## Gunman Wounds Grocer

A Valley shopkeeper was seriously wounded by a lone gunman during a robbery at his grocery store at 365 Stephens Street Saturday afternoon.

Ricardo Santiago, 41, of Harrison, was reported in fair condition at Clara Maass Hospital on Tuesday, after he was struck in the left side of the chest by a gunman who left with an undetermined sum of money taken from the cash register.

Two customers were in the store when the man walked in at 12:30 p.m., pulled a small caliber automatic pistol and demanded money. Deputy Police Chief Frank Haight said Santiago backed away from the register and the suspect fired twice, one shot hitting the grocer and the other smashing into package goods on the shelf behind him.

A call from a resident brought Officers Sal Lococo, John Drop and Philip Salmon. Santiago was rushed by ambulance to Clara Maass Hospital, where he was placed in the intensive care unit.

Haight said the suspect was described as a white man in his early 20's.

Detectives Lieutenant Raymond Kimble and Sergeant Ronald Thompson have been assigned to the investigation.

## Traffic Light Campaign Gains; County Passes, State Ponders

The drive to win a traffic signal at Belleville Avenue and Branch Brook Drive gained ground this week as the request was passed by a County Board of Freeholders committee and went to the State Department for final approval.

Nearly 500 names were signed to a petition in mid-May to have a signal installed at the busy intersection, near the Belleville Park Senior Citizens Center.

Commissioner of Public Works Mary V. Senatore announced this week she had received a letter from Freeholder Joseph Iannuzzi revealing the approval by the Freeholders' Roads and Bridges Committee. Since Belleville Avenue is a county highway, any move to install a light on the corner must come from the Essex County Authorities.

The State Bureau of Traffic Engineering has received a

letter from County Engineer Francis McCormick, who on June 4, wrote to recommend the establishment of a traffic control signal. McCormick cited the existence of the two closest signals: one a quarter mile east of Branch Brook Drive on Union Avenue and another a mile and a half east on Franklin Avenue.

The State is expected to begin a traffic survey of the intersection, a procedure which may begin within three weeks. County surveys were conducted at Belleville Avenue and Branch Brook from 1971 to 1974; at Belleville and Columbus in 1972 and 1973; and at Belleville and Garden in 1972.

The petition drive had begun in late April and was first organized by Steve Rogers of 27 Rocco Street at the request of some residents of the area. The petition was

circulated among neighbors on Branch Brook, Maier Street, Columbus Avenue and Park View Drive, and at the Senior Citizens Center.

The drive picked up considerably following the serious injury of a pedestrian, Walter Gorlaski, 81, of 298 Belleville Avenue, who was struck by a car as he attempted to cross Belleville Avenue to get to the park.

The petitions were intended to be sent to Belleville Public Safety Director Robert Laterza, but when it was discovered the street is under County control, Commissioner Senatore, secretary to the county Planning Board and Town Democratic Chairman, had them sent to Iannuzzi, vice chairman of the Freeholders' Committee on Highways and Bridges.

## Public Hearing Tuesday

# Public Safety Unions Seek Overtime Pay

by Ken Moore

An ordinance granting police and firemen time and a half pay for overtime work will be publicly aired and voted on by the Town Commission Tuesday night at 8:30 p.m.

There is no opposition to the bill expected from any of the Commissioners, who verbally agreed to overtime pay during contract negotiations with the Patrolman's Benevolent Association and the Fireman's Mutual Benevolent Association last November. Public Safety Commissioner Robert Laterza said \$100,000 has been budgeted to handle the overtime payments, which would be retroactive to January 1, 1974. Overtime payments last year, given in "straight time" amounted to about \$60,000, of which \$40,000 was for policemen.

The overtime for police is higher, said Laterza, since they normally work a 40-hour week and patrolmen are paid a \$5.76 per hour base. Firemen work 42 hours each week and are paid slightly less. Also, added Laterza, the Fire Department is shorthanded. He said three or four firemen will be added to the force before the end of 1974.

The ordinance would also allow policemen or firemen to be compensated for time spent in court appearances. For appearances in Belleville Municipal Court, the officers would get straight time for the first three hours, then time and a half each hour after that. In other courts, straight time would be paid for the first four hours, then time and a half.

Laterza termed the ordinance "fair" and said "it seems kind of silly for policemen and firemen to work on a 168-hour weekly

schedule and not get overtime like other people do. And before they used to get nothing for court appearances. They'd have to come in on their day's off, and I don't think it's fair for a guy to lose his time off and not get paid for it."

Laterza said overtime schedules would be made at the discretion of police and fire commanding officers, and said "I don't think there will be any problem with the system being abused."

P.B.A. President Patrick McCabe, one of the negotiators who helped draw up the agreement last November, praised the agreement and said it was a sign the Commissioners "are becoming more aware of our problems."

McCabe said the State Legislature had passed a law to enable municipalities to pay overtime to police and firemen, and that "a dozen or more" towns in Essex County had passed such ordinances,

along with bills to compensate uniformed men for court appearances.

Laterza pointed out that "my overtime is a little different than other departments. I have to keep a standard implementable force. I thought this overtime pay issue was hanging fire for much too long."

The current agreement between the Town of Belleville and the uniformed employees is scheduled to end January 1, 1975.

## July Ground-Breaking For Seniors' Center

A ground-breaking ceremony will be held in early July to initiate construction of the proposed senior citizens center at Franklin Avenue and Mill Street. Commissioner of Parks and Public Property Michael Marotti announced this week.

Construction will begin soon after the ground-breaking, said Marotti, and with his volunteer crew of laborers working weekends, "we should have four walls and the roof up by the end of the month."

Recent work on the two-acre tract of land has cleared away trees and graded the site to prepare for the 60 by 90-foot building which will be shared by senior citizens and the Belleville Farm League. The land for the center was donated to the Town by the Andrew Jergens Co., and Marotti called the volunteer crew of workers "the best in Belleville. Money can't buy them."

Presently, the Belleville Senior Citizens group has been meeting at the Amvets

Hall on Newark Avenue. The original plan for a center had the building location set at the old Camp Carragher site in the northwest section of town. But objections from the neighbors there, coupled with difficulties in construction and transportation led Marotti to make the switch to the Franklin and Mill spot.

The new senior citizens bus route, which went into effect this week, has the bus passing that location eight times daily.

The proposed center will have a baseball field, two bocce courts, two deck shuffles and several barbecue pits, Marotti said he also plans to have outdoor lighting at the center.

Marotti said the building could be shared by the senior citizens with the Belleville Farm League and other youths, who could use the building at night, provided there were no conflicts in scheduling.

## Bike Rally Scheduled Saturday by Jaycees

The Belleville Jaycees will sponsor a "Bike Rally" for Belleville residents of all ages this Saturday, June 22.

The event will include official registration of each bicycle by the Belleville Police Department; inspection; maintenance and safety tips; and an obstacle/skill course. Prizes will include bike accessories.

The rally, scheduled at

School Seven (Division and Passaic Aves.), will be open from 9 a.m. to 4 p.m. and run according to age group. It is open only to Belleville residents.

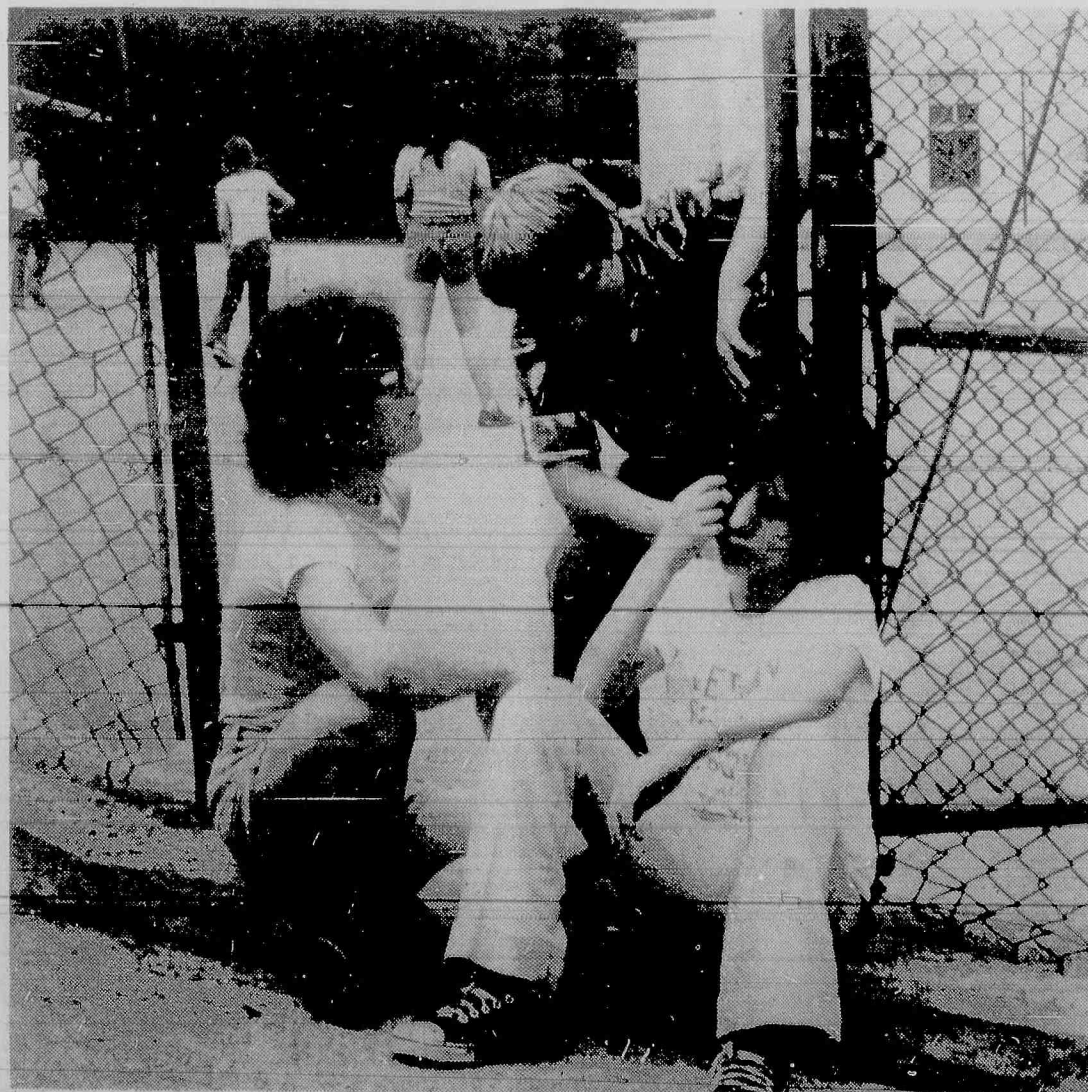

The following breakdown will be followed Saturday:

● 9 a.m. to 11 a.m. — children through 11 years old  
● 11:30 to 2 p.m. — ages

## "The Street Is Like Our Home"

# Summer's Coming and the Kids Are Looking For Some Good Playground Spots in Town

"WHAT'S TO DO?" — That's a question the three fellows shown above (l-r), Jerry Ilaria, Richard Ottenstroer and Marc Beilin may be asking a lot this summer. They'll get some relief, though, when the School Three playground, shown in background, is equipped with a sprinkler system hooked to a fire hydrant.

They say upwards from 50 kids spend most of their free time playing in the street at the corner of Linden Avenue and Essex Street. Linden Avenue is the street most impatient drivers speed down when they try to beat the traffic lights on Washington Avenue. There are no lights or stop signs on the corner of Linden and Essex.

School Three playground is less than four blocks away, but the kids stick to their street corner because, they say, there's not much to do at School Three except play basketball and the teenagers chase the smaller kids away when they want to use the court.

The noise and activity on the street causes problems with the neighbors in the area. The traffic hazard is obvious. So the kids say they'd move off the corner if they had "someplace to go." Three of them showed up at the last Commission meeting to ask what could be done.

They came totting a bundle of petitions signed by 58 adults from Joralemon Street, Linden Avenue and Essex Streets, asking that a recreation facility be established in their section of town for the children. The three boys took turns addressing their remarks to the five Commissioners.

Commissioner Michael Marotti, Director of Parks and Public Property, was at first taken aback by the situation. It was the first time he had been approached by petition-bearing children, and he reminded them that they

didn't need to gather signatures of adults to gain his attention. After the meeting, Marotti met with the three boys and their parents to outline some of the problems he faced in trying to provide recreation for Belleville youth.

The three boys, Marc Beilin, 12, of 21 Linden Avenue, Richard Ottenstroer, 11, of 39 Linden Avenue and Gerard Ilaria, 15, of 146 Joralemon Street, once they had conceived their plan to campaign for more and better recreation facilities, had apparently gotten so wrapped up in their enthusiasm, they lost sight of the most direct plan of action, which would have been to speak to Marotti privately.

