

BHS Commencement This Tuesday

President Will Award Diplomas At Municipal Stadium Ceremony

Belleville High School will hold its 75th commencement this Tuesday at 6:30 p.m. in Municipal Stadium. Over 375 students will be awarded graduation diplomas at exercises.

For the first time in several years, the commencement program will have no central theme. Student leaders instead have chosen to deliver short speeches tied in with poetry reading. Also for the first time in seven years, there is a tie for valedictorian honors between Mary Grace Macaluso and Colleen Sharon Pisarcik. The 1972 salutatorian is Lynn Patrice Hosley.

Besides her prepared speech, Mary Grace will read an excerpt from one of Herman Hesse's novels. Colleen has chosen to read an anonymous poem she found in a girls' college advertisement while Lynn will recite from Kahlil Gibran's book "The Prophet." All three plan to read short speeches, each running about three minutes long.

Tuesday's program will begin with musical selections from the BHS Band,

under the direction of Robert Wing. The procession "Pomp and Chivalry" precedes the invocation by the Rev. Alfred W. Stone of Fewsmit Memorial Presbyterian Church.

Class president Anthony Portuese will lead the audience in the Flag Salute, and the National Anthem will be played. After talks by the two valedictorians and salutatorian the BHS Band will play a medley of Burt Bacharach songs. Principal Raymond O. Smith will give the presentation of the Class of '72 while Anthony J. Greco, superintendent of schools, will deliver the acceptance.

Presenting diplomas is Richard Mahmarian, president of the Board of Education and Matthew Pica, vice president of the School Board. Mark Stabinski, president of the Student Government organization, is the announcer.

Rain date for commencement exercises is Wednesday, June 21, in Municipal Stadium.

Salutatorian Lynn Hosley This Fall

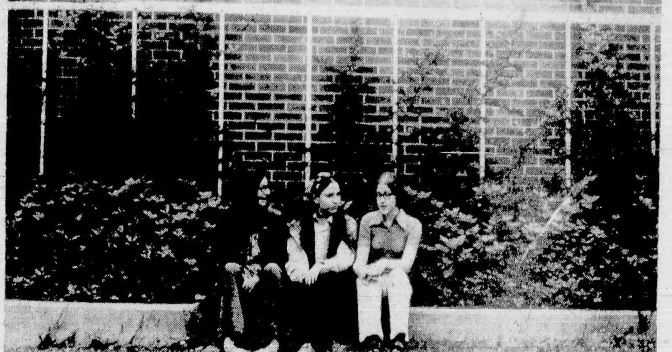

will attend Gettysburg College where she will major in either English or art. A member of the National Honor Society, she worked for the art staff of the high school literary magazine. She also played a part in the senior play.

Valedictorian Colleen Pisarcik will attend Douglass College in September. She will major in history. A member of Bookends, she attended the Girls' State program in 1971. She belongs to the National Honor Society and was a member of the student-faculty curriculum conference. Vice president of the Political Club and a member of the senior senate, Colleen also belonged to the school literary magazine and was a member of the yearbook staff. She also participated in the senior play.

Valedictorian Mary Grace Macaluso plans to attend Parson's School of De-

THOUGHT OF THE WEEK

Many instincts ripen at a certain age and then fade away. —William James.

Belleville Will Miss Oldest News Dealer

SORTING HIS LAST edition of the Belleville Times-News for distribution is native Belleville resident Ed Van Demark. After 50 years in the news delivery business, Van Demark is calling it quits and heading for retirement.

For over 50 years the name Van Demark has been synonymous with newspaper deliveries in Belleville. Ed Van Demark for over 47 of those years has sold and delivered area newspapers, including The Belleville Times-News, throughout the community. Monday was Van Demark's last day on the job. He and his wife, Dorothy will now settle in a Southern New Jersey retirement community.

The Van Demarks have sold their store at 122 Washington Avenue to Horace Kerner of 68 Rossmore Place. The family has been the distributor of the Belleville Times for over 50 years. Until four years ago they operated out of 162 Washington Avenue but they moved to the present address when the building

was renovated. "It feels great to get out of the business. My dad always wanted to get out but he never got the chance. I haven't been on a real vacation for 37 years. I guess the wife finally convinced me to get out," Van Demark said.

A native of Belleville, Van Demark has been in the newspaper business here for over 50 years. The store and distribution of newspapers was handed down from his father and for many years the family owned two trucks and several paper routes in town. Recently, the delivery of the newspapers has been taken over by community kids.

At 67 years of age, Van Demark felt

Grand Jury Gets Student Assault Charge

The case against a Belleville High School student charged with a violent assault on another student was referred to the Essex County grand jury from Belleville Municipal Court last Thursday by Judge Edward Abramson.

Charles Fullman, 18, of 59 Rossmore Place, pleaded innocent to atrocious assault upon Michael Rogers, 18, of 27 Rocco Street after a gym class on March 28.

Rogers said he was standing at a bench in the locker room when he was struck from behind. He said he awoke in Clara Maass Hospital with a broken nose,

Block Party Tomorrow

The Belleville Recreation Advisory Committee has scheduled a second block party to be held tomorrow evening outside Belleville High School. The party will be held 8 to 11 p.m.

Plans include live music provided by a local band. The dance will be held in the parking lot area at the high school.

It's Unanimous

Uniform \$ Hike Wins Approval

Belleville Commissioners Tuesday night unanimously adopted an ordinance increasing police and firemen's clothing allowance \$100. At the same meeting, Town Fathers withdrew an ordinance regulating the closing hours of all local businesses.

Police and firemen here will receive an extra \$100 in their clothing allowance, bringing the total to \$250 per year. Both will receive \$150 July 1 and the additional \$100 on December 1.

Commissioners unanimously decided to withdraw the proposed ordinance gov-

erning closing hours when it was located at the Tuesday morning caucus that the measure, in its present form, wasn't specific enough and needed further study. The proposed opening of an all-night Pathmark here prompted the measure.

"We need to study the situation further," remarked Commissioner Robert Laterza, director of Public Safety, the man who initiated the bill. "We can adopt an ordinance governing closing hours but we must protect ourselves by also introducing an ordinance to regulate opening hours."

This would prevent us against a store closing at 2 a.m. and re-opening at 2:01 a.m.

Town Attorney John Scott said he thought he introduced a measure comprehensive enough but added that he thought some Commissioners had reservations to some portions of the ordinance.

"I believe they may want to be more specific. The ordinance I drew up covered a broad base. They may want something just affecting retail food stores," added Scott. "I wasn't at the Monday morning caucus but that's the indication I received after making some phone calls this afternoon."

Two ordinances passed on first reading at the Tuesday hearing. One bill provides that all Town employees must be residents of Belleville and the other measure asks for \$15,500 from the capital improvement fund to purchase a new ambulance and accessories. Both proposals were introduced by Commissioner Laterza.

To date, there is no law requiring Town workers to be residents of Belleville but a quick survey of Town Hall shows that at present there are no out-of-towners working here. Laterza commented that the intention of the bill is to give local residents first priority at Town positions.

Another ordinance unanimously finalized at the meeting created four new positions here. The Public Affairs Dept. will get a graduate nurse and an office appliance operator and the Parks and Public Property Dept. will provide for an equipment operator and a recreation maintenance supervisor.

Library Closed On Saturdays

The Belleville Public Library will close its main branch at 221 Washington Avenue on Saturdays this summer. The Saturday closing takes effect June 24. The Silver Lake branch of the library is also within the policy.

New summer hours at the main branch are from Monday through Thursday, 9 a.m. to 9 p.m. and on Fridays 9 a.m. to 5:30 p.m. At the Silver Lake branch, hours are Monday-Friday, 9 a.m. to 1 p.m. Regular hours will be resumed Saturday, Sept. 9.

Allan Crisp Takes Us Back To The Good Old Days Again

I am turning back from the tensions and frustrations of present day to the more leisurely days of the 1890's when for example an autograph album was an exciting and important part of a Belleville girl's life.

This particular album belonged to the late Lucy Kingsland Cornish, a descendant of one of the oldest families in this area.

Any Mapes wrote, "Remember me when far away and only half awake, Remember me on your wedding day and send me a slice of cake!"

Nellie Fairservice's sage advice: "Long may you live. Happy may you be, sitting on a woodpile, thinking of me."

Florence Atkins waxes romantic "May your cheeks retain their dimples, may your heart be just as gay, Until some manly voice shall whisper, 'Dearest, will you name the day!'"

An unidentified contributor takes a more realistic approach which could have been written today, couched in

more sophisticated language, "The boys they are a foolish lot, oh, how I love to abuse them, but when they call me pet, Oh, mother, how can I refuse them?"

Marie Minion's sound "Love many. Trust few. But always paddle your own canoe."

"JM" strikes a comical note with "May you peacefully glide down the river of time, like a botailed

Traditional Candle Sales Readied By Craig Fund

Plans are now being finalized by the Craig Fund to hold traditional candle sales at the Belleville July 4 celebration in Municipal Stadium. The candle sale is the highlight of the year for the non-profit organization, a Belleville group helping local young men suffering from incapacitating diseases.

The Craig Fund was set up about four years ago by concerned residents seeking to help Craig Fabian, son of Deputy Fire Chief and Mrs. William Fabian after young Craig was left partially paralyzed after a swimming accident.

