Hebrew Month Of Tishri

The Jewish High Holy Days: A Time For Self-Inspection

By Rabbi Herbert Horowitz

The Hebrew month of Tishri ushers in the "days of awe", commonly known as Rosh Hoshanah and Yom Kippur. The first ten days of the year are days of increased devotion, self-examination and "return" to God through penitence beginning with Rosh Hoshanah and culminating in Yom Kippur, the Day of Atonement.

There are four distinct names given for the New Year. The first of these four names implies the commandment of blowing the shofar (ram's horn). The sounds that emanate from the ram's horn are intended to awaken us and renew our worship and faith in God.

Prominence is, therefore,

given in our New Year Service to the proclamation of God as King of the Universe; to our longing of the time when all mankind will unite in the worship of One God. This great proclamation is reflected in the three sections of our Prayers: 1) The Existence of God, a Being that is King of the Universe; 2) Divine Justice; 3) Revelation.

The second name given to the New Year, "Memorial of blowing the shofar", is indicative of a great historical event in the past suggested by the sound of the shofar. We as Jews are reminded that we must attain the goal of being a "Kingdom of Priests" and a "Holy Nation."

The Shofar thus awakens

us to greater watchfulness and activity in the purification and sanctification of our heart. "Day of Remembrance," the third name, implies that God watches over us. He perceives, notes, and remembers all our deeds, words, and thoughts.

Thus, the fourth name is a culmination of the other three because it is the "Day of Judgement", the day on which we are judged according to our deeds, both our merits and shortcomings being taken into account, and we pray that we will be inscribed in the Book of Life.

The tenth day of Tishri is the most important of all the Holy-days. It is the Day of Atonement, on which "God will forgive you, to cleanse you, that you may be clean from all your sins before the Lord" (Lev. XVI 30).

Yom Kippur (The Day of Atonement) is a day of resting, fasting, prayer and spiritual improvement, for the object of this day is repentance and "return". "Return" implies four steps: 1) Consciousness of Sin: We must search our inner being and try to discover our failings and shortcomings, our actions and our words must pass in review.

2) Confession of Sin: We must have the courage to confess our guilt before God and man. If it is a sin against God, we confess before Him and plead for forgiveness. If we are guilty of an offense against our fellow-man, we

must confess our sin to him.

3) Regret: Once we have recognized our sin we should feel pain and remorse, not merely for the iniquitous action but for the good we have left undone.

4) Resolution: This regret should not be shortlived but should be followed with strong resolve to abandon our sinful actions and to change our routine which will remove a repetition of any prior sinful act.

Thus, the High Holidays present Jews the world over with a chance to regain their spiritual equilibrium and to create an optimism for the future. Man's essential goodness is there and can be preserved only if he becomes cognizant of the necessity to change his ways for the good. Therefore, we say every New Year, "May you be inscribed for a Happy Year of Life and Peace."

Newark News Demise

Last week saw the end of The Newark Evening News, more recently known as The Evening News.

For almost a century The Newark News was a bible in many suburban New Jersey homes. In recent decades The Newark News was a force of political force, exposing corruption and misdeeds of public officials, a real crusader.

It is with regret we acknowledge the death of The Newark News. Despite the best efforts of management, when the end came it was simply a case of basic economics—expenses far exceeded the income.

The demise of The Newark News should be a reminder to all people that a healthy newspaper needs the support of both merchants and readers. A newspaper cannot live with only one segment of our

society, it needs both, and in large portions.

The best interests of good government, the community, and our people are best served with a healthy, successful newspaper. Where two healthy, successful newspapers exist the people are better served where none exist. Usually, a community are least served. Usually, a strong newspaper automatically relates to a good, strong community.

We are sorry to see The Newark News go by the boards and we hope this will be the last of area newspapers to fold during our lifetime. Much as we would like to believe otherwise, informed citizens cannot remain so without the benefit of their reliable newspapers.

School's Open Again

This week public and private schools will reopen; children and teenagers will be walking to and from school.

In the not too distant future, nights will be longer and days will be shorter—darkness will fall upon us sooner than we think. It is a harsh fact of the motorist's life that children sometimes dart into the street without looking to the right or to the left and at that moment it is the unlucky

motorist who ends up hitting a thoughtless child and inviting a traumatic experience.

We urge both the pedestrian and the motorist to exercise more care in the days ahead in order that everybody can live longer and in good health.

Record Auto Sales

Figures for automobile sales in July show that U.S. makers enjoyed record sales for the month. It was, in fact, the fourth successive month of record sales.

GM sold 410,828 units, a fifteen per cent gain over July, 1971; Ford sold 210,848 units, a gain of 21 per cent over July, 1971; Chrysler sold 121,003 in the month, another hefty gain from its 98,266 units sold a year earlier.

The automobile makers are now

seeking approval of rather sizable price hikes for new models ready to appear. It will probably be found, however, as has so often been true in the past, that holding prices down will translate into increased sales, and reasonable profits surely any price hikes approved for 1973 models should be minor ones, realistically based on the actual additional costs of newly required safety features some of which should be absorbed by prospering manufacturers.

FOOD PRICES UP

The Agriculture Department reports retail food prices rose sharply in June. The Cost of Living Council, however, offered hope for supermarket shoppers in that there was a small reduction in meat prices at the Wholesale level.

CONGRESS & SPENDING

President Nixon has cautioned Congress to restrain its spending and added that he would use the veto against taxes and inflation. He again asked for a \$250 billion ceiling on federal spending for fiscal 1973.

The New Town Manager Brings Them All Together

By Elaine Auerbach

One Year Ago

Belleville, along with six other area communities making up the second River Joint Meeting, was asked to pay 42 per cent of the total cost of building a new sewer line through the Mill Street section of town. Mayor McCreedy received the figure after attending a special meeting called by the group. The new sewer line, estimated at a cost of \$500,000, was to replace a 48-inch trunk sewer which had been damaged after a severe electrical storm had sent eroding flood waters over the banks of the Second River.

