

# Census Figures To Bring Aid

(Continued from Page 1)  
despite the fact the census change will be registered in the October check of 1971, it will not effect taxation until 1972's budget is figured.  
Some effect will also be felt in the town Health Department, which obtains state aid primarily according to the services it offers, but to some extent is affected by population levels.

Belleville's population shows a steady growth when figures since 1930 are compared. In that year, this

town's population was 26,974. In 1940, (the federal census is taken every ten years), the population rose to 28,059. The largest jump in the past forty years was registered in 1950, when this town rose to 32,019.

Belleville's increase since 1960 compares favorably with other surrounding Essex County municipalities, some of which registered population declines. East Orange for example fell from 77,259 in the last census, to 74,808 this year. Orange also declined in population, going from 35,789 to 32,123.

Neighboring Nutley, shows a growth the past decade similar to Belleville's. Nutley has jumped from 29,513 to 32,123.

help alleviate parking problems in town and would encourage people to take up residence. Fernandes also said construction growth would not be curtailed by the ordinance. (Fernandes elaborates on his view in a letter on page four of today's Times.)

Commissioner Joseph McGreevey, who has consistently opposed new apartment growth in town, was reluctant to table the vote, but said he would do so "rather than see it die through a tie vote." McGreevey indicated he thought the ordinance sound and said "I don't see how these garden apartments are any good for Belleville." He claimed that after several

changes of ownership most apartments become "eyesores."

Mayor Ken Smith prefaced his vote to table by saying "I personally feel that the ordinance is not in accordance with the best interests of Belleville even though I went along with it last week."

The Mayor also said that "we raise our kids, send them to college and then tell them there's no place here for them to live, that they'll have to go elsewhere."

According to town Building Inspector Vincent Mustacchio, construction of one and town family houses has declined the past few years. Mustacchio also said that apartment construction has constituted the major

growth in town over this period.

Building department figures for 1969 show there was construction of two one family houses and two two-family homes, while 122 apartment units went up. In 1968 there were seven one family homes and four two family houses constructed, while in 1967 nine one family units were built and ten two family homes. Figures for 1970 thus far show nine one family units constructed, three two family houses and 110 apartment units.

Mustacchio says the 1970 increase in one family construction is misleading because it includes five homes built by residents and not by speculators.

"one with a larger student enrollment and which makes more demands for his type of services." Belleville's present student enrollment is approximately 6,000, while South Plainfield's is about 4,800.

Dr. Winston received his BA degree in psychology from Hofstra University in Long Island, his masters degree in clinical psychology from North Texas State University, and his Ph.D in experimental

psychology from the International Episcopal University in London, England.

Included in Dr. Winston's working background is employment as a placement counselor for the New York City Bureau of Child Welfare; a diagnostician at Denton State School and Hospital in Denton, Tex.; a vocational counselor for the B'nai Brith Vocational Service in Newark; instructor in psychology at the Nassau County College in

Hempstead; school psychologist in Massapequa, Long Island; psychological consultant for the South Plainfield Police Department, and a private practice which he still maintains.

early age and bore six children in Wilkes-Barre, five of whom are still living.

Finding herself a widow at an early age, Mary Yaskell gathered her family and moved to a small farm near Wilmington, N.C.

"I did this," she says, "because I wanted to keep my sons out of the coal mines of Wilkes-Barre and I felt I

could provide a better chance for education for my sons and daughters."

Indeed, it is this concern for education which has become one of the central interests of Mrs. Yaskell's long life. Feeling very strongly about the necessity for education on all levels, she advises "young people to stay in school and gain as much knowledge as you can."

"Mom reads everything she can get her hands on," Stacey Yaskell says. "She reads everything from Polish publications to the New York Times." Her son Adam also notes his mother's interest in books: "If there was anything I ever wanted to know, whether it be historical, political or current events, all I had to do was ask Mom. She is a walking wealth of information."

Mrs. Yaskell has loved Belleville ever since she moved here in 1929. Her relatives in Florida would like her to move to the sunny state, but Mrs. Yaskell will have no part of it. For one thing, she says "I couldn't leave my garden," which is her pride and joy. Until this past year, she has done her own caretaking of the garden.

The morning of her historic birthday, the Yaskell residence was besieged with cards, floral arrangements and tremendous baskets of fruit.

## Bruce Creditor Participates In Young Artists Program

Bruce Creditor, son of Mr. and Mrs. Henry Creditor, of 25 Wilber Street, Belleville, is one of 60 young musicians from all over the United States participating in Boston University's young artists program at the Berkshire Music Center in Lenox, Mass.

Creditor, a senior at Belleville High School, plays

the clarinet. He has performed with the New Jersey All-State Band, the All-State Orchestra, the Youth Symphony of New Jersey, and the America Youth Performs National Orchestra.

The young artists program, an intensive eight-week session of study and performance, is designed to add a new dimension in musical education for exceptionally talented high school musicians. Now in its fifth year, the young artists program provides the aspiring musicians an opportunity to study with members of the Boston Symphony Orchestra

and faculty from Boston University's Division of Music.

Besides their membership in the Young Artists Symphony Orchestra, these young musicians attend private lessons and also perform in chamber groups of various sizes. They attend music theory classes, and during the course of the eight weeks, many of the young artists also give recitals at Tanglewood, summer home of the Boston Symphony Orchestra.

An added plus is the chance the young musicians have to attend all open rehearsals and concerts of the Boston Symphony Orchestra, as well as other musical activities at Tanglewood.

Indigestion means so many different things to so many different people that its exact definition is impossible. For some, indigestion means heartburn; for others, it's "a cold in my system." Good digestion depends on not only wholesome food but also on a pleasant setting. If a husband or wife are angry with each other, both may suffer from indigestion. In some countries, the noonday meal is followed by a siesta to promote relaxation. Traditionally, candlelight, wine and music relax the stomach. When a man has indigestion, therefore, it may not be due to unwholesome food but a disturbing environment.

## Manson Charges Harassment

Charles M. Manson, the cult leader on trial for the Sharon Tate murder complained to the court about being harassed in the county jail where he is housed for the duration of the trial.

Manson charged that he had been placed in solitary confinement, had been subjected to frequent skin searches, wasn't receiving mail and at times had been denied pencils and papers. His priority complaint was that he was compelled to interview witnesses through a screen which hampered vision and hearing.

California Superior Court Judge Charles H. Older listened patiently to Manson's complaint, made his own personal investigation and concluded "I find no evidence of any harassment and I find that procedures used by the sheriff are reasonable. I sat at the screen myself with a person on the other side and I could see." Judge Older said he could also read a sign twenty feet away on the other side of the screen and there was no

problem in hearing.

The Manson trial has developed much shocking evidence — that is, if we are to believe the state's star witness.

If the statements made against Manson during the trial are true there is no punishment in the world that man has developed which would be appropriate to the crime committed.

From 3000 miles away we have become very opinionated about the Manson trial. If the TV and newspaper reports are correct concerning the evidence against Manson, hanging by the toes is too gentle and too charitable a punishment for Mr. Manson.

## An Important Book To Read

Albert Speer, a right-hand man to the late Adolph Hitler has written a book, "Inside the Third Reich".

It is without doubt one of the most important historical documents ever prepared concerning Hitler and his operation. Speer's "Memoirs" are probably the most authoritative eye witness writings that the world will ever have the opportunity to read concerning the why and the wherefores of Hitler, his regime, his goals and his motivation.

Macmillan is the publisher and the

going price is \$12.50. For anyone who is interested in knowing what went wrong in the '30's, Speer's book is must reading.

## The Rubella Vaccine

Rubella (German measles) has long taken its deadly toll of babies all over the world. In an epidemic in this country in 1964-65, it is estimated that the disease caused 8,000 stillbirths and 20,000 serious birth defects in infants who did not succumb.

Last year, for the first time in history, a vaccine became available which is thought to be effective against rubella. The federal government is now engaged in a crash program to immunize 60,000,000 American youngsters in the next few years with that vaccine, developed by Dr. John F. Enders, one of the country's leading experts in the field of viruses and vaccines.

Now comes Dr. Enders, writing in the New England Journal of Medicine, with

the warning that the use of his vaccine on children alone may not be enough. There have been suggestions that immunity derived from the vaccine is not permanent and that it might be well to vaccinate adolescent girls also and mothers who have just given birth. (The vaccine could conceivably cause birth defects in unborn babies.)

Dr. Enders believes careful studies and tests are still needed to increase the medical world's knowledge of the disease and accurately establish the effectiveness of his vaccine. Meanwhile, the vaccination program continues, and the nation hopes it will prevent another 1964-65 epidemic, which, judging from history, would be due again in 1973 or 1974.

## Resident Challenges Decision To Table Controversial Parking Ordinance

To the Editor:

It was my misfortune to sit in Town Hall and hear Mayor Ken Smith condemn the proposed ordinance to increase the parking requirement on new construction to 200 per cent.

This was followed by Commissioner Mary Senatore's recommending that the ordinance be studied further in the face of all the testimony that has been read by the commissioners on the cases coming from the Board of Adjustment, which have contained evidence and testimony on the parking problems faced by the homeowner in Belleville.

This rejection of the proposed ordinance emanated from the testimony of three citizens who own land. One of these people was recently turned down by the Board of Adjustment. The other has represented land owners in the past and the third is also a major land owner.

It appears that the commissioners are concerned about jamming apartment and any other commercial and industrial buildings into Belleville and not the residential areas that they promised to protect in their last campaign.

