Belleville Selects 'Road Scholars' To Compete in Auto Repair Contest

Belleville Senior High has picked its "road scholars."

These are the boys who will represent Belleville Senior High in the 1968 Plymouth Trouble Shooting Contest, according to Raymond O. Smith.

Competing for Belleville Senior High will be Dana Nappi and Lawrence Waldron, who will be accompanied by Henry A. Wrede, auto shop teacher, in the Trouble Shooting Contest to be held 1 p.m. May 8 at the Hinchliffe Stadium, Paterson.

Winning team in the local contest will receive a trip to Indianapolis in June to compete against leading Trouble Shooters from all parts of the country in the National Finals. Winners at Indianapolis will receive college scholarships, trophies, prizes, tools and equipment valued at \$100,000.

Diagnose Problem

Trouble Shooters compete against other teams and the clock to determine which team can most quickly and accurately locate, diagnose and repair a series of mechanical malfunctions in the ignition, fuel and starting systems in a new car.

The Trouble Shooting Contest was organized by Los Angeles Plymouth dealers in 1949 to help recruit qualified members.

Big Success

The first contest involved 50 boys from 17 schools. It was an immediate success. After a few years of local contests in Los Angeles the program spread to San Francisco and San Diego. Then the move eastward began with Detroit,

poliski, Alan De Feo, Mark Degenshein, Geneva De Noia, Jo Anne De Vona, Denise Espiritu, Ann Esposito, David Ferrughelli, Robert Forrest, Patricia Foselli, Deborah Foster, Michael Freda, Frank Furry, Franca Gabbai, Anthony Gialanella, Sharon Holbert, Shayne Howley, Nancy Ippolito, Russell Jerusik, Linda Lauser, John Longo, Jennifer Low, Valerie Mair, John Mango, Marilyn Mango, Harry Markle, Rebecca Marotti, Mary Lou Mauriello, Lynn Mc

Buffalo and Boston joining the growing list of sponsoring cities.

In 1960, there were 16 local contests. That number more than doubled the following year, with 500 schools competing in 35 contests. By 1963, there were more than 990 schools taking part in the annual contest.

In 1962, Plymouth decided to hold a national championship finals in Detroit, an event which is now an established feature of the annual competition. Last June, 92 teams representing 48 states won the right to compete for scholarships and other prizes.

Awards Given

Awards, honors and endorsements have been given to Plymouth by state and national educational organizations and national governmental agencies.

Endorsement and support have come from the American Vocational Association, Inc., the Office of Education, Department of Health, Education, and Welfare, the National Association of Secondary School Principals and the Peace Corps. Former Trouble Shooting contestants have served with the Peace Corps, teaching mechanical skills in other countries.

Citations and awards for the contest have come from the New Jersey Vocational and Arts Education Association, the Indiana Vocational and Practical Arts Association, the National Council of Local Administrators of the American Vocational Association

Helping Belleville's Undereducated

A bill to insure high school equivalency education for adults recently introduced into the New Jersey Legislature has been stalled in the Education Committee since Feb. 13th. The measure, entitled Bill A-411, would give Belleville and other school districts the opportunity to apply to the Commissioner of Education for funds to be used for the establishment and operation of programs of adult education to provide the equivalent of a high school education.

It is apparent that Bill A-411 could be of significant value in upgrading the education of the about 13,000 adults in Belleville and the more than 2,000,000 adults in the state who have not completed their high school educations.

In Essex county alone, it is estimated that over 340,000 adults or 59% of the total adult population possesses less than 12 years of schooling. In Belleville, the figure is more than 40%. Moreover both the Belleville and county figures would be larger if they included young adults between 16 and 25 years-of-age and if the 1960 census was brought up to date; since 1960 there has been a greater migration of individuals from rural areas of sister states into the town and the county.

This revelation is a distressing one, especially in a town, county and state priding themselves upon their educational standards. Its implications become more serious when the demands upon the individual are for even higher levels of education. As one educator recently stated: "94% of the jobs in the working world will soon require a high school education."

Any program that will make it possible for adults and young adults to complete their high school educations is an investment in job certainty for the future economic growth of Belleville and the state. After all, people are still our major resource in building

Belleville and New Jersey's share of the gross National product.

The occupational rationale, however, is not the only reason for deploring the plight of our undereducated adults. An informed electorate necessary to the functioning of a democratic society depends upon the education of our people to deal intelligently with the critical local, state and national issues of our times. It becomes irrefutably clear that our educational services must be conceived with a dual objective: to aid the individual in the achievement of a satisfactory relationship in the working world, and, to equip him for his role as a responsible citizen.

A high school diploma is a minimum essential for the individual in modern life and those who are lacking it are now demanding it in Belleville and throughout the state.

Yet, at present, there is no state source of financial aid for adult education at the high school equivalency level in Belleville and the state. State aid contributes only to the salary of the Belleville Director of Adult Education and federal funds, under the Basic Education program, can not be used to finance programs of instructional service beyond the eighth grade.

Thus, the total cost of the local program falls on Belleville which, conversely, is already finding itself overburdened with other education costs. There is scant hope that the need can be adequately met through this source alone.

We are hopeful that the State Education committee will quickly forward Bill A-411 to the legislators and that they will enact it into law as an effective method to aid to the Belleville Board of Education and others throughout the state in meeting the needs of our educationally disadvantaged adults. — H.F.M.

LBJ Seeks Budget Increase

The President has passed the word to leaders in Congress he would accept a reduction in his proposed record budget of eight to nine billions in return for a tax increase. It was a late surrender to the inevitable. And the gesture was received cautiously by fiscal leaders.

Meanwhile, the President has begun to tell the American people the time has come for "austerity." He has admitted "some desirable programs of lesser priority and urgency are going to have to be deferred." (Some Congressmen reacted to this belated recognition of the economic facts of life with the retort they had been telling the President that for a year or two.) The cautious reaction on Capitol

Hill is due to a suspicion by some that the President loaded his 1968-69 budget, in anticipation of cuts, before presenting it to Congress in January. Thus solons want to know how much of a real cut eight billions would represent, if whacked off the politically inspired 1968-69 budget.

