K-Mart considers building in Valley

Down in the Valley, Belleville business prospects are looking up.

K-Mart has submitted a plan to build a 68,000-square foot department store on the Eastwood-Neally factory site. The store would be located on Main Street across from the recently opened shopping center.

The Planning Board has also given a tentative approval to a six-store addition to the 19-shop mall that opened in March. Joseph Grande, chairman of the Belleville Planning Board, said the new stores would be subject to the requirements of the Town Engineer, Building Inspector, and Fire Department.

The K-Mart site plan was tabled for further study following last week's Board meeting. A June 9 session of the Planners will be devoted to further discussion of the K-Mart proposal. Grande said the Planners hope to hear from residents in the area of the proposed K-Mart at the June 9 meeting.

The traffic flow at the K-Mart site was the problem most discussed at last week's Planning Board session. Grande

the Board was concerned about the positioning of three entrances and three exits. The Planning chairman said the driveways should be as far as possible from the residential streets bordering the property.

"We're very happy K-Mart has decided to come to Belleville," Grande added. "It's an influx of traffic for shop-

ing in our community that we've been missing for a long time."

K-Mart plans call for the store to be in the northwest corner of the block with parking toward the Main and Jorammon Street intersection. Grande said the proposal also called for a 50-foot sign for the department store that would be visible from Route 21.

Longo is named new health chief

Thomas Longo, a lifetime resident here and a graduate of Belleville High School, has recently been appointed Public Health Officer of Belleville.

The appointment, effective May 10, is only a temporary position until he takes the written test for the civil service position.

"I'm interested in peoples welfare and health and the job allows me the oppor-

tunity to become involved in the community," said Longo.

A graduate of Montclair State where he majored in business administration and minored in science, the new health officer studied environmental law and science at Rutgers University.

In 1972 he earned his sanitary inspectors first grade license and landed a job with the New Jersey state division of Consumer Health. He worked with the state for six years before accepting the position in Belleville.

"Belleville has one of the finest health departments around," pointed out Longo.

The new health officer and his wife Joyce have two children, Tommy junior, three years old, and Daniel, three months.

One of the goals Longo has already set for himself is to make the public more aware of the various programs the Belleville Health Department has to offer its citizens.

"The Public Health Office is not just a complaint oriented department," stated Longo. "We offer many programs for children, adults and the elderly we feel the public should be made aware of and it is part of may job to see that they are."

Max Schwartz, 75; Belleville attorney

Max N. Schwartz, Belleville Board of Education Attorney for 26 years, died at home May 12 and was buried following services at Irvine-Cozzarelli Memorial Home last Friday.

A Belleville resident for 70 years, Mr. Schwartz, 75, came here from Hoboken. He was a graduate of the Belleville school system and Columbia and Rutgers Universities.

Admitted to the New Jersey Bar in 1924, Mr. Schwartz maintained his practice in Newark.

Throughout his life, Mr. Schwartz was active in Belleville community affairs. He served as School Board counsel from 1959 to 1976 and was chairman of the Belleville Rent Control Commission from 1947 to 1960. Mr. Schwartz served on the Draft Board during World War II and received a special commendation from President Franklin Roosevelt. He was also legal advisor to Congregation

Ahavath Achim in Belleville for 20 years. A lifelong member of the Congregation, Mr. Schwartz's father, Nathan Schwartz, was one of the founders of the congregation.

Mr. Schwartz was the founder of the New Jersey Contract Bridge League. He was a charter member of the Branch Brook Golf Club. In 1957, he was sworn in as attorney and counselor of law to practice before the United States Supreme Court.

Survivors include his wife, Hazel, (nee Wurster); a daughter Mrs. Judith Kane; two sisters, Mrs. Lillian Berkowitz, Mrs. Clara Weinglass; and three grandchildren.

Rabbi Noah Burstein presided at funeral services. Interment was at King Solomon Cemetery, Clifton.

Lord's Prayer proposed to recall basic freedoms

Freedom of speech and religion will be discussed Monday when Belleville School Board Member Ralph Risoli asks the Trustees to say, amen to the Lord's Prayer.

Risoli plans to introduce a resolution in favor of teachers reciting the Lord's Prayer in Belleville schools. "Today more than ever, we do need prayer," Risoli said. "Things are getting out of hand. This little thing is not going to kill anybody."

The Supreme Court has banned prayer in public schools but Trustee Risoli points out his recital plan is optional. "Pupil participation in the recitation of the prayer shall be voluntary," Risoli said. His proposed resolution states, "pupils shall be reminded that this Lord's Prayer is the prayer our pilgrim fathers recited when they came to this country in their search for freedom."

Risoli's prayer resolution also states Belleville pupils shall be informed the exercise is "not meant to influence an individual's personal religious beliefs in any manner."

Trustee counsel Frank Pomaco has advised the Board of Education not to move any prayer or meditation resolu-

tions until similar bills are acted on in Trenton. Board Member Michael Chieffo has proposed a silent meditation moment during the school day.

Bank now permitted to give passbook collateral loans

The New Jersey State Legislature recently enacted a law which made it more attractive for banking institutions in the state to make loans on passbook collateral.

According to James K. Feely, president of the Bloomfield Savings Bank, "The new law will enable us to better serve all our depositors, time savings account savers, as well as regular savings account savers." Feely says the collateral loan enables the depositor, "to have his cake and eat it, too." All monies on deposit in time savings accounts will continue to earn the higher interest rates while the depositor pays just 2 per cent higher on the money borrowed.

The Federal Deposit Insurance Corporation, which insures all accounts in mutual savings banks, requires the 2 per cent "spread" between the passbook rate and the loan rate on time savings accounts. This is one of the most expensive ways to borrow. Feely says, "The new law will enable us to better serve all our depositors, time savings account savers, as well as regular savings account savers."

Senior notes

By GEORGE CHENOWETH

Last Wednesday evening we attended the awards presentation for volunteer workers of the Clara Maass Hospital. We are pleased to announce that the Belleville Senior Citizens Club, Inc., was given a testimonial for furthering the need for volunteers for the hospital staff. We are also pleased to announce that five of our members received volunteer awards for the many hours that they have contributed to this worthwhile cause. The recipients of the awards were members, Julie Huemer, Rose Clark, Pauline Todd, Jean Torromeo, and Elsie Kessels. They deserve the greatest praise.

