FOR CLARA MAASS

Commission To Study Feasibility Of Hospital Extended Care Unit

The Belleville Town Commission received a request at Monday's meeting to vacate a portion of Newcomb Street to make room for the construction of an extended care unit on the lower level of Clara Maass Memorial Hospital.

The communication was sent by Smith, Kramer and Morrison, attorneys representing the hospital. The request will be forwarded to Town Engineer John J. Vreeland who will study it and then report back to the Commission.

Assessment Board

An ordinance creating a Board of Assessment for Local Improvement was passed on first reading and will be advertised according to law.

An ordinance up for second reading and final passage was motioned to be tabled by Commissioner Strumolo and seconded by Commissioner Senatore. It was tabled due to legalities that have to be worked out.

The ordinance would create a full time position of Administrative Clerk and Registrar of Vital Statistics for Public Affairs. Salary range would be \$7719, minimum; \$9927, maximum.

Miriam Baker was approved for appointment as a member of the Local Assistance Board. She will replace Karen Patterson, who moved and resigned.

Petitioned

A petition was received from Mr. and Mrs. Michael Burns of 178 Union Avenue regarding the proposed building of a 24-unit garden apartment at 174 Union Avenue. It was referred to the Board of Adjustment. "It was a matter not to be taken up by the Commission at this time," noted Town Clerk Eugene Barnett.

Another communication was received from Mrs. Sydney Lester, Chairman of the Children's Asthma Research Institute & Hospital, requesting permission to conduct their annual tag week from April 30 to May 4, 1969.

The Public Works Department reported July activities and costs: Building, Construction Cost—\$228,975; receipt fees collected—\$1,033; engineering fees collected—\$1,097 and

plumbing fees collected—\$51.

Once again continued on table by motion of Commissioner Cullen, was an ordinance authorizing purchase of certain lands for public purposes at 602 Union Avenue. The appropriation is for \$5,000 to finance the cost thereof.

Also tabled, again through the initial action of Commissioner Cullen, was a resolution authorizing the refund

of certain special deposits.

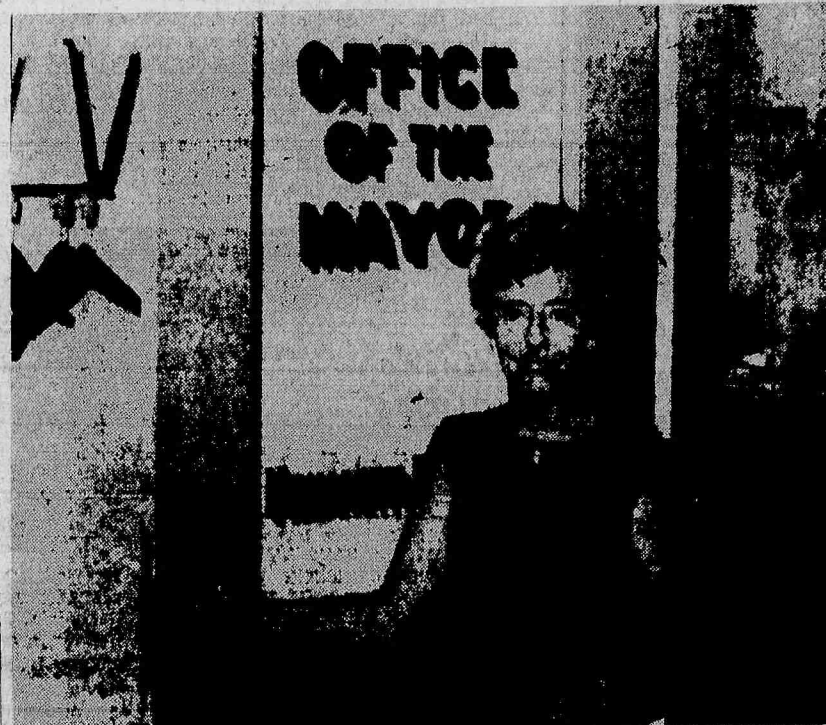

Resolutions passed included: authorization of award of contract for town road maintenance work; consent for fireworks display to the St. Bartolomeo Society and appointment of James D. Gardam, M.D., as fire surgeon, without compensation.

Commissioner Strumolo, in other action, introduced a resolution to pay Lawrence S. Schwartz for legal services.

rendered the Department of Public Affairs. Commissioner McGreevey requested that it be referred to the legal department and then a report made at the next Commission meeting.

The pending bill on Schwartz's fee totals \$700 and is concerned with a restraining order in the court hearing regarding Dr. Rams the former part-time health officer for Belleville.

It's The Mayor's Secretary

GOOD MORNING — Miss Marion Malcolm, secretary to Mayor Kenneth D. Smith, enters her office ready to assume the duties of the woman who indirectly organizes the affairs of the Town of Belleville.

Marion Malcolm Handles Many Jobs As Kenneth Smith's Right Hand Girl

Being secretary to Mayor Kenneth D. Smith requires the wearing of many hats as can be attested to by Miss Marion Malcolm of 9 Crestwood Avenue.

She has been the Mayor's secretary since he took office, and has worked for the town hall for 14 years in the Public Safety Department.

Her duties with the Mayor are simple — handle everything that comes into his office.

First of all, she is his personal secretary. That means that she takes care of all of his personal correspondence, does his filing and typing, and keeps things in order.

Ties Loose Ends

Since the Mayor is the head of the Police, Fire and Signal departments in town, she naturally falls heir to the job of tying up the loose clerical ends of each of the departments by typing reports and answering correspondence from the departments to the Mayor.

Mail concerning all phases of public safety comes into the Mayor's office since he is the official in charge of the safety of the community. She channels all of the letters to the proper authorities, so that any problems can be handled more efficiently.

Then, for a final job, Miss Malcolm is secretary for the Zoning Board of Adjustment, where she takes care of the paper work involved in the different variances that are granted by the Board. She also keeps and types the minutes of the Zoning Board meetings.

Brand New Car Develops Odd Problems For Thief

A man trying to steal a new black and yellow Pontiac didn't know it at the time, but his heist was destined for failure.

Officer John Vreeland was patrolling the McDonald's drive-in when he noticed someone in one of the cars at Allen Pontiac.

The man drove off and Vreeland used his walkie talkie to phone headquarters. Two

cars were dismissed to give chase, but they couldn't seem to catch the suspect.

What looked like an apparent car theft, however, was turned into a fiasco when the new Pontiac developed transmission trouble and had to be abandoned by its light-fingered owner, to be found later by the police and returned to the Pontiac dealer for a bit of transmission work. The man is still being sought.

Fairway Playground Hosts Third Annual Belleville Muscular Dystrophy Carnival

The third annual Belleville Muscular Dystrophy Carnival, held at the Fairway Avenue Playground last Friday, collected \$325.10.

Under the auspices of the Recreation Department, Steven Tague was chairman of the drive for funds, to be donated either to the Irvington Chapter or on the Jerry Lewis Telethon next month.

Also participating were park advisors Janice Misuriello (Fairway Director) and Joyce

Rozek, co-chairmen Neil Setiacea, Brian Tague and Joe Reldunas and Recreation Department personnel, Warren

Ceres and John Senesky.

Numerous games of chance, contests, and refreshments were offered. Last year, the

Carnival also topped \$300. The Times has two pages of photo coverage inside, on pages 10 and 11.

Handicrafts Exhibit Continues Through Tomorrow At Library

The Belleville Public Library is displaying the summer endeavors of town children at local playgrounds, with a handicrafts exhibit, which will run through tomorrow.

Joy Fulmore, handicrafts

supervisor and Camile Casaletto, Playground Director at School No. 9 will provide visitors with a running commentary and tour.

Many "useful" household items were made by the young-

sters. After the exhibit, they will take them home to eager mothers.

The Times carries a picture page of creativity on Page 15. Additional photos appear on page 2.

Valley Protests Its Plight

The Belleville Valley Association, William Cavanaugh, President, in an open letter to Mayor Kenneth Smith and the Town Commission, continued to press its fight for representation on the town's planning and zoning boards.

Smith had told the association at the July 8 meeting of the commission that neither he nor the commissioners had any intention of expanding the Board of Adjustment of the Planning Board.

The association contends that because none of the members of either board is a resident of the Valley, that part of town is not receiving representation in decisions affecting it. The group in particular refers to a revised land-use plan adopted by the Planning Board

Retired Men's Club Will Meet

The Retired Men's Club of Belleville will open their 1968-69 season with a meeting on Sept. 4.

The club meets every Wednesday from 9:30 to 12:00 a.m. in the Recreation Hall of the Fairway Avenue Presbyterian Church, corner of Union Avenue and Little Street.

Cards and carpet bowling are played, and a motion picture is shown every other week. "If you are retired and from Belleville, why not join us," says member Edward Cairns.

Procrastination Costs Speeder

Failure to appear in court on a speeding charge cost Nicholas Piacenza of 127 Clifton Avenue, Newark, an extra \$10 at last Thursday's meeting of the Belleville municipal Court.

Judge Edward Abromson also fined him \$20 for the speeding charge after Piacenza pleaded guilty.

CYO Camp Bus Schedule Changes Made

Essex County CYO Day Camp Director Anthony Lardieri has announced a revised schedule for buses leaving daily for the Pine Haven Swim Club in Wayne, site of the day camp.

Buses will load at Our Lady of the Mount Carmel Church, Nutley, at 8 a.m.; Holy Family School, Nutley, at 8:10 a. m. St. Mary's School, 8:15 a.m.

In Belleville, buses will take on passengers at St. Peter's School, 8 a.m. and St. Anthony's School, 8:05 a.m.

Auto Racing Scheduled For Labor Day at Fair

Thrills and chills will again be spotlighted on Labor Day weekend at Flemington Fair when a full program of automobile racing is scheduled.

Valley Association Appeals To Officials

(Continued from Page 1)

on June 27, which it says is unacceptable to valley residents.

Get The Message

The association, in its letter, resented a statement by the mayor that if the Planning Board really wanted to be realistic it would zone the whole valley for industry so that residents could get much-needed tax relief through rates.

The letter states: "We are glad you are in the open on industrializing our Valley and as much as saying that the men, women and children of this section don't count. We get your message loud and clear. "It is the home and land owners of this town that bear the lion's share of the taxes and not this shoddy fly-by-night industry that you are so proud of.

"The people of Belleville as a whole had better wake up, your beautiful Washington Avenue is about to become the next 'McCart Highway' if something isn't done to help the Valley."

The land-use proposal, the first part of a three-section master plan, has been attacked by the association as not representing the wishes of the people. The plan leaves zoning in the Valley as it is, but the association feels this does not represent the basic residential character of the area.

"What we have asked the Planning Board, mayor and commissioners to do is quite clear — where a home stands in an industrial zone makes that parcel of land residential — as simple as that, or give us a rational explanation of why it should be any other way," the letter says.

Place For Industry

The association concludes that it realizes the importance of industry to the town, but feels there is a place for it.

