McGovern Woos Voters With Visit To Fountain

Golden Comments

By James R. Golden

Under one of the heaviest security operations in Belleville's history, Democratic presidential hopeful Sen. George S. McGovern came to the Fountain Restaurant to woo the Italian-American vote at a luncheon in his honor.

With 500 supporters and nearly a 100 members of the press jamming the restaurant, the atmosphere was hot and smoky, befitting the stretch put to a presidential election, as guests waited for the arrival of the Senator.

But despite the confusion, there were clear signs the affair was closely policed by a host of local, state and federal lawmen, including the entire Belleville Detective Department and 20 patrolmen and officers. Secret Servicemen and State Security officials, stern-faced and hawk-eyed, examined every package and camera that was brought into the affair.

The affair was sponsored by Essex County Italian Americans for McGovern.

Food, humor was all-Italian, down to the patches with Italian and American flags worn on men's lapels.

Crowded near the rostrum was nearly 100 members of the press, including television crews and a documentary film crew from Italy.

McGovern showed up late in his black limousine and was quickly hustled into the main room, where it took him nearly 15 minutes to work his way to the rostrum through well-wishers.

Lottery Drawing To Be Held Here

The state lottery drawing will be held in Belleville next Thursday, Nov. 20, when officials will pick the winning weekly number at the Grants Shopping Plaza. The drawing is being run in conjunction with the Kiwanis Club Football Homecoming week.

According to Mayor Joseph McGreevy, he was contacted by state lottery officials last month that the drawing would be held in Belleville. State representative, after surveying several sites in town, chose the Grants Shopping Plaza as the most suitable location. The winning number will be picked at 11 a.m. next Thursday at the south side of Grants in the plaza parking lot. The public, of course, is invited and local dignitaries, including the entire Board of Commissioners, is scheduled to observe the drawing.

Besides the lottery drawing, the other highlight of Homecoming Week in Belleville is the parade Saturday Nov. 4, from Town Hall to Municipal Stadium. Homecoming Week festivities will culminate with the playing of a football game with Belleville High School pitted against powerful Seton Hall.

Another feature of Homecoming Week, sponsored by the Kiwanis Club, is the crowning of a Homecoming Queen. The Key Club at Belleville High School chose the queen and she will be crowned at ceremonies tomorrow night.

Belleville Officials Join Residents in Protesting Proposed Cuts in Bus Service on Routes 28, 112

All Weekend Newark Runs Are Affected

By Phil White

Despite objections of town officials and residents, one couldn't help but leave last week's PUC hearing on Nutley-Belleville-Newark bus service with the feeling that it's only a matter of time before Transport of New Jersey is granted its wish to eliminate Sunday service on the 112, and Saturday runs on the 28 route.

Both Nutley Mayor Carmen Orechio and Belleville Mayor Joseph McGreevy addressed the PUC hearing staged in Belleville Town Hall Thursday night. But the overall hearing itself gave the impression of being so orchestrated that if ever a public meeting could be called a waste of time, this was it.

With several hearings already held around the state, the PUC staff and the Public Transport representatives

Senator: "Iron Things Out"

Housing Plan Hits Snag At Belleville Commission

by CRIS FARLEY

Claiming "insufficient study" by Belleville Board of Commissioners and the town Planning Board, Commissioner Mary V. Senator Tuesday night blocked a new attempt by Mayor Joseph McGreevy to limit further building construction in Belleville.

The latest amendment is designed to out building density and provide less housing per acre in town, which, according to McGreevy would "serve to add greenery, stabilize the increasing number of housing facilities going up, and in general beautify Belleville." It comes on the heels of an ordinance also sponsored by the Mayor which calls for a two-year moratorium on construction of garden apartments, and

which has been tabled by the commissioners.

Actually, according to Commissioner Senator, the idea of a density redistribution is not undesirable, but rather the way plans for the new ordinance have been handled.

"I cannot approve this ordinance until a master plan has been drawn up by the Board of Commissioners and the Planning Board together," the commissioner said after Tuesday's meeting. "In my five years here we've not off the ground yet on this plan, and we're not going to get off the ground until we can sit down and iron out many differences in the ordinance as I see it here." She also strongly favored a schedule of open hearings, held throughout the town for the benefit of those unable to get to Board headquarters because "this ordinance will affect 40,000 people."

The main snag, therefore, lies not in an incompetent amendment but in insufficient discussion prior to possible adoption. And once McGreevy agreed to hold meetings before the public hearing, tonight's first reading vote went across the board unanimously.

Reached after adjournment, McGreevy said he was only "doing his job" as board head in placing the amendment before the commission. "We spent \$25,000 in getting this study together, and I'm not going to let that go to waste," he said.

Commissioner Senator, however, says she remembers a promise by the Mayor before Tuesday's vote that the report on density requirements would be examined prior to introduction. This promise, she claims, has not been carried out.

Post Office Warns Of Deadline For Overseas Presents

Christmas packages for servicemen in Vietnam must be mailed before November 5, to insure their delivery before the holiday, Newark Postmaster Joseph J. Benucci warned. This includes troops in other parts of the world as well as their families and authorized U.S. citizens employed overseas.

Senator likes this version better than the Moratorium, she quickly points out what she terms "a few discrepancies." For example, if the amendment in it's present form goes through, no more apartments will be built in areas zoned for industry.

What that would mean is that in the valley there would be no

more apartments, only one and two-family homes and the female commissioner sees that as an indication only that "We're heading toward a higher tax rate because houses mean more children at \$836.00 for each one. In any case," said the commissioner, "in all fairness to the people of Belleville, we have to iron this thing out."

After 1st Win

Bellboys Face Orange Next

After an impressive victory over a tough Irvington eleven last Saturday, the Bellboy varsity griders are looking to make it two straight wins when they travel to Orange High School to battle the undefeated Tornadoes. Game time is 1:30 p.m. Saturday.

Orange is rated the third best squad in Essex County by several grid polls and the Bellboy defense, one of the stingiest units in the area, will get its toughest test of the Fall season. Although Belleville is rated a definite underdog for the Saturday encounter, Bellboy head coach Rocco Caffone believes his team can upset the Tornadoes.

"If we duplicate the effort we put forth against Irvington we can beat Orange," he predicted. "Orange has an even balance of running and passing so we will have to stop both aspects of their game. They also have a stable defense, and it will be up to us to score points."

The Bellboy offense finally got untricked the past couple of weeks after suffering a

scoring drought the first three games and coach Caffone is confident his unit can put points on the board. Last Saturday against Irvington though, was the first time the Bellboy defense and offense got coordinated as the Blue and Gold defenders shut out the Campers while the offense

Demos Set Geraldo Rivera

Geraldo Rivera of Eyewitness News is scheduled to be the guest of honor at An Evening for McGovern-Shriver and the Democratic Team to be held at 8 p.m. Friday at Parrillo's Restaurant, 104 Harrison Street. Democratic candidates from Essex County will also be present.

Tickets are available at Democratic headquarters, 78 Washington Avenue and by contacting Laura Baker at 751-4953 or Joan Shrensky at 751-4345. The donation is \$7.50.

Montgomery Celebrates Its 50th Anniversary

Montgomery Presbyterian Church last week celebrated its 50th anniversary with a dinner Saturday and special services on Sunday. Honored at the dinner program were several past ministers and charter members.

Located at 638 Mill Street, the Presbyterian Church in October of 1922 granted the then Montgomery Chapel the

full status of an independent church. Prior to that time, it had been a chapel to the Westminster Church of Bloomfield.

Highlight of the anniversary was a Celebration Service with messages delivered by the former pastors as well as the present pastor. Howard B. Day Jr.

Revolutionary Past Viewed At Reformed Church Here

By Allan Crisp

This area's oldest church, Belleville Reformed, celebrates its 275th anniversary this month and our Town Historian, Allan Crisp, takes us back to when the church served our country during the dark days of the Revolutionary War.—Ed.

It is quite proper and fitting that Belleville salute the Belleville Reformed Church upon its 275th anniversary. During the Revolutionary War, the British occupied New York City for seven years and 30,000 troops and daily foraging expeditions took place in this area. In fact, more skirmishes took place along the banks of the Passaic than any other place in the Colonies.

Fascinating legends persist, among them the story that General Washington in his disastrous retreat across New Jersey stopped in for a few moments of prayer when he passed through Belleville, then known as Second River. Also the fascinating legend, handed down from father to son, that a shaft was sunk in the basement of the church, making contact with a gallery of the Schuylker copper mine under the river and obtaining desperately needed copper to help finance the Revolution.

A story based on fact tells of the church serving as a rallying point for the embattled farmers who, when the bell in the steeple was rung, would drop their pitchforks and pick up their blunderbusses. In fact, Captain John Spear, on sentry duty in the steeple, killed a spy when one shot as the Loyalist waited for the ferry on the other side of the river.

Let us look around the cemetery, where 62 Revolutionary officers and men are buried.

Here lies Josiah Hornblower, pioneer engineer and distinguished colonial citizen. A member of the Continental Congress, he brought the first steam

engine to America to pump water from the Schuylker copper mine. In later years, he supervised the building of the first steam engine in America in Belleville.

