## Marotti opposing payroll boost list

Belleville's attempt to purposely create a "fiscal emergency" and thus convince Trenton to permit Town Hall to exceed the 5 percent cap spending law was weakened this week when Mayor Michael Marotti said he wouldn't vote for passage of a salary ordinance which would add \$312,213 to wage accounts for municipal employees.

Acting town treasurer Isadore Padula, who is orchestrating the "fiscal emergency," openly took issue with Marotti and suggested the Mayor's negative vote might jeopardize the scheme which Trenton already has said will come under investigation in hearings before the N. J. Division of Local Government.

"I was hoping we could send this salary ordinance to Trenton with five affirmative votes to strengthen our case," Padula told Marotti and other Commissioners during a pre-meeting caucus.

Mayor Marotti stood firm, however, but ironically did not oppose the salary

ordinance Tuesday because it exceeds the 5 percent cap on expenditures, but rather because it listed a number of positions that no longer exist.

"There are also some jobs we have in my department that are not even included in this ordinance," the Mayor said. He told Tuesday night's Commission session he would introduce a revised ordinance covering Parks and Public Property posts later this month.

Padula last month convinced the Board of Commissioners to adopt resolutions declaring the fiscal emergency along with the salary ordinance he prepared for final adoption this week. Trenton hasn't said whether it will okay the Belleville scheme but has warned Town Hall "not to spend a penny" of its emergency funds until the matter has been thoroughly reviewed.

Town Clerk Eugene Barnett is of the opinion Trenton may even schedule hearings and summon the Commissioners and fiscal officers to explain why granting

municipal pay hikes constitutes "a fiscal emergency."

Many neighboring towns, including Nutley, tried a similar route earlier in the year but plans never materialized because the Attorney General ruled that since workers' salaries could be anticipated, wage boosts didn't qualify as a legitimate "emergency" under the state's new 5 percent cap spending law.

Padula notes, however, that at least two if not more municipalities in New Jersey have been able to win approval from Trenton of pay raise packages that exceed the 5 percent spending law.

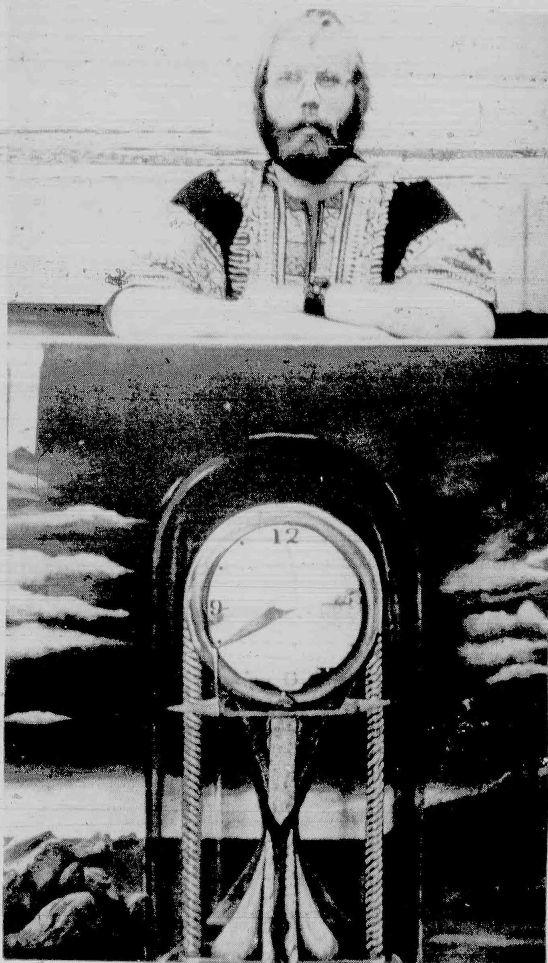

Here in Belleville, the emergency \$312,213 package is needed to finance a 7.75 percent wage boost for police and firemen, and a 5.36 hike for other non-uniformed workers.

Mayor Marotti was outvoted, 4-1, by a full Commission Board on the salary measure Tuesday night.

According to Mayor Marotti the two jobs he wanted included in his Department of Parks and Recreation are a mechanic and carpenter.

The ones he preferred to have omitted are store helper, a watchman, a part-time recreation leader, head clerk supervisor, a part-time clerk for the shade tree committee and a clerk itself.

Please see "Mayor" on page 7.

## Byrne coming to Belleville

Gov. Brendan Byrne will be in Belleville this morning to join Mayor Michael Marotti in a ground-breaking ceremony for a K-mart store at Main and Jerusalem Sts.

"We're inviting our townspeople to join at the event," the Mayor said. Gov. Byrne will turn over the first shovel-full of earth shortly after 11 a.m. The Governor's stop here is part of a swing through Essex and Hudson Counties that will end in a "statewide event" later today in Jersey City.

Mayor Marotti is expected to address this morning's ceremonies briefly.

Among those expected are Robert E. Dewar, chairman of the board for Levo Shopping Centers, the parent firm behind the K-mart operation.

