DISTINGUISHED GUESTS — Lined-up (not by the police, but by the photographer) are the members of the Belleville Board of Commissioners, who attended last Saturday's PBA dinner at the Fountain Restaurant. They are from left to right: Commissioner Vincent Strumolo, Mayor Kenneth D. Smith, Commissioner Mary V. Senatore, and Commissioner William Cullen. Missing from the picture is Commissioner Joseph McGreevy.

2 Belleville Women Win Times' Fabulous 'Big Money' Contest

Two women, used their ingenuity to piece together the winning sentence for the Belleville Times' "Big Win" contest and walked away with this week's top prize of \$100. Splitting the money are Mrs. Anthony Trabucco of 185 Floyd Street and Mrs. Marian Cogan of 213 Joralemon St.

Both ladies figured out the winning sentence, which when finally unscrambled read: "You can have a party with the Times Big Win Treasure. You bring entrees to 50¢ saving stores."

At 8 a.m. Friday morning, Mrs. Trabucco and Mrs. Cogan slipped these entrees through the door slot of Serafino Gift and Printing Shop, 542 Washington Avenue.

Mrs. Trabucco is the mother of three children and her husband is a trucker with a Farmers Market, Paterson. She stated that at first she thought "somebody was joking." Later when finally convinced, Mrs. Trabucco said, "we can real-

BIG WIN — Looking jubilant, Mrs. Marion Cogan, left, and Mrs. Anthony Trabucco, right, are officially notified that they are this week's winners in the Belleville Times' Big Win Contest. With the winners is Armand Serafino, owner of Serafino Gift and Printing Shop at 542 Washington Avenue.

Obscenities Costs Caller Stiff Penalty

A Bloomfield man has been convicted of placing harassing and obscene telephone calls to a Belleville woman.

The 25-year-old man was caught in the act of placing a call from a public telephone at a railroad station in Montclair. He was apprehended by Montclair detectives Robert Cummings and Thomas Sobers.

Montclair magistrate Frank J. Brunetto fined the annoyance caller \$100 and \$10 court costs in municipal court, March 7. The suspect pleaded guilty to a charge of being a disorderly person.

Police were assisted in locating the caller by the New Jersey Bell Telephone Company. The company utilized special electronic apparatus which pinpoints the source of a call without listening in on a conversation.

Board Won't Appeal Lost Appropriations

The Board of Education made a tough but final decision this week. The trustees will not appeal to the Commissioner of Education for relief from the determination by the Board of Commissioners to cut \$206,000 from the school budget for 1968-69.

Although the school board is convinced that the twice voter-rejected financial plan, which had been subsequently fixed by the governing body, is insufficient to provide for a thorough and efficient school system, the board nevertheless decided to stay with the mandate of the people.

The schoolmen are not happy with the budget. Nor are members of the administrative staff in town schools or the teaching faculty.

The Commissioners reduced some \$3,700 in the area of administration and some \$77,766 from the instructional portion of the budget. This means that Belleville will not be able to hire five new teachers and other personnel which the school board claims it needs.

Can't Hire Teachers

These new teachers include two English teachers, an art instructor, a physical education teacher and an elementary school librarian.

School superintendent Anthony Greco forecasts that by not hiring these teachers the present English instructors will be faced with over crowded classrooms and that undoubtedly children will not receive the amount of personal attention and help that a fine school system should offer.

Programs Will Suffer

The physical education program will also suffer, Greco predicted.

The superintendent was particularly irritated by the recommendation not to hire a librarian. He said the modern day school requires that children be exposed to the library early, preferably from grade three so that by the time the student enters high school he will have developed independent study habits.

It is important, he said, for students to know how to learn and to develop skills. Memorization is not the name of the game anymore. A library should not become a frightening experience.

He went on to complain about \$2,300 chopped from teaching supplies. "This is a cut we can ill afford," John Di Rienzo, board president, added that it is ridiculous to spend high salaries for teachers when the town refuses to give them tools to work with.

The board only hopes it can salvage the system's educational programming this year by allowing the school plant to bear the brunt of the budgetary reductions.

Can't Afford Repairs

More than \$8,000 was sliced from salaries for the operation of the school buildings. And \$45,000 more was cut for maintenance of the schools, contracted services for maintenance, furniture and equipment, and other such expenses. This liquidates the board's hope to re-paint many classrooms, install new fixtures, repair leaks and wiring, replace

Mrs. Senatore Suggests Creating Belleville Shade Tree Committee

Today spring arrived and with it came a new proposal to beautify Belleville.

Mary Senatore, the town's woodland beautician, will recommend that her Board of Commission colleagues endorse an ordinance creating a Shade Tree Committee.

The purpose of the new group has already been mapped out: to plant new trees, shrubbery and cherry blossom and to prune existing greenery throughout the community.

"Many trees in Belleville have been neglected for more than 17 years, Mrs. Senatore said, "and that's a lot of growth that has to be trimmed."

Once the committee is formed, Mrs. Senatore plans a round table discussion with the members and the local shade tree foreman to review what areas need immediate attention.

"Belleville has so much gorgeous park land. When I look around them in spring I see pink pastels and white blossoms, green trees and grass. I get the feeling that more of Belleville should reflect this beauty," she said.

The town shade tree department would do most of the work. Mrs. Senatore said she is looking forward to 20 new cherry trees which the Kiwanis Club planted in Washington Avenue last fall.

She would also like to see cherry blossoms along Belleville Avenue in the park areas so that both sides of the street will have cherry blossoms.

If the commission approves the Shade Tree Committee, the new group hopes to begin active work by April.

Belleville Junior High School Offers 'Cinderella' This Weekend

'WATCH IT' — Kenneth McCumber, who plays Prince Charming, seems a bit reluctant to have the royal crests pinned to him. Doing the honors is Mrs. Wendell Parr, wife of the play's director. Frank Scelba, head of the music department, is co-ordinating all the activities in relationship to the production that will take place this weekend.

BALLROOM SCENE — Patrice Cernero and Kenneth McCumber, make an excellent Cinderella and Prince Charming dancing at the Palace Ball, during rehearsal for the play. The music for the play is being supplied by the Junior High School's orchestra, under the direction of Oliver James, member of the faculty's music department.

'HEY, QUIT THAT STUFF' — Looking as if he would rather be anywhere else, Michael Kramer, one of the Prince Charmings in the Belleville Junior High's production of "Cinderella", allows Georgeann Gonnello to make him up for the part. The play will be presented March 22, 23 and 24 at the Junior High.

NOT SO MEAN — Cora Fisher, right, who plays one of the three mean stepsisters breaks into laughter during the rehearsal for "Cinderella." Susan Kellenberge, seated on the left, looks suitably frightened. To be presented this weekend at the junior high, the drama is expected to attract large crowds. The cast has been rehearsing for the past few months.

Mr. Riedel Deserves An Answer

The week before the February school election an unsigned piece of literature was mailed to every homeowner purporting to show a breakdown of the 1968 real estate tax rate.

The document was very misleading and came at a time when the public was being asked to vote upon the school board budget. Naturally the presentation prejudiced the reader against the school board expenditures.

Since its distribution we have been told the circular was conceived and distributed by a Commissioner at taxpayer expense with the sole purpose of trying to influence the voters' attitude toward the school election. It did. The school budget was narrowly defeated — and defeated again, even after the school board knocked out \$50,000 of proposed expenditures.

The Town Commission last week rejected the school budget still further—

another \$206,000. Town Hall officials contend the reduction will not impair the quality of our school system. This opinion is not shared by members of the school board. We tend to agree.

To return to that February unsigned circular — an alert civic leader, William Y. Riedel, Jr. wrote a letter to this newspaper not only questioning the existence and distribution of the misleading propaganda but also raised a very interesting question regarding his belief that ratables are down 13 million dollars and as a result Riedel claims Belleville home owners are asked to pick up an expense of \$706,000 in added taxes.

Last week Mr. Riedel, in a follow-up letter to this newspaper again asked for an explanation of the 13 million dollar reduction. We believe all Belleville taxpayers have a right to an answer to Mr. Riedel's question. FAO

Robert Kennedy and Richard Nixon

New Hampshire may be a fine place for skiers — but for politicians wanting to become President of the United States? Well, half of them will say it is a great state and the other half probably wish it never existed. But exist it does — and the results of New Hampshire's Primary Election are still being assessed across the country and throughout the world — both the free and the communist.

Nixon believes the results are conclusive. He will be the Republican standard-bearer. Robert F. Kennedy for some strange reason believes the results have anointed him as the inevitable recipient of the Democrat Presidential nomination.

Both Nixon and Kennedy have a right to their opinions; Anti-Kennedy people are saying he lacked the courage to do battle with President Johnson in the New Hampshire Primary — that he, Kennedy, was an opportunist by jumping into the fray after Senator Eugene McCarthy displayed the political courage to take on an incumbent President in a state where the odds were heavily weighted against the challenger.

If we want to be truthful about politicians and their motivations the plain fact of American political life is that all politicians are opportunists — their opportunism only differs in degree and frequency of opportunity.

That Robert F. Kennedy may be an opportunist doesn't fault him in our book. We can find other complaints against RFK but being an opportunist is not one of them.

Kennedy's entry into the Presidential sweepstakes adds a more meaningful and broader dialogue to future discussions on our goals in Vietnam, Berlin, Korea, Africa, South America, France — and the United States.

For America only good can come out of a Johnson-McCarthy-Kennedy Presidential nomination contest.

As for the Republican side of the Presidential picture things are not so neatly arranged for him as Nixon suggests.

