

EXTENDING CONGRATULATIONS — Many state and local leaders stopped at the Sunbank building in Nutley last week to congratulate Times publisher Frank A. Orechio on the 75th Anniversary of The Nutley-Sun. Shown at the anniversary reception are (from left) Belleville Town Attorney Nicholas R.

Amato; Maurice Veneri, president of the New Jersey Industrial Council; former Governor Robert Meyner, and Belleville Democratic Chairman, Commissioner Mary V. Senatore.

Commissioners Upset

Belleville May Sue In Sewage Crisis

With the undesirable possibility of 100 million gallons of sewage being dumped daily in the Passaic River by the Passaic Valley Sewage Commission, Belleville officials Mary Senatore and Vincent Strumolo have raised the likelihood of a town lawsuit against the Commission to block the dumping.

Commissioner Senatore said she will "recommend to the town attorney that we get an injunction enjoining them from proceeding. Our feelings are the same as Nutley's."

Nutley has stated publicly it will take any steps necessary to stop the dumping, including a lawsuit.

Commissioners Senatore and Strumolo have asked the town clerk to include on the agenda for Monday's town Commission meeting a discussion of the problem and the possibilities of a lawsuit.

Belleville is one of the largest contributors to the PVSC, paying over \$80,000 yearly to the commission, an increase this year of \$40,000.

"If I have to send my whole department to block the sewage, I will," said Commissioner Senatore, who is a member of the PSVC.

Commissioner Strumolo, as head of the Health Department, was indignant about the pollution possibilities of what he termed "an intolerable plan."

Both Belleville Commissioners were upset that the PVSC did not notify the town of the plan. Strumolo said he is sending letters of protest to the Governor, the PVSC and the State Health Department.

The PVSC had announced last week its intentions to dump the large amount of sewage in the river while repairing a sewer main below Governor Street in Newark.

Strong protests have been lodged by municipalities adjacent to the River. Congressman Peter Rodino (D-10th District) and State Senator Frank Guarino Jr., (D-Hudson) are among State officials announcing intentions to fight the plan. A special meeting of the

PVSC was held yesterday in Newark to discuss the protests.

Town attorney Nicholas R. Amato reports that Nutley's town attorney Anthony T.

Drollas has contacted him for clarification of Belleville's legal position. Amato told the Times he will initiate lawsuit if the Belleville Commission recommends it.

NEW PARISH PASTOR — The Rev. Joseph J. Cestaro took over the duties of administrator of St. Anthony's Church, Belleville, as of last week. Father Cestaro replaced the retiring Rev. Titian Menegus, who was rector of St. Anthony's for 29 years.

Priest Installed At St. Anthony's

The Rev. Joseph J. Cestaro has taken over the role of pastor in St. Anthony's Church, Belleville, as of last week, and already he has begun the duties of church administrator.

Father Cestaro says the duties of pastor in a large church such as St. Anthony's "are pressing indeed, but with the help of God I will succeed." St. Anthony's has a total of 2,300 families plus the duty of serving Clara Maass Memorial Hospital.

The Father cited his largest problem at the present time is the undermanned staff of priests he has to work with. There are only two parish priests serving with him.

Father Cestaro stressed that serving the parishes' 2,300 families and the needs of Clara Maass, whose patients are 80 per cent Catholic, seems to be an impossible job

with just three parish priests. The Father's first and most important objective is to try and get desperately needed help to "the followers of Christ in my area."

The Rev. Titian Mengus, former pastor of St. Anthony's, was pastor over 29 years and Father Cestaro said, "to carry on the good work of the former pastor would be more than enough to ask of me." Father Mengus had retired due to an illness.

Father Cestaro isn't exactly a novice at church administration. Before coming to St. Anthony's, the Father served as pastor of Immaculate Conception Church, Newark, only two miles from the city of St. Anthony's. There he was rector for 10 years. During his administration he was responsible for the

NEXT MISS NEW JERSEY — Marilyn Casale, Miss Belleville, is currently in Cherry Hill representing the town at the Miss New Jersey contest. The winner will be announced on Sunday.

Local Queen Aims For State Crown

Will Miss New Jersey be a Belleville girl? That is the question currently being answered as the State beauty pageant unfolds this weekend in Cherry Hill.

Town hopes are riding on Marilyn Casale, Miss Belleville, who will sing tonight before some 1,500 people in the Cherry Hill High School auditorium.

Marilyn left Wednesday, accompanied by her parents and her official chaperone, Mrs. Barbara Romano. A send off was given the local queen at the Fountain Restaurant on Tuesday night.

During her stay in Cherry Hill, Miss Belleville will be housed in the Cherry Hill Inn. She will be competing for many expensive prizes, including a scholarship, a wardrobe of clothes and a trip to the Miss America Contest in Atlantic City.

Marilyn, a sophomore at West Chester State College in Pennsylvania, won the Miss

Belleville title on April 26 at the high school.

She is working for the Department of Public Affairs this summer. She has been practicing for two months for the big contest.

The Times will run a complete picture coverage of the pageant in next weeks paper.

Crime Ring Suspect Arrested In Belleville

Sam Stellatella, chief suspect in a local crime ring, will have company today when he marches before Judge Edward Abromson for a preliminary hearing in Belleville Municipal Court.

Detectives Cornelius Berrigan and Barton Rossi,

who were responsible for arresting Stellatella after nearly six months investigation, have arrested another suspect in the case that involves several breaking and entries in the Belleville-Nutley area.

Leroy Edwards, 22, of 56

Academy Street, Belleville, will appear in court today with Stellatella on charges of receiving and possessing stolen property and possession of marijuana. Edwards has no previous record.

Edwards, a truck driver, is out on \$2,000 bail. Stellatella was arrested June 30 on three counts and released on identical bail.

Detectives Berrigan and Rossi have not recovered any of the stolen property believed taken from homes and automobiles, except a few items they found six months ago which helped lead to the two arrests.

The detectives hinted there might be other arrests in the future. The current arrests were the result of their investigation along with the aid of confidential tips and three members of the Nutley Police Department, Detective Sgt. William Dietz, Detective Al Cicone and Detective Donald Vicaro.

