MAKING THE MOST of seating arrangements at Thursday evening's Veterans Day Parade down Washington Avenue are these two Belleville tykes, with balloons and hot dog. Temperatures reached near freezing as hundreds watched parade.

## Money Is Appropriated

## Public Hearing Tuesday On \$106,000 Issue

A public hearing is slated Tuesday evening for the appropriation of \$106,000 in Town funds to pay Belleville's share in the relocation of a union outlet sewer line by the Second River Joint Meeting. The ordinance was introduced by the Board of Commissioners at the last

regular meeting during a first reading.

Mayor Joseph McGreevy promised residents that 53 per cent of the monies would be reimbursed by federal funds. He added that there is "a good chance" that the Town may receive all the \$106,000 back.

## Zoners Delayed Until December 4

The Belleville Board of Adjustment Thursday postponed until December 4 a decision on the construction of a 216-unit garden apartment complex on the Belleville-Nutley line. Applicant for the variance is

Nutley real estate dealer Frank Leo.

The board reportedly sought more time to consider the variance and its implications after hearing testimony Thursday, Nov. 4, on the proposal.

## Special Worship Set For Thanksgiving Eve

The Belleville Ministerium will present a special Thanksgiving Eve service of worship on Wednesday, Nov. 24, at 8 p.m. at the Assembly of God Church, corner of Horblower Avenue and Holmes Street.

The service will be conducted by Rev. Anthony DiQuattro, pastor of the Assembly of God; with the sermon "The Gift of Thanksgiving" delivered by the Rev. Alfred W. Stone, Jr., pastor of Fewsmith Memorial Presbyterian Church. Mrs. Rita Smith will be at the organ.

Combined choirs under the direction of Ann Lewis will sing "Now We Sing Joyfully unto God" and "O Give Thanks to the Lord." They will be accompanied by Hazel L. Hulme. Refreshments will be served following the service.

## Over Use Of New Building

# Rift May Be Seen Between School Board, Commission?

By John Bunevich

A rift may be developing between the Board of Education and Town Commissioners over the use of an office building purchased last month for the Health Department. The building, located at the corner of Joralemon Street and Washington Avenue, was slated for joint use by the two boards but developments lately may have put a dent in proposed plans for its use.

Several Board of Education members are reportedly displeased with results of recent meetings between the two boards as to how much space each body will get in the building. Commissioner Michael Marotti, who now has responsibility for the Town purchased building, is expected to make a decision Tuesday on space allotments. His decision may determine whether or not the Board of Education moves its administrative offices to the Washington Avenue address.

The two boards reportedly agreed when the building was purchased that the Health Department would occupy the first floor with the second story slated for school administrative and special education use. In question now is a first floor wing that Commissioner Vincent T. Strumolo would like to use for the Welfare Department. But board members say they were promised the wing for special education classes.

The building was purchased by the Town from the Fisher-Stevens Corporation for \$140,000. It covers 11,117 square feet and is about 17 years old.

Commissioner Marotti said this past Monday he will confer with the rest of the Commission before making a decision as to who will occupy the wing.

## Town Fathers To Meet

The next regular Commission meeting is scheduled for this Tuesday, 8 p.m., in the Town Hall Chambers on Washington Avenue.

For the majority of this week the Commissioners were absent from their Belleville posts, attending the League of Municipalities Convention in Atlantic City.

FISHER-STEVENS BUILDING at corner of Joralemon Street and Washington Avenue, just recently purchased by the Town, is the focal point for a rift that may be developing between Commission and School Board as to who will occupy what when offices are opened in two weeks.

## Kardinal Loss Drops Gridders To .500 In Season Standings

After two straight losses the Bellboy gridders will be looking to the traditional Thanksgiving Day battle to salvage a winning season. The Blue and Gold's latest defeat was at the hands of Kearny last Saturday in Municipal Stadium when they dropped a bitter 17-12 decision.

Belleville fought the bigger and stronger Cardinals on even terms most of the game but the local club was hurt in the third quarter on a middle trap play that resulted in a 57-yard scoring jaunt for Kardinal Butch Magee.

Even more emphasis will now be placed on the Turkey Day tilt next Thursday with Lyndhurst as a winning season hangs in the balance for Belleville. The squad has a current mark of 4-4 and a win Thursday will put them over .500. The Bellboys will be renewing their rivalry with Lyndhurst. Belleville played the Bergen County Club on a steady basis in the 1940's and early 50's but the two teams have not met on the gridiron in recent years.

Head coach Rocco Cafone had mixed emotions about the loss to Kearny. He felt Belleville played one of its better games of the season and should have been rewarded with more than just a defeat.

"I'm very disappointed in the loss," said Cafone. "We played well enough to come up with a win. I was pleased

to see our boys play on equal terms with a club that is superior to us in size and experience. I feel for the kids. I'm pleased yet disappointed."

Kearny scored first in the Saturday game the first time they got their hands on the ball. The Cardinals used the quick count, sometimes

## History Society Is Set

The Belleville Historical Society will elect officers at its winter meeting tonight at Woman's Club, 51 Rossmore Place, at 8 p.m.

Those elected will be installed in their office at the annual meeting to be held in February.

Persons joining the society by December 31 will be registered as charter members.

## Special Parade Planned To Give Santa Greetings

A special parade for Santa Claus and his reindeer, making his first appearance in Belleville to initiate the holiday season, is slated for Friday, Nov. 26. The jovial do-gooder will board a float with the help of Cub Scouts and Brownies.

The parade will begin on Washington Avenue, at Greylock Parkway, head to Mill Street, and end at Town Hall, where Santa will be greeted by Mayor Joseph McGreevy and the Town Fathers. Headlining the

parade will be the Belleville High School Band and Twirlers.

The Christmas Lights and Parade Committee is sponsoring the affair. Heading the committee is Aaron Cohen of Charles Jewelers. Members include Joseph Guerino of Joseph's Men's Shop; John Iannuzzi of Flowerama Inc., and Arthur Jackson of Jolly Cleaners.

The committee is asking that all business along the parade route send contributions to the

Chamber of Commerce, 302 Washington Avenue, Belleville.

Contributors to the parade include Betty Clair's Hat Shoppe, Belleville Cake Box, Mae Moon, Michael's Men's and Boy's Wear and Charles Jewelers.

This year's Santa float is provided by Bond Parade Floats with the design submitted by the Belleville Chamber of Commerce.

Other contributors to the fund are Joseph's Men's Shop, New Jersey Bell

HOMEcoming float sponsored by the Belleville varsity class highlighted halftime activities at Saturday's Bellboy-Kearny grid encounter at Municipal Stadium. Homecoming honored the Class of '62 and was attended by Commissioners and School Board members.

PROTECT MOTHER EARTH float was one of the many highlights of the annual Belleville Veterans Day Parade down Washington Avenue last Thursday evening. High school teens on truck wore gas masks to stress need to protect our environment. Hundreds attended parade.

## By Belleville Lions Port Authority Guest Speaker Scheduled At Fountain Today

The transformation of one of the nation's major airports into a more modern air terminal capable of handling the sophisticated aircraft of the future will be discussed at a meeting of the Belleville Lions Club today, Nov. 18 at 12 noon at the Fountain Restaurant, 46 Watessing Avenue, Belleville.

## Pair Convicted On Hypo Charge

Two men were given prison sentences in Municipal Court November 11 on possession of hypodermic needles and paraphernalia.

Gary Heiney, 19, of 360 Washington Avenue pleaded guilty to the charge before Judge Edward Abromson, while Louis Giordano, 25, of 341 Watessing Avenue, Bloomfield, represented by counsel, denied possession of any paraphernalia.

The arrest occurred June 8 in the Silver Lake section of town by police Sgt. Albert Koelsch who testified that when the car driven by Heiney was stopped Giordano attempted to get rid of a bottle cap commonly used for cooking narcotics by throwing it under the car. Investigation of the car uncovered two needles, an eye-dropper and syringes, all of which Giordano denied owning.

commercial air terminal, and already the second busiest air cargo center in the world, is being redeveloped by The Port of New York Authority at a cost of over \$200,000,000.

Roy Jaeger of the Port Authority will be guest speaker. He will supplement his remarks with color slides of what the "new" Newark Airport will look like when fully redeveloped, at which time it will be able to handle twice its present volume of more than six million air travelers a year.

Jaeger joined the staff of the Port Authority in 1956 and is presently a Property Representative in the Marine Terminals Department. In this capacity, he is responsible for negotiating leases with prospective tenants who desire warehouse or other space at the Port Authority Marine Facilities. Prior to his current assignment, he held several positions of increasing responsibility in both the Planning and Development and Aviation Departments.

Jaeger graduated from Fairleigh Dickinson University with a Bachelor of Science degree in Economics. He is a member of the Transportation Advisory Committee in Little Silver, the Industrial Real Estate Brokers Association and the American Economics Association. Jaeger resides with his wife and son in Little Silver.

# Ecumenical Youth Fellowship Service To The Community

By Cynthia Fabian

One of the primary functions of Belleville's Ecumenical Youth Fellowship is to be of some service to the community. This year EYF has promoted a project which we call "Help our Schools." It is a project to pass the school budget for the year 1972-1973.

With the aid of the Board of Education, members of EYF will be speaking at PTA meetings and other town wide functions. This will occur as soon as the budget is presented to the town in the beginning of 1972. Posters will be constructed and put up throughout the town. Circulars and hand bills will also be distributed.

In the past nine out of ten years, the school budget in our town has been defeated. The problem lies

not in the number of people turning down the budget, but in the number of people who do not go out to support it. Our school system contains approximately six thousand students. If just one parent of each student voted, the budget would be easily passed.

The situation is quite evident. Because of the lack

of voters, the schools and students of Belleville are suffering tremendously. Many students, even now in November, are still without text books. The paper supplies are very low. No longer may students write in work books which are made for that purpose. Our High School needs an addition because of another great concern to us all,

over-population. We could definitely use a new Junior High School but of course the money just isn't there. This year girls sports at the High School were cut out because there were again a lack of funds.

The Board of Education is trying their best to help but what can they do year after year when they are told to cut the budget

because it was again defeated?

I know that the parents of students in the Belleville School system are concerned about this problem and about their children. Parents, if you are, won't you please "Help our Schools" and your children by giving them fifteen minutes of your time next election day.

## An Old Woman Lonely and Blue

By Don Kowalski

While walking home from school yesterday I came upon a lonely-looking old woman standing on a corner waiting for a bus. She stood there alone, without companions, almost without

life, surrounded by cold, biting air, and back-grounded by a bleak November sky.

Scores of unconcerned youths floated happily by her, laughing, giggling, holding hands, as a stream flows over and around a neglected, old rock in the middle of the water. The long, black coat, the dull, gray kerchief, and the large, out-of-date, black pocketbook led me to believe that hers was a solitary and uneventful life.

The packages resting by the woman's side might have been for other people, perhaps even a family, but if so, such a family could not be very close by. No car full of happy, smiling faces was coming to meet her; only a bus-itself a vehicle of loneliness, driven by a professional paid to transport people.

The woman's eyes were sad and nostalgic, searching for remnants of a happier time when there were babies crying, crowds gathering, and laughter echoing in the hall, much of it her own. (How different a person I saw standing before me now.)

## Ward Coffee Co. Celebrates 102 years

You don't have to go to N.Y.C. to find a specialty shop which handles fresh ground coffee, bulk teas by the pound, and a selection of nuts and candy which can be surpassed by few places of its type.

The Ward Coffee Co., of 944 Broad Street, Newark, offers its customers personalized type of service trying to make them feel that they are someone special, no matter how large the purchase.

For the majority of the 102 years Ward's has been in existence, they have been wholesalers to restaurants and institutions. However, in the past ten years they have been trying to offer to the retail customer a much larger selection. Few places have fresh roasted peanuts just about every hour, along with a wide assortment of coffees, teas, nuts, dried fruits, cookies and candy.

