Rodent Control Program Alleviates Rat Population

State Aid Financed

A rodent control program in Belleville, conducted by the Health Department under state aid, has averted a possible influx of rats that would match the execrable situation in Kearny (population 38,000) where it's estimated there are as many rodents as people.

Town Health Officer Dr. Richard Bevinetto initiated the program and initially called it the "rat patrol". On June 24 Fred Bocchino, Jan Gropstein and Carl De Jura were appointed health investigators for the project. The appointments and the rodent control survey were made possible through state aid. Herbert J. Mercurio and Joseph C. Marino, Jr., Belleville Health Inspectors directed the survey.

Dr. Bevinetto, Mercurio and Marino obtained literature and drew up survey sheets. A speeded up education program followed on rodent control.

De Jura explained: "we were shown how to identify evidence of a rodent infestation, specific garbage conditions to look for, the basic traits of rodents, the diseases and damages to property attributed to them, and in general as much knowledge as was at hand."

The actual survey was then started. It was designed to cover different areas throughout town. It also covered areas where complaints of infestations were made and areas where there had previously been an infestation.

The canvassing followed a block by block pattern and a survey sheet was written out for each residence indicating the type of dwelling, condition, garbage receptacles, number and other pertinent information along with a general evaluation.

Approximately 1800 to 2000 homes were canvassed. Each was evaluated by the health inspectors and then proper control measures were put into effect.

Rat bait was issued. Sewers were baited with the cooperation of the Sewer Department, Belleville Public Works. Information on control was made available to the public upon request. The services of a licensed exterminator were necessary for professional consultation and effective elimination of problem areas.

At the same time, re-inspections were made, along with observations of baited areas, re-baiting, and a con-

Amato Changes Title

Health Payroll Held Up Over Clerk Squabble

The payroll was held up in the Health Department this week as an outgrowth of the battle over the administrative clerk in the Department of Public Affairs.

Ralph Risoli had been listed on the official payroll docket as Registrar Administrative Clerk since January 9, when he was given the latter title by Civil Service. Town Attorney Nicholas Amato made the deletion, according to Risoli.

"Civil Service says once a title is given," noted Risoli "it can't be abolished, except for economic reasons; but then no one can perform the administrative clerk's work. The town attorney can give a decision as far as salaries and wages are concerned, but once you've earned a title and it's been authorized by Civil Service, that's it."

"He overshot his authority. If he would read the laws more carefully and familiarize himself, he wouldn't make such asinine decisions. It's illegal tampering of a title."

By passing a Civil Service exam, Risoli was authorized the title of administrative clerk. "The town treasurer was informed months ago of my promotion by Civil Service."

Last week Risoli was refused perusal of the payroll records, though authorized permission by Commissioner Strumolo in writing. On October 3, Strumolo wrote to the town attorney, requesting him to advise town treasurer Francis McCoy that records are open to all citizens and asking Amato's intentions on the matter. As yet, there has been no reply.

"If Amato is right on October 9, how come he wasn't

right on the other payrolls," queried Risoli.

On Monday, Risoli received a copy of a letter from Civil Service to Francis McCoy, town treasurer. It stated that Risoli should be on the permanent records as administrative clerk, that Civil Service recognizes Strumolo as the appointing authority and insists that his name (Risoli's) appear on all town records with the title of administrative clerk.

Papers Served On Ordinance

Lawrence S. Schwartz, of Schwartz and DelPlato, 353 Washington Avenue, representing Ralph Risoli, filed a complaint Tuesday to the Trenton Superior Court, lower division, in lieu of a prerogative writ in the administrative clerk ordinance debate in Belleville.

The complaint states that Risoli should be reinstated in the position of administrative clerk as well as registrar and that he be paid according to the salary guideline of Town

Ordinance #1773 (which may become as famous in Belleville as 1776 was to Bostonians).

"Risoli has the right to receive both salaries," said Schwartz, "but we're asking for one and it will not be at the maximum."

The complaint, having been filed, will now be served on Belleville through the Town Clerk. Town officials will have 20 days to answer the complaint, then a hearing will be set, perhaps within a month.

GOP Headquarters Opening Tonight

Gerard Ferrara, Chairman of the Belleville Republican County Committee, met recently with the committee to prepare the Republican Headquarters for its opening. The Grand Opening will take place today at 8 p.m. at 122 Washington Avenue.

All Belleville residents are invited to attend. Refreshments will be served.

Dr. Celestino Clemente,

Arene Chapter Holding Fair, Smorgasbord

Arene Chapter #73, Order of the Eastern Star of New Jersey, will hold a fair and smorgasbord on October 26 at 1st chapter quarters on Joramelon Street in Belleville.

Tickets are available for the affair (Adults, \$1.75; Children, \$1). It will be held from 5 to 7 p.m.

Mrs. Evelyn Hollowell, worthy matron, of 298 Union Avenue, asks all members to attend and invites non-members. For ticket information, call Mrs. Ruth Long at 759-8754 or Mrs. Bridget Faronea at 751-1581.

candidate for Congressman for the 10th District, is expected to greet townspeople and the committee, together with Freeholders Stabile, Lepre, and Miller.

State Assemblyman Ralph Caputo congratulated Ferrara and stated that the fine cooperation shown between towns and the county organization foretell a tremendous victory in November.

Plans are being formulated for a Campaign Cocktail Party to be announced at a later date.

Chief Smith Not Retiring, Yet

In spite of persistent reports to the contrary, Chief Don Smith of Belleville's Police force does not plan to retire in the immediate future, as reported in last week's Belleville Times, according to a Town Hall spokesman.

Recently the Chief was given a testimonial dinner at the Fountain in honor of his 37 years of public service. However, his retirement is "not imminent," the spokesman said.

How To Figure Tax Bill

Assessments Mailed As Revaluation Finishes

The Town of Belleville was bound by a decision of Superior Court Judge Walter Conklin to reassess all real properties in the town. The firm of Realty Appraisals Co. of West New York, New Jersey, was hired by the Board of

Commissioners to reassess all the real property. Realty Appraisals Co. is being paid \$93,000.

This week the home owners will have received the new assessment figures from Realty Appraisals Co. "Most

taxpayers feel that the new assessment figures are too high and their 1969 tax bill will be prohibitive, said Commissioner Joseph McGreevy. In most cases this will not be correct."

For example, the approximate 1969 tax bill can be computed by the taxpayer if he will take 75% of the assessment figure from Realty Appraisal Co., and multiply that figure by 5.22 (1968 tax rate.) If his new assessment figure is \$20,000, by taking 75% of the amount which would be \$15,000, and multiplying by 5.22, he would get an approximate 1969 tax bill of \$783.

"So if the taxpayer would do this and compare the approximate figure with the 1968 tax bill he would have an idea what the revaluation will cost him," said McGreevy.

If he feels that the cost is excessive he should call the Town Hall, 759-9100, and make an appointment to sit with representatives of Realty Appraisals Co. and any needed adjustments will be made," the tax and finance head added.

The actual 1969 tax bill will depend on the 1969 Budget which determines the actual 1969 Tax Rate.

Hannon Helping U.S. Moon Plans

Charles P. Hannon, son of Mrs. W.F. Hannon of 26 Perry St., Belleville, is helping prepare for the day when U.S. astronauts will travel to the moon and back.

He is an assistant spacecraft chief at the Cape Kennedy facility of North American Rockwell Corporation's Space Division, builder of the Apollo spacecraft command and service modules in which three astronauts will make the lunar trip.

The first manned test of the Apollo spacecraft is scheduled for later this year. Carrying a crew of three astronauts, the Apollo will be launched from NASA's Kennedy Space Center on an earth orbital mission designed to test spacecraft systems under conditions similar to those to be encountered on a moon trip.

At the Space Division, Hannon helps checkout spacecraft in preparation for launching. He spent 10 weeks at the Space Division headquarters in Downey, Calif., earlier this year helping with engineering work on the spacecraft that will be used in the first manned test flight. He later was active in testing and checking the spacecraft after it was sent here.

Regarding the Apollo program, he said: "Having been a part of missile testing at Cape Kennedy since 1952, I feel the success of the space program is a special goal established early in my career."

Hannon and his wife, Elizabeth Ann, have three children. The family home is at 117 W. Park Lane, Cocoa Beach.

He attended Belleville High School and the University of Alabama, where he obtained a Bachelor of Science degree in aeronautical engineering. He has a brother, Harry J. Hannon, 21 Dogwood Drive, West Orange.

The first manned flight test, known as the Apollo 7 mission, will be the sixth flight test of the Apollo spacecraft.

The test will involve the command (crew quarters) and service (supply) modules, both built by North American Rockwell's Space Division for NASA's Manned Spacecraft Center. They will be boosted into an orbit about 100 nautical miles above the earth by a two-stage Saturn launch vehicle.

APOLLO 7 COMES HOME -- Silver-colored Apollo spacecraft command module enters atmosphere near conclusion of 11-day manned mission. Space division produces the craft command and service modules.

Columbus Parade Set For Sunday

Washington Avenue will be the scene for the first annual Belleville Columbus Day Parade this Sunday at 1 p.m. Health Commissioner Vincent Strumolo will be Grand Marshal for the event which will start at Greylock Parkway and proceed down Washington Avenue.

Leading off the line of march will be the Army band followed

Red Cross Calliope Coming

A musical caravan featuring the First U.S. Army Band and a circus calliope will tour through Essex County today giving brief performances in Belleville, Kearny, Bloomfield, Verona, West Caldwell, East Orange. It will arrive at the Belleville Town Hall, Washington Avenue at 10 a.m.

Public Works Aids In Feline Rescue

Last Thursday afternoon, Belleville children became worried about a mother cat who had selected the storm sewer drain at the northwest corner of Greylock Parkway and DeWitt Avenue as the home for her little family. The children decided to do something about it.

They got in touch with Mrs. Connie Salomony of Campbell Avenue and Connie in turn called upon Mrs. Sally Hood, Chairman of the Humane Animal Association of Belleville for help.

Early Friday morning, members of the Belleville humane group, accompanied by ladies from the Nutley Animal Welfare League and Mrs. Ann Kraus, treasurer of the Cat Protective League, hurried to the scene. They found it impossible to rescue the unfortunate little kittens, who appeared to be about six weeks old and were very earnestly making an effort to emerge to the street level from the depths of the four foot storm drain. The helpless mother cat stood by under a bush observing.

For the next few days

by the Knights of Columbus with their own float and band. Joseph Biancardi, chairman of the Parade committee, announced that the Boy Scouts and cub scouts would not be shoved to the back of the parade as they usually are. Rather, they will be following the number one marching unit in the country, the St. Lucy Legion.

Seven bands signed up for the parade are: the Knights of Columbus, Belleville High School Band, St. Luey's Drum and Bugle Corps, Paul J. McDonough Association, The US Army Band, and the American Legion.

Marching units participating will be: American Legion Post 105, J.J. Cabot Post 299 of the American Legion, Boy Scout Troop and Cub Scout Pack 301, Belleville Democratic Club, Nutley First Aid Squad, and the winners of the Newark Punt, Kick and Pass contest.

humane members took turns supplying choice cat menus and milk, lowering the food on a rake to the floor of the storm drain four feet below the sealed surface grating.

Commissioner Mary Senatore, Director of the Department of Public Works, was also concerned. Worried about the fate of the little kittens, should a bad rain storm approach, she offered to aid the Humane group members.

So, 7 a.m. Monday morning, Director Mary's employees offered to give up their morning "coffee break" to aid in the rescue. At 9:30 a.m. armed with crowbars, pick and the necessary sewer equipment, the men, Joseph Fornarotto, Jack Gilbert, Ralph Becker and Mike Ciaellia joined the lady members of the Humane groups at the designated Greylock Parkway corner.

The men went to work and minutes later the baby kittens were out in the warm sunshine accompanied by their brave little mother. Seems no one wanted to adopt a kitten observing.

Town Rodent Program Prevents Ratty Problem

(Continued from Page 1)
stant surveillance on surveyed areas with immediate action on new or continued complaints.

As a result, officials feel that more than satisfactory progress was made. The program was able to completely eradicate the problem in some areas and for the

most part, bring it under control in others.

