Pumpkin surprise

The Halloween pumpkin was one of the many paraders in the line of march at the School Eight "Trick or Treat Parade" last Friday. The marchers included many of the traditional goblins plus a few Fonzies and Wonder Women.

Byrne's brigade

About 30 demonstrators marched in front of the Branch Brook Manor Sunday morning awaiting the arrival of Governor Brendan Byrne at the Belleville Democratic Breakfast. The pickets were members of the United Taxpayers of New Jersey against the state income tax. They jeered the Governor when he arrived and Byrne told the local Democrats inside the Garden State had the lowest budget increase in the nation.

Casinos and Ford win in Belleville

By CHUCK JACKSON

Bellevilleites jammed the polls Tuesday to declare their desire for a Ford in their future and the opportunity to gamble it away in Atlantic City.

Almost 80 percent of the registered voters in town turned out and joined the rest of the state in throwing their weight behind President Gerald Ford and the casino gambling referendum. Though they may have been frustrated in their first desire, they were overwhelmingly successful in the push for "an East Coast Las Vegas."

The local electorate also decided to stay with known quantities and voted for incumbents in every race. They apparently trust Congressman Joseph Minish

more than anyone else, giving him the largest single tally by any candidate, 9,493.

Ironically, while expressing a desire for turning Atlantic City into a gambling resort, the voters throughout the state, including Belleville, turned thumbs down on a proposal which would have increased the maximum value of a Boardwalk game prize from \$15 to \$100.

The success of the gambling referendum; perhaps the hottest issue of the election, surprised many political observers. Despite a united drive by local clergymen, citizens of Belleville came out two to one in favor of the amendment. In fact, the measure succeeded in every voting district in town.

The Ford victory in Belleville was much narrower, with the President receiving 49 percent of the vote to Jimmy Carter's 47 percent. The closeness of that race accurately reflected the national trend, though the final outcome did not.

Incumbent Democratic Freeholders Scaturro, Fox and Stewart won easily over their Republican challengers, despite hard campaigns by the office-seekers.

Congressman Joseph Minish easily outstrided Republican Charles Poekel, winning by a margin of almost three to one. Democrat Harrison Williams was also returned to Washington, locally knocking Robert Norcross off by a two

Local strikes may force more budget transfers

Recent labor troubles in Belleville may require further budget transfers in order to meet police contract requirements.

A strike at Wallace and Tiernan and a "sick out" by county employees at the Essex County Geriatrics Center in Belleville have required excessive overtime payments to officers covering those areas, and may force Commissioner Rocco Saletta to find even more money.

The Board of Commissioners met Monday in special session to effect the transfer of \$56,000 in order to meet contract demands. Saletta was able "through good management," he said, to raise the money without contributions from other departments and without the necessity of an emergency appropriation. The money came from Fire Department salary and wages and "other expenses" accounts, and from the equipment budget for the Civil Defense and Disaster Control department.

The amount of money transferred was based on \$30,000 left in the police salary and wages account, but that estimate was made in late September and based on a low overtime projection.

According to Town Treasurer Francis

McCoy, the strike at Wallace and Tiernan is currently costing the town \$2,700 a week. The duration of that strike will determine whether or not Saletta will need additional funds.

"The Wallace and Tiernan strike could make the difference," said McCoy. "We may not have the \$30,000 we need,

because we are spending between \$400 and \$500 a day in overtime. If all overtime stopped now, we could make it to the end of the year with the money transferred."

It might also be possible to hold the

New youth bureau to open this week

The town's Juvenile Bureau should have a new home, away from the rush of Police Headquarters by the end of this week, according to Commissioner Rocco Saletta.

The Board of Commissioners approved 4-1 Monday a resolution allowing the Mayor and the Town Clerk to sign a lease on a building at 108 Greylock Avenue, which will house the new headquarters for juvenile supervision. The move from the bureau's old building, located behind Town Hall, has already begun, and Saletta said operations should begin almost immediately.

The move is part of an overhaul of the department, funded entirely by funds from the State Law Enforcement Plann-

ing Agency (SLEPA). That agency has awarded the town \$36,400 a year for three years to finance the pilot project. The money will go towards paying rent for the new headquarters, and the employment of a fulltime social worker/counselor, a fulltime secretary and a part time psychologist.

Director of Finance Joseph McGreevy cast the only dissenting vote on the resolution, objecting to the location of the new facility as "not too accessible." Mayor Michael Marotti also questioned the new location, pointing out parents would be required to go to "a poorly lighted area" to pick up their wayward children.

William H. Williams; former mayor dies

William H. Williams, former mayor and Town Commission of Belleville, died October 26 at Clearwater Community Hospital in Florida. He was reported to have been in his middle 80s.

The former mayor served 20 years in Belleville civic service. Mr. Williams won five terms as a Commissioner of Revenue and Finance and was mayor for 12 years. He retired to Florida in 1949 when he moved to Clearwater.

Mr. Williams kept his interest in public service active in Florida. He entered Pinellas County politics in 1952 when he was elected to a four year term on the Pinellas County School Board. Elected to five terms on the board, Mr. Williams completed 17 years serving four of them as board chairman.

Born in Somerset, Massachusetts, Mr. Williams came to Belleville in 1924. He worked as an industrial engineer and real estate developer. His development in the Belleville area included the shopping district on the west side of Washington Avenue.

A popular politician in Belleville, Mr. Williams was once elected to one of his five terms as Commissioner of Revenue and Finance with 77 percent of the vote.

Joseph McGreevy, present Commissioner of Revenue and Finance, said Mr. Williams stabilized the town financially

during his time. Mr. Williams served on a state committee to establish fiscal stability in local government throughout New Jersey.

Commissioner McGreevy called the former mayor one of Belleville's most distinguished politicians. From 1945 to 1949, Commissioner McGreevy served as secretary to Mr. Williams and acknowledged his background in finance was firmly established during this time.

Big weekend

Belleville football fans are getting ready for the traditional Homecoming parade and game this weekend. While the parade may be enjoyable, the game against the Seton Hall Pony Pirates is likely to be a tough battle. See the story on page 13.

Saletta said SLEPA representatives recommended the facility be moved from its present headquarters to a location away from the main police headquarters, and he added later, "When the state people came here to inspect the present facilities, they said the bureau was atrocious."

Commissioner Vincent Strumolo voted approval of the resolution on the condition the Commissioners be given the names of the principals of the corporation owning the building.

The building is owned by Forest Equipment and Leasing Company, a Belleville concern. Saletta agreed to obtain the names of the corporation stockholders and distribute the information to his fellow Board members, even though, he said, he felt it was unnecessary.

The state grant will expire in three years, at which time, Saletta said, a decision would be made as to the effectiveness of the program. "If the program is doing well after the grant runs out," said the Public Safety Director, "I am sure the taxpayers would be happy to pay the extra cost."

The money from SLEPA came after nearly a year of meetings between the Commissioners, state officials and Bruno Associates, a firm employed by Belleville to seek out state and federal funds. The town's final application came in May, and Saletta requested \$38,070.

After some negotiations, the amount was reduced slightly when the state approved employment of the psychologist on a part time rather than a full time basis.

Prior to approval of the grant, the Juvenile Bureau did not have a social worker, secretary or psychologist. According to Saletta, the additional personnel will allow detectives to concentrate on police work, and will also provide additional services.

"The social worker will be able to go to the homes of the youths," said Saletta, "and interview and work with the parents. The psychologist will also work with the juveniles and make recommendations."

The Commissioner was optimistic about the future of the program, adding, "This is a pilot project, and we are going to try to set the standards for other communities. We want to get this off right."

Optimists elect new officers

The new officers of the Optimist Club of Belleville were recently installed at the Past President's Dinner Dance held at the Branch Brook Manor in Belleville. The new officers are: Joseph Raimo, president; Tony D'Agostino, Ralph LaConte and Ernest Musmanno, vice-presidents; Richard Vallario, secretary; and Thomas Candura, treasurer.

to one margin. Of the seven questions presented on the ballot for the voters, Belleville went for all but one the increase in game prizes. On that question, only one Belleville district voted in favor of the measure. That district is located in the Silver Lake region of town.

According to Town Clerk Eugene Barnett, the turnout of 14,957 voters may have set a new record for the town. "The vote is usually heavy during Presidential election years," said Barnett, "but this may be a record high. It may have even outstripped the Kennedy election turnout."

Mr. Williams was credited with making the script payment system work in Belleville during the depression. Commissioner McGreevy said Belleville was the only town in the country where the script method was 100 percent successful.

In 1940, Mr. Williams ran for Congress on the Republican ticket and lost to incumbent Fred Hartley by 22 votes. "He would have made a name for himself (in Congress)" Commissioner McGreevy said. "He was a great speaker."

Belleville's loss of Mr. Williams to Florida was Pinellas County's gain. During his tenure on the School Board the enrollment in Pinellas County grew by nearly 70,000 students. Mr. Williams term in office was said to be marked by his interest in businesslike economy and educational excellence.

"I learned a lot about being a board member from Bill Williams," said School Board Chairman Charles J. Crist. "He was a dedicated public servant, not only to the taxpayers, but to the children."

Surviving Mr. Williams are his wife Lucile and several nieces and nephews in Clearwater. Funeral services were held October 28 at Moss Ft. Harrison

line, officials said, if Fire Department overtime is also kept to a minimum, leaving additional funds for transfer.

Police officers were assigned to patrol the Geriatrics Center during employees' sick out, officials said, at

the request of the County Sheriff, but it was reported Monday, the men had been withdrawn and county law enforcement officers would be requested.

Should the present budget transfers prove sufficient, they would mark the end of a six-month financial crisis in the Public Safety

Department. Though some layoffs were required in order to raise the money, fears of massive job losses in the department went unrealized.

Though town officials were ordered by Superior Court Judge Sherwin Lester to pay the police raises by November 1, the actions taken by the Commissioners last month and on that date have apparently made further court action unnecessary. The police raises will officially go into effect November 16, and officers will receive their raises retroactive to April 1 in following paychecks.

Hackensack man pays for stealing

A 31-year old Hackensack man, arrested October 6 on theft charges, was fined \$150 during proceedings in Belleville Municipal Court October 28. Richard Levy, 229 Union Avenue, Hackensack was accused of taking \$258 from the wallet of Alan Schwartz and an additional \$48.60 from Schwartz's home. Municipal Court Judge Edward Abromson imposed the fine, a suspended sentence of three months in jail, and one year's probation.

