OPENING DAY of high school grid camp last Thursday saw head coach Rocco Cafone meeting with his Bellboy varsity tri-captains for the coming season. Seen are (l-r)

## Practice Sessions Begin

## Season Outlook Bright For Bellboy Gridders

Bellboy gridders are preparing for another season as head coach Rocco Cafone, now in his third year here, is supervising double practice sessions daily at Municipal Stadium. The local footballers will be out to better their 1971 mark of 5-4.

After a short two-year series with Bayonne, the Bellboys pick up a new opponent on opening day this

season. The Belleville team will battle West Essex High School in the season opener for both teams September 23. West Essex was second best in the county last year. Another schedule change is the addition of Seta Hall as a regular foe as the Bellboys will meet them in the seventh tilt of this year.

Local fans may get their first look at the team tomorrow

when the Bellboys scrimmage Pequannock at Municipal Stadium for the first time. According to coach Cafone, Pequannock is similar in style to West Essex as the Bellboy coaching staff will have more to view than just watching the teams' crunch bodies.

Although several season regulars have been lost to June graduation, Cafone will still see 13 lettermen coming back. This season's team will be built around the tri-captains Robert Luongo, Alan Frank and Mark Cervasio. Two key players from the offense are gone as both quarterback Phil Bruno and scabbieback Joe Lotruglio have graduated.

The backfield though, will be bolstered by the return of running backs Phil Cuzzi and Joe Troise. However, quarterback will be a sore spot with (Continued on Page 12)

## Golden Comments

By James R. Golden

In response to my letter to Commissioner John C. Kohl of the Department of Transportation, State of New Jersey, I received from the Chief of the Bureau of Traffic Engineering notification that "the Commissioner has requested his Bureau to look into the matters you discuss in your letter to see what can be done to improve these conditions."

The conditions, of course, concern the congestion caused by the use of State Highway No. 7, which is Washington Ave., as a "Drive-In" entrance for the Belleville Branch of the Fidelity Union Trust Co. Bank at Belleville Ave.

A simple solution can be found by reversing the direction of the "one-way" traffic on Greenwich Street from "South" to "North" and having the cars "pile-up" traffic on this secondary side street, rather than on a State Highway where traffic marries the flow of cars, trucks and buses to the inconvenience of motorists, bus passengers and aggravated traffic policemen.

Highway Engineer Raymond J. Malone, who signed the letter concluded by stating, "As soon as we have had a chance to evaluate existing conditions along with your suggestions we will contact you further."

I sure hope they confer with our local police about the mess this situation creates. It has been a nightmare for the boys in blue.

Merchants are crying and business is dying around town. Looks like a "ghost town" since Pathmark pulled stakes and left. Municipal parking lot gives all appearance of being a needless "White Elephant" and lower end of "main-drag" is taking on the "sorry" appearance of a continuance of Newark's Broadway. Who wants that? Women are complaining about having only one supermarket left on the avenue in which to shop, while the general attitude of merchants and the public is one of despair and disgust at the deterioration of what once was one of the more progressive suburban communities in the area.

The Chamber of Commerce laments and pines but doesn't do anything about prodding for action. Belleville is in a crisis with almost everybody waiting for the undertaker to take the dejected carcass of what was once a proud, prosperous town to the scrap heap of destroyed "one-way" towns and cities.

It shouldn't be allowed to happen here. We need leadership and dedicated, altruistic help from our manufacturers, industry, professional people and sincere qualified citizens bent upon saving a town that has more potential for growth and progress than most of our surrounding neighbors. It can be done, but not with the lack of interest nor inspirational leadership that has been in the offering to date.

Our Mayor, by self-proclamation declared himself a protégé of former Mayor William H. Williams, a man under whose guidance and business acumen our town grew and prospered, to date, he has failed to demonstrate that any of the former Mayor's genius "rubbed-off" on his ability to cope with the present emergency.

Someone had better come up soon with some constructive suggestions or it will be too late. I just might offer a few of my own, in the near future, if we continue to "slide" down-hill the way we're going.

By the way, why do so many of the inner circle local

## Apt. Complex To Get Okay

The Town of Belleville this week received assurances from builders of a massive apartment complex on the Nutley border that they will comply with certain fire safety requirements established by Commissioners.

Last week Commissioner Mary Senatore threatened a work halt injunction against Paul Properties if certain fire safety measures were not met. According to the Commissioner, builders of the River Road apartment complex did not include in their plans the installation of four fire hydrants and a special street built to accommodate firetrucks during emergencies.

Belleville officials, however, met with the builders last Thursday and the Commissioner is now confident that requirements dictated by the Town will be met.

"They promised to submit plans to us before Tuesday's Commission meeting," stated Mrs. Senatore. "Those plans should now show the four hydrants and the special fire run."

Building Inspector Vincent Mustacchio issued Paul Properties a building permit, but that permit has three stipulations to be met before erection of the complex can

## Adult School Info Mailed

A.W. McGinnis, Director of the Belleville Adult School, indicated Fall adult school brochures are being mailed throughout Town.

In addition, brochures are in the Belleville Library, local banks, and businesses. The brochures provide a complete listing of courses offered by the Belleville Adult School together with information as to time, place, and cost of each course.

Registration for the fall semester is planned for the evenings of September 18, 19, and 21 at Belleville High School between the hours of 7-9 p.m.

## Trucks To Advertise Glass Project Dates

Belleville's glass reclamation drive is in full gear as Saturday's day-long effort way surpassed the Town's initial outing two weeks ago.

Shade Tree Committee members, sponsors of the ecology program, report that several more hundred pounds of glass were collected at Saturday's reclamation drive in the Pathmark parking lot in the Silver Lake section of Town. The next drive is slated for Saturday, Sept. 16, in the People's Bank parking lot.

To help advertise the bi-

monthly drives, the Department of Public Works is placing signs telling of the date of the next upcoming collection and its deposit area.

Large signs, painted by local Girl and Boy Scouts, will be placed on the sides of all Department of Public Works trucks posting the date, time and area of the next collection.

Officials report that over \$10,000 was collected in one year through glass reclamation in Nutley and Belleville's goal is \$8,000.

## Decisions Due Tuesday

# Pathmark, Other Bills Awaiting Board Action

Commissioner Robert Laterza is expected to reintroduce an ordinance limiting the closing and opening of retail food stores when the Town Commission convenes Tuesday evening. A similar measure met with a 4-1 defeat when Commissioners met in their last bi-monthly meeting.

After months of delays the much talked about Pathmark proposal met with a surprising defeat when Commissioners last sat down. At that meeting Commissioner Mary Senatore revealed a Town-wide survey showing residents here favored a mid-night closing of the Pathmark Food Store. Commissioners then promptly voted down Laterza's measure, which called for an 11 p.m. closing.

Other important ordinances slated for the

Tuesday agenda include three sweeping new zoning changes which affect businesses, apartments, and one and two-family homes here. The three bills would change prohibitions in business zones, set up new parking space requirements for multi-family dwellings and change the lot size for two-family dwellings.

Commissioner Laterza will also see action on an ordinance calling for \$18,500 from the capital outlay fund to purchase a new ambulance for the Town. That bill has already passed on first reading with Commissioner Senatore casting the only negative vote. The measure now comes up for a public hearing and final vote. Four votes are needed to pass the bill and Laterza feels confident he will receive the support.