Indications are that if the President would guarantee such a cut and an end to the balance of payments deficit he would get a tax increase. Only if the national budget and the international balance of payments are brought under control will the world be given, finally, a reason to hope Washington might begin to display the political courage to properly and responsibly manage its fiscal affairs.

Post Office Department Responsibility

The recent resignation of Postmaster General Lawrence O'Brien, one of the original "Irish Mafia" brought to Washington by the John F. Kennedy Administration and retained by President Lyndon Johnson, has stirred sentiment on Capitol Hill in favor of taking the politics out of the department.

For centuries the office of Postmaster General has been a political plum, often held by a friend of the President actively engaged in political maneuvers. This obviously is not conducive to efficient postal service or concentration on that goal. Shortly after O'Brien's resignation, Representative Glenn Cunningham (R-Neb.) introduced legislation in the House designed to remove politics from the department.

Congress Should Investigate TV Prices

For almost a year now the public has been waiting for the price of color television to go down.

But, curiously, color set prices have remained almost rigid. Unlike the history of black and white television, a story of declining prices as production soared and competition increased, color television prices have been maintained at high levels in recent years despite increasing production, lower unit costs. There is little justification for present price levels,

in the view of many, and little justification for the amazing similarity in minimum prices.

Estimates have been made that color sets could be profitably marketed for \$200. Since many dealers count on color maintenance contracts as much as on the profit from sales of receivers, it is puzzling that more special sales, and lower prices, are not seen. This would likely prove a fertile field for congressional investigation.

Seems Only Yesterday

ONE YEAR AGO

The Town Council ignoring the eleventh hour recommendation of Dr. Gerson L. Ram, local health officer and Thomas J. Dalton public sanitarian for the New York Health Department, voted unanimously to adopt an amendment to a sanitation code which sets guidelines for the keeping of homing and racing pigeons.

Smith introduced a resolution at the Board of Commissioners meeting which protested the passage of an assembly bill which gave Newark a preferential rate for sewer-age treatment.

15 YEARS AGO

Leroy Freeman of Newark was fined \$100 and placed on year's probation for attempting to pick up a thirteen-year-old girl. After persistent attempts on Freeman's part, the girl and her parents brought the matter to court, where they were complimented by Judge Abromson for doing so, and helping prevent the defendant from more serious crimes.

Five-year-old Billy Kent set out to see the world on foot. While his parents were frantic at his absence, he was enjoying himself in the company of William McCoy, three miles from his home. The boy admitted he was lost, and McCoy called the police, who gave the child a ride in their police car, and an ice cream cone.

Belleville Council of Women installed Mrs. Lorena Clark as its new president at the annual May 2nd meeting. Mrs. Clark had been a civic leader for many years and a guiding force in the Girl Scout and Camp Fire Girls movements.

Paul E. Earl received a grant from the National Science Foundation for graduate study at Rutgers University. The grant was for the 1963-64 school year and included complete payment of the tuition plus a stipend. Mr. Earl was a mathematics instructor at Belleville High.

The newly formed bicycle club decided on a one-mile course as their first journey. The race was to go through Belleville.

20 YEARS AGO

Harry C. Fredericks won a compensation award of \$4,125 under an order signed by Deputy Commissioner Harry H. Umberger. The money was for permanent injuries sustained while working for the Federal Shipbuilding and Drydock Co. He injured his left knee while climbing down a scaffold. The money was added to \$1700 already received as temporary disability payments.

Twenty-three-year old Warren Daniles died after collapsing while ice skating at Riviera Park Skating Rink. The cause of death could not be determined without an autopsy. He served three years in the Navy during the War.

A collection of old pictures of Belleville was displayed by the library, after being presented to it by Mrs. Charles Campbell who had been a resident of Belleville for 45 years. The pictures showed such natural phenomena as trees on Washington Avenue.

Commissioner Kenneth D.

Speak Up

Historian Suggests Pride In the History of Belleville

To The Times-News:

We have reason to be proud of Belleville's history. No place in New Jersey, remote from great battlefields, was more completely subjected to the raids of the British than that along the west side of the Passaic River. And no people more bravely and successfully defended themselves.

In 1776, the British, with a fleet of 500 ships, landed 30,000 troops in New York, holding it until 1783. Their forces had to be fed and maintained off the land. This area, because of its proximity to New York, had to stand up against constant raids and foraging parties, under the command of General Cornwallis and Sir Henry Clinton. A British newspaper, printed in New York reported, on December 29, 1777, that "there is a scouting party three times a day in

New Barbadoes Neck (Arlington); 100 of the Rebels are billeted daily at Second River (Belleville)."

Sixty-two Revolutionary officers and men, buried in our Reformed Church cemetery, bear silent — but eloquent — testimony to the price our people paid in the defense of their country.

Justifiable pride in history can help Belleville to create its well-deserved "new image." To paraphrase a popular song of a few years ago "You gotta accentuate the positive — eliminate the negative."

As Town Historian, this will be my goal.

Sincerely

Anna Crisp

Big Clothes Collection For Vietnamese Kids

Belleville Home Becomes Area UFO Headquarters

Lon Cerame, a freshman at Rutgers University, has turned his family's living room into headquarters for the National Investigations Committee on Unidentified Flying Objects.

The organization, with readily available material ranging from pamphlets to applications for membership, is only a few weeks old. It is recruiting members from communities along the eastern seaboard to help investigate reports of UFOs.

Cerame said the idea for a committee in Belleville began four weeks ago when he read books written by the director of the NICUFO, an international organization with headquarters in Van Nuys, Calif. He said he was impressed with the director's views and decided to contact him about the possibility of establishing a local committee.

It was an innocent idea," said Cerame, a business student. "I decided to write Dr.

Local Junior High School Baseball Team Scores Four Straight Victories

The Belleville Junior High School Freshman baseball team has started its season with four victories.

They defeated Myrtle Junior High in Irvington, 6-0, on opening day. Sal Mineo was the winning pitcher as he picked up 15 strikeouts and Charley Ziegler's 3-run home run was the highlight of the game.

The second game was against Nutley. John Moraski was the winning pitcher as the frosh romped 7-3. The ninth graders started with four runs in the first, added another in the fourth inning, and two more in the fifth inning when the game was called because of a curfew in Nutley.