At last Tuesday's meeting of the Belleville Senior Citizens Club we were surprised when our town officials, Mayor Marotti, Commissioner Senatore, and Commissioner McGreevy made appearances. We believe that they were surprised, also, to meet such a large and enthusiastic gathering. We, of the club, were informed by the officials that it seemed that the president and the executive board were doing a good job at their appointed tasks and that continuance of same would be desirable.

We are pleased to announce that Marie Muncie, wife of Nick, has been selected Mother of the Year. This selection took place at a Mother's Day Party at Bepys and was attended by the members of the Thursday Group of the Belleville in the Park Senior Citizens. Congratulations to Marie, you are most deserving of this honor.

Mary and Michael Cicerele celebrated their Golden Wedding Anniversary on Saturday, May 14th. A surprise party by relatives was held on Sunday at the Veterans' Hall on Stephens Street in their honor. The popular couple are deserving of acclaim and the Belleville Senior Citizens Club wishes them well.

Don't forget the Spring Party at the Branch Brook Manor on May 25th. See you there!

Cancer crusade short of goal

The American Cancer Society's Cancer Crusade, which began in April, is now in full swing throughout every community in Essex County.

However, Martin Claire, Belleville Crusade Chairman, has said the town's goal of \$6,000 is still a long way off. "So far this year we have collected \$5,135.78," Claire said. "What many people fail to realize is how important their contributions are."

Belleville's chairperson added that any resident who has not yet contributed or been contacted can still help the crusade by mailing a tax-deductible contribution to: Essex County Unit, American Cancer Society, P.O. Box 610, East Orange, 07019.

A Telephone Reassurance plan has been announced by the Friendly Visitors Program of Belleville, Bloomfield, and Nutley. The plan for the home-bound Senior Citizens will serve as a protective service wherein daily telephone calls are made by a volunteer caller at an appointed time to check on the well being of the elderly person confined to home.

If the senior does not answer the call at the appointed time, arrangements will be made for a house call. The Friendly Visitors Program is a free service sponsored by the Community Mental Health Center of Belleville, Bloomfield, and Nutley.

Free car washes offered to Belleville

Tip Top Car Wash, 485 Ridge Road, North Arlington announced today it is currently distributing to Belleville residents three hundred Full Service Car Wash certificates each week until November 1.

"About 25 percent of those receiving the Free Car Washes use them," said Ira Feinbert, president of the deluxe Car Wash. People just don't believe you get anything free anymore, and they think there must be some kind of trick to our program. It's simply hard for the consumer to believe that someone would give them a five dollar value without some strings attached," he added.

Each week the free car wash certificates are hand delivered. Residents should look for an envelope that clearly states "Free Car Wash Certificate Enclosed." Service includes car vacuumed, mats steam cleaned, ashtrays emptied, whitewall, interior windows cleaned and polished, car washed automatically, and hot wax applied.

The certificates must be used prior to the expiration date and are valid Monday thru Thursday from 8 to 5 p.m. and Sundays from 8 to 4 p.m.

The Nixon and Frost interviews

Forty-five million people recently saw Richard Nixon cross-examined by the British news-caster, David Frost. It was a bizarre scene, perhaps even morbid. We saw the former President of the United States demean the high office he once held. What he should have said — he didn't — and what he said should have been said in the public interest and not for a million dollars. Nixon is assured of \$600,000 plus 10 percent of the profits, which experts conclude will benefit Nixon to the tune of a million dollars.

It was a sad spectacle. A once respected President was reduced to the low level of pandering for public sympathy.

Despite his performance of last week, Richard Nixon re-

mains one of the men we admire most in our lifetimes. After losing his bid for the governorship of California in 1962, in six short years his determination led him to successfully challenge for the Presidency of the United States — the highest public attainment in the free world. Such determination — such courage — such perseverance — is proof positive that anybody of courage, determination and perseverance could achieve a pre-set goal. Nixon did it, and it will be a lasting monument to Nixon, the Achiever.

Goodwill's 75th birthday

This year Goodwill celebrates 75 years of helping the handicapped help themselves. And that's a service Americans can feel good about. In the three-quarters of century Goodwill has existed, they've dedicated themselves to helping the handicapped.

Tens of thousands of people — the physically and mentally disabled, drug addicts and alcoholics, ex-convicts, the socially disadvantaged, the educationally deprived, and even the elderly — come to Goodwill Industries each year.

Through vocational testing, counseling, guidance, work experience, and job placement services, Goodwill helps handicapped people become self-sufficient, contributing members of society.

From humble beginnings in a decaying Boston church, Goodwill has grown into a network of 161 member organizations and foreign affiliates in 17 countries. And these organizations have set up one of the world's most successful systems for the rehabilitation services for people who are handicapped.

Staffed by professionals with a vast reservoir of knowledge on rehabilitation and related fields, Goodwill also benefits from the efforts of over 20,000 volunteers who donate their time and talents to help those less fortunate than themselves.

These dedicated people merit the gratitude and support of everyone in our community. Since May 8th through 15th has been set aside as National Goodwill Week, we think this is an especially appropriate time to congratulate Goodwill Industries on their accomplishments and give them some well-deserved recognition.

It is the generosity of the people of this community that has made Goodwill's past 75 years possible. And that same generosity is what can mean the difference between a wasted life and a productive, independent future for thousands more handicapped Americans.

For all these reasons, we urge you to join us in focusing attention on the local activities that have been planned for Goodwill Week. But even more important, we urge you to remember Goodwill Industries throughout the year.

Mother's day — Vincent Cerca studies the program notes as William Brady double checks it over his shoulder during School One's special tribute to mothers held recently in the school auditorium. Each of the second and third grade students recited poems, to the delight of their parents sitting in the audience, explaining what their mothers mean to them.

Look at politicians' records

To the Editor:

The time to stop more serious problems is before they start. I believe it is time we take a long hard look at the records of all politicians seeking reelection.

If we keep returning to office the same people that sold us down the river in the cities, county, and the state, that created the mess we are facing today by voting approval for all the new programs that are costing us billions of dollars in extra taxes, then we should remain silent and let the politicians do their dirty work.

With inflation, like all other useless programs that benefit the politicians and their political machines at the expense of the people, going higher and higher, the future of this state, like the state of New York, is on the line, unless we make some changes in June to protect ourselves, our jobs and our families.

With the powerful Democratic machine in power, Watergate will be a thing of the past. There will be more strikes, riots, lay-offs, violence, uprisings, and other harmful acts. Some have created an atmosphere of distrust and should be reined.

