

Commission okays police agreement

By CHUCK JACKSON

Belleville's Board of Commissioners unanimously passed on first reading Tuesday, an ordinance implementing the town's contract with the police.

The measure, introduced by Public Safety Director Rocco Saletta, is the first step in the town's compliance with a September 24 court order directing the Commission to have the contract in force by November 1. Due to overriding legalities, the contract will not actually go into effect until November 16, but the PBA is apparently satisfied that the town has taken some action.

Mayor Michael Marotti also said Tuesday the Commissioners would meet in special session on or about November 1 in order to effect budget transfers. The shifting of funds will be necessary in order to raise the \$92,000 needed to meet the police raises. If sufficient funds cannot be raised by the transfers, the Commissioners will, sources said, have to vote for an emergency appropriation making up the balance of the money. Such a resolution could be passed at one meeting

Since the contract does not go into force until November 16, sources say the

Commissioners may take the 15 intervening days to study ways of raising the money. If necessary, they could then pass 1 the emergency resolution.

The introduction of the ordinance at this week's Commission meeting may signal the end of a six-month battle between the PBA and Public Safety Director Saletta. The officers have been fighting to have the contract signed since it was handed down by an arbitrator in April

The town countered police demands with a plea of no funds. Commissioner Saletta also had to resort to the layoff of several officers in order to trim down the police pay bill.

The November 1 deadline came after police union officials returned to court in an effort to force the town to implement the agreement. Previously, the Commissioners had ignored two other court directives on the contract. The most recent order was viewed by many as the final showdown between the cops and the Commissioners. Had they failed to act at this time, the PBA would have sought the incarceration of the five Directors and Town Treasurer Francis McCoy There is still a possibility the PBA

signature on a Public Works payroll thought to have been a forgery has been labeled authentic by Essex County Prosecutor Joseph Lordi.

That announcement this week apparently ends a seven month investiga tion into the matter, but the Prosecutor's office is reportedly looking into other matters concerning Commissioner Mary Senatore's department

The forgery question was raised in March by Town Treasurer Francis Mc-Coy. The other matters also under investigation were also brought to the prosecutor's attention by McCoy.

McCoy charges that on two occasions, supplies were purchased for the Public Works Department without following proper bidding procedures. The expenditures in question occurred in 1975 and involved the purchase for \$2,953 of legations.

pipe and a \$3,368 expenditure for fire hydrants.

State law requires that any purchase in excess of \$2,500 be done through competitive bidding.

McCoy is also claiming former town lianning engineer Howard Schoor was appointed to his position in violation of Civil Service regulations.

Commissioner Senatore has denied any wrongdoing, and in return has made allegations against McCoy, including charges that he is being paid extra money for some of his work

McCoy declined comment on the Commissioner's statements, since, he said, the entire matter is under investiga-

get Board's nod bachelor degrees will be paid \$10,100 for

The Board of Education approved a two year teacher's contract with the Belleville Education Association (BEA(at a special meeting of the Trustees Tuesday

night The salary boost for the local educators passed with the approval of six Schoolers and the lone exception of Board Member Richard Mahmarian, who objected to the raise because it would prevent expenditures in future Board budgets on necessary plant and equipment needs.

The new contract will be retroactive to September 1, 1976 and includes a 6.45 percent raise this year and a 7.45 percent raise next year. Starting teacher's with Please see "Educators" on page 2.

the 1976-77 school year and \$10,400 the next. The settlement includes a 2.4 percent incremental raise for the teachers each year.

School Board Presiday Matthew Pica called the new contract with the Belleville teachers a good one and said the long negotiations with them paid off for the Town because the salary increase is one of the lowest boosts for educators in the county this year.

Michael Harvey, president of the BEA, said the teachers had won a "very, very, good contract," considering 'the times and the community. He added the provisions of the new contract were "fair and equitable to both parties

Tree trouble

Surveying the damage done by a falling limb, police officers Ralph Sia (left), Michael Petrillo and Sergeant Cornelius Berrigan (right) wait for repair crews to arrive. The limb came down on Prospect Place during last Saturday's wind storm, wiping out telephone and power cables to two homes. Nicholas Peluso Jr., in front of whose home the tree stands, sent a letter to the Times/News this week detailing his efforts to have the growth removed.

High steppers

Members of the Belleville High School band were among the marchers in Sunday's giant Columbus Day parade in Newark. The parade, reportedly one of the largest in the country, also featured Bob Hope and his wife, and politicians of

Senatore to appoint Bernard O'Connor building inspector for the Town of Belleville

Mrs. Senatore had challenged O'Connor's credentials, saying he misrepresented his qualifications in applying for the job. O'Connor was the top scorer on the competitive test for the inspector's job.

Commissioner Senatore said Tuesday she would meet with Town Attorney John Scott to discuss the possibility of an appeal of the ruling. She claimed she was kept from a Civil Service hearing on the matter, indicating the appeal might be based on that incident. She also said she wanted to see O'Connor show proof of his credentials.

Civil Service rejected Mrs. Senatore's earlier appeal in a letter dated September 23, which said she had "failed to support numerous allegations regarding Mr. O'Connor's qualifications."

It went on to say, "...the Commission concludes that Mr. O'Connor meets the minimum requirements of the ex-

Assessor finds rebate errors

The Tax Assessor's office in Belleville has discovered a number of citizens are making similar mistakes on forms filled out claiming the Homestead Rebate.

In order to avoid any problems, Assessor Peter Torre asks that taxpayers note these common errors:

1. No signatures

2. Failure to include all Social Security numbers of all owners

3. Failure to attach proof of being over 65-years-old

4. Failure to attach doctor's certificate with claim for disability.(That doctor's statement should say the claimant is permanently and totally disabled and unable to engage in any gainful occupation.)

5. Both copies must be returned.

Unless the above requirements are properly fulfilled. Torre said, they will be rejected.

Any taxpayer who has not received a rebate form should contact the Assessor's office on or before November 1.

The telephone number is 759-9100

every stripe. Vice presidential candidates Robert Dole and Walter Mondale topped the political list.

The Board also passed two year contracts for custodial and office employees. The agreement reached with the Belleville Custodial and Maintenance Association implements a \$900 raise this year and an \$1.100 boost next.

The two year contract approved for the schools office personnel grants the desk workers a \$700 increase this year and \$800 next.

All three new agreements are retroactive to September 1, 1976 and run until September 1978. Negotiations on the teachers' contract started last October. Board President Pica thanked Trustees Lawrence Schwartz, Richard Mahmarian, Michael Chieffo, and Caesar Romano for negotiating forthe Board the teacher, office worker, and custodial contracts.

