

Serenade to Shoppers

HIGH SCHOOL CHORUS commanded a vantage point on the steps of Town Hall on Wednesday, Dec. 19 to spread Christmas cheer along Washington Avenue. They caroled to Avenue shoppers after an engagement at Newark International Airport. Thomas Finetti directed.

Replaces Dyeworks

Unique Oil Recycling Operation To Locate in Industrial Area

A plant which will reclaim usable oil from sludge cleaned from heating tanks will be located in Belleville's industrial section on Main Street next to Route 21, it was announced last week. If the operation is deemed a success by environmental experts, it could serve as a pilot program on a state-wide or national basis.

The Active Oil Company, whose offices are located in Carlstadt, have purchased a six and a half acre plot of land at 374 Main Street from the Tenneco Company. Active is now in the process of demolishing 13 old buildings on the grounds which formerly housed the American Dyewood Company.

George Rohde Jr., vice

president at Active said "we're shooting to have the entire facility operable by late May or June and partially operable by April." The opening, he said, is dependent on the receipt of the State Department of Environmental Protection, which is giving Active "full cooperation" in the recycling enterprise.

After tearing down all but one of the American Dyewood buildings (the oldest of which dates back to 1880), Active will add an addition to an existing building and construct three 20,000 gallon tanks in the ground. Other areas of the tract will be leased out to individual industries.

Active Oil cleans industrial heating tanks and disposes of

three million gallons of sludge each year. In the past, said Rohde, 50 percent of this sludge could be reclaimed. All untreated sludge is dumped into landfills. In the new plant, said Rohde, "we're shooting for one target—zero pollution."

He said that in oil heaters using number four and six oils, called residual fuels, the products settle to the bottom of the heater. The sludge mixture, made up of oil, water and solids, "is not easily separable because it's an emulsion. If we remove the water, clean it, remove and wash the solids, we'll be left with clean water, clean solids and clean oil." The oil would be reusable, and the solids, made up of sand, clay and oxides could be dumped into a clean landfill.

Rohde said he expects the company to take a financial loss on the oil recycling project. "The reason no one has done this before is because the cost of operating a refinery for sludge completely eliminates anyone using it for profit. But right now we're concerned with the zero-pollution target, and if we're successful, this will be

used as a pilot for other plants."

Rohde said Active services accounts in Belleville which include school and Town Hall burners, the Walter Kidde Co. and Westinghouse.

Active Oil handles about three million gallons of sludge per year and the new plant is estimated to be capable of producing a million gallons of usable oil. Rohde said New Jersey industries create nearly 70 million gallons of oil waste each year.

First Baby Here Will Be a Winner

Plenty of prizes are again waiting for the first baby born in Clara Maass Memorial Hospital after midnight on New Year's Eve.

For the ninth year in a row, the Belleville Chamber of Commerce is co-sponsoring the welcome for the first new Bellevilleite of the year. Co-ordinating the program is Mrs. Sol Sherman, chairman of the Chamber's Special Projects Committee.

The New Year baby and his

or her proud parents will be the recipients of a multitude of prizes donated by leading merchants and businessmen for use by the baby or the infant's parents.

Celebrating his first birthday on January 6 will be last year's winner, Gregory Gelewski, son of Mr. and Mrs. Frank Gelewski. Along with Gregory, the Gelewski's took home prizes and donations from 21 Belleville business firms.

Jefferson St. Area

Vote Expected Tonight On Change in Zoning

by Ken Moore

After two months of pressure by residents, the Board of Commissioners is expected to renew a final decision tonight on a request to change an area in the northern section of town from a B-zone to an A-zone.

The amendment to zoning laws is expected to pass easily during the meeting, scheduled for 8:30 p.m. A public hearing has already been held on the matter, and no Commissioners have voiced opposition to the switch.

Also at tonight's meeting, postponed from Tuesday to avoid conflicts with the holidays, will be a public hearing and final vote on an ordinance to appropriate \$25,000 for the reconstruction of sections of Cortlandt and Essex Streets.

The streets which would be affected by the zoning change are Harvard Place, Jefferson Street, Liberty Avenue, most of Chestnut Street and part of Passaic Avenue, Madison Street, Sycamore Drive and Hickory Court. While this area has long been a B-zone, which permits construction of both one and two-family houses, residents had thought it was an A-zone and moved to have the zone changed in October when a neighbor in the section expanded his own home.

After a petition was submitted to the Commission, the residents were told the change had to be submitted to the Planning Board for their consideration. At a subsequent Commission meeting, when residents expected an initial vote on the change, they were told the Town Fathers were awaiting a written recommendation from the Planning Board.

That letter was received by the Commission by their last

meeting held on December 11, and the amendment was passed on first reading. Final voting will come tonight.

The change, if passed, will be similar to a change requested and granted by residents around White Oak Terrace earlier this year.

The ordinance to appropriate \$25,000 to resurface portions of Essex and Cortlandt Streets was also passed on first reading at the

last meeting. Cortlandt Street would receive two inches of bituminous concrete from Joralemon Street to Bella Vista Avenue. Cortlandt would get an identical paving. The improvements are general and will not be assessed against any residents of the streets.

Commissioner of Public Works Mary V. Senatore said the work would begin in early spring on the streets. She said,

however, there would be more than a repaving of both thoroughfares. Mrs. Senatore has in mind a general reconstruction of both streets, which she hopes will be financed by State funds.

"We've had a total of three cave-ins on Essex Street," she said, "and we dug down and found out the ground has all been washed away underneath there."

Mark Capitol Theater For Impending Doom

The Capitol Theater, once a Belleville entertainment center, but of late one of the town's most notorious blemishes, will be demolished if the Zoning Board of Adjustment passes a request by the building's owners to erect a 23-unit apartment building there.

The Joseph Diaz Agency in Bloomfield, which represents the building's owners was served with a notice recently from Commissioner Mary V. Senatore to have the building repaired or destroyed. Last Monday Diaz and Newark architect Edward Centanni visited Building Inspector Vincent Mustachio with plans for the three-story dwelling, which would have to be approved by the Zoning Board of Adjustment.

The tract of land on Washington Avenue is located in two zones: the front is situated in a business zone, which allows a density of 35 families per acre, while the plot widens to the rear, which is located in an industrial zone, where no residential uses are permitted. Entrance to the grounds would be from Washington Avenue while the exit would be located on Valley Street.

Diaz said demolition of the decaying building would "proceed immediately" upon the granting of a variance.

The decision to demolish could be the end of one of two prime targets of Washington Avenue cleanup. The other, an abandoned diner located at Washington Avenue and Academy Street is also expected to be torn down in the next 30 days.

Miss Elizabeth Ferrara, former owner of the property on which the diner presented

Judge Edward Abramson with a letter from new owners of the property who say they will have the diner removed, probably inside of a month. There are no reported plans for redevelopment of the tract.

Miss Ferrara had been served on September 14 with a notice signed by Judge Abramson to repair or destroy the building in 30 days. She contested the order on the grounds she owned the

property in question, but not the diner itself. The owner of the building has not yet been disclosed. Abramson was satisfied the demolition order would be carried out soon, and levied no fines.

Both the Capitol theater and the diner have been the targets of clean-up campaigns on the Avenue for some time. It was recently proposed that the theater, unoccupied for at least three years, could be renovated and turned into a Belleville youth center.

Boards Acclaim Anti-Drug Motion

The New Jersey School Boards Association overwhelmingly passed an anti-drug resolution which originated from the Belleville Board of Education at the urging of member Matthew Pica. The vote came at the School Boards Association's semi-annual delegates meeting held earlier this month in North Brunswick.

The motion, which was passed by acclamation without debate, called on the New Jersey legislature to adopt stiffer penalties for the sale of hard drugs in response to New York's passage of a similar bill.

The Belleville Board of Ed earlier this year had passed the measure after its proposal by Pica. The NJSBA adoption means the resolution will be sent to appropriate state agencies and legislative committees.

Pica, commenting on the NJSBA vote, said, "I'm happy to see it was passed overwhelmingly and that there's no doubt in anyone's mind that we need a stronger anti-drug law in New Jersey. If I can be any help to the legislators and the public concerning laws for stronger drug penalties, I'll be available night or day."

In another vote relevant to Bellevilleites, the NJSBA voted 98-78 to maintain a position taken in 1966 that school budgets in Type II school districts (like Belleville) should not be submitted to a public vote. The Bridgewater-Raritan school board had submitted a motion asking the association to reverse its stand and it was voted down.

The Belleville Board of Education had not taken a stand on the issue, and its delegate, Mrs. Norma McCool, was unable to attend the meeting.

School budgets are not voted on by the public in Type I districts, which usually are located in large cities and are governed by appointed boards of education.

Golden Comments

By James R. Golden

It is most discouraging to learn of the seemingly unconcerned attitude of many of our local manufacturers executives and representatives toward the town which is the site of their plants. Belleville has been generous to much of local industry and up to recently the relationship was reciprocal. However, it is changing and not for the better.

The poor representation of local industry at the recent Manufacturers Dinner, which is yearly designed to bring together local officials with the leaders of local business, banking and industry showed poor attendance on the part of industry. There were no Bill Orchard's, who of yore, as head of Wallace & Tiernan Inc., took a benign, fatherly interest in the town's growth and prosperity, lending guidance and constructive suggestions to enhance its betterment and aid our town fathers in running the community.

With the fast changing tempo of management of many of our local plants being taken over by large conglomerates, there developed a detached interest on the part of plant management which weakened the ties and bonds which formerly existed. This is regrettable and prompt action should be undertaken to rekindle the fires of concerned camaraderie and the healthy restoration of a closer working relationship between our local governing officials and the management of local industry.

• Two senior citizens' clubs in Belleville recently celebrated Christmas at parties held at The Fountain Restaurant. Pictures appear on page 9.

• It was a big week for sports at Belleville High School. Both the girls and the boys basketball teams split their first two games, while the wrestling team was dealt a loss by one point in their opener.

Christmas Decorator Bucks Energy Cutback

HOLIDAY LAMENT — Another home on Howard Place assigned this sentry to notify passers-by of their seasonal sacrifice.

energy conservation policies which have persuaded seasonal decorators to cut back on their lighting displays.

For one Bellevilleite in particular, the energy crunch has inflicted especially difficult hardships. John Auriemma of 90 Mount Prospect Avenue, who traditionally has erected the town's most elaborate display each year on his lawn, has found that Christmas is just not the same without the lights which have attracted hundreds of residents to his amazing remote-controlled automated holiday tableau.

Beginning in November and ending in late January, past years have found crowds of children and adults flocking to the Auriemma house at night to view the display. His home isn't hard to find — visitors were guided by a 10-foot lighted star mounted on his roof and visible from Kearny across the Passaic River.

But they haven't been coming this year, says Auriemma. At least, "there hasn't been near as many as there were in past years. I don't think people know it's up this year because there aren't as many lights," he says.

"We used to have two or three hundred people here at a time. Last year a group of Boy Scouts came to sing carols."

Auriemma's sister, Rose Priola adds, "At times, people couldn't get down the street because there were so many cars parked along here."

What happened to cause the decline in attendance? According to Auriemma, it's (Continued on Page 3)

IN BETTER DAYS the children of Belleville flocked to John Auriemma's lawn display to push buttons and watch the scene come alive. The above picture shows only a portion of the tableau, Santa's Workshop, with Mr. Claus himself waving to passing children.

