

Commission Receives Bids That Pave Way On Resurfaced Streets

Bids were received at Monday's Commission meeting for re-surfacing of streets in Belleville.

The areas affected, totaling over 75,000 square yards of roadway, are sections of: Division, Delavan, Columbus, Brighton and Fairway Avenues; White Oak and Leslie Terraces; Greylock, Elena and Wilson Places; Crest and Birchwood Drives; Ogden Road and Emmet, Little, William, Terry, Maier, Grove, Springer, Holmes, MARY, Alva, and Academy Streets.

State Okay

State approval is necessary before the Commission can award a contract for the work. However, Town Engineer John J. Vreeland feels, "that part is all routine now."

Vreeland stated that a \$40,000 program was set up for the project, incorporating

state aid in the amount of \$36,000. Though this figure is variable, only about \$4,000 of town funds will be required.

Improved roadways and parking facilities are tasks the Commission is tackling to halt the exodus of shoppers from Belleville. To achieve that end, the Commission leased the Fidelity Union Trust Company parking lot on Greenwich Street, to provide between 25 and 30 parking places for Washington Avenue shoppers. Meters will be used on the lot at the rear of the bank building.

Lots Near Town Hall

Another move that should reach fruition later in the year was the appropriation of \$100,000 for the purchase of four lots north of Town Hall on Washington Avenue.

Mayor Kenneth Smith estimates that between 100 and 125 parking spaces will be available. There are no immediate plans to destroy the buildings now on the lots, but the spaces behind the buildings will be employed as parking areas.

In a related project, the Commission is awaiting state approval for opposite side of the street parking. The move will aid town cleaning operations.

Signs will also have to be put up alerting motorists, before alternate parking goes into effect. "We hope to accomplish this before winter and the snow," notes Mayor Smith.

Graduation Edition Available

The special edition of The Belleville Times containing news and features relating to June college graduates is now available on all local newsstands.

Originally scheduled for publication Monday, the appearance of the special edition was changed to later in the week.

Copies of the special edition are being mailed to all regular subscribers of The Times at no additional cost.

Parole Violation Gets Time Spent

Patrick Dell Cioppo of 28 Sanford Avenue, Belleville, was sentenced to the time he has spent in jail for the violation of his parole at last Wednesday's Nutley Municipal Court.

He has been serving in the county penitentiary since June 19 on a domestic relations charge and Judge Edwin J. C. Joerg suspended his probationary violation sentence because of the time he had already put in.

Meeting Upcoming On Library Expansion Between Commission and Library Board

PAT'S ARMY — Mayor Kenneth Smith and Commissioners Strumolo, Senator and Cullen are all smiles as they present a resolution of congratulations to Patrick

Dunleavy. Pat recently won the New Jersey P.G.O. Junior Golf Tournament Championship.

J. Grande Reappointed On Planning

The Board of Commissioners have been requested, by the Town Library Board, in a communication received at Monday night's meeting, from Kenneth R. Broo, President of the Board of Trustees, to grant a hearing regarding the acquisition of property for an expansion of the library.

A tentative date of next Monday has been arranged, pending contact with officials of the library board by the Commission.

Plans to buy land ran into a legal snag at the June 25 Commission meeting. Town attorney Nicholas Amato stated the library board was premature in paying over a \$1,000 down payment on a \$5,000 option to purchase land on Washington Avenue.

Library Autonomous

Amato said the board should first have obtained the permission of the Commission. Though an autonomous body, the library board wishes to operate within the framework of the Commission's governing procedures.

Other communications received at Monday's meeting were: Mrs. Karen Patterson tendering her resignation as a member of the Local Assistance Board, due to result of moving to Warren Township; Reverend Francis J. Blake, Pastor of Holy Family Church, expressing appreciation to the Board of Commissioners for their consideration in a resolution to the Right Reverend Monsignor Anthony DiLuca stating congratulations and appreciation for his many spiritual contributions to the community; Mrs. Angela Teora, 67 De Witt Avenue, objecting to a proposed parking area for private cars alongside her property.

The Public Works Department reported construction in the amount of \$181,620 for

(Continued on Page 3)

Town Cancer Drive Enters Final Stage

Commissioner Vincent Strumolo, Belleville Community Cancer Crusade Chairman, today, appealed to Crusade Volunteers to complete their call-backs in a final effort to bring the 1968 Crusade to a

successful conclusion.

Commissioner Strumolo said, "The records of the Essex County Chapter of the American Cancer Society disclose a tremendous increase in the number of inquiries, by the public, for information on how to recognize and fight cancer. We feel that the consistent educational programs of the American Cancer Society have, in large measure, helped prepare the minds of people that, with their aid, cancer can and will be conquered."

The chairman, noting public participation in the November Pap Smear Test Day, stated, "We are very proud of the 172 women from Belleville who took the Pap Test. These ladies are the front line fighters and it becomes our duty to support their efforts by raising funds to help in cancer research and services. Together, we will defeat cancer."

All crusaders are asked to return their kits and any collections to their chairman or the local bank.

Meter Maid Maligned

Using foul and abusive language to one of the town metermaids led to the conviction of Mrs. Julia Bianski of 450 Washington Avenue, Belleville, at the July 18 meeting of the Belleville Municipal Court.

Mrs. Bianski received a parking ticket from officer Sara T. ... On receiving the ticket, she began using abusive language to Mrs. ... who immediately called the police station for assistance.

Judge Edward Abramson issued her a 30 day suspended sentence and a 6 month probationary period.

Announcement of New Officers Made By Local Zoning Board

The announcement of new officers was the high point of the July 2 meeting of the Belleville Zoning Board of Adjustment.

The officers were elected at an Executive Meeting which took place prior to the evening meeting. The term of office for the new men is one year, from July 1, 1968 to June 30, 1969.

Norman Lauterette was again elected Chairman of the Board, John Morello was elected Vice - Chairman, and Chester Prosperi was named Secretary.

In August of 1967 five men were appointed to a four year term on the Board. The recent elections mark the second

year that Lauterette and Prosperi have been officers. It is Morello's first year in an elected post.

Two Story Addition

The meeting then progressed to new business, and Joseph Iannitelli of 18 King Street, Belleville, applied for a permit to erect a two story addition to his home. The addition would contain an extra two bedrooms and an interior rear stairway.

The home is in a Resident B Zone, but is classified as a non-conforming use for the reason that one side yard is below the minimum requirement of three and a half feet.

Iannitelli was represented by Anthony T. Drollas of 489

Prospect Street, Nutley. He cited the fact that there were a number of misuses of the B Zone rules in the neighborhood, and the fact that Iannitelli has four young children and needs the extra room.

Chairman Lauterette reminded the Board members "that what we are confronted with here is the fact that normally speaking, he would not have to come to us for a variance except that the originally built home was not centered on the lot which makes it a non-conforming use. Therefore, what he is seeking here is only an extension of a non-conforming use."

After an adjournment, the Board granted the variance.

Services Halted At Post Office On Saturdays

Area residents who want to send packages, buy stamps or mail registered letters, are going to have to do it on Friday instead of Saturday as of July 27.

The local post offices have announced that there will be no window service whatsoever on Saturdays. The offices will be open from 8:00 a.m. to 10:00 a.m. for box holders and callers, but there will be no over the counter transactions.

This move will be followed, probably sometime in September, by a phasing out of Saturday home deliveries. These changes are a result of cut-backs proposed by the Postal Department.

Remedial Instruction Program For Underprivileged Kids

RAPT ATTENTION — Students at School 1's remedial instruction class improve their reading skills

through the use of a reading machine and the teaching of Mary Ann Lilore.

Last Thursday marked the end of the third consecutive year of Belleville's Remedial Instruction Program for underprivileged children.

Under the directorship of Archibald J. Gallombardo and the auspices of Title I, Elementary and Secondary School Act of the federal government financially deprived. It provides educational development which compensates for those hardships brought by low socio-economic status.

"It's run for both public and non-public school children," stated Gallombardo, who is also principal of School 5. If a child is a Belleville resident, he can take advantage of the program. St. Peter's, St. Mary's, Holy Family, St. Anthony's and St. Valentine's students have participated.

Open To All

"It costs the town nothing," Gallombardo explained. "It just has to be eligible." (A certain number of families under \$3000 yearly income are required, however the service is open to anyone). "I can't refuse anybody."

The program offers reading instruction, tutoring and medical and psychological services. Textbooks and reading machines are also provided. Enrollment for this year was 200, and "attendance has been very strong," according to Gallombardo. "It's an attack on social inertia and low degrees of interest and motivation."

Students were divided into

three areas of instruction: Grades one through three at School 1; Grades four through six at School 9; High schoolers, a machine course leading to IBM operation at the high school. "The centers designated were selected on the basis of convenience and ease of accessibility." Transportation was provided for students; they were bussed to both schools. A hot catered lunch was also included.

Parents Help

School principals recommend students who could most benefit from the plan. A psychologist and social worker are in charge of placement after examining information on individual difficulties. At the end of the program the parents are called in and progress is discussed. "We hope they'll assume some guidance," says Gallombardo.

Seminars were held with non-public school administrators. Then the program was written according to guidelines discussed. It was set up to provide

a classroom teacher and aid for groups of twenty.

There were 35 sessions, held Saturday morning 8:30 to 12:30 a.m. (Sessions were held Wednesday and Thursday of the concluding week). There were specialized teachers: a speech therapist, nurse, psychologist, social worker, attendance officer and librarian.

Objectives

The plan's objectives were: 1. To provide full development of disadvantaged children. 2. To provide needed language experiences. 3. To provide more individual instruction. 4. To provide learning materials adaptable to the special needs of these children. 5. To promote physical, social and mental health. 6. To provide for individual needs, such as speech services, remedial reading and guidance counseling.

It was anticipated the program would increase the children's skills so they could be more effective in regular school and less likely to be

come dropouts.

Success of the effort will be judged by teachers in social work, psychology and the medical and dental area.

It's aimed at the primary causes of poor achievement and the effects of hostility, frustration and delinquency, attributed to inadequate social and verbal experiences.

The program was concerned with identifying the needs, abilities and talents of deprived children and to develop a remedial education program which would meet their needs. It was involved with them, not only the three R's, but hygiene instruction and psychological assistance.

Reading Aid

Discussing the reading machine which develops coordination and speed and allows the child to learn to read groups of words at a single span, Gallombardo described it as "a fine aid, but nothing that can replace a teacher, who is indispensable." Speed

(Continued On Page 5)

Accordionist Donald Hulme Playing In Montreal, Washington Convention

Donald Hulme, accordionist, of 122 Bell Street, Belleville, who just returned from a four month tour of Japan and Nationalist China, is now appearing in Montreal and Ottawa, Canada.

Starting last Monday, through July 26, he was guest soloist for the International Platform Association convention at the Sheraton Park Hotel in Washington, D.C.

Proposed guest speakers for

the five days are President Johnson, Vice President Humphrey, former Vice President Richard Nixon, Senator Eugene McCarthy and Governor Nelson Rockefeller of New York.

State Jaycees Name Joseph Nadler Veep

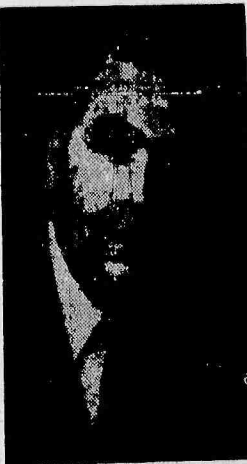

Joseph H. Nadler, former president of the Nutley Jaycees, was recently elected Vice President of the New Jersey Jaycees. Mr. Nadler joined the Nutley Jaycees in January 1964, was elected Director in May 1964, President in May 1965, Chairman of the Board

in May 1966 and Director in May 1967.

Among the awards Mr. Nadler has earned in the Jaycee organization are: Outstanding Spoke 1964, Outstanding Spark Plug 1965 and 1968, Key Man Award 1967, and as the outstanding public speaker in the area, the Speak Up Award in 1967.

In February of this year, Mr. Nadler was elected Senator in the Junior Chamber International, the highest honor a Jaycee may receive. Others to have received this honor include Richard Nixon, Hubert Humphrey and Barry Goldwater. Mr. Nadler was also selected to appear in the 1968 edition of "Outstanding Young Men of America".

Mr. Nadler is a graduate of Boston University, a member of Tau Epsilon Phi Fraternity and is now proprietor of San Towel Service of New York City and Belleville, N.J. He resides with his wife, Sheila,

JOSEPH H. NADLER

and their two children, Ruth and James, at 141 Morning-side Road, Verona.

Robert Treat Council Scout Staff To Attend National Conference

Boypower '76, the 8-year, long-range plan of the Boy Scouts of America which will begin January 1, 1969, will be the basis for a week's training in August for the professional staff of the Robert Treat Council Boy Scouts of America according to Robert M. Fee, Scout Executive.

The National Training Conference will be held at Colorado State University, Fort Collins, Colorado.

Scouting career men who will attend the professional launching of the new long-range plan include Charles Harlow and Robert Dugan, Field Directors and the following district Scout Executives and Assistant District Scout Executives: Milton Berry, Peter Cacka, John P. Hotz, John P. Bennison, William E. Dorival, James L. Murray, Robert Yanosey, John W. Mayer, and Roosevelt Spanna, the

Inner City Neighborhood Scout Executive.

Volunteer Scout leaders of the Robert Treat Council have already started to establish goals that will ensure the relevance of Scouting to the needs

of youth, determine the level of quality to be maintained, secure needed personnel and resources, develop methods of fixing responsibility and measuring results, and establish methods of the Boy Scouts of

Archie Moore Visits Area Scouts Camp

Camp Mohican of the Robert Treat Council, Boy Scouts of America had the pleasure of Archie Moore's presence in camp last week. He was boxing's indestructible light heavyweight champion of 1952 to 1962.