A stupid decision

A majority of Belleville Commissioners — with Mayor Michael Marotti being the exception — voted to withdraw Town support from the Community Mental Health Association.

The majority of Belleville Commissioners has made some dumb decisions, but none was as dumb as the 4-1 vote to withdraw the Town's support from the Community Mental Health Services.

Public Affairs Director Vincent Strumolo led the fight to withdraw from this very important community service. It is apparent from the figures and statistics he cited as a basis for his recommendation to withdraw that Mr. Strumolo was ill-informed on the services provided to the community's citizens by the Mental Health Unit.

Of late the Commission has divided itself into a 4-1 block — Mayor Michael Marotti standing up against the four consummate

politicians on the Town Commission.

It is to the credit of Mayor Marotti that he refuses to be intimidated by numbers. All alone he stands apart from the rest as a beacon of hope for the future of Belleville.

Maybe the Town Commissioners who play games with the lives of our citizens and Belleville's future may recognize the error of their ways — and realize that only Mayor Marotti is consistently serving the best interests of Belleville.

We hope the "jolly good fellows" who fought to isolate Belleville from the Community Mental Health Services realize the error of their ways and reverse their vote.

It is not too late to admit a mistake and make up for the error.

THE STATE WE'RE IN

Emmission rules should stay tough

New Jersey, in its role as the so-called "Garden State," comes in for some varied dosages of pesticides and herbicides. With a nickname like that, it's not surprising. What a lot of people don't realize, however, is that this state we're in is one of the leaders in the manufacturing of agricultural chemicals.

Dosages of agricultural chemicals plus those used for lawns, trees and gardens around dwellings add up to some strong concentrations of potentially dangerous substances finding their ways into our water supplies, our food supplies and especially the wetlands where most of our foodfish live at one stage or another of their lives.

This is in line with what I've written here recently about New Jersey's having the highest per capita death rate from cancer of all the 50 states. But agricultural chemicals can do more than cause cancer. They've been tied to birth defects and any number of physical maladies.

I'm especially reminded of this potential hazard when I drive down country roads at this time of year and see the results of roadside applications of weed killers.

Municipal officials will say it's a lot cheaper for the taxpayer to pay for chemical weed treatment than for the human labor of cutting the roadside growth. But they are not in a position to guess at the potential costs in dollars and suffering caused by excessive dousing of our environment with such chemicals.

Despite the much-publicized battle over DDT which too many have already forgotten, our national safeguards against

chemical warfare upon the innocent remain woefully lacking. Congress should adequately finance the Environmental Protection Agency's guardianship of our health. But the agri-chemical interests seem able to finance lobbying which deters Congress from this action.

Raising public doubts about pesticide use can quickly trigger an outcry from special interests, with employees of the U.S. Department of Agriculture mounting the oversimplified question, "How are we going to feed a hungry world without using pesticides?"

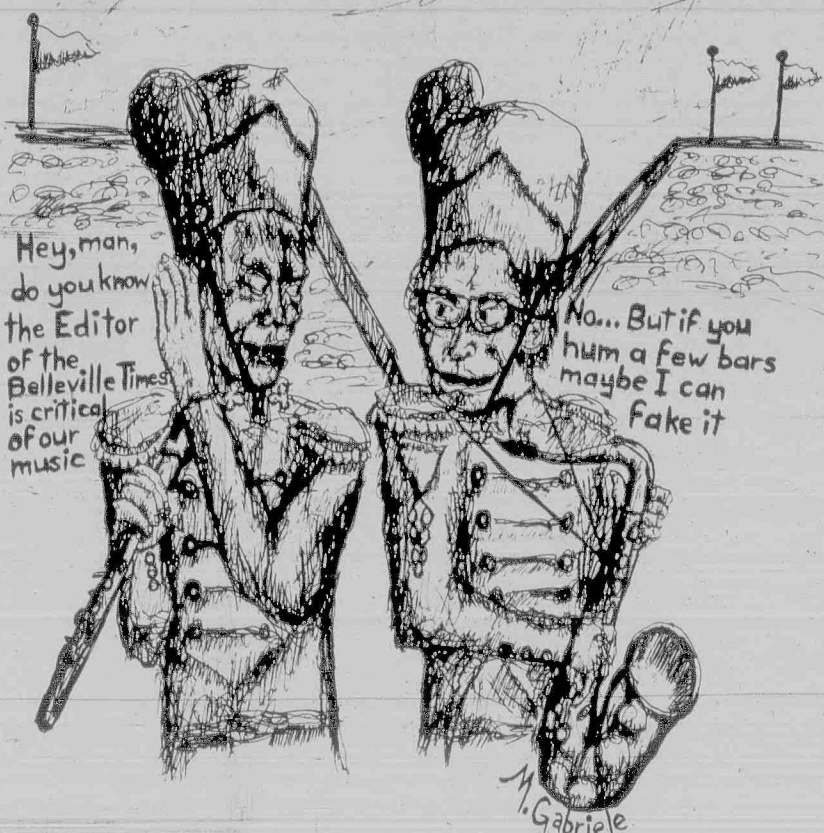

The question might better be phrased, "How can the world population survive without more care in pesticide choices and applications?"

The only hope lies in greater sophistication of the voting public. Perhaps this will happen sooner than we realized, when the hard facts sink in about the growing dangers of eating seafood from along the Atlantic coastline.

Those of us who esteem striped bass had better watch out, because so many of them breed in the Hudson River, which is hopelessly laced with PCB's a chemical used by the electrical industry which bears a close chemical relationship to DDT.

And the Chesapeake Bay, home of striped bass, crabs and the finest shellfish, will soon become hopelessly poisoned by Kepone, another pesticide cousin of DDT. That's because a Virginia factory leaked vast quantities of it into the James River, which empties into the bay.

The Kepone factory has been shut down. But its after effects will menace future generations as well as our own.

Golden Comments

By James R. Golden

Could our local School Board have a cunning, treacherous 'trick' up their sleeve, which I perpetrated could constitute an odious act of perfidy?

When questioned by aroused citizens concerned over where the money was to come from to pay for the 14 percent salary increases granted by the school trustees to employees of the system, the school officials, in attempting to defend the raises, reminded the protesting residents that they still have a \$600,000.00 appeal of the 1976-77 school budget which was reduced to \$600,000.00 of the amount to be raised by local taxation by the Board of Commissioners and they directed the school board to use "full-funding" state school aid, which at the time was directed by the courts although it had not yet been funded, but was funded later and made available by enactment of the State Income Tax.

The State Income Tax was passed prior to the preliminary hearing of the Board of Education's appeal against the Town of Belleville for the \$600,000.00. At the preliminary hearing, it was ruled that the Town had the right to reduce the amount to be raised by local taxation for the 1976-77 school budget and within its rights to anticipate full-funding of State school aid and this became a reality prior to the hearing because of passage of the State Income Tax law.

The appointed officer in the appeal of the Board of Education suggested that the Belleville Board of Education amend their 1976-77 school budget to include the full aid funding as directed by the Belleville Board of Commissioners. At a later date the local Board of Education did amend the current school budget to include the additional \$600,000.00 as anticipated revenue. A verbal agreement acceptable to all parties was concluded at that time. (Summer 1976)

Now, the Board of Education indicates from their last meeting, as reported in the press, that they intend to repudiate their pledged agreement to drop their appeal in light of their getting more than \$600,000.00 from full-funded state aid.

Reliable sources indicate they should get more than \$700,000.00 from this source, while they were only reduced \$600,000.00 which suggests that should they treacherously appeal despite their commitment not to, and should they win the appeal they will have gained and have available to them \$700,000.00 more than the budget submitted to the people, which was turned down by them.

Should this occur the Belleville taxpayers will have to come up with the money to the tune of about another 26 point tax increase added on next year's tax rate for school purposes alone.

Supposedly, this foul-up which may make possible the unanticipated appeal is reported to be the result of the town's failure to obtain proper signed legal releases from the Board of Education to waive their right to appeal and also the failure of the Town to file their notice of discharge with the State Department of Education which are normally filed simultaneously.

What might have precipitated such a possible crisis? Could this be the aftermath of a failure of the town's legal department to efficiently follow through on this vital, significantly important matter which could seriously affect all our taxpayers?

For the small sum of "one buck", only a few pennies more than a postage stamp at today's inflated prices, many newcomers to Belleville and those who grew up after the 1930's will get an opportunity to get a look at what the Belleville Historical Society appropriately describes "Belleville in the 1930's." On Monday evening, Dec. 6, 1976, 8 p.m. at Belleville High School.

Column rankles band member

To the Editor:

I am a ninth grade student and belong to both the Belleville Junior High School concert band and the BHS marching band. The "Editor's Journal," by Chuck Jackson in the November 21 issue of the Times/News made me furious.

You say we should stop playing commercial jingles and try something like the "1812 Overture." When people come to a football game, they want to hear some really lively music, and that's what those jingles are — lively and catchy!

And by the way, we do play college fight songs. Next time you go to a BHS football game, listen when there is a timeout, or when Belleville scores, or during any other break in the game. You'll hear such great songs as the "Notre Dame Victory March" or "Minnesota Rouser" coming from the Belleville band. If you want to hear some classical music, come to the BJHS Christmas Concert, organized and directed by our talented Mr. Pepe. We're going to play one of Handel's works.

During the football season, the BHS band, headed by demanding and hardworking Mr. Wing, practices Monday night and Wednesday, Thursday and Friday afternoons — all on our own time. Did you know we are one of the few marching bands in this area who

make formations while playing! And you have the nerve to put our marching band down!

Maybe if the Belleville Times/News wasn't so Nutley-oriented, it could appreciate Belleville's contributions to the musical scene.

Postmen grateful for recent editorial

To the Publisher:

In this day and age when criticism is so readily leveled at Postal employees, it is indeed refreshing to read your editorial on Thursday, October 21, 1976 in which you acknowledge the effort made by me and my staff in handling the tremendous problems occasioned by the United Parcel Service strike.

