Special Report Made

High Schools Face Expansion Issue

A preliminary investigation into the physical and instructional needs of Belleville junior and senior high schools has revealed several problems facing the Board of Education.

The analysis of the schools, conducted by a special Board committee under the direction of schools Superintendent Anthony Greco, emphasized the need for added space and staff to meet increased enrollment and new courses of study.

The key problem at the Junior High School is physical, with 10 additional classrooms and a new

cafeteria being the most urgent needs.

At the high school, the committee reports a need for more staff and space.

The report on the schools, presented to the Board last Monday night, represents a preliminary analysis of overall needs. A second report will be presented soon by Greco which will make specific recommendations for improvements which his committee deems urgent and necessary. It is these final recommendations which the Board will then consider for financial action.

Complicating matters for

the Board will be their own budgetary problems. If improvements are to be made, cash will have to be provided from their budget. Even if the Board is able to finance some improvements from their recently restored budget, long range plans will face the difficulty of appealing to an electorate which has recently tightened the Board's purse strings.

Greco said he was aware of the financial difficulties involved, but said that "we have problems which we must face for the betterment of education in Belleville."

"The Board was presented a large mouthful Monday night," Greco said, "enough to chew on and certainly hard to digest in terms of building expansion. I am sure they see the large dollar sign looming, but we must face our school problems."

Greco said his committee will soon release a report which will narrow down the needs of the schools to the most necessary ones, and then will present them to the Board for consideration.

In the Junior High School, Principal Sy Grossman, after meeting with his vice principal, Mario Di Maggio, department heads and individual staff members, submitted a report to Greco stating the schools needs.

Grossman said he is more than satisfied with what he termed an excellent curriculum, but cited several physical problems. High on the list is the need for an architect to be hired to review the entire building with respect to adding 10 new rooms and a cafeteria.

Increased student enrollment was mentioned as the cause for expansion.

Mayor Sees Easing Of Tax Burden

Mayor Ken Smith, taking what he called a significant step toward easing local tax burdens, presented a resolution this week to a state conference of municipal officials asking for a 50 per cent return of sales tax moneys to towns throughout the state.

Smith's resolution was presented at the Atlantic City convention with the endorse-

Mayor Ken Smith

ment of the Essex County Mayors' Conference.

The effect of returning 50 per cent of the sales tax on a per capita basis would be to lower Belleville's tax rate by 40 points, according to town treasurer Francis McCoy.

Last year the state collected over \$280 million worth of sales tax revenue.

The Mayor is optimistic that the tax relief plan will become more than just a paper resolution. According to Smith, Governor-elect William Cahill is looking for a new tax plan for the cities, and may be responsive to the sales tax proposal.

"Governor-elect Cahill is well aware of the needs of the municipalities," the Mayor said. "He has been appraised of our needs in the campaign

Lawsuit Ignored

Beefed Up Budget Planned By Board

The Belleville Board of Education is wasting no time in utilizing the \$128,000 returned to its treasury by the State Commissioner of Education.

Right now the Board staff is busy preparing a revised budget for the current school year which will include the additional funds.

Little or no concern is being shown by the school body for the possibility that a court reversal of the State Commissioner's decision would place the Board in debt and open it to a liability suit.

The Board met Monday night to discuss the new budget, and emerged as firmly committed as ever to spending the restored funds.

The Times asked Board President Dr. Frank Di Ruggiero whether Board attorney Max Schwartz had commented on the lawsuit possibility. Dr. Di Ruggiero said Schwartz "just laughed." The school president added that on Schwartz' advice, the Board is not worried about any lawsuits.

"The Commissioner made a bonified decision," said Dr. Di Ruggiero, "and we are going to abide by it. We are not worried about the Mayor alleging prejudice in the case because Glasby was here 25 years ago."

Dr. Di Ruggiero was referring to charges made last week by Mayor Ken Smith that the hearing officer for the budget appeal, Edward Glasby, was a former Belleville High School English teacher. Smith had hinted that Glasby's connection with Belleville High School had prejudiced the decision.

Thus as far as the Board of Education is concerned, its budget worries are over.

The town fathers, however, disagree, and are preparing to do battle with the Board on another front. Town attorney Nicholas R. Amato says he is preparing a line of attack for an appeal to the State Commissioner and would reveal his plans shortly. The attorney said the town is ready to go to court if necessary.

Problems began for the Board back in February, when town voters twice rejected proposed school budgets. The Commission then cut \$205,777 from the budget, prompting the Board to appeal in June to the State Department of Education for restoration of funds. After nearly six months, State Commissioner of Education, Carl Marburger, restored \$128,000 to the Board.

The possibility of further problems due to lawsuits, reflects the Board's decision to spend the funds despite the fact that the budget restoration is under appeal. Should the Board spend the

money, and find that a town appeal was successful, the school body would be in a position of having incurred a debt, Amato told the Times last week that if the Board incurred a debt knowing that the budget was on appeal, lawsuits might result.

Meanwhile the Board will go about its business of drawing up a new budget. One area which was restored by the State Commissioner

was textbooks, where a \$16,000 cut by the town Commissioners was sustained.

The Board is trying out new textbook series in several areas of its school system and feels it needs the money to finance new textbooks.

What may happen, then, will be a rearrangement of restored funds so that money can be diverted to textbook purchase. This seems to be what Board President Dr. Di

Ruggiero indicates when he says some money will be rearranged to help textbook purchase.

Another problem facing the school system is the need for expansion, both physical and curriculum wise. With town voters reluctant to raise their taxes for the school system, it is anyone's bet where the cash will come from.

PRE-GAME PEP TALK — There was a tense hush in the locker room before the Bellboys took the field against Kearny last Saturday. Coach John Amabile firmly emphasized that the difference between a good and a fair season depended on the game's outcome. "We've got to win it," the coach said. And the Bellboys did just that, racing up a 40-6 slaughter featuring the brilliant running of junior Ricky Caruso, who rolled up 188 yards rushing and four touchdowns.

Raid Nabs Lottery Suspect In Town

Belleville Detectives raided a private home in town November 6 and arrested a man on charges of bookmaking and selling lottery tickets.

The gambling raid was the third in Belleville in the last four months. Two previous raids were made by Essex

County detectives.

Released on \$1,000 bail pending a Municipal Court hearing today is Frank Cozza, 45, of 6 Crescent Terrace.

Police said they entered Cozza's basement and confiscated several lottery tickets and an undisclosed amount of cash.

Detective Sgt. Joe Tortorello, who led the raid, said Cozza attempted to burn "flash" paper with a candle when police entered the cellar. "Flash," paper, the detective said, is highly flammable and is used by book makers to record bets.

Sgt. Tortorello also said detectives took bets over Cozza's phone during the raid.

Also in on the raid was Detective Sgt. Hank Olivieri and Detectives Kenneth Place, Frank Falcone and Bert Rossi.

Police said Cozza is an unemployed baker.

Centennial Week Set By Mayor

Mayor Ken Smith has added his official backing to the football centennial plans set for Municipal Stadium on Thanksgiving day by proclaiming the week beginning November 4 as Football Centennial Week.

Plans are already underway to bring back to the Stadium on turkey day Belleville football players who graduated before 1955. A pre-game buffet at the high school and a parade onto the playing field will highlight the day set aside to mark footballs one hundredth anniversary.

The Mayor said in his proclamation:

"Whereas the first game of football was played on November 6, 1869, between Princeton University and Rutgers University; and...

"Whereas over the intervening century the game of football has become an integral part of American life, affording pleasure to millions of spectators as well as conditioning in mind and body, to the participants; and...

"Whereas the principals of sportsmanship learned and displayed on the playing fields of our nation constitute a significant and unique part of the American educational process and tradition; and...

"Whereas the quality of life in our nation's future will largely be determined by the

A Thanksgiving Recipe: Crushed Orange Delight

Except for a few stray kids scrambling over its spike-scarred turf, Municipal Stadium will be silent this Saturday, as the Bellboys take a week off in preparation for a Turkey Day matchup with speedy Orange High.

The Bellboys are walking lighter this week after their stunning 40-6 clobbering of Kearny last Saturday.

Combining a stingy defense with their best offensive outbreak to date, the Bellboys thoroughly outclassed the Cardinals in what was supposed to be a tough meeting for the two clubs.

With a 5-3 record, Coach John Amabile takes the Bellboys into the season final hoping to fatten up his best season as a Belleville coach. Amabile's two previous campaigns were less than

bright, both showing 3-6 marks.

This year has been a different story, with Amabile right from the beginning preaching winning football to the team. Except for a couple of last minute scores, the Bellboys could well be 7-1.

Bloomfield nipped the team in the last 28 seconds on a controversial touchdown pass. Marching down to the Garfield three yard line with less than a minute to play and only two points behind, Bellboy quarterback Joe Papisidero was intercepted in the end zone and fell victim to a shocking 101 yard touchdown jaunt.

With most of the squad being juniors and sophomores, the Thanksgiving Day game will present to home town fans a preview of next year's campaign. For the senior members of the team, the Orange game will mark their final appearance in a Bellboy

uniform.