Funders are hoping to sell 5,000 candles at the Belleville July 4 celebration to raise money for the organization. The candles will be lit at the Municipal Stadium affair. This year Craig will be celebrating his 18th birthday July 4. Persons wishing to purchase a candle at \$1.00 may contact any Craig Fund officer. Candles will also be sold July 4 at the door, before festivities.

Since Craig's accident, two more Belleville

residents have been added to the rolls of the Craig Fund. The organization also helps Joey Restano and William Greco, two young men afflicted with similar diseases.

The Fund this week will also elect a new slate of officers. Currently, Michael Rosamilia serves as president with Caesar Romano first vice president and Mrs. Mary Senatore second vice president. Treasurer is Edward Albertson. The Rev. Alfred Stone is recording secretary and Mrs. Viola Spray is corresponding secretary.

This year the Fund has been successful in several ventures. When the New York Jets professional footballers arrived in Belleville to play a local squad of all-stars on the basketball court the high school gymnasium was packed and the Craig Fund realized a net of about \$3,000. Last year's July 4 candle sales saw more than \$2,500 enter the treasury of the Fund. This July officials will concentrate on selling candles at the gate before the celebration begins.

QUIET DAYS OF Belleville, back in the 1890's, are seen in this old photo of the Morris Canal and Bridge stretching peacefully over the Soho-Second

River. Town Historian Allan Crisp gives us a glimpse of the past today.

sign in New York City. President of the Art Club, she was active in the Bookends Club and was a member of the yearbook staff and the senior senate. Mary Grace also was inducted into the National Honor Society.

The three student leaders didn't feel there was any ap-

propriate theme to represent this year's graduating class and instead felt that the poetry readings would express their feelings better.

The Class of '72, girls honor group includes Debra Annette Corina, Cynthia Lynn Ferro, Laurie Fuchs, Joan Eileen Haegle, Lynn Hosley, Mary Grace Macaluso, Carol Ann Masi, Rosemary Morra,

Patricia Elin Nilsson, Colleen Pisarcik, Janice Lee Puttorik, LuAnn Roccia, Carole Lynn Sodano, Susan Jeanne Stone, Lynne Elizabeth Sutula, Maria Ann Zarra and Jacquelyn Ann Zatorski.

Boys honor group includes John Trevor Ardill, Ronald William Filipek, William Robert Hamilton, Donald Walter Kowalski, Anthony Mark Palumbo, Anthony Benedict Portuese, Steven James Rovell, Mark Edward Stabinski and Carl Joseph Taskalos.

Flys To Houston, Tex.

High School Lassie Attending Convention

One member of the Belleville High School Chapter of the Future Business Leaders of America left June 14, for Houston, Tex. to attend the twenty-first annual FBLA National Leadership Conference.

FBLA is the national youth organization for high school students who plan to enter careers in business or in business education.

The national organization has chartered over 5,600 chapters in the United States and has a membership of

100,000 students. Approximately 1700 high school members and advisers from all over the United States are expected at this year's Conference.

The major business of the meeting is the election of national officers for the 1972-73 school year and a series of competitive events between chapters and between state delegations. Events include public speaking, typing, accounting, a spelling relay, parliamentary procedure demonstrations, and the selections of a Mr. and Miss Future Business Leader. Awards for national winners will be presented at the special

Awards Program on June 17. A tour of Houston's Astrodome has been scheduled during the Conference. Bob Cummings popular star of movies and television, will speak during a general session. Special entertainment will be provided by Ray Stevens. Colonel Harland Sanders will also be present during the Awards Program.

Susan Ventura of the Belleville High Chapter will participate in discussion groups, business meetings, and general sessions. She will be competing in the following event:

that it was time to take a long vacation. Besides his Washington Avenue store, he has sold his home of 28 years at 63 Prospect Street.

"The wife finally got me to say 'yes' and it was the happiest thing I ever said," Van Demark commented. "I would have to say that it was the wife's decision. She's the one who wanted me to retire. Otherwise, I might have

stayed here forever." After a bit of travel, the Van Demarks will relocate to Whiting, where there is a large retirement Village named Crestwood. What the Van Demarks will do there hasn't been decided yet but surely that isn't a major problem.

There are people so eager to go somewhere that they go with anyone.

You could be what the world needs now.

'Spark Final Drive,' Asks Cancer Chairman

Commissioner Vincent Strumolo, Belleville Community Cancer Crusade chairman, today asked both volunteer workers and the general public to spark a final drive in successfully meeting Crusade quotas.

The chairman said he hoped to obtain final figures for forwarding to Essex County Cancer Crusade headquarters by the end of next week.

"While we are most appreciative of results to date, there are still many pledged donations which have not been fulfilled and in several areas many of the neighborhood committee members are still making tallies," the chairman said.

"We are confident when the full returns are completed, our community will have topped the 1972 quota in helping the American Cancer Society's research and clinical

programs to defeat the ravages of Cancer. "While for the first time, federal monies are in the process of being made available for cancer research, the main financial responsibility still is based on voluntary contributions and voluntary efforts. We all share a mutual responsibility in not only obtaining all the funds

Vince Strumolo Warns Against Mosquitos

Vincent T. Strumolo, director of Public Affairs, issued the following statement regarding the control of mosquitoes in and around the home.

"If you and your neighbors are tired of donating blood to mosquitoes, you can do something about it."

First, however, you must study your enemy so that you will know how to launch an attack. Usually your enemy will be the house mosquito, which can complete its life

cycle in 7 to 10 days. As a result, many generations of house mosquitoes are produced each summer. Extremely important is the fact that this pest requires standing water for its first three stages: Egg, larva, and pupa. You will want to keep this fact in mind as you plan your attack."

1. Eliminate all standing or stagnant water.
2. Dispose of empty paint buckets, discarded tin cans, and old tires.

a cap which he would pass around for pennies."

Reminiscing further about boyhood days in Belleville, Mr. Albey, speaking of the Soho-Second River section, wrote: "What with all the ponds and the Morris Canal, there were many places to skate in the winter. And in the summer, plenty of swimming places and no problem about what to wear for we did not wear anything at all."

"Our family lived near the Morris Canal many years ago, and one of my earliest impressions was watching the canal boats go through the lock on Montgomery Street. Another old time memory is that of organ grinders who used to come around with a monkey in a little red suit and

Barbetta Is Awarded Brunswick Exclusive

V.J. Barbetta, president of the multi-branched Barbetta Agency, headquartered in Belleville, has announced the award of an "exclusive agency" to his company in the sales of two developments, located at the intersection of Old Stage Road and New Brunswick Avenue, East Brunswick.

Barbetta, a forecaster in the

choosing of building sites, originally sold the tracts to the developers.

"The great demand for more homes in the Old Stage Manor area of East Brunswick has spurred these same developers in the building of 160 new homes on two tracts directly adjacent to the recently sold-out Old Stage Manor Estates. The

homes will range in price from \$43,500 to \$48,990, currently the lowest priced homes in any development in the East Brunswick area."

This demand for more homes, which include ranches, split-levels, colonials and bi-levels, more than justifies the faith Barbetta has placed in this booming area. This area is adjacent to main New Jersey traffic arteries, thus making commuting in the metropolitan area a breeze.

Barbetta concluded, "All models have been completed, and our salesmen will be at the 2 sites to help buyers in selecting the proper home for their needs."

chicken on a watermelon rind." The late M. Clark Albey, in one of his articles on the "good old days" in Belleville wrote, "In the 90's, 9 o'clock was the zero hour for most families. At the stroke of nine the downstairs oil lamps were put out and all respectable people started to retire for the night. Anyone walking along the street at that hour would see house after house being blacked out. When a young man called on a girl, he was expected to leave promptly at 9. If he delayed his departure, the girl's mother would call down, "It's 9 o'clock." If he did not take the gentle hint, perhaps he would hear the girl's father start putting on heavy boots and the young man would hesitate no longer."

Mr. Albey also wrote: There were only two town doctors, Dr. Clark, and Dr. Skinner. Dr. Clark gave the most vile tasting medicine that was ever compounded, while Dr. Skinner prescribed only pleasant tasting stuff. Many people believed in those days that the worse a medicine tasted, the more good it would do. The town was about evenly divided over the M.D.s and many were the arguments over their respective merits.

"We used to have great fun when passing Andy Reinhardt's saloon on Rutgers Street. There were usually some empty beer barrels standing near the curb. Every time we went past the place we would give one of the barrels a kick and then run, while the barrel went bumping down the hill over the

Fishing is fun but do be careful of fishhook! Some of the worst common wounds are caused by fishhook carelessness. When you are presented with an embedded fishhook, here are some well-known rules to follow: first, if possible, avoid pulling the fishhook out the same way it went in. It is better to push the hook out at another point and cut off the barb. Otherwise, you risk doing worse damage than has already been done. Apply a disinfectant and a sterile gauze pad. Examine the hook carefully: if it shows any signs of being dirty, or rusty, or if it is deeply embedded, call a doctor to avoid tetanus.

When your doctor gives you a prescription the first rule to follow is simple—bring it to ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. Old Glory's Birthday

(The following guest editorial was written by Col. R.R. Tourtellot, chairman Americanism Committee Fort Monmouth Chapter, National Sojourners-Ed.)

June 14 is Flag Day, in commemoration of that date in 1777, when the Continental Congress adopted the flag to represent the thirteen states. Flag Day was first observed nationally in 1877, on its 100th Anniversary. In 1949 Congress recognized this date as Flag Day. It is not a legal holiday, except in Pennsylvania, but it is observed each year by Presidential Proclamation.