Gov. Byrne is expected to tell the crowd today that the new K-mart store is another example of New Jersey's strengthening economy, will provide more jobs, pay local taxes and stimulate consumer spending.

The site of today's ground-breaking on River Road is directly opposite the new shopping plaza that recently opened and featuring a large Grand Union super-market.

## Schwartz, Risoli settle differences

School Board Trustees Larry Schwartz and Ralph Risoli have dropped their charges against one another and today call their differences the result of a "misunderstanding."

The two officials signed a three-paragraph press statement reading as follows:

"There was a misunderstanding which has been rectified and all complaints have

been dismissed at an appearance in the municipal court on September 7, 1977, before Judge Edward Abramson.

"After communicating with other board members and other personnel, it was felt that nothing could be gained by pursuing the matter as it can only detract from the main thrust of the Board of Education, and that is to serve the best interests of the children of Belleville, and to the community in general.

"So with this spirit, Ralph Risoli and Lawrence Schwartz will continue to pledge themselves in the future to work for the best interests of all concerned," the statement ended.

### A correction for Schwartz

The Sept. 1 issue of the Times/News incorrectly reported Risoli and Schwartz were involved in a fistfight. The argument never came to blows. Trustee Larry Schwartz never attacked Ralph Risoli nor did he make the attempt.

In the same story, Schwartz was reported as using foul language in referring to Risoli, a report based upon a conversation Risoli had with this newspaper. Schwartz denies the allegation and Risoli has since retracted the allegation.

Both Schwartz and Risoli say they are happy the incident is closed and issued a joint statement indicating their common effort toward helping the children of Belleville receive the best education possible with the funds available. (Editorial on this subject appears today on page 4.)

By GEORGE CHENOWETH

Tickets will be offered for donations at this time for the annual party of the Belleville Senior Citizens Club, Inc. The capable committee of Harry Reynolds, Frances DiMiceli, Evelyn Phillips, Lou Buono and Joe DeFabbio have progressed with their plans and if everything works out, we should have the usual good time. We have quite a few members who are delinquent in paying their dues, pay up and remain in good standing so that you may take advantage of our many discounted affairs. The club will reach a milestone this week when we expect to sign up our one thousandth member. From meager beginnings by a dedicated few almost 4 years ago we have grown to be one of the largest, if not the largest, senior citizens club in the county. We will celebrate our successes at the annual party on October 24th at the Meadowbrook.

The Belleville Retired Men's Club is inviting new applicants to join. The fall season is well underway and recently retired as well as more senior members are needed. The club meets every Wednesday at 9:30 a.m. at the Fewsmith Memorial Church, 444 Union Ave. It's not too good to stay home and not meeting your friends is a much better bet.

See you at the meeting, we'll make you feel welcome! We spent a morning at Morven with Governor Byrne last Wednesday. There were about 40 senior leaders from around the state present. We were being wooed, we realized, to work for the governor in his coming campaign for reelection. All of the good things that the Governor has done for the senior population of the state were outlined and explained. We will not fault the Governor for any boons or blessings that he has advocated for legislation for we seniors, nor will we find fault with his opposition at this time. We are not too familiar with the policy of this paper regarding it's writers opinions on matters politic. Our own personal feelings surely could stand some exposure and we will not be bashful in letting it be known as to which side of the fence we are on when the opportune moment presents itself. We listened to an expert on voter registration and we were urged to uphold our reputation as seniors in regards to numbers voting on election day. Over 62 per cent of eligible seniors voted in the last national election as against 47 per cent of all other segments of eligible voters. It is becoming more apparent that seniors are exercising their rights in shaping their own destiny and the destiny of all Americans.

## Pre-school program has some openings

Openings are still available in the Belleville Pre-School Play Program, it was recently announced.

The program, for four year olds, consists of stories, games, songs, art, outside play and occasional holiday parties especially designed for the pre-schooler.

The openings are in the afternoon session from 12:45 to 2:45 p.m. Classes are limited to 25 students.

Mothers of the children serve one "duty" day every nine days in accordance with a prearranged schedule. Cost of the 15-week session is \$27.

The school is slated to begin, under the direction of Patricia Nigro, the latter part of the month.

Further information may be obtained by calling the Belleville Recreation Department 759-3142.

## Sen. Williams sets deadline for applicants to academies

## Happy ending

This week School Board members Lawrence Schwartz and Ralph Risoli dropped charges they filed against each other a week ago. In taking this action, they served the best interests of themselves, school children of our community, and the name of our town.

We have said it before — and we say it again — Belleville governing bodies are accustomed to emotional outbursts. This occurs at Town Commission meetings, at School Board meetings, and occasionally at meetings of the Board of Adjustment. One of the reasons these situations arise is due to the intense dedication of public officials to the community's interests. Sometimes they forget

their culture and their manners and let emotion take over. This behavior is understandable and excusable.

All School Board members can take a lesson from the recent past and mind their future p's and q's before they speak out or become involved in an argument. In the final analysis, not only does it take two to tango, but it also takes two to argue. Board members can and should disagree at times, but they can disagree without being disagreeable. This philosophy is key to the future harmony of our Board of Education.