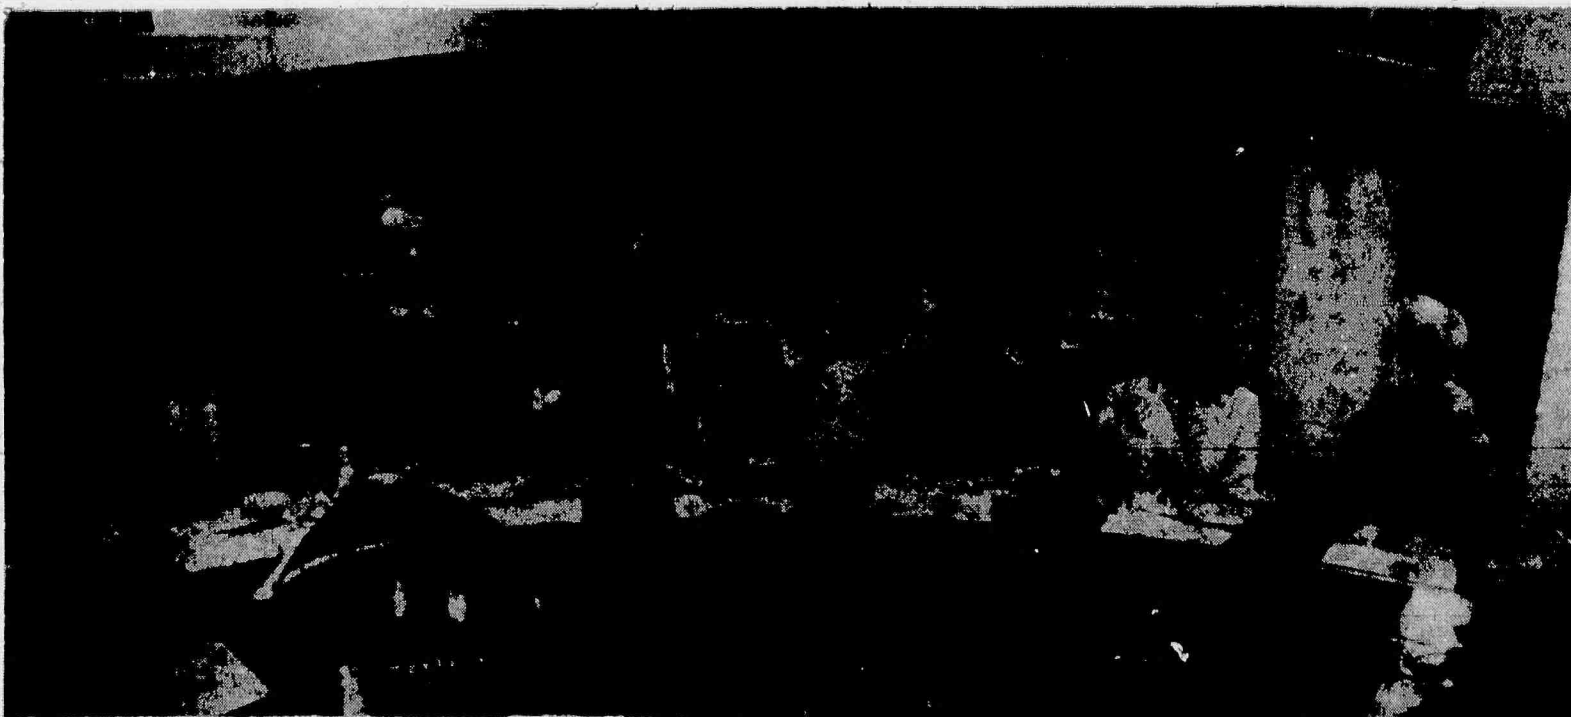

Most noticeable of all the seniors playing out their varsity careers will be Joe Ritacco. Ritacco has been the Bellboy's best all-around performer this year, and has been nominated by Amabile for All-State consideration.

Amabile emphasized Ritacco's all-around performance, which includes being second on the club in tackles made, with three blocked punts, two blocked extra points and two fumble recoveries, in addition to his pass catching.

Films from the East Orange, Garfield and Kearny games were sent by Amabile to the Newark News for consideration. Half of the Kearny game film was lost, Amabile says, because of photographic difficulties.

Eight starting seniors, four on offense and five on defense, will be playing their final games. Linebackers Sal

Belleville To North Pole: Helicopter Here Santa

With Christmas rapidly approaching, the Belleville Chamber of Commerce has received a bulletin from the North Pole promising the town an appearance by Santa Claus on Friday, November 28.

The venerable old gentleman will arrive at Clearman Field between 1:15 and 1:30 p.m., the Chamber said. Because of a heavy schedule, Mr. Claus will abandon his sleigh for a speedier twentieth century form of transportation, the helicopter.

In a return message to the Pole, the Chamber has invited Mr. Claus to take part in a parade from Clearman Field to town Hall. Mr. Claus will

ride in a car provided by Chamber President George Mead and will follow the Belleville High School band to Town Hall where Mayor Ken Smith will extend official greetings.

Mr. Claus' arrival coincides with the turning on of the town Christmas lights from Williams Street to Rutgers Street on Washington Avenue.

The Chamber said it would like to thank the Board of Education for permitting Mr. Claus to arrive at Clearman. Thanks were also extended to the Police and Fire Departments who will be on hand to insure the safety of participants.

Schools Must Face Expansion Issue

(Continued from Page 1)

The junior high school principal also cited the need for a new public address system, rewiring of the school, improved lighting, aluminum windows and a new heating system. Also on the list is air conditioning of the present cafeteria and the teachers' dining room; sound proof music rooms, cafeteria and auditorium; replacement of chalk boards; improved parking facilities and a name plate on the front of the building reading Belleville Junior High School.

Grossman said a broader

geography, international group origins (which would include Afro-American studies), speech, dramatics, creative writing, applied science, Latin on the seventh and eighth grade levels and Russian.

Teacher involvement was also cited as a need, along with more substitute teachers. Grossman would like to have teachers attend conferences and conventions and make school visitations. Speakers would be invited to class and experts would be used to advise with department personnel.

High School Principal Ray Smith submitted a report to Greco analyzing school needs in each department; with the major emphasis placed on additional space and staff members, and in some instances, smaller classes.

In English, Smith reports that the offerings "are quite comprehensive, but with additional space and staff, smaller classes could be effected in the general and college levels." Also additional courses would be offered which might include advanced placement, composition, reading and literary writing.

The social studies program offers a "well rounded"

curriculum, coupled with the enrollment increase, demanded additional staff members. Sought is a music teacher for half session to fill the present music director's schedule when he leaves for elementary schools, and to alleviate crowded chorus and vocal music schedules.

Also needed are teachers in science, math, girls physical education and shop. At least one permanent substitute and an I.B.M. person for report cards and attendance registers are needed.

A key recommendation made by Grossman is a staggered school schedule for the 1970-71 school year, in order that rooms may be used for two extra periods.

Grossman would also like to see buses to pick up students on the earlier schedules.

Some needs were also expressed in curriculum, particularly in the areas of expansion and revision. Study groups are sought for all areas. Among the new courses to be considered are world

country. More space and equipment is needed here for any increase in the course offerings.

Science classes are at a capacity level, and as is the case with other departments, expansion or enrichment will mean more space and staff.

There is a real need, says Smith, for remedial courses and complete coordination of math curriculum from grades seven through 12.

The major problem in the music department is the need for orchestra and string instruction. Art courses are reported "smooth" and in need of little change.

Smith Sees

and I am sure he will do something about it."

The Mayor reiterated what he has been saying for along time about the need for tax reform: "The people are too snowed under with the burden of taxes. Something must be done to ease the weight."

The Mayor accompanied town officials to Atlantic City on Tuesday for the two-day convention. Speeches and workshops were the main business scheduled for the annual meeting.

Representative Rodino Asks Nixon To Back Tax Reform

Rep. Peter W. Rodino, Jr. (D-N.J.) stated today that he thinks the Nixon Administration should go all out to back tax reform this year.

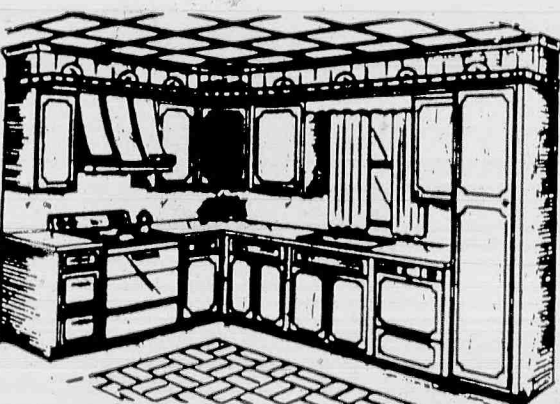

"On August 7," Rodino said, "the House passed a meaningful and comprehensive tax reform package -- something that I have pushed for during the last two years -- and only recently the Senate Finance Committee agreed on their version of Tax Reform. Now I am hopeful that the Congress will be able to place before the President a tax package before 1970. That objective could be given a major life. However, if the Administration would only begin to practice what it has recently been preaching."

Dr. Fischer Attends Vision Symposium

New York, Nov. 9 — Dr. Seymour P. Fischer of Belleville has returned from the Optometric Center of New York after attending a day-long symposium on the relationship between vision problems and learning difficulties.

Presented by the Optometric Center, a non-profit research organization, the sessions were attended by more than 1,000 optometrists, ophthalmologists, pediatricians, psychologists, teachers and nurses.

