Environment Is Keynote In Graduation

"Environment-Beginning and the End?", will be the theme of the 74th annual commement exercises of Belleville High School, Tuesday at 6 p.m. Municipal Stadium. Approximately 350 seniors are expected to receive diplomas.

Man's apparent disregard for his natural environment will be the major concern of commencement speakers Alan R. Grossman, Karen Gaschke and Janice Di Quattro, the top three members of the

Alan is this year's valedictorian, and in his commencement address he will speak about. Man's attitude toward his environment.

A resident of 15 Tremont Avenue, Alan the son of Seymour and Claire rossman. Seymour Grossman is principal of Belleville Junior High School. Alan plans to enter the University of Pennsylvania in the fall, where his older brother, Daniel, has just received his BA degree in American Civilization. He will enter Rutgers Law School in September.

This year's top student is a member of the BHS Executive Council and vice president of the National Honor Society. He is also student chairman of the Student Faculty and Exam Curriculum Committee. Alan is a member of the Student Government Association and the Key Club.

He has also served as president of his

School Expansion Decision Delayed

Education did not reach a decision Monday night on whether to build an addition to whether to build an addition to the senior high school. The Board hopes to make that decision either this Monday in executive session, or on June 28 during the regularly scheduled public meeting.

Board President Leonard unable to discuss the ex-pansion issue at Monday's executive meeting because four interviews had to be conducted to fill the new principal's post at School Two.

The question before the Board is whether to build an addition to the senior high and move the ninth grade to tha facility, or to pursue other measures to meet this school system's mounting enrollment crisis.

The choice essentially is between the construction and the use of staggered or plit sessions at the senior nigh. A staggered session is already in use at the Junior High-

In Marotti Case

Only Conflict Of Interest Involves Salaries — Scott

Town Attorney John Scott told the Times-News in an interview Monday he could foresee only one area in which Michael Marotti would have a conflict of interest in his dual roles as Commissioner of Public Works and juvenile officer in

the local Police Department.
Scott said Marotti would be in conflict of interest voting for his own raise in the Public Safety Department, but that outside of this, he didn't see any other conflicts for the Commissioner. He did say if any did arise however, would advise the

Commission at that time. The Town Attorney ruled two weeks ago Marotti could remain as both a town employee and an employer, saying that though he could foresse "that in the future the possibility of conflict might arise on certain limited issues," he didn't feel that "simply because the man is on the Belleville Police Force he should be deprived of his opportunity to make

Scott's ruling had created some confusion for political observers because he hadn't said what these "conflicts" might be, nor did he sight any ase law in his decision. In making his ruling, Scott

McCoy Gets National Finance Post

Becomes First Jerseyan Named In Over 20 Years

Belleville's Town Treasurer Francis McCoy has been elected to the executive board of the Municipal Finance Officers' Association of the United States and Canada. McCoy is the first Jerseyan named to the board in 20 years, and is the only member of the 13 man financial body who is not a revenue official from a large city.

McCoy was selected by a ballot of the association's membership in this county and in Canada. His term is for three years in the non-salaried position.

Elected with McCoy was L.C. Knudston, intergovernmental officer of Edmonton, in Alberta, Canada, and K.H. Allyn, finance director of Coral Gables, Fla. Newly elected president of the 13 man board is John H. Poelker, city comptroller of St. Louis.

Municipal Finance Astrociation is primarily an information agency, with chapters in every state in this country and in Canada. Its purpose is to inform municipal governments of new and proposed Federal legislation affecting towns

Coy, who has been with the Belleville Finance Department for 31 years, is currently secretary of the New Jersey chapter of the association. To be elected to the prestigious national board, he had to be nominated by the Association and then submit his credentials to all chapters.

McCoy is a lifelong resident. After being graduated from St. Peter's School and Belleville High School, he earned his B.S. and M.B.A. degrees in accounting from Seton Hall University. In addition, he has earned five certificates in governmental accounting and financial administration from Rutgers University in New Brunswick.

The new executive board member began his employeeship with the Town of Belleville in 1941 when he was appointed as a bookkeeper in the Department of Revenue and Finance by former Mayor William H Williams. Since then he has advanced through the ranks of Civil Service positions including principal accountant, head accountant, assistant municipal treasurer,

(Continued on Page 3)

BELLEVILLE TOWN treasurer Francis McCoy has been elected to the executive board of the Municipal FinanceOfficers' Association of the United States and Canada, the first Jerseyan so named in 20 years. He is the only town finance official on the 13 member board, which includes major city revenue men from across the nation.

Horace Goodenough

anco ANSWER FOR WHIRLPOOL AIR CONDITIONING Civic Leader

H.GoodenoughSuccumbs; 62

Horace Goodenough, first president of the Craig Fabian Fund.

Mr. Goodenough, who was 62, died Saturday in Mountainside Hospital in Glen Ridge after a long illness.

The deceased was one of the orime forces behind the Craig Fabian Fund, which was organized two years ago to help defray costs to the Fabian family after 17 year old Craig was left partially paralyzed in a freak swim-ming accident. The Fund has since expanded and become a permanent charitable organization for Belleville residents with similar afflictions.

Born in Honesdale, Pa., Mr. Goodenough lived in Newark before moving to Belleville 35 years ago. He lived at 199 years ago. He Holmes Street.

The deceased was a graduate of New York University, and was financial advisor to several industria

for this year's wrestling and crew teams. He will enter a pre-medical program at the University of Pennsylvania.

Karen Gaschke is this year's Salutatorian, or second highest ranking student in her class. She is the daughter of Robert and Marilyn Gaschke of 49 Carpenter Street.

Karen's commencement speech will precede Alan's, and will introduce the theme of the class to parents and friends in the Stadium. She will stress that people should include thoughts about the environment in their personal plans for the future.

Karen will enter Montclair State College, in the fall, where she will major in the German and Spanish languages. She hopes to teach the two languages on the high school level.

Karen has been active with the Belleville High School band as a clarinetist. She has played the instrument since the third grade. She is also a member of the National Honor Society, the German Club, the Spanish Club, the Future Teachers Club, the Political and Medical Club.

This year's Honor Student, or third ranked pupil is Janice Di Quattro, whose

sister. Sharon was graduated with the same honor in the BHS class of 1969. She is the daughter of the Rev. and Mrs. Anthony Di Quattro. Rev. Di Quattro is the minister of Belleville Assembly of

Janice will enter the Berkeley School of Business in East Orange next year with hopes of becoming a legal secretary. She says she chose this field because of her interest in government and politics. She plans to take the two year Berkeley course in just one year because of advanced training she has had at BHS.

Janice is president of the National yearbook. She has also served on the Student-Faculty Exam and Curriculum Committee and sang with the Bakers Dozen in her sophomore year.

She is a member of the Political Club,

the Booster Club and the Bookends Club. She is also a member of the Executive Council of BHS.

Her speech will address itself to areas in which people can do something about pollution. She is a resident of 100 Rossmore Place.

This year's class officers are President Annette Guardabascio; vice president Angelo Zeppi, Secretary Maryanne Ritacco, and Treasurer Mary Elizabeth

No Surprises

Election Results

Primary Elections went along pretty much as expected.

The only surprise in the election was the especially small turn out of voters. Apparently only 15% of eligible voters bothered themselves to visit the polls to exercise their American right to vote. On the Republican side, the new leadership of George Wallhauser, Jr. smothered the opposition by lopsided majorities of 10 to 30 to 1. The two contested Assembly seats in District 11C which include and Belleville were won by incumbent Assemblyman John Dennis of Verona and former Nutley Commissioner Carl Orechio. They swamped their opposition, Assemblyman Ralph Caputo formerly of Newark and more recently of Belleville, and David Ford, Caputo's running mate. The vote for Dennis and Orechio was approximately 7,800 and Caputo managed to get approximately 2,000 votes while his running mate Ford received approximately 1,500 votes.