At one time, most supermarkets ground coffee fresh. Rarely does one see this nowadays, but at Ward's the customer has a choice of many different coffees. Mocha Java, Columbian and Mocha, Italian Espresso, Spanish, African, Ward's Delux and Hotel blends are very popular sellers.

Peanuts are the best selling nut at Ward's. Second only to peanuts are pistachios, both red and natural 8 crown size. Sunflower, pumpkin and squash seeds are much in demand. These seeds are eaten raw, roasted or salted and roasted. Nuts in the shell, walnuts, pecans, brazils, filberts, almonds are the big sellers during the holidays.

At one time in the early 1900's people would pull up in front in a horse and carriage to get a freshly ground pound of coffee. Times have changed and the days of the horse and carriage are gone but Ward's is still proud to be able to serve and sell to the people of Newark and the suburbs. Few cities can claim they have two independently owned businesses side by side that are 100 years old. Begerow's Florist is 100 years old and Ward's is 102.

If you are interested in seeing a store that brings a lot of the past back, stop in and browse around Ward Coffee Co. and see the many different items on display.

## Speak Free To Think

By Bill Hamilton

The world in which we live, with all types of individuals, seems to lack a great deal of people who think. Don't get me wrong. It is not a question of not having the ability to think, reason, or act rationally, but simply a question of not bothering to think. This is especially true of students. Sure, when it comes time for an English test or football play, most people can think. But how many of us think before we act; think about life, our own lives in particular? I am amazed at the infantile things some people do, apparently for some self-pleasure...like breaking sinks in the High School's bathrooms...or carving some demented words on a desk top...or simply throwing garbage on the floor of the cafeteria. I wonder if those who get satisfaction out of these acts ever think about what they are doing. Stop and take a look at yourself...see what you are doing.

I feel sorry for the students who eat lunch at the end of the day, because by that time the garbage is pretty deep. Why? Because the students who ate before them didn't care enough to throw away their trash. It really takes a tough guy to leave his lunch half-eaten on the floor! Imagine if you had to eat at a table where a pig had been the period before...how would you feel? Have the decency to clean-up after yourself at lunch. It won't kill you.

It is not my purpose to preach; all I want to do is to realize that when you destroy something in or around the school, you're only hurting yourself. The money spent on repairing all the things broken could have been spent on sports, Behind-the-Wheel, better science and art facilities, wood and auto shop materials and God knows what else. It is up to you, the individual student. Think.

## BHS Soccer Club Is A Rising Sport

The Soccer Club, coached by Mr. J.A. Gavitt, has begun its second season as a currently rising sport at Belleville High School. During this team's first season, their record was 0-2, losing to both Montclair and Columbia.

This year the Soccer Club played Montclair Varsity and, although our team lost 1-0, this has been the best game thus far. The low number of goals scored against B.H.S. indicates a good defense since it has only given up one goal a game. A better offense is being worked out presently to improve the overall effort which should then

result in more wins this coming season. Mr. Gavitt feels many students are eligible to play

soccer due to the fact that, in this sport, size has little to do with the ability of the player.

## Zoning Board Acts Wisely

Belleville's Zoning Board of Adjustment is acting wisely in resisting being pushed into a quick decision concerning its deliberation over the application for exceptions to the zoning law concerning the old Sonnieborn tract which is situated in Belleville and Nutley on the east bank of the Passaic River.

It would be well for Nutley officials to confer with their Belleville counterparts in order that the end result will be beneficial to both communities.

It is quite natural for every builder-promotor to make an effort to build the greatest number of units on a particular plot of land. This result will mean more money in the pockets of the builders-promoters although it may very well cost present home owners an arm and a leg

for additional services required, especially the heavy burden of school costs. The complex involved is a proposed 432-family garden apartment (216 in Nutley and 216 on the Belleville side). That represents a lot of people - and many municipal services. The Board of Adjustment is right in taking its time to arrive at an answer which is equitable to the builder and fair to the community.

### Retroactive Pay Raises

## Teachers Are Entitled

The federal government Wage Control Board is confronted with the question of whether or not school teachers' salaries should reflect the contract wage figures entered into between the school teachers and their respective school boards with a retroactive effective date.

Since real estate taxes have been increased to anticipate higher school teachers' salaries, it just makes sense to us that in this instance salary increases should be retroactive to the effective date of the contract. This approach however does not similarly affect the commercial and industrial sector of the nation's economy. Commercial and

industrial employee hikes bear directly upon future costs of items or services manufactured or rendered by the affected employees. Since price increases are limited to an average 2.5 per cent and the 5.5 per cent salary increase maximum permitted under Phase II of Nixon's economic freeze, it follows that permitting retroactive pay raises would do violence to the effort to control the inflationary spiral.

## The Billiard Law

Belleville-Commissioners by a vote of 4-1 adopted an amendment to an ordinance permitting pool halls to remain open until 2 a.m.

There is only one pool hall in Belleville, owned and operated by two members of a pioneer Belleville family. They are Chris and Ernest Christian. These young men, native born, and members of their family, down through the years have contributed much to the welfare of Belleville's Big Tree neighborhood.

They are law-abiding citizens. They are young men who recognize their responsibilities and obligations to their neighbors.

In being granted permission to remain open two extra hours, they are only receiving treatment similarly granted to taverns and restaurants.

We applaud the Commission for its affirmative action and we are confident the Christian brothers will conduct their business after midnight with complete regard for the welfare of their neighbors.

### Seems Only Yesterday

## New Language Program For School System Here

By Elaine Auerbach

One Year Ago

The prospects of an updated language arts program, which would include multi-racial textbooks, was being studied by the Belleville school system. Anthony Greco, superintendent of schools, announced that the revamping of the language arts curriculum would mark the first such undertaking for the department in ten years. Greco explained that the new textbooks would place a renewed emphasis on sentence structure and good grammar.

Counter suits involving slander and libel charges were filed between two high-ranking Belleville officials and a private citizen. Mayor Ken Smith and Commissioner Mary Senatore filed a civil suit jointly against Joseph Fornarotto of 523 Union Avenue on libel and slander charges, while Fornarotto in turn filed suit against the officials in connection with the same incidents for which he had been accused. Martin Kramer, attorney for the Mayor and Commissioner Senatore, indicated that he thought the two suits might result in a consolidation of the cases in court.

According to the Chamber of Commerce, Belleville's Christmas lights for 1970 would extend further down the avenue than ever before. Chamber director Harry T. French said that for the first time the lighting would reach from Rutgers Street to Mill Street.

Five Years Ago

Belleville voters were to go to the polls again in January during a special election to decide whether or not the town wanted to change from Council Manager form of government, or return to the Commission form that they had rejected in 1961. Councilmen Robert E. Westpy and Ralph A. Casale were opposed to the proposal to change the government. Casale said that he felt the change was being sought "to satisfy some political hacks."

A reorganization of the Police Department was proposed by Town Manager John R. Burnett, during the regular business meeting of the Town Council, which called for a chief, a deputy chief, four captains, five lieutenants, and five sergeants. The change would be designed to allow closer supervision by superiors of the various departments within the police force. A hearing on Burnett's proposal was scheduled for November 28.

Ten Years Ago

Ralph Risoli was appointed Registrar of Vital Statistics on the recommendation of Commissioner Nuncio R. Pico, director of Public Affairs. The appointment, which had received the certification of the state, was for a three year term. Risoli had been deputy registrar for five years. The work of the registrar had increased greatly since 1966 because of Clara Maass Hospital and its large number of maternity cases.

Commissioner Robert C. Gruhin, director of Public Works, was accused at a Commission meeting of dodging taxes on

property he allegedly owned. At the same time, Mayor Padula was asked why real estate taxes were not being charged by his department of Finance for former synagogue property on Washington Avenue. Padula said he would investigate this issue, while Gruhin refused to confirm or deny ownership of the property he was accused of not taxing. He commented that the town law allowed two years for the filing of an omitted assessment.

The Middle States Association of Colleges and Secondary Schools withdrew Belleville High School from its list of accredited schools. "The serious overcrowding resulting from increased enrollment, the limited facilities, and the large classes seemed to the commission to make this action necessary," explained R.D. Matthews, chairman of the Association's Commission on Schools in a letter to Hugh Kittle, high school principal.

Twenty Five Years Ago

John W. Weber, son of Mr. and Mrs. John Weber of 106 Adelaide Street, enjoyed a long visit with his parents before he was to leave for the South Pole in the early part of December as a member of Admiral Byrd's new expedition. Rear Admiral Byrd was to be in charge of a large expedition that would renew the United States stakes and hopes in the Antarctic Continent.

Labeling a private builder's plans for attached housing units "glorified garages," the Mayor's Veterans Emergency Housing Committee adopted a resolution at a special meeting to present to the Board of Commissioners. The plans proved to be insufficient as an answer to the housing problem. The Mayor's Committee was composed of veterans, citizens of the town, with the veterans being most critical of the houses which were to cost about \$8,500, including the piece of land.

Forty Years Ago

Belleville firemen asked contributions of discarded toys which they planned to recondition and distribute to children at Christmas.

The junior music guild met at the home of the counselor Eleanor Bacon-Peck at 330 Jorammon Street. A study of Bach, "a compunctalist" was followed by a musical program.

Mr. and Mrs. Leo J. Dempsey of 178 Tappan Avenue entertained at supper and cards for Mr. and Mrs. Charles Belleyman of Newark.

Fifty Years Ago

Mrs. Michael Deegan of Long Island spent the weekend at the home of her brother, John Mahoney, who had moved to Columbus Avenue from Clifton Avenue and also at the home of Mrs. Wilfred Forsher of Linden Avenue.

Health Officer Angelo Dominick was spoken of by his friends to the Silver Lake District as a candidate for the commission in the next election.

To The Voters of Belleville:

I wish to thank, most sincerely, the voters of our town, who supported the A Line, the Democratic Line.

The Democratic Leaders of our town appreciate the support extended the Democratic Candidates in this General Election. The Democratic Leaders, along with the voters of Belleville look for good leadership in those elected to office.

Many thanks for the Great Democratic Victory shown in Belleville to my Democratic County Committee Leaders.

Thanks also to the editor for our campaign releases.

Mrs. Mary Senatore

Thank you,

### Helen's Thing

## Helping Hand Could Be Used By So Many

By Helen Maquire

THANKSGIVING is almost upon us, that day of all days when people count their blessings and realize how fortunate they are. Gavin came home the other lunchtime and announced that his school was again collecting canned goods for the needy and could he look right that minute and see what he could find to bring? I vetoed the idea of an immediate search for fear that he would get carried away and waltz off with something. I needed for supper that night but I was pleased that he cared enough to want to help somebody else.

THERE ARE LOTS of ways we can help others with little or no expense to ourselves and here are three of them.

The Childrens' Aid and Adoption Society, located at 142 South Munn Avenue, East Orange, needs used infant clothing for its little ones before they are given out for adoption. They care for infants solely and can use articles only up to size 18 months but would be very grateful for anything you can spare especially sleepers, undershirts, blankets, stretch suits and the like.

The North Essex Child Guidance Clinic has recently set up a Special Nursery to deal with young children, 2 1/2 to 5 years of age who are emotionally disturbed in some way. The Nursery is funded by the Ruth Kohn Foundation among other groups but could use your help in providing toys, play furniture, building materials and a thousand other things you probably have around the house and could spare. They have a mimeographed sheet available listing their needs and I'm sure they would be glad to send you one. The Clinic is located on the old Soho grounds in Belleville.

DARE is the drug rehabilitation organization which works ceaselessly to help addicts find themselves and become useful citizens again. They are unique among agencies of this type in that they have no waiting list. DARE takes in anyone who comes to them for help even if they have to put them to sleep on the floor and quite a few are sleeping right there.

