PRESENTATION — George Mitchell, right, chairman of the Belleville Veterans Council, presents the Better Belleville Cup to Mr. and Mrs. Walter Saunders and their family. The cup, which is awarded by the Belleville Times, to the individual who has given the most to his country and community, was given posthumously to Donald Saunders, who was killed fighting in Vietnam.

## Belleville to Sponsor 1st Annual Cherry Blossom Festival for Arts

Springtime in Belleville this year will be a bit more delightful than what the annual cherry blossoms usually provide.

Belleville has long been the location of the Cherry blossom festival. This annual event founded by Frank Megaro in honor of the cherry blossoms first bloom in Branch Brook Park, has been noted for its beauty and pageantry, including a parade and the selection of Miss Belleville—the Cherry Blossom Queen—in competition for the Miss America contest.

Starting this year Belleville will bring additional scope to its beauty campaign. The first annual cherry blossom art festival has been slated for April 20 and 21.

**Thousands View Blooms**  
The cherry blossom festival normally draws thousands of spectators from all over the state and country who come to view the magnificent cherry blossoms. The art festival is expected to add a note of enthusiasm.

The festival is open to any artist 18 years or older. Oil painting, watercolors, sculptures, graphics, and photographs will form the variety of works of art that will be on display.

The location of the festival is Washington Avenue where Hudson, Essex and Bergen counties meet. Artists will be allowed 12 foot of space for \$5 and additional space for \$3 extra.

All artists are requested to

have works wired and framed. Artists may also paint or sketch at the scene of the festival.

Wednesday is the deadline for entries.

Meanwhile the Belleville Jaycees are very busy these days finishing details in preparation for the arrival of Belleville's beautiful Cherry Blossom Display in Branch Brook Park.

Each year, the Belleville Jaycees sponsor a series of events to publicize the town's title, "Belleville The Cherry Blossom Town". For the first time Belleville will have cherry blossoms appearing on Washington Avenue.

The festivities start on Sunday afternoon April 21 with a giant parade featuring dozens

of bands, floats, and marching units. Highlighting the parade will be the appearance of the ten finalists competing for "Miss Cherry Blossom 1968."

The festival will close with the annual beauty pageant to be held at Belleville High, Saturday, May 4. The girls will compete for an \$875 scholarship and the opportunity to represent Belleville in the Miss New Jersey contest in July.

The deadline for young ladies to enter the pageant is April 11. The rules for entry are as follows:

1. The young lady must be a Belleville resident or attend school in Belleville.
2. She must be between the ages of 18 - 25.
3. She must be a High School graduate by September.
4. She must be single and never have been married.

Applications may be secured at the following Belleville merchants: Royal Shop-Rite, Jolly Cleaners, Flowerama, Kondreck Studios, and W. T. Grant.

## LBJ's Decision; Its Ramifications Discussed Today

LBJ's decision not to run; what does it mean? Is the topic discussed in a special Belleville Times editorial today.

The ramifications of President Johnson's announcement, was they effect both the domestic political scene and the war in Vietnam are among the areas discussed by today's editorial.

Read LBJ's Decision: What Does It Mean? on page four of this issue.

## Nardiello Is Named Principal

The Belleville Board of Education after a two-hour behind-closed-doors session at the end of its regular monthly meeting appointed Michael Nardiello, supervisor of special education, as principal of the James G. Shawyer School, retroactive to March 1.

Nardiello, described by associates as the best man for the job, had been serving as acting principal of the school since the death of Frank Spotts on October 7, 1967.

Originally the board had intended to postpone hearing

## New Parking Meters Make Merchants Happy

Belleville merchants and the Chamber of Commerce are commending town officials for rehabilitating parking meters along Washington Avenue, the community's central business area.

"What was an utter disgrace," according to Harry T. French, chamber director, "is now shaping up very well. Parking meters along the avenue are finally working—the merchants are happy, shoppers are happy and so is the Chamber of Commerce."

And the situation can only get better. Town commissioners recently purchased 175 new vandal proof meters for \$20,000. These new nickel meters once installed, will provide regular revenue to the community and will aid the flow of shoppers in the business center.

The chamber is also enthusiastic about Mayor Kenneth D. Smith's forward action to obtain new parking facilities in the commercial section of Belleville.

"The mayor and commissioners are making an effort. Of course, they are running into obstacles... but at least they are not shirking their shoulders and saying the problem is impossible to solve."

Mayor Smith said the town is negotiating with the Fidelity Union Trust Co. to lease a lot in the rear of the bank building at Washington and Belleville Avenues.

"We sent one lease to the bank but the officials there apparently didn't like the price."

"They wanted more than it was worth to us."

Fidelity Union said it had to reject the town's first proposal for "easy to understand economic reasons." The bank trustees complained of the costs of lighting the lot and the taxes on the property.

Mayor Smith and the bankers are meeting once again to debate a revised lease. "Hopefully we eventually will work out this matter just as fast as possible."

**Mid-April Opening**  
The town is shooting for mid-April as the date for opening

the parking facility to Belleville residents.

If, however, we have to use the lot behind the town hall then it will take months for a parking facility to be available because the area has to be graded and paved.

Mayor Smith said, "Parking facilities should have been provided years ago. We need a parking lot and we need one badly, and come hell or high water, pardon my language, we will get it."

"The business in Belleville will stagnate if property owners cannot continue to get rents from merchants and merchants cannot get money."

The parking problem has driven many merchants to the wall. Local protests over a period of at least 20 years in Belleville finally obtained action from municipal officials. The Town has agreed to lease the lot of the Fidelity Union Trust Company, situated just behind the bank, which is located at Washington and Belleville Avenues.

According to Belleville's police chief, Donald Smith, who has been "100 per cent in favor" of the parking lot, "the shopper is a funny fellow. I know people who will go to a shopping center and park their cars a half-mile away and walk to the center. But they don't do that in town. If the doors were wide enough, the people would drive right through."

Chief Smith announced that new double-faced parking meters for the lot have been arranged for, of the same type now in use on Washington Avenue.

Hours of parking will be the same as elsewhere in town—9 a.m. to 6 p.m. daily; 8 a.m. to 8 p.m. Fridays; and 8 a.m. to 6 p.m. on Saturdays and holidays. Parking is free on Sundays. Collections are made by a police department metermaid.

## Belleville Constructs New Thoroughfare

Commissioner Mary Senatore has been celebrating a number of anniversaries lately.

## Toxic Coal Odors Now At School 9

The Belleville Board of Education recently debated the placement of an oil burner in school 9 and resolved to award a contract to Bickford and Speth Associates for the conversion of the coal heating system to gas or oil in school 9.

Interested citizens at the beginning of the meeting questioned the need for this conversion. Board President John DiRienzo stated the school had

(Continued On Page 14)

Besides her birthday this week, it has also been exactly one year since she announced she would run for commissioner.

Now a commissioner and director of Public Works, Mrs. Senatore is celebrating another first: the installation of her first street during her official tenure.

The new thoroughfare is Park Place, a small road which will provide access for several homes to Smallwood Avenue.

Very soon Mrs. Senatore's second street is slated for construction. That will be the somewhat larger Laurel Court.

**Civic Pride**

But it was with considerable sentimentality and civic pride that Mrs. Senatore went to Park Place to watch construction of her first road and to see if the curbing was really going to be as attractive as the contractors said it would.

"I've lived in Belleville all my life, I know the roads and I know where improvements are needed. I get a good feeling when I know we are making progress in some areas. We have a big job ahead of us, but certainly not too big a job to handle."

## Belleville Expecting Elections?

Wouldn't you think a community with a history of about 40 elections over the past dozen years would do all it could to end its image of instability?

But oh no, not Belleville. Sally Hood, an inquisitive resident who had a bit to say about municipal budgetary appropriation couldn't understand why the Board of Commissioners had included \$18,000 for elections for 1968.

"Good heavens," she cried. "It's not a local election year."

Or is it...?

Apparently the commissioner thought so. They whined that with recent talks concerning special elections from an assortment of community pressure groups town fathers were caught financially short.

So, \$18,000 were neatly endorsed as a proper figure to take care of elections galore. And who is to say the commissioners were wrong in their actions... it is Belleville, you know.

Mrs. Harold Gallina of 42 Parkview Avenue became the Belleville Times final "Big Win" winner, as the contest

drew to a close. She received the top prize honors of \$100. The winning sentence when unscrambled read: "If you're

a traveler, you can win \$100 big win treasure this final week of contest."

Mrs. Gallina, who had delivered several entries to the Belleville Travel Agency at 118 Washington Avenue was surprised to hear that it was her initial working out of the sentence that won the prize. "I submitted several," she added. "I just was not sure which one won."

When she was called about the contest, it happened to be the evening of April 1, and the contest manager had all he could do to convince Mrs. Gallina that she was not the victims of an April Fools Day prank. "I just didn't believe," Mrs. Gallina stated. "That I would ever win. This was the first time I submitted my sentence, I used to enter the contest other weeks, but the sentences did not make sense, so I threw them away."

A resident of Belleville for only a year, Mrs. Gallina's husband works for the Prudential Insurance Company. She has one son, Steven, who is 14 months old.

Asked what she plans to do with the money, Mrs. Gallina stated, "Well I'm sure that I will spend it fast. One of the things I want to do is buy shoes for the baby."

FINAL WINNER — Mrs. Harold Gallina of 42 Parkview Avenue grins broadly as she receives her "Big Win" certificate from James Disaro, owner of Belleville Travel Agency, 118 Washington Avenue. With Mrs. Gallina is her son, Steven, who is 14 months old.

PARK PLACE — Commissioner Mary Senatore looks on as workers install the town's newest road, Park Place. The thoroughfare is the first to be constructed during the official tenure of Mrs. Senatore as director of Public Works.

**Central Park Peace Vigil  
Planned for Wednesday**

A vigil in Central Park described by its sponsors, the New York Fellowship of Reconciliation (FOR), as a "Call to a Wake-Up for Peace and Human Dignity," will take place at dawn on Wednesday, marking the fifth anniversary of Pope John XXIII's Encyclical "Pacem in Terris."

The theme of the vigil states Rev. Lloyd A. Berg, New York FOR Chairman, will be "to welcome the Renewal of Conscience in America, as growing numbers of Americans respond to an immoral war with personal acts of humanity and moral confrontation."

**Association Which Developed Belleville  
Master Plan Celebrates Anniversary**

James W. Rouse, internationally known realtor and developer, will be the guest speaker at the 20th Anniversary Dinner of the Passaic Valley Citizens Planning Association, which developed the new Belleville Master Plan. The Association will hold its 20th Annual Meeting on April 30 at the Pennington Club, Passaic.

The Planning Association was founded in June, 1948, by a group of Passaic area businessmen and industrialists headed by the late Albert F. Metz, who was then president of the Okonite Company. For the past 20 years the PVCPA has conducted a program of citizens education planning and maintained a technical staff which has provided planning consultant services to 24 communities in the Passaic Valley.

