Commissioner Reviews Her First Year In Office

By MARY V. SENATORE
On July 7, 1968, I will have served one year on the Board of Commissioners of our Town. You, the Citizens of Belleville will have witnessed one year of Commission Form of Government and for the first time in many years, there has been no unnecessary waste of tax monies on Special Elections.

END OF THE YEAR — Commissioner Mary V. Senatore is all smiles as she reflects on her first year in office as a public servant.

Tannen Shoes Right Fit For Twenty Years Now

Mr. and Mrs. Lou Tannen, owners of the popular Shoe Shop at 141 Washington Avenue, Belleville, are now enjoying their twentieth anniversary in the area.

Tannen's which, in terms of stock, is the town's largest footwear specialist, started as a children's shoe store named Jack and Jill. After seven years in business the store was converted to a family shoe shop carrying merchandise for all ages.

Fourth Of July Celebration Scheduled

Fireworks, Big Circus Set To Go

Pyrotechnics and a nine act circus will highlight 1968 Fourth of July festivities in Belleville.

Robert Cook, Superintendent of Recreation, has announced the day's schedule of events:

10 a.m. — Youngsters Field Day. At the Stadium. Track and Field Events for boys and girls. Midgets 6-8; Juniors 9-11; Seniors 12-14. (a special 100 yd - dash allows older boys). Field events include: sack, obstacle, three-legged and potato races; a tug-of-war.

2 p.m. — Legion Baseball. Nutley vs. Belleville at the Park Oval.

Evening. At the Stadium:

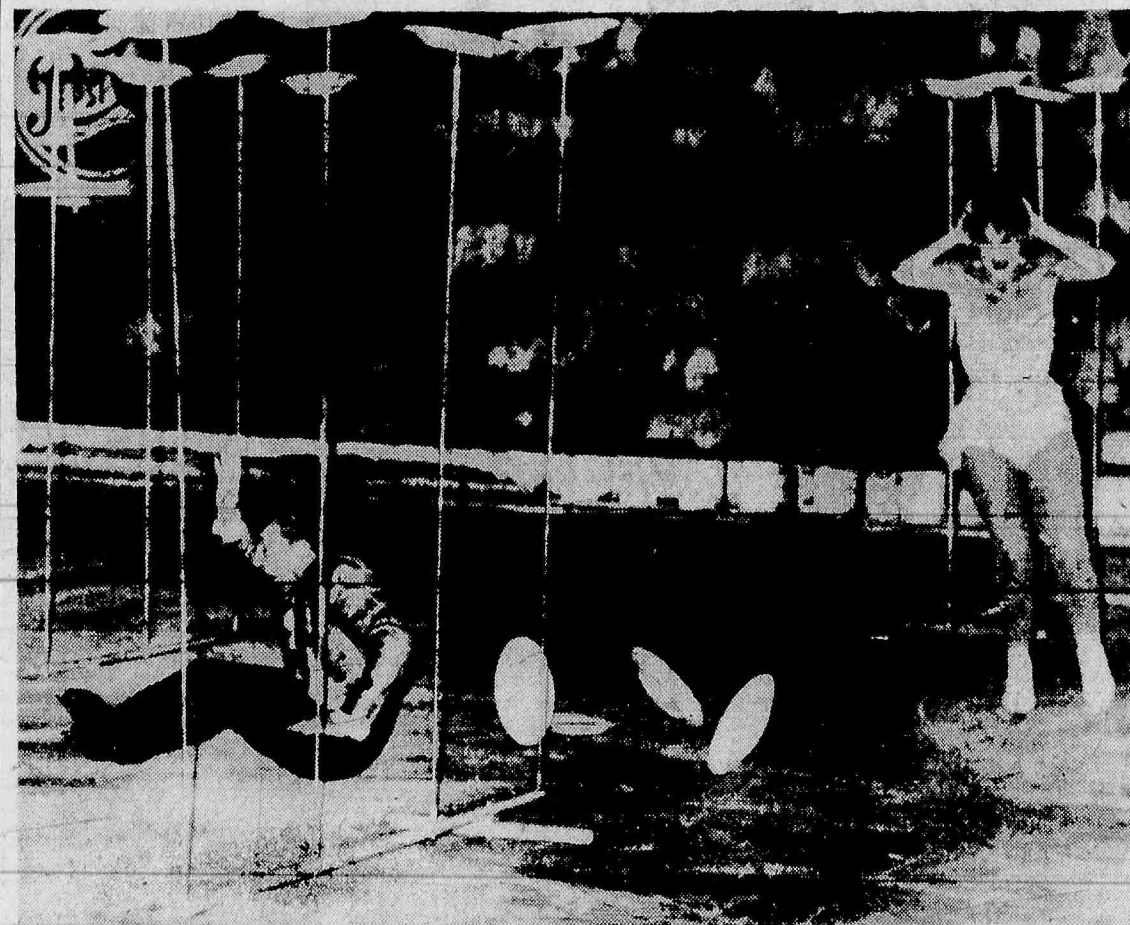

6:55 p.m. — Retreat of Colors. Ceremony conducted by Belleville Veterans and Auxiliary organizations.

7 p.m. — Invocation by Monsignor Hourihan.

7:15 p.m. — Nine Act Circus.

8:30 p.m. — Presentation of Citizen of the Year Award by the Colony Club.

9:00 p.m. — Fireworks Display.

I'D RATHER EAT OUT — Doing the dishes was never this tough. The Borjevas, a comedy act with dinner plates, will appear at the Belleville Independence Day Circus. The Borjevas usually dine with paper plates.

Anthony Imperiale Urges Support Of Local Police

ANTHONY IMPERIALE — gesticulates during talk in Belleville last week.

First In A Series

Nothing To Fear In Revaluation, States Tax Assessor P. Torre

"Assessment is merely to make an equalization, so each taxpayer will pay his fair share toward taxes. That's the main purpose of any equalization or appraisal program." With these words, Belleville Tax Assessor Peter Torre Jr. hoped to ease any misgivings citizens may have about the revaluation work underway in town.

The last assessment was in 1956 for 1957. Belleville has been directed, against the wishes of the town fathers, to, at its own cost, revalue all real property. The decision, by New Jersey's Superior Court makes it mandatory that the work be placed on the 1969 tax rolls which have to be filed by January 10. The cost to Belleville will be \$93,000, the lowest solicited bid.

The equalization table for 1957 listed real property value (not including personal property) for Belleville at \$121,750,563. The revaluation is necessary again, because the Essex County Board of Taxation has assigned a real property ratio of 77.51 per cent to Belleville, and the court decision invokes a 100 per cent evaluation.

The significance of the ruling is that as a test case it to direct a municipality to conduct a survey if needed (if property value figures are (Continued on Page 2)

Advocates Attendance At Town Meetings

Last Friday at the Elks Lodge, Anthony Imperiale told eager Belleville listeners that he'd bet the "rioting radicals" would come to Nutley before their town.

Speaking to a gathering of over 300, he renewed his attack on Nutley's Mayor Harry Chenoweth. "I won't be a bit surprised if Nutley's next; it's easy to get by him. I don't think he has any guts."

Pleading for citizens to "support your police," Imperiale again stated he was not a racist. "I've been crucified by the press. A white radical can't be forgiven, he a racist. A Negro can, because he's underprivileged. Our patrols are for black and white."

Imperiale also reiterated his claim that his North Ward Citizens Committee is not a paramilitary organization, as Governor Hughes has labeled it. "I'm for the new paramilitary law, only it should have been more forceful."

The corpulent activist, attacked politicians who sit by and do nothing because they're afraid (though he himself plans to run for councilman at large in Newark.) "It starts with filthy literature circulating in the schools. It's happening in Nutley now. It started this way in Newark. They pass literature, like how to make a Molotov cocktail then they have small demonstrations, then it's 'Give me what I want baby.' All this and no comment from the politicians."

disgusting things I've ever seen on the streets. Many students go to college just to stay out of the draft. Doesn't liberty and service of your country come under rights?" He then attacked Governor Hughes for permitting such an outrage.

Police Dogs
Imperiale is in favor of the police having dogs, and refutes arguments that they would be used to attack Negroes. "A dog's color blind, he can't determine race."

He also wished to clear up an accusation against him. "I've been accused of cursing to a nun. Never, as God is my judge did I. Yes, I told a priest who got outta hand I'd punch him in the nose."

Imperiale alluded to an incident in Belleville recently that "a lot of you probably don't even know about."

St. Peter's Pilgrimage To Europe

Reverend Francis A. Ignacino and 110 persons are on a pilgrimage from Saint Peter's Parish, Belleville, to Saint Peter's, Rome.

The group attended a special Mass at Saint Peter's Church, Belleville, June 21, and then left for Kennedy Airport to fly to Europe.

In addition to Rome, the group will visit Lisbon and Fatima in Portugal; Geneva, Switzerland and Killarney, Ireland.

It is expected that the group will be received in audience by His Holiness, Pope Paul VI. Father Ignacino will be assisted on the pilgrimage by Reverend James F. Heavey and Reverend Richard J. Groncki all of Saint Peter's, Belleville.

The pilgrimage serves as a climax to the Year of Faith (Continued on Page 3)

College Grads Report Due

The Belleville Times is presently assembling material and collecting information for a special College Commencement report to be published later this month. The difficulty in preparing commencement releases arises from the fact that the material arrives, often in duplicate, from parents as well as the college public relations offices.

Sometimes, information received is incomplete. Photographs of the graduates are solicited when not submitted.

The Times is setting Thursday noon, July 11, as the deadline for receiving college commencement information and photographs. We will be unable to guarantee publication of commencement material arriving after the July 11 deadline.

Public School Teacher Leo W. Hood Is Retiring

LEO W. HOOD

Leo W. Hood, 158 Academy Street, has retired from the Belleville School System after 32 years of service.

Born at 52 Cortlandt Street, he's lived here all his life. Hood attended St. Peter's School up to the seventh grade and finished his grammar school days at Bayley Hall (Seton Hall).

He received his B.A. from Seton Hall in 1928, and was a member of the track team and glee club. His master's was earned at Montclair State in 1947.

Hood, 62, was employed in town as playground director. He started Camp Carragher. As a student in college he voluntarily coached School 7.

(Continued On Page 2)

Commission Vetoes Library Expansion

Plans to buy land to expand Belleville's public library ran into a legal snag last week as the town commission killed a \$45,000 appropriation for the project.

The action came after a legal opinion from Town Attorney Nicholas Amato that the library board was premature in paying over a \$1,000 down payment on a \$5,000 option to buy the land on Washington Avenue.

Amato said the library board should first have obtained the permission of the commission.

A commission spokesman said the option had run out June 1. Total purchase price of the land originally was set at \$40,000 — under the option.

In other action, the De Camp Bus Line filed a petition for a fare increase. The line serves the town along Belleville Avenue, carrying passengers to Bloomfield, Kearny and New York.

Also, bids were accepted for General Electric radio equipment for the department of public works trucks and turned over to Mary V. Senatore, director of the department, for study.

Land Use Plan Is Approved

The Belleville Planning Board last week approved the controversial land use section of the town's master plan and then adjourned for the summer.

The plan, criticized by residents at two public hearings as not representing what they want, is one of three sections of the master plan. The other two sections are expected to be reviewed by the board in the fall. Public hearings will be held.

Meanwhile, the Belleville Valley Association, which had

asked the board to delay its decision for further review, said it would hold an executive meeting to determine what action might be taken.

Plan Protests

Two public hearings were held on the plan. One, Jan. 25, was attended by more than 1,000 persons, who sharply attacked the plan, because they felt it would mean construction of high-rise apartments in the Silver Lake section and expansion of industry in the Valley section.

The planning board introduced a revised land use plan on May 23 at a public hearing, but more than 100 persons walked out of the meeting claiming they had not had enough notice of the meeting or time to study the new plan.

The revised plan returned the present zoning but rather Lake and Valley sections to their present status. But residents said they did not want the present zoning but rather zoning which realistically reflects the residential and industrial areas of the town as they now exist.

The Valley Association has also requested the commissioners to appoint Valley residents to the Planning Board and the Board of Adjustment, claiming they do not have adequate representation on these boards.

Edward Gray Finishes Armor Training Course

Major Edward R. Gray, assigned to the 2093d Dayton U.S. Army Reserve School completed his annual two weeks of active duty training serving as a student in the Armor Officer Career Course, Fort Knox, Ky.

Major Gray, presently resides with his wife Marjory at 163 W. 9th Avenue, Roselle. His parents, Mr. and Mrs. Samuel Gray, reside at 342 Little St., Belleville.

He is currently employed as an insurance agent by the John Hancock Insurance Company, Elizabeth.

TAX MAN — Peter A. Torre Jr., Belleville's tax-assessor, explains the nuances of the revaluation program.

Belleville Revaluation Program Progressing Nicely Says Torre

(Continued from Page 1)

set a precedent. The county board now has the legal right out of date) at its expense. This way, if a neighbor has added extra rooms, etc., he will have to pay for them commensurate to the increase in the value of his home, thereby setting up an equitably distributed tax burden. Revaluation puts each property in town in perspective with other properties.