The over-all campaign reported \$2,714,607, or 68% of goal received to the date of the meeting.

Guest speaker at the luncheon was Mrs. Pat Krause of the national staff of U.S.O., a member agency of the United Community Fund. Former director of public information for the U.S.O. in Saigon, she described activities at the 17 U.S.O. centers in Vietnam and their value to servicemen and women.

Peter Cartmell, general chairman of the campaign, announced that because most divisions had requested additional time in order to make their goals, the final meeting of the drive has been postponed until December 4 at the Military Park Hotel in Newark.

Svetlana and The Press

DURING A RECENT INTERVIEW on the NBC's "Meet the Press," Svetlana Alliluyeva, only daughter of the late Soviet dictator, Josef Stalin, and who is now seeking citizenship in this country, said some things worthy of consideration by American youth, particularly those who seem to be leaning toward Marxism. Here are excerpts:

Question: Miss Alliluyeva, in your book "Only One Year," you say that communism, to your Indian husband Singh, was - and I quote - "an ideal of brotherhood founded on humaneness and justice." Did communism mean that to you?

Answer: At the time when he joined the Communist Party, which was long ago, and at the time when I was a teenager and a student in Moscow, it meant the same for me.

Q: How do you explain the fact that the promise of communism had a hold on many decent people despite the fact that the practices were oppression and poverty all

around you? How were you fooled? Why were you fooled?

A: Well, it seems to me that communism at certain times attracted so many people all over the world because communism gives certain promise to people. The promise of paradise here on earth, and people believe in it, not knowing that this promise can never be fulfilled - and it very often happens that later they realize this.

Q: Miss Alliluyeva, there are people here who, as you know, say we are going through our own revolution in America. We have dissent, we have people who want to change our system, who march in protest. I wonder what your views are of these activities?

A: It seems to me that people who want to change a democratic system of life for socialism are blind - as blind as were many people in the Soviet Union. And I think that might be a danger for this country, to think that way.

And Now...November

"The Wind From The North
Is Strong And Proud
And He pounds On My Door
In A Fashion Loud--"

Anne Lawler

The eleventh month of the year, formerly the ninth in the old Roman calendar, gets its name from the old Latin number (as do September, October and December). It contains Veterans day (the 11th) and Thanksgiving Day (the 27th), and the birthday anniversaries of five Presidents.

James Polk of North Carolina was born November 2nd, 1795. Warren Harding was born the same day at what is now Blooming Grove in Ohio in 1865. James Garfield, also from Ohio, was born on the 19th in Cuyahoga County, in 1831. Franklin Pierce was born at Hillsborough, New Hampshire November 23rd in 1804. Zachary Taylor was born in Orange County, Virginia on the 24th in 1784.

In recent history, November 8th is the day in 1942 when American and British troops invaded French North Africa. In a major fleet action off Casablanca many French warships, which chose to fight, were sunk and at other ports shore batteries opened fire on the Allied ships moving in to land troops and equipment.

When on the 11th French North Africa agreed to the Allied occupation, Hitler overran the rest of France, which he had not kept after his military triumph in 1940, and the rest of the French fleet scuttled itself rather than surrender to the Germans or sail to join the allies.

Thomas Edison invented the phonograph on November 21st, 1877. Samuel Longhorn Clemens, or Mark Twain, was born at Florida, Missouri on the 30th in 1835. And November is the last full month of autumn, for winter begins December 21st.

Driving, Eating, Drinking

In France a safety organization has kicked up a ruckus among French chefs in launching a major advertising campaign among French automobile drivers to avoid grandiose meals.

It warned that drivers who enjoyed a fine elaborate meal, were too often likely to get into their automobiles and, with "lids drooping, eyes dull, the mind dozing, the reflexes slowed, taken by a lovely euphoria" kill someone or themselves be killed.

Chefs, reacting, denied good dining is likely to produce accidents. Some believe contentment slows down fast drivers and

makes them more cautious and safety conscious. A few suggested the really hungry man is physically weak, more of a danger than a well-fed driver.

The answer, it would seem, is for the driver to take enough time to eat and drive without hurrying. What is happening in France, and in some other European countries, is that the American rat-race pace of life is replacing the Old World pace. Too many dash about to meet appointments on crowded streets, highways. And some call this progress.

The Value of A Smile

As we grow older we learn that we gain a lot when we smile, even during times of stress and strain and disagreement with others. It costs nothing to smile and the reaction to a smile is almost always contagious.

As we get immersed in the trivia of life, the bills, the headaches, the pains and

disappointments, we tend to develop a somewhat suspicious attitude toward life. And yet all the wonders and blessings which surround us are ample testimony that we are blessed beyond measure.

The trouble is we tend to take all our blessings for granted, while dwelling on the day-to-day irritants.

Optimists' Impressions Of Young Generation

By Phil White

QUESTION: Tonight you heard students give their impressions of how the "older" generation is running the community. Let's reverse things and you tell us of your impressions tonight of the "younger" generation.

ASKED: Of Optimist Club members after the group's dinner for participants in the "Youth in Government" program.

Bob Schweikert, 120 Satterwaite Avenue - The new generation is not anywhere as bad as many adults believe. The group of students that spoke at our dinner tonight are much quicker and sharper than any of us were at their age. I personally

Mr. Schweikert voted for the 18-year-old voting age this month, and after listening to these students relate their day's experiences, I'm glad I voted yes. They deserve the right to vote.

Anthony Biondi, 540 Franklin Avenue - To tell you the truth, I really liked the entire presentation made here tonight. The student talks speak well of all teenagers in their age group. However, I realized long before

tonight's program that Mr. Biondi most teenagers are responsible people. I favored the 18-year-old vote. The majority of kids today are good. It's only a few that side with that minority group of militants.

William LaDucer, 95 Lakeside Drive - The people I saw and listened to here tonight represent a majority of today's young people. This group will certainly be able to assume responsible roles of leadership in society at a younger age than did my generation. Mr. LaDucer the young people of today are more intelligent and take a greater interest in what's going on around them. I am proud to be a member of the "old" generation. Obviously, we've done a good job in training the "young" generation. We might keep reading in the papers about hoodlums being arrested, but at these Optimist programs, we see fine, intelligent and alert young people year after year.

William Tangorra, 86 Myrtle Avenue - On the whole, I'd say I have a good impression of the "younger" generation. I think

most of the students took a grip of the jobs they were to perform today. However, a few students tried to read something else into the program which I personally didn't care for, but that's just my own opinion. There is no doubt that these people are those members of the "new" generation that will lead us in the future. The protestors, on the other hand, cannot nor ever will be able to lead us. That's why I didn't vote for the 18-year-old question.

French Urges Support For Veterans' Holiday

To the Editor:

Just ahead of us is a most important anniversary, now called Veterans Day but in its origin it was labeled Armistice Day when World War I came to an end. I remember November 11, 1918 very well. I was scheduled to leave for Fort Devens in Massachusetts on November 18. We got the news very early in the morning and I can still see the Churches in my home town lighted up as people assembled to express their gratitude that the war was over and that we had won.

I remember in that War and the Second World War how the American people supported their government and their country even though in both cases most people were isolationists until we got into

it. Woodrow Wilson ran on the slogan, he kept us out of war. President Roosevelt said American boys would never again fight on foreign soil, yet when the chips were down everyone supported the President and the government.

Now comes Veterans Day 1969. I urge everyone that can, especially certainly organizations to get into the activities of that day and show our support of our country. Let us show the carriers of Viet Cong flags and the burners of American flags that the overwhelming majority of Americans resent these activities and are truly in support of their country.

Plea Made To Help Son Of Fireman

To the Editor:

Very often we read in "The Times" people thanking the Fire and Police Department for the services to their loved ones who were taken care of during an emergency. Now is the time for Belleville people to help the son of one of our firemen.

Craig Fabian fractured his neck when he slipped into a swimming pool about August 23. He was in Clara Maass Hospital for many weeks.

Now he is in the Kessler Institute in West Orange. He will be there many months, as he is 80 per cent paralyzed.

Couldn't we send him a donation, in care of the Belleville Fire Department?

I do believe the new Governor is the right man for all the people of our town and this great state. I am confident he will live up to the promises made during this particular arduous campaign.

Violinist To Play At Symphony Hall

World-acclaimed violinist Isaac Stern will open the 1969-70 concert series at Symphony Hall, Newark, with a program on Sunday, November 30, at 3 p.m.

The series, presented by Symphony Hall in association with Moe Septee, will offer a schedule of nine artists and groups concluding with a performance by the American Ballet Theatre next April.

An innovation of the new season will be the Sunday afternoon performance dates for six of the nine concerts. Septee, who has produced concerts for the last decade at Symphony Hall, said the choice of Sundays was made to give more families and young persons the opportunity to attend programs.

"The series has shown an increase in subscriptions this year which is due, we believe, to the selection of a day when families can attend with their children," Septee said.

Following Stern, the series will present the young Soviet pianist Alexander Slobodyanik on Sunday, December 14; violinist David Oistrakh on Sunday, January

18; the Moscow Philharmonic on Sunday, January 25; pianist Van Cliburn on Sunday, February 8; soprano Leontyne Price on Wednesday, March 25; pianist Sviatoslav Richter on Saturday, April 11 and the American Ballet Theatre on April 19.

