Dinner Held By Chamber

RETIRING after 13 years as Chamber of Commerce treasurer is Michael Pariso, shown here (at left) as he receives a plaque from Executive Director Harry T. French at Saturday's dinner-dance.

The Chamber of Commerce Saturday night sponsored their annual dinner-dance at Branch Brook Manor on Washington Avenue.

The program featured a salute to Michael A. Pariso of Pariso Brothers Furniture, who is retiring from his position as treasurer of the Chamber of Commerce. Pariso was presented with a plaque by Chamber Director Harry T. French.

Officers and members of the group extended a welcome to new members of the Chamber, which include Seven Up Bottling Company, The Laundry Room, Villa Italia, McDonald Hamburgers, S&H Transportation Company, Addressing Machine Sales Company and Liberty Savings and Loan Association.

Gasoline Fumes Invaded

Stifle Sewer Leak After 6-Day Search

by Ken Moore

Gasoline fumes were purged from sanitary sewer lines near Belleville and Union Avenues Tuesday after a six-day investigation traced the probable source of the fumes to a Getty station on the corner of Belleville and Columbus Avenues.

No injuries were reported throughout the six days, which saw traffic detoured from Belleville Avenue as firemen, Public Works employees and lab experts probed the system to find the origins of the fumes that collected in potentially explosive deposits at the intersection of Belleville and Union Avenues.

The Getty Company was scheduled to begin digging yesterday to check the possibility gasoline had leaked into sanitary sewers from piping on their underground gasoline tanks.

Getty officials closed down the station Tuesday morning after meeting with Mayor Joseph McGreevy and Fire Department officials. The fumes in the sewer lines abated throughout the rest of Tuesday and the streets were opened late Tuesday afternoon, although periodic checks were maintained.

Fire Captain Edward Dunleavy pinpointed Getty as the probable source after making early morning checks on manholes and catchbasins as compared to the level of fumes after the station opened. He said his check showed a significant increase immediately after the station opened each morning.

A pressure test had been made on the tanks at Getty Friday, but revealed no leakage. Also, the level of gas fumes arising from manholes near the station had not been high until two days after the

problem broke out on Wednesday afternoon. Dunleavy added a leak in the pipes would not have been detected by the station's meters. All these factors combined to make Getty the third choice in a list of possible sources of the fumes.

Officials first tested a Sunoco station at the corner of Belleville and Union Avenues. Though the company had been digging for pipe alterations, the tests revealed no leakage from that station.

Officials then recalled a lot on another corner of the intersection had once been the site of an Atlantic station which operated from 1931 to 1952. Operating on the theory the tanks had never been removed and had somehow burst, letting out gas which may have lingered there through the years.

An impromptu meeting between Mayor McGreevy, Commissioner of Public Works Mary Senatore and public safety officials Thursday, along with telephone consultations with Town Attorney John Scott produced the decision to dig for the tanks.

The owner granted permission to dig the following day.

Goodyear Variance Disputed in Court

The controversy over the proposed Washington Avenue Goodyear Tire Outlet was reopened Thursday, Oct. 11, when attorneys for objecting service station owners and merchants filed suit in

Superior Court to appeal the variance grant.

The merchants contend Goodyear will bring in unfair competition and create parking problems and safety hazards if allowed to locate at the corner of Washington Avenue and William Street. The complaint filed by their attorney, Robert Podvey, seeks to have the matter sent back to the Board of Commissioners for a new hearing and another vote. The complaint alleges the variance was granted when insufficient testimony had been taken by the Board of Adjustment, and because objectors were not given a full chance to speak against the variance at the Board of Commission meeting which saw the variance granted in a 3-2 vote.

Furthermore, the suit charges, Zoning Board of Adjustment Chairman Arthur DeFuria should have disqualified himself from hearing the case since he is a cousin of Robert Gaccione, attorney for the variance

applicant, Thomas Fahmie.

The complaint, which names the Board of Adjustment, the Board of Commissioners, Arthur DeFuria and Thomas Fahmie as defendants, also seeks to enjoin Building Inspector Vincent Mustacchio from issuing a

Another Skirmish Over Appointment

Commissioner Mary Senatore again clashed with a fellow member over her proposed reappointment of Anthony Agresta to the Zoning Board of Adjustment Tuesday night.

She traded harsh words with Commissioner Michael Marotti just prior to a vote which fell into the same 3-2 pattern which had defeated her proposal at the last Com-

mission meeting.

Marotti had announced at that October 9 meeting he would not vote for Agresta or Zoning Board Chairman Arthur DeFuria (Mayor Joseph McGreevy's nomination) if either name were offered for renomination. Marotti said he wants to see "new faces" on the Zoning Board.

Tuesday night the Board voted unanimously to reappoint Edward G. Heibert to a six-year term on the Planning Board, and Mrs. Senatore used the vote to insist it is contradictory to reappoint on the Planning Board and not on the Zoning Board.

Marotti said the two boards are entirely different bodies, and chided Mrs. Senatore, saying, "You vote the way you want to and I'll vote the way I want to." Commissioner Robert Laterza sided with Mrs. Senatore and Marotti, Vincent Strumolo and McGreevy voted against her.

In another matter, the Commissioners approved on first reading an ordinance to provide both one-hour and two-hour parking on Washington Avenue parking meters, now limited to one hour. The change is being considered at the request of Avenue merchants.

The Commissioners also officially voted to spend \$80,000 on the purchase of the Friendly House in Silver Lake for use as a recreational facility.

Question Candidates

Lobbyists of 'Common Cause' Apply Pressure for the People

The halls of the State Legislature in Trenton are regularly frequented by lobbyists and influence-wielders of nearly every conceivable interest group — from professionals and businessmen to educators and labor unions. Now there is a group which claims to lobby on behalf of all the people.

The organization is "Common Cause," a citizens' crusade for honest government which has been moving on a national level since a former member of Lyndon Johnson's Cabinet formed the group in 1970. Since then, New Jersey has become one of two states to see a statewide program implemented and today there are 16 Bellevilleites alone who are members of the organization.

With elections fast approaching, "Common Cause" workers of Belleville, led by David Golush and Steve Isaacson, both of Bridge Brooke Apartments at 725 Joralemon Street, have been concentrating on getting answers from politicians.

The questions they're asking are listed in a questionnaire mailed to all candidates for the State Senate or Assembly from the 30th District. "Common Cause"

wants to know the opinions of the candidates on a string of bi-partisan issues ranging from conflict of interest to secrecy in government to legislative roadblocks. Their questionnaire also seeks an opinion on the possibility of restricting "Common Cause's" prime weapon — lobbying.

Golush, a 29-year-old accountant employed by an investment banking firm in New York City, is coordinator of the questionnaire program, called "Open Up

David Golush
"Common Cause" Coordinator

The System" (OUTS) in the 11th Congressional District. He joined "Common Cause" in 1970, after learning about the organization from an ad in the New York Times. "I had become frustrated with the lack of a voice I had in government," he explained. "The only such voice any of us have are our Congressmen and Senators, and it's pretty hard to establish rapport with a senator."

Golush said the responses by the candidates to the questionnaire will be publicized soon before the election. In the meantime, members of "Common Cause" have been attending candidate's nights around the District, asking questions about legislative secrecy, campaign financing and other matters not generally voluntarily touched by politicians. This Congressional district has a hard-core group of 50 "Common Cause" workers teaming up on various projects for the election.

The statewide group, headed by Princeton professor James M. Banner Jr., has hired a full-time lobbyist to work in the State Capital, and has already been successful in influencing the passage of a bill regulating campaign financing. They were present at both the Democratic and Republican gubernatorial conventions, where, said Golush, they were "moderately successful" in instituting party reforms.

The state organization works under the same format as the national government: each year members receive a list of suggested bi-partisan issues. Members vote on the questions they feel are currently most important, and when the results are tabulated, the funds of the organization are allocated to certain programs depending upon the vote of the

membership.

The national group was formed in 1969 by John Gardner, former Secretary of Health, Education and Welfare under Lyndon Johnson. Since then membership has sharply increased (with a big jump since Watergate broke) and includes Americans from all levels of society.

"We're not a liberal or conservative group," said Golush. "We're just interested in setting up the rules for the game of politics."

Cops Catch Fugitive From West Virginia

A suspect arrested in a street fight on Washington Avenue Tuesday, Oct. 16, turned out to be a fugitive from a West Virginia jail, according to Belleville police.

Now in Newark Jail and awaiting extradition is William David Cheney, 28, of 35 Hemstead Avenue, East Hanover. He was arrested October 16 at 2:15 a.m. by Belleville Officers Joseph Soocy and Anthony Lavista

Rep. Sandman To Visit BHS Next Monday

Republican gubernatorial candidate Rep. Charles Sandman will visit Belleville High School Monday, Oct. 29 at 8 a.m.

Sandman is scheduled to arrive at the school by helicopter as part of "Essex Day," reserved by the candidate for visits to towns in this county.