Since Moore's announcement to serve as Community Relations Specialist for the Boy Scouts he has been rendering

services by bringing the advantages of Scouting to boys of all faiths, races, and economic levels.

Moore traveled extensively around the 1,700-acre camp located in Blairstown, New Jersey. He visited with boys of the Belleville (Troop 387, St. Anthony's), Irvington, and Newark areas. He participated in and observed boys in various Scouting skills such as swimming instructions, archery, and Scoutcraft. The former champ was very impressed with the Camp and was pleased to learn that each Scout camper advanced one rank in swimming and that many Scouts earned collectively more than three hundred merit badges.

Moore's tour of Camp Mohican terminated with a Scout hand-clasp from John Mayer, Camp Director, in appreciation of his interest to visit the Scouts of the Robert Treat Council.

Airport Mail Facility Due For Newark

A new mail plant is now being readied to serve the Airport in Newark said Postmaster Joseph J. Benucci.

Located at 484 Carnegie Avenue, the one story building will have an interior space of 20,000 square feet and a parking and maneuvering area of 37,000 square feet. Benucci said it will cost approximately \$30,000 to remodel.

The building which will be leased from its owners, A&F Enterprises, Inc., by the Post Office Department for three years, will have renewal options running through one year.

Benucci estimates the remodeling will take two months to complete, after the plans have been approved.

Mountainside Hospital Planning Multi-Million Dollar Expansion

Mrs. Kendall B. De Bevoise, President of The Mountainside hospital, announced plans for a multi-million dollar program to improve and expand Mountainside's facilities at a press conference held at the Hospital yesterday.

Mrs. De Bevoise also announced that John deC. Blondel, long prominent in Montclair civic and business affairs, has accepted the appointment as general chairman of the forthcoming campaign to raise funds for the Hospital's building program.

Mrs. De Bevoise said that the Board of Trustees has been considering the need for additional facilities since the conclusion of the last building program in 1960 and had been actively engaged in planning for expansion for the last four years. She said the final decision to undertake the present program was made because of the desperate need to overcome the Hospital's primary problem — "a serious shortage of space accompanied by what, in some areas of the Hospital, amounts to practicing 1968 medicine in 1929, or even 1915 facilities."

"We have the equipment, we

have the manpower, but we are just bursting at the seams. We must have more space if we are going to continue to provide modern medical services to the increasing number of people and communities we serve."

Mountainside has been built in stages with previous construction at the Hospital taking place in 1915, 1923, 1929, 1931 and the last major addition in 1959. Its present bed capacity is 361 adult beds and 57 bassinets.

The basic building program which has been approved by the Board of Trustees and the Medical Staff of the Hospital, provides for enlargement of the Departments of Radiology and Laboratories; makes provision for a new major operating theatre; a new ambulatory care center, including out-patient clinic and an enlarged Emergency Department; and an expanded area for intensive coronary care.

An essential part of the program calls for the replacement of outmoded ward and other beds throughout the Hospital with approximately 100 new beds. In documenting the need for expansion, John C. Imhoff, Executive Director of Mountainside, pointed out that the Hospital's primary service area has grown from eleven communities to eighteen with a population of over 500,000 people.

JOHN BLONDEL

Six-Month Sentence For Check Passing

Passing bad checks led to the conviction of Arthur Patronsky of 181 Paterson Avenue, Kearny at last Thursday's Municipal Court.

He was convicted on 11 counts by Judge Edward Abromson who sentenced him to a six month suspended sentence and a two year probationary period. The Judge also warned that if the money weren't paid back within a year, he would go to jail.

'Ping Pong' This Weekend At Repertory Company

"Ping Pong," Arthur Adamov's contemporary satire on the young executive's passion for business success, will be presented today through Sunday by the Workshop 90 Summer Repertory Company at Upsala College, East Orange.

In bizarre comic style, the play lampoons the eager young businessman seeking to advance himself through scheming and conniving.

America with its partner institutions. Fee explained.

Specific numerical goals will be related to such items as boy members, Scout units, unit leader training, Scout units qualifying as national

standard, professional staff, and local operating expenditures.

Someone has suggested that the outer garments of patriotism often cover the underwear of self-interest.

Grande

(Continued from Page 1)

June, Tax Collector William Friel showed receipts for June in the amount of \$232,832.

Continued on table was an ordinance providing for and authorizing purchase of lands for public use at 602 Union Avenue.

Resolutions passed were: authorization of additional payment to Gonnello Bros. for the improvement of Laurel Court and Park Place, ratification of the re-appointment of Joseph Grande as a Class IV member of the Belleville Planning Board for term of six years.

Fidelity Union Trust OK's Regular 65-Cent Dividend

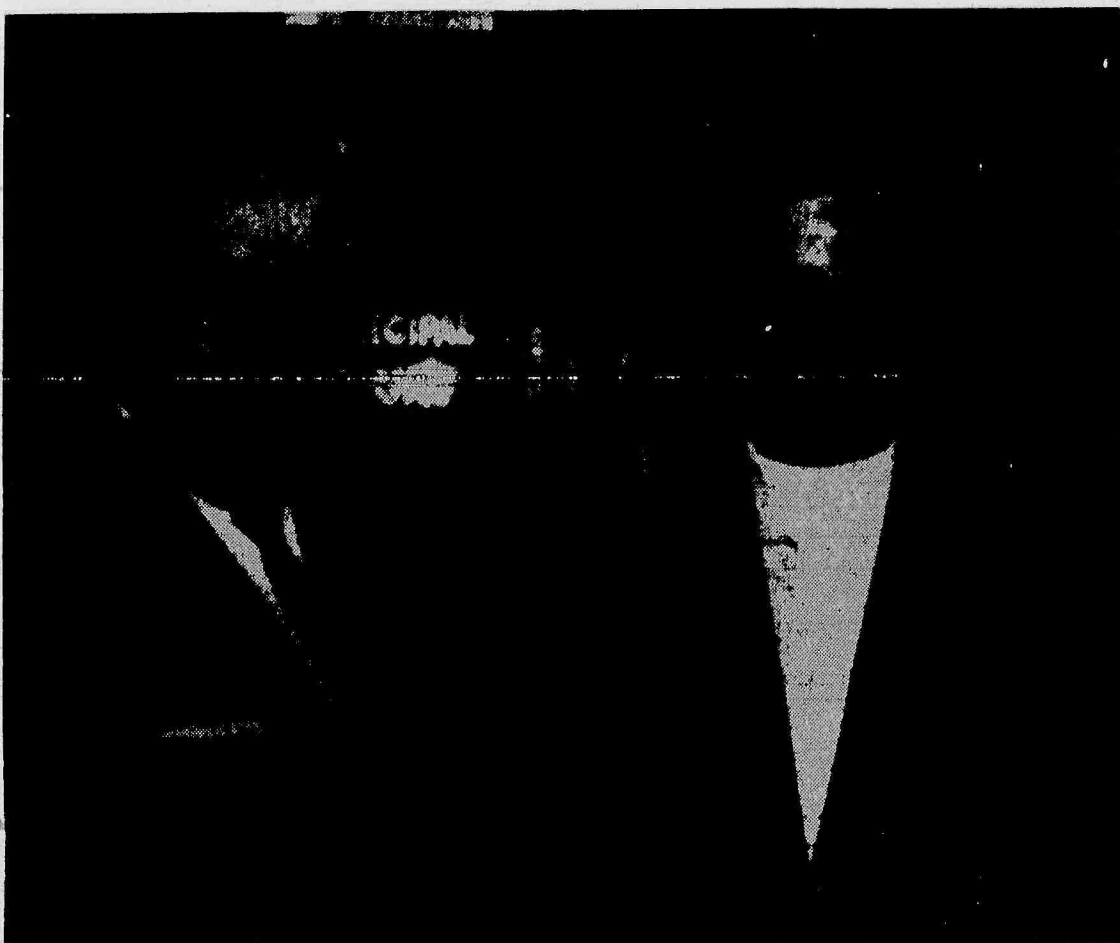

The Board of Directors of Fidelity Union Trust Company today voted the regular quarterly dividend of 65 cents a share, payable August 1 to stockholders of record as of July 19, 1968.

Use Bath Tub to Introduce Children to Swimming

Edwin Vila, Aquatic Director of the YMCA of the Oranges, Maplewood and West Essex concluded his suggestions on introducing the very young child to the water and swimming in water for the first time.

Vila suggests that before starting a tiny tot on any swimming or introduction to the water program, that you get the youngster used to being in the water in the bath tub. Fill the tub deeper than usual, then gradually lower the temperature from warm to tepid.

At the beginning, let the child adjust gradually to the new environment of poolside, or shoreline. Have the child sit on the edge of the pool, feel the temperature of the water, then put a child's flotation device on. Then, with the child's feet in the water, enter it yourself and splash, gently, about. Get the child wet very gradually.

GOLFER'S AID — Commissioner McGreevy poses with links champ, Pat Dunleavy at Monday's meeting. Pat was presented a box of golf balls.

Edward Reese Appointed Head Of Elizabeth's Janet Girls Home

John A. McManus, President of the Board of Trustees of the Janet Memorial Home, Elizabeth, announced today the permanent appointment of Edward J. Reese, M.S.W., as Executive Director of the home. McManus, in announcing Reese's appointment, issued the following statement: "We have made the selection of Mr. Reese as the Executive Director of Janet Memorial Home after a careful study of how best to serve the teen-age girls who have been placed in our care. The Board of Trustees feel that the recent commendation by the Welfare League of America, after their study of the on-going program for adolescent girls conducted at Janet, also carried with it a mandate to continue the program as it is now developing, and to explore and expand in those areas of child care which recent surveys have shown to be successfully therapeutic. In Mr. Reese, we believe we have found the man to carry on the Janet Memorial Home tradition of help to New Jersey youngsters.

"Mr. Reese, being a young man, will help bridge the generation gap. His experience, previous to coming to Janet Memorial Home, makes him

exceptionally fitted to our program. At Bloomfield College, from which he graduated in 1963, he majored in psychology, and, while there, he was the Children's Supervisor at the Essex County Children's Emergency Shelter. After graduation, he was the Senior Children's Supervisor at the Shelter. Mr. Reese then attended the Graduate School of Social Work, Rutgers — the State University, and matriculated as a Master of Social Work. While at Rutgers he held a teaching assistantship.

Reese is associated with St. Timothy's House (a group home for adolescent boys); Juvenile Aid Officers Association; National Association of Social Workers; N. J. Association of Child Care Workers; past member of Youth Advisory Board of Belleville; and is on the Board of Trustees of the Citizen's League of Elizabeth.

Reese, in accepting the appointment as Executive Director of the Janet Memorial Home announced that he planned to reinforce the professional staff by the addition of Dorothy F. Loftus, M.S.W., as advisor and consultant to the non-professional workers at Janet.

Mrs. Loftus, a graduate of Calvin College and the University of Illinois, has been associated with the Linden Hill School, Hawthorne, N.Y., a residential treatment center for adolescents; Resident Supervisor at Youth Service, Inc. of Philadelphia; was the Executive Director of Philadelphia International Program for Youth Leaders and Social Workers. Mrs. Loftus will be responsible for the in-training of the non-professional and student workers.

Reese, in vacating his position of Director of Social Services at Janet to accept the position of Executive Director, has retained Gordon Jacobs, a graduate of the University of Chicago and from the School of Social Work, Indiana University, to be Director of Social Services. Jacobs had been associated with Family Service of Morris County; Family Service Bureau of Newark; Family Service of the Oranges and Maplewood; and the Essex County Youth House. He has been coordinator of the Child Study Team in Belleville, and in Dover. Jacobs also has a private practice in family counselling and marriage in Convent, New Jersey.

Reese stated that "the adolescent girl of today faces an entirely new world, a world that looks upon youth in bewilderment. The instability of nations, the atomic and space age, the violence in the streets, the recent assassinations, the lack of respect for law and order, the disdain for authority figures, all have their impact on the adolescent and their emotional and social growth. Working with the tools and techniques that are at our disposal: psychological testings, psychiatric care where indicated, remedial and tutorial help, group therapy, will be utilized to help our youngsters to become useful, self-sufficient adults. With the cooperation of all facets of our society, the schools, the church, the community at large, we shall carry on the tradition started at Janet Memorial Home one hundred and ten years ago of the best possible care for New Jersey youngsters who, for varied reasons, must live away from their families."

McManus stated that, with the appointment of Reese as Executive Director, the plan to expand the Janet Program, as recommended by the Child Welfare League of America, will soon bear fruition by the acquisition of the first Group Home as an extension of the services offered to teen-age girls by the Janet Memorial Home. The Group Home program, as projected by the Board of Trustees' Long has been funded by the Turrell Fund in recognition of Janet Memorial Home's progressive leadership in child care in the State of New Jersey.

Mr. and Mrs. Reese and their infant daughter will take up their residence at the Executive Director's home at 636 Westminster Avenue in early August. Mrs. Reese is the former Miss Mary Ann Juiliano of West Orange. Mrs. Reese has just given birth to their first child.

Rights Leader Charges Attack

Henry M. Di Suvero, former head of the New Jersey chapter of the American Civil Liberties Union, testified on Monday that he was punched in the groin by Anthony Imperiale, president of the North Ward Citizens Committee of Newark.

Di Suvero told Federal Judge James A. Coolahan that the militant white leader struck him on April 20 after an incident at the Military Park Hotel.

The testimony came at a

hearing on a civil complaint by the ACLU that Imperiale, the North Ward Group, the Newark Police, and the Essex County prosecutor's office conspired to harass individuals and deprive them of their rights. An injunction is being sought.

Ravi Shankar Featured This Weekend at Asbury

Ravi Shankar, the virtuoso musician who introduced the sitar to Western Concert audiences, will give two shows at 7:30 and 9:45 p.m. this Saturday, highlighting Moe Seplee's "summer of stars" lineup at Convention Hall.

