

Candidate For Election

C. Miele Outlines Platform

Charles Miele, a first-time candidate for the Belleville Board of Education, this week outlined his platform for the coming campaign. In a press release to the Times-News he outlined basic objectives and goals he would like to reach should he be elected.

Miele of 60 Mt. Prospect Avenue is manager of purchasing for Matheson Gas Products in East Rutherford. Educated in the Newark School System, he moved to

Belleville 17 years ago. He is married to the former Phyllis Domenick and the couple has three children, all attending school in the Belleville System.

The press release follows: The basic objective of an education or training is to better life. It's purpose is twofold, (1) to help the student discover, develop, and utilize his capabilities to the fullest, (2) to equip him to live harmoniously and co-operatively with himself and

others in a democratic society.

GOALS must be set in order to educate and train individuals so they can live together in an open, free complex society and yet attain maximum self fulfillment. The demands for a more effective education are very pressing. They come from our government, from industry, from employers and from parents whose hopes must be satisfied.

What, then is wrong?

An evaluation of educational programs discloses many facets among which are OBJECTIVES, TIMING, PROCEDURE, EVALUATION AND FOLLOW-UP.

Old adults take change calmly whereas today's young adults sense only the speeding pace of our time.

Memorial Set

Friends and residents in the Belleville area are invited to participate in the Memorial. Inquiries and donations may be directed to Rosario R. Gambino, Livingston High School, Memorial Park Drive, Livingston, New Jersey 07039.

Currently, the David Jananore Memorial Fund has over \$200 which organizers hope to give in the form of a scholarship to a deserving student at Livingston High School this June and for as many years to come as possible.

Vincent S. Granese: Ex-Florida Golf Pro

Vincent S. Granese, former Belleville resident and golf pro who started his career at Forest Hill Field Club, died December 31 in Clearwater, Fla. He was 56.

Born in Belleville, Mr. Granese lived here 44 years moving to Florida to take a position as manager and instructor at Fair Grounds Range and Pro Shop, Largo, in 1959. At Forest Hill he was a shop boy.

Mr. Granese is survived by his wife, Louise; two sons, Vincent and Tony of Clearwater; four brothers, Joseph, Bart and Dominick, all of Belleville, and Nick of Newark; seven sisters, Mrs. Ted Serrarella, Mrs. Augie Mag-

Christian Unity Service Planned

(Continued from Page 1)

Stone of Fewsmith Memorial Church, the Rev. Richard Groncki of St. Peter's Church and the Rev. Howard Day of Montgomery Presbyterian Church.

It is the fourth consecutive year for the special worship and representatives of all the churches in Belleville participate in the service. Last year over 600 persons attended and the organizers believe this year will see one of the biggest turnouts ever.

"The service is run in conjunction with a week of prayer for Christian unity," remarked Rev. Alsapach.

Father Groncki describes the event as "a festive celebration with a procession for the uniting of all Christian faiths."

Again this year, the Belleville Ministerium hopes to enlist the services of the Belleville High School Band under the direction of Robert

Wing. Organizers would like to have a brass ensemble consisting of high school students participating in the service.

Guest speaker will be the Rev. Dr. Harold Albert, professor of homiletics at the Lutheran Seminary of Philadelphia. Dr. Albert is considered an expert in lessons and sermons.

The reason truth makes such slow progress is that it's in competition with pretense.

# School Board President L. Back Lists Objectives

This week, Leonard Back, current president of the School Board running for re-election, listed his objectives for the coming year and told voters of his accomplishments during his term in office.

The candidate's press release follows:

Leonard Back, president, Belleville Board of Education, in discussing his candidacy for re-election to a second term, looked back on his objectives when elected three years ago.

Back said it was his personal aim at that time to have the Board concern itself in efforts to:

1. Avoid the type of upheaval then occurring in other

school systems within the state and the country.

2. Ascertain and deal with the most significant problems in the Belleville educational system.

3. Keep the spiraling costs of education under tighter control to ease the burden of the taxpayer.

4. Develop a relationship with town officials both to help Belleville's public image and to enable mutually sponsored efforts in the best interests of all Belleville citizens.

"These objectives," Back added, "have been largely realized. The Board of Education generally has maintained a good relationship with its staff and students; there is a spirit of cooperation. A. R. U-

gers survey was undertaken to define the major school building problems, not just what they are today, but what

they will be through the year 1980. Costs of operating the schools which were increasing at an annual rate of about

taxpayers resistance, and unless educators commence to show some awareness then we are on a collision course with our children the real losers."

So said Board of Education candidate Mrs. Josephine Izzo this week. To support these positions Mrs. Izzo called County Superintendent Simeon Moss for the names of schools in this area who had similar problems.

She clarifies her position in the following press release. Let's set the record straight. "I think the schools would be better utilized if they were run for six or seven hours per day. I am for the good kind of planning which is best suited to take care of the over-crowding without another 2 or 3 million dollar expenditure. Split, staggered, over-lapping or even double sessions, the nomenclature is inconsequential if it provides an economical and sound solution I will support."

The recent court decisions declaring the property tax unconstitutional is hardening

15% were successfully curtailed to 11% last year and could be significantly less this year. The Board does have a

Mr. Moss listed Barringer, Irvington and Montclair High. During the conversation Mr. Moss observed, "besides the obvious economical benefits and from a vocational standpoint split sessions are educationally sound."

At Barringer, planning, they have adopted an eleven period day. He even went as far as to offer to do our scheduling for us for a fee.

## Mrs. Izzo Clarifies Her Campaign Posture

## Sr. High School Assn. To Meet

An important meeting of the newly-formed Home and School Association of Belleville Senior High School will be held on January 19 at 8 P.M.

nior High Fellowship Memorial Presbyterian Church and Wesley United Methodist Church, under the direction of Mr. John Nesbitt.

The youth groups purpose at this meeting is to explain the budget and show the great need for its acceptance this year. Anyone interested is cordially invited to attend this extremely important meeting.

## Guidance Counselor To State Committee

William Kennelly, a guidance counselor at Belleville Junior High School has been appointed to a statewide committee by the New Jersey Education Assn.

Kennelly's appointment is to the Constitution Review Committee, which reviews such changes as might be advisable in the N.J.E.A. Constitution and By-Laws as a result of unified membership

and the establishment of New Jersey's plan for Uniserv staffing. It will review and coordinate a number of suggestions that have been made by N.J.E.A. members, from N.J.E.A. committees and in the Delegate Assembly.

Warren Cummings of Newton, N.J.E.A.'s president, announced the appointment today. Kennelly will serve a one-year term.

## The New Legislature

The 195th Legislature convened in Trenton Tuesday amid all kinds of prognostications that Governor William Cahill will be in serious trouble during the next two years because the Democratic Party holds 50% of the seats in the Lower House.

We do not see it that way. On the whole the Democratic Party has been a Party of responsibility and history. How Democrats have cooperated with Republican Governors. There is no reason to believe the Democrats in the current Legislature will act with less responsibility than their predecessors in the past Legislature. Governor William Cahill is a reasonable man. He is an experienced, professional politician. He knows from time to time Democrats must give out with oratory for purely partisan purposes. So do the Republicans.

Governor Cahill also knows that when the chips are down and meaningful legislation for the benefit of New Jersey citizens becomes a prime consideration, both Democrats and Republicans will act with the kind of responsibility which has maintained New Jersey as a two party state.

Essex County is fortunate to have a good delegation to represent it in Trenton. On the Senate side there are two veteran Republicans, Michael Giuliano and Jim Wallwork, both of whom can be relied upon to continue acting as responsible representatives from New Jersey's greatest county. They are joined by three Democrats, Senators Wynona Lipman, Ralph DeRose and Francis Dodd. All three are experienced and responsible. Both Democrats and Republicans can be relied upon to do what is best for Essex County. No doubt during their two-year

tenure in Trenton they will be required occasionally to give expression to partisan political measures. This is normal and not unexpected.

As for the members of the New Jersey Assembly, there are four Republicans and six Democrats from Essex County.

While a partisan Republican would prefer to see five Republican Senators and ten Republican Assemblymen, the perceptive observer will conclude that the Assembly delegation is a reasonably good one even though both major parties are represented. Based upon the individual records, we can expect the Assembly members representing Essex to act in Trenton for the best interests of Essex.

In the new Assembly delegation we are especially pleased to see brother Carl take his seat along with Assemblyman John Dennis to represent the citizens of Belleville, Nutley, Bloomfield, Glen Ridge, Montclair and Verona in Trenton. We know Carl somewhat longer and better than our knowledge of and association with John Dennis. However we know them both well enough and long enough to feel confident they will give us a superb representation at the State Capitol.