Immediately after the New Hampshire election results were known Nixon boasted that he had won election in 26 states in 1960 and Rockefeller never won in more than two states — New York and Oregon. Nixon implied that a Rockefeller-Nixon contest in Oregon wouldn't prove who was more acceptable to Republican voters as among the two of them because of Rocky's past Oregon record.

In his attempt to downgrade Rockefeller's standing in the nation and upgrade his own, Nixon conveniently forgot to mention that since his Presidential race in 1960 he lost the California Gubernatorial election to Pat Brown in 1962. But this is all history.

The future is what interests us — and should interest both Nixon and Rockefeller. Either person would make a good President. Whether or not either can improve upon the performance of the current White House occupant remains to be seen in the campaign months ahead.

We believe Rockefeller will contest Nixon for the GOP nomination. We believe the contest will be good for America.

And we believe both the Democrat and Republican contests will strengthen the parties. For the most part the party professionals think a Primary fight is bad news. It is historically true that party hacks are more interested in profits than principle — and they aren't about to change in 1968.

Bring on the fights boys, America is chafing at the bit. FAO

The Foreign Airlines

President Lyndon Johnson's proposals to curtail U.S. tourist spending abroad and discourage overseas travel struck a sensitive nerve as far as many foreign airlines are concerned. And while most Americans favor action to eliminate the deficit in our international balance of payments, it is only fair to consider certain facts.

Lufthansa, for example, announced recently it would not take any dollars collected in the United States out of the country. It pledged this policy as its cooperation with the program to keep U.S. dollars at home.

Air France wrote editors all over the country noting that its U.S. expenditures far exceeded revenue from ticket sales in the United States — not counting the many millions spent in

recent years in the purchase of U.S.-built aircraft. European airlines also spent additional money last year promoting tourist travel to the United States. (That traffic from France more than doubled in 1967.)

These conditions also apply, in varying ways and degrees, to other foreign airlines — though not to all. Thus, in drawing conclusions about the dollar drain, one should not jump to erroneous conclusions about the effect of foreign airline operations in this country. No one would kill the goose laying the golden egg and, more important, one desires facts rather than emotion concerning the economic effect of foreign airline operations in the United States.

A Citizen's Duty

The editor feels it appropriate, in these controversial times, to point out to readers that they have certain obligations as citizens of the most powerful country in the world. One is that he make an honest effort to be informed on the issues of the day.

This may sound trite but no citizen can act or talk intelligently if he is not acquainted with the facts. Also keep in mind that misinformed citizens, who make both inaccurate and confusing statements, do nothing to lift the level of understanding and intelligence.

Too often business men and others

interested in material pursuits spend little time trying to acquaint themselves with the facts concerning issues of the day.

One should take advantage of various sources of opinion to become acquainted with the various viewpoints and each of us should form his own opinion concerning the issues.

Every citizen should make an effort to read good books regularly, the news columns of the newspaper, and occasionally glance at an atlas to acquaint himself with the geography of the world.

Anthony Betta, Stage Manager In School Play

Anthony Betta, 165 Franklin Avenue, Belleville, extended his theatrical interests from center stage to behind the scenes on Saturday, February 24th, when he served as assistant director and stage manager for an evening of comic theatrics presented by the Parent Teacher Organization of the Hilary School, Newark.

Prior to the one-time performance, given to benefit the non-profit, non-sectarian private school, Mr. Betta spent many weeks coaching the parents in their roles in "A d a Gives First Aid," a one-act comedy by Eunice Merrifield, and in creating an original revue which satirized events in the school's four-year history and the Montessori method of education which is employed at The Hilary School.

Betta has had extensive experience on stage, beginning with starring roles at St. Benedict's Preparatory School and continuing at Montclair State College. He gained semi-professional experience with the now-defunct "Ye Towne Players" of Newark. The young accountant volunteered to assist the Hilary PTO for the directing experience, and also because he was impressed by the nature of the school and the dedication of the parents. Opportunity's Head Start Program. The rest is private. The school, located in the

to be well under a million dollars.

Asked when the building will be underway, the Mayor replied that he hopes for ground-breaking sometimes this summer.

The police have been in their present quarters since about 1913. The whole facility, including research, records and all other services, and including a force of about 80 men, is housed in a few small rooms in the basement of City Hall. The Fire Department is also housed in unsuitable quarters for a modern operation.

parish house of St. Barnabus Church, 505 West Market St., in the Roseville section of Newark, is unique because it deliberately maintains a mixture of children from widely varying cultural, social and economic backgrounds. Of the sixty students, aged 2½ to 6 years old, twenty-four come from the school's immediate neighborhood under sponsorship of the Federal Office of Economic tuition-paying students from Newark, the Oranges, Montclair, Maplewood, Kearny, Weehawken, Jersey City and Hoboken.

Flower Show To Be Given At Morristown

The New Jersey Flower and Garden Show, March 22 to 28 in the Morristown Armory will provide more than a foretaste of spring.

So says William F. Munk, senior county agent in Essex County, as he calls attention to the many possibilities the show will offer to improve the gardening skills of the "average" home owner. Exhibits and other attractions are being directed toward the theme, "Great Ideas for Outdoor Living."

Among the educational exhibits will be the one in which the agent and other members of the New Jersey Cooperative Extension Service staff will take part. This exhibit, sponsored by Rutgers University, will suggest ways to keep all plants healthy by controlling insects and diseases.

Continuously on duty at the exhibit booth will be a staff of Rutgers specialists and Extension agents ready to answer questions about any phase of gardening. This was an enormously popular feature at last year's show, Mr. Munk recalls.

The armory is off Western Avenue in Morristown.

What you do not expect does not disappoint you.

Giving until it hurts sometimes applies to the recipient.

It may sound strange to so-called minority groups but life presents some problems and many disappointments to those who belong to the so-called majority group.

NEIGHBORHOOD NEWS

HELEN MORRIS 667-1017 BIRTHDAY STREET

Hillside Avenue has had a trio of birthdays ever since the Ides of March have come among us. First Bobby Kiwor reached the age of 14 on March 1. He had brothers Sandy and Donny as well as younger sister Marion to serenade him when the birthday cake was served. Then it was back to the everyday relationship that all youngsters seem to thrive on. Down the block, Donna Brancaccio turned 9 on March 8 and her four sisters, Nancy, Teresa, Janet and June and let's not forget brother Peter joined in the chorus to wish her birthday greetings. Well June didn't exactly sing along, for when you're only 1 1/2 months old, the best one can do is to smile and coo. So that was her part. And last but not least, Kathy Popadick reached that magical stage when one is neither a child or an adult, known to one and all as a teenager. Kathy heard the birthday song on March 15. And so far according to her the teenage years look bright all the way through.

If you have a birthday coming up soon, let us know and we'll let the rest of our town know. Either way or anyway, Happy Birthday all!

Beauty Finalists

Well the preliminary judging for Miss High School Pageant of New Jersey is over with and two Nutley High School misses have been selected among the finalists for the beauty competition. The final selection will be held March 23 at Belleville High School. The two young ladies are Gail Roberts of 151 Coeyman Avenue and Bonnie Taylor of 287 Vreeland Avenue. Both girls besides being very pretty are very active school-wise as well as being on the honor roll. Bonnie hopes to become a legal secretary one day and toward that end she is a member of the Business Leader's Club. Gail is Captain of the Nutley Cheerleaders, a member of the Modern Dance Club, on the Yearbook Committee and there's more yet. To both of you, we offer best wishes come Sunday afternoon March 24. All of Nutley are proud to have girls like you represent our town. And if anyone wants to cheer the young ladies on, tickets can be purchased at the door or gotten through Mike Padino (677-7315) the Pageant executive director.

Tri-Town Group Honors Twelfth Anniversary

The Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley celebrated the 12th anniversary of the National Business Foundation at the February meeting. Mrs. Toni Marone of Belleville made and decorated a large birthday cake for the occasion.

The National Foundation was established by the National Federation of Business and Professional Women's Clubs. Incorporated on Feb. 27, 1956. It conducts and supports research and surveys on the economic, social and psychological challenges confronting women, and gives support to qualified institutions for the training and education of women.

Tri-Town's guest speaker was Mrs. Rachel Diamond, public relations coordinator of the Bloomfield Public Library. Mrs. Diamond is also the author of History of Bloomfield, and is a former Tri-Town member. Her topic was "The New Jersey Signers of the Declaration of Independence and their Wives."

Church Group Annual Event

St. Peter's Rosary Confraternity annual communion breakfast was held after the 8 a.m. mass, Sunday, March 3 at the Fountain Restaurant, Belleville. Rev. James A. Pindar of Seton Hall University was guest speaker.

Father Francis Ignacinos is chaplain for the group. Mrs. Josephine Izzo is chairman; Mrs. Dorothy Palumbo is toastmaster; Mrs. Mary Manthey is ticket chairman, assisted by Mrs. Josephine Krehel and Mrs. Mae Friel.

The regular monthly meeting was held in the school Monday, March 4. Mrs. Virginia Battle and committee served refreshments.

PEOPLE HAD BOILS IN BIBLICAL TIMES

They are often mentioned in the Bible. A boil's redness, swelling, local "hotness," and great tenderness as a fluid-filled core develops, gives a picture of a typical infection. Boils are usually caused by a staphylococci variety of bacteria which remains confined to the area of their entry.

It is called a boil when on the skin's surface, an abscess when it involves deep tissues. A carbuncle is a cluster of boils and a felon is a special type of boil affecting the thick tissues of the pad of a fingertip. Never squeeze a boil or a pimple. This spreads the infection. Diabetics, or patients with vascular disease, hardening of arteries or Buerger's disease require immediate medical attention.