On April 18th, the frosh really went on a batting spree and scored 14 runs on nineteen hits including a triple and a three run home by Ron Muscara. Again Mineo was the winning pitcher allowing only four runs to be scored by Essex Catholic.

On the 22nd the freshmen toppled East Orange. John Moraski collected 13 strikeouts on the way to his second win. The game was a 2-2 deadlock until the last inning. Moraski was walked as he led off.

John stole second base just before Tony Brave popped out to the 3rd baseman. Charley Ziegler then doubled John in and Joe Papisidero homered clearing the bases. Rich Della Terza was up next. He doubled stole third and scored as the throw went over the third baseman's head. Muscara and Caravetta then both made out ending the inning for the Bellboys. Moraski finished off the E.O. nine as he let up a single, struck out the next batter, got the third to force out the first and got the fourth to fly out, ending the game 6-2.

either keep them, send them to the NICUFO in California or to the University of Colorado, home of the Air Force-sponsored UFO Project.

Cerame's interest in UFOs didn't just happen. He said he has been involved in them since his early school days in Belleville. He said he only regrets that during that time he has only had one firsthand experience with them and that one occurred about 10 years ago when he and a group of friends were walking near his home at 77 Gless Ave. and saw what appeared to be a red ball traveling northerly overhead.

Newark YMCA Begins Daily Jogging Sessions

A physical fitness appraisal clinic will be held by the Y.M. YWCA of Newark which serves Belleville residents and Vicinity's Downtown Branch on Wednesday, at the branch, 600 Broad Street, Newark.

The program of testing, for which appointments should be made in advance, takes about one hour and will be in progress from 11 a.m. to 7 p.m.

The thorough, scientific evaluation of physical fitness including tests for strength, endurance, lung capacity, heart response to exercise, flexibility and weight analysis will help an individual identify his specific fitness needs. Each man and woman enrolling will later receive a personal interview with a staff member who will review the

results of the evaluation and devise a personalized program. A free retest will be

given in the fall for all who take the tests.

Robert Rule, director of health and physical education, has announced that emphasis is not on "passing" or on "failing." It is an evaluation. Those taking the tests should wear gym clothes.

The Newark "Y" serves Belleville residents.

Bank to Get Centrex Telephone System

National Newark & Essex Bank recently became the first bank in New Jersey to inaugurate the "Centrex" system of direct telephone dialing.

The new telephone procedure, planned and installed by N. J. Bell Telephone Co., permits callers to place calls directly to the National Newark & Essex departments without transmitting the calls through the master switchboard. The system avoids delays that sometimes occur during peak telephone traffic periods.

Belleville Students Serve As Librarians for a Day

Three Belleville High students spent last Wednesday as "Librarians For a Day" at the Belleville Public Library. The event was one of a number of activities by which the local library marked National Library Week, April 21-27.

Josette Marcelli, senior; Lisa Doeffinger and Charles Messina, juniors were selected for

the honor from among the high school library council members.

The days activities for Josette, Lisa and Charles began with a visit to the Silver Lake Branch library and observation of the Pre-school Story Hour. Following lunch and discussion of librarianship as a career with Mrs. Rose Marie LiBrizzi, Senior Librarian, the students saw a slide presentation of the range of library services. They then toured the Main Library to get a privileged view of the inner workings of the library.

All three students were enthusiastic in their endorsement of the "Librarian For a Day" program which, according to Ben Grimm, Library Director, is likely to become an annual National Library Week event.

When you leave details to others you must learn to forget them as fast as they do.

By the way, what was the name of the last sensible book you read?

Belleville Baseball Team's Chances for State Honors Enhanced by Recent Winning Streak

After getting off to a slow start of two wins and four losses, the Varsity Baseball team came back with two straight wins to even their record at 4-4. These victories came at the expense of Columbia and Orange by the similar scores of 4-2.

Victory over Columbia

The victory over Columbia did not come easily as they entered the sixth, Jim Bailey and Tony Cervasio singled and Don Boyce reached first on an error to load the bases. After Joe Vitiello singled in Bailey, Coach Travers tried a suicide squeeze with Bob Ciallella up at bat. This resulted in Cervasio scoring on a wild pitch. Trying the same play again, the catcher interfered

with Ciallella sending him to first and scoring Boyce. Carl Corino tried to bunt to Vitiello, but he was tagged out at the plate.

The final run scored when Ciallella tried to steal third and the catcher threw the ball into the field, sending him in. Returning home to face Orange, Belleville once again had to come back to win the game. After a solo homer in the first by Orange's Dwight Mitchell, Belleville scored three runs on a homer by Don Boyce.

In the eighth inning Mitchell hit another homer to make the score 3-2. Belleville clinched the game in the 8th on a base on balls and a stolen base by Rich Hartunian, followed by a Dennis Biondi hit to score the

run. Despite the 2 home runs Rich Schulz pitched a fine game fanning 13 and walking none.

Continuing their homestand, Belleville extended their winning streak to three games by shutting out Irvington 70. The Bellboys collected eight hits as sophomore Ted Del Guercio pitched a two hit, five inning performance.

"Belleville's first tally came in the second inning on a walk to Carl Corino, a single by Dennis Biondi, and walks to Bob Baumgartner and Ted Del Guercio, forcing in Corino.

Their second run was scored in the third on a Don Boyce single and Joe Vitiello ground-out, moving Boyce to second. Corino then pinched a shot into right scoring Boyce.

Double Play

Bob Ciallella led off the fourth with a single to right. Bob Baumgartner walked and Ted Del Guercio reached first on a fielder's choice. After a strike out, Greg Kastowicz singled in Ciallella and Baumgartner, before a double play ended the inning.

In the fifth Belleville once again went on the attack this time for three runs.

After Vitiello walked and stole second, Corino sacrificed him to second.

Then the teams leading batter Dennis Biondi (.364) collected his second hit of the

day to drive in Vitiello. This was followed by a Bob Ciallella triple which scored Biondi. Baumgartner kept the rally alive, by knocking in Ciallella, before the final out.