Colonel Robert Rutgers, buried in the Rutgers plot, was the Belleville for whom Rutgers College was named. In 1840, Queens College was in financial trouble. Colonel Rutgers gave them \$5,000, and to express their gratitude, they changed the name of the college to Rutgers.

Another plot holds the remains of the Cortlandt family, for whom the Van Cortlandt-Van Rensselaer Mansion was named when it was built in 1683, just 17 years after Newark was settled by Robert Treat.

The Belleville Powder Works, at Main and Mill Streets, was owned by the brother of Commodore Stephen Decatur, naval hero, and supplied considerable powder for the War of 1812. The plant was leveled when it blew up in 1814 and William Coventry and several other victims are buried here.

Robert Agnew Law, a descendant of the Hornblower and Stephens families, who was a Belleville young man who went around Cape Horn in a sailing vessel in 1849 to the gold fields of California. The exciting journey took five months, 18 days, and he recorded the details in a diary of which I have a copy. One of the oldest stones bears a skull and crossbones and is dated "November ye 14, 1746, Phoebe Jones, aged 32 years, and four of her children by her side."

Tombstone inscriptions are weatherbeaten and difficult to decipher. Here are a few choice ones:

Joseph Miller, June, 1809: "Earth hidest long time he did explore But now returned to dust, he is no more, A

man whose useful life much comfort gave. Though now interred within the silent grave. To wait the trumpet sound the last alarm, Then rise to meet his Savior's outstretched arms; Weep not my kindred but prepare, like me, To change this life for immortality."

Rachel Miller, his wife, 1808: "At home my husband and my children dear, I must lie here till Jesus Christ appears, And at his coming I do hope to have a joyful resurrection from the grave."

Rebeckah Kirker and two month old son, 1800: "Let friends no more our fallerings mourn, Nor view our relics with concern, O cease to drop the pitying tear, We've passed beyond the reach of fear."

Mary Hamilton, a 14 year old girl, 1827: "Afflictions sore long time she bore, Physicians were in vain, Till God did please to give her health, And free her

from her pain."

Margaret Spear, December 1831: "Forgive, blest shad the tribuay tear, That mourns thy exit from a world like this, Forgive the wish that would have kept you here, And stayed thy progress to the seat of bliss."

Last, but not least, a touching tribute to four very young children lost during a period of eight years. The stone is in the shape of a waist high brownstone lectern holding an open bible. The inscription reads: In Memory of our Babes (with engraved rosebuds) MARGARET, daughter of Theodore and Margaret Sandford died Feb. 23, 1851, aged five months, six days; ROSEWELL VANRIPER, died April 12 1854, aged one year, two days; HENRY, died March 17, 1856, aged one year, two months, 7 days; WILLIAM VAN RIPER, died March 7, 1859, aged 1 year, 9 months, 7 days.

PUC Expected to Okay Belleville Bus Cuts

(Continued from Page 1)

the PUC has been granting Transport of N.J. its requests for bus service cutbacks which the firm says is part of the aftermath of this year's 75-day strike by drivers. Just this week, in fact, PUC President William E. Ozzard announced that Saturday service on a No. 17 line between Hoboken and Union City would be eliminated.

Art Museum Schedules
Modern Painting Series
"Henri Rousseau", the fifth film in the "Pioneers of Modern Painting" series, will be shown at the Montclair Art Museum on Wednesday, November 1, at 2, 3 and 8 p.m.

The two afternoon showings are being offered next Wednesday because the museum Women's Committee event that day is expected to draw a considerable additional audience for the film. The series, written and narrated by Kenneth Clark, has been showing to capacity audiences each week since it began on October 4.

The Belleville hearing listened to about a dozen residents testify that were 28 and 112 service discontinued completely on weekends, they'd face long walks to alternate routes, face lengthy delays in remote spots waiting to make transfers, and in some cases, residents said they'd be totally unable to get to work or places to shop.

Mayor Orechio offered a petition signed by 425 Nutley bus riders, the PUC Examiner, John Cronchey, said the petition was out of order. Orechio said the riding public is "continually faced with fare increases and conversely, service is decreased."

Mayor McGreevey said the 28 route services the western portion of Belleville, "a part of town which was developed early and where many senior citizens live today. They will have absolutely no way to reach the downtown area if the 28 is discontinued."

Mayor McGreevey said merchants along Washington Avenue in Belleville "felt the pinch" during the 75-day bus strike because "our people can't get to the center of town. It's totally unfair."

Belleville Municipal Attorney John Scott joined all

members of the Town Commission at the hearing. Scott noted that surveys taken by Transport of N.J. on the 28 and 112 lines "were all made during periods of inclement weather."

Residents said tickets given out by bus drivers are frequently stamped with incorrect dates. "I don't see how Public Service can say their survey is accurate when they don't even have the right dates."

Another Belleville resident noted that on two of the four Sundays service on the 112 line was surveyed. "It was snowing. You know on a snowy Sunday people are not going outside and travel on a bus unless they absolutely have to."

Other residents spoke of inconveniences in reaching Clara Maass Memorial Hospital, and Soho Hospital, both on the 28 and 112 lines. One resident, Mrs. Eleanor Hackett, proposed a rerouting of the 13 this Broad line should service on the 28 and 112 be curtailed. Basically this plan would reroute every third or fourth No. 13 bus off of Washington Avenue at Joralemon Street, west to Franklin Avenue and then north through Nutley along

the same streets used by the 28 line.

Public Transport officials seemed intrigued with Mrs. Hein's plan as did some of the officials attending.

The PUC can be expected to announce its decision on discontinuation of weekend service on the 28 and Sunday service on the 112, within the coming week.

Group Schedules French Travel Film At Montclair H.S.

"France Is More," a travel film narrated in person by its producer, Arthur Wilson, will be the third film shown on the Unity Institute Travel Course at Montclair High School auditorium, tonight at 8:15.

This film is much more than Paris and the Riviera. It takes the viewer into seldom filmed interiors of famous landmarks and behind the doors of science and industry to capture significant but unknown views of France and its people.

When Wilson was a G.I. in France, he was befriended by a French family and lived with them for five months. Understandably this film reflects all the warmth and friendship he feels toward France. He shows French cowboys and fishermen in action and Spanish style bullfights in contrast to the amusing native French bull games.

The Wind From The North
Is Strong and Proud,
And pounds on my door
In a fashion loud.

—Anne Lawler

November, was formerly the ninth month in the old Roman calendar and when Pope Gregory revised the calendar it became the eleventh, though its name derives from the Latin word for nine. In American history it is also known as the month in which five Presidents were born. James K. Polk, 11th President, was born on the 2nd in 1795, in Mecklenburg County, N.C., but grew up in Tennessee, where he represented in Congress and as Governor. He was the first "dark horse" ever to be nominated in a Democratic Party convention, at Baltimore in 1844 while Martin Van Buren was denied the nomination by adoption of the two-thirds nominating rule (which was used until '96 when supporters of Franklin Roosevelt discarded it.)

Warren G. Harding, 29th President, was also born on the 2nd, at a farm in Morrow County, Ohio, in 1865 the year the Civil War had ended. Harding was a dark horse selection at the 1920 Republican convention, after having served in the Senate and as Governor of Ohio. James Abram Garfield, 20th President was born in Cuyahoga County, Ohio, on the 19th in 1831, descended from Massachusetts ancestors. He was elected President as a Republican

in 1880, and was assassinated in 1881. Franklin Pierce (pronounced purse), 14th U.S. President, was born on the 23rd in 1804 at Hillsborough, N.H., and served his state in various capacities, resigning a U.S. Senate seat because the pay was insufficient. He was nominated and elected as a Democrat in 1852. He attempted to annex Cuba, tried to pacify North and South, but was not renominated by his party. He became very critical of Lincoln during the Civil War. Zachary Taylor, 12th U.S. President, was born in Orange County, Virginia on the 24th in 1784, preceded Pierce as President. He was a military hero in the Mexican war, son of a Revolutionary War officer of Virginia, grew up in Louisville, Kentucky (then Virginia), and won a great victory over the Seminole Indians in Florida, dying in office in 1850.

November also contains Thanksgiving Day, this year on the 23rd. And it is always election month in the United States.

The first American Catholic bishop, of the famous Carroll family in Maryland, was appointed November 6th (or 14th) in 1789.

U.S. troops landed in North Africa in World War II on November 7th, 1942. Congress met for the first time in Washington, D.C., on the 17th in 1800. Mark Twain (Samuel Clemens) was born at Florida, Missouri, on the 30th in 1835.

Using The Milkman

A new idea with potential is utilization of milkmen for delivery of magazines. Publishers hurt badly in recent years by postal increases have initiated a pilot project in Providence, Rhode Island, to see how this system will work.

In Florida some companies are already employing local residents to deliver products, rather than the U.S. Postal Service. Like magazine publishers, these firms are unhappy with postal service or rates, or both.

There is, of course, no reason why milkmen cannot easily and cheaply deliver more products than most currently do. A

customer requiring delivery of milk, for example, can utilize a truck's trip for delivery of other regularly-needed foods or products.

Some years back fresh bread was widely delivered daily. There's no reason this much-missed service couldn't be reinstated by milkmen for those not satisfied with bread filled with chemicals to make it feel fresh.

Magazines, breads, and many other products thus might soon be available from the local milkman, a logical and gratifying development which should help both suppliers and customers.