Our flag symbolizes the ideals and aspirations of the American people. Under it, George Washington won our Independence. Under its protection our forefathers spread westward and pioneered the development of our great country. Our flag stands for the things we believe in: religious liberty, equality, freedom of speech, property rights, justice, peace. The original designer of the Stars and Stripes is unknown.

There were many flags in our early history. Many of these were original and expressed threats, like the several coiled rattle-snake and "Don't Tread on Me" flags of 1775. Some shouted, "Liberty" or "Liberty or Death"; some expressed a prayer like the Pine Tree flag which was flown by the first armed schooners commissioned by George Washington in 1775, which said, "An Appeal to Heaven". Another early flag, which played an important part in our history was the "Cambridge" or "Grand Union" flag, hoisted by John Paul Jones on his flag-ship of the Colonial Navy on December 3, 1775. George Washington raised it on January 2, 1776 as the flag of the Continental Army. It had seven red stripes and six white stripes, while in the union was the Grand Union Flag of Great Britain. The

Colonists had not yet proclaimed separation from the Mother Country. The raising of this flag marked the real beginning of our National existence.

On June 14, 1777 Congress adopted our National Flag. It said the flag would have thirteen stripes, alternate red and white and that the Union would be thirteen stars, white on a blue field, "representing a new constellation". It is generally believed that Betsy Ross made the first flag. In her flag, the stars were arranged in a circle. It had seven red stripes and six white stripes. On August 16, 1777, at Bennington, Vermont, General Stark's troops carried another version of the Stars and Stripes. It had seven white stripes, six red stripes, the stars formed an arc in the Union, underneath which was the figure 76. This was the "Bennington Flag".

In 1794, with the addition of two more states, Congress resolved that the flag would have fifteen stars and fifteen stripes. In 1818 with the admission of five more states, Congress voted to return to thirteen stripes and authorized an additional star for each new state.

Our flag is the symbol of everything our Constitution and the Bill of Rights give us. It is the responsibility of every citizen to help preserve our great heritage and to pass it on to succeeding generations. We can do this by inspiring love of country, pride and respect for the flag, and citizenship responsibility. We must all display the family flag of our Country regularly. If there is no family flag in your home—why not get one and give the children the responsibility of displaying it as soon as they are old enough. By developing patriotism, love of the flag, and citizenship responsibility, we can feel that we are doing our part toward keeping our flag flying, "O'er the Land of the Free and the Home of the Brave".

Exit The Tiger

From India comes news the great Asian Tiger may be doomed to certain extinction. Recent laws to protect them, and the fast-disappearing Indian rhinoceros, have apparently come too late.

There may be 2,000 tigers left in India, but some Indian experts doubt this figure. (At the end of World War II there were 35,000.) There are, also by estimate, only about 500 remaining rhinoceros.

According to one leading Indian natu-

ralist, the continuing disappearance of the tiger is entirely due to man's barbarity—hunters (so-called sportsmen), poachers and cattlemen who kill and poison tigers.

Only if killing tigers is totally halted, and all agree to this emergency measure, can the great Indian tiger survive. It is a poor commentary on mankind that this probably can't be accomplished, even at the last resort.

Belleville's Town Treasurer Francis McCoy was elected to the executive board of the Municipal Finance Officer's Association of the United States and Canada. McCoy was the first Jerseyman named to the Board in 20 years, and was the only member of the 13 man financial body who was not a revenue official from a large city. McCoy, who had been with the Belleville Finance Department for 31 years, was the secretary of the New Jersey Chapter of the Municipal Finance Officer's Association.

George LaVecchia, son of Mr. and Mrs. George LaVecchia of 443 Joramelon Street, won two awards in the twelfth annual state accordion championship contest and festival sponsored by the Teacher's Association. George won second place in the open solo competition for seven years old and second place in the free bass contest for students up to 13 years of age.

"Environment-Beginning and the End" was to be the theme of the 74th annual commencement exercises of Belleville High School. Man's apparent disregard for his natural environment was to be the major concern of commencement speakers. Alan R. Grossman, Karen Gaschke, and Janice Di Quattro, the top three members of the class of 1971.

Belleville voters went to the polls in a tremendous demonstration of the power of the ballot and brought the long-entrenched political machine to a screeching halt. In an at-large contest, two commissioners and a former commissioner were almost ignored by the electorate. Thomas P. Greco was high man at the polls, with James Golden coming in second. George Addonizio won the third at-large seat. The losers were Commissioner Nuncio Pico, Commissioner Harry Sullivan, and former Commissioner Kenneth Smith.

The United Fund of Belleville was to terminate its activities as a separate organization and was to merge with United Appeals. Mrs. Richard N. Berkefeldt, newly elected president of the Council of Social Agencies, announced the joining of Belleville with the larger group at the annual meeting of the council in Newark. The merger was expected to reduce the duplication of drives in business and industry. It would also eliminate a problem for prospective donors who were asked to give both in their homes and their places of employment.

By a vote of 4-1 the Town Commissioners ratified an ordinance, on second reading, propounding the payment of \$59,000 to the Rutan Estates for water mains. When the point was brought before the citizens, James Golden and George Tortorello expressed their objections. Golden stated that the payment would be closer to \$70,000 because of carrying charges and the like. As a representative of the Citizens' Tax Council, Tortorello insisted that the burden of the payment should not be made to bear on taxpayers, but rather on the developers of the estates.

A testimonial dinner in honor of singing mailman Patsy Tortorello, was staged at the Fountain Restaurant. The affair was highlighted by the appearance of Claire Tor-

torello, Patsy's granddaughter, who displayed her dancing artistry. Seated at the head table with Tortorello and his wife, Mildred, were Commissioners Grubin, Hyde, Smith, and Sullivan. Mayor Pedulla was unable to attend the affair. The object of the event was to pay tribute to the good will and samaritanship expressed by Mr. Tortorello.

Dr. Michael Rooschvarg of 132 Washington Avenue was appointed chairman to head the 1957 campaign to fight multiple sclerosis. It was announced by Essex County chairman S. Jervis Brinton. The campaign was to run for the month of June and the funds would be used to provide various services for victims of multiple sclerosis.

Finance Director Williams announced the appointment of Arthur Clark as tax assessor and Joseph McGreevy as administrative clerk. Clark replaced the late Charles Watson, while McGreevy was to take over Clark's former position. Commissioner Williams stated that McGreevy would continue to handle the post of guidance director for local ex-servicemen.

Appointment of a teacher with a two-year certificate was deterred by the Board of Education for further consideration on the insistence of Herbert Schmutz, chairman of the teacher's committee. Superintendent of Schools Parmer had recommended the instructor for appointment. Schmutz declared that he was against appointing teachers with two-year normal school certificates. Parmer replied that the teacher situation was difficult, but Schmutz and board member Joseph Arnold insisted that a further search be made for a more qualified instructor.

Scrap paper paid off in a big way for Cub Pack 307. With the cooperation of generous adults, plus some real hard work by the youngsters, the pack realized a long-time ambition. The proceeds netted from their scrap paper drive enabled them to buy 28 complete baseball suits, bats, balls, and other equipment. Members of the Cub Scout team were: Joe Colucci, Richard Batz, John Bartlett, Kurt Hurth, Bob Bartlett, Ralph Bartlett, George Waters, Pat Loverde, Nick La Para, Joe Mignon, Cyrus Amato, Allan Anderson, Percy Roycroft, Bob Pagnelli, Ernest Hahn, Mike Guido, Francis Close, Francis Cook, Bob Delhagen, and Carl Colucci.

Sen. Case Reports On Dam Question

By Sen. Clifford P. Case

For generations the public labored under the impression that dams were un-mixed blessings. It was regarded as quite a prize for a politician to land one for his district.

Beginning at least as far back as the plan to dam the Grand Canyon of the Colorado, public attitudes began to change.

Today there is considerable concern as to whether the advantages of dams, and the reservoirs they impound, outweigh the destruction they can wreak on the environment.

We in New Jersey presently are agonizing over whether to build a dam and reservoir in our own backyard. This would be known as the Tocks Island project and would center on the Delaware River bordering Pennsylvania, New Jersey, and New York.

Under present plans the free-flowing Delaware would be blocked by a 160-foot high dam. The dam would create a 37-mile long reservoir behind it, inundating, as Governor Cahill has pointed out, 10,000 acres of forests and farms.

In 1965 Congress authorized the establishment of a 47,000-acre National Recreation Area to surround the dam and reservoir project. Support for the Recreation Area continues to be widespread.

The idea for the dam ostensibly sprang from the destructive flood of 1955. Since then, however, the concept has grown to include water and power supply and, most notably, recreation. The cost also has grown—from around \$90 million back in the 1960's to more than a quarter of a billion dollars today.

That the dam and reservoir has come into increased question is a prime result of the growth of environmental consciousness of recent years.

And, fortunately, just as the Corps of Engineers was about to start building the dam, the leading environmental arm of the Federal Government, the President's Council on Environmental Quality, ordered the Corps to draw up a comprehensive environmental impact statement on the project.

In light of my own mounting concern about Tocks Island, I was glad to support the step and said so publicly.

The environmental impact statement focused attention on the threat of the reservoir becoming choked with aquatic plants—a condition known as eutrophication. Pollution is at the heart of the matter.