Continued progress in the area of rodent control will be insured with the full co-operation of the Health Department and the citizens of Belleville. Dr. Bevinetto stated, "the rodent control program has been a positive step forward and warrants consideration as a full time program."

Ralph Risoli, registrar notes that Commissioner Strumolo will apply for more state aid under the rat control program. "It relieves the taxpayers of the burden. The federal government plans to allocate \$40 million for rodent control. Commissioner Strumolo is out to get as much as possible for Belleville."

Risoli noted that citizens contribute to accumulation of rats by leaving garbage cans uncovered. "Since the sur-

vey, we have an exterminator (Higbot Co., Tenafly), and they've done an excellent job controlling it; it's now at a minimum.

Also, state law requires that when there's demolition of a building, before it transpires--10 days before--the premises must be exterminated, "so the rats don't run around," said Risoli. He then explained that, "when new buildings are constructed or demolished--you create an expansion, the rats spread out." Risoli noted that Building Inspector Vincent Mustacchio has "cooperated fully" when demolition permits have been issued. Rodent control procedures have been enacted.

The state will receive a fraction of the \$40 million in federal funds earmarked for rodent control. Kearny officials declare: "we could use the money in Kearny alone."

Mardi Gras Scheduled By Italian-Americans

Belleville's Italian-Americans will be holding their Third Annual Mardi Gras Dinner and Dance on February 8, at the Military Park Hotel located in Newark.

The Mardi Gras is celebrated as the Halloween of Italy or otherwise known in Italian as "Carnivale". Comical and lavish costumes will be worn by the guests and

balloons, streamers and confetti will prevail during the celebration.

Prizes will be awarded to the best Costumes and the receipts for this affair will go towards various charities and the setting up of a fund for Scholarships of deserving students in this area.

Plaques will be awarded to two students (boy and girl) of Italian-American extraction who had the highest Academic Standing from the Class of 1968 Belleville High School. Recipients of this award last year were Myra Ceres and Mary Liloia.

Chairman of this affair will be Aldo DiChiara, past Commander of the Catholic War Veterans of the State of New Jersey and assisting him will be Joseph Liloia, treasurer.

Vincent Vecchione will handle tickets, Stephen J. Rapoa, decorations, and in charge of entertainment will be Phil Maiorca and Al Vecchione who have engaged Lefty Dominoe and his crew to entertain the guests attending this affair. Public Relations will be handled by Frank F. Ceres.

Adult School Starts

Classes at the Belleville Adult School began Tuesday evening, October 8.

Augustus W. McGinnis, Director of the Adult School, announced this week that no more registrations for either the beginning or intermediate sewing classes can be accepted as these classes have reached their capacity. In order that as many sewing students as possible could be accepted arrangements were made to hold an additional beginner's class at the junior high school on Washington Avenue. Those who are scheduled to attend class at the junior high school have been notified by mail and will report there, Room 108, at 7 p.m. All others will report to the high school at regularly scheduled times.

Additional information may be obtained by calling Mrs. Sanders, 759-4701, at the high school between 9 a.m. and 3:30 p.m.

A grateful Electric Glassheat user says:

"If you notice the temperature you have the wrong heater"

BETTER SWITCH TO GLASSHEAT

"IT'S A COMFORTABLE HEAT
that Glassheat gives—never too hot, never too cold," he continued. "So comfortable in fact you never notice the temperature at all. Regardless of the weather it feels like a sunny day indoors. Imagine—every room sunshine warm all winter long. No drafts, no cold corners, just comfort!"

No wonder Electric Glassheat reminds you of sunshine. It is the only heating system that warms with healthful radiant electric rays exactly like the rays of the sun. And this is true throughout the house for every room has its own money-saving thermostat and heating unit.

You can regulate the temperature of each room exactly as you want it, one quite warm, another cooler. And if a room is unoccupied, turn back the thermostat, close the door and save money!

IT'S HEALTHFUL HEAT TOO!
"We had fewer colds last winter and everyone felt fine" says an owner in Caldwell. This is a common report from owners because Electric Glassheat has no flame to burn up the life giving oxygen or produce toxic fumes. And the sunshine rays of Glassheat not only produce an even temperature but maintain humidity at the level doctors recommend for good health.

SAVE CLEANING TIME AND MONEY
"No soot, no smoke, no grime. Glassheat is wonderful," writes another user. "Have never seen anything so clean. Saves me hours I used to spend cleaning and painting."

Another says "In 16 years the only room we have had to do over is the kitchen. No need to repaint the other rooms or dry clean our drapes. And our venetian blinds still look fresh and new. That's why so many owners say, "Install Electric Glassheat and take it easy."

SAFE! Electric Glassheat is absolutely fire-safe and can't overheat. No fumes to worry about, and even accidental contact can't cause blistering.

Electric Glassheat is as silent as sunshine and as pleasant, for there are no moving parts. Saves space too for the area usually used by radiators, furnaces and flues is yours for extra living space.

SAVE MONEY ON HEAT! People admit that Electric Glassheat is tops for comfortable heating. But some feel that it is so ideal it might be too expensive. This is not true—as you will see from these letters describing Glassheat's economy.

One writes, "We installed Glassheat for its greater comfort with the hope that it would be reasonably economical to operate. So we were not prepared for our very low annual heating bills. And since

we can now take advantage of the special low heating rate, we save money on our regular current too. And there are no maintenance charges. It all adds up to better heat for less money.

"Though we added two extra rooms" says another owner, "my heating bill is only \$175. A pleasant surprise and we have never been so comfortable."

That's the Electric Glassheat story. People install it because of its many advantages—then are delighted to find it is an economy as well.

WHY PAY MORE FOR LESS?
Does Electric Glassheat sound luxurious? It is in every respect but cost. If you would like to know what Electric Glassheat will do for the health, comfort and welfare of your family—and how little it will cost, send the coupon, or phone.

Nixon For President

With unrest commonplace among the people of our great nation and the world one wonders which of the three major Presidential candidates can bring to all of us peace of mind and contentment which have eluded most of us for so many years.

Since 1960 Democrats have been in charge of the White House. For the past long, eight years we have had no peace either here at home or abroad.

Over the past eight years we have seen peaceful demonstrations deteriorate into looting and riots.

No one can blame the President of the United States for illegal activities attributed to rioters and looters.

We believe Lyndon B. Johnson has done his very best to be a good President. But with millions of other Americans we wonder if his best has been good enough for our country and the free world.

Our doubts have been resolved.

We do not think Lyndon B. Johnson has been able to measure up to the problems that have faced him during the past four years--problems here at home and in Vietnam.

We believe Lyndon B. Johnson goes to bed every night concerned over the lives of American boys in Vietnam--no doubt with prayer on his lips asking Almighty God for a solution to the daily death toll resulting from the Vietnam war.

Prayers alone do not seem to be the answer.

A new approach must be risked if we are to have some hope that Vietnam will soon become a bad memory.

We believe the over-riding problems confronting the new President of the United States are law and order here at home and the Vietnam war abroad.

Vice President Hubert Humphrey is a good man but we do not believe he can break loose from his ties with the present administration.

George Wallace appears to be a bigot and a racist, unworthy of the high office he seeks.

Richard Milhaus Nixon in our judgment is best equipped to

insure for us the twin goals sought by every American--tranquility at home and an end to the war in Vietnam.

We think Nixon's choice of Governor Spiro T. Agnew as his running mate is second-rate but we are willing to take the chance that Nixon will live through one or two terms in the Presidency.

Our great country needs new direction. Among the three Presidential candidates we see only Nixon able and willing to provide that new direction.

America, the home of the brave and the land of the free is facing its most important crisis since 1776. It is difficult to conceive our nation remaining as a first-rate world power unless the tone of its moral character improves substantially.

Every person born under the American flag has a right to aspire to greatness. In these times of conflicting national moral standards one wonders if the effect is not to limit the aspirations and frustrate the hopes of all Americans.

There is much loose talk about our decadent and depraved young Americans. Because of a fraction of one per cent, all American youth is damned by many people who should know better.

The decision involved in the selection of an American President includes what kind of country will generations unborn inherit.

We believe tomorrow's children should not be obliged to live through the greatest wars and the greatest depressions the world has ever known.

We believe every new baby born in America should have at least half a chance to live a good and decent life.

This newspaper believes Nixon's election as President of the United States holds the greatest promise for the fulfillment of the dreams and aspirations of tomorrow's youth.

The Crisis Memoirs

The estate of Robert Kennedy recently auctioned off the late Senator's detailed account of the Cuban missile crisis for \$1,000,000. The reason given for publication of such intimate crisis records was a desire "to maximize the income to an estate with 11 minor children."

One is not impressed by this explanation for the late Senator was a multi-millionaire, and one must conclude that his children could get by. Nor is it reassuring that of the three executors, two are women who could not be expected to know how important it might be to the public interest to keep certain facts about crucial international events and actions confidential. Government clearance of the document was not obtained, and the advice of three former appointees of the Kennedy Ad-

ministration was accepted as clearance instead.

It may well be that nothing revealed in the Kennedy account is detrimental to the national interest but the precedent of high government officials or their estates to quickly auction off their intimate accounts of top-level affairs of state, including crises of great delicacy directly affecting the fate of millions of Americans; and war and peace, is not a good one.

This is not the first instance in which doubts about such procedure have been raised; it is only the most recent and highly-publicized. The doubts are more real because a successful attempt to make an easy million is being justified on the ground that the late Senator's eleven children need the money.

The Month Of October

October is crowded with famous anniversaries in American and international history. The first Monday is Missouri Day, the 10th is Oklahoma Historical Day, the 12th University of North Carolina Day, the 18th Alaska Day and the 24th Pennsylvania Day (in honor of the birth of William Penn, on October 14th, 1644-old style). Florida established a Farmer's Day, on October 12th, in 1915.

Great world events occurred in the month. The siege of Leyden was lifted on October 3rd, 1574, saving the Dutch people from fearful slaughter and preserving Protestantism in northern Europe and the House of Orange in Holland. St. Francis of Assisi died on the

same day, October 3rd, in 1236.

It is appropriate to remember this year that the General Assembly of Maryland in 1935 set aside October 28th as Republic of Czechoslovakia Day, in memory of the Prague declaration of that date in 1918 setting of a free republic, the United States having been the first country to express sympathy with Thomas Masaryk's dream of independence in 1918.

Finally, Halloween falls on the last day of the month, and has a long and varied history in Europe which has become trick-or-treat for children in spooky dress in the United States.

That Thing For Vice Prez

Seems Only Yesterday

1 YEAR AGO

The World Series failed to keep a standing room only crowd away as they watched a speedy Nutley eleven crush a sluggish Belleville squad at the Park Oval. A quick 3 touchdown first quarter demoralized the winless Bellboys who failed to generate any serious threat in the first half. Before the Raiders had completely demolished Belleville's team, they ran up a score of 38-7.

The interior of the Town Hall was undergoing a new look as \$35,000 was being used to buy new office units. The lofty ceilings of the upper level were being lowered to provide for another floor of working and storage space. The offices which were near completion were paneled tastefully in wood and were carpeted.

During the Commission meeting the governing body introduced an ordinance which established a five-cent minimum on all parking meters in the community.

5 YEARS AGO

Belleville tripped Bloomfield by a score of 7-0, and looked forward hopefully to next week's confrontation with the Nutley Maroon Raiders. Thomas Greco, 130-pound halfback, scored the only touchdown of the day with a 70-yard jaunt. Coaches Mario Cocchiola and John Jacone, both Nutley High School graduates and students of Sandy Phillip's coaching, hoped to upset their mentor with a tough Bellboy squad. Local residents could travel to Nutley's Franklin Theatre to see and hear Frankie Avalon in "Drums of Africa" or to the Passaic Central for Ann-Margaret in "Bye-Bye Birdie".

10 YEARS AGO

Mayor Isadore J. Padula wrote the following proclamation: "Whereas, the pharmacists of the Town of Belleville are indispensable members of the health profession which safeguards the well being of our citizens;...now, therefore, I, Isadore J. Padula, Mayor of the Town of Belleville, do hereby proclaim the week of October 5-11 as Pharmacy Week in our town and urge all our residents to observe during this week the vital role of the pharmacist upon whose skill and training the health and well being of us all so largely depend."