Vote Set Monday On Stadium Issue

Commissioner William Cullen, looking toward a spring completion for most of his proposed \$100,000 Municipal Stadium expansion project, will introduce a capital improvement ordinance at Monday night's Commission meeting.

"I don't anticipate any problem with the ordinance," said the Commissioner. The ordinance will call for an outlay of \$100,000 in town funds.

The Commissioner reports that through discussion with State officials, he anticipates approximately \$45,000 in state aid.

Presently, all work on the eight and half acres of expansion project land has been halted. Cullen says work at the Stadium must wait until after Monday's meeting. He is also waiting to hear from the Board of Education, which has not decided what it will do with a half acre of land it owns in the proposed expansion area.

Board president Dr. Frank Di Ruggiero told the Times a meeting has not yet been scheduled to discuss the findings of attorney Max Schwartz, who had been directed by the Board to investigate its legal position. Dr. Di Ruggiero has stated the Board will not give up the land until it is assured that the site will be used for educational purposes.

Anticipating the approval of the Commission, Cullen has already begun leveling the expansion property. He

A police spokesman said the Department was deluged with calls, many of which could not be answered.

construction of a new church and also increased the number of parishioners by a large margin.

When asked if he was sorry to leave Immaculate Conception, Father Cestaro replied, "It is with some regret that I left my former parish but I look toward the future with a new challenge."

Father Cestaro is 49 years old and was ordained in 1946 after completing his training at Immaculate Conception Seminary in Darlington, N.J. As a boy he lived in Jersey City and graduated from the public grammar school system there. He then went on to Seton Hall Prep and graduated from Seton Hall College.

Father Cestaro has served in various parishes in Newark and Jersey City before coming to Immaculate Conception where he first received his experience as church administrator.

When asked about the current problems of the Catholic church, the Father answered, "I would endeavor to bridge the ultra conservative of the past with the ultra liberal of the future."

The Father said there are

Belleville Man Gets Sentence

A young Belleville man was sentenced to six months in the Essex County Penitentiary Thursday's Municipal Court for numerous violations of probation.

Daniel Di Benedetto of 51 Honiss Street, Belleville, pleaded guilty to the charges. Richard Talty, Di Benedetto's probation officer, told the court of the many probation violations.

Talty said Di Benedetto had been placed on probation in February of this year for possession of a hypodermic needle. Talty went on to say that Di Benedetto had only paid \$20 on a \$200 fine that had been assessed to him, he twice failed to report to his probation officer, he walked out on a drug program without permission, he openly admitted to using narcotics and he admitted to a breaking and entering charge.

After hearing Talty's accusations, Judge Edward Abromson delted out a six month jail sentence to the defendant.

Local Teacher Takes Course This Summer

Harris, who is a teacher at Belleville High School, is one of 25 teachers from high schools throughout the country taking part in the special program. The institute is sponsored by the engineering and science college and the National Science Foundation.

Courses in chemistry, and mathematics and physics of chemistry have been specifically designed for the high school teachers. The institute will be conducted over a three-summer period. This is the first year of the program.

no major problems at St. Anthony's now excepting the undermanned staff of priests, reiterating, "Father Mengus did a wonderful job in this parish. I just want to carry on his work."

Father Cestaro's duties include the administration of the entire church and grammar school. The Father said he will particularly enjoy taking over the grammar school, as he loves to work with children. There are 450 students enrolled in St. Anthony's grammar school and four nuns and five lay teachers.

Father Cestaro's former parish, Immaculate

Conception, is only two miles away from St. Anthony's, but the Father said "he is not familiar with any people in this area."

St. Anthony's is 60 years old and at one time Immaculate Conception was a mission of St. Anthony's. In 1925, Immaculate Conception was

incorporated, (became a separate parish), and the Father says it is a coincidence indeed that he should be transferred from Immaculate Conception to the mother church, St. Anthony's.

When the Father gets spare time he likes a quiet game of golf. He shoots a 12 handicap, not bad for the rare

Our 75th in Retrospect

Well, the returns are coming in on our 75th Anniversary Edition; and, as one could expect, they aren't all good.

A hasty examination of the issue makes it obvious to the ordinary reader that our local churches and temple received inadequate coverage.

The 75th Anniversary Edition failed to make a single reference to the critical work of Nutley's most important appointed official, our Building Inspector, Ernest Piro, who has served our community so well and loyally for 38 years.

A wonderful story was written about the life and times of the Franklin Men's Shop, but nowhere could the reader find any reference to the late Jack Frienderreich who founded the enterprise 46 years ago.

Nowhere in the edition is there any reference to the great family drug-department store, Jim Riccio's Bay's Drugs, a leader in the modern drug-department store complex.

Thousands of words covering articles including our churches and temple were prepared for publication but they did not see the light of day because of space restrictions. Additionally, some stories have not appeared because of the failure of people or organizations to respond to requests to our editorial staff; however, despite many obstacles, the 75th Anniversary Edition represents the best we could do under the circumstances.

We want to remind our friendly critics and devoted admirers that the 75th Anniversary

Edition had its limitations. A team of wonderful, able young boys and girls was employed to work specifically on the 75th. Some worked part-time and a couple worked full time.

The issue was published for the historical significance of its content.

A town's reputation, like a family's reputation, is not built overnight. We thought that a review of the things that made Nutley a great community might serve as an incentive for our present public officials to take a new look at the old Nutley in an effort to bring meaningful progress to one of America's finest communities.

The 75th Anniversary Edition of The Nutley Sun is now history. If any person or organization feels slighted because of omissions or our failure to include them in the issue, we express our apology.

Despite the faults of the 75th Anniversary Edition, we believe it a worthy enough work to publicly compliment our staff and Production Department for a job well done.

Although self praise is not our cup of tea, after having the benefit of examining other anniversary editions of weekly newspapers throughout the country, we are confident the Sun's 75th, "incomplete" and not without fault, is among the best in the nation.

A Passaic River Sewer

The Nutley Town Commission and the Belleville Town Commission have pledged to fight any effort of the Passaic Valley Sewage Commission to divert 100 million gallons of raw sewage a day into the Passaic River while repairs are made to a cracked main trunk line in Newark.