Over 95 per cent of people registering to vote in Belleville between the ages of 18 and 21 according to a report made by Town Clerk George Barnett. "Young people have been turning out in large numbers," observed Barnett. "Although we have no exact count of new voters between 18 and 21, we do know that there have been about 350 all totaled."

Although no date for a hearing had been set, the complaints initiated against Commissioner Michael Marotti and Police Chief Joseph Smith by attorney Jack Montefusco were expected to be heard in the near future. The suit against Marotti had maintained that he was in violation of rule 584 of the police code limiting political activities of policemen. Montefusco was pushing for a decision on the conflict of interest and if he won the court's favor, Marotti would be forced to pay back all of the salary he had received from his position on the police force.

Ten Years Ago

William Sommers, who was sworn in as Belleville Town Manager by Judge Edward Abramson, lost no time in calling department heads together to tell them his position on various aspects of the town's new government. He gave a half-hour talk to the group in which he mixed humor with firmness and gave an important order. The order was that no town employee would be permitted to hold a political office or engage in any political activity. "Any deviation from this rule," Sommers stated, "will mean that an employee will have to resign. The Council-Manager form of government is a non-partisan operation."

The Belleville Chamber of Commerce submitted to town officials 16 suggestions for "making a good town better." Their ideas included the adoption of a new up-to-date building code, the elimination of sidewalk displays along store fronts, the improvement of street lighting to discourage crime, and the continuance of the work of the Planning Board, particularly along the lines of land use studies which would determine the location of needed parking facilities in town.

Mrs. H. Vreeland, RN, of the Walter Kidde Company, Inc. Medical Department, was the recipient of an Hawaiian Orchid presented to her as a winner of the "Gal Friday" award on the Herb Oscar Anderson radio program. Mrs. Vreeland's name was submitted to the WABC disc jockey by Ernest Adams, a Kiddie machine operator, in gratitude for her professional skill and general pleasantness in treating Kiddie employees.

The Passaic Valley Citizens Planning Association, professional consultants to the Town Planning Board, filed with the Town Commission and the Essex County Park Commission a composite proposal for an inter-municipal county park of 43 acres along the Third River between Harrison and Joralemon Streets to cost an estimated \$675,000. Pointing out that the cost of acquisition was almost half of the \$1,250,000 which the county had received from the state for the acquisition of the Passaic Riverfront Park at the site of the Route 21 expressway, the Planning Association insisted that the County Park Commission had a "moral obligation" to replace the riverbank park.

The Pirates won the Recreation Department's 1971 Junior Baseball League championship with a record of 10-2. Members of the championship team were Bob Laird, Jim Golden, Marty McNish, Ron Valente, George Viale, Ron Savare, Paul Giordano, Bill Chestham, Ray Cacerelli, Charles Apostol, Jim Gornelly, and Kevin Roberts. The coach of the pirates was Paul Hochstetel.

Twenty-Five Years Ago

Patrolman Thomas Cruikshank, a veteran of the Belleville Police Force for 23 years, retired from active duty. The Pension Fund Committee approved his application for retirement. A resident of Belleville for 30 years, Cruikshank had been appointed to the force by the late Public Safety Director John De Graw.

An unusual situation in labor-management relations arose as the Eastern Tool and Manufacturing Company requested the National Labor Relations Board for an election to determine the bargaining agent for the workers. According to Nelson Anderson, vice-president and personnel manager of the company, the company was anxious to sign a new contract with the union. He remarked, however, that the company wanted to be sure that the union they negotiated with was the bargaining agent of the majority of the workers.

The town baseball championship was to be decided at Municipal Stadium when the Saint Peter nine met the Orioles in a 2 out of 3 series. The Saints had won the first-half title while the Orioles had captured the second, thereby earning the right to play for the top spot in the league. Dewey Hoyle and Leo Scanlon were the lead stars of the Saints, with Muggsy McGinnis and Tony Costello providing the clinch for the Orioles.

Forty Years Ago

Claiming that residents of Belleville spent nearly a million dollars a year for motion pictures, tobacco, chewing gum, perfumes, cosmetics, and candy, Lawrence Keenan, campaign manager of the Community Chest Drive, urged citizens to impose on themselves a three per cent luxury tax for the benefit of the Chest.

After a conference held between the Board of Commissioners and Julius Rippel, Newark financier and bond broker, the Board announced that there would be no discussion at the regular commission session of the proposal to call upon the State Municipal Finance Commission for assistance in solving Belleville's financial problems.

Speak Up!

Pollution Is Serious

To the Editor:

There are many people who complain about air, water and land pollution. But what do they do? Absolutely nothing! No one seems to realize how serious this problem is. If you don't do it, it won't get done.

The sixth grade students of Holy Family School, contributed their small part in trying to make our neighborhood a little cleaner and more pleasant to see. During the week of April 18-24 which was designated Earth Week, we decided to clean up the Holy Family School playground and its surrounding area. You may not notice it now, but in a very short time, you will be seeing flowers blooming in the playground area. The idea was organized and directed by Mrs. Ciccone, our sixth grade teacher.

You can't imagine what pollution can lead to. In the future, do you want to wear gas masks not being able to say "hello" on the streets, unless you're good at holding your breath for a long time.

Well, it's all up to you. It's your country, at least do something for it. Here are a few tips to help you prevent pollution in your area:

Keep your property clean, including sidewalks and curbs. Household dust collected by vacuum bags or mops should be disposed into a receptacle to avoid dispersion into the air; store garbage and rubbish into a covered receptacle; do not burn paper, trash or garbage; Proper care of pets should be exercised to keep animals healthy and to prevent waste, hairs, etc. use public transportation, or walk whenever possible. Your fellow citizens and yourself should help out in cleaning up our environment, not only during Earth Week, but all through the year. It's your country, isn't it?

