Pinball games not beaten yet

By PHIL WHITE

The legality of banning pinball machines in Belleville taverns is not expected to be decided upon until much later this year, officials reported this week.

The unusual case — if lost by Town Hall — would affect all municipalities throughout New Jersey which have laws on the books similar to Belleville's which ban the use of coin-operated game devices in licensed alcoholic premises.

The Appellate Division of N. J. Superior Court acknowledged this week that not even a tentative timetable has been agreed upon for oral arguments in the Belleville test case which involves Town Hall and the Town Cottage, a pub which defied local ordinances and installed a shuffleboard-bowling machine in April 1976.

Town Cottage was fined \$50 for breaking the law in Judge Edward Abramson's municipal court, but a year ago last month, Essex County Judge John J. Dios ruled the Belleville anti-pinball law was unconstitutional.

An appeal was filed immediately by Town Hall and a year ago this week, Frank Zinna, Belleville's assistant municipal counsel, petitioned the County Court to permit the pinball law to stand pending a ruling by the Appellate Division.

"We lost that motion but we did receive a favorable ruling from Judge Dios when he declared that the \$500 license fee for each coin-operated game machine was not unreasonable," Zinna said this week. Town Cottage and several other taverns in Belleville with games have paid the \$500 license fee but a counter-suit was filed charging the fee as being excessive.

Patrick F.X. Fitzpatrick, attorney for Town Cottage, notes Belleville's liquor license fee is \$500 and argues that bars and taverns require constant monitoring by local officials. Noting the fee for games and liquor licenses is the same \$500, Fitzpatrick points out "the added burden placed upon the municipality by these machines is negligible." Thus, Fitzpatrick wants the \$500 fee dropped.

All the appeals and cross-appeals have created a mountain of legal

Please see "Pinball" on page 4.

School President says he 'borrowed' lumber

Amvet Presentation — Joseph Fiorarotto, commander of Belleville Amvet Post 26, turned over a \$855 check Tuesday to John Dickinson (right), administrator of the local Cerebral Palsy Center. Money represents proceeds earned at the recent softball game between the Belleville PBA and the CBS All-Stars.

Prosecutor investigating

By JOHN JURICH

"There was an impropriety of sorts," School Board president Caesar Romano said. "I wanted the job finished so I could start with a clear head on my new job Monday. I just emotionally went out and bought a piece of wood."

Wood was the center of a gigantic flap at a closed, emergency session of the Board of Education Tuesday night after Romano had been accused of attempting to take \$7.03 worth of lumber from Belleville High School for his personal use.

At Romano's suggestion, the Board decided to refer the matter to the Essex County Prosecutor's Office. Board attorney Frank Pomaco said a letter to the prosecutor requesting the investigation would be written before the week was out. Meanwhile, Romano will remain Board president.

"It's better that way," a shaken Romano said after the meeting of the pending investigation. "It's clean, it's clean."

Romano feels having the matter looked into by an impartial, independent agency will completely absolve him of any wrongdoing. "I don't see how anything can happen to me," Romano said. "Did you pick up a pen when you left the room? I'm sure if you did, you would return it. It's so simple an indiscretion."

According to Romano, the incident occurred this way: He was in a hurry to finish a small fence on his sideyard Friday because he began a new job as an independent public relations man Monday and was afraid he would no longer have time for household projects. He went out and hastily purchased 24 feet of low-grade lumber for the fence. He would have bought a better-quality material, he said, but Pearl Hardware, where he made his purchase, was out of it, and he was told that type of wood wouldn't be in until Monday.

Romano said he became dissatisfied with the cheaper wood he had bought because it was covered with knots that could pop at the first cold spell. He asked a custodian at the high school to get him some wood from around the school.

Romano said he intended to go to Pearl Hardware Monday and replace the wood he had borrowed from the school. However, Friday morning, Edward Brecka, superintendent of school plant operations, discovered the custodian taking three pieces of

Please see "Romano" on page 4.

Agency charges Belleville dumping raw sewage into river for past year

The Passaic Valley Sewage Commission wants Belleville to speed up its efforts to stop human waste from flowing into the Third River and may take court action to get the town moving.

Seymour A. Lubetkin, chief engineer for Passaic Valley, has sent Town Commission a certified letter complaining nothing is being done to

stop sewage leaking from pipes near the high school into storm drains and thence into the river.

Lubetkin said the violation had been detected as far back as April 13, 1976, that Belleville was told about the unsanitary condition then and has yet to do anything about it.

Lubetkin said though two tests in April had isolated the source of the

sewage as being near the school, May and June had gone by without results. Tuesday, Lubetkin told The Times/News legal action may be taken against the town.

"That will be up to the Sewage Commissioners," he said. "They could turn the matter over to our legal department to write to the town, and if nothing is done, they

could go to court requesting an abatement schedule."

An abatement schedule would mean the town would have to set up a timetable for alleviation of the pollution problem.

Tuesday, Public Works Superintendent James Soldo, in charge of cleanup efforts, insisted his

department was moving as fast as it could.

"We've been working on this thing for a year," Soldo said. "We've spent hours and hours on this," he said, "and Mr. Lubetkin doesn't know this at all. Mr. Lubetkin only

Plan to expand garbage operation on Heckle St. held up until October

Amid the vocal furor by more than 30 citizens, a public hearing on a plan to enlarge a garage for garbage trucks was suddenly delayed Tuesday until October. The Zoning Board of Adjustment's self-imposed 11 p. m. curfew forced the postponement. The unusual delay until October 4 came when attorneys and key witnesses indicated they couldn't reappear at the Zoner's September session.

Pucillo and Sons is asking to enlarge its garage located at 81 Heckle St., a residential area neighbors charge already smells of garbage and suffers noise from the garage operation. Tuesday's hearing came to an abrupt halt at 11 p. m.

Zoning protest

Frank Richland, representing more than 25 neighbors, protests during Tuesday's Zone Board session against use of home on Division Ave. as a two-family dwelling. Neighbors won their argument.

and Board Chairman John Stetz announced testimony wouldn't be continued until October 4.

Summarizing the objections of neighboring property owners, Peter Porcelli of 79 Heckle St. cited "noise, garbage smell, loud radios and engine noise early in the morning" as the primary reasons they opposed any addition to the property.

"I'm a retired senior citizen," stated Louise Gonsales, 89 Heckle St. "And I would like to keep the last few years I have peaceful."

According to Pucillo, however, the new addition would completely seal off a garage door from which most of the odors and noise originate.

In a second case Tuesday, Zoners denied a request for a variance for an already existing two-family home in a one-family district.

Board Vice Chairman Rocco Constantino said the applicant failed to prove undue hardship as required by the statute. Zoners did allow the existing tenant living on the second floor until November 1 to relocate.

The house, owned by Ralph and

Rachelle Uguro, 279 Division Ave, was first brought to the Board's attention in April when neighbors complained the home was occupied by two families.

According to testimony Tuesday, the Uguro family had apparently purchased the house in June 1976 from Mr. and Mrs. Emil Serio in the belief the dwelling could legally be occupied by two families. The case is currently under litigation in civil court.

"We called Town Hall back in January 19, 1977, and found the house was assessed as a one-family home and the owners were paying taxes for a one-family dwelling," said Frank Richland, a spokesman for the group of protesting neighbors. Richland lives directly across the Uguro home.

The house had apparently been utilized as a two-family home for approximately eight years by the Serio family in what is commonly referred to as a mother-daughter dwelling, according to Richland.

Three other applications scheduled to be heard Tuesday were postponed until September 6.

Bulletins

TV profile Sunday

Belleville artist Gladys Sherman is the subject of the television program "Focal Point" this Sunday. Our own profile appears on page 7.

Carnival for charity

Each year the Belleville Recreation Department sponsors a carnival for benefit of the Cerebral Palsy Center. The fun gets underway here a week from today according to the report inside on page 11.

Many from Belleville finish training units

(Most of the items for the Times/News service column originates with home-town news centers. Items from individuals are welcome and should be addressed to Servicemen's Editor, The Belleville Times/News, 246 Washington Ave., Belleville.)

Navy seaman apprentice Frank J. Coram, son of Mr. and Mrs. Frank J. Coram, 15 Overlook Ave., has completed recruit training at the Naval Training Center, Great Lakes, Ill. During the eight-week training course, Coram studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 occupational fields.

Included in Coram's studies were seamanship, Naval history, and first aid. Coram joined the Navy in February 1977. Another Belleville resident, Marine Private James Parrillo, son of Mr. and Mrs. Michael Parrillo, 21 Clinton Ave., completed the Marine Corps Basic Combat Engineer Course.

During the six-week course at Camp Lejeune, N.C., he studied the fundamentals of engineering support for combat units. Parrillo received instruction on the tools and procedures for building bridges, roads and field fortifications. He also studied the use of demolitions and landmine warfare and camouflage techniques.

A 1976 graduate of Belleville High School, he joined the Marine Corps in June 1976.

Also from Camp Lejeune, N.C., comes news of Marine Corporal Angelo A. Iorio, son of Dominick A. Iorio, 29 Salter Pl. He is serving as a member of the Battalion Landing Team Two Slant Six homebased there.

Iorio recently participated in the major NATO exercise "Dawn Patrol 77" in the Mediterranean Sea. The exercise, which lasted two weeks, was designed to test the ability of NATO forces to provide rapid reinforcement of southern Europe. U.S. Sixth Fleet units joined with naval, land and air forces from Italy, Turkey, the United Kingdom, the Netherlands, Belgium and West Germany for the exercise.

"Dawn Patrol 77" provided Iorio, who joined the Marine Corps in March 1974, training in tactical air operations and electronic warfare tactics.

Staff Sergeant Martin S. Frank, son of Mrs. Stella Frank and the late Joseph Frank, has been graduated from the clinical specialist course at the Brooke Army Medical Center, Fort Sam Houston, Texas.

Sgt. Frank has been stationed at Fort Sam Houston since November 1975 when he was assigned there to take the Medical Specialist course. He has worked in the Thoracic and Open Heart Unit there.