The Board also passed a resolution to pay \$2,000 per year for a School Board's budget in 1977-78.

computer terminal service to be used at the senior high school. The ter-minal will allow students to receive guidance information through the Asbury Park Board of Education Computer Center. Students will be able to receive information on college enrollments, specialties, courses, and costs through the service. Dr. John Greed, Superintendent of Schools, said the terminal will also be used for high school math and science courses.

Board Member Mahmarian, who took no part in the vote for the computer terminal, said he opposed the teachers' contract for three reasons. One, because the agreement allowed the contract to be reopened for language changes if both parties agreed to it. The longevity of the contract was Mahmarian's second point of contention and lastly he disapproved because it would strain the

Tri-Town members Mary Jo Torre (left) and Rev. Hazel Thomas, both of Belleville, watch as Mayor Michael Marotti signs the proclamation designating October 17-24, as National Business Women's Week

'Business women's week' proclaimed by mayor

To celebrate National Business for the signing of a proclamation by Business and Professional Women's towns it represents Club, Incorporated of Belleville,

Now open in Clifton, N.J. A specialty store that couldn't exist anywhere else in the world!

"A variation on a theme"

The Rowe-Manse Emporium has opened its doors and become a beautiful new Specialty Store.

This expansion is the fulfillment of a dream both for us at the Emporium and for you, our loyal customer. We started 18 years ago in a small Hallmark card shop in the Styertowne Shopping Center (if you blinked your eyes, you missed the store). Now we now occupy three full floors of the most stunningly beautifind and unique Specialty Department Store to be found anywhere in the world! (Permit us our pride!)

We are what we have become because you believed in our Rowe-Manse. Over the years you've asked the Emporium to be your source of all the finer things in life — and we responded. Not only with fine merchandise, but also with the personal service and courtesy you deserve. The name "Rowe-Manse Emporium," under a perfect gift wrap, became synonymous with good taste. We have always operated on the basis that the Emporium was not just a store, but an Idea! And we have both benefited.

We are now about to embark on a great adventure. The new Rowe-Manse Emporium will be a variation on a familiar theme. We are taking the best of what we were and adding to it a magnificent collection of fashions, jewelry, accessories, giftware, goods and services to make us - more than ever before - a source of all that is fine, desirable, and necessary for truly gracious living. We pledge ourselves to good old fashioned service and the

premise that the satisfaction of you, the customer, means more to us than the sale.

Please join us at our new Rowe-Manse Emporium - and thank you for your past patronage. We look forward to serving you again.

Women's Week, The Tri-Town the respective mayors of the three Mayor Michael Marotti of Bel-

Bloomfield and Nutley, has arranged leville met with two Tri-Town nembers, Mrs. Mary Jo Torre, President and Rev. Hazel Thomas, Corresponding Secretary, both of Belleville, to sign a statement which proclaims the week of October 17, 1976 as National Business Women's Week

A display depicting club activities will be shown at the Belleville Public Library during Business Women's Week

The Business & Professional Women's Clubs are composed of women who are actively engaged in business or the professions and are devoted to the principle of "Women helping Women.

The group's next meeting will be held on Thursday, October 28 when a program titled, "A Last Look at Histerical History" will be presented.

Membership information can be obtained by writing to Mary Pat Desmond, 476 Joralemon Street, Belleville. The Tri-Town Club meets once a month at the Park Methodist Church Hall, Broad and Park Streets, Bloomfield, with programs interesting to all working women:

THE STATE WE'RE IN

We can rejoice for a change

By DAVID F. MOORE

As the season for fall foliage arrives, seemingly early this year, take a drive to New Jersey's northwest corner, move across the New York state line to Port Jervis, and then head north along the Delaware River via route 97

You will soon enter the dramatic "Hawk's Nest" section of the river, where the highway is studded with scenic overlooks permitting you to gaze hundreds of feet downward to the peacefully flowing Delaware. In early October it should be ablaze with the vivid hues of autumn.

While you're looking, rejoice that after seven years, the wheels of government have revolved enough to formulate a plan to spare the upper Delaware River from the piecemeal destruction it faces from haphazard development with riverfront cottages, honky-tonks and hot dog stands.

The proposal is to have Congress and the President include the upper Delaware (75 miles of it, between Port Jervis and Hancock, N.Y.) in the National Wild and Scenic Rivers System. The National Park Service would administer the riverfront in New York and Pennsylvania, and local municipalities, it is to be hoped, would adopt appropriate zoning laws to protect the integrity of one of the most scenic areas in the northeast.

The latest word is that quick Congressional action will be sought so that President Ford can

sign the bill before election day. That 75 miles includes a lot

more than the dramatic Hawk's Nest section. Readily accessible by car on both sides of the river for most of its length, the scenery is splendid, varying from wilderness to vistas back through time to the 19th-century American farmscapes.

Although it doesn't actually touch New Jersey, this river area is so close that it is of the utmost recreational interest to every resident of this state we're in. And it would effectively link up with the growing Delaware Water Gap National Recreation Area to make a total of well over 100 miles of protected river and flood plain.

That's something to get excited about, when one realizes that the upper Delaware is within 250 miles of the homes of 57 million Americans - more than a quarter of the country's population.

You might ask, why attract more people into the peaceful valley of the upper Delaware? The answer to that is that they will show up anyway, so it's certainly better to have the framework of land and riverfront controls in readiness for the inevitable influx.

The landscape up there is already getting more and more crowded, lying as it does between pincers formed by Interstate route 84 at the south and New York route 17 at the north in Hancock, where the two branches of the Delaware merge to form the main stem of the river.

Prayer for today

St. Luke - Chapter 18

And he also told them a parable - that they must always pray and not lose heart saying, "There was a judge in a certain town who did not fear God and did not respect man. Now there was a certain widow in that town, and she kept coming to him, saying, 'Do me justice against my adversary.' And he would not for a long time. But afterwards he said within himself, 'Although I do not fear God, nor even respect man, yet because this widow bothers me, I will do her justice, lest by her continual coming she finally wear me out-

And the Lord said, "Hear what the unjust judge says: and will not God avenge his elect, who cry to him day and night? And will he be slow to act in their case? I tell you that he will avenge them quickly. Yet when the Son of Man comes, will he find, do you think, faith on the earth?"

Shade tree dept. blasted

To the Editor:

On August 9, this area was hit with a severe windstorm. About midnight, a limb of about 12 to 14 inches in diameter broke loose from the tree, which is situated between the sidewalk. and the street in front of my property. Because of the limb, my neighbor's power line and several telephone lines were brought down.

The following day, I called the Shade Tree Commission and reported this, explaining that from what I or anyone else could see, the tree had been hollowed out by rot, insects, or both. I requested that the tree be removed, since there were other large limbs which were probably in the same condition.