Ravi Shankar will be accompanied by Alla Rakha playing the tabla, the double drums which provide both percussive and melodic accompaniment, and Kamala Chakravarty playing the tamboura, astringed droning instrument that provides hypnotic background for the sitar, classical stringed instrument.

Assault Charge To Grand Jury

Striking an officer was considered serious a matter on Thursday by Judge Edward Abramson who referred the case of Anthony Donatello of 18 Bridge Street, Belleville, to the Grand Jury.

Donatello was accused of striking Officer Martin J. McNish, with no provocation.

That Fort Dix Beating

The alleged attack of Private Civinski by his Army buddies manifests the trend toward a militaristic state, fast becoming reality in this country.

Peter Civinski, the soldier's father, reveals it has taken two months for the Army just to release his son for examination by a neuro-psychiatrist to

determine the cause of headaches and dizzy spells.

Why not make mandatory military service a six-month proposition, instead of the current two-year program? Or, allow service in organizations such as the Peace Corps and VISTA as sufficient. Up the pay for enlistees. It might obviate unnecessary hardships. R.D.

The Hope Of Youth

In recent months and years activities of young people all over the world not only made newspaper headlines but have caused government and educational crises. These activities have led some to conclude, as some always have, that the younger generation is going to the dogs.

What is sometimes overlooked is the fact that five per cent of the young people make ninety-five per cent of the noise. Nor is all the noise misguided. Some leads to constructive change or improvement.

Young people have accomplished great things throughout history. One is often taken aback upon learning the

age of Jesus, or great scientists, conquerors or philosophers at the time of their accomplishments. In other words, one need not be old to achieve big things. Often the lack of restraint or doubt in the young, the more absolute faith and confidence (however naive) brings about success.

An unemotional glance around us reveals that the great majority of our young people are well-behaved and good citizens. They are certain to accomplish much, since they have advantages no other generation had, such as television and rapid means of transportation and communication and a higher standard of living than any generation before them enjoyed.

A Losing Attitude

The Presidential commission looking into the causes of violence in the nation has come up with the suggestion, based on recommendations from psychiatrists, that Americans be taught losing well is as admirable as winning.

The commission, named shortly after the assassination of Senator Robert Kennedy by President Johnson, called in a number of psychiatrists to get their views on possible causes of the high level of crime and violence in the United States and ways of reducing it.

What the psychologists and psychiatrists suggested is what the most famous sports writer of this generation told his readers years ago. Grantland Rice put it into poetry:

For when the One Great Scorer

Comes

To write against your name,
He marks—not that you won or lost—

But how you played the game.

That poetic advice is more pertinent in today's world of conflict than it was when first offered decades earlier. Also pertinent today, and somewhat forgotten in the grab for power and gain, is the virtue of modesty.

No psychiatrist would suggest that we be overly meek and modest, nor that we consider ourselves born losers. Yet most of us would be happier if we sometimes set more modest goals and accepted the fact in life one cannot always win and that there must be losers if there are to be winners. And being a good loser is often as rewarding as being a good winner.

No Peace Talks

The public, or at least a large and hopeful segment of the public, has been led to believe peace talks in Vietnam are just that — peace talks. Yet a careful examination of the statements of the North Vietnamese spokesman show that the Paris negotiations are not really peace talks in the accepted sense of the term.

In fact, the evidence is overwhelming that these are not peace talks. For the North Vietnamese they are a tactic as they continue the war. They have given the North Vietnamese a partial respite from U.S. bombing and enemy spokesmen are using them skillfully to play on the desire of the American people for peace.

The more serious question is whether the Johnson Administration has seen straws in the wind, as various spokesmen say, which offer a peace hope or

whether the political has entered into the picture in this election year. Some charge that present talks are, at least in part, a 1968 political maneuver designed to counter the unfavorable reaction of the public to the war, to create an image that peace is in the offing.

The new Defense Secretary, meanwhile, has said he sees no troop withdrawal in Vietnam before 1970. Our chief negotiator in Paris has rented a house for his family. And Secretary of State Dean Rusk, contrary to opinions being expressed by others, says he sees no peace straws in the wind. Since negotiations have now been in progress for some time and no progress has been made, it appears increasingly that the talks in Paris are currently primarily a political and propaganda gesture.

Poor Reporting

There is much of substance in the growing wave of criticism of television reporting. And it is not only television reporting of the news that leaves so much to be desired but also newspaper and radio news reporting.

The swell of criticism over television news methods concerns the tendency of playing up violence and action and catering to the sensational leaders. This criticism is soundly based.

Too many television reporters seek primarily excitement or action. They want to film a demonstration, a rock-throwing, or violence. That sort of thing captures a large audience and maybe even brings the reporter a prize eventually. Few seek out moderate leaders, making moderate, sensible speeches or demands at quiet orderly meetings. That isn't dramatic.

What the world today needs is

stronger guidance and control of reporters by news directors in television and radio. The public interest, a sense of judgment and true news value, should primarily influence news gathering, not a desire for something sensational or violent.

Likewise, in the newspaper field, inaccurate reporting is too often passed off on a gullible public. Overstress on some angles, whether it be Vietnam or elsewhere, can distort the true picture. The filing of stories without thorough investigation of the facts is an error increasingly witnessed.

The level of integrity and responsibility of news reporting is of major importance in a democracy. In the United States the free press tradition is especially precious and every effort should be made to correct errant tendencies which have cropped up in this field in recent years.

Rx For Foot-In-Door Disease

Seems Only Yesterday

1 YEAR AGO

Panic gripped Belleville as a Bonanza 240 airplane exploded above the community. Fragments of the plane were discovered all over town. In a resident's pool was found the charred body of the pilot, the only casualty of the crash. The major part of the private plane rested beneath the administrative wing of Belleville High School.

The town of Belleville and County Sheriff D'Aloia took a closer look at the problem of narcotics addiction in the wake of six possession arrests in Belleville. D'Aloia said, "my ambition is to rid the narcotics problem from Essex County". He then added that his was the finest narcotics squad in the country, gaining convictions in their last 200 narcotics arrests.

5 YEARS AGO

Councilman G. George Addonizio announced that committees would be set up on the local level to combat the recall drive aimed at him. Mayor Robert Laterza, and Councilman Vincent Strumolo.

James R. Golden and Thomas P. Greco (former Councilmen) were leading the recall drive. They charged the existence of a "hidden government" made of the three challenged public servants. Previously Addonizio had called the pair "a minority block dedicated to obstructionism."

Harold Reagan married Dolores Donato, 242 Washington Avenue, at Clara Maass Hospital. At the previously scheduled ceremony in Mayor Laterza's office, Reagan suffered a heart attack. After a quick recovery Reagan insisted on a wedding the next day.

10 YEARS AGO

Local officials were seriously disturbed by a startling increase in vandalism. Recreation playgrounds and school grounds were being defaced with alarming regularity, causing George F. Kiernan, parks director, to issue an appeal to all residents to help stem the wave. The editor of the Sun suggested a "trip to the wood-shed" and "the application south of the equator of a hickory stick" for any captured vandals.

A Belleville marine, Sgt. John M. Allen, son of Mr. and Mrs. David Allen, 45 Cedar Avenue, was among the second wave, 1800 strong, of United States' forces to hit the beach in Lebanon in the landings there the previous week.

15 YEARS AGO

Nine-year-old Robert Finnegan, Belleville's first polio case returned from Essex County Isolation Hospital. Finnegan had been stricken with non-paralytic polio and is showing no ill effects. Lois Mae Wood, 6, Belleville's second victim, was showing improvement at the same hospital; she had a bulbar type polio.

The Police were kept on the move by many phone calls reporting water pressure shortages due to the opening of fire hydrants. Most of the hydrants were opened in the Silver Lake district of town.

20 YEARS AGO

Times editor Ralph Heinzen blasted the 1948 Democratic platform and candidate Harry Truman: "The Democratic platform, in a selfish manner, claimed all the glory for the UN, the Marshall Plan and the Truman Doctrine. Dewey was praised for advocating "all-out aid to China to beat down the Kremlin-financed Chinese Communists regardless of whether Chiang Kai-shek is a dictator or a democrat." And "if Truman takes a lashing between now and November, if the eminently successful bi-partisan effort collapses, blame it all on Harry himself who tried to bring into national affairs the petty politics and mean methods of a small haberdasher who grew up in the Pendergast machine and who would not sacrifice ward-heeler methods in the interests of national policy and world leadership."

25 YEARS AGO

The order of the Purple Heart was bestowed on Pfc. Merle L. Quimby of the Marine Corps in the Brooklyn Naval hospital where he was being treated for wounds suffered on Guadalcanal. Quimby enlisted immediately after Pearl Harbor. The eight wounds Quimby received permanently damaged his left hand and arm.

35 YEARS AGO

Town Clerk John Daly was charged with election fraud for the second time. Daly requested a leave of absence until the case could be cleared up; among the charges was the insertion of fictitious names in the voting polls.

Local barbers announced a price increase. The new rate was 50c for a men's haircut and 35c for children.

Speak Up

Keep Your Gun As A Deterrent

To The Times:

I would like to write an open letter to the people of our town of Belleville, concerning gun legislation.

First we must realize the current hysteria against guns was brought about because of the tragic and untimely deaths of President Kennedy and Senator Kennedy. This in itself has been a great loss to all of us, but do you think for one minute that the passage of gun registration law will prevent a tragic thing like that from happening again next year or five years from now?

Of course not. The only people who will register guns are honest people, not criminals. Even in the event of a confiscation law, again, the only people who would turn in their guns are honest people, not

criminals. Criminals will keep their guns, thus making all honest people easy victims to their criminal acts.

A gun in the home need never be used to carry out its purpose to protect a family; its mere presence in the home is a deterrent to criminals, just as our nuclear might is a deterrent to any foreign power from attacking our country.

Just the thought that a gun might be in a home keeps us safe from many criminal acts. Take away the deterrent and you will see an increase in crime, not a decrease. Don't let them take away our guns. Write your congressmen and senators now.

Sincerely,

Chris Veniero
51 Sanford Ave.

Unhappy With Land Use; Special Zoning Changes

To The Times:

As you are covering the Master plan for land use in Belleville I thought you might be interested in this information.

As you already know in March of this year a master plan was submitted to the residents of Belleville. At that time much disagreement was voiced.

Later in March a meeting with the Commissioners was held. That also was not a cordial meeting. Our Commissioners promised a special meeting in the two parts of town that were greatly dissatisfied. On March 21 all the commissioners met with about 300 residents of the Valley at School 9. At that meeting our Mayor promised us he would comply with our wishes and not allow any more industry in the Valley.

On May 21, 1968 I attended a meeting with the Board of adjustment for a proposed industrial plant to be located at 390 Cortlandt St. The meeting was so long that a decision was put off to June 11. On June 11 a 3 to 2 in favor was handed down.

After that decision I wrote our Mayor a letter asking him if he was aware of the June 11 meeting. Also if he was going to keep his word with the residents or give us a colorful map? I received the enclosed letter on July 5.

Mrs. A. Heron
404 Cortlandt Street
Belleville, N.J. 07109
Dear Mrs. Heron:

Please excuse the delay in answering your letter of request returned from a Mayor's cent date. However, I have just returned from a Mayor's Convention in Chicago, Illinois.

The Planning Board has not

come to any agreement as of this date. The Board of Commissioners have informed the Planning Board that we do not plan to change the zoning to industrial in the Valley but rather to leave it as is. We will abide by this decision when the final plans are prepared and brought before the Board.

Sincerely,

Kenneth D. Smith

On July 8, 1968 five days after the letter was written he voted to have the industrial plant erected.

At the expense of the taxpayers a planning board was paid to draw up a master plan. They felt that several blocks in this area were to be left residential. Now we are going to get an industrial plant in a B residential zone.

Hope this can be written in your paper to let all residents of Belleville know of these goings on by our governing body.

Thanking you in advance,

sincerely,

Mrs. Ann Heron

Bemoans Loss At Library

To The Times:

Whatever happened to the book discussions and current events talks at the Belleville Public Library?

I enjoyed them and look forward to them once again in 1968. I hope you can do something to expedite the matter. Can you print this in the editorial column from me.

Thank you for all you can do. It will be appreciated.

Sincerely,

Janet Monday

Town Bulletin Board

The Times publishes the Town Bulletin Board as a public service, not only to assist individuals in planning social calendars, but as an effort to eliminate conflicting dates among local organizations. Club secretaries and program chairmen wishing to clear a date for a future activity may call the Sunbank Building at 667-2100.

There is no charge for the Bulletin Board listing, but events should be limited to those of general interest. Be sure to mention date, time and place of each event being listed.

Listing for the Town Bulletin Board must be written and submitted to The Times two weeks in advance of publication.

Vinnie Ferraro To Enter Manhattan Music School

Vincent Ferraro, whose father is Raphael Ferraro of 8 Whitehall Way, Englishtown will begin study in September at Manhattan School of Music toward a Bachelor of Music degree in oboe.

The School, of which Dr. John Brownlee is president, celebrated its fiftieth anniversary during the past year, and

next summer will move to larger facilities now occupied by the Juilliard School.

Ferraro, who is a graduate of Belleville High School, has had long experience as a professional musician, having played in name bands, Broadway and off-Broadway shows on television, recordings and in leading clubs in the metropolitan area.

