## Historians View Cottage, Site of Old War Legend

Officers and directors of the Belleville Historical Society were guests of K.O. Spang and his daughter, Karina, owners of the Rose Cottage, Main Street, and Academy Street, last Sunday afternoon. This beautiful Dutch colonial house was built in 1720 and was the scene of a legendary Revolutionary War incident.

A British officer was allegedly wounded in a Belleville skirmish and was taken in by the Tory owners of the Rose Cottage and nursed back to health. Tired of being bedridden, he took his diamond ring and etched his family's coat of arms on his bedroom window overlooking the Passaic.

He was later killed in battle. After the war, his family, titled wealthy owners of a castle in England, paid to have the window removed and made the cottage a shrine to his memory which still exists.

The Rose Cottage has been restored by the Spangs, members of the Society, who entertained forty at this reception.

Allan Crisp, president, read the following excerpt from Ann Troy's book about Nutley and Belleville, reminiscences by the late Mrs. Henry Wicks Goodrich, a member of the Lloyd family who lived in the Rose Cottage for many years.

Mrs. Henry Wicks Goodrich, daughter of Frances and Albert

Hackett wrote The Thin Man series and other smash plays. Son, Lloyd is retired director of Whitney Museum.

When, as a child, I came out from New York to Belleville to visit my grandfather, I have a vivid memory of the shining river, gleaming at the foot of his green lawn; the swish of the branches of the great weeping willows as they trailed and dipped into the stream; the 'plomp,' as old Morris Shelley threw a long rope into the water bringing up the pall dripping and sparkling, for the Passaic served every purpose except for drinking water. Toward evening as twilight settled down, I loved to hear the sturgeon leaping in the river, and the clip-clopping of horses' hooves on the bridge nearby.

Belleville was a town when I came for visits; a border of houses along the river banks, a few residences in a couple of houses behind Main.

Stranger yet, when my father brought his family to live in Belleville in 1876, the view had changed very little from 1850. Not as yet a single building on Washington Avenue which was supposed to be only for stately homes; green fields; toward the north, Joramole's farm and dense woods running up to what is now Centre Street.

By 1876, as a great concession to

transportation—for as a child I had to reach my grandfather's on foot from Second River Bridge—we now had a horse-car running up Main Street from Second River for a few blocks. It was a ending at Holmes Street. It was a one-track tiny car which tinkled its slow way occasionally through the middle of the street, drawn by one aged horse. This Toonerville Trolley continued its ministrations well into the 80's.

I must say a word about our river. In my grandfather's time and long before, the Passaic was considered second only to the Hudson as desirable for gentlemen's country seats. Its banks were lined with the homes of the old Dutch aristocracy. There were the mansions of the Schuylers, the Van Rensselaers, the Cortlandts, the Stuyvesants, the Morrises, and these homes were still there when I was a young girl, but their owners were gone. But that was all the better for us young people.

We were free to wander under the great trees at Fairlawn; we enjoyed the old gardens, their box bordered paths and faded rose arbors, the nymphs, Venuses and Apollos fallen prostrate in the grass. The old glory was gone but what was left had its loveliness.

## Testimonial Will Honor M. Klein

Congregation Ahavath Achim of Belleville will hold its 49th Testimonial Affair this Sunday evening at the synagogue, 125 Academy Street, in honor of Morris W. Klein, immediate past president of the congregation.

Klein was born in Newark and graduated from New Jersey Law School, now Rutgers Law School. He obtained his masters degree in law from New York University.

He had been in private law practice, and is presently with the State of New Jersey in the position of supervisor of condemnation proceedings in Legal Processing Section of De-

partment of Transportation. Klein has been a member of Congregation Ahavath Achim and its Men's Club since 1940. He served on the Board of Education of the Congregation from 1945 to 1949 and was chairman of the Board of Education of the Congregation in 1949. He was treasurer of endowments for the Congregation in 1955, at the time when the Academy Street building was completed. (Continued on Page 2)

## Deteriorating Conditions Highlights School Tour

Richard Mahmarian, Board of Education president, has invited members of the press to accompany him on a five-week tour of deteriorating conditions in the Belleville School System.

"I want to publicize the adverse, and sometimes dangerous conditions that exist in our system today," said Mahmarian. "If we can generate enough enthusiasm by the public to help the Department of Education in upgrading our system, then I will have achieved my goal."

Mahmarian has sent invitations for the tour to the

## Trustees Propose Library Addition

The Board of Trustees of the Belleville Library submitted final construction costs to Town Fathers Tuesday night in hopes that a two-story addition to the present Washington Avenue site can be built.

Total construction costs for the proposed two-story, 100 by 36 foot structure would be \$360,760. According to Mayor Joseph McGreevy, funds for the addition, if passed by the Board of Commissioners, would most likely come from floating a bond issue. Building plans were also shown at the Tuesday evening meeting. The plans, drawn up by the architectural firm of Valk and Keown of Montclair, call for about 11,000 feet of floor space. According to library spokesmen, the present library building shows a gross total of 7,660 feet but only 6,800 feet of the interior can be utilized.

Joseph Casale, chairman of the Board of Trustees, cited two dire needs for the addition. First, he said, there

is not enough space now available for the current collection of books and secondly, more reader and study space is badly needed.

The proposed building would also have a basement, already designated by trustees as an area where special programs offered by the library can be expanded. The new building would also feature an elevator, a grade-level entrance and patio area.

The site for the new structure would be directly in front of the old main library and would front Washington Ave-

nue. The space between the two buildings would be made into a patio.

If all goes well, according to the trustees, Commissioners would vote on the issue within the month. Actual construction would begin in early fall. Commissioners, although not naming an exact date, said they will meet with the Board of Trustees in the near future to further discuss the addition. Trustees have been planning the addition for more than a year though the first idea was introduced six years ago.

## Assault On Cops Gets \$100 Fine

Patricia Chakowski, 30, of 194 Berkeley Avenue in Newark was convicted of two counts of assault and battery on a police officer and careless driving April 6 in Belleville Municipal Court. Judge Edward Abramson sentenced her to a 30-day jail term,

which was suspended, fined her \$100, suspended her license for 45 days and placed her on probation for a year.

She was arrested February 5 after an early-morning high speed race with Newark police officers John Lucian and Chester Shown. They began pursuit of Mrs. Chakowski in Newark and the chase continued into Belleville.

At the corner of Washington Avenue and Joramole Street, Mrs. Chakowski rammed the police car thus committing the assault and battery and sped down Joramole Street, hitting three parked cars. According to the officers' testimony, she was traveling at 75 miles per hour on the wrong side of the street and rammed the police vehicle three more times.

At 5 a.m., the last time she hit the car, at Main and Joramole Streets, she was apprehended by officers.

## Silver Lake Residents: Don't Pay Water Bills

Mayor Joseph McGreevy has instructed about 750 residents of the Silver Lake section of Belleville not to pay their water bills this week.