The high GOP votegetter in the county at large was State Senator Michael Giuliano of Newark who led the entire Republican win.

Essex County Democrats supported the ticket sponsored by their chief, Harry Lerner, who scored an easy victory over a Newark-based opposition led by Newark City Council President Louis Turco. The Turco group put up a spirited and forceful campaign but the ticket led by

Democrat Democrat State Senate candidate Ralph de Rose was too much for the Turco anti-organization slate.

> The November General Election should be a lulu. In addition to the Republican and Democrat slates, voters will be offered a third major choice, a ticket fielded by a coalition of labor leaders and Republican dissident Joseph Intile

Political experts are predicting a solid, across the board win for the Republican candidates. There is even a feeling in some quarters that a couple of normally Democrat Assembly Districts may be won by Republican candidates:

The ready money and the Las Vegas odds currently are on the Republican

For the first time in 15 years Nutley has a native son seeking office at the state legislative level. Belleville also has a local citizen, Tax Assessor Peter Torre, who is seeking a similar office as a Democrat. The presence of local candidates on the November ballot should bring out a larger than normal General Election voter turn

are pleased with the Primary Election results and look forward to an animated fall campaign.

June Dates To Ponder

The last half of June contains notable American dates. The 20th is West Virginia Day-dating from 1863, when that state entered the Union as an independent state, having seceded from

The Constitution was ratified on the 21st in 1788, when New Hampshire became the ninth state to ratify it. On the 22nd in 1874, Dr. Andrew Taylor Still, a Kansas physician, began the medical system of osteopathy. The 24th is St. John's Day, the 29th St. Peter's Day and the 30th St. Paul's Day.

On the 25th, in 1876, General George

Custer and two hundred and eight U.S. soldiers were wiped out on the Little Big Horn in Montana. On the 26th, in 1917 the first U.S. troops landed in France in the first of two American rescues of that country in this century. The 27th is the birthday anniversary of Helen Keller, born in Tuscombia, Alabama in 1880.

On the 28th, in 1914, the dreadful carnage, World War I, which would end a way of life and produce Communism, was sparked by an assissination at Sarajevo-a war which also produced World War II twenty one years after it Seems Only Yesterday

Public Safety Director Labels Sick Leave System A Racket

One Year Ago

Mayor Ken Smith said he would direct the Belleville Policemen to shutdown Route 21 unless the State Highway Department agreed in writing to provide safety features for the hazardous roadway. The Mayor's threat came in the wake of a fatal accident on the roadway involving a young Belleville girl. In a letter addressed to the State Commissioner of Transportation John Kohl, Smith chastized the Highway Department for "ignoring the town's pleas for safety features on the roadway."

The Town Commission again drew disfavorable criticism from a high ranking local official over its rejection of a library expansion move. Library Board President commissioners who voted against the expansion listened to crowd reaction and did not vote solely on the merits of the ordinance." Mayor Ken' Smith had Mayor Ken' Smith previously criticized his fellow commissioners on the move, charging in a public statement that the commissioners "one accomplishment in this town outside of the parking lot since we've been in office.'

A two-story professional building was to be proposed for Joralemon Street near the Bridge Brook Gardens in the fall. The building would be constructed on a site with the Third River on two sides, a cemetery on the third side, and 100 feet of frontage on Joralemon Street.

Five Years Ago
The Belleville PBA, Local 28, held its annual election of officers and again elected Michael V. Marotti as their president for the coming year. It was to be Marotti's ninth year as head of the organization. Also elected were: Richard Sutton, vice-president Anthony Fantacone, delegate; Nick Berrigan, secretary; David Martin, treasurer Charles Hood, sergeant-at-arms, and Emilio Oliveri, trustee

The Board of Education approved a School 2 referendum for June 29 that would add a utility room to the school and supply furniture and necessary equipment plus alterations. The Board also placed on the referendum a school district bond issue for \$275,000 for the construction. School 2 PTA members had been asking the Board for the utility room for many years but had had little succe

The Literature Department of the Woman's Club of Belleville presented a book to the Belleville Public Library in honor of Mrs. Dwight N. Streeter, who had been president of the Woman's Club in 1957-59, and had been active in PTA work as well for over thirty years. The book to honor her was eminently appropriate and was entitled "Between Parent and Child," written by H.G. Ginott.

Ten Years Ago

Domenick Giovachino and Howard Ellis vere sharing the valedictory honors of the Belleville High School graduating class of 1961. Both boys had sustained a straight-A average during their four years of high school and both were to continue their education at the Massachusetts Institute of

Technology.
The Reverend Arthur W. Stevens was

Presbyterian Church on Mill Street. The Montgomery Church had been without a pastor for 17 months since the Reverend Oliver Chapin had left to take the pulpit at the Hanover Presbyterian Church. The Reverend Stevens came from Ionia, New York, with his wife and four children.

Plans for the opening of the Friendly House Swimming Pool were being rushed to completion by Commisssoner Kiernan's Recreation Department. Commissioner Kiernan had entered into a two-year agreement with the Friendly House, owned by the Silver Lake Baptist Church. Under the plan, Belleville would pay no more than \$1,800 to repair the heating and filtering system of the large 16 by 50 foot swimming pool. Then for two years, the town was to receipts from swimmers.

Twenty-Five Years Ago

Miss Lydia Wright, physical education instructor in the High school, submitted her resignation to the Board of Education. Miss Wright had been associated with the Belleville school system for sixteen years. She had enlisted in the WACS during the war and was honorably discharged in 1945 with the rank of lieutenant. She gave as her reason for leaving the fact that she found it necessary to return to the farm of her family

Three policemen suspended by Public Safety Director Noll were to face charges of failing to conform with the town ordinance pertaining to regulations of the police department. The officers had been absent for a while, without conferring with the department head. Noll contended that the present sick leave system was a "racket" and he announced that he was looking for a way to change and improve the policy, so that

the taxpayers could get what they paid for.
At a meeting of the board of directors of the Belleville Chapter of the American Red Cross, B. Thomas Aitken, president of the Peoples National Bank and Trust Company, was elected chairman of the board. Other officers elected were: Rudolph Detjen, first vice-president Harold F. Ross, second vice-president Albert Luscombe, treasurer and James Powers, secretary

Forty Years Ago

The Board of Commissioners passed several ordinances on first reading. The ordinances covered various items, among which was one for the control and licenses of beverage establishments in town. The resolution gave the Board authority to revoke licenses for sale of malt drinks containing more than one-half of one per cent alcohol. Another ordinance limited the time that peddlers could park at any one place to make a sale to five minutes. The ordinance was directed mainly toward ice cream venders to prevent immediate return to a violnity in which sales had been made.

Three young men set out from Belleville on an auto trip to Italy on a route which would take them through the wilderness of Canada to Alaska, across the Bering Strait, through the wastes of Siberia into Russia, Germany, Switzerland, and finally through Italy to the city of Rome. The three Italian World War veterans were Emilio Miana, Joseph Vada and Antonio David.

GOP Organization Power Too Much For The Dissidents

LAST WEEK on my American Airline Flight 384 back to LaGuardia, senior stewardess Anne Wutkowski was able to take a couple of minutes out of her very busy routine to reply to my question what's new She told us about a tragedy which befell one of the young stewardesses who had only been working for one month. It seems that Elaine George who, from what Anne told me, was a very sharp, young promising stewardess, pulled the collapsible, mobile service cart out from its storage area, which happens to be a foot or two above the level of the plane floor, and it slipped and fell on Elaine's foot - the result? - a broken foot and five broken toes. So working on her six month probationary is out of work, no salary, no eligibility for free passes to take trips probably obliged to remain in a cast and out of work for six months. For a 20-year-old girl this kind of accident must be tough to

THE NUTLEY GOP WIN, which saw the organization shellac the opposition by an overwhelming majority, was led by James Paulson and Margaret Casiera of the 2nd Ward, 6th District where the voting result was 62 to 2. That almost sounds like a typical Jersey City result and we wouldn't blame the losers one bit if they asked for a Over in Ward I, District 7, Sam Cullari and Ruth Williams delivered a 32 to 3 result which was the second best winning ratio in town. Last year's leaders did very well but their percentages were somewhat smaller. In Ward 2, District 1, Marion Peters and her partner Bob Forker turned in a 72-18 win and over in Ward 2, District 3, Dorothy Faulkner and George Baushenn closed out the day with a victory of 117 to 18. Although the Nutley GOP Primary vote was surprisingly low the organization power was much too much for the best that dissidents could offer.