J. Caracciola On Air Force Duty In Vietnam

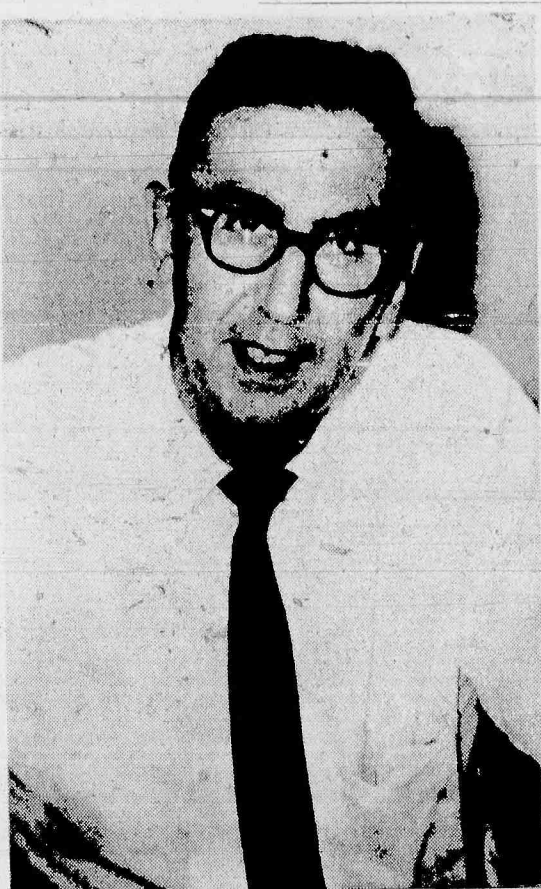

Airman First Class James Caracciola, son of Mr. and Mrs. James Caracciola of 159 DeWitt Avenue, Belleville, is on duty at Nha Trang AB, Vietnam.

Airman Caracciola, an aircraft mechanic, is a member of the Pacific Air Forces. Before his arrival in Vietnam, he was assigned to Patrick AFB, Fla.

PROGRAM DIRECTOR — Archibald J. Gallombardo, head of Belleville's Remedial Instruction and principal of School 5, discusses the project's aims from his office.

Deprived Students Aided By Instruction

(Continued from Page 1) and the number of words that appear on the screen can be regulated.

Gallombardo feels, "the pro-

gram has brought about a new dimension in the home-school relationship which will have a positive influence in the school environment of our children.

"I personally feel the program has taken a giant stride forward in attempting to overcome some of the learning difficulties our kids have experienced in their regular schooling."

Belleville is in the process of applying for funds for a fourth year for the program.

Harry Hoffman Again Elected Carriers Head

At its recent annual convention, the Heavy Specialized Carriers Conference elected Harry L. Hoffman, Jr., President of Hoffman Rigging & Crane Service, Inc. in Belleville, New Jersey, Chairman of the Conference Board of Directors.

Unsafe Distance Cause of Most Rear Accidents

When you close the gap in traffic, you're really setting a trap for a rear-end collision, one of the most common types of traffic crashes. Rear-end collisions result from following so closely that you can't stop or dodge in time, even if you were paying the closest attention and had the fastest reflexes.

By paying attention to your interval when driving you give yourself maneuvering room in case of a sudden stop or turn by the driver ahead. A safe interval will give you enough added vision and reaction time to step on the brakes, find an escape route to one side, let you pass more safely because you will be able to see more of the traffic scene, and spot hazards at a distance.

The Allstate Motor Club urges motorists to follow these rules for crash free driving:

1. Allow at least one car length for every 10 miles an hour you're traveling and even more at high speeds and when visibility or traction is reduced.
2. If the vehicle ahead is limiting your view of oncoming traffic, approaching, intersections, or traffic signs—YOU ARE FOLLOWING TOO CLOSELY. Drop back, particularly when following trucks and other vehicles which obstruct your vision.
3. Keep checking to see if someone is following you too closely. If so, slow down, pull over to the right and signal him to pass you.
4. Avoid sudden moves yourself. Unexpected turning or stopping maneuvers by you as well as the other driver can produce a rear-end collision. Check traffic before making any move. To turn, signal clearly and continuously for at least 100 feet in advance, or a quarter of a mile on high speed roadways.

Frank Di Giovanni Joins Marines, Starts Training

Frank Di Giovanni, Jr., son of Mr. and Mrs. Frank Di Giovanni, Belleville, was sworn into the United States Marine Corps and departed for Parris Island, S.C. to undergo recruit training.

According to Sgt. Jack Kasper, U.S. Marine Recruiter, Private Di Giovanni will receive eight weeks of recruit training at the South Carolina Base prior to reporting to Camp Lejeune, N.C. for

advanced combat training, on leave after completing his Frank expects to return home training.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

MRS. ROBERT CARUSO
Former Miss Judith Tremel

Mr. and Mrs. R. Caruso Bermuda Honeymooned

Miss Judith Zita Tremel, daughter of Mr. and Mrs. Joseph V. Tremel of 135 Smallwood Avenue and Robert Caruso, son of Mr. and Mrs. Anthony Caruso of 600 Belleville Avenue, were united in marriage July 6.

The nuptial Mass was celebrated in St. Peter's Church by the Rev. James Heavy. A reception was held at The Fountain, Belleville.

Escorted by her father, the bride wore a gown of silk organza with a fitted bodice and elbow length sleeves of Alencon lace. Her organza headpiece, accented with pearls and crystals, held an elbow length veil and she carried a cascade of orchids and elegant carnations.

Miss Joan Tremel of Belleville was her sister's maid of honor. Bridesmaids included the Misses Jane and Joyce Tremel, also sisters of the bride and Miss Linda Caruso, sister of the groom. Another sister, Jaclyn Tremel was flower girl.

They wore mint green gowns accented with venise lace with matching bow headpieces and carried baskets of yellow and white daisies.

Friendships are not the result of a rushing acquaintance.

MRS. JACOB C. ORSULAK
Former Miss Mary Schrom

Miss Schrom Is Wed To Jacob C. Orsulak

Miss Mary Anna Schrom and Jacob Charles Orsulak were united in marriage July 13 at St. Mary's Church, Rutherford. The Rev. Paul Smith officiated. A reception followed the ceremony at the Lithuanian Catholic Community Center, Kearny.

The bride was given in marriage by her brother, Samuel Schrom of Fairport, New York. She wore an empire style gown of white organza embroidered with lace appliques and crystal beads. The gown had a scoop neckline, long pointed sleeves and a cathedral train.

Her elbow length veil was held by a crown of lace and crystal and she carried a cascade of white roses and stephanotis.

Miss Marietta Schrom of Schoharie, New York, was her sister's maid of honor. She wore an empire gown of

emerald green with a dark lace bodice and bell sleeves, and carried a cascade of yellow carnations and gardenias with a center of green carnations.

The bridesmaids, Miss Georganne Rothwell, of Newark, niece of the groom and Miss Patricia Schrom of Schenectady, sister of the bride were in emerald gowns with light green lace bodices and carried cascades of yellow gardenias and carnations.

Stephen Orsulak, of Cedar Grove served as best man for his brother. Ushering were Joseph Orsulak of Parsippany, another brother and Theodore Schrom of Pattersonville, New York, brother of the bride.

Mrs. Orsulak, a graduate of Cobleskill (New York) High School, lived in Rutherford prior to her marriage and was an active member of the Rutherford First Aid Volunteer Ambulance Squad. She is a secretary at Western Electric, South Kearny.

Mr. Orsulak, an alumnus of Belleville High School, is a navy veteran and a tool and die maker at Western Electric.

Following a Canadian honeymoon, the couple will live in West Paterson.

All board members were invited to attend. Present were Mr. Arvidson and his wife and Dr. DiRuggiero.

Other invited guests were Harold Dufford, business administration faculty and special education teachers, social worker and school psychologist serving school No. 5.

All class mothers, card party committee, library assistants and the executive PTA board were invited to join in the festive occasion.

The luncheon buffet arrangements were in charge of Mrs. Morel, chairlady. Lunch was served by mothers of School No. 5.

Things can always be worse. Thirty years from now speeders will crash in the sky and fall on pedestrians.

Too much success invariably sours one's friends.

MRS. JAMES P. SWEENEY
Former Miss Dolores Martin

Dolores Martin Bride Of James P. Sweeney

The wedding of Miss Dolores Martin, daughter of Mr. and Mrs. D. B. Martin Jr. of Prospect Street and James P. Sweeney, son of Mr. and Mrs. James T. Sweeney of Joraleton Street, took place Sunday at St. Peter's Church.

The Rev. Francis A. Ignacino performed the ceremony. A reception followed at the Royal Hawaiian Palms, Lyndhurst.

Escorted by her father, the bride wore a gown of chantilly lace studded with rhinestones and pearls and fashioned with a sabbina collar and long sleeves.

Local Soprano Sings in Opera This Saturday

Ann Meehan, lyric coloratura soprano, will perform the role "Michaela" in Bizet's opera "Carmen" with the Ruffino Opera Company of New York this Saturday.

Mrs. Meehan, who resides at 28 Park View Avenue, Belleville, is currently active with the Amato Opera Theatre of New York and the newly formed Essex Opera Theatre of New Jersey.

Mrs. Roger Parr, cousin of the bride, served as matron of honor. Bridesmaids were Miss Edith Gintella, Miss Patricia Lane and Miss Roxanne Knott.

They wore lime green A-line gowns of silk shantung fashioned with skimmer sleeves and fitted bodices.

Charles Peruzzi, cousin of the groom, was best man. Ushering were the groom's brother, Richard Sweeney, James Sheridan and John Fredlund.

Mrs. Martin chose a gold crepe dress with a beaded neckline and matching accessories. The groom's mother was in a pink crepe dress with high beaded neckline and matching accessories.

Mrs. Sweeney is a graduate of Belleville High School and is with Westinghouse Electric Corporation, Bloomfield.

Mr. Sweeney, also a Belleville High School alumnus, attends IBM Programming School. He is an army veteran.

July Wedding Is Planned By Rosemarie Sorrentino

Mr. and Mrs. Vincent A. Sorrentino of 100 White Oak

Terrace announce the engagement of their daughter, Rosemarie to Arthur G. Barnes, son of Mr. and Mrs. Arthur M. Barnes of Bordentown.

Miss Sorrentino is a graduate of Belleville High School and Douglass College. She will

teach in Nutley High School in the fall.

Mr. Barnes, an alumnus of William Mc Farland High School, Bordentown, and Rutgers University, is working for his doctorate at the College of William and Mary, Williamsburg, Virginia.

A July 5, 1969 wedding is planned.

Mother, Baby Course Given By Red Cross

A course in Mother-Baby Care for 'first time' parents was begun July 17 at the Bloomfield Headquarters of the American Red Cross, 324 Belleville Ave., Bloomfield.

According to Mrs. John Clarkson, chairman of the Bloomfield Nursing program which sponsors the course, classes will be given free of charge to expectant couples as well as prospective new mothers in the Essex Chapter area.

All classes will be conducted by Mrs. Lea Rodgers, a qualified registered nurse.

Professional Men's Club Organized at Orange YMCA

Did you know that there was a club especially designed for the tired businessman, or the other extreme, the businessman who wants to keep on the go, go, go, at the Orange YMCA? Well, there is, and it's pretty luxurious at that. First, it's called the Business and Professional Men's Club.

And it's just one of several

The course consists of one two hour session each week for six consecutive weeks from 8:00 to 10:00 p.m.

Instruction includes lectures, demonstrations, discussions and classroom work with special attention being given to the care of the mother during pregnancy and of the new child from birth through its first birthday.

For enrollment or further information contact the Bloomfield Red Cross office or call 743-0300.

club facilities of the Y, as there is another known as the Athletic Club, and another known as General Membership. One thing unique about all of the Orange Y's facilities is that all three membership plans have individual lockers. In most any other YMCA you will find a cote basket system, whereby the member stores his athletic equipment in a small basket, and when he checks in, the basket is handed to him, and he picks an empty locker to undress and dress by, then returns his storage basket at the conclusion of his workout visit. Not so, at the Orange Y.

WHEN YOU BEGIN TO PLAN YOUR WEDDING RECEPTION, YOU'RE INVITED TO VISIT THE MARIANNE ROOM AND OUR NEW BLUE ROOM, FEATURING A LUXURIOUS "BRIDAL LOUNGE" AT . . .

Four Teachers at School No. 5 Honored by PTA on Retirement

The PTA at No. 5 School held its annual luncheon recently in honor of the four teachers who retired at the end of the school year. The teachers are Mrs. Forrester who taught 40 years, Mrs. Burns who taught 39 years, Mrs. Conklin who taught 40 years and Mrs. Lay who taught 22 years.

"These teachers have given many happy hours to our children and we shall miss them, but we hope that their retirement brings all the pleasures they so deserve," said Mr. Gallombardo, principal of the school, who gave the farewell speech at the luncheon.

Anthony Greco, superintendent of schools, added a few words of thanks and farewell. Also honored at the luncheon was Mrs. Baldwin, school secretary, who has worked at No. 5 for 14 years.

TRICHINOSIS IS AN INFECTION

Trichinosis is a parasitic disease characterized by gastrointestinal systems, edema of the face, muscular pains and fever. Infection usually occurs when inadequately cooked pork containing the larvae of the roundworm Trichinella Spiralis is eaten.

Many of the symptoms of Trichinosis are similar to other diseases and it takes a physician's diagnosis to determine just what is wrong. That is why it is dangerous and foolhardy to continue self-treatments for repeating symptoms of any problem. Let your Doctor prescribe the proper medication.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick it up if shopping nearby, or we will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service.

RECEPTION GUESTS — Personnel administrators from firms throughout the state were guests at a reception and cocktail party held by the Berkeley School, East Orange, at the Manor in West Orange. Shown, left to right, are: Hank Goldston, director of personnel for Bishop Industries Inc., Union; Richard Crance, assistant director at Berkeley, and Jack Hardman, vice president of Hardman Inc., Belleville.

Army Induction Center Training Set For Red Cross Women Volunteers

Red Cross volunteers from North Eastern New Jersey chapters will undergo special training for service at the Red Cross Information Desk and recreation center located in the Armed Forces Induction Center, Newark.