About two weeks later, I again called the Shade Tree Commission as a follow-up to my first call. I was told they were behind and the tree would be gotten to in the order of my original complaint. As of that time, they were acting on complaints lodged on June 1 of this year. I again, at that time, explained the condition of the tree and also the fact that there are about a half dozen children that play in the area, not to mention the cars that are parked there or the houses which could be damaged. I was assured the complaint was documented and when it came up in the order of complaints, it would be taken care of.

About two weeks ago, I again called the commission and reminded them of

the danger of that tree. Last Saturday, the inevitable hap-

pened. Another Limb, about 10 to 12 inches in diameter was broken due to wind and the condition of the tree. This time it was 1:15 in the afternoon, when people could easily have been injured. More power lines and telephone lines, different from the first time, were brought down.

What has to happen before a problem like this is investigated and given the priority it deserves? Or must we always wait until the order of the original complaint comes to the top? Nicholas Peluso Jr. 55 Prospect Place

Letters policy

The Belleville Times/News welcomes your comments on local, state, national or human affairs, but again reminds letter writers that it will not publish let: ters submitted anonymously or without addresses.

The Times/News will withhold names and addresses upon request, but must have them in its possession prior to publication.

Typewrite or print letters whenever possible to avoid misinterpretation and delay.

Governor Byrne wants Attorney General Hyland to by-pass the appellate division of the courts to obtain a decision from the State Supreme Court on his appointment of State Senator Wiley as a Supreme Court Associate Justice.

Indeed he'd be unwilling to have any more jurists passing judgement on the unconstitutionality of Senator Wiley's nomination and appointment. Probably hoping his appointee, Richard J. Hughes, as Chief Justice of the high bench might influence his associates to blink at the clearly defined provisions of our State Constitution which bars nomination or appointment of a member of the Senate or General Assembly, "who during the term for which he shall have been elected, shall be nominated, elected or appointed to any State civil office or position of profit, which shall have been created by law, or the emoluments whereof shall have been increased by law, during such term." (Taken verbatim from State Constitution Article IV - Legislative. Section V.)

The legislature, attempting a subterfuge included a proviso in the salary increases for judges that stipulated that if a legislator voting for the increase agreed to acceptance of the old salary and waived the increase he could be eligible for appointment. However, no legislative enactment can supercede nor invalidate the intent or specific provisions of the constitution. It can only be altered by prescribed legislative procedure and referendum approval of the electorate, which has not been done.

Strict scrutiny of the basic law indicates that no legal interpretation of the fundamental law of this state would sanction Senator Wiley's appointment to the State Supreme Court.

Any other ruling by any judicial tribunal of this state would constitute a gross miscarriage of justice and fraud that would shatter the faith of our people in the very last vestige of integrity in any branch of our government.

Governor Byrne should be made to reckon with the reality that laws are made to serve our people, not politician's selfish ambitions and the paying off of those who curried favor by abject, obsequious, political servitude.

In response to the comments of Suburban Cable TV and Mr. Riepe, their principal advocate, we respond with the brusque reply and comment ... "The prattle of self-interested groups or individuals can best be treated by ignoring them."

Scout leaders needed

More than 300,000 men and , own lives. The leadership trainwomen in the United States are working without pay and enjoying it! They are volunteer Girl Scout leaders and assistant leaders. Some of them are right here in our community.

They're doing it because they're convinced, as we are, that time and energy spent with youth today can pay off tomorrow.

ing they receive as volunteers carries over into everything else they do. They gain poise, assurance, self-confidence, the ability to communicate effectively-all valuable skills in the job market and in their daily liv-

ing.

FLIGHT 897

New stadium complex is inspiring

By FRANK A. ORECHIO

AT THIS TIME of year Ft. Lauderworld to be - but if there is any better place I am satisfied to compromise and accept Ft. Lauderdale as my acre of heaven. Getting to and from Ft. Lauderdale is not so bad either - especially if one is accustomed to Eastern Airlines' service. My last trip up was on Flight 758. The Captain of the 727 was Herbert Smith, quite a professional pilot. The other two men in the front cabin were First Officer Michael Petrullo and Second Officer, Andrew McOuigg, the passenger cabin service — among the best I have experienced — were flight stewardesses Debby Burton, Beth Henffinger, and Ana Diaz. The service was royal, the food great, and the flight majestic. Remember these names when you board an Eastern Airlines craft and observe the service - the best around. THE SPORTS complex Sunday was an exciting experience. The New York Giants, even in losing, didn't look too bad. Edith and I had the pleasure of spending the day in Suite 209. As we looked out on the playing field it was with a feeling of native pride that we took in the red, white, and blue colors of the stadium and the team. Electricity was in the air. It was one of the most beautiful, most inspiring sights I have ever seen or of which I was a part. The traffic problems that existed when the race track opened a month earlier were absent Sunday. It took me 18 minutes to drive from my ' ie in Nutley to the le mezzanine floor door of suite 209 'x. That's not bad of the Sports Co. in anybody's lange

These volunteers would like you to join them. While they're doing a good job with the girls already in Scouting, they worry about the many more girls 6 through 17 who long to be Scouts but who cannot because there aren't enough leaders to go around.

All kinds of people are needed—young singles to senior citizens. Whoever you are, whatever you do, you have something to offer Girl Scouts-your genuine interest in girls And they're adding to their and a little of your spare time.

> A NEW RES PANT -lounge has opened not too . 1 these parts. It is called The Barge Clu n Carlstadt.

nette Bruno and the waitress who served Senator Joseph Hirkala and me was efficient Joanne Jones. If you want to know where The Barge Club is and what it is, read what the Captain and Commander tell us about it.

"The Barge Club is located on the West bank of the Hackensack River at Sky Harbor Marina in Carlstadt, New Jersey. Just minutes away from the New Jersey Sports Complex and in view of the New York skyline. "This unique cocktail lounge and

restaurant featuring fresh sea food and beef is the culmination of a great deal of careful planning and hard work. Within these walls are the dreams, the toil and the sweat of the owner. Pride and perfection are the basic themes of this operation

'The Barge Club consists of two covered barges that were pulled onto the shore, one in back of the other. The first Barge toward the river was once owned by the Erie Lackawanna Railroad. The second Barge was owned by the Baltimore Ohio Railroad. Both Barges were built over 50 years ago by the Brewer Dry Dock Company and have a carrying capacity of 550 tons.

"The Barges were used by the railroad companies to transport dry goods, produce and fish along the Atlantic Coast. A section of each Barge was for ice storage. As the Barge would move, the momentum created a draft over the huge ice blocks and as a result perishables were kept cool. In the winter time a large pot belly stove was put into use in the center of the barge.