NUTLEY'S MAYRA SCARBOROUGH made the AP wire this week. Monday she delivered a paper at a Special Librarians Association convention held in San Francisco. While her message to her fellow librarians was profound, the attention catcher for the Associated Press was the fact that Mayra Scarborough travelled to San Francisco on a motorcycle. And she is returning to Nutley with transportation. She covers 250 to 300 miles a day. Mrs. Scarborough works in the library of Hoffman-LaRoche. She took up motorcycling last summer after watching her daughter Allyn Marie ride a motorbike and she decided there was an element of fun in it that perhaps she should be enjoying.

LOUISE FATONE, LAUREN HEEDE AND FLORENCE BAKER enjoy the music of the Park Pub's famed Frankie Melton. Louise happens to be a fine pianist in her own right and on occasion captures the of the sophisticated Park Pub's audience her playing is cause for a standing

THE NEWARK NEWS GUILD STRIKE against the newspaper continues with no end in sight. The labor dispute between the News Guild and management is a blow to the employees of the publication, to the advertisers who relied upon the Newark News to reach their market and to the

who relied upon the Newark News to be informed citizens. More than 1,000 workers are now idle because of the dispute. At this writing it appears that the stalemate will continue and there is a great possibility that the Newark News will be no more Certainly the possibility does exist that management will close its doors to re-open in three or four months, offering jobs on the basis of no-union shop. There is also the gnawing possibility that Samuel Newhouse, the Star Ledger owner, will buy the rights to the Newark News with the city, county and New Jersey ending up with a single, statewide newspaper. For our part we hope management will wise up and realize that New Jersey is not Virginia - and that the Metropolitan-New York labor market cannot be dealt with in the same terms and manner as the Newark News management deals with its Virginia properties.

THERE SHOULD BE A CITIZENS ORGANIZATION established to make annual awards to those people who dedicate a major portion of their lives to the welfare of animals. Our all-time nominee for Nutley honors would be Sarah Wilkinson whose kindness toward animals knows no limits whose patience and understanding go way beyond the comprehension of the average human being who is not an animal lover. Her and night are constantly filled with searching for ways and means of finding homes for the strays from homes where animals are too burdensome for their

BRUCE HENRY, THE NEW YORK YANKEE'S TRAVELLING SECRETARY, enjoys quoting a profound observation of

baseball's greatest benefactor, Conny Mack, who said, "I've seen boys on my baseball team go into slumps and never come out of them, and I've seen others snap right out and come back better than ever. I guess more players lick themselves than are ever licked by an opposing team. The first thing any man has to know is how to handle himself.

REPUBLICAN CHAIRMAN GEORGE WALLHAUSER, JR. believes the middle of the road may not be the most exciting place to be but at least he'll be further from the ditch on either side.

IT WAS PRESIDENT NIXON who said, "The greatness of this country does not lie in what the government has done for the people but what the people have done for themselves."

THE ESSEX COUNTY REPUBLICAN COMMITTEE has published its first copy of a monthly newsletter entitled "Essex County Line." Edited by Bill Grant, former chairman of the Montclair Republican Committee, the initial copy contained a great deal of news — all of it informative. Through the Essex County Line, we learned that a couple of old-timers whom we knew rather well for many years, answered their last call. Former Newark Ward Chairman Nicholas Forcella, a GOP leader for many decades, died recently as did former Freeholder Arthur Skeels, Sr. It is always sad when one learns of the passing of old respected friends.

Speak Up

Don't Criticize With Your Head In The Sand

To the Editor:
Through the media of the Belleville Times News please allow me the courtesy of a reply to Mr. Minuskin whose letter appeared in the issue of your paper on June 10, 1971.

Dear Mr. Minuskin:

For the last four years you must have had your head in the sand like an ostrich, or have been like the three monkeys. One hears nothing, one sees nothing and the other knows

The children in our town have been for many years moving from corner to corner. playground to playground. Being moved by the Police as you say, only because of some disgruntled person making a complaint to the police department. What do you want the police department to do? Neglect their duties? request of the complaint?

Why have you chosen this time to criticize Commissioner Laterza when this man has just

taken charge of the Department of Public Safety? Why haven't you extended him the courtesy to become acquainted with his new duties? And then after a year or so if his administration is not to the satisfaction of the general public then-you can criticize.

Are you not practicing the 'Gestapo-Like' action (a very dirty word I must say.) When you attempt to deprive or criticize the rights of our public officials to move freely as independent citizens, to support worth-while

fund raising drives? To actively engage in the building better citizens through competitive sports programs such as Little League here in Belleville? Remember that our elected officials are first American citizens and are afforded the same privileges under our laws as a non elected

They can do as they please with their private lives as long as they obey the laws of our land.

You sought elective office here in Belleville,

and you were rejected by the people through the Democratic process. My advice to you would be, to offer to our town any talents that you may possess; make a contribution to our town and worth-while causes, and some day you also may be representing the people of Belleville as an elected official.

Deputy Fire Chief George Sbarra 34 Perry Street Belleville, N.J.

She Asks Cops: Keep Street Corners Clear

Living in an area where "children are being made to move from corner to corner" and being very close to the problem, I would like to answer Mr. Minuskin's letter on Commissioner Laterza's "Gestapo-Like" action. Rather than have the children moved from comer to comer it might be more effective if they were taken to headquarters and the parents called to come for them, not once but each time they were being a nusiance. Possibly a money fine would even help. Get Mom and Dad away from the T.V and they may decide to check to see where Jr. is and just what he is doing from time to time.

About two years ago a group of neighborhood youngsters were allowed to sit in front of the corner store to pass the time. These youngsters have now been joined by those from other sections of town some of whom are even dropped off by Mom or Dad in cars. They soon became tired of sitting so went to dancing in the street and this is a main street. Trash cans were turned over and litter baskets were put into the center of the street causing one elderly gentleman to have an accident.

Soda bottles are broken, fire alarm boxes pulled and even a man beaten one evening. Thanks to the efforts of the Police the boys were caught. Actual exposure of personal parts of the body is also one of our "games". No need to go to an X rated movie, just come to Garden Avenue & Dawson Street. You'll see it all. So you say - give them a place to go... is the its neighbors and you will find out just what is done there. Visit any area where youngsters are "allowed" to go and you will find one of two things. Either there is no supervision and they behave as described above or there is supervision, such as the Stadium location, and only a few show up. To quote one of our problem youngsters -"why go there? We can't do or say what we want to".

Have you Mr. Minuskin, heard what our

youngsters are saying? Having never been a sailor it was all new to me and I know some sailors who would be shocked by what they see and hear. Have you heard any of these youngsters talk back to a policeman when asked to leave?

I am amazed that they can control themselves when a mear child gives them the abuse which they do. I myself have been within ear shot of one screaming girl and it was just unbelievable!! In theory you are right - let's give them a place to go. As a mother of a teenager I'd like to see this too. It is unfortunate that all must suffer for a few. I am thankful that my son is

interested in music and devotes his time to this. But, unless the thinking of youngsters and their parents are drastically changed this is not the solution. One parent when told of her youngsters loose behavior said — "but I want her to be popular". Let's hope she never has to

pay the price as some do. Values and self respect are the only solution. When we get this back then and only then will the areas be used properly. And until then, Mr. Laterza, Please Keep Our Corner Clear. Let's not put money into a Recreation Center or any other facility until we teach the youngsters to use properly what we now have.