Michael Lally Reports On Junior High Scene

FORMER TEACHER at Belleville High, Michael Lally, now vice principal at the Junior High School discusses his new position.

by Lynda O'Connell

"I'd like to thank all the students at BHS for making my years as an English teacher most enjoyable and most memorable." This was Mr. Michael A. Lally's message to all those who know the former teacher.

Mr. Lally says that he is still adjusting to his new position as Vice Principal of the Junior High. He feels that his job is quite challenging and says that he and Mr. Di Maggio, the principal, are looking forward to improving the Junior High in some ways. "We'd like to take a good situation and make it better", Lally stated.

Since Mr. Lally has entered his new position, a student monitoring program was instituted in the ninth grade cafeteria. "Very successful", was Mr. Lally's opinion on the program. So successful that the principals have decided to try the program on the eighth graders.

"We'd like to plan more extra curricular activities in the future" stated the Vice Principal.

Seniors Give Musical Meal Sound System

by Ken Westpy

The Belleville High School cafeteria now has music during all the lunch periods, thanks to the Senior Class of '74. A stereo receiver, connected to large speakers mounted on the wall, fills the cafeteria with music and the volume is kept at a moderate level.

The system was installed without advance publicity, and during its first day of operation incoming students were quite surprised when they walked in and heard rock music coming from speakers.

The reaction among students was a favorable one. Many felt the music was a good idea, as it put them in a more casual, relaxed mood. As the music cannot be heard outside the cafeteria, even with the doors open, no classes are disturbed. The students are really enjoying it, and should continue to do so as long as the privilege is not abused.

The underclassmen give thanks to the Class of '74 for their gift of "lunch with music".

Cage Squads Introduced At BHS Pep Assembly

A by Diane Frazier

A pep assembly was held on December 14 at the Senior High School. The assembly was to build up the spirit for the boys and girls basketball teams.

The entire student body gathered in the gym to be introduced to both teams.

Mr. Rocco Cafone played the "master of ceremonies" and introduced the coaches and cheerleaders, who did a few cheers to get the crowd spirited.

Mr. Cafone first introduced Coach Karen Fucello who in turn introduced her team. The co-captains this year are

Joyce Buckland and Donna Foley. Both girls have had remarkable records in past years.

The rest of the team was named and they are Diane Amoscatto, Linda Diana, Donna Stone, Kathy D'Aniello, Peggy Morrison, and Susan Radomo. These girls are hoping for a season as good as the past two years.

Coach Fucello is a graduate from Montclair State and is attending for her masters degree.

Coach Daniel Grasso, the new coach for the boys team was then introduced. This is his first year coaching the

team and looks forward to a good season. The boys will only have game captains and no one has been appointed official captain.

The varsity team is Harry Baumgartner, Anthony Cotugno, Bob DiQuattro, Gary Tufo, Bob Sanders, Lauman Goon and Abdel Anderson whom have all played under Mr. Palma. Della Torre, Wood, Hogan, Marra, and Dunn are newcomers to this yearsvarsity squad.

Mr. Grasso is a graduate of Kansas State and is a business teacher.

The fans are hoping for a good season from both teams. The best is wished to both the boys and the girls for a winning season.

Public Service to Offer
Common Stock Shares

Public Service Electric and Gas Company has today filed a Registration Statement with the Securities and Exchange for the registration of 4,500,000 shares of Common Stock. It is expected that the Common Stock will be offered on or about January 29, 1974, by means of a negotiated public offering through a group of underwriters headed by Merrill Lynch, Pierce, Fenner & Smith Incorporated.

The proceeds from the sale will be used for general corporate purposes, including the payment before maturity of a portion of a two year Promissory Note, or the payment of a portion of short-term obligations, or both.

LIFE HEALTH

Chiropractic

Chiropractic, the world's largest drugless health service, is known to many but is understood by few. Chiropractors have achieved their status by results alone.

The chiropractor believes that every effect must have a cause. Thus, any condition or disease must have a cause. Once the cause is removed, nature takes charge to eliminate the condition or disease from the body.

The chiropractor knows that pressure on vital nerves interferes with the proper flow of nerve energy through the body to vital organs, glands, muscles and tissues. This pressure and the resulting interference to nerve energy flow is the basic cause of disease. When the interference with the flow of nerve energy is removed, nature responds and heals from within.

To restore proper function of the nervous system the chiropractor employs gentle, scientific manipulations (called adjustments), to properly align the spinal column and release pressure on affected nerves. "The power that made the body is the power that heals the body." Chiropractic adjustments release the vital nerve energy which restricts the healing forces of nature and permits nature to use her own resources to heal the body.

Meadowbrook To Feature Al Martino

Two special weekend programs are scheduled for January at the Meadowbrook Theatre Restaurant in Cedar Grove. Al Martino will entertain on Jan. 18 and 19. Martino is especially known for his role in "The Godfather." Dancing will follow his show which begins at 10 p.m.

The appearance of Count Basie and His Orchestra on Jan. 25 and 26 is keyed to the year of anniversary celebration. The beginning of the 50th year since Meadowbrook first opened was marked last June by the one-night engagement of Guy Lombardo and His Royal Canadians. Periodically, since then, other top name orchestras have been scheduled. On the evenings of Count Basie's appearance, dancing will be from 9 p.m. to 1 a.m.

Town's Leading Xmas Display Getting Lost in Energy Cut?

(Continued from Page 1)

because he went along with the national trend and eliminated most of the lights which illuminated the display. Except for the lights, the tableau is the same as it has been in the past, and passers-by can still stroll past Auriemma's fence, push buttons and watch the scene come to life.

An electrician by trade, Auriemma says the operation doesn't require much power, "and it only works for periods of five minutes at a time when the buttons are energized."

Once those buttons are pushed, spectacular things begin to happen. Santa Claus in his workshop waves at the visitors, five elves go to work

sawing, hammering and painting, reindeer in the barn behind the shop nod their heads and another elf loads toys onto Santa's sleigh.

Another Santa is seated in a sleigh hung on wires from the ground to the roof of the house. A Nativity scene is the centerpiece for the surrounding action.

Behind the reindeer's barn are live ducks, parakeets and Chinese pheasants, kept there and cared for by Auriemma's brother Lawrence for the past 20 years.

All this is viewed to the accompaniment of tape-recorded Christmas carols. But this year there are no lights to single out Auriemma's work.

"I think the lights give it an atmosphere of the holiday," he says. "I don't think the energy crisis should affect Christmas, because Christmas is for the kids and so is this display."

His sister Rose agrees. "When you're used to seeing all the houses brightly-lit, it's heartbreaking to drive around now and see them dark. It's taking something away from the holiday."

Besides the outside lights, he had also cut out "at least a thousand mini-lights" that were strewn around the living room. ("They gave me heart failure," joked Mrs. Auriemma. "I had a few hundred outside," says Auriemma. "Now I have none.")

But he adds he may yet erect his lights before the holiday season is over. "It's bothering me that the kids won't know it's up."

If the past year has been depressing to many, it hasn't been easy to John Auriemma.

either. Just recently released from the hospital, he was unable to erect his display himself this year because of illness, and had to abandon work on a new 18-foot high church. His brothers, Nicholas and Lawrence pitched in to help, along with nephews Kenny Scaglione and Anthony Priola.

The scene on the Auriemma lawn is a family tradition begun 30 years ago by John's father, a tailor. Mrs. Auriemma says the Santa in the sleigh is 25 years old. "I began to add more when I was married," says Auriemma. "Since I started having a family, I got more into it."

The Auriemmas have five children. Many have told the Auriemmas they miss the lights on the display. "One woman even stopped me on the street and told me how mad she was at President Nixon because of the energy crisis," says Mrs. Auriemma.

Nelson Benedico Elected As Pre-School Trustee

Nelson A. Benedico of Belleville, president of the Cuban-American Association of N. J. Inc., has been elected member at-large of the Board of Directors of the Newark Pre-School Council Inc., New Jersey's largest all-year round Head Start program.

Benedico, whose name was submitted earlier this month for nomination to the Board of the Essex County Planned Parenthood Association is ending 1973 working in a record number of projects during the month of December, the majority affecting the Cuban-American and the Spanish-speaking community in general.

In addition to his normal duties as a U. S. Equal Employment Officer of the EEOC-Newark District Office and member of the adjunct faculty division of Essex County College, Benedico writes regular columns in Spanish and English in Newark's "Informacion" and "La Tribuna" newspapers.

This month he helped to organize a testimonial dinner for Dr. Manuel R. Giberger of Washington in Union City; contributed to Telemaratón 41, a TV-Channel 41 Telethon to raise funds to assist arriving Cuban refugees; was appointed to a program committee of the Council of

Higher Education in Newark in addition to the Pre-School and Planned Parenthood nominations; met with representatives of Essex County College's Latin Students Ass'n on the Essex County College demonstrations; participated in the sponsoring of Cuban Rotary Club and Cuban United Bureau of Assistance affairs and will travel to Miami, Fla. during Christmas

week to discuss matters affecting the Cuban-American community at the national level. He also has been discussing with other Cuban leaders the formation of a state-wide Cuban caucus early in 1974.

"By January 1st I'll be dead tired physically, but who wants to be alive and rested just to sit and watch another year pass by," Benedico says.

Pharmacy Footnotes

Many people believe that tuberculosis has been conquered because the death rate has fallen to a low level. It is true that fewer people are dying of this disease than ever before, but the tuberculosis problem still exists. There are about 50,000 new cases in the United States each year. The most effective way to fight tuberculosis is through the use of tuberculin skin tests and chest X rays.

We believe in service...that's why more and more people are coming to ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968. Blue Cross and Medicare approved and we provide free prescription delivery service. Whitman's and Schaff's candies around your house makes your guests feel welcome, be sure you have some for the holidays. Open: Daily 9am-10pm, Sundays 9am-9pm...Happy New Year Everyone!

HELPFUL HINT: If you awake in the night and smell smoke, open the door of your room cautiously. To throw it open may be fatal.

January Sky

The winter skies in January, often clear and cold, offer star gazers beautiful nights for the study of the stars and planets.

The Big Dipper is still far down on the horizon but is beginning to move back up into sky. Morning stars (actually planets of the solar system visible to naked eye) will be Mercury, Mars, Jupiter and Saturn.

The bright evening star (planet) will be Venus.

Study the stars and you will find it rewarding and stimulating.

This year sky watchers have an unusual treat, the comet Kohoutek reaches its peak about mid-January in the southeastern sky.

Resolutions

Americans continue to make resolutions at the beginning of each new year. Some greet the process with cynicism, knowing most of the resolutions will be broken, some before very many days of 1974 have passed.

But resolutions often signify that the maker seeks to improve his habits or behavior; they are a sign the maker is

striving to better himself or herself in some way. In that sense they are an indication of an active mind, of good intentions.

New Year's resolutions, then, whether kept or not, are a good idea. They constitute a taking stock, a plan for better things in the future. And that is what the game of life is all about — the hope, and effort, to build a better future.

Gasless Sundays

Now that gasless Sundays have been with us for a while, it's obvious the restriction has its good side. Many are finding they like quieter Sundays, with fewer cars, less noise and less congestion on streets and highways.

Just as some cities have found banning cars from downtown areas vastly improves the center of town — for pedestrians, for shopping, or health, etc., gasless Sundays have slowed the frantic pace of life and helped reduce more relaxed Sundays for millions.