4-Day Weeks

Dr. George Melcher, president of a non-profit firm in New York, says a four-day work week begun at his firm as a three-month experiment is a success.

Melcher says employees working nine

hour days with less time for lunch have made fewer mistakes, missed fewer work days and exhibited improved morale. (Some employees are working even longer shifts.)

Police Arrest Two Men In Local Post Office Heist

By Elaine Auerbach

ONE YEAR AGO

Belleville Commissioners tabled an ordinance that would have allowed pool halls to remain open until 2 a.m. Residents of the Washington and Overlook Avenue area complained to the Commission that the passing of the ordinance would only "worsen the unbearable condition there." The group pointed to the Guys and Dolls Billiard Parlor, 524 Washington Avenue, as a major problem in the neighborhood.

The Knights of Columbus Hall in Belleville had to be cleared for almost one-half hour due to a terrible odor in the building. An unknown person reportedly threw a "stink bomb" during an affair held for Thomas Farley, Republican candidate for Essex County Surrogate. Over 250 persons had attended the rally. The police were unable to apprehend the individual responsible for throwing the bomb.

Stacy Yaskell was to terminate her 48 year career in the teaching profession at the end of October. Of this total, 42 years had been spent at School No. 4 and School No. 8. A farewell dinner was to be held in her honor at The Galaxy on October 29.

FIVE YEARS AGO

Two armed men were arrested for allegedly breaking into the Belleville Post Office. The Belleville Police had received an anonymous phone call informing them that a peculiar light had been seen in the post office. Five police officers were sent to the scene and they found that a side-door had been jimmied. The officers surrounded the building and ordered the men to come out. The men attempted to escape but were apprehended by the police.

The Belleville Commissioner awarded a \$93,000 contract to the Realty Appraisal Company of West New York for the re-evaluation of properties in the town. Of four bids entered, only two were considered, the other being for \$94,000. Belleville had been ordered by the Superior Court to reevaluate its properties by October 1, 1968.

Sebastian "Shibby" Sica was the recipient of the Alumni Association Football Scholarship for outstanding achievement at Upsala College in East Orange. The award was presented to Mr. Sica by Wendell T. Breithaupt, president of the Upsala College Alumni Association. Sica was the son of Mr. and Mrs. Anthony Sica of 72 Naples Avenue in Belleville.

TEN YEARS AGO

An ordinance banning the distribution of pornographic material and regulating the door-to-door distribution of handbills was adopted by a vote of 3 to 2 by the Town Council. Councilmen James R. Golden and Thomas Greco argued vigorously against the measure, and dissenting voices were

heard from a few of the fifty or so citizens who were present at the meeting which ended at 1 in the morning.

The Board of Education voted 6-1 to go ahead with plans for construction of the \$2,730,000 high school despite the vehement protests of Mrs. Norma McCool, the board member who voted no, and several members of the Citizen's Tax Council. Mrs. McCool and George Brown engaged in a heated exchange over the question of going ahead with the school. Mr. Brown read a nine-page statement endorsing the plans for the school and urging the Board "not to let this veneer of concern on the part of a few self-seeking politicians scuttle and degrade the Belleville school system."

FIFTEEN YEARS AGO

Explorer Scout William P. Fisher, son of Mr. and Mrs. William Fisher of 73 Bridge Street, and a member of Post 30, sponsored by Wesley Methodist Church, qualified for the rank of Eagle Scout. Scott R. Bartholomew, son of Mr. and Mrs. Robert Bartholomew of 12 Duncan Place, Nutley, and a member of Troop 388, sponsored by Christ Episcopal Church, met the requirements for the God and Country Award.

More than 400 friends of Commissioner Kenneth D. Smith crowded the Franklin Casino to attend the birthday party arranged for the Commissioner by the members of the Kenneth D. Smith Association. Vincent Strumolo, president of the Association, presided and Thomas McLaughlin, Town Purchasing Agent, was toastmaster. The principal speaker was State Senator Donald C. Fox, who praised the humanitarian traits always shown by Commissioner Smith.

The 109th A.A. Battalion, New Jersey National Guard, located at Branch Brook Park, was to be disbanded. The personnel at the installation had been informed of their orders in early October and steps were being taken to dispose of the unit's equipment. The battalion had been at the Belleville Avenue location since 1956.

FORTY YEARS AGO

A conference with Mayor Samuel Kentworthy, Commissioner William A. Williams, Arthur James, deputy commissioner of Essex County Relief, and Robert Nehr, recreation director, was held at the Town Hall for the purpose of discussing the advisability of starting a recreation center and central distribution point for state relief in Belleville.

The high school PTA held the first meeting of the season. A musical program was presented by the high school band and a string quintet consisting of first violin, Alma Taggart; second violin, Helen Kelsall; violin, Mary Harris; cello, Marion Miller, and bass viol Rayna Maryott.

Golden Comments

(Continued from Page 1)

Let's all be good citizens. Let's vote on election day Nov. 7th, and may the best men and women win.

The Passaic Herald-News moving into Essex County. News coverage has opened a new avenue of news exposure of political shenanigans, including Belleville. Its latest reporting of land transactions affecting property on Washington Ave., in the vicinity of the newly constructed motel now involved in the controversy over the granting of a liquor license which is strongly opposed by local liquor licensees has raised questions as to what use this property may be utilized by owners who have recently acquired vested rights in the land.

The Herald-News intimates two local attorneys have acquired possession of the property, which, if true, may be sold. Could it be to the nearby Motel which would enable them to construct the necessary over 100 sleeping units required by state law to qualify a Motel or hotel for a liquor license that would supercede local liquor regulations, thus permitting within certain footage of another liquor license?

With the mounting opposition to the issuance of a liquor license to the motel by the local liquor licensees, many may protest the attitude of the land owners, should they sell for their profit, with wanton disregard to public sentiment. Many share the opinion that local public officials and bar members should be responsive to the prevailing views and thinking of our local residents above their better profit motives.

Rapid growth of government labor unions seems to be the order of the day. Public employees are now in politics to stay, and their activism will speed up the recent growth of government labor unions.

Already 11 different unions organizing public employees, including, besides teachers, such groups as postal, transport and hospital workers, plus mailmen, policemen, firemen, sanitation men, child defense workers and so on. Put together you get 14.4 million government employees.

Existing already there are 11 different unions organizing public employees. Most of them are the 2.3 million teachers belong to the National Education Association (1.1 million members) or (300,000) of the American Federation of Teachers group.

The effective among the better public employees, though, still in the early stages, could, ultimately rival in size the AFL-CIO.

The conservatism of past time leadership has held back the growth of the movement, especially among the teachers.

Times, however, are changing. Constitutions are being changed to eliminate "no-strike" rules. The old leadership is, likewise, being challenged by the lively rivals of the American Federation of State, County and Municipal Employees group, one of the first AFL-CIO unions to become active in this field.

The teachers have become tight because Nixon vetoed three educational bills. They think he had "calculatedly disregarded" the whole field of interest, with the chief complaint of other employees similar.

The public employees gripe is summarized in language: "This administration has already put the federal work force through the wringer: reductions-in-force, downgradings, assaults on the merit system, nonfilling of vacancies and dismantling of state and federal programs on federal workers."

Joseph Gleason, Vice-President of the American Federation of Government Employees, said, "Our people have been reduced to economic serfdom by King Richard." They still can vote, however, he stressed.

What's the complete story about possible town and school Board sharing computer time on any new Townwide computer may be purchased? Are all members of both town boards apprized of all the facts of such a purchase should it come about?

Venerable octogenarian Joe Guliana of 69 Linden Ave., narrowly escaped serious injury while walking on sidewalk along Linden Ave., as a large decayed limb fell from one of the town's shade trees. A parked car sustained minor damage, while Mr. Guliana, although unharmed was "shaken-up" and nervous from the scare.

Police having been called, apparently notified town shade tree dept. which got quick response, because they came on next day to trim the faulty tree. All of which confirms my complaint about the neglect and lack of proper care being given the town's shade trees. How about it Mary? Let's forget politics for a spell and see to it our trees receive proper care.

Reliable reports have it that public safety lads, our police and firemen, are bidding for a pay increase of \$1,500.00 spread over a period of two years. This was no doubt brought about largely by those fancy salary hikes given supervisory Board of Education personnel.

The boys in blue aren't too pleased with their Director's detached aloofness and may petition the entire Board of Commissioners for an audience to discuss the matter.

Seems the present Public Safety Director has too little time to spare from his busy drag store to even meet with the rank and file of his departmental brethren. This is so unlike the warm personal contacts shared between the men and Safety directors like Mayor Smith, Comm. Harry Sullivan and Lou Noll, before him.

Getting this copy out has been difficult. What we all those who read the World Series play, especially, with the night games and then awakening to a 3:30 A.M. alarm. It's rough.

The Bugging

The much-publicized bugging by a group interested in President Nixon's reelection, of Democratic Party offices in Washington, is being sensationalized by the New York Times and Washington Post as the scandal of scandals.

There's no question that anti-Democrats went too far; they have been properly indicted, not protected, and the law will take its course. But bugging, while wrong, is no worse than stealing secret government documents, which papers encourage by printing them.

Thus the holier-than-thou campaign of these two anti-Nixon giants lose some of its credibility, when one views the full picture.