I will never support any politician that takes orders from a political boss, jumps the fence, or defies the wishes of the people. In my opinion it will take a Republican administration in Trenton and in the county to clean up the mess

and bring back good government for all the people to enjoy without fear of walking the streets.

Unions are good and had depending on their demands but they do not have the muscle to remove good people from office. The Orechio Boys in Nutley and Tony Imperiale are proof of that fact. But the greatest union in the state is the people. Once they unite together and raise their voices in protest they are unbeatable.

There must be some changes made in Trenton starting with the Governor to repeal his unpopular state income tax, and in the county where county taxes reached an all time high. And they still want more by their demands for revaluation, which is responsible for industry moving out of this state, creating a new high on unemployment, and the home owners who can't meet their mortgage payments are up against the wall.

The millions taken in from the race track should be used to replace the state income tax. No one will be hurt.

I do hope the people in the county and the state will give my message serious consideration. It makes good sense to start over again with a new slate in the hope they will remove the fat and sweep out the dirt hidden under the rug.

Golden Comments

By James R. Golden

In two and a half weeks, on June 7, voters will trek to the polls to cast their ballots in the Primary Election for their candidates, in the party of this choice, for the various offices ranging from Governor through Assembly positions.

With only two Belleville residents, George Riepe and Joseph Sisto appearing on the ballot in aspiring for public office as candidates in the Republican Primary contests, there has been a dearth of activity that is uncharacteristic of Belleville during a political campaign.

The only noticeable action demonstrated so far took place at the Fountain Restaurant two weeks ago when a full-house crowd consisting mostly of young, enthusiastic supporters of gubernatorial candidate Robert Sarcone danced away the evening with a minimum of money and a lot of intent to repay their benefactor by voting for the former state senator for Governor on June 7th.

Among the old pros of politics who seemed to have largely underwritten the Sarcone bash was "Boss" Rega and his charming angels and their escorts who did such an outstanding job in the school board election. Rega is an old personal friend of Bobbie Sarcone whose loyalty to the candidate could never be challenged. This is proven by the fact that only Sarcone's campaign sign is displayed on Jackie's popular corner. With all "Boss" Rega's subtle political cunning and clever artifices his sincerity and loyalty to friends can never be challenged, in politics that means a lot.

Statewide, we don't know how successful Sarcone will be in his quest of the Governor's chair, but we do predict that in Essex he will run a strong race and give his principal Republican Party rivals, Bateman and Kean, plenty to worry about. In fact, his vote tally in his home county could have a decisive effect upon the outcome of the Republican Party's selection of its candidate for Governor this year.

Despite President Carter's popularity and his constructive programs, such an assuring necessary funding for payment of Social Security commitments, it would appear his honeymoon with the Congress is over. Congressmen complain they aren't consulted by Carter and nervously display their anger by holding up or thwarting many of his programs.

Most distasteful of all the complaints of Congress is its opposition to the proper funding of Social Security obligations. How may they dare challenge theittance payments offered to those on Social Security when these people had worked, paid their income taxes and also paid their FICA (social security) weekly deductions, now averaging about \$20 per week.

Indeed, if one were to depend entirely upon their social security monthly payment with today's inflation prices, just forget it. Of course the Congress people didn't have any reservations about spending money when it came to raising their own salaries up to \$7 grand a year for their hot air in Washington. Now they worry about protecting our old, huddled masses that have to struggle along on an average monthly hand out of \$226.00 that they long ago paid for out of their own money and the contributions of their employers.

In spite of all the wrangling over 6 billion dollars, which seems a drop in the bucket in our national budget today, there is a very simple solution to the pay raise controversy. All that need be done is cut out 6 billion bucks from the extravagant foreign aid program, which is a give away to people to whom we owe nothing and put it into the Social Security fund which takes care of our own people, who had paid their way and are entitled to this prior consideration as American citizens. This certainly is a better way than blowing 6 billion on those we own nothing, some who fought us and many of whom hate us, while they snicker as they take our dough.

Code of conduct is approved

By SENATOR CLIFFORD P. CASE

In April, the Senate approved a Code of Official Conduct for Senators, officers and employees of the U.S. Senate based, in part, on a stringent new public disclosure rule.

This rule requires that Senators, officers and employees of the Senate who earn \$25,000 or more yearly disclose their sources of income, their assets, liabilities, holdings in stocks and bonds and in real estate and make such disclosure public.

The previous Rule for members, officers and employees of the United States Senate provided that only gifts in the aggregate amount of \$50 or more and the amount and source of each honorarium of \$300 or more had to be publicly disclosed. This was never adequate to allow the public to review and judge the integrity of its public servants.

My view is that information about a public servant's finances must be made public, if the taxpayers are to have an opportunity to make a valid judgment about a public official's right to continue to exercise the public trust.

It was especially gratifying to me that the Senate made public disclosure the foundation of our new rules, since I have labored for almost twenty years for the passage of full public disclosure legislation. In 1958 when I first introduced a dis-

closure bill I was its sole sponsor, but over the years others became interested and during the last several sessions approximately a fifth of my colleagues have joined me in sponsoring the Case disclosure bill. (Since the early sixties I have voluntarily made an annual public report of my own financial holdings and income.)

Unfortunately, the Senate's action, like earlier and similar action by the House, affects only the members of the two bodies — not the many public servants, including the President, Vice President and Supreme Court justices — in the other two branches of government.

But it is only a matter of time, I hope and believe, until we shall have acted to apply the full financial disclosure principle to the executive and judicial branches as well as to Congress. We must hope, too, that state and local governments will increasingly follow suit. What a cleansing of the body politic that would bring!

The new Senate rules also include a provision outlawing the use of unofficial office accounts. Demands on Senators for constituent services and other duties related to being a United States Senator are admittedly heavy and some offices have resorted to the use of private contributions to pay for certain job-related expenses.

Yet, this has always been wrong to me.

I believe that we should take steps to insure that every Senator — regardless of his wealth or lack of it or that of his friends — is equally well prepared to carry out his official duties. Personally, I believe our present official allowances are adequate, but, if they are not, then we should make them so.

Private subsidization does not belong in the United States Senate and I was particularly pleased that the Special Committee on Standards of Official Conduct agreed with me and did away with "unofficial office accounts."

The most controversial of our new rules placed a 15 percent annual limitation on the amount Senators may earn in outside income.

Being a United States Senator is a full time job — indeed it takes many hours beyond the normal eight-hour workday.