"Items were lowered and removed from four hatch covers recessed in the ceiling of the Barge which have now

been converted for indoor lighting. The Barges also had 4 sliding doors where a horse and wagon could enter, load, up and go out.

'The Barges were not self-propelled and therefore had to be moved by a tug. They were built of 16" oak beams strong enough to carry heavy loads and to take a lot of punishment. Our spiral staircase leads to the "Wheel House Lounge" which was once the Captain's

"We tried to keep the Barges in as natural a state as possible. The dance floor is made of the original barge planking. Hewned center posts act as dividers.

Whatever your pleasure, enjoy your stay aboard the barge, and let us know if there is anything we can do to make your stay more enjoyable." DID YOU SEE the latest card on

dining tables? "Enjoy a Nice Cold Girl," reads the outside card. Flipping it open is an advertisement for St. Pauli Girl beer - and what fantastic beer it

Peter Torre - (left), Belleville's tax assessor and president of the Essex County Tax Assessors Association, joins Edward Coll, South Orange assessor, Mrs. Marie Connolly, Maplewood assessor and Harry McEnroe, Freeholder, in inspecting the Essex Computer Center. The center is assisting the town's in mailing out rebate forms, saving the towns and the taxpayers money.

Belleville joins others in saving us tax money

Essex County Data Processing Harry A. McEnroe to communities Department, five suburban communities are saving their local taxpayers a minimum of \$50,000 in the distribution of Homestead Tax Rebate forms.

The municipalities which have taken advantage of the County com-puter data office are: Livingston, South Orange, Maplewood, Bellevil-le and Orange. The last of 35,000 forms to the taxpayers are now being distributed by the municipalities involved, and according to Peter Torre, President of the Essex County Assessor's Association, the five municipalities, with the County's help, have not only saved themselves considerable sums of money in manpower and record-keeping, but have also been provided with a permanent record of the forms filed.

Under the computer service of-

9:30 A.M. TO 5 P.M KASTNER'S FURNITURE 92 FRANKLIN AVE NUTLEY, N.J.

Through the cooperation of the fered by Essex Freeholder Director who do not have their own computer service, the Essex County Data Processing Department has provided each of the participating municipalities with a Homestead Tax Rebate form for every home owner which includes such vital information as the name of the homeowner, and street address as well as the block, lot and account of property owner, plus the 1976 assessed valuation of the property and the net property taxes paid in 1976.

This is all basic information required if a taxpayer is to receive his rebate from the State in fulfillment of a State imposed November 1 deadline

As South Orange tax assessor Edward Coll explained yesterday, such information would otherwise have to be provided either by the local tax assessor's office or by the individual home owner, and in many instances such information is not readily available and is also prone to error on the part of those filing.

Magazine sales may be fraudulent

Magazine sales or other forms of solicitation that are represented as being in behalf of disabled or hospitalized veterans are not sanctioned by the Veterans Administration. This statement was made emphatically today by James R Purdy, Director of the Veterans Administration Regional Office in Newark, in response to inquiries about door-to-door sales and telephone solicitation in this area. Purdy said that the Veterans Administration does not endorse fund raising programs or solicitation of any type to support its programs. All VA programs are financed by Congressional appropriations. Purdy acknowledged that VA hospitals do occasionally receive gifts of recreational equipment from recognized veterans' organizations, but the Agency does not endorse or support these fund raising activities in any way

Senior notes By GEORGE CHENOWETH

At a recent meeting of one of our senior citizens' clubs, not in Belleville, I hastily add, there seemed to be a feeling among the officers of the organization, at least, that senior citizens were asking too much.

"Our attendance at this meeting was more in the role of an observer, and we asked one of the officers if he would mind if the recent issue of the seniors' newspaper, "The Elder Statesman" were distributed. When asked what it contained, we told him it was a newspaper of the North Jersey Federation of Series Citizens and was reimerily Jersey Federation of Senior Citizens and was primarily concerned with helping seniors in obtaining aid for reduced taxes, reduced prices of drugs through the Generic Drug Bill and reduced utilities costs. The officer said at that time, "I think the senior

citizens are asking for and getting more than they need or deserve.

This kind of took us off guard, because we didn't expect such an answer. He told us to look around the meeting place and determine if we could see anyone who was in need.

Martin Smith was 63;

A funeral mass was offered at Our Lady of Sorrows Church, Kearny, Friday, October 1, for Martin Smith, 63, who died Tuesday, September 28, after a short il-

Mr. Smith was employed as a supervisor for Swift and Co., Kearny and was a member of the board of directors of the American Cnacer Society, Passaic and was past president, Lost Chords of New Jersey

Volunteers needed during innoculations

Although volunteers have responded to the Swine Flu Immunization Program requests, still more are needed. Various services that might be participated in include nursing, clerical work, hospitality at clinics, communication via the media, and the transportation of people and supplies.

Because the Swine Flu has become a national involvement, it is quite important that concerned people offer available time to combat a future epidemic. If any such persons are interested, they are asked to contact their local health department. Telephone volunteers are in need at the New Jersey Health Office at 7 Glenwood Avenue, East Orange. For further information, call Mrs. Uhde at 673-9400.

The American Red Cross has been involved in another phase of the Swine Flu Immunization Program by recently hosting a successful training program for users of the inoculating gun at its Essex Fells office. On October 14, from 2-4 pm, the Red Cross will further its participation by hosting a training session for Clinic Coordinators at the Chapter house, 106 Washington Street, East Orange. For information, call 676-1616.

Legislation extends veteran benefits

James R. Purdy, Director of the Veterans Administration Regional Office in Newark, today reminded veterans of recent legislation that extended eligibility for home loan benefits to those veterans whose only active duty occurred after July 25, 1947, and prior to June 27, 1950.

Purdy said the effect of this new provision is to extend eligibility to veterans who have had no service other than that within the period cited. Veterans with service overlapping the dates shown who derived entitlement from World War II or the Korean Conflict will not acquire new entitlement as a result of this Act.

To be eligible under this provision, the director said a veteran must have served for a period of more than 180 days and have been discharged or released under conditions other than dishonorable, or have been discharged for a service-connected disability. Unmarried surviving spouses of veterans who served only during this period are also eligible if the veteran died while on active duty or as a result of a service-connected disability and if the spouse is not eligible for Loan Guaranty benefits on the basis of his or her own active duty

Purdy said the effective date of this provision was October 1, 1976.

Cancer society seeking drivers

The Essex County Unit of the American Cancer Society is reaching out to all licensed drivers willing to donate one to two hours per week to. transport patients to and from daily radiation treatments at local hospitals and doctors appointments.

