The Belleville Commission Tuesday night passed by a 3-2 vote an ordinance which will allow a charge of a \$20 fee for ambulance service in Belleville. Commissioners Mrs. Mary Senatore and Michael Marotti cast the dissenting votes against the bill, which was originated by Commissioner Robert Laterza of the Public Safety Department.

In a public hearing, little opposition to the ordinance was evidence, though Mrs. Sally Hood of 66 Fairview Place stepped forward to say that the ordinance, in its present form, was unclear as to who was to be charged for the service. Commissioner Laterza has said only persons who are covered under hospitalization plans will be billed for the services, and that those without hospitalization will not have to pay. He restated this at the Tuesday night meeting.

The ordinance states that a fee of \$20 will be assessed for the transportation of any person to Clara Maass Hospital

## Split 3-2 Commission Vote Kills \$365,000 Addition on Library

**Belleville's McGovern Supporters Working Hard**  
The nation's press keeps repeating the story that McGovern's Presidential campaign is Ohio-oriented. If that's true, then Belleville is no exception as evidenced by this group of enthusiastic campaign workers at the Belleville McGovern Headquarters. The Belleville Group is working toward New Jersey's June 6 primary - the same date as the California primary. If McGovern wins here and on the coast, he will come close to wrapping up the Democrat Presidential nomination, especially following the past Tuesday night's victories in Oregon and Rhode Island. Pictured in the discussion above are (left to right) Jim McCann, Eileen Finnegan, John Restaino, Jim McCann Jr., Mary Ann Colby, Keith Knight and Connie Colby.

## McGreevy, Strumolo Overruled

By Ken Moore  
Belleville Town Fathers Tuesday night struck down by a 3-2 vote a bond ordinance appropriating \$365,000 for the construction of an addition at the Belleville Public Library and unanimously passed on first reading another ordinance authorizing a \$100 yearly boost in the clothing allowance for policemen and firemen.

Mayor Joseph McGreevy and Public Affairs Commissioner Vincent Strumolo were the only board members to vote for passage of the library ordinance which would have appropriated a \$200,000 addition to the building at 213-221 Washington Avenue. Opponents were Public Works Commissioner Mrs. Mary Senatore, Parks Commissioner Michael Marotti and Public Safety Commissioner Robert Laterza.

Laterza said that an addition to the library was needed, but in the northwest section of the town. Mrs. Senatore said that "other priorities," especially tax relief, were more important, and said a house next to the library could have been purchased by the town two years ago with the intention that it would be used as an extension.

Mayor McGreevy responded "that would have entailed the purchase of property cost the taxpayers over a million dollars. This new addition is more feasible and more economical."

The addition would have been erected on a site directly in front of the existing library on Washington Avenue and would have doubled library space from 6,000 to 12,000 square feet.

The additional clothing allowance increase for policemen and firemen would amount to a \$15,600 total. The uniformed workers had been seeking a \$300 across-the-board pay raise but had met opposition from the Board of Commissioners.

Public Safety Commissioner Robert Laterza was sympathetic to the requests of the uniformed workers and has said he will have to cut down other areas in the Public Safety budget in order to accommodate the increase in the clothing allowance. A public hearing will be set before the ordinance is finally voted on by the Board of Commissioners.

## Dog Shots Finale Set Saturday

With one day left in the annual free Rabies Control Program, officials of the Belleville Department of Public Affairs expect to reach a record high in immunization. Due to inclement weather, Saturday's clinic was postponed and will be held this Saturday from 1 to 4 p.m. at the Recreation House at 407 Jeralemon Street.

## McGreevy, Senatore Ask State To Go Slow on Tax Reforms

Belleville Mayor Joseph McGreevy urged N.J. Legislators Tuesday night to go slow in acting upon Gov. Cahill's tax reform bills. And at least two Trenton officials, Sen. James Wallwork and Assemblyman Carl Orechio, were quick to agree with the Mayor.

"I took the Sears Committee two years to come up with this tax package," Mayor McGreevy said. "How does the Governor really expect the people of this state to digest all these proposals in the period of three weeks? I've been studying the tax reform reports ever since they started being released and I still have many questions on many subjects."

McGreevy wasn't alone. More than 250 residents of

## McGreevy, Senatore Ask State To Go Slow on Tax Reforms

Belleville, Nutley, Bloomfield and neighboring towns indicated they were unhappy with explanations to date as well. And when Sen. Wallwork pledged, "I won't be stampeded into acting upon these bills by the Governor or anyone else," he was enthusiastically applauded.

Commissioner Mary Senatore, who also attended the hearing held in neighboring Nutley, said she believes every official in New Jersey should be given a complete set of the Governor's tax proposals before they come up for a vote in Trenton. Mrs. Senatore notes the tax proposals would affect Belleville's school fundings, local property taxes and add assessments on such services as barbershops and savings institutions.

"And all those increased costs would be passed off to the consumers," Wallwork notes. "There's a lot more to these proposals than simply adding an income tax in New Jersey."

Wallwork and Orechio, both Republicans, took

strong stands against resisting pressure from Cahill's office. Both were also concerned with the fact they are being asked to vote on the tax reform bills early next month. "We don't even have copies of all the bills that are being proposed," Wallwork stressed. "I don't see how we possibly can study these recommendations and vote intelligently next month. The Governor's schedule is unrealistic."

Assemblyman Orechio said "there's no question in my mind that the effort in the House will be for delay action on these bills. If for one won't vote on any measure which I am not familiar with and I don't see how we can be expected to grasp in three weeks what it took the Governor and his entire staff of experts 12 weeks to study before even making a public comment."

Walter Weller Jr., vice president of Hoffmann-LaRoche, said the tax package would increase his firm's overall payments to New Jersey by 40 per cent. Agreeing with Roche's posi-

tion was Daniel W. Byles, corporate attorney for another pharmaceutical concern who said Weller's figures were conservative. Both men expressed fear industries here would locate elsewhere. "Certainly those now thinking about possible moves to New Jersey would now go elsewhere," Weller said.

Adding to the dismal atmosphere of the Tuesday night tax hearing were reports that dozens of new assessments upon various types of businesses such as barbershops and banks would all be passed off to consumers. There are no guarantees that senior citizens wouldn't be paying more, that local real estate taxes would be reduced, that state control over town school boards wouldn't increase, or that Cahill's dollar limit on a state real estate assessment would stand firm as the years passed by.

Especially revealing was the fact that Cahill wants Wallwork and Orechio to join other legislators in acting up-

on the contract, just as we listen to everyone, and his whole argument was based on opinion. When you look at the whole bid of each company, you find that Cascade had the low bid. If a company meets the specifications, and is a responsible company and submits the lowest bid, they are bound to award the contract to them."

Mahmarian further said the contract may be broken if Cascade does not meet the specifications. On the question of "alternate material," he said, "our art supervisors have indicated that their products will be adequate."

At the meeting, Bartley said his company had supplied the Belleville school system for over six years. Mahmarian said that they had won the contract for many years, "but in most cases, they were the only bidder. Most other vendors are much smaller and couldn't compete against J.L. Hammett."

Hammett received a part of the contract amounting to \$2,228 for supplies not bid by Cascade. This was the second time bids were received for the contract after errors were found in a previous bidding in February.

## Schools Shifting Supply Contract To New Firm

A \$31,626 contract for office supplies and art supplies was awarded by the Board of Education in a resolution passed at their regular meeting Monday night, sparking what President Richard Mahmarian called a "mild protest" from the school system's former supplier.

Cascade Paper Products of Massachusetts earned the lowest bid for the materials, but Lester Bartley of J.L. Hammett Company of Union said they won the contract because they offered a lower price for alternate material to be used if the specified merchandise is not available.

Mahmarian said, "The board listened to its argument, just as we listen to everyone, and his whole argument was based on opinion. When you look at the whole bid of each company, you find that Cascade had the low bid. If a company meets the specifications, and is a responsible company and submits the lowest bid, they are bound to award the contract to them."

## Vandals Cost \$8,000 Taxes In 10 Months

Replacement of shattered windows in Belleville schools has cost the school system over \$8,000 in ten months, indicating an increase in vandalism. School officials have been discussing and utilizing different methods to cut down the damage.

Harold A. Dufford, assistant superintendent for the business administrator reports the cost of new glass from July 1 of last year until May 9 of this year was \$2,879.92, and the cost of labor is estimated at \$5,000 to \$6,000. He said vandalism usually increases in the spring and that auxiliary policemen have been used to patrol the schools at night. He indicated that certain schools have been hit harder by vandals than others.

Rocco Landolfi, chief of the auxiliary police, said crews of men make regular patrols with radio cars and walkie-talkies. "This has been done all along," he said, "though we have stepped up a little at a couple of schools that seem to have become targets for vandalism."

Richard Mahmarian, president of the Board of Education, said, "Members of the board are very upset over this situation. These are tax dollars that should be spent on education and instead are going towards repairing broken windows."

He reported that the board is currently considering ways of holding parents accountable for damages caused by their children. "Up until now, it's been sort of hit and miss, but we may definitely be responsible all parents of any children who are caught in an act of vandalism."