The present zoning ordinance provides 100 per cent parking per unit with a setback of twenty feet on one and two family homes

which means each home would have a garage and a parking apron in front of it. This is a compliance with the 200 per cent but all other construction would have only one parking space per dwelling unit which leaves Belleville with its present parking problem.

It is unfair to the future homeowner to have him conform to such a rigorous standard which is so sorely needed, while the parking overflow from the apartments generates the need to widen the streets further.

It then becomes the responsibility of the taxpayer to pay for the widening of streets and the expansion of municipal parking lots to compensate for this giveaway program of the commissioners that ultimately hurts the town's tax rate.

It has often been said that this town has no more land for construction or expansion, but why is there resistance to an ordinance on parking, unless there is further construction of apartments and industrial buildings contemplated.

The question that comes to mind is who will benefit from this type of construction, it certainly won't be the homeowner or the apartment dweller, who is often forced to park in the street which creates problems for him and the homeowner alike. It is a shame and a joke on this town if the BVA's recommendation is not acted on favorably.

It is this lack of concern in the future of this

town that will condemn it to a slow but steady deterioration of land value and public spirited action as long as some people continue to administer this town with a narrow point of view.

Some of the commissioners must feel that overlooking and avoiding national statistics on the number of cars owned per family will make the problem go away. New York's 40 per cent parking requirement was made an example for the landowner.

The question is, "Would you rather live in New York with the parking problem?" If not, act in your behalf by writing to "The Belleville Times-News," the commissioners of the BVA, Box 122, Belleville. Better yet, come to the next Town Hall meeting and get an ordinance that favors the homeowner passed.

Tony Fernandes, vice president, BVA

## Mistaken Identity

To the Editor,

I would like to make a small correction in your article on Steve Charen on page one of the August 20 Times.

With all due respect to Mr. Charen's accomplishments, he was graduated third in our high school class, not first as stated in the article.

Miss Janet Robertson was our valedictorian. Mr. Charen has achieved quite a bit on his own, and I'm sure he would not wish to usurp Miss Robertson's title.

## Cooking Hints

In summer and fall Americans often cook outdoors, in the early American tradition. The charcoal grill, in fact, has in recent years enjoyed a wave of popularity, which began in this country. And the best grills, at the best price, are American-made.

But there is much argument about how and when to cook steaks, or chops, etc. One of the most often asked questions is whether steaks and other meats should be salted and peppered before grilling.

The answer is so important one leading meat house in New York recently spent thousands of dollars to run a page ad in a newspaper to supply the answer: salt meat after it is cooked.

## Town Ordinance Coming Under Fire

By Elaine Auerbach

One Year Ago

A town ordinance which had to go all the way to the appellate court in 1965 to be upheld, was coming under fire again. The Belleville Chamber of Commerce had instructed its lawyers to draw up a proposed ordinance for revision of a town law which set license fees for all town businesses. According to Harry T. French, executive director of the Chamber, the business group was objecting to what he termed "certain discriminatory and vague parts of the ordinance."

An unusually large amount of glass replacement, due to vandalism, was among the many reports made during the summer at local schools by the Board of Education's maintenance crew. School Superintendent Anthony Greco attributed the outbreak of the vandalism to youngsters congregating by schools "after hours." "Schools seem to be a meeting place in the summer," said Greco. "One youngster throws a rock and pretty soon eight or nine windows are broken."

Five Years Ago

Three women evaluators from the Federal Office of Economic Opportunity visited the local Head Start program in Belleville and praised the participation of a few key volunteers for making the local pre-school program a success. Their comments came

when Mayor Nuncio Pico stated that there was a "lack of town-wide interest in the project."

John Throckmorton of 46 Division Avenue was to be installed as Commander of Belleville Post No. 105, American Legion in a ceremony to be held at the Post House on Washington Avenue. Commander-elect Throckmorton was a foreman in the chemical plastic department of the Celastic Manufacturing Company of Kearny.

John E. Leach of 515 Greylock Parkway was appointed manager of the Park Office in Passaic of the Bank of Clifton and Passaic. Leach replaced John F. Hannigan.

Ten Years Ago

Planning Board Chairman Ralph Visco estimated that it would be two years before Belleville's master plan would be completed. The Planning Board chairman commented that the master plan was expected to provide a basis for the orderly revitalization of Belleville "for the next 10 to 20 years."

Visco said that off-street parking problems would be strongly emphasized on the master plan.

George F. Kiernan was hoping that one of his associates on The Belleville Board of Commissioners would change his mind and support a resolution placing a high school site referendum on the November ballot.

Kiernan introduced a resolution authorizing such a referendum but the proposal died after he gained only the support of Nuncio Pico. Opposed were Mayor Isadore Padula and Robert Gruhin. Commissioner Harry Sullivan was vacationing at the time.

Fifteen Years Ago

The Town Commission was expected to act on a resolution which would end the town's lease on Memorial Field, nullifying it as a play area. The resolution was named and recommended by Commissioner Elmer S. Hyde, who said, "We've been having a lot of trouble up there; it's going to cost more than eight hundred dollars to restore it and there's little activity."

The Belleville Red Cross and Rotary Club pleaded with residents to help the flood disaster victims in North Jersey and Pennsylvania. One woman from Belleville had lost her life in a camp in Pennsylvania, while another family with a boy in a camp in East Stroudsburg were asking for help. Dr. Frank Durkee, emphasizing the need for contributions, stated that sympathy for the flood victims was not enough. He urged all citizens to "help our neighbors in distress."

Twenty-five Years Ago

Mrs. John F. O'Brien Jr. of Newark concluded a four month stay in California

where she was a guest at the San Francisco Peace Conference. Mrs. O'Brien's comments on the Peace Conference cited the thrill and significance of the initial assemblage with its colorful representation of many lands. She noted Secretary of State Stettinius' masterful conduct of the sessions and the rapt attention of the audience to Russian Foreign Secretary Molotov's opening address, even though it was delivered in Russian.

Forty Years Ago

Director of Revenue and Finance Williams blasted the former administration and charged "political tinkering" as he announced that a box containing 1,284 tax bills totaling \$87,746 was found "buried in a corner." Some of the bills were three years old, Williams noted.

Saint Peter's baseball nine won the championship of the American Legion League. The Belleville A.A. finished second.

Fifty Years Ago

Delay in completing the new building at School No. 1 and failure to erect School No. 7 because of high cost was expected to cause congestion in the four elementary schools in town as Belleville's youth prepared to return to classes.

## Local Students Now Preparing For School

**QUESTION:** School will be reopening in less than two weeks. Are you glad to be getting back?

**ASKED:** Of Nutley and Belleville students. Jackie Petitti, 54 Hickory Road, Nutley:

I really haven't been thinking about it that much but the summer is getting quite boring. I've had a great summer but I'm looking forward to school again. I will be entering my senior year and it will be difficult. It will be a lot of hard work. I want to go on to college after high school so I guess I'm looking even farther ahead to my freshman year at college. I've been down to the shore most of the summer and I most certainly will miss that. But it will be good to get back to school and get my senior year over with. The most unpleasant part of school will be the hard work involved in keeping my grades up.

**Harry Baumgartner, 64 Tiona Avenue, Belleville:**

No, I'm not at all looking forward to going back to school. It's a lot of hard work and the summer has been too good to come to an end. Also, with school comes the winter weather, which I don't enjoy at all. School can get to be a bore. It's very confining and restricting, with sitting behind a desk all day. I don't like the everyday grind of school. I try not to think about it because thinking about going back will spoil the last two weeks of my vacation.

**Barbara Schmidt, 53 Hickory Road, Nutley:**

I'm looking ahead to school very much. I will be entering my senior year and after that I hopefully will attend Montclair State College. I attend East Orange Catholic High School so I didn't have the opportunity to see all my school friends during the summer months. I'm looking forward to seeing them and how they have changed. My senior year should be easy because I took all the difficult subjects last year. I'm looking ahead more to college than going back to high school. This summer was very interesting but school is interesting for me, too.

**Bob DiQuatro, 100 Rossmore Place, Belleville:**

School brings too much responsibility. This summer has been lots of fun and I won't like to see it come to an end. Getting back to school means studying, restrictions and the same daily grind. I like to sleep late but come September I'll be getting up well before 7 a.m. School is rather dull and I won't have the freedom that comes with the summer. It will probably take some time to get used to the daily affair of attending school but eventually I'll get used to it. I do my best in school but that doesn't mean I have to like it.

**AN ODE TO FATHER WALSH** by Margaret and Clarke Byrne:

We thank you for your life to us — we thank you and without a fuss

We wish you lots of happy years, and though we know there will be tears,

We pray that God will favor you in anything you attempt to do.

Please let us all reserve a time to offer you just one thin dime

If you appear with your tin cup and your dark shades when debts are "up."

So, 'bye for now and treat them well. In West New York there is no hell.

So "sock it to 'em" Father "Ger" — And, if you need us, we'll be there.

**WHAT DOES** one do when laryngitis prevents you from dictating a column (I don't like using a typewriter.)

I decided today's column would be written by other minds affording readers the opportunity to obtain answers to some questions that might have occurred to them from time to time:

Why is a watch dog bigger by night than by day? Because he is let out at night, and taken in the morning.

Why is a dog biting his own tail like a good manager? Because he makes both ends meet.

What is the difference between an accepted and a rejected lover? One kisses his misses, the other misses his kisses.

Why is a ship like a woman? Because she is often tender to a man-of-war; often running after a smack; often attached to a great buoy, and frequently making up to a pier. (And doesn't she just make up to appear?)