## Ballot Recount May Help Senator Mickey Waldor

IT MADE US SAD to learn that former Mayor Nunzio Pico passed away. Nunzio Pico was as great a public servant as the town of Belleville ever has had. Pico was a decent and honorable person and far too gentle for the hurly-burly of commission politics. My sympathy goes to his grieving family.

NORTHEAST AIRLINES SURPRISED ME Friday night when I was served beer on my Fort Lauderdale trip. National and Eastern do not serve this delicacy. While the beer was good, the stewardesses left a bit to be desired. At the departure gate I was told that seat 1B was unavailable. I found out later that the seat was empty and when I asked the stewardess to switch me she replied, "I am sure you'll like 4-A better." So - I remained in 4-A. The attitude aboard Eastern is a hell of a lot different.

OUR LAST WEEK'S EDITORIALS were clipped, and in the clipping a paragraph concerning my dear friend Senator Mickey Waldor was dropped. On election night Mickey Waldor was counted out of the race, losing to Freeholder Director Wynona Lipman. A recount is scheduled for this Thursday when Mickey and GOP leaders hope for a reversal of the election night statistics. Mickey Waldor is acknowledged by his colleagues as one of New Jersey's most eloquent and capable public figures. On top of all this Mickey is a decent and honorable gentleman. I prize his friendship dearly.

SUNDAY NIGHT'S EASTERN

FLIGHT 4 from Miami to Newark proved to be very comfortable, even though the equipment was the huge DC-8. For some strange reason almost every return trip on Sunday brings a full plane load of people. This week's return trip was no exception. Senior stewardess Joan Huff was able to handle her detail without any difficulty. She is a very ambitious young lady attending Miami Dade College and flying full time with Eastern. In addition to being smart, Joan is also an attractive and charming young lady.

SPECIAL MENTION IS IN ORDER for John Barrett, Sales Rep for National Airlines. More than once John has gone beyond the call of duty to accommodate passenger problems at the departure gate. A raise and a promotion are long overdue for this young chap.

THE SALESMAN ASKED OUR RECEPTIONIST, "Are you sure your boss is not in his office?" and our sweet, charming, bright receptionist replied, "Are you doubting his word?"

PETER, PETER WHERE ART THOU GOING? Of course I am referring to one of Americas most experienced and most powerful congressmen, our very own, Peter W. Rodino. In the last week Peter has cast two votes that have raised my eyebrows. He voted in favor of school bussing to attain integration and he voted against nondenominational prayer, both actions contrary to my personal convictions.

I am against bussing to achieve a social end.

I say any prayer is better than none. And there is one thing I can't understand about the Congressmen who voted against the prayer-permitting bill. Congress opens its day with a prayer, on American money the motto is "In God We Trust", and doesn't it seem hypocritical that we would deny school children the opportunity of voluntarily listening to a prayer before the school day commences?

SOL YAGED, the clarinetist who taught Steve Allen and Milton Berle how to play the instrument, has left the Gaslight Club. During September Sol went on the road performing in Washington, D.C., Arlington, Virginia and Miami Beach. Since October 1 Sol and his quintet have been holding forth six nights a week, excepting Sunday, at New York's east side Ali Baba East restaurant and nightclub. Host Michael Hatgis, in special gold and blue velvet announcements, heralded the coming of the great Yaged. Mike's invitation read:

"What great sorcerer 2,000 years past would have prophesized that Ali-Baba less his Forty Thieves would reappear in the twentieth century in the upper east side of New York.

"A bit far fetched but true at Ali-Baba East. The magic of the magic carpet is vividly alive in the ultimate in entertainment.

"In an anachronous Arabian setting reminiscent of days gone by, the past is captured through the enchanting sounds

of SOL YAGED. Continuous Entertainment from 9:00 P.M. to 4:00 A.M. Seven days a week, 2 Combos.

"So, we'll be looking forward to seeing you for an evening of merriment where the food is superb, the entertainment unforgettable, and the atmosphere enchanting."

## To answer his \$64 question we put Michael Sheehan on television

Recently Michael Sheehan called us regarding a \$63.80 claim. Not too long ago it would have taken us over a day or two to get the information. But now, by flashing his records on our new television screen, we were able to tell him on the spot that yes, his claim had been paid.

Our T.V. screen, actually a Cathode Ray Tube (CRT), is linked to a computer containing records of our 3 1/2 million members. By keying a subscriber's ID number onto a keyboard, our clerks get an instant

picture of his enrollment and claim status.

What CRT means to you is better and more efficient service. We couldn't give same-day service without it and still keep our operating costs down. It's typical of the advanced systems the New Jersey Blues use to help keep overhead under 6% (about 3 times lower than other health insurers).

So next time you're watching television at home, remember our television and all it's doing to stretch your health-care dollar.

## Pair Is Guilty In Auto Theft

Two New York men were found guilty in Municipal Court November 4 for unlawful use of a motor vehicle.

Juan Abreu, 18, and Efraim Cortes, 23, both of the Bronx, were arrested October 25 on Washington Avenue near Overlook Avenue after police questioned them on their being in Belleville.

Witnesses testified that Cortes and Abreu had been seen getting out of a car with New York license plates early that morning. It was later discovered that the

car was reported stolen in New York.

Cortes was also observed by witnesses to be tampering with a parked car that same morning. That car had also been reported as stolen earlier in the week.

Abreu was held in custody until the trial and with the guilty finding Judge Edward Abramson sentenced him to the time already spent in jail.

Cortes was given a \$200 fine for unlawful use of the car and \$20 for tampering with a motor vehicle.

## Belleville Robbery Goes To Grand Jury

Two men arrested in connection with an alleged break and entry had their case referred to the county Grand Jury November 11 in Municipal Court.

Edward Iverson of 545 Elm Street, Kearny, and Angelo Darpino, 25, of 182 Madison Avenue, Irvington

were taken into custody October 28, the day of the offense by Newark police on a description by Belleville police headquarters.

Iverson, who has remained in custody on \$1000 bail since his arrest appeared in court, but Darpino, released, failed to show up.

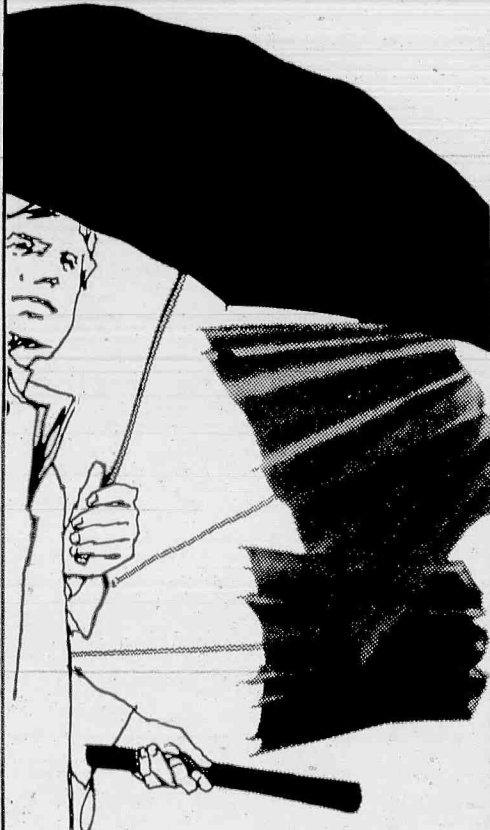

## Possession Of Pistol Charge By Newark Man To Court

A 26-year old Newark man was fined a total of \$50 for three separate traffic violations, and saw a charge of possession of a gun referred to the Grand Jury November 11 by Judge Edward Abramson.

John Volpe of 309 Clinton

Avenue, Newark, pleaded guilty to driving September 17 with an unregistered car that had false license plates and a delinquent inspection sticker. He pleaded not guilty to the charge of possession of the revolver which will await action.

November 20 through November 26, 1971

**ARIES** (March 21-April 19): Map plans carefully for week ahead, Ari. Know exactly what you wish to accomplish and with whom. Addle-brained associate could snarl the works if you are not on guard. Invitation comes before mid-week. Accept graciously. Last day you are relaxed and somewhat rejuvenated.

**TAURUS** (April 20-May 20): Unusually busy week for you, Taurus. Career/family vie for attention. Take care of business first, then devote yourself to loved ones completely. They need strength, dear heart, and your understanding. Heaven has blessed you Taurus. Give thanks.

**GEMINI** (May 21-June 20): After a slow beginning, week gains momentum. Energy returns and by mid-week you are in fine fettle. Powwow in the wigwam indicated. Ideal time to gain confidence of one who has wandered. Week ends with you holding winning hand. A full house!

**CANCER** (June 21-July 22): Gather all the threads together, Moonflower, and you enjoy a wonderfully old-fashioned week. Expect to hear from long-forgotten friend. Joyous memories return and prod you to give. And in the giving, you are blessed.

**LEO** (July 23-August 22): Welcome one who knocks boldly, Leo. This person bears good news. Mid-week time to celebrate. Enjoy your share, sweet Leo, but don't be piggy. End of week finds you confident. You are big-league, and you know it. So does everyone else.

**VIRGO** (August 23-September 22): Discipline yourself in days ahead, Virg. Temptation will be to overdo, physically and emotionally. As week draws to a close, you will want to stuff yourself with stuffing. Know when to keep your mouth shut. You understand and decipher message correctly.

**LIBRA** (September 23-October 22): Week very active, Lib. First, you make eyes. Then you make bold. Then you make good. Then you make whoopee. By last day, energy wanes and you would do well to make tracks.

**SCORPIO** (October 23-November 21): Look, Scorp, it is fun to be fooled once in a while. But day in and day out? NEVER. Face present situation straight on, warts and all. You have untapped resources of strength which will see you existing through crisis — which exists. Week ends on note of confidence.

**SAGITTARIUS** (November 22-December 21): Plans concerning immediate future occupy a good deal of your thinking, Sag. Capital idea concerning money occurs. Seek sound advice before you act. Ignore daily associate who tends to aggravate you. This twit is not worthy of your time. Week ends harmoniously.

**CAPRICORN** (December 22-January 19): Your complexity is one of the reasons people find you so interesting, Cap. However, in week ahead, one who is close to you strives hard to penetrate your shell in effort toward better understanding. You are treasured, dear Cap, so open your heart. Fears fade.

**AQUARIUS** (January 20-February 19): Fiction is sometimes stranger than truth, Aquari, and often more fun. So go ahead and enjoy your little fantasies if they help make reality easier to bear. Family ties tighten. This is good.

**PISCES** (February 19-March 20): Week begins quietly enough, but builds to a wild crescendo by fourth day. Clan gathers and you play key role in settling problem. Nature has blessed you a whole bunch, Pisces. Say "Thank you" to Mother Nature.

## After Bowing To Kearny

# Winning Season For Grabs In Thanksgiving Day Finale

(Continued from Page 1)

called "racehorse football" to keep the Bellboy defense off balance. By the time the Belleville defenders adjusted to the quick snap, Kearny had a 7-0 lead.

According to Cafone, Kearny used the same type of quick offense last year and the Belleville squad was practicing all week to counteract it.

"But it took time for our boys to adjust," added Cafone. "We used a 'show defense' after the first series and it stopped their quick count."

Kearny's first touchdown resulted in a Phil Bruno fumble after Belleville had moved into Kardinal territory. Kearny then marched exclusively on the ground in 10 plays for the first score, taking advantage of their quick count and keeping the Bellboy defense off balance.

The two squads battled on equal terms the rest of the first half, excepting for a 45-yard field goal by Kearny soccer-style booter Bernie Szynalski. The Belleville side of the field was obviously impressed with the kick.

"We could sure use a kicker like that," said Cafone. "Our Phil Bruno does a fine job kicking for us but it is obvious that the Kearny kicker was exceptional."