A POW in Vietnam for more than five-and-one-half years, Sgt. Frank has been awarded the Silver Star, Combat Infantry Badge, Good Conduct Medal, Vietnam Service Medal, National Defense Medal, two Bronze Stars, three Purple Hearts, 15 Campaign ribbons and three Unit citations.

The Frank family resided at 332 Mill St. for more than 33 years before moving to Florida in 1971.

Other Army news includes the promotion of Salvatore J. Federico, son of Mr. and Mrs. Philip Federico, 28 Jannarome St. to Army captain. Federico was serving as manager of the officer's club at Fort Richardson, Alaska.

Capt. Federico is a graduate of the U.S. Military Academy at West Point, N.Y. He received an MBA degree from Southern Illinois University, Carbondale.

Army Private Jose L. Torres, whose wife Yvette lives at 33 Van Rensselaer St., recently completed training as an armor crewman under the One Station Unit Training (OSUT) Program at Fort Knox, Ky.

The 13-week program combines basic combat training with advanced individual training. Students learn the duties of a tank crewman, including the firing of the tank's armament and small weapons.

Pvt. Torres entered the Army in August 1976. He is a 1976 graduate of the Education Center for Youth, Newark.

The National Guard East Orange, recently gained Karen Lewis for training in the nurses' division.

Mrs. Lewis finished her basic training at Fort Jackson, S.C. She was transferred to Fort Sam Houston, Texas, where she was the distinguished honor graduate in her Basic Medical Specialist Course with an average of 97.3.

In Presidio, Calif., she averaged 98.9 in the didactic phase of the clinical specialist course, her average being the highest in the didactic phase ever achieved in the history of the school at Presidio.

Family Affair — The second annual Mt. Prospect Avenue Belleville reunion for family and friends, was recently held in Lyndhurst Park. The all-day outing included activities such as volleyball, soft ball, relay

and sack races and tug-o-war competition. Families participating in the event were the Priolo, Auriemma, Scaglione, Bernaducci, Porcello, Fagioli, Iannicelli and Longo.

List precautions for hurricanes

Essex County Civil Defense-Diaster Control Executive Assistant George B. Warren Jr., is issuing an annual reminder to residents to prepare for the hurricane season. He noted that most hurricanes that seriously affect the Atlantic Seaboard appear during the months of August, September and October.

CD-DC works closely with agencies responsible for tracking hurricanes, tornadoes and other severe weather conditions, to relay information to the public when a hurricane threatens New Jersey. Following are National Oceanic Atmospheric Administration precautionary measures endorsed by CD-DC:

Right now before the hurricane season arrives, residents should do the following —

- Check your home for loose shingles and shutters, shaky chimneys, your yard for dead or dying tree limbs.
- Have handy a flashlight, candles and matches (in protected container). Also a battery powered radio should be available. Power lines are usually among the first victims of a hurricane.

Residents of exposed areas should store a supply of boards to nail over windows. A source of canned heat and an emergency food supply should be stored in the least vulnerable spot in the home.

If your area is ordered evacuated you should:

- Turn off gas and electric appliances. Then leave immediately. Don't risk being marooned.
- Obey Civil Defense-Diaster Control instructions and go to evacuation points indicated. Remain there until informed you may leave. Keep calm.

During the hurricane you should:

- Stay indoors. Be sure that a window or door can be opened on the lee side of the house — the side opposite the one facing the wind. If the "eye" of the storm passes directly over, there will be a period of calm lasting up to a half hour but the wind will return suddenly from the opposite direction, frequently with even greater violence. Keep tuned to your radio. Again, keep calm.

After the hurricane passes you should:

- Not touch loose or dangling wire. Report damage to police or light and power company. If a live wire falls on your car while you are driving, stay inside and wait for aid.
- Guard against spoiled food in refrigerators.
- If house is flooded or damaged, it must be inspected by public health officials and building inspectors before you may reenter.
- Unless you are qualified to render valuable aid, stay away from disaster areas where you may hamper rescue or first aid work.
- Drive cautiously. Watch for debris, pavement may be undermined by water.

Here are the hurricanes eagerly awaiting their debut in the 1977 season: Anita, Babe, Clara, Dorothy, Evelyn, Frieda, Grace, Hanna, Ida, Judy, Kristina, Lois, Mary Nora, Odell, Penny, Raquel, Sophia, Trudy, Vanessa, and Wilrene. (The use of women's names for hurricanes has been official Weather Service policy since 1953.)

Bachelor Mother — Mrs. Gerry A. Lavner, formerly of Belleville, awaits commencement exercises to begin, with her family, at Upsala College where she was graduated summa cum laude. From left to right are her husband, Jules; daughter, Ronna, 10, and Jamie, 14. The family now live in Montclair.

Former Belleville mom earns BA in sociology

A Montclair woman, formerly of Belleville, who participated in the peace and civil rights demonstrations of the 1960s, was recently in one of the most memorable marches of her life when she was graduated summa cum laude from Upsala College receiving a BA degree in sociology.

The college's springtime commencement completed six years of study at Upsala for Mrs. Gerry A. Lavner, Upper Montclair. She began taking courses part time in 1971 after she became intellectually stimulated because of her participation in social activism.

Born in Brooklyn, Mrs. Lavner and her husband, Jules, came to Belleville in 1958 and lived there for six years before moving to Bloomfield. The family moved to Upper

Montclair in 1974.

College was not an entirely new experience for the former Belleville woman, she had graduated from New York City Community College as a dental hygienist 24 years ago.

Despite her previous classroom experience, however, the Montclair homemaker's return to formal higher education was not an easy transition.

"I felt somewhat awed at the beginning because I was with students who had learned new skills in high school," said Mrs. Lavner. "It

was frightening at first but the students and faculty were very friendly and helpful and it didn't take me long to get into the swing of things."

Mrs. Lavner's academic career, in fact, was so successful she received the Upsala Award for distinguished academic accomplishment in sociology. The summa cum laude award is one of the highest honors any student can earn.

Mrs. Lavner plans to do volunteer social work for senior citizens in the next year after which she hopes to begin work on a master's degree.

Mae Mead off to Morven this Sunday

Mae Mead, a Belleville resident and Essex County State Committeewoman, will attend the first statewide reception of the New Jersey Federation of Democratic Women (NJFDW) in Princeton this Sunday.

The event will be hosted by Gov. and Mrs. Brendan Byrne at their home, Morven. It will last from 4 to 6 p.m.

The NJFDW, a branch of the National Federation of Democratic Women, aims to educate women politically, and to show them how to participate in politics.

Other area women involved in the reception are Diane Horowitz, of Bloomfield, a candidate for the New Jersey assembly, and Fran Rein and Vera Leen, of Bloomfield.

June Fisher, of Hillside, Democratic State Committeewoman, is chairman of the day, while Rita Caruso, of Orange, is in charge of arrangements for a contingent of Essex County women planning to attend the event.

A bus will be available for all Essex County women interested in attending the event in Princeton. For reservations or other information, call Gayle Rosen, West Orange councilwoman, at 731-0956, or Rosalie Nussbaum, NJFDW membership chairwoman for Essex County, at 992-1608.

Right turns on red!

Those of us who drive have now lived with the right-turn-on-red law for more than half a year.

Supposedly, the idea behind permitting right-hand turns on red signals was to make traffic flow more efficient, and thus, help reduce wasted fuel.

Obviously, the right turn have made driving more efficient.

The worries about pedestrian traffic being endangered seem to have vanished. Permitting right turns on red lights had little effect on drivers who already on red lights had little effect on changing drivers' habits in watching for pedestrians. After all, even making a right turn on green means one conceivable could be at odds with a pedestrian who like the driver had a green light in his favor. If one stops to think about it, when a driver turns right on red, that particular crosswalk should be vacant — the one on

the right that is.

But it's now eight months since the right-on-red law went into effect and still, New Jersey is not driving as efficiently as we should.

The problem: there simply are too many signs "No Turn On Red" all over the place. Local officials say it's the county's fault. We know, however, that Town Hall has favorably entertained requests for those unwanted No-Turn-On-Red signs.

The time is overdue for a complete review of every intersection where those no-turn signs have been posted. Ninety-nine percent of them should come down. Even when there are school children around, those intersections with traffic signals have crossing-guards. The no-turn-on-red rule was abolished the first of January — the signs that impeded traffic from efficiently benefiting from that change should have been abolished as well.

Pinball ruling could rebound thru state

Continued from page 1

paper work at Town Hall. Officials, including members of the Town Commission, are not only annoyed by the court's backlog, but still feel strongly that pinball games and the like don't belong in Belleville.

The Belleville pinball ordinance dates back to May 1935 and in addition to taverns, the regulation outlaws the machines in such places as candy stores

and eating places.

Other New Jersey towns have similar ordinances and should the Appellate Division okay pinball machines for Belleville, the ruling would serve as a precedent in striking down similar laws elsewhere.

So far, Belleville's ban on machines in locations other than bars has been upheld. The New Jersey ABC says it has no objections to pinball games in taverns but has left their regulation to local municipalities.

Romano loosely nailed in lumber investigation

Continued from page 1

lumber, and the trouble for Romano began.

Both Pomaco and Romano said no action was taken by the Board against the custodian. "It's strictly my responsibility," Romano said.

Pomaco said though the amount of money involved was very small, he was sure Romano's case would be accepted. "It is my understanding that if you refer a case to the prosecutor's office, they will accept it and investigate it."

Board members got notice of Tuesday's 6 p.m. meeting at 3:50 p.m. that day. Notice was not given. The Times/News which learned of the meeting in the late afternoon through an anonymous caller

The state's Sunshine Law requires governmental bodies to inform newspapers of all meetings.

The law also requires that meetings have public beginnings during which the reason for closing them is stated. Tuesday, the Board excluded reporters from its building and the entire meeting was held in secret. Members were discussing personnel Tuesday — Romano — and this was a legitimate reason under the law for closing the meeting.

After the meeting, Romano said he was looking forward to a swift vindication but was obviously upset by the incident. "Jesus was sold for 24 pieces of silver," Romano said, "and I've been sold for 24 feet of wood."