"Whether it will mean an increase in taxes depends on the town budget," noted Torre, but he advised there is no cause for alarm. "I just want the citizens to make sure the right people get in to inspect their homes." Authorized representatives of the Realty Appraisal Company, West New York, will have a letter of

identification bearing his signature, countersigned by Mayor Smith and attested by the town clerk. "No law says the taxpayer has to let him in," says Torre "but the appraiser will make every attempt, then, by law, he can use the highest value he sees as proper and fair for the property."

McNish Serves At Headquarters

Marine Corporal Paul McNish, 20, son of Mr. and Mrs. John J. McNish of 40 Dawson Street, is serving with Headquarters Battalion, Fire Marine Division, in Danang, Vietnam.

As a member of the Battalion he helps exercise control of, and provide administrative support to, units of the division. He helps provide communication facilities, and religious and security services to the Division.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

DeLuca Aboard USS Barney

Fire Control Technician Third Class Gerard De Luca, USN, 21, son of Mr. and Mrs. Charles De Luca of 30 Meacham Street, is serving aboard the guided missile destroyer USS Barney in the Mediterranean.

Leo Hood Retires After 32 Years Of Teaching

(Continued from Page 1) baseball team and was a substitute teacher at the high school.

He coached School 10's basketball team and acted as assistant roundball coach at Belleville High School, where he taught from 1936-1942. Hood served in the Army from 1942 through '47. He then taught at School 9, before

transferring to No. 1 in 1948. During his tenure at No. 1, he coached baseball and basketball. The 1956 basketball squad compiled a 16-0 mark. "I leave many pleasant memories," says Hood. "Especially of all my kids, some who have become my bosses (one a member of the board of education; another his principal).

"As a farewell note, may I say thanks all of you kids for giving me many happy memories."

Seats Available for All Performances at Arts Center

The Garden State Arts Center may be a "box-office smash," but tickets in all seating areas of the spacious amphitheater are available for every single nightly performance.

The sell-out of classical subscriptions and cut-off of such season orders for the popular series as well have apparently created the picture of "sitting room only" on the surrounding lawn each night. youngsters to visit the area in Netcong, N. J. Applications are now available to interested boys and girls and these forms must be completed and returned to the playground directors not later than Monday, July 8th in order to be eligible to attend.

BOOK OF THE MONTH

It's no mystery and it's no fiction, but it's the most popular book in Belleville. It's the book that says "This is your life," and gives you a quick look into a bright and happy future. It's the book that you write yourself and DeWitt pays you to do it with big generous dividends... not once... not twice... but four times each year.

Your savings and dividends when left on deposit are compounded quarterly. And as an added bonus, funds deposited by the 10th of the month earn dividends from the first. And for added security your account is insured up to \$15,000.00 by an agency of the Federal Government.

Start writing your book today... it's for a great cause... your future!

WINNING HIS INDEPENDENCE — Frank Steffanelli, 59 Malone Avenue, receives a \$50 Savings Bond from Patrick Lee, new county American Legion commander, after his name was drawn in the DeWitt Savings Independence Day Contest.

DeWitt Announces Winners Of Independence Day Contest

In a colorful ceremony at De Witt Savings June 24, four winners of the Association's Independence Day Contest were drawn from the flag-decked Independence Box in the lobby.

Patrick J. Lee of Belleville, Past Commander of Belleville Post 106, and newly elected Commander of the Essex County American Legion, officiated at the drawing. Assisting was John P. Dailey, DeWitt President, and a life member of Post 105.

First prize was a \$50 Series E U.S. Government Bond awarded to Frank Steffanelli of 59 Malone Ave., Belleville. Three prizes of \$25 bonds were also given out. Winners were Mark Mc Ateer of 27 Ridge St., Orange, Diana Kuziupa of 4 Henkele St., Belleville, and Marie Biasin of 122 Malone Ave., Belleville.

Mass interest was displayed by students of Belleville grade and high schools, according to Robert M. Williams, Executive Vice President of De Witt. Announcements of the contest were made throughout the school system and boys and girls were quick to respond, requesting copies of the Declaration of Independence and contest entry blanks. In addition to students, hundreds of Belleville citizens as well as residents of adjacent communities, entered the contest. Williams stated that 194 people who entered the contest had the correct answers.

Contestants had to detect two errors in the manuscript of the Declaration of Independence. Parchment copies of the original, suitable for framing, were given each entrant.

During the contest all the feminine employees of DeWitt were gaily decked out in attractive straw hats with red, white and blue hat bands, while De Witt men wore flag boutonnieres to celebrate the occasion.

Dailey stated that the contest was eminently successful in drawing interest to our nation's first document. Almost 4,000 copies were given out, many of which will be framed in school rooms and in private homes. A few copies are still available according to Dailey.

on Radio Equipment for our water, sewer and clean up trucks so each working crew may be reached quickly, thus resulting in faster service for the public.

For the future, many more ways and means of services are being exploited, by myself and the various department heads, to help give you, the Taxpayer, the services you deserve, and keep restoring the image of our town.

As I enter into my second year as Director of Public Works, I would like to sum up this yearly report by saying I am proud of the accomplishments and cooperation shown by my employees of my department, of my fellow Commissioners, as I have enjoyed a favorable and friendly relationship with honor, and respect. Also my sincere appreciation to the many organizations, the other departments directed by each of the Commissioners and the many functions too numerous to mention, of which I participated and enjoyed.

A year ago, as I campaigned for a Better Belleville I announced and pledged an Open Door Office and Home Policy. I will and as I have in the past year, give the taxpayers a Full Time Time Service. I shall continue in the future to pledge my continuous service and cooperation, with the help of God, to all sections and persons of Belleville. I shall pursue all my efforts as Director to make Belleville a Better Town for mine and yours.

European Trip For St. Peter's

(Continued from Page 1)
devotions at the Belleville Parish. His Holiness, Pope Paul VI last June 29 proclaimed the Year of Faith to commemorate the nineteen hundredth anniversary of the martyrdom of Saints Peter and Paul.

Auxiliary Bishop Joseph A. Costello, Pastor of Saint Peter's, Belleville, announced last year that devotions at Saint Peter's would be centered on the theme of the Year of Faith and would conclude with a pilgrimage to Saint Peter's, Rome.

Bishop Costello said the 110 pilgrims represented the priests, religious sisters and laity of Saint Peter's, Belleville and would be an expression of the love, loyalty and docility of the people of Saint Peter's to His Holiness, Pope Paul VI, the Vicar of Christ and the Successor of Saint Peter.

People only get old; life is continually new and full of change.

July 4th — Independence Day

Richard Henry Lee of Virginia offered a resolution in the Continental Congress in 1776 which was to have worldwide repercussions for centuries thereafter, the resolution stating that "these United Colonies are, and of right ought to be, free and independent."

This resolution was adopted by the Congress on July 2nd, 1776, and John Adams of Massachusetts guessed wrong when he wrote his wife:

"The Second of July, 1776, will be the most memorable epic in the history of America. I am apt to believe that it will be celebrated by succeeding generations as the great anniversary festival. It ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty . . . You think me transported with enthusiasm, but I am not. I am well aware of the toil and blood and treasure that it will cost us to maintain this declaration and support and defend these States . . ."

Interestingly, Congress adopted another resolution on the 4th explaining its reasons for declaring independence, and justifying the action, and this is the resolution which we now celebrate on the 4th. This resolution was drafted by Thomas Jefferson, chairman of the committee, and Benjamin Franklin, John Adams, Roger Sherman and Robert Livingston.

A mass meeting in Philadelphia in Independence Square celebrated the declarations on July 8th, 1776 — and heard them read by John Nixon. General George Washington, on the 9th, included the declaration in general orders to the army, stating:

"The several brigades are to be drawn up this evening on their respective parades at six o'clock, when the declaration of Congress, showing the grounds and reasons for this measure, is to be read in an audible voice. The general hopes this important event will serve as fresh incentive to every officer and soldier to act with fidelity and courage, as knowing now that the peace and safety of his country depends, under God, solely on the success of our arms . . ."

Seven years of war followed and, after the capital, Philadelphia and many other cities in northern and southern states had been occupied and burned by the British, Washington finally overcame his British foe with the help of a French fleet (France was at war with Britain) and independence was secured.

The declaration of the 4th is now recognized by historical scholars as one of the humanitarian documents of all time and ranks with Magna Carta as one of free man's most awesome achievements.

Humphrey Leads in Polls

The latest Gallup Poll indicates Vice President Hubert Humphrey is now the favorite to win November's presidential election — against either Richard Nixon or Governor Nelson Rockefeller. It is the first time Humphrey has received such high public opinion approval in a major poll.

The latest poll was conducted, at least in part, after the assassination of Senator Robert Kennedy. The one prior to it showed both Nixon and Rockefeller leading the Vice President. But the most current poll gives Humphrey a 42 to 36 per cent edge over Nixon and a 39-36 edge over Rockefeller. Former Alabama Gov-

ernor George Wallace draws a bit better in a Humphrey-Rockefeller race, getting 17 per cent, compared to 14 in a Nixon-Humphrey test.

What had been considered a Humphrey handicap — his weakness in the polls — has apparently turned into a strength asset since he began campaigning and this, added to the removal from the scene of his chief rival for the Democratic nomination, make it more and more likely the November contest will be a Humphrey-Nixon contest, with Humphrey the poll-rated favorite. The election is determined by electoral votes, however, and many feel the current trend in American politics favors Nixon.

Toy Guns Help Distort History

In the wake of the assassination of Dr. Martin Luther King and Senator Robert Kennedy a number of recent reactions which could lead to national de-emphasis on our cowboy and violence-filled heritage are being taken.

The latest significant omen was the announcement by Sears Roebuck that it would no longer advertise and promote the sale of firearms, ammunition and toy guns. Other firms have announced they were halting such sales. Mail-order sales of guns and ammunition had been halted altogether by Sears and several other major houses earlier.

Gun control legislation recently passed by Congress and a national awakening on the subject of television

violence and the growing crime rate in the United States indicate the day may not be far away when youngsters will no longer play so much shoot-em-up.

Instead of portraying cowboys who do a lot of killing in a stupid and lawless primitive society as heroes, it would seem we could focus the attention of our young people on a more meaningful and morally worthwhile interpretation of U.S. history. Actually, the last four hundred years in America have produced much of great interest, historically, but most of this story has been overlooked because film producers discovered that violent tales of the "wild west" were money-making properties.

The Fighting in Vietnam Today

The news from Vietnam in recent weeks has been grim whatever measurement is used. In the most important, fatalities and casualties, more Americans have been dying than ever before in the long and bitter war.

In the area of countryside pacification, progress has almost been at a standstill and in certain areas the enemy has gained ground. In the cities, including the capital, chaos and destruction has increased. U.S. bases have suffered extensive damage as the enemy employs six-foot rockets which can be fired from considerable distances.

Although there have been reports

Monday Holidays Are Coming

One bill passed by this session of Congress certain to affect most Americans is that establishing five Monday holidays. The idea is to provide workers with long weekends by always observing four traditional holidays on Mondays.

The bill also establishes a new holiday, Columbus Day. The four holidays which would, beginning in 1971, always fall on Mondays are Washington's Birthday, Memorial Day and Columbus Day. (Labor Day already is observed on Mondays.)

Washington's Birthday would be observed on the third Monday in Feb-

ruary, Memorial Day on the last Monday in May, Veterans Day on the fourth Monday in October and Columbus Day on the second Monday in October.

The bill enacted by Congress covers only federal employees but states usually conform to the same pattern and, because time is needed for the various state legislatures to act, Congress specified that the new holiday system would not begin until 1971.

If you can survive for another two and a half years, then, and are still working, you'll get an extra holiday in 1971 — plus three more three-day holiday weekends.

Eclipsed

Seems Only Yesterday

1 YEAR AGO

Belleville's Town Commission was expected to discontinue the local Alcoholic Beverage Commission after a scandal erupted involving former state senator C. Robert Sarcone. The town commission said that they were seeking to halt further embarrassment to Belleville.

Mrs. Thomas McCool, a Board of Education trustee, did not want to extend over 7½ thousand dollars to Harry, Rich Affiliates to install sound absorbing material in the high school gymnasium. Mrs. McCool said that Alfonso Alvarez the architect, agreed verbally to take care of the acoustics. Mrs. McCool wanted to take this problem to court and sue the architect for the costs of installation; however, Max Schwartz, board attorney, said that such litigation would not be of any avail.

5 YEARS AGO

Frank Spotts, principal of the James G. Shawger School was entered in the WABC Principal of the year Contest by the students, parents and teachers of Belleville. About one million votes were sent in which showed the great love and interest which the student body and population had for Mr. Spotts as their leader.

Belleville was the only town in Essex County without a planning board.

Belleville police were really sizzling as they answered calls turned in about fire hydrants unlawfully opened along Newark Avenue. The neighborhood youth in an effort to fight one hundred degree weather removed the caps, managing to allow the waste of 200,000 gallons of water a day. The police received so many calls that instead of reporting them individually, they made it one mass entry in the record.

10 YEARS AGO

Mayor Isadore J. Padula told The Times today that he would continue efforts to have the Essex County Park Commission establish a park along the Third River, south of Jorammon Street, back of Franklin Avenue.