The need for drivers is so extremely critical right now," said Rita

Vercammen, a Cedar Grove volunteer who coordinates transportation. "that for the first time, we can not fill all requests for transportation

The appointments are all usually in the morning and volunteers may use a Society vehicle or their own cars. "Although the need is countywide, every effort will be made to have the driver transport someone from his own area," Miss Vercammen said.

Women attorneys available to speak

Women attorneys are available to speak to community groups

The New Jersey State Bar Asociation's Women's Rights Section can provide speakers for business, civic and social organizations Volunteer attorneys representing major areas of law are ready to speak to groups on topics of vital concern.

Among the topics for consideration are matrimonial law, estate planning, civil rights issues, the Equal Employment Opportunity Act, real estate, and patents, trademarks and copyrights.

The Women's Rights Section Speaker's Bureau was organized two years ago in response to the expressed need of New Jersey women for information about their rights and responsibilities under the law. The Section's attorneys have spoken on issues ranging form the Equal Rights Amendment to federal credit legislation. Speakers place emphasis on personal problems as well as public issues.

In his press Or else from a sense of political on the part of my opponents, but in the instance of my 1976 opponent, he has engaged in an unprecedented vicious campaign of distortion and defamation," Congressman Minish

Library announces big, new copier

Gerard R. Hickey, Director of the Belleville Public Library, this week announced the installation of a Xerox 4000 Copier at the library. The new machine replaces a Microprinter Reader which the library has had in service for five years

"We moved to the new unit," Hickey stated, "because it is less expensive to rent, less expensive for the public to use, and because it is coin operated, staff time formerly spent operating the old machine can now be used for other library duties.'

Hickey also reported that the new unit operates four times faster than the old machine, the copies it produces are easier to read and it copies pictures which was not a feature of the old machine.

Microprinter Reader service is still available through the use of a 3 M Microprinter unite now in service at the library.

Xerox copies which previously cost fifteen cents a copy are now ten cents a copy. Senior Citizens may still copy material for their personal use for five cents.

Lawyers honor **Charles Gebhardt**

Charles A. Gebhardt, 128 Adelaide Street, Belleville, will be honored as a Fifty Year Member of the Essex County Bar Association at a special Dinner-Meeting of the Essex Bar Association to take place tonight at the Chanticler, Millburn. New Jersey.

From 1934 to 1940, Gebhardt maintained his law offices in Newark, Gebhardt then joined Lawyers Title of Richmond and in 1970 retired as Senior Vice President

Bellboys prepare for Indian attack

By JOSEPH RYAN

The Passaic Indians have only one win in four games but the victory column is 100 percent higher than the Bellboys' so tomorrow night's confrontation at Belleville Municipal Stadium could be a close contest

Both football teams are coming off losses on Monday. The team that manages to shake off its last loss and concentrate on the match at hand should have the best chance at victory

Belleville won the meeting last year 6-0, so the Indians will be looking for revenge while the Bellboys will be striving for their first win. The short preparation time between games is even for both teams and both grid squads have injury problems.

Blue-Gold quarterback Joe Gelpi was still a doubtful starter Friday after the Nutley loss. Passaic coach Tom Elsasser said some of his Indians are hurting too after being defeated by St. Joseph's Monday. The chief Indian listed starting center Greg Choi as one of his doubtful starters

Maybe the inexperience of the Indians under the lights for a night game will weigh in their favor. Passaic coach Elsasser was hoping to get a night time practice in on Wednesday before the Indians first night game.

Elsasser assessed his junior Indian leader John Vernon and said, " have a super quarterback, he's a good football player." The coach said Vernon and the

Raiders rip Testa's team

Sophomore quarterback Jerry Fazzini came off the bench for the rain delayed Nutley game Monday and while the Bellboys lost, 14-0, the young leader was never intimidated by the continuous Raider onslaught

Nutley frequently rushed eight men to put pressure on Fazzini and while the defense worked quite effectively, Fazzini never appeared to quit. Still it was the Bellboy's lack of depth at the quarterback spot that hurt them against the Raiders

Belleville coach Tom Testa noted the Bellboys lacked offensive blocking ability and admitted Nutley dominated the game but added, "if we had Gelpi, there would have been one hell of a ballgame. Gelpi was the difference in the game."

The injury to Gelpi occurred in the Bloomfield match, according to Testa, and while it involves no broken bones,

rest of his team demonstrate good speed which he feels is the dominant talent of the Indians.

"We have speed and they (Belleville) have quickness," Elsasser said. "We're impressed with Belleville. They've played some good people, they haven't played a bad team." The Passaic coach added whether or not his team wins depends on how well it regroups after the loss Monday to St. Joseph's squad. Bellboy coach Tom Testa warns the

Indians will be hungry for a win Friday. "We've got to be ready to play," Testa said. Passaic has been scouted twice by Blue-Gold coaches and Testa notes both grid teams employ similar styles emphasizing a ground game. The Bellboys will have to improve their offensive blocking if they want to pick up points though

If the ground game is the key, the Bel- Continued on page 12.

leville gridders will have their hands full. Passaic quarterback Vernon likes to run with the ball but varies his attack with a passing performance that can be effective. He threw for 86 yards against Nutley this season while Belleville managed only a total of 27 yards against the Raiders.

It would be to the Bellboys' advantage if Gelpi's hand was back to normal and he could at least present the threat of passing. Coach Testa said as of Monday night however, Gelpi couldn't take the pressure of the ball from the center or even throw the ball. An interim cure for the Blue-Gold quarterback's hand though would be a shot in the arm for Belleville's chances

on one and fooled the Raider goalkeeper for the first BHS point. Another unassisted goal for Belleville was scored in the third period by Joe Coscarelli. The Bellboy was in the right place at the right time to field a Belleville corner kick for the second Blue-Gold goal.

Belleville runners lose but look good

pleased with the squad's progress especially as demonstrated by its narrow, 23-33 loss to Orange last week.

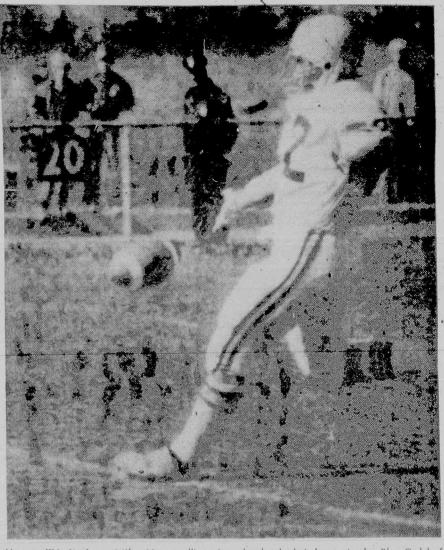

Today the runners will meet Nutley, 3:45 p.m. at home in Belleville Park. Ruffalo said he expects the Raider cross country men to be tough but notes it

Tuesday the Bellboys will compete against the Irvington Tornados at another home race. The Blue-Gold harriers faced Montclair this week but the results were in too late for this edition of the Times/News.