He also said there are other alternatives open to the administration, such as windows with many smaller panes, thus reducing the amount of breakage, or certain types of unbreakable glass.

## List Schedule For Belleville's Memorial Day

Memorial services will be held in three locations Monday as veterans and other citizens of the town gather to honor deceased veterans of the military services and the police and fire departments.

Services begin with the raising of colors on the Rutgers Street Bridge at 8:45 a.m. when Rev. Henderson Goliston will offer a memorial prayer and a wreath will be placed on the waters of the Passaic River by Raymond Carnasciole, chairman of the Belleville Veterans Council. A salute will be given by the firing squad of V.F.W. Post 275, accompanied by the tolling of the bells from the Dutch Reformed Church.

At 10 a.m., all participating organizations will gather at the memorial on Union Avenue, where the high school band will play the national anthem and Rev. Benedetto Pascale of the Silver Lake Baptist Church will deliver an invocation. James Leary of V.F.W. Post 275 will give the welcoming address and Mayor Joseph McGreevy will be the guest speaker. After a selection by the band, members of all veterans posts will place flowers and a salute will be given. The services will be closed by Raymond Carnasciole.

At Town Hall at 11:30 a.m., wreaths will be placed in services dedicated to deceased members of Belleville Police and Fire Departments.

Participating organizations are D.A.V. Chapter 22 of Belleville and Nutley, Joseph J. Carbat Post 299 of the American Legion, V.F.W. Post 625, Barbore Mosco Post 7 of the Italian-American War Veterans and the Belleville Amvets Post 26.

 The Board of Commissioners. A resolution was passed permitting a group to stage a demonstration in opposition to the County Parks Commission's decision to raise fees for golfers in Hendricks Field from \$2 to \$4. The resolution sparked a discussion on means of seeking tax relief from the legislature on the grounds that the county owns a high percentage of untaxable land in Belleville, including Hendricks Field. Commissioner Laterza expressed concern at the decision by Pathmark stores to leave their Belmont Avenue store open 24 hours a day.

## Children's Railroad Opens Decoration Day

Every summer there are hundreds of mothers who wish their small children to be outing. Many mothers are not aware that near the center of Roseland, there is a miniature railroad available. It is the "Centerville & Southwestern Railroad," owned by Henry E. Becker.

Knows the world over, the C & S has had visitors from Australia, Europe and South America. Many adults enjoy the rides as much as the children.

This is the 25th year of its operation. Opening May, it is located on the Becker Farm in Roseland on Livingston Avenue. The train travels 2 miles through a rural setting. Roseland's early name was "Centerville" from which the railroad gets its name.

Although miniature in size it has a "live steam" engine with all the sights, smells, and sounds of a full scale train which gives the children a real sense of traveling. There is also a "Diesel" train for those who dislike the smell of coal. All trains adhere to strict schedules while automatic signals safeguard their operation.

Those who have seen and ridden the line say it is a very interesting route to "Paradise Valley".

Henry E. Becker plans to continue the railroad's tradition of providing educational pleasure with safety in a relaxed atmosphere of hospitality for young and old alike amid clean air rural surroundings.

# Wallwork, Orechio Pledge They Won't Be Pressured Into Vote on Income Tax

(Continued from Page 1) on the tax proposal early next month will more than half of the supporting bills still to be printed. "If I've learned anything tonight, it's that the schedule we've been asked to follow is unrealistic and the people of Belleville and Nutley have told us they don't want us to be stampeded into action without knowing exactly what we're voting for," Wallwork told the Times-News after Tuesday's hearing

had ended. Wallwork and Orechio both said they were unable to get the information they needed to better understand the Governor's tax proposals. About the only ones at the two-hour hearing who said they had information were representatives of the League of Women Voters which is lobbying for the Cahill recommendations. Orechio indicated prior to last week's revisions in the tax reform package that

Belleville's real property tax rate would probably stay the same. "This means Belleville residents would be paying more, however, because they would be saddled with a personal income tax," He said he would vote against any plan which results in Belleville taxpayers having to shell out more than they're doing today.

## Cranbury Man Named N.J. Housing Director

Community Affairs Commissioner Lawrence F. Kramer announced today that William L. Johnston of Cranbury has been named Deputy Executive Director of the New Jersey Housing Finance Agency.

Kramer, who serves as chairman of the agency, said the appointment was made at a special agency meeting this morning. Johnston, 34, has been the agency's chief financial officer for the past two years.

"Although the post of Deputy Executive Director has been part of the agency's organization chart since it began operations in 1967, we did not feel justified in making an appointment before this time," Kramer said. Now that the agency has gained momentum, he said, it has become necessary to take some of the administration from the shoulders of Executive Director John P. Ren- na, Jr.

## Arts Center To Highlight Opera Star

Elaine Bonazzi, who won the acclaim of the TV and opera worlds for her February performance in the title role of the nationally televised "The Trial of Mary Lincoln," will sing with the New Jersey Symphony Orchestra on Wednesday night, June 14, at the Garden State Arts

Miss Bonazzi, a mezzo soprano, will be one of the guest artists appearing that evening under the baton of music director Henry Lewis. She will join with soprano Clarice Carson, tenor George Shirley, bass Raymond Michalski and the Masterwork Chorus in presenting the closing highlight of the program the final choral movement of Beethoven's Symphony No. 9 in D Minor, Opus 125.

Miss Bonazzi, an established singing star before her appearance in the world premiere of "The Trial of Mary Lincoln" last February 14, attained even greater recognition with that memorable TV performance.

## New Voting Districts

This week the New Jersey Supreme Court invalidated the appointment plan by which the present Legislature was elected last November. The thrust of the court's ruling was the basis for the election of State Senators. The court held unconstitutional that section of the New Jersey Constitution which provides for the election of State Senators along county lines.

Next year a new Legislature will be elected and for the first time in the history of the State, Senators will be elected on the basis of a Senator from each district rather than countywide election which has prevailed for all these years.

Under the 1970 census which will form the basis for Legislative districts, the state population was 7,170,634. The ideal population per Senator would be 179,266. The U.S. Supreme Court has approved Legislative redistricting involving a deviation from the mean population level of a total of 11.9 per cent. The appointment plan which the New Jersey Court invalidated last week reflected a mean population level of 28.83 per cent. In view of the U.S.

Supreme Court ruling, it appears that a 10-12 per cent population level would be acceptable to the New Jersey Supreme Court.

Next year voters may be faced with strange names and new faces for at least a majority of the new Legislative districts from whence 40 Senators and 80 Assemblymen are to be elected will represent drastic changes from the county line districts and the present Assembly districts.

It is our hope that Legislative redistricting for next year's election will meet with greater success than the Congressional redistricting efforts of the recent past. Readers will recall that the Legislature was unable to redistrict for the Congressional election and the courts were obliged to step in and do the job which the Legislature should have done in the first place.

## Lowering Food Prices

Despite objections by some grocery chains, the overwhelming majority of the American people favors government action to check excessive and inflationary price-hiking of foodstuffs.

For many years, now, large grocery chains have had things their way. In the beginning they unquestionably brought prices down. And the chain operation is still the most efficient, best hope for minimum prices.

However, as the chains have grown into monster corporations and the population has rapidly expanded, in many communities one or two chain stores are able to have their own way in pricing. In effect, there is little competition in such areas. Prices on anything can be hiked arbitrarily, with no procurement cost justification.

This has become standard practice, the dominating idea being to increase store profits.

The vast majority of Americans oppose government price regulation in most fields but the field of food is not one of them. Food is like utilities, a basic necessity, especially for babies and children. The government has an obligation to oversee the general welfare in this area.

In this connection, the recent very limited cooperation of several food chains, which only agreed to hold the price line one month, was disappointing.

This is one reason why the Price Commission in Washington has the support of the American people in its current rollback orders to grocers.

## Immature College Professors

One of the current dangers in American society stems from immature professors teaching the nation's youth. Today's college professor is, of course, almost unobtainable. Usually he or she almost never is fired or transferred and such immunity often leads to theoretical arrogance. Equally bad, the lack of guidance or authority from above encourages many to go along with student militants and intimidation in a play for popularity, the easy way to get along. Anyone who has watched many panel

discussions involving college professors has probably observed that the great majority of the professors today echo militant or radical student protests, often with a self-righteous and condescending tone toward all who disagree.

To hear the impractical proposals of some of these young long-hairs, and how certain they are this is an awful country, to listen to their entirely theoretical concepts and denunciations, knowing many have never worked physically or in business for a living is disturbing.

# Residents Remain Stunned Over Manager's Decision

By Elaine Auerbach

### One Year Ago

Annette Guardabascio, president of the Belleville High School senior class, placed second in a statewide youth leadership contest sponsored by the Elks National Foundation. Annette earned a \$150 U.S. Savings Bond for her second place finish. She had previously won a \$25 bond from the Elks after placing first in a local leadership competition.

