His Cars Are Stars from the Thirties

In the field of automobile sales, there are used cars and there are new cars, and then there are used cars that will bring a higher price than any new car put out by Detroit today.

Outside of the sales area, there are "used cars" which appeared in movies and become minor celebrities in themselves.

And there are "used cars" that are objects of sentiment and affection, automobiles whose better days are ahead of them, whose owners cherish them more as the years pass by. These vehicles are the collector's items, the restored antiques from bygone decades, veterans of the roads of the thirties, forties and fifties. Today, some of these cars will command a price upwards of \$10,000, while some are owned by collectors who would not part with them for any amount of money.

Sonny Abagnale, owner of Donna Motors at 370 Washington Avenue, is an auto salesman by trade, but his avocation is the collection of automotive antiques, and his stable of aging beauties may be one of the most noted in the country, if only by reputation alone. Since he began buying and restoring old cars about ten years ago, he has acquired 15 and sold another 30 of them.

Among these cars, all built between 1930 and 1940, is the prize-winning '37 Packard, bought in Anjou, Canada from the original owner, a cattle farmer who never had much use for the car. Under Sonny's ownership, the car this year took first prize in the Grand Classic held at Pocono Manor.

The cars of today can't compare with his Pierce

School 9 Group Wary of Change

A group of parents of School Nine students are set to oppose that portion of the school system's recent administration shuffle which saw Assistant Superintendent of Schools Michael Rosamilia assigned to Nine as principal.

While conceding Rosamilia's abilities as an administrator, the group from the School Nine PTA feel Rosamilia will only act as a "part-time" principal since the new assignments enacted by the Board of Education July 23 calls for Rosamilia to assume duties as general supervisor of curriculum for kindergarten to fourth grade, Seymour Grossman, former principal of the Junior High School was made assistant superintendent of schools in charge of curriculum, grades four through 12.

Board members at the meeting, led by President Lawrence Schwartz, sought to

convince the parents Rosamilia would effectively be able to carry out the dual function. Schwartz this week again emphasized the point, saying "School Nine is not getting a part-time principal. The Board does not feel in any way, shape or form that the students of that school are being discriminated against. Mr. Rosamilia will have his office at that school and will be present as much as any other administrator." He went on to praise Rosamilia as a "terrific administrator with an excellent background in early childhood education."

However, the parent group from School Nine never argued the question of Rosamilia's competence, but feel resentful that school was selected to be led by any administrator with a dual function.

Schwartz said Rosamilia was assigned to Nine for two reasons: first, because the former principal Nicholas Petti was reassigned to School Eight to fill the void created by the retirement of Thomas Gryczka; second, because School Nine has the lowest enrollment in the system (about 150 students). "Because of its size," he said, "it's easier to put a man there who has other duties."

Mrs. Cora Boice, president of the School Nine PTA attended the meeting of the School Board and conveyed the sentiments of the group's executive board when she complained that "School Nine always seems to be the subject of changes."

(In the early 1960's, another group of parents successfully fought to have a full-time principal named to Nine.)

The PTA parents reportedly are most concerned the Board of Education will soon appoint a head teacher at School Nine, which would mean, to the parents, the Board expects Rosamilia to be unavailable at the School for a sizable amount of time.

Schwartz said those suspicions were without merit, and further claimed the appointment of a head teacher at the school was an advantage not enjoyed by other schools in the system because it means that, during those times when Rosamilia is out, the school will have top-level supervision.

Schwartz added Nicholas

Petti had carried additional duties while principal at School Nine, as will Arthur Pico at School Two. Pico will act as director of Special Education and Title I.

Conduct Sewer Survey

The Department of Public Works is hastening to complete a survey for the Passaic Valley Sewerage Commission, which has requested data on the Belleville system to aid in a study of excess flow into the Passaic Valley sewerage network.

The Commission's study will be used to request funds from the Federal Government to back projects to halt the excess input, which is called "infiltration." The New Jersey Department of Environmental Protection will act as an agent in appealing for the Federal funding.

It had been claimed by the State DEP that Belleville was one of 169 New Jersey municipalities which were lax in conducting their surveys, but local officials in Belleville said the letter from the Passaic Valley Sewerage Commission had reached their office only last Monday. The letter is dated July 16. Nevertheless, Belleville engineers expect to have the survey completed in two weeks.

The local study will include information on the population served and the volume of usage by private homes and industry. The Passaic Valley Sewerage Commission treats most of Belleville's sewerage, with Newark and Nutley disposing of the rest.

School Board Takes Case To Trenton

The Belleville Board of Education yesterday met with officials of the State Department of Education to plead their case for a restoration of \$450,880 cut by the Board of Commissioners from the 1973-74 school budget.

The state heard arguments from both sides and the Commissioner of Education will later render his decision on the fate of the disputed funds.

In Valley Section

Town Reserves Route For Cycle Enthusiasts

Belleville's bicycle buffs will have two routes free of cars to choose from when they exercise their pedal power Sundays, as the Town of Belleville joins the Branch Brook Park with routes. This one will be located in the Valley section and will operate from 8 a.m. to noon, opening this Sunday.

During those hours, the Town Recreation Department has arranged with local police to ban cars from a route that will run from Greylock Avenue to Ralph Street to Bellavista Avenue to

Cortlandt Street and back to Greylock. The bike traffic will move clockwise, using the right-hand side of the street.

The Valley route was actually the second choice for recreation officials, who have been planning the program throughout recent weeks. Their initial preference was a long loop around the Senior High School, but after conferring with Police Chief Joseph Smith, it was decided that route would hamper the flow of motor traffic, and the route was moved to a section of the Valley which is un-

cut by any major arteries.

The square formed by the route is halved by Stephens Street, which itself will be set aside for younger cyclists. On that street, an oval will be formed for the small fry traffic.

Recreation Department spokesman Warren Series said the intent of the route is to encourage family biking, under the department's "Lifetime Sports" program. This program includes the development of sports for the entire family, among them tennis, archery, swimming and bicycling.

Two weeks ago, Branch Brook Park opened a similar bicycle route on the west drive as part of an experimental program pushed by Cosmo S. Palaia, a member of the Essex County Environment Commission.

That route is also open from 8 a.m. to noon, and like the Town program, will continue as long as there is popular support to merit its existence.

Palaia's idea was sparked by the success of a bicycle route in neighboring Nutley, which has been operating for most of the summer. Although the Park Commission beat Belleville to the punch in instituting the program August 5, Series noted the Town program is not out to "copy" or compete with any other existing route.

Legion Women Elect Mrs. Lee President

Mrs. John Patrick Lee of Belleville was installed as president of the Essex County American Legion Auxiliary for 1973-74 at the annual joint convention of the Legionnaires and Auxiliary held recently in Nutley.

Mrs. Lee, a past president of Unit 105, has held various posts in that unit, and was treasurer for five years. On the county level, she has served as sergeant-at-arms, historian, and chairman of the Americanism, Foreign Relations and Rehabilitation committees. Her husband is a past commander of Post 105 of Belleville, a past commander of the Essex County Legion and a department vice

commander. Other officers elected for 1973-74 are as follows: First Vice President Mrs. Edward Januszewski (Unit 70); Second Vice President Mrs. Ernest Wilson (Unit 152); Third Vice President Mrs. Robert Laib (Unit 105); Treasurer Lucy Zarrilli (Unit 382); Historian Mrs. George Doefflinger (Unit 299); Chaplain Mrs. Henry Pawlowski (Unit 448); Sergeant-at-Arms Mrs. Elwood Braun (Unit 70); Assistant Sergeant-at-Arms Florence DeAngelis; Recording Secretary Mrs. Herbert Dwyer (Unit 73); Corresponding Secretary Mrs. Ralph Crisci (Unit 382).

State Court Clerks' Group Meets Here in Conference

Mrs. Ruth Spangler, Belleville Municipal Court Clerk and president of the Municipal Court Clerks Association of New Jersey hosted the first executive meeting of that group for 1973-74 at The Fountain Restaurant Tuesday.

Mrs. Spangler, who was installed as president of the association May 19 in Toms River, presided over the meeting which saw discussion of plans for 1973-74 luncheon meetings, along with the group's annual convention scheduled for Atlantic City in November.

At the Toms River installation, held at Ye Olde Cedar Inn, Mrs. Spangler was sworn into office by Marie Colarusso of Scotch Plains.

She had served as vice president of the association last year and succeeds John

Paukstaitis of Nutley to the presidency. The dinner-dance honoring Mrs. Spangler and other of-

ficers was attended by court clerks and their guests from all parts of the state.

Besides Mrs. Spangler, other newly-elected officers are: Vice President C. Lombino, Elizabeth Court; Vice President Joseph Carriero, Garfield Court. Re-elected officers were J. Mary Farrell, corresponding secretary, Millburn Court; June Hildebrand, recording secretary, Maplewood Court; Henry E. Halloran, treasurer, Woodcliff Lake Court.

The New Jersey Municipal Court Clerks Association is composed of clerks and deputy clerks from 400 courts throughout the state. Beginning last year, the group began a campaign to bring all the state's clerks into the membership and then subdivide the group into three units for more efficient administration.

Avenue Sidewalk Sale Set for This Weekend

Washington Avenue merchants will conduct their summer clearance sales in the sun tomorrow and Saturday in a sidewalk sale sponsored by the Belleville Chamber of Commerce.

The bargain hunting will commence at 9:30 a.m. tomorrow and run until 9 p.m. Saturday; hours are 9:30 a.m. to 6 p.m.

The 15 participating stores will be marked by red and yellow banners.

The event is one of two sidewalk sales sponsored each year by the Chamber of Commerce. The last, an Easter clearance sale held in May, found Washington Avenue thronged with shoppers. This weekend's sale will see markdowns on many summer goods.

Stanley Slavin, chairman of the Chamber's sales promotion committee described the sale as a "family affair" and urged Belleville families to get together for a day of shopping

on Washington Avenue.

One of the major business events of the year, the Chamber sees the sidewalk sales as top-level projects.

Playground Carnival To Benefit MD Fund

Belleville Municipal Stadium will be the scene of the annual playground carnival for Muscular Dystrophy tomorrow as children from all over town get together to stage the benefit festival.

The carnival will be held from 10 a.m. to 3 p.m., with games, prizes and refreshments for all.

An annual event for the past five years, last summer's

carnival netted \$1,080 for the fund.

Each playground is represented by a separate booth, and the children from the playgrounds have been busily preparing for the event, with help from Recreation Department directors.

Besides the games and refreshment stands, booths will include exhibits of arts and crafts.

His Attendance Record Matches Town Fathers

While the average Belleville resident contemplates "Maude" and "Marcus Welby", John Charles is out watching over the Town government on the second and fourth Tuesday of each month.

It isn't that the Commission meetings are any more entertaining than the Tuesday night TV fare (although they have their moments). It isn't that Charles has developed a habit of attending, even though he says he's missed only one or two meetings in the past 12 years. And it isn't that he's there to support any particular Commissioner's actions, even though he's helped out many of them in

their election campaigns.

What interests John Charles is a piece of business routinely tacked on to the agenda of every Commission meeting — the Hearing of Citizens. This represents the part of the meeting where any and all citizens are entitled to exercise their constitutional right of free speech. And Charles doesn't let it go to waste.

He's always got something to say; sometimes he hands out compliments to the Commissioner, when he thinks they're merited, but, as he says, "mostly I'm there to object to things going on that I don't like."

The things he doesn't like include a variety of inefficiencies that commonly afflict local government — meetings that start late, obscure agendas, absenteeism among Commissioners at meetings. But the one major gripe of Charles is shared by his fellow citizens here and, for that matter, throughout the country: He can't abide those high taxes.

He says he doesn't mind paying a reasonable tax on his home and property at 22 Cortlandt Street, as long as he gets the services he's paying for. A 12 year resident of Belleville, he says, "We've got more policemen than before, but I don't see any patrolling on my street for an hour or so at a time. They used to come by there every 15 minutes and this was a quiet neighborhood. Yet I'm still paying higher taxes."