Laterza also feels confident that his new measure to limit the hours of the Pathmark will pass with no trouble. According to the Commissioners, the bill will be exactly the same as the defeated measure except for one important area. Laterza will change the closing hour from 11 to 12 p.m. The maximum penalty still stays at \$500 fine and/or 90 days in jail and the opening is still slated for 5 a.m.

The Pathmark bill though, will take at least another month for final passage as the

measure must again be introduced on first reading and second reading. There also must be a new public hearing on the matter.

Of all the measures to appear before Commissioners Tuesday, the three zoning proposals most likely will have the biggest bearing on the future of the Town. According to Building Inspector Vincent Mustacchio, the Commission is going through a conscious effort to change several of the building and

zoning codes here. Belleville's zoning code hasn't seen any major revisions since 1923 and according to most experts, several amendments to the zoning code are long overdue.

Besides revamping use regulations controlling business zones, the Commission will weigh proposals dealing with parking requirements for dwellings and expand upon the special exception use provision of the zoning code.

## Rebid Office Work Tonight

The Board of Education tonight will again receive bids on general construction, heating and air conditioning and electrical work on the new administrative offices located in the Public Affairs Building on Washington Avenue. The special meeting, with the public invited, is scheduled for 8 p.m.

The School Board for months has been talking of moving administrative offices from the current location at School No. 8 to the Washington Avenue site but to date no definite decision has been made.

This is the second time the School Board is receiving bids. The Board in June of

this year received bids but rejected all estimates for construction bids, saying they were too high and way out of line with current construction costs.

The School Board, in July, received three general construction bids and only one bid on electrical work. There were no bids received on the heating and air conditioning work.

After deliberating with Michael Trotta, the architect who drew up the plans for the new offices, the Board decided against accepting any of those bids.

Those construction bids ranged from a high of about \$20,000 to a low of about \$20,000 and the Board of Education unanimously agreed that there was too big a gap in bidding.

The School Board still hasn't decided how to fund the construction project but president Richard Mahmarian in July gave two suggestions. First, he said, there may be enough surplus in the budget to handle the construction costs or, the project may be included in a bond issue.

## Up To Her Tricks Again

# If It's Not Park Benches, Then It's Litter Baskets

If it's not park benches it's litter baskets.

Commissioner Mary Senatore is again up to her old tricks of snatching up discarded materials and refurbishing them for use on the streets of Belleville.

The Director of Public Works this week reported that she received 12 litter baskets from the McDonald's hamburger stand on Washington Avenue. According to the Commissioner, McDonald's was about to

retire the litter baskets to the scrap heap when her department came to the rescue.

"I told the manager at McDonald's that we could use the trash containers and not to throw them away," said Mrs. Senatore.

Public Works employees have been assigned to repaint the baskets for use on the streets of Belleville. The 12 containers, according to the Commissioner, will be placed in strategic locations in Town. Most of the trash

baskets, Commissioner Senatore reports, will be slated for use on Washington Avenue.

"This project is about the same as the park benches we took from the Park Commission. In both instances we received permission to take the materials," Mrs. Senatore added.

Recently, Mrs. Senatore was accused by county officials of taking several benches from the Park Commission without permission but the Commissioner refuted the charges as false.

TRASH CANS presented to the Public Works Department courtesy of the McDonald's Hamburger Stand on Washington Avenue will be repainted and placed on Belleville streets. Commissioner Mary Senatore requested the 12 litter baskets after she learned they were going to be thrown away.

## Set Evening Hours For Vote Registration

(Continued from Page 1) ruling states persons may vote by absentee ballot if registered 30 days before the November election.

Other special registration hours include Monday, Sept. 18; Thursday, Sept. 21; and Friday, Sept. 22, with all hours 6 to 9 p.m.

Also, the Town Clerk's office will be open 8:30 a.m. to 9 p.m. on Monday, Sept. 25.

Tuesday, Sept. 26; Wednesday, Sept. 27, and Thursday, Sept. 28, the last regular day to register. Persons may register if they will be 18 years old or older by Election Day, November 7, and have not permanently registered to vote or have changed address.

Applications for civilian and military absentee ballots may be obtained from the

Town Clerk's office. Those persons registering after the Sept. 28 deadline but before October 10 may vote only in the presidential election, added Barnett.

Although Barnett has no exact figures on registration in Belleville, he said the turnout has been heavier than in previous years but only comparable to past presidential election years.

# Hebrew Month Of Tishri

## The Jewish High Holy Days: A Time For Self-Inspection

By Rabbi Herbert Horowitz

The Hebrew month of Tishri ushers in the "days of awe", commonly known as Rosh Hoshanah and Yom Kippur. The first ten days of the year are days of increased devotion, self-examination and "return" to God through penitence beginning with Rosh Hoshanah and culminating in Yom Kippur, the Day of Atonement.

There are four distinct names given for the New Year. The first of these four names implies the commandment of blowing the shofar (ram's horn). The sounds that emanate from the ram's horn are intended to awaken us and renew our worship and faith in God.

Prominence is, therefore,

given in our New Year Service to the proclamation of God as King of the Universe, to our longing of the time when all mankind will unite in the worship of One God. This great proclamation is reflected in the three sections of our Prayers: 1) The existence of God, a Being that is King of the Universe; 2) Divine Justice; 3) Revelation.

The second name given to the New Year, "Memorial of blowing the shofar", is indicative of a great historical event in the past suggested by the sound of the shofar. We Jews are reminded that we must attain the goal of being a "Kingdom of Priests" and a "Holy Nation."

The Shofar thus awakens

us to greater watchfulness and activity in the purification and sanctification of our heart.

"Day of Remembrance," the third name, implies that God watches over us. He perceives, notes, and remembers all our deeds, words, and thoughts. Thus, the fourth name is a culmination of the other three because it is the "Day of Judgement," the day on which we are judged according to our deeds, both our merits and shortcomings being taken into account, and we pray that we will be inscribed in the Book of Life.

The tenth day of Tishri is the most important of the High-Holy Days. It is the Day of Atonement, on which "God will forgive you, to cleanse you, that you may be clean from all your sins before the Lord" (Lev. XVI 30).

Yom Kippur the Day of Atonement is a day of resting, fasting, prayer and spiritual improvement, for the object of this day is repentance and "return." "Return" implies four steps: 1) Consciousness of Sin: We must search our inner being and try to discover our failings and shortcomings; our actions and our words must pass in review.

2) Confession of Sin: We must have the courage to confess our guilt before God and man. It is a sin against God, we confess before Him and plead for forgiveness. If we are guilty of an offense against our fellow-man, we

must confess our sin to him.

3) Regret: Once we have recognized our sin we should feel pain and remorse, not merely for the iniquitous action but for the good we have left undone.

4) Resolution: This regret should not be shortlived but should be followed with strong resolve to abandon our sinful actions and to change our routine which will remove a repetition of any prior sinful act.

Thus, the High Holidays present Jews the world over with a chance to regain their spiritual equilibrium and to create an optimism for the future. Man's essential goodness is there and can be preserved only if he becomes cognizant of the necessity to change his ways for the good. Therefore, we say every New Year, "May you be inscribed for a Happy Year of Life and Peace."

## Newark News Demise

Last week saw the end of The Newark Evening News, more recently known as The Evening News.