To the Editor:

Adinner for the Belleville Farm League All Stars was held on Thursday night, Aug. 24 at Joe's Restaurant, Bloomfield.

A big thanks to the Disabled American Veterans, Chapter 22 of Belleville, who have again come to their aid by donating \$250.00. This will not only pay for the All Star players' dinner, but will also assure them of a good start toward the future of the Belleville Farm League All Stars.

We wish to publicly thank Commander "Nunzio" Cupo, who so graciously, through the Disabled American Veterans again in the past, has given them a helping hand.

Sincerely, Parents of The Belleville Farm League All Stars

South River Appreciates Sabre Cadets

To the Editor:

As recreation chairman for the Boro of South River, and a former resident of the Great Town of Belleville, I would like to take this opportunity of thanking the fabulous Sabre Cadets for helping to make the first fourth of July celebration in the past 25 years, a huge success.

I was tremendously proud of the Sabre Cadets for many reasons, first, because they represented the town of my birth, secondly, because they performed so magnificently and thirdly, because they were well disciplined because of the direction of the adults who helped make the performance possible.

Raymond Kingsley and his son were directly responsible for the lively numbers and productions which were so well received by the residents of South River. As proud as the people of South River are of Joe Theismann, that's how proud I was to have the Sabre Cadets performing at our celebration, and look forward to having them back at our next celebration in 1973.

Once again I would personally like to thank Mr. Kingsley, his entire staff, and most of all to the members themselves, the fabulous Sabre Cadets. The citizens of Belleville should hold their heads high whenever the Sabre Cadets are performing in other towns and cities, for Belleville is receiving the best of public relations by the Sabre Cadets' performances.

It Was A Great Round-Trip Flight This Past Weekend

the musical, "Up With People" which performed at Carnegie Hall. It is the same cast that was seen opening day at the current Olympics.

In "Up With People" Joan sings and dances, and when I asked her if she sang well, Joan replied, "I don't but my dummy sings very well." And the funny thing about this comment is that she really means it. "I don't come over so good," says Joan "but my dummy does a terrific job." This one I can't figure out. Maybe you can?

Getting back to her beauty contest winning sister Linda, it is my hope the Maplewood beauty brings the title to New Jersey. Linda is a fashion artist and in winning the Miss New Jersey contest she was sensational. Linda won the preliminary in the swim suit contest, the talent contest and on the third night she won the sweepstakes. This is a rare event in the annual Miss New Jersey Contest.

Senior stewardess Helen Hendricks and her able assistant Donna Feldman saw to it that Joan, I and the rest of the passengers were comfortable and never in need of food and beverage.

ONE OF OUR FAVORITE ART STUDIOS is the Fabian Gallery, a studio of modern primitive paintings and sculptures. The owner is a diminutive blond, Gisela "Gigi" Fabian who discovered the charm of Haitian art while visiting the home of a friend. Because Gigi has a total dedication to Haitian art and an unusual commitment to sell the world on the idea that without Haitian art one has not lived, I asked Gigi to reduce to writing her thoughts concerning the history of Haitian art and its cause and effect upon her. This is her story:

THE ART OF THE NAIVES
Childhood with its innocence and spontaneity has the capacity to enjoy and perceive the world with a fresh and unspoiled eye. The realities of the world have not been learned. There are artists who have remained in this realm, untouched by the conventions of society and freed from the rules and traditions of artistic styles and trends. They have preserved a natural spontaneity by simple directness and unsophistication. These self-taught naive painters create a charming world of childlike simplicity. Like uneducated children they are not yet corrupted by instruction and civilization. Their statement is pure and sincere and may be considered a true and authentic form of art.

Each country has its own naive painters essentially concerned with its own folklore, traditions, customs, beliefs, religious mysticism, and mythology. The naive artist enhances the common scenes of daily life in a childlike ingenious way, fitting the pattern of life with poetic imagination. He can also combine real objects with the stuff of dreams, depicting paradise with jungle beasts and unusual plants with fantastic fruit.

Naive artists have received a great deal of attention and are also referred to as Sunday painters, neo-primitives, modern primitives, and popular painters. In Germany they have been described as "Die Maler des einfachen Herzens," and in France "Les peintres du sacre coeur."

For us naive art represents an escape from the complexities of our modern world, our ultra-civilized and refined society. Their work creates a nostalgia for a simpler life; it is alive with refreshing color and a spontaneous directness rarely found in the paintings of trained artists.

IT WAS A GREAT ROUND-TRIP FLIGHT to Fort Lauderdale this past weekend. Flight 895 South aboard Eastern's three-engine 727 jet was as comfortable as my living room. Senior stewardess Joan Pitts, aided by stewardesses Sammie Roberts and Sheri Barker, saw to it that passengers' needs were more than satisfied.

On Monday night it was Eastern's Flight 406 serviced by a twin-engine DC-9 jet that was very interesting and enjoyable. I had the good fortune to sit next to Joan "Cookie" Gialanella, sister of Linda, the current Miss New Jersey, competing in Atlantic City this

week for the Miss America title. Joan teaches languages at Chatham Township school system. As a part-time avocation the 25-year-old blonde is a ventriloquist and the smart guy who echoes her pleasant-sounding voice is named Georgie Little. Recently Joan performed in a pilot program for the Morristown Cable TV station in a performance entitled "French is Fun." Joan and Georgie entertain the TV folks with a long rap session in French. Last summer Joan was a member of the cast of

Golden Comments

(Continued from Page 1) politicians allude to our Mayor as "Archie?" What are they implying?