The high school was a stopover for Democratic candidate Brendan Byrne earlier in the campaign.

while fighting with a Bloomfield man in the vicinity of 196 Washington Avenue.

Both men were brought to Police headquarters, charged with fighting and held on \$100 bail.

Belleville police said further investigation revealed Cheney to be wanted by the Cabell County Sheriff's Department in Huntington, West Virginia, on a charge of jailbreak.

Cheney appeared before Judge Edward Abramson the following night in Belleville Municipal Court where the case against him was referred to the Essex County Grand Jury and his bail was set at \$25,000.

Cheney will remain in Newark jail until extradited to West Virginia, after a governor's warrant is made out for his re-arrest.

Belleville police had discovered Cheney was an escapee from West Virginia after a routine check with the National Crime Center.

The original complaint about the Washington Avenue fight was phoned into the police by an anonymous caller.

Sat. Show Slated By Music Parents

The Belleville Music Parents Association will present The Halfpenny Playhouse production of Neil Simon's famous comedy, "Come Blow Your Horn" at Belleville Senior High School on Saturday, Oct. 27, at 8 p.m. as a benefit for the organization.

"Come Blow Your Horn" was the first of many successful comedies and plays written by Neil Simon that over the years have also included such award-winning works as "The Odd Couple," "Barefoot in the Park," "The Gingerbread Lady," and the current comedy hit of Broadway, "The Sunshine Boys."

The Halfpenny Playhouse of Kearny, which is producing the comedy for the Music Parents Association is one of the top professional theatrical companies in New Jersey. Founded in 1963, The Halfpenny Playhouse over the past decade has presented over 100 plays at their own playhouse in addition to its extensive tour schedule.

The Belleville Music Parents Association is an organization which was formed last year consisting of parents whose children participate in the music programs of Belleville High. They ran many successful events last season which greatly aided the band students to fly to Ber-

muda where they entertained at various schools and organizational clubs on the Island.

Featured in "Come Blow Your Horn" at Belleville High School are Ken Jennings as the young man who longs to follow in the footsteps of his brother played by John Valley. The long-suffering father is portrayed by Steven Smith, with the rattle-brained mother of the two wandering sons enacted by Ruth Warren. Girlfriends of the two roving sons are played with great elan by Carol Bauer and Joyce Hallock. Direction is by John J. Johnston, with stage management by Robert Strauch.

Tickets for "Come Blow Your Horn" are \$3 each and are available by contacting Mrs. Jane Gianetti, 759-6386 (Continued on Page 24)

Golden Comments

By James R. Golden

With less than two weeks away the Nov. 6 election finds many voters unfamiliar with the Charter Study referendum question appearing on top of the ballot. Voters are given an opportunity to decide whether a commission should be established to conduct a study to determine if there should be a change in the form of the government of Essex County.

It is a sort of double-barreled plebiscite whereby the voters will both decide if a charter study is needed and if so, who the members of the commission shall be.

Thirty candidates are running for nine seats on the proposed commission, should it be voted in by the electorate. They are running without party designation or bracketing, although many of them are political veterans.

Anniversary

Mayor Joseph McGreevy has proclaimed October 29 through November 3 as "Westinghouse Week in Belleville" in honor of the fiftieth anniversary of the location of the company's plant here.

Westinghouse has operated its lamp parts plant on Washington Avenue here since 1923, and has frequently improved facilities there.

A Westinghouse spokesman said this week, "As we celebrate our Golden Anniversary in Belleville we recall that the Westinghouse plant here has also meant steady jobs for many local residents."

Historical Soc. Marks Library Carriage Stone

by Town Historian
Allan Crisp

The Belleville Historical Society has just placed a

bronze identification plaque on the carriage stone from the Hendricks estate which Mrs. Henry Hendricks gave them in 1963 and which rests on the lawn of the Belleville Library.

This unique carriage stone is made from brownstone

quarried in Belleville. It is dated 1826-1876 and marked a 50th wedding anniversary in the family.

Because of its sentimental value, it was taken to their farm when they left Belleville in 1938. When Mrs. Hendricks, the surviving member, moved to New York in 1953, the stone was placed in storage for 10 years, when she decided to give it to Belleville, its town of origin, as a memento of the Hendricks family and their historic copper rolling mill.

Guilt By Party Relationship

At this writing the prospects for any Republican to win in the November 6 election are very slim indeed.

The news out of Washington is all bad. It is devastating for the Republican Party. Spiro Agnew's "confession" to being a common crook is no help to the Republican Party. The Nixon firing of Archibald Cox and the events that followed have placed the entire country in a state of chaos — and for the Republican Party the accumulative events in Washington over the past 12 months have been a disaster.

There is no doubt Republicans, Independents and Democrats have been turned off by the Nixon Administration horrors. We trust voters who are outraged by various events in the life and times of the Nixon Administration will not register their outrage by voting against worthy Republican candidates.

Although Nixon and Agnew were elected with the Republican label the fact is many Democrats and Independents also voted for them.

The Republican Party Organization had nothing to do with the Watergate events — it was strictly a Nixon political family operation. The tragedy that overtook former Vice President Spiro Agnew was a personal matter and should not lessen the confidence and trust of voters in

Republican officials generally.

We have honest Republican office holders of whom we can all be proud. U.S. Senator Clifford Case is a case in point. Congressman Charles Sandman, the GOP candidate for Governor, has held office for almost 20 years and never has been accused of wrongdoing. The New Jersey State Legislature is loaded with good Republicans in both Houses who enjoy our respect and confidence.

It would be unfair to honest, hardworking Republican legislators to throw them out of office merely because voters may be angry and disgusted with a Republican Presidential Administration.

We believe voters should be very discerning on November 6 and instead of attempting to redress the wrongs in Washington they should be casting their ballots based upon an evaluation of the individual candidates.

This country has survived many crisis — more than the number that President Nixon successfully overcame. America will survive the present crisis without the need for local voters to revolt against the entire Republican Party.

Windmill Power

A team of scientists in Europe has developed a windmill said to provide inexpensive power and thus be capable of easing the world's energy crisis.

As the reader probably knows, the fatal defect of old-style windmills was that they trapped only about thirty per cent of the wind, and were unable to store their energy when idle on windless days.

The team of scientists from Germany, France and Switzerland, in an announcement from Geneva, says both these problems have now been solved.

One of the new \$50,000 double-bladed windmill develops enough power (and

stores it on windless days) to supply five houses. The upkeep is minimal and the power supply — wind — unlimited.

Thus for a \$10,000 initial outlay a new, permanent and surprisingly cheap energy source might soon become available to many. If utilized over a long period of time, the cost per month would be much cheaper than purchasing electricity at today's rates.

Federal authorities, and Congress, should seriously investigate this new source of energy in view of the world's growing energy crisis.

Synthetic Meat

A respected scientist recently predicted that by 1985 ten per cent of all meat in the markets of many countries will be artificial.

While perhaps good in that living beings will not have been butchered to provide this supply, the question of public acceptability remains.

JUST A REMINDER Monday, October 29, John MacNally begins a two-week performance at La Maisonette Room in the St. Regis Hotel. Professionals in the musical world place MacNally in the same league as Tom Jones and Engelbert Humperdinck. The talented 34-year old MacNally also is Ireland's version of America's Johnny Carson. MacNally was the producer and the centerpiece of "The John MacNally Show" on Irish television and recorded at the world famous Abbey Theatre in Dublin.

In distant Australia MacNally was commissioned to host the "Tonight Show" from Sydney taking the show from near oblivion to number one in the Australian ratings. After the St. Regis Hotel, MacNally is booked into the main showroom at the Las Vegas Hilton Hotel, sharing equal billing with Myron Cohen and the Four Tops, Dunhill Recording Artists. From there MacNally has a two-week engagement at San Francisco's Fairmont Hotel followed by a two-week stint in The Blue Max Room at the Hyatt Regency O'Hare Hotel in Chicago.

Two days later MacNally is booked for a two-week performance in the Crystal Forest Room of the Hyatt

Regency Hotel in Houston, Texas and to wrap up the season MacNally opens a two-week performance March 29 at the Crib Hilton Hotel in San Juan, Puerto Rico.

JOHN MACNALLY appears on the horizon to be a new, international singing sensation.

THE OTHER NIGHT THE TOM INFUSINOS were given a twenty-fifth anniversary reception by their children and the guest list looked like an area "Who's Who." Says Bonfire Mishap Should Be a Lesson

To the Editor:

Your recent issue of October 4, 1973 stated in the feature article a detailed explanation of the unfortunate occurrence regarding the rally and bonfire on the night of Friday, September 28. I deeply sympathize with the injured students and their parents and anyone else who may have suffered and who were disturbed by this.

However, I am greatly concerned at the recommendation, expressed by some, that in the future this annual affair be terminated. In my mind this is certainly not the solution.