Why is a very demure young lady like a steam packet? Because she pays no attention to the swells that follow her. (We a-steamers for it.)

When are babies traveling abroad? When going to Brest.

**NAME THE MOST** unsociable things on earth? Milestones; for you never see two of them together.

What is it gives a cold, cures a cold, and pays the doctor bill? A draught.

Why is love like a canal boat? Because it's an internal transport.

How is it that you can never tell a lady's real hysterics from her sham ones? Because in either case it's a feint.

When may ladies who are enjoying themselves be said to look wretched? When at the opera, as then they are in tiers.

**WHEN IS** a bonnet not a bonnet? When it becomes a pretty woman.

Why should you always choose white cows? Because it is of no use milking those that are dun before you begin.

Where should you feel for the poor? In your pocket to be sure.

What is the best way of making a coat last? Making the trousers and waistcoat first.

Any difference between a milkmaid and a swallow? Yes; one skims the milk, and the other the water.

When does a shilling act like a razor? When a man cuts off his hair with one.

What is the greatest feat, in the eating way, ever known? That recorded of a man who commenced by bolting a door, after which he threw up a window and then sat down and — and swallowed a whole turkey.

Why are the actions of men like great rivers? Because we see the course they take, but not the source from whence they spring.

Why is a shoe-black like an editor? Because he polishes the understanding of his patrons.

Why is Joseph Gillot a very bad man? Because he wishes to accustom the public to steel pens, and then tries to persuade them

that they do write.

What is that which, though black itself, enlightens the world? Ink.

Why is it dangerous to take a nap in a train? Because the train invariably runs over sleepers.

Why is the Isthmus of Suez like the first "u" in cucumber? Because it is between two seas.

Why was the whale that swallowed Jonah, like a milkman who has retired on an independence? Because he took a great profit out of the waters.

Which are the lightest men, Irishmen, Scotchmen, or Englishmen? In Ireland, there are men of Cork; in Scotland, men of Ayr; but, in England on the Thames, they have lightermen.

Tell us the best way to make the hours go fast? Use the spur of the moment.

Why would an owl be offended at your calling him a pheasant? Because you would be making game of him!

**WHICH WOULD** you rather, look a greater fool than you are, or be a greater fool than you look? (Let a person choose, then say) "That's impossible."

What was Joan of Arc made of? She was — we have every reason to believe — Maid of Orleans.

When does a leopard change his spots? When he moves from one spot to another.

When a hen is sitting across the top of a five-barred gate, why is she like a penny? Because she has a head on one side and a tail on the other.

When is a policeman very like a rain-beau? When he appears after the storm is over.

Why is a man who never lays a wager as bad as a regular gambler? Because he's no better.

What would be the proper verdict to pass on an old buck's black moustache? Dyed by

his own hand.

What is the difference between the Prince of Wales, an orphan, a bald headed old man, and the gorilla? The first is heir apparent, the second has ne'er a parent, the third has no hair apparent, and the fourth has a hairy parent.

When does a son not take after his father? When his father leaves him nothing to take.

Why are poor relations like a fit of gout? Because the oftener they come the longer they stay.

If Old Nick were to lose his tail, where should he go to supply the deficiency? To a gin place, because there bad spirits are retailed.

What is the characteristic of a watch? Modesty, as it keeps its hands on its face and runs down its own works.

**HOW WOULD** you increase the speed of a very slow boat? Make her fast.

Why is love like a candle? Because the longer it burns the less it becomes.

Why is the state of matrimony like an invested city? Because when out of it we wish to be in it, and when in it we wish to be out of it.

Why is a sheep like a professional gambler? Because he is brought up on the turf, gambols in his youth, herds with blacklegs, and is fleeced at last.

What is the key note to good manners? B natural.

Why are good women like ivy? Because the greater the ruin the closer they cling.

Why, asks a disconsolate widow, is venison like my late and never sufficiently to be lamented husband? Because, oh, dear! oh, dear! its the deer departed.

Give us a good definition of white bail? Widow's caps!

What moral sentence does a weathercock suggest? It's a vane thing to a-spire.

## Police Work Is Frank Haight's Hobby

New Deputy Police Chief Frank Haight has a simple way of explaining why he doesn't belong to organizations or have any hobbies:

"The Police Department is my hobby."

No hobby ever received more attention than the resident of 232 Fairway Avenue pays to his.

Expressing a total commitment to police duty, Haight has for many years pursued various educational courses designed to improve his capabilities as a law-enforcement officer.

Born January 4, 1926, Haight is a lifelong resident of Belleville. After completing School Three, he spent a year at Belleville High School before transferring to Bloomfield Vocational High School where he received his diploma.

In 1943, Haight joined the Navy, being stationed in Pensacola, Fla. as an aviation machinist mate. In 1946 he came back to New Jersey to work for his father. The turning point in his life, however, came in 1948, when he joined the Belleville Police force. In the same year he was married to the former Rose Cashen of Newark.

From that point on, Haight rose steadily up the ranks of the department, assuming many diversified duties and all the while keeping an eye toward further educational opportunities.

Sixteen of the 22 years he has spent on the force have been with the detective bureau, which he professes a preference for because "it

isn't routine, and it is very gratifying to be able to solve a case."

Among the many schools Haight has attended are the Deleahanty Academy in New York, where he studied police practice and procedure; the Essex County Vocational School for police photography; the Newark Police Academy to learn narcotics and arson investigation; Seton Hall University for a seminar on human relations; and a course in police visual aid identification sponsored by a Hackensack private company.

In addition, Deputy Chief Haight studied instructor training techniques at Rutgers University and community relations; supervision training at the Association of Chiefs of Police and F.B.I. School, and took a correspondence course in municipal police administration at Michigan State University.

One of the highlights of Deputy Chief Haight's career came in 1963, when he was chosen head instructor at the Basic Police Training School in West Orange, which is a police academy serving the county. In Haight's office in the detective bureau (which he runs) are several plaques and pictures from that police academy's graduates.

Ahead for the new Deputy Chief are more academic adventures. He hopes to go the F.B.I. Academy in Washington for what he calls "the ultimate in training."

### Helen's Thing ...

## Happy Birthday, Happy Birthday Dear Husband

by Helen Maguire

Today is Rod's birthday. He has reached the magic age of forty and I keep telling him the best is yet to be. I don't know if he quite believes me but I'm sure life can't get anymore hectic around here than it is now. Things have got to quiet down. It can't possibly get any noisier.

The biggest event of the last year was the arrival of his daughters which came as close as anything ever will to "unflapping" my usually calm, controlled, albeit slightly nutty husband.

Rod has not led what would be called a sedate, orderly life, at least in his younger days. He and school got along like oil and water and at the ripe old age of 16, he went out the back window armed with a forged baptismal certificate to join the Marines. On his way to the recruiting station, he passed a poster extolling the virtues of being a paratrooper, changed his mind about the Marines and ended up in the 82nd Airborne.

"When I first went into the service," he says, "I wasn't even shaving yet." By the time he reached his 17th birthday, he had seven qualifying jumps to his credit. He came out a sergeant at 19 and used the money he had saved to purchase a motorcycle on which he tooted merrily around Harrison and environs until he had a slight dispute with a tree and lost.

Meanwhile, for pocket money and a little excitement, he jumped at airshows. No salary or fee was guaranteed. It was strictly a "pass the hat" kind of deal. Ask him sometime to tell you about the time he got his long legs stuck in the rear seat of an open cockpit plane and the pilot had to turn the thing upside down so he could fall out.

Just so things wouldn't get too dull, he took flying lessons and got a private pilot's license.

I've recounted these events from the Irishman's past to show you that it takes quite a bit to unnerve him. But those twins almost did it.

Rod worked from midnight to eight in the morning the day they were born, came home, had breakfast and went to bed. Unfortunately, he had to get up after only a few hours sleep to take care of the little boys while I went off to the doctor's. He was in no mood to go back to sleep when I came home and announced that "D Day" was almost here and stayed awake until he dumped me on Clara Maass's doorstep at six that evening. Then, like the old pro he is at this baby business, he stretched out on a couch in the waiting room and went sound asleep.

The nurse woke him at 7:30. "Congratulations, Mr. Maguire," she said. "You have a fine baby daughter. Come over and see her." He staggered to his feet, shocked and thrilled that he had finally changed the pattern after all those boys. Then, as he reached the nursery door, they lowered the boom on him. "Here she is," said the nurse, "and the other one will be right out."

"WHAT other one?" shrieked my spouse. "It's twins!" announced this angel of mercy which, to my husband, had to be the understatement of the century.

Ah, well, happy birthday, dear husband, from your wife, your sons and your daughters.

## Word of Praise to Energized Nutley Jaycees For Focusing More Attention on Local Activities

by Phil White

**NUTLEY JAYCEES** undoubtedly has become one of the busiest groups in town. This summer, while most other clubs seem content in hibernation, the Jaycees are sponsoring Youth Canteens, block dances and two weekends ago hosted about 30 foreign exchange students at tours, receptions and picnics. Jaycees also are on top of their own investigations into police matters, narcotics and the need for a youth center.

Many of the summer Jaycee projects have been accomplished despite bottlenecks from officialdom. They've nearly been forced to cancel their Friday night teen canteens a couple of times this summer because of a lack of facilities. Even permission for tomorrow's block dance at Yantacaw Park didn't come until a late moment.

