollments totaled 35,424 — a 67 per cent increase. In the same ten-year period, their combined enrollments in graduate schools jumped from 3,737 to 9,284 — an increase of 149 per cent.

SMITHS
69 Gregory Ave., Passaic
PR 9-6883
(Opposite Passaic Armory)

dows in Nutley, Clifton, Belleville, North Arlington and Bloomfield.

Apprehended last week was Paul Thomas Genegrasso, 19, of 74 Tiona Avenue, Belleville, two Belleville juveniles aged 16 years, and a Nutley youth, 17.

Genegrasso appeared before Judge Edwin J. C. Joerg's Criminal Court Wednesday to plead guilty to the malicious mischief charges. Before fining the 19-year-old \$25, Joerg noted the charge could have brought as much as a \$1,000 fine and a year in jail.

The juveniles have been released in the custody of their parents awaiting trial in the Essex County Juvenile Court, Newark.

According to Nutley Juvenile Officer Stanley Kowalik, the youths drove around the municipalities in the Nutley juvenile's car. Using a sling shot, they shot nuts, bolts, B-B pellets and marbles into windows of cars, factories, homes and retail outlets.

Detectives from Nutley and Belleville worked closely in putting together a description of the car being used and last Wednesday, Detective Sergeant William Dietz and Detective Al Ciccone spotted the vehicle on Franklin Avenue.

The two Nutley officers say the youths tried to hide the marbles and sling-shot at the scene but were unsuccessful.

The group was charged with more than 20 complaints in Nutley, four more in Bloomfield, six in North Arlington and one in Belleville.

Genegrasso, who appeared in Criminal Court Wednesday as the only 19-year-old, admitted his guilt. Prosecutor Robert J. Citrino Jr. told the Court he thought that Genegrasso was "basically a good boy who went a little flaky." The Belleville youth received a minimum \$25 fine.

Among the windows broken by the group in Nutley were those at the Washington School, establishment and homes at 688 Franklin Avenue, 561 Franklin Ave., 80 Bloom-

field Avenue, 338 Passaic Avenue, 12 Hudson Street, 393 Franklin Avenue, 59 Nutley Avenue, 428 Walnut Street, 443 Chestnut Street, 471 Chestnut Street, 44 Park Avenue, 188 Chestnut Street, Franklin Avenue at Kingsland Street, 443 Kingsland Street, 335 Park Avenue, a car at Bloomfield Avenue and Harrison Street, a police car at Headquarters on Chestnut Street, the Amvets Civic Center on Park Avenue, factory windows on Carol St., Van Ness Court, and 112 River Road, and a car in the Styertown parking lot.

Dimes March

Receives \$25

From Democrats

The Democratic Club of Belleville terminated the 1967 year at an annual Christmas party at the Darwood Club, 750 Washington Ave.

The club donated \$25 to the March of Dimes.

Cheering in the new year at the January 9 meeting was the new slate of officers: Sal Marino, president; Mrs. Dominick Juliano, vice president; Mrs. Frank Barra, treasurer; Mrs. William Lappostato, secretary and Mrs. Joseph Wells, corresponding secretary.

Monthly meetings of the Democratic Club will be listed in the Belleville Bulletin Board appearing in Times - News. The date of the next meeting has not yet been determined.

Spring-Like Weather Has Created Road Pot Holes

The State Department of Transportation has advised all New Jersey motorists that recent "Spring-like" weather has caused a great number of pot-holes to form on the State highways months in advance of their normal occurrence. A spokesman said the pot-holes formed after the heavy rainfall which occurred last weekend. He added that it will be impossible for the Department to fill in the pot-holes at this time because the Department's maintenance crews are still engaged in snow and ice operations.

The spokesman emphasized that snow and ice control will continue to take precedence due to safety factors.

WIN \$1000 'SPENDING MONEY'

It's FUN It's EASY!
Everyone Can Play
Pick up your FREE Belleville Times
at our Belleville Times Office

READ THESE SIMPLE RULES
Each week, beginning with this issue of The Times, Belleville merchants will run tremendous money-saving Weekly Specials on these pages. These weekly special advertisements, which are designed by Belleville merchants to help fight the constantly rising cost-of-living, will feature one tremendous bargain in each ad. Directly under the price in each advertisement there will appear one word. When the reader assembles them in proper order they will provide a clue as to

where \$100 in "spending money" is hidden each week somewhere in a store on Washington Avenue. The entire clue will appear each week. If the spending money is not found that week another \$100 spending money will be added to it. The same will happen the next week if it's not found. The \$100 spending money will be in the form of 20 certificates of \$5 each and can be spent at any participating stores, any time — they're just like cash. The Belleville Times will redeem them at face value from the participating merchants.

Fire Department Runs Ambulance Service

By Robert Reed
This is one of a series of articles to let Belleville residents know what services are available from your Fire Department. This week we will tell you about your ambulance service.

Contrary to the thinking of many Belleville residents, the ambulance is not run by volunteers or the Police Department. The Fire Department runs and maintains your ambulance service. The men as-

signed to this duty are firemen trained in advance first aid. These are men dedicated to their chosen profession. The ambulance men, when in quarters answer all fire calls.

In the opinion of many doctors, hospitals, and people who have used this service, your ambulance is the best they have ever encountered. We average approximately 1,300 runs a year, between two ambulances. Nearly half of these runs are what we call serv-

ice runs. Service runs are for example, transporting patients to and from a hospital, doctors

office, or moving a bedridden person up or down stairs. Your firemen are ready to

answer any call for help whether it be ambulance, fire or any problem that is hazardous to person or property. Please don't hesitate to call, we are on duty 24 hours a day 365 days a year.

If you need the ambulance for an emergency call 759-1500, or if you need a service run please have your doctor call and make all the arrangements; this will save valuable time.

We are here to serve, for fire or ambulance, call 759-1500.

Postage Stamp For Six Cents Still A Bargain

"Even at six cents, the postage stamp is still the best bargain in the world", said Postmaster Joseph J. Benucci as he discussed the new postal rate increase.

From facts and figures drawn from postal history, Benucci revealed that over 150 years ago postage was charged by the sheet and by the mile. In those days it cost 6 cents to mail a letter containing one sheet 30 miles. More sheets and more miles cost more money, and the recipient had to pay for the postage plus an additional fee to have his letter delivered. In 1816 there were no postage stamps.

It wasn't until 1847 that the post office issued the first stamp, it cost five cents. The Pony Express, a system of carrying and delivering mail by riders on swift ponies was in operation from 1860 to 1861 between St. Joseph Missouri, and Sacramento, California. In 1863 the practice of charging by sheet and distance was discontinued when free city delivery and uniform rates became postal law and the basic

unit for letter postage was fixed at a half ounce.

In 1885 it was changed to one full ounce, the unit that stands to this day. The Postmaster noted that every method has been tried to improve mail service by land, sea and air. Today technological innovations have been introduced as a means of coping with socioeconomic trends that have increased the tremendous volumes of mail that each new year tops the year before.

"We are constantly seeking new and better ways of improving service and speeding the mail to its destination. Zip code is here to stay. Back in 1932, postage was three cents," Benucci recalled. "since then we have survived a great depression and a major war, family income has soared about 175 percent.

Business was never better. In all that time the cost of mailing a letter has increased only three cents in 36 years. I repeat, the six cents postage stamp is still the best bargain in the world".

The Postmaster added that charts and other information pertinent to the new postal rates will be available at all post offices within a few days. Further information may be obtained by calling 645-2641.

Salvation Army Emergency Unit At Blaze Scene

The Salvation Army emergency canteen, was on the scene at two fires in Belleville recently — the first on January 10th and the second on January 12th at the Washington and William Street blaze.

Under the direction of Henry Van Brussel, state coordinator of emergency services, 250 cups of coffee, 150 cups of soup, four dozen doughnuts and 300 sandwiches were served to firemen and policemen from 7:30 a.m. until 3:30 p.m. Van Brussel was assisted by other local Salvation Army personnel.

The Belleville Service Unit of The Salvation Army headed by David Robbins, welfare secretary and Theodore Yuczek, treasurer has been working with town officials to find housing and to help rehabilitate families who lost their possessions in the fire at Washington and William Street.

The Service Unit is a group of local volunteers who provide assistance to those in need on behalf of The Salvation Army.

Changing Role of Negroes Subject of Upsala Talks

Interested in learning more about archeological excavation? Or in studying the changing role of the Negro in American history? These and many other interesting and unusual courses, from the study of opera to colloids, will be offered next semester in the Evening Session at Upsala College, East Orange.

Dr. Rhoda G. Freeman of Livingston, a frequent New Jersey lecturer on the American Negro, will teach the course, "The Negro in American History," on Tuesday and Thursday evenings from 7:35-8:50 p.m.

Green Acres Project Due To Be Extended in Jersey

Resolutions endorsing extension of the State's pioneering Green Acres Open Space Land Conservation Program and implementation of the "Blue Acres" Water Resources Management and Development Program were adopted by the New Jersey League of Municipalities at its 52nd annual meeting recently held in Atlantic City.

Robert A. Roe, Commissioner of the New Jersey Department of Conservation and Economic Development, said today he had been advised of the recommendations by Robert H. Fust, Executive Director of the League.

Stan Elston Appointed Sales Manager of H&G

The appointment of Stan Elston as sales manager of H&G Industries, Inc., in Belleville is announced by W. Lee Stewart, president. H&G manufactures quality paint brushes and rollers for professional and do-it-yourself painters.