And while keeping homes at lower temperatures bothers many initially, doctors agree most Americans have in the past years been too warm; Europeans traditionally have maintained homes at a lower temperature. Medical authorities point out that overheated homes and offices cause too much of a contrast with outside temperatures, make it harder for the body to adjust.

The fuel crunch, then, has its good side, according to the sun.

For millions of Egyptians the calendar year formerly began on September 21st

(the autumnal equinox). The Greeks counted their year from June 21st (the summer solstice). For a short time New Englanders began the year on December 25th! But today most nations accept January 1st as the beginning of the year. Romans exchanged gifts on January 1st — and perhaps so: Christmas gift custom stem from it. The use of mistletoe during the Christmas holiday season stems from the old Druid custom of giving branches of this supposedly sacred bush on New Year's Day.

For many years in Scotland young boys gathered together on New Year's Day and went from house to house singing for money or something to eat. This custom was brought to America, but the songs were shortened in the New World. For many years American Presidents gave a reception — open to the public at the White House on New Year's Day.

For most Americans today the new year means a party or sentimental thoughts the night of the 31st, a holiday a week after the Christmas holiday, and the bowl end of the football season.

Food Next?

John Hightower, coordinator of the Food Action Campaign, recently told a congressional committee the nation could be headed for a food crunch comparable to the recent energy crunch because a few multinational firms are gaining monopoly control over the nation's food supply.

Hightower says a handful of giant corporations now largely control food processing and are increasing their control of the industry by taking over smaller firms while at the same time small farmers are being driven out of business.

Agreeing with Hightower, a paper submitted by the Agri-Business Accountability Project contended that the nation has the most productive agriculture in the

world but is beginning to feel the effects of a situation in which consumers can't afford many foods and farmers can't afford to grow them at prices received while the processing corporations are enjoying record profits.

Hightower pointed to a 1962 account for eighty percent of the industry's profits, to support his warning that food shortages could appear in this country in years ahead if small farmers, canners and processors continue to disappear from the scene and big-corporation control of the food industry is not checked. That warning requires careful congressional investigation, and perhaps action, in the national interest.

April 25 - The Kiwanis Club of Belleville Card Party - The Fountain.

Speak Up!

A Canadian Telling It As It Is

To the Editor:

Please publish the enclosed reprint from "U.S. News and World Report" in your paper.

I, too, am tired of hearing of America's faults blared forth on T.V. and in newsprint, without giving credit where credit is due. Here is a Canadian telling it as it is.

Jack O'Brian, W.O.R., was kind enough to send me the enclosed copy.

Sincerely,

Mrs. Charles W. Howe
143 Mountainview Avenue
Nutley

(In these days of unrelieved foreboding and gloom news, all of us in this country could do with a little bucking up.

It isn't often that we get a chance to see ourselves as a neighbor sees us — and be cheered by the image.

Some time ago Gordon Sinclair, the Canadian radio and TV commentator, broadcast an editorial from Toronto. Any number of people in this country heard it or have since read it, as it has been widely reprinted in the newspapers in the U.S. It was inserted in the "Congressional Record" and became the subject of many editorials.

Mr. Sinclair's commentary makes especially heartening reading right now. For the benefit of those who have missed it, excerpts are presented here — Howard Flieger, Editor.)

This Canadian thinks it is time to speak up for the Americans as the most generous and possibly the least appreciated people on all the earth...

Germany, Japan and, to a lesser extent, Britain and Italy were lifted out of the debris of war by the Americans who poured in billions of dollars and forgave other billions in debts. None of these countries is today paying even the interest on its remaining debts to the United States.

When the franc was in danger of collapsing in 1956, it was the Americans who propped it up, and their reward was to be insulted and swindled on the streets of Paris.

I was there. I saw it.

When distant cities are hit by earthquakes, it is the United States that hurries in to help.

...This spring, 59 American communities (were) flattened by tornadoes. Nobody helped.

The Marshall Plan and the Truman Policy pumped billions upon billions of dollars into discouraged countries. Now newspapers in those countries are writing about the decadent, warmongering Americans.

I'd like to see just one of those countries that is gloating over the erosion of the United States dollar build its own airplanes.

Come on, let's hear it!

Does any other country in the world have a plane to equal the Boeing Jumbo Jet, the Lockheed Tristar or the Douglas 10?

If so, why don't they fly them? Why do all the international lines except Russia fly American planes?

Why does no other land on earth even consider putting a man or woman on the moon?

You talk about Japanese technocracy, and you get radios. You talk about German technocracy, and you get automobiles.

You talk about American technocracy, and you find men on the moon — not once but several times — and safely home again.

You talk about scandals, and the Americans put theirs right in the store window for everybody to look at.

Even their draft-dodgers are not pursued and hounded. They are here on our streets, and most of them — unless they are breaking Canadian laws — are getting American dollars from Ma and Pa at home to spend here...

When the railways of France, Germany India were breaking down through age, it was the Americans who rebuilt them. When the Pennsylvania Railroad and the New York Central went broke, nobody loaned them an old caboose. Both are stuck broke.

I can name you 5,000 times when the Americans raced to the help of other people in trouble. Can you name me even one time when someone else raced to the Americans in trouble?

I don't think there was outside help even during the San Francisco earthquake.

Our neighbors have faced it alone, and I'm one Canadian who is damned tired of hearing them kicked around.

They will come out of this thing with their flag high. And when they do, they are entitled to thumb their nose at the lands that are gloating over their present troubles.

I hope Canada is not one of these.

The True Spirit Of This Season

To The Editor:

To all Mortals: May we all praise and glorify the Lord this Christmas tide.

May you have the spirit of Christmas which is peace. Only thru the Lords goodness may we have permanent peace.

The gladness of Christmas which is hope. Trust and reliance in almighty God, the only one who can give hope and promise for the future of humanity.

The heart of Christmas which is love. To cherish, to feel a passion or devotion for others and for our great nation.

At this Christmas time may we pray for Gods guidance for peace on earth and goodwill for all men. "May we all thank him for his goodness."

Sincerely,

Philip W. Bell
643 Bloomfield Avenue
Nutley

There is snow on the windowpane

Framing my room

And the trees are heavy

With Frosty bloom

— Anne Lawler

January — named by the Romans for Janus, supposedly the god of the beginning of things — was one of the two months added to the modern calendar. Few today know where the name came from, or care, nor do they know that for centuries most humans fixed the beginning of the year ac-

GIVING AWAY what is billed as "the largest Christmas stocking in the world" is Michael Rose of Michael's Ready-Made, Custom-Made, who raffled off the present. Second from left is the winner, Mrs. William Hogg of 206 Stephens Street, who donated the prize to the Rev. John Fibelcorn of Redeemer Lutheran Church in Newark.

ENTERTAINING at the Belleville Park Senior Citizens' party at The Fountain on Wednesday, Dec. 19 was this quintet from Belleville High School.

THE STATE WE'RE IN

Sending Kids Home from School Won't Ease Our Energy Crisis

By David F. Moore

N.J. Conservation Foundation

This energy uproar has predictably led to some superficial proposals by politicians and others who are more interested in making a suggestion than in putting much thought behind it. Two come to mind immediately.

The first is closing schools so as to save the electricity and fuel needed to keep them functioning during the coldest weather period. Think about this for a minute and then enlighten your local board of education about its ramifications.

LET'S SAY 400 youngsters are confined in a school during an average winter's day. Yes, it takes a given amount of fuel and electricity to keep them warm and illuminated. Now let's send 400 kids home. Close to 400 television sets will get turned on, and many household thermostats will have to be raised. More lights will be turned on, too.

Inasmuch as most of our electricity comes from oil or other fossil fuels, it shouldn't take long to realize that keeping the kids in one place, minus all that television, represents the true energy saving. It wouldn't hurt to reflect a bit also on the priorities involved. Isn't education more important anyway, even in the context of energy hysteria?

And then there's the bright idea of burning solid waste as a heat source for steam generation of electricity. This one is trickier and at first seems backed by a persuasive argument. We bury garbage now, so why not burn it and get some use out of it?

THE ANSWER is that we shouldn't be burying it, we should be recycling it. If we jump to the simplistic idea of burning it, we are committing ourselves to one more wrong direction in our maze of resource and environmental errors. Yes, energy could be obtained by bur-

ning solid waste. But it would be a false energy economy.

Here's why. In general, it takes less energy to recycle something than to manufacture it from virgin materials. This is especially true of paper, which is the most burnable component of solid waste, as it happens. Accordingly, we should recycle paper instead of throwing it away or burning it. That way, we will expend less energy than if we continue to use only paper made from wood pulp. And, I'm sure, more energy would be saved than would be generated in the burning.

MANY KINDS of plastic are in short supply now because of the oil shortage. These also could be recycled. And, needless to say, components of solid waste which won't burn anyway, such as aluminum, steel and glass, are easily recycled, all with energy savings compared to producing them from raw materials.

If anybody wants to do something sensible for the energy situation, be selective in appliance shopping. Did you know that the so-called "frost-free" refrigerators and freezers require almost a third more electricity compared to the old fashioned kind you have to defrost once in a while? That's not only energy wasteful, it also costs you several more bucks per month on the electric bill.

Or water heaters. The quick recovery kind uses almost 50 percent more electricity than the kind we were always able to exist with before somebody found a new gimmick to sell. Self cleaning ovens use a ridiculous amount of electricity. So do clothes dryers. Ditto air conditioners.

LET'S PUT some thought into this energy thing and we will be able to avoid silliness and still do practical things.

OBITUARIES

George Riepe Sr., at 53; Was Belleville Policeman

Funeral services were held Tuesday, Dec. 18 for George Robert Riepe Sr., a 26-year veteran of the Belleville Police

Postage Rates Set For Hike

Postmaster Joseph J. Benucci announced the following new temporary domestic postage rates which will become effective January 5, 1974. First class letter rate is 10 cents and Postal and Postcards 8 cents.

The transient rate for 2nd class mail is 8 cents for the first 2 ounces and 2 cents each additional ounce. Consult your local Post Office for weekly publications and controlled circulation rate increases. Advertising or 3rd class single piece rate is 8 cents for each 2 ounces or fraction with a minimum rate of 10 cents per piece. Consult your Post Office for bulk rate increases. The special bulk rates for qualified non profit organizations remain unchanged, Benucci stated. All 4th class mail rates have been increased with the exception of the Library rate ie: 6 cents for the first pound and 3 cents each additional pound.

Department who died at his home at 23 Montgomery Place after a brief illness December 14.

Born in Belleville, he lived here all his life. After serving overseas in the Army Air Corps, during World War II, Mr. Riepe joined the Belleville Police Department. In 1954 he was commended for his actions in halting an attempted bank robbery.

A member of the local P.B.A., he was an elder of the Montgomery Presbyterian Church, and a member of the

Belleville Lodge F and A&M. He is survived by his wife Audrey Dawson Riepe, his daughters, Patricia, at home, and Mrs. Audrey Rosatelli of Clifton; a son, George Jr. of 21 Montgomery Place; and a brother, Fred of Nutley.

Services from the Wadsworth Funeral Home were held at Montgomery Presbyterian Church with the Rev. Howard B. Day officiating.

Interment was at Glendale Cemetery.

Joseph Corso, 76; Ex-Machine Operator.

Funeral services were held December 22 at Holy Family Church for Joseph Corso, Sr., 900 Franklin Avenue, Newark, who died at home suddenly December 19. A lifelong Newark resident, he was 76.