The one day session will be held at the Essex Chapter Headquarters, 232 So. Harrison St., East Orange from 10:00 a.m. until 2:00 p.m.

According to Mrs. Edward T. Reid, representative for the Red Cross, women over 21 years of age, living in Bergen, Essex, Hudson, Middlesex, Monmouth, Morris, Passaic, Somerset, Sussex or Union County are eligible to apply for this specialized training. No prior Red Cross volunteer service is necessary.

The uniformed volunteers who man this section assist new inductees by answering questions concerning domestic problems connected with their entry into the armed forces and explain the ways in which Red Cross can aid them and their families. They also distribute reading and writing materials, playing cards, games and other recreational items which are gifts from the organization.

Professional case workers from the Service To Military Families Dept. of local Red Cross chapters is available if needed.

The Induction Center Red Cross section was opened last February. Since then, it has been operating from 10:00 a.m. to 3:00 p.m., five days a week with two trained volunteers sharing each shift. More than 30 women have served the facility on an average of one shift a month, however, summer vacations have made it necessary to seek additional volunteers.

Women interested in receiving training for volunteer service at the Armed Forces Induction Center Red Cross Information Desk should contact their local chapter or call Essex Chapter Office of Volunteers, 674 - 6165.

Bobbin Relays Breakthrough By Kidde Firm

The development of a new line of open bobbin relays has been announced by Douglas Randall, Inc. of Westerly, Rhode Island, a division of Walter Kidde & Company, Inc., Belleville.

The new Series G relays are

designed for maximum economy without sacrifice in quality. Printed circuit terminals are staked into rugged bobbins and are welded to the switch leads for maximum switch protection. Heavy-duty coil leads also are staked into the bobbins and are protected under the coil wrapping. Stand-off shoulders on the terminals provide clearance for cleaning fluids.

Series G relays are available with miniature, standard or high power dry reeds and with miniature or standard mercury wetted reeds. Stand-off shoulders on the terminals provide clearance for cleaning fluids.

Marionette Theatre Plans Two Special January Shows

The Salzburg Marionette Theatre will present two shows on Saturday January 4, 1969, in the Montclair High School Auditorium.

Subscribers to the Concert Course will enjoy a performance of "The Magic Flute" at 8:30 P.M. Mozart's most popular opera has never been so perfectly presented as in this new production. The voices of Dietrich Fischer - Dieskau, Ernst Haefliger, Maria Stader, Rita Streich, and Joseph Greindl are accompanied by the RIAS Symphony Orchestra. Ferenc Fricsay is the Conductor.

"Snow White and the Seven Dwarfs" will be performed at a special children's matinee at 2:15 P.M. The stories told by the Brothers Grimm have amused and fascinated children for generations. Songs and incidental music based on Austrian folk tunes were arranged specifically for the Salzburg Theatre and add a further touch of gaiety to an already festive entertainment.

State's Only Sheep Show Scheduled for Flemington

Flemington Agriculture Fair will again feature the state's only Open Sheep Show on Sunday, September 1.

The Fair opens Tuesday, 27, for a run of seven days and seven nights through Labor Day.

Sgt. Robert Dominie Assigned To Thailand

U. S. Air Force Sergeant Robert G. Dominie, son of Mr. and Mrs. Joseph A. Dominie of 25 Meacham St., Belleville, is a member of the 25th Tactical Fighter Squadron (TFS) which recently arrived at Ubon Royal Thai AFB, Thailand, for duty with the famed 8th Tactical Fighter Wing.

Sergeant Dominie, a navigation system mechanic, and other members of the 25th TFS flew 12,000 miles from Eglin AFB, Fla., where the unit was previously assigned.

The 25th TFS, activated at Hamilton Field, Calif., in 1941, saw action in the Pacific Theater of Operations during World War II. Pilots of the squadron were credited with downing 110½ enemy aircraft in the Korean War.

The squadron was deactivated in June 1960 and reactivated in June 1965 at Eglin.

Sergeant Dominie is a 1963 graduate of Vocational and Technical High School in Bloomfield.

"COLLEGE GRADUATE SOUVENIR EDITION"

This special issue is not a part of the regular Thursday newspapers, but a true individual edition, which carries complete and detailed background stories and pictures of all Nutley and Belleville 1968 COLLEGE GRADUATES.

All of our present subscribers to the Nutley Sun and Belleville Times will receive a complimentary copy through the mail.

Those persons wanting extra copies or who are not subscribers may obtain them at their nearest newsstand or at the Nutley Sun or Belleville Times offices.

Because of tremendous local reader interest in this special issue, we suggest those persons wishing extra copies obtain them from their news dealers at the earliest possible date. Only a limited quantity has been printed and there will be no reprint.

By RICHARD DE SINA

The Orioles are trying to make the Series for the birds, as they fight the Tigers to meet the Cardinals. If they're going to win the pennant, Frank Robinson will have to hit like the old Frank Robinson. After two years of demolishing the league, he's batting .250 and looking bad doing it. He may still have visual impairment from that basepath collision with Al Weis last year. "I'm seeing the ball better now and not jumping at it," says Robinson. How good is better? Question: Who scored the most points in one game in NCAA playoff competition?

What a hitter Richie Allen is — ask the Mets. He beat them with four homers last week, two in one game. He's hit seven against New York this year and agrees with Mayor Lindsay about that fun city sobriquet.

Allen was not a member of the Gene Mauch fan club. New manager Bob Skinner says, "I anticipate no trouble at all." Skinner was a good hitter, maybe that's why Allen respects him. With his physique that looks like the guy who kicks sand into the face of 98 pound weaklings, Allen can respect who he pleases.

Don't knock the Rock: Bronx-born Rocky Colavito hit a home run in his first game as a Yankee. How's that for drama.

Answer: Bill Bradley, the putative paladin of the Knicks, scored 58 points against Wichita State in the 1965 consolation game. He broke Oscar Robertson's mark of 56 when the O was a Bearcat.

Ah the wonders of modern science. Denny McLain switched from glasses to contact lenses this year and is 19 and 3.

Who says winners are lucky? Last week the Cardinals were leading the Giants 6-0 after four innings. Bob Gibson was three outs away from his 10th straight victory. The game was rained out.

Herman Franks says he'll retire if the Giants don't cop the pennant. What an incentive not to win.

Hank Aaron joins the 500 homer club. Somebody knew what they were doing when they gave him uniform number 44. Two of the three times Aaron has captured the home run title, he's hit 44.

Here's a prediction. It's a bit early, but the Packers will win their fourth straight NFL title and then their third straight Super Bowl.

Whatever happened to Charlie Smith? And why does Horace Clarke take so long to throw to first on a grounder?

The New York entry in the ABA (the transplanted Jersey Americans) will be called the Nets — I wonder if, no it couldn't be a derivative of —

How did Henry Clark ever beat Leotis Martin. He had the moves of a second-rate lummo in getting pounded by 39, or 36, no 32-year-old Sonny Liston.

Dennis Barretta and Jan Grobstein of Belleville, a caddy at Upper Montclair Country Club, will be attending Rutgers this fall on New Jersey State Golf Association scholarships.

Belleville, N.J., Thursday, July 25, 1968

Page Eleven

Weightlifter olympic hopeful

Philip Grippaldi Jr. of 156 Fairway Ave., Belleville, was told by his high school coach he possessed the potential to make the U. S. Olympic Team, but the middle heavy-weight weightlifter wasn't convinced.

He's won the National AAU Championships the past two years, took the gold medal in the Pan American Games last year and barring an unforeseen injury, is a relative sure bet to be in the Olympics in Mexico City in October.

While Grippaldi credits Robert Cook, Belleville recreation director, with starting him out in weightlifting, the 22-year-old University of Illinois junior claims he made his greatest gains under Michael Huszka, who was Hungarian National Champion and a former weightlifting world champ.

Hungarian Style
The muscular Grippaldi first met Huszka at a YMCA in Chicago, where he had gone to compete for a college scholarship offered by a local firm. "He uses the Hungarian system," Grippaldi said, "which is a work program scientifically worked out for each individual so that he won't overtrain."

He said Americans tend to overtrain because they do not have government subsidized training programs found in many European countries.

"Here in the United States, most of the guys have jobs along with the athletics and have to fit in practice wherever they can." They are often guilty of attempting to fit too much exercise into one workout, he said.

Grippaldi figures much of his competition in the international event will be coming from the Hungarians, Russians and Poles. "They've all got strong teams," he said. While he thinks the U. S. will pick up several gold medals in weightlifting, he figures the team title will go to Russia, with Hungary, Poland and the United States vying for the second spot.

He got his first taste of international competition last October at a trial test in Mexico City. He placed fourth in the competition with Russia, Poland and Hungary taking the top three spots. "I had a good chance for second in that competition," he said, "but Russia was far in the lead."

Until he met Huszka, he considered himself a fair weightlifter but the Hungarian taught him speed and technique. Grippaldi holds three American records in his class, a press of 362 pounds, a clean and jerk of 412 pounds and a total score of 1,055 points.

Perth Amboy Club

Three things go into championship weightlifting — endurance, speed and strength. The European system has enabled Grippaldi to develop these.

Another Hungarian coach, Jim Toth of the Keasby Eagles Weightlifting Club in Perth Amboy is helping Grippaldi to train. Huszka sends the training program to Grippaldi from Chicago, which Toth oversees.

Grippaldi will be working out his three hours a day, six days a week to develop his chance for victory in the Olympic games.

Olympic trails for weightlifters will be Aug. 31 and Sept. 1 in York, Pa., known as the American center of weightlifting.

White Sox Run Away With Title In Junior Series

The White Sox have won the Recreation Junior Baseball League's Little World Series by way of two successive wins over a scrappy Braves team.

Coached by Joe Restaino the White Sox built a commanding lead during the scheduled season of the American League. They were presented trophies by the Recreation Department for this victory.

In the National Division the Braves fought their way to the top and earned the honor of competing in the Series. The Braves are coached by Michael Servideo and Michael Sbarra.

The White Sox jumped out to an early lead in the first Series game which was played at the Little League field. Their lead looked secure until the last inning when the Braves started to hit and the White Sox pitcher walked a couple of batters.

Robert Carlson, Linda Mallon. Next week promises to be a week filled with surprises and fun.

Nok Hockey

The new nok hockey champ of Msgr. Kelly Playground is Bill McDermott. Bill defeated Mike Wallace in an exciting game. Volley Ball is another popular game on our playground with both the younger and older children.

On Friday afternoon we held our Doll & Model Show. There were so many beautiful dolls in their native costumes. Lenore Wilson brought her dolls from Italy, Sue Whelan brought an Irish and an American Indian doll. Judy & Laurie Belmont's dolls came from Barbados & a Danish doll was brought by Conn Cloutier. The other participants in the Doll Show were Sue & Kathy McDermott, Christine Dzwonkowski, Lisa Pizzella & Bridget Fredericks. The winners were first place Donna Cloutier, 2nd place Judy & Laurie Belmont and 3rd place Christine Dzwonkowski. Lisa Pizzella had the funniest doll. The winners in the model show were Garry Hinton 1st, Ronnie Belmont 2nd, and Paul Cloutier 3rd.

At No. 2 School Playground much of this week was spent on birthday card making and a party for the birthday boys. (Continued On Page 12)

Colonels To Play Four Games In Four Days During The Week

Club Fights To Remain Near Top

The Nutley Colonels, fighting to stay in the first division will play three home games and a road encounter in the next week. The Colonels will be home Saturday, Sunday and Tuesday. Monday they will be on the road to oppose the front running Soverels in East Orange.

Ken Inglis will draw the starting assignment against Livingston with Phil Parisi, from Akron University, working Sunday's encounter against Maplewood. On Monday newly acquired Dan Gabriel will be pitted against Soverel ace Tom Clark. Tuesday should find Jack Pake opposing John Cuny, Soverel lefthander on the Oval.

Jack Rake after a strong start has slackened off and has been working out in the bullpen. Ken Inglis (5-2) has taken over as the ace of the staff. It is expected by Colonel Manager Jack Speary that Rake (5-4) will be ready to start against the East Orange Club on Tuesday.

Belleville Rick San Filippo and Fred Alworth have been leading the Nutley team in RBI's over the past couple of weeks. Larry Berra has been a good addition to the club and has knocked in 4 runs in the last three games. Alworth leads the team with 18 RBI's, and a .347 B. A. Rick San Filippo is hitting the ball at a .346 average with 12 RBI's.