Bob Giordano came into the

game to relieve Del Guercio, and allow only one hit. This victory gives Belleville a 5-4 record and a good chance to gain a berth in the State Tournament which begins in May.

Duffy is Freshman At Graham College

A grateful Electric Glassheat user says:

"If you notice the temperature you have the wrong heater"

BETTER SWITCH TO GLASSHEAT

"IT'S A COMFORTABLE HEAT
that Glassheat gives—never too hot, never too cold," he continued. "So comfortable in fact you never notice the temperature at all. Regardless of the weather it feels like a sunny day indoors. Imagine—every room sunshine warm all winter long. No drafts, no cold corners, just comfort!"

No wonder Electric Glassheat reminds you of sunshine. It is the only heating system that warms with healthful radiant electric rays exactly like the rays of the sun. And this is true throughout the house for every room has its own money-saving thermostat and heating unit.

You can regulate the temperature of each room exactly as you want it, one quite warm, another cooler. And if a room is unoccupied, turn back the thermostat, close the door and save money!

IT'S HEALTHFUL HEAT TOO!
"We had fewer colds last winter and everyone felt fine" says an owner in Caldwell. This is a common report from owners because Electric Glassheat has no flame to burn up the life giving oxygen or produce toxic fumes. And the sunshine rays of Glassheat not only produce an even temperature but maintain humidity at the level doctors recommend for good health.

SAVE CLEANING TIME AND MONEY
"No soot, no smoke, no grime. Glassheat is wonderful," writes another user. "Have never seen anything so clean. Saves me hours I used to spend cleaning and painting."

Another says "In 16 years the only room we have had to do over is the kitchen. No need to repaint the other rooms or dry clean our drapes. And our venetian blinds still look fresh and new. That's why so many owners say, 'Install Electric Glassheat and take it easy.'"

SAFE! Electric Glassheat is absolutely fire-safe and can't overheat. No fumes to worry about, and even accidental contact can't cause blistering.

Electric Glassheat is as silent as sunshine and as pleasant, for there are no moving parts. Saves space too for the area usually used by radiators, furnaces and flues is yours for extra living space.

SAVE MONEY ON HEAT! People admit that Electric Glassheat is tops for comfortable heating. But some feel that it is so ideal it might be too expensive. This is not true—as you will see from these letters describing Glassheat's economy.

One writes, "We installed Glassheat for its greater comfort with the hope that it would be reasonably economical to operate. So we were not prepared for our very low annual heating bills. And since

we can now take advantage of the special low heating rate, we save money on our regular current too. And there are no maintenance charges. It all adds up to better heat for less money.

"Though we added two extra rooms" says another owner, "my heating bill is only \$175. A pleasant surprise and we have never been so comfortable."

That's the Electric Glassheat story. People install it because of its many advantages—then are delighted to find it is an economy as well.

WHY PAY MORE FOR LESS?
Does Electric Glassheat sound luxurious? It is in every respect but cost. If you would like to know what Electric Glassheat will do for the health, comfort and welfare of your family—and how little it will cost, send the coupon, or phone.

REVIEWS

By ANN DYER
Drink To Yesterday By Manning Coles. (New York: W. W. Norton & Co., Inc., 1967).

This classic of spy fiction proved to be so popular that it has been re-issued. When first printed it drew critical cheers because of its terseness and authenticity of atmosphere.

Alvin W. Outcalt

And also because its chief character, Thomas Elphinstone Hambledon, is "the brightest creation of modern espionage fiction" in the words of one critic.

The story introduced Michael Kingston of Chappell's School, who finally finds it impossible to keep himself out of the war. His youth prevents him from regular enlistment so he changes his identity to "William Saunders" and joins a Hampshire regiment.

Thanks to a tour of interrogation duty, he is finally placed in intelligence work.

Once again a change of identity. Now Bill Saunders of the Hampshire becomes Dirk Brandt from Lichtenburg. Present address: Cologne, where he is visiting an uncle in business. The "uncle" turns out to be the unstoppable Hambledon, the youth's mentor in his intelligence career.

The question for the pair is, what happened to a famous British agent, last known in the vicinity of Cologne?

Dirk meets an agent of the German Imperial government, Max Von Bodenheim, and manages to ingratiate himself. The German becomes convinced that Dirk wants nothing so much as to fight for the greater glory of Germany. Dirk begins to pick up pieces of information, including the fact that the agent they were seeking was ambushed and killed by Von Bodenheim himself.

Dirk's new assignment is to

The Belleville Times, Belleville, N.J., Thursday, May 2, 1968

return to England and learn anything possible about counter measures against the new German submarine attacks.

As a sideline, the pair tracks down and kills a professor of medicine who has discovered a new method of germ warfare against England.

With as little remorse as the enemy shows, they dispose of the old man and, later, another German agent, Bill's original contact.

A hasty marriage barely permits the young man any feeling for his bride. The special strains of life as an agent give him a harder and more mature character, as it were, overnight.

The ending of this book will probably surprise you!

Manning Coles was the pen-name of a man - and woman writing team, Cyril Coles and Adelaide Manning. Coles was a British agent who joined the Service in World War I as its youngest officer. He continued to serve for more than 40 years. The fictional character of Hambledon was modeled after one of his schoolteachers who was killed in the fighting. Adelaide Manning was the writer half of this successful team.

Strumolo Releases Public Affairs Agenda for May

Commissioner Vincent T. Strumolo announced this week that the Department of Public Affairs will conduct a Free anti-rabies vaccination clinic.

Strumolo stressed "rabies is a preventable disease spread to humans by contact with dogs, cats, bats or other warm-blooded animals. Rabies is caused by a virus which is carried in the saliva of the infected animal and goes into the bitten person, causing serious illness."

"Protect yourself, your family and your pets. Please have your dog vaccinated on May 17, from 6:30 p. m. to 8:30 p. m. and May 18, from 9 a. m. to 1 p. m. at the Belleville Health Department, 64 Belleville Avenue. All dogs must be accompanied by an adult," Strumolo said.

The clinic will be conducted by Dr. J. Richard Bevinetto, local Health Officer; Herbert J. Mercurio, sanitary inspector; and Sheldon Padwee, D. V. M., veterinarian.