Woman's Club Donates Literature To Library For Patients At Clara Maass Memorial Hospital

A group of members and friends of the literature department of the Woman's Club of Belleville recently spent several hours at Clara Maass Memorial Hospital processing approximately 300 books to the patients' library during the past year.

The processing is a continuing project of the local women's service organization. Under the chairmanship of Mrs. Dwight Streeter, the group has been interested in this volunteer work through the efforts of Mrs. Richard A. Shafter who is Volunteer Library Chairman at the hospital and who also holds the office of president of the Woman's Club.

"With the recent removal of the patient's library to larger quarters, we envision a circulating library of 4,000 volumes including paperbacks and magazines," Mrs. Shafter commented. The books were also catalogued by title and author. Luncheon was served to the volunteers in the hospital's cafeteria. Participating were Mrs. Dwight Streeter, Mrs. Richard A. Shafter, Mrs. John Denike, Mrs. William Herb, Miss Alberta Harris, Mrs. Mary Kinloch, Mrs. David Parry, Mrs. Arthur G. White, Mrs. William A. Baker, Mrs. Albert Ruff, Mrs. Irving Vogt, Miss Dorothy Allaire, Mrs. K. Schwartz and Mrs. William R. Kropp.

Rev. Garner To Speak At Communion Supper

Plans have been completed for the Communion Supper of St. Mary's Rosary Society, it was announced this week by Chairman, Mrs. Edward Peters of Belleville.

The Rev. Robert F. Garner, Administrator of Christ the King Church in Jersey City, will be guest speaker for the affair which will follow a 6 o'clock Mass Sunday, March 31 at St. Mary's Church. A Mass of Monsignor Owens, late pastor of St. Mary's, will be dedicated at the Mass. The Supper will be served in St. Mary's Auditorium.

Father Garner received his early education at St. Patrick's School and St. Peter's Prep in Jersey City. He is a graduate of Seton Hall University and completed his theological studies at Immaculate Conception Seminary, Darlington.

Following his ordination in 1946, Father Garner was assigned to Blessed Sacrament Church, Newark where he served until last September. The Golden Knights Drum Corps was organized by Father Garner at Blessed Sacrament.

REV. ROBERT GARTNER

Mrs. Peters is being assisted by Mrs. John Adelhelm, co-chairman; Mrs. Walter Lee, arrangements; Mrs. Bernard Malizia, program; Mrs. Eugene McCormack, publicity; and Mrs. Domenick De Poto, Mrs. Leonard Schilling, Mrs. Robert Wynne, Mrs. John Dunleavy, Mrs. William Fulton, Mrs. Louis Gialanella, tickets.

Free Classes Underway For Expectant Parents

Expectant Parents' Classes sponsored by the Department of Health opened March 20. Health Officer Richard V. Fellers reports.

They are being held at the Department of Health, Town Hall, Nutley. The entire series consists of six classes which

will be held weekly on Wednesdays. The first four classes are for mothers and will run from 2 to 4 p.m.

The last two classes are for mothers and fathers and will run from 8 to 10 p.m.

Instruction is being given in: How life begins and how the baby grows; hygiene of pregnancy; nutrition; feeding; bathing and caring for baby; supplies needed for baby; and hospital experiences.

Fellers stated that the classes are free and have been arranged as an educational program for the enlightenment and guidance of expectant mothers and fathers and other interested persons. They will be conducted by the Nurse Supervisor of the Department of Health.

Business Filing Deadline April 15 Under New Law

State Tax Director William Kingsley today reminded taxpayers that the first returns under the new Unincorporated Business Tax Act must be filed on or before April 15 with the Emergency Transportation Tax Bureau, P.O. Box 1686, Trenton, N. J. 08625.

The April 15 deadline date applies to all unincorporated businesses which have calendar year accounting periods or which have fiscal year accounting periods ending during the calendar year 1967.

The tax which is at the rate of 1/4 of 1 per cent on taxable gross receipts must be paid in full at the time of filing of the return. Businesses having taxable gross receipts under \$5,000 are not required to file returns. Businesses with gross receipts over \$5,000 are subject to tax on the full amount of the gross receipts without deduction of the first \$5,000.

MISS CHARLENE TORTORIELLO

Charlene Tortoriello To Wed John S. Sebilia

Mr. and Mrs. Charles A. Tortoriello Sr. of North 17th Street, Bloomfield, announce the engagement of their daughter, Charlene Marie to John S. Sebilia, son of Mr. and Mrs. Albert J. Sebilia Sr., of South Orange.

Miss Tortoriello, a graduate of Bloomfield Senior High, attended Drakes Business College and Seton Hall University. She is a bookkeeper with

Minor Rubber Company, Bloomfield.

Her fiancé, a former graduate of Columbia High School, Maplewood, served in the Navy and is presently attending Rutgers University for a degree in Accounting. He is sales representative for Durkee Foods, a division of the Smith - Corona - Marchant Glidden Company of Cleveland.

A fall ceremony is planned.

Communion Breakfast Saturday at St. Mary's

Saint Mary's Cana Society will hold its annual Family day, March 23. Following a special family mass at 8:30 a.m. in church, breakfast will be served in the school auditorium. Cana extends an in-

itation to all members of the parish to bring the whole family along and join us for this popular affair.

The Church, as an institution, deserves your support, not because it is perfect, but because it strives in the right direction.

Elinor Mostello On Dean's List

Elinor L. Mostello of 136 Delavan Avenue, Belleville, has been named to dean's list at the College of Saint Elizabeth, Convent Station. She was among 83 students who were named to the list for the fall semester.

Wealth, in itself, is not wrong but there are differences of opinion about how far a man can go in getting it.

Marietta Cappabianca Is Contestant In CYO Snow Queen Competition

Miss Marietta Cappabianca of Holy Family, Nutley, is one of 13 candidates for Snow Queen of the Essex County CYO. Marietta will be competing Saturday evening in South Orange for the coveted crown which will be presented as a highlight of the CYO's annual Snowball Dance and Queen Contest.

"Winter Enchantment" will be the theme of the fourteenth annual dance, highlight each year of the Essex County CYO social calendar. The dance will be held in Seton Hall University's Archbishop Walsh auditorium.

Entries in the Queen Contest were limited to affiliated parishes which sold 35 or more tickets to the dance in the name of their candidate.

Steve Prokop, Essex County CYO Teenage Council chairman, announces that some 25 CYO members from six parishes are working actively on the decoration committee. The committee is being headed this year by Marianne Prokop of Our Lady Help of Christians in East Orange.

Miss Prokop is also the county social chairman. Also involved are St. Philomena, Livingston; St. Peter's, Belleville; St. Mary's, Nutley; Our Lady of Lourdes, West Orange and St. Mary's, Newark.

The new queen will be crowned on Saturday night by last year's winner, Miss Linda Olivieri of St. Peter's, Belleville. Second and third place selections will also be announced.

Mayfair Farms Fashion Show To Benefit AMA

The Woman's Auxiliary to the Essex County Medical Society will hold its annual Luncheon Bridge and Fashion Show March 26, 12 noon, at the Mayfair Farms in West Orange. Proceeds of the luncheon will go to The American Medical Association Education and Research Foundation.

"The Easter Parade" is the name of the luncheon and the theme will be carried out through pink tablecloths, napkins and live Easter plants of tulips and hyacinths in varied colors which will be awarded as table prizes. The runway will be decorated with Easter bunnies and large paper flowers in Easter colors. Fashions will be donated by A La Carte, Inc. of Livingston and Bee Bee Hats of Orange.

R. C. Overseas Aid Fund Gains By Special Collection

The 1968 appeal in behalf of the Catholic Bishops' Overseas Aid Fund will be climaxed on Sunday, March 24, by a special collection to be taken up at all Catholic churches in Bergen, Essex, Hudson and Union counties.

The fund finances the work of Catholic Relief Services, welfare programs that assist some 40 million needy people in 70 countries throughout Europe, the Near and Middle East, Africa, Asia, and Latin America.

Global network of food distribution programs has been established by the agency. Working with government welfare agencies and voluntary social organizations, Catholic Relief Services has organized programs that benefit the neediest of the needy within each country.

It may sound silly but be careful about fires in your home — too many people are being burned to death.

BECK'S COLUMN

By MAX BECK

Often customers do not understand why they can not get any trade-in allowance for their old TV when they buy a new one. There are a number of reasons for this.

Most TV sets which people want to trade in are about 10 years old, more or less, and "have had it." About 10 or 12 years ago the industry sold between 8 and 10 million TV sets every year and there simply is no market today for even a fraction of these. If we could get some money out of it, we would be glad to allow a trade-in. Actually it costs us money to dispose of used sets. There is another reason. If a dealer sells a used set and something goes wrong with it after a while, the customer complains even if he has been told that there is no guarantee with it. It does not pay for a dealer to take a chance for the few dollars he may get for a used set. If it breaks down and he has to repair it free, he loses money.

Another reason is the relatively large size of these older sets. If a second or third set is wanted, it has to be a "portable." Although portables are really not "portable" because they are too heavy, at least they are smaller, and everybody seems to have use for such a set, so people don't trade them in.

We tried charitable organizations, trade schools and everyone we could think of. Nobody wants used TV sets any more, although we would gladly give them away. At one time we had a whole truckload of used TV sets which filled badly needed storage space. It cost us \$20. to dispose of them. Since then we have stopped taking trade-ins.

We service what we sell.