Grace Purdue 17 Garden Avenue Belleville, N.J.

Passaic Pollution Forum June 23

Dr. Ella Fillapone, president of Envioronmental Research Associates, will address an open forum here next Wednesday on the Model River Program. The session, sponsored by the Nutley Jaycees' En-vironmental Committee, is set

For 8 p.m. at the Red Cross Building, 169 Chestnut Street.

The Model River program is a federal venture seeking to select and make pollution-free one of America's industrial streams. The Passaic River, one of the 10 most polluted streams in the nation, is one of the two basins reported being given top priority for the moter project.

"We're sponsoring this forum," the Jaycees say, "to let all townspeople know what they as individuals can do to

Verdict Favors Resident

Liberta Casale of Belleville has been awarded a verdict of \$22,000 by a Federal Court jury as a result of injuries she sustained in a bus accident which occured in the Lincoln Tunnel three weeks ago.

Mrs. Casale was one of a group of chaperones on a school bus trip from School Seven in Belleville. The accident occurred on the New Jersey side of the Lincoln

Word of the crash was spread by radio and television causing widespread panic in that so many school children were on board the bus.

Mrs. Casale claims she received neck and leg injuries as a result of this accident. She was represented by attorney John R. Scott of Belleville. Scott is also the Town Attorney in Belleville.

I AM INTERESTED IN RECEIVING AN ESTIMATE ON THE WORK CHECKED BELOW, I UNDERSTAND THAT THIS OFFER IS BEING MADE TO ME BECAUSE I AM OVER 21 AND A HOMEOWNER, I WILL GIVE YOUR PLANNING DEPARTMENT ENOUGH TIME TO EXPLAIN YOUR PRODUCT & PROGRAM TO ME AND MY SPOUSE IN DETAIL IN OUR HOME.

14 Residents Get Seton Hall Degrees

Fourteen residents received college degrees during commencement exercises May 16 at Seton Hall University in South Orange. Among those to receive diplomas were:

Irene McDermott, daughter

of Mrs. John McDermott of 69 Prospect Place, who received her BS degree in nursing. She was a member of the Student Nurses Association, the Social Action Club of Seton Hall, and participated in Operation Understanding which originated out of Queen of Angels Parish in Newark.

She is a graduate of Our Lady of Good Counsel High School in Newark, where she was a member of the yearbook staff. She will be employed as a nurse at Clara Maass Memorial Hospital.

Ronald Skopak, son of Mr. and Mrs. Theodore Skopak of 81 Charles Street earned his BS degree in education with a major in psychology.

He was a member of the dean's list, first honors, and was picked for "Outstanding College Athletes of America. Skopak was also vice president of the class of 1969 71 and a member of Delta

Skopak is a graduate of Essex Catholic High School where he was active with the Varsity Club, the fencing team and the baseball squad. He was Epec Foil state champ in 1966-67, and voted most valuable player on the baseball squad at Essex

Catholic from 1963-66. He is enrolled in post graduate studies at Seton Hall working for a master's degree in psychology, for which he has received a scholarship.

Mrs. Rosalyn Mostello Fisher, daughter of Mr. and Mrs. A. Mostello of 136 Delevan Avenue, received her BA in English. She was

graduated with first honors. Mrs. Fisher is a graduate of Belleville High School, where she was a member of the National Honor Society, the Color Guard and was assistant editor of the yearbook.

Doreen Mary Dunscombe Holland, daughter of Mr. and Mrs. Charles E. Dunscombe of 15 Lloyd Place, received her B.S. degree in elementary education. She was a member of the dean's list and of the New Jersey Educational New Association.

She is a graduate of Our Lady of Good Counsel High

School where she was a member of the Glee Club. She hopes to teach elementary

Nicholas J. Mauro, son of Mr. and Mrs. Frank Mauro of 34 Florence Avenue, received his B.S. in business ad-ministration with a major course of study in marketing.

At Seton Hall he was a participant in intramural football and a member of the

marketing club.
Mauro was graduated from Essex Catholie High School where he was vice president of his class during his third and fourth year. He also played intramural sports and fresh-

men track... Stephen J. Mango, son of Mr. and Mrs. Stephen Mango of 91 Mary Street, received his BA in history. He was awarded the achievement award and was graduated with honors and named to the dean's list with first honors. He was also president of the

Phi Alpha Theta International History Honor Society and a member of the history department's comittee for student participation. He was also on the committee for The American Revolution Bi-Centennial and the St. Thomas More Pre-Legal Society.

He is a graduate of Belleville High School where he was a member of the audiovisual aids club and a cast member in the senior play.

Mango will pursue graduate studies in history or business administration. He is em-ployed in Bamberger's executive development

program.

Mario Conte, son of Upterico

Hospital.

Denise Giovanna Conte Heckel Street received his B.S. degree in business administration with a maine He was involved in the ROTC of the Marketing Club

Belleville High School. He is employed by the Howard Savings Institutuion.

Carmine V. Ciriaco Jr., son of Mr. and Mrs. Carmine Ciriaco Sr. of 70 Rutan Road, received his BA in govern-ment studies. He was a member of the Delta Theta Epsilon fraternity which he served as secretary. He was also executive officer of the International Relations Club.

Ciriaco is a graduate of Essex Catholic High School, and plans to pursue a career in

Joseph Aquilante, son of Congetta and Carmine Aquilante of 54 Rutan Road, received his BS degree in accounting.

is a graduate of Setona Hall Prep where he was a member of the student council, the golf team and was a class officer. He will be employed by Columbus

Denise Frobose, daughter of Francis and Maud Frobose of

264 Union Avenue, received her BS degree in industrial relations. She received the University Medal, the Murphy Waterson Award.

She was a member of "Who's Who in American Colleges" for two years. She was a member of the executive board of Seton Hall Evening Student Council.

She is a graduate of Belleville High School and plans to pursue graduate

studies in education for a MA degree. She presently is teaching in St. Mary's School

Barbara Ann Budenas, daughter of Mr. and Mrs. John Budenas received her BS in education with a major course of study in elementary education.

She is a graduate of Queen of Peace High School in North Arlington where she was a

member of the Glee club Volunteens, YCS and the Latin Club.

Howard J. Cox of 355 Stephens Street received his BA degree with a major in history.

Robert John Forczek of 189 Holmes Street, received his degree in marketing.

Enthusiasm Is The Mark Of BHS History Teacher By Beth Fitzgerald "My purpose," she says, "is to High School, Mrs. Di Maggio

Mrs. Angela Di Maggio teaches United States History at Belleville High School, with an unparalelled enthusiasm that marks her as one of the school's most viable teachers. One of Mrs. Di Maggio's students claims to have "definitely" learned from her,

and considers her teaching methods "dynamic, She's a very dynamic person. Mrs. Di Maggio's philosophy of education stresses thinking rather than the mere accumulation of

nothing more than problem

"I believe education is

solving," she says. "No matter what is being taught, the instructer should attempt to teach the student to think so that he can solve problems. Her tests are dreaded by her

students. They require a problem solving application on the student's knowledge. One student claims that one of her tests is "like a puzzle without one set solution," while another called them "biased." A student from the class of 1970 left 5,000 ambiguous question to Mrs. Di Mggio in the Class Legacy, published last year in the Spotlight, the BHS newspaper.

teach, not to fail." But fail students she will, if they fail to meet her requirements. "I expect them to do what I tell them to do to the best of their

One of Mrs. Di Maggio's major "hang-ups" is motivating students "to the point where they not only care, but can see the value of study." She feels that students at timeseither cannot, or are at timeseither cannot, or are unwilling to, see the value of an assignment. "If there is no purpose to an assignment. I would just as soon not give it."