But once the protocol questions were ironed out, Marotti and the boys got down to a constructive discussion of what could be done about recreation for the kids at the corner of Linden Avenue and Essex Street. One of the subjects was sprinkler caps for fire hydrants in the area.

Commissioner Marotti said last summer they gave out 12 sprinkler caps," said Marc, "and out of those 10 are missing." The boys would like to see a sprinkler cap put on a Linden Avenue hydrant once in a while, but according to Marotti, he's got a safer way to provide that traditional summer street shower.

"After speaking to the boys, I got to thinking, it's pretty dangerous for them to be playing on the street, and if

## Active Burglars Reap Little Profit

A burglar, or team of burglars, went to a lot of trouble to break into a series of stores on Washington Avenue last Sunday night, but apparently didn't get much for the work.

No one knows whether they worked their way east or west, but the break and entry "artists" hit four stores on the Avenue between Cleveland Street and William Place. None of the establishments robbed would be expected to have much cash-on-hand on a Sunday night.

Bigelow Motors at 64 Washington Avenue had an overhead door broken. The thieves got into the service area. Nothing was reported missing from there.

A rock was thrown through a window at the Hillcrest Tavern at 68 Washington Avenue, and what Deputy Police Chief Frank Haight described as "a small amount" of money was taken.

The front door at Art's Auto Supply at 86 Washington Avenue was forced open. A list of missing items is still being compiled.

### Ave. Merchant Pistol-Whipped; Suspect Flees

A Washington Avenue shopkeeper was pistol-whipped Friday afternoon when he refused to turn over money to an armed robber.

The suspect escaped on foot from police who responded to the incident at the Belleville Coin Shop, 194 Washington Avenue. Owner Philip De Angelis, 58, was struck on the left side of the head by the robber, who left with no money.

The suspect, described as about 5-foot, six inches tall, and 35 to 40 years old, entered the store on the pretext of buying a ring. He soon produced a revolver and ordered De Angelis into the back room. When the owner protested, the gunman struck him with the pistol. De Angelis fled out on to the street and summoned Police Officer James O' Brian, stationed on the corner of Washington and Rutgers Street.

### LET A "PRO" SELL IT

Selling your home yourself is no easy undertaking. Basically, it means attracting the right prospects — people who are ready, willing, and financially able to buy. Not those who are curious to see what your furniture looks like from the inside.

You can attempt to make this sale yourself, or you can have someone else handle the difficult negotiations. Frankly the best way to market your home — probably your most valuable asset — is the professional way. Just as you would go to a doctor or a lawyer for medical or legal aid, you will want to go to a Realtor for assistance in selling your home.

His technical skill, business experience, list of bona fide prospects, contacts with financial institutions, and professional reputation are all at your disposal to expedite the sale of your home at the best possible price. This is the reason why — nationally — 75 percent of all homes are sold through professionals.

## Belleville Public Library Plans Summer Programs

The Belleville Public Library at 221 Washington Avenue this week announced plans for summer programs.

For children of all ages there will be a general handicraft program on Mondays at 10:00 a.m. The crafts which include blob painting, crayon splashes and clown pencil holders, have been a repeated success and are sure to delight many children this summer.

Then on Thursdays at 10 a.m. there will be an advanced handicraft program limited to children in the second grade and older. Several of these crafts will be weaving, bread dough creatures, producing a filmstrip and sculpturing with clay.

Both programs will be held throughout the summer at 10 a.m. in the Children's Room starting the week of June 24. Children who attend should wear old clothes.

For children four to five years of age there will be a pre-school story hour every Tuesday at 10 a.m. starting June 25 in the Children's Room. Activities will include stories, songs, games, filmstrips and puppets. No registration is necessary, but parents are requested to remain in the building during the program.

## The 28th of June

The war which changed a way of life in the western world, and which was—in many ways—unnecessary, was triggered by a tragedy on June 28th, 1914. (Five years later the Treaty of Versailles, which made almost certain a followup war and which officially ended World War I was signed on the same day.)

Austro-Hungary, an empire attempting to mold and hold in one nation various races and creeds, was split asunder by the war. Germany was broken and embittered. Communism was helped to power in Russia (by Germany). France was bled white. Monarchies in both Germany and Austro-Hungary collapsed with the defeat of the Central Powers. And America, entering late in 1917, started out on the road to world leadership by entering the war.

All this and more followed the brutal assassination of Austro-Hungary's Archduke (Franz Ferdinand) and his wife in Sarajevo, Bosnia. They were making a ceremonial visit to Sarajevo, and as they entered the town were almost killed by a

bomb. Later that day an assassin using a pistol this time completed the brutal murder.

The Austro-Hungarian Emperor and Government held Serbia responsible for the murders, and revenge-minded, delivered a tough ultimatum to the Serbs. Serbia was eager to avoid war and willing to meet most of the demands. Russia, however, encouraged resistance as did France, to a lesser extent. Germany, allied to Austro-Hungary and sympathetic with Emperor Franz Joseph, initially backed Austria Hungary but the Kaiser attempted to avoid war and restrain Vienna in the final days before Europe plunged into the abyss.

In August fighting began, drawing in all the great powers. In four years of slaughter in the trenches, a way of life vanished. Communism materialized, the Kaiser ended up on trial by an international high court, etc. All stemming from the deeds of June 28th by anarchists and nationalists sixty years ago—in a small town today a part of Yugoslavia.

## June Dates

The last half of June contains notable American dates. The 20th is West Virginia Day—dating from 1863, when that state entered the Union as an independent state, having seceded from Virginia.

The Constitution was ratified on the 21st in 1788, when New Hampshire became the ninth state to ratify it. On the 22nd in 1874, Dr. Andrew Taylor Still, a Kansas physician, began the medical system of osteopathy. The 24th is St. John's Day, the 29th St. Peter's Day and the 30th St. Paul's Day.

On the 25th, in 1876, General George

Custer and two hundred and eight U.S. soldiers were wiped out on the Little Big Horn in Montana. On the 26th, in 1917, the first U.S. troops landed in France in the first of two American rescues of that country in this century. The 27th is the birthday anniversary of Helen Keller, born in Tuscomb, Alabama, in 1880.

On the 28th, in 1914, the dreadful carnage, World War I, which would end a way of life and produce Communism, was sparked by an assassination at Sarajevo—a war which also produced World War II twenty one years after it ended.

## Highway Deaths

Statistics recently released show that lower speed limits and the energy crunch have saved thousands of American lives in the past six months.

The National Safety Council says the death rate on U.S. highways is now running about a third lower than the pre-energy crisis rate. It is the lowest fatality rate, per mile driven, in many decades.

Thus perhaps two hundred Americans who would have died on the July 4th weekend will not die. And for the year, taking a third as the likely percentage of human life saved, better than fifteen thousand Americans will be living at the end of 1974 who would have died had not the energy crunch arrived. The nation, from this, should at last learn its lesson.

## Summer, 1974

This summer the world is at last engaged in negotiations to bring about a settlement of the explosive Middle East dilemma. American soldiers are home from Vietnam; President Nixon goes to Russia to further the process of detente with the Soviet Union.

It is, then, a hopeful summer. The economy could be more predictable and there is the Watergate scandal also and some political muck-raking associated with it—preparatory to November's congressional elections. But all in all, Americans have much to be thankful for. Summer is the primary season to enjoy

holidays and vacations, for most Americans, who—affluent and prosperous—travel to every corner of the world. It is a time for outdoor sport, the beach, the mountains, hiking, camping and fishing. It is a time of the year to live with nature and enjoy exercise, fresh air and nature's summer weather and beauty.

From June 21st until September 23rd by the calendar, and during June, July and August for students, this nostalgic season offers sun, sport and—romance, perhaps, in the form of first love, true love or second honeymoons—who knows?

## Golden Comments

By James R. Golden

It is sincerely hoped that Mayor McGreevy is familiar with the federal court decision which termed illegal the rule which prohibited department employees from talking to reporters. The decision was decided on the grounds of violation of free speech.

His Honor had proclaimed such an edict barring Town Treasurer Francis McCoy from communication with the media.

Not unlike Governor Byrne who has revoked the "gag rule", our mayor is, likewise, bound by law to rescind his arbitrary decree. He is compelled to comply with the decision of the three judge federal panel; That is, unless he arrogantly decides to personally appeal the decision to a higher level federal tribunal is an attempt to convince himself that he is right. I think he'll get in line... even if it hurts. You can't win them all mayor.

Commissioner of Transportation, Alan Sagner, offered little help in response to my plea for assistance to clear up the traffic congestion mess at Belleville and Washington Aves. caused by the Fidelity Union Trust Co. branch bank's using State Highway 7 as part of their "Drive-In-Window" lane.

In equivocal terms, obviously intended to remain aloof from the matter, he writes his department "has no control over municipal roads, but does have control over access to State highways in a very limited way. That is, we can only deny curb cuts or approve them with little discretion." ... Well I knew, that, but still contend, from his own quoted statement. That since I am not discussing his control over local roads, but rather, his jurisdiction over Washington Ave., a State highway, he could act in several ways to force a correction of the deplorable condition, namely: (1) The curb cut approval granted many years ago when traffic was lighter and banking volume less could be revoked because of the congestion created. (2) also State MV Officers could be ordered to the scene and properly en-

force the regulation which bans obstruction of a State Highway, something which is being overlooked by local police upon what I suspect is "suggestions" of higher-up authorities.

All I suggested of Mr. Sagner was that he send qualified personnel to survey the situation and make a determination. This he ignored, instead, in what looks to me as an effort "to get off the hook" he forwarded a copy of my letter to the mayor and local governing body for their consideration, something they have long obstinately disregarded, since they don't seem to give a damn... the congestion don't bother them. Sagner's conduct in the matter reflects the usual bureaucratic indifference in matters of public interest... instead the public be damned attitude seems to prevail. His sending a copy of correspondence to Mayor McGreevy could be compared to praying the Rosary to Lucifer. Small wonder people lose respect for the public officials who slough-off casually the problem of the masses. Thanks for nothing Mr. Sagner.

Imagine Jackie Rega's startled amazement when on his first official act as an elected G.O.P. District Leader, he was set upon by the town chairman's wife, Mrs. Ferrara, and, he claims, physically assaulted by her by being pummeled, scratched and knocked on the head by a placard banner, all because he wanted to exercise his free will and best judgement and vote to make Chester Ligham County Chairman, despite the sentiments of the Ferraras in backing Frederick Remington's re-election, notwithstanding, the strong support for Mr. Ligham from a strong group of present and former elected officials of Italian lineage. Yea Jackie, politics is a rough business you sometimes get your lumps... your getting "broken in" early. Get used to it.

## Sewer Crisis Brought Help

To the Editor:

We wish to express our sincere thanks and appreciation to Mayor Joseph McGreevy, to the Belleville Police, to the Belleville Firemen and to the working men who worked hard during the early hours of the morning when our cellars became flooded on Thursday, May 9, 1974 as a result of the sewers overflowing. This overflowing probably resulted from the lack of periodical cleaning of the sewers.

Sincerely,

## Midway

If there was a battle which doomed Japan more than the rest, it was Midway—the carrier fleet battle which resulted in the repulse of a major Japanese offensive in 1942.

After their successful sneak strike on Pearl Harbor in December of 1941, the Japanese roamed the seas undefeated. Their next major expansion eastward in the Central Pacific was toward Midway; several fleets took part in the advance, including carrier fleets, battleship fleets and troop carrying transports. Midway was to be occupied.

Unlike Pearl Harbor, where Americans were caught off guard, the U.S. command had secret knowledge the Japanese were coming; they had broken the enemy's codes. And the U.S. Navy rushed all it had, which wasn't much at that time, to Midway.

And so it was in the early days of this month, thirty-two years ago, that the biggest Japanese fleet of three involved approached Midway from the west. U.S. aircraft flung themselves at the Japanese but in the first phases of the battle scored no hits. But waiting north of Midway was a three-carrier U.S. fleet, and Navy pilots aboard this fleet would write and change history before the battle was over.

The first U.S. carrier strikes were disastrous. Torpedo bombers sent out first were slaughtered almost to the last bomber by defending Japanese Zero fighters. Just at the bleak moment, however, when defending Japanese fighters were low over the water, U.S. dive bombers arrived above the main Japanese force of four big, new carriers—the same ships which had devastated Pearl Harbor six months earlier.

In minutes three of these valuable ships were in flames. This thunderbolt from the skies (a fourth carrier was sunk some hours later) shocked the Japanese high command. Psychologically, some of their officers never recovered from the shattering defeat. Japanese military authors readily admit this was the battle that turned the tide, that doomed Japan. It was for Japan, what Gettysburg was for the Confederacy in 1863.

## Boston's Zone

Boston, once the home of Puritanism, has decided to zone two blocks of the city for adult entertainment. In that section adults can go to see cute things strip, buy nude magazines, etc., and see adult sex films.

The idea is to keep this adult fare out of the rest of Boston. A spokesman for the Boston Redevelopment Authority says that: "By allowing it in one area, we hope to contain it."