A former Marine and a ship-fitter by trade, Charles has become a watchdog of government by avocation. He used to regularly stop in at Board of Education meetings and was a PTA stalwart at the Junior High School when his daughter attended school here in Belleville, but now devotes his time to the Commission meetings, where his steady vigilance is accepted without any excessive enthusiasm.

"I once told one of the Commissioners they should pay me \$2.50 for every

Golden Comments

By James R. Golden

The most frequent explanation given to the rampant question of what's wrong our country and who caused the horrible conditions that abound to-day, brings the repeated answer: the politicians and the judges.

A good illustration is the decision of Superior Court Judge Ervin Fulop in ruling against Mrs. Senator's appeal which challenged the validity of the Democratic Party nominee, Gregory Castano's, compliance with the residency requirements, which generally had been understood, up to the time of the judge's ruling, to have required the candidates to "actually live" in the district he represents.

The attorney who represented Mrs. Senator is entirely correct in his statement "he wished he could appeal Judge Fulop's verdict." Knowing John Montefusee's keen legal talent, I sincerely believe he would win a reversal in the appellate Division. As Montefusee claims, the decision may lead to abuses of N.J.'s residency requirements. Using the attorney's words, "What this means is that an individual can have as many places as he wants for his residences, choose one for his domicile and run for office and vote from there. Then he can change all that for the next election."

The foregoing clearly shows how the ruling of one judge can establish "ease law" interpretations that run contrary to the legislative intent of the law. This is what has been happening all too often in this country and has contributed to the destruction of the once formidable

Cuban-American Here Blasts Disrupted Manhattan Festival

The Cuban-American Association of N.J. Inc. headed by a Belleville man, has issued a statement criticizing the presentation of "Expo-Cuba" last weekend at the Martin Luther King Jr. Labor Center in Manhattan, which was cancelled July 28 after fights broke up between pro and anti-Castro groups, leaving a balance of nine injured and several arrests.

"We recognize the right of this group to hold such exhibition but we resent the publicity given to it as a "festival of revolutionary changes presenting the truth about Cuba," said CAA president Nelson

A. Benedico of Belleville. "The only truth is that the 26th of July Movement was organized by many revolutionary and concerned Cubans to overthrow Batista's dictatorship. A great majority of those men and women are either dead, serving life-term prison or exiled in the U.S.A. after Castro's treason. It wasn't Fidel's movement, it was the people's revolution against a dictator."

"We deeply regret any public disturbance or inconvenience created by the presentation of this pro-Castro propaganda vehicle and the incidents thereafter

but I am sure that other community groups would react the same way if a KKK, Nazi or John Birch Society "Expos" are offered in the city," Benedico continued.

Appointed Hospital Director

Om Prakash Gandhi, M.D. of Belleville has recently been appointed Director of Medical Education at United Hospitals Orthopedic Center, Hospital for Crippled Children and Adults in Newark.

Dr. Gandhi has just completed his residency in Orthopedic Surgery at the College of Medicine and Dentistry of New Jersey and Mariland Hospital.

Born in India, he graduated from Medical College in Amritsar in 1963 and completed his internship and residency in surgery in India. While working as a demonstrator and lecturer in Anatomy at Medical Colleges in Amritsar and Rohtak, India for 3½ years, he completed additional post graduate study and training in surgery and obtained his Master's Degree in Surgery (M.S.) from Panjab University in Chandigarh, India in 1967. In the United States, he completed residencies in Surgery at Queen's General Hospital and Coney Island Hospital in New York.

Name Belleville Native Top University Official

Dr. John Cross, former faculty member at St. Louis University has been named assistant academic vice president at the university.

The Rev. Paul C. Reinert, S.J., University president, announced the appointment to become effective July 15.

Cross is now chairman of the social sciences division at the College of the Virgin Islands. He was assistant professor of psychology at St. Louis University from 1966-1970. Before that he was a senior engineering psychologist at McDonnell-Douglas Corp. and an assistant administrative officer with the U.S. Navy.

He graduated St. Peter's grammar school in Belleville and St. Benedict's H. S., Newark, St. Peter's College, Jersey City, Fordham University with a masters degree and St. Louis University with doctorate in clinical psychology.

He is married and has three children of his own, along with two adopted children, a Hopi and a Sioux Indian. The family resides in St. Louis.

Legislative Reapportionment

The announcement of Freeholder Gerardo Del Tufo's appointment to the New Jersey Reapportionment Commission makes us very happy.

The Reapportionment Commission is under court mandate to justify the present legislative districting.

At the time the present legislative districts were conceived the court emphasis was upon maintaining community boundaries and establishing a low priority for county boundaries. The main thrust of past court decisions went to the one man-one vote theory — and this required that each district be so designed that the total product would produce legislative districts with as near equal populations as was possible.

A recent U.S. Supreme Court decision appears to have changed the former judicial districting plans.

New Jersey soon will be confronted with the possibility of creating new districts for

assemblymen, senators and congressmen. Such a project requires the attention of the most knowledgeable people available.

Essex County is fortunate to have as its representative the Honorable Gerardo Del Tufo who has served the public with great distinction for almost two decades. A man of unimpeachable integrity, inspired with the noblest of thoughts, enjoying the reputation of treating public office as a public trust, Del Tufo's appointment represents a victory for the people versus the politicians. Although a Republican, we are confident Freeholder Del Tufo places the constitutional requirements of our state and nation ahead of his party dedication.

U.S. Food Labels

One of the crying needs of the times is a standardized system of food grading in the Department of Agriculture. No one yet proposes the government inspect all foods, though more and closer inspection is desirable, especially of food packers.

What is clearly needed, by almost unanimous consent, is a standard rating system enabling consumers to know what the various labels and ratings on foods mean. Many are not aware that the department's present grading system is voluntary. Those selling foods, fresh or packaged, are not required to have their product graded.

"U.S. No. 1" and "U.S. Fancy" really

mean little. They don't mean the Department of Agriculture had graded the product. They convey that impression, and the terms are used all over the nation, but only if the USDA official seal attached does the grading mean anything. Otherwise, store personnel have probably graded the potatoes, onions, carrots, etc.

Without proposing all foods be graded (under present law USDA grading must usually be voluntarily requested by the producer), those which are graded, and which should be, in the public interest, should be graded under a simple, clear designation system designed to be easily intelligible to the consumer.

U.S. Violence

The World Health Organization of the United Nations has released results of its survey on violence; Venezuela and the United States lead the rest of the nations of the world in homicide, the survey shows.

The U.S. homicide rate is 6.4 per hundred thousand population compared to such rates as 0.9 for Italy 0.8 for France and 0.7 for Britain, very low rates for the Scandinavian countries and a 0.4 rate for Ireland!

Thus the United States homicide rate is eight or nine times higher than that of the

other leading democracies and about fifteen times the rate in Ireland!

These shocking statistics should persuade even the most money-minded commercial television producer and sponsor of the danger in glamorizing and constantly featuring violence on the television screen. And they prove emphasis on law and order is not an empty phrase or one designed to work against any group or ethnic strain but an overdue effort to attack a scandalous crime situation in the United States.

School Beginners

Most six-year-olds who are beginning school this fall may be in for a series of immunization shots

Often a complete physical examination will uncover defects that a child may have and that have been unnoticed. It is impor-

tant, if a child has a defect, that the parents and teachers know about the defect so that they can help the child overcome the handicap.

These examinations will undoubtedly mean healthier and happier children.

Adults Will Register Purchase Of Fire Arms

By Peter M. Clark

One Year Ago

A local resident announced plans to run for the Belleville School Board. What was odd about the announcement was that it was made by a twenty year old Air Force Sergeant, who thereby became the youngest person ever to run for public office in Belleville, and the first to take advantage of the younger age of majority. Steven Rogers stated that he had not discussed his plans with any of the members of the Board but that he wished to surprise them. He was one of the fifty signers of a petition protesting the reinstatement of pay boosts for Superintendent of Schools, Anthony Grieco and his assistant Michale Rosimilia, and he had scoured the members of the Board for doing so at one of their meetings. Rogers lived at home with his parents and commuted daily to his post in the orderly room at McGuire Air Force base. He stated that he expected to finish out the remaining 21 months in his service at McGuire, and that there would be no conflict with his plans to become a member of the Board. Rogers had graduated with the class of 1970 from Belleville High School.

It was theorized that creatures from Mars or maybe subterranean monsters lurked underneath Belleville. The cause of this speculation was the appearance of a huge hole in the swimming pool of one of Bellevilles residents, Mrs. Stanley Coeyman, which acted like a monster drain, sucking both the water and the plastic pool liner into the earth, where they disappeared. One of the larger holes was more than six feet wide and eight feet deep.

It was announced that anyone 18 years old or over has to register the purchase of fire arms with the Belleville Police Department, or face a stiff penalty. The Department stated that anyone purchasing a gun for the first time had to come and clear the purchase with them first, and that they must be fingerprinted and cleared by the FBI. The police stated that the process takes about a month, and so anyone wishing to take in the first of the hunting season in September had better plan ahead.

The Board of Education announced the inauguration of an indoctrination program for students entering the junior high school in the fall, to be held on August 21. The purpose of the program was to help cure the first few days of confusion around the school, and to help students adapt to a new learning situation.

At 9:15 A.M., July 13, a simulated explosion took place in the Administration Building of the Caldwell College for Women. The explosion was the start of a test for first aid squad volunteers to see how well they could perform under emergency situations, and to try and show them different methods for saving lives.

The atmosphere in Belleville continued to get hot, as petitions circulated and voices were raised between rival factions over the proposed recall of Mayor Robert Laterza. Workers for the movement to call back the Mayor announced that they had more than 3,000 signatures on their petitions, a charge which Mayor Laterza deemed as "ridiculous." He went on from their to ac-

cuse them of petition fraud, and of misrepresenting the Council's voting records. The movement was aimed against the so called "bossism" on the part of Mayor Laterza and of several other members of the Council, who were also accused of not working for the benefit of the Town. Mayor Laterza stated he would not resign, and that he was "justly accused of trumped up charges."

The Belleville Orioles caught up with the front running Nutley Colonels in the Essex County League series. The Bellboys rolled through five different games in a row to overcome a 4 1/2 game deficit, to catch up with the Nutley nine. The key to the squads success lay in their decisive two game victory over Nutley in a double header held Sunday afternoon at Nutley. The two neighboring towns continued to outdistance the rest of the league as the series continued.

Records were turned in for live music at the Teen Canteen, as the local group, Little Zeke and the Gold Dusters delighted both youth and chaperones with their lively music and entertaining style.

Lynn and Stephen Vogel, of 65 Hill Street, Belleville, won big on a junior version of a television quiz show, the "Big Payoff". The youngsters little payoff included a puppy, bicycles, and some clothes. They also had their pictures taken with quizmaster Randy Merrican, and with actress Bess Myerson.

Remember the good old days? Well, how about those "good old days" before the Sal Polio vaccine? Those days of weekly announcements of whose children had been stricken with this crippling, and sometimes fatal, disease. The fourth and fifth victims of the 1953 season were announced, with no end in sight. They were four and five years old.

Times Editor Ralph Heinzen, was of a forthright war with Russia, and of the possible use of atomic weapons. "And despite the pressure of humanitarians who regret our use of the atomic bomb on Hiroshima and Nagasaki, it 10-1 (in favor) we would use the atom bomb in any future war until it is banned by strict control... War between U.S. and Russia might be worse than either World War I or World War II... WE could conquer Russia, but you do not fight ideologies by the sword."

This weeks feature at the Capital Theatre starred such famous characters as Sabu, from the classic, "The Jungle Book."

The Belleville Lions Club voted unanimous approval of President Roosevelt's proposed financial relief plan. They thereupon began preparations for its annual golf tournament.

The Belleville School Board announced plans to use several unemployed Belleville residents to aid in the renovations of some of Belleville's schools.

The local tailors were needing the Town Council to set a maximum working day of 11 hours for members of their profession. It seemed that several inscrupulous tailors were working longer hours and thereby soaking up more of the business.