Moreover, it was pointed out that while pollution from areas surrounding the reservoir would be substantial, the most serious threat would come from poultry and dairy farms in the Upper Delaware Basin in New York State.

Efforts to deal with the Upper Basin aspect, as quickly became clear, were nonexistent or only in their infancy.

As a consequence, I conditioned my support for the Tocks project on CEQ getting commitments to solve the serious environmental problems involved.

CEQ since has requested commitments, but they have not been forthcoming. Moreover, Governor Cahill has expressed reservations about the project pointing out the costly sewerage and highway building that would be associated with construction of the dam and reservoir.

And significantly, I believe, the Governor indicates that the supply of drinking water that Tocks Island would create may provide only an interim answer to New Jersey's water problem.

See Schools As Board Responsibility

To the Editor:

It is true our schools are in a deplorable condition. They are the responsibility of our elected school boards, who fail to cope with the problem.

We cannot continue to hand out fat wages increases to some school personnel while some of our school buildings are falling apart at the seams.

I question the statement made by a board member placing the blame on the people.

When the school board budget is defeated by the people it is for a reason. The fat is there.

Once the budget is set and if defeated by the people those wages increases cannot be removed. So the conditions of our schools is left to the mercy of those in power.

Not once did our school board appeal to Trenton, which has an emergency fund for the money which has been granted to other cities, while our school taxes continue to rise at an alarming rate, but they did appeal to restore the cut of \$204 thousand dollars made by the Commission at the request of the people, and it was granted.

How was that money used, surely not to fix up our schools.

It will be a step in the right direction when the state takes relief from the schools. We may get one per cent of property valuation. If the politicians who represent the party and not the people don't change their minds.

Sincerely yours,

Albert Gugicelli

A Special Day in Trenton For Nutley and Belleville

Today, members of the New Jersey Legislature return to Trenton after what was supposed to be a recess. But as just about everyone knows, these past few weeks have been hectic for most of us because we've been studying and reviewing what seems like an endless list of bills, resolutions and reports dealing with the proposed tax reform changes. I plan to prepare a special report on Governor Cahill's tax reforms for my next column in two weeks. For today's column, I'd like to relate something a little special for those in Belleville and Nutley who through the years have come to know and respect Father Matthew Pesaniello. On May 15, for invocation, the New Jersey General Assembly had the honor and pleasure of having Father Matthew, who is presently the Newark Archdiocese Director of the Apostolate of Mental Retardation, Division of the Mount Carmel Guild. Father Matt, of course once served at our own Holy Family Roman Catholic Church. He is now in residency at Our Lady of Mount Virgin Church, Garfield.

Father Gerald Walsh, formerly of St. Mary's Church in Nutley, had honored the Assembly similarly some six

or eight weeks before. Also at the session on May 15 were Assistant Calendar Clerk Pat Munroe's parents, Mr. and Mrs. Jesse Berner from Cincinnati, Ohio, and her own family including her husband, Marion, and daughters Kim and Alise.

The session started with 158 bills posted for action, 105 were Assembly Bills and the remaining 53 from the Senate. When the smoke had cleared at approximately 9:30 p.m., we had acted on 17 Assembly Bills and 9 Senate Bills.

The May 18 session scheduled for 11 a.m. got under way at 11:45 a.m. with no less than 193 bills on the board. There were 119 Assembly Bills and 74 Senate Bills. After a short lunch break, we returned to a scheduled 2 p.m. joint legislative session to receive Governor Cahill's tax proposals.

The Governor arrived at 2:25 p.m. and spoke for approximately 50 minutes. His proposals met with mixed emotions. The Governor seemed to come on pretty strong in his effort to receive favorable consideration of the entire tax package. After the joint session was concluded, we continued our deliberations which consisted of acting upon 22 Assembly Bills and 38 more

from the Senate to give us a grand total of 60 bills acted upon that day! We did not end our session however, until about 9 p.m. when Democratic Leader, Assemblyman John Horn of Camden, announced that because he was given to understand earlier that we were to adjourn at 7 p.m. and because the Assembly had acted on more Senate Bills than Assembly Bills, he was instructing the Democrats not to vote on any further bills. This action effectively ground all activities to a halt. Assemblyman Horn then proceeded to angrily stomp out of the Chambers. Our Speaker, Assemblyman Thomas H. Keane, dismissed the Legislators saying that we would reconvene on June 15 which is where I am right now as you are reading this.

Among the bills passed were the following: A-246 - Florio - Provides that when a member of a municipal, county or county boulevard police department is required to appear before any municipal court, the time shall be considered assignment to and performance of duty.

A-807 - Orechio - Authorizes Nutley to appoint a volunteer member of the fire department.

A-822 - Fenwick - Requires uniform

Let's VOTE!

state-wide tests and examinations of achievement in reading and mathematics. ACR-74-ACA - Klein - Proposes an amendment to Article II, paragraph 3 of the Constitution to change the residence qualifications of a voter from 6 months to 30 days in the state and from 40 to 30 days in a county.

S-189 - Dodd - Provides that the identification card issued to establish proof of age for the purchase of alcoholic beverages, shall be deemed a "writing" proof.

S-283 - Schuler - Designated the "Optional County Charter Law." Provides for change in County Government.

S-992 - Turner - Extends to persons 18 years of age and older certain powers, obligations and legal capacity, including purchase of alcoholic beverages.

My next column will have to do with Governor Cahill's proposed tax package.

Feel free to contact me with any idea for legislation which will make for a better way of life for all of us. You can reach me at my office, right next to the Big Tree Public Service Bus Garage at 43 Washington Avenue.

Part one of the Convention will be held at Franklin School Friday evening, June 16 at 8 p.m. at which time

most of the business for Essex County will be concluded. The second part of the session will take place Saturday morning June 17 at 8:30 a.m. at which time memorial services will be held for all deceased members of the Auxiliary for the year 1971-72.

County presidents from neighboring areas, such as Bergen, Hudson, Morris, Passaic, Sussex and Union are expected to attend. Distinguished guests will be department president, Mrs. Carol Frappoli and her staff of officers.

Awards will be given for Americanism, junior activities, membership, poppy corsages, window and posters, publicity, coupons and history. A luncheon will be held following the close of the convention at Vincent Methodist Church, Vincent Place, Nutley.

A dinner dance will close the festivities Saturday evening at the Post home honoring the Auxiliary president, Mrs. William Marriott and Commander Jack Gorman for their efforts during 1971-72.

Miss Maria Almeida President Of Alumnae

Miss Maria Almeida of 23 Warren Street, will serve as first president of the Nutley Chapter of The Alumnae Association for The Berkeley School of East Orange.

Secretary to the vice president of First Jersey National Bank, Miss Almeida was graduated from Berkeley in 1970. She was enrolled in the one-year executive secretarial program designed to provide students with a broad knowledge of the business community in addition to secretarial skills.

Alumnae Association chapter presidents will be able to serve as a liaison between the school and any graduates of The Berkeley Schools living in their respective localities. They will also serve as protectors for alumnae scholarship examinations.

Warren T. Schimmel, director of the East Orange school, has announced that membership in the ten area chapters of the Alumnae Association is also open to any graduates of The Berkeley School of Westchester, White Plains, N.Y.; The Berkeley-Clearmont Schools of Hicksville, N.Y., and New York City, and The Berkeley School of Ridgewood who live now in the area served by the East Orange school. In addition, membership is open to graduates of The Claremont Secretarial Schools, which merged several years ago with The Berkeley Schools.

Spring Conference Hosted By Juniors

The Eighth District Spring Conference was recently hosted by the Jersey City Juniors. The theme for the evening was "In Full Bloom" and the evening was dedicated to Mrs. John Quigley, the Junior State Chairman, who is ending her term of office. Representing the Junior Woman's Club of Belleville were Mrs. Thomas Spillane, president, Mrs. Harry Reitz, Mrs. Nicholas Landolfi, Mrs.

Summer Plans At Wise Owl Nursery School

Wise Owl Nursery School (617 Washington Avenue, Belleville) will be opening its doors to people of all ages this summer. Under the watchful gaze of "Mr. Wise Owl", Nancy Spatola, a member of the staff, has instituted what she calls "an environmental arts and crafts workshop" for lucky children ages three to 15 throughout the Belleville-Nutley area.

According to the posters spread across town, the course will show the children how to "make a world of tin can flowers, ceramic frogs and plaster people" besides teaching the ancient crafts of sand painting, clay sculpture, origami and many others. Apparently, the program is aimed toward helping the children see a new, more beautiful use for just about everything.

"Miss Nancy", as she is known to the Wise Owl students, has become in recent years something of an expert in the field of arts and crafts, especially those which can be most enjoyed by children.

"Hopefully," she says, "the children will discover for themselves that art is not the exclusive terrain of the artist; with a few simple materials, a little knowledge, and a spirit of adventure, anyone can create something beautiful."

Miss Nancy certainly should feel right at home with her new summer classes. The weekly crafts which are a part of the Wise Owl Nursery School curriculum have been a major source of her "on-the-job" experience. "Working with the teachers at Wise Owl has been a learning experience for me, too," she says. "Together we face the challenge of coming up with a totally new project each week. It isn't easy but once we begin to work with the children and share in their excitement and pride at making something all on their own, there's no doubt that it's worth the effort."

Rest assured, Wise Owl has no intention of restricting the joy to the children alone. The school is also expanding into the evening hours to open a ceramic workshop for adults.