Moreover, there is no reason why a Senator (or any public figure) should expect to capitalize on the prestige that attaches to his office. And it is most desirable to eliminate the possibility and even the suspicion, that votes may be influenced or other favors procured by a generous recognition of the oratorical efforts or the literary endeavors of public men. I thought the limitation fair and supported it.

Tracing disco roots

By STEVEN MISSAGGIA

Much of today society has been led to believe that disco music is represented by such songs as "Disco Duck" sung by Rick Dee and His Cast of Idiots. This is a disco imitation which uses the gimmick of a duck's voice. True disco is made up of strong vocals, beautiful lyrics, and complete orchestras. This editorial will serve to examine and explain the various types of disco music.

The Detroit Sound, also known as Motown Record Company, is now located in California. Motown had invented disco music with such artists as Diana Ross and The Supremes, Smokey Robinson and The Miracles, Marvin Gaye, Stevie Wonder, The Temptations, Gladys Knight, and 4 Tops and Martha Reeves and The Vandellas.

Since that time, disco music has changed. With that change, Motown has developed and stylized its music. Romantic lyrics, a steady beat, and a singer with a strong dominating voice these are elements always found in the "Detroit Sound."

In the past year, Motown has produced a great deal of big selling disco music including, "Don't Leave Me This Way," Thelma Houston; "Down to Love Town," The Originals; "Love Hangover," Diana Ross; "Goin' Up in Smoke," Eddie Kendricks; and "Let My Heart Do the Walking," The Supremes.

Vocals comprised of meaningful love relationship lyrics are the most important effect in the California Sound.

Many of the artists of this area of music write their own music and lyrics including "Get Away," Earth Wind and Fire; "I Don't Wanna Lose Your Love," The Emotions; "Free," Denice Williams; "First, My Last, My Everything," Barry White; and "Heaven Must Be Missing An Angel," Tavares.

Barry White also conducts the Love Unlimited Orchestra and writes all of their music. The music includes "Love's Theme," "My Sweet Summer Sweet," and "Theme From King Kong."

In addition to the Love Unlimited Orchestra, Barry writes most of the music for the vocal group Love Unlimited. The newest Love Unlimited album is entitled "He's All I've Got" and is comprised of seven beautiful love songs (six written by Barry White). Their sexy style and strong, never failing voices make the listener ask himself, "Can their next album be better than this?"

The Philadelphia Sound comes complete with orchestras MFSB (Mothers, Fathers, Sisters and

Brothers) and meaningful lyrics on social or emotional relationships.

Philadelphia Sound is created by such groups as The O'Jays, "I Love Music," Ecstasy, Passion & Pain, "Touch-N-Go," Archie Bell, "Everybody Have a Good Time," Three Degrees, "Dirty Old Man," Harold Melvin & The Blue Notes, "Bad Luck," and The Tramps, "Disco Inferno" and "That's Where The Happy People Go."

Artists of this area are much like the artists of California because of their versatility. Their songs do not stop with disco music. Examples of these are "Share My Love" and "I'm Not in Love," Dee Dee Sharp, and "Free Love" and I'm In Love Once Again," Jean Carn. These singers sing many slow ballads and have a blues-singer's style. Dee Dee Sharp is accompanied by back-up singers Carla Benson, Evette Benton and Barbra Ingram (who also accompany Eddie Kenrick, Loleatta Holloway, Carol Williams, Salsoul Orchestra, etc.).

New York Sound is the most popular form of disco music in this area. Here, too, orchestra are important, especially the rhythm and percussion. Songs of this section include "Turn the Beat Around," Vicki Sue Robinson; "Most of All" and "Let's Make a Deal," Gloria Gaynor, Queen of the Disco's; "Midnight Love Affair," Carol Douglas; "You're My One Weakness," Street People; "I'm In Heaven," Touch of Class; "Hill and Gion" and "Dreamin'," Loleatta Holloway; "This Is It," Mecha Moore; and the endless list goes on.

Carol Douglas' album "Midnight Love Affair" is a dancing album, conducted by John David and The Monster Orchestra, "Night and Day." This album gives disco music a smooth listening quality. It contains six songs. The first side is one continuous cut including "Midnight Love Affair," "In The Morning" and "Lie To Me."

With The Munck Sound such singers as Donna Summer, "Love to Love You Baby," and the Silver Convention, "Fly Robin Fly," have gone to Germany in the past and have become successful there.

Donna Summer, "The First Lady of Love," has become a phenomenon in disco music. After her first hit "Love to Love You Baby," Donna has released two more albums, "Love Trilogy" and "Four Seasons of Love."

On "Four Seasons of Love," Donna reassures her fans on being a number one disco entertainer and has proved herself as a ballad singer also

with her rendition of "Winer Melody."

Included in the European Sound, besides Germany's influence on "Disco music, London, England has also played a part in today's disco world. An example of this is Tina Charles, "Set My Heart On Fire," "I Love to Love," "Dance Little Lady," etc.

Florida Disco music originated in Florida and encompasses fewer artists. As of now, it is not very popular in comparison with the other types. The music is section has a repetitious beat, and all of the songs seem to sound the same. Examples of this music are "Rock Your Baby" and "Rockin' Chair," George and Gwen McCrae; "Boogie Man," KC and the Sunshine Band, and "Where Is the Love?" Betty Wright. The lyrics lack depth and are usually about dancing, with little social or emotional meaning.

Canadian club — The Rosemount mixed chorus under the direction of Helen Gold enjoy a break during Friday's performance in the Belleville High Auditorium.

Reggae releases social grievances

By Liz Gilbert

Rastafarians are members of a religious sect that believes Jamaica's culture should reflect its people's African roots. What is sung is called Reggae music. The name comes from the title of a 1968 hit which has lyrics that treat political tensions, social grievances and "black roots" culture. Because an unpopular law or politician can become the subject of a popular song, Reggae is a political force that is felt at the government's highest level.

Reggae songs are the strongest way to reach the people, to cause reaction. Many Reggae Rastafarians want Jamaica to become an agrarian nation based on black pride and African culture.

Created 15 years ago in the West Kingston ghettos by amateur musi-

cians, Reggae is characterized by a scratchy staccato guitar, incessant drumming, and full volume bass. Its rhythm is very distinctive, sometimes accented with kettle drums. Often such groups as "Burning Spear" and "Toots and the Maytals" use organs, saxophones and flutes accompanying the basic guitar-drum-bass trioika. (band)

The most popular Reggae band to reach world-wide acceptance is Bob Marley and The Wailers who perform such songs as "Rat Race," "Revolution," "Roots," Rock, Ragga," and "Burning and Looting." Marley also wrote the hit-single song by Eric Clapton "I shot the sheriff."