Demands Fight Against Abuse Of Fireworks

To the Editor:

About 35 years ago, Trenton passed laws outlawing sale, possession and use of fireworks. Yet today there are still fireworks in the streets of our towns and cities. Our children are being blinded and crippled. Yet no one seems concerned enough to try to end this foolish and very costly habit. So far in Belleville there have been a few small accidents. Belleville citizens would like street fireworks abolished. Ninety-nine citizens out of 100 agree and sign my petition I am circulating in Belleville. I have interviewed people all over town and there is a large variety of reasons why these street fireworks should be stopped. Why should just a few be allowed to make conditions unbearable for so many?

I was going to take this matter to the Town Commission in 1969. Here it is almost 1974. I know now that no one else is concerned enough to tackle the job so I guess I am elected by reason of my own concern.

I attended and spoke at two Commission meetings, but didn't wake up the Commission as to the importance of this matter. What I need is more visible support at the meetings. I appeal to all those who have signed my petition and also to the ones who will sign my petition in the future. Please come to the meetings. If you can't come, ask your neighbor to come. Meetings are the second and fourth Tuesday of every month at 8:30 in the evening. The next meeting is August 14. Give me the support I need and this matter will be eliminated in Belleville. I will attend every meeting until this law is enforced. There are a number of things we could do if we just stick together and try. So let's get together on this matter and help our kids to grow up in a safer town. Let's do all we can to help our children.

We do not need more police officers to handle this. What we need is better police enforcement for the police we have. I talked to policemen and they agree that something should be done about this problem. Some police officers and their wives have signed my petition. If the police department (100 percent) and the court would throw the book at all offenders who break this law, and then publish the result in our local papers, watch the results we achieve.

"No Illegal Fireworks" is a Belleville organization. Our address is Box 1012, Clifton, N.J. We would like to hear from people in the state who have had a bad experience with fireworks. We are sure there are many. We are looking forward to hearing from these people. To our knowledge, nothing like this has been attempted before. Perhaps when towns and cities see that it can work in Belleville, it might start a chain reaction and wake up other towns and cities with the same problem. Thirty-five years is long enough. The time to correct this is now. Let's not wait any longer.

American Ignorance

A recent Gallup Poll indicated most Americans had never heard of the European Common Market. This is shocking and dangerous ignorance and a poor commentary on the reading habits of the average American.

The Common Market, or European Economic Community, as it is called, is the world's most powerful economic bloc; it is a force which can threaten the U.S. standard of living.

For many years now, beginning especially with the Kennedy Administration, efforts have been made by Washington and various European governments to head off a confrontation between the United States and the EEC. The goal has been to negotiate mutually lower tariffs between the two powerful economic forces, and this has often been successful.

The balance of power has been steadily changing in the EEC's favor; this year three more nations were added to the bloc, Britain, Denmark and Ireland. This fall U.S. and EEC negotiators will meet in a crucial negotiating session, the Americans handicapped by the EEC's growing power, a weak dollar and a deficit in the U.S. international trade balance.

A failure to work out new agreements facilitating trade, and resulting in higher trade barriers, more restrictions and possibly a confrontation between this nation and most of western Europe would be an ominous turn of events which could lead to economic disaster for millions.

It would inevitably raise the dread image of an international trade war, and memories of the early 1930's, the Smoot-Hawley tariff law and world depression. Thus the Nixon Administration, which should be supported by an informed American public, cannot allow upcoming EEC trade negotiations to falter.

Not True

The U.S. Travel Service, an agency of the Commerce Department seeking to encourage tourists to visit America, reports the number of foreign visitors sharply up. This is not as significant as it seems, since the nation in recent years has attracted relatively few tourists.

What is happening is that the dollar is steadily descending to lower and lower levels, thus making American visits cheaper and cheaper for Europeans and others. In effect, bargain or sale rates are attracting foreign tourists.

NUTLEY'S STEVE SHOMAKER recently visited Fort Lauderdale and dropped by the Maya Marca Condominium (my favorite home away from home) to chat with Chet Curry, a Nutley ITT retiree who formerly worked with Steve. Every weekend that I go down to Fort Lauderdale, likable Chet, a highly respected member of Maya Marca's security system, never fails to tell me how happy he is to read about his ITT friends via The Nutley Sun. A copy of The Sun is deposited in the Maya Marca library through the courtesy of Resident Manager Don Fisher.

NEW YORK CITY'S CASINO RUSSE continues to draw the big crowds. The atmosphere is superb, the floor show led by Manchurian-born showman Sasha, boasts a variety entertainment bill of fare, highly talented musicians, a highly talented M.C., vocalists and dancers — not to mention the dual role played by hostess Patty Butler who closes the show with her own vocal renditions of popular and jazz songs.

I RECENTLY RECEIVED IN THE MAIL an invitation from a Newark friend of long standing, newly elected Republican leader Carolyn Kelly. Carolyn, despite her tender years, is an

old political pro with lots of savvy and contributed in large measure to the election of Mayor Kenneth Gibson three years ago. An aggressive leader of the black community, Carolyn has been

Growth of Grant's in Belleville Reflects Chain's Huge Success

The year was 1906, the place, Lynn, Massachusetts. A small variety store, Grants, was born. W.T. Grant and Company entered life as a "25c Department Store" and is now a billion dollar retail giant employing over 67,000 people, operating more than 1,200 stores in 43 states, with six major distribution centers and 25 appliance service centers.

Grant's came to Belleville in October 1964, offering clothing, stationary, toys and a minimal amount of home furnishings.

Shoppers at Grant's in Belleville's Plaza Center on Franklin Avenue note new developments. A gigantic expansion program is under way which will add 35,000 square feet to the present store.

It's exciting to note some of the additions coming to Grants with the new available space - a home improvement section, complete with paneling and wall to wall carpeting plus other items for the do-it-yourselfer, a shop-at-home decorator service will be included in the expanded custom drapes and slipcovers section, ladies wear will include better dresses and coats, a sporting goods section and

tires, battery and automobile accessories department.

A full-size, sit down dining room will accommodate 70 and all lines presently in the store will be expanded. Furniture and appliances for the home

will be available, 3500 "counters" will be added for expansion of present lines, a drop ceiling, new lights and a sprinkler system are being installed. In fact, the old Grant's will be a "new

Grant's" too with the renovation.

Bob Roblenski is the manager of Grant's, Belleville. He is assisted by Douglass Musser and Earl Balossi.

Grant's has their own charge account and the impressive point is that the charge gives you purchasing power in any of Grant's 1200 stores in 43 states! Not many charge accounts can match that record.

Grant's is a nice place to work, too. Recently, Joseph Hresko, son of Mrs. Eleanor Hresko and a student at Essex Catholic, received one of the 77 William T. Grant Scholarships. The competition is open to employees and sons and daughters of employees of W.T. Grant. Winners are chosen on the basis of their scores on the Scholastic Aptitude Tests of the College Entrance Examination Board and their total High School records, both in academic work and extra curricular activities.

Winners may go to any accredited four-year college or university in the United States. Since 1957, a total of 638 William T. Grant College Scholarships have been granted.

GETTING BIGGER — Mickie Andriola, local Grant's supervisor and Douglas Musser, assistant store manager are shown at the construction site of the Grant's addition.

Summer Concert Series Gains Attendance Steadily

"The first three Newark summer concerts have grown in attendance steadily," reported Bill Shipley of the Essex County Park Commission. "We hope our final concert continue with this trend."

A large attendance will help to assure that future concerts can be continued."

The first three concerts of the series were held in Branch Brook Park (1500) North Ward, Riverbank Park (3500) Ironbound, and Weequahic Park (7000) South Ward. The concert's programs have been made up of the outstanding local talent like the Newark Boy's Chorus, Mary Lou Williams, Houston Persons, Miss Rhapsody and many many others.

The next concert is scheduled for West Side Park, (off 17th Avenue Newark). Nate Washington, Director of the Newark Recreation Dept. who is co-sponsoring the concert this year has expressed a special invitation to all Newarkers to attend this upcoming concert. Jim Orange of his staff will be coordinating most of the program and has promised an excellent show.

On the program will be appearing Mary Turner, Sandra Wright and Deborah Thompson. The Musicians Union will be providing the house band for vocalists such as Mary Turner, Sandra Wright, Deborah Thompson, Willie Sweet and others. The dance program should be excellent too. The N.J. Philharmonic Mens Glee Club will be singing in person as the Newark Dance Theatre present a dance program in even another touch to the program. Dee Dee Warwick the very talented sister of Dionne Warwick will make a guest appearance. Mr. Warwick, the father of De Dee and Dionne will head up the Gospel Six singing group. Both daughters originally

started in the Gospel singing group too. The program that will start at 2:00 p.m. on August 19 will begin with a fast moving group called the Final Art Rock: special guest stars will be Don Oliver who will give his presentation of Black Man Walks Tall.

The concert will be co-sponsored by the Newark Recreation Dept., Board of Freeholders, Essex County Park Commission and Essex County Heritage and Cultural Commission.

Accountants Will Supply Subscription

The Belleville Public Library has received a year's subscription to "Management Accounting", the national publication of the National Association of Accountants.

The donation was made by the Essex County Chapter of the N.A.A., which is currently celebrating its fiftieth anniversary of service to accountants working or living in this area.

Management Accounting features articles by leaders in the accounting field, as well as by noted economists and educators. These articles are of interest to both accountants and business men interested in applying scientific principles to management.

Former Blossom Queen Earns Speech Doctorate

Judy Underwood Seeley, daughter of Dr. and Mrs. Robert Underwood of Belleville, has been awarded a Ph.D. degree in speech pathology by the University of Denver, Colorado.

Ms. Seeley was graduated in 1963 from Belleville High School, where she had been Head Majorette, and in 1964 she was chosen Belleville's Cherry Blossom Queen.

She received her B.A. degree from Douglass College in 1966 and her M.A. degree from Newark State College the following year. After tours of duty in the speech therapy departments of Clara Maass Hospital in Belleville

and Mountainside Hospital in Montclair, Ms. Seeley embarked on the course of study at the University of Denver leading to a doctorate in her chosen field.

A member of the American Speech and Hearing Association, Dr. Seeley is assistant professor of speech pathology at the University of Northern Colorado in Greeley.

She is married to Dr. Kenneth R. Seeley of Westfield, New Jersey who is presently director of the Special Education Laboratory School at the University of Northern Colorado, and they reside in Loveland, Colorado.

Local Student Helps Historic Renovation

Theodore C. Hahula of 575 Belleville Avenue, will be assisting in the reconstruction of a 150-year-old carriage house at the New Jersey School of Conservation from Monday, Aug. 13 to Friday, Aug. 24.

The reconstruction project is a four credit course offered by Montclair State College's Department of Industrial Education and Technology.

Using tools over 100 years old, the students will dismantle the house and move it from its original site. After the building is reconstructed on

the school's grounds, it will be used as a classroom and museum for colonial farm implements.

Under the direction of Montclair State's School of Professional Arts and Sciences, the New Jersey School of Conservation offers teacher training, collegiate seminars and elementary school sessions on the natural sciences at its 240-acre facility in Stokes State Forest.

Boxers Donate Charity Checks

PLEDGE FULFILLED — A party was held last week at the home of Vito and Sue Nardiello on New Street as the Veteran Boxers Social Club of New Jersey donated three checks, each for \$570, to three area charities, including the Little Sisters of the Poor, the Essex Cerebral Palsy Center and the Craig Fund. Shown here are Pat Ruggiero, Sister Mary John, Ernie Ratner, Sister Rose, Sister Mary Ann and Mario Centi. The money was raised by a successful Golden Gloves match staged last month at Municipal Stadium.

Olga Knows

This Week's Horoscope (August 11 through August 17)

ARIES (March 21-April 19): Look over your shoulder, Ari. Dude in gaudy garb may be tracking you. Seek out labyrinth to lose this cat and you avoid confrontation. Week can wind up on a note of wonder.

TAURUS (April 20-May 20): Desire apt to be strong to return to the scenes of happier days, Taurus. You cannot go back, dear heart, so do not try. What seems so grand in memory may cause you only heartache. Monuments crumble, so why insist on inspecting the ruins? Concentrate your energies on TODAY.