A graduate of Belleville same enthusiasm most

received both her Bachelor of Arts and her master's degree from Montclair State College. She returned to Montclair to she returned to Monician to earn 32 credits beyond her masters, and specialized in guidance. "I find that guidance was very useful. After concentrating in my subject area, I got from the study of guidance techniques and methodos that could be

teachers display in September. Although most teachers are beginning to ease up on their students, especially the graduating seniors, she is still experimenting with teaching techniques and making every effort to increase motivation. The biggest part of teaching is preparation and planning before you come into class, not so much the subject matter as the method of learning, how the material can be put across most eloquently and in-terestingly so the student can

Sports Corner

Waters Hopes To Move Up At Paterson

There'll only be one senior lost from the starting team of the Paterson State nine, and Belleville's Brian Waters sees this one departure as his big chance to move up a notch in the college baseball structure.

Brian has just finished his freshman year at Paterson, and as a frosh the former Bellboy second baseman found himself playing second string short-stop rather than second base. There were four or five other candidates going for the position that Brian held in High School, and yet only one other prospect for

short.

The other player was a highly talented competitor and Brian saw action mostly as a pinch runner and pinch hitter. The first string short-stop was Bob VanSayders, an All-State College short-stop the year before last. Brian was satisfied to "warm the bench" while others might not have been especially since Peterson is one of the few state schools. been, especially since Paterson is one of the few state schools not to have freshman squads.

The sub shortstop saw action in seven games of the Pioneers' 22 game schedule. In his four pinch at bats he had only one hit, but that was for extra bases. Brian's double came in the Pioneers' 13-3 win over Bloomfield College. On the base paths,

Brian's big chance could come from the graduation of starter John Spadero. With Spadero gone, Brian may move back again and try for the starting second base spot. His toughest competitors for the spot next year will be Bill McGowan of Mountain Lakes and Dennis Sparta of Lyndhurst.

Led BHS And Legion Last Season

Brian had his best season last year as his 280 batting average their first encounter of the was the highest for BHS seniors. He picked up some during the season. Monday night summer and had a 410 average for the Post 105 Legion Belleville will have another Baseball team, which not only led the team, but won him the "Most Improved Player Award" for 1970. Field in Irvington as the two The Liberal Arts Major with a 3.0 average found that one of squads meet for the second

The Liberal Arts Major with a 3.0 average found that one of the major differences between high school and college ball was time this season.

"At high school you can win a lot of games on your opponents mistakes. It's different in college," noted Brian. "You have to win the games on your own, the defense is a lot proponents mistakes. It's different in college," noted Brian. When they lost to Caldwell You have to win the games on your own, the defense is a lot ougher, and the players are a lot smoother."

This difference is according to Brian due to more practicing

Bloomfield 3-2. tougher, and the players are a lot smoother.

as a unit. The team started on the same date as high schools do, May 1. but the players got together in the school gymnasium on February I and started with infield practice and batting practice in an indoor batting cage.

Paterson State's 11-11 record this year is a slight

improvement since last year when Coach Dick Learn had only his third losing season in his career. The season would have been a little bit longer and quite possibly had a few more wins if it weren't for the weather.

On one of the two southern tours, the baseball team spent a full week in Virginia, but due to snow the four games that had been scheduled were cancelled. On the second trip, a weekender to Pennsylvania, Paterson lost the first game of a double-header to Mansfield College, but the second was also

The season had started off well, moving right along to an 8-1 pace. But after mid-season, the pitching slackened off and the opponents racked up the wins.

Time Out For A Picture

Many sports have time-outs for various reasons. Football has many for its varied penalties and also after things such as a down, injuries etc., basketball has its fouls, players changes, out of bounds and others, while baseball generally uses its time outs for a pitcher to discuss his strategy with the catcher or other players to discuss theirs. But occasionally a new one pops up.

Cedar Grove Post 32 of the American Legion decided to add another reason for a time - out to the books this past Monday night. The team had their picture taken for a local paper between the top and the bottom of the second inning and held the game up for about five minutes.

Legion Splits. First 2 Tilts In Shaky Start

By John McCarthy

Belleville's Legionnaries got off to a shaky start this past week as they split their opening two games a 6-3 win over Irvington and a 5-4 loss to Cedar Grove.

Belleville had a big three run inning against Irvington, with all the runs coming on a bases loaded pinch- hit single by Frank Papasidero which provided enough runs to stand off the Campers, as the runs made the score 4-1.

Against Cedar Grove Belleville just couldn't put it all together. After scoring in the top of the first inning, Belleville was blanked until the fifth, by which time the Cedar Grove Legionaries had accumulated a 5-1 lead. Belleville's three runs in the fifth weren't enough to catch up and Cedar Grove chalked

up a narrow victory.
Sophomore Rich Centenni recorded Belleville's first victory as he pitched four innings before being lifted for a pinch hitter and allowed only one run. Rich struck out one and walked one before being replaced by John Goscinski.

Goscinski let up two un-earned runs on a home run in the seventh inning and notched up four strikeouts. The home run was the only hit off the star third-baseman and pitcher.

Belleville started the scoring in the second inning, but nearly started it earlier on Irvington miscues. Joe Papasidero was walked as the lead off batter in the top of the first, and moved to third on a single by Frank Petite.

While Goscinski was at bat one of the pitch returns from Irvington's catcher went over the pitcher's head and Paps headed home. The Campers

the ball, and caught Joe at the plate, halting the first inning excitement.

In the second inning Charley Ziegler led off with a double into short center field, catching the fielders asleep. Ray Campbell stroked the ball to the opposite field and an error by the left fielder got Soupy on base and Ziegler to

Legion Tests Maplewood Ace Tomorrow At Memorial Field

Belleville Seeking

American Legion Baseball team will visit Memorial Field Maplewood to face Maplewood's Legion team in squads meet for the second

Maplewood has a 1-2 record as of Monday night

Belleville's Charlie Ziegler is off to a quick start, going 4-6 including a double to lead the team in batting. He also has two stolen bases and a run batted in. The rightfielder's improvement is right in line with his improvement with the BHS varsity this season.

Joe Papasidero at shortstop has gone one for 1-3 in both games and scored once in each game. He also has a walk and a sacrifice bunt.

Sporadic play cost the Bellboys a loss to Cedar Grove. A lot of the problem Bellboys a in that game was probably due to the fact that the boys have not played together as a unit for more than a couple

Former Bellboy All-Stater John Goscinski appears to be in good shape after laying off since last season. He's only collected one hit so far, but shows signs of returning to his top-flight

hitting form.

The thirdbaseman has forced Bellboy hitting star Frank Petite into centerfield, position he didn't play for the BHS varsity. Petite went 2-3 in the first game and reached three times out of four without a hit in the second. He has a triple to his credit, with one run scored and two rbi's.

Probable starting pitcher Maplewood tomorrow will be Bill Squires, who lost for Maplewood Monday night. Last season Squires also started the first two games of the summer for Maplewood. He is coming off a strong season for Big Ten Conference Champions,

Columbia High School. Monday night Squires allowed only three hits to Caldwell, but went wild after each hit walking in most of the runs, with a few untimely

BECK" COLUMN

MAX BECK

We attended recently a

We attended recently a convention of the TV service industry. By far the most urgent problem under discussion was the need for technicians. There was hardly anybody who was not looking for one or more technicians.

Government and industry started a great number of training courses. The results were most dismal. Most men left after just a few lessons. It is absolutely necessary for a TV technician to learn a considerable amount of theory. The days that a man could get by nulling theory. The days that a man could get by pulling a tube, are past. More and more transistors are used in TV sets and they used in TV sets and they are wired in. Only one company uses plug-in transistors and there is a lot of trouble with the rather delicate connections with the plug-in transistors. If there is a transistor failure, almost invariably a TV set has to go to the shop. There won't ever, be enough technicians to take care

go to the shop. There won't ever, be enough technicians to take care of the ever increasing number of TV sets in use. The solution has to come some other way.