The better and more responsible the new Legislature acts, the better off will be our great state and the citizens who reside in Essex County and New Jersey.

## The Youth Vote

Much has been heard in recent years about the youth vote. In many cases the youth vote is considered the student vote. But this is far from an accurate picture; the youth vote, as a whole, is traditionally not as far left as the college student vote.

There are an estimated 11 million Americans between the ages of 18 and 21—the newly enfranchised youth vote. But this number, some 7 million do not attend college. Many are working, many housewives, etc.

Television often gives the impression militants and revolutionaries represent the majority of today's youth, a distorted picture. There are militants and revolution-

aries in today's 18-21 age group but they are in a minority and probably decreasing. Recent samplings indicate today's youth only slightly to the left of their parents, politically speaking the normal trend of recent decades.

Thus the youth vote, on which certain presidential candidates currently count heavily, is a somewhat iffy vote. Moreover, no candidate in 1971 enjoys the enthusiastic or mass backing which both Eugene McCarthy and the late Robert Kennedy enjoyed in 1968. The 1972 election, therefore, is not likely to be determined by the youth vote anymore than by several other voter groups.

# Attorney General Views Hazards On Route 21

By Elaine Auerbach

One Year Ago

Mayor Ken Smith said he had the personal assurance of State Attorney General George F. Kugler that safety hazards on Route 21 would receive "urgent and immediate attention." Smith met with Kugler in Trenton and according to the Mayor, the Attorney General said that he would see to it that a state safety engineer would visit Belleville and initiate some action on the hazardous roadway.

Belleville High School Athletic Director Herman Wishe announced that the Belleville would play Lynbrook High School, a new rival, in the season's one-up, on Thanksgiving Day in 1971. Orange High, the traditional Turkey-Day rival for 16 years, was to be moved to the sixth game slot, replacing Garfield. The Garfield squad had joined a new football conference and had not renewed its contract with Belleville.

Five Year Ago

The newly organized Police Department got underway with the promotion of six police officers during brief ceremonies at Town Hall. Promoted to Captains were Frank Hight, David Waddell and John McNish, all of whom meant a hike of between \$7,000 and \$80,000, according to James R. Golden, who complained of the higher cost. Burnett said the increase was due to the cost of water supply and additional storage transmission facilities brought about by the drought that had been in existence for the previous five years.

Ten Year Ago

The contest for three seats on the Board of Education got underway, with thirteen persons in the race, several of whom presented their platforms to the public. Incumbent candidates included Michael V. Albertine, Dr. Frank DiStefano, and Dr. Joseph L. Kille. New candidates included Paul F. Bernhardt, Paul Francisco, Mrs. Norma McCool, John DiRienzo, Calvin Peck, Ted Del Cuorico, Edward L. Walcott, George Brown, Albert Guglielmo and Ralph M. Ricci.

Donna R. Jones, daughter of Mr. and Mrs. Kenneth Jones of 10 Lloyd Place, was the 1961 recipient of the "Belleville Foundation Scholar of the Year" award, according to an announcement made by Hugh D. Kille, chairman of the award committee and retired principal of Belleville High School. Miss Jones, a graduate of Belleville High, Class of 1960, received a \$500 award for attaining the highest academic standing for the 1960-61 school year among all college students sponsored by the Belleville Foundation.

Fifteen Year Ago

As an emergency measure, Mayor Isadore Padula named Eugene J. Barry, town health officer, to head the department of Public Affairs. He was appointed to succeed the late commissioner of Public Affairs, Joseph King. Padula said he selected Barry because he had served in the depart-

ment for 32 years and was thoroughly acquainted with its operation. The Mayor stated: "In deference to Commissioner King, I think it is only proper to make no permanent appointment to the post for at least 30 days."

Commissioner Kenneth Smith revealed that there was a distinct possibility that Greylock Avenue would be made into a through street from Washington Avenue to Main Street. Greylock Avenue ran from Washington Avenue to the Erie Railroad tracks where it stopped and was picked up on the other side of the track continuing down to Main Street. The Commissioner expected to be having a conference with J.R. Ober, superintendent of the Erie Railroad, regarding the construction of a public crossing and grade at the intersection.

Twenty-Five Years Ago

A petition from 33 residents in the vicinity of 58 Belmont Avenue protesting against the granting of a license to operate a chicken slaughtering house and retail store was heard by the Board of Commissioners. The residents were represented by Frank Metro, who told the Board that the protest against Patsy Paradiso, applicant for the permit to operate the market, had been filed with the health department long before the permit had been granted to Paradiso.

At the annual meeting of the Board of Directors of the Peoples National Bank and Trust Company, an extra dividend of fifty cents over and above the regular dividend of \$1 was declared. The announcement was made by B. Thomas Albright, president of the bank. Martin P. Cosgrove, president of the Cosgrove Wire Cloth Company of Ralph Street, was named to the Board of Directors of the Peoples Bank at the same time that the dividend was announced.

The Superior Metal Finishing Company of 33 Valley Street was absolved of any wrongdoing in the huge Western Electric swindle that was allegedly committed by several of the latter's employees. The announcement of the clearing of the local concern in its transactions with the WE Company was made by Deputy Attorney General Fisch of Hudson County. Joseph Vinnett, vice-president of the Superior Finishing Company, stated that the president of Western Electric had resigned shortly after he was arrested and added that he expected his company to resume their business relations with Western Electric.

Forty Years Ago

Mrs. James MacArthur of Overlook Avenue entertained her bridge club. Members were Mrs. Henry Squier, Mrs. Edgar L. Tallman, Mrs. William Wilson, Mrs. Harold Corley, Mrs. Earl Briggs, Mrs. Florence Estelle and Mrs. George Cox.

Mr. and Mrs. W. I. Suydam of Wilker Street and Mr. and Mrs. Richard Evans and children, Francis and Richard Jr., and Robert motored to Hollis, Long Island, where they were the guests of Mr. and Mrs. Walter Bullins.

Fifty Years Ago

Belleville Lodge No. 1123, B.P.O. Eels, launched plans for the building of a new \$75,000 Elks' home on the property at the northwest corner of Washington Avenue and Van Hooken Place.

Local butchers petitioned the Board of Commissioners to adopt an ordinance providing for the closing of all butcher shops on Sunday.

## Speak Up!

# Takes Affront To Comments On MacBeth

(The following was sent to the Times-News letters to the editor column and is addressed to William Hamilton, Belleville High School page coordinator-Ed.)

Dear Mr. Hamilton:

Never have I been so moved to write a letter in response to a review, as I was by yours. To be quite honest, I thought your interpretation of William Shakespeare's triumphant tragedy, Macbeth, was horrible! I seriously call into question your stating that you've read "countless hours," for usually the more time you devote to it, the more you learn to love it and recognize the true genius of Shakespeare. I received the impression that you had forced yourself to write it, and had laboured purposefully to present the play as being dull.

Perhaps I shouldn't be getting down on you, but rather on the techniques of the teachers who are supposedly presenting the material to you. If they preach it in in-hum fashion, naturally you and your fellow classmates will become bored and view the play as being tedious. Macbeth is a play bubbling with excitement and should explode in the classroom, spraying students with enthusiasm; not sleeping powder.

Allow me the liberty to point out a few things to you, and all who read this, concerning both Shakespeare and my Macbeth. I do hope you will read this, not with the idea of me being sarcastic, but rather trying to be helpful.

You stated that Shakespeare might have been "a man who never was," yet we do have some proof of his existence. It is assumed that Shakespeare was born on April 23, 1564. I use the word assumed for the parish register at Stratford recorded his baptism on April 26, and I am allowing three days which usually elapses between birth and baptism. It is also recorded in the records of the Bishop of Worcester, that he had issued a marriage license for a William Shakespeare and Anne Hathaway in November of 1582. Further proof of his having existed can be found in his death on April 23, 1616, and it being recorded along with his burial on April 25.

You state that the witches within the play also may not have actually existed, but rather only imagined. This belief is possible, however they probably did exist, but not as witches as we think of witches. Shakespeare fashioned his witches between birth and baptism. It was after simple old Elizabethan women who claimed to be in direct communication with the Devil. They could not predict the future, but merely suggest it and it would be up to the person being told his supposed future to act upon it. Though they are symbols of evil, they don't present evil for the impulse to evil must come from man alone. Note that Banquo is able to resist the witches, yet Macbeth is not.