Boston's is, at the least, a new approach for most of the eastern part of the country. In the west, where there seems to be more toleration or more frontier spirit or whatever one wishes to call it (and where prostitution is often lawful), Boston's plunge into the adult entertainment world would be nothing revolutionary.

But many cities will nevertheless watch the Boston experiment with interest. The ageless question is whether controlled, contained adult entertainment is better than illicit, illegal and uncontrolled activities in this field. One Boston authority says today's situation is that sex is here to stay. Therefore, is it better to locate it in an area or try, unrealistically, to stamp it out? Perhaps Puritan Boston will provide the answer.

## Coral Sea

The Battle of the Coral Sea, thirty two years ago this month, was the beginning of the turn of the tide in the Second World War in the Pacific, for the United States. Japan had attacked without warning (December, 1941) and for six months swept the seas clean of all opposition encountered.

The Japanese Navy was superbly trained in gunnery, possessed a better fighter than the United States then had, and a better torpedo. The Japanese also used flawless power: in night engagements this gave them a considerable advantage.

But the United States had enjoyed a bit of luck at Pearl Harbor. American aircraft carriers were at sea when the sneak attack came in early on the morning of December 7th. Thus when the long Japanese sea pinger began to reach around the eastern

## Installment Number Twelve: 'The Dissolution Of Society'

that all of his efforts are oriented toward the satisfaction of his drive for recognition. The event demonstrates there is no fathomable purpose in man's struggles. It shows that civilized existence denies the individual a sense of identity. And it proves the values that man attaches to material possessions as an aid to recognition are meaningless in a universal perspective.

The event of dissolution clearly mirrors the fact that the need for recognition can never transcend human experience. Man shall be known only in relation to his fellow man. He will not discover a relation to God.

Notwithstanding the fact that some observers claim man has a priori knowledge of God, it can be readily shown that the concept of the Deity is the manifestation of man's need for recognition — that recognition is determined by human experience.

From a study of the historical evolution of religion, it is very evident that man has changed his concept of the Deity in proportion to the enlargement of his knowledge.

In ancestral times, the concepts of Animism and Pantheism were acceptable to man but they had to yield to the more defined belief in Polytheism. Thereafter, as man became assured of his ability to regulate and predict natural phenomena, he chose closer identity with the Deity by the adoption of Monotheism — by the personification of God in man's own image. Ultimately, man had to evolve to Agnosticism and Atheism because he came to believe he mastered his own destiny. In essence, God has not only been a product of human experience but the concept had to be abandoned in a society where material

possession became the god-head of recognition.

Just as man seeks recognition on a universal plane, he must also see it within the human frame of the Affluent. Without it, there is no purpose in living. Without it, there is in fact no proof of one's existence.

There is no fact more basic to the understanding of the dissolution than the need of the individual for recognition. Unless one knows the importance of the need, he can never understand why mankind will choose social disintegration in preference to a feeling of alienation. He can never know why a person will commit suicide after the sudden loss of wealth. He can never appreciate the preference for confinement in jail over the yielding of a principle. In short, he can never understand human behavior.

The drive for recognition is the sine qua non of psychic behavior. It gives value to concepts of color, age, intelligence, religion, morality, nationality, lineage, etiquette, and education. It compels mankind to sexuality, love, security, power, prestige and independence. It gives social overtone to heat, air, water, food, shelter, clothing, sex and sound. It is as important to mankind as the need for physiological gratification.

Whereas man cannot survive unless his physical needs are satisfied, it has remained for members of the Affluent Society to learn that psychic satisfaction is quite as important as the physical. Members of extant society are permitted the luxury of knowing that after air, water, food and sex there is only one need — the need for recognition

(Continued From Page 1)

By Frank A. Orechio

The twelfth installment of Jack R. Nageley's "The Dissolution of Society" appears below.

When modern civilization finally collapses from its inevitable dissolution, Nageley claims, mankind will realize the self-deceptive nature of his struggle for survival. Whereas humanity has always believed that the purpose of its struggle and progression was to arrive at the "god-head" or realization of a supreme being, Nageley says that man's concept of God is merely a product of human experience and can never transcend that level of experience.

What is the real purpose of man's continuous struggle, then? According to Nageley, it is to satisfy our individual need for recognition. Read on to discover how Nageley associates man's need for recognition with the advent of dissolution.

The transition of anarchy makes it manifestly clear that mankind has reached a border in human expansion. It can surge outward into space and permit a release from mounting frustrations. It can continue its tendency to greater oppression and evolve to horrendous destruction. Whatever the alternative, the transition shall make it evident that man will never know the purpose underlying his endeavors.

Whereas man had shown little regard for philosophical considerations in the twentieth century, the emergence of anarchy will com-

pel him to the realization that he is but another factor in an infinite cycle of creation and destruction — that man is not foreordained to find the god-head of the universe.

Of all the incidents which shall attend the dissolution, the event of greatest significance will be the overwhelming realization that man's struggle has no universal purpose. He must accept with complete finality the fact that he is but a small part of an incomprehensible mystery. He must come to know that the grandeur of the universe is not to be measured by the yardstick of civilized achievements.

It will be concluded by some observers that the overwhelming effect produced by the dissolution is the responsibility of the Deity — that God shall forever keep man advised that He is the Supreme Being. Nevertheless, such a conclusion only serves to preserve the significance of man. It does not aid the comprehension of the ecstasy and the magnitude of the universal process. It does not permit man to appreciate the inconceivable power of a Creator of a universe.

The attempt to rationalize the dissolution as being of Divine Origin is but a projection on the part of man to find a god-head in his struggle. It is a continuation of his inclination to identify himself with God. It is an outgrowth of his innate need for recognition.

Except for the dissolution, it is probable that man would never have caused to know

A HOBBY of "Hetty" Murray's is tending her beautiful garden of roses, just one of her many pursuits.

### Sparkling Personality

## She Divides Her Time in Many Useful Ways

It's usually the people who say "why me?" when interviewed for this column, who are the most interesting. Mrs. Walter Murray "Hetty" as she is known to one and all not only was born and bred in Belleville but still lives in the house she grew up in, on Division Avenue. Let's see how she divides her time.

As the secretary for Wesley Methodist Church on Washington Avenue for the past eleven years, Hetty has assisted in every area possible through the tenure of six ministers. She writes the church bulletin, keeps track of hundreds of church members' birthdays and anniversaries and those who are ill or who have moved away. She sings

in the church choir and is committeewoman for boy scout troop 301 and a former Sunday school teacher. She goes far beyond the normal secretarial duties and you'll even find her interviewing contractors when work needs to be done at the Church.

Hetty's avocation is working for the Belleville Red Cross. She recently was awarded a 10-year service pin

for her volunteer duties. You will often find her driving the Red Cross station wagon, taking patients to doctors and hospitals, as well as heading the group that travel to the Veteran's Hospital in East Orange, to bring birthday cakes and gifts to the patients.

On the home scene, you'll find Hetty making her own bread, attending Soho Hospital each Tuesday where

each church in town takes their turn in presenting worship services, collecting seashells, working in her garden or planning a fishing trip with her husband, Walter. Two of her most proud possessions are a collection of pitchers and writing poetry. The pitchers fill two china closets and range from a small 1/8" high to the more

conventional size. She boasts an Egyptian tear pitcher and a pressed glass early American pitcher. Her poems fill a book, and range from religious to personal greeting cards.

She signs her poems simply, HELM, which stands for Hetty Elizabeth Leak (her maiden name) Murray. This busy lady also finds time to

make costume jewelry. Hetty is also active in the Arem Chapter 73 of the Order of the Eastern Star. She will admit her main hobby is "life and people" and that's what makes Hetty Murray a truly "sparkling personality" - helping those she knows, as well as strangers each day of her life. Hetty and her husband Walter have two children.

## Jaycees Schedule Rally on Saturday

Continued From Page 1

12 to 17.  
● 2:30 — 4 p.m. — Adults over 18

"While we hope to attract the younger bike riders," stated Angelo DeTata, Rally chairman, "We also hope for participation by the increasing number of adult bicyclists."

"We've made up this schedule so that we can offer each of these age categories the best information possible in dealing with their riding problems."

DeTata explained the adults, along with their own questions about bicycling, are also parents concerned with safety of their children. For this reason, too, he hopes

adults will respond to the "Bike Rally."

Assisting in coordinating the Rally are Belleville Police Captain Robert Russomanno and the Essex County Prosecutor's Office, which will supply safety materials for the rally.

Inspection and maintenance will be provided by Cleeland on Belleville Avenue, and DeBacco Bros. and R&S Auto Stores on Washington Avenue.

DeTata noted that original publicity stated the rally would be held on high school grounds. However, the area at School Seven is more suitable for the skill course. Parking is available at the high school for the rally.

we close the street, the neighbors are going to complain. So we're going to have hoses run from hydrants to all the school playgrounds this summer, with sprinkler caps put on them. There'll be one at School Three for them."

The biggest problem, though, is a recreational facility, and no matter how much Marotti would like to accommodate the boys, and all the other youths in Belleville looking for a place to play, the problem comes down to land, and where it's available.

In Belleville, there's not much.

"There's no vacant land in Belleville to put up a center," said Marotti. "My advisory committee has been looking for some, and we've been trying to get property from the County ever since we came into office."

Marotti hopes the kids in the central section of town will get a lot of use out of the playground area on Division Avenue currently under construction. "You won't even know the place in September," he said.

CLASS CLEANUP — Scratch one graffiti-ridden wall. Members of School Five sixth grade repainted a schoolyard wall as an ecology project and some of them are shown here. From back to front, they are Jeanne Fornarotto, Joan Florentine, Camille Spaccavento, Alex Petrillo, Michael Nicosia and Donnie Luongo.

## Foster Homes Badly Needed For Children

A foster parent is a special person, and it is this special person that is being sought by the New Jersey Division of Youth and Family Services at 139 Main Street, Orange, New Jersey. In addition to other services, the Division is responsible for locating foster homes for children from infancy through age 17, and homes are desperately needed. There is also a critical shortage of homes for handicapped children.

The main goal of the Division is to work with the family to return the child to the natural parents. However, if this is impossible, an adoptive home is sought.

At the present time, the greatest need is to find placement for teenagers, including the newly classified juveniles in Need of Shelter (JINS). These young people, involved with the law due to truancy, incorrigibility, or similar offenses, can no longer be incarcerated in State custodial institutions along with those charged with juvenile delinquency. An emergency placement home, providing shelter for 45 days or more, is needed, and foster homes for youngsters in this category are at a premium.

The agency asks that anyone interested attend two group meetings, the first an orientation meeting, the second educational, at which time the interested person is given an application. Next, a visit to the home is made by the foster homemaker. A foster child must have his or her own bed, although sharing a room is certainly permissible. The foster parent may be single and working, although the latter would preclude the placement of youngsters than school-age children. Three personal references, medical clearance from the family physician, and employer references are required.

Remuneration for a foster child starts at \$100 per month for children under six and goes to \$123 for youngsters over 15. A special check is issued four times a year for clothing allowance, and there are special allotments for special occasions such as graduation attire. The State provides complete medical coverage.

Anyone interested in the foster care plan may write to Mrs. Doreen Byrnes at the Orange office or by calling 672-2900.

## How to Speed Up Mail for Vacation

Newark Postmaster/Manager Joseph J. Benucci, has offered these hints to help vacationers enjoy trouble free mailing, while on their holiday.

Mail early, preferably in the morning and deposit cards and letters in mailboxes located in densely populated areas. Avoid mailing on weekends when many post offices are closed. For first class cards, size not larger than 4 1/2 x 6 1/2 use 8 cent stamps, anything larger is 10 cents. For airmail use an 11 cent stamp for standard size and 13 cent for the jumbo size card.

Always use zip codes to speed your mail. To save time, type the addresses of friends and relatives on self-adhesive labels before you leave home.

## School 1 Flag Day Assembly

Last week the multi-purpose room in School One was gaily decorated in stars, stripes and streamers as third graders from the class of Mrs. Mary Hoey, and Mrs. Jelsia Cortese conducted a Flag Day celebration.

Sharon Finn played Betsy Ross and Stephen Novak played General George Washington as Duane Roamell and Ronnie Ann De Pasquale narrated a play which showed the historical background and origin of the first American flag.

John De Pasquale, Marlene Talmadge and Helen Bell followed up with rules on treating a flag respectfully.

Each of the fifty third graders wore a star to represent one of the fifty United States and led the assembly in patriotic songs accompanied by Wendell Parr on piano.

Principal Pat Forte called the atmosphere "inspiring and patriotic." He noted that 1976 will mark the "birth of a nation 200 years old and sadly recalled that "many lives were lost at war in order to maintain our flag, which symbolizes respect for one another."

## Local Clubs Co-Sponsor Heath Tests

On June 11 the Junior Woman's Club of Belleville and the Belleville Lions Club jointly sponsored a free vision and hearing test at the Montgomery Presbyterian Church. Approximately 165 preschool children were tested during the one day session.