The Steering Committee of the Board of Trustees of the Belleville Community Chest met at School Three with agencies of Health and Welfare to discuss the proposed United Fund Drive.

The Belleville Council of Churches announced plans for another Daily Vacation Bible School.

15 YEARS AGO

About 311 adults and 150 children attended the outing of the James J. Tully Association at Doers Grove in Millburn. Besides eating, and good fellowship, there was a program for the children and a rolling pin throwing contest; a potato spoon race for the women and a baseball game for the married men and those who wished they weren't.

20 YEARS AGO

The Political Education League of Essex County proposed to hold a series of High Cost of Living meetings in Belleville and other communities in the county during the following four months to which the housewives of Belleville were invited.

Summer hours for the baby Keep Well in Belleville were announced and went into effect July first. Hours were from 11 to 12 and were held at School 2 Tuesday, school 4 Thursday, and School 3 and Town Hall Wednesday.

When asked what she would rather do than what she planned on the fourth Fern Dennison said that she would like to leave for Montreal.

Work Toward Lessening Hatreds And Frustrations

To The Times:

When the Far East Network announced that Robert Kennedy was dead, I stared at the now familiar harbor of Sasebo, Japan, wanting to call out across thousands of miles of land and sea "What is happening to my country?" It is a question many are asking now, but Americans in foreign countries ask it, I think, with a special pain. I came to Sasebo to be with my husband while he serves as medical officer aboard the USS Ajax. My family, who all live in Nutley, worry about our welfare and safety because we are so far from home. But it is the violence at home that should concern them and all Americans.

It is inevitable that Robert Kennedy will be grouped as a martyr with Martin Luther King and John F. Kennedy because of the brutal, utterly tragic way he died. But let no one say he gave his life for his country. His life, as were the lives of those other two great men, was stolen, destroyed by the mindless violence that people now say pervades our society. Violence, however, is not new. It didn't begin in Dallas. It has been with us always. Perhaps, though, as I heard one newsman say, "This was one murder too many."

Any of those three men would have willingly given his life for America. None had a chance to make that decision. If they are to be more than mere victims of fate, we will have to construct a cause they would have died for. Building on the memory of their ideals, we must start, as Robert Kennedy said, "to move in a new direction." It is not too idealistic to conceive of us, as a

nation, achieving advances in human development comparable to our political, industrial and technological development. We can aim, not just for more studies, but for action directed toward the problems of humanity in the modern world. We can work toward the lessening of hatreds and frustrations, toward the increase of better opportunity for a better life for all men. This is not an easy task, but I suggest it seriously, and I believe it can be accomplished. Perhaps not quickly: we did not move from the horse and buggy to the Apollo rocket overnight. But accomplish it we must, or we are surely doomed. And if we turn part of our energy and talent inward, to better ourselves with the same fervor we devote to creating machines and exploring space, who is to say we cannot succeed.

In the aftermath of my grief and shock over Robert Kennedy's death, I have felt compelled to put my feelings into words. I am writing the Sun because I still think of Nutley as home, and I want to ask all of you living there to stop and think. Think about being an American. There is a great deal of truth to that worn saying that no one can fully appreciate America until he has lived somewhere else. If you feel as I do, then there must be something you can do individually, no matter how small a scale, that will help start, spread, and ultimately achieve, the goals of a movement in that "new direction."

Eliminate 'Sin' Designation And Use Understanding

To The Times:

Letter to the Editor in answer to Joseph G. Biancardi's Guest Editorial, Controlling the Sale of Guns.

It is true that the answer to violence lies "in the home and in the hands of the parents," as Mr. Biancardi wisely points out. And in some families it may be equally true that religion is important.

But why any longer drag around that burden of "sin"? Rather than stamping "sin" on a child's action, why not open his heart by an attempt at understanding?

Using the word "sin" over

and over again, as Mr. Biancardi suggests, sounds like a throwback to the time of magical tribal incantations. I should have thought that we had gone beyond black magic and exorcism.

If our children can be free to express themselves to their parents — to express their self-doubts, their hopes, their anger and their love, without the dread of being labeled "sinner" (or "saint"), then there will be a beginning to an end of violence.

Sincerely,
Phyllis Schub

One Year Sentence For Belleville Youth

Joseph R. Cerrato of 12 Magnolia Avenue, Belleville, was sentenced to a one year term in the County Penitentiary for violating probation. Cerrato had been given a suspended six month sentence in July of 1967 on a barbiturates charge. Judge Joerg told Cerrato that he violated parole when he was found guilty of possessing narcotics paraphernalia in Bloomfield on May 22. In addition, Cerrato violated parole by failing to pay the entire fine imposed on him under the barbiturates conviction of last year. Parole for the 19 year old Cerrato has been unconditionally revoked.

Imperiale Defends Constitutional Right

(Continued from Page 1)
"Within one night a racial issue was breaking out — but shotguns were in the police cars, law and order was there. Everybody black and white knew there would be enforcement. Where were the radicals? Were they afraid of a little police department?"
Belleville's Yes, and of decent people everywhere."

Showing skill in public speaking and rousing a crowd emotionally, Imperiale then shouted, "our forefathers went through hell to get what we got today, they didn't burn, rape and loot." Heavy applause resounded through the Elks Lodge.

LeRoi Jones wants to run a black radical ticket in Newark, he noted, and "no politician spoke out against him. You deny me my rights to talk as councilman at large and you can destroy the Constitution; you can use it for toilet paper."

"My members have done nothing wrong," he stated. "They have nothing to be ashamed of. They escort women, watch the shopping centers. To these putting pressure on him, he answered "Go to Hell." (applause).

Donald W. Manno On Dallas Dean's List

Donald William Manno, son of Mrs. Alice Manno of 478 Joramelon Street, Belleville, made the Honor Roll at the University of Dallas for the grade-point average of 3.40.

"The federal court investigates me on why I patrol my neighborhood like I do — under the law. The grand jury had me on the stand for three and a half hours on why I talk the way I do."

Imperiale showed how he could work with Negroes for "peaceful transition." Camille Wadu and he thought up a community police patrol by youths in Newark and evolved a plan to get work for kids in Newark's North Ward. "As director I was to be paid \$12,000, but the press never reported that I was going to give half to the North Ward Citizens Council and half to charity. They made it look like I was looking for money. Wadu didn't want his salary either. He would donate it to the United Brothers."

He told Bellevillites to attend town council and board of education meetings because "the Commies add radicals are taking over our town. You can't cool a fire by fanning it."

State Firemen Plan To Put On Blazing Affair

A parade of fire apparatus stretching further than the eye can see will line the route from the Hamilton Square Monument to the New Jersey State Fairgrounds and it won't be going to a fire.

For the first time since 1951, Trenton again will host the annual state Exempt Firemen's Convention and Parade at the New Jersey State Fair.

Imperiale attacked the American Civil Liberties Union (ACLU). "They called the American Legion fascists."

MARSHALL'S
HOUSE OF HEARING
460 Franklin St.
Bloomfield
PL 3-6590

The gala parade, featuring upwards of 500 pieces of fire-fighting equipment and some 15,000 firemen, will travel four miles to the New Jersey State fairgrounds on Saturday, September 14, where it will march for a day of gala festivities.

Swim Club to be Opened For Use of Underprivileged

The Department of Transportation has combined highway construction with community cooperation. Commissioner David J. Goldberg announced today that a swim club acquired by the Department of Transportation for the construction of Interstate Route 78 will be made available to Essex County on a temporary basis until required for highway purposes. County officials have indicated that the swim club will be made available to underprivileged children during this and next summer.

WEDDINGS AND ENGAGEMENTS IN THE SOCIAL SPOTLIGHT

Jeanne Spinelli To Wed Victor Velardo, Student

Mr. and Mrs. Frank Spinelli of 17 Crescent Terrace announce the engagement of their daughter Jeanne to Victor Velardo, son of Mr. and Mrs. Victor Velardo of Ridge Street, Newark.

MISS JEANNE SPINELLI

The bride-elect, a graduate of Belleville High School, attended Montclair State College and will continue her studies at Willamette University, Salem, Oregon.

Mr. Velardo, an alumnus of Fairleigh Dickinson University Rutherford, will begin the study of law at Willamette University College of Law this September.

An August wedding is planned.

Elaine Marano On Honors List

Elaine Marano, daughter of Mr. and Mrs. P.M. Marano of 52 Malone Avenue, Belleville, has been named to the honors list for the spring semester at Edward Williams College of Fairleigh Dickinson University.

Miss Marano is a freshman at the college.

Dr. Weston Resigns Post As Honorary College Head

The trustees of Newark College of Engineering announced here today the resignation of Dr. Edward F. Weston, since 1966 honorary chairman, and the appointment by Governor Hughes of Alfred C. Linkletter, a vice president of the Prudential Insurance Co. and an NCE alumnus, to fill the vacancy on the eight member board.

MRS. FRANK J. LOFRANO
Former Miss Sylvia Kidd

Mr. and Mrs. Lofrano On Pocono Honeymoon

The wedding of Miss Sylvia Ann Kidd, daughter of Mr. and Mrs. Byrl Kidd of Monticello, Illinois and Frank J. Lofrano, son of Mrs. Madeline Lofrano of 141 Joramemon Street took place Saturday at St. Philomena Church, Monticello, where the reception was also held.

The Rev. Ambrose Cunningham performed the afternoon ceremony.

Escorted by her father, the bride was in a gown of Irish linen and Venise lace fashioned with a wedding ring collar, elbow length sleeves and chapel train.

Her full length silk illusion veil fell from a pibox trimmed with linen and lace and she carried a cascade of roses. Miss Loretta Kidd was her sister's maid of honor. Bridesmaids were the groom's sisters, the Misses Genevieve and Jamie Lofrano.

They wore wick organza trimmed with lace in rainbow colors of Nile green, crystal blue and coral. Picture hats trimmed with daisies and baskets of daisies completed their outfits.

Robert Scheiber of Belleville was best man. Ushering were Donald Huisinga, Eric Kidd, Robert Kidd and Jack Swartz of Deland, Illinois, John Huisinga of Clifton, Illinois and Frank Glenn of Weldon, Illinois.

Mrs. Kidd chose a peach crepe dress and matching lace coat and accessories. The groom's mother was in a blue crepe dress with a lace collar and matching accessories. Corsages were of white roses and daisies.

Mrs. Lofrano, an alumna of Deland Weldon High School, is also a graduate of Millikin University and Decatur and Macon County Hospital School of Nursing, Decatur, Illinois.

Mr. Lofrano, a graduate of Belleville High School, attended Fairleigh Dickinson University and is presently in the Air Force stationed at McGuire AFB, New Jersey.

The couple will live in Bristol, Pennsylvania, following a honeymoon in the Poconos.

State Offers Activities At Skylands for Summer

Visitors to the Skylands region this summer will find interesting activities offered free of charge through the N. J. Dept. of Conservation Development. Day-long wilderness hikes, auto caravan tours, slide shows and nature walks are all part of the season's schedule.

The wilderness hikes are planned for July 30 and August 10. Participants will meet at the Ringwood State Park office at 8:15 a.m. and will then proceed via auto to the start of the trail. Hikers should remember to dress appropriately and also to bring a lunch along, as the hike will conclude about 2 p.m.

Mrs. Giesen New Prexy Of District 4

Mrs. Joseph Giesen of 723 Lake Street, Newark was elected New Jersey Auxiliary District 4 President for 1968-1969, at the annual convention held June 9, at the Cedar Grove VFW Post Home.

Mrs. Giesen, who joined the Newark Firemen's Auxiliary in 1957, assuming the office of charter conductress, was elevated through the offices of chaplain, treasurer, jr. vice president and sr. vice president to the presidency of her auxiliary.

In 1964 she was elected conductress of District 4 and filled the offices thereafter of chaplain, jr. vice president and sr. vice president leading to her election this week as president of District 4.

Mrs. Giesen's duties for the ensuing year, in addition to providing leadership in the District which is one of the largest in the state and inspecting each of the 26 auxiliaries in the District (Essex county), will be to serve on the council of Administration of the N. J. Ladies Auxiliary VFW which meets in Trenton.

Mrs. Giesen assumed office after her installation at the State Convention in Wildwood, New Jersey Sunday along with her staff of officers who include sr. vice president Mrs. Michael Ladines; jr. vice president, Mrs. Albert Bartocci; chaplain, Mrs. Joseph Wannat; conductress Mrs. Robert Wall; guard Mrs. Frank Kirkbride; treasurer, Mrs. William Harry Kane.

President Giesen's aims are to make District 4 the most outstanding in the state with heavy stress on Americanism and Youth programs, as well as membership and veterans welfare. The Giesens have two daughters, Barbara, a sophomore chemistry major at Virginia Polytechnic Institute and Jean, a sophomore at Immaculate Conception High School, Montclair.

MRS. KENNETH T. NEAREY
Former Miss Marilyn Anderson

Marilyn Anderson Wed To Kenneth T. Nearey

Wedding vows were exchanged June 23 in Montgomery Presbyterian Church by Miss Marilyn Ruth Anderson, daughter of Mr. and Mrs. Uno Andersen of 33 Berkeley Avenue and Kenneth T. Nearey, son of Mrs. Kenneth J. Nearey of Neptune.