For some strange reason, unbeknown to myself, you stated that Macbeth murdered because his wife, Lady Macbeth, had nagged him. She happens to be one of Shakespeare's finest character creations. Note that she merely helps her husband destroy the fear within himself before the crime can be executed. I admit that she does abet him in his crime, yet she neither instigates it or forces Macbeth to it; the suggestion is Macbeth's alone. Lady Macbeth is a most tragic figure, who denies herself of her own inner or natural feelings and femininity in order to aid her husband overcome his fears. It is her final awareness of what she had actually done that causes her to take her own life. Lady Macbeth was a tragic, self-sacrificing woman, and not a nagger!

Mr. Hamilton, if someone told you never to fight with someone "not born of woman," what would you do if this someone appeared and challenged you? Would you flee or fight? Note what Macbeth speaks;

".....Lay on, Macduff. And damn'd be him that first cries 'Hold, enough!' Macbeth, though he knows he will be killed by Macduff at this point, fights him anyway. You must admit that it would take much courage and self-pride to stay and fight, knowing you will not survive. I feel that you have totally overlooked this most important clue in terms of Macbeth's personality."

My point is this: Macbeth is a play, and actors ARE meant to be played. I mean, before an actor can perform in a play, he must be familiar with it, so he must read it, right? Recall if you will, the now famous lines spoken by Jacques in "As You Like It" in which he states;

"All the world's a stage, and all the men and women players."

As for being able to gain much more out of a play by seeing it performed rather than reading, again I disagree. Whether you know it or not, you have been gifted (hopefully) with the power of imagination. This power is capable of producing wonderful things, as can be witnessed in the John Lennon song, "Imagine," in this God given power to mentally stage the entire production while you read it. I can assure you that your mental performance will outdo the finest Broadway production ever. If you dislike reading something odd, you have the power to modernize it with your mind! You do have the power, so use it!

I hope I have enlightened you on some points which you merely skimmed over. I also hope that in your future readings of Shakespeare, you will take him more seriously, for though you may not think so now, he is outstanding, both in his plays and poetry. I acknowledge your wishes for a happy holiday and everlasting peace, and bestow similar blessings upon you, my friend.

Respectfully,  
Sal Mauriello

....Great people are too busy to hate.

....Most dreams never come true. But neither do the nightmares.

JOE SHANAHAN OVERHEARD an interesting conversation of a couple boys sitting next to him at the local pub. Said the first, "I hear you had your ancestry traced. Responded his friend, "Yes and it cost me \$5,000." His friend asked, "why so much?" The reply came back, "I \$2,000 for tracing and \$3,000 for having it hooked up."

ABOY'S PRAYER (Aton)

Oh God. Give me clean hands, clean words, and clean thoughts. Help me to stand for the hard right against the easy wrong. Save me from habits that harm.

Teach me to work as hard and play as fair in thy sight alone as if the whole world saw.

Forgive me when I am unkind; and help me to forgive those who are unkind to me. Keep me ready to help others at some cost to myself. Send me chances to do a little good every day, and so grow more like Christ.

MUCH HAS BEEN WRITTEN for the newspapers and much has been said on TV concerning the why's and wherefore's of American policy with respect to the Pakistan-Indian confrontation. One inescapable truth exists—Indian armies invaded East Pakistan despite the clamor at the United Nations that India was an aggressor and should withdraw its forces from East Pakistan.

By its invasion of East Pakistan, India proved the U.N. does not have the muscle to stop aggression when a big power is involved. The world knew that Soviet Russia was behind the Indian invasion and both China and the United States, the other two big powers, did not want to tangle with Russia over East Pakistan. Hence, India's invasion was successful.

We have it on good authority that President Nixon was anxious to "tilt" in favor of Pakistan because it was and is Pakistan that has been using its influence to bring about a China-United States friendship. At this critical stage in Nixon's effort to bring China into the American orbit, the President could not afford to risk the loss of Pakistani friendship. Moreover we believe the President was right—and as a master of fact not strong enough—in his condemnation of the Indian invasion of its neighbor. There was no moral basis which granted India the right to invade East Pakistan.

However, Nixon's desire to side with Pakistan was based more on his need for Pakistan as an ally to romance China than moral indignation over an invasion by Indian forces.

been in the construction business for 15 years. He is a member of the Finance Board of Plumber's Local 24 and claims to have knowledge and experience in the handling and dispensing of

monies.  
A U.S. Navy veteran and a graduate of Barringer High School, Garofalo has completed courses at Newark State Teachers College. He is presently attending Newark College of Engineering.

One of Garofalo's main interests is the guiding of children and he is active in the Little League Football and the farm team in baseball.

"I have worked with children on numerous occasions and presently, as in the past, I am working with the children of Belleville," he added.

"In the weeks ahead I will

be stressing several points that I feel will benefit the people of Belleville. I will be discussing these points at the

## New Appointment

## Rosamilia Named To NJEA Group

Michael Rosamilia, assistant superintendent at School No. 8 in Belleville has been appointed to a statewide committee by the New Jersey Education Assn.

Mr. Rosamilia's appointment is to the NJEA Legislative Committee, which maintains contact with legislators and other political leaders to promote NJEA's legislative goals.

Warren Cummings of Newton, NJEA's president, announced the appointment today. The Legislative Committee is among the most prestigious of the Association's many committees.

The committee is organized to conform with the State Legislature's Assembly

and Senate districts, with legislative sub-chairmen in every local teacher association in the state.

Committee members keep teachers informed on NJEA's legislative proposals and on the status of bills based on these proposals. The Legislative Committee member becomes the spokesman for teachers with the State Senator and Assemblyman representing the district.

The committee's top legislative goals this year including strengthening New Jersey's Public Employment Relations Act, balancing the negotiations process in public employment and securing due process for teachers without tenure.

tion by only a little more than 100 votes. He is "fundamentally running for the same reasons - and represents the same views as last year."

Married to the former Lucille Parise, a native of Belleville, the couple has two chil-

dren. Lucille is 18 and a Belleville High School graduate while John is 12 years old and attends a local school.

Burlazzi is currently a real estate appraiser and consultant for several federal and state agencies in matters of planning and economic studies. He holds the position of assistant executive director of the City of Passaic Redevelopment Agency with experience in federal and state loan and grant programs.

A charter president of the Belleville Junior Chamber of Commerce, Burlazzi belongs to the Belleville Kiwanis Club, the Belleville Little League and the Belleville Italian-American Civic Association. He also claims to have professional appraisal designations of S.R.A. and A.S.A.

Burlazzi has drawn the S-A position on the February election ballot.

School Candidates Night, I will be most willing to discuss these issues with you personally," stated Garofalo.

The candidate labeled his platform as "short" but said he can work to implement the following points:

(1) Place more lights in Clearman Field so that the youngsters of Belleville have a place to go after dark. This could open up the use of four basketball courts, two baseball diamonds and in winter a football field;

(2) Press for an open classroom program for the elementary schools. This gives each child a chance to devel-

op to his full potential;

(3) If as has been stated, we need an addition to our senior high school and I feel that my background in construction will help the taxpayer to get the best value for the least possible cost;

(4) If the taxpayers of Belleville approve the construction of the addition to the Senior High School, the addition should be large enough to accommodate the ninth grade of the Junior High;

"I believe strongly in these points and sincerely believe they would be beneficial to the children in our community," Garofalo concluded.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Honeymoon In The Bahamas For Mr. and Mrs. O'Brien

Mrs. Eugene O'Brien-nee Patricia Bradley Eighth Grade Spelling Bee February 6

The Knights of Columbus, Belleville Council No. 835, will hold its annual Spelling Bee at the Council Hall, 94 Bridge Street at 2 p.m. on Sunday, February 6.

Wedding vows were exchanged November 20 in Holy Family Church, Nutley, by Miss Patricia Ann Bradley, daughter of Mr. and Mrs. Brodus Bradley of 15 Moore Place and Eugene A. O'Brien, son of Mr. and Mrs. Oscar Bonin of Wayne.

The Rev. Msgr. John O'Brien uncle of the groom performed the ceremony and a reception followed at San Carlo Restaurant, Lyndhurst.

Escorted by her father, the bride wore an A-line satin gown of ivory with lace and sleeves of lace. Lace petals trimmed with seed pearls held her silk illusion veil and she carried a cascade of white roses.

Mrs. LaVerne Picard of Verona was matron of honor. Bridesmaids were Miss Grace Banda of Belleville, Mrs. Jelen Weber of Butler, Mrs. Tia Bradley of Kearny, sister-in-law of the bride and Mrs. Brenda Barton of East Orange.

The honor attendant was attired in a pilgrim designed gown of ballboa green with white cuffs and white bibbed front. Headpiece was of seed pearls and veiling to match the gown and she carried three large mums surrounded by a cascade of smaller pom-poms. The others were similarly attired in burnt orange.