The Belleville Public Library agreed to purchase two copies of the controversial novel "Lolita", banned by the Newark Public Library and unable even to gain entrance to Nutley's famed Double-X Room. The purchases were made in response to heavy public demand for the novel, a factor not of central importance in Nutley's and Newark's decisions.

15 YEARS AGO

The Belleville High football team showed vast improvement over the previous week by downing Bloomfield 15-7. The win gave the Bellboys a 1-1 record. The Belleville team was next slated to play Nutley, who were hoping to end a rather long losing streak. Belleville was said to have little to gain and everything to lose in the Nutley game.

Registration for the PAL boxing classes was to begin the following week at Police Headquarters. The classes were to be conducted at the Friendly House in the Silver Lake section of Belleville.

20 YEARS AGO

The Times sports editor chose Penn to beat Princeton, even though Princeton had a fighting fullback in Sonenshine.

25 YEARS AGO

Belleville ended Bloomfield's string of fourteen consecutive matches against the Bellboys without ever allowing the local gridgers a single point. The final score was 15-12 in favor of Belleville.

The telephone was beginning to become an integral part of the civil defense mechanism. Bell Telephone Company therefore began to appeal to the local residents to abstain from all but emergency calls between seven and ten p.m. or when the operator requested, "please limit your calls to five minutes; others are waiting."

Tony Serrari of Belleville was arrested by Belleville Police while driving his 1928 pick-up truck with a noisy and faulty muffler. He was also charged with disturbing the peace because of the seven boisterous girls he had in his truck at the time.

35 YEARS AGO

William D. Clark, Director of Public Safety, stated during National Fire Prevention Week: "Fire plays no favorites. Many lives are lost and considerable property is ruined annually by fire--fire which could have been prevented. Fortunes are being invested to educate the people of this country to prevent fire. The residents of Belleville owe it to themselves, their families, and the Town to learn this lesson."

Belleville High School was completely outclassed as its football team was wiped all over the field by a solid Bloomfield eleven. Ed Berlinski of Bloomfield carried the ball only a few times but he scored no less than four touchdowns. The final score was Bloomfield-33, Belleville-0.

The Belleville Times cost 3¢ a copy on the news stands.

Speak Up

Laments Death With Narrative

To The Times:

I hope that you will find space in your paper to print the enclosed narrative; which is dedicated to little Tammy Lee Horton; whose tragic death shocked us all two weeks ago.

October 7, 1934 was a tragic day for my wife and myself. Our one and only Marie Anne Pixlee lived and died on that day. There could be no more children for us.

I have met the Mother of the child Tammy Lee Horton and her Grandmother; Mrs. Winters and I know that they will approve of my dedication of the narrative to their sweet angel.

I hope that it will be a source of comfort and inspiration to all those who have sorrow in their hearts and who weep and mourn for loved ones gone.

but he knows it is not the Child Eternal.

The Musician strives for a melody that makes him think of a beautiful child. The result is a melody that will live forever; but only the melody that the organist played when he struck "The Lost Chord" can depict the Child Eternal. The fond parents watch a beautiful child that has the ability to dance. Her movements are the most graceful of anyone on earth and they dimly see for one fleeting moment the Child Eternal. The Stonecutter carves two dates on a stone. They are but a scant Lustrum apart. (Use the word Lustrum, meaning a period of five years, because it seems to fit in better in this narrative). With strong hands he strikes the dates 1963-1968 deep into the granite and in his mind's eye he sees the Child Eternal.

A Child's companions pause from their play when they hear that he or she will never come out to play again. They also know for one brief moment the Child Eternal. The Child Eternal will come to those who are in sorrow to comfort their spirit; to those who pray to console them; and to those who have obtained the love of a child; even though that child can never belong to them. The Child Eternal will some day be the ultimate reward of all people who are able to create beauty in all its forms for all Mankind to enjoy forever.

Sincerely,
Frederick J. Pixlee

At Belleville High Insurance Careers Discussion Planned

Edward J. Murray of the Cooperative Education Department of The College of Insurance will visit Belleville High School on October 16 to discuss careers in insurance and the cooperative education program of The College of Insurance, New York City, leading to a Bachelor of Business Administration degree or a B.S. degree in actuarial science.

Murray will point to opportunities for management trainees to become insurance actuaries, a field for which persons proficient in mathematics are in demand; adjusters, investigators, safety engineers, health specialists, underwriters and other professions associated with in-

surance. In addition, he will discuss such positions as teachers, public relations and advertising specialists, house organ editors and other careers offered by insurance firms where a knowledge of insurance is a decided asset.

Murray will explain operation of the college's work-study program, by which a student alternates throughout five years of college between four months in the classroom and four months in the employment of a sponsoring insurance firm. At the end of the five-year period, he will have earned a minimum of \$11,000 plus partial refund of tuition while training for an administration position.

SKATING STARTING -- With skates raised (l to r) Lisa Knight, 9, from Belleville and Lori and Tommy Laudati, from Nutley, give a helping hand to assistant instructor Pamela Stevens of Irvington, with a sign announcing opening of Branch Brook Skating Rink's 12th season tomorrow.

Branch Brook Rink Opens

Branch Brook Skating Rink in Branch Brook Park, Newark, will open its 12th season tomorrow, October 11 at 11 a.m. The gay, newly decorated outdoor rink, operated by the Essex County Park Commission, will be open for the next six months.

Superintendent of Recreation, Harold J. Van Cott, announced several time changes have been made in this season's schedule in order to better accommodate the public. The rink, the first of the Park Commission's skating facilities in Essex County, serves nearly 60,000 people annually.

Every Monday, Wednesday and Friday morning there will be "The Housewives Special" between 11 a.m. and 1 p.m., a time slot for the busy mother who has seen her husband off to work and the children off to school. An open session, called "The Sunshine Session", will be held each Saturday and Sunday between 11 a.m. and 1 p.m.

In the afternoon, student card holders will be admitted free to open sessions on Mondays and Fridays from 3:30 to 5:30 p.m. Other sessions, open to everybody, are time-tabled for Wednesdays, 3:30 to 5:30 p.m., and Saturdays and Sundays, 2:30 to 4:45 p.m. The "Hockey Clinic" will be

held on Tuesday and Thursday afternoons between 4 and 5:30 p.m., and each Saturday from 1:15 to 2:15 p.m. On Sundays at 1:15 to 2:15, there will be group instruction sessions.

Evening skaters are invited to "The Learn to Skate Nite" Mondays at 8:30 p.m. until 11 p.m. And on Wednesday evenings the ladies are invited, free of charge, to skate during these same hours. Everyone who likes to skate under the stars will find to their liking the open sessions on Thursday and Saturday evenings, again, between 8:30 p.m. and 11 p.m. The "Teenage Special" evening is scheduled for the same time slot each Friday.

Preschool children through college age youth of Essex County may purchase student cards for \$1 and secure discounts to all sessions at both Branch Brook and the South Mountain Arena in West Orange. Free skating sessions are also included at the Arena. Rental skates, a luncheonette, hi-fi music and a brilliantly lighted parking area are included in the accommodations at the Branch Brook Rink.

Tax Exemptions Continue Climb

Property exempt from taxation in New Jersey this year totals almost \$5 1/2 billion dollars, as compared with net taxable valuations of \$30 1/2 billion.

The proportion of exempt property to total valuations throughout the State is 15.2%. Among the counties, however, exemptions range from a low of 8.3% in Cape May County to 34.4% in Mercer County, the seat of State Government. County-by-county tabulations of taxable and exempt property are among data presented in the 1968 edition of "Financial Statistics of New Jersey Local Government" published by the New Jersey Taxpayers Association.

These show that in Essex County exempt property this year is valued at \$1,070,798,090, or 18.6% of all taxable and exempt property. Net valuations taxable total \$4,690,234,581 in 1968, an increase of \$21,575,427 compared with 1967. Noting that

Triano's Outfit Earns Award

Sergeant Edwin Triano, son of Mr. and Mrs. Patrick M. Triano of 45 Garden Ave., Belleville, has helped the 1957 th Communications Group earn the U.S. Air Force Outstanding Unit Award.

Sergeant Triano, a communications specialist at Hickam AFB, Hawaii, will wear the distinctive service ribbons as a permanent decoration.

The unit, headquartered at Hickam, was cited for exceptional meritorious service from January 1966 to January 1968. The groups outstanding Communications support contributed significantly to accomplishing the mission of Pacific Air Forces and other government agencies.

The sergeant is a graduate of Saint Cecilia's High School Kearny.

National Newark And Essex Reports Nine Month Gain

National Newark & Essex Bank reported Net Operating Earnings after taxes of \$4,327,028 for the first nine months of 1968. This compares with \$4,335,483 for the first nine months of 1967 and represents an increase of \$491,545 and earnings per share of \$3.30 as compared with \$3.11 for the first nine months of 1967, and increase of 6.1%. Total resources increased to \$652,738,165 as of September 30, 1968, compared with \$581,408,786 a year ago, with a deposit increase of \$63,355,000 to \$579,076,000.

Grace Women Will Host American Baptists Oct. 15

Grace Baptist Women's Fellowship will be hosts to the American Baptist Women of New Jersey, East Association, at their Fall Rally on October 15. The morning session will open at 10 a.m. and the Speaker, Mrs. Rudolph Mader, State Chairman of Christian Service, will speak

on "Crisis in our Nation". Luncheon will be served at 12:15 p.m., the afternoon session beginning at 1:15 p.m. The guest Speaker in the afternoon will be Mrs. John H. Miller who will speak on "Forms of Missions". Reservations may be made through Mrs. Alfred Moore,

306 Little Street, Belleville. Members of the church and friends are invited to make reservations for the luncheon or may attend any or both of the sessions without reservations.

Mrs. Douglas Clark of Belleville and the Reverend John Mair, attended the New Jersey Baptist Convention, September 26-28, at Atlantic City as delegates. Miss Ruth Hogan, Miss Linnea Andree and Mrs. Francis La Placa were registered as visitors. The total attendance at the convention exceeded 450 delegates and visitors.

A rummage sale as well as a trash and treasure sale will be held in the Social Hall of the Church on October 22 from 9 a.m. to 9 p.m. You are invited to come and perhaps find a treasure. The annual Smorgasborg will be served on Saturday evening, November 2. There will be two servings, 5 p.m.

and 6 p.m. At the same time the usual sale of cards and handmade items will be held. Miss Linnea Andree is in charge of tickets, or they may also be purchased from the members of the Fellowship.

Miron R. Jurczyszyn

Jurczyszyn Completes AF Basic

San Antonio--Airman Miron R. Jurczyszyn, son of Mrs. Katherine Jurczyszyn of 344 Courtlandt St., Belleville, N.J., has completed basic training at Lackland AFB, Tex. He has been assigned to the Air Force Technical training Center at Sheppard AFB, Tex. for specialized schooling as an aircraft maintenance specialist. Airman Jurczyszyn is 1967 graduate of Essex Catholic High School, Newark, N.J.

Airman Skopak Is Promoted

Robert T. Skopak, son of Mr. and Mrs. Theodore Skopak, 81 Charles St. Belleville, has been promoted to airman first class in the U.S. Air Force.

Airman Skopak, a supply inventory specialist at McGuire AFB, N.J. is a member of the Military Airlift Command.

The airman, a 1963 graduate of Essex Catholic High School Newark, N.J., attended St. John's University Brooklyn, N.Y., and received his B.S.B.A. degree in 1967 from Seton Hall University, South Orange, N.J. He is a member of Delta Sigma Phi.

It is excusable to get tired when you work hard but the trouble with the average person is a tendency to get tired before working.

Selective Service Information

Question: I wish to apply for a conscientious objector classification. What does the law provide for in this regard?

Answer: According to the law, a conscientious objector is any person "who by reason of religious training and belief" is conscientiously opposed to participation in war in any form. The term "religious training and belief" does not include essentially political, sociological, or philosophical views, or a merely personal moral code. So, to obtain recognition as a conscientious objector, a registrant must have a position which can be recognized as "religious" as contrasted with essentially political, sociological, or philosophical views, or a merely personal moral code.

Question: I am now in college with a II-S classification, however, I am planning to apply for a Class I-O classification as a conscientious objector. Should I apply now or wait until I have graduated from college?

Answer: You should apply now.