## Retirement at 68

Recently Commerce Secretary Juanita Krebs discussed the money-saving possibility of withholding payment of full Social Security benefits until recipients reach age 68.

Juanita Krebs states the objective would be to ease the financial strain on the nation's pension system.

To begin with, the Social Security benefit program is a fraud upon the nation's retirees. When the system was adopted more than forty years ago, the nation was led to believe the average working man and woman could look forward to age 65 with confidence that his or her financial responsibilities would be fully covered by Social Security benefits paid by the federal government but contributed to by employee and employer. Well, as it turns out Social Security is not social security at all. In fact, were one to rely upon Social Security benefits solely, even the poverty level would be luxurious living.

Let's face facts as they are. One cannot retire on the present scale of Social Security pension benefits and expect to keep food on the table, a roof over her or his head, clothes on the frail body, and meet the obligations of health care and medical bills. And now comes this yo-yo, Juanita Krebs talking about easing the financial strain on the nation's pension system. What she should be talking about is in-

creasing the benefits from our system to our senior citizens who, earlier in life, assumed the American dollar was going to be worth a full dollar. Inflation has taken its toll of the American dollar and while senior citizens paid into the system dollars that were worth one hundred cents, they are now receiving dollars that are worth only fifty cents.

Is this the way to treat the people of our nation who have given all the good years of their lives to make America the leading producing nation of the world? We don't think so.

Our senior citizens for the most part were from the old school who gave an honest day's work in return for somewhat lower-than-fair wages. The least these people are entitled to is their dignity and self-respect. We fail to meet that goal when we do not provide them with the Social Security benefits that will permit them to meet their financial responsibilities at the twilight of their existence.

We believe Juanita Krebs should go back to her study and come up with a program that will provide more benefits and not a weird payment deferral plan which will all but destroy the concept of Social Security retirement for the working man and woman.

## Belated welcome to Father Horgan

ALMOST EVERY post office is criticized by citizens all over the country — more so in metropolitan areas like the greater Newark area. Once in a while evidence comes to the fore which suggests taxpayers are better served by the post office than they really think they are.

Three weeks ago I received with THE NUTLEY SUN's mail a post card from Ireland addressed to "Big Bill." Having received the card, one would wonder "Who is 'Big Bill'?" "Big Bill" turned out to be Bill Searle.

Recently we received a piece of correspondence from Joe Benucci, Manager of the Newark Sectional Center of the U.S. Post Office. It is worthwhile giving it the space it requires in order to give our readers another dimension of the efficiency at the Newark Post Office under the management of Joe Benucci, who has been cited many times for national awards because of his competence in handling the affairs of the post office in North Jersey.

"We of the Newark Sectional Center know you to be a fair and exacting individual. When we are in error, you say so. And, when we do just a bit more than we are required to do, you do not hesitate to say so.

I just thought it would be of interest to you to see the extra bit of attention that is required sometimes in order to effectuate service.

I have enclosed photostatic copies of two letters delivered recently in your town.

The first letter was addressed to Debbie Corth, c/o Mrs. Glass, Alexander Avenue, Nutley, N.J. 07110 — not street address. The letter was returned to Yellow Springs, Ohio for a "better address." The better address forwarded was place on the envelope. "The grey house with the red door." The letter was delivered the same day.

I also had one addressed to "Marie" (little gray haired lady) in Apt. 1A, Garden Apts. just across from Main Fire Station — Nutley, N.J. 07110 — and on the side of the envelope was a plea to the effect, "Postman: Important, please ask the super for help in delivering this letter."

This letter, too, was delivered the same day.

Thank you for your continued interest in the Postal Service."

A BELATED welcome to Father Horgan at St. Mary's Church. Shortly after his appointment, Father Horgan mailed a get-acquainted letter to parishioners of St. Mary's which we enjoyed reading and is worthwhile sharing with our readers.

"May I impose on your busy schedule and ask that you take the time to read this letter? I am Father Horgan, your recently appointed Pastor. I come to St. Mary's well aware of your reputation of loyalty and interest in all that affects your parish. It is my hope together with my associates Father Carlson, also newly arrived, and Father Dan, to continue this tradition of enthusiasm

for all that is authentically Christian. I promise to do my part to develop a sense of Family here at St. Mary's where all are welcome, and where the presence of Christ makes unity and fellowship possible even in the midst of diversity.

I assure you that all will be done to develop a program of fiscal responsibility. Your hard earned contributions to your parish are a sacred trust and are never to be treated in a cavalier manner.

Total parish education will be a high priority. Together with your Parish Council, educational needs must be clearly identified, goals and objectives must be established which are simultaneously realistic and creative. Programs to this end must be designed carefully, conducted efficiently and evaluated honestly (from TO TEACH AS JESUS DID).

Our older parishioner need the care and concern of all. Their spiritual needs will be uppermost in our allocation of time and effort. They have done their part over the years and now they look to us for the same kind of generosity. Pray that you and I do not fail them.

The youth of the parish need to discover the meaning of a faith filled life and personal commitment. Programs to this end deserve the support and encouragement of the entire parish. Work in this area must continue.