The Nutley Jaycees for several years seem to have devoted more of their time to inter-club events. To be sure, the community of Nutley has benefited from the club's participation in such things as the Football Classic, but it's far more worthwhile to have the club's energies focused at home making Nutley an even nicer place. Jaycees, keep up the good work — no matter what!

The foreign exchange student program that the Jaycees sponsored here earlier this month was brought to the club's attention

by Rich Bauman who served as president last year. Rich was involved in the same program himself about five years ago while at college.

The program took Bauman to Norway where he spent a summer working. The students in the U.S.A. this summer under the AISEC program are all job-holders in New York City businesses. Rich today is with the Midland Marine Trust Company.

One of the projects involving the Jaycees is the Reinheimer-Perry Boys' Club (the name was changed recently.) Considerable work continues quietly by the director's of this group toward bringing a full-scale youth facility to Nutley. We hear negotiations have been proceeding — and proceeding well — with the Boys' Club of America. There probably will be some headlines breaking on this subject before the end of the year.

**EVERETT ZABRISKIE** who has given more than a quarter-century to his business manager's post with the Nutley School System, served as our tour director this past week. We visited construction and renovation projects throughout the system in preparation for the report appearing on page one today.

Recalling the plea by Town Commissioners a month ago requesting

citizens to be alert and report acts of vandalism, we took special note when Zabriskie took us to the Franklin School, where not only new aluminum frames have been installed, but the glass being used in shatter-proof, material.

Vandals in the past have broken an average of 60 windows each and every weekend at the Franklin School. Zabriskie (who next to Dr. Foster Grossnickle is the town's best man with figures,) estimates that including labor, taxpayers have been shelling out \$1,000 a week (\$52,000 a year) just to replace windows at this one school building alone!

The plea of Town Commissioners should be repeated often. Even during the past week, we have received reports of vandalism at the new DeMuro Park.

Pete Scarpelli, who has been sodding the lower portion of the park to help reduce flooding, says scores of the grass-sodded pads were tossed around the park sometime during the night after they were set down by his workmen.

Earlier in the month we were told of playground equipment being maliciously damaged at DeMuro (and at Memorial Park too.)

If everyone made a concerted effort to stop these young vandals, taxpayers would save a considerable sum of money.

**PERSONALS:** School Board Trustee Frank Cocchiola is back at home following a kidney illness at Clara Maass. Frank's wife, Doty, said she couldn't keep him home resting. Frank went to work Monday, has been inspecting some school jobs himself this week, and plans on attending tonight's special Board of Education meeting.

**MYRNA LAMB,** Nutley's women's lib playwright ("Mod Donna") has been the subject of national attention again this week as the girls strike for their rights. Monday's Star Ledger featured Myrna in a full-page spread with headlines calling her "a gut feminist."

Although "Mod Donna" closed this summer, we passed the N.Y. Public Theater the other day and took special note of the fact that the "Mod Donna" flag is still being flown from the Joseph Papp showplace.

Myrna will make a rare public appearance in her hometown next month when she addresses the Nutley Rotary Club. Could it be that the men's service club might one day open its membership to women too?

# WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

## Karen Jinks, Wm. Bromberg Married At Wayne Manor

Mrs. William Bromberg-nee Karen Jinks

Miss Karen M. Jinks, daughter of Mr. and Mrs. William Jinks of 18 William Street and William S. Bromberg, son of Mrs. Ruth Bromberg of East Orange, formerly of Belleville and the late Mr. Solomon "Bub" Bromberg, exchanged wedding vows August 16 in the chapel at Wayne Manor, where the reception was held.

The ceremony was performed by Rabbi Kenneth Rivkin of Temple Emanuel, Livingston.

Given in marriage by her father, the bride wore a white organza gown with the scoop neckline, short sleeves, hemline and train edged with Venice lace. A pink bow and band accented the waist and the detachable train fell from another pink band.

A Camelot headpiece trimmed in lace held her veil and she carried a pink and white cascade of miniature carnations and sweetheart roses centered with baby pink orchids.

Miss Elaine Bunsfield of Hackensack was maid of honor. Bridesmaids were Mrs. Leslie Kropinack of Clifton, Miss Rosemary Calcagno of Kearny, cousin of the bride and Miss Dorothy Harmon of Bloomfield.

They were attired in gowns of pink chiffon over taffeta trimmed around the empire waist and mandarin collar with white embroidered lace. Headpieces were small chiffon bows with shoulder length veils. The honor attendant carried pink and white carnations and sweetheart roses with a shocking pink orchid center and the others carried pink and white carnations and roses.

Mrs. Jinks chose a sleeveless gown of pink chiffon over taffeta with a beaded neckline and silver accessories. The groom's mother was in a pink silk worsted gown with high beaded collar and beaded band at the waist. Both had wristlets of white orchids.

Mrs. Bromberg, a graduate of Belleville High School and Mountsinide Hospital of Nursing, is an obstetrical nurse at Mountsinide.

Mr. Bromberg, a graduate of Belleville High School and Bloomfield College, is a teacher at Essex County Vocational and Technical High School, Bloomfield and head baseball coach.

The couple will make their home in Verona after a honeymoon in the Bahamas.

Mrs. William Flannery-nee Patricia Acquadro

## Flannery-Acquadro Nuptials Are Held

Miss Patricia Acquadro, daughter of Mrs. Till Acquadro of West Orange and the late Mr. Acquadro became the bride August 15 of William Flannery, son of Mrs. Edward Flannery of Rossmore Place and the late Mr. Flannery.

The Rev. Thomas C. Fornarotto performed the ceremony in Holy Name Church, East Orange and a reception followed at The Carriage Trade, East Orange.

The bride was escorted by her brother, Joseph P. Acquadro. Her gown was of white silk organza with an empire bodice and bishop sleeves appliqued with Alencon lace and seed pearls.

A matching lace cap held her silk illusion veil and she carried roses, stephanotis, babies breath and ivy. Mrs. John F. McLaughlin of Bethesda, Maryland, was the only attendant in a gown of light peach fashioned with a fitted bodice, ruffled scoop neck and short puffed sleeves. An olive green sash accented the waist and her headpiece was a Dior bow in olive green. She carried a cascade of mixed summer flowers.

Edward Flannery of Carlstadt was best man. Ushers were James Post, cousin of the groom and George Bakes, brother-in-law of the groom.

Mrs. Acquadro chose a blue sleeveless dress with a long sleeved coat of blue embroidered lace. Her accessories were matching. The groom's mother was in a sleeveless beige dress threaded with gold and matching accessories. Corsages were double white orchids.

Mrs. Flannery, a graduate of Upsala College, East

Orange, teaches at Eagle Rock School, West Orange.

Mr. Flannery has his own construction and home improvement business in Newark and Belleville.

The couple will live in East Orange after a honeymoon in Nova Scotia and the Canadian island provinces.

**REFRESHING FLARES**  
Pleats, shaping skirts, get fall competition from fresh ways with flares in fall's minis and midis.

## Mr. and Mrs. Middlebrook Will Live In Pennsylvania

St. Mary's Church was the setting July 17 for the marriage of Miss Rosemary Welch, daughter of Mr. and Mrs. Alfred T. Welch of 126 Bremond Street to George T. Middlebrook, son of Mrs. George T. Middlebrook of Saratoga, New York and the late Mr. Middlebrook.

The Rev. Drew Bauman of Sacred Heart Church, Newark, performed the ceremony and a reception was held at Robin Hood Inn, Clifton.

Escorted by her father, the bride wore a gown of white silk organza appliqued with Alencon lace and seed pearls. A Camelot headpiece held a lace edged mantilla and she carried white roses and carnations.

Miss Marylou Welch of Belleville was her twin sister's maid of honor. She wore a gown of pink chiffon over taffeta with a Venice lace weskit and lace cuffs on the long chiffon sleeves. Her headpiece was of pink organza bows and she carried pink and white carnations.

Norman Craig Shull of Bristol, Pennsylvania, was best man.

Mrs. Welch chose an aqua linen dress with beige accessories while the groom's mother was in a pink shantung suit with white accessories. Corsages were white orchids.

Mrs. Middlebrook, a graduate of Our Lady of Good Counsel High School, Newark and Presbyterian Hospital School of Nursing, is a nurse at United Hospitals Medical Center, Newark.

Mr. Middlebrook, an alumnus of Schuylerville Central School and Franklin School of Science and Arts, Philadelphia, Pennsylvania, is

The couple honeymooned at Niagara Falls and Canada and will live in Bradford when Mr. Middlebrook completes his tour of duty.

## Miss Manzie Wed In Sacred Heart

Wedding vows were exchanged August 23 in Sacred Heart Church, Bloomfield by Miss Margaret A. Manzie, daughter of Mr. and Mrs. Joseph Manzie of Bloomfield and Albert H. Roughgarden, son of Mrs. Howard Roughgarden of Hawthorne.

The ceremony was performed by the Rev. Thomas J. Henery and a reception followed at The Cobblestones, West Caldwell.

Escorted by her father, the bride wore a gown of silk organza trimmed with Alencon lace and seed pearls. Her headpiece was matching.

Miss Laura DiFalco was her cousin's maid of honor. Bridesmaids were Miss Jean Oliveira and Mrs. Richard

McCall, sister of the groom.

Richard McCall was best man for his brother-in-law and Douglas and Donald Walker, cousins of the groom, ushered.

Mrs. Roughgarden, a graduate of Barringer High School, Newark and Newark State College, is a teacher in Belleville.

Mr. Roughgarden, an alumnus of Hawthorne High School and Teterboro School of Aeronautics, attends Newark College of Engineering. He is an Air Force veteran and is with Epple and Seamen, Architects, Newark.