The April 30th dinner will be the first in a series of programs to celebrate the 20th Anniversary Year. Kenneth G. Carr of New Jersey Bank, a former president of the Planning Association, is chairman of the 20th Anniversary Com-

mittee. Gilbert D. Bogart, Jr. of Cullen, Bogart and Parker is dinner chairman.

Rouse is president of The Rouse Company, a mortgage banking and real estate development firm with executive offices in Baltimore, Maryland. His latest project is the planning and development of Columbia, Maryland, a new city for 120,000 people on 14,000 acres of land midway between Baltimore and Washington. In this area Mr. Rouse's latest project is the development of the Willowbrook Shopping Center.

The Rouse Company has financed over a billion dollars in real estate development through its offices in Baltimore, Washington, Pittsburgh, Chicago and San Francisco and owns or has under development for its own account more than \$200 million in real estate projects in eight states and Canada.

At the Association dinner Mr. Rouse will speak on the topic "Planning Will Make It

So." In addition to the present membership the invitation list will include the original founders and incorporators of the Planning Association, members of local planning boards and governing bodies will also be invited to attend.

The Berkeley School of New York City, Westchester, New York and East Orange participated in College Week in Bermuda from March 23 to 30.

Miss Diane Haight, daughter of Mr. and Mrs. Frank Haight of 232 Fairway Avenue and Miss Donna Marie Touch, daughter of Mr. and Mrs. Dominick Touch of 606 Joralemon Street, both of Belleville, were among those participating.

Both are 1967 graduates of Belleville Senior High School. Both attend Berkeley School, East Orange.

There were 159 girls from the three schools and four chaperones staying at the Elbow Beach Surf Club. They were among 1,200 students from colleges and universities throughout the country taking part in the college week program. Highlights included informal get-acquainted dances; a "limbo lunch" at the Bermudiana Beach Club; a St. George's boat cruise with refreshments, luncheon and calypso entertainment; a side trip to Fort St. Catherine to see Gombey dancers and a native floor show; and college day at the beach, which included a barbecue lunch and College Week queen. The students traveled both ways by jet plane.

**Susan Long  
Wins Prize  
For Oratory**

Students of Belleville High School recently participated on the local eliminations of the 31st annual national high school oratorical contest conducted by Belleville Post 105, The American Legion.

Miss Susan Long was judged the winner of this important part of the American Legion Americanism Program, second award to Miss Judith Berg and third place to Edward R. Gasparini.

Arrangements for the program had been made through Raymond O. Smith, principal of the high school, and he had Richard Graves in charge of social studies at the high school conduct the program throughout the class. Mrs. Angela DiMaggio and her assistant Mrs. Patricia Caputo did most of the coaching and screening of students who had entered the contest. At the special assembly of all the students an interesting program was provided, including a short piano recital by one of the students and the final selections were made. Attending the assembly were past commander Peter Johnson, and legationaire Lou Carroll. Presentation of awards were made by Richard Graves assisted by Walter Weiss, chairman of the oratorical contest.

The first award winner Miss Susan Long now goes on to the Essex County Contests on February 1, to be held at the County Court House, Newark.

Half of State Budget  
Would Aid Local Units

State aid to New Jersey schools and local governments will total more than a half-billion dollars under the State budget as recommended to the Legislature by the Governor.

The proposed \$510 million aid program represents nearly half the \$1,084,200,000 budget proposed by Governor Hughes for the fiscal year which begins July 1, next, and runs through the first half of 1969. It is 10 per cent higher than current year State aid allocations of \$463½ million and more than double the \$252½ million distributed in the fiscal year 1965.

## Town Budget Critics' Clinic?

Last week's public hearing on the town budget was a model in official restraint.

Mayor Kenneth Smith was firmly patient — permitting every speaker more than the allowed five minutes for remarks and questions on the proposed budget.

Time and again Commissioner Joseph McGreevy gave answers to the same question — and still the questioner remained dissatisfied.

We believe the public hearing produced few surprises — with but one exception — Commissioner McGreevy's recommendation to use an additional \$100,000 of surplus to reduce the tax bite. The Commission has voted to use a total of \$400,000 in surplus funds to keep down the amount to be raised by taxation.

Last year the old Town Council used \$580,000, 45 per cent more than was voted last week.

In view of the fact that our average annual surplus remaining after payment of all municipal bills hovers

around the \$400,000 mark the Commission's action to use an additional \$100,000 surplus to ease the taxpayers' burden meets with sound fiscal management.

In view of last week's experience at the town budget public hearing, we would like to recommend to the Commission the establishment of a Town Budget Critics' Clinic to be held one week before the annual public hearing.

The budget itself is a complex instrument, not easily understood by lay-people. A clinic would afford interested citizens the opportunity to ask almost unlimited questions without burdening the Mayor with the responsibility to remind speakers of their time limitations.

The clinic should prove to be an educational aid for those citizens expressing more than a passing interest in town affairs. And to the average taxpayer interested in attending the public hearing on the budget, the relief stemming from shorter and more intelligent speeches would encourage future attendance.

## LBJ's Decision: What It Means

Judging by the developments in the world of national politics, it appears there are more qualified men who are refusing to run for the Presidency than are seeking the coveted (?) prize.

Governor George Romney's surprise withdrawal, hours before the New Hampshire Primary Election early last month had less impact upon the nation than Nelson Rockefeller's decision not to campaign for the GOP nomination.

Now at stage center comes the most prominent Texan since Sam Houston — Lyndon Baines Johnson, President of these United States.

LBJ shocked and surprised the country and the world Sunday night when he removed himself from the 1968 Presidential sweepstakes. The person who was most astounded of course was Robert F. Kennedy, the young man anxious to replace LBJ.

LBJ's announcement of steps to de-escalate the Vietnam war pulled the carpet right out from under Kennedy and Eugene McCarthy, the other U.S. Senator who is contesting for the Democratic nomination. Their sole purpose was to "stop Johnson." Well, there is no Johnson to stop. (As the song says, "What now my love?")

LBJ's dual announcement means to us —

1. Hanoi's selfish interest would best be served by opening negotiations leading to peace in Vietnam. To do otherwise could oblige America to escalate the war effort, probably resorting to tactical nuclear power, a prospect even Moscow wouldn't enjoy.

2. Vietnam's President Nguyen Van Thieu can no longer rely upon American boys to do his fighting for him. Thieu is now compelled to increase the size and quality of his "fighting" forces.

3. Failure of Hanoi's regime to move toward peace jeopardizes her good standing with the countries of the world except the small Communist clique which follows the Peking line,

a risk she may want to avoid.

4. At home the national political ramifications have no limit. Johnson's elimination as a candidate will inspire increased draft — Rockefeller action. Among the political pros Nixon's stock will skyrocket. Liberals like N.J. Senator Clifford P. Case must move up front in a draft-Rocky effort if the moderate Republicans desire an alternative choice to Richard Milhous Nixon at the GOP's August convention, scheduled for Miami, Florida.

5. Despite the known antagonism between the Kennedys and the Johnsons, the brother of the martyred President is closer to the nomination.

6. Senator Eugene McCarthy may still plug along, (with silent support of LBJ's political pros to stop RFK), but for all practical purposes the McCarthy crusade has had it. And for one good reason. An active candidate in quest of his party's nomination needs almost unlimited funds to sustain a serious and/or successful challenge. McCarthy cannot compete with the Kennedy millions — or — the multimillions in contributions available to the candidate who is the choice of an incumbent President.

7. We believe Johnson's chemistry is such that he will in the end give quiet or public support to his Vice President, Hubert Humphrey.

8. An unknown power factor is the final political posture of Democrat state Governors, U.S. Senators, and Congressmen seeking reelection at the November polls. They will want to help nominate the candidate who will do for them the most good, a simple case of survival.

The Kennedy name is a very popular one with the New Jersey electorate. In a Kennedy-Nixon fight sophisticated political leaders predict a big Kennedy win, bringing with it a Democrat sweep at the county courthouse level.

The fickle finger of fate keeps moving — its next move is anybody's guess.

## TV Radiation Controls

James G. Terrill Jr., Director of the Public Health Service's National Center for Radiological Health, recently told a congressional committee that a survey of various television sets showed many leaked harmful radiation.

Terrill's testimony was supported by several private studies, one of them initiated by a Congressman who said he found eight different manufacturers' sets emitting excessive radiation in his district.

As a result of the recently-discovered danger, color set owners are ad-

vised by the U.S. Surgeon General to sit at least six to ten feet away from the screen. They are also advised to turn off sets when programs are not being watched.

Meanwhile Congress is considering legislation requiring manufacturer checks on radiation leakage in all color sets. The public is entitled to no less. Even though the amount of radiation leaked is usually small, accumulation of exposure over a period of time could have adverse effects on the viewer's health.

## The Power Flowers

This is the time of year nature begins to burst out in its annual profusion of flowers and blooms signaling the end of dormancy and winter weather. And as one grows older — which all of us are doing — flowers seem to be more beautiful every year. Perhaps we appreciate them more.

Flowers have a power hurried souls underestimate. The man who brings a bouquet to his date or to his wife can see that power first-hand. To look into blooms of exquisite beauty is, in a sense, uplifting and inspiring to all

who appreciate the wonder of nature in producing such fragile, lovely things.

Curiously, Europeans and other foreigners enjoy flowers more than Americans. They use them in window boxes and use them to fill their parks. Yet we have a wonderful climate with more sunshine than many other countries and could enjoy the beauty of flowers far more than we do. As our culture develops and matures no doubt we too will learn to derive more pleasure from beautiful flowers.

## Seems Only Yesterday

(Editors Note: The Belleville Times would like to thank Allan Crisp, a Belleville historian, writer and lecturer, who provided last week's Seems Only Yesterday column. Because of an error in our printing plant, Mr. Crisp's by-line was inadvertently omitted from his Belleville Revolutionary War legend where patriots attempted to smuggle copper from a tunnel in a local church.)

### 5 YEARS AGO

John 'Rod' Burnett sought to stabilize the tax rate. His program was to work over the years to present a budget that would remain at a fairly constant level while letting the taxpayer know what he was paying for.

An armed thug, robbed Alfred E. Gianetta of \$192 at gunpoint, at the Bell Liquor Store, forced Gianetta into a rear room, and escaped eastward in a late model Impala, though a horse might have been more effective.

### 10 YEARS AGO

Firemen fought three fires in one week; the largest caused the demise of the Food Fair Supermarket on Washington Avenue. Damages were estimated at 500,000 dollars.

The women of Belleville had a busy week ten years ago. First, the Women's Club held a dessert - fashion show for Joseph B. Grosch who was seeking the Commissioners office, and the next day the Smith Association's women members held a tea at Parillo's for Commissioner Kenneth D. Smith who was hoping for reelection. It's good to know that women took such an active role in politics.

### 15 YEARS AGO

A star boarder posing as a brother, turned out to be the first husband of Mrs. Edith Smith Young Costigan, and the cause of her third divorce.

Teachers took tours of industry which they hoped would be correlated with their school. Whether it was successful or not is proven by whether or not they continued the program.