Elston, who had been product manager joined H&G in 1961. He will also continue as vice-president, sales, of Edward E. Robinson Co., Belleville, wholly-owned consumer brush manufacturing subsidiary of H&G.

Lieutenant commander in the U. S. Naval Reserve, Mr. Elston is a graduate of Rutgers University with a B.S. degree in management. Born in Newark, he has resided for the past 16 years in Florham Park, N. J., with his wife, Nancy, and their sons Gilbert, 17, and Donald, 15.

Park Commission Issues Yearly Thin Ice Warning

Starting around mid-December of every year, the tragic story is repeated of youngsters falling through ice into frigid waters of pond and stream. Invariably the youngster involved is inclined to act before thinking. Obviously, it is too late at the moment the ice breaks for a small child to

escape from the grip of deep icy water, unless an able rescuer happens to be near at hand.

A sign reading "Danger-Thin Ice" is of little help, in fact, to some youngsters it can be the challenge that urges them to go out on the ice. Surely there are not a sufficient number of police or supervisors to patrol every possible danger spot.

The Essex County Park Commission believes an important part of the answer lies in the home and that parents should make a very special effort to acquaint their youngsters with the seriousness of the ice hazard. It is quite possible that this same safety message could be repeated throughout the school systems. Strong impressions must be created among youngsters who might otherwise take the dare. Should a group of boys be tempted to cross an unguarded spot — it may be that one of the group, remembering the lesson from home or school, could deter the others from a risky venture.

The park commission follows a careful procedure of checking ice before opening a pond or lake for ice skating. In general, there must be at least four inches of good black ice, not snow ice, before a pond or lake of deep water can be opened. There are other considerations too, such as the condition of the ice around the shoreline or the existence of serious cracks.

Belleville Commission Grieves Death of Andrew H. Verhagen

At Monday's Belleville Board of Commission meeting, the board passed a resolution of condolence upon the death of Anthony H. Verhagen, a prominent citizen of the Belleville community.

Mr. Verhagen, who was 63, died on January 3 at Clara Maass Memorial Hospital after a short illness. He was a salesman for the J & J Distributors.

Cucolo Is Technical Controller in Vietnam

Army Private First Class Lawrence Cucolo, 21, son of Mr. and Mrs. Louis Cucolo, 99 Newark Avenue, Belleville, was assigned as a fixed station technical controller in Strategic Communications Command Long Lines Headquarters, U. S. Army Battalion South, in Vietnam on December 11.

Pvt. Cucolo's wife, Rosemary, lives at 26 Harrison St., Belleville.

Born in Holland, he resided in Belleville for over 30 years, and was active in many town

ITT Shows Advanced Real-Time Computer

A New Jersey-based computer able to solve a wide variety of business management problems was demonstrated here recently at a management sciences seminar using the Datel facilities of ITT World Communications Inc., a subsidiary of the International Telephone and Telegraph Corporation. A teleprinter in the San Juan Sheraton hotel was used to query the General Electric Data Services GE 265 real-time computer in Teaneck, N.J.

Datel is a high-speed overseas data communications network connecting New York, Puerto Rico, Hawaii, and several countries in Europe. The demonstration marked the first time ITT Worldcom's Datel service was used for this purpose.

Belleville Minister Leads Medical Talks

RADIO BROADCAST — Seated around the table from left to right are: Charles Abbott, director of Hyperbaric Medicine, Saint Barnabas Medical Center; William Bertenshaw, science editor and producer and director of Radio and T.V. Roundup Productions; Dr. Harvey Nussbaum, cardiologist; Anthony

Four doctors and the president of Saint Barnabas Medical Center in Livingston, were the guests of the Rev. Dr. Frederick L. Long of Belleville with Science Editor, Bill Bertenshaw on the 30 minute program entitled "In the Public Interest." The program was aired on WVNJ 602 SAM at 5:30 p.m. and heard in North Jersey, New York City Long Island, Westchester and Fairfield County, Connecticut.

Medical center president, Anthony Scala and Drs. Richard Hopping, Charles Abbott, Harvey Nussbaum and William Leff discussed the subject of hyperbaric medicine, progressive patient care, and intensive and coronary care. Saint Barnabas has the worlds largest and most complete hyperbaric medicine and research facility, was designed for progressive patient care and has been a pioneer in developing an intensive coronary care unit.

These features of the medical center and others relating to the ultimate in patient care were discussed in depth by the panel.

Parents-Teacher Conference Now On Tap for February 5

Belleville High School will conduct Parent-Teacher Conferences from 7 to 9:30 on February 5.

All parents of high school students are advised to contact the Belleville High School guidance office, to make an appointment for a conference with any of the faculty members they wish to see. Many of the parents will receive visitation slips which indicate that it is very important for the parents to have a conference with the teacher.

The Parent-Teacher Conference plan was inaugurated in 1963 because it can give a more complete picture of the pupil's progress. It also can add to the teachers' effectiveness in seeking to have school life make the most significant contributions possible to growing boys and girls.

Women Slightly Lead In Dental Cavity Parade

Women in Essex County seem to like their dentist better than the men do, according to Dr. Michael Unger, chairman of the Essex County Dental Society's Dental Health For every 100 men who see their dentist regularly, 130 women make the visit.

It is estimated that nine of every ten person in Essex County have dental trouble. On the national level, the American Dental Association estimates there are 700 million unfilled cavities in teeth through the country.

Boy Scout Fellowship Dinner Set

The annual fellowship dinner of the Robert Treat Council, Boy Scouts of America, with headquarters at 31 Central Avenue in Newark, and embracing the seven individual districts, Ironbound, West Side, Weequahic, Branch Brook-North End, Lincoln, Belleville and Irvington, will take place on Wednesday evening, January 31, at the Hotel Robert Treat, 50 Park Place, Newark.

Various ceremonies, training awards, Silver Beaver Awards and the election of officers for 1968 will take place after the dinner.

Eight hundred officers, adult scouters and their wives are expected to attend.

Walter D. Sheldon is dinner chairman. Others on the dinner committee include: Russell C. Buchanan, John Duval, Carlos V. Girod, Joseph Hearl, William Hutchison, Arthur Jackson, Donald S. Lord, Bruno Mancuso, Robert Marasco, Wilbur Parker, Donald Payne, Marvin Robinson and William Weier.

Nutley Beats Belleville at Basketball & Wrestling

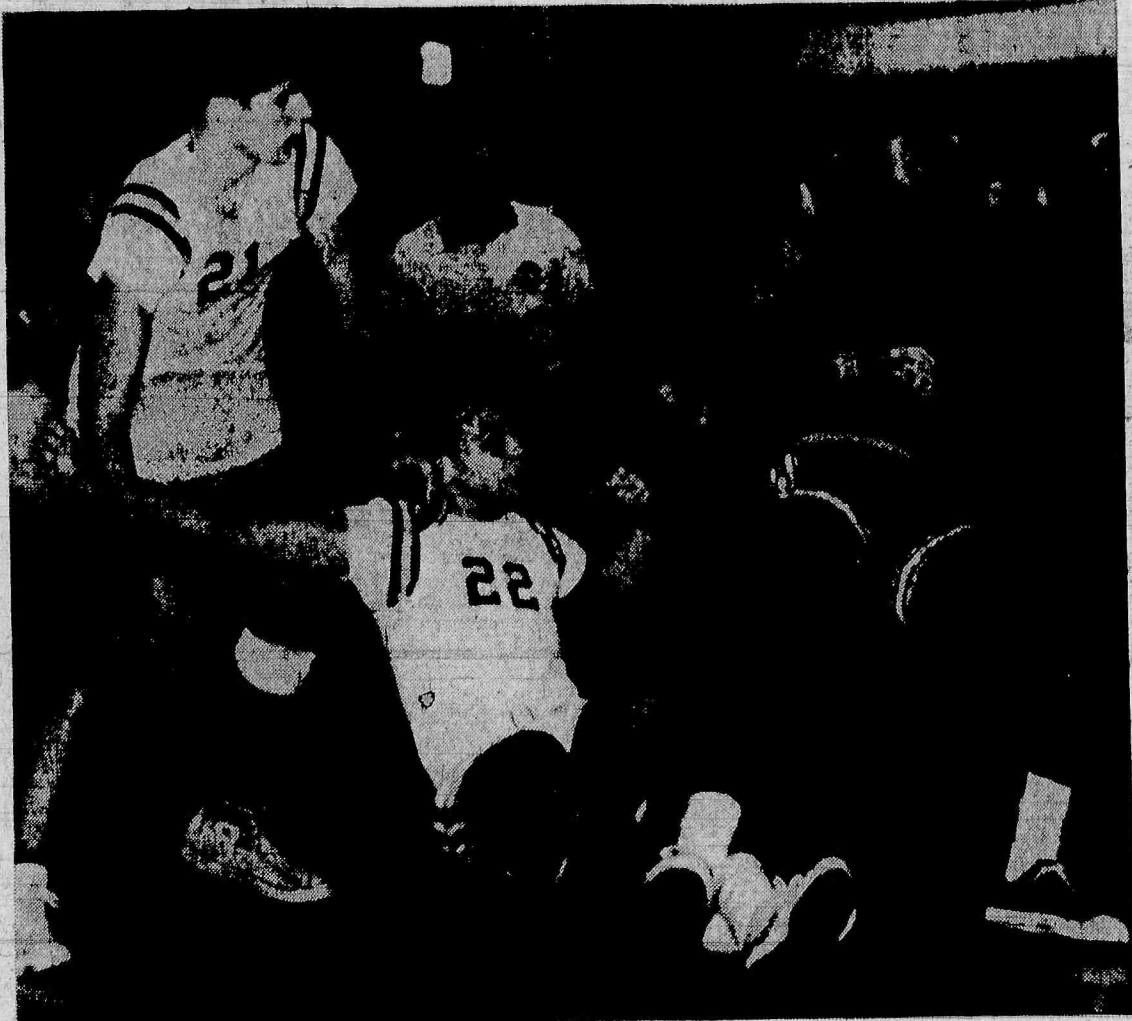

KEY MATCH — Percy Hill (on top) was a the Maroon and a disappointment for the Nutley substitute for Saturday's varsity Bellboys. Hill is a sophomore who has two match and his 6-4 decision over Belleville's full seasons of wrestling ahead. Jim Wille came as a pleasant surprise for