The Belleville-Orange harrier meet last Thursday was the closest contest for the Bellboys so far this season. Orange took the contest 23-33 but the Blue-Gold runners finished with their best times of the year

Coach Ruffalo said both teams ran their bests meet of the season and he wasn't disappointed with his young squad's narrow loss. The Orange coach was also pleased with the tough competition demonstrated by the runners in the

The Belleville Times/News - 11 Thursday, October 14, 1976

Limongelli levitation -- Mike Limongelli continued to be the bright spot in the Blue-Gold offense this week as he punted and kicked his Maroon Raider opposition 40 and 50 yards downfield. His high boots have stopped returns and probably saved a few extra touchdowns against the Bellboys

ly a three on one situation.

Halfway through the soccer season the Bellboys have topped last year's two victories with a 3-5 win-loss record. The 2-1 triumph over Essex Catholic last Friday broke the old Blue-Gold Booter win mark and the squad can now only improve last season's 2-14-1 tally.

The Essex Catholic win followed a 3-1 loss to Bloomfield and preceded a 4-2 loss to Nutley on Monday.

Tomorrow the BHS soccer men will face Orange home at Clearman Field, 3:45 p.m. Montclair will also travel to Belleville for the second Bengal-Bellboy confrontation next Tuesday at 3:45 p.m. Belleville played Irvington Wednesday but the results were in too late for this edition of the Times/News

Monday's home field loss to Nutley followed the Maroon Raiders winning effort against the football team. The Nutleyites scored two quick goals in the first quarter of the match when the Belleville fullbacks let the Raiders slip by and were unable to recover. Nutley scored both points on what was practical-

Bronco men keep winning

The Belleville Broncos have kept their unbroken win streak intact and remained in first place in the Essex Junior Football League by holding off a strong passing attack by St. Paul's of Jersey City to win 19-13

Much of the credit for the fourth vic-tory had to go to the Bellevilleites defense for holding St. Paul's to 12 yards rushing and setting up the first Bronco score by blocking a punt.

St. Paul's received the opening kickoff but they were stopped cold by the Broncos and forced to punt from their own 23 yard line. The center of the Bronco line put on a tremendous rush and blocked the punt. Phil Cerza recovered the ball on the St. Paul 16 yard

Angelo Centanni scored on the first play from scrimmage behind a fine block by John Cataldo. The extra point failed but Belleville had a 6-0 lead.

St. Paul's took the lead in the second quarter however when Tim Foy connected with Carlos Lopez and completed an extra point pass to Derek Height, giving the Jersey City squad a 7-6 edge.

Rec soccer starts early

Mayor Michael V. Marotti has announced the Recreational Soccer Program will get underway with an early start this year.

The league which started last year was well received with more than 400 boys participating. This season has also brought great participation and has necessitated three divisions of six teams each. Sam MacArthur will will again serve as League Director.

The need for managers and coaches is a problem for the 1976 league. Several of last year's coaches were unable to return this year for various reasons. Anyone who would be willing to pitch in is asked to call the Recreation Department. New coaches will be teamed with experienced ones in most cases and there will be a coaches clinic, where soccer professionals will offer guidance and demonstrations.

Soccer is easily America's fastest growing team sport and it is one in even terms with the big man

rushing and 15 passing compared to the Raiders' 241 on the ground and 27 yards in the air.

throughout the first quarter with Limongelli continues to be a strong offensive asset for the Blue-Gold game with his long distance punts and kick-offs. The booter averaged 39 yards punting and propelled a kick-off 53 yards against the Nutleyites.

The scoreless first quarter continued into the second until the last minutes when Fazzini was hit hard attempting to pass and lost the ball to the Raiders on the Belleville 29 yard line.

Raider Daniel Purciello carried twice for a few yards but then Nutley quarterback William McDonald tossed a shaky pass about 20 yards to George Kruse who was downed by the Bellboys on the Belleville seven yard line. The much worked Blue-Gold defense held off the Raider attack until back Bruce Humiston poked his way through the middle for the first touchdown of the day. Nutley completed the extra point kick and took the lead 7-0 with only 40 seconds left in the first half.

Testa called the first Nutley score a key play in the Belleville loss. He third loss and coach Testa praised his complimented the defensive playing tough throughout the half the coach called McDonald's floater to Kruse the "one flippy pass" that was the key to the game. Testa said the Bellboys should have been able to begin the second half 0=0 and added he was disappointed at the fumble and the fact the members of the squad weren't "hungry" enough to go after fumbles and floating passes.

The second half saw Bellboy

Belleville managed only 12 yards on their 34 and moved downfield 66 yards in seven plays. The Bellboys in-curred a 15 yard penalty to help the Raider drive that featured three runs Both teams looked even by Purciello totaling 39 yards. The senior Raider topped the drive with defensive efforts dominating as the an 11 yard gallop into the end zone. Bellboys and Raiders traded punts Joseph DeFuria completed his se-up and down the field. Mike cond extra point attempt of the day and the Nutleyites went ahead by the final score, 14-0.

the raiders capped the scoring for the

Ken Nicosia provided some hope for Belleville fans when it looked like he would go all the way when he recovered a Nutley fumble on their 32 and dashed 51 yards before being stopped by Alex Sicignano, right end for the Nutley offense, on the Raider 17. Greg Grasso then hauled in a 15 yard throw from Fazzini for a first down for the Bellboys on the Raider yard line. The drive for the first Belleville points was soon ended however when a Belleville fumble was recovered by the Nutleyites on the four.

The closing minutes saw Nutley mount another sustained attack led by a 48 yard run by Kruse who was stopped on the Blue-Gold 18 yard line. Three carries by Purciello, Kruse, and DeFuria brought the Raiders to within striking distance again but the clock ticked off the final seconds and Nutley won, 14-0.

Gelpi, absent at the quarterback post, played defense in the Bellboy's work along with Greg Grasso's and Cervasio's on secondary. Testa said Gelpi made a couple of key tackles to stop possible additional Raider scores. He also said he was encouraged by the work of Bob Racioppi and Scott Ochse at the defensive tackle positions.