Ceramics is an increasingly popular avocation for both men and women. With the aid of her mother, Mrs. Terri Spatola who is also a skilled ceramist, Miss Nancy has prepared a program which will initiate beginners and bring old timers up-to-date on the newest techniques in what has recently been billed as "the world's most fascinating hobby".

Farewell Dinner Set To Honor Linda Heimall

Miss Linda Heimall, soprano of Union, will be leaving the United States in August for Graz, Austria, where she has a two-year contract to sing at the Graz Opera and also at the Volksoper and Staatsoper in Vienna for the 1972-73 and 1973-74 seasons.

Friends of Miss Heimall and many greats of the music world with whom she has worked and performed are planning a dinner in her honor to be held on Thursday, June 22, at the Gondoliere Restaurant in Orange.

The young soprano has enjoyed a surprising number of honors and awards. Deciding at the age of twelve that she wanted to be an opera singer, Miss Heimall soon found a vocal teacher. Her first operatic experience was as the Shepherd in "Tannhauser" at the age of sixteen. She went to Bologna, Italy, for two years of study, climaxing by the honor of singing in concert with the legendary tenor Tito Schipa. Returning to the United States, she won the National Society of Arts and Letters Award, and before long was singing professionally in opera, concert, and summer stock. During this period she had numerous engagements with the Newark Symphony Orchestra, the Connecticut Opera Association, opera productions at Brooklyn's Fox Theatre and Academy of Music, and at the Brunswick Summer Playhouse.

Miss Heimall has established something of a tradition, appearing for six consecutive years as soloist with the Newark Symphony at the Newark Museum under the baton of Alfredo Silipigni. In this capacity she was heard by the great Diva, Maria Jeriza, who, highly impressed either in joining the workshop or just looking at the various crafts and ceramic pieces which will be on display should drop in at Open House on June 28th and 29th and 30th at 2 to 5 p.m.

by the rich soprano voice of the young artist, invited her to sing at a luncheon at the residence of Cardinal Spellman. Afterward the Cardinal presented her with a gold and diamond medalion in appreciation of her artistic achievement.

As winner of the Maria de Varady Award, Linda Heimall was presented a New York City Opera contract with the company at the New York State Theatre in Lincoln Center.

Through this association she was engaged for the Caramoor Festival where Julius Rudel was music director. Miss Heimall was the first singer to perform in New Jersey's new Garden State Arts Center in Holmdel.

She has also performed with the New Jersey Symphony Orchestra, the Rhode Island Philharmonic, and the Monmouth Symphony Orchestra, and has sung major roles with the Connecticut Opera Company, the Opera Theatre of New Jersey, Garden State Opera Company, the Memphis Oratorio Society, the American Opera Center, and the Opera Orchestra of New York. Included in her many performances with these groups were Mimi and Musetta in "La Boheme", Micaela in "Carmen", Nedda in "Pagliacci", Cio Cio San in "Madama Butterfly", Rosina in "The Barber of Seville", Donna Elvira in "Don Giovanni", Gilda in "Rigoletto", Violetta in "La Traviata", both Hansel and Gretel in "Hansel and Gretel", and Hedwig in "William Tell".

During her two years in Graz, Miss Heimall is scheduled to sing Cherubino in "The Marriage of Figaro", Giulietta in "The Tales of Hoffmann", Rosina in "The Barber of Seville", The Composer in "Ariadne auf Naxos", Octavian in "Der Rosenkavalier", Lady Macbeth in "Macbeth", and the title roles in "Salome", "Carmen", and "La Cenerentola".

Essex Catholic Mothers' Club Completes Year

The Mothers Club of Essex Catholic High School, in Newark held its final meeting of the year in the school cafeteria on Tuesday, June 13th at 8:00 p.m.

Installation of officers for the 1972-73 year took place. President, Mrs. Maureen McGee of Newark; senior vice-president, junior vice-president, and sophomore vice-president, Mrs. Phyllis Del Tufo, Mrs. Shirley Schurr, Mrs. Patricia Seeger of Newark; corresponding secretary, Mrs. Eleanor Jacques of Kearny; recording secretary, Mrs. Mary Lou Lynch of Belleville; treasurer, Mrs. Claire Ziegler of Verona; membership secretary, Mrs. Agnes Liddell of Nutley.

SCHOLARSHIP WINNERS - Elsie Ciccone (center) chairman of the Scholarship Committee of Tri-Town Business and Professional Women presents Flora Loudon Memorial Scholarships to Kathleen Carter of Bloomfield and Marie Gregoire of Nutley. Belleville winner, Eileen Marin was absent due to a conflict with Belleville High School Awards Program.

TYPING AWARDS - Ruth Williamson, president of Tri-Town BPW presents the Marguerite Russell Memorial Typing Awards to Mary Harrison of Nutley and Joanne Fleming and Ann Marie Porciello of Bloomfield. The Belleville winner, Susan Ventura was unable to be present due to conflict with Belleville High School Awards Program.

Tri-Towners Present Scholarships, Awards

Seven local girls were the recipients of scholarship awards from the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley at the club's last dinner meeting of the season held on May 25.

Eileen Marin of Belleville, Kathleen Carter of Bloomfield and Marie Gregoire of Nutley were the winners of the Flora Loudon Memorial Scholarships of \$400 each and Susan Ventura of Belleville, Joanne Fleming and Ann Marie Porciello (who tied for first place) of Bloomfield and Mary Harrison of Nutley won the Marguerite Russell Memorial typing award of \$100 bonds. Miss Elsie Ciccone, Chairman of the Scholarship Committee, introduced the girls and their mothers and asked each to tell the members about her plans for the future.

It was particularly appropriate that Tri-Town had as guest speaker Mrs. Shirley Grill, Residence Hall Director of the new 16-story dormitory on the campus of Montclair State College. Her major interest is working with young women, seeing them develop into independent and full human beings. To quote Mrs. Grill, "The challenge, as I see it, is developing an environment and an atmosphere which allows women to develop to their full potential and to be able to choose from a full range of opportunities."

The Nominating Committee, under the chairmanship of Mrs. John Westcott of Belleville, presented the slate of officers for the 1972-73 season to the membership for their vote. The following were elected: Mrs. Marion Johnson of Nutley, president; Miss Marie Hansen of Bloomfield, first vice president; Mrs. Una Simon of Belleville, second vice president; Miss Frances Foley of Bloomfield, recording secretary; Mrs. Josephine Robustello of Belleville, corresponding secretary and Mrs. Elizabeth Simone of Bloomfield, treasurer. Installation of these officers will take place on June 22 at the Robin Hood Inn in Clifton.

Miss Ruth Williamson, president, exhibited the Certificate of Appreciation which Tri-Town received from Clara Maass Memorial Hospital in acknowledgment of the services the club had rendered during the year through its civic participation committee.

Spring Convention Held By N.J. State Federation

Approximately 1600 young women from all over the state of New Jersey attended "Camelot," the 45th Annual Spring Convention of the New Jersey State Federation of Women's Clubs, Junior Membership Department held at Chalfont-Haddon Hall in Atlantic City on May 12, 13, and 14. Mrs. P. Barry Brock of the Junior Woman's Club of Bloomfield served as chairman assisted by a committee which included Miss Jean Benedetto, Mrs. Nicholas Landolfi, Miss Catherine McNally, and Mrs. Carl Clemente who served as pages from the Junior Woman's Club of Belleville.

The Junior Woman's Club of Belleville was represented by Mrs. Thomas J. Spillane, president, Mrs. John McNally, delegate, and Miss Jean Benedetto, Mrs. Carl Clemente, Mrs. Felix Forlenza, Mrs. Harry Reitz, Mrs. Nicholas Landolfi, Mrs. Roger Ellis, Miss Regina Ventura and Miss Catherine McNally.

Mrs. John J. Quigley, Jr. junior chairman, presided at the business session of the Convention on Friday evening. Reports of the year's activities were given by State department chairmen. Mrs. William Haddock served as State Project Chairman for this year. Delegates voted to elect officers, department chairmen and district advisors to serve as the Junior Board for 1972-73. Mrs. William Haddock was elected State Membership chairman.

Saturday morning was filled with workshops, exhibits, and the performance of

the winning drama tournament near the base of four entries from the State Musical Festivals.

Special guest speakers at the luncheon on Saturday were Miss Joan Buchanan, National Director of Junior Clubs and Mrs. George F. Weinheimer, Jr., Immediate Past President of the New Jersey State Federation of Women's Clubs.

Mrs. Donald T. Bixby, newly elected president of the New Jersey State Federation of Women's Clubs, was the guest speaker at the banquet Saturday evening. Awards were presented to Junior clubs in recognition of outstanding work accomplished in the fields of welfare work, education, civic participation. The Junior Woman's Club of Belleville was honored to receive a third place award for their newsletter, "Woman to Woman," edited by Mrs. Peter Spera.

A check for \$56,398.61 was presented to Mrs. Ira Gottscho of the Ruth Gottscho Kidney Foundation, the Junior State Project. The highlight of the banquet was the announcement of the "Diamond Dozen," the 12 top clubs in the state. The Junior Woman's Club of Belleville was proud to be one of the recipients of this select award.

The newly elected Junior Chairman, Miss Jean Porte of the Totowa Junior Woman's Club was presented to the assembly by the outgoing chairman, Mrs. John J. Quigley, Jr. Miss Porte announced that the theme for her administration would be "Involvement through individual self-giving."