News organizations, which exploit dubious practices are not convincing when they seize upon an event among their opponents to build a major campaign against them.

Here's Some Predictions On Essex Election Returns

County Democrat ticket could win by a 1,000 or 2,000 vote majority.

Despite the fact that Newark is an overwhelming Democrat city, most of the community's professional politicians expect the Democrat candidates majority to be held down to a figure somewhere between 10,000 and 15,000 votes. This result will be a moral victory for the Republicans and should ensure the election of the Republican ticket in Essex County. Newark voting results will determine how the County goes.

Congressman Peter W. Rodino, Jr. is going to win re-election by one of the biggest majorities he has polled in the 24 years Peter has served in the Congress. Campaign after campaign, outstanding Republicans have attempted to wrest the Congressional seat away from Rodino - and even during the great Eisenhower election years the Republican Party was unable to dislodge Rodino. There is nothing appearing on the horizon today that could affect Rodino's reelection. Republican Kenneth Miller is waging a vigorous campaign against Rodino but redistricting made the new 10th Congressional District a black vote district where some precincts return 105 votes for the Democrats and no votes for the Republicans. Against this history of voting results Miller simply has no chance despite his earnest efforts and clean campaigning.

DELTA TOOK OVERBOOKING airlines a few months ago. Sunday night I took Delta Flight 288 from Fort Lauderdale to Newark and we couldn't get off the ground in Fort Lauderdale because of a defective switch. After about a two hour delay we boarded an aircraft which was flown up from Miami. On board with his unlimited bag of tricks was Keamy Observer co-

publisher Ted Wales who made the delay time seem like nothing at all. Helping us pass the time were four of the most gracious stewardesses with whom I have had the pleasure to fly. A freckled-faced Irish colleen senior stewardess Kathleen Kenley was in charge of the passenger cabin crew of stews made up of Angi Jordan, Cheryl Doss and Clara Holmes.

The girls were on duty since 4:00 p.m. At 2:40 in the morning the girls were still going strong, and incidentally while they were grounded for two hours they received no extra pay. The crew receives pay only when the motors are running.

In a hundred thousands of miles of air travel that I have logged during the past seven years I have commuted between Fort Lauderdale and Nutley, I have never seen such a hard working senior stewardess as Kathleen Kenley. As the boss of the crew Kathleen could have called on any one or all of the girls to assist with serving the first-class passenger section of the plane. Would you believe that this redheaded beauty the first class section all alone serving drinks, food and pillows. Whatever airlines do to express special appreciation to their employees for service beyond the call of duty, Delta should do for Kathleen Kenley.

Anytime she wants to leave Delta there's a job open for her at the Sunbank Newspapers. Not too far behind in performance was brunette Angi Jordan, a suave Bostonian, and Clara Holmes, a petite, curly-headed blonde. The second blonde stew, Cheryl Doss, is a rookie with only three months service but despite her lack of experience her heart was in her work. All in all it was a great crew and the boys up front on the flight deck also were superb.

ELECTION DAYS less than two weeks away. At this writing Richard M. Nixon is expected to be re-elected to the Presidency with the kind of plurality that Lyndon B. Johnson shellacked Barry Goldwater back in 1964. The concern of the Nixon campaign managers is the possible failure of Nixon voters to visit the polls and vote on Election Day.

U.S. Senator Clifford P. Case should have an easy time winning re-election. Don't be surprised if Cliff Case beats his opponent by a million votes.

In the hotly-contested Congressional campaign which pits Congressman Joseph P. Minish against former State Senator Miltron A. Waldor, the professional politicians see Minish as the winner. Folks close to the Waldor campaign say that Waldor is going to be the District's new Congressman. Before Congressional redistricting, Nutley, Belleville and half of Newark were represented by Congressman Peter W. Rodino, Jr. This was in the days when Nutley and Belleville was part of the 10th Congressional District. For the first time these two communities are part of the new 11th Congressional District. Both Minish and Waldor have good public records. Both Minish and Waldor are men of integrity, excellent character and proven ability in the public arena.

Government philosophy and voting records are the two things that divide the candidates. Waldor, a lawyer, is a Republican who believes in and supports President Nixon's domestic and international policies, although Waldor does not buy everything that Nixon

Honeymoon In Montego Bay For Mr. and Mrs. J.E. Bodden

Mrs. James Bodden - nee Linda Skwirut.

Miss Linda Grace Skwirut, daughter of Mr. and Mrs. Edward Skwirut of 207 Forest Street and James E. Bodden of Towaco were married October 14 in St. Mary's Church, Nutley.

The Rev. John Goding of East Orange Catholic High School, performed the ceremony which was followed by a reception at Wayne Manor, Wayne.

Escorted by her father, the bride wore a gown of white satrapeau and Alencon lace fashioned with a high-Victorian neckline, lantern sleeves and detachable train. A matching mantilla trimmed with lace and pearls was held by a Camellia headpiece and she carried white daisies and roses.

Miss Diane Skwirut of Belleville was her sister's maid of honor. Bridesmaids were Mrs. Frank Lenzi and Mrs. Edward A. Skwirut of Belleville, Mrs. Ronald Pascrell of Clifton, Mrs. Ralph Savastano of Pompton Plains and Mrs. James Christiano of Verona. Flower girl was Jo-Ann Gaudio of New Market.

Their gowns were of apricot dotted swiss with empire waists and trimming of white lace. Matching picture hats and bouquets of autumn flowers completed their ensembles.

John Turbolski of Towaco was best man. Ushering were Robert Panza, Joseph DiVincenzo and Edward A. Skwirut, brother of the bride, of Belleville, Charles Kucinski of Nutley and Mr. Savastano. Craig Turbolski of Towaco was ringbearer.

Mrs. Skwirut chose a Nile green beaded, pearl de soie gown with silver accessories. Her corsage was a white orchid.

Mrs. Bodden, a graduate of New York Foundling Hospital School for Infant Care Technicians, is with St. Vincent's Hospital, Montclair.

Mr. Bodden, an alumnus of Nutley High School is president of Garden State Express Trucking Corp., Hoboken. He served in the Navy.

The couple honeymooned in Montego Bay, Jamaica, and have made their home in Verona.

Open House This Evening At School 8

School No. 8 H.S.A. will have Open House on October 26, at 7:15 p.m. All parents are invited to visit the classrooms and the school library.

The regular business meeting will follow at 8:00 p.m. in the auditorium. Guest speakers will be Mr. Zampardi, school psychologist and Mr. Pico, research consultant for Project Heartbeat.

Refreshments will be served by the fifth grade classroom on October 7. Election Day, there will be a make-a-sole all day.

Cahill Urges All Citizens Observe Clean Air Week

In his proclamation declaring October 15-21, as Cleaner Air Week in New Jersey, Gov. Cahill indicates that air pollution "can cause asthma, make people more susceptible to infectious respiratory diseases" and "contribute to many chronic respiratory diseases such as chronic bronchitis, emphysema, lung cancer, and heart diseases."

Mrs. Wisbeski And Her Otters Appearing Nov. 4 At Library

The splash splash you'll hear in the Children's Room of the Belleville Public Library next month will be real as two lively trained otters go through their paces. The library is presenting "Mrs. Wisbeski and Her Otters" as its monthly special program for children on Saturday, November 4th at 10:30 a.m. and 12 noon.

Mrs. Dorothy Wisbeski, an author and librarian, has raised and trained otters for many years. Her delightful experiences in living with

these playful water-loving animals have been the basis for two popular books: *Okee the Otter* and *Picaro, a Pet Otter*. Both of these books are presently available in the Children's Department of the library.

Admission to either performance - 10:30 a.m. or 12:00 noon - is free but by ticket only because of space limitations. Children may pick up free tickets at the library any time after Saturday, October 28th on a first come first served basis.

Elm Leaf Beetles Are Out Now, Unwelcome, Uninvited Guests

These small beetles with yellow stripes on their back may become unwanted guests in your home in the next few months, warns William F. Munk, senior county agricultural agent of Essex county.

The beetles appear in late July and August. During this period as well as in September they search for comfortable

quarters in which to spend the winter. What finer atmosphere than your home could an elm leaf beetle find?

Did your elm trees wind up with leaves that you can see through this year? If so, they were probably skeletonized by larvae of the elm leaf beetle. A household spray of chlor-dane will stop them in their tracks in the home.

REP. JOSEPH MINISH (left) chats with his campaign manager, Donald Fox of South Orange. Fox, an attorney and former State Senator, is serving Minish in this capacity for the third time.

S. Orange Man Set As Top Minish Aide

Donald G. Fox, of South Orange, has been named campaign manager for Congressman Joseph G. Minish who is seeking reelection to the United States House of Representatives from the 11th Congressional District.

This will be the 3rd time that Fox, an attorney in Newark and former State Senator, will act in this capacity. In announcing the appointment, Congressman Minish stated: "I am honored that my good friend Donald Fox has consented to serve again as my campaign

manager. It is characteristic of his sense of publicity that he is willing to accept the personal and professional sacrifices that the post will demand in this crucial election year. His long and illustrious service to the Democratic Party and the State has won Senator Fox an enviable reputation throughout New Jersey. I am fortunate to have him associated with my candidacy and we pledge a hard-hitting, clean campaign based upon the issues."

