Service Due to Halt

Belleville to Fight Public Service's Proposed Abandonment of Subway

SUBWAY service from the Belleville line to downtown Newark is scheduled to halt by the winter of 1969. Officials here are protesting to Public Service Coordinated Transport Co. and state agencies to stop discontinuance of service.

The Town Commission, on recommendation of Commissioner Vincent T. Strumolo, official representative to the local transportation committee, will vigorously oppose the proposed abandonment of subway services from the Belleville border at Silver Lake District to downtown Newark.

Public Service Coordinated Co., Transport, the operator of the Newark subway system has served notice on the City of Newark of its intention to abandon its operation of its subway and to discontinue its lease of the subway properties as of December 1969.

The Commission agreed that Belleville residents "have for many years made daily use of this facility going to and from their daily work and personal business. The loss of this service," the commission said, "will greatly and materially affect the convenience and well being of many thousands of persons in the metropolitan area as well as a large segment of the local population."

The commission added that abandonment of the subway would cause an even greater traffic problem within Newark and its suburbs, particularly in Belleville during the morning and evening rush hours.

The commissioners urged the Public Utilities Commission and the Newark State Legislature to exert every effort to insure the continued operation of the subway. The commission also sent letters to president of the PUC, president of the state Senate, speaker of the Assembly and Governor Hughes.

Strumolo told the commission at a recent meeting that the PUC should be "put on notice that Belleville is tired of being short changed in the area of transportation facilities."

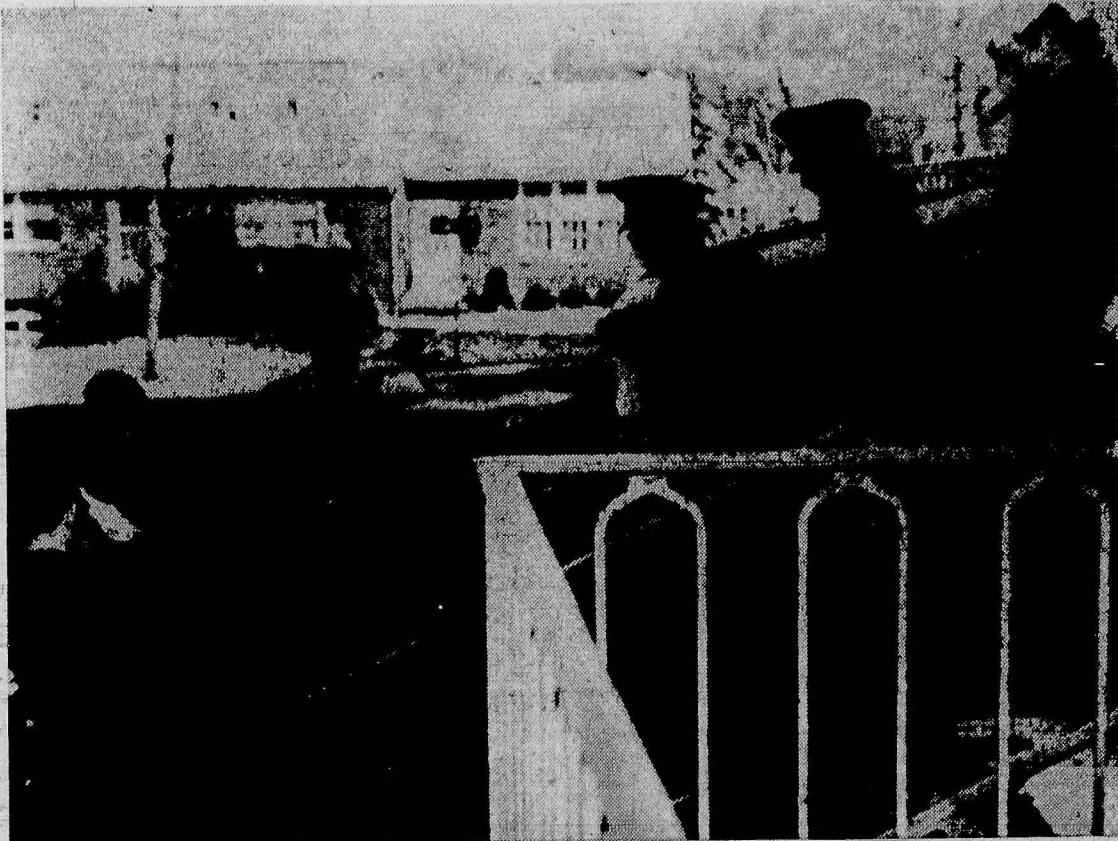

Unless Newark, which owns the 4.1-mile line, and Public Service Coordinated Transport Co., which operates it, can reach a new agreement, the subway could go into oblivion.

Operations began on May 26, 1935, from Broad Street, under new Raymond Boulevard to Heller Parkway and service was extended two years later to its present terminal under Pennsylvania Station. A mile of the trip is underground and three miles is in open cut.

The Newark subway turned into a consistent money loser for PS and in 1963 Herbert E. Harper, company president pointed to the problem that has plagued railroad operations generally.

"I have questioned the wisdom of investing millions and millions of dollars in fixed rail transit service that is expected to meet changing conditions over a long period of years and provide adequate and proper service to the riders."

WAR IS REAL — The Vietnam conflict seems oppressively close to those who realize our men are losing their lives in savage jungle fighting. Here the casket of Roger B. Crowell, Sr., 20, is borne toward its final resting place at Holy Cross Cemetery after Saturday services at the Holy Family Church, Nutley. Crowell, winner of many sports trophies during his youth and in Belleville High School, leaves a young widow and ten-month-old son.

Roger Crowell, Dead Viet Hero Is Honored at Funeral Service

A Military guard snapped to a salute as pallbearers removed the body of 20-year-old Roger Bryan Crowell from Holy Family Church in the bitter cold last Sunday morning following funeral services there.

Young Crowell is another Belleville victim of the Vietnam conflict. He was a product of the Belleville school system and his parents have been long-time residents at 100 Tiona Avenue.

The telegram of regret from the Army states that he died of gunshot wounds suffered during an engagement with the enemy Vietcong forces on January 31. The body was flown back home to Belleville.

Crowell was known to his family by the nickname, "Rog." He was an outstanding Little Leaguer and winner of many trophies for athletics.

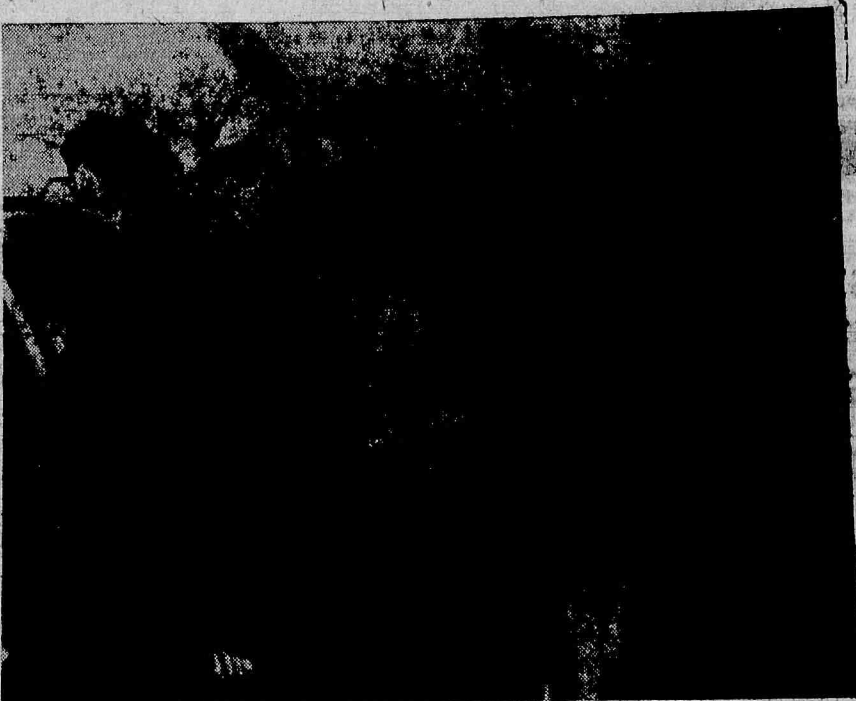

Active in Athletics

He attended Grammar School 5 on Greylock Parkway, Belleville, and went on to Belleville High School, where he was especially active in football, baseball and basketball. He graduated from BHS in 1965.

After graduation he was employed as an electrician by the International Brotherhood of Electrical Workers, Newark. His father, Melville, is also an electrician and is active in veteran's affairs, according to his mother, Mrs. Grace (nee Emons) Crowell.

Crowell was engaged to be married for several years to

Local Citizens Reject Budget; Victory Parties for Trustees

Town citizens went to the polls this week to reject the Board of Education's financial plan for 1968 - 69.

The Board of Education tonight at 8 P.M. will discuss the school budget once again with the public at School 8.

Residents also re-elected three trustees to serve on the school board for three year terms. They are Norma McCool, Dr. Frank DiRuggiero and Rocco Saletta.

Voters arrived at the polls in large - small numbers. About 20 percent of the 16,000 registered voters in the community cast ballots. Complete district tabulation of the vote appears below.

The total tally for the current expense portion of the school budget was 1170 yes to 1344 no; capital outlay was listed as 1066 yes to 1382 no. Eight districts rejected the school budget.

The total vote for school board candidates were: Norma McCool, 1882; Dr. Frank DiRuggiero, 1781; Rocco Saletta, 1735; Michael Albertine, 1339; Joseph Casale, 1506; Joseph D'Ambola, 725; Carmen Castellano, 381.

Reached after the election for comments Norma McCool, who pulled the highest number of votes said, "I am very happy and grateful to those who reelected me. I realize the responsibility of the position and pledge my best efforts to give Belleville the finest educational image through its school system."

Another winner, Rocco Saletta, said, "My gratification knows no bounds at this moment. I see before me three years of hard work and I shall do my best for our community, our children and our schools."

Also elected to a full term was Dr. Frank DiRuggiero, who said, "Education and children have meant much to me all my life. I am happy the voters entrusted me again with the job of helping to guide our school system to even greater heights, especially in an age when education should be the forerunner of our thoughts."

Big Win Prize Escalates; Try Your Luck Today!

Fans of the Big Win, popular contest being run by Belleville merchants through ads in The Times, will be surprised to learn that there was no Big Winner last week.

Usually alert Bellevillites have guessed the solution and figured out the mystery sentence within only a short time after the paper hits the newsstands.

Since there was no Big Winner, the amount of the prize ("Spending money" certificates) is now increased to \$200 until the next issue (February 22).

Code to Create Health Officer Post Will Be Publicly Reviewed Feb. 26

The town Commission at last joined Commissioner Vincent T. Strumolo to introduce an ordinance which creates the post of full time health officer for Belleville.