"How do a people — a parish — become all that God wants them to be? Can we become a THINKING, LEARNING, PRAYING AND WORKING parish? This would be a worthy goal for a person to achieve in a lifetime of effort. Is it possible for 3,500 families? With God all things are possible — after all He is saving you and me.

I ask you for trust, good will, and a generous heart. Support your parish and the church universal by your willingness to work and to give financial support when you are called on to do so.

There is so much more to say and we will be in touch soon again. Please introduce yourself when we meet. Sometimes a few minutes of conversation can give encouragement to all of us and bring a little joy to life.

Thank you for reading this letter. God bless you.

Ed Burke said it all when he observed, "The only thing necessary for the triumph of evil is for the good men to do nothing." So all of you out there join somebody's campaign and get out the vote for the November election.

A SCENE from the past — I was 24; my kid brother was 15. Where and when I do not remember — although for sure I know it was not Chicago. Pictured below am I and my brother Carmen back when.

THE LEAGUE of Women Voters in Nutley is entitled to a thank you from Nutley taxpayers for its educational pamphlet covering a study of the municipal budget entitled "Please see 'Flight' on page 10."

## Golden Comments

By James R. Golden

White House spokesmen poo-poo and attempt to dismiss the contention of the state attorneys general of Iowa, Indiana, Idaho and Louisiana that it is unconstitutional to give the Panama Canal in the fashion of having the President sign a treaty and making it binding and legal if approved by a two-thirds vote of the Senate.

Most of the newspapers also seem to give what impression to their readers; however, if we take the time to look up the basic law of the land, the United States Constitution, under Article IV, Sec. 3 we will find that these aforementioned learned attorneys general are one hundred per cent right when they say the ONLY Congress, that means both houses of the Congress, has the power to dispose of the canal.

The constitution reads verbatim from the above mentioned Article: The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States; and nothing in this Constitution shall be so construed as to prejudice any claims of the United States, or of any particular State.

That's it. It's clearly plain that this unpopular Carter "give away" is being attempted in an unconstitutional manner. The Panama Canal is our property, like Ronald Reagan says, "We bought it. We paid for it and we built it! Why should we give it up under threats of a 'banana state' dictator? Our veteran groups oppose it as well as most of our influential U.S. Senators. It is doubtful Carter could muster the required two-third vote in the Senate anyway.

Under any circumstances it is obvious that only the Congress (both houses) has the constitutional right to dispose of the Panama Canal. Any circuitous political maneuvering to circumvent this constitutional requirement by President Carter could possibly institute a move for his impeachment.

Congress in back in session and we can't urge too strongly that a keen eye be kept upon their doings, especially in regards to Carter's crude-oil tax proposal. As passed by the House \$30 billion in crude-oil taxes is expected to accumulate by 1985.

Energy Secretary Schlesinger calls this tax the "centerpiece" of the Carter plan. The tax, which would raise domestic oil now averaging around \$8 a barrel, to the \$13.50 world price over the next three years and would add 8 cents a gallon to gasoline and heating oil prices by 1981. I don't like that. Do you?

The AFL-CIO is strongly against it because of the impact it would have on consumers and jobs. The Teamsters don't want it because of the price increases in diesel oil — the same kind you use in your oil burner.

A California gentleman in a letter to TIME said it best about Expensive Experts. He wrote: Big business gets bigger. Now we have a Department of Energy (Aug. 15) with a first year's budget of \$10.5 billion (sure to increase in years ahead). That comes to some \$48 for every man, woman and child in the country. Perhaps from would be a better word than for. If that seems like a lot, think of it as enough to buy more than 800 million barrels of oil at \$13 per bbl.

And for all the ballyhoo and expense, DOE will not find, produce or refine a single drop — the fella got it right.

Republican National Chairman William Brock has charged that members of the House Marine and Fisheries Committee were "deliberately denied vital information," which showed that the bill President Carter "pushed" in Congress to require that more oil be carried by American ships would raise the nation's fuel bill by at least \$240 million a year.

The General Accounting Office report projecting costs of the bill, Brock charges were available four days before the committee held its vote, but were not presented to the members. All this adds up to higher fuel prices this Winter.

## Pet responsibility week

The Pet Food Institute, representing major pet food manufacturers, has designated Sept. 18 to 24 as Pet Responsibility Week.

The organization notes that pets have a valid purpose in society. They are companions and often a source of psychological support. They provide leisure-time activities and serve as protection.

Human frailties being what they are, among us we will find a number of irresponsible owners who permit their pets to cause social and environmental problems, that is, many of our parklands end up being animal waste lands — fouling up the grounds and interfering with the use of such facilities. Noise and damage from free-roaming animals cause unrest among our

society.

To a pet lover, an animal is a member of the family. This dimension of the language of love, unfortunately, is not perceived by many among our society.

When one goes through life not appreciating the love a pet can give to an owner, she or he misses a valuable piece of life's experience.

## Guarino tackles new assignment

Vito Guarino, son of Mr. and Mrs. Vito Guarino, 22 Mary St., a sophomore at Moravian College, Pa., has recently been moved from tackle to guard on the offensive line of the Greyhound football squad.