Belleville's varsity nine came within four outs of pulling a major upset in the season. Leading 3-2 with two outs and nobody on in the top of the sixth, unbeaten powerhouse Morristown (22-0) rallied four runs to top the Bellbros 6-3 and eliminate the squad from state tournament play.

The Belleville Board of Education called a public meeting in the senior high school to discuss the possible expansion of that facility. Board President Leonard Back said that the meeting would confine itself to a discussion of the Walling Report, which had been prepared by a Rutgers Research team under the direction of Dr. Donald Walling. The report warned officials of a soaring enrollment crisis in the school.

### Five Years Ago

Albert E. Alspach of Lindenwood accepted the pastorate of Bethany Lutheran Church and was to begin his ministry on July 1. Mr. Alspach had just been ordained into the ministry of the Lutheran Church in Ocean City. His first act as a newly ordained pastor was to conduct the Rite of Confirmation at the church.

Residents remained stunned and somewhat confused regarding interim town manager Charles Tedesco's sweeping move to muzzle all municipal agencies. Tedesco declared that all town employees were forbidden to make statements to newspapers until the statements had been censored by the manager's office. "We can't have one guy," said Tedesco, "issuing statements all the time on something that might be settled among ourselves." Tedesco added that any violations of his orders would result in disciplinary action.

Police cracked a local drug ring and arrested three persons for illegal possession of narcotics alleged to be heroin. Police trapped the accused shortly after receiving a tip that one of the men was planning to transport a shipment of narcotics into the community of New York City. A stakeout at Route 21 at the Mill Street exit was organized to capture the suspected drug dealers.

### Ten Years Ago

The appointment of Walter Storms as news editor of the Belleville Times-News was announced by Frank A. Orechio, editor and publisher. Storms, who succeeded Miss Rona Bernstein as head of the department, had been in newspaper work nearly all his life. He had owned and edited a weekly newspaper in a section of New York City while he had attended high school.

The first spadeful of earth were turned over to signify the start of construction of the new Clara Maass Professional Building. Officiating at the ceremonies were William F. Blanchard, president of the William L.

Blanchard Company, and John Kidde, president of the Board of Trustees of Clara Maass Memorial Hospital. The professional building was to be a three-story structure with suites for 30 physicians. Pharmaceutical, X-ray, and laboratory facilities would also be housed in the building for the use and convenience of the doctors.

The Veteran's Council of Belleville completed plans for Memorial Day services, according to James H. Leary, chairman. The Council received acceptance from Harry N. Weeks, past department commander of the American Legion, to serve as guest speaker at the services which would take place at the Union Avenue Veteran's Monument.

### Fifteen Years Ago

Fourteen community leaders from Belleville, including Mayor Isadore Padula, were invited to participate in an inspection tour of the New York-New Jersey Harbor as guests of the Port of New York Authority. The cruise would provide a firsthand view of the harbor's varied transportation operations and an explanation of the Port Authority's program for developing modern terminal and transportation facilities for the Port. The tour was scheduled to pass over the Lincoln Tunnel where the \$100,000,000 Third Tube would be opened to traffic.

Actual construction work was begun on development of the former Plenge Farm Area, which had been sold to Rutan Estates of Newark. The firm intended to construct about 275 one-family homes on the former farm land. Three building permits had been issued to the firm for the erection of three model homes which would be used in the development. No final street plans had been filed with the town engineer's department due to the fact that sewer plans had not been decided upon.

Mrs. Jacob Faust was appointed chairman and Mrs. Louis Haft co-chairman of the Belleville Campaign of the Women's Division of the 1957 United Jewish Appeal of Essex County. The campaign by the United Jewish Appeal was conducted annually for the benefit of 57 health, welfare, recreation, and education agencies which served the Jewish people in the community and in the county.

### Twenty-Five Years Ago

Harry Specht, president of the Belleville Foundation, revealed that at a meeting of the Foundation's trustees, Mayor James Tully, as a trustee, requested that the group lend its support toward considering the construction of a civic center in Belleville. Acting in response to the appeal, Specht appointed a committee to take the project under consideration. It was the second time that the Foundation had agreed to cooperate in the proposal of a civic center. Plans had once before been submitted to the Board of Commissioners but had been rejected by the group.

One of Belleville's outstanding members of the ministry was to bid his parish goodbye on June 15. The Rev. Dr. Edgar Compton of Wesley Methodist Church was to retire to seek assignment to another church for one year in order to round out forty years in the Methodist ministry. Rev. Compton had been at Wesley for 20 years.

## The Governor's VIEW

By Gov. William T. Cahill

Tax reform is the most vital issue, and certainly the issue with the most far-reaching effect, of any that the citizens of New Jersey can expect to face in this generation.

The tax program, as drawn by the Sears Committee after two years of study, and which I modified in presenting to the Legislature last Thursday is not just a new tax. It is a whole new system of taxation that will correct inequities in our present system.

This new system will help home owners, particularly the very old on fixed incomes who are threatened with losing their homes because of rising real estate taxes, and the very young who haven't realized their full income potential yet. It will also help our core cities that are succumbing to the cancer of decay.

The rapid response to my message indicates widespread interest for this I am grateful. Interest will result in discussion. Discussion will lead to information and understanding, and understanding by the vast majority of our citizens is what will lead to approval.

I think the greatest single enemy this program could encounter would be apathy. If nobody cares enough to study what is involved, to understand the full package, and to determine how it will really affect him, then it will fail to receive the support it needs.

I think the key to acceptance of this new tax program is understanding, and therefore I plan to devote most of these columns, particularly in the beginning, to explaining the various aspects of the tax program.

I am afraid there are some people who will reject it outright simply because it involves the words "income tax," without stopping to find out that the income tax will replace taxes that are being reduced. Some people don't know what is involved and don't want to find out. They believe in that old Irish expression, "Better the devil you know than the devil you don't."

But the keyword in that expression is "know." When we have to make a choice between two items or situations, it is easier to make the correct choice if we know everything there is to know about them.

In the weeks ahead I hope to help you to know this tax program better so you will be able to make the choice most beneficial to you. In future columns, I will cite actual examples of how these changes will affect property owners in various parts of the state.

I cannot expect to cover all the details of this comprehensive program in the limited space of just a few of these columns. Taxes are a complicated subject. So I urge you to read all you can on this tax reform program. Talk to your neighbors and relatives about it. Ask questions. Find answers—correct answers. And, I stress "correct" because there will be some who may try to mislead you in order to serve their own causes.

I will try to seek out those parts of the program that most people seem to have trouble understanding, and give you my answers here.

## Israelis Right

One must not only admire the fighting effectiveness and spirit of the young Israeli nation and people but, added to that, the way Israeli authorities recently handled and thwarted a hijacking foursome at Tel Aviv.

The Israelis never had any intention of giving in to the blackmail and murder threat of the hijackers. They managed to deflate the threat of the passenger aircraft in which some ninety-seven passengers were held hostage and eventually tough paratroopers burst into the aircraft, killed two male hijackers, captured two female accomplices and freed all the passengers.

If other countries acted as we did, hijackings would stop. General David Elazar, Israeli Chief of Staff, said afterward: One must agree. Unless authorities in other nations exhibit the resolution to go after hijackers like other criminals, holding them fully accountable for any violence or killing, hijacking will continue.

## Icebergs!

The largest group of icebergs to drift into shipping lanes of the North Atlantic for thirty years has been reported by a general ship captain's questionnaire. As a result, the Coast Guard and all shipping in the North Atlantic are now on the alert for these ice monsters.

Prospective ocean liner passengers (fewer than in yesteryear) have no reason to fear for their lives. Icebergs are spotted rather easily today by radar in most cases and other modern safety devices and air rescue facilities reduce the danger almost to zero.

Nevertheless the drift of these giant ice masses southward is an intriguing phenomenon, since those now appearing on the shipping lanes broke away from the glaciers of western Greenland two or three years ago. The last big iceberg year was 1945; before that 1929 and 1912 were dangerous years. It was in 1912, of course, that the liner Titanic struck a berg at night and sank with the loss of 1,517 lives.

PHIL CUOCO, Art Director for the Jackie Gleason Enterprises, was recently named Chief Coordinating Manager by CBS-TV to handle the Democrat and Republican Conventions in Miami.

LAST WEDNESDAY NIGHT I had occasion to talk about Phil in a most unusual meeting at New York's private club, Le Club International. I walked into Le Club with my friend Chris Netelkos and there were only about 20 people in the place. I was seated next to a round table of three couples which included Frank Sinatra. I enjoyed a ten minute talk with the Big One and we made small talk about mutual friends. He was rather amused with my lighted cocktail stirrer and used it to examine his check. We left at about the same time and I overheard Sinatra tell the maitre d' that he didn't want to be served any more

by the waiter who had been attending to him that evening because, "I examined a check for the first time tonight and I think I was taken. Don't ever let that waiter serve me again." See what a lighted cocktail stirrer could do!

CONDOMINIUMS IN FORT LAUDERDALE have attracted Johnny Carson, Mickey Rooney and now Joe Namath, the New York Jet quarterback.