Going to the Big Sheat with the Bus load of Joe Granese Ass'n group was a real treat. Met and heard "more" politics in one evening than four years at Town Hall. Don't underestimate the strength of Joe's group. The popular tavern owner has many friends. He contemplated running for Commission in Belleville's last election, only to "pull-out" because his candidacy might have prevented "Bob" Laterza's election. Now, things are not so social. There is strong talk of recall which finds Jackie Rega right in the middle. Rega is a personal pal of the Public Safety Director, but, it seems he has been "spoken to" by certain people who wield a lot of influence in Belleville's politics. Jackie "gets along" with this group also. Where is a poor guy to go? What a headache. Try aspirin Jackie.

Among the celebrities were Congressional candidate Milton A. Waldor and his Campaign Manager Assemblyman Carl A. Orechio, both of whom offered contributions of bottled "cheer" to the baseball fans. They couldn't make game. Had early flight next morning to Miami for G.O.P. convention.

Dputy Fire Chief George Sharra was there, Jim Ceres, who loved Bob in May, but, I don't know about to-day, came along as did Joe Fornarotto, Comm. Mary's pal; at the Shea, Joe demonstrated his unquestioned courage by "rooting" for the Cincy Reds to the chagrin of the rest of his companions who were all "pulling" for the METS. Joe's Reds won, but, he may have antagonized a few friends. I'll bet he don't care. That's Joe's way of life.

If you want to observe a real monstrosity of building conditions you don't have to leave town to do so. How and why it's permitted I don't know, but, it's a drive up Wilson Pl. to the end of this dead-end street and see a house the tax assessor's office lists at \$0 Wilson Pl., yet, the front of home is on Parkside Drive, which has no homes on this side of street.

Front footage on Wilson Pl. is 25 ft., while Parkside Dr. front footage is 43.65 ft. Belleville assessments are generally based on front footage. It will be interesting to see how property is assessed.

My discussions with Planning Board members indicate, clearly, they frown upon issuance of building permits to such cramped areas for the building of homes, since they contend they depreciate the values of surrounding properties.

If you want to take a look! Turn right off Union Ave., one block before Mill Street going into Newark, otherwise, turn off Belleville ave. into Parkside Dr. on the right side of Belleville Ave. going East, two blocks West of Union Ave. It probably happens elsewhere, but, in Belleville it seems we have to live with it. Why? It don't help the town's image.

Assemblyman Anthony Imperiale "kicking Hell" out of Newark's mayor Gibson in his "News and Views" column in The Newark Record, another Sunbank Publication.

Imperiale calls for Gibson's resignation because he claims the Mayor don't know "what the hell is going on."

Imperiale challenges Gibson to a public debate on the media facilities and says the Mayor is getting too big for his britches.

It looks like a toe to toe battle looming in impending election contests between Newark black Mayor and impetuous, Italian Assemblyman "Tony" Imperiale.

Gradually, slowly, but, surely the State seems to be succeeding in encroaching upon the sovereign "home rule" rights of our municipalities. They want to "strip" us of the right to name our own Local Magistrates, now, some wisecracks in Trenton has devised the concept that the State Division is considering doing away with the local controlled tax assessment system in favor of state-controlled assessment districts which would not adhere to municipal boundaries.

According to the publicity of their reported advocacy of such proposals is the claim that it would enable the state to insure that all assessments are fair and equitable, but, would lift homeowners from the burden of having to monitor tax assessors.

True they might get out into the field more often and make the physical reality inspections legally required of them, but, I doubt if any outside force could match their expertise in this field.

Seems like Attorney General George F. Kugler Jr., frequently mentioned as a top contender to succeed the late Justice Supreme Court, may be out of the running for one of the two vacancies on the Court because of an investigation into his office.

The State Commission of investigation is studying Kugler's handling of the case of Sect. of State Paul J. Sherwin amid allegations that the State knew about Sherwin's alleged attempt to influence the awarding of a contract almost two years before his indictment.

Sherwin was charged June 28 in Federal and state indictment with extorting a \$10,000 campaign contribution for the Republican Party from a contractor in return for trying to fix a \$600,000 highway contract.

It begins to look like the State will be the big loser in the vast meadowland deal concerning the acres of land which the State gave up its claim for 38 per acre which will cost the N.J. Dept. of Transportation a minimum of \$4.7 million to regain.

I guess he was doing his bit for ecology, am referring to Lemon Ice King - who I saw riding a bike around his lemon ice stand last week.

Lynn Picone was spotted coming out of the Shop Rite parking lot, and she quipped "if you want to hold your job, shop A&P". The rain came, Lynn works for A&P Laundry on Cortland Street and the above quote is a sign over the time clock there. Lynn's hubby - Lee is the incoming commander of American Legion Post 299, and he pulled an LBJ the other night...he and Lynn left the Post, then returned immediately so Lee could put on the lights upstairs...right now, Lee is finance officer of the Post.

The last car wash, part of the Summer Employment Program was held at 105, Saturday August 26th, and the youngsters were treated to a smashing party by yours truly, Betty and Lisa. The party, hello to Lois Favett, a neighbor of mine that I hadn't met until she came to the car wash.

"Smiling Faces Gets you Places" is the slogan of Leisure Travel Agency which recently opened in Nutley. (see their ad this paper). Opening their door at 291 Bloomfield Avenue, you're immediately transported to the world of leisure, via the Polynesian / Hawaiian / Caribbean decor. You cross a little wooden bridge and view a cascading waterfall with a pond of goldfish swimming about. Owners are Tony Ferraro and Arnold (Gary) Ciesla.

A warm welcome home to 2nd Lt. Pat Wynn Jr. who is on furlough from the Marine Base at Quantico, Va. He brought a guest with him, Cynthia Shirley of Wichita, Kansas.

Plans are being made for a birthday party for Ken Smith. Handling the details are: John Dean, Joe Tortorello, Ken Place, Jim Rosili and Harry Scott. Watch this column for details.