READ THESE SIMPLE RULES

Each week, in the Belleville Times, Belleville merchants will run tremendous money-saving Weekly Specials on these pages. These weekly special advertisements, which are designed by Belleville merchants to help fight the constantly rising cost-of-living, will feature one tremendous bargain in each ad. Directly under the price in each advertisement there will appear one word. When the reader assembles all the words in proper order, the completed phrase should be brought to the store on Washington Avenue that has been selected to be "Treasure Chest of the Week." In case of identical phrases submitted, the one with the earliest date and time stamp will be considered the winner.

Somewhere in the phrase is a clue to the identity of this store where \$100 in "spending money" is located. A new phrase and new clue will appear each week. If the "spending money" is not found that week another \$100 "spending money" will be added to it. The same will happen the next week if it's still not found. The \$100 "spending money" will be in the form of 20 certificates of \$5 each and can be spent at any of these participating stores any time — they're just like cash. The Belleville Times will redeem them at face value from the participating merchants. Anyone can play, the whole family — no age limits!

In recognition of Girl Scout Sunday Brownie Troop 711, Junior Troop 591 and Cadette Troop 950 accepted an invitation from the Rev. Dr. Frederick Long to participate in the 11:00 A.M. Morning Prayer Service at Christ Church on March 10.

Flag bearers Mary Ellen Friel and Michelle Marotti of Troop 711, Nancy Idenden and Jo Ann Galante, Troop 591, and Mary Lynn Janice and

Joan Raabe, Troop 950 led the procession of 56 girls and adults. Brownie Josephine Farronea, Junior Lucille Parrillo, and Cadettes Denise Miele and Anna Spagnuolo served as ushers and received the offering. Junior Elaine Drake led the reading of Psalm 86. The 1st and 2nd Lessons were read by Cadettes Susan Gasparini and Susan Drake, respectively.

The girls were welcomed by Dr. Long and thanked for the work they are doing in their troops and for the community. The leaders were commended

for the time and effort they spent on behalf of their troops.

UCF Announces Fund Chairmen

J. Kenneth Loololan, chairman of the United Community Fund campaign, this week an-

nounced the appointment of a public relations chairman and two division chairmen for the drive to be held in the fall.

John H. Connolly, assistant vice president of New Jersey Bell Telephone Company's public relations department, will serve as public relations chairman of the campaign. He is vice president of the New Jersey Chapter of the Public Relations Society of America, and has been active in the Advertising Club of New Jersey and the Newark Chapter of the American Red Cross. As public relations chairman of the drive he will direct public information and advertising.

Malcolm D. Talbot, vice president of the Newark campus of Rutgers University and professor of Law at Rutgers University Law School, will serve as chairman of the Government - Civic division of the campaign. This division will have responsibility for the solicitation of local and state government agencies and civic clubs and organizations in the area.

David J. Sherwood, vice president of Fireman's Fund American Insurance Company, has been appointed chairman of the "Pathfinder" division. He is a director of the Essex County Chapter of the American Red Cross.

Five CYO Ball Teams In Essex Semifinals

Five Essex County CYO basketball teams will play in the semifinals of the Newark Archdiocesan Tournament. They will be playing against the Union County champions for the right to play in the Archdiocesan finals on Sunday, March 31 at Roselle Catholic.

Our Lady Help of Christians, East Orange, gained a berth in the semis by edging Our Lady of Sorrows, South Orange, 24-19, in the Grammar Girls division. The senior girls title went to Holy Family of Nutley, a 9-8 victor over Our Lady of Sorrows.

Both girls' teams will play

their semifinal games at Immaculate Conception in Montclair, starting at 2 P.M. Sacred Heart of Bloomfield will represent the grammar boys' league, while undefeated Holy Spirit of Orange is the senior boys' champion by virtue of its 75-41 victory over Our Lady of Czesochowa, Harrison, Newark's Queen of Angels will be the Essex representative in the junior boys' division. All boys' games will be played at Our Lady of the Valley gymnasium in Orange, also with a 2 P.M. starting time.

Maurice Rosen Head Walter Kidde Division

The election of Maurice M. Rosen to the corporate office of senior vice president of Walter Kidde & Co., Inc., has been announced by the company.

Rosen also will continue to serve as president and chief executive officer of Lighting Corporation of America, a Kidde division.

Maurice M. Rosen

Walter Kidde & Co., Inc., produces safety, security and protection equipment; industrial and technological equipment, and commercial and consumer products. Kidde recently announced plans to acquire United States Lines Company, subject to stockholder approval. U.S. Lines would be Kidde's entry into the transportation systems field headquartered in Belleville, New Jersey. Kidde operates more than 70 plants and laboratories in 20 states and six foreign countries.

LCA, based in Philadelphia, is the world's largest manufacturer of residential lighting fixtures. The Kidde division also designs and produces commercial, theatrical, stage and television lighting fixtures and equipment, and supplies outdoor fixtures for institutional, public works and industrial markets.

Rosen was elected president of LCA in 1954, after eight years as treasurer. He previously headed his own company, American Lighting Corporation, until 1942. From 1942 to 1945 he served with the United States Marine Corps.

The new Kidde officer is a member of the advisory committee of the Agency for International Development (AID) of the U.S. State Department, a past president of the American Home Lighting Institute and a director of the American Arbitration Association. He also is a director of Fidelity America Financial Corporation.

A 1941 graduate of the Wharton School of Business, University of Pennsylvania, Rosen is a member of the National Planning Council of the university and a director of the Wharton Alumni Society.

Anthony J. Greco, Superintendent of Schools, announces that efforts are now being made to determine kindergarten enrollment for the 1968-69 school year.

All children who will reach their fifth birthday by December 31, 1968, are eligible for enrollment this September. Parents of eligible children are urged to communicate with the elementary school in their district as soon as possible. Parents are advised to have with them the child's birth certificate and record of immunization.

Statistics prove what the statistician sets out to prove. That explains the poll mistakes.

In Belleville Magistrate Abromson's Court 66 Motorists are Fined for Speeding

Sixty-six motorists were fined for speeding. The action happened during proceedings in Belleville court recently. Judge Edward J. Abromson was presiding. Seventeen of them, in addition to fines, had their driving privileges suspended for periods up to 90 days.

For driving while under the influence of intoxicating beverages, Dennis E. Kinney was fined \$200 and costs of \$25. His license was revoked for two years.

After having adjourned the case for consideration, Judge Abromson found Edward R. Smith, 11 Springer Avenue, guilty of assault and battery against Herman Wisser. Jorammon street cleaner who lost a pair of Smith's pants for two months. Smith was fined \$10.

Larceny Complaint

Edward J. Littig, Jr. 58 Schuyler street, was heard on a complaint of larceny. His father, Edward J. Littig, Sr., complained of many thefts of small items in his home. Littig Jr. admitted to the theft of about \$2.50 worth of pennies, and a radio, which he said he planned to take to his brother-in-law. It developed that the youth has been jailed recently in New York City for possession of narcotics, and he admitted being a user.

Judge Abromson sentenced him to one year in Essex County Penitentiary — six months of confinement and six months on probation. Littig said of himself that he was "sick, not criminal" and argued that he needs medical treatment. Judge Abromson said, "They'll give you help. We've been having pretty good results up there."

Two teenagers were fined for possessing alcoholic beverages. Alexander Zajcew was fined \$35, and Elvin Hollenbeck \$50. Hollenbeck was recently released from probation in Newark.

On lottery charges, the case of Joseph Renna was referred to the Grand Jury; a second similar charge against Renna was referred to the prosecutor.

A compliment remains the best way of insuring cooperation.

Recreation Department Begins Exercising Program on Wednesdays for Women

PHYSICAL FITNESS — A new Wednesday night program for women is guaranteed to help slim inches off waist lines and hips. Held at the School 4 gymnasium the womens' exercising program has become quite a hit among the ladies. So was Commissioner William Cullen, who attended the opening session. He is director of recreation in Belleville.

Belleville Adult School Offers Course About Business Computor Systems

Of particular interest to the secretary, small business owner, or potential computer systems operator are some of the courses being offered by the Belleville Adult School this term. Each of these courses provides background for the beginner, the advanced student, or the person desiring nothing more than an understanding of these vital and interesting fields.

An example of the type of course being offered in the area of business is that of typing. The school provides both a course for the beginner — who knows nothing about the skills of typing, and another for the person who has a knowledge of the keyboard and wants to increase speed and reduce errors through timed writings, corrective drills, and other remedial exercises. Both are being presented by teachers from the staff of the high school and make use of the new building's modern and extensive facilities.

Another offering of the adult school is that of Basic Bookkeeping. Here is an opportunity to learn the concepts involved in keeping systematic records for personal use and the fundamentals of small business bookkeeping. The course will include the opening entries, maintaining a journal of business transactions, post - ledgers, accounts and the preparation of financial statements. While bookkeeping is of value to any householder or office employees, it would prove to be invaluable to the small business owner.

Basic Computer Systems

Two courses in tune with this modern age of ours are Basic Computer Systems and Basic Machines Operations and Wiring. The former is designed to introduce data processing to people entirely new to the field. No prior

Wildlife Week Emphasis On Conservation Education

Call for greater involvement of New Jersey citizens in conservation education efforts was issued by Commissioner Robert A. Roe of the State Department of Conservation and Economic Development in conjunction with this week's celebration of National Wildlife Week, March 17-23.

Conservation education is being emphasized during Wildlife Week this year, with the theme, "Learn to Live with Nature." State Chairmen for the observance are William Meyer of Edgewater Park and David G. Bean of Colts Neck, on behalf of the New Jersey State Federation of Sportsmen's Clubs, State affiliate of the National Wildlife Federation.

background is assumed. The latter will provide instruction in the use of IBM unit record equipment. Machines covered will include: keypunch (026-029), sorter (082), reproducer (519); and the accounting machines (402).