For almost a century The Newark News was a bible in many suburban New Jersey homes. In recent decades The Newark News was a political and political force, exposing corruption and misdeeds of public officials, a real crusader.

It is with regret we acknowledge the death of The Newark News. Despite the best efforts of management, when the end came it was simply a case of basic economics—expenses far exceeded the income.

The demise of The Newark News should be a reminder to all people that a healthy newspaper needs the support of both merchants and readers. A newspaper cannot live with only one segment of our

society, it needs both, and in large portions.

The best interests of good government, the community, and our people are best served with a healthy, successful newspaper. Where two healthy, successful newspapers exist the people are better served. Where none exist, the people and community are least served. Usually a strong newspaper automatically relates to a good, strong community.

We are sorry to see The Newark News go by the boards and we hope this will be the last of area newspapers to fold during our lifetime. Much as we would like to believe otherwise, informed citizens cannot remain so without the benefit of their reliable newspapers.

## School's Open Again

This week public and private schools will reopen, children and teenagers will be walking to and from school.

In the not too distant future, nights will be longer, and days will be shorter—darkness will fall upon us sooner than we think. It is a harsh fact of the motorist's life that children sometimes dart into the street without looking to the right or to the left and at that moment it is the unlucky

motorist who ends up hitting a thoughtless child and inviting a traumatic experience. We urge both the pedestrian and the motorist to exercise more care in the days ahead in order that everybody can live longer—and in good health.

## Record Auto Sales

Figures for automobile sales in July show that U.S. makers enjoyed record sales for the month. It was, in fact, the fourth successive month of record sales.

GM sold 410,828 units, a fifteen per cent gain over July, 1971; Ford sold 210,848 units, a gain of 21 per cent over July, 1971; Chrysler sold 121,003 in the month, another hefty gain from its 98,266 units sold a year earlier.

The automobile makers are now

seeking approval of rather sizable price hikes for new models ready to appear. It will probably be hoped, however, as has so often been true in the past, that holding prices down will translate into increased sales, and reasonable profits, surely any price hikes approved for 1973 models should be minor ones, realistically based on the actual additional costs of newly required safety features some of which should be absorbed by prospering manufacturers.

### FOOD PRICES UP

The Agriculture Department reports retail food prices rose sharply in June. The Cost of Living Council, however, offered hope for supermarket shoppers in that there was a small reduction in meat prices at the Wholesale level.

### CONGRESS & SPENDING

President Nixon has cautioned Congress to restrain its spending and added that he would use the veto against taxes and inflation. He again asked for a \$250 billion ceiling on federal spending for fiscal 1973.

# The New Town Manager Brings Them All Together

By Elaine Auerbach  
One Year Ago

Belleville, along with six other area communities making up the second River Joint Meeting, was asked to pay 42 per cent of the total cost of building a new sewer line through the Mill Street section of town. Mayor McGreevy received the figure after attending a special meeting called by the group. The new sewer line, estimated at a cost of \$500,000, was to replace a 48-inch trunk sewer which had been damaged after a severe electrical storm had sent eroding flood waters over the banks of the Second River.

Over 95 per cent of people registering to vote in Belleville were between the ages of 18 and 21 according to a report made by town clerk, George Barnett. "Young people have been turning out in large numbers," observed Barnett. "Although we have no exact count of new voters between 18 and 21, we do know that there have been about 350 all told."

Although no date for a hearing had been set, the complaints initiated against Commissioner Michael Marotti and Police Chief Joseph Smith by attorney Jack Montefusco were expected to be heard in the near future. The suit against Marotti had maintained that he was in violation of rule 844 of the police code limiting political activities of policemen. Montefusco was pushing for a decision on the conflict of interest and if he won the court's favor, Marotti would be forced to pay back all of the salary he had received from his position on the police force.

### Ten Years Ago

William Sommers, who was sworn in as Belleville Town Manager by Judge Edward Abramson, lost no time in calling department heads together to tell them his position on various aspects of the new government. He gave a four hour talk to the group in which he mixed humor with firmness and gave one important order. The order was that no town employee would be permitted to hold a political office or engage in any political activity. "Any deviation from this rule," Sommers stated, "will mean that an employee will have to resign. The Council-Manager form of government is a non-partisan operation."

The Belleville Chamber of Commerce submitted to town officials 16 suggestions for "making a good town better." Their ideas included the adoption of a new update building code, the elimination of sidewalk displays along store fronts, the improvement of street lighting to discourage crime, and the continuance of the work of the Planning Board, particularly along the lines of land use studies which would determine the location of needed parking facilities in town.

Mrs. H. Vreeland, RN, of the Walter Kidde Company, Inc. Medical Department, was the recipient of an Hawaiian Orchid presented to her as a winner of the "Gal Friday" award on the Herb Oscar Andersson radio program. Mrs. Vreeland's name was submitted to the WABC disc jockey by Ernest Adams, a Kidde machine operator, in gratitude for her professional skill and general pleasantness in treating Kidde employees.

The Passaic Valley Citizens Planning Association, professional consultants to the Town Planning Board, filed with the Town Commission and the Essex County Park Commission a composite proposal for an inter-municipal county park of 43 acres along the Third River between Harrison and Jordanville Streets to cost an estimated \$675,000. Pointing out that the cost of acquisition was almost half of the \$1,250,000 which the county had received from the state for the acquisition of the Passaic Riverfront Park at the site of the Route 21 expressway, the Planning Association insisted that the County Park Commission had a "moral obligation" to replace the riverbank park.

The Pirates won the Recreation Department's 1957 Junior Baseball League Championship with a record of 22-10. Members of the championship team were: Bob Lutz, Jim Golden, Marty McNish, Ron Valente, George Viale, Ron Savare, Paul Giordano, Bill Chestnut, Ray Cazzelleri, Charles Apostol, Jim Gornelly, and Kevin Roberts. The coach of the pirates was Paul Hochstetl.

### Twenty-Five Years Ago

Patrician Thomas Crutcher, a veteran of the Belleville Police Force for 23 years, retired from active duty. The Pension Fund Committee approved his application for retirement. A resident of Belleville for 30 years, Crutcher had been appointed to the force by the late Public Safety Director John De Graw.

An unusual situation in labor-management relations arose as the Eastern Tool and Manufacturing Company requested the National Labor Relations Board for an election to determine the bargaining agent for the workers. According to Nelson Anderson, vice-president and personnel manager of the concern, the company was anxious to sign a new contract with the union. He remarked, however, that the company wanted to be sure that the union they negotiated with was the bargaining agent of the majority of the workers.

The town baseball championship was to be decided at Municipal Stadium when the Saint Peter nine met the Orioles in a 2 out of 3 series. The Saints had won the first-half title while the Orioles had captured the second, thereby earning the right to play for the top spot in the league. Dewey Hoyle and Leo Scanlon were the lead stars of the Saints, with Muggsy McGinnis and Tony Costello providing the clinch for the Orioles.

### Fifty Years Ago

Claiming that residents of Belleville spent nearly a million dollars a year for motion pictures, tobacco, chewing gum, perfumes, cosmetics, and candy, Lawrence Keenan, campaign manager of the Community Chest, urged citizens to impose on themselves a voluntary three per cent luxury tax for the benefit of the Chest.