The TV industry is aware of the servicing problem and they work frantically to find a solution. One way to solve the problem would be to manufacture a TV set with so called plug-in modules. It is not too difficult to determine the section of the set where the trouble is and then one would simply pull that module out and plug another one in. Unfortunately the workings of a transistor are vastly different than a tube. It is not a matter to replace a tube in a circuit by a transistor, far from it. It all has to be completely re-designed. Even if a solution has been found there still are the many sets presently in use. So there will be problems for quite a while.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

To Fit Needs

Before you buy a sprayer or duster to control insect pests of vegetables and fruits in your home garden decide which size and type will serve your needs' best, advises William F. Munk, senior county agricultural of Essex County

Hand atomizers (Flit-gun type) are inexpensive and simple to operate. This type of sprayer is designed for applying emulsifiable concentrates to small planting.
Wettable powder formulations of insecticides

should not be used in these sprayers as they tend to clog nozzles. Be sure the atomizer is made of non-corrosive materials that are easily cleaned.

Hand atomizers are not suitable for large vegetable

plants for fruit trees.

Compressed air sprayers that hold 1 to 5 gallons are useful for larger home gardens. The spray of emulsifiable concentrates or wettable powders is expelled by air pressure obtained by a built-in hand pump.

Before you buy make sure sprayer parts are easy to clean and that replacement parts will be available in succeeding years,

Compressed air sprayers are best for backyard fruit trees.

Dusters of the plunger type don't hold much but are useful in small gardens. They require much less care than

Rotary-type dusters with hand cranks are satisfactory for larger plantings and where complete insecticide cover is

For best results when ap-plying dust, plants should be slightly wet.

Corrosion of sprayer parts can be reduced by flushing insecticide residues from reservoir tanks, hoses and nozzles after each use.

Dispose of rinse water containing insecticides in an area away fron pets, and wildlife. from children,

Despite the shorteroutes and quick cures, there's no easy way to obtain anything that's worthwhile.

Women Elect Mrs. Spera As President

Mrs. Peter A. Spera was recently elected chairman of the Evening Membership Department of the Woman's Club of Belleville.

Installation was held at the Villa Diablo, West Orange. Other officers installed by Mrs. Gerald Ferrara, president of the Woman's Club, were Mrs. Joseph Club, were Mrs. Joseph Beisiadecki, vice chairman; Mrs. Robert Davis, federation secretary; Mrs. Stephen Frank, recording secretary; Mrs. Joseph Kearney, financial secretary; Mrs. Herbert Tucker, corresponding secretary and Mrs. James Hollander, nominations officer.

Mrs. Spera; along with Mrs. Michael Kiskiel and Miss Ruth Hogan, will attend the 77th Annual New Jersey State Federation of Woman's Clubs Convention to be held in Atlantic City.

Church was performed by the Rev. Howard Day of Montgomery and the Rev. Eckhard Koehle of Our Lady Help of Christians Church, West New York. A reception followed at Wayne Manor,

Given in marriage by her father, the bride wore an organza gown trimmed with Venise lace and fashioned with an A-line skirt, high nuffled neckline, lantern skeeves wild chapel train.

A lace cap held her silk illusion veil and she carried phalaenopsis orchids and stephanotis with a burst of daisies in the center.

Mrs. Sabrina Rotondo of Hazlet was matron of honor. Bridesmands included the groom's sister, Mrs. Joyce Satriano of Paramus, Mrs. Joni Doncoes of Fairfield and Riepe, sister of the bride was junior bridesmaid. Flower girl was the groom's niece, Lori Ann Satriano of Paramus.

The honor attendant was attired in an orchid culotte gown accented with Schiffli embroidered lace in her hair and she carried a nosegay of roses and daisies.

The others were similarly dressed in gowns of nile green, avocado green, maize and radiant blue.

Jeffrey Learn of North ergen was best man. Bergen Ushering were Anthony Consi of Belleville, the bride's brother, George Riepe Jr. and John O'Neill of Clifton.

Mrs. Riepe chose a pink silk worsted and chiffon gown with beaded neckline and cuffs. The groom's mother was in a lavendar French embroidered chiffon gown with beaded neckline silver accessories. Corsages were orchids.

Mrs. Rosatelli, a graduate of Belleville High School and Berkeley Secretarial School, East Orange, is assistant executive secretary at Clara Maass Memorial Hospital, Belleville.

Mr. Rosatelli, an alumnus of North Bergen High School and Seton Hall University, South Orange, accountant with Andersen and Company, Newark.

The couple honeymooning in Florida and will make their home in

The wedding took place on the 34th wedding an niversary of Mr. and Mrs. Rosatelli and the 23rd wedding anniversary

Troth Is Told Of Miss Frunzi,

Miss Lowayne Nolan of their daughter, Carol to Lyndhurst. Miss Patricia Gennaro Russo, son of Mr. and Mrs. Joseph Russo of 100 Garden Avenue

> The troth was made known Columbus Hall.

Miss Frunzi, a graduate of neckline, waistline, cuffs and Belleville High School and bodice. Daisles were scattered William Paterson College, is a special education teacher.

Mr. Russo, an alumnus of Arts High School, Newark and Jersey City State College, is doing graduate work at The School for Social Research.

The wedding will take place in the summer of 1972.

Commandant Honors Binn

At Academy Cadet Brian A. Binn, son of Mr. and Mrs. Harold J. Binn of 53 Emily Avenue, Nutley, has been named to the commandant's list at the U.S.

Cadet Binn, a member of the class of 1 72, was selected for his outstanding military performance. He will wear a silver wreath designating the honor accorded him by the academy

commandant of cadets. He has also been selected for the position of a squadron flight sergeant with the rank

of cadet master sergeant. The cadet will be commissioned a second lieutenant and awarded a BS degree upon his graduation

Resident Awarded Achievement Medal

Lt. Nicholas J. Cetta, son of Dr. and Mrs. Peter J. Cetta of 260 Washington Avenue, Nutley, was recently presented a Navy Achievement Medal in Holy Loch, Scotland, for professional achievement in the superior performance of his duties while serving as Communications Officer of

The award from the Secretary of the Navy con-tinues, "Lieutenant Cetta consistently performed his demanding duties in an exemplary and highly professional manner. His steadfast attention to all aspects of communications requirements, combined with his unique preparations for unusual operating conditions resulted in an extremely high degree of readiness and operational efficiency by his division. This readiness was instrumental in enabling James K. Polk to complete two highly successful Polaris deterent patrols which were officially commended by Commander Submarine
Flotilla Eight for an exceptionally high state of
communications readiness.

formance was an inspiration to all who observed him. His exceptional professional ability, initiative and loyal dedication to duty reflect great credit upon himself and were in keeping with the highest traditions of the United States Naval Service. Cetta is a 1962 graduate of Nutley High School. He then

went to the United States Naval Academy, graduating naval Academy, graduating in 1966 and going on to nuclear power training and duty aboard the USS James K. Polk. He has been with the POLK in New London, Connecticut, Rota, Spain and Holy Loch.

Masing from picture are Ward reelected Democratic Town Chairman Shown with her is Vice Chairman Kate Burke and Ward II chairman Frank DeBonis. reelected Democratic Town Chairman Shown with her is Vice Chairman Chester Prosperi (seated), and (I-r) John Kieferdorf, sgt.-at-arms; Mrs. Mildred Benaquista, secretary, and Miss

Reorganization was held at Mrs. Senatore's home.

Town Chairmen

Mrs. Mary Senatore and Gerald Ferrara were re-elected unanimously as chairmen of the Belleville Democratic and Republican parties respectively during separate reorganization meetings Monday night.

Mrs. Senatore's election marks the ninth straight year she has held the post. Elected with her as viceman (for the same length of time) was Chester Prosperi. Rounding out the Democratic party structure in town is John Kieferdorf, sergeant-at-arms; Mrs. Mildred Benaquista, secretary Miss Edith DeFeo, treasurer Kate Burke, Ward I Chairman, and Frank DeBonis, Ward II chairman.