Third River being used as town sewage dump

Continued from page 1

knows what somebody else tells him."

Soldo stressed the difficulty of finding underground sewage leaks. "It's like trying to find the Son of Sam," Soldo said. "There are just too many dead ends, too many blind alleys."

Lubetkin conceded earlier the search for leaks had been delayed by rain and the

extreme cold of winter.

Soldo wasn't sure when the discharge of sewage would be stopped. "I don't know," he said, "maybe tomorrow."

"We're more concerned about this than the Passaic Valley Commission," Soldo said, "but they're making a big deal out of it. We're the ones who have to live with it, we don't want this pollution," Soldo said.

Letters

Imperiale should be ashamed of himself

To the Editor:

An American of Italian heritage, and as a candidate for the office of State Senator, I feel that the actions and verbal abuse of Senator Anthony Imperiale are shameful.

The Senator should be ashamed to stand on the Senate floor and physically threaten others because they choose to reveal the facts concerning his voting and attendance records. The simple truth is these facts are true.

Two years as an assembly man, no bills passed, four years as a State Senator no bills passed. As for his attendance, it is quite evident why bills were not passed, he wasn't present!

The Senator then tries to invoke the sympathy of others by stating his honor has been offended and it must be restored in terms of a duel! Again the Senator chose to play it safe. Senator Merlino being 55 years of age and unaccustomed to the Senators Barroom tactics and every one else realized the outcome of such a meeting. I conclude by stating what of the people's honor? What of the oath he took to serve in an intelligent and resourceful manner?

The only insult concerning Senator Imperiale is himself.

Belleville

Student's refusing to stand for flag salute intolerable

To the Editor:

"What a thrill at game time to see all those energetic, talented and very well paid athletes stand at attention during the Pledge of Allegiance to our Flag. It puts us all in a good mood, and is a signal of fair play and good times coming, having all started out together with mutual respect to our Flag. Win or lose, we are on common ground."

But at Mountain Lakes High School, a 16 year old student simply refused to stand at attention during the Pledge of Allegiance in class. It must have been very unsettling for her classmates to have her sit in a sullen lump, during their salute to their Flag. What a spoil sport she is. When the Borough of Mountain Lakes threatened her with expulsion from school, she hired a lawyer and claims it's unconstitutional. Where are the constitutional rights of

her classmates, with her tasteless display of the rights of all others. If allowed to continue with her schooling there, she would like to subject them to this every day, and this could spill over to every public function she may attend, where the Pledge of Allegiance is given, on through the very end of her days.

Let's not tolerate such an intolerable situation. Our Flag is a living memorial, a symbol of "we, the people", and should be cherished by all, spontaneously, without needing a statute to spell it out. However, we do have a statute, and trust it will be upheld.

We can write to our legislators and request they use the influence of their offices to uphold the statute, and if need be, strengthen it!"

Loyally submitted
Marguerite Conlan

Suggest Jackie Rega is no longer a critic

To the Editor:

Several months ago Mr. Jackie Rega spoke out against "nepotism" in our town. I applauded his actions and was glad to see what I hoped would be a positive change for our area. At the recent Board of Education meeting several appointments were made for posts in the education of our children. Since that meeting people have asked

me if "nepotism" has struck again. Mr. Rega, however, has failed to speak out.

If there is any basis, whatsoever, to these questions the people have a right to know. They also should know why Mr. Rega has become silent.

Golden Comments

By James R. Golden

What's the big hullabaloo about the sign being placed on the town owned property at Franklin Ave. and Mill St. all about? First the sign goes up reading something like "Belleville Senior Citizens Club, Inc." then it comes down, leading to the suspicion that something must be amiss, but where?

The land ceded to the Town of Belleville by the Jergens Company for municipal purposes is the site of a lovely building constructed, at a minimal expense, under the direction of Mayor Marotti.

At the time of its dedication, emphasis was placed upon its principal use as being for Senior Citizen activities, a use to which it has been utilized, but seemingly exclusively by only one local Senior Citizen group, notwithstanding there are other senior groups in town or in the process of being formed.

All of which leads up to the vexing problem, now that some of these other senior groups are eyeing the use of this new, attractive municipal facility for their meetings and activities; How come we don't also get to use this facility? It belongs to all us Senior Citizens of town, not just the group that seemingly thought they "look over" on opening day, they say. They have a damn good argument. The facility belongs to the town, not to any one particular Senior group.

The solution is simple...follow the time honored practice long established for use of the Recreation House on Garden Ave....allocate and assign available times for its use on specified scheduled dates, with exceptions being provided for special events.

A FEW WEEKS AGO, Sen. Ed Kennedy in a commencement address at Holy Cross College sounded a strong note when he told the graduates their greatest challenge was to avoid apathy and complacency and to do something tangible about human rights.

He also told them "...Be grateful for the efforts of your parents and your families and for the sacrifices they have made to bring you safely to this threshold of the future...above all — because so much has been given to you — be worthy of your stewardship and the promise of this land. Give something back to America in return for all it has given you."

Like all the Kennedy's, he believes we should all get involved when it comes to America — a land we owe so much to for its liberty and opportunity. We trust the grads take heed.

Has America changed from people of rising hopes to, in too many instances, individuals who feel they're entitled to things — like the case of the New York City looters during the blackout? A federal judge up in Boston seems to go along with encouragement of such thought.

A woman bank teller admitted embezzling \$84,958 from the bank: She told the judge she felt "entitled" to the loot to help right such "wrongs" as financial setbacks by her brother with seven kids and her father, who lost his pension when his company went bankrupt. She felt she was entitled to a \$6,000 boat, a \$12,000 mobile home, a vacation trip — paid for with depositors money — and to \$2,000 lost at the track.

The judge didn't send her to jail. He ordered her to work six hours a week in a local hospital for six months. The banks, the boat, the mobile home, and the problem of how to subdue any feelings of entitlement among any other of its aggrieved employees.

All of which leads up to inquire are such judges ENTITLED to serve on the bench, especially in federal court? How about an appeal?

STATE WE'RE IN

National poll taken on what people think about ecology

By DAVID F. MOORE

Elected officials in Trenton, Washington and elsewhere often are hemmed by blandishment and threats of special interest lobbyists. They can judge their own political reality, however, by comparing their voting records with findings of a national poll. This poll was conducted by the National Wildlife Federation and, I repeat, it was done nationally, even though the results are what I would expect in New Jersey alone. It asked for selection of environmental priorities in a descending order, from one to 10.

First was "fight water pollution," followed closely by "control air pollution," and then "curb chemical pollution."

Establishing tough land-use controls was only sixth nationally, but would probably have been higher in New Jersey. The same goes for expanding parks and wildlife refuges, which came in eighth.

Others in the national "top 10" are: save endangered animals and plants,

fourth; encourage population control, fifth; fund a crash energy program, seventh; change life-styles, ninth, and unite hunters and non-hunters, 10th.

Here in New Jersey, the priority of curbing chemical pollution would undoubtedly come out higher than ever today, following announcement by the U.S. Environmental Protection Agency that residues of PBB's (Polybrominated biphenyls) have been found in human hair, fish, plants, soil and water near to Bayonne and Sayreville manufacturing plants.

Both plants manufactured PBB's, used as a flame retardant for plastics, a year ago for export to Europe.

You've probably read about PBB's in connection with an environmental disaster three years ago in Michigan. It stemmed from accidental mixing of PBB's into cattle feed. Today nobody knows how many people in that area are dosed with PBB's through dairy products they consumed. Thousands of cattle have died or been killed and, unfortunately, many cattle whose milk and butter are unfit for human consumption have been sold to unwitting

farmers outside of Michigan.

The EPA says continuous exposure to "moderate" amounts of PBB's adversely affects the kidneys, livers and thyroid glands of laboratory animals, and causes formation of liver nodules. The latter factor leads EPA to label PBB's as a "suspected carcinogen."

Don't confuse PBB's with PCB's (polychlorinated biphenyls) used in electrical equipment and now an ingredient of striped bass and other fish which breed in the Hudson River downstream from two electrical generating factories. The medical results of PCB's are about the same as with PBB's.

All the facts are not yet in on the Middlesex County PBB story — but it promises to be another frightening situation, one in which chemicals hazardous to people and other living things are loose in an ecosystem. The effects may be noticed right away, but more likely won't be seen for many years.

It doesn't take a public opinion poll to tell the public about its own opinions. Legislators on the other hand, too often fail to tune in on their public's

Happy Returns — A surprise birthday party was held for Kay Danchak (center in white) at the annual Mary Senatore Association picnic July 10 at Bergen County Park. Commissioner Senatore is shown at right of Mrs. Danchak. At extreme left is Kay Burke along with a host of friends and relatives of Mrs. Danchak.

Durkee retires this month after 46 years in education

Dr. Frank M. Durkee, former superintendent of Belleville schools, is retiring this month after 10 years of educational research with the Pennsylvania State Department of Education.

He is married to the former Lynda Jordan of Newark. The couple and their three daughters live at 46 Madison St.

United Methodist Church, the Boy Scouts, the Belleville Public Library Board of Trustees and the Belleville Narcotics Commission.

Dr. Durkee's 46 years in education included positions as director of educational research, superintendent of schools, assistant superintendent of schools, general supervisor, college professor, English teacher and debating coach.

The publication, Who's Who In The East, lists Dr. Durkee among its members.

Dr. Durkee and his wife Marjorie reside in Camp Hill, Pa. They have three children and five grandchildren.

Hugo J. Bartell named CPA's publicity head

Hugo J. Bartell of Belleville has been appointed Public Relations Committee chairman of the Essex Chapter of the New Jersey Society of Certified Public Accountants (NJSCPA).

4,800 people, each of whom must be licensed by the state in order to practice.

Bartell, the state society's assistant executive director, holds a business administration degree from Seton Hall University. He is a member of the American Institute of Certified Public Accountants, the Professional Conduct Committee, Insurance Committee and Public Relations Committee of the NJSCPA and a member of the board of directors of Tax Aid Service, Inc.