Hope you had a nice birthday, August 28th Lori Danchak...and also hope your day was great, September 2nd - JoAnn Parrillo.

David and Mary Gould held a christening party for their first child, David, Jr. and played host to almost 100 people. Paternal grandparents are Howard and Marguerite, maternal - William and Philomena Carragher (it was their 25th grandchild). "Uncle Henry McHenry was on hand for the festivities.

Time is getting short, so if you are a graduate of BHS, 1952, contact Jo Serritella Salento at 751-5088 to learn

about the 20th Reunion place. Date is October 14th, plans. David and Mary Gould, American Legion Post 299 held their Annual Orphan's Picnic August 27th. The Post members have done this for over 26 years, and proceeds raised are donated to St. Joseph's Orphanage at Chestnut Hill. The rain came, but the rain came with gifts for the youngsters. Let's see who was there: Sis and John Ohnmacht, Lou and Florence DeAngelis, Gene Thatcher (vice-commander, First Division, American Legion Essex County), Vi and John Tortorello with young John, John and Mary Esposito, Ann and Owen Cooper (he is Past Chef de Gare, Voiture 127), "Whitney Esposito" and Tony Mattia. The food was splendid, but the rain came, and came, so the party moved indoors with the exception of "Little Al" D'Achilles who remained cooking, holding an umbrella over his head. Also - Walter Norz (captain of the color guard at Post 73), Pat Cerasiello (Garden State Iron Works), Louis Johnson and Charles Coddington, with his daughter, Cheryl who was visiting from El Monte, California. Henry Amato was behind the stick, helped out by his son, "Young Henry" Vincent. Commissioner Mike Marotti made the scene, as did Carmine Biase and Lou Mazzuca of Newark War Memorial Post 488, Harry Roth, post 73, Bill Caffie, post 140, Mary Amato, Anthony Petrella and Larry Day. George Steinbecker, Essex County Commander, American Legion and Andy and Olga Hsivdo made the party complete.

Saw Belleville Auxiliary Police officers, Nick Ucci and "Butch" Tomasko working that day. Butch teaches printing at Newark Tech, having left the services of Uncle Sam last February.

My wishes are in order for Fred Labriola and Dr. John Lepore - both at Clara Maass Memorial Hospital.

Glamour-up your ankles to go with the bold new strappy shoes that are in vogue. Use a hairbrush to brush your hair through your hair.

Hair conditioners are more for prevention than cure - have one once a month. Hair takes a real beating! Use cream your hands and face, don't you?

An ancient formula for restoring grey hair to its natural color called for melted marrow, all of mice, oils of rosemary and cloves, and rectified spirits, whatever that is!

DID YOU KNOW THAT? Do not use hairbrushes. Do not use hairbrushes. Do not use hairbrushes.

(Continued from Page 7) Christopher, Joan Jeannotte, Shirley's sister had a summing hotpot suit with overskirt on, that she made herself.

The delay of rain on August 26th did little to deter the enthusiasm and fun of the residents of Walnut Street. They held their second annual block party with refreshments, dancing, entertainment and music by "The Fascination" group. Some people I met were Katherine Fronke, Jim McCann, Joan and Bill Connelly.

Welcome back to The Rev. Albert E. Alsap of Bethany Lutheran Church who returned this week after spending five weeks vacation in England.

I found out who done it! I saw the poster on Summer employment for teens at Wagner Electric office in Newark, N.J. - it was Gus Sougelas, and his daughter was one of the teens we tried to help...thanks, Gus. I met

him and his wife Peggy at Mrs. Hewitt's birthday late, hard to believe they are grandparents.

On August 27th, a Communion Breakfast was held at St. Peter's for the members of the CCD Summer Program. Workers on the staff were: Lorraine Parrillo, Angela Stefanello, Arlene Danchak, Ann Smith, Margaret and Judy Whelan, Mary Lou Martin, John Horvitz, Pete Bocchino, Rose Hagen and Lisa Doeflinger. Father Mink and Bishop Costello attended the event.

This Saturday, September 9th, don't forget the Summer

Awards program at the Belleville Public Library where they honor the youngsters for summer reading.

In two hours and nineteen minutes, Flo and Lou DeAngelis flew to Ft. Lauderdale, Florida...they have returned from vacationing with her daughter and son-in-law Kathy and Roy Jones and their children Jeffrey and Douglas. Flo had a "wonderful experience" visiting a European health spa. she also said the weather was great, the beach beautiful and the Pompano Raceway "fun"...just as they caught the plane

homeward bound, the rain came down in buckets...how's that for timing?

The whole DeAngelis crew was present at a welcome home dinner for Lou's sister and brother-in-law Dan and Marie Benneziano who returned from a European trip (how's that for one-upmanship?). Dan, a music leader also owns Benman Music Store in Bloomfield...the couple toured France, England and Italy. Mrs. Marie DeAngelis, great grandmother of the clan was 80 years young on September 3! Who else was there? Diane and Ricky Quade and son

Richard, Susan and Andy Province, John and Bertha DeAngelis and children Linda and John of Connecticut, of course Flo and Lou with son Jim of town.

I always meet my neighbors...away from home. Hello to Herb Douglas, manager of John's Bargain Store. His parents are Mr. and Mrs. William Douglas of Palatka, Florida. He and wife Joan (nee Lorenzo) have four children - Jan, 13 attends Jr. High, Kim - 10 goes to No. 5 School and Michell 3...with the brand new arrival Danielle only twelve weeks old. The family recently had a christening for Danielle and both sets of parents made the event. Joan's dad works for Pabst and watch Herb's trophies of the festivities.

Subject: **GAS SHORTAGE**

The American Public Gas Association has proclaimed "a crisis of gas supply," and a New York Times headline warns: GAS SHORTAGE POSES NATIONWIDE THREAT OF CUTBACKS.