"The large industries seem to be doing a splendid job of selecting sites and beautifying their complexes without hurt to the area or people. The small industries have a place in any town, if they are kept in their place, not pocket-marked all over a residential area. One thing they should be made to observe is good housekeeping and not permitted to have run-down lean-tos that will make the surrounding fringe community look like it is bordering on a junkyard."

Although the association has been unable so far to accomplish its aims, it is expected to continue its fight perhaps with of the Town Hall.

Meanwhile, the other two sections of the master plan dealing with transportation and public facilities will be under consideration by the Planning Board when it reconvenes in the fall.

Tri-State Transportation Runs Investment Survey

How much do governments in the New York area invest each year in buildings, roads, parks and other public facilities?

A first-time accounting by the Tri-State Transportation Commission of all capital spending by local, state, and

Federal governments in the Tri-State Region, plus their operating authorities, reveals that \$1.8 billion was invested in 1962.

By 1965, with no change in tax rates, the sheer growth of the regional economy should cause this annual public investment to grow to \$3.8 billion — more than twice as much as today.

According to a regional profile report issued today by the Commission, predicted gains in total personal income (and, consequently, greater personal spending) as well as expected higher productivity will result in more governmental revenue from taxes levied at today's prevailing rates.

Specifically, by 1965 personal income in the Region is expected to have risen to \$121 billion from its 1962 level of \$54 billion.

In recent times about 3 percent of the Region's total personal income has been spent on public capital improvements. The projected \$3.8 billion 1965 budget represents "the same share of total personal income diverted to public investment."

Commission Chairman Louis I. Gladstone noted that the Tri-State Region's public investment budget is similar to a family budget. Income determines how much can be spent; it remains to determine what fraction should go to capital improvements and what needs are greatest.

"Presently," Chairman Gladstone observed, "more than half the public capital expenditures in the Region are for highways and education. This is also true of the nation as a whole."

"Obviously, future spending decisions may alter the current allocation of funds among highways, education, housing and urban renewal, mass transit, sewerage, recreation, water supply, hospitals, airports, and other public functions."

"Intelligent, rational planning must guide these decisions," declared Gladstone. "To do this in an age when conditions are changing faster than ever requires an accurate estimate of the Region's future growth and the selection of a system of priorities that fits the values and meets the needs of the people."

Social Security Covers Clergy Under New Law

Mr. Anderson, a clergyman, read the papers very carefully and watched television very closely for passage of the social security amendments. He was interested because he had not elected to become covered by the Social Security Act in 1964 when he obtained his first church assignment. Since then he married and had a child. He was very happy to read that President Johnson signed the law in January 1968 extending coverage on a compulsory basis to clergymen.

Even though Mr. Anderson is a young man, he will be providing security for his family and himself if he becomes disabled or dies.

Before 1967, income from the ministry was not covered by social security unless the clergyman signed a form stating that he wanted it to be covered. For taxable years ending after December 1967, income from the ministry will automatically be covered the same as it is for other wage earners and self-employed people unless the clergyman files an application for exemption, stating that he is opposed to receiving social security benefits based on services as a clergyman, because of religious principles or conscience. As under the previous law, a clergyman reports his income and makes his tax contributions as if he were self-employed, even though he may be working as an employee.

The new provision does not affect members of religious orders who have taken a vow of poverty. As before, they are not covered by social security.

Additional information may be obtained from the social security office located in Room 500 — Federal Building, 970 Broad Street, Newark, New Jersey. The office is open from 8:30 a.m. to 5:00 p.m. daily and till 8:00 p.m. on Wednesday evenings. The phone number is: 645-2180.

All seventh grade students are invited to a "Know-Your-School" Open House at the Junior High School on Wednesday, August 21 or on Wednesday, August 28th. The program will begin at 10:00 a.m. in the auditorium, located on the second floor. Following introductory presentations, all visiting students will be conducted on a tour of the building.

It is hoped that this orientation will help to make the students feel more comfortable on the first day of school in a new situation.

On the first day, any student who does not have a combination lock may purchase a pair for \$3.50.

WHAT IS IT? — It's, well it's — It was made on the playgrounds and is on exhibit at the Library through tomorrow.

Fisticuffs Bring Judge's Wrath

Tom Dillon of 15 Valley St., James Hooker of 115 William St., and Ronald Robertson of 336 Cortlandt St., all received

30 day suspended sentences and \$50 fines for fighting at the August 1 meeting of the Belleville Municipal Court.

Judge Edward Abromson expressed his displeasure at seeing Dillon and Hooker because of their repeated disregard for the law and the court.

Happiness isn't everything.

It can't buy money.

Jury Indictments

Legislative Inquiry Needed

Recently we witnessed the indictment by a special Grand Jury of Newark's Police Director, Dominick 'Dick' Spina.

The Jury indicted Spina on charges of "wilfully refusing" to crack down on illegal gambling operations in Newark.

Significantly the Jury did not charge Mr. Spina with taking a bribe from the gambling interests — whoever they might be. The Jury alleged that Spina knew there was gambling in the City of Newark and just did nothing about it.

Spina vigorously denies the charges and says that at the trial his name will be cleared.

Mr. Spina, a 27 year veteran of the Police Department, has been controversial. During the six years that he directed the Newark Police Department Spina has been a tough cop. Spina does not believe looters have a right to loot. Spina does not believe rioters have a right to riot. Spina does not believe snipers have a right to kill defenseless firemen.

Spina, a career public employee, is a self made man. He was graduated from Newark Law School during the Depression days by earning his keep at night as a member of the Newark Police Department.

Spina is a clean living, dedicated family man. A Lieutenant Colonel in the Army Reserve, Spina is a great reader of books. His prime interests are Greek History and Philosophy.

According to published reports in the daily press, the Grand Jury's charges involved evidence that state and federal law enforcement agencies apprehended gamblers while Spina was paying attention to other matters.

In our judgment this evidence of itself appears flimsy and inconclusive.

Last year there were 200 forceable rapes in Newark. Should Spina have been indicted because the police "permitted" 200 rapes last year?

There were almost 100 murders last year in Newark. Does this statistic mean that Spina should have been indicted for "permitting" murder in Newark?

Over 12,000 homes and businesses were broken into and burglarized last year in Newark. Does this mean that Spina should have been indicted for "permitting" breaking, entering and burglary?

There were over 6,000 automobiles stolen last year in Newark. Does this mean that Spina should have been indicted for "permitting" thousands of

cars to be stolen on the streets of the city?

The gravest problem facing the people of the City of Newark today is the same which confronts the people of every metropolitan community throughout the nation.

It is a question of law and order.

Women fear for their lives — and rightfully so. Suburban women refuse to visit Newark to shop because they are afraid of being attacked and/or killed. As with every activity, law enforcement must have, and work with, a list of priorities. The number one priority of our cities is the people's safety.

We do not condone illegal activities of any nature, whether it be gambling or burglary. Citizens are expected to obey the law even though that law may be unfair or unpopular.

When it comes to gambling we have too many hypocrites. On the one side (inside) of a race track fence it is legal to place a bet on a horse. On the other side (outside) of the same fence a person invites a jail sentence if he is caught placing a bet on the same horse.

Gambling involves no moral question. Today it is a simple case of hypocrisy.

However, what people think about gambling is quite beside the point with respect to Mr. Spina.

All we have heard and known of Mr. Spina is very commendable. As we have said many times, an indictment is not a finding of guilt. The vague charges against Mr. Spina, serious though they are, did not warrant a suspension.

We continue to believe that Mr. Spina is a dedicated, honest, public official and when all the facts are known to a trial jury — then and only then — can a final judgment be made on the guilt or innocence of Mr. Spina.

The regrettable part of his indictment is that the Prosecutor's office refused to give Mr. Spina an opportunity to present his side to the Grand Jury.

This action on the part of the Prosecutor should be the subject of a legislative investigation and remedial laws. When a citizen voluntarily wants to appear before a Grand Jury he should be given that right — even if it means that he waives his right to raise a defense against such an appearance at a subsequent trial.

The Bermuda Triangle

A national magazine recently carried a story hinting that the U.S.S. Scorpion might have been a victim of geography and the mystery veteran mariners along the eastern seaboard refer to as the "Bermuda Triangle." The writer pointed out that in the last century more than forty ships have disappeared without a trace in this suspicious area.

Roughly speaking, the Bermuda Triangle stretches from the Virginia coast to a point above Bermuda in the North and from the lower Florida coast to a point above the island of Hispaniola in the south (it's more of rectangle than a triangle).

Foreign ships were earliest victims. The first American ship lost without a trace in the area was the Cyclops, in 1910. As with earlier victims, there was no radio message from her, no debris, no survivors and

no bodies ever found. And, most interestingly, in none of these disappearances could the loss be attributed to a storm in the area.

The first debris ever recovered from any of these forty doomed ships occurred in 1963 when the Marine Sulphur Queen disappeared. Three days after her last radio message a lone life preserver was found floating in a calm sea. Nothing else, no bodies, no debris were ever located despite intensive searching.

And so there is a growing mystery of the deep off the American east coast, a mystery which even some Navy spokesmen acknowledge. Some are reminded of it by reports the Scorpion exploded. Some theorize that this dangerous area may be subject to underwater earthquakes which suddenly build waves two or three hundred feet high.

The Democrats

The Republican Party platform and candidates as determined in Miami challenge the older party in several potentially effective areas.

Republicans achieved unity, both in the platform and in nominating candidates all segments of the party can support. They held an orderly convention. The platform keys were a call for an end to the war in Viet-

nam and law and order in the streets.

Democratic delegates at Chicago face the same challenge, to attain unity and a platform various segments of the party can support. It will be a difficult task for various reasons and the work of the committees and party leaders in the days immediately preceding the opening of the convention on the 26th are likely to be critical.

I Can Save You Money!

Seems Only Yesterday

1 YEAR AGO

Phil Grippaldi, Belleville's 20 - year - old weightlifter, earned a gold medal at the Pan - American Games in Winnipeg, Canada. The champion was headed for the Olympic Trials.

Serious squabbles broke out among the members of the Board of Commissioners. Mayor Smith seemed to be allied with Mary Senatore and Joseph McGreevy, while Vincent Strumolo was evidently combined with William Cullen.

A petition signed by 250 residents of the Silver Lake section of Belleville, sought redress of "deplorable conditions" in their area. The petitioners appeared in a heated session of the Board of Commissioners.

5 YEARS AGO

There was widespread concern about the ability of the Fire Department to cope with major or minor incidents because of the antiquity of its equipment, manpower shortages, and financial disaster.

The Fire Chief, who doubles as the Department's mechanic, complained that the reserve ambulance is a 1948 Cadillac which had logged 65,026 miles. He recommended the addition of 22 men to the force, the manpower increase could be expected to help improve Belleville's "C" rating from the Board of Fire Underwriters.