The NJSCPA is the professional organization of certified public accountants in New Jersey, one of the oldest such professional bodies in the country. Its membership has grown from five when it was founded in 1898 — only two years after enactment of the first American law concerning certified public accountants — to its present level of more than

Donald Messina earns BS degree

Donald A. Messina, 91 Cedar Hill Ave., recently received a BS degree in electrical engineering from Lehigh University.

The son of Mr. and Mrs. Dominic Messina, he was a member of the Eta Kappa Nu-honor society of electrical engineering, the campus radio station and the Lehigh Forum, a student-faculty governing body.

The university granted 977 baccalaureate and advanced degrees at the 109th commencement exercise of the school. Lehigh has granted a total of 1,482 degrees this academic year.

Degrees were awarded to men and women graduating from the school's College of Arts and Science, Business and Economics, Engineering and Physical Sciences, Graduate School and School of Education.

In addition, Lehigh University President, Dr. Deming Lewis, conferred honorary degrees upon seven individuals including Henry A. Kissinger, former U.S. Secretary of State; his wife Nancy; Roberta Peters, Metropolitan Opera soprano, and Howard K. Smith, ABC-TV and radio news commentator, who also delivered the commencement address.

The return, the clergy, the miser

*Helen's
thing*

by Helen Maguire

THE WANDERING SON has returned and didn't he pick a doozie of a day to land at Kennedy. Monday's rain was torrential and we came close to swimming into the Lincoln Tunnel. The other end was no bargain either with the Long Island Expressway backed up because of an accident and everybody and his brother heading for the airport. Finally made fifteen minutes before Gavin was scheduled to land and discovered that, because of weather conditions in New York, the plane would be delayed a half hour which didn't set too well with the three restless small fry who had accompanied us. It took a hot dog apiece to ease their pain.

When the boy finally cleared customs,

he and the nine other "unaccompanied minors" flying with him were escorted by two stewardesses to the Lufthansa counter where mother had to produce identification and sign a release to read him my ofspring. His trip was "great" (with exclamation points) but I guess that ancient cliché still holds true.

A LOCAL CLERGYMAN and his family spent the month of July in the midwest, visiting relatives and so forth and the man of the cloth was invited to preach in his home church, much to the delight of his mother and other clan members who turned out in force from all over the state of Michigan to hear the sermon. The pastor of the church concluded a very gracious introduction by announcing that

Reverend Nutley would now speak! See how our fame has spread?

Somewhat, I have spawned a child who must be related to King Midas and all the Ebenezer Scrooges ever produced or thought of. To say that she keeps close track of her cash is understating the fact. She knows how much she has down to the last penny.

HER FATHER AND I were chuckling over the situation the other day (shortly after each one of us had borrowed a few bucks from her) and opined that while she was a very willing lender, she was avaricious at collecting the debt, meeting the breadwinner at the door at pay day, hand outstretched and pocketbook at the ready. We are dreading the day when

sombody teaches her about interest. One good thing has come out of it though. She can add and subtract bills and change with great skill, knows the value of each coin and what it takes to make a dollar. I told Rod that as soon as she matures a little, I am planning on handing the family finances over to her, confident that we shall be in better shape with her managing the funds.

Ryan is visiting a friend in Floram Park for a few days. Hope he has better luck than the friend had when he stayed here last month. Ryan gave him a parting present of an infected tooth which Sean shared with his mother. I'll bet they both blessed the Maguires.

Graduation Day — The latest graduates of the Sandy Lane Nursery School, 634 Mill Street, receive their diplomas at recent ceremonies. Registrations for September are now being accepted for youngsters aged two to six. Hours: 7:45 a.m. to 5:45 p.m. with hot lunch available. For information, call 751-6380.

Free thyroid screening offered Saturday at United Hospitals

Persons who have been exposed in childhood to X-ray treatment of the nasal and upper throat areas may come to United Hospitals Medical Center in Newark for free thyroid screening this Saturday.

The screening will be conducted by a team of ear, nose and throat specialists from the staff of United Hospitals and CMDNJ New Jersey Medical School, led by Drs. Myron Shapiro and Ki Hyan Han at the Center's Black-Stevenson Memorial Clinic from 9 a.m. to noon.

"We are conducting this screening program both as a public service and as a study of a 'risk pool,'" explained Dr. Shapiro, who is professor of otolaryngology at the Medical School. "It has been shown that persons who received X-ray treatment to the neck in childhood run a higher-than-normal risk of thyroid cancer. But it has never been demonstrated that those who received X-rays to the adenoids and nasal area are at higher risk."

"We know that X-ray treatments to the thyroid will definitely pose a higher risk of cancer, but we don't know yet to what extent this indirect exposure through X-rays of adenoid

areas has affected the cancer risk," he said.

Between the 1920's and the '50's, X-radiation was a fairly common medical treatment for ear infections caused by adenoids, a treatment often used in lieu of surgery.

Persons who wish to be examined should come to the Medical Center located at 15 South 9th Street in Newark. The Center is just off Garden State Parkway exit 145, where the Parkway connects with Interstate 280. There is ample on-site parking. The Black-Stevenson Clinic is located in the Outpatient area of the Medical Center and can be reached through the Emergency Room entrance.

Social Security benefits went up for Many July 1

Benefits payable to supplemental security income beneficiaries went up on July 1 for 8,000 people living in New Jersey, according to William A. Logart, manager of the Newark Social Security office.

"This addition means New Jersey residents living alone with no other support can receive as much as \$200 each month."

Stork Club

Christopher H. Jeuell

A son, Christopher Huber was born to Dr. and Mrs. Charles Jeuell of 21 Branch Brook Drive June 5. Birth weight was 7 lbs. 8 ozs.

Lindsay A. Martin

A first child, a daughter, Lindsay Anne was born to Mr. and Mrs. Stephen Martin II of Trumbull, Connecticut, July 8 at Hospital of St. Raphael, New Haven.

Grandparents are Mr. and Mrs. Michael J. Burns Jr. of Orange, Connecticut and Mr. and Mrs. Stephen F. Martin of Madison and Stratford, Connecticut, formerly of Belleville. Mr. Martin is a learning dis-

abilities specialist in the Darien Connecticut public schools. Mrs. Martin, the former Laurien Burns, was a teacher in the New Haven public schools prior to the baby's birth.

Glenn L. Jr. and Michael D. Voinier

Twin sons, Glenn Lee Jr. and Michael Dennis were born to Mr. and Mrs. Glenn Voinier of 13 Malone Avenue July 11 at Mountsinai Hospital. Birth weights were 5 lbs. and 4 lbs. 10 ozs.

Mrs. Voinier is the former Ilona Brienza, daughter of Mr. and Mrs. Michael Brienza of Bloomfield. Mr. Voinier, son of Mr. and Mrs. Leon Voinier of Bloomfield, is with N.J. Bell Telephone Company, Newark.

Screening Program — Approximately 200 residents from local communities took part in a free rectal screening program recently at Clara Maass Memorial Hospital. Helping a participant fill in the necessary forms is Belleville resident, Mrs. Alice Hoffman, a volunteer at the hospital. Participating physicians included Gerard T. Cicalese, Patrick N. Ciccone, Frank J. Noonan, Michael J. O'Grady and Cono C. Pecora, all of Belleville.

Reunited — Reunited at a get-together at the home of Mrs. Dawn Gilmour, state chairman for the New Jersey Junior Burlington County's Junior Miss, Susan Santiglia of Belleville, New Jersey's Junior Miss, Marie Sue Bowers, Huntington County's Junior Miss and Lori Forscutt, Cumberland County's Junior Miss.

Island Beach Park has new shuttle service to Parkway

A new bus shuttle service is now operating between Island Beach State Park and Exit 81 (Toms River) of the Garden State Parkway.

Donald T. Graham, director of DEP's Division of Marine Services, notes the "experimental shuttle service will provide easy access to the park, reduced admission prices for bus users and will permit more

visitors to enjoy the park."

Access to the park, Graham points out, has been limited in the past to the number of available parking spaces. DEP has initiated the shuttle with the support and services of the Department of Transportation and Commissioner Charles Starkey of the Highway Authority.

Mr. and Mrs. Anthony J. Castellano — nee Donna Vocaturo

Donna M. Vocaturo bride of Anthony J. Castellano

Holy Family Church was the setting March 5 for the marriage of Miss Donna Marie Vocaturo, daughter of Mr. and Mrs. Armando Vocaturo of 62 Sycamore Drive to Anthony John Castellano, son of Mr. and Mrs. Angelo Castellano of Newark.

The Rev. Michael Saltarelli and the Rev. Nativo of St. Lucy's Church, Newark, performed the ceremony. A reception followed at Branch Brook Manor, Belleville.

Escorted by her parents, the bride wore a gown of sata pea trim with Venise lace and fashioned with bishop sleeves and keyhole neckline. A crown headpiece held her veil and she carried white roses and stephanotis.

Miss Debbie Carda of Belleville was maid of honor. Bridesmaids were the bride's sister, Miss Susan Vocaturo, Miss Angela Palmieri, Miss Diane Gierla, Miss Angela Sandella, all of Belleville and Miss Cathy Rogers of Kearny.

They wore wine colored polyester knit gowns with sprigs of babies' breath in their hair and carried rain-

bow assortments of daisies, baby roses and babies' breath.

Donald Policastro of Matawan was best man. Ushers were John Sendella and Christopher Calabrese of Newark, Kenneth Romano of Wayne and Russell and Carl Vocaturo of Belleville.

Mrs. Vocaturo chose an ice blue sata pea gown with chiffon cape and a white orchid wristlet trimmed in blue. The groom's mother was in a toast knit gown and had a white orchid wristlet trimmed in gold.

Mrs. Castellano, an alumna of Belleville High School and Jersey City State College, is a teacher at Cerebral Palsy Center of Essex County and West Hudson, Belleville.

Mr. Castellano, a graduate of Arts High School, Newark and William Paterson College, Wayne, is a teacher at John F. Kennedy School, Newark.

The couple honeymooned in Hawaii and are living in Nutley.