Strumolo also reminded residents of this week's spring clean up drive.

Strumolo announced that spring cleanup week will begin Monday and will carry through May 11 on regular garbage collection days.

"Now is the time for all citizens to clean out their cellars, yards, garages and attics," Strumolo advised.

He recommended that all unwanted items be placed at the curb the evening before regular garbage collection pick up days.

"We hope that Belleville residents will make clean-up week a family project and take advantage of the opportunity to clean their homes and grounds of unwanted items."

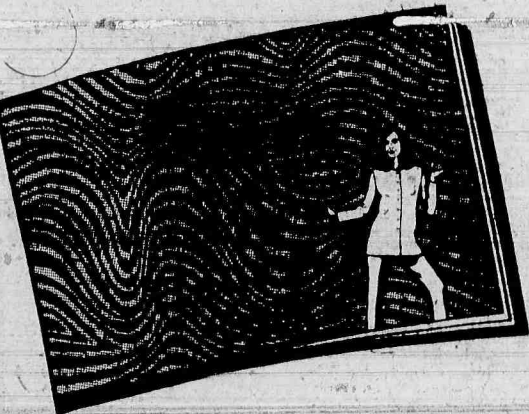

The following objects will be carted off by your garbage collector "as long as the debris does not weigh more than 300 pounds," Strumolo said.

The list includes building materials such as wallpaper and plaster, fixtures, plumbing and refrigerators, lumber that does not exceed four feet in length and is tied in bundles, furniture, waste paper, cans, bottles, crockery, glass, glassware crates, rags, cartons and boxes.

A BELLEVILLE WRESTLER — Nick DeDomenic, right, was one of three wrestlers from the University of Massachusetts who won New England Wrestling Championships. All three won first places in the NEIWA tournament held at the Coast Guard Academy.

1968 Fencing Championships Involve Belleville Sportswomen

There was great action and great suspense as Belleville's girls competed for the Recreation Department Girls Fencing Championships. As usual the girls conducted themselves as true sportswomen. Holly Hauber, last year's Senior Champion, voluntarily refrained from competing this year in order to offer younger girls a chance.

Fencing Master Walter Hauber placed the girls in two groups this year according to experience so the old Senior-Junior categories do not apply. In group "A" were the girls who have fenced in previous tournaments while group "B" was composed of girls fencing in their first tournament. Both tournaments were elimination contests.

A most interesting side light in the tournament was the presence of three sisters in the "B" division: Joan Buckland went to the quarter-final by defeating Clair Morano 4-0, Rosemary Buckland did the same by defeating Amy Out-

cott 4-1 and Joyce Buckland squeaked by Donna Stone 4-3 to also make the quarter-finals.

The other quarter-finalists were Barbara Mueller by virtue of a close 4-3 win over Jennine Cannavina. In the quarter-finals Joan Buckland defeated Barbara Mueller 4-3, Joyce Buckland defeated her sister Rosemary 4-3 and Amy Vecchione defeated Diane Frazier, also 4-3.

Joan and Joyce Buckland were pitted against each other in the semi-finals with Joan winning a very close, hard fought match 4-3. However in the final Joan bowed to Amy Vecchione 4-1. So Amy Vecchione is the 1967-8 Champion and Joan Buckland is the runner-up.

In the "A" division Mary Jo Dillon won in the quarter-finals 4-1 over Beverly Wanch, Susan Morano won 4-2 over last year's Junior Champ Erin Carr, Ann Maloney won 4-1 over Martha Weiss, Robin Knott won 4-0 over Cynthia

Fabian and Candy Ehler took a bye.

The semi-final winners were Robin Knott 4-2 over Mary Jo Dillon, Susan Morano 4-0 over Ann Maloney and Robin Knott 4-2 over Candy Ehler. Susan Morano then emerged the Champion by defeating Robin Knott.

Officiating thru the tournaments was under the direction of Walter Hauber and the assistant instructor Angela Cuozzo.

Susan Frank Extends Vocal Tour of Area

Ronny Fragner is the leader of the Jersey Travelers.

People who shout about individual rights often forget that the Constitution talks about the general welfare.

Ron Barley On College Golf Team

The Seton Hall University golf team under Coach Nick Menza has tied a school record by opening the season with six straight victories. Ron Barley of Belleville is on the team.

Barring a sudden downturn, the Pirates will establish their first winning record since 1957 with nine matches left.

A combination of three veterans and three sophomores has led to the one of the best Pirate golf teams in history in Coach Nick Menza's sixth year at the helm.

A big impetus has been given by soph Bob Issler of Kenilworth, state school champion at Springfield High. Bob, son of Al, former all - stater in football and baseball at Hillside High, pitched for the frosh team with a 3-0 record last spring but decided to concentrate on golf this year.

Playing three is Keith Reester of Maine, N.Y. who has a 4-2 record. In his victories the former track standout, until he suffered a leg injury, has had winning cards of 78-76-82-86.

Jim Belliveau of Watchung, N.J., has taken over the sixth spot. Rounding out the squad are John Primavera of Madison, Al Carroccia of Bound Brook, and Jay Grochmal from Livingston High, now a resident of Baltimore.

Register Now For Belleville Golf Tournament

Belleville's golfers are drawing their sights on the many prizes to be offered at the Second Annual Belleville Golf Tournament to be held at Forest Hill Field Club on June 24th.

In addition to Jim DePiro's defense of his Tournament Championship won last year at Florham Park, John Marotti will be trying to repeat his championship performance in the Town Employees Division. Harry Conway will carry out the defense of his Tournament Low Net Championship and Vinnie Mastachio will put his Town Employees Low Net Championship on the block.

All citizens of Belleville are cordially invited to take part in this golfing event with its many, many prizes and its guaranty of a great day. After the golfing there will again be a delicious full course dinner and awards presentation. Applications may be obtained at the office of the Town Clerk or at the Recreation Office. If it is more convenient applicants may phone the Recreation Office and the appli-

had cards of 84-80-80-79-79 and 78.

Soph Ron Bailey of Belleville has taken over the sixth spot. Rounding out the squad are John Primavera of Madison, Al Carroccia of Bound Brook, and Jay Grochmal from Livingston High, now a resident of Baltimore.