I am wholeheartedly in agreement with Chris Manning who, when visited by school officials, stated that he hoped that the annual rally and bonfire would continue. I don't know Chris personally, but he must be quite a guy - he has my prayer for a complete and speedy recovery.

It appears that there was a lack of communication and hence a resulting doubt as to the responsibility for supervision at the fire. Is it not a sad situation that we as adults and parents should reach a decision to end this yearly rally as the only solution to the problem? The youth of today have enough difficulties that have been created by us, their predecessors. Must we again fail them by showing that it is impossible to properly communicate and designate responsibility for such an evening? Are we again going to take the easy way out as was done in discontinuing the High School Discoteque when the kids spent so much time and effort to make it a success and the complaints of a few terminated it?

Let's get with it - continue this annual rally and bonfire - but have it planned properly and responsibly.

Sincerely,
E. J. Burns

Golden Comments

(Continued from Page 1)

Their names appear on Ballot Line "D."

At the drawing for positions on the ballot held Thursday, Oct. 4, at the office of Essex County Clerk Nicholas V. Caputo, as provided by law, the popular clerk reached into the well shuffled-up ballot selection box and, lo and behold, as so often happens, when the clerk draws party line positions for ballot spots, the top line going to his own Party, this time he pulled-out his own name, thus assuring the first ballot position for his own candidacy.

The top line is coveted by candidates since the available offices to be filled are limited and the spot is the first to come into view of the voter. Many arguments have raged down through the years about the fairness of the method of picking the ballot positions.

Both principal parties have "suggested" there might be involved some mysterious manner how their rivals so often won the top spot when their opponents occupied the clerk's office. It has even been intimated that an occult science might be vested in the clerk's position, regardless of party, something perhaps akin to the divine right of kings. Who knows? It happens that way so often in most all our counties.

Could it be that, like a magician's trick it is handed down as a sacred secret, only to be passed on to one's successor? That is, if he is from the same party, of course.

Whatever the case may be, the clerk, picking the ballot positions, should he suffer the embarrassment of selecting the top line for his party's opposition would be most abashed and contrite. The qualities of a good county clerk include, among his many other aptitudes, the good fortune to be lucky or something in getting that sought-after top line position for his team.

Fortunately, as least for the Democrats, Nick Caputo is a good county clerk and enjoys that added touch of, should we say, extra-sensory perception that seemingly helps him pick out the right cards. Even when it's his own ballot spot, Nick Caputo doesn't need any gimmicks to win his own election. His ability and popularity assure his victory, but you can't fault a guy for keeping in shape by practice.

Agnew and his battery of lawyers can expect a strong fight from the news media in his attempt to have the Court order the newsmen to disclose their sources of information.

The rift between the President and Agnew and his followers is widening since they entertain the suspicion that Nixon encouraged the "leaks" to the press about Agnew's problems in an effort to divert attention from the President's Watergate worries.

The Sixth Annual Dinner Dance of the Belleville Auxiliary Police was held Saturday Oct. 13 at the Branch Brook Manor. The committee did an outstanding job....thanks to: Paul J. Wentworth, chairman and Joseph Drexler and Joseph Sherwood, co-chairmen. The invocation was by Rev. James F. Heavey, with Edward Littig, Past Deputy Chief of the group as toastmaster. Speakers were Mayor Joseph McGreevy and Police Commissioner Robert Laterza. Sgt. Robert Campione - former member was an honored guest, Robert Cook of the Belleville Recreation department was the guest speaker. Sgt. S. Chiappone and Capt. W. Hoey with Deputy Chief Rocco Landolfi presented awards.

NOW, IN ADDITION to those mentioned - and their lovely ladies - let's see who else was there...(don't know if wives or lady friends were with these men, have to guess) Commissioner Vincent Strumolo, Sgt. Joe Nicotia, Sgt. Dave Coffey, Mr. and Mrs. Bob Campione, John Monahan, Jim LaMotta, Jim Lautenbacher(former member, now a private in the U.S. Army), Lt. Nick Bonfante, Sgt. Larry Marchese, Sgt. Nick Ucci and Sgt. Al Vecchione. I usually try to grab someone I know to point out those present, and my thanks to Jo and Dick Iacobelli. Also met Mrs. Rocco Landolfi and Mrs. Lee Iacobelli.

The Belleville Music Parents Association announces, the Neil Simon hit comedy, "Come Blow Your Horn" will be presented by the Halfpenny Playhouse players at BHS Saturday October 27th - tickets only \$3 - call Mrs. Rose Brosius 751-2318, Mrs. Rosemary Carnevale, 759-6396 or Mrs. Jane Gianetti 759-6386. Mrs. Clotilde Westpy is the Ways and Means Chairman of the group - 759-0433.

Birthday wishes are in order for Cathy Loreto - the smiling gal who works at Abbott's Drugs. A party was held for Cathy by Mar Jo Turano. Those in attendance were Mrs. Vincenza Loreto (Cathy's mom); Mrs. Anna Liolia (her aunt); her two sisters and brother-in-laws, Frank and Flo Kaminsky, Joe and Phil Sculietano; Dominic and Grace Turano, Jan Larceri and her children - Angelo and Antoinette; Connie Michalowski and her daughter, Regina; Viola Risoli; Bob Barnes; Dottie Wood; Diane Taylor; Libby Addio; John Resciniti; James Risoli; Ricky Celano; Kathryn and "Brother" Gintella; John Gonnella; Anthony Naturale; Cathy Bruder; Kathy Wilkins and Pat Burns. Wow! how popular that Cathy is, the party must have been swinging. A second party was held when Cathy was feted with dinner at the Jade Fountain by Diane Taylor, Dottie Wood and Mary Jo Turano - the gals capped off the evening at the Darwood Lounge. We're not finished yet....the next day her co-workers at Abbott's drugs gave Cathy and their driver, Rocky Chirico a bash. Rocky's birthday was October 11th.

NICE TO READ that Rep. Peter W. Rodino Jr. received the "Man of the Year" award from the Justinian Society of Lawyers last week, for his contribution to the cause of justice.

I was guest speaker at The Kiwanis Club of Branch Brook Belleville on October 16. Usually during the year I am asked to appear before civic groups and give a program on the newspaper...this time I fooled them, I spoke on the heavy specialized carriers of the American Trucking Association, courtesy of Hoffman International on Cortlandt Street. The men really enjoyed the film I showed and

now have a better idea of the men and machines that can move anything, anywhere, anytime. At the dinner, Bill Pirk recently named State Secretary for the Kiwanis, pinned Thomas Jameson Jr., with the Lt. Governor Kiwanis pin - it's Tom's third term. Also at the dinner were two prospective members - Bob Seale, manager of Liberty Federal Savings, Franklin Avenue and Steven Fox, manager of the Felix Fox Paint store in Bloomfield.

After the meeting, stopped on the way home at School Three where I watched Wally Hauber teach fencing to adults....they were all ladies, and it looks like fun.

Cub Pack 322 had a graduation ceremony recently and five cubscouts became Webelos - congrats to Anthony Palaia, Richard Higgins, Raipa Masziolla, Billy Lyons and Robert Gallagher. The den mothers who work hard all year, really didn't lose five cubs, they welcomed seven new ones - Florence DeAngelis nd Barbara Higgins.

An opportunity to learn ham radio is offered by Nutley...beginners or those who are interested in the radio club are welcome. Read the Bulletin Board for time and place.

HOMETOWN BOY MAKES GOOD

Kinda' corny title, but congratulations are in order for Army Second Lt. Patrick D. Wynn, son of Pat Sr. and nephew of Genial Joe. Young Pat received a parachutist badge upon completion of a three week airborne course at the U.S. Army Infantry School, Ft. Benning, Ga. His first week involved rigorous physical training and instruction in parachuting theory, his second week tested his ability to jump from 34-foot and 250-foot tower, his final week he performed five static line parachute jumps.

The 2nd Lieutenant's dad and uncle, Pat and Joe Wynn, spent some time with young Pat and his wife Cynthia at Camp LeJeune, North Carolina this past summer. Nice going, Pat.

COME TO THE FAIR

Reads the invitation to the annual Christmas Fair and Chicken Dinner, to be held at Wesley United Methodist Church on Saturday Nov. 3. The event is sponsored by the United Methodist Women of Wesley Church and dinner will be served from 5 - 7 p.m. Reservation deadline is Tuesday, Oct. 30, so don't delay. The booths and goodies for purchase will be open from 2 p.m. on.

On October 18, Mr. and Mrs. Arthur Fischer celebrated 18 years of marriage. They have a son, Arthur, Jr., a senior at BHS and a niece, Mario Dibilio.

You know, every year when organizations change officers, many new publicity ladies and men call me for help. I'm always glad to assist, but maybe a better idea would be in the spring. I hold a seminar and instruct all at once, so they'll have a better idea on how to get news to the paper. Or, maybe I should ask the Consolidated OTA to spread the word....any comments?

SUCCESS?