The Rev. Howard B. Day performed the ceremony. A reception was held at the Crystal Ballroom of the Hotel Suburban.

The bride was given in marriage by her father. She wore a gown of silk organza over taffeta with a fitted bodice,

bell sleeves and Alencon lace appliques. Her elbow length veil was held by a silk organza rose on lace petals.

Miss Lois McKay of Cranford was maid of honor. Bridesmaids included Miss Barbara Busher of Plainfield, Mrs. Allan Anderson of Belleville, Mrs. Ronald Anderson of Biloxi, Mississippi and Mrs. Jerome St. John of North Plainfield.

They wore aqua gowns and floral headpieces and carried nosegays of aqua carnations and babies breath.

Robert Conlin of Belmar was best man. Ushering were Carl, Frances of Neptune City, Edward Zensinger of Weehawken, George Barry of Belmar and Allan Anderson of Belleville.

Mrs. Anderson chose a pale aqua silk worsted dress with a beaded neckline while the groom's mother was in a pink crepe dress with a lace bodice. Corsages were of white orchids.

Mrs. Nearey attended Glassboro State College and is with the Westfield Board of Education.

Mr. Nearey attended Seton Hall University and is employed by Standard Oil.

The couple have made their home in Oakhurst following a honeymoon in Bermuda.

Never tell anyone about your difficulties and you will not be disappointed at their lack of concern.

Graduation Party Held By Vuonos

Mr. and Mrs. Frank Vuono Sr. of Bloomfield, formerly of Perry Street, Belleville, entertained at a lawn party at their home June 9 in honor of the graduation of their son, Frank Jr. from Union College, Barbourville, Kentucky. Frank received a bachelor of science degree May 27. He majored in business administration.

Guests included his sister, Barbara, his aunt and uncle, State Senator and Mrs. Michael Guilano and daughter Michele of Newark, his aunt and uncle, Commissioner Mary Senator and Mr. Senator, and their daughter, Rosemary of Belleville and his paternal grandmother, Mrs. J. Vuono of Belleville.

Also Mrs. H. Helen Barra and daughter Janice, Mr. and Mrs. Sam Vuono, Mr. and Mrs. Michael Giannetti, Mr. and Mrs. Michael DeNardis, and daughter Janet, Mr. Louis Vuono and daughter Polly, Mr. Joseph Vuono, Mr. and Mrs. Anthony Giannetti and sons, Mr. and Mrs. Galfe and children, Mr. Robert Sewall, Mr. and Mrs. Eugene Barra and children, Mr. and Mrs. Daniel Giannetti and daughters, Mr. and Mrs. Marty Slango and children and Mr. and Mrs. Joseph De Filippis and sons.

O'Neill Play Will Open Next Week At Upsala

"Moon for the Misbegotten," the last of Eugene O'Neill's plays, will be presented at the Workshop 90 Theatre, Upsala College, East Orange, from Wednesday through Sunday, July 10-14.

Weekday performances will begin at 8:15 p.m. The Sunday showing will start at 7:30 p.m.

The play concerns James Tyrone, a young man bent on self destruction to blot out a haunting memory. His course is interrupted when he meets Josie, the Amazon-like daughter of a tenant farmer, Mike Hogan.

Georgian Court College Graduates Belleville Girl

Mary Ellen Theresa Wormann, daughter of Mr. and Mrs. Edwin F. Wormann of 296 Greylock Parkway, Belleville received her bachelor of arts degree from Georgian Court College, Lakewood, June 1.

Following her graduation from Our Lady of Good Counsel, Newark, Miss Wormann pursued courses in history, her major field at the college.

As the editor-in-chief of the "Court Page," the college newspaper, she held a position on the senate of the Student Council for two years. She is also a member of Sigma Phi Sigma, the National Mercy Honor Society and Pi Delta Epsilon, the National Journalism Honor Society. She was a dean scholar in her senior year.

After her graduation from Georgian Court, Miss Wormann plans to teach history on the secondary school level.

MARY ELLEN WORMANN

New General Named to Head New York City Defense Area

Brigadier General Charles H. Phipps, USA, has been named Commander of the Defense Contract Administration Services Region, New York, it was announced today. He succeeds Brigadier General Walter M. Vann, USA, who has been reassigned to Headquarters, U. S. European Command.

General Phipps comes to this vital multi-billion dollar defense contract arm of the U. S. Government from Vietnam, where he was director of General Supply, 1st Logistical Command, U. S. Army.

Bloomfield Public Library Providing Use Of Electric Typewriter Among Services

Recently installed for public use at the Bloomfield Public Library, the area library serving Belleville, is an electric typewriter on long term loan from the Apex Typewriter Service of Nutley.

It is a new Olympia machine with a thirteen inch carriage, electric tabulator and automatic carriage return. It has standard Elite spacing, which means twelve characters to the inch, and extra characters not usually found on domestic typewriters. This brings to an impressive total the number of services and equipment available at the Bloomfield Public Library.

Two photocopiers have been in use in the Adult Department for some time. Last week, another one was installed in the Children's and Young People's Departments. Patrons of the library are well aware of other services such as the Microfilm reader and reader-printer; free 16 mm films; record albums and talking books.

In the past, the Circulation Department has received many requests for the use of a typewriter in the library. Until now, it was impossible to accommodate the public. However, the Olympia, a German machine, is now available by inquiring at the main desk. The Bloomfield Public Library is the first library in Essex County to furnish this service.

Red Cross Unit Announces Dates, Times For Blood Bank Collections

The Essex Chapter, American Red Cross has announced its schedule of six dates in July when staff assistance will be given for blood bank collections by the Essex County Blood Bank.

The first bank was held on Tuesday, July 2nd for the employees of Thomas A. Edison Industries. The Oranges and Maplewood Red Cross District assisted at the bank which was held at the Essex County Blood Bank, 45 So. Grove St., East Orange.

On Tuesday, July 9th the West Essex District will open its headquarters at 14 Park Ave., West Caldwell for a community blood collection.

Newark District will hold two banks on successive days, beginning Monday, July 22nd when it will sponsor one for the members of the Operating Engineers Local 825 at the Essex County Blood Bank. On Tuesday, the district will serve at a collection for employees of the Prudential Insurance Company at the company's Broad Street offices.

The Veterans of Foreign Wars will hold a bank for its members on Thursday July 25th at the Grove St., East Orange headquarters of the Essex County Blood Bank.

On Tuesday, July 30th the Newark District will again sponsor a bank for the employees of the New Jersey Bell Telephone Company at that company's offices, 540 Broad Street.

Travel Trailer Show Set For Jersey City in 1969

The third Annual Eastern Travel Trailer Camping Show — the exclusively recreational vehicle and camping equipment show on the eastern seaboard — is scheduled for March 19 - 23, 1969, in the National Guard Armory in Jersey City.

County's Annual CYO Summer Day Camp Serving Over 1000

Essex County CYO opened its annual Summer Day Camp Monday at the Pine Haven Swim Club in Wayne.

The Camp, which will extend through Aug. 16, is designed for boys and girls between the ages of 7 and 13. Some 540 children are attending for the first half of the program, which concludes July 19, and a similar number will be taking advantage of the Camp's varied activities from July 22 through Aug. 16 according to the Rev. Vincent F. Affanoso, County CYO Director.

Locally, buses pick-up campers at Our Lady of Mt. Carmel Church in Nutley at 8:15 a.m. and at Holy Family School, Nutley, at 8:20 a.m. Belleville campers load at St. Peter's School at 8 a.m. and at St. Anthony's School five minutes later.

Directing the Camp this year is Anthony Lardieri of South Orange. A veteran of four Summers with the CYO, Lardieri's chief aides include Nature director John Cook, Waterfront director Sandy Gonslick and Arts and Crafts director Jean Blackowski.

Camp hours extend from 9 a.m. thru 3 p.m., Monday thru Friday.

The CYO camp is staffed by qualified teacher - counsellors, educators and specialists.

Beside swimming, campers will be able to take advantage of baseball, volleyball, hiking, arts and crafts, nature study, fishing and special camper awards.

The Newark Record

Accent Suburbia

By Richard De Sina

Bob Gibson's fifth straight shutout, following closely the six recorded by Don Drysdale, points up how soporific baseball has become.

When they occurred less frequently, low-scoring, well pitched games were enjoyable. Now, the surfeit of batters unable to hit even their own weight, has reduced the action below the level of complete boredom.

Unless one is watching his favorite team, the temptation is strong to be entertained by Lawrence Welk instead.

The All-Star voting shows that the players can vote like the fans if they try. Hank Aaron is hitting 60 points below Willie Mays' 290, yet he is a first team selection. Their home run and RBI totals are almost identical. Aaron must be a better fielder.

Cleveland Williams, the Big Cat, has knocked out his 54th victim, tying Joe Louis' heavyweight mark. In his prime, Williams was a fantastic puncher, until he was KO'd by a policeman's bullet — and then Muhammad Ali.

Who's caught the most passes in NFL history?

The San Francisco Giants, perennial second place finishers in the National League, owe it all to general manager Chub Feeney, who rates right up there with Neville Chamberlain for judgement.

Feeney, who dealt for a pennant in 1962 by acquiring Billy Pierce and Jack Sanford, has gone downhill since. Look at the murderers row he's traded: Orlando Cepeda; Felipe Alou, Bill White, Willie Kirkland — Willie Kirkland? Tom Haller, Matty Alou. It seems they kept the wrong Alou.

Answer: Raymond Berry, retired Baltimore Colt.

When are the Mets going to get rid of those terrible announcers? They're worse than the ball club. Bob Murphy, with his dulcet nasal tones, and Lindsay Nelson, are masters of tautology. The only insight Murph and Surf offers (he has a predilection for nicknames) is the whereabouts of the ballplayer's residence. Nelson gets excited over a foul ball. Though Ralph Kiner is adept at solecisms, and has some trouble with elocution, at least he knows what's going on.

Peanut League Shelled By Bucs

Bob Jackson's Pirates have wound up their 1968 Peanut League season with the American League Championship and the Inter-League Championship. Bob Haug's Indians were undefeated on their path

to the National League Championship but lost to the Pirates in the Inter-League Playoff. The playoff brought to a close a season of thrilling ball games, and a lot of athletic growth among the youthful players.

For excitement, the American League's scheduled play ended in a four way tie among Lou Schriber's Yankees, Elmer Haug's Bombers, Mike Swinarske's Giants and the Pirates. In the semi-finals of the playoffs the Giants won over the Yankees and the Pirates took the Bombers. In the final the Pirates kept up an end-of-season momentum and defeated the Giants. It was the general consensus of opinion that, on any given night, any of these top four teams might win over any other, so close was the quality of their play.

Although they got off to a slow start Al Nufiro's White Sox and the Cardinals coached by Bob Mullaney and Dave McCarthy showed vast improvement and were developing into real threats as the season closed.

In the American League it was Indians all the way but the other teams were pretty even after that. Here again it was almost a matter of which team was up and which was off in each game. Coaches in this league were Richard Baker for the Clippers, Frank DelliSanti for the Cubs, Fred Burlazzi for the Aces, Joe Norton for the Braves and Tony DiGiacomo for the Dodgers.

Most important for both leagues was the fun enjoyed by the two hundred and sixty-four boys, the baseball learned, the sportsmanship demonstrated and the enthusiasm that went into every game by

Legion Loses To Livingston; Plays Full Slate This Week

HOW TO FIELD A GROUND BALL — Caravetta is in better form here as he cleanly handles second inning grounder.

Nutley Is Holiday Opponent

Belleville's Legion team faces a heavy schedule of six straight night games this week including a July 4th clash with Nutley at the Oval.

Nutley was defeated 6-1 in their first encounter. Coupled with Belleville High's two victories over the Maroon, the record against their arch inter-city rivals is spotless.

Saturday morning Charles Craig's forces suffered their fourth defeat against two victories, when a powerful Livingston Legion nine rolled to a 4 to 1 win. Bobby Giordano went the route for the Bell-boys again, but three unearned runs were the margin of defeat. "He pitched very well," said Craig. He's the best pitcher I've got."

Belleville scored its lone run in the third on their only hit, a triple by Bob Sullivan. The run crossed the plate on an infield out.

"It's a good thing Livingston's in the other league," Craig commented ruefully. "They haven't lost yet." Their record now is 9 and 0. Irvington leads Belleville's division, the Eastern with a 6-3-1 mark.

Score by innings:

Livingston 0 3 0 0 1 0 0 — 4
Belleville 0 0 1 0 0 0 0 — 1

Second Annual Golf Tourney Success, Despite Inclement Weather, Tie Cards

It was a hardy group of golf enthusiasts that braved grey skies, sprinkles and then a near cloudburst to make Belleville's Second Annual Golf Tournament a great success.

Three golfers tied at 78 on gross scores and the Championship was decided by matching cards. Mike Gilroy, who had burned up the first nine with a 32, was declared the 1968 Champion. Steve Ferro edged out Mike Gubilo for the Runner-Up trophy.

Among the guests Mike Rubino won the Low Gross Award with the best round in the Tournament of 76 while Roland De Filippis won the Low Net, a 72.