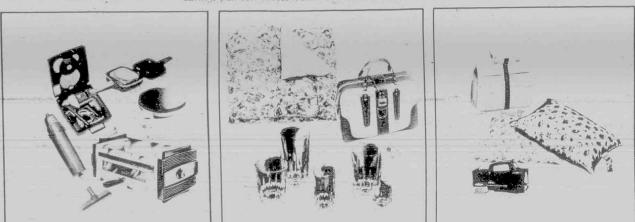

The coach traces the lack of offensive drive to the missed blocking assignments by the offensive front line. Testa said the players tell him Chris Cervasio used at quarterback they understand their plays during for a couple of shotgun formation the week at sessions but have encountered trouble when trying to follow through in game situations. The coach characterized the offensive blocking as "very disappointing." Fazzini did his utmost Testa said but added "when the men up front don't block, you can't win ballgames any other way.

type plays that met with little success. Once again Cervasio was the Bellboy workhorse carrying the ball 21 times for 32 ard during the day. Senior Frank Mozeika ran with the pigskin twice on the day for two yards

A long drive in the second half by

ellboys

Contined from page 11

Coach Tony Cahill said the momentum seemed to favor the Bellboys after Coscarelli goal but the team did not manage another point. The emphasis of Belleville play after the second point was offense and Nutley eluded the BHS defenders in the fourth quarter for their final point and the Blue-Gold squad lost its fifth of the season, 4-2.

The Essex Catholic victory last Friday was a more pleasant effort for the Bellboy booters. Belleville put the pressure on the Eagles from the beginning of the game and just missed a couple of shots on goal almost immediately after the kickoff.

The Essex Catholic score came on breakaway when the ball was launched down field and an Eagle outmaneuvered a Bellboy goalkeeper for the first score of the game. Essex Catholic led 1-0 about five minutes into the contest but coach Cahill said the one point was the end of offensive pressure from the Eagles.

Mike Licamelli put in the first

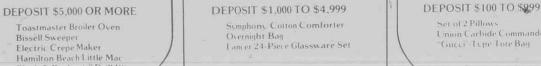

off an corner kick from Ramiro Boria. Cahill cited numerous Belleville corner kicks as evidence of how well the Blue-Gold booters were keeping the ball in their end in the quarter.

Licamelli was injured by an Eagle in the third period and after voicing his objection concerning the Essex Catholic shot was ejected from the contest. The Bellboys were forced to play a man short for the rest of the match but continued to hold their ground.

Hernan Borja scored unassisted three or four minutes into the last quarter and Cahill said the Bellboys concentrated on defense for the last seven or eight minutes of the game. Another BHS goal was waved off because of an offside call against the Belleville booters. The contest ended with the Belleville men on top 2-2-1 and the Bellboys had posted a victory over the ninth ranked team in the county

Coach Cahill called the victory over the Eagles. "the best game we

Offensive blocking —that's what Belleville coach Tom Testa is looking Cervasio. Unfortunately, a Maroon Raider was quickly approaching for to get the Bellboy scoring game started. Above, Frank Mozeika Cervasio from the rear.

Nutley race is next

Continued from page 11. his fastest, course of the year with a 17.21 time.

Two Orange runners took third and fourth spots but freshman Bellevilleite Tom Graham came in second in the Blue-Gold field in fifth place with a 17:37 time. Coach Ruffalo noted the good race for the freshman and said Graham is "coming along nicely" in his running progress. Another Bellboy frosh John Vaccaro took seventh at the meet with a 18:33 course and was followed by Blue-Gold harrier Mike Graham, a sophomore racer, who posted a 18:40 race.

Sophomore Pasquales Mastrolia ran the Belleville Park course in 19 minutes 18 seconds to finish in eleventh spot for the BHS runners. Vinnie Celfo, also a tenth grader, came in twelfth for Belleville with a 19:18 time.

Sue_oSmith, the lone Bellgirl harrier on the squad, was also praised by coach Ruffalo for her best time of the season a 19:59 time on the home course.

Last week the Belleville harriers were shutout 15-50 by the Columbia cross country team which has been ranked ninth in the state. Both of the best Bellboys runners were out for the meet with leg injuries, neither Lordigyan nor Mike Graham competed but Tom Graham, Mike's brother finished the long, 3.3 mile,

course first for the Blue-Gold contingent with a 20 minute 13 second race.

Today the Belleville harriers will meet Nutley 3:45 p.m., at Belleville Park, coach Ruffalo said the meet could be a possible win for the Blue-Gold but warned the Raiders will be tough. Next Tuesday the Bellevilleites will run against Irvington in another home meet.

Next grid contest in Owens Park

Continued from page 11.

The Broncos quickly galloped back to the lead however when Mark Mendolla received the ensuing kick off and raced 68 yards untouched for a touchdown. The extra point again failed but the Broncos were up 12-7 at the half.

Early in the fourth quarter the Bellevilleites scored again after moving the ball to the St. Paul 16 yard line. Frank Fazzini and Paul Scheuplein then hooked up for a 16 yard pass and Scheuplein made a dramatic catch for a score. Sam De Capua then blasted up the middle for the extra point and the Bronco margin was 19-7.

St. Paul's seered again with only minutes remaining as Foy hit Derek Height with a 79 yard scoring strike.

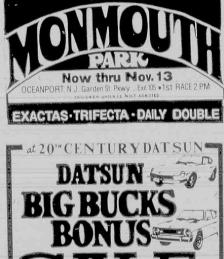

Fazzini flees — Above, sophomore quarterback Jerry Fazzini eludes Nutley defense men who pursued him everywhere during the 14-0 loss on Monday. The Maroon Raiders often rushed eight men across the line spoiling the first start of the young Bellboy.

Girls get better

Continued from page 11. Bellgirl Toni Sperduto was once again top ranked player for the Blue-Gold but lost to Kyle Copeland, 0-6, 0-6. Fuccello said Copeland was one of the best tennis players in the county, "without a doubt." Patty Connelly was the second ranked Bellgirl again and lost to Mountie Pam Danforth, 0-6, 2-6. LuAnn Graffeo rounded out the top ranked singles players for the Bellgirls and lost to Jill Cassidy, 3-6, 4THOROUGHBRED RACING AT IT'S BEST

Don's Big Deal is the newest super deluxe meal he will be offering his patrons each night until he dreams up something else. You see Francello walking about greeting his patrons in the busy hours of establishment. But everyone knows, too, that each moment he is thinking of the next step.

"We had to give the patrons something different," says Francello, "we have to do it with the change of season. This is a new fall term, so it needed a new special dinner.'

Here's what Francello came up with. Before reaching the entree, a diner will start with antipasto of baked special eg-gplant, Italian stuffed baked clams, salami, cheese and stuffed peppers. Then comes a deluxe Salad, followed by the daily pasta (a different style of macaroni each day) and roast chicken Ala-Mama.

After a short rest, a diner will then have a choice of five entries. There's old fashioned sirloin steak (with bone for good tasing), whole broiled lobster (from Maine or Jersey-in season), prime rib of beef (old fashioned Italian style), veal cutlet parmigiana and the odd pair of veal and shrimp parmigiana.