According to McGreevy, residents here have been billed by Newark for sewage disposal costs for the first quarter of 1972. Water bills for about 750 residents have an added 28 and one half per cent cost to their regular bill. Mayor Kenneth Gibson of Newark recently received the authority to tax residents of that city for sewage costs and because 750 residents in Belleville use Newark's water supply, they too have been taxed.

McGreevy said he has been in contact with Ralph Mattarazzo of the Newark Water Department and the two municipalities will work out their differences, but not at the expense of the taxpayer. Belleville and Newark officials will have to work out an agreement covering the sewage disposal but McGreevy assured residents that in the meantime they will not have to foot the added cost.

"Residents should ignore their current bill and not pay the bill until they receive new ones, cancelling the sewage costs," reports McGreevy. "Both the Newark and Belleville engineering departments will work out what to do about the problem."

The added costs to water bills touched off a series of complaints addressed to Belleville Town Hall.

## Mrs. Senatore Blasts Taxes In Annual Report

Commissioner Mary Senatore, director of Public Works, again this year has issued an annual report evaluating her performance in office. In her current release, Mrs. Senatore outlines the services in her department and comments that she is open to comment or criticism by any residents.

Besides reporting upon programs embarked upon by Public Works, Mrs. Senatore blasts Newark's many federally-financed programs and is displeased with the state's current tax structure. She also praised the Board of Freeholders in their preparation of the county budget.

Her annual department report to Belleville residents follows:

Are well-run suburban towns being penalized and punished? Are dedicated elected officials to take all the

problems faced by the taxpayers by themselves? I, as one elected official sat at the 1972 budget hearing for our municipality and gave serious thought to the many questions raised by the taxpayers.

The Department of Public Works, did not reflect a point increase for budget purposes. Sewer contracts, the Board of Adjustment and the Planning Board appear in the Department of Public Works budget. In requesting new equipment, I personally feel my budget, for my first year being returned to office, reflects a good budget.

The taxpayers are still receiving the services of our department and if a call is placed to me personally, or to the department heads, your request is responded to immediately. Twelve streets were re-surfaced this last year with many more to be re-surfaced this following year.

The shade tree has replaced twenty new trees this year, since the last three storms, the department is now able to take care of many of the past shade tree complaints.

The sewer department has completed the cleaning out of many of the manholes, plus the catch basins, also the water department has improved many old water lines. The building inspector has inspected and issued certificates of occupancy through thorough inspections. The office staff of Public Works has recorded all complaints for the entire year, so my recognition and appreciation for troop involvement in recycling and ecology program here last Fall.

## Million \$ Windfall Hits Local Teen

What would be your reaction if you suddenly won a million dollars? Well, if you were a teenager who recently received your driver's license, you may rush out and buy "hot pink mustang" the way 17-year-old Miss Elizabeth Wilson did.

The Wilsons of 113 Dow Street, Belleville, were the recipients of top prize of one million dollars in Thursday's state lottery millionaire drawing. Miss Wilson and her mother, Maria, were both named on the winning ticket, chosen at the Rutgers University gymnasium in New Brunswick. James Wilson, the fortunate bread winner of that family, was also on hand when the good news was learned.

Apparently, the windfall of winning one million dollars requires an immediate change of life style and what the lucky recipients of such prizes do with the money is still much of a mystery. Apparently, the first thing they do is get their phone number changed. Next, they leave word with their Bell Telephone answering service that they wish to avoid crank callers, big money schemers and newspaper reporters, including representatives from the local Times-News. This reporter tried in vain to contact the Wilsons for a feature story, complete with pictures, about (Continued on Page 2)

He was a charter member of the Bethany Lutheran Church, a member of American Legion Post 105, the Altemania Lodge 740 of the F&AM of Brooklyn and a member of the Retired Men's Club of Belleville.

He is survived by his wife, Johanne Woost Ohle; his son Robert of Hightstown; five sisters, Mrs. Marie Ebb of Long Island, N.Y., Mrs. Margaret Woebke, Mrs. Sophie Meierdikes, Mrs. Martha Meyer and Mrs. Lena Paap, all of Germany; and three grandchildren.

Services were held March 29 at Bethany Lutheran Church with the Rev. Albert Alsop officiating.

# Synagogue To Honor M. Klein

My street building was built. He served the Congregation as recording secretary from 1966-1968; second vice-president from 1968 to 1969 as president from 1969 to 1971.

Klein is married to the former Augusta Meisel, whom he met while treasurer of the Torres Emes Junior League of Torres Emes Synagogue in Newark, of which she also was a member. They were married February 17, 1938.

Mrs. Klein is also active in the Congregation.

The testimonial will begin with a service to be held in the Synagogue chapel in which Rabbi Herbert Horowitz will participate, and followed by a gala buffet.

# Belleville's Wilson Family Wins Millionaire Lottery

(Continued from Page 1)

The Times-News got to speak with the Wilsons was a short conversation with the Bell Telephone operator in charge of their new private number. The operator promised to contact the Wilsons and relay the Times News request for an interview. The Wilsons were to call the Times-News office to set up a time, at their convenience, for an interview.

Miss Wilson is a junior student at Queen of Peace High School in North Arlington while James Wilson is employed as a foreman for the Scientific Glass Co., Bloomfield, where he worked for 30 years. The Wilsons also have two sons, Jim, 24, and Tom, 19. The family will receive \$50,000 per year for 20 years.

Mrs. Wilson, after the lottery drawing, explained that she has been buying tickets since the lottery was initiated at the rate of 30 per week. The Wilsons purchased their lucky ticket at Marback's Delicatessen in Belleville. Miss Wilson, upon winning, became the youngest person to win the millionaire lottery.

# A Correction

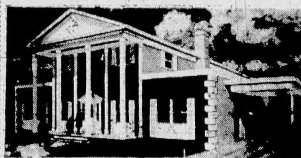

In the obituary of Mrs. Olive Connelly, the Times incorrectly reported March 9, that her husband was Frank Connelly. Mrs. Connelly is survived by her husband Thomas Connelly. The Times regrets the error.

## Meet Your Administrators

46 Years In Local System  
For School No. 8 Principal

This is another in a series of articles to familiarize residents with Belleville School System administrators.

Thomas C. Gryczka is principal of School No. 8. He received his B.S. and M.A. degrees from Teachers College,

Columbia University. He also completed other studies at Mansfield State Teachers College, Mansfield, Pennsylvania, and the Cortland Normal School, Cortland, New York. He is a member of the Association of Belleville

School Administrators. During his forty-six years in the Belleville Public Schools Mr. Gryczka was a teacher in the elementary schools and a teacher-principal in Schools 1 and 9. In 1956 he was appointed full time principal of School No. 8.