Senator Fox stated: "I am eager to participate in the effort to return Joe Minish to

office. Residents of the old 11th District which Congressman Minish has served with distinction since 1963 are aware of his very real understanding and sympathy for the aspirations and anxieties of the average citizen. He has proved an extremely able, aggressive champion of the public interest and has initiated and fought for programs beneficial to urban dwellers. He combines legislative skill and seniority accruing from ten years of dedicated service with the enthusiasm and energy that marked his first term. I am confident that the electorate in the new 11th District will return Congressman Minish to office by a resounding majority."

Senator Fox is a senior member of the law firm of Fox, Schackner, Neagle and Mastrangelo and counsel for the Village of South Orange. He is a former president of the Essex County Bar Association and has been active in numerous civic and humanitarian causes.

Klimaski Urges Defeat for Bonds

"The Transportation Bond Issue must be defeated," so stated Jim Klimaski, People's Party candidate for Congress in the new 11th District. Klimaski was referring to the \$650 million transportation-fund proposal to be voted on by the citizens of New Jersey this November 7.

"The real transportation issue of the people of this state, which are not now being served by the New Jersey Department of Transportation, will continue to go unmet under the terms of this proposal," Klimaski asserted. "At a time when badly needed mass transportation services already inadequate, are being curtailed still further, the main impact of this bond issue would be to add even more to the existing problems of crowded highways, congested urban traffic, and air pollution caused by automobiles, the largest single contributor to polluted air."

"While those citizens who cannot afford or are unable to operate automobiles are encountering increasing difficulties in traveling between their homes and places of work, shopping and entertainment areas, and other places they need or wish to get to, this proposal, whose supporters claim would be such a great boon to public transportation, would in reality allot only \$240 million to mass transit, as opposed to the \$410 million it would provide for

highway construction."

Klimaski further said that the funds earmarked in this proposal for highway construction would go to finance projects already under way and previously financed. "In considering this bond issue,"

YOU WILL STOP SMOKING ON NOV. 25

If you join the JACQUELYN ROGERS SMOKEKENDERS Seminars starting in your area, (or, of course, you may stop smoking without SMOKEKENDERS, if you'd rather).

The trick is: HOW YOU FEEL AFTER YOU STOP. If you want to stop without "climbing the wall" and with a feeling of reward — and, best of all, WITH A SMILE — then come to find out about the JACQUELYN ROGERS SMOKEKENDERS METHOD.

and bring your cigarettes! Remember, this is the method that requires you SMOKE AS MANY AS YOU LIKE while you learn how to break the habit in small, manageable segments. Step-by-step. At risk of being totally unbelievable, we'd like to mention that SMOKEKENDERS is FUN, too. It's hard to imagine quitting being fun, isn't it?

come to a FREE Exploratory Meeting in your area. (No kidding — FREE to find out because we know YOU CAN'T PUSH A SMOKEK into quitting. We don't push. But let us warn you! Most smokers who come to find out about the JACQUELYN ROGERS METHOD find it makes a lot of sense, and they can't wait to start!)

If you happen to miss the FREE Exploratory Meeting, come to a FREE Mini-Briefing before the Seminar Starts — and decide then. And it won't hurt a bit. We think smokers are great and treat them with fondness and respect. You see, we were all smokers ourselves who did it with SMOKEKENDERS. SO COME, but don't expect any of that Score business or Willpower stuff. And bring your friends. They may thank you for a lifetime...

Democrats Vow To Rid Favoritism

A pledge to remove "political favoritism" from the Essex County Vocational School system and return it to the "merit system" was made by Essex County Democratic candidates today.

The Democratic candidates include Philip C. Rotondo who is running for County Supervisor and three Democratic candidates for Freeholder, Donald M. Payne, incumbent Freeholder Samuel J. Angelo and Harry J. McEnroe. All of the Democratic candidates are businessmen.

"As members of the Essex County business community we have watched with alarm the continuing decay of the Essex County Vocational

Waldor Claims Foe Misleads Public In A Last-Ditch Effort

Milton A. Waldor, Republican candidate for Congress in the 11th District, today issued a "warning to voters that my opponent is preparing a series of blatant appeals to religious and ethnic groups in the district in order to prevent his defeat."

Waldor said that his Democratic opponent, Rep. Joseph Minish, had "already issued a series of false

statements through his subordinates at public meetings concerning my attendance and voting record in the New Jersey State Senate."

"These statements are a complete distortion of my legislative record, of which I am very proud," Waldor said. "On the basis of my opponent's demonstrated campaign tactics, we can expect a last-minute onslaught of grossly misleading material in the press and in the mail," Waldor said.

"I urge the voters of the 11th District to reject any crude, last-minute mailings

based on personal attacks rather than discussion of the issues," Waldor said.

Waldor said, "What are Mr. Minish's views about the alarming proposals of the Democratic presidential candidate, Sen. McGovern? How does he stand on the McGovern giveaway approach to welfare, on the McGovern \$100 billion spending program, on the McGovern disarmament program that would weaken our allies in Europe and Israel?"

"How does Mr. Minish

explain his views on busing of school children to achieve racial quotas when he voted in Congress for strong busing measures?"

"These are the issues we should be discussing," Waldor said. "Instead, we get outrageous statements of the kind that are made by a candidate when his campaign has reached the desperation stage."

This is the time of year when all those who are alive should get out into the great outdoors.

WE NEED THIS MAN

There is a respected Representative in the Congress of the United States who has served his country, his state, his district faithfully, effectively and well. U.S. Congressman Joseph G. Minish, came up the hard way. It was a stony path that beset this son of an immigrant coal miner. But he made it. He made it through hard work and integrity. He set his sights high and he finally realized his ambition. His loyalty to the well-being of all America has earned him the respect of his colleagues in the House of Representatives, Democrats and Republicans alike.

With a devotion to the needs of his constituents, he returns each week-end from Washington to his district to be available for conferences and consultations with the people of the 11th district who need his help. And they invariably get it. Look at Joe Minish's record in Congress:

Congressman Minish co-sponsored the latest 20 percent increase in social security benefits, and also introducing legislation now law, to tie future social security benefits to the cost of living. Also he sponsored a measure which would provide medicare payments of prescription drugs.

Deeply concerned about inflation, Congressman Minish has strongly protested to the Cost of Living Council against exorbitant rent and price increases. To lower the price of meat, he introduced a bill to repeal meat import quotas.

Joe Minish was an original sponsor of both the truth-in-lending and the fair credit reporting acts. He has fought for legislation to insure stricter inspection of meat and poultry, to prevent deceptive information for consumers, and to protect servicemen from loan sharks.

Joe Minish has strongly fought for legislation to combat crime, to make sure that all citizens can feel safe in their neighborhoods, and to keep guns out of the hands of criminals. He has also been a firm supporter of legislation to upgrade benefits for policemen and firemen.

Joe Minish has urged relief for the overburdened middle income taxpayers, including an increase in personal exemptions to \$1,000.

Congressman Minish was co-sponsor of a bill to cut off aid to foreign nations who refused to crack down on drug traffic and collude in its export which results in the manufacture of heroin intended for illegal shipment to the United States.

Congressman Minish was an early advocate of legislation providing for federal revenue sharing and the Federal take-over of the welfare system, thus relieving local governments from a responsibility that had become increasingly burdensome to taxpayers.

Joe Minish has attained one of the highest voting attendance records in the U.S. Congress. In every Congress, five in all, he has been on hand for close to 100% of all votes.

The foregoing are but a few of the Minish sponsored, forward-looking bills which would make for a better America.

We need this man.

Democrats Rise Early For Politics

SAL BONTEMPO, New Jersey's Democrat Chairman, was the featured speaker at the Nutley Democrat County Committee breakfast Sunday. He said he has talked privately with Sen. McGovern on such issues as marijuana, abortion and amnesty "and I'm convinced now more than ever that Sen. McGovern is the man we need to lead us through the 70's...."

CONGRESSMAN JOSEPH MINISH was the guest of honor at the Nutley breakfast attended by about 400 persons in Belleville's Fountain Restaurant. Minish's opponent, Milton Waldor, was the number one target in several of the breakfast speeches Sunday morning.

PAUL KREPS who is opposing Sen. Clifford P. Case on the November ballot, was highly critical of the incumbent's voting record — especially on key issues. Kreps charged that Case supported legislation which enabled American companies to develop plants abroad "and build products at coolie wages and then bring them back and sell them to us at American prices...."

A SELL OUT — The breakfast, the third annual to be sponsored by Nutley Democrats, was a sellout.

LABOR was well represented. From left are Jim Dillon, president of the Textile Union; Marty Venieri, president N.J. Industrial Council and a Nutley resident; Joel Jacobson, member of the Rutgers Board of Trustees and an officer with the United Auto Workers, and Belleville Commissioner Mary Senatore.

PHIL ROTONDO, director of the Essex County Board of Freeholders, this fall is running against Walter Blasi for the post of County Supervisor.

MAYOR CARMEN ORECHIO (right) was the toastmaster at the breakfast. His brother, Assemblyman Carl Orechio, is campaign manager for the Republican Congressional candidate Milton Waldor who is opposing Rep. Joseph Minish. Orechio said "my brother is misguided." At dias (l-r) are Paul Kreps and George McDonough who is former town Democrat Chairman and who completed arrangements for the breakfast.