Mr. Corso worked as a machine operator at the DuPont Company, North Arlington, for 33 years before his retirement in 1951. He was predeceased by his wife the late Mrs. Anna LaGuardia Corso, and two sons, the late Samuel and the late Jerry Corso.

Mr. Corso is survived by two other sons, Anthony of Nutley, and Joseph A. Jr. of Belleville; a sister, Mrs. Susan Tedesco of Irvington, and six grandchildren.

Services were handled by the Johnesee Nutley Home for Funerals, and interment was in Holy Cross Cemetery, North Arlington.

Derwood Loveland; At 30

Funeral mass was held December 24 at Holy Family Church for Derwood H. Loveland Jr., 77 Gless Avenue, who died December 21 at Passaic General Hospital after a brief illness. Head custodian of the Hawkins Street School in Newark, he was 30.

Born in Luzerne, Pa., Mr. Loveland came to Belleville from Newark two years ago. An Army veteran, he was a member of the Irvington Moose Lodge.

Mr. Loveland is survived by his wife, Mrs. Mary Ann Loveland (nee Giordano); his parents, Derwood H. Loveland Sr. of Belleville, and Mrs. Margaret Austra of Larksville, Pa. a son, David, at home; two brothers, Ronald and Allen Austra of Larksville; and five sisters, Mrs. Jean Kilheaney and Mrs. Nancy Price, both of Wilkes Barre, Pa., Elaine Cook of Edwardsville, Pa., and Miss Roberta and Miss Linda Austra of Larksville.

Services were under the direction of the S.W. Brown & Son Funeral Home, and interment was in Holy Cross Cemetery, North Arlington.

Mrs. McMasters, 94; Was Retired Nurse

Funeral services were held December 21 for Mrs. Louise S. McMaster, 242 Washington Avenue, Belleville, who died December 19 at Clara Maass Memorial Hospital after an extended illness. A retired registered nurse, she was 94.

Mrs. McMaster came to Belleville from her birthplace, Ireland, and was predeceased by her husband the late William McMaster. She is survived by two sons, Andrew G. of Skaneateles, N.Y., and J. Howard McMaster of Bloomfield.

Services were officiated by the Rev. Long at the Irvine-

Cozzesilmmorial Home. Interment was in Christ Church Cemetery.

Spotlight Jersey Editors On Public Television

Editors of New Jersey newspapers discuss major issues of the day on "The Editors," Jan. 10 at 8:30 p.m. on Channels 23, 50 52 and 58.

This week's guests are Donald Lippincott, Managing Editor, Trenton Evening Times; James Ahern, Associate Editor, The Record and Msgr. Salvatore Adamo, Executive Editor, The Catholic Star Herald.

Host is Nat Shoehalter.

T. Shaughnessy

Funeral services were held December 17 in St. Peter's Church for Thomas P. Shaughnessy, 120 Rutgers Street, who died December 13 at St. Vincent's Hospital, Montclair. An administrative assistant for the Port of Authority before his retirement in 1971, he was 68.

Born in Worcester, Mass., Mr. Shaughnessy lived in Belleville 32 years.

Predeceased by his wife the late Mrs. Marion A. Howard Shaughnessy, he is survived by his two daughters, Marion A. and Dorothy A. Shaughnessy, both at home; a brother, James of Worcester; four sisters, Mrs. Anna McCormack of Lawrence, Mass., and Mrs. Margaret Willcott, and Misses Mary and Gertrude Shaughnessy, all of Worcester.

(write me at 104 Overlook Ave. or call 751-6861)

Part of this column didn't appear last week, due to space reasons, so I offer it now:

December 15th was the date Rick McGarril turned 17. The son of Fred and Sue, he is a senior at BHS and on the Honor Roll. Rick is treasurer of the SAL (Sons of the American Legion) at Post 105, he also plays the drums for the Sabre Band is a substitute bowler with Post 105 on Friday nights at Olympic Lanes. He has a younger sister, Sue.

Win - free trips on American ships to the Mediterranean, South Africa, Europe, etc. The prizes are being offered as part of a national contest - the 39th Annual Harold Harding Memorial Essay Contest of the Propeller Club of the U.S. The idea is to broaden the education of teenage students in maritime matters of vital importance to our country. This year's theme: "Our American Merchant Marine - To assure our Economic and Energy Needs". Contest closes March 1...for details write: The Propeller Club of the U.S. 17 Battery Place, N.Y. 10004.

During these happy holidays, let us all pause for a moment and reflect on the religious aspects, the true reason for our celebrations. I sincerely wish one and all a Merry Christmas and Happy Hanukah!

On with this week's news....

Employees of Hoffman International on Cortlandt Street held their Christmas party at the Carriage Trade in East Orange. Some from Belleville who were there included Silvia Lister, Terry and Carl Romao, yours truly and Fritz Bohlen.

Understand the Christmas Concert at BHS, conducted by Thomas Finetti, was a

delight! I was really looking forward to this show, as I understood parents could sing the "Hallelujah Chorus" with the youngsters....as luck would have it, the weather was so bad, I decided against walking to the School, kso missed it. Daughter Sue tells me it was "thrilling" when everyone in the audience stood as the group began to sing the "Hallelujah Chorus". Thought for today - if during the bad weather season, any concerts cannot be presented, there's nothing wrong with holding the shows early in the New Year....hmmm...

Speaking of the snow, it really was bad and it must be difficult to keep our town streets cleaned... I know, walking to work for three days, I almost became a casualty trying to get down Little Street.... when you're grumbling about the snow...remember - it ain't an easy job.

It tickles me, when I introduce "personalities" in this paper, only to have them become more well known through my little efforts. Remember Evelyn and Steve Frank? They're the couple that provide entertainment, such as bands, comedians, magicians, etc. Recently, they signed up some new "talent" and now represent "The Imperial 5", "John Gilbert Trio" and also have a new Square Dance band... need entertainment? Call them in the evening at 759-2130.

The Sabre Cadets, sponsored by American Legion Post 105, are making news... six of the gals who play the glockenspiel, played at the West Orange Elks recently...they were: Anne Spera, Patti Nendze, Debbie Moglesky, Dolly Samon, Denise Price and Linda Swinarski. The event was for a crippled children's Christ-

mas party and the youngsters really enjoyed it. At their first stand Still Competition, the Sabres placed second out of eight competing corps. They are now competing in the Liberty Color Guard circuit. If you're interested in precision marching, music, etc., between the age of 10 and 21, the Sabre Cadets have Corps practice at School eight on Tuesday, 6:30 - 8:30; and the competing color guard meet Wednesday at the Jr. High 7-9 and Monday at Fewsmith Church 7 and 9. The Parents Auxiliary of the Sabre Cadets feted the youngsters at a Christmas Party on Dec. 22 at Post 105.

Happy birthday wishes are in order for Margie - the dazzling waitress at the Princeton Bowl...Margie celebrates December 29th.

Much happiness is wished to Jerry Capitti and Mae Talavera, who became engaged on Christmas Day. Jerry is the assistant manager, drum section of Muscara Music. His bride-to-be lives in North Bergen and is employed by Bristol Myers, New York.

Members of Public Service Anchor Club #77 held their Christmas party at P.J. MacDonald's...understand they all had a good time.

Joe and Anna Risoli became grandparents for the third time... thanks to their son, Joseph Jr. and his wife, Celia. The new arrival, Joseph Matthew, weighed in at 3 lbs., 4 oz and joins the other Risoli children, Michael, 11 and Dina, 4. Maternal grandmother is Adele Kovac also of Belleville...congrats to all.

Belleville Jr. High principal, Mario DeMaggio was newly installed as a member of The Kiwanis Club of Belleville...

May the New Year bring each of you happiness, friends, love and...PEACE ON EARTH.

Look how regular savings multiply at the Howard.

$$\begin{array}{r} \$6800 \\ \$10 \times 520 = \$5200 \end{array}$$

Save \$10 a week for 10 years and have over \$6800 because you chalk up more than \$1600 in Howard interest!

The Howard's 5¼ percent interest rate (highest permitted on regular savings) compounds continuously to a big 5.47 percent annual yield, when you leave dividends in. Interest, credited monthly, runs from day of deposit to day of withdrawal if you leave at least \$10 in till the end of the month. You can bank by mail...deposit or withdraw at any of the Howard's 15 bank

offices. And even get a little friendliness with your big earnings. So get Howard powered today.

Here's how the Howard habit pays off high current rates:

	Total 10 years	10 years interest	Total 20 years	20 years interest
\$10/week at 5¼ %	\$6,895.16	\$1,676.16	\$18,643.32	\$8,203.32

West Orange 'Y' Sets Registration for Spring

Zev Hymowitz, executive director of the YM-YWHA of Metropolitan New Jersey, 760 Northfield Ave., West Orange, has announced that spring registration for "Y" members will begin at 9 a.m. on Sunday, Jan. 13, and continue throughout the week. Registration for adult non-members will begin on Thursday, Jan. 17 at 10 a.m. Specific registration hours may be obtained by calling the "Y" at 736-3200.

This year, over 300 courses are being offered in recreational, creative and educational areas for pre-schoolers, grade schoolers, teens, adults and older adults.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Miss Patricia M. La Ferrera Bride Of Gregory S. Canning

Miss Patricia Maria La Ferrera, daughter of Mr. and Mrs. Salvatore La Ferrera of 16 Evergreen Avenue, Nutley and Bricktown became the bride August 18, of Gregory

Salvatore Canning, son of Mrs. Victoria Canning, of Kearny, formerly of Nutley and the late Mr. Frank Canning, Sr. The Rev. Salvatore

Malanga officiated at the ceremony which was held in Holy Family Church, Nutley. The couple received a special papal blessing and a reception followed at the Wayne Manor, Wayne.

Escorted by her father, the bride wore a gown of silk organza and cluny lace fashioned with an empire waist, long bishop sleeves and train. A seed pearl headpiece held her shoulder length veil and she carried a nosegay of white carnations, babies breath and stephanotis.

Miss Linda La Ferrera of Nutley, sister of the bride, was maid of honor with Mrs. Victoria Panos of Harrison, twin sister of the groom, Miss Phyllis Paglia, of Upper Saddle River, cousin of the groom and Miss Adrienne Binik of Livingston as bridesmaids.

Their gowns were of pink dotted swiss with flounced caplet sleeves. They wore matching picture hats and carried baskets of pink and white carnations. The honor attendant was similarly attired in a blue gown and carried a basket of blue and white carnations.

Tipanis Kajornboon of New York was best man. Ushering were Russell La Ferrera of Nutley, brother of the bride, George Paglia, of Upper Saddle River, cousin of the groom, and John Javornik, of Kearny.

Mrs. La Ferrera chose a blue gown with sheer chiffon sleeves and matching accessories. The groom's mother wore a hot pink gown with silver trimmings and accessories.

The couple are graduates of Nutley High School and William Paterson College of New Jersey, Wayne. Mrs. Canning is employed at Colonial Printing Ink Company, East Rutherford. Mr. Canning is a teacher in the Rutherford School System.

Following an extended honeymoon in California, Las Vegas and Mexico, the newlyweds have made their home in Garfield.

Mr. and Mrs. Norman Stollman of Nutley announce the Bar Mitzvah of their son, Marc Douglas, on Saturday, January 5 at Temple B'nai Israel in Nutley at 4:30 p.m. A reception will follow the services.

Every man's business is "big" to him and his family.