The purpose of the program was to discover amblyopia or "lazy eye" and other problems in eyesight and impaired hearing that go undetected in preschool years. It was also to alert the parents of the children who have eye and hearing problems to the need for a complete professional eye and hearing examination and the necessary follow-up treatment. If not corrected at this age, some of these problems can affect the child's ability to learn in school.

Mrs. Joseph Doyle of the Junior Woman's Club and Mr. Donald Bowden of the Lions Club were the chairmen of the program. They were assisted by members from their respective organizations. The New Jersey State Commission for the Blind set up the vision portion of the screening and graduate students from the Montclair State Audiology Department conducted the hearing discrimination tests.

Parents of preschoolers are reminded to be alert for any difficulties their youngsters might have with vision or hearing and to report such problems to their family physician.

Acne is a skin disorder which is common among young people. It's really an infection which involves glands and pores in the skin. The pores enlarge and collect secretions from the glands which then become infected. Emotional disturbances, greasy foods, poorly balanced diet, inadequate sleep, lack of exercise, fresh air and sunshine, cause more skin problems. Cases of acne should be treated by a dermatologist. Modern techniques often make it possible to control or eliminate these disorders.

Many times acne is treated with prescription drugs. If you have a prescription to be filled be sure to bring it to us at ROSSMORE PHARMACY, 938 Washington Ave., 759-1968, 759-1956. Convalescent aids including walkers, wheel chairs and crutches are sold and rented and we are Medicare and Blue Cross Approved. Hours: 9am-10pm daily, 9am-9pm Sundays.

Mrs. Michael Vitetta - nee Alexis DePersio

## Vitetta-DePersio Nuptials Are Held

Wedding vows were exchanged June 16 in Holy Family Church by Miss Suzanne Ruth Young, daughter of Mr. and Mrs. Rocco DePersio of 14 Milton Street and Michael G. Vitetta Jr., son of Mr. and Mrs. Vitetta Sr. of Mamaroneck, New York.

The Rev. Robert Cozzini performed the ceremony and a reception followed at Mayfair Farms, West Orange.

Escorted by her father, the bride wore her mother's wedding gown of satin and lace made by Mrs. Mary Gesauldo 28 years ago and redesigned by her. Her satin turban accented with sea pearls was made from the train of the gown and she carried an arm bouquet of white and peach roses and fern.

Miss Phyllis DePersio of Nutley was her sister's maid of honor. Bridesmaids included another sister, Mrs. Grace Luciano of Nutley, the groom's sister, Miss Anne Vitetta of Mamaroneck, the bride's cousin, Miss Toni Giacalone of Nutley, her

sister-in-law, Mrs. Cynthia DePersio of Belleville and Miss Donna Cirigliano of Nutley.

Their peach jersey gowns had wide sashes and matched their peach turbans. Arm bouquets were of birds of paradise and fern.

Michael Roberto of Philadelphia, Pennsylvania was best man. Ushers were the couple's brothers, Anthony DePersio of Belleville, John DePersio of Nutley and Tommy Vitetta of Mamaroneck, the groom's cousin, James Vitetta of Mamaroneck, Gary Guarino of Nutley, Anthony Canero of New Rochelle, New York and Joseph Pugliese of New York City.

Mrs. DePersio chose a shrimp gown with beaded collar and waist while the groom's mother was in a blue chiffon gown. Corsages were baby white orchids.

Mrs. Vitetta, a graduate of Nutley High School and the Berkeley School, East Orange, is with The Trust Company of New Jersey, Nutley.

## Suzanne R. Young, David Butler Wed

St. Paul's Congregational Church was the setting June 8 for the marriage of Miss Suzanne Ruth Young, daughter of Mr. and Mrs. Robert Young of 38 Alexander Avenue to David Lee Butler, son of Mr. and Mrs. Mark Butler Jr. of Madison, Indiana.

The Rev. John G. Wightman performed the candlelight ceremony which was followed by a reception in the social room of the church.

Given in marriage by her father, the bride wore a Leno cotton gown in the Victorian style with deep eyelet ruffles accenting the long sleeves, neckline and bodice.

Her headpiece was a crown of daisy mums and she carried

white miniature carnations and daisy mums.

Miss Cynthia Young of Nutley was her sister's only attendant in a pink Victorian gown with short sleeves and lace yoke.

Paul Butler of Bloomington, Indiana, was his brother's best man.

Mrs. Young chose a long sleeved empire waisted gown in cafe-au-lait and beige print while the groom's mother was in a pink sleeveless gown with V-neckline. Corsages were of butterfly orchids.

The couple are alumnae of Indiana University where Mr. Butler will work for his master's degree. They will make their home in Bloomington.

Mr. and Mrs. David Butler - nee Suzanne Young

## Barking Dogs

I have seldom heard anyone complain when a dog barks to protect his owner. On the other hand, uncontrollable barking and howling generally causes problems for the dog's owner and those unfortunate enough to be nearby.

Breeding may be one reason. There are certain breeds that are more prone to bark than others. The small breeds, on the whole, tend to be barkers. Larger breeds are generally more subdued.

Terriers or crossbred terriers, for example, are generally nervous, rather high strung and full of energy, which they may attempt to use up by barking, particularly if they are underexercised.

On the other hand, the

hound breeds (such as Basset) are normally docile and don't make much noise.

Generally, you can expect a dog to bark when he is cooped up in an apartment all alone, and his owner is away for a good part of the day. The dog has nothing to do but sleep or be bored.

So, when he hears the doorbell or telephone ring in your home or your neighbors, he is ready for action. He is telling everyone that he is there and eager for a good walk or run.

Barking is your dog's way of gaining attention. He may sound off if you neglect him while you are home.

The chief thing is to let your dog know that he cannot bark indiscriminately and get away with it. As soon as he barks or howls there must be a strong reprimand. If you relax this stern treatment, he will simply return to his bad habits.

If your dog is an excessive barker, don't despair. There are several things you can do to correct this habit.

● When your dog begins to bark or howl, you must be right there to reprimand him with a firm, loud "No!" Clapping a folded newspaper against your hand or a nearby object, while issuing a sharp warning will also help.

## Browsing Belleville

With Pat Diana

(phone me at 751-6861 after 6 or write 104 Overlook Ave.)

To continue with my report on the Varsity Sports Award dinner: At another table close by were Lorraine and John Herrmann (he heads Belleville Roofing Company, phone 759-1791), her sister and her husband, Rita and Jerry Hoban (their son received an award for baseball). I wasn't "on duty" that night, merely another guest, but did see Sophie and Len Bade (daughter Debbie received an award for Color Guard), Fred McGarril (young Fred got a bowling award), also Mrs. and Mrs. Mario DiMaggio, Caesar Romano (quite a cut-up that evening), Grace Purdue, Joe Grosch, Anthony Greco, Commissioners Michael Marotti and Vincent Strumolo — you name it...they were all there. The food was absolutely "delish".

AMERICAN LEGION Post 105 held election of officers for 74-75 recently...commander Ray Kinsley, first vice commander: Fred Bohlen (nice going, honey), second vice commander: John Arthur (how about that Eleanor?), third vice commander John Medvecky, finance and ritual officer: Frank Kiernan, sgt. at arms: Harry Murphy, historian Don Bellog, judge advocate Pat Wynn, adjutant: Hank Steele.

Also at 105 recently the Essex County Sheriff's Department represented by Fred DeMayo and Greg Meehan defeated Burgmeyer Trucking Co. in a shuffleboard match...losers were Tom Delutis and Jack Barletta... sorry about that.

Jackie Rega who owns the vegetable and lemon ice stand (Christmas trees in season) on Union and Belleville Avenues, says President Nixon owes him \$2.89 for a pumpkin Nixon used while campaigning in town. You should have gotten it on tape, Jackie.

Thanks all you wonderful people who braved the hot weather to visit the KC building last week and donate blood. It was a tremendous turnout in answer to a plea by the local Red Cross. So many people were there: Jake Loree and Joe Fornoratto of Amvets Post 26, Cappy Barnett, natch; Mike Harvey and Pat Forte of School One, Lorrie Tindall, to name a few. Also saw Ginny Desmond volunteering her time.

School One did it again! For Flag Day, the third grades, under direction of their teachers Mrs. Hoey and Mrs. Cortese, staged a beautiful pageant on the history of the U.S. Flag, with stories, poems, etc. The children, dressed in costumes representing each state as it was admitted to the U.S., detailed the flag from beginning to present day. There was also a sing-along with Wendel Paar directing. On Saturday the 14th, School One had an outdoor fair, with games, refreshments, rides and prizes. It was a

great day for it, the kids had a grand time and the parents and teachers worked hard to make it a success.

I NOTED that it was well planned, and there were always teachers or parents around to supervise — let's meet some of the workers: teachers: Miss Mele, Miss Marchesani, Mrs. Bush, Mrs. Hoey, Mrs. Cortese, Miss Ferrara, Miss Gonella, Mrs. Bosco, Mrs. Clerico, Steve Wodopuja, Mrs. Miller and Mr. Gabriel. Barbara Downey headed refreshments, president of the P.T.A. is Mrs. Joanne Juliano. Other P.T.A. members who helped: Mrs. Dot Brooks, Mrs. Myra Grant, Mrs. Ann Sterlacci, Mrs. Eleanore Paladino, Mrs. JoAnn Byers, Mrs. Munic, Mrs. Lynn Wells, Mrs. Gwen Walston, Mrs. Betty Bell, Mrs. Jean Cochrane, Mrs. Caroline Stahl, Mrs. Joan Miller, Mrs. Joan Johnson, Mrs. Ethel Williams and Mrs. Colleen Frahm...also seen that day were Jean Nisivoccia and Agnes Bradley, Joe Grosch and Joe Burke. Quite a nice event, hats off to the workers and, of course, principal Pat Forte.

My column "organization doings" this week features the Belleville Fire Dept. Ladies Auxiliary. They are quite a nice group of gals and really friendly. Mrs. Robert Shaughnessy was sporting a drum majorette's hat as she has been volunteering her time with the crew team for 10 years and they gave her an "award". Frank Scelba — watch for the pic in this paper.

Fred McGarril, Red and Eleanor Arthur, Ray and Sis Wellen, Mr. and Mrs. Ray Kinsley, Sr., Frank Kiernan, Don and Janet Bellog, Barbara Welter, John and Mary Nolter, Doris Helwig, Pat and Joe Wynn, Fritz and I all had a grand time last week when we attended the American Legion Essex County dinner dance.

Members of Wesley Methodist Church who had a birthday or anniversary this month: James Simpson, Susan Fisher, the Andrew Dembards, Mrs. Lenita Whidden, Mrs. Dorothy Van Demark, The Charles Gebhardt and the Fred Stones. Hope you had a happy, as your Gal Friday, Hetty Murray would say. And, Hetty, I apologize — you were my "sparkling personality" for last week's paper and only your picture appeared, not the story...it should be in this issue.

### PAT'S FUNNIES

For all their sophistication, they're a bad bunch of little boys, charging three people for one drink.

She's blonde — and a fighter...but the other gal... was righter.

They were conspicuous by where they put their posteriors. It was noticed, but decided that that half of the loaf was "moldy".

For all the hoopla and fuss, she and hubby didn't look too happy...as for the other one, the haircut looks pretty-bad.

ATTENDING the luncheon were (l-r) Carmela Meglio, Doris Nisivoccia, Dee Greendale, Julie Paglio, Agnes Perrotta, Rose Appenzeller, Barbara Vocatura, Cookie Glaser and Nicholas Petti, School Eight principal.

BROWNIES shown here include (back, l-r) Lori Pickett, Elizabeth Wendler, Brenda Yurkanin, Sandra Toro, Wendy De Vine, (front, l-r) Danielle, Rose, Lisa Ramirez, Maryanne Salvatore and Deanne Greendale.

## Mother-Daughter Luncheon

Brownie Troop 437 recently held a Mother and Daughter Luncheon at the Wesley Methodist Church, Washington Avenue in Belleville.

The Brownies received their gifts: rings, lockets, pin and bracelet sets, handbags, Brownie dolls, stationery and calendar watches for selling Girl Scout cookies. They also received year pins. The following girls flew up to Juniors: Elizabeth Wendler, Brenda Yurkanin, Sandra Toro, Wendy DeVine, Danielle Rose, Lisa Ramirez, Maryann Salvatore and Deanna Greendale, and

received Girl Scout pins and their wings.

Guests at this affair were Mrs. Jane Blout, District Advisor, Mrs. Pat Ritter, District Chairlady; and Mr. Nicholas Petti, Principal of School Eight.

A gift certificate and 100 percent attendance scroll was awarded to Maria Meglio and Sandra Toro.