GEMINI (May 21-June 20): What you desire most cannot be purchased in the marketplace, dear Gem, though it can be yours for the asking. Key is tenderness — in the night. Interesting message dispatched before last day.

CANCER (June 21-July 22): Action is key for days ahead, Moonbaby. You've been a bystander at life's feast long enough. For you to be trapped by timidity is not only unthinkable, it is downright immoral. Concentrate on feeling and try not to intellectualize every experience. Message clears.

LEO (July 23-August 22): Watch your step, Leo, for the platform on which you are standing may be wobbly. Attractive ne'er-do-well apt to encourage you to make foolish move. This person is an eloquent old party and perhaps of opposite sex. Interesting message from one at a distance is highlighted.

VIRGO (August 23-September 22): Plans which are in the making can be wrecked if you insist on being piggy, Virg. Accept your share of goodies and ask no more. Week ideal for travel. Don't be surprised if Cupid wants to play peekaboo before last day.

LIBRA (September 23-October 22): Queasy feeling that you may be over-programmed should subside by second day. Clue concerning career fulfillment is dangled. Grab it. Dispatch important message to one at a distance. Before week is over, take time to kick off your clogs and run barefoot in the clover.

SCORPIO (October 23-November 21): Honest, but complex, question sure to be asked. Try not to answer with vague generalities. Time is ideal to establish true communication, but you must go more than half way. Mood changes occur during midweek, but by last day biz gets back to normal, which for you, Scorp, is semi-chaotic.

SAGITTARIUS (November 22-December 21): Desire to flee surroundings will be strong, Sag. Not a bad idea, so long as you establish priorities. This means NOT burning the proverbial bridges behind you. Sure, you love to wander, but even more you love returning to the comforts of home.

CAPRICORN (December 22-January 19): Pre- for an emotional twister, Cap. Fragmentary clue to the real meaning of it all appears as sudden illumination, and you, Cap, will be richer for the experience. One who is blithe spirit plays key role.

AQUARIUS (January 20-February 18): Look, Aquari, dilemma which has been brewing apt to come to a head by third day. If you are brilliant, you will make effort to conserve your energy and recycle your emotions. No need to feel a forest for a two-by-four. You will understand.

PISCES (February 19-March 20): Frustration threshold apt to be low first part of week. If so, tack up sign: "Gone Fishin' ". Who knows? If you are very patient, and wait for the early evening rise, you may wind up week with a delightful catch.

Cite Four Caldwell Students

Four Bellevilleites were named to the Dean's List at Caldwell College for the spring semester, according to Sister Alice Matthew, academic dean.

Marguerite Williams, daughter of Mr. and Mrs. James Williams, graduated in May with a degree in biology.

Maria Williams, daughter of Mr. and Mrs. James Williams of 118 Cortlandt Street, graduated in May with a degree in biology.

Mary Oertel, daughter of Mr. and Mrs. William Oertel, of 179 New Street is majoring in social studies and will be a junior in September.

Darlene D'Achino, daughter of Mr. and Mrs. Leonard D'Achino of 41 Magnolia Street, graduated with a B.A. in English in May.

Spinelli Listed At Drew U.

Dean's List honors in Drew University's College of Liberal Arts have been announced for the spring, 1973, semester. Included on the List are some 77 undergraduates who maintained a straight A average.

Students who qualify for Dean's List standing at Drew must maintain a grade point average of 3.10 (B) or better during a semester, based on a four-point scale, with no failures or incompletes for not less than 12 hours of classroom work per week.

Among those named to the Dean's List was Lawrence Spinelli, son of Mr. and Mrs. F. Spinelli of 17 Crescent Terrace.

Drew is a leading, small independent university located on a 150-acre forested campus an hour west of New York City. Founded 106 years ago as a theological school, it now offers seven degrees, from the B.A. to the Ph.D., in 30 fields of study. Its undergraduate school, one of the most selective in New Jersey enrolls about 1,600 students.

...because no two homes are alike.

A generation or so ago phone service meant simply having a phone. It was black and had a rotary dial.

But times have changed. Today, convenient phone service means having the right phone, in the right place. That's why we have different phones—all kinds—so you can choose the ones that are just right for you, as well as your home and family lifestyle.

Look around your home. Do you have phones where you need them most—where you live, work or simply spend a lot of your time?

Consider the phones shown here in relation to your home. If you think some changes are in order or want some advice, get in touch with your Service Representative. A call to your local Telephone Business Office will do the trick.

1. Our basic dial phone comes in wall and desk models — in decorator colors at no extra charge.
2. Modern Touch-Tone® service makes calling twice as fast, twice as easy. Available at a special bargain price if you need three or more.
3. The sculptured Trimline® phone puts everything right in the palm of your hand. Since you don't need the base to make a call and because it comes with a longer cord, you can tuck it in an out-of-the-way place.
4. Our stylish, practical Princess® phone. Soft 'night light' dial and compact size make it ideal for the bedroom.
5. The speakerphone lets you carry on a conversation 'hands-free.' Amplifies both sides of the conversation.
6. Card Dialer. It's a telephone... it's a memory bank. Frequently called numbers are recorded on plastic punch cards. To make a call, put the card in the slot and press a button.
7. Wall phones in various sizes, shapes and colors. Including our designer panel phone for the architectural built-in look.
8. If you have difficulty using the telephone, we have special equipment to make calling easier and more enjoyable. Including this phone — it helps you hear better.

To Develop Anti-Smut Bill

Assemblyman Orechio Asking Special Legislature Session

Assemblyman Carl A. Orechio (R-Essex) today called on leaders of the State Legislature to convene a special session "at the earliest possible moment" to develop a new set of anti-smut standards to replace those struck down July 27 by the U.S. District Court.

In telegrams sent to Senate President Alfred N. Beadleston (R-Monmouth) and Assembly Speaker Thomas H. Kean (R-Essex), Orechio pointed to "the need to fill the void" caused by the federal court's declaring unconstitutional those portions of the New Jersey Obscenity Law pertaining to adults.

Although the ruling had no effect on those portions of the law dealing with sales to minors, it means the

legislature will have to devise a new obscenity statute if it wants uniform standards throughout the state.

The U.S. Supreme Court in June changed the ground rules for defining obscenity, replacing its ruling in an earlier case with a new three-pronged test based on local definitions of prurience in various sections of the country while exempting serious works of art and scientifically significant materials.

"While I agree with the highest court in the land's ruling that local communities are best able to decide what is obscene or pornographic, I also believe the legislature has a responsibility to provide general guidelines to assist local officials make such determinations.

"Our constituents elected us to make just laws to serve the public interest when thorny questions such as these arise," Orechio declared, "and this is one requiring immediate action."

"What I am proposing is the development of a set of standards to assure that no New Jersey municipality becomes the new smut capital of the nation, and that both the courts and the peddlers of such wares will be satisfied that we mean business."

"Our challenge," Orechio concluded, "is to define — to the satisfaction of the courts — what qualifies as material possessing serious literary, artistic, political or scientific value, and what is out-and-out smut. The make-up of the legislature is sufficiently

broad to accomplish this objective."

Orechio's current district 11-C includes Belleville, Bloomfield, Glen Ridge, Montclair, Nutley and Verona. He is seeking reelection in the new 27th district, which except for Belleville will also include Caldwell, Cedar Grove and Essex Fells.

Arts Center: Kristofferson Cancels Date

Recording artist Kris Kristofferson has cancelled his scheduled September 2nd appearance at the Garden State Arts Center.

Kristofferson was due in for a one-night appearance in September, the final month of performances for the Arts Center's 1973 season. A spokesman for the Center said "we tried to get this artist to honor his commitment but to no avail. We are sorry for the inconvenience he has caused some patrons. No replacement act will be scheduled as all leading artists are committed for the date."

Essex Improvement Authority Holds Joint Solid Waste Talks

The Essex County Improvement Authority held its second in a series of Joint Solid Waste Management Conferences to define the responsibilities to be assumed, by the Environmental Commission, the County Conference of Mayors and the representatives and elected officials comprising Joint Committee One for Solid Waste Control, toward

meeting the County's increasing disposal needs. Attorney William J. Tamburri, Counsel to the Authority, listed the areas of the Authority responsibility by defining the fiscal planning and administrative objectives as earlier expressed by Eugene F. Golding, Authority Chairman.

Tamburri stated that the Authority is receiving

numerous proposals for extensive review and that all proposals must include a complete fiscal analysis relating to handling costs as well as projected secondary material reclamation sales to cooperating industries.

Tamburri concluded by pointing out that the Authority is also interested in possibly having their bonds purchased by the companies to be

associated with ore final proposals. Walter McKinley, Mayor of Verona and chairman of Joint Committee One discussed his committee's objectives and their years of familiarity with disposal systems.

He stated that his committee is prepared to review and evaluate all waste disposal systems presented to the Authority.

McKinley noted that any County Authority progress in this area will receive his support since it represents a significant savings to the participating communities in Joint Committee One.

The Conference of Mayors Executive representative, John Kosko, stated that his offices will be responsible for the submission review of tentative reclamation and plant locations along with a municipal advisory program involving all elected officials and the public.

Gerard M. Simons, chairman of the Environmental Commission said that he will appoint a sub-committee to review all process and plant locations toward the proper preparation of federal and state environmental impact studies.

The Belleville Senior Citizens held a surprise birthday party for ECPC (Essex County Park Commission) member and director of Belleville senior's activities, Ben Shaffer. The party was held at the clubhouse in the park and two sheet cakes were made and punch was served. Mr. Shaffer was invited to come to a "hall meeting" and was quite surprised to find it was a party in his honor and his wife, Barbara and their son and daughter were on hand for the festivities. Many presents were given to Shaffer as, the seniors said: "we wanted him to know he is appreciated." Harry Citerella is president, Sally Hood, secretary and Eunice Stone, sergeant at arms, of the Belleville Seniors.

The trip to Asbury Park for the seniors, sponsored by the Town, was a most magnificent one. Some of those on board included Mrs. Berta Reimann, Mrs. Gertrude Russel, Mrs. Marion Klaus, Mr. and Mr. Nick Jacobs, Mrs. Frieda Bohlen, Mr. and Mrs. Greene, Mrs. Julia Welch, Mrs. Burde, Mrs. Gebrian, Mrs. Ohle, and Mr. and Mrs. Laterza. A highlight of the trip was dining at The Original Homestead Restaurant, where you can "dine over the ocean". Located at the north end of the Boardwalk in Ocean Grove, the posh eating palace was established in 1915 and, according to Belleville seniors - eating there "the food is very good...you couldn't have it any better." I can see what they mean, when I glance at the menu for that day - seafood cocktail - or - fruit cup...appetizer, clam chowder - or soup - choice of corned beef and cabbage, pot roast, fish, or ten other varieties plus coffee and pie. Wow! I'm also told that the Homestead's hostess and waitresses are very nice. Reservations for parties at the restaurant or other information may be had by phoning 774-3196.

The Veteran Boxers Social Club of N.J. held a picnic July 29th. (see story this issue). The purpose was to present checks to the three charities for which the Golden Gloves AAU boxing matches were held recently. Mrs. V. Vernick accepted on behalf of CP; Mike Rosamilia on behalf of the Craig Fund and Sisters Mary Ann, Rose and Mary John for the Little Sisters of the Poor in Paterson. It was a delightful day and over 40 members and their wives were present at the

home of Vito and Sue Nardiello, New Street. Some of those I met were: Mario and Rachel Centi, Ernie and Antoinette Ratner, Paul and Florence Cavaliere, Frank and Jeannette Bove, Pat and Mae Ruggiero, Tom and Lucille Foselli.

The food was catered and Willie Skidmore was a magnificent maitre' D as he kept serving the ladies more chow. I also met a Mrs. Emma O'Leary - a most interesting personality from Clifton. As a hobby, Emma creates small figurines in a most unusual way, combining ceramics and material. I'm pleased to say that at the picnic, I won one of Emma's "creations".