The couple will live in Hawthorne following a honeymoon in New England.

## Rider College Receives Big Governmental Grants

Rider College received \$276,800 in governmental grants during the past academic year, Dr. Frank N. Elliott, Rider president, reported this week.

Dr. Elliott said the 16 grants toward a variety of projects represented an increase of \$156,601 over the previous year.

"In view of the generally tighter funding situation, it's a credit to Rider that our programs have been able to attract more governmental assistance," Dr. Elliott said.

**EVERY FAMILY SHOULD HAVE THEIR PERSONAL PHARMACY**

There are important reasons why the American Medical Association suggests that you have one personal pharmacy from which you obtain all the medicines and health aids needed by your family.

When one pharmacy fills all your prescriptions, the record file contains all the information needed for the pharmacist to help protect you. Some people are allergic to certain drugs. Others may be getting prescriptions from more than one Doctor and the medicines could conflict with each other. We hope that you will choose us to be the personal pharmacy for your family.

## Mr. and Mrs. McNamara Honeymoon In Puerto Rico

Miss Dorene Paulette Binkiewicz, daughter of Mr. and Mrs. Paul Binkiewicz of Harrison Street became the bride August 16 of Thomas Michael McNamara son of Mrs. George McNamara of Wayne and the late Mr. McNamara, in St. Valentine's Church, Bloomfield.

The Rev. John Ryzner officiated at the ceremony which was followed by a reception at the White Eagle Manor, Bloomfield.

Escorted by her father, the bride wore a gown of imported silk organza with appliques of Venetian lace. Her gown, fashioned with a hi-rise waist, modified bell skirt, Bishop sleeves and a detachable Chapel train was also trimmed with white silk satin.

A headpiece of Venetian lace and baby seed pearls held her three tier shoulder length silk illusion veil and she carried a cascade of baby white roses.

Miss Gayle Delezinski, the bride's cousin was maid-of-honor. Junior bridesmaid was Miss Carole Binkiewicz, also a cousin. Bridesmaids were Miss Patricia Binkiewicz, cousin of the bride, Mrs. June McNamara, sister-in-law of the groom, Miss Maryellen Aleckner of Bloomfield, Miss Peggy Gamache of Vailsburg and Miss Ellen Schneider of Long Island.

They wore full length floral printed gowns in lilac and green with Bishop sleeves and choir boy collars. The empire waist was trimmed in lilac velvet ribbon. Headpieces were lace straw picture hats trimmed with the same ribbon. They carried baskets of assorted seasonal flowers.

George McNamara of Hornell, New York was best-man for his brother. Ushering were Barry Vermeeren of Ohio, James Eifrig of Illinois, Charles Kearns and Robert Henriksen of Wayne and Joseph Mormarco of Mahwah.

Mrs. Binkiewicz chose a sleeveless silk worsted gown of apple green with a panel motif of matching beads on the face of the gown, while the groom's mother was in a candy pink, long sleeved, silk chiffon gown. Both mothers wore matching accessories and carried white orchids.

Mrs. McNamara an alumna of Our Lady of the Valley High School, Orange, completed her freshman year at Concord College, West Virginia and will complete her studies at Denison University, Granville, Ohio.

Mr. McNamara graduated from Akron Firestone High School, Ohio and is presently attending Denison University where he is a pre-med senior. The couple will make their home in Ohio following a honeymoon in Puerto Rico.

## Lieut. and Mrs. Barker Jr. Will Reside In California

Miss Barbara Ellen Giesen, daughter of Mr. and Mrs. Joseph W. Giesen of 723 Lake Street, Newark and Lieut. Raymond H. Barker Jr., son of Mr. and Mrs. Barker Sr. of West Paterson, were married August 22 at Our Lady of Good Counsel Church, Newark.

The double ring ceremony, performed by the Rev. William Wallace, was followed by a reception at The Fountain, Belleville.

Escorted by her father, the bride wore a gown of weightless silk organza with a scalloped neckline of Alencon lace and re-embroidered seed pearl beaded Alencon fleurs.

A silk organza bow held her mantilla, with matching lace trim and she carried white orchids surrounded by white roses.

Miss Victoria Stasels of Belleville was maid of honor. Bridesmaids were Miss Jean Giesen, sister of the bride, Miss Victoria Barker, sister of the groom and Miss Juliet Digulian of Falls Church, Virginia.

The attendants wore empire gowns of yellow chiffon with tiny leaves of green lace outlining the bodice and neckline. Headpieces were yellow organza bows with double net and they carried baskets of white daisies and yellow roses.

Thomas Bowdler of Little Falls was best man. Ushers were Thomas Barker, brother of the groom and Daniel Booker of Richmond, Virginia.

Mrs. Giesen chose a gown of pink silk worsted with a deeper shade of pink lace bodice. The groom's mother wore a light blue gown of summer satin. Both wore orchid corsages to match their gowns.

Mrs. Barker is a graduate of Our Lady of Good Counsel High School, Newark and holds a bachelor's degree in chemistry from Virginia Polytechnic Institute.

Lieut. Barker, an alumnus of Passaic Valley High School and Virginia Polytechnic Institute, holds a bachelor's and master's degree with honors from Virginia Polytechnic in Aerospace engineering. In his senior year, he was regimental second in command of the corps of cadets at V.P.I. He is a member of the American Military Engineers, Sigma Gamma Tau and Tau Beta Pi and was elected to "Who's Who in American Colleges and Universities."

Following a honeymoon, the couple will make their home in San Bernardino, California near Norton AFB where Lieut. Barker is stationed.

## Hurricane Aid Is Estimated At Six Million

The American Red Cross today estimated that funds needed to aid the victims of Hurricane Celia would exceed \$6 million, with New Jersey's share of the goal set at \$153,000.

Fredrick E. Rathgeber, chairman of the Northern New Jersey Red Cross fund campaign, said a special effort will be made by the 32 Red Cross Chapters in Northern New Jersey to raise the needed monies.

Ratheber, an executive vice president of Prudential, said that more than 15,000 homeless are being cared for in Red Cross centers in the Texas area hit by Hurricane Celia.

Almost 9,000 homes were totally destroyed while over 40,000 suffered major damage. Experienced Red Cross teams are giving food, clothes and housing to those left destitute in the wake of one of the most destructive storms of the last 10 years, Rathgeber said.

# Fairway Ave And Stadium Playgrounds Raise Funds For Muscular Dystrophy

MARKSMAN Robert Place prepares to hurl dart at bust the balloon game during Stadium carnival for Muscular Dystrophy.

A CHECK FOR Muscular Dystrophy is handed over to assistant Recreation superintendent Warren Ceres (left) and Playground Supervisor Camile Casaletto from Stadium playground counselors (1-r) Arlene Bade and Jeanne McCoy.

PITCHING pennies was only one of many games set up by industrious Fairway Avenue Playground youngsters who raised over \$500 for Muscular Dystrophy.

VALERIE CARUSO works hard at picking up a bottle during game at Stadium Playground. Valerie eventually picked up the bottle and was congratulated for her efforts.

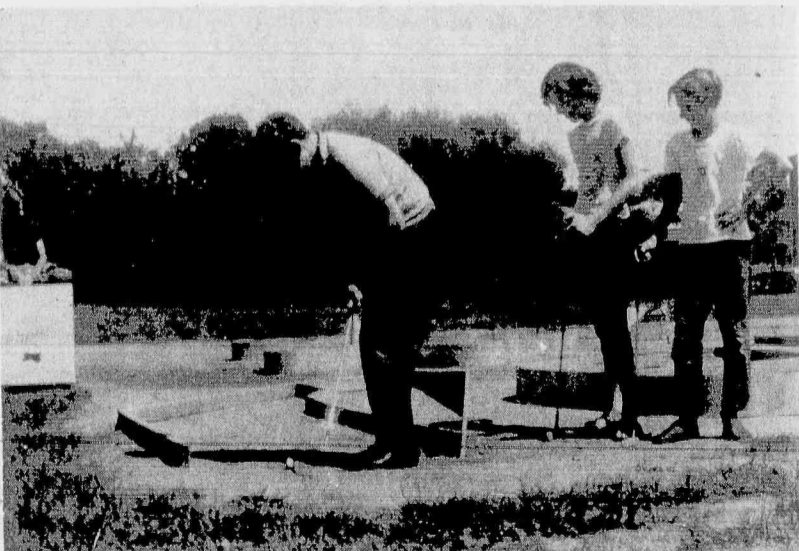

COUNSELOR Alice Morrison (left) and counselor Fran Misuriello (far right) look over Fairway gift stand with

## Taibi Starts PSC camp Today

Joe Taibi, who played defensive end for Belleville this past season, will start practicing as quarterback for Paterson State College today, when the team opens camp in Sparta. The camp will be run by Dr. Michael A. Sabia, head football coach at Paterson.

In order to make the transition as smooth as possible, Joe has been working out with some of the backfield players and ends for Paterson's first team at Roosevelt Stadium in Jersey City. (The Jersey Jays are also working out there, but the two teams are there separately.)

Since it will be his first year as the signal caller, Joe has had to learn the basic fundamentals of the position. Joe explains, "I've never played there (QB) before, so things that most kids would have down and doing naturally, I've got to start to learn." Things as elementary as taking the snap, setting up, handing off, passing, and working the plays, have all been part of his nightly agenda.

The 6'2", 190 pound frosh confidently explains that "things are coming along all right."