A CONCERT AT THE WEST ESSEX HIGH SCHOOL last Friday evening proved to be an outstanding event. The high school orchestra, led by Frank Socozza, went through its paces with a professionalism that should be the envy of any high school around. The high spot of the evening was the amazing performance of the Tchaikovsky Concerto in B Minor by Brad Tinfow, a 17 year old senior at the school. In the very difficult Concerto, for both the soloist and orchestra, Brad revealed a pianistic power and tonal beauty that is the mark of a seasoned artist.

## Bloomfield College Prof Talks To Tri-Towners

Professor Theodore Sulkin of Bloomfield College, teacher of biology, genetics and ecology, was the featured speaker at the monthly meeting of the Tri-Town Business and Professional Women's Club of Belleville, Bloomfield and Nutley on Thursday, April 27th. With ecology as his topic, he spoke of control of disease, problems of famine, the population explosion, and the resultant pollution of water, air and land.

The 22nd Vice President for the New Jersey Federation of BPW Clubs, Mrs. Nancy Siracusa of the Palisades Club, explained to the members the "districting" principle, which will be voted on at the National Convention in Atlantic City May 19-21. Mrs. Siracusa showed how the new setup would be of help to new or faltering clubs and how the individual clubs would participate further in policy making through an increased number of delegates at district Board meetings.

Tri-Town members voted to send \$250 to the National Foundation for Career Advancement to further the work of its scholarship fund, which was established two years ago to aid working women who were unable to obtain scholarships because of part-time attendance or lack of collateral for bank loans. Recently 53 women received

## Public Affairs Officials Talk To Mothers

Mothers of children enrolled in the Belleville Library's pre-schooler program heard an interesting and informative presentation by Department of Public Affairs officials at the library's Silver Lake Branch recently.

Representing the department were Health Officer Edward G. Hillery, Registrar Ralph M. Risoli, and Public Health Nurse Lenore Rovell.

They gave their audience a penetrating glimpse into the functions and jurisdiction of the town's Public Affairs Department which, through its various agencies, is concerned with the welfare of Belleville residents from the moment of their birth in the important areas of disease control, child and maternal health, vital statistics, and environmental health, to mention only a few of the many functions described and discussed at the informal meeting.

This was one of a weekly series of programs to which all Belleville housewives are invited. The programs run from 10:00-11:00 a.m., Wednesday mornings at the Silver Lake Branch. Coffee is served, and there is no charge.

Miss Barbara Yarosz

## Miss Yarosz, Mr. Westdyk Plan Wedding

Mr. and Mrs. Andrew J. Yarosz of 733 Overlook Avenue, have announced the engagement of their daughter, Barbara Ann to Richard Westdyk, son of Mr. and Mrs. Donald Westdyk of Pompton Plains.

The bride-elect is a graduate of Belleville High School, and attends William Paterson College in Wayne, pursuing a Bachelor of Science degree in nursing.

Her fiancé is a graduate of Wayne Hills High School, and is also attending William Paterson College where he is majoring in mathematics.

An August, 1973 wedding is planned.

## Montclair-North Essex Camp For Pre-Schoolers Opens Soon

The Montclair-North Essex Y.W.C.A. Day Camp for pre-school children will open for the fourth consecutive year on June 26th. The program, carefully planned by a staff of early childhood specialists, will include all aspects of creative expression in art, music and dance.

Participants will have the option of attending either 3 or 5 days each week. Children in the 5 day program will swim 3 mornings each week, and those in the 3 day program will swim twice weekly. Counselors who are qualified in water safety will supervise all swim periods.

Many special events will add to the fun, and learning experiences the campers will have each day. A trip to the new, Wildcat Park is planned to see Kumpleski's skin performed by the famous Happy Faces Children's Players is scheduled for July 19th. This group emphasizes audience participation in order to introduce the young child to the world of theater in ways that will excite and stimulate his imagination.

On August 2nd the singer-

guitarist O.T. Zappo will perform his delightful children's program at the Y.W.C.A. Mr. Zappo has been well received in many Essex County library and school programs.

Plans are being made for a trip to the new Warner Brothers Jungle Habitat which is opening in June in West Milford. Lions, tigers, elephants, giraffes, camels, rhinos and baboons will roam at will through separate sections of the preserve while visitors drive through the four miles of road winding through separate compounds which segregate the predatory animals from the non-predators.

The Y.W.C.A. offers an unusually creative day camp experience for 4, 5, 6 and 7 year olds. The growth of this program over the past 3 years attests to its success and popularity. Early registration is recommended to assure your child a place in the camp.

Registration may be made during the Y.W.C.A., 159 Glenridge Avenue, Montclair. For further information please call Mrs. Melgar or Mrs. Lee at the Y.W.C.A. 746-5400.

# Meet Sharon Adams, Dollar Stretcher:

She makes sure people don't make a profit by collecting twice on health-care claims.

Duplicate payment, which can occur when both husband and wife work and are covered by two group health plans, can contribute unnecessarily to the cost of health care. At Blue Cross and Blue Shield, however, we're preventing duplication of payments in such cases.

That's Sharon's job. She and others like her make sure that payments for persons with more than one health plan are equitably shared by each. This way nobody profits by collecting twice on a claim and, at the same time, no one is deprived of any eligible benefits.

Sharon Adams. It's your dollar she's stretching. She's another one of the many reasons Blue Cross and Blue Shield deliver more health care for your health-care dollar.

**How to look for a Realtor in all the wrong places.**

It's simple, if you think that a Realtor is just anyone in real estate, which he isn't. He's the professional.

So if you want a Realtor, you'll look for the Realtor seal. It's always displayed at his office. And only a Realtor can show it.

Once you've got him, you can relax. Because you've got an expert to take care of your best interests. Someone with experience, who subscribes to a strict code of ethics.

Now that you know what a Realtor is, and how to recognize him, you'll have no trouble finding him.

## You And Your Pet Watch Your Dog's Diet Closely

By Raymond Minor/DVM

Is your dog's head looking like a gigantic sausage with four feet? Is your terrier beginning to resemble a roly-poly teddy bear?

The chances are that Rover is overweight and needs a diet to trim the excess pounds off. Obesity is common in pampered pets, especially city dogs which get little exercise, and those dogs which are mature or approaching old age.

I have found that these dogs are indulged by their owners with sweets, treats and snacks between meals. Their diets are poorly balanced—too high in sugars and fats. The majority of overweight dogs, like overweight people, simply take in more calories than they burn up and the unused calories are stored as fat in the body.

Diets for obese dogs should have the caloric intake reduced. The fine art of reducing is simple: discontinue snacks, institute a balanced diet and proper exercise.

I have found that there are no crash diets for dogs or drinking dog's diets. Do-it-yourself diets can be dangerous.

Take your dog to the veterinarian who will check the animal for physical problems, weigh him to determine how much he needs to lose, and prescribe a sound low-calorie diet program. He may also suggest safe exercises based on the animal's condition and age.

Your veterinarian can recommend many compounded special diets or he may suggest mixing several foods together. There are special diets for the overweight dog as well as the dog with heart trouble or a kidney disorder.

He is able to prescribe special dietary foods for pregnant dogs, dogs with an

**Incident Happened In NHS Cafeteria**

George Zeiler, 18, of 86 Prospect Street, Nutley, was convicted of assault and battery May 17 in Nutley Municipal Court. Judge Edwin J.C. Joerg gave him a 30-day suspended jail sentence and fined him \$100. Charges were brought by Frank Grieco Sr., of 46 Florence Street, after his son, Frank Jr., was struck in a one-punch fight in the high school cafeteria.

The trial, which lasted over two hours, saw attorneys for the prosecution and defense call several witnesses from a crowd of about two dozen high school students, most of whom had come to the courtroom out of curiosity. Zeiler's attorney, Robert Grubin of Belleville, never attempted to prove that Zeiler didn't throw the punch, but insisted that Grieco had conducted a steady campaign of harassment against his client in the month preceding the May 9 incident. Judge Joerg eventually ruled that any testimony relating to events before May 9 was immaterial. Grieco's lawyer, Carl Yagoda of Maplewood, contended that Zeiler had walked up to his client during a lunch period and struck him in the face with no provocation. After making the initial charges and counter-charges, the lawyers called upon various students to construct a minutely-detailed account of the incident and events leading up to it. A large part of the testimony was concerned with the question of whether Zeiler threw the punch without justification or out of fear that Grieco was about to hit him first. "He turned around fast with his fist clenched," Zeiler said. "I thought he was going to hit me, so I hit him first."

The myth of human equality fools no one but those who years to be fooled.

**Buel Warns Police Catch Vandalism Is Crime**

Police Chief Francis T. Buel issued a statement last week warning townspeople against "unwarranted vandalism."

He said that a number of windows in Nutley schools have been broken in the past few weeks. BB pellets have been shot at cars parked in driveways and, most dangerous of all, rocks have been thrown through windows of homes.

He appealed to parents and youths to discourage "this unwarranted, sheer nonsense of destruction of property."