Gryczka, a big strong robust fellow with great resonant voice to match enjoys discussing his experience in Belleville. In general, he prefers the "grandfather" approach with children. "Children need affection, they react negatively to tyrannical authority." To compensate for many childrens educational drawbacks Gryczka has been directly responsible for many innovations in the area of field trips. In the past he has taken groups of students to the YMCA for swimming lessons and horseback riding in East Orange. He has taken 7th and 8th graders to Washington, D.C. and historic areas in Pennsylvania and New York City. Gryczka has traveled extensively during many summers working in the Stewards department of the United States Lines. He has visited many countries in Europe, Asia, Africa and Central and South America. Gryczka shares these ex-

periences with the children of School 8.

The top floor of the school has been transformed into an Art Gallery. Gryczka personally selects excellent reproductions of famous paintings (Renoir, Rembrandt, etc.) he has viewed in the great museums of the world. These re-

productions are displayed throughout the hallways. The children are continuously exposed to these masterpieces. Next to his love for traveling, Gryczka enjoys gardening and landscaping. Many beautiful landscaped areas around School 8 and the High School are a result of his interest in this area.

Cancer Society Fete

Commissioner Vincent Strumolo, Belleville Community Cancer Crusade chairman, today announced that a limited number of choice seats are still available for local residents who wish to participate in the American Cancer Society's "Champagne and Theatre Gala" featuring "Fiddler on the Roof" to be held at the Paper-Mill Playhouse, Millburn, Wednesday evening, May 10.

County Special Events chairman said the subscriptions, scaled from \$5 to \$15 depending on the seating location, were tax deductible and will be credited towards Belleville's share of the 1972 Cancer Crusade Essex County quota.

Chairman Brief listed the Cancer Volunteers who will serve as official hostesses from Belleville as Mrs. Harry Burke and Mrs. Thomas Appicella.

"The show itself is a family delight and while many residents may have already seen the Broadway production, I'm sure many will want to see it and enjoy it again, along with their families. In addition to a wonderful night of enjoyment, those participating will be further heartened by the fact that their subscription will help save lives through the clinical and research services of the American Cancer Society," Mrs. Brief concluded.

## Congressional Redistricting

Unless the New Jersey Democrats in the Legislature decide to commit party suicide, there will be no legislative congressional redistricting plan.

The problem will be one for the courts to decide.

It is apparent that neither party wants to give up the opportunity of using congressional redistricting to its own advantage. Since this is the fact, there seems to be no choice but for the courts to make a decision which should have been a simple matter for a fair-minded Legislature to dispense with in quick order.

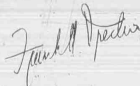

We are looking to a court-produced congressional redistricting plan which should be superior to either the Assembly-approved measure or the Senate-approved plan, both of which are redistricting abortions in their ugliest forms.

The Senate plan would cut up Essex County in four parts. Not to be outdone, the Democratic-sponsored plan which won Assembly approval this week cuts up Essex into five districts.

There is an outside chance that the courts may require all 15 New Jersey Congressmen to run at-large. If this is the ultimate result, such action will favor Republican candidates for the simple reason that on the ballot ahead of the congressional candidates will appear the names of the candidates for President and United States Senator. We know that President Nixon will be the Republican nominee

and that Senior U.S. Senator Clifford P. Case will be renominated by his party and will be the GOP U.S. Senate candidate. Case is expected to win victory by a margin of 300,000 to 500,000 votes—a landslide large enough to carry in with him all 15 Republican Congressional candidates. Moreover President Nixon appears to be the front runner in New Jersey at the November election if any one of the current crop of Democrat Presidential aspirants is nominated at that party convention in Miami this July.

Essex County Republican Assemblymen and Senators stood their ground and refused to participate and vote for any plan which would divide Essex into more than two congressional districts. It took a lot of courage for these men to stand up against the state leadership of their party but it was a simple decision for them to make when the basic question was serving the best interests of their constituents in Essex County. Entitled to bows are Essex County State Senators Michael Giuliano, James Wallwork and Assemblymen Tom Kean, Philip Kallenbach, Carl Orechio and John Dennis.

## The Last Weeks Of April

The last weeks of April hold many days of historic significance for Americans. One of the greatest Americans, Thomas Jefferson, was born on the 13th in 1743 at *Shadwell, Virginia. Jefferson drafted the Declaration of Independence, served as Secretary of State and for eight years (1801-1808) as President.*

The 19th is Patriot's Day, in memory of the battles of Lexington and Concord in Massachusetts; Emerson wrote that farmers here "fired the shot heard round the world." Texas remembers Jacinto Day, dating to the battle in 1836 on the 21st which avenged the massacre at the Alamo and won independence for Texas—just soon became a statehood.

James Buchanan, 15th President, was born near Mercersburg, Pennsylvania, on the 23rd in 1791. He served during the last four difficult years leading up to the Civil War and though much criticized for a time he is today recognized as having been a brilliant President. On the 24th in

1814 a British army captured and burned Washington.

The 26th is Confederate Memorial Day in several Dixie states and the 27th is the birthday anniversary of the most famous general of the Union in the Civil War—U.S. Grant—also the 18th U.S. President (1869-1876). Grant was not a successful President but honest and big enough to admit it; he died of cancer four days after completing his memoirs at Mt. McGregor, N.Y. He was born at Point Pleasant, Ohio, in 1822.

James Monroe, 5th President and remembered for the Monroe Doctrine, was born on the 28th in Westmoreland County, Virginia. He fought in the Revolution (wounded at Trenton), served as Governor of Virginia, negotiated the Louisiana Purchase in Paris, and obtained Florida from Spain, served eight years in the White House (1817-1824) and proved to be one of the nation's great Chief Executives.

### Is Local School System Polluting Town's Air?

By Elaine Auerbach  
One Year Ago

The Belleville school system was suspected of being guilty of the pollution of the town's air, but just that was to be done about the matter could not be determined. A preliminary report issued to the School Board from the Suburban Air Pollution Commission found that "it was doubtful" that local school incinerators could meet the performance standards of the Belleville Pollution Code unless extensive upgrading was accomplished.

The annual Cherry Blossom Parade was scheduled for a Sunday afternoon. In addition to elaborate floats and marching bands, many local officials and special guests were to be on hand for the festivities. The Honorary Grand Marshall of the parade was Congressman Peter Rodino. The Grand Marshall was Jack Costenbader, chairman of the affair and a member of the Jaycees, who were sponsoring the event.

The drawing for ballot positions and the scheduling of two candidates' nights highlighted the political action prior to the May 14 Commission election. Nicholas Ruffino drew top spot on the ballot during a 20 minute ceremony at Town Hall. The ceremony was friendly but campaign tensions came to the surface when candidates argued over the procedure for placing cards in the ballot box.

#### Five Years Ago

James Triquet of 79 Van Houten Place, was chosen sectional "Boy of the Year" by the Boys' Club of America. Triquet was one of seven section winners throughout the country who were chosen from 1,600 entries for the "Boy of the Year" title. The youth was selected because of his participation in many school and community organizations, and for his contributions to "juvenile delinquency," according to a Boys' Club spokesman.