People were losing and finding hearing aids all over Nutley and Belleville, which may have proven very interesting, especially for those people who were stumbling over them, but the actual hearing aids themselves must have suffered from exposure to the elements and peoples feet.

### 20 YEARS AGO

G. Crosby Hiss was selected as new president of the Belleville Rotary. James Woodhall was Vice President and Dr. Joseph Di Angelo was Secretary. The rising national economy in the Latin American countries was discussed.

Four hundred workers got together to hold a cancer drive in a one day campaign. I. J. Schanes, a musician used his talent to add impetus to the drive.

Bids were requested to buy two new cars. One for the police department and the other for the fire chief, which is a small example of how things have changed. Now if we only bought one car for the police department, we'd have to supplement it with roller skates for the other men on the force.

## Speak Up

## Burned-Out Family Calls Firemen's Work 'Miracle'

To the Times-News:

Now, after the shock has worn away from the close call my family and I had in that inferno of hell, when the apartment on Washington Avenue burned to the ground, that very cold morning, I want to take this opportunity to thank everyone who came to our aid, the newspapers of Belleville and the surrounding towns and the quick work and alertness of the officers of the Police Department in spotting the fire and hustling us out in no time at all. That was a miracle in itself. Otherwise, I know some of us would have perished in flames that shot up like a bomb.

I want to thank the Firemen and volunteers who were right on the job so quickly and the Red Cross and Salvation Army coffee and doughnut trucks, which warmed the bodies of those frozen firemen and police.

The wonderful churches, friends, clubs, merchants, and factories of the town of Belleville who sheltered us; their kindness and generosity in giving like the old saying goes, "Til it hurts", deserve heartfelt thanks.

Everyone was so wonderful, it seems like a nightmare turned into a beautiful dream, which I know will be in our minds for a long, long time to come.

For those gallant and brave firemen who fought the fire and were injured doing their duty, we pray to the dear Lord and ask him to restore them all back to perfect health soon, so they will be right back helping again.

My whole family and myself want to thank you all for everything.

We will wish you all success in our prayers and through life's dark shadows and sunshine, that good luck may always be yours. May your joys be as deep as the

ocean and your misfortunes as light as the foam.

Last, but not least, may you all be blessed with the very best of health and happiness and may God be at your side always, taking care of you.

Very sincerely,  
Gabriel Micchalli  
and family

## Likes Lights On Avenue

To The Times-News:

We would like to publicly say "Thanks" to Mayor Smith for the new lights on Hornblower Avenue. For years the inadequate lighting has been a source of concern to everyone residing on our street. Talking with our neighbors, we have found out, they are also delighted with this improvement.

Recently all Belleville taxpayers were notified that the Town Board of Commissioners has been directed by the New Jersey Superior Court to revalue all real property in the Town of Belleville.

The court decision makes it mandatory that the revaluation work be completed in 1968 and be placed on the 1969 tax rolls for taxing purposes.

A contract was awarded to the Realty Appraisal Co. to conduct the revaluation program. The purpose is to re-

appraise and establish current values so that all realty will be assessed equitably. Field workers of the appraisal company are now at work in the Valley area.

In order to properly assess property, a complete inspection of both the interior and exterior is necessary. In certain instances where income producing property is involved a statement showing income and expense, date and cost of acquisition and other pertinent information will be required. This will be undertaken by the Realty Appraisal Company through its representatives. As the company finishes the appraisal of one area and moves to another the public will be notified.

Cooperation and assistance is requested in permitting authorized representatives of the Realty Appraisal Company to make the required inspections. Each inspector has been provided with a letter of identification bearing his signature, countersigned by Mayor Kenneth Smith, and attested to by the Town Clerk, Eugene Barnett. Householders should ask for the letter of identification, examine it carefully and not admit anyone who is unable to properly identify himself to enter. Headquarters of the Realty appraisal company are in West New York, N. J. Before the new assessments are finally accepted, an opportunity to review them will be afforded to all taxpayers.

## Cerebral Palsy Luncheon Will Be Held Tuesday

Mrs. Edward P. McMullin, Jr., of Upper Monclair, Chairman of the Women's Committee for United Cerebral Palsy of North Jersey, announces a luncheon to be held Tuesday, at the Cerebral Palsy Rehabilitation Institute.

The newly organized Women's Committee is dedicated to meeting the needs of the cerebral palsied in the Tri-county area of Bergen, Essex and Passaic. This year, as in the past, those afflicted in this area will look to United Cerebral Palsy of North Jersey for help.

Education is not complete if all that the student gets is a trained mind.

Planning is what separates the best communities from the average ones.

### Better Law Enforcement Answer to Traffic Problems

Better law enforcement is the answer to the highway safety problem, according to drivers across the country who were asked to come up with the most important single action they considered would make driving safer.

The survey was made by the

MISS MARION SAVAGE

Institute for Safe Living of the American Mutual Liability Insurance Co. Men and women drivers in 31 states were queried on the subject. Although motorists today receive safety advice from all directions, the Institute decided the motorist himself might have some definite views on highway slaughter and how to prevent it.

### UCF Executives Appointed

Edward A. Kirk, executive director of the United Community Fund and Council of Essex and West Hudson, has announced the appointment of Thomas M. Reamer and John L. Marsh to the executive staff of that organization.

Reamer, who has been appointed associate campaign director, will have major administrative responsibility for the individual professional gift division.

Marsh will be responsible for administration of allocations to UCF member agencies and for conducting agency reviews which relate agency programs and resources to the needs of the community.

Prior to joining UCF, Reamer was executive director of the United Campaign of Summit. He was formerly a member of Dietzel Associates in Somerville and a field representative for the Essex County chapter of the American Cancer Society.

## Six Members Of Belleville Woman's Club Participate In Federation's Observance Of State Legislature Day

Six members of the Woman's Club of Belleville motored to Cedar Gardens Restaurant, about five miles east of Trenton Monday, March 25 to participate in a "Day With Our Legislature," sponsored by the New Jersey State Federation of Women's Clubs.

Under the chairmanship of Mrs. Robert E. Brumund, state chairman of Civics and Legis-

lation department who presided at the morning program, clubwomen from the state gathered to hear Governor Richard Hughes, Congressman John E. Hunt, and Miss Geraldine V. Brown, president of the Federation.

The luncheon was enjoyed by Mrs. Richard A. Shafter, president of the local club; Mrs. George Gebrian, nomi-

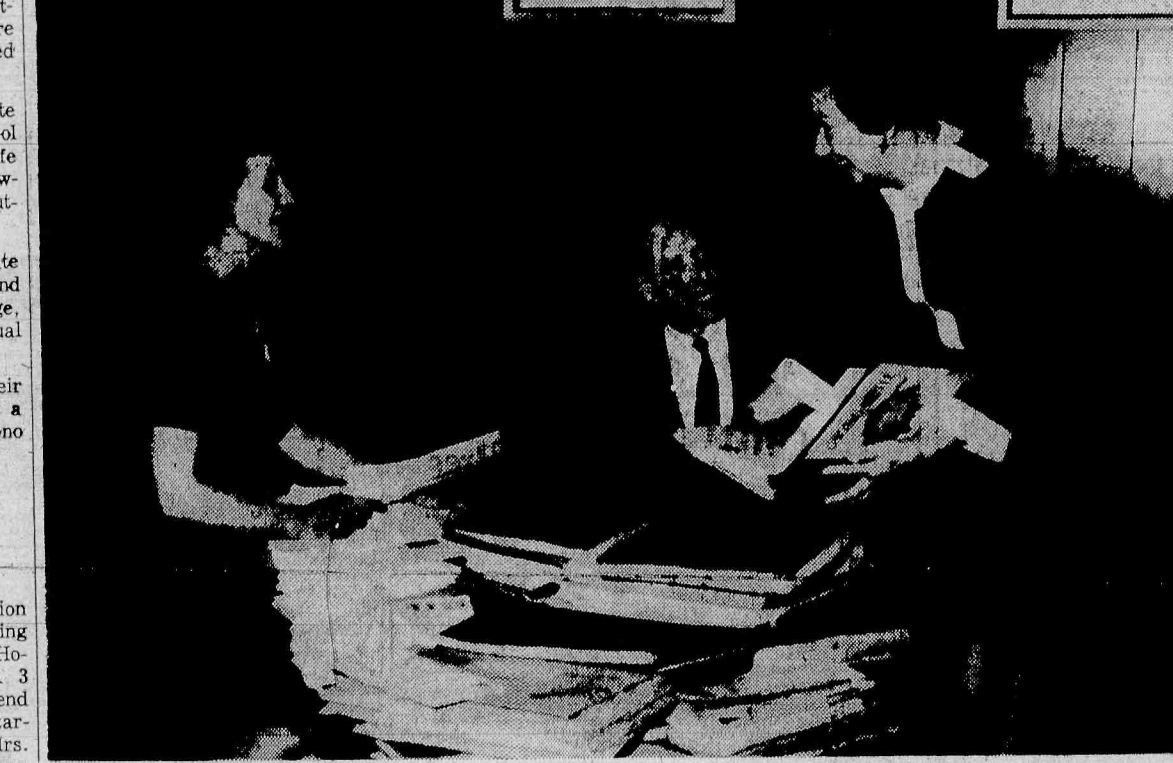

nations chairman; Mrs. William R. Kropp, federation secretary from the afternoon group; Mrs. William Oertel, chairman of the Evening Membership department; Mrs. Peter Spera and Mrs. Michael Kizkiel. Later, a motorcycle escort conducted the motorcade to the State House where the clubwomen observed the legislature in action. Mrs. Robert J. Citrino of Nutley, 8th

district chairman of civics and legislation, accompanied the Belleville group and served on the registration committee for the day.

Mrs. Richard Hughes and Mrs. John E. Hunt also were guests of the federation.

The legislature gave special recognition to the presence of the clubwomen and their president, Miss Brown.

## Mr. and Mrs. Falstrom Married In St. Peter's

St. Peter's Church, Belleville, was the setting February 24 for the marriage of Miss Marie Lynch, daughter of Mr. and Mrs. John F. Lynch of 20 DeWitt Avenue, to Russell J. Falstrom, son of Mrs. Florence Falstrom of 8 Summit St., Newark, and Mr. Russell Falstrom of Belleville.

Rev. James Heavey of St. Peter's performed the afternoon nuptial mass. A reception followed at the Fiesta in Woodridge.

The bride, escorted by her father, wore an A-line gown of white satin, fashioned with long sleeves and lace appliques around the hemline. The scooped neck was decorated with lace and seed pearls. Her elbow length veil was attached to a pearl white crown and she carried a triangular cascade of white roses stephanotis and ivy.

Miss Marie Zalewski of East Newark was maid of honor.

Bridesmaids included, Miss Constance Lazzaro of North Arlington, Miss Nancy Bull, cousin of the groom, Chatham and Miss Diane Lynch, the bride's niece, from Bloomfield. The bridesmaids were attired in raspberry colored, floor length, A-line gowns. The gowns were fashioned with long sleeves and featured rolled jeweled collars. Each bridesmaid carried a marabou fur muff, decorated with baby pink roses.