The proposed diversion of raw sewage into a river should alarm every resident of the area.

More important, the problem should invite the attention of the Prosecutor's Office, for if the cracked sewer line has existed for a reported 18 months, somebody has committed an act of nonfeasance.

It is our judgment that it is a criminal act

to permit a situation that confronts us today which requires the dumping of 100 million gallons daily of raw sewage under our very noses. Mayor Harry Chenoweth of Nutley and Belleville's Acting Mayor Joseph McGreevy should be commended for taking the lead in protesting the plans of the Passaic Valley Sewage Commission.

The diversion plan is obviously a health hazard and must be prevented at all costs.

Ciccone vs. Marmo

Albert Ciccone, secretary-business manager of the Essex County Vocational School Board, is a native of Nutley.

For 23 years Ciccone has served in the position from which Board Chairman Frank Marmo wants to suspend him.

Ever since County Supervisor Walter Blasi appointed Marmo to the Essex County Vocational School Board, the system has never been the same.

School funds have been used to reward the politically faithful. Twelve thousand dollar (\$12,000) and \$15,000 jobs were awarded by the Marmo-dominated management, at the expense of the taxpayer.

Through the courtesy of Mr. Blasi, Marmo's barber, Louis Bertolino of Newark's West Ward, is now a colleague of Marmo's on the School Board.

With Bertolino providing a third vote, Marmo is exercising authority detrimental to the interests of the 7500 students who comprise the Vocational School System.

The Essex County Board of Freeholders has recommended a takeover of the Vocational School System by the State Commissioner of Education.

In order to save an excellent school system, the State takeover cannot take place soon enough for us.

As for Mr. Marmo's charges against Ciccone, we are prepared to support Albert Ciccone without reservation.

Ciccone is a good and decent man. His honesty never has been in question, and his integrity is a matter of public record.

Over the 23 years that Ciccone has been the administrative head of the Essex County Vocational School System, he has proven himself to be an excellent administrator.

If Mr. Marmo was interested in the welfare of the Vocational School System, his charges against Albert Ciccone should have been brought directly to the attention of the proper government officials.

But this procedure would not have served the publicity efforts of Mr. Marmo, who today badly needs good publicity.

The Ciccone name is a Nutley legend, and everything good and admirable is associated with the name.

Despite Mr. Marmo's allegations, the Ciccone family name remains untarnished - and when the final words to the Marmo Vocational School chapter are written Ciccone will be rewarded for his courage to stand up against a man who has done irreparable harm to the reputation of a school system whose high standards and reputation took years to develop.

Rodino and Minish

Congressmen Peter Rodino of the 10th District and Joseph Minish of the 11th District have joined forces in Congress to induce the Nixon Administration to take meaningful action against the high interest costs which the population is now encountering.

Rodino and Minish are aggressively seeking a mandatory reduction in the interest rates people are obliged to pay for the use of

money and/or installment personal purchases.

We wish Rodino and Minish success in their efforts.

Residents Disturbed About Dope Problem

By John Bunevich

Is there a narcotics problem in Belleville? Armed with a tape recorder, Times "Inquiring Photographer," Steve Brothers set off for the Silver Lake section of town to solicit local opinion on this serious question. Citizens of the area, either camera shy or disturbed by the question itself, almost unanimously refused to give their names or allow pictures to be taken, and in some instances declined to comment. The following is a report of Brother's enounted in Silver Lake:

BROTHERS: Do you think there is a narcotics problem in Belleville?

CITIZEN: Do I have to give my name?

BROTHERS: Yes.

CITIZEN: Tony Scoca, 77 Lake Street, Belleville. I definitely think there is a narcotics problem in the town of Belleville and in Silver Lake especially. There are all these junkies hanging around the church and Franklin Street. I don't think the law is doing a sufficient job as far as getting rid of these junkies who hang around.

CITIZEN 2: Personally I think the environment is very bad. I have two young kids growing up and I don't want them to see junkies hanging around all doped up sitting on the church steps. They don't do nothing about getting these kids off the streets. Why don't they do something about it?

CITIZEN 3: I'd better not give my name. I'm in business here. All I know is that they got lots of it around here.

BROTHERS: We need at least a paragraph sir.

CITIZEN 2: He's right, there is a problem. Sleeping in cars and everything.

SCOCA: Go ahead. Don't be afraid. All these politicians want is "vote for me, vote for me," but yet they don't do nothing about getting these kids off the streets. This is true. Sitting on the church steps, hanging out behind the tracks. I even seen one of them in an alley way taking a needle, dropping it and running. This isn't right. The town is supposed to be run right. The reason it bothers me is I have three children of my own. I don't want them bothered by junkies. These politicians want to do something! Let them build a nice playground so the kids don't have to see this.

CITIZEN 4: I moved out of Belleville. I live in Newark now. I'm happy there.

CITIZEN 5: I can remember back about 10 years ago when this problem first started. It's gotten worse.

BROTHERS: Do you think it's more prominent in the Silver Lake area?

CITIZEN 5: No, I think it's just as much as on the other side of Belleville, if not more.

BROTHERS: Do you think there is a lot of damage done because of it?

CITIZEN 5: I think there are a lot of crimes directly related.

BROTHERS: Do you think the pushers come in from Newark?

CITIZEN 5: I think so. That's all I can say. They come in from Newark and New York.

CITIZEN 6: I don't think it's any worse here than anywhere else. The small towns are just as bad.

Speak Up

Communism A Threat Cautions A Reader

Dear Sir:

In your June 19th issue, Editor Frank Orechio is recorded as saying, to put it simply, that as soon as the Mafia cancer is stopped, everything in this country will be "fine and dandy." One question: are the SDS, Black Nationalists, and other communist-affiliated groups members of the Mafia? I think Mr. Orechio and all other people in this country who believe in this theory should stop and think a little harder.

Who is trying to destroy our American way of life the way our fore-fathers saw it, the Mafia or the communists? Who is infiltrating our schools and universities to bring down the "Establishment." the

Mafia or the communists? Why does our youth no longer have any kind of patriotism for America that our American boys and men since the Revolutionary War have fought and died for for a simple word called "Freedom? Because of the Mafia?