In the same statement he added that motorcycle riders with unnecessarily loud bikes will be ticketed, since the law

**House Thief**

Detectives Sergeant Leroy Van Der Wende and Richard Hulbert arrested a man May 5 on charges of breaking and entering a Bloomfield Avenue home.

The man, age 29, had been in a Newark jail for a motor vehicle violation. He was identified from police photograph files by an 18-year-old boy who surprised the man in the home at 3 p.m. April 28. The boy was returning home from school when he saw the man inside. The suspect fled the scene and the family found that nothing had been taken.

Detective Edward Guerin handled the investigation. The suspect is being held on \$5,000 bail.

It is clear in prohibiting "excessive or unusual noise."

# Garden Arts Center Sets Symphony Benefit

Jean Sutherland and Marilyn Horne will sing the complete final act of Bellini's "Norma" plus an excerpt from Rossini's "Semiramide" at the New Jersey Symphony Orchestra Gala Benefit June 16 at the Garden State Arts Center.

The internationally-renowned divas will star in the gala concert with the New Jersey Symphony Orchestra conducted that evening by Richard Bonynge and Henry Lewis, the orchestra's music director.

In "Norma," Miss Sutherland and Miss Horne will repeat part of the same opera in which they secured a triumph last season at the

Metropolitan Opera. The two vocal stars have recorded the Bellini masterpiece together and have performed it more than 40 times in major opera houses.

The Rossini excerpt will be the brilliant duet from Act of the composer's rarely heard "Semiramide." Richard Bonynge will conduct the orchestra for both the Bellini and Rossini works.

### ON UNEMPLOYMENT

**Old Man Winter Costs Taxpayers Much Money**

Old Man Winter reared his ugly head along the New Jersey Turnpike this past winter to the tune of \$67,119.27.

A five-year cost analysis released by the Turnpike Authority's Maintenance Department shows the expense for snow removal during the 1971-72 season was up \$3,040 over the prior year, and was assisted by outside contractors in clearing the roadway on four occasions.

Maintenance personnel were also on hand for 12 resurfacing operations and three standby situations.

# Memorial Day

*To Those Who Gave Their All....*

Down the corridors of time comes the memory of brave men... the many who, throughout our nation's history, have given their all, sacrificed their very lives for honor, home and country. Their acts, their courage and their beliefs are ever an inspiration.

Those servicemen of our community who, in more recent times, have fought and died in the cause of freedom are part of this noble company. On Memorial Day, we reflect upon their deeds with deep respect and lasting gratitude. And proudly, we salute them.

## Duffers Ready For Tourney

By Bob Luongo

Last Thursday Belleville's golf team lost to Columbia High School 13 to five at Maplewood Country Club. On Friday of the same week, the local Duffers hosted Kearny at Forest Hills beating them 15 and one half to two and one half. This bringing their season record to eight and three.

This was the second time that the Belleville team beat Kearny. Coach Salsarulo feels that the district tournament coming up will be the true test for the club. Having a well balanced club, he said, like he has holds promise for the future seasons as well as this present one. This is Mr. "Sals'" best season record after coaching for the past nine years.

Against Kearny, at the number one spot was Larry DiMiro. DiMiro, once again shut out his opponent contributing three points to a victorious Bellboy score.

DiMiro now leads the team with roughly 28 points. The number one position against Columbia was forfeited by

Belleville. At the number two spot, against Columbia, was Dominick Palmara. "Dom" has been shooting his season best, second in season points. He scored two points to the team's five. Later that week, against Kearny, he shut out his Kardinal opponent. Palmara has had a tremendous season so far.

Captain Mickey Zarra shot at the number three spot in both matches. Against Columbia, he was unable to score a point, however, later that week, he shut out his man capturing three points.

Zarra, as captain has partial priority in choosing who will shoot at each spot at the matches.

At the number four spot was Cindy Farro. Belleville's first varsity female competitor. Due to driving difficulties, Cindy was only able to score a half of point against Columbia.

Neil Simeone, junior stalwart, totaled three points between the two matches. Against Columbia, Neil had

## Beat 6th-ranked Team

# Bellboys Clip Irvington Foes 1-0 As Pitching, Defense Play Shine

The Bellboys wreaked their revenge on Irvington for past losses as they clipped the sixth ranked team 1-0 Tuesday at Belleville Municipal Stadium, with pitcher Frank Petite throwing

one of his finest games this season. Coach Charlie Travers and his players were buoyed up by the victory, which raises their record to 10-7. Yesterday they met

Montclair at home, too late for the Times to cover the game. Tomorrow, they face the Panthers from East Orange, and travel to Kearny on Tuesday. The Bellboys defeated the Panthers 4-1

earlier in the season, but had been beaten 3-0 by the Kardinals. Irvington had previously humbled the Bellboys 12-5 this season, and pitcher Frank Petite had been stung last season when they piled up three to win over Belleville's three.

It must have looked like a rerun was in the works when the first Irvington batter, shortstop Boyer, promptly smashed a triple off Petite. The next batter Ron Ulich, grounded to Lipoma for the first out. Lombard then grounded to Mark Cervasio, whose throw to home plate

put Boyer out, and Lombard himself was pegged to second, bringing the Bellboys out of the inning with no damage. Petite allowed only three more hits in the game, while striking out only two. He kept good control and kept hitless. Ron Ulich, the Irvington star currently being scouted by the pros.

In the fifth inning, Gerard Mongrella singled to left and stole second base. He was advanced to third by Cervasio's sacrifice and scored on an infield hit by Allen Francis.

## Season Ended

# Cindermen Post 5-8 Mark With 90-32 Loss to Kearny

By Bob Luongo

Last Thursday, Kearny High School beat Belleville's track team 90-32 at Municipal Stadium. This marked the end of the dual-meet season at a five wins and eight losses season for the local Cindermen.

This Monday, some Belleville participants will perform at the Essex County Tournament. Two entries of the qualifying events will compete against 28 other schools.

In the high hurdles, senior Don Kowalski took first with a 16.9 second run. Don, in the season end, leads the team with points, the total being about 85. Second place against Kearny was taken by Tony Portuese. Third was captured by Kardinal sprinter Stead with a 17.5 second run.

In the 100 yard dash, sophomore Bob Cozzarelli finally took a first with a 10.8

second run. Second place was taken by Kearny sprinter Raymond Caputo. Third was taken by Tony Portuese. Portuese has about 25 total season points and has run the 100 in 10.9 seconds.

In the mile run, the Kardinal sprinters were just too powerful, taking all three places. First was Morasos with an outstanding minute and 41.8 second run. Second and third were taken by Greco and Rocha, respectively.

In the two mile run, once again the opposition's runners were much too good, with Kearny taking all three places. First place was taken by Greg Hughes.

In the 440 yard dash, Bellboy superstar Mike Petronaci could not run due to an injured back. The results were quite obvious, with Kearny taking all three spots. Don Bambra took first with a 53.2 second run. It would

have been a different story if "Pet" ran because he beat Cambria once before at the Big Ten Tournament.

In the 200 yard dash, Kardinal sprinter Camprio took first with a 25 second run. Second place was captured by sophomore stand-out Bob Cozzarelli, who has run the 200 only twice this year. Third place was taken

by Petroconni of Kearny. In the low hurdles, "Old Reliable" Don Kowalski took first with a 16.3 second run.

Mike Magee, Kearny track star, took second by one tenth of a second. Stead of Kearny took third with a 17 second run.

In the one half mile, Kearny's distance men proved to have the advantage. Wat-

son, of Kearny, took first with a two minute six second run. Second and third were taken by Kardinals Mackin and Campos, respectively.

In the first field event, the shot put, Kearny took first and second. These two boys are the Big Ten Champion shot putters, Andy Fiore took

## Ceremonies Initiate Little League Here

Belleville Little League had its opening last week before capacity crowd. Taking part in the opening day ceremonies were: Congressman Joseph Minich, Senator Ralph DeRose, Freeholder Joseph Iannuzzi, Mayor Joseph McGreevy, Commissioner Michael Marotti, Commissioner Mary Senatore, Commissioner Vincent Strumolo.

All teams marched in to the music of the junior high school band. Throwing out the first ball was Tom McEnry who played for the Amvets last year. Commissioner Marotti caught the ball. The ball was given to Tom McEnry along with two bats.

Games will be played every evening at six o'clock, Friday at 6:00 and 8:00, Saturday at 2:00, 4:00, 6:00, 8:00 P.M. The Elks scored 10 runs in the fifth inning to defeat Riefolo by the score of 11-8.

Dom Bovilio and Tom Yochum had two hits for the winners. Jack Hood and Felix Rodriguez had two hits for the losers.

Wallace & Teirnan punted out 12 hits for 11 runs to defeat the Elks. Ponterro had three hits for the winner followed by Rossi, Smith and Mallick, with two hits each.

Riefolo defeated B.I.A.C.A. by the score of 8-0 behind the two hit pitching of Jerry Fazzini. Joe Brooks had three hits while Mark Roll had two hits to lead their team in batting.