Joe indicated that the college coach first explains a play to you on the field, and then shows you what it looks like in a playbook. At Belleville High School players received mimeographed sheets, and were told to learn the plays over the summer, which Joe felt is more confusing than the college system.

Most of the players that Joe has been drilling with live in Hudson County, but one player from Passaic didn't appreciate a visit by Joe and a few of his friends earlier this year. A half-back for Passaic High School this past year, Dan Back, has been working with Joe at Roosevelt Stadium. Both players were in the October 18 game between Belleville and Passaic, where the Bellboys clobbered the Indians 20-0.

Today will be the first chance for Joe to meet the other three prospects for the QB position at Paterson.

## Cindy Ferro Keeps Going

Belleville's Cindy Ferro keeps adding up victories in almost every tournament she enters. Just this month she placed first in the Metropolitan Junior Girls Tournament, and today she is entering the Maureen Orcutt Trophy Tournament at White Beach Country Club in Haworth, near New Milford in Bergen County.

At the Metropolitan tourney in North Hempstead, Long Island, Cindy captured first by stroking a 79. The BHS junior is a member of the Women's Metropolitan Golf Association, which sponsored the tourney.

The Orcutt Trophy Tournament at White Beach today is named for Maureen Orcutt, a famous amateur golfer who once won the same tournament ten years in a row, a record yet to be broken. She also is a reporter for the New York Times according to Miss Ferro.

Earlier in the month Cindy and her father, George Ferro, took first place in the father and daughter championship sponsored by the WMGA.

Last year the two tied for first with George and Karen Poydenis in the same tournament. This year, the pair from Essex Fells weren't in contention, and the Ferros won with a card of 37-37-74.

An "almost" first place win came for Cindy with her brother Steve in the Sister-Brother Tournament at Richmond County Country Club on Staten Island. The two tied with Kathy and Jim Linney for first place with a 38-38-76, but lost in the play off round.

At these brother-sister or father-daughter matches both golfers tee-off at every hole. They then pick which shot to finish out the hole with, and alternate shots from there.

Cindy also has finished third in two tourneys this summer.

At the New Jersey State Golf Tournament in July, Cindy finished with a slight improvement over last year, but still wasn't satisfied. Last year, the duffer's dilemma placed fourth and this year third, but commented that she felt she "didn't play too well."

In the Metropolitan Shore Tournament, Cindy took third place in the "low net" category. On three days on three different courses, Cindy carded 84-81-88-253, and her ten point handicap moved her into award positioning.

With most of her first place wins comes the tournament's cup, or trophy in the case of today's event, which has the name of all the previous winners. This is kept for one year and then returned for a charm as a keepsake. Another way is the presentation of a gift to the winner, such as an AM-FM clock radio Cindy won in the Metro-Shore contest.

## Action Around The Playgrounds

The hot and humid weather seemed to slow things down at number 4 playground. The participants sought many of the quieter games such as nok-hockey and ping-pong because of the hot weather.

A nok-hockey tournament was held and the winners were Steve Dondarski, junior division, Rich Centenni, senior division, and Diane

DeMayo, senior girls division. The senior softball team, coached by Kenny Stein, ended their season with a 3-4 record. The team was forced to forfeit three of the games because many of the players were on all-star teams. The junior team and the girls team will be participating in the championship playoffs.

gained by Nancy Swineford who is now the reigning nok-hockey champ. Eddie Colombrito can't seem to move from second place and still holds that status. Carl Garofalo took first place in the foul-shooting contest, while Michelle Ciallella placed second and Gary Tchelebi, third place.

Number ten playground held a bicycle race. The drivers were Greg Dunleavy, Michael O'Connor, Warren Miller and Chris Cervasio. A relay race for the boys, ages 5-7, was also held. The contestants were Robert Klein, Frank Fazzini, Chipper Verian and Micky DiNardi. Frank Fazzini came in first place. In the three-legged race, John Klein and Michael Zecca were the winners. Other events were held and all enjoyed a fun-filled afternoon of races.

The boys at number 9 were named as the champions of the senior softball league. The members of the team are,

Frank Calabrese, Mark Calcaterra, Anthony Calia, Michael Calia, Dennis Capriglione, Ed Colon, Ed Dolon, Donald Dolph, Greg Ottalagano and Anthony Plumbo. The captain of the winning team is Al Roberts and John Moraski, the playground aid, is the winning coach.

Another co-ed dodgeball contest was held at the Rec. playground. The boys quickly defeated the girls with the great arms of Mark DiGiacomo, Jim "boy" Risoli, Jimmy Cali, Steven Dempsey, Gene Marino, "Jap" Calabrese, and Louis Ferriero. Action was seen on the Rec. basketball court last week when they encountered a match with number 1 in a close game with the final score being 20-18.

## Lions Defeat Colony Twice To Take World Series Title

CHAMPIONS OF the National League and of the World Series are (1-r) front row, Mike Ryan, Steve Simpson, Frank Scarpelli, Robert Freda and Robert Racioppi; second row, Greg Petite, Chris Miller, Fred Racioppi, John Clarizio, Jeff Simpson, Richard Baker, back row, Coach John Marzella, Ricky Sylvestro, Ed Reynolds, manager Tony Randazzo, Mike McTigue, Robert Giordano and coach Fred Racioppi.

## Giordano-Petite Sparkle On Mound For Champs

The mighty Lions Club of the National League stand alone on top of the Belleville Little League after setting down the Colony Club twice in this town's World Series.

Robert Giordano, one of the top pitchers in the League, combined a two-hitter with ten strikeouts to lead the Lions to an opening game 4-0 shutout.

In the opening tilt, the Lions got eight hits, led by Frank Scarpelli's two safeties.

In the second and final game of the best of three matchup, the Lions ran away with the title, winning 9-1 behind star Greg Petite's one hitter. Petite struck out eight batters, while John Clarizio and Richard Sylvestro contributed two hits apiece for the champions.

The Little League will hold

its annual award picnic on Sunday, September 13 at one p.m. at the Michael V. Marotti Little League. Winning teams will receive trophies for their championships. Also scheduled to receive awards are All-Star players and all boys 12 years old who will be leaving the league.

## Local Youth At Basketball Camp Site

A Belleville youth is among over 100 boys between the ages of 12 and 18 attending Upsala College's basketball day camp which began August 17.

Tim O'Neill of 179 Hornblower Avenue, is receiving basketball instruction and will compete in play under the supervision of professional basketball stars and a host of college and high school coaches. The camp is operating for two one-week sessions in the gymnasium of Upsala College. Upsala Coach Richie Buckelew, former Seton Hall star, is the program director for the camp while his freshmen coach, Richard Aduato, is camp director.

(BY MAX BECK)

One would think that the TV industry has learned a lesson and stop the proliferation of tube sizes for color TV. There were about 15 different sizes of black and white picture tubes available, from 3" to 30", where half of this number would have been more than ample. European manufacturers had more sense, they had only a few sizes.

Now the same thing happens with color TV. There are already 10 different sizes of color tubes and, no doubt, plenty more to come. The result is a terrific waste all along the line, from manufacturing to warehousing to distribution and retailing. Of course, there is no need for this. To a considerable extent it is due to the never ending penchant for something new. This is carefully nursed along by clever advertising which makes it appear that you are not "with it" unless you have the latest and "newest".

The public has become a slave to this advertising manipulation. One can only shake one's head as one sees girls with coats to their ankles up to — well, one wonders how short they can get. Does it make sense? Not in this man's opinion.

There will come a time when the world will have to think of conserving our natural resources, and can not afford this great economic waste. Who ever thought that this country would have to import all kinds of basic raw materials. Our ancestors thought that our natural resources would last forever. The ever increasing population will force a re-thinking of the use of the world's natural resources. Let's of people are worried already about food all these people. But food is only one part of the problem. Too many tube sizes and too many wasteful changes of styles are only a very small part of the great picture.

We service what we sell. Beck's Radio TV HI FI

Little Theater Talent Search

The Broadway musical comedy "Guys and Dolls" is in the final planning stages. Nutley Little Theatre will present this show in early November.

The local theater group has just announced an open casting call. This means that any interested adult or teen-ager in Nutley is encouraged to try out for "Guys and Dolls." All parts are open, including leads, singing ensemble, dancers, walk-ons, and technical staff.

The auditions will be held at 8 p.m. on Monday, August 24, and Tuesday, August 25. All Nutleyites interested

should call 661-2583 or 661-08p4 to find out the location of the auditions. Singers are encouraged to bring their own music and female dancers are asked to bring a bathing suit.

This is an opportunity for the residents of Nutley to be involved in a hit Broadway musical - so come one, come all!

People who enjoy resting shouldn't mind working; without labor there can be no real recreation.

Laura Nyro At Art Center This Friday

Laura Nyro, one of the nation's top modern composers and singers, will perform at New Jersey's Garden State Arts Center tomorrow.

The composer of "Stone Soul Picnic," "Sweet Blindness," (both recorded by the Fifth Dimension) "Wedding Bell Blues," "And When I Die," "Stoney End" and "Save The Country", Miss Nyro packed New York's Carnegie Hall for two performances earlier this season.

Miss Nyro, whose album "New York Tendaberry" is at the top of record sales charts, replaces James Taylor on the August 28th Arts Center schedule.

Appearing with Miss Nyro that night at the Arts Center on the Garden State Parkway (Telegraph Hill Park, Exit 116) will be jazz-rock-blues singer Turley Richards.