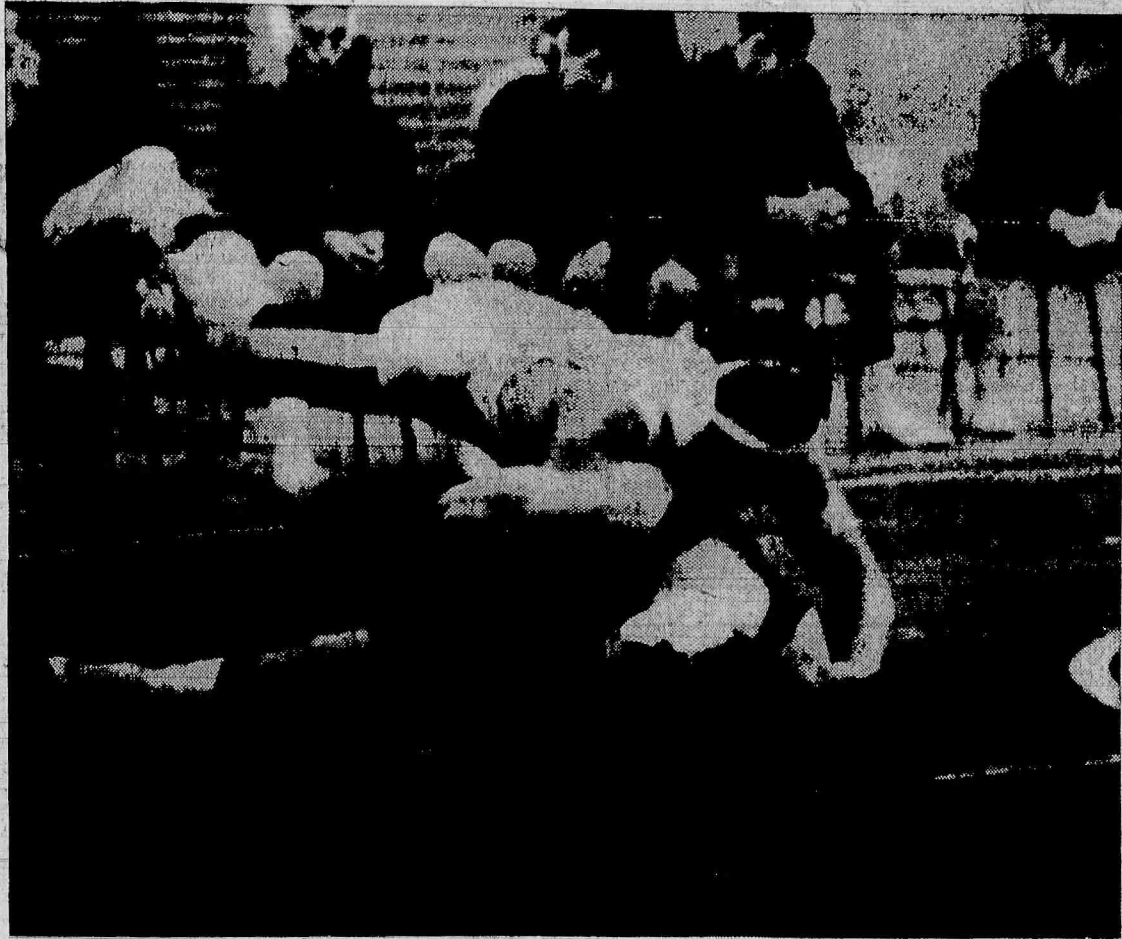

HE PINNED — The afternoon saw some tough competition as the two neighboring schools met. This is Nutley's 126-pounder, Gerry DeFranco who pinned Belleville's Harry Haroulakas with only 50 seconds left in the match. DeFranco is another sophomore who shows much promise.

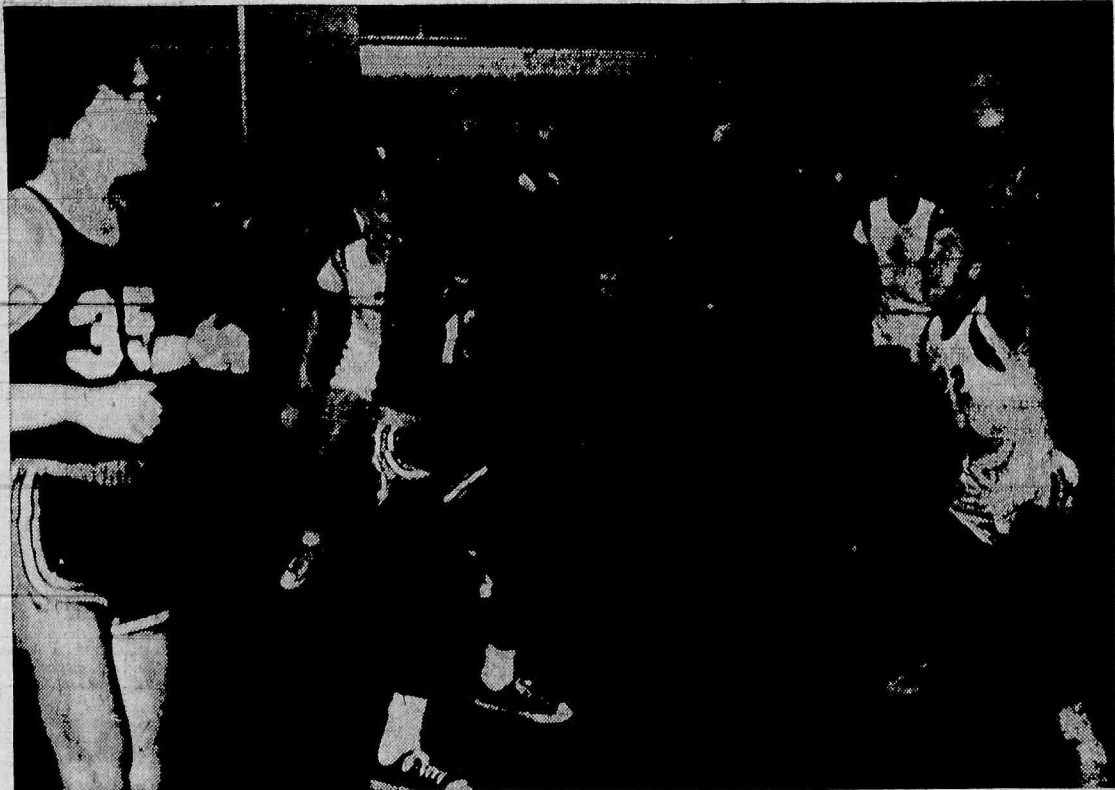

BONFANTE WINS — For Belleville's Bob Bonfante, it was an exceptionally good afternoon when Nutley visited. The Maroon's Bill Adamo (left) had a winning streak going until he visited the BHS gymnasium. The match was a close one with Belleville capturing this 178-pound bout on a 5-3 decision.

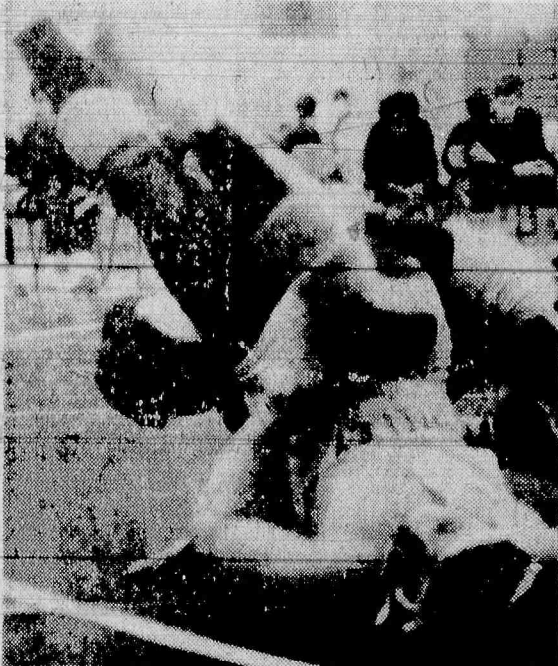

GOING DOWN — Looks like everyone's about to take a spill here as Belleville's Bill Sherman (13) tries to hang on to the ball during the BHS-Nutley game Friday night. Nutley's Tom Giger (22) is already about to hit the floor as teammate Bob Rusca (21) tries to rescue both Tom and the ball. Nutley won he game by squeaking out a close 57-54 victory.

CARDINALE VICTORY — In the 123-pound battle, Nutley's 4-1. Cardinale took command right from the start of the bout. Ralph Cardinale had little difficulty in taking Danna Nappi, and never lost the offensive.