Peter Weber of Butler was best man. Ushering were Thomas and Michael O'Brien of Wayne, brothers of the groom, Brodus Bradley Jr., of Kearny, brother of the bride, and Bill Picard of Verona.

Mrs. Bradley chose a blue gown with silver and rhinestone trim while the groom's mother was in a gold metallic gown. Corsages were baby white orchids.

Mrs. O'Brien received her degree in biology from Upsala College, East Orange and is a microbiologist at Ciba-Geigy Pharmaceutical Company.

Mr. O'Brien, an alumnus of Seton Hall University with a degree in business administration is with Cramer Electronics. He served as first lieutenant in the United States Army Reserve.

William C. Bixby

William C. Bixby of the Fidelity Union Trust Co., 144 Washington Avenue, has been named treasurer of the 1972 March of Dimes campaign in Belleville.

Commenting on the annual appeal against birth defects, Bixby said, "The baby with water on the brain can be saved, a paralyzed child helped to walk, but it takes money. Yes, it takes money to prevent birth defects, to run genetic counseling centers, to mount prenatal care programs."

Bixby asked all residents to send a tax deductible check, payable to March of Dimes, to him at the bank.

In research centers all over the United States, doctors, supported by March of Dimes grants, are seeking new ways to prevent birth defects. Because each year two hundred and fifty thousand American babies began their existence impaired mentally or physically. And so, over four million dollars went into research last year.

March of Dimes grantees are distinguished, such as Dr. Jonas Salk and Dr. Henry Nadler, who is pioneering simple and safe methods of detecting birth defects in the unborn child. An additional five million dollars were used for medical service programs such as the March of Dimes Birth Defects Treatment Center in Newark which has been supported with \$433,413 since it was established in 1962.

Voluntary health agencies are important to every community. Some of the services performed by voluntary agencies are extremely valuable. They may subsidize a project of interest to the public's health and demonstrate its worth to the citizens, the city council, or county supervisors, until the official agency can take over the function. Or they can educate the public concerning the best health habits. They supplement the official agencies, and so we need them!

The most important service of a pharmacy is filling prescriptions. When you require fast service bring yours to ROSSMORE PHARMACY, 338 Washington Ave. We handle the sales and rentals of convalescent aids including wheel chairs, walkers and crutches. "Your Doctor Knows Us—Your Doctor Trusts Us." Open: 9 AM-10 PM Daily, 9 AM-9 PM Sundays.

HELPFUL HINT: Voluntary health agencies often pioneer in discovering the health needs of the community.

# SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

**READY FOR CHRISTMAS**—Mrs. Lydia Matson of Nutley expects one of the hundreds of tray favors she makes and fills to be distributed to the patients at Clara Maass Memorial Hospital. Santa Claus and his chimney brightened many a patient's day at the holiday season.

## Clara Maass Volunteer Champion Favor Maker

It's so nice to receive a surprise. It is also gratifying to be remembered, especially by someone who does not know you personally. Mrs. Lydia Matson of High Street Nutley, a volunteer at Clara Maass Memorial Hospital for over 20 years has been doing a lot of extra work at home making tray favors, for the patients at the Belleville hospital. This includes 11 of

the holidays throughout the year.

It is quite a job to secure and store materials then put your idea into a couple hundred tray favors. Mrs. Matson began with 125 favors at the Lutheran Hospital, then in Newark which has since moved to Belleville and been renamed for the heroic nurse Clara Maass. Mrs. Matson now makes over 400 favors.

## Arts Festival Hosted By Club

The Belleville Junior Woman's Club recently hosted the Eighth District Arts Festival. Representatives from all district clubs attended. Miss Jeanne Benedetto was chairman and special guests included Mrs. Patrick

Schifano, state art chairman, and Mrs. Harold Marrazza, eighth district advisor.

Christmas novelties, including block printing and needlepoint, were displayed. There was also a demonstration on the making of masks from bleach bottles by Mrs. Robert McGough, a club member.

## Film-In Saturday At Library

The following movies will be shown:

**ALPHABET**—an amusing and creative romp through the letters of the alphabet by the magic of finger painting; **CANON**—a clever and entertaining film for all ages, demonstrating by animation and live action how a canon such as "Frederic Jacques" would appear on film;

**THE COW**—capturing the look and sound of cows in the meadow;

**DRAGON'S TEARS**—a little boy invites a terrible dragon to his birthday party with magical results;

**TALE OF CUSTARD THE DRAGON**—the engaging story of Belinda and her pet ink, Blink, Mustard and Custard.

## New Group Led By Andy Fantin

Andy Fantin is now leading a new instrumental-vocal group featuring Donna Senior on melody guitar, Janet Bonkowski on drums and Andy on organ and bass. Donna and Jan do the vocals. All are from Belleville.

They have been featured with their danceable music at St. Peter's C.Y.O.; The Darwood; St. Clements Church; Johnson Park (New Brunswick); Branch Brook Ice Rink; Washington High School; Rutgers fraternities and their last date for '71, New Years Eve at the Belleville Elks Club.

## Correctional Crisis Seen In New Jersey Prisons

As the correctional crisis continues to escalate in New Jersey prisons, and in prisons throughout the United States, it becomes ever more pressing to redefine the nature of incarceration and to reform the rehabilitation process.

**ALL TUCKERED OUT**—Valerie Sliger of 187 Linden Avenue, Belleville, representing the YMYWCA of Newark & Vicinity and Sandra Finniston of Newark and Kathy Lenusky of East Orange, both representing the YM YWHA of Essex County, are shown at the end of a long, long day at Walt Disney World in Orlando, Florida. The children are waiting at Kennedy Airport for the buses which would bring them back to Newark and home.

## Airlift To Walt Disney World Brings Joy To Youngsters

On Tuesday, November 16th, 90 Newark area youngsters representing a cross-section of United Community Fund agencies were flown to Walt Disney World in Orlando, Florida for the day via an Eastern Airlines 747 from Kennedy Airport. The 90 New Jersey youngsters joined forces with 200 New York City children, all part of the United Way's Magic Kingdom Special, an airlift for 1,000 disadvantaged children from 10 of our major cities...including Chicago, Boston, Baltimore, Atlanta, Washington, Miami and San Juan, Philadelphia; Newark and New York.

The logistic of transporting, feeding and chaperoning the 1,000 children, special charter flights, 500 standby hotel rooms, 200 special guides, nurses, insurance coverage, etc., is a story of vast proportion; and it was a FIRST. Through the auspices of Eastern Airlines who hosted the event, using tickets given the company as a participant and exhibitor at the Disney attraction, and a variety of vendors contributing food and gifts, and with the help of Public Service Coordinated Transport who supplied two buses for the

Newark contingent taking them to Kennedy Airport at 5:30 a.m., and bringing them back to Newark at 11:30 p.m., the trip became a reality.

For many of the children involved in the massive airlift, the experience was something they had never dreamed of, and to actually ride on a jet plane they had only seen as an object in the sky, was something they'd not soon forget. Eastern airlines personnel, including over 100 off-duty stewardesses and pilots, volunteered to serve as guides for the day, taking groups of children on every conceivable ride, and through the many lands represented at Walt Disney World.

The trip through Disney World began at Main Street, U.S.A., the America of 70 years ago; then on to Adventureland; Frontierland; Liberty Square; Fantasyland; Tomorrowland and back to Main Street where they could choose between riding on horsedrawn streetcars or double-decker buses, fire engines or even horseless carriages, all of 1900's vintage. The Essex-West Hudson area children were from such agencies as: Boys' Club of

Newark; Boy Scouts of America—Robert Treat Council, Hudson-Hamilton Council, Orange Mountain Council, and Tamarack Council; Essex Chapter—American Red Cross; Friendly-Fuld Neighborhood Centers; Essex County Girl Scouts; West Hudson Girl Scouts; Kearny P.A.L.; The Leaguers, Inc.; Newark Day Center; Pioneer Boys of America; St. Peter's Orphanage; The Salvation Army Red Shield Boys Club; Urban League; Valley Settlement House; West Orange Community House; YM-YWHA of Essex County; YM-YWCA of Newark and Vicinity; YMCA of the Oranges and Maplewood, and the YWCA of the Oranges.

The fun-filled day brought to reality the dreams of many of the youngsters, combined with an educational experience not to be equalled.

## Secret To A Green Thumb Begins With Good, Rich Soil

If you want to be a successful gardener and proudly display your green thumb, you have to start from the ground up with good soil.