Councilman William Cullen urged that the newly elected Board of Commissioners set as one of its first goals a complete review of Belleville's zoning law. Cullen, who was a member of the Planning Board, criticized the community's existing zoning laws as being "outdated and inadequate" for the town's present needs. He stated that "Belleville's present zoning dates back to the 1920's when zoning was a relatively new field. Our original zoning ordinance could not anticipate the growth in affluence of the average citizen and the impact that the motor vehicle would have on our society."

Ten Belleville beauties were to compete for the title of Cherry Blossom Queen at the annual Cherry Blossom Festival. The ten lovely competitors were: Judith Bonkowski, Kathleen O'Toole, Joyce Rozek, Marjorie Morrison, Kathryn De Furia, Alana Truesdell, Carolyn Bucklan, Carole Iaroli, Linda Risoli, and Diane Livingston.

#### Ten Years Ago

An emergency appropriation for \$17,500 was one in several measures authorized by the Town Commission at a meeting of the board to help alleviate flooding in the area bordering the Third River. In order to overcome floods that occurred on Fairway Avenue, the Third River channel was to be widened and deepened. An additional \$2,000 appropriation was to be used to erect gate valves behind the lounge and terrace homes on the side of the Forest Hill Golf Course. The valves would serve as a back-

stop against the overflow from the river and the golf course pond.

The Local Assistants Board of Belleville, under the chairmanship of Commissioner Nuccio R. Pro, was reorganized for the year 1962. The Rt. Rev. Msgr. Joseph Kelly, pastor of Saint Peter's Church, was reappointed for a period of four years by Mayor Isadore Padula. Msgr. Kelly had been a member of the Board since its inception. Other board members were: Rabbi Victor Cohen, leader of Congregation Ahavath Achim, Mrs. Margaret Connelly, and Mrs. Helen Rubino.

#### Fifteen Years Ago

Harry T. French, Director of Camp Mohican, Summer Training Camp of the Robert Treat Council of the Boy Scouts of America, announced the completion of the camp staff for the season. In Belleville, the staff members were: Robert May, Troop 388, officer aide; Harry Winfield, Troop 309, Quartermaster; Michael Smith, Troop 305, Assistant Waterfront Director; Alan Lehan, Troop 388, Craft Director; Edward Anderson, Troop 301, Assistant Program Director; L. Thomas Jones, Troop 305, Assistant Waterfront Director, and Robert Olson, Troop 305, Trading Post manager.

The Retired Men's Club of Belleville celebrated their first birthday at an annual luncheon held in the social hall of Fawcett Memorial Church. Starting with eleven men, the membership of the non-sectarian group had increased to forty. Officers of the club were: Edward Bagnall, president; Arthur Bright first vice-president; Walter Gilg, second vice-president; Harry Devo, secretary; Ray Dixon, treasurer, and John Jackson, Chaplain.

#### Forty Years Ago

New officers of the Woman's Club were installed for 1932. Those installed were: Mrs. Charles Smith, president; Mrs. Lionel Phillips, vice-president; Mrs. James G. Shawgar, assistant treasurer; Mrs. William Irvine, treasurer; Mrs. E. Mutch, federal secretary; Mrs. Ralph Smith, assistant corresponding secretary; Mrs. Albert Blank, program chairman; Mrs. J.K. Alexander, past assistant treasurer, and Mrs. J. J. Schaffer, trustee.

William J. Horgan of Joralemon Street, chairman of the publicity committee of the Merchant's Association, wired the Board of Commissioners from New York. His message stated that many residents of the town felt that no one commissioner's name should appear on the food barrels in the town's grocery stores. The barrels had been placed in various stores by Commissioner William Clark as receptacles for donations of food for the unemployed. Horgan was of the opinion that only the police department should be mentioned.

#### Fifty Years Ago

Charles Granville Jones, architect, submitted tentative plans for a new \$40,000 club house to be erected at William and Dow Streets by the Belleville Council, Knights of Columbus.

Belleville's new motion picture theatre, The Capitol, was opened to the public with "The Four Horsemen of the Apocalypse" as the feature. J.C. Eid was manager of the theatre.

## Crackdown Slated Against Quickie Eye Doctors

To the Editor:

Charles J. Irwin, Director of the New Jersey Division of Consumer Affairs, has announced a statewide crackdown on physicians who perform "quickie" eye examinations and the "outrageous" practice of certain highway, mass-production eyeglass centers.

We believe this bold action has been long overdue and we urge your readers to support Mr. Irwin's program in the interest of public health.

The New Jersey Optometric Association has been distressed by short-order prescriptions because they pose a significant threat to the visual welfare of the citizens of our state. We are also concerned because the stigma of inadequate eye care has been unjustifiably placed upon optometrists who have no relationship to highway eyeglass centers.

The optometrist, doctor of optometry (O.D.), the only specialist required by law to perform a minimum, sixteen-point eye examination, is specifically educated and state-licensed to examine eyes and their related structures to determine vision problems, eye disease or other abnormalities. He prescribes and adapts lenses or other optical aids and may use visual training when indicated to preserve or restore maximum visual efficiency.

The ophthalmologist is a physician, Medical Doctor (M.D.) or Osteopathic Physician (D.O.) specializing in the diagnosis and treatment of defects and diseases of the eye, performing surgery when necessary or prescribing other types of treatment including corrective lenses.

The New Jersey Optometric Association conducted an investigation into these drive-in centers. Of the 36 examining physicians involved in the probe, 33 had no specialized training in eye care. All of them were M.D.s or osteopaths, but only three were ophthalmologists.

Unlike physicians, optometrists are prohibited from practicing on the premises of a commercial establishment.

Our hope is that the citizens of New Jersey are sufficiently alarmed to demand the legislative changes will be brought into effect and enforced in order to protect themselves from practices geared to speed and greed rather than professional vision care.

Sincerely,  
Mario J. Pallotta, O.D.  
President,  
New Jersey Optometric Association

## Helen's Thing

### A Few Words About Fashion And A Fad

By Helen Maguire

What is so fleeting as fashion? They say if you hold on to your old clothes for long enough, they finally come back into style and I couldn't agree more. The shoes that are so popular today are virtual throw-backs to about 30 years ago and some of the attire featured in the stores catering to madam reflect the era of the forties.

Consider shoes for a minute. Remember the built up wedges with the heels to match ala Carmen Miranda? And penny loafers and saddle shoes? And the pointed toe with the high heel which was suffered for fashion's sake and has to rank among the most uncomfortable bit of leather ever to grace the human foot?

I was delighted to see the low heel, wide toe come into the foreground because that was what I had been wearing for years and it was nice to finally be in style.

And dresses. Up and down, up and down with the hemlines and by the time you got everything shortened, you had to start all over again. The advent of the pants suit made life more comfortable for a multitude of females, especially since they can be worn on every occasion and turn up everywhere from the supermarket to a fancy wedding or similar shindig.