SAM ANGELO (center) of Nutley who two weeks ago was appointed a member of the Freeholder Board, still must win a permanent seat at the polls next month. He's seen with Mrs. Phillip Clamurro, vice chairman of the Nutley Democratic County Committee, and Harry McEnroe, candidate for freeholder.

APPLAUSE for the party comes from (l-r) Senator Ralph DeRose, Essex Sheriff John Cryan, Deputy Freeholder Director Phil Keegan and Jim Levitt, chairman of the Verona Democratic County Committee.

BOB SEMPLE, president of the Nutley Democratic Club (left) enjoys conversation with Raymond Stabile, the Republican who resigned his Freeholder seat in a move of defection toward the Democrats.

McGOVERN COORDINATOR John Noonan (center), a teacher at Nutley High, chats with County Committeeman Chuck Appel and his wife at breakfast. Appel is public relations director for the local Democratic campaign.

THE LEADERS — N. J. Democrat State Chairman Sal Bontempo (left) maps out the day's schedule with Essex County Party Chairman Harry Lerner. Both addressed the Nutley breakfast rally Sunday at The Fountain.

Republicans' Mickey Waldor on Congressional Campaign Trail

MILTON WALDOR, former State Senator, is the Republican Candidate for Congress and he's been busy in the Nutley-Belleville area during the past several weeks. Mrs. Albert H. Wilson seen here this week was named as Waldor's campaign coordinator in Nutley. Nutley Commissioner Frank Cocchiola (right) is a municipal campaign manager for the Republicans.

GOOD MORNING — Milton ("Mickey") Waldor addresses Sunday morning breakfast at The Manor in West Orange this past Sunday. At his side with him are Assemblyman Carl A. Orechio (left) and House Speaker Thomas Keen. Assemblyman Orechio is Waldor's campaign manager. While this scene was going on, Orechio's brother, Mayor Carmen Orechio, was serving as toastmaster for a breakfast in Belleville honoring Waldor's Democrat opponent, Rep. Joseph Minish. Del Tufo Endorses Sen. Case

Former State Senator and now Essex County Freeholder Gerardo Del Tufo today enthusiastically endorsed the candidacy of United States Senator Clifford P. Case for re-election.

In his statement Del Tufo said: "The principle that a public office is a public trust has guided Senator Case throughout his many years of public service, and this has become the hallmark of his career. To him this means on the one hand, scrupulous avoidance of all personal ad-

vantage from the holding of public office. It means fighting for swift and certain punishment of official wrongdoing, and for recovery by the public of all gains made through misuse of public office.

"Equally, it means the diligent and constant pursuit of solutions to the problems

of our times, both at home and abroad, he added, "and it means to Senator Case, strengthening the cause of peace, and the preservation of individual freedom. It means more fully meeting the needs of all groups and individuals without trampling on the rights or destroying the expectations of any group or in-

dividual." "These," said Del Tufo, "are some of the things for which my good friend Senator Case stands, and because of these sound and forthright principles I urge all voters, without regard to political persuasion, to vote for Senator Case on Election Day, November 7."

GOP Freeholder Candidates Slap Dems on Spending

Essex County's three Republican Freeholder candidates said today a drop in the county's bond rating from AA to A can cost county taxpayers hundreds of thousands of dollars and shows the urgent need for a decisive GOP victory on November 7.

The GOP slate of Mario V. Farco, Mrs. Helene Kaplan, and John I. Crecco charged the Democratic majority on the Board of Freeholders is responsible for the lower rating which has removed Essex from a once enviable and prestigious position in the bond capitals of America.

Farco, Mrs. Kaplan, and Crecco pointed out that Essex County in years of Republican Administration enjoyed an uninterrupted term of a Double A rating and on frequent occasions had even been considered for Triple A rating.

"Now we have to swallow hard," the three Republican Freeholder candidates said. "Now we see our county slip to a Single A rating and wonder what else will happen to Essex if the Democrats continue in power."

VICTORY MINDED — Mrs. William Rogers, wife of the U.S. Secretary of State finds meeting with Sen. Clifford Case of New Jersey (left) and Essex County GOP Freeholder Candidate Mario V. Farco of mutual interest for Republican victory Nov. 7. Mrs. Rogers, Sen. Case and Farco met at a county fund-raising affair at Mayfair Farms.

Crecco said the bond rating for Essex was dropped about two months ago by Moody's Investors Service Inc., a major rating agency for government bonds.

The impact is one of higher taxes for Essex residents who now have to foot the bill for increased interests costs incurred by the Democratic Administration, Farco, Mrs. Kaplan and Crecco declared.

Dem's Freeholder Slate Puts Its Budget Claim

The Essex County Democratic slate today cited a New Jersey Taxpayers Association's comparative budget report which gives credit to Essex County as having the best budget of all 21 counties in New Jersey for 1972.

The Democratic slate includes Freeholder Director Philip C. Rotondo, who is seeking the office of County Supervisor and his Freeholder running mates, Donald Payne, Samuel A. Angelo and Harry A. McEnroe.

Speaking for the Democratic ticket, Rotondo said that in gross expenditures Essex County showed the most progress, according to the Taxpayers Association's chart in holding the line against inflationary trends.

"Here in Essex County, under Democratic leadership, the total percentage increase amounted to 8%, as compared with runaway increases in all other counties, especially those under Republican control," Rotondo said.

Krebs Assails Case on Foreign Aid Stand

Paul J. Krebs, approving of Nixon Administration efforts to cut wasteful foreign aid programs, said today (Thursday) "the blank check endorsement of all foreign aid legislation by Republican Senator Clifford P. Case is against the best interests of New Jersey and the United States."

Krebs branded Senator Case "a free spender all around the world" who has failed to show equal concern for "domestic aid."

The Democratic U.S. Senate candidate, in Ocean County on his walkathon the length of New Jersey, said that "domestic aid, first, should be the cornerstone of sound foreign aid policy."

Krebs said "President Nixon has made good progress in seeking to cut wasteful foreign aid programs. These cuts must be continued."

Krebs praised New Jersey Congressman Peter W. Rodino for "exposing waste

and corruption three years ago in our foreign aid program for India. Of course, Senator Case just sat by in silence."

"Senator Case has always been a free spender all around the world," Krebs said. "If he ever showed the slightest in-

terest in the needs of his own state's people, and urban decay in New Jersey, then perhaps we could start to attack such problems as street crime and drug abuse, which, in time, might make the question of foreign aid all but academic."

Essex Democrats Set Organization for Nixon

The formation of Essex County Democrats for Nixon and the Republican ticket has been announced by David Goldfarb, Essex County Republican campaign manager.

Goldfarb said the committee is being headed by Simon Griffinger of 6 Collamore Ter., West Orange, a trial attorney and former acting magistrate for West Orange.

Goldfarb said Griffinger's committee will work for the

election of the Nixon team which is pledged to government programs favored by a majority of Americans.

Griffinger has been active on committees of Bar Associations and Supreme Court appointments. He is a former Supreme Court Commissioner and Special Master in Chancery.

He is a member of the Shriners, Masons, and Elks; Temple B'nai B'rith, the American Jewish Committee, and the Rutgers Alumni Association.

I'M MILTON WALDOR, THE REPUBLICAN CANDIDATE FOR CONGRESS IN THE 11th DISTRICT, — YOUR DISTRICT

— I Need Your Vote, And Here Are The Reasons Why:

- I will firmly back President Nixon in opposing school busing to achieve racial quotas. My opponent, Joseph Minish, in four separate votes last November, supported the pro busing stand of McGovern and the Democratic platform. By his votes, he declared his willingness to bring racial quota busing to the 11th District.
- I will work in Congress for a program of guaranteed annual work, to replace the welfare mess created by recent Democratic Congresses. My opponent has been a consistent supporter of these ill-considered giveaway-welfare programs.
- I will work in Congress for a program of tax credits, in the form of income tax deductions, for parents who must bear the expense of sending children to college, or to private or parochial schools. We cannot allow the cost of college to become so burdensome that only the wealthy, or those in the poverty category receiving government support, can afford a higher education. Nor can we permit our parochial and private schools to do down the drain.
- And, I will work in Congress. This will be in sharp contrast to my opponent, who in ten years in Congress, all of them as part of the majority, has succeeded in getting only one bill passed. His other 140 bills disappeared in committee, an almost unparalleled record of ineffectiveness and inaction.

As a New Jersey State Senator, as a lawyer, as a leader for many years in the affairs of my own political party, and in the activities of numerous civic groups, I believe that I have the qualifications to give you better representation. I have the direct support of all groups of my own party, of President Nixon, Senator Case, Governor Cahill and of leading citizens of both parties in my district. But the vote I need most is yours.

JOE NAPOLITANO takes off on second and goal and goes in untouched for Belleville's second touchdown of the afternoon, to wrap up the victory in the final quarter.

Gridders To Test Orange Saturday

(Continued from Page 1)
put 14 big points on the scoreboard.

The task for the defense this Saturday though will be the sternness of the season as the Tornadoes have a new attack that features both strong running and steady passing. The Orange club, coached by Art Gubitosi, features a Jones brother tandem with Greg Jones at quarterback and Duane Jones at a running spot. According to Cafone, Belleville must stop the Jones boys to keep the game within striking range.

