Garden Variance Passes Disputed

Building code problems arose at Monday's Commission meeting. An ordinance up for final passage was tabled due to questions about restrictions, but a variance was granted for a building permit for garden apartments after a lengthy harangue.

A 1923 ordinance, amended to regulate and limit the height and bulk of buildings hereafter erected in Belleville was tabled. It also regulates

and determines the area of yards, courts and other open spaces and restricts congestion and regulates the location of trades and industries and buildings designed for specified uses, while establishing the boundaries of zones for said purposes. Violations of its provisions are also itemized.

Samuel Marra, 72 Belmont Avenue, spoke to the board, stating that according to the ordinance, any permit for a

25 foot lot is denied. "I was negotiating to sell one without knowledge of the ordinance, now the buyer doesn't want to buy it until I get a permit. I had three 25 foot lots, so I made two 37½ foot lots out of them, because the bank won't even look at an application on a 25 foot lot."

Marra also asked about his new land values, after revaluation. The mayor said: "we're trying to get regulations to eliminate the buildings put up on 25 foot lots that are a disgrace to the town. This may be tied up for a month. By the next meeting I can give you an answer. We should have formulated what we want to do then." The ordinance was then voted on and tabled.

Joseph Green, attorney and the owner's architect were present to discuss the granting of the permit for erection of a 40 family garden apartment building at 1-7 Rutgers Court. Previously, neighbors had questioned the type of retaining wall to be used.

Commissioner Mary Senatore asked if the citizens were satisfied with the retaining wall. A six foot fence will be erected above the wall throughout the premises, the height of the wall varying from six inches to seven feet high, the fence remaining the same height. The architect explained that the height of the wall is on the new property and that only the new tenants in the garden apartments will see the high walls, not current residents.

Commissioner Joseph McGreevy was dissatisfied with the walking distance required to dump garbage.

Commissioner Vincent Strumolo then attacked the ventilation and garbage disposal arrangement for health standards. He wanted to know the footage allowed for garbage space and how summer odors would be eliminated. The architect replied that under state and building code regulations, they must provide ventilation, but that he didn't think it was necessary to detail on a variance drawing.

The lawyer noted that there would be private scavenger service three or four times a week. "It should be every day," interjected Strumolo. "If it's your health requirement, we'll meet it," said Green.

Strumolo still felt it was a dangerous health situation and voted no on granting the variance. It passed four to one.

Town Ice Skating Rinks Floundering On Thin Ice

HOLIDAY PARTY — The annual Christmas party was given by the Joseph Biancardi Civic Association for orphans at the Fountain Sunday. Committee members for the affair included, (l to r): Joseph Iannuzzi, Cosmo Alagna, Nicholas Amato,

town attorney, Commissioner Vincent Strumolo, Anthony Parisi, Norman McCool, Sister Gabriel, St. John's Orphanage, Newark, Biancardi, Tom McCool at Santa, Chester Prosperity, and Irv Spencer. (For further coverage, See Page 20).

Winter Pressing Parking

Ice skating rinks at Planseon and Fairway playgrounds are definitely out for this year. Bids received at the last Commission meeting were rejected Monday night as excessive.

Though a resolution was passed Clerk Eugene Barnett to readvertise for proposals it is too close to winter to start construction. The asphalt plants are closing.

A reliable source at town hall predicted a better price part of next year.

Another matter that has winter breathing down its neck is alternate side of the street parking. Town officials are still discussing how the signs that have to be put up are going to be paid for. Mayor Ken Smith's traffic department is negotiating.

Town Engineer John Vreeland, and the public works, staff has sat down with the traffic department and worked out all routes for snow sweepers.

When the sign arrangement is completed, the town will be divided into four quarters and the new signs will be erected one quarter at a time. "We have quite a lot of signs to put up," said Vreeland.

Then, changes in cleaning schedules will start and be worked in gradually to accommodate the alternate parking, limited to one side of a street, one day a week.

In other business at Monday's meeting a communication was received from the Board of Education requesting a meeting with the Commissioners to discuss the proposed school budget prior to its tentative adoption.

The Commissioners gave permission to the Upper New Jersey National Multiple Sclerosis Society chapter to solicit funds from Mother's Day, May 11, 1969 to Father's Day, June 15.

The town was advised that it's share of the Second River Joint Meeting organization for 1969 is \$1,772.52. Commissioner Strumolo represents Belleville on the board.

Santa To Open Headquarters

Santa Claus will open his Headquarters in Belleville on Saturday December 14 at 10 a.m. The Headquarters at 160 Washington Avenue near Town Hall will offer children a chance to have their pictures taken with Santa in full color and there will be gifts for all.

On the opening day through December 24 the Headquarters will be open from 10 a.m. until 5 p.m. In addition to these hours it will be open evenings until 8 p.m. on December 18, 19, 20 and 23.

Santa's Headquarters was a Recreation Department innovation begun by

Commissioner Wm. H. Cullen last year. It is conducted jointly by the Recreation Department and The Woman's Club of Belleville. There is great community cooperation on the program with Kondreck Studios donating the camera and technical advice, the Belleville Camera Shop assisting in taking the pictures, Belleville merchants donating gifts, Willis McDonald decorating the Headquarters and the ladies of the Woman's Club staffing the operation.

Proceeds of the function all go into the Woman's Club charities and scholarships.

McMullen Appointed To Clara Maass Board

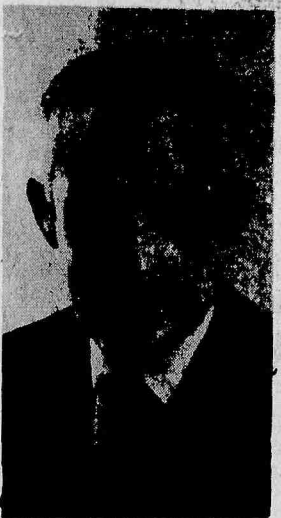

Archie C. Barbata, President of the Board of Trustees for Clara Maass Memorial Hospital, Belleville, announced today the appointment of Dr. John

Joseph McMullen as the newest member of the hospital's governing board.

Dr. McMullen, a graduate of the United States Naval Academy, earned his Master's degree at Massachusetts Institute of Technology and his doctorate at the Swiss Federal Institute of Technology. He served in the United States Navy holding all ranks from midshipman to Commander, receiving numerous awards presented for meritorious action in the line of duty.

Serving as President of the John J. McMullen Associates, Inc. (Naval Architects, Marine Engineers & Consultants), Dr. McMullen was appointed as Chairman of the Board, President and Chief Executive Officer of the United States Lines, Inc. in 1967.

Dr. McMullen, his wife, the former Jacqueline J. Everhart, and their two children reside in Montclair, New Jersey.

John McMullen

Annual Crippled Children Seals Drive Has Goal Of \$200,000

Belleville Exalted Ruler William Radziewicz of Elks Lodge No. 1123 today reported that contributions are coming in from all over the state for the annual Crippled Children's rehabilitation work, but that more is needed.

While early tabulations indicate that New Jersey citizens, including the Elks, are contributing earlier this year to the mass mail appeal, state Elks officials said that the higher goal this year will

require greater public participation.

Elks spent more than \$331,000 last year on all types of treatments, therapy, instruction, examinations and operations for crippled and handicapped children and the need continues to rise annually.

A goal of \$200,000 was set for this year in the drive which has seals picturing the Elks Poster Boy, David Ma-

zurowski of Jersey City, printed on them. They were mailed to more than 250,000 residents and firms in the state.

The youth, a cerebral palsy victim, has been aiding the drive by making visits to local Elks Lodges and public events all over the state. He started his tour by meeting Governor Richard J. Hughes when he issued a proclamation asking New Jersey residents

to respond to the 47th annual New Jersey Elks appeal.

Donations may be mailed to the N. J. Elks Crippled Children's Fund, 972 Broad Street, Newark. Donations from this area are returned to be spent in this area, it was pointed out.

The 1969 Elks Seal Fund Raising Campaign is conducted by the New Jersey State Elks' Crippled Children's Committee, a coordinating group for the 132 Elks lodges in the state.

The assistance includes: examinations, treatment, therapy, instruction, operations, braces, shoes, wheel chairs, crutches, artificial limbs, etc., in all types of institutions and clinics.

Over \$8 million has been spent by Elks of New Jersey on crippled, cerebral palsied and retarded children since the state-wide projects started in 1923. Full college scholarships are also accorded nine handicapped young men and women in the state annually.

(See Photos on Page 3)

Local Choral Group Sings Carols At Port Authority

A choral group from Belleville High School entertained harried New York commuters at the Port of Authority Bus Terminal on December 9.

The program was part of a traditional Christmas project sponsored by the Port of New York Authority for the enjoyment of commuters and

travelers at the bus terminal, Newark Airport, John F. Kennedy International Airport, and the Journal Square, Jersey City station of the PATH system. A total of 82 groups comprising over 3,900 singers and musicians will participate.

The programs were inaugurated at the Port

Authority Bus Terminal in midtown Manhattan on December 9, at 3 p.m. with a choral group of boys and girls from North Bergen High School, North Bergen, New Jersey, under the direction of Bernard Rightmyer. The music program at the Bus Terminal, presented for the thirteenth consecutive year, features 48 groups.

At Elks Auditorium

Boystown Party Is Sunday

TIS THE SEASON — Mayor Ken Smith, standard bearer of the Kenneth D. Smith Association, Commissioner Mary V. Senatore, honorary chairman and Frank Carragher, gen-

eral chairman, look over list of boys from Monsignor Egan's Boystown who will be guests of honor at the association's annual Christmas party for New Jersey Boystown.

Final plans have been completed for the annual Christmas party of the Kenneth D. Smith Association for Monsignor Robert Egan and his boys of New Jersey Boystown. The committee headed by Frank Carragher has worked hard to provide a most enjoyable afternoon for those attending.

A complete schedule of events is planned for the party which will begin at 4 p.m., Sunday at the Belleville Elks Auditorium.

The members of the Kenneth D. Smith Association are really celebrating the true meaning of the Christmas spirit, by using the party to share with the fine boys of New Jersey Boystown. Members and their friends bring gifts for the boys. To see the looks on the faces of the boys when they enter the hall and see the stage piled high with Christmas packages is enough reward for all the hard work that goes into making this Christmas party the huge success it is each year.

Mayor Ken Smith, The Association's standard bearer is looking forward to December 15 to greet his friends and the boys of Boystown and share in the Christmas spirit with them for the afternoon.

GAY BLADES — Santa Claus gets a helping from Roy Daling 9, from Belleville at Branch Brook Park skating rink in Newark. Santa will be on hand to skate with the kiddies this weekend and next weekend.

Washington's Tired Army Retreated Through Belleville

By Allan Crisp
Town Historian

November 22 marked the 192nd anniversary of General Washington's retreat through Belleville during the darkest days of the Revolution.

In taking Forts Washington and Mifflin, the British captured 26,077 men, and 230 officers, 146 guns (up to 32 pounders) 12,000 shot and shell, 2,800 muskets and 400,000 musket cartridges, besides tents, entrenching tools and equipment in one of the greatest disasters of the war for the Americans.

Bicycle Auction Prepared

The Town of Belleville will sponsor a bicycle auction on December 18 at 3:30 p.m. behind the town hall.

The purpose of the auction is to sell all the abandoned bicycles which have been picked up by the police and haven't been claimed by their owners.

Ryan Retires From Prudential

Herbert V. Ryan, 30 Van Rye Pl., Belleville, retired from the Prudential Insurance Co. Dec. 6, after more than 46 years of service.

He joined the company as a clerk in 1922, after his graduation from Central High

Library Plans Movie Hour

In keeping with the spirit of Christmas, the Children's Department of the Belleville Public Library will present a Christmas Movie Hour on Saturday, from 10:30 to 11:30 A.M.

Highlighting the hour will be three sound filmstrips based on well known Christmas stories: "The Night Before Christmas", "A Christmas Carol" and "Twelve Days of Christmas", which invites the audience to sing along.

Included also on the agenda is a delightful filmstrip entitled "Why the Chimes Rang" which illustrates the true meaning of Christmas.

The program will conclude with the singing of traditional carols by the audience.

So come and help the library celebrate Christmas by attending the Christmas Movie Hour on Saturday, December 14 at 10:30 a.m. at the Main Library.

wrote home that "Many rebels killed were without shoes or stockings, some with only linen drawers and a hunting shirt--no waistcoat."

With the British in pursuit Washington and his weak, broken and dispirited force crossed the meadows from Hackensack without even a shovel with which to dig in, if necessary. They crossed the Passaic River at Passaic (then known as Acquackanonk) and destroyed the bridge behind them. Belleville, then known as Second River, embraced present Nutley to the north and the Woodside section of Newark as far as Mt. Pleasant Cemetery to the South. Coming down River Road (now Main Street), legend has it that Washington chatted with a colonial housewife when they stopped at her well for water. Another legend tells of him praying in our Reformed Church.

Hastening on to Newark, they encamped in a wooded area in the vicinity of present day Elwood and Summer Avenues. In Newark, he called on the Governor for militia reinforcements, but the Governor failed to respond to his call. His predicament was so grave that, in a seldom qu-

ted statement, he said, "My neck does not feel as though We must retire to Augusta County in Virginia....we must carry on a predatory war and if overpowered, we must cross the Allegheny Mountains."

It was this phase of the war which prompted Thomas Paine, patriot pamphleteer, to write that December, in "The Crisis", "These are the times that try men's souls. The summer soldier and the sunshine patriot will in this crisis shrink from the service of his country; but he that stands it now deserves the love and thanks of man and woman. Tyranny, like Hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph."

On November 28, 1776, the vanguard of General Cornwallis' troops marched into Newark as Washington's rearguard was marching out to join General Stirling at New Brunswick.

Post 105 Hosts Vets, Plans Party

A group of legionaires headed by Commander Patrick Wynn and Re-habilitation Chairman Jim LaMotta entertained patients at Ward 8b, at the East Orange Veterans Hospital.

All patients received gifts for Christmas and refreshments were served. The patients were also entertained by the "Vespers" orchestra of Newark, featuring Margie a vocalist.

The manger of the Vespers is Neil Palmieri and the patients enjoyed this added attraction. The members of Post No. 105 are grateful to the Vespers for their help in this vital program.

Other members who assisted in the party include, Walter Weiss, Bill McCoy, Ray Carnasciole, Peter Johnson, and Peter Christos.

On Sunday Dec. 15, Post No. 105 will hold its Annual Christmas Party for the children and grand-children of the post. Chairman George Simon has a full program of games and cartoon movies to please the youngsters. Santa Claus will present gifts to all the children present. There will also be plenty of cake and ice-cream for the children.

County Reform Republicans Attack School Appointments

"Essex County children shall suffer from this action," charged Reform Republican Vice Chairman, Mrs. Ruth Stevenson, Monday, in a statement attacking the "wasteful patronage personnel appointments to the Vocational School Board."

With over a half a year to go in the current school budget year, the Reform Republicans stated, "The Intelle-Yeomans organization supporters on the Vocational Education Board and the Board of Freeholders are hurting Essex County in three ways:

1. The organization's spending will cut quality education drastically.

2. The Regular Republican's extra manpower will financially deprive the schools of upkeep and maintenance in equipment and plant facilities. This will have a definite effect upon the safety and health of children.

3. These newly created, unnecessary, unexpected jobs will drain needed reserves of the school system."

The two Reform Republican leaders on the Board of Freeholders, Alan Augenblick and Vincent Corrado "have fought from the very beginning many weeks ago against these wasteful practices which were first ignored by the Regular Republicans, secondly brushed aside, and now half-heartedly deplored," the Reform Republicans stated.

The Essex County Reformers stated, "Hausmann, Blast and Kimmelman have been very weak and slow in acting on this Vocational

School Board matter and probably would drop it if they could." The Reform Republicans continued, "The absolute silence of Republican County Organization Chairman William F. Yeomans during this mess shows clearly to every voter in Essex County how Yeomans and his leaders, Intile, Palmeri, etc. feel no sense of indignation at the blatant waste of taxpayers' money."