Remember in this column I told you about the problem Wesley Methodist Church had in getting their mailing of their monthly bulletin out to members? Almost two weeks to mail from Belleville to Belleville. Well, I'm advised that changes have been instituted and since the U.S. Post Office is always willing to better their service, the mail should get through more speedily. How powerful is the written word!

Sparkling Personality

Bright Future Ahead For Female Mortician

In these days of Women's Lib, it's refreshing to meet a young woman who has studied for years to prepare for a career in a man's field, yet retains her femininity and individuality.

Miss Mary Patricia Desmond, daughter of Mr. and Mrs. James Desmond, 524 Union Avenue, has received her license as a funeral director in the State of New Jersey. Ever since grade school, Mary Pat wanted to follow in the footsteps of her father, the owner and manager of Wadsworth Funeral Home. While her friends couldn't make up their mind on a vocation, through the years, Mary Pat has quietly and consistently vowed to become a funeral director.....and she has.

Miss Desmond is used to seeing astonishment on people's faces, when she says she is a Funeral Director. Contrary to feeling the service she performs is morbid, Mary Pat takes great pride in the unique position she has, counseling, advising and assisting a family at the death of a loved one.

Quite thrilled with finally achieving her lifetime goal, Miss Desmond approaches her new position with humility and a dedication to serve. She says, "We offer a service to people who have asked us to help them, no matter the day or hour."

Funeral parlors may be open only a few hours a day, but the practice of the

business encompasses a 24-hour day. As Mary Pat explains it, a death in the family may occur at 3:00 a.m. She would then visit the family just to reassure them that she (and the Wadsworth Funeral Home) are with the family in time of need.

She further relates that if a death occurs on a holiday, she or her father personally would be on hand to greet friends and relatives, "after all they're coming to our "home" and I want to welcome them" she says. Miss Mary Patricia Desmond is not taking the responsibilities of her job lightly.

Mary Pat is an extremely attractive young woman with a twinkle in her eye and a warm manner. She feels that more people should be aware of how funeral directors may assist them and prepare for the time when they will be

needed. She finds that most people are in awe or un-knowledgeable about the services that may be performed to help them.

A graduate from Marylawn of the Oranges, South Orange, Mary Pat was editor of the school newspaper, an officer of the drama club and active in the athletic association. She graduated from Colby Junior College, New London, New Hampshire, where she was a Dean's list student and awarded an Associate in Arts degree. She is also a certified graduate of the Katherine Gibbs School in New York City and a graduate from her father's school, the American Academy-McAllister Institute of Funeral Service. As a hobby, Mary Pat does intricate needlework prints, some of which adorn the chairs and settees in the Funeral Parlor.

Preparing for her career took five years and she was one of two women among 58 men at the Institute.

Mary Pat, who appears before civic and service groups with her father to give a program on their profession, says she would like to see more women enter the profession of Funeral Directors. "It's a hard and busy job," says Mary Pat, "but if you like what you're doing, it is so rewarding."

"People are so appreciative of every little thing you do for them," Miss Desmond said, "it really makes all the effort and time involved well worth it."

Paper Mill To Produce Shakespeare

The Paper Mill Playhouse will open with its second show of the season on November 14 with the long-awaited production of "A Midsummer Night's Dream," directed by Frank Carrington, producer at the Paper Mill, and starring Mickey Rooney as "Bottom."

Mickey's first appearance on the Paper Mill stage is not his first acquaintance with Will Shakespeare. Anyone who knows the 1930's movie of "A Midsummer Night's Dream" will remember him as a perfect "Puck."

A versatile actor, dancer and musician, Mickey has been known for his Andy Hardy series; for his portrayal of "Huck Finn;" for roles in plays by William Saroyan and Eugene O'Neill and as an entertainer to the ends of the earth.

The Paper Mill "Dream" will be done in its original version and in Greek costumes which are being specially designed by Brooks-Van Horn for this production.

"The Dream," says producer Carrington, "is Shakespeare's most enchanting comedy and we intend to play it that way. We have a simply marvelous cast of supporting players who are coming from all over to be in this production. We say to our many Paper Mill friends that we are presenting Shakespeare, but it will be a good show. After all, he was one of the greatest showmen we ever had!"

The schedule for "The Dream" will have three matinees because of its appeal to children and is as follows: Wednesday, Thursday, Friday, and Saturday at 8 p.m.; Sunday at 7:30; Thursday matinee at 2; Saturday and Sunday matinee at 3. Prices range from \$8 for front orchestra on afternoon. Box office: 376-4343.

Practically everybody hates to go through a proctoscopic examination. It's not so much that it's uncomfortable (and frankly, for a moment or so, it is). It's just that the whole thing's kind of ridiculous. Even embarrassing.

But like it or not, the proctoscope's the best way your doctor has of looking at your insides.

And it's as important to examine your colon and rectum as it is to examine your heart and your lungs. Especially if you're over 40.

If there's anything that looks suspicious, the proctoscope'll show it. The sooner it's spotted, the better. Caught early, caught in time, most cancers are curable.

Don't shy away from the procto. You could stand a few moments of discomfort, couldn't you, if it could save your life?

 EASY TERMS

If you've never played a note before...but would like to get in on the fun of creating beautiful music without tedious practice...it's time you fell under the spell of the Lowrey Genie. The magic of Genie's automation takes over the difficult co-ordination, playing rich piano...guitar...banjo accompaniment automatically. Plus bass pedals that play either automatically or manually.

And it's really many instruments in one! It's an authentic two-manual organ. But, at the touch of a button, it's also a flute...a violin...trumpet...oboe...cornet...trombone...or full orchestral. Push another button, and the accompaniment falls into one of seven popular rhythmic patterns: waltz...march...bossa nova...dixie...go-go...swing...rumba...or any combination of these exotic beats.

Gasoline Fumes Clear Up After Station Shuts Down

(Continued from Page 1)
 and the effort failed to unearth the tanks.

Later on Friday, McGreevy engaged the services of Ed Laboratory in Newark, who sent two experts to the scene.

The consultants measured the level of fumes in the manholes and catchbasins in the area, tracking them west uphill along Belleville Avenue to just outside the Getty station. No tests were run on the station late Friday afternoon, nor over the weekend.

On Monday and Tuesday mornings, Dunleavy arrived on the scene to run tests for fumes at 6:30 a.m. After noticing an increase after the station opened for business, he called in Getty officials and an agreement was made to close the station Tuesday. The level of fumes dropped shortly afterward.

The fumes ignited only once during the six days, when a Public Works employee was singing, but not hurt, at a manhole near Columbus Avenue.

Fire engines were put on

standby at the intersection on Thursday, but were later removed from the scene, although the fumes remained at explosive levels.

Public Works officials said there was no way to judge how much gasoline had run through the sewers during the six days.

Richard Florentine of Florentine's Sunoco, located across the street from the proposed building site, said this week several service station owners from across town and many merchants in the immediate vicinity of the site have joined in the "Stop Goodyear" movement. "We feel that in that area several smaller businesses could be brought in. Having Goodyear here will make it look like we have a pitstop right in the center of town."

On the issue of competition, Florentine said, "we don't mind competition if it's healthy."

How the Howard savings habit piles your money up!

Only \$10 a Week in a 5¼% Regular Savings Account at the Howard can make a big difference in the years ahead.

1. Let's say you put away \$10 a week starting Nov. 1, 1973

2. Interest starts small, but comes fast and often. The Howard pays 12 times a year, not just 4.

3. Oct. 6, 1983: Still seems small? Not when you consider you've received 119 interest payments by now.

4. Here you are 10 years later. That easy \$10 a week has become \$6,895.16. You can't pile money up so easily any other way.

5. Best of all, a whopping \$1,676.16 of that is money your money has earned from the Howard! (That 5¼% compounds to an annual yield of 5.47%.)

6. If you'd like to keep on going,—look forward to a surprising \$18,643.32 in 20 years, by saving just \$10 every week! And it's protected by FDIC insurance.

7. Draw money out anytime (or put extra amounts in). Interest is paid from day-in to day-out; just leave at least \$10 in till the end of the month.

(The purpose of this "for instance" account is to show the long-term effect of regular saving based on the Howard's present method of interest compounding at our current Regular Savings Account rate of 5¼% a year and present legal requirements. These figures are as accurate as we can reasonably make them, on the assumption of regular deposits as described above and no changes in the law or the Howard's policies.)

Drive On To Honor Clara Maass

Frank C. Pesvey, vice president of the Clara Maass Memorial Hospital Board of Trustees was an honored guest at the Martha Washington Hospital, Chicago, Illinois, for the unveiling ceremonies honoring Nurse Clara Louise Maass. The Martha Washington Hospital designated the lobby of their R. C. Hartman, Sr. auditorium as the "Clara Maass Memorial Room."

Mr. Pesvey presented a framed portrait of Nurse Maass and extended his greetings from the Clara Maass Board of Trustees.

