Budget Released Tax Rate Gets \$5.80 Figure

Should Belleville's new \$13.4 million budget for 1972 be adopted by Town Commissioners, taxpayers here will be expected to pay \$5.80 per \$100 of assessed valuation. Exact figures were released this week by Mayor Joseph McGreevy, director of Revenue and Finance.

The commenting upon the inative package, Mayor McGreevy called the budget "tight," and in line with the picture of the national economy. A public hearing on the municipal budget has been scheduled for February 29 at Belleville High School.

The total budget sees a \$13,493,423 figure compared to last year's \$12,161,287

which reflects an increase of a little less than 10 per cent. About \$3.4 million must be raised for county purposes with \$5,232,748 for schools and \$4,853,688 on the municipal level. The municipal figure also includes \$68,000 under the Emergency Employment Act. All totaled, the budget picture will have a rise of about 55 tax points.

A breakdown on the municipal level shows a three-point rise attributed to the Emergency Employment Act while an anticipated decrease of \$56,000 in Town revenue brings it up another two points. Capital improvements adds another point the budget. Causes for the decrease in Town revenue are seen in a downward trend in building permits and tax searches. Also, monies received from the sales tax is down, along with state aid for roads here.

Both the Public Safety and Revenue and Finance Departments are up about five per cent with figures of \$117,183 and \$121,571 respectively. Public Works has a four per cent jump at \$93,836 while Public Affairs get the smallest rise, up only \$32,753. The Parks and Public Property Department is up two per cent, jumping \$54,705. A total of the 17 departments sees a 17 per cent boost at \$420,050.

Burlazzi, Risoli Elected

Budget Nixed By 32 Votes

By John J. Bunevich

Shouts of bullet voting, the political machine and unconcerned parents here echoed through the School Board Chambers Tuesday night as both the education budget and incumbent Leonard Back went down in defeat. G. Fred Burlazzi and James V. Risoli finished a respective one-two in voting while the budget nixed by a mere 32 votes.

Back, the School Board president, finished a distant fourth to the top spot 634 votes of the mark, took his defeat gracefully but indicated that political machinery in Town may have been behind some of the balloting. The board will reorganize Monday.

"I wish the winners the best and hope they have a good future. They have a tough job ahead," remarked Back. "I hold no bitterness but as an incumbent I'm surprised by the outcome. I have

rumors that there may have been machine politics behind this election."

Current Board of Education members, who were almost exclusively behind Back's reelection, were even stronger in their remarks of a "machine-type" election, but none of them made public statements. They were, however, very vocal in the budget defeat, and to the last man expressed their displeasure with the "unconcerned parents in our Town."

An unofficial tally showed Burlazzi-1798, Risoli-1355, Charles Mink-1195; Back-1164; Carl C. Garofalo-502, and Mrs. Josephine Izzo-319. The current expense budget portion received no-1347 to yes-1310 with capital outlay at no-1353 to yes-1170. A complete district by district rundown of results will appear in next week's Times-News.

Both Risoli, a technician for Public Service Gas and Electric, and Burlazzi, a real estate dealer with offices in Town, were unavailable for comment.

Anthony Greco, Superintendent of Schools, expressed "terrible disappointment" with the budget defeat. He blamed "a lack of parent interest" as one of the main reasons for the budget vote results. Greco pledged to cooperate with the new board members. "We had a tight budget, up only 10 points compared to the county's 20 and the Town's 25 points I can't understand it. There must be a lack of interest by parents," he concluded.

VIEWING RESULTS Tuesday's election results at Board of Education Chambers in School No. 8 are right board member Richard Maharian, who came out with public statement in support of incumbent Leonard Back (middle), and Superintendent of Schools Anthony Greco. Back, board president, finished fourth in balloting.

Second River Floods Halted

Work is now underway on the Second River near Mill Street to alleviate flooding conditions there that resulted in the discharge of raw sewage into the stream this past summer.

Sponsored by the Second River Joint Meeting, the construction of an 1,100 foot retaining wall to reinforce the left bank of the river will not cost the Town anything. The project is fully funded through the federal government, which recently released the state emergency monies after severe flooding here during the months of August and September.

Currently, the LaFera Construction Co., Newark, has a back-hoe and bulldozer in operation on the Second River. Already working there two weeks, construction of the wall will not be completed until sometime next month.

Beginning at the site of the Hendricks Dam, the wall, at times reaching 12 feet in height, will extend 1,100 feet. In addition to the construction of the wall, the project also calls for changes in the bed of the stream. James Soldo, administrative assistant in the Belleville Public Works Department, insists the site daily.

"Hendricks Dam is almost gone now. Although the project will alleviate flooding in the area, the Second River Joint Meeting is continuing the wall

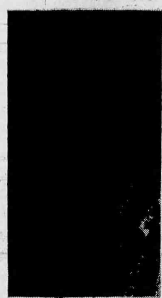

(Continued on Page 2)

Town Will Sell Land Tickets Still Available

Commissioners, at their public meeting Tuesday evening, authorized sale of a small plot of Town-owned land for auction. The vacant lot, measuring 25 feet by 50 feet, will be offered to the highest bidder February 22, 8 p.m., at a special sale.

Located at 76-78 Hill Street, the minimum bid the Town will accept is \$500. The auction is public and anyone may bid for the plot, although according to Mayor Joseph McGreevy, a Franklin Avenue property owner has already expressed an interest in purchase. The unnamed party who reportedly owns property located at 471 Franklin Avenue, directly in the rear of the tract to be sold, will be obligated to petition for a subdivision should he decide to build a home there.

Fabian Fund Benefit Sees Jets Saturday

Craig Fabian

Officials of the Craig Fabian Fund, Inc., are hoping for a sellout crowd Saturday night when 10 members of the N.Y. Jets professional football team entertain here in a charity basketball benefit. Starting time is 8 p.m. at the Belleville Senior High School.

Besides being sold at the door, tickets are available at several convenient locations in Town. The Craig Fund is a non-profit group helping three disabled young men in Belleville. Duets for the contest are \$2.50 each.

After climbing into basketball uniforms and presenting a pre-game show, the Jets will play the Craig Fabian all-

stars, a group of top hoopers from the Belleville Senior Recreation League. The two teams will play a regulation contest on the hardwoods. Post-game activities will include a special autograph session with members of the Jets.

Craig Fabian is a 17-year-old resident and the initial benefactor of the Fund. Because of the success in helping Craig, the Fund soon began helping two more local young men, Bill Greco and Joey Restaino. Greco, a father of two, was injured two years ago in a freak accident, and Restaino, 23, was a star at Montclair State College.

Cops Make Bust Same Night

Girl, 10, Murdered In Cellar; Construction Worker Arrested

A 19-year-old construction worker is awaiting Grand Jury action in the death of a

10-year-old School No. 1 pupil, found murdered Monday evening in the basement of her Cortlandt Street home. James Lamarr Richardson of 243 Wainwright Street, Newark, has been charged with homicide in the strangulation death of Sheila Carr, 66 Cortlandt Street. Arraigned in Belleville Municipal Court Tuesday morning by Judge Carl Stier, Richardson is being held without bail.

Sheila's body, badly beaten about the face and neck and clad only in a sweater, was found under a disordered mattress in the basement of their two-family home by her 15-year-old brother, Anthony. Police have not ruled out rape in the case but officials must wait for an official autopsy before a definite determination. Death was attributed to strangulation by a cord or other rope-type object.

Belleville police, led by detectives Martin Nately and Frank Falcone with the assistance of officials from the prosecutor's office, arrested a prime suspect in the killing less than four hours after the

death was reported. Richardson was charged with the homicide shortly after 2:20 a.m. Tuesday, when he appeared in police headquarters.

In piecing the crime together, Deputy Chief Frank Haight reported that Willie

Carr, Sheila's father, came into police headquarters 10:30 p.m. Monday to report his daughter missing. Carr told police he had last seen Sheila at about 5 p.m. when he left the home to pick up his wife. Carr was apparently

How Much It Costs Parents Rearing Child

The general figures on the cost of rearing children in the United States, released recently by a presidential commission, raises the question: "What does it cost in Belleville?"

How much does the average local family spend in raising a child from birth to age 18?

The report, based upon a study made by the Commission on Population and the American Future, estimates what it would cost the typical family. It notes that the cost varies widely from area to area and from family to family. The chief controlling factor, in most cases, is income. In Belleville, as well as in every other part of the country, it takes considerably more than it did in earlier years to provide children with their basic needs.

For example, according to the Health Insurance Institute, the current cost of

food alone for a youngster, from birth to age 18, averages \$8,500. It breaks down to \$8,700 for boys and \$8,100 for girls.

That is more money than was necessary 25 years ago for their food, clothing, education and medical care combined.

Today, based on the government report and on other findings, the amount spent in raising a child to age 18 ranges from 2.9 to 3.6 times the net earnings of a family in one year.

In Belleville, where the average net income is between

(Continued on Page 2)

Public Works To Be Reviewed

Again this year Commissioner Mary Senatore, director of the Public Works Department, is sponsoring a special committee of taxpayers to review her 1972 budget. The meeting will be held next Wednesday, Feb. 16, 8 p.m., in Town Hall.

"I have selected a cross-section of about 20 Belleville citizens to review the budget in detail but the meeting is

open to the public. Anyone who wishes may attend," Mrs. Senatore said.

This is the second year the Commissioner is sponsoring the Citizens Budget Committee with the express purpose of reviewing, and if possible, deleting line items which may prove unnecessary to the Department. Acting moderators of the program

Michael Marotti And His Ordeal Seen Through Eyes Of A Friend

(The following article was submitted to the Times-News this week by James A. Messina of 252 Belmont Avenue, Messina, a construction foreman, is a lifelong friend of Commissioner Mike Marotti. In light of the recent Superior Court decision stripping Marotti of one of his two Town positions and the controversy surrounding the event, the news staff thought it appropriate to publish this warm, one man's view. Messina depicts Marotti truthfully, as he sees him, through a friend's eyes.—Ed.)

Everybody knows Mike Marotti. The cop.

Some recognize him best in a tee shirt, swinging a pick or a shovel — building something for the kids, of course.

And anyone who's ever been around a Little League diamond and hasn't tuned in to his gravel-throated bark doesn't know what a baseball fan is.

Well, Mike's not gonna be a cop anymore — anyway, not for a while. And it's kind of strange the way it all came about, the way Mike was forced to give up one of his loves — being a cop — for another — helping kids. Anyhow, here's how it happened.