START LOSING WEIGHT TODAY

The hardest part of losing weight is getting started. Super DORSEY will give you all the power that extra push it needs to start losing weight today. Begin with this amazing 30 day trial. You'll eat less, burn more and excess fat will burn off energy instead of extra weight as you follow the Plan. DORSEY's Nutrition Plan will enable you to lose pounds and inches without getting bored, eating more junk. You can start losing weight today with no Super DORSEY and see the difference in your mirror. You owe it to yourself!

Belleville artist being profiled on TV Sunday

Artist Gladys Sherman, of Belleville, will be profiled this Sunday on the New Jersey Public Television program "Focal Point."

Beside owning her own shop, Treasure Gallery Studio, on Washington Ave., Ms. Sherman teaches both children and adults drawing composition and oil painting.

"The studio is really a workshop," Ms. Sherman said. "I like to paint myself, but I also enjoy communicating with people, so I have students who range in age from eight-years-old to 70-years-old."

Ms. Sherman has operated her studio for almost 14 years, mostly on a part-time basis.

"I am only at the studio about 15

hours each week," the shopowner said. "During that time, though, the door is constantly open, with people stopping in to browse all the time."

Items at the Treasure Gallery Studio are "sort of on sale," Ms. Sherman said. "I like to look at the work that my students and I have completed for a while before it actually goes up for sale."

No advertising is done for the studio, she said. Students come to Ms. Sherman for lessons after hearing about her by word-of-mouth.

"I am very happy to see the revival of many of the older art forms," she said. "All of the things that I used to do 25 and 30 years ago are just now coming back into popularity."

One example of an art form recently revived is batik. It involves working on a fabric with wax and dyes.

"For many years, this somewhat Indonesian method was a lost art," she noted. "The basic change in the method is that nowadays cold dyes are employed in the process rather than the hot dyes that were used 25 years ago."

Ms. Sherman will show viewers how to batik a fabric this Sunday on "Focal Point." The program will be aired at 7:30 p.m. on NJPTV channels 23, 50, 52 and 58.

Gas leak is plugged by Judge

A Belleville teenager, apparently attempting to find a solution to the rising cost of fuel, pleaded guilty to three counts of larceny during July 27 proceedings of Belleville Municipal Court.

Seventeen-year-old Anthony Cerruto, 369 N. 11th St., Newark, pleaded guilty to pulling into local gas stations, on three separate occasions, filling up his gas tank and driving out without paying.

Presiding judge Edward Abramson handed the defendant a \$250 fine, a 180-day suspended jail term and placed him on two year's probation for each charge, all to be served concurrently.

According to police, Cerruto obtained \$16 worth of gas May 19 at the Hess Station, 24 Franklin St., and drove away without paying; filled up May 24 with another \$16 worth of gas from Casey's Arco, 368 Franklin Ave., and tanked up with \$12.50 worth of gasoline from the Sunoco Station, 95 Washington Ave., on May 27, without paying.

Complainant in the case was Belleville policeman John Kerber.

Two gain admission into national society

Two Belleville men gained admission recently into the Beta Zeta Chapter of Alpha Sigma Lambda, the national honor society for students in continuing higher education.

Anthony Padden and Albert F. White, both of 270 Branch Brook Dr., attend University College, Rutgers University's evening college for adults.

One hundred and thirty-two persons were inducted into the honor society. In order to be eligible for membership in the society, a student must have completed 75 credits in academic subjects, attaining a grade average of 1.8 or better, on a scale of 1 being the highest and 4 the lowest.

The eyes, like other organs of the body, are subject to fatigue. Eye fatigue can be avoided while watching television if the picture is in clear form, if the viewer is sitting at a distance commensurate with visual comfort, and if there is no sharp contrast between the bright screen and the surrounding light in the room. They eyes should be given periodic rest while a program is in progress. It is important to place the television set directly in front of the audience and make sure that the screen is at eye level. A large screen permits more comfortable viewing than a small one.

Giving you good service is important to us. When you have a prescription to be filled bring it to us at ROSSMORE PHARMACY, 338 Washington Ave., 759-1968, 759-1956. Our stocks include Russell Stover candies, baby needs, cosmetics, toiletries, tobacco and gifts. Free prescription delivery is provided. Open: Daily 9am-10pm, Sundays 9am-9pm.

HANDY HINT:
If one's eyes are uncomfortable in spite of the fact that the picture and lighting are correct, see your doctor.

AT BELLEVILLE HIGH SCHOOL

Computer programming classes to link with Asbury Park

Students at Belleville Senior High School will have access to a computer terminal again this year, the

Transportation contracts OK for Belleville

The Board of Education awarded contracts to three different organizations for the transportation of students for the 1977-1978 school year.

Community Coach Lines, Inc., Passaic, received two of the contracts — one for athletic transportation, at a rate of \$85 per round trip, per bus, and another for transportation of junior and senior high school students at a rate of \$45.28 per student.

Two companies had contracts renewed for the transportation of special class students for the upcoming school year.

A second-year renewal of the contract with the Station Wagon Service resulted in a five per cent increase of the original contract amount.

That service transports students along two routes. The rate for transportation to the Lord Stirling School, Basking Ridge, is \$47.56 per day, and to the Essex School and the New Jersey Association for Retarded Children, East Orange, \$26.86 per day.

Kentrie Transportation Company was contracted to transport students along six routes, also at a five per cent increase.

Individual routes and per diem rates include Mt. Pleasant Elementary School, Livingston, \$16.85; Kessler Institute for Rehabilitation, West Orange, \$16.91; Milton School, Millburn, \$25.52; North Jersey Child Development Center, Bloomfield, \$18.90; Bloomfield North Junior High School and Brookside School, Bloomfield, \$18.69; and Deron School, Orange, and Gramon School, South Orange, \$20.37.

McDermott cited for safe driving

John A. McDermott Jr. of Belleville has become a member of the Exxon Quarter Century Club by driving 25 years without an accident.

McDermott's name has been engraved on a plaque now on permanent display in Exxon Co.'s Linden Terminal, where McDermott works. The Quarter Century Club is one of many safety awareness programs conducted by Exxon to encourage employees to practice safety on and off the job.

McDermott, a lifelong Bellevillite, is an avid fisherman and often heads for the shore with his wife, Gladys. McDermott's other hobby is home decoration.

Helicopters' flight pattern is changing

Tighter regulations concerning helicopters, particularly in flying over residential areas, further campaign reporting requirements for expenses of traveling and goods and services, and new zoning and building restrictions in the Hackensack Meadowslands are among rules proposed in the current, August 4 issue of the New Jersey Register, the State's official rules publication.

The most extensive are three pages of rules governing the State licensing of helicopters and heliports proposed by the Division of Aeronautics in the Department of Transportation.

The proposed restrictions would give Transportation Commissioner Alan Sagner the power to require prior local governmental approval of helicopters operating in or near residential areas. He also would be able to ask for air and sound pollution reports prior to approval and to limit the frequency and hours of take-offs and landings.

Board of Education resolved at its last meeting.

The terminal, in use at the high school since January, enables students to solicit information about career possibilities and offers vocational guidance data.

Raymond Smith, principal of Belleville High School, explained how the computer terminal works.

"A telephone and a typewriter are the two basic components of the terminal system," he said. "A student dials a number, then receives a signal

which indicates that he can type and program the computer."

The computer responds to the student's information by relaying a typewritten message.

"This year the computer terminal will be put to three uses," Smith said. "The areas involved are guidance and computer programming."

Computer programming classes will have direct access to a terminal for the first time this year, Smith noted.

"To teach computer program-

ing with a terminal is almost impossible," he said. "In previous years, we were forced to either borrow a terminal or to run all of the programs together at the N.J. Technical Institute."

Two jacks will hook up to the computer terminal from the mathematics room and one will hook up from the physics department. Another jack will be wired from the guidance department.

"The guidance department uses the computer for two purposes,"

Smith said. "One program is known as Career Scan and the other has to do with Colleges and Continuing Education."

The Career Scan portion allows a student interested in a certain field to feed that information into the computer, Smith said.

The computer will then answer the student, printing out all the vocational areas that correspond to the area the student is interested in.

The second part of the guidance program deals specifically with in-

stitutions for continuing education. The computer will print out colleges offering courses in certain fields, plus the costs of these colleges, the college board scores the colleges require and any other pertinent information the student should know.

Belleville's computer terminal is hooked up to a larger computer in Asbury Park, which originally was subsidized by the federal government, Smith said. About 40 high schools throughout the state have access to the Asbury Park computer.

DOUBLE COUPONS

EFFECTIVE AT ALL GRAND UNION SUPERMARKETS IN THE STATE OF NEW JERSEY AND ORANGE & ROCKLAND COUNTIES. OFFER EXPIRES SATURDAY, AUGUST 6.

A Good Sign For Savers

We're changing our name and announcing a merger!

Today we have good news! DeWitt Savings and First State Savings, two old friends, have joined forces and are now known as First DeWitt Savings & Loan Association. You'll be seeing a lot of our new name.

Now you have one of the most experienced savings institutions in New Jersey, and one of the largest and friendliest, working for you in more locations than ever . . . six in all, in Belleville, Bloomfield and Hopatcong.

Our combined assets are now in excess of \$153-million providing a broader base of strength, safety, security, and service. More funds will be available for home loans and new efficiencies will be introduced, offering you improved service and convenience to make banking easier for you.

An account in any one of our offices is an account in all. Use whichever is closest. And although we have virtually doubled in size you can count on the same fine, courteous, friendly service that has been a hallmark of our long, healthy, happy history.

Jewelry thieves in need of lessons

A plan to burglarize a local jewelry store apparently had more holes in it than anticipated. According to authorities burglars entered the Wascomat Wash Center, 354 Main St., being readied for a

Channel 16 being abused by boaters

The Coast Guard is asking the boating public to help stop misuse of Channel 16, the international maritime distress and calling frequency.

"Abuse of Channel 16 imperils the lives of all boaters," said Lieutenant Fred N. Squires, chief communications branch, Third Coast Guard District. "The problem was especially bad during the 1976 boating season as operators showed flagrant disregard for proper radiotelephone procedure."