On the other hand, the statement continued, the Reform Republican movement is committed to the people of Essex County and will continue as it has from the very beginning to oppose through Reform Freeholders Augenblick and Corrado such wasteful appointments and excesses to the taxpayers and will take all steps necessary to do this."

Pointing out that there are numerous autonomous agencies such as the Vocational Board which are subject to "packing by the Regular Republican organization, the Reformers stated, "The greatest amount of the taxpayers money in Essex County is spent by these agencies and we intend to seek to protect them and Regular Republican organization raids."

People must learn to get along with less than perfect persons.

POSTER BOY — David Mazurkowski of Jersey City is this year's Elks poster boy for the crippled children's seal drive. At Monday's Commission meeting, Vincent Strumolo introduced a resolution urging Belleville citizens to contribute to the drive. January has been set aside as Crippled Children's Seal Drive, month.

Essex GOP Urges Action

The repudiation of Joseph Intile and his political allies by Webster Todd, Republican State Chairman, was called for, Monday by Frederic Remington, Chairman of the Essex County Reform Republicans.

Remington said, "It is shocking to Essex County Republicans that Intile has been given the honor and responsibility of running a testimonial dinner for Mr. Todd." He continued, "Those familiar with Intile's past political and public — surely believe that a more qualified, less contro-

versial figure could be found." Remington concluded, "The two Reform Republican Freeholders, Alan Augenblick and Vincent Corrado, will continue to fight the wasteful appoint-

ments to the Vocational School Board and other excesses of the Regular Republican organization which adversely affect the taxpayers of Essex County.

BURSITIS IS A BURSA INFLAMMATION

A bursa is a small sac, filled with a slippery fluid. It is located between two body parts that move upon one another. They occur in several parts of the body and serve the same purpose as a bearing. The bursa near the ligaments of the shoulder joint is a frequent pain causer.

Rest and treatment are usually required to reduce the inflammation and enable the bursa to regain its slippery quality. You can save yourself a lot of future pain by visiting your Doctor.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

Intile Republicans

\$50,000 GOP Grab Bag

For two weeks now we have been reading and hearing about a \$50,000 job grab by the INTILE REPUBLICANS of Essex County, also known as the REGULAR ORGANIZATION REPUBLICANS.

The patronage plums involve the Essex County Vocational School System. There are some of us who have been around for quite a few years who thought we would never live to see the day when politicians would be so calloused and so disdainful of the public interest that they would brazenly corrupt an educational system in order to provide jobs for their hungry political hacks.

But the day did come—and it came a couple of weeks ago. Through a bi-partisan deal—and deal it was—the INTILE REPUBLICANS engineered the appointment of a few REGULAR ORGANIZATION REPUBLICANS political hacks to jobs paying as much as \$15,000 in exchange for a couple of crumbs tossed to cooperative Democrats involving jobs at \$3,000 and \$5,000 per year.

The voters should take notice of the fact that not a single partonage job involved in this barefaced attempt to take taxpayers' as suckers went to a REFORM REPUBLICAN.

REFORM REPUBLICANS came into being a couple of years ago when some decent and respectable GOP voters decided the Republican leadership in the County had deteriorated to a point where it was difficult to remain a member of the Party and keep one's self-respect.

The REFORM REPUBLICAN leadership embodied every quality of citizen interest which made the Republican Clean Government movement of yesteryear a brand of politicians eagerly sought by over-burdened taxpayers and independent minded Republicans seeking integrity in government.

The Essex County Vocational School Board mess began with the appointment of Newark's Frank Marmo to the Board. As we get the story Frank Marmo's appointment was made by the legally empowered County official, Essex Supervisor Walter Blasi, who cleared it with his silent senior political partner, Joe Intile, president of J.I. Enterprises, Inc. and

the real power of the Essex County REGULAR REPUBLICAN ORGANIZATION.

When the news of Marmo's appointment trickled down to the various political sources, Newark's Mayor Hugh Addonizio talked with Intile's standin for the Essex County Republican Chairmanship, Newark's William F. Yeomans, and as a result of that conference Yeomans pleaded with Intile to induce Walter Blasi to withdraw Marmo's name.

Walter Blasi, an obedient and willing servant of Intile, did send Marmo a notice withdrawing the appointment. Marmo took the matter to court and the appointment was validated by court order.

The upshot of the court action resulted in an arrangement whereby Frank Marmo became chairman and subsequently he was obliged to go along with the INTILE REPUBLICANS to convert a school system into a haven for political parasites in order to take care of important political hacks of the REGULAR ORGANIZATION REPUBLICANS.

What surprises us is that the conspirators who arranged the \$50,000 political jack pot stopped at \$50,000. There are other political hacks around who are members of the INTILE REPUBLICAN ORGANIZATION who have been clamoring to get on a political payroll. They could have been easily taken care of by the INTILE REPUBLICANS simply by increasing the \$50,000 grab bag to \$100,000.

At this hour REFORM REPUBLICANS—clear of any involvement in this wheeling and dealing—(an act which even would be below the dignity of a Dennis Carey or a Frank Hague), are indignantly angry and are pursuing every legal possibility to prevent the execution of this sordid political scheme.

We are confident the REFORM REPUBLICANS will be successful in stopping this Mini-Teapot Dome scandal which has shattered public confidence in the Essex County Republican Party.

Frank A. Orechio

Nixon Electors

As we have pointed out in this space on more than one occasion New Jersey members of the Electoral College will meet December 16 to cast their ballots for Richard M. Nixon to be the next President of the United States. The qualifications of a Presidential Elector from Essex County have been questioned in the public market.

Joe Intile, president of J.I. Enterprises, Inc. and the defacto head of Essex County's REGULAR ORGANIZATION REPUBLICANS is scheduled to attend the meeting of the Electoral College for the purpose of voting on the selection of a new President.

Mr. Intile reportedly was indicted and convicted of a federal offense. It is also alleged that Mr. Intile required a Presidential pardon to clear the reported record. Legal authorities have informed us that a Presidential pardon restores all rights to a citizen except the right to qualify as a member of the Presidential Electoral College.

In the absence of a denial we have called upon Mr. Intile to either disqualify himself as an Elector or as an alternative to submit satisfactory proof that he qualifies as an Elector even if the allegations concerning the federal violation are true.

Up to this writing Mr. Intile has chosen to remain silent. We believe Mr. Intile owes an obligation to those citizens who voted for Richard Nixon to clarify his status while there is still time.

Although the clock is ticking away the minutes and hours there remain four more days for Mr. Intile to tell the public the facts concerning his qualifications as a member of the Electoral College.

We hear too much of illegal, improper voting and unqualified voters to remain silent when so important a matter as the selection of a new President confronts members of the Presidential Electoral College.

Frank A. Orechio

The Month Of December

The 11th is Indiana Day, commemorating the day in 1816 when the state was admitted to the Union. Washington died December 14th, 1799 (having been bled by his doctors). The Boston Tea Party took place December 16th, 1773. December 17th is remembered for the first airplane flight of the Wright brothers in 1903 at Kitty Hawk, N.C.

On the 19th, in 1777, Washington encamped at Valley Forge, to spend that memorable and dramatic winter training his army, now preserved by a lovely park. New England groups observe December 22nd as the anniversary of landing of the Pilgrims at Plymouth Rock, Massachusetts, in 1620 (though the actual landing took place January 4th, 1621). The decisive Battle of Trenton was fought December 26th, 1776. Woodrow Wilson, 28th President, was born at Staunton, Virginia, December 28th, 1856. And Andrew Johnson, 17th President, was born in Raleigh, N.C., on the 29th in 1808.

Each December we realize the years are passing faster; the year's end and the magic of Christmas thus make December the most nostalgic month of the year.

This year the season of advent begins on Sunday, the 1st. The Monroe Doctrine dates from President Monroe's declaration of the 2nd, in 1823. It probably saved the independence of several South American countries which had successfully rebelled against Spain because Spain was at the time seeking the help of the so-called Holy Alliance to reimpose Spanish rule.

The eighth U.S. President, Martin Van Buren, was born at Kinderhook, New York, on the 5th in 1782. Pearl Harbor stunned the nation December 7th, 1941. The seventh is also Delaware Day, memorializing the adoption of the U.S. Constitution. December 10th is Wyoming Day—marking the first law giving the right of suffrage to women.

American Advertising

One field in which there is ample room for improvement in the American free enterprise system is in the field of promotional advertising. There are at present only limited safeguards to protect the consumer, the ordinary citizen, from frauds and outright lies.

The Federal Trade Commission is supposedly something of a regulatory agency, as are other federal and state agencies. But in truth the thousands of products being constantly advertised, with variations in every section of the country, create an enormous problem.

Most newspapers have long followed certain standards and outright untruths, or phony claims or organizations, are rebuffed. Radio and television stations have a similar code. But in spite of all newspapers, magazines and stations do much distortion of the truth, some of it

serious enough to affect health and a proper diet, is passed off on the public.

Grandiose claims are apparently endless and range from boasts that one gasoline gives better mileage, another starts cars faster, etc., to such contentions as a certain cigarette improves the taste, or a certain tire will double your tire mileage. In foods, manufacturers claim all kinds of nutritional value for their chemical additives and artificial ingredients, sometimes accurately and sometimes falsely.

No one would wish to restrict the freedom of private companies but, in the interest of the consumer, who can't possibly test and prove or disprove the various claims, a more effective system of requiring the truth in promotional advertising must be found.

10 Little Indians?

Seems Only Yesterday

1 YEAR AGO

A Belleville woman was fined twenty dollars and five dollars court cost on a charge of failing to pay a 25-cent toll in an automatic collection lane on the Garden State Parkway.

Four thousand pounds of gold, the value of which was unknown at the time, was stolen from Sei-Rex Corporation, 75 River Road, Nutley. The break into the plant was reported by A. E. Hartmann and R. Reilly, supervisors of the precious metals department.

5 YEARS AGO

The Belleville Recreation Department once again conducted its annual home Christmas display contest. This event was designed to encourage the decoration of homes by Belleville's residents. Five handsome presents were awarded to the residents whose homes were chosen as winners. Judging of the contest was held in two parts—preliminary and final.

An advertisement appearing in the Belleville Times: Unless steps are taken to slow things down, a half-million Americans will go to their deaths on our highways during the next ten years. In fact, the Bureau of Public Roads estimates that by 1975, the automotive death toll will have reached the shocking figure of 51,000 per year. The establishment of the Belleville Times News John F. Kennedy Memorial Scholarship was announced by Frank A. Orechio, publisher of the Times-News. The honor award, in the amount of \$100 was to be presented annually to the Belleville High School senior having the highest cumulative grade average in History, English, and foreign languages.

10 YEARS AGO

The Belleville Police and Fireman Benevolent Association held its annual Kiddie Christmas Party December 20 at the Belleville High School auditorium. Entrance to the party was free and there were movies, candy and of course—Santa.

The Route 21 Freeway span in Belleville was opened today according to the State Highway Commission. The painting of the white lines was one of the problems hampering an earlier opening of the span, since the snow made the job much more difficult. The section began just short of William Street and continued to the north of Roosevelt Avenue.

The P.T.A. of Montgomery School Two presented "Fun night" in the school auditorium. The program was produced and acted by the parents who contributed talents by participating in various amusing skits, dances, and singing, planned for the evening entertainment.

15 YEARS AGO

Barber Shop Quartet singing which was a regular activity at the Recreation House was moving along well under the leadership of Kurt Greulich, who was a professional musician and whose orchestra had been heard at many local functions, devoted much time and effort to teaching the intricacies of close harmony.

Thomas Patterson, scoutmaster of Troop 305, Greylock School, announced the attainment of the rank of Eagle Scout by Robert Metcalfe, son of Mr. and Mrs. Robert W. Metcalfe of 186 Overlook Avenue. The badge was presented at the annual meeting and fellowship at For-Hills.

20 YEARS AGO

At its monthly Communion breakfast and meeting, the Holy Name Society of St. Peter's Parish presented to Monsignor a set of resolutions congratulating him on his elevation to the office of Domestic Prelate. The hand-lettered document was enclosed in an attractive frame and bore the signatures of the officers, the members of the committee and of Father Wightman, spiritual director.

The first step in the New Jersey Bell Telephone Company's program to bring dial service to Belleville was taken last week when the company purchased the property at the southeast corner of Washington Avenue and Holmes Street as a site for the dial exchange building. The Belleville dial project represented a major step in the company's \$3,000,000 expansion and service improvement program, which included extensive dial conversation operations.

35 YEARS AGO

Lawrence E. Keenan was reappointed town attorney for a term of one year at the Tuesday night meeting of the town board. Mayor Kenworthy introduced the resolution naming Keenan unanimously. The Mayor also introduced resolutions appointing Hayley F. Hickok as a member of the sinking fund foundation and reappointed C. Milton Donnelly to the town shade tree commission.

Commissioner Patrick A. Waters announced that he and Commissioner Williams were successful in selling a three year bond issue of \$10,000 to the People's National Bank and Trust Co. and thereby secured the amount needed by the town to build a much needed storm sewer which will cost approximately \$120,000.

The Belleville Elks saw to it that needy families would not be without a real Christmas dinner. Each year the lodge distributed between 200 and 300 Christmas baskets and the committee in charge of this work expected to distribute more than they had ever had.

Speak Up

Auxiliary Police In Fund Search

To the Times:
The enclosed letter was sent to the merchants and industries of Belleville. The response has been gratifying and it is heartening to know that the efforts of the Auxiliary Police are appreciated. Winter uniforms are being provided for the men, as soon as the funds are available. Any citizen wishing to contribute toward the purchase of uniforms may send their check to Deputy Chief Ed. Littig, 58 Schuyler Street, Belleville, N.J.

The past month, the Auxiliary Police have given over 400 man hours to help the regular police protect you. Twenty-five men have enrolled at the Essex County Auxiliary Police Training School in Livingston and after 16 weeks will be graduated. They are trained in the same phases of work as regular police officers.

They also perform duties such as: traffic duty, patrol our schools, car patrol duty with the regular police, maintain order at football games, Graduation, Fourth of July festivities, parades and will be out in force for Mischief night, Halloween, and during the evening shopping hours at Christmas time.

We wish to thank everyone for their contributions and with your growing support will

be better able to serve Our Town, Belleville!

Very Truly yours,
Edward J. Littig,
Deputy Chief, B.A.P.D.

Gentlemen:

For twenty-seven years Belleville has been fortunate to have an Auxiliary Police Division to back-up our Regular Police Department.

Our only means of support has been through contributions card parties and a token allowance from the Civilian Defense funds. Due to present trends the department has increased from twenty-one to sixty men and officers. This means additional uniforms, badges and equipment to maintain and keep this organization operating efficiently for the benefit of the community of Belleville.

Therefore, we appeal to you for financial support which would be greatly appreciated.

Kindly make checks payable to B.A.P.D. (Belleville Auxiliary Police Department) and send to Deputy Chief Edward J. Littig, 58 Schuyler Street, Belleville, New Jersey.

Thank you for your kind cooperation.

Very truly yours,
Edward J. Littig,
Deputy Chief,
B.A.P.D.

Councilman Salutes Waters

To The Times:

As it must to all men, death came last Thursday to one of Belleville's most venerated and beloved citizens when the Grim Reaper snuffed out the life of Patrick A. Waters aged 93, at his summer home at Beechwood, N. J.

"Pat" as he had affectionately been known was a true spun story of a home town boy who had made good. His brother John before him was Belleville's Mayor for years and following in his footsteps "Pat" picked up the cudgels of Belleville's politics and carried the Waters name proudly as a town Commissioner for many years.

As plant superintendent at Eastwood-Nealy, the wire-weaving factory on Joralemon St. in town, Pat put many a Belleville man to work in the then thriving wire weaving industry. His friends were legion and his charities were recognized and appreciated by many of our townfolk.