The entire Belleville bench, reported Cafone, was impressed with the boot and it could have had a definite emotional effect on the game.

"We grabbed the boys and told them that we could still get them," said Cafone. "I noticed that after the initial shock the boys weren't discouraged and came out the second half to almost win the game."

Saturday was homecoming at Municipal Stadium with halftime ceremonies honoring the class of '62. Cafone said the homecoming gave added incentive to the club.

"We even put homecoming decals on our helmets to remind them of the significance of the day. The kids didn't want to lose that game. I think the

homecoming helped us in our effort," said the coach.

Belleville, for much of Saturday's game, was without the services of its top runner, Joe Lotruglio. After catching a screen pass early in the game, Lotruglio was knocked out of bounds and into the Belleville bench on the play. He injured his back and saw only limited action after that. Augie La Luna did a fine job in filling in after that incident. Mike Picci, the other varsity co-captain, also received an injury in the game. Picci bruised his knee but should see action against Lyndhurst. Mark Cervasio suffered a slight concussion in the game.

Belleville got hurt on a trap play, good for a 57-yard Kearny touchdown in the third quarter. The score was the difference in the game as Belleville came back to post two third quarter TD's.

The Bellboy's first score came on the first series of the second half when Bruno connected with Sal Cicalese for a 46-yard bomb. The reception put the ball inside the ten-yard line and on fourth down Joe Troise plunged over from the one.

### Cross-Country

## Grueling Race For Chadwick

Belleville's Matt Chadwick was one of seven Penn States entered in Monday's prestigious ICAAAA Cross Country Championships.

The five-mile race, which was run at New York City's Van Cortlandt Park, attracted some of the nation's top distancemen, including Villanova's Marty Liquori and Chadwick's running mate, Gred Fredericks.

Fredericks is a cross country and outdoor track All-American.

Chadwick has helped the Lions compile a perfect (5-0) dual meet record, including a season-opening upset of powerful Villanova.

The Lions have also captured the Eastern USTFF, Pennsylvania Federation and Big Four Championships.

After a year's absence from competition, Chadwick returned this season to become one of the Lions' most consistent performers.

A graduate of Essex Catholic High School, Chadwick's best performance at State has been a second place finish in the 1970 USTFF six-mile run.

He also placed second in the Big Four (Penn State, Pittsburgh, Syracuse and West Virginia) two-mile in 1970.

Monday Chadwick and the Lions attempted to win their first ICAAAA championship since 1960.

## Ex-Bellboy Star Tops In Offense

Paul Pignatello of Clifton and Fred Caruso of Belleville highlight the offensive statistics covering Montclair State College's freshmen football team's first five games.

Pignatello, 5-11 and 170 pounds out of Clifton High School, leads Coach Dick Hapward's Indians in scoring with five touchdowns good for 30 points and in kickoff returns with eight good for 191 yards for an average of 23.9.

Caruso, 5-9 and 160 pounds, is the young Indians top rusher with 363 net yards on 37 carries for a fine average of 10.1 yards per carry. The former Belleville High School star is

also the total offense leader with his figure of 363 yards rushing. He has returned four punts for 31 yards for an average of 7.8 per return.

Bob Haddad of Cranford is the top receiver with seven catches good for 81 yards and one touchdown while Craig Hugger of Rahway is the top passer with 19 completions in 40 attempts for 240 yards and two touchdowns.

Pignatello, in addition to leading two offensive departments, is third in rushing with 51 carries good for 228 yards for an average of 4.5 yards per carry and second in pass receiving with six catches good for 126 yards and one touchdown. He is third in total offense. He has completed one pass in three attempts for 34 yards and a TD.

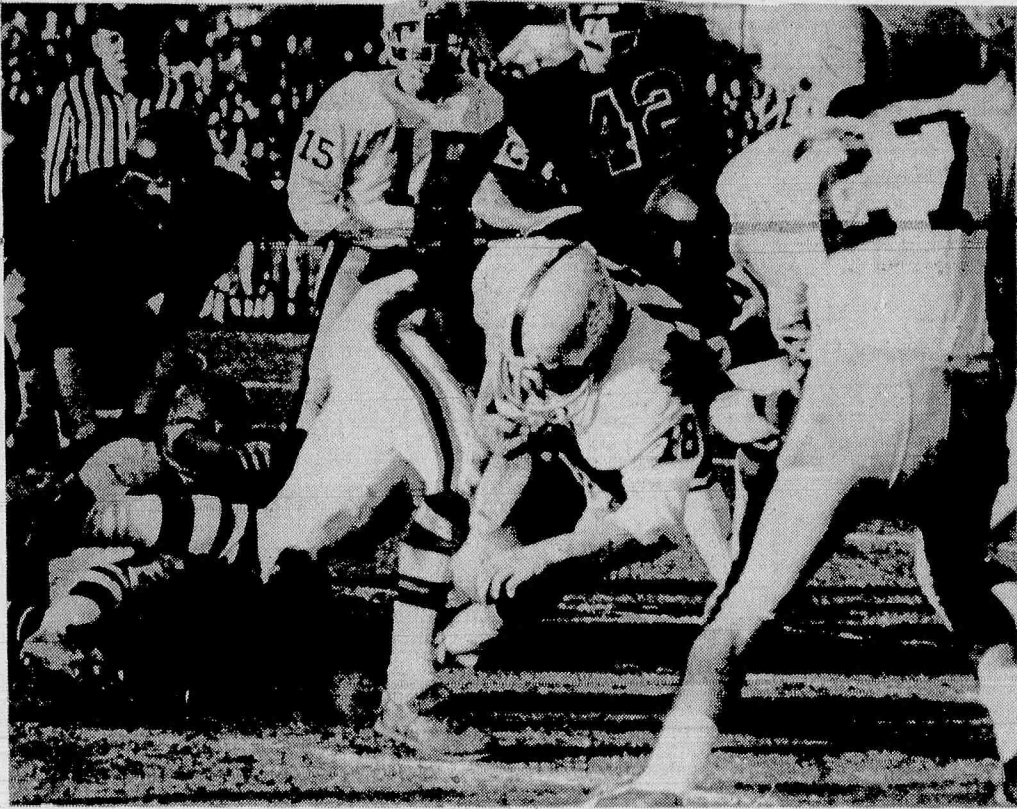

Ray Vander May of Cedar Grove is second in rushing with 59 carries good

for 241 net yards for an average of 4.1 yards per carry. The 200 pound fullback from Cedar Grove High School has also caught two passes for eight yards and scored one touchdown.

Hugger, who will be one of the prime candidates for the quarterback job next year on the Indians varsity, has scored two touchdowns.

In the pass receiving department, John Gillen of Lodi and Ron Gordon of Hazlet are among the leaders. Gillen has caught six passes good for 93 yards and two touchdowns while Gordon has made four catches good for 92 yards and one touchdown.

Gary Acker of Pequannock trails Pignatello in scoring with three touchdowns. The quarterback from Pequannock High School has completed nine of 27 passes good for 157 yards and two touchdowns.

BELLEVILLE SCORE in Saturday game against Kearny at Municipal Stadium came early in the third quarter, when Joe Troise (18), plunged over from the one-yard line, capping a short drive. Bellboys scored twice in third stanza but it wasn't enough for the win.

## Annual Football Banquet Set By Belleville Varsity Clubbers

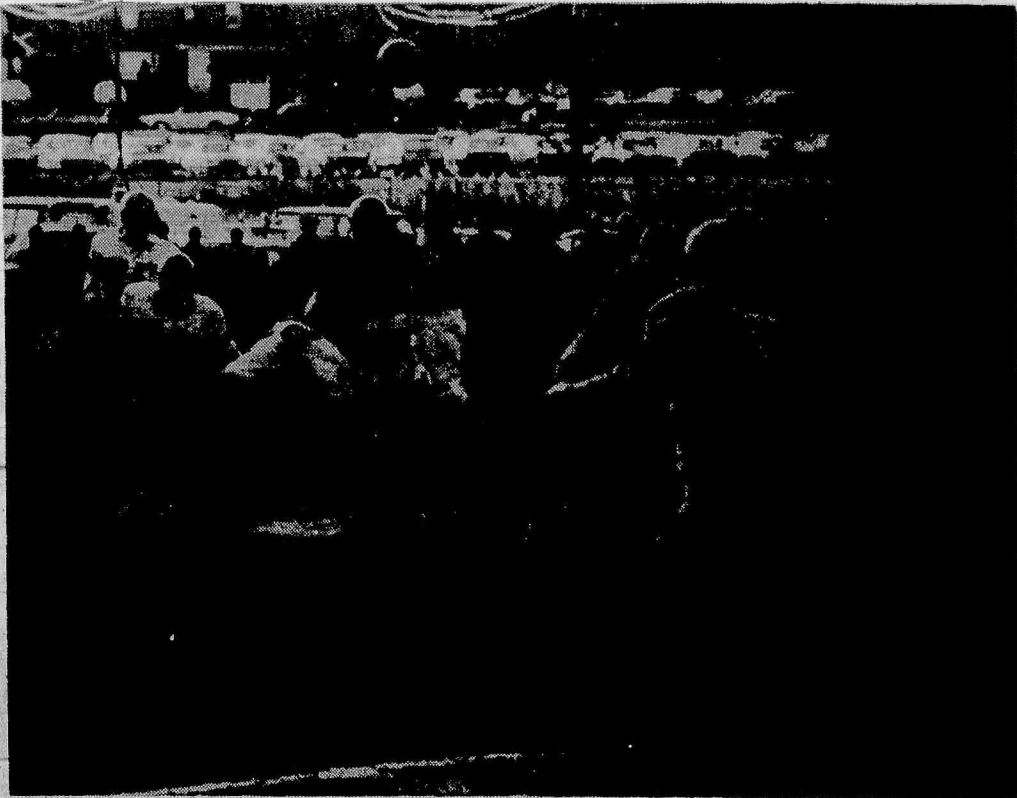

CHECKING TICKETS for upcoming Varsity Club football banquet is Commissioner Michael V. Marotti (left), with Bill Ellis, president of club, and Bill Frank (right), co-chairman of the affair. Banquet is slated for December 3 at the Robin Hood Inn, Clifton.

Bill Ellis, president of the Belleville Varsity Club, appointed Michael Marotti and Bill Frank as co-chairmen of the twenty-seventh annual football banquet which will be held at the Robin Hood Inn on Friday evening, Dec. 3.

The affair will be in honor of the high school football team and coaches. Each senior letterman will be given a trophy. Special awards will be presented to players considered outstanding for their defensive play and players considered outstanding for their offensive play. The recipients of these awards will not be known until the presentation made at the banquet.

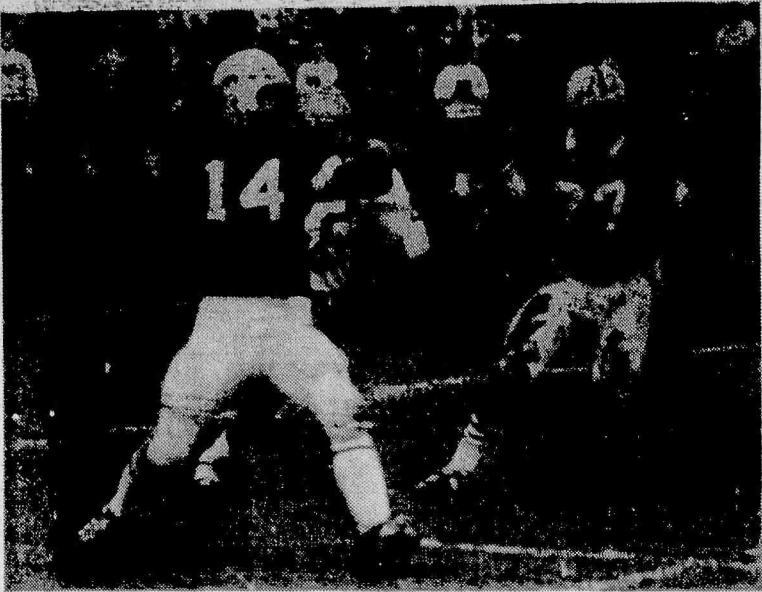

Joe Grosch, principal of School One, is in charge of program and is arranging to have members of the 1947 football team, along with Coach Ed Berlinski, present to celebrate their 25th reunion.