Before casting his affirmative vote, Mayor Kenneth D. Smith remarked that all members of the Commission were in favor of a full time health officer as long as creation of that job did not open a flood gate for new positions in that department, such as sanitation and deputy registrar.

Smith said residents are entitled to enjoy the highest living standards. However, as custodian of the taxpayers money, he said, it is my duty to spend it wisely. Adding more jobs would not achieve that end, he said.

Smith said as long as Strumolo agrees not to create more jobs, he would vote in favor of the ordinance.

Then Commissioners Mary Senatore and Joseph McGreevy echoed Smith's statement claiming they were in agreement with Strumolo if extra hiring is not on his agenda.

Making it very clear that he did not make "any deals" with his fellow commissioners regarding the health officer controversy, Strumolo said he would do his best to provide the best health services for Belleville while remaining within the framework of his budget. He did not agree to stop hiring additional personnel if he felt more help necessary.

Public hearing on the proposed ordinance has been scheduled for February 26 at 8 p.m. The post of full time health officer pays a minimum of \$11,500 to a maximum of \$13,500.

Petition is Squelched

The commission's introduction of the ordinance apparently squelched presentation of a petition demanding that Belleville possess a full time health officer. Members of the petition committee said, however, they would not stop soliciting names "until the ordinance is adopted."

A committee, demanding that the post of full time health officer be created for Belleville, has been circulating 55 petitions throughout the community.

According to the committee, the Walsh Act provides citizens with the right to ask for a special election if the commission sees fit to ignore, for whatever reasons, the requests in the petition.

Dr. Bevinetto Working

In this case, the petitioners are seeking a full time health officer to handle the health requirements for a community of 40,000 residents. Belleville currently has such a man, Dr. J. Richard Bevinetto, who has been working at that job since early December without pay.

Dr. Bevinetto was hired by Commissioner Vincent T. Strumolo, but after a wave of

DONATION — Frank McFaden (left) vice president of the Fidelity Union Trust Co., and a trustee of the Belleville Foundation seems to be temporarily distracted as he presents a check to Albin H. Oberg, executive director of Clara Maass Memorial Hospital for \$50,000, a grant from the Belleville Foundation, an organization which was incorporated in 1942 by a number of the major business concerns in Belleville to support several local charitable groups. This grant of \$50,000 brings the total amount contributed to Clara Maass Memorial Hospital over the years to \$360,000. McFaden is presenting the check to the hospital in behalf of the foundation, stated that the \$50,000 grant was to be applied to the hospital's newly proposed 150-bed extended care unit which is soon to be constructed.

\$767 Damage To Equipment Gets Repaired

A Belleville resident whose car damaged traffic control in the community, is happy he had insurance to cover the repair costs.

Raymond J. Renz, of 240 Holmes Street, Belleville, was the owner and operator of a motor vehicle which struck and damaged the traffic signal (traffic signal control equipment and meter cabinet) located at the Northeast corner of Washington Avenue and William Street, in an amount of \$767.50.

Renz was insured by the North River Insurance Company, of 110 William Street, New York, which agreed to reimburse the Town for damages sustained in the full amount of \$767.50.

The Department of Law is hereby authorized to prepare the necessary papers for the adjustment of the claim on behalf of the Town.

He changed our lives.

Just one hundred years ago, Thomas A. Edison applied for the first of his patents. More than a thousand inventions followed, creating new products and whole new industries, and turning the course of history. Scarcely a life has gone unchanged by the benefits of electrical energy.

This week of Edison's birth date is set aside as National Electrical Week to honor him and the many others whose patient efforts and brilliant insights have made our modern way of life possible. In honoring them we do not look to the

past, but to the future. For indeed, the greatest honor we can bestow upon them is to carry their work forward . . . to fulfill the rich promise of a better life for all men.

The electrical industry today is entering the age of nuclear energy. More than ever, it offers rewarding careers to the young men and women who, like Edison, choose to devote their skills, intelligence, and education to generate electrical power and to discover new ways to use this power in the service of mankind.

Leave 10 Month Child

The young couple had only four days plus Roger's leave time, to be together in all their married life. Their son, Roger Jr. is now ten months old; he was born in Clara Maass Memorial Hospital, Roger Sr. was able to obtain leave and arrive to be with his wife and new baby the day after the birth.

Services were held at 9:30 a.m. Sunday at the Holy Family Church, Nutley, with Father Robert Cassini officiating. Burial was at Holy Cross Cemetery, North Arlington.

In his letters home from Vietnam, Crowell shows that he still had the same hopes and interests in his family's activities that he had before he became a soldier.

Letter From Vietnam

Vietnam: "Hello Brother, How's things going back home? Good, I hope. I hear you put the engine in Vinnie's car (a racing motor). How does it go? Mom said you were over to get my address about a week ago so maybe I'll be hearing from you soon. We just got back from a big operation last night and boy did it feel good to sleep on a cot and have a shower. I guess Mom told you that they finally made me Specialist 4th Class. It's about time, especially after 11 months of Pfc. What have you been doing lately? Are you still working in the schools? Well, there isn't much more to write about."

"Hello, Mom and Dad, I guess it's been quite a while since the last letter I wrote you. Everything is okay here. I came back to Cu Chi just in time to see Bob Hope. They had a pretty good show and it really gave the guys a good time so it kinda made up for not being in on Christmas..."

Bowling Is Hazardous Safety Council Says

People don't have to be told to drop bowling balls on their toes. But such accidents happen.

And so do other bowling mishaps whose causes are not quite so obvious.

The New Jersey State Safety Council offers the following safety tips to bowlers:

Avoid pinching of your fingers when obtaining the ball from the return rack.

Be alert in handling the ball so you don't hit another bowler or a spectator.

Keep beverages or food away from the actual bowling lane and approach — spillage can make a slippery floor area.

Store shoes, bowling bags and other equipment so that it doesn't clutter the spectator aisles or bowling area.

Make the one for the road a non-alcoholic beverage.

The City Subway

At last week's Town Commission meeting Commissioner Vincent Strumolo offered a motion to protest the proposed shutdown of Newark's city subway trolley service which begins at the Belleville line.

Strumolo's action was very necessary and well taken. Public Service should not be permitted to abandon the subway service which is a vital link for Belleville residents going to Newark center and New York via Pennsylvania Station.

At this time of city crisis Newark can ill afford to make traveling to its community more difficult than it is.

While the Strumolo resolution was

directed to the attention of the Public Service Coordinated Transport, the State Legislature and the Public Utilities Commission, we believe it would serve a useful purpose if a copy of the resolution would also be sent to the Mayor and Council of the City of Newark — for after all, while the convenience is primarily for our area people the subway goes both ways — it brings workers and shoppers into Newark.

This consideration should require that Newark's public officials be in the forefront to maintain the city subway system which for the past 33 years has served the area so well. — F.A.O.

St. Valentine's Day

Despite popular conceptions in various sections of the country, there is no general agreement as to the origin of St. Valentine's Day as we observe it today. Perhaps the most logical explanation of how the name Valentine came to be connected with a day on which lovers send tokens to one another lies in its connection with a prevalent belief in Europe in the Middle Ages.

Literature of this period, Chaucer's time, shows the popular conception was that birds began to mate on February 14th. Thereafter, English literature frequently mentions the day as a sacred one for lovers. The name itself could have come from either of three great Valentines.

Abraham Lincoln

One of the most revered and least understood Americans was Abraham Lincoln, born February 12th, 1809 in Hardin County, Kentucky. Life dealt harshly with him, bringing him sudden assassination after four years of tragic war and worry. But fate and history have been kind.

As with John F. Kennedy, the assassination of Lincoln tended to produce nostalgic legends as much as factual. He was kindly and forgiving with vision and foresight, incorruptible, a natural leader of men and a self-made man.

It is not true that he freed the nation's slaves in 1864, or even that he favored a vote for the Negro up to the civil war. His 1863 Emancipation Proclamation proclaimed freedom only for the slaves of the Confederacy (not the Union) as of January 1st, 1864 and

since federal forces did not control most of the Confederacy, the effect was limited. But as a public opinion move, the proclamation had worldwide effect and was a stroke of genius.

Lincoln's humility and kindness, his tolerance and forgiveness, like those same qualities so impressively exhibited by Jesus, placed him above most mortal men. Yet he would not give in on matters of principle, and was willing to pay the price — witness the Civil War which brought upon him so much condemnation initially in both North and South.

His long opposition to slavery and his leadership during the Civil War in keeping the nation united have brought his name fame as an apostle of liberty and human dignity throughout the world and made it a venerated one in even the most far-away places.

The Bishops Speak in Vietnam

In South Vietnam Roman Catholic bishops recently gathered for their annual meeting. One of the surprises was a call to halt the U.S. bombing of North Vietnam. Another was a statement critical of the Saigon Government headed by Nguyen Van Thieu, himself a Catholic.

The bishops implied the people of the South no longer believed in their government, of the justness of the cause, and concluded the warning with these words: "There is no one at the present time who realizes the extreme gravity of the situation in our country."

Catholics comprise only about 1.7 million of South Vietnam's 17 million inhabitants and most of them are re-

fugees from North Vietnam. But Catholics, with shrewd politics and imaginative action, have gained control in the Saigon Senate and are powerful in the House, in addition to having a Catholic President.

The Catholic Church, then, is sensitive to public opinion and Vietnamese politics and likely to know the mood of the countryside, especially so because Buddhists make up the vast majority of the population and could threaten Catholic power, position and wealth if antagonized sufficiently. A warning from South Vietnam's Catholic Bishops, then, some of whom have already been run out of the north should hardly be ignored by either Saigon or Washington.

Ike: Most Admire Him The Most

The man Americans admire most, according to a recent Gallup Poll, is former President Dwight D. Eisenhower. Thus the former General and leader of victorious Allied armies in World War II, who afterwards served eight years in the White House, is staging something of a popularity comeback.

For a time after his retirement from the Presidency it was fashionable to knock Ike as being a "golfing" President and in most polls among historians and political writers he has not been rated as highly, for example, as former President Harry Truman.

Yet former President Truman only barely made the most-admired list this year, in tenth place. Last year he was not among the top ten. Thus there is a discrepancy between the "egg-head" appraisal of Ike as a President and his popularity among the "peepul."

It's often true, of course, that the more vocal segments of the population, or the more concerned elite, are not in tune with majority sentiment. Of course, as writers of histories, minorities sometimes change an image with the passing of time. Professional political critics in recent years have not been unkind to Truman; they have sometimes been less kind to Eisenhower.

But Ike is still greatly admired by the American people, and logically, for among other things he rendered his country outstanding service as a soldier. And it could well be that the qualities which make a great soldier have a somewhat different application in the happy world of politics and bureaucracy, that actions considered weakness by some are considered strength by others.

Seems Only Yesterday

ONE YEAR AGO

Belleville High School was evaluated and fully accredited by the Middle States Association of Colleges and secondary Schools' Evaluation Committee.