LOOK AS THIS! — Tom Giger (22) shows Bills Sherman (13) and Rich Schultz (35) the skill of balancing the ball on two fingers. Giger contributed eight points to the Nutley effort Friday while Schultz had an equal number for the Bellboys. Sherman's 14 tallies were high for Belleville but junior Don Thomson (4 in background) was high for both sides with 23.

D'AGOSTINO TAKES IT — Belleville's Allen D'Agostino nearly had a pin here as he wrestles with Nutley's Bill Capezio in the 157-pound division. Capezio, with ~~the~~ back on the mat, lost the bout on a 3-0 decision.

ROUGH MATCH — The close 6-4 decision reflects the battle featured in the 168-pound division between Nutley's Percy Hill (top) and Belleville's Jim Wille.

Area Mayors Join Officers For Civil Defense Conclave

Nutley was host to a special meeting of the Essex Civil Defense Directors Association Thursday, when twenty-two community directors joined area municipal officials in the gathering, which was held at CD headquarters in the Public Safety Building.

Anthony Tornello, state training and education officer of Civil Defense was present and Walter Collender, representing the New Jersey Department of Education. Mayors Kenneth Smith of Belleville, Walter Davis of Bloomfield, and Herbert Johnson of Glen Ridge joined the directors in discussion of area problems and observed a CD film explaining the function and responsibilities of municipal officials under the CD program.

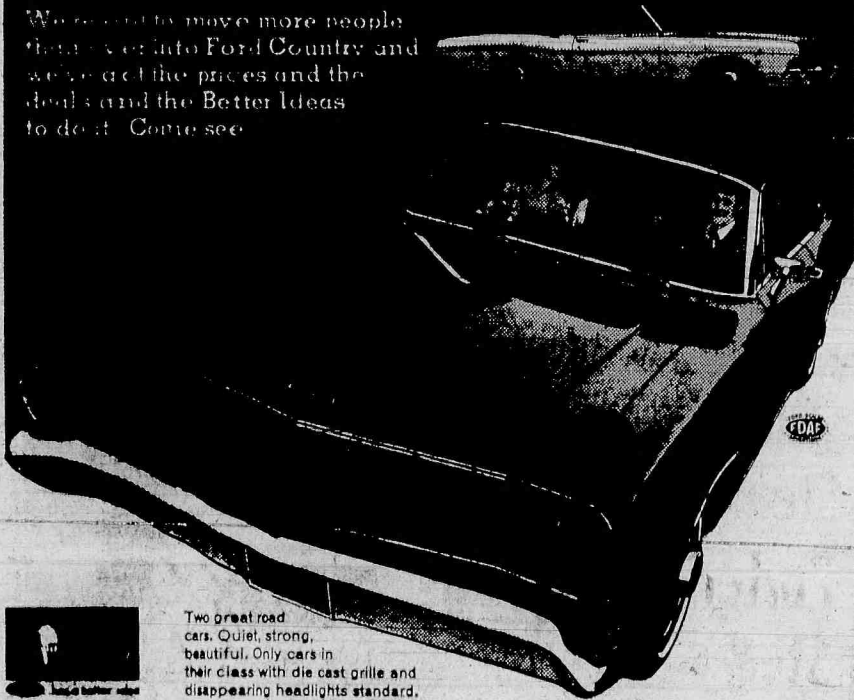

ITT Worldcom Names Atkin
Appointment of Jacob Atkin as manager of engineering was announced today by ITT World Communications Inc., a subsidiary of International Telephone and Telegraph Corporation.

Atkin, a former manager, advanced planning and technology, will be responsible for the company's worldwide engineering activities. Prior to joining ITT Worldcom in 1965, he was manager of advanced projects at ITT Data and Information Systems Division, Paramus, where he directed new product research in on-line computer systems.

Luxury LTD's and XL's priced lower than last year.

Sabre Cadets Give Mrs. White Flag & Trophy

The Sabre Cadets Auxiliary met recently at American Legion Post 105 home, 621 Washington Avenue. The meeting was conducted by Mrs. Alfred White, president. The auxiliary presented outgoing president, Mrs. Raymond Schultz with a trophy, a replica of a flag bearing color guard girl.

A surprise kitchen shower for instructor Miss Susan Craig, who will be married in the near future, was given by the ladies. Mrs. Raymond Schultz furnished a delicious lemon-filled homemade cake.

James V. LaMotta, executive director of the Corps, spoke on the subject of each and every girl's importance to the group as a whole. Only a small percentage of the girls are chosen to appear in the competitive contests. However, the original idea was to form a marching unit of Belleville girls; and this is still the main purpose of the Guard. All girls are to receive training in drilling and marching. American Legion Post 105, the sponsor, and the men and women who form the corporation, are interested in young people, their future interests in being able to work well with others, their future as good citizens; and in keeping them interested in worthwhile activities.

Two Belleville Juveniles Face Auto Theft Charges

Two Belleville juveniles have been arrested in Nutley for auto larceny. Both youngsters are 15 years old.

Nutley Juvenile Officer Stanley Kowalik says the two boys were apprehended last Wednesday after a credit card they were using was traced by police.

The gasoline credit card was in a car stolen from the home of Mrs. Grace Drozdowski at 152 Lakewood Drive, Nutley. The car was later recovered in North Arlington.

Working with Detective Kowalik was Detective Roy Vanderwende. The boys have been released in the custody of their parents pending a hearing in Juvenile Court.

The car was stolen from Nutley last November 29.

War refugees in South Vietnam and the Middle East, and famine victims in India are among the needy who are fed by contributions to the CARE Food Crusade, New York 10016.

HUMPHREY SMITH an accountant at Clara Maass Memorial Hospital, Belleville, held an orientation session at the hospital for young men who would be interested in starting a medical Explorers Boy Scout Troop at the hospital. The first young man to sign up for the unique Boy Scout troop was Fred Coppola (seated left) of 106 Ridge

Street, Newark, a junior at Barringer High School who has his sights on dentistry. Seated with the future dentist is Jack Bannison, district scout executive. Standing is Ferdinand Coppola, Fred's dad, and Humphrey Smith of Clara Maass Hospital.

N.J. Bell Telephone Sets New Records

New Jersey Bell Telephone Company set records in 1967: it handled more calls than ever before—1.2 billion—on new construction; and it installed its 4 millionth phone a few days before celebrating its 40th anniversary in October.

In setting these records, the company got a big boost from its 2.2 million customers. They made 18.5 million calls on an average business day—2.1 million more than in 1966—and had over 190,000 new telephones installed, bringing the total number of phones in New Jersey Bell's statewide network well past the 4 million mark at the end of the year.

In 1967 \$165 million was spent on new plant, equipment and service facilities to meet immediate and anticipated demands for communications services. Last year's construction program was an all-time high and brought the 20-year total of construction expenditures to \$1.2 billion.

Major building projects undertaken by New Jersey Bell in 1967 included the start of construction of long-distance switching centers in Camden and New Brunswick; completion of four new central offices and additions to 18 others; new information centers in Tom's River, Elizabeth and Mountain Lakes; a new business service center in Pleasantville; and the installation of 1.2 million miles of wire in cable, mostly underground.

Robert D. Lilley, president of New Jersey Bell, said that "although operating expenses went up last year, the basic costs of telephone service were held down and charges for many kinds of calls were reduced."

"Intrastate rates were re-

duced \$4 million annually on March 1 and, in November, a series of changes in long distance rates netted New Jersey Bell customers a yearly saving of \$1 million."

Two major events in 1967—both unanticipated—put New Jersey Bell's flexibility to the test. The first, the power blackout of June 5, sent calling volumes to abnormal highs—24 million calls, 6 million more than the company ordinarily handles on a Monday, busiest calling day of the week.

Telephone equipment kept working during the blackout because the phone company uses wet-cell battery systems, which operate independently of regular commercial power, to operate its central offices.

The second service challenge was setting up communications facilities—on 17 hours notice—for the Glassboro summit conferences on June 23 and 25.

More than 450 New Jersey Bell and Bell System people worked day and night building the communications network that carried news of the Johnson-Kosygin meetings to the United States and the world. In three days, phone company employees installed 375 telephones, 200 miles of circuits, 35 teletypewriters and 24

coin telephone stations. They also erected two microwave towers to handle six TV channels in color and black and white.

The Trimline telephone, a decorator-style instrument that incorporates the dial or Touch-Tone pushbuttons in the handset, was also introduced in 1967.

Clara Maass Hospital Organizes Medical Explorer Scouts Unit

The Clara Maass Memorial Hospital started something unique this past week by cooperating with the Robert Treat Council of the Boy Scouts of America in organizing a Medical Explorers Post sponsored by the hospital.

The program is "unique in that unlike other Scouting unit there are no camping trips, special uniforms, knot tying, drills or the like. Instead their interests lie in obtaining additional knowledge related to the health field so that they can explore under the guidance of doctors, nurses and hospital-trained personnel through lectures, discussion, field trips and actual participation in

medical related fields and activities for medical career orientation.

The Explorer Post is charted by the Robert Treat Council, BSA. As a sponsoring organization, Clara Maass Memorial Hospital will provide advisors and committeemen in the planning and supervision of the Post.

Once the Post has been established, the Explorers will elect their own officers, committeemen and will conduct their own meetings under the guidance of the hospital's advisory team.

Meetings will be held two evenings per month which will not only include medical lec-

tures but field trips to drug and dental laboratories along with tours of typical X-Ray Laboratory, Physical Rehabil-

itation departments etc., and may include trips to Veterinary hospitals. Explorers who wish to become hospital volunteers will be assigned to areas of individual interest.