Another headline in a recent business magazine reads: GAS RATE HIKE TRIGGERS BIG SWITCH TO OIL HEAT.

Energy experts have told the U. S. Senate Interior Committee that gas rationing will soon be necessary, gas prices will rise sharply, and fuel oil will have to be substituted for gas.

If the coming winter is a cold one, there probably will not be enough gas to go around. Hundreds of foresighted gas users are already switching to fuel oil.

Checking account choice

You choose the one that fits your life style.

1 New Improved Regular Checking

Simple as 1-2-3. Works like this. No service charge if you maintain a low monthly balance of \$300 or more. If your balance drops below \$300 but stays above \$200, you pay a monthly service charge of \$1. If your balance drops below \$200 but remains above \$100, the service charge becomes \$2. If your balance drops below \$100, your service charge for that month is \$3. There's no charge for the number of checks you draw—write as many as you like.

2 Executive Checking

No service charge. All you do is maintain an *average* collected monthly balance of \$800 or more. Question: If your balance drops below \$800 ... even as low as, say, \$50 ... but the *average* is \$800 or above, do you pay a service charge? You do not. And should your *average* balance fall below \$800 in a given month, only a modest service fee is charged. Executive checking is particularly useful for people who are paid by the month.

LARRY WATKINS looks like he's set to ramble for good yardage behind the blocking of Vern Winfield (67) and Mike Evans. Unfortunately this play, like so many others for the Eagles, bogged down after three yards.

DEFENSIVE STANDOUT for the Giants in the Jaycee Classic was cornerback Pete Athas who saved two touchdowns by his diving acrobatics. Athas also chalked up an interception.

GIANT RUSHING STANDOUT Ron Johnson gained only 25 yards for the day against Philadelphia, but nobody else on the Giants was able to unseat him as number one back heading into the season.

Giants Top Eagles In Jaycee Classic, 27-12

BEN HAWKINS starts off the line against Pete Athas in the 11th Jaycee Classic at Princeton Saturday. The two players provided more than their share of exciting football but the Giants came out on top, 27-12, for their second straight pre-season triumph.

EAGLE SIGNALCALLER Pete Liske gets off a pass over Giant defenders Henry Reed (80) and Jim Files. Although most reports have been that Liske has sewn up his spot as a starter for the 1972 campaign, his effort in Saturday's game was no great piece of work, including an 0 for 8 showing in 2nd half passing.

EAGLE AT REST in this picture is of course Nutley's Ben Hawkins who once again will start at wide receiver for the Eagles. The former Raider standout provided the only touchdown for Philadelphia with a 14-yd catch just prior to halftime.

JOETHOR, who led the Jaycee contingent from Nutley is captured in the press box taking a breather during halftime. Thor served as the Classic's legal counsel.

ELLEN NEMESNYIK, New Jersey's Junior Miss from Nutley also got into the act Saturday as she "officiated" at the pre-game coin toss. She handled the job well and apparently even had time to give Giant star Joe Morrison (40) a little pre-game advice.

CHARLIE EVANS, Giant running back stretches this off-tackle play Evans went over on the next play to start the days scoring for the down to the Eagle one in the first quarter of Saturday's Jaycee Classic. Maramon.

Tight End Top Receiver For Anderson

In 30 years as a head football coach, Clary Anderson has had his share of top ends so when the veteran mentor goes out on the limb and calls Don Whiteman Seaside Park one of the best collegiate receivers in the country it means a good deal.

Whiteman, 210 pounds and six foot two inches tall, gets a first class endorsement from Anderson. "Don has the size, speed and ability to be one of the outstanding college ends in football this Fall. He has excellent hands and is a fine receiver. He has few equals when it comes to catching a football in a mob", the MSC coach points out.

There are a good many question marks in the 1972 Indians football picture but Whiteman is not one of them. The versatile physical education major can play both split and tight end.

In two previous varsity campaigns, Whiteman has showed tremendous progress. As a sophomore he caught 11 passes good for 222 yards and one touchdown while last year he made 25 receptions good for 411 yards and five touchdowns.

When you add those figures up you see that the good-looking blond end has averaged 20 yards for each reception he has made in the last two years. It must also be borne in mind that the Indians are not a pass happy team that puts the football up 30 to 40 times a game.

Whiteman's best day as a receiver last year came against Southern Connecticut State when he caught passes of 11 and 28 yards for touchdowns.

three inexperienced juniors vying for that position. Mike Domborski, Bill Telesco and Joe Cancellieri are battling for that spot and none of the trio has had any varsity time at signal calling.

"We will be stressing ball control much the same as last year, but we have to cut down on the mistakes," remarked Cafone. "We will be running just about the same type of offense but this season we will be adding more running plays to the fullback."

Cafone explained thatuzzi, one of the best blockers on the squad, will be handling the half more at fullback because of the experience he has gained. Cafone does not see any break-away runners on the team but he did say that the running backs this year have the power to plow through the line.

"We'll be trying to crash for four or five yards at a clip. If we are successful at that it will set up our passing game. Each of our quarterbacks have excellent arms."

Last year the varsity Bellboys bowed to Bayonne, Kearny, West Orange and Bloomfield. All those games were decided by less than one touchdown except the

Playboy Club To Host Retail Merchants Affair

The annual convention of the New Jersey Retail Merchants Association will be held at the Playboy Club Hotel at Great Gorge on September 14-15, according to Charles DeFoe, the NJRMA's Executive Vice President.

New Jersey Governor William T. Cahill will be one of the featured speakers addressing the two day meeting. Cahill will speak at a luncheon where the recipient of the NJRMA's Retailer of the Year will be announced and presented.