A graduate of Belleville High, Guarino has lettered as a freshman last year and was named to the Eastern College Athletic Conference team for his play in Moravian's 40-0 victory against Johns Hopkins University.

Moravian mentor Coach Ed Little expects the 5-10 200-pound Guarino to be "a major asset on the line."

The Greyhounds posted a 7-2 mark last season establishing 11 team and four individual records.

Moravian is slated to play a nine game Middle Atlantic Conference schedule which opens Saturday, September 17, versus Dickinson College, Carlisle, Pa.

September 18-24 is National Pet Responsibility Week and the Associated Humane Societies of Newark, the dog wardens for Nutley and Belleville, give three simple rules to make every week pet responsibility week.

First, spay your female pet and notice the simple operation results in a better pet. Also, a spayed pet does not create a problem for the community.

Secondly, avoid heartbreak for you and your pet by buying an identification tag immediately when you take a pet into your home and when it is time to purchase a town license (if your pet is a dog), put the tag on the collar, too, for additional protection.

Third, since a pet should be treated all his life as if he is a three-year old child, show the pet love, exercise him and give him daily companionship. It is not enough just to feed a dog. In addition to good food, water and medical treatment when needed, all pets, like humans, thrive on TLC (tender loving care).

It is cowardly, cruel, shocking and illegal to abandon an animal. If you can't keep an animal, call the Associated Humane at 243-5060.

# Belleville fire probe results are coming early next week

Results of an investigation into a fire that destroyed two Belleville businesses will be released the beginning of next week, Capt. Edward Dunleavy of the Belleville Fire Department said.

Dunleavy said he was finalizing the report this week, and no information is official yet. He added that the state police have been helping Belleville with the investigation.

The fire, which occurred

September 2 around 6:30 p.m., destroyed the R & L Draisin Warehouse on Main St. and the On-The-Spot Trucking Company next door to the warehouse.

Four firemen were injured while fighting the general alarm blaze, along with one member, Greg Delmott, of the Belleville Auxiliary Police.

Seventy-five firemen from Belleville and two Newark companies responded to the call for assistance, with fire companies in Nutley and Bloomfield backing them up.

Three units of the Belleville Auxiliary Police were at the scene of the fire, plus volunteers from the Salvation Army and the Belleville Chapter of the American Red Cross.

Dunleavy noted that the fire was

under control within an hour after it was reported. The cause of the blaze remains undetermined until after the official report is released next week.

"YOUR KEY TO THE MUNICIPAL BUDGET" It is a nine-page condensation of a study that took a year and many hours of dedicated work from League members. It was all done in the public interest to give taxpayers a better understanding of the town budget document.

WITH THE GOING OF Labor Day, the political season is upon us, and with it we heard someone speak of a public official as follows: "With someone like him in the Legislature, we can understand why they have chaplain there — to pray for our state."

Then there is the public official who has a portrait of himself in his office, but is the public official who has a portrait of himself in his office, but it is not a true resemblance. He is shown with his hand in his pocket.

Recently a defeated candidate told a friend that he was defeated because of his youth. His friend observed, "But you are over sixty years, and your youth is spent." Came back the reply, "That's the trouble. They found out how I spent it."

Biologists claim there is not a perfect man on the entire globe. Well, apparently they haven't read some of the campaign literature floating around.

I know a fellow who is so convincing that before his first session with the psychiatrist was over, the psychiatrist got on the couch.

And you know the fellow who, in offering candy to his girlfriend, said "Sweetie to the Sweet." She thanked him and asked, "Won't you have some of these nuts?"

**RANDOM THOUGHTS** — Character is the sum total of decisions one makes for oneself. A person who does not understand another's silences will not understand his words either. Promotion is two-thirds motion. God does not grant half a pardon. There is nothing so bad that is couldn't be worse. There is little that time will not mend, and troubles, no matter how quickly they come, eventually will come to an end. Ask always "Is there a better way?"

## Most motorists in poll say 55 speed limit is good idea

Members of the American Automobile Association want gasoline tax money to go to highway construction and repair, think the 55 mph speed limit should be continued, are divided on mandatory use of seat belts, oppose mandatory installation of air bags but are willing to pay \$50 or more for a passive restraint system.

These and other views are the results of a survey conducted for AAA by Benson & Benson Inc., a Princeton polling and research firm.

The mail survey results were announced by Matthew J. Derham, president of the New Jersey Automobile Club (AAA). Derham said the poll was a scientifically random sample of AAA's master members, or those who hold membership singly or whose names appear first on the list of family members. Sixty-three per cent of the respondents were male and their median age was 52.

The local AAA executive cited these highlights of the survey responses.

Speed limits. "Seventy-two per cent of the respondents said they felt that most people do not obey the 55 mph speed limit, which is consistent with speed checks," Derham noted, "but 69 per cent said that the 55 mph speed limit should be continued."

## Defensemen shine as gridders prime

By MIKE COREY

A big experienced Ridgewood 11 in-graded BHS stadium Saturday to lineup against the Blue-Gold football squad in the first preseason match of the year.