Think a little harder you closed minded people who don't want to face the facts. We must destroy the growing communist element that is generating throughout this country if we want to remain a free country and be respected for this throughout the world. God Bless Mr. Marchi and Mr. Procacino on their primary victories for the mayor of New York.

July 4 Celebration Attracts 12,000

Belleville's 1969 Fourth of July Celebration at the Municipal Stadium was attended by well over 12,000 people. The program starting with the children track and field events in the morning, offered a fine circus and capped off the day with a fireworks display.

Walter Saunders started the evening festivities singing the Star Spangled Banner as members of Belleville's Veterans Council presented the colors. Next Howard Olliver, the master of ceremonies introduced Commissioner William H. Cullen whose Department of Parks and Public Property conducted the celebration. Commissioner Cullen, in turn, introduced Commissioners Senatore and McGreevy. This was followed by an extremely fine circus that thrilled young and old alike.

Following the circus Nicholas Mauncele, past president of the Colony Clubs announced this year's winner of the Colony Club "Citizen of the Year Award" and acting Mayor Joseph F. McGreevy presented the handsome plaque to Commissioner Mary Senatore. Saunders was generous in his praise of the band that offered his accompaniment.

Perhaps the day's greatest action took place as hundreds of children took part in the track and field events. These events under the direction of

the playground staff, ran smoothly, thanks to a great bunch of competitors who were very cooperative and very enthusiastic.

The 50 yard dash for boys 6-8 years old was won by Mike Siciliano and the runner-up was Robert Napolitano. Douglas Jackson won the boys 75 yard dash for boys 9-11 with Greg Douglas the runner-up. In the special open 100 yard dash Joe Bacchetta came through the heats to win and Frank Petite was second.

On the distaff side, Claudette Fantin won the 50 yard dash for 6-8 year olds and Janet Viani was second. Paulette Tepe took first in the 9-11 year old girls 75 yard dash with Cynthia Kosalko in second. In the 12-14 year old group Barb Siska was first in the 75 yarddash and Karne Arrietta tied with Dori Viviani for second.

Highlight of the girl's events was the 440 yard relay for girls 12-14 and the team of Karen Arrietta, Andrea Gravante, Barbara Siska, and Dori Viviani took the top honors while second place was taken by Debbie McGill, Janice Sheldon, Donna De Notaris, and Susan Winship.

On the field the potato race for Boys 6-8 was won by Michael Pellegrino with Chris Hockstahl second. Chris came back to win the sack race and Nicholas Muzzicato was second. For boys 9-11 the three-legged race was won by Louis Klein and John Worthington and the second place was won by John Caccella and Mark Komoroski. Michael O'Connor won the sack race in this group with Tony Biafore a close second. The obstacle race was won by Gregory Capece and Michael Cmapione was second.

For the 12-14 year old boys, Robert Shenk won the obstacle race and Harry Baumgartner was second. Tom Spooner and Anthony Nicosia won the three-legged race with Brian King and Jim Dahlquist in second.

The girls 6-8 sack race was won by Janet Biviano and second was taken by Denise Zarro. Claudette Fantin became a double winner with her first place in the Potato Race. Among the 9-11 year old girls the team of Leslie Zarro and Barbara Aulisi won the three-legged race as Kathy Ward and Diane Carissimo took second.

Charlene Lenihan and Rosemary Buckland were winners in the Sack Races while Dale Lenihan and Gail Cocchetti were second place winners. Cindy Corris won the Obstacle Race and Susan McDermott was second.

For the 12-14 year old girls, Andrea Gravante picked her second win in the obstacle race and Barbara Siska took a second after already having won two events. The three-legged race was won by the team of Kin Raabe and Karne Kasalka with second place going to Dori Viviani and Caroline Caltigerone.

The field events were brought to a close with the pitting of might in two tug-o-war contests. Again the entry was heavy and heats had to be run. In the 9-11 year old group the winning team was Jerry Dillon, Harry Baumgartner, Bob Cote, Robert Shenk and Tom Zarra. A great deal of sweat poured and many muscles strained as the 12-14 year

olds fought it out. Finally the winners emerged in the persons of Joe Bacchetta, John Bacchetta, Richard Ciallella, Bob Cattle, and John Skidmore.

In New Zealand at some hospitals the "No Children Allowed" signs have been removed from maternity wards. This experimental plan permitting older children to visit their mothers after delivery is an attempt to relieve one of childhood's most trying moments: watching mommy go away to the hospital to get that new baby brother or sister. Most mothers enjoyed having their older children come to see them. And most everyone agreed, doctors and mothers, that leaving the youngsters at home, nervous and anxious, was not healthy. The children and mothers are much happier with this new plan. Let's watch for this more and more in the near future!

Legion Nine Downs Cedar Grove Club

By John McCarthy

The American Legion Post 105 baseball team won its second game in a row beating Cedar Grove, 6-2 last week at the Stadium. The Post will play Montclair on Monday at home in the last game of the season.

Rich Schulz got his second win against 2 defeats as he evened the teams record at 5-5. Rich let up only 3 hits, but 2 of them in the 4th inning along with two

sacrifices gave Cedar Grove their two runs. Rich had 8 strike-outs and walked only 4 in seven innings.

The Cedar Grove pitcher practically handed Belleville their 4 runs in the first inning as he walked 3, hit 1 batter and let up 2 hits, one of them a homer by Bill Otskey.

Tony Cervasio led off the inning and walked. Tony then attempted to steal second and was safe as the catcher's throw went out to the track in center field. The centerfielder bobbled the ball so Tony went to third and as Tony tried to score the shortstop picked up the ball and threw him out at the plate. Johnny Goscinski then walked and stole second. Don Boyce singled to center and went to second on the Centerfielder's throw. The throw from center to third in attempt to catch Goscinski went over the third baseman's head and John scored the first Belleville run.

Bill Otskey got up with Boyce on second and hit a smash to center field for a home run and runs two and three for Belleville. Joe

Papasidero walked after Joe Vitiello struckout. Paps went to second when Pete Remondelli was hit by a pitch. In a double steal attempt, Pete went to second and Joe Paps scored as the throw went out to center.