Mike was born in Passaic, way back in 1921, about the time that the "Manassa Mauler", Jack Dempsey, was bringing boxing its first million-dollar gate, and a big old horse named Man o' War, was

saying so long to the turf, Mike was born on January 2.

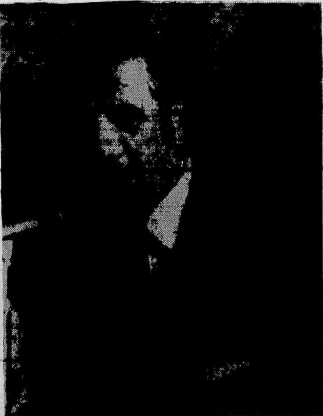

When Mike was six, it was an even better year. Not cause 1927 was so great, but that's when Mike moved to Silver Lake, Belleville — as we used to call it then.

Silver Lake was pretty crowded, even in those days. Not the way it is now, of course, but there wasn't a heck of a lot of room for kids to run and play, and it didn't look like anybody who could do something about it really cared much. So, ya know, all the guys who wanted to taped up their ratty old baseballs and moved in on any open area there was to knock 'em around.

It wasn't great, but it was okay. I guess Mike figured then that someday somebody ought to do something better than that for the kids.

It wasn't so bad the playing baseball, but a guy could really tear himself up looking fearful playing football in those lots. We were tough, though — anyway, we thought we were tough — and that's half the battle. We took our bloody noses, and dealt out a few, and we grew up.

Mike really did it all in high school. I guess now you would say he was pretty cool in those days. Handsome, a three-letter man (baseball, basketball, and foot-

HAPPIER DAYS have been seen by Commissioner Michael Marotti, as he is seen here addressing crowd on opening day of Little League season. Marotti now has to choose one of two Town posts.

Sunday Snowstorm Here Creates No Inconvenience

Although Sunday's snow created hazardous driving conditions in Town with 10 accidents reported within a 24-hour period, both police and Public Works officials consider themselves fortunate.

While measuring about two inches here, the Sunday storm came at a time when traffic was light with most residents either just polishing off a big meal or reading the Sunday papers. The Public Works Department was on the streets with two salters at 3:30 p.m., concentrating on the Town's main thoroughfares. The four-man crew quit at 10 p.m. but were ordered back on the road at 3:30 a.m., Monday.

Mrs. Mary Senatore, director of Public Works, was on the road the whole of Sunday evening supervising snow operations. She didn't call it quits until 5 a.m., Monday morning, when it was learned the storm was subsiding.

"I didn't order our plows onto the road because I saw that the County men were having difficulties. The snow wasn't deep

enough to plow and sparks were flying from their plows," she said.

Two light snow falls during the past two weeks cost the Town a little over \$4,000 and 150 tons of salt but the mild storms have hardly put a dent in the supplies. To date, plows have not been needed on Belleville Streets.

Deputy Chief Frank Haight reported 10 minor accidents during the storm but indicated that the figure usually runs much higher.

"We were fortunate that the snow came on a Sunday afternoon. If it had snowed just before the week-day rush hour the situation would have been entirely different. As it was, the residents had ample warning to stay home," Haight said.

The worst areas for driving were Joram Street, between Franklin and Hoover, and Rutgers Street, where workers had to put up barriers until salt could be laid down. Most of the "fender bender" accidents were on major streets in Town and were directly attributed to slippery conditions.

Held Without Bail Construction Worker Accused In Murder

(Continued from Page 1)
puzzled because Sheila's jacket was still in the closet. Police, speculating that the girl may be hiding, suggested that the father return home and give the house a thorough search.
The family returned home and were searching hidden areas of the apartment when Anthony, 15, discovered his sister's body under a mattress in the cellar. Clad only in a thin sweater with her undergarments discarded, Sheila was found, her face and neck showing large bruises. Belleville police were immediately alerted.

Deputy Chief Haight was

hesitant on how Richardson's arrest came about, indicating that a divulging of the police investigation may damage the state's case, but it was learned that Richardson voluntarily came to headquarters on his own initiative. He was ordered held for arraignment after a short questioning period with detectives.
Police officers revealed that Richardson, a friend of Anthony, had been to the Carr home earlier in the day with another youth. The trio left about 4 p.m., split up, and Richardson apparently returned to the Carr residence. Officials speculate Richardson confronted Sheila, an argument ensued, the girl was struck in the face and then taken to the base-

ment to her death by strangulation.
This is the first murder in Belleville in a year. The last homicide was the killing and robbery of a Belleville grocer, a case that has never been solved.

It Costs Rearing Children

(Continued from Page 4)
\$13,000 and \$14,000 per household, the outlay comes to an estimated \$41,800 per child. Local families whose incomes are larger than this spend more and others, less.

The figures show that the first year is usually the most expensive. A family may incur bills of over \$3,000 in that year, including birth costs.

Public Works Dept. Is Set For Review

(Continued from Page 1)
will be Mrs. Senator and James Soldo, administrative assistant in Public Works.

"We will explain our entire budget; show what went up, what went down and give the reasons why," the Commissioner added.

According to Mrs. Senator, the citizens group last year realized the Town a savings of \$9,000 by finding items in the Streets and Sewers division which could be deleted.

History Society Meets

The Board of Directors of the Belleville Historical Society recently met to discuss plans for the upcoming annual meeting on February 17.

The following members were present: Allan Crisp, president; Gerard Hickey, vice president; Mrs. Thomas Spillane, secretary; George Gebrian, who was elected as chairman of the Board of Directors at the meeting; Ralph Casale, director; Dwight Streeter, director; Mrs. Richardson, membership chairman, and Edward O'Neill, program chairman.

Mrs. Shafer reported that there are now 103 charter members. Individuals and groups are still welcome to join the society as charter members.

Plans were made for the installation of officers at the February meeting. The ceremony will take place at the beginning of the meeting.

In addition to the installation a very interesting program will be presented. Arthur Lang, of the Cedar Grove Historical Society, will present an illustrated talk on "Colonial Tombstone Tracings". Lang will describe the technique involved in taking tracings and show examples of tombstones in New Jersey, Pennsylvania and New England cemeteries.

Anyone interested in the purposes of the Belleville Historical Society are invited to the meeting on February 17.

The meeting will be held at the Woman's Club, 51 Rossmore Place. A social hour will commence at 7:30 p.m. followed by the business session at 8 p.m.

Win Band Battle

Belleville High School held their second annual "Battle of the Bands" last Saturday night before a crowd in excess of 500. The six competing bands were in order of their appearance: "Acephous", "Public Notice", "Salt Marsh", "Pigge and the winners", "Midnight Confession".

The Midnight Confession realized the competition was going to be rough and prepared a new style never before used. Instead of the usual routine of music stopping after each song, Mike Cisero, the arranger of the group, wrote a medley of thirty minutes of non stop music. This new style held the interest of the audience from start to the final note of their last song.

The order of songs played were as follows: "Does Anybody Really Know What Time It Is," "Questions 67 & 68," "Smile Away," "Make Me Smile," "Color My World," "Oye Como Va," "Feeling All Right," "Home Made Blues," "Closer to Home," and "Beginnings." All songs except for "Home Made Blues" which was written by the group consisted of songs taken from the albums of Chicago, Ram, Santana, Three Dog Night and Grand Funk.

The group consists of four members, each with many years of musical experience. On solo guitar and background vocal is Gary Gubilo who attends Bloomfield Tech.

Henry DeFrance on drums and lead singer is a student of Belleville High School.

Joe Covey on the organ and also part time lead singer also attends Belleville High School.

The skin is the first line of body defense. It protects us from many kinds of bacteria and is the vessel through which we excrete much bacteria that might otherwise be harmful to us. But because the skin is in contact with many disease-producing germs and irritants in the environment it is most susceptible to many kinds of diseases, cold sores, scabies, pediculosis, dry sores, ringworm, impetigo, acne. These are just a few of the skin diseases which may affect you. Be sure to see your doctor if you notice any abnormal skin condition.

Second River Retaining Wall

(Continued from Page 1)
to protect their own property," reported Soldo.
During heavy rains last summer, a large sewage pipe serviced by the Second River Joint Meeting ruptured, sending thousands of gallons of sewage into the stream and polluting the surrounding land. The sewer was quickly fixed but the group, comprised of seven local municipalities, are presently taking measures to prevent a reoccurrence of the disaster.

Soldo estimates the cost of the wall as about \$250 per linear foot. Made up of poured concrete, the wall will be a minimum of three feet below the bed of the stream.

"Their main concern is protecting the sewer line but that, in turn, will guard against flooding in that area of Belleville," Soldo added.

Couple Faces Child Neglect Charges Here

A Nutley couple face action by the Essex County Grand Jury on charges of child neglect.

Mr. and Mrs. Arthur Gallagher of 331 Park Avenue, an outgrowth of 685 Joralemon Street, Belleville, are charged with failing to provide proper maintenance and supervision of their two-year-old daughter.

Joseph Lordi, Essex County Prosecutor, will determine whether the case will be handled in the state Court of Domestic Relations, or the Grand Jury.

Your Administrator Duties Long, Involved

Mrs. B. Shader is Secretary of the Belleville Board of Education. She began her employment with the Board of Education thirty years ago, in April 1942, in the same office in Number Eight School as is now occupied by the Board.

Mrs. Shader's duties are involved with many facets of school procedures. For the most part, these duties are specified by school law. They include serving as financial officer of the local school district, recording the proceedings of the Board, maintaining its records, and managing school elections.

Looking back, she states, "although twenty-eight years (she had resigned and returned to her position after a two-year absence) may sound like a long time to be in one location, I have never found it tiresome. There have been so many vital and interesting personalities on the Board of Education over the years, that working with them has made many years seem a few."

Mrs. Shader is proud to have been a life-long resident of Belleville and recalls her father teaching her to swim in the Passaic River, at the foot of Jorammon Street, and fishing for minnows in the Second River.

Mrs. Shader's (nee Bowler)

parents resided on Academy Street when she was born. She was graduated from Belleville High School. He served four years in the United States Navy and is now attending Rochester Institute of Technology.

and has a son, William, who also graduated from Belleville High School. He served four years in the United States Navy and is now attending Rochester Institute of Technology.

A Shocking Disclosure

The Federal Budget

President Nixon has proposed what he refers to as a "full-employment" budget which is estimated to produce a deficit of \$35 billion in the fiscal year ending June 30, 1973.