While you give credit to this maximum effort to me and my staff, I want you and your subscribers to know that this effort could not have been possible without the dedicated and indefatigable cooperation of all the 10,000 employees in the Newark Sectional Center. It is to them that I owe a great deal of thanks.

Once again, my sincerest thanks for your editorial.

ROCK REVIEWS

Some easy music and a funny man

By ANTHONY BUCCINO

Solid perfection from a man who never rehearses comes from the gifted Richie Havens on his first A&M album, "The End Of The Beginning." Havens' sensitive, emotional vocals have never been as rousing or touching.

Havens reaches new heights in "Amazing" with Van Morrison's lively "Wild Night." "Do It Again" is another fantastic Havens rendition, one can feel the physical expression of Havens' emotion, so beautifully expressed.

Buzzing, breezing, and burning, Havens surpasses himself in emotion and fervor with "Long Train Running." Tessie Coen on percussion is infecting, William Smith and Joey Oliver on keyboards are penetrating to the core that makes music affect the very soul of the listener.

On the "Slower Side" Havens is purely sensuous in his devout interpretation of "We Can't Hide It Anymore." In a more solemn vein is "Dreaming As One," a definitive monument to good loving.

Havens' new start is a golden archway that leads to many beautiful feelings and sensations. It includes the intimate "I Was Educated By Myself" which marks Havens as a terribly great musician,

singer, and song writer. One is easily inclined to look for the halo.

A very fine album of delicate moods is "On Love" (A&M Ode) produced by David T. Walker. "On Love" is mostly instrumental, music in the quest to define love through senses in the ear. David T. Walker is on target.

Extra sensory reception is woven into "Our Lives." The subliminal melancholy atmosphere of a quiet dinner's romantic feeling is achieved on "I Wish You Love."

All nine songs contained in "On Love" are very subtle, very peaceful, very romantic background music. If you are looking for something that won't interfere with what's happening but will sound good when you turn your ear, David T. Walker's "On Love" is for you.

Easy listening throughout, the Ozark Mountain Daredevils "Men From Earth" (A&M) conveys the tender sadness of the mountains from the blues to the blue grass to the sweet confusion of "Arroyo."

Their blend of country rock is a persuasive statement in favor of pastoral beatitudes. The swift, flowing imagery of "Watermill" is twice as good as being there. "Watermill" is a love song of superb country freshness. "And our eyes meet

while/the watermill turns the stubborn stream/and my life breaks on/the water wheel/into a dream" is an example of the quality of the lyrics throughout.

Another fine country tune, "Homemade Wine" is a funny bone ballad of ironies that strike "when you're high on that homemade wine."

"It's How You Think" is political in the questions it asks. Personal politics, that is, how you personally look at things that makes them good or bad. The way I look at it, the Ozark Mountain Daredevils have succeeded in a statement only "Men From Earth" could be proud of. That is, to say, just what I've been hoping for.

Franklyn Ajaye, is a very, very comedian who recently appeared at the Bottom Line, NYC.

Ajaye is promoting outrageously funny new album "Don't Smoke Dope, Fry Your Hair." The very professional Family Playhouse, 28 Brookline Avenue, Nutley, will present the hilarious farce "Scapino" Fridays and Saturdays at 8pm and on Sundays at 3pm until October 24. Grease, Grease Relief and Greece

Rod and I and 29 friends ventured to the Paper Mill Playhouse a few weeks ago to see "Grease". Enjoyed the play and the evening afterwards and got home around midnight to find the babysitter still in one piece and the house abnormally quiet.

We don't often go to the theater. I think the last thing we saw on Broadway was "Fiddler on the Roof" and that only because Dennis presented us with the tickets as an anniversary gift. So our upcoming trip to Millburn provided an interesting topic of conversation around the house for a few days prior to the event.

We assumed that the children knew that "Grease" was the name of the play. The boys did. The twins were slightly confused.

The only other situation in which Nora had heard the word was on a television commercial and Rod and I were floored when she asked us when we were going to "Grease Relief."

Things got even more mixed up a few days after the event when the Volkswagen developed a weird sound in its innards and mama announced that she was taking it to the mechanic who sports an unpronounceable Hellenic name and is referred to around here as Phil, the Greek. Nora, whose ears pick up everything except requests to make her bed or pick up her room, wanted to know why we called him a Greek. Because, I explained, he comes from Greece. And the minute I said it, I knew from the questioning look in

those blue eyes that I had some more explaining to do.

By the time I had gone through the whole explanation that the Greece we were talking about now had nothing at all to do with the play or that substance reputed to aid the harrassed housewife in her washing chores and was in fact, the name of a country of ancient lineage and great accomplishment, I was cracking up. Fortunately, I stopped right there although I was tempted to add as a point of interesting information that my first cousin (and hence, their first cousin once removed), had spent his early childhood in Egypt after being ousted with family from Persia during the Second World War and

that while there, he had become acquainted with another exile, George, King of Greece. Can you imagine the questions that statement would have elicited? Sometimes, not often, I know when to keep my mouth closed.

Enough about things past. Things to come: Fairtowne '76 opens its doors next Wednesday at St. Paul's Parish House and I invite your attendance at the fair and especially at lunch (\$1.75) for a very selfish reason. It would be extremely difficult to dispose of 30 pounds of unsold salad (cole slaw and Waldorf) to say nothing of roast beef, turkey, chicken salad, ham salad, etc. sandwiches. We'd much rather you came and ate with us.

Funeral arrangements were made through the Zarro Funeral Home of Bloomfield and interment was in Immaculate Conception Cemetery, Montclair.

Senior notes

By GEORGE CHENOWETH

By the time you read this the election will be over. The tumult and the shouting will have died down but, the promises of the contenders will still be ringing in our ears. We have to write this piece before election day in order to have it in this week's paper on time, so we do not know the results of the election at the time of writing. We do believe that it has been an interesting campaign with accusations and denials on both sides. It has been enlightening and much information has been gleaned through the appearance of candidates in the media, television, newspapers, etc. How much of this information and promises can we believe? Only time will tell but, it will be interesting to find out.

We still believe that we are living in the best country in the world and our elected officials need and deserve our confidence. Let's get behind our government whether it be national, state, county, or town and give it our utmost support.

The Belleville Senior Citizens Club announces that there are seats available for the trip to Lake Wallenpaupack on November 7. It was the intention of the committee to have only one bus load but, by popular demand, two buses were made available and now, we need a few more people to fill the second bus. Brunch, dinner, entertainment all included. Call Mary C. at 759-1652 for reservations.

We have been informed by the Health Department that Swine Flu Shots will be available for all who wish to have them. On November 11, 12, 13 and 14 the serum will be ready for distribution at the High School. Convenient hours have been arranged and there will be a separate line to alleviate the waiting time for the elderly. There will be a doctor in attendance.

Danduone is promoted

Bellevilleite Sal Danduone has been promoted to manager of the new Channel Home Center Store in Clifton, it was announced recently. The new do-it-yourself store opened September 30.

Danduone started with the Channel organization expansion program

of management training more than a year ago in Cedar Grove. He was promoted to assistant manager of the Elmwood Park store and reassigned to the Lodi store.

Danduone lives in Belleville with his wife, Grace, and the couple's two sons, Frank and Michael.

The Reverend Long of Christ Church officiated services held in the funeral home.

Cancer society steps-up programs

The American Cancer Society's Essex County unit will step up its free public educational programs in light of recent statistics indicating that 370,000 American will die from cancer this year, announced Mrs. Marie Marshall of East Orange, Public Education chairperson.

"The figures are frightening when you consider they represent approximately 40 percent of the Essex County Population," Mrs. Marshall said. "However, the really alarming news is that over half of these deaths are preventable if only people will make themselves aware of cancer's safeguards and early warning signals." The volunteers of the Essex County unit have decided to counteract these statistics locally by offering free educational programs upon request of community groups and industries.

The society has films and literature detailing cancer and its warning signals and offers a speaker's bureau voluntarily staffed by physicians, nurses, cured cancer patients and lay people.

"Our programs are action-oriented, they are free and can be tailored to fit any age groups.

Mrs. Marshall noted that programs on lung cancer and breast self-examination program is presented by volunteer registered nurses. They teach women how to examine themselves via a film, lecture-discussion and demonstration on a simulated breast model. Anyone interested in the society's free literature or free programs should contact the Essex County Unit, 336 So. Harrison Street, East Orange or phone 678-1990.

Saletta receives Optimist award

The New Jersey District of Optimist International recently held its Twelfth Annual Convention in Cape May. Mr. and Mrs. Rocco Saletta and Mr. and Mrs. Thomas J. Spillane represented the Optimist Club of Belleville.

Saletta was presented with the Heritage '76 Award by outgoing Governor John Butler. Each Optimist Club in the country was allowed to elect one of their members who most represented the ideals of Optimism to receive the Heritage '76 Award. Saletta, the charter president of the Optimist Club of Belleville, was the unanimous choice. He was chosen because of his "unselfish dedication to his community."

Thomas Spillane the 1975-76 president of the Optimist Club of Belleville was installed as lieutenant governor of the New Jersey District of Optimist International at the Governor's Banquet. He will serve as lieutenant governor for Zone Two. This is the first time that a lieutenant governor has been elected for the Optimist Club of Belleville.

The clubs in Zone Two are Belleville, Bloomfield, Kearny, Nutley, Irvington, Montclair, West Hudson, Garfield, North Ward Newark and Ironbound Newark.

Berkeley exams are next week

The Berkeley Schools will conduct competitive examinations on Saturday, November 13, for full and partial-tuition Alumni Association scholarships. Nine full-tuition and 30 partial-tuition scholarships will be given by the five schools.

The examinations will be given at 10 a.m. at the respective schools: The Berkeley-Clermont School of New York City at 405 Lexington Ave.; The Berkeley School of Westchester, West Red Oak Lane, White Plains, N.Y.; The Berkeley-Clermont School of Hicksville, N.Y., at 99 N. Broadway; The Berkeley School of Gerret Mountain, New Jersey, at 44 Rifle Camp Road; The Berkeley School of Ridgewood, New Jersey, at 75 N. Maple Ave.

A subsequent examination will be given at 10 a.m. on Saturday, December 11, for students unable to take the first examination.

The scholarship examinations are open to high school seniors and will apply to programs starting in July or September. Applications may be made through high school guidance counselors or to the director of the individual Berkeley school.