After a conference held between the Board of Commissioners and Julius Rippel, Newark financial and bond broker, the Board announced that there would be no discussion at the regular commission session of the proposal to call upon the State Municipal Finance Board for assistance in solving Belleville's financial problems.

## Speak Up!

# Pollution Is Serious

To the Editor:

There are many people who complain about air, water and land pollution. But what do they do about it? Absolutely nothing! No one seems to realize how serious this problem is. If you don't do it, it won't get done.

The sixth grade students of Holy Family School, contributed their small part in trying to make our neighborhood a little cleaner and more pleasant to see. During the week of April 18-21 which was designated Earth Week, we decided to clean up the Holy Family School playground and its surrounding area. You may not notice it now, but in a very short time, you will be seeing flowers blooming in the playground area. The idea was organized and directed by Mrs. Ciccone, our sixth grade teacher.

You can't imagine what pollution can lead to. In the future, do you want to wear gas masks not being able to say "hello" on the streets, unless you're good at holding your breath for a long time.

Well, it's all up to you. It's your country, at least do something for it. Here are a few tips to help you prevent pollution in your area:

Keep your property clean, including sidewalks and curbs. Household dust collected by vacuum bags or mops should be disposed into a receptacle to avoid dispersion into the air; store garbage and rubbish into a covered water-tight receptacle; do not burn paper, trash or garbage; Proper care of pets should be exercised to keep animals healthy and to prevent waste, hairs, etc. use public transportation, or walk whenever possible. Your fellow citizens and yourself should help out in cleaning up our environment, not only during Earth Week, but all through the year. It's your country, isn't it?

## Farm Parents Extend DAV Many Thanks

To the Editor:

A big thanks to the Disabled American Veterans, Chapter 22 of Belleville, who have again come to their aid by donating \$250.00. This will not only pay for the All Star players' dinner, but will also assure them of a good start toward the future of the Belleville Farm League All Stars.

We wish to publicly thank Commander Nunzio Cupo, who so graciously, through the Disabled American Veterans again as in the past, has given them a helping hand.

Sincerely, Parents of The Belleville Farm League All Stars

## South River Appreciates Sabre Cadets

To the Editor:

As recreation chairman for the Boro of South River, and a former resident of the Great Town of Belleville, I would like to take this opportunity of thanking the fabulous Sabre Cadets for helping to make the first fourth of July celebration in the past 25 years, a huge success.

I was tremendously proud of the Sabre Cadets for many reasons, first, because they represented the town of my birth, secondly, because they performed so magnificently and thirdly, because they were well disciplined because of the direction of the adults who helped make the performance possible.

Raymond Kingsley and his son were directly responsible for the lively numbers and productions which were so well received by the residents of South River. As proud as I was of South River as of Joe Theismann, that's how proud I was to have the Sabre Cadets performing at our celebration, and look forward to having them back at our next celebration in 1973.

Once again I would personally like to thank Mr. Kingsley, his entire staff, and most of all to the members themselves, the fabulous Sabre Cadets. The citizens of Belleville should hold their heads high whenever the Sabre Cadets are performing in other towns and cities, for Belleville is receiving the best of public relations by the Sabre Cadets performances.

## It Was A Great Round-Trip Flight This Past Weekend

the musical, "Up With People" which performed at Carnegie Hall. It is the same cast that was seen opening day at the current Olympics.

In "Up With People" Joan sings and dances, and when I asked her if she sang well, Joan replied, "I don't but my dummy sings very well." And the funny thing about this comedian is that she really means it. "I don't come over so good," says Joan "but my dummy does a terrific job." This one I can't figure out. Maybe you can?

Getting back to her beauty contest winning sister Linda, it is my hope the Maplewood beauty brings the title to New Jersey. Linda is a fashion artist and in winning the Miss New Jersey contest she was sensational. Linda won the preliminary in the swim suit contest, the talent contest and on the third night she won the sweepstakes! This is a rare event in the annual Miss New Jersey Contest.

Senior stewardess Helen Hendricks and her assistant Donna Feldman saw to it that Joan, I and the rest of the passengers were comfortable and never in need of food and beverage.

ONE OF OUR FAVORITE ART STUDIOS is the Fabian Gallery, a studio of modern primitive paintings and sculptures. The owner is a diminutive blond, Gisela "Gigi" Fabian who discovered the charm of Haitian art while visiting the home of a friend. Because Gigi has a total dedication to Haitian art and an unusual commitment to sell the world on the idea that without Haitian art one has not lived, I asked Gigi to reduce to writing her thoughts concerning the history of Haitian art and its cause and effect upon her. This is her story:

THE ART OF THE NAIVES  
Childhood with its innocence and spontaneity

has the capacity to enjoy and perceive the world with a fresh and unspoiled eye. The realities of the world have not been learned. There are artists who have remained in this realm, untouched by the conventions of society and freed from the rules and traditions of artistic styles and trends. They have preserved a natural spontaneity by simple directness and unsophistication. These self-taught naive painters create a charming world of childlike simplicity. Like uneducated children they are not yet corrupted by instruction and civilization. Their statement is pure and sincere and may be considered a true and authentic form of art.

Each country has its own naive painters essentially concerned with its own folklore, tradition, customs, beliefs, religious mysticism, and mythology. The naive artist enhances the common scenes of daily life in a childlike ingenious way, filling the pattern of life with poetic imagination. He can also combine real objects with the stuff of dreams, depicting paradise with jungle beasts and unusual plants with fantastic fruit.

Naive artists have received a great deal of attention and are also referred to as Sunday painters, neo-primitives, modern primitives, and popular painters. In Germany they have been described as "Die Maler des einfachen Herzens," and in France "Les peintres du sacre coeur."

For us naive art represents an escape from the complexities of our modern world, our ultra-civilized and refined society. Their work creates a nostalgia for a simpler life; it is alive with refreshing color and a spontaneous directness rarely found in the paintings of trained artists.

IT WAS A GREAT ROUND-TRIP FLIGHT to Fort Lauderdale this past weekend. Flight 895 South about Eastern's three-engine 727 jet was as comfortable as my living room. Senior stewardess Joan Pitts, aided by stewardesses Sammie Roberts and Shen Barker, saw to it that passengers' needs were more than satisfied.

On Monday night it was Eastern's Flight 406 serviced by a twin-engine DC-9 jet that was very interesting and enjoyable. I had the good fortune to sit next to Joan "Cookie" Gialanella, sister of Linda, the current Miss New Jersey, competing in Atlantic City this

week for the Miss America title. Joan teaches languages at Chatham Township school system. As a part-time avocation the 25-year old blonde is a ventriloquist and the smart guy who echoes her pleasant-sounding voice is named Georgie Little. Recently Joan performed in a pilot program for the Morristown Cable TV station in a performance entitled "French is Fun." Joan and Georgie entertain the TV folks with a long rap session in French. Last summer Joan was a member of the cast of

Dean Hartline reported that 10 students in the Jersey City division had perfect averages of 4.0.

# Golden Comments

(Continued from Page 1) What are they implying?

Going to the Big Shea with the Bus load of Joe Granese Ass'n group was a real treat. Met and heard "more" politics in one evening than four years at Town Hall. Don't underestimate the strength of Joe's group. The popular tavern owner has many friends. He contemplated running for Commissioner in Belleville's last election, only to "pull-out" because his candidacy might have prevented "Bob" Laterza's election. Now, things are not so cordial. There is strong talk of recall, which finds Jackie Rega right in the middle. Rega is a personal pal of the Public Safety Director, but, it seems he has been "spoken to" by certain people who wield a lot of influence in Belleville's politics. Jackie "gets along" with this group also. Where is a poor guy to go? What a headache. Try aspirin Jackie.

