### Meeting Becomes A Public Disgrace

Last Wednesday night the Town Commission met with residents of Silver Lake at School 4 and on Thursday night a meeting was scheduled with the residents of the "Valley" for a mutual exchange of views on the subject of the master plan and neighborhood zoning. The Wednesday meeting covering the Silver Lake neighborhood went rather well. It was orderly and constructive.

The Thursday night meeting in the "Valley" held in School 9 was a public disgrace. The rowdiness, ill manners and disrespect for public officials which marked the meeting stunned public officials and the decent citizens attending. A handful of "outside" people, obviously politically motivated, attended the Valley meeting to create a disturbance. These people were not concerned with the rights of the Valley residents — their simple, sole objective was to foul up the meeting procedure in an effort to hurt the political image of Mayor Kenneth Smith.

Some people even stooped to the low level of lying about Mayor Smith's position on Urban Renewal. "Valley" residents were told by hate peddlers that Mayor Smith was pledged to an Urban Renewal project and destruction of Valley homes. Numerous references were made to "that element" migrating from Newark to Belleville.

Let's face it — the inference to be drawn with respect to "that element" was to the black race. The motive here was to create worry and concern in the minds of people already troubled with tax burdens and a myriad of other problems which face each of us engaged in the effort to eke out an honest living and paying our just debts.

There is no room in Belleville for hate peddlers and riot agitators.

Mayor Kenneth Smith has made numerous public statements opposing Urban Renewal for Belleville. Mayor Smith has also made public statements opposing any change in the zoning laws governing the Valley and Silver Lake.

Mayor Smith contends that people of both areas have expressed themselves on the subject of neighborhood zoning and because he believes that people's rights have priority over property rights he, Mayor Smith, is determined to support the people's rights.

The shame for Belleville is that there are people among us who continue to agitate, hoping trouble will cause an uprising in the community and lead to the ouster of elected public officials.

You say it can't happen in Belleville? It happened in 1964.

And if the honest, self-respecting Belleville citizen is not careful, it can happen again. If such an effort ever takes hold, it will herald the beginning of a permanent second-class status for a community which has all the natural resources to be one of the great cities of our country.

In the final analysis, it is people that make a city. Most of the years of our life we have lived on the border of the Belleville-Nutley line. We know thousands of people in Belleville. Most of our residents are honest, self-respecting people. It is to them that we must appeal for citizen participation to support stability in government.

The challenge is before us.

Will the good people of Belleville line up to rout out the rowdies or will they be satisfied to sit smugly in their living room chairs while the town about them becomes hell on earth.

We have confidence the good people will rise up to put out the fires of hate and dissent which have been so characteristic of our demagogic, ambitious political hacks for the past ten years.

## School and Town Budgets Dominate the Local Scene

DEAD SOLDIER HONORED — The Better Belleville award, bestowed on those who contribute most significantly to the well-being of their fellow citizens and to the cause of building a better town, was given recently, posthumously, to Roger Bryan Crowell, Belleville soldier who died of gunshot injuries in Vietnam. Crowell was buried in Holy Cross Cemetery on Feb. 11, after expressions of sympathy and regret from town officials, many citizens, and The Belleville Times. His name has been permanently engraved on the Trophy which signifies the Award. At the presentation at City Hall February 15 are, from left, Mayor Kenneth D. Smith, his widow Gail Crowell (nee Corino), and his parents, Grace and Melville Crowell.

### Mayor and Commissioners Heckled By Citizens at Valley Land Use Talks

A vociferous crowd of about 200 interested residents booed and heckled Belleville's Mayor Kenneth D. Smith and the Board of Commissioners as they held a public meeting on the land-use map of Belleville's master plan last week at School 9.

The boisterous crowd got out of hand immediately as Mayor Smith, beginning the forum, said that he wanted comments from Valley residents only, because they were the ones most immediately concerned. He said that he had noticed many Silver Lake people at the meeting and hoped they would be quiet.

These remarks were met with jeers and boos, and cries of "Silver Lake people are

good people," "Silver Lake people have a right to be here too," and "This isn't Russia!"

Resident William Cavanaugh, 391 Gordon St., rose and said that many of the Valley people had invited their friends from the Lake to come to the meeting because of the widespread interest in the land-use map.

Cavanaugh asked, "What specifically is the master plan going to do for the Valley?"

Mayor Smith said, "One thing it isn't going to do is hurt any of you," adding that it was hoped that Belleville expenditures could be cut by adopting a master plan for the town's development over the next 20 or 30 years.

Federal aid for many projects can be obtained if there is a master plan but not without it, Mayor Smith pointed out.

Mayor Smith has already said that in his opinion the master plan is a good one for the town, and will help to get things accomplished that should have been done many years before. However, the planning board which drew up the land-use and other charts for the master plan did not hold area meetings in advance to ascertain the will of the res-

idents on certain issues. The recent history of the plan, therefore, has been highly controversial, and an unusual amount of popular interest (and resentment) have been focused on the plan.

Commissioner William H. Cullen, Parks and Public Property, said that the Planning Board made a detailed study of every section of Belleville, and as new members joined the board they were briefed on its earlier work.

The Planning Board, in one form or other, has been in existence since 1959. The charts for land-use, traffic circulation, and community facilities were being considered after prolonged study and numerous consultations, he said. "We hope that, with the adoption of a master plan, Belleville will grow and develop in a more orderly fashion."

Cavanaugh made the objection that the planning board was not representative of the interests of residents of the Valley, that there was no contact of the board and residents while the study was going on.

He said, further, that a larger police force would be needed if the Valley is made all industrial as is suggested in (Continued On Page 11)

### Town Hall Staffers Suffer Big Freeze

Scores of officer workers were sent home from Town Hall last week when a furnace, which provides much of the heat for the municipal building failed to work.

In less than an hour after the heat went off, personnel were shivering in the large building. And since there was no sign that the furnace would return to order, many workers were sent home. Others stayed throughout the day bundled up with coats and scarfs.

Eugene Barnett, town clerk, and some members of his staff braved the cold. So did town engineer John Vreeland.

Commissioner Mary Sena-

tore, wearing a blue suit coat trimmed in Persian fur, stayed at work. She borrowed an electric heater to take some of the chill off her office.

But it was uncomfortable for those who remained at Town Hall. Finally, by afternoon, workmen were able to repair the broken furnace and heat was restored.

Mrs. Senatore said she had no idea how the furnace broke down. "All I know is that I walked into the building and it was cold," she said.

The furnace was off for slightly more than 3 hours. Service was restored about 2 p.m.

### Budget Vote Set Feb. 28

Voters will go to the polls this Wednesday to decide once again on the Board of Education's budget for 1968-69.

The school trustees announced that \$33,800 has been trimmed from the rejected capital outlay figure of \$105,000. These cut funds would have provided the school district with a new coating on a school playground and a bell system replacement at a local school and at the junior high school. Some \$3,000 from current expenses has also been removed.

The polls will be open from 2 to 9 p.m.

Regarding the school budget once again, Saletta, president of the Belleville Board said, "Expanded educational program, art, music and physical education supervisors in the elementary schools; intra-mural sports programs; much needed addition at school 2; including an all-purpose room and two classrooms; beautification inside and out at the James G. Shawger School are just a few of the improvements that can be had when the citizens of our community support their school board and work for the passage of a budget as they did last year.

"The budget this year is as sound, complete, creative and is one of the lowest in percentage increase of any budget in Essex County. With this in mind, the board has been able to accomplish the following: raise teacher's salaries so that Belleville is competitive with other communities in Essex County; have teacher aides in the elementary schools to help with lunchroom duty and supervise the playgrounds during the lunch period; \$20,000 will be spent for new textbooks and six additional teachers will be employed to carry out our expanded educational program, along with numerous other items.

"The budget demands many hours of work from the board members, the superintendent of schools and staff. I feel this (Continued On Page 3)

### Mrs. Peter Spera Wins \$200 In Times Contest

Winner of the biggest Big Win prize so far — \$200 in "spending money" certificates is Mrs. Peter Spera, of 32 Oak Street.

Mrs. Spera has entered the contest twice in a row, she said, but like all the other contestants, didn't guess the correct sentence last week. The prize was, therefore, increased to \$200.

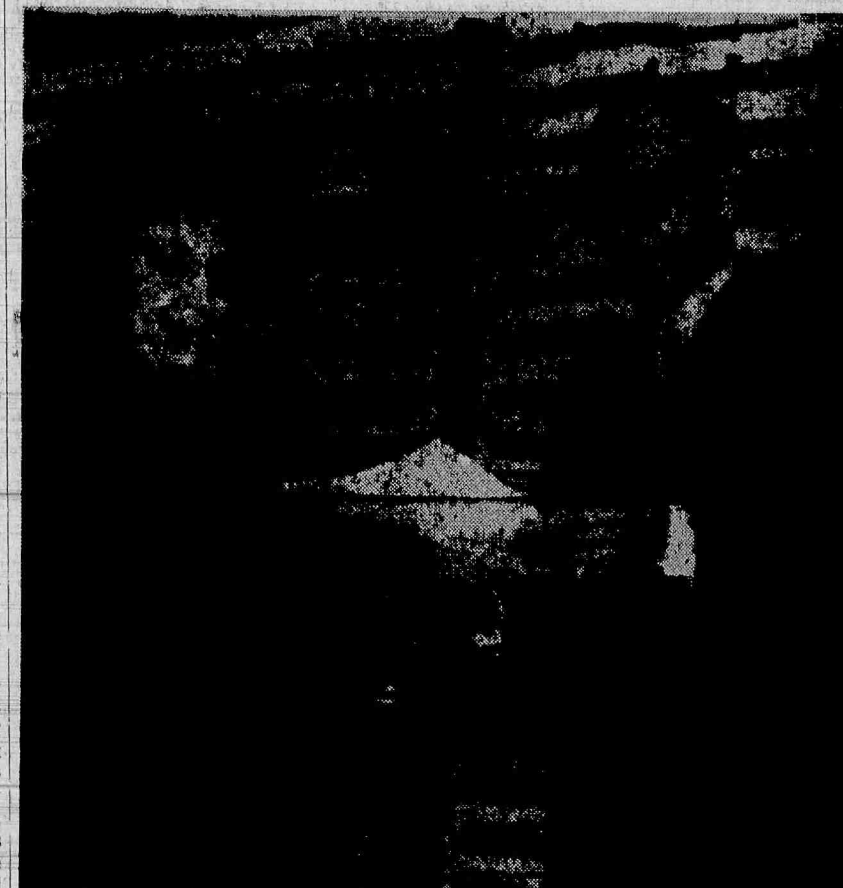

Last Thursday she made two tries at figuring out the mystery sentence, and the second time, it seemed to be just right. At 9 A.M. Friday morning, she was there at Tannen's Shoe Shop with her solution, and won the prize!