Mrs. Lenora Keeny of Union Avenue was elected to the Board of Trustees of the Family Service Bureau of Newark as a representative of the Family Counseling Service of Belleville.

FIVE YEARS AGO

The Town Council introduced an amendment to the sanitation code limiting the fat content of hamburger to 30 per cent, at the behest of the Town Health officer.

William Abramson, a member of the Board of Adjustment, submitted a letter of resignation to the Town Council.

Town Council introduced a "resolution" forbidding any person from leaving Belleville during the two day George Washington Day Sales. Chuckling councilmen seconded the "motion" and passed the "resolution."

Nutley merchants were planning to join forces with the Retail Division of the Nutley Chamber of Commerce to provide a terrific money-saving program for Washington's birthday.

TEN YEARS AGO

Police apprehended a Belleville youth and a Newark youth for burglary of the L & S Drug Store, on Franklin Street.

A shivering Belleville was still working off the effects of the worst snowstorm in 11 years. It dropped 11 inches of windswept snow on the community over a two day period.

Dr. Frank Di Ruggerio was elected president of the Board of Education for the next year at the Board's organizational meeting.

15 YEARS AGO

George Waller of the Bronx, New York, was fined \$103 and had his driver's privileges in New Jersey suspended for six months for going 41 mph and running several red lights on Washington Avenue.

Ten men arrested in a raid on a political club at 90 Franklin Avenue, were fined by Magistrate Edward Abramson after a lengthy trial. Police raided the premises after they had received a tip that gambling was taking place.

20 YEARS AGO

Quick action by Belleville police and firemen averted a tragedy at the St. Peter's School. A leak in an outlet pipe allowed coal gas to escape and five teaching sisters at the school were overcome.

Officers of the First National Bank announced that they had retained Edwin Jennings, tax consultant, to assist Belleville taxpayers in the preparation of their returns.

30 YEARS AGO

Rev. Edgar M. Compton was elected president of the Board of Trustees of the Community Service Bureau.

"He" was the title of a play presented by the Little Theatre Guild before the PTA of School 1 at its regular meeting.

Speak Up

Some Serious Questions On Municipal Finances

To the Editor:

Why were the middle three columns of the following table missing from the leaflet report of a proposed 107 point Belleville Municipal budget increase for 1968?

	Proposed Budget Increase 1968	Apparent Due To Loss Of \$13 Million Evaluation	Proposed Budget Increase 1968	Assessed Increase To Low Rate Taxpayers	Total Rate Increase 1968 As Proposed
School	\$286,689.00	\$293,000	17	15	32
County	\$325,154.25	\$212,000	20	10	30
Town	\$506,276.61	\$180,000	29	8	37
Vet & Sr. Citizen	\$1,170.00	\$1,300	—	1	1
Reserve	\$75,540.79	\$47,000	4	3	7
Total	\$1,192,490.65	\$733,300	70	37	107

Why was this leaflet distributed four days before the citizens of Belleville were to vote concerning the proposed 1967 Board of Education budget? Was it an attempt to make the Board of Education and the County look equally responsible as the Town for what appears to be a giant tax increase even after cuts are made?

Why does Commissioner McGreevy make press statements concerning the fact that John P. Burnett, former Town Manager, used \$170,000 of surplus in the 1967 budget when the current Town Commissioners spent almost half of that figure to refurbish Town Hall soon after taking office? Why didn't the budget leaflet show in clear terms that Belleville's assessed evaluation will drop \$13,000,000 from \$183,000,000 in 1967 to \$170,000,000 in 1968? With the obvious inflation and increased property values how did Belleville lose \$13,000,000 in assessed evaluation?

A large increase in taxes due to budget requests presents enough of a problem in itself. The fact that over one-third of the proposed tax increase would be caused by a loss of assessed evaluation in Belleville must be explained to its citizens.

In short, why are the citizens of Belleville being deceived? Why weren't all of the facts presented? Why do elected officials use a portion of the facts in an attempt to lessen their apparent responsibility for a tax increase? Is the "five headed monster" Commission form of government really more efficient economically than the Council-Manager form in Belleville was?

Has a new "member racket" found a home in Belleville? I refer, of course, to the proposed Municipal budgets (Town, Board of Education, and County) that have been released through the press and in leaflet form concerning these proposed budgets for 1968 in Belleville.

The Board of Education has requested that Belleville taxpayers pay \$286,000 plus more in school taxes in 1968. Their publicity figures said this would mean a 17 point tax increase.

The County budget for 1968 calls for an increased payment of \$325,000 plus by Belleville taxpayers. Some newspaper accounts of this increase stated that it would be a 12 point increase.

Now Town officials have released the total projected Municipal tax budget in leaflet form and through the newspapers. This report shows the \$286,000 increase request by the Board of Education, but calls it a 32 point raise to the taxpayer. The \$325,000 County increase is also shown, but it is called a 30 point tax increase. The "proposed" Town budget increase to the taxpayers is shown as \$506,000 plus and a 37 point increase.

The Veterans and Senior Citizens cost is down \$1,170, but the rate is up one point. Which tax rate figures are correct?

Are these figures being used strictly for political purposes?

If one looks at this Municipal report carefully he finds that in 1967 the tax to be paid by citizens at a rate of \$4.57 per \$100 of assessed evaluation was \$8,380,883.15. If the rate is divided into the latter figure and multiplied by \$100 the assessed evaluation in Belleville should have been about \$183,000,000. If the same is done for the proposed 1968 figures, I.E. rate \$5.64 per \$100 evaluation and \$9,573,373.80 tax, the 1968 evaluation is only about \$170,000,000.

What happened to \$13,000,000 of assessed evaluation? Based on the 1968 figure this is a 7.7 per cent reduction. Will all evaluations be reduced by 7.7 percent? If not, the homeowner whose house and land are evaluated at \$20,000 will face a tax increase of \$214 in 1968, if the budget is adopted as it is proposed!

True, we live in a period of inflation, but for the Town leaders to suggest that the \$20,000 homeowner's taxes should increase from \$914 to \$1,128 in one year is absurd and unthinkable. How can a retired homeowner, not to mention the average taxpayer, be expected to carry the burden of this kind of tax increase? In 1968 Belleville homes will be reevaluated and without doubt the home and land values in Town will be increased. True, a new rate per \$100 of evaluation will then be adopted, but no one is foolish enough to believe that his tax will decrease or even remain the same.

The tax spiral will continue to rise if the present economic trend continues, but all Town leaders must do their best to minimize the rate of increase of the tax burden. With God's help this difficult task can be performed and the citizens of Belleville can be presented with a fair and equitable tax increase.

Sincerely yours,

William Y. Riedel, Jr.

Clara Maass Auxiliary Installs New Officers

At a recent meeting of the Women's Auxiliary of Clara Maass Memorial Hospital, the Rev. Donald Blume installed the newly elected officers.

Mrs. Elmer Matson of Nutley was re-elected as president for a two year term. Also installed were Mrs. William R. Kropp of Nutley, first vice-president; Mrs. Esther Hardie of Nutley, third vice president; Mrs. Peter Rudbeck of Nutley, corresponding secretary; and Mrs. Leon Overpeck of Nutley, assistant treasurer.

Other officers of the Auxiliary whose term will not expire until next year are Mrs. William Daum, second vice president; Mrs. Elizabeth Smith, fourth vice president; Miss Aurelia Fuhrken, recording secretary and Miss Dorothy Green, treasurer.

Plans for the celebration of the 100th anniversary of the hospital were elaborated by Mr. Harold Widmann of the public relations office and the auxiliary voted \$1,000 as a special gift in commemoration of the anniversary.

Previously the group had pledged \$200,000 toward the construction of the new extended care unit and at this meeting the first \$5,000 check was presented to Mr. Widmann. This payment was made possible principally by the tremendous success of the Christmas Sale held early in December at the hospital. The officers and members wish to thank all who supported their efforts on behalf of the building fund.

Miss Marie D'Alessandro, director of volunteers reported that the members had given over 17,000 volunteer hours during 1967 and commended them for their services.

The Auxiliary members took a bus trip to the Mummies' Competition in Philadelphia February 4. Throughout the year, trips to various spots are planned which provide fun for the membership and funds for the auxiliary.

AIB Hosts Ski Weekend, Gives Annual Dinner

The Essex County chapter of the American Institute of Banking hosted a ski weekend to Lake George at the Holiday Inn, February 2 to 4. Miss Diana Rahl, 1114 Passaic Avenue, Nutley, was in charge of reservations.

On February 7, the 20th annual dinner meeting presented by the combined women's committees of the New Jersey chapters of the Institute was held at the Wayne Manor on Route 23, Wayne.

Mrs. Angus MacIsaac, 46 Montclair Avenue, Nutley, Women's Committee chairman for the Essex County Chapter, attended the function.

Miss Mae Withers, another Nutley resident, was a delegate from the Essex chapter to the meeting at which Wesley B. Simmers, vice president of the Institute's North Eastern Pennsylvania's group, spoke.

Life would be more simple if more people were willing to be themselves.

VETERANS' CHOICE — Miss Sallyann Sellari of Kearny who was sponsored by Nutley Post 30 Arvets, was runner-up in the national Amvets USA beauty contest at Hollywood, Florida. Miss Sellari and Miss Amvets USA, Linda Green of Philadelphia are being honored by the local vets at a testimonial dinner-dance March 16.

Spring Hat Show, Tea Set By Nutley Juniors

The members of the Nutley Junior Woman's Club are intent on making the winter doldrums vanish at the stroke of 2 p.m. on February 17. That's the hour and date selected for their "Spring Hat Show and Tea." The setting will be the gaily decorated clubhouse at 226 Chestnut Street.

Famous brands of feminine finery such as Mr. John's, Christian Dior, and Emme, as well as a host of other names known in better millinery, will highlight the show. The hats are from the collection at Modern Hatters—a manufacturer's outlet located in Jersey City.

Approximately 40 hats will be modeled by members of the juniors, and, in spite of the brand names most will carry a price tag of well under \$10. A wide variety of styles will be available including the new "flower power" hats bursting into bloom in a riot of spring hues, sailors with wide and narrow brims, turbans, and the traditional pill box to name a few.

Admission charge is 75 cents and a limited number of tickets are available through members of the Nutley Juniors. Proceeds from the event will benefit the club's general charities fund.

Mrs. Hugh Tole heads the committee which includes Mrs. Ronald Wolthman, refreshments; Mrs. Harold Marazza, Mrs. Owen Haveron, Mrs. Robert Nagle, models; and Mrs. Thomas Chichester, commentator.

Hedwig Atherton Belleville Winner In Homemaking

Because she ranked first in a written homemaking knowledge and attitude test given senior girls in Belleville High School December 5, Hedwig Atherton becomes 1968 Betty Crocker Homemaking of Tomorrow for her school, it has been announced. Registered for the test, now in its 14th year, were 603,798 girls in 15,709 of the nation's high schools, a new record for the program sponsored by General Mills.