"Greater Love Hath No Man" are the words inscribed on the tombstone in Fairmount Cemetery, Newark, New Jersey of Clara Maass who volunteered her life during the Yellow Fever experiments in Cuba in 1901, quoted Dr. Fernando Lopez-Fernandez, Medical Director of Martha Washington Hospital. Dr. Lopez-Fernandez stated that in 1951 Cuba issued a postage stamp in honor of the New Jersey nurse who died trying to find a cure for dreaded Yellow Fever. The stamp read, "FOR SCIENCE AND HUMANITY - IN PEACE AND IN WAR."

Dr. Lopez-Fernandez was deeply impressed with her heroism and is concerned that her own country never paid tribute with similar homage. Spearheaded by Howard Hurley, Circulation Director of R.N. Magazine, a move to have a commemorative Clara Maass stamp issued in 1976 is gaining national momentum. Hurley stressed that public interest will help immeasurably in obtaining leadership with the United States Postal Stamp Advisory Committee. He urged interested citizens to write a letter to Postmaster General Elmer T. Klassen, 1200 Pennsylvania Avenue, Northwest, Washington, D.C. 20260, asking for his support to honor Nurse Clara Maass with this long overdue recognition.

What does the United Way do for children?

If they're hungry, we feed them. If they're cold, we clothe them. If they're troubled, we try to un-trouble them. If they're handicapped, we teach them. If they need a place to play while mother works, we provide it. Most of all, we give them love, understanding and care. That's what we do for children! And for adults? We do the same thing! It doesn't matter how old you are. Neither does your skin color or religion. All that matters is that you need help. However, there is something else that matters. Money. Without it, we can't do anything for anyone. You've never let us down. Please continue giving the United Way your support. A lot of people are depending on you. Perhaps someday you may have to depend on us, too. We'll be there!

Thanks to you it's working

Battle of Bands Won By 'Rage'

by Diane Frazier

A battle of bands sponsored by the Class of '74 was held Friday night Oct. 5 in the gym at the Senior High School.

The dance began at 7:30 with four bands ready to compete. The bands were Resin, Rage, For Sale, and Blue Rage.

Rage was the winning group and was awarded a 125 cash prize.

When anticipating a high school dance one should be

prepared to hear the familiar foot stomping, hand clapping music such as "Johnny B. Goode," "Jumping Jack Flash," "Brown Sugar," and the ever famous final "Color My World."

Musically speaking Resin had surpassed its other competitors as far as the control they had over their music. They seemed to have much more talent than the other contestants had.

It was a pleasant evening and many more dances are scheduled for the school year.

Senior Class Selects Rock Musical 'Hair'

by Gloria Kelly

It was in 1968 that the "American Tribal Love Rock Musical" HAIR first exploded onto the Broadway stage from the depths of the theatrical underground. Now, five years, after its smash run, the show will once again be revitalized as the presentation of the Class of '74.

The seniors were looking for a play that is more than mere entertainment; so "Hair," with its flamboyant staging and new concept of Total Theatre has been chosen to reflect the emotions and beliefs of the senior class.

The play itself is a flexible and kinetic form of contemporary drama, with a cast that can range from 25-100 people, and a story line that anyone can relate to easily. It was probably this ability to identify with today's youthful society that made "Hair" a smashing success while shows like "No, No, Nanette" and

"Follies" folded.

The magical music that radiates from "Hair" is one of its most outstanding qualities. Among its many songs, it was "Easy To Be Hard" and "Aquarius/Let the Sun Shine In" that first catapulted the groups "Three Dog Night" and the "Fifth Dimension" into fame.

But the show is more than just a lively "camp" rock musical. Behind its rampant creativity lies its purpose: to turn on the audience to the beliefs that today's youth upholds, and their views on society, religion, racial and social injustice.

One reason that "Hair" is especially effective is that the script is constantly being revised to keep up with the current scene. These near-daily changes that incorporate whatever is going on into the play are responsible for the freshness and newness of the show itself.

The Class of '74 is using a play that lets them express their own feelings in a totally unique way. "Hair" has been a turning point in American Theatre and will probably turn a few heads in Belleville.

Honor Society Plans Services For Community

by John Horutz

"Helping People" is this year's theme for the Belleville High School National Honor Society, an honors club as well as a service organization, under the direction of Mary Herelick.

For the month of October, the group plans to have a Halloween Party at the Children's Shelter for the many under-privileged children who are always forgotten, especially during the holiday season.

In November, a canned-food drive will be sponsored by the club, to provide for the many hungry people, especially during the Thanksgiving season. The National Honor Society held this canned-food drive last year and it turned out to be very successful.

The Christmas season brings the club back to the Children's Shelter for a special Christmas Party for the children. They will hold a toy drive, in which many toys, in fairly good condition, will be collected and used as gifts for the children.

Action Was Needed

Students Became Responsible For Cleanliness of Cafeteria

by Linda Clark

At the time this article was being composed, Mr. Lally was offered the position of vice-principal of the Junior High, leaving Mr. Donovan to assume his entire schedule.

We are proud to have Mr. Donovan as our new advisor to the cafeteria leaders, and we would like to wish the best of luck to a fine teacher and gracious person as Mr. Lally has been. Congratulations to both!-Ed.

When a cafeteria is pronounced a cyclone after each lunch period and the sight of it can cause a student to lose his or her appetite, action must be taken to aid the problem.

This was the case at Belleville High, until November of last year, when under the organization and supervision of Mr. Michael Lally, English teacher at BHS, students were incorporated into a program of keeping the cafeteria in order.

The main objective of Mr. Lally was not only to help keep the cafeteria orderly and clean, but also to teach the students responsibility, and the best teachers of this are the students themselves.

Mr. Lally selected those students he considered to be capable for the job. He needed a student who would take the job seriously, so as to portray a sense of pride and responsibility to the others. A good beginning was to require that each student maintain good grades, and if possible, was involved in other activities, as well. This provided Mr. Lally with an insight to the potential of each selected student, and letters were finally sent to each person, telling the parent's of their child's selection.

Last year's program was such a success, and it aroused such a sense of pride in the students, that many from last year volunteered their services once again, and many new

students also volunteered to join.

Now, a total of 37 students have been selected, allowing approximately seven students to monitor each of the five lunch periods. Each student is assigned a specific area to keep clean, however, it is not the responsibility of the student leaders to clean up, but rather, to find the student who is responsible for the mess, or tray left behind, and see to it that he or she takes care of it.

Mr. Lally is assisted by a few peers, Mrs. Pfennig, history teacher; Miss Fuccello, physical education teacher; and Mr. Haneke, science teacher. They work with Mr. Lally at each period, seeing to it that all the leaders are keeping the students in the cafeteria orderly. They also make sure the student leaders perform their jobs adequately and they're available if anyone should start a disruption.

Made up primarily of juniors and seniors, the student leaders include Joe Arminio, Alex Aruti, Flora Aulisi, Brian Bedford, Richard Boxer, Robin Bressman, Joyce Buckland, Gina Canyon, Bob Cohen, Robert Cozarella, Craig Davis, Nick De Filippis, Bob De Quatro, Danny De Santis, Linda Diana, Angelo Di Guilio, Ralph Fabiano, Robert Falco, Diane Frazier.

The rest include Lauman Goon, Wayne Kellenbence, Fred Landaro, Larry Maccia, Mary Maroulakos, Carmine Minardi, Dennis Nadzan, Joe Napolitano, Sherree Nielson, Leslie Norton, Sharon Nor-

ton, Perry Notte, Steve O'Neil, Mike Papisidero, Milinda Pico, Tom Sanders, Alan Vinci, and Keith Ziegler.

The students of BHS are respectful to the leaders, and they obey them all, cleaning up when told, and helping out where needed. The enthusiasm never lacks and many of the students realize that this program is not to help the teachers, for they have a cafeteria of their own. It's for the students, and this is what the students should remember when they forget to throw away a milk carton, or dispose of a cookie wrapper.

As for Mr. Lally, he not only feels the program is a success, but "the cafeteria leaders are an outstanding group of students this year, as well as last year."

The students do not only keep order, but they realize that this program is a necessary must, when having to deal with such a large group.

However, it is certainly working out well. In fact, even the students of B.H.S. are surprising themselves and the leaders, by discovering that cleaning up comes to them almost as naturally — as the divine act of eating.

CAFETERIA MONITOR Jeff Stone (standing) watches for forgetful students who leave trash behind them after lunch.

Once again, Season Opens For Orchestra Members

Mary-Jo Padula

(This is the second article in a series about the Belleville High School Music Department.-Ed.)

The musical strains of the string instruments can be heard again in full force. To the average person reading the paper, this may not seem so important. But to the children who have played violins, violas, cellos and basses since they were nine years old, this is a happy revelation.

Many children belonged to the orchestra while in grammar school and junior high playing daily in their music classes. When they were promoted to the Belleville Senior High there wasn't a place for them in the band, so for quite a few years they were left out. Now, under the direction of Mr. Louis Kosma and many hours of hard work the orchestra lives again.