During the first orientation session held at the hospital, better than 60 young boys and their parents attended the briefing session, a majority of whom expressed a keen interest in such a venture.

MAYORS — Nutley Mayor Harry W. Chenoweth (left) greeted his counterparts from neighboring municipalities at a special Essex CD session here Thursday. With Chenoweth are (l-r) Mayor Kenneth Smith of Belleville; Howard Wright, deputy director of CD for the City of Newark; Mayor Herbert Johnson of Glen Ridge, and Mayor Walter Davis of Bloomfield.

Psychologists Study Local Children

(Continued From Page 1)
deny the problem or blame the whole thing on the schools." Jean Tatro, social worker

for the team explained afterward that "a lot of the conflict stems from the home environment, subtle things of which the parents may not yet be

aware. We go into the homes and make them aware." Other members of the team include: Dr. Anthony J. Velez, consulting psychiatrist, Her-

man Knuppel, director of student personnel; John Westlake, vice principal of Belleville's High School; Wesley Schneegas, attendance officer and William Kennelly, a counselor at Belleville Junior High School. The composition of the group is altered each month as different schools are represented or individual teachers ask for advice. Only the psychologist, psychiatrist, social worker, director of special services, and the team secretary, Mrs. Mable Wheeler are required by law to be continuing members of the team.

Explaining the history of Belleville's special classes, Nardiello stated that "before 1951, all the children were grouped together, regardless of the difficulties. The teachers had to meet the needs of the mentally retarded, the cerebral palsied, the low achievers, the deaf, and the emotionally disturbed within regular classroom sessions. Needless to say, this was impossible. One special class was begun in 1951, but we still felt that we had to delineate different difficulties and handicaps."

Nardiello, who was in charge of the class, recalls "it was a difficult situation, we had to lean heavily on the arts and crafts. When things got tense, there was always gym. But we had to do something, something had to be done."

It was the awareness of a crying need to provide for other than normal children that led to the establishment of the first trainable class in 1953; four educable and one trainable class in 1955; a work study program at Bloomfield High; six classes for the neurologically impaired and emotionally disturbed; and the formation of the child study team for a more individualized approach.

By agreement with the Board of Education, Belleville is the receiving center for the neurologically impaired and emotionally disturbed children of Essex County. Four classes for the cerebral palsied are held at Clara Maass Memorial Hospital. There are classes for the neurologically impaired at Garden School, and five are on the grounds behind Soho Hospital.

Although the facilities provided by Belleville are sufficient as of now, Nardiello maintains that "we need many more state and county facilities available for placement of the more gravely impaired children. It took me more than two years to place one deaf child in an institution. We also need more personnel. At least now, however, there is a chance for the children. We are working closely with the Mt. Carmel Guild, the Department of Rehabilitation, training centers and workshops of New Jersey."

Reaffirming the need for more assistance, Pomerantz points out that "the law requires that the school provide three types of testing. Before a child is even placed in a remedial reading class he must see someone from the medical, the teaching, and the psychology professions." This involves a great deal of testing.

The child study team handles everything from poorly motivated children to the more difficult problems in adjustment. It is responsible for planning curriculum to facilitate adjustment, counseling referrals to clinics and hospitals and therapeutic intervention if it is required.

"The important thing, most of the team members indicated was the knowledge on the part of the citizens of Belleville, particularly the parents, that the children are given more than custodial care.

As one team member maintained: "The school is no longer, a baby sitting agency. We are prepared to care for every type of problem on an individual basis."

Public Hearing Monday of Budget

(Continued From Page 1)
takes into account our desire to keep tax rates within reasonable bounds. I personally am proud of this budget and ask the full support of all PTA and other civic organizations for the passage of the budget.

"I consider membership on a public school board a high civic duty. I also believe it is a challenge, an honor, and mostly, a responsibility to help plan and manage the educational program for our children in Belleville.
"I feel our school system can expand its vocational pro-

gram for the non-college bound students, expand adult education program; improve our special areas: art, music, athletics. I want to explore grade re-organization from our present (K-6; 7-9; 10-12) to (K-6; 7-8; 9-12.) The study or plan of action to make the Belleville school system sec-

ond to none is in progress. Saletta said.
Public hearing on the budget has been scheduled for Monday evening at 8 in the School 8 auditorium.
The total budget is \$4,578,262, an increase of \$424,024 over present costs. The allocation for current expenses is higher. Capital outlay has been set at \$105,000, an increase of \$47,575. Debt service is \$250,285 down \$3,995.
Town voters will decide only on the provisions for current expense and capital outlay.
Teachers and administrative salaries have been attributed as the main cause for the budget increase. The board members said these salaries are responsible for 80 per cent of the total budget.
A new transportation law, adopted July 1 requiring the school district to supply bus transportation for children attending private school between 2 1/2 to 20 miles from the school. Most of the cost is in public carrier fares. But this caused local transportation costs to jump \$22,000.
Textbook purchases caused a \$16,000 account to spiral to \$35,000. The budget also had to provide increases in fixed charges as social security, insurance and retirement benefits. This reflected a \$20,000 increase.
The capital outlay account went up to provide for building equipment which meant a \$48,000 increase.

Electronics Guild Proposes Licensing Radio-TV Shops

Many TV-Radio dealer repair shops have been classified by the general public as "Gyp Joints." The Electronic Guild of New Jersey feels it's "high time" to do something about those fraudulent members of the profession who create this poor public opinion. Local TV and radio servicemen in this area have been checked and they were proven reliable and would welcome any move to licensing.

The Electronic Guild of New Jersey has a bill in the New Jersey Legislature, which would initiate state licensing of radio-TV shops and technicians. With state licensing, the task of eliminating undesirable would be relatively simple.

The Guild's main objective is to have its members licensed by the State rather than by the Town or County. Members would have to take a test similar to other professions such as beauticians, electricians, etc., in order to receive a state license.

According to the Guild, the proposal is all written up and ready to go. At this point they are waiting for a mailing list of the newly elected State Senators and State Representatives. The Guild is hoping to have some action by March but stated it might take as long as two years. The Guild is in favor of separate state licenses for the different categories such as repair, antenna installations and apprentice program.

Many states already have this program in effect. They are California, Indiana, and Connecticut. The plan is working out very well in these states and the Guild feels there is no reason why the plan should not be successful in New Jersey. Rumor has it that many of the large television companies are in favor of state licensing of repairmen and technicians. The Fraud Bureau, which operates out of the Attorney General's Office, State of New Jersey, approves and is definitely in favor of uniform state licensing.

The Electronic Guild of New Jersey was incorporated eight years ago. Meetings are held once a month at the Coronet in Irvington.

The membership of the Electronics Guild of New Jersey agree to abide by the following code of ethics:

1. Guarantee all parts replaced for a period of ninety (90) days.
2. Use only parts of recognized quality.
3. All parts and tubes to be sold at not more than manufacturer's suggested list price.
4. List all parts replaced and render a total bill.

5. Avoid misleading advertising.
6. Perform only such work as is necessary.
7. Maintain adequate test equipment to render competent service.
8. Be honest, courteous and treat each customer in a professional manner.
9. Employ only qualified personnel.

The Guild feels in order for it to teach its goals, a unified, massive support is an absolute necessity. No organization can go anywhere if it doesn't have a hearty membership to back it up. Guild members are working day and night informing the public and trying to create a favorable climate in order to insure the passage of this uniform state licensing plan for radio and TV dealer repairmen.

On December 20, President William P. Spengler, Jr., Vice-President, Morris Glicklich and Treasurer, Joe Mongiello appeared as guests on The Barry Farber Show, an interview show similar to that of TV's Alan Burke show. The program can be heard at 12:15 a.m. over station WOR. They were invited to appear as guests again in three months.
Editor's note: It is our hope that any licensing plan sponsored by the organization would be very "hard" on any so-called malpractice by a TV

repairman. Revocation of licenses to repair sets, install antennas, etc., would definitely seem to be in order for two reasons:

1. To restore and maintain public faith in the ability of the repair industry to police itself and keep "good faith" with the public.
2. To make the punishment for any so-called malpractice, such as overcharging, etc., a serious economic liability to the person found guilty of such a malpractice. Fines and license suspension are two ways to do this. We should all remember that proficiency in any profession does not insure honesty and the above provisions should be included in the licensing act to "keep an honest man honest"—the dishonest person will still find a way to "skin" you!

Off-Street Parking Set

(Continued From Page 1)
pected to be needed on those lots which the Town has in mind. They are asphalt surfaced, and already in use as lots, which will permit the town to bring the facilities into operation quickly.

Belleville's merchants, with the cooperation of the Belleville Chamber of Commerce, recently resumed their years-long fight for municipal parking with the formation of a committee which has been applying arguments and pressures to the Town's Commissioners.

Parking is necessary not only for the benefit of the merchants but for the safety, comfort and convenience of the citizens of the town, in the opinion of the Chamber, which has spearheaded the recent struggle for the facility.

"Autos are much safer in a municipal lot than on the street," said Harry T. French, executive director of the C. of C.

Chosen Member Of 'Who's Who'

Philip L. Rinaldi of 95 Liberty St., Belleville, has been selected for listing in the 1967-1968 edition of "Who's Who Among Students in American Colleges and Universities," a nationally compiled directory of outstanding students.

A senior at Newark College of Engineering, Rinaldi is president of his class, of the Interfraternity Council and of Theta Chi Fraternity. He is a member of the student council and plays football for the IFC. He is also a member of the NCE student chapter of the American Chemical Society.