The women on the troop committee were given corsages, lockets and certificates of appreciation. They were as follows: Mrs. Doris Nisivoccia, Treasurer; Mrs. Julie Paglio and Mrs. Agnes Perrotta, Program Chairladies; Mrs. Barbara

Vocatur, Corresponding Secretary; Mrs. Rose Appenzeller, Hospitality Chairlady; Mrs. Carmela Meglio, Recording Secretary and Assistant Leader; Mrs.

Cookie Glaser, Leader; and Mrs. Dee Greendale.

Lori Pickett, a Junior Scout and Joanne Vocatur, a Cadet Scout were given lockets and certificates of

appreciation for their help during the year.

Mrs. Betty Keesler was awarded a certificate of appreciation and a lovely pin for the hard work she put into the decorations for this affair, and the kind deeds she did throughout the year for our troop.

The telephone squad consisting of Mrs. Yurkanin, Mrs. Ramirez, Mrs. Roas, and Mrs. Ruzzano received certificates of appreciation and also Mrs. Hood, who helped drive the Brownies on an outing.

### LEGAL NOTICE

SUPERIOR COURT OF NEW JERSEY CHANCERY DIVISION, BERGEN COUNTY

DOCKET NO. M 22179-71 STATE OF NEW JERSEY

TO: Joseph John Monticello

By virtue of an Order of the Superior Court of New Jersey, Chancery Division, made on the 31st day of May, 1974, in a civil action wherein Donna Monticello is the plaintiff and you are the defendant, you are hereby required to answer the complaint of the plaintiff on or before August 1, 1974, by serving an answer on John J. Montefusco, Esq., 1177 Clinton Avenue, Irvington, New Jersey, plaintiff's attorney, and in default thereof such judgment shall be rendered against you as the Court shall think equitable and just. You shall file your answer and proof of service in duplicate with the Clerk of the Superior Court, State House Annex, Trenton, New Jersey, in accordance with the rules of civil practice and procedure.

The object of said action is to obtain a judgment of divorce between the said plaintiff and you.

Dated: June 1, 1974

JOHN J. MONTEFUSCO 1177 Clinton Avenue Irvington, New Jersey Attorney for Plaintiff

The Belleville Times June 20, 1974

Fee: \$7.70

Bob Zanfani of Belleville is now a member of the cast in the show - "South Pacific" - starring Betsy Palmer and Jerome Hines at the Paper Mill Playhouse until June 30. From there, the show travels to Rochester, New York; Mystic, Connecticut and Detroit, Michigan. Bob appeared in the same show last summer in Pennsylvania and Massachusetts with Ricardo Montalban and Janet Blair. He, also, appeared with Robert Merrill in "Fiddler on the Roof".

## Junior Women Induct Six New Members

The Junior Woman's Club of Belleville recently welcomed six new members into its membership. In a special candlelight ceremony conducted by Mrs. Robert McGough, President, and Miss Jeanne Benedetto, Membership Chairman, the following young women were installed: Mrs. Eugene Antonio, Mrs. William Mulhearn, Mrs. Emil Nardachone, Mrs. Harry Reitz, Mrs. Gerald Rounds, and Mrs. John Sente.

During the ceremony the prospective members recited in unison "The Junior Pledge," which is the

Federation's oath for Junior women. Each new member was given a red and white carnation, the club's flower as a remembrance of the occasion.

Membership in the Junior Woman's Club of Belleville is open to young women between the ages of 18 and 35. The club is a diverse service organization, which allows women to work for educational, cultural, philanthropic and social improvement in the community. For further information please contact the membership chairman at 751-0207.

## Fewsmith Registering For Church School

Registrations are now being taken for the Vacation Church School to be held weekday mornings at Fewsmith Memorial Presbyterian Church, 444 Union Avenue. Classes will be held from June 24 through July 5 (except July 4) from 9 to 11:30 a.m.

Enrollment is limited, so early registration is suggested. A fee of \$3 for one child or \$5 per family must accompany registration.

Each day's lesson will concern a celebration of a Church

holiday or season. Committees have been meeting to plan for festive celebrations of Creation, Advent, Christmas, Easter and Pentecost by means of crafts, music and audio-visual aids.

For further information and registration forms call the church office (759-6869) Monday through Friday between 9 a.m. and noon.

### Jean Sheperd Narrates

Jean Sheperd narrates the visual story of the Delaware and Raritan Canal on "D&R", Sunday, June 30 and Thursday, July 4 at 8:30 p.m. on Channel 50.

## Frank Miliano; Succumbs at 61

Funeral mass was held June 15 in St. Peter's Church for Frank Miliano, 165 Garden Avenue, who died June 12 in the East Orange Veterans Hospital. A Belleville resident 28 years, he was 61.

Born in Italy, Mr. Miliano came to Belleville from Jersey City where he was employed as a warehouseman for the Jersey City Printing Company.

He is survived by his wife, Mrs. Ida Paganelli Miliano; a daughter, Mrs. Michael

## Youth Is Treated After Discharging Father's Handgun

A 13-year-old Belmont Avenue resident was treated for a minor gunshot wound Saturday when he accidentally shot himself with his father's gun.

A bullet grazed a finger of the boy's left hand when he tried to unload the gun after firing it in his yard.

He was treated and released at Clara Maass Hospital, and will have to face juvenile charges for discharging a firearm unlawfully.

Deputy Police Chief warned residents of the dangers of keeping firearms and ammunition within easy reach of juveniles.

## OBITUARIES

### Howard MacFee, 77; World War I Veteran

Funeral services were held June 15 for Howard A. MacFee, 242 Washington Avenue, who died June 12 in Mountsinai Hospital, Glen Ridge. He was 77.

A native of Newark, Mr. MacFee retired 12 years ago from his job as a meter inspector for the Worthington Pump Company. He was an

Army and Navy veteran of World War I.

Mr. MacFee is survived by his wife Mrs. Nellie Bellay MacFee.

Chaplain Harold B. Lawson officiated the services held at the Kiernan Funeral Home, and interment was in Crest Haven Memorial Park, Clifton.

## Critical Slump Undermined Big 10 Hopes

by Pat Caputo

When the 1974 baseball season was ready to begin, Coach Charlie Travers described his players as "talented but inexperienced". The talent was evident, as shown by Belleville's impressive 15-10 record. However, the inexperience may have been the reason for a mid-season slump, where the Bellboys dropped five games in a row, and seven out of nine games in a three week period. Whatever the reason for the fatal skid, it did cost Belleville the Big Ten Championship and the Bellboys were eliminated from the Greater Newark Tournament in the first round.

Before the slump, Belleville was in first place in the conference with a 4-1 record. The loss came on opening day in Kearny. There, the Bellboys blew a 6-0 lead before losing to the Cardinals 9-7 in the rain. Chalk one up to experience; and they did. Belleville came back to win four straight.

Nutley was the first team to visit Belleville and led for six innings before losing it in the last half of the seventh on hits by Steve Gerard and Vin Lipoma. After beating Orange 6-1, the Bellboys knocked off the number one team in the state, Montclair, 10-3. Joe Cancelliere and Bill Telesco each had three hits. It was the first hits for Telesco who went on to lead the team

in hitting at .377. East Orange fell 8-1, so that the Bellboys were riding high on top of the Big Ten standings at 4-1.

Bloomfield came to town and left taking first place in the conference with them as All County pitcher John Stanford blanked Belleville on two hits, 7-0. The Bengals never relinquished the lead and won the Big Ten Crown sporting a 12-4 mark. The Bellboys still sulking after the loss, Columbia streaked by Belleville with a 7-3 victory.

Belleville briefly returned to winning ways with a double-header win over West Essex, 2-1 and 4-1. The twin killing had the Bellboys ready and confident for a return bout with Bloomfield.

Again, John Stanford stymied the Bellboys, and Bloomfield edged Belleville 4-2, to take a commanding lead in the conference. Reaching for the low ebb of the season, the young and discouraged Bellboys dropped a game to lowly Nutley, 8-3, and Irvington, 4-3, in extra innings. Belleville played the longest game of the year when they held on for 14 innings before being nipped by a fine squad from Wayne Valley, 3-2. Nine scoreless innings of relief from Jerry Hoban was wasted in this horrendous batting exhibition.

The first round of the Greater Newark Tournament was next and Belleville, play-

## Recreation Softball

Last week in the Monday Softball League Viola Bros. defeated the very strong I.M.A. team and thereby took a share of first place. Both of these teams hold a 5-1 standing.

Ceramis, with a 4-2 record are next in line while Garden Liquors reached a 3-3 record by defeating Wallace & Tiernan. The third-round meeting of I.M.A. and Viola Bros. now appears to be the pivotal game in this league. Each

has won from the other in their first two encounters and each has won all of the rest of their games.

In the Tuesday League the Circles hung onto first place as they defeated Frankies. Rosellis, who gave the Circles their only loss, is in second place. Rosellis' losses have come at the hands of Corine Motel and the Belmont Tavern. In last week's second round game the Rosellis squeaked past the Belmonts 8-7 while

Corine Motel defeated the Who Is It and captured third place.

Wednesday League Action saw the Chip Inn post another win to make it three in a row. Edson Tool was the victim. Chip Inn shares second place with the Circle 11 who also had a win. Front running Park View House just barely got by a hard-fighting Landolfi team, final score 8-7.

## Milt's, P.B.A. Go Nine; Bocchino Hurls No-Hitter

Wallace and Tiernan, were stopped on their recent winning streak when they ran into the no-hit pitching of Varsity Club's Anthony Bocchino. Anthony knocked out three hits, along with Bob Baglione, to defeat W&T, 13-0.

Milt's Photo, recently upset by the Knights of Columbus, regained their winning ways by beating the Lions, 9-1. Mike Nicosia hurled a three-hitter and picked up two hits, as did Tom Agosta and Jerry Digori. Steve Coffey had a home run for the winners.

In a real slugfest, the F.M.B.A. edged Jolly Cleaners, 14-13, scoring the winning run in the final inning. F.M.B.A. churned out 16 hits, led by Guy Guancione, Les Del Tufo, and Jim De Angeles, all with three hits. For Jolly, Greg Childers and Ken Constantin had three hits and Tom Cecere blasted a homer with the bases loaded.

The Knights of Columbus turned on the batpower in the first inning against the P.B.A., scoring 14 runs, and the policemen responded with 10 runs, not enough to prevent

an 18-10 K of C win. Guy Vicari had four hits for K of C, followed by Ken Barnett with three. Jim Galaso had three hits for the P.B.A., and Joe Corbals had two.

Biancardi shaded Riefolo, 6-5, scoring three runs in the fourth inning. Pat Rusignolo led Biancardi batters with three hits, followed by Tom Henry with two. Stanley Brooks had two hits for Riefolo.

B.I.A.C.A. racked up four runs in the first inning and went on to defeat Landolfi, 7-

# Legion 9 Meets Maplewood Next

The Belleville Post 105 Legion baseball squad will travel to Maplewood tomorrow to try to recoup their losses after two setbacks last week.

The local nine dropped their home debut against Vailsburg in a one-run game that ended, 4-3. Later on, they were rapped, 8-1 by a North Newark team. On Monday, the Belleville club was scheduled to go against Verona, with a date in Millburn set yesterday.

Against Vailsburg, the Belleville Legionnaires jumped to an early lead in the third inning when Joe Cancelliere cracked a hot triple to score Joe DeFranza and Joe Cerza.

In the fourth inning, the Bellevilleites added another run to the first two. Joe Arminio singled to right field, and gained second base on Ron Goy's sacrifice bunt, then took third on the same play, capitalizing on a wild throw. He scored Belleville's

third and final run of the game on Vic Pasquariello's sacrifice fly.

Vailsburg's comeback came in the fifth and sixth innings, with the out-of-towners chalking up two runs in each to move ahead, 4-3.

In the final inning, with two outs on Belleville, veteran Joe DeFranza, blasted a triple to right field, and pinch runner Chipper Biafore came on to the basepaths. Joe Cerza hit a shot to deep left center field,

but the Vailsburg outfielder came up with the ball.

The nemesis in the North Newark game for the Belleville club was the stand-out pitching of Bob Lobanich, helped out by John Dennis. Belleville fell behind early, and were forced to play catch-up ball for the rest of the game. After two innings, they were down 3-0 and by the fourth the score was 8-2.

## Cage Clinic Signup

The Town Recreation Department has announced registration for two summer basketball programs will be conducted on July 3, at the Recreation House, 407 Joralemon Street, at 6 p.m.

The programs, consisting of a weekly clinic and a game night each week, is scheduled to begin on July 10.

One program will be devoted to basketball players 12-15 years old, while another, headed by Belleville High coach Dan Grasso, will concentrate on high school age cagers.

For further information, call Mark Corino at 759-8225.

## Belles Unbeaten In Ladies Softball

Commissioner Michael Marottis' office reports that the Belles of the Recreation Ladies Softball League have

survived six games without a loss. The Belles, led by Captain Audrey Roll have been tied once by the Sluggers and have gone on to win all the rest of their games. In second place are the Dazzlers with three wins and three losses. In last Monday's game against Captain Dolly Wagner's Dazzlers put themselves in the second slot when they defeated the Wizzards. Jerry Paoello's Sluggers also have only three losses but their record also carries two ties, one with the Belles and one with the Wizzards. Peggy Feder's Wizzards have four losses.