The most serious worry was the 1939 Arens - Fox pumper, whose fire - fighting ability was dangerously suspect.

10 YEARS AGO

Newark's Branford Theatre broadcast the world heavyweight championship fight between Floyd Patterson and a Mr. Harris.

The Belleville Orioles of the semipro Essex County League extended their winning streak to nine games by whipping the South Orange Giants and the East Orange Generals. The clutch play of the Orioles made the difference in the two one - run decisions. The double win carried the Belleville squad to a half - game lead over the Nutley Colonels, clear leaders before the Oriole sport.

15 YEARS AGO

Times editor Ralph Heinzen urged local residents to write letters to the citizenry of Italy, hoping to discourage voting for the steadily growing Communist party.

The youthful director of the Selective Service, General Hershey, explained that draft quotas would increase during the Korean truce period.

Gig Young, Greer Carson, Walter Pidgeon, and Jean Hagen starred in "Scandal at Sourie" at the Loew's Theatre in Newark. The movie was

shown with the popular three-dimensional effect.

20 YEARS AGO

Times editor Ralph Heinzen chided Independent candidate Henry Wallace for advancing a program of "making peace with Russia on a basis of honest understanding. He asked, "Is Wallace blind, or a fool, or a Knave?"

A Wilmington, Delaware tobacco company advertised cigarettes at \$1.49 - carton. A competitor also of Delaware, claimed that he would sell the same quantity for \$1.27.

25 YEARS AGO

The United States Treasury Department explained skyrocketing taxes to the American consumers. The primary reason was that the war was costing 240 million dollars a day; approximately 96 per cent of the tax dollar was earmarked to paying this bill. Secondly, the tax increase was necessary to reduce public spending power, thereby hopefully preventing demand inflation.

At Newark's Kent Theatre, Humphrey Bogart and Raymond Massey appeared in "Action in the North Atlantic" Captain Clark Gable also appeared in "Wings Up". Every Wednesday afternoon the management presented a new Superman Cartoon.

Belleville citizens were very interested in the story of an American plane forced to land in the mountains of Burma. The area, inhabited by head-hunters, was reached by a supply airplane which dropped colorful trinkets to the downed survivors for diplomatic overtures with the natives. Local residents had been contributing jewelry and trinkets to the government and suspected that the vital articles given to the flyboys came from Belleville.

35 YEARS AGO

Town Clerk John J. Daly resigned amid continuing investigation of alleged irregularities in voting procedures and appointments. Daly explained that the post was not really worth fighting for.

Mayor Samuel I. Kenworthy of Laverne Street, entertained his mother Sarah of Denver, Colorado. Mrs. Kenworthy drove east with another son, Millburn, and the latter's wife and two children. They planned to stay for two weeks.

Editor T.E. Delaney attacked a competing newspaper for its criticism of the Commissioners' refusal to "welcome cut - rate merchants to Belleville with open arms." He declared that his editor - adversary was not sincerely interested in Belleville's problems because he resided in Nutley.

Speak Up

Police, First Aid Help Little Girl

To the Editor;
The Times-News:

On Monday of last week, my little girl was involved in an incident whereby she collided with an automobile on Bloomfield Avenue . . . her condition critical! She is now home from the hospital and enjoying Good Health, thanks to the efforts of the Nutley Police Department and the First Aid Squad.

I would like to take this opportunity to commend the Nutley Police Department for the competent and diligent manner in which they executed their skill and knowledge in a crisis which may have resulted in a tragedy. If it had not been for the quick and efficient action performed by the personnel of the Nutley Police Force, I may not have been in a position to write this letter.

In this day of riots, pilfering, and unrest, policemen in general have been criticized and denounced publicly by ac-

cusations of "police brutality." It is not very often that one reads of the efforts put forth by the men of the police force whereby they help to organize our youth into constructive programs, i.e. the sponsorship of teams such as the Little League, PAL etc. These same men give up their time and energy to enlist our youngsters into worthwhile endeavors. It is under this leadership and guidance that a good foundation of character and moral strength is molded to help guide our youngsters in the right direction.

Again, I extend my heartfelt gratitude to the men of the Nutley Police Department. We are all very grateful for the manner in which you handled this incident and appreciate the combined efforts of both the Police Force and that of the Nutley First Aid Squad.

I remain,

Gratefully Yours,

Handicapped Veteran Collects Old Valentines

To the Editor,
The Times-News:

I am a handicapped veteran, living on a small pension. My vision and hearing are gradually leaving me. The doctors say they can do nothing, so I have made projects to keep busy with, in an effort to forget my defects.

One of my projects is the history of calendars. I am collecting real old calendars to use as illustrations and have four that are 1882, 1883, 1887, 1896 and looking for others.

While I am collecting old post cards, bookmarks and reward of merit cards, most of my projects concern histories of holidays like Easter, Halloween and St. Valentines Day. To make it interesting, I am collecting real old valentines to use as illustrations and plan to give them to a museum when I finish.

I have two valentines that are over 125 years old and

four that are over 95 years old and a few dating back to 1880, but on my limited funds, I am having a hard time getting a better represented collection of real old valentines.

I was in hopes that perhaps a few of your readers may have a few real old valentines they do not want, because I would be happy to have any they may care to send me, and be glad to get them.

Eventually, I hope to try writing a book about my projects, in an effort to earn enough from it to get off this small VA pension and have some medical care, which the VA is unable to afford me, so my projects have a dual purpose.

Thank you for your time and kind consideration in reading my letter. I hope I may be hearing from a few of your readers.

Town Bulletin Board

The Times publishes the Town Bulletin Board as a public service, not only to assist individuals in planning social calendars, but as an effort to eliminate conflicting dates among local organizations. Club secretaries and program chairmen wishing to clear a date for a future activity may call the Sunbank Building at 667-2100.

There is no charge for the Bulletin Board listing, but events should be limited to those of general interest. Be sure to mention date, time and place of each event being listed.

Listing for the Town Bulletin Board must be written and submitted to The Times two weeks in advance of publication.

PILOT PROGRAM — Assistant personnel officer, William A. Malencsik of Clara Maass Memorial Hospital orients the five students from the Schering Health Opportunities Program (SHOP) on the first day of their eight week training program at the hospital. Students

in the picture from Project Upward Bound, an Office of Economic Opportunity Program, are Richard Tucker, Eileen Flaherty, Gwen Hall, Maria Carter, Tryphena Garrett and Joyce Robinson (standing).

Clara Maass Memorial Hospital Is Selected For Schering Health Opportunities Program

A pilot program designed to cope with two major problems confronting the nation today—employment of minority youth and a shortage of trained health personnel—was announced by Schering Laboratories of Union.

Called "Schering Health Opportunities Program" (SHOP) it is being conducted in conjunction with the New Jersey Hospital Association.

Establishment of the program was announced in the office of Senator Clifford P. Case (R-N.J.) who was instrumental in its development.

Joseph J. Ingolia, Vice President and General Manager of Schering Laboratories, said the project is designed as a practical approach to acquaint high school minority youth with health career opportunities. "The United States is facing critical shortage of trained health personnel, and we feel that our pilot project may help to find a partial answer to this situation as well as benefiting the boys and girls who participate in it," Mr. Ingolia said.

Thirty students are participating in the eight-week summer program which began on July 1st. Most of these youths are from Project Upward Bound, an Office of Economic Opportunity program conducted locally by Seton Hall University. All of these students were selected on the basis of interest in health careers and scholastic achievement. The participating hospitals are: St. Michael's, Newark City, United Hospitals of Newark, East Orange General and Clara Maass Memorial of Belleville.

The hospital locations were selected to minimize transportation problems for the participating students.

Students receive an educational stipend each week they participate in the program. The stipend is provided by Schering Laboratories through the Hospital Research and Educational Trust of the N. J. Hospital Association. In addition, Schering has provided funds for a full-time professional director who will operate from the offices of the N.J. Hospital Association.

In describing the SHOP project, Mr. Ingolia said it is an

educational experiment. "We feel that through practical exposures in the hospital centers, the students will gain a first-hand understanding of the many career opportunities that exist in the health field. If the SHOP program creates a better awareness among these students of health opportunities and prompts them to

seek additional training required to obtain these jobs, it will be a success."

Each student is spending a week or more in various hospital departments, including: Hospital laboratories, pharmacy, nursing area, etc. They will work in these areas under close professional supervision and guidance. Another facet

of the program is a series of tours and informative discussions to acquaint the students with educational facilities in the New York - New Jersey Metropolitan area where further professional training can be obtained and to acquaint them with scholarship assistance which is available in the various health skills areas.

Playground News

Soccer, Tournaments, Cake Sale Featured In Town Recreation

At Fairway Playground the week began with an Elmer's Glue Design Contest. The children enthusiastically made very creative designs. The decision was very difficult but after much consultation the winners were chosen: Margaret Tague, Mr. Firework; Danny Cassese, The Creation of Earth; Gail Delarentis, Mrs. Fireworks; Debbie Doll, Mrs. Circle and Peggy Gleavy, The Greatest Name. The week was filled with games of kickball, touch football, kalah, nok hockey, Simon says, red light, giant steps, charades and others. Mark Castro won games of nok hockey and Carol Restivo won many games of kalah. They are out two tournament winners.

On Tuesday, Joyce and a group of six children hiked to the Recreation House. Cake Sale while Janice and the other children played a variety of games. Our boy's softball team lost to No. 4 but the game was very exciting and they did a fine job! On Wednesday twenty children attended the Friendly House for an entire day of swimming and fun. We're looking forward to going again on Wednesday afternoon. On Friday the children made a worm out of empty thread spools. We held a Name Contest arriving at the name — Sidney The Silly Fairway Worm! which was created by Charlotte Cuozzo. Friday afternoon was "Pizza Party Time." Fifty children enjoyed slices of pizza and all the lemonade they could drink. All of us enjoyed the events and happenings of the week and we are looking forward to more fun on Fairway Playground.

Clearman Field had another active week with three tournaments, an ice cream party, softball, Password, Handicraft, and the old favorite, kickball. A Password tournament was held with Joe & Gabriel Cestaro as the victors. Peter Ichelebi won both the kalah tournament and our 150 yard crawling tournament. The Junior softball team had an overwhelming victory over the Recreation House, 11 - 0. Our Senior boys lost their second

game to No. 1, but they are still tied with No. 9 for first place. Joe Latruglio displayed exceptional form as he went 4 for 5. We ended our week with an ice cream party. After the party we had running and jumping races in which Pete Ichelebi excelled again with Denise Kuback running a close second.

Soccer has become a popular game at Msgr. Kelly Playground especially with the older boys. However, nok hockey still remains the most popular game here. The older boys are also getting in shape for the football season by playing exciting games of touch football. Friday afternoon we had our Pet Show. Princess, owned by Kathy Mc Dermott and Andre owned by Kim Casale were the smartest dogs. Kelly owned by Chris Wilson was the cutest dog and a turtle owned by Barbara Tonasin was the most unusual pet entered. The other contestants were Astro, a dog owned by Frank Callaco; two goldfish: Otto and Clarence, owned by Lenore Wilson, and a bird owned by Carol Tonasin. Sadie, Sally and Debbie Candura also won prizes for their stuffed animals.