One of the most popular courses of past years has been that of shorthand. The course being offered this term is designed to acquaint the beginner with the skills of this craft. Included will be an introduction to Gregg Shorthand principals and practices for the beginner. The course would serve as a refresher for those out of the field for a time.

Registration for these and other courses may be accompanied between the hours of 7-9 p.m. on Thursday, March 21, or Monday, March 25 at

the High School, 100 Passaic Avenue. Additional registrations will be accepted on the school's opening night, Tuesday, March 26. Any further information required may be obtained by calling 759-4701

TEXTBOOKS — Since the Board of Commissioners has chopped \$19,000 from the Board of Education's budget this will mean new language and science books will not be purchased for the upcoming school year. Some student next year will be using

Joyce Catala's (above) science book which is six years old now. Textbooks are geared to last four years. The contents of science books are generally outdated in five years.

OLD CLOCK — Regulating a modern school system efficiently requires equipment to suit its needs. The school board wanted to replace this old clock with a computerized public address and time system which would control the bells throughout the junior high school. This item was stricken from the budget.

Lost Budget Appropriations Mean Drop in Maintenance and Facilities

desks, refurbish parking areas for teachers and playgrounds for the children.

The total amount cut from the current expense portion of the budget was \$107,428. Capital outlay was lowered by \$36,200. In fact the entire building's capital outlay account was removed.

Numerous Problems

The board said that the problems connected with these reductions are numerous. The

trustees have faced the fact that the present school structures are here to stay. This requires considerable upkeep. The board had planned to set aside funds for a continued program of rehabilitation each year.

By eliminating these funds, the school system is set back, deterioration becomes worse, and the final cost of repairs, which are inevitable, only rise with the ever spiralling repair rates.

The grand total of reductions was \$206,628.

Even if the school board did make an attempt to appeal for corrective action by the state education commissioner the

chance for success is debatable.

Summary of Appeals

The summary of budget appeals last year throughout the state shows that of the 24 ap-

peals filed, seven were with drawn or settled with a hearing. Of the 17 cases heard by the Commissioner, 10 received no restoration of deleted appropriations and seven

received partial restoration. No district received full restoration of funds deleted by the local governing body. This means that of the \$2-1/4 million asked to be returned to school budgets in the state last year, only \$334,773 was restored.

RIPPED CURTAIN — The curtain in the auditorium at the junior high school is patched to the point that it looks like a quilt. Leola Skidmore, a student, discov-

ers another hole which will have to be sewn since the Board cannot purchase a new curtain.

Montclair State College Gets Athletics Director

The appointment of William Dioguardi as director of athletics at Montclair State College was announced by Dr. Thomas H. Richardson, president of the college.

Dioguardi, who has been acting athletic director since October, succeeds Henry Schmidt, who resigned recently due to ill health.

In making the announcement of Dioguardi's appointment Richardson said, "I am pleased that Bill Dioguardi has ac-

cepted the position of athletic director at Montclair State. He brings to the job experience, enthusiasm and administrative knowledge that will be put to excellent use in the development of our athletic program."

The Montclair State president also had warm words of praise for Schmidt. "For over a decade Henry Schmidt has done an outstanding job as director of athletics at Montclair State. Under his direction the athletic program has made great progress in spite of many obstacles and we at the school owe him a great vote of thanks," Richardson said.

For the present, Dioguardi will continue as Montclair State's head baseball coach.

The new Montclair State athletic director is a graduate of Kearny High School and was a standout in basketball and baseball. He attended Montclair State for two years before transferring to Notre Dame University. He holds a bachelor of science and master's degree from the Indiana University.

Dioguardi has been head baseball coach at Montclair State for 19 years and has one

Kidde Inc. Acquires Crane

Consummation of the acquisition of Crane Hoist Engineering Corp. by Walter Kidde & Company, Inc. was announced by Franc M. Ricciardi, president of Kidde, and Chester H. Mason, chairman of the board of Crane Hoist. The acquisition of Crane was for an undisclosed amount of Kidde common stock; its affiliated companies were purchased for cash.

Crane Hoist produces a line of overhead traveling electric cranes for industrial materials handling applications. These include stacker cranes for high rise warehousing, outdoor gantry cranes for space vehicle towers, and large lift capacity cranes for use in the assembly of airframe components. According to Mason, the company is currently installing the largest crane system of this type in the country, in the 40-acre assembly building scheduled to house production of The Boeing Company's giant 747 passenger jets.

Based in Bell, California, Crane Hoist has additional and

affiliated manufacturing and service facilities in San Leandro and Long Beach, California; Seattle, Washington, and Houston, Texas.

Kidde produces safety, security and protection equipment; industrial and technological equipment, and commercial and consumer products. Kidde recently announced plans to acquire United States Lines Company, subject to stockholder approval. U. S. Lines would be Kidde's entry into the transportation systems field. Kidde operates more than 70 plants and laboratories in 21 states and six foreign countries.

Parkway Police Nab 111 Drinkers In Six Months

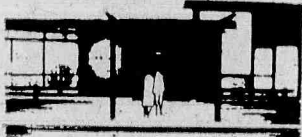

State Police on the Garden State Parkway arrested 111 drinking driver suspects in the first six months of an intensified surveillance and enforcement campaign.

Commissioner Richard R. O'Connor of the New Jersey Highway Authority reported today that 24 of the arrests in the six-month period resulted from alerts by Parkway toll collectors as they observe passing drivers.

The 111 arrests between August 13th and February 12th represented more than a threefold increase over the total for the comparable six-month period of 1966-67.

DESK IS TOO SMALL — Students will continue to have to settle for hand-me-down desks many of which are too small for the frames of Belleville students. The budget will not allow purchase of desks.

CROWDED PARKING LOT—Many of the school parking areas in Belleville need repairs or should be enlarged. In some cases grading needs to be improved to eliminate puddles and curbing replaced. The budgetary provision was sliced out.

Fatal Accidents Occur During The Dark Hours

More fatal traffic accidents occur during the hours of darkness—especially during the evening rush hours of 5 to 8 p.m.—than occur during the daylight hours.

"This is a particularly sobering fact for motorists to keep in mind during winter when the hours of daylight are shorter," says George G. Traver, executive vice president of the New Jersey State Safety Council.

Darkness calls for a special type of driving, Traver points out. The most important requirements are increased alertness, better control of the car and reduction of speed.

Traver makes the following suggestions:

Pull into traffic more cautiously than in daytime. Not only do you see less at night, but other drivers have more difficulty seeing you.

Pass with extra care. Be sure you have enough passing room. Remember, you can't see as far ahead at night.

Never trust your judgment in estimating the speed of an approaching vehicle by its headlights.

Stay well behind the car ahead of you, and be particularly alert in watching for his signals. If you follow too closely, your headlights will reflect in his rear view mirror and seriously reduce his vision.

Watch out for oncoming drivers who may be out of their lane or on the wrong side of the street.

Watch out for vehicles that might be parked or stopped on the roadway with poor lights or none at all.

If your car becomes disabled, get it off the road and place flares or lights to alert other drivers.

Don't over-drive your headlights. At 60 miles an hour it will take you, under average conditions, about 370 feet to stop. Yet you can see only about 200 feet ahead.

Put on directional signals well in advance of turning to allow for decreased visibility.

Don't use parking lights when in motion.

Make adjustments for bad weather, which further reduces your already severely limited vision.

Keep your windshield and windows clean, inside and out. A moderately dirty windshield may not bother you much in the daytime, but at night the glare of oncoming headlights diffused against the film may

Corrado, Spina Working Toward Civic Association Dinner-Dance

The ECCA, assisted by the associations Ladies Auxiliary, will sponsor its annual dinner-dance, Saturday evening, April 20, at 8 p.m. at the Military Park Hotel, Newark.

President Vincent DiRoberto has appointed Freeholder Vincent Corrado as general chairman.

Freeholder Corrado, in concert with Director Dominick A. Spina, the organization's founder and standard bearer, report the committees work-

ing feverishly to insure a successful and entertaining evening for one and all.

The dinner, a gourmet's delight, will be delectable as always and the service excellent, assures the management of the hotel.

"We expect an overflowing crowd," states Freeholder Corrado, "and so I urge our dear friends and supporters to secure tickets for our affair as early as possible to avoid any possible disappointments."

The highlight of the even-

ing will be the presentation of the association's coveted award to the outstanding citizen for philanthropic contributions and civic achievements.

Director Spina will be on hand to greet the many friends expected to attend.

Opening a can is safer and easier when you do it with electricity. But hasn't the cost of electricity skyrocketed, like everything else? Definitely not! While the cost of living has risen 120% in 25 years, the average cost of electricity has gone down 45%, thanks to increased usage and rate reductions. Of course, electric bills are higher. But when you think how many modern electrical appliances you use in your home today, you'll realize that it's still your best bargain.

REVIEWS

By ANN DYER
The Six-Day War. By Randolph S. Churchill and Winston S. Churchill. (Boston: Houghton Miffling Company, 1967).

For nineteen years, since its founding, Israel has been in a constant state of hostility with its Arab neighbors, not only those bordering her territory, Jordan, Syria and Egypt, but the entire alliance of the pan-Arab world.

Egypt had acquired hundreds of millions of dollars worth of armor and planes from the Soviet Union; Jordan had spent far more than her poor resources could afford in aggravating the border and refugee problems; Syria had constructed a veritable Maginot of heavily armed emplacements, ten miles deep, from which they constantly shelled the Israeli farm communities, Kibbutzim.