As much as we lament the loss of such a fine man who had made so many contributions to Belleville's

growth and development, we much more deplore the small group of mourners who attended his funeral Mass.

"Surely, such a great man deserved more fitting and appropriate attendance of sorrowful mourners at his requiem than the handful who attended.

True, when one becomes a nonagenarian few old friends are yet about to pay their respects. Although the fine deeds and memories of Patrick A. Waters should have been indelibly implanted in the minds of many of our contemporaries to such an extent to have galvanized them to pay their final respect to this fine old gentleman. Indeed, it would have been more fitting had, at least, one member of our Town Governing body, on which Pat had served so long, been in attendance.

May the many fine tributes of "Pat" Waters long linger in our memories and may his soul rest in peace.

Respectfully submitted,
James R. Golden

Christmas Loans at B have a Santa clause.

They can solve all your present problems.

What good is a loan that solves your present problems but creates new ones for you a little later? That's why our loans have a Santa clause: borrow now for your Christmas needs, and you set the date for the first payment, to fit in with your needs and convenience, not ours. We do all this with a smile, too. During "People's Hours" not Bankers' hours. That's what we call treating you like a neighbor, not a number. Which just fits the Season, right?

HOLD THAT TIGER — Miss Simone Campbell (right) takes a minute to smile at the toy tiger she's holding, while Miss Carolyn Buckland adjusts the handle bars of a tricycle. The two telephone girls helped set up some 1,500 toys, dolls and games collected by New Jersey Bell's employees activities club for distribution to underprivileged children in the Newark area. Both are service representatives for the company in Newark. Miss Buckland is from Belleville and Miss Campbell lives in East Orange.

C. Morgan; Bartender

Charles Harry Morgan of 188 Mill Street, Belleville, died on November 25 in Clara Maass Memorial Hospital. He was 65.

Born in Newark, Morgan lived there until moving to Belleville seven months ago. Until January, he was employed as a bartender at the 841 Club, 841 Broadway, Newark. He worked there for 23 years and was a member of the Hotel and Restaurant Employees Union, Local 131, Newark.

He is survived by his wife, Mrs. Julia Meisterich Morgan; a daughter, Miss Denise Morgan at home; a brother, William of Bloomfield; and a sister, Mrs. Marion McCoy of Newark.

The funeral was from the Spatola Funeral Home, 241 Mt. Prospect Avenue, Newark, with a Mass in St. Peter's Church, Belleville, on November 27.

SHERIFF'S SALE
SUPERIOR COURT OF NEW JERSEY, CHANCERY DIVISION, ESSEX COUNTY, DOCKET NO. F-1108-67. EDMUND F. REIMBUCH and JOHN J. REIMBUCH, Plaintiffs, vs. MARTON DEVELOPMENT COMPANY, INC., a corporation of New Jersey, et al., Defendants. EXECUTION. For Sale of Mortgaged Premises.

By virtue of the above stated writ of Execution, to me directed, I shall expose for sale by Public Vendue, in Room 226, at the COURT HOUSE, in Newark, on Tuesday, the 7th day of January next, at one-thirty P.M. (Prevailing Time), all the following tract or parcel of land and the premises hereinafter particularly described, situated, lying and being in the municipality of

Town of Belleville in the County of Essex and State of New Jersey: TRACT II. BEGINNING at the corner formed by the intersection of the northerly line of Belleville Avenue, formerly John Street, with the easterly line of Mt. Prospect Avenue, thence running (1) South 48 degrees 29 minutes 15 seconds East along said northerly line of Belleville Avenue 53.06 feet; thence (2) North 21 degrees 58 minutes 40 seconds East 120.14 feet; thence (3) North 68 degrees 1 minute 20 seconds West 50 feet to the easterly line of Mt. Prospect Avenue; thence (4) South 21 degrees 58 minutes 40 seconds West 102.40 feet to the point and place of BEGINNING. BEING known as lots 1, 2 and 5 on map entitled "Map of Mt. Prospect Park Property of Greater Newark Home Security" surveyed by Edmund R. Halsey, July 18, 1910.

BOTH TRACTS taken together are commonly known and designated as 238 Belleville Avenue, Belleville, N.J.

The approximate amount of the judgment to be satisfied by said sale is the sum of Sixty-Two Thousand Seven Hundred and Twenty-One Dollars and Fifty-One Cents (\$62,721.51), together with the costs of this sale.

Caldwell College Holds Annual Competition
Monday evening, December 16 marks the annual competition of four student written and directed plays at Caldwell College. Open to the public, the plays will begin at 7:30 p.m. in the College auditorium.

Mrs. A. Tirone; 50 Year Resident

Mrs. Virginia Orciolo Tirone of 349 Ralph Street, Belleville, died on December 3 in Clara Maass Memorial Hospital, Belleville. She was 77.

Born in Italy, she came to Belleville 50 years ago from New York.

She is survived by her husband, Angelo Tirone; her daughters, Mrs. Madeline Rosa, Mrs. Mildred DeJessa, and Mrs. Mary DeJessa, all of Belleville; his sons, Alexander

of Nutley, Edward of Belleville, and Carmine of Belleville; her brothers, Sebastian Orciolo, Carmine Orciolo, and Samuel Orciolo, all of New York; and 25 grandchildren and 25 great-grandchildren.

The funeral was from the David Fulcoli Funeral Home, Nutley, on December 7 with a High Requiem Mass in Holy Family Church. Interment followed in the St. Joseph Cemetery.

YOU'LL BE GLAD You switched to Electric Glassheat BECAUSE ...

(Letters from Glassheat users
TELL YOU WHY!)

"IT'S COMFORTABLE HEAT—
just like sunshine in spring", says one Glassheat owner. "You don't feel hot or cold; you are never aware of the temperature. You are just continuously comfortable, and there are no cold spots."

This is true because Glassheat is the only heating system that warms with Radiant Electric rays exactly like the Sun's own rays. A room heated by Glassheat feels like the sunny side of a barn in the spring sunshine. No wonder people enjoy it, and say so:

"JUST THE TEMPERATURE WE WANT IN EACH ROOM; that's one thing I like," says another owner.

True, because money saving thermostats throughout the house permit you to regulate the temperature in each room; 65° in one, 75° in another and 50° in a room not in use. The temperature is uniform from floor to ceiling, causing a user to write, "Years of living with your Glassheat makes me a firm believer in this type of heat."

YOU'LL SAVE MONEY ON HEAT. A fact that surprises many Glassheat owners. One writes "We were expecting that Glassheat would be somewhat more economical to operate but we were not prepared for our low annual heating bills. Of course we are also pleased with the savings on our regular current. We take advantage of the special low heating rate."

Another user says, "Though we added two additional rooms, my heating bill amounts to only \$175—and we have never been so comfortable. Of course there are no maintenance or service charges. Another saving."

With Radiant Electric Glassheat so inexpensive to install and operate, why pay more for less than the best?

IT IS CLEAN—As one user writes, "Probably the most unique feature of Glassheat is its cleanliness. In 16 years with Glassheat the only room we have had to do over is the kitchen. No need to repaint the other rooms or even wash down the walls."

Says another customer, "No soot, no smoke, no grime. Have never seen anything so clean. And we are saving 30% on the cost of fuel compared to the old system."

IT IS SAFE! No flame, no fumes, no vapor and Glassheat can't overheat. Even accidental contact can't cause blistering. Since there is no flame it is fire-safe. Further it can't burn up the oxygen in the air or reduce the humidity. In fact it maintains a desirable humidity, so there are fewer colds in the Glassheat home and other bothersome ills are aided. No moving parts, so Glassheat is as silent as sunshine. Sound luxurious? It is—in every respect but price and the cost of operation.

How much would this ideal trouble-free heat cost? Send the coupon or call us in person and find out. No obligation.

B introduces Christmas Club-Plus.

Everything any other Christmas Club has.
• PLUS interest on the money you save.
• PLUS a gift of free Christmas Wrap.

Christmas, we couldn't improve on—but Christmas Clubs, yes. We found two PLUSES to put a new glow into them for you. First, just for enrolling you get the handsome Christmas wrap. WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Miss Deborah Mustacchio Married To John Marone

Mrs. John Marone - nee Deborah Mustacchio

Miss Deborah Christine Mustacchio, daughter of Mr. and Mrs. Joseph Mustacchio of 190 Heckel Street and John Marone, son of Mr. and Mrs. Joseph Marone Sr. of 10 Federal Street, were married November 23 in Holy Family Church, Nutley.

The Rev. Paul Viale performed the ceremony. A reception was held at Biase's. Escorted by her father, the bride wore a gown of lace over taffeta. Her elbowlength veil was held by a headpiece of lace petals.

Mrs. Gay Gengrasso of North Arlington was matron of honor. Bridesmaids included the bride's cousins, the Misses Valerie, Karen and Joan Candella of Glen Ridge, her sister, Miss Suzanne Mustacchio of Belleville and Miss Lorraine Corsi of Belleville. Toni Angela Mustacchio, another sister, was flower girl.

The attendants wore blue gowns with short veiled headpieces.

Best man was Joseph Marone Jr., brother of the groom. Ushers were the groom's cousins, Tommy LaScala of Kearny and Dennis LaScala of Newark. Vinnie Genegrosso of Lyndhurst, his nephew, John Candella of Glen Ridge and the bride's brother, Joey Mustacchio of Belleville, Ringbearer was Joseph Candella of Glen Ridge.

The couple are alumni of Belleville High School. Mr. Marone is a truck driver with Essex County Highway and Bridge Dept.

After a short wedding trip, the couple made their home in Belleville.

Pamela Joan Stinson Bride Of William R. VanHolland

Wedding vows were exchanged November 30 in Montgomery Presbyterian Church, Belleville, by Miss Pamela Joan Stinson, daughter of Mr. and Mrs. Archie Stinson of 149 Crestwood Avenue, Nutley, formerly of Belleville and William Robert VanHolland, son of Mr. and Mrs. Theodore VanHolland of North Arlington.

The Rev. Howard Day performed the morning ceremony. A reception was held at The Galaxy, Belleville.

Given in marriage by her father, the bride wore a gown of peau satin with lace bodice and long sleeves. A train attached at the waist was appliqued with Alencon lace.

Petals of lace, crystal and seed pearls held her triple tier elbow length veil and she carried white roses and ivy.

Mrs. Arlene Gawthorne of San Diego, California, was her sister's honor attendant. Bridesmaids were Mrs. Linda Todd and the groom's cousin, Miss Edna Nixon, both of Belleville. The bride's niece, Diana Clawthorne, was flower girl.

They were attired in strawberry nylon and acetate gowns fashioned with long sleeves, high neckline and full panel back trimmed with matching lace. Headpieces were matching lace bows. Each carried a single white long stemmed rose with fern

Mrs. William VanHolland - nee Pamela Stinson

and streamers while the flower girl had a basket of white and pink rose buds.

Harry VanHolland, of Newark, brother of the groom, was best man. Ushers included another brother, Edward VanHolland of Canton, New York and the bride's brother, Edward Stinson of West Orange.

Mrs. Stinson chose a gold crepe dress with gold sequin trim on the bodice and matching accessories. The groom's mother was in a gray, gold and silver striped sheath with matching accessories.

Corsages were white roses.

Mrs. VanHolland, a graduate of Nutley High School, is with Jamesway Corporation, New York.

Mr. VanHolland, an alumnus of North Arlington High School, is with Standard Tool and Manufacturing Company, Lyndhurst. He is a member of the Air National Guard.

The couple have made their home in Belleville following a honeymoon in the Pocono Mountains.

tarpaper and roofing cement. Paint metal gutters with metal primer, a zinc oxide or aluminum, and then with exterior decorative paint.

Clean the downspouts with a plumber tape or long wire. Take elbows apart and clean them if necessary. The small wire baskets intended to prevent leaves and dirt from getting into the downspouts also need cleaning regularly.

flowing down the side of a house, blistered paint, damp basement, eroded soil and even washed-out shrubbery and soil around the foundation.

Mr. Kupcho suggests tightening brackets holding the gutter to correct the pitch. Also, inspect gutters for rust and patch any spots on the bottom of the gutter with canvas or asphalt

Mr. and Mrs. Muller Jr. Honeymooned in the Poconos

Mrs. Joseph Muller Jr. - nee Mary Ann Longo

Miss Mary Ann Longo, daughter of Mr. and Mrs. John Longo of 26 Hilton Street, Belleville, became the bride November 17 of Joseph B. Muller Jr., son of Mr. and Mrs. Muller Sr. of 210 Prospect Street, Nutley.

The Rev. Paul Viale performed the ceremony in Holy Family Church, Nutley. A reception followed at Friar Tuck Inn, Cedar Grove.

Escorted by her father, the bride wore a slightly bell shaped faille satin gown accented on the bodice, sleeves and hemline with point de Venise lace and fashioned with a detachable train.

A Camelot headpiece of lace and crystal drops held her four tier veil and she carried a prayerbook and rosary adorned with phalaenopsis orchids and stephanotis.

Mrs. John Guarino of Belleville was her sister's matron of honor. Bridesmaids included another sister, Miss Judi Longo of Belleville, her cousin, Mrs. William Hammond Jr. of Nutley, Mrs. Lawrence Schwartz of Belleville and Miss Veronica Rempusheshi of Los Angeles, California, formerly of Belleville. Junior bridesmaid was the bride's niece Miss Debra Guarino of Belleville.

They were attired in emerald green satin gowns with a ruffle outlining the neckline and continuing down one side. Green bow headpieces and cascades of green fujimums completed their ensembles.

Louis Muller of Nutley served his brother as best man. Ushers included the bride's cousin, Sal Longo of Belleville, Louis Gelomini and Michael Graziano of Nutley and Mr. Guarino. John Guarino, the bride's nephew, was junior usher.

Mrs. Longo chose a cocktail dress of silver blue satin beaded at the necklines and on the sleeves with silver and blue crystal beads. Her corsage was of cymbidium orchids sprayed blue. The groom's mother was in a cocktail dress of seafoam green satin with a scoop neckline outlined in gold, silver and green beads. Her corsage was of green cymbidium orchids.

Mrs. Muller, a graduate of Belleville High School and Newark Beth Israel Hospital School of Nursing, is a staff nurse at Clara Maass Memorial Hospital, Belleville.

Mr. Muller, an alumnus of Nutley High School, served in the Navy and is a floor coverer with Carpenters Resilience Brotherhood.

Following a honeymoon in the Poconos, the couple have made their home in Belleville.

Debra A. Fontana

A second child, a daughter, Debra Ann was born to Mr. and Mrs. Frank Fontana of 34 Sanford Avenue November 3 at Clara Maass Memorial Hospital. Birth weight was 7 pounds, 13 ounces. She joins Frank, 3.

Mrs. Fontana is the former Roseann Raimo, daughter of Mrs. Victoria Raimo of 64 Union Avenue.

Ann Morrison Plans Wedding To Pharmacist

SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

Belleville Brownie Troop Invests 17 New Members

Brownie Troop 971 held their investiture service on October 21. Seventeen new girls received their Brownie pins and were welcomed into the troop. The following girls were invested: Antonia Benecchi, Doreen Duffy, Anita Fagnoli, Claire Marie Gerne, Kim Haas, Jill Ann Jacquin, Susan Kosturko, Kathleen Krisocki, Susan Maska, Eileen Morrison, Tracy Morrison, Camille Muroglia, Karen Place, Debbie Rolth, Robin Romano, Valerie Sliger and Mary Alice Waincho.

The new girls also received their World Association pin, worn by Brownies all over the world to show that they are

friends. The second year Brownies, Linda Fabian, Candace Hollander, Janine Hill, Sandra Angeline, Sandra Botta, Brenda Daniels and Lauren Pisaurio, presented a play, "How the Brownies Got Their Name."

On October 28 the troop had a Halloween party. The troop had a grand march, and costumes were judged in three categories, the prettiest, the ugliest and the most original. Brownies bobbed for apples, played games and, most of all, enjoyed ice cream, cake and soda.