Mills Photo defeated the Lions Club by the score of 4-0 behind the one hit pitching of Dan Borgo. Bob Racioppi got the only hit in the fourth inning. Bob Racioppi pitched a two hitter for the losers.

The Belleville Italian American Civic Association defeated Landolfi by the score of 9-2. Jim Guiliano and John Leverich led the winners in

batting with two hits each. Joe Francesciewi had two hits for the "losers."

Kiwani's behind the no hit pitching of Don Troukikas defeated the Amvets by the score of 12-4. The only hit being a home run by John Lamorte in the fourth inning.

The Rotary Club defeated the Varsity Club by the score of 2-1 behind the no hit pitching of Frank Pizzi. Scott Ochesed led the Rotary in hitting with two hits followed by Frank Pizzi and Jim Kelly with one each.

The Biancardi team defeated Landolfi by the score of 13-0 behind the one hit pitching of Jim Clenaghan. The only hit was a two base hit by Pete Buknus in the 5th inning. Joe Norton, John Huko and Jim Clenaghan all had two hits each for the winners.

## Morris Hills Ousts Bellboys

By Tony Calabrese

The Belleville Varsity Baseball team, lost any chance at a Group III state championship last Wednesday afternoon, when they dropped a 6-3 decision to Morris Hills at the opponent's home field. The loss dropped the Belleville season record to 8-7. This was a game in which the Bellboys never led, as their comeback tries all day always fell short.

Gary Soldo was the starting pitcher for Belleville, while Ray Odierno was the Morris Hills hurler. Belleville won the coin toss that is customary at all state games and elected to bat last. In the top of the first Solido retired Morris Hills easily, having the aid of a Mark Cervasio to Frank Petite. To Frank Papadaro double play to get the first two outs. Odierno also had very little trouble with the Bellboys. The only hit for the first two innings was a single by Belleville's

Ron Borgo in the second.

However, in the third inning, Morris Hills broke up Soldo's no hit bid, and soon after that any try for a shutout. Odierno led off with a single and one out later moved to second on an infield hit by Jerry DiFilippo. Soon afterward, Bob Benjamin followed with a homerun to right field and Morris Hills led by the score of 3-0.

In the bottom of the third Belleville broke through against Odierno. Alan Frank walked, Frank Papadaro had an infield single and both runners moved up a base on an infield throwing error. Frank Petite lined a single to left-center and Belleville had their first two runs of the afternoon. For Petite the RBI's were his fifth and sixth of the season.

Mario Malifitano followed Soldo to the mound in the fourth inning and held Morris Hills in check through the

For the second straight home game, Belleville demolished a Big Ten Conference opponent last Friday afternoon, when they trounced the Orange Tornadoes by a score of 17-1. The win was the Bellboys ninth of the season, and all have come in conference play. Belleville still remains in third place in the Big Ten Conference race.

Friday afternoon both the Bellboy pitching and hitting, were working as the club pounded out 15 hits, for its highest run and hit production of the season, while three Bellboy hurlers managed to hold Orange to only three hits. Rich Centanni, Gary Soldo and Mario Malifitano did the hurling for Bel-

leville, with Centanni picking up his fourth victory of the season against two setbacks. The trio also combined to strikeout nine Orange batters.

For the first three innings this game looked as if it were going to be low scoring, as both sides failed to score the first three times around. However, in the fourth, Orange broke into the run column first. Rick Romanitis singled, moved to second on a wild pitch, and scored on a long double to left-center by eventual losing pitcher Joe Guerrero. Those were to be the last Orange hits until the seventh when, with two outs, Armond DeFazio reached

base on an infield single.

However, Belleville was getting their batting eyes adjusted quite finely. In the fourth inning the Bellboys crossed the plate seven times. Ron Borgo's single, a walk to Joe Ross, and a bunt single to Phil Cuzzi loaded the bases. Gerard Mongrella then followed with a single to center to drive in the first two runs. Centanni's sacrifice fly brought home a third. Singles by Mark Cervasio and Alan Frank scored runs number four and five. Frank Papadaro picked up the first of his four game RBIs when he tripled home the sixth run, and then Borgo soon followed

## Oarsmen Set For Regatta

A Bellboy crew took 11th place out of a field of 30 schools in a national competition at the Stokesbury Regatta in Philadelphia Saturday. Today at 4 p.m. the freshman and lightweight jayvee crews meet rowers from Kearny and Nutley in the annual Goodwill Regatta and the heavyweight and varsity crews will race on the Passaic Saturday at 11:30 a.m. for a continuation of the same contest.

The Stokesbury Regatta was a battle among junior-8 boats, which are crews made

up of boys under the age of 17 and a half. The Belleboy boat held three juniors from the varsity and five sophomore jayvees. They won in their qualifying heat and placed fifth in the final race.

Coach Sam Giuffrida said the crew "made an outstanding effort against some tough competition in a national regatta." He particularly complimented the sophomore on their performance.

Belleville will go into the

first with a 53 foot throw. Second was taken by Cardinal putter Dick. Third was taken by Belboy Robert Luongo.

In the discus, once again the Kardinals proved to have the advantage. Dieck took first with a 137 foot throw. Second was taken by Richard McClaren of Kearny also. Third place was taken by Tom Sanders with his career best of 129 feet and two in the disc. Robert Luongo, although not placing, had his best throw at 128 feet.

In the pole vault, Cardinal jumper Penderbury took first with a ten foot six inch jump. Second place was taken by our man and youth, Davey "Pash" Pepe. Third place was taken by sophomore Brian Duncleay.

In the high jump, Kearny's Brian Illingworth took first with a five foot six inch jump. Second was taken by Kearny jumper with a five foot six inch jump. Third was taken by Belley's senior

Goodwill Regatta as the defending champion and Giuffrida expects his crew to be "psyched up and anxious to make it two in a row."

He added that both Kearny and Nutley crews are "respectable opponents and compared the regatta to a Thanksgiving Day football game where "almost anything can happen."

Belley's has defeated both Nutley and Kearny preciously

# Parkway Repaving Being Done at Night

The Garden State Parkway has chosen the Nutley-Belleville section of the 163-mile roadway to begin a night-time repaving program.

With the heavy summer travel looming head, the Parkway has scheduled contractors to work under floodlights between the hours of 10 p.m. and 6 a.m. when traffic is at its lightest.

Chairman John P. Gallagher of the N.J. Highway Authority reports the program is starting this week in Nutley between mileposts 147 and 150.

The first contract calls for the resurfacing of three lanes in each north-south travel direction, covering approximately three parkway miles or 18 lane miles. The work is being done by Samuel Braen's Sons of Wyckoff which won the contract on a low bid of \$231,100.

Gallagher pointed out that the after-dark scheduling of asphalt overlay work is similar to that of the Authority's Maintenance Division, which about a month ago initiated a night system of maintenance operations so as to minimize traffic tieups caused by daytime lane closings.

"With the weather now favorable for roadway resurfacing and the heavier traffic periods coming up," Gallagher said, "we have scheduled the after-dark work at off-peak travel hours so as to eliminate the need for daytime lane

this season. The Belboys swept all four races against Nutley, beating them on every level, with the varsity winning by five seconds.

Against Kearny, only the lightweight crew lost, by a slim one-second margin. Giuffrida said he expects both the Cardinals and the Maroon Raiders to be "looking for revenge."

The regatta will end a successful season for the Belboys, who posted a 6-3 record in dual competition.

# Legion Tryouts

Post 105 of Belleville will hold their second tryouts of the season, curtailed because of wet grounds last week, at 1 p.m. on Sunday, May 28, 1972 at the high school stadium.

All Belleville boys, age 19 or under are eligible.

some putting difficulties on the strange course, scoring only one half of a point. Later that week, at the home match, someone better known as "Old Reliable" captured two and a half points.

Richard "Weasel" Villano shot at the number six spot against Columbia. Villano is tied with number two shooter, Palamara in total match points. Villano, also, had 2 points in the match.

Against Kearny at the Forest Hills, sophomore Mike Monoghas shot the number six spot. Monoghas, who has only competed in one other dual match, kept his cool and proved his worthiness by capturing two points for the victorious Belboy squad.

Well in the on-coming district tournament facing the Belboys, they hopefully will play at their best. Belleville has beaten many of the teams that they will face at the tourney. Good luck and good shooting to the Belboys!

fourth and fifth. Belleville had an excellent opportunity in the fourth when they had runners at first and third with no one out. However, the Belboys failed to score. In the sixth inning Morris Hills scored their final three runs, and only one of these were earned. Three Belboy errors

by doubling home run number seven.

As easily as seven runs scored in the fourth, seven more scored in the fifth. After the bases were loaded on three consecutive walks, Cervasio singled in a run, while Papasidero singled in two more. Borgo's single brought home a fifth, while Joe Ross

made things easy for the Hill, as they only had two hits in the rally. Greg Dyson's suicide hit scored one run, and Joe Lusardi's single scored a second, the third scored on a throwing error.