Students taking the examination in the New York City school will be eligible for scholarships in the 18-month professional secretarial program, 18-month court and conference reporting course and the one-year executive and nine-month intensive secretarial programs.

The Berkeley School of Westchester will give examinations for students interested in entering the professional secretarial program, the fashion marketing and management program, the executive and intensive secretarial programs and the one-year fashion merchandising program.

The Berkeley School of Garret Mountain will give examinations for students interested in entering the professional, executive and intensive secretarial program; the fashion marketing and management program and the fashion merchandising program.

The Berkeley School of Ridgewood will give an examination for scholarships in the executive and intensive secretarial programs.

Bicentennial plates now a bargain

Anyone who wants New Jersey's official Bicentennial license plate as a collector's item can now purchase them directly from the State Bicentennial Commission for the reduced price of \$1 each.

Walter T. Peters Jr., executive director of the Bicentennial Commission, said the \$1 price will cover the costs of handling and postage.

Those who wish to order plates should write to Bicentennial License Plates, 379 West State Street, Trenton, New Jersey, 08625, and make out checks to the New Jersey Bicentennial Commission for the amount that will cover the number of plates desired.

The official commemorative plates can be displayed over the front license plates of New Jersey motor vehicles only until February 1, 1977. However, Peters said people are continuing to purchase them to keep as souvenirs of the celebration of the nation's 200th birthday.

Under the original license plates program, the plates were sold only by municipal and county Bicentennial commissions and volunteer service, civic and other approved non-profit organizations for a fixed retail price of \$3.

DeWitt preserves Christmas spirit

The Holiday Club gift this year from DeWitt Savings will be a 10 ounce jar of Smuckers strawberry preserves. This gift was a feature of the 1974 Holiday Club and was in such demand that DeWitt is offering it again to savers opening up clubs for 1977.

The Smuckers gift is unique and serves a double purpose. Packaged in a beautiful apothecary jar it can later serve as a decorative holiday container for candy, nuts or fruit.

The DeWitt Holiday Club starts November 1 and will continue for 50 weeks making cash available for members in time to meet Christmas expenses in 1977.

Six plans range from \$1.00 to \$20.00 per week and completed clubs will be credited with 3 percent interest for the full term.

In the one dollar category, gifts are limited to one per person regardless of the number of one-dollar accounts opened.

Howard announces lower loan rates

The Howard Savings Bank has announced new lower rates for conventional home mortgages, according to Herbert M. Cannon, Howard vice president.

Cannon said that, on a 30-year term mortgage, interest rates now range from eight and a quarter percent to eight and three-quarters percent depending on the down payment. As little as 20 percent down is required.

The Howard's mortgage portfolio includes over 36,000 residential loans.

Headquartered in Newark, the Howard has 26 offices throughout the state. It is New Jersey's biggest bank and ranks eleventh in the national listing of mutual savings banks.

'Evening of Baroque' tomorrow at Montclair

Montclair State College will continue its autumn series of classical music with "An Evening of Baroque" in Memorial Auditorium tomorrow at 8:30 p.m. Josephine Mongiardo, soprano, and Kenneth Cooper, harpsichord, will be joined by Oscar Ravina, violin, and Gerard Schwarz, trumpet, and assisting artists in presenting a program highlighted by Bach's Cantata No. 51, "Jauchzeth Gott in allen landen."

Miss Mongiardo will also sing three songs by Henry Purcell, "Sweeter than Roses," "She that Would Gain a Faithful Lover," and "When First Amintas Sued for a Kiss," and Cooper will be heard in two Sonatas for Harpsichord by Domenico Scarlatti and as the soloist in Concerto in F for Harpsichord, Op. 4, No. 5 by Handel.

As a specialist in the great vocal music of the baroque and classical periods, Miss Mongiardo is renowned for her natural coloratura ability and her vocal flexibility. She is a native New Yorker with a BA from Barnard College and MA in musicology from Columbia University.

Park Commission plans 'swamp tromp'

The Essex County Park Commission's Center for Environmental Studies will present three interesting and entertaining public programs this weekend, tomorrow through Sunday, November 7.

Tomorrow at 8 p.m., the Center will hold another of its popular "Nature Photographer's Nites."

Nature photographers and non-picture-taking nature photography fans are invited to attend this free program. Photographers are asked to bring 10 of their favorite color slides and 5 black and white or color photos for display. This is not a contest; and there will be no judging of the works submitted. An Environmental Center staff naturalist will supervise the collection, display, and return of all photos and slides.

Saturday, November 6, at 1 p.m. is the start-up of a free "Swamp Tromp" through part of Hatfield Swamp. An Environmental Center staff naturalist will lead participants on this mini-adventure, and will "tell

all" about swamps and swamp wildlife. Please be sure to bring waterproof footwear.

Sunday, November 7, at 1 p.m. — There are still a few openings for participation in the Center's special crafts program — "Old Timey Wool Spinning & Dyeing." Participants in this two-part program (the second

session will be held on November 14) will learn the history and methods of carding, spinning, and naturally dyeing wool in a mini-workshop conducted by Center staff naturalists. The registration fee for attending both sessions of Old Timey Wool Spinning & Dyeing is only \$10 per person.

Being physically fit can mean different things to different people. Many commentators agree that to be in top notch condition, so as to enjoy both work and play, means that all parts of your body are in good shape and capable of working efficiently. Physical health also means that you can work hard without becoming excessively tired, and you can recover from fatigue quickly. It means as well that you are reasonably skilled in certain movements requiring coordination and strength: some form of athletics.

We work hard to give you the service you want. Bring all your prescriptions to us at ROSSMORE PHARMACY, 338 Washington Ave., 759-1956, 759-1968 for efficient handling. Say cheese Minnie Mouse says cheese during School Eight's Halloween Parade last week. The trick or treaters from pre-school to sixth grade marched across Clearman Field last week in a regal display of their pumpkin season finery.

Teens warned against smoking

Teenagers are urged "not to smoke" by Dr. Clarence Wilson, president of the Essex County Dental Society.

He points out that dentists are concerned about smoking and its harmful effects on oral tissues. They have examined the available evidence and believe that smoking is a serious oral health hazard.

Most people, for example, are aware that when they smoke, they increase the risks of developing lung cancer, but few realize that they also run a higher risk of developing cancer of the mouth and throat. Annually, some 15,000 new cases of oral cancer are diagnosed, and approximately 7,000 persons die of the disease.

Oral cancer is one of the most difficult to treat of all cancers if not detected early. Unfortunately, oral cancer often is painless until it is too late for other than severely disfiguring treatment.

Smoking has other effects on oral health. For instance, smokers have more periodontal (gum) disease. A study by a Massachusetts dental scientist shows that periodontal disease was more advanced in smokers than in non-smokers, with greater rate of bone loss and tooth mobility in the smokers.

Clinical studies indicate that loss of teeth is more frequent among smokers than non-smokers. It also has

been established clinically that there is a positive correlation between the consumption of tobacco, gingivitis, and the formation of calculus.

Your dentist urges you not to start smoking, says Dr. Wilson, because he knows that smoking affects your teeth and oral tissues in a number of other ways: it stains the teeth, causes bad breath, dulls the sense of taste and smell, and increases the risk of many diseases.

Another little-known fact, Dr. Wilson points out, is that smokers are, on the average, absent from

their jobs about six to seven days more during the year than are non-smokers.

Teenagers are fortunate if they never start to smoke, says Dr. Wilson, because the hazards of smoking far outweigh its pleasures.

The Essex County Dental Society is composed of more than 800 practicing dentists devoted to the art and science of dentistry. The local group is a component of both the New Jersey and the American Dental Associations.

New York woman jailed for 16 days

A 19-year old New York City woman, spent 16 days in jail before pleading guilty in Belleville Municipal Court to assault and battery and possession of a controlled dangerous substance.

Monique Joseph, 150 West 80th Street, was arrested October 14 for committing atrocious assault and battery on Joseph Parlavacchio, 825 Main Street, Belleville by cutting him with a knife. The defendant was also charged with possession of a CDS.

Belleville high election winners profiled

By JULIE SISTA, GRACE VALLARIO, LISA RECORD and DEBBIE SCHEDER

Election Results Are In

Elections were held October 1 for the class officers of '77. The senior class officers are as follows: John Burlazzi, president; Charles Jones, vice-president; Susan Lewis, secretary; Janice Nazzola, treasurer. The junior class officers are as follows: Ted Zangari, president; Donna Olivo, vice-president; Shawn McCabe, secretary; Paula Angelino, treasurer. The Sophomore class officers are as follows: Robert DeStasi, president; George Ann Polito, vice president; and Maria Marziliano, secretary. Also officers of the Executive Council are as follows: Sue Sorrentino, chairman, and Terri Cicero, secretary.

John Burlazzi, besides being senior class president, has participated in the 1974, 1975 Drama Club play, the senior class play of 1975 and the Talent Show of 1975. He is also an active member of the Key Club and Bowling team. Burlazzi is currently the school page photographer.

Burlazzi said, "This is a position which encounters many responsibilities. I plan to stand up to those responsibilities and make it a successful year for the class of '77."

Charles Jones, senior class vice president and ski club member, said, "I would like to make the senior class aware that its officers were elected by the students, and in the same way, the senior class must tell the officers their likes and dislikes. In other words, we would like suggestions on how the senior class would like a certain task done. We all must work together in order to get things rolling, and once we do this, we can set our goals and achieve them."

"The Seniors should try to hold more activities during and after school," says Susan Lewis, senior class secretary and member of the National Honor Society, Future Business Leaders of America, and Cooperative Office Education.

Janice Nazzola, senior class treasurer, is currently a member of the National Honor Society, drama club, and cheerleading squad. Nazzola said she plans to hold "various dances to make money for the senior trip."

All of the officers agree that their main goals are to keep the senior class unified and to raise money for a special senior trip.

Jones said, "The plan for the year would be to try to make the senior students happy and never forget their senior year at Belleville High."

Junior class president Ted Zangari participates on the football team and basketball team and is a member of the Key Club. His main concern this year is the junior prom. He says he plans to raise money through sponsoring dances and various other projects. He said he would appreciate any suggestions from the junior class representatives and any cooperation from the junior class members.