Question: A friend of mine has told me he heard the President had abolished all occupational deferments in February of 1968. Is this true?

Answer: No. Occupational deferments are still being granted. Only the lists of Currently Essential Activities and Critical Occupations previously issued by the Departments of Commerce and Labor have been suspended. The local boards continue to consider requests for occupational deferment on the merits of each individual case.

Thomas Feddish In ROTC Training

Thomas P. Feddish, son of Mr. and Mrs. Peter Feddish of 85 Belmore Street, Belleville, is participating in a U.S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at Pease Air Force Base, N.H.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine career opportunities in which they might wish to serve as officers.

Other highlights of the course include survival training, aircraft and aircrew indoctrination, small arm training and visits to other Air

Force bases.

Cadet Feddish, a 1965 graduate of Essex Catholic High School, is a member of the AFROTC unit at Newark College of Engineering.

Try to live your life so your neighbors will not consider you a goon.

Mr. and Mrs. N. J. Coppola
Honeymooned In Puerto Rico

Mrs. Nicholas Coppola — nee Paulette Williams

Fewsmith Memorial Presbyterian Church was the setting September 15 for the wedding of Miss Paulette Dorothy Williams of Belleville, formerly of Salem and Nicholas James Coppola, son of Mr. and Mrs. Joseph Coppola of 43 Tappan Avenue.

The bride is the daughter of Mr. and Mrs. Lester S. Williams of Salem.

The Rev. Alfred Stone Jr. performed the double ring ceremony. Vocalist was Miss Pamela Coons of Cedar Grove. A reception was held at Thomm's Restaurant, Newark.

Given in marriage by her father and mother, the bride wore a white silk organza A-line skimmer with a lace yoke and long lace sleeves, high neckline and detachable train. Trimmings were lace appliques with sequins.

A butterfly headpiece of matching lace trimmed with pearls was attached to a two tiered elbow length illusion veil and she carried a bouquet of stephanotis and butterfly orchids with green leaves.

Mrs. Bernadette Garneau of Montclair was matron of honor. Bridesmaids included Miss Margaret Hoffman of New York City and Mrs. Jane MacNaughton of Linden. Mrs. Carole Garlock of Auburn, New York, was also to be a bridesmaid but was taken ill. The bridesmaids were classmates of the bride at Mountsinclair Hospital School of Nursing.

The attendants were attired in pink linen gowns trimmed with lace threaded with moss green velvet ribbon. Headpieces were moss green petals trimmed with pearls and attached to short veils. They carried two toned pink carnations with green velvet streamers.

Best man was the groom's brother, Joseph M. Coppola of Belleville. Ushering were Robert Sorce of Bloomfield, cousin of the groom, Robert Pettis of Nutley and Charles Knight of Middletown Pennsylvania, brother-in-law of the bride.

Mrs. Williams chose a light blue dress with a lace bodice and organza skirt, silver bag and shoes and blue and silver hat. The groom's mother was in a moss pink linen dress and coat ensemble with a beaded neckline and matching accessories. Corsages were white carnations.

Mrs. Coppola, a graduate of Salem High School and Mountsinclair Hospital School of Nursing, Montclair, is a pediatric nurse with Dr. Gerald J. Piserchia of Nutley.

Mr. Coppola, an alumnus of Belleville, High School, attended Fairleigh Dickinson University and is associated with his father in Home Improvements, Belleville. He is a member of the Army Reserve, Medical Corps Division.

The couple have made their home in Belleville following a honeymoon in Puerto Rico.

The day of the wedding was also the 80th birthday of the groom's paternal grandmother, Mrs. Joseph Coppola. The groom's parents entertained after the wedding rehearsal and showers were given for the bride by Mrs. Coppola and her daughter, Mrs. John Angileri at Branch Brook Manor and by Mrs. Williams and Miss Linda Homan of Woodstown at the latter's home.

Blind Will Benefit
From Gala Auction

Michael Laciopa, president of The New Jersey Foundation For The Blind Inc. announced recently that a gala charity auction will take place in the main ballroom of The Governor Morris Hotel, in Morristown October 23. The auction is scheduled to start at 7:30 p.m.

The proceeds from the auction of celebrity items, services, new merchandise, works of art and potpourri will be contributed toward Diamond Spring Lodge New Building Fund.

The lodge located in Denville, is a free vacation and training center for the blind. Ground has been broken for a new lodge to accommodate many more guests. Construction has been temporarily delayed by a court order banning all new construction in Denville as well as many communities in the area, due to a sewage problem.

The theme for the first annual auction will be "Come to the Cabaret." Entertainment will be featured by guest artists during the auction and a free raffle will be conducted every half hour. Tickets are available by writing Cabaret Auction, New Jersey Foundation for the Blind, Inc., 46 Franklin Street, Newark, N.J. 07102.

Essex Economics
Council To Present
"Christmas Ideas"

A Christmas Ideas program is planned by the Essex County Home Economics Extension Advisory Council for Wednesday, October 16 from 1 to 3:30 p.m. at the Bloomfield Civic Center, 84 Broad Street, Bloomfield.

The public is invited to browse through Christmas decoration and gift ideas that can be duplicated at home. Holiday refreshments will be served. A bake sale table will be available for the benefit of the Home Economics Scholarship Fund.

Women throughout Essex County who have served as leaders of the Home Economics Extension program will be honored. The Extension Service is a branch of Rutgers University designed to conduct a free educational program for all Essex County residents. It is also sponsored by the Essex County Board of Chosen Freeholders and the United States Department of Agriculture.

Mary Ann Saliani
Weds Peter Spera

Miss Mary Ann Saliani, daughter of Mr. and Mrs. Michael Saliani of 239 Alexander Street, Newark, became the bride September 29 of Peter S. Spera, son of Mr. and Mrs. Joseph Spera of 794 Ridge Street, Newark.

The ceremony was performed in Sacred Heart Church of Vailsburg by the Rev. Varley. A reception followed at Florham Park Country Club.

The bride was attired in an oriental designed sheath of beaded ribbon lace fashioned with a mandarin collar, butterfly sleeves, slit sides and a matching train.

Her bubble veil was held by a beaded headpiece and she carried a bouquet of oriental

white feathers with white orchids.

Mrs. Maria Russomanno was matron of honor and Mrs. Marie Fantasia, sister of the groom, Miss Mary Ann Raimo and Mrs. Carmella Graig, were bridesmaids. Lisa Clarizio niece of the bride, was flower girl.

They wore oriental gowns of silk brocade with chopsticks in their hair and carried umbrellas of feathers.

Anthony Valentino was best man.

The bride's brother, Paul Saliani, Mr. Fantasia and the groom's cousin, Peter Spera, Joseph Di Paolo was ringbearer.

The couple will live in Newark after a honeymoon in Miami Beach, Florida.

Columbus Hospital
Volunteers Present
Charity Art Show

The Volunteer Aides of Columbus-Redwood have chosen art as their project to raise funds to help the geriatric patients at Columbus-Redwood, an extended care facility of the Columbus Hospital, Newark, sponsored by the Women's Auxiliary. "The Fall Festival of Art" presented September 27 - 30 was one of the finest art shows in our area, being represented by approximately 25 of the most renowned artists in our area. Represented at the show were two artists from Nutley, Michael Lensen and James Carlin.

Proceeds from the show and sale will be used by volunteer workers who teach patients how to work with their hands and make interesting articles with arts and crafts materials, a form of therapy for the geriatric patient.

Mrs. Thomas Rabiot of Belleville served as a member of the decorating committee.

Babysitting Clinic
Will Be Conducted
At Montclair "YW"

A four week babysitting clinic will be held at the new Montclair-North Essex YWCA beginning Monday October 14, at 3:30 p.m.

Two hour-long classes will be taught by a registered nurse. A policeman and other pertinent leaders will give helpful hints on child care, the handling of emergencies and the responsibilities of a sitter.

A panel of mothers will hold a question-and-answer period at the last class.

This course is being given specifically with the junior high school student in mind and those students who have successfully completed it will have their names placed on a registered list of "sitters" at the "YW."

For further information call the YWCA, 746-5400 or better still drop in and see the newest building in town and get a glimpse of what the "YW" has to offer girls of all ages.

Somehow we never run into the situation described so lushly in best-sellers.

YMCA Exhibiting
Paintings by Stein

A collection of brightly hued paintings in oil and acrylic by Henry Stein of West Orange is currently on display in the women's lounge at the Montclair YMCA, 25 Park Street. A waterfront scene, sea scapes, social commentaries and a spectacular view of a suspension bridge comprise the grouping, all of which are for sale.

Stein has studied with Joseph Domarski and Joachim Loeber and at the Art Students League in New York City. He is the former owner and operator of the East Orange Art Center.

His works have been exhibited frequently along the eastern seaboard from Maine to New Jersey. Nationally, Stein had exhibited at the Painters and Sculptors Society in Jersey City where he received several honors. He has also held shows at the Jersey City Museum and in museums in Brockton, Massachusetts and Portland Maine.

April in Paris Proceeds
Will Go To Perpetual Fund

A perpetual fund for annual ice skating and academic scholarships will be established in memory of the late Jacob L. Newman with the proceeds of "April in Paris", an ice spectacular to be held November 10 at the South Mountain Arena.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Miss Arleen Mary Furlong Bride of William Keith Butler

Mrs. William Butler — nee Arleen Furlong

The marriage of Miss Arleen Mary Furlong, daughter of Mr. and Mrs. Arthur Furlong of 44 Gless Avenue to William Keith Butler, son of Mr. and Mrs. W. S. Butler of 15 Ralph Street, Belleville, took place September 28 at Christ Episcopal Church, Belleville.

The Rev. Dr. Long performed the ceremony which was followed by a reception at American Legion Hall, Nutley.

Given in marriage by her father, the bride was attired in a gown of white organza and Alencon lace fashioned with a scalloped scoop neckline, elbow length sleeves, Empire waistline and A-line skirt. The detachable train was chapel length.

A cluster of organza flowers and orange blossoms held a three tier bouffant veil of silk English illusion. She carried a lover's knot of baby orchids and roses.

Miss Linda Nagrady of Fairlawn was her cousin's maid of honor. Bridesmaids were another cousin, Miss Katherine Pryslak of Iselin and Mrs. Ernest Marenzi of South Norwalk, Connecticut.

They wore A-line gowns of avocado saki with elbow length sleeves and train trimmed in lace. Headpieces were double tiered clustered veils and they carried baskets of fall flowers.

Wallace Butler was his brother's best man. Ushering were Henry Mikiewicz of Kearny and Mr. Marenzi.

Mrs. Furlong chose a coat ensemble of pale blue ottoman with a matching hat of clustered horsehair. Her corsage was of baby orchids and blue tea roses. The groom's mother was in a moss green chiffon coat ensemble and a hat of green and burnt orange feathers. Her corsage was of burnt orange daisies.

Mrs. Butler, an alumna of Nutley High School is a key-punch operator with Fireman's Fund American Insurance Company, Newark.

Mr. Butler, a graduate of Bloomfield Vocational and Technical High School, is with International Electrical and Flag Decorating, Bloomfield. He is a member of the Naval Reserves.

Following a honeymoon in Miami Beach, Florida, the couple will live in Nutley.

VFW Ladies Give Contest For Students

Firemen's Ladies Auxiliary No. 1851-VFW will sponsor The Voice of Democracy National VFW and Ladies Auxiliary scriptwriting contest. Mrs. Frank Kirkbride has been appointed as VOD Chairman for the co-sponsors of the Nutley Firemen's Auxiliary and District Four (Essex County) Ladies Auxiliary, VFW.

Last year, more than 400, 000 teenagers of the 10th, 11th and 12th grades of high school were in competition for more than \$200,000. U.S. Savings bonds, checks and five National Scholarships which totaled \$13,000 more.

Radio or Television stations give technical assistance in recording the student's scripts, on the theme "Freedom's Challenge."

Deadline for judging local contests is December 9. The National Association of Secondary School Principals includes VOD on its 1968-1969 list of approved national contests. Finalists of states winners will be selected during their

five-day all-expense-paid trip to our nation's capitol, Washington D. C.

Firemen's Ladies Auxiliary will sponsor East Orange Catholic High School this year, Firemen's VFW post No. 1851 will sponsor Essex Catholic and Our Lady of Good Council High School. If interested in having a VOD contest in your high school contact your nearest VFW post home.