This week No. 1 Playground welcomed back Alan Thalmage, the only difference with him now is his limp which is caused by having a cast on his left leg. The week's favorite game was kick the can and with the way the children drink soda on the playground, there were plenty of cans to be found. The top players were Kathy, Mark and John Farchnay and Margaret and Scott Whitman. Things are looking up for both of our softball teams. The Junior team won their third in a row by beating the stadium in a squeaker 6-5. Kent Robinson had the only home run but was backed up by Ken Ferris, Vic Nowanski, Chucky Wells and James Jones.

The senior team was also successful in winning their second straight game against Clearman Field 10 - 7. Top defensive player was Lonnie Bunch who played an airtight shortstop. Offensively No. 1 was power personified which

was led by John Goscinski 4-5. Douglas Brown 3 for 5 and Charlie Carr 3 for 5. The younger set has been very busy with their handicraft projects. Our paper mache creation was completed Friday just in time for the handicraft display at the Library. The youngsters also made beautiful flowers with wrapping paper and some very funny faces by stuffing newspapers into a paper bag and then decorating them. Although not as popular as nok hockey, everyone's favorite, the Match Game is picking up in popularity. Jerome Webster, Chuck Wells, and Jodie Mitchell have become quite skilled in playing this quiz game.

This was a very special week for the Recreation House; for the first time the playground organized a Cake Sale. We would like to thank all of the Mothers for their tasty donations and to all those who came to purchase our cakes. On Monday we went to the Friendly House. Angelo's new plan of swimming and picnicking certainly worked out fine. Tuesday we made tissue flowers as decorations for the Library exhibit. The flowers were made by Karen & Sharon Arietta, Jill Greenberg, Karen Batka, and the Marten family. Tournaments were played this week in nok hockey and ping pong. Winners were Karen Byrne and Peter Liloia for nok hockey and Bill Gagnon in ping pong. Wednesday we had a special surprise of ice pops; grape, orange, cherry and lemon ice pops, they were especially enjoyed on such a hot day.

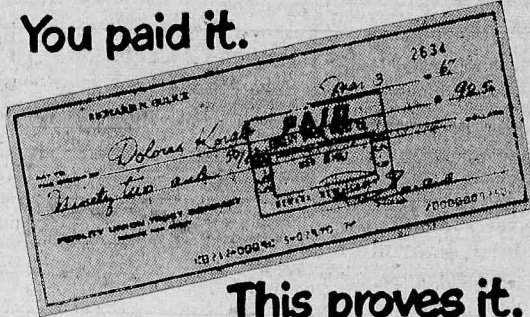

We had a butter scotch hunt Thursday. Lisa Parrillo, Janice Byrne, Marc Aduabatto collected 10 but were beat by Pamela Marten and Barbara Stefanize who found 12 each. Wooden airplanes were a big

rage at the playground. The planes were given points as to how well the plane's flight and landing was. Jerry (Jap) Calabrese had the best little plane and received a rating of 99.6. To finish our week we had a watermelon party. A bubble blowing contest was held prior to our party, Janice Sheldon blew the biggest bubble. It was a refreshing ending for a very hot and humid week.

No. 2 Playground had lots of fun this week making a project for the Library exhibit. Our finished product was a black and white spotted horse made out of paper mache. We all had fun getting dirty and then cleaning ourselves and the playground up. All had an enjoyable time eating cookies and drinking lemonade Tuesday afternoon for Philip's ten year old birthday party.

WEDDINGS AND ENGAGEMENTS IN THE SOCIAL SPOTLIGHT

Ceremony In Sacred Heart Church Unites Miss Menegus, Mr. Debesis

MRS. JAMES DEBESIS Former Miss Eileen Menegus

Sacred Heart Church, Clifton, was the setting August 3 for the wedding of Miss Eileen Regina Menegus, daughter of Mr. and Mrs. Joseph Vincent Menegus of 62 Major St., Clifton and James Philip Debesis, son of Mr. and Mrs. James Debesis of 160 Hornblower Ave.

The Rev. Julian B. Varettoni performed the ceremony. Vocal music featured the bride's college hymn sung by her roommate. A reception was held at Robin Hood Inn, Clifton.

Escorted by her father, the bride wore an A-line gown of embossed cotton with yoke and bell shaped sleeves of Venise lace in a daisy pattern. A cathedral length detachable train was of matching lace. The gown was made by the bride's sister, Mrs. William J. Maier Jr. of Clifton.

An organza rose trimmed with seed pearls held a six tier shoulder length veil of silk illusion. She carried a basket of white daisies.

Honor attendant was the bride's niece, Miss Mary Elizabeth Maier of Clifton who made all of the attendants' gowns. Bridesmaids included Miss Elizabeth Leonard of Pottsville, Pa., the bride's college roommate, her niece, Miss Madeline Maier of Clifton and Mrs. Ronald J. Turriello of Nutley.

They were in A-line dresses of pink embossed cotton featuring a yoke and stove-pipe neckline. They wore matching pink bow headpieces and carried baskets of variegated pink and violet carnations.

Lieut. (j.g.) Ronald James Turriello, USN, of Nutley, cousin of the groom, was best man. Ushers included the groom's cousins, James A. Pecora of Newark and Mr. Edward Salgado of Philadelphia and the bride's nephew, William J. Maier III of Clifton.

Mrs. Menegus chose an aqua silk dress with matching organza coat and headpiece. Her corsage was of baby pink roses. The groom's mother was attired in a blue crepe silk dress with an attached simulated coat of matching lace. Her headpiece was a veiled satin bow and her corsage was of white roses.

Mrs. Debesis received a bachelor's degree in chemistry from Chestnut Hill College, Philadelphia. She will be with Wyeth Labs, Radnor, Pa.

Mr. Debesis received a bachelor's degree in English from Villanova University, Villanova, Pa.

After a honeymoon in St. Thomas, Virgin Islands, the couple will live in Drexel Hill, Pennsylvania.

MRS. GORDON L. CRONIN Former Miss Mary Finnerty

Mary Finnerty Married At Mass To G.L. Cronin

Miss Mary Ellen Finnerty, daughter of Mrs. Mary Finnerty of Nutley and the late Mr. Percival Finnerty became the bride August 3 of Gordon L. Cronin of Belleville, formerly of Kearny.

The Nuptial Mass in St. Mary's Church, Nutley, was celebrated by the Rev. John Golding. A reception followed at American Legion Hall, Nutley.

Mrs. Joanne Finnerty was matron of honor for her sister-in-law while Edward Mercer served as best man.

Mrs. Cronin is an instructor at Clara Maass Memorial Hospital School of Nursing.

Mr. Cronin is with Kaiser-Nelson Corporation, Newark. The couple have made their home in Belleville following a trip through the New England States.

Mayor's Day Is Feature Of Flemington Fair

For the first time, there will be a New Jersey Conference of Mayors Day at Flemington Fair on Wednesday, August 28.

According to George Zuckerman, executive director, the organization is made up of most of the state's mayors plus former holders of that office. The Conference has its headquarters in Asbury Park.

Although plans for the year have not been finalized, Zuckerman said that the organization will award a prize in the tractor driving contest to be held on August 28.

Honeymoon in the Pocono Mountains For Mr. and Mrs. R. J. Lukowiak

The wedding of Miss Joan Ann Di Fazio, daughter of Mr. and Mrs. John Anthony Di Fazio of 54 Chestnut St., and Ronald John Lukowiak, son of Mr. and Mrs. Richard Francis Lukowiak of 11 Mt. Pleasant Ave., took place Aug. 4 at Holy Family Church, Nutley.

The Rev. Paul Viale performed the afternoon ceremony. A reception was held at the Robin Hood Inn, Clifton.

The bride was given in marriage by her father. She wore a gown of pont d'esprit net with scattered appliques of Venise lace around the scalloped neckline and on the elbow length sleeves. The train which fell from the shoulders, was also appliqued with lace.

Her elbow length silk veil fell from a double bow of pont d'esprit and she carried a colonial bouquet of roses and orchids.

Miss Patricia De Martino of Newark was maid of honor for her cousin. Bridesmaids included another cousin, Miss Marie De Martino of Newark, Miss Judi Tomaselli of Belleville and Miss Susan Rossi of Bloomfield.

They wore Nile green silk organza gowns trimmed with lace. Matching organza bows and baskets of daisies and carnations completed their outfits.

Thomas Boniface of Belleville was best man. Ushers were Ralph Lukowiak of Belleville, brother of the groom, John Di Fazio of Belleville, brother of the bride and Gregory Mc Gee of Belleville.

Mrs. Di Fazio chose a turquoise A-line silk dress with Alencon lace bodice and matching accessories. While the groom's mother wore a pink chiffon cape over pink taffeta with a pink beaded wedding ring collar and matching accessories. Corsages were of white orchids.

Mrs. Lukowiak is a graduate of Belleville High School and Newark State College where she was president of Omega Sigma Psi sorority.

Mr. Lukowiak, an alumnus of Essex Catholic High School, Newark, and Newark College

LIGHT UP FOR SAFETY

Accidents don't have to happen. Especially the kind that happen at home after dark. Good lighting is one of the most important—and least expensive—ways you can insure your family's protection. For example, a post lantern like this, which also adds large measures of beauty and gaiety to your home, can be kept lighted all night at an average cost of under two cents. And that's plenty of protection for so little.

Our Certified Residential Lighting Consultant will be glad to give you cost-free help in planning interior and exterior lighting for your home. Simply call the Public Service office that is nearest to you.

HURRAH FOR ZARRA — Saverio J. Zarra, (right), of 12 Nolton Street, Belleville, is a recipient of an Army Commendation for outstanding performance of duty as chief, Loading Division, Industrial Services Directorate, Picatinny Arsenal. Elmer Ritzer, supervisor, makes presentation.

Commendation Medal To Sp-5 David Weil

Sp-5 David Weil was awarded the army commendation medal with "V" device for heroism in connection with military operations against an armed hostile force in the Republic of Vietnam.

On January 30 Spec. Weil was assisting in picking up a resupply of ammunition which was being brought in by helicopters. In spite of the dangers inherent in a nearby fire fight, Weil managed to move the supplies as rapidly as possible while exposing himself to enemy fire.

Weil's "professional skill and exemplary devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army."

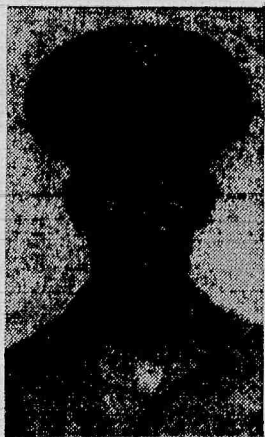

In September, Weil will be discharged and return home to his wife Marge, who resides at 254 Jorammon Street, Belleville.