A special event being offered apart from the regular series will be the appearance of pianist Artur Schnabel. The great keyboard artist will perform on Saturday, March 1, at 8 p.m.

Isaac Stern is currently on his 28th tour of the United States and Canada, with appearances scheduled in January in Israel.

Stern's fame extends not only through his own country but throughout the world via his many concert appearances and recordings. He has performed numerous times in Europe, Latin America and Israel, appeared in Australia, India, Japan and the Philippines, and made three tours of the Soviet Union in 1956, 1960 and 1965, under the auspices of the State Department.

Next June he will tour South America with pianist Eugene Istomin and cellist Leonard Rose — the now famous Trio organized by the violinist.

Cabaret's Melissa Hart: A New Breed of Star

"What's good is sitting alone in your room? Come to the cabaret..." says Melissa Hart. She's been inviting audiences to come to the cabaret for nearly two years since she took over the starring role of Sally Bowles in the Tony Award-winning musical "Cabaret", on Broadway.

Currently at the Paper Mill Playhouse in Millburn through November 23, Miss Hart is dynamite on stage, playing the charming, witless, and slightly immoral Sally Bowles. But offstage she becomes a quiet, rather reserved person.

She knows Sally Bowles very well and says that the flapper of the Berlin, Germany, Kit Kat Klub in 1930 is someone "who does not want to be responsible... she wants other people to take care of her, and she will find ways to have that." The irresponsible Sally

Bowles is everything Melissa Hart is not.

Born in Decatur, Ill.; Miss Hart was the eldest of three daughters, and she knew at an early age that she would pursue a career on the stage. At 12 she took her first singing lesson. After attending the University of Illinois, she earned a bachelor of science degree in speech from Northwestern University. Her debut in New York was in a production of the "Caucasian Chalk Circle" with the Lincoln Center Repertory Company in 1966.

She's a new breed of young star with little need for the trappings of success. Educated and alert to a world that is greater than just the theatre scene, she can understand the hapless Sally Bowles who "has sort of an animalistic instinct toward self-preservation."

Miss Hart does not emphasize her own

interpretation of a role. Pointing out the importance of the "Cabaret" music and lyrics, she says: "It is just fascinating to me how the exposition of a character depends so often upon the words of a song. Fred (Fred Ebb, lyricist and director) is a primary artist in this respect, creating the lyrics out of his own life and talent."

Is she a new kind of star? "I think maybe I am," she replied, naming several other young actors and actresses whom she called "very private people".

"I have never wanted to give up my personality to satisfy the public. I don't want to be a Barbra Streisand," she said, citing the young singer whose life is lived so constantly in the public eye. As to whether people like Melissa Hart, the answer can be found in the applause that nightly fills the Paper Mill Playhouse.

Belleville Riding Clouds After Crushing Kearny

Sports Corner

By John McCarthy

If you missed the Kearny game last Saturday, you can see what will almost be an "instant replay" on Thanksgiving when Belleville faces Orange High School at Municipal Stadium.

When Orange faced Kearny, they fought to a 12-12 tie. But that's not the only indication as to how the games will be similar. Even if the tie doesn't show each team's defense and scoring power (or lack of it), all facts point to a Belleville victory.

Kearny went into Saturday's game with a 2-4-1 record. Orange will come to Belleville with a 1-5-1 record. Orange has played some tough teams, Weequahic and Don Bosco for example, but both Kearny and Orange have played Irvington, Columbia and West Orange.

Kearny has an edge over Orange here as Kearny was 2-1 against these teams and Orange was 1-2. Both teams lost to Columbia, whom Belleville doesn't play, and have beaten West Orange. Kearny won 19-14, and Orange 7-0, but the Bellboys won 12-0 over West Orange giving Belleville a five point edge over both teams.

Belleville has also shown that when they gain momentum against a team like Kearny, they can be a high scoring team. Forty points Saturday represents their highest score this season. The only game that compares was the Bellboys 27 points against Irvington.

Speaking of Irvington, Belleville won 27-14, Kearny won 30-14 and Orange lost 28-6. This shows that Orange isn't always as good as Kearny, but also shows that Kearny beat Irvington by three more points than Belleville.

Total points scored this season and average per game still show Belleville on top. Kearny has scored 99 points in eight games and their opposition has scored 168. This gives Kearny an average of 12 points scored and 21 points scored against per game.

Orange has scored 64 points in eight games, an average of eight each, and has let up 169 points to give their opposition 21 point average. Taking these facts into consideration, you can see the similarities that led to a 12-12 tie.

Belleville is almost altogether different as they've scored 144 points for an 18 point average and let up only 92 points for 11 1/2 to their opposition.

Should Belleville be able to gain momentum and score as much as they did Saturday, the Bellboys should win by 20 or more points. Even if they don't gain momentum, Belleville's beaten their opposition by an average of seven points and Orange has lost by an average of 13, making Belleville a 10 point favorite.

Winless Year For Harriers

Belleville's cross-country team lost their last meet of the season 20-39 to Passaic High School, leaving the team at a dismal 0-110. The team had been scheduled for September 19, but had to be postponed because of a NJSIAA ruling that no meets are to be held before three weeks of practice, which began September 1.

Belleville captain Red Forrest was second to Passaic's Rich Ward. Forrest has been beaten only two other times in dual competition, but this time came in 27 seconds behind Ward, who ran the Belleville course in 12:27.

The Bellboys had a lot of trouble getting running in top positions as their next runners were sixth, ninth, tenth, and

thirteenth. John McCarthy was the second Bellboy in sixth place with a time of 14:01, Lou Dalcero was ninth with 14:14, and he was followed by John Deighan, tenth, with 14:23.

Ray Horman was thirteenth with 14:43, completing Belleville's scoring. Also running were Dave McMullen (18-15:08), Rich Sulenski (19-15:11), and Bob Drake (23-18:50).

Belleville's team will be looking forward to next year when six of their seven runners will be returning. The only graduating runner though, will be senior Red Forrest, so the team will have a large spot to fill. If the harriers can move up as a group, there'll be a chance of them winning, maybe even one.

Red Forrest Sixth In State Sectional

The top runner for Belleville's cross-country team, Bob "Red" Forrest ran the Warinac Park course in 13:19 to place sixth in the Group IV Section 2 race held last Saturday.

Red was the only constant runner on the 0-11 Belleville harrier squad this season. Bob has taken eight first places in dual competition and also has three second place finishes. One thing for sure the team's defeats can't be blamed on him.

This Saturday, Red will run in the Group IV state finals, to be held at Garret Mountain in West Patterson. The top ten runners in each Group IV section and the top seven members of each sections top five teams will be there.

None of Belleville's other varsity members were able to qualify for this race.

Belleville's Lou Dalcero was the number two runner for the team, his time of 14:45 earning him 51 place. Speedy John McCarthy came in right behind Lou with 14:48, Deighan was the

third Bellboy in 55th. Ray Horman was 58th and Rich Sulenski was number 60.

State Reports Hunting Good

Predictions of good to excellent small game hunting in New Jersey were borne out by opening day success, according to the State Department of Conservation's Division of Fish and Game.

Bag checks were conducted by the Division of Fish and Game's Bureau of Wildlife Management at a dozen State Wildlife Management Areas and at Lakehurst Naval Air Station on November 8. A heavy turnout of hunters was recorded at all areas, and most tracts saw a harvest of species, comparable to last year.

The Flatbrook Wildlife Management Area again proved the most popular, with 1,859 hunters checked compared to 1,726 in 1968. An excellent variety of game was bagged at Flatbrook, including 530 pheasants, 69 rabbits, 17 squirrels, 32 woodcock, 33 grouse and 8 quail.

Continued from Page 1
Bivona and Frank Fury, outstanding all season, will leave gaping holes in the defense. Both defensive ends will be gone, with Ritacco and standout stopper Joe Taibi leaving. Big Bill Tlumacki will also see his final action Saturday for the defensive squad.

End Vinnie Costantino, who was the team's most explosive long receiver, will leave for college. Belleville fans will see more of him, however, during basketball season. Left tackle John Mango and left guard Alan De Feo, consistent performers all season, will also play their final games.

One man who won't be leaving is junior halfback Ricky Caruso, who along with Ritacco, must rank as the most valuable player on the team.

Last Saturday Caruso put on the finest one man show Belleville fans have seen since the running days of Steve Ferughelli, four years ago.

The 5' 8" 150 halfback almost single handedly wrecked the Kearny defense, racking up 192 yards on 23 carries, with four touchdowns. Aiding the fleet back was a Bellboy line which put on its finest exhibition of blocking to date.

The bulk of Caruso's yardage came on power sweeps around end, where, with fine blocking in front of him, he was virtually impossible to stop. Lacking great size, Caruso dazzled the Kearny defense with shifting speeds and sharp footwork, bringing the hometown crowd to their feet frequently.

Amabile had special praise for the blocking of Ritacco and wingback Jim Miele, who led Caruso's assaults around end.

"On the whole we did a devastating job blocking," said Amabile to sum up his satisfaction with an offensive line which was less than adequate only three or four games ago.

The 40 point outbreak wasn't the only fresh occurrence at Municipal Stadium. The home town crowd saw sophomore Joe Lotruglio take over the quarterbacking duties from

junior Joe Papasidero, who had trouble keeping the handle on the ball.