Other Reggae bands include Toots and the Maytals, Burning Spear, Petes Tosh, Magic Duke and the Mighty Diamonds.

Community Choir's Spring Concert Sunday afternoon

The Community Choir of Nutley presented its seventh annual Spring concert Sunday afternoon, 2:30 p.m. in St. John's Evangelical Church, 10000 Avenue, Nutley. Under the direction of Mrs. Valerie W. Peed, a vocal and instrumental soloist, the choir presented a variety of songs by Gounod, Brahms and Pachelbel.

The choir consists of 30 voices. Some of them are professionals but most just love to sing and enjoy the discipline of meeting regularly to master difficult works under the direction of a trained choral director. Mrs. Peed is a graduate of Westminster Choir College, Princeton.

The choir members range in age from 15 to 70. They come from 12 communities, from Butler to Parlin, but most are from the Nutley-Belleville area.

and Pergolesi, the romanticism of Brahms, to the somewhat dissonant and irregular rhythms of Bernstein. One of the numbers calls for use of organ, harp, percussion and a boy alto.

To achieve a greater measure of professionalism, Mrs. Peed brings in soloists such as Anne Cleaves, soloist of Riverside Church, New York City, for major works such as the Brahms "Alto Rhapsody," but for other solo or instrumental parts such as are in Bernstein's "Chichester Psalms," she likes to use the talent of the choir and the local community.

The concert will be open to the public without charge. The choir is funded by donations and while it is largely supported by a number of patrons and sponsors, donations from others are also solicited so that the group may continue to provide the community with a high quality of programming.

Music festival has small world theme

The Belleville Elementary Schools will present the final performance of their 1977 Instrumental Music Festival entitled "It's A Small World After All" at the Belleville Senior High School Auditorium at 8 p.m., Thursday evening, May 26. This performance is for the public and admission is \$1.00 for adults and fifty cents for students with proceeds going to the elementary music account.

The festival is an annual occurrence in Belleville and was originated by Director of Music Frank Scelba about 25 years ago. Since 1965 the festival has been directed by Joseph Sellitti and Bernard Evans who will be assisted this year by John Pepe, Junior High School Band Director.

The performance will be composed of two parts consisting of fourth, fifth and sixth grade students from Belleville's nine elementary schools. The first part is a beginning wind, string and percussion ensemble of about 250 students. The second part consists of an intermediate band of about 60 students and an intermediate orchestra of about 50 members performing alone and in combination. Mrs. Carol Mateyke, vocal teacher in the Belleville school system, will present an added feature to this year's festival by conducting a group of 20 fourth grade students from School Number Eight who will sing and perform with Orff instruments.

In keeping with the theme the musical selections will have an international flavor; there will be costumes, dances, and stage decorations. The program will be coordinated with descriptive narration by Debbie Savage, sixth grade student of School Number Seven. Dr. John

T. Greed, Superintendent of the Belleville School System, will greet the audience between Part One and Part Two. At intervals during Part Two the audience will be greeted in Hebrew, Portuguese, Egyptian, Greek, Italian, Spanish and Scottish by students from Schools Number Three, Four, Eight and Nine. Programs will be furnished through the Belleville Senior High School Graphic Arts Department and the Belleville Senior High School stage crew will furnish lighting and sound management.

Regal woodwinds - The Belleville Junior High School visited Nuthart recently to entertain at the Franklin Junior High as part of an exchange program between the neighbor music departments.

Tito Rosa, Anthony Compliano, Michael Rock, Victor Cocco, Jack Baugartner, Cathy Tatoli, Karen Ianuzzi, Laurie Livelli, and Joe Leardo.

Youngsters experienced navigating "Monkey Bridges," rope ladder climbing, tent making, starting fires with flint on steel and wood against wood, climbing all over the large boat on the frog lawn and competing in special events. Many prizes were awarded to all who sold tickets.

Belleville was well represented in their Boy Scout, Explorer, Webelos and Cub Scout displays. Many crafts were given away free to boys and parents, including neckerchief slides made in dens, freshly planted flower cuttings and stained and painted wood and ceramic plaques. All were invited to "make your own" straw flower-shell center pieces on driftwood and cedar rings pounding of names into leather strips, sandcrafting, gluing yarn pot holders, painting plaques, carving holes in lava rock to make planters, etc.

There were exhibits of "Fluffy" Indian headdresses, Indian villages, folk lore and American heritage scenes and Indian dog sleds. Demonstrations on how to make axe-handles, oars, hatchets and hammers from ash and hickory wood, back packs from scratch, sterno and wood fires, cooking scrambled eggs, venison stew and apple tarts, Passaic River water filtering, first aid and many others too numerous to mention.

Panthers sidetrack Bellboy runners

By MIKE COREY

Still riding on the crest of the momentum created by gaining its second victory of the season over Newark Tech, 92-39, last Tuesday, the Blue-Gold cindersmen were outpointed by the Essex Catholic Eagles Thursday, 90-41, and were defeated by East Orange Monday, 104-22.

The Bellboy tracksters (2-10) are slated to matchup with the Kearny Cardinals on the home cinders this afternoon at 3:45.

Belleville will send a contingent of runners to Montclair Saturday to compete in the Essex County Tournament set for 11 a.m.

"This year we have learned how to lose now we have to learn how to win," said Belleville running coach Rich Ruffalo. "It's easier and it's more gratifying."

Against Newark Tech last Tuesday Bellboy John Carlo started off the scor-

ing with a second place finish in the 100-yard dash notching a time of 11.5.

Rich Drake took a third place in the hurdles with a 19.4 time.

Sophomore Pasquale Mastoila copeted a first place in the mile race with a 5:15 while Santulli followed right behind with a second and a 5:23.6.

Tom Graham (11:51) topped all runners in the two-mile distance event and Kevin Sands (13:13) posted a second.

The 440 yard race saw John Carlo take first honors with a 57:1 with Rich Vaccaro and Sisiciliano crossing the finish line second and third respectively at 58 flat and 60.5.

Carlo came through again in the 220 beating the field with a 25.6 and Drake scored more points for the Blue-Gold with a third in the intermediate hurdles.

Mike Graham finished first in the 880 with a 2:15 and Rich Vaccaro took a

third with a 2:23.6.