Bandsman Receives Bronze Star Medal

A former 25th Infantry Division band member who plays the euphonium (a cross between the tuba and the French horn) and who also served as machine gunner with the division in Vietnam, was recently presented the Bronze Star Medal at Fort Devens.

Specialist Five Mark E. Keeler, whose wife is the former Marilyn Banta of Belleville, describes his instrument as "an enlarged French horn or an undernourished tuba." He received the medal for his outstanding meritorious service during ground operations against a hostile force.

After the awards ceremony, Specialist Keeler explained that members of the 25th Infantry Division band often volunteered to serve as machine gunners, to participate in search and destroy missions, or to guard bunkers. He himself was a machine gunner for six months and later leader of a heavy weapons fire team.

Lieutenant Colonel George T. Callahan, commanding officer, Special Troops Battalion, presented the medal to him in the presence of Chief Warrant Officer Marcus W. Callender, bandmaster, and commanding officer of the 18th Army Band; Mrs. Keeler; and assembled members of Special Troops Battalion.

Specialist Keeler, who is presently a euphonium player with the 18th Army Band, Fort Devens, attended the New England Conservatory of Music in Boston. He graduated from Newman Prep School in Boston in 1961.

SOME NOSEBLEEDS CAN BE PREVENTED

Of course there are blood disorders which cause nosebleeds and a physician is required. But the average nosebleed is only a temporary discomfort. If this type of bleeding of the nose happens too often, perhaps the blood vessels in the nose may be too fragile, or too close to the surface.

Or, bleeding may be caused by a small ulcer, which bleeds from time to time. If so, it can be easily cauterized by your physician, or a nose specialist. If nosebleeds occur too frequently, if it becomes a recurring nuisance, a physician should be consulted.

YOUR OWN DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Walter Kidde Division Develops New Switch In Frequency Signals

The development of an actuating switch which responds to frequency has been developed by Douglas Randall, Inc., of Westerly, Rhode Island, a division of Walter Kidde and Company, Inc., Belleville.

The Frequency Responsive Switch — which Douglas Randall has nicknamed "Fritch" — is present to operate at any specified frequency between 40 Hz and 50 KHz. It must operate within plus or minus 2 per cent of the selected frequency and will not operate beyond plus-or-minus 5 per cent of it.

Fritches require a signal of 5V RMS at only .002 Watts (25,000 Ohm input impedance) with DC power of 24V at .025A in actuated mode and less than .002A unactuated.

Operating temperature is minus 40 deg. C. to plus 65 degrees C. and since actuating circuitry is solid state, the units are not affected by vibration or other environmental extremes. Output contact configurations available are Form 1A, 2A, 1B, 2B, 1C, of 1A1B. Units are 1" square by 2" high octal mount. Alternate sizes and mountings are available on special order.

Local BPW Club Picnic In Belleville

More than forty members of Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley attended a picnic at the home of Miss Ruth Williamson and Miss Frances Williamson of Belleville Tuesday evening, July 2. Japanese lanterns decorated the trees in this very beautiful garden and music was enjoyed during the picnic. Slides were shown of events and meetings in which Tri-Town participated in the past year.

Miss Frances Williamson, civic participation chairman, gave a report on the conference she attended at Bloomfield College June 27. Co-sponsored by the Bloomfield Commission on Civil Rights and Bloomfield College, with the cooperation of the Bloomfield Police Department and the National Council of Christians and Jews, this "Professional Day" focused on better communications between all segments of the community. Mrs. Francis La Placa, immediate past president of Tri-Town, also attended. It was felt that all communities could benefit by a similar conference.

Mrs. Hazel White, of Bloomfield, president, requested all officers and chairman to meet at her home on Tuesday, July 9, to plan the program for the coming year. The theme will be "All Systems Go - Unite, Share and Act".

Miss Eleanor Storer, of 247 Whitford Avenue, Nutley, had a workshop at her home July 11, to work on baby bibs for Clara Maass Hospital, stuffed toys presented to local agencies at Christmas and associated projects.

McDonald Sent To County Jail

One probation violation too many landed John McDonald in the Essex County Penitentiary for four months at last Thursday's meeting of the Belleville Municipal Court. Judge Edward Abramson gave the sentence after studying the record of the defendant with the probation officer.

Husband Must Pay Wife \$40 Monthly

John Van Sickle of 488 Clifton Place, Newark, was convicted of assault and battery on his wife at the August 8 meeting of the Belleville Municipal Court. Judge Edward Abramson handed down a three-month suspended sentence, and a one-year probationary period in which he will have to pay his wife at least \$40 per week.

The state of the weather continues to furnish conversation for those who have nothing more important to talk about.

tinued through August 3. The Correction Officers are represented by Belleville attorney, John R. Scott, of the firm of Scott & Amato.

The Attorney - General's office secured an injunction on August 2nd to compel the men to return to work. Scott ap-

peared with some of the representatives from the various institutions on television Channel 3, to explain the reason for the sick call and the contemplated legal action that would be taken.

Scott met with State Senator Joseph J. Maraziti, (Repul-

ican - Morris) on Saturday, August 3rd to discuss the grievances of the guards. Following that conference it was suggested that formal hearing be given to the Correction Officers in Trenton on August 14.

Scott credited Senator Mar-

aziti with avoiding sick calls because of his swift and constructive action to solve the problem. Scott indicated that he was to communicate with the Senator in Florida where he was attending the Republican Convention, to advise him on the decision of the men.

The Officers began to return to their employment on Sunday, August 4 and all are presently on their regular tours of duty.

The Attorney - General had sought to make the injunction permanent on August 9, however that date was adjourn-

ed in view of the pending hearing, held yesterday as the Times went to press. Scott indicated that he is confident once the Senate Committee hears the evidence that will be presented, they will agree with the position taken by the Correction Officers.

New Officers Installed By Tri-Town BPW Club

At its annual installation dinner, June 27 at the Friar Tuck Restaurant, Cedar Grove, the new officers of Tri-Town BPW, were formally installed by Mrs. John McLean of Summit, president of the New Jersey Federation of Business and Professional Women's Clubs, Inc.
Mrs. McLean is Advertising Production Director for Silver Burdette Company, Textbook Publishers, Morristown. Listed in "Who's Who of American Women," Mrs. McLean is a charter member and former director of the Zonta Club of Morristown and served as

Successful Day Camp Season Over for YMCA

Nearly six hundred boys and girls attended the Montclair YMCA Day Camps, Camp Sharee for girls and Camp Y - Mont for boys, during the six week camping session June 24 through August 2. While most of the 595 campers, who were in second through sixth grades, came from the Montclair - Bloomfield area, the Caldwell, Nutley, Glen Ridge, Cedar Grove, and Verona were abundantly represented. Campers were also enrolled from towns as distant as Wayne, Totowa, Clifton, Livingston, Roseland and Little Falls.
A staff of 23 directed each camp and included school

The pattern has cut across all ethnic and cultural lines in our society—except one.

The U.S. Office of Education recently made a study which disclosed that although Negroes comprise more than 10 percent of the population, only 5.6 percent of the enrollment at our nation's colleges is Negro. Moreover, about half of these are enrolled in predominantly Negro institutions.

This is both a symptom and a cause of the fact that Negroes are not moving into the middle class in the same numbers and at the same rate as other minority groups, says the Senator.

Part of the reason for this is simply that many Negro families cannot afford the high cost of sending one or more children to college.

To meet this problem, Sen. Williams has introduced legislation to provide tuition grants up to \$500 a year for children of limited income families in the first and second year of post-high school education.

Obviously this doesn't just apply to Negro families. The grants would be available to all who met the income requirements.

Mrs. Elizabeth P. Siemer Is Promoted At Berkeley

Mrs. Elizabeth P. Siemer has been promoted to administrative vice president of The Berkeley Schools of East Orange, New York City and White Plains, N. Y.

Mrs. Siemer, the former Elizabeth Prosch, became associated with The Berkeley Schools in 1960. Her earlier business affiliations were with Upsala College, East Orange; General Motors Acceptance Corp., Newark; Motors Insurance Corp.; Newark; Passaic Collegiate School, and H. B. Richardson & Co., Passaic.

A native of Clifton and a graduate of Clifton High School, she attended The Berkeley School, East Orange. She and her husband, William

D. Siemer Jr., reside at 131 Edgewood Ave., Clifton. She is organist and choir director of the First Congregational Church, Passaic.

Eastern Grass Championship Attracts Local Tennis Fans

GAME, SET, MATCH — Pictured is Karen Krantzke of Australia immediately after defeating Linda Tuero in the quarterfinals of the Eastern Grass Championship. She moved on to the semi-finals where she was defeated by Mary Ann Eisel, the eventual winner of the tournament.

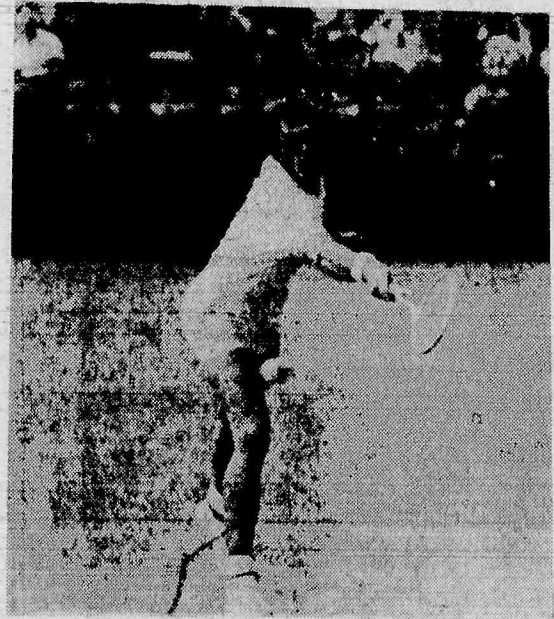

A LOSER AGAIN — Pictured is Clark Graebner of New York just before he started his four round match in the Eastern Grass Court Championships. Little did he know that he was destined to lose for the third year in a row.

OUT BUT NOT DOWN — Linda Tuero of Metairie, La., wistfully watched the evening matches after losing some hours before to Karen Krantzke during quarter finals of Eastern Grass Court Championship.

ONE OF THE BEST — Well known players like Clark Graebner are always surrounded by eager tennis enthusiasts of all ages. Here he greets a number of them before his fourth match at the Orange Lawn Tennis Club.

LOVE-FORTY — Here Graebner, odds-on favorite for the tournament, is about to connect on a powerful backhand. Charles Pasarell of Puerto Rico, stopped the seeded Graebner in the final round at Orange Lawn Tennis Club.

SET POINT — Here Graebner easily handles one of Fillol's deep backcourt shots. Graebner defeated Fillol, but ended up losing the Eastern Grass Tournament in the finals for the third straight year.