Bond Issues Get Support From Glassboro Teachers

The Glassboro State College Faculty Association has overwhelmingly endorsed the 1968 New Jersey Bond Issue at its regular monthly meeting.

Dr. James M. Lynch, Jr., president of the GSC Faculty Association, noted Friday that the support-action is for all three issues in the bond package-transportation housing assistance and construction of public buildings.

"New Jersey is years behind in meeting the capital needs in these three areas," Dr. Lynch said. "New Jersey must spend millions of dollars to overcome the neglect of the past and the only way to do this in a responsible manner is to float bond issues."

Dessert, Fashion Show Set For Tonight by ORT

The Paid-Up Membership Desert and Fashion Show of the Bloomfield Chapter Women's American ORT will be held this evening at Parillo's Restaurant, Harrison Street, Belleville.

New members will be officially welcomed and honor roll awards will be presented. A Fall fashion show entitled "Essence of Autumn" with members serving as models, will be presented by Jannette, Nutley Center.

A visual display of banners and posters will be displayed. ORT (Organization for Rehabilitation through Training) is a program for rebuilding lives through vocational education. The recognized vocational training agency's central creed is that man is best aided by being helped to become independent, self-supporting and self-respecting.

ORT is the world's largest non-governmental vocational training agency. Its students include the poverty-stricken inhabitants of underdeveloped countries, refugees and immigrants seeking a new life, and youngsters trying to build secure futures. ORT helps to build underprivileged economies and to man the industries of free countries striving to keep pace with technological advances.

Acknowledging this help, the U.N. and some 22 countries (including the U. S.) most of which have ORT schools within their borders, have given ORT sizeable and repeated grants. Many prizes and awards will

Mrs. Jerome Yorn

be presented at the fete. Mrs. Jerome Yorn of Bloomfield is chairman of the evening. Nutley Clash Has Squad Psyched

The Belleville Times

News

Amabile Confident

"We're certainly elated over Saturday's win," beamed Belleville head football coach John Amabile before Monday's practice session. The Bellboys avenged last year's 27-0 trouncing at the hands of the Bengals.

"The defensive club kept their cool," said Amabile, after his squad had rebounded from a 26-0 pasting by top rated East Orange. He was also pleased with the play of his secondary, as they held down Bloomfield quarterback Mark Tripucka. "Bob Bonfante and Joe Ritacco time and time again made the big play for us on defense; they were stalwarts all afternoon."

"We had to stop Baumgardner," opined Amabile. He was stopped, except for a 65 yard punt return for the Bengals only score.

Workhorse Jim Wille carried 41 times for 147 yards. "He gave us a great performance," remarked his coach.

What about the year's big upcoming game with cross-town rival Nutley?

"Earl Malloy is one heck of a football player," commented Amabile on the Maroon's bruising fullback. "And we respect their right halfback, Rich Gaccone."

"Nutley is a hard blocking and tackling football team. As a result, we are stressing fundamentals this week."

"We're happy it's a home game, and coming off a win, we expect one heck of a battle." Nutley is coming off a loss, after downing Garfield in its opener. In the one common game, both lost to East Orange.

ange, Belleville 26-0 and Nutley by 24-14, after trailing 24-0.

"When there is a rivalry as close as Belleville-Nutley, said Amabile "anything can happen." Let's hope it's not a repeat of last year's 38-7 shellacking. "Morale is up and we are going out to win," commented Amabile, as he headed for the practice field.

Bellboys Bomb Bengals

By Martin Fuchs

The Belleville Bellboys defeated the Bengals of Bloomfield 10 to 6, winning their first game of the 1968-69 football season last Saturday.

Led by senior fullback James Wille, the Bellboys bounced back from a disappointing loss to state champions East Orange the previous week. Wille, the 185 pound workhorse of the Belleville offense scored the only Belleville touchdown, and carried the ball for 147 yards while running in 41 of the 60 Belleville offensive plays.

Jim Wille's one yard run for the Bellboys' first touchdown capped a 55 yard drive that took four plays.

With a first down and ten on the Bloomfield 40 yardline as a result of a 15 yard penalty against Bloomfield, the passing combination of Ted Del Guercio and Vinnie Constantino clicked as Constantino caught a 30 yard pass bringing the ball to the Bloomfield 10.

After getting only one yard on a run up the middle, Wille swept around the right side for an 8 yard gain, bringing the ball to the one yard line, from where he plunged over for the TD on the next play.

Adding the extra point was Bob Cialliella, who also had a good day. Besides blocking well on the Belleville offensive line, Cialliella, a 185 lb senior, also kicked his second high school field goal in the second quarter.

Booting it 35 yards with a slight angle to the right, Bob made the score 10 to 6. Twice later, Cialliella was inches away from booting another field goal. Bob Cialliella provides coach Amabile with an extremely potent offensive weapon. For those who don't recall, it was his 11 yard field goal in the fourth quarter of the Belleville - Orange football game last year that brought the Bellboys a 16 to 13 victory over Orange.

Junior halfback Steve Banda's 32 yard run up the middle was the key play in the drive that led to the field goal. Bringing the ball from

Sports of The Times

By RICHARD DE SINA

So what else would you expect Bob Gibson to pitch but a shut out? He also threw in a strikeout record; coupled with his 31 K's in 1964, he now owns all the Series strikeout records worth owning. Gibson slumped a bit his next time out, from 17 strikeouts to 10. He even allowed a run, but set some more records with his seventh straight complete game win and second Series home run. It was the fifth time he had fanned 10 or more, another record.

The Cardinals never win the second game. In their recent Series history, they've lost to the Yanks, in 1964 (Gibson's only defeat), the Red Sox last year and the Tigers last Thursday. Mickey Lolich may get a few offers to ride his motorcycle on Ed Sullivan's show the way he's pitched. He might even pre-empt Denny McLain's organ solo, the way Denny's pitched.

It's still the year of the pitcher. Only now they're doing most of the hitting. Lolich and Gibson have homered; it was Lolich's hit that chased Briles in the 5th game.

They fired the wrong ump. Stan Landes is having the worst possible Series. He blew Javier's steal of second in game 1; called Horton safe on a grounder in the hole feeling Cepeda juggled the throw; called Shannon out on the tall end of a double play started by Mickey Stanley in game 2; missed a called third strike on Kaline. Kaline homered on the next pitch; called Washburn out on a pitch high and inside; missed another third strike on Wert in the 7th, all game 3.

Overall the Series has been poorly officiated. There were other gaffes, none pivotal. In game 5 Brock was safe at home. It wasn't Landes this time, but Doug Harvey, famous for his hesitation call. Brock's foot touched the plate a scant second before Freehan tagged him, but Harvey saw just the tag, not the foot.

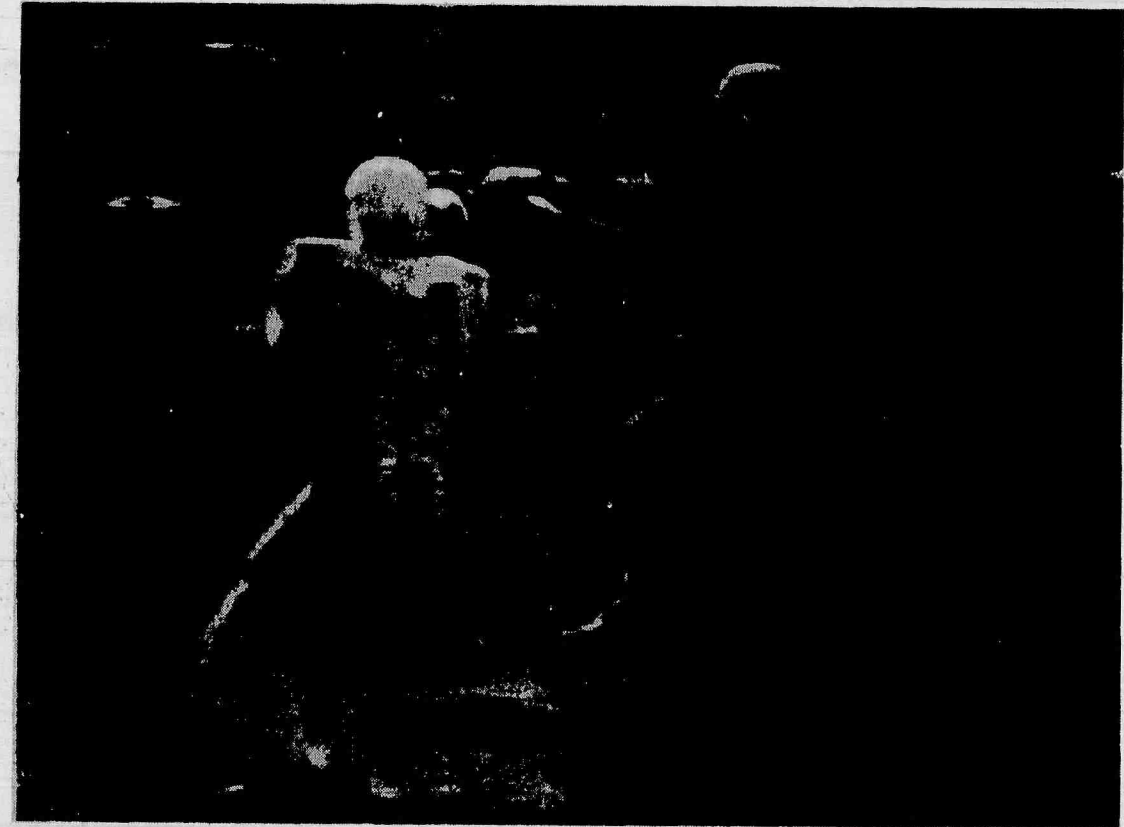

Brock performs in the Series the way Kenny Washington used to run wild for UCLA in the NCAA basketball championship. The Tiger bullpen, so effective during the year has been ineffectual. The Cardinals have hit the home runs in the friendly confines of Tiger Stadium. Their attack had been anemic in St. Louis, though they were running all over the lot. McCarver, who hit a big three run homer in the '64 Series (it won the 5th game for Bob Gibson in 10 innings) golfed a three run shot in the third game. Cepeda later added another three run shot and struck a similar blow in the first inning of the 5th game.

It got comie out there in the 4th game. Willie Horton and Julian Javier's efforts at stalling and speeding up were rather obvious, but the Series is salvaging a mediocre season. Now that it looks like Brock will finally win that Sport magazine sports car as the outstanding player (Gibson's copped it twice), what do they do but switch from a Corvette to a Charger. If Brock does get it, they should give him a Roadrunner.

YMCA Conducts Variety of Courses

Speed writing, creative art and contract bridge courses will be conducted at the Montclair YMCA this fall with all classes held at 25 Park Street. Brush up contract bridge began October 3, at 1 p.m., with instructor Mrs. Buddy Frost, experienced Goren teacher, returning for a third season. Mrs. Frost is presently instructing bridge in the Irvington Adult School. Fee for the 8-week session is \$10.00 for Y member; \$12.00 for non-members.

Drawing and painting for beginners began Monday morning, and ran from 9:45 to 11:15 p.m. Mrs. May Schoenthal, Upper Montclair artist and teacher, will instruct. The basic fundamentals of drawing and painting in different media, perspective and composition will be studied. Fee for Y members is \$18; for non member, \$20. The course lasts ten weeks. Stenography supreme will be taught by its author, Mrs. Gladys Bertram from Wednesday morning, October 9. Classes will be held twice weekly Wednesday and Friday mornings from 9:30 to 11:30 and run until November 8. Fee for Y member is \$12; for non members, \$14. Dictation is given from the first lesson. A boon to housewives, volunteers, students and journalists, this course is recommended by leading educators.

NOT TODAY TONY -- Bloomfield's halfback Tony Scarlatti was waiting for a Mark Tripucka pass, but Bellboy John Branigan had other ideas. He broke up the play by deflecting the ball.

Richie Luzzi Again Performing In All-American Style At Clemson

It took Clemson safety Richie Luzzi less than 20 seconds last Saturday to prove that he is the most complete defensive back in the nation, chasing enemy receivers.