Orange High School is having its best grid season in recent years and the Tornadoes are now an amazing 5-0 with most of the credit going to the offensive spark of the Jones boys. Last year Orange finished the season at 0-8 and one of their losses was to the Bellboys.

This fall Orange has an experienced club and the steady play of the defense combined with the running of

the Jones boys combined with the powerhouse hitting of fullback Larry Bullock has given Orange High School some well deserved football fame.

The local gridgers are now 1-3-1 on the season and according to Cafone the local squad has battled each of the teams they have played on even terms. The Bellboy defense though, has been the bright spot this season. They have recorded two shut outs to date by holding both Bloomfield and then Irvington scoreless.

Club Still Winless

Local Harriers Drop Four More

The Belleville cross-country team was defeated four times in the past week of hectic racing. The local squad is now winless in 10 season meets.

The harriers lost Tuesday to Bloomfield High School by a 15-48 score. Bengal junior John Deanna on the race at Brooklake Park with a 14 minute timing. The first Bellboy to finish the race was Bill Goodwin who copped the sixth spot. Goody's time was 14:40. Sophomores Walt Stubis and Mike Fortino ran a strong race by placing 10th and 12 th respectively. The Bellboy harriers also took the 13th and 17 th spots to round out the field.

Yesterday the Belleville squad raced East Orange at the Belleville track and tomorrow, Oct. 27, the local club will race in the Big Ten meet at Branch Brook Park in Newark.

Last Friday the distance runners traveled to Branch Brook Park to race Glen Ridge and the local club wound up being defeated by a 15-50 count. The harriers could only manage to take eleventh place as their first spot. The difference between fifth place and 13th was only 12 seconds as the meet proved to be much closer than the score showed. Sophomores Stubis and Fortino again finished behind one another in 17th and 18th place. Captain Rocco Cuozzo placed 21st with a 15:54 time. Juniors Dyba, Fitzpatrick, DeSantis and Kellenbeck placed 22nd to 25th. Sophomore Brian Wood finished 27th to end the race of runners.

The next morning the Bellboy squad traveled to Irvington Park to face a strong

Belleville faces the toughest portion of the schedule in their remaining four games. After going up against undefeated Orange on Saturday the Bellboys come home to entertain powerhouse Seton Hall. After the homecoming game the Belleville club must face Lyndhurst and then Kearny. Both clubs are reported to be strong and will test the Bellboys on Saturday.

Against Irvington last Saturday Belleville scored touchdowns in both the first and fourth quarters on the

contest. In the opening stanza the Bellboys, after a sustained drive, scored when halfback Joe Troise barreled over the goal line on an off-tackle play. Belleville's other touchdown came in the final frame when Joe Napolitano scored. The big play in that drive was a long pass play when Bill Telesco winged a connection to Mark Cervasio, putting the ball on the seven-yard line.

The difference is the game,

according to Cafone, was the blocking of the offensive line. "For the first time the kids were making contact and staying with their blocking assignments. The blocking looked better and as a result we were running the ball better. Our passing game improved too," Cafone remarked. "I also must say that on defense our end play looked much better and that aspect of the games contributed to us recording a shut

out." The Belleville offense too went over the 200-yard mark for the first time this season. Cafone said the club must keep moving the ball with the consistency they did against Irvington if they expect to top Orange this Saturday.

While talking about a service contract for a color TV, a customer stated that he would not buy it for his automobile.

There is a vast difference, of course. A car is a very rugged piece of machinery, while a color TV set is the most complicated and sensitive apparatus in the house. But not only that, a color picture tube in many cases costs as much (or more) than the rest of the whole set in the smaller sizes. Even for a color TV set which costs about \$600 - the picture tube represents about 40% of the price. There is not one part in an automobile which costs 40% of the total price. There is a defect in the transmission, the motor or chassis, it is one or possibly several relatively inexpensive parts which are needed. None of them cost even nearly 40% of the price of a car, including the cost of new tires.

The above is an oversimplification, of course. There are a lot of other things which can not possibly be compared. "We Service What We Sell" - Radio TV Hi Fi Nutley 667-4225

Right here in New Jersey, we average 1,042 calls a year for every man, woman and child. More than any other state in the nation. More than any nation in the world.

We think we've done a pretty good job of meeting those pace-setting demands.

But we know that being good isn't good enough.

We must continue improving to-day's service while getting ready to meet tomorrow's demands.

To do this we'll be spending over a million dollars every working day this year on new and expanded facilities. That's a lot of money. But not as much

as we'll have to spend in the years to come.

We see the need to put another \$2.5 billion into construction in the next five years alone. In effect keeping ahead of your growing service demands by building another New Jersey Bell inside and alongside the present one. To do this, we must earn well in order to justify the investment of such massive amounts of new capital.

Good service, good earnings—they're closely related. In the long run, you can't have one without the other.

We've set a high standard for telephone service in New Jersey. We're doing our best to live up to it.

Being good isn't good enough.

He's Invited To Talk On Market Methods

J.C. Varkala, president and founder of Mouli Manufacturing Corp. of Belleville, well known for its marketing of kitchen housewares in the United States and Canada, has been invited to a large group of French executives at Lille, France, at which Maurice Schumann, French Minister of Foreign Affairs, will be present together with other important representatives of the French government.

Twenty-five years ago, Varkala founded the Mouli Manufacturing Corp., and introduced the famous Mouli grater and other Mouli products, shown mostly through demonstration methods.

His talk will cover the problems and methods to meet the challenge of the rapidly changing complexion of the housewares industry in the United States and Canada.

Mouli, with its affiliates, Varco Inc. and T-Fal, has become one of the largest importers of French houseware products in the United States and Canada, representing exclusively, several of the largest non-competitive manufacturers in France.

During World War II, Varkala was a lieutenant Commander in the United States Navy, serving as

Liaison Officer with the French Navy, and then he was assigned to the U.S. Embassy in Paris as Assistant Naval Attache in 1946. His interest

in housewares grew from contacts he made in France and resulted in the formation of the Mouli housewares enterprises in 1948.

Bookmaking Charges Sent To Grand Jury

Antonio and Rosina Nassis, both of 39 Wallace Street, face possible indictments on gambling charges by the Essex County Grand Jury after their case was referred to the Prosecutor's Office by Judge Edward Abramson from Belleville court October 12.

Antonio, 45, and Rosina, 42, were arrested by Belleville Detective Thomas Ricci during a raid by the Essex County Strike Force and are both charged with bookmaking, acting as messengers for a lottery and keeping premises for gambling.

Old-Time Firemen on Display

The Belleville Historical Society under the chairmanship of Ed O'Neill will exhibit pictures of old time firemen in front of the Town Hall on Washington Avenue, Saturday, from 9 a.m. to 5 p.m.

Members of the Society hope that citizens might be able to identify some of the firemen appearing in the photographs. When these pictures were taken, some as far back as 1890, they forgot to identify the firemen by name. By placing them on display to the public, we hope that our sons, daughters or relatives of these "Oldtimers" may be able to help us in identifying them.

Pharmacy Footnotes

Vincent Cazzarelli Reg. Ph.

Do you know that the dental problem among the American people is still a serious one? By age 60 the average American adult has only 10 of his original teeth! Twenty-two teeth have been lost through disease and accident but mostly through carelessness! Lack of dental hygiene, brushing, and the like, is our most serious problem. In fact, 60 percent of all patients twenty or thirty years of age who seek dental care have one or more missing teeth. Now, can't we do better than that?

One hundred percent good service is available to all patients of ROSSMORE PHARMACY, 338 Washington Ave., 759-1268, 759-1956. When you have a prescription to be filled see us. Hours: Daily 9am-9pm, Sundays 9am-9pm. Sale and consignment dental products including wheel chairs, walkers and crutches.

Regular brushing and adequate dental care are the only solutions to the American dental problem.

The two youths are studying under Strumolo and Hillery as part of a Rutgers University program which sends special students from the Agriculture and Environmental College to town to get six weeks of job training toward certification in Sanitary inspection. Belleville is paid \$30 per day for the training.

Joseph Zipf Retires From Jersey Bell

Joseph E. Zipf of 206 Fairway Avenue, has retired from the New Jersey Bell Telephone Company after more than 42 years of service.

Zipf was a line foreman with the company's plant force in Irvington. He joined the company in 1929 as a lineman. His entire career was in the Newark metropolitan area.

He is a member of the Newark Downtown Council, H. G. McCully Upstate Chapter, Telephone Pioneers of America, the Kiwanis International, and Lodge 108.

State to Take Bids on Rt. 21 Contract

The Department of Transportation will receive bids Tuesday on a Route 21 Freeway demolition contract in Passaic, Clifton, Garfield and East Paterson, Passaic and Bergen Counties.

Demolition will take place within a 2.6-mile section of the freeway's alignment between Monroe Street in Passaic and Interstate Route 80 in East Paterson. Under this contract, 34 buildings, mostly 2 1/2 story frame dwellings, but also including some commercial buildings, will be demolished as property agreements are reached and occupants are relocated.

Carteret Reports Deposits Record

Carteret Savings and Loan Association has exceeded the \$400 billion level in total deposits for the first time, reporting a total of \$406,571,000 in savings deposits as of September 30, the close of the third quarter.