UP, UP, AND AWAY — Here Jaime Fillol is suspended in air after returning a deep-corner shot to Graebner. Fillol showed poise and promise at the Orange Lawn Tennis Club this year.

SERVICE — Jaime Fillol of Chile waits for Graebner's serve in the fourth round at Orange Lawn Tennis Club. Fillol, a promising young amateur, had to defeat many outstanding players before qualifying to meet the top seeded player.

Colonels Will Battle South Orange Nines

The South Orange Colts will provide the opposition for the Nutley Colonels on Saturday with the South Orange Orioles to be met on Sunday. Both games will be played at Cameron Field, South Orange. Game time for both encounters is 2:00 p.m.

The Colts will probably start All - Stater Tom Griesmeier who has already defeated the Colonels twice this season. Tom is the boy who pitched 15 2-3 innings in the Greater

Newark Tourney this year against Morristown. Griesmeier shut - out the Nutley outfit in his first Essex County League this year. Dan Gabriel, recently acquired by the Colonels, from the Colts, will draw the starting nod for Coach Jack Speary's nine.

Gabriel, former St. Benedict's H. S. star, gained his first win for the Colonels in relief this past week. Dan pitched last season for the Colonels but started this season with the Colts. The strong lefthander returned to the Nutley combine because he was not working regularly in South Orange.

On Sunday, also at Cameron Field, the South Orange Orioles will provide another roadblock for the Colonels. The Nutley team is currently fighting the Orioles for fourth place in the League standings. Ken Inglis, Nutley's winningest pitcher will toe the rubber in an attempt to keep the Colonels from the second division. The Orioles will counter with Donnie Anderson.

Larry Berra, returning from a road trip with the Mets, will be behind the plate in both games for the Colonels. Fred

Sports of The Times

By RICHARD DE SINA

Tonight at the Singer Bowl a group of All-Stars from the East will meet the Lakers, I mean the West, in a basketball game to benefit the Southern Christian Leadership fund.

Wilt Chamberlain, Jerry West and Elgin Baylor of the Lakers will start with Bob Boozer of the Bulls (an ex-Laker).

Question: Who was the first player to score 2000 points in a season in the NBA?

Observations: This may be Mickey Mantle's last year. The Yankees without Mantle is like the NBC Symphony Orchestra without Toscanini.

Dooley Womack doesn't slam the door on rallies; most of the time he stubs his toe.

Joe Pepitone's disinterested fielding gave the Athletics a 4-3 win last week and a split of a doubleheader. Pepi had won the first game with a two-run homer, but twice didn't see fit to charge the ball in the nitecap. Maybe he was afraid of messing his hair. Gene Wiley, former Laker center, is back with the team, in a way. He's a janitor at the Forum, the Lakers home court. I'm sure that wasn't his major at Wichita.

The base stealing leadership of both leagues in the last decade has been confined to: Maury Wills, Lou Brock, National League; Louis Aparicio, Bert Campaneris, American League. Lem Barney is the Detroit Lions new Nightrain Lane.

Where Are They Now? George Altman, erstwhile Cubbie and Cardinal, stroked his 22nd homer for the Tokyo Orions. He leads the league in home runs and RBI's (64) and is batting .322. The home run helped defeat the Nishitetsu Lions for the Orions. Bring on the Anaheim Grunions.

Answer: George Yardley, who performed for the Pistons and the quondam Syracuse Nats.

Fran Tarkenton knows how to beat the Packers. He did it a few times when he quarterbacked the Vikings. You have to play ball control, Green Bay's game. That's what the Giants did, as they marched to the winning score, in eight minutes.

The Red Sox could have made the American League pennant race a race last weekend, but they blew it. After winning the opener of a four game series with the Tigers, they lost coast to coast and their pennant hopes, 4-3 and then a doubleheader, 5-4 in extra innings and 6-5. The key hits just aren't coming, as they did last year.

In the televised loss Saturday, Boston had men on first and third with no one out in the 8th. They didn't score. In the 9th, Norm Cash (who accomplished the all-time turnaround, from .361 and the batting title in 1961 to a .220 hitter the next — and every succeeding season) homered off lefty Bill Landis to win it, 4-3.

Annual Belleville-Nutley Alumni Football Game

Joseph Librizzi, newly elected Alumni Athletic Association, President of the Nutley A. has formally announced that

Men From Uncle Roll In Summer Bowling

With twenty - one games bowled in the Recreation Department Summer Bowling Leagues, John Spezzaferra has taken command of all of the individual highs in the Boys League. His team, the Men from Uncle, have moved into a tie for first place with the Three Wise Men. Bowling with John the other Men from Uncle are Bob Cook and Victor Linfanti. Spezzaferra's individual performances are a High Average of 160, a High Series of 540, a High Game of 212 and his team has the High Team Series of 1334.

The Three Wise Men are Harry Angevine, Peter Raimone and Robert Coiro and they share the first place in the League. It was Harry Angevine's High Average and High Series and Peter Raimone's High Game that John Spezzaferra edged out so the Three Wise Men are very much in contention for all of the top honors as this League progresses. In third place is the Terrible Trio and they are just two games out of first place. Fourth place is now held by the Butcher Boys who took two games from the Question Marks. The Foxhole Three is in fifth place and the Question Marks are fighting valiantly at the bottom of the League.

The only change in the individual honors in the Girls League is that Donna Rainone has moved back into a tie with Susan Winship for High Average. Among the girls' teams there were several changes in position. Team Five took two of three games from the League leading Team Three and moved into third place. Team One dropped three games to second place Team Four which caused Team One to hit bottom and Team Six took three games from Team Two which raised Team Six from the cellar to fifth place. Team Three which boats Donna Rainone and Susan Winship spread their lead to two games 13 - 8 over Team Four's Carol and Anita Masi. Bowling for the third place Team Five are Paula Evangelista and Manueall Costa.

the Fifth Annual Nutley-Belleville Football game will be played on Saturday, September 21, in Nutley's Park Oval at 8:00 p.m., under lights to be specially installed for the contest.

Nutley's share of the proceeds of this annual event are given to a deserving Nutley High School graduate in the form of a \$1,000. scholarship which was awarded this year to Bob Miesneski.

The Nutley teams have won half of the games with their Belleville rivals. Nutley, after losing the first two games of the series, has posted victories in the last two games, to even the series. Last year's contest was an exciting, hard fought 25 - 13 victory for the Maroon Railer Alumni under the skilled guidance of Head Coach Mario Cocchiola.

Few spectators of last year's contest will forget the exciting running of Tony Pietoso and Steve Lamprou and the fine defensive performance of Tom Malloy, a former All - American at the University of Arizona.

The polished performance of last year's alumni squad has induced the Nutley Alumni Athletic Association to invite

Mario Cocchiola to serve as head coach for an unprecedented second term. Cocchiola has accepted the invitation and has announced that practice will begin on Monday, August 26 at 6:30 p.m. in Boys' Park. The talented and well-liked head coach has invited all interested former Nutley athletes with football experience to attend the opening practice session.

Cocchiola, a lifetime resident of Nutley was a standout lineman at Nutley High School for three years. After his graduation in 1955, Cocchiola went on Utah State University and Upsala College where he participated in varsity football.

Swiss Ryland Sur, a 15-week old St. Bernard, owned by William Daniels of 170 Mills St., Belleville, won First Place in the "3 - 6 months Class" at the St. Bernard Club of Greater New York Show on August 4, 1968 at West Islip, Long Island.

Swiss Ryland Sur was handled by Miss Sue Hemming, the owner's daughter. Although this was Miss Henning's first time at handling she won 4th place in the Junior Handling Division.

Frenchies Softball Kings; Playoffs To Start Monday

Frenchies Bar & Grill, downed Walter Kidde, 12-9 in the Belleville Recreation Department Tuesday Night Softball League to win the First Place Trophy and assure them of at least one spot in the Three League Championship Play-offs.

In the Monday Night League, Frenchies have one game to play, against the Hilltoppers. All other clubs in this league have completed their schedules. Frenchies lead the League at 11-3, but Fahmies Motors are in second spot 11-4. If the Hilltoppers put down Frenchies, Fahmie Motors and Frenchies will tie for 1st place and a play-off will be necessary. This important game will be played tomorrow on Diamond No. 1 in

Belleville Park at 6:00 sharp. The Thursday Night League has a tie for 1st Place. The Fire Dept., sponsored by the Circle Bar & Grille and Jolly Cleaners have 9-3 records. In third place is the strong Belleville Political & Social Club team at 8-4. Each club has three games remaining.

B.P.S.C. and Jollys meet twice & the Fire Dept. plays last place MacDonalds Tavern twice. These games are all rescheduled rain outs. There is a strong possibility that this league might wind up in a three way tie for the First Place Trophy.

The Championship Play-offs, weather permitting, will start Monday evening, August 19 on Diamond No. 1 in Belleville Park.

Colonels Won, Lost, Even Tied Last Week

The Nutley Colonels hit a little better during the past week but the pitching which has carried the team for most of the season had a few problems.

After starting the week off with a win over Livingston, the Colonels were only able to get a tie with the slumping West Orange A.A. in the other two games. The Livingston club belted three Nutley pitchers for thirteen hits and ten runs. Tuesday's encounter saw the Nutley club defeat the Giants by scoring three runs in the last inning. Fred Alworth, starting his first game of the season, pitched the first five innings for Nutley. Dan Gabriel relieved in

the sixth and gained credit for his first win of the season. Nick Bowness's single to left, good for two runs was the deciding factor in the game.

At Colgate Field, West Orange, on Thursday the Colonels were lucky to come away with a tie. Ken Inglis, Nutley's starting pitcher, hurt his arm in the third and Dan Gabriel came back to pitch four innings of scoreless relief, to gain the tie for the Colonels. West Orange had scored in the third on a base on balls and a hit and run double by Joe Kilminski. The Colonels salvaged the tie by scoring a run on a walk, stolen base and a single to center by Spencer Taylor.

TOP HITTER — Colonels' Fred Alworth, batting .327, misses here.

BECK'S COLUMN

By MAX BECK

The shortage of mechanics and technicians to repair all the cars, appliances, household gadgets, air conditioners, radios and TV sets becomes more desperate from day to day.

Government, industry and schools try their best to induce young men to learn the trades. Unfortunately they don't seem to have much success recruiting them. The few that take the training have their minds on the glamour fields like computers.

The bad publicity given the TV repairman certainly is no inducement for new blood. There are, unfortunately, bad actors in any line of business and profession, everybody knows that. If people only would go through a little effort it is easy enough to find honest and dependable men in all fields. A telephone call to the Better Business Bureau, the local Chamber of Commerce or in smaller communities the banks, will help a lot. Particularly the banker has a pretty good line on local business and professional people. Of course your best safeguard is to buy your appliances and TV from dealers who have their own service department. Don't be talked into "factory service," which is impersonal, slow and expensive. It is easy for the seller to push you off on somebody else for the most important part of a transaction, which is the service, but it is not good for the buyer.