Dow Jones Set To Go With Pros

...A couple of "old pros" whose total age is 108 years and who are still packing gallery glamor and outstanding golfing ability - Sam Snead and Julius Boros will be part of the formidable field of fairway greats being assembled for the Dow Jones Open August 24-30 at the Upper Montclair Country Club.

Titles, more than 150 of them collectively, read like a Who's Who of Achievements beside their names in the record books. Snead, the winningest golfer of all time with 134 championships, has won all the big ones except the US Open. Boros with 20 tournament "kills" tops Snead in that prestige event with two trips to the winner's circle.

The two veterans are past winners of the PGA Championship with the "Slammer" grabbing three. Boros has never been a Masters title holder while Snead, who is 8 years older than the "Moose", emerged victorious at Augusta on three different occasions.

Latest career money figures show Boros over \$800,000 while Snead is listed at close to a half-million. In the latter case the total should be much higher as Sam was winning championships and jackpots long before the so-called "Modern Era" records were carefully defined. Sam's most recent claim to fame was winding up in a tie for runner-up honors at the National Four-Ball Championship with partner Gardner Dickinson.

"Many golf followers still insist that Snead and Boros are two of the most interesting performers to watch at any tournament-Sam with his magnificent swing and Julius with his easy-going, relaxed style," commented General Chairman Edgar A. Roll. "The way these two veterans have been playing it wouldn't be at all surprising if one or the other pulls a big upset at the Dow Jones Open," he added.

To do just that, they face the almost insurmountable odds of beating the most proficient shotmakers in the game today.

LOCAL DIRECTOR - Ken Eulo of Nutley directed top names in show business in his position with an Ohio summer theater group.

Local Product Now Directing

For the past three months, Ken Eulo, son of Mr. and Mrs. Joseph M. Eulo of 85 Kingsland Road, Nutley, has been busy directing some of the top names in show business for one of the biggest summer theaters in the country.

Eulo this summer as director for the Canal Fulton Summer Theater has in Fulton, Ohio, directed such stars as Ray Milland, Betty Grable, Gisele MacKenzie and currently Pat O'Brien.

Next week the theater will present Anne Southern in "Your Daughter, My Son."

This fall, Eulo will stop being a director just long enough to fill the role as playwright when he will see his most recently finished script become a reality on Broadway.

His play, entitled "S.R.O." is a two act drama that will star Pat O'Brien. It will open sometime in November.

Eulo will also be busy running The Courtyard

Free Concert Is Saturday By New Jersey Symphony

Senior citizens from a wide area of the state will hear a free concert to be given by the New Jersey Symphony Orchestra under the direction of Henry Lewis at the Garden State Arts Center in Holmdel this Saturday.

A program of popular symphonic works will be performed by the Orchestra, including the Overture to

Thomas' "Mignon," the "Le Cid" ballet suite by Massenet, Gershwin's "An American in Paris" and excerpts from Dvorak's "New World" Symphony.

The New Jersey Symphony Orchestra and the Arts Center are inviting the senior citizens to "make a day of it" at the concert by coming early with picnic food and staying to

Twirling Tournney Is Set For Nutley

Sponsored By Amvets

The Nutley High School gymnasium will be the scene of the 16th annual New Jersey championship baton twirling tournament on Sunday, September 20. The event is being sponsored by Nutley Post 30 Amvets as part of their juvenile decency program.

In addition to selecting the state senior and junior title winners, who will represent N.J. in the national contest at St. Paul-Minneapolis in January, 1971, the 16 judges will rate twirlers from six eastern seaboard states in inter-state competition.

Anthony J. Caprigione and George H. Siegel, co-chairman of the affair for the local

veterans group, informed the Sun that as many as 500 youngsters aged from three to 20 will vie for honors. The event commences at 1 p.m., and the batons will be twirled without interruption until 6 p.m., when the judges' decisions will be revealed.

Major John T. Totilas,

Stamford, Conn., the National Baton Twirling Association's rules commissioner, is directing the competition. Last year's honors went to Denise Cavanaugh, Mullica Hill, who won the senior crown, and Kim Fischer, Trenton, the junior champion.

**Olga Knows Your Weekly Horoscope**  
August 27 thru September 2  
**ARIES (March 21-April 19):** Think big in week ahead, Ari. Intellectually you should be in high gear. Be honest. Do not settle for the counterfeit. Your hunches will be strong. Go ahead and act in haste. So you make a mistake. So you can always repent at leisure, if necessary.  
**TAURUS (April 20-May 20):** Do not be a lunkhead in week ahead, Taurus. Use your wits or you will be saddled with a dreary burden. There may be one who will try to hurry you into making a decision. Resist. Move at your own pace. A snail's.  
**GEMINI (May 21-June 20):** Nifty number about to come on the scene, Gem. Are you ready? If not, then you'd better get ready. And by that, Olga means have all trap doors in working condition. One never knows, you know. Squelch desire to possess. At least don't let it show. Be a bit sneaky.  
**CANCER (June 21-July 22):** Week ahead one for getting long-range plans in gear. Be most careful concerning small, seemingly insignificant details. Be decisive. Once you have made arrangements, stick to them. Try not to be fussybudgety.  
**LEO (July 23-August 22):** You're all heart, Leo. But in week ahead you will be tempted to wear your heart on your sleeve. Now, you know this is foolish, don't you? O.K., then play it cool, love, and that which you so warmly desire will come your way. It usually does. Last day of week is one for getting gear in order if you have a move of any type planned. Also day to contact old and trusted chum for advice concerning personal problems.  
**VIRGO (August 23-September 22):** During week ahead, Virg, you will become aware of many outside forces which seem to vie for your attention. Separate the wheat from the chaff. Give your time and energy only where you feel you will reap the greatest reward. Tell those who are unworthy to go soak their respective heads.  
**LIBRA (September 23-October 22):** Energy cycle may be low during coming days, Libra my sweet. Watch out for infections of the throat. If you should find yourself feeling tuff, wish to be well and the wishing will put you on the road to health. From then on, follow all signs. By last day of week you should be starting to perk again.  
**SCORPIO (October 23-November 21):** How do you feel when you get up in the morning, Scorp? Do you look to each day with anticipation? Or dread? Or something in between? How you greet the dawn is a good indication of your general health, Scorp. Physical as well as mental. If mornings have been getting tougher lately, perhaps it is time for an appointment with your doctor. Or maybe just a vacation.  
**SAGITTARIUS (November 22-December 21):** Good week for Olga's Sajs. O happy day. You will be in tune with Nature completely. Of course, this condition cannot last long, so enjoy every precious minute. When the fruit is ripe it should be plucked and eaten. For ripe and rotten are sometimes only moments apart.  
**CAPRICORN (December 22-January 19):** Rather decent week for Cap baby. Things should go swimmingly careerwise. New associates are on the agenda. And if Cap smiles a bit associations could flower into lasting friendships. You don't have to be pushy, mind you, just approachable.  
**AQUARIUS (January 20-February 18):** O.K., so last week you DID. Now what are you going to do for an encore? You ARE? Why Aquarius, you rascal, you. Olga never should have asked. After that however, the rest of week should be one of give and take. With Aquarius doing most of the taking. And why not? During these past few weeks you've done your share of giving. And then some.  
**PISCES (February 19-March 20):** Relaxing week for Pisces. One for sharing joy and fun. Be with those who mean most to you. Confide little long-kept secrets. And remember that your treasure lies not so much where you live but where you love.

## Football Captains Named

Michael Albertine and Ricky Caruso have been elected co-captains for the 1970 Belleville High School football team. Both players are seniors who've been varsity members since their sophomore seasons.

Generally captains are chosen in June, but because of the sudden resignation of head coach John Amabile, the players did not elect their leaders at that time.

Monday, the squad was together for physicals and equipment issue at the high school. The boys held the election and nominated two of their best grid-iron performers.

Albertine is a hard-hitting lineman who last season was fifth on the team with a total of 56 tackles. He also recovered three fumbles.

A two-way performer, Albertine could develop into one of the best linemen in the county. Big and husky, Albertine starred for the track team last spring as a shot-putter and a discus thrower. He is also an honor's list student with a bright academic career ahead of him.

Caruso is probably the most dynamic member of this year's squad, the man who should bring the fans out to the Stadium on those brisk autumn afternoons.

Last year Caruso was

## Succumbs During Accident

A 58-year-old Belleville man died of a heart attack in an automobile accident last Thursday morning on Overlook Avenue.

Police listed the deceased as Michael Renner, 257 Forest Street. The accident occurred at around 7:40 a.m. near the intersection of Floyd Street and Overlook Avenue.

Mr. Renner's car went out of control, police said, and jumped a curb and hit a parked vehicle before smashing into an apartment building at 15 Overlook Avenue.

Renner was pronounced dead at 7:50 a.m. at Clara Maass Memorial Hospital.

Born in Paterson, Mr. Renner lived in West Orange for 30 years before moving to Belleville seven years ago. For the last 30 years he was employed in the time-control department at Walter Kiddie Corp.

Mr. Renner is survived by his wife, Mrs. Margaret Camille Russomano Renner; two sons, Frank of Rahway and Michael Jr. at home; two stepsons, Daniel Russomano of North Plainfield and Thomas Russomano at home; a daughter, Mrs. John Colagrande of West Orange; a brother, Anton Renner of Metuchen; two sisters, Mrs. Margaret Sadowski and Mrs. Anna Polkowski of Cliffwood Beach, and three grandchildren.

Services were August 31 from the Frank J. Codey and Sons Funeral Home, Orange, with a Mass at Holy Family Church in Nutley.