Robert Falstrom served his brother as best man. Ushers

were Phillip Sheridan of Newark, Joseph Nappi, of Bloomfield, and Michael Swinaiski, cousin of the bride, from Belleville.

The mother of the bride wore a floor length, pale blue crepe dress with matching accessories.

The groom's mother was attired in a sky blue empire line dress, with an inverted pleat.

Mrs. Falstrom, a graduate of Queen of Peace High School is with Mutual Benefit Life Insurance Company of Newark. She is now attending Rutgers University College.

Mr. Falstrom, a graduate of Arts High in Newark and of Rutgers University College, is also employed by Mutual Benefit.

The couple have made their home in Belleville following a honeymoon in the Pocono Mountains.

# SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

**BERMUDA WEEK** — Elizabeth Smith, daughter of Mr. and Mrs. Gordon Smith of 328 Nutley Avenue, enjoys the sunshine and relaxation afforded by her week long trip to Bermuda. Miss Smith, who is a student at Lycoming College, returned to Nutley March 30. Her group was part of the annual College Weeks program initiated by the government of Bermuda for students.

## Kathy Massa of Belleville Crowned CYO Snow Queen at Annual Dance

Kathy Massa of 38 Dawson Street, Belleville, was crowned Saturday night as Essex County CYO's 1968 Snow Queen at the fourteenth annual Snowball Dance. Miss Massa, a member of the CYO at St. Peter's, Belleville, was crowned by last year's winner, Miss Linda Oliveri, also of Belleville.

Runner-up in the field of 13 finalists was Miss Marietta Cappabianca of Holy Family, Nutley. Third place went to Miss Theresa Dolan of Our Lady of the Lake, Verona.

Kathy, who was escorted by Jerry Maloney, is a 16-year-old junior at Belleville High School.

A member of her CYO's Junior Council Committee, she is an avid sports enthusiast, listing ice skating, swimming and horseback riding as hobbies.

After high school graduation, the pert Belleville miss plans to attend business school in preparation for a secretarial career.

Miss Cappabianca, 17, is a Nutley High School senior. She resides at 128 Brookline Ave., Nutley.

Miss Dolan, 16, is a junior at Mt. St. Dominic Academy in Caldwell. She resides at 71 Morningside Rd., Verona, and plans to attend college upon graduating.

Approximately 1,200 teenagers attended the dance, highlight of the CYO's social calendar, which was held at Seton Hall University's Archbishop Walsh auditorium. "Winter Enchantment" was the dance theme.

The youngsters danced from 8 P.M. until midnight to the continuous music of two bands. The crowning took place at 10 o'clock.

Other finalists included: Susan Hughes, St. Thomas, Bloomfield; Judy Langley, St. Catherine, Cedar Grove; Marianne Prokop, Our Lady Help of Christians, East Orange; Debbie Anderson, St. Philomena, Livingston; Edith Zircoli, Mt. Carmel, Newark; Regina Bruno, St. Francis Xavier, Newark; Anita Pannucci,

## Women See New Outfits For Spring

The fifth annual Card Party and Fashion Show sponsored by the Nutley Junior Woman's Club and the Evening Department of the Nutley Woman's Club was held March 11, Mayfair Farms, West Orange. The affair was chaired by Mrs. Roy Seaholm and Mrs. John Scherzo. Fashions were supplied by Cashmere Boutique, Short Hills, and featured a variety of ensembles for formal and informal occasions.

Committee chairmen included Mrs. Delfio LaMarca and Mrs. Joseph Avagliano, door prizes; Mrs. Edgar Cronheim fashion show; Mrs. William Conway and Mrs. Thomas Mahon, hostesses; Mrs. Thomas Gilbert, printing; Mrs. William O'Shaughnessy, Miss Anna Fulton, program book; Mrs. Ronald Wright and Mrs. Alexander Paterson, publicity; Mrs. Vincent De Gennaro and Mrs. Joseph Mattiucci, raffles.

Also, Mrs. Harold Marrazza and Mrs. Lyman Nichols, stamp books; Mrs. Edward De Barbieri and Mrs. Kenneth von Schaumburg, sweepstakes; Mrs. William Spence and Mrs. Abraham Payne, table favors; Mrs. Kearn Schemm and Mrs. Robert Violette, table prizes and Mrs. Orion Miles, treasurer.

Over 500 women attended the affair, which is the largest social and financial event of both club calendars, and vied for the raffle prizes, which included a \$200 merchandise certificate from Cashmere Boutique, a portable TV set and matched luggage.

## Brain Injured Children Aided By Nutley Juniors

The New Jersey Association for Brain Injured Children was established to aid the young who are perceptually handicapped, with medical and social research and education. They are dedicated to the goal of helping brain injured children and the Nutley Junior Woman's Club has strived this year to match that dedication.

The N.J. A.B.I.C. was chosen as a state wide project for all federated junior clubs for the 1967-1968 club year. The goal is twofold, to raise \$11,000 for the establishment of programs for preschool and young adults who are brain injured and to provide materials and assistance in existing programs.

Mrs. Bryce Strachan, state project chairman of the Nutley Juniors, announced today that in appraising the club's work she has found that "something has been done for the state project every month during the club year." She briefly summarized the monthly activities by pointing out that in June the membership voted to donate the proceeds from the fifth annual card party to the N.J.A.B.I.C. and preparations for the affair were begun.

In September, articles intended to educate the membership to the work of the association were published in the club's newsletter and lists of articles to be saved were distributed. The feature of the federation guest night, held in October, was a speaker from the N.J.A.B.I.C.

State project boasted its own special day during Nutley Woman's Clubs week, November 6-12. In December, 150 flyers

were distributed to other town organizations and individual citizens explaining the work of the association and listing items needed.

At a workshop held in January, 450 different items were made for state project including wall charts, dot to dot pictures, clocks, knit and number cards, and perception figures. The items made were delivered to the association in February and Mrs. Strachan was honored by having her picture appear in Bamberger's "Names in the News" gallery for her outstanding leadership as state project chairman.

March will see the culmination of many months of planning and working when the club hosts the fifth annual card party and fashion show at Mayfair Farms, West Orange. A representative from the New Jersey Association for Brain Injured Children will be on hand to accept a donation of the proceeds.

Mrs. Strachan will report on the activities of the club to the New Jersey State Federation of the club to the New Jersey State Federation of Women's Clubs, Junior Membership Department, during the month of April. In her report, Mrs. Strachan stated that she will emphasize what a completely gratifying undertaking this year's project has been. She concluded by saying: "When the Nutley Juniors finish their activities, we shall surely feel truly rewarded because we have invested our complete enthusiasm and devotion to the cause of aiding the unfortunate children who are brain injured."

## Miss Catherine Ragan Plans June Wedding

Mr. and Mrs. Dallas Ragan of Abingdon, Va., announce the engagement of their daughter, Nancy Catherine to Arthur N. Carlson Sr. son of Mr. and Mrs. Arthur N. Carlson Sr. of 18 Elmwood Avenue.

Miss Ragan is a graduate of Washington County Technical School and is a secretary for the Internal Revenue Service of Virginia.

Mr. Carlson is a graduate of Bethany College. He is a processing chemist for Fisher Scientific Co., Fair Lawn.

A June Wedding is planned.

## Pharmaceutical Association Plans Major Questionnaire

The New Jersey Pharmaceutical Association has mapped plans for the introduction into 200,000 homes of a questionnaire test related to National Poison Prevention Week.

In a ten question "Yes and No" test developed by the New Jersey State Department of Health, the Association sug-

gests to parents they can effectively safeguard a child's life. Andrew J. Preston, of Boonton, President of the Association, said today that "More children die from poisoning than most common rheumatic fever, poliomyelitis, diphtheria, whooping cough, and scarlet fever combined."

## WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

### Alane Schreier To Play With All State Orchestra

Alane Schreier, daughter of Mr. and Mrs. David Schreier, 133 Smallwood Ave., Belleville sophomore in Belleville Senior High School was recently chosen to play first clarinet with the New Jersey All State Orchestra. Alane competed with eleven other High School students, selected throughout the state of New Jersey. Four students were chosen to fill the

clarinet section of the orchestra.

Alane first started on the clarinet in the second grade at No. 10 School in Belleville under the direction of Mr. Frank Seelba. Since then, she has been a member of many groups: the New Jersey Symphony Preparatory Orchestra, the New Jersey Junior Symphony, the Bloomfield Civic Band, the Nutley Symphony, the 1968 North Jersey Regional Band, the 1968 New Jersey All State Symphonic Band and the 1968 New Jersey All State Orchestra.

These affiliations are in addition to playing with school bands and orchestras, as well as singing with school chorus groups, including the well known Baker's Dozen which is under the direction of Dr. Samuel Peck.

Last summer, Alane attended the Summer Music Session for High School Students at the University of Vermont and expects to return again this summer for six weeks. Alane has been studying the clarinet with Mr. William Shadel of West Paterson for the past three years and hopes to make music her career.

### Mildred Miller to Sing At Unity Concert Series

Mildred Miller is appearing on the Unity Concert Course tomorrow evening, at 8:30 in the Montclair High School Auditorium. This concert is in honor of the Montclair Centennial.

Having firmly established herself as a great prima donna, Miss Miller decided to develop another facet of her art — that of the lieder singer. She embarked on an intensive study under Lotte Lehmann. Her lieder recitals in New York have brought forth unanimous critical acclaim. The recitals have been virtually flawless. Miss Miller has one of the best mezzo-soprano voices in the business. Among her other magnificent achievements in this specialized medium are two glorious recordings with the late Bruno Walter for which she was awarded the Grand Prix du Disque. The

recordings include Mahler's "Songs of a Wayfarer" and Brahms' "Alto Rhapsody."

It is fairly common knowledge that the gulf between the opera singer extraordinary and the recitalist supreme is indeed a very wide one. Yet, Mildred Miller, who feels that it is a quite a feather in one's artistic cap to be able to do both with credibility, has made the intricate transition with remarkable skill and marked success.

Miss Miller is a graduate of the New England Conservatory of Music in Boston. In private life, she is the wife of Wesley Posvar, who is the Chancellor of the University of Pittsburgh. They have three lovely children. In addition to being a great singer, a devoted wife and mother, Mildred Miller is also an excellent cook.

CROWNED QUEEN — Miss Kathy Massa is crowned 1968 Essex County Show Queen by last year's winner, Linda Olivieri at Saturday night's fourteenth annual Snowball Dance. Both girls are members of the CYO at

St. Peter's Church, Belleville. Looking on at the left is first runner-up, Miss Marietta Cappabianca of Holy Family Church, Nutley, while second runner-up Miss Theresa Dolan of Our Lady of the Lake, Verona is at the right.

### Miss Scrudato To Wed Mr. John A. Distasio

Mr. and Mrs. Michael A. Scrudato of Van Reyper Pl. announce the engagement of their daughter, Lorraine Carla to John Arthur Distasio, son of Mr. and Mrs. Patrick J. Distasio of Division Avenue.