If listening to Channel 16 one Saturday afternoon, recently, one would have heard three calls in rapid succession from boaters requesting radio checks. Next came a call from the New York Marine Operator, and then, suddenly, a mayday from a small motorboat off the New Jersey coast. Coast Guard Group New York responded, and immediately called a Coast Guard Auxiliary boat for assistance. The distress traffic was still on when Sam V. called Bluebell.

"Hi! How are ya doing, fella!" asked the voice from Bluebell.

Through the crackling silence, it was almost possible to hear a shudder run through all those monitoring the distress channel. Shukly, the skipper of Sam V. asked Bluebell to switch to another channel. He had to ask twice.

The use of Channel 16 (156.800 MHz) for casual social calls and idle chatter is by far the most dangerous abuse. And, the Coast Guard hopes that, during the 1977 season, the boater who just likes the sound of his own voice will become a rare — and, perhaps, extinct — species.

Channel 16 is also the calling frequency. All boats carrying VHF/FM radiotelephone must monitor Channel 16 at all times, except when they are actually communicating on another channel. Calls to other vessels are initiated on Channel 16, but the boater must switch immediately to a working channel for further communications — unless he is in distress.

Boaters are also reminded to use Channel 22 when seeking nondistress information from the Coast Guard. After communications are established on Channel 16, the Coast Guard radio operator will ask you to switch to Channel 22. If he doesn't ask you to switch — ask him.

Thyroid exams this Saturday

Thyroid Screening Examinations are being conducted at the United Hospitals Medical Center this Saturday, from 9 a.m. to noon.

The examinations are directed at persons who had x-rays or radium treatment to the head or neck areas during the 1930s, 1940s and 1950s. The possible presence of thyroid cancer in people who have received such treatments is being investigated.

Free to the general public, the screening is made possible through a grant from the American Cancer Society, under the direction of Dr. Myron J. Shapiro, acting chairman of the Division of Otolaryngology at the Newark campus of the College of Medicine and Dentistry of New Jersey.

United Hospitals Medical Center is located at 15 South Ninth St., Newark.

Pleads guilty to drunkenness

A 22-year-old Newark man, charged with being drunk and disorderly, pleaded guilty during July 10 proceedings of Belleville Municipal Court.

Arthur Peter Martin, 123 Verona Ave., Newark, was arrested July 10 for unlawful loitering and creating a disturbance along Rutgers Ct., Belleville, while under the influence of alcohol.

Presiding Judge Edward Abramson handed the defendant a \$150 fine and a 10-day suspended jail term.

Complainant in the case was officer John Kerber of the Belleville Police Department.

future grand opening, and drilled or knocked holes in the wall adjoining Sophia Jewelers, 356 Main St., the adjoining store.

Police said the burglars apparently wanted to make a hole through the wall and the back of the jewelry display cases along the wall large enough to reach in and steal the merchandise.

"Once inside they evidently could not reach in far enough to get anything and abandoned the idea," stated Belleville Deputy Police Chief Frank Haigh.

The jewelry store reported nothing missing, said authorities.

Belleville detectives Barton Rossi and Salvatore Lo Coco are investigating the case.

Heading Home

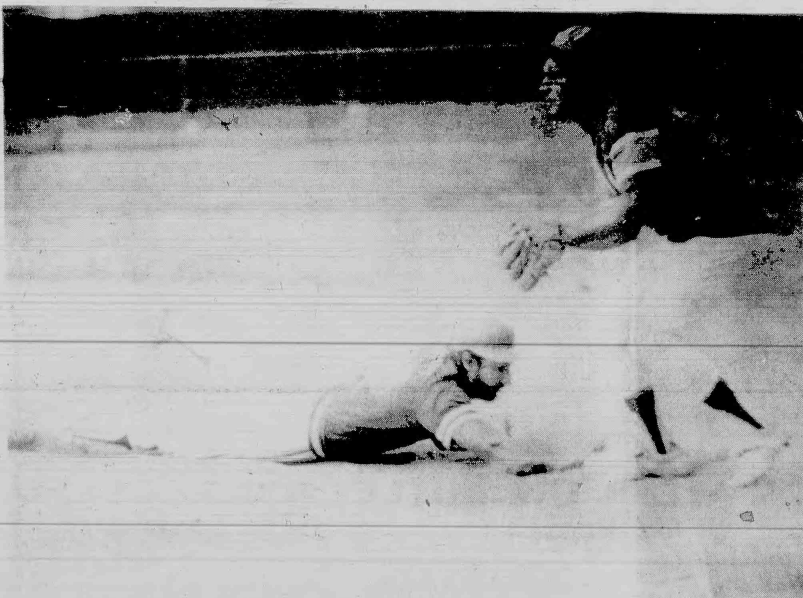

Above Belleville's John Guarino gets a handshake of congratulations from Mike Spurduto as he rounds third and heads into the final 90 feet of his Cadillac trot after clubbing a round tripper in the fourth frame. The Bruins made it three consecutive wins by edging Union, 4-3.

First Run

Right Billy Bowbliss of Joe's Alignment digs down the first base line after singling during the opening round of the Greater Newark Tournament held in Nutley Saturday and Sunday. The Belleville entry scored 41 runs in the slo-pitch competition to win the tourney and advance to the mid atlantic regional playoffs in Long Island.

Get Back

Below Bruin base runner Dennis Astrella dives back into first after a pick-off attempt during the Union game at Belleville High diamond Sunday. The local county club is slated to play out the regular season against Verona-Cedar Grove Monday.

sports

Bruins take three as playoffs near

By MIKE COREY

A combination of timely hitting and consistent pitching helped the Bruins of Belleville make it three out of three as the Essex County League club primes for post season action.

Sunday, at Belleville High field, the Bruin squad edged out Union, 4-3; clubbed Caldwell, 8-6, last Thursday in an away contest, and out-flanked first place Verona-Cedar Grove, 8-2, last Wednesday on the road.

A makeup game scheduled with Verona was postponed once again because of rain on Monday. No date for the contest to be replayed has yet been announced.

The Bruins are slated to take on South Orange on the road at 6 p.m. tonight before traveling to Livingston, Sunday, and Verona on Monday.

Playoff schedules have not been released yet but the top four team's in the six team Essex County League will be competing in the post season action. The Belleville squad is currently in second place.

Belleville mound man, Steve Whacker, allowed three hits and collected a key singled to pace the Bruins over Union Sunday afternoon at the sun-baked BHS diamond.

Union was first up on the score board when it pushed across a pair of runs in the top of the third. A Belleville fielding error followed by a home run supplied the Union offensive punch.

Belleville evened things at two-all in the home half of the fourth when John Guarino led off the frame with a line drive shot over the right field fence. Catcher Rocky Guarino kept the inning alive by pounding a ball over second and; after short stop Kevin Goy knocked into a fielder's choice play, Whacker delivered

a clean base hit to knot the contest.

The Bruins went ahead in the fifth when first baseman Dennis Astrella walked, moved to second on a ground out and scored on a single by Mike Spurduto.

The visitors tied the proceedings once again in the top of the eighth stringing together a walk, a fielder's choice play and a single but the locals forged ahead to stay with a solo run of their own in their half of the frame.

With one down Goy drew a walk, Continued on page 12

National stars win district

Belleville's National Little League All-Stars scored 10 runs in the first inning to outslug Livingston National, 16-0, and capture the District Eight championship in Nutley Saturday afternoon.

The local National stars were slated to play the opening round of the sectional tourney Tuesday evening at North

Bergen against Palisades Park but results of the initial round of the playoffs was not available as the Times/News went to press.

The winner of the Tuesday contest is scheduled to compete in the sectional finals this Saturday at 4 p.m. in North Bergen.

"We have a nice bunch of kids and they play well together," said National All-Star Little League coach Anthony Bruno. "We picked the team mainly on their hitting rather than by position and they really came through for us."

The Belleville bombers scored 96 runs on 104 hits in the five game divisional playoff rounds in Nutley.

Belleville's American Little League All-Stars smothered the Livingston American stars in Saturday's consolation contest, 10-3, as mound ace Mike Forte gained the complete game victory. The all-star hurler had a shutout going until the final frame.

In Saturday's championship game starting pitcher Bobby Brave scattered two hits in blanking the Livingston squad. He helped his own cause with the bat by socking a home run with the bases full.

Other hitting standouts for the star-studded National League club were Robbie Cancelliere, who went two for three at the plate, and first baseman Joe Murphy, three for four on the day.

Belleville pushed across 10 runs in the first inning of the championship contest combining five hits and six walks to take the early lead.

Right fielder John Nigro made one of the top defensive plays of the district finale for Belleville crashing into the outfield fence to snag a fly ball to take away an extra base hit.

Orange police stun Belleville lawmen

The lawmen of Orange out-gunned Belleville for the third time this season Saturday, 15-5, to eliminate the local police squad from the PBA slow-pitch playoffs.

Orange is the only club in the league this year to hold a victory over the Belleville cops who posted the best overall record, in both divisions, during the regular season at 11-1.

The Belleville team is hoping to participate in a PBA state tournament which will include the top clubs throughout New Jersey but details of the post season play have not yet been announced.

"It was just a matter of going into the playoff series with a poor mental attitude," stated a Belleville PBA team member after Saturday's loss. "We didn't feel Orange was a quality team and found it hard to get up mentally for the games. We played our only three bad games of the year against Orange."

Orange defeated the Belleville men-in-

blue 8-6 during the regular season and 18-16 in the opening round of the playoff competition at Clearmen Field last Sunday morning.

Ironically it was Belleville's defensive play, one of the strong features of this season's PBA team, which proved the downfall of police squad in Saturday's finale. Belleville fielding misplays throughout the contest provided numerous scoring opportunities for the Orange offense.

Orange jumped off to an early, 1-0, lead in the bottom of the first inning and never relinquished hold of the advantage the rest of the game, chipping away every frame, adding runs and padding the spread.