Cleveland Orchestra To Appear in Newark

The Cleveland Orchestra under the direction of George Szell will give a concert in the Moe Septee Series on Sunday, February 12, at 3 p.m. at Symphony Hall, Newark.

The orchestra is regarded, as one Boston critic recently put it, as "uniquely great because of its unanimity as an orchestra — at this time unequalled."

Its conductor and music director, George Szell, is now in his 22nd season at the orchestra's helm. The Budapest-born, Vienna-trained conductor made his debut in Vienna when he was 26, leading a summer concert when the regular conductor was indisposed.

Szell's reputation grew during the 1930's as leader of the Czech Philharmonic, and in 1941 he made his New York debut as guest conductor of the NBC Symphony. Engagements followed with orchestras of Boston, Philadelphia, Chicago, Los Angeles and New York, where he has conducted

both the New York Philharmonic and the Metropolitan Opera.

Szell was engaged by the Cleveland Orchestra in 1946, the fourth in a list of conductors that began in 1918 with the Russian-American Nikolai Sokoloff.

Artur Rodzinski took up the leadership in 1933, gaining laurels for himself and the orchestra during his decade in the post. Erich Leinsdorf shared the podium with guest conductors from 1943 until Szell took over.

The Orchestra has made west coast, southern and Can-

adian tours, and regularly visits east coast cities in the U.S. It has made three European tours, two under State Department auspices in 1957 and 1965, and again last year on its own. Its 1965 tour included performances in the Soviet Union, where it drew unanimous acclaim.

The orchestra and its conductor have made numerous recordings on the Epic and Columbia labels.

Following its concert, the Septee series will continue Tuesday, February 13, with a recital by Joan Sutherland. Her husband Richard Bonynge, will accompany on the piano.

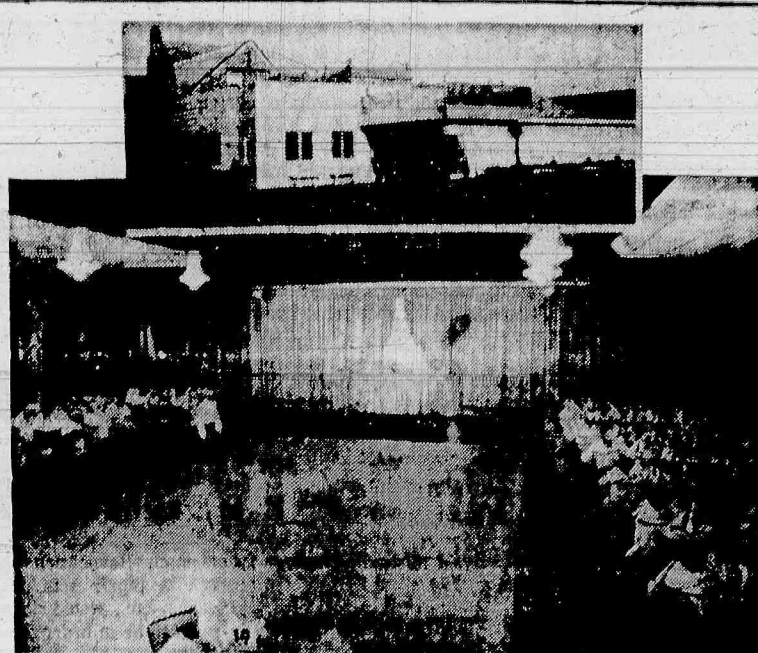

Harvey Stone Joins Cast Of Odd Couple

Harvey Stone, celebrated night club and television comedian, will replace Mike Kellin in the role of untidy Oscar in "The Odd Couple," when the Neil Simon hit plays a four week engagement at Paper Mill Playhouse, commencing January 23.

Stone is no stranger to the role, having played Oscar in

the national touring company of "The Odd Couple" for over 10 months, and after a hiatus from his portrayal of the sports writer to fulfill night club and television appearances, returned to the role for an entire summer season along the eastern seaboard.

Mike Kellin, originally scheduled to co-star with Avery Schreiber in "The Odd Couple" at Paper Mill, had to withdraw to go before the Hollywood cameras in a major production, whose shooting schedule was advanced

Monsignor Di Luca Retires as Holy Family Head

SERENE PRELATE — Monsignor Anthony Di Luca is pictured at the open house held at Holy Family Church in honor of the prelate's retirement. Lauded for his contribu-

tions to the community, Monsignor Di Luca has helped to build two churches, a school, a rectory and a convent.

"I have lived in this world 87 years and I never knew I was such a big man as you made me tonight."

Although Monsignor Anthony Di Luca, retiring pastor of Holy Family Church, may have been unaware of the importance of his dedication and selfless effort on behalf of the many parishioners of Holy Family Church, the congregation, the town and even the nation did not fail to remember the hard working priest who came to Nutley over 34 years ago.

Hailing Monsignor Di Luca as a man "who has been a good soldier in this great community of America," Congressman Peter W. Rodino of the 10th congressional district informed the audience that a letter from President Lyndon Johnson was already in the mail for the 86 year old pastor. According to Rodino, the letter expresses deep gratitude for dedicated and devoted men, like Monsignor Di Luca, who strengthen the foundations of the country through their actions.

A telegram, read by Frank Cocchiola, the master of ceremonies, added: Vice President Hubert H. Humphrey's "heartfelt congratulations" on Right Reverend Monsignor Di Luca's "inspiring record of 62 years in the Holy Priesthood. The telegram, also wished the Monsignor many "additional years of heartfelt happiness, and a

fruitful retirement."

Leading a contingent from the town of Nutley that included, Commissioners Carl A. Orechio, William J. Jernick, and William Callahan, with school board members, Frank Tangorra and Henry Ludwig, Mayor Harry W. Chenoweth also declared the day as Monsignor Anthony Di Luca Day. He spoke of the many times that Monsignor, known as the "beggar priest", had come to the town for help and how the town was indeed fortunate in having such a determined man settle in the community.

Representing the town of Belleville, Mayor Kenneth D. Smith paid tribute to Monsignor Di Luca describing him as

a man whose efforts were vital to all towns and to all the people. With the Mayor, honoring Monsignor on his retirement were Commissioners Mary Senatore, Vincent Strumolo, William Cullen, and school board member, Dr. Frank DiRuggerio.

Members of the altar boys, girl scouts, boy scouts, church organizations, teachers and priests were unanimous in their praise of Monsignor for

what Rev. Francis Blake termed his "devotion and determination and deep-rooted faith."

Before the choir's rendition of "Tu Es Sacerdos" (You Are A Priest Forever), Monsignor spoke to the audience thanking them and stating: "I try to, and I teach others to love God, love the Church and practice religion. I have been a good beggar, and I thank you, I will pray for you until the last day of my life."

Ten Week Catholic Doctrine Course

The Confraternity of Christian Doctrine of St. Thomas the Apostle Church in Bloomfield, will sponsor a ten-week basic doctrine course for adult Catholics or "inquirers" into the Faith.

beginning Wed., Jan. 31st
at 8:00 P.M.

The course will be given by Rev. Redmond Duggan, of St. Philomena's Church, Livingston. The lectures, which will last from 8:00 to 9:30 will be concerned with the Church's new outlook concerning matters of faith, morals and attitudes.

Tailgating Can Cause Really Bad Accidents

Improved conventional highways and more highspeed travel on controlled-access roads have made "tailgating" an important cause of traffic accidents, especially in wintertime.

Tailgating is a term borrowed from horse and buggy days to name the practice of driving so close to the fellow ahead, that a sudden stop will likely be more than the following driver can handle no matter how quick his reactions.

The answer to the question "How close is too close?" varies with road and weather conditions, the speed, hour of day and the physical condition of both car and driver.

Almost all rear-end collisions could be avoided by defensive driving. That is, if the driver following stayed a rea-

Health

Thomas F. McQuilkin.
Next meeting of the Board will be held February 8 at 8 p.m., rather than on the day previously scheduled, February 12, which is Lincoln's Birthday.

Fire Fund

(Continued From Page 3)
furniture and provide dwellings for the persons who suffered total losses in the fire.

Mayor Smith's aim is to get permanent lodging for these families as quickly as possible and to provide them with furniture and clothing.

Since they were driven from their homes, some have found temporary living quarters with relatives and friends, while others have been forced to sleep on cots at the Little League Field House and the Christ Episcopal Church in Belleville.

Biancardi's committee, which has already started a crash program for raising the funds, is comprised of Mayor Smith, Belleville Commissioners Mary Senatore and Joseph McGreevey, Marion Malcolm, Mildred Benaquista and James La Motta.

Mrs. Helen Biancardi, who is chairlady of the March of Dimes in Belleville, Wednesday started a house to house canvas of Belleville homes with 88 March of Dimes Mothers.

Joseph Pamullo, owner of Belleville's Fountain Restaurant, is running a dance on February 2 in Fountain Ballroom, all proceeds being turned over to the fund. He is furnishing the main ballroom, the music and refreshments for the affair.

Part of the money raised will also go to the family of Belleville fireman William Baumgartner who is in poor condition at Clara Maass Hospital with a crushed left leg and injured back when a wall caved in on him during the fire.

sonable distance behind the car ahead, and if he let the car behind pass him when he was being followed too closely.

The rule for a safety margin under normal conditions is to keep a distance of at least one car length for each ten miles of speed. It is vitally important to remember that this is for daylight driving on a conventional, dry, straight road with good visibility when you are alert and wide-awake.