Men's styles seem to change more slowly or maybe it's just the individual man. The teenagers gave up in despair before their father finally consented to a pair of uncuffed pants and couldn't believe it when he came home with a pair of flares. I asked Jean Stottlemire and Tricia Gibbs one summer how they got their husbands to keep up with the current styles and they owned up to buying what was fashionable in gentlemen's attire and hanging it in their spouses closets. Once it was in the house, there was very little resistance to trying it on. The most basic difference between their approach and yours and mine is that if Mel or Jake rebelled, I didn't mind that much. In the family coffers but I would be inclined to weep if a ten dollar anything went unworn.

The changes in the basic styles I can accept (do I have any choice?) more readily than the fads. And the faddest thing I have come across in many a year is a little device called "pregnancy poult" designed to make the wearer look like she is expecting an addition in roughly a two months and guaranteed, say the two advocates who manufacture it, to make men more attentive, courteous and the woman wearing it more feminine, alluring, etc. Ha!

The thing that amused me most about the whole thing is that neither of the women promoting the "p.p." had ever been pregnant. I don't know about you but during my "carrying" days, I resembled nothing more closely than a barrel and I can't believe that made me more alluring, etc. etc. Uncomfortable, granted, especially the last trimester when I was merely assaulted by everything doubled, feet, arms, heads, postérieurs.

I have to go. Here comes my six-year-old fashion plate home from school with his shirt-tail hanging out.

## \$250 Per Person Is Cost To Dine With Agnew, Friends

she'll melt any man's cold, cold heart. When I asked Ann Adams how come she has the chemistry to smile in a manner to make other people happy, she responded, "You've got to wake up every morning with a smile on your face and show the world all the love in your heart." Beautiful words from a girl with a beautiful soul. When I asked her for more of her philosophy, she quoted some prose from an anonymous poet. "Life is like a journey, taken on a train—with a pair of travellers at each window pane. I may sit beside you on the journey through, or I may sit elsewhere never knowing you. But if fate should mark me to sit by your side, let's be pleasant travellers in its short ride."

NEW YORK'S GREEK RESTAURANT, Caimo Buse, has added another charming hostess to the lounge and bar who, of all things, is a recording artist with a beautiful voice. She is Pat Butter. Patty does her thing after the scheduled singers complete their performances.

THE FLIGHT FROM FORT LAUDERDALE TO NEWARK aboard EAL 896 was just as pleasant and very interesting. Stewardess Nancy Stecks and Lorie Scheid made the same trip with me six days earlier. The first time around senior stewardess Terry Cullen was the third flight attendant. This week, regular, Ann Stephenson, returned to her normal flight schedule and Ann, Nancy and Lorie made it a fun flight. Lorie does her job without any manifestation of effort. At times one would think that she was standing still but this pleasant, teenage-looking stewardess knows what is expected of her and keeps moving along with the burdensome task of pleasing passengers with diverse backgrounds, interests and idiosyncrasies. Lorie has a teenage look about her and one would never suspect she is over 21.

During a lull in her work, Ann Stephenson raved about the fine food at New York's Pambles Restaurant at 330 East 56th Street. Taking her recommendation seriously I went to Pambles with Tom Ward, owner of the Tom Ward Agency, which recruits actors and actresses for films made in the Washington, D.C., New York and Boston areas. Joining us was Jean-Claude Bares, Director-General of the Haitian Government Tourist Bureau. Rolling out the carpet for us at the front door was Johnny, owner Conn Errico's greeter. Right hand Johnny in the lobby was Con's right hand man, Joe Pata. This guy Joe is really something else—to begin with he is good looking and when he flashes his genuine smile, that's it brother, you know the establishment appreciates your patronage. Con is a former jokester and because of his size he has earned the nickname "Scampi." I saw Scampi do his thing on the dance floor and to my mind came flashes of a young Arthur Murray. (Ann Stephenson thanks for the tip.) If any of you out there want the unusual in New York—a restaurant that serves good food and music, put Pambles high on your list. To complete the evening at Pambles, it was a pleasant surprise to sit next to a young man who is one of the foremost offset-plate makers in New York City by the name of Tom Spinn—and honest to goodness, his last name is not an assumed name. Tom proved to be an interesting conversationalist.

NUTLEY'S ELEGANT COLONY THREE RESTAURANT has a fine dinner music. The able organist is Frankie Gallante and on weekends he is accompanied by an accomplished vocalist, his fiancée, Cathy Macula. They both have a lot of talent and turn it on for the pleasure of Colony Three diners.

NUTLEY'S LOUIE VIOLA IS CONFIDENT TO A BED in Passaic General Hospital. At press time he is reported to be resting very comfortably and expected to regain his energy within a matter of days, allowing him to be released from the hospital within a week.

IN CASE YOU WANT TO DINE with Vice President and Mrs. Spiro T. Agnew at \$250 per person, you may join them and Governor and Mrs. William Cahill on Saturday evening, April 22, at the Westfield Armory, Westfield, New Jersey. Thrown in at no extra cost is dancing to the music of the society orchestra of Lester Lavin.

FRIDAY'S FLIGHT ABOARD EASTERN'S 727 JET, Flight 897, was one of the greatest. Adding to the joy of the trip was my seating partner, Joseph Lynch, President of Joel Printing and Office Supply Company, of 160 Broadway, New York. Joe specializes in business forms and

we shared common interest in offset printing. The service of senior stewardess Ann Adams and her sidekick, Billy McCullough, was superb. Joe Lynch and I both share the belief that Ann Adams is one of the best P.R. chicks that fly the colors of Eastern Airlines. In the six years that I have travelled between Fort Lauderdale and Newark I have had the pleasure of being served by hundreds of stewardesses. I would rate Ann Adams among the top ten. Billy McCullough is an interesting story. The beautiful, gracious blonde is a graduate of the University of South Carolina. Upon graduation she intended to teach but after a couple of months of classroom observance, Billy changed her mind and turned up in an Eastern Airlines uniform on March 1. With only five weeks of experience under her belt, Billy's performance on Flight 897 was very professional. For graciousness and efficiency, senior stewardess Ann Adams stands ten feet tall and when she smiles,

Lorie Scheid

### NICOLS PARK ESSO

**ARIES** (March 21-April 19): Matter which hangs heavy, heavy over thy head can no longer be postponed, Ari, my love. Stop thinking in terms of "tomorrow." Tomorrow will never do. Tomorrow never comes. Week ends fruitfully, if you get off of your duff and get into action. Now MOVE.

**TAURUS** (April 20-May 20): A token of kindness will be offered before third day ends, Taurus. Accept. You deserve every nice thing which comes your way. Mid-week finds you in a muddle concerning family/career matter. Stakes are high, to play cards with great care. As week wears on, you may tend to wear out. If so, take French leave. Even a big, strong Taurus needs a little R and R occasionally.

**GEMINI** (May 21-June 20): Dear one needs attention, Gem. Give it, or relationship is apt to go down the old tube. Lack of attention to the little things, coupled with boredom are "the little foxes, that spoil the vine" of understanding and compatibility. Mull it over.