Mr. and Mrs. Gregory Canning nee Patricia La Ferrera

Local Youth To Participate In Service

At the Friday evening service of January 4 at 8:30 p.m. in Temple B'nai Israel, Marc Douglas Stollman will participate in the service in honor of his Bar Mitzvah.

Rabbi Hyman Danzig will take as his sermon: "A Sense Of Commitment". The Temple Choir will sing. A kiddush will follow the service.

Scarpa-Greenfeder Nuptials Performed In Holy Family

Miss Debra Greenfeder, daughter of Mrs. Lucille Greenfeder of 18 Perry Street, Belleville and Seymour Greenfeder of Elizabeth was married December 9 to Richard Scarpa, son of Mr. and Mrs. Carmen Scarpa of 69 Brookline Avenue, Nutley.

The Rev. Michael Saltarelli performed the ceremony at Holy Family Church, Nutley. A reception followed at San Carlo, Lyndhurst.

Escorted by her father, the bride wore an Elizabethan gown of embroidered lace organza with high neckline and long bell sleeves. A cap of petals held her full length veil and she carried white roses accented with red roses.

Miss Ellen Smith of Connecticut was maid of honor. Bridesmaids included Miss Margaret Ann Cella of Cranford, Miss Shelly Taglia of Colonia, cousin of the bride, Mrs. Barbara McGeachen of Nutley, sister of the groom and Miss Maria Rodriguez of West New York. Flower girl was the bride's cousin, Theresa Taglia of Newark.

Their Elizabethan gowns were red with high necklines and long full sleeves. The honor attendant had a white bow in her hair while the others had red. All carried white velvet muffs trimmed in red flowers.

Thomas McGeachen of Nutley served as his brother-in-law's best man. Ushering were Michael Greenfeder, brother of the bride and Anthony Nicasios, the groom's cousin, of Nutley, Louis Sausa of Queens, New York and Robert Rose of Springfield, cousin of the bride. Ringbearer was the bride's brother, Joseph Greenfeder.

Mrs. Greenfeder chose an emerald green lame gown while the groom's mother was in pink organza and lace. Corsages were of white orchids.

Mrs. Scarpa, a graduate of Archbishop Walsh High School and Fairleigh Dickinson School of Dental Hygiene, is a dental hygienist.

Brandeis Group Collecting Books In Local Area

Collection for the Brandeis University National Women's Committee book sale next fall, now actively under way, received an unexpected testimonial from convicts at a Texas prison. The Texan recipients of books from past sales have been so enthusiastic that books left over from future sales will be increasingly channeled into prison libraries, with special attention paid to specific requests by prisoners.

The New Books for Old drives now taking place in Essex County will accept all kinds of books, including paperbacks, and donors will receive a tax deductible receipt. A 24 hour answering service is now in effect. Calls for pick-up should be made to 736-4755. Mrs. Robert Underwood of Belleville is in charge of collections in the Belleville-Nutley area.

Contributions will help Brandeis to "re-cycle" knowledge not only for the university, but also schools, hospitals and similar institutions.

The couple are honeymooning in Caracas, Venezuela and Aruba. They will make their home in Bloomfield.

Passaic & Clifton Bank Calls Yearly Dividend

Samuel F. Riskin, chairman of the Board and President of the Bank of Passaic & Clifton, N.A., announced that the Board of Directors of the bank has approved a year-end cash dividend of 25¢ per share plus an extra dividend of 8¢ payable to shareholders of record December 7, 1973.

In addition, the Board approved a 4 percent stock dividend payable on April 30, 1974 to shareholders of record April 5, 1974. This proposal requires the approval of the banking authorities and the shareholders at the annual meeting.

SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

DEMONSTRATION — Staff members of the Clinic demonstrate the use of play in carefully directed activities used in their work. Observed by members of the Auxiliary are Lynn Witkin, Carolyn Strunk and Steven Robles. The demonstration took place at the recent tea hosted by Mrs. Maximilian Perlman.

Fair Proceeds Are Presented By Auxiliary

At a tea given recently by Mrs. Maximilian Perlman of Nutley for the members of the North Essex Child Guidance Clinic Auxiliary, a check was presented to Mrs. Ruth O. Cowell, Executive Director of the Clinic, the check being the proceeds from a fair sponsored by the Auxiliary. The program for the tea was an excellent demonstration of methods used at the Clinic presented by three staff members, Carolyn Strunk, Lynn Witkin, and Steven Robles.

The North Essex Child Guidance Clinic of Belleville, Bloomfield and Nutley is part of the network of mental health facilities which blanket the county and provide a psychiatric service to its emotionally disturbed constituents. The Clinic is housed on the second floor of the former nurses home of the Essex County Geriatrics Hospital, thanks to the generosity and concern of the Essex County Freeholders. It treats children from ages 2 1/2 through 18 and their families.

The pre-school children are served in a five days a week therapeutic nursery school and the school accepts children also from 18 other Essex County communities.

The school-aged children and their parents are served in the out-patient clinic where they are seen for individual, group, or family therapy as appropriate. In the summer the Clinic runs a Therapeutic Day Camp which last summer provided a happy and therapeutic eight weeks for 36 disturbed children who would

Light Prolongs Xmas Plants

The Beautiful flowering plants used for gifts and home decorations during the Christmas season will be a year-round joy if you give them reasonable care. Most of these plants can remain attractive long after the holidays, says William F. Munk, senior county agricultural agent of Essex County.

All green plants require light. Placing flowering plants in a dark corner will cause their leaves to turn yellow rapidly or drop off. Keep these plants where the light is helpful, but the intensity of artificial light found in most areas is low. Flowering plants are grown in bright greenhouses, and they last longest if you keep them in a bright location, Mr. Munk continues.

Home temperatures are satisfactory for most Christmas plants. One exception is the cyclamen, which does best

WELCOME CHECK — Mrs. Louis Moritz of Bloomfield presents a check representing the proceeds of a fair held by the North Essex Child Guidance Clinic Auxiliary to Mrs. Ruth O. Cowell, Executive Director of the Clinic.

not have been able to adjust to a normal camp program. It also provided employment for eight young men and women who served as camp staff members.

Additionally, the Clinic's responsibility for developing professionals in the field of psychiatric social work and psychology, music and speech

therapy is discharged by being a training center for graduate students from Columbia University School of Social Work and undergraduate interns in all of the forementioned professions from Montclair, Newark, and Paterson State Colleges and Seton Hall and Fairleigh Dickinson Universities.

GIFTS LIGHT TREE — Sister Marie de Pazzi (center), administrator of St. James Hospital, Newark helps Mrs. Carl Maffeo (left) of Newark, president of the Ladies Auxiliary of St. James Hospital and Mrs. Carmen Ferigno of Newark, chairman of the Auxiliary's Christmas tree program, place a card on the tree denoting the first contribution made by friends of and visitors to the hospital. All proceeds go to St. James.

at temperatures below 65 degrees temperatures of 50 to 55 are satisfactory for cyclamen, and a cool, bright sun porch is ideal for them.

Probably more plants are lost due to overwatering or

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Alcoholism and Jobs

A problem that has long needed more attention, understanding, and efforts to alleviate it is that of alcoholism and jobs — a problem found in every community in the Nation to a greater or lesser extent.

Alcoholism, or problem drinking, is estimated to affect some 5 percent of our adult population. Yet the afflicted are far from being just the "skid row" types, the "bums" traditionally pictured as alcoholics. Actually, those types number only 3 to 5 percent of the alcoholic population.

The striking fact is that more than two-thirds of all those in the United States suffering from alcoholism or having problems centered in their use of alcohol are workers or members of their households.

Thus, it is certainly to the interest of those concerned with the well-being and productivity of our working population to take action against alcoholism.

Yet, in the working world as in many communities, alcoholism has been treated as moral depravity of the sufferer, rather than the treatable disease which it is.

Today, however, the picture is changing rapidly. Above all, we have a national commitment to a coordinated attack on all problems related to the use of alcohol.

That is what the National Institute of on Alcohol Abuse and Alcoholism is all about. The Institute is a component of the National Mental Health of the U.S. Department of Health, Education and Welfare.

Within the NIAAA an Occupational Programs Branch has been formed. It is concerned specifically with alcohol abuse and alcoholism as they affect employed people, whether they work for business or industry; or local, county, State, or Federal government agencies; or are self-employed.

Through this Branch and the NIAAA, an interesting and informative new booklet has been issued, titled Occupational Alcoholism: Some Problems and Some Solutions.

If you would like a free copy, write (a post card will do) for it by title to the National Institute on Alcohol Abuse and Alcoholism, 5600 Fishers Lane, Rockville, Maryland 20852.

Juniors Invite More Women To Join Them

Start the New Year right! Join the Junior Woman's Club of Belleville. The month of January will be open House Month at the Club. Women residing in Belleville who are between the ages of 18 and 35 and are interested in participating in civic and philanthropic activities are invited to attend meetings on January 14 and January 21 at the Woman's Club, 51 Rossmore Place, Belleville, at 8:00 p.m.

The Junior Woman's Club of Belleville strives to help improve and serve the community by helping at the Children's Shelter and the Essex County Geriatric Center. Halloween and Christmas parties were held at the Children's Shelter and workshops were held to make miniature madonnas to be used as tray favors for the patients at the Geriatric Center along with caroling there. The Club also sponsors a Christmas Carnival and a Dinner-Fashion Show.

All is not work alone for members because there are many fun activities within the Club itself such as a picnic, Pot Luck Supper, Halloween Party, Candlelight Bowling, Square Dancing and many other events.

Being a member of the Junior Woman's Club of Belleville is most rewarding, for one not only helps others while broadening her own horizons; but also has the opportunity to meet and work with other women who share similar goals and interests. Feel free to bring a friend along and for further information please contact Miss Jeanne Benedetto at 759-2191.

Tri-Towners Hold Party Xmas Dinner

Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley, N.J. Inc. held its annual Christmas party and dinner at the Park Methodist Church, Broad St., Bloomfield on December 13.

Those present were treated to a delightful evening of entertainment by the original Kitchenaires from the Bloomfield Senior Citizens Group. It was a nostalgic evening of old songs, dances and specialty numbers by the members of the group as well as audience participation. The program ended with everyone being presented with a gift by Santa.

DECORATING QUARTET — Decorating the Christmas tree in the Special Nursery of the North Essex Child Guidance Clinic are Joanne Carroll of Wayne, Mrs. Susan Boyd of Bloomfield, Sylvia Jackson of East Orange and Mrs. Elizabeth Callahan of Glen Ridge.

Nursery At Child Guidance Clinic Now Offering Help To Extra Towns

With an enlarged attendance, the Special Nursery of the North Essex Child Guidance Clinic seeks to offer still further service to families to the northeastern section of the state. An increase in state funds allows the Special Nursery to render help to children and their parents in other towns besides Belleville, Bloomfield, Newark and Nutley, the ones from which its children are now drawn, according to Mrs. Elizabeth Callahan of Glen Ridge, Director/Master Teacher. The Nursery is located in the Clinic quarters on the grounds of the Essex County Geriatrics Center on Franklin Avenue, Belleville.

The Special Nursery accepts children between the

ages of 2 1/2 and 6 years who display problems in their social, emotional and intellectual development. Older children from five to six attend the morning session from 9:00 a.m. to 11:30 a.m. and the younger children in the afternoon, three days a week, from 12:30 p.m. to 2:30 p.m.