CONCERT BAND — Students respond to the direction of Robert Wing, as he puts the BHS Concert Band through the paces of various musical arrangements. Because of the constant rehearsal the youngsters surprised everyone with professionalism of their performance, both at Walter Reed Hospital and the Azalea Festival Parade in Norfolk, Virginia.

BECK'S COLUMN

By MAX BECK

Some time ago we wrote about the confusion existing in the tape recorder market, and we hoped that some day there will be a machine available that will play all systems.

Presently there are about 4 different speeds used, there are so-called reel to reel, cartridge and cassette type units on the market.

For the best musical reproduction the reel to reel type, without doubt, is far superior than other systems. Unfortunately it is quite a bit more cumbersome to handle than the other types.

The cartridge and cassette type tape recorders have a unit that snaps in the apparatus and do not need any manual threading as the reel to reel type players.

The consensus of opinion, in the trade, is that all these diverse systems can not co-exist forever. In time the public will show a definite preference, and undesirable systems will be dropped.

It appears that the reel to reel system will continue to be used by people who demand good tone quality and who want to make their own recordings.

One manufacturer announced a gadget which allegedly makes it possible to combine at least 2 systems, which would be some progress. Under the circumstances, one should not spend too much money for a cartridge or cassette type record player. Either one may be obsolete sooner or later.

We service what we sell.

Fashions, Fads and Phones...

WHAT NEXT— Betty Johnson, librarian, seems to be pondering what to do with the profusion of phones that are lining one of the library's tables. Miss Johnson is responsible for the smooth functioning of the programs that are presented to the mothers. Mrs. Vincent Librizzi, children's librarian, advocated having the guest speakers

as a means of occupying mothers, while their children are engaged in the pre-school program. Benjamin Grimm is the head of the Belleville Public Library. Throughout the year, the Belleville Library has presented a wide variety of interesting discussions to the women.

NATURAL POSES—Experimenting with different styles of phones, these women relax as they pretend to use the demonstration phones. Obviously the ones they possess at home are more functional and have seen more

use. From left to right the women are: Mrs. Carol Bonavita of 53 Garden Avenue; Mrs. Carol Passarella of Reservoir Place; Mrs. Patricia Roos of 7 Bremond Street; and Mrs. Jude Gerhauser of 58 Smith Street.

PHONE DISPLAY — Joann Scowcroft, public relations assistant for New Jersey Bell Telephone, Newark, explained recently the changing fads and styles of the telephone. She concluded that the more styles change the more they stay the same, as the basic theories behind the operation of the telephone have never been altered. They have only improved with the passage of time, as all

things must. The discussion and display was given at the Belleville Public Library to the mothers of children in the pre-school program.

Leonard Ronco, 73; Belleville Shoemaker

Leonard P. Ronco, 73, of 194 Washington Avenue died April 26 at Clara Maass Memorial Hospital.

For 34 years he operated a shoe repair shop at his home address, retiring in 1960. Born in Italy, he came here over 50 years ago from his place of birth.

Survivors include his wife, the former Sepontina Stango; two sons, Arthur M. of Northport, LI, and Leonard D. of Newark; two daughters, Mrs. Josephine DeCarli and Mrs. Adele Young of Edison Township; three brothers, Philip of Bangor, Pennsylvania, Alfonse

and Joseph of Italy; two sisters, Mrs. Judith Romano of Pennsylvania and Rose of Italy, and nine grandchildren.

The funeral was held April 29 from the DeCapua Funeral Home, 289 Mount Prospect Newark. It was followed by a 10 a. m. High Requiem Mass in St. Peter's Church, Belleville. Interment was at Holy Cross Cemetery.

Every man, woman and child should continue to study throughout life; there is no saturation point for knowledge.

Nutrition Council Will Celebrate Special Month

Under the stimulus of the New Jersey Nutrition Council and with the endorsement of Gov. Richard J. Hughes, who issued a proclamation, May will be observed in New Jersey as Nutrition Month.

In his proclamation, Gov. Hughes said the availability of a food supply which is safe, of high nutritive quality, attractive, varied, and convenient does not automatically ensure good nutrition; and limited income, fad diets, pills and elixirs compound the problem of good nutrition.

AAA MEMBERS OF THE N. J. AUTO CLUB: STAY COOL

Your Club is in a proxy contest. An opposition group wants to defeat your Club trustees in the annual election May 7. Why? To re-hire the former general manager, who was discharged by the trustees for just cause.

The opposition entered the contest without once having asked to look at Club records for the facts. The opposition support began making serious and misleading accusations without one opposition candidate having asked Club management for its side of the issue.

Your Club trustees will not debate accusations by the opposition in public and risk damaging the Club or embarrassing the members through a heated, public controversy.

But your trustees will shortly take those accusations to the courts, where they belong. Further, your Club has sent each of the 41,000 members a confidential four-page document. It completely and factually discusses the entire matter.

Stay cool. But be sure to vote. The opposition sent members a green proxy. If, through confusion, you mailed it in, you can revoke that proxy by signing and returning the one below to AAA, 32 Park Place, Newark, N. J. You must do so now.

All prior proxies are revoked and all that said attorneys or substitute may lawfully do by virtue hereof is ratified.

Rodino Introduces Riot Insurance Legislation
Rep. Peter W. Rodino (D-10th District) announced today that he has introduced legislation designed to assist in meeting the mounting insurance crisis in our Nation's cities. The Newark Congressman explained that the bill would provide relief to the inner-city property holder who now finds it increasingly more difficult to obtain regular insurance coverage — if indeed he is able to secure any protection at all.

Peace on earth will be maintained by the nation, or group of nations, willing and able to fight for peace.

TWIRLERS WITH A FLAIR — Obviously enjoying performing, these young ladies are dancing and whirling with vigor to the "The Gillette Look Sharp March." From left to right they are: Ellen Azevedo, Darleen Sawicki, Roseann Lembo, Jean Tremel, Joy Ross and Sue Dougher.