We service what we sell.

Astronomers Beam Scopes Toward Constellation Lyra

This week viewing will be concentrated around the con-stellation Lyra as Amateur As-tronomers, Inc., man the six-inch refractor telescope and the 12½-inch reflector tele-scope of the Sperry Observa-tory at Union College for the public observing session to-morrow. The high point of the evening will be the observa-tion of M57, the famous Ring Nebula.

Lyra is easily identified by the bright star Vega, the third brightest star in the northern latitudes. Vega itself has an interesting history. In 1850, Vega became the first star ever to be photographed. It is visible at some hour of the night throughout the year.

Due to the Precession of the Equinoxes, it has once been, and will again in 12,000 years be, the Pole star. Its light has a bluish - white hue. Vega is about 23 light years away (a light year is approximately six trillion miles) approaching us at a rate of 8.5 miles a second. Its diameter is about 2½ that of the sun.

The mind has a lot to do with the body ailments, which isn't easily explainable.

John F. Flynn; Life Resident, Police Sergeant

John F. Flynn of 50 Oak Street, Belleville, died on Au-gust 2 in Clara Maass Hospi-tal. He was 85.

A Belleville resident for his entire life, he was on the po-lice force from 1924 to 1946 when he retired. He was ap-pointed sergeant in 1936.

He is survived by his daugh-ters, Mrs. John Wieners, of Belleville, Mrs. Thomas Yani of Long Island and Loretta Flynn of Long Island; his sons, Howard of Belleville and James of Kearny; his sister, Mrs. Mary Fredericks of New-ark; and 14 grandchildren and 5 great-grandchildren.

A High Requiem Mass was offered by the Rev. Francis A. Ignaciuos at St. Peter's Church on August 5. Interment fol-lowed at Holy Cross Cemetery, North Arlington.

Edmund Koss; Hotel Baker

Edmund A. Koss, Sr., of 351 Division Avenue, Belleville, died suddenly on August 11 in Clara Maass Hospital. He was 70.

Born in Poland he came to this country where he resided in Bayonne until 16 years ago when he moved to Belleville. He was a baker for the Eliza-beth Carteret Hotel. He was also a member of the Sons of Poland.

He is survived by his wife, ophelia Jeants Koss; his son Edmund A. Jr.; and three grandchildren.

A High Requiem Mass was offered yesterday in St. Peter's Church. Interment fol-lowed at Holy Cross Cemetery, North Arlington.

Village Supermarkets Records New High in Sales, Earnings

Village Supermarkets, Inc., operators of eleven Shop-Rite Supermarkets, three drug stores and one Discount Cen-ter in Northern New Jersey, announced record sales and earnings for the first half of 1968.

Unaudited sales for the 25 week period ending June 23, 1968 totaled \$20,286,116. This represents an increase of 42 per cent over the same period last year, when sales were \$14,282,562.

This sales record reflects a 67.2 per cent sales increase in the second quarter for the South Orange, N. J. based supermarket chain. Accord-ing to Nicholas Sumas, Presi-dent, sales for the second quarter were \$12,915,265 as compared to \$7,494,772 during the second quarter of 1967.

Architectural School Will Consolidate with Newark

The New Jersey Society of Architects announced today that its School of Architectural Training will consolidate its operations with Newark Col-lege of Engineering as a means of increasing career opportunities for young people in the New Jersey — metropol-itan area.

The announcement was made by Eugene A. De Mar-tin, president of the society, a regional group of the Ameri-can Institute of Architects.

De Martin said. "There is an acute need for experienced ar-chitectural technicians to work on assignments presently in the hands of metropolitan arch-itects. Present shortage of over 200 technicians will prob-ably increase by 150 new jobs each year in New Jersey alone."

OBITUARIES

M. Cavanaugh; Born in England

Mrs. Mary A. Kinney Cava-naugh of 92 Tappan Avenue, Belleville, died on August 2 at the Park Avenue Nursing Home, East Orange. She was 83.

Born in England, she moved to Newark where she resided until 1923 when she moved to Belleville. She lived there for the rest of her life.

She is survived by her son, Harold J. of Belleville; and her brother, Michael Kinney of Bridgeport, Conn.

A High Requiem Mass was offered at St. Peter's Church on August 6. Interment fol-lowed at St. Peter's Cemetery, Belleville.

T. Rosamilia; Town Resident For 50 Years

Thomas Rosamilia of 6 St. Mary's Place, Belleville died at his home on August 6. He was 80.

Born in Italy, he was a Belleville resident for the past 50 years. He was a retired foreman for the Pittsburgh Plate Glass Company.

He is survived by his wife, Carmela Marino Rosamilia of Belleville; his daughters, Mrs. Anthony Roselli of Nutley, Mrs. Paul Martine of Belle-ville and Mrs. Joseph Forna-

rotta of Belleville; his sons, Nicholas and Michael of Belle-ville; his brother, Pasquale of Italy; and 23 grandchildren and 2 great-grandchildren.

A Requiem High Mass was offered at St. Mary's Church on August 9 at 9:00 a.m. In-terment followed at Immacu-late Conception Cemetery, Montclair.

More Medicare Qualifiers Under Social Security

More people will be able to qualify for medicare hospital insurance because of recent changes in the social security law.

William J. Arnold, district manager of the Newark social security office announced to-day that the amount of work credits an individual must have under social security to qualify for hospital insurance has been reduced from 1½ years to ¾ of a year for per-sons reaching age 65 in 1968. Those reaching age 65 in 1969 will need only 1½ years of work credits instead of 2¼ years as provided by the origi-nal medicare law.

Arnold pointed out that this work requirement applies only to hospital insurance and is necessary because the cost of the hospital insurance is paid out of social security payroll taxes.

Junior Red Cross Volunteers To Attend Leadership Course

Twenty three junior and sen-ior high school students from eight Essex Chapter commu-nities will leave on Sunday to attend the 15th annual Red Cross Leadership Develop-ment Center to be held this year on the campus of Bran-dywine Junior College, Wil-mington, Del.

One hundred young dele-gates selected from among the most active and outstanding volunteers by Red Cross chap-ters in New Jersey, Delaware and adjacent states, will at-tend the six day session.

Designed to train youth for positions of leadership in high school Red Cross, the course will consist of classroom study, discussion and demon-stration as well as practical application of leadership tech-niques and skills.

The Center's faculty is com-posed of Red Cross adult vol-

unteers and staff from the states represented and from Red Cross Eastern Area head-quarters and two youth mem-bers from each state. The junior staff members are se-lected from the outstanding delegates of previous Centers.

Representing the Essex Chapter will be Stephanie Glo-ver, Arts High School and Judith Cicora, Archbishop Walsh High School, both New-ark residents, on the student staff, Miss Betty R. Tonks, Or-ange, Youth Director for the chapter will serve on the sen-ior staff.

Each year, the Center is sponsored by a different chap-ter. The Delaware Chapter will sponsor this year's ses-sions and Dr. Zenas R. Clark, former assistant superintend-ent of Wilmington Public Schools will be the Center's di-rector.

The following Junior Red Cross volunteers have been se-lected to attend the 1968 Lead-ership Development Center at Brandywine Junior College, Wilmington, Del., Aug. 18-23.

Belleville: Renee Boltona, William St.; Sharon Halbert, Franklin Ave.; Kathleen Sul-livan, De Witt Ave. Bloomfield: Karen Boone, Hobson St.; Betty Tom, Bald-win St.

Irvington: Jean Shumsky, Delmar Pl.; Diane Tcherzew-ski, Walter Pl.

Kearny: Jean Coburn, Stuy-vesant Ave.

BETTER SWITCH TO GLASSHEAT

"IT'S A COMFORTABLE HEAT
that Glassheat gives—never too hot, never too cold," he continued. "So comfortable in fact you never notice the temperature at all. Regardless of the weather it feels like a sunny day indoors. Imagine—every room sunshine warm all winter long. No drafts, no cold corners, just comfort!"

No wonder Electric Glassheat reminds you of sun-shine. It is the only heating system that warms with healthful radiant electric rays exactly like the rays of the sun. And this is true throughout the house for every room has its own money-saving thermostat and heating unit.

You can regulate the temperature of each room exactly as you want it, one quite warm, another cooler. And if a room is unoccupied, turn back the thermostat, close the door and save money!

IT'S HEALTHFUL HEAT TOO!
"We had fewer colds last winter and everyone felt fine" says an owner in Caldwell. This is a common report from owners because Electric Glassheat has no flame to burn up the life giving oxygen or produce toxic fumes. And the sunshine rays of Glassheat not only produce an even tempera-ture but maintain humidity at the level doctors recommend for good health.

SAVE CLEANING TIME AND MONEY "No soot, no smoke, no grime. Glass-heat is wonderful," writes another user. "Have never seen any thing so clean. Saves me hours I used to spend cleaning and painting."

Another says "In 16 years the only room we have had to do over is the kitchen. No need to re-paint the other rooms or dry clean our drapes. And our venetian blinds still look fresh and new. That's why so many owners say, "Install Electric Glassheat and take it easy."

SAFE! Electric Glassheat is absolutely fire-safe and can't overheat. No fumes to worry about, and even accidental contact can't cause blistering.

Electric Glassheat is as silent as sunshine and as pleasant, for there are no moving parts. Saves space too for the area usually used by radiators, furnaces and flues is yours for extra living space.

SAVE MONEY ON HEAT! People admit that Electric Glassheat is tops for comfortable heating. But some feel that it is so ideal it might be too expensive. This is not true—as you will see from these letters describing Glassheat's economy.

One writes, "We installed Glassheat for its greater comfort with the hope that it would be reasonably economical to operate. So we were not prepared for our very low annual heating bills. And since

we can now take advantage of the special low heating rate, we save money on our regular cur-rent too. And there are no maintenance charges. It all adds up to better heat for less money.

"Though we added two extra rooms" says another owner, "my heating bill is only \$175. A pleasant surprise and we have never been so comfortable."

That's the Electric Glassheat story. People install it because of its many advantages—then are de-lighted to find it is an economy as well.

WHY PAY MORE FOR LESS?
Does Electric Glassheat sound luxurious? It is in every respect but cost. If you would like to know what Electric Glassheat will do for the health, comfort and welfare of your family—and how little it will cost, send the coupon, or phone.

ONE FLOOR LIVING

George Savino, 59; Owned Sports Store

George Savino of 63 Rhoda Avenue, Nutley, sports store owner and a former professional baseball player, died on August 10 at his home. He was 59.

Born in Newark, Savino moved to Nutley in 1927 where he lived ever since. He was the owner of Savino's Sports Shop in Nutley.

Before opening his store, he played professional baseball for Syracuse and Jersey City of the International League. He was a catcher.

He was a member of the Third Half Club of Nutley, the Nutley Elks, the Nutley Rotary Club, and the Royal Arcanum.