**CANCER** (June 21-July 22): Lie low in days ahead, Moonlove. Week unfavorable for making important moves. Choices are offered. Stall for time. Think matters through with great care, and for just ONCE in your life consider your own self-interest first.

**LEO** (July 23-August 22): You very well may tangle with member of another generation concerning money before fourth day. You are basically generous, Leo love, but do not allow others to take advantage of you. Some people will stoop to out-and-out flattery to achieve their goals. And lions just gobble up flattery, you know.

**VIRGO** (August 23-September 22): Try not to be picky in days ahead, Virg. What you pick could too easily become unraveled, and heaven knows you haven't the time this month to knil relationship back together again. Before last day, you are aware that your friendship means much to close associate.

**LIBRA** (September 23-October 22): You are the beautiful balance of tenderness and strength, Libra love. Friend calls on you for both before fifth day. Give with a generous heart. Week ends on note of peace and joy.

**SCORPIO** (October 23-November 21): Put yesterday in your memory bank, Scorp, and tomorrow in your pocket. Concentrate on TODAY. Go forth and spread your own special brand of sunshine. You know the way. You have the means. And, baby, do you have the talent!

**SAGITTARIUS** (November 22-December 21): Money matters highlighted first part of week, Saij. Be on guard. There is one who would pinch your poke if given opportunity. Before week ends, secret plans hatch. Last day a perfect peach.

**CAPRICORN** (December 22-January 19): Wondrous transformation could take place in week ahead, ant. Have confidence in yourself and your abilities. Others watch. Before last day ends you are washed in the warmth of honest love.

**AQUARIUS** (January 20-February 18): You are a field which may need a bit of tilling, Aquari. Sensitive friend offers advice and help. Accept both. End of week finds you fresh, warm and ready to take on new and exciting task.

**PISCES** (February 19-March 20): There is very apt to be a splitting apart in days ahead, Pisces. But don't fret. In the long run you benefit, though you may not think so now. As week draws to a chaotic close, get out in the woods and communicate with nature. Mother Nature (and Olga) still love you.

BELLBOY VARSITY CREW pulls away from the boathouse on the Passaic River on way to vigorous practice session.

Undefeated oarsmen, after chalking up their second consecutive victory last Saturday over Atlantic City, face a much

stronger opponent this weekend in Blessed Sacrament High School of New

Rochelle, N.Y. The upcoming race should be the toughest of the young season.

CREW MEMBERS of the Bellboy varsity, undefeated to date, carry their shell down the dock and onto the Passaic River.

## Blessed Sacrament Invades

# Undefeated Varsity Oarsmen Host Tough Team Saturday

Belleville High School's varsity oarsmen, fresh off an amazing one minute victory over Atlantic City, will entertain Blessed Sacrament Saturday on the Passaic River. Race time is expected to be about 1 p.m.

According to head coach Sam Gufrida, the Bellboy crew should expect their toughest race of the young season when they hook-up with the New Rochelle,

N.Y., high school. Blessed Sacrament is one of the best clubs in the metropolitan area and Gufrida said Saturday's race is a must win.

"If our boys expect to go to the national championships or perform in any post season regatta, they must beat Blessed Sacrament," the coach commented. "This is one of the better crews and the type of competition our boys will be facing in any big

regatta." Belleville will have even more incentive Saturday because last year Blessed Sacrament was one of the two teams on the schedule to beat Belleville. The 1971 club lost to the New York school by eight seconds and revenge will be an added motive.

"This is one of the biggest challenges our boys will face all year," added Gufrida.

Blessed Sacrament, reports the coach, is undefeated to date. They have been racing college freshmen squads, which shows their superiority. The New Rochelle squad has already beaten neighboring Kearny, although that win was by the smallest of margins at one-tenth of a second.

Saturday's race should be just the opposite of last week's encounter. In defeating Atlantic City by 60 seconds, or about 15 boat lengths, the Belleville varsity crew just about coasted the last half mile. At the half, Belleville was up by about 10 lengths, and seeing the caliber of competition, they coasted the rest of the way. In fact, Belleville beat Atlantic City on all four racing levels with the jayvees registering a 56 second win. The Bellboy third varsity and frosh shells raced against the Atlantic City sophomores and both local boats won by 48 and 40 seconds respectively.

Gufrida, though, was a bit disappointed in the results of the race. He thinks that racing such a poor opponent the week before a tough race may be detrimental to the Bellboy varsity.

"We didn't benefit from the race. It was no contest at all," remarked Gufrida. "You don't beat a crew that badly and call it a good

race." Gufrida reports that the Bellboy varsity "was really psyched-up for Saturday's race" but a let down when the competition turned out to be so poor.

"We were stroking real well for about a half-mile but then we relaxed," he added. "I don't think we're doing that good to beat a decent club by one full minute. The race with Blessed Sacrament will tell us more."

Against Atlantic City, the Belleville varsity got an early lead and were never threatened. By the half, they were

10 lengths up and although they coasted the rest of the way they still increased that margin. The shore school, on the other hand, had the disadvantage of racing with unfamiliar equipment. Instead of bringing their own familiar shell here, they decided to borrow Belleville's equipment. Coach Gufrida explained that Atlantic City is more accustomed to racing with a German-type higher rigging. They had to borrow Belleville's shell, which is equipped with low rigging. Atlantic City was smaller than Belleville but Blessed

Sacrament has a crew that is just as physical, if not more so, than the Bellboys. Also, the New Rochelle club has two boys in its shell who are the national champions in doubles competition. As a result of reports of a tough race this Saturday, practice sessions on the Passaic this week has taken on an added seriousness.

Gufrida reports that the varsity has increased practice on its power-stroke type rowing. Only a few weeks ago Belleville would average from

# Soldo Stars In 2nd Win

The Bellboy varsity baseballers won their second encounter of the young season Tuesday afternoon when they topped Orange, 3-0 behind the strong pitching of senior Gory Soldo. It was Soldo's second win of the year.

After a tough contest with arch-rival Nutley yes, day at home, the Bellboys travel to Montclair tomorrow afternoon. Although the Monties are not reported to be as strong as past clubs, they always give Belleville a tough time. Tuesday the Bellboy nine returns home to face East Orange, one of the weaker Big Ten Conference clubs. Belleville is now tied for the lead in the Big Ten.

In his excellent pitching effort, Soldo struck out ten batters while issuing only one free pass. He is off to a great 2-0 start and is a surprise after last year's 3-2 record. Belleville scored in the first inning when Frank Papisidero hit a ground rule double

over the right field fence, scoring Joe Troise. Another run was scored in the fourth on a triple by Alan Frank and an infield hit by Soldo.

# Successful Season Opener

By Tony Calabrese

The Belleville Varsity Baseball Team opened their season last Wednesday afternoon by defeating Group 3 State Champ West Orange by a score of 6-1 in a game played in Belleville. Keys to the Bellboy victory were some timely hitting, good baserunning, and a strong six-hit, five-strikeout pitching performance by senior Gary Soldo.