Belleville won the mile relay event with a 4:01 time setting the stage for the field events.

In the discuss Joe D'Agostino grabbed a first with a throw of 107 feet nine inches and Longo and Terry corbo grabbed the second and third spots respectively.

D'Agostino again captured first in the shotput with a 32 foot five inch heave and Corbo with a throw of 30 feet nine and a half inches took a second.

In the long jump Carlo nabbed another first with a leap of 19 feet one inch and in the javelin event Corbo placed second with a chuck of 130 feet 11 inches.

The Belleville fieldmen swept the high jumping division of the meet as Drake (five feet), Kent Hatfield (4:10) and Costa (4:3) all posted points.

Bellboys drop four in row

Lack of offensive firepower together with inconsistent defensive play has sent the Blue-Gold diamonders into a tailspin which has seen the club drop its last four decisions.

The Belleville nine were defeated last Tuesday, 1-0, at Columbia and came home to lose to Bloomfield Friday, 7-4; Barringer on Saturday, 10-2, and Seton Hall Monday, 8-0. The loss to Barringer ousted the Bellboys (14-10) from the single elimination Greater Newark Tournament in the quarter final round.

Belleville was slated to take on Livingston today and Barringer on Sat.

first round of the state tourney, Wednesday but results of both home matches were too late for this edition.

Tomorrow the Blue-Gold hook-up with Nutley in a 3:45 p.m. game and travel to Our Lady of the Valley to play its first and last exhibition of the season under the lights Monday at 8 p.m.

"The players are beginning to lose confidence in themselves and are starting to press," said Belleville coach Ralph LaCorte, filling in for the sidelined George Zanfani. "Every mistake we make seems to come back to haunt us."

Against Seton Hall Monday the Blue-

Gold managed just three hits off Pirates right hander Bill Clutter who upped his season record to 7-1.

Belleville starting hurler Mickey Limongelli (1-1) collected two of the Bellboy hits with sophomore first baseman, Joe Franceschini notching the other.

"One of the problems is each player is trying to do it all himself," stated coach LaCorte. "And we're compounding the problem by not playing as a team."

Limongelli pitched five innings allowing 10 hits and eight runs and Anthony Giammaro relieved him in the sixth to get the Bellboys out of the inning.

Barringer scored eight runs of their own in the second inning of Saturday's contest to establish an early and what proved to be insurmountable lead to knock Belleville out of the Greater Newark Tournament.

Belleville scored first in the initial frame when Scott Ochse led off the game with a double, moved to third on a single by Limongelli and crossed the plate, on a fielder's choice play.

A four run seventh frame rally fell short in Friday's contest versus Bloomfield. The Bellboys down by seven going into the final inning batted around but came up three runs short.

John Clarizio led off the home team's last at bats with a single to center. Phil Agosto and Scott Ochse followed suit with safeties of their own to produce one run.

Boxing veterans ready for ring

Golden gloves will highlight the Veteran Boxers Social Club semiannual charity boxing show at Belleville Municipal Stadium scheduled for Friday, June 3, at 8 p.m.

Ringside seats for the exhibition are \$5 with general admission seats priced at \$3. Tickets will be available the night of the fight and may be ordered in advance by contacting Ernie Ratner at 751-2260 and Frankie Bove at 751-0436.

Floyd Paterson, former world heavyweight champion, will be on hand for the exhibition and will bring along a group of amateurs who were part of last year's fight card.

East Orange outruns Bellgirls in Monday meet

Belleville's High's Cinderellas were outdistanced by East Orange Monday, 77-43, on the home track in a contest postponed because of rain two weeks ago.

The Bellgirls are slated to duel Kearny on the Kardinal track this afternoon and will trek back to the friendly confines of BHS stadium to lineup against Mt. St. Dominic Monday at 3:45 p.m.

"The girls are looking forward to competing in Kearny," said Bellgirl track coach Debbie Meola. "Because of the surface of the track will give them a chance to improve their times."

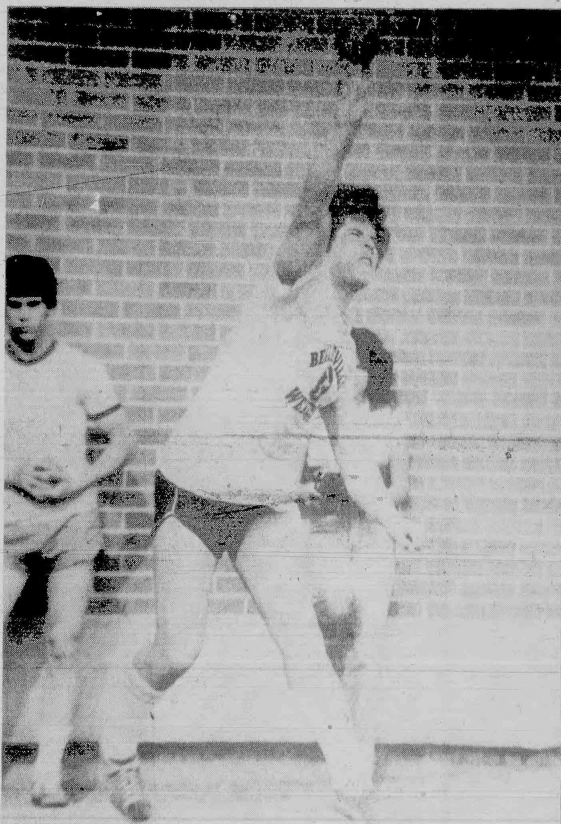

Monday's meet with E.O. saw Sue Kosturko and Linda Mallon take a first and second place respectively in the mile event notching time of 6:06 and 6:42.

Bellgirl Peggy Gilday recorded a third in the 440 yard run with a 6:9.2 while Karen Portuese and Karen Doessinger took first and second in the low hurdles.

Sue Smith scored first place points for the Blue-Gold in the 880 with a 2:39 time and Linda Amaroosi opened up the field events with a second place in the shotput with a toss of 25 feet 11.5 inches.

Belleville's Karen Portuese recorded her best throw in the javelin and first in the meet posting a 88 foot 10 inch heave.

Mary Connelly nailed down a first place win in the two mile race with a 14:57 time followed by second and third place finishers Maureen Danski and Lisa Grasso competing for the first time in the event.

Putting out

Belleville's Joe D'Agostino hurls the shot put during last Thursday's dual meet with Essex Catholic at home.