In the spring of 1957 war seemed close. The turning point arrived as King Hussein of Jordan arrived in Egypt and signed a "defense pact" with Nasser. Israel mobilized.

On June 5 occurred one of the historic moments in the waging of wars — Israel's lightning strike against the Arab Air Force. In only two hours, this Air Force, comprising the most modern weapons obtainable from the Soviets, was destroyed as a fighting force. By nightfall of the second day of the war, Israel had destroyed 416 aircraft, 393 on the ground, including all the heavy bomber strength which had threatened Israel population centers. But in only 170 minutes, during the first strike the Israel Air Force destroyed over 300 out of 340 serviceable Egyptian combat planes including all 30 long-range TU-16 bombers, and rendered 19 airfields inoperable. Israeli intelligence was so good that the strike hit only real planes, leaving dummy mock-ups under camouflage untouched.

Now the main Egyptian forces in Sinai were completely without air protection, and retaliatory ability.

Promptly, Israel armor smashed into Jordan, Syria, and Egypt.

This briefest of modern wars into Israeli hands; rounded out her Jordanian territory; ended the threat from the Arab entente; placed all of Jerusalem in her hands, together with the important cities of Hebron and Jericho; and gave her access to the Suez Canal.

This is a most significant war — for it proves what a highly trained air force can do. The Israeli success was never in doubt as soon as its air force had crippled the opposing air strength, even though Israel was outnumbered at least 40-to-1 in terms of population.

What explains the Israeli success? The authors, both experienced observers of war and politics on the highest level, say that above all it was the ability of the Israelis to make strike after strike, promptly refueling and re-arming their planes in only a seven-minute turn-around period. Arab planes, on the other hand, had a turn-around period of more than two hours. In other words, the Israeli planes could make seven or eight strikes a day, whereas the Arabs could make only two.

Secondly, sixteen years of planning lay behind the initial strike. "We lived with the plan, we slept on the plans, we ate the plan. Constantly we perfected it."

Israeli intelligence, operational control and execution were far superior to the Arabs.

This book must be considered indispensable for a knowledge of Israel's present position and the recent events.

Winston Churchill (grandson of the war leader) was at the front personally to cover the war and interview the victors. Randolph Churchill shows his superior understanding of the pre-war diplomatic maneuvering.

The authors spend a sizeable appendix reviewing the press coverage of the war, which was surprisingly inadequate.

This is a fascinating and factual account, not to be

Business Briefs

By JOE STICCO and JACK GURWIRTZ

Pre-tax profits on 1968 should rise eight percent over 1967, according to a survey of U.S. corporations by McGraw-Hill publications research.

But the economist of the organization cautions that many of the 1967 problems continue in 1968. The major one is that industry strikes or strikes in industries which have an impact on other in-

missed by anyone interested in the modern world.

Dode Name Sebastian. By James L. Johnson. (Philadelphia: J. B. Lippincott Company, 1967)

This book is written in a rare genre — religious spy fiction. As such it tries for the adroit in mingling scenes of suspense and action with Biblical tones and overtones. This is not invariably a success, and yet, on the whole it comes off very well. Sometimes it jars the reader to have to turn the attention between two such opposite poles — but usually, and surprisingly, the long quotations from the Bible, or the digressions into spiritual analysis seem welcome and even refreshing.

The setting of the story is modern Israel; the hero is fairly typical of modern man at his most in-search-of-a-soul. Sebastian is actually a minister by profession, yet he has never felt the strain and immediacy of life. His father was a celebrated writer of Bible themes — So Sebastian found himself accepted, wanted, sought after by many congregations who knew only his name — who had no idea, until later, of the spiritual void within the man, his incapacity for reaching out to and in to people. Finally, his ministry a failure, he sets out in search of his own Hebron, hoping to bring his life into some kind of perspective, or give it a meaning beyond anything he has known.

To fulfill this purpose there can be no better place than the Land of the Bible itself — or so he believes, yet, typically modern, Sebastian cannot bring out the dusty phrases about feeling the life of Christ come alive. All he knows is the power of the jets that are taking him from place to place in the busy, hustling modern state of Israel.

Finally he takes a Zion Airlines ship south, and in mid-journey the plane is slammed to earth as if by a giant hand. Only eight survive, an ill-assorted lot including an archaeologist, rising politician, cocky radio operator, a couple of old maid schoolteachers, and a savagely attractive, self-possessed hostess, a burning proponent of Israel, who soon begins to attract his fulltime attention.

Only two gallons of water, only a few short rations, and perhaps twenty, perhaps forty miles to safety over the most murderous desert in the world — the Negev, the land that baffled God.

The rest of the book tells how the party makes a try for it — how the hostess, Barbara Churchill, proceeds to search for a Arabian spy named Christopher, who is concealed among the passengers, how they fight the blazing sun and hostile Arabs — how some of them die... and how the spy is finally unmasked in a surprise action — filled ending. Somehow Sebastian seems a little more self-aware, a little better man, as a result of his encounter with the realities of the desert and the beautiful, unusual Israeli girl he meets.

In addition to its thousands of books, the Free Library offers for circulation LP records, 8 mm. films, and reproductions of famous paintings. There is a stereo photography available for use at the Library.

The Belleville Times, Belleville, N.J., Thursday, March 21, 1968

Net income advanced 14 percent to \$19,033,000, compared with the \$16,732,000 in 1966.

White Collar Gains

Office workers aren't being left behind while factory workers make handsome wage gains. A study by the U.S. Bureau of Labor Statistics show wage gains for such workers averaged 6.1 per cent last year. But the average was slightly lower for most professional and administrative workers.

Inventory Levels

While inventory glut is developing in some products, they are near rock bottom levels in raw materials. Bank commercial loan managers note heavy inventory buildups in automobiles, home appliances and finished steel. But those in chemicals, textiles and paper are at low levels.

Draperies Gain

Recent factory bookings for curtains and draperies are running well ahead of last year's volume. Traditional New England class-patterned items are being given preference in cotton velvet as well as glass fiber.

Plant Spending Dips

Capital appropriations by 1,000 of the nation's largest manufacturers were down 4 percent in the fourth quarter of 1967, and manufacturers look for little if any improvement in the current quarter, the National Industrial Conference Board said today.

When the petroleum industry is excluded, the fourth quarter dip amounted to nearly 15 per cent, according to

the board's quarterly survey of capital appropriations.

The 1,000 companies set aside about \$5.7 billion in the fourth quarter for new plant and equipment, compared with \$5.9 billion in the third quarter. Total spending authorizations for 1967 as a whole were more than 7 per cent below 1966 levels — the first year since 1961 that appropriations have declined.

Gold Erratic

The uproar in the gold market, which has caused the closing of London's major exchange facility for the precious metal, has focused interest on the recent behavior of gold reserves. Data indicates that gold continued to flow out of central bank reserves in January into the coffers of speculators and hoarders, according to figures just released by the central bank of Belgium.

But the losses were of far lesser magnitude than in the six weeks following the November 18 devaluation of the British pound. The Belgium disclosure represents the first indication of the January operations of the international cen-

tral bankers gold pool. The secretly run club of seven central banks was organized to keep a ceiling on the price of gold in the London market. The National Bank of Belgium reported in its statement for the week ended February 12 that its gold holdings fell by the equivalent of nearly \$5 million, Belgium's share in the pool is 3.7 percent. This would place the pool losses in January in the area of \$100 million. The United States contributes 59 per cent to the pool.

The Commerce Department reported that the deficit in the balance of payments in 1967 was \$3.57 billion. The 1967 deficit was at the lower end of the range of \$3.5-\$4 billion estimated by President Johnson in his message of January 1, announcing new measures to improve the balance of payments. However, the deficit in the fourth quarter alone, at

Discipline is something for every child to learn but the lesson requires a wise teacher.

A criticism sometimes does an individual more good than a compliment.

\$1.83 billion seasonally adjusted, was the largest for any quarter since 1950. A deterioration of \$720 million in the merchandise trade balance and a sale of stocks and bonds worth more than \$500 million by Britain to bolster her reserves were given as the main reasons for the size of the deficit in the fourth quarter. The serious worsening of the deficit in 1967 followed two years in which it had averaged \$1.35 billion, the best record since the problem began to emerge in 1958.

Slight Profit Decline

The flood of 1967 earnings reports has been somewhat disappointing to corporate managers and investors. When the final tally is in, however, last year's corporate profits after taxes will still be the second highest in history, exceeded only by the record of 1966. The reports of 500 companies in the manufacturing and ser-

vice industries showed consolidated net income of \$16.3 billion in 1967 compared with \$16.6 billion in 1966. As in the last couple of years, the oil companies turned in the best performance of 37 industries covered in this survey by the New York Times. The petroleum group, which accounted for more than one-third of the 500 companies' total earnings, kept the over-all decline from being steeper. Of the 500 companies, 240 had lower earnings in 1967. In the 37 different industry groups, 19 fared better and the other 18 showed profit declines from 1966.

YOU'LL BE GLAD
You switched to Electric Glassheat
BECAUSE...

(Letters from Glassheat users
TELL YOU WHY!)

"IT'S COMFORTABLE HEAT—
Just like sunshine in spring", says one Glassheat owner. "You don't feel hot or cold; you are never aware of the temperature. You are just continuously comfortable, and there are no cold spots."

IT IS CLEAN—As one user writes, "Probably the most unique feature of Glassheat is its cleanliness. In 16 years with Glassheat the only room we have had to do over is the kitchen. No need to repaint the other rooms or even wash down the walls."