Remember - next event by this group will be a Testimonial Dinner Dance for Paul Cavaliere on October 5. No tickets will be sold at the door - so better call 338-8644.

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Group Therapy

What is group therapy? Well, people get together in groups for many different reasons. Their purpose may be anything from playing a game of basketball to learning to speak Chinese.

But, in the mental health sense, a therapy group is made up of people who aren't happy with their lives or who aren't doing as well as they could because of problems involving their thoughts and feelings.

Their purpose is to learn to get along better with themselves and others and to develop healthier, more effective ways of coping with life's difficulties and challenges.

"Group Therapy" is a term for the process they go through as they and their leader work together to reach the goal.

Group therapy is not really new, although it has come to major attention fairly recently. Medical historians trace its beginnings back to 1905 when a Boston physician brought tuberculosis patients together in a weekly class that included

some discussion of personal problems.

During the 1920's and 30's several psychiatrists experimented with group methods for treating mental and emotional difficulties. It wasn't until after World War II, however, that the idea and practice of group therapy really spread.

Today, it is highly popular and widespread—almost too much so, some believe. But what are the facts about group therapy? What kinds of people enter it? What goes on in a therapy group?

Can group therapy be harmful? How can a person considering group therapy avoid pitfalls?

Because of the interest in and importance of the subject, the National Institute of Mental Health has recently issued a new, authoritative information folder which you can obtain free for the asking. It covers the above and other questions.

Write for "Facts About Group Therapy" to the National Institute of Mental Health, Room 15C-17, Rockville, Maryland 20852.

ANOTHER BELLEVILLE — This recent photo is of Sal and Emily Vangieri of 49 Moore Place who, on a two week trip to Europe, discovered another Belleville in Paris, France.

ACCREDITED — Michael T. Colonna, Associate Administrator looks on as Sister Clare Dolores, Administrator of St. Vincent's Hospital, Montclair, affixes the seal to the Certificate of Accreditation issued by the Joint Commission on Accreditation of Hospitals. St. Vincent's was notified recently that it has been accredited for a full two year period after a complete survey by a team from the national organization had determined that the hospital complied with the standards promulgated for optimum patient care and safety.

Prevent Borers From Entering Your Shade Trees

It is much easier to prevent borer damage than to control borers after they have entered a shade tree.

Once borers are in trees you can kill them only by digging them out with a sharp knife or crushing them by pushing a wire into their burrows or fumigating by injecting carbon tetrachloride or borer pastes into the burrows.

Newly transplanted trees and weakened trees are especially susceptible to borer

attack.

The trunks of young trees and recently transplanted trees should be wrapped with nursery wrapping paper to prevent egg laying by borers, suggests William F. Munk, senior county agricultural agent of Essex County.

The bigger the executive the less actual work he performs.

ANNIVERSARY PARTY — Mr. and Mrs. Frank Ceres of 15 Bellevue Avenue, were feted at a dinner party given by their daughter, Myra in honor of their 27th wedding anniversary. Prior to the party at Rod's Ranch House in West Orange, the couple celebrated with a trip to London, Paris, Torremolinos and Tangiers, Africa. They visited sites where Mr. Ceres was stationed during World War II while serving with the Strategic Air Forces in Europe.

SILVER ANNIVERSARY — Mr. and Mrs. James P. Ceres of 60 Smallwood Avenue celebrated their 25th wedding anniversary recently with a visit to the Meadowbrook Theater Restaurant, Cedar Grove, where Van Johnson was starring in "I Do, I Do". Mr. Ceres is a purchasing agent at Harrison Sale, Newark and aid to Assemblyman Carl Orechio.

BACKSTAGE VISIT — Mrs. Ceres enjoyed a backstage visit with the production's star, Van Johnson, after his performance in "I Do, I Do". Relatives and friends joined the Ceres' for their anniversary celebration.

Flea Market September 22 In Lyndhurst

The Lyndhurst Junior Woman's Club will open its 1973-1974 year with a fall flea market to be held at the William F. Gallagher Little League Field on Riverside Avenue in Lyndhurst, on Saturday, September 22 from 10:00 a.m. until 6:00 p.m. Free admission to the general public.

Dealers and craftsmen from far and near will be displaying and selling their wares, ranging from one of a kind hand-crafted items to everyday necessities at prices to please the pocketbook. The Juniors' Flea Market promises to be a browse and bargain hunters delight!

Refreshments will be available on the premises. In the event of rain, the flea market will be held on Sunday, September 23. Dealers interested in reserving space can do so by contacting Mrs. Joseph Pantaleone 933-5268 or Mrs. Dennis Johansen 935-4465, co-chairmen of the event.

Mildew Free Roses Cover Rustic Fence

Many homeowners put up a rustic or rail fence around their property and then want to cover it with some climbing plant to break the monotony of the rails.

One of the most natural climbing or rambling plants for this purpose is a climbing or rambling rose.

But even the most ardent rose grower may then shun the idea of a vine covered with mildew or spotted leaves. Spraying large vines seems too much of a chore, and the rose on the fence loses some of its appeal.

William F. Munk, senior county agricultural agent of Essex County, has some suggestions. Choose a disease-free variety.

There are some excellent varieties that go a long way toward filling the bill. Powdery mildew is no problem at all on some excellent varieties.

For a good red climber try the variety "New Blaze," Mr. Munk suggests. If you know the old-fashioned "Paul's Scarlet" you have a good idea what "New Blaze" looks like.

This is an everblooming variety, which is something more in its favor. Another good red climber, free from mildew, is "Don Juan."

Among the pink climbers, you can't beat "Blossom Time," for quality and resistance to powdery mildew.

And if yellow is your color, the mildew-resistant "Golden Showers" will go well on your fence or rose arbor.

Shaking The American Foundation

'Open Education Concept' Spreading In Public School System

Open education — a child-centered concept that gives more classroom choices and freedom to the student — is shaking the foundations of American education. In some form, says the New Jersey Education Assn., its effects will be felt for years to come.

Open education has its roots in the informal atmosphere of the American one-room schoolhouse. NJEA reports, but the 20th Century version evolved in England. While American schools geared up to race the Russians after the Soviets launched the first space rocket in 1957, Britain's public schools have been changing from strict discipline — enforced by lashes of the cane — to free expression. One British educator sums it up this way: "You can blow a whistle and make all the children line up. But why?"

Now open education is returning to America. Some schools are even being built without walls, so that education can be open in physical fact as well as in spirit. However, says NJEA, open education is not a method, system, or school structure. It's an attitude — the belief that the typical child learns best on his own and, in the bargain, becomes a happier and more creative person.

Sir Alec Clegg, one of England's open-education pioneers, has little regard for traditional educational practices. "The goal," he says, "was to cram knowledge — no matter how sterile — into children's heads. What a child knew tended to matter more than the kind of person he was growing into."

The new goal is "to produce individuals capable of independent action," says Clegg, county chief education officer in Wakefield, England — "to develop originality rather than conformity."

From the outset, the child is thrown on his own resources. "Finding out is better than being told," Clegg says. "Initiative and sensitivity and determination and many other qualities emerge as byproducts of the learning process."

In a typical English open classroom, Clegg says, pupils will start work first thing in the morning whether the teacher is there or not. "The infant's urge to work is so strong that all we have to do is provide the opportunity."

Gains in student performances have shown up in creative endeavors more than in academic skills. Nevertheless, Clegg maintains, student understanding of basic concepts in academic subjects such as mathematics have also improved. He concludes, however: "The really significant gain is the dramatic change in children's behavior."

Not all dispatches from England agree on the benefits of open education. NJEA reports. One English headmaster urges his American colleagues to examine the British claims carefully.

"There is no overall scheme for the development of each individual child over a period of schooling," comments Jack Whiteley, headmaster of the Overdale Junior School in Leicester. "As a result, standards in such fundamental areas as spelling, handwriting, written communication, understanding of numbers, may fall away drastically."

A child of seven planning his own work may waste much time that could be used for learning, Whiteley believes.

The 'showplace' British schools — with "manageable numbers of pupils and carefully chosen staff" — are among the best in the world, Whiteley believes. In less favored schools, however, especially those with crowded classrooms, "child freedom" has been much less successful and, in some cases, chaotic.

To Americans, Whiteley gives this advice: "Don't reject these practices out of hand. Certainly they have much to offer. But benefits are by no means inevitable."

Another English educator warns that national differences may hamper transplantation of British programs into American classrooms. NJEA reports. The success of open education in some of England's primary schools rests on British traditions, says Peter C.M. Raggatt, a lecturer at The Open University in Walton, England. For open education

to cross the ocean successfully, fundamental changes may be needed in how American schools are being run.

The major difference between the school systems of the two nations, NJEA

reports, is that in the United States a local board of education sets the policy, whereas in England, the "head" (principal) makes the decisions that shape the school. Another difference is that

English teachers have greater professional authority than their American colleagues do.

Comments Raggatt: "The possibility of successfully introducing teaching methods employed in English primary

schools into American schools must rest on the readiness of the community and of parents to give up the role of vigilantes and to accord the teacher greater autonomy to choose his sub-

jects, materials, methods, and organization of learning."

Despite open education's great promise, the early boosters are beginning to wonder if some school systems aren't implementing

it too rapidly, NJEA reports.

"You can't get excited about open education on Tuesday and start doing it on Thursday," cautions Paul S. Pilcher, a University of Massachusetts instructor who

doubles as a consultant to school systems interested in open education. "Yet that, or something close to it, seems to be precisely what is going on today in many schools in the U.S.A."

Playgrounds See Caterpillar Races

Chess is a new interest at School Nine Playground. Some of the enthusiasts are Timmy Dolan, Phil Lazarro, Tom Lento, and Steve Annicharico.

Allyson Geiger, Monique Ciallella, June Gertile, and Anthony Bell enjoy caterpillar races at School Eight Playground. Winner of the nok-hockey tournament was Anthony Bell, and Wayne De Feo was the kalah champ. A softball throwing contest was held and won by Joey Franchesini.

Children at the Rec House have been busily preparing for the Muscular Dystrophy Carnival. They include Jimmy Cali, David Di Giacomo, Donna and Gina De Vito, and Gene and Laurie Marino.

A successful project at Fairway Playground was making figures and animals from rocks. Maria Prosperi's frog was one of the unusual creations.

Vinnie Amato is the outstanding Hit-the-Stick player at the Stadium. Mike Rainone, Mike Nicosia and Alex Petrillo dominate four-squares.

Mother's Day came again this year when Mrs. Bogle and Mrs. De Stefano enjoyed an afternoon of fun and games with their children at the Pistol Range Playground. Ping-pong champ of the week is Mauro Tucci.

Basketball has become more popular at Kelly Playground with the additions of new baskets and lines. Enjoying the game are Gary Wilkes, Frank Kohler, Richie Wilkes, and Philip and Jimmy Fredericks. Alice Nugent is the current nok-hockey champ.

This week at School Two Playground Mark and Joe Savastano, Anthony Penebere, Mark Santasieri, Joe Goodman and Charlie and Frand Nigro enjoy playing charades.

Basketball continues to be the dominant activity at School Three Playground. Outstanding players are Moms Ilaria, Gene Chamberlain, Mickey Limongeli, Rocco Balsomo, and Bob Freda.

Ice Center Sets Summer Skating

The Essex County Park Commission's Branch Brook Ice Center opens its doors again August 3 for the start of its summer skating program which will lead into a solid fall and winter schedule, featuring public skating sessions, group skating instructions and a college and high school hockey league at the indoor rink.

The summer program offers a general public skating session on Friday evenings from 8:30 to 11:00 p.m. and a twinbill on Sundays with a 2:15 to 4:30 afternoon session and a 7-9 evening program.

Rentals of skate equipment will be available at the arena's amply-stocked skate shop. Admission to the sessions will be \$1.50 for general admission and 75 cents for student card holders (student cards may be purchased at a \$3 charge).

The scene at Branch Brook picked up three days after the opening of the skate program when the 10th annual hockey clinic conducted by the Park Commission takes over the daytime slot.