Belleville scored again in the sixth and the seventh as singles by Tony Cervasio knocked in both runs. Ray Campbell reached first on an error by the shortstop in the sixth. Rich Schulz then hit into a fielders choice and "Soupy" Campbell was safe on an error by the pitcher. Tony C then got up and singled between short and third, scoring "Soupy". "Soupy" got up again in the seventh and tripled with two outs. Schulz then received Belleville's eighth walk and Tony C. singled down the line into left, scoring "Soupy" for the second time.

Belleville Teen Ager Levied \$50 Fine For Alcohol In Car

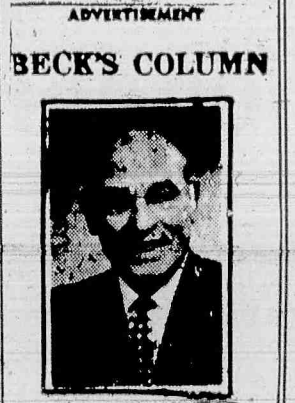

A young Belleville teenage girl, already on probation, was charged with illegal possession of alcoholic beverages in a car on the parkway, May 17, in last week's Nutley Municipal Court.

Paullete Cunard of 102 Academy Street, Belleville, pleaded guilty to the charge. She told the court she was not driving the car when it was stopped, but was only a passenger in the vehicle.

When asked for his recommendation by the court, probation Officer Richard Talty asked that Paullete not be sent to jail but rather a fine should be imposed. Talty told the court she is under a doctor's care for a mental disorder at the present time.

Judge Edwin J. Joerg concurred with the probation officer and imposed a fine of \$50.

Never get into heated discussions with uninformed associates. The worst thing you can do is be right.

By MAX BECK

A short time ago a lady who works at IT&T came to the store and wanted to buy a stereo system of component parts. Such a purchase by ladies is rather unusual.

As we questioned her in the course of the demonstration, she said that the engineers where she works told her not to pay out any money for a cabinet and buy components instead.

By the description of the layout of her rooms it was quite obvious that components were not the answer. The writer offered to look it over and went to the house.

She wanted to place components in the dining room, simply because there was some room on a cabinet. And she wanted to listen to stereo music in the next room. Needless to say that she would have wasted her money, there would not have been any "stereo" under these circumstances.

There was an ugly looking, unused fireplace in the living room, where she wanted to hear the music. It was in the perfect spot to place a cabinet. The settee was just the right distance and at the right angle. There was no place to put components without messing up the whole set. In this case, components certainly would not have been a wise choice.

Many times in a recreation room or den it is a distinct advantage to buy components. Under some conditions there just is no room for a cabinet. Equally good tone quality is available from a self contained cabinet as well as from components. It depends on the circumstances.

We are available for consultation if there is a question about what is best for you. We gladly advise you, there is no charge or obligation of any kind.

We service what we sell. Beck's Radio TV HI FI Nutley 667-2275.

Undefeated Team Tops Standings

Undefeated Colony Club maintained a 1 1/2 game lead over second place Rotary Club, as it took two key tilts in the American League race.

Rotary kept pace with the leader, and with a 4-1 record, is preparing for its decisive match against Colony this week.

In the National League, Jolly Cleaners and K of C 835 remained in a deadlock for the top spot with identical 4-1 records. The two teams meet this week in a game which will decide the second half league champion.

Winners of the leagues' first half, Amvets and Wallace & Tiernan, have not fared too well. Wallace is floundering with a 1-3 record, while Amvets is a .500 with a 3-3 mark.

THE FIRST PITCH—Nutley's Ed Negra throws out the first pitch of the Independence Day game between Nutley and Belleville. Negra pitched a shut out victory, allowing only three hits.

FLY OUT — Bob Miesieski of Nutley catches a routine fly out in left field as Nutley third baseman Tom Falduto watches the play in foreground. Nutley made only one error in the game.

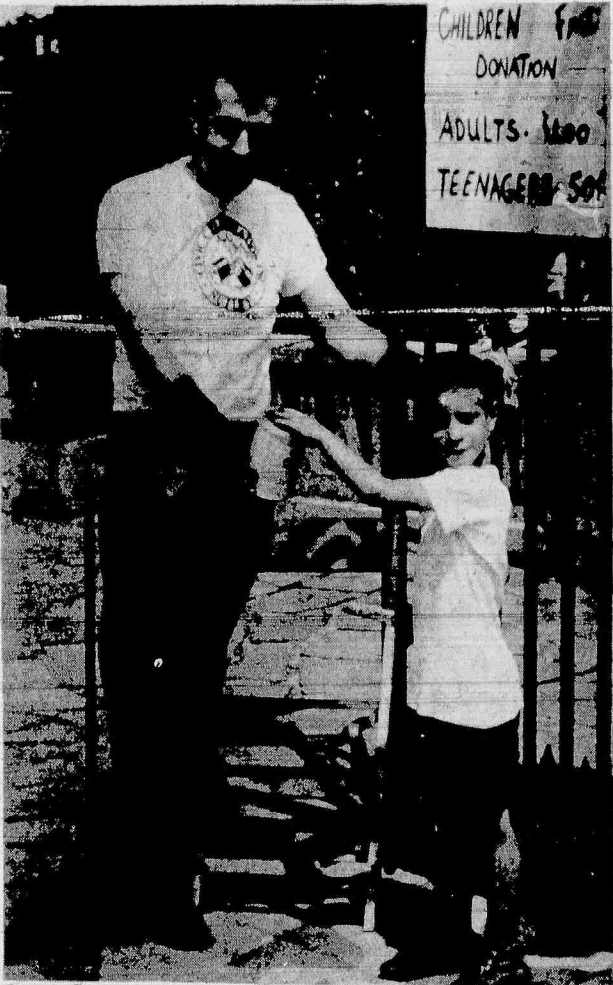

SAFE ON AN ERROR — Nutley's Tom Falduto seems to be out by a wide margin at first base but the ball was underthrown and Falduto was safe at first on the error. Belleville's first baseman, Tony Cervasio tries in vain to scoop up the ball.