The average driver, under test conditions, takes approximately of a second to react to danger and apply the brakes of his car.

It would take more time under normal conditions. And that means motorists should drive with care, especially at night, during rain or fog, and particularly now during the winter season when the roads are slippery.

Another reason you shouldn't tailgate is that if a motorist is traveling 50 miles an hour, the car will move 55 feet before the brakes are applied, and another 188 feet before coming to a stop. That is a total of 243 feet between the time the danger is seen, and the car is stopped.

These figures, are based on figures for tests on good, dry roads. There is not elling what could happen during adverse weather conditions — particularly if your are tailgating.

Show good sense and stay a safe distance from the car ahead of you. Stay away from those tailgates and you'll stay away from those pearly gates, states the Safety Department of Motor Club of America.

St. Vincent's Handles Record Number of Patients in 1967

A total of 4,187 bed patients registered for 1967 set an all-time record for patient care and treatment at the 119-bed voluntary hospital it was announced today by Sister Clare Dolores, administrator.

The total days of care, said the administrator, amounted to 31,888 for an average of 7.6 days per patient. An additional 395 maternity cases were also registered during the year, and outpatient and emergency room treatment was administered to an additional 3,226 patients.

In providing the record care, more than 7,200 X-ray procedures were administered, 85,800 laboratory examinations were performed, and 1,335 physical therapy treatments were provided. Almost 2,000 operations were performed during the year, and a total of 86,584 meals were served.

Geologist Widmer Named To Water Resources Group

Dr. Kemble Widmer, State Geologist and Chief of the Bureau of Geology and Topography in the New Jersey Department of Conservation and Economic Development, has been named an Associate of the University Seminar on Water Resources at Columbia University.

Conservation Commissioner Robert A. Roe said Dr. Widmer had been nominated for the honor, which carries official membership in Columbia's academic family, by Professor Frank Tannenbaum, Director of the University's Seminars Program. "This appointment was made by Dr. Grayson Kirk, President of Columbia. It is indicative of Dr. Widmer's professional stature and reflects great credit on New Jersey State government," Commissioner Roe added.

The person who always has bad luck may be specializing in it.

SWEET CORN A SUN-LOVER

Winter sweet corn grows so happily in Florida fields because it is a lover of sunshine. Growing time for the same strain can vary from 60 to 110 days, depending on the antics of the weatherman. Average growing time is 78 days.

A grateful Electric Glassheat user says:

"If you notice the temperature you have the wrong heater"
BETTER SWITCH TO GLASSHEAT

"IT'S A COMFORTABLE HEAT that Glassheat gives—never too hot, never too cold," he continued.

"So comfortable in fact you never notice the temperature at all. Regardless of the weather it feels like a sunny day indoors. Imagine—every room sunshine warm all winter long. No drafts, no cold corners, just comfort!"

No wonder Electric Glassheat reminds you of sunshine. It is the only heating system that warms with healthful radiant electric rays exactly like the rays of the sun. And this is true throughout the house for every room has its own money-saving thermostat and heating unit.

You can regulate the temperature of each room exactly as you want it, one quite warm, another cooler. And if a room is unoccupied, turn back the thermostat, close the door and save money!

IT'S HEALTHFUL HEAT TOO!

"We had fewer colds last winter and everyone felt fine" says an owner in Caldwell. This is a common report from owners because Electric Glassheat has no flame to burn up the life giving oxygen or produce toxic fumes. And the sunshine rays of Glassheat not only produce an even temperature but maintain humidity at the level doctors recommend for good health.

SAVE CLEANING TIME AND MONEY

"No soot, no smoke, no grime. Glassheat is wonderful," writes another user. "Have never seen anything so clean. Saves me hours I used to spend cleaning and painting."

Another says "In 16 years the only room we have had to do over is the kitchen. No need to repaint the other rooms or dry clean our drapes. And our venetian blinds still look fresh and new. That's why so many owners say, "Install Electric Glassheat and take it easy."

SAFE! Electric Glassheat is absolutely fire-safe and can't overheat. No fumes to worry about, and even accidental contact can't cause blistering.

Electric Glassheat is as silent as sunshine and as pleasant, for there are no moving parts. Saves space too for the area usually used by radiators, furnaces and flues is yours for extra living space.

SAVE MONEY ON HEAT! People admit that Electric Glassheat is tops for comfortable heating. But some feel that it is so ideal it might be too expensive. This is not true—as you will see from these letters describing Glassheat's economy.

One writes, "We installed Glassheat for its greater comfort with the hope that it would be reasonably economical to operate. So we were not prepared for our very low annual heating bills. And since

we can now take advantage of the special low heating rate, we save money on our regular current too. And there are no maintenance charges. It all adds up to better heat for less money.

"Though we added two extra rooms" says another owner, "my heating bill is only \$175. A pleasant surprise and we have never been so comfortable."

That's the Electric Glassheat story. People install it because of its many advantages—then are delighted to find it is an economy as well.

WHY PAY MORE FOR LESS?

Does Electric Glassheat sound luxurious? It is in every respect but cost. If you would like to know what Electric Glassheat will do for the health, comfort and welfare of your family—and how little it will cost, send the coupon, or phone.

Olympian Phil Grippaldi Encourages Belleville Weight Lifting Devotees

Phila Grippaldi, Belleville's great weightlifting champion, paid a visit on his last school vacation to the Belleville Barbell Club Gym at the Municipal Stadium. He gave a demonstration of the latest training methods and lifting styles. His visit was an inspiration to the young lifters at the Gym.

1967 was a good year for Grippaldi which saw him win the Junior National Championship, the Senior National Championship, and then take the gold medal at the Pan-American Games. Never one to rest on laurels, Phil then competed in the Little Olympics in Mexico City where he placed fourth against the top

of the world's competition. In so doing he assured himself of a place on the U. S. Olympic Team. Not only did Grippaldi win all of these championships in the past year but he also set three National Lifting Records with a press of 357, a clean and jerk of 412 and a total of 1045 which he broke himself with a 1050.

On top of all of this travel and competition and the training for them Phil is holding good marks at the University of Illinois. Belleville may well be proud of this young athlete and, in view of the fact that he is just 21 years of age, may look forward to even greater things from him.

And through it all Grippaldi remains the same pleasant, dedicated young gentleman who has won the respect and admiration of thousands of fellow athletes and spectators. He has met during his meteoric rise in his chosen sport, Nor

does he lose his old friendships in Belleville. Everytime he returns home from school he follows a busy schedule seeing his old buddies and visiting the gym. He will always take time to help younger lifters.

Bob Cook, who predicted five years ago that Grippaldi would be on this Olympic Team, says that his achievements have far exceeded his fondest dreams. Instead of just making the U. S. Team as Cook thought five years ago he is a very serious contender for top honors.

He rates fourth in the world now, he should advance to second by the time of the Olympics next fall. It is not unreasonable that he could bring back a gold medal because he is a tremendous competitor. But, regardless of what place he takes he will once again bring glory to Belleville.

OBITUARIES

William J. Stiffler Lived In Belleville 50 Years

William J. Stiffler of 125 Ralph Street died January 5 after a long illness at Clara Maass Memorial Hospital. He was 73.

Born in Maryland, he had resided on in Belleville for over 50 years before his death. He was a retired maintenance man for Shipman Brothers. His wife was the late Rose Reynolds Stiffler.

He is survived by a daughter, Rose C. of Belleville; a son, George J. of Nutley, two brothers, George of Pennsylvania, Taft of Pennsylvania; four sisters, Mrs. Blanche Dubbs, Mrs. Catherine Baker, Mrs. Bessie Kleindist, Mrs. Maude Harris, all of Pennsylvania; and four grandchildren.

Services were from the Klerman Funeral Home, 101 Union Avenue January 8 with a High Mass of Requiem following at

St. Peter's Church. Interment was at Holy Cross Cemetery, North Arlington.

Mrs. Ralph Perri; Had Been Resident For Past 26 Years

Mrs. Margaret F. Constosta Perri, 83, died after a long illness at her residence, 52 Van Reyper Place, Belleville, on January 11.

Mrs. Perri's birthplace was Italy. She resided in Pittsburgh, Pa., before coming to Belleville, where she lived for 26 years.

Her husband, Ralph, predeceased her. Two daughters are living: Mrs. Ann DiRuggiero of Belleville and Mrs. George Caminara of Pittsburgh. There are seven grandchildren and six great-grandchildren.

Klerman Funeral Home, 101 Union Ave., Belleville, was in charge. A High Mass was given at 10 a.m. January 13, at St. Peter's Church, Belleville. The Rev. James F. Heavey officiated. Mrs. Perri was buried in Calvary Cemetery, Pittsburgh, Pa.

Salvatore Fasso; After Short Illness

Salvatore Fasso, a longtime resident of the area of 479 De Witt Avenue, Belleville, died January 7 at Clara Maass Memorial Hospital. He succumbed after a brief illness.

For many years Mr. Fasso was employed as an air conditioning mechanic at Public Service, Park Place, Newark. He was born in Clinton, Indiana.

During World War II, he served as a sergeant for three years with the army medical corps.

He is survived by his wife, Lorraine H. Fasso; a daughter, Linda A.; a son, Joseph S.; and by four sisters, Mrs. Sara Sciliano of Belleville, Mrs. Katherine Van Riper of Belleville, Josephine of Newark and Marie of Short Hills.