Leaping up

Kent Hatfield takes each hurdle as he comes to it as he strides and strives to post some to it as he strides and strives to post some points for the Blue-Gold against the Eagles.

Jumping in

George Dulski (foreground) and Nitin Chitnis power themselves toward the finish line Thursday. The Newark school overpowered the Bellboy runners 91-40.

Tennis team toppled

Belleville's first year varsity tennis club was aced twice at home last week, losing to Bloomfield Wednesday, 0-5, and falling to Kearny, 1-4.

The Belleville courtmen (4-7) were slated to meet the Eagles of Essex Catholic at home yesterday but results were in too late to make this edition.

The local BHS racketeers are slated to matchup with the Nutley Raiders next Wednesday on the Belleville courts at 3:45 p.m.

Against the Cardinals Friday.

Gary Guancione lost the opening singles pair-off, 4-6, 4-6.

"It was a lot closer match than the score indicates," said Blue-Gold tennis coach Mike Pollard. "Gary was ahead in both sets. He just has to learn to hit the ball harder and work on his placement of shots. But all of this will come with experience."

The second singles confrontation saw Anthony Satriano lose in straight-sets, 3-6, 0-6, and frosh Anthony Coliserto drop his match, 3-6, 2-6.

Doubles action featured the duo of Mike Goor and Mauro Tucci taking a 6-4, 5-7, 6-4, victory in a two

hour bout, the longest of the afternoon.

"The two play very well together," said Pollard. "In singles each has a tendency to put too much top spin on the ball and either hit the ball too long or too short but in doubles they seem to complement each other and return the ball better because they are not playing as far away from the net."

The second doubles team of Ted Zangari and Mike DeMayo lost in straight sets, 3-6, 3-6. "At their level of skill they do make mistakes," stated the Belleville coach. "But what they lack in ability they make up in hustle."

Racket man The Blue-Gold's Gary Guancione unleashes are hard return against his Kearny opponent during a match against the Cardinals on the home courts Friday.

Bloomfield College offering credits thru School of Ballet

Dr. Merle F. Allshouse, president of Bloomfield College, and Mrs. Carolyn Clark, director of the New Jersey School of Ballet, announced that beginning this summer students wishing to work toward a BA degree may take courses at New Jersey School of Ballet.

A maximum of 11 course credits

earned at New Jersey School of Ballet may be transferred for credit toward a Bloomfield College degree in fine and performing arts.

Dr. Allshouse describes the venture as "both schools bringing their strengths to the program for the benefit of students who want to combine serious dance study with a liberal arts degree."

Students may enroll in this program at any level from beginning through professional as determined by assessment auditions. The New Jersey School of Ballet, with studios in West Orange, Morristown and Somerville, was founded in 1953 and is the official school of the New Jersey Ballet Company. The School offers 21 courses in dance at all levels in this program. The West Orange studio is just 12 minutes from the Bloomfield campus.

Four-boatsraceFriday

Continued from page 11

"Of course the team is disappointed with the loss Saturday," stated the coach, "we rowed a good race and just lost to better teams."

The Belleville jayvee eight finished third in the qualifying heat and fifth in the finals at Poughkeepsie Saturday. The junior varsity boat competed in a third boat category rather than the jayvee division because the majority of the rowers in the shell are sophomores and were

considered too young by coach Giuffrida to compete on the jayvee level at the Regatta.

"The junior varsity boat held its own in the race," said the coach. "Our main objective from the beginning was to get into the finals."

The Blue-Gold rowers, winners in the junior four man shell in the Stotesbury Regatta last year, will be looking to repeat that performance this week.

"Last year we won it in the junior four and this year we have basically the same boat minus one athlete," said coach Giuffrida.

The Blue-Gold four man shell will be racing in a higher class than the

one a year ago. The junior four competition consists of rowers under age 17 and a half while the senior four, the heat the Bellboys will be competing in, consists of oarsmen up to 19 and a half years old.

"A lot of schools who will be racing (in the Stotesbury), especially the Camden and the southern schools, have seniors who are 19 years old," said the Blue-Gold coach. "So we'll be giving away a lot in terms of age and size."

Teams from Virginia, Pennsylvania, New Jersey and Canada will all be well represented in this week's Regatta for what amounts to an east coast championship.

Nutley Raiders invade Belleville diamond tomorrow

Continued from page 11.

Chris Cervasio wheedled a walk to fill the bag. Limongelli drove in another run with a base on balls. Frank Mozeika got a ribby when he was hit by a pitch and Anthony Speer closed out the Blue-Gold scoring for the day with another free pass.

Bloomfield scored a pair of runs in the fifth inning to break up the scoreless pitching duel between Belleville sophomore southpaw Danny Borgo and Bengal right hand hurler John Gagliardi.

Gagliardi delivered the big blow in the game in the sixth with a line drive three run homer into the wind and over the right field fence off relief pitcher Gammaro. The visitors scored five times in the sixth frame to take a commanding 7-0 lead into the seventh.

Borgo (5-2) was saddled with the loss. He struck out four Bengals in five and one-third innings of work. He was relieved by Gammaro in the sixth. Clarizio pitched the seventh inning for the Blue-Gold.

Gammaro suffered his fourth loss of the season against three wins at

Columbia last Tuesday when the Cougars collected an unearned run in the fifth.

The Columbia club had two hits and two walks off the right armed Blue-Gold hurler who pitched the entire game. Belleville collected just two hits in the contest.

"We intend to do some more shuffling of our lineup until we find the right combination," said coach LaConte. "We may even bring up some of our sophomores to try and get more punch into the lineup."

Five sports clinics planned at Ramapo this summer

Ramapo College this summer will host five sports clinics for high school and junior high school students in basketball, soccer, tennis, weight training and wrestling.

All the clinics are directed by well-known area college or high school coaches.

The first clinic scheduled is for wrestling, beginning July 18 through 22 and again the following week, July 25-29, 9:30 a.m.-3:30 p.m. daily. Dick Schlenker, wrestling coach at Indian Hills High School, will direct the program.

Two week-long clinics in basketball start the week of July 25-29 and again from August 1-5. Ramapo College coach Jim Bruni and his assistant Bob Martin, along with Vince Minelli, an assistant coach at Indian Hills High School, will supervise the basketball clinics each day from 9:30 a.m. to 3:30 p.m.

Arvi Saar, former All-American soccer star and presently coach at Indian Hills High School, will direct a soccer clinic the week of July 25-29, 9:30 a.m.-3:30 p.m. daily.