Hedwig remains in contention for state and national scholarship awards ranging from \$500 to \$5,000 and will be awarded a specially designed silver charm to mark her local achievement.

Cambridge School is unique in the field of business education in that it offers all qualified students the opportunity to participate in a co-operative educational program. Under this program, students are able to gain on-the-job experience while pursuing their educational objectives.

Gail Fehrenbach Married In Ceremony at St. Mary

Miss Gail Fehrenbach, daughter of Mr. and Mrs. Frank Fehrenbach of 92 High Street became the bride Saturday of Joseph Melillo, son of Mr. and Mrs. Joseph Melillo of 52 Evergreen Avenue.

The Rev. Gerard Walsh performed the afternoon ceremony in St. Mary's Church. A reception followed at Friar Tuck Inn, Cedar Grove.

Escorted by her father, the bride wore a gown of white peau de soie fashioned with long sleeves, scalloped neckline, beaded bodice and A-line skirt with full chapel train. Her French illusion veil was attached to a beaded flower headpiece. She carried a bouquet of gladiolus and white orchids.

Mrs. Carol Wright of Belleville, sister of the bride, was matron of honor. Bridesmaids included two other sisters, the Misses Lauren and Diane Fehrenbach and Miss Linda Segal of Rutherford, cousin of the bride.

The attendants were in full length brocade gowns featuring short sleeves, empire waists and A-line skirts. The matron of honor was in gold, the others in aqua. Full veils were attached to bow headpieces and they carried gold and aqua pom poms.

Frank Pagliaro of Nutley was best man for his cousin. Ushering were the groom's cousins, Peter Donatello and Jerry Naso of Nutley and Mr. Wright.

Mrs. Fehrenbach chose an azalea pink full length crepe gown with beaded neckline, matching hat and silver shoes and bag. The groom's mother was in a blue Grecian style gown with matching headpiece and accessories. Corsages were white orchids.

Mrs. Melillo, an alumna of Nutley High School and St. Vincent's Hospital School of Nursing, is a nurse in the intensive care unit of Clara Maass Memorial Hospital, Belleville.

Mr. Melillo attended Nutley High School and Carmelite Seminary, Akron, Ohio. He is a lab technician with Sol-Rex Corporation.

After a honeymoon in Miami, Florida, the couple will live in Belleville.

Students Hold Dinner-Dance; Elect Queen

"Rhapsody in Velvet" was the theme last week at the Robin Hood Inn for the students at Clara Maass Memorial Hospital.

The Student Council of the hospital's School of Nursing held its annual formal dinner-dance under the chairmanship of students Mary Douglas and Edith Faust, and the guidance of their advisor, Dr. Joseph C. D'Angelo.

Prior to the affair, the Student Council voted upon who would be their Queen and her reigning court for the ensuing year in secret ballot. The winners were known only to the person who placed the names in a sealed envelope to be opened on the evening of the dance.

First to be announced were the members of the Queen's Court: senior students, Linda Nasti and Linda Winters; junior students, Charlene Lube and Kathleen McCarey; and freshmen students, Lynn L'Hommedieu and Ellen McCarey.

Mary Douglas, voted Queen, was presented with an assortment of gifts and honors, after being officially installed.

Chaperones for the evening were: Dr. and Mrs. Joseph C. D'Angelo; Mr. and Mrs. Robert Scoloveno.

Invited guests were Mr. and Mrs. Albin H. Oberg, the hospital's executive director; Mr. and Mrs. Emil I. Horak; Mr. and Mrs. Harold C. Widman; Dr. and Mrs. William Greifinger; Dr. John Lepore and Miss Evelyn H. Hamilton.

Womans Club Of Nutley Plans Show, Card Party

Evening and Junior Departments of the Womens Club of Nutley hope to top fund raising expectations for two New Jersey charities.

The ladies of the Nutley Womens Club have completed plans for their March 11 Fashion Show and Card Party, and their hopes are ballooning for a smooth and profitable conclusion to their year long preparations.

Their project, the Ruth Carole Gottshoe Foundation was voted on affirmatively and adopted by the Evening Department Chairman, Mrs. Graham V. Downin at the seventy third annual convention of the New Jersey State Federation of Womens Clubs Evening Department.

A goal of thirty thousand dollars was pledged to the Foundation by the 4500 members of the evening departments at their meeting in Chalfonte-Haddon Hall at Atlantic City last May.

The Foundation will use these funds to purchase artificial kidney machines to lend to people with diseased inoperative kidneys. The machine functions in place of their own organs in removing wastes from the blood.

Also Miss Anna May Fulton, Mrs. W. O'Shaughnessy, Mrs. Abraham Paine, Mrs. W. Spence, Mrs. Lyman Nichols, Mrs. Harold Marrazzo, Mrs. James Faulkner, Mrs. W. Trichell, Mrs. Ronald H. Wright, Mrs. F. Paterson, Mrs. W. VanSchoick and Mrs. Hugh Tole.

New Jersey Garden Club To Sponsor Flower Show

Tricolor and Creativity awards will be made by the Garden Club of New Jersey at its largest standard flower show of the year, to be held as part of the 1968 annual New Jersey Flower and Garden Show. The state's traditional first sign of spring will take place at the Morristown Armory from Friday, March 22 through Thursday March 28.

Nearly 1,000 entries, including junior and high school competitions are expected in the Garden Club displays. Once again, the show has been divided into two equal segments to accommodate the gardeners from every area of the state who want to participate.

Each of the shows will have accredited judging and awards. Design, distinction, technique, originality, interpretation and freshness of concept will be among the factors considered in judging.

The Garden Club of New Jersey has a total membership of 7,500 throughout its 175 affiliates in the state. Mrs. Harold Plotcher of Morristown is the club's general chairman for the Flower and Garden Show competition.

The public prefers sex to wholesome writing and that explains the success of many undeserving authors.

ARCHITECT'S SKETCH for Belleville's new operating station and business office is displayed here. Architect for the one story structure is Frank Grad and Sons of Newark, and the contractor is B. & D. Malcolm of Wayne.

TOWN OFFICIALS turned out for the ground breaking for Bell Telephone's new operating center and business office. From left are chief engineer metropolitan area E. J. Doyle, Mayor Kenneth D. Smith, Commissioners Joseph McGreevy, and Mary Senatore, Louis F. Kelsey, general commercial manager, metropolitan area; Commissioners William Cullen and Vincent T. Strumolo and F. G. Meissner, Jr., division commercial manager, Essex and Bryant Malcolm, building contractor.

CONSTRUCTION STARTS on New Jersey Bell's operating center and business office at 412 Washington Avenue, Belleville. The office is scheduled for completion by the end of the year. The office will be a one story structure with a partial second story. Turning the traditional first shovel of earth are, from left, Mayor Kenneth D. Smith and Louis F. Kelsey, general commercial manager metropolitan area for New Jersey Bell.

Bell Telephone Constructing Business Office in Belleville

Construction will begin immediately on a new business office and operating center for New Jersey Bell Telephone Company at 412 Washington Avenue, Belleville.

Groundbreaking ceremonies took place at the site recently. The building is scheduled for completion by the end of this year.

It will be a one-story structure with a partial second story. Architect for the project is Frank Grad and Sons of Newark and the contractor is B. D. Malcolm of Wayne. The exterior of the structure will be a deep tan brick.

The building will have a 78-foot front on Washington Avenue and will run 86 feet deep, on a lot 125 feet deep by 142 wide.

It will provide for 62 traffic service positions, a business office, an employment office, and associated administrative offices and switching equipment. The traffic service position (TSP) unit will handle a projected volume of 37,520 calls a day.

Traffic service positions (TSP) are push-button operated consoles without the traditional connecting cords seen on the standard switchboard. All switching or connecting of telephone calls is done in the dialing equipment.

Customers will be able to dial person-to-person, collect, or even use Bell coin phone calls, and calls billed to a third number.

For example, on a person-to-person call, the caller first dials zero plus the area code number he wants.

A TSP position is alerted and while the call is moving through the Direct Distance Dialing network — the nationwide dialing system — a TSP operator asks the caller for details of the call. When she has him on the line she depresses certain keys for timing and billing which are then handled automatically.

Through TSP, the company is able to increase the speed with which long distance calls are handled.

Officials Pledge to Uphold Wishes of Town Citizens

(Below is the complete text of the statements made by Mayor Kenneth D. Smith and Commissioner Mary Senatore at a recent hearing regarding the land use portion of the master plan.)

Mayor Smith said, "Ten nights ago in this very auditorium a thousand Belleville hearts beat just a little faster. "Ten nights ago in this very auditorium a thousand Belleville bodies vended their weary way home — hearts heavier than when they arrived. "Ten nights ago a thousand troubled minds accompanied those thousand bodies back home. "Comfort was replaced by doubt. "Security was replaced by fear. "Friendship was replaced by anger. "Community peace was replaced by community unrest, and joy was replaced by sadness.

"Your commissioner's aim to keep our town a peaceful community. You have spoken and your voice has been heard. "We assure you here and now — we pledge to you tonight — no zoning law will ever be adopted by this Commission that will change the character of a neighborhood unless you the neighborhood people — are in agreement with the proposed change. "As long as I hold the high honor of mayor and Commissioner of this great town of Belleville, I will fight to protect the rights of our people. I have believed and will continue to believe human rights are more important than property rights. As long as I'm mayor of Belleville, there will be no room in our town for change. SPREADING THE WORD — Celebrating the 100th Anniversary of Clara Maass Memorial Hospital, these volunteers are scheduled to place posters at a number of business establishments in the area. Pictured from left to right are: Miss Marie D'Alessandro, director of volunteer services;

Judy Gray of 101 Myrtle Avenue, Nutley; and Eileen Hanrahan of 134 Linden Avenue, Belleville. They were among the first to take on the distribution assignment and ask the town's business people to support their community hospital.

Kiwanis Club to Sponsor Charity Card Party Soon

Sam Pearl, president of the Kiwanis Club of Belleville named Jim DeJonge to the post of general chairman of the annual charity card party of the local service organization.

This card party is the sole means in which the Kiwanis Club of Belleville derives its funds to support their many charity endeavors. The affair will be held April 24th at the

Elks Auditorium on Washington Avenue.

The annual card party of this Kiwanis Club over the years has gained such publicity that it is recognized more as a show than a card party. It has the antics of the "Hells-a-Poppin Show." From the time one enters the auditorium, the fun starts and the people are looking everywhere to see what is going to happen next. There are many novelty prizes and gimmicks.

For anyone looking for a good night of entertainment, we strongly recommend the Kiwanis Card Party. The entire committee will be named later.

Careless typewriting, or typesetting adds many new, and sometimes juscious words to the language.

Persian Panorama Becomes Exciting Travel Film

"Persian Panorama" is the title of Nicol Smith's exciting new travel film to be presented by Unity Travel Course on Thursday, February 22 at 8:15 p.m. in the Montclair High School Auditorium.