YOU'LL SAVE MONEY ON
HEAT. A fact that surprises many Glassheat owners. One writes "We were expecting that Glassheat would be somewhat more economical to operate but we were not prepared for our low annual heating bills. Of course we are also pleased with the savings on our regular current. We take advantage of the special low heating rate."

Another user says, "Though we added two additional rooms, my heating bill amounts to only \$175—and we have never been so comfortable. Of course there are no maintenance or service charges. Another saving."

With Radiant Electric Glassheat so inexpensive to install and operate, why pay more for less than the best?

IT IS SAFE! No flame, no fumes, no vapor and Glassheat can't overheat. Even accidental contact can't cause blistering. Since there is no flame it is fire-safe. Further it can't burn up the oxygen in the air or reduce the humidity. In fact it maintains a desirable humidity, so there are fewer colds in the Glassheat home and other bothersome ills are aided. No moving parts, so Glassheat is as silent as sunshine. Sound luxurious? It is—in every respect but price and the cost of operation.

How much would this ideal trouble-free heat cost? Send the coupon or call us in person and find out. No obligation.

"JUST THE TEMPERATURE WE
WANT IN EACH ROOM; that's one thing I like," says another owner. True, because money saving thermostats throughout the house permit you to regulate the temperature in each room; 65° in one, 75° in another and 50° in a room not in use. The temperature is uniform from floor to ceiling, causing a user to write, "Years of living with your Glassheat makes me a firm believer in this type of heat."

Rodino Calls Taxing American Travel Abroad as 'Regressive'

By PETER W. RODINO

I have carefully studied the Travel Tax Program that was prepared by the Department of the Treasury and that was submitted to the Congress. It will not have my support in its present form.

This package was put together in response to President Johnson's request for a plan that would cut \$500 million from the \$2 billion travel deficit which is anticipated this year.

While I am troubled by our large travel deficit, I am not impressed by the relatively modest sum which this complex program hopes to save. It seems to me that better, more effective and less complicated ways can be found to eliminate a portion of our international balance of payments deficit.

Under the Treasury Department's plan, a temporary graduated tax would be imposed on certain expenditures made by a U.S. person in connection with a taxable trip he takes outside the Western Hemisphere. In general, the rate of tax on these expenditures would be 30 per cent on all expenditures over \$15 per day. The first \$7 per day would be excluded from the tax base, and the next \$8 of expenditures per day would be taxed at a 15 per cent rate. The cost of transportation to and from the traveler's destination abroad would be taxed at a five per cent rate, either as part of an expanded transportation tax or as a part of the expenditure tax.

I oppose this plan for two reasons.

First, it is a regressive measure. It will add to the cost of travel abroad by the wealthy, but it can hardly be expected to discourage them from such travel because they can well afford to pay. The pinch will be felt the most by those of modest income, many of whom have saved for many years for a once-in-a-lifetime vacation to foreign lands or a brief visit with relatives they may never have seen.

Second, I think the tax will be difficult, if not impossible, to enforce. Many imponderables are involved, not the least of which is the decision-making to determine taxable and non-taxable trips.

Travel and tourism ought to be encouraged, not discouraged. It is regrettable that the standard of living in many countries abroad lags so far behind our own, and that relatively few people find themselves fortunate enough to travel, thereby aggravating the travel deficit.

This, of course, poses a difficult problem. Nevertheless, I believe we could do more than we are now doing to encourage residents of foreign nations to visit America, where there is so much to see and do.

Truth in Lending

The House has passed a strong and comprehensive Truth in Lending bill that recognizes the need to give better protection to consumers. Known as the Consumer Credit Protection Act, the measure will assure a meaningful disclosure of credit terms, so that consumers will be able to compare the costs of borrowing money and of installment purchases and avoid the uninformed use of credit. It should encourage further competition among lending institutions.

The far-reaching measure also imposes a long-overdue

Third Annual Fellowship Judges Named By Senator

Three distinguished New Jerseyans will serve as judges for Senator Harrison A. Williams' third annual Senate Fellowship competition.

Senator Williams today named Ralph Dungan, Chancellor of Higher Education, Dr. Peter Sammartino, President of Fairleigh Dickinson University, and George Kentera, managing editor of the Newark news, as the panel of judges which will choose a Fellow to serve in his Washington office.

In announcing the names of the three panel members, Senator Williams said:

"I am tremendously pleased that these three busy men have consented to serve as judges for the Fellowship competition. Ralph Dungan, Peter Sammartino, and George Kentera are distinguished citizens of New Jersey, and each has indicated to me his enthusiasm for the Fellowship program. I am gratified by their participation."

restriction on the garnishment of wages — not more than 10 per cent of the excess over \$30 per week of any wages, salary, or earnings in the form of commission or bonus

for personal services would be subject to attachment. And employers will no longer be able to fire an employee who on one occasion is subjected to garnishment.

Additionally, the bill establishes a Commission on Consumer Finance to study and appraise the "functioning and structure" of the consumer finance industry with respect to the adequacy of existing arrangements to provide credit at reasonable rates and the mechanisms to protect the public from unfair credit practices. The Commission will also explore the desirability of Federal chartering of consumer finance companies.

The past few weeks covered that time of the legislative year in which the Congress receives from the President a series of formal messages detailing the specific aims of the Administration on a wide variety of key issues. In his important message on the American Consumer, President Johnson saw fit to comment on the House-passed Truth in Lending bill, which he said "brought every Amer-

ican consumer another step closer to knowing the cost of the money he borrows." It is hoped the Senate will follow the House lead and give the consumer a strong, effective law.

IRISH POWER — George Sheridan Sr., sporting an Irish Power button seems to be enjoying himself, at the PBA affair. The dinner dance at The Fountain was held March 16, the day before St. Patrick's Day, and over five hundred people were present.

PARTY TIME — Taking a brief respite from the festivities at the PBA ball are members of the Belleville Zoning Board and the town attorney. Pictured in the foreground is Anthony Agresta, zoning board member. Behind him is Mr. and Mrs. Nicholas R. Amato, the town attorney and his wife. In the background is Chester Proserpi, zoning board member and an unidentified gentleman.

DANCING MAYOR — Mayor Kenneth D. Smith of Belleville joins many dancers who really had a swinging time at the affair. With Mayor Smith, is Mrs. William Cullen, wife of Commissioner William Cullen.

Local Rotaries To Hear President Of Essex Community College

Dr. Robert H. McCabe, president of Essex Community College, will be the speaker at a joint meeting of the Belleville, Bloomfield, and Nutley Rotary clubs, today at 12:15 p.m., at Grace Episcopal Church, 200 Highfield Lane, Nutley.

A native of Brooklyn, N.Y.,

Dr. McCabe received his bachelor of education degree from Miami University, his MA from Appalachian State College and his PhD at the University of Texas.

His educational experience began in the Miami school system where he served in various teaching and administrative capacities before he was ap-

pointed assistant to the president of Miami - Dade Junior College in 1963. In 1965 he became vice president of the college.

The recipient of many grants for further study of community college administration, Dr. McCabe is a widely recognized authority of the subject.

Senator Case Gives Report

By SENATOR CLIFFORD P. CASE

The first session of the 90th Congress, the fourth longest in twenty years, finally came to an end in mid-December. Since then, the political commentators have been busy assessing the record. The consensus seems to be ordinary at best. Some think it was outright poor — in some respects, it certainly was. No one suggests it was distinguished.

Ironically, the first legislation the Senate tackled this session was still hanging fire at adjournment. Three years ago, disturbed by the obvious need for streamlining Congressional procedures and improving operations, the Congress established a Joint Committee on the Organization of the Congress. I was pleased to be a member of the Committee, which put in many hours, first in hearings, then in working out recommendations which, though far from earthshaking, would help Congress to function more effectively.

After weeks of debate, the Senate approved a weakened version of the bill in March. Even so, when it reached the House, it fell victim to some of the very parliamentary roadblocks it was designed to reduce. Whether the House will finally accept the modest reform proposed by the Senate is still uncertain, in large part because of the opposition of the House leadership and a committee chairman to any diminution of their present powers.

On the side of accomplishment, in such domestic matters as social security, air pollution, health, teacher training enacted legislation some of which represents modest steps in the right direction. The model cities and rent supplement programs were barely kept alive.

In other matters of urgency, there was no final action. For example, three months after the House passed a bill to provide more effective protection for the exercise of constitutional rights, the Senate Judiciary Committee reported an amended bill to the full Senate. It has languished on the calendar ever since. Fortunately, the Majority Leader has now announced that he will make it the first order of business in the new session beginning in January.

The Safe Streets and Crime Control bill did not even make it out of committee. Designed to provide protection against lawlessness and violence and to strengthen law enforcement, it, too, must get priority attention in the new session. Similarly, we must attack far more effectively poverty and injustice in American life.

The Vietnam war dominated the session. In the 22 years I have been in Congress, I have known no issue which has so pervaded the thinking of members and all aspects of the legislative process.

As 1967 wore on, it became apparent that the President was less and less inclined to "consult" with the Congress and particularly with the Senate Foreign Relations Committee. As matters now stand, the Secretary of State is persisting in his refusal to testify in public hearings before our Committee, a position which I believe is indefensible in the light of the country's concern.

The domestic impact of the Vietnam conflict showed most clearly in the controversy over the anti-poverty program, the President's tax proposal and appropriations in general. Controversy was sharpened by the lack of clear priorities set by the Administration.