H. For the current fiscal year ending June 30, the Administration estimates a deficit of \$38.8 billion.

These deficit figures challenge the imagination of man and probably is beyond the comprehension of most of us. Imagine what the interest charge alone amounts to just to cover the deficit? And who will pay the taxes to make up these deficits—the great grandchildren of another day. For some unknown reason we cannot understand why government is taken to spend more money than it takes in. Certainly at the local level the state law requires that municipal budgets cannot provide for expenditures greater than the anticipated income.

But we are living in fantastic times—

incredible times—and unbelievable things are happening—such as a planned \$35 billion deficit. The chances are the \$35 billion deficit is underestimated by the use of figure juggling. All one has to do is increase the anticipated revenues and thus reduce the expected deficit.

Our country is in sad shape and what we are really hearing are the benefits—or liabilities—depending upon one's viewpoint of a semi-socialistic form of government. Perhaps it might be better for everyone for the country to go all the way and become a member of the socialist nations.

We are presently in a "can't win" situation. How much worse can things get?

Frank A. Orechio

A State Income Tax

During the past three weeks we have been bombarded with suggestions from very responsible quarters that a state tax. A study commission will recommend the adoption of a state income tax.

The alleged purpose of a state income tax is to relieve the burden of property taxes.

Now come President Nixon with a proposal that a national "VALUE ADDED TAX" should be adopted as a means of raising money nationally to pay the cost of primary and secondary schools as a substitute for the property tax.

If Washington is going ahead with plans to slap indirect taxes upon us to raise money to eliminate local property taxes raised for the maintenance of our public school systems, then it is perfectly natural for us in New Jersey to ask why should we proceed with all due haste to accept a state income tax?

Before the advent of the sales tax we were solidly for an income tax only as an

alternative to the sales tax. Our decision was based upon a belief the burden of income tax levy would fall more equitably upon those among us who are better able to pay.

The legislature of that day decided to reject a state income tax, and in its place and stand, adopted a 3% sales tax. Shortly after Governor William Cahill took office, in order to balance the budget, he found it necessary to recommend a 2% increase in the sales tax—so now we are paying 5% sales tax.

Our broad based tax is enough for New Jersey people.

We are opposed to the imposition of a state income tax, regardless of its merits.

Seems Only Yesterday

Berlinski Testimonial Set For Fountain Restaurant

By Elaine Auerbach
One Year Ago

Belleville voters elected three members to the Board of Education and rejected the proposed 1971-72 school budget, a \$4,863,441 tax package. Matthew Pica, a first-time candidate for the board, topped all candidates with 1,648 votes, while incumbents Lawrence S. Schwartz and Mrs. Norma McCool finished second and third respectively. The Board planned to hold a session to welcome new members and discuss the defeated budget.

Plans had been formalized to honor Edward T. Berlinski, former head grid coach and baseball coach at Belleville High School, at a testimonial dinner to be held at The Fountain Restaurant. The former All-American gridder and professional football player had been coach of the Belbolls from 1946 through 1962—Committee in charge of the affair were: Joseph Grande, Joseph Cancelliere, Louis Vitelli, Joseph Long, Paul Simpson, James Luzzi, Anthony Bruno, Thomas Corino and Dr. Michael Digi Tufo.

Belleville commissioners estimated that local taxpayers would be faced with a 78-point tax increase for the coming year. For all purposes, including local, county, and school, Belleville property owners would be asked to pay \$12,509,485 in taxes during 1971.

Ten Years Ago

Police Chief George Spatz, who had headed the Belleville Police Department for more than 25 years, was to retire from the force on his 65th birthday. When Spatz had joined the force in 1924, there were 24 men in the department, about a third of the current manpower of Belleville's police force. Spatz had succeeded the town's first police chief, Michael Flynn, who had stepped down in 1916.

Less than 5,000 voters were expected to turn out to elect three members to the Board of Education and to vote in a \$2,834,879 budget. Thirteen candidates were running for the three board seats. They were: Dominic Lally, Dr. Frank Di Ruggiero, Michael Albertine, Paul Bernhardt, George Brown, Ted Del Guercio, John Di Rienzo, Paul Francisco, Albert Guglielmo, Mrs. Norma McCool, Calvin Peck, Ralph Risoli and Edward Watlock.

Five Belleville residents, including two commissioners, filed petitions for election to the council form of government. Commissioner George Kierman and Nunzio R. Pico, who were both serving their fourth year on the commission, took out petitions. Three persons taking their first step into the political contest for seats on the governing board were Nicholas Raimo, Anthony Iacullo, and Vincent Strumilo.

Fifteen Years Ago

A contribution of \$1,245 was received from the children of the Belleville Public School System toward a new, four-bed pediatric room in the children's wing of Cl. Maass Memorial Hospital. The idea for raising the money was developed by Superintendent of Schools Evan Thomas, trustee of the hospital. Great generosity was shown by the students in the various ways in which they had arranged their programs to raise funds, through talent shows, movies, and assembly programs.

Belleville voters were to go to the polls

for the purpose of electing two new members to the Board of Education and approving the school budget for the 1957-58 school year. One of the positions to be filled was for a full three year term, while the other was for a two year unexpired term. Six candidates were in the running for election to the two seats. They were: Vincent Strumilo, Ross Fullmore, Michael Rubino, Ralph Baker, George Brown, and Joseph Granes.

Plans were underway for the testimonial dinner-dance scheduled for February 22 to honor Edward O'Neil, Belleville's outstanding citizen of the year. O'Neil had received the distinction of becoming the town's first "Citizen of the Year" in a competition conducted in December by the Times.

Twenty-Five Years Ago

Belleville citizens voted to adopt the record 1947-48 school budget in an unusually light vote. The total votes cast were 1,648, of which 1,648 had been rejected on different portions of the ballot due to incorrect markings. In 1946, 63 votes had been counted in the school election. The budget figure that was adopted amounted to \$972,095, an increase of \$125,095 over 1946. The school board estimated that the budget would add 23.5 tax points to the 1947 rate.

The first step in setting up a unit in Belleville for the purpose of supporting the American Brotherhood Program sponsored by the National Conference of Christians and Jews was scheduled at the Forest Hill Field Club. The unit was to be known as the Belleville Round Table. Dr. William K. Ward, former president of the Newark Y.M.C.A., was to be the guest speaker at the dinner meeting.

The Belleville Police Department, under the direction of Acting captain Kenneth Smith, was sponsoring an educational program on road safety throughout the public school system. All local children would become a member of the "1-2-3 Go Club" and would be taught to follow the rules set up by the organization.

Forty Years Ago

Commissioner William H. Williams, director of Revenue and Finance, made the announcement that twenty-two percent of the land in Belleville was exempt from taxation because it was being used for parks, hospitals, churches, schools, public buildings, cemeteries and similar purposes. Of the 2,058 acres in Belleville, 250 of them were devoted to the use of Essex County institutions such as parks, hospitals, and the golf course.

David Cory, known to hundreds of thousands of children in the metropolitan area as the "Jack Rabbit Man," was to entertain readers with his stories of Jack Rabbit and Puss-in-Boots. Mr. Cory's tales were to be printed in the Belleville Times for ten weeks.

Fifty Years Ago

Otto Holberg was appointed a cadet in the U.S. Coast Guard by the secretary of the treasury and left to enter the service at the academy at New London.

Officers elected by the Ladies Aid Society of the Reformed Church were: president, Mrs. Harry Lander; vice-presidents, Mrs. William Adams, Mrs. Frank Boyd, and Mrs. Walter Price; secretary, Mrs. Walter Smith and treasurer, Mrs. Edwin Stout.

Speak Up!

Friends-Sees Marotti Plight

(Continued from Page 1)

ball). And then suddenly high school was over, and we all got drafted and we weren't so tough. Everybody's mother had one of those flags with a star on it hanging in her window. Some guys were in Europe and some guys went to Europe, and World War II was officially on—the boys from Belleville were in it.

Mike was still the great ball player. He was drafted into the Air Force in 1942 — Army Air Force in those days — and when they saw what a great ball player he was, that's where they put him, playing baseball and basketball. Sometimes I used to think that that's why Mike always worked so hard coaching Belleville kids in sports. Just in case there was another war, I figured that he wanted to see them playing ball for the Army, instead of fighting in the front lines.

Anyway—when Mike came back in 1946, it was all kids and the Amvets. He helped organize the veterans into the Amvets and got the Amvets and some of the local shop owners started sponsoring all kinds of programs for the kids — bus rides to Yankee Stadium, annual Christmas parties, anything he thought they needed — and later the Amvets organized some teams and leagues — basketball, baseball, softball.

He was Post Commander at Post 26 for eight years, from 1948 to 1956. He was so popular with the vets that the only way he could get someone else into the post commander's job was to get everyone to pass a law to change the constitution so that the post commander could serve more than one year. In 1950, he was named Outstanding Amvet in New Jersey, and in 1969-70, he was elected State Commander; he'd already served as Vice Commander and Trustee.

Mike could always get a bunch of guys together to help out if he needed to. So, when Warren Knight, Eddie O'Neill, Leo Jackson, Dick Dolan, and Fred McQuillen dreamed up the idea of bringing Little League to Belleville in 1950, Mike was on the spot. And everything he could do to the project, and six years later, he started phoning up the Amvets and his old pals again.

The stadium was okay, but the kids really needed a Little League field of their own. You've heard of the "House that Ruth Built"? Well, this was the one "that Mike built". He was always doing something for the kids.

Mike got married — that was a great day in his life — and had some kids of his own — those were the great days too. Mike looked like he was gonna bust he was so happy. While Warren Knight, Eddie O'Neill, Leo Jackson, Dick Dolan, and Fred McQuillen dreamed up the idea of bringing Little League to Belleville in 1950, Mike was on the spot. And everything he could do to the project, and six years later, he started phoning up the Amvets and his old pals again.

Mike got married — that was a great day in his life — and had some kids of his own — those were the great days too. Mike looked like he was gonna bust he was so happy. While Warren Knight, Eddie O'Neill, Leo Jackson, Dick Dolan, and Fred McQuillen dreamed up the idea of bringing Little League to Belleville in 1950, Mike was on the spot. And everything he could do to the project, and six years later, he started phoning up the Amvets and his old pals again.

Still, when you think about it, he seemed like the right man for the job of Commissioner of Recreation (Parks & Public Property), they call it when one of the commissioner's resigned in him. He also served as president of the PBA — of course, 12 consecutive years.

I don't remember Mike being too crazy about politics. He helped "Pete" Rodino in 1948, when he lost to Fred Hartley — Mike was a workmanman's workmanman. And he helped a fellow vet named Jim Tully when he ran for commissioner. But Mike wasn't a politician.