Among the celebrities were Congressional candidate Milton A. Waldor and his Campaign Manager Assemblyman Carl A. Orechio, both of whom offered contributions of bottled "cheer" to the baseball fans. They couldn't make game. Had early flight next morning to Miami for G.O.P. convention.

Deputy Fire Chief George Shura was there. Jim Geres, who loved Bob in May, but, I don't know about to-day, came along as did Joe Fornarotto, Comm. Mary's pal; at the Shea, Joe demonstrated his unquestioned courage by "rooting" for the Cincy Reds to the chagrin of the rest of his companions who were all "pulling" for the METS. Joe's Reds won, but, he may have antagonized a few friends. I'll bet he don't care. That's Joe's way of life.

If you want to observe a real monotony of building conditions you don't have to leave town to do so. How and why it permitted I don't know, but, take a drive up Wilson Place to the end of this dead-end street and see the house the tax assessor's office lists at 50 Wilson Pl., yet, the front of home is on Parkside Drive, which has no homes on this side of street.

Front footage on Wilson Pl. is 25 ft., while Parkside Dr. front footage is 43.65 ft. Belleville assessments are generally based on front footage. It will be interesting to see how property is assessed.

My discussions with Planning Board members indicate, clearly, they frown upon issuance of building permits to such cramped areas for the building of homes, since they contend they depreciate the values of surrounding properties.

If you want to take a look! Turn right off Union Ave., one block before Mill Street going into Newark, otherwise, turn off Belleville Ave. into Parkside Dr. on the right side of Belleville Ave. going East, two blocks West of Union Ave. It probably happens elsewhere, but, in Belleville it seems we have to live with it. Why? It don't help the town's image.

Assemblyman Anthony Imperiale "kicking Hell" out of Newark's mayor Gibson in his "News and Views" column in The Newark Record, another Sunbank Publication.

Imperiale calls for Gibson's resignation because he claims the Mayor don't know "what the hell is going on."

Imperiale challenges Gibson to a public debate on the media facilities and says the Mayor is getting too big for his britches.

It looks like a toe to toe battle looming in impending election contests between Newark black Mayor and impetuous, Italian Assemblyman "Tony" Imperiale.

Gradually, slowly, but, surely the State seems to be succeeding in encroaching upon the sovereign "home rule" rights of our municipalities. They want to "strip" us of the right to name our own Local Magistrates, now, some wisecracker in Trenton has devised the concept that the State Division is considering doing away with the local controlled tax assessment system in favor of state-controlled assessment districts which would not adhere to municipal boundaries.

According to the publicity of their reported advocacy of such proposals is the claim that it would enable the state to insure that all assessments are fair and equitable, but would lift homeowners from the burden of having to monitor tax assessors.

True they might get out into the field more often and make the physical reality inspections legally required of them, but, I doubt if any outside force could match their expertise in this field.

Seems like Attorney General George F. Kugler Jr., frequently mentioned as a top contender for the New Jersey Supreme Court, may be out of the running for one of the two vacancies on the Court because of an investigation into his office.

The State Commission of investigation is studying Kugler's handling of the case of Sect. of State Paul J. Sherwin amid allegations that the State knew about Sherwin's alleged attempt to influence the awarding of a contract almost two years before his indictment.

Sherwin was charged June 28 in Federal and state indictment with extorting a \$10,000 campaign contribution for the Republican Party from a contractor in return for trying to fix a \$600,000 highway contract.

It begins to look like the State will be the big loser in the vast meadowland deal concerning the acres of land which the State gave away its claim for 38 per acre which will cost the N.J. Dept. of Transportation a minimum of \$4.7 million to regain.

Lynn's hubby - Lee is the upcoming commander of American Legion Post 299, and he pulled an LBJ the other night...he and Lynn left the Post, then returned immediately so Lee could put on his lights upstairs...right now, Lee is finance officer of the Post.

homeward bound, the rain came down in buckets... how's that for timing?

Dan, a music leader also owns Benman Music Store in Bloomfield... the couple toured France, England and Italy. Mrs. Marie DeAngelis, great grandmother of the clan was 80 years young on September 3! The American Public Gas Association has proclaimed "a crisis of gas supply," and a New York Times headline warns: GAS SHORTAGE POSES NATIONWIDE THREAT OF CUTBACKS.

Energy experts have told the U. S. Senate Interior Committee that gas rationing will soon be necessary, gas prices will rise sharply, and fuel oil will have to be substituted for gas.

If the coming winter is a cold one, there probably will not be enough gas to go around. Hundreds of foresighted gas users are already switching to fuel oil.

If your balance drops below \$300 but stays above \$200, you pay a monthly service charge of \$1. If your balance drops below \$200 but remains above \$100, the service charge becomes \$2. If your balance drops below \$100, your service charge for that month is \$3. There's no charge for the number of checks you draw—write as many as you like.

# 2 Executive Checking

No service charge. All you do is maintain an average collected monthly balance of \$800 or more. Question: If your balance drops below \$800 ... even as low as, say, \$50 ... but the average is \$800 or above, do you pay a service charge? You do not. And should your average balance fall below \$800 in a given month, only a modest service fee is charged. Executive checking is particularly useful for people who are paid by the month.

LARRY WATKINS looks like he's set to ramble for good yardage behind the blocking of Vern Winfield (67) and Mike Evans. Unfortunately this play, like so many others for the Eagles, bogged down after three yards.

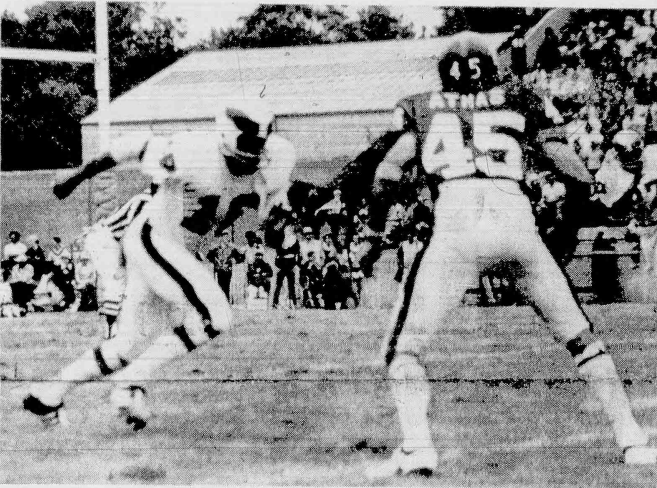

DEFENSIVE STANDOUT for the Giants in the Jaycee Classic was cornerback Pete Athas who saved two touchdowns by his diving acrobatics. Athas also chalked up an interception.