Mrs. Spera's husband is a Metropolitan Life Insurance agent whose office is

in Bloomfield. They have four children, Denise, 17, Kenneth, 13, Peter, 11, and Anne, 10. Mrs. Spera said she hasn't decided exactly what to spend the prize for, but she is "sure it will be easy."

The mystery sentence, figured out correctly, reads: This week's Belleville Times Big Win prize is now at \$200. Jack and Jill are holding your treasure at the Center.

To enter Big Win contest, look at the special ad pages in this issue. Under the price in each ad is a word. Fit all the words together into the correct sentence and it will give you the clue to the store where the prize is. Any resident of Belleville may enter.

DOUBLE WINNER — Mrs. Peter A. Spera Avenue, Belleville. She was awarded \$200, instead of the weekly \$100, because there was no winner last week. Next week the Tannen of Tannen's shoes, 141 Washington amount will be \$100 again.

CHILLING EXPERIENCE — Anthony De Fresco, garage maintenance for the town of Belleville, attempts to locate the difficulty with the furnace at Belleville Town Hall.

It had been broken for over three hours, causing most of Belleville's officials to leave from the unheated Town Hall and return home.

# Belleville Pre-School Play Program Is Success

Eleven years ago the Belleville Recreation Department initiated a pre-school play program under the leadership of Robert Cook, director of the department. He and the children of Belleville are happier for it.

According to Cook, who is enthusiastic about the department's program for four-year-olds, "it gives children a chance to react in a social situation for the first time and it is especially valuable for the mothers who participate, particularly those with a first child."

The program lasts for two hours in the morning and it consists of regular 'roomer room' types of activity. Last season a second afternoon session had to be added and it has been continued for this year.

A play leader, Mrs. Jeanne Borgo, and three mothers, who serve as assistants are present at each session.

Part of the worth of the program is contained in the opportunity it provides the mothers to observe their children in relation to other youngsters.

"Sometimes," Cooke states, "a mother will consider her child, particularly if it is a first child, the most perfect, the most bright, a little more intelligent and almost a genius. Well, the genius can become a little duller as the mother sees her child realistically, behaving with other children that have different strengths. She becomes more able to recognize her own child's weaknesses. This takes some of the pressures off the first child."

Since all the mothers are required to take turns serving as aides to Mrs. Borgo, the program possesses only one human drawback that becomes evident and remains constant throughout the years.

Cook expresses it very well when he laughingly states "the only time a child will usually pick to act up is when his mother is serving as helper. It causes some embarrassment, but it is no real difficulty."

The danger in ignorance is that so many people have it without the least suspecting it.

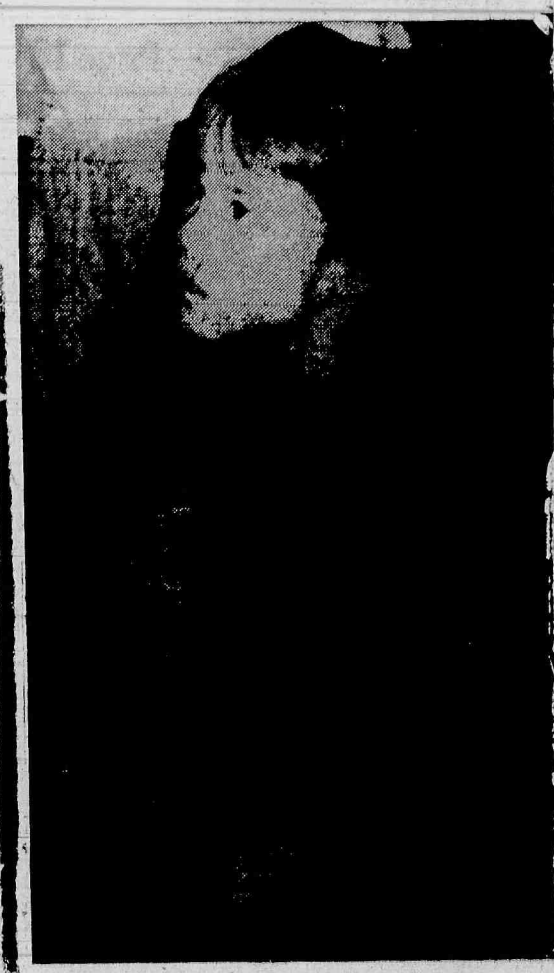

There are people who discuss problems maturely and people who converse all day without saying a significant word.

STRESSING A POINT — Mrs. Jeanne Borgo, who is in charge of the children, becomes enthusiastic as she reads to them during their daily story hour. Most of the children were so interested in what was occurring that they could not wait to interrupt to make comments or cheer the characters along in one way or another.

WIDE-EYED WONDERING — David Veneri, who is one of the pre-school children in the Recreation Department's play program, looks wide-eyed with wonder as the teacher reads a story to the class. All were rapt with attention as the events unfolded.

'SAY IT ISN'T SO' — This seems to be what little Julia Wigton is thinking as the play leader, Jeanne Borgo, relates some of the difficulties of the characters during story hour. She appears to be completely lost in the world of fantasy being created.

## But Soldier Still Has Strong Feelings

# Vietnam Veteran Finding Life At Park Pub 'Much More Restful'

What does a heavily decorated Vietnam fighting man do when he comes home to a quiet town like Nutley? For 24-year-old Harry Chamberlain, who came out of two major Vietnam campaigns, its setting a much more restful as a bartender at the new Park Pub Lounge.

When Harry ended his tour with the Army, which included being a communications aide to Capt. Bill (Lonesome end) Carpenter during the battle of Dho To, he entered the New York Mikologist School in Manhattan on W. 49th Street and was ready to begin work on a full-time basis when the Park Pub opened for business last month.

A graduate of Nutley schools

Harry worked in construction following his 1963 graduation until he was drafted in May 1965. After basic and advanced infantry training at Fort Dix and Fort Gordon, Ga., he entered airborne school at Fort Benning, Ga., and earned his silver wings.

From airborne school, Harry went to Fort Bragg, N.C. to undergo intensified training

for campaign, the Battle of Dho To. Serving as an aide to Capt. Carpenter, the famed lonesome end at West Point, the much publicized Battle of Dho To left his communications chief critically wounded. Harry took over as chief of communications for that battle and when four colleagues on his team were wounded (one was killed), the Navy soldier manned the radio equipment for 72 consecutive hours. Burned himself by Na-

palm, Chamberlain's persistence in keeping communications channels open during the campaign earned him the Bronze Star. Qualifying as "expert" with the M-16 rifle during his preliminary infantry training, Chamberlain had frequent opportunity to put his marksmanship to use. Chamberlain calls Capt. Carpenter "a terrific guy — one of the best commanding officers I ever served with." The Battle of Dho To, which

brought much fame to the former West Point football star, northwest of Saigon and pitted 90 American soldiers against a regiment of North Vietnam regulars (NVA) numbering about 1,200.

Harry is quick to react to criticism of America's involvement in Vietnam. "No one likes war, but it's true that the beatnik and peace demonstrations going on over here adversely affects the morale of the men," he says.

The heavily-decorated Nutley soldier could have been discharged earlier late last November when he returned home if he hadn't volunteered to extend his enlistment in Vietnam. Last May, he notified the Department of the Army that he wanted to remain in Vietnam an additional nine months.

It is against human nature to give up an advantage without squawking.

# Municipal Budget Due For Public Inspection

(Continued From Page 1)

budget reflects our continuing aim to provide quality education for our children. Realistically, it covers our most pressing needs.

The Town Commission is eagerly awaiting results on the school budget before it proceeds to hold public hearings on the municipal financial plan.

Meanwhile the commissioners have been meeting informally with each other discussing the new budget and its effects on local taxpayers. The Commission released a tentative budget of \$9,573,373, an increase of \$1,192,490 over

last year's figure and a 107 point increase in the tax rate to a new figure of \$5.64.

The largest budgetary increase was for municipal purposes, which rose \$506,276, to \$2,351,987. The school portion is \$3,754,832, up \$286,689, and the county portion is \$2,351,987, to \$325,154. The reserve for uncollected taxes rose \$75,540, to \$611,091 and veterans' and senior citizens' exemptions decreased \$1,170 to \$171,970.

The budget was released to residents in a pamphlet showing that the school portion accounted for 39.1 percent of the tax dollar. The county portion accounts for 28.1 percent, the municipal portion, 24.6 percent the reserve for uncollected taxes, 6.4 per cent and veterans' and senior citizens, exemptions, 1.8 per cent.

Mayor Kenneth Smith has promised that the budget would be cut, but did not specify where. One possible area in the municipal portion would be cut, but did not specify policemen's and firemen's raises. The PBA and FMBA have rejected a \$500 across-the-board raise, and Smith has said he was not sure whether the commission would even approve a \$500 raise.

The mayor also said that other portions of the municipal budget would be reviewed, since the commission as a whole has not deliberated on the figures. The tentative budget represents the requests of each commissioner without prior deliberation on the entire budget.

Belleville police and firemen rejected a \$500 across-the-board pay raise offered to them by the Town Commission.

The offer was termed "insufficient to meet the rising cost of living" today by Patrolman Michael Marotti, president of Belleville PBA Local 28.