In charge of funeral arrangements was the Wadsworth Funeral Home, 24 Union Avenue, Belleville. A High Mass of Requiem was given January 10 at St. Mary's Church, Nutley, followed by burial at the Gate of Heaven Cemetery, Hanover.

Union College Institute Courses In Pre-Science

Pre-engineering and pre-science programs will be offered by Union College starting with the fall semester in September, 1968, it was announced by Dr. Kenneth C. MacKay, president.

Dr. MacKay said the opening of the new Science Building made the courses possible.

The programs will be available to high school graduates who may be deficient in entrance credits in mathematics, chemistry and physics.

IN MEMORIAM

SWARTZ — IN LOVING MEMORY of our dear nephew and cousin, Thomas, who entered eternal rest on Jan. 24, 1967. Just as you were, you will always be. Loved and cherished in our memories.

Aunt Hazel, Uncle Del, Cousins Gayle and Becky

IN MEMORY of our beloved son, P.F.C. THOMAS VAN HOUTEN who was killed in Viet Nam on January 24, 1967. Without goodbye you fell asleep. With only memories for us to keep.

Till memory fades and life departs You'll live forever in our hearts MOM and DAD

KOHLER — In loving memory of our dear beloved husband and father, William J. Kohler whom God took to eternal rest January 24th, 1942 and our dear beloved son and brother William J., January 6, 1966. Things have changed in many ways, But one thing changes never, The memory of the happy days When we were all together, God must have a beautiful garden For he only chooses the best. But he took our dearest treasure When he took you to eternal rest. Bereaved wife and children, Mother, brothers and sister.

IN MEMORY of my uncle, P.F.C. THOMAS VAN HOUTEN. You are not forgotten. Nor will you ever be. As long as life and memories last I will remember thee. Loving niece, Debbie

IN MEMORY of our dear beloved brother P.F.C. THOMAS VAN HOUTEN who died on January 24, 1967. Just a prayer for those who loved.

Just a memory fond and true In our hearts you'll live forever Because we thought of the love of you.

Brothers, Richard and Jack

LEGAL NOTICE

SHERIFF'S SALE
SUPERIOR (CHAM) A-32
SUPERIOR COURT OF NEW JER-
SEY, CHANCERY DIVISION, ESSEX
COUNTY, DOCKET NO. E-4672-65.
PHILIP HENICK and TILLIE HEN-
ICK, his wife, plaintiffs, vs. HERMAN
BOWLER and HELEN BOWLER, De-
fendants. EXECUTION, for sale of
mortgaged premises.

BY VIRTUE of the above stated writ
of Execution, to me directed, I shall
expose for sale by Public Vendue, in
Room 226, at the COURT HOUSE, in
Newark, on Tuesday, the 20th day of
February next, at 1:30 p.m. (Preval-
ing Time): All the following tract or
parcel of land and the premises here-
inafter particularly described, situated,
lying and being in the City of Newark,
County of Essex and State of New
Jersey:

Beginning in the northerly line of
Chancellor Avenue at a point therein
distant easterly 161.64 feet from the
easterly line of Clinton Place, as said
streets are now laid out; thence (1)
easterly along Chancellor Avenue 50
feet; thence (2) North 10 degrees 32
minutes east 130.23 feet to the
line of lots fronting on Vassar Ave-
nue; thence (3) Westerly along the
same 50.01 feet to the easterly line of
lot #712 on map of the Clinton Park
South Tracts and thence (4) in a
southerly direction along the same
129.16 feet to Chancellor Avenue and
the point and place of BEGINNING.
BEING commonly known as #223
Chancellor Avenue, Newark, New Jer-
sey.

The approximate amount of the Judg-
ment to be satisfied by said sale is
the sum of Four Thousand Nine Hun-
dred and Sixty-Six Dollars and Thirty-
Three Cents (\$4,966.33) together with
the costs of this sale.

Newark N. J. January 15, 1968.

Essex Grand Jury to Get
Concealed Weapon Case

Charged with concealing a
revolver, Robert Anderson of
256 Mt. Pleasant Avenue, New-
ark, has waived his rights to
a preliminary hearing before
Judge Edwin J. C. Joerg.

Anderson's case now goes
directly to the Essex County
Grand Jury for indictment.

Anderson was arrested at
1:45 a.m. December 21 by
Sgt. Robert DeLitta and
Patrolman Ralph DiPiro and
was charged with having a

concealed weapon in his pos-
session, failing to give a good
account of himself, and failing
to produce a registration for
the car he was driving.

The motor vehicle charge
was disposed of here Wednes-
day. Anderson pleaded guilty
to not having the registration
and was fined \$10.

Anderson was represented
by Charles S. Trachtenberg of
Elizabeth who is with the Pub-
lic Defender's staff.

Understanding Teenagers
Is A Family Necessity

Teenagers make parents feel
uncomfortable. Youth, with its
vigor, causes some parents to
be uncertain about their teen-
agers and how to communi-
cate with them.

Teenagers are different.
They are full of vigor. They

have a new perspective on our
culture. They have penetrating
insights into shallow living.
They spot insincerity quickly
in a parent, a teacher or
among their peers.

One thing we can do to
promote better communication
with them is to be adults our-
selves. The overindulging
mother who was raised by
strict parents may not be
thinking of the freedom of her
daughter. She is probably
thinking of her own freedom.
She may even attempt to re-
live her own teen years
through her daughter.

The father who expects his
son to join the company or
work the farm is probably in
for a letdown. Son may well
have other interests.

What can we do? We must
know our teenagers as they
are today. We need to know
their likes and dislikes. We
need to know our individual
teenager, but we also need to
know teenagers as a group.

How many of their maga-
zines have you looked at late-
ly? How many of their records
have you heard? Have you
been to a basketball game re-
cently? (When you do go,
don't expect them to set with
you.) When did you last really
listen to their talk?

There is an extreme. Just
be an adult and don't try to
be a teenager.

Local Italian-Americans Schedule Date for Dinner

Belleville Italian-American Civic Association will be holding their Second Annual Mardi Gras Dinner and Dance on February 24 at the Holiday Inn located in Newark. The Mardi Gras is celebrated as the Halloween of Italy or otherwise known in Italian as the "Carnivale." Lavish costumes will be worn by the guests and balloons and confetti will prevail during the celebration. Prizes will be awarded to the best costumes and the receipts for this affair will go towards the Scholarships of deserving students in the area. The following members acting on the various committees are: Anthony Di Geronimo; general chairman; Joseph Liloia; Vincent Vecchione; tickets; Frank Ceres; public relations; Stephen J. Rappa and Vincent Tiona; decorations; Jerry Carbone and Joseph Carnivale; reception; Gerald Ferrara; speakers; Anthony Campanella and Philip Malorca; music and entertainment; and P. Ceres sergeant of arms.

for only \$4.95 a week.

Rt. 21 Speeder Tells Judge He's Going to Quit Driving

A Newark man, Robert Troutman, was fined \$75 and \$5 costs for doing 80 m.p.h. in a 50-mile zone, during the January 18 session of the Belleville Municipal Court.

"What are you going to do about this," Judge Edward J. Abromson asked the offender. Troutman replied, "I'm going to quit driving!" The judge said, "That's ridiculous! Just forget it." But the driver still looked sour over his mistake.

Judge Abromson rebuked several violators for their carelessness in driving on Route 21. "It is a very narrow road... We've had a lot of trouble out there," he remarked, as he slapped fines of \$15 and \$5 costs on three men, Erwin

Schutz, Juan Carlo Smith, and Samuel Schwartz. Trooper Jerry Carbone was the witness in all three cases. Anthony Sorci received a \$20 fine, plus \$5 costs as a traffic violator. Officer David Martin of Belleville was the complainant against Michael McCann, on an abandoned vehicle charge. Fine was \$3 plus costs.

Trooper Hugh Hight brought a violation before the Court against Bernard Bundi, who pleaded guilty and paid \$15 and \$5 costs.

Social Security Benefits Go Up

Starting in January 1968, if you are receiving social security benefits and earn no more than \$1680 in a year, you will receive all of your social security checks, William J. Arnold, Social Security district manager of Newark, announced.

Beginning in 1968 if your yearly earnings are more than \$1680, \$1.00 will be deducted from your benefit for each \$2.00 of your earnings over \$1680 up to \$2880. If you earn over \$2880, \$1.00 will be deducted for each dollar earned in excess of \$2880.

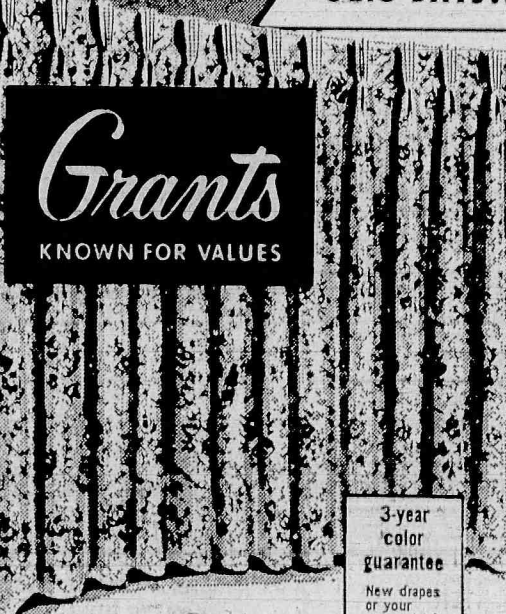

Cost Comparison

To circulate a post card to every one of our reader's homes would cost you at least \$550. But to run a post card size ad costs only \$11.70! Phone the Belleville Times-News for information!