Miss Scrudato and Mr. Distasio are both graduates of Belleville High School.

The bride-elect is attending Timbrock College, West Paterson. Her fiancé is a student at Boston University, Boston, Massachusetts.

An August 2, 1969 date has been set for the wedding.

**IMPORTANT NEWS FOR DIABETICS**

It is possible to thoroughly sterilize an insulin syringe and its needle so there is no danger of an infection. But, you must be carefully accurate and as the hypodermic needles are re-used they can become dull, causing pain.

Disposable equipment is now perfected and if you can afford the additional cost, you can protect yourself against infection, while saving much time, and eliminate needle pain. Disposable needles alone now cost less than \$2.00 per month. The disposable insulin syringes and the needle combinations cost less than \$5.00 per month. We will be glad to show them to you.

## School 9 PTA Will Elect New Officers at Meeting

The School Number 9 Parent Teacher Association will hold its regular meeting April 9th at the school at 8 p.m. Nominations and the election of officers for 1968 - 1969 will be part of the business meeting.

The theme of the program, according to the chairman, Mrs. Daniel McCarthy, will be "Questions Parents Ask." Speakers on the panel will be Dr. Arthur Fost, Pediatrician, Mr. Nick Petti, Principal of School Nine and Detective Mike Marotti, juvenile officer.

They will speak on the health, education and welfare of grammar school children, respectively. A question period will follow.

The annual Easter flower sale will start the same evening. Many beautiful plants will be available stated Mrs. Philip De Angelis, budget and finance chairman.

President Mrs. Gus Servidio will report on the progress of the Helping Hand with Mrs. Richard Rovell, Chairman of that committee.

The public, especially parents of elementary children are welcome to attend this meeting.

## Museum Opens Bookshop

A new look in the entrance of the Newark Museum and a new concept in design and furnishing of a museum sales area was unveiled at the opening of the museum's Gallery Bookshop recently.

Designed by John Mohr, of the museum's exhibits department, the gallery is intended to serve as a sales room for the museum's publications and related art materials. Mohr has created display racks for books and prints, sales cases and cabinets in a "rugged modern" style that is highly individualistic. He is also responsible for color and lighting in the new gallery.

In addition to Newark Museum books and catalogues, many books not usually avail-

MILDRED JANZ

Now that the heating bills must be paid, summer doesn't seem so bad after all. A good neighbor knows how to live and let other people alone.

# 'Understanding Opera' Seminar Tonight

Mildred Janz, a playwright and creative writing instructor in northern New Jersey, will discuss the writer's role in the composition of opera tonight at Franklin School.

The program will be part of the Parks and Recreation Department's Thursday evening seminar "Understanding Opera." Mrs. Janz's talk will begin at 7:30 p.m. in the music room.

A former research and professional writer before her marriage, Mrs. Janz presently has a full-length play scheduled for production this fall on Broadway.

She is now at work on a

three-part novel and numerous short stories.

Her plays and folk dramas have been presented throughout New Jersey for years. Another play was produced at the "Festival of Two Worlds" in Spoleto, Italy.

Mrs. Janz won statewide recognition when her thesis 'How to Establish a Cultural Center' was accepted by the New Jersey Commission to Study the Arts.

That thesis will be published as the commission's official handbook.

### Many Misconceptions

Regarding her upcoming lecture, in Nutley, Mrs. Janz said,

Many people hold the misconception that the success of an opera depends totally upon the music. They see fit to disregard the poetry and the storyline.

"As a writer I have a vested interest in words. To me the words and the plot share equal importance to any other component in opera. Indeed, modern operas almost stress the drama before musical considerations. And who is to say that this is wrong. Opera, after all, is a music drama."

Peter A. Dvarackas, director of the Understanding Opera class, has invited the public to attend Thursday evening's lecture.

## Safety Poster Winners Get School Awards

The March meeting of School One PTA was held Thursday in the school multipurpose room. The main topic of the evening was the awarding of prizes for the Safety Poster Contest.

Gabriel, a fifth and sixth grade teacher, introduced the winners, Jean Canyon, James Cagle and Chris Velez.

James Cagle's topic was the dangers of playing in the street and not in the proper play areas.

Jean Canyon showed her poster about the school safety patrol and Chris Velez depicted the hazards of bicycle riding and brought out the safe way to ride.

All the entries were displayed about the room and all were very beautifully done. Mrs. Joseph Yochum, president, awarded the prizes to the children.

## Smith Proclaims April Cancer Control Month

The American Cancer Society under its symbol, the Sword of Hope, is a voluntary health organization fighting cancer through a program of research, education and service.

The New Jersey Division of the American Cancer Society, through volunteers in the Essex County Chapter, is carrying on a year-round effort to alert the public to the necessity of regular health checkups and at the same time helping those already stricken.

In 1966 an estimated 11,997 died of cancer in New Jersey alone.

More and more funds are needed if these programs are

to be carried out and the cause of cancer found through research.

Mayor Kenneth D. Smith of Belleville, declared the month of April Cancer Control Month in town. He urged the residents to support the Essex County Chapter, American Cancer Society, New Jersey Division, Inc., and its cancer control program through voluntary assistance and contributions.

## Family Service Bureau

There was a meeting of the advisory committee on Tuesday evening at the office of the Family Service Bureau at 234 Washington Avenue.

Mrs. Keeney, Mrs. Kropp, Mrs. Rosenberg, Mrs. Warren and Mr. Beresford attended. Cassels, the social worker and district secretary of the Belleville office, discussed the increase in the number of families in this area that are applying for counseling in various family problems, such as, marital, parent - child, personal adjustment, etc. There

has also been an increase in the amount of fees the clients are paying for these services.

In describing the professional counseling services the Agency offers, mention was made of the three general categories of brief service (one or two interviews), short term (a few months) and long term (a year or longer). The aim of counseling is to help a person look at their own role at what it is they are doing in their situation and to learn to act responsibly.

Another goal is to help a person see the alternatives they have and the consequences of each so as to be able to make a painful choice. Some looking at their situation in depth and only come to consult with the social worker on some specific point of interest or concern. Others want to know about how to cope with their concerns and how to build on their strengths.

The board was also briefed on other matters concerning local social welfare services in Belleville.

The next meeting of the ad-

visory committee will be a dinner meeting in May along with the members of the Newark Board of Family Service Bureau.

On September 17th, the plan is to use part of the meeting to discuss new membership for the Belleville Advisory Committee. Interested parties are asked to contact Cassels.

## BECK'S COLUMN

By MAX BECK

We hear occasionally from customers who did not buy a color set yet, that the price of the color picture tube is too high, if it has to be replaced.

Well, there is a change now. Magnavox announced this week that they guarantee color picture tubes now for 2 years, instead of one year.

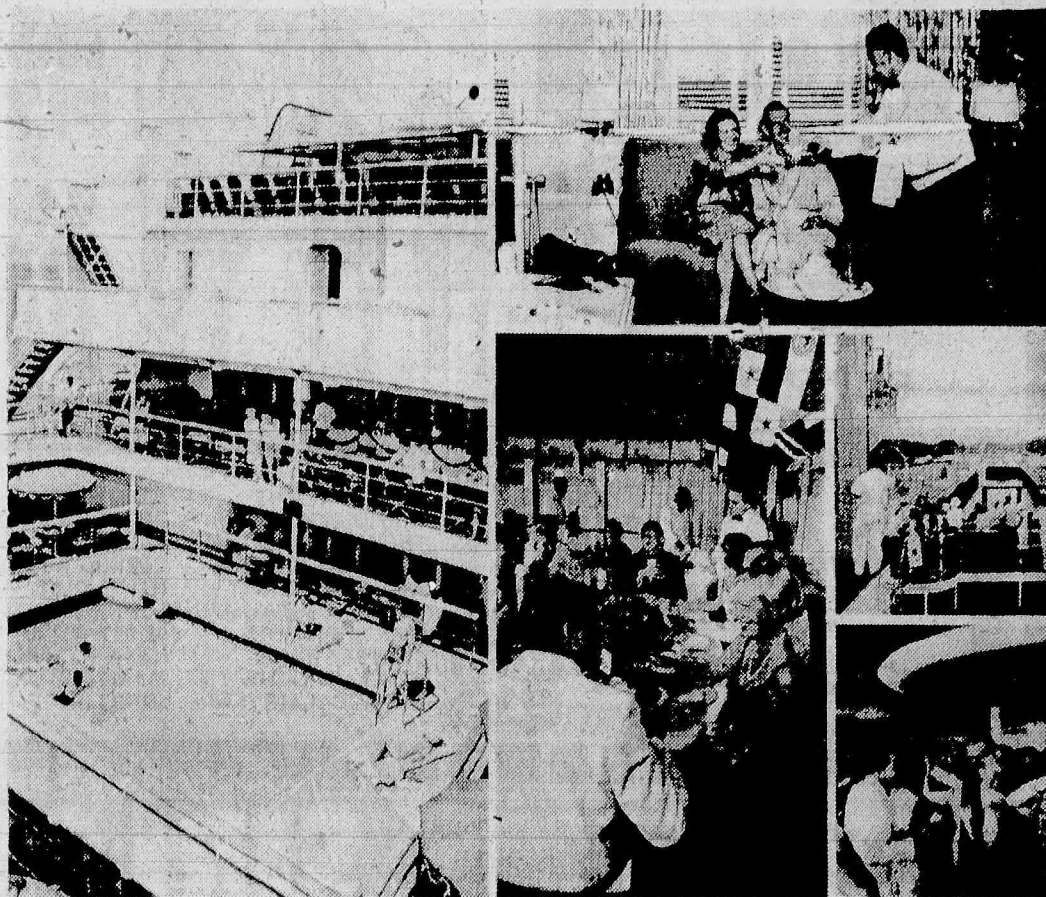

Generally speaking, color picture tubes stood up very well, much better than one originally expected, considering how complicated they are.

Most people realize that the maintenance cost of a TV set is low, considering the amount of entertainment one derives from it. And then again there are some people who think a TV set should last forever without giving any trouble and expense. This, unfortunately, is not the case. Tubes are bound to wear out. There are over 500 parts in a TV set which are subject to wear. There is bound to be a need for occasional service, this should be understood.

The greatest expense on a black and white as well as on a color TV is the picture tube. It is good news that purchasers of Magnavox sets now don't have to worry about this expenditure for 2 years.

We service what we sell.

# Belleville Girl Scouts Display Skills at Troop Get-Together

How do Girl Scouts get fires going when it rains while camping?

They go prepared with emergency fuel as members of Junior Troop 961 demonstrated at their Scout - O - Rama held at the Belleville Junior High School. Tent camping skills were explored by Cadette Troop 948 while Brownie Troops 971 and 255 made, respectively, sit-upons and dunking bags, two essential pieces for camping equipment.

Various forms of arts and

crafts were demonstrated by Brownie Troop 964 and Junior Troop 906. Members of Junior Troop 947 explored the wonders of flower making. Cadette Troop 48 made hot plates. Brownie Troop 1 were busy with book markers, and Brownie Troop 437 made coasters. Junior Troop 938 presented a booth of art foam articles.