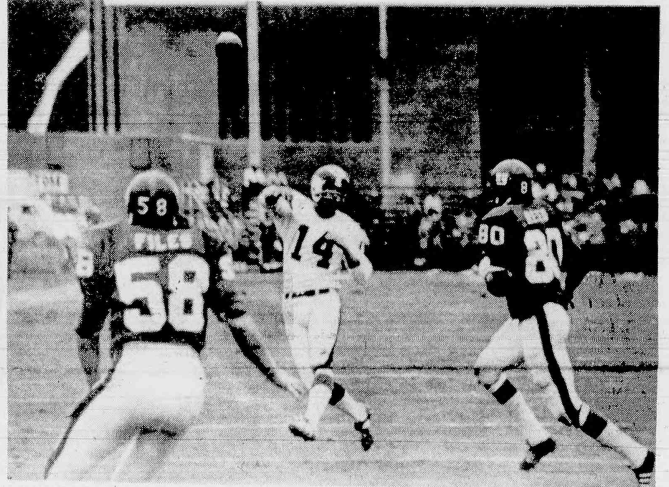

GIANT RUSHING STANDOUT Ron Johnson gained only 25 yards for the day against Philadelphia, but nobody else on the Giants was able to unseat him as number one back heading into the season.

## Giants Top Eagles In Jaycee Classic, 27-12

BEN HAWKINS starts off the line against Pete Athas in the 11th Jaycee Classic at Princeton Saturday. The two players provided more than their share of exciting football but the Giants came out on top, 27-12, for their second straight pre-season triumph.

EAGLE SIGNALCALLER Pete Liske gets off a pass over Giant defenders Henry Reed (80) and Jim Files. Although most reports have been that Liske has sewn up his spot as a starter for the 1972 campaign, his effort in Saturday's game was no great piece of work, including an 0 for 8 showing in 2nd half passing.

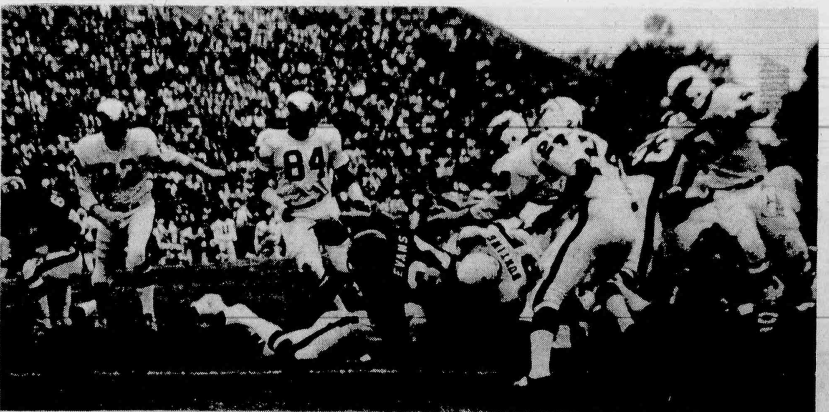

EAGLE AT REST in this picture is of course Nutley's Ben Hawkins who once again will start at wide receiver for the Eagles. The former Raider standout provided the only touchdown for Philadelphia with a 14-yd catch just prior to halftime.

JOETHOR, who led the Jaycee contingent from Nutley is captured in the press box taking a breather during halftime. Thor served as the Classic's legal counsel.

ELLEN NEMESNYIK, New Jersey's Junior Miss from Nutley also got into the act Saturday as she "officiated" at the pre-game coin toss. She handled the job well and apparently even had time to give Giant star Joe Morrison (40) a little pre-game advice.

CHARLIE EVANS, Giant running back stretches this off-tackle play Evans went over on the next play to start the day's scoring for the down to the Eagle one in the first quarter of Saturday's Jaycee Classic. Maramba.

# Municipal Stadium Practice Sessions Begin As Belleville Gridders Prep For This Season

FRESHMEN HOPEFULS are giving instructions for upcoming tryouts by coach John Senesky at last Thursday's first get-together for Belleville gridders since last season. All three levels of footballers turned out at the high school Thursday.

"SIGN HERE" is the instruction given out by coach Anthony Sorrentino and his assistant Sam Venezia as Belleville hopefuls fill out parent permission cards and receive mouthpieces at the Belboys' first meeting since last season.

(Continued from Page 1)  
three inexperienced juniors vying for that position. Mike Bonkowski, Bill Telesco and Joe Cancellieri are battling for that spot and none of the trio has had any varsity time at signal calling.

"We will be stressing ball control much the same as last year, but we have to cut down on the mistakes," remarked Cafone. "We will be running just about the same type of offense but this season we will be adding more running plays to the football."

Cafone explained thatuzzi, one of the best blockers on the squad, will be handling the bulk more at fullback because of the experience he has gained. Cafone does not see any break-away runners on the team but he did say that the running backs this year have the power to plow through the line.

"We'll be trying to crash for four or five yards at a clip. If we are successful at that it will set up our passing game. Each of our quarterbacks have excellent arms."

Last year the varsity Belboys bowed to Bayonne, Kearny, West Orange and Bloomfield. All those games were decided by less than one touchdown except the

Bayonne encounter.

Conditioning, according to Cafone, doesn't seem to be a problem in the Belleville grid camp. The coach says all his regulars returning have come back in excellent shape and on the whole he is pleased with their progress.

The tailback spot on offense is still up for grabs as senior Joe Ross, junior Joe Mozeika and sophomore sensation Steven Senatore are battling for that position. Trecaplain Gervasio has just about wrapped-up duties at split end.

The offensive line will be anchored by veterans Luongo, and Frank Papasidero, both jockies, but two guard spots are vacant. Most likely

seniors Neil Simone and Sam Venezia will fill in those holes. Punting chores will be handled by either Mike Sharra or Steven Senatore and the place kicking job may go to either Joe Troise or Bill Telesco.

The defense will center around three-year veteran Luongo, one of the top linebackers in the county. Ron Borgo, Brian Banda and Joe Cancellieri should bolster the defensive backfield as

A civilized man does not expect special favors because of birth, fortune or position.

Every child should have his chores whether the family be rich or poor.

Cafone reports each of the three is outstanding tacklers. On the defensive line it will be 220-pound Mike Marra anchoring a tackle spot. Accounting Marra's poundage will be the quickness of returnee John Ciallella, a small but smart lineman.

Back's Column

This fall and winter you will read a lot of color TV advertising. Colorizing brighter, sharper picture tubes and fully automatic operation.

As for as brightness is concerned, the presently used picture tube is plenty bright enough. As a matter of fact, one can not use all the brightness because the picture gets unclear if it is turned up too bright. We suggest you try to turn down the brightness a bit on your set. Chances are that the colors come out more vivid and softer. Just try it, you may get a surprise.

The automatic feature is most desirable. The early color TV sets were hard to tune in correctly. The fine tuner needed adjustment every time one changed the station. Magnavox was the first company to put an end to this through "automatic fine tuning". One can rightly say that this was by far the greatest improvement for the customer. The next improvement was the automatic color control. Again Magnavox was first with this feature. Now the latest improvement is the automatic adjustment of the picture under varying light conditions. Again this is a Magnavox development.

Needless to say that every manufacturer in the meantime makes use of these developments except the last mentioned one. At this time is still a Magnavox exclusive.

The result of all these improvements is that one practically does not have to handle the controls any longer, except the on and off switch, the set does the rest automatically, adjusting itself for the best picture.

We service what we sell.

## Tight End Top Receiver For Anderson

In 30 years as a head football coach, Clary Anderson has had his share of top ends so when the veteran mentor goes out on the limb and calls Don Whiteman of Seaside Park one of the best collegiate receivers in the country it means a good deal.