But one issue was unaffected by the war. That is the matter of "Congressional ethics." Both the House and Senate were forced to confront allegations of improper conduct on the part of their members. Rarely in history has either house been moved to discipline a member, but each house did in 1967. At the end of the session, however, neither house had acted on the larger question: how best to maintain high standards of conduct by all members and protect the integrity of the legislative branch.

A new year and a new session lie ahead. There is much to be done. When the Congress reassembles in January, I hope it will do so with a new sense of resolve to carry out its responsibilities fully in this time of national disquiet and urgent national need.

Business Briefs

By JOE STIOCO and JACK GUREWITZ

Robert M. Sullivan, business manager of the Caldwell (New Jersey) Progress, was elected president of Quality Weeklies of New Jersey at the annual January meeting at the Hotel Suburban, East Orange. He succeeds W. Kenneth Moss, advertising director of the News-Record of Maplewood and South Orange, who remains as a member of the executive committee.

Quality Weeklies is the national advertising representative for 48 newspapers in 12 northern New Jersey counties. Eve Forbes, publisher of the Summit Herald, The Dispatch of New Providence and Berkeley Heights, and the Chatham Press, was elected vice president. Donald L. Mulford, associate publisher of the Montclair Times and executive vice president of the Verona-Cedar Grove Times, was re-elected secretary. And William M. Litvany, general manager of the Bloomfield Independent Press and the Glen Ridge Paper, remains as treasurer.

Pat Faiella, who manages Quality Weeklies reported 2,282,389 aggregate lines of advertising were placed with member newspapers during 1967.

Sullivan attended Mount St. Mary's College of at Emmitsburg, Md., where he was an English major. He is president of the Caldwell Chamber of Commerce and a member of Knights of Columbus and the Caldwell-West Essex Kiwanis Club. He is active with the New Jersey Press Association advertising conference committees. He and his wife Moira live in North Caldwell.

Mr. Sullivan's paper is a charter member of Quality Weeklies, which was founded 25 years ago. His father, John A. Sullivan, Jr., now publisher of The Progress, headed Quality Weeklies in 1961.

Quality Weeklies offers the economy of scheduling advertising campaigns in many papers at one time on a one-order, one-invoice, one-check system, strengthened by regional merchandising and marketing services and a rate structure guaranteeing its rates for a minimum of twelve months. The office has recently been moved from Bloomfield to the Olympic Bldg., Upper Montclair, N.J.

BSA Names Agency

BSA, Inc. of Nutley, N.J., and BSA Motorcycles Western of Duarte, Calif., have jointly selected Rumrill-Hoyt, Inc., of New York as the advertising agency for BSA Motorcycles, nationally effective August 1, 1968.

Both BSA Companies are wholly owned subsidiaries of the Birmingham Small Arms Co., Ltd. of England and are responsible for national distribution of BSA Motorcycles, parts and accessories.

Rumrill-Hoyt will officially take over the account on August 1, and meanwhile has undertaken certain studies and work on behalf of the two companies.

A.I.E. ANNUAL BANQUET

The American Institute of Banking held its annual New York Chapter Banquet at the Hotel Americana in New York City. The Essex County Chapter of the American Institute of Banking is represented by the following Chapter delegates: Mr. John W. Kondracki of Colonia, Essex County Chapter President, and his wife; and Mrs. Angus MacIsaac of Nutley, Women's Committee Chairman, and her husband.

LOCAL RESIDENT

TECHICAL CHAIRMAN
Mr. John Scherzo of Tennessee Chemicals Inc., residing at 569 Prospect St., Nutley, officiated as technical chairman of the very timely and interesting subject "Cash - Providing the Proper Flow" at the Member Participation Technical Meeting of the Newark Chapter of National Association of Accountants.

The National Association of Accountants with its 60,000 members is the largest organization of Accountants in the world. There are 680 members in the Newark Chapter representing 350 Newark and suburban companies.

DR. FISCHER IN STUDY PROGRAM

Dr. Seymour P. Fischer, of Belleville, participated in two all-day professional study programs under the auspices of the Optometric Center of New York at the New York Hilton Hotel.

The major symposium concerned methods of prescribing the newest types of "progressive addition lenses," which are multi-focal eyeglasses to compensate for loss of focusing ability at various distances such as occurs, for example with middle age.

Papers in this seminar were presented by Dr. Bradford Wild, of the College of Optometry, Ohio State University; Dr. Henry B. Peters, of the School of Optometry, University of California, and Dr. Irving Bennett of Beaver Falls, Pennsylvania.

STATE BANK

The annual meeting of shareholders of First National State Bank of New Jersey was held with more than 85 per cent of the bank's 1,778,000 outstanding shares were represented. The meeting overwhelmingly

re-elected the bank's 23 directors to serve through the coming year and amended the articles of association, in conformity with standards set by the Comptroller of the Currency.

As of December 31, 1967, First National State's resources totaled \$822,768,020, making it the first and only \$800 million commercial bank in New Jersey's history. Robert R. Ferguson, Jr., President, told the annual meeting that "the statistical summaries presented in the bank's annual report demonstrate a vigorous and continuing trend of growth over the years." This is the basis, he told the group, "of our optimism for 1968 and the future."

NEW STYLES AND FABRICS

"Trend-setting new fabrics are making men's fashion news this spring," reports Seymour St. Lifer, President of Rogers Clothes, 12-store New Jersey chain. Featured fabrics are sharkskins, silk mixtures, imported mohairs and all types of tweeds and worsteds in smart new textures and weaves. Special style notes for this season are suits with double-breasted and ivy-style vests. These suits come in an unusually wide selection of fabrics, patterns and colors. Color also takes its cue from the gale rainbow slacks. Rogers announces shirts and turtlenecks in colors to match these slacks.

Another important move for Spring at all Rogers Clothes Stores is the greater space devoted to style-conscious students from junior high right through college. Styles for men on the "go" and teen-men on the "go go." New styles, the right colors, the popular fabrics, are all highlights of the Rogers Clothes selection. Men and boys alike will find one of the widest selection of slacks, sport coats, suits, topcoats, rainwear, sweaters and everything new and notable in men's haberdashery. Sizes for these new collections range from 34 cadet to 34 portly.

USED VW SALES REACH NEW HIGH

Vintage Volkswagens — like good bottles of wine — are growing in popularity and, according to Werner Schumacher, Director of New & Used Car Sales for Three County Volkswagens, authorized VW dealership at 701 Riverside Avenue, Lyndhurst, accounted for over one-quarter of the volume of VWs, both new and used, sold in the U.S. last year through dealers.

Overall, Mr. Schumacher stated, VW dealers retailed a total of 252,123 used vehicles, last year numbered 154,599, or 61.2 per cent of the total. Combined with the 443,306 new VWs sold in 1967, VW sales in the U.S. last year totaled nearly 600,000 units.

Locally, he said, Three County Volkswagens sold 634 new and 210 used VWs, plus 50 other makes of used cars. He said total used car sales here were up by about 20 per cent over last year compared with an 18 per cent increase nationally.

Mr. Schumacher attributed the rise in his company's sales of used cars to its 100 per cent guarantee program which requires that all used VWs, as well as domestic vehicles, receive a 18-point safety and performance examination and the necessary mechanical and appearance reconditioning before the guarantee "goes on." He said that those vehicles which pass their presale exams are guaranteed for 1,000 miles or 30 days — covering both parts and labor on the engine, transmission, rear axle, front axle assembly, and brake and electrical systems.

OFFICIAL TABLE — Seated at the official table from left to right are: Mayor Kenneth D. Smith, Commissioner Mary V. Senatore, and Marion Malcolm, secretary to Mayor Smith. Standing behind the Belleville officials are

Bart Rossi and John Marotti, members of the PBA. The occasion attracted more than five hundred guests, all of whom had an excellent time at the Fountain.

PBA MEMBERS — Pictured above is the committee responsible for organizing last Saturday's PBA dinner dance at the Fountain Restaurant. The policemen from left to right are: Carmen Pedalino, Mike Marotti, PBA presi-

dent; Dave Martin, PBA treasurer; Ray Kimble, George Sheridan Jr., John Marotti, co-chairman; Carmen Pelia, Frank Falcone, Bart Rossi, John Drop and Hank Olivieri, ticket chairman.

BAND — The policemen, their wives and the guests enjoyed dancing to the varied program presented by the band. The occasion also featured a portion of a Broadway

show with Molly Lyons, a popular singer from New York. The master of ceremonies for the program was John Drop, Belleville patrolman.

More Monthly Disability Payments Are Available

William J. Arnold, manager of the Newark social security office stated that many more individuals can become entitled to monthly disability payments because of recent changes in the social security law.

These changes provide for reduced monthly payments to a severely disabled widow as early as 50. The disability must have begun before her husband's death, or within seven years after. Under the same conditions, a disabled

widower is eligible, but in addition he must have been dependent on his wife for his support.

About 100,000 of the people newly eligible for benefits under the recent changes in the law are young disabled workers who did not have sufficient work credits under the old requirement. Under the new provisions, a worker who became disabled before age 31 needs work credits for half of the time from age 21 to the time his disability began, with a minimum work requirement of one and one-half years.

Some of the newly eligible individuals will be reached through contacts with local public and private agencies, Arnold noted, but most will learn of their eligibility through news articles, radio and TV announcements or by word of mouth.

The staff of the social security district office is ready to accept applications for these benefits. Persons wishing additional information or assistance may call 645-2180 or visit the office at 970 Broad Street, Newark, New Jersey, Room 500.

It's about time to start making vacation plans, which you will want to change several times before summer.

Theory is all right for the books but it takes practical expression of ideals to make life better.