In the Flight competition Ned Dunn was the "A" Flight winner with a net 72 and Jim Nisivocia was Runner - Up with the same score.

Ted Serritella took the "B" Flight with a net of 71 and Harry Conway netted 73 for the Runner - Up trophy. "C" flight was won by John Zepka

with his 72 net and the Runner - Up spot went to Ed Saulino who had 75.

Martin Natale won the Town Employees division with a 92 low gross and the Runner-Up award went to Vinnie Mustachio for his 95.

There were also a number of special prize winners. For most 3s it was Roland De-Filippis, most 4s were scored by Art De Faria, most 5s by Carl Hundertpfund, most 6s, George Urchol, and most 7s, Mike Trotta. For the most of all it was Bill Lapontata whose 125 earned him the Duffers Award donated by Universal Corp. (Formerly National Yeast.)

Doc Bevinetto was the winner of the Closest-to-Pin award. Lou DiBella, Jr. looked like the winner of the Longest Drive award through most of the Tournament but big Art

DeFuria came along in the next - to - last foursome and blasted one with his No. 4 wood that traveled about eight yards farther to wrest the Long Drive Award from Lou.

After the big day of golf Commissioner Bill Cullen, led his group to the Forest Hill Field Club dining room where all enjoyed a great roast beef dinner and the award presentations. In addition to commissioner Cullen, whose department hosted the Tourna-

ment, the head table was graced by the presence of Commissioners Mary Senatore, Joseph Mc Greevy, and Vincent Strumolo.

An important contribution to the success of the event was the generous gifts by Jolly Cleaners, the Patrolmen' Benevolent Assn., the Firemen's Benevolent Association, Mayor Kenneth Smith, Commissioner Mary Senatore,

Sportsman's Haven, Walter Kidde, Universal Foods Corp., Guy's & Dolls and P. J. McDonalds.

Metro-Newark Will Sponsor Third Tourney

The Livingston Chapter of the Metro - Newark A.S.A., in cooperation with the local recreation department, will run the third annual slow pitch softball tournament on July 27-28 and August 3-4. This is a single elimination tournament open to any team in the Essex County area.

The games will be played on the Heritage Junior High School softball fields in Livingston, New Jersey. Entry fee is \$18.00 per team plus \$3.00 for A.S.A. affiliation. A first and second place team trophy will be awarded each player of the winning team.

OOPS — Third baseman Richie Caravetta loses first inning foul pop to the wind.

CRAACK! — Bob Sullivan, Belleville shortstop, strokes the team's only hit against Livingston, a triple in the third inning. He scored on an infield out.

THE TRANSMISSION IN THIS CAR IS ABOUT TO BREAK DOWN.

Just be glad you're not the driver!

Every minute and a half of every day, someone in the U.S. calls AAMCO about transmission trouble. Every week AAMCO satisfies more than 10,000 transmission problems. GUEST OF HONOR — A recent cocktail party kicked off East Orange General Hospital's participation in the Thunderbird Open Tournament. The guest of honor, Kathy Raynes a Cerebral Palsy child, is pictured here on the lap of Russell N. Fairhurst a member of the hospital's Board of Trustees. Looking on are Forrest A. Brower (left), hospital director, and Richard Ziegler, Executive Director of the United Cerebral Palsy Fund.

Tickets For Cerebral Palsy

Thunderbird Open To Feature East Orange General Hospital

East Orange General Hospital, through its volunteer organization, will participate in the 1968 Thunderbird Open Golf Tournament.

The event, a benefit for the United Cerebral Palsy and Af-

iliated Charities, will be held August 26 through September 2 at the Upper Montclair Country Club in Clifton.

East Orange General's participation will consist of a concerted effort to sell raffle tick-

ets for a new Thunderbird automobile that will be awarded to the winner on the final day of the tournament. The hospital will participate in the proceeds of the raffle.

"We are most excited about this," Forrest A. Brower, hospital director, declared yesterday. "The response we have received from our Financial Development Committee, the volunteer corps and other members of the hospital family has been very enthusiastic."

"We are hoping participation in the Thunderbird will become a major part of our annual fund raising effort in future years."

That enthusiasm displayed itself recently when more than 100 business and governmental leaders and members of the hospital family turned out for a kick-off cocktail party given by the hospital's Board of Trustees.

Guests at the party, which was held in the display lobby of Bauer and Kieran Ford at 490 Main Street, East Orange, pledged to sell a minimum of 225 books of chances.

Annual Design Contest Held By Architects

Students in New Jersey high schools who are studying architectural drafting or who are interested in architecture, have been invited to participate in the fifth annual design competition sponsored by the New Jersey Society of Architects.

Each participant is to submit a design for an outdoor concert area. Those interested should consult their industrial arts instructors who have already received complete details regarding the competition.

Judging will take place at Newark Public Library. The first place winner and his parents will be guests at an awards luncheon to take place during the annual convention of the New Jersey Society of Architects at Atlantic City in September. Second and third place winners will also receive awards. A panel of three New Jersey architects will act as judges.

Shop-Rite Opens Store In West Chester, Pa.

The new Shop-Rite Supermarket of West Chester, 1115 West Chester Pike, Town & Country Shopping Center, West Chester, Pa. opened June 26. The store is the 11th supermarket owned and operated by Consolidated Supermarkets of Union, a member of the Shop-Rite cooperative. Manager of the new store is Alan Duster.

Nutley Colonels Begin Home Stand; Return Of Collegians Bolsters Squad

The Nutley entrant in the Essex County Baseball League has been slowly but surely rounding into shape. The re-

Ippolito Leaves

It has been learned this week that Jim Ippolito, leading hitter for the Colonels, has found greener pastures with the Emerson-Westwood Merchants of the Bergen County League. A consistent .300 hitter in the E.C.L. Ippolito had been the leading hitter for the Colonels this year with a .318 average. Jim also has been many a "tape measure" home run for the Nutley team.

Replacing Ippolito on the Colonels roster will be former All-Stater Wally Evanick of Kearny. Wally has been away with the Minnesota Twins and is currently recuperating from an arm injury.

Although Jim's bat will be sorely missed his "spirit and desire" will be missed just as much. Jim's former Nutley Colonels teammates wish him well with his new club.

This move was discussed between Jack Speary, General Manager and Coach of the Nutley team and Jim Ippolito. "Although we will miss Jim we understand his position and he leaves the club with my best wishes for continued success with his new club."

turn of the college ballplayers and the acquisition of some experienced League ballplayers have helped the Colonels right themselves.

Nick Bowness, leading home run slugger in the League, will be appearing in the Nutley outfield. Rick San Filippo returning from his Freshman year at Montclair State College has hit .461 in his first 5 games. Bill Petrocco, from Fairleigh Dickinson and Tom Di Maggio, currently attending Miami-Dade Junior College appear to be a strong duo of catchers. Fred Alworth, an Essex County League veteran, has been helping keep team morale up during the early days. Alworth also has contributed 8 hits in his last 12 appearances at the plate.

Colonel pitching has been

bolstered by the return from college of Joe Penbera, of Rutgers and Ken Ingls, former Nutley High standout, currently a hurler for Coach Bill Dioguardi at Montclair State. Jack Rake, from Bloomfield College, has been the early stopper on the staff. Rake has picked up three of the first four Colonels wins.

Mike Ritacco, another Nutley All-Stater, currently attending Central Connecticut State College, has also returned to the line up. Mike, a fine shortstop for the High School, has developed into a good outfielder and will be given a look on the mound in the near future by Colonel Coach Jack Speary.

The Colonels will play 5 home games in ten days.

Belleville Marine Serving With Forces In Vietnam

Marine Private First Class Peter B. Eccles, son of Mrs. Marie Eccles of 80 Montgomery Place, Belleville, is serving with the Second Battalion, Ninth Marine Regiment in Vietnam.

As a member of the battalion he helps capture or destroy enemy forces. He accomplishes this through weapons fire, tactical maneuvering, and

both large and small scale operations.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

300 Jobs In Youth Corps

Thomas L. Millard, executive director of the Essex County Youth and Economic Rehabilitation Commission has announced that there are 300 jobs available in the Neighborhood Youth Corps Program.

Millard stated registration for the 10 week program aimed at helping youth improve themselves, is still open. The program is for youngsters 14 to 21 from any Essex community, excluding Newark.

Participating communities are Belleville, Caldwell, East Orange, Irvington, Maplewood, Montclair and Orange. The enrollees will be assigned to work in the Essex County Park system for conservation or beautification work. Also in State, county and municipal offices and non-profit organizations in such diverse programs as: Girl Scout Counselors, Psychiatric Clinics, Secretarial, Recreation, Carpenters, Mechanics, Library, Clerical and Community Action Aide Assistance.

The 300 youths in the program will work 26 hours per week and earn \$1.40 per hour. A seven-point program benefiting enrollees, includes medical examinations, psychiatric assistance, personal counseling, general and vocational aptitude testing, selected individual tutoring, and where applicable, job assistance.

The program will end August 31 and the regular year-round Neighborhood Youth Corps Program will resume a few days later.

TORRID TALES OF THE ELECTRIC HEAT LOVERS

Hot Stories

"Heating bills for our 10-room Montclair home built in 1960 invariably come in under \$300, a winter, and every cent of that is turned into pure heat: there are no cold spots, no drafts, no long waits for the house to warm up . . . FANTASTIC EFFICIENCY!" writes Mrs. Albert Weber, Vice President of the Nutley Lumber Co.

"Radiant electric heat keeps my company's heating cost down to a rock minimum also. Our two office buildings are equipped with Glasheat, one of them since 1948.

"That makes three times I've installed Glasheat in the last twenty years — if that isn't recommendation enough for anyone, I honestly don't know what is!"

Thank you, Mr. Weber, for your three hot stories!

Cheap Stories

"A good friend of mine decided to install a central heating system in a home just about the same size as mine (3500 sq. ft.) and at the end of the calendar year we compared our operating costs," writes Mr. A.L. Miller of Boonton, N.J.

"Taking his fuel cost and electric cost, he spent \$533. Taking my total electric bill, I spent \$536. I HEAT MY BASEMENT AND GARAGE TOO — MY FRIEND DOES NOT! We think this is a pretty good situation, don't you?"

We do indeed, Mr. Miller, and please extend our sympathies to your friend.

The first thing everyone seems to think of when you mention electric heat is: HIGH COST OF OPERATION," writes another Mr. Miller, this gentleman from Verona, N.J.

Sick Stories

"Three years ago when we installed radiant electric Glasheat," writes Mr. Bruce Benner of East Rutherford, N.J., "the first thing we noticed was the ideal humidity level; no static shocks; no more stuffy feeling on rising in the morning — just wonderful comfort we had never experienced before. "Room-by-room control with separate thermostats in each room enables us to enjoy the exact temperature each of us wants. "With a wife and four children or a total of six in the Benner family, ONLY ONE COLD OCCURED IN THE ENTIRE PERIOD, and it was a mild one at that. We feel this is the most unusual considering our experiences previous to Glasheat."

Thank you, Mr. Benner — many more healthy winters to you!

"Well, let's start with my cost of operation now as against my previous fuel heating system. Using ONLY TWO FLOORS with my previous fuel system it cost me an average of \$230 a year for heating. Now with electric Glasheat, using THREE FLOORS INSTEAD OF TWO, my annual operating cost runs between \$230 and \$250.

"Three floors for the price of two — we think that's a pretty nice deal!"

What's Your Story?

If you have a heating problem — a hard-to-heat room, an old house, an additional room, a dirty, drafty system — any problem large or small — we have more stories to tell you.

Call Us. The facts will electrify you.

Essex Youth Commission Sponsors Job Program

The Essex County Youth and Economic Rehabilitation Commission in cooperation with civic and anti-poverty groups initiated an "Opportunity Job" program designed to acquaint suburban high school graduates, and participants in anti-poverty training programs with available career employment possibilities at a special seminar held in the East Orange High School.

Clyde Mitchell, assistant director of the Essex Youth project in which major industries and firms in the Essex County area will participate is being jointly sponsored by the Frontiers International of the Oranges and Maplewood, the Neighborhood Youth Corps of Essex County and the East Orange Community Action Program.

Mitchell said that the program involves youngsters from Essex suburbs, the area of endeavor of the Essex Youth Commission. Newark's anti-poverty program is directed by the United Community Corporation which has a similar program underway for Newark high school graduates.

Mitchell said that the "Opportunity Job" program is designed to bring together in an orientation seminar representatives of major businesses in the county and prospective employees at which the business representatives will outline job application and hiring procedures to those young men and women who are interested in securing positions.

Mitchell said that many of the job seekers will be June

1968 graduates coming into the job market for the first time while others will be graduates of both the in-school and out-of-school programs of the Neighborhood Youth Corps.

Mitchell said that the program will get underway at 9:15 a.m. in the East Orange High School cafeteria and that coffee and other refreshments will be served during the sessions which will last until 2 p.m.

In addition to a general or-

Three Pool Complex Okayed For Englewood By Trenton

Commissioner Robert A. Roe of the New Jersey Department of Conservation and Economic Development today announced Federal approval of a Land and Water Conservation Fund application for the City of Englewood in Bergen County for the construction of a three pool complex.