NUTLEY LEADER — Nutley's Joe Di Giacomo lets loose with a powerful swing but the ball ended up in the second basemen's glove. Di Giacomo leads the Nutley club with a .545 batting average. In the Belleville game Di Giacomo was hitless but drew a walk.

Nutley Beats Belleville On Independence Day, 9-0

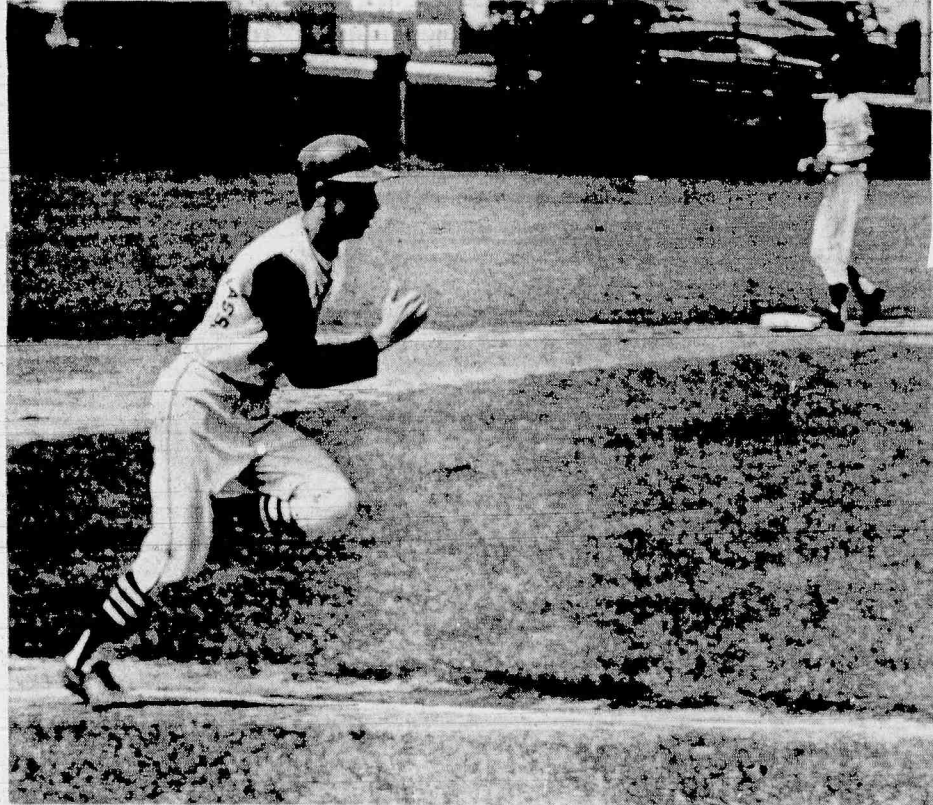

COLLECTING DONATIONS — At left, Pete Frazza is collecting donations for the American Legion baseball league. Little Anthony Vignola, brother of Nutley player Jim Vignola chips in his fair share. Anthony wasn't obligated to play but it was for a good cause.

GANGWAY! — Gangway may be the exclamation by Nutley's Greg Clarke as he slides (?) safely at home plate. Clarke scored one of Nutley's nine runs against Belleville in the July 4 game. Belleville catcher Joe Vitiello lunges desperately for the ball as Nutley player (at left) Bob Miesieski watches the play. Home plate umpire Joe Restaino gives the safe sign on the play.

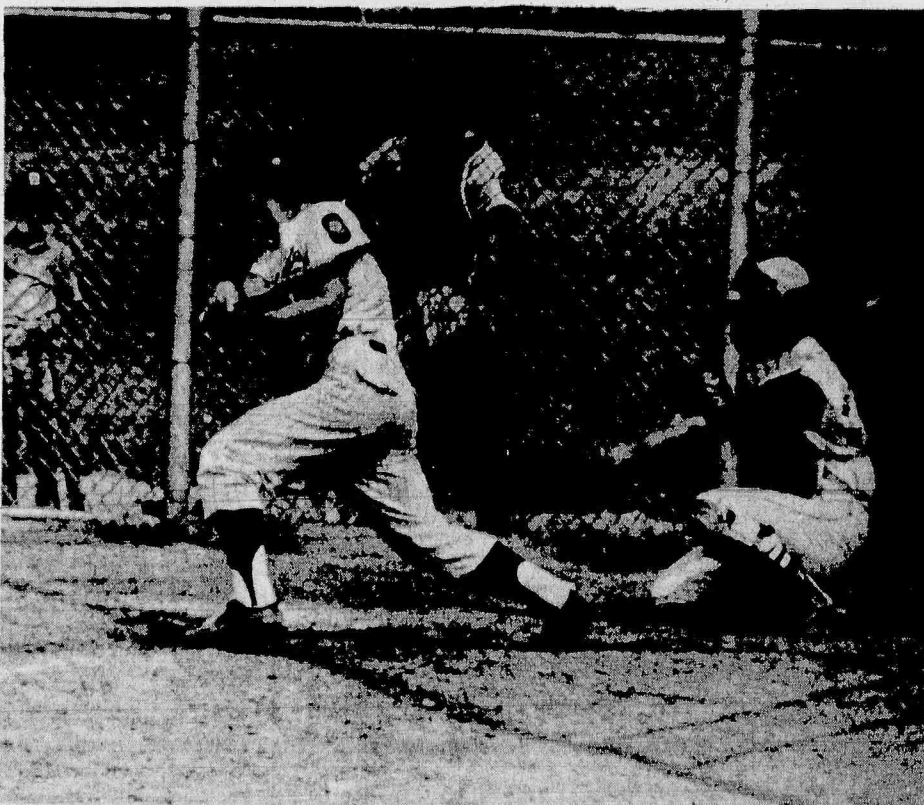

INTERESTED SPECATOR — Pretty Patty Voight seems intensely involved in the game. Every time Nutley scored she cheered. Patty Voight resides in Nutley.