## New Rabbi Announced

Morris W. Klein, president of Congregation Ahavath Achim 125 Academy Street, has announced the appointment of a new spiritual leader of the congregation, Rabbi Herbert Horowitz.

Rabbi Horowitz was ordained by the Rabbi Isaac Elchanan Theological Seminary of Yeshiva University, in June of 1968. He has served as the spiritual leader of Congregation Agudas Achim, College Point, N.Y. He received his B.A. and

DRAPED WITH equipment, new Bellboy football captains Michael Albertine (left) and Ricky Caruso compare notes Monday as season gets underway. Both Albertine, a

hard-hitting tackle, and Caruso, a top-flight halfback, are expected to be the core of dynamic Bellboy grid team which should be one of the best in the county.

DISCUSSING ATHLETIC equipment is athletic director Herman Wische (left), head football coach Rocco Cafone (center) and assistant coach Vinnie Harris. Equipment was issued to 103 candidates Monday. Drills commenced the following day.

## Apartment Blaze Sends Patrolmen To Clara Maass

Belleville firemen battled a fierce apartment house blaze Sunday night which sent two local patrolmen to the hospital.

Police officers Patrick McCabe and Charles Oese were treated for smoke inhalation at Clara Maass following the fire which took local firemen an hour and a half to bring under control.

Patrolman Oese was released Sunday, while McCabe was still being detained this week at Clara Maass Memorial Hospital. McCabe was listed in fair

condition by a hospital spokesman Monday, and at press time was expected to remain there for "several days." Fair condition, according to the spokesman means "not critical, but not good enough to be released."

Fire officials believe the blaze at 123 Washington Avenue resulted from the explosion of a television set, and said witnesses reported seeing windows being blown out from the second floor.

Leading a team of fire fighters was Captain Robert Mazza.

## Installation Is Planned

The Belleville American Legion Post 299 will install Wallace Thatcher as commander during annual installation ceremonies Saturday, September 19 at the post home 118 Belmont Avenue.

A complete slate of officials is scheduled for swearing in at the Joseph J. Carbat Post along with Thatcher. The post's ladies auxiliary will also install its officers in a joint ceremony.

Joining Thatcher on the official slate will be Nicholas

## Student Leader Discusses Visit To Girl's State

The president of Belleville High School's student government organization, Brenda Cameron, feels she didn't learn as much as she could have at the recently held American Legion Girls State because: "I wasn't really concentrating, because I was having so much fun."

Brenda's visit to the program at Douglass College was sponsored by the Women's Auxiliary of American Legion Post 299 of Belleville.

"I really think that Belleville should have more girls go," noted the BHS Senior. "Each town should have more than one person going. There's so much to do, one person can't remember everything."

Brenda has been asked to tell the Auxiliary about her experiences on September 19 during the organization's installation of officers.

One of the things that Brenda enjoyed most was the parties in her wing of the dormitory each night. She explained that the girls had brought record players, radios, potato chips and fruit with them and had fun every night "just getting together."

Brenda was by no means a spectator at the convention. Having won elections as the sophomore class president and as vice president of the student government at BHS last year, she naturally entered into the annual Girls State campaign to elect "state officers."

The BHS senior was campaign manager for her roommate, who sought nomination for Girls State governor in the primary. After her roommate lost in the primary, Brenda concentrated on another girls' fortunes, Linda Lubertazzi.

Linda lost the election by a few votes, and the fun of cleaning up campaign signs and stickers began.

As for herself, Brenda was content to serve as the sergeant-at-arms for the State Federalist Party, a job she said was "often tough."

"The girls really got noisy. Everyone was shouting and yelling out what they wanted on the platform at once, and I had to keep the peace."

The girls were separated into two parties — Nationalist and Federalist — but the girls found themselves crossing party lines more often than not.

"We were divided into three counties, — MacArthur, Nimitz, and Eisenhower — and each county had three cities of 50 girls each, but we weren't always together. My roommate was a Nationalist from another city," Brenda was in Jefferson City.

The girl's sports star at BHS noted that she often met girls that she had seen in her career on the basketball court, and behind the plate as catcher of the girl's softball team. Some of her opponents from Irvington and Verona were among the 463 high schoolers there.

Brenda also indicated that

## Local Police Arrest Last Robbery Suspect

Belleville Police have arrested a second suspect in a \$1,500 robbery August 20 at the apartment of Samuel Knowles, 254 Jorammon Street.

Both men are scheduled to be arraigned today before Municipal Court Judge Edward Abramson. They currently are out on \$5,000 bail.

Most of the goods stolen from the apartment have been recovered by local police. These include jewelry, cash, a record player and a revolver.

## Five Ordinances Before Officials On Tuesday Night

Five new ordinances are scheduled for a final vote this Tuesday night during a special meeting of Town Commission.

Headlining the bills is a controversial ordinance which would raise the ratio of parking spaces to living units from 100 per cent to 200 per cent for all new construction in town.

The bill was tabled two weeks ago after several people, including former town attorney Jack Soriano, charged the law would be detrimental to the future growth of Belleville.

Also on the agenda is an ordinance creating a fifth deputy chief's position in the fire department. Mayor Ken Smith, director of Public Safety, says the department has been using a fifth man in an acting deputy chief's position for over three years.

According to Fire Chief Carl Hunderfund, one of the department's night shifts does not have a deputy fire chief. Usually, each of the deputy chiefs will split his time between days and nights. However, in the case of Deputy Chief William Fabian, who handles most of the administrative paper work for the department, this practice is bypassed.

"Because of the nature of Fabian's work," Hunderfund told the Times, "he must work during the days, and hence we have three nights where there is no

deputy chief in charge. Most of Fabian's work involves contacting companies and other fire department executives, and these agencies aren't open at night."

Chief Hunderfund says the department is undermanned in both officers and firemen according to the national standards set by the National Fire Prevention Association, a federal agency. Most towns don't meet the requirements, the chief says, but in Belleville "we're so far undermanned it's pitiful."

An examination has already been held for the deputy chief's position, with Captain Harry Dambra ranking first on that list. Mayor Ken Smith, however, will have the top three candidates to choose from if the ordinance passes.

Another ordinance which would affect the fire department is a bill creating the position of mechanic in the department, a \$250 a year position which would go to a local fireman.

## Benefit Game Set For Debbie September 12

A benefit baseball game for the Debbie McCool Fund has been scheduled Saturday, September 12 by the Belleville Farm League All-Stars. Game time is one p.m. at the Michael V. Marotti Little League Field.

The game will matchup two all-star teams of the Farm League — the National and American — with all proceeds to go to the fund.

Admission will not be charged at the gate, but donations will be accepted during the game.

Managing the American League will be John Zaluskas, assisted by Leonard Russell, Joseph Iacona and Nunzio D'Elia, who will also serve as game announcer. Morris Renna will coach the National League stars, with assistance from Vince Falcatano, Al Nadzan, George Benaquista and Tony Pellegrino. Commissioner Vincent T. Strumolo is scheduled to throw out the first ball.

The All-Stars, meanwhile, have been practicing nightly the past three weeks to keep in top form. The regular season ended almost a month ago.

In addition to the All-Star game, there will be a door-to-door collection conducted by the players

under the supervision of adults. Collections will also take place at key traffic intersections in town. Permission for this has been granted by Mayor Ken Smith and the Belleville Police Department.

Debbie McCool is a 1970 graduate of Belleville High School who has been suffering from a rare blood disease which has required costly medical treatment. The fund has already raised over \$9,000.

## Teenage Voters Register

Belleville's first teenage voter was registered last week under the new federal law granting the vote to 18-year olds.

Polly Vuono, 17, of 192 Passaic Avenue was this town's first teenager to register at Town Hall with Clerk Eugene Barnett. Miss Vuono, a 1970 graduate of Belleville High School, will be 18 in October.

Barnett says that as of Monday, five teenagers had registered. Officials here and elsewhere in New Jersey are

## Caddy Awaits Big Check

BELLEVILLE'S MOST famous caddy, Bob Garthwaite is all smiles with his mother Betty Garthwaite. The 17 year old Belleville High School senior expects a big check after serving as caddy for Dow Jones Open winner Bob Nichols.

## Discusses Bob Nichols, Dow Jones Champion

"I wish there were a tournament here every week."

That's the way 17-year-old Bob Garthwaite of 260 Hornblower Avenue summed up his feelings after serving as caddy for Bob Nichols, winner of last week's \$300,000 Dow Jones Open at the Upper Montclair Country Club.

Nichols took home \$60,000 for his five-day pressure packed effort. While sports fans across the country oogled at the first place prize — the largest in the history of professional golf — friends and relatives of young Bobby Garthwaite were busy speculating what share of the large prize Nichols would give his caddy as is the custom in tournament golf.

Rumors circulating Belleville this week had the caddy's share up to \$6,000, which is much larger than the 3.5 per cent generally given to caddy's. Actually, Bobby has received nothing from Nichols yet except a dozen golf balls, nine golf gloves and two sun visors.

But the departing Open champion has promised a check to Bobby within a couple of weeks from his home in Akron, Ohio. In

addition, Nichols has extended an open invitation to his caddy to visit him at the Firestone Country Club in Akron.

In the meantime, the Garthwaite family is still buzzing over the sudden good fortune of young Bobby. Bob's mother, Betty Garthwaite, says she is more excited than her son, whom she said "acts like nothing happened."

Though he may have been relatively unexcited after the tourney, Bobby admits that caddying in the tournament was the most pressure packed work he has done in the four years he's been at the Upper Montclair Country Club.

"I realized I couldn't make