Ferrara says he can't remember how many years he has held the post but believes "its somewhere around 12." Reelected for her second term as vice chairman was Mrs. Nancy McCarthy. Rounding out the GOP town slate of officers are sergeant at arms Rocky Ceres, Secretary Carl DeJura, Treasurer Rudy Michael F. DeNicola, Ward I chairman Jimmy Ceres, and Ward II chairman Gene Hess

Bring Father Up to Date With Gift Of Attache Case

Attache cases are a practical Dad-fad, and if there's a Dad around who isn't part of the scene, Father's Day is a chance to bring him up to date.

These trusty travel and

These trusty travel and business companions add smart, good looks that create a masculine mark of distinction.

Attaches offer Dad the opportunity to maintain his fast, steady business pace by always having a portable, private secretary with him.

Samsonite has designed a

rugged, yet light-weight, version that should be on shopping lists for attache-less bads.

The Classic Attache, with a lightweight magnesium frame insures long useful years with little care.

Durability keynotes the de-

sign and many of its features: It is guarded against most any abuse by a scuff and stain resistant exterior. Just a fast wipe, with a damp cloth, keeps it looking new.

The interior is texture-lined and helps Dad to or-ganize with an expandable four-section file folder.

Exclusive recessed locks protect important attache contents from possible theft.

Washing 45,000 Dishes Is Easy Job for Modern Dishwashers

The new appliance most homemakers will want to consider is an electric dish-washer. After all, it can cut the time spent doing dishes

by at least one half.

That's quite a saving, since the average family of four uses about 45,000 dishes,

pots, pans, in a year.
Today's dishwashers really
do a job. Pre-rinsing is all

but eliminated.

Some models have filtering devices that remove food par-ticles after the wash cycle, so they can't be redeposited during rinsing. Others liquefy particles and flush them away.

Good news is that reduced prices go along with improved performance.

DID YOUR CHILD JUST SQUEAK BY

If he did, he will just squeak by next year too unless you do something now during the summer.

IN SCHOOL THIS YEAR?

Many times a little extra help in the right areas makes the difference between success and failure. Don't let your child fail. Let EBRONIX help him with programmed learning, electronic teaching machines and home tutoring.

Your child can build up his knowledge and face next September with confidence . . . not anxiety. He will also develop good study habits and a real desire to learn.

To learn how we can help your child now with his school work, call 667-7074 for an appoint-ment. No charge for diagnostic evaluation. Guaranteed results.

County Summer Music School Is June 28-July 30

The thirty-fifth session of the Essex County Summer Music School will be held again this summer in the Hillside School in Montclair. This fine school along with the one in Union County is among the oldest summer schools for the Arts in the United States. It was originally known as the Essex County Band and orchestra Summer School but in recent years the directors have expanded the music curriculum and added departments in all of the Arts.

Students can major in any of five areas: instrumental. voice,dance, drama or art and they may also major in one area and minor in a second. Provisions are made for different levels of ability. There are four bands, four orchestras and two stage hands. The same policy extends in other departments.
The students receive daily class lessons on all orchestral instruments. This school is unique in that it has a large harp program with Rosalie Pratt, and a piano department under Dr. William Workinger

MUSIC SCHOOL

(Continued from Page 3) piano recital at the close of the

The theory and harmony instruction starts with the Kodaly approach for the young students and advances through the standard Har-mony I and II.

The music-drama department under Anthony Manno will present scenes from musicals and- or operas

There are daily half-hour assembly programs which provide most of the students. with the opportunity to per-form in solo or with small ensembles. Parents enjoy this chance to see the development of the students. The dance department has a full recital in this manner.

Each year new ideas are developed. This summer the school is attempting to expand the combined faculty-student chamber orchestra and wind ensemble. A specialist in the Suzuki approach to string instruction has been added the

New this summer also will be a course which utilizes the chord approach for the study of piano. This course is designed for the student who already plays another instrument and wants to learn to play "popular" songs on the piano and is not particularly interested in the classical approach. This instruction along with the guitar classes should have a great appeal for students who want a summer of musical fun.

The school opens on Mon-day, June 28th and continues through Friday, July 30th. Classes are held in the mor-ning from 8:30 A.M. until 12:20 There are busses from almost any area in the county those needing transportation

On The Go?

For the Dad whose hobby is travel there are gifts of new luggage, portable groom-ing aids, easy-care apparel, photographic equipment, and travel books.

REDWOOD CARE

After cleaning redwood furniture, a special sealer should be applied.

turer as the greatest creation

since sofas, this unique idea

fits into a variety of sur-roundings. It is ideal for homes, offices and institu-tions alike. As though it wasn't enough to create the

world's first reclining sofa, which incidentally reclines to full bed, it is available in models that actually rock like

The reclining chair has truly established itself as

America's necessity-luxury

a rocking chair!

Recliners, In Wide Variety Of Styles Bring Leisure-Time Luxury To Dads

Reclining chairs are as various and diverse as the imagination itself. There are sizes shapes and styles to appeal to a multitude of tastes and needs and pocketbooks to suit all deserving Fathers.

Some of these chairs recline as you lean against the backrest, allowing a forward movement of the seat for the optimum in comfort. This is accomplished with the natural reclining action of your body

Others allow only the back-rest to recline, while the seat remains stationary. There are chairs available in a fixed position of recline, and that cannot be changed or altered in any way.

The more sophisticated recliners have a multiposition footrest that can be operated by an easy adjusting handle, allowing just the right stretch-out leg comfort de-sired. Chairs that do not pro-vide this desirable feature oftentimes are accompanied by a companion ottoman in matching fabrics

The range of styles is limit-less. There is a recliner to match any decor, from Early American to Modern to Medi-

NEW SHAPE carpet tiles, a cry from traditional squares and rectangles, create unusual floor coverings. They're Versatiles, in Phillips 66 olefin fibers.

Decks Expand Living Space

Outdoor living space can sometimes be the most pleasant living space of all, and wooden decks can make the outdoor area around the home usable around the nome usane from the first sunny days of spring until the linger-ing afternoons of autumn. To enlarge and improve a living room, dining area, family room or even a bed-

room area, consider adding a durable redwood deck.

Then the family can breakfast, dine or entertrain outdoors without mud or leaves underfoot. Over-hangs or screens can pro-tect from too sweet tect from too much sun

or wind.

Decks of insect-resistant redwood can be left un-finished or water-repellent treated to preserve natural color. They can also be stained or bleached to match or contrast with the house, martiners offer

terranean to Eclectic. Fabrics and colors amount to thousands of choices: Classic tapestry-type, as well as di-aphanis fabrics that would do a palace proud, are easily available in endless tones and hues as are velvets and matelasses, just to name a

Something for Everyone

Homes, private offices, pub-lic buildings, clubs, institutions, hospitals, hotels, motels, department stores, clinics and virtually just about anywhere you'll find people, you'll find reclining chairs. Myriad designs and styles have been especially created for these particular atmospheres.

atmospheres.

There are reclining chairs that rock, swivel, tilt, and even recline to full bed position. Recently, the world has seen the inception of a completely electrically operated reclining chair.

The touch of a fingertip initiates instant, gentle-as-a-

The touch of a fingertip initiates instant, gentle-as-abreeze reclining, and completely adjustable footrests for head-to-toe comfort. Soundlessly and gently, an individual may select and obtain almost endless reclining positions in this miracle of recliners. recliners

Aside from being the most desirable of all the recliners, it is an important contribution to a hitherto unfullfilled need of those convalescing from illness. It is almost certain to become a prescription item for those who, because of sickness, cannot sit or relax in an ordinary chair.

Double Comfort

Appearing on the scene almost—simultaneously is the reclining sofa, a unique creation that allows two people to relax and recline independently of each tent to the leaf of the control of the leaf of dently of each other. Individ-ual selective footrests allow independent leg comfort.