Luzzi's electrifying 108-yard return of a short Georgia field goal attempt was Clemson's first score of the game and left the Sanford Stadium crowd of over 59,000 buzzing throughout

halftime. The Bulldogs, leading 16-0, were in the scoreless zone going for three more on a 47-yard field goal. The shot fell short and Luzzi gathered in the ball eight yards deep in the end zone. From there the crowd stood and Luzzi ran--and ran--and ran. The performance was a drop

of sunshine in an otherwise dismal day for the Tigers. Georgia whipped Clemson, 31-14, its sixth straight over the Tigers.

Not only was the scamper a Luzzi record, it also was the longest ever in Sanford and beat the old Clemson mark by 18 yards. The short Georgia kick was labeled a punt for books, and Luzzi's runback snapped a 90-yard record shared by three former Clemson players. It also broke the Atlantic Coast Conference standard of 98 yards held by Bobby Bryant of South Carolina.

The Luzzi journey is also the longest Clemson run of any type in 72 years of football.

Saturday's contest was just another game Sunday as Luzzi relaxed in Clemson Here's the way he explained his record-breaking scoop: "I decided at the last second to run the ball out of the end zone. Most of the Georgia players were bunched on the 10-yard line and I could see my blockers already in action as I caught the ball. Chuck Werner, Wesley Eidson and Ron Ducworth, among others, opened a boulevard at the 15. I headed straight up the field."

"When I reached our 40, John Fulmer threw a keyblock and it was then that I knew

I could go all the way. I started running out of gas and two Georgia players tripped me into the end zone."

Luzzi has been Clemson's defensive back for two seasons. Last year he played every minute of defense at right safety. His punt returns were anything but sensational: 21 for 143 yards.

"I should have scored on a punt return two weeks ago," claims Luzzi. "Against Wake Forest I got past the clump of tacklers and the punter stood between me and the goal. Had I cut inside I would have been gone. I still don't know why I went to the outside. The Wake punter knocked me out of bounds."

"I wanted a second chance but didn't realize it would come the very next week. You just don't expect 108-yard punt returns against a team like Georgia."

Last season another Clemson defensive back, Frank Liberatore, tied the Clemson-Georgia game at 17-all with a 52-yard punt return in Death Valley.

You could expect this sort of thing with Liberatore, a big, aggressive runner. But Luzzi, who stands 5-8 and weighs less

R "BELLY BUTTON" OR UMBILICAL HERNIA

Navel, or belly button hernia, is not unusual in babies and usually it corrects itself in a few months to a year. It is the only kind of hernia which can be self-correcting. The Doctor sometimes just tapes a coin, or a similar flat object over the hernia.

In grandmother's time, every baby usually wore a belly band for this purpose, but now medical opinion has discarded this therapy as having little value. Infrequently, surgery may be required for a navel hernia but the operation is simple. Your physician will tell you if one is necessary.

Bloomfield Bows Before Wille, Ciallella

(Continued from Page 13)
Belleville territory Banda was finally stopped at the Bloomfield twenty-two yard line.
Coach Amabile's decision to completely platoon his ball club, in order to save the strength of his workhorses Wille and Ciallella who played

both offense and defense against East Orangs, payed off with dividends.
The two replacements, juniors Frank Fury and Joe Ritacco wound up second and third in number of tackles among the defensive squad with 5 and 6 respectively.
Joe Ritacco seemed to plug the Bellboys biggest whole in its first encounter against East-Orange stopping the sweep around end- and in one instance in particular saved a possible Bloomfield score by his alertness.

BECK'S COLUMN

By MAX BECK

Everything in Electronics is getting smaller, that's the way things are going to be. Essentially this has been made possible by the "transistor", which revolutionized the art. It started to be brought home to everybody by the use of the small transistor radio. Untold millions are in use, all over the world. The great advantage besides size is that these small sets need very little energy. One or a couple of small batteries is all that is needed. The batteries are inexpensive and available just about everywhere.

Another piece of equipment for sound reproduction, the loud speaker, has undergone radical changes. In order to reproduce good bass tones, one had to have a large enclosure with speakers of 15" diameter. About 25 years ago such a speaker required a power supply to create a heavy magnetic field. This was eliminated by the development of Alnico permanent magnets. The next step was the "air suspension" speaker system. This arrangement makes it possible to get excellent bass response from speakers about half the size than the old system.

Powerful amplifiers using transistors now are hardly larger than a cigar box. The old tube amplifiers were large and they created much heat. Merely by eliminating heat the reliability of electronics equipment has been vastly improved.

One could go on and on citing new things made possible by the use of the tiny transistor.

With a fourth down and punting situation, the Bloomfield punter ran with the ball. It was Ritacco who sliced through two blockers and tackled the punter before he got the first down.
On the whole, Belleville's defensive unit improved quite a bit, as it only allowed the Bengals 19 yards passing and 41 yards rushing for a total of 60 yards. The only Bloomfield score of the game came on a 65 yard punt return by Jay Baumgardner. From then on the Belleville defense was in command.
The Bellboy defensive backfield of Bob Baker, Bob Baumgardner, and Joe Vitiello allowed only two completed passes-both screens.
Baumgardner was the hero

of this trio. Along with four crucial tackles, he also intercepted a pass that thwarted a Bloomfield drive in the fourth quarter.

The defensive line did a good job in stopping the Bloomfield rushers including Jay Baumgardner, who last year ran for over 100 yards alone against Belleville.
Other important members of the defensive line were Richard Corbo, Ron Bisignano, John Mozeika, and John Branigan.
The Belleville offense, behind an improved offensive line composed of Carl Corino, Alan DeFeo, Bob Ciallella, William Thumacki, and Joe Valvano gained a total of 245 yards, 201 yards rushing, and 44 yards passing.

Deer Derby Draws Local Participants

Hunting season with bow & arrow started Sat. Oct. 5 and archers from Belleville, and Nutley started off with a bang.
Al Meyler of Belleville got a nifty 4 point buck weighing 112 lbs. dressed. Ed Martin got his own 4 point buck weighing in at 90 lbs. Ed is from Belleville, and he got his deer in the Jenny Jump mountains near Hackettstown.
John Mascellino and Dante Petrucci, two more Belleville boys, each got a doe, with John's being the heaviest at

91 lbs.
A woman, Mrs. Esther Krom turned the trick and got a beautiful 4 point buck weighing 107 lbs. and holding down third place in Butts and Bows Indoor Lanes, Washington Ave, Belleville, annual deer contest. Prizes of bows, arrows and trophies are awarded each year for the heaviest deer. Mrs. Krom lives on Bell St. in Belleville, and has been hunting 2 years with the bow, this being her first deer kill. Congratulations Esther!
From Nutley, Jerry Klufas got the heaviest of the day with a 124 lb. 4 point buck, and an Elizabeth man, Ed Jacobson, downed his first deer, a good sized doe weighing 89 lbs.

Bengals Bumped For Bellboys First Victory

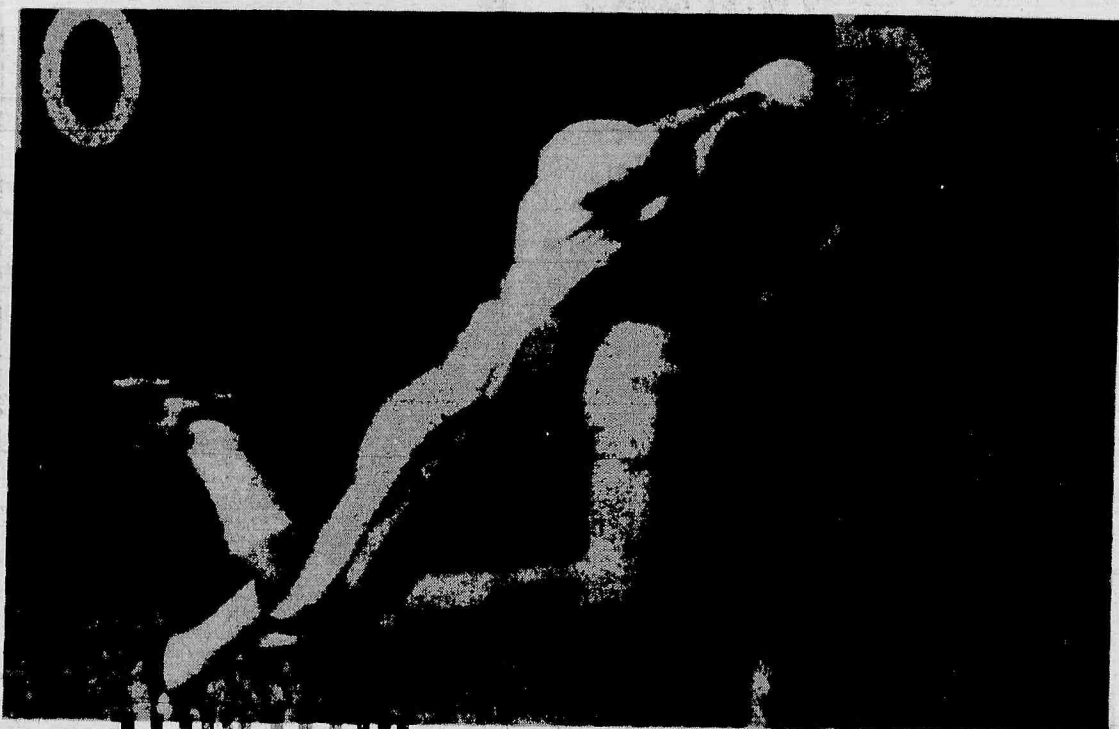

LINE OF SCRIMMAGE — Lennie Bunche of Belleville is stopped at the line of scrimmage by three Bloomfield line-

men. Belleville did gain 229 yards during the course of the ball game.

BLOOMFIELD RUSH — Belleville quarterback Ted Del-Guercio (hidden by Bloomfield's No. 77) gets a pass off just before being mauled by two defenders. Belleville's of-

fense was able to produce 10 points for the afternoon, and that's all that was needed.

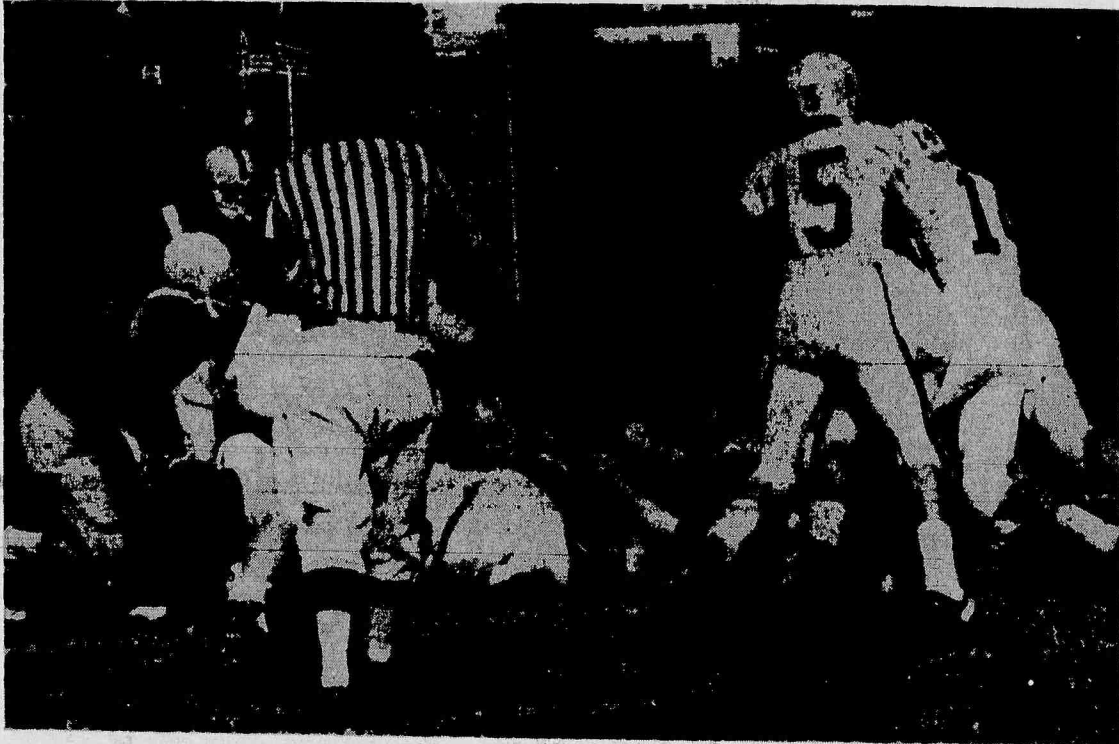

NOT QUITE — Steve Banda carried on a 32 yard play which set up Belleville's field goal. The 35 yard boot by

Bob Bonfante made the score 10-6, and the Bellboys were able to maintain their lead for the rest of the afternoon.