Belleville made one last ditch effort in the bottom of the seventh inning. Alan

Frank singled, and Frank Papasidero followed with a walk. However, Pettie followed by grounding into a double play. Phil Cuzzi's infield hit did score the third Belleville run of the day, however, it wasn't enough as Odierno was able to retire the Belboys with very little difficulty the rest of the way.

The time of the year for air conditioners is around again and we would like to give some pointers if you have a unit.

Air conditioners are very reliable, given just a little attention. Before starting the unit up again, it has to be checked over. If you do not do this, you ask for trouble. First of all the filter should be clean. If it is clogged, the flow of air is restricted and it can not cool properly. In severe cases of blocking the flow of air, the unit will freeze up. The first in the front and in the rear should be checked for obstructions. Some fans have to be lubricated; some have permanent lubrication. You can't do anything on the compressor so leave it alone. Remove rust and dirt from the pan that collects the condensed water. On some units there is a small tube that connects that condensation catching pan in the front to the reservoir in the rear. If this tube is clogged, the front pan will overflow and wet the window sill and the floor. If you see any loose wires, check the connections. Some wires are attached with clips which may lose tension and fall off. That is about all that is needed. It should be mentioned that the space between the air conditioner and the outside window sill seems to be a favorite nesting place for birds so look if you have acquired unknown tenants.

# Post Office Closed For Monday Holiday

The Main Post Office, stations and branches in Nutley and Belleville will be closed for Memorial Day, Monday May 29. No regular window or delivery services will be available. Collections will be made from street boxes on holiday schedules, and will include pickups from "Air Mail Only" boxes.

## Etling Re-elected Essex CD Head For Another Year

Walter B. Etling, Nutley's director of Civil Defense-Disaster Control, was re-elected president of the Essex County CD-DC Association this month. The annual session was hosted by the Montclair Disaster Control Council.

Etling also serves as

Walter B. Etling, president of the New Jersey Civil Defense and Disaster Control Association.

Also elected at the annual meeting were Leon Isanark, West Orange CD Director, vice president; Edythe Rodondi, Newark CD Secretary, and secretary; and Robert Gassin, Montclair Director, as treasurer.

## Home-School Group To Install Tuesday

The last meeting of the 1971-72 Belleville Home and School Association will be held Tuesday at 8 p.m. in the High School Auditorium.

The Guidance Department will give an orientation for the parents of the new sophomores coming to the high school. Installation of the new officers will also take place.

## Drunk Drivers This Weekend's Biggest Threat

Memorial Day weekend's major highway threat will be the intoxicated driver.

Drunk drivers are most numerous between 6 p.m. and 3 a.m. If you notice erratic driving at any time, keep your distance.

"Knowing how to spot a drinking driver could save a life," Ray J. Marini notes. He is director of New Jersey's Motor Vehicle Division.

"Although the drunk driver's behavior is never predictable, the following driving patterns may help you identify him on the highway."

He usually drives in spurts-fast, then slow, then fast. He's likely to change lanes frequently and pass with insufficient clearance.

At night, he may forget to turn on his headlights or fail to dim them for oncoming traffic.

He may drive close to the shoulder or curb or straddle the center line.

"Watching out for the drunk driver is only part of your responsibility on the road," Marini said.

If you are planning to drink at Memorial Day celebrations - please don't drive," he emphasized.

## Auto Inspections Stopped for Holiday

Director Ray J. Marini today announced all State inspection stations and motor vehicle agencies will be closed on Monday, May 29 in observance of Memorial Day.

All facilities will reopen Tuesday, May 30. Motorists are advised not to wait until the last few days of the month to have their cars inspected, since inspection stations are usually more crowded then.

Avoid peak station hours during lunch hours, and during commuter morning and evening hours.

# McGovern People Please With Local Response

In spite of driving rain on Saturday and high temperatures on Sunday, twenty-five Nutley citizens, young and old, conducted a door-to-door canvass in support of Senator George McGovern's bid for the Democratic nomination in the June 6 primary. Meanwhile,

for the past ten days, the Nutley Citizens for McGovern Headquarters, at 526 Franklin Avenue, has been conducting a phone campaign. Nine phones were used simultaneously.

What is Nutley's response to this unusual state primary activity? Robert Noonan, the

Committee's coordinator, sounded optimistic Sunday night. "Nutley citizens have given us a hospitable reception. There is a desire among people to discuss the issues and, although initial enthusiasm has been great, we still need many more workers to help inform Nutley voters

of McGovern's stand on important state and federal issues."

The Committee held a cocktail party last weekend in addition to the other canvassing activities. Mr. Bernard Rabinowitz of Nutley, who has been active in statewide financing for

McGovern, stressed the importance of New Jersey as a key state in McGovern's efforts to capture the nomination in Miami this summer.

Young love is just as serious, to the young, as marriage is to the adults - or can't you remember?

**Your Weekly Horoscope**

May 27 through June 2

Brought to you as a courtesy of

**NICOLS PARK ESSO**

**ARIES** (March 21-April 19): If contact you have been trying to make has been met with a crash of silence, don't give up. Breakthrough in communication due. That Old Spring Thing will have you humming before end of fifth day. Be wise, Ari, and plan on a little negotiation with the association on last day.

**TAURUS** (April 20-May 20): Contradictory forces at work in your nature, Taurus, so why deny it? It is entirely possible (in fact, most probable) that you are a person of honor and a bit of a rascal at one and the same time. Important thing is to avoid too much introspection this week. Keep active. No brooding allowed. Then week ends on note of peace in your private little valley.

**GEMINI** (May 21-June 20): Concentrate on daily duties, dear, boring as they may seem to be. Special relationship is tested. You pass with flying colors if you have your head on straight. Mind Olga, and last day finds you feeling hotsy totsy.

**CANCER** (June 21-July 22): Take time in days ahead, dear heart, to get financial affairs in order. If things seem to be in a bit of mess, don't hesitate for a moment to seek advice from expert. Then follow it. Good intentions are no longer enough. Before week ends give a little love to one in need. You'll get a whole bunch back.

**LEO** (July 23-August 22): Frustration may cause you to be extra touchy in week ahead, Leo love. If you have uneasy feeling that you are marching down boulevard leading from nowhere to nothing, don't despair. New and challenging events are shaping up. Be willing to bend like the willow. You don't ALWAYS have to be the sturdy oak, you know.

**VIRGO** (August 23-September 22): Your vision needs improvement, Virg. Either literally or figuratively. Relationship with loved one needs attention. Rip off the blindfold, am, then take immediate action before generation gap widens. Head advice and by last day your personal world warms considerably.

**LIBRA** (September 23-October 22): You are not an easy person to understand, Lib, but this is part of your charm. One never knows quite what to expect. Newcomer who is as complicated as you comes into picture and, sweetie, you two deserve each other. Relationship will have all the complexities of a Russian novel. Week ends on note of impending adventure.

**SCORPIO** (October 23-November 21): If you have to deliberate very long to discover on which side your bread is buttered, Scorpi, then perhaps it is time you unscrewed your head and made application for a new one. Phoney pride is major problem. And pride goeth before a you-know-what. Message clears.

**SAGITTARIUS** (November 22-December 21): There is more in you to be praised than pardoned, Sai, and in week ahead you hear words of praise. Accept with grace, and if you can manage it, just a touch of modesty. Tip for coming week: Put a little fun in your life by taking an Ari to your heart. Or a roaring Leo. (If all else fails, take another Sai.)

**CAPRICORN** (December 22-January 19): Since you are not the epitome of perfection, Cap, why do you demand it in others? If you want an honest answer, ask a Scorpi, Scorpi and Cap get on famously, you know. Loudly but famously. Extra words to Cap in advice to Taurus. Read and heed.

**AQUARIUS** (January 20-February 18): Don't allow fashion to dictate terms of your behavior in week ahead, Aquari. Follow your own hunches. Message becomes clear by fifth day. On last day, get out-of-doors and play. You'll have fun. Week ends on note of excitement.

**PISCES** (February 19-March 20): All the world's a stage, Pisces, and in week ahead you will be called upon to play key role in domestic drama. Know your lines well, my friend, for it's the Devil who sits in the prompter's box. Producer watches and listens silently.

If you let Raymond P. Marzulli, Inc. handle the sale of your property, quite frankly, we're going to take our time selling it.  
It's not that we couldn't get a buyer within 48 hours if we wanted to. But we know what property is worth today.  
With the number of calls from prospective buyers we get every day, it's a seller's market as far as we're concerned. That's why we apply our years of real estate experience, and sell to the right people, at the right price.  
So if you have property to sell, give us a call. We're not just real estate agents. We're specialists in the field of making property investments pay off.

**Harrasses Pete Scarpelli Home Cop, Pays Robbed Election Night \$25 Fine**

Frederick E. Scheel of 22 Emily Avenue, Nutley, was convicted of interfering with a police officer May 10 and fined \$25 by Judge Edwin J.C. Joerg.

Scheel was arrested after an incident April 7 at the corner of Bloomfield Avenue and Kingsland Street at 5:15 p.m.

Patrolman elmer Sharp had been directing traffic at the corner and testified that Scheel pulled out of a line of cars and turned a corner while Sharp was signaling him to stop. He further stated that Scheel "harrassed" him as he wrote out a summons.