Lotruglio proved to be a more than adequate field general, as he consistently moved the team up and down the ball field at will. The sophomore completed 4-8 passes for 42 yards, including one touchdown pass, and a two point conversion to Vinnie Costantino. Lotruglio also ran for a two point conversion.

Amabile says there is no question that Lotruglio has won the starting job, but will alternate with Papasidero, who has been the team quarterback all season.

Mark Bradley also had a good day for the Bellboys, racking up 98 yards on 12 carries for an excellent eight yard average. With Bradley, Caruso and Doug Brown returning next season, the Bellboys should have one of the best running games in the County.

Brown, recovered from an ankle sprain, gained 46 yards in only six carries, contributing six tackles on defense.

Frank Fury continued to be the strong man on defense, taking part in nine tackles. His linebacking partner, Joe Taibi sustained an injury and will probably miss the season finale.

The Bellboys scored six points in the opening frame, 20 in the second, six in the third and eight in the last period. They held the Cardinals scoreless until 1:08 of the final period.

Caruso's tallies came on runs of three, five, one and 14 yards. Caruso was stopped on the one foot line in a bid for a fifth TD in the second period. Bradley took that score in for the Bellboys.

Amabile gave the players

three days off this week. He also brought up the 11 most promising sophomores from the sophomore team to practice with the varsity for the Orange game.

Amabile will send the same basic team he has used all along into the game with Orange, which has speed but little else in the way of offensive punch.

Much time will be spent

between now and Thanksgiving day reviewing films of Orange, and investigating scouting reports.

Archery Lessons Scheduled For Friendly House Range

Commissioner William Cullen has announced the resumption of archery lessons for boys and girls of Belleville. Classes will be held at the Friendly House Archery Range on Frederick Street.

John D'Onofrio is the instructor and will be aided by members of the Silver Arrow Archery Club. This activity will start tonight at 7 p.m. and will be conducted each Thursday thereafter except on holidays.

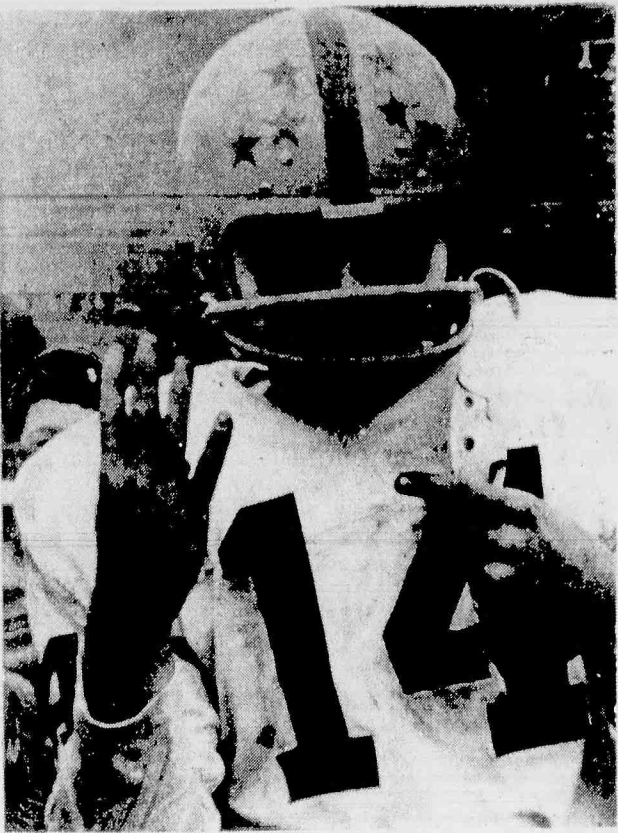

Boys and girls aged 12-18 are welcome and will receive a thorough training in this highly competitive sport.

Archery for adults is conducted every evening at the Friendly House Range. The archery range is built over the old bowling lanes and has seen very heavy use since its opening. The Silver Arrows, who make this their home base, are active in open competition and many are bow and arrow hunters.

Imagine Having Two Carusos

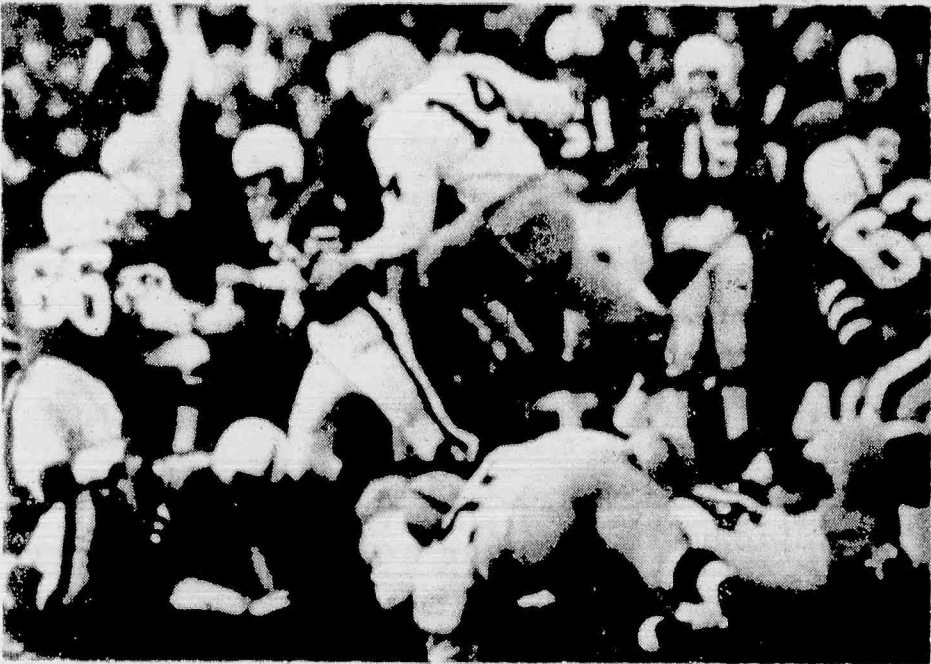

FOUR MORE — Star halfback Ricky Caruso holds up four fingers to represent the number of touchdowns he scored in Bellevilles 40-6 romp over Kearny. Caruso now has 12 season scores to his credit.

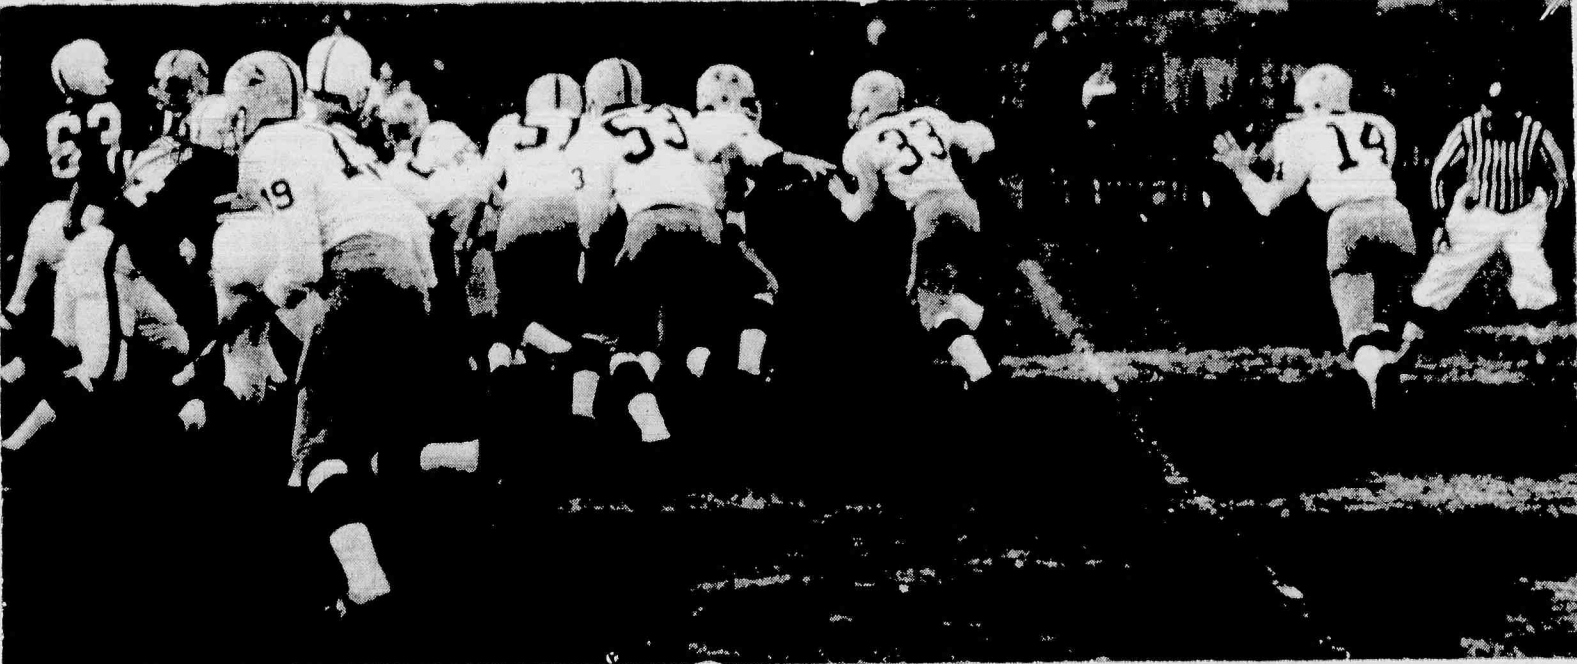

OFF HE GOES — Ricky Caruso takes off for 27 yards, getting to the Kearny 19 to set up his second touchdown. The shifty back averaged eight yards per carry in amassing 192 yards.