DAVID DANIELS

In honor of St. Patrick's Day Brownie Troop 969 gave away pipe cleaner shamrocks.

Requirements for the Dabber Badge were presented by Junior Troops 321 and 326. Junior Troop 966 displayed articles sewed by their members while girls from Junior Troop 292 completed pillows as part of their Sewing Badge. The same group also displayed call attention to the booth of Brownie Troop 630.

The music field was represented by members of Cadette Troop 978 and Indian Lore was thoroughly explored by Junior Troop 954. A display on Active citizenship and panel discussions of School Codes, Daylight Saving Time and Selective Service were presented by Cadette Troop 950.

Visitors who may have become hungry during the time found their way to the booths of Brownie Troop 711 where Scouts in Action inevitably found their way to the booths

of Brownie Troop 711 where home made brownie cakes were being distributed or to the Junior Troop 591 whose members were whipping up pudding.

A presentation of the colors opened a candle lighting ceremony at 3:30 p.m. honoring our founder, Juliette Low, and in recognition of the 50th birthday of the Girl Scout movement in the United States.

A representative from each troop presented their donation

to the Juliette Low Friendship Fund which was accepted by Mrs. James Moniz on behalf of the Girl Scout Council of Greater Essex County.

The ceremony concluded with the singing of "Girl Scouts Together" and "Peace of the River" by members of the participating troops.

Visitors left with the realization that the girls are truly upholding the theme of their Scout - O - Rama — "Values to Hold—Worlds to Explore."

## Howard Savings Bank Will Pay Big Dividend

The state's largest savings bank, The Howard Savings Institution, will be paying a March 1st dividend of more than \$8.8 million, it was announced by President John W. Kress.

This will be the 307th consecutive quarterly dividend to be paid by the bank and it will be a record one, surpassing all previous dividends declared by the bank in its 110 years of operation. The dividend also brings the total paid to depositors for the last four quarterly periods to more than \$33.8 million.

"It makes economic sense," Kress said, "that an ever-growing segment of the public, especially among our young people, believe in and practice thrift. And it is becoming increasingly evident from the regularity of their deposits that the new status symbol for the growing population is the growing savings bank."

He was formerly soloist at North Reformed Church in Newark and at Munn Avenue Presbyterian Church in East Orange and at present is soloist at South Orange Methodist Church.

A member of the Paterson Opera Company, he has appeared with that group as "Samson" in "Samson," "Turna" and a "Pinkerton" in "Madame Butterfly."

offices, located in Newark, Irvington, South Orange and North Caldwell, plus our postage-free bank by mail program are all being used by thousands of our depositors.

"Despite these efforts, we are pressing for constructive banking reforms and have often voiced this urgent need for corrective legislation at Trenton. My annual report for the Institution carried these remarks: Our continued efforts to secure less restrictive banking legislation for New Jersey has not yet met with success. We are hopeful, however, that 1968 will bring favorable changes in the Branch Banking section of the Statute."

"Almost three years ago — May, 1965 — both Governor Richard J. Hughes and State Banking Commissioner Charles R. Howell recognized the importance of such legislation and asked for remedial measures that would assist the New Jersey banks in securing the business opportunities that were and still are, going to adjacent states. Despite this problem, The Howard will continue its corporate effort in serving the public with all means at its disposal."

The Howard, now the 16th largest savings bank in the United States, has assets in excess of \$840 million.

## Two Belleville Residents to Hold 'Die Fledermaus' Starring Roles

When the Essex Opera Theatre presents its Friday performance of "Die Fledermaus" at North Junior High School, Huck Road off Broad Street, Bloomfield, two Belleville residents will appear in the starring roles. An Meehan of 28 Parkview Avenue, singing the role of "Rosalinda" and David Daniels of 104 Overlook Avenue, portraying "Alfred."

Mrs. Meehan will be remembered for outstanding performances in "Naughty Marietta" and "The Merry Widow" with the Bloomfield Civic Chorus.

Last year she appeared in Montclair with the Opera Group in "Opera Scenes". She is currently active with the Amato Opera Theatre of New York recently performing leading roles in "Rigoletto" and "La Boheme". She will be seen shortly as "Michaela" in "Carmen."

While a student at the Juilliard School of Music, Mrs. Meehan appeared in numerous operas. She is a former member of the Montclair Operetta Club and the New Jersey Symphony Chorus.

Daniels, after many appearances with the Denver Civic

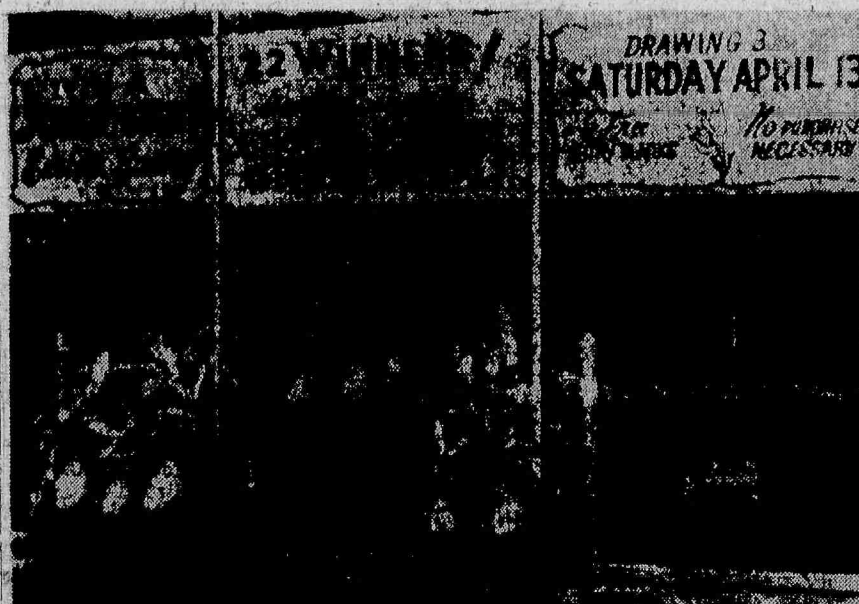

Opera, came East to appear with the Stephen Simon Group in concert work and as soloist in "St. Matthew's Passion" at Carnegie Hall under the direction of Leopold Stokowski.

He was formerly soloist at North Reformed Church in Newark and at Munn Avenue Presbyterian Church in East Orange and at present is soloist at South Orange Methodist Church.

A member of the Paterson Opera Company, he has appeared with that group as "Samson" in "Samson," "Turna" and a "Pinkerton" in "Madame Butterfly."

Let me show you how flexible life insurance really is

Why not let me show you why Metropolitan Life insurance is probably the most flexible investment you can make?

There's basic protection, of course. But there's more than that. There's the cash value that accumulates as the policy matures. And the "paid up" value.

There's the ease with which life insurance can be tied in with your retirement plans, with educational plans for your children and, in many cases, with your business or professional needs. Interested? Call me today.

## Monmouth College Athletics Head Voted 'Coach of the Year'

Monmouth College varsity basketball coach Bill Boylan has been voted the 1967-68 "Coach of the Year" for the National Association of Intercollegiate Athletics - District number 31. The announcement was made by Steve Senko, District number 31 Chairman. This marks the second time in three years that Coach Boylan has been awarded the honor. The selection is made coaches.

Senko, who is the Director of Athletics at Rutgers-Newark, in a letter of notification to Boylan said in part "As you know, the award is given not only for having a winning season. The fact that you have won the award twice in the past three seasons should be a source of lasting pride to you, your team and your college."

ME — Donald Lee Mills who wandered into Belleville briefly prepares to enter his "Me Truck", an innovation that Donald developed when he decided to travel across America and get to know the country, its people and himself. Mills plans to write a book on his experience and

dedicate it to 'Me', because in this way he feels he will "be dedicating it to everybody". The truck contains all the comforts of home and has won several prizes in Auto shows, due to its many interior and exterior improvements.

## Says ME:

# House is a Home Without Love

"Getting lost, that is the only way I usually find something . . . by getting lost."

Contrary to the statement above, the traveler who made it, Donald Lee Mills of Downey, California, is hardly lost or a member of the lost generation.

He is one of those rare individuals who feels he knows exactly where he is going, what his mission is in life and why he is here. He is doing his "thing" and as Donald sees it the word America, with the "me" in Capital letters, he is intensely and sincerely involved in the nature of his mission. The mission has led him to drive across the United States by outlining the geographic shape of America, stopping long enough to participate in various auto shows in what he terms his "ME Truck", stopping only long enough to explain his concept of "me."

According to the 29-year-old who wandered through Belleville Monday, "by getting lost" America is the most important word in the world. "This is because" of the "Me" in America," he maintains. "When you answer the phone or door and you are

asked "Who is it," you reply "It's me."

Donald's concept of the American "me" is an intricate one and was initiated in the fall of 1964 when he purchased his Chevrolet "Me" van and with the assistance of his friends made it his home. Two basic concepts went into the construction of the vehicle. Donald's idea of a home on wheels and his philosophy of the American.

The truck is presently equipped with all the comforts of home. It possesses wall-to-wall carpeting, a gas stove, a sewing machine, a sink, refrigerator, a closet, clothes hamper, desk, stereo, telephone intercom to the driver's seat, a bed, a tinted skylight, a vacuum cleaner, (a portion of

the floor in glass for those who like watching what goes by underneath), a tape recorder and a hanging ashtray.

He also possesses a hidden wall safe, "Me" hand towels, a soda bar and wall and ceilings designed in Mediterranean fashion. Fancy tan curtains and a photo of his family, the Peanuts Crew.

Stylistically, the van because of its many innovations including a flexi glass covering over his engine which enables him to spot mechanical trouble before it starts has won auto shows in over ten cities. It is presently on its way to the Teaneck Auto Show to be held this weekend.

It is the money from these shows and his occasional other jobs whenever he needs

them that enables Donald to travel so freely.

## REVIEWS

By ANN DYER

Journey Into The Whirlwind, by Eugenia Semyonovna Ginzburg. (New York: Harcourt, Brace & World, 1967).

Many volumes have been written, and more will be written, about the incredible purges of the Thirties in Russia, but none gives the atmosphere of strain and suspense better than does this volume by Eugenia Ginzburg, a teacher and intellectual who spent 18 years in Siberian prison camps.

The purges were ordered by Stalin and were a sign that he had consolidated his hold on the government apparatus.

The accusations were striking for their arbitrariness and hasty fabrication. They were for the ostensible purpose of ferreting out spies, terrorists, and "revisionists" who might damage the peoples' cause. Actually they were aimed at Stalin's enemies and those who were most intellectual in their approach to politics.

The Communist party was hit the hardest, for Party members were in the best position to challenge Stalin's power.

It is estimated that nearly twenty million people were accused and purged, in the majority of cases falsely and either executed or sent to long years of forced labor in the northern concentration camp-system which is still flourishing in Russia today.

At the height of the purge, a series of doped prisoners was exhibited to the world in an amazing display of Soviet "justice."