## Sought \$1,000

Marotti said that at least 65 of the 70 regular policemen lived in the town and would probably be faced with a large increase in the tax rate, in addition to the normal rise in cost of living.

The police and firemen had requested \$1,000 raises across-the-board, and increase in longevity pay of one per cent for each five years' service, an increase in clothing allowance, and a \$5,000 life insurance policy for each active member.

Marotti said that at present the Belleville police and fire pay scale puts them fifth from the bottom in Essex County "and even with the \$500 raise, we would probably stay the same or maybe go lower."

## Meeting With Mayor

"With the President's Crime Commission and other federal and state officials calling for a \$10,000 salary for policemen, it seems the town could put us further up on the salary scale," Marotti said.

The salary committee is expected to meet with Mayor Kenneth Smith, director of public safety, late next week for further discussions.

Smith, meanwhile, said that he was not even sure if the \$500 pay raise would be ap-

### SAFE DRIVING SUGGESTIONS

It's easy to get out of a car — but sometimes it's very dangerous. Always get out through the curbside door. You stand a good chance of getting knocked down by a passing motorist if you get out through the door on the driver's side.

## What Kind of Fool Am I?

There is a song entitled "What Kind of Fool Am I". When the results of last week's vote on the school board budget came to our attention we automatically began to whistle the music to "What Kind of Fool Am I".

The Current Expense section of the budget went down to defeat by 170 votes. The Capital Improvements section was defeated by a slightly larger majority.

The defeated budgets provided no frills — the Board of Education had done its best to keep down expenses but at the same time meet teacher salary requirements resulting from the keen competition of school boards in the county, state and nation.

So the budget provides just enough salary increase to retain our good teachers and attract able replacements to fill vacancies created by the perennial turnover.

Sure, schools don't have to be painted every five years. But shabby they will look. Major roof repairs could be postponed for a year — or maybe even two — but such delay will

cost more dollars due to increased costs and added damage.

Classrooms don't have to be repaired either. School room supplies could be cut back.

Keep up this kind of planning and we will find ourselves going backward at such a fast pace that the last century will overtake us — Belleville ending up with a school system that might well be the subject of a Newark-type investigation and recommended state takeover.

The heart of a good community is the quality of its school system. An undernourished school system produces a poor school system.

Regrettably, the school board has reduced the budget substantially. We believe the board erred. To be said in favor of the board action is the fact that in reducing the budget it responded to voter action.

Deferred repairs may reduce this year's budget \$40,000 but when voters do finally get around to voting for a budget that includes these repairs the price will be higher and one is led to wonder "What kind of fool am I?"

## The Valley and The Lake

The season for citizen irresponsibility is upon us.

The law permits the ouster of an elected municipal official one year after taking office. The present Commission is in office about eight months so it is understandable that some political hacks are engaged in efforts to foment trouble calculated to bring down upon our Commission the wrath of the voting public.

Another three-four months and petitions recalling a Commissioner or Commissioners will be in order to be filed with the Town Clerk.

The rule of ruin hacks are engaged in sowing seeds of unrest and discontent among residents of the Valley and Silver Lake. The talk is that, except for Commissioner Vincent Strumolo, the other four Commissioners are out to demolish homes in these two neighborhoods and replace them with high

rise apartments and factories.

This allegation is an absolute lie. Led by Mayor Kenneth Smith, the Commission favors maintaining residential zones in both areas.

We too believe the people have a right to determine the kind of neighborhood in which they choose to live.

The people of Silver Lake have the inalienable right to live in a neighborhood zoned to their liking. We support that right and the people of Silver Lake.

The residents of the Valley have their own ideas about the development of their neighborhood. And they make a lot of sense too. We believe the Valley people should be supported against any attempt to zone them out of house and home.

We are happy the Commission supports the people of these two areas.

## The Pueblo Incident

North Korean seizure of a U. S. naval intelligence vessel some 100 miles north of the Korean demilitarized zone has posed basic questions for Washington.

The ship, with a crew of 83 (two civilians), was captured by four armed North Korean ships off the North Korean coast. U. S. officials say the Pueblo was twenty or twenty-five miles off the coast. North Korea says the ship was within her twelve-mile territorial water limit.

One question posed is why an important intelligence vessel, carrying secret electronic devices, was provided

no escort while off the coast of an enemy country. Another is why, in the hour and forty-five minute period when the ships confronted each other, secret equipment was not destroyed.

The North Korean action was highly provocative, of course, perhaps designed to produce tension in the Korean area as a diversionary move. Such tactics are not exactly new. But the fact that a sophisticated intelligence ship was operating off North Korea without protection, unable to destroy highly secret and valuable intelligence devices when a crisis arose, is a revelation and explanations from the Navy thus far are not reassuring.

## Cigarettes & Death

For the first time in American history a cigarette manufacturer has been held absolutely liable by a court for the death of a smoker from lung cancer. The Fifth Circuit Court of Appeals recently ruled in Florida — under that state's law outlining product liability — that a major tobacco company had been responsible for the death of a long-time cigarette-smoking plaintiff.

The case dates back to the death in 1959 and has been through a series of court tests. The widow of the deceased sought more than a million dollars in damages and the sole remaining question, after the Fifth Circuit

Court of Appeals ruling, is the amount a lower court will award her.

As this decision was announced, several U.S. Senators were appealing to the major cigarette companies not to renew their contracts for sponsoring professional football games. The Senators have consistently opposed cigarette company sponsorship of sports events, especially those watched by the nation's youth. These events, coupled with a decline in smoking by English youth resulting from a ban on cigarette commercials, brings closer also the showdown day for a decision on industry efforts to persuade the nation's youth to begin the habit.

## Exercise Is Important

Though in the northern latitudes February can often be winter's coldest month, the first signs of spring are appearing elsewhere in the country. In Florida and in the Southwest Major League baseball teams begin practicing about the 15th.

In more southerly states the first crocuses (Iris family) and jonquils (narcissus jonquilla) bloom this month. The white or yellow jonquil, resembling the daffodil, came from southern Europe and Algeria. Along with hyacinths and a few other flowers, these are now pushing up out of the earth as

the sun shines longer and longer each day.

One can already note the lengthening of the days, which have been growing longer since late December. The earth's rate of heat loss is steadily declining, though not until March, when daylight will again outlast night, will the trend be fully reversed.

Birds are appearing in southerly areas this month and more will be seen in March, on their flight northward. The shade of light is even noticeable as it changes from the low, southern sky winter rays to higher, spring sunshine.

## Seems Only Yesterday

### ONE YEAR AGO

The Belleville Board of Education received notice that a second vocational course had been approved for funding by the State Department of Education. The approval of "Office Practice Machine Operation," was designed to give some student experience in phases of data processing.

In a secret meeting which the Town Council termed a "meeting of the committee as a whole," the governmental body requested a detailed investigation of the Building Inspection Bureau by the County Attorney's Office.

### FIVE YEARS AGO

Councilman James R. Golden recalled an old campaign promise he had made and renewed his efforts to banish the second Planning Board Belleville had ever had.

Belleville voters finally approved the School Budget after defeating it in two previous ballots.

Local Assistance Board of the Town of Belleville was formally organized and board members were appointed by resolution of the Town Council.

### TEN YEARS AGO

Dr. Frank DiRuggiero was elected president of the Board of Education for the coming year at the Board's organizational meeting. He succeeded William A. Boyd, who was not re-elected to a three-year term on the Board.

Holy Family Church announced its latest building project, a \$45,000 addition to its rectory on Brookline Avenue.

The voters of Belleville were complimented by James R. Golden, the town watchdog, upon their decisive defeat of both segments of the local school budget.

### 15 YEARS AGO

Eugene J. Kelly, president of the Board of Education, made a public appeal for cooperation from all members of

the Board, the Lay Committee and Parent Teacher's Association, in an effort to speed plans for the construction of the proposed new High School building.

Eileen Pendergast of Berkeley Avenue won first prize in the Junior Red Cross sponsored 1953 Red Cross Fund Publicity Poster contest, it was announced by P. Webster Diehl, Art Supervisor, Belleville Schools.

### 20 YEARS AGO

District Governor George F. Hall was to visit the Belleville Lions Club. The purpose of the visit was to advise club officers on matters pertaining to Lion Administration and the Lions' great program of humanitarian service.

Ralph M. Allaire was re-elected president of the Belleville Board of Education at the board's annual organizational meeting.

### 30 YEARS AGO

Officers for the year were elected to the Board of Trustees of the Community Service Bureau.

"He" was the title of the play presented by the Little Theatre Guild at the Parent-Teachers Association meeting at School No. 1.

### 40 YEARS AGO

Vernon W. Frogie was spending several months in St. Petersburg, Fla.

Mrs. Frank Horstman of Times Avenue entertained her bridge club at her home.

E. T. Ketcher and J. Ohfer returned from a week of hunting in Maine.

### 45 YEARS AGO

The second annual minstrel and dance show of the Craftsman's Club of the Belleville Lodge 108 F. and A. M. was held at the high school.

The Forlinit Music Club held a public whist party at the home of Miss Florence Moore of Van Rensselaer St., Belleville.

## Business Briefs

By JOE STICCO and JACK GURWIRTZ

Measures to control inflation have been the constant concern of both business and government in recent decades. The Johnson Administration the pace of inflation this year unless negotiated wage settlements are "appreciably lower" than the average 5.5 per cent increases last year. The warning came in the Annual Report of the Council of Economic Advisers, which accompanied the Economic Report of the President, transmitted to Congress. The council said that a slowing of the wage-price spiral in 1968 "can only be achieved if the average of new union settlements is appreciably lower than the 5.5 per cent average of 1967 and if business firms avoid any widening of their gross margins over direct costs and indeed absorb cost increases to the extent feasible."

Apart from the appeal for restraint, and the 5.5 per cent benchmark for wage increases, the main thrust of both reports was an urgent further request for the administration proposed 10 per cent surcharge on income taxes.