Scheel stated that Sharp refused to tell him why he had been stopped and took an unduly long time in writing the ticket. He said he was not harrassing him, but merely trying to find out why he was stopped.

The home of Peter Scarpelli, candidate for the Nutley Board of Commissioners, was robbed on election night, May 9, as he and his family attended the closing ceremonies of his campaign.

An undetermined amount of cash and jewelry was taken after a window in the rear door had been broken to gain entry.

Scarpelli reported the burglary to police at 12:53 Wednesday morning. Detectives Edward Guerinio and Albert Ciccone have been assigned to the case.

**Sen. Dodd to Move N.J. Adopt Daylight Savings as Standard Time**

"Everyone seems to breathe a sigh of relief when Daylight Savings Time comes into effect" stated Senator Frank J. Dodd of Essex County.

"With longer daylight hours, there is better driving visibility during the afternoon rush hour. Extended daylight also encourages people to shop in the evening and thereby local shopping districts would, more than likely, reap larger profits.

"Perhaps the two strongest arguments in favor of retaining the daylight savings hours," the Senator continued, "are conservation of electricity and reduction of street crime. Daylight Savings gives more sunlight later in the day which can decrease the amount of electric power needed. Undoubtedly, more daylight would result in less muggings and assaults on the streets.

"For these reasons I am proposing a resolution which urges the State Senate to establish Daylight Savings Time as standard time in New Jersey.

**James Verlezza, 21, Convicted of Drunkeness**

James Verlezza, 21, of 76 High Street, Nutley, was convicted of drunk and disorderly conduct May 10 in Nutley court and given a 60-day suspended sentence by Judge Edwin J.C. Joerg along with a \$50 fine.

Verlezza was arrested April 25 at 10:46 p.m. by Officer Anthony Intile at the municipal parking lot after addressing the officer with "foul and abusive language."

**He's Now Accepting Bids On Bridge Construction**

Transportation Commissioner John C. Kuhl today announced that bids will be received May 25 for repairs to the superstructure of the steel truss bridge that carries U.S. Route 1 & 9 southbound over the Central Railroad of New Jersey in Newark.

# Transportation Gets Boost From Bonds

Well over half of the funds for a capital improvement program under a proposed Transportation Bond Issue would be spent on public transportation projects, officials of the Department of Transportation told members of the Assembly Committee on Transportation and Public Utilities today.

Frederic C. DePhillips, executive director of the Department, met with the committee to discuss projects which would be carried out with the \$650 million to be provided by a bond issue.

He told the committee that the bond funds are expected to produce an overall improvement program of more than \$1.2 billion, with funds from participating agencies considered.

Of the total amount, the \$410 million in bond funds for highways is expected to generate, with Federal contributions, a highway program totaling \$567 million. The \$240 million in bond funds for public transportation is expected to result in a program amounting to about \$720 million.

DePhillips noted that highway projects are those which the Department estimates can be committed to contract in the next three to four years. They are the first priority "bite" of an estimated \$7 billion in improvements included in the 20-year master plan for transportation.

Approval by the voters of a referendum authorizing a bond issue would not constitute final approval to spend bond funds, he said. Additional projects also could be included in the list, but before any specific action is undertaken it must be submitted, first, to the Governor and then to the Legislature for consideration and approval before the required bond funds can be appropriated.

The Department is not proposing new highways in this suggested program. However, to connect the bits and pieces of certain highways already started, some construction will take place on new alignments where roadways do not presently exist. Most of the work to be accomplished involves dualization of existing highways, widening and other improvements to increase the capacity and safety of existing highways.

Although the listed highway projects are identified by the counties in which the construction work would occur, the beneficial impact of these projects will extend beyond county limits and will be felt throughout the region and the State as a whole.

For example, the improvement of Route 1 and 9 from County Road to Paterson Plank Road, the first stage of construction of the Fongelle Avenue Freeway in Hudson County, will have far-reaching benefits for commerce and industry and the general movement of motor vehicle traffic in the North Jersey metropolitan area.

Such projects as the revision of the Routes 1 - 130 circle in Middlesex County and construction of the Route 22 structure over the Waverly yards in Essex County not only will increase highway safety in the New Brunswick and Newark areas, but also will improve travel for other residents of the State through those areas.

Approval of bond funding for many of the public transportation items will place the Department in the position of being able to act quickly as soon as complex legal and financial problems involving the private carriers have been cleared away.

# Little Theater Cast In Final Rehearsals Of 'Glass Menagerie'

Fine entertainment will once again be presented this spring by the Nutley Little Theatre. This year's annual spring production will be the ever-famous, "The Glass Menagerie", written by Tennessee Williams.

Nutley Little Theatre will present the play in the Franklin School auditorium on Thursday, Friday, and Saturday evenings June 1, 2 and 3 at 8:30 p.m.

The play is under the direction of Miss Gail Rogo of Wallington. A member of NLT for two years, Miss Rogo performed in "Guys and Dolls" and "Lovers and Other Strangers" for Nutley audiences and has been active in NLT's workshops. This is one of her first endeavors as an NLT director.

The two major female roles in the production are played by Mrs. Donald (Sharon) Baumann and Mrs. Mario (Marlene) Cocchiola, both of Nutley.

Sharon Baumann, who portrays "Laura Wingfield", has been active with NLT for eight years and has participated in many productions such as "Come Blow Your Horn", "The Diary of Anne Frank" and "Guys & Dolls" as "Adelaide". She has also been active in choreographing dances for the Town of Nutley's musicals as well as the recent St. Mary's production of "Guys & Dolls". Sharon has acted in and directed many of NLT's workshop plays and has directed a one-act play, "I'm Herbert" in "You Know I Can't Hear You When The Water's Running".

Nutley resident, Marlene was in charge of publicity for Frank Cocchiola's campaign.

The two male characters in the production are played by Ronald Haskell of Clifton and Mr. John Mastres of Bloomfield. Ron Haskell, who portrays "Tom Wingfield", has been involved with each season's productions since his membership two years ago.

He was the director of "The Impossible Years" as well as having played the role of "Smuts" in the same show. He is most fondly remembered by Nutley's children in the recent production of "Alice in Wonderland" as Alice's friend, "The Cheshire Cat".

He was active in theatre groups in his home state of Tennessee and brought his wife and daughter north and works as a television writer for New York Life Insurance Co. in Manhattan.

John D. Mastres, is the elusive, "Jim", the gentleman caller at the Wingfield home. A new face within NLT, John Mastres has starred in many other community theatre groups' productions such as "John Loves Mary", "Cyrano De Bergerac", "Wonderful Town" and "Guys & Dolls", all by the Hudson Center Players. His recent endeavors include performances in "Waiting for Godot" for the Probe Theatre in Bloomfield and "Come Blow Your Horn" for the Essex County YMCA.

Money may not explain everything but it makes clear the motives of many people.

"AMANDA: Let me tell you something! "Tom": I don't want to hear any more. Amanda: You will hear more....! Is the exchange going on between this mother and son scene from Tennessee Williams' classic, "The Glass Menagerie". Mrs. Marlene Cocchiola and Ron Haskell are the players.

RON HASKELL, who plays the part of Amanda's son, in the "Glass Menagerie" is also the set designer for the show. Seen here conferring with Miss Gail Rogo, director of the play, the two decide if there are to be any changes in the set. Lighting is under the supervision of Gary Steele, Props: Miss Karen Harbison, Costumes: Mrs. Carol Rutherford; and Poster Design: Miss Sara Rabinowitz.

JIM, the gentleman caller played by John D. Mastres, of Bloomfield accepts part of a newspaper from Laura's brother, Tom, as they wait for dinner to be served in the Wingfield home. Little does Jim know, he has been asked not only to dinner, but to meet Laura.

"The Price" Opens Tomorrow at Cafe  
 The Price, Arthur Miller's latest smash hit, opens a five-week run tomorrow at the Actors Cafe Theatre, 263 Central Avenue at South Munn, East Orange. A preview will be given tonight.  
 Shown recently on television in a drastically shortened version, the Actors Cafe will present it in its entirety, giving the audience a much better opportunity to see and understand the motives of the characters involved, especially the two brothers Victor and Walter Franz, a cop and a doctor, who haven't seen each other in 28 years.  
 It will play every Thursday, Friday and Saturday at 8:30 p.m. through June 24. The cast consists of Bob Ritt, Carole Wechter, Ed Thom and David G. Kennedy.

# An Open Statement from Pathmark on our 24-Hour-A-Day open door policy:

We at Pathmark want to give you some straight from the shoulder talk about why we opened our stores twenty-four hours a day - every day.\*

In the first place we've always been open twenty-four hours. Cleaning, stocking, getting ready for tomorrow. Our lights & refrigeration have been on — So we thought of all the

people we could help by keeping our doors open 'round the clock. Families where more than one person works. People on late shifts. Women who car-pool at 7 A.M. All the busy people whose daytime schedules are hectic. We know not many people will