The BHS band was accompanied by Robert Wing, band director, and other chaperones. Part of the weekend tour was visits to some of Washington, D. C.'s and Virginia's more historic sites, such as the Kennedy grave.

Flower Photography Will Highlight New Discussion

The art of flower photography will be discussed Sunday, May 5, at the New York Botanical Garden by expert photographers from Life, Look, Popular Photography and the New York Times and New York Post.

Open to the public free of charge, the program, which is sponsored by Popular Photography magazine, will begin at 2:30 p.m. in the Museum Building. After the illustrated talks and panel discussion Walter Singer, official photographer for the Botanical Garden, will conduct a photographic tour of the garden pointing out floral highlights.

KIDS — Daria Cali and Joann Romano sing "Kids" from the hit Broadway musical "Bye, Bye Birdie". They were part of the show given by the youngsters from Belleville High School. The song itself, laments the fate of an over wild young generation, but if the students from Belleville High are any example the parents have nothing to worry about.

Alan and John Prieto Win Award for Toy Design

Honored for designing an original model from Tinkertoys are Alan and John Prieto, youthful residents of 136 Belmoor Street, Belleville, New Jersey.

The award, a Junior Engineer Certificate from the Top Tinkers, division of A. G. Spalding & Bros., Inc., reads: "In recognition of creative imagination, ingenuity and skill, the Toy Tinkers offers this certificate as evidence of this achievement."

Along with the certificate, the lads received news that the model automatically will be entered in the 1968 Scholarship Award Program to find the most imaginative creation of the year.

Each of the fifty state finalists, to be selected at the close of the 1968 program, will receive a handsome-mounted, personally engraved wall plaque. From the state finalists, one national winner will be chosen. Awards for the na-

tional winner, the Toy Tinker of the Year, include a \$1,000 Savings Bond Scholarship and an expense paid trip to New York for both the winner and his or her parents.

Judging of all models is on the basis of imaginativeness and creativity of design. The awards program, now in its fourth year, is in keeping with our line of creative and fun toys, says R. A. Christofferson, president of Toy Tinkers.

4-H Leadership Program Teen Training Ground

Scholarships worth \$8,000 will be awarded again this year by The Sears - Roebuck Foundation to 12 of the national 4-H Leadership program award winners, and will be guests of the Foundation at the National 4-H Congress held in Chicago the first week in December.

Learning how to be a leader is an opportunity 4-H offers any youngster who is willing to assume responsibilities and has the time to carry them out.

DIRECTOR — Robert Wing, Belleville's band director, puts his charges through the paces of various complex musical arrangements during a recent Washington performance. One of the reasons, the group was so admired was the hard work and contestant diligence accorded to the band's rehearsals by the students and their leader.

William Dwyer On Dean's List

William G. Dwyer of 40 Essex Street, Belleville, has been named to the dean's list at Boston College, Chestnut Hill, Mass. Dwyer is a member of the class of 1969 at the college.

No man knows as much as he thinks he knows and few are as ignorant as they think.

Never expect good luck to make up for loafing.

JERRY CASCIANO

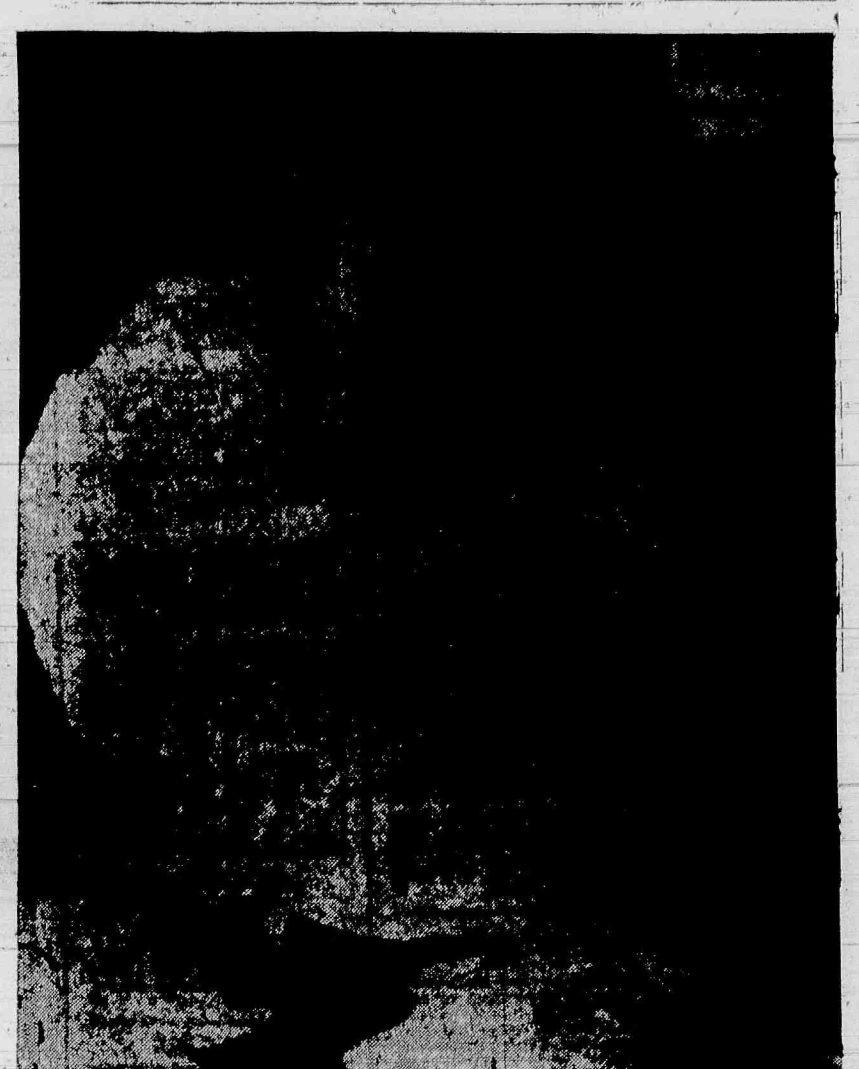

Says: "Nobody, but nobody can beat my deal on a NEW '68 PONTIAC!"