Diamond Dozen Mature Singles Award Earned By Local Club

At the 45th Annual Spring Convention of the New Jersey State Federation of Women's Clubs, Junior Membership Department, held in Atlantic City on May 13, the Junior Woman's Club of Belleville received the "Diamond Dozen" award.

This award is given to the 12 Junior clubs who represented the best all around clubwork in the state. Currently there are 119 Junior clubs in New Jersey.

The award was presented to Mrs. Thomas J. Spillane, president of the Junior Woman's Club of Belleville, by Mrs. John J. Quigley, Jr., Junior Chairman. The Belleville women were exceedingly pleased to be recognized as one of the 12 outstanding clubs for the year because this was their first complete year in the Federation.

Mature Singles Group Forming At St. Mary's

A "Mature Singles" group, sponsored by St. Mary's Church, is extending an invitation to membership to all interested persons in Nutley and surrounding communities. Any person between the ages of 45 and 65, who is single, widowed, or divorced is invited to participate in the group's activities.

The group is non-sectarian. Members plan to have activities of a social nature as well as trips, outings and work in community service. An outdoor barbecue is scheduled for early summer.

The next meeting will be 8 p.m. on Wednesday, June 21, in the basement meeting room at St. Mary's Church. Those interested are invited to come, or to phone 661-1100.

People without responsibilities are usually anxious to solve tremendous problems.

Toadstool Clumps Near Tree Base Are A Warning

If you find a clump of toadstools near the base of your shade tree, don't just knock them over and forget about them. They may be a warning to you that the tree is diseased, advises William F. Munk, senior county agricultural agent of Essex County.

Root and trunk rot diseases are caused by fungi that kill and destroy the wood. The microscopic strands of the fungi penetrate the inner portions of the tree.

Most of the time there is no outward appearance of the fungi to warn you about what is going on deep inside the wood. But in late spring or early summer many of the wood-rotting fungi produce toadstools.

To the experienced tree expert the toadstool not only spells "fungi," but they tell him what type of injury is occurring.

One type of fungus or toadstool may indicate the shoestring root rot. This calls for cleaning up the diseased area and treating the base of the trunk.

If the toadstools belong to a group called "Coprinus," it merely means a little dead wood or even fallen branches buried under the grass. There is no treatment called for with this type of fungus.

But if the toadstools or conks on the base of your tree belong to the fungus group called "Fomes," you may have a serious rot problem. Trees with this type of disease may be blown over during windstorms this summer if the rot is far advanced, according to Mr. Munk.

The next time you see toadstools under your tree don't just kick them over, he suggests. Call your tree expert and see what story the toadstools can tell him. It may save you some serious trouble later on.

More than 300 Register For Summer at Ramapo

The summer program involves two three-week sessions, the first from June 22 to July 14; the second from July 17 to August 4.

Aphids Cause Odd Growth On Spruce

Common insect pests of spruce trees are the eastern spruce gall aphids. Their feeding results in a pineapple-shape enlargement or gall at the base of new growth, says William F. Munk, senior county agricultural agent of Essex County.

The aphids overwinter near terminal buds. They feed and become mature in the spring, and then deposit their eggs near the terminal buds.

The eggs hatch in a week and the young aphids begin to feed at the base of developing needles. Their saliva causes the base of the new growth to swell.

To prevent the formation of galls on your spruce trees, Mr. Munk suggests you apply Meta-Systox-R or malathion spray mid-May. Thorough coverage of the tips of branches is necessary for adequate control.

Cedar Trees With Apples Mean Trouble

Don't laugh if you have "apples" on your cedar or Juniper tree. This is not a laughing matter, says William F. Munk, senior county agricultural agent of Essex County.

If your cedar trees have small brown "apples" on some branches they are suffering from a disease called cedar-apple rust. And right now the rust disease is moving from the cedar tree to nearby apple, quince and hawthorns.

During a rainy or wet, humid period, you will see orange brown or spines on the cedar-apples. Each round consists of thousands of spores. And each spore is a microscopic "seed" of the rust disease.

When these spores land on the alternate host such as apple or hawthorn, the disease starts its second cycle, Mr. Munk explains.

Later this summer rusty spots and spores will appear on the infected apple trees and other "summer hosts" of the rust disease. These will be blown to cedar or Juniper trees where a new crop of cedar-apples will be formed.

You can break this disease cycle by removing the "apples" from your cedar trees. To help even more, spray the summer hosts, such as apple and hawthorn, with one of the ferbam or zinc materials at the rate of two tablespoons to a gallon of water.

Repeat twice at 10-day intervals and you will protect these trees from the rust disease.

Junior Women Install Officers By Candlelight

The Junior Woman's Club of Belleville held their installation ceremony at a candlelight ceremony May 9. This event marked the beginning of a new club year. The installation theme chosen was a wheel with a hub and a number of spokes. The club's president is the hub, the officer's the strong spokes, and the department chairmen and members the rim upon which the club revolves. The wheel symbolizes the forward thrust of the club's aims and objectives.

New officers are: Mrs. Thomas J. Spillane, president; Mrs. Felix Forlenza, first vice-president; Mrs. Arlene Reitz, second vice-president; Mrs. Sandra McNally, third vice-president; Mrs. John Courter, recording secretary; Mrs. Carl Clemente, corresponding secretary; Mrs. Nicholas Landolfi, financial secretary; and Miss Jean Benedetto, federation secretary.

Among the special guests for the evening were Mrs. Harold Marazza, eighth district advisor; Mrs. William Haddock, State Membership Chairman; Mrs. John Quigley, Jr., Immediate Past Junior Chairman; Mrs. Gerard Ferrara, president of the Women's Club of Belleville; Mrs. Robert Davis, Junior Advisor and Mrs. Richard Schaffer, past president of the Woman's Club of Belleville.

Gaccione To Practice New Office Opening For Belleville Attorney

Robert A. Gaccione, Esq., of 53 Princeton Terrace, an attorney since 1966, announced today plans to open an office in Belleville for the general practice of law at 484 Washington Avenue, Belleville between Little Street and Tappan Avenue.

Gaccione, 30, has been

associated for the last year with the law firm of Keenan and Finch of Belleville, which will terminate its services in June.

Frank Pomaco also of Belleville, will be associated with the new firm.

Leslie W. Finch, one of the principals of Keenan and Finch, will be of counsel to the Gaccione firm.

Before beginning the private practice of law, Gaccione served for three years as a special agent of the Federal Bureau of Investigation (FBI), completing assignments in Savannah and Augusta, Georgia, Chicago and New York. For his efforts in apprehending more than 100 fugitives in one year, Gaccione received a special Commendation and Incentive Award from the late FBI Director J. Edgar Hoover.

Gaccione received a B.A. degree in 1963 from Seton Hall University, where he was active in many extracurricular activities. He was elected student body president in 1962 and was named Alumnus of the Year in 1964 by the university alumni federation.

In 1966, Gaccione was graduated with a J.D. degree from the Georgetown University Law School. He has served as a dormitory housemaster, responsible for the guidance and supervision of freshman undergraduates. Gaccione is actively in-

volved in a host of civic and community organizations. He recently served as professional chairman of the Belleville United Community Fund and also holds positions as trustee of the Craig Fabian Fund, a non-profit charitable group in Belleville and as a member of the finance committee of Holy Family Catholic Church, Nutley.

In addition, Gaccione is a legislative aid to State Assemblyman Carl Orechio of Essex County District 11-D (covering Belleville, Nutley, Bloomfield, Verona, Glen Ridge and Montclair). Also, he is a member of the New Jersey and American Bar Associations, the Belleville Athletic Advisory Council, and the Belleville Rotary.

A lifelong resident of Belleville, Gaccione and his wife, Lois, and son, Robert, Jr. (Bobbie), 2 and a half reside at 53 Princeton Terrace.

SOME OF THE PUPILS from the Muscara's Music to Math program at School Number Seven will again be held at that school from Monday, June 26 through Friday, July 28 from 8:30 to noon each day. Any Belleville student, grade three to twelve, is eligible to attend. Eugene Thornton. Shown seated (l-r) Serafina D'Aloia, Gail Chatham and Laurie Jacobson. Not in picture is Leo Arthur.

Summer Music Program Set June 26 At School No. 7

The Summer Music program at School Number Seven will again be held at that school from Monday, June 26 through Friday, July 28 from 8:30 to noon each day. Any Belleville student, grade three to twelve, is eligible to attend.

Classes and lessons will be geared to meet the needs of the students attending. Instructions will be given in fundamentals of music, beginning

wind and string instruments, intermediate band, advanced band, intermediate strings, advanced strings, orchestra, dance band and marching band. Instruments taught include flute, oboe, clarinet, saxophone, bassoon, trumpet, trombone, French horn, baritone, tuba, violin, viola, cello, string bass, etc.

This year the tuition, which is a necessity to keep the program self-sustaining, is \$15. Most schools in the area charge anywhere from \$45 to \$110 for a comparable program, according to officials.

In order to continue this program, enrollment of more students is necessary. Please contact your school office, or Frank S. Scelba at the Junior High School, for further information.

Gene Muscara of the Belleville Music Store has donated \$150 for 10 scholarships this summer. Muscara has sponsored 10 scholarships each year that there has been a tuition charge. Muscara has been in the music business in Belleville for the past 20 years and according to the music specialists, he has consistently

Advisory Council Meeting Attended

The April meeting of the Belleville Educational Advisory Council was held in the Home Economics room of the high school under the chairmanship of Pat Barbone.