Other members on the committee are Wayne Worley, Vinnie Sorrentino, Henry Vitiello, John Shelesky, Robert Cassin, Joe Cernero, Ernie Steffanelli, Anthony Cervasio, Ralph Casale, Jerry Bonavita and Vic Pomponio.

PASS RECEPTION is in the making here in this fourth quarter play, as Phil Bruno (15) let loose with a 15-yard aerial to (18) Joe Troise. Pass and run play was good for 17 yards but drive was stalled when Bruno was intercepted. Troise had two TD's on the day.

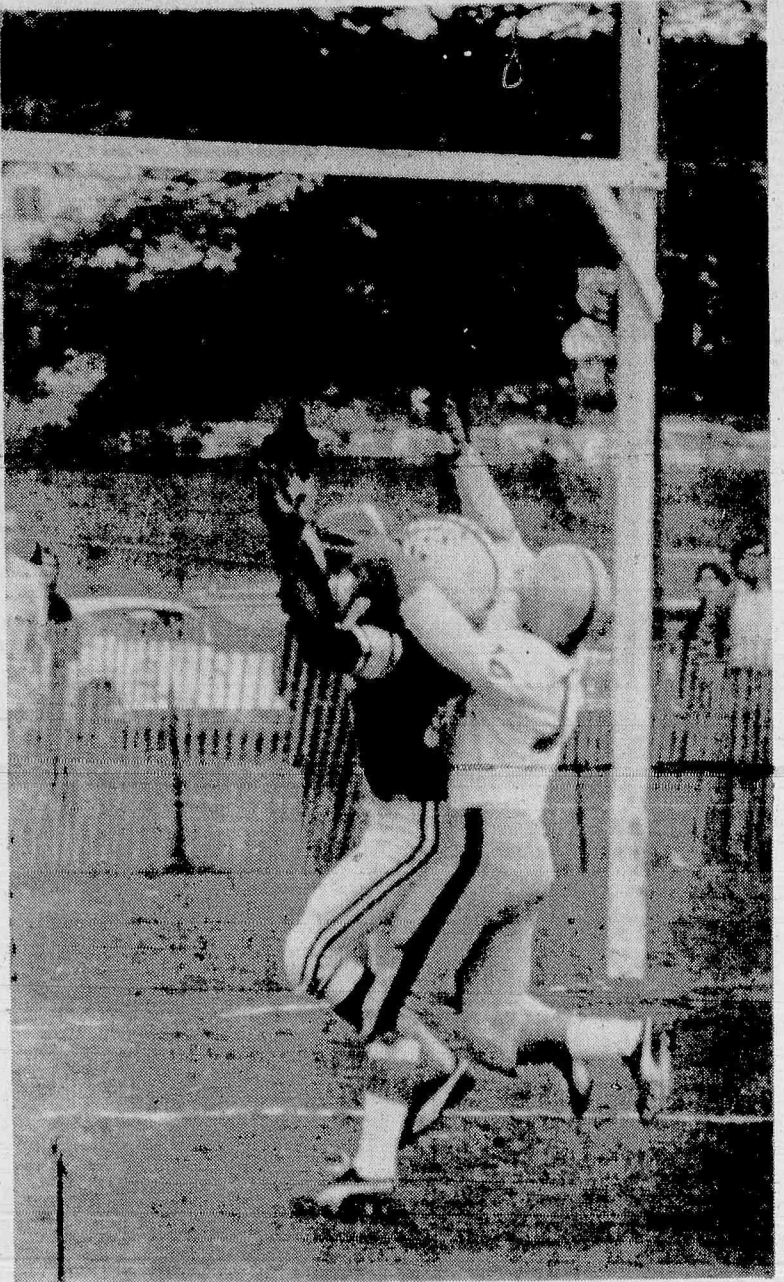

ACE QUARTERBACK for West Orange, Brian Trifiolis (14), hits on this 15-yard pass in second quarter, good for a first down. Trifiolis, a senior threw 13 times with nine completions.

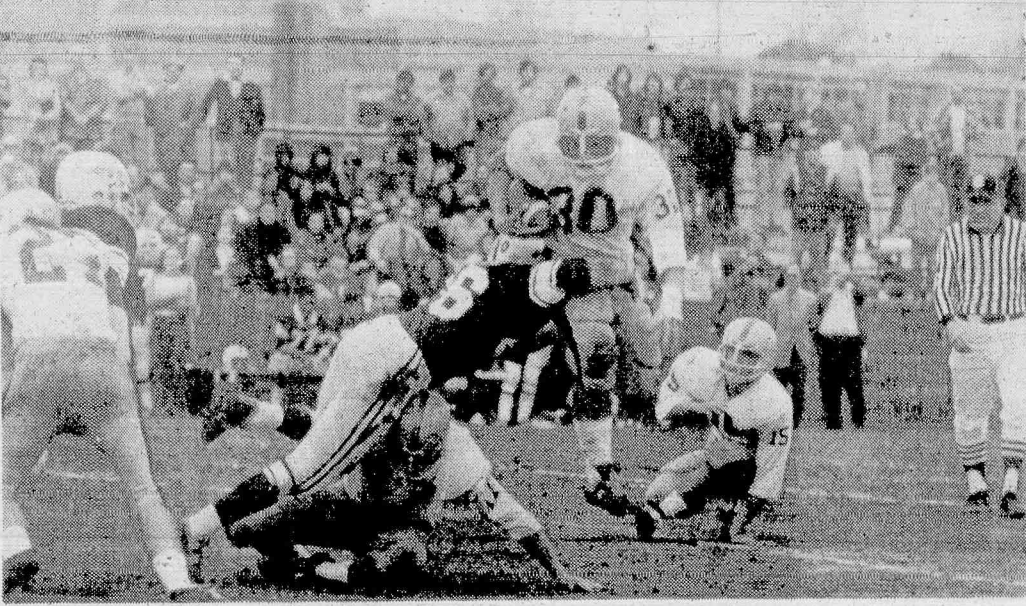

DEFENSIVE END, Alan Frank (20), closes play on Cowboy's (21) Larry Filan. West Orange rusher was stopped for no gain in this first quarter play.

TOUCHDOWN PLAY on 23-yard pass from Cowboy's Brian Trifiolis to Vic Lewis (shown above) in first quarter put West Orange up on the scoreboard with six points. Covering for Belleville on the play is Ron Borgo.

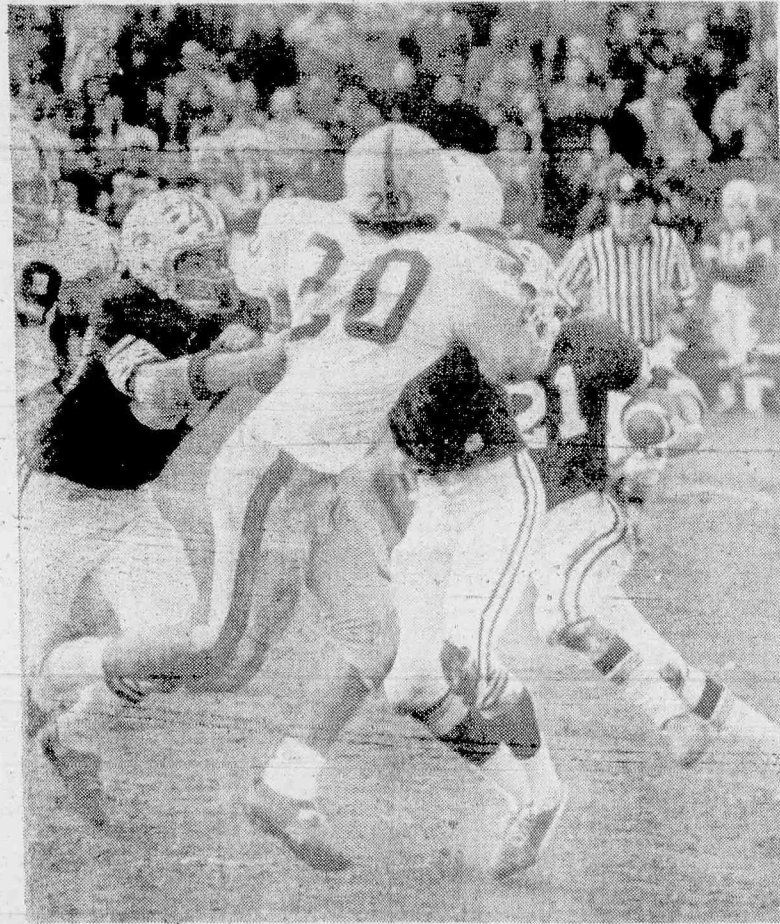

PHIL BRUNO, Bellboy quarterback, completed 13 of 25 passes Saturday November 6 against Cowboys.

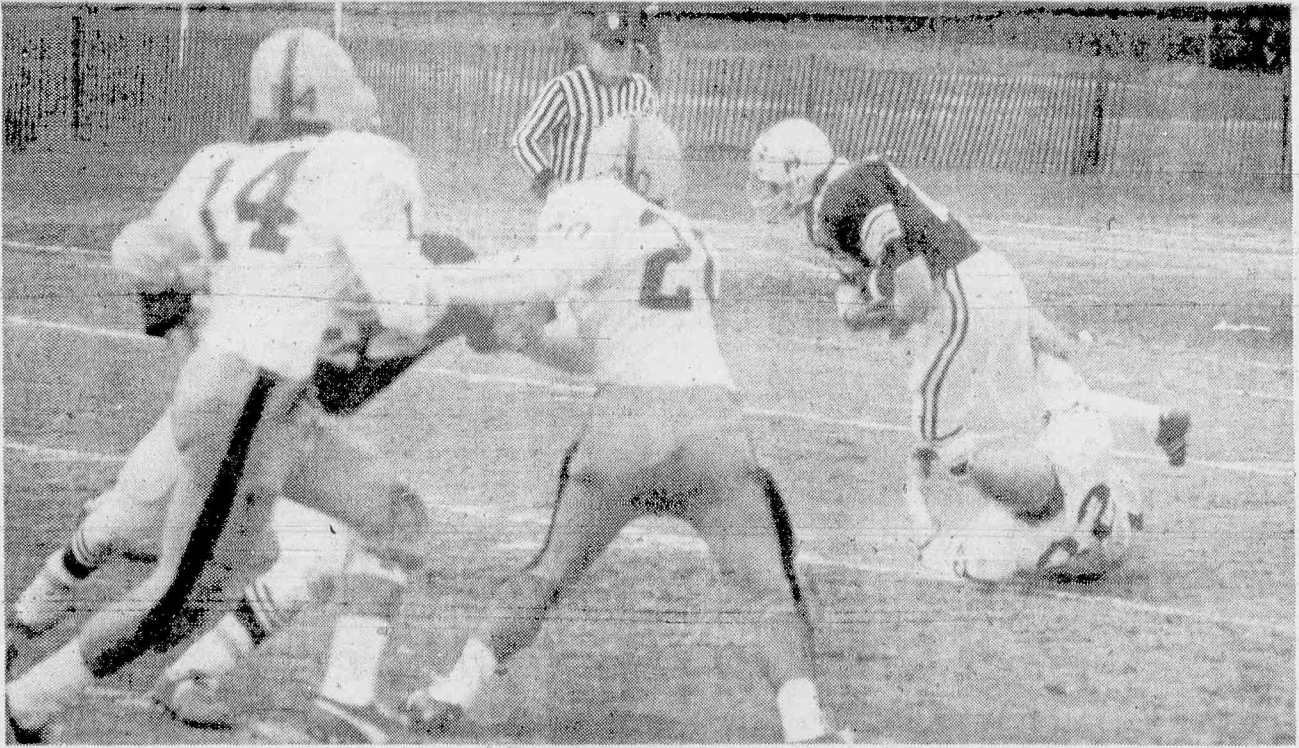

STOPPED BY LINEMAN Jerry Wascho of West Orange is Bellboy rusher Phil Cuzzi, who was halted for no gain on this second quarter play. Cuzzi was more successful in other runs though with 34 yards in five carries.