Whiteman, 210 pounds and six foot two inches tall, gets a first class endorsement from Anderson. "Don has the size, speed and ability to be one of the outstanding college ends in football this fall. He has excellent hands and is a fine receiver. He has few equals when it comes to catching a football in a mob," the MSC coach points out.

There are a good many question marks in the 1972 Indians football picture but Whiteman is not one of them. The versatile physical education major can play both split and tight end.

In two previous varsity campaigns, Whiteman has showed tremendous progress. As a sophomore he caught 11 passes good for 222 yards and one touchdown while last year he made 25 receptions good for 441 yards and five touchdowns.

When you add those figures up you see that the good looking blond end has averaged 20 yards for each reception he has made in the last two years. It must also be borne in mind that the Indians are not a pass happy team that puts the football up 30 to 40 times a game.

Whiteman's best day as a receiver last year came against Southern Connecticut State when he caught passes of 11 and 28 yards for touchdowns.

# Assemblyman Orechio Tapped to Draft Mt. Carmel Knights New Conflict of Interest Law for State Looking for Members

Assembly Speaker Thomas H. Kean (R-Essex) this week appointed Assemblyman Carl A. Orechio (R-Essex) to the newly created Legislative Commission to prepare a conflict of interest law and code of ethics for local governmental officials.

The new Assembly Commission is expected to be one of the most influential and

has experience in municipal government which will prove invaluable to the commission's deliberations. Kean said, "The task of this commission is extremely important and I am confident

that Assemblyman Orechio will play a major role in developing a strong conflict of interest code."

Orechio served eight years as a Parks Commissioner in Nutley. He did not seek

reelection in 1968 but last year did run for the N.J. Assembly. Orechio heads an insurance and real estate agency bearing his name which for the past 28 years has been located at 47

Washington Avenue, Nutley. The new ethics commission of the Assembly was created under a concurrent resolution adopted by both the N.J. Senate and Assembly this year.

The Mount Carmel Church Knights of Columbus will conduct its fourth annual membership drive beginning September 15 and continuing through December 5.

## Big Names Join Dixieland 'Under Stars'

Dixieland Jazz Concert Under The Stars scheduled for this Sunday, at Riverside County Park, North, in Lyndhurst, has added another luminary to its list of performers.

Denny Leroux, the popular jazz guitarist, who appeared at the White House for President Johnson and performed for Lynda Bird's wedding, will join Mickey Gravine's band at the 8 p.m. performance.

Gravine, the trombonist leader of the group, has added Leroux to the ensemble at his own expense. "I feel so strongly about the importance of making the Bergen County Parks Commission's effort to bring good music to its citizens a success and I feel that Lenny Leroux can help make this possible."

The Park Commission recently purchased a \$27,000 Showmobile and sponsored a 25th Anniversary five days Arts Festival this Spring.

"The success of this performance will be crucial to the planning of a full concert series next year," said Gravine.

Leroux, who has his own group and has recorded for Bell Records played for the Queen of England when she visited Canada several years ago, performed with Peter Duchin's orchestra and at the Kennedy Center opening in Washington.

He also played at the Charlie Chaplin Benefit this winter in New York City and appeared in Las Vegas with Alan King for a benefit tennis tournament at Caesar's Palace.

Most recently, Leroux appeared with Glen Campbell and Bob Hope for a young golfer's tournament show.

He has appeared with such notables as Lana Turner, Bette Davis, Joan Bennett, Lena Horne and Benny Goodman.

Otto Pehle, president of the Bergen County Park Commission said "I am most grateful to Mr. Gravine for his help and enthusiasm in the Commission's new venture into arts programming."

REPUBLICAN HUDDLE shows GOP freeholder candidates Helen Kaplan and Marion Farco meeting with Belleville Republican Town chairman Jerry Ferrar (right)

## Waldor Says Quota System Is Repugnant

Milton A. Waldor, Republican candidate for Congress in the 11th District, today warned that the quota system used by the Democrats at their National Convention was a sample of the philosophy which elected Democrats would follow in office.

"The quota system approach imposed on the Democratic Convention gives us a taste of what we could expect nationally under a McGovern Administration, and in the 11th District under the representation of my opponent," Waldor said.

Waldor, a former state senator, is running against Rep. Joseph G. Minish, Democrat, in the realigned 14th District which now includes 21 municipalities in Essex, Union, Hudson and Passaic Counties.

Waldor issued his statement on the Democrats' use of the quota system as he returned over the weekend from the Republican National Convention in Miami. "I was struck with the contrast between the quota system philosophy of a McGovern, with whom Representative Minish is allied, and the open and really democratic - with a small 'D' - convention run by the Republicans last week," Waldor said.

"Nothing is more repugnant to me than the forcing of human quotas - whether it be at a national convention or in the fields of employment and education," Waldor said. "As a member of the State Legislature I fought against the imposition of quotas on the admissions policies of our colleges as a method completely unfair to the many qualified and deserving youngsters who could suffer because of it. And I am equally opposed to the quotas system's use in other walks of American life."

"My record is clear on the question of rights for all Americans," Waldor said. "I have spoken wholeheartedly and often in support of the rights of minorities for equal opportunities in all areas of American life."

"But the establishment of a quota system that gives any group or persons an undue advantage over others is a perversion of our democratic process," Waldor said.

Waldor noted that the quota system employed at the Democratic Convention has resulted in the unseating of numerous delegates who were otherwise fully entitled to their positions.

"They were flattened by the quota steamroller - deprived of their seats by a new conformity that turns people into statistics," Waldor said.

## Area Candidate

## J. Klimaski Runs On People's Party Plank

James Klimaski

James R. Klimaski, the youngest Congressional candidate in the nation, was born on February 2, 1946, and is a lifetime resident of Bloomfield.

Jim attended St. Valentine's Grammar School in Bloomfield and Seton Hall Prep in South Orange before going away to college. During his high school years he worked as a caddy both after school and during the summer at the Forest Hill Field Club in Bloomfield, becoming the greenskeeper for the golf club over the summers of his years in college.

Jim worked his way through college as a senior library assistant supervising all student librarians. He also worked as an aide for Project Head Start. Jim graduated from Spring Hill College in

Mobile, Alabama, in 1967, with a Bachelor of Science degree in history. He has done graduate work in the field of psychology at the New School for Social Research in New York City and is a candidate to receive his M.A. degree in psychology from the New School in December of this year.

Jim became the Manager of Internal Publicity for Bamberger's in 1967. He left this job in October, 1968, because of conflicts with his grad school course load. He made himself available to do substitute teaching in the Montclair Public School system for the 1968 and 1969 school years while continuing his graduate work.

The General Drafting Company hired Jim as an editorial writer in the summer of 1969 just prior to his being ordered to active duty by the Army. Jim served two years as an Army officer. He attended the Infantry School at Fort Benning, Georgia, and the Special Warfare School at Fort Bragg, North Carolina. The remainder of his active military service was spent at Fort Lewis, Washington. While in the Army, Jim continued his public opposition to our involvement in the Indochina War.

Upon leaving the Army, Jim traveled throughout Europe visiting friends and relatives in Poland, Germany, Italy, France, and Britain. He resumed his graduate studies and substitute teaching in Montclair upon his return

from Europe.