Varsity club fete

The nineteenth annual Varsity Club Sports Dinner will be held Friday, June 3, at the Robin Hood Inn, Clifton, to honor senior participants of Belleville High School varsity sports.

Tickets will be available for \$11.50 at the door or may be purchased in advance for \$9.50 by contacting Mary Racioppi, 751-3855, after 6 p.m.

The club advises all wishing to attend the affair to purchase tickets early to insure reservations.

The dinner is held each year to honor BHS seniors participating in crew, softball, golf, bowling, basketball, wrestling, track, cross country, baseball, soccer, twirling, band, color guard, flag twirling, tennis and cheerleading.

Hoop skills in Optimist contest

The Belleville Optimist Club will hold a Tri-Star Basketball skills Contest this Saturday at 10 a.m., for youngsters from 8-13, at the basketball courts adjacent to School Eight.

Entry blanks for the competition are available at the Belleville Rec Center and the Belleville Schools or may be obtained at the contest site on Saturday.

The contest will be broken down into three basic skill tests aimed at evaluating the contestants skill in passing, shooting and dribbling.

June 4 has been named as an alternate date in case of rain.

Rec roundball set to open June 2

The Belleville Recreation Department will again conduct a Summer Basketball League for young men from age 15 to 20 beginning June 2.

Each team planning to participate in the league, under the direction of Belleville High School varsity basketball coach Dan Grasso, must have at least 11 players. Rosters must be turned into the Rec office no later than 3:45 p.m. Friday, May 20.

Teams must be sponsored and have numbered shirts with each squads colors subject to the approval of coach Grasso to avoid any duplication.

All games will be played at Clearman Field at 6:45 and 8:15 p.m. Tuesdays and Wednesdays.

Room 109 champ

Homeroom 109 defeated Homeroom 003, 34-30, to take the seventh grade basketball crown in recent Belleville Junior High tournament action.

Seventh-grade all-stars include Bob Young, Joe Zangari, Andy Zoppi, Todd Talmadge, Tom Marano, Bill Cook, Jorge Bato, Fred Dato, Gene Cancelliere, Frank Fazzini, Jaconia, Frank Kikos, Joe Britting, Ron Johansen and Bill Corbalis.

Domenick competes in finals

Anthony Domenick, son of Mr. and Mrs. Robert Domenick of New Street, posted his best time (2:01.5) in the 200 yard open men's backstroke race recently to finish 10th in the consolation finals of the YMCA National Swimming Championship at Ft. Lauderdale, Florida.

Months and miles of training paid off for the 15-year-old swimmer as he shaved seconds off his previous best time at the New Jersey Senior State Amateur Athletic Union Championships held in March.

A sophomore at Montclair-Kimberly Academy, Domenick has been a member of the Montclair YMCA swimming team for six years. Aided by the points scored in

his event, the Belleville athlete, led his Marlin squad to a third overall ranking in the open men's competition in the Nationals. The team was topped by B.R. Ryall YMCA of Illinois and Tennessee's Chattanooga YMCA.

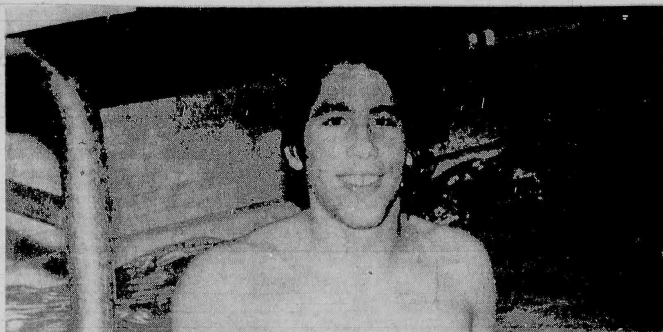

This year over 6,000 swimmers from YMCAs across America were

entered in the national competition. The pool centered in the International Swimming Hall of Fame, which recently inducted former President Gerald Ford and Olympic champion Mark Spitz, was the scene of the event which the eight-man Marlin national squad had trained for all year.

Masterwork Chorus offers spring concert on May 21

The Masterwork Chorus announces its annual spring concert will be given Saturday, May 21, at 8 p. m. at the Methodist Church on the Square in Morristown. The internationally known choral group under the direction of David Randolph will present works from two centuries and two continents.

The "Te Deum" was written by Hector Berlioz, the French romantic composer, in the mid-nineteenth century. The text is a glorification of God, employing a double chorus, a youth chorus, and an orchestra, with an important organ part. The organist will be Michael May. The tenor soloist will be In Soo Park.

Pooling talents—Anthony Domenick takes a break pool side during the swimming of the YMCA national finals in Florida. The Belleville athlete finished tenth in the consolation round of the 200 yard men's open backstroke competition.

Housewife league action continues

Millie Amadeo, with a high individual game score of 235, is tops in Group A and Beryl Boyce, 209, and Nancy Rose, 187, head the Group B and C divisions respectively.

For high individual series, Andre Morel, 554, Altha Clement, 548, and Georgann Healy with 511, lead the Group A, B, and C divisions.

U.S. Excavating, with a 1601 score, tops the field in the team series handicap. Belleville-Nutley Glass, with 1470, leads the team series scratch and is also in front in the teams game scratch competition with a 552 score. U.S. Excavating is tops in the team game handicap with a 574.

PLAY REVIEW

it was 17 degrees at the time.

The bussy, confident acting of Zeim and Bachalis provide the ground work for the play, portraying husband and wife with the resulting humorous tensions. They're forced to deal first with their tacky living quarters and then with their conflicting habits and emotions. Married after being acquainted for only six days, Corey finds that her vivacious, impulsive character isn't a thoroughly perfect match with Paul's neat, up and coming lawyer personality. She admits to thinking of him as being a "stuffed shirt" after he refused to walk barefoot with her through Washington Square Park. Paul explained, quite logically, that

Larry Brady as a telephone repairman and Frank Paterno as a delivery man, are brief visitors to the Bratters' apartment, finding

Simon's comedy may also be considered as a satire on the plight of

Impetuous young people, who marry "blindly" in the face of love, only to be disillusioned by the realities of marriage and the prospects of incompatibility and conflicts, sometimes leading to an equally impetuous divorce. Simon resolves these problems in "Barefoot," with an optimistic ending, having love and understanding enduring over conflict. The Family Playhouse offers an upbeat version of this hopeful theme this weekend and next. Performances are 8:30 Fridays and Saturdays and 3 p. m. Sundays.