The BHS orchestra started with a few

members as a club getting together outside of school hours. Only interested pupils attended and hopes for a recognition again. At present it has grown to 57 members and they attend a regular 10th period class and practice each song until it is perfected.

They give concerts at grammar schools during the course of the year. Each holiday season they prepare beautiful arrangements for the student body to enjoy. They give performances in the evenings for parents and friends to attend and they must raise money to finance trips they take to perform in other schools in New Jersey.

The sound of the orchestra is in contrast to the loud sounds of the band. Appearing together in a program it is a stimulating contrast.

Don't forget to attend the next musical so you can hear the difference for yourself.

Next week-The Chorus

We would like students to respond as well as the readers outside of Belleville High School, and we will be happy to answer questions regarding B.H.S. and the Belleville student community.

Obviously, it is impossible to print all of the letters that will be coming in to us, but

we will answer at least one a week.

A number of new albums have reached the market and are on sale now. These new releases in the spotlight are "Mott," by Mott the Hoople - (more songs about young dudes and old weirdos), and "No Sweat," by Blood, Sweat and Tears, which has been proclaimed the groups' best in years.

The original Byrds, including Roger McGuinn and David Crosby have released an album called, "The Byrds, Preflyte." Also, the Eric Clapton "Rainbow Concert" album is out now. It's Eric jamming live at a concert earlier this year.

Especially for all those folk-lovin' people, there's a slew of new releases to hear. There's Art Garfunkel's first solo album, "Angel Claire," which is already a great success!

The singer-songwriter, Don McLean, has come out with a new album called "Playin' Favorites," nothing however, on the album is written by Don.

Tornadoes Headed Here

Bellboys Buffeted by Fourth Loss

by Ken Moore

These are troubled times for the Bellboy grid squad, and the hard luck which has plagued the team since their meeting with Nutley three weeks ago stuck with them right through to their 15-8 defeat by Irvington Saturday.

Next Saturday they end their current three-game series at home when they host the Orange Tornadoes at Municipal Stadium at 1:30 p.m. At this point in the season, psychology has become one of the biggest factors in the Bellboys' play, and head coach Rocco Cafone reported this week his squad has gone into the best possible mental stance to defend against the slings and arrows of fortune.

"Sure, it's been a hard-luck ballclub," Cafone said, "and the kids haven't been getting the breaks they deserve. But we've decided to go out and make our own breaks."

According to Cafone, morale will be as high as possible when the Tornadoes invade Saturday. They're a sizable club, compared to Belleville, and coach Art Gubitosa will be carrying a squad with eight returning lettermen, including quarterback Greg Jones, who favors end Robert Hammond on the passes, and running back Stuart Davis. Other standouts on the Orange

team include offensive lineman and defensive linebacker James Milton and defensive halfback Jack Jones.

Orange lost to Emerson of Union City Saturday, to put their record at 2-2-1 for the season. Last year they saw Belleville snap an undefeated string of five games when the Bellboys edged them with a one-touchdown shutout.

Cafone expects a more wide-open attack from the Tornadoes than the Bellboys have been used to defending against this season. Also, he said the visitors will have advantage Belleville is used to suffering — size. Though not the biggest team Belleville has yet faced, the Tornadoes carry respectable bulk, but according to Cafone, his line is accustomed to their underdog status, and "size won't be a factor Saturday."

Injuries may be, though. Both Orange and Belleville have taken bumps and bruises this season, and though both teams will probably have their first units intact, it's questionable whether all of the key players will be working at full capacity.

Cafone said this week both co-captains Joe Napolitano and Joe Cancelliere are hampered by minor injuries, Napolitano with a leg problem and complications from "a terrific blow on the side he took Saturday." Cancelliere has a possible pinched

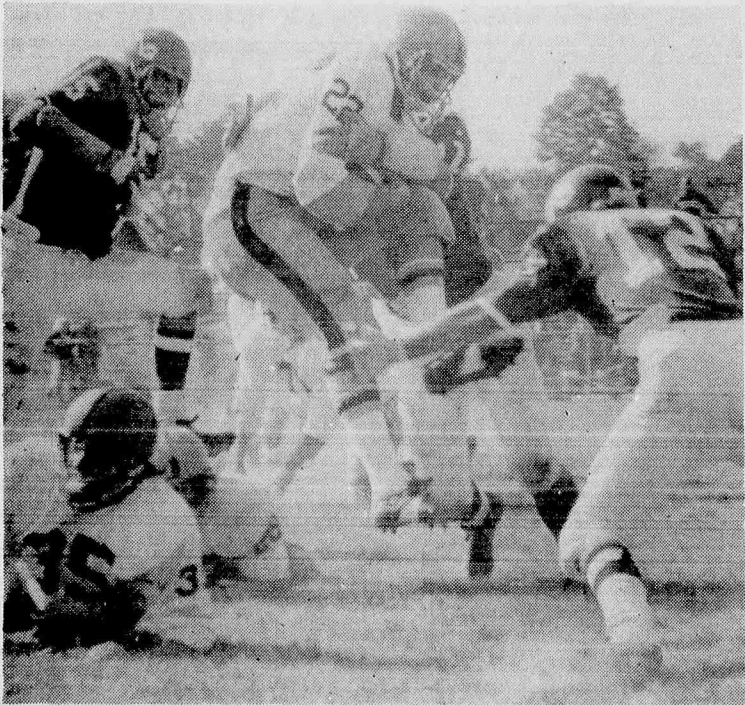

nerve in his shoulder. Depending on the word from the doctor, Cafone expects both will be in the game against Orange, but may be playing under strain.

Gubitosa said several of his top players have been hurt, including Davis, Jack Jones, Hammond and Milton although he expects all will be recovered for Saturday.

Orange has proven most deadly in their passing attack this season, and it was the aerials which brought the Bellboys low last Saturday, with Irvington receivers making catches described by Cafone as "superhuman."

Irvington controlled the ball most of the first quarter, with Belleville eventually beating back an attack that went to Belleville's 18-yard line. In the second quarter, Belleville again battled to Irvington offense to a fourth down and four yard situation at the Belleville 14-yard line when Bellboy Vinnie DeNotaris went up Phil Monticello for a 13-yard pass. With the ball balanced on Monticello's fingertips, the momentum of the collision turned the Irvington receiver into the ball for a completion on the Belleville one-yard line. Top Irvington back

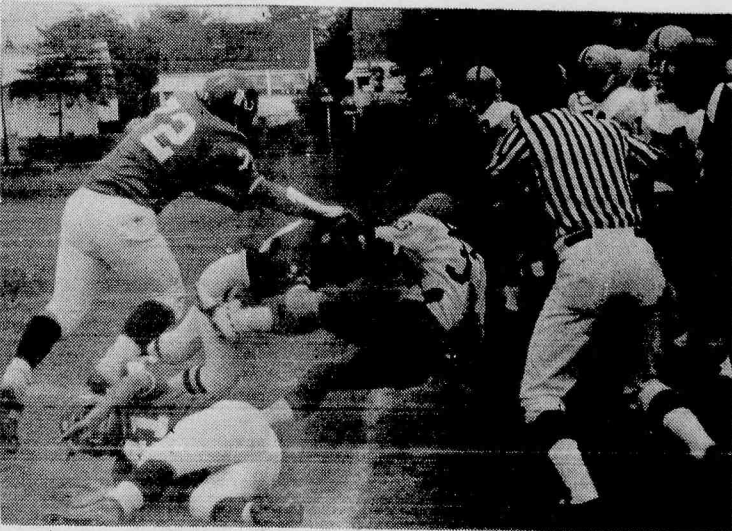

(Continued on Page 14)

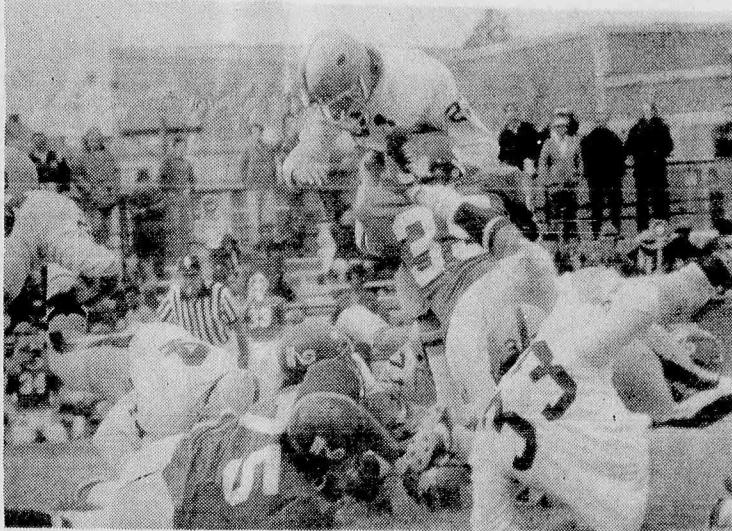

HURDLING his teammates, Belleville's Steve Senatore drives for six yards on this third quarter play, though his effort was nullified by a clipping penalty. The penalty problem recurred throughout the afternoon for the Blue-Gold.