RIDING HIGH — Ricky Caruso takes a ride on the shoulders of happy Bellboy fans after he delighted the crowd at Municipal Stadium by putting on the best one-man show since Steve Ferughelli's performances four years ago.

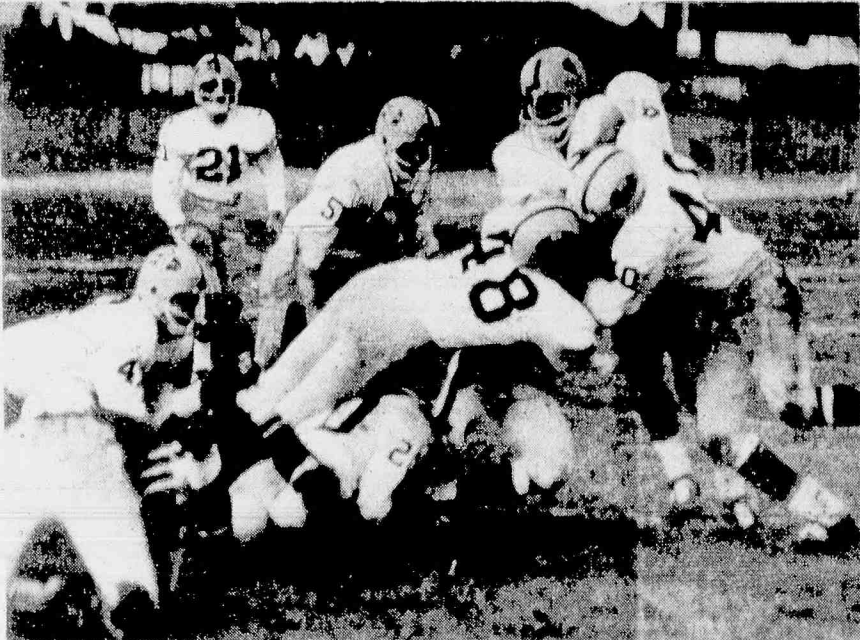

HIGH FLYING ACE — Leaping several feet off the ground was one of the many amazing running feats Ricky Caruso performed Saturday as the junior halfback continued his fine season running.

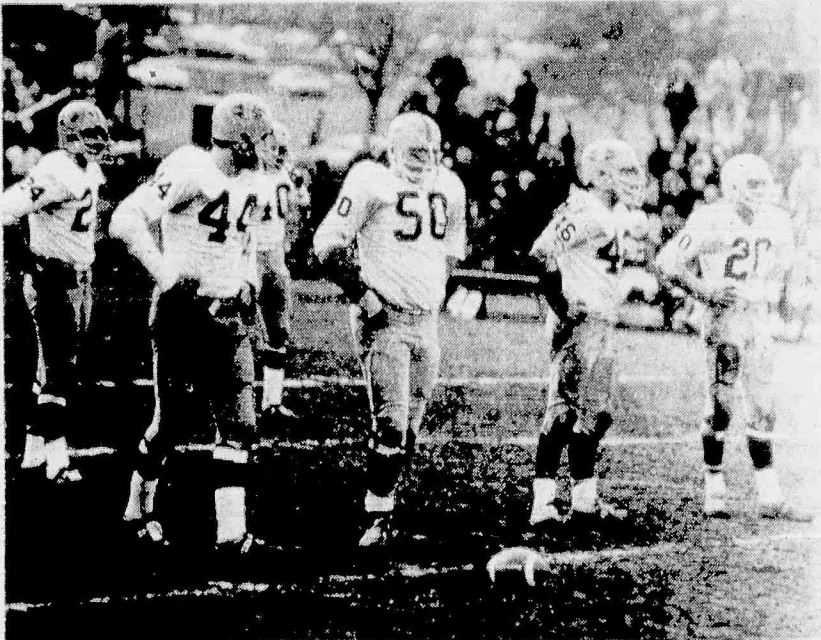

THE BEGINNING — Quarterback Joe Lotruglio pitches out to Ricky Caruso and begins one of the many sweep plays he ran so well against Kearny. Here, Marc Bradley (33), Alan De Feo (51) and John Mango (53) prepare to throw blocks as Caruso gains 17 yards.

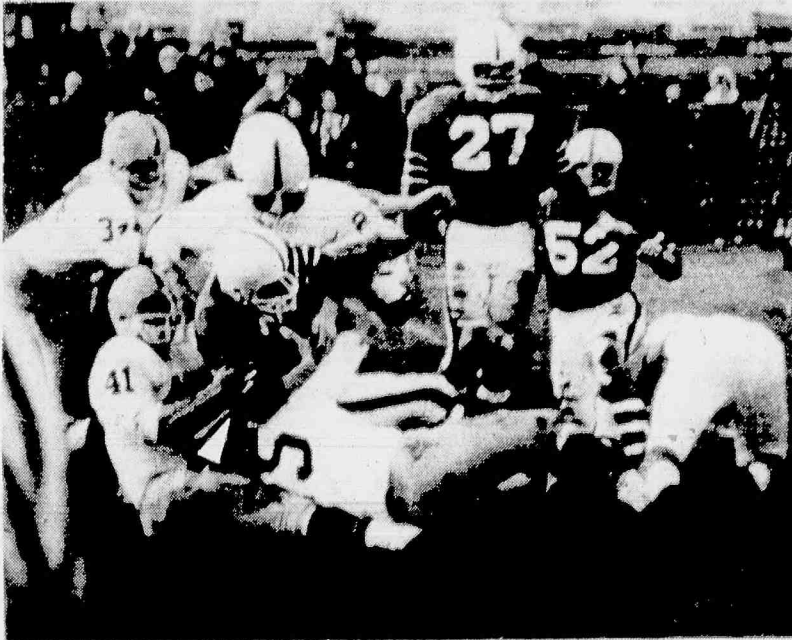

Ritacco Leads Bellboy Defense To Finest Victory

CRUSHED — Willie Harrison of Kearny finds himself virtually hidden from sight by a Bellboy pileup, including Sal Bivona (15), Steve Marshall (48), Doug Brown (40) and Joe Ritacco (20).

FEARSOME DEFENSE — Belleville's rugged defense awaits Kearny. The entire defensive squad played a brilliant game, holding Kearny to 94 yards gained. Ready for anything is Frank Fury (24), John Atherton (44), Doug Brown (40), Bill Tlumacki (50), Mike Albertine (46) and Joe Ritacco (20).

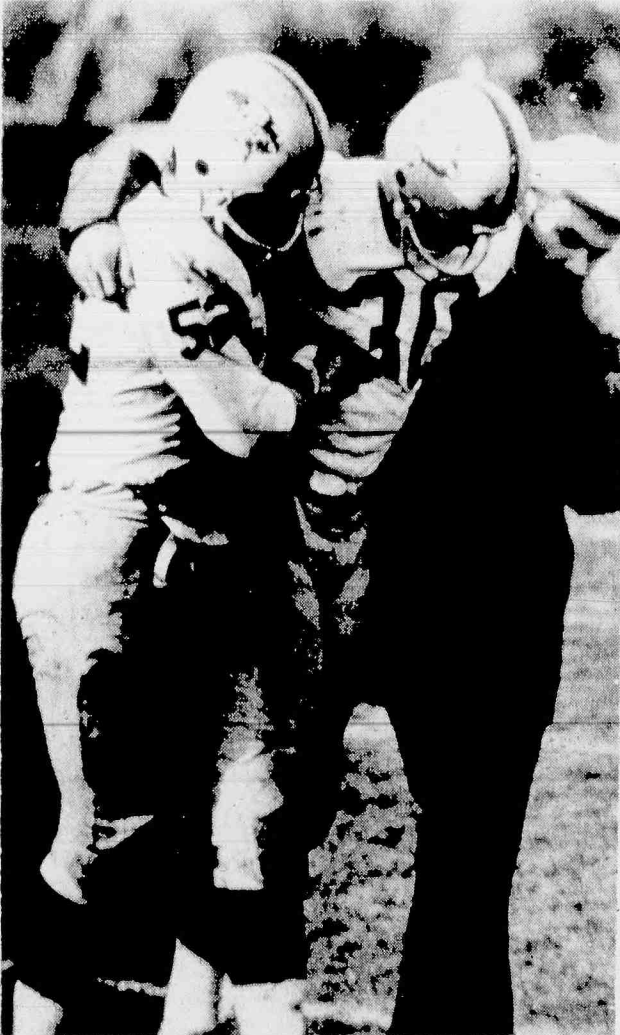

DOWN HE GOES — Carmen Russomano hauls down Kearny's Willie Harrison with the help of Sal Bivona (15), Frank Fury (24) Ron Muscara (34), as the Cardinal attempted to return a Bellboy kickoff.

BIG HAUL — End Joe Ritacco, who had a superb day, hauls in one of his three pass receptions from Joe Lotruglio, good for 17 yards. Lotruglio hit Ritacco for a total of 42 yards and a TD. Joe was excellent on defense, racking up 10 unassisted tackles. His name is mentioned for All-State honors.