## Win Skein Stopped At Four As Cowboys Triumph, 12-6

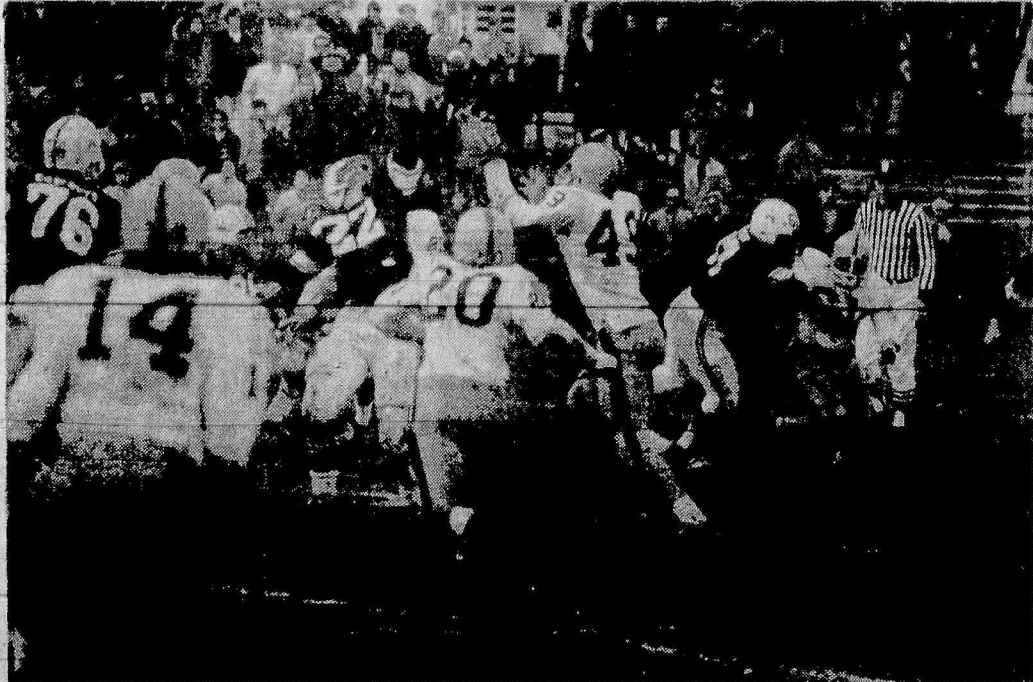

BLOCKED OUT of this fourth quarter play is Bellboy defensive tackle Alan Frank (20), who was doubled up on by two Cowboy blockers. Larry Filan (21) takes advantage with five-yard scamper.

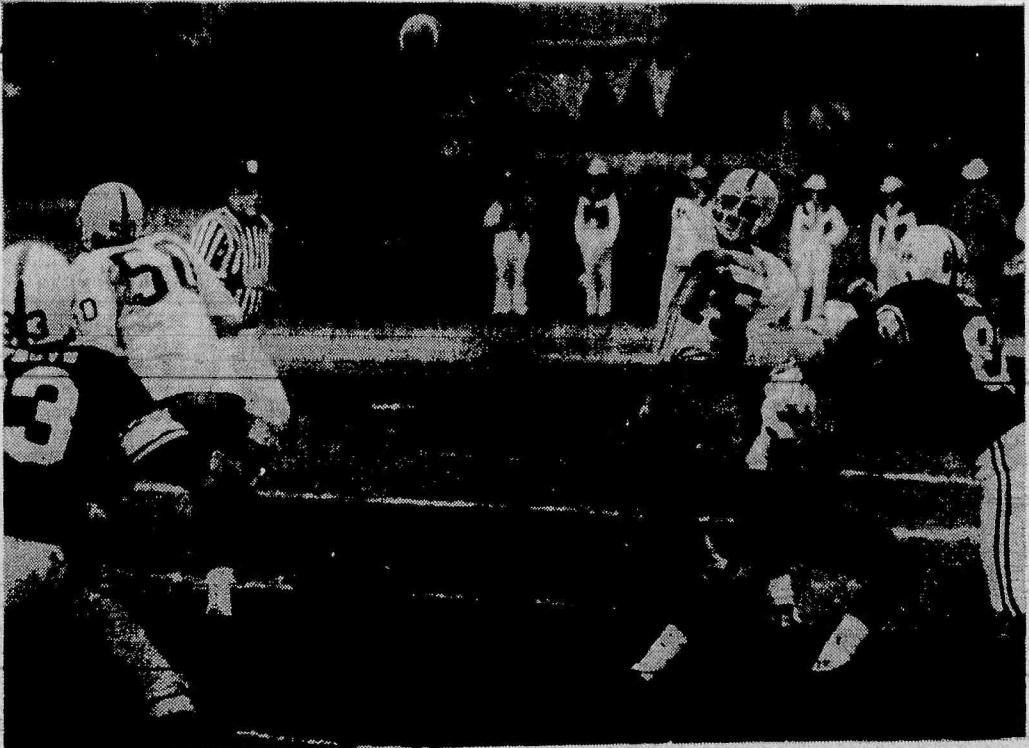

THROWN FOR A LOSS of eight yards in second quarter action is Cowboy signal caller Brian Trifiolis, as Bellboy's Mike Egidio won't let go after

safety blitz. Other Bellboys (14) Ron Borgo and (20) Alan Frank rush in to assist Egidio on the play.

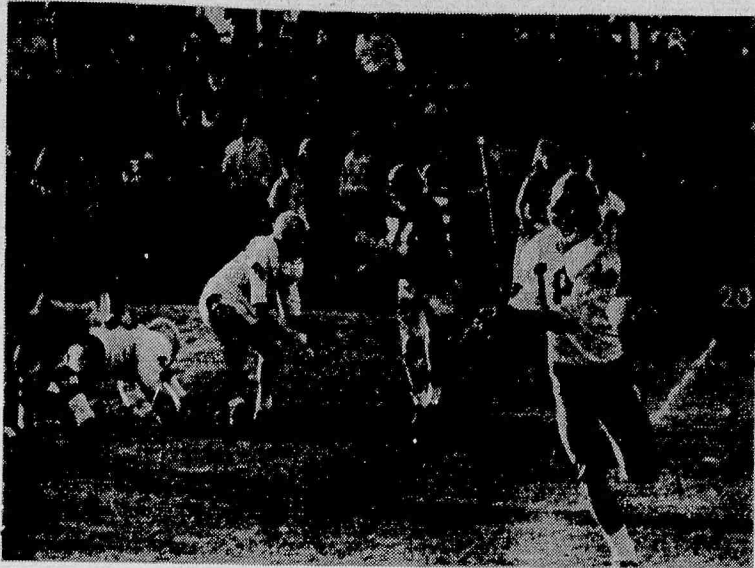

UP FOR GRABS is the pigskin in the fourth stanza of November 6 game with West Orange as Cowboy rusher (22) Ricky Buro lost handle on hand-off. Coming down with the fumble recovery, his second in two weeks, is Bellboy's Frank Oliveri (49)

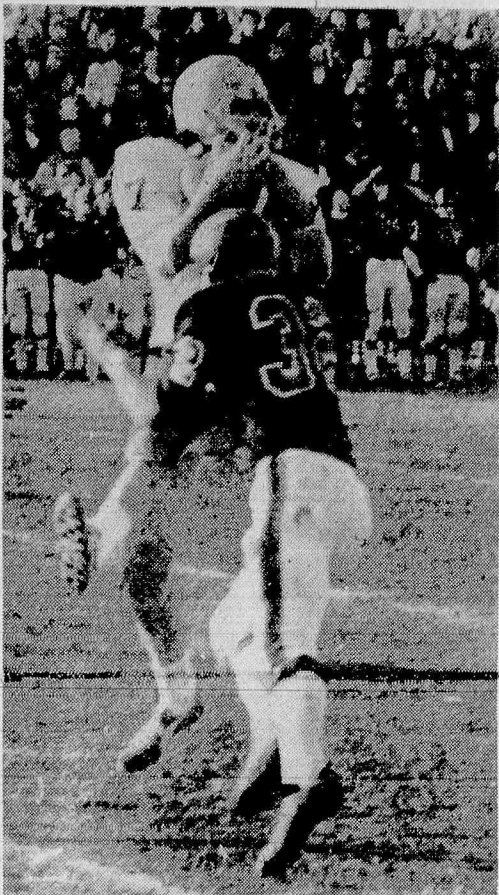

SPINNING BALL hangs in mid-air as Bellboy quarterback Phil Bruno (15) gets off aerial that eventually is complete to halfback Joe Lotruglio (not shown here) good for 15 yards and a first down in second quarter.

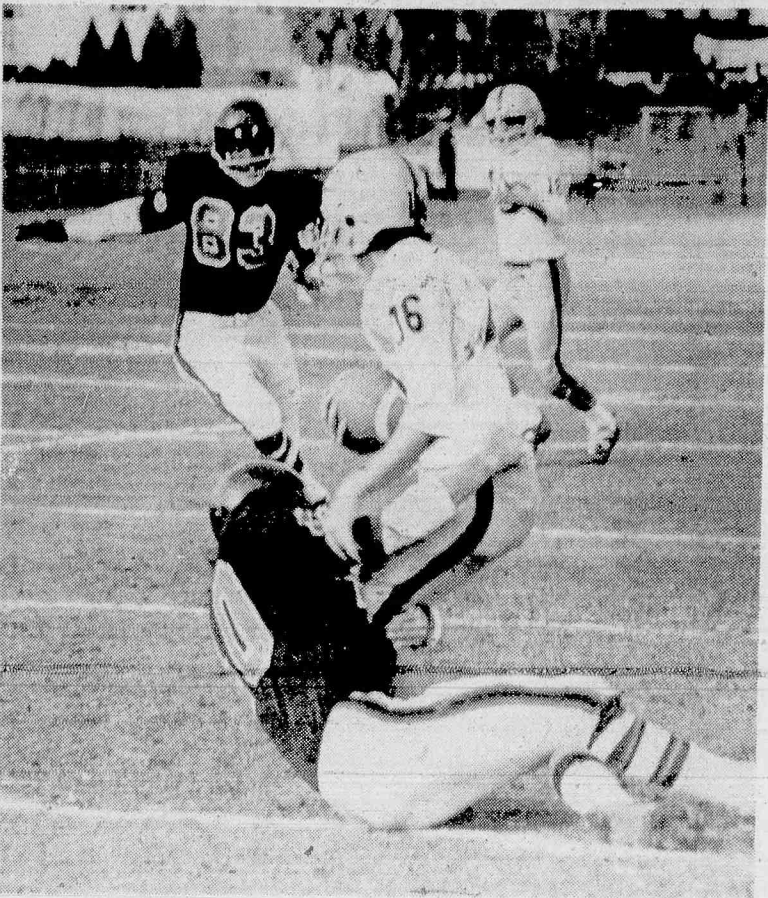

# Kardinals Wing Over Bellboys In 17-12 Tilt

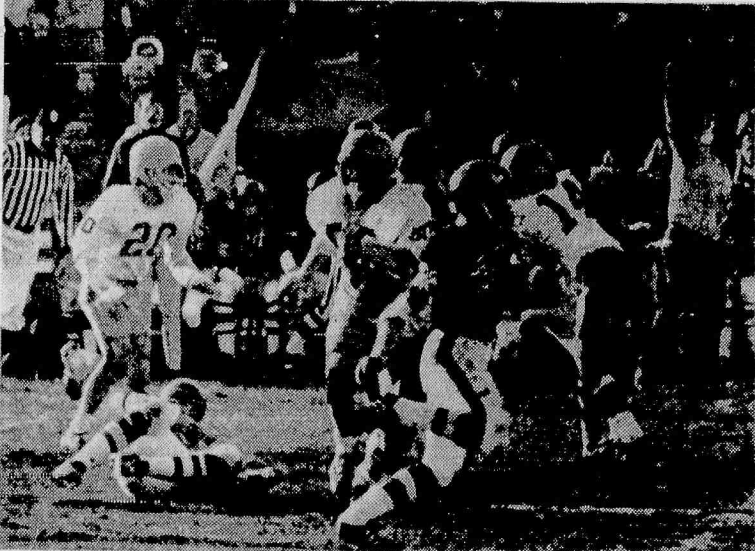

WIDE OF THE MARK is this Phil Bruno pass in fourth quarter of Saturday battle at Stadium. Joe Troise (18), intended receiver watches ball sail past him. Troise caught two for 38 yards.