At the November 4 meeting, Mrs. Charles Hill, leader of Girl Scout Troop 961, brought some of her Girl Scouts for a visit with the

Brownie troop. The Scouts taught the troop some new action songs.

The Brownies recently participated in the recent cancer drive by collecting some white cloth. They enjoy helping others.

Also this month Girl Scout calendars were sold. The calendars this year are especially attractive. The motto featured is "Girl Scout U.S.A."

A very special day for all Brownies and Girl Scouts in Belleville is the annual town-wide "roller skating day" on November 22. This year the troop traveled by bus to the newly built roller skating rink at Livingston.

Mr. and Mrs. George E. Mawhir

Twenty Tri-Towners Attend Board Meeting

Tri-Town Business and Professional Women's Club was represented by twenty members at the State Board Meeting of the New Jersey Federation of Business and Professional Women's Clubs held at the Governor Morris Hotel, Morristown, November 16, with a total of over 400 members of the Federation in attendance.

Two new clubs were presented to the members, Middlebrook Club of Bound Brook, with 31 members, and Somerset Hills Club of Warren, with 38 members. Both Clubs were sponsored by Berkeley Heights Club.

In accordance with a resolution passed at a previous meeting pins were made available to members of clubs commemorating the 50th anniversary of the New Jersey Federation. They are large gold colored pins with Golden Jubilee, May 1969 printed in the center and around the edge New Jersey Federation of Business and Professional Women's Clubs, Inc.

A report was presented regarding the First Congress of New Jersey Career Women held at Cherry Hill Inn, Cherry Hill, on October 26. The Fed-

eration unanimously voted to present the balance on hand of \$200 from this luncheon and meeting to the Business and Professional Women's Foundation as a living memorial in honor of Mrs. Mildred McLean, president of the New Jersey Federation, whose efforts made the Congress possible.

The State Board Meeting ended with a program which consisted of Detective Arthur Magnusson of the Essex County Sheriff's Office who showed a film and presented "Attack" and Mr. C. J. O'Neill, Jr., Manager of Community Relations, New Jersey Bell Telephone Co., who spoke about "Annoyance Phone Calls."

Members of Tri-Town who attended were Miss Helen Hunt of Glen Ridge, Mrs. John Kellerman of Verona, Mrs. Marie Corley, Mrs. Mary Ellis, Mrs. Charles Boughton, Miss Gwen Struble, Miss Mildred Spatz, Mrs. Frances Lawson, Mrs. Hazel White, all of Bloomfield, Miss Helene Matt, Miss Ann Boehmer, Miss Margaret Mostica, Mrs. Abner Rutan, Mrs. Eleanor Biscoff, Miss Eleanor Storer, all of Nutley and Mrs. John Westcott, Mrs. Joseph Mulligan, Miss Frances Williamson.

Choosing Toys Enjoyable Task

Bright lights, decorations on doors and stores jammed with shoppers signal the beginning of the holiday season. The holidays always mean toys for children. Toys these days are so attractive it's hard to decide which ones to buy.

Adults sometimes wonder if children should be playing all the time. Can there be too many toys?

Toys are important because they are the materials with which children can play. Through play children learn, grow and develop.

You can almost equate the job an adult would hold with the play time of children.

The imaginative child can turn the most simple plaything into a useful toy. You may have noticed many children enjoying the box the toy came in more than the toy itself. To the child it is a cave, car, house or some other imaginative thing.

This holiday season look for imaginative, creative toys as gifts. For many children, the fun of the toy is figuring out how it works. Don't be so ready to help the child. An adult can limit the use of the toy by telling the child it's a car. Maybe the child sees it as a bus one time, a wagon the next.

Providing creative playthings is a year-round project. This is a good time to get started. To help you choose the right toys for the right age ranges, you may wish to order the bulletin Toys and Games for Children from our office. Please send your request to Mrs. Janet Spong, County Home Economist, 25 Thirteenth Avenue, Newark, N.J. 07103 or call 642-7800, extension 421.

Wyckoff Male Chorus Giving Paterson Concert

The Wyckoff Male Chorus will present a concert Saturday at 8:30 p.m. in Paterson State College's Marion E. Shea Center for Performing Arts, 300 Pompton Rd.

The 42-member group, under the direction of Earl Weidner, associate professor of music at PSC, will perform Christmas numbers, religious songs, spirituals and oratorios. Soprano Elizabeth Cole will be the soloist. Admission is \$2.00.

The Mawhirs Are Honored On Anniversary

Mr. and Mrs. George E. Mawhir of 548 Franklin Avenue, were honored November 28 at a dinner party to mark their 40th wedding anniversary.

The affair, hosted by the couple's children, was held at the Franklin Inn, Nutley.

Mr. Mawhir is with Public Service Coordinated Transport.

Christophers Celebrate 25th Anniversary

Mr. and Mrs. John A. Christopher of 33 DeVausney Place, Nutley, were guests of honor November 24 at a surprise 25th anniversary party given by their son and daughter-in-law, Mr. and Mrs. John R. Christopher of Belleville and their daughter and son-in-law, Mr. and Mrs. Ralph Monterosa Jr., also of Belleville.

The party was held at Crystal Lake Casino, West Orange and attending were 45 guests, all from Nutley and Belleville.

Mrs. Christopher is a registered nurse at Mountsinai Hospital and Mr. Christopher is a proprietor of Johnny's Service Station, Nutley.

Major Employer Coverage Change Effective January

The first major change in employer coverage under the New Jersey Unemployment Compensation Law since 1946 becomes effective January 1, 1969 when the final provision of Chapter 30, P.L. 1967 becomes law.

In making the announcement Edward J. Hall, director of the New Jersey Division of Employment Security, explained that the legislation provides that employing units having one or more individuals in covered employment and, which have paid remuneration in the amount of \$1,000.00 or more during any calendar year beginning January 1, 1969, shall be subject to the New Jersey Unemployment Compensation Law.

Parents Worry About Teens

For many parents there is the constant fear that their teenage daughter or son will get into trouble.

Some worry about involvement with the law. Others have fears a daughter will become pregnant.

Communication becomes limited to "Don't do this" or "Don't do that." The "don't" approach is not likely to succeed. All too often the "don't" approach leads to the unwanted situation.

Parents need to begin by listening. One girl often rode 30 minutes with her father. On an occasion she had a problem and wanted his help, but the news on the radio seemed more important.

The father should have put his daughter first. Whentens want to talk parents need to listen.

All too often parents listen and then begin their response by saying, "When I was young." There are times when those good old days make for interesting conversation, but not always.

Teenagers know all too well that we parents are human and that we did some of the same things they are doing. You don't have to admit any of your off-beat experiences to them. That really doesn't help a great deal.

Rather, stress human dignity, respect for oneself and others. It all begins by showing that dignity in family relationships, by respecting the teenager as a person -- a human being.

Morals do change. Values vary from generation to generation. The rigid pattern of adult living doesn't fit the flexible, freedom-loving pattern of youth.

So, the emphasis is positive. It is on rightness, and on being completely all that an individual is capable of being. Moral issues are not resolved by saying "don't."

It is generally true that the world's most honored individuals are those who do not lose the common touch, or appreciation of the simple pleasures of life.

Local Soprano To Be Soloist

Ann Meehan of Belleville, lyric coloratura soprano, will be soloist at the annual December concert of the Maplewood Glee Club, a 50-voice men's choir, at Columbia High School, December 14 at 8:30.

The club is composed of business and professional men from several communities in northern and central New Jersey who are drawn together by mutual enjoyment of good singing and fellowship.

Miss Meehan, a well trained

and experienced singer, is currently singing leading roles with the Amato Opera Theatre and the Ruffino Opera Association, both of New York and the Essex Opera Theatre of New Jersey.

A graduate of the Juilliard School of Music in New York City, she will sing selections including "I Could Have Danced All Night," "Mi Chiamano Mimi" from "La Boheme" and will join the glee club in the finale "O Holy Night."

Local College Students Take Part in Project

Three Belleville residents, students at Keuka College, Keuka Park, N.Y., are participating in work and study projects through December 20.

The three Belleville residents are Linda Lupo, daughter of Mr. and Mrs. James Lupo of 36 Meacham Street; Linda Miller, daughter of Mr. and Mrs. William J. Miller of 51 Campbell Avenue; and Morris Morrison of 64 Bremond Street.

Miss Lupo, a junior at the college, is working at the Prentice-Hall Publishing Company in Englewood Cliffs, Miss Miller, working with the American Red Cross in Belleville, is a freshman. Miss Morrison, also a freshman, is working at the Essex County Children's Emergency Shelter in Belleville.

An integral part of Keuka's liberal arts program, field period has three main objectives: to link education more closely with life situations by taking the student out of the classroom and placing her in the main currents of everyday living; provide a practical orientation to responsible citizenship by having the student work in an established community agency and study its organization, problems and function; give an opportunity for vocational experimentation as well as an introduction to responsibilities of employment and the problems of employee-employer relationships by giving students placement in work positions relating to their vocational interests.

The normal sequence of experiences for field period calls for freshmen to

undertake a work and study project in a community agency. Sophomores do a cultural study, and juniors and seniors engage in activity relating to their field of major study.

While most field period placements are in the United States, students may work and study in foreign countries through the Keuka College Exchange Service. Exchange projects, however, are made during summer months.

Keuka College is a 4-year liberal arts college for women located on the shore of Keuka Lake in the Finger Lakes Region of New York State.

Mrs. Butvidas Feted At Party

Mrs. Anna Butvidas of 11 Friedland Road, Nutley, was feted November 23 at a surprise 75th birthday party.

The affair at the home of her daughter, Mrs. William Navickas of 25 Friedland Road, was hosted by Mrs. Butvidas' four children and their spouses, Nellie and her husband of Nutley, Albert and his wife of Lakewood, Colorado, Pete and his wife of Indio, California and August and his wife of Belleville.

Thirty seven close friends and neighbors attended the party which was also given by her eight grandchildren and two great grandsons.

Mrs. Butvidas, a widow for 12 years, has lived in Nutley for 45 years.

Susan Downey, Patrick Noonan Are Engaged

Mr. and Mrs. John Downey of 20 Funston Place announce the engagement of their daughter, Susan to Patrick Noonan, son of Mrs. Raymond Noonan of Clifton and the late Mr. Noonan.

Miss Downey, a graduate of Nutley High School and Berkeley Secretarial School, is a secretary in Newark.

Mr. Noonan, an alumnus of Pope Pius High School, is with Public Service.

The human face has endured so many crises we are inclined to bet it will survive present world conditions.

Holiday Hazards Warning

'Tis the season to be (a)lolly (b)linded.

No one would wittingly make the second choice; yet the National Society for the Prevention of Blindness reports that potentially dangerous toys and Christmas tree hazards will cause hundreds of American children to suffer needless eye injuries during the coming holiday season. The Society urges parents to insure the right choice by "making their list and checking it twice" -- and three times if necessary, to make certain the toys they buy are not potential eye hazards.

John W. Ferree, M.D., executive director of the Society, warns parents that 17 percent of the more serious injuries to children's eyes are caused by missile-type toys such as pellet guns, dart guns, air guns, and bean shooters, and toys with rubber bands that release projectiles, such as sling shots. Chemistry sets with ingredients which may cause burns or explosions should be considered as toys only for those youngsters with the experience to use them knowledgeably and prudently.

Parents should also be alerted against buying seemingly harmless toys having protruding points, sharp edges, detachable parts or those made with flammable materials that shatter," says Dr. Ferree.

With reference to Christmas tree hazards, the Society recommends that:

*Christmas trees which should be kept in water to prevent drying and causing fire hazards.

*Christmas trees should be kept away from heated radiators and fireplaces.

*All electrical wiring, including that for tree lights, should be double-checked for shorts that can cause sparks and flames.

*All tree decorations should be unbreakable and nonflammable.

The National Society for the Prevention of Blindness, Inc., founded in 1908, is the oldest voluntary health agency nationally engaged in the prevention of blindness through a comprehensive program of community services, public and professional education and research.

Our own idea is that the world has too much printing and too little reading.

Shop Well For Credit-It Can Be Expensive

Whether or not to buy merchandise on credit is a quandary most people must face at one time or another. There are advantages as well as disadvantages to buying things on time. Some of them are listed below.

It is a great advantage to have use of an article at the same time you are paying for it. In an emergency credit may be your only means of getting money. A good credit rating is an asset even if you are a cash buyer most of the time. Your credit rating is developed by special bureaus that keep records on consumers who use credit.

The major disadvantage in using credit is that it costs more than if you bought the item for cash. The buyer may be tempted to buy more than he needs or can afford if he knows payments will be spread over several months or years. Many contracts are written in "legal language" and are difficult for the average consumer to understand.

There are times when it may be a very sound decision to use credit. Some examples of this might be for money to meet emergencies, for necessities and not luxuries, for durable goods and services that will provide benefits long after the loan is repaid.

The cost of credit differs among credit sources. A savings bank may charge 8 to

14% on a loan; whereas, a pawnbroker may charge 24% or more for interest charges.

It is comforting to know that pawnbrokers in New Jersey are licensed and regulated to protect the consumer.

There are several reasons for the differences in interest rates. The size of the loan and the resultant bookkeeping may affect it. A loan paid back in many small payments usually will cost more than the same loan repaid in fewer, larger amounts. Some companies will give lower interest rates for a loan for education or a major appliance rather than a luxury vacation.

Your personal credit rating affects interest rates. The poorer your rating, the higher interest rate you pay. You are a poor risk to the lender.

Before signing a sales contract be sure to read the entire contract including the fine print. Never sign a blank contract. Be sure the contract states all the rights and terms so that you understand them.

Know what the penalties will be if payment is not made. Know what your obligations will be if the seller repossesses the goods. Will you receive a refund in credit charges if you repay in less time than stated in the contract? Sometimes you will not be permitted to pay earlier than stated.

SPEAKING OUT — Mike Jaworek has his say on a topical issue during the speak out section of the Up With People program.

Indecent Exposure
Draws \$200 Fine

Although he pleaded innocent on a charge of indecent exposure, George Luzzo of 23 Emmet Street, Belleville, was found guilty at the December 5 meeting of the Belleville Municipal Court.

Judge Edward Abromson fined Luzzo \$200 and put him on probation for a year.

High School Open House
Closing At Union College

The final open house of 1968 for high school juniors and seniors and their parents will be held Saturday, December 14, from 10 a.m. to noon at Union College, it was reported today by Dr. Kenneth W. Iversen, acting president.

Dr. Iversen said the open houses are designed to provide an opportunity for high school juniors and seniors and their parents to tour Union College's extensive facilities, including the new science building and the William Miller Sperry Observatory, and to obtain information on educational programs.

ADVERTISEMENT
BECK'S COLUMN

By MAX BECK

The never ending quest for the "new" prompted the furniture industry to come up with a new style which they called "mediterranean." They really bit on something there, it went over with the proverbial "bang."

The long established classical styles French provincial with the curved legs and curlicues, the Italian Provincial with the fluted side columns and tapered legs, the maple Colonial or Early American, which for many years comprised the major portion of furniture selection, gave way first to Danish design.

The plain, simple lines of this style with emphasis on the wood itself in its unpolished beauty, made a refreshing change.

Now we have the sumptuous Greek influence with the black side columns and the Spanish design with the wrought iron imitation. The long established Italian Provincial holds its own among the new styles.

Another innovation is "fruitwood". This really is anything and nothing. Every manufacturer has his own idea about what fruitwood should be. You find different colors called fruitwood in the same store. If you want to match up a color TV or stereo with the color of your present furniture, it is best to bring a drawer or some other piece to the store. That is the only way. Just asking for "fruitwood" does not do much good.

We service what we sell. Beck's Radio TV HI FI, Xmas store hours: 9-9 daily - Sat. 9-6.

FINALE — of the performance is actively given, front stage center.