This year's clinic will be one of the Commission's biggest. Due to the large number of applications an ad-

ditional two-week class has been added. The school will be conducted at both Branch Brook and South Mountain Arena in West Orange, and runs until September 1.

Headlining the faculty is former New York Ranger star Camille Henry, now head coach of the World Hockey Association's New York Golden Blades, formerly the Raiders. Other professionals joining Henry are Blades Wayne Rivers, Kent Douglass, John Mark and former rookie sensation Pete Donnelly, recently traded to the Ottawa Nationals.

The local teaching staff includes Joe Hannabach, John Warchol and Dave Sloan all Livingston; Vinnie Jervasi and Tony Del Tufo of Newark; John Oswald of Convent Station; and Vin Godleski of Potteryville.

The winter program at the Newark rink opens September 7 and will feature wall-to-wall activity.

In addition to the time reserved for public skating, there will be six different hockey leagues running at the same time. These will include leagues for squirts, bantams, midgets and peewees.

Leaguers Go to Bat For Handicapped Youth

CHECK DONATED — Richard Higgins receives a check from (l-r) Mayor Joseph McGreevy, Commissioner Michael Marotti and Sheriff John Cryan on behalf of the Amvets and Little Leaguers.

A young handicapped youth was presented with \$500 toward the purchase of a new artificial leg at the recent Little League picnic after members of the Little League organization and the Amvets joined forces to raise the funds.

Richard Higgins of Belleville was the recipient of the proceeds of a bus trip to Monmouth Racetrack, sponsored by the

League and the veterans' group.

Commissioner Michael V. Marotti was the prime mover for the drive, which he undertook after a woman informed him of young Richard's need at the Little League opener last May.

Marotti then arranged the trip to Monmouth Racetrack, and the League members and Amvets responded to the call.

Town Cub Scouts Compete Belleville Olympic Games

Sixty-five Belleville Cub Scouts participated in the

First Cub Scout Olympics of the Belleville District, Robert Treat Council, Boy Scouts of America. The Olympics took place on July 7 Saturday, from 10:00 a.m. to 3:00 p.m. at the Belleville Municipal Stadium.

A committee of volunteer Cub Scout Leaders - chaired by Thomas Balsamo planned and conducted the event. Other committee members giving strong assistance were Eleanor Connors, Robert Connors, Jack Hammell, Ronald Wohlman, Warren Johnson, and Stephen Ward. Each event was set up in an eight year-old, nine year-old, and ten year-old category, thus each Cub competed against Cubs his own age only. The point system was based on five points for 1st, two points for 2nd, and one point for 3rd.

The following Cubs were the over-all winners of the Cub Olympics:

1st Place - Jeffrey Walsh, Pack 307 - eight years old - total - 21 points. Won four out of seven events in his age group. Took third place once.

Second Place - Steve Brennan, Pack 305 - nine years old

Softballers Enter Playoffs for Title

Recent action in the Recreation Men's Softball League last week involved only the Monday League and the breaking of the three-way tie for first place among J.&F. Lunch, I.M.A., and Garden Liquor. During the scheduled play J.&F. Lunch had defeated Garden Liquor two out of three times and had also defeated I.M.A. two out of three. I.M.A. had two out of three record over Garden Liquor. By toss of coins Garden Liquor drew a bye on the first game.

J.&F. got out to a 5-0 lead in the early innings of their game with I.M.A. Then, in an outstanding display of defensive play, J.&F. Lunch held

their opponents to two runs. Both teams played excellent ball in this crucial game. However, it was J.&F. Lunch that moved on to face Garden Liquor to decide the League Championship.

In regard to Garden Liquor it should be said that substantially the same team played in the Wednesday League under the sponsorship of Frenchys. During the season the reports from the League had reversed these positions. Frenchys, in the Wednesday League, placed second to the Park View House.

On Tuesday, last week two powerful teams faced off for the League Championship,

J.&F. Lunch, new in the League, against Garden Liquor, veterans of many seasons. Early in the game Garden Liquor pounded in two runs and J.&F. responded with one. Then the game ground on with brilliant defensive play by both teams until Garden Liquor grabbed two more runs in the closing innings. J.&F. got men on base again and again only to have them picked off by Garden Liquor's heads-up fielding and base play. An many of Garden Liquor's men were left on base by J.&F.'s sharp play. It was a beautifully played ball game with every man of both teams turning in a total effort.

After Tense Battle

Belles Claim Crown In Recreation League

The new Recreation Department Ladies Softball League ended its first season last Wednesday and it was a thrilling finish as the Belles took the crown.

On both Monday and Wednesday there were critical games played. First, on Monday the Belles faced the Dazzlers to break their first place tie. Each team sported a 7-1 record and each had lost once to the other. Right from the start it was the Belle's day as they opened a hitting spree that could not be contained by the very scrappy Dazzlers. This victory gave the Belles a one-game lead in the League but there was still a rain-out game left to be played. In this game the Belles had to meet the Sluggers.

Throughout the season the Sluggers had been picking up power and it was a very rugged Slugger team that the Belles faced last Wednesday. It was the Sluggers who drew first blood with two runs in the starting stages of the game. They came back to the bat again and increased their lead to four runs before the Belles got started.

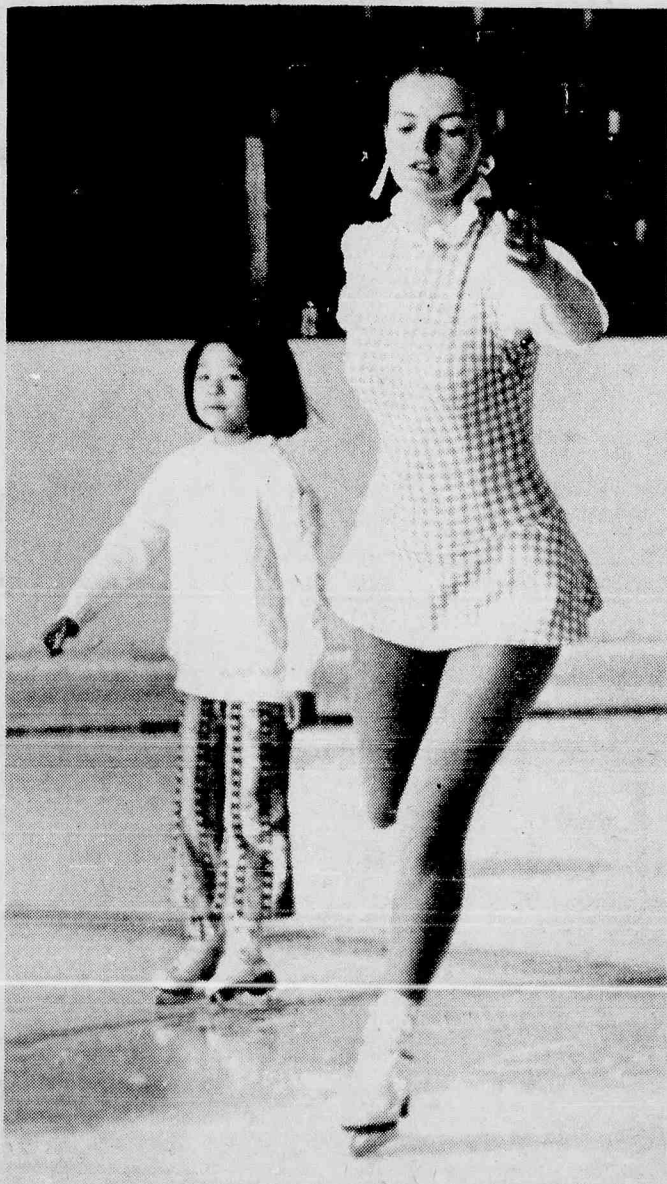

Then the Belles began a slow but relentless climb finally tying the score in the sixth in-

ning. During the late innings the defensive play was so good that they played through eleven outs without one girl reaching first base.

In the extra inning the Belles disposed of the Sluggers one-two-three. Finally, when the Belles took to the bat, it was Betty Rosamilia who broke it open with a single. She hobbled to first on a pulled thigh muscle where she was replaced by pinch-runner Edie Bialore. Next Andre Morel banged out a hit that put Edie on second. Marianne Stetz then swung the big stick, doubled and drove in the run which won the game and the League.

Recreation Championship trophies were presented to the Belles by Superintendent of Recreation Bob Cook. Members of the winning team were: Audrey Roll, Captain, Edith Bialore, Lucille Burlazzi, Maureen Doll, Janet Fazzari, Edith Graziano, Ruth Kempainen, Flo Labenski, Doris Lowry, Marilyn Mack, Julie Polito, Marianne Stetz, Rose Wallace, Lucille Montemarrano, Betty Rosamilia, Gloria Pellegrino, Andrea Morel, and Pat Wimble.

Summer Fun on Ice

BEATING THE HEAT — Doreen Wong (left) of Belleville keeps cool as she skates with Barbara Maraschi of Newark in the summer session at South Mountain Arena. Sessions are Tuesday and Thursday morning, 10 a.m. to noon and Tuesday, Thursday and Saturday evening, 8:30 to 11 p.m.

FIRST CHAMPS of the Recreation Department Ladies Softball League are the Belles, who posed for a picture after they clinched the league title.

Women Amateur Golfers Prep for Montclair Match

The United States Women's Amateur Golf Championship, to be held at the Montclair Golf Club from Monday to August 18, has attracted all the leading distaff golfers in its total entry of 150.

Entries have been received from Mrs. Stephen Sander of Seattle, Washington, the former Anne Quast, who finished fourth in the U.S. Women's Open Championship held recently in Rochester, N.Y., Beth Barry of Mobile, Alabama, who was fourteenth, and Cynthia Hill of Colorado Springs, Colorado, who led the Open after the first day with a sparkling 68.

Also, Mary Budke, Dayton, Oregon, last year's winner; Hoiis Stacy, Savannah, Georgia, three times Junior Champion; Jane Booth, Palm Beach Gardens, Florida; Barbara McIntyre; Martha Kirovac; Lancy Smith, all U.S. Curtis Cup players, have entered. Nancy Lopez, Roswell, New Mexico, the 1972 Junior Champion, will play.

In addition, Michelle Walker of Kent, England, the former British Champion, and Mary Everard of Sheffield, England, the current champion, will be on hand.

Another golfer of note who will play is Carolyn (Mrs. Philip) Cudone of Myrtle Beach, S.C. Mrs. Cudone, for many years a Metropolitan and New Jersey star while a member of the Montclair Golf Club, has a

distinction which may never be equaled. She has won five successive Senior Women's Amateur Championships. No one else has ever before won as many as four successive USGA

There will also be a large contingent of local women's amateur leaders playing in the event. They include young stars Janet Aulisi of West Caldwell and Cynthia Ferro of Belleville. Also, the 1949 winner, Mrs. Mark Porter of Cinnaminson, Mrs. David Johnstone of Montclair, a former New Jersey champion and Mrs. A. Sherburne Hart of Short Hills, another former champion.

The tournament will be played on the third and fourth nines of the Montclair Golf Club which measures 6060 yards, par 73, for the championship. Montclair's membership over the years has had many well known golfing names, including Jerome Travers, who won several U.S. men's amateur championships shortly after the turn of the century, and Robert Gardiner, a Walker Cup player. Also, it provided two presidents of the United States Golf Association, the late Charles W. Littlefield, and Isaac B. Grainger, now a New York resident.

Kenneth T. Gordon of Essex Fells, the tournament chairman, is a member of the USGA executive committee. He is also a well known amateur golfer.

Beck's Column.

In its constant endeavor for improvement and cost cutting the TV industry through a development by RCA has come up with a major improvement in picture tube design.

The new picture tube is called the "in-line" system. Without going into technical detail, we would like to point out some advantages. The tube is 1.8" shorter. It is easy to install. The picture tube design which has been in use up to now, and probably will be for quite a while in the larger sizes, is called the "delta" design, because the three electron guns are arranged in this fashion, while the guns in the new design are arranged, as the name implies, in line. Instead of a large number of phosphor dots on the screen of the delta tube, the in-line tube has horizontal lines, which light up in color as the electron beam hits them. The deflection yokes, which are on the neck of the tube, are permanently fastened to the in-line tube, while they are separate with the delta design. The separate deflection yokes necessitated for the delta tube, the adjustment for the so-called dynamic convergence, which was done by the adjustment of a number of magnets, coils and controls.