Heralded by its manufac

Keeping Noisy Pipes Quiet

Bothered by water ham-mer? If pipes slam or shud-der when water is suddenly turned off, it may be because they have become limed up with hard water deposits.

There are anti-hammer, shock-absorbing devices which can be installed on these pipes. Or, relief can be gained by fastening pipes supports more securely, particularly where a pipe turns a corner.

Ahoy Dadsl

One of the oldest model building pastimes for Dads is creating scale replicas of famous sailing vessels.

PRUNING TIME With the exception of the pear, fruit trees should be pruned in the dormant season.

Getting along amicably in life is largely a problem of getting along with people just about as good as you are.

Not all the "hig lies" come from Russia.

Creating Comfort

Despite talk of more leisure time, the truth is we have much more choice of activities to fill our leisure and too little time to

really relax in our own homes.

When we do find the opportu-When we do find the opportunity to put our various activities aside, we want real comfort and a pleasant atmosphere. This, then, is the basic purpose of today's living rooms. The average homemaker's goal in buying furnishings is to create an atmosphere of gracious comfort for her family and their friends.

Shé doesn't look at a sofa as merely an attractive or fashionable item. She sees it as the place where her husband may stretch out to take a nap or read the paper, perhaps forgetting to take off his shoes.

A chair to her may be just the

chair to her may be just the tem to complete a conversational grouping, as well as serve as a touch of just the right color to complete her decorating scheme. In summary, the homemaker is

creating a living room, not decor-ating a parlor. Although she wants it to be attractive, she doesn't want to sacrifice comfort doesn't want to sacrifice comfort for beauty. Today, with space age materials, the modern homemaker can have beauty, style and comfort. Fabrics are elegant in appearance, yet completely practical for the active family because they are protected by stain repellents. Comfort and durability are assured by such cushioning materials as foams and polyester and dacron.

comfortable reclining Even Even comfortable reclining chairs have evolved into sophisticated stylish designs. These new chairs are available in just about every style to fit into formal as well as informal rooms; modern and traditional designs. The mechanical apparatus for rocking or reclining is eleverly concealed and fabric coverings come in a and fabric coverings come in a wide choice of colors and patterns.

How to Care for Furniture Finishes

Today's miracle finishes are more durable and more resistant to stain and scratches, but certain rules should be observed for proper care to insure maximum per-formance.

The first and most important rule is to read the tag that comes with the furniture and follow the instructions of the manufacturer.
If no tag is attached, ask the salesman to advise you on the care of the furniture.

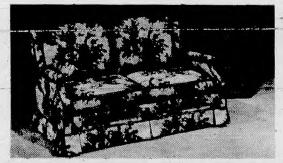

Furniture should be dusted sevrainture should be dusted several times a week with a clean cloth. Always dust with the grain of the wood. Since dust contains grit, wiping across the grain could cause fine synthesis. cause fine scratches.

To protect the finish, blot-don't wipe-accidental spills. Re-member that nail polish or polish removers are extremely harmful and should never be used on or near wood finished pieces unless the surface has been especially treated.

Strong sunlight is an enemy of furniture, as it can fade the finish and wood color.

As a precaution against burns, use pads (never plastic for they may soften and adhere to the finish) under hot dishes. Use rubber mats or coasters only if there is a protective pad between the rubber and the furniture, and never leave a damp cloth for any length of time on a table.

Father's Day Observed World-Wide

Although the modern concept of Father's Day is American as apple pie and Mrs. John Bruce Dodd, its founder, the observance has spread throughout the world until it is celebrated, in some form, in most industrialized nations.

Canada marks the day at the same time as the United

In many parts of Latin Europe, Father's Day is celebrated on Nativity Day, which occurs in the early Spring. Here the observance is church-oriented, yet the custom of gift-giving is as much a part of the event as it is here.

In South Africa, a National Father's Day Committee ex-ists, but it has not yet developed to the highly sophis-ticated state as we see here at home. The same is true of Australia, where there is an outpouring of emotion in tribute to Dad.

Some thirty-seven countries formally observe Father's Day and the list is growing spontaneously, year by year.

Dads Change, Too

The world is changing still, perhaps at a faster pace than ever, and Dad will always be in the van of the change that marks his role in the family.

Tell Pop He's Tops Everywhere By Choosing Gifts With Care

Whether he's a big city tycoon or a small town doctor, a proprietor or a plenipotentiary, a merchant or a mechanic, to his family every father is unique.

And when it comes to Fa-ther's Day, Dads from An-chorage, Alaska to Zephyr, Florida deserve gifts as special as they are.

with June 20 just around the corner, you'll want to start thinking now ahout what to get the man of the house.

But before setting out on a shopping spree, ask your-self: Is Dad happier barbecuing a steak in the backyard than dining at a fancy French

restaurant? Does reading a good book please him more than a roun through the than a romp through the woods? Does he think of himself as America's only hope at Wimbledon or a real threat to Jack Nicklaus? Would he rather fix that broken kitchen chair himself than call in a repairman? Is his favorite saying, "Clothes make the man"?

Dad's a Winner

The answers undoubtedly will help you find the per-fect gift to please him. But no matter how one Dad dif-fers from another, or what his particular tastes are in the eyes of his family he's a winner.

PICTURE PERFECT

This Father's Day, make sure Dad has a good photograph of the family to show. His son or daughter will enjoy giving him a portrait photo, as much as he will enjoy receiving it.

SIZING DAD UP

Buying Pop a new pair of shoes but don't know his size? Simply copy down all the numbers inside his last pair of shoes and the shoe salesman will decode them

Fishing, A Good Way To Bring Dad And The Kids Together

enjoyable for a father than to get away with his son (or daughter) for a quiet after-

noon of fishing.

There's something about drifting down a tree-shaded river in search of trout, or trolling across a sun-speckled lake after lunker pike, that brings a father and his chil-dren closer together.

Proper equipment, of course, is important. Good

fishing tackle, a reliable boat and motor suited to the type and motor suited to the type of water being fished, a nour-ishing picnic lunch or snacks —all these are important. But, as is often the case

when traveling, getting there can be at least half the fun. Teaching your child how to fish can be one of the most rewarding experiences of all.

"Although skill is impor-tant," says Bill Cullerton, member of the Fishing Hall

of Fame and the Johnson Sea-Horse Sports Advisory Board, "it should play a secondary role when teaching a boy or girl how to fish."

Fun, First

"Too many adults," he added, "overlook the fun of fishing when taking a youngster out for the first time. We lose too many of them be-cause the lessons become boring and dull."

One of the easiest ways to start a fledgling Izaac Wal-

ton off on the right foot is to show him, step-by-step, how to rig a fishing rod, put the line on a reek how to set the reel properly on the rod handle, how to attach the swivel and hook or lure to the line, and how to tie the simple knots most com-monly used in fishing.

'About 30 minutes of instruction should lay the groundwork for a sound, ba-sic casting technique," Cullerton noted.

Just as important as being able to cast a lure 100 or 150 feet, is the ability to be accurate with each cast.

It wouldn't do a beginner any good to be able to cast a country mile, if he can't lay his lure up against a log, or next to some lily pads, where the really big lunkers

often hide out.

To help the student angler learn how to cast accurately, place a waste basket about 20 feet away, then have him try to cast a practice casting

plug into it. His efforts won't be too successful at first, but being persistent will soon lead to hitting the mark with fre

quency. As his skill increases, keep moving the basket far-ther from the student, until it is 50 to 60 feet away.

Good Start

Outfitting a beginner doesn't cost much, either. A good learner's rod and reel, line, an assortment of lures, leaders and swivels can be

purchased for about \$20. Many of the leading tackle manufacturers offercomplete prepackaged beginner's out-fits, ready to go.

Be sure to start out slow.

Don't harp about making big catches. Let the student learn

FOR THAT LIKE NEW LOOK ..