Well, he is right — anyway half right. He's not even in the job six months, and already lights are up on the basketball court on Division Avenue so the jocks can work out until 10:30 at night; and dirt's been donated to use as fill so that tennis courts, and a handball court, and a baseball field, and new basketball courts, and picnic tables can be put there in the spring — the projects it's all set to go. He's got the whole department swinging — free tennis lessons indoors for the senior high school students, a wrestling program on Saturday mornings, free movies on Thursday nights (over 600 kids showed up for the first film), free fencing lessons, and lots more. He's even got a committee thinking up more improvements.

Everything's going smooth, when someone suddenly blows the whistle. So who gets taken to court? Mike. Mike, who never did a dishonest thing in his life. Mike, nineteen years a cop without a blemish on his record. There may be a conflict of duties they say, what with being a cop and a commissioner too. Well, he's not police commissioner, says I — and a lotta other people — so what's the conflict. Plumbers get elected commissioners and vote on plumbing laws and contracts. Doctors get elected and vote on medical laws and awards. Insurance agents get elected and vote on insurance laws. So, what's wrong with a nice guy whose a cop getting elected and voting on laws that pertain to cops?

Well, Mike's a clean liver. He doesn't have friends in high places and anyway he wouldn't use them. He knows he can do both jobs honestly — the way he does everything else. Honestly. But the judge says no. Mike's got to take a leave of absence, or something. He can't do both jobs at once.

He loves these two things — being a cop and helping people — but he's got to give up one for the other. And that's a damn thing. Because really good workers in any job are hard to find, and because people who really keep the promises they make to kids aren't easy to find either.

And there just ain't too many guys like Mike Marotti around.

Mayor From Italy Visits Us While We Visit The Royal Inn

unless conditions compel me to fly United. The crew aboard American Flight 268 which gave us the royal treatment—treatment given to all American Airlines passengers—were senior Sandra Niles, Chris Reed, Kathryn Foehr and Rae Maddox. The girls are all based in Buffalo. American Airlines could well be proud of their performance.

ON THE TRIP TO SAN DIEGO Florence Levy was senior stewardess. Patty Snow's right-hand gal, Florence is a stunning blonde who could probably make more money modeling than flying. Florence has been flying four years, married only nine months, but still loves her job.

PATTY SNOW, the senior stewardess who flew us out to San Diego aboard an American Airlines 707 jet, is a beauty of many talents. Five feet, two inches with eyes of blue she originally was heading in the direction of a career in the theatre. She

studied at the American Theatre of Weisbaden in Germany and graduated from the American Academy of Dramatic Arts. She appeared in a number of plays. At the American Theatre of Weisbaden she appeared in "Mr. Barry's Etchings". At the American Academy of Dramatic Arts she appeared in "The Glass Menagerie", "A You Like It", and "Boys from Syracuse". She excels in sports also track, basketball, softball, swimming, ice skating, snow skiing and fencing. In addition she is quite the poet. She wrote a poem dedicated to her husband—

"A Woman's Sweet Memory."
"And if my eyes could open when I see roses,
And smell their sweet fragrance in the rain;
If I half turn as I am leaving to view their
tender loveliness again.
And if you see me stop when I am doing to
listen to an old familiar tune
To capture once again a long lost moment
A summer night soft lighted by the moon.
And if I smile when I see a young face
laughing,
And hear her dreams and plans that once I
made,
With all the youth and hope that I was
given.
In a green moss laden summer glade;
Then do not think me soft and sentimental
When I with years gone by recall the past
When I remember all those spellbound moments
For Darling, I've reached womanhood at last!"

THIS WEEK on my Fort Lauderdale trip I was rather impressed with the intellect and ability of a stewardess who was completing her first month. She is Angie Gabrielle who is a native of Rhode Island and presently is based in Newark. Angie is a real comer and Eastern is lucky to claim her.

By Frank A. Orechio

ONE OF ITALY'S MOST PROMINENT PUBLIC OFFICIALS spent his Christmas night here in Nutley, New Jersey. He is Mayor Arturo Demasi of Moncalzati, Avellino Province. This is not the first visit Mayor Demasi has made to Nutley. He was a holiday guest of the Ralph Gualbertos.

Mayor Demasi happens to turn the town where Ralph was born. During the past few years Ralph and his wife Elizabeth have led a group of Italian-Americans in the north eastern states in various efforts to raise funds to erect an all-war veterans monument dedicated to the natives of Moncalzati who gave their lives in the defense of their country.

Mayor Demasi is a very interesting individual and manifests his excitement over the American way of life — and what nutters most of all to us — his belief that Nutley is one of the finest communities he has ever visited.

LAST WEEK PHIL WHITE and I completed a week's stay in beautiful sunny San Diego. Our base was the Royal Inn at the Wharf — right on San Diego Bay. Every day was a perfect day for sailingboating — and there were many in the Bay. The San Diego Airport is one block north of the Bay.

Seventeen miles to the south was Tijuana, Mexico, and for \$24.50 one could take a plane ride to San Francisco — about 600 miles to the north. Phil and I had no such luck. We remained anchored at the Royal Inn in San Diego.

THE RETURN TRIP involved the use of American Airlines to Chicago where we

were obliged to switch to United Airlines Flight 472. The American Airlines trip back was great. Unfortunately I cannot say the same for United. There was one stewardess who was especially obnoxious. She was Mrs. Betsy Unikel. I got the impression she was arrogant, indifferent, impersonal to the needs of passengers and I might say she was downright nasty. By her looks I could tell she was, mentally shouting "you wait until I get good and ready and then I will serve you." It seems as though after the first ten minutes of service she disappeared and never to be seen again until the plane landed at Newark Airport. For me that was the last United Airlines flight I will take

Florence Levy

Music Extravaganza For Belleville's Hulme

Donald Hulme of Belleville, America's accordion virtuoso and the International Accordion Champion, has been recently added to the entertainment slate at Montclair Academy's "Musical Rags to Riches" extravaganza, to be held on Saturday night, Feb. 12 from 8:30 p.m. until 12:30 a.m. at the Academy.

Hulme joins Bobby Dorfman and his Orchestra, The Heritage Barbershop Quartet and the sing-along piano of alumnus Rudy Deetjen for the evening's versatile music, singing and dancing program.

Hailed as the International Accordion Champion in Italy in 1961, Hulme has distinguished himself on the concert stage, college campuses and at supper clubs in seventeen different countries, performing as well on many of America's foremost variety shows. Reviewed last October in "Variety," Hulme was cited as a "one-man-struttmusical plus a one-man-musical show...and who says accordians don't swing! In Hulme's hands, it certainly does."

In addition to his wide acclaim on the accordion, Hulme has recently unveiled

a new instrument, "the accordion of the future," known as the cordovox; it has unlimited sound combinations and can imitate more than twenty instruments from organ to harp. This new instrument is featured on Hulme's most recent album, "Sounds Impossible," with Marty Gold and his well-known thirty-six piece orchestra.

The "Musical Rags to Riches" event will feature a potpourri of music, dancing and singing, with a late evening hot buffet. The event is the first major effort in the School's Alumni Association history to raise the needed

funds to support the scholarship program. Twenty-one Academy students are currently recipients of grants totaling \$27,372.

The evening will begin at 8:30 p.m. The public is invited and tickets may be obtained at \$25 a couple by calling the Alumni Office at 746-9800.

Backed By Recreation

Kids View Free Flick

The Recreation Department in a cooperative venture with the Belleville Public Library on January 27, presented a motion picture for the entertainment of Belleville High School students.

Nine hundred young people enjoyed "Butch Cassidy and the Sundance Kid" in the Belleville High School Auditorium. Commissioner

Michael Marotti was on hand to see this first program off to a great start. He commended the Library and the Board of Education for their ready cooperation in the event and the young people for their good behavior.

The auditorium movie is a response by the Recreation Department to a recent recreational interest survey conducted by the department at the High School. Donna Vaccaro, a student and Senate member directed the survey at the school.

Plans have already been completed for several other activities for High School students, among them tennis

lessons and a coed fencing club. Fencing began Tuesday, February 7 at School Three; tennis lessons began on Monday Feb. 7 at the Junior High School. Students who attend parochial High Schools are welcomed and may get information at the Recreation Office.

MINI STAMP ALBUM is viewed by Junior High School principal Seymour Grossman presented to him by the Newark Post Office. Students (left) Philip Graffeo, Susan Cimento, Laura Buck

and Gerard Senatore look on. Presentation marked Postmaster Joseph J. Benet's campaign to project stamp collecting as an educational hobby for students and parents.

Branch Brook Kiwanis Hear Guest Talk

The Branch Brook Kiwanis Club of Belleville recently heard guest speaker Norman E. Smyth at a meeting held in Parrillo's Restaurant.

An estate and trust planning specialist for Fidelity Union Trust Co., Newark, Smyth is a graduate of Manufacturers Hanover Trust School. He also attended Kennedy Sinclair Trust School and has 12 years of financial planning experience with Fidelity as well as prior experience with Travelers Insurance Co. of Hartford as manager in all phases of financial planning.

Introduced by program chairman Leonard Condon, Smyth chose as his topic "Estate and Trust Planning."

Smyth discussed the importance of having a will made, which allows the proceeds of an estate to be distributed in accordance with the decedent's wishes.

Smyth briefly outlined the "Living or Inter-Vivos Trust," showing the advantages from a personal as well as a tax standpoint. Club members called the presentation very interesting and informative. A question and answer period followed, after which a certificate of appreciation was presented from the club.

WEDDINGS AND ENGAGEMENTS IN SOCIAL SPOTLIGHT

Miss Rosalinda S. Buchner Bride Of James A. Graziano

Miss Rosalinda S. Buchner of South Orange, daughter of Mrs. Rose Buchner and the late Lawrence J. Buchner, was married October 3 in St. Peter's Church, Belleville, to James A. Graziano, son of Mr. and Mrs. Anthony Graziano.

The double ring ceremony was performed by the Rev. James Heavey and a reception followed at San Carlo Restaurant, Lyndhurst. Escorted by her brother, John Buchner, the bride wore a traditional gown with beaded lace trim. Her three tier elbow length veil was held by a beaded butterfly headpiece and she carried a colonial bouquet of white roses and baby's breath.

Miss Linda Ann Ferrara of South Orange was maid of honor. Bridesmaids included Miss Joanne Graziano, sister of the groom and Mrs. Beverly Buchner, sister-in-law of the bride.