RON OWENS — director, is closing the show. A standing ovation followed

Howard
Dividend
Is Record

The 310th consecutive dividend paid by The Howard Savings Institution on December 1st totaled approximately \$9.3 million and set a new record as the largest quarterly dividend ever paid by the Bank, John W. Kress, president, announced yesterday.

The dividend was shared by the more than 212,000 Regular and Investment Savings Account depositors and 113,000 school savers. Almost \$600,000 more than that paid depositors for the same quarter a year ago, the December dividend will bring to more than \$357 million total dividends paid by The Howard since it was founded in 1857.

"The significant increase in the amount of each of our quarterly dividends," stated Kress, "is ample evidence that an ever-growing segment of the people are saving more at the Howard. The people that make up this large family of depositors reside in every state of the Nation. In addition to depositors in 32 foreign countries, many United States servicemen in remote corners of the world also save with us through our well-oriented, postage free banking-by-mail program.

"In recent years," continued Kress, "there has been a large migration of retired persons from New Jersey to the warmer southern and western sections of the country. Many are long-time Howard depositors, and to meet their financial needs, the Bank has geared its operations to promptly handle their banking requests by mail. It now required a staff of 13 people to process all incoming mail and the mailing of dividends to those depositors requesting them.

Prize Pianist Studying
At Princeton School

Richard Dowling has quite a musical history, and he's only 17. The North Newark resident, a freshman at Westminster Choir College in Princeton, appeared on the Sonny Fox television show as an eight year old accomplished pianist and flutist.

Since then, he's garnered awards and scholarships to further his musical career. Richard won first place in the New Jersey Musical Education Council young artists competition; the Garden State Arts Center award, outperforming all other classical

planists. His talent has earned him a state scholarship to the Westminster School and once there, he copped a Judson Award from New York.

In between concerts and campaigns (he played at a rally for Congressman Peter Rodino in Newark), Richard somehow finds time to study. He is the son of Mr. and Mrs. Richard Dowling, 166 Elwood Avenue, Newark.

Coach Amabile Looking To 1969 For Return Of Grid Powerhouse

The basketball team was practicing, but football coach John Amabile was already waxing optimistic about the 1969 Bellboys.

"We lose a lot of starters, nevertheless next year will be our year. We're in good shape. We have a good club coming back."

The two biggest losses, according to Amabile will be linemen Carl Corino (third team All-Essex) and Bob Bonfante. Other starters departing are Jim Wille, fullback; Joe Vitiello, quarterback; Bob Challella, guard and place-kicker; Walt Kaeli, end; Ron Brewhren, defensive guard; John Mozeika, fullback and defensive end; Bob Baumgartner, safety who led the team in interceptions; Bob Baker, linebacker, second in interceptions. Also Bill Cameron, center and Jim Cangelosi, guard.

That's ten starters. The reasons for optimism: "On offense coming back we have Jim Valvano, who if given recognition will be tops. He's our best returning lineman and will also play defense next year." Valvano will be a junior. Alan DeFeo, starting guard returns. "We have some promising sophs coming up from the undefeated freshmen team at guard." They are Rich DellaTerza and Tom Jones.

Bill Tlumacki returns at offensive tackle. Vince Costantino will be back at end. "If we can get a quarterback to throw Vinnie the ball, he should do something."

"Next year we should have a breakaway threat." Amabile refers to Rick Caruso, who will be a junior. "He'll be an exciting runner and we also still have Doug Brown and Steve Banda who are con-

sistent groundgainers."

"We have most of the defensive team back. Returnees include: Richard Corbo and Roy Newman in the interior rush line, Sal Bivona and Frank Fury, the two line-backers that finished up the season, defensive end stand-out Joe Ritacco and Doug Brown and Lonnie Bunche in the secondary. Jerry DePaula will man the other end spot if Ralph Salerno doesn't recover from surgery. Mike Albertine is labeled a good one.

"We know we'll be in every game next season. We'll lose a little, but it's got to be a

good year next year. If we come up with a quarterback we'll be in good shape, no question about it.

"We can't afford to be so one-sided offensively. It was good to be able to rely on one man, Jim Wille, but we completed less than 35% of our passes. We had good receivers though. We missed making the third down play a lot and it hurt. With any kind of passing attack we would have had a better record."

Amabile then divulged his thinking on for going for a first down against Orange late in the fourth quarter from

the Belleville 24. "The only reason I went for it was we had made it four other times during the game. I felt Wille would get it. I didn't want to give them the ball, they had momentum. (Orange had just driven to the Belleville 9, only to fumble).

"I honestly felt we should have been up 23-0 instead of 2-0 at the half. We just couldn't get the ball in. Now, I don't know if I'd go for it if given a second chance."

But this year is over. Amabile can look to next season. "It's taken three years, but I think we're ready to return."

Cagers Tip Off Friday

Garfield Is Opening*Foe

Coach Paul Szem starts his second year at the helm of Belleville's cagers tomorrow night at 8 when the Bellboys tip off against the Garfield Boilermakers at home.

Though things are indeed looking up, the squad still lacks overall height. Lew Burrell is 6'6" is the tallest player around, and he doesn't even start. Tom Polite 6'4" and Bob Baker 6'3" who led the club last year, are being counted on to provide board strength. But problems will arise against big clubs like Orange (undefeated in Big 10 play last season), East Orange and Montclair.

Last year, his first at Belleville, Szem, looking over his schedule, immediately noted, "we're in trouble." The Bellboys played 10 games facing centers between 6'7" and 6'10".

"Basically we're small, we don't have enough size for the league we're playing in," said Szem. "We'll try and fast break whenever it's possible...and emphasize the good shot."

Though many teams in the conference employ a 3-2 zone, Szem is going with a man to man defense.

Szem, who was born in Newark and graduated from Alexander Street School there and Saint Benedict's High School class of 1957, attended Seton Hall University for a year before entering the Army in January 1959. In the service he was a member of the Presidential Honor Guard.

In September of 1961, Szem entered Montclair State College which he attended for three years majoring in physical education. During his last two years he played varsity basketball making All-State three seasons and amassing a 1,213 point record.

In 1964, Szem taught physical education at Passaic

PROBABLE STARTERS — for the Bellboys against the Garfield Boilermakers tomorrow night at the Belleville gym will be (l. to r.): Rich Schulz, Tom Polite, Rich Caravetta, Vince Costantino and Tony Nocera. Bob Baker, not shown, might be a starter.

12	Ron Schulz	5'10"
14	Tom Polite	6'4"
20	Rich Hartunian	5'8"
22	Joe D'Alconzo	6'1"
24	John Pauciullo	6'1"
30	Al Casaletto	5'11"
32	Bob Baker	6'3"
34	Rich Schulz	6'1"
40	Bob Baumgartner	6'0"
42	Rich Motacki	6'1"
44	Anthony Nocera	6'2"
50	Vince Costantino	6'2"
52	Lew Burrell	6'6"
	Gary Trainor	5'6"

Valley and coached the frosh basketballers, who were 12 and 4.

For a year and a half, he worked with the Essex County Youth and Rehabilitation Commission doing poverty work. He was also a program director for the youth corps.

In 1965, Szem came to Belleville, teaching physical education and coaching track. But basketball is his first love and both he and the club are out to improve last year's 3 won 16 lost mark.

Basketball Schedule

Coach - Paul Szem

Leopards Count On Vreeland

Lafayette's indoor track team opened its 1968-69 schedule Saturday when it met Army and Colgate in a triangular meet at West Point, N.Y.

The Leopards are scheduled to participate in nine other meets during the season.

Coach Bill Donahue looks for "a more balanced team this season. We relied primarily on Jon Barnes and our mile relay team last year. We have more performers who could score for us this season."

To overcome the loss of Barnes, considered Lafayette's greatest middle distance runner and to rebuild the mile relay team, Donahue will depend on six returning lettermen plus a host of good sophomores.

The distance runners are headed by letterman Bob Doble of Scranton, Pa. and sophomores Dan Thomas of Allentown, Pa., Ralph Vreeland of Belleville, N.J. and Al Webb of Lebanon, N.J.

Donahue expects the quartet of Doble, Thomas, Vreeland and Webb along with Hal Ewald, a senior from Harrington Park, N.J. and Bill Hanzalek, a sophomore from Ramsey, N.J. Will make up a two-mile relay team for the Leopards.

Sports of The Times

By RICHARD DE SINA

Dateline Baltimore: Colts beat Packers, 16-3. The past three years games between these two teams usually decided the divisional title. There's been Paul Hornung, injured most of the year, scoring five touchdowns in the fog; Don Chandler kicking a disputed field goal that sent the contest into overtime where he kicked another one. As a result the 20 foot goal post evolved. Tom Matte quarterbacked for the Colts in that one. Bart Starr started for the Packers but was kayoned on the first series of downs trying to tackle Don Shinnick who had picked up Bill Anderson's fumble; there was Johnny Unitas, about the last time he was healthy, marching the Colts to the winning touchdown when Willie Davis jarred the ball loose after a scramble inside the Packer 15.

The Packer reign thus ends. Lombardi's coaching regime ended last year. He took a team that was 1-10-1 in 1958 and brought them to 7-5 in 1959. In 1960 they won the Western Division championship with an 8-4 mark. They lost to the Eagles in the NFL playoff 17-13, because Hornung missed a short field goal before the half and because Chuck Bednarik sat on Jimmy Taylor.

They were 11-3 and 13-1 in 1961 and 1962 and smashed the Giants 37-0 and 16-7 for the championship. Then followed two second place finishes, 11-2-1 (both losses to the Bears who were champs) and 8-5-1. Then 1965 brought the first of the unprecedented three straight NFL championships and victory in the first two Super Bowls. The Browns fell in 1965, 23-12 as Hornung and Taylor departed in style. Then came the unbelievable climatic contests with the Cowboys. The Chiefs and Raiders fell easily. Two sports dynasties have now been interrupted. One remains.

Alumni Hoop Benefits Band

The Belleville-Nutley Alumni basketball game will be played on Thursday night Dec. 26, at the Belleville High School gym.

All former Belleville basketball players wishing to participate in this game should contact Michael Marotti at police headquarters or Nick Petti at School No. 1.

As in the past, all money collected by Belleville will be given to the Belleville High School Band for their spring trip.

Former Bellboys Play Mississippi In Liberty Bowl

Len Luongo and Jim Pigninelli, former Bellboy stand-outs, will be playing for Virginia Tech (7-3) against Mississippi (7-3) in the Liberty Bowl.

Luongo, All-State tackle for Belleville in 1964 will be making his second Liberty Bowl appearance Saturday at Memphis, Tennessee. Luongo, 5'11" and 220, plays offensive center and guard. He is the son of Mr. and Mrs. Michael Luongo of 175 Beech

Street. Pigninelli, most valuable player at Belleville in 1965 will be operating at defensive guard against the Rebels. The game will be nationally televised on ABC. Pigninelli, 5'11", 218, is the son of Mr. and Mrs. Phil Pigninelli of 171 Noltton Street.

Wrestlers Make Season Debut Against Maroon

By David Jones

Wrestling season is drawing nearer and Belleville's team is getting ready. Every day after school the team works and sweats in preparation for their opening match against Nutley.

Wrestling is Belleville's fastest rising sport. Its popularity is rapidly growing from year to year. For example, a few years ago only 20 boys had gone out for the sport. This year, however, Head Varsity Coach James Silvestri reports that 47 young men have signed up for the varsity team, and 25 for the Freshmen team, coached by Dennis Villano.

The main reason for this popularity could be the fact that it can be the perfect sport for any young man who is willing to work hard. Positions are classified by weight, so even the smallest boy, hampered by his weight and height in other sports, can wrestle on the varsity level.

During the week before a match, intrasquad matches are held in every weight class. The winners of these matches are the ones who will wrestle in the varsity match. This honest approach appeals mostly to the underclassmen who realize that they can, regardless of their age, win a varsity position through hard work.

The battle for these positions is now mounting. Several varsity wrestlers from last year have returned, but they must win back their positions in order to wrestle this year.

In the 98 lb. weight class returning varsity wrestler and co-captain Robert Reboli is

challenged by Bob Conte. Senior Joe Zarra is battling In the 105 lb. weight class (Continued on Page 19)

College's 1968-69 varsity fencing, has been announced by Bill Dioguardi, Director of Athletics.

The Indians fencing team will open the season on Wednesday, January 8 at its

the United States Military Academy.

The lone triangular meet will take place on Friday, February 21st with the University of Buffalo at Hobart College.

Mrs. A. Goldberg; After Long Illness

s. Ruth Landesman illness on December 7 in Montclair Community Hospital. She was 72.

Francis Farah; Long Resident for 15 Years

Francis Farah of Garden Ave., Belleville, died on December 4 in East Orange Hospitals Hospital. He was 53. Born and raised in the Iron section of Newark, he lived for the past 15 years in Belleville. For the past 15 years, he worked as a custodian for Englehard Industries.

Farah was a past president and treasurer of the Lebanon American Society of New Jersey.

He was also a veteran of World War II. He served in the 20th Bomber Command of Saipan. He also was a member of the VFW Post 493 of Nutley.

He is survived by his wife, Amelia Spagnardi Farah; sons, John and Gary, both of Belleville; three brothers, Joseph, Al and Phillip; and a sister, Mrs. Rose Farah of Somerville.

A Solemn High Mass of Requiem was offered on December 7 at St. Peter's Church for the funeral from the Land Funeral Home, 503 Union Avenue, Belleville. Interment followed at Gate of Heaven Cemetery.

Mrs. Jacobs; Born In Russia

Mrs. Ida Jacobs, wife of late Joseph Jacobs, of Adelaide Street, Belleville, died on December 4 at Clara Maass Memorial Hospital, Belleville. She was 72.

Born in Vilna, Russia, Mrs. Jacobs came to the United States at the age of 20. She lived in Hillside before going to Belleville 12 years ago. She was a member of the Brotherhood of Congregation Avith Achim, Belleville. She is survived by a son, Joseph, of Miami, Fla.; two daughters, Mrs. Anne Ringel of Forest Hills and Mrs. Kit-Kobrin of Belleville; three grandchildren and five great-grandchildren.

Funeral services were held on December 5 at the Suburban Chapel of Philip Apter and Son, 10 Springfield Avenue, Westwood. Interment followed at Mount Lebanon Cemetery, Iselin.

Alice, Nutley, died on December 7 in Pascack Hospital, Westwood. She was 68.

Born in Olyphant, Pa., she came to Nutley from Belleville 32 years ago. She taught in the Belleville school system for 25 years before retiring seven years ago. She was a member of the Retired Teachers Association of New Jersey and the National Association of Retired Teachers.

She is survived by her husband, William Ulrich; a son, William C. of West Milford, N.J.; two brothers, Patrick Beatty of Clearfield, Pa., and Jack Beatty of Richmond, Va.; a sister, Miss Marie Beatty of Olyphant, Pa., and two grandchildren.

The funeral was from the S.W. Brown and Son Funeral Home on December 9 with a High Requiem Mass at St. Mary's Church. Interment followed at Holy Cross Cemetery, North Arlington.

even for any size member of a family. The three sets shown are great examples. The Carry-ette is a 14" diagonal screen with a super powerful tuner for clear, bright color images. The structure tube is of the same high quality that's found in RCA's best expensive models. And, like the name says, you can carry anywhere you go. The Candidate is an 18" diagonal color portable that weighs 30% less than other family size color sets. And, of course, it has all the most advanced components that were pioneered by RCA. It's a big picture set with a low price tag. The Carrie has a 20" diagonal screen. It's made to be compact yet delivers a giant 227 sq. in. picture. It has automatic fine tuning that never forgets the picture you like where you like it on its baby roll-about stand. An extended range speaker that fills the room with glorious sound. Quick pictures... a 25,000 Volt assist... and a solid state UHF tuner. So no matter what size you want, you'll find the best to choose from right here. Come in and take a look. See what color TV portables should look like. Who knows, this might just be your year for color.