Donna Olivo, junior class vice-president, enjoys all sports, especially baseball and tennis. As a member of the Distributive Education Club of

America (DECA), she finds the DECA activities fun and interesting. She said she will assist the president in all possible ways and try to make this year a good one.

Junior class secretary Shawn McCabe likes music and is involved with Band, Concert Choir, and Orchestra. She says she enjoys reading, playing tennis, and going out with friends. She hopes to raise money for the junior class and to plan for the prom. McCabe commented, "I hope that the members of the Class of '78 can

all work together so this can be a successful year."

Paula Angelino, junior class treasurer, enjoys playing softball. She says she is very enthusiastic and wants the prom to be a day for all to remember. Angelino said, "I hope this year I can participate in getting the class involved as a whole."

Robert DeStasi, president of the sophomore class, is involved with the Key Club, Band and Chorus. His plans for the year are to have more fund-raisers and some fun activities

for the students.

Robert said he would like to thank his class-mates for re-electing him and is looking forward to a very successful year.

George Ann Polite, vice-president of the sophomore class, would like to do things not only for the students but things that would serve the community as well, because "the student body is a major part of the community and tomorrow's society."

Polite plans on having dances, recycling drives, marathons, volleyball games, picnics, fund-raisers, charity drives, a school newspaper and a Christmas party.

During the holidays such as Christmas and Easter, she said she would like the members of the student council to visit the hospital and children's shelter.

George Ann participates in band and Junior Achievement. She comments the sophomore class and the school as a whole needs more unity and involvement with the community.

Maria Marziliano, secretary of the sophomore class, is interested in joining the foreign language classes with the sophomore class. She said she would like to combine the ethnic cultures with the sophomore energies to sponsor a feast. The feast could be a major fund raising project.

Susan Sorrentino, a senior and chairman of the Executive Council, explains the duties of the Executive Council. "The Executive Council is a non-profit club that consists of the

officers of various clubs within the school. The members take suggestions from the student body which will help improve the school. They also will help with any of the problems the officers may have."

Sorrentino is also the co-captain of the Flag Squad, president of the Ski Club, and was president of her junior class. She adds, "Cooperation of the students is important if we are to have a successful year."

Terry Cicero, a junior and

secretary of the Executive Council, says she hopes to sponsor as many fund raising events as possible. She says she feels the junior class members should get more involved in school activities.

Cicero says, "More people should go to the meetings to show their interest and willingness to participate in school activities."

Cicero is also involved with the Ski Club, Tennis Club, and Junior Senate.

Shoplifting lecture spells out dangers

By JUNE PISAURO

William Carpenture, Area Security Representative for Supermarket General Cooperation, addressed BHS students concerning the subject of shoplifting. His third annual presentation was given October 19 to Ralph LaConte's, Distributive Education (DE) Coordinator, DE class.

Mr. Carpenture, having worked three years as a State Policeman in Princeton, has brought his experience as a security officer to his new position. Part of his responsibilities includes observation of shoplifters.

Shoplifting is the taking of an item with no intention of purchasing

it. Once a person has passed the register, he has given up the opportunity to purchase it. Shoplifting is not only walking out of a store without purchasing an item, it is also switching labels and price tickets.

The maximum penalty for shoplifting in the state of New Jersey is seven years in jail and \$2,000 fine. Belleville has a \$200 fine for shoplifting.

Having a criminal record for shoplifting will restrict certain job offers, such as, security jobs and army positions.

The average amount stolen from Pathmark stores is \$7.00, and meat is usually taken.

Students excited over Ford visit

By LISA RECORD

Some Belleville High School Students traveled to Garden State Plaza in Paramus on Wednesday, October 13 to offer President Ford a warm welcome. Several students were interviewed on their reactions to the President.

Lisa Pica-Senior: "It is something I'll never forget. I never thought I would have the chance to see him in person or shake his hand."

Ellen Schultz-Senior: "Everything happened so fast. It seemed like it never happened at all. It was a terrific feeling to think the leader of our country passed by."

Lynda Swinarski-Sophomore: "I feel it was an honor to be there, and I thought all those security guards

were scary."

Lisa Pacicco-Sophomore: "I thought it was exciting, because it was the first time I saw a President. I shook his hand and felt honored."

Julie Sista-Senior: "It was a great experience and a once in a life time thing. It really was a very special and nice moment with the exception of the people who became overly excited and rude."

Miss Marilyn Mango-English teacher: "Shaking hands with the President was a great moment to experience. As he was shaking hands, he left Kathy Stone and Sue Mocarshi for a minute and promised he would return. When he remembered and came back to them, we just stood there amazed."

Simon play auditions held

By STEVEN MISSAGGIA

Auditions for the Belleville High School Drama Club's production of the Neil Simon play "The Good Doctor" were held on September 22, under the direction of Robert Leffebine, English Teacher.

Cast in roles were students Nick Conditto Jr., Joseph DeNicola, John Dillon, Linda Fabian, Gerald Illaria, Charlie Kramer, Robert McTeigue, Pattie Meyer, Janice Nazzola, Bernadette Turano, Kim Venezia, Debbie Waldhart, and Kevin Waters.

Mr. Leffebine commented on the production by saying, "This is the first major production that the Drama Club has had in over four years. The interesting thing is that it is the first non-musical that the Drama Club has performed. Because of this, I am hoping that 'The Good Doctor' finds a good audience."

The play is to be performed on November 18, 19, 20. Rehearsals are now in progress under the direction of Mr. Leffebine and his assistant, Joan Dellano.

Homecoming Saturday

By JOSEPH RYAN

The Homecoming reception extended by Belleville to the Bellboy gridders Saturday could prove legendary if it boosts the 1-5 squad to victory over the state's top-ranked Seton Hall team.

The undefeated Pony Pirates will be playing to cool a warm celebration in honor of the Bellevilleites. Seton Hall coach Tony Verducci stressed his players will not take the Blue-Gold competition lightly. The Pirates' leader said his team realizes every opponent is gunning for a big victory over a top squad so, "we're in the position where we respect everybody."

Verducci's respect extends particularly on the Bellboy quarterback Joe Gelpi. The pony coach noted Gelpi's punting ability in the Essex Catholic game along with the Bellboy's other talents and said, he's a good athlete."

The Seton Hall team has as many stars as players. The entire backfield for the Pony Pirates consists of gridders with two or more touchdowns. "We really don't have any individual stars," Verducci said without lamenting the fact. "We just have a lot of good hitters who like to play ball."

The Pirate hit men include a defensive unit that has allowed only four

Bellboy errors give Eagles win

Three Bellboy mistakes led to three Eagle "home runs" in the fifth Blue-Gold loss last Saturday, 20-9, to Essex Catholic.

Blue-Gold coach Tom Testa used the baseball terminology to describe the impact of two long runs by Eagle Dave D'Andrea and a Belleville fumble of the contest. D'Andrea threaded his way through a BHS kick-off unit for an 85 yard touchdown run at the start of the game. This Essex Catholic "homer" spotted the Eagles six points in the first 14 seconds and Testa said, "you just can't do that."

The second half kick-off was the occasion for the next two opposition homers. The Eagles swooped down on a Belleville fumble first play after the kick and took the lead on another D'Andrea home run, this one a 48 yard sprint to the end zone that gave Essex Catholic the winning margin they needed.

The two D'Andrea touchdowns were both dramatic plays resulting from only two Belleville miscues but the momentary lapses of the Bellboy defense lost the entire game. "I'm from the old school," Testa said. "You've got to prevent losing before you can win."

The coach also acknowledged while Belleville mistakes resulted in D'Andrea's long runs for point, the fleet-footed Eagle was "the best runner we faced all year."

A high point for the Bellboy squad was the performance of Joe Gelpi. Testa called the senior quarterback's performance "outstanding." Gelpi's injured hand has mended and a limited passing attack was back in the BHS repertoire. The Blue-Gold passing game picked up

Continued on page 14.

touchdowns in six games. Victims of the Seton Hall attack this season include Bloomfield, Franklin Township, Roxbury, Paterson East Side, Don Bosco, and Bergen. "Defense is our strength," Verducci said.

Seton Hall will arrive in Belleville injury free and expecting to repeat last year's victory over the Blue-Gold to keep their win streak untarnished.

The good hitters who like to play football will include Pony Pirate captains guard Ferdi Masucci, (6, 215), and offensive

end Pat Sages, (6-1, 195) a senior. Mark Bowen will join the captains as the starting center. The senior Pirate is 6-1, 195.

Greg Thomas, (6, 190) will be teamed with fellow senior Masucci at the offensive guard slot. Ed Aulis, (6-2, 220) is a starting junior at tackle. Pete Shiller, (6-1, 195) a senior will also see duty as a starting tackle. Howard Arnette, (6, 185) will be teamed with captain Sages at the end slot.