The honor attendant was attired in an emerald green chiffon pant dress trimmed in silver with long puffed sleeves. She carried a bouquet of white gladioli sprinkled with green. The others were in gold with silver trim and carried gladioli sprinkled with gold.

Carl E. Graziano of Nutley served his cousin's best man. Ushering were the groom's cousin, Ronald Graziano of Belleville and Edward Muscarelo, also of Belleville.

Mrs. Buchner chose a Persian velvet gown of satin with lace overlay. Her accessories were silver and her wrist corsage was of orchids. The groom's mother was in a pink chiffon gown with beaded trim and sheer sleeveless coat. Her wristlet was also of orchids.

Mrs. Graziano, a graduate of Columbia High School, Maplewood, is a bookkeeper at Maplewood Bank & Trust Company, Maplewood.

Mr. Graziano, an alumnus of Belleville High School, is self-employed with Carballi Contractors, Belleville. He is also an active member of the U.S. Army Reserve, Jersey City.

After honeymooning in the Poconos, the couple have made their home in Bloomfield.

**Edith Hewitt
Joining Staff
At Art Center**

Edith Hewitt (Mrs. Allen), of Nutley has joined the staff of the Nutley Art Center, 200 Chestnut Street, Nutley. She will teach Creative Stitchery. The course will be given on Tuesday afternoons in seven weekly sessions beginning February 28 from 12:30 p.m. to 2:30 p.m. The course will offer an opportunity to create unique and individual wall hangings while working with fabric applique and creative stitchery.

Mrs. Hewitt has been trained in the art field and has been painting and sewing for many years. She attended Pratt Institute, Brooklyn, N.Y. with additional studies at the School of Visual Arts in Manhattan. After finishing Pratt, she worked in the advertising field but more recently has been working with and teaching the art of banner making.

Her work has been shown in a number of craft shows, churches, private collections and McCall's Needlework and Craft magazine.

Miss Patricia Ebert

Patricia Ebert, Craig Chapin Will Be Wed

Mr. and Mrs. Joseph Ebert of 28 Clover Street announce the engagement of their daughter, Patricia Carol to Craig Donald Chapin, son of Mr. and Mrs. Harry Chapin of 35 Hampton Place.

The couple are alumni of Nutley High School. Miss Ebert attended Glassboro State College and is with Hoffmann-La Roche. Mr. Chapin attended Rider College and is presently with the New Jersey National Guard. He is employed by Stop & Shop, Wyckoff.

The wedding will be held in the fall.

Miss Carol Scaduto

Carol Scaduto V.J. Vigilante Are Engaged

Mr. and Mrs. Vito J. Scaduto of 25 Durant Place, Nutley, announce the engagement of their daughter, Carol Marie of Belleville-Vincent J. Vigilante, son of Mr. and Mrs. A. Vigilante of 180 Conover Avenue, Nutley.

The troth was made known at a Christmas Party, December 11.

Miss Scaduto is a graduate of Essex County Girls Vocational School, is with Certified Metals Company.

Mr. Vigilante, an alumnus of Nutley High School, attended Bloomfield College and is a graduate of Central Florida Junior College. He is a salesman for Keebler Company.

SIGN in a music store: "Gone Chapin—back at two."

Miss Michele Tortorello

Miss Tortorello Is Bride-Elect Of Mr. Hillman

Mr. and Mrs. Michael J. Tortorello of 124 Grant Avenue announce the engagement of their daughter, Michele to Gerald Hillman, son of Mrs. Anna Hillman of 152 Chestnut Street.

The troth was made known Christmas Eve. The couple are alumni of Nutley High School. Miss Tortorello is with Broadway Bank & Trust Company, Paterson while Mr. Hillman is with Jule Technical Corp., Union.

The wedding will be held September 29, 1973.

Sun marriage

Woman's Card Party Tomorrow Night at St. Paul's

The Evening Membership Department of the Nutley Woman's Club will hold a "Country Store" Card Party on Friday, February 11 at 8 p.m., at St. Paul's Parish House, 642 Franklin Avenue, Nutley. It is something new and different for a card party and will hold many surprises for all who attend. Admission price is \$2.50.

Camp Merry Heart for Crippled Children will be the beneficiary of this new and different card party. This camp is located in Warren County near Hackettstown and is maintained for the exclusive benefit of New Jersey's physically handicapped children.

Without loss of charm, the rugged aspects of camping have been preserved, modified only to compensate for the physical disabilities of the campers. Paths and roadways are blacktopped and ramps lead to extra-wide doorways, making all buildings easily accessible to wheelchair and crutch traffic. The facilities are of modern construction and include dormitory cabins, a large recreation-dining room area, craft shop, nature study pavilion, trading post, modern infirmary, an official sized heated swimming pool, and a man-made lake which is stocked annually and provisions for camp-outs in the heavily wooded area surround the camp grounds.

New Turnpike Facility Eases Parking Problem With the opening of its Park-Ride facility in East Brunswick last Monday, the New Jersey Turnpike Authority in conjunction with the Township of East Brunswick took an important step in relieving the parking problem for hundreds of commuters.

To mark the occasion officials from East Brunswick Township and the New Jersey Turnpike Authority attended a ribbon cutting ceremony.

The Park-Ride, first such facility to be undertaken by the Turnpike, will provide line-striped spaces for 330 vehicles.

Novolski Will Address Garden Club

John Novolski, past president and Horticulture Chairman of the Nutley Garden Club will speak on the dangers of accepting the various advertisements and brochures of plants and flowers that are so freely distributed, especially at this time of the year.

Since many of the beautiful and unusual plants illustrated in these catalogues and ads would be unsuitable for this area he will try to inform his audience how to identify the plants and the facts of this type of advertising.

There will also be a question and answer period on problems regarding lawn or garden.

The public is invited to this monthly meeting at the Garden Club in the Nutley Museum, 65 Church St., Nutley on Friday February 11. Refreshments will be served and there is no charge for the evening.

*** The reason truth makes such slow progress is that it's in competition with pretense. ***

**Lumberman Finds
HOW TO SLEEP
LIKE A LOG**

"I'll admit I haven't got a good night's sleep ever night. I'm all tired and worn-out the next day. But here's what I discovered—if I take a Doan's Capsule at bedtime, I'll sleep like a log and wake up feeling like a million."

Doan's is the famous discovery that's helped millions—100% son-habit-forming. Proven, effective in 9 out of 10 clinical cases. Professionally supervised and observed in leading government hospital. So safe no prescription needed. Get Doan's today.

Blood Bank Director Will Address Board

Robert C. Kammerer, Managing Director of the North Jersey-Essex County Blood Bank, will address the Executive Board of the Nutley Chapter of the American Red Cross on Monday Evening, February 14th at 8 p.m. Kammerer is one of the most knowledgeable people in the northeast area regarding the recruitment of donors and the collection, storage and dispensing of blood units.

Because this is an opportunity to hear an outstanding authority, the Executive Board decided to open this meeting to the public. Special invitations have been sent to the recruitment chairmen who presently recruit blood donors from the 29 religious, civic, industrial and veterans groups within the framework of the Chapter's blood program.

Mr. Kammerer is in a position to speak authoritatively on all facets of blood programs in general. He will specifically address himself to the present controversy concerning hepatitis as well as the broad area of the new techniques of storing and freezing blood, and the processes by which the components can be separated in order to get the maximum use out of each pint of blood.

The demand for blood is an ever-increasing one, yet it is estimated that the annual blood requirements of the nation are provided by less than 3% of the eligible donor population of the United States, approximately 3,000,000 donors. It is estimated that every day 13,000 units of blood are transfused in the United States—nearly 6,000,000 units per year. We are hopeful that many people will avail themselves of the opportunity to hear Kammerer. The Chapter has always felt that Nutley is fortunate that we have for so many years been associated with the North Jersey-Essex County Blood Bank which has had such an outstanding record over the years.

SOCIAL AND CLUB NEWS OF COMMUNITY INTEREST

Mrs. Stewart Talks To DAR On Genealogy

On Monday afternoon January 24, Yantacaw Chapter DAR celebrated its 12th birthday at the regular January meeting which was held at the Historical Society Building on Church Street. Mrs. William H. Happe, Jr., Regent, and Mrs. Omer Porrier were co-hostesses.

Miss Sandra Dalgleish and her mother Mrs. Ronald Dalgleish of North Atlington were guests. Sandra is the 1971 DAR State Good Citizen, who was chosen from more than 160 New Jersey Senior girls at the Society's Awards Day in Trenton last April. She was from North Arlington High School and sponsored by Yantacaw Chapter. Sandra is a Freshman at Montclair State this year. Two other guests who are DAR members, were Mrs. L.L. Kievit of Passaic and Mrs. A.W. Bouillard of Nutley.

Mrs. Britton R. Hallowell, Organizing/Regent of Yantacaw Chapter, the wife of the Nutley Historical president, escorted the guests through the Museum.

Mrs. Campbell Stewart of Nutley, an amateur but expert genealogist, and registrar of Yantacaw Chapter, talked about her adventures tracking down one of her ancestral lines—the Hathaway Family in America. The research trips have been a family affair, as Mr. Stewart, a native of Scotland, also enjoys these safaris into the past.

The expeditions to historical societies, cemeteries, courthouses, and also conversations with knowledgeable old timers, have taken the Stewarts along the eastern seaboard from North Carolina to Rhode Island. Mrs. Stewart plans to publish her findings and make them available to other members of the Hathaway clan. Her topic was "Climbing The Family Tree".

SIGN on park lawn.
"Your feet are killing me."

BLOOMING BEAUTIES—These gorgeous exhibition chrysanthemums were grown in his garden by R. Martin of 32 Ridge Road. They bloom from October 20 to November 10 with temporary protection from frost, wind and rain from September 15. Mr. Martin hopes that others may be encouraged to grow and show chrysanthemums.

MODEL CAR ENTHUSIAST—Tom Wickens of Alexander Avenue won second place in the Junior Division, the 4th Annual National Model Car Customizing Contest held November 21, 1971 at the Coliseum in New City. In addition to the trophy, young Wickens received a Certificate of Merit in recognition of his achievement.

Wendy Simon Appeared In Leading Role

Miss Wendy Simon of Nutley had a leading role in "Donner" a drama of survival by Robert Bruce Murray, presented last week in Studio Theater, Montclair State College.

The proceeds of the play, not yet produced professionally, benefited the Malcolm Fairfield-Independent Study Fund, a memorial to a theater arts major who died of cancer during his freshman year. The fund provides production costs for independent projects.