THE STOPPER — Vinnie Cappetta (31) starts to haul down Willie Harrison as Sal Bivona (15) comes in for an assist.

INJURY — Joe Tabor (30) gets carried off the field by Joe Valvano (52) and sophomore coach Nick Grande, after the starting defensive end injured himself against Kearny, Saturday.

GLUEFINGERS STRIKES AGAIN — Vinnie "Gluefingers" Costantino makes his only reception of the day as Joe Lotruglio passes for a two point conversion. The play came after Lotruglio had passed to Joe Ritacco for an 11 yard score, the sixth of the day.

Rec Department Begins Activities

Several Recreation gym programs will be opening up during the next couple of weeks. The men's open gym program is already in progress at the Senior High School and meets from 7 to 9 p.m. Wednesday evenings. All Belleville men are welcome.

The girls gym programs at School 4 are also under way, each Monday and Wednesday from 7-8:30 p.m.

On November 12 an open basketball program began at School 2 from 7-9 p.m. Sam Scalercio is in charge and all Belleville boys of High School age are welcome.

Rutgers Takes On Colgate Saturday

Rutgers will conclude its year of football centennial celebrations and games when the Red Raiders of Colgate come to Rutgers Stadium Saturday to meet the Scarlet Knights. For the 16 Rutgers seniors who will be playing their last game, the season's finale will mark the end of a trying but eventful year.

The Scarlet Knights, who jumped off to a great start with early season wins over Lafayette, Princeton, Cornell, Navy and Columbia, have not fared as well recently, dropping their last two games to set the season's record at 5-3. Rutgers did not play last Saturday due to a cancellation by Holy Cross.

Under Coach Neil Wheelwright, Colgate will be trying to put the finishing touches on a fine season. With the seniors and coaches of both schools to be honored on Saturday, both teams will be anxious to end the season on a positive note and to gain possession of the Colgate-Rutgers Alumni Cup, which has been held by Rutgers for the last two seasons. Since the Cup was introduced to the traditional season finale, Colgate has won the game twice, in 1965 and 1966. Rutgers won the last two by scores of 31-28 and 55-34, respectively.

The 16 Rutgers seniors who will be honored have a fine record for their three varsity years on the Banks. Including this year's mark, the seniors have won 17 of 27 games under Coach John Bateman.

Of the Rutgers seniors, nine are regulars. Of the 16, nine work with the offensive unit and seven as defensive specialists. Many of the names are easily recognizable to Rutgers fans. Rich Policastro, the record-breaking quarterback who took over the signal-calling duties mid-way through last season, will be starting his last game

At School 2 is a girls gym program from 10 a.m. to 12 noon under the leadership of Miss Carole Cornish. Also at School 2 is a program for boys of elementary school age on Saturday afternoon from one until 4 p.m., also under Mr. Scalercio.

At School 1 another girls gym program for elementary school girls runs from 10 a.m. until noon. This program is led by Miss Rosemary Donachie. In the afternoons at School 1 there is open basketball for boys of 15 years and younger.

For the older boys and

Kiwanis Keep On Rolling On Denino Touchdown

The Kiwanis lightweight football team continued to roll in their last outing as they bested a very tough Elks team in the Recreation League.

Play in the first quarter was even as these two powerful teams felt each other out. Early in the second quarter after the ball had changed hands several times the Kiwanis offense sprang to life. In five plays they moved the ball sixty yards. The drive was culminated when Billy Denino, on an end sweep, picked up blocks first from Johnny Clarizio and then from Steven Andolora and was set free for a forty-five yard touchdown run. This proved to

be the only touchdown of the game.

In the second half the Elks threatened a couple of times with their biggest drive coming late in the fourth quarter. During the last two minutes of play these scrappy Elks moved the ball thirty-six yards to the Kiwanis twenty but there it stopped as the Kiwanis defense stiffened and held.

The Kiwanis face their stiffest test in their next game when they meet the Lions for the second time. The Lions, the only team to score on the Kiwanis, tied them in their second meeting. If the Lions

win they will be even with the they will take the 1969 Kiwanis, if the Kiwanis win Championship.

Marijuana Legalization Derived by Safety Man

The Automobile Legal Association (ALA) said today that legalizing marijuana would result in a "national highway disaster which would stagger the imagination."

The claim that marijuana is no worse than alcohol is small justification indeed for letting the youth of America legally purchase the drug," said ALA's safety director, Philip C. Wallwork.

"Alcohol was the cause of 29,200 deaths last year on our highways. Do we want another 29,200 deaths through the use of marijuana?" Wallwork asked.

"Top law enforcement officials estimate that a driver under the influence of marijuana is more of a menace on the highways than one under the influence of alcohol," he said. "Frequently, a driver under the influence of alcohol knows his abilities are impaired and will try to compensate for it whereas the drug user will not."

Wallwork disagreed strongly with recent testimony in Washington by Dr. Margaret Mead, who would allow 16-year-olds to legally purchase marijuana because "it would help close the generation gap."

"There could well not be a generation to close a gap with," Wallwork stated. "If *

Unless principle restrains selfishness, there is no hope for a person, a nation, or a world.

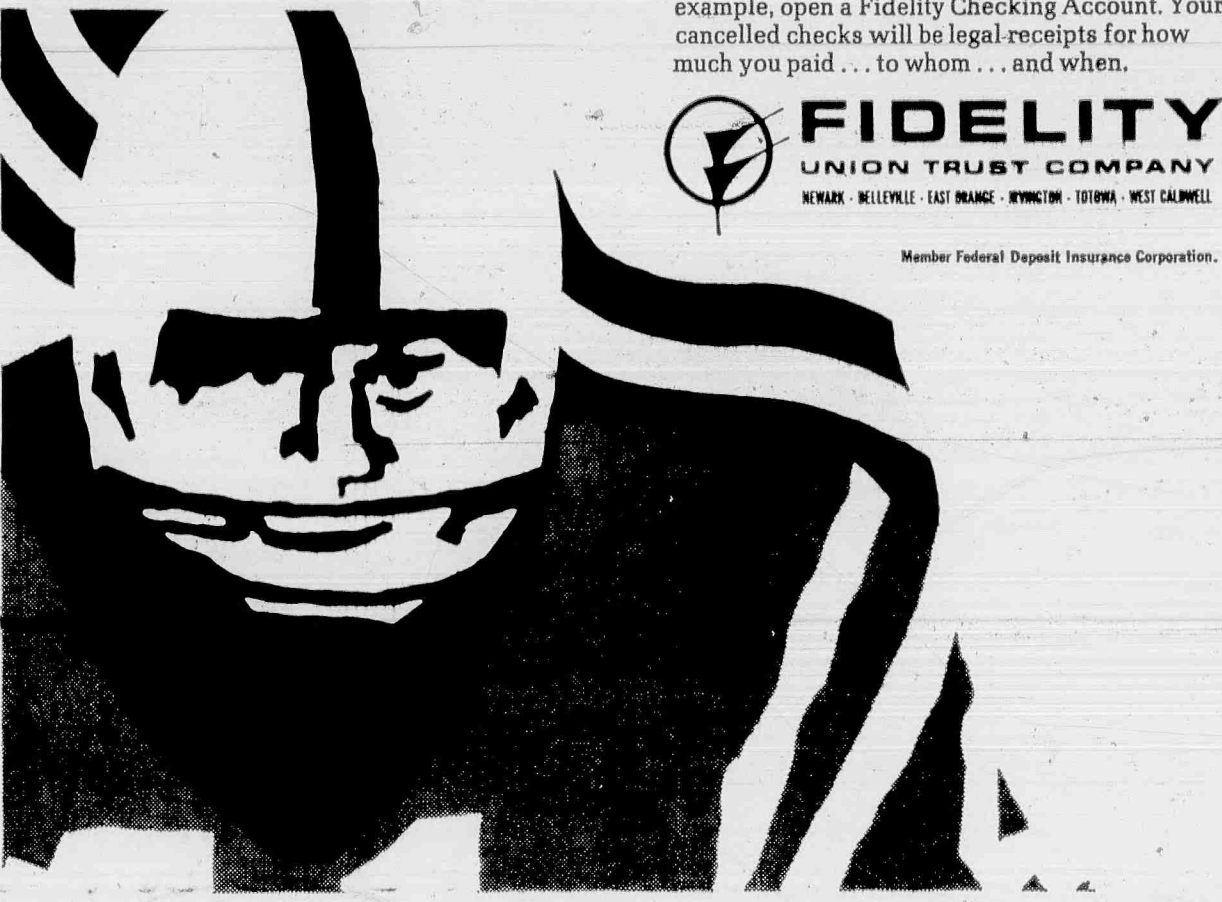

they are allowed to drive America's highways while puffing away on marijuana."

More phonographs will be sold between now and Christmas than at any other time period during the year.

We would like to give you a few pointers if you should be in the market for a phonograph.

There is a confusion of terms when you read the literature pertaining to these products. You read about watts, decibels, solid state devices, woofers and tweeters, harmonic distortion and many more. What does it all mean? Not much to you, unless you first take a study course in audio electronics.