Plans were made to draw up an agenda for a meeting with the Board of Education in the near future. Ernest Arvidson gave a preliminary report for the General Shop Committee in which the expansion of career education was stressed with the possibility of Work-study and Introduction to Vocations programs to be initiated in the junior high school.

Consulting members of the Advisory Council explained that Belleville High School is a comprehensive school and we do have excellent Essex County Vocational and Technical High Schools which are available for our residents and they have already enrolled about 90 of our secondary school boys and girls.

The Shared Time Program concept offered by Lincoln Technical Institute was given to the committee to investigate. This type of program using the facilities and instructors of a private institution on a per diem basis might save money and increase training and placement opportunities.

Caesar Romano, Board of Education member substituting for Matthew Pica regular Board of Education member on the council, explained that the new refrigerator for the Vocational Home Economics classes at School 7 had been connected and was in use, and that the Board was checking into the possibility of installing laboratory tables in the Science rooms in the Junior High School.

At the next meeting of the Advisory Council held on May 23, Miss Maryann Carissimo from the Personnel

contributed to the music department in money, music equipment and instruments on an anonymous basis whenever the department has been in need.

BHS Seniors Take Tots On Trip To Bronx Zoo

Recently, a group of 25 Belleville High seniors went to the Bronx zoo to introduce the animal kingdom to a group of deprived children.

The children, 26 in all, ranging from six to 10 yrs. old, came from the Essex County emergency shelter on Franklin Avenue in Belleville. The group went by courtesy of the senior class who raised the money in the WWDJ-All Star basketball game played at the high school a few months ago.

The trip was co-ordinated by the senior advisors, Brian Rafferty and Dan Grasso who got in touch with the shelter through Michele Tribucco, a student of the high school and a worker at the shelter. The trip was originally planned for May 13, but an unexpected case of the measles showed up at the shelter postponing the drive to New York.

Department of Hoffman-La Roche Inc. explained the Orientation Program used for our Belleville High School Office Occupations Work-Study students who work at Hoffman-La Roche

Next Week

Register For Summer School

The Belleville Summer School will again open its doors to all public and resident students in Belleville this year.

The Summer School session will begin on Monday morning, June 26, and end on August 4. Students may register for Make Up or Grade Improvement, or Enrichment courses. Courses for Make Up or Grade Improvement will be \$50 for one and \$75 for two. Courses for Enrichment will be \$25 for one and \$40 for two. Grade 6 students from Belleville Public Schools only will be admitted for \$20 for one subject and \$30 for two.

Belleville Senior High School students may register at the senior high school on Saturday, June 17 or 24 from 9 am to 2 pm. Belleville Junior High School students may register at the senior high school on Saturday, June 17 or 24 from 9 am to 2 pm. Fees for non-resident students are \$60 for one Make Up or Grade Improvement course and \$100 for two. \$40 for one Enrichment course and \$60 for two. The fees for non-resident Grade 6 students are \$25 for one subject and \$35 for two.

The Board of Education again appointed Ernest Musmanno to supervise and administer the program. It is hoped that this program will be well-attended by those students who want to Make Up, Improve, or Enrich their academic Backgrounds.

Rodino Plans Anti-Terror Attack Bill

Rep. Peter W. Rodino announced today that he has introduced two resolutions designed to prevent recurrences of tragedies such as the massacre of innocent civilians at Israel's international airport two weeks ago.

The New Jersey legislator explained that the bill would deal with the problem in two ways. First, one measure calls upon the President to obtain international agreements establishing uniform standards for airport and airline protection. "At present," he said, "each airline and each airport operator is in effect left to its own determination and conscience on steps it takes to protect its customers."

NICOLS PARK ESSO

ARIES (March 21-April 19): Tiny spark could turn into wild conflagration. Ari my love. Emotions run rampant. Prudence dictates that some long-range planning is in order. Contact member of another generation for advice. If things ain't what they used to be. A new approach may be needed to solve riddle.

TAURUS (April 20-May 20): The days are warming, Taurus, and you would be wise to warm also. To partner/mate, or one who would like to be your sweetie. Cast off mask of indifference. You understand. You are admired from afar, dear friend. Individual is, (are you ready?) another Taurus. Instructions on how best to handle relationship will arrive next week.

GEMINI (May 21-June 20): Stolen sweets and secret pleasures in days ahead, lover. Enjoy, enjoy. Momma Nature smiles on you. Have the courtesy to smile back.

CANCER (June 21-July 22): Did you follow stern advice of last week concerning money matters? Olga can't bear the thought of her beautiful Moonbabies drowning in a sea of debt. And in the long haul, time, tide and bank payments wait for NO one.

LEO (July 23-August 22): Desire for attention and recognition is satisfied a wee bit. Just enough to whet your appetite for more of same. Control impulse to be brash. Subtlety pays off best. Keep plans for journey in your pocket. Minor change may be necessary. On last day cut loose and kick up your heels.

VIRGO (August 23-September 22): Week ahead apt to be hectic. Others lean on you for strength. Do not allow your energy to be sapped. Be generous and be kind, but don't be a fool. Permit practical side of your nature to control events. Choppy waters calm before last day and you wind up week whistling a snappy tune.

LIBRA (September 23-October 22): Insist on quality rather than quantity Lib, in business as well as personal affairs. Intelligent Taurus pal can play key role in making decision. Blab! less. Listen more. You become aware of important truth. Sloe-eyed sweetie enters picture. Last day a real sizzler.

SCORPIO (October 23-November 21): You often argue just for the sake of arguing, Scorp, but you call it "discussion." Control that tart tongue of yours, baby, for nobody loves a smart mouth. By mid-week your disposition should improve and on last day you are a veritable font of charm. Study words to Libra.

SAGITTARIUS (November 22-December 21): New phase shaping up, Sag. Be cheerful and optimistic. Your enthusiasm fires others. Just don't allow blaze to get out of control. Message clears. Romance seeks you out and before week fades into the sunset you tremble with joy, Lucky, lucky Sag.

CAPRICORN (December 22-January 19): Don't become discouraged in days ahead, Cap, if you should stumble a bit while attempting to reach goal. In the stumbling, you learn caution which could prevent future fall. One with dark eyes and gentle smile appears on scene. Put out the WELCOME mat.

AQUARIUS (January 20-February 18): Long-standing relationship suddenly blossoms anew. As seasons change, so do you, dear heart. You warm considerably. And THAT may possibly be the understatement of the decade.

PISCES (February 19-March 20): Negative currents may be strong in days ahead, Pisces love. To avoid trouble, hang in the shallows. Ignore attractive lure. This is just not your week for taking chances. You will comprehend. Outsider admires one of your prized possessions. Give intruder the old fish eye.

Defending Champions

Clippers Are Sailing In Farm League Battle

The first week of action in the Recreation Department American Farm League saw the defending champions Clippers beat the Bears 2-1. The Bears beat the Indians 9-5 to even their record. The Aces split a pair beating the Bombers 7-1 and were nipped by the Cardinals 5-4. The Indians also evened their record by beating the Cards 10-3.

Mike Bambo led the Clippers with a grand slam homer and Ray Nalbandian struck out 14 in 5 shutout innings. Tommy Rosamilia starred for the Aces against the Bombers pitching a one-hitter and was three for four in a home run. Alex Domannaria also went three for four with a homer.

Tony Periera had a homer for the Bombers. Joe Leone struck out 13 for the Cards against the Aces in a game decided by Joe Baldwin's walk with the bases loaded. John Mabile's one-hit pitching paced the Bears to their win over the Indians. Al DeMeo batted in three runs for the Bears. Mark Krotchko struck out 14 Cards for the Indians who were led by Pete Franjo's two for four.

The defending champion Pirates of the Recreation Department Farm League split a pair of games in the opening week beating the

Cubs 4-2 but were upset by the Dodgers 21-4. The Yankees blanked the Braves 10-0 and the Giants handed the Braves their second loss 5-1. The White Sox opened their season with an 8-8 tie with the Giants.

The Pirates were paced by a fine pitching effort by Doug

Belleville's American Legion Post 105 successfully opened its 1972 campaign Monday evening with a close 2-1 victory at Underhill Field in Maplewood. The Legionnaires hosted Millburn yesterday and the local club will face Montclair tomorrow when the Mounties invade Municipal Stadium for the first time this season.

In Monday's clutch win, Belleville High School varsity hurler Rich Centanni pitched two-hit ball in holding the Maplewood club to only one run. Centanni, who registered a 5-2 season mark with the

BHS varsity, registered eight strike outs against only two walks. After a shaky first inning, Centanni went the full seven frames for the victory. He allowed only a single in the first and a double in the second inning. After that, Centanni hurled scoreless baseball. Maplewood's Joe DeCroce absorbed the loss. He had six strike outs and issued four free passes, giving up runs to Belleville in the first and second innings.

Charles Craig is again head coach of the Belleville Legion club. He is assisted by

Frank Papisidero and Fred Puleo, who are base coaches, and team manager Jack Throckmorton Sr.

The 17 game schedule is played in the Eastern Division A-2 of the American Legion League. After 12 years in the Essex County Legion League, Post 105 is attempting to capture its third pennant. Craig stated that although losing eight players from his good 1971 team, this year's squad is one of the strongest in recent years. Four players from Essex Catholic High School added much strength to the current club. Two tryouts have been held and two exhibition games have been played during the past two weeks. These trial encounters were looked upon as tuneups for regular season play.