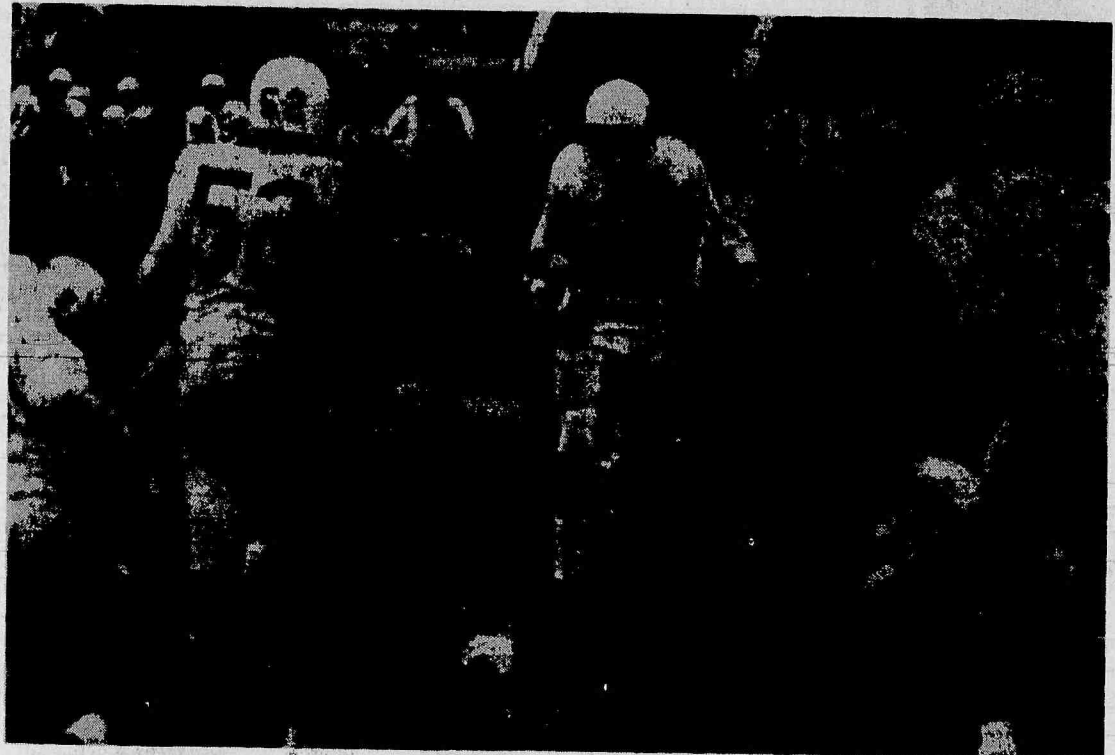

BIG PLAY — Belleville's Vincent Costantino catches 30 yard pass from Ted Del Guercio on Bloomfield's 10 yard line.

The play set up Jim Wille's plunge for Belleville's only touchdown.

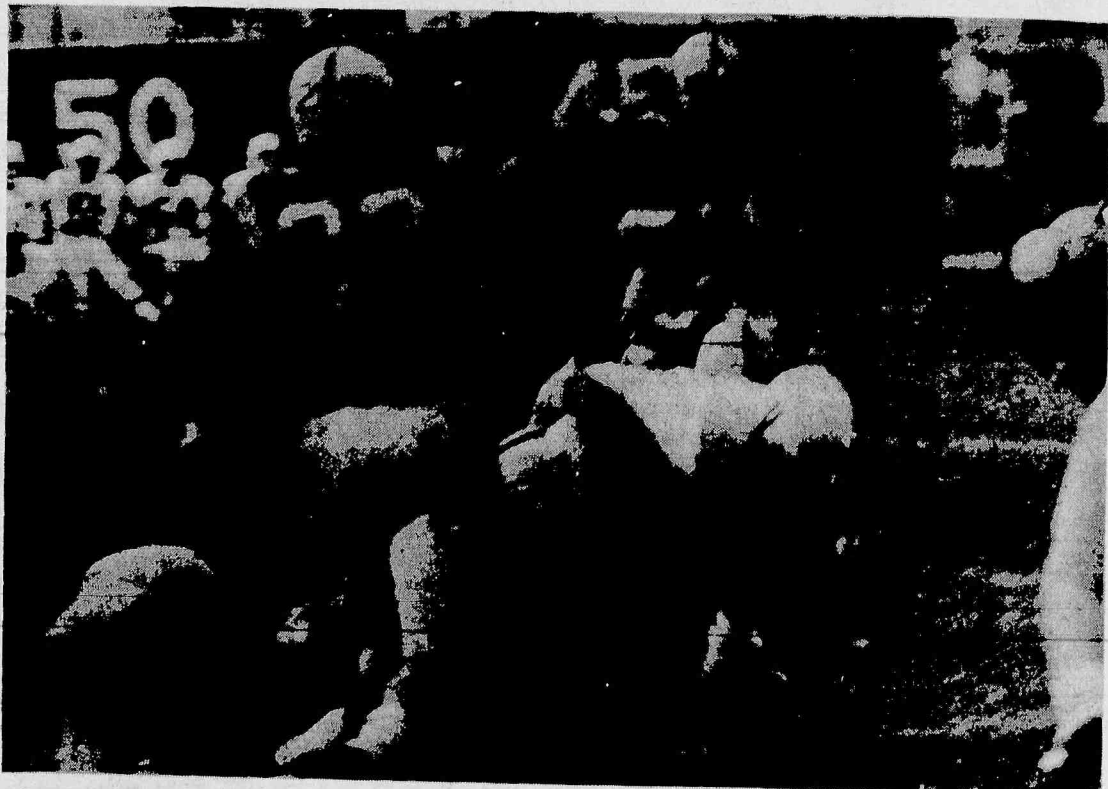

OFF TACKLE — Jim Wille runs over his left tackle to be met by the whole Bloomfield line. Action took place in the

second half which saw no scoring plays, but hard hitting defensive play.

BLITZED — Bloomfield quarterback, Mark Tripucka looks worried as Belleville defense, led by Robert Bonfante, puts the rush on. Bonfante, who played a tremendous defen-

sive game, threw Tripucka for a five yard loss on the play.

ANOTHER GEM — Bob Bonfante goes in for an assist on Jay Baumgardner. Except for one 65 yard punt return,

Bloomfield was held to 83 yards gained for the whole game.

NO GAIN — Jay Baumgardner, Bloomfield star halfback, is stopped for no gain by the Belleville line. The Bellboy

defense was able to check Baumgardner's running all Saturday afternoon.

Allergy Chief Warns of Possible Ragweed Pollen Count Increase

According to Dr. William I. Weiss, chief of allergy at Saint Barnabas Medical Center in Livingston, if the current weather trend continues, this year's pollen count could soar higher than that of 1967. The ragweed season begins about August 15 and will continue through September, being most critical between the hours of 6 a.m. to 9 a.m. Ragweed pollen is most prevalent on a windy day and will cause sneezing, itching, and swelling in those allergic. Relief occurs when the air is cleansed by rain or when air movement is negligible. In order to limit the growth of ragweed, Dr. Weiss suggests that home owners and municipal authorities either spray the green, tall-stemmed broad-leaved weed or pull it out by the roots. Daily pollen counts will be issued by Saint Barnabas Medical Center to the local radio stations and should serve as an index to the severity of the pollen in the air.

BAD NEWS—Laboratory technician James Smith and Dr. William I. Weiss, chief of allergy at Saint Barnabas Medical Center in Livingston, examine pollen testing equipment on the roof of the center. Dr. Weiss expects this year's pollen count to be higher than last year's.

Nutley Orchestra Begins Rehearsing

Rehearsals have started in preparation for the 32nd season of the Nutley Symphony Orchestra. Any interested players of orchestral strings, winds or percussion are invited to appear to discuss joining the orchestra's ranks. Rehearsals take place weekly on Wednesdays at 8 p.m. in the music rehearsal room of Nutley High School on Franklin Avenue. The group continues to be directed

ed by Nicos Cambourakis, now in his 29th year of conductorship.

The 1968-1969 season comprises two concerts, with a guest soloist at each. On Sunday afternoon at 3 p.m., November 24, the guest artist will be Leslie Holmes of Staten Island, soprano. The April 13 concert features Liora Sarch of West Hartford, Connecticut, pianist.

STUNNING DEBUT—Sondra Locke, in her first film and Alan Arkin, give award-winning performances in the Warner Bros. Seven Arts adaptation of Carson McCullers' "The Heart Is A Lonely Hunter," now showing at the Franklin Theater.

Citizens For Nixon Formed by R. Kulik

Former Vice President Nixon's Presidential campaign came to town recently as the Nutley Citizens for Nixon-Agnew Committee was formed. The Nutley group, headed by Ronald Kulik, is a local branch of the New Jersey Nixon Now Committee. "We're going to coordinate our activities closely with the Republican Club, Young Republicans and the elected County Committeemen," Kulik said "but we intend to seek the support of independents and dissident Democrats who

wouldn't otherwise work with Republican groups."

Richard DeVany, Nutley YR president, will act as coordinator between the groups in an effort to swing Nutley in Nixon's win column. Other members of the steering committee are Mrs. Frank M. Garruto, secretary; Gordon H. Nordberg, finance and Frank M. Garruto, publicity.

Anyone interested in working for the election of Nixon is invited to contact Ron Kulik.

Unity Institute Opens Season

Unity Institute proudly opens its 46th travel season with a magnificent, colored film entitled, "Norway and the Modern Vikings." John Roberts, photographer and narrator, will show his latest travelogue tonight at 8:15 p.m. in the Montclair High School Auditorium.

Here is a colorful and timely film-essay of modern Vikings and their homeland along the rim of Europe. A third of Norway lies above the Arctic

Circle. Thanks to the Gold Stream she boasts of summers that are as warm as those of Great Britain and winters that provide snow for some of Europe's best skiing.

Long associated with the sea, Norway has the third largest merchant marine in the world. For over 1,000 years her ships and men have roamed the globe. History records the presence of Vikings in distant lands during the time when Europe was busily engaged in the petty quarrels that marked the Middle Ages.

JULIE WILSON AT LA MAISONNETTE

The man who "brought her back where she belongs," Mr. Charles T. Carey, Managing Director and Vice President of the St. Regis-Sheraton, an-

nounces that Julie Wilson will start her twentieth engagement at La Maisonnette on Monday, October 14.

Since her initial appearance which was extended from four to twenty-nine weeks, Julie has changed little. Her figure is as sinuate, her songs as sinu-

ating, as ever. Her blue eyes may switch from siren's to seraph's, as she changes pace but they never lose the twinkling commentary that is her trademark.

A choir singer at the age of seven in her native Omaha, a beauty contest winner in her teens, there is hardly a field of entertainment that Julie hasn't explored.

She has sung and acted on the Broadway stage, on the London stage and in Canada. Her straight acting led to a motion picture contract and her television appearances, including a show of her own for ABC, have been countless.

But she likes best to project from the floor of a sophisticated supper club.

In the past year Julie has said hello to the Bunny Club in London and goodbye to the Queen Mary as she performed on its last voyage from Rio to California.

Now it's, "Glad to see you back, Julie," at La Maisonnette.

continued working through his teens, entered manhood already a showbusiness veteran and at 28 can look back on 20 highly successful years as a top entertainer.

Rick made his bow at age 8 portraying himself in the radio version of his parents' long-running (22 years) family comedy series, "The Adventures of Ozzie and Harriet," telecast for 14 years over ABC-TV. At 16 he branched out on his own as a singer and, after a few gold records, zoomed into orbit as a worldwide teenage idol.

He has had eight million plus sellers and several albums listed #1 on the charts. His latest Decca Record release is "Don't Make Promises."