Every once in a while we have a customer who thinks he knows all about these things, but really does not know any more than he reads in manufacturer's literature. After a lengthy discourse which does not accomplish anything because it takes real knowledge to understand the meaning of all these terms, we usually tell such a customer that we don't sell graphs and curves, but that we are in the business to sell our customers pleasing sound and pleasant music first of all. And we sell this housed in fine furniture of authentic styling. That is what 95% of our customers want and expect from us.

You don't have to know a thing about terminology, all you have to do is listen. If you can hear, there is no problem at all to hear the difference between the sets. However, you must be able to compare, instantly, one set with the other. If you wait until a record is changed between sets, you can not make a comparison. We have a set up where we can switch instantly. With this it is no problem at all to select the set which you like. Please come in and listen.

We service what we sell.

Teenage Overeaters May Be Diabetic

A teenager who overeats but continues to lose weight may be going through a daily battle where his body is fighting a losing struggle to maintain a life-giving chemical balance.

The youngster, who is usually about 15 when the first signs become apparent, might be one of the lesser known chemical type victims among the more than 200,000 diabetics in the United States.

But, the teenage disease, known as insulin-dependent, can be successfully treated, according to Dr. Bernard Robins of Maplewood, head of the Essex County Medical Society's Diabetes Detection Committee.

What is happening in the teenager, says the physician, is that the pancreas gland cannot supply enough insulin to the growing body. If not detected in time through signs such as overeating and weight loss, and fatigue, aches, and itching, it can lead to shock and eventually circulatory, nervous, and optical disease.

This month (November), said Dr. Robins, a nationwide diabetes detection drive will be held from the 17th through the 21st. The aim, through free public testing given by local health boards, is primarily to detect the high-risk adult diabetic.

The urine or blood tests show blood-sugar changes in the

The purposes for which the New Jersey League for Nursing was formed are to foster the development and improvement of hospital, industrial, public health and other organized nursing services and of nursing education, through the coordinated action of nurses, allied professional groups, other citizens, agencies and schools, to the end that the nursing needs of the public will be met.

Gala Halloween Party For School One PTA

A gala Halloween party was held at School One on Friday, October 31. The PTA invited the entire school and provided cake, punch and candy. The party committee consisted of Mrs. Frank Gattuso, Mrs. John Grant, Mrs. Joseph Juliano, Mrs. Harry Long, Mrs. Joseph Mooney, Mrs. Alfred Ogilvie, Mrs. William Sobanko and Mrs. Arthur Whitman.

The committee designed and decorated the "Spook Room" with skeletons, owls, pumpkins, creepy crawlers and fluorescent painted balloons. Dry ice lent a misty effect to the scene. The committee women put on their best Halloween faces and "haunted" the room. Who had a better time, the children or adults, was hard to say.

Thanks go to Mrs. Bosco, Mr. Gabriel, Miss Esposito, Mrs. Collole, Mr. Wodopuja, teachers at No. One and to Mr. Fredericks, Mr. Burke, Mrs. Robert Krause, Gabe Micchelli, Joseph Juliano, Arthur Whitman and Mr. Grosch, the principal, for

helping to make it a success. Also thanks to all the classroom mothers.

After a tour of the "Spook Room" the children assembled in the multi-purpose room where they saw slides of last year's Halloween party. The big Costume Parade began and the judges had a very difficult time reaching their decisions but finally the 12 winners were picked and announced. They are Stephen Alberts, Robbin Calvitti, Joseph Downey, John Giaquinto, Shawn Juliano, Lisa Long, Linda and Michael Mallon, Patricia Miller, Marc Romanell, Diane Smith and Patricia Sobanko. They were photographed and received their prizes. We also helped to celebrate Mrs. Mary Southwards' birthday. She is the third grade teacher at No. One.

Who's too old? In our youth-oriented world it gets harder and harder to judge a person's age. While no particular age is arbitrarily "too old to drive," reflexes and coordination tend to slow down in time. Your physician can help you decide whether or not you are too old to get behind the wheel of a car. Whatever your age, your doctor can judge whether your vision and hearing can meet the moment-to-moment challenge of driving. He will advise you if it is best to stop driving temporarily because you may be taking new medication or because of some physical condition. Belleville Junior High Parents at Convention

The Belleville Junior High School was represented at the New Jersey Congress of Parents and Teachers convention recently held in Atlantic City. Those attending were Mrs. Peter Rainone, PTA president; Mrs. Harry Anderson; Mrs. Raymond Boxer; Mr. and Mrs. Walter Saunders and Mrs. Peter Spera.

The theme for this year's convention was "Bells Ring For Action." One highlight on the program was the presidents procession before the general meeting. Mrs. Rainone marched with several

hundred presidents throughout the state.

A most controversial topic "Sex Education! Whose Responsibility?" drew large audiences during the afternoon conferences. These conferences provide enlightenment in problems, challenges and, hopefully, practical suggestions for their solution.

Active participation in these discussions and the convention itself prove significantly fruitful for the local PTA units and eventually each community.

DENTAL X-RAYS FIND TROUBLE QUICKLY

At most every regular dental examination, your dentist may first want to take a series of X-rays. These X-rays can pinpoint trouble spots before they get to the stage where extensive work is needed or where a painful toothache results.

Even when work is required, the new anesthetics and high speed equipment make it fast and with hardly any discomfort. Many dentists will prescribe a tranquilizer for a patient before their appointment and a pain reliever for use when the anesthetic has worn off. We fill many dental prescriptions and keep the medications they need on hand.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

OFFICE HELP

Our new Medicaid Department is now flourishing in Bloomfield.

If you appreciate the advantages of working in the suburbs — with easy commuting and pleasant surroundings — why not see if you're qualified for one of the positions we still have open at our new office just a few minutes walk from Bloomfield center.

Typists—If you can already type 35 wpm, we'll teach you to prepare claims information for computers.

Claims Examiners—If you have knowledge of medical terminology either from school or a previous job, we'll train you to screen and process claims.

Information Clerks—If you have a pleasant telephone voice and can write understandably and grammatically, you'll service written and phone inquiries from our subscribers.

Secretary—Type 40-50 wpm and steno 60-80? If you have these skills and some secretarial experience, we offer a varied and interesting job.

Control Clerks—Knowledge of basic arithmetic and a penchant for accuracy will qualify you for one of these jobs.

We offer a good salary and excellent benefits including Blue Cross, Blue Shield, and major medical coverage, life insurance, paid holidays, and a 35-hour work week.

See our representative, Miss Rahn, at our new office at 60 West Street, Bloomfield, weekdays between 9 a.m. and 4 p.m. No appointment is necessary.

Charters Available From CYO

Essex County CYO is presently accepting applications for charter from parishes throughout the county. Last year 50 churches took advantage of affiliating with the county office to participate in a wide variety of programs.

Charters, available at a cost of \$50 per parish, affiliate all youths of a parish between grammar school age right through unmarried young adults of 30. High school graduates may continue to

work for CYO principals by forming Catholic Young Adult Clubs. This movement has gained momentum in the past year with a growing number of parishes establishing CYAC chapters. CYO members may take advantage of a growing number of diversified activities, including old favorites such as spelling bees, essay contests, oratorical competitions, art exhibits, all kinds of athletic activities and special events. Most programs are divided into two levels — with grammar school boys and girls being included in one division, and teenagers in another. The teens have a say in their own government by virtue of the Teen Council. Some special events which

have become synonymous with the Essex County CYO are the annual Snowball Dance and Queen Contest, CYO Track Meet, Adult Advisor dinner-dance and Outstanding High School Basketball Player award. Top parishes in the county last year in regards to participation were Holy Family of Nutley which edged St. Philomena of Livingston for Division 1 honors; Our Lady of the Lake of West Orange which topped Our Lady of the Valley of Orange for Division 2 laurels, and Mt. Carmel of Newark, which edged Orange's St. John's in Division 3.

You may not know it, but you are often wrong.

Railroad Passenger Cars Obtained By N.J. Department

Walter T. Margetts, Jr., president of the New Jersey Citizens Transportation Council, today commended the New Jersey Department of Transportation for its "forward-looking" action in obtaining 53 railroad passenger cars for reconditioning and service on the Erie Lackawanna and Penn Central Shore lines. "This is a great new step in the direction of better equipment and service for our commuters and fits in well with the concept of coordinating all modes of transportation in New Jersey through the state transportation department."

Margetts said. "When all 53 of the cars are in service, it is hoped that more people will use rails and thus aid in reducing the congestion on our roads," said Margetts.

State Plans For Bond Monies Outlined Before Convention

State plans for allocating the water bond issue monies to municipalities will be outlined before local officials during the annual conference of the New Jersey State League of Municipalities when it meets in Atlantic City November 18-21.

Under the bond issue provisions, municipalities will be eligible for \$242 million in aid for local sewage treatment facilities.

SUPPLEMENT TO THE NUTLEY SUN, BELLEVILLE TIMES, NEWARK RECORD, THURSDAY, NOVEMBER 20, 1969

A message from Mr. Seibel:

Close to 60 years ago the Seibel Store was opened in Newark dedicated to bring the highest fashions to area women. Over the years Seibels has maintained an extremely high standard of quality in fashion merchandise... Seibels has also stood for service, a concept based on the fact that women like to be looked after — pampered and certainly remembered — now these two outstanding qualities will come to Nutley when Seibels introduces a "brand new fashion idea" to area women. Outstanding fashions, outstanding service along with everything else that is important to you when you are shopping for YOU.