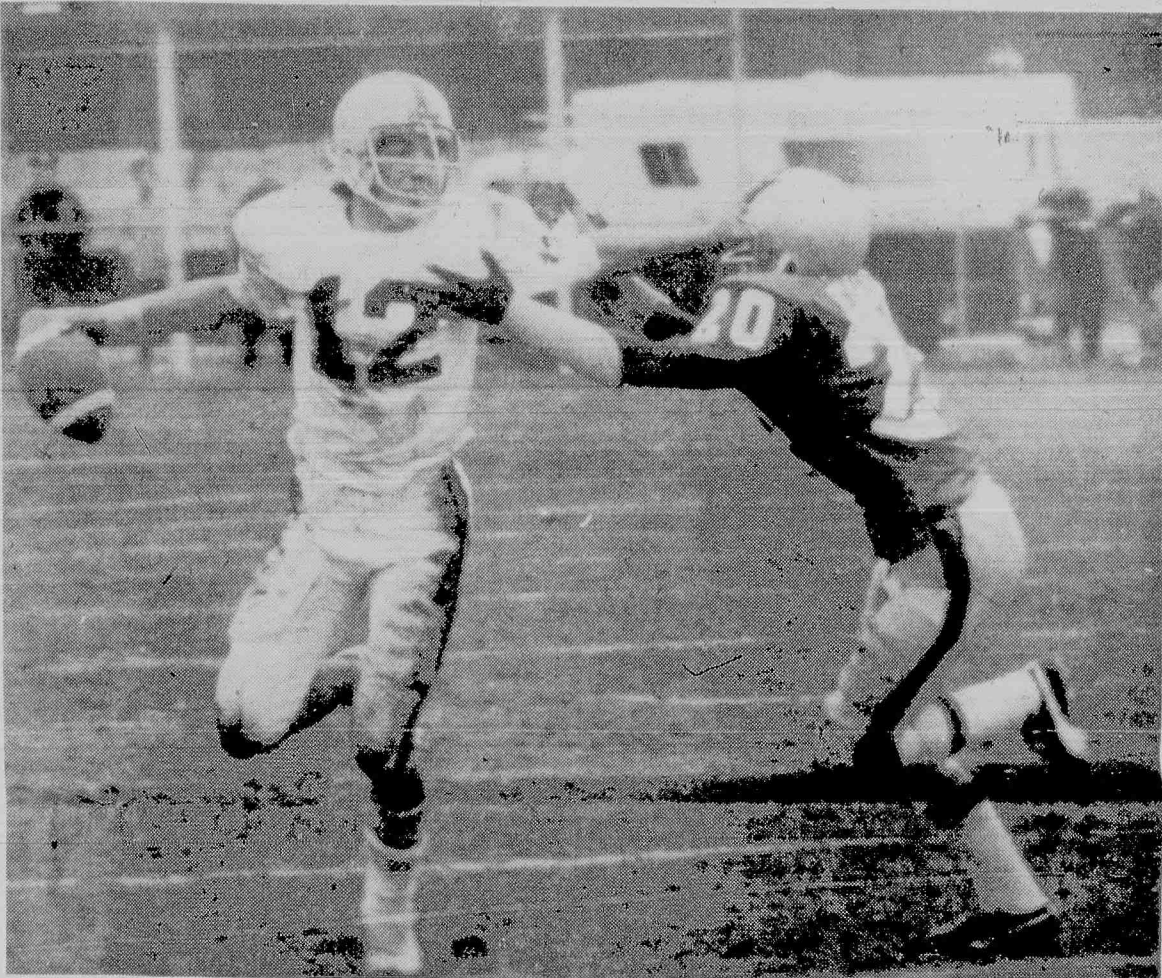

Mike Ragan, a junior is the Pony

Pirate pilot at the quarterback position. He will be joined by another junior back, Paul Villanova, (5-8, 175) and senior Carl Adamo, (5-9, 175). Senior Vincent Spinnozola rounds out the Seton Hall offensive roster.

Five pirates will double on the offensive squad. The double duty men will be joined by Rick Blumetti, (5-10, 180), linebacker Paul Vecchio, (5-11, 180) Lenny Jones, (6, 185) and safeties Vinnie Rispoli, (6-2, 190) and Carl Adamo.

Merola takes slug prize

The Veteran Boxers Social Club sponsored 12 amateur bouts of action in the ring last Friday night at the Belleville High School gym.

Top prize of the contests went to the Belleville slugger Tom Merola, who was awarded the trophy for the best all-around boxing performance of the evening. The local fighter scored a TKO in the first round against Passaic PAL pugilist Rapheal Moura in the 155 pound class.

The fights were sanctioned by the AAU and Sam Sangis and Al Divido divided the refereeing. Tommy Longo, former linebacker for the Giants and Cardinals and now football coach at Fairleigh-Dickinson, was the ring announcer. Dr. Philip A. Rispoli was the attending physician.

The show started with 135-pounder Daniel Perez, Hoboken winning a decision over Paul Klinck, of Bayonne. The second match was won by Calvin Mason, Tony Ryles AC, who decisioned Benito Jimenez, a Hoboken boxer in the 132-pound class.

A Belleville-Nutley confrontation went to Belleville boxer Bill Natale with a TKO against Nutley fighter Nat Piro. Tony Ryles fighter Alvin Savage decisioned 118 pounder Edwin Rivera from Hoboken. Alvin Hunter, Elizabeth

Soccer squad slides

When the Blue-Gold booters' record was 5-5 two weeks ago, prospects for a .500 season or better were bright. Now the Bellboys are in seventh place in the Big Ten after five losses in two weeks. Friday morning the BHS booters will

meet the Maroon Raiders on the Nutley Oval at 10 a.m. to try to end the second year varsity season on an optimistic note.

The defeats last week were both shutouts. The Kearny Cardinals downed BHS 5-0 last Wednesday and Bloomfield battered the Bellboys, 7-0 on Friday.

The Cardinals scored in each quarter of their victory with two shots reaching the net in the final round. All three Belleville goalkeepers shared duty in the Kearny game. Tony Cordaro, who worked the first and third quarters made eight saves. Vito Tamburrino, who tended the net in the second and part of the fourth quarter, stopped nine attempts and Bob Nebulung, made eight saves while he played in most of the last quarter.

Two of the five Kardinal points came on penalty kicks in the second and fourth quarters. The game was actually close at the half with the Kearny booters up by two. Cahill called the defensive play in the first half one of the better efforts of the year but "we couldn't get much offense."

The first quarter saw most of the action in the Belleville half of the field but the rest of the game the action was very even, the Blue-Gold coach said.

The Bengal booters just overpowered the Belleville soccer men. Bloomfield took the first match earlier this season, 3-1 when the Blue-Gold team was able to match the Bengals shot for shot. Last week, however with Bengal Kelley Tripuka playing center forward, the BHS footmen couldn't keep up to the Bloomfield attack.

Net set takes second win

The Bellgirls of the court won their second victory of the season last week when they shut out the Irvington Campers, 5-0. Immaculate Conception took the edge off the win by beating the Blue-Gold racketeers, 4-1, last Friday but coach Karen Fuccello continues to be pleased with the progress of the first year squad.

Wednesday the debut season of the women's net set ended with a home match against East Orange Catholic but the results were in too late for this edition of the Times/News.

Toni Sperduto, who has been the top ranked Blue-Gold player all year for the Bellgirls, easily won her match against Michele Xavier, 6-0, 6-0, of Irvington last week. The Blue-Gold team scored another win when LuAnn Graffeo defeated her opponent, Lucy Ticki, 6-2, 6-4.

Donna Fantacone got her first start at singles competition and started with a win when she beat Rose Palak, 6-1, 6-3. Coach Fuccello said Fantacone did well in her first effort after earning her way into the spot playing bonus singles matches.

Bellgirls Denise Juliano and Tina Ogilvie handled their doubles opposition 6-0, 6-0. Second doubles duo, Karin Sciacca and Wendy Hesford also outplayed their opponents, winning 6-1, 6-2.

A few foul-ups prior to the Immaculate Conception meet Friday proved irritating to the Bellgirl net set before they were defeated, 4-1, by the Montclair school.

Transportation to the match never showed up for the Blue-Gold team and when they arrived late Immaculate Conception would not agree to rescheduling the contest. It started with a forfeited first match when the opposition coach made an unexpected line-up change.

The second singles match pitted Bellgirl Patty Connelly against the former top ranked Immaculate Conception player Tricia Kenny. Connelly lost, 1-6, 2-6.

Ann Sauro downed Bellgirl LuAnn Graffeo in the third singles competition, 2-6, 4-6. Coach Fuccello said, "LuAnn has progressed very well but basic errors in her play" led to the loss.

First doubles team Juliano and

Blocked punt leads to BHS score

five completions on 13 attempts. Testa was also pleased with Gelpi's punting talent as a sub for injured booter Mike Limongelli. Gelpi averaged 43 yards on his kicks.

Ralph Amiano also put in a good game according to coach Testa. The films of the contest also highlighted the game performance of Scott Ochse, Testa said.

The Bellboys scored their first touchdown in two games Saturday helped by a blocked Eagle punt by George D'Allessandro recover by Ochse. The Blue-Gold defenders helped put two more points on the board when Essex Catholic punter Al Uricoli downed the ball in the end zone due to a Belleville rush for a safety.

Following D'Andrea's opening TD return the Bellboys took the ball on their own 26 and picked up a first down on eight and twelve yard runs by Joe Salters and Gelpi. Salters picked up three more yards but subsequent plays saw Gelpi downed by the Eagles for a 10 yard loss, John Clarizio stopped with an eight yard deficit on a screen pass, and a five yard penalty incurred by the Bellboys. The Blue-Gold men gave up the ball when they found themselves back on the 26 facing a fourth down and 30 to go situation.

A long Gelpi punt backed the Eagles to their own 10 yard line and

the defense held the visitors to seven yards and Belleville fielded an Essex punt on the Eagle 43 yard marker. Following an incomplete throw the Bellboys lost five yards on illegal procedure but Cervasio moved through the line for 10 yards on the ground. The BHS footballers recovered their own fumble on the next call and lost the ten. Gelpi punted 44 yards to the Eagle's 16 yard line.

Again the Belleville defense stayed tough. Gilbert Wright moved for eight on first down and quarter-back Tyrone Balkum gained another but the BHS defenders kept the Eagles backed up on their own goal line. When Dave Seiler attempted to punt for Essex Catholic, the ball was blocked by D'Allessandro and picked up by Ochse.

The revived passing game paid off with Gelpi back at the helm, when the quarterback fired to John Gotto for a 14 yard touchdown play. Bob Racioppi, substituting on extra points for Limongelli, completed the kick and the Bellboys took the lead for the first half 7-6.

Federico named grappler coach

Clifton High School has appointed a Bellevilleite as its head wrestling coach. Philip Federico, a lifetime resident of the town, was recently appointed to the position after serving four years as assistant coach at Clifton.

A 1972 graduate of Seton Hall University, Federico attended Essex Catholic High School where he was the top ranked grappler on his team and finished as a runner-up in the regionals. Gene D'Allessandro coached Federico on the Eagles mat squad and will face his former pupil across the mats when Belleville meets Clifton this year.

Varsity clubbers set dinner plans

Bill "Doc" Ellis and Wayne Worley have been appointed co-chairmen for this year's annual Belleville Varsity Club Football Dinner, club president Joe Casale has announced.

The awards banquet will be held Friday evening, December 10 at the Robin Hood Inn, Clifton.

Both co-chairmen have been active in the Varsity Club activities for many years and are also involved in other civic activities.