GOAL LINE STAND — Joe Cancelliere (28), Vinnie DeNotaris (40) and another unidentified Bellboy were in on the last of four tough battles near the Belleville goal line in the third quarter as the Campers were stymied in their assault.

DERAILED on the sidelines by Irvington defenders, Joe Napolitano finishes a 16-yard play from Bill Telesco in the first quarter. The yardage was five yards short of a first Down.

TRACKING OVER a carpet of Bellboys and Campers, Steve Senatore works his way to a first down in this second quarter play. Action occurs during the push which resulted in a Belleville touchdown.

What's the Score?

HOW TO PLAY

Simply predict the winner of each week's game by filling in the boxes for the final score and each quarter's score. Then predict the total yardage gained by The Bellboys. Ties will be broken on the basis of the quarter score prediction, and, if necessary on the basis of the most accurate yardage prediction.

Mail or bring your entry to The Belleville Times, 246 Washington Ave., Belleville, on or before the Friday preceding each Saturday's game. (Coupons will be published one week in advance to allow plenty of time to complete and return them.)

Each weekly winner will be awarded prizes from participating local merchants, and will also become eligible for the grand prize drawing to be held at the end of the football season.

THIS WEEK'S WINNERS in the Times "What's The Score" Contest are Mrs. Catherine Ritschel (right) and her son Glen (center) who collaborated on an estimate of 14-8 for the Irvington-Belleville contest, one point off from the exact score. Tornadoes Here Saturday

(Continued from Page 13)

Dexter Brown plunged across for score on his second try.

Belleville's offense bounced right back after the extra point was converted and marched up the field with Joe Napolitano and Steve Senatore alternating on the runs. The two backs collected four first downs in a 65-yard drive that ended when Senatore scored on a four-yard drive with only 60 seconds left in the half. A pass from Joe Cancelliere to Joe Napolitano gained two extra points for the Bellboys to make the score 8-7 as the two teams retired to the locker rooms.

In the third quarter, the two rivals traded possession of the ball until an interception of a Telesco aerial by Irvington's Harry Giunta set up a 15-yard pass and a series of drives by Brown that took the ball to the Belleville three-yard line. In a magnificent stand, the

Bellboy defenders withstood four assaults by Brown and then Giunta. The Blue-Gold offense then took the ball out to their own 2-yard line, where on fourth down, with about a foot to go, Cafone elected to punt.

After an excellent 40-yard boot by Nick DiFilippis, Irvington took over on their own 47 and moved back into Belleville territory with a 25-yard pass snagged by Rich Sisbarro near the ground.

After a ground-chewing push deeper into Belleville territory, the Blue-Gold were unable to duplicate their goal-line stand and Harry Giunta came across for the score, with a pass play bringing Irvington a 15-8 lead. With less than three minutes left, Belleville was unable to come back with a score.

Cafone said this week the passing game will have to be improved by the time Orange comes to town. Belleville quarterbacks, Bill Telesco and Jim DiModica completed only two out of seven between them against Irvington, while Telesco tossed two interceptions and DiModica threw

another.

So, hard luck or not, the Bellboys aren't looking for any excuses in preparation for Orange's visit. "It's tough on the guys to lose three games in a row the way we have," said Cafone, "and the problem Saturday wasn't their playing; they did very well. A lot of inexperienced boys on the line have been blocking better and better with each game and the running is much improved."

What's missing is not spirit. The Blue-Gold gridders have plenty of that.

Bellboy Harriers Stumble From Big Ten Contention

by Bob Cohen

The Belleville High School cross country team virtually eliminated themselves from Big Ten contention last week when they suffered consecutive losses to Bloomfield and Nutley. The Bengals were able to squeak past the Bellboys 27-28, but the Maroon completely dominated the field as they wrapped up the victory 16-47.

This week the season enters its final leg as the harriers compete for two of the most coveted titles in running. Tomorrow the Bellboys will run in the Big Ten meet which will be held in Branch Brook Park in Newark beginning at 4 p.m. Then on Wednesday the team will race with some of the best runners in the state at the Essex County meet which this year will also take place at Branch Brook Park beginning at 4 p.m.

The meet against Bloomfield had perhaps one of the most disheartening effects

upon the season. The race was so close that Coach Haneke's comment of "I still can't believe we lost" sums up the frustration of that afternoon. John Deanna is rated as one of the premier runners in Essex County and he showed

why he is given that distinction as he finished first while setting a new course record. Bill Goodwin previously held that honor with a time of 15:28 but Deanna recorded

Beck's Column

The writer attended the International broadcast exhibition in Berlin, Germany, during the first week in September. It was tremendous. Without even looking at anything, it would have taken about 2 hours just to walk through it.

The exhibition was a far cry from the first event which the writer attended 40 years ago. At that time it was just a national show, which one could easily cover within a couple of hours. This year's show would have taken a week if one wanted to cover all of it.

The U.S. was represented by an exhibit of RCA, and a not too well known manufacturer of amplifiers and speakers. Of course the Japanese were heavily represented, although so far they do not get even remotely the share of the electronics market in Europe as the U.S. Partly this has to do with protective tariffs.

It is amazing that the European electronics manufacturers are far behind in offering color TV portables. Some 14" sets were shown as something "new," but people did not seem to show much interest in these sets. The 25" size seemed to be preferred.

Every manufacturer showed a large display of portable radios in all variations, AM and FM seems to be the standard. Many sets also had an additional long wave range and one or 2 short wave bands. Others had a cassette player and recorder built in, so one could record the radio directly on the cassette. All of these cassette equipped units also had a microphone for recording. The interest in this kind of merchandise is much greater than in the U.S. All these sets have very good tone quality and they can be used on batteries, hooked up to the automobile battery by an adaptor for the cigarette lighter, and on 110 and 220 volt current.

Rec Competition Is Well-Balanced

The fans that follow the recreation football leagues are being treated to outstanding well played games this season. The leagues are so well balanced only one undefeated team is left after three weeks of play.

The Belleville Recreational football teams are structured by using an age/weight coefficient. When the candidates are weighed in, at the beginning of the season, the boys are given a number for their

age and also one for their weight. These two numbers are then added together for a total. After that has been done the separation for the three leagues takes place. There has been one or more ties in 75 percent of the years the leagues have been running.

In the beginning of the season a football clinic was conducted by John Senesky head freshmen football coach and Warren Ceres, and discussed at that time. The coaches felt, "that it offered them a solid foundation to start their pre-season around. We are hoping to have a bigger and more detailed work-shop next year."

In the light-weight division the Lions had the roar taken out of them as they fell prey to the Varsity 6-0. This was their first blemish after their most impressive start in a few years. Kiwanis really tightened the league in winning their second game by stopping the Elks 8-0.

Another tight race is developing in the middle weight division. In Sunday's game Landolfi's buried the Auxiliary Police 20-0 and Vee Beel stopping the flow of the Fountain 28-0. Next Sunday we will find Vee Bee entertaining Landolfi's which should be an outstanding contest.

Bloomfield, Nutley Hit Harriers

(Continued from Page 14)

first with a run over the 2.9 mile field at 15:00. Another outstanding runner is junior John Sinnenberg who ended his run with a time of 15:13. Captain Bill Goodwin, who had gained on his previously best mark, took third at 15:20. Steve Budrick was 4th at 16:08. Bengal Dante Mercurio was 5th at 16:13. He was followed by Bellboys Nelson Seda, Mike Fortino, and Jim Beck who finished 6th through 8th respectively with times ranging from 16:17 to 16:39. Walt Siubis was 11th at 17:06 and Doug Wamsley 12th at 17:08. Pete Fitzpatrick was 16th and last at 18:00.

The dead left the Bellboys with a record of 6-4. Bloomfield evened things up at 3-3.

When a race such as this is held, it's difficult to point to one incident as the cause of defeat. It was a very close battle and Bloomfield was able to place a runner in a vital position to record the win. Many of Belleville's runners had raced their best times but still others did not which can be attributed to the loss.

Last Monday, the harriers were handily beaten by Nutley, but the real story lies in whether the two Belleville injuries suffered during the race will have any effects on the remainder of the season. Before the race began, sophomore runner Jim Beck was scratched with an injury to lower calf muscle. He was expected to run in yesterday's race against East Orange. The second injury is possibly of a more serious nature and it belongs to captain Bill Goodwin. Goody was in third position early in the race when he suddenly dropped out of competition. The injury appears to be knee injury combined with a pulled hamstring. Goodwin says that he will not miss the meet against the Panthers, but his condition can be best described as doubtful.