Soldo, who got off to a shaky start, got stronger as he went along in pitching a complete game victory.

West Orange got their only run off of Soldo in the very first inning. Billy Fay started things off with a single on the first pitch of the game, and this was followed by a walk to Ken McNeil. The baserunners then moved up a base on a groundout, and then Fay scored on a solid single to right field by West Orange catcher Brian Trifolios. Meanwhile, the Bellboys were having a tough time hitting the tosses of West Or-

ange hurler, Brian Dunbar, as he was two walks in the first three innings.

However in the fourth inning Belleville broke through against Dunbar. With one out Frank Papisidero got the first Bellboy hit of the season, a solid single to right field. Alan Frank followed Papisidero with a base hit to left, putting runners on first and second. Following an infield pop-up, Gerard Mongrella

topped a Dunbar pitch to the second baseman.

Using his excellent speed, Mongrella was safe at first with an infield single, and Papisidero, who never stopped running scored all the way from second on the infield hit, with Frank taking third. With Rich Giorlando at the plate, Mongrella worked a perfect bunt, a play in which he takes an exceptionally long lead off first base to distract the opposing

pitcher. The idea of the play is for the pitcher to become so concerned with the runner on first base that he forgets all about the one on third. When the play is worked properly it is usually very easy for the man on third to score a run.

The play worked even better than designed. Mongrella confused Dunbar so much that he caused the West Orange hurler to balk, and Frank easily scored from

third with Belleville's second run of the game.

From there on in things were easy. Soldo allowed only one hit over the last three innings, and that runner was erased by Bellboy catcher Phil Cuzzi as one of the two runners that the young junior threw out stealing in the game.

Belleville wrapped things up by picking up four insurance runs for Soldo.

## Resident Instructs Cadets In The Fine Art Of Boxing

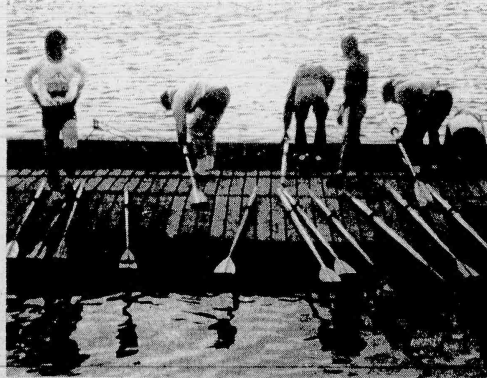

Lt. Joseph T. Hamlich of Belleville, who served on the U.S.S. California, returned recently with the U.S. Sea Cadets from a damage control school in Philadelphia, Pa. The Belleville resident, a former U.S. Navy boxing great, teaches young seamen how to perform in the ring at an area Naval Reserve Training Center.

Lt. Hamlich became interested in boxing as a young man in the Navy and since then has won several armed forces championships. He teaches boxing to the young men at the Naval Reserve Training Center in Clifton, home base for the Sea Cadets and their officers. The Cadets are a navy affiliated group of young men between the ages of 14 and 17. The event of the year is a boxing seminar, under the direction of Lt. Hamlich, in Orlando, Fla. According to Hamlich, many local young men attend this annual event.

The Belleville resident lives at 37 Parkview Avenue with his wife, Marie, and three sons.

LT. JOSEPH HAMLISCH, a resident of Belleville, conducts a boxing clinic at a nearby Naval Reserve Training Center, instructing young cadets in the fine art of the ring.

SELECTING the proper rowing equipment in preparation for a workout on the Passaic River are members of the Belleville varsity crew. Oarsmen are undefeated this season.

### Union Campus To View Labor Relations Seminar

Grievance handling and arbitration, two of the most important facets in dealings between management and labor, will be among the topics to be stressed during a "Labor Relations Seminar" to be held at Union College's Cranford Campus.

The sessions will take place on Monday and Wednesday evenings for four weeks on successive Monday and Wednesday evenings, beginning on April 17 and ending on May 10.

Prof. Richard J. Selcoe, acting dean of continuing education, announced that the seminar will be under the sponsorship of the College's Division of Community Services and will be held from 7 p.m. to 9 p.m. in room 103 of the Science Building. The offering which will be conducted by two of the top experts in the labor relations field, will be open to individuals or representatives of firms who seek to learn the fine points of dealing with labor, according to Prof. Selcoe.

PRACTICE SESSION on the Passaic River this week took on an added intensity as the Belleville varsity crew expects to meet one of their toughest opponents of the year Saturday when they host Blessed Sacrament High School of New Rochelle, N.Y.

"We are now putting more

of an effort on conditioning, technique and poise in the shell," coach Guaffrida said. "It's going to be a tough race Saturday and it's a must win for us."

## Dioguardi Appointed Collegiate Chairman

William Dioguardi, Director of Athletics at Montclair State College, has been appointed chairman of the National Collegiate Athletic Association's Atlantic Coast Regional Baseball Tournament (College Division) for District #2.

Dioguardi coached Montclair State College's varsity baseball nine for 21 seasons.

He posted a coaching record of 300 wins and 139 defeats. Under his direction the Indians won the New Jersey State College Conference diamond championship in 1963, 64, 66 and 69 and also were winners of the now defunct New Jersey Intercollegiate Athletic Conference in 1949, 51, 53 and 55.

## Rare Planetary Show Visible This Spring

The New Jersey State Museum Planetarium reminds New Jersey skywatchers that an interesting planetary phenomenon will be visible this spring.

The planets Venus, Mars and Saturn are noticeably bright and dominate our early evening sky. All three can be seen when looking west. Each night, as we view these planets from earth, they will appear to be gradually moving closer together. Ultimately, on April 6, the three will form an equilateral triangle. They will be seen against the background of stars which form the constellation Taurus the Bull.

New Jersey residents who wish to view this phenomenon should look for the three planets during the first two hours after sunset. Following that time, the planets will be below the horizon.

To locate the three planets in the current sky, observers should first locate Venus which is a brilliant white and brightest of the three. Mars can be seen as a dull orange-red disc above Venus. Saturn appears yellow-orange in color and is highest in the sky.

On April 6, the planets will have the following configuration when looking west: Mars will be the highest.

Winning baseball is a tradition at Montclair State College and with its head coach, Gary Anderson. The Indians have posted winning

marks in 23 of the last 24 seasons while Anderson, who enters the 1972 diamond season with an overall coaching mark of 1,017-293, has had 27 plus diamond seasons in 28 years.

Beck's Column

One customer called us recently and asked whether we still have black and white TV sets. We sure do, and a good selection of them, mostly portables, and we mean portables. Many so called portable color TV sets are quite heavy. We also still have a good selection of 22" black and white consoles.