Orange must await the winner of the best two out of three semi-final round in the other division to see which team it will meet to decide the league championship.

Playgrounds swing into final month

Plaster molds of ducks, dogs, boats and clowns highlighted the final week of July at Belleville's playgrounds.

At the Friendly House youngsters enjoyed a MacDonald's Party. Each child chipped in for the hamburger lunch just before a knock-hockey tournament got underway. Ralph De Capua took the crown of that tourney following a heated battle for the top spot.

Fairway playground children joined in a Dunkin Donut party capped off by a game of four squares. Eugene Capozzi and John Healy grabbed high honors in the event. The week concluded with a candy hunt and everyone went home a winner.

Glenn McKistry emerged as ping pong champion of the Rec House with Kevin Decker posting a close second. Plaster craft molds were another big event with Janet Gelpi, Lizzy Hoban and playground director Vito Guarino participating.

Also enjoying plaster crafts but at playground Number One were Rhonda Edwards and Lisa and Cory Wells. The playground's senior softball squad boasts a five-game winning streak.

A chess tourney at Kelly playground proved intellectually stimulating for the 10 youngsters participating as Phil Cerza battled Joe Mustacchio, who made a

four-move check mate, to take home first honors.

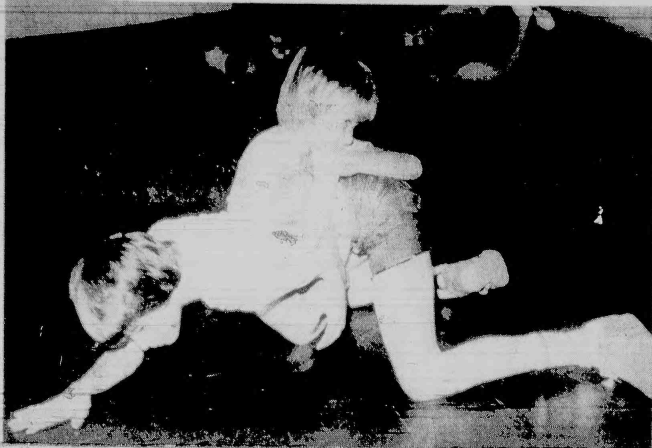

Pistol Range activities included an "all you can eat ice cream sundae party" with the highlight of the festivities centering on a puppet show put on by John Lisi and Joey Cahill. Other participants included Tammy Lisi, Sandra Lombardi, Cheryl Dawn, Joe Pieretti, John Monahan, Pam Catina and Kristian Kissel.

Charity carney opens Thursday

Next Thursday the Belleville Recreation Department will hold its annual carnival with proceeds going to the Essex County Cerebral Palsy Center.

The carnival, scheduled for Thursday, August 11, will be held at the Recreation Department, 407 Jorammon St., from 10 a.m. to 3 p.m.

Highlights of the charitable affair will include a bicycle raffle along with a dart throw, wheels of fortune and a gold fish contest. Food and drinks will also be available at the yearly event put on by the playground youngsters.

Rec Wrestling — Bob and Ronny Wis grapple it out on the mats during a practice session at Belleville High. The summer wrestling program, sponsored by the Belleville Rec Department and under the direction of Joe Zarra and assistants Chris Tremal and Bobby Arlt, is open to anyone from age seven and up. Hours of operation are Mondays, Wednesdays and Fridays from 10 a.m. to 12 p.m. Plans are currently being finalized for an evening session to accommodate those athletes who work during the day.

Bruins notch three in row

Continued from page 11

Whacker advanced him to third with a single and center fielder Tommy Weiss delivered the game winning hit.

Rocky Guarino, three singles, Weiss, with two, and Whacker, with two, accounted for seven of the 11 safeties Belleville managed on the day.

Whacker, on the hill, struck out three, walked four and allowed four hits to gain the complete game victory.

Belleville left fielder Dan Dunn collected three hits, stole three bases and came in from the outfield to fan two men in the ninth with the bags full to notch a save and lead the Bruins over Caldwell last Thursday.

Brian Karl started and was credited with the win. He was relieved by southpaw Frank Less in the sixth who made way for the flame

throwing Dunn in the ninth.

The Bruins scored four times in the initial inning. Weiss singled and stole second and third, second baseman Chip Biafore doubled, playing-coach Dennis Sasso walked, Dunn singled and John G singled to sketch the Belleville scoring scenario.

Caldwell posted three runs of their own in the third but Belleville gained some breathing room in the top of the fifth when Weiss tripled and came home on a passed ball.

Belleville scored three more times in the sixth frame to take an 8-3 lead. Dunn began the rally with a single, stole second, Astrella walked and Johnny G drew a free pass. Rocky Guarino was hit by a pitch and pitcher Gus Hernandez, filling in at second base, followed with a base on balls. Weiss drove in the final run of the afternoon with a sacrifice fly,

Belleville reliever Frank Less made way for Dunn in the top of the ninth with the bags full and one man out and the Bruins ahead 8-6. The local left fielder reared back and fired the ball past the next two hitters notching a pair of swinging strike outs to end the game.

Last Wednesday the Bruins clovered first place Verona-CG, 8-2, as Gus Hernandez pitched all the way to get the win. The Belleville hurler allowed eight hits, all singles, and struck out four.

Both Weiss and Biafore smacked round trippers in the contest.

Bronco, Bearcat tryouts set

Tryouts for the Belleville Broncos Junior Football Team and the newly established Belleville Bearcats Lightweight squad, will be held at Clearmen Field August 15 through 18 at 6:30 p.m. Proper attire for those wishing to tryout is sneakers and shorts.

All youngsters between the ages of 10 and 14, weighing from 80 to 150 pounds and in grades five through eight this coming school year is eligible to participate. Players will be assigned to either the Broncos or Bearcats by age and weight requirements at the tryout sessions.

The Broncos will again this year

be directed by former Belleville High School All-State and All-American Rich Luzzi. His coaching staff will include Ted Luongo, Mike Limongelli and Dom Cicalese.

Last year the Broncos enjoyed its best season since it was formed in 1974 posting an 11-0 mark.

The Bearcats were established this season to complement the Broncos and to give youngsters the opportunity to gain pigskin experience at an earlier age.

Lou Montemarano, a coach in the recreation league for the past several years, has been named head coach of the new club. He will be as-

sisted by Joe Falcone and Earl Wake.

The Broncos and Bearcats are slated to compete in the Bergen County Junior Football Conference which consists of teams from Fair Lawn, Bergenfield, Englewood, Dumont, Oradell, Cresskill and New Milford.

Anyone wishing to tryout for the teams but will be away on vacation is asked to notify the Belleville Recreation Department. Registration for both clubs is now being held at the Recreation Department, Garden Ave. and Joralemon St. during the day.

Balanced play marks playground softball

Exciting pennant races in both the Junior and Senior leagues highlighted the first half of action in the Summer Playground Softball League.

In the American division of the Junior league the Friendly House and Eight A both post 3-1 records and are deadlocked in the top spot.

Fairway holds a 1-3 mark but have been in ever, ball game this summer but have lost some heartbreakers.

In the National division the Stadium boasts an unblemished 4-0 mark, one game ahead of Number 10 (3-1) last year's champs. Number Nine trails in the division with a 1-3 record.

Friendly House paces the Senior League with a 3-0 record while Number Two is a close second with a 3-1 mark. Number One and Kelly both have identical 1-2 records.

Number Four, the defending champs of the National division, continue to win, recording a 4-0 mark including a close win over Number Eight, 14-13, dropping Number Eight to second with a 3-1

record. Number Nine is 1-3.

Softball League supervisor Joe Filangieri is anticipating the division races to tighten up in both leagues as teams prime for the grand finale with divisional winners meeting each other to decide the champions of each league.

Giants crowned champions for second straight year

The Giants knocked off the Bears in the best two out of three playoff series to capture the Belleville Peanut League championship last month.

The first contest of the playoffs ended in a 9-9 deadlock but the Giants took the second and third games, 13-7, and 16-15, to take the crown for the second consecutive year. The Giants record over the past two seasons is 25-1.

Members of the championship squad include second year players Charles Tortoriello, Alan Ruopp and Stephen Mulhearn and first year

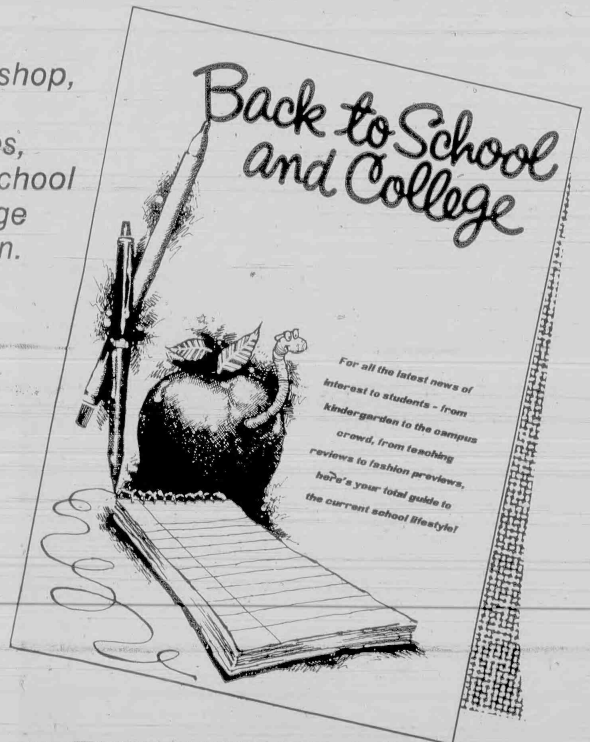

players Richard Chipfero, Michael Mavinos, Adamo Longobardi, Armando Nardone, Scott Marinaccio, Mark Palumbo, Gregory Stripekis, Rober McGough, Joseph De Piro, Thomas Morris, Joseph Melillo, Alexander Bog, Michael Romano, Marc McTaggart and Michael Dandone along with team mascots Steven Tice and Nicky Gingerelli.