Senior Cliff Hampson finished first with a time of 15:08. He led a field of 37 runners which included Howie Hirsch, Pete Brancaccio, and Ed Gilrou, who are all from Nutley. Their times ranged from 15:10 to 15:26. Nelson Seda, trying to pick up the Belleville slack caused by the injuries, ran his best time of 15:49 which was good for a 5th place finish. Following

New Enrollment Listed By Bloomfield College

Bloomfield College has enrolled 1,388 students in its fall semester, within one percent of student enrollment figures projected in February by the college's Long-Range Planning Commission, a review body composed of 18 members from the faculty, student, administrative alumni and trustee sectors of the college community.

Full-time day students represent 925 of the total, with 84 part-time day students, 28 full-time evening students and 351 part-time evening students representing the remaining enrollment figures. Of the total, 946 are returning day and evening students. The student/faculty ratio at the college is presently 17-1.

Riboflavin is a growth vitamin. Milk, eggs, fruits, legumes, and many other vegetables contain riboflavin in varying amounts. Riboflavin is necessary for growth and respiration of cells. him, the only Bellboy to finish within the top twelve was Mike Fortino, who ran a time of 17:14. Steve Dyba was 13th at 17:20. Walt Siubis 17th with a time of 17:40, and Steve Budrick was 20th at

18:02. Pete Fitzpatrick ran at 18:22 which was good for 22nd place while Tom Coughlin was 24th at 18:54. John Matera was 29th at 19:51 and Don Mobilio was 21:16, which was good for

33rd place. Joe Vincenti was third from the bottom at 21:46.

The Bellboys record is now recorded at 7-6 while the Raiders have put themselves close to the crown with a

record of 6-1-1. Their only loss came from the powerful Montclair Mounties who earlier in the season had defeated Belleville.

Now the Bellboys, who earlier ran off five straight

victories, most win one more to assure themselves of their first .500 season. The only hope right now is that their two injured runners return to mid-season form before the season ends.

They Provide the Wheels For the Cycle Craze

When you think of a bicycle, you only think of an object with two wheels - right? Wrong! According to Michael Lyach, owner of Cycleland Sports Inc. a bicycle, to be used correctly and most beneficially, should be tailor-made to suit each individual.

Michael, a native of Argentina, and his partner, Ramon Orero, a native of Spain, are bicycle specialists who build, sell and service bicycles. The firm is the only shop in the country that custom-builds bicycles to fit individual

requirements according to Michael Lyach. For example, he will import the best cycles from France or Italy, then create the machine, adjusting the size of the frame, handle bars and seat proportionately. The men also purchase parts in the

U.S. and build the bikes from the ground up - all by hand, as these craftsmen have a combination of some 30 years in the business and negate mechanized, factory building of bikes. Michael's wife, Delores, works in the business,

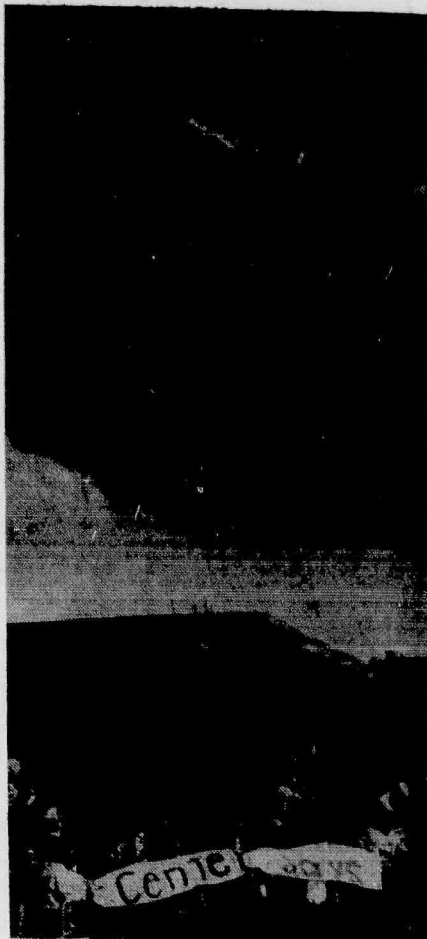

handling the office procedures and paperwork. The couple have two daughters, Nancy five and Michele three.

Cycleland Sports Inc. at Belleville and Union Avenues are shown on one of their custom-built bikes.

FREE RIDE — For his work in the United Way campaign for Essex and Hudson Counties, George L. Bielitz of Fidelity Union Trust Company was awarded a helicopter ride to the Cerebral Palsy Center in Belleville.

George L. Bielitz, vice president and senior trust officer of Fidelity Union Company, was awarded a helicopter ride to the Cerebral Palsy Center in Belleville for reporting the highest percentage of increase to date in the current United Way campaign in Essex and West Hudson.

Bielitz, chairman of the campaign's employee leaders division, was accompanied by Ingrid Vieira, a Miss United Way representing Fidelity Union Trust Company.

The Cerebral Palsy School is a United Way agency and Bielitz was greeted by many of the children who carried banners thanking him for his work in the drive.

Robert I. Smith, president of Public Service and general chairman of the campaign, reported yesterday that the over-all campaign now stands at 59 percent of its \$4,500,000 goal for this year.

John McDermott, at 77

Funeral mass was held October 18 at St. Peter's Church for John McDermott, 133 William Street, who died at home October 15. A Belleville resident for 40 years, he was 77.

Born in Ireland, Mr. McDermott was employed over 35 years as a mechanic for Public Service Gas and

Electric. He was also a member of the Amalgamated Transit Union Division 819, and the Frank McGovern Association.

Predeceased by his wife the late Mary Nolan McDermott, and by a son John, Mr. McDermott is survived by

three other sons, Martin and Peter, both of Belleville, and Joseph of Andover.

Services were directed by the Kiernan Funeral Home, and were officiated by the Rev. James F. Heavey. Interment was in St. Peter's Cemetery.

Will your monthly checking statement arrive at the same time now that National Newark & Essex Bank has changed its name to Midlantic?

Our Terri Carrino says yes.

If you always receive your monthly statement on a particular date each month, you'll still receive it on the same date.

And it will still have your same account number on it.

The October 1st change to the new name — Midlantic National Bank — is the only change.

And if you make out a check payable to us, but you make it out to National Newark & Essex instead of to our new name, Midlantic National Bank, don't worry. It will be honored and appear on your monthly statement, just as it always has.

After all, the only change is the name.

The people are the same. The hours are the same. Your account number is the same.

When we do make innovations, they'll be to improve our service rather than merely change it.

You can bank on our new name.

Two Local Rock Groups To Play Tomorrow Night

At 8 PM tomorrow night, Rage and Mist, two popular local rock groups will launch their concert debut at the Center for Italian Culture auditorium, 985 South Orange Avenue, Newark, capping several months rehearsal, according to Russell Girod, Concert Director for Scorpius Productions.

"The bands are going to play three solid hours of popular music in a wide-ranging program from the soft sounds of the late Jim Croce to the hard rock of Grand Funk and Deep Purple," Girod states. "Mist will do the softer sound featuring vocals by Al Ruggiero, balancing the heavier and funkier music for the Rage part of the program. The final set of the concert will feature both bands playing together, with original drum work by Bob Romeo of Mist and Vinnie Strumolo of Rage," Girod adds.

C. Richard FIORE, Candidate for State Senator, 30th Dist.

FACTS NOT FICTION

C. Richard Fiore, who has served the people of Belleville, fought the sale of the Pequannock Watershed. The sale would have caused a 100% increase in water rates which would affect communities purchasing Pequannock water including the town of Belleville.

Public Service planned to abandon the Newark City Subway due to increased cost, C. Richard Fiore fought Public Service at the Public Utility Commission and proved the subway to be a money making utility that provided a vital service for the people of Belleville who commute to the city daily, the subway was not abandoned. Another victory for the people of Belleville by the proven legislator, C. Richard Fiore.

Sponsored and passed the Medicaid Bill.

Fought for the lowering of property taxes for senior citizens which was approved.

Sponsored and passed a bill which became law and entitled the Belleville School District to apply for funds totaling \$150,000.00 for the town of Belleville, which benefitted the tax payers.

These are only a few of the more than 200 bills sponsored by C. Richard Fiore that directly aid the town of Belleville.

School Superintendent Greco Asks Support for Education

Anthony Greco, superintendent of Belleville schools, spoke at the October 18 luncheon meeting of the Belleville Lions Club held at the Fountain Restaurant, and he placed heavy emphasis on the need to "educate the residents and voters of Belleville as to the need for improvement of the Belleville educational system."

Such improvement could only be achieved, Greco claimed, if taxpayers would recognize the necessity of spending more on physical facilities, equipment and materials. The defeat of proposed school budgets year after year was attributed by Greco to the tax burden which homeowners bear in Belleville, but, the

Superintendent noted, the school system is not the place to take out frustrations with high taxes, for the children and the future progress of the town will eventually suffer.

Greco sees the need for greater willingness on the part of town officials and public alike to commit resources to expansion of the Junior and Senior High School facilities. He stated to the Lions that the secondary level is where the severe overcrowding situa-

tion exists, and proposed the present Junior High School be converted into a "middle school" with additional classroom space added to the Senior High School.