The program for each group includes group activity, free play and outdoor play, individual tutoring, story-time, music, arts and crafts and snack time. Individual therapy sessions are arranged with psychotherapists where this need is indicated.

Besides Mrs. Callahan, the staff for the Special Nursery includes Dr. Gisela Ucko and Mrs. Ruth Cowell, Medical

Director and Executive Director, respectively; Mrs. Cynthia Cohen, Psychiatric Social Worker, Mrs. Susan Boyd and Miss Sylvia Jackson, Teacher/Therapists and Mrs. Eleanor Nagy, Testing Psychologist. Miss Joanne Carroll, Student Teacher from Goddard College in Vermont, also works with the staff.

For further information about the Special Nursery, inquiries may be made to Mrs. Cowell at the Clinic (744-6130).

Citizens who perform public service, without compensation, are entitled to the respect of their fellow citizens.

A guide To Taxpayer Action

1974 Version Of Municipal, School Board Budgets Loom Ahead

The New Jersey Taxpayers Association has released its annual "Local Budget Timetable", a compilation of significant statutory dates which guide the budget process of local governmental units — municipalities, counties and school districts.

The timetable lists principal steps in budget procedures from initial introduction and approval in early January to final adoption in February or March. Budgets determine the 1974 local property tax bills which follow in mid-year.

School budgets are usually first on the scene because of the early introduction deadline, either the 2nd or 8th of January, for all but about 42 Type I districts — districts in which there is an appointed board of education and no public referendum on the budget.

In Type II school districts, consisting of one municipality or several municipalities consolidated or regionalized, the school board is elected and the property tax levy to finance the budget is submitted to voters. The budgets in approximately 540 district are the only governmental budgets on which taxpayers have an opportunity for direct participation, notes NJTA. However, the Association

urges that the February vote be based on information and evaluation of the schools' needs, purposes and accomplishments, and not be a general protest against increased governmental spending or taxation.

If voters reject the proposed school tax levy, budget review moves to the elected municipal governing body, or bodies in districts composed of more than one

municipality. If those officials cannot agree on a tax levy, the decision goes to the State Commissioner of Education. If the school board feels that a levy determined by the municipal officials is in-

adequate, the board may appeal to the Commissioner. The municipal governing body in Type I, generally city, school districts must approve the school tax levy determined by the board of school es-

timate when the levy exceeds 1/5% of the assessed valuation of taxable property in the municipality.

Counties have a shorter timetable than municipalities.

Deadline for adoption of county budgets is February 25 while for municipalities it is March 20. Every local budget must be subject to public hearing after required advertisement of the notice and

budget in a newspaper serving the municipality. Greater budget detail than that advertised is available for examination by interested citizens who want it for study and analysis.

'Pinch' Spurs PTA

Concerned that the public schools may be the "sitting ducks" in the priority struggle for scarce fuels, the National PTA notified its multi-million membership this week of the need to exert every effort to ensure that adequate attention is given to school needs.

"The PTA will, of course, encourage parents, teachers, administrators, and boards of education to cooperate in the need to conserve energy," said Grace Baisinger, coordinator of legislative activity for the PTA. "However, we would hope that we can meet this need without drastically changing the educational program and school calendars."

This action came on the heels of legislative proposals which would give President Richard M. Nixon wide-ranging power to bring about energy conservation by curtailing hours of work, closing schools, reducing highway speed limits, prohibiting outdoor advertising, and imposing rationing on scarce fuels.

The President has signed legislation to broaden the fuel allocation plan to include crude oil, gasoline, and heavy fuel oil. Anticipating the possibility that the schools may suffer in the priority struggle for scarce fuels, the National PTA coordinator expressed the organization's concern to President Nixon, former energy czar John A. Love, Senator Henry M. Jackson, chairman, Senate Committee on Interior and Insular Affairs, and Congressman Harley Staggers, chairman of the House Interstate Foreign Commerce Committee.

Mrs. Baisinger pointed out that plans now being considered by some local school districts call for closing schools for a month or two, and eliminating after-school athletics, adult education, and community programs. "We simply cannot let this happen," she said.

Expressing other concerns related to the energy crisis, Mrs. Baisinger said the PTA is apprehensive about the welfare of children of working mothers if schools are closed and children are on "vacation" during the winter.

Post Office Shut Down

There will be normal mail service on Dec. 31, reports Postmaster Joseph Benucci, however all postal operations will shut down on New Year's Day.

Normal mail collections from residential boxes will be in effect on December 31, Benucci added, but financial and window services will be available only until 1 p.m.

Newark's mid-town financial station at 9 Clinton Street will be open from 9 a.m. to 1 p.m. and the main Post Office Building windows will be open from 9 a.m. to 5 p.m.

Tourney On Saturday

Wayne Valley 'Shocks' Grapplers

by Ken Moore

Belleville High wrestlers and their fans suffered a shock last Thursday when a Wayne Valley squad described by Bellboy coach Jim Silvestri as "average" invaded and then left with a 27-26 victory.

Declaring that his grapplers "just weren't ready to wrestle," Silvestri vowed they would "bounce back" in time to put in a good showing Saturday night at the Bloomfield Invitational Tournament scheduled for 8 p.m. at Bloomfield High School.

Silvestri realizes the tournament will provide a good barometer of Blue-Gold quality since the competition includes some of the toughest in the area, including the much-respected Seton Hall club. Other teams entered, besides Belleville and Bloomfield, are West Essex, Irvington, West Orange, Glen Ridge and Kearny.

"Greenness and lack of experience proved to be our undoing," Silvestri stated after the loss to Wayne Valley. He also indicated the few seasoned veterans on the Blue-Gold squad had wrestled far below expectations. "The few on the team who wrestled well were Vinnie Mustacchio, Bob Cozzarelli, Chuck Rilli and Bill Mazza." Mustacchio is a sophomore while the other three named are seniors up from the jayvee squad except Mazza, who had seen varsity action in the tail end of last season.

"Wayne Valley won it in the last five matches," said Silvestri. "They had four pins while we only had one, and

that's what made the difference."

Mustacchio (101) had started the match off with a convincing 17-7 win to open with a 4-0 Belleville lead. Wayne Valley's Joe Kaster then pinned Bob Smith (108) to pull the Valley ahead, 4-6.

Cozzarelli (115) handily dispatched his foe, 10-0, to take back the edge for the Bellboys, 8-6. Junior Anthony Villano (122) bested his foe (9-1) to open the gap to 11-6.

Robert Villano (129) who had previously won the right to compete after defeating teammate Don Liloia in a wrestle-off, was beaten by his

Schedule Changes

Belleville High School Athletic Director Herman Wische this week announced the wrestling match against West Essex will be held on Wednesday, Jan. 2 instead of January 3. The jayvee match will be held at 7:30 p.m. and will be followed by the varsity contest. The match will be held at Belleville High School.

The match against West Orange will be held on Tuesday, Feb. 19.

Wayne Valley counterpart, 1-7, to let the Valley advance within three points of the Bellboys, 11-9.

Chuck Rilli (135) fought to a 12-10 win to give the Blue-Gold three more points for a 14-9 lead, then Bill Mazza (141) came through with Belleville's only pin of the day over Rocco Luisi of Wayne Valley to make the score 20-9

for Belleville. Co-captain Ralph Fabiano won his 148-pound match, 6-1, to set the score at 23-9 before the Bellboys' fortunes plummeted.

First Michael DeJoseph, competing in the 157-pound class in place of Joe Vazquez, who didn't make weight, was pinned by Steve Sitala to make the score 23-15. Then co-captain Craig Davis (170) was pinned by John Reinhardt as the Blue-Gold lead slipped to 23-21. Co-captain Jim La Conti (188) won his match 3-1 to set the score at 26-21, but sophomore heavyweight Ken Milapo was pinned by Dave Hacker to make the final score Wayne Valley — 27, Belleville — 26.

"I think this loss is going to wake the team up," said Silvestri. "They know they shouldn't have lost. They're going to bounce back, I hope in time for the tournament. They've got a lot of pride. I'm not predicting any wins, but I know these Belleville boys. They'll come back."

Silvestri's prescription in the days preceding the tournament is intensive basic drills.

The Bellboy jayvees, headed by Jim Donovan, fared much better than their varsity colleagues, posting a 37-12 win over Wayne Valley. Roger Luzzi (141) managed the only Blue-Gold pin in the match, while other winners were Carl Arlt (101), Anthony Malanga (108), Joe Rilli (129), Chris Tremmel (148), John Vogel (170), Jim Mauncele (188) Ken Drake (158), and John McManus (heavyweight), the last two by forfeit.

UPPER HAND — That's what sophomore Vinnie Mustacchio seems to have here over his Wayne Valley foe as he's on his way to his first win of his varsity career.

Nutley Is Next

Free Throws Became the Difference As Bloomfield Bengals Best Bellboys

by Bob Cohen

The talented Bengals made the big ones Friday when they had to and then outscored the Bellboys by five points at the foul line to edge past Belleville 54-51, in a game played at Bloomfield.

The Bellboys, hoping to regain their winning ways, were scheduled to play Wayne Valley on Wednesday in a night game beginning at 9 p.m. at the high school. Tomorrow the Belleville squad will play their much improved rival, Nutley away beginning at 3:45 p.m. Then on Wednesday Jan. 2, the cagers will tangle with Orange with game time at 3:45 p.m.

The Bengals were led by T.K. Tripuka's 13 points in which he helped the Bloomfield fourth period rally by connecting twice on a one and one situation. Tripuka was not without helpers though as Jeff Lichter also added four points in those final exciting minutes. Rennard Austin and Bob Morton also played key roles by playing tenacious defense in the final seconds, limiting the Bellboys to one shot on basket, and grabbing their own offensive boards.

The Bellboys were not without heroes. For the third consecutive game, Abdel Anderson has led all scorers in a game. He grabbed 15 rebounds on his way to scoring 22 points while Anthony Cotugno contributed 13. Gary Tufo added 8 points and Bob DiQuattro tossed in four.

The loss puts the Bellboy record at 2-1 and 1-1 on the Big Ten. Bloomfield is 2-1.

The first quarter action proved to contain as much action and drama as did the closing minutes of the final period. The Bengals controlled the opening tipoff and

Keglers Cop Opening Win

The Belleville High School bowling team started their season rolling last week by taking two games from Seton Hall.

Coach Mike Salzarullo's bowlers defeated Seton Hall by a margin of two games to one in Essex County High School Bowling League competition.

Bowling for Belleville against Seton Hall were sophomore Dave Boxer, the high man with 554 total pins, senior Fred McGarrill (545), senior Howie Evans (500), sophomore Wayne De Feo (478) and senior Frank Salerno (465).

In the final game, the Bellboys rolled to a 917 team game, led by Dave Boxer with 204 and captain Howie Evans with 194.

READY TO WRESTLE — Bob Cozzarelli (left) closes in on his Wayne Valley foe in the 115-pound competition.

Fem Cagers Shaded In Closing Seconds

The Belleville High girls' basketball team met Caldwell High School and suffered their first defeat, 39-37, last Friday.

The opening jump ball was controlled by Belleville and Joyce Buckland put the ball through the hoop for the first score of the game. Another jump ball resulted and this time senior Susan Paul hit for two points. Caldwell interrupted the Bellgirl string of baskets with three consecutive goals and then a jump ball was hit by Joyce Buckland to tie the score.