### Sales Beat Inventories

Manufacturers' inventories rose by almost \$500 million in December, but sales rose much faster, resulting in a second consecutive significant decline in the key ratio of inventories to sales, the Commerce Department reported. The Department's report also showed that total new orders, for both durable and nondurable goods, rose by \$3.4 billion in December, one of the largest monthly increases on record. The December total set a record at \$49.93 billion. Sales of shipments rose to \$48.65 billion in December from \$46.41 billion in November. The ratio of inventories to sales narrowed sharply for the second consecutive month. The ratio in October was 1.86, and then it declined to 1.7 in November and 1.69 in December. These are unusually large changes.

What are the revenue sources that will permit New Jersey to carry out its planned programs of works, improvements and reform?

Besides the \$252 million anticipated from the sales tax to help finance his budget, the Governor expects the following amounts from other major revenue sources. The anticipated revenues for 1968-69 are contrasted with those expected for the current year:

- Transfer inheritance tax — next year, \$56 million; this year, \$60 million.

- Corporation net worth tax — next year, 46 million; this year, \$43 million.

- Corporation net income tax — next year, \$90.5 million; this year, \$51 million.

- Foreign insurance corporations — next year, \$28 million; this year, \$27 million.

- Alcoholic beverage tax — next year, \$34 million; this year, \$35 million.

- Cigarette tax—both years, \$100 million.

- Motor fuels tax — next year, \$160 million; this year, \$154 million.

- Motor vehicle fees — net year, \$103 million; this year, \$102 million.

- Emergency transportation year, \$13 million; this year, \$11.5 million.

- Public utility tax — next year, \$16.7 million; this year, \$15.5 million.

## Washington Notes

### ON TEACHER-TRAINING

A new bureau, known as the Bureau of Education Personnel Development, will be created in the United States Office of Education. Its purpose will be to coordinate and extend Federal programs for improving the training of teachers.

### NEW NAVY SHIP

The Navy has announced plans to build amphibious assault vessels to carry Marines, helicopters and landing craft to combat areas. Approximately \$1-billion worth of these battleship-size vessels will be built.

### HORWITZ RESIGNS

The assistant Secretary of Defense, Solis Horwitz, has resigned to become a professor at the University of Pittsburgh where he attended college. Secretary of Defense Robert S. McNamara's resignation is effective March 1st.

### ON SPACE DEATHS

After a year-long inquiry, a Senate investigation committee came to a conclusion that "no single person bears all the responsibility for the Apollo 204 accident."

### SENATORS ON WELFARE

Senators Robert F. Kennedy of New York and Fred R. Harris of Oklahoma have introduced legislation designed to repeal restrictive public welfare provisions written into the Social Security Act of 1967. They contend these provisions would punish the poor.

### MORE AID FOR STUDENTS

President Johnson has proposed that federal assistance for college and university students be increased. At the same time, he recommended a sharp cut in construction aid for institutions of higher learning.

### ON TRAVEL TAX

The Johnson administration has proposed a graduated travel tax on spending in excess of \$7 a day outside the Western Hemisphere. Among several other suggestions was a 5 per cent levy on overseas plane and ship tickets.

### \$3 BILLION FOREIGN AID

President Johnson has asked Congress for \$3.04 billion in foreign aid for the 1969 fiscal year. The President said foreign aid was essential to the U.S. effort to promote world peace.

### A SUPERSONIC AIRLINER

President Johnson has proposed spending \$351-million for the development of a supersonic airliner in the fiscal year 1969. The Boeing Company is designing the plane.

### ON EDUCATIONAL AID

Senators have shown concern over the President's cut federal aid to education which is far below congressional authorization. Efforts are underway to get the President to increase his allocations.

# WEDDINGS AND ENGAGEMENTS IN THE SOCIAL SPOTLIGHT

## Mr. And Mrs. Richard Angileri Honeymooning In Miami, Florida

MRS. RICHARD ANGILERI  
Former Miss Camille Festa

Holy Family Church, Nutley, was the setting Saturday for the marriage of Miss Camille Festa, daughter of Mr. and Mrs. Anthony Festa of 35 Grove Street to Richard Angileri, son of Mr. and Mrs. Rosario Angileri of 98 Hill Street.

The Rev. Michael Saltarelli performed the afternoon ceremony. A reception followed at Royal Hawaiian Palms, Lyndhurst.

## remember when you finally swept up the last straw?

What a difference a vacuum cleaner makes in your home. So much more thorough, yet so inexpensive to run. In fact, it costs less today to run your vacuum than it did 25 years ago. Yes, the average cost of electricity has actually gone down 45% in that time. Compare that with a 120% increase in the cost of living. Of course, your electric bills are higher today, because of all the modern appliances you now use in your home - appliances that mean greater comfort, convenience, and enjoyment. Electricity makes it possible, and it's still your best bargain.

# Rev. F. Blake Appointed Head At Holy Family

Monsignor Anthony Di Luca, retiring pastor of Holy Family Church, Nutley, announced last Sunday that Rev. Francis J. Blake, his assistant for the past 25 years has been appointed to succeed him as administrator of Holy Family parish.

A letter, signed by the retiring pastor and distributed

Church in Jersey City. He was assigned to Holy Family June 13, 1942 and has continued to serve that parish.

He has served the church in various capacities. He was moderator of the Confraternity of Christian Doctrine, spiritual director of the Rosary Holy Family School and its affiliated Parent-Teacher As-

REV. F. BLAKE

to the parishioners of Holy Family, stated that Archbishop Thomas A. Boland had appointed Father Blake. It also asked for the continued support of the people for all the parish priests and praised their dedication.

Father Blake was born in Newark. He studied at Seton Hall Preparatory School, Seton Hall University and at the Immaculate Conception Seminary in Darlington. He was ordained June 7, 1941 and served one year at Holy Rosary

sociations, and director of the Society for the Propagation of the Faith. He founded the Catholic Youth Organization and headed the Cana movement in the parish. He is presently spiritual director of the Holy Name Society.

Father Blake has also been assigned to work in the matrimonial tribunal of the Archdiocese of Newark. He has been an advocate and Promoter of Justice. He is at present a pro-synodal judge in the tribunal.

Of his successor, Monsignor stated in his letter: "He has been an untiring and dedicated as I have been. He knows you as I know you. He loves you as I love you."

Monsignor Di Luca thanked the members of Holy Family Church for their support over the years and concluded the letter by asking the people to

Furniture Should Be Polished Semi-Annually

Is furniture care a problem for you? Are you one who is always using a new polish, cream, oil, etc. or, do you just let the furniture sit and dry out? One type is just as bad as another!

You can give good care without too much work. The best thing you can do is follow the cleaning directions of the manufacturer.

"please pray for this old man."

The other assistants at Holy Family are the Reverends Robert P. Cozzini, Michael A. Saltarelli, and Paul A. Valle. Reverend Matthew M. Pesaniello is also in residence at the rectory.

## NOTHING

It is now possible for tens of thousands of people to enjoy hearing again, with nothing in either ear. Instead of forcing amplified sound through the impaired outer or middle ear, the patented "Tympano Technique" utilizes bone conduction delivers sound directly to the "hearing center", the inner ear! No buttons, no tubes, no wires, no bulky batteries. Wear this aid and not even your best friends will realize it.

The RXM is the result of 26 years of research by Otation specialists. Made possible by a development in the Bell Telephone Laboratories — the miracle transmitters are similar to those used in the U.S. space satellites. If you'd like to know about this revolutionary hearing aid, please write:

#### READ THESE SIMPLE RULES

Each week, in the Belleville Times, Belleville merchants will run tremendous money-saving Weekly Specials on these pages. These weekly special advertisements, which are designed by Belleville merchants to help fight the constantly rising cost-of-living, will feature one tremendous bargain in each ad. Directly under the price in each advertisement there will appear one word. When the reader assembles all the words in proper order, the completed phrase should be brought to the store on Washington Avenue that has been selected to be "Treasure Chest of the Week." Somewhere in the phrase is a clue to the

identity of this store where \$100 in "spending money" is located. A new phrase and new clue will appear each week. If the "spending money" is not found that week another \$100 "spending money" will be added to it. The same will happen the next week if it's still not found. The \$100 "spending money" will be in the form of 20 certificates of \$5 each and can be spent at any of these participating stores any time — they're just like cash. The Belleville Times will redeem them at face value from the participating merchants. Anyone can play, the whole family — no age limits!

**BIO-MEDICAL RESEARCH** — Newark College of Engineering seniors examining the workings of an instrument that charts heartbeat and other body measurements prior to starting NCE's first undergraduate bio-medical engineering research project. Engaged in an isometric work problem, the young men hope to contribute to the general knowledge of physiology. Those doing the project from left to right are: Stuart J. Kelley of Rutherford, Richard V. Dal Braccio of Jersey City, Patrick J. Antonio of Belleville, and Lawrence J. Fischer of Elizabeth.

## Patrick J. Antonio from Belleville Studies Isometric Work Problems

A Newark College of Engineering for undergraduate from Belleville began a semester-long research project this week in the hope of contributing to NCE's budding work in bio-medical engineering.

He will be engaged in an isometric work problem, relating blood pressure and heart beat measurements (the human body's energy output) to timed exercises. Professional sources already engaged in bio-medical engineering indicate that the results might contribute materially to physiological medical data.

Taking part in the project is Patrick J. Antonio, 23, of 436 Jorammon Street, Belleville. He is a senior industrial engineering student at NCE. Antonio is undertaking the research project because his personal interest lies in bio-medical engineering work, he said. He will be given credit for his efforts through one of their senior courses, Systems Synthesis and Design.

"A number of our engineering undergraduates are beginning to express strong desires for bio-medical engineering experience as a preface to graduate work and a professional career," says Dr. Gerald P. Stone, associate professor of industrial engineering at NCE and a member of NCE's Bio-Medical Engineering group.

Dr. Stone is responsible for setting up the student project that will be conducted at Newark College of Engineering in cooperation with Dr. Erwin R. Tichauer, an anatomist-engineer of the Institute of Rehabilitation Medicine. Dr. Tichauer will act as advisor to the students.