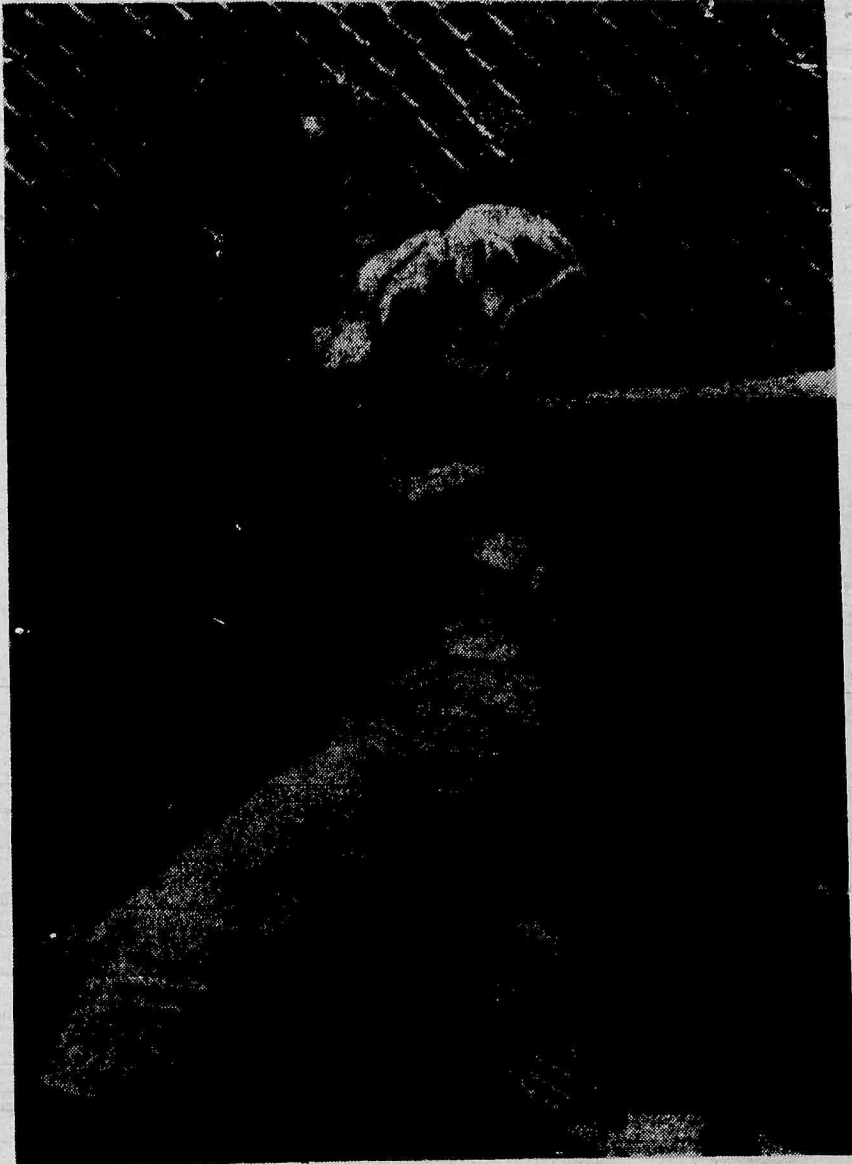

Another addition to the hitting department has been Nutley High School Coach, Carmen Lemma. Lemma, former minor leaguer, has collected 4 hits in his first 8 AB's. A pitcher, Lemma has had arm trouble but his bat will help the club.

The weekend games will probably find a line-up of Alworth at First base, Mike Arrone at Second, SanFilippo at Short and Bernie Barrett at Third-base. Berra and Tom Diaggio will have the catching duties. Lemma, Nick Bowness, Mike Ritacco, Wally Evanick, Jeff Burd, and Ron Kist will see action in the outfield.

Livingston Softball Loop

The Department of Recreation and Parks announced this week dates for the Fifth Annual Livingston Invitational Fast Pitch Softball Tournament. The event will be held on August 10-11 and August 17-18 using the Heritage Junior High School fields.

Entry fee is \$20.00 per team plus \$3.00 for A.S.A. affiliation. The champion and runner-up will receive a team trophy and the players on the championship team will receive medals. For further information contact Keith Doyle at 992-2620.

SUBSTITUTE — Spencer Taylor takes a wicked swing for the Colonels. Taylor, a utility infielder, is doing a fine fielding job for injured Mike Marrone at second base.

Colonels Unshoe Colts On Inglis HR

The Nutley Colonels, after blowing a 4-2 lead with some poor baseball came back on a home run by winning pitcher Ken Inglis to gain a 5-4 win over the third place South Orange Colts.

Jerry Castaldo started for the Colts but was relieved by Tony Candelmo. Candelmo was just acquired by the Colts and has a 7-2 record after getting the loss in Sunday's game.

Inglis, while receiving some poor support, was at his best in the clutch. Tom Beck, one of the top hitters in the league, was struck out twice by Inglis with runners in scoring position.

Larry Berra, Montclair H. S. star, put the Colonels on the scoreboard in the second inning and then Rick SanFilippo "squeezed" in the lead run. The other two Colonels scored on hits by Nick Bowness and team leader Fred Alworth.

Although out hit 8-7 the Colonels were able to defeat the Colts for the first time in six games this year.

Softball Highlights Activities At Town School Playgrounds

By ROBERT COOK

This week at the Stadium was a rather exciting week. Our boys played an excellent game of softball starring Greg and Frank Pettie, Chris and Steve Tremel, Lou Scaltitro, Brian Banda, Ron Borgo and George Mango, but we unfortunately lost. We hope for better luck in the future.

A vivid imagination was shown in our stuffed animals. Among some of the most successful were turtles, whales, rabbits & pussy cats. The activities that we participated in most were ping pong, kalo, nok hockey, softball, kick ball, crafts and spud. A watermelon party was a good way to end the week and was enjoyed by all. We also were able to award our tournament winners with badges. Our party was also visited by a very unusual friend — Peter the rabbit. He is owned by Chris, Marita, Pala, and Gail Hochstul.

Another week at No. 1 has come to an exciting close. Our

softball teams have run into a bit of hard luck. Despite a 5 run rally in the 6th inning, our Junior team lost a heartbreaker at Clearman Field last Tuesday. Our Senior team has also lost their game to Clearman.

The Friendly House swimming pool finally opened to the great delight of the youngsters. Thursday morning our playground was nearly deserted as everyone headed up to the pool. The younger set has been busy making things for the handicraft display in the library from popsicle sticks. The youngsters combined skill with originality as they made napkin holders, jewelry boxes and picture frames from the sticks. Joy brought reeds and wires for our handicraft project.

Besides making fishes of all sizes and kinds, we also made flowers and faces with the reeds. With Barry Delaney as M. C., we had an informal sing-in. Doris Velez, Lisa Weeks, Marie & Linda Mallon were just a few of the children who blended their voices into a very enjoyable concert. As a special treat, Friday afternoon we all played Bingo. We had 7 lucky winners-Barry Delaney, Charlie Carr, Michael Mallon, Anthony Carr, Ardel Anderson,

Summer Bowling League Rolling

Every Wednesday afternoon this summer, an enthusiastic group of teen age boys and girls are enjoying the air conditioned comfort of the Olympic Bowl as they compete in the Recreation Department's newest team activity.

There are two leagues which will bowl a ten - week schedule designed to beat the heat and offer a lot of fun. Awards will be provided by the Recreation Department and by Olympic Bowl.

Leading the boys league with 7 - 2 standing is the Terrible Trio. Harry Angevine holds all of the individual highs after three weeks. His high game is a 185, his high series a 508 and his average is 162. The Three Wise Men have posted the high team series with a 1240 which edged out the Men from Uncle who had held the mark at 1217.

Among the girls, Sue Winship has taken over the high average with a 117. Her teammate Donna Rainone holds the high game at 153 and high series at 401. These girls on team. Three also have the high team series and first place in the league.

Both leagues indicate that there will be many changes of position before the final champions emerge.

Contests And Fun At The Playgrounds

(Continued From Page 11)

Gregg Daniels had his 4th birthday on July 7, and Brian Albanese was 6 years old on July 9. Everyone enjoyed popcorn, cookies, potato chips, and lemonade at our party.

The bicycle races we had this week were loads of fun, especially for the winners who were: Frank Nigro - junior fast race; Ellen Lukowiak - junior slow; Joe Black - senior fast, & Hans Utter - senior slow.

The favorite of the week were color chase and the dare game. Even though the senior boys haven't won many of their softball games, they are still out there trying and I give them a lot of credit.

Pizza Party

At No. 4 Playground we are very proud of our softball team because of our back to back victories over No. 1 and the Stadium. Our team manager Cyote is doing an excellent job in not only leading the team to victory but shows that sportsmanship has equal weight. It is a real pleasure to see Cyote gather the boys together for a prayer before the games.

Lois Romano should be complimented on the fine job she did on the picnic. The atmosphere at the playground is one that shows she is very much appreciated. We are expecting a large turn out for our pizza party at the end of this week.

After two weeks of the baseball season Clearman field holds 4 wins and no defeats. The Junior team winning 2 games, and the Senior boys winning 2 games. On Tuesday, the Juniors captured a 9-5 victory over No. 1. Then on Thursday the senior team from No. 1 and Clearman faced each other. The result was another win for Clearman 11-7.

Fahmies Jump In Driver's Seat On Win Streak

Fahmies Motors have taken command of first place in the Recreation Monday Softball League on an eight game winning streak. In second place and very much in the battle is Frenchies who have sustained only two losses.

It was Frenchies who dealt the sole loss on Fahmies record to date. Stash's and Rosell's are tied at 5 - 5 and are followed by the Hilltops and the Gardens.

In the Recreation Tuesday Softball League another Frenchies team is in a tie for first place with the Belleville Political and Social Club, each with 7-2 records. Rosellis Tuesday team is a close third with a 6-3 mark. Robsons, in fourth place are 4-5 and are followed by Frankies and Walter Kidde.

In the Circle team in the top position of the Recreation Thursday League. However, their 6-2 standing is closely

Harris Wins MAC Award At Montclair

Jim Harris, a letterman during his college career, has been named winner of the Men's Athletic Commission Outstanding Senior Award of Montclair State College.

The MAC Award, presented for the 23rd time, goes to the graduating senior for achievement in academics and athletics.

Harris, who established two all-time Montclair State track records during the 1968 season, is a graduate of South Side High School in Newark.

Harris won four letter in track and three in cross country during his college career. One of New Jersey's top collegiate cross-country runners, Harris won 16 consecutive cross-country meets over a two year period.

Previous winners of the

award, have been:
1948 - Thomas Regan; 1949 - Theodore Bland; 1950 - Joseph Ferris; 1951 - Bert Palmeri; 1952 - Kermit Walden; 1953 - Steve Schoomaker; 1954 - Arthur R. Smith; 1955 - Ron Armentgol; 1956 - Frank Costa; 1957 - Ken Misca; 1958 - Arthur Scavone; 1959 - Joseph Porcaro; 1960 - Edward Topa; 1961 - John D'Andrea; 1962 - Pete Altieri; 1963 - Joseph Staub; 1964 - Joe Locascio; 1965 - William Goralczyk; 1966 - William Lally and 1967 - William Van Pelt.

The State Department of Transportation has approved the acquisition of 13 locomotives from General Motors for improving commuter operations on the Central Railroad of New Jersey.

The 3,000 horsepower locomotives will be purchased from GM's Electromotive Division (EMD) by the Norfolk & Western Chesapeake & Ohio, Baltimore & Ohio Railroads and leased through the state to CNJ.

420 Union Ave., Belleville 751-1266

The third week at Fairway Playground was filled with contests, special events, and fun. On Monday afternoon Balloon decorating was planned for the children. We all had so much fun but none of the balloons survived the decorating. The result was Janice, Joyce, and the children were full of glue from head to foot, but the laughs we had were well worth it. On Tuesday afternoon we had a Scavenger Hunt and a Peanut Hunt. Janice & Joyce hid peanuts all over the playground and I think we all agree that whoever found peanuts won the Peanut Hunt. Marty Paldunis found the most peanuts, but practically everyone found some to eat.

Janice Ameo was our winner of the Scavenger Hunt. She managed to find everything which Janice and Joyce had thought up for the children to find, including a bird's feather!

Wednesday afternoon the playground was filled with all kinds of colorful characters. You see we had a Halloween contest and the children dressed up as they did for October 31st. The first place winners of the contest were Donna Delasso and Karen Russomano. They were dressed up as twin plumbis. They made their own costumes and they really looked good. In second place was Robert Bisson, he was dressed up as a gypsy and our third place winner was Patrick McBride who was a tiger. It was a hard decision because all the children had good costumes.

On Thursday afternoon we held our Slow Bike Race. We held two races; one for two wheelers and one for three wheelers. In our race for two wheelers, the most skilled rider was Rocco Guozzo and in second place was Joey Casse. In our race for three wheelers Robert Bisson was our winner.

On Friday afternoon we had a Some more Party. The children roasted marshmallows and Janice & Joyce put the roasted marshmallows on two pieces of graham crackers with a piece of chocolate which melted on top of the marshmallows. They were certainly delicious and I think we proved why they are called Some-mores because as soon as the children finished one they wanted "some more". Sister Mary Robenia of the Sisters of St. Joseph visited our playground with Rosemary and Margaret Tague on Friday afternoon and sampled some of our Some-mores. We were very honored to have her visit our playground.

pressed by a pair of 5-3's held by the B.P.S.C. and the Holly Cleaners. Next, in order, are the Riders, the Knights and McDonalds.

Don't be an audience of one for an obscene caller. Hang up.

The phone rings. You pick it up. When whoever it is doesn't say anything, or does say something obscene, or doesn't identify himself—just hang up.

This kind of person would like you to talk to him.

Don't! Hanging up will usually discourage him from calling again.

Should the calls persist, however, please let your Telephone Business Office know. We have specially trained personnel to deal with obscene callers.

Note: New Jersey laws provide up to one year in prison and/or a \$1,000 fine to anyone making profane, lewd, lascivious, indecent, or disgusting remarks on the telephone, or who repeatedly telephones a person for the purpose of molesting or annoying that person.

Jones Assigned to Shonberg, New York Times Music Editor

Rbert Jones of 285 North Belmont Avenue, Belleville, has been assigned to serve on The New York Times under Hard Shonberg, music editor.

Jones has just completed the first of two years of training at the University of Southern California's Project for the Training of Music Critics. Jones' early musical training was on the piano in Knoxville, Tenn. After studying for a number of years with Mrs. Anne Schular, he moved on to lessons on piano and organ, and in harmony, theory, and composition with Maurice Douglas Pederson, continuing with him at the University of Tennessee.

Other important teachers were Alfred Schmidt and the late Prof. Frank Nelson. During his high school years, Jones discovered his first interest was singing and, since he had no discernible singing voice of his own, he coached and accompanied singers. After serving in the Air Force as a radar operator, Jones won a scholarship at the Juilliard School of Music.