Both teams battled up and down the gridiron for the remainder of the half without scoring. The Bellboys looked like they were generating a possible upset. Belleville had possession for 14 plays in the remaining first half time while Essex Catholic held the pigskin for 15 more plays in the half. Interceptions marred a series for both squads.

Eagle Al Uricoli intercepted a Gelpi toss to tight end Ted Zangari on a third and 17 play. The Essex Catholic men took possession on their own 23 and after an incomplete pass, Warren Sixon blasted through the middle of the Blue-Gold line for a sixteen yard gain.

Belleville dropped Balkum for a four yard loss and the Eagles then suffered a delay of game penalty. Balkum then went to the air to Uricoli but Bellboy Gotto denied the pass with an interception and Belleville started a series on the BHS 30.

Joe Gelpi gained seven after Belleville lost 15 yards on a clipping call and the half ended with the Bellboys winning, 7-6.

Essex Catholic didn't let the Belleville lead demoralize them. The third quarter for the Eagles was the

most effective of the contest. Lightning struck twice when Essex forced a Belleville fumble on the kick-off and D'Andrea ran again for a TD on the first play from scrimmage. A Balkum throw to Rich Stefanelli completed the two point conversion and the Eagles took over the lead for good, 14-7.

Belleville fielded a kick-off at their 36 and Gelpi ran on first play for a 28 yard gain. Two running plays and a recovered fumble later the Blue-Gold was forced to punt however.

The Eagles then mounted a 68 yard drive including a 52 yard dash up the middle by D'Andrea. This time he was stopped before the goal line however. The Eagle march was abruptly halted though when Essex fumbled and Cervasio recovered for Belleville on the Blue-Gold 25.

Salters ran for five but following two incomplete passes Belleville was called on a personal foul and Essex took possession after the punt on their 45 line.

Wright ran 18 yards for a first down and the Eagles took 15 more on a Balkum pass to Stefanelli that was incomplete but drew a flag

against the Blue-Gold for interference. The Eagles incurred a five yard loss for illegal procedure but on first and 15 Balkum ran around the end 23 yards for six more Essex points. An attempted two point conversion failed but the Eagles were ahead 20-7.

Leaping Bellgirls The Belleville High School cheerleaders did their usual best Saturday to boost the Bellboys to victory on the gridiron. Above, the Bellgirls leap for luck around the final huddle before the gridders met their fate against Essex Catholic.

Harriers pop Passaic

The cross-country team continued on the winning track this week when the Belleville harriers defeated Passaic, 15-50 Monday. It was the second victory in the rebuilding year for the Blue-Gold runners.

Last week East Orange outdistanced the Bellboys for a 15-49 victory so the Bellevilleites have closed out the dual meet season with a 2-11 record. Cross country coach Rich Ruffalo called the two wins, "two more than I expected."

Eight BHS runners finished in the top ten in the race against Passaic this week. Ruffalo was especially pleased with the win because most of the harriers clocked their best times on the 2.94 mile Indian course at Watnessing Park.

Sophomore racer Mike Graham took first place honors with a 17:21 time. The runners' coach said he was also pleased by the large number of Belleville finishers in the 17 minute range. John Vaccaro won a close second place with an effort timed at 17:22.

Tom Graham, a freshman harrier, finished third at 17:28. Fourth slot was won by another Bellevilleite when Pasquale Mastrolia took two minutes off his best time and crossed the finish at 17:41.

Vinnie Celfo bested his previous time by a minute with a fifth spot finish and an 18:13 time. Rich Drake placed sixth with his fastest time of the season, 18:16. Sue Smith was clocked at 18:36 for Belleville in seventh place. Coach Ruffalo said Bellgirl Smith has a chance for a

medal in the girls section at the county meet.

Senior Dave White also finished in the top section for the Blue-Gold with an 18:45 race for eighth spot.

Mike Graham was also high man for Belleville in the East Orange race when he placed sixth at 17:23. Vaccaro was the next Bellboy finisher at 19:17 and Tom Graham rounded out the BHS harriers in the top 12 with a 19:26 time.

Olgilvie came close to a winning set in the first game losing 7-5, and falling in the match, 2-6 in the second set. The Bellgirl coach said, "Denise and Tina have been clicking as a team" and to win in the future the two will have to learn to keep their poise.

The most dramatic confrontation came in Karin Sciacca's and Donna Fantacone's doubles match. The Bellgirls won the first set 7-5, and lost the second 7-5. The final set went 6-6 and into a tie breaker. Each team matched points in the tie breaker until the Immaculate Conception duo scored the ninth and final point to take the set and the match. Fucello called the last doubles game "an exciting match to watch" and said Sciacca and Fantacone have been working well together. "They put up a great fight," Fucello said.

Parade plans announced

The annual Homecoming game sponsored by the Belleville Kiwanis Club will pit the Bellboys against the Seton Hall gridders Saturday, November 6, at Belleville Municipal Stadium.

Frank Ritacco, committee chairman, has announced the day will feature the traditional pre-game parade. The march will leave Town Hall at noon, travel north on Washington Avenue, then continue

up Division to Nolton Street and into the Stadium.

The Kiwanis float with the Homecoming Queen, selected by the Key Club, will be headed by a fire engine followed by the Cheerleaders and the Twirlers, the Belleville High School Marching Band, Town officials, and members of the Board of Education, the Kiwanis and Key Clubs.

Pony Pirates are unbeaten

Continued from page 13.

Belleville coach Tom Testa said the Seton Hall team has two good running backs, a good quarterback, good split end, and a tough defense. The Bellboys will have to stop making mistakes and play top flight football against the Pirates, Testa said.

Seton Hall has not had to pass often this year but they use the tactic as a surprise after lulling the defense away from watching for it. The Pirates run from a split backfield Testa calls a pro set, with a veer and option the Blue-Gold will have to stop to win. The victorious Seton Hallers have been running very well to both the left and the right during their string of victories.

The Bellevilleites will be playing again without the kicking services of the ace Bellboy booter, Mike Limongelli, who is probably out for the season with a leg injury. "we've been working every game with band-aids," Testa said. Greg Grasso is back in uniform this week but is still recovering from a bout with the flu. Chris Cervasio, who returned for the Essex Catholic game, will also be working this week to regain top shape.

The BHS coach said the Bellboys attitude has been good considering the misfortune of the season. "The quitters have already quit," Testa said. "I hope no injuries occur to some of our key men."

Rec department changes schedules

The Belleville Recreation Department has announced time changes for girls cheerleading and twirling activities starting the week of November 8.

School Five Cheerleading sessions will be conducted from 6 p.m. to 7:30 p.m. for grades two through six. Seventh through twelfth graders will practice cheers 7:30 to 9 p.m.

Twirling practice for girls age five to seven will take place at School Seven at 6:30 to 8 p.m. Wednesday practice 7 to 8:30 p.m. remains the same.

Badminton tourney opens

The shuttlecocks will be flying at the Sportcraft Eastern States Badminton Tournament November 5, 6, & 7 at the New Jersey Institute of Technology, Entwhistle Gymnasium in Newark.

Championship events will be held in singles, mens and women's doubles, mixed doubles, and veterans men's doubles.

Former titlist Tom Carmichael, of Flint, Michigan will be competing in all three events. Defending champ, Mike Adams of Flint, Michigan will be unable to compete due to an injury suffered in defending his U.S. Badminton title. Carmichael's principal competition will most likely come from Niels Noergaard, top ranked player from Denmark; Don Paup from Washington, D.C., last year's runner-up; and John Brittain

Lone Eagle Oops, Chris Cervasio is turning to confront a loose Essex Catholic Eagle who seems intent on disturbing Joe Gelpi's concentration.

Broncos roll over E.O.

Belleville's undefeated football team continued its win streak Sunday when the Broncos romped 35-0 over East Orange.

The seventh straight victory for the Bellevilleites was constructed by a strong offense with five Bronco touchdowns and a powerful defense that held East Orange to 19 yards for the game. It was the fifth shutout for the defense in seven games. Only three touchdowns have been scored against the Broncos all season.

The Bellevilleites struck quickly in the opening period for the first TD as Paul Scheuplein broke up the middle for 17 yards for his sixth touchdown of the year. Sam DeCapua ran for the extra point.

The Broncos turned the game into a rout with two touchdowns in the second period. The footballers drove to the nine after stopping East Orange cold at their 45. Fullback Angelo Centanni sprinted nine yards for the score. Later in the period John Cataldo recovered a East Orange fumble and the Broncos gained possession at their own 39 yard line. On the first play speedy tailback Mark Mendolla broke loose for a 61 yard run and the third Belleville TD of the game.

Quarterback Ken Constantino did a superb job directing the offense in the first half and he also kicked a two-point conversion to give the Broncos a 21-0 halftime lead.

Bob Scucci led the Broncos with outstanding running in the third period. The Bellevilleite raced 38 yards to the East Orange nine yardline setting up the score. Ken Constantino found Scucci open on fourth down for a five yard touchdown pass. The Broncos closed

out the scoring in the fourth period on a two yard plunge by Steve Knable. Constantino's kick was good to put the final tally at Broncos, 35, East Orange, 0.

The seventh triumph clinched at least a tie for the Essex Junior Football championship and the squad can capture its first league title tonight when they face Our Lady of Mercy at Roosevelt Stadium. The Broncos took the first clash between the two, 21-0.

Frosh slam Essex

The Bellboy frosh football squad defeated Essex Catholic last Saturday, 16-0, to up its record to 4-1-1.

The victory was the second straight shut out for the defensive unit which has allowed only 35 points in six games this year.

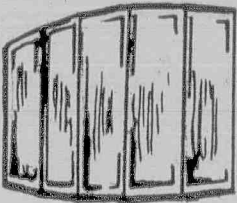

The offensive punch was supplied by a balanced running and passing

attack. Quarterback Ed Aulisi threw two scoring passes to end, Mario Colambrito, and two extra point tosses to Ralph DePasquale.

Mike Nicosia, Bob LaBruzza, and Dante Denotaris contributed to a strong ground game. The play of the offensive line has been a continued bright spot.

Pioneer gives to symphony

U.S. Pioneer's matching contributions program for the New Jersey Symphony has raised more than \$7,000, it was announced recently by Bernie Mitchell, Pioneer president.