**ROGER'S
TELEVISION & RADIO**

construction of the replica of the great cathedral. This set was also used in many subsequent films right through the days of the talkies. Norman Kerry, Patsy Ruth Miller, Ernest Torrence and Raymond Hatton head the large cast and an original score as played on the giant Moller pipe organ by Paul Norman will accompany the screening of this famous silent screen classic.

Lon Chaney had become so expert in makeup as evidenced by his work on this film that he was asked to prepare a chapter on this subject for the Encyclopedia Britannica. For the character of the hunchback he devised a heavy breastplate and material which changed his facial characteristics completely but through all of the story Chaney manages to evoke a certain amount of sympathy for the part.

Connolly Plays Lead In Strindberg Drama

Edward Connolly, of Nutley, a sophomore at Upsala College, has been selected to play the part of the doctor in the Upsala Workshop 90's production of "The Father". "The Father", August Strindberg's psychological drama of family conflict, will be presented at the Upsala

Historical Society Will Hear Old Guard Singers Tonight

The Nutley Old Guard Glee Club tonight will present a Christmas program at the meeting of the Historical Society at the Nutley Museum, 65 Church Street. The director of the men's chorus is C. A. Fell, who has charge of the Franklin Reformed Church choir. Made up of retired men of the community, the Old Guard Glee Club has

On the same program a short comedy featuring the baby-faced comic, Harry Langdon, will also be seen. It is the 1926 Mack Sennett story, "Saturday Afternoon", with a synopsis written by Frank Capra. The Saturday screening begins at 8:30; Sunday film performance at 7:30.

**Union College
Homecoming Dec. 26**

Annual homecoming at Union College will be held on Thursday, December 26, at 8 p.m., it was announced today by Richard P. Muscatello of 417 Winthrop place, Elizabeth, president of the Union College Alumni Association.

Homecoming is sponsored annually by the Alumni Association and the Day Session Student Council.

College Theatre, Workshop 90, 8:30 p.m. on Thursday, Friday, and Saturday, December 12, 13, and 14.

A graduate of Nutley High School, Connolly is majoring in English. He is the son of Mr. and Mrs. Henry S. Connolly of 99 Hawthorne Avenue, Nutley.

members whose ages run from 60 to 80. About 20 men are expected to take part in the program whose chairman is David Hallowell of the Historical Society.

Adding to the interest of the quarterly meeting of the society will be a display of paintings, sculpture and ceramic articles representing the Christmas season.

Annual CYO Talent Contest Sponsored by Local Church

Holy Family held its yearly CYO talent show and several persons performed, but nine were picked as winners. In the junior division the runner-up in the instrumental group, known as the Chordsmen, Joseph Zoppi on piano, Anthony Gialanella, drums: Vincent VanHassett, trumpet and Thomas Marotti, saxophone. The winners tying for first place were two pianists, Linda Pedalino playing "The Apartment" and Joseph Zoppi played "Sonatinas" by Friedrich Kuhlau.

In the junior vocal division the runner-up was Cathy Mathias. The winner was a group "The Do's and Don'ts," Donna Vocaturo, Marie Benke, Angela Palmieri

Religious and social activities, always high on the agenda of the Essex County CYO's active Teen Council, are very much in evidence these days.

The annual Teen Encounter Weekend began November 29 when youngsters from most all of the Essex County parishes left for Carmel Retreat House in Oakland.

High on the agenda of coming events is a Teen Winter Weekend of skiing, ice skating and sledding at the Holiday Inn Lodge in Liberty, N.Y. from Jan. 3-5. Deadline for depositing \$10 advance payments for the weekend is Monday, Dec. 2. Full price of \$46 per teenager includes transportation and the varied Winter activities.

Also scheduled for December are Archdiocesan March of Talent Finals at Holy Trinity High School in Westfield on Dec. 8 from 8 o'clock on, and Girl Scout Investiture Sunday-Dec. 8. County March of Talent finalists include Helen Jensen, pianist, and soloist Angela Intili, both of Our Lady of the Valley, Orange, in the Senior Division. Junior Division winners include Vincent Scalera of St. Joseph's, Maplewood, pianist and from Blessed Sacrament, Newark, the vocal group tandem of Portia and Naomi Matthews.

Clothes may not make the man, but they make him look better and, very often, feel better.

Arranging the exhibit for the meeting will be the Woman's Auxiliary of the Historical Society whose president is Mrs. Royal Stager.

J. Clarence Brown, president of the Historical Society, has announced that friends of the society are invited to the Christmas program.

and Cathy Mathias. In the senior instrumental group the runner-up was pianist, Mary Jo Verlingo. The winner was Francine Parisi who played "Sonate Pathetique." In the vocal group the winner was

Bloomfield Bank Gives Fast Loans

There are express trains. And express buses. So, why not express loans? That's what The Bank of Bloomfield is now offering its customers: express service on personal loans.

According to Thomas Carlton, president of The Bank of Bloomfield, this means "non-stop service from start to cash." The bank has arranged its procedures to provide almost immediate service on loans - with a minimum of waiting - and answers as quickly as possible, often within hours.

Loan officers are available during the bank's "People's Hours": 8 a.m. to 6 p.m. daily (Monday evenings until 8:30) and 9 to 12 on Saturdays. Or 24 hours a day by appointment for complete convenience.

Credit is extended for such diverse items as a new automobile, an addition to a home, college education, a wedding or a vacation. The

OLD CONCERT — The Orpheus Club, oldest in existence all-male glee club in New Jersey, presented a Christmas concert in the club's new home at West Orange High School December 7. Nutley participants included, (from left to right): Henry Ohlandt, Mizak K. Murdichian and Henry Smith, the club's accompanist.

Oratorio Society To Sing 'Messiah' at Mt. Hebron

Once again The Oratorio Society of New Jersey presents a fine roster of soloists for its December 14 performance of Handel's "Messiah." Nixon Bicknell will direct the orchestra in Handel's own accompaniment in the 8 p.m. performance at Mt. Hebron School in Upper Montclair.

A native of Princeton, also Jenneke Barton is a graduate of Wellesley College and continued musical studies at the New England Conservatory of Music in Boston. An interest in unusual and rarely performed vocal music has earned her plaudits for her excellent performances of such difficult works as Harold Faberman's opera "Medea" and Culler's "Four Orchestral Songs." A part of the music for the documentary film "White Alice" was written

especially for her voice by Daniel Pinkham.

Her opera experience includes performances with the Santa Fe Opera, Boston Opera Group and the New England Opera Theater. An alto soloist with leading churches, temples and choral groups in New England, Miss Barton amassed an unusually wide repertoire in the field of oratorio. She has made oratorio appearances with the N.Y. Choral Society, Cantata Singers in Boston and the Long Island Choral Society. Tenor Richard Shadley makes his second appearance with the Oratorio Society of New Jersey having appeared in the 1967 performance of "Elijah." After receiving a bachelor of music degree from Heidelberg College, Shadley earned a master of arts degree from Columbia Teachers College where he is currently an instructor of voice.

His widespread oratorio appearances have involved international appearances in Europe, Canada, the United States and Africa. He has also done chamber music with Musica Aeterna, The Festival Orchestra and Chorus, the Pierre Little Symphony, The New York Philharmonic, the Handel and Haydn Society, the American Ballet Theater, and the Royal Ballet of London.

Ned Styres, bass, began his vocal career as a boy soprano in the Cathedral of St. John the Divine in New York and went on to Grace Church as boy soprano soloist. Continuing private studies through college, Styres understudied and appeared as the High Priest in the opera

"Moses and Aaron" with the Boston Opera Company. He toured nationally with the Little Orchestra Society as the Abbot in Benjamin Britten's "Curlew River."

Soprano Sandra Bicknell is well known as an outstanding soloist and resident of Montclair. Her local recitals include performances for the Montclair Music Club and as soloist at the First Congregational Church. She has also appeared with the Schola Cantorum in Philharmonic Hall, The Manhattan School of Music Chorus, and was one of 16 singers chosen to perform in the American premiere of Ives' "Fourth Symphony" by the American Symphony Orchestra under the direction of Leopold Stowkowski.

Graduated from Tulane University with a double major in voice and violin, Miss Bicknell continued vocal studies with Walter Johnson, Lili Wexberg and currently with Winifred Cecil in New York. Other appearances include the American Opera Society, the Camerata Singers, the Bach Aria Group, Amor Artists and the Little Orchestra Society. She appeared on the 1966 Christmas show with the Bell Telephone Hour and the 1968 "Joy of Singing" series in Town Hall.

Reserved seats may be obtained by calling 482-6853 or 744-8313 or by writing to The Oratorio Society of New Jersey, Box 152, Montclair, N.J. 07042. Tickets will also be available at the door. Students and groups receive a special rate.

Teamwork succeeds when both horses pull.

chestra, conducted by David Randolph, will present the first two of a series of four New York performances of Handel's "Messiah". The opening concerts will take place at Carnegie Hall on the evenings of December 13 and 14 at 8 p.m.

THE SPIRIT OF GIVING — Sister Gabriel from St. John's pharange in Newark assists Santa in bestowing toys at the mountain Sunday.

WAITING ON LINE — Youngsters couldn't get to Santa soon enough.

AND WHAT DO YOU WANT? Santa Claus (Tom McCool) was kept busy with requests all afternoon.

THIS WAS SCENE — as orphans from St. John's The Baptist, Order of Sons of Italy, Cerebral Palsy Center of Essex and West Hudson Counties and Rehabilitation Institute were treated to hot dogs, hamburgers and gifts.

FOR HER — Walking talking doll will brighten this girl's Christmas.

Alumni To Taste Spot Of Tea

The Seventh Annual Christmas Alumni Tea will be held at the Belleville High School cafeteria at 2 p.m. on Friday, December 20.

In this affair members of the year's graduating class are invited to discuss with the seniors their academic and social experiences of their four months in college on the job. The program will begin with musical interludes at 1 p.m. in the auditorium presented by the Music Department under the chairmanship of Dr. Samuel Peck, of the Music Department. Senior students, Miss Margaret Albertine and Miss Jo Romao will be the leaders in the discussion, and will use singing microphones so that seniors will have the opportunity of asking pertinent

questions and having them answered by the graduates. Awards, donated by the Student Council will be presented to the boy and girl graduates who come from the most distant college to attend the alumni reunion. Senior members of the Key Club under the supervision of Charles Spalletta, president will serve as a reception committee.

Milk Squeeze
Public Hearing
Talks Continue
Robert E. Cleary of Chester, New Jersey today testified at the public milk hearing in New Brunswick that a profit of 3 1/4% before taxes on the milk dealers sales price should be considered by the Office of Milk Industry in establishing minimum resale prices.
Cleary, who is a past President of the New Jersey Milk Industry Association, pointed out that the Advisory Committee of Economists which submitted its report on the milk industry to Agriculture Secretary Alanpi in 1963, unanimously recommended that a return on investment be considered by the OMI in establishing minimum prices. No consideration is given to profits or return on investment in the existing minimum milk price structure.
Cleary maintained that a 3 1/4% return to milk dealers on their selling price to stores would amount to about 12% return on investment.
The hearing, in its 24th day of testimony, is being conducted by OMI Director Donald R. Nicholson. Yesterday, Franklin T. McClintock, former Chairman of the Executive Committee of Drexel, Harriman and Ripley, New York headquartered investment bankers, testified that any industry which failed to show a healthy return on their investment, seriously jeopardized their credit standing and their ability to modernize and lower unit costs.

If It's Done In A Car
Many car owners know little and care less about what goes on under the hood of their cars. Today's motorist proceeds on the assumption that his car won't let him down and he usually relies on his gas station to discover all ailments before they become serious.
However, cars do fail. mechanics do miss things. Often, only you as the driver can detect the symptom safety ailments--if you what the danger signs.
Here are a few tips the Allstate Motor Club will help you to become a diagnostician.
Break pedal goes down far. Brakes need adjustment. This goes for self-adjusting brakes too, because sometimes they don't self-adjust.
Car rocks or rolls at way speed. Wheel bearings and tire care are important to safety. If there is vibration in your car at any speed, have the front end and train carefully checked, the shock absorbers, too.
Car pulls to one side stopping. Brakes need adjusting. Or if there's fluid or wheel bearing grease on the linings, the brakes be relined.
Tire squeals on turns. soft or under-inflated tires cave in at the tread and on the shoulders. Resulting steering, increased gas consumption, flexing sides that generate heat and tire life.
Play in the steering. Steering wheel loose, too play. If so, have a mechanic check the entire system. Are the steering wheel straight across when wheels are straight? Is the steering the rods bent or loose. Bent rods pull front wheels out of causing excess tire wear.
Turn signal won't work. Turn signal indicator lights, but doesn't blink. a burned out taillight or a light. If the indicator n't light at all, the flasher is burned out. It's a simple item to replace. Look the dash--it's a small alarm can that pulls out and in like a radio tube or into a holder.
Essex Bank
Will Award
Scholarships
Robert G. Cowan, Chairman of the board of Newark & Essex Bank announced that the bank once again award two college scholarships to serving Essex County residents.
Any Essex County resident who will graduate from secondary school in 1969 eligible for the scholarship competition, which is conducted by National N & Essex for the 16th consecutive year.
An impartial committee of distinguished educators select the winners. Scholarships will be awarded in May, 1969.
The student's academic ability and promise at school and in the community, citizenship leadership demonstrated at school, and the need for financial aid will be the factors in judging applicants for the scholarships.
Each award provides a year for four years of college study. Winners attend the college of their choice.
National Newark & Essex Bank established the scholarship in 1954 to commemorate the bank's 150th anniversary.
B'nai Israel
Holds Annual
Consecration
Pupils of the Religious School of Temple B'nai Israel will be consecrated Friday, December 13, p.m. by Rabbi H. Danzig, Spiritual leader of Temple, with appropriate ceremony.
The program conducted by the students will be under the general direction of Mrs. Avrom.
Certificates and Holy scrolls will be distributed by Mr. Leon Hoffman, Chairman of Board of Education following students who were consecrated: Lisa Gold, Lisa Haskell, Alan Isaac, Mark Jacobson and Lantz. The consecration service officially inducted the students into the Jewish faith.

Crestmont Officers
Selected
At the annual meeting of the Board of Governors of Crestmont Country Club, West Orange, the following officers were elected for the coming year: President, Sidney Dodis; Vice President, Arnold Black-

GO-GO Girls

"where the go-go"

The Women's Auxiliary of the Belleville Italian-American Civic Association held their first Annual Fashion Show-Dessert at Parillo's Restaurant on December 2.

The mood was Christmas and the fashions were now. The outfits shown ranged from daytime sportswear to mad, mad modwear.

Wearing the garments selected from a well-known Nutley fashion shop were Miss Linda Ruglio, Miss Cathy Gen-nell, Miss Francine Casale, Miss Marva Willis, Mrs. Vincent Vecchione, Mrs Mildred Di Chiara, Miss Lorraine Perney, Miss Maryfran Intracaso, Miss Lesley Perenza,

and Mrs. Alex Macchia.

The narration was done by Miss Lucy Marone and the piano accompaniment by Frank Vecchione. The Chair-lady for the fashion show was Mrs. Ernest Zarra.

Assisting were Mrs. Joseph Sciacca, Mrs. Emil Casale, Mrs. Martin Ruglio, Mrs. Sam Codomo, Mrs. Joseph Liloia, Mrs. Anthony Tomoselli, and Mrs. Anthony Campanella.

Publicity was handled by Mrs. Frank Ceres, whose husband is chairman of the association.

A bigger and better show is already in the works for next year and who knows what the gals will be modeling then.

COOL OUTFIT — Mrs. Alex Macchia models a two-piece wool slack suit.

AND HERE WE HAVE — Miss Mary Lou Marone, from the Nutley Fashion Shop, who narrated the fashion show.

SAILING, SAILING — Miss Francine Casale models navy knit dress with red polka dot scarf. Miss Casale is a student at Rutgers, majoring in history.

MISS IRVINGTON, 1967 — Lesley Perenza modeled a Jonathan Logan lavender dress with rhinestone buttons. Miss Perenza is an airline hostess with United.