Starting a good soil improvement program should be a long-range investment. Once you start, do the job right and don't skimp on materials.

The most important ingredient of good garden soil is organic matter or humus, says William F. Munk, senior county agricultural agent of Essex County.

It loosens heavy clay soils and builds up thin, sandy soils. However, it must be

worked and added to regularly. Cultivation and crop removal will deplete the applications.

Organic materials include such familiar things as well-rotted manure and peat moss, leaf mold, well rotted sawdust and compost.

### Crucial Matches Seen

# Wrestlers Are Being Tested Early In Current Campaign

Belleville's varsity grapplers lost the first of two early season challengers last week when the local club bowed to Montclair by a 37-17 margin. The Bellboys traveled to Essex Catholic High School yesterday for the second of the two crucial contests.

After hosting West Orange tomorrow afternoon, the Blue and Gold get a deserved week's rest before contesting Irvington. Head coach Jim Silvestri rates West Orange as an improved club and reports that the Cowboys have the majority of their personnel returning this season.

"West Orange has just about its whole team back," remarked Silvestri. "We beat them bad in total score last year but I would have to say that the individual matches were fairly close."

The 35-17 loss to Montclair, giving the Mounties 35 victories in succession, wasn't as bad a beating as it sounds. Many of the matches were very close with Belleville's Walt Bennett dropping a 5-4 decision in the 148-pound class and Bill Natale being edged in a 9-8 contest at the 157 pound level. At one point in the match, Natale was winning quite handily but his Montclair opponent kept chipping away.

"I think that one of the major factors in us losing the match was that our boys were nervous," said Silvestri. "When going against a big name team some of our boys ended up getting uptight and afraid of the big match."

Silvestri ruled out conditioning and reported that the Belleville wrestlers are in "great shape." He felt that the loss came as a result of "the apple."

At one point in the contest Belleville had compiled an impressive 17-2 lead. The lighter weightclasses came through for the Blue and Gold but the heavier divisions couldn't maintain the edge for Belleville.

Chico Ligo opened the contest with a pin at 3:40 in his 98 class. Fred Arena ended up with a scoreless draw while sophomore Mike Resciniti for Belleville won a decision in the 115-pound group. Both Brian Banda

## Bellboy Five Gains Revenge Over Rival Maroon Raiders

Belleville's varsity cagers won their third game of the season Tuesday when they nipped Nutley's Maroon Raiders by a 45-44 total.

The Blue and Gold basketballers travel to Kearny Friday evening in the first meeting of the season for the two

clubs. Game time is set for 8:15 p.m. Tuesday afternoon the Bellboys can be seen in Montclair territory in an afternoon contest.

Nutley won the first meeting between the two arch-rivals and the Maroon started out looking like champs,

building up a seven point lead midway through the opening period. But Belleville came back on the strength of two baskets by 5-7 guard Joe Lotruglio to tie it up, 13-13, at the end of the quarter.

A saw-saw battle marked the second period, with Bel-

leville going out in front first. Baskets by Vern Shepard and Kevin Walters of Nutley brought the game back to even with 4:10 left. Nutley upped the lead to three points and maintained it going into the locker room with a 28-25 margin.

Near the end of the third quarter though, play began to get sloppy. Belleville center Ken Zoppa took advantage of the wild play to bring the Bellboys back within range, scoring four points near the end of the period, making it 39-34, Nutley.

Nutley built up a 43-34 lead and looked unbeatable but with Belleville putting up a terrific defense, Nutley scored only one point in the last seven minutes.

The Bellboys put on an 11-1 run with Zoppa again making the difference, scoring eight points.

With the score 44-39 Zoppa was fouled twice and converted the four free throws, making the score 44-43 with 2:28 remaining. The Maroon Raiders had many chances to overcome the Bellboys but each time in the last two minutes the Blue and Gold cagers beat back Nutley bids. Shepard missed a foul shot with five seconds left and the game was over.

The win by Belleville enabled the local club to gain a split with Nutley in their cage series this season.

## Freshman Quintet Hands St. Benedict's Sixth Loss

Overcoming a poor start, the Belleville freshman basketball team defeated St. Benedict's by a 54-45 score in a recent contest. The victory by the local club gave them four wins on the season.

Scoring only 24 points in the first half, the freshmen came on strong in the second stanza to hand St. Benedict's their sixth defeat of the year.

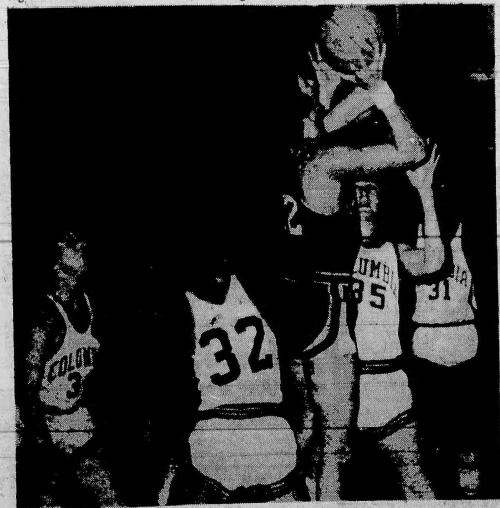

Defense once again played an important role in Belleville's victory.

Abdel Anderson and Arthur Getrulo did a fine job controlling the defensive boards while Anderson blocked many St. Benedict's shots.

On offense, Anthony Carr took charge in the second half with fine outside shooting.

Steven Gerard contributed to the attack with timely foul shooting.

In the second half Abdel Anderson got into foul trouble and Ted Perih came off the bench to hold the team together. Michael Meagher did an outstanding job on defense and kept the offense moving.

DESPITE PRESSURE from three Columbia cagers, Belleville varsity co-captain Ken Zoppa gets shot away in recent contest. Zoppa was large factor in giving Bellboys second win of season with this one over Cougars.

**READY FOR CHRISTMAS**—Mrs. Lydia Matson of Nutley inspects one of the hundreds of trays favors she makes and fills to be distributed to the patients at Clara Maass Memorial Hospital. Santa Claus and his chimney brightened many a patient's day at the holiday season.

## Clara Maass Volunteer Champion Favor Maker

It's so nice to receive a surprise. It is also gratifying to be remembered, especially by someone who does not know you personally. Mrs. Lydia Matson of High Street Nutley, a volunteer at Clara Maass Memorial Hospital for over 20 years has been doing a lot of extra work at home making tray favors, for the patients at the Belleville hospital. This includes 11 of

the holidays throughout the year.

It is quite a job to secure and store materials then put your idea into a couple hundred tray favors. Mrs. Matson began with 125 favors at the Lutheran Hospital, then in Newark which has since moved to Belleville and been renamed for the heroic nurse Clara Maass. Mrs. Matson now makes over 400 favors.

Schifano, state art chairman, and Mrs. Harold Marrazza, eighth district advisor.

Christmas novelties, including black printing and needlepoint, were displayed. There was also a demonstration on the making of masks from bleach bottles by Mrs. Robert McGough, a club member.

THE COW—capturing the look and sound of cows in the meadow;

DRAGON'S TEARS—a little boy invites a terrible dragon to his birthday party with magical results;

TALE OF CUSTARD

THE DRAGON—the engaging story of Belinda and her pets Blink, Blink, Mustard and Custard.

## Correctional Crisis Seen In New Jersey Prisons

As the correctional crisis continues to escalate in New Jersey prisons, and in prisons throughout the United States, it becomes ever more pressing to redefine the nature of incarceration and to reform the rehabilitation process.

**ALL TUCKERED OUT**—Valerie Sliger of 187 Linden Avenue, Belleville, representing the YM YWCA of Newark and Kathy Lenusky of East Orange, both representing the YM YWHA of Essex County, are shown at the end of a long, long day at Walt Disney World in Orlando, Fla. The children are waiting at Kennedy Airport for the buses which would bring them back to Newark and home.

## Airlift To Walt Disney World Brings Joy To Youngsters

On Tuesday, November 16th, 90 Newark area youngsters representing a cross-section of United Community Fund agencies were flown to Walt Disney World in Orlando, Florida for the day; via an Eastern Airlines 747 from Kennedy Airport. The 90 New Jersey youngsters joined forces with 200 New York City children. All part of the United Way's Magic Kingdom Special, an airlift for 1,000 disadvantaged children from 10 of our major cities...including Chicago, Boston, Baltimore, Atlanta, Washington, Miami and San Juan, Philadelphia, Newark and New York.