The Bellboys were slated to continue fine tuning with a confrontation against West Essex yesterday and have a final exhibition, before the regular season gun sounds, versus Columbia in Cougar territory Saturday.

Belleville opens the 1977 gridiron year in Livingston Saturday, September 24. The Times/News will carry a complete schedule of high school sports events in next week's issue.

"We made many offensive mistakes which is common at this early stage of the year," said Belleville head coach John Senesky commenting on the club's first scrimmage session. "Defenses are usually way out in front of offenses but all things considered we did a fairly good job."

Defensively the veteran Ridgewood squad, made up of a plethora of seniors, applied maximum pressure to the young Blue-Gold offense.

"We were impressed with our kids conditioning," said Coach Senesky. "Their attitude was excellent. They hustled and their organization and huddle discipline was good. These are things which in the early going are sometimes

more important than actual performance."

The Bellboy helmets pointed out, however, his players did make errors of execution particularly in tackling and blocking.

"The players realize they made a lot of mistakes but we told them they're the kind of mistakes which are correctable with hard work and practice," said the coach.

The Belleville brain trust admitted it was chiefly concerned with whether the players know who to block.

"We traditionally have tough kids here in Belleville," said the Blue-Gold

coach. "It's just a question of channeling this toughness by teaching the proper execution and the athletes learning their assignments."

Belleville attempted to give all its players a shot in the Ridgewood scrimmage to see how each would react in a game situation and allow the coaching staff the opportunity to determine who fits where.

"Our first concern is the players know where to go in certain situations," said Senesky. "Many times our players were in the right position but just missed a tackle or a block. These are the things we

## Booters blank Pirates, 3-0

Recording its first shutout in the history of soccer at Belleville High, the Blue-Gold booters primed for tomorrow's season opener by blanking Seton Hall, 3-0, in a preseason scrimmage Monday.

The Bellboys kick-off the 1977 year against Orange Friday afternoon at home and host Montclair Tuesday before traveling to Newark to meet St. Benedict's Wednesday.

"Monday's outcome has to be a plus," stated Bellboy coach Tony Cahill. "We were most concerned about our defense at the beginning of the season. Offensively we feel we have the skill if not the size to match up with other schools."

Belleville's preseason contest was a fast paced affair with Coach Cahill shuffling players in and out of the lineup in order to get a good look at the squad under game conditions.

"We weren't as aggressive as we needed to be in the first quarter," stated the Belleville coach. "After a few position changes, however, we were able to score some goals."

After a scoreless initial period of end to end action, Belleville broke the ice of the exhibition with a goal midway into the second quarter.

Center forward Mike Licameli took a shot on net which was deflected by the Pirate goalie. Galo Calvache, from his inside forward position, took advantage of the hard rebounding shot, punching the ball home to give the Bellboys the early lead.

The third quarter proved to be almost a carbon copy of the first as the ball sawawed from one end to the other.

Bellboy Joe Coscarelli, utilizing his speed, gave the home team some breathing room in the final period by knocking in a pair of unassisted goals on two deflections by Pirate defensemen.

Coach Cahill gave a lot of credit to goalies Vito Tamborrino and

## Broncos ride high with preseason win

The Belleville Bronco "Big D Machine," recovered four fumbles, one for a touchdown and allowed just nine yards rushing, to lead the club to a 19-0 exhibition game victory over Rutherford Saturday.

The Broncos are slated to open up the regular season on the road September 25 against Englewood.

The home squad's defensive end Angelo Centenni pounced on a Rutherford fumble, caused by the charging Bronco line, and scampered 32 yards to pay dirt early in the second period.

The Belleville defenseman displayed his versatility spearheading the Bronco offense attack notching 57 yards on just four carries.

Late in the second quarter Centenni took a handoff from quarterback Rob

Cancelliere and sauntered 38 yards before being stopped at the Rutherford six foot line. The Bronco back bulled his way into the end zone for the score on the very next play.

The half ended with the local grid men holding a 12 to zip advantage over the Rutherford 11.

In the third quarter the Rutherford offense was again stymied by the Belleville "D" and was forced to punt on its own 37. Bob Scucci snared the kick in front of a wall of blockers and dodged his way down the sidelines and in for a TD. Centenni powered his way across the line for the extra point to end the day's scoring.

The Bronco defense was led by Bob Brave, Phil Cerza, Dan Palumbo,

## BHS racketeers set for opener Friday

Belleville High's girls tennis team has been out on the courts and raising a racket since September 1 readying for tomorrow's season opener at home against Orange.

The Bellgirl "T" club is scheduled to begin the year with a flurry of action facing perhaps its three toughest matches next week versus Montclair Monday, Caldwell Tuesday and Columbia Friday.

"Although Orange didn't have a girls team last year," stated the Blue-Gold's racket chieftain Karen Fucello. "Some of the girls did play on the boys squad and we expect them to be very competitive."