HUGGING BALL after catching six-yard bullet from Phil Bruno is Belleville's Mike Porecco, who caught five passes in Saturday tilt with Kearny.

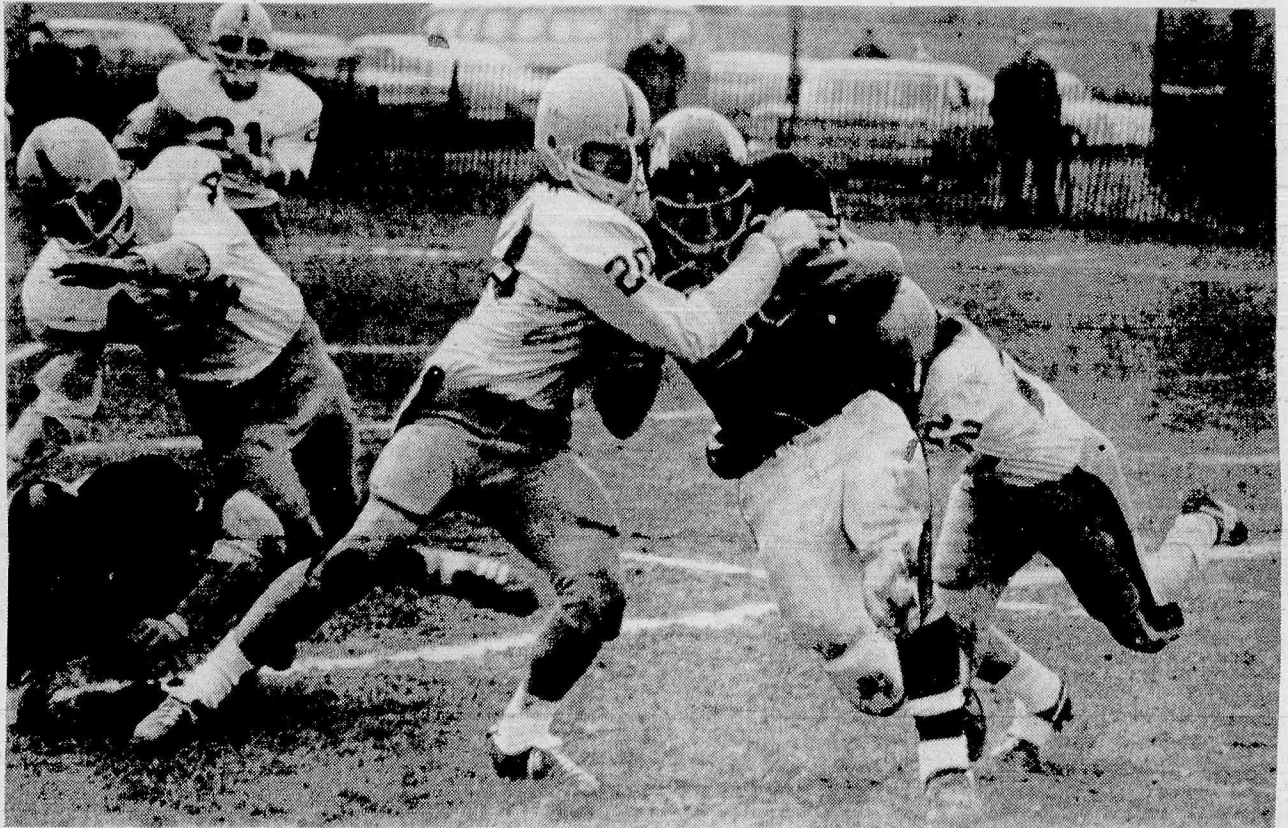

LEG TACKLE is applied to Belleville receiver (16) Sal Cicaese, after he caught Phil Bruno aerial good for 17-yard gain in final moments of the second quarter. Cicaese nabbed to passes on day for 63 yards.

LITTLE KARDINAL Butch Magee (36) turned out to be the big bird Saturday as here he runs past Bellboy defenders on his way to a 57-yard touchdown jaunt in third period margin of victory in Saturday tilt.

SIDELINE CONFERENCE between Belleville coaching staff and quarterback Phil Bruno took place late in the fourth quarter when Bellboys were threatening with winning score. But Bellboys ran out of downs.

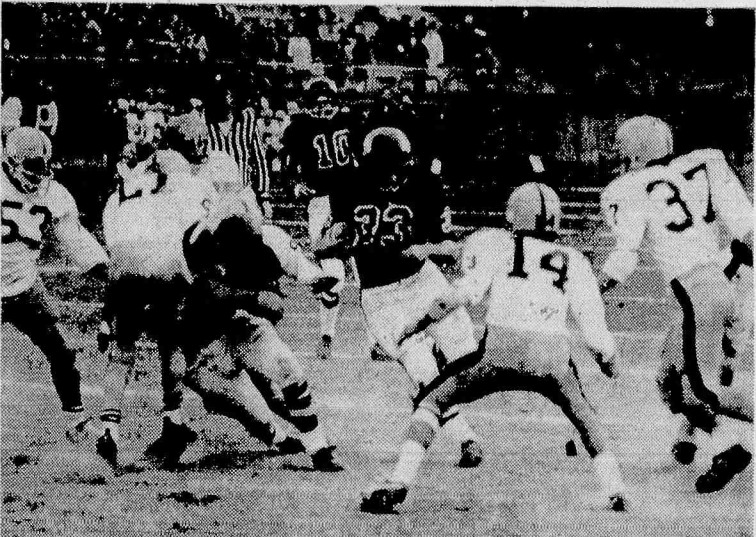

STOPPED SHORT of a first down in second quarter action of Saturday game is Kearny's (33) Mike Cassidy, who took pass good for eight yards. Alan Frank (20) and Mike Egidio (22) make the stop. Cassidy was big

Kardinal offensive weapon, running for over 100 yards and catching two passes.

## Late Belleville Rally Fails To Reach Goal

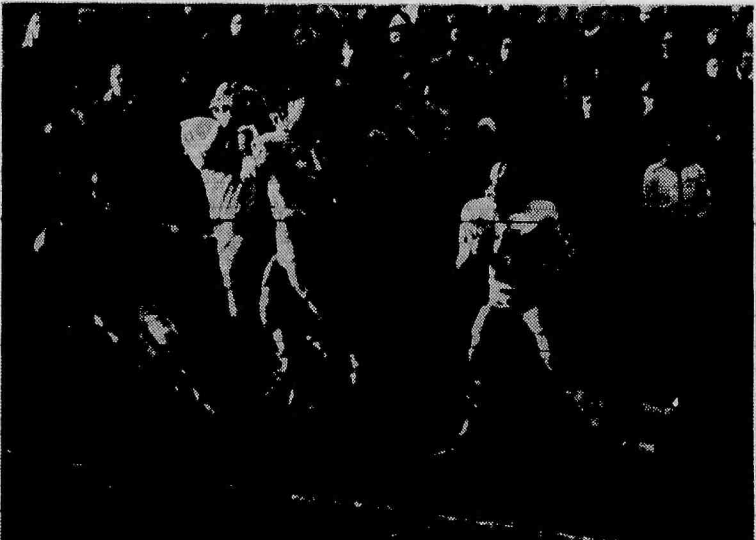

DESPERATION LEAP by Belleville's Ralph Lukowiak (21) upset Kardinal receiver (86) F. Eggie just enough to miss pass in second quarter play.

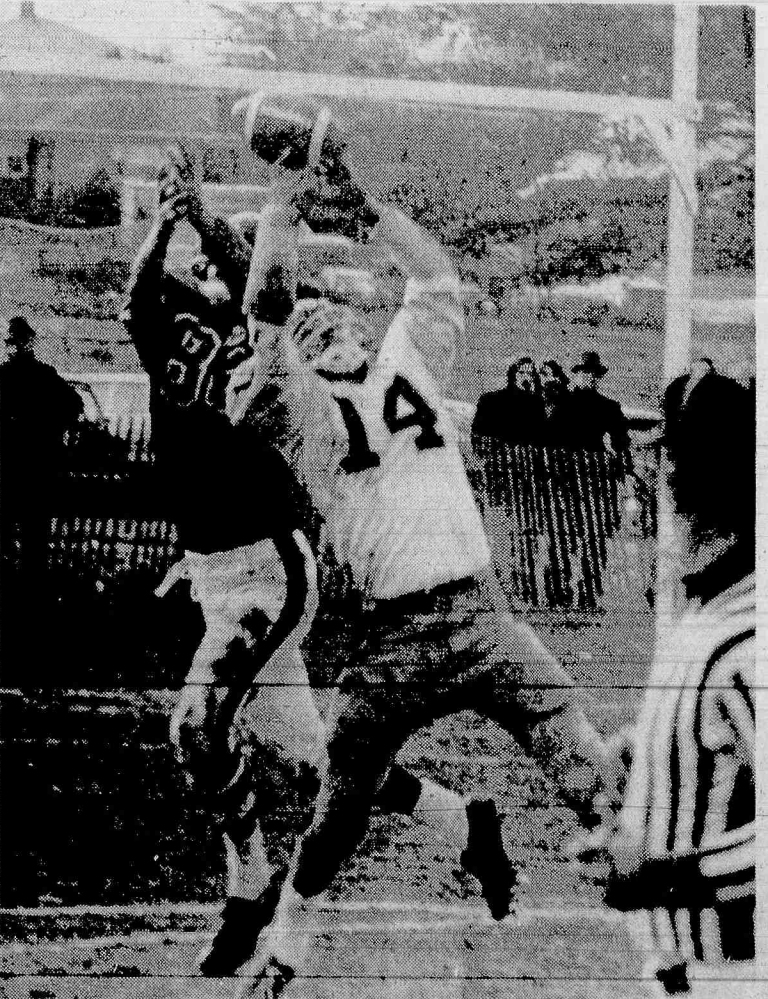

SEVEN-YARD RUCH by (33) Kearny's M. Cassidy put ball on the Belleville two-yard line in this first quarter play. Kearny then scored first TD on fourth down plunge by Bill Forfar.

HARRASSING Belleville quarterback (15) Phil Bruno on this play late in second quarter is Kardinal (62) F. Eggie. Bruno eluded grasp and made completion.