The figure represented an increase of \$10,296,000 in deposits during the quarter just ended, and an increase of \$81,377,000 in deposits for Carteret over the last 12 months.

The association, with branches operating in Essex, Morris, Bergen and Warren Counties, reported net income after taxes and before dividend payments of \$5,973,000 for the third quarter. The cumulative total net after-tax income for three quarters, before dividend payments, was \$16,850,000. Total dividends paid in 1972 as of September 30 were \$15,406,000.

Anthony M. Surano, Carteret president, said his association's strong performance in the third quarter was a reflection of two chief factors: Major expansion steps taken by Carteret president, said his association's strong performance in the third quarter was a reflection of two chief factors: Major

Paul J. Brady Passes Away

Paul J. Brady, 47, of East Orange, died October 5 in Clara Maass Memorial Hospital, Belleville.

He was born in Minooka, Pennsylvania, lived the past 25 years in East Orange and was a member of the Belleville Post 25 Amvets and the Newark Post of the Disabled American Veterans. He served with the Seabees during World War II.

A mass was offered October 7 in Our Lady Help of Christians Church, East Orange following the funeral from The Codey Funeral Home, Orange.

Mr. Brady leaves his wife, Louise, two sons, Paul J. and Bryon J., a sister, Mrs. Mary Needham, three brothers, Robert, John and Raymond and a grandchild.

DeWitt Names Bob Gaccione To Aide Post

Robert M. Williams, president of DeWitt Savings has announced that the board of directors of the Association has appointed Robert A. Gaccione as associate counsel.

Gaccione, who conducts a general law practice at 484 Washington Avenue, was formerly with the law firm of Keenan and Finch. Prior to that Gaccione served a special agent of the Federal Bureau of Investigation (FBI) for three years, completing assignments in Savannah and Augusta, Georgia, Chicago and New York. For his efforts in apprehending more than 100 fugitives in one year, Gaccione received a special Commendation and Incentive Award for the late FBI Director J. Edgar Hoover.

Narcotics Conviction For Belleville Man

Andrew Richard Cardinale, 26, of 97 Watchung Avenue pleaded guilty to charges of possession of narcotics paraphernalia and being under the influence of drugs October 4 in Belleville court. Judge Edward Abramson fined him \$100, sentenced him to a 10-day jail term, which was suspended and placed him on probation for a year.

Cardinale was arrested by Officer Frank Ward September 27.

Cardinale was arrested September 2 by Detective Ervin Olivieri.

On Breath Analyzers

The National Highway Traffic Safety Administration reports that testing of new portable breath-analyzers would begin January 1.

The new device is hailed as "a breakthrough in highway safety technology."

Man Fined \$100 On Drunk Charge

William Rudolph Marcinalo, 21, of 23 Dow Street was convicted of drunk and disorderly conduct October 4 in Belleville court. Judge Edward Abramson fined him \$100, sentenced him to a 10-day jail term, which was suspended and placed him on probation for a year.

Medical Group Names Cozzarelli As Fellow

James J. Cozzarelli, M.D., of Belleville, has been named a fellow of the American Academy of Family Physicians.

The degree of fellowship is an acknowledgement of successful completion of 600 or more hours of accredited continuing medical study, or attainment of diplomate status in the specialty of family medicine as a result of passing a confiding examination administered under the aegis of the American Board of Family Practice.

Fellowship entitles the conferee to use the title, "Fellow of the American Academy of Family Physicians," or "FAAFP." The degree was conferred September 26th upon more than 4,200 members of the Academy in conjunction with the AAFP's annual convention and scientific assembly in New York City. Ceremonies were held in Madison Square Garden's Felt Forum before more than 10,500 persons. Fellowship candidates wore academic robes, with hoods bearing the blue and gold Academy colors, and mortarboard caps. The oath of fellowship was recited en masse.

The American Academy of Family Physicians, representing more than 32,000 family doctors, is the only national medical group requiring members to take continuing study.

Abromson Refers Case to Grand Jury

The case against Brian Kelly, 21, of 330 Clifton Avenue, in Newark, charged with possession of drugs in an improper container, was referred to the Essex County Grand Jury October 5 by Judge Edward Abramson from Belleville court.

Kelly, who pleaded innocent to the charge, was arrested by Patrolman Robert McDonald June 9 and was released on \$100 bail.

Youth Found Guilty On Theft Charge

Carl William Crews, 18, of 65 Murcor Street in Newark pleaded guilty to a charge of theft October 5 in Belleville court. Judge Edward Abramson sentenced him to a 30-day jail term, which was suspended, placed him on probation for a year and fined him \$150.

Crews was arrested by Officer Carmen Pedalino for stealing a radio from 133 Washington Avenue.

Fidelity announces

Checking account

You choose the one that fits your life style.

1 New Improved Regular Checking

Simple as 1-2-3. Works like this. No service charge if you maintain a low monthly balance of \$300 or more. If your balance drops below \$300 but stays above \$200, you pay a monthly service charge of \$1. If your balance drops below \$200 but remains above \$100, the service charge becomes \$2. If your balance drops below \$100, your service charge for that month is \$3. There's no charge for the number of checks you draw—write as many as you like.

2 Executive Checking

No service charge. All you do is maintain an average collected monthly balance of \$800 or more. Question: If your balance drops below \$800 ... even as low as, say, \$50 ... but the average is \$800 or above, do you pay a service charge? You do not. And should your average balance fall below \$800 in a given month, only a modest service fee is charged. Executive checking is particularly useful for people who are paid by the month.

3 Special Checking

Especially advantageous if you write only a few checks each month. No minimum balance required. A monthly service charge of 75¢ ... plus 10¢ a check. Tiny price for a ton of convenience.

Whether you choose new improved Regular Checking, Executive Checking or Special Checking, your monthly statement will keep you up to date on your finances.

Check with Claire.

Utility Company Chooses Director

William E. Scott, vice
president in-charge of finance
for Public Service Electric
and Gas Company, was
elected to the company's
board of directors recently.

Scott will fill the unexpired
term of Dr. Jess H. Davis,
who died September 17. Dr.
Davis president emeritus of
Stevens Institute of
Technology, had been a
member of the board since
1966.

The board also elected Mr.
Scott as a member of its
executive and finance com-
mittees.

The new board member
holds a bachelor's degree in
business administration from
Lehigh University and a
master's degree in the same
field from New York Univer-
sity. Before joining PSE&G
in March of this year, Mr.
Scott was a vice president of
Irving Trust Company, New
York City, in charge of the
bank's public utilities depart-
ment.

State Aging Commission Swears in Three Members

Three new members of the
New Jersey State Commis-
sion on Aging were officially
sworn in at a Commission
meeting Monday in Trenton.

The new members are Dr.
Solomon Gold, executive vice-
president and director of the
Daughters of Miriam Home
for the Aged, Clifton; Mrs.
Valeria Girandola of Allen-
town; and Dr. William F.
Strother, professor of
philosophy at Princeton
University and a resident of
Ewing Township. They were
all appointed by Governor
William T. Cahill.

Assistant Commissioner
Eugene F. Deutsch of the
Department of Community
Affairs presided at the
swearing-in ceremony in the
absence of Commissioner
Lawrence F. Kramer. The
new members will serve three-
year terms.

Workshop Will Benefit Recent Cancer Patients

Helping women who have
undergone one of the most
critical personal experiences a
woman can have was the pur-
pose of a workshop for
mastectomies (woman who
have had a breast removed)
recently held at the Ramada
Inn in Old Brunswick.

Group Urges NJEA To Oppose Marburger

A Fair Play Committee
representing a cross section of
teacher leaders from
throughout the state is calling
upon Gov. William T. Cahill
and the State Senate to refuse
reappointment of Carl M.
Marburger as N.J. Com-
missioner of Education.
The Committee, with at

least one representative from
every county, has drafted a
five-point resolution
criticizing Marburger's past
record. The resolution will be
proposed for adoption to the
next meeting of the New
Jersey Education Assn.'s of-
ficial policy-making body, the
Delegate Assembly, said a
Committee spokesman.
The Delegate Assembly
meets Nov. 2 in Atlantic City
at the NJEA's annual conven-
tion.

The resolution charges that
Marburger's "lack of con-
structive leadership" and "at-
mosphere of repression
against teachers" make him
unfit to serve in his position as
chief education official in
New Jersey.

If passed by the Delegate
Assembly, the resolution
would carry full NJEA en-
dorsement and would repre-
sent 72,000 teachers calling
upon the Governor and the
Senate to deny Marburger
"continued service in his
position."

newspaper advertising could make the difference BETWEEN BEING OPEN FOR BUSINESS...

AND DOING BUSINESS

Turning so-so into great, that's the difference advertising
can make! Successful businessmen tell their sales story
again and again... and tell where it does the most
good, in the pages of this newspaper. Ask us for details
on how display advertising can work for you.

TRUE VALUE POULTRY

Tips on how to save money on food often include instructions and diagrams on cutting a whole chicken into halves or quarters. That's because split or quartered fryers generally cost more per pound - and frying a whole chicken is a bit awkward. Well, you no longer need "butcher" training to stretch your budget. Shop-Rite introduces true Value/One Price Chickens...WHOLE, SPLIT or QUARTERED FRYERS - ONE PRICE ONLY. Why Pay More?