648 BLOOMFIELD AVENUE
BLOOMFIELD 748-0025

ARRIVAL AT HOSPITAL — Encumbered with baggage, but looking carefree and happy, are Belleville's lively young musicians. Pictured from left to right they are: Roseann Lembo, Ed Kennedy, Mary Ciali, and Jim Soldo. Members of Belleville High School band, they are arriving at the Red Cross Building of Walter Reed Army Hospital, Washington, D. C. Both the performance and the behavior of these representatives of Belleville's youth won the admiration and respect of the hospital officials and patients.

CENTERED — Jeanette Luty seems amused by the encircling fringes of her costume. Part of the program was rehearsed musical numbers and dances from Broadway shows, concert renditions of the more famous composers and marching tunes.

Business Briefs

By JOE STICCO and JACK GUREWITZ

PS Files Petition
Public Service Electric and Gas Company today (April 22) filed a petition with the Board of Public Utility Commissioners of the State of New Jersey for authority to issue and sell \$75,000,000 principal amount of its First and Refunding Mortgage Bonds, to be dated June 1, 1968 and to mature June 1, 1998. It is planned to sell the Bonds in the latter part of June at competitive bidding.

The proceeds from the sale will be added to the general funds of the Company and will be used by it for its general corporate purposes, including the payment at maturity on July 1, 1968 of \$10,000,000 of its 3 1/2 percent First and Refunding Mortgage Bonds, the payment of a portion of the cost of its current construction program, and the payment before maturity of a portion of unsecured short-term bank loans that have been or may be incurred prior to the sale of the Bonds.

Sales Conference Begins
Over 500 New Jersey Realtors, brokers and real estate sales personnel attended the New Jersey Association of Real Estate Boards' Spring

Sales Conference here at the Hotel Berkeley - Carteret, Asbury Park. Donald G. Lockward, Realtor, Verona, Chairman of the NJAREB Sales Conference Committee presented a well-balanced program built around the theme, "How's Your Sales Pressure?"

The morning sessions featured the following speakers and topics: Marjorie Graser, Realtor, Mt. Holly — "TIME IS MONEY"

Louis H. Meyer, Realtor, Mortgage bank president — "MONEY 1968 STYLE."

Nick Minaya, noted speaker — "THE KEY TO SUCCESSFUL SELLING."

The highlight of the day was the afternoon program with a demonstration of an on-line computer by Jack Jominy, Executive Vice President, Western Wayne County Board of Realtors, Michigan.

Merger Agreement
Supermarkets General Corporation announced that the merger of Genung's Incorporated into a wholly owned subsidiary of Supermarkets General Corporation, became effective April 22, 1968. The bus-

iness and operation of Genung's Inc. will be carried on by a subsidiary of Supermarkets General Corp., under the Genung's management and name.

In accordance with the merger agreement, each share of common stock of Genung's Inc. has been converted into half share of a new series of \$1.30 Cumulative Convertible Preferred Stock of Supermarkets General Corporation, which has been listed for trading on the American Stock exchange.

Public Relations Program
Keyes, Martin Agency has been retained by American Aluminum Company of Mount-ain, to handle its advertising, sales promotion and public relations programs.

The announcement was made jointly by Charles Hunter, national sales manager for American Aluminum, and Gerald M. Lowery, vice president of Keyes - Martin.

American Aluminum, a leading aluminum fabricator for industry, plans an expanded advertising schedule in electronics, industrial and purchasing publications.

Public Service Report

Diversification of industry is the keynote of the 1967 annual report of Public Service Electric and Gas Company which has just been released to stockholders.

"The upward surge in all phases of our business is the result of many factors, including the inherent characteristics of our territory," according to Watson F. Tait Jr., chairman of the Board, and Edwin H. Snyder, president. "Perhaps chief among these is the diversified nature of industry and business in our service area."

A number of new records were set by the company in 1967. Total operating revenues were \$596,905,758, a new high and a 6 per cent increase over the 1966 total, which was \$561,445,899.

Electric sales to customers were 20,287,572,999 kilowatt-hours, the greatest on record and an increase of 5 per cent over 1966. An all-time electric peak of 4,308,000 kilowatts was reached on June 16, 1967.

Sales of gas to customers reached 1,508,240,938 therms, a new high and an increase of 10 per cent over 1966. A record day's sendout of gas, 9,319,843 therms, occurred on February 7, 1967. This record was beaten on January 8, 1968, when a new daily high of 11,126,795 therms was reached. The average temperature was 8 degrees on that date.

Operating expenses for 1967 totaled \$471,327,272, an increase of \$27,720,939, or 6 per cent, over 1966. Electric operating expenses were substantially higher partly because of the need to meet summer peak loads with an unusually low margin of reserved generating capacity. This resulted from construction delays, which required the company and other members of the Pennsylvania - New Jersey - Maryland Interconnection to arrange to purchase additional capacity from other systems at relatively high costs. Expenses also increased because of the large quantities of electric and

gas sold, higher unit costs for coal and oil; higher wages and pension funding costs and increased charges for depreciation, offset in part by lower unit costs for natural gas.

To serve the growing demand for the company's services, Public Service is carrying forward by far the largest construction program it has ever had, the annual report points out. Construction expenditures in 1967 were \$198,000,000; and to provide funds, issues of \$75,000,000 of mortgage bonds and \$25,000,000 of preferred stock were sold at the higher interest and dividend rates paid in over 40 years.

Forecasts indicate that the expenditures will continue for several years at least. The major projects of the construction program include two nine-month coal-fired and one nuclear generating station in Pennsylvania and another nuclear plant in New Jersey, together with the extra high voltage (ehv) transmission lines required to bring the power to load centers in the area served. The many problems arising in obtaining sites, construction licenses and rights-of-way and the actual construction work are making it increasingly difficult to complete these capacity additions when needed.

Revenues for the company's subsidiary, Public Service Coordinated Transport, totaled \$68,910,204, an increase of one per cent over 1966. Net income was \$1,791,135, or 3 per cent more than the previous year, principally as a result of non-recurring items, such as the receipt of \$750,000 upon termination of a lease and \$83,000 net gain on sales of property.

Highway fatalities are increasing but this won't persuade anyone that the next accident victim may be him or her.