BATTLE FOR INTERCEPTION is between Bellboy defenders (20) Alan Frank and (21) Ralph Lukowiak, while (14) Ron Borgo watches action. Frank finally got ball and scampered 10 yards in turnover.

BREAKING UP PASS near the Belleville goal line is (14) Ron Borgo, Bellboy defensive secondary specialist. Aerial was intended for Kearny receiver (86) Tony McNish. Kardinals settled for field goal in drive after Bellboy defense stiffened.

To Close Out Season

# Harriers Place Last In State Sectionals

The cross-country squad closed out a dismal season last Saturday morning at Warinanco Park, Elizabeth, when they finished last in the Group III state sectional championships. The local harriers were outclassed by Morris Hills in the 16-team race.

Belleville was tabbed with 456 points compared to the winners' 39 markers. The local club raced against all strangers Saturday as none of the 16 teams were listed as opponents on Belleville's dual meet schedule.

Head coach Ray Haneke termed the current season mark of 2-1-2 "disappointing" but pointed out the long list of injuries incurred by the club as a factor in the season results. Belleville's top runner, Bill Goodwin, raced in only three meets while captain Rich Sulenski, a senior, was absent from seven of the last nine encounters.

Steve Budrick was the top Belleville runner at the sectionals. He finished 77th with a 14:41 time. Budrick was followed by Frank

Salerno in 88th place with a 15:14 timing. Rocco Cuzzo took 94th place while Sulenski could do no better than 97th. Wahid Hermina trailed the field. Mike "Spillane" finished in 100th place.

Statistics for the season showed Belleville being tabbed with a high of 515 points in dual meets to their opponents' 217 markers. The best time of the year

was by Bill Goodwin with a 13:41 time run at Belleville Park in the first dual meet, against Orange High School. All members of the cross-country squad indicated they will be seeing more running action in the spring with the Bellboy track team.

The Harriers field seven underclassmen who will be returning to action next fall. Only captain Sulenski will be lost to June graduation,

## Basketball Outlook At Union College

A 21-game schedule for Union College's varsity basketball team was announced today by Athletic Director Bill Martin.

The Owls will open on Wednesday, Dec. 1, against the Monmouth College junior varsity at West Long Branch. The first home game at the Cranford

Campus will be Friday, Dec. 3, against Essex County College of Newark. The Owls will conclude the season on Monday, Feb. 28, at home against the Newark State College jayvees.

Highlighting the season will be home-and-home series with Essex County College, Middlesex County College, and Somerset County College, Ramapo College, Monmouth College jayvees, and neighboring Newark State College jayvees.

New opponents for the Owls this season include Seton Hall University freshman, Fairleigh Dickinson University (Rutherford) jayvees, Burlington County College, and Gloucester County College.

Union College recently joined the National Junior College Athletic Association, and has applied for admission to the Garden State Conference. The Owls, however, will play as an independent this season.

### Two Essex Businessmen Assume Leadership Posts

Two Essex County businessmen will assume key leadership positions this week among New Jersey's retail automobile dealers.

## Rutgers U. To Clash In Alumni Cup Tilt

Seniors from Colgate and Rutgers' will be honored at pre-game ceremonies Saturday when the football teams meet, with the winner gaining possession of the Rutgers-Colgate Alumni Cup.

Rutgers and Colgate have met 24 times since 1933, each team winning 12. The Scarlet has won the last four years, and the Rutgers seniors are hoping to remain undefeated against the Red Raiders.

"Although we have only nine seniors on our squad, they are all 'up' for Colgate," Rutgers Coach John Bateman said. "Our seniors have lots of pride and want this game very badly."

The Scarlet relies heavily on the running of seniors Bill Donaldson and Larry Robertson. Fellow tri-captain Sam Picketts, an all-East candidate, and Gary Martin lead the defense from their linebacker positions.

Other Scarlet seniors who start are safety Bob Shutte of Oakland, flanker Andy Byers of West Orange, and

defensive end Bob Wilusz. Jim Hadrava of Carlstadt and John Rabuck are senior reserves.

Thirteen seniors will see action for the Raiders including defensive end Ed Giardino of Bloomfield, tailback Ralph Heide of Marlton, cornerback Roy Knauer of Cranford and safety Doug Willies of West Orange.

If past games are any indication, this contest should be high scoring. In the past four games, all Rutgers victories, 252 points have been scored, with the Scarlet tallying 30 or more points in each.

Rutgers Stadium kickoff is 1:30 p.m. for Colgate's final game of the season. The Scarlet will conclude its season Nov. 27 later against Morgan State in the Urban Classic benefit game.

### BECK'S COLUMN

MAX BECK

We had a complaint recently from a customer who is interested to listen to some small weak FM station on his radio. He told us that at times he could not get it at all. He knew exactly the spot where the dial pointer had to be but even if he heard the station which he wanted, invariably the set seemed to shift to the next station which is much stronger.

The customer brought the set to the shop and sure enough, it was acting up just as he described it. The problem was quite clear. The set had automatic frequency control, but it did not have a switch to defeat this feature.

The function of automatic frequency control is such, that one has only to dial fairly close to the station that one wants. It is not necessary to set the dial accurately for the desired station. The set, through its automatic control action, will latch on to the station. If an FM set does not have AFC (automatic frequency control), one has to set the dial right on the nose, so to speak. There is no automatic correction of the setting by the set itself. Most sets have a switch to defeat AFC. We showed the customer on a different set with an AFC switch in the defeat position that he could dial and set the station correctly. Without the AFC action to latch on the strong signal from the neighboring station, everything was fine.

We service what we sell. Beck's Radio RV HI FI Nutley 667-4225

# Belleville Music Teacher To Solo In Concert

The opening concert of the 1971-72 season by the Bloomfield Symphony Orchestra under the direction of Edward Napiwocki will be held on Sunday, Nov. 21 at 3 p.m. at the North Junior High School, 60 Huck Road in Bloomfield. Guest soloist will be Thomas A. Finetti, pianist, of Bloomfield, and teacher in the Belleville School system.

The program will include the First Symphony by Jan Sibelius, the Academic Festival Overture by Johannes Brahms, and the Piano Concerto No. 1 (C Major) by Ludwig van Beethoven. Finetti will be featured in the Beethoven selection.

Finetti started his musical career virtually in his infancy at the encouragement and under the tutelage of an aunt. At the age of

seven he began studying piano with Alex Chiapinelli of the Pianoforte Institute in Newark. While at the Institute he had the good fortune of studying also under Modena Scovill, Luther Goodhart, and

Jerald Ross. He attended Arts High School in Newark and later Jersey City State College where he continued his piano studies with Marion Verse.

During his college years, he appeared as soloist with

the college community orchestra, and with the concert band. He was accompanist for the college choir and for many vocal and instrumental soloists.

Upon graduation from college, Finetti was awarded

a scholarship to the New England Conservatory in Boston but was forced to turn it down because of conflicting circumstances.

Finetti teaches music in the Belleville school system. He is currently attending

New York University pursuing studies leading to a masters degree which he hopes to obtain this summer. He also continues to study music with Edgar Roberts of the Juilliard School of Music.

The Bloomfield Symphony is sponsored by the Bloomfield Recreation Commission. It operates under the auspice of the Bloomfield Federation of Music. This concert is being aided by a grant from the

Music Performance Trust Fund (Kenneth E. Raine, Trustee) a public service organization created and organized by the Recording Industries under agreements with the American Federation of Musicians.

## Local Man Is Promoted To Professor

Dr. Howard Potet of 149 Branch Brook Drive, Belleville, has been promoted from instructor to assistant professor at Essex County College, Newark.

A member of the humanities division, Dr. Potet was a teacher at Memorial High School, Cedar Grove, before coming to Essex County College. Previously, he taught in the Newark and Bloomfield school systems.

Dr. Potet is a graduate of Shippensburg State College in Pennsylvania and holds a master's degree from Columbia University.

## Proposes College Aid Courses Here

The only student participant in the eleven program sessions of the recent two-day annual meeting of the College Entrance Examination Board, Montclair State College's David Harris, called for regular courses in financial aid information for all high school guidance counselors, with yearly up-dating and review sessions.

"Too many kids don't even set their sights on college," he told the assembled educators, "because their folks don't have much money and they haven't been told what help is available for them."

The Montclair State College senior spoke during a program session on financial aid which was chaired by Dr. Donald McM. Routh, assistant dean of Amherst College. The theme of the annual meeting, held at the Waldorf-Astoria Hotel in New York City, was "The Rise of the Consumer in Education: His Rights, Role, Style and Prerogatives."

Harris, who resides at 75 Grove Street, Montclair, is a history and sociology major who hopes (with financial aid) to enter medical school next fall.

## Jados Awarded Science Degree

John P. Jados, son of Mr. and Mrs. Julian Jados of 543 Joramoon Street, Belleville, received his BS degree in finance-industrial management from Rider College, Lawrenceville recently.

Jados is a graduate of Essex Catholic High School.

### Company Gets Back Wages

Back wages totaling \$13,882.36 have been disbursed by the N.J. Department of Labor and Industry to 15 employees of the George L. Smith

Construction Co. of 500 High Street in Mount Holly.

Herbert J. Heilmann, Assistant Commissioner for Labor Standards, said today that the monies were collected from the construction firm following a Consent Order for Judgment recently executed by the Department of Labor and Industry.

At a hearing in the Ocean County Chancery Court earlier this year, complaints had been filed by the Department's Wage and Hour Bureau charging the Smith Co. with failure to pay the workers concerned the proper amount of wages due them.

Judge Henry Wiley rendered a decision in favor of the Bureau and ordered that the back wages be paid. The case was presented by State Deputy Attorney General John Sheridan, Jr.

## Most Lottery Winners Don't Plan To Retire

When people start talking about the New Jersey Lottery they often start their conversation by saying "If I won the lottery, I'd retire tomorrow."

Usually such coffee-klatch remarks are made in jest because most people aren't prepared to retire "tomorrow," according to Dr. A. Pemberton Johnson, director of Newark College of Engineering's Counseling Center.

Speaking before the New Jersey Society of Professional Engineers at a meeting held in Princeton early in November, Dr. Johnson said there are many pros and cons to early retirement, especially for a professional.

"For some professional persons early retirement is a very attractive goal but not a course of action to be entered into lightly," he said.

While the opportunity might offer freedom, escape from daily pressures, the chance to travel and the time for leisure with grandchildren and special projects, for some retirement can mean a threat to self-esteem and one's sense of worth.

"Phasing into retirement takes at least a year of planning," Dr. Johnson said.

In his talk before a group of engineers in government practice, Johnson offered four suggestions when considering early retirement:

1. If you can afford to retire early, do it enthusiastically but know what you're getting into.

2. If organizational policy or health point toward an early retirement, do your best to make it an opportunity for beginning a new life.

3. If feasible, try a partial retirement through which you still work two or three days a week.

4. If you and your wife are in good health, plan to work to the age of sixty-five to take full advantage of retirement benefits.

A big benefit of working to sixty-five is that most company retirements provide for the greatest return at that age. Often an early retirement can mean substantially less income, Johnson said. He also noted that early retirement can put the retiree on a self-insured basis and that major medical expense insurance can be very costly. He also mentioned most tax breaks are aimed at those sixty-five and over and do not apply to early retirees.

Retirement brings with it a whole new set of interpersonal relationships, Dr. Johnson said, especially with one's spouse and the friends who have not yet retired. A change in residence can also act against that long-for feeling of freedom, since it separates the retiree from old friends without guaranteeing the

opportunity for new ones.

But with or without the daydream of "hitting the big one," of winning that lottery, consideration of an early retirement should be approached cautiously, Johnson says.

There has to be a careful self-examination," he says, "make a checklist of all the social, financial and personal needs you have, well in advance." And he suggests some books on the problems and the opportunities of retirement.