"The research to be conducted relates quite directly to industrial engineering studies of work performance and quality control," Dr. Stone of NCE says. "What our students will be doing is a study of the human body as an engineering system performing certain work functions."

It is expected that the young researchers will use 30 volunteers from among NCE's day undergraduate group of equal number of male and female students will be used and asked to perform isometric exercises under about 40 different conditions.

**Isometric Body Positions**  
Volunteers will do specified isometrics at several different body positions for durations of one, two, four and eight minutes, applying forces of five to 40 pounds isometrically. Measurements of the volunteer's blood pressure and heartbeat will be made using special instrumentation while during and immediately after the exercises and compared to similar measurements made while at rest.

"Based on prior information, it is expected that the research will find certain differences in the physiological responses of men and women," Dr. Stone reported. He noted that in addition to medical interest in the project, the findings might also have some future industrial applications.

both worker and industry," Dr. Stone said.

Dr. Stone estimates that it will take about four months to complete the special project. This will give Antonio about one month to design this research specifications and construct his equipment: a month to run the tests and analyze results; and the final few weeks to prepare a written report, required for the course," Dr. Stone says. I think we can anticipate results of some value," Dr. Stone said. But more importantly I believe this first project will serve as an incentive to other young people wanting to relate their engineering training to the pressing social needs of our world.

If I can be allowed a prediction, I think we will soon see many more student-level projects concerned with bio-medical engineering as well as with other problems were an engineering solution will be of benefit to mankind."

## Mayor and Commission Are Verbally Attacked

(Continued From Page 1)  
The new plan, and that it would attract a migrant population which did not have any children attending school in the area.

Lois Oridio, 214 Rhode Place said that more industry would bring safety problems to the Valley, and that, especially, the children would be less safe, and that there would be more living problems.

"You're not giving the children a chance to live in the homes that their parents arranged for them and attend school in a stable fashion," Mayor Smith remarked that the master plan will be accepted by the Commissioners

when, and only when it is acceptable to the residents.

Commissioner Joseph F. McGreevy said that the land use map doesn't change the zoning of the area which has been zoned for industry for many years.

The condition of certain properties at 48 and 65 Little Street were complained of by neighbors and the board promised to investigate.

The meeting was punctuated by shouts of "Leave the Valley as it is!" and "We need more homes, not more factories!"

Automobiles are better and highways are safer but there is no defense against an intoxicated driver.

# Local School Board Incumbents Celebrate Victory

**FAMILY EFFORT** — Norma McCool, who pulled the largest number of votes in her bid for re-election to the school board enjoys a quiet moment with members of her family. With her is her husband Thomas, who is a chemist with the American Smelting and Refining Company, and her daughter, Debbie, who led a group of dedicated teenagers in the McCool campaign. In the foreground is Mrs. A. Rinaldi, Mrs. McCool's mother.

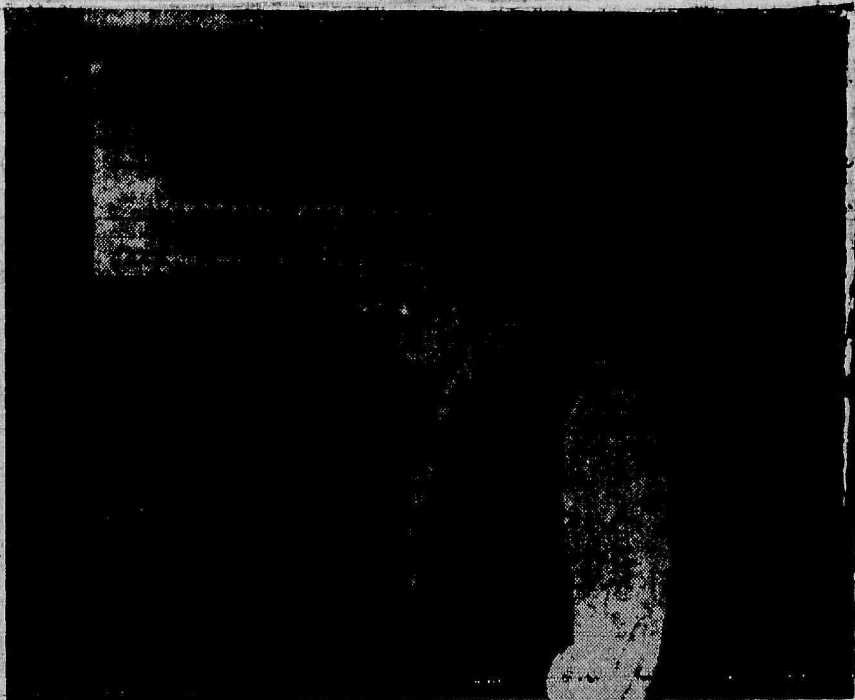

**VICTORIOUS AGAIN** — Smiling with elation and congratulating each other on the outcome of Tuesday's school board elections are: Dr. Frank Di Ruggiero, who placed second; and Mrs. Norma McCool, who pulled the largest number of votes. Looking on is Commissioner Mary V. Senatore, right.

**EXTENDING BEST WISHES** — Rocco Saletta, shortly after discovering that he had been elected to fill one of the three vacancies on the Belleville School Board, receives congratulations from the people surrounding him. In the background is Lawrence Schwartz, Assistant Essex County Prosecutor. Saletta ran third in a field of seven candidates.

**CELEBRATING** — Mary V. Senatore, Norma McCool and Thomas McCool exchange pleasantries at the victory celebration held at Mrs. McCool's house after the election. Although the turnout was somewhat light, the election gave Belleville voters a wide variety of candidates from which to choose.

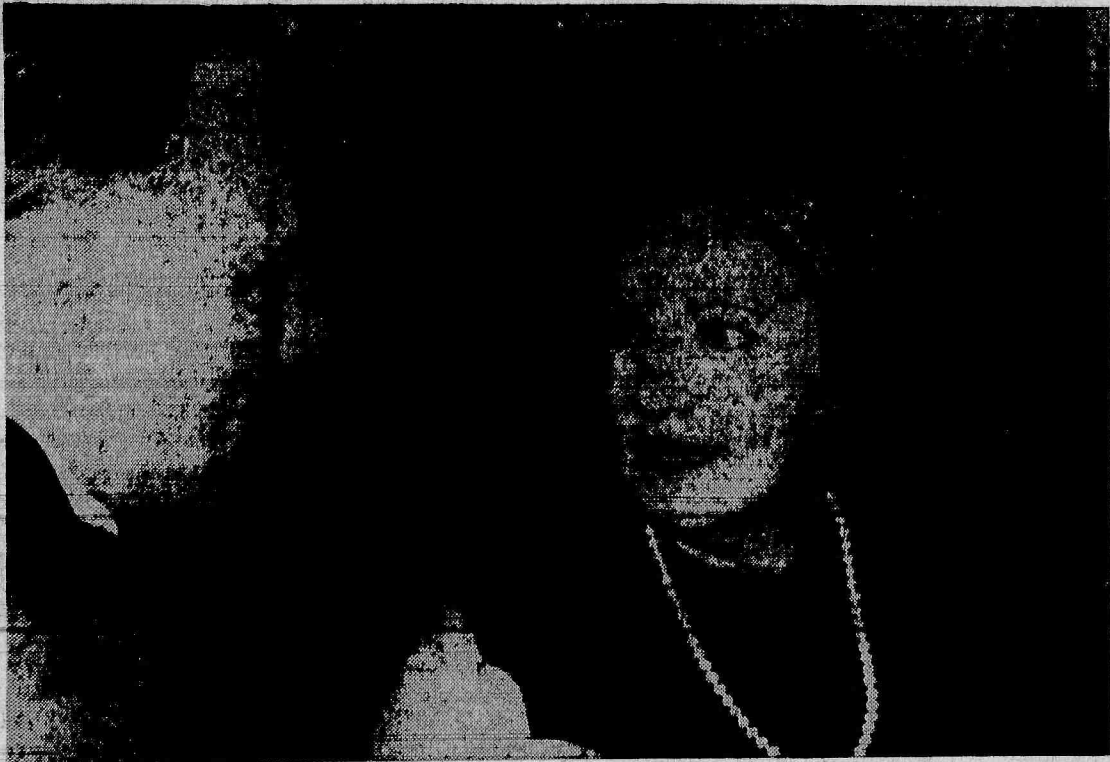

**PREPARING TO VOTE** — Voter Mary Salomon gets ready to pull the lever shutting the February 13 school board elections. She was one of the 20% who turned out to make the voting booth and to make her choice in her political convictions felt at the polls.

## Belleville Class Of 1943 to Hold A Gala Reunion

A group of former classmates has been meeting monthly to plan for a gala 25th reunion of the Belleville High class of 1943.

It is to be held October 1, 1968, at Lyles' in Kearny. There will be a cocktail hour, dinner and dancing.

The committee has been unable to locate the following: Georgia Adams Nappi, Joseph Coles, Cyril Devine, Malcolm Ellington, Russell Flynn, Florence Hilton, Jeanne Holly, and Stanley Whetstone. Anyone knowing the whereabouts of any of these people, please contact Mrs. Muriel McAllister Hamilton of Belleville or Mrs. Carol Frost Knust of Nutley.

**ACTIVE CONVERSATION** — Mary V. Senatore, Commissioner of Public Works, engages in an active but friendly discussion with one of the guests at Norma McCool's victory party. Mrs. McCool expressed her gratitude for the help of the many people who believed in her and voted to re-elect her to the school board.

## Andy Mendolla Completes Navy Military Studies

Seaman Apprentice Andrew J. Mendolla, USN, 19, son of Mr. and Mrs. Andrew J. Mendolla of 236 Fairway Avenue, Belleville has been graduated from nine weeks of Navy basic training at the Naval Train-

ing Center here. In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship as well as survival techniques,

## National Ballet Will Perform In Montclair

The National Ballet, resident company of the Nation's Capital will perform here on Friday, March 1 at 8:30 p.m. in the Montclair High School Auditorium.