The plans for the pool complex provide for the development of a 42' x 75' main pool, a 42' x 30' intermediate size, and a 20' x 30' wading pool. The pools will be located close to the existing junior high school so that socio-economically deprived residents would especially be able to be served by the facility.

The project also includes fencing, landscaping, necessary utilities, and a concrete patio area.

Total estimated cost of the project, Commissioner Roe said, is \$118,650 of which Englewood has been awarded a grant of \$59,325.

Fails To Yield To Ambulance

A Newark man was found guilty of failing to yield to an emergency vehicle by Belleville Court Judge Edward A. Bromson.

Alfred J. Scamozza of 230 Garfield Street, Newark paid \$15 for pulling out into the path of an ambulance in Belleville on June 12. Judge A. Bromson threatened the defendant with contempt when he objected to the verdict.

Mosquitoes Force Men To Overtime

The Essex County Mosquito Extermination Commission cognizant of the problems occasioned by the severe storm and floods at the end of May has been working overtime.

While the Commission has requested additional funds from the Board of Freeholders to take care of the emergency, it has gone ahead with its program of aerial spraying not only of the area along the Passaic River from Chatham through Livingston, Roseland, the Caldwelles and Fairfield but the Newark Meadowlands area along Doremus Avenue and the Airport itself.

Emil L. Amabile, executive director of the Commission reports that 6,500 acres have been aerially sprayed and the program of spraying by air will be repeated as conditions warrant it.

By June 15th, when the common household mosquito commenced to intensify reproduction, the Commission had almost doubled its operations weeks in advance of its regular summer program.

Summer help have expanded the ground spray program to 32 trucks and 62 men in addition to three tractor vehicles. The summer help will also assist in cleaning ditches and streams as well as a "Clean Up" program occasioned by the floods.

Amabile further stated, "We have worked all through the winter on ditch cleaning and brush work throughout the entire county and if the floods had not inundated a great area of the County, we would have been well ahead of necessary mosquito extermination work."

Bible School Registration

The Fewsmith Memorial Presbyterian Church and Bethany Lutheran will hold a joint Daily Vacation Bible School July 15 to 26. Children of the community are invited to attend.

Registration fee is \$1.00 per child or \$1.50 per family. Further information may be had by calling the church office.

Turnpike Is Anticipating Giant Jams

The New Jersey Turnpike expects to handle more than one million vehicles during the July 4th holiday period and its combined operating units are ready to cope with this record traffic movement.

Some 1,110,000 vehicles are forecast for the five-day period from Wednesday July 3 through Sunday July 7—an increase of six per cent over the similar period in 1967. To accommodate this surge, State Police patrols, toll collection personnel and CITGO service trucks will join in a typical holiday effort to make travel on the Turnpike as safe and smooth as possible.

The State Police will take to the air in helicopter surveillance and control of traffic. Turnpike Authority Chairman Joseph Morecraft, Jr., declared that the "cooperation of the public will make the job of our Turnpike field personnel and State troopers much easier during the holiday rush. Once again, I want to stress the importance of adhering to safe driving techniques by the motorists who patronize the Turnpike. Their safety and comfort is our prime consideration."

The heaviest concentration of traffic is forecast for the evening of Wednesday, July 3, all day July 4, the morning of Saturday July 6 and the evening of July 7. Inclement weather, however, would adversely affect the traffic estimates.

Toll collection supervisors have been instructed to report any drivers who indicate fatigue or have apparently been drinking. All personnel have been told to be on the alert for drinking drivers. All those suspected of drinking will be examined.

State Police Troop D will look for violations of the "no parking, standing or stopping" regulation, hitchhiking and loitering and other limitations on Turnpike use.

As many troopers as possible will be assigned to road patrol.

There will be no construction work going on over the holiday weekend.

A man who sticks to his principles is stubborn; the man who doesn't is a hypocrite, — so what? Answer it yourself.

JUNIOR SHERIFF DEPUTIES — Essex County Sheriff Ralph D'Ambola (left) poses outside the Newark Courthouse with Belleville youngsters selected as special deputies under a new youth program. Those who will be asked to cooperate with law enforcement officers of their duties are: William Finn (fourth from right), grandson of

Patrolman William Finn (right); Brian Albanese, Brian Bedford, Daniel Di Santi Vincent Scoca, Kenneth Potts, Russell Purdue, Joseph Smith, David Melchionne, Barry Dunleavy, Phillip Nicastro, Edward Dolan and Michael Yannuzzi. Patrolman Francis Ward is also pictured.

Group Says Child Safety Is Problem

The summer vacation period is near at hand and the final bell of the school year is about to ring, thousands of school children wearing their favorite tee-shirts, shorts, tennis shoes, and catchers' mits, will be getting down to the business of baseball, bicycling, swimming, and sports in general.

Now is the time when adults should give more attention to the problems of child safety, for as the New Jersey State Safety Council points out, summer is the time of year when children are left to their own devices and are most prone to accidents.

A study by the Council reveals the following about play accidents:

More than one-third of the fatalities occur during the summer months.

The yard is the most dangerous play area—much more so than inside the house or on the school playground.

Boys being adventuresome are twice as likely as girls to get hurt while playing.

The most common reason for play accidents is that those responsible for overseeing the child's play are not on the job.

A word of caution to the motorist — when you see a ball bouncing out into the street between two parked cars — be careful, foremost assuredly it will soon be followed by a small child in hot pursuit.

Mowed Down By Neighbors

George J. Horak was reported by his neighbors to have been disturbing the peace when he started to cut his lawn 5:30 Sunday morning. When questioned by the police Horak irritably said, "What the hell is this" and was promptly arrested.

Medicare Will Encompass More Inpatient Coverage

Effective with 1968, the Medicare hospital insurance program provides additional inpatient hospital coverage known as a "lifetime reserve," William J. Arnold, social security district manager explained today.

In addition to the 90 days of hospital benefits previously available during a "spell of illness," a Medicare beneficiary can now draw an additional 60 days. Medicare hospital insurance will pay for all but \$20 a day of covered hospital expenses for the 60 days.

Berton Taffet To Attend University of Rochester

Berton Taffet, son of Dr. and Mrs. William Taffet, 413 Union Avenue, Belleville, has been offered admission to the University of Rochester for fall semester.

Tafet has been a student at Newark Academy, Livingston, since 1965. He has accelerated in mathematics and biology and wrote the advanced placement examination in both subjects this May.

A member of the Drama Club for three years, he played the lead of Elmer Dowd in last spring's production of "Harvey," and has been stage manager or performer in three annual variety shows.

He has been a regular staff member of "The Minute Man," the school newspaper, and has been copy editor for the yearbook, "The Polymnian."

A member of the Varsity Club, he has played varsity tennis for three years. He has also served as vice president of the Service Club.

Statewide Air Rights Survey Authorized

The use of airspace over and under present and future state highways in New Jersey urban areas is going to be the subject of an intensive one-year study.

Transportation Commissioner David J. Goldberg today announced that a consulting engineering and architectural firm has been retained to make a comprehensive study of highway air rights.

Tippetts • Abbott • McCarthy • Stratton, New York City, has been assigned the federally aided study to determine how the space over and under state highways can best be used for construction of public or private improvements needed by communities without interfering with the safe and efficient movement of vehicular traffic. The research will be particularly aimed at how the Department of Transportation can use air rights to cooperate in programs to revitalize cities. The possibility of joint development projects will be explored in the hope that air rights can contribute to the social, economic and esthetic improvement of the communities.

The consultant has been requested to consider programs and standards for possible air rights development. The study will include a review of economic feasibility, legal, highway engineering, architectural design and procedural aspects of air rights.

Commissioner Goldberg cited the growing urbanization of New Jersey and the increasing difficulties in carrying out major capital improvements in urban areas as compelling reasons why such an air rights study was required at this time. "New Jersey," he said, "today is the most urban state in our nation with 900 persons per square mile and much higher densities in our more developed areas. We expect this trend towards increased densities to continue for the foreseeable future since a population increase of nearly 50 per cent is forecast in the next two decades."

"With this ever continuing demand on our remaining land resources, we must attempt to maximize the return from the land areas occupied for major improvements such as highways. In urban areas it is conceivable that major highway projects will be acceptable in the future only if it is possible to devote some of the available air rights to other productive use. Certainly, the feasibility of such coordinate uses must be explored in an effort to provide a maximum return to the communities."

Use of airspace for construction is hardly a new phenomenon. The practice has prevailed for hundreds of years in

various parts of the world. The Ponte Vecchio Bridge, built in the Roman era over the Arno River in Florence, Italy, is one of the earliest structures built on air rights. Reconstructed in 1345, this famed tourist attraction is lined with goldsmith, jewelry and specialty shops.

In the 15th Century Leonardo da Vinci made notebook sketches of a covered roadway, a sort of forerunner of the depressing of the railroad right-of-way beneath Park Avenue, New York, at the turn of the century. Significant airspace development has since followed in New York, Boston and other large American cities.

A unique application was the four Bridge Apartment buildings, comprising 900 units and adjoining the three-level Up-town Bus Terminal built over the approaches to the George Washington Bridge in New York.

LADY CHATTERLY'S LOVER — Ken Eulo is the artistic Director of the Courtyard Playhouse which is now staging "Lady Chatterly's Lover" in New York. He found the set for his play here in Nutley.

Lady Chatterly Scene Located Here in Nutley

Courtyard Playhouse Productions, Inc., headed by producer-director, Ken Eulo has optioned a new musical...? comedy, "Frere Jacques" by Gerard Singer for production Off-Broadway in the fall. "Frere Jacques" was tried out in Brooklyn at Theatre 802. Mr. Ken Eulo is producer-director of the Courtyard

Elliott Pachman Elected Cancer Society President
Elliott Pachman of Union was elected President of the New Jersey Division of the American Cancer Society last night at the Division Board of Trustees meeting held at the Old York Inn, Hightstown. Pachman, senior member of Elliott Pachman and Co., Certified Public Accountants, Union and New York, succeeds Cecil A. Gordon of Paterson. He will take office at the Division's Annual Meeting on September 26.

Unity Concerts Will Begin In Fall with Extravaganza

One of the most vibrant and colorful presentations ever to be offered in Montclair is scheduled for the 1968-69 Unity Concert season at the Montclair High School. Direct from Mexico City on its second coast-to-coast American tour will be Javier De Leon's extravaganza, "Fiesta Mexicana." The company of thirty dancers, singers and musicians will perform here on Friday, October 18.

"Fiesta Mexicana" is literally a panorama of dance and musical traditions of Mexico from the pre-Hispanic and Mayan civilizations through the folk and popular dances of more recent years.

George Shirley will perform on Sunday afternoon, November 10. Shirley made his debut in Florence, Italy, as Romeo, and became a leading tenor at the Met in 1961.

The Pittsburgh Symphony Orchestra conducted by William Steinberg will be presented on Sunday afternoon, November 24. One of the truly great orchestras, The Pittsburgh Symphony's world-famous and widely acclaimed by critics.

The famous Salzburg Marionette Theatre will give two performances on Saturday, January 6. The first will be the lovely fairy tale, "Snow White" at a special matinee for children. The second performance at 8:30 p.m. will be "The Magic Flute" by Mozart. The world-renowned puppets are three feet high and were originally created by

Local Actors Are Featured In College Play

Two area residents have feature roles in the Seton Hall University production of "Oliver." Wendy Simon of Nutley and Raymond Fratella, Belleville, will be seen in this first New Jersey production of the long-run Broadway musical. "Oliver" is the first presentation of the Summer Theater-In-The-Round series being presented at the fully air-conditioned arena theater on the South Orange Campus. Following "Oliver", which will be presented three weekends, June 27, 28, 29, July 5, 6, 7, and July 11, 12, 13, will be Neil Simon's hilarious comedy "Odd Couple."

Tickets for "Oliver" are now on sale. Reservations may be made by calling 762-9000 or 667-6191.

Upsala Repertory Company Rehearsing 'The Hostage'

Brendan Behan's rollicking comedy "The Hostage" will be presented from Wednesday through Sunday, July 3-7, by the Summer Repertory Company at Upsala College's Workshop 90 Theatre in East Orange.

Weekday performances will begin at 8:15 p.m. The Sunday showing will start at 7:30 p.m.

State Offers Activities At Skylands for Summer

Visitors to the Skylands region this summer will find interesting activities offered free of charge through the N. J. Dept. of Conservation Development. Day-long wilderness hikes, auto caravan tours, slide shows and nature walks are all part of the season's schedule.

The wilderness hikes are planned for July 30 and August 10. Participants will meet at the Ringwood State Park office at 8:15 a.m. and will then proceed via auto to the start of the trail. Hikers should remember to dress appropriately and also to bring lunch along, as the hike will conclude about 2 p.m.

The span of life is too short for anyone to learn enough to brag about.

UNSUSPECTING VICTIM — For this middle-aged woman death seems quite close. Seeking comfort in Mrs. Himmel (Ruth White) finds murder instead. Excellent performances are given by Rod Steiger, George Segal and Lee Remick in the engrossing, often funny Paramount technicolor presentation, now showing at the Franklin Theatre.