Nicol Smith has made an enviable reputation as an explorer of strange, remote and interesting places. He is the author of five books, the most recent of which is "Golden Doorway to Tibet." During World War II, Lieutenant Colonel Nicol Smith was a secret agent for the OSS in both Thailand and Vichy, France. His programs are essentially stories about people, fascinating, bizarre, strange and amusing stories.

The tolerance of variety is the mark of intelligence.

Joseph E. Ellis Now in Germany

Army Private Joseph F. Ellis, 20, son of Mr. and Mrs. Frederick G. Ellis, 40 New Street, Belleville, was assigned as a driver in Headquarters, U.S. Army Strategic Communications Command, Europe near Schwetzingen, Germany.

If you are very good, or very smart, somebody will eventually discover it without your bragging about it.

Lupertazzo Charged With Belleville Gun Slaying of 22-Year-Old Woman

George Lupertazzo, 38, was recently arrested on suspicion of murder in the fatal shooting of a woman at his address, 64 Franklin Ave., Belleville.

Police were called by Lupertazzo and arrived about 8 p.m. on report of a death in Apartment 301. In the bedroom they found Mrs. Barbara Santoro, 22, who had been shot once through the chest. She was pronounced dead by the police physician, Dr. Donald Brown.

According to Captain Frank D. Haigh, head of the Detective Bureau, a gun was found at the scene, and is being tested ballistically to determine whether it is the murder weapon.

After investigation police became suspicious of Lupertazzo and charged him with the crime. He was arraigned the following day and the preliminary hearing was waived. The case is slated for Grand Jury action soon.

No motive for the crime has yet been established by police, Captain Haigh said.

Brotherhood Week Observance Ready For This Saturday

Brotherhood Week will be celebrated by congregants of the Watchung Presbyterian Church and Temple Menorah, both of Bloomfield, at an interfaith supper, to be held in the Malick-Shuster Hall, Temple Menorah, on Saturday, February 17, at 6:30 p.m. Following the supper, there will be entertainment by the Oriental Band, of Salaam Temple, A. A. O. N. M.S.

Samuel S. Goldsticker, Bloomfield, and Mrs. Harold Meyer, Clifton, are co-chairmen for Temple Menorah, and William McMillan, is chairman for Watchung Presbyterian Church.

First CARE operations in Indonesia are under way, with initial emphasis on a pilot feeding program for school children.

PLAY BIG WIN

Every Week in
The Belleville Times
WATCH FOR IT!
CONTEST STARTS
FRIDAY MORNING

WIN \$1000 'SPENDING MONEY'

READ THESE SIMPLE RULES

Each week, in the Belleville Times, Belleville merchants will run tremendous money-saving Weekly Specials on these pages. These weekly special advertisements, which are designed by Belleville merchants to help fight the constantly rising cost-of-living, will feature one tremendous bargain in each ad. Directly under the price in each advertisement there will appear one word. When the reader assembles all the words in proper order, the completed phrase should be brought to the store on Washington Avenue that has been selected to be "Treasure Chest of the Week." Somewhere in the phrase is a clue to the

identity of this store where \$100 in "spending money" is located. A new phrase and new clue will appear each week. If the "spending money" is not found that week another \$100 "spending money" will be added to it. The same will happen the next week if it's still not found. The \$100 "spending money" will be in the form of 20 certificates of \$5 each and can be spent at any of these participating stores any time — they're just like cash. The Belleville Times will redeem them at face value from the participating merchants. Anyone can play, the whole family—no age limits!

William H. Lang Becomes Bank Board Vice Chairman

William H. Lang, administrative vice president and Treasurer of the United States Steel Corporation, will become vice-chairman of the board and chairman of the executive committee of the First National State Bank of New Jersey, effective February 1.

This was announced today by W. Paul Stillman, chairman of the board of First National State. The bank, which is headquartered here, is the largest commercial bank in New Jersey. In his new position, Stillman said, Lang will have responsibility for all of the bank's major policy functions.

Lang, a resident of Short Hills, has held his present office with U. S. Steel since he joined the corporation in 1934 as an analyst in the credit department. He was elected Administrative vice president and treasurer in 1959. He intends to retire from that post to accept his new position.

"We are delighted to have a man of Lang's stature and broad background in industrial finance to play a leading role in the future of First National State Bank," Stillman declared. "We are confident that during the years ahead he will strengthen our position as a key factor in New Jersey's business and industrial growth."

Lang was elected a director of First National State last month.

Besides his position with U. S. Steel, Lang is president and a director of both the U. S. Steel Homes Credit Corp. and the U. S. Steel Overseas Capital Corp. He also is a director of Reactive Metals, Inc., and Altos Hornos de Vizcaya, a Spanish corporation.

where he completed a program in advanced management.

He currently is a member of the board of Governors of the Bankers Club of America, and is a member of the Treasurers Club of the City of New York and the Council of Financial Executives of the National Industrial Conference Board. Lang also is treasurer and a director of the Deafness Research Foundation of New York.

A resident of Short Hills for the past 15 years, he is chairman of the Board of Trustees of the Community Congregational Church there and a member of the Millburn Township Board of Adjustment.

He is former Chairman of the Board of Trustees of the Short Hills Country Day School and formerly served on the Board of Overseers of the Tuck School of Business Administration of Dartmouth College. He also was formerly on the board of trustees of the New Jersey Symphony Orchestra.

Lang and his wife, Lida, have their home in Short Hills on Dilbarton Drive. They have three married daughters.

Roche Reduces Air Pollutants

In a determined effort to help reduce air pollution, Hoffmann-La Roche Inc. has made major changes in its steam-generating operations which have reduced air pollution originating in its Nutley, plant by 51 percent.

This significant advance has been accomplished by converting the largest steam genera-

tor of the company from No. 6 fuel oil to natural gas. While currently available grades of fuel oil for industrial use contain at least 1.3 percent of sulfur — and sometimes considerably more — natural gas is completely free from this major source of air pollution.

In order to permit this conversion, Hoffmann-La Roche

has converted four fuel oil firing guns to gas burners; the company has also modified its flame-monitoring equipment and brought in a larger pipe line for its supply of gas from the Public Service Electric & Gas Company.

In addition, Hoffmann-La Roche has switched from number 6 fuel oil to another fuel oil with lower sulfur content so as to reduce air pollution by its steam generators.

Experts look into the question of why we live; average citizens might attend to the "how we live" problem.

Lehigh University Starts Off Campus Seminars

The Alumni Association of Lehigh University is initiating a new program of off-campus seminars designed to strengthen intellectual relations between the University and its graduates and friends.

The first day-long seminars of a proposed nationwide series, which will in effect take a classroom to members of the "Lehigh Family," will be held in Newark, N.J., on March 2, and in Philadelphia on March 16.

With the emphasis on meaningful interaction, the programs will enable alumni and friends to continue their ties

with Lehigh and at the same time give the University an opportunity to share with them the story of its technological progress.

Belleville's Varsity Bar Gets Off the Hook; ABC Can't Prove Liquor Sold to Minors

State Alcoholic Beverage Control action against Sam Stellatella, owner of the Varsity Bar at 35 Williams Street, was dismissed recently when the bar owner proved liquor had not been sold to minors from his establishment.

His bar had been charged with selling alcoholic beverages to a Belleville 20-year-old youth.

The ABC testified on early Sunday morning, April 16, 1967, the youth was a passenger in his father's automobile. The driver of the car was Richard McPhil, 21 years of age. McPhil stopped the car on the northerly side of William Street approximately twenty feet easterly from its intersection with Cortlandt Street and across the street from the licensed premises (a tavern) located on the southeasterly corner of William Street and Cortlandt Street.

Both youths entered the tavern at "1:30." The youth ordered a sausage sandwich to take home. The bartender said he would have to "wait about 15 minutes because it would take that long for the sandwich to be ready." Meanwhile, McPhil orders a container of beer, paid for it and departed with the container after staying in the tavern ten minutes. The youth waited ten or fifteen minutes for the preparation of the sandwich and brought it to the car and sat in the passenger side. The container of beer was in the car. After the car made a left turn into Cortlandt Street, the youths were intercepted by Sergeants Place and Kimble of the Belleville police force.

Upon being questioned by the police officers, the youth said he was 20 years of age. McPhil said the beer was his, he took it out of the tavern. The youth denied coming out of the tavern with the beer. No mention was made of the sandwich that was in the back seat.

Sergeant Kenneth Place of the local police force testified that, accompanied by Sergeant Raymond Kimble, he was in a police radio car patrolling the area where the licensed premises was located on the date and time in question. Noting the presence of an automobile parked on the northwest corner of William and Cortlandt Streets with its motor running and a male exiting from the front door of the tavern carrying a plastic container, approximately a quart in size, which had foam on top, was gold in color and resembled beer. The male who entered the parked automobile and sat on the passenger side of the car

was later identified as the apprehended youth.

The car made a left turn into Cortlandt Street and passed the lot where the police car was parked. Place drove out of the lot and forced the car in which James was a passenger to stop. Observing the presence of the plastic container in the front seat, he smelled and tasted the contents and testified that, in his opinion, the contents of the container was beer. He admitted that the liquid was beer and upon questioning by the police officer said, "It (the beer) was obtained from the Varsity Bar."

Upon cross examination, the officer testified that, upon interrogation, the driver of the car (McPhil) stated that he had purchased the beer. On redirect examination, Sergeant Place testified that the youth denied carrying the beer out of the tavern.

The testimony of Sergeant Raymond Kimble mainly corroborated Sergeant Place's testimony as to the matters material to the charge.

In defense of the charge, Sam Stellatella, the president of the licensee corporation,

testified that he was not in the tavern at the time of the occurrence. His "partner" Tony Fasio (who was ill and could not attend the hearing of the charge being tried) was tending bar at the time of the alleged sale. He produced at the hearing a sandwich which is long and narrow in shape (commonly known as a "hero" sandwich) and testified that that type of sandwich is sold in the tavern. Sandwiches are prepared on the grill at 1:30 a. m.

In rebuttal, the police officers testified that they had searched the car and did not see a sandwich in the car.

The youth was called to the witness stand by Stellatella and testified that the police officers searched the front of the car only and not the rear car seat.

Joseph M. Keegan, ABC director said, "It is apparent that the major point of inquiry is factual. In this case, as in all disciplinary proceedings, the ABC Division has the burden of proving the truth of the charge by a preponderance of the evidence. Inasmuch as it is my view that the testimony fails to establish

that the licensee sold, served and delivered and allowed, permitted and suffered the sale, service and delivery of alcoholic beverages to a minor, as alleged in the charge, I recommend that the licensee be found not guilty and that the charge be dismissed," he said.

3,000 Waterfowl Banded By State Biologists

Over 3,000 waterfowl have been banded by New Jersey Wildlife Biologists this winter, according to Commissioner Robert A. Roe of the State Department of Conservation and Economic Development.