It will be the ballet's second visit to Montclair under the sponsorship of Unity Institute. The National Ballet is under

the direction of internationally famous dancer and choreographer Frederic Franklin, one of the world's ballet "greats" who served as a judge at the 1965 and 1966 International Ballet Competitions in Bulgaria.

The National Ballet consists of seventy members, including a full orchestra. The company has two leading ballerinas, Marilyn Burr and Andrea Vodehnal and three premier danseurs, Eugene Collins, Stevan Grebel and Ivan Nagy.

## Richard Breckenridge Resident Many Years

Richard G. Breckenridge, formerly of Belleville, died February 5 at Point Pleasant Hospital at the age of 67. Born in Brooklyn, New York, he was a resident of Belleville for most of his life until his move to 790 North Drive, Bricktown, nine months ago. He was a retired service manager for the Liberty Fuel Company.

He is survived by a wife, Mary Worthington; a son, Harry M. of Belleville and three grandchildren.

Funeral services were at the Wadsworth Funeral Home, 524 Union Avenue, Fe-

bruary 8. Interment was at the Grace Church Cemetery, Belleville.

### N.J. Resorts Report 1967 Second Best Year in History

The 1967 travel and resort business in New Jersey registered the second best year in history. In spite of the inclement summer weather which prevailed during most of the summer resort season, according to the Department of Conservation and Economic Development.

The estimated generated dollar volume of business was \$2,305,014,000 for 1967 as compared to \$2,424,184,000 during 1966, for an estimated loss of \$119,710,000, or 4.9 per cent for the season.

## Mrs. Thompson, 82; Formerly Of Chester

Mrs. Katherine Crawford Thompson of 151 Liberty Avenue Belleville died February 9 at home. She was 82.

A resident of Chester for over 45 years, she has resided in Belleville for the past year.

Mrs. Thompson was a graduate of the Newark Normal School and taught in Newark for several years. She was the former president of the Chester Woman's Club and a member of that organization. She was also an American Legion Auxiliary Gold Star mother and the director and former secretary of Spring Water Company of Chester, as well as a member and organist of the First Congregational Church. Her husband was the late Austin W. Thompson.

She is survived by two daughters, Mrs. Marion Thomsen of Ho-Ho-Kus, Mrs. Michael Rosamilla of Belleville, nine grandchildren and 15 great-grandchildren.

Funeral was from the Smith Funeral Home, 1a Baker Avenue, Dover, February 12, followed by services at the First Congregational Church of Chester. Interment was at the Chester Cemetery.

## Alleged Speeder Pleads Not Guilty

To avoid suspension, Dena Stuart pleaded not guilty to speeding before Judge Edward J. Abramson in Belleville Municipal Court recently.

Stuart, remarking that the use of a car is essential to him in business, complained that the automatic speed control unit which he has on his car failed to operate properly, causing him to exceed the limit.

He said he could offer a repair order on the automatic unit as evidence.

Judge Abramson reminded the violator that to drive at 60 mph in a 50-mile zone is to commit a violation which carries with it the automatic suspension of the driver's license.

Stuart said that he wished to obtain the help of a lawyer. The case was set forward and will be heard on February 28.

John Zornik was not only fined \$3 plus costs of \$2, but also given a \$10 fine for contempt of court. Six violators were fined \$15 and \$5 costs for speeding: John Van Hevelingen, Frank Dudack, Stephen Zahorian, Albert Shadowitz,

### Fall Debris Can Damage Homes and Surroundings

Leaves and dirt in the roof gutter of a house can cause a great deal of trouble. Such a load of debris can soak up water like a sponge and the added weight may be too much.

Helen Swierk, and Adam F. Papasavas, Philip Lafer received a fine of \$10 and \$5 costs for driving without having his registration card.

much for the brackets holding the gutter and so cause settling or loosening from the roof.

Explaining the seriousness of changing the pitch of a gutter, Kupcho says that overflow from a sagging gutter may result in water flowing down the side of a house, blistering paint, damp basement, eroded soil and even washed out shrubbery and soil around the foundation.

## PANTRY PIZZA, THE ONLY GENUINE PIZZERIA ON WASHINGTON AVE., BELLEVILLE, THAT SELLS FROM A SLICE TO A STACK FOR THE BEST IN CATERED PIZZA PARTIES

Anthony Lardiere, owner and chef at The Pantry Pizza, 258 Washington Ave., Belleville (opposite the Junior High School) has become quite famous in the area for his catered pizza parties. Organizations in Belleville and its environs top off their evenings of fun with a stack of his exceptionally fine tasting pizzas. Such groups as the Belleville Kiwanis, Boy Scouts, Girl Scouts, Cerebral Palsy Benefit Bingo, Knights of Columbus, Belleville V.F.W. Cadets, The Elks, Upsala College fraternities and dances of the North Arlington Police and Fire Dept's, have all enjoyed refreshments from The Pantry Pizza's. Many charitable groups in the area also take advantage of Pantry Pizza's "Special Fund Raising Plan". A call to Mr. Lardiere at 759-4339 will give you all the details of this easy way to raise money. Pantry Pizza may not be the fanciest establishment on the outside but Anthony Lardiere does wonders on the inside with his pizza. All the dough and sauce are made by him. He supervises the baking and arranges for the piping hot delivery to homes, factories and offices. A call to Tony at 759-4339 will bring his thin crust specialty to you in just a matter of minutes.

## 'Spofford' is New Theatre Offering

Broadway's newest smash hit, "Spofford," is a personal triumph for Herman Shumlin, who over the past four decades has produced and directed such memorable plays as "Grand Hotel," "The Children's Hour," "The Corn Is Green," "The Little Foxes," "The Male Animal" and "The Deputy."

At the age of 69 Shumlin has written his first play, "Spofford," and it was received with a paean of praise by all the critics. "Spofford" was based on Peter DeVries' best-selling novel, "Reuben, Reuben," and it stars veteran actor Melvyn Douglas in the title role of Frank Spofford, a lean, sharp-eyed New England chicken farmer who becomes involved in a family feud with the commuters moving into his neighborhood.

The reviews were equally of "Spofford" and of Douglas' extravagant in their acclaim performance, which the New York Times described as "a veritable triumph."

"Spofford" was directed by playwright Shumlin and produced by Zev Bufman in association with James Riley.

Donald Oenslager designed the settings, Winn Morton the costumes.

Pert Kelton, playing the mother of Spofford's daughter-in-law shared the critical superlatives with Douglas and created some of the loudest shrieks of a laugh-filled evening in two scenes of screwball romance.

Other leading roles are played by Barbara Britton, Jerome Dempsey, Audra Lindley, Tresa Hughes, Penelope Windust and Jeffrey Weiss.

Miss Windust, incidentally, is one of three very attractive girls making their New York debut in "Spofford," all of whose fathers are well known theatre names. Penelope's dad was the noted director, Bretnagne Windust, who staged both "Life With Father" and "Arsenic and Old Lace" on Broadway.

Jan DeVries, in another principal role, is the daughter of novelist Peter DeVries, whose novel provided "Spofford" with its plot. And the stage manager for the show is a lovely 24-year-old brunette named Lola Shumlin whose father wrote and directed it.

"Spofford" plays Wednesday and Saturday matinees at the ANTA Theatre. It will give special holiday matinees (Feb. 22) and Memorial Day (May 30).

## Country Pop Vocalist Will Sing in Newark

Country pop vocalist Eddy Arnold will present his All Star Show at Symphony Hall, Newark, on Sunday, March 3, at 8 p.m.

The country balladeer comes to Newark after a series of television appearances and sell-out concerts in big city auditoriums. In Pittsburgh he broke a 30-year record for the highest grossing concert in the city's history and in Seattle an all-time record for the city.

The Tennessee-bred singer is among the 10 biggest selling pop recording artists of all time, with more than 40 million albums and singles sold since he started making discs in 1945.

Arnold is credited with almost single-handedly turning country music away from its old "twangy" sound, and urbanizing it into the mainstream of pop music. His renditions of country ballads couple the mellow Arnold voice with soft strings and guitar backing.

He has been called "The Frank Sinatra of the pop country field" by Variety. Besides his appearance with

his all star country shows, Arnold also performs with symphonic backing. His latest success in this field was a concert with the Hartford Symphony earlier this month, (February).

Arnold made his first trips abroad in 1966, when he took his show twice to the British Isles. The same year he made his New York in-person debut, at which the Carnegie Hall crowd gave him a standing ovation.

Arnold is the son of a share cropper who got his first taste of show business on a Tennessee radio station. From there he went on to night club work and touring with shows.

He has recorded for RCA Victor since signing his first contract with the company in 1944, and has made such memorable hits as "Bouquet of Roses," "That's How Much I Love You," "Anytime," "Make the World Go Away," "I Want to Go With You" and "Somebody Likes Me."

Arnold and his wife Sally live near Nashville.

Hard work makes almost any job easy; backing off and delaying the job makes any undertaking impossible.

Despite what some people think, going to Church hasn't hurt anyone yet, and it helps a great may.

## National Ballet At Montclair School Soon

The National Ballet will be presented by Unity Concert Course on Friday evening, March 1 at 8:30 p.m. in the Montclair High School Auditorium.

The National Ballet, under the artistic direction of Frederic Franklin, is the resident company of our Nation's Capital. This brilliant company is recognized throughout the United States, and indeed the world, as one of the finest ballet companies in America.

Marilyn Burr, an Australian, is the newest member of the National Ballet. She received her early ballet training in Australia, and joined the Aus-

tralian National Ballet at the age of 15. After three years with this company, she joined the London Festival Ballet corps, and became a soloist six months later. For five years, Miss Burr was prima ballerina with the London Festival Ballet, and was a favorite with English and European audiences.

In 1954, Miss Burr toured the United States and appeared on two Ed Sullivan Television shows. In 1963, she joined the Hamburg State Opera company, and while in Ger-

many, worked with George Balanchine and danced in several of his ballets. Miss Burr returned to the Australian National Ballet as ballerina, before joining the National Ballet.