CLINIC TOUR—Students from the Essex County Vocational and Technical School in Newark recently toured the Dental Clinic at the Mountainside Hospital. In the foreground, dental assistant Miss Christine Mertz, demonstrates the care of dental equipment. Each of the students enrolled in the Vocational School's dental assistant program will be visiting the hospital's Dental Clinic for two weeks of clinical experience. The program is one facet of Mountainside's wide range of educational programs devoted to training para-medical personnel. At the left rear is Mrs. Iris Vukobratovich, Director of the Outpatient Department. The Dental Clinic is one of 24 outpatient clinics provided at Mountainside.

Miss Pitronaci On Dean's List

Susan Pitronaci, daughter of Mr. and Mrs. Joseph Pitronaci of 11 Oak Street, was named to the Dean's List for the second time at the Laboratory Institute of Merchandising, New York City. A graduate of Nutley High School, she is a senior at the school.

Your Weekly Horoscope

February 12 through February 18, 1972

Brought to you as a courtesy of

NICOLS PARK ESSO

ARIES (March 21-April 19): Energy builds during first three days of week. Message arrives which warns your heart. Choices are presented concerning personal matter. Get your head on straight. Ari my love, and allow wisdom to dictate your decisions. Week screeches to a chaotic close.

TAURUS (April 20-May 20): Past efforts pay dividend before mid-week. Taurus. Gather yourself together, pet, and enjoy the sweet harvest of your labors. You deserve all good things which come your way. You are one of The Beautiful People, you know, but you are rare, for you are even NICER than you look.

GEMINI (May 21-June 20): Good intentions will not suffice in days ahead, Gem. They must be followed by ACTION. The road to you-know-where is paved with your good intentions of the past. Dispatch message of love to one at distance. On last day, turn off your motor and tarry awhile with one who tickles your fancy.

CANCER (June 21-July 22): Pressure on you to divulge secret, Moonbaby. Don't. Remember old saw that when two people know a secret, it is no longer a secret. Before mid-week, message arrives which makes you glow. You shake off the February drums and shift into high gear.

LEO (July 23-August 22): You can no longer remain neutral concerning relationship with partner/mate, Leo. A wise man once said: "To make no choice is in itself making a choice." Mull it over. Time favorable to make wishes and desires known. You have nothing to lose and a heck of a lot to gain. Now get going!

VIRGO (August 23-September 22): Off-the-cuff remark made by associate before end of second day could cause you some consternation. Do not allow this dolt to hassle you. You're rather special, Virg, and don't you ever forget it. Unexpected message arrives which makes week bearable. On last day, put on your spiffiest threads and meet with those who share your special interests.

LIBRA (September 23-October 22): One close to you needs your aid, Libra. Give it. In so doing, you experience an exhilarating feeling of inner peace. Delightful message arrives before mid-week. Before last day, associate seeks favor. Think once. Then twice. Then judge this cat by his/her past demerits. You understand.

SCORPIO (October 23-November 21): You are entrapped by the written word before mid-week, Scorp. No one can give you a map for this trip, dear heart. You must bruise through it alone. Week ends on note of foreboding.

SAGITTARIUS (November 22-December 21): Week ahead excellent for career advancement. Your opinion is sought by associate. Be honest. Speak the truth as you see it. Anything less (or more) than the truth would be foolishness. Complimentary message comes your way before fourth day. Accept with grace. Games highlighted as week draws to a close. On last day you collapse (well, almost) with mirth.

CAPRICORN (December 22-January 19): Cut lines of communication (temporarily, at least) with one at a distance who causes you to become emotionally upset. No sense in courting trouble, Cap. Money matters are highlighted. You gain. Before last day, tackle job you've postponed. Week ends brightly.

AQUARIUS (January 20-February 18): Temptation will be great to go overboard concerning the spending of money for frivolous bauble. Save your bread, Aquari. Tender words are dispatched by mid-week. Respond. You hear secret whispered before last day. Ignore it. One who spreads it is a tattletale voyeur.

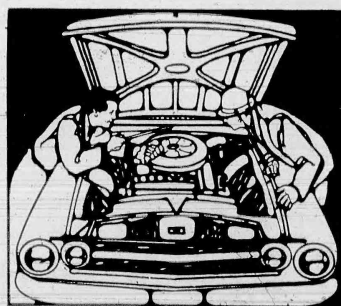

PISCES (February 19-March 20): Before third day, a few kind words will go a long way toward mending one of your fancies, Pisces. Vibrations will be unusually strong, and you will understand. Study words to Aquari. Stick close to the ranch this week, dear friend, as a stray is very apt to return. If so, open your heart and celebrate!

The Belleville Times

News

Frosh Gain Another Win

By outscoring Benedict's 34-27 in the second half, the

Belleville freshman team for the second time this season defeated the area school. The final score saw a 60-59 total.

In the first half of the contest, the Baby Bellboys were outplayed by Benedict's and found themselves on the short end of a 31-26 score. Beginning the last half Steve Gerard and Anthony Carr began to find the hoop and the frosh began to make their move.

With two minutes left in the game, Belleville went into a man to man press. Gerard stole a Benedict's pass and scored on a lay-up. Also fouled on the play, he hit on the free-throw to give the local squad a three-point edge with 20 seconds remaining.

Belleville gave Benedict's a lay-up to cut the lead to one point and then controlled the ball for the remaining 10 seconds. The frosh now have seven wins.

They Add Kardinals To List

The Belleville Junior Varsity Wrestling team upset Kearny on Thursday, Feb. 3, by a score of 33-15. The exciting match was off to a successful start for Belleville, with Rocco Cuozzo (98 lbs.) crushing Kearny's Frank Chirich. Cuozzo was responsible for adding the first three points to Belleville's score.

Belleville's Charles Rilli (106 lbs.) added six points for Belleville by pinning Kearny's Glen Centi. Rilli pinned in the second period, making the score Belleville nine and Kearny 0.

Belleville's Lilia (115 lbs.) defeated Kearny's John Bernadczyk, adding another three points to Belleville. The scores stood Belleville nine and Kearny 15.

(Continued on Page 12)

Jayvees Demolish Clifton Wrestlers

The Belleville junior varsity wrestling team won an astounding victory on Tuesday, Feb. 1, over Clifton. It was the highest score achieved by the Jayvees this year.

Belleville took an immediate lead when Clifton had to forfeit the first six weight classes. Belleville's 98, 115, 106, 123, 130, 136-pound classes did not have to wrestle. Each forfeit is worth six points, therefore Belleville received 36 points to their score.

Belleville's Falco (141 lbs.) was pinned by Clifton's Gary Kuska, giving Clifton six points. Falco was pinned in the third period and was the only Belleville grappler who lost. Kuska scored Clifton's only win, and his six points were the only points Clifton received in the entire match.

Belleville's Mike Servidio (148 lbs.) scored a win (8-5) over his Clifton opponent, giving Belleville another three points, increasing Belleville's lead to 39 and Clifton six.

Joe Vasquez (157 lbs.) for Belleville pinned his Clifton opponent Bernie Vroom. Vasquez pinned in the second period, scoring another six points for Belleville. The scores now

(Continued on Page 12)

FLIPPING his Kearny opponent to the mats in crucial Thursday action is 106-pound standout for Belleville, Fred Arena. The scrappy Bellboy controlled the

match to squeeze out a 4-3 win over Mike Marino, helping the Belleville team to a 26-18 victory.

A STEADY HOLD is applied to Kearny wrestler Hugh Magee in the 136-pound division of this varsity match Thursday by Bellboy grappler Bill Mazza. Although

Mazza held the upper hand in this position, Magee came on to outpoint his Belleville opponent by a 6-5 count. The Belleville team prevailed though, 26-18.

Grapplers Cut Kearny From Unbeaten

The Stage Is Set For Raiders Tomorrow

It feels good to be a winner. Especially in your home town and old neighborhood. Coach James Silvestri, a native and resident of Kearny, can still find his friends in that town. The Bellboys came through for him the second straight year.

After ending Kearny's unbeaten streak at nine, with a tough Caldwell squad sandwiched in between two crucial matches, the varsity Bellboys again "got psyched-up" for a blood and guts encounter with cross-town rival Nutley.

The match is scheduled to begin tomorrow afternoon, 3:30 p.m., in the Belleville High School gym. A sellout crowd is expected.

The 26-18 victory over Kearny was sweet indeed. The see-saw battle was still up for grabs going into the heavy-weight, and final, weight-class. John Smith, a standout junior, pulled the win from the flames when he

pinned the Cardinal's Gary Gindzie in the third period, with only two seconds remaining in the match. In ending an undefeated season for Kearny (they were 9-0), Belleville showed their wrestling supremacy over the Hudson County school for the second straight season.

"The boys knew I wanted this win very badly and they went out and got it for me," said Silvestri. "Now they have the Nutley match coming up. That's the one they want. I'll be rooting for them. They want Nutley just as bad as I wanted Kearny. They will have no problem getting

up for the match." Topping the Maroon Raiders may be just as difficult, if not more so, than beating Kearny. Nutley handily defeated Montclair and were riding high in the state rankings before walking into Kearny and most recently Essex Catholic. Both Belleville and Nutley were defeated

while it broke the Raiders' hearts. Tomorrow Nutley will be keyed-up not only because of the bitter rivalry between neighbors, but also because of last season's humiliating defeat.

See Mustangs Crushed With Varsity Power

The Belleville varsity wrestlers soundly defeated Clifton, 44-8, recently. It started with an easy six points when Clifton forfeited at the 98 class but was evened out when Belleville

forfeited at the 106 division. The wrestling finally started when Mike Resciniti (115) defeated Nick Donato, 4-0. Brian Banda (123) was quick to follow with six more points when he pinned Bob Kasper in the third period. Captain John Mustachio added another six when Clifton again forfeited at the 130 class.

Sophomore Bill Mazza chalked up another varsity win by pinning Roger Pytko in the 136 class. Clifton gained their only points, except for the previous forfeit, in the 141 match when Joe LaValle and Steve Holtzman wrestled a scoreless match thus adding two points each to their respective team scores.

In the 148 division co-captain Walt Bennett shut out Steve Pinchak, 2-0; and co-captain Bill Natale defeated Steve Stark, 11-10. Gary Falkman (168) defeated Tom Wondenberg, 5-1 and Joe DeBacco (178) made easy work of John Zochache by a score of 7-4. Heavyweight John Smith completed Belleville's romp by shutting out Stu Elfenber, 3-0.