The banding effort is part of a nationwide program conducted in cooperation with the Fish and Wildlife Service of the U. S. Department of the Interior. The aim is to amass information about the migratory patterns and other trends of major water fowl species.

Black ducks and scaup are the species on which this winter's New Jersey banding effort is centered. The Division of Fish and Game was asked to band at least 2,000 of each, as well as any other ducks captured.

Children's Movie Hour Is Set for February 24

The Children's Department of the Belleville Public Library will have two showings of its monthly children's movie hour on Saturday February 24th at 10:30 to 11:30 a.m. and again at 2:30 to 3:30 p.m.

Seating at the 10:30 showing will be on the first-come first-served basis. Children who cannot be accommodated will be given tickets guaranteeing them a seat at the 2:30 showing. If enough children attend the second showing, the children's department will continue to present two movie hours each month.

Highlighting the hour will be two color movies that will appeal to children of all ages. "Peter and the Wolf" is a musical fable which uses the sound qualities of different instruments to characterize Peter's animal friends.

"The Story of Ping" is a charming tale about a mischievous Chinese duck who lives on a houseboat and his night of adventure on the Yangtze River.

Included also on the program

is a color film entitled "American Cowboy" which shows how the modern American cowboy spends his day on the range and the ranch. All Belleville children are welcome.

Contract Bridge Is Subject Of YMCA Thursday Classes

A course in contract bridge for beginners will be conducted at the Montclair YMCA Thursday morning from 10 to 12 noon beginning February 29. Goren teacher at the Irvington Adult School, Mrs. Buddy Frost will be the instructor for the 8 session class.

Fee for YMCA members is \$10.00, for non members \$12.00. A beginners handbook by Charles Goren will be used. Cards will be provided.

For further information and registration forms, call the YMCA at 25 Park Street, 744-3400.

Harry Ford, Liverstakes Big Winner

Harry H. Ford, 246 Greylock Parkway, Belleville, has won second prize in Mrs. Weinberg's First International Chopped Liverstakes.

Ford was informed by letter this week of the win. The letter of notification was signed by Sidney Weinberger, president of the copped liver firm.

The note said, "You will be pleased to learn that your entry in Mrs. Weinberg's 'chopped liverstakes' has been drawn from the fish-

bowl as a second prize winner.

"Your prize of a \$100 U.S. Savings Bond will be sent to you by mail.

"We thank you very much for having entered Mrs. Weinberg's chopped liverstakes and appreciate your enjoyment of our product."

Unity Course Presents Film About Central Italy

"Florence and the Heart of Italy" is the title of Eric Pav-el's newest travelogue film, which was presented by Unity Travel Course February 1 in Montclair High School.

Central Italy is the most interesting country in the world. It includes not only Florence, but also that wonderful region of mountains extending from the Mediterranean to the Adriatic. Upon these mountain tops was born the Renaissance of religion, humanity, science, literature and art which dispelled the darkness of the Middle Ages, lifted the minds of men and spread to Rome, France and England to give us the civilization that we have today.

The story begins in Florence with its medieval walls, palaces, churches, narrow streets, statues, fountains and bridges. We visit the Palazzo Vecchio and the Pitti Palace, admiring the sculptures of Michelangelo, paintings by Leonardo Da Vinci, and ceramics of Della Robbia. In the park of the palace, we see an iris show by day and a 16th century opera by night. On the Ponte Vecchio we admire antique jewelry and the art of making golden trays with florentine design. We visit Count Emilio Pucci in his palac, where he designs dresses for the most elegant women, and on the Piazza Della Signoria we watch the pageantry of the traditional football game in 16th century costumes. A drive through Tuscany takes us to the walled city of Lucca, the towers of San Gimignano, the marble quarries of Carrara, and the historic city of Pisa with its leaning tower.

The second part of the film begins in Rome where we visit the magnificent ruins of the Roman Empire — the Coliseum, the Roman Forum, the Trojan Column, and the Arch of Constantine. Fifteenth century Rome is represented by the Piazza Navonna, the Spanish steps, the Campidoglio de-

signed by Michelangelo and the many splendid fountains of Rome and the Villa D'este. The Rome of today greets the tourists with elegant shops, nightclubs, opera and ballet. Naples, Sorrento, Amalfi and romantic Capri with its blue grotto are scenic highlights of the heart of Italy. The historic city of Sienna with its annual pageantry of the Palio brings the film to a climatic ending.

L. Fitzpatrick Takes Course In Oklahoma

Lawrence J. Fitzpatrick of 44 Division Avenue, Belleville, was among postal service officers and trainees from 24 states who participated in the second series of management training conferences conducted by the University of Oklahoma for the U. S. Post Office Department.

The 26 persons attending the session represent 12 U.S. postal regions and are among 360 officers and trainees who will attend one of the 12 one-week training sessions conducted in 1967-68 at the Oklahoma Center for Continuing Education at the university.

The conference includes sessions on work simplification, communication, persuasive motivation, formal report writing and intra-personal relation-

YMCA to Hold Golf Lessons

Beginning, intermediate and advanced golf lessons will be given at the Montclair YMCA.

Eight one hour sessions will be held for each skill level with Lloyd Monroe, assistant pro at the Essex Fells Country, the instructor.

Whiffle golf balls will be provided but participants should bring their own clubs. However, clubs are available.

Beginning instruction for women will be held Tuesdays from 10 to 11 a.m. in the large gym at 25 Park Street starting February 6, while the women's intermediate and advanced class will be held Wednesday morning from 10 to 11 a.m.

Fee for the women's sessions is \$12.00 for YMCA members and \$14.00 for non members. The maximum enrollment is 30 per class.

Co-ed evening golf for all skill levels will begin Wednesday, February 7 and be conducted for 8 weeks from 8 to 9 p.m. in the large gymnasium. Maximum enrollment is 20 with a cost to members of \$12.00, to non members \$14.00.

For registration forms and further information, contact the women's desk at 25 Park Street or call 744-3400.

ships. The purpose of the sessions is to provide the postal service officer with a working knowledge of the technical, operational and administrative skills necessary to efficient and effective performance.

Police Expose Details of Drug Raid That Locked Up 6 Belleville Youths

Details of a drug party that landed six Belleville youths in jail were revealed recently at Belleville Municipal Court.

Detective Ermin D. Oliveri, accompanied by Detective Ronald Thompson, forced entry last January into a tiny, reeking apartment at 8 Palmer Avenue. The apartment was in the name of Howard Squires—they found Squires lying on the bed, drug-filled, and open glassine packets containing a white powder liberally "cut" with heroin were on the bed beside him.

As they entered Alphonse F. Lombardi who was holding an eyedropper and a hypodermic needle in his hand, attempted to get rid of both articles by throwing them into the toilet bowl. But he didn't have time to flush the bowl and the police recovered the item. At the same time they saw on top of a flat-top radiator several more white bags of the

drug; William Di Biase made a lunge for these and tried to get rid of them but was seized.

After arrest, the youths were lined up and told to lean against the apartment wall while they were searched. In addition to Di Biase, who was carrying more full packets in his pockets, Squires and Lombardi, arrested were Louis V. Giordano and Gerald Santuso. Later a friend knocked at the door and was arrested also; Michael J. Butkus, 18 who was bringing in a full load of beer for the group, and was accompanied by two juveniles.

Field tests were taken at the time and a sample from the packets showed positive heroin. The remaining packets were sent to Newark Laboratories which reported that some packets contained 14.2 percent heroin—others as much as 24.3 percent heroin. Mat-

ches to "cook" the drug and extra hypo sets were found in the possession of the men who crowded into the small apartment for their "shots." In Butkus' wallet was found a brown envelope containing the coarse, tobacco-like leaves of marijuana.

To presiding Judge Edward J. Abramson all this was depressingly familiar. The parade of area youths seized for possession of narcotics or for being under their influence continues to grow. "If we had more fathers and mothers in the court to see what goes on here every day, there would-

n't be as many of these children in here," the judge said. Squares' hearing was postponed for two weeks because he is entering a hospital for treatment of hepatitis. Santuso, with the help of his fam-

ily, was sent on probation to live with relatives in Coral Gables, Florida for rehabilitation.

The other cases were referred to the Grand Jury for action.

Frederic Franklin Directs National Ballet Troupe

Frederic Franklin, one of the great figures of the international dance world, is director of the National Ballet, which will appear in the Montclair High School Auditorium on Friday evening, March 1 at 8:30, and is being sponsored by Unity Concert Course.

Frederic Franklin was born

in Liverpool, England, and he began drama and ballet lessons at the age of six. He began a serious study of ballet with Nicholas Legat, Mme. Anna Pruzina (a teacher of Pavlova) and Lydia Kyashli, later dancing with Anton Dolin and Wendy Toye and the Markova-Dolin Company.

In 1937, when Leonide Maslone formed the Ballet Russe de Monte Carlo, Mr. Franklin

joined as a principal dancer where his portrayal of the Russian warrior, Prince Igor, won him international acclaim. He took time out to make two movies, "Capriccio Espagnol" and "Gaité Parisienne".

Modern education has not persuaded the younger generation that "early to bed" is good sense.

A grateful Electric Glassheat user says:

"If you notice the temperature you have the wrong heater"

BETTER SWITCH TO GLASSHEAT

"IT'S A COMFORTABLE HEAT that Glassheat gives—never too hot, never too cold," he continued. "So comfortable in fact you never notice the temperature at all. Regardless of the weather it feels like a sunny day indoors. Imagine—every room sunshine warm all winter long. No drafts, no cold corners, just comfort!"

No wonder Electric Glassheat reminds you of sunshine. It is the only heating system that warms with healthful radiant electric rays exactly like the rays of the sun. And this is true throughout the house for every room has its own money-saving thermostat and heating unit.

You can regulate the temperature of each room exactly as you want it, one quite warm, another cooler. And if a room is unoccupied, turn back the thermostat, close the door and save money!

IT'S HEALTHFUL HEAT TOO! "We had fewer colds last winter and everyone felt fine" says an owner in Caldwell. This is a common report from owners because Electric Glassheat has no flame to burn up the life giving oxygen or produce toxic fumes. And the sunshine rays of Glassheat not only produce an even temperature but maintain humidity at the level doctors recommend for good health.

SAVE CLEANING TIME AND MONEY "No soot, no smoke, no grime. Glassheat is wonderful," writes another user. "Have never seen anything so clean. Saves me hours I used to spend cleaning and painting."

Another says "In 16 years the only room we have had to do over is the kitchen. No need to repaint the other rooms or dry clean our drapes. And our venetian blinds still look fresh and new. That's why so many owners say, "Install Electric Glassheat and take it easy."

SAFE! Electric Glassheat is absolutely fire-safe and can't overheat. No fumes to worry about, and even accidental contact can't cause blistering.

Electric Glassheat is as silent as sunshine and as pleasant, for there are no moving parts. Saves space too for the area usually used by radiators, furnaces and flues is yours for extra living space.