## Local Frosh Basketball Team Completes Season

The Belleville Freshman Basketball Team ended their season on a winning note as they just barely managed to beat Irvington-High's Frosh. The game was a tight one all the way as the quarter scores were 5-4 Campers, 18-13 Campers, 31-27 Bellboys and the final 40-39 with the Belleville Frosh on top.

Ralph Macri and Ron (Moose) Muscara were the two leading scorers for the game. Ralph had 15 points and Moose had 12, again Rich Caravetta showed good ball handling and also had one of his highest scores, 7 points. Ralph and Moose were really the keys to the Belleville comeback in the third quarter as together they scored 16 of the 18 points for that quarter. With only twenty seconds left in the 4th quarter and the

score 39-38 in favor of the Campers, Belleville applied a full court press and Irvington was kept in the backcourt for 10 seconds forcing them to give the Bellboys possession of the ball. Rich Caravetta took the throw-in, raced through the other players and with only 2 seconds remaining sunk the game winning basket.

### Harold Asher Now Constable

Harold J. Asher, 73 Bremond St., Belleville, was recently appointed a Constable of Essex County. Asher, 24, is a pre-law student at Rutgers University. While in service in 1961-68, he was a Marine Corps military policeman.

15 men comprised mostly ofactors and individuals engaged  
in the theatrical profession.  
They banded together primar-  
ly for good fellowship.Not long after that, however,  
at the time of the death of one  
of the first 15 members, did  
they realize the necessity to  
create an organization that  
would honor the memories of  
their departed brothers and  
engage in worthwhile charit-  
able and civic endeavors.Today the Order of Elks has  
become one of the greatest or-  
ganizations in our country.  
From the original 15 men, they  
have grown to a membership  
of 1,400,000 and have more  
than 2100 lodges throughout  
our country. Its assets exceed  
\$296,000,000 but the Order's  
greatest pride is the Frater-  
nity's expenditures for benevo-  
lent and patriotic purposes  
which are nearing the total of  
\$8,000,000 a year.Elks have proven themselves  
to be true friends to all that  
are in need. Their services  
from local communities to the  
national level cannot be  
matched by any other fraternal  
organization. Their activi-  
ties range from assisting the  
youth, developing patriotism,  
providing scholarships, and in  
the State of New Jersey the  
establishment of the Elks

street when the light changes?Going to church is a habit  
that one should cultivate;  
there is little danger in it.**A grateful Electric Glassheat user says:****"If you notice the temperature  
you have the wrong heater"  
BETTER SWITCH TO GLASSHEAT****"IT'S A COMFORTABLE HEAT  
that Glassheat gives—never too hot,  
never too cold," he continued. "So comfortable in  
fact you never notice the temperature at all. Re-  
gardless of the weather it feels like a sunny day  
indoors. Imagine—every room sunshine warm all  
winter long. No drafts, no cold corners, just  
comfort!"**No wonder Electric Glassheat reminds you of sun-  
shine. It is the only heating system that warms  
with healthful radiant electric rays exactly like the  
rays of the sun. And this is true throughout the  
house for every room has its own money-saving  
thermostat and heating unit.You can regulate the temperature of each room  
exactly as you want it, one quite warm, another  
cooler. And if a room is unoccupied, turn back the  
thermostat, close the door and save money!**IT'S HEALTHFUL HEAT TOO!**  
"We had fewer colds last winter and everyone  
felt fine," says an owner in Caldwell. This is a  
common report from owners because Electric Glass-  
heat has no flame to burn up the life giving oxygen  
or produce toxic fumes. And the sunshine rays  
of Glassheat not only produce an even tempera-  
ture but maintain humidity at the level doctors  
recommend for good health.**SAVE CLEANING TIME AND  
MONEY** "No soot, no smoke, no grime. Glass-  
heat is wonderful," writes another user. "Have  
never seen any thing so clean. Saves me hours  
I used to spend cleaning and painting."Another says "In 16 years the only room we have  
had to do over is the kitchen. No need to re-  
paint the ether rooms or dry clean our drapes.  
And our venetian blinds still look fresh and new.  
That's why so many owners say, "Install Electric  
Glassheat and take it easy."**SAFE!** Electric Glassheat is absolutely fire-safe  
and can't overheat. No fumes to worry about, and  
even accidental contact can't cause blistering.Electric Glassheat is as silent as sunshine and as  
pleasant, for there are no moving parts. Saves  
space too for the area usually used by radiators,  
furnaces and flues is yours for extra living space.**SAVE MONEY ON HEAT!** People  
admit that Electric Glassheat is tops for comfortable  
heating. But some feel that it is so ideal it might  
be too expensive. This is not true—as you will see  
from these letters describing Glassheat's economy.One writes, "We installed Glassheat for its greater  
comfort with the hope that it would be reasonably  
economical to operate. So we were not prepared  
for our very low annual heating bills. And sincewe can now take advantage of the special low  
heating rate, we save money on our regular cur-  
rent too! And there are no maintenance charges.  
It all adds up to better heat for less money."Though we added two extra rooms," says another  
owner, "my heating bill is only \$175. A pleasant  
surprise and we have never been so comfortable."That's the Electric Glassheat story. People install  
it because of its many advantages—then are de-  
lighted to find it is an economy as well.**WHY PAY MORE FOR LESS?**  
Does Electric Glassheat sound luxurious? It is in  
every respect but cost. If you would like to know  
what Electric Glassheat will do for the health,  
comfort and welfare of your family—send how this  
it will cost, send the coupon, or phone.

## Jerome Raffaldini Now Heads Walter Kidde Co.

The appointment of Jerome L. Raffaldini as president of Walter Kidde Industries was announced by Fred R. Sullivan, chairman and chief executive officer, and Franc M. Ricciardi, president, of Walter Kidde & Company, Inc.

Kidde Industries is a group of operating units of Walter Kidde & Company, Inc. Kidde Industries operations are in Belleville and Bloomfield, New Jersey; Westerly, Rhode Island and Montreal, Canada, and also include the Merchandising Equipment, Weber Aircraft, Cocker Machine and other divisions.

In addition to senior officer responsibilities for Kidde Industries, Raffaldini is group vice president of the corporation.

Raffaldini joined Kidde in

1965 as corporate vice president of operations and became corporate group vice president in 1966. Prior to joining Kidde, Raffaldini had been vice president of operations of Fairchild Hiller Corp. and senior officer of Republic Aviation Corporation, a Fairchild-Hiller division. He previously was manufacturing manager of the Engine and Transmission Division of Mack Trucks, Inc., and earlier held executive positions with American and European automotive companies.

A native of Milan, Italy and an American citizen since 1957, Raffaldini holds a doctor's degree in economics and undergraduate degrees in mechanical and industrial engineering from the University of Milan.

JEROME L. RAFFALDINI

Inc. produces safety, security and protection equipment; industrial and technological equipment, and commercial and consumer products. Kidde recently announced plans to acquire United States Lines Company, subject to stockholder approval. U. S. Lines would be Kidde's entry into the transportation systems field.

Headquartered in Belleville, New Jersey, Kidde operates more than 70 plants and laboratories in 20 states and six foreign countries.

## Lecture Series About to Begin At Four Churches

Bethany United Presbyterian Church, Church of the Advent, New Light Baptist Church, and Broughton Presbyterian Church, all of Bloomfield, will present a series of six lectures on "Foundations of our Faith."

They will be held each Thursday at 8 p.m. beginning February 29. Following each presentation there will be a refreshment break, followed by a small discussion. The program will be completed at 9:30 p.m.

The themes presented will be "Sovereignty of God", "Doctrine of Man", "The Church", "Sin and Grace", "Salvation", and "The Holy Spirit." In addition to the ministers of participating churches, guest speakers will be Frederick Hinett, minister of Park Methodist Church, Bloomfield; George Simmerman, minister of St. John's Lutheran Church, Bloomfield; and William C. Hall, Baptist minister of Westfield.

The first meeting will be held February 29 at Bethany United Presbyterian Church; the second March 7 at the

## Rev. Tuminaro to Talk On Theory of Evolution

Rev. Dominick Tuminaro, pastor of the Nutley Assembly of God, 65 Bloomfield Avenue, has announced that Mr. Hugo Polichemi, B.S., M.A., of Belleville, New Jersey, an active science teacher for many years, has made a fresh ex-

amination of the Theory of Evolution. He will present his findings in a series of six lectures at the Nutley Assembly.

Polichemi will not attempt to evaluate the theory of evolution in the light of Biblical Theology, nor will he try to reconcile the observations of science with the pronouncements of Scriptures. He feels that these tasks belong more properly to the trained theologian. Polichemi will limit his approach to one consideration, and that is the theory of evolution under strict scientific inquiry.

fic inquiry.

The fifth lecture will be delivered at the Nutley Assembly of God, 65 Bloomfield Avenue, Friday, February 23, at 7:30 p.m. The topic of this lecture will be "IS MAN A PRODUCT OF EVOLUTION."

At the conclusion of each lecture, there will be an opportunity for the audience to ask questions and engage in discussion.

## 11 Traffic Offenders Get Jail Sentences

Eleven traffic offenders were given jail sentences totaling more than a year or speeding, through dispositions in Belleville Municipal Court recently. Judge Edward J. Abramson was presiding.

Sixty days in jail, together with fines, was the sentence for Erwin A. Gross. (fined \$40); Kenneth Dinnaught (\$30 and \$5 costs); and Joseph T. Barresi (\$30 and \$5).

Jail for thirty days was meted out to Frank Brown, Jr. (\$28 and \$5); Marianne Hoedelmaker (\$20 and \$5); Robert M. Marcaso (\$38 and \$5); DeWitt Butler, Jr. (\$25 and \$5); Richard Harris (\$20 and \$5); Eric C. Ericson (\$20 and \$5); Eric C. Ericson (\$20 and \$5); and Howard R. Tallman (\$25 and \$5).