Ralph Palumbo Attends School For Air Force

Ralph Palumbo, son of Mr. and Mrs. Ralph Palumbo, of 164 Bolton Street, Belleville, is currently home on leave after completing a 16-week course in photo-intelligence at Lowry Air Force Base, Colo.

Airman Palumbo had completed a tour of duty in Vietnam aboard the carrier HANCOCK before attending the school.

Following his leave, Airman Palumbo will report to Albany, Ga., to attend a computer school for 10 weeks and then there to an assignment aboard the carrier INDEPENDENCE.

The airman is a Belleville High School graduate, class of 1966.

BECK'S COLUMN

By MAX BECK

During the recent hot spell we had a large number of calls about numerous complaints, picture disappearing, black borders all around, color fading, dull picture, etc.

Whenever there is a hot spell, the voltage drops. The many air conditioners and fans pull too much current. This condition seems to be worse in apartment buildings. Most of these are hopelessly underwired. In some cases the voltage was down to 90 instead of 115. At the lower voltage the efficiency is low. Refrigerators run all the time, the light is dull, TV sets show deficiencies mentioned above and air conditioners cut out. The sealed motor-pump in an air conditioner has a protective device built in that cuts the motor off, if and when it overheats. We received many calls about this problem. Of course, there is nothing that any repairman can do about this. The motor has to cool off before it starts again. Unless the voltage is higher, it won't take long and it cuts out again.

If this happens in a private home, you can increase the supply of electricity. Most old houses have only a thin 115 volt supply line which is not nearly enough even without an air conditioner. All kinds of gadgets have been added, but the supply of electricity to the house is still the same. Call your electrician.

In some sections Public Service also had supply problems. In this case nothing can be done except bring the matter to their attention so they can modify their lines.

We service what we sell.

Several years of computer programming followed, broken musically by increasing concentration on record reviews for The American Record Guide. Meetings with Winthrop Sargeant of the New Yorker and Harold Shonberg of the New York Times suggested that music criticism might be his chosen field.

Air Force Major Given Medal In Vietnam Action

U.S. Air Force Major Gottfried H. G. Kraftt son of Mr. and Mrs. Henry A. Kraftt of 18 Monticello Drive, Lakewood, has received the Air Medal at Phan Rang AB, Vietnam.

Major Kraftt, who has flown more than 600 combat sorties as an air operations officer in the C-123 Provider aircraft, helped support the U.S. Marines during the Khe Sanh siege.

The major was graduated in 1953 from Belleville High School. He earned his B.S. degree and commission in 1957 upon graduation from the U.S. Military Academy, and holds an M.S. degree in aerospace engineering from the Air Force Institute of Technology at Wright-Patterson AFB, Ohio.

Major Kraftt is married to

the former Margaret Kelly, daughter of Mr. and Mrs. William G. Kelly of 22 Van Ryeper Place, Belleville.

Jean Bennett Singers On Newark Museum Bill

The Jean Bennett Singers, a gospel singing group of Newark, will be presented by The Newark Museum today at 12:30 p.m. in the Museum Garden.

The young women of the Jean Bennett Singers include, in addition to Miss Bennett, Joyce La-Quer, Yvette Bennett and Christie Michelle, the group's manager.

Songs to be featured are original compositions, lyrics by Miss Michelle, arrangements by Miss Jean Bennett, a protégée of Robert Banks. Each member of the group represents a different church in Newark.

Organized two years ago, the Bennett Singers have made frequent appearances in the Greater Newark area: before troops at Army bases,

in various Newark Board of Education and Newark anti-poverty programs, in the Allen's Chapel "Voices of the Ministry" presentation and the recent Tom Skinner Crusade at Symphony Hall, and before many church congregations.

Thursday noonhour programs at the Museum are devoted to music, both jazz and gospel, during July and August and are open to the public. Planned for the Museum Garden, the programs will move indoors to the Lecture Room in case of rain.

Have you wondered, as we often have, where the song writers get their ideas and their grammar?

The mind has a lot to do with the body ailments, which isn't easily explainable.

DARWOOD stands by you with those hefty sandwiches and top-heavy cocktails... and at night the big red sign shines solidly through the darkness of North Belleville. The Lounge serves special sea food dishes every Friday night — bands are on hand Friday and Saturday nights. With no cover or minimum charges, open until the small hours, Darwood should be one of the places on your "must" list.

Cohen To Address Temple Menorah

Bruce Cohen, a rabbinic student at the Hebrew Union College, Cincinnati, Ohio campus, will address the members of Temple Menorah, Bloomfield, at Layman Sabbath services tomorrow at 8:30 p.m. The services will be held in the Activity room.

The services under direction of Horace Guthman, Nutley, will be conducted by Clifford

Jeddis, Montclair, will have the traditional hymns and responses, a sermonette and communal singing.

Temple Menorah is one of a group of congregations sponsoring Mr. Cohen's participation in the problems of Newark's underprivileged. A discussion period will follow his talk.

Statue Of Fatima Virgin Due At Marian Shrine

The public will have the opportunity from Thursday August 15 to Sunday August 18 to venerate the famous Pilgrim Virgin Statue of Fatima at the Marian Shrine, West Haverstraw, N.Y.

This statue was carved according to the indications given by Lucia dos Santos, oldest of the three children of Fatima who on repeated occasions saw and spoke to the Virgin Mary. It was blessed by the Bishop of the Diocese (Leiria) in which the apparitions took place.

The statue was first brought to the United States in December 8, 1947, by the Bishops of America who elected Bishop John O'Hara of Buffalo (later Cardinal of Philadelphia) to act in their name. Rt. Rev. Msgr. William C. McGrath was appointed Director of Pilgrim Virgin Tours. Since then the Pilgrim Virgin has visited

more than 140 dioceses and travelled over 700,000 miles!

Lucia, Francisco and Jacinta Maro saw the Virgin Mary in apparitions that occurred from March 13 to October 13, 1947. The remarkable "Miracle of the Sun" — an amazing event witnessed by seventy thousand people! — climaxed these apparitions.

Visitors may venerate the statue beginning noon Thursday August 15, the Feast of the Assumption, when a jeweled crown will be placed on her head by Rev. John Lomagnolo, S.D.B., Spiritual Director.

In the evening Mass will be celebrated at 7:00 P.M. to enable pilgrims from long distances to fulfill their obligation for the holiday. Immediately afterward follows the Candlelight Procession which has already proved a popular attraction.

Very Rev. Fr. John J. Malloy, S.D.B. Provincial, will celebrate Holy Mass, preside at the Candlelight Procession, and deliver the sermon. Both the renowned Rosary Way and the grounds will be illuminated for the occasion.

On Friday August 18 at 4:00 P.M. will be held the Closing Ceremonies. Presiding over these ceremonies will be Rt. Rev. Msgr. William C. McGrath, Director of Pilgrim Virgin Tours for the past 21 years, who will also give the closing sermon.

Ample parking space at all times. No fees or charges. All faiths are welcome.

To reach the Shrine take Palisades Parkway and at Exit 13 go east for one mile. Or take Route 9W and at Filors Lane go west for one mile.

OBITUARIES

Mrs. McCoy; Long Time Town Resident

Mrs. Mary S. Ward McCoy of 156 Mill Street, Belleville, died on July 19, at her home. She was 95.

Born in Jersey City, Mrs. McCoy lived most of her life in Belleville.

She is survived by her daughters, Mrs. Frederick A. Singer and Mrs. John D. Judson; by her son, Richard and 8 grandchildren and 16 great-grandchildren.

A High Requiem Mass was offered at St. Peter's Church the Rev. James Heavey. Interment followed at St. Peter's Cemetery.

Mrs. Benbow; Choir Member

Funeral services were held Tuesday for Mrs. Eva J. White Benbow, 57, of 76 Newark Place. Mrs. Benbow died Saturday at home.

Born in Beaufort, S. C. Mrs. Benbow had resided in the Nutley - Belleville area since 1930. She belonged to the First Baptist Church of Nutley and was a member of the Senior Choir and the Missionary Society.

Surviving are her husband, Thomas, three daughters, Mrs. Thalia Harris of the Bronx, N.Y., Mrs. Beulah Wiggins of Orange and Mrs. Elise Childress of Belleville; two brothers, Warren White of Wilmington, Del. and Fred White of Brooklyn, N.Y., and seven grandchildren.

Funeral services were held at 1:32 p.m. at the First Baptist Church of Nutley. Interment followed at the East Ridgewood Cemetery.

DEDICATED TO DIGNIFIED SERVICE

We anticipate the family's every need, while offering the utmost in service, experience and convenience within the means of all.

Water Shows Planned For Morris County Fair

On land, water and in the air, visitors to the 1968 Morris County Fair, to be held August 18 through the 25 at Horseshoe Lake just off Route No. 10 in Succasunna, will be provided with a multitude of entertainment. The water segment of the show will be provided for the second year in a row by the Lake Mohawk Ski Hawks under the direction of Richard Elting who has been associated with skiing activities as a performer, director, and organizer for over twenty years.

The group of outstanding skiers range in age from 6 to 23 years and are capable of putting on shows of professional quality, rivaling the famous Cypress Gardens group. Since their performance at last year's Morris County Fair, the group has had many other public appearances and are scheduled to perform at Central Park in N.Y. on Sunday, July 28.

English Novelist to Speak At Rider Graduation Sunday

Rex Warner, English novelist, poet, translator and classical scholar, will be the principal speaker at Rider College's Summer commencement this Sunday.

Currently University Professor of English at the University of Connecticut, Warner also will receive an honorary doctor of letters degree during the ceremonies. Some 70 graduates are scheduled to receive degrees from Dr. Franklin F. Moore, Rider president.

Warner's list of publications over the past 40 years is both long and remarkably diversified. He has authored novels, poems, essays and radio scripts. He has translated the classical Greek authors and has written a scholarly, fictionalized biography of Caesar as well as books on E. M. Forster, Milton, the game of cricket and the natural beauties of the Aegean.

SHERIFF'S SALE
SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-2865-67. J. J. Kislik, Mortgage Corporation, a corp. of New Jersey, assignee for WASHINGTON HEIGHTS FEDERAL SAVINGS AND LOAN ASSOCIATION, a corp., Plaintiff, vs David H. Walker, et al., Defendants. Execution for sale of mortgaged premises. By virtue of the stated writ of Execution, to me directed, I shall expose for sale by Public Vendue, in Room 226, at the Court House, in Newark, on Tuesday, the 20th day of August next, at one-thirty o'clock P.M. (Prevailing Time) all the following tract or parcel of land and the premises hereinafter particularly described, situated, lying and being in the municipality of City of Newark in the County of Essex and State of New Jersey:
BEGINNING at a point in the southeasterly side line of Hillside Avenue distant therein 329.96 feet southwesterly from the intersection of the southeasterly side line of Hillside Avenue and the southwesterly side line of Bielew Street (formerly West Ruslow Street) thence

(1) Along the southeasterly side line of Hillside Avenue South 28 degrees West, 25.00 feet; thence South 62 degrees East, 133.05 feet; thence (3) North 28 degrees East, 25.00 feet; thence (4) North 62 degrees West, 113.05 feet to the southeasterly side line of Hillside Avenue the point of BEGINNING.
Being known and designated as 188 Hillside Avenue, Newark, New Jersey.
The above description is in accordance with a survey made by Troast Engineering Associates dated May 4, 1962.
It is intended to describe the same premises conveyed to David H. Walker and Eartha M. Walker, his wife, by Deed recorded on June 8, 1962, and re-recorded on June 28, 1962, in Book 3873 of Deeds for Essex County page 520.
The approximate amount of the judgment to be satisfied by said sale is the sum of Fifteen Thousand Eight Hundred and Eighty-one Dollars and Seventy-seven Cents (\$14,881.77), together with the costs of this sale.

TORRID TALES OF THE ELECTRIC HEAT LOVERS

Hot Stories

'Heating bills for our 10-room Montclair home built in 1960 invariably come in under \$300, a winter, and every cent of that is turned into pure heat: there are no cold spots, no drafts, no long waits for the house to warm up . . . FANTASTIC EFFICIENCY!' writes Mrs. Albert Weber, Vice President of the Nutley Lumber Co.

'Radiant electric heat keeps my company's heating cost down to a rock minimum also. Our two office buildings are equipped with Glasheat, one of them since 1948.

'That makes three times I've installed Glasheat in the last twenty years — if that isn't recommendation enough for anyone, I honestly don't know what is!

Thank you, Mr. Weber, for your three hot stories!

Sick Stories

'Three years ago when we installed radiant electric Glasheat,' writes Mr. Bruce Benner of East Rutherford, N.J., 'the first thing we noticed was the ideal humidity level; no static shocks; no more stuffy feeling on rising in the morning — just wonderful comfort we had never experienced before. "Room-by-room control with separate thermostats in each room enables us to enjoy the exact temperature each of us wants. "With a wife and four children or a total of six in the Benner family, ONLY ONE COLD OCCURED IN THE ENTIRE PERIOD, and it was a mild one at that. We feel this is the most unusual considering our experiences previous to Glasheat.'

Thank you, Mr. Benner — many more healthy winters to you!

Cheap Stories

'A good friend of mine decided to install a central heating system in a home just about the same size as mine (3500 sq. ft.) and at the end of the calendar year we compared our operating costs,' writes Mr. A.L. Miller of Boonton, N.J.

'Taking his fuel cost and electric cost, he spent \$533. Taking my total electric bill, I spent \$536. I HEAT MY BASEMENT AND GARAGE TOO — MY FRIEND DOES NOT !! We think this is a pretty good situation, don't you?'

We do indeed, Mr. Miller, and please extend our sympathies to your friend.

The first thing everyone seems to think of when you mention electric heat is: HIGH COST OF OPERATION,' writes another Mr. Miller, this gentleman from Verona, N.J.