The logistic of transporting, feeding and chaperoning the 1,000 children, special charter flights, 500 standby hotel rooms, 200 special buses, nurses, insurance coverage, etc., is a story of first proportion; and it was a FIRST. Through the auspices of Eastern Airlines who hosted the event; using tickets given the Company as a participant and exhibitor at the Disney attraction; and a variety of vendors contributing food and gifts, and with the help of Public Service Coordinated Transport who supplied two buses for the

Newark contingent taking them to Kennedy Airport at 5:30 a.m., and bringing them back to Newark at 11:30 p.m., the trip became a reality.

For many of the children involved in the massive airlift, the experience was something they had never dreamed of, and to actually ride on a jet plane they had only seen at an object in the sky, was something they'd not soon forget. Eastern airlines personnel, including over 100 off-duty stewardesses and pilots, volunteered to serve as guides for the day, taking groups of children on every conceivable ride and through the many lands represented at Walt Disney World.

The trip through Disney World began at Main Street, U.S.A., the America of '70 years ago; then on to Adventureland; Frontierland; Liberty Square; Fantasyland; Tomorrowland and back to Main Street where they could choose between riding on horsedrawn streetcars, or double-decker buses, fire engines or even horseless carriages, all of 1900's vintage.

The Essex-West Hudson area children were from such agencies as Boys' Clubs of

Newark; Boy Scouts of America—Robert Treat Council; Hudson-Hamilton Council; Orange Mountain Council; and Tamarack Council; Essex Chapter; American Red Cross; Friendly-Fuld Neighborhood Centers; Essex County Girl Scouts; West Hudson Girl Scouts; Kearny P.A.L.; The Leaguers, Inc.; Newark Day Center; Pioneer Boys of America; St. Peter's Orphanage; The Salvation Army Red Shield Boys Club; Urban League; Valley Settlement House; West Orange Community House; YM-YWHA of Essex County; YM-YWCA of Newark and vicinity; YMCA of the Oranges and Maplewood; and the YWCA of the Oranges.

The fun-filled day brought to reality the dreams of many of the youngsters, combined with an educational experience not to be equalled.

### Contract Bids Accepted By Turnpike Authority

The New Jersey Turnpike Authority on January 17 will accept bids on a contract to determine the concessionaire who will operate the new Park-Ride facility located in East Brunswick Township adjacent to Interchange 9.

The one-year renewable contract will cover details for the management of the facility, including hours of operation, the sale of bus and parking tickets, providing change and supplying general information and assistance to the public.

All other operating details are still being studied by the Authority and the township.

### W. Bixby Is Dimes Treasurer

William C. Bixby of the Fidelity Union Trust Co., 144 Washington Avenue, has been named treasurer of the 1972 March of Dimes campaign in Belleville.

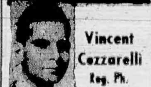

Commenting on the annual appeal against birth defects, Bixby said, "The baby with water on the brain can be saved, a paralyzed child helped to walk; but it takes money. Yes, it takes money to prevent birth defects, to run genetic counseling centers, to mount prenatal care programs."

Bixby asked all residents to send a tax deductible check, payable to March of Dimes, to him at the bank.

In research centers all over the United States, doctors, supported by March of Dimes grants, are seeking new ways to prevent birth defects. Because each year two hundred and fifty thousand American babies began their existence impaired mentally or physically. And so, over four million dollars went into research last year.

March of Dimes grantees are distinguished, such as Dr. Jonas Salk and Dr. Henry Nadler, who is pioneering simple and safe methods of detecting birth defects in the unborn child. An additional five million dollars were used for medical service programs such as the March of Dimes Birth Defects Treatment Center in Newark which has been supported with \$433,413 since it was established in 1962.

Voluntary health agencies are important to every community. Some of the services performed by voluntary agencies are extremely valuable. They may subsidize a project of interest to the public's health and demonstrate its worth to the citizens, the city council, or county supervisors, until the official agency can take over the function. Or they can educate the public concerning the best health habits. They supplement the official agencies, and so we need them!

The most important service of a pharmacy is filling prescriptions. When you require first service bring yours to ROSSMORE PHARMACY, 338 Washington Ave. We handle the sales and rentals of convalescent aids including wheel chairs, walkers and crutches. ### Crucial Matches Seen

# Wrestlers Are Being Tested Early In Current Campaign

Belleville's varsity grapplers lost the first of two early season challenges last week when the local club bowed to Montclair by a 37-17 margin. The Bellboys traveled to Essex Catholic High School yesterday for the second of the two crucial contests.

After hosting West Orange tomorrow afternoon, the Blue and Gold get a deserved week's rest before contesting Irvington. Head coach Jim Silvestri rates West Orange as an improved club and reports that the Cowboys have the majority of their personnel returning this season.

"West Orange has just about its whole team back," remarked Silvestri. "We beat them bad in total score last year but I would have to say that the individual matches were fairly close."

The 35-17 loss to Montclair, giving the Mounties 35 victories in succession, wasn't as bad a beating as it sounds. Many of the matches were very close with Belleville's Walt Bennett dropping a 5-4 decision in the 148-pound class and Bill Natale being edged in a 9-8 contest at the 157 pound level. At one point in the match, Natale was winning quite handsly but his Montclair opponent kept chipping away.

"I think that one of the major factors in us losing the match was that our boys were nervous," said Silvestri. "When going against a big name team some of our boys ended up getting uptight and afraid of the big match."

Silvestri ruled out conditioning and reported that the Belleville wrestlers are in "great shape." He felt that the loss came as a result of "the apple."

At one point in the contest Belleville had compiled an impressive 17-2 lead. The lighter weightclasses came through for the Blue and Gold but the heavier divisions couldn't maintain the edge for Belleville.

Chico Ligo opened the contest with a pin at 3:40 in his 98 class. Fred Arena ended up with a scoreless draw while sophomore Mike Resciniti for Belleville won a decision in the 115-pound group. Both Brian Banda

Since the last article, the Belleville Cagers won another one over Columbia, but dropped their previous four. The victory was Belleville's first win in the Big Ten, and evened last years entire season of two wins. Belleville won 71-64. They have a record of 2-6, which does not count games against Irvington and Nutley, both which were played at home. In fact, however, the Bellboys will try to revenge their cross town rivals, who beat them 60-54 in their first meeting.

In a home loss to Orange, Belleville saw Mike Petronaci bruise his shoulder. When the co-captain fell into the stands, the injury was bad enough to keep him out of the next two games with Montclair and East Orange, but he returned to scoring points in the win over Columbia. He missed Bloomfield game, due to sickness on the day of the game. Before the injury, he was leading Belleville with an approximate average of 17 points per game, so his absence will be felt.

One sure bright spot on the team has been the improvement of Ken Zoppa. His foul shooting has surely helped, in some of the games, he scored over ten points on foul shots alone. He has now become the leading scorer on the team, and at 6'4", he is the leading rebounder. Against Columbia, he had 22 points and 19 rebounds. Although E.O. dumped Belleville, Zoppa wound up a career high of 27 points.

Co-Captains Zoppa and Petronici lead the Belleville scoring attack, and God-ford both are out of action. Guard-forward Frank Petite, who started the season, was sat down, and now is trying for a starting job with Petronici out. With a little polish, the Bellboys should be able to improve last year's 2-17 season.

## Cagers Bow To Irvington

By Tony Calabrese

The Belleville Varsity Basketball Team saw its record drop to 2-7 this past week, as they lost a ballgame to the Irvington Campers by a score of 79-64, in a game played in Belleville.

Herb Jones and Harry Doctor led Irvington with 15 and 13 points respectively, while Belleville was paced by game high scorer, Ken Zoppa who poured in an impressive 33 points. Zoppa's 33 point performance was the highest scoring game by a Bellboy since Vinnie Constantino's historic 51-point performance at Orange two years ago. Zoppa was also four points short of the Belleville High School gym record held by former Bellboy star Bill Sherman.

As for the ballgame itself Irvington broke out to a fairly large lead early and was able to maintain it the rest of the night. The Campers built up a 27-11 first quarter lead and took things from there. After Zoppa opened with a foul shot, Irvington went on top by a 6-1 count, paced by baskets from Ed Kirchgesner, Gary Burness, and Greg Fenner.

Fenner proved particularly difficult for the Bellboys as he scored all 8 of his game points in the first period. Burness had 7 points in the period for Irvington, while Harry Doctor helped to break the Bellboy's backs

with three long jump shots for 6 points.

From then on the Bellboys played every other quarter even against the Campers. In the second quarter Irvington outscored Belleville by a 21-20 count. Early in the quarter Belleville started to cut down the Irvington advantage to the point where their lead was 41-31. That was as close as Belleville was to get all night however.