The two day merchants convention program, according to DeFoe, will include sessions on such subjects as freight and transportation, shoplifting, consumer credit and employee relations.

Bayonne encounter.

Conditioning, according to Cafone, doesn't seem to be a problem in the Belleville grid camp. The coach says all his regulars returning have come back in excellent shape and on the whole he is pleased with their progress.

The fullback spot on offense is still up for grabs as senior Joe Ross, junior Joe Mozeika and sophomore sensation Steven Senatore are battling for that position. Tri-captain Cervasio has still about wrapped-up duties at split end.

The offensive line will be anchored by veterans Luongo, and Frank Papasidero, both tackles, but two guard spots are vacant. Most likely

seniors Neil Simone and Sam Venezia will fill in those holes.

Punting chores will be handled by either Mike Sharma or Steven Senatore and the place kicking job may go to either Joe Troise or Bill Telesco.

The defense will center around three-year veteran Luongo, one of the top linebackers in the county. Ron Borgo, Brian Banda and Joe Cancellieri should bolster the defensive backfield as

A civilized man does not expect special favors because of birth, fortune or position.

Every child should have his chores whether the family be rich or poor.

INSTRUCTIONS for the use of equipment and the upcoming physicals are given by Bellboy head coach Roy Cafone to several grid hopefuls at last Thursday's meeting.

Cafone reports each of the three is outstanding tackler. On the defensive line it will be 220-pound Mike Marra anchoring a tackle spot. Ascenting Marra's poundage will be the quickness of returnee John Ciallella, a small but smart lineman.

Back's Column

This fall and winter you will read a lot of color TV advertising featuring brighter, sharper picture tubes and fully automatic operation.

As far as brightness is concerned, the presently used picture tube is plenty bright enough. As a matter of fact, one can not use all the brightness because the picture gets unclear if it is tuned up too bright. We suggest you try to turn down the brightness a little on your set. Chances are that the colors come out more vivid and softer. Just try it, you may get a surprise.

The automatic feature is most desirable. The early color TV sets were hard to tune in correctly. The line tuner needed adjustment every time one changed the station. Magnavox was the first company to put an end to this through "automatic fine tuning". One can rightly say that this was by far the greatest improvement for the customer. The next improvement was the automatic color control. Again Magnavox was first with this feature. Now the latest improvement is the automatic adjustment of the picture under varying light conditions. Again this is a Magnavox development. Needless to say that every manufacturer in the meantime, makes use of these developments except the last mentioned one, which at this time is still a Magnavox exclusive.

The result of all these improvements is that one practically does not have to handle the controls any longer, except the on and off switch, the set does the rest automatically, adjusting itself for the picture.

REPUBLICAN HUDDLE shows GOP freeholder candidates Helen Kaplan and Marion Farco meeting with Belleville Republican Town chairman Jerry Ferrar (right)

Waldor Says Quota System Is Repugnant

Milton A. Waldor, Republican candidate for Congress in the 11th District, today warned that the quota system used by the Democrats at their National Convention was a sample of the philosophy which elected Democrats would follow in office.

"The quota system approach imposed on the Democratic Convention gives us a taste of what we could expect nationally under a McGovern Administration, and in the 11th District under the representation of my opponent," Waldor said.

Waldor, a former state senator, is running against Rep. Joseph G. Minish, Democrat, in the realigned 11th District which now includes 21 municipalities in Essex, Union, Hudson and Passaic Counties.

Waldor issued his statement on the Democrats' use of the quota system as he returned over the weekend from the Republican National Convention in Miami. "I was struck with the contrast between the quota system philosophy of a McGovern, with whom Representative Minish is allied, and the open and really democratic - with a small 'D' - convention run by the Republicans last week," Waldor said.

"Nothing is more repugnant to me than the forcing of human quotas - whether it be at a national convention or in the fields of employment and education," Waldor said. "As a member of the State Legislature I fought against the imposition of quotas on the admissions policies of our colleges as a method completely unfair to the many qualified and deserving youngsters who could suffer because of it. And I am equally opposed to the quotas system's use in other walks of American life."

"My record is clear on the question of rights for all Americans," Waldor said. "I have spoken wholeheartedly and often in support of the rights of minorities for equal opportunities in all areas of American life."

"But the establishment of a quota system that gives any group or persons an undue advantage over others is a perversion of our democratic process," Waldor said.

Waldor noted that the quota system employed at the Democratic Convention has resulted in the uneating of numerous delegates who were otherwise fully entitled to their positions.

"They were flattened by the quota steamroller - deprived of their seats by a new conformity that turns people into statistics," Waldor said.

J. Klimaski Runs On People's Party Plank

James Klimaski

James R. Klimaski, the youngest Congressional candidate in the nation, was born on February 2, 1946, and is a lifetime resident of Bloomfield.

Jim attended St. Valentine's Grammar School in Bloomfield and Seton Hall Prep in South Orange before going away to college. During his high school years he worked as a caddy both after school and during the summer at the Forest Hill Field Club in Bloomfield, becoming the greenskeeper for the golf club over the summers of his years in college.

Jim worked his way through college as a senior library assistant supervising all student librarians. He also worked as an aide for Project Head Start. Jim graduated from Spring Hill College in

Mobile, Alabama, in 1967 with a Bachelor of Science degree in history. He has done graduate work in the field of psychology at the New School for Social Research in New York City and is a candidate to receive his M.A. degree in psychology from the New School in December of this year.

Jim became the Manager of Internal Publicity for Barry Goldwater's in 1967. He left this job in October, 1968, because of conflicts with his grad school course load. He made himself available to do substitute teaching in the Montclair Public School system for the 1968 and 1969 school years while continuing his graduate work.