After a minute of no scoring by either team, Joyce Buckland stole the ball, passed to Donna Stone, who drove downcourt and after a short pass to co-captain Donna Stone, the tie was broken. However, this didn't last long, as Caldwell came right back and tied up the score. At the end of the first quarter, the score was 13-13.

The second quarter was dominated by the Bellgirls. They outscored the Blue and White nine points to six. Donna Foley scored the first basket in this quarter when she shot a 15-footer from the outside. On the next play, Donna intercepted a Caldwell pass and drove the full length of the court for another field goal. The Bellgirls again regained possession and Buckland was fouled in the act of shooting. After making one of two free throws, Joyce stole the ball again and drove down for another score. Caldwell then reciprocated and the score showed the Bellgirls leading, 22-19.

The third quarter moved slowly and the

Bellgirls outscored Caldwell. Joyce Buckland got the jump ball and passed to Susan Paul, who was fouled in the act of shooting. Miss Paul put in one shot, and then scored two goals with assists by Gloria Barbone. The Caldwell team then scored two goals to end the third quarter with Belleville ahead 27-23.

The fourth quarter proved to be the Bellgirls' downfall as Caldwell came from behind to tie up the score. Then the battle for the lead began. McHugh from Caldwell hit for a basket. Susan Paul tied the score by converting both ends of a one on one situation. Caldwell then scored two more field goals. But the Bellgirls were not to be denied. Joyce Buckland and Carol Jackson scored for Belleville and tied the score.

Then with three seconds remaining in the game, Caldwell's Mary McHugh, who led all scores with 19 points, cut the key and hit for a short jump shot to ice the game for Caldwell. Belleville went down to defeat, 39-37. Co-captains Joyce Buckland and Donna Foley led the Bellgirls with 13 and 10 points respectively.

Commenting on the loss, coach Karen Fucello felt that the offensive and defensive breakdowns were a matter of adjustment which will be corrected. "Not practicing in our own gymnasium the day before our game hurt us," she stated.

The team was scheduled to travel to Kearny to meet Westfield in the Christmas Tournament last night, but the Times went to press too early to report the results of the game.

LOOSE BALL — Susan Paul (left) and Joyce Buckland (right) converge on ball which has eluded the grasp of a Caldwell player. The Bellgirls were edged from victory in the final three seconds. (Photo by Perry Notte).

the ball was flipped to Bob Morton who hit for two. Following a Belleville miss, the ball went back to Rennard Austin who pumped in two more. The Bellboys needed a basket so they went to their big gun Anderson who put the Bellboys on the board.

Following foul shots by Austin and Tripuka, Bob DeQuattro popped two for Belleville. Bob, who doesn't score a lot in a ball game, always draws the toughest defensive assignment. In the first half, while covering three different players, Bob managed to limit their output to just 10 points. Giving up height, DiQuattro makes up for it by playing tough defense.

Baskets by Tripuka and Morton made the score 10-4. Anderson then went to the line to shoot two. He made the first, missed the second.

He managed to score two more times and Bob DiQuattro once as they did all the scoring for Belleville. Austin and Bucky Braunskill each converted one and ones to make the first quarter 14-11 Bloomfield.

In the second quarter, it was evident that fouls were going to play an important part in the game. Harry Baumgartner, Bob DiQuattro, Gary Tufo and Abdel Anderson all had drawn their second personals at some time in the period. To protect his players from foul trouble, Coach Grasso usually goes to his bench. Before exiting, Gary Tufo came through, scoring 6 important points, including 4-6 shooting from the foul line. Tufo also had a fine evening under the boards. He did not draw a lot of rebounds but was boxing out, enabling the others to get the

ball. Joe Dunn came off the bench to make a one and one and Anderson hit two baskets plus 1-1 from the foul line. For Bloomfield, the scoring was evenly distributed with Austin, Tripuka and Morton each scoring four points. Guard Joe Donahue added two more. At the end of the half, the score read 28 Bloomfield, 24 Belleville. The Bengals had outscored the Bellboys 14-13 on the second quarter.

The suspense was really building in the second half. Anderson opened up the scoring in the quarter from underneath. Then it was Bengal Ken Murray who entered the picture. Murray, held scoreless in the first half, hit for six points in the period and it was he alone that kept Bloomfield in the game at this time. Tripuka and Jeff Lichter only managed two

baskets together. Rennard Austin usually infallible from the foul line, could not convert a three point opportunity. Still they managed an eight-point budge in the quarter.

For Belleville, Anthony Cotugno held silent in the first half, began to find the range. Slowly the Bellboys fought back. Anderson hit and Cotugno converted a three points play. Then Baumgartner drove through the air, connected and the crowd went wild.

But a definite trend was developing and it meant the difference in the ball game. Belleville had committed 11 fouls in the first half as opposed to Bloomfield's 10. In the 2nd half, Belleville was whistled for 13 infractions as opposed to three for Bloomfield. Foul trouble plagued the

(Continued on Page 12)

Trade On Anderson Rebounds In Successful Big 10 Opener

The Belleville High School varsity basketball team opened up their Big Ten season in fine form as they defeated the Kearny Cardinals by the score of 48-40 in a game played last Tuesday at Belleville.

The Bellboy victory saw their record jump to a 2-0 this season, their quickest start in quite awhile. Kearny meanwhile dropped to 0-2.

Belleville opened to game by controlling the opening tipoff. The ball was then worked to forward Anthony Cotugno who connected on a jumper to make the score 2-0 Belleville. Kearny quickly brought the ball up court where Jim San Filippo tied the game. Quickly the cagers came back to regain the lead as Abdel Anderson broke the 2-1-2 Kearny zone by scoring underneath.

Anderson and Cotugno did all the scoring in the first period. Cotugno added another jumper and Anderson added two more baskets plus a free throw on a technical foul. The technique was called when Dan Dignore of Kearny entered the game. Since he was not listed along with the rest of the squad in the official scorebook, the referees notified the teams that an infraction was committed. Abdel went to the line, and made the score 11-9 in favor of the Bellboys. Bob Reto,

Bill Mullins added two apiece and Mark halicki scored threeto mark for the Kardinals' 9 points.

The opening of the second quarter marked the beginning of sloppy play by the Bellboys. The cagers only made two baskets while the Kardinals scored with four baskets. Kearny hit 5 free throws with Belleville making 4 of 7 from the line.

Forward Bob Reto led the attack as he hit the second part of a two shot foul. A turnover saw Rick Fash come up court and connect to see the Kardinals go ahead 13-11. Charlie Russell hit for two more and the score was 15-11. Needing a bucket the Bellboys went to their big gun, Anderson, who went up, scored, and was fouled on the play. He made the score 15-14. Yet sloppy play still hurt as Russell hit another jumper and Fash connected on both ends of a one and one. Gary Tufo went on to score to hit 19-16. Reto hit a foul to see the Kardinals lead 20-16. Followed were two points by Cotugno and one by Anderson yet two free throws by Reto saw the quarter end 22-19 in favor of Kearny.

Although the Bellboys were the victims of sloppy play, they were able to stay close to the lead because of Kearny's own miscues. The Kardinals missed many open shots and

thres the ball away a few times. To the credit of the Bellboys they did manage to play good defense and managed to control the defensive boards. They were led in that category by the 6-6 Anderson, who picked up 20 rebounds for the afternoon.

Slowly the Bellboys fought back and by the end of the third quarter drew to within one point of the lead. For The opening moments baskets

were exchanged with Reto, Rash, Mullins, and SanFilippo scoring for Kearny. Then Bob DeQuattrohit, Harry Baumgartner drove and scored, Anderson added three buckets and the score was Kearny 30 - Belleville 29. Kearny slowly brought the ball up court, passed to Russell who missed, with the rebound grabbed by Anderson. With Belleville working

(Continued on Page 12)

Girl Basketballers Started Out Right

The girl's varsity basketball team of BHS, under the direction of coach Karen Fucello, opened their season on Tuesday, Dec. 18 with a convincing 55-33 point victory over neighboring Kearny.

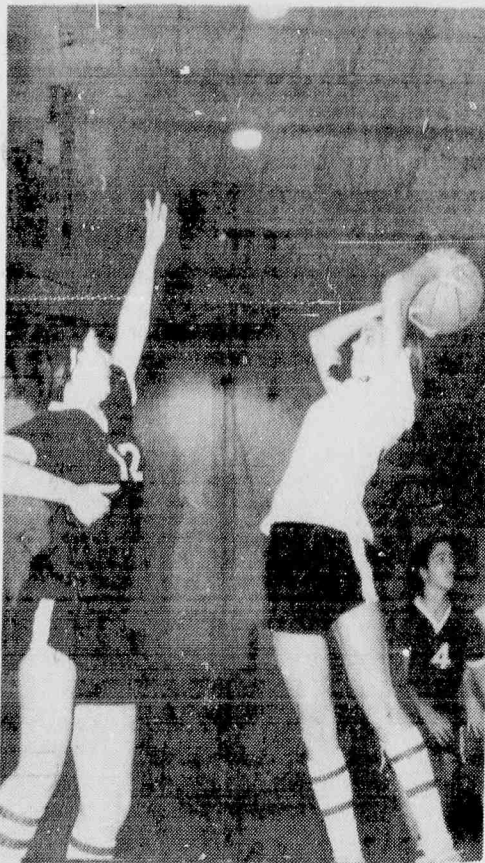

The girls displayed their abilities from the outset with a driving offense and an aggressive defense. Susan Paul, senior forward, scored the first goal of the game from the corner. Kearny then bounced back to tie the score at 2-2.

Baskets continued to be exchanged for several minutes, until Joyce Buckland, senior forward and co-captain, drove down court for a driving lay-up and a score. From this point on, it was the Bellgirls' ball game. The girls from BHS dominated the first quarter leading Kearny by a score of 12-6.

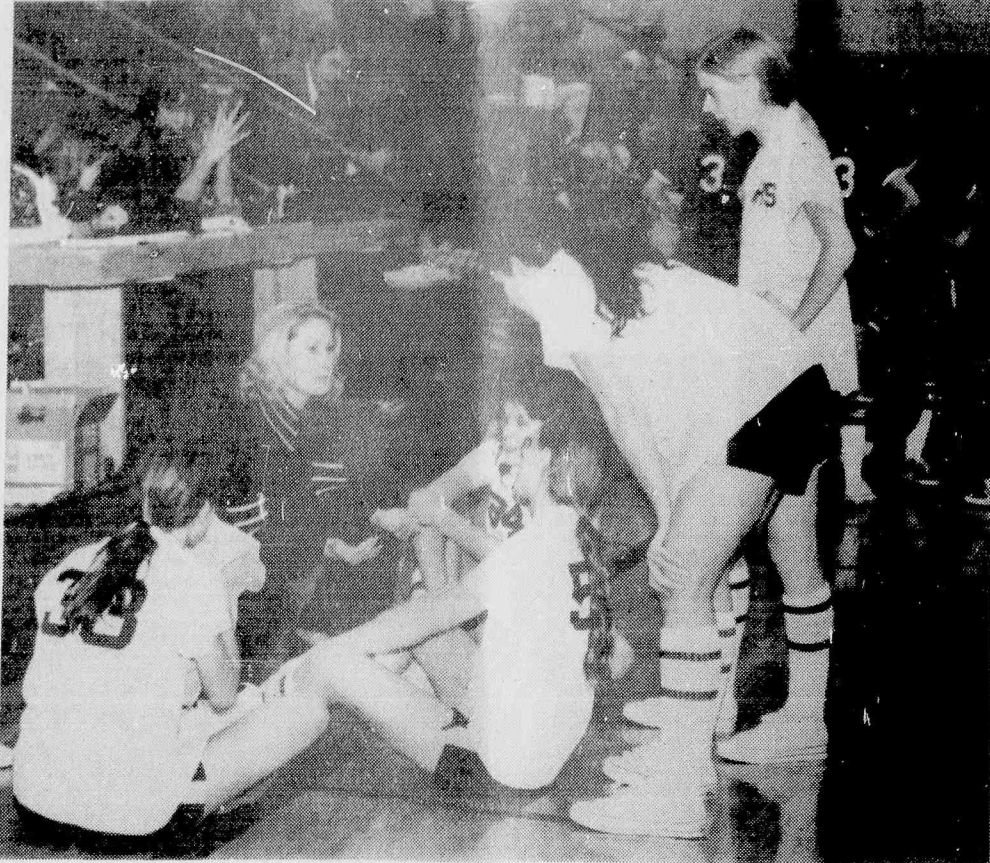

The second quarter began with the girls of the Blue and Gold adding a steady stream of points. Junior center Carol Jackson hit for a short shot from under the boards, followed by a jump shot by Joyce Buckland. Donna Foley, senior guard and co-captain, who finished with a game high of nine assists, led Jackson in for another Belleville score. At the end of the half, Belleville held a nine-point lead, 25-16.