With the Campers using an impressive zone press forced Bellboy turnovers which helped to mount the Irvington halftime lead to 48-31. Zoppa led Belleville in the period with 12 of his 33 points, while Irvington's Herb Jones came off the bench to spark his team with a seven point period.

The third quarter was a low scoring affair with Zoppa and Jones again pacing their respective teams. Ken had eight of the nine Belleville points in the quarter, while Jones' six points led Irvington. At the end of the quarter Irvington led by a score of 61-40.

The fourth quarter was a free substituting affair as Belleville dominated as their 24-18 edge in the quarter indicates. Zoppa again was Belleville's star of the quarter finishing up with an eight-point quarter. The 6'5" senior center of the Bellboys has now scored 170 points in the club's 9 games.

## Bellboy Five Gains Revenge Over Rival Maroon Raiders

Belleville's varsity cagers won their third game of the season Tuesday when they nipped Nutley's Maroon Raiders by a 45-44 total.

The Blue and Gold basketballers travel to Kearny Friday evening in the first meeting of the season for the two

clubs. Game time is set for 8:15 p.m. Tuesday afternoon the Bellboys can be seen in Montclair territory in an afternoon contest.

Nutley won the first meeting between the two arch-rivals and the Maroon started out looking like champs,

building up a seven point lead midway through the opening period. But Belleville came back on the strength of two baskets by 5-7 guard Joe Lotruglio to tie it up, 13-13, at the end of the quarter.

A saw-saw battle marked the second period, with Belle-

ville-going out in front first. Baskets by Vern Shepard and Kevin Salters of Nutley brought the game back to even with 4:10 left. Nutley upped the lead to three points and maintained it going into the locker room with a 28-25 margin.

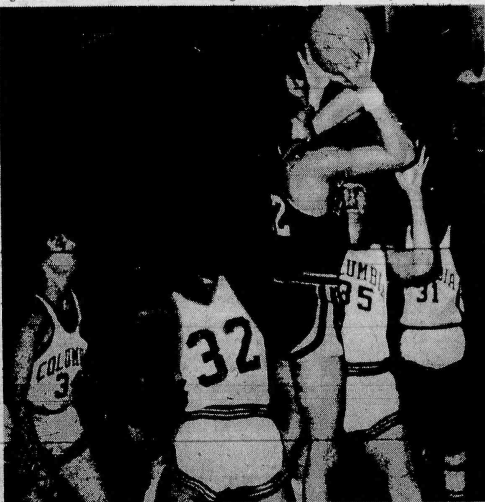

Near the end of the third quarter though, play began to get sloppy. Belleville center Ken Zoppa took advantage of the wild play to bring the Bellboys back within range, scoring four points near the end of the period, making it 39-34, Nutley.

Nutley built up a 43-34 lead and looked unbeatable but with Belleville putting up a terrific defense, Nutley scored only one point in the last seven minutes.

The Bellboys put on an 11-1 run with Zoppa again making the difference, scoring eight points.

With the score 44-39 Zoppa was fouled twice and converted the four free throws, making the score 44-43 with 2:28 remaining. The Maroon Raiders had many chances to overcome the Bellboys but each time in the last two minutes the Blue and Gold cagers beat back Nutley bids. Shepard missed a foul shot with five seconds left and the game was over.

The win by Belleville enabled the local club to gain a split with Nutley in their cage series this season.

DESPITE PRESSURE from three Columbia cagers, Belleville varsity co-captain Ken Zoppa gets shot away in recent contest. Zoppa was large factor in giving Bellboys second win of season with this one over Cougars.

## Freshman Quintet Hands St. Benedict's Sixth Loss

Overcoming a poor start, the Belleville freshman basketball team defeated St. Benedict's by a 54-45 score in a recent contest. The victory by the local club gave them four wins on the season.

Scoring only 24 points in the first half, the freshmen came on strong in the second stanza to hand St. Benedict's their sixth defeat of the year.

Defense once again played an important role in Belleville's victory.

Abdel Anderson and Arthur Cetrullo did a fine job controlling the defensive boards while Anderson blocked many St. Benedict's shots.

On offense, Anthony Carr took charge in the second half with fine outside shooting.

Steven Gerard contributed to the attack with timely foul shooting.

In the second half Abdel Anderson got into foul trouble and Ted Perh came off the bench to hold the team together. Michael Meagher did an outstanding job on defense and kept the offense moving.

Once in a while the writer takes time off to shop around just to see how other stores operate. Looki g at different sets, in one store, a salesman came and tried to sell a certain brand of color TV. These were his words: "This manufacturer's color system technologically combines the company's new black matrix picture tube with high gain hybrid video circuitry to produce a color picture more than 100 per cent brighter. The hybrid circuit design incorporates an integrated circuit sound system with capacitors, diodes, sound IF amplifier, audio amplifier, and sound detector in one tiny package. The new color monitor control enables the viewer to set the flesh tone exactly the way he desires it. [And now listen to this] A separate override circuit is obtained to color in the flesh tone range, while a switch "locks in" the preferred shading on all channels." The salesman continued to enumerate a number of other features using words that did not make any more sense than those written above.

We told the salesman that all of this is a bunch of gobbledegook which did not mean anything to us. We asked him whether he understood all of this and he stated that he did not, but that it was written in the manufacturer's brochure, which he quoted word for word. It is hardly believable that a salesman would tell you all this nonsense, which is completely meaningless unless you are an engineer. But that is the way they sell, at least they try to. When we asked him to explain what a certain feature meant for practical use, he said he did not know, and to read it up in the folder he handed out. He did not have time to explain how the set works. According to him it was the best set and a very good buy and they sold a lot of them. He handed out his card and left, saying to give him a call if we wanted to order the set.

The writer had enough for one day and quit.

but that was the last Belleville was to see in point totals. Belleville's Mazza and Joe LaValle were the victims of pins. Next, Bennett and LaValle lost close decisions. Gary Falkman was decided 13-10 in the 168-pound class. Both Joe DeBacco in the 178 and John Smith in the heavyweight were the victims of pins.

"I wasn't satisfied at all with the showing against Montclair," added the coach. "But in a way it may serve us well in the future. The boys seem to be working even harder in practice sessions now."

Surviving the Montclair match and still unbeaten in dual meet competition this year are Arena, Resciniti, Banda and Mustacchio. Again, all five undefeated grapplers see action in the lighter weightclasses.

The Bellboys breezed past Passaic before taking on Montclair. The local club, ac-

cording to Silvestri, was smooth and "when everything runs well we win big." The Indians were topped by a 43-13 count.

The Hong Kong flu has taken its toll on the Belleville squad but the "bug" may have just about run out of steam here. Several Belleville wrestlers still feel weak from the flu but as of early this week only one wrestler, Joe DeBacco, was out of practice with a fever.

Silvestri will appreciate the lull in action next week. DeBacco plans to have team

members take it easy and will give them a deserved rest.

"The week off splits the season up and gives us time to have the boys think about the coming matches," added Silvestri.

The Blue and Gold grapplers have some matches to think about. Although Silvestri said "every match is tough" the local wrestlers always emphasize the Kearny and Nutley matches. Both arch-rivals appear on the sports calendar in February and each squad is reported to have top notch competitors.

## Almost Snowless December Seen

Bing Crosby sang of his dreams of a white Christmas to his heart's content again last year, but the weatherman did not cooperate at all.

In his monthly summary to the National Weather Service, Harold D. Dufloco, meteorologist at the US Cooperative Weather Station at Union College, reports total snowfall for December measured only 4 inch, while December, 1970, totaled 3.1 inches.

A typical snowfall for the month of December, said Mr. Dufloco, is 9.8 inches.

Total precipitation for the month was 1.58 inches, a departure of 1.79 inches below normal. The total for December, 1970, was 2.67 inches.

Measurable precipitation was recorded on 11 days with .56 inch, the greatest amount of rain falling during a 24-hour period occurring on December 6-7 and 29-30.

December, 1969, holds the record for greatest precipitation on record at the Union College station with 6.74 inches of rain.

Total rainfall for 1971 was recorded at 55.29 inches while the 1970 total measured 45.23 inches.

Unusually warm temperatures were definitely reflected in the lack of snow in the New Jersey area, as the average temperature for the month was recorded at 40.3 degrees, which is 7.3 degrees above normal.

The mercury soared to the month's high of 64 degrees on December 11 and 16, and dropped to a low of 16 degrees on December 3 and 23. December 11 also went down with the highest daily average temperature for the month of 57 degrees. The lowest daily average for the month was December 3 with 26 degrees.

Christmas Day, December 25, 1964, holds the record at the Union College station for

the warmest day with 69 degrees.