If you're expecting a large group of guests and friends, what do you do? You light candles, of course. Here Ted Ribortella, owner of the Park Restaurant and Lounge, recently opened at 501 Washington Avenue, Belleville, lights his grand opening candles. Ribortella, an old hand in the restaurant business, offers delicious Italian specialties in this elegant restaurant on Belleville's main avenue. Park is open from 6 P.M. until 2 A.M.

Tenth of Nation's Colleges Represented at Union Session

About one - tenth of all the colleges and universities in the United States are represented at Union College's annual Summer Session, it was reported today by Prof. Farris S. Swackhamer, director.

Prof. Swackhamer said students who regularly attend 204 colleges and universities in 40 states are enrolled in the Summer Session. Last year the total was 155 and in 1966 it was 133.

All students who do not regularly attend Union College must have approval of their own institution before they can enroll in Union College's Summer Session, Prof. Swackhamer said.

OBITUARIES

Margaret Smith; Town Resident For 22 Years

A Requiem High Mass was offered Saturday morning for Miss Margaret E. Smith of 2 Rossmore Place, Belleville. Miss Smith, who was 77, died at Clara Maass Memorial Hospital of a prolonged illness last Thursday.

A resident of Belleville 22 years, Miss Smith is survived only by a sister, Mrs. Patrick Fitzsimmons of Newark.

Funeral arrangements were by the William V. Irvine & Son Memorial Home, 276 Washington Avenue. Saturday's Requiem Mass was at St. Peter's Church. Interment followed at Immaculate Conception Cemetery, Montclair.

Mrs. Pearl Firth; Lived in Newark

Mrs. Pearl Bousnel Firth of 268 Hornblower Avenue died on June 27 after a long illness. She was 74 years old.

She was born in Newark and lived there most of her life. She was a lifelong member of the Clinton Avenue Presbyterian Church.

She is survived by two sons, Neil P. and Jean B. of Fullerton Calif.; and a niece, Miss C. Baldwin of Belleville.

The funeral service was held at the William V. Irvine and Sons Memorial Home, Belleville. The Rev. George Booker officiated at the service.

William Daley; Town Resident Nine Years

William Daley, 38, of 68 Belmont Avenue, Belleville died Sunday, June 23 at Clara Maass Hospital after a brief illness.

Mr. Daley was born in Montclair and lived in Belleville for nine years. He is survived by four children, Karen, John, William and Charelene, all at home; three sisters, Mrs. Jean Lacey of Montclair, Mrs. Joyce Newton and Mrs. Grace Howell both of East Orange; a brother, Earl of Montclair.

Funeral services were held last Thursday at Martin's Home for Service. Interment was at Glendale Cemetery, Bloomfield.

John Vallance; Born In England

John Vallance died June 27 at Clara Maass Memorial Hospital. He was 88.

Mr. Vallance was born in England and came to Belleville where he resided at 44 Van-Houten Place.

He is survived by his wife, Henrietta Sherwen of Belleville; eight grandchildren; eight great-grandchildren; and one great - great grandchild.

Dr. Frederick Church of Christ Episcopal Church in Belleville officiated at the funeral service Monday. Interment was at Rosedale Memorial Park, Orange.

Banner Pheasant Season Forecasted For State

Another banner season may be in store for New Jersey pheasant hunters this fall, based on results of a survey of breeding populations released this week by Commissioner Robert A. Roe of the State Department of Conservation and Economic Development.

Wildlife biologists of the Division of Fish and Game utilized the "crow count" technique to ascertain population trends of breeding pheasants throughout non-urban areas of the State. Counts were made on 16 routes identical to those surveyed in 1967 and 1966, using the same methods and time as the two previous years.

Male pheasants crow at regular intervals during the spring breeding season, according to well-established scientific studies. Thus, by counting the number of calls during a set time period under identical conditions, a sound index of population trends can be obtained. The survey was conducted during May, and results were correlated by Principal Wildlife Manager George P. Howart.

The total Statewide index rose by five percent over May 1967. In 1967, a rise of four percent over 1966 was followed by the most successful pheasant hunting season on record, as determined by the annual Wildlife Harvest Survey.

Biologist Howard cautions that the spring survey covers only male breeders and does not include young pheasant broods. Many factors, such as weather and farming practices, can affect nesting success. The farm belt around Hunterdon County continues to show by far the highest ring-necked population; this primary range extends into western Somerset, northern and eastern Mercer and western Monmouth counties. This section showed a substantial increase in breeders over 1967, when it was the only area to drop from 1966; the 1968 total index for the four routes in this range was 253, compared to 209 in 1967 and 244 in 1966. Areas with medium quality

Teens Rescued By Cops In Rising River Waters

Three teenagers were rescued from the Second River in Belleville last Monday by police and passerbys. The youths had been throwing stones into the river when a sudden thunderstorm caused the River to rise. The boys were trapped beneath the Washington Avenue Bridge.

Patrolmen Carmen Pedalino and James Pindar responded to a call from Mrs. Ethel Cseh of 9 Tappan Avenue. Mrs. Cseh reported that the boys were unable to make their way from the bridge pier to a nearby bank. The policemen and several men lowered a ladder to the youngsters and brought them to safety.

pheasant habitat, which rose sharply in 1967, dropped back this spring, remaining above 1966. Three routes covering Middlesex, southern Monmouth and Burlington counties, plus a route in the farm district of southern Salem and northern Cumberland, had a total index of 78, compared to 103 in 1967 and 69 in 1966.

The remaining routes, covering areas with negligible habitat, were virtually unchanged from 1967. An increase over 1966 was noted in Morris and

Warren County routes. Index drops for these routes were 31 in 1968, 33 in 1967 and 17 in 1966.

Natural reproduction from this substantial breeding population will be supplemented by birds raised at the Forked River and Rockport State Game Farms and by 4-H co-operators. Stocking is done on lands open to public hunting before and during the upland season opening November 9, with the largest releases on the heavily-utilized State Wildlife Management Areas.

LEGAL NOTICE

SUPERIOR (CHANCERY) COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. P 499-67—Between Hazel Lasser, Plaintiff and Western Contemporary Homes of North Jersey, Inc. (also known as Western Contemporary Homes, Inc.), Prospect Gardens, Inc., The United States of America, and The State of New Jersey, Defendants. EXECUTION, For sale of Mortgaged Premises.

By virtue of the above stated writ of Execution to me directed, I shall expose for sale by Public Vendue, in Room 226, at the COURT HOUSE in Newark, on Tuesday, the 9th day of July, next, at one-thirty P.M. (Prevaling Time) all the following tract or parcel of land and the premises hereafter particularly described, situated, lying and being in the Township of Maplewood in the County of Essex and State of New Jersey, being vacant land known as 12 Washington Park, Maplewood, New Jersey, also known as LOT #177 on Plate #7 of the Maplewood Township Tax Index Map, being more particularly described as follows:

TRACT I known as Lot #39 on map entitled "Subdivision of Washington Park, Maplewood, Essex County, New Jersey, revised August 15, 1919, and filed in the office of the Register of the County of Essex September 4, 1919," said tract or parcel being more particularly described as follows: BEGINNING at a point formed by the intersection of the inner side of Lafayette Circle and the northerly line of Lot #40 as shown on map above referred to; and from thence running along said northerly line of said Lot #40 North 48 degrees 16 minutes East 90 feet; thence North 41 degrees 44 minutes West 100 feet; thence North 57 degrees 44 minutes West 44.58 feet to a point on the inner side of Lafayette Circle; thence along same on a curve to the left having a radius of 164 feet a distance of 167.71 feet to the point or place of BEGINNING.

Being the same premises conveyed to Hazel Lasser by Deed dated December 17, 1912, and recorded May 10, 1913, in the Register's Office of Essex County in Book 235, pages 368-370.

TRACT II being approximately as follows: Beginning at a point 90 feet North 48 degrees 16 minutes East, along the northerly line of said Lot #40 from the intersection of the inner side of Lafayette Circle and said northerly line of Lot #40 (also known as Lot #176 on the Maplewood Tax Index Map) (1) North 48 degrees 16 minutes East 14 feet; thence (2) North 41 degrees 44 minutes West 44.58 feet; thence (3) South 48 degrees 16 minutes West 14 feet; thence (4) South 41 degrees 44 minutes East 44.58 feet to the point or place of BEGINNING.

The approximate amount of the judgment to be satisfied by said sale is the sum of Twelve Thousand and Twenty-Four Dollars and Ten Cents (\$12,024.10), together with the costs of this sale.

BIONDI
Funeral Home
540 Franklin Ave., Nutley
661-2800 Ample Parking

The ruled box above is one inch of advertising space. It measures one column wide by one inch deep. It looks kinda lonesome by itself. But look at it this way: when you purchase one inch of advertising space in the SunBank Papers you don't get just a single inch of space in the papers, but one inch multiplied by our well read combination circulation of 18,700 if you add Accent Suburbia the figure climbs over 40,000.

So you are actually buying 18,700 inches of advertising space, which at 168 inches to the full page would be over 111 full pages of newsprint.

That's a mighty big chunk of space for \$2.40. And that

price includes safe and sure delivery of your advertising message to the reader's mail box. And you know that reader will read it thoroughly.

Just imagine the cost of reaching those 18,700 readers and their families by post card. It would cost you \$1,122.00 just for postage. And that doesn't include the cost of addressing and your administrative expense. The Sunbank Papers do it for just \$2.40.

Where else can the businessman obtain near saturation coverage of several of N.J.'s highest average income areas at only .0001c per delivered inch of advertising message?

GEORGE C. SAWYER

DR. RICHARD E. FAUST

CHARLES J. WILEY

Faust, Sawyer, Wiley Appointed Long-Range Planning Managers

FAREWELL — Sven Dodington (left), vice president of ITT Avionics Division, wishes John Greenhill good luck in his forthcoming activities with the U.S. Army. Greenhill, who has resided in Nutley the past 16 years, has accepted an engineering position with the Electronics Command at Fort Monmouth. He has served as an electronics engineer with the research and development laboratories of ITT's Defense-Space Group in Nutley. Greenhill was a member of the engineering team that developed and implemented the TACAN (Tactical Air Navigation) system. TACAN, originally developed for the Navy to permit carrier-based aircraft to home in on their ship at sea irrespective of weather conditions, is now used as a navigational aid by airplanes in all branches of the service.

The appointment of three new long-range planning managers has just been announced by Hoffmann-La Roche Inc.

Dr. Richard E. Faust received a BS degree from the Massachusetts College of Pharmacy and MS and PhD degrees from Purdue University. In June, he will be awarded an MBA degree in marketing by the Columbia University Graduate School of Business. A member of numerous professional organizations, and the author of twenty published scientific papers, Dr. Faust has previously served as director of product development at Johnson & Johnson, as manager of new products creation at Merck & Company, and as director of research and development at Potter Drug and Chemical Corporation. Dr. and Mrs. Faust and their three children reside at 80 Bayberry Lane, Watchung.

George C. Sawyer received both a BS and an MS degree in chemical engineering from the University of Wisconsin, and an MBA degree in management (with distinction) from New York University. He is licensed as a professional engineer and holds one Canadian and two American patents. A member of several professional societies, he has served in executive positions with the American Cyanamid Company for 17 years and with Commercial Solvents Corporation for two years. He and his family reside in Rockland County, N. Y.

Depositors Share in Dividend

Depositors at The Howard Savings Institution shared in record quarterly dividend of approximately \$9 million, Howard President John W. Kress announced today. The share values became effective June 1.

This is the 368th consecutive dividend to be paid by the institution. The largest in the bank's history, it will be almost \$1 million more than the dividend paid for the same period a year ago. The last four quarterly dividends amounted to more than \$34 million and cumulative dividends paid since the bank was founded 111 years ago will be almost \$339 million.

"Significantly," said Kress, "the dividend will represent an increase in earnings for many of our young people who have school savings accounts. This is a good indication that they are following in their parents' footsteps and saving more. The youngsters seem to enjoy that important 'growing-up feeling of having their own personal bankbook.'"

"Incidentally," he continued, "Many of these moms and dads started their own savings account in our school savings program. Now in its 46th year of operation, the program includes over 108,000 youngsters with deposits of almost \$4 million. The Howard continues to foster the habit of thrift with the young people because we believe it to be a vital part of their education. The ability to rely upon one's self in money matters is one of the best by-products of our school savings program."

At present, the school savings program is operating in 152 schools with the cooperation of Boards of Education in 10 municipalities. Student participation in the program begins in the kindergarten and continues through and beyond high school. To encourage thrift, the Bank credits interest on all school savings accounts of \$5 or more on March, June, September and December 1st.

The Howard Savings Institution with assets in excess of \$860 million is the largest savings bank in New Jersey and 16th in the Nation.

Theodore S. Hammer Nails Down Concrete Architectural Award

Theodore S. Hammer of Nutley, a fourth-year architectural student at the University of Cincinnati, has won an 'At-Large Honorable Mention Award' in the Portland Cement Association's Annual Architectural Scholarship Awards competition.

Hammer's award, one of eight in the U.S. and Canada, will entitle him to a scholarship for the summer session of the Fontaineblau School of Fine Arts in Paris, France. It includes transportation, room, board, and tuition up to \$1,500.