As far as the picture quality is concerned, there does not seem to be any decided difference. Some people think it is better than the delta tube, others don't, indicating that there is no real difference which would be immediately noticeable.

There are 2 other "in-line" tubes in use, one by GE and one by Sony. Although the price for the new development at present is not much different, in due time it is bound to result in lower prices for TV sets.

Pro Benefit Shapes Up

Now that we are in the middle of the football exhibition season, most fans in the Metropolitan area of New York and Philadelphia start thinking about the Giants and Eagles. The tickets for the 1973 Jaycee Football Classic to be held on September 1, 1973 at Palmer Stadium Princeton, are expected to be sold quickly.

However, Frank Thomas,

Ticket Sales Chairman, reports that there are still seats left in the \$7 and \$5 sections for the traditional pre-season charity benefit clash between the Giants and the Eagles.

Tickets can be obtained by contacting local Jaycee Chapters throughout New Jersey; the Giants and Eagles ticket offices; or by writing the Jaycee Football Classic, P.O. Box 1973, Hightstown,

New Jersey 08520 (telephone 609-443-3344) and enclosing an additional 50 cents handling charge.

This is the Twelfth Annual

Jaycee Classic, and the only NFL game to be played in New Jersey. This will be one of the few opportunities for many fans to see the Giants in person.

Holy Family Captures Essex CYO Crown

The Holy Family Church C.Y.O. baseball team, composed of boys from Holy Family School, Franklin Junior High, and Belleville Junior High, is this year's Essex County C.Y.O. champion.

Coached by Richard Kunz and Mike Mateyka, the team captured the top spot by beating St. Joseph's of Maplewood 7-1. After winning the division title, the C.Y.O.ers defeated St. Philomena of Livingston in

the semi-final round.

Each team member received an individual county trophy, while the Rev. Robert Cozzini, C.Y.O. moderator, received the team trophy on behalf of the squad. Most Valuable Player Award went to John Clarizio of Belleville. All presentations were made at the Kunz residence during a post-game victory party.

Nursing Head Promoted At Bloomfield College

Frances McLaughlin, the acting area head of Nursing and Allied Health and chairman of the School of Nursing at Bloomfield College, has been promoted to full professor.

Ms. McLaughlin, an East Orange resident, graduated from Presbyterian Hospital School of Nursing in Newark and earned a B.S. in Nursing Education from Seton Hall University and an M.A. from New York University.

Despite the short routes and quick cures, there's no easy way to anything that is worth very much.

Test Montclair Grapplers With 1973-74 Schedule

Montclair State College's fast growing varsity wrestling program will be put to a most severe test during the 1973-74 season with Coach Larry Sciacchitano's grapplers scheduled to face 17 dual

match opponents plus a quadrangle at Princeton University and participation in the University of Delaware Tournament.

The Indians tough schedule will send Sciacchitano's

wrestlers against the likes of East Stroudsburg State, Princeton, Temple, Army, Bloomsburg State (Pa.), Oregon State, North Dakota State, Wilkes, Clarion (Pa.) and the University of Buffalo.

Oregon State, runnerup in the University Division championships of the National Collegiate Athletic Association will visit Panzer Gym on Thursday evening, January 17 while North Dakota State, College Division third place finisher in the NCAA last year, comes to Upper Montclair on Friday evening, January 25.

Sciacchitano calls the schedule the toughest on the College Division level in the East. "This schedule is tough from beginning to end. But I

feel that this year's team at Montclair State will be the best that I have ever coached", claims the Indians wrestling mentor.

Last year, Sciacchitano's first at MSC, the Indians posted an 11-5-2 and won the last nine matches in a row.

The Schedule: November 28-East Stroudsburg State.

December 1-Quadrangle at Princeton (Temple, Princeton and Gettysburg). 7-8 Army, University of Indiana, University of Buffalo, Bloomsburg State (Pa.) and William and Mary at Army; 15-Clarion State (Pa.), Cleveland State and University of Rhode Island at Clarion; 22-C.W. Post College.

Indian Harriers List Fall Slate

A schedule calling for 15 dual meets and participation in four major championship competitions has been announced for Montclair State College's 1973 varsity cross-country squad by Bill Dioguardi, director of athletics.

The Indians harrier squad, winners of 25 of the last 27 dual meets, will open the season on Saturday, September 22nd hosting Albany State and the United States Coast Guard Academy at Garrett Mountain in West Paterson.

One newcomer appears on the Indians schedule this coming fall in C.W. Post College of Brookville, New York. The Indians and Pioneers, plus Southern Connecticut State,

will meet on Saturday, October 6th.

Rutgers University returns to the Montclair State cross-country schedule for the first time since 1955. The Scarlet knights and Indians, along with Army will meet on Friday, October 26th.

First Lacrosse Team Came Out a Winner

Montclair State College's first varsity lacrosse team was an outstanding success this past Spring showing four wins and four losses. In the tough Knickerbocker Lacrosse Conference the Indians were 4-3 and finished fourth.

By any standards the record has to be classed an outstanding success for a first year unit. Coach Al Jackson's team had a very powerful attack led by Houston Webber, a senior from Princeton (N.J.), who tallied 18 goals and got 13 assists for a total of 31 points.

Bill Paladino, co-captain of the Indians from Fort Lee (N.J.) had 25 points while Rich Keller, a sophomore from Denville (N.J.) was third

with 13 goals and two assists good for 15 points.

Goalie Bob Heath, a freshman from Montclair (N.J.), turned in 105 saves on 145 shots for an outstanding job in the Indians nets.

The Indians had ten players receive Knickerbocker Conference All-Star listing with Webber being a first team selection. Honorable mention listing went to Jim Beshaw, Al Tinquist and Heath on defense while Charlie Noonan, George Fabian, Ben Jagiello and Tim Flynn were picked at mid-field.

Besides Webber, the two other Montclair State players list on attack were Paladino and Keller.

If You Saw 'The Godfather,' You've Seen Sonny's Autos

(Continued from Page 1)

Arrow, which Sonny calls "one of the finest cars ever built in this country or in the world. The Pierce Arrow is also a former winner of the New Hope Auto Show two years ago.

But among his collection, the general public seems to most admire the movie stars — those cars which have appeared in the films "The Godfather" and "The Valachi Papers."

One of these cars, which Sonny will take to New Hope for the annual auto show this weekend with his '37 Packard, is the 1940 Buick Limited. The car is now famous for the "Godfather" scene in which it's ripped into a 'U-turn on the George Washington

bridge by gangsters anxious to avoid being tailed to a mob meeting.

His 1940 Fleetwood Cadillac is remembered for its "supporting role" played with Marlon Brando when the ambushed Don slumped over the hood of the car and fell to the street.

Sonny still has the bullet-riddled windshield of the car in an office closet. (He adds he was "amplified compensated" by Paramount to any damage inflicted on his autos during the filming.)

The Buick, in particular, has gained a lot of recognition and the Buick division of General Motors, after "The Godfather" was out, paid Sonny's way to bring his car to Flint, Michigan, where he

was guest of honor at the company's annual meeting.

During the filming of "The Godfather" Sonny got to know a lot of Hollywood people, and he traveled to that tinseled town after the shooting was over. He likes working in the film industry and this week was taking calls from film companies in need of cars for "Crazy Joey Gallo" and "The Great Gatsby." (Even for non-antique cars, they call Sonny — the Gallo picture takes place in the 1960's, and cars from that decade aren't exactly scarce.)

Sonny, a former racing driver, says he gets his leads for autos from varied sources. "I try to buy a sound car, and then I take it completely apart, replace all the nuts and bolts and the wiring, repaint the chassis, reupholster the interior." He stores the cars in garages, with the windows blackened so sunlight won't fade the paint. "I also keep a dehumidifier in the garage, because rust is the worst danger to these cars."

A resident of North Arlington, Sonny has been a merchant here for 10 years. Besides selling used autos, he also rents out his antique cars "for weddings, bar mitzvahs, almost anything." He says the Buick is in great demand for rental, since "everybody seems to want to be associated with 'The Godfather.'"

But the greatest benefit of his pastime, he says, is the friendship of other collectors he's met. "They're the greatest people," he says.

John Walker Honored by His Company

American Bankers today announced that Mr. John A. Walker attended the Company's Millionaires Conference which was held at the Wonderful World of Disney, Orlando, Florida. The attainment of this honor signifies that Walker is one of the elite sales and management leaders in the Company's international sales force.

"John's success exemplifies his firm dedication to helping his clients attain their financial goals and his willingness to serve them," said a company spokesman. He and his family reside in the Belleville area. "American Bankers takes great pride in being associated with a man of Mr. Walker's talents and caliber," added the spokesman.

American Bankers, which does business in 49 states, D.C., Puerto Rico, Canada and Europe, maintains its International Headquarters in Miami, Florida.

"They can be doctors or lawyers, but once they get behind the wheel of an antique car, they're just like you or me."

Prudential Employee Retires

Edwin A. Gasparini, 156 Crest Dr., Belleville, will retire July 24 from Prudential Insurance Co., Newark, after nearly 34 years of service.

Gasparini joined the company's law department in 1939 and is now assigned to the Northern New Jersey real estate investment office as an assistant resident attorney. A graduate of Seton Hall College and the University of Newark Law School, he holds a doctorate in law from Rutgers.

Gasparini is a member of the Newark YMCA. He is also active in both the Boy and Girl Scouts.

He and his wife, the former Thelma Rakett of West Orange, have a son, Edwin R., a Prudential employee, and a daughter, Susan.

John Charles Is Watching Commission

(Continued from Page 1)

meeting I attend," he says, "and the Commissioner — I don't want to mention any names — the Commissioner told me they should pay me five dollars to stay away."

Despite the jokes, there's no doubt Charles performs a valuable function at the Tuesday meetings and it's his belief there could be more responsive government if citizens would also take an interest in the meetings. If everyone in Belleville felt as he does, he says, "we could fill up the Commission chambers and maybe the Commissioners would have a change of heart and lower the taxes."

The problem with apathy of most townspeople, he feels, is that residents feel their wishes will be ignored. However, he finds this is not the case. Charles attends a Commission meeting not to cause trouble, but simply to get his point across which he usually does. He says he prefers a nice, pleasant meeting but I don't like to see them spend so much money. Charles also hopes for more cooperation between the Town Fathers, and agrees that arguments among the Commissioners at meetings aren't healthy.

"Sometimes if you take a problem to a Commissioner, he'll say that's not my department and send you away. I think that Commissioner should take the problem and pass it on to whoever can take care of it. It should be all for one and one for all."

He has a lot on his mind about what would be good for Belleville besides lower taxes. Charles wants to see a food store on Washington Avenue, an operating movie theatre in town, fewer apartments and more attention paid to senior citizens. And he also would like some more citizen participation in government.

"There used to be citizens' groups in Belleville I don't know what happened to them. It's not that people don't care; it's just that they don't want to be bothered. People should try to keep in touch with what's going on in town."

Asked if he would like to shed the role of Town Critic to enter the political arena as elected official Charles had one definite answer: "Not unless I could be mayor. That's the only job I'd take."

And if he was the mayor of Belleville, what's the first thing John Charles would do? "Lower the taxes."

Monaghan of Belleville, Andrew A. Monaghan of Island

Harry Cohen; Retired Clerk

Funeral services were held July 20 for Harry Cohen, 39 Dawson Street, who died July 17 in Clara Maass Memorial Hospital. A Belleville resident 17 years, he was 80.

Born in New York City, Mr. Cohen came to Belleville from Brooklyn, N.Y. He was a retired clerk.

He is survived by a sister, Miss Frances Cohen of Belleville; two nieces, Mrs. Florence Dewey of Brooklyn, and Mrs. Judith Jackson of Memphis, Tenn.; and two nephews, Leonard Cowan of Belleville and Bernard Cowan of Kearny.