Among other things, the purges signified that intellectuals were no longer in control of Russia; they had now been replaced by bureaucrats and managers of the Stalinist stamp.

The atmosphere was literally stifling, as many have witnessed. Secret police cars roared along the streets, night after night. A blanket of absolute mistrust descended on the people.

Eugenia Ginzburg, who represented the Party at a textile mill, was married to a prominent Communist, member of the central executive committee.

In 1933 her time of troubles began when she was singled out for a reprimand for "insufficient vigilance" in connection with the work of one El-

vov, a writer whom she knew only slightly. From that time until 1937, when she was arrested, the Terror was with her day and night.

"Large and crowded lecture halls were turned into public confessionals. Although absolute was not at all easy to come by — expressions of contrition were more often than not rejected as 'inadequate' the torrent of confessions grew from day to day. Beating their breasts, the 'guilty' would lament that they had 'shown political shortsightedness' and 'lack of vigilance,' 'compromised with dubious elements,' 'added grist' to this or that mill, and were tainted with 'rotten liberalism.'"

After the constant fear, the arrest was almost a relief. Months in confinement, a mockery of a trial, and exile to Siberia followed. Her strength and youth saved her from the death experienced by so many, in 40° below cold, without adequate clothing or nourishment, at forced labor.

A series of striking vignettes of her fellow-prisoners make this a memorable book of personal experience.

Yet, amazingly enough, she as yet, and then, shows no doubts of the Communist Party and the rightness of its line. Nowhere is there any criticism of the one-party system, which is a standing invitation to opportunists and extremists of every kind, and whose existence made the purges and other excesses inevitable.

Russian intellectual life, once thriving, is still blighted under that system.

## Judge Edward Abromson Suffers Heart Attack, Now at Clara Maass

Judge Edward Abromson of Belleville, shortly before suffering a heart attack where he is now receiving care at Clara Maass Memorial Hospital, said the crackdown on speeders on state Highway 21 would continue.

"It will continue," he said "until these people realize we are responsible for the protection of human life."

The judge said that between 200 and 300 persons appear in his court every week for speeding violations in the thoroughfare, dubbed by residents as "death highway." There have been 15 deaths in the last year on this six-lane roadway, which stretches from Clifton to Newark, Abromson said.

In addition to revoking the licenses of motorists driving more than 60 mph on Route 21, where the speed limit is 50 mph, Abromson requires each person accused of exceeding the speed limit to appear in court.

"When a person has to sit around for several hours waiting for his case to be heard," Abromson said, "he'll have second thoughts about speeding through this area again."

**Families Wiped Out**  
"I have seen too many families wiped out because of speeding along Route 21," he said "and it is not always the

people who are killed that are responsible."

Abromson said that the highway is narrow and winding in sections and presents a danger most drivers are unaware of — jumping the center divider and crashing head-on into oncoming cars.

"Another danger is the proximity of the Passaic River to the highway," Abromson said. At least five of the 15 deaths occurred when people were unable to get out of the cars as they plunged into the river.

"I have been in contact with the State Engineering Department," Abromson said, "to see if they might be able to widen

the roadway and see that the 50 mph speed limit is clearly marked all along the highway.

Some persons seem to think they are in a 65 mph zone in Route 21."

New Jersey state troopers, who patrol the route, were cited by Abromson for "the fine job they are doing. They have done a lot by themselves to make Route 21 a safer road for all."

The judge said that in many cases the troopers and he have gone out of their way to reduce speeding charges from above 60 mph to 59 mph, so that some driver would not face the loss of their licenses.

"However," he said, "it is difficult to find an excuse for driving 67 or 68 mph and endangering the lives of everyone on the highway."

### Water Safety Conference

Assistant Secretary of the Department of Transportation, M. Cecil Mackey, was the keynote speaker of the 1968 New Jersey Water Safety Conference. Mackey, head of policy development for the department, will discuss President Johnson's proposed Recreational Boating Safety Act of 1968.

Also at the speaker's rostrum will be Captain David Oliver, Chief of the Recreational Boating Branch of the U. S. Coast Guard.

### Weiser is Assistant Head At Clara Maass Hospital

William E. Weiser, Jr. of 178 Palisades Avenue, Jersey City has been appointed Assistant Director at Clara Maass Memorial Hospital, Belleville.

A graduate of the University of Miami, Weiser did his graduate work in hospital administration at Michigan State University.

In his new capacity, Mr. Weiser will be responsible for professional services which include Laboratory, X-Ray, Central Service, Medical Records, Social Service, Dietary, Coffee Shop and Physical Medicine & Rehabilitation.

Weiser is married to the former Hazel Beatty and they have two children.

The Weisers will be residing at 7 Am Street, Verona, soon.

# Yanks Break Camp Today -- Open Season at Stadium Next Tuesday

**LEAVING FLORIDA** — Today is the last day the N.Y. Yankees will be at Fort Lauderdale (Fla.) Stadium. The team packs up late this afternoon and after three games with Pittsburgh—one at Daytona Beach and the other two in Richmond, Va. — the Yankees will be back home in New York. Outfielders Tom Tresh (left) and Joe Pepitone both say the Yanks should finish in the first division this year, "maybe not in first place, but third or fourth at least," Tresh adds.

**THE MICK** — Mickey Mantle continues to be the Yanks' big man who attracts baseball crowds to stadiums from coast to coast. He's been hitting the ball solid this spring. Shortly after this interview in the Lauderdale dugout, Mick played three innings against the League champion Red Sox last Wednesday, picking up two hits including a deep double to right field and batting in two runs. He'll be at his regular first base position next Tuesday when the Yanks open their season with the California Angels in New York.

## Yanks, Spirit Running High

There is renewed optimism and spirit in Fort Lauderdale today as the N.Y. Yankees break camp and head north for their season debut in New York next Tuesday.

Tuesday's afternoon opener will bring the California Angels to New York to begin a season that most of the Yanks believe will see the club finish back in the first division.

The comeback of Jim Bouton plus good hitting and pitching have sparked the enthusiasm at spring training this year. Several new players have surprised coaches with their performances too which has added to the overall team spirit which has prevailed in sunny Florida.

Tuesday's opener with California gets underway at 2 p.m. with plenty of good seats still available.

**GOOD REASON FOR SMILES**—Pitchers Mel Stottlemyre (left) and Jim Bouton have enjoyed good spring seasons — and for Bouton, his excellent mound performances in Florida has been the talk of the team. Arm trouble has plagued Bouton the past three years and last season, he was

sore arm this spring and has seen only limited action. "But the arm is coming along well," Al said. "I expect to be ready for the regular season." Both Howard and Downing are New Jersey residents. Howard owns the Yankee Travel Agency in Nutley.

**GREAT SHAPE** — Mickey Mantle's spring season seems to have left little doubt that the Oklahoma-born star will have another great season at Yankee Stadium. Mick, who reached the 500 homer plateau last year — will be in the starting lineup at Tuesday's Stadium opener against the Angels.

**ELSTON HOWARD** — Ellie, well-known throughout the Nutley area as president of the Yankee Travel Service, 386 Franklin Avenue, has something going for him besides catching for the Red Sox and sending people on trips around the world. His latest enterprise is the development of ringed bat-weights which he displays in this picture. Use of the bat-weight — already in use throughout the Major Leagues — enables a player to use his own individual bat for warm-ups in the on-deck circle. Elston has been an asset to the League Champion Red Sox. A lifetime .276 hitter, he managed a key two-run single in the fifth game of the World Series last fall as well as two game-winning hits in Boston's pennant drive.

FLOORED — Although kicking up for the moment, these women were all unanimous in their praise for the class sponsored by Belleville's Recreation Department. Commissioner William Cullen attended one of the first Wednesday sessions and commented that the housewives certainly showed a great deal of interest in the fitness

project. As one of the mothers stated, "At least I'm away from my husband and children for one evening." At the end of the calisthenics, the basketball and the volley ball, the same woman, observed, "you know, maybe taking care of those kids wasn't as hard as I thought." Good natured fun, however, was had by all.

Vince Strumolo Says 500 Concert Tickets Available

The "Farewell Salute" program of the New Jersey Symphony Orchestra to its retiring conductor Kenneth Schermerhorn at the Symphony Hall, Broad Street, Newark on the evening of March 23 will feature the Beethoven Ninth Symphony. Lending their efforts to the success of the occasion will be soloist Jeanine Crader, soprano; Louise Parker, contralto; Seth McCoy tenor and Ara Berian, basso. The New Jersey Symphony, directed by James R. McCarthy and the Seton Hall chorus directed by Archilles D'Amico will also lend their efforts to make the final performance of Kenneth Schermerhorn, the best.

Councilman Vincent Strumolo, Belleville Community Special Events Chairman of the

Essex County Chapter of the American Cancer Society announced to day that the Chapter has secured a block of 500 tickets to the "Farewell Salute" concert for the benefit to inaugurate the 1968 Cancer Crusade with a formal cocktail and dinner party in the Terrace Room preceding the concert. All proceeds of the party will be used for cancer research and clinical care.

The Honorable Robert B. Meyner and Mrs. Meyner will be Honorary Chairmen and Symphony Director Kenneth Schermerhorn and Mrs. Schermerhorn special guests of the benefit.

The chairman said, "The 1968 Cancer Crusade will be conducted on the 'High Note' of education. Forewarned is forearmed. The ability to recognize the early signs of cancer is the first and best weapon to defeat cancer. All those attending the dinner concert will have the satisfaction of knowing that they are aiding in the fight against cancer." Reservations can be made with the Community Chairman.

Dentists Discuss Medicaid

"The Dental Aspects of New York Medicaid" was the topic of discussion March 18 at a meeting of the Essex County Dental Society.

The session is sponsored jointly by the Alpha Omega Fraternity.

Dr. Mervin Eisenberg, president of the society, presided at the session. Dr. Ulysses Campbell was chairman of the program.

Dr. Frank R. Hopf is the featured speaker.

Freeholders to Petition State For Relief on Essex Welfare

In an effort to reduce rapidly rising costs, the Essex County Freeholders will seek Gov. Richard J. Hughes' backing for an Assembly bill which would shift more of the welfare bill to the state and save Essex taxpayers \$10 million annually.

The freeholders will ask the Governor's support through State Commissioner of Institutions and Agencies Lloyd McCorkle, who will meet with the Essex officials today at county courthouse in Newark.

The commission will be shown a comparison of welfare costs in Essex and Bergen Counties, where total population is comparable while Essex has far more persons in need of welfare assistance.

In Essex, the county share of welfare costs hit a record of more than \$19 million in 1968.

Under the present welfare formula, the counties in New Jersey share non-federal welfare costs with the state on a 50-50 basis. The legislation now pending in the assembly would share these costs on a basis of 75 per cent for the state and 25 per cent for counties.

The customs of youth and old people change with the passing years, but it is very difficult for some older people.

Statistics prove what the statistician sets out to prove. That explains the poll mistakes.