All but three of last season's Bellgirl tennis team, which posted a 2-7 mark in its first season of existence at BHS, will be back on the courts for the Blue-Gold. "We are still in the process of rebuilding," said Coach Fucello. "But the girls have worked hard on their individual games over the summer and everybody has come back stronger. Other teams however, have a lot of seasoned veterans so we still have a long way to go."

The Bellgirls singles '77 entry shapes up to be senior Patty Connelly, juniors Toni Sperduto, LuAnn Graffeo and Donna Fantacone along with the possibility of freshman Carolann Salerno.

The Blue-Gold doubles line rounds out with senior Karen Sciacca and juniors Peggy Gilday, Tina Ogilvie, Sue Klein, Lenora Siubis, Suzanne Reiman and Denise Juliano.

"This week we are in the process of playoffs in order to finalize a starting

lineup," said the coach Monday morning. "We're still waiting to see how many more ninth graders will be coming out for the team."

In the early going of this year's tennis season the main problem for the Belleville court women is getting enough practice

## Runners ready as season nears

Over the proverbial hill and dale the cinder men and women of Belleville High have been preparing for the opening of the cross country track season set for September 23 in West Caldwell.

According to Bellboy coach Rich Ruffalo this year's turnout for the running squad is about the same as in the past with 13 athletes slated to compete for the Blue-Gold.

The team, which consists of mostly sophomores and junior, will have a pair of experienced runners on the track including seniors Sue Smith and Niten Chitnis.

"We're still basically trying to get into shape," stated the Belleville cross country mentor. "So far we look pretty good but it's really too early to tell."

It's not too late for anyone in either the junior high or at BHS who would still like to join the team, pointed out Ruffalo.

"All they have to do is come up to Belleville Park at 3 p.m. with written permission from their parents and doctor stating they can compete," said the Bellboy track coach.

### Slash Dash

Blue-Gold quarterback candidate Ed Aulisi finds very little scrambling room during the Bellboys first scrimmage of the season against Ridgewood Saturday. The local gridiron club opens the season at Livingston September 24.

### Beer Pitcher

Town Cottage hurler Tommy Dimondica wings a high arc special toward the plate at Sunday's championship playoff finale at Belleville Park. The local softball club edged the Nutley Pub with a dramatic extra inning win, 9-8.

### Happy Hour

Members of Belleville's Town Cottage family proudly display the championship trophy. Pictured, left-right, are Pat and Millie McCabe, owners of the Town Cottage; Joe Purcell; Joe Weiner, manager; John Hopkins, league president, and playing-coaches Bobby DeRosa and Tommy Little.

**Defensive Pursuit** • Belleville linebacker Mauro Tucci, 55, closes in on a Ridgewood running back in the open field during Saturday's scrimmage at BHS stadium. More than 150 Blue-Gold fans turned out to have a look at Coach John Senesky's club in its first head-to-head confrontation of the year.

have to work on."

The Bellboys' Saturday utilized just one series of the offense which it plans to use versus Livingston in two weeks in order for the coaches to give the Belleville backfield a good look.

"We intend to add more to it once we determine who the varsity ball players are going to be," stated Coach Senesky.

Junior quarterback Jerry Fazzino, who has had some varsity experience, was forced to sit out Saturday's scrimmage due to some bruised ribs. He was, however, expected to see action in yesterday's preseason contest.

"We are looking forward to seeing him in a scrimmage but rather than take a chance of having him injure himself more seriously we decided to rest him Saturday," explained the coach.

Belleville players have been learning two positions during the first two weeks of practice. The Blue-Gold coaches would like to field two separate squads on opening day, on defense and offense, rather than have anyone-player going both ways.

"With what we lack in size," stated the coach, "We feel we can make up for in stamina if we use fresh people on the offensive, defensive and specialty teams and with our players learning two positions

substitutions can be made more easily."

The "Big D," was the main forte of the Blue-Gold Saturday against the group four power house, Ridgewood used three tall strong quarterbacks who coach Senesky described as, "definite college material."

The Belleville defensive squad held its own against the larger club but the majority of the morning and afternoon scrimmage was spent on just getting the basics of the newly installed system down.

The Bellboy "D", although basically simple, has a multiple look using a variety of stunts and blitzes.

"For instance West Essex uses a double slot formation with a pair of wide split ends and two halfbacks in the slots," diagramed the Blue-Gold coach. "They can have four men going out for a pass so we must use four deep secondary coverage."

The preseason is rapidly closing as the Belleville team hastens to prepare for September 24. The Blue-Gold had only nine days to prepare for its first scrimmage, two days to prime of yesterdays and two to get ready for Columbia.

"We're trying to treat each scrimmage as if it were an actual game,"

stated the coach.

By Saturday the Bellboy coaching staff figures to have a good idea as to who will be in the starting lineup against Livingston.

The Columbia scrimmage is a crucial test," stated Senesky. "They are a big and experienced club and their coach has already predicted they will be in the state finals."

With only 13 seniors returning to the gridiron for the Blue-Gold Belleville will be suiting up a young team and will be pressing many juniors and sophomores into service.