SAVE MONEY ON HEAT! People admit that Electric Glassheat is tops for comfortable heating. But some feel that it is so ideal it might be too expensive. This is not true—as you will see from these letters describing Glassheat's economy.

One writes, "We installed Glassheat for its greater comfort with the hope that it would be reasonably economical to operate. So we were not prepared for our very low annual heating bills. And since

we can now take advantage of the special low heating rate, we save money on our regular current too. And there are no maintenance charges. It all adds up to better heat for less money.

"Though we added two extra rooms" says another owner, "my heating bill is only \$175. A pleasant surprise and we have never been so comfortable."

That's the Electric Glassheat story. People install it because of its many advantages—then are delighted to find it is an economy as well.

WHY PAY MORE FOR LESS? Does Electric Glassheat sound luxurious? It is in every respect but cost. If you would like to know what Electric Glassheat will do for the health, comfort and welfare of your family—and how little it will cost, send the coupon, or phone.

Belleville Library Will Present Jazz

The Belleville Public Library series of free concerts will continue this Sunday at 4 p.m. with a jazz concert performed by The Joel Zelnik Quintet.

Austin Roberts In Cast of Play

Austin Roberts, of Belleville, was featured in the Fairleigh Dickinson University's production of "Philadelphia, Here I Come," on the Rutherford campus, February 8, 9, and 10.

The play, written by Brian Friel, a London playwright, was presented by a play production class at the university. Roberts was also in charge of sound for the production.

A balanced life includes work, recreation, meditation and study.

The fight for acceptance in "Society" is a good one to stay out of.

contemporary music-jazz styles of the last fifteen years—but will include selections illustrating the development of jazz to its present state as a recognized musical art form.

Historical and explanatory comment by Joel Zelnik, a teacher of music as well as performer, will add a special note of interest to this exciting musical program.

In addition to Zelnik, who will play piano, other members of the quintet are: Harold Slapin, string bass; David Rose, drums; Alfred Patterson, trombone; and Harold Van Pelt, saxophone.

The concert is sponsored by The Belleville Public Library with the cooperation of The Music Performance Fund of American Federation of Musicians, Local 16. There is no admission fee and the public is cordially invited.

Additional concerts in the series are scheduled for March 24 and April 21 at the library, corner of Washington Avenue and Academy Streets.

Essex County CYO Accepting Entries for Play Competition

Essex County CYO is currently accepting entries for its annual One-Act Play contest.

Deadline for filing an entry in the contest, open to the CYOs Senior Division, has been set for Monday afternoon, March 18. The contest is open to persons under 19 years of age who are high school students.

Parishes will receive eight points for each play entry.

Entry fee has been established at \$5. Cultural chairmen of affiliated parishes have been furnished with lists of play publishers, although original entries may be submitted. A parish play, however, must

first be approved by the local CYO moderator.

Plays must be produced in 15 to 40 minutes, with penalty points being charged for extensions in either direction.

No musical or minstrel-type plays will be permitted, and at least four players must take part.

One-Act Play reservation forms should be returned prior

Tom Testa Is Montclair College Football Coach

The appointment of Tom Testa of Belleville as head freshmen football coach at Montclair State College was announced by Doctor Thomas Richardson, president of the college.

Testa, a highly successful gridiron coach at Belleville High School, will be the first fulltime mentor on the freshmen level in football at MSC.

In making the announcement of Testa's appointment, Dr. Richardson pointed out that Montclair State has made application for membership to the Eastern Collegiate Athletic Conference and in 1968 will start a complete frosh football program to comply with this organization's regulations.

A Montclair High School and Montclair State graduate, Testa was head coach at Belleville for five seasons, and compiled a record of 31 wins, 12 losses and 2 ties.

His 1962 team, his first as head coach of the Belboys, posted an 8-1 record and was the best in Belleville history since 1929.

Testa was named Essex County's "Coach of the Year" in 1962. In 1964 (5-3-1); 1965 (6-3) and 1966 (6-3).

At Montclair High School, Testa played on Coach Clary Anderson's first two football teams, 1946 and 47. The Mounties won the state championship in both years with Testa being captain of the 1947 eleven.

Testa starred in football at Montclair State College between 1948 and 51 under Coach Alden E. Coder. He captained the Indians in 1950 and 51.

The new Montclair State frosh mentor received Little All-American honors in 1951.

Tom's first coaching assignment was at Newark's East side High School (1952-55) as

Limit Is Set For Medicare Medical Bills

William J. Arnold, manager of the Newark Social Security Office stated today that the 1967 Social Security Amendments, just signed by the President, sets a time limit for filing medical claims under Medicare.

According to Arnold, claims for medical services will, in general, have to be filed no later than the end of the calendar year following the year in which the services are furnished, except that the time limit on filing with respect to services furnished in the last three months of the year will be the same as if the services had been furnished in the following year. A further exception, according to Arnold, is that the time limitation on filing claims for services received during July, August and September of 1966 will not expire until March 31, 1968.

an assistant in football. In 1956 he moved to Belleville as a freshmen football coach and later served as junior varsity and varsity assistant.

In addition to football, Testa also served Belleville as an assistant basketball and head track coach. He held the track position for six years.

Folk Rock Service Set For March

On Sunday, March 3 at 7:30 p.m. in the sanctuary of Wesley Methodist Church, Washington Avenue and Academy Street, the Methodist Youth Fellowships will be presenting "Worship : 1968."

All the youth of Belleville, as well as other, interested people, are invited to join in worshipping through Folk Rock, the reading of the Word, and the Sermon-in-Dialogue.

The service has been written by a group of the young people of the Methodist Young Fellowships of Wesley Church. Following the service there will be a fellowship period.

Mardi Gras For February On the Agenda

The Belleville Italian-American Civic Ass'n will hold its Mardi Gras Dinner and Dance at the Holiday Inn, February 24, and will award trophies to the two most outstanding citizens of Belleville in the academic field.

They will be chosen from the Valedictorians of Belleville High School for the past 5 years. To be reviewed in the selections will be their scholastic and leadership accomplishments, not only in their high school days but since high school.

Among the dignitaries who will be at the Mardi Gras will be Senator Michael Giuliano, Sheriff Ralph D'ambola, Mayor Hugh J. Addonizio, Assemblymen Ralph Caputo and Ralph Fiore and Aldo Di Chiara, State Commander of the Catholic War Veterans of New Jersey. Prizes will be awarded to the most Original; Practical and Humorous Costumes.

The following members acting on the various committees are Anthony Di Gironimo, chairman; Jerry Carbone, co-chairman; Joseph Li Loia, ads; Vincent Vecchione, tickets; Frank F. Ceres, secretary; Joseph Carnivale, reception; Stephen J. Rappa and Vincent Tiona, decorations; Alex Maccia and Anthony Campanella, music and entertainment; Philip Maiorca, Emil Casale and Gerald Ferrara, speakers; and Joseph Molinaro, Raffles; Rocco P. Ceres will act as sergeant-at-arms.

Public Works Agency Wants Station Wagon

Town Clerk Eugene Barnett was authorized to advertise for proposals for the purchase of one 1968 Coronet 440 Station Wagon, for use in the Department of Public Works, in accordance with specifications on file in the office of the purchasing agent.

The Commissioners will accept bids for the station wagon on February 26 at 8 p. m. Each bid must be enclosed in a sealed envelope bearing on the outside the name and address of each bidder.

It must be delivered to the Town Clerk exactly at 8 p.m. No bids will be received before or after that time.

real-estate developers out to make the fast buck.

"Some of our people have lived in the same neighborhood - yes, the same house for 50 years or more. Nobody has any right to say that you can't live there anymore. Nobody has a right to tear down your house, give you a quick dollar and boot you out."

"I'm for progress but I'm not for progress at any price. I will oppose any laws to give us a so-called 'high class' town."

"I think we have now a high class town."

"I'm not satisfied with

things as they are. But we don't have to change your neighborhood to get a better Belleville."

"As long as I have a voice and a vote we won't," Smith said.

Mrs. Senatore said, "a week ago Thursday night the Town Planning Board held a public hearing on its proposed master plan."

"At that time I stated as commissioner I would never cast a vote that would result in the demolition of one Belleville home. Tonight I still stand on that statement."

"I have lived a life time in Belleville. I still live in the home where I was brought up. Through the grace of God my mother lives in that very

same building, which has been home to us all the years of my life. I share with you the sentiments and security that comes to those of us who have lived in the same home and the same neighborhood all our lives. It is with anger that I would face any effort to take away from our old home."

"I have said it before and I will say it again - I will oppose any zoning regulations that will deny you the people the right to choose the character of the neighborhood in which you wish to live. If you do not want high rises in your neighborhood, public officials have an obligation to respect your rights."

"If you do not want factor-

ies in your neighborhood, public officials have an obligation to respect those rights. If you do not want multiple dwelling homes in your neighborhood, public officials have an obligation to respect those rights."

"I stand before you tonight to keep faith with the people who elected me to the office I am privileged to hold today. Now and always you can count upon me to serve the interests of you the people."

"You may go home tonight in the full knowledge that Mary Senatore will never vote to change the character of your neighborhood or permit one house to be demolished without your consent," She said.

Global Tape Recording Exchange Ships Tapes to Boys in Vietnam

Successful Program Needs Help

Tapes for the Troops may not be a new idea or an original one, but it is one that the members of Global Tape Recording Exchange are deeply involved in. It was first brought to the attention of the members by Tom Havens, its director, almost two years ago. The members agreed that it was an interesting idea and thus the program began. For nine months tapes were sent to Vietnam with no response from the men serving over there.

Then in January 1967 a tape from Chaplain Joseph Killinger in Vietnam told Havens of the excitement of the men hearing a friendly voice from home and how the men enjoyed the music. He even manag-

ed to get some of them to talk of the music they wished to hear. Things started to roll, with requests being answered from the members, scouting to get that special song each boy wanted to hear. The tapes continued to be exchanged in the next two months, Vietnam hearing from New Jersey and New Jersey hearing from boys away from home for the first time.

Months later Chaplain Joseph Killinger received word that he was being shipped home for a new assignment. With this assignment, he was being sent to Brooklyn and on one weekend, he decided to visit with some of the people he had heard on tape while in Vietnam. On this visit he met Tom Havens of Lincoln Park. He also met Gertrude Smith and her son Gary, from Haskell. The time was spent talking about things in Vietnam and also about how important this project was. Chaplain Killinger left New Jersey for Virginia where he is now stationed with the satisfaction of meeting the people who owned

the voices which were so familiar to him.

The idea of Tape for the Troops grew. Havens felt that others must surely wish to send messages to their loved ones and perhaps did not have a tape recorder. So he contacted several organizations and asked for the use of their halls for such a project. The Veterans of Foreign Wars were first to answer and in November 1967, a taping session was held. At this meeting Gary, Gertrude Smith and Tom Havens spent time and patience with their tape recorders aiding those who wished to send messages, free of cost. Also, taped messages were made wishing all the boys a very Merry Christmas which later became part of a huge tape which also consisted of Christmas carols. This tape was played at the mess hall for all of them to hear and bring home just a bit closer.