The reason why some people still buy b/w TV sets is manifold. One important reason is plain dollars and cents. Some people would like to buy a color set, but since purchase price and maintenance are considerably more expensive they have to settle for b/w. We hear again and again that many housewives iron while they look at TV. Since they can't give it their undivided attention, they feel a b/w set serves the purpose. Others just have such a set for sports events and they carry the set around a lot. Then there is a small number of people who use a TV set on batteries. So far there is no battery color TV. And so it goes, everyone has his own reason.

Guest speaker of the evening will be Kenneth F. Browning, director of Marketing, E.L. DuPont de Nemours Company, Inc. of Delaware.

Dinner will begin at 7 p.m. preceded by a "Dutch Treat" cocktail hour starting at 6 o'clock.

According to Mrs. William Hooke, Caldwell, chairman of the Annual Meeting Committee, there will be a short business meeting following dinner and the election of new members to the chapter's Board of Directors. Chapter officers will also be elected.

## Demos Schedule Convention

Freeholder Joseph L. Iannuzzi announced this week that the Essex County Young Democrats will hold their 23rd Annual Convention on April 28, at Dodd's Town House in East Orange.

An active member of the Young Dem movement for more than ten years, Iannuzzi disclosed that he will not be a candidate for re-election to the County Club's presidency.

"We have an abundance of young people who are both ready and willing to assume leadership to the Young Dems, and I think the time is appropriate for them to seize that leadership," said Iannuzzi.

"Although I will be stepping down as President, I expect to remain active in an advisory capacity as a member of the Board of Directors."

More than 15 local clubs are expected to send delegations to the Convention this year where they will elect an entire slate of officers. The selection of delegates to the National Democratic Convention will also receive much attention, Iannuzzi indicated, since the rules for Party Reform call for a significant increase in representation by young people.

Convention general chairman, John Tarantino announced the following committees:

Reception: Richard Codey and Pamela Stevens  
Credentials: John Alati and Michael Perry  
Arrangements: Susan J. Barone  
Publicity: Pat Guzzo and Mary Ann Fischl  
Program: Bob DeTore  
Resolutions: Richard Leonard, Joe Parlevocchio and Al Rossi.

Overweight is a common problem. But just as much of a problem is the victim of a weight less than what he should weigh. The disadvantages of being slightly underweight include a scrawny appearance, a tendency to chill easily as a result of inadequate fat, irritability, lack of ambition, inability to concentrate, a tendency to tire easily, a tendency to digestive disorders, and a lowered resistance to disease germs. Be comforted, all you sufferers from too much poundage! You are not missing much!

# Public Works Report

(Continued from Page 1)

turn to office. Perhaps there are some complaints being passed against the department of Public Works for performance, everything in

life is not perfect. The complete department does not hold itself infallible, but as sure as the taxpayers it does the best it can with what it has to work and operate with. I have maintained an open door pol-

icy since I was first elected to office five years ago.

In the near future I shall re-organize the shade tree department with an ecology and beautification program, all tied into one. I shall place twelve new benches on the avenue.

As an elected official of our town, I have and shall continue to remember my campaign promises to the people of Belleville. As for tax relief, I can only repeat over again, the Town of Belleville is one of the suburban towns being penalized and punished. My reasons are the following: In the past year, I read in the County newspapers where Newark received close to seventy million dollars in aid, both State and Federal, for many of their so-called programs. They get the millions, yet the suburban taxpayers, do the paying.

As a registered Democratic voter, it shocks me. In less than three years in office, Governor William Cahill has arbitrarily had the State take over East Rutherford's taxable property; at a loss of

ratables (again), and increased the sales tax 2%. Belleville has received a penny more for aid. The Lottery referendum was voted upon by the voters and it has been successful three times the predicted amount. This referendum was voted upon, for higher education needs, yet we can't get any of our Belleville children in any of the colleges or any extra relief to our Board of Education.

Cahill now advocates another State income tax, (more taxes), and an increased property tax. All this is being done as a guise to the taxpayers. If the Governor really wants to relieve the tired taxpayer, he could accept Assemblyman Peter Stewart's bill and have the State take over the costs of welfare and courts, save the taxpayers of suburban towns, millions of dollars, then, and only then, will there be relief for the Senior Citizens, plus the young.

Citizens of Belleville, I shall be ready to join with anyone ready to register a protest to the Governor, State Senators, Congressmen, or Assemblymen, concerning any of the listings mentioned, also register a complaint against these giveaway programs to the larger cities.

To the taxpayers of Belleville, I urge each of you to follow very closely how your legislators vote on any of the issues we are faced with today.

repair even before we can think about initiating a new building program there," Mahamarian stated.

He said that the girls' gymnasium is without heat due to a faulty core in the heating system. Sadly enough, the firm that installed the heating system has gone out of business and it will take about \$3,000 to replace. The intercom system too must be replaced, according to Mahamarian.

## YOU WILL STOP SMOKING ON MAY 23rd

...if you join the JACQUELYN ROGERS SMOKENDER Seminars starting in your area. (Of course, you may stop smoking without SMOKENDERS, if you'd rather.)

The trick is: **HOW YOU FEEL AFTER YOU STOP.** If you want to stop without "climbing the walls" and with a feeling of Reward—and, best of all, WITH A SMILE—then come to find out about the JACQUELYN ROGERS SMOKENDER METHOD.

...and bring your cigarette! Remember, this is the method that requires you SMOKE AS MANY AS YOU LIKE while you learn how to break the habit. In small, manageable segments. Step-by-step.

(At risk of being totally unbelievable, we'd like to mention that SMOKENDERS IS FUN, too. It's hard to imagine quitting being fun, isn't it?)

So come to a FREE Explanatory Meeting in your area. (No kidding—FREE—to find out. Because we know YOU CAN'T PUSH A SMOKER into quitting. We don't push. But let us warn you! Most smokers who come to find out about the JACQUELYN ROGERS METHOD find it makes a lot of sense, and they can't wait to start!)

And it won't hurt a bit. We think smokers are great and treat them with fondness and respect. You see, we were all smokers ourselves who did it with SMOKENDERS. SO COME, but don't expect any of that scare business or Willpower stuff. And bring your friends. They may thank you for a lifetime.

IF YOU HAPPEN TO MISS THE FREE EXPLANATORY MEETING, COME TO A FREE MINI-BRIEFING 15 MINUTES BEFORE THE SEMINAR STARTS—AND DECIDE THEN.

Etamco Industries of Belleville has been awarded the 1972 Grant Smart Award by the Service Merchandisers of America.

The award was presented to Etamco President Bob Cox by SMA Board Chairman Dennis Klute at the 28th National SMA Convention at Chicago Palmer House.

The award was presented to Etamco for a unique new type of J-Hook developed by Etamco's Kenberry Division which manufactures and markets a complete line of household and kitchen gadgets.

The new concept transforms the inherently unattractive J-Hook into an attractive, attention-getting, effective point-of-purchasing display."

"Most people think of J-Hook promotions in terms of utility without ever thinking of innovations and resulting values," says Cox.

"We were no exception until one of our people suggested this new type J-Hook which would allow us to greatly increase the attention-