He is survived by his wife, Mrs. Josephine A. Savino; a daughter, Mrs. Celeste Conyack of Nutley; six brothers, Albert of Maplewood, James of Newark, Adam of Wayne, Joseph of Nutley, Paul of Hazlet, and John in Virginia; two sisters, Jeanne and Grace, both of Newark; and three grandchildren.

Funeral services were held on Wednesday from the Biondi Funeral Home, 540 Franklin Avenue at 9:30 a.m. Interment followed at Cresthaven Memorial Park, Clifton.

Scouts' Camp Mohican Receives 'A' Rating From National Survey

Camp Mohican, the Boy Scout summer camp of the Robert Treat Council, has received an "A" Rating from the National Camping Service of the Boy Scouts of America for 1968. This is the third year in succession that the camp has been so rated.

Scouting officials from the Regional Office of the Boy Scouts of America, headed by Judge Arthur S. Lane of Trenton, conducted the camp analysis. He was assisted by Arthur L. Manchee, former Robert Treat Council President; Donald J. Parry, Council Scout Commissioner; George C. Grow, Jr., Council Camping Chairman; Donald S. Lord, Council Health and Safety Chairman; James F. King, Inner City Committee Chairman;

Also, George Binder, Camping Committee; Rey. Roger Derricotte, Inner City Committee; John Wiedman, North End - Branch Brook District, Camping Chairman; George P. Hemmer, North End - Branch Brook District Commissioner; M. John Marko, Irvington District Chairman; Charles Friend, Irvington Camping Chairman; Norman Frank, Lincoln District Committee; Robert M. Fee, Robert Treat Council's Scout Executive, John W. Mayer, Camp Director and Charles W. Harlow of the Robert Treat Council Executive Staff.

Boy Scout camps are in-

spected each season on a minimum of 100 items of operation in the areas of health, safety, sanitation, program, leadership, facilities, and administration. Camp Mohican scored 99 out of a possible 100 points in receiving the "A" Rating.

New facilities which have been added to the camp this season include a floating boat dock, a new trading post in the rebuilt Kiwanis Lodge which was destroyed by fire in 1966, and a new archery range built by the Order of the Arrow in memory of Walter Queen, a former Scout killed in Vietnam.

Increasing Boy Scout membership and increasing use of camping facilities has made it necessary to prepare an expansive program at Camp Mohican. It is expected that upon completion of negotiation with the Federal Park Service concerning the Delaware Valley National Recreation Area, at least one additional camp will be developed within the boundaries of the Scout property. Council officials are currently working on a long-range plan with a target date of 1976.

Robert Treat Council is a participating agency of the United Community Fund of Essex and West Hudson Counties.

Former Nurses Can Refresh At Hospital

An intensive refresher course for inactive registered nurses who desire to return to their profession will be conducted at The Mountain-side Hospital from October 7 to December 5. The fifteen-week course is part of the Hospital's continuous program to provide highly qualified personnel for patient care.

"We feel certain there are nurses in this area who are interested in returning to nursing but who are apprehensive because of changes that have taken place in the profession since they last worked," Miss Christine O'Connor, Nursing In-Service Coordinator at Mountainside, said. "This program is designed to orient them to the latest nursing techniques, familiarize them with new technologies and prepare them to resume the practice of nursing. By bringing these nurses up to date, we believe that they will feel confident and enthusiastic about their return to active nursing."

The time for a vacation is when you can get it. Don't worry about the work you leave behind, it will be there when you return.

If your son's present school has not enabled him to achieve as you would like, might we suggest your investigating

Restaurant Of The Week ...

Ponte's Steak House ...

A very "in" word and one which you will find used quite often, is "serendipity," and it means the lucky or happy finding of something unexpectedly. This feeling is the best way to describe your reactions when you first discover Ponte's Steak House at 39 Desbrosses Street, two blocks south of Canal Street and the Holland Tunnel entrance, right off the westside waterfront! It's hard to believe that a gem like Ponte's could exist in that location. Not only does Ponte's Steak House exist, but it flourishes, catering to some of New York and its environs' finest people who have been serendipitous enough to find it! There in the midst of the industrial pierfront squalor, by climbing one flight of stairs, you find Ponte's Steak House in rich panelled woods and plush banquettes — a flower springing up from the pavement.

You'll probably be greeted at the door by Joe Ponte or Ruggiero, and shown to your table. Only after you have been seated and perhaps have ordered your drink, if you wish one, will you be shown the menu, wheeled to you on a blackboard.

Surrounded by tasteful oil paintings, all originals, all for sale, you may choose your appetizer. Do you like snails in a burgundy sauce? Escargot Bourguignone will delight your palate. Alternatives are Clams Casino, baked and served on half shell with bacon, and a combination Crab Meat and Shrimp Supreme in a very special sauce.

Should you be in the mood for soup, you have a choice of Petite Marmite, assorted meats, chicken, veal, celery, and croutons, or a superb homemade Vichyssoise and a daily homemade soup de jour.

By now you're ready for your main course and the entrees offer such choices as a homemade Tartellini Bolognese, a flock of little pastas stuffed with a chicken base in a mouth-watering fashion, or another homemade Ponte's specialty, Caneloni Gastronomic, a pancake or crepe, stuffed with spinach, veal prosciutto, parmesan cheese,

cooked with white wine and served in Sauce Bolognese. After the Canoloni, you may feel like writing poetry afterwards, even if you never before did!

Ponte's Steak House changes fish courses daily and has a good supply of fresh 3½ to 4 pound Canadian lobsters in an aerated lobster tank in mid-dining room. Lobster at Ponte's is a special event, and is served three ways: Plain, broiled with butter sauce, Fra Diavolo, in tomato and cognac sauce. And baked Oregonata. You go to the winner's window, no matter how you choose. Another sure winner is Soup Marseillaise, a wildly delicious assorted seafood casserole. If you dig bass, the fresh Striped Bass Chablis is baked in wine.

Veal at Ponte's has many moods and Scallopini-Sorrentine is sauteed veal with slices of prosciutto and fontina cheese, while Scallopini Marsala comes with white wine sauce, and Scallopini Francise is sauteed deep in eggs, cream and butter, white wine and lemon sauce. To prove Ponte's is really Continental, you may also order Veal Cutlet ala Holstein or Parmigiana.

Another special highlight of Ponte's is the very fancy Duckling Flambe Grand Mariner for one or two.

If you are a steak specialist, at Ponte's Steak House to no one's surprise, you will not be left at the post. If you have not detoured yourself via the blackboard menu, perhaps a suggestion from your host, Joe Ponte, or his able manager, and Maitre d', Ruggiero, and not had your taste buds titillated by some delicacy that passed by aromatically on its delicious way to a neighboring table — then you shall not be denied and steak you shall have!

The Chateaubriand is 24 to 28 ounces of prime filet of beef, served Bouquetiere, decorated with vegetables (for two). Double Sirloin comes for two or one, and it's 16 to 18 ounces of prime beef to each single steak, and will probably detail the Ponte Steak story at its best. Filet Mignon or Lamb chops rounds out a full menu.

Everything at Ponte's is ala carte, however salad with Dressing Maison and a choice

of vegetables or potato (baked or Swiss hash brown) comes with each dish.

Dessert, if you can even entertain the possibility, will be the finest of cheesecake, fresh strawberries Romanoff or fresh melon with jello, assorted cheeses. There is a fine list of vintage champagnes and excellent wines, of course.

Ponte's is not inexpensive, but it delivers such extraordinary food and with exquisite care in service — it cannot be considered expensive, either.

There is one flaw in visiting Ponte's Steak House. You may have to go back again. You won't be satisfied with a single trip. In fact, you may go back many times. How lucky can you get?

New York Hilton to Rent Rooms on Hourly Basis ... A World's First

A revolutionary first in hotel history was announced today, as Robert F. Quain, Managing Director of the New York Hilton, New York City's largest, stated that the hotel would put into effect the "New York Hilton Day - Hour Plan." This plan will allow guests to rent a room in the New York Hilton BY THE HOUR.

Businessmen who want to hold private meetings with clients, or rest up between appointments, shoppers who wish to freshen up and relax prior to going on to dinner or the theatre, and travellers who want to rest before continuing their journey may check into the hotel for a three hour minimum at \$12. For each additional hour, the room rate will be \$3.

"We are living in a super-sonic age where travellers can fly from one end of our country to the other, and arrive at the same time they departed," said Mr. Quain. "By adopting this policy of renting rooms by the hour, we are able to better serve the needs of our guests, and are confident that the 'New York Hilton Day - Hour Plan' will serve as an example for all major hotels to follow in the near future."

Joe's Pier 52, New York's First \$1,000,000 Seafood Palace
Joe's Pier 52, new \$1,250,000 seafood palace and venture of restaurateur - producer Joe Kipness, premiered on the site of the former Hickory House.

OVER 40 YEARS ROOFING SERVICE
HARRISON & SON ROOFING CO.

144 West 52 St., on August 13. Frederick Fox, the noted scenic designer of the Broadway stage, designed and executed the new restaurant and showplace, which will have four separate rooms. Fox, who has also created special lighting for the place, has been identified with many Broadway successes including, Sidney Kingsley's "Darkness at Noon," which won the Critics Award and earned Fox a Donaldson award; several Moss Hart plays and four operas for the Met.

Kipness produced several Broadway revues and plays, and scored with "High Button Shoes" and "La Plume de Ma Tante." He is also co-owner of the famed Hawaii Kai restaurant and recently sold Kipness's Steak House, also on W. 52nd St., after a year and four months of operation.

Kipness is producing a musical version of "All About Eve" and a straight comedy, "But Seriously," next season.

Joe's Pier 52, which has a most colorful front featuring a lighted 200-cubic feet aquarium full of fancy tropical finery, will offer special dining sections, with Wharf Room East and Wharf Room West as the two main dining rooms. Other rooms will be The Marine Room, The Captain's Table (a VIP room) and The Showboat Bar and Lounge.

The Showboat Bar and Lounge will spotlight pianist Singer George Taylor, who has perhaps the largest following of intime piano and song devotees in New York City.

A special seafood supper buffet at \$3.75 will be offered from 11:00 p.m. to 2:00

ed from 11:00 p.m. to 2:00 a.m. at the Showboat Bar which it promises to be a mecca for the large after-theatre following of both Mr. Kipness and George Taylor.

Joe's Pier 52 will be in full operation for luncheon, dinner and after-theatre, seven days a week. It will feature 33 different varieties of fish, depending on the season. Besides seafood, the menu will list prime sirloin steak and fried or broiler chicken. When in season, Joe's Pier 52 will feature Joe's Stone Crabs, flown in daily from the famed restaurant of that name in Miami Beach.

While dinner will be a la carte, a Special Shore dinner will be a Sunday feature.

Some of the many physical features of Joe's Pier 52 include ship's cabin woodwork; walnut, captain-size chairs with avocado green leather backing, on ball casters; solid oak tables with oak bases; walls or random oak planks and delft tiles; copper service stands, etc.