COMMITTEE IN ACTION — for the Women's Auxiliary, Belleville Italian American Civic Association at the fashion show include (l to r): Mrs. Martin Ruglio, Mrs. Phil Maiorca, Mrs. Anthony Campanella, Mrs. Joseph Leloia, Mrs. Ella Codomo, Mrs. Joseph Carnivale and Mrs. Emil Casale.

Pretty Ways to Pamper Her

THE JUNGLE LOOK

Purrr-fect Illustrations by

VANITY FAIR

Slightly savage. Sinuous. Feline. These new jungle pets have been tamed by fashion. But put them in your wardrobe and everything goes wildly attractive. Fall browns and blacks take on new life. Brights mix and match with them. At home they purrr by the fire side — make you a roarr-ing success. In carefree nylon and Lycra® spandex.

Star In Eliot Play

Michael Scahill, of 145 Academy St., Belleville, will play the role of Edward Chamberlayne in T.S. Eliot's The Cocktail Party. The Rutgers University Department of Drama at Douglass College is producing the play.

As Edward Michael portrays a lonely, middle-aged lawyer who is estranged from his wife. He realizes he has been a failure as a husband because he is a man who cannot love.

The play begins as a sophisticated drawing-room comedy about a superficial, gossiping group of people from the upper echelons of society. But as the play progresses, Eliot reveals a group who, under their facade of sophistication, are frustrated members of a contemporary society.

The production will run this Thursday, Friday and Saturday. The play begins at 8:30 in the Little Theater on the Douglass College campus.

In addition to The Cocktail Party, Michael has appeared in several University productions including Serjeant Musgrave's Dance, Hay Fever, I'm Really Here and Bury the Dead.

While a student at Essex Catholic High School, Michael acted in Arsenic and Old Lace,

Rope, A Man for All Seasons and Camelot.

David Bukunus, of 101 Carpenter St., Belleville, is playing the part of Peter Quilpe in T.S. Eliot's The Cocktail Party. The Rutgers University Department of Drama at Douglass College is producing the play.

The play revolves around a superficial, frivolous group of people sometimes referred to as the "jet set." As Peter David plays a young film writer who has fallen in young with a sensitive poetess.

Although the characters at first seem superficial and carefree, Eliot eventually shows that Peter Quilpe and his socialite friends are the frustrated characters of a modern society.

Besides his acting, David served as stage manager for Look Homeward Angel and the Boyfriend at Rutgers. In association with the Queen's Theater Guild, he is now producing and directing Roar of the Greasepaint, Smell of the Crowd.

David, an English-Dramatic Arts major, plans to act and direct following his graduation. He presently works as business manager of Queen's Theater Guild and is a member of Alpha Psi Omega, the national honorary dramatics fraternity.

MICHAEL SCAHILL — is now appearing in "The Cocktail Party," produced by the Rutgers department of drama at Douglass College. Play runs tonight, Friday and Saturday.

Rutgers University Fraternity Pledges Belleville Student

Don Palamara son of Mr. and Mrs. Dominick Palamara of 34 Ligham Street, Belleville, has been extended a bid of pledgeship by the international

fraternity of Delta Sigma Pi at Rutgers University in Newark.

Delta Sigma Pi is a professional business fraternity in the field of commerce and business administration. Palamara is presently a junior at Rutgers, majoring in economics.

One of the biggest musical comedy hits of the mid-century era is to be the next bill at the BHS Auditorium. It is "The Pajama Game," which drew throngs of New York theatre-goers for two-and-a-half years when it was first presented on Broadway. It will be given at the Passaic Avenue school for three evenings beginning Jan. 9, at 8:15 pm, starring Bob Baker as the shirt-sleeved superintendent of a factory and Sue Kellenbence in a work-smock as one of the plant's employees.

The title refers to the pajama-manufacturing industry and only in the finale are the pajama-makers of the show given a chance to cavort in their product.

With a libretto by George Abbott and Richard Bissell, and songs by Richard Adler and Jerry Ross, "The Pajama Game" is a frolicsome song-and-dance show centering its humor and tunes around the unlikely subject of a wage dispute--combined with a boy-girl romance--in a mid-western factory. In this bump-tiously gay show, the equivalent of a high-spirited cheerleaders' carnival, sparked by songs that are alternately rowdy, brassy, sweetly melodious and infectiously lifting. Some of the popular favorites among the show's ditties are "Hey, There," "Hernando's Hideaway." "There Was a

Man," "Steam Heat" and "I'm Not at All in Love."

Bob Baker (Sid) is to play a conscientious pajama-factory superintendent, intent on keeping up production norms, and Sue Kellenbence (Babe) the union-conscious grievance-committee chairman he falls in love with, and must sternly fire when she leads the other employees to slow down their buzzing sewing machines preliminary to a strike.

In counter-point to his wracking conflict between loyalty to his employers and to the girl he loves, is the situation of the factory's time-study man, to be played by Larry Spinelli (Hines), who is as jealous as Othello of the pretty secretary Marge Albertine (Gladys) of the firm's president Mike Freda (Hassler). Another instance of romance running rampant through this story of indus-

All these romances and personnel-management dissensions are in the end resolved in a tavern whose name gives Pajama Game the title of its biggest song "Hernando's Hideaway." Direction of this first in stage history to a chorus line on an assembly line, is in the hands of stage director Walt Weiss. dances have been staged by Kathy Havel, the music under the direction of R. Wing and Dr. Samuel

DAVID BUKUNUS — of Belleville is also featured in "The Cocktail Party."

Selective Service Information

Colonel Joseph T. Avella, State Director of Selective Service, has issued the following series of questions frequently asked of the Selective Service System, along with appropriate answers.

Question: I understand there is a recent statement by the Director of Selective Service which relates to permitting graduate students not deferred for such study to complete their work. Will you give me that statement.

Answer: The following State Directors' Advice was issued by the Director of Selective Service on October 24, 1968: When college students are ordered to report for induction during a school term in which they are satisfactorily pursuing full-time postbaccalaureate courses, consideration should be given on an individual case basis, to a postponement of induction until the end of the term (quarter, semester or semester).

Question: If I go into VISTA or the Peace Corps, could my local board give me an occupational deferment?

Answer: Yes, but it is not required to do so.

Answer: No, the authority and responsibility to prosecute such violations is vested in the Department of Justice.

December 12, 1968

Magazine Supplement To:

THE BELLEVILLE TIMES

The Christmas season's arrival is signaled for shoppers by brightly lit displays throughout business districts such as this scene in Bloomfield. Much work in planning goes into the lighting projects as outlined in cover story on page 2.

Christmas Lights

Bells and Trees Seen In Towns

On the cover of today's Accent is a night view of Bloomfield's business center decked out in its Christmas regalia. The red bells sing out the joy of the season.

Belleville merchants contributed their time and money for a display which features side poles supporting red candy canes, and a string of green garland arching to the middle of Washington Avenue where old-time lanterns light up the street.

The local merchants of all the surrounding towns contribute money to their respective Chamber of Commerce, who in turn finance the Christmas lighting for the customers of the merchants.

The Mayor's Christmas Lighting Committee in Nutley has collected \$6,000 for the yule decorations along Franklin Avenue. A contract was signed with the international Electrical and Flag Decorating Company of Newark, and the lights were turned on last week.

Nutley's decorations consists of 31 arches stretching from Harrison to High Street along Franklin Avenue. Twenty-nine of the arches will extend

tend across Franklin Avenue, while two of them will cross Centre Street and Chestnut Street forming quadrangles at the two intersections.

Each arch consists of a large open-frame Christmas tree in the center of the street which will have milk white bulbs, and be dressed with red plastic garland. There will be a streamer of lights spaced 12 inches apart from pole to pole, with frosted lamps and dressed with clear green plastic garland. There will also be two 18 inch day-glo non-illuminated balls in each stream.

Last year no Christmas lights were put up, even though the money had been collected for the project in Nutley. The problem was that most electrical contractors won't take the job. The work has to be done in so short a time, and the demand is so great for such a service, that few contractors are willing to take a chance of a breach of contract suit. For example contractor in Nutley this year had 49 such contracts which all had to be completed Thanksgiving week.

Fruited Bran Loaf Makes A Nice Holiday Gift

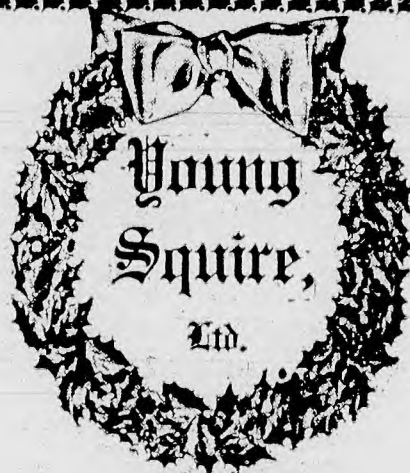

Besides the breakfast dish everyone knows, whole bran cereal makes a crisp and flavorful ingredient for a fruit filled quick bread. It is moist and tender and almost rich enough to substitute for fruit cake. Serve it plain or made into sandwiches with cream cheese filling. You'll like it with a quick cereal and milk breakfast, too, as it is not too sweet. Remember though, it firms up and slices best after storage in the refrigerator overnight.

Fruited Bran Loaf

2½ cups sifted all-purpose flour 1 cup whole red candied cherries
¾ cup sugar 1½ cups milk
3 teaspoons baking powder ¼ cup melted shortening or cooking oil
3 teaspoons salt 1 egg, beaten
1 cup whole bran cereal
1 cup finely cut dried apricots
1 cup pecan halves

Sift together flour, sugar, baking powder, and salt into bowl. Stir in bran, apricots, pecan halves, and cherries. Combine remaining ingredients. Add to dry ingredients; stir just until dry ingredients are moistened. Pour into greased 9 x 5 x 3-inch loaf pan. Bake in moderate oven (350°F) until done, about 1 hour and 10 minutes. Cool in pan 10 minutes; remove and cool on rack. Chill well before slicing. Yield: 1 loaf.

Xmas Tree

Hints On How To Use Lights

Long before the invention of light bulbs it was common to light the Christmas tree with candles. And it was not an uncommon sight to see mama or papa suddenly toss the tree out the window when it caught fire from a misplaced candle.

With the introduction of electric Christmas bulbs, the danger of fire has eased but the confusion involved in lighting a tree is as common-place as ever. But don't give up, Rita Harrold, residential lighting director for Westinghouse, has some hints on decorating your tree which will prevent you from becoming hopelessly entangled in the strings and tree.

Figure out how many lights you need before you buy. Strings come in varying lengths containing from seven to 50 bulbs, Miss Harrold points out. For an impressive, full look, a six-foot tree requires about 80 bulbs. An unattractive, spotty-lighted appearance usually results when you skimp on bulbs. Here is a table which will guide you in determining how many bulbs you require:

Tree Height (feet)	No. of Tree Lights
3	24
4	35
5	56
6	77
7	102
8	140
10	210

Straighten out the strings of lights (the floor is a good place to do this) and remove all kinks before you start to trim the tree, Miss Harrold suggests. Make certain that all bulbs are burning brightly and that none

of the cords are frayed or sockets damaged. Then disconnect the strings. If you plan to have a multicolored tree, arrange the colors alternately. For a contemporary look, use bulbs of all one color.

For an unusual effect, try the flashing bulbs. Pearlescent bulbs which have a beautiful pearl coating, add a striking finish to your Christmas tree. Make sure you have ample bulb replacements on hand no matter what size or type you use. Remember, the stores are usually closed when those bulbs burn out!

Start at the top and work down when you string your lights on the tree. Place the lights on the inside boughs first, and work from the trunk outward to the tips of the branches. After each string is in place, light it and stand off to check your work before proceeding with the next string. For tall trees, strings may be hung straight down from top to bottom on the outside branches giving vertical lines of light.

After all the strings are in position, disconnect them before beginning to hang your ornaments. Again, work from the top down. These rules, Miss Harrold says, also apply to outdoor trees where symmetry and charm are just as important.

Something else you may wish to try -- white or colored spot or floodlight bulbs can be used to advantage to dramatize, accent, or highlight a tree, indoors or outdoors. Use a 75 or 150 watt clear flood lamp behind a revolving color-wheel to project changing tin-

ted light patterns on tree, doorway, window, or house, to call attention to these areas.

Revolving color-wheels, to accommodate flood bulbs, are made for indoor use and for outdoor use. Some of those designed for outdoor use come with a spike to put in the ground and are about 30 inches high to keep the color-wheel out of the snow. One caution: To prevent breakage from rain or snow, be sure to use outdoor projector (PAR) spot and flood bulbs with a color-wheel and for all outdoor Christmas lighting.

The variety of tree selected and the manner in which it is to be lighted and trimmed are as personal as the clothes one wears, Miss Harrold admits.

1968

With love, from

Lipton's in Bloomfield

*It's a romantic
courtship of
Crepeset[®] and
Kayser*

Fabrics joins fashion for a lifetime of beautiful lingerie. Luxurious Crepeset[®] nylon blissfully flatters day and night lingerie for softly textured fashions. Wonderfully opaque fabrics that drape gracefully, wash beautifully, refuse to cling and stay marvelously wrinkle free . . . need more be said? In private life it could be the only way to look. Delightfully easy care caressing Kayser's lovely lingerie.

for daytime:

A smooth fitting slip splashed with lace in white, coral or blue. Short sizes 32 to 36. Average 32 to 42. \$6

Petti slip with split side. Have these saucy swingers in white, blue or coral. Short sizes S and M. Average S-M-L. \$4

Short chemise slip. Beautifully brief in white, blue or coral. Sizes 30 to 36. \$6

Matching briefs. Sizes 5 to 7. \$2.50

for nighttime:

Shift gown frothed with lace appliques in coral or blue. Petite to Large \$8.

Matching quilt robe of Crepeset nylon with Kodel polyester fiberfill. Petite to Large \$21.

Local Bank To Sponsor New Holding Company

National Newark & Essex Bank will sponsor a Registered Bank Holding Company under newly passed legislation enabling New Jersey banks to engage in state-wide holding company activities and to branch and merge in three districts conforming roughly to the north, central and southern portions of the state.

This was announced recently by Robert G. Cowan, chairman of the bank's Board of Directors. He said that the Holding Company legislation, now awaiting the signature of Governor Richard J. Hughes, "would pave the way for the development of larger banks and banking groups, which will better serve the rapidly growing economy of New Jersey."

The bank's Registered Bank Holding Company would con-

form, Cowan said to Federal legislation which gives the Federal Reserve Board responsibility for approving the creation and subsequent activities of such holding companies. These activities must be essentially related to banking, Cowan said, as opposed to those of a so-called "One Bank Holding Company" which could theoretically engage in diversified business activities unrelated to the banking industry.

"Our experience and specialized knowledge are in the banking field," Cowan said, "and diversification for us lies in making our banking skills and financial resources available more broadly throughout the state through a pooling of interest with other like-minded banks."

Christmas

Customs Come From All Over

It could have come from Sweden. Or France. Even fourth century Turkey played its role. Some of the more ancient customs might seem strange to us today, but each had a hand in revealing and

shaping many of the Christmas customs and traditions we now enjoy.

The delightful custom of "bussing" under the mistletoe actually came from the ancient Druids, who called it "all

heal" in the belief that it had the power to cure disease.

In the 13th century, the "carol" signified a dance rather than a song. In fact, St. Francis of Assisi led villagers in joyous dancing around the

Nativity scene.

And it was an eighth century Benedictine monk, St. Boniface, who probably trimmed the first Christmas tree when he convinced heathens to

Bank Bonus — Thomas J. Carlon, president of the Bank of Bloomfield, recently announced that each new member of the bank's Christmas Club will receive an attractive package of Christmas wrappings in addition to the dollar interest for every \$100 of Christmas Club.

Bank's Christmas Club Offers Extras

Christmas Clubs have been around for close to 100 years, but it took the smallest bank in town to come up with new and exclusive ideas that bring Christmas Clubs up to date and make their better-than-ever forms of saving.