Jim is presently devoting his full energies to building the People's Party in New Jersey as its state coordinator. He is a member of the American Civil Liberties Union, the Joseph Pionatowski Association, the Kosciuszko Foundation, the American Indian Association, the Bloomfield Committee for Peace and Justice, and the Sierra Club.

A registered Republican before joining the People's Party, Jim has a long history of political activity for his 26 years. He worked for Barry Goldwater in 1964 and Eugene McCarthy in 1968. This seeming contradiction is explained by the fact that Jim considered both men held honest, forthright stands while their opponents did not.

"I wouldn't consider Goldwater trustworthy today, but in 1964 he seemed a different person. His stand on Vietnam has always been unacceptable to me," Jim said. His independence from party domination found him supporting local Republican candidates in Bloomfield and Peter Rodino for Congress.

"After examining both major parties," Jim observed, "I have come to the conclusion that their present organization, even with the reforms of 1972, make them unresponsive to the true needs of the people of this country. In the two major parties you have to sell part of your soul before you can even be allowed to run."

# Young Democrats Hold First Anniversary Fete

The Belleville Young Democrats held their first anniversary party on August 28. The affair was held at 192 Passaic Avenue and began at 8:00 p.m.

Congressman Joseph G. Minish, Belleville's new representative, was the guest of honor and addressed the group. Commissioner Mary V. Senatore also spoke, discussing her recent role as a delegate to the Democratic National Convention.

President Larry Spinelli expressed the hope that all interested young voters join their first anniversary celebration.

## Democrats Denounce GOP Register Drive

The Essex County Democratic candidates today denounced their Republican counterparts for promoting registration in key Republican suburban areas to the exclusion of the more populous areas of the County.

The Democratic County candidates include Essex County Freeholder-iretor, Philip C. Rotondo, who is candidate for County Supervisor in the November 7 General Election and Freeholder candidates Donald M. Payne of Newark, Samuel J. Angelo of Nutley and Harry A. McEnroe of South Orange.

"Every citizen no matter what his political partisanship is justifiably disappointed in any registration canvass not applicable to all citizens of Essex County," the Democratic candidates said.

"It is not enough for the Republicans to advocate registration of voters in Glen Ridge and the Caldwell through selective newspaper releases. If we are going to have maximum registration, information and facilities, they should be provided equally throughout Essex County no matter what the proportion of partisan strength exists in any community or area," the Democrats insisted.

# Meet George Braithwaite, Dollar Stretcher:

He makes sure that contracts, coverages and records for our non-group members are up-to-date and accurate.

George is Assistant Manager in our Accounts Processing Department. Supervising the work of 15 people in our Subscribers Adjustment Unit, George is responsible for seeing that the records for our more than 400,000 Non-Group subscribers are constantly up-to-date.

And keeping accurate records is vital to providing fast, efficient service. Working with our modern computer system, George and his staff process changes in addresses and changes in method of payment. They also initiate any refunds in certain cases when subscribers transfer from direct pay to group coverage.

Thanks to people like George and our other dollar stretchers, the operating expenses for New Jersey Blue Cross and Blue Shield are only a few pennies of each membership dollar. About one-third the operating expenses of commercial health insurance companies.

George Braithwaite. It's your dollar he's stretching. He's another reason New Jersey Blue Cross and Blue Shield deliver more health care for your health-care dollar.

## BELLEVILLE TIMES

**Sunbank Newspapers**

ESTABLISHED 1894  
FRANK A. ORECCHIO, PUBLISHER  
SUNBANK BUILDING • ONE TOWN HALL SQUARE  
PRODUCTION OFFICES: 763 BLOOMFIELD AVENUE  
• MUTLEY, NEW JERSEY 07110

Dear Students:

For years, most Belleville citizens going away to college have taken The Times with them. It has been, and still is, the best way of keeping informed about happenings back home — whether it be who won last week's football game or who just got married to whom.

But this semester, there's a new reason for taking the Times back to the campus. The Times has always been well received by the young citizens of Belleville. We appreciate your support. Right now we are planning special political coverage for the months ahead — special coverage to insure that you know exactly how candidates feel on issues important to the young citizens of our town.

While you're away from town, you can also use the letters-to-the-editor column to express your views, as well as read how other students and citizens feel about local events and the way they're presented by The Times.

In short, we're going to be around town while you're away — and now more than ever, we're striving to serve you better. We hope we will be joining you on campus too.

*The Belleville Times*

### Lee Hoffman Making Debut With Players

Lee Hoffman, a resident of Nutley, will make his debut with the Studio Players of Essex County in the upcoming production of "There's a Girl in My Soup" opening Monday, and continuing through September 30. A member of the Nutley Little Theater 10 years, Hoffman has appeared in "Barefoot in the Park," "Guys and Dolls," "Harvey" and "Dial M for Murder." He is currently the head of the language dept. at Kearny High School and enjoys skiing, tennis, record collecting and traveling.

### Democrats Denounce GOP Register Drive

The Essex County Democratic candidates today denounced their Republican counterparts for promoting registration in key Republican suburban areas to the exclusion of the more populous areas of the County.

The Democratic County candidate included Essex County Freeholder-Director, Philip C. Rötundo, candidate for County Supervisor in the November 7 General Election and Freshfield candidates, Donald M. Payne of Newark, Samuel J. Angelo of Nutley and Harry A. McEnroe of South Orange.

"Every citizen no matter what his political partisanship is justifiably disappointed in any registration canvass not applicable to all citizens of Essex County," the Democratic candidates said.

"It is not enough for the Republicans to advocate registration of voters in Glen Ridge and the Caldwell

through selective newspaper release. If we are going to have maximum registration, information and facilities, they should be provided equally throughout Essex County no matter what the proportion of partisan strength exists in any community or area," the Democrats insisted.

"It is the belief and the policy of the Essex County Democratic candidates that registration be conducted in every community and every sector of the County on a full and enthusiastic basis to the end that every eligible citizen be encouraged to vote for the individuals and the party of their choice.

"If democracy is to work and if we are to have representation through a majority then we must have every eligible citizen in a position to cast a ballot on November 7, and we say that they should all be encouraged to fully exercise their franchise.

"In fact, we encourage registration in every area of the County because we have full faith in the intelligence of the voters of Essex County. We do not believe in selective registration and we protest this apparent selective policy as advocated by our Republican opponents," the Democrats stated.

### Waldor Warns Quota System Is Repugnant

Waldor issued his statement on the Democrats' use of the quota system as he returned over the weekend from the Republican National Convention in Miami Beach.

"I was struck with the contrast between the quota system philosophy of a McGovern, with whom Representative Minish is allied, and the open and really democratic with a small 'D'—convention run by the Republicans last week," Waldor said.

"Nothing is more repugnant to me than the forcing of human quotas, whether it be at a national convention or in the fields of employment and education," Waldor said.

"As a member of the State Legislature I fought against the imposition of quotas on the admissions policies of our colleges as a method completely unfair to the many qualified and deserving youngsters who could suffer because of it. And I am equally opposed to the quota system in the ranks of American life."

Milton A. Waldor, Republican candidate for Congress in the 11th district, today warned that the quota system used by the Democrats at their National Convention was a sample of the philosophy which elected Democrats would follow in office.

"The quota system approach imposed on the Democratic Convention gives us a taste of what we could expect nationally under a McGovern Administration, and in the 11th District under the representation of my opponent," Waldor said.