**Survey Reveals Jersey Phone Users Gabbiest In World**

New Jersey telephone users are among the gabbiest people in the world, making more than 1,000 calls a year per person, far above the national average.

Nationwide figures are included in the latest issue of "The World's Telephones," an annual review compiled by American Telephone and Telegraph Company. AT&T's figures show that Americans averaged 779 calls per person during 1970. New Jerseyans, according to New Jersey Bell figures, averaged 1,042 calls during the same year.

The worldwide figures are as of January 1, 1971 because it takes almost a year to gather data from telephone administrations and companies around the world.

Canada, whose supremacy as the most talkative nation had gone unbroken from 1951 through 1967, ranked second with 739 conversations per person. Sweden was third with 674 and Iceland fourth with 593.

The number of telephones in the world climbed to 272.7 million, an increase of 7.1 million phones, of which United States added 4.9 million. The world's annual telephone increase of 6.9 per cent was the 15th consecutive year.

The world ranking, Sweden placed second with 55.67 telephones per 100 and Switzerland was third with 48.26. Canada has 45.23 phones per 100 residents and New Zealand ranks next with 44.14. The world ratio is 7.4 phones per 100 population.

Immediately behind Washington, D.C., among United States cities with a high ratio of telephones to residents was Southfield, Mich., with 113.4 per 100 (followed by Skokie, Ill., 90.1; Mt. Vernon, N.Y., 90.5).

Among the New Jersey cities that topped the national average was East Orange, 73.2; Camden, 68.9; Elizabeth, 67.2; Newark, 65.4; Passaic-Clifton, 63.8.

The rate of overseas calling increased markedly. In 1970, there were more than 26 million calls between the United States and nations abroad, more than seven times the number completed 10 years earlier. AT&T estimates calls will reach 33 million in the next report. Telephone users in the 50 states now have access to more than 97 per cent of the world's phones.

# Studio Players to Cast Sunday

The Studio Players of Essex County will hold open castings for a production of the Robert Anderson Play, "I Never Sang for My Father" this Sunday at 2 p.m. at the Playhouse, 14 Alvin Place, Upper Montclair.

The play was first presented on Broadway in 1968 and later produced for movies, starring Melvyn Douglas, Gene Hackman, and Estelle Parsons.

It will be directed by Al Anderson and offers parts for five men and three women of varying ages. Opening date is March 20 and performances will run through April 8.

# Armory To Show Rare Art

A selection from the pre-eminent decorative arts collection of the Cooper-Hewitt Museum will be the featured loan exhibit of this year's distinguished winter antiques show at the seventh Regiment Armory January 21 through 30. The exhibit has been arranged by the winter show's chairman, John Frick, with the cooperation of the museum's administrator, Christian Rohling, and the staff at Cooper-Hewitt.

One of the foremost museums of its kind in the world, Cooper-Hewitt has amassed comprehensive collections of both historical and contemporary items since its founding in 1897 by Sarah, Amy and Eleanor Hewitt, granddaughters of Peter Cooper.

In 1967 the Museum became part of the Smithsonian Institution as a private affiliate. It has recently moved uptown to the Carnegie Mansion on Fifth Avenue and 90th Street, and is now awaiting extensive renovation of the building in preparation for opening early in 1973.

More than 100,000 objects demonstrating the decorative arts plus countless volumes and pictorial representations of design and decoration are included in the Cooper-Hewitt collections. The drawings collection alone is among the finest in the world. Also represented with encompassing distinction are wallpaper, textiles, furniture, porcelain and glass, armchairs and lace, and metalwork.

The winter antiques show will display outstanding examples from each of these collections, many recently acquired and on public view for the first time. The loan exhibit has been carefully selected to achieve an unusual unity and will be one of the most unique ever presented at this annual event.

Humor depends largely upon whether you're the maker or the receiver of the joke.

# Economics Host

Once again the Vocational Home Economics Classes have scored a victory with a fine dinner served to the faculty of Belleville Elementary School Number 7.

The meal, completely prepared by the students of this class, consisted of Eggplant Parmigiana, Tossed Salad, Garlic Bread, Apple and Cherry Tarts, and Coffee and Tea. The dinner was a "thank-you" to the faculty at Number 7, who have donated their kitchen area to the Home Economics Classes for a kind of "on-the-job" training.

Steven Paolo of 254 Joralemon Street, Belleville, has received his BS degree in electrical engineering from Fairleigh Dickinson University after completing his degree requirements during the summer session at the university.

All those who attended the dinner found it most enjoyable. Mrs. Agnoli, the Home Economics teacher at Belleville High School, stated that

another such lunch will be served in the Spring. Belleville High has a right to be proud of the fine work of these classes and Mrs. Agnoli.

# More Macbeth

By Bill Hamilton

Appearing on this page is a very respectable and researched letter from a reader who found my column concerning the Shakespearean play Macbeth "horrible." I regret that he and others may have found it so, but I think that you may have failed to understand my point.

First of all, my column was not a review of the book. I would not attempt such a review because I honestly have not the experience nor the drive to undertake this. If Mr. Mauriello would like to review it (or maybe he already has through his letter), I would be happy to allow him to, if a packet of "No-Doz" is supplied.

I attempted to make three points with my Macbeth column. First, I found several inconsistencies in the play and in the life of Shakespeare, and I found them also to be satirically humorous... funny!

Perhaps, though, my poking of fun was taken too seriously by the lovers of Shakespeare, and to them I apologize. Secondly, I disliked sitting for hours in class reading.

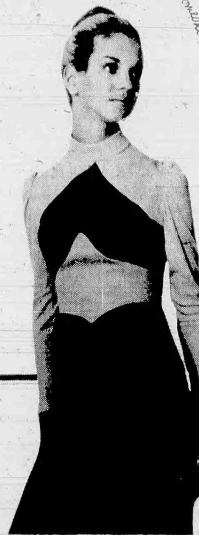

Adam: Yonder comes my master, your brother. Orlando: Go apart, Adam, and thou shalt hear how he will shake me up.

Oliver: What make you here?

...from As You Like It by William Shakespeare I personally believe that plays were written with one purpose in mind, to be acted out. Certainly all the world is a stage, but I would think it a helluva life if we all sat around reading out of a book the events of our lives. We eat them out, don't we? Perhaps you possess an imagination great enough to put on a full length stage production in your mind, but I get a headache reading the cornies in the newspaper.

Finally, I wanted to write something that people would think about...it has been the purpose of this column since its conception to stimulate thought among the readers. Since you were inspired enough, Mr. Mauriello, to write a five page letter to me, I have succeeded. I would appreciate any opinions from the readers and I sincerely thank Mr. Mauriello for his time and efforts.

# Cadet Visits Key Clubbers

The Key Club of Belleville High School was proud to welcome West Point Cadet Joseph Damczyk to a meeting of their organization.

The cadet provided a very interesting and informative discussion of West Point and his four years at the famous Military Academy, which was followed by a question and answer session. There was much information gained by all who attended this meeting.

The education received at this Academy is free, and is worth over \$50,000. Entrance is secured through physical and academic excellence, and only through appointment by a Congress member or the President. Several students at the meeting received application information for West Point, and perhaps some of them may someday attend this Academy.

# Sally's Only Undeclared Team Left in Midget Basketball Loop

In Nutley Basketball Association action last Saturday, Sally's Auto remained the only undefeated varsity division team by beating Amvets, 19-11 as Dave Presto scored 10 points. Joe Isabella led the losers with eight. Elks Club fought off a strong challenge by A and F Auto, winning 26-21, with Mike Agrifoglio and Rich Pignotti combined for 20 points.

Bobby Lynch's 24-point performance carried Optimists past Howard Savings, 28-13. Third Hall Club wallowed Nutley Travel 39-19, with Dwight Ramsey, scoring 19. Teammate Pete Vetro chipped in with seven markers.

The JV's also have an undefeated team in First National State Bank who brought their record to 4-0 by turning back Unico, 21-9 as Carmen Diamante scored eight points and Bob Lacara six. Lions, also unbeaten, trounced Lardier, 26-16 as Artie Scavone contributed ten points.

Matty Franks 11-point performance highlighted Nutley Alumni's 22-16 victory over White Oak. Jeff Greulich and Chris Cassese combined for 13 points as Kiwanis bested Glories, 26-18.

Maraldo Tile became the only unbeaten team in the freshman league by coming from behind to beat Aircraft 16-11. Mike Giordano led the way with seven points and received solid support from Bob Porcella with five.

Tommy Bartley's ten markers helped Dolly's register their first victory as they belted Park 21-6.