And to top it all Francello will give a patron a choice of Italian ice cream and coffee or Anisette or Ameretto cordial.

The choicest part of the entire Big Deal is the low price of \$7.95. It will be served Monday thru Friday, 4:30 p.m. to p.m., Saturdays 4:30 to 6 p.m. and Sundays 1 p.m. to 6 p.m.

Remi Barclay -and W.T. Martin embrace in a scene from "The Rose song made up from a menu from an Tattoo," now being presented at Montclair State. The play has received Italian restaurant called Minestroni excellent reviews from area critics.

The story takes place in a small Naples cafe bar on the waterfront. Two young men who fall in love with two young women but their marriages seemed doomed to failure when the couples' plans are crossed by their stingy fathers.

The role of Scapino is played by Belleville's Albert Nadzin, best remembered as Fagin in "Oliver,' performed here three years ago. Scapino is a sort of likeable Fagin who as a master of manipulation, cunning and good natured deceit, swindles the failfiers of the young men out of enough lire so that the sons may be with their loves.

The production begins with a Macaroni and the comedy antics continue from there. Any moment I expected the police to break down the door and stop the play for being too silly. The frame work of the loose plot manages to hold together with the prat-falls, punch-lines and sightgags providing support and making for an unforgettable evening of enter-

Student favors censorship

"THE

By JOANNE SANTIGLIA

is the predominant role violence, im-morality and other social evils play in movies and television programs. Networks and producers are responsible for focusing in on and thereby promoting these problems, if not creating them.

How has the media accomplished this? The answer lies in two words: manipulation and exposure. First, our values and principles involy-

ing religion, sex and violent behavior can be manipulated or twisted by the media.

Second, the media has ready access to exposure which is a necessasry implement in spreading these problems. The dent reads and the extent of his greater the exposure, the greater the vocabulary. The mathematical questions potential for damaging influences.

Violence has been vindicated as a fair way to conquer the "bad guys." It is casually accepted as a means to any end. Sex has been misrepresented to such a degree that even the most conscientious parent will struggle to undo the damage done by the media's "poisoned darts." What is the answer? Simply tagging

on a moralistic ending to a suggestive or "racy" film will not sufficiently impress a child nor will it counteract the adverse influence the film may have.

It is also frustrating to see networks invest literally millions of dollars in the funding of research that will justify their practices

Here the answer lies in one word, censorship. Such forms of censorship are regarded as wrong in that they deny various freedoms under the first amend-

Students serve visitors lunch

By PAULA MINARDI

In addition to Belleville High School's "In School Continuing Education and Career Day," a luncheon was hosted for the representatives of the schools by the two Vocational Home Economics II classes, under the direction of Betty Agnoli, home economic coordinator.

Serving and cooking for the represen-tatives were Rosalie Botta, Nancy Comoi, Sally Candura, Vinnie De Fabrizio, and Grace Rannucci. Also cooking were Mark Westby, Kim John Dolan, Michele Ciallella, Casale, Anna Marie De Panis, Maria Bonivita, Diane Conti, Debbie White, Sadie Can-dura, John Marcoliese, Mary Ann Gingerelli, Frank Zatorski, and Karen Rezzonico

The food prepared by the students consisted of Swedish meatballs, chicken marinated in cooking sherry, scalloped, potatoes stuffed cabbage and eggplant parmesan. For dessert, coffee, tea, and cream puffs were prepared.

Jan Hughs of Taylor Business In-stitute commented, "The students were friendly and attentive. I enjoyed being here, and the food was excellent

Mrs. Agnoli happily stated, "I received many compliments on the students' service. The luncheon was a surprise to the representatives and deeply appreciated.

Teacher brings creativity to seniors

By STEVEN MISSAGGIA

Mrs. Arline McFarland has brought a sense of creativity to many Belleville High School students through a "senior only" mini-course, "Creative Writing." She uses such ideas as "Book Talk" and a daily journal to guide a student to ex-

book report. Mrs. McFarland has taken a different approach to book reports which she calls "Book Talk." This ap-proach allows the student's imagination to expand by making a collage depicting the contents and theme of the book he has read. This makes his oral report more interesting for both the reporter

and the listeners.

Another aspect of the class is the journal. Each student is to keep a daily journal which includes all of his daily feelings. The student's journal can contain poems, pictures or drawings.

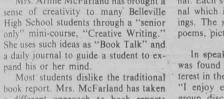

In speaking with several students, it was found that most have taken an interest in the class. Paula Tortoriello said, "I enjoy every minute of it. We have group discussions and everyone has a chance to say what he feels."

Celeste Rinaldi feels that "Mrs. Mc-Farland is everything a good teacher should be. There is never a dull moment, and the class is always interesting. She is very enthusiastic and understanding. The

can express himself, be an individual, and be given a fair chance.'

Mrs. McFarland commented on her classes, saying, "The students are really interested in their writing. No matter what I ask them to do, they tackle every assignment willingly. Together we share our ideas, we seek answers, we discuss and question everything. The students are actually seeking knowledge. Best of

The Keywanettes held their first of two monthly meetings October 5 in the Belleville High School auditorium.

The officers, president Barbara Sougelas, vice-president Susan Santiglia, secretary Maryjo DeSantis and treasurer Linda Winship, along with Ethel Williamson, a guidance counselor at BHS, began the agenda with the welcoming of new members.

The Keywanettes, previously a mix-ture of 25 seniors, juniors and sophomores, have expended their membership to a total of 76 members.

The new members include seniors, Diane Cammararoto, Susan Chimento, Maureen Dulski, Michele Mundy, Kathy Quellen, Wanda Thompson, Rosemary Tuccino, Carol Vecchione, Lisa Vitiello and Diane Jill Vogel.

Juniors, Camille Bucciarelli, Ann Calabrese, Susan Carissimo, Joann Chiappinelli, Lisa DellaTorre, Laurie Demgard, Terri Donnelly, Doreen Duffy, Elisabeth Frank, Debbře Guarino, Lisa Hart, Elaine Hollweg, Sharon Marotti, Deborah Scheder, Lisa Siniscal and Donna Zarra.

Sophomores, Teresa Cassin, Valerie Castrozilla, Jennifer Debelak, Linda Demgard, Felicia Falzarano, Darlene Gonnello, Linda Gonzalez, Andrea Goris, Barbara Hagin, Pamela Klingler, Susan Maska, Nancy Marino, Lisa Pacicco, Anne Pontrella, Phonda Racioppi, Robin Romano, Kristine Anne Russoniello, Michelle Rovell. Salvato, Lynda Swinarski, Lori Tucci, Cyndi Westpy and Lesley Zehr. During the football season, the