The General Drafting Company hired Jim as an editorial writer in the summer of 1969 just prior to his being ordered to active duty by the Army. Jim served two years as an Army officer. He attended the Infantry School at Fort Benning, Georgia, and the Special Warfare School at Fort Bragg, North Carolina. The remainder of his active military service was spent at Fort Lewis, Washington. While in the Army, Jim continued his public opposition to our involvement in the Indochina War.

Upon leaving the Army, Jim traveled throughout Europe visiting friends and relatives in Poland, Germany, Italy, France, and Britain. He resumed his graduate studies and substitute teaching in Montclair upon his return

Democrats Denounce GOP Register Drive

The Essex County Democratic candidates today denounced their Republican counterparts for promoting registration in key Republican suburban areas to the exclusion of the more populous areas of the County.

The Democratic County candidates include Essex County Freeholder-director, Philip C. Rotondo, who is candidate for County Supervisor in the November 7 General Election and Freeholder candidates Donald M. Payne of Newark, Samuel J. Angelo of Nutley and Harry A. McEnroe of South Orange.

"Every citizen no matter what his political partisanship is justifiably disappointed in any registration canvass not applicable to all citizens of Essex County," the Democratic candidates said.

"It is not enough for the Republicans to advocate registration of voters in Glen Ridge and the Caldwell through selective newspaper releases. If we are going to have maximum registration exhortations, information and facilities, they should be provided equally throughout Essex County no matter what the proportion of partisan strength exists in any community or area," the Democrats insisted.

"It is the belief and the

Young Democrats Hold First Anniversary Fete

The Belleville Young Democrats held their first anniversary party on August 28. The affair was held at 192 Passaic Avenue and began at 8:00 p.m.

Congressman Joseph G. Minish, Belleville's new representative, was the guest of honor and addressed the group. Commissioner Mary V. Senatore also spoke, discussing her recent role as a delegate to the Democratic National Convention.

President Larry Spinelli expressed the hope that all interested young voters join the Belleville Young Dems in their first anniversary celebration.

Dear Students:

For years, most Belleville citizens going away to college have taken The Times with them. It has been, and still is, the best way of keeping informed about happenings back home — whether it be who won last week's football game or who just got married to whom.

But this semester, there's a new reason for taking the Times back to the campus.

The Times has always been well received by the young citizens of Belleville. We appreciate your support. Right now we are planning special political coverage for the months ahead — special coverage to insure that you know exactly how candidates feel on issues important to the young citizens of our town.

While you're away from town, you can also use the letters-to-the-editor column to express your views, as well as read how other students and citizens feel about local events and the way they're presented by The Times.

In short, we're going to be around town while you're away — and now more than ever, we're striving to serve you better. We hope we will be joining you on campus too.

Lee Hoffman Making Debut With Players

Lee Hoffman, a resident of Nutley, will make his debut with the Studio Players of Essex County in the upcoming production of "There's a Girl in My Soup" opening Monday and continuing through September 30.

A member of the Nutley Little Theater 10 years, Hoffman has appeared in "Barefoot in the Park," "Guys and Dolls," "Harvey" and "Dial M for Murder."

He is currently the head of the language dept. at Kearny High School and enjoys skiing, tennis, record collecting and traveling.

"There's a Girl in My Soup" is being directed by Vincent La Martine and the cast includes Melly Koebel, Carol Ann Hopkins, Al Russo, Lisa Cohen, Bill Hooper and Bob Evans.

Democrats Denounce GOP Register Drive

The Essex County Democratic candidates today denounced their Republican counterparts for promoting registration in key Republican suburban areas to the exclusion of the more populous areas of the County.

The Democratic County candidate include Essex County Freeholder-Director, Philip C. Rotondo, supervisor for County Candidate in the November 7 General Election and Freeholder candidates Donald M. Payne of Newark, Samuel J. Angelo of Nutley and Harry A. McEnroe of South Orange.

"Every citizen no matter what his political partisanship is justifiably disappointed in any registration canvass not applicable to all citizens of Essex County," the Democratic candidates said.

"It is not enough for the Republicans to advocate registration of voters in Glen Ridge and the Caldwell

through selective newspaper releases. If we are going to have maximum registration exhortations, information and facilities, they should be provided equally throughout Essex County no matter what the proportion of partisan strength exists in any community or area," the Democrats insisted.

"It is the belief and the policy of the Essex County Democratic candidates that registration be conducted in every community and every sector of the County on a full and enthusiastic basis to the end that every eligible citizen be encouraged to vote for the individuals and the party of their choice."

"If democracy is to work and if we are to have representation through a majority then we must have every eligible citizen in a position to cast a ballot on November 7, and we say that they should all be encouraged to fully exercise their franchise."

"In fact, we encourage registration in every area of the County because we have full faith in the intelligence of the voters of Essex County. We do not believe in selective registration and we protest this apparent selective policy as advocated by our Republican opponents," the Democrats stated.

Waldor Warns Quota System Is Repugnant

Waldor issued his statement on the Democrats' use of the quota system as he returned over the weekend from the Republican National Convention in Miami Beach.

"I was struck with the contrast between the quota system philosophy of a McGovern, with whom Representative Minish is allied, and the open and really democratic—with a small 'D'—convention run by the Republicans last week," Waldor said.

"Nothing is more repugnant to me than the forcing of human quotas, whether it be at a national convention or in the fields of employment and education," Waldor said. "As a member of the State Legislature I fought against the imposition of quotas on the admissions policies of our colleges as a method completely unfair to the many qualified and deserving youngsters who could suffer because of it. And I am equally opposed to the quota system's use in the ranks of American life."

Milton A. Waldor, Republican candidate for Congress in the 11th district, today warned that the quota system used by the Democrats at their National Convention was a sample of the philosophy which elected Democrats would follow in office.

"The quota system approach imposed on the Democratic Convention gives us a taste of what we can expect nationally under a McGovern Administration, and in the 11th District under the representation of my opponent," Waldor said.