The scholarship and a plaque were presented to him by Warren H. Johnson, District Engineer of the Portland Cement Association at the Annual Awards Banquet of the University of Cincinnati Chapter of Architects.

Hammer's winning entry was a design for urban renewal for the central business district of Hamilton, Ohio.

PCA sponsors the competition "to encourage exploration of the uses of concrete as a construction material and to promote a thorough understanding of its proper application, function, and detailing."

In addition to the PCA Award, Hammer also received the Architects Society of Ohio Medal and second place award of \$100 for his activity in Operation Resurrection.

The latter is an effort to honor architect Henry Hobson Richardson by erecting a memorial with the stones from the old Chamber of Commerce Building which was destroyed by fire in 1911.

CONCRETE START — Theodore Hammer is shown receiving an Honorable Mention award in Portland Cement's annual Architectural Scholarship competition. He is flanked by Richard H.

Wheeler, head of the University of Cincinnati's department of architecture (left), and Warren H. Johnson, district engineer, Portland Cement.

Business Briefs

By Joe Sticco and Jack Gurewitz

National Newark & Essex Bank has acquired the National Business Credit Corp. of 972 Broad Street, Newark. Robert G. Cowan, chairman of the bank board and Robert A. Klein, president of National Business Credit, announced recently.

The acquisition was effected through an exchange of stock with Robert A. Klein and the U.S. Realty Investment Company who are the owners of National Business Credit Corp., Cowan said.

National Business Credit specializes in supplying businesses with operating funds, offering plans for financing accounts receivable, inventory, machinery and equipment, real estate and other special financing arrangements such as equipment leasing.

Cowan said National Business is now the Commercial Finance Department of National Newark and Essex Bank, and will remain in the offices at 972 Broad Street for an interim period. The new department will continue to offer specialized financing for businesses in need of operating cash.

A.P.L. Promotions
Raymond Zager, President of the Supermarket Services Division of the A.P.L. Corp., Linden, N. J., has announced the advancement of five company executives. Supermarket Services is a leading service distributor of Health and Beauty Aids and general merchandise to many supermarket chains, independents and co-operators in nine Middle-Atlantic and New England states.

Edward Spitaletta has been named Senior Vice-President, he was formerly Vice-President of Sales and Merchandising. In addition to his present duties, Mr. Spitaletta

will be responsible for coordinating the company's internal and external service operations.

Anthony Magaraci has been appointed Executive Vice-President, he was formerly Vice-President of Operations. In his new position, he is responsible for all company personnel and labor management.

Appointed Vice-President, Trade Relations was Raymond Briscuso, formerly a principal of the Richway Co., Wash., D.C., acquired by Supermarket Services in 1967.

Raymond Godleski was advanced to Vice-President in charge of Sales and Service, he was Vice-President in Charge of Health and Beauty Aids. Harry Hammer, advanced from the position of Controller to Vice-President of Administration and Finance.

Wakefern Officers
All officers and directors of the Shop-Rite Supermarket cooperative the Wakefern Food Corp., were unanimously re-elected recently at the organization's annual meeting. The dominant theme of the meeting, attended by representatives and operators of 130 Shop-Rite Supermarkets was progress and unity.

Shop-Rite's plans for continuance of the Wakefern warehouse as the most technologically advanced and largest facility on the East Coast were reviewed with the members. The program has been under development with the FMC, IBM and the Bell System.

Robert Luther, Henry was re-elected president; John Tully, Executive vice-president; George Szabad, Senior Vice-President; Edward Gold, vice president; Thomas Infusino, Vice President; Joseph Saker, secretary; Nicholas Sumas, treasurer; Robert Sickel, assistant secretary, and Sidney Singer, assistant treasurer.

Re-elected to the Board of Directors were Louis Druihan, Irving Gladstein, Lawrence Iserra, Joseph Mott, Steven Marjarian, Al Pal, William Rosenberg, Harold Wolfson, and Thomas Clare.

New Sommelier
Gordon Embley, manager of the Shop-Rite of Lincoln Park Liquor Store in Lincoln Park is now the proud holder of a sommelier key and tasting cup having just completed the Wine Captains Seminar, sponsored by the Sommelier Society of America.

The seminar is held annually at the International Geneva Association in New York. Mr. Embley, who likes to associate good food with good wine, has been with Shop-Rite 14 years. He was manager of the Boonton Shop-Rite before he became manager of the Shop-Rite of Lincoln Park Liquor Store. He is a graduate of the International Bartending Course at the International Bartending School, Inc., in New York and he has completed the correspondence

Pharmacists Elect

The Essex County Pharmaceutical Association at a recent meeting announced the election of its new officers for the following year. Accepting the presidency of the Association was Mr. Matthew Waters, a Newark pharmacist.

Waters, a Rutgers University Pharmacy Graduate, continued his formal education with further graduate work at Ohio State University. From 1952 to 1959, he was an Associate Professor of Pharmacy at Florida A and M University and acted as dean of the College of Pharmacy for three of those years. He is active in many professional, trade and fraternal organizations and is a Director of the Clinton Avenue Merchants Association. He is the owner of the Waters' Pharmacy, 541 Clinton Avenue, Newark.

The remaining officers installed were the following: first vice-president, Benedetto Giano; second vice-president, Rene Lagasi; treasurer, Roger Reed; secretary, Norman Abel; secretary of Health, Jack Collins; sergeant at arms, Michael d'Allegro.

Welfare Training

Sixty-five Essex County women are launching new careers this month following completion of a special course in Key Punch Operations at Compu-Train Systems Institute in Newark. The training was conducted under a special program sponsored by the Essex County Welfare Department.

The students, who had no prior marketable training, attended classes five hours a day for two months, and all but 11 of the original class of 76 successfully completed the course, and all but a few of the graduates already have secured jobs.

The program, which cost a total of \$32,900, is expected to save the taxpayers of Essex County \$134,000 in welfare payments over the next 12 months.

Swim Club to be Opened

For Use of Underprivileged

The Department of Transportation has combined highway construction with community cooperation. Commissioner David J. Goldberg announced today that a swim club acquired by the Department of Transportation for the construction of Interstate Route 78 will be made available to Essex County on a temporary basis until required for highway purposes. County officials have indicated that the swim club will be made available to underprivileged children during this and next summer.

The facility is the Fabyan Swim Club, Fabyan Place at the Newark-Irvington-Hillside border, formerly a private enterprise and one of the largest and best-equipped in the area. In addition to the main pool, it contains a wading pool, cabanas, snack bar, stage, volley ball and paddle ball courts and a playground area.

Seat Belts Save Lives Say Allstate

Sitting on your seat belts is not only uncomfortable but it could cost your your life. It's like keeping the fire extinguisher nice and handy out having no fluid in it, or installing a burglar alarm system and not hooking it up. It just doesn't make sense.

Even though the National Traffic and Motor Vehicle Safety Act of 1966 has gone into effect and requires seat belts to be installed in all passenger cars, the problem still isn't solved.

"I have them in my car" say some obstinates, "but I can't be forced to use them. And I won't!"

Don Costa, safety director of Allstate Insurance Companies, says, "There's nothing more frustrating to safety men than listening to such comments. It's been proven time and again that seat belts save lives; that they cut down immensely on the seriousness of injuries. Why then do drivers and passengers refuse to use them?"

If you are one of those people who oppose seat belts, Allstate's safety expert would like to punch holes in your favorite arguments.

Complaint: Seat belts are too much trouble.

Reply: It takes less time to fasten a seat belt than it does to put the key in the ignition and start the engine. To release the belt takes less than a second, which is three or four seconds shorter than it takes to put out a cigarette.

Complaint: "I don't need seat belts. I only drive in town at low speeds."

Reply: Statistics prove that three out of four traffic fatalities occur within 25 miles of home and more than half the injuries or fatal accidents at speeds under 40 miles an hour.

Complaint: A motorist can be trapped by a seat belt if his car catches fire or is under water.

Reply: A motorist tied down by a seat belt has a better chance to remain conscious since his seat belt will keep him from being tossed about in his car. He can release himself instantly at any time. Also such accidents are extremely rare.

Complaint: You're safer if thrown clear of a car in a smashup.

Reply: Without seat belts you're five times more likely to suffer a serious injury than a person kept inside a car, according to Cornell University's crash injury tests.

Complaint: Wearing seat belts in a soft-top convertible is useless.

Reply: The odds still are with the belted driver, since rollovers account for only one-fifth of all fatal accidents. Bets thus favor the person in soft-top convertibles in four of five accidents that would prove fatal.

Complaint: Seat belts cause abdominal injuries.

Reply: If you don't wear a seat belt the chances of suffering dangerous injuries to the lower torso in an accident are 1 to 40. The odds are increased in your favor to 1 in 250 if you wear a belt.

Further safety advantages of seat belts, Costa points out, are that if quality belts are properly installed, they are not only comfortable, but they hold the driver and passengers down safely when going over bumps in the road or when turning sharp corners. This allows the driver to concentrate more completely on the driving, the current traffic situation and changing road conditions. They also improve your driving posture and ease back ache.

Points for the defense are endless. Avoid running the risk of being placed in the column, "If they had only fastened their seat belts..." Use them every time you drive!

High School Graduates Offered Prep Program

College-bound high school graduates of the suburban Essex area will have a chance to enroll in a nationally-known "How to Study in College" course being given in Montclair August 26 to 30.

The Montclair-North Essex Y.W.C.A. has announced that the program — a one-week, five-evening series of lectures developed by two Purdue University professors — will be held at the Y's new building at 159 Glenridge Avenue, Montclair. The service is offered to recent high school graduates.

Not a remedial course, the "college survival" program is aimed squarely at a long overlooked college entrance problem — the transition the student is forced to make from high school to the rigors of academic life at college.

The course was developed several years ago by Robert F. Schwarz, Dean of the Purdue University North Central Campus, and Howard D. Murdock of the Purdue Chemistry Department. Since then, the course has been offered at all the five campuses of Purdue University in Indiana and at Y's all over the country. In 1967, it was offered at Y's to over 4,000 students in 45 cities.

Since its inception in 1956, the course has been the subject of many special newspaper and magazine articles and radio and television programs. The highly regarded Christian Science Monitor covered the course in a two-part series, and the Associated Press made it the subject of a special feature.

Subjects covered in the five lectures include: How people learn. Why we forget. The art of listening. How to take college lecture notes. Motivation for maximum college performance. How to plan your time, basic study formula, Techniques of review, Themes and reports, Preparing for and taking tests and examinations. The vocabulary of college. What you need to know about each course and professor. When and how they differ, and Personal problems in adjustment to college living.

Schwarz and Murdock feel that the success of the course has been due primarily to the time of year it is offered — the summer, when the new high school graduate is most highly motivated concerning college.

"The books on the subject are many and excellent," says Schwarz, "but the truth of the matter is that not many of these find their way into the hands of students. If they do read them, it is either too early or, more unfortunately, too late."

The two educators have avoided inflicting on their listeners the humdrum academic which pervades some college classrooms, favoring instead straightforward, understandable and at times breezy language.

"We attempt to present some refined techniques related to the learning process in a college atmosphere," says Murdock. "We explore the problems, discuss and demonstrate techniques, and try to instill confidence in the student. We attempt to make the transition from high school to college a positive rather than a negative one."

"We are happy that the authors of the course have arranged to have it presented in Montclair," said Mrs. Gene Niederhauser, Y.W.C.A. Program Director. "It is another means whereby the Y.W.C.A. can offer real public service in the community. In this case, we are combining our resources with those of recognized college educators in an attack on a very real, but often overlooked, problem in education — the college freshman dropout."

Enrollment details are available at the temporary office of the Montclair-North Essex Y.W.C.A., 40 Church Street, Montclair, telephone 746-5400. The fee for the course is \$20.00. The program is open only to high school graduates.

Day Camp Reports Increase Of 34 Per Cent Over 1967

More than 100 youngsters have started the first session of UNAMI Day Camp, an increase of 34 per cent over last year, it was announced by Robert Berger, chairman of the youth department Day Camp of the Oranges YMCA, Maplewood and West Essex.

Beginning with Monday of last week, the campers started at the Tulip Spring area in the South Mountain area where they explored the whole area, and bass were discovered.

BOYS STATE — Residents of the northern section of Essex County attending the 23rd annual Jersey Boys State at Rutgers University are (left to right) front row: Steve Fink, West Caldwell; Nick Vitillo, Nutley; Peter Porciello, Bloomfield; Charles Messina, Belleville; Gelston Hinds, Jr., Montclair; Bruce Comiskey, Verona; Greg Stoute, Nutley; Warren Baas, North Caldwell. Second Row: Arthur Martin, Cedar Grove; Howard Buchoff, Bloomfield; M. Arnold Wight, Bloomfield; Joe Uzzolina, Bloomfield; Paul Pelosi, Bloomfield; Jim Bimbi, Nutley; DeForrest Soaries, Montclair. Third Row: Jeff Earle, Livingston; Tom Jones, Livingston; Jan Bresky, Livingston.

ed more than 12 inches long. The next day, Tuesday, the kids spent at Charm Acres' Great Swamp area where they met, first-hand, many of nature's creatures. On Wednesday, the kids were taken to the National State Park at Atlantic Highlands where collecting sea shells and salt water

swimming was the order of the day.