'Well, let's start with my cost of operation now as against my previous fuel heating system. Using ONLY TWO FLOORS with my previous fuel system it cost me an average of \$230 a year for heating. Now with electric Glasheat, using THREE FLOORS INSTEAD OF TWO, my annual operating cost runs between \$230 and \$250.

'Three floors for the price of two — we think that's a pretty nice deal!'

What's Your Story?

If you have a heating problem — a hard-to-heat room, an old house, an additional room, a dirty, drafty system — any problem large or small — we have more stories to tell you.

Call Us. The facts will electrify you.

McDonald's Restaurants Serve Travel Information Sweepstakes

Goldberger VP At Scholastic

McDonald's restaurant chain has gone into the travel business, and is giving away \$500,000 in sweepstakes prizes as a corollary. It's all a part of Uncle Sam's campaign to keep our travel dollars at home.

"Of course we're really not turning ourselves into travel agents, but we are telling people where they might go on 'Discover America' mini-trips near their homes," says James Batts, who manages the McDonald's at 663 Washington Avenue in Belleville.

Batts explained that the 1,000-unit chain is sponsoring

a 24-page illustrated travel guide insert in the June issue of Reader's Digest. Called "Mini-Trips for Maxi-Fun," the pull-out section tells families across the country where they can go for one-day or week-end trips to nearby points of interest.

Sweepstakes coupons included in the section make every reader eligible to win one of 15,610 prizes, ranging from 10 Ford Country Squire station wagons to 10,000 Tensor Mini-High Intensity Lamps.

"Each coupon carries a number," Batts said. "Read-

ers can take their coupons to any McDonald's restaurant to see if their number is on the list of lucky winners."

He said that McDonald's is sponsoring the mini-trip guide as a public service to American families who want to know what there is to see and do within a reasonable driving distance. The project also is in line with President Johnson's appeal for Americans to spend their travel money in this country, rather than abroad.

Suggestions range from a 160-room house full of secret passages in San Jose, Cal. to the U.S. mint in Denver and from Lincoln landmarks in Illinois to America's first cattle ranch at, of all places, New York's Long Island. In New Jersey, mini-trip suggestions include National Boy Scout headquarters in New Brunswick and the World's First Movie Palace in West Orange.

Sweepstakes prizes, in addition to the station wagons and lamps, include 100 Magnavox

23" color TV's with stand, 1,500 Kodak Mini-Super 8 Hawkeye Instamatic movie cameras with Super 8 Instamatic projector, and 4,000 Aurora Mini-Electric trains in 1-160 scale.

Batts pointed out that the mini-trip guide will come in handy for families taking extended vacation trips, too. "It will tell you about sight-seeing attractions along your route as well as at your final destination. With today's non-stop highways, it's easy to miss off-the-beaten track places to go and things to see unless you know about them in advance."

The guide is divided into five geographical sections to make it convenient to use. The areas are Western, Midwest, Southern, Midwest and Eastern. Also shown are the addresses of all 1,000 McDonald's units, listed by state and city; including 29 in New Jersey.

Morris Goldberger has been elected vice-president of Scholastic Magazines, Inc., it was announced today by the Management Operations Committee of the forty-eight year old educational publishing firm. The election took place at the June 20 meeting of Scholastic's Board of Directors. The appointment is effective immediately.

Mr. Goldberger has been associated with Scholastic since 1955. He joined the company as promotion manager for the Teen-Age Book Club, and later served as editor, Teen-Age Book Club; manager, Book Operations; and manager, Book Club and Trade Division. Mr. Goldberger was responsible for launching Four Winds Press, Scholastic's hardcover publishing division, and is now publisher, Library and Trade Division.

Prior to joining Scholastic, Mr. Goldberger taught English at Montclair High School. At the same time, he published "Listenables and Look-

MORRIS GOLDBERGER

ables," a radio-television newsletter.

A graduate of Montclair State College, Mr. Goldberger, his wife, and three children, make their home at 8 Irving Place in Nutley, N.J.

SERVICE AWARD — Award for 25 years of service with International Telephone and Telegraph Corporation is presented to Clement Zubris (left) of 3 Lincoln Street, Nutley, by Dr. Arthur D. Kellner, director-personnel, ITT Defense Communications Division, Nutley. Zubris is a senior electronics technician.

Caldwell Prisoners Get Electronics Work

Freeholder Hyman B. Mintz, chairman of the Essex County Penal Committee, said that a \$20,408 grant from the U. S. Labor Department's Manpower Development and Training Agency will be used to set up a course in radio and television electronics at the Caldwell Penitentiary.

Freeholder Mintz said the grant was the first ever made to Essex County to aid in rehabilitation and job training opportunities for inmates at the institution where a maximum 18 month sentence limitation is in effect.

The grant, he said, was on a 90 percent federal - 10 percent county basis, and Freeholder Mintz said the county would pay for its share by providing space and supervision of the workshop. He said the county would not have to put up any dollar matching funds.

Mintz said that the electronics training program would be under the supervision of the Essex County Vocational School System and that the money would be used to pay for a teacher and the supplying of training equipment for a course in radio and TV repair.

"This grant will enable Warden John Rush to expand the therapy work program at the Penitentiary and thereby provide inmates with additional basic training that will enhance their chance of gainful employment upon the expiration of their terms," Mintz said.

Inmates Learn Trade

"Already at the Penitentiary we are training inmates in such occupations as tailoring, sign painting, shoe repair, auto repair and maintenance and in various aspects of agricultural work including assignments at our chicken farm and piggeries. This work not only provides therapy, but is also a vital factor keeping incentives alive as well as basically preparing inmates for gainful employment upon their departure."

"The addition of a course in electronics further expands our attempt at occupational therapy, and we are already studying other areas by which prisoners can be trained in various trades," Mintz said. The Freeholder also pointed

out that the average population at the Penitentiary exceeds 500, and that many new vocational opportunities are necessary to keep those inmates who want to work in useful training occupations.

"We are also pushing our plan through the State Legislature of a 'work release' arrangement at the Penitentiary whereby certain of the inmates, after careful screening, may be permitted to work on the outside in gainful private employment and then return to the Penitentiary at the conclusion of their regular jobs each day in completion of their sentences."

"The program is working out exceptionally well at the Federal Correctional Institution in Danbury, Connecticut, and we are hopeful through a change in legislation to at least institute a pilot program at Caldwell."

"Such a program will not only save the taxpayers money because part of the earnings of these individuals will be used to defray the cost of

their care at the institution, and the rest of the money used to support their families, thus saving the county welfare costs."

"But even more it will enable those prisoners to continue in gainful employment which will further insure their stability when their terms are up," Mintz said.

The Freeholder said that he had received a letter from Frank P. Kenton, Warden of the Correctional Institute in Danbury, praising Essex County for moving ahead on the "work release" program, and said that the Community Services Division for the U. S. Bureau of Prisons in Washington, D. C. has offered its help in making the program workable.

Mintz said that under the NDTA grant of \$20,408, ten inmates would be selected for the initial course starting next month, and selections would be made among volunteers for the course who will undergo aptitude tests. He said the course would provide for 30 hours a week training for a period of ten weeks.

period of ten weeks.

Austin Roberts Cast Member Of 'Winterset'

Austin Roberts, 33 Essex Street, is a member of the cast of Fairleigh Dickinson's Alumni Players production of "Winterset". The show will be presented at FDU's Rutherford campus Friday and Saturday, July 26 and 27, at 8:40 P.M.

The verse play opened at the Martin Beck Theatre in New York on September 25, 1935. That year Anderson won the New York Drama Critics' Circle Award for "the best new play written by an American playwright and produced in New York."

The show will be held at the Little Theatre on the Rutherford Campus, 244 Montross Avenue. Tickets are \$2.50 and may be purchased at the door.

Elections are often won and lost on the silliest of things.

News Letter

Belleville Chamber Of Commerce Briefs

By HARRY T. FRENCH
We welcome as a new member, Frank Picone, Belleville Service Center, 486 Washington Avenue.

Did you know? Union members pay the following dues on an annual basis: Typographers \$200, Maritime Worker \$120, Airplane Dispatcher \$120, Railroad Signalman \$120, Bookbinder \$110, Marine Steward \$100, Auto Worker \$75, Steel Worker \$65, Carpenter \$62, Cement Worker \$60, Sewing Machine Operator \$54. This does not include initiation fees which vary greatly and in some cases are very high.

We Congratulate The Peoples National Bank & Trust Company on the opening of their new and most attractive branch bank building on Bloomfield Avenue. With good parking space, this new facility will undoubtedly be a welcome and most useful addition to the area.

Have You Ever written to your Congressman or Senators on legislation pending before Congress or your Assemblymen with reference to proposals under consideration by the State Government? HR 17003 which proposes assistance to Insurance Companies who have taken tremendous losses as a result of the chaos which exists in our cities and which has caused wholesale cancellations by the Insurance Companies — might be one matter for your consideration. Thus far, Belleville has been

spared the destruction that has occurred in neighboring cities and let's hope that this situation continues, but what a spot all of us would be in if our insurance were cancelled. Of course insurance premiums are going up to make up for the losses suffered in the past few years because of city riots. Insurance now being cancelled in Paterson.

Freshman Congressman William V. Roth, Jr., of Delaware in an eight month herculean effort, endeavored to compile a full compendium of existing Federal Assistance Programs. To date, a total of 1,091 separate programs have been categorized and defined — and the end is not yet in sight. "The amount of duplication, overlapping and I am sure, just plain waste in our Federal Assistance Programs is astonishing," Roth declares. "Furthermore, the lack of coordinated and complete knowledge within the government about its programs is appalling." (Think about this when you pay the 10 per cent surtax).

Commissioner Vincent Strumolo is working with Public Service Coordinated Transport in an effort to improve bus service in Belleville, especially from the western part of the town, east to Washington Avenue. Strumolo spoke to the Board of Directors at their last meeting. The Chamber will work with the Commissioner to do what it can in support of his efforts.

VD Bill Needs Gov. Hughes' Written Okay

A law that will allow minors to give their own consent for treatment against syphilis and gonorrhea awaits the signature of Governor Richard Hughes to put into action what the state's medical profession expects will be a major method in the control of venereal disease among teenagers in New Jersey.

Under existing laws, a 20-year old, for instance, with an "obvious case of venereal disease," must be sent home for a written parental consent before he can receive treatment.

Instead of confronting parents with the news, what generally happens, according to Dr. Robert Fullilove of Newark, is that the minor's last contact with the medical community "may be severed through this unrealistic request."

"The importance of the bill, said the urologist, who began working for its passage when he headed the Essex County Medical Society in 1965, is that the carrier of a venereal disease can be treated immediately "without the fear and embarrassment of family rebuke."

The community also benefits, Dr. Fullilove points out, since immediate treatment means more rigid control over carriers of the disease.

According to the proposed law, the right of consent by minors for their own treatment is essential to protect one of the most "vulnerable" segments of society. This vulnerability, as indicated in 1967 statistics released by the State Department of Health show that the 15 to 19-year age group is one of the hardest hit with venereal diseases with 1,444 cases per 100,000 youngsters.

Local Scout Drive Chairman Named

Edward R. Eberle has been named chairman of the 1968 Sustaining Membership Enrollment and fund drive of Robert Treat Council, Boy Scouts of America. The funds from the drive will go toward the scouting program serving boys in Newark, Irvington and Belleville.

Eberle, executive vice president of Public Service Electric and Gas Company, succeeds John W. Kress, president of The Howard Savings Institution.

The announcement of the appointment, made by Arch Bliekenstaff, executive vice president of The Continental Insurance Companies and president of Robert Treat Council, said the campaign has an enrollment goal of 4,000 members and a financial goal of \$85,000.

"Success of this enrollment is crucial to the future of scouting in this area," said Eberle. "More than half the council's operating funds come from the annual sustaining membership enrollment. The balance comes from the United Community Fund of Essex and West Hudson Counties."

The Robert Treat Council's 1968 operating budget is \$23,600. This provides for the 14-man professional executive staff, the operation of the Scout Service Center in Newark, and the scouting facilities at Conklin Scout Reservation in Boonton and Mohican Scout Reservation at Blairstown.

Maintenance costs of these camps which served over 5,000 boys last year runs over \$15,000 a year, exclusive of summer camp operation. Basic costs are also incurred in the training and guidance of some 2,750 volunteer leaders each year who supervise without pay the activities of the more

than 8,500 registered Scouts in 110 Cub Scout Packs, 127 Boy Scout Troops and 31 Explorer Posts sponsored by 158 different sponsoring institutions.

"Even though this year the Council is serving more boys in more Scout units sponsored by more community institutions, we are only reaching 51 per cent of the boys in the neighborhoods we serve, and we simply have to do more," Eberle said.

"The enrollment of Sustaining Members begins immediately under the leadership of hundreds of volunteers. The 8,500 boys in our Council and the thousand new boys we must begin serving with this vital program of character and physical development depends upon the successful achievement of the 1968 Sustaining Membership Enrollment," Eberle added.

Eberle is also a member of the board of directors of Public Service Electric and Gas Company.

Prominent in civic activities, Eberle served as general chairman of the 1964 campaign of the United Appeals Fund of Essex and West Hudson. He lives at 195 Midland Avenue, Montclair.

Chopin Concerto Performance

At Waterloo

Eugene Istomin will be the soloist with the New Jersey Symphony Orchestra in a performance this Saturday night of Chopin's Piano Concerto No. 2 at the Waterloo Village Music Festival in Waterloo, N.J.

Henry Lewis, the Symphony's Music Director, will conduct the program, to begin at 8 p.m. It will open with the Herbert Hamilton Hartly arrangement of Handel's Water Music, and conclude with Tchaikovsky's Symphony No. 4.

Tickets may be obtained by telephoning the festival offices at (201) 347-0900.