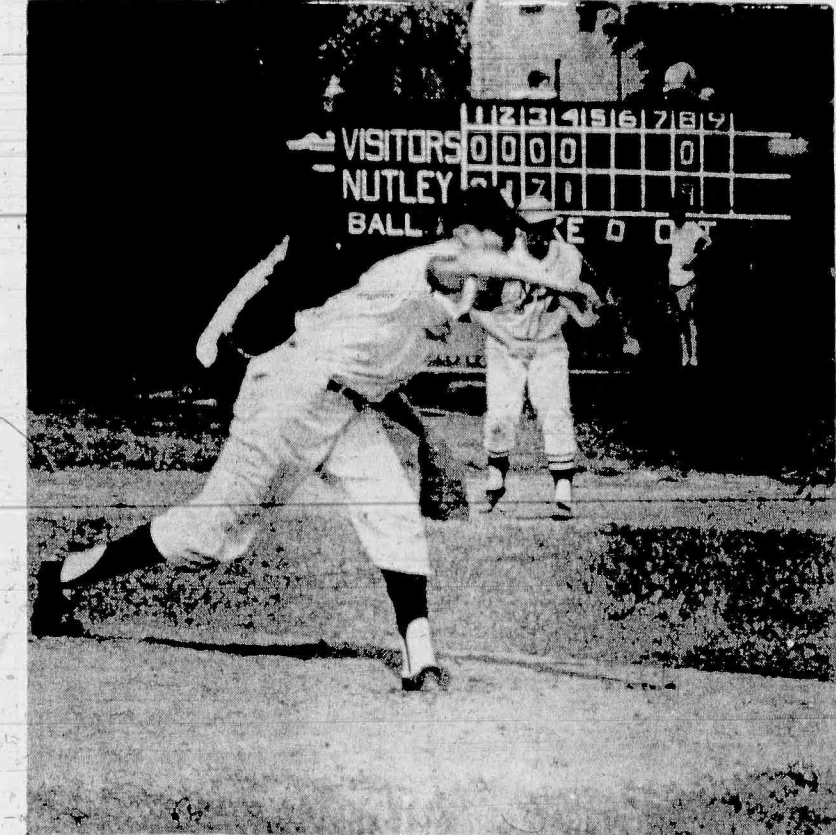

SCORING ON A SACRIFICE — Nutley pitcher Ed Negra scores from third base on Bob Berke's sacrifice fly out. Negra helped his own cause by blasting a triple before scoring. Negra's record as a pitcher for the Legion this year is 4-1.

JUNIOR AND HIS DAD — Nutley coach Frank Di Marco seems to be a picture of contentment after the game. Di Marco's team won the yearly rivalry with Belleville as his son, Frank Jr., can attest to.

ONE OF THREE HITS — Belleville right fielder Pete Remondelli connects with the pitch and knocks a single through the middle. Remondelli, however, was stranded on base as the Belleville team only got three hits off Nutley pitcher Ed Negra.

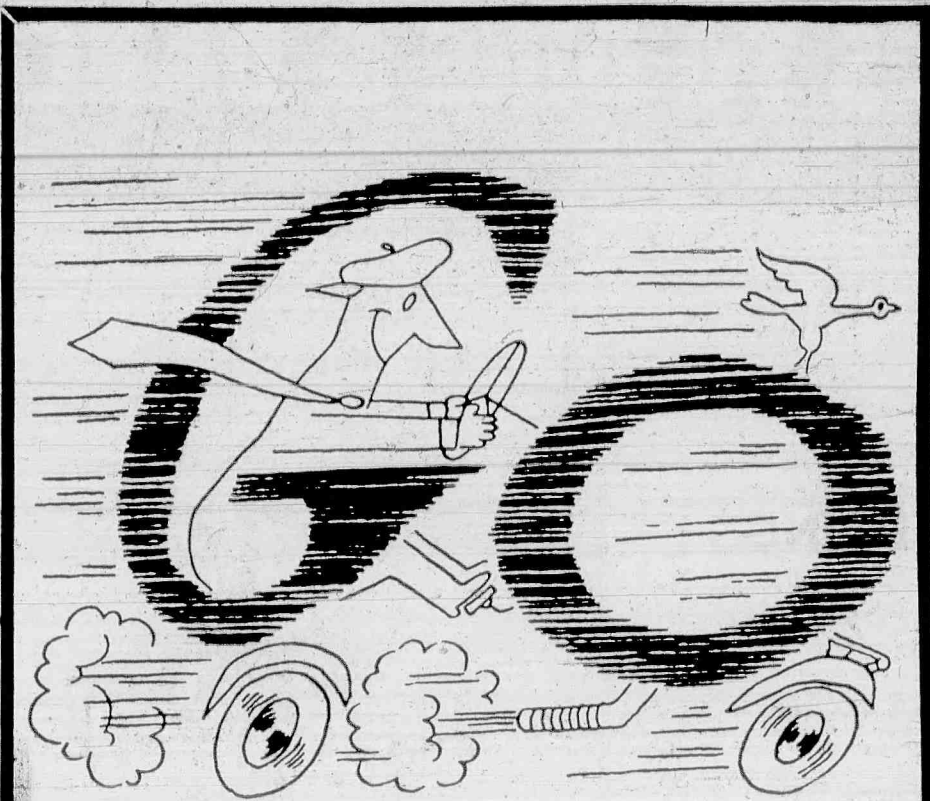

BELLEVILLE RELIEVER — Rich Schulz, the Belleville relief pitcher lets loose with a pitch. Leading off first is Nutley's Greg Clarke while the Belleville first baseman, Tony Cervasio gets set for the play.

A FIELDING PITCHER — Nutley pitcher Ed Negra fields a ground ball and throws on to first for the out. First baseman Jim Carrigan redies himself for the throw. A good fielding pitcher plays a large part in winning ballgames.

A BASE HIT — Nutley third baseman, Tom Falduto, strokes a hit to right center field. Falduto only had one hit for the day but that one hit was responsible for two Nutley runs.

Gymnastic Squad Sets New Records

Montclair State College's varsity gymnastic team turned in the best record in the school's seven year history of varsity competition during the 1969 season winning nine of 11 matches.

Coach Terry Orlick's teams, led by senior Rich Schwarz of Morris Plains (NJ) and junior Dave Green of Jersey City (NJ) lost only to nationally ranked Southern Connecticut State and the United States Marine Academy in 11 matches.