Cagers, 78-57

Again 21 Points Makes Difference

The Belleville varsity-cagers season mark dipped to 4-14 with Kearny's rout of the local five Tuesday afternoon by a 78-57 margin. The season finale is tomorrow when the club travels to Bloomfield, currently holding down third place in the Big Ten Conference.

Oddly enough, Belleville has dropped its last three contests by identical 21-point margins, starting with the Irvington rout, to the powerful Panthers and now Kearny. The Bellboys will have their hands full tomorrow when they attempt to up their mark against all-state guard Paul Lape and Co. Bloomfield, not considered as powerful as last year, is still the defending

In 81-60 Contest

Powerhouse Panthers Topple Local Quintet

The Belleville Bellboy basketball team gave a strong account of themselves this past Friday afternoon before falling to the powerful East Orange Panthers by a score of 81-60 in a game played in Belleville.

Even though the final score doesn't indicate it this ballgame was a lot closer than most people expected it to be, as the final 21-point margin was the biggest East Orange lead for the game. However, with the victory the Panthers clinched their fourth straight Big Ten basketball championship, and increased their record to 15-1. Belleville is now 4-13 on the season and occupies ninth place in the conference, a game ahead of archrival Nutley.

The earlier moments of the first quarter in this game were back and forth before the hustling Bellboys took a 13-9 lead to the delight of the pro Bellboy crowd. Belleville star Ken Zoppa who was game high scorer with 27 points had eight of these points in the early going to pace the Bellboys. The all of points and senior Booker Knicks had 8 points in the 18-11 streak. Dabney also scored 11 points in the period.

The Panther's All-County ball player Mike Dabney led the 14-point burst with six points and senior Booker Knicks had 8 points in the 18-11 streak. Dabney also scored 11 points in the period.

which ended with East Orange out in front 27-14. By holding the Panthers to only four points during the first five minutes of the second quarter Belleville cut down the Panther lead. A foul shot by Bellboy Joe Lotruglio brought the Bellboys within 7 at 31-24 before the Panthers put on another spurt.

Ray Smith of the Panthers scored five points in an eight-point run in which the East Orange ballclub took a 39-24 lead. The Bellboys were able to yet the halftime score

down to 41-29 as Zoppa engaged the half by converting a three-point play.

Belleville kept up its tough ballgame in the third quarter, hanging in there, something which greatly frustrated East Orange who expected to easily blow the Bellboys off the court. Belleville led by co-captains Zoppa and Mike Petronaci and junior Cary Grostein outscored East Orange 16-13 in the third period.

Belleville cut the Panther lead down to seven once (Continued on Page 12)

Bellgirl Skein At Five; Enter State Tourney

Belleville High School's girls varsity basketball team continued their supremacy over local Big Ten schools by posting their fourth and fifth straight victories.

Win number four came last Wednesday over visiting Kearny by the score of 59-28. The first basket was scored on a fast break at the opening jump by guards Donna Foley and Cindy Ferro. This set the tempo of the game and the Bellgirls were never headed. Four of the five starters scored in double figures, while a tight defensive effort held the visitors below 30 points.

The Bellgirls traveled to Irvington next, where they clinched their fifth win in a row. Once again, senior Marty Peldunas and junior Debbie Maloney turned in outstanding defensive performances to lead the way. The offense continued its balanced attack with guards Cindy Ferro and Donna Foley totaling 16 points and 18 points respectively.

The junior varsity remained undefeated clinching their third straight by beating Kearny. Sophomores Susan Paul and Debbie Bade were the 1, 2 offensive punch for the JV.

This week the Bellgirls will play Garfield in the State Basketball Tournament. This is the first time in the High School's history that a Girls team representing Belleville will enter this kind of competition. The Bellgirls are seeded 13th in the North Section of the State Tournament. If they win on Saturday, they will then meet 4th seeded Dover.

These girls show great teamwork and a deep sense of devotion, not only by their play in games but in the long hours they practice each week. It's sad to note that in their fifth victory at Irvington, few Belleville fans could be found. The team is good, their spirit is great, so think what a little school support could do for the girls.

Junior Basketball League Action Begins With Bucks Edging Knicks

The Belleville Recreation Junior Basketball League for seventh and eighth grade boys got off to an exciting start as all three games went into the final minute before a winner could be decided.

The Bucks edged the Knicks by one point, 24 to 23; the Lakers beat the Suns by a score of 26 to 20 and the Bulls rallied in the last minute to take a 22 to 19 win over the Royals. One reason for the tight contests can be largely attributed to the leagues structure.

Each of the sixty players were assigned to one of the six teams according to his age and height. It is this physical matching and the fact that all boys must play in each game that should make for a competitive season and a great learning experience for all boys involved.

The prolific rebounding and the eleven point shooting of Robert Feldman carried the Bulls to a close win over the Royals 22 to 19. John Guarino had nine points in the win with Jack Bernades adding two. Greg Pettie had nine points to pace the Royals

with Doug Stone scoring four.

Mike Cancellieres eleven-point performance and the fine points and big rebounds of Bob Tosi provided a 26 to 20 Laker win over the Suns. Ron Kyrch also had five points while Mark Westpy scored on basket and Bruce Dolph scored one free throw. James Fusaro of the Suns scored nine points while he battled with Tosi and Cancellieres of the Lakers for the control of the back boards.

In the days finale, Alan

Cervasio of the Knicks and Joe Dunn of the Bucks played head to head throughout the game as their teams exchanged leads on numerous occasions.

Cervasio finished with eleven points and Dunn had seven while both boys pulled down a large share of rebounds. Dunn's teammate Vito Guarino also finished with seven points while David White added four. Don Tucci, Peter Lilia and Bob Giordano each contributed one basket to the Bucks total of 24.

FISH TALE — Richard Martino of 54 Wallace Street is pictured here with the 59-pound sailfish he entered in the Metropolitan Miami Fishing Tournament. Martino fished out of Miami with Capt. Al Withee as guide and will receive citation for catch.

MOST VALUABLE PLAYER—Tony Malanga of the Fountain football team, winners of the Middletown Recreation division with a 6-0 record, receives the Most Valuable Player award from (l-r) coaches Bob Moraski, Ed Danksi, Reggie Guder, Joe Valvano and Fred Marra.

Underclassmen Total 61 Points

(Continued from Page 11)

stood Belleville 45, Clifton six.

Belleville's Phil Cuzzi (168 lbs.) also pinned his Clifton opponent, Cuzzi pinned in the first period (1:53) and was responsible for adding another six points to Belleville's strong lead, Belleville 51, Clifton six.

Jim LaConte (178 lbs.) for Belleville crushed Clifton's Charles DiGiacomo by a score of 14-0. LaConte gave Belleville four more points, increasing the score to Belleville 55, Clifton six.

Belleville's Bob Luongo (Hwt.) pinned Clifton's Herb Calvert. Luongo successfully pinned in the third period, and added another six points for Belleville making the final score Belleville 61 and Clifton six.

12-Kearny 0.

Bob Willette (123 lbs.) for Belleville, pinned Kearny's Phil Friend. Willette pinned in the first period (1:45), giving Belleville six more points, increasing Belleville's lead to 18 and Kearny 0.

Belleville's DeNino (130 lbs.) was the first Belleville grappler to be defeated. DeNino was edged by Kearny's Vic Hnatuk, which gave Kearny three points. The

score was Belleville 18 and Kearny 3.

Charles Bogart (136 lbs.) for Belleville was also defeated. Bogart was beaten by Kearny's Lee Corent, giving Kearny another three points, making the score Belleville 18 and Kearny six.

Belleville's Bob Cote (141 lbs.) was responsible for Belleville's third straight loss, when he was defeated by Kearny's Bob Tooker. Too-

ker added another three points for Kearny, bringing the scores a bit closer. Belleville 18, Kearny 9.

Mike Servidio (148 lbs.) came back for Belleville by scoring a win over Kearny's Greg Handel. Servidio added three more points for Belleville, making the score Belleville 21 and Kearny 9.

Joe Vasquez (157 lbs.) was Belleville's fourth loss, when Kearny's Kelvin McLaren

pinned him in the second period. Six points were added to Kearny's score, making the score close with Belleville 21 and Kearny 15.

Belleville's Jerry Frunzi (168 lbs.) scored a win by defeating Kearny's Kevin Watson.

BECK'S COLUMN

MAX BECK

It is well known that there is a color TV in the expense for replacing the picture tube, if it fails. Many customers ask us how long it lasts.

The answer to this question depends on a number of things, mostly the length of time the set is used per day. If a set is used 10 hours per day, it won't last as long as if it would be used only half that time, this stands to reason. Besides the slow decline due to use there are the failures due to burn-out and shorts within the tube.

Color TV picture tube manufacturers state that there is a noticeable deterioration after 1000 hours, which would mean approximately about 3 hours a day within a year.

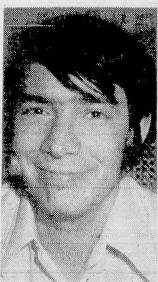

Most people use their color TV more than 3 hours a day. Accordingly, if the manufacturers are right, a decline should appear already before the first year is over. A decline of course does not mean a failure, which would be covered anyway by the guarantee.

Most of our customers have service contracts with us. As a general rule we figure that we replace a color TV picture tube after 5 years of regular average use, which we consider to be about 5 to 6 hours a day. Our customers with service contracts are always happy to have them when a picture tube fails, which for a 25" tube means over \$200.

This alone pays (for most sets) for 12 years of the service contract. Of course, the replacement of the picture tube is not the only expense for repairs. Within 5 years one has to figure to pay another \$250 to \$300 for other repairs. Whenever you turn it in, in the long run it won't make much of a difference in your total cost, whether you maintain a service contract or whether you pay as you go. There is a great difference in the performance of your set though if you have a service contract, because you will call a repairman at the slightest failure, while most people wait until a contract wall hoping that the trouble will correct itself, which it does not, of course.

Although Belleville never got any closer in the fourth quarter, they continued to give East Orange fits. As late as with two minutes to go in the game Belleville trailed by a 75-60 margin before the Panther quickness allowed them to steal six quick points from Belleville.

Smith, Council and Dabney combined for 21 of the 27 points that East Orange scored in the quarter. Belleville's leading scorers of the quarter were Zoppa with 5 points, and Petronas and Frank Bettie who scored 4 each.

day will include interviews with the three. They will discuss with members of the Fund their injuries and how they have struggled to maintain an almost normal existence. Officials of the Fund are arranging to utilize high school classrooms for the Jet autograph session. Hopefully, the Jets will be paired to a room, giving fans ample time and space to visit their favorite player.