Fines of \$15 and \$5 costs was the penalty for speeding for the following: Jorge Ruiz, Vincent R. Distefano, Edward Goldberg, Stephen Marino, Sidney Braun, Robert L. Leavitt, Anthony P. Martino, James A. Mitchell, John A. Polo, Donald Byrd, Andrew Mosley, Stanley Winkler, Louis Sherrill, Charles Ackerman.

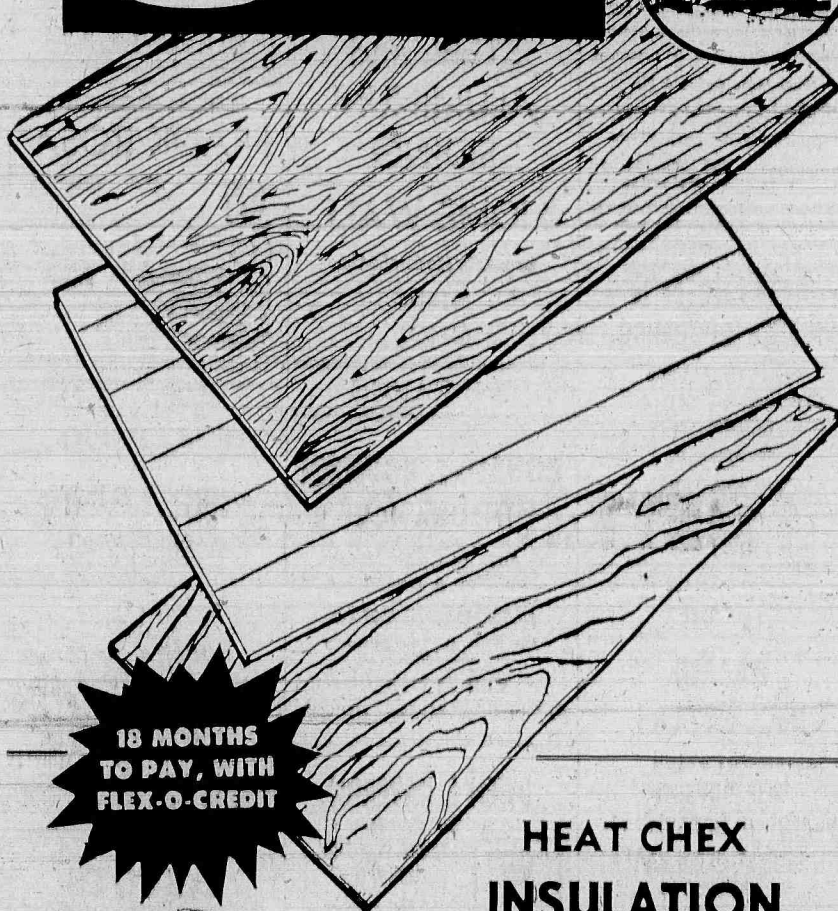

Marie E. Grompone, Edwin Hadley, Peter Abbaleo, Paul Sheleg, Jr., Ernest Young, William Kallensee, Jr., Paul P. Mortola, Daniel Kram, William Artis, Allan Burke, David DeVries, Gerard Ferrari, Joseph Christiano, Marc L. Small, Willard K. Owens, John Padavano, Richard Duerr, Salvador L. Simao, Abe Wise, Alice C. Jordan, Richard Chissone, Milton Spiesman, Evelyn McCoy, Christine Ritacco.

Fred N. Baldwin, Herbert Johnson, William G. Osborne, Dominic J. DePasquale, Fabian J. Issa, Nicholas C. Aquino, Johnnie Killebrew, Josephine Capo, Doris A. Pfaff, Stephen McLaughlin, Barry Fortney, Herbert Gant, Jr., Edmund Meerson, Jr., Robert C. Forker, Clifford B. Sieling, Everie Watson, Jr., Maria Giannarra, John J. Pojawa, and Max Krongelb.

For violations connected with the driver's license, registration, or inspection, the following were fined: Frank V. Rumulo (\$10 and \$3); Erwin A. Gross (\$5 and \$5); and Leonard Belcaro (\$10). For disregarding a stop sign, Richard E. Fredricks (45 \$5 and \$5), and Michael P. DeMarzo (\$10 and \$5).

For being under the influence of narcotics, Wayne Young received a suspended sentence of six months in Essex County Jail, two years on probation, a warning from the court to quit his present

associations, and to continue psychiatric treatment.

## Fidelity Union Trust Co. Promotes Men To Executive Positions, Names 7 Officers

C. Malcolm Davis, president of Fidelity Union Trust Co., has announced the election of Frank C. Surges as vice president and comptroller; William A. Bayreuther, Jr. as vice president and Edmund M. Oehlers as second vice president.

Davis also announced the election of seven new officers: Leonard Condon, N. Alan Freiermuth, Raymond R. Hislop, Ellen L. Keely, and Harriet V. Schwing as Assistant Treasurers; Surtees L. MacKerchar as assistant trust officer; Joseph J. Tybursky as auditor.

Frank C. Surges joined Fidelity in 1962 as comptroller. Surges, a certified public ac-

countant and a graduate of Newark Junior College, served four years in the U. S. Army. He is a director of the Essex Investment Co. and secretary of Newark Chapter, Financial Executives Institute. A council member of the Faith Lutheran Church of New Providence, Surges, his wife and their two children live at 47 Gallinson Drive, Murray Hill.

### Rutgers Masters

William A. Bayreuther, Jr. began his career with Fidelity in 1953 as a management trainee. He was elected assistant treasurer in 1960, and second vice president in 1963, and is currently responsible for the data processing and tabulating departments.

A graduate of the University of Nebraska, he received his Masters degree from Rutgers University and is presently attending The Stonier Graduate School of Banking. He resides in Chatham at 41 Meadowbrook Road with his wife and three children.

Edmund M. Oehlers joined Fidelity in 1956 and was assigned to the Business Development Department. He was elected assistant treasurer in 1960. A graduate of the Wharton School of the University of Pennsylvania, he attended The Stonier Graduate School of Banking and served three years in the U. S. Army Infantry. He is a commissioner of the Newark Commission of Neighborhood Conservation

and Rehabilitation, treasurer of the World Trade Association (Newark), and a member of the Ironbound Manufacturers Association. Mr. and Mrs. Oehlers reside at 1665 Valley Road, Millington.

### Management Training

Leonard Condon started his career with Fidelity in 1928 and is presently assigned to the Belleville Office. Condon is a graduate of the Essex County Chapter, American Institute of Banking. He is a member of the Branch Brook Belleville Kiwanis and the Allwood Community Church, Clifton. Married with two children, he and his wife reside at 178 Beverly Hill Road, Clifton.

H. Alan Freiermuth joined Fidelity in 1958 and entered the management training program in 1962. He is a graduate of Rutgers University and is presently attending Fairleigh Dickinson University for his Masters degree. A member of the Newark Jaycees and the Stewardship Committee of the First Presbyterian Church in Cranford, he is currently assigned to the North Ward Office. A resident of Cranford at 162 Hillcrest Avenue, he is

Dr. A. M. Levine, vice president and general manager of ITT Federal Laboratories, said that Albanese brings to the position a strong background in equipments, system design, and program management.

Albanese joined ITT at Nutley, in 1952, after graduating from Newark College of Engineering with a BSEE. He transferred to ITT Federal Laboratories in California in 1955 and has been responsible for the development of advanced missile guidance concepts and other systems.

At Nutley, Albanese was responsible for development of space communication and tracking systems. Prior to that, he supervised the systems engineering group and was finally program manager on the multimillion-dollar LO-BAR intercontinental ballistic missile radar detection system.

Raymond R. Hislop graduated from Seton Hall University with a B. A. degree and completed special courses at Rutgers University. His banking career started at Fidelity

in 1942 and at present he is assigned to the Ferry Street Office. Hislop served three years with the U. S. Army. He resides at 23 Fairmount Avenue, North Arlington, with his wife and six children.

Ellen L. Keely joined the bank in 1944 and is presently Administrative Assistant at the Main Office. She is a graduate of Drake Business School; Es-Downtown YM - YMCA and is a member of the New Jersey State Federation of Business & Professional Women's Clubs. She resides at 15 - 38th Street, Irvington.

### Assigned to Trust

Surtees L. MacKerchar joined Fidelity in 1958 as a management trainee and is presently assigned to the trust department. A graduate of Upsala College with a B. B. A. degree in 1958, he served two years in the U. S. Army in Korea. MacKerchar resides at 37A Dayton Drive, Edison.

Harriet V. Schwing started her career in banking in 1940 and is currently assigned to the business development department. She attended Rutgers University and is an alumna of the American Institute of Banking. Miss Schwing presently serves on the Woman's Committee of the Institute's Essex County Chapter. She resides in Hillside at 343 Florence Avenue.

Joseph J. Tybursky came to Fidelity in 1963 as Audit Program Administrator. A graduate of Rider College in 1958 with a B. S. degree, he has completed special courses at Rutgers University and is a Certified Public Accountant. Tybursky served two years with the U. S. Army Signal Corps. A member of the Executive Board of the Southwest Civic Association of Clark and the Executive Board of the East Jersey Chapter of the National Association of Accountants, he resides with his wife and daughter at 19 Winthrop sex County Chapter, American Institute of Banking; New Jersey Bankers Association Public Relations School; School of Financial Public Relations, Northwestern University and has attended Rutgers University. Miss Keely serves on the Board and is a member of the

## Student Wins Betty Crocker School Contest

Hedwig Atherton, daughter of Mr. and Mrs. M. G. Atherton of 83 Hornblower Avenue, Belleville, has been named 1968 Betty Crocker Homemaker of Tomorrow for Belleville High School.

Hedwig finished first in a written knowledge and attitude examination for senior girls - December 5. Her achievement has made her eligible for state and national scholarship awards and has also earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow program.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

The national winner—the 1968 All-American Homemaker of Tomorrow—will be announced at a dinner in Minneapolis, Minn. She will be chosen from state Homemakers of Tomorrow on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third, and fourth ranking national winners will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000, respectively.