Havens then got in touch with a Captain Overton who was with the Fourth Infantry Division. Bulletins were sent to the men in the outfit about

this active group in New Jersey and what they wanted to do for the fighting men.

Letters began to pour in requesting music from the local stations. Boys who originally came from such towns in North Jersey as Wayne, Union, Elizabeth, Jersey City and Belleville wrote. Music which they asked for ranged from rock and roll to classical. They also asked for a tape of a Bruce Morrow show.

Determined that such a good idea would not fail, Havens wrote to Bruce Morrow at WABC asking for a tape of his show. The request was answered, and a tape from Bruce Morrow was a special Christmas "gift" to the fighting men in Vietnam. This idea of music for the troops had now snowballed almost into a full-time operation.

The American Red Cross, hearing of this operation, wrote to Global Tape Recording Exchange and Havens and stated: "We have been informed of your desire to serve the men in Vietnam by making tapes for them. I feel that this

WORD OF CHEER — Mrs. Gertrude Smith changes, looks on. Group is attempting to records taped message for servicemen in Vietnam as Tom Havens of Lincoln Park, director of Global Tape Recording Ex-

is a service that the men would really appreciate. I think you have discovered something that the men in Vietnam would really appreciate because many purchase tape recorders while they are here." To combat the cost of tapes,

Havens wrote to various tape recording outfits in hopes of getting donations of tapes for this project. Replies came back rejecting his plea for aid but, from the Sony Corporation in Sun Valley, Calif. came this reply: "We'll be delighted to provide you with tapes for your very worthy project."

From one idea many have grown. Hoping that others will follow his example, Havens wishes more people will start on their own taping session for the men overseas. He is willing to help and aid them.

Anyone who wishes to show support for this project may do so by donating tapes, or getting in touch with Havens for other taping sessions in other sections of New Jersey. For further information on this project of Tapes for the troops you can write to Tom Havens, c/o Global Tape Recording Exchange, Box 336, Wayne, N. J. 07470.

1966 Car Deaths Affected Millions

Traffic fatalities rank sixth among all causes of death. Last year over a million households were affected in a major way by traffic accidents. Chance plays a role in them, but the many forms of human error — inattention, intoxication, bad vision, sleepiness — contributed heavily to the grisly toll of more than 50,000 deaths in 1966, according to the Safety Department of Motor Club of America, the largest organization of motorists in New Jersey.

The inattentive, fatigued and sleepy motorist is becoming an increasingly dangerous menace on the public highways. In any accident situation where quick judgement and reflexes are required, he is a threat to the safety of his family, as well as to other motorists. Dozing off at the wheel of his car, the company vehicle or truck, he becomes more a threat each year as new super highways and toll roads allow for long stretches of uninterrupted, but monotonous driving.

Divided highways — with the traffic lanes separated by guard rails, chain link fences, grassy and wooded areas, etc. — have eliminated many of the hazards of frictional traffic. At the same time, however, they have introduced a false sense of security and sameness of scenery that induces sleepiness and inattention.

At high speeds common on such highways, a few quick winks can prove fatal.

SEEING FATIGUE:
One of the major accident causes, however, is fatigue caused when seeing involves intense effort. Simply, more muscles are involved with difficult seeing, such as those of the brow and even cheek and lip muscles. When these muscle strains lead to general body tension, beyond an alert relaxedness, still more fatigue can build up. In a recent symposium on visual fatigue with reference to lighting, H. C. Weston, an authority in this field, states, "Conditions of lighting which are suboptimal for particular visual tasks increase the onset of fatigue occasioned by seeing, chiefly because they necessitate undue muscular exertion in getting the required visual information but also because they necessitate undue mental exertion for the processes of interpretation and discrimination."

FATIGUED DRIVER
The fatigued driver needs greater stimulation to respond properly. Since such an increase is not possible with very small illumination (as compared with daylight), the fatigue increases and seeing becomes worse.
In cities, or at some intersections, the large number of lights may overstimulate the tired driver and the lone traffic signal may not be observed while on lonely country roads, there may not be stimuli enough to keep a tired driver awake.
Seeing at night may be worsened or even obscured by adverse weather, storms, heavy rain, dense fog, or snow flurries. In this case, the field of view is poor, objects are less visible and the vision may be distorted by the streaky, dark surfaces on the windshield that tend to camouflage silhouette seeing. Improvements in illumination can be of some help, but as the eyes cannot function very well without good light, the driver has to make the best of the situation.
Also a glare from oncoming headlights can reduce night driving vision, especially when rapidly repeated from a succession of cars on a narrow curving road.

BLOCK OUT GLARE
The most successful aids against this type of glare are screens which block out the glare sources, but do not steal light from the rest of the view through the windshield. A small red screen segment in the upper left of the windshield can be used to tone

down the glare. By tilting the head slightly so that the upcoming lights are in the screen because red light does not spoil the dark adaptation, the rest of the road is still in unobstructed view.
Holding the hand over one eye or even shutting one eye will protect that eye from the glare. As soon as the car passes, the protected eye can be used and the other one closed until the after-images subside. The discomfort from intense glare is due to the dilating and contracting of the pupil in response to the varying degrees of brightness. Memorizing the highway ahead just before the glare hits can reduce the dangers during the "blindspot" period.
The motorist who must wear eyeglasses is handicapped when compared with the driver not needing such aids. Unless the surfaces of the lenses are coated, some 8 percent of the light is lost from surface reflections. Should this light reach the eye it is a source of annoyance as a veiling glare or even a dangerous distraction.
Therefore, optometrists should use extra care in prescribing and fitting eyeglasses for those who drive. Not only should motorists be given the best vision possible, but the most comfortable glasses, free from reflections.
When such a pair cannot also meet occupational requirements and the driver does considerable driving another pair is needed. Those concerned with operating our highways are duly concerned with driver comfort, because an irritated driver is a potential source of accidents. Ill-fitting spectacles may upset a driver and having to tilt the head unduly to see the road above a trifocal segment can be enough annoyance to become the disturbance that triggers an accident.
There is no point in discussing whether or not bad vision is a contributory cause of accidents — no one drives long without being able to see sufficiently.
Recent training and rules have been proposed for better day-time seeing and driving. It is also suggested that proper training for night seeing would help. The following rules are offered as a beginning.
1. Take enough time to get used to seeing (adaptation) when leaving a bright place before starting to drive at night. Drive slower during transition from bright lighting to little or no lighting.
2. Relax the eye muscles by looking about, as much as safe driving permits. Never stare for long at the same place.
3. Protect the eyes from glare. Look to the side of the road rather than at a glare source. Insist on dimming high or bright lights.
4. At night, never wear sunglasses, or tinted spectacles, that have absorption over the entire field of view. Absorption, in a small area at the left or upper left of the windshield may be useful, but the road in front of the driver must always be clear.
5. Keep glasses, windshields and lights clean and free from surface damage that reduces visibility.
6. Slow down until the conscious load of vision is not too great for good, safe driving.

NIGHT PROBLEMS
It would be advisable for optometrists, and other vision specialists to consider night problems and deficiencies so that they can provide their professional counsel for the best possible seeing.
From the vision viewpoint, we, the drivers, must insist on improved road and car lighting, more readable signs and signals, and other aids to relieve the extra load on night seeing.
Driving includes much more than seeing and other experts must cooperate with the vision specialists toward making better use of the information gathered by the eyes of the driver and for continually improved vehicles and highways.

Belleville Engineer Plans to Work On Road Construction, Maintenance

Maintenance and reconstruction of Belleville streets, especially those that are in deplorable condition, are a major projects, which John Vreeland, the town's new engineer has recently been undertaking. And the Commission, in the same spirit, has adopted a series of resolutions to apply and attempt to transfer state funds to make these road improvement programs possible.

Belleville has run into a number of difficulties with regard to state aid funds since New Jersey agencies have seen fit to change the prerequisites for receiving these monies. New Jersey allots Belleville a specific amount of funds based on local street mileage and population.

This aid is generally used for reconstruction purposes. Belleville is trying to find a way to use this money to repair potholes and otherwise maintain town roads.

Through a resolution request, the transfer of state funds under the New Jersey Transportation Department's 1967 extraordinary funds (obtained through sales tax) in the amount of \$58,541, Belleville will hope to repair Belmont Avenue. The state previously approved the money for the repair of Jorammon Street, however, making this transfer necessary to repair Belmont Avenue.

The 1967 formula for state aid funds reflected a 90 per cent state aid, 10 per cent local contribution ratio. Since then, the ratio has been changed to 50-50 for repair of streets chosen by the state. These three streets include Jorammon and Harrison Streets and Passaic Avenue.

TOWN ENGINEER — John Vreeland, Belleville's recently appointed town engineer, will need improvement over the next few years, determines which roads in the community

Meanwhile a separate transfer resolution seeks to provide repair of Jorammon Street. The deadline for 1969 state funds is now rapidly approaching under the 50 - 50 plan.

The town therefore, has endorsed a resolution applying for \$50,000 in state aid to improve a section of Jorammon Street from Washington Avenue to New Street. If the state grants this aid the money, in effect, will replenish the transferred funds taken away by the resolution which provides for the repair of Belmont Avenue.

These new resolutions have not been studied by the state transportation department. And, according to Vreeland, the state could throw a monkey wrench into the entire plan by simply refusing to endorse the project.

In the meantime, the town will wait for the state to act. If the reaction is affirmative, the town, no doubt, will draw up ordinances to complete the road programs.

Fewsmith Church Sets Dates For Breakfasts

Fewsmith Memorial Presbyterian Church will hold a series of seven Lenten breakfasts of the congregation, in the Church Hall at 444 Union Avenue, Belleville.

The breakfast will be held starting on Ash Wednesday, which is February 23. Others are scheduled for March 6, 13, 20, and 27; and for April third and tenth.

The breakfasts, which will run from 6:50 a.m. to 7:30 a.m., will feature ten minute

talks by prominent speakers. The Pastor, Alfred W. Stone, will also hold a program of open discussions on Sunday evening with a coffee hour. These will start at 8 p.m. and will be held on all the Sundays in March.

Advice: If you have a job to do and, after making every effort, can find no way to get somebody else to do the work, do it yourself and it serves you right.

WHEN ARE CHILDREN TOO SICK FOR SCHOOLS?

Each child has his own pattern of illness. There should be no absolute rules, but the usually healthy child should stay home: 1) if feverish; 2) if symptoms such as headaches, drowsiness, runny nose, nausea, diarrhea are sufficiently severe to be disabling; 3) if he is likely to disturb others in the class; 4) if it is impossible due to his ailment, for him to profit from school.

There is no reason, except for rare medical contra-indications, for a child to be in school without immunological protection from the available vaccines.