Montclair State's other victories were over United State Coast Guard Academy, Trenton State, Cortland State, West Virginia University, Queens College, Long Island University and Ithaca College.

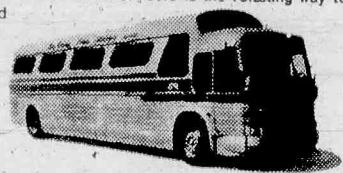

Schwarz, captain of the team, took part in all 11 dual matches and walked off with 24 first place wins.

Baja Marimba Band Set To Appear At Steel Pier

The maucap Baja Marimba Band, which provokes laughter with a lazy Latin beat, will split a bill of music and mirth at Steel Pier in Atlantic City today through July 16.

Julius Wechter and his mustachioed Baja boys, who look like the fabled Pancho Villa's marauders, are great crowd pleasers and they're sure to rock the rafters of the giant Marine Ballroom with laughter.

Mumbling periodically through their bushy mustaches, munching cigars and occasionally sleeping on stage, the group astonishes audiences with its musical sophistication. An offspring of Herb Alpert's Tijuana Brass (Wechter played in Alpert's first recording), the Baja Marimba Band avoids the brass which characterizes Alpert. Some have called Wechter's music a kind of "Mexican Dixieland."

In the meantime, the big musical happening at Steel Pier will star The Hesitations, a big rhythm and blues sound, in the famous Music Hall. Like the Baja Marimba Band, The Hesitations are spectacular showmen, adding antics to their act to please eyes as well as ears.

To round out a full day of excitement at Steel Pier, all for one admission, there's the famous High Diving Horse, Water Thrill Circus, Ed Hurst Record Hops, Tony Grant Children's Theater, two family-type motion pictures, fun houses, exhibits, picnic decks and lots more.

Red Cross Gives Pool Safety Tips

More than half a million U.S. families, who count a swimming pool as part of home, were given tips by the American Red Cross recently on how to make the private pool a place of pleasure and not a place of discomfort or even tragedy.

"This is the time when you will want to clean the winter debris out of your pool, have your purification system put in working order, and make sure there are safety items at the poolside," said John T. Goetz, eastern area director of Red Cross Safety Programs.

He said that 575,700 in-ground home pools were in use in the 1967-1968 fiscal year which is an increase of 20,500 over the previous year. These precautions, he suggested, will help keep the home pool a safe and enjoyable place for the family and friends:

1. Consult your local health department about pool sanitation. Know how to test for purity of water and how to maintain good chemical balance.

2. Be sure the pool deck is as slipproof as possible. Rough cement or small tiles make a safer surface.

3. Clearly mark the shallow and deep parts of pool with buoy lines.

4. Allow no one to swim alone.

5. Provide supervision for youngsters at all times.

6. Fence the pool and include a gate which can be locked when the pool is not in use.

7. Make provisions for shade so that pool users can get respite from the sun.

8. Install a home pool

safety post with a ring buoy, reaching pole, and a list of emergency phone numbers. Your Red Cross chapter can provide a poster which gives the specifications for setting up the post.

9. Keep a first aid kit on hand.

10. Be sure that some member of your family knows how to administer first aid; especially artificial respiration. Your Red Cross chapter can tell you when its next first aid lifesaving course is scheduled.

11. Do not allow running or horseplay around the pool.

12. Do not allow bottles or glassware around the pool.

13. A diving board can be a hazard. Caution swimmers to stay away from the area directly in front of the board.

14. Free swimming instruction is available through your Red Cross chapter. It can also provide you with the illustrated booklet, "Teaching Johnny to Swim," which will give step-by-step information for teaching very young children to swim.

Fidelity Union Trust Company Announces Increase in Earnings

C. Malcolm Davis chairman of the Board of Fidelity Union Trust Company, announced that net operating earnings after provision for taxes amounted to \$5,228,000 for the six months period ended June 30, 1969. This is an increase of 21.1% compared to the same period in 1968, when earnings were \$4,316,000 at the half-year point.

Earnings per share for the first half of 1969 were \$2.17, compared with \$1.80 for the comparable 1968 period.

Masterwork School of Art Opens July 7

Mrs. Robert C. May of Whippany, executive director of The Masterwork Music and Art Foundation, announces that The Masterwork School of Art a six-week opened summer session Monday.

Ugo Giannini, who has been appointed director for the summer session, and Donald Fabricant of Brooklyn will serve as associate director.

Included in the courses being given are elementary, intermediary, and advanced painting and drawing, sculptural design, and painting for young people. Classes are held at the Masterwork Art Building Mondays through Saturdays from 9:30 a.m. to 4:30 p.m. Complete course information and schedule of fees is available from the Masterwork office upon request.

Giannini is a member of the art faculty of Caldwell College and for a number of years has given lectures and conducted workshops as a part of the Masterwork Festival Program. He is on the staff of the Philadelphia College of Art and an exhibit of works by him was on display last summer during the 1968 Festival of Music and Art.

Former ITT
Manager Now
Friden Head

Thomas P. Gilmer, a former manager in both digital and switching systems laboratories with ITT Federal Laboratories in Nutley, will be the chief executive of the new Albuquerque N.M., facility of the Friden Division of The Singer Company.

The business machines firm has announced plans to make electronic calculators, copying machines, and other office products at its new Albuquerque factory, which will begin operating in temporary quarters this month.

Construction of a new office products division installation, which will include administrative offices, research and engineering facilities, as well as the factory, is scheduled to begin this fall and the building should be completed early in 1970.

As vice president — office products operations for the Friden Division, Gilmer will direct all activities at the new Albuquerque facility.

Gilmer came to Singer's Friden Division as manager of the research and development systems department in October 1965. He stepped up to director of engineering in February 1967 and to San Leandro general manager in December 1967. He was elected a vice president in August 1968.

Born in Okmulgee, Okla., Gilmer was stationed at the Aberdeen and White Sands Proving Grounds while serving in the Army Ordnance Corps. He received his BS degree in electrical engineering from Oklahoma State University and has taken business administration courses in the Indiana University extension program.