The Bellgirls best quarter was the third. Employing a

BEATING out a Caldwell defender shot for a two-point tally.

Pushing Football

The football committee of Essex Catholic High School Fathers' Association has launched its annual drive to "Keep Football Alive at Essex."

Chairman Sal Prezioso is making a special plea to all alumni and friends of Essex to kindly send in a tax deductible contribution; made payable to Essex Catholic Football

Committee and mail to 300 Broadway, Newark, N.J. 07104.

Another source of contributions has been the business community of the Greater Newark area. Their continued support is anticipated.

Ads will be printed in a program book which is sold at all home games.

Bellgirls Opened Winning

(Continued from Page 11)

tenacious half-court press, they forced the Cardinals into creating turnovers and advantageously scored on these Kearny mistakes. They outscored Kearny 16 points to 6 points using these tactics. Eight of these sixteen points were scored by Joyce Buckland, with assists by Sue Paul and Donna Stone. By the end of the third quarter, the Bellgirls had widened their lead to nineteen points, 41-22.

Even though the Bellgirls held such a wide lead over their opponents, they never let up on their defense or offensive punch. Donna Stone scored five successive baskets in the fourth quarter, before Kearny was able to score. This gave the Bellgirls a 27-point spread over Kearny, and as the substitutes came in, the Bellgirls eventually went on to win by their 22 point margin. The leading scorers were Joyce Buckland, Donna Stone, and Carol Jackson with 16, 11, and 10 points respectively.

HARRASSED by two Caldwell players, Susan Paul seeks a receiver to take the ball.

CO-CAPTAIN Joyce Buckland tries a jumper over a Caldwell defender. She scored 13 points in the game.

Bengals Outpoint Bellboy cagers

(Continued from Page 11)

Bellboys in the final quarter, and it was the difference. Austin was called three personals in the first half and none in the second. Cotugno with one personal in two quarters picked up 4 in the second half. Yet the Bellboys managed a 13-12 quarter advantage as Cotugno's jumper rolled in at the buzzer.

Now the stage was set for

the climactic fourth period. Jeff Lichter scored two as did Joe Murray. Anderson drove and was fouled. He completed the three point play and the score was 44-40. A whistle blew and Bob De Quattro with five personals left the game. Cotugno added two baskets yet clutch foul shooting by Tripucka helped maintain the Bengal lead.

With the score at 51-47, Anderson scored underneath to make it 51-49. With a minute left to play the Bengals were trying to hold the ball.

Edge Out Kearny In Big 10 Rebut

(Continued from Page 11)

the ball up court, passed to Russell who missed, with the rebound grabbed by Anderson. With Belleville working the ball up court the shot was taken by Bob DeQuattro. The shot was off, but was tipped in by senior Bob Sanders. San Filippo added a jumper to give Kearny a third quarter lead of 32-31.

The fourth quarter was the

game breaker as the 17-8 advantage taken by the Bellboys was the margin of Victory. With 12 seconds gone in the final period, it was Satch Sanders who hit the big bucket. He connected with a jumper to make it 33-32 and the Bellboys never looked back. Anderson was needed for scoring and he responded with 11 crucial points. With the score 37-36 in favor of the Bellboys, Cotugno went to the line to shoot one and one. With crowd quiet, Cotugno coolly put the two shots in which made the score 39-36. A perturbed Kardinaam, distraught by their mistakes, tossed the ball away to which the Bellboys answered by scoring. Besides the scoring by Anderson and Sanders, Cotugno added four points in the big fourth quarter.

Private initiative seems to function best when liberally supported by public funds.

BECK'S COLUMN

BY MAX BECK

Most of our customers know that almost all our business is done within about 10 minutes ride from the store. Once in a while a "stranger" comes in, who lives a greater distance away from us. Almost inevitably he has heard about our service facilities and we have to disappoint him.

Service, of course, is the main reason why we restrict ourselves to this limit; service for the good of our customers. Our service is the backbone of our business. If we extend ourselves over too great a distance, our technicians have to spend too much time traveling instead of fixing the sets in our customers home. As a result we would have to raise our service call charge, which we try to keep as low as possible. Since we handle mainly Magnavox sets, our technicians are thoroughly familiar with this brand. Our trucks carry a supply of replacement parts for Magnavox merchandise. It would be impossible to carry parts for several different brands. All in all we are geared to render fast efficient service at the lowest possible rates.

We service what we sell. Beck's Radio TV Hi Fi Nutley 667-4225

Save your energy for the city. You have a big day ahead so don't let horns, traffic jams, and parking tickets ruin it before you start. One of De Camp's luxurious new Vista-Cruisers is the relaxing way to travel. Air conditioned comfort going and coming. We promise you a pleasanter trip, and a nicer day in town. De Camp is ready to go whenever you are.

Recreation, Park Assoc. Has Energy Crisis Role

The New Jersey Recreation and Park Association this week released a major statement related to the role of public tax supported municipal and county units of government during the present crisis over energy shortages.

In releasing the statement, Robert Kniss, Director of Recreation Cranford, President of the Association, emphasized "concern by the Association's 800 members at being singled out as a potential non-essential energy consumer when in fact, municipal and county park and recreational services will be in more demand than ever before should people become less mobile during their leisure hours as a result of gasoline shortages." The need for recreational pursuits does and will continue to persist regardless of energy problems. Recreation is the art of living and throughout

man's development his nature has seemed to demand some degree of pleasant escapism from the mechanics of everyday life.

With less gasoline available for the automobile and jet airplane many families will either curtail or eliminate major cross-country travel, placing increased emphasis upon neighborhood and regional facilities. Should there be an economic slow down with an adverse effect upon employment, thousands of people may work less hours per week or even be unemployed for varying periods of time and find themselves with excessively more leisure hours at hand whether desired or not.

The Association cautions that proposals to cut back the operational hours of community facilities would not be in the best interest of the social well being of people. "Recreational activity takes on many forms; it may

be a park playground for inner-city youth; it is a community and family center for sports and social programs; it is a publicly or privately sponsored program for the elderly or handicapped; a teenage canteen; a library; a neighborhood school which opens its doors evenings and weekends. It is often the only program or facility capable of providing meaningful activity for many citizens with more discretionary time on their hands than perhaps ever before", the statement continued. Kniss asks the question "Where will these people go and what will they do with their idle time?"

Kniss further stated that all park and recreation agencies have recently taken measures to conserve energy wherever possible and will certainly continue to do so when requested, but most are making no plans at this time to abandon basic time tested service programs for people.

Playboy Club-Hotel Sets Bill

Two superstars, George Kirby and Phyllis Diller, are on the New Year's Eve program at the Playboy Club-Hotel at Great George.

The well-known entertainers will be featured in separate complete shows in the Duke of York ballroom for New Year's Eve diners, and in the Penthouse for hotel guests.

Both performers won rave reviews in previous Playboy stints, and both are familiar to television audiences.

Miss Diller also has many movies to her credit, and has played most of the nightclubs in the country.

Recent plastic-surgery transformed her image to "almost glamorous," but still

does the same zany material that catapulted her to stardom.

Identifying with the average housewife, she fires brilliant one-liners, and punctuates her shows with piano playing and singing.

"Women of the Year" for the National Business and Professional Women's Club of St. Louis and Honorary Mayor of Brentwood, Cal., Miss Diller did not begin her show business career until she was 37 and the mother of five children.

She even hit Broadway stardom in "Hello Dolly," and movie stardom with Bob Hope in a series of comedies. The Jack Paar show began her rocket-like climb to

success, and she has appeared on all of the top variety and talk shows, as has Kirby.

Kirby has earned solid TV status with his own show. He combines his fine singing voice, comic sketches and impressions with a warmth and audience rapport second to none.

He has made a couple of film appearances too, but he is best noted for television and nightclub work.

Preceding the New Year's Eve shows in the Penthouse will be singer Edie Adams on Friday-Saturday-Sunday, Dec. 28-30.

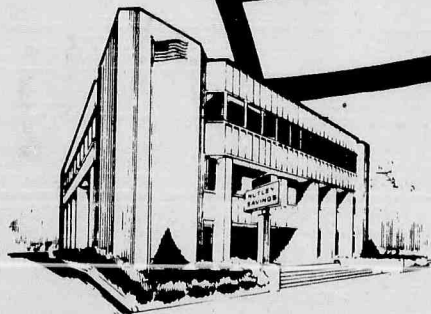

An apology often follows an epic inward struggle and should always be accepted.

N.J. Turnpike Offers New Year's Coffee

For the thirteenth straight year, motorists traveling the New Jersey Turnpike on Christmas and New Year's Eve will be treated to a free cup of coffee for safety's sake.

"We provide this service every year," explained Turnpike Deputy Executive Director Joseph E. Robertson, "not only to promote safety on the nation's busiest toll road, but

also to alert motorists generally that being extra careful is the way to assure a joyous holiday season.

"Far too many accidents occur at this time of year, a great many of which could be avoided through the exercise of a little caution. Taking time out for a coffee break, whether on the Turnpike or not, is one way to overcome drowsiness and fatigue, and avoid senseless accidents."

Motorists will be served hot coffee, or if they prefer, tea or milk at all service area restaurants on the New Jersey Turnpike the nights of December 24-25 and December 31-January 1 from 9:00 p.m. to 7:00 a.m.

Of the 4,503 containers provided last year at Christmas time and New Year's to Turnpike patrons, most took coffee.

Observatory Open To Comet Watch

Popular interest in Comet Kohoutek will result in extended hours for public viewing at the Sperry Observatory at Union College during January, it was announced today by Prof. Patrick J. White, director of the observatory.

The observatory, weather permitting, will be open to the public nightly from January 7 to January 19 when the comet

is expected to be clearly visible in the night sky. Prof. White stated. Viewing time will begin at sunset and last until Kohoutek is no longer visible. This is expected to vary from two to three hours.

Members of Amateur Astronomers, Inc., which operates the Sperry Observatory jointly with Union College, will be present to explain the phenomenon and to answer questions.