He has co-starred in two motion pictures, "Rio Bravo" with John Wayne, and "The Wackiest Ship in the Army." He has appeared on most of the major TV shows and hosted an ABC-TV special, "The Flip Side." This is Rick Nelson's New York night club debut.

Also featured is Muriel Millard's spectacular new revue "Les Belles De La Nuit." The production offers something for everyone including 25 gorgeous semi-nude beauties and the fantastic dancing of Szony and Claire. Directed and choreographed by George Reich, this is one of the most lavish revues ever presented at the Latin Quarter.

DUKE ELLINGTON AT THE FLAGSHIP

On Monday, October 14, the world famous Duke Ellington and his orchestra will appear for one night only at Larry Dixon's Flagship Dinner Theater in Union, New Jersey.

For this engagement only tickets are priced at \$7.50-\$10.00 and \$12.00 depending upon location. Ticket price includes a complete filet mignon dinner and the Flagship's Red Carpet treatment. Duke Ellington and his orchestra will provide continuous entertainment from 8 P.M. to 1 A.M. Dinner will be served starting at 6 P.M.

Duke Ellington ranks as one of the most unique and talented performers in American music. A composer par excellence, he has authored "Mood Indigo," "Sophisticated Lady," "Solitude" and "Satin Doll." He has been responsible for such enduring instrumentals as "In a Mellow Tone," "C Jam Blues," "Creole Love Theme" and "Take the A Train."

Kidde Division Develops New Theatrical Lighting

The first computerized lighting control system for the theatrical field has been introduced by Century Lighting, Inc., a division of Walter Kidde & Company, Inc. Known as "MEMO-Q," the new system was developed by another Kidde division, Scodim, Inc., and will be marketed by Century Lighting.

Utilizing a memory core, MEMO-Q eliminates the need

for separate manual preset equipment and offers lighting control for hundreds of scenes. Different arrangements of brightness values for scores of different lighting circuits can be preset and reproduced at will, by finger tip control. The system, which is compatible with existing incandescent lamps and lighting equipment, is now in use during the 20-week sea-

son of the Los Angeles Light Opera Company.

MEMO-Q represents the first practical application of computer electronics to the lighting control field, for use in the theaters, television studios, school and institutional theaters and public auditoriums. Because the system uses no mechanical moving parts, it reduces physical maintenance and re-

quires fewer operators than are now necessary to set standard control systems.

Century Lighting is a major manufacturer and supplier of lighting and theatrical control equipment. Century equipment is used in numerous Broadway shows, including "Plaza Suite," "Hello Dolly" and "Hair." MEMO-Q was developed by George Van Buren, president of Scodim.

YOU'LL BE SURPRISED HOW
LITTLE A WANT AD COSTS

We've just built the best store in town. Now we want to staff it with the best people in town.

We have a lot of openings to fill before we open our beautiful new Bradlees. And we want to fill them with the right kind of people.

People who like the idea of working in the most attractive store around.

People who appreciate superior working conditions. And pleasant surroundings. And selling very good things at very low prices for house, home, car, recreation and to wear.

People who like to meet other people.

If this sounds like the kind of job you want, contact us soon. For full or part-time work. The standards are high. So are the rewards.

These careers in retailing are
now open, for both men and women:

TCU Band Is Featuring Belleville's Amerman

Doug Amerman of Belleville, is among 115 members of Texas Christian University's 1968 Horned Frog Marching Band.

Known as the "Show Window of TCU," the band currently has members from 20 states and three foreign countries. Under the direction of Dr. James A. Jacobsen, the musical organization practices its routines and precision drills three afternoons each week, putting in about 2,000 man hours toward production of one half-time show of six-and-a-half minutes.

The band was formed initially in 1905 by some boys who had a little extra time and wanted to blow a horn or to beat a drum. In 1921 J.E. King formed an organized band and began to hold rehearsals and to play for school functions. When the group had 27 members in 1925, solid purple uniforms with white braid, reflecting TCU's colors, were purchased.

Today the band plays not only for TCU football games, but also for some high school games in route to out-of-town Horned Frog bouts.

Director Jacobsen, holder of a B.A. degree from Colorado State College, came to TCU in 1955 from Midwestern University in Wichita Falls. He has done graduate work at Vandercook College of Music in Chicago and holds the honorary Doctor of Music degree from Southern College of Fine Arts in Houston.

Amerman, a senior government-geography major, plays baritone in the band.

Life would be more pleasant if pay days came more often than collection days.

Luzzi Returns Kick For Record

(Continued from Page 13)

than 170, had 'em all fooled Saturday.

"It's a matter of following your blocking," said Luzzi. "Anybody with a little speed can do it if the holes open up. Usually they don't."

Rating Luzzi as a defensive back, Coach Banks McFadden says, "Rich can read a pass play in a matter of seconds. His man very rarely gets behind him. In the second half of the '67 Alabama game we put Luzzi on All-America receiver Dennis Homan. Homan caught one pass in the second half."

Saturday was like the good old days for Luzzi. When he was an All-America high school halfback in Belleville, he made punt returns a specialty. He once scampered 90 yards with a punt only to be tackled just shy of the goal. Speaking of that situation, Luzzi said, "I wasn't about to let that happen again. When I got that Georgia kick Saturday and escaped the early tacklers, the smell of a touchdown was mighty strong."

Halloween Costumes Can Be Fun!

Around Halloween time each year, youngsters start talking excitedly about the costumes they will wear for the annual trick-or-treat walk through the neighborhood. Halloween costumes are fun to select and even more fun to wear.

But costumes can also be expensive and dangerous. They needn't be, though, says Sara Miles, home safety consultant at the National Safety Council, if mother learns some simple tricks that will help her make costumes easily and cheaply. And, Miss Miles adds, a mother can design the costumes with safety in mind, since an unsafe costume can cause holiday accidents.

If costumes are too dark to be seen at night, motorists may have trouble spotting the trick or treaters as they cross the street. And if a child's costume is too long or if he is wearing dad's shoes as part of his disguise, he may trip and injure himself. If a costume is not flame-retardant it may catch on fire—especially since youngsters are likely to forget that a pumpkin with a candle in it is a fire hazard.

To help make Halloween safe and as much fun as possible, the National Safety Council, assisted by the New York Costume Company of Chicago, has designed some Halloween costumes that are fun to wear, easy and inexpensive to make, and safe for

youngsters to wear in the home or on the street.

An old pillowcase serves as the basis for these easy-to-make costumes. Slits are cut in the pillowcase for the arms and head, and the basic costume is easily slipped over the youngster's head. The pillowcase can be dyed or decorated to become almost anything the youngster wants: a robin hood shirt-vest, a hillbilly shirt, or an Indian jacket for boys; and Indian maiden outfit or a gypsy dress for girls. Trick or treaters can use their imagination to design and decorate their own costumes.

Before the costume is decorated it should be made flame-retardant so that a candle shining through the face of a jack-o'-lantern or a dropped match isn't the beginning of disaster. To flame-proof a costume, dip it in a solution of 2 quarts of warm water mixed with 7 ounces of borax and 3 ounces of boric acid until it is thoroughly soaked. Let the pillowcase drip dry and then iron it. If the costume is to be dyed, use the flame-proofing solution for the last rinse.

Boys wear trousers and a shirt under the pillowcase, while girls can wear tights or knee socks and a long-sleeved knit shirt. These clothes are part of the costume, and Miss Miles suggests that they have the added advantage of keeping

the trick or treaters warm as he makes his rounds through the neighborhood.

At the request of the Council, Pepper Ross of the New York Costume Company de-

signed a psychedelic costume for her niece Susie.

Pepper and Susie made the costume together. First, Susie tried on the basic cut-out pillowcase to see how it

fit. Since the pillowcase was too long, Pepper trimmed it so that it would look more attractive and wouldn't get in Susie's way when she walked.

*Science comes to
the art of tailoring*

Photometric is photography and proven engineering principle applied to the problem of fitting the human form. The eye of the tailor may err, but the eye of the Photometric camera, developed by Eastman Kodak Company after years of intensive research, is the vision that never fails!

*How you look
to the Photometric camera*

A plate is developed from your negative and projected to perfect scale on a calibrated screen. Every detail of your build has been "blueprinted"—the smallest variation has been permanently recorded for our Designers and skilled craftsmen.

*Why Photometric eliminates

A four way optically perfect reflection of you is recorded on ONE negative. The four images are correlated to provide infallible measurements, plus every detail of your posture and attitude, for the designing and cutting of your order.

Rodino Urges U.S. To Grant Asylum To Czech Refugees

Rep. Peter W. Rodino (D-10th District) announced today that he has called upon the Attorney General to use the powers given him by the Immigration Act Amendments of 1965 to grant asylum to any Czechoslovak citizens who flee their besieged homeland and feel they cannot in safety return.

Rodino, who is ranking member of the House Im-

migration and Nationality Subcommittee, said that under existing law the Attorney General can grant asylum to 10,200 refugees. In addition, he has the authority to allow refugees to enter under the parole procedure when he determines it is in the public interest and that an emergency situation exists.

"I doubt that many refugees will be seeking to come to

this country. However, we have witnessed on television the fearful partings of families when members with passports have been permitted to cross the border. And there are ominous press reports that Soviet secret police are arresting additional progressive leaders and anti-Moscow journalists, writers and intellectuals. If any Czech citizens who escape their occupied

country wish to come to the United States, we should be prepared to carry out immediately our Nation's long and cherished tradition of offering a haven to refugees and displaced persons," the New Jersey lawmaker emphasized.

Rodino, dean of the New Jersey Congressional delegation, noted that in 1964, in connection with his work as a member of the International Com-

mittee on European Migration, he had led the first group of American Congressmen since the end of World War II into Czechoslovakia. "There was a grim, austere atmosphere then, so I have been heartened by the revival of Czechoslovakia's productive and creative economic system and the resurgence of the gallant spirit of the Czech people.

Robin Hood (1) — Walter cuts hat out of folded piece of felt, then staples pieces together and slips felt feather he has made through slit in hat. Feather is stapled firmly into place.

Robin Hood (2) — Walter strikes a Robin Hood pose in finished costume. He has dyed his tunic a bright green and wears it over brown shirts and pants. Rubber galoshes with cuffs turned down add final touch.

Psychedelic (1) — Susie tries on the pillowcase for size. It is too long so Pepper cuts a few inches off the bottom.

Psychedelic (2) — Susie decorates costume with felt-tipped pens. If pens or paints are used, put piece of paper on back so colors don't bleed through.

Psychedelic (3) — Susie has printed a multi-colored design of "trick or treat" on the back of the costume she has made.

Psychedelic (4) — Susie wears costume with belt, over knee socks with a long-sleeved turtle neck sweater. Instead of mask, she uses make-up in psychedelic designs.

Helping Youngsters Make Costumes Can Be Fun

(Continued from Page 4)

Pepper also deepened the slit at the neck to give the costume a more modern look.

Using an assortment of felt-tipped marking pens, Susie began to paint in the psychedelic pattern. She used bright colors that were in keeping with the psychedelic theme and would make her costume easily visible to motorists on Halloween night.

On the back of her costume Susie wrote the Halloween message—trick or treat. And, at Pepper's suggestion, Susie decorated a pair of tennis shoes to match her "dress." Not only do the shoes match the costume, but they are safer for Susie to wear than a pair of her mother's high heels, which she might trip in when she walked.

With the costume completely colored, Susie was ready for the final step—trying on the costume. She put on white knee socks and a white, long-sleeved sweater and then slipped the psychedelic dress over her head. Susie tied a chain belt around the dress, an idea she thought of herself. The decorated shoes completed her costume.

For her trick-or-treat bag Susie used a white shopping bag, decorating it in the psychedelic design and trimming it with light-reflective tape so that it glowed in the dark.

Next Pepper designed a robin hood costume for her nephew, Walter. Walter cut out armholes and a hole for his head, following the general directions for pillowcase costumes. Then he and Pepper

died the pillowcase a bright green, being sure to use the flame-proofing solution as the last rinse water.

Walter cut a jagged edge around the armholes and along the bottom of the pillowcase. This completed the robin hood tunic, and Walter began the hat. Folding a piece of green felt, he cut out two identical pieces for his pointed hat.