The present team is made up mostly of Belleville High School varsity, Essex Catholic and some younger players. The Essex County Legion League this year boasts 13 teams in two divisions.

Trophies were presented to Danny Dunn as the Post 105's most valuable player and Brian Waters was chosen for the second consecutive year as the most improved player on the field.

In Monday's game Belleville scored in the first frame. An infield hit by Frank Pettie was a one man show in tallying the first Belleville run. After he walked, he stole second base. The throw from the catcher was

wild and Pettie went to third base. An infield hit by Frank Papisidero easily scored Pettie. Maplewood countered with a run of its own in the bottom of the first inning. Wayne

Pierce singled and went to second on a wild pitch. He traveled to third base on a passed ball by Belleville catcher Phil Cuzzi and Pierce

Cop Six Straight

Americans, Nationals Report League Leads

In the American division of the Belleville Little League Wallace and Tienan continues to win and stay at the top of the heap. The number one club has made it six straight victories with their most recent triumph a 3-0 laughter against Biancardi. W and T seems to be the best balanced club in the league and this should be the year for manager Frank Verian who has come so close to the pennant but has never seen a championship.

In the National League, the big upset was the win by F.M.B.A. over Milts by the score of five to three. This victory gives Milts its first loss of the season and puts PBA only one half game behind the division leader for the first half.

The Americans see W and T leading with a 6-0 record and Rotary is right behind in second place at 4-1. Biancardi occupies third place at 4-2 while Riefolo is at the .500 mark in fourth at 3-3. The Elks are seen in the fifth position at 2-3. Tied for sixth place is BIACA and Landolfi, who both have won only one game, seen against four losses. The Varsity Club, although winning a game this season, has five losses to put them in the basement.

The race is tighter in the National League with Milts leading at 5-1 by only one half game over a threatening PBA a close second place at 4-1. In the third spot is the Lions Club at 3-2 while F.M.B.A. is in fourth at the .500 mark carrying a 3-3 record. Seen in the

fifth spot is Kiwanis at 2-3, and Jolly and K of C are tied for sixth, both teams with dismal 2-4 season records. In the basement of the National League is the Amvets with 1-4.

In Wallace and Tienan's 3-0 win over the Varsity Club, Hugh Mallack threw a no hitter. Tom Smith collected two hits for the winners. In the F.M.B.A. win 5-3 over Milts the hitting stars were John Lupo with two runs batted in and Bill Gallagher with a double to knock in two runs. John Lupowas, the winning pitcher, saw Steve Annicario bat in two runs with a double.

In the Wallace and Tienan win over Biancardi, Tom Smith and Bill Rossi both collected two hits and Jody Hamish threw a two hit shut out. Amvets defeated the Lions by the score of four to three with fine relief pitching from Frank Bialore. Amvets were leading 4-2 with the Lions scoring one run in the last inning with bases loaded and no outs, when Frank Bialore relieved Rich Pauli, to strike out the side. Frank Bialore had three hits for the winners.

Jolly Cleaners defeated K of C by the score of seven to three behind the one hit pitching of Tony Ferrerino. Mike Delvirginia had three hits for the winners, followed by Lou Ferrara with two safeties. Landolfi scored four runs in the fourth inning to defeat the Varsity Club by the score of 7-6. Mike San

Beck's Column

You may have read about the possibility of a power shortage this summer. In fact, Mayor Lindsay of New York City requested that steps be taken to conserve electrical power. He spoke to air conditioner manufacturers about this and suggested a "campaign" to make people aware of it.

Mayor Lindsay's statement contrasts with a statement made the same day by the president of Con Edison who said that the utility should get through the summer with not too much difficulty because of additional generating capacity that recently has come on stream. Who is right? One should expect that the president of the electric company knows what he is talking about.

The main reason for a summer shortage of electricity, of course, are air conditioners which use quite a lot of current. Fans also create an additional load, but nowhere near as much as air conditioners.

One way to conserve power would be to buy the right size unit. A unit too small runs and runs and wastes a lot, and the same goes for a unit too large, both are uneconomical. Then there are some units that produce a greater amount of cooling with the same amount of current than others. One should naturally select the unit that is the most efficient.

We don't install or sell air conditioners unless we make a survey to determine the proper size for your needs. This service is free, you are in no way obligated. If you intend to buy an air conditioner this year, please call us for this free survey. One more word of advice, the earlier you act, the better. Don't wait until everybody wants an air conditioner. You get much better service now and the prices are lower now than in the heat of summer.

scored on a wild pitch by Centanni.

Belleville's winning run came in the second inning when Phil Cuzzi singled and eventually scored. Mark Cervasio sacrificed Cuzzi to second base but Cervasio was safe on a throwing error. Each Belleville runner advanced a base, putting men on second and third base. Centanni helped his own cause by the sacrifice, putting runners on second and third base. Alan Frank slammed a sacrifice fly ball to score Cuzzi.

The run proved to be enough for Centanni and the local club.

The game ended in a very appropriate way with Belleville pulling off a triple play. A hard line drive was hauled down by Jeff Fink who threw to Ken McCumber at second to Fred McCoul at first.

In it's other games, Belleville received victories through forfeit. Both of them were to be home games at Belleville Park. Belleville has three more games and is anticipating the play-offs. Last year, Belleville went all the way to the New Jersey State Finals before losing to Trenton at Elizabeth.

State Batters Slug Homers

There can be little doubt that Montclair State College this year can lay claim to the title of "College Baseball Murderer's Row".

The Indians of Coach Clary Anderson have slugged out an amazing total of 47 homers in just 22 games. Anderson's heavy hitting lineup showed no preference during the season hitting 20 of the 47 circuit clouts on the road.

Dale Garlick, a senior from Pompton Lakes was the Indians top home run hitter with nine while sophomores Bob De Jianne of Millburn and Tony Scarlatelli of Bloomfield tied for second place with eight.

Second baseman Bob Cosentino and outfielder Lou Rocchia each had four circuit smashes. Cosentino is a senior from Union while Rocchia is a junior from Cedar Grove.

Average Family Income \$10,685 In County

Average family income was \$10,685 in Essex County in 1969, compared with \$11,407 for the State, according to a report on the 1970 census by the Bureau of the Census, U.S. Department of Commerce. Per capita income for the county amounted to \$3,753, the report shows.

The 1970 census counted 929,984 residents in the county; 10 per cent were foreign born and 20.1 per cent native born with one or both parents of foreign birth.

Among the county's 852,232 inhabitants age five and over in 1970, 32,193 were living in a different county within the State in 1965, and 44,477 in a different State.

In the population age 16 and over, 76.9 per cent of the men and 44.6 per cent of the women were in the labor force. Among the employed, 51.4 per cent were holding white collar jobs, and 14.2 per cent were government workers.

About 41.0 per cent of the married women with husband present were in the labor force, and 26.1 per cent of these wives had children under six.

There were 253,141 persons three to 34 years old enrolled in school. In the 25-and-older population, 49.8 per cent of the men and 48.9

Warns Against Rent Bill

The Property Owners Association of New Jersey, oldest organization of property owners in the state, today warned that rent control legislation now before the New Jersey Legislature would intensify an already severe shortage of housing in the state.

In a statement released by Herman Greenberg, president of the Association, the POA said the result of the legislation, introduced in the Assembly in February as the "Emergency Rent Leveling Act", would be the reverse of its expressed intent, which is to alleviate the housing shortage.

The Property Owners Association said that the rent controls, called for in the measure, would both accelerate the number of abandonments by owners of multi-family dwellings and would discourage new investment in apartment buildings throughout the state.

"The imposition of the controls called for by this legislation would add to the already intolerable burden of rising costs and shrinking finances being shouldered by the owners of multi-family buildings," said the POA. "It cannot help but force more owners to abandon buildings which under economically healthy circumstances should be providing housing in critically needed areas."

The POA particularly scored the use of the consumer price index as a basis for allowing rental increases. "The imposition of statistical controls on rents in this state will only serve to cripple the ability of multi-family property owners to provide decent housing for the people of New Jersey," the Association said.

"The use of such statistics as the standard to impose rent controls is a mistake," said the Association. "These figures fail to reflect wide price differences in various areas and within the index-reporting periods. They simply are not an accurate representation of the costs faced by property owners."

The Property Owners also said that certain allowances made in the proposed legislation for the rising costs borne by landlords were not realistic.

Three-Month Train Tunnel Survey Designed to Help Jersey Travelers

The Port Authority Commissioners today authorized a study of methods to achieve maximum train capacity in the Penn Central tunnels and Pennsylvania Station in New York as a step in

achieving the objective of the Inter-Agency Task Force to provide additional rail service to Manhattan by New Jersey commuter railroads. The study was approved at the monthly Board meeting this

afternoon according to an announcement by Chairman James C. Kellogg, III.

The Inter-Agency Task Force, consisting of the New Jersey Department of Transportation, the Metropolitan

Transportation Authority and the Port Authority, was established by Governors Cahill and Rockefeller in March 1970 to develop plans for specific improvements to the interstate public transportation

system within the Northern New Jersey-New York Metropolitan Region.

The consulting firm of Coverdale and Colpitts of New York City, assisted by Westinghouse Air Brake Company (WABCO) of Pittsburgh, Pennsylvania, has been selected to perform the study to cost an estimated \$75,000.

The bill—paying habit is expensive.