Pioneer initiated the program to aid the financially ailing Symphony and "help maintain the symphony as a strong cultural force in our state," as Mitchell wrote in a letter to all New Jersey dealers.

Mitchell had personally solicited contributions from all audio dealers in the state, not just Pioneer's, in a series of letters and personal phone calls.

Because of the success of the New Jersey Symphony program, Pioneer is planning a nationwide matching funds program with all its dealers in support of the Metropolitan Opera. Details of this program will be announced next month.

In addition to contributions from New Jersey dealers, the symphony received donations from Pioneer rep firms and other Pioneer dealers outside the state.

Among these was Ken Kanzler of Atlantis Sound in Falls Church, Virginia, who donated \$1,000.

"We are delighted we could provide this support to the symphony. As I told our dealers, we owe a great deal to music. And this program seemed like the ideal way for Pioneer and its dealers to show that appreciation, especially to the New Jersey Symphony," Mitchell said.

He also noted that contributions to the symphony were still welcome and would be matched by Pioneer.

The audio component company is also providing dealers who participated in the program with trophies, plaques or certificates of appreciation, depending on individual donations.

The actors at Family Playhouse in Nutley are preparing for the opening of "Fiddler on The Roof." Left to right, Joan Scheckel, Don Attanasio and Jo Ann Russoniello hone their performances to a fine edge.

Play 'Fiddler' opens

Family Playhouse 28 Brookline Avenue Nutley will present it's third production of the season on November 5 at 8 p.m., the musical "Fiddler On The Roof." The musical comedy was the longest running show ever presented on Broadway. It ran for nine years and won a Tony award for best musical.

"Fiddler" is the story about Tevye the milkman and his three daughters and how they break away from the traditions which have been occurring for many generations.

Some of the cast includes Don Attanasio in the role of Tevye he will be seen in the play singing such musical numbers as "If I Were A Rich Man," "To Life," "Do You Love Me" and many others. Jo Ann Russoniello will be taking the role of Golde his wife. Joan Scheckel will be seen as one of his five daughters. "Fiddler" also has many dance numbers. Ray Napolitano will direct the musical. Napolitano has directed "Godspell" and "Seapino" for the theatre this season.

"Fiddler On The Roof" will run November 5 through November 21 Fridays and Saturdays at 8 p.m. and Sundays at 3 p.m. Ticket reservations are strongly suggested because November 12, 13 and 20 are sold out already, for tickets call 997-5626.

Christ church sets plans

On Thursday, November 4, from 10 a.m. until 3 p.m. the Ladies Guild will sponsor a Rummage Sale. Mrs. Edna Pendlebury, president, has asked those wishing to donate or seeking information to call the Church at 751-0636. In addition to clothes, the sale will feature furniture, household goods, books and bric-a-brac.

Plans are being made for the Yankee Doodle Holiday Fair to be held on Saturday, November 20 at the church, complete with ham dinner and many booths of hand-made articles and crafts.

Richard H. Drake attends convention

Richard H. Drake, a resident of Belleville, recently participated in the Society of Actuaries annual meeting in Toronto, Ontario as part of a workshop dealing with individual medical care plans.

Drake is actuarial director with Prudential Insurance Company of America, Newark.

The Society of Actuaries is a professional organization of over 5,000 members whose purpose is to advance the scientific analysis of risk as applied to life and health insurance and to maintain high standards of competence within the actuarial profession.

Junior high PTA holds first meeting

On Wednesday evening October 6, the Belleville Junior High School Parents and Teacher Association held its first meeting of the school year in the school cafeteria.

The meeting was called to order by the new president, Mrs. Mary J. Cardinale, after the opening exercises, regular business was conducted and the new officers of the association and committee chairwomen were introduced.

Jeff Stone tours with chorale group

A Belleville student has successfully auditioned for Upsala College's Chamber Singers and will tour with the group through New England and the south during the 1976-1977 academic year.

Jeffrey William Stone, son of Norma and the Reverend Alfred William Stone Jr. of 19 Tiona Avenue, Belleville, will participate in a concert tour at churches in Connecticut and will travel through the south in January. Other appearances are being scheduled at churches and other sites in New Jersey.

The Upsala Chamber Singers are under the direction of Lawrence Bennett, music teacher who is a member of the Western Wind Vocal Sextet, a classical group that in 1973 was nominated for a Grammy Award for its records of early American music.

Stone, a junior, is a graduate of Belleville High School.

Rory J. Stawicki studies aeronautics

Rory John Stawicki of 28 Bernice Road, Belleville, is among freshmen beginning their studies this fall at the Academy of Aeronautics, LaGuardia Airport.

The Academy of Aeronautics offers an Associate in Occupational Studies degree, an Associate in Applied Science degree and, through its affiliation with the New York Institute of Technology, a Bachelor of Technology degree with a major in aviation.

A graduate of Belleville High School, Mr. Stawicki is studying for an Associate in Applied Science degree with a maintenance technology major.

Students attend convention

Saturday, October 23, eleven Belleville High School Distributive Education students under the supervision of Ralph LaConte DE coordinator, attended a Distributive Education mini-conference orientation at Montclair State College. The eleven students were Sandy Columbrito, Senior, Wade Farror, Senior DECA President, Jerry Ilaria, Junior DECA President, Mary Kelly, Senior, Barbara Marino, Junior, Donna Olcott, Senior, Mary-Lou Sinnott, Senior DECA vice president, Laura Synder, Senior, Lorraine Taylor, Senior, Donald Tucci, Senior, and Lucille Tufarrillo, Senior. The students participated in three different workshops in preparation for the state conference in March.

Distributive Education students study retailing, advertising, display, selling and other marketing related subject. The DE students have an opportunity to demonstrate their skill and knowledge in these subject areas by participating in these competitive events held at county and state levels sponsored by Distributive Education Clubs of America.

The purpose of Saturday's orientation at Montclair State College was to explain to the students the rules and regulations of the various

School One kids have two visitors

Recently, School Number One children had two special visitors who explained two very important subjects.

A puppet show entitled "Rip Van Twinkle" given by Hartman, representing Public Service Electric & Gas Company, explained the concepts of electricity and its sources. Hartman also demonstrated to the children the techniques used in the operation of the hand puppets.

"Vandalism — Why?" was the other important subject. Detective John Marotti, who is a member of the Belleville Police Department, Juvenile Division; Mrs. Monteleone and Mrs. Sylvia View, both representing the Montell Real Estate Agency in Belleville, presented a film entitled "Vandalism — Why?" The visitors discussed, with the children the importance of keeping our town clean and ways to prevent vandalism. Soon, the children will be involved in a poster contest with "Vandalism" as the main theme.

High school HSA to meet Nov. 10

The Belleville high Home and School Association is holding a meeting on Wednesday at 8 p.m. on November 10.

Guest speaker will be Dr. David Spelkoman, Director of Special Service. The topic for the evening will be "Discipline and the Teenager."

Future Shock — Neighborhood youngsters inspect the plaque marking the spot next to St. Anthony's Church where a time capsule was buried by the boy and cub scouts of the parish Thursday night. Pictured (l-r) Patricia DeAquino, Denise Gonsalves, Manny Gonsalves, Marie Vessicelli, Din a Bassford and Ronny Hughes.

DeJoseph attends Lincoln Technical

Michael A. DeJoseph of 160 Belmont Avenue, Belleville, has been accepted by Lincoln Technical Institute, Union.

A 1976 graduate of Belleville High School, DeJoseph has enrolled in the Institute's extensive day course in automotive technology. Like many other Lincoln students, DeJoseph worked while going to school. He is employed by the Newark Board of Education.

competitive events which they will be competing in March at Atlantic City.

All first place winners in the various state competitive events will be invited to the national convention which is being held in California this year.

The DE students at Belleville High will be sponsoring various fund raising activities throughout the year to help finance these conventions.

On November 17, the Senior DE class will be visiting the Navy Station located in Lakehurst.

The tour will consist of visiting The Aviation Boatswains mate, Parachute Rigger.

After lunch the group will visit the weather Service Environ Det. The last stop will be the Westfield, where the Aircraft are located.

Arrangements were made by Petty Officer Carroll and LaConte, DE co-ordinator.

Creditor named to college staff

Bruce M. Creditor, formerly of Belleville, has recently been appointed to the music literature faculty of the New England Conservatory of Music in Boston, Massachusetts. Creditor received his B.M. in clarinet, with Honors, from the Conservatory in 1975, and is presently completing his studies towards a masters degree in Music Literature.

This past summer he was awarded a Leonard Bernstein Fellowship from the Boston Symphony Orchestra to attend the Berkshire Music Center at Tanglewood in Lenox, Massachusetts. While there, Creditor performed in orchestra and chamber music concerts conducted and supervised by such eminent musicians as Seiji Ozawa, Leonard Bernstein, Gunther Schuller, Klaus Tennstedt, and members of the Boston Symphony.

Creditor's professional performing career has also been very active recently, as he is principal clarinetist with the Civic Symphony Orchestra of Boston and the New Hampshire Sinfonietta, a member of the world famous New England Conservatory Ragtime Ensemble, which performed in Anchorage, Alaska last June, and at many summer music festivals around the United States; the New England Conservatory Contemporary Music Ensemble, and the Emmanuel Woodwind Quintet.

He will be clarinet soloist with the Reading, Massachusetts Symphony Orchestra on November 28 in a performance of the Mozart Clarinet Concerto.

In addition to these activities, Creditor also teaches many private clarinet students in the greater Boston area, and is orchestra manager of the Zamir Chorale and Orchestra of Boston.

Fire safety suggestions

Every day at least 2,200 homes and apartment buildings are destroyed by fire in the United States.

Home fires, perhaps the most terrifying, claimed 6,500 lives during 1975. Frequently the victims were young children who were alone when the fire started. Some 3,500 youngsters through age 15 perished from fire last year and many hundreds of victims are still recovering from serious, often disfiguring injuries.

The tragedy of these statistics, the New Jersey State Council points out, is that the suffering and waste of lives and property could have been avoided if these families had kept their property as fire safe as possible

and had an emergency home escape plan.

Here are suggestions prepared by the Safety Council and the National Fire Protection Association on how to plan for a quick exit in a fire emergency:

Carefully figure out at least two routes to the outside from every room in the house, especially bedrooms. Allow for blocking of stairways and halls by fire.