The Bank of Bloomfield which is now offering membership in what they call "Christmas Club-Plus." The Bank's new 1969 model Christmas Club offers savers two plusses not available anywhere else in this area:

1. "Christmas Club-Plus" accounts will earn interest just as any other savings do. Members will receive \$1 of interest for every \$100 of Christmas Club. Savings upon completion of their Clubs next year. No other Christmas Club in this area pays interest.

2. Each new member of The Bank of Bloomfield "Christmas Club-Plus" will receive a free gift, an attractive package of Christmas Wrapping.

mas Wrapping.

According to Thomas J. Carlon, president of the fast-growing bank of Bloomfield "We've initiated these improvements in Christmas Clubs as part of our over all program of 'People's Banking'." One of the things we want to do is encourage saving. This is our way of doing it.

"At the same time, these exclusive benefits are in keeping with The Bank of Bloomfield's policy of being the bank that works harder and does more for its customers.

Memberships in "Christmas Club-Plus" are now open at each of the bank's offices: Broad and Watchung Avenue, or 554 Bloomfield Avenue. Applications will be accepted during "People's Hours" - 8-6 Daily; Monday 'til 8:30; Saturday 9-12.

Christmas Club accounts will continue to be available at The Bank of Bloomfield through the end of the year.

SANTA'S ARRIVED! SEASONS' GREETINGS TO ONE AND ALL IT'S CHRISTMAS MAGIC AT THE ROWE-MANSE COUNTRY CORNER

Santa's checking his list to make sure every item we requested is here. He seldom gets a list like ours; everything from apple corers to stuffed zebras, candles in every shape and scent, wrappings and ribbons, glittering bobbles, wreaths of holly. Foods that bring back memories of Grandmother's kitchen fill each nook and cranny with aromas hard to resist. Smoked hams, turkeys and cheeses, penny candies, candy canes and stocking fillers abound. We've made the Country Corner a haven for those who love an old fashioned Christmas. Come see us soon, we have gifts for everyone on your special Christmas list.

Fine Furniture—If your taste in furniture is Early American, we have a complete line of Cushman Colonial maple plus a wide choice of hutches, chests and dinettes.

Accessories—Those special accent pieces are here; Sewing buckets, spinning wheel planters, copperware, eagle bookends, hurricane lamps and brass jelly skimmers.

Gifts—Plenty of milk glass, colonial colored glass, plaques, oddments, fancies and items of every variety await the person who likes to give the "unusual" gift.

Foodstuffs—Our shelves are a gourmet's delight, find sour dough flour, imported tea and spices, smoked hams, bacon and other delicacies for your Christmas feast.

Sweetmeats—Plenty of stocking fillers here; licorice sticks, sour balls, candy buttons, root beer barrels, beach pebbles, and jars of penny candies.

Visit the Rowe - Manse House of Gifts on the upper level. See our complete Trim-A-Tree Shop, huge selection of Hallmark cards, Hof-fritz gifts, Russell Stover candies and many more gifts.

Cards A Recent Tradition

Continued from Page 13

stop worshipping a sacred oak and adorn fir trees in the homes as a tribute to the Christ child.

A fourth-century bishop of Turkey, Saint Nicholas, was the real-life predecessor of Santa Claus. According to a legend, he dropped a bag of gold coins down a chimney into a stocking which a poor girl had hung by the fireplace to dry; hence our custom of hanging Christmas stockings.

And Santa wasn't always the fat, jolly man you recognize today. He's gained plenty of weight since the Dutch called him Sinter Klaas, and he rode a skinny whitehorse, not reindeer.

Yet when his legend began, he was just as important to men and women, as children. According to researchers at Shulton, Inc., Saint Nicholas was the patron saint of sailors.

The Swedes and Danes make a Christmas practice of baking a loaf in the shape of a boar-pig.

A French legend tells how the Christmas rose came into being. A little girl, accompanying the shepherds on their way to see the Christ Child, was sad because she had no gift to offer. The angel Gabriel appeared and, taking pity on the child, caused a beautiful white rose to spring from the ground. Overjoyed, the little girl plucked the bloom, which she took as a gift to the Infant Jesus.

Called Noel by the French, Navidad by the Spanish, Natale by the Italians and Weihnachten by the Germans, Christmas in our part of the world is derived from the Old English term Cristes maesse (Christ's Mass), a term first used in the 11th century.

One custom has it that, if the Yule log stays lit throughout the night, it's good luck. But watch out if a squinting person comes in while it's burning. That's bad luck.

The large part children play in Christmas is legendary. If he was lucky, the 16th century child got a ride on a huge Yule log when it was dragged into the manor house or castle. While caroling and feasting went on during Christmas eve, the youngsters played Snap-dragon, a game in which the players tried to snatch a raisin from a bowl of burning spices and spirits.

In this country at Christmas-time, it's a rare father who hasn't winced at his perennial Yuletide gift, the tie he doesn't like. Many families have overcome the problem of what to give Dad with imaginative gifts that range from a new pair of water skis to such tangy men's colognes as Old Spice.

While American youngsters are putting their gifts under the tree, Celtic children go to sleep on a bed of straw and

NICE CUSTOM — The next time some "Santa" kisses you under the mistletoe you might tell him that centuries ago mistletoe was used as a charm against witches and thunder, according to the makers of Old Spice, the Shulton Company. Most Christmas customs were adopted from Greek, Roman and Druid traditions.

Cards A Recent Tradition

Continued from Page 16

hay on Christmas eve, to share
in Christ's humble birth.

One of our most recent cus-
toms, the exchanging of
Christmas cards, began in
England in the 1840s. Christ-
mas cards were introduced in
the United States by Louis
Prang, a German immigrant.
Often called the "Father of the
American Christmas Card,"
Prang printed his first "Sea-
sons Greetings" in 1873.

In many countries of
Europe, people still believe
that all trees break into blos-
som for a few moments at
midnight on Christmas Eve.
The most popular flowering
plant is the poinsettia, brought
to the United States more than
120 years ago from Mexico.

To put it briefly, Christmas
is a holiday full of surprises...
and they're not all found under
the Christmas tree on the
morning of December 25th!

swinger can't help but adore.

In addition to the three
pieces described, there are
other Creative Quickies as
well. If you'd like a free
booklet with complete
instructions for all, just send
your name and address to
Manager of Public
Information, Pepsi-Cola
Company, 500 Park Avenue,

New York, N.Y. 10022.

After Christmas is over,
you'll want to continue
fashioning these attractive
pieces as a creative outlet for
yourself, a rainy day
entertainment for the
youngsters, or a community
project for the handicapped.
But, in the meantime, happy
head start on Christmas.

Use Of Foil

For Teddies, Trees, Wreaths

Ever been bothered by what you should do when your youngsters are restless and pestering you? Here's a wonderful hobby to start right away. Sure to keep the kids happy and busy all day. What's more, you can brighten your Christmas decor. Create beautiful toys, gala gifts and much more. All you need is some foil (the aluminum kind), and a few other items it's easy to find: or can purchase for pennies at any small store. Just follow directions; you'll all have a ball. And this Christmas will be the most shining of all!

Silver Teddy Bear. You will need a 12" high paper bag from the food market, old newspapers or cellophane packing material, a styrofoam ball, pink ribbon and Reynolds Wrap. (1) For Teddy's body, stuff the bag with crumpled newspapers or packing material. Tape it closed and cover with foil, then mold to shape of body. (2) For the head, cover the styrofoam ball with foil, form a nose from crushed foil and attach with pins. For ears take several thicknesses of foil and mold to shape, lining the insides with pink ribbon or cloth. Attach to head with pins. For eyes, pin shiny black buttons in place. (3) Next form legs and arms by

crushing and molding foil. Shape arms with hands turned in and legs with feet turned up. (4) Poke holes through body where arms and legs are to be attached. Insert long pipe cleaners through holes. Poke holes in arms and legs where they join body and pull wires through. Knot or poke wire back through into arms and legs to hold them in place. Tie a pink or red bow around Teddy's neck and tie on small jingle bells if you have them.

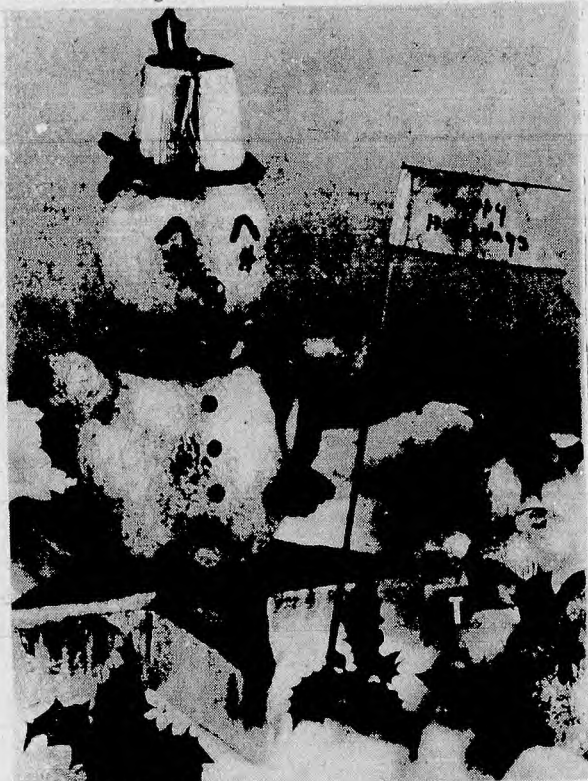

Jolly Snowman Table Centerpiece. Cover one large and one small styrofoam ball with Reynolds Wrap. Use toothpicks to fasten together. Make a face on the smaller ball with buttons for eyes, yarn for eyebrows, a tiny red ball for nose and a crescent of yarn or red paper for mouth. Pin buttons down the front. Crush foil for arms, make

hands with red mittens from cardboard and yarn. Insert these to body with toothpicks or common pins. Stand the snowman on a circle or star of cardboard covered with foil and marked

with bright yarn. Make a hat from a drinking cup covered with foil. Tie red yarn around the brim and make a scarf from several strands of yarn braided together.

Silver Christmas Tree. (1) For a 12" high tree, fold a 12" square of light cardboard in half. Cut freehand the outline of a Christmas tree in a wooden tub. This will be your pattern. (2) Tear off eight 12" squares of

ALL SEASONABLE MERCHANDISE IN THE ALL WANTED COLOR & FABRICS IN SEASON

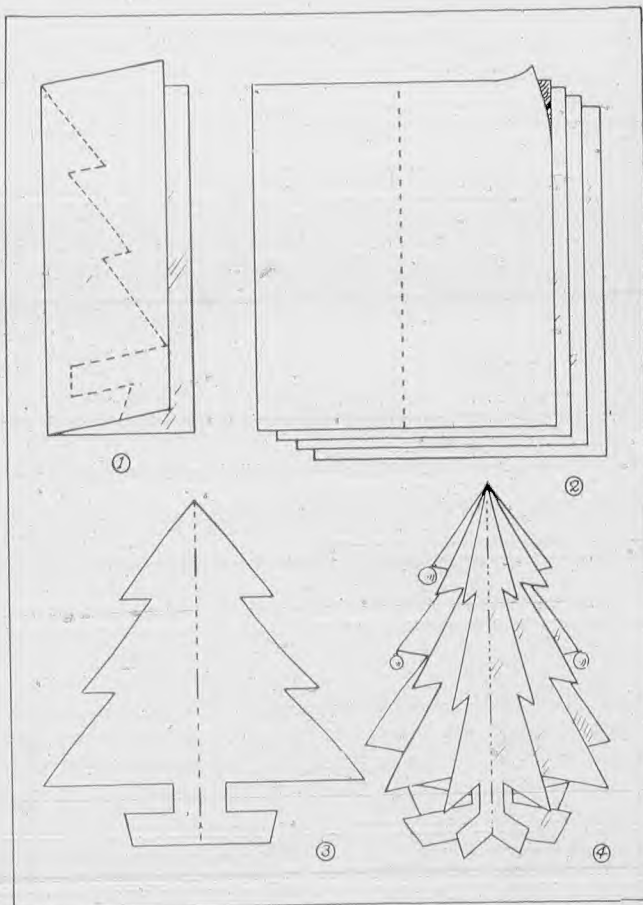

Shining Angels Of Tinfoil

Continued from Page 20

Reynolds Wrap and four squares of paper (cut from old magazine covers). Paste together, using rubber cement to make four strong squares, foil on top and underneath with paper in the middle. Trace tree pattern on squares and cut out four trees. (3) Put four trees together and staple up through center. (4) Open out in all directions. The base is formed by the tub and the tree should stand up nicely. Decorate with tiny Christmas balls. This tree may be made any size.

Shining Foil Angel. You can make her in five simple steps. You will need lightweight cardboard, Reynolds Wrap, newspaper, tape, styrofoam ball, wire or small pencil, two pipe cleaners, tissue paper, adhesive tape and pins. (1) Make wings. Cover both sides of cardboard with Reynolds Wrap using rubber cement to adhere foil. Sketch two wings on foil cardboard. (2) Make body. Use six page thickness of newspaper. Form a cone and seal it with tape to make it firm. Wrap foil around cone, smoothing to keep in place and securing ends with rubber cement. (3) Make head. Use styrofoam ball. Tint with powder and rouge. Cut eyelids out of blue paper. Cut eyelashes from foil. Cut mouth out of pink paper. Paste eyelids, lashes and mouth on face. (4) Put angel together: use a straight wire, forming hook at one end and force through top of head and then into body. Make small holes in upper part of body and insert pipe cleaners to form arms. Glue to secure and wind ends with flesh-tinted adhesive tape for hands. Attach wings with pins. (5) Fix her hair. Wind angel hair around the top of head. Attach with pins and spray with hair spray. Cut a star or ornament of Reynolds Wrap and glue to hair. Bend eyelash fringes up for final effect.

Silver Rose Wreath. Lovely

foil Christmas roses can be used for wreaths, topiary trees, to decorate place cards or gift packages. What's more, they're easy to make. All you need is Reynolds Wrap and any contrasting color tissue paper. Tear off 3 1/2" x 12" strip of foil against cutter edge of box. Cut matching piece of tissue. Loosely turn over edge of foil and tissue

separately about 1". Do not crease. Keep shiny foil side out. Turn in edges of one corner, then fold that end over two fingers of left hand. Wind loosely over these two fingers with right hand. When rose is completely wound, turn final corners in. Pinch base of rose and use pin to attach to item you are making.

FINISHED PRODUCT — Voila! The tree in its complete state being used for decorative effect on a dinner table ready for the holiday season.

TEDDY BEAR — This silver Teddy Bear, made of tinfoil, paper bag, newspapers and toothpicks will delight the children.

Doctor Avers

Transplants Out In New Jersey

Dr. Joseph J. Timmes, professor of surgery at the N.J. College of Medicine and Dentistry, in a nurses symposium, presented by the Essex County Heart Association, stated that, due to laws in this state, heart transplants are virtually impossible. The best heart donor candidates are those persons who die as a result of traumatic experiences, such as auto accidents. In New Jersey, traumatic deaths require an autopsy to determine the cause of death. Since a heart to be transplanted must be used within minutes of the donor's death, heart transplant cases in New Jersey will be rarities.

More than 260 nurses from hospitals and schools of nursing throughout the county learned of recent advances in heart surgery, and the nur-

ses role in assisting the cardiologist and caring for the heart patient at the symposium, held December 2.

Miss Germaine Jacquette of New York University Medical Center spoke to the symposium of nurses on the subject of new equipment in the hospital and how to use it to identify irregularities in post operative heart surgery cases.

The nurses symposium was sponsored by the Nurses Education Committee of the Essex County Heart Association as a part of the association's professional education efforts to upgrade medical care for cardiac patients in the county.

Miss Mary Stern, RN of Livingston, chairman of the committee, noted that this is one of the projects supported by public donations to the Heart Fund.