4. Gary Loma, Joe Wolf, Phil Cerza and Jim Giuliano each had two hits. Ken Mile threw a five-hitter for B.I.A.C.A. Rotary swamped the Elks, 16-4, piling up eight runs in the first inning. Lou Ritacco, Mark Montemarrano, Tom

Calabrese and Steve Neri all had two hits for the winners, while John Broo had two for Elks.

The Amyets defeated the Kiwanis, 12-4, with Mike Murphy pitching a four-hitter for the vets. Jess Marchese led the vet hitting with three.

while Harry Anderson with two. Frank Di Lorenzo and Joe Biase each had two hits for the Kwanis.

Rielolo scored a run in the bottom of the sixth to topple Varsity, 11-10. Joe Mustacchio had three hits for Rielolo, while Varsity's Brian Dunn had four, including a home run, and Joe Di Filempo and Bob Baglione each had three.

In a hard-fought battle, Milt's Photo came up with the winning run in the ninth inning to defeat the P. B. A., 4-3. Three runs by P. B. A. batters in the third inning tied the game up. Steve Coffey had three hits for the winners, and Jerry Di Gori hit a home run. Jim Galasso had two hits for the P. B. A.

Wallace and Tiernan downed Landolfi, 12-10, with Ricky Kiernan turning out three hits for the winners. Steve Kearny and Mike San Giacomia had two hits for the losers.

Thursday League is the only undefeated team remaining in the four leagues. A hard-won victory over the Third Rail (5-4) kept their record unblemished. Salvatores and Murrays Pub are the co-holders of second place and each posted a win last week, with Salvatores taking the Corner 15-3 and Murrays Pub beating Belleville Shoes.

If you don't like eating soggy sandwiches on your picnic, or any other time for that matter, spread the bread with butter all the way to the edge. It acts as a sealer for the filling as well as enhancing the flavor of the sandwich.

### Beck's Column

When one looks at those gleaming, beautiful looking refrigerators, they look pretty near all alike, regardless who made it. But that is only outwardly, actually there is a lot of difference if you look closer. Whirlpool refrigerators - the line which we feature - have porcelain walls, which do not retain odors. Many competitive factories use plastic extensively. Odors stick to plastic much longer than to porcelain. Magnetic door seals close safely all around and keep the cold in. Other factories use spot magnets, which do not close nearly as tight.

The very important vegetable compartment in Whirlpool refrigerators is made from steel with baked on porcelain. It won't keep odors as the plastic compartments do which are used by many other factories. The activated charcoal air purifiers in Whirlpool refrigerators inhibit the transfer of odors from one food to another.

It is inevitable that dust accumulates under the box. Most Whirlpool refrigerators and freezers have rollers and can easily be moved for cleaning.

These are only a few features which you will find in Whirlpool boxes. Of course, in the rare case that you should experience any difficulty,

we service what we sell. Beck's Radio TV, Hi Fi Appliances Nutley 667-4225

## Great Monmouth Sire Stakes Back

The New Jersey Sire Stakes harness racing program, now in its third successful year, returns to the Great Monmouth Fair at Freehold Raceway where two, three, and four-year-old trotters and pacers will contest over \$20,000 in purses.

Three-year-olds will have the spotlight Wednesday, July 3, with colt and filly divisions on the pace and trot.

Friday, July 5, will see the two-year-olds in four heats, each worth over \$2,000 to

these harness newcomers in only their second month of competition.

Saturday, July 6, the four-year-old speedsters will be turned loose on the Freehold oval and times, particularly in the pacing division, are expected to approach the 2:00 minute mark.

Monmouth Fair harness racing will begin at 2 p.m. Admission to the fairgrounds is \$1.00 for adults, \$.50 for children. Parking is free. There will be no pari-mutual wagering on the Fair races.

Plants may be propagated vegetatively by cutting, division, layering, grafting, and budding.

Oyster farming was practiced centuries ago in China and today is found in many countries.

# Talent Abounded, But Experience Was Lacking

(Continued From Page 13)

ing their seventh road game in a row, dropped their third decision to big John Stanford and Bloomfield in a laughter 9-1. Coach Travers, with one eye on this season and the other on next year, instituted a new infield composed mostly of underclassmen, where mostly seniors had been.

Montclair visited Belleville and got a glance of the new look. Joe Cerza, pitched a shut-out over this highly regarded team. A lead-off home run by Bill Telesco was all Cerza needed, but his team poured it on and Belleville romped 9-0.

This was the start of a four game win streak. Columbia was the second victim, 7-6, losing in the first round of the state tournament, Group IV. Steve Gerard delivered the heroics with a two-run single with two out in the last of the seventh as Belleville pulled out a 6-5 squeaker with Seton Hall. Passaic was the fourth visitor in a row to lose to the Local Nine, 2-1.

Belleville traveled to Union for the second round of the state tournament. In a sloppy game, Belleville lost to the eventual winners from Union, behind ace hurler, Frank Araneo, 8-2.

Returning to winning ways, Belleville edged Columbia to take two out of three games with them this year, 5-4. Dennis Nadzan three-hit Orange, 5-1, before what was probably the highlight of the year for Coach Travers.

Belleville again waiting until the last inning, won their seventh one-run decision, nosing out Irvington 6-5. This was Travers' one-hundredth victory of his baseball coaching career at Belleville High in his eighth campaign as mentor. The smiling Travers saw six Irvington errors account for five unearned runs as Irvington prac-

tically gift-wrapped the game for the Belleville coach.

Belleville defeated East Orange, 6-3, before dropping one to Hillsdale, 4-3, and taking one back from rival Kearny, 4-2. It is ironic that Belleville opened and closed their 1974 season with the Cardinals, defending champs of the Big Ten. Belleville waited the 58 days of the season for revenge of the wet opening day loss.

Belleville finished in a tie for third place in the conference, at 10-6. Columbia finished second at 11-5, after upsetting Bloomfield on the last day.

The overall 15-10 record gives the Belleville Nine a fine .600 percentage. Maybe the best thing of this year's record will be next year's record. Seven starters of the late season games are returning.

However, a few voids must be filled first. Belleville is losing eight seniors to graduation. Bill Telesco, who received All-Country recognition, was the most consistent hitter on the club.

This senior left-fielder led the club with 23 hits, including three doubles and a homer. His .377 batting average was tops on the team. The funny thing is that Telesco did not play varsity baseball his junior year, and when he played last year with the Varsity, he was a pitcher with a 5-0 record. Therefore, he was definitely the unexpected bright spot on the team. The only thing, was that Bill was troubled by a bad back which forced him to miss four games, and play in pain in numerous others.

Big Joe Cerza is leaving with his powerful bat. Joe has hit the most home runs in the two-year-old Belleville field. This year he hit three home runs and seven doubles, to lead the team in both departments. He also had a triple and batted .302, while playing in every game. All of Cerza's hits are true hits because Joe is not renown for his speed.

Cerza doubled up with duties on the mound. The big righthander won two and lost two, while saving one. He struck out 28 and only walked 11 in 31 innings pitched. He hurled the only shut-out on the team, and his ERA was an impressive 1.35. With an eared run average like that, Cerza should have won more games.

Versatile Joe Cancelliere is also gone. He started the season at third base, but after moving to second and finally to right field which is home to him, he raised his batting average one-hundred points to .259. Speedy Joe had six doubles and led the team with three triples. He stole seven bases and tied with Cerza for the lead in runs batted in with 12. Cerza and Cancelliere also tied in game-winning hits with 2.

Catcher Joe Arminio is leaving, too, but not after countless injuries behind the plate. Arminio played in constant pain, hurt from pre-season games on, appeared in only 17 games. Due to his injuries, his average fell to .257 after being up near .400.

He was backed up by scappy sophomore Gregg Dunleavy. Gregg hit .258 in 14 games. Arminio was unselfish, as he helped Dunleavy with the finer points of being a back-stop. Arminio also walked 13 times while striking out only seven.

Nick DeFilippis had to be the hard luck senior hitter. His average was below .100, but he always made contact, striking out only five times. Nick led the team in sacrifice flies and stolen bases, and twice drove home the winning run to tie for the team lead in that department. DeFilippis is also known for his rifle arm in the outfield.

Vin Lipoma, in his third varsity year, was caught in a slump that he couldn't snap all season. The lanky short-stop was victim of Coach Travers' move toward the

future, where sophomore Chipper Biafore split the last half of the season with Lipoma.

Travers is hit hardest most by graduation at the mound. Besides Cerza, he is losing Jerry Hoban, Mike Dondarski, and Dennis Nadzan. In his first varsity year, Dondarski was undefeated in two decisions and also saved a game. Nadzan got off to a slow start, but won his last three in a row to finish up at 4-3. He had the most wins on the staff and pitched the most innings. Hoban was deserving

of better rewards. In his 38 innings, Hoban lost three and won two. Two of his defeats came in extra innings, including Wayne Valley. His 1.25 ERA led the staff. Hoban, Nadzan, and Cerza tied for the lead with 28 strike-outs.

The pitching staff will build around sophomore Greg Petite (2-0) and Steve Senatore, a junior (2-2) for next year. On a whole, the staff had a ERA of 2.17, which is very good.

The team batting average was an inconsistent .237.

However, Belleville games were always exciting, as ten were decided by one run (Belleville won seven of them) and three more were decided by two runs (Belleville won one).

The year was based on streaks, which is appropos since this is the "Year of the Streakers". Belleville accumulated four-game win streaks three different times. However, the five game losing skein in the middle of the season was fatal.

The year was satisfying although the anticipated high

accomplishments were never really accomplished. Next year's squad should be spearheaded by Joe Grasso, Vic Pasquariello, Chipper Biafore, and Steve Gerard in the infield. The outfield returns Joe Panlone, Vin DeNotaris, and a host of hopeful JV sophomores who completed a successful 17-3 season, under the guidance of mentor Ralph LaConte.

Therefore, with another good season wrapped-up, a very highly successful one can be anticipated for the off-season.

## Steel Pier Attraction: Miss Carmel Quinn

Carmel has a particularly sweet flavor to the taste of most people as Steel Pier producer George A. Hamid, Jr. knows full well. With that thought in mind he will present the sweetest Irish voice in the world, Carmel Quinn on the famous Atlantic City showplace, Steel Pier, June 22nd to June 29th.

Dublin-born Carmel Quinn is a versatile performer with a compelling voice who is equally at home on the legitimate stage as well as nightclubs. Among her recent credits are starring roles in "The Sound of Music," "Wildcat," "The Boyfriend"

and "Finian's Rainbow." Her fans will best remember her as a regular on the Arthur Godfrey Show.

Carmel will be backed in her show by Frankie Lester and the Steel Pier Big Band. Frankie is best described by his admirers as a lover. "He loves his job, his music, the professionalism of his bandmembers and his life as a musician who is lucky enough to be leading one of the greatest group of musical talents ever assembled."

"Big Bands are coming back on the scene like never before," Frankie said.

With golf gaining in popularity as a participant sport and with more and more shotmakers not making so many shots on the greens while giving their clubs a good shot against nearby trees, the Essex County Park Commission is seeking to aid aspiring golfers by offering free group golf lessons at the Hendricks Field, Belleville and Weequahic Park, Newark golf courses.

The Hendricks Field program is already in progress, but neither the

## Hendricks Field Can Still Fit Beginning Golfers Into Classes

men's (14-Over) nor women's (also 14-Over) classes are completely filled so there's room for more. The classes there are set for Monday between 4 pm and 5 pm for the men and Tuesdays at the same hour for the girls.

Weequahic's sessions opens July 2 with the same Monday-Tuesday, 4-5 p.m. schedule.

Both programs are basically demonstration sessions by the club pros (Percy Jarvis at Weequahic and Jim Dacey at Hendricks

Field) and will provide a club for the beginners though the pros prefer that each student bring along his own.

The emphasis of the program, according to Jim Holloway, the assistant pro at Weequahic, will be on the

young golfers "not the old hackers. We'll accommodate as many as apply and hopefully out of a large class we'll get a few who stick with it."

Applicants may contact Jarvic at 923-1838 or Dacey at 751-0178.

winning nine of 10 matches, for a 900 percentage. The softball team finished second with an 8-2 record for an .800 mark. Losing in the regional tournament, the basketball team concluded with a 14-4 log for a .778 reading.

The gymnastics team was 6-2 (.750) and the swimming and diving team was 7-4 (.636) to finish with winning seasons. The tennis team was 4-4 (.500) while track was 2-4 (.333) and field hockey was 2-7-2 (.222). Overall, Montclair State was 52-28-2.

## Women's Program Stronger in Year

The women's athletic program at Montclair State College appears to be getting stronger, as proved by the eight varsity teams that competed during the 1973-74 season.