Services were officiated by the Rev. Benedetto Pascale of Silver Lake Baptist Church, and were held at the Kiernan Funeral Home. Interment was in Restland Memorial Park, Hanover.

Employment In State On Increase Again

Nonfarm wage and salary employment in New Jersey rose more than seasonally in June to 2,759,900 from 2,699,400 in the previous month, announced Ronald M. Heymann, Commissioner of the N.J. Department of Labor and Industry. The current total, estimated by the Department's Division of Planning and Research, was 60,500 above a month ago and 48,500 above a year ago.

Teresa Faggiana; At 78

Funeral mass was held August 1 in St. Peter's Church for Mrs. Teresa Peterlin Faggiana, 72 Columbus Avenue, who died July 29 at Clara Maass Memorial Hospital. A Belleville resident 43 years, she was 78.

Born in Italy, Mrs. Faggiana came here from Newark. She was a member of the Addolorata Society of Immaculate Conception Church, Newark.

Predeceased by her husband the late Antonio Faggiana, Mrs. Faggiana is survived by two daughters, Mrs. Antoinette Purpura of Newark, and Mrs. Mary Fochesta of Belleville; three sons, Dominic of Belleville, Mario of Belleville, and Louis of Howell Township, and nine grandchildren.

Services were handled by the Kiernan Funeral Home, and interment was in St. Peter's Cemetery.

Mrs. Reiners; Dies Suddenly

Funeral services were held July 29 for Mrs. Thelma Hill Reiners, 133 Rhoda Avenue, who died suddenly July 27. A Nutley resident for 32 years, she was 53.

Mrs. Reiners was born in Collingswood, and came to Nutley from Belleville. A housewife, she was also a member of the Nutley Fire Department Ladies Auxiliary.

Mrs. Reiners is survived by her husband Warren H. Reiners; a son, Stephen Reiners, a Nutley police officer; a brother, Robert H. Hill, of East Keansburg; and a sister, Mrs. Elinor Lane of East Keansburg.

John Thomson; Former Nutleyite

Funeral services were held August 6 for John R. Thomson, Fort Lauderdale, Fla., who died August 2 in Hollywood, Fla., after a short illness. A former Nutley resident, he was 78.

A native of Scotland, Mr. Thomson moved from Nutley two years ago after retiring from his position as an accountant at the Sweeney Lithograph Company of Belleville. He worked for that company for 35 years.

Mr. Thomson is survived by his wife, Mrs. Ethel Schilling Thomson; a daughter, Mrs. Lois Lupinacci of Nutley; and a son, David, of Davie, Fla.; two brothers, Mathew of Australia, and Albert of Scotland; a sister, Mrs. Jean Hutchinson of Scotland, and eight grandchildren.

Services were held at the Johnesee Nutley Home for Funerals, and interment was in Cresthaven Memorial Park, Clifton.

Golden Comments

(Continued from Page 1)

structure of our towns and cities

We would never even suggest that the fraternity of fellow judges might influence the decision of one of that select group known as the Judiciary of the State in rendering a verdict favorable to one of the black-robed jurists who supposedly dwell in the sanctified, ethereal strata where we common plebeians must avoid, however, we do recognize that this particular verdict in question went in favor of the candidate who backed former Superior Court Judge Brendan Byrne while Mrs. Senatore's supporters seemingly backed Ralph DeRose.

Judge Fulop's decision was another instance where a judge who is only supposed to interpret the law as written by the legislators seemingly has by judicial decree perverted the original intent of our lawmakers to require that those seeking office as representatives of the people actually reside within the confines of the district they may be elected to serve.

This stultifying decision should properly be appealed. Unfortunately Mrs. Senatore's loyalty to the party's cause precludes her pursuing this course. Notwithstanding the lack of legal action to upset this foolish court ruling which may well open up a vast Pandora's political box, the solution most probably will be found by the voters of the enflamed district who most probably will now garner more than enough votes for Anthony Imperiale to assure his election as State Senator from the 30th District running as an Independent.

In the meantime, Assemblyman Carl Orechio who presently represents the Essex portion of the newly created 30th District, until the new Legislature is sworn in next January, might well introduce specific legislation that would so clearly spell out the residency requirements of any candidate that no judge could possibly rule in the questionable manner that can cause so much confusion as to be unthinkable.

As the situation seemingly shapes up now, under case law, any unpopular, rich cuss could actually live in Nutley or anyplace in N.J. buy a house in Belleville, call it his voting residence and buy up enough votes to become Mayor of Belleville. I don't think the people of this town would like that. That's why this court ruling should be reversed before such a calamity ever occurs.

Let our elected Senators and Assembly men make the laws in such an "ironclad" fashion, in the public's interest, that no aloof, high and mighty judge can change them with his high-flouting legal opinions. And that's my opinion. How do you feel about it? The latest ruling of the state's highest court has just ordered that after this November election, when new reapportionment must be made.

Veneri Asking Special
Session Of Legislature

Maurice M. Veneri of
Nutley, President of the New
Jersey Industrial Union
Council, AFL-CIO, has
written to leaders of the New
Jersey Legislature, urging
that a special session be called
by or before August 15, "to
guarantee that the rights of
New Jersey's long-termed un-
employed to extended benefits
under the federal law will not
be jeopardized."

Veneri took issue with
Governor Cahill's position
that a special session be called
in September. Veneri warned
that, "in waiting until
September, the elimination of
20,000 New Jersey un-
employed, presently listed as
jobless, would cause the
state's insured rate to fall
below the 4.5% federal stan-
dard and disqualify this state
from coverage under the
federal program."

He said that a check made
by IUC with officials of the

New Jersey Department of
Labor and Industry con-
firmed the fear that delay
beyond the middle of August
could cause the loss of
extended benefits to
thousands of New Jerseyans,
who will have exceeded 26
weeks of unemployment com-
pensation and who now look
toward 13 weeks of extended
benefits as their lifeline.

Veneri said that in the
legislation to enable New

Jersey to participate in the
Extended Benefits Program,
there should be a provision
which would automatically
continue benefits, in ac-
cordance with future federal
extensions.

"If this had been enacted in
previous legislation, the
extended benefits provisions
could have been put into
effect at this time without any

State Lottery Adding
'Chuck Wagon' Bonus

Thirty-five 1973 Station
Wagons, each with an extra
bonus of \$500 worth of food,
will be given away in a five-
week 'Second Chance
Summer Bonus,' the State
Lottery Commission an-
nounced today.

Dr. Thomas E. Maggio,
chairman, and Ralph F.
Batth, executive director of
the Commission, in a joint an-
nouncement said that seven
station wagons loaded with
groceries, will be awarded in
each of the five weeks, begin-
ning with the weekly drawing
of August 9.

The 'Second Chance
Summer Bonus,' will cover
both the Weekly and the Daily
State Lotteries.

Winners will be determined
first by a special five-digit
summer Bonus number to be
selected following each Weekly
State Lottery drawing
beginning August 9. This
number must then be exactly
matched by the last five digits
of the Serial Number on
Weekly Lottery tickets and by
all five digits of the Serial
number on Daily Lottery
tickets.

Those who have an exact
match must then take their
ticket to any one of five New
Jersey State Lottery district of-
fices for validation no later
than 4 p.m. on the Wednesday
following the selection of the
Summer Bonus number.
After identifying themselves,
winners will then be invited to

the "Second Chance" drawing
when each name will be
placed inside plastic ball.
Seven balls will be drawn for
the station wagon prizes, with
the results of horse races
determining the first and second
awards.

Those who do not win an
automobile loaded with food,
will receive \$100 in cash.

The State Lottery district
Offices are situated as
follows: 25 Route 22,
Springfield, in Essex County,
telephone 201-648-2500. 260
East Route 4, Paramus, in
Bergen County, telephone
201-845-4391. American
Building, 336 Route 70,
Marlton, in Camden County,
609-983-5050. East Side of
Route 9, 5 miles south of the
Freehold Circle, 201-780-
2420. Lottery Headquarters,
State and Willow Streets,
Trenton, in Mercer County,
609-292-4331.

First prize each week in the
"Second Chance Summer
Bonus" will be a luxury-size
Station wagon, plus \$500
worth of food from the
winner's favorite market, with
a total value of \$6,500.

Second prize is a medium
size station wagon, plus \$500
worth of food, with a total
value of \$5,000.

Third prizes are five com-
pact station wagons, each
with \$500 worth of food, and
each with a total value of \$3,-
000.

U. S. Coast Guard Academy Accepting Cadet Applications

The United States Coast Guard Academy has announced that it is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1978. Appointments to the Coast Guard Academy are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas. Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, prior to 15 December 1973, and candidates must arrange to participate in the College Entrance Examination Board Scholastic Aptitude (SAT) test prior to or including the 1 December 1973 administration. The competition for appointment as Cadet is based on the candidate's high school rank, his performance on the CEEB Scholastic Aptitude

Test, and his leadership potential as demonstrated by his participation in high school extracurricular activities, community affairs or part-time employment. Most successful candidates rank in the top quarter of their high school class and demonstrate proficiency in both the mathematical and applied science fields.

To qualify for the competition, an applicant must be unmarried and must have reached his 17th but not his 22nd birthday by July 1, 1974. The minimum educational requirement is a high school diploma; however, high school seniors assured of graduation by June 1974, are eligible to compete provided they have at least 15 credits by that time. Applicants must have completed three units in English, and three in mathematics including algebra and plane or coordi-

nate geometry or their equivalents, and must fulfill the basic physical and moral requirements.

Coast Guard cadets obtain an excellent undergraduate education at no personal cost and, in addition, receive pay and allowances fully adequate to fulfill their ordinary living expenses. The constantly updated Academy curriculum offers liberal arts, engineering, and professional subjects, with a choice of thirteen academic options which include: general, ocean, marine, electrical, nuclear and civil engineering mathematics; computer science; ocean science; physics; chemistry; history/government; and economics/management. These areas of academic interest, combined with the varied elective course, establish a solid foundation for a challenging career.

Graduates of the Academy are awarded a Bachelor of Science degree and are commissioned as Ensign in the United States Coast Guard. Selected officers may pursue further postgraduate education and specialized training in many leading civilian and military graduate or professional schools in such fields as aviation, business administration, electronics, engineering, law, naval architecture, and oceanography.

The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard officer. In wartime the Coast Guard functions as a specialized part of the Navy; however, in peacetime it performs essential humanitarian missions vital to the safety and saving of lives at sea. Under the auspices of the Department of Transportation, the coast guard establishes and coordinates search and rescue operations by ship and plane, maintains advanced electronic and other aids to navigation scattered around the globe, operates the icebreakers which clear the way for all polar expeditions, and enforces marine law and all aspects of Merchant Marine safety. Furthermore, the Coast Guard has recently been given added responsibilities in the rapidly growing fields of boating safety and marine environmental protection.

THE AMERICAN CANCER SOCIETY URGENTLY INVITES YOU TO YOUR DOCTOR'S OFFICE FOR A SHORT UNCOMFORTABLE EXPERIENCE.

Practically everybody hates to go through a proctoscopic examination. Frankly, for a moment, it's uncomfortable, even embarrassing.

But it's as important to examine your colon and rectum as to examine your heart and lungs. Especially if you're over 40. Anything suspicious the procto will show and the sooner it's spotted, the better.

You could stand a few moments of discomfort, couldn't you, if it could save your life?

Remember...it's what you don't know that can hurt you.

This time you're absolutely going to save something out of your paycheck. But, then, you really *do* need that pantsuit, a new coat and, of course, that perfume Eric likes so much.

Before you know it, the money's gone... and all you've got saved are your dreams.

That's why the Payroll Savings Plan is such a good idea for a single girl. When you join, an amount you specify is set aside from your check and used to buy U.S. Savings Bonds. And, it's all done before you get your check—so you can't help

but save.

U.S. Savings Bonds — to help you save more than dreams.

Now E Bonds pay 5% interest when held to maturity of 5 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Take stock in America.

Now Bonds mature in less than six years.