The club was directed by manager Roy Tice together with a battery of coaches including Charles Tortoriello, George Royston, Joe Melillo, "Shoes" Nardone and Jack Caputo.

Special admissions for those still undecided about college

A Single Step Admissions Day will be held by Upsala College on Thursday, August 11, for qualified students who are still undecided about what college to attend.

Students who bring with them their official transcripts and other papers will be processed the same day instead of waiting the usual two to three week periods.

The college also will initiate a new computer process in which students with completed Parent Confidential Statement (PCS) will be given on the same day an estimate of the amount of financial aid they will receive at Upsala. Accepted students will complete course selection and will be able to attend classes on Wednesday, September 7, when the fall semester begins, without further processing.

Marjorie Cooke, Upsala's associate director of admissions, said it was decided to hold the accelerated admissions day because recent years have shown there is a pool of students still undecided during the summer months about their college plans and those who wish to transfer from other colleges.

"Since Upsala still has classroom openings and a considerable sum of financial aid available to prospective students, it was decided to hold a special day at which there will be quick processing of qualified students," Mrs. Cooke pointed out. Such an on-the-spot session will

Peoples Bank chairman gains committee seat

Thirty bankers from Essex County were recently named to serve on 1977-78 committees of the New Jersey Bankers' Association including S. Thomas Aitken, president and chairman of Peoples Bank in Belleville.

Aitken was appointed to the Federal Reserve Relations Committee.

The assignments were announced by NJBA president Robert Ferguson, president of First National State Bank of New Jersey, Newark. Appointments cover activities by the bankers group in legislative, consumer, regulatory, security and educational matters.

Kidde Co. awarded \$36,922 contract

Walter Kidde & Company, Inc., has been awarded a \$36,922 government contract by the Defense Electronics Supply Center, Dayton, Ohio.

The contract provides for the manufacture of 100 pressure switches by the company.

The Defense Electronics Supply Center procures, manages and supplies common electronic parts used by the armed services, government agencies and foreign nations.

It is a field activity of the Defense Logistics Agency, formerly the Defense Supply Agency.

Belleville drivers loose their license

Thomas Morgan, 40 Mr. Prospect Ave., Belleville, was fined a total of \$265 and \$15 court costs and lost his license nine months for drunk and reckless driving May 16.

He was assessed \$200 and \$15 costs in Nutley Municipal Court. Morgan also lost his license 60 days on the drunk driving charge. He lost his license six months and was fined \$65 on the reckless driving charge.

A second Belleville driver was fined \$200 and \$15 court costs and had his license revoked 60 days during the same Nutley court session. He is Peter Reilly, 11 C Belleville Ct.

Lose water bloat with ODRINL—Nature's Way

LOSE ODRINL can help you lose excess weight due to water retention during the pre-menstrual cycle. ODRINL—a gentle, diuretic compound contains natural herbs in a tablet that is effective and fast acting. ODRINL—the Natural water pills—guarantees to help you lose water retention weight. And temporary weight gain or your money will be refunded.

avert the uncertainty of a waiting period in late summer."

Prospective students are requested to bring with them their official transcripts, SAT scores, \$15 application fee, and completed copy of their PCS form. This information will be reviewed by an admissions committee after which accepted students will be able to re-register and meet their faculty advisors the same day.

The Single Step Admissions Day, which is for transfer and day and evening students, will take place from 10 a.m. to 3 p.m. in the Upsala College Center on Prospect Street, East Orange. Further details may be obtained by calling (201) 266-7191.

New income tax law benefits some retirees

Persons 65 years of age or older may be able to get a tax refund based on their income taxes for 1976, according to the new tax law recently signed by President Carter.

Under provisions of the newly enacted tax law, retired taxpayers who filed their income tax returns by April 15 are now being given the chance to amend these tax returns in order to retroactively claim either Retirement Income Credit or the Credit for the Elderly, whichever would benefit them the most.

Those who choose the Retirement Income Credit must file an amended return with the Internal Revenue Service to get their refund.

As a public service, H & R Block,

the nation's largest professional tax preparation service, is offering free help to assist persons in determining which method of filing is most advantageous and will provide and complete the amended return forms at no cost. Individuals need not be H & R Block customers to take advantage of this offer.

Several factors must be considered in determining the most beneficial way to file tax returns for individuals 65 and older, and the options can be very complex. Taxpayers who think they may qualify are advised to consult the Internal Revenue Service or one of the participating H & R Block offices.

obituaries

Augustus Kistner, 80; moved here 58 years ago

Services were held Tuesday at Christ Episcopal Church for Augustus G. Kistner who died Saturday in his home. He was 80.

Born in Newark, Mr. Kistner moved to Belleville in 1919. He was a diamond setter for United Diamond Co., Newark, for 35 years and was a school crossing guard in Belleville for 13 years.

Surviving are his wife, Isabelle

Nicholson Kistner, a son, George of Bloomfield; two daughters, Mrs. Shirley M. VanDyne of Clifton and Mrs. Doris J. Weiler of Jewett, N.Y.; eight grandchildren, and four great grandchildren.

Funeral arrangements were by Irvine-Cozzarelli Memorial Home, 276 Washington Ave., Belleville. Interment was in East Ridgeland Cemetery, Delawanna.

L. Gian Francesco

A funeral Mass was offered Monday in St. Mary's Church, Nutley, for Louise Gian Francesco, 61, who died Friday at home.

Born in Newark, Mrs. Gian Francesco moved to Nutley eight years ago after living in North Arlington and Belleville.

Survivors include her husband, Frank; a son, Joseph; three daughters, Mrs. Sylvia Priolo, Mrs. Mary Ann Thompson and Carol;

two brothers, George and Thomas Tremarco; a sister, Mrs. Kathryn Kasilas; and four grandchildren.

The Beardielli Funeral Home, Newark, made arrangements. Interment was in Holy Cross Cemetery, North Arlington.

Gary Podlas, 33

The Rev. James F. Heavey of St. Peter's Church officiated at services Tuesday for Gary T. Podlas, 33, who died Friday in Clara Maass Memorial Hospital.

Born in Newark, Mr. Podlas moved here 10 months ago and was manager of the Polish Falcon Club, Newark, for the last eight months.

He is survived by his wife, Kathleen; his parents, Mr. and Mrs. Theodore Luczkowski of Seaside Park; a sister, Mrs. Lois Smith of Kinnelon, and a grandmother, Mrs. Helen Stetsko of Newark.

Arrangements were handled by the Kiernan Funeral Home, Belleville. Interment was in Holy Cross Cemetery, North Arlington.

Tire Council suggests easy way to save gas expenses

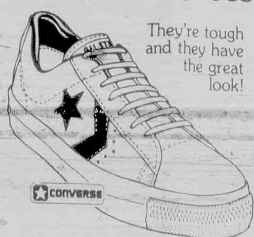

New Jersey motorists could have saved at least 33 million gallons of gasoline worth about \$19.3 million in 1976 had they properly inflated their tires, the Tire Industry Safety Council estimates.

"The simple act of keeping the right amount of air in automobile tires will make an important contribution to energy conservation," says Malcolm R. Lovell Jr., council chairman. "Proper inflation will benefit the car owner by saving both gasoline and tires."

Properly inflated tires can add five percent to gasoline mileage, or an extra mile per gallon, because they roll easier, according to industry experts.

'Anastasia' performed this week at college

Summerfun Summer Theater, New Jersey's largest summer stock company, will present the compelling, heartwarming play "Anastasia," directed by William Goettker. "Anastasia," the final offering of the Summerfun season, is being presented tonight through Saturday night in Memorial Auditorium, Montclair State College.

In July of 1918, Nicholas II, Czar of all Russia and all his family are

executed during the revolution, or are they? Persistent rumor which has never been disproven tells us that one child did escape. That one child may be Anastasia. Pushed by the chance of wealth and recognition, Anna seeks her birthright and finds courage and nobility in the final scene of the play. This compelling, heartwarming drama, which the entire family can enjoy, will reaffirm your faith in the human spirit.

Prince Bouine will be played by Nari Avari, the Dowager Empress by Robin Rowland and Anna by Sandra Teller. Also appearing will be Frank DeChillo, Christine Mauricio, Glenn R. Czako, Mike Rowan, Stoney Jameson, Don Sheffrin, Lori Smith, Karen Primack, Jim Netis and Christopher Olsen.

College-bound students briefed on Upsala life

Two Belleville students got a head-start on college life when they spent an orientation weekend at Upsala College recently.

Anthony Cordaro, son of Mr. and Mrs. Vincent Cordaro, 20 Lincoln Pl., and Irini Vechos, daughter of Mr. and Mrs. Dimitrios Vechos, 398 Washington Ave., participated in the weekend to prepare for the start of the fall semester at Upsala.

ShopRite has... Managers Sale Weeks!

The MEATing Place.

Each department manager has spotlighted fantastic sale items during ShopRite's exciting Managers Sale Weeks. It's a great time for savings and variety. Every aisle is filled with extra values as ShopRite celebrates this extra-special event. Yes, it's Managers Week at ShopRite and you're invited to share in all the terrific store-wide savings!

the ShopRite has... Double Coupon!

Come to ShopRite and redeem any manufacturers' "Cents Off" coupons by purchasing items at ShopRite and we'll give you double the savings designated on the coupon. This Double Savings Coupon Program does not apply to ShopRite "Free" or other retailers coupons. Offer effective thru Saturday, Aug. 6, 1977. Effective in New Jersey, Penn., Delaware and Rockland County, N.Y. Redeem all manufacturers' "Cents Off" coupons by buying the items at ShopRite and we will double the value stated on the coupons. Our Double Savings program applies to manufacturers' coupons you clip from newspapers and magazines; not "Free" or other retailers' coupons or where the total would exceed the price of the item. (Excluding cigarettes, milk, tax, lottery, tickets, prescriptions and any item prohibited by law.) During the course of this offer, there is the possibility of unusual demand for a particular manufacturer's coupon item. If the item does become temporarily unavailable, please request a ShopRite "Rain Check." This entitles you to "Double Savings" on the manufacturer's coupon item when purchased within the expiration date of the "Rain Check."