The eight teams combined to win 65 percent of its athletic contest and captured a championship in the process. Although the women do not belong to a conference, the basketball team did manage to cop the New Jersey State Invitational Tournament.

The fencing team registered the best score,

winning nine of 10 matches, for a 900 percentage. The softball team finished second with an 8-2 record for an .800 mark. Losing in the regional tournament, the basketball team concluded with a 14-4 log for a .778 reading.

## Union To Start Fem Cage Squad

Union College will field its first women's varsity athletic team next winter when the basketball team "graduates" from club status to intercollegiate level, according to an announcement by Dr. Albert E. Meder, acting president of the college.

Union's team will play in the women's division of the Garden State Athletic Conference, joining the men's varsity team in that conference, according to athletic director William Duncombe.

On the club level, the Union women's team compiled a 10-8 record over the past two years. Former

members of the team have gone on to play for Rider College and Kean and Montclair State Colleges.

In the GSAC, Union will be vying against community colleges from Atlantic, Bergen, Brookdale, Burlington, Camden, Cumberland, Gloucester, Middlesex, Morris, Ocean, Salem and Somerset.

In the 1974-75 academic year, Union College will also field varsity squads in cross country and soccer in the fall, wrestling in the winter, and golf and tennis in the spring as well as men's varsity basketball in the winter.

## Kiwanis Bests Key Clubbers In Volleyball

A volleyball match, pitting the Belleville Kiwanis Club against the youthful Belleville Key Club was played on Tuesday, June Eleventh at the Junior High School.

It was a match consisting of the best three out of five games and went right down to the wire. The final game was won with a tremendous comeback by the Belleville Kiwanians 15 to 13. The Kiwanians were led by the exceptional play of Case van Dam.

## Holy Family Leads League

Holy Family of Nutley and St. Philomela of Livingston are the only unbeaten squads in Divisions B, C and D of the Essex County CYO Grammar Boys' Baseball League. The loop is just past the halfway mark, and St. Philomela owns the D Division lead with a 6-0 mark, while Holy Family is pacing the C Division with five victories.

Our Lady of Mount Carmel, an Orange entry, is leading the B Division with a 4-1 record, but St. Lucy's of Newark lags by only a half-game with its 4-2 log.

**TELLERS  
is your  
experience  
adding up to the  
career you deserve?**

Take a long look ahead.  
If you're certain that the position you  
hold now promises ample rewards for  
capable effort — now and in the future  
— we advise you to stay right where  
you are. But if you're doubtful about  
your chances to move ahead, consider  
what we have to offer.

First National State begins by paying  
excellent salaries and providing un-  
equalled benefits for savings and  
commercial tellers. But that's only the start!  
What we're looking for is banking  
talent, people who want a future com-  
mensurate with their abilities. Busy,  
dynamic First National State with its  
headquarters in Newark and 30 branch  
offices is building its future on people of  
talent. With our rapid growth and our  
policy of promoting people from within,  
there is plenty of room for you to soar.  
The future may be closer than you think.

Please apply any weekday  
9:30 A.M. to 3:30 P.M. at our  
Personnel Dept.

# But So Are Jobs

## Metropolitan Region Population Is Slowing Its Rate of Growth

Population in the New York-New Jersey-Connecticut Metropolitan Region will increase by 17.6 per cent and jobs by 17.6 per cent between now and 1990, but both will grow according to a comprehensive forecast published today by The Port Authority of New York and New Jersey.

Population in the 62-county region will grow from 18 million persons in 1970 to 20.2 million in 1990; and job levels will rise from 8.1 million in 1970 to 9.5 million in 1990. These are the conclusions of the 72-page Port Authority report, entitled "People and Jobs: A Forecast of Population, Households, Labor Force and Jobs in the New York-New Jersey-Connecticut Metropolitan Region: 1975-1990."

The forecast is predicated on a continuation of long-term national economic growth, with the recognition that the current cyclical downturn may serve to delay anticipated 1975 regional levels. In addition, such current national problems as energy and material shortages, environmental pressures, inflation and productivity concerns have been recognized, although no allowance has been made for severe dislocations during the forecast period.

Of particular significance in the new forecasts is the incorporation of dramatic change since the mid-sixties in three key factors. First, the rapid decline in national and regional fertility rates which has now dropped below zero population growth. At the Zero Population Growth rate of 2.11 children per woman, births would just off set deaths in about seventy years. Second, the sharp job losses incurred in the Region since the 1969-1970 recession; and third, the coming of age of the large number of babies born after World War II.

These young men and women will continue to enter the labor force in large waves for the rest of the decade, putting pressure on the region's job market and on its housing supply. The magnitude of this emerging group will be such that the Region's labor force and number of households are expected to increase considerably faster than the population as a whole, 19 per cent compared to less than 13 per cent for population.

Despite a forecast of substantial job growth, the labor force increase will be sufficient to deter any net immigration to the Region before 1990. In contrast, the Region attracted a net inflow of 298,000 persons between 1960 and 1970.

The combination of low fertility rates and zero net migration will not only reduce population growth from the four million increase of 1950-1970, but is also expected to shift the age distribution away from the younger groups toward the middle-aged. By 1990, the 20-44 age group will

comprise 42 per cent of total population compared with 32 per cent in 1970, while the under-20 age group will decline from 34 per cent of total in 1970 to 28 per cent in 1990.

Lower fertility rates also imply that a greater proportion of singles, childless couples and small families may opt for apartment dwelling in suburban as well as central city locations, thus creating a more closely knit and densely populated area. Out-migration from the Region's central cities to the suburbs will continue, but at a slower rate than during the past two decades.

New York City population is forecast to remain stable at 7.9 million through to 1990. The New York suburbs will gain one million people, a growth of 25 per cent over 1970, and the nine counties of the New Jersey sector will also gain a million persons for a growth rate of 16 per cent.

Suffolk County is expected to attract half a million, almost one-fourth of total regional population growth by 1990. In New Jersey, population gains will be substantial in Middlesex, Monmouth, Morris and Somerset Counties. Over 400,000 people will migrate to this area, and together with expected natural increase, will result in an addition of 745,000 persons, a 46 per cent growth.

New York's northern suburban counties — Rockland, Orange, Dutchess and Putnam — will also show significant

population gain. Rockland County, which experienced heavy growth during the 1960's will grow but at a substantially reduced rate for the next twenty years. The outlying counties of Orange, Putnam and Dutchess, as a group, are expected to experience an increment of 228,000 people or 5 per cent over the 1970 base.

The more mature suburban counties — Nassau, Westchester, Bergen and Essex — will exhibit slow to moderate gains between now and 1990, while population should continue to decline in Hudson County, Manhattan, Brooklyn and the Bronx. In New York City, Staten Island, the only county in New York City with considerable vacant land, should see substantial growth.

Fairfield County in Connecticut is expected to have a population growth of 182,000 persons, or 23.5 per cent for the twenty-year period.

The New York Region economy is expected to recover from the prolonged job losses that resulted from the 1969-70 recession and to add 1.4 million jobs by 1990, a gain of 17.6 per cent. New York City jobs are forecast to increase by 193,000 a gain of 4.7 per cent over 1970. Manhattan should see a net increase of almost 400,000 jobs, with rapid growth expected in Bergen County (up 150,000) and Middlesex County (up 127,000) by 1990. Other New Jersey counties

expected to show appreciable job growth are Monmouth and Morris, with a gain of 90,000 jobs each; Union County with a job increase of 82,000; Somerset, with 52,000 added jobs; and Passaic County with an expected increase of 43,000 jobs by 1990.

Job levels in the suburban New York counties should approach two million by 1990, a gain of 477,200 or 34 per cent above 1970.

Nassau County should see some moderation in the rate of job growth by contrast to the last two decades; but is still expected to add approximately 100,000 new jobs to the 1970 base.

### Actor's Cafe Set to Open 'Jacques Brel'

"Jacques Brel Is Alive And Well And Living In Paris," a musical, will open on Friday, June 21 and run for seven weeks through August 3 at the Actors Cafe Theatre, So. Munn and Central Avenue, East Orange. Shows will be given every Thursday, Friday, and Saturday at 8:30 p.m. and on Sunday at 7:30 p.m.

The cast includes Sheila Sugarman, Barbara Kennedy, Maria Lisa Magliara, Larry Cutrone, Jessie Cline, Frank Krontak. The director is Tom Ribbink. Reservations can be made by calling the box office at 675-1881.

The theatre will have open casting for all parts in Joe Orton's "What The Butler Saw" on Sunday, June 23 at 7:30 p.m. Production is scheduled for August 9 thru Sept. 7.

SMILING WINNERS of the 10-speed bicycle in the Franklin Avenue Plaza Bootery "End of School" drawing is (right) Allison Schlyen, seen with (left) her mother Mrs. Maxine Schlyen and baby Jennifer. Also seen is Plaza owner Matt Polito. Contest was open to all customers of store.

## Turnpike Will Unveil New Park-Ride Spot

New Jersey Turnpike commuters traveling to and from New York City will find the going great starting July 8.

At 6 a.m. on that date the Turnpike Authority's second and newest Park-Ride facility will be open to the public to accommodate nearly 1000 cars at the northern end of the Turnpike. The first Park-Ride, off Interchange 9, East Brunswick, was opened in 1972. It holds about 450 cars.

Providing the most up-to-date convenience for Turnpike patrons, the new Park-Ride at the Vince Lombardi Service Area in Ridgely, Bergen County, will permit commuters to park their cars at the facility and travel relaxed the rest of the way by modern air-conditioned bus to New York.

They will return the same way by bus to the new Park-Ride, getting into their vehicles on the way home.

The new Park-Ride will feature more than riding convenience. Motorists may get to the facility from the northern extremities of the Turnpike without having to pay a toll since they would not reach toll plaza exits at 16W-18W or 17.

However, driving on the Turnpike from the south a toll would be required on exit at any of those plazas.

The Vince Lombardi Park-Ride will be operated by the Manhattan Transit Co. of Elmwood Park (formerly East Paterson) under a three-year contract with the Turnpike Authority.

Use of the Park-Ride facility will be built into a \$2.50 round trip fare on Manhattan's buses. They will run at a 10-minute headway, or frequency, during peak hours in the morning and late afternoon, to and from the Port Authority bus terminal in New York City.

During off-hours, the buses will operate at a frequency of 30 minutes or less.

The Park-Ride bus service will be in operation from 6 a.m. to 8:30 p.m. to New York City and from 8 a.m. to midnight from New York City, Monday through Friday for the time being.

Commuters will be able to buy their bus tickets at a modern canopied terminal building, where they will have vending and newspaper machines available. Those patrons with time to spare can make use of the nearby Marriott restaurant facilities of the Vince Lombardi Service Area.

In addition, they will be able to gas up at the Exxon service station there.

# Jersey Symphony Releases Details on Coming Season

Mrs. George E. Williams of Upper Montclair, President of the Montclair New Jersey Symphony Orchestra League, announced today the details of the Symphony's six concert series for the 1974-75 season. The concerts will be given at Montclair High School on six Saturdays at 8:30 p.m. October 19, November 30, January 18, February 15, March 22 and April 26. Henry Lewis, Music Director of the Symphony, will conduct all concerts except the November date when Jesse Levine, Associate Conductor, will be on the podium.

The October date promises to be one of the most exciting of the season as it will feature Giorgio Tozzi, who will sing operatic arias. Also on the program will be the monumental Shostakovich No. 1 and Beethoven's incredible Symphony No. 7. The November concert will have one of the best loved pianists of the day, the Spanish artist, Alicia de Larrocha in the exquisite Chopin Piano Concerto No. 2, one of her great specialties. Also on the program will be Ruggles' Men and Mountains and one of the most popular works in the symphonic repertory, the Franck Symphony in d.

Called the "romantic violinist supreme", Aaron Rosand will be soloist for the January program in the Brahms Violin Concerto. Also on the program will be the Overture to one of

Mozart's most beautiful operas, "The Magic Flute", and Schoenberg's setting of Brahms' Piano Quartet No. 1. The brilliant young Russian virtuoso, Viktor Tretyakov, will be soloist in the February concert, playing one of the most famous works in the repertory, the Tchaikovsky Violin Concerto. The gigantic Bruckner Symphony No. 9 will close the program. The March concert will have the complete "Acis and Galatea" of Handel, a first on these programs, one of the most melodious in the Anglo/German master's creations. The sixth and final concert in April will have the brilliant cellist, Lynn Harrell, as soloist in the Bloch

Schelomo. The Finnish genius, Jan Sibelius, will be represented with his Symphony No. 2. A third work will be announced.

Subscriptions to the concert series are being offered at a 33 1/3 discount below regular box office prices. Mrs. Harold Rabner of Upper Montclair and Mrs. James Kobak of Montclair are Subscription Chairmen. The campaign will wind up with a Golden Notes Sour Hour Party June 1 at the home of Mr. and Mrs. G. Norman Widmark in Montclair. For complete information call (201) 624-8201 or write New Jersey Symphony Orchestra, 150 Halsey Street, Newark, N.J. 07102.