ALMOST THERE — With the floor almost at her fingertips, this woman puts a little more push into her stance. Many of the ladies had not indulged in this type of exercise for years, and they were surprised that they managed to last the session without too much trouble. Of course, there were more complaints about the three flights of steps that it took to get to the ground floor after the class than before, but almost nobody stated that they would not show up again.

"What is  
YOUR STANDARD  
for living?"

Is there a dependable guide for better living? We often follow what's "current." But what's "current" today is left behind by tomorrow — leaving us stranded on shifting sands of change. The only standard that doesn't change can make the most difference in your life. It is God's spiritual standard of excellence. "Be ye therefore perfect," Christ Jesus said, "even as your Father in heaven is perfect."

Many are finding that the Christ-standard lifts our lives to new heights: bringing improved human relationships, employment and health itself. Examples are cited in this free public lecture by Norman B. Holmes, C.S.B., of the Christian Science Board of Lectureship. All are warmly welcome.

**DOWN... BUT NOT OUT** — Most of the women, who attended the Belleville Parks Department Recreational program discovered that though the spirit was willing, the flesh was sometimes weak. Muscles, joints and tendons often failed to do the bidding of their owners and accidents such as the one above occurred. But the women took it all in good spirits and continued with the class.

**CO-ORDINATED EXERCISES?** — Confusion reigns as the women make a valiant attempt to follow the instructions of the physical fitness director of the program, Maria McCoy of Belleville. The first row is bending over backwards to comply. The second row is toeing its own mark, while the third row is not quite sure which way to bend. One of the women seems to be caught in the middle and intensely wishing she were anywhere else, preferably sitting on a comfortable, soft chair.

**ENCOURAGING WORDS** — Robert Cook, director of Belleville's Recreation Department offers some words of encouragement to a group of ladies during a brief recess. Over 59 women enrolled for the course and their basketball team has already been challenged by one from Bloomfield. The objectives of the women,

**HELPFUL HINTS** — Maria McCoy of 86 VanHouten Avenue, Belleville, hands out some pamphlets to her class supplying them with hints on keeping and remaining in shape. Miss McCoy, director of the class, is physical fitness major at Paterson State College, where she is a freshman. Her ability and agility was praised by all the members of the fitness class, as well as Commissioner Cullen, who commended her performance.

**WORKING HER WAY UP** — Having an excellent time with the schedule of exercises, this woman attempts a push-up. Her success is measured by the happy expression on her countenance and will be measured in other ways later. Of all the exercises, the push-ups were the most difficult, but every one of the ladies at least tried.

**Top Bridge Section**

Robert Crisp of 238 New Street, Belleville, and his partner, Mrs. Arthur West of Maplewood, topped their section at the American Contract Bridge League's Spring National Tournament.

The couple won in their section in the Verrazano Bridge Pairs, a single-session championship event with an entry of 1004 players.

## Allstate At \$1 Billion

Allstate Insurance Group moved into the billion-dollar sales class last year for the first time, it was reported recently by Judson B. Branch, chairman, and Arch R. Boe, president.

Premiums written for casualty and fire lines were \$1,093,278,000, up \$155,209,000 from 1966. Underwriting income was \$43,402,000 before taxes, down from \$46,466,000 for the previous year.

Premium sales of auto insurance were \$875,379,000, up \$107,813,000 over 1966, it was reported. Premiums for homeowners, fire and other non-auto lines were \$217,899,000, up \$47,396,000 over 1966.

Allstate life operations last year added \$834,000,000 to the insurance-in-force total, it was said, to bring it to \$6,009,000,000.

## Pru Still Tops Met

In a battle for first place between two insurance giants, the Metropolitan Life Insurance Co., which lost its leadership among insurance companies of the world last year to the Prudential Insurance Co. of Newark, has failed to regain the top spot despite the fact that 1967 was its best year yet for business.

The Met's annual report, made public recently, shows that its assets at the end of last year were \$24,600,589,011 or \$510,602,989 less than the

## \$25,111,192,000 in assets announced for Pru.

A year ago, Pru first surpassed the Met in assets, the difference between the two insurance giants was \$83,019,333. The Met's asset wealth rose by \$1,088,910,562 during 1967 for the largest increase in the Pru's corresponding increase was \$1,516,000,000 a record for that company.

The net rate earned on the Met investment portfolio before Federal income taxes was given as 4.89 per cent for 1967, compared with 4.77 per cent in 1966. Pru's 1967 earning rate was 5.07 per cent, as against 4.97 per cent in 1966.

## Recently Promoted

Herman V. Chelof, of 101 Continental avenue, Belleville, has been promoted from distribution foreman to distribution supervisor in the Newark Gas Distribution District of Public Service Electric and Gas Company. He started with the company in 1937 as a garage helper.

Chelof is presently a trustee of the Beach Haven West Association and is a member of the Knights of Columbus. He is also a past vice president of the St. Peters C.Y.O. and past state secretary of the Anchor Club.

## Mr. and Mrs. Chelof have two sons: Ronald and Edward, and three grandchildren.

## New Park Commissioner

Daniel M. Bernheim, Advertising Executive, of 69 Crest drive, South Orange, has been appointed by the Essex County Board of Chosen Freeholders to the post of Essex County Park Commissioner.

Mr. Bernheim succeeds the late M. Wilfred Rice of South Orange who died suddenly March 6th. Mr. Bernheim will finish the unexpired five year term of Mr. Rich through March 31, 1969.

The appointment of Mr. Bernheim was approved by Essex County Supervisor Walter C. Blasi, former trustee of South Orange, who hailed the appointment "as being in the finest tradition of the appointment of outstanding community and business leaders to this most important Commission of County Government."

## 2 ITT Promotions

The appointment of John P. Fitzpatrick as manager, Special Services, and Loren J. Kallsen as executive producer, Films and Broadcasting, was announced today by Edward R. Wallace, director of Public Relations for International Telephone and Telegraph Corporation.

Both were formerly with the News Services department where Mr. Fitzpatrick was responsible for Headquarters public relations liaison for ITT's Africa and Middle East and Financial Services divisions, and Mr. Kallsen for directing writing and production supervision of corporate films, and radio and TV scripts.

## More, More, More

The total \$186.1 billion national budget amounts to as much money to be spent in one year as was spent by all 32 Presidents from George Washington starting in 1789 through the third term of Franklin D. Roosevelt in 1942 — 153 years beginning with the Revolution through all the wars up to and including the first year of World War II. In the past eight years beginning at 100 billion dollars, spending by the Federal Government has increased to 186 billion, a rise not far from 90%.

## C. of C. Dinner-Dance

The Annual Dinner and Dance of the Belleville Chamber of Commerce, Belleville's top social event will be held at the Fountain, Saturday, May 25th . . . Aaron Cohen of Charles Jewelers, chairman of the Dinner Committee, tells us that he has some 19 tables reserved out of 25 available. The tables seat 10. If you haven't made a reservation with him, just fill in the form at the bottom of this letter and mail with check to the Chamber Office. This gala event begins with a cocktail hour at 7, dinner at 8 with dancing to follow. Firms making full table reservations will as before be recognized with a table sign.

## Durables Decline

The Commerce Department reported that new orders for durable goods declined in January after their sharp increase in December. New orders in January, on the basis of a preliminary report, were \$25.1

## billion, compared with \$26.4 billion in December. Orders for durable goods are considered a good "leading" indicator of future economic conditions. Almost half of the \$1.3 billion decline was attributed to volatile defense orders in the aerospace industry, but declines were also "significant" in fabricated metals and electrical machinery. There were smaller declines in other sectors, except for primary metals, where steel ordering kept the total from declining. Despite the January decline, the order total in January was higher than in any month of 1967 except December.

## S&L Show Firmness

Though the savings and loan industry suffered the largest January decline on record for savings deposits last month, the drop was far less than had been feared, the Federal Home Loan Bank Board reported. The Board said that the January experience was even more when adjusted for seasonal factors, and represented the first month-to-month improvement since the middle of last year. Some industry and Government officials had feared outflows much larger than the actual \$212 million in response to high interest rates elsewhere in the economy. Since January, however, some savings and loan associations have actually reduced interest rates on mortgage loans because

## they have had more money on hand than they anticipated.

## Action in Bonds

Tax-exempt industrial revenue bond financing, almost stalled since the beginning of the year, may get going again soon. Industrial revenue bonds, financing construction of plants are issued by local governments to attract industry by leasing the plants to firms. Demand for these bonds sharply declined at the end of the year because of a bill in Congress that would remove the tax-exempt status on all such issues sold after January 1, 1967.

## Wilbur Mills, chairman of the House Ways and Means Committee, said that no such legislation would come out of his Committee. Recently, however, tax-exempt bond underwriters have come up with a device known as the mandatory redemption provision that could bring industrial revenue financing back to life. Under the scheme, bondholders would have an option to sell their bonds to the corporation leasing the facilities financed with the Bonds if Congress enacts a retroactive law ending their tax-exempt status.

## The 1968 International Photography & Travel Fair will open at the New York Coliseum at 12 noon on Wednesday, April 3rd, and is expected to attract over 100,000 people during its five-day run. Many activities have been planned to make it the most exciting photo and travel show ever held. One of the main features of the Fair is the Kodak Travel Theater, a 500-seat auditorium, in which Kodak presents a super slide show "Around the World in Pictures." This program consists of a special 30 minute show which will whisk the audience on a whirlwind tour of the world.

## Annual Local Tag Drive By Cancer Relief Group

The Flo Okin Cancer Relief organization has been holding its Annual Tag Drive in Newark and the suburbs this week. Mrs. Sidney Hirschel is overall chairman of the drive and Mrs. Faye Abramson of Belleville is chairman for Belleville.

A volunteer group with a membership of 1,000 women, the Flo Okin Cancer Relief group aids individual cancer patients referred to them by doctors, clergymen, hospitals, social service organizations and individual families. They supply cobalt and X-Ray therapy and medical and nursing care.

For the past five years the group has been supporting a cancer detection program and recently dedicated the Flo Okin Tumor Clinic at Beth Israel Hospital in Newark. They also presented the clinic, a "thermograph unit," which is used primarily in the early diagnosis of breast cancer, but is also used in the diagnosis of other cancers, such as skin, obstetrical and blood vessel conditions.

The group urges the public Thermo National Industries Declares Third Annual Dividend

At a meeting in its L.R. Metal Treating Division's main offices in Newark, on February 29, 1968, the Board of Directors of Thermo National Industries, Inc. authorized declaration of a dividend of ten cents per share of outstanding common stock except where restrictions apply. The announcement was made by Frank J. Rizzo, President, and Herbert Dobkin, Vice-President.

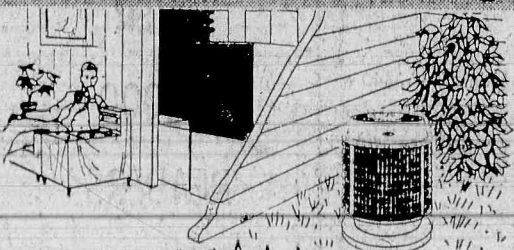

This is the third consecutive annual dividend to be declared by the company.