Ticket outlets include Jolly Cleaners, Flowerama, Belleville, Zig Zag Bar, Circle, McGreevy's Tavern, Vunno's Tavern, Sportman's Haven, Guys and Dolls, P.J. McDonald's Bar, Vee Bee Esso, Di Bacco's, Eastern Liquor, Park Avenue Barbers, Rosebud's, Ed's, Frenchy's, and O'Leary's Tavern.

The Craig Fund all-star lineup includes co-captains Rich Luzzi and Mike Chieffo, and Jim Nisovocchia, Emil D'Angelo, Bob Laird, Red Higgins, Jim Corino, Tom Joyce, Bill Ruch and Bob Van Dyne. All team members are alumni of Belleville High School and played varsity ball there.

YOU WILL STOP SMOKING ON MARCH 15th

If you join the JACQUELYN ROGERS SMOKER Seminars starting in your area... (or, of course, you may stop smoking without SMOKERS, if you'd rather).

The trick is: HOW YOU FEEL AFTER YOU STOP. If you want to stop without "climbing the walls" and with a feeling of relief — and, best of all, WITH A SMILE — then come to find out about the JACQUELYN ROGERS SMOKER METHOD.

and bring your cigarettes. Remember: this is the method that requires you SMOKE AS MANY AS YOU LIKE while you learn how to break the habit. In small, manageable segments — Step-by-step.

(At risk of being totally unbelievable, we'd like to mention that SMOKERS is FUN, too. It's hard to imagine quitting being fun, isn't it?)

So come to a FREE EXPLANATORY Meeting in your area. (No kidding — FREE — to find out. Because we know YOU CAN'T PUSH A SMOKER INTO quitting. We don't push. But let us warn you! Most smokers who come to find out about the JACQUELYN ROGERS METHOD find it makes a lot of sense, and they can't wait to start!)

IF YOU HAPPEN TO MISS THE FREE EXPLANATORY MEETING, COME TO A FREE MINI-BRIEFING 15 MINUTES BEFORE THE SEMINAR STARTS — AND DECIDE THEN.

And it won't hurt a bit. We think smokers are great and treat them with fondness and respect. You see, we were all smokers ourselves who did it with SMOKERS. SO COME, but don't expect any of that Scare business or Willpower stuff. And bring your friends. They may thank you for a lifetime...

148 For Belleville Ship

Local Sea Explorers Are Requesting Funds

As part of a two month program, Sea Explorer Ship 389 of Belleville will be engaged in a series of events and collections, all of which are aimed at the raising of the

necessary funds that will be needed to operate their ship during the upcoming year. Ship 389 recently obtained a 38-foot buoy-tender, transferred to them from Ship 25

of Bayonne. After performing minor hull work, for the ride up the Passaic River, the boat was taken in tow by Ship 13 of Kearny. Upon arrival here, it was placed in dry

dock at the West Hudson District Sea Explorer Base, on River Road, Kearny. Now that the boat is where the boys and their advisors can work on it, they have

plans to completely renovate it before the cruising season arrives. This includes the installation of a new engine and the building of a cabin, both of which the boat now lacks.

Work has begun, however, it has practically come to a halt awaiting the necessary funds. Funds used by the ship are raised through the boys' efforts and by private dona-

tions, and anyone who is willing to help them should contact the unit. Arrangements can be made by contacting the skipper, Walter Poniken Jr. at 751-1427 or his mates,

Roy Corriveau at 759-6789 and Tom Idenes at 759-8967. They are presently collecting old newspapers and scrap metal (brass, bronze, etc.).

11 Seen In Opera Festival

Eleven Belleville High School students participated in the North Jersey High School Operatic Festival in the Hunterdon Central High School in Flemington on January 22.

A chorus of 800 students from the North Jersey area, an orchestra of 100 players, and a dozen high school vocal soloists present Verdi's "Il Trovatore, The Troubadour," in concert form.

Dr. Samuel W. Peck, director of music in the Belleville Public Schools, prepared the Belleville contingent for their participation. Dr. Peck was assistant state coordinator of New Jersey's high school operatic festivals this year, and was cited during the performance on January 22, for distinguished service in connection with the festivals. For the previous two years, Dr. Peck was chairman of the North Jersey operatic festival committees.

Area Church Celebrates

The Annual Congregational Dinner and meeting of the Belleville Reformed Church was held on Friday, Jan. 28. In addition to the usual organizational and financial reports, special emphasis was made of the 275th anniversary of the founding of the church.

The women members of the Anniversary Committee were attired in Dutch costumes and the table decorations included candles and live flowers in "wooden-shoe" containers. Displays were set up showing costumes, pictures, jewelry, stamps, cooking utensils, etc., of early Dutch settlers.

The Belleville Reformed Church has long been known as an historical landmark in our town. It had been involved in the skirmishes along the Passaic River during the Revolutionary War. A detailed history of the Church will be available in October of this year. Also, at that time, several public events are scheduled to celebrate this occasion.

Daffan Named Supervisor At Factory

Donato Daffan

The Wallace & Tiernan Division of Pennwalt Corporation has announced the promotion of Donato Daffan to supervisor of expediting at its plant in Belleville.

Wallace & Tiernan is a world leader in the manufacture of equipment for metering and controlling gases, liquids and solids; as well as in the manufacture of instrumentation for water and pollution control systems.

Daffan, a resident of Belleville for the past three years, lives at 17 Clinton Avenue, Belleville. He joined Wallace & Tiernan in 1964 and has served in the Planning and Expediting Departments.

He has been a member of the United States Army Reserve. He is married to the former Patricia Monticello, and they have one child, a son, two years old.

Question, Answer Column

By Mary Bowden

The Belleville Times is adding on a new addition to the student page, in an effort to benefit and deal with the problems of our school and community.

The new addition is titled Q.A.P.S. An abbreviation for Questions Answered. Problems Solved. A great new way to help people express themselves or solve a problem.

We realize that some people are afraid to express their opinion or ask questions in fear of being called "stupid." Our new column is going to deal with this. All there is to do is write a letter to Q.A.P.S.

Q.A.P.S.
c/o 73 Bremond Street
Belleville, N.J. 07109

Our job is to try and answer your problem or just hear your opinion about a certain topic.

Your name is not required on your letter but we would prefer it. Just send all letters to:

Q.A.P.S.

Word Problem

By Bill Hamilton

Since that great time of darkness, exam time is almost upon us. I decided to write about the deadliest type of question that can ever be asked on a quiz, test, or even an exam. Whether you have now or have had Algebra, Geometry, Advanced Math, General Math, or any other such subject, you are sure to have stumbled through a word problem or two. Perhaps you don't understand exactly what a "word problem" is. Let me give you an example:

"If John is three times as old as Jim's sister's friend, Ann, who is twice as old as Tim is younger than Tom, divided by Don's age, then how old is Mary?"

The word problem has become a tradition in our American Educational System, right up there with detention and surprise quizzes. Word problems, quite simply, are a practical application of utter confusion. They are responsible for increasing the vocabulary of all those within hearing distance of someone unsuccessfully trying to solve one of these beauties. Word problems are also very profitable for manufacturers of pencils, for these problems cause the wearing down of not only both ends of their product, but often results in a "frustration-release" exercise done by placing both hands at each end of the pencil and snapping the wrists... as well as the pencil.

This column has been a typical example of someone criticizing an important and established part of our education. But often making fun of something makes it tolerable. Unfortunately, in this case, it probably does not.

If you add up the large number of words in this column divide that number by three, multiply it by Millard Fillmore's age on his thirty-third birthday, then add Mary's age to it, you'll find you will be as totally confused as everyone else. Word problems are a Communist plot to undermine the youth of our nation.

Seriously, at the time of this writing, the school budget was yet to be voted on. If it was passed, I express the appreciation of all students at Belleville High for your support. If the budget was defeated, though, I feel that the folks of Belleville have done a great injustice to the students in Belleville and to this community itself. Regardless, I thank all those who made an effort for both the students and the budget.

WILLIAM HAMILTON

School Page Coordinator

The information on this page is provided by the staff of the SPOTLIGHT

Midterm Exams Here

Midterm exams are making their grand entrance on February 14, 1972. The exams are planning on staying for a long visit, which will last throughout the week. There was a debate on if they should return at all since they sometimes do not help the individual.

Unfortunately they are on their way but are not welcome. The very mention of the word "exam" gives most

students goose bumps and stomach pains. After the exams return home, many students are left with blood shot eyes and an ulcer.

Many complaints have been passed around but all there is left to do is worry about them. Now is the time for students to "shape up, or fail!"

Soup's On Next Week

"There's A Girl In My
Soup" will open Monday, the
East Orange Little Theater
reports. The production is
scheduled for 8:30 p.m. at the
Elmwood School.

Productions are set Mon-
day through Saturday, Febru-
ary 19, at the 8:30 p.m. cur-
tain. Tickets are \$1.75.

The play, a light comedy,
was written by Terence Frisby
and is being directed by Vin-
cent LaMartin. The East Or-
ange Little Theater group is a
non-profit, amateur organiza-
tion.

The Elmwood School is lo-
cated at the corner of El-
mwood Avenue and South
Burnet Street, East Orange.

Montclair TV Channel Now Due in December

Television channel 50 originally
scheduled to go on the air this fall from
Montclair probably won't begin tele-
casting until December. The new time-
table for programming was announced
this week by Dr. Edward J. Meade Jr.,
chairman of the New Jersey Public
Broadcasting Authority.

Dr. Meade called the December date
"more realistic," in terms of recent con-
struction delays. Channel 50 has been
assigned the call-letters WNJM and will
be one of three stations opening this year

under the auspices of the N.J. Public
Broadcasting Authority. One channel,
WNJT (52) is already on the air from
Trenton but pictures in the Nutley-Bel-
leville area are snowy. The channel in
Trenton features 30 minutes of New Jer-
sey news evenings at 7:30.

Dr. Meade said there was a possibility
work on the Montclair channel might be
completed prior to December. "If the
work is completed and the station is
ready to go on the air earlier, we'll
welcome the good news," Meade said.

Bum Play Contest Entry

Holy Family CYO is busy
rehearsing a one-act play for
presentation late next month
or early April. Miss Judy
LePre is the director and the
cast is made up of registered
members of the CYO at Holy
Family Parish.

The play is titled, "Cupid Is
A Bum, Is A Bum, Is A Bum."
Members of the parish will be
invited to see the production
free of charge.

"Cupid Is A Bum, Is A Bum, Is A Bum"
will be the annual Essex County
CYO Play Contest selection
for this spring.