## Nostalgia Reigns At Meadowbrook

Senior Citizens will particularly enjoy the nostalgia in the presentation of "The Wayward Way," a revival of the musical version of the melodrama, "The Drunkard" or "The Fallen Saved," at the Meadowbrook Theatre Restaurant in Cedar Grove, from July 24 through Aug. 31. Special group rates are available to bonafide senior citizen organizations on Wednesdays and Thursdays with substantial savings from the regular prices. The special

rates include a full course dinner, a regular performance, and dancing to the Gay '90s Band until closing. "The Wayward Way" promises fun for everyone, with audiences invited to hiss the villain, cheer the heroine and advise the hero to decline that sinful drink. The decor of the Meadowbrook will be transformed into a setting complete with the trappings of the period. Male guests will be supplied with black mustaches.

The first version of the melodrama was written by William H. Smith, a pseudonym for a "gentleman" probably a minister, and was first performed at the Boston Museum in 1844. The play was produced at intervals over the years for record performances. In 1953 in Hollywood, where it had been playing for 20 years, it was revised into a musical version which continued for six more years. A highly acclaimed and very successful presentation was made in New York in 1934. Since then, it has had copious productions in New York and elsewhere in cities and towns.

This antique spoof of the evil of drink is guaranteed fun and perfect for summertime entertainment. Performances will run Wednesday through Saturday.

### Unleaded Gasoline At Parkway Stops

Unleaded gasoline will be available at all service stations on the Garden State Parkway on July 1 in compliance with federal regulations, the New Jersey Highway Authority announced today.

Authority Chairman George M. Wallhauser, Sr. said that with the introduction of the unleaded products, the Citgo and Texaco stations on the Authority-operated toll road will continue to offer regular gasoline too but will discontinue the sale of premium grades. The Exxon stations, he added, will sell premium as well as regular and unleaded.

Texaco has a station at the Montvale Service Area, Citgo has stations at the Monmouth, Forked River, Atlantic City and Seaville Service Areas, and Exxon has stations at Brookdale, Vaux Hall and Cheesequake.

Chairman Wallhauser noted that one of the major oil companies has found that regular and unleaded gasolines satisfy 80 per cent of the motorists today. Its studies show, he continued, that in the future, even more automobiles will be able to use these two grades because of the increasing number of vehicles being designed with engines that require an unleaded or regular product.

**PIG POWDERING**-Turtle Back Zoo keepers seem to have the situation well in hand as they give one of the piglets at the Children's Zoo a dusting. The zoo has recently changed its policy to allow all children up to twelve years old, (accompanied by an adult) in for free. The zoo is located at 560 Northfield Avenue in West Orange. Turtle Back Zoo is open daily from 10 to 5 and on Sundays and holidays from 11 to 6.

## Kids Are Free At Turtle Back

No one has to remind you that the cost of everything is spiraling upwards, including the cost of recreation.

Taking the family out, even for a day's entertainment can prove to be an expensive ordeal involving gasoline for the car, high admission rates, lunches and all those "other" incidentals you end up paying for.

Turtle Back Zoo, a facility of the Essex County Park Commission, may be one place you can visit and beat all those money hassles. Recently, Robert R. Peacock, President of the Essex County Park Commission, announced that effective Saturday, May 25, children up to and including the age of 12 will be admitted free at Turtle Back Zoo.

Admission for Senior Citizens will also be free and adult rates will become a very economical \$1.50. The popular Package Tour, however, will remain at its fixed price. "This should ease the pinch on everyone's pocketbook," Mr. Peacock said. "It will afford people an opportunity to spend more days out enjoying themselves at less cost. Price changes like this, benefiting everyone," he added, "is in keeping with the Essex County Park Commission policy which strives to provide the people of Essex County with the best in recreational facilities, programs and activities, being readily

available and at little or no cost."

Reasonable admission prices at Turtle Back Zoo isn't the only way you'll be able to save. The zoo, right off Northfield Avenue in West Orange, is conveniently located in the New York-New Jersey metropolitan area. This means you can keep travel expenses down to a minimum since the distance to the zoo is nothing at all. Once inside the zoo those costly lunches and incidentals you experienced at other facilities and places, just don't exist here. Everything is economically priced.

"I don't believe important things such as recreation and family fun should be passed up due to soaring prices," said

Mr. Harold VanCott, Superintendent of Recreation at the Essex County Park Commission, commenting on the Turtle Back Zoo price change. "The benefits from recreation are just too valuable to our mental and physical well-being. If, as a result of this price change, more people are encouraged to use Turtle Back Zoo as a recreational and entertaining facility, then the Essex County Park Commission has met the needs of many people and this is satisfying to us."

Turtle Back Zoo is open daily from 10 to 5 and holidays and Sundays from 11 to 6. The zoo is located at 560 Northfield Avenue in West Orange, New Jersey.

## Festival to Be Held For Black Heritage

The second annual Black Heritage Festival at the Garden State Arts Center will be staged Sunday afternoon, July 14, with virtually an all-New Jersey cast of entertainers headed by Kool & The Gang.

The date, attractions and key committee assignments for the event were announced today by Commissioner Sylvester C. Smith, Jr. of the New Jersey Highway Authority, which operates the

Arts Center on the Garden State Parkway.

A committee representing the Black community of New Jersey, in charge of all details for the festival, has elected Dorian L.R. Parrott of Neptune as general chairman, Douglas G. Amos of East Orange as co-chairman and Mrs. James R. Cowan of Maplewood as chairman emeritus.

James Orange of Newark is chairman of the afternoon program committee, with Mrs. Evelyn Matthews of Newark as co-chairman.

John McGhee of Newark is publicity chairman, and Miss Charlee Mae Brown of Neptune is co-chairman.

Ms. Geneva Culp of Newark is chairman of the morning expo committee, which is arranging for lesser-known talent to perform on the Arts Center mall as part of the day's festivities. Miss Brown also is co-chairman of this unit.

Mrs. Constance Washington of the Newark Golden Age Project, 760 Clinton Ave., Newark, 07109, is State ticket chairman, and Ms. Georgia Berry of 279 Broadway, Long Branch, 07740, is co-chairman. Mrs. Washington's phone number is (201) 371-9810, and Ms. Berry's is (201) 229-5800.

Kool & The Gang are seven young musicians out of Jersey City who started as a boys' band that played locally for about five years and then moved into the hit-record class in 1969.

## Opening Night Set For Arts Center

June 26 will be the opening night for the Garden State Arts Center's seventh season. The Holmdel amphitheater will present the prestigious National Symphony Orchestra from the nation's capital with James De Priest conducting and famed guitarist Christopher Parkening as guest soloist.

The opening night will be its usual glittering event with many notables to be in attendance. According to Commissioner Sylvester C. Smith, Jr. of the New Jersey Highway Authority which operates the Center, "we have invited Governor Brendan T. Byrne and former Governors Driscoll, Hughes, Meyner and Cahill."

Commissioner Smith went on to state "we have received many compliments on the caliber of popular and classical entertainment scheduled for this 1974 season. The Arts Center is now receiving acclaim across the country and with the National Symphony and Mr. De Priest and Mr. Parkening we will have artistry worthy of this beautiful showplace." We are hopeful, the Commissioner went on, that peo-

ple from every corner of New Jersey will avail themselves of what the Arts Center has to offer this year. Our classical music lovers in the state will find a varied and interesting schedule, and we do hope they'll be here for the 1974 premiere so that they can enjoy the fine program that will be offered.

Vikki Carr, songstress, and comedian Norm Crosby will be in for three days following opening night. Miss Carr is one of the loveliest and most talented female vocalists in America today and funnymen Crosby is a sought after night club and television comic. Tickets are available for both the opening night and the Vikki Carr shows by calling (201) 264-9200.

Commissioner Smith summed up his remarks on the 1974 season by stating, "we find that more New Jerseyans than ever are recognizing that 'the world's greatest entertainment is right in your backyard.' With the completion of or additions to new highways such as Interstate 287, 440 and route 280, the Arts Center becomes even closer for people all over the State. We hope to see them at the Arts Center this season."

## Booklet Reviews Women and Law

An informational pamphlet on "Laws of Special Interest to Women," printed in both English and Spanish, was released today by The New Jersey State Commission on Women, an agency of the Department of Community Affairs.

The 24-page bi-lingual publication, which was prepared by the Commission with the collaboration of the New Jersey State Bar Association Committee on Women's Rights, answers general questions women may have about their rights and responsibilities concerning marriage and divorce, property, social security, employment, children and citizenship.

For example, the booklet points out that women are eligible for jury duty on the same basis as men and that women can have a bank account or own property in their own name. Also, the booklet informs women about such basic rights as how to register to vote, and notes the grounds for divorce in New Jersey.

According to Sylvia Sammartino, Commission chairman, the Commission hopes the pamphlet will help make women aware of their rights and help to minimize misconceptions and misunderstanding about these legal areas. She noted that the Commission published the booklet because of its legislative responsibility to serve as an informational clearinghouse for the women of New Jersey.

### Masterwork Sets Chamber Music

The Chamber Musicians of Masterwork under the direction of Jerzy Garbien will hold rehearsals during the summer months on Friday evenings at 7:30 at The Masterwork Music and Art Foundation, Morris County Park Commission Cultural Center, 300 Mendham Road, Morristown, New Jersey.

Those interested in playing chamber music with strings and wind instruments are invited to attend. For further information, call Mrs. Charles Bogert, manager, at 377-1133 evenings or call The Masterwork Music and Art Foundation, at 538-1860 weekdays between 9 a.m. and 1 p.m.

**This Week's Horoscope**

(June 22 through June 28)

**ARIES (March 21-April 19):** You have a chance to go from the known to the unknown. You are not only first in the Zodiac, Ari, but you are often first to seize opportunity for advancement when it is presented. You understand that though the postman always rings twice, opportunity seldom does.

**TAURUS (April 20-May 20):** Complex problem of personal nature cannot be solved with simplistic answer. You will have to do some rooting, digging, slough off lethargy, Taurus, and ask questions. What has been blurred comes into focus. Week clicks to an interesting close.

**GEMINI (May 21-June 20):** You are basically cerebral, Gem, and thus tend to approach romance from an intellectual standpoint. This is fine, but don't carry it to ridiculous extreme. In week ahead, make more love and less conversation.

**CANCER (June 21-July 22):** You are strongly affected by the moon, dear friend. And you're just as romantic and changeable. In days ahead, guard against petulance. Minor irritations are hard on your blood pressure and your reputation. Be more patient. Instant coffee and tea are one thing, but instant success is a whole 'nother matter.

**LEO (July 23-August 22):** The Sun is your sign, Leo, and because of this you are blessed with great personal charm. In week ahead, you are the magnet and others are drawn to you like helpless, little iron filings. Ah, would that we could ALL be so fortunate.

**VIRGO (August 23-September 22):** Don't spend too much time posing as "The Thinker," Virg. You are not a product of the sculptor Rodin, you are a product of Momma Nature. Sure, you are cool as marble on the outside—but inside a fire rages.

**LIBRA (September 23-October 22):** Yours is an air sign, Libra, and as you know, air is for intellect. Like air, you circulate easily, do some extracurricular circulating in week ahead. When you're fresh, you're not only invigorating, but an absolute joy. Even a sozzled Libra is better than no Libra at all.

**SCORPIO (October 23-November 21):** You are the second water sign, Scorp, and water is for emotion. Let's face it, you do have unusually powerful emotional responses. Pisces enters picture. You're both water babies and your mutual plans proceed swimmingly.

**SAGITTARIUS (November 22-December 21):** Others may cause you some mental aggravation, Oars, but perhaps you have it coming. Remember, dear heart, you're not the easiest person to get along with. You're headstrong and bristling with ambition. Sometimes you make others feel insecure. Try using more tact.

**CAPRICORN (December 22-January 19):** Member of opposite sex may invite you to visit the other side of the mulberry bush. Go if you like, Cap, but please don't blame Olga if you discover that you've been given the old run around.

**AQUARIUS (January 20-February 18):** That gulf between you and member of another generation may widen unless you take situation in hand soon. Like TODAY. The clock cannot be turned back. Know this and act accordingly.

**PISCES (February 19-March 20):** You are by nature a gentle person, Pisces, and most generous, too. Don't change. But don't permit others to take advantage of you, either. Remember this, my sweet, if St. Francis were alive today, he would love you.

"THE NATURAL LOOK"

SHOP-RITE  
MEN'S  
HAIR SPRAY

Here's a new grooming aid for the  
men in your life! Shop-Rite's MEN'S  
HAIR SPRAY affords the man of to-  
day the ability to maintain day-long  
hair control with a natural look. No  
more need to use water, creams or  
talcum. He simply sprays on "The  
Natural Look" for that cool, dry con-  
trol you'll both love!