"We feel as this club gains experience and works on its weak points it will develop confidence in itself," said the Bellboy mentor. "It's very difficult, however to teach pride, it has to come from the players themselves and this we already seem to have."

Coach Senesky pointed out one of the best ways of securing the successful future of football at Belleville is through the town's many recreation pigskin programs.

"I know the coaches involved in the various leagues," said the varsity coach. "And I'm looking forward to seeing future Blue-Gold players participating in the Belleville rec football programs."

# Bearcats make grid debut with exhibition success

Continued from page 11

Eugene Cancliere and John Bucciarelli.

The Belleville second unit playing the entire fourth period preserved the preseason victory and shutout for the Broncos.

The Bearcats made its debut on the Belleville football scene posting a 27-7 exhibition win over the Rutherford junior team.

Defense also proved to be one of the keys of the Belleville victory. After a scoreless initial quarter Bearcat defensive tackle Dave Montemary blocked a punt on the Rutherford 15 and Andy Zoppi picked up the loose pigskin. He raced into the end zone for the first score of the game.

Bronco running back Jimmy Castell galloped across the TD marker to notch the first of three extra points he would collect on the ground.

Belleville scoring drive, just before the end of the second quarter, was climaxed when quarterback Robby Hayes scampered around left end from the Rutherford five yard line for the touchdown.

Early in the second half defensive

tackle Bill Corbalis picked up a Rutherford fumble and ran 10 yards for another TD. Castell extra point rush was good and the Broncos held a 20-0 lead.

Rutherford bounced back with a score of its own last in the third period on a long pass play but the Bearcats ricocheted to score again.

Quarterback Bob Woodcock connected with end Dave DePiro with a 20-yard pass completion to bring the ball to the Rutherford two yard marker. Woodcock raced around left end to notch the last score of the ball game. Castell ran in the extra point to make the final score 27-7.

Six soccer squads will be playing in three different divisions grouped according to age.

Coaches are still needed and anyone who would like to help should contact the Rec House at 759-3142 or League Director Sam MacArthur at 759-1406.

According to the director men who's soccer is a little rusty are still encouraged to participate in the program since the Rec department plans to conduct a coaching clinic to prime the future helmsmen before they take over the reins of a club.

The '77 rec soccer season will be longer than in previous years, MacArthur reported, with the addition of a double elimination tournament at the end of the year.

## Soccer year opens against Orange

Continued from page 13  
Doug Shaw, who split the day in the nets, for the shutout as well as defensemen John Cordaro and Jeff Hageman for their part in holding The Hall's high scoring Reilly in check.

The tentative starting lineup for tomorrow's game includes senior Tamborino in goal, junior Steve Miliadous at right full back, Pat Leonidis in left full back or right wing and senior sweeper John Cordaro.

Sophomore Gilo Calvache is slated to open at inside forward and junior Rudy Sabiano at center half position. Sophomore Jeff Hageman should start at right wing forward with senior Joe Costerelli and junior Petracio Vergara on left wing. Also starting for the Blue-Gold are senior Mike Licameli and junior Ramiro Borja.

Rounding out the varsity squad are senior fullback Mark Ernest, junior goalie Doug Shaw, sophomore fullback Joe DiPallo and halfback Bob Tomaselli.

Coach Cahill added that positions and starting assignments are subject to change as the season progresses. The Blue-Gold faces its longest schedule ever, meeting 20 teams over the course of the season.

"As long as the team is healthy I'd rather play a lot of games," commented the Belleville coach. "Our biggest concern is to stay as healthy as possible. Otherwise we'll be at a disadvantage with this schedule." This season the minimum length of quarters has been increased from 15 minutes to 20 although if the game is threatened by darkness the times of the periods may be shortened.

# Musical 'Camelot' opening tomorrow at Playhouse

Practicing For Opening Night — Michael Mulcahy, who portrays King Arthur in tomorrow's opening of "Camelot," immerses himself in thought while Larry Weiner, who plays Lancelot, gazes into the distance. Musical opens tomorrow in the Playhouse at 28 Brookline Ave.

Family Playhouse opens its fourth season tomorrow with the award-winning musical "Camelot." Show time is 8 p.m. in the Playhouse theater, 28 Brookline Ave.

"Camelot" will run for nine performances, beginning tomorrow and ending October 2. The musical will be presented Fridays and Saturdays at 8 p.m. and Sundays at 3 p.m. Tickets for the musical are priced at \$3.50 and \$4 with special rates for students and senior citizens. Group rates also are available and by be acquired through the theater box office.

"Camelot" abounds in love, magic and beauty. It is the story of King Arthur and the Knights of the Round Table. The tale of Guinevere, Arthur's queen, and the story of her love for the king's best friend, Lancelot, are both related throughout the musical.

The cast includes newcomer Michael Mulcahy as Arthur; another newcomer, Larry Weiner, as Lancelot; Helen Steblecki as Guinevere, and David Westin as Mordred.

Belleville's Dennis Faenza and Nutley's Jane Malizia will appear in the chorus. The musical is directed by Bob O'Hare and includes songs like "If Ever I Would Leave You," "How To Handle A Woman" and "The Lusty Month of May."
